Good Morning

Just are the ways of God, and justifiable to men; unless there be those who think not God at all.—Milton.

Hitler Charges Flatly U. S. Started War As Nazis Threaten Capture Of Key City On Don

FOUR YOUNG MEN from Pampa Friday received their pilot wings at graduation exercises held at U. S. Army flying fields in California and Texas. W. H. Davis, Jr., left and L. C. McMurry right, were commissioned second lieutenants at the Army Air Corps Advance Flying school at Stockton, and George

Grammas received his wings and commission at Mather Field, Calif. — Frank William Howard, son of Mr. and Mrs. Ivan W. Howard of Pampa received his wings at famous Randolph Field where he will be an instructor. Davis, son of Mr. and Mrs. W. H. Davis, will be an instructor at Taft flying field, Taft, Calif.

Armed Forces Aided By Red Cross Here

Actual start of the annual Red Cross roll call in Pampa started yesterday, when the advance campaign to secure large donations from industrial concerns was begun, directed by Joe Key, roll call chairman, Frank Smith, Hal Lucas, and O. K. Gaylor.

The advance campaign will continue until November 11, at which time the roll call will start. A total of 170 cases of service to the armed forces of the United States is the record of the local chapter during the past year.

This type of work has dealt with communication and information by the Pampa chapter for commanding officers of men in the armed forces. Sometimes it has been the approving of loans in order that a soldier might make a necessary trip home because of illness or death in the soldier's family.

Home condition reports have been sent commanding officers when they have been requested in cases where soldiers have asked for dependency discharges.

Social histories have been sent doctors in the military hospitals in order that they might be able to more thoroughly diagnose the soldier's ailment.

Three Types of Assistance Soldiers who have been absent without leave from their military post have been contacted and persuaded to return before they were dropped as deserters.

Here are three specific types of cases in which the local chapter has given valuable assistance. For obvious reasons, no names are used, but the initials A, B, and C, are substituted.

Case A: An officer at Fort Sill received a letter purporting to be from the mother of a soldier in his command, asking that the boy come home because of his mother's illness.

The field representative at the post contacted the local chapter, found out that it was true the mother was ill, but that the illness was not serious enough to warrant a trip home by the soldier, so no special furlough was forthcoming.

Case B: In this case, the illness of the mother was serious. An operation was performed.

Case C: An officer at Fort Sill received a letter purporting to be from the mother of a soldier in his command, asking that the boy come home because of his mother's illness.

Germans Give Their Version Of Attacks

(By The Associated Press) The German government formally declared yesterday (Sat.) that the United States had "attacked Germany."

Reeling incidents involving the United States destroyers Greer and Kearny had been attacked by German submarines, an extraordinary statement from Adolf Hitler's headquarters asserted.

"The Reich government declares that... the two American destroyers attacked German submarines and that therefore America attacked Germany."

The Tri-Power Axis pact binds Japan to help Germany if she is attacked by a nation not engaged in the European war.

Significantly, the Japanese diet is preparing for an extraordinary meeting on Nov. 15 under the new military government of Premier General Hideki Tojo.

Bluntly disputing President Roosevelt's account of the Atlantic clashes, the German statement said "The version... that American destroyers had been attacked by German naval forces and that Germany therefore attacked America is not in accordance with the facts."

The President's statement that "The shooting has started" and that "History will record who fired the first shot" was made in a Navy Day speech last Monday night following his Sept. 11 order to the U. S. navy to "shoot on sight."

That order came after the sinking of the American freighter Robin Moor in the South Atlantic, far from any proclaimed war zone last June, and other attacks upon American ships.

Tokyo's reaction to the German declaration was that an intensification of the Pacific crisis would resolve whether the other was the object of "attack" but in view of the state of Japanese-American relations it was believed Tokyo would be more receptive now to a German request to invoke the three-power pact.

High Japanese quarters said bluntly a clash in the Pacific with the United States "now seems inevitable."

(By The Associated Press) BERLIN, Nov. 1—An official statement from Adolf Hitler's field headquarters to counter President Roosevelt's assertion that Germany had started shooting charged the United States today with aggression in attacks by its destroyers, the Greer and Kearny.

Germans Push Forward On All Fronts

(By The Associated Press) Russia threw great masses of reserves into the 19-week-old struggle against Adolf Hitler's invasion armies last (Sat.) night as the Germans momentarily threatened to capture the key city of Rostov-on-Don, gateway to the Caucasus oil fields, and the munitions center of Tula 100 miles south of Moscow.

Even as his armies plunged into the snow-bound land of the Soviets, Hitler himself took time out to address formal charges of aggression against the United States, asserting that the U. S. destroyers Greer and Kearny first attacked German naval vessels.

In an extraordinary statement from Hitler's east front headquarters, the Nazi Reichsfuehrer also denied the existence of a secret map which President Roosevelt declared had revealed a German plot for conquest of South America.

On the fighting front, the Germans were smashing full-blast across the upper Donets river, marking all but the end of the trans-Ukraine drive, in an apparent effort to cut off the line of United States war supplies to the U.S.S.R. via the middle east.

A bulletin from Hitler's headquarters said Nazi troops had crossed the Donets river at several points, presumably in a wide flanking sweep to engulf Rostov-on-Don, and that German and Rumanian troops were advancing into the Crimea Peninsula in pursuit of retreating Soviet forces.

German military spokesmen declared emphatically that Russia's winter snows—the factor that spelled disaster for Napoleon on his drive to Moscow in 1812—would mean no halt in the campaign. Germany prepared "to the last detail" for cold weather combat, they said, and this seemed borne out by recent reports of Nazi orders requisitioning winter blankets, heavy coats and boots in the German-conquered countries.

Already, the Germans said, supply trains mingling east are carrying millions of winter garments and devices enabling Hitler's military juggernaut to operate in freezing temperatures.

Soviet front-line dispatches said the German central front armies under Gen. Fedor von Bock were massing huge forces for a violent new offensive against Moscow and that "heavier fighting will begin in the near future."

The Soviet commander on the central front, Gen. Gregory K. Zhukov, was reported speeding fresh troops from Russia's vast manpower reservoirs and training bases in Siberia to meet the German assault.

As the struggle surged toward a new climax, latest reports gave this picture of the 1,200 mile battlelines: 1. On the Moscow front: The Germans are driving into the suburbs.

Paul V. Clifford's Sinclair station, east of Court House, open today (Sunday) to serve you.

(By The Associated Press) FINDLAY, O., Nov. 1—A twin engine army bombing plane, its motors roaring, fell out of mist-filled clouds and exploded in a cornfield today. Five men testing automatic flight equipment were killed.

The ship, out of Patterson Field at Dayton, dropped to the ground at a 45-degree angle on the farm of L. L. Clymer, 10 miles southwest of here. With flames leaping from the cabin, it bounced along the ground for a quarter of a mile, ripping up 150 feet of wire fence.

There was no immediate indication what caused the ship, flying at low altitude in poor weather, to crash. An army accident classification board was en route here from Patterson Field to investigate.

'We Are In This Fight To Finish' Declares Knox

(By The Associated Press) WASHINGTON, Nov. 1—German-American relations entered a phase of greater tension tonight with a charge from Adolf Hitler that American destroyers had engaged in aggression and a declaration from Secretary of the Navy Knox that "we are in this fight to the finish."

Knox's assertion was made in an address to a marine corps audience at Quantico, Va., while his subordinates at the navy department hopefully awaited word from the torpedoed destroyer Reuben James.

Forty-four enlisted men had been rescued out of personnel roster of about 120. The fact that these survivors were safe, and that the destroyer had been torpedoed and sunk while on convoy duty was all the information which the department had.

Some hopefully assumed that ships of the convoy had effected rescues which they had not yet reported, and would report with a state report. The practice has been to use the radio as little as possible, lest the ship's position be divulged to lurking submarines.

Official comment on the extraordinary statement issued from Hitler's headquarters in Russia was limited to the remark by a state department spokesman, in response to questions, that German propaganda seemed to be trying to deny the right of self-defense to those countries in danger of attack.

In his speech, an address to a marine graduating class, Knox said the sinking of American ships by Axis submarines was "worse than piracy" and should "incite in every self-respecting man a desire to have a part in the fight."

"If what men are fighting Hitler for is not right," he declared "then there is no point in living at all." He told the 300 young men who are awarded their second lieutenant commissions in the Marine corps that "you should look forward to the opportunity of defending your country in a time of great danger, and he added: "You're lucky to have a chance to play a man's part. For every one of you there are a hundred who would like to have your place."

Referring to the loss of American lives in the torpedoing of the destroyer Kearny, and possibly in the sinking of the Reuben James, the navy chief said "The whole nation mourns."

Wreck Injures Three MILFORD, Nov. 1 (AP)—Ves R. Box, Dallas radio announcer, and three other men were injured seriously today in a head-on automobile crash two miles south of here.

The injured, beside Box, were William Nichols, 18, of Galvestone, a Baylor university student and football player; Lee Williams, 32, of (1900 Pecos street) Austin; and Albert Love, Jr., (3103 West avenue) Austin.

Laketon Woman Life-Long Friend Of Reuben James Commander (By LILLIAN RICE CORSE) Of Laketon

"I think he is in Iceland or Greenland, although he isn't allowed to tell me." These were the words of Lieutenant Commander Haywood Edwards' mother, Mrs. Winwood Edwards, as I visited with her in Austin the last of September.

She had only a short time before received a group of pictures which showed the Reuben James in icy waters and with them Commander Edwards referred her to an article in Life magazine. Thus she had very correctly reasoned that the Reuben James was convoying troops.

This talk with Mrs. Edwards, as she visited in the home of my parents, Mr. and Mrs. C. O. Rice, of Austin, was particularly significant to me, for Haywood and I had played together and our families had been friends for many years, and then we were all born in San Saba or near there. Such things bring an impending disaster much closer home.

Mrs. Edwards went on to tell me about her experiences of the past 15 months. She had been on the east coast and she and her daughter-in-law, Commander Edwards' wife, had spent their time up and down the Atlantic coast between Florida and New York visiting with him when he was in port.

When it was time for Commander Edwards to put out to sea for an unannounced destination, however, his mother returned to Austin and has been there for the past three or four months.

Commander Edwards was a native of San Saba and graduated from high school at that place after which he was admitted to the Naval Academy.

# Think Of It! 5,000,000 Ducks In Texas-You Ought To Get One

AUSTIN, Nov. 1. (AP)—Duck hunters, notice!

If you don't get your share during the season opening at daylight tomorrow you've got only yourself to blame because there'll be at least 5,000,000 ducks and geese in the state.

The estimate was by Will J. Tucker, secretary of the state game commission, who said it was purely a guess but based on an authoritative estimate that the continental supply numbered 70,000,000.

The figure 70,000,000 represents a considerable increase over last year, Tucker asserted. "The birds enjoyed an excellent breeding season in Canada and favorable weather sent huge flocks south."

The secretary explained that the waterfowl had not yet reached the Gulf Coast in enormous numbers but were plentiful in the Panhandle. The present cold wave, he opined, might urge them on to the best fresh water spots in South Texas in years.

Shooting hours for waterfowls and coot are from sunrise to 4 p. m. Tucker declared, with the bag limit on ducks the same as last year—10 per day or not more than 20 in possession. Canvasbacks and ruddy ducks may be included in the 10-and-20 bag and possession limits this year, whereas in previous years they have been given a degree of protection.

The daily bag this year may con-

tain three buffleheads or three redheads, or three of these species together, and not more than six of them may be possessed. Hunters may take and possess not more than one wood duck, also. In other years the wood duck, considered by many the most beautiful of all ducks, was given complete protection.

The goose limit is three per day or six in possession. In addition, hunters may take three blue geese a day or possess not more than six.

Hunters were reminded that it is necessary to obtain a federal duck stamp before shooting outside their own counties.

## RAF Bombs Axis Cities And Shipping

(By The Associated Press)

LONDON, Nov. 1.—RAF pilots, razing up and down Britain's blockade front from Norway to the Bay of Biscay last night and today rained bombs and torpedoes into 11 or 12 Axis ships and left fire and wreckage in France and Germany, air ministry reports said.

In one frenzied attack on a convoy, an RAF squadron leader swept down the middle of a row of ships to pick out the heaviest laden one and dump his bombs on its deck, it was said. A "tremendous explosion" followed and flames leaped 500 feet in the air, high above his speeding plane, the ministry reported.

CORNER Cuyler and Foster

Billy Waters, son of Mr. and Mrs. H. W. Waters of Pampa, will represent Pampa High school in the state finals of the WTCC "My Home Town" oratorical contest at Midland Tuesday.

## Market Briefs

NEW YORK, Nov. 1. (AP)—The stock market today charted its course for a moderate recovery and, in the majority of cases, achieved a fair amount of success. The mild comeback, however, left the last week down on the week.

The Associated Press average of 60 stocks managed to finish up .1 of a point at 40.5 but on the week recorded a loss of 2.6 points, largest monthly recession for the year to date. Transfers for the week aggregated 239,740 shares compared with 269,140 for a week ago.

The day's conflicting trends were exemplified by the fact that, of 545 issues traded, 195 were up, 164 down and 185 unchanged.

Bethlehem and Chrysler, both weak spots Friday, came back for gains of 3/8 and 1/2 respectively.

Improved at the close were General Motors, U. S. Rubber, Douglas Aircraft, Du Pont, Western Union, American Smelting, Southern Pacific, N. Y. Central, Chesapeake & Ohio, N. Y. Shipbuilding, Standard Oil of Cal. (which announced an extraordinary dividend), International Mercantile Marine, U. S. Rubber and American Smelting.

Utilities, not far from their 5-year lows established in 1938, slipped a trifle further with North American, Public Service, N. J., and Commonwealth Edison hitting bottom levels for 1941. At New York's low were also Union Pacific and American Tobacco "B."

Others in arrears included Sears Roebuck, Dow Chemical, Eastman Kodak, Allied Chemical, United Aircraft and Corp., De Pesto.

NEW YORK CURB	
Am Cyan	8 1/2
Am Gas & El	8 1/2
El Bond & Sh	15 1/2
Gulf Oil	4 3/4
Humble Oil	2 60/100
Lone Star	5 1/4

CHICAGO GRAIN  
CHICAGO, Nov. 1. (AP)—Grain prices declined today as a result of weekend selling stimulated by traders' desire to adjust accounts for any possible way developments over the holiday and by forecast of clearing and colder weather over much of the corn and soybean belt.

Wheat closed 1/4 cent lower than yesterday, December \$1.14 1/2, May \$1.19 1/4; corn 1/4 cent higher, December 71 1/2, May 88; oats unchanged to 1/4 higher; soybeans 1 1/2 cent down and soy meal 1/2 cent lower. Lard was 2 cents lower to 2 1/2 higher.

## Today's War Analysis

By KIRKE L. SIMPSON

Something more formidable than had fighting weather delayed Hitler's armies on all fronts in recent weeks.

The Nazi war machine that has shattered army after army in its conquests in manner unrivaled in history, could not be thus held up by a disorganized mob of armed civilians alone.

Berlin has admitted bitter Russian resistance and ceaseless Red counter-attacks everywhere except in the Crimea. Red forces seem not only to have made an aggressive stand before Rostov, but to have begun an orderly and fighting retreat east of Kharkov in the Donets basin.

On some sections of the Moscow front, Red army sources said, Soviet troops had switched to winter attack. But activity flared in the Leningrad area, where a stalemate has existed with Germans claiming a break-through in one strongly fortified zone.

Finland reports strongly intimate, without saying so, that the Arctic front northward from Leningrad the Nazi allies have halted or been halted. The Finns may have attained their own objective in territory regained, but under German pressure refrain from saying so yet.

Far to the south, from Axis-captured Odessa, come authentic reports of Rumanian troops moving westward toward home, not eastward to bolster the German advance in force. With Bessarabia regained, Rumania seems passing out of the fight except for a token force still cooperating with the Germans.

While the battle of Moscow still fluctuates uncertainly, and southward of its perimeter the situation remains obscure, there is growing prospect of a winter stalemate before or about the Russian fighting capital. It is not yet even half enclosed in the Nazi siege ring. Winter is moving up.

There is no assurance, however, that winter will halt Nazi offensive operations. Reports from the front yesterday said freezing weather had hardened the mud and facilitated tank operations. That permits Panzer units—upon which the German drive has relied primarily

In every battle of this war—to punch their way ahead. Short of that, however, over much of the Russian front the necessity of digging in now or very soon seems indicated for the Nazis. And

there is grim significance to that for Hitler if so well informed an observer of the war as President Roosevelt reads the signs aright. Turning back to Mr. Roosevelt's recent Navy Day address, this ex-

cerpt catches the eye: "He (Hitler) can be stopped and can be compelled to dig in. And that will be the beginning of the end of his downfall, because dictators of the Hitler type can live

only through continuing victories and increasing conquests." Presumably that presidential comment was more rhetorical in nature than addressed to the then current battle situation in Russia. Nev-

ertheless, he had the Russian stand in the face of disaster after disaster, defeat after defeat, well in mind.

Mainly About People

Allotment of \$70 a month as salary for a clerk in the office of the county case worker, effective as of Oct. 1, was approved by the county commissioners at their meeting Thursday. The commission approved the payment of bills, as they had at another meeting the preceding Monday, granted County Judge Sherman White permission to be absent from the county from Nov. 4 to Nov. 9. Judge White is to make a business trip to San Antonio and Austin.

Sheriff T. B. Harris of Panhandle was in Pampa yesterday. Community singing will be held this afternoon at 2:30 o'clock in the Full Gospel church, 500 South Cuyler street. The gathering is non-denominational and the public is invited.

Charles Duenkel, Jr., 13-year-old son of Mr. and Mrs. Charles Duenkel, underwent an appendicitis operation last night at a local hospital.

Word has been received here of the death of Frank L. Elliott, a former Pampa, who passed away Friday morning following an operation at Providence hospital in Waco. Funeral services will be conducted Monday afternoon at 2 o'clock in Albany. Mrs. Elliott formerly was organist at the local First Methodist church.

Lost: Child's black Cocker Spaniel. About 12 weeks old. Answers name Trixie. Reward, Phone 743.

Lutheran church will have services in the chapel of Nelson Funeral home this evening at 8 o'clock with the Rev. H. R. Everking of Amarillo, in charge of the services.

Music Lovers Of Surrounding Towns Invited To Concerts

Music lovers of the Pampa territory will converge on Pampa Tuesday night for the violinello concert which Eduard Blitt, 17-year-old Lubbock student, will play, beginning at 8 o'clock. He will play a matinee for students at 3 o'clock in the afternoon.

Miss Helen Martin, supervisor of music in the Pampa schools, invites students of Top O' Texas towns to attend. The youth was invited to give another concert here this fall because he was so well received last year.

Washington Pleads Not Guilty To Coining Term 'Dust Bowl'

Principal speaker at the district Food For Freedom meeting held in Amarillo Thursday and Friday, at which C. L. Thomas of Pampa, state AAA committee man presided, was R. M. (Spide) Evans, national AAA administrator. He will tell Texans what he learned of conditions in England of the status of the battle of food at a state-wide mass meeting in Waco, at Waco hall, at 1:30 o'clock Tuesday afternoon.

Texan Returning With Japanese Wife And Five Children

VANCOUVER, B. C., Nov. 1 (Canadian Press)—P. D. Brown, an American business man returning to Texas with his Japanese wife and five children after 25 years in Japan, told interviewers aboard the Japanese liner Hikawa Maru today that there were so many government restrictions in Japan it was virtually impossible for a foreigner to do business.

Brown was one of 211 passengers aboard the liner, requisitioned by the Japanese government to take nationals home from North America, when it berthed here early today.

Brown, who had operated a machinery business in Japan, said it was necessary for foreigners to have an individual permit from the Japanese department of finance for every business transaction. "You can't deposit money in the bank or make a withdrawal without special permits," Brown said.

A bee has four wings.

By L. T. EASLEY

WASHINGTON, Nov. 1 (AP)—A search now underway throughout the southwest for the coiner of the term "Dust Bowl" was extended today among governmental officials, but all questioned pleaded not guilty.

Believed to have originated in the early 1930s, the word was used to describe a vast area in the Texas Panhandle, southwestern Oklahoma, northeast New Mexico, western Kansas, and southeastern Colorado, plagued by dust storms during the past decade.

The editor of Texas Panhandle paper (Albert Law of the Dalhart Texan), indignantly because the name change despite the fact that scientific farming and more frequent rains had transformed the area to one of great agricultural productivity, offered a \$50 reward for information leading to the identity of the author. Grover B. Hill, assistant secretary of agriculture and a former Texas cattleman, retorted:

"It sure wasn't me. "You know, that was the time they started all those football bowls, the Cotton Bowl, the Sugar Bowl, the Rose Bowl. Well, I guess they dubbed the Dust Bowl such because it was a stretch where the sand and wind were having a great party together. But the game was called on account of rain."

Judge Marvin Jones of the United States court of claims was a congressman from the Texas Panhandle and chairman of the house agriculture committee when various soil conservation legislative steps were taken to correct the situation.

"I hope they catch the man who originated the word," confided the judge. "I wouldn't mind helping prosecute him. It is criminal slander."

In a more serious vein, Judge Jones commented on the beneficial effects of conservation programs directed by the agriculture department, among them the encouragement of contour farming and the construction of various water runoff retardation works.

Vice President Wallace was secretary of agriculture during the big dust storm years. He doesn't claim authorship of the term in controversy, but tells how he was visiting in Amarillo about 1936 and proposed that a state of "dustbowlia" be created with Judge Jones as its first governor or one of its first United States senators.

He recalled that on May 12, 1934, he was walking to the White House to attend a Presidential cabinet meeting. With him was Secretary Morgenthau. They noticed specks in the air, said the vice president, and decided it was dust blowing from the west.

Representative Worley (D-Tex.), successor to Judge Jones as the Panhandle legislator, said he had always "resented" the "dust bowl." While a member of the Texas legislature he sponsored a resolution in 1935 condemning its use.

Mexican Oil Agreement Near Final Settlement

By JACK B. BEARDWOOD WASHINGTON, Nov. 1 (AP)—The oil expropriation problem, major stumbling block in United States-Mexican relations since 1938, is holding up conclusion of a far-reaching agreement settling major questions between the two nations, it was learned tonight.

High state department and diplomatic sources said all other points had been agreed upon basically but, because of the oil controversy, it might be some time before the pact was signed.

The agreement is expected to cover these points:

1—Payment by the Mexican government of all American land claims, including agrarian claims dating back to 1867.

2—Two loans, each reportedly for \$30,000,000 to Mexico. One, from the U. S. treasury, would be used for stabilization of Mexican currency, and the other, from the export-import bank, for improvement of commerce.

3—A pledge of military and naval cooperation.

4—An arrangement whereby Mexico will get preferential treatment in United States silver purchases. Following the oil expropriation, the United States stopped giving Mexico an advantageous position.

5—Announcement that hearings will be held to determine whether a reciprocal trade agreement should be negotiated.

6—Announcement of plans to mediate, or perhaps a settlement, of the dispute over waters of the Rio Grande and Colorado rivers.

Dallas Forges Ahead In Building Permits

(By The Associated Press) Dallas forged ahead among Texas cities in building permits for the week with a total of \$995,774. Far ahead of the corresponding period of 1940, Dallas building activity passed the \$10,000,000 mark for 1941.

Harlingen was second for the week with \$273,389 and Houston third with \$263,585.

Totals for the week and the year follow:

Table with 3 columns: City, Week, Year. Rows include Dallas, Harlingen, Houston, Fort Worth, San Antonio, Austin, Amarillo, Odessa, Lubbock, Corpus Christi, Tyler, Waco, Wichita Falls.

Vermont, the first state to join the original 13 colonies, was admitted to the Union March 4, 1791.

FLEDGE OF ALLEGIANCE—"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

It's Still In The Bag

For the benefit of the drugstore coaches, we still think that Pampa has a pretty good football team—that Lubbock score yesterday afternoon notwithstanding.

This is always the period of the season when everybody else knows more about how to play the game than the players or the coaches. That always comes after a defeat which wasn't expected.

The thing that is comforting about Saturday's game between Pampa and Lubbock high schools is the fact that after Lubbock blitzed the Harvesters in the very first quarters, Pampa settled down a bit and outscored the Westerners 13 to 9 during the last three quarters.

Unfortunately it takes four quarters to make a ball game and when you add up the four score total of what happened on Tech Field at Lubbock, of course the figures are not pleasing to Pampa fans.

But, the thing the Harvesters should look forward to is that Amarillo-Pampa game on Nov. 20. The Pampa team still has a chance to win the District One title if the Harvesters can take the Sandies. A win over Amarillo will throw the race into a three-way tie for first among Lubbock, Pampa and Amarillo. Then would come decisive vote of the coaches with Pampa's chances as good as anybody's.

It's not improbable and certainly not impossible. That's why Pampa fans should stay in there behind the coach and the team. Pampa has done well this season. There is no room for destructive criticism. And, in fact, we don't believe there is very much.

Too Much Politics

The net result of the conflicting testimony before the Senate committee investigating oil shortages, is to create grave doubts concerning the necessity of continuing the oil conservation program," says the Washington Post. "If shippers are free to use the surplus cars located by the Association of American Railroads, there will be little reason to fear oil shortages in this area in the near future. If they are not, the public wants to know whether anything can be done by the petroleum coordinator's office to bring about more efficient use of the existing supply of cars."

It has been widely stated in the press and elsewhere that the Secretary of the Interior botched the handling of the so-called "oil shortage" problem. There was too much name-calling—and too little consideration of facts. There was too much hysteria-creating publicity—and too little deliberation before official statements were made. And there was too much politics by far.

The oil industry can produce oil in any needed quantity. The railroads can carry tremendous amounts of that oil. All in all, it looks as if the dire predictions were without justification at the time they were made, and that the public was needlessly inconvenienced.

No Discrimination

In some quarters, it is being urged that rigid controls be placed on the prices of farm products of all kinds.

It is difficult to see how this could be done without bankrupting a large segment of the agricultural population, unless equally strict controls were placed over the farmer's costs for materials and labor.

Farm labor, for instance, is at the highest level in history, and is extremely difficult to obtain. The farmer's taxes, like everyone else's, are shooting up. And the price he must pay for practically everything he buys is rising as well.

A ceiling should be placed on farm prices when, and only when, equitable ceilings are applied to all other prices. Any other course would be rank, ruinous discrimination.

The Nation's Press

MR. TOBIN LOOKS UNDER HIS BED

(Chicago Tribune)

Daniel J. Tobin of the Teamsters' union, who has frequently been President Roosevelt's spokesman in the conventions of the American Federation of Labor, has written a letter to his friend in the White House.

"It is my opinion," says Mr. Tobin, "that our secretary of state should clearly set forth to the Russian ambassador the necessity of having all communistic activity cease within labor unions until such time as the struggle now going on in Russia is ended."

Mr. Tobin has an inconvenient memory. He recalls that Comrade Litvinov made a solemn treaty with Mr. Roosevelt in 1933 that the soviets would conduct no activities against our institutions if the United States would recognize them as a reputable power. He suggests that they be held to their sacred word. Otherwise, he says, "it will be extremely difficult to convince working men—particularly Catholics—that Russia deserves either our sympathy or our assistance."

There is a stalwart New Dealer not only charging that the communists are engaged in undermining the American labor movement but blandly assuming that the sabotage is so closely directed from Moscow that the whole show will stop at a nod from the Russian ambassador. To hear Mr. Tobin talk, Stalin's promises are about as reliable as Hitler's.

As a New Dealer, Mr. Tobin is verging dangerously on heresy. Here he is a social communist under the bed. Unless he is careful he will find himself expressing doubt that Bloody Joe is fighting for freedom from fear, freedom of expression, freedom of religion . . . anywhere in the world.

Common Ground

By R. C. HOLLES

"I speak the pass-word primal, I give the sign of democracy. By God! I will accept nothing which cannot have their counterpart of on the same terms." WALT WHITMAN.

EQUALITY OF BARGAINING POWER

Here is a typical statement from a churchman in high position who advocates collective bargaining. I quote:

"The endorsement of the principle of labor unionism was not at all intended to favor dictation by unions but only equality of workers in bargaining with employers as to what wages shall be."

What this individual fails to understand is that the employers, as a whole, have nothing whatsoever to say as to what wage levels will be. Wage levels are a result of natural, mathematical laws, not of wishes or of force or so-called bargaining power. If wage levels could be set at will or by force either by employers or employees, they would be more than a thousand times higher than they are.

But when a group of employees gets together and attempt to set the wages they will receive, they fail to realize that they are lowering the bargaining power of every other worker excluded from the union. If they permitted all workers to join the union, their bargaining power could not raise the wages one iota. They could lower them by interfering with the free and natural division of labor.

No, collective bargaining does not raise the bargaining power of workers as a whole. It does not raise their wages as a whole, because wages are a result of production. Competition among employers, as efficient tools are produced, is the determinant that causes wages to be raised.

This idea, that a difference in bargaining power between employer and employee, keeps wages down is a myth. Of course, a few workers might secure higher wages for awhile by collective bargaining, but for every dollar they secure, they will reduce by more than that amount the bargaining power of every other worker.

The wages as a whole will be lowered by collective bargaining because of curtailment, through interference, of the initiative of individuals. And from initiative must emanate all progress.

And even the wages of those who were temporarily benefited would in the long run be lowered because collective bargaining causes congestion and ill will that leads to wars just as are king place today.

CONTRADICTIONS A TEST

Natural law, God, truth, principles, ratios, mathematics never are contradictory. The real test of whether a man, or a group, or a church, is finding God and the truth is whether or not these individuals contradict themselves in actions or in words.

The reason witnesses are cross-questioned on the stand is to determine whether or not they contradict themselves. If they do, that is proof that they are not telling the truth; because the truth never contradicts itself. When people, advocating man-made laws or rules, refuse to answer questions about their nostrums, there is usually a very, very good reason: They would be embarrassed. They would be obliged to contradict themselves. They would appear less important before thoughtful fellow-citizens. They would lose part of their happiness, part of their joy. These people who refuse to answer questions are not really seeking the truth. They are not obeying the first commandment—Love Thy God; that is, obeying His laws. They are not qualifying under the rules laid down by Jesus, when He said, "If any one comes to me who does not hate (love less) his father and mother, wife and children, brothers and sisters, yes and his own life also, he cannot be a disciple of mine. No one who does not carry his own cross and come after me can be a disciple of mine." That means that man does not create his own righteousness, his own standard of goodness, his own ethics and human relations. If he sets up his own arbitrary man-made rules, or follows the man-made rules of any other man, he cannot then worship and be obedient to eternal, immutable principles, the most important of which is that all men have equal rights to pursue happiness. And it is the duty of every human being to help prevent interference with these inherent rights to pursue happiness.

And the great thing about God's laws is that all men, whether they have one talent or many, whether they be rich or poor, can equally find happiness and tranquility if they strive to have the law of equal freedom universally followed.

Truth, God, mathematics, principles, order never contradict each other or themselves.

DEADLY EFFECTS OF CIVIL SERVICE AND SENIORITY

One of the things that Hitler did was to eliminate seniority. He attempted to pick the men who could promote the strongest army.

England and France, of course, were honey-combed with civil service and seniority of labor unions. The condition France is in and the appeal of England for help is certainly a nice example of the deadly effects of civil service on mankind.

Nature never intended men to have a seniority or a civil service right to continue to occupy a position or to perform a service when other people are willing and able to do the service better.

ALL OR NONE

(Daily Oklahoman)

Unlike the power to tax which is the power to destroy, the power to fix prices is the certainty of destruction unless all prices are fixed all along the line.

What but rigor mortis can seize upon the business whose prices are frozen by an inexorable ceiling, if the sky is left as the limit to what it has to pay for its raw materials and its labor?

What but death can befall the little factory whose prices are frozen at a given point and whose material bills and labor bills are permitted to increase several hundred per cent?

It requires no crystal ball to reveal the future of industry if the price of its products is frozen by bureaucratic order while business and agriculture and labor are permitted to climb skyward with the prices charged and collected.

One can see at a glance what would happen to farmers if the price of wheat and corn and cotton and livestock was frozen on a market that provided no price limitation for any other business.

Labor would be subjected to immediate strangulation if nothing but the price of labor were limited.

Possibly the general welfare call for a rigid limitation upon prices. Possibly it would be best for no price limitation to be imposed anywhere. That is a question for economists to analyze and statements to decide.

But if some prices are to be frozen, all should be frozen: Otherwise the business subjected to price fixing is going to be ruined beyond any peradventure.

WHO'S BIGGER?

TROUBLE-SHOOTER

Around Hollywood

By PAUL HARRISON

HOLLYWOOD, Nov. 1.—That's no gag about the wide and frantic search for suitable people to play in "For Whom the Bell Tolls."

As one of the refugees from a year's buffeting of the publicity blasts that accompanied David Selznick's big wind, which blew hot and cold on scores of candidates for the role of Scarlett O'Hara, I was skeptical about the extent of this new casting quest. The boys at Paramount left me—leak—returned to keep the thing alive, and every train and plane apparently was bringing a few more potential Marias, Robert Jordans, Pilars and others of the Hemingway brook.

Test cameras were supposed to be running day and night. Plans by the thousands were in to plug their names, from Paulette Goddard and Gary Cooper to Carol Landis and Nelson Eddy. There was the usual talk of unknown principals versus an all-star cast.

WOOD'S WORRIED

Most of this hoopla preceded the arrival of Sam Wood, who had been making "King's Row" over at Warners. He would direct "FWTET" and had been given the final say-so on cast and screen play. Now there'd be some action. After a week of no announcements, I dropped around to his bungalow office.

Under very trying circumstances, Mr. Wood previously has been quiet, decisive and unfluffed director. Today he is beginning to come apart at the seams. He paces and fidgets and talks a blue streak. And I mean "blue." I have a notion that the industry has not been entirely cooperative in making certain players available to Mr. Wood, even if Mr. Wood were sure about whom he wanted.

One kindly thing he has done is to stop the indiscriminate screen-testing. "I think it's very unfair to make tests of people who are obviously unsuitable," he said. "You can be 95 per cent sure about a player just by seeing him and talking with him. A screen test ought to be used only for confirmation of almost certain judgment."

Then he showed me watercolor character sketches to illustrate his problem. Pilar is broad, tough, muscular, coarse, intelligent but ruthless enough to sanction the killing of her cowardly husband. Behind all this, though, must be the traces of a former charm and animal magnetism. I never have seen such a person in my life, let alone in Hollywood.

NEEDS MARIA, TOO

And Maria: a girl of good family and sense; a girl of Latin pride and old-style womanly humility; a nice girl whose soul was unscarred by brutal treatment of brutal soldiers. Hardest problem in the selection of Maria is to find someone who, besides being all those things, can look beautiful and alluring with short hair. "And I can't cut her hair until I'm sure she's the right one," said Wood.

He also must decide about accents. Oscar Homolka would be an almost perfect Pablo, but what of his Germanic accent along with, perhaps, the French of Annabella as Maria and the Portuguese of some as-yet-undiscovered Amazon for the part of Pilar? By careful direction, maybe all such things could be reconciled, as long as everybody except the American had some sort of accent. Sam Wood isn't figuring on any compromises, though. In connection with one ridiculous selection given him, he said: "It would be like building a fancy cave out of paper-mache rocks, with a patio in front and strings of red peppers hung around on poles."

In Korea chorus girls are trained at a government academy.

People You Know

By Archer Fullingim

Harold Haslam who joined the U. S. Naval Reserve Aviation Corps a short time ago is stationed at the Naval Aviation Base in Dallas. "This place is really swell," he wrote. "There are about 125 students here. The best lot of young men I've seen. They come from all over the states. I start flying in about 2 weeks. In the meantime more mental and physical exams, and pardon me if I forget the most important, drill. And do we get lots of it. We get up at 5:30 and are in bed that night by 10. The food is excellent, quarters better. Lots of recreation going on at all times. The big North American Aircraft factory is about one-half mile to the right and the planes keep us busy watching the test-pilots take them off. All bombers en route to England check in here for inspection or something. I haven't found out yet. The only three courses I'll receive here are flying radio and math. We get 12 hours solo and our bunch goes to Corpus after 2 months. My classification here is Seaman Second class . . . after 3 months we are cadets. Seven months of that and then I hope my wings. Met a bunch of the boys from England in Dallas. Really swell fellows. Last year Harold attended Texas Tech . . ."

The following poem written by one John Kodemeyer strikes straight at one of the great weaknesses of the American people:

What Happens When We Try It  
O say can you sing, from the start to the end  
What so proudly you stand for when orcas play it,  
When the whole congregation, in voices that blend,  
Strike up the grand hymn, and then torture and slay it?  
How they bellow and shout when they're first starting out,  
But the dawn's early light finds them floundering about,  
'Tis the Star-Spangled Banner they're trying to sing,  
But they don't know the words to that precious old thing!

Hark! "The twilight's last gleaming" has some of them stopped.  
But the vallant survivors press forward serenely  
To "the ramparts we watched," where some others are dropping.  
And the loss of the leaders is manifest keenly.  
Then "the rockets' red glare" gives the bravest a scare  
And there's few left to face the "bombs bursting in air."  
'Tis a thin line of heroes that manage to save  
The last of the verse "and the home of the brave!"

"Why don't you sit down and learn "The Star-Spangled Banner" right now?"  
"And if you're a family, what could be more appropriate in this era than for the whole family to learn it together?"

Injunction Denied

AUSTIN, Nov. 1. (AP)—District Judge J. Harris Gardner today refused to grant a temporary injunction prohibiting State Superintendent L. A. Woods and the department of education from issuing certificates of approval to business colleges. The court set Nov. 15 for a hearing on amended pleadings to be filed by attorneys for the petitioners, business colleges in Austin and Tyler.

Herbert Hoover is said to have been the richest man who ever was President of the United States.

Highlights From Latest Books

By JOHN SELBY

"BOTANY BAY," by Charles Nordhoff and James Norman Hall; (Little, Brown; \$2.50).

Although both Charles Nordhoff and James Norman Hall have written independently and with success, neither has ever been able to do alone what the two together can do with almost monotonous regularity—to wit, turn out best sellers.

They probably have another in "Botany Bay," which appeared serially in the Saturday Evening Post, and doubtless will appear in a celluloid version in due time. If I am not mistaken, the Nordhoff and Hall version of Australia in the very early days will reach a larger audience than Eleanor Dark's "The Timeless Land," which covers much the same ground—in a completely different way. I do not think it deserves to be overlooked, but that has nothing to do with the matter.

Messrs. Nordhoff and Hall do not achieve these high-success novels by the hit-and-miss method. Whereas Miss Dark spends most of her time and space in the minds of her characters, exploring, painting, and devising, Nordhoff and Hall spend their efforts on what their characters did. Some of their characters are, to be sure, thinking people. But this is not the point with them; their movements and their more obvious entanglements are the backbone of the story in every case. This perhaps contains a lesson for those who hanker after financial success in their writing—as who doesn't?

This time Nordhoff and Hall are retelling an old story. It is the story of the Australian penal colonies. The story is centered on Hugh Tallant, who mixed himself up in a highway robbery, was tried at Newgate prison, and was sentenced to life in Australia. He called on the first convict ship, which was one of the least inhumanly run, and he was not displeased with the Australian land he saw.

Tallant must get out of his trouble, and this is accomplished by the "love interest," a charming woman who marries the hero and after his escape to England, engineers a Crown pardon for him. It is a rich story, and a human story, although the blurb-writer went a little far when he called it Hogarthian. It is more like Nordhoff and Hall than Hogarth.

So They Say

We must put steel ribs into the stuff our dreams are made of. —CARLETON B. JOCKEL, University of Chicago Library school.

If we eradicate from our system that immoral principle of national irresponsibility which the sovereign system now sanctifies, we will have achieved the fundamentals of a peaceful world order. —REV. JOHN F. DULLES, chairman Commission to Study Bases of a Just and Durable Peace.

It's time for Alaska to be less a mining and cannery camp from which non-residents extract wealth and leave nothing. —ERNEST GRUENING, governor of Alaska.

We barbers are called gabblers because we are in a measure like newspapers—we gather up news and also give it out. —M. B. DODD, Los Angeles, as Associated Master Barbers of America convention.

I am for what Hitler did and I am not squeamish about the methods he employed. —ROBERT NOBLE, West Coast organizer for Friends of Progress.

TEX'S TOPICS

By Tex DeWesse

MAYBE is was prompted by the recently-staged Top 'O' Texas Revue—but, anyway, we have a letter from one who is interested in getting the Little Theater movement started in Pampa. . . . Sounds like a pretty good idea. . . . So, if there is anyone who cares to get the ball rolling to see what can be done, we'll be glad to help if we can. . . . Here's the letter: . . . "I am not going to take much of your time, but I would like to ask you one question: Why doesn't Pampa have the Little Theater movement like Amarillo does? With a little backing the project can go through and make money to feed the needy this winter. I am certain that if the project was once started and a play put on, more of the people would be ready to back it."

"If Amarillo can do all this, then I ask, why can't Pampa? A play could be selected and a meeting called for actors to stage it. They could practice after they got off work and a play soon would be shaping up to form when you have time why don't you try this suggestion in your paper? Pampa can do anything Amarillo can do. What do you think?" . . . Well, the answer to that question is obvious. . . . Any such movement as the Little Theater will need the active backing of persons interested in the theater, and this means that somebody would have to step to the fore and engineer the thing from the start.

IF YOU can find somebody who will take the time to get the thing organized and under way, there is no question in our minds but that Pampa has plenty of high-class talent to put the plays into production. . . . Perhaps you noticed last night, if you were radio listening, that Kate Smith sang "God Bless America" for the first time this year. . . . That's because ASCAP music is returning to the air lanes on all networks. . . . All obstacles to an agreement between the networks and the American Society of Composers, Authors, and Publishers have been ironed out.

But, about that Little Theater business. . . . Just before the Kiwanis Club's Top 'O' Texas Revue went into rehearsals a month ago, there was some talk along the same line. . . . There were several persons talking about organizing a Little Theater of the Air for the production of half-hour radio plays over KFDD, Pampa. . . . That's a good idea, too. . . . We think it should be carried on and perhaps the Little Theater stage group should grow from that. . . . On top of all this, Pampa now has as a permanent resident a young man who has experienced in Little Theater work as a director and producer as well as an actor. . . . He is Joe Lowe, who was in the Little Theater at Tulsa before coming to Pampa. . . . If enough people "work on him," perhaps he could be induced to take over here.

THE postoffice at Groom has solved the muddy road mail delivery problem. . . . Rural Carrier Burk Bury purchased a tractor to carry the mail regardless of weather conditions. . . . Since moving in from the ranch, mud is no longer one of life's problems for us. . . . With the roads between Panhandle and Amarillo and between White Deer and Panhandle closed because of high water—but the roads leading to Pampa open from all directions—Pampa merchants are expecting their biggest Dollar Day in history tomorrow. . . . And in order to make it just that, Pampa stores have gone out of their way to offer many outstanding specials which will make it worthwhile for persons in outlying districts who have been shopping in Amarillo to come to Pampa tomorrow. . . . It's our bet, that once they get the habit of dealing with courteous clerks and learn that you can buy just as smartly here, lots of these people will continue to do their shopping in Pampa. . . . But, here's the chance for them to find out. . . . Dollar Day in Pampa tomorrow is going to be something to remember.

Cranium Crackers

PICTURE PUZZLERS

Photography is hitting a new high in popularity with increased use of pictures as a vivid medium for presenting news and the number of amateur camera enthusiasts growing daily. See if you can crack these questions about pictures.

1. What is the difference between a tintype and a daguerreotype?  
2. What is hypo?  
3. What is the difference between photo finish and a photo finisher?  
4. What does a red filter do?  
5. What produces the flash in a flash bulb?

Coming into the defense organization with a budget for all OPM activities to his chagrin that he does not have the funds to do the job assigned him.

But within Odium's limit of two months—by the end of the year—Defense Contract Service will be growing all over the country, expanding its force from a present 600 to perhaps 4,000, the assumption being that 4,000 men can do 10 times the work of the 400. "I think said Truman to Odium, "you're off the right track."

WASHINGTON POT SHOTS

Half of the merchant ships now being built in U. S. shipyards are of welded construction. . . . One green Senate page boy was initiated by being sent for a "bill stretcher" He fooled his tormentors and actually rigged one up with rubber bands. . . . Because of defense activities, the government's purchase of office supplies for the year will run to more than \$10 million. Normal purchases are \$3 million. . . . John Thomas Taylor, American Legion jobless, influential in putting over the holders' bonus legislation, has been given a colonel's commission and a job in Army press relations department as contact man with Congress. . . . Direct sales taxes now give the states 40 per cent of their \$4½ billion total income.

Behind The News In Washington

WASHINGTON, Nov. 1.—Five important suggestions to relieve the difficulties of small business firms and help spread defense production are being considered by the Defense Contract Service of OPM, now under the directorship of the phenomenal Floyd B. Odium. These recommendations, written in pencil on scrap paper by Director Odium himself, have just been smoked out and put in the record of Missouri Senator Harry S. Truman's special committee investigating national defense. While the program may not be adopted in its entirety, this does serve to show how Odium is thinking about his job.

The suggestions came to the Truman committee in rather unusual fashion. Odium, recalled to make a second appearance before the Truman committee, gave an hour's testimony on the issue when Truman asked for solutions, saying "I have time why don't you try this suggestion in your paper? Pampa can do anything Amarillo can do. What do you think?" . . . Well, the answer to that question is obvious. . . . Any such movement as the Little Theater will need the active backing of persons interested in the theater, and this means that somebody would have to step to the fore and engineer the thing from the start.

Odium juggled his memorandum with his papers in a thick, battered leather case overflowing into a bundle of papers wrapped in butcher paper in a difficult to convert them into a readable form. The suggestions had not been typed but were merely roughed out for Odium's associates to pick to pieces. Whether the program could be carried out under government procedure was something Odium had not yet considered himself, upon, but when Senator Truman offered to take responsibility for this presentation, Odium proceeded to read from his penciled yellow sheets.

TWO PER CENT WOULD KEEP 10 PER CENT

In summary, Odium's ideas for the relief of small business boil down like this:

1. Until June 30, 1942, set aside in a separate category firms employing fewer than 20 people. These little companies are the backbone of American industry, says Odium, and while it is difficult to convert them into defense production, these 130,000 little businesses employ 10 per cent of the workers. And to keep them going for the next eight months would take only 2 per cent of the available raw materials supply.

2. Plants that are catalogued by Army and Navy as known or potential producers of defense materials should be left to the supervision of the armed services. These plants would be the bigger companies, the prime contractors or the most important sub-contractors. When proposals to expand any of these plants are made, approval should be given only when it is known there are no other idle plants available to do the job.

3. Cancellation of the foregoing two divisions would leave to the Defense Contract Service the intermediate field of 30,000 or more plants for whom there should be allocated an emergency pool of raw materials to keep them going until they can be converted to defense production. Odium believes that the supply of raw materials needed to keep these plants alive would not be great, but six months will be required to make the shift from civilian to defense production.

4. Provide for expansion or conversion of plants on defense work through financing by either a special federal fund for loans or through a partial guarantee—say 20 per cent—of the plant's working capital banks. The interest rate on these guaranteed loans could be low although the mortality of such financing may be high and the overall loss of the conversion or expansion may reach \$25 million or \$30 million which would be committed to the government.

5. Authorize Army and Navy to advance money up to 30 per cent of the contract price on the signing of the contract. This would permit prime contractors to make their plant expansion or conversion as soon as the order was placed, instead of making the contractor borrow money for expansion and wait for completion of delivery on his order to repay it.

Now all this may be a good bit in the nature of thinking out loud, but it has the merit of being a program to meet this situation and prevent the death of 20,000 or more perfectly good American small businesses. DIGGING DELAYS HIM

"It is used in another two months," Odium confessed to Truman: Right now, his time is of necessity taken up 95 per cent with drudgery and spade work, leaving only 5 per cent for doing the things he should be doing, including the scribbling in pencil on long yellow sheets of paper of programs which will work.

Coming into the defense organization with a budget for all OPM activities to his chagrin that he does not have the funds to do the job assigned him.

But within Odium's limit of two months—by the end of the year—Defense Contract Service will be growing all over the country, expanding its force from a present 600 to perhaps 4,000, the assumption being that 4,000 men can do 10 times the work of the 400. "I think said Truman to Odium, "you're off the right track."

Women's Army To Fire Guns And Everything, Favored By Briton

By WILLIAM B. KING
LONDON, Nov. 1 (AP)—Dr. Edith Summerskill, Laborite member of parliament, is fighting mad. She says Britain should raise an army of women to defend their homes if invasion comes.

Billy Waters Wins Oratorical Contest

Billy Waters, Pampa High school student, won over seven other contestants at Canyon Friday to take first place in the district oratorical contest on "My Home Town in Defense," sponsored by the West Texas Chamber of Commerce.

MIDLAND, Nov. 1 (AP)—The names of seven high school students who will compete in the home town and defense speaking contest before the West Texas Chamber of Commerce convention Tuesday were announced today.

But the war office says—just as definitely—women will not be enrolled in the home guard and nothing will be done to attract women to it, even in noncombatant capacities. The unofficial view is whispered, however, that the urgent need for manpower makes it likely to say that the question of women in the home guard is definitely and finally out.

### Phillips Wins From Panhandle In Snowstorm

**Special To THE NEWS**  
**PANHANDLE, Nov. 1.** — In a blinding snowstorm and on a field largely covered with water the Panhandle Panthers and the Phillips Blackhawk played Thursday night to a 20-0 finish, with Phillips on the winning end.

The Panthers held the Blackhawk to a score of 0-0 to the half. In the last half five regulars on the Panther squad were unable to play, two from injuries and three from cramps due to the extreme damp and cold.

The starting lineup for Panhandle was: ends, Williamson and Bonner; tackles, Broadway and Hart; guards, Little and Stevenson; center, Dickenson; halfbacks, Gripp and Patrick; fullback, Boyles; quarterback, Herndon. Substitutes were: DeWald, center; Whigham and Russ, guards; Kammerer, tackle;

C. Keefe, end; Pruitt and Martin, backs.

Both teams were handicapped because of the slippery ball, extreme cold, and the muddy field. Phillips scored on an end run, a play through the line, and a lateral pass.

The Panthers play their last home game Friday, November 7, at 2:30 when they meet the White Deer Bucks in a conference game.

### Amarillo-Reaper Game To Be Played Monday Afternoon

The twice-postponed football game between the Pampa Junior High Reapers and the Sam Houston Juniors of Amarillo will be played Monday afternoon at Harvester park. Game time will be 4 o'clock with no admission charged.

The game was originally scheduled for last Thursday but was changed to Friday. Then the snow fell Thursday night and the game was postponed again—until Monday afternoon.

Sam Houston is the only team in the Panhandle Junior High conference to beat the Reapers this season and they will be out for revenge Monday afternoon on their home field.

The visitors are crowding the Reapers for the conference title, being a tie game behind. Last week Sam Houston beat Central of Amarillo by a two-point bludgeon score than the Reapers downed Central.

## Texas Stuns SMU 34-0 As Aggies And TCU Win

By HAROLD V. RATLIFF  
**DALLAS, Nov. 1 (AP)**—Mighty Texas broke an eight-year jinx and gave Pudge Jack Crain a chance to average two bitter years here today by defeating Southern Methodist 34 to 0.

The rambling cowboy was never greater as he sparked the Longhorns to their sixth straight victory, crossing the Methodist goal line twice, kicking four points after touchdowns, and doing much to set up the other Texas scores.

Before this year the sensational Texas back had not been able to count a single point against SMU and was humiliated last year by losing more ground than he gained.

Also, Texas hadn't defeated Southern Methodist in the five-year regime of D. X. Bible until today.

The Longhorns clipped down the Mustangs with touchdowns in every period—all this despite the fact that the great Pete Layden, Texas fullback and top ground gainer of the Southwest conference, was forced out of the game with an injury in the second period.

With Layden, who puffed up 69 yards on 12 tries and scored one touchdown, out of the line-up the Texas machine started to sputter. But Crain tinkered a little and before long had it hitting on all cylinders.

A crowd of 23,000 saw the Longhorn team meet its most stubborn opposition of the season and come off greater than ever.

Layden and Crain paraded to the initial Texas touchdown midway of the first quarter. It was a 72-yard drive with a passing attack engineered by Layden getting the job done. Crain first plucked to Kuttner for 23 yards, then Layden passed to Crain for a first down on the SMU 11. Layden got seven yards in two plunges and Crain dived over guard for a touchdown.

Texas scored in three plays to open the second period, crunching down from the SMU 24. Layden got 20 over right tackle, and two plays later hit this line spot to go crashing through for the score.

Midway of the third quarter a pass from R. L. Harkins to the cowboy carried to the Methodist 31, then Harkins and Fritz Lobprics combined for a first down on the SMU 21. After a 15-yard Texas penalty Harkins flipped to Sweeney who lateraled to Crain and the latter raced to the counter.

The gallant Southern Methodist team collapsed in the final period to allow Texas two touchdowns, the last being made with all three stringers.

Walter Heap recovered Dick Miller's fumble on the Texas 23. Spec Sanders raced round end for 37 yards, Harkins smacked the line to

reach the SMU 23. Harkins passed to Wiley Scott Heap for the touchdown.

Little Walton Roberts ran Ereton Johnston's punt back 27 yards to pave the way for the final touchdown. Max Minor and Lewis Mayne drove to the SMU 10 in three plays and Mayne passed to Minor who tumbled but recovered. Then Mayne pitched to Joe Parker across the goal line. Crain missed the extra point, his only failure in five tries.

By ED L. CAMPBELL  
**LITTLE ROCK, Ark., Nov. 1 (AP)**—Felix Buck, a third-string guard, intercepted a forward pass and ran 58 yards for a touchdown today to give the dejected Texas Aggies a 7-0 victory over Arkansas and keep them in the ranks of the nation's undefeated and untied.

Playing football as they have played it in no other Southwest conference game this season, the amazing Razorbacks from Fayetteville kept 9,762 customers in an uproar as they matched bruising play with bruising play and held the mighty Aggies on almost even terms in all departments.

Buck's touchdown sprint early in the fourth quarter, followed by Jackson Webster's 23rd consecutive placement kick for the extra point, was A. & M.'s margin of superiority.

Derace Moser, the Aggies' candidate for national backfield honors, was put in his place by charging Parker forwards and an alert secondary. Moser on 14 ground plays gained a net of 26 yards and completed only six out of 22 forward passes.

Arkansas outshone the Cadets in the air, completing 11 out of 30 for 150 yards, while the Aggies completed six out of 26 for 97 yards. Although Arkansas netted only 20 yards in line plays, they held A. & M. to a net of 65 and in first downs the Porkers were ahead, 12 to 7.

Both teams attempted field goals and failed.

and, with Nix passing 25 yards to Fullback Frank Krins, who raced 35 yards for the first score. Roach's placement was good.

In less than two minutes, T. C. U. tallied again on another long pass, Nix to Kring, with Roach again booting a true place-kick. Baylor came alive in the third, Wilson and Milton Crain cracking the Frog line for nice gains and Baylor's first score came on a lateral from Crain to Dwight Parks, who ran spectacularly 76 yards for a touchdown. Park's pass to Travis Nelson a few minutes later was football gold when Nelson galloped 30 yards across the goal line. Wilson's first place-kick was good, but Baylor was penalized for holding and the second attempt was wide.

Wilson played his usual fine game, gaining 120 yards on 11 carries, but Baylor was unable to solve Texas Christian's long-distance passes.

### Buffalo Graze Like Cattle On X Ranch

**FORT DAVIS, Nov. 1 (AP)**—Gone are the days when gaudily-painted savages roamed the West Texas plains and slaughtered buffalo for skins and meat.

Today, in one of the largest pastures left in Texas, domesticated buffalo ignore both human beings and cattle as they graze undisturbed in a pasture of 75 sections.

Starting with five buffalo in 1915, the X ranch in Jeff Davis county now has a herd of more than 40.

The Big Bend National park will probably benefit from the rapid increase of domesticated buffalo on this Davis mountains ranch of the Reynolds Cattle company.

"If the increase continues for the next five years as it has in the past years, says Will Reynolds, manager of the ranch, "we will have more buffalo than we care to run on our land." He mentioned the possibility of disposing of some to the Big Bend National park.

The five buffalo that the Reynolds people started with before the first World War were purchased from the Goodnight herd in the Panhandle. Two of them died. Of the increase from the others, a steer has been butchered now and then for a treat of buffalo roast. Reynolds said the meat is much like beef but darker.

The Reynolds herd is so domesticated that tourists approach them near enough to take close-up snapshots.

Baylor took the offensive in the first period, which ended scoreless, but fumbles nullified long gains by Jack Wilson. The Christian air offense started clicking in the sec-

### 'Texas Greatest Team In History Of Conference,' Says Matty Bell

By RICHARD WEST  
**DALLAS, Nov. 1 (AP)**—The greatest team in the history of the Southwest conference. Boy, they're terrific.

That's what Matty Bell, Southern Methodist's crafty coach said about Texas who beat his club 34-0 today.

Old Matty—the likeable genius of defensive football—relaxed in his office five minutes after the final gun.

"Finesse, brains, speed, reserves—how the devil can you beat a club like that? And on top of it all—guided by one of the greatest football players in America—Jack Crain.

"He's the boy that makes 'em go. When they get in a tight he runs through you or outsmarts you.

"Here's why Texas is so much better than last year. More reserves, the fastest-charging line in America, and —"

"And Jack Crain. When that tow-headed football genius started quarterbacking the Steers last Thanksgiving they became a great club.

"Yes, they're better than the Aggies of 1939 and 1940. Better than Texas Christian of 1938. Better than our Rose Bowl club of 1935."

In the showers, handsome Horace Young, the Ponies' great senior blocker, peered through the soap suds that smeared his brow.

"Texas is the best team I ever played against. I hope they go all the way. They were clean. And boy are they smart!"

Over in the Texas dressing room the boys were happy but already thinking about Baylor next Saturday.

Cowboy Crain, happiest of the lot, hurried from the dressing room

dressed in a cream jacket and corduroy trousers but barefooted. He was eating an apple.

The first to embrace him were his mother and father. Said the elder Crain: "Son, you did just what we wanted you to."

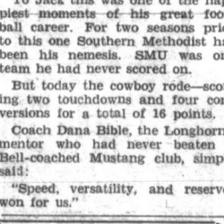

To Jack this was one of the happiest moments of his great football career. For two seasons prior to this one Southern Methodist has been his nemesis. SMU was one team he had never scored on.

But today the cowboy rode—scoring two touchdowns and four conversions for a total of 16 points.

Coach Dana Bible, the Longhorns' mentor who had never beaten a Bell-coached Mustang club, simply said:

"Speed, versatility, and reserves won for us."

# HARVESTERS CHILLED BY WESTERNERS IN 30 TO 13 UPSET

## Lubbock Runs Over Three Scores Early

By HARRY E. HOARE  
A Pampa Harvester football team stood petrified in the big bowl at Texas Tech stadium in Lubbock Saturday afternoon and watched the mighty Lubbock Westerners roll up three touchdowns in the first quarter and then go on to win 30 to 13. But that same Harvester team came to life after that disastrous first quarter and played the Westerners off their feet.

The Harvesters met a Lubbock team smarting from a 3 to 0 loss to Amarillo the previous week. The game was only four plays old when Lubbock's Thorne, a speed demon if there ever was one, flitted around right end, after being almost tripped by Cornett, and romped 35 yards for a touchdown. Wright, Lubbock's big fullback, broke through the center of the Pampa line and while the two line backers and three backs stood dazed, went straight through and trotted 70 yards for a touchdown. He didn't need to run fast because the Harvesters just stood and watched him get about a 10-yard start. It's doubtful if they knew he had the ball.

**Harvesters Find Themselves**  
After that play the Harvester secondary of Edmonson, Hollis, Meador and Waters was yanked but the relieving four, Halter, Arthur, Dunham and Boyles, were even less effective defensively. Halter and Arthur letting two pass receivers get behind them for two more touchdowns before the half whistle sounded.

But the Harvesters had found themselves in the second quarter as Halter passed and ran the ball well, with Boyles assisting, until reaching the 15-yard line. There Halter passed to Arthur, who made one of the prettiest catches of the game on the 2-yard line from where Boyles powered over.

The Harvesters started reaping a harvest of their own in the third quarter and rolled up a touchdown, this time Halter passing to Ott who leaped high between two Lubbock backs to pull down the ball and fall across the goal line.

Late in the game the Harvesters staged a sensational goal line stand, stopping the Westerners on the one foot line after two attempts to pick up a single yard.

**First Downs Nearly Even**  
The Harvesters lost the game. It's behind them and the Plainview Bulldogs are in front of them on November 13, in Plainview. So on Monday the Harvesters will start working to beat Plainview, then Amarillo and try to throw the district into a three-way tie. It's been done before and it can be done, again.

The Harvesters made a lot of mistakes yesterday and they know it. But is there a 18 or 17 year old boy that doesn't? Yes, Halter let punts drop all around him without returning them. Yes, Pampa blockers failed to protect him and Edmonson, who did make three sweet returns all by himself. Yes, ends failed to get down on Pampa punts and as a result Lubbock safeties ran wild. Yes, the line failed to charge.

But on the other hand, the Harvesters gave a magnificent exhibition of come-back football. They held the Westerners to 30 first downs while making nine themselves. They gained 225 yards on the ground to Lubbock's 373 yards and they completed nine out of 17 passes for 138 yards while holding Lubbock to four completions for

108 yards. To pick an outstanding player out of the Pampa team would be folly. Every boy who stepped on the field played his heart out. In fact, they played too hard. If anything beat them it was themselves. They had the heat on them and they knew it and they played their heads off and Pampa football fans are mighty proud of them, even in defeat.

**On To Plainview**  
So pleased are fans with the come-back spirit of the Harvesters that plans are already under way to take a special train to Plainview for Armistice Day. More than 100 of the 350 fans who rode the special to Lubbock yesterday have already said they will go to Plainview.

Thorne returned the Pampa kickoff from the 5-yard line to his 40 and from then on it was pound, pound, at the Harvester line with Wright the big nose. With the ball on the Pampa 33-yard line, Thorne flitted around his own right end for a touchdown with not a hand being laid on him. Cornett barely missed Thorne behind the line. Walthall kicked the extra point.

Before fans were back in their seats, Edmonson kicked to the Lubbock 30-yard line on the first play Wright went straight through the center of the Pampa line, and ran 70 yards unopposed. Walthall again added the extra point.

A penalty, in which they lost the ball on their 40-yard line, set the Harvesters back. After an exchange of punts, Lubbock took over on the 35 and marched. With the ball on the 23, Wright stepped back and passed to Brewer, who took the ball behind two Pampa backs and stepped across the goal line. Walthall again kicked the extra point.

All that happened before the end of the first quarter.

With Lubbock charging in the second quarter, the Harvesters held and took over on their own 24, throwing Lubbock backs for 15 yards in losses. Halter stepped 12 yards for Pampa's first offensive gain of the game and then he and Arthur added another dozen yards. Lubbock drew a 15-yard roughing penalty and then Halter swept his left end to the Lubbock 9-yard line. Halter passed to Arthur on the 2-yard line and then Boyles powered across the goal line for Pampa's first touchdown. Phillips' try for extra point was good.

Chesser and Arthur set Lubbock ball carriers back 20 yards and then Lubbock puffed. Pampa fumbled and Lubbock recovered on the 35. Then Wright heaved a pass to Thorne who again took it behind two Pampa backs and crossed the goal line. Walthall again booted the extra point.

Pampa showed a new offensive strength marching to the Lubbock 20 at the half.

Halter sent the Westerners back at the opening of the second half, booting 50 yards out of bounds on the Lubbock 6-yard line. Lubbock punted out to the 30. Halter made 6 yards and then Halter passed to Ott standing on the goal line for a touchdown. Ott reached above two Lubbock backs to make the catch. Phillips' try for extra point was blocked.

Following an exchange of punts, Lubbock, with Wright and Thorne carrying, marched to the Pampa 25 before the Harvesters held. Halter quick-kicked to the Lubbock 40 at the end of the third quarter.

Wright opened the fourth quarter by passing 35 yards to Blackwell on the Pampa 25. Wright, on a quick-opening play, roared to the

Pampa 14, where the Harvesters again held. Edmonson punted to his own 47, but Lubbock's Thorne nullified the gain by slipping around his right end to the Pampa 19. Brewer, on two quick-opening plays, went to the Pampa 5-yard stripe with a first down coming up. Brewer then made two yards and followed with another center plunge to the 1-yard line. Wright tried twice to get the ball over but failed, Pampa taking over with the ball six inches from the goal line.

Halter tried to pass out from behind his goal line but the pass was blocked behind the goal line and Lubbock was given a safety, good for two points.

With two minutes to go a new Lubbock team went into the game. Halter passed to Arthur for 12 yards and then to Dunham for 20 yards. The drive stopped when Reese intercepted. Pampa returned the compliment and then Edmonson passed Arthur, Ott and Arriault and had the ball on the Lubbock 5-yard line when the game ended.

**Starting lineup:**  
PAMPA: P. H. Dusean (Trinity); C. M. Brown (McMurry); Dr. Leo Allred (Austin); Monroe Sweeney (Bethany).  
LUBBOCK: Bechtel, Taylor, Milnes, Nabors, Butler, Chesler, McKinley, Blackwell, Walthall, Lanford, Thorne, Phillips, Wright.

**The game in figures:**

Having your front wheel alignment checked at least every three months is a good way to save on rubber, for a wobbling wheel wears out your tires very rapidly.

## LeFors Downs Irish 10-7 In Another Hair-Raiser

By ARCHER FULLINGIM  
SHAMROCK, Nov. 1.—The embattled LeFors line, led by Captain Delver, right guard, garnered the laurels Friday night at Shamrock where the undefeated, untied Pirates took the "brightest slip" in their championship march by outplaying the Irish 10 to 7.

Captain Delver wasn't in there by himself either. Left End Bowman, Left Tackle Barriek, Left Guard Fite, Center Courlay, Right Tackle Hext and Right End Hamrick and reserve linemen didn't rely on Halloosen magic to throttle the Irish. They used plain might and fight.

The game was almost a carbon copy of the tougher struggle of the preceding week with McLean. Again, Barhart, probably the fastest foot-

ball player in the Panhandle, kicked the field goal in the fourth quarter that won the struggle.

The only thing LeFors has got to be on the lookout for now is being slipped up on. They are heavy favorites to beat Lakeview at LeFors Friday night, and Wellington two weeks later. The Pirates will be on the spot in both games because both the Skyrockets and Lakeview would feel like they had killed a bear if they should beat the Pirates. LeFors hit the gridiron Friday night and their feet literally blistered the grass as they scored in the first five plays after the opening kickoff which they received. Nipper, Ammons, Oldham and Barhart skirted ends and crashed the line to pay dirt where Earnart raced around

left end with nobody near him. But the Irish came right back and with a vengeance, and passed and

ran their way to a touchdown in (Continued on Page 8)

# Vandy, Penn And Temple Leave Undefeated List

By HERB BARKER  
NEW YORK, Nov. 1 (AP)—Vanderbilt, Pennsylvania and Temple were blasted off football's undefeated, untied list today but there was no stopping the forward charge of such other powerful national contenders as Minnesota, Fordham, Texas, Texas A. and M. and Duke.

Minnesota, aiming at another Big Ten championship and general recognition as the nation's No. 1 team, scored its 14th consecutive victory, a thrilling 8-7 conquest of Northwestern's Wildcats before 64,000 at Minneapolis. The Gophers, somewhat crippled in their encounter with Michigan a week ago, had to come from behind to win and did so on Bud Higgins' 41 yard sprint for a touchdown. Minnesota's great halfback, Bruce Smith, played only briefly before he had to leave the back game with a recurrence of the knee injury that has handicapped him for several weeks.

Texas' Longhorns, ranked with Minnesota in the No. 1 spot of the last Associated Press ranking poll, crushed Southern Methodist, 34-0, in a game which had figured to be the Longhorns' sternest test. Meanwhile Texas' chief rival for Southwestern conference honors, the Texas Aggies, just managed to get past Arkansas, 7-0, when Felix Buck, sub guard, intercepted a pass and ran 58 yards to a touchdown.

**CONGRATULATIONS**

- LIVELY'S MEN'S WEAR
- MODERN BEAUTY SHOP

**LOVELL'S A-1 FLOOR SERVICE**  
R. C. Lovell - - - Art Tranch

Fordham, led once more by Steve Filipowicz, buried Purdue under a 17-0 count and held the Big Ten representative without a first down in a sterling display of defensive skill. Duke, almost certain to wind up unbeaten, whipped Georgia Tech, 14-0, in two touchdowns, passes hurled by Tom Davis to Steve Lach and Bob Ganit.

Vanderbilt's Commodores, the Southwest conference's only unbeaten, untied representative, fell before the tremendous power generated by Tulane's erratic Green Wave, 34-14. Penn, never able to get started, was shut out by unbeaten but tied Navy, 13-8, and

dropped its first decision of the season. Temple ran head-on into a Boston College eleven that finally played up to its pre-season notices and when it was all over Temple had succumbed by a 31-0 count.

Despite adverse weather conditions, particularly in the east and some sections of the mid west, major surprises were few and far between. Under this head could be reckoned Kansas State's 12-6 conquest of Nebraska. Big Six champions a year ago; Iowa's 12-7 defeat of Indiana, and North Carolina State's 13-7 victory over North Carolina.

In the east Dartmouth was upset by William & Mary, 2-0, on a field goal by Walter Johnson from the 45-yard line but the Southerners had come north with a team generally recognized as strong. Franny Tate's 87-yard touchdown run carried Dartmouth to a spectacular 17-0 triumph over the "Big Three" in the first of the "Big Three" tests. Pitt, headed by Ednor Jones, made a great showing against Ohio State but finally bowed 21-14. Columbia turned back Cornell, 7-0, on Earl Governor's 54-yard touchdown pass.

Robert Westfall counted twice as Texas A. M. defeated Oklahoma, 20-0, in a Big Ten encounter. Wisconsin engaged in another high-scoring dual but was beaten this time, by Syracuse, 27-20. Missouri trounced Michigan State, 19-0. Mississippi stormed Marietta, 19-8; and Detroit whipped Maryland, 15-0.

Oklahoma, still in the Big Six conference chase, ran up a 38-0 score on Kansas. Texas Christian, with an outside chance of figuring in the Southwest conference title, outscored Baylor, 23-12.

Georgia, Alabama and Tennessee scored Southeastern victories. Georgia poked out Auburn, 7-0, as Frank Sinkwich completed a 40-yard pass to Lamar Davis who ran 25 yards for a touchdown on the last play of the game. Alabama had too much stuff for Kentucky 30-0, and Tennessee outpointed Louisiana State, 13-6.

Bill Dudley scored two touchdowns and passed for two more as Virginia stopped Virginia Tech, 34-0. Wake Forest was beaten by Marshall College of West Virginia, 16-8.

In the far west, Stanford, leading candidate for the Rose Bowl assignment, ran over Santa Clara, 27-7 while California, Washington, Washington State and Oregon State were winning Pacific coast conference decisions. California wallpapered U. C. L. A., 27-7; Washington spilled Montana, 21-0; Washington State upset Oregon, 13-0, and Oregon State won over Idaho, 33-0.

Utah, still unbeaten although tied twice, crushed Colorado 46-6. In Big Seven competition as Brigham Young defeated Utah State, 28-0, and Denver and Colorado State played a 6-6 draw.

## LEFORS

(Continued from Page 7)  
the first quarter. A pass from Halfback Montgomery to Quarterback Rivers brought the tally.  
From then on the game was a see-saw affair with the Pirates piling up 15 first downs to 5 for Shamrock, but the penetrations were even with two each. Lefors chalked up their gains in ground plays, and Shamrock through the air. In the third quarter Shamrock alone completed three out of four passes in a row. They were able to dent the Pirate line spasmodically but not effectively.  
The Irish played valiantly and in the second quarter they advanced to the Pirate 3-yard stripe but were held for downs. Again in the fourth quarter they passed their way to the 8-yard line. Callan rg. Ewton re. Risley lg. stood out in the line for the Irish, while Sewell was the sparkplug of the Shamrock backfield.

The crowd was Shamrock's largest football gathering for the season. The stands were almost packed, and hundreds stood around the field at the end zone. There was a traffic jam at the field after the game due to the mud and water. Numerous cars got stuck but there were enough people on hand to push them out. It took nearly an hour to clear the traffic from the parking areas.

## Hitler Doomed Says Lyndon Johnson

WASHINGTON, Nov. 1 (AP)—Four Texas congressmen, participating in a forum prepared for radio broadcast in their state tomorrow, expressed numerous views on the national and international outlook, including a forecast that Hitler was doomed.  
"Hitler is fading fast," declared Rep. Lyndon Johnson of Johnson City.  
He said he believed Germany would crumble inside, that Europe would revolt. To see that such comes true, America must step up its production of weapons for the democracies, he added.  
Representatives Wright Patman of Texas; W. E. Fong of Waco, and Lindsey Beckworth of Gilmer, who joined in the discussion, were equally emphatic that production should be stepped up and that strikes must not be tolerated in defense industries.

## ARMED

(Continued from Page 1)  
ation was necessary, and permission had been asked for the soldier to come home. The local Red Cross verified the facts, and recommended a loan of \$15 to the soldier that made his trip home possible.

Case C: It is possible to leave the army in cases where illness, accident, or other ill fortune leave the family helpless, due to the lack of the money the soldier could make if he were at home. This is known as a "dependency" discharge. Information is carefully checked, and the same three-way system is used: field representative at post to commanding officer to local chapter. There have been several cases in which the local Red Cross has alleviated a great amount of suffering by securing the data that led to such discharges.

Help To Veterans  
In view of the fact that the disabled veteran and his family are the first obligation of the Red Cross, 30 ex-service men and their families have been assisted in some way by the Red Cross during the past year.

An example of that assistance was that given the family of an ex-service man who was in the Veteran's hospital at Amarillo.

Since he was the breadwinner of the family, the cash soon played out. The Pampa chapter provided necessary clothing and other essentials for the ex-service man's family. Only a short time ago, the local chapter assisted the child of an ex-service man in getting a claim through for \$35 a month.

## GERMANS GIVE

(Continued from Page 1)  
(The full text of the German statement as heard by radio showed that Germany charged that the United States had attacked Germany. It gave no indication whether Germany intended to invoke the tri-power pact by which Japan is pledged to help the Axis if either nation is attacked in the war attacks Germany or Italy.)  
For the first time it was admitted that it was German submarines which had fired torpedoes at the Kearny, which the navy department in Washington has announced was ripped open but not sunk with a loss of 11 lives and 10 injured on the night of Oct. 16-17 southwest of Iceland.

(Previously German spokesmen had sought to cast doubt on the navy department's announcement of the torpedoing of the Kearny, indicating their belief it was a trumped up story to boost the President's neutrality act decisions through congress.)

The navy department's version Oct. 29 said the Kearny went to the aid of another convoy which was under attack and dropped depth bombs. Three torpedoes then were fired, the navy said, and the third struck the Kearny.

Authorized quarters, however, referred to President Roosevelt's statement yesterday that the incident had not changed United States-German relations, and said he was "steering from an upset political stomach."

"It is noteworthy how cautious he has become," these quarters added. "Apparently he has the feeling that he bit off more in recent days than he could digest." They said they had no confirmation of the Reuben James sinking.

After reading the statements to a conference of foreign correspondents, an authorized spokesman went on to make a more direct attack upon President Roosevelt, declaring:

"He has started plowing under American boys. He is mobilizing prejudice. He is organizing war for Jewry. But he cannot prevent the defeat of either Russia or England."  
The German government announced that it would notify all neutral governments, especially those in Central and South America, of its charges of falsity and redistribution of Latin American territory.

"Assertion of the conquest of South America by Germany and elimination of the religions of the churches in the world and their replacement by the national Socialist church are so superfluous and abhorrent that it is superfluous for the Reich government to discuss them," the statement said.

## GERMANS PUSH

(Continued from Page 1)  
of Tula, 100 miles south of the Soviet capital, forcing the Russians to fall back under rearguard action; a violent battle is raging around Volokolamsk, 65 miles northwest of Moscow; Russian counter-attacks are still holding the Germans at Kallinin, 95 miles northwest.

2. Eastern Ukraine: The Russians have begun to evacuate the civil population of Rostov-on-Don, a city of 320,000, and to remove valuable machinery as the nearest sure thing is the Germans at Kallinin, 95 miles northwest.

3. Crimea: German and Rumanian troops are smashing through a widening gap in the Perekop Isthmus defense line and the Russians admit the situation is critical, but the London radio reports that the Nazis have been momentarily checked after a 26-mile advance. Still 75 miles to the south lies Russia's great Black Sea naval base at Sevastopol.

4. Leningrad front: Violent action again has blazed forth, with the Germans reporting a break-through in a strongly fortified Russian defense zone near Volkovo, 70 miles southeast of Leningrad, and the capture of 533 Russian pillboxes in fierce, hand-to-hand fighting.

Advices reaching London said the German northern armies were now trying to fight their way east, beyond the Volkhov river, in an attempt to join hands with Finnish troops pressing down from the north and thus isolate Leningrad completely for a final "starve or surrender" siege of the one-time capital of the country.

## Britain Claims New Secret Ammunition

LONDON, Nov. 1 (AP)—Britain disclosed tonight that she was manufacturing a "new and highly secret" ammunition for the battle of the Atlantic, the formula for which presumably has been passed on to the United States as are other British military secrets.

Disclosure that the new ammunition is being used by some British warships on convoy escort duty was made in a ministry of supply announcement telling a commonplace story of 20 Welsh factory hands who worked through the night to get out a rush order of the new stuff for a truck load.

The French were the first to use airplanes extensively.

## Just Between Us Girls

BY JOHNNIE DAVIS

"A haze on the far horizon,  
The infinite, tender sky,  
The ripe, rich tint of the cornfields,  
And the wild geese sailing high—  
And all over upland and lowland  
The charm of the goldenrod—  
Some of us call it Autumn,  
And others call it God."  
—W. H. Carruth from "Each in His Own Tongue."

An accomplished pianist, Mrs. Norman Maddux, Jr., of Houston, has been chosen as accompanist for the Houston Community chorus. Mrs. Maddux, who was Miss Mary Lynn Schofield before her marriage here two months ago, was popular in musical activities of the high school and various groups in Pampa. The Community chorus is rehearsing now for its Christmas program. Also the chorus will present a light opera in the spring with Mrs. Maddux as pianist.

Pampans are showing an increased interest in music. At least, the large group driving to Amarillo Friday night through the mud to hear Blanche Theobald, mezzo-soprano, was an indication of this. So popular was Edouard Bli's cello recital here last year and so well was he received that he is playing a return engagement at the high school next Tuesday afternoon and evening. This will provide another outstanding musical program for Pampans.

Be Grateful—Thank God every morning when you get up you have something to do which must be done, whether you like it or not. Being forced to work, and forced to do your best, will breed in you temperance, self control, diligence, strength of will, content, and a hundred other virtues which the idle never know.—Charles Kingsley.

An adorable youngster is Joan Thompson, daughter of Mayor and Mrs. Fred Thompson. Tiny Joan, who soon will be seven months old, already is wearing hair ribbons. With a delicate pink dress and matching shoes she wears a small pink satin bow pinned in her hair.

These rainy days we get to thinking that... its only 52 more days until Christmas... and one store already has its Christmas boxes out. But before Christmas comes Thanksgiving. Quoting Rex Lowe, "The propinquity of Thanksgiving makes me excited."

From the 25 red-topped milk bottles placed in various places of business throughout the city, the Business and Professional Women's club has secured \$80 already. The fund is to be applied on school lunches for underprivileged children. This project is a part of the club's health program for the year.

It's good to have money and the things that money can buy, but it's good, too, to check up once in a while and make sure you haven't lost the things that money can't buy.—G. H. Lorimer.

Visiting in Washington, D. C. and other points of interest is Miss Clara Lee Shevemaker. She plans to attend some of the top football games while in the East. While spending a week-end in Eagle Nest, New Mexico, Miriam Wilson had a thrill of a lifetime. She saw RKO shooting scenes for "Sunset Valley," starring Lucille Ball and Jimmie Craig as well as Billy Gilbert.

Seeing the many beautiful evening gowns worn by the girls last night at the autumn dance given by Upsilon chapter of Beta Sigma Phi sorority at the Schneider hotel reminded us that the "top hat and tiara" season is here, more than ever, with war relief and benefit balls, with men in uniform and minds turned to morale-building, fashion dictates drama in evening attire for women. This year the "formal" will be the prima donna of many women's wardrobes. The urge to "dress up" is a feminine instinct from earliest girlhood up and gowns this season cater more than ever to this mood. Creations are more picturesque than in the past few years. There are many portrait gowns with full sweeping skirts and draped bodices outlining bare shoulders. There are shimmering, pencil-slim gowns with V necks and slashed skirts. There is glitter of trimming and richness of fabric. White, according to designers, is a favorite color, with the purplish pink tones, beige, black and the candle-light colors close runners-up. Usual fabric combinations are used, such as jersey with velvet, taffeta and crepe; taffeta with wool; satin and metallic cloth with net; velvet with every fabric.

Two happy-looking people last week were Betty Bell and Johnny Whorton who were going around town holding hands. Diminutive Betty and Private Whorton were married Wednesday evening and left that night for El Paso where he is stationed at Fort Bliss.

A housewife was the guest of honor at one of the biggest public luncheons given in New York this season. She was a simple, unassuming woman without executive training or business experience who came into the limelight recently because she did what came her way to do as a resident of London during the air raids.

Janet Murrow, the wife of radio newscaster Edwin R. Murrow, might have come back to the United States when the bombing started, or she could have gone to the comparative safety of the country outside London. Instead, she chose to stay.

For instance, she could have coffee ready for her husband when he got home in the middle of the night after one of his broadcasts to the United States. And if he brought some of the other Fleet Street boys along or perhaps some visiting big-wig she could cook good American bacon and eggs for them. She could be cheerful and calm and make their home as comfortable as a home could be in that stricken city. And presently, when her husband began getting inquiries about what was happening to the supplies Bundles for Britain was sending to England, she could go out and find the answers and help get the good to the people who needed them after a raid. Little by little her work for Bundles for Britain grew and almost before she realized what was happening she was London representative.

Mrs. Murrow recently returned to the United States and is now on a speaking tour that will take her all over the country. But she is still primarily a housewife and a good neighbor whose domestic activities during the season of the time being just as our own may if the emergency becomes more critical and we take on all the jobs that come our way.

When the state convention of the Texas Federation of Women's clubs meets in Dallas, November 10-13, every federated club in Pampa will be represented. Most of the local clubs are sending their presidents as delegates. Among the activities of the convention will be Junior Day, a style show featuring formal and street clothes for the holiday season of the modern club woman, a dinner for the board of directors, a Pan-American luncheon, a Texas dinner, a nutrition luncheon, a Pioneer dinner honoring pioneer clubs and members, and a delegate tea. Defense is to be featured in all sessions of the convention.

Pressure readings of blood donors at the Red Cross procurement center at Baltimore, Maryland, average 20 points above normal—all due to a visit of the Duke and Duchess of Windsor. Some 51 donors were on hand to give their blood for the Army and Navy when the Duke and Duchess arrived at the center. And although the chief nurse reported the rising blood pressure of the group, collections went forward on schedule.

Letters received here by friends of Mrs. C. T. Hunkapillar of Beaverton, Oregon, indicate that Oregon is the most eye-inspiring state in the union. Mr. and Mrs. Hunkapillar are living six miles from the shopping district of Portland and the drive to the city is through a deep canyon lined with trees. She described the country as having "natural beauty—just as God grew it."

### COVENANT

I said: This sunset will not come again.  
It is a thing of moments. Quickly, then,  
Let every faculty of brain and eye  
Record this glory as it passes by.  
Let my mind spread like pages of a book  
To take the imprint, with each careful look.  
Of all details, from the first riotous rose  
To the last pale gold leaf, before it goes.  
  
O foolish heart, to hoard eternity!  
There is no end to beauty: While the sea  
Answers the urgent moon; while rock shall stand,  
Or rain return, or seed possess the land,  
Night follow day, or man lift up his face  
To find the old stars in their ordered place,  
Beauty shall build her palace of delight  
New every morning, faithful every night.  
Silence Buck Belows

## Federated Clubs Plan November Nutrition Drive

At a meeting of federated club presidents and representatives in the home of Mrs. J. B. Massa on Friday morning, an organization was formed to conduct a nutrition campaign during November, the nutrition month.

Through radio programs, picture shows, distribution of balanced diet sheets, newspaper publicity, and P. T. A. programs, the group hopes to make Pampa nutrition conscious.

Committees named were as follows:  
Newspaper publicity, Mmes. J. B. Massa, W. J. Foster, and S. C. Evans; P. T. A. programs, Mmes. F. M. Culberson, J. M. Collins, and Wiley Day; radio programs, Mmes. Lester Benge, F. M. Perry, J. B. Massa, and W. Purviance; balanced diet sheets and other material on nutrition, Mmes. L. J. McCarty, R. H. Neustel, and Clarence Barrell; posters and essay writing on nutrition, Mmes. R. F. Bielefeldt, Frank Carter, and Irvin Cole.

Mrs. Benge, Mrs. Garnet Reeves, and Mrs. O. R. Humphrey were named as a committee to contact other clubs of Pampa concerning the nutrition program.

Another meeting of the group will be held Friday morning at 9 o'clock in the city club rooms.

## Bettye Cree Has Part In Contest At Hockaday School

Miss Bettye Cree, daughter of Mr. and Mrs. G. B. Cree of Pampa, took an active part in the song contest, one of the oldest traditions of the Hockaday school in Dallas which was held in the Highland Park town hall last week. The fifth form, of which Miss Cree is a member, won first place in the competition between the four classes in the preparatory school. The fifth and sixth forms presented their songs in collaboration.

Miss Cree's costumes were based on the Hockaday uniform as were all the costumes for the contest. One was a wide cape collar of red material while other members of the form had collars of white and blue which they wore for the patriotic songs, "America" and "God Save the King." The other was a similar collar of green material, the school color, which they wore for the song which was revived from the song contest of 1929 and their original song to the tune of "It Happened in Sun Valley" and "Chattanooga Choo-Choo." Judging was based upon originality of songs and costumes and upon presentation.

An outstanding feature of the song contest this year was the revival of an old song by each of the four competing classes. The alumnae of Hockaday who participated in the contest the year the songs were first used were special guests for the occasion.

## Birthday Dinner Given To Honor Earl Rice, Jr.

Honoring Earl Rice, Jr., on his birthday, Mrs. Rice entertained with a dinner in their home at the Brunson apartments.

The all-white table was centered with a birthday cake topped with white candles and tall white tapers flanked the centerpiece. Baskets of white flowers decorated the room.

Following the dinner, Mr. Rice opened his birthday gifts and the group enjoyed dancing. Refreshments of cake and coffee were served later in the evening.

Attending were Mr. and Mrs. Cal Pearce, Mr. and Mrs. Elbert Adams, Roy Woolridge, Buddy Simmons, and Mr. and Mrs. Earl Rice, Jr.

## Autumn Recital Will Be Given On Wednesday

An autumn recital featuring piano pupils of Hugh McKimming will be presented Wednesday evening at 8 o'clock in the basement of the First Presbyterian church.

The following pupils will participate: Robinette Gay Huff, Rosemary Prigmore, Malcolm Douglas, Arlene Proctor, Dorothy Louise Riley, Clovis Lynn Proctor, Betty Jean Prigmore, Joe Glaxner, Anna Mae Darling, Colleen Voyles, Janette Ehrhridge, Marie Brummett, Eudell Hancock, Mary Maude Rutherford, Sammie June Lanham, Carol Jeannine Perkins, Nelda Joyce Davis, Francis Babione, Bobby Jack Davis, Tracy David Cary, Norma Dee Hall, and Jerry Moore.

All parents and friends of the pupils and others who are interested in music are invited.

## Progressive Club Has Meeting In Home Of Member

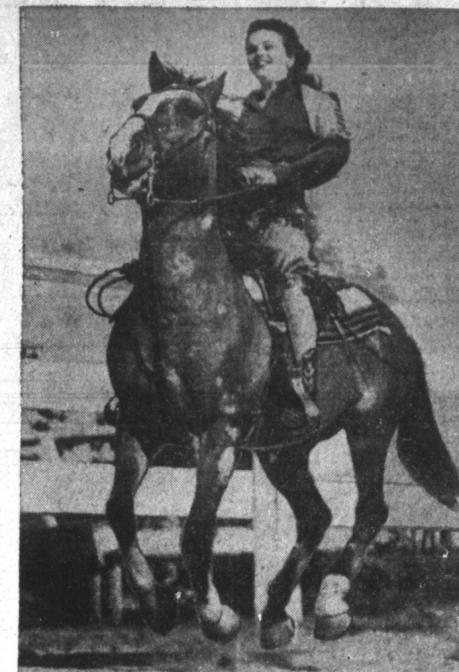

Mrs. S. O. Dunham was hostess to Progressive Sewing club when the members embroidered tea towels for the hostess.

Gifts were presented to the hostess by the group.

Refreshments of pumpkin pie and whipped cream with coffee were served to Mmes. Otis Longbrade, Jim Crawford, Chester Johnson, Hugh Murphy, Claude Coffey, Roy Blak, Charles Zugar, and Jim Timmons.

"MY APPEARANCE is a reflection of my feelings. I'm 19—in love—and happily married," says Deanna Durbin. She's shown here with her husband, Vaughn Paul, who's also a boon companion in her beauty-building outdoor exercise.

HORSEBACK RIDING and plenty of it helps to keep the glow in Deanna Durbin's cheeks.

## Deanna Durbin's Beauty Secret: "Be Happy"

By ALICIA HART  
I queried Deanna Durbin again about her beauty habits, as many of us have queried her often and in vain since she flashed upon the silver screen. And this time she answered!

"First of all," she said, "my appearance is a reflection of my feelings. I'm 19—in love—happily married."  
There Deanna uttered a cue to any girl who wants to shine nowadays when naturalness is the last word in defense-keyed glamor fashion. If you want to be beautiful, be happy. Your beauty or your husband's admiration will keep you sparkling. Of course, that's a chicken-and-egg thing. Usually you have to get his eye before you get his heart, and afterward, too, you have to keep on catching his eye!

**DEANNA AND HUBBY EXERCISE TOGETHER**  
Deanna is doubly fortunate here. Her bridegroom, Producer Vaughn Paul, is also a companion in beauty-building. They love the outdoors. With him, Deanna walks, she rides horseback, she swims.

"Swimming is my No. 2 beauty measure," said Deanna. "I swim—or, rather, we swim—every day, and outdoors, and far into the winter. A private swimming pool was the first real luxury she acquired. Now she and he are planning another outdoor swimming pool, on the grounds of the low, rambling bungalow which they expect to move into by Thanksgiving."

**BEAUTY ARTS**  
However, even Deanna, who came to the films with a face and figure as startlingly young and shining as her purest vocal phrase, admits she has to look to her charms for herself, too. That's news. For years you couldn't get beans about Deanna's beauty routines; there was a little fiction that a girl so genuinely young and beautiful would stay that way forever, without benefit of so much as a lipstick. But now that Deanna's a young matron and starring in her tenth straight hit, "It Started With Eve," she talks right out, saying:

"Every month I have a hot oil shampoo.  
"I change my hair style constantly, because it gives the same stimulating effect that buying a new hat does.  
"I use light perfumes and toilet water. I apply lipstick with a brush, and then with a tiny comb to make a clean line, and wear mascara at night—very lightly applied.  
"And, oh, don't forget an apple! Some fresh fruit every day, and usually it is an apple."  
She uses plain liquid soap to wash her hair and rinses with plain water—not even lemon or vinegar, unless she's on location where the water is hard.

In other words, Deanna sticks to the tried-and-true, "natural" beauty measures—but she does stick to them!

## Skipper Culberson And Twin Brothers Have Holiday Party

A Halloween party was given by Skipper Culberson and his twin brothers, Bobby and Jerry, Thursday evening at the home of his parents, Mr. and Mrs. E. M. Culberson.

Decorating the rooms were witches, bats, pumpkins, and black cats.

Typical Halloween games were played with Francis Redd winning the prize for pinning the tail on the black cat.

Refreshments were served to Francis and Jimmie Redd, Robert and Patsy Lane, Lawrence and Dale Walker, Bobby and Jerry Culberson, and Skipper Culberson.

## City Council P-TA To Be Represented By Mrs. Boston

City Council Parent-Teacher association met Thursday afternoon in Junior High school auditorium with Mrs. Carl Boston, president, presiding.

During the business session recommendations accepted were that the president be sent to Austin as a delegate from City Council, that the National Parent-Teacher magazine be placed in the city library, and that Mrs. C. B. Haney and Mrs. W. L. Campbell be appointed to investigate theater rates for junior high and high school students.

Superintendent L. L. Stone announced that American Education Week will be observed November 9 to 15 and invited all patrons to visit their school during that week.

Mrs. V. L. Hobbs made an announcement concerning an address to be given by Dr. A. M. Myers of Canyon on "Education at the Cross Roads," November 13 at Sam Houston school.

Mrs. E. S. Hancock, Jr., president of Horace Mann; Mrs. Alice Cockrell, president of Woodrow Wilson; Mrs. Lee Harrah, Mrs. V. L. Hobbs, president of Sam Houston, and Principal Kenneth Carman of Sam Houston; Mrs. E. C. Cary, president of Junior High; Mrs. A. A. Proctor, president of Hopkins; and Suppt. Mmes. C. E. Cary, V. L. Hobbs, E. S. Hancock, Alice Cockrell, Tom O'Rourke, of Holy Souls; and Binlon for Mrs. Jess Beard of B. M. Baker.

## First Birthday Of Sharon Griffiths Observed At Party

Sharon Sue Griffiths was honored recently with a birthday party on her first birthday in the home of her grandmother, Mrs. P. M. Jenks.

Vari-colored balloons decorated the house. Refreshments of cookies, pop corn balls, and suckers were served.

Those present were Dwayne Glover, Dale Lee Guinn, Phillips Ann Barron, Peggy Ray Owens, Jerry Ray, June Ann and Jerry Koch, Mavis Hicks, Sandra and Bobby Mack Cooper, Billy Ruth Cooper, and the honoree; Mmes. Jeff Dye, Irla Barron, Tommie Glover, Mary Griffiths, George Nunley, Edd Ray, J. L. Cooper, and Mrs. P. M. Jenks.

Gifts were sent by Barbara Ann Boring, Patsy Kay Huffins, Karla Gaines, Bobby Warren, Jimmy Sexton, Robert Cooper, Russell Jenks, Gay Cullins, Ricene and Earl Frank Hudson, of Amarillo, Mrs. W. C. Winburn of Gladewater, Mrs. M. B. Cooper, and Mrs. Chuck Hoover.

## Patrol Two Of Troop Seven Girl Scouts Has Meeting

Girl Scouts of troop seven patrol met in the home of Mrs. A. D. Robinson Friday afternoon.

In the absence of the president, Beverly Sue Baker presided. In the business session plans were made for future scout work.

Refreshments were served to Beverly Sue Baker, Alice Jean Robinson, Barbara Norris, Edith Mae Morrow, Ethel Hancock, and Ramona Matheny.

## Holiday Dinner Planned By Busy Dozen Sewing Club

Busy Dozen Sewing club met in the home of Mrs. O. C. Brandon Friday afternoon when new by-laws were adopted by the group.

Members fees are to be paid and each person absent will be asked to pay a fine at the following meeting. Plans were made for a Thanksgiving dinner.

Refreshments in the Halloween motif were served to Mmes. Morris Goldfine, John Wilkerson, Ralph DePee, Emma Favors, Dale Pinson, Tom Price, Don Egerton, Grant Anderson, Bob Huff, and the hostess.

The next meeting of the club will be held in the home of Mrs. Egerton, 1020 East Francis avenue.

## Pampa Girl Elected As College Beauty

Thelma Osborn of Pampa, a freshman at West Texas State college in Canyon, has been elected as one of the three beauties to represent the sophomore class in the college yearbook, Le Mirage.

Each class elects 12 beauties and four of the final 12 are selected for prominent positions in the yearbook.

## Guest Night To Be Observed By Young Women

Guest night will be observed by the young married women's group of Women's Council of First Christian church Monday evening at 8 o'clock in the church. Husbands of the members will be guests.

A business session at 7:15 o'clock will precede the regular session. Mrs. Charles Ballard will preside.

Mrs. Charles Madeira will be leader of the discussion program. Each group member is asked to take food for a Thanksgiving basket.

Bonbizon's  
"LAZY LIZZIE"  
400

You'll hate to put on street clothes because you'll feel so pretty and comfortable in Lazy Lizzie. Its long fitted jacket gets it deliciously slim lines, and its pockets and long row of buttons give it a "special" look. Wonderfully wearable, wonderfully washable Rayon Crepe Lagere. Solid Azure or solid Frost-rose. . . . 12 to 18.

SELECT SEVERAL PAIRS AND HAVE THEM MONOGRAMMED AT NO EXTRA CHARGE!

# Vandy, Penn And Temple Leave Undefeated List

By HERB BARKER

NEW YORK, Nov. 1 (AP)—Vanderbilt, Pennsylvania and Temple were blasted off football's undefeated list today but there was no stopping the forward charge of such other powerful national contenders as Minnesota, Fordham, Texas, Texas A. and M. and Duke.

Notre Dame and Army, both with perfect records, fought each other in a scoreless draw before 75,000 in the mud and rain of Yankee stadium with the under-dog Cadets, paced by Hank Mazur, picking up

most of the laurels.

Minnesota, aiming at another Big Ten championship and general recognition as the nation's No. 1 team, scored its 14th consecutive victory, a thrilling 8-7 conquest of Northwestern's Wildcats before 64,000 at Minneapolis. The Gophers, somewhat crippled in their encounter with Michigan a week ago, had to come from behind to win and did so on Bud Higgins' 41 yard sprint for a touchdown. Minnesota's great halfback, Bruce Smith, played only briefly before he had to leave the ball game with a re-

currence of the knee injury that has handicapped him for several weeks.

Texas' Longhorns, ranked with Minnesota in the No. 1 spot of the last Associated Press ranking poll, crushed Southern Methodist, 34-0, in a game which had figured to be the Longhorns' sternest test. Meanwhile Texas' chief rival for Southwest conference honors, the Texas Aggies, just managed to get past Arkansas, 7-0, when Felix Buck, sub guard, intercepted a pass and ran 58 yards to a touchdown.

Fordham, led once more by Steve Filipowicz, buried Fordue under a 17-0 count and held the Big Ten representative without a first down in a sterling display of defensive skill. Duke, almost certain to wind up unbeaten, whipped Georgia Tech, 14-0, on two touchdowns passed hurriedly by Tom Davis to Steve Lach and Bob Ganit.

Vanderbilt's Commodores, the Southwest conference's only unbeaten, untied representative, fell before the tremendous power generated by Tulane's erratic Green Wave, 34-14. Penn. never able to get started was no match for un-

beaten but tied Navy, 13-6, and

dropped its first decision of the season. Temple ran head-on into a Boston College eleven that finally played up to its pre-season notices and when it was all over Temple had succumbed by a 31-0 count.

Despite adverse weather conditions, particularly in the east and some sections of the mid west, major surprises were few and far between. Under this head could be reckoned Kansas State's 12-6 conquest of Nebraska, Big Six champions a year ago; Iowa's 13-7 defeat of Indiana; and North Carolina State's 13-7 victory over North Carolina.

In the east Dartmouth was upset by William & Mary, 2-0, on a field goal by Tom Johnson from the 25-yard line but the Southerners had come north with a team generally recognized as strong. Franny Tapp's 87-yard touchdown run carried Dartmouth to a surprising 17-0 victory over the Red Cross representative in the first of the "Big Three" tests. Pitt, headed by Edgar Jones, made a most exciting comeback from a 14-0 deficit to tie the game, 14-14. Columbia turned back Cornell, 7-0, on Paul Governor's 54-yard touchdown pass.

Colony and Holy Cross played in a 3-3 draw; Brown stranded Yale on a fourth quarter touchdown pass, 7-0; West Virginia narrowly defeated Washington & Lee, 7-6; and Rutgers triumphed Maryland, 20-0.

Bob Westfall counted twice as a winner when Illinois' 20-0 in a Big Ten encounter. Wisconsin engaged in another high-scoring dual but was beaten this time, by Syracuse, 27-20. Missouri trounced Michigan State, 19-0. Mississippi stormed Marquette, 12-6; and Detroit whipped Manhattan, 15-0.

Oklahoma, still in the Big Six conference chase, ran up a 28-0 score on Kansas, Texas Christian, with an outside chance of figuring in the Southwest conference title, outscored Baylor, 22-12.

Georgia, Alabama and Tennessee scored their respective victories. Georgia scored on Auburn, 7-0, as Frank Sinkwich completed a 40-yard pass to Lamar Davis who ran 25 yards for a touchdown on the last play of the game. Alabama had too much stuff for Kentucky 30-0, and Tennessee outpointed Louisiana State, 13-6.

Bill Dudley scored two touchdowns and passed for two more as Virginia stopped Virginia Tech, 34-0. Wake Forest was beaten by Marshall College of West Virginia, 16-6.

In the far west, Stanford, leading candidate for the Rose Bowl assignment, ran over Santa Clara, 27-7 while California, Washington, Washington State and Oregon State were winning Pacific coast conference decisions. California walked over U. C. L. A., 27-7; Washington spilled Montana, 21-0; Washington State upset Oregon, 13-0, and Oregon State won over Idaho, 33-0.

Utah, still unbeaten although tied twice, crushed Colorado 46-6, in Big Seven competition as Brigham Young, Colorado State, 28-0, and Denver and Colorado State played a 6-6 draw.

## LEFORS

(Continued from Page 7)

the first quarter. A pass from Halfback Montgomery to Quarterback Rives brought the tally.

From then on the game was a see-saw affair with the Pirates piling up 15 first downs to 6 for Shamrock, but the penetrations were even with two each. Lefors chalked up their gains in ground plays, and Shamrock through the air. In the third quarter Shamrock alone completed three out of four passes in a row. They were able to dent the Pirate line spasmodically but not effectively.

The Irish played valiantly and in the second quarter they advanced to the Pirate 3-yard stripe but were held for downs. Again in the fourth quarter they passed their way to the 8-yard line. Callan rg. Ewton rg. Riskey lg, stood out in the line for the Irish, while Sewell was the sparkplug of Shamrock's backfield.

The crowd was Shamrock's largest football gathering for the season. The stands were almost packed, and hundreds stood around the field at the end zone. There was a traffic jam at the field after the game due to the mud and water. Numerous cars got stuck but there were enough people on hand to push them out. It took nearly an hour to clear the traffic from the parking areas.

## Hitler Doomed Says

### Lyndon Johnson

WASHINGTON, Nov. 1 (AP)—Four Texas congressmen, participating in a forum prepared for radio broadcast in their state tomorrow, expressed numerous views on the national and international outlook, including a forecast that Hitler was doomed.

"Hitler is fading fast," declared Rep. Lyndon Johnson of Johnson City. He said he believed Germany would crumble inside, that Europe would revolt. To see that such comes true, America must step up its production of weapons for the democracies, he added.

Representatives Wright Patman of Texas; W. R. Poage of Waco, and Lindsey Beckworth of Gilmer, who joined in the discussion, were equally emphatic that production should be stepped up and that strikes must not be tolerated in de-

## ARMED

(Continued from Page 1)

ation was necessary, and permission had been asked for the soldier-to-soldier. The local Red Cross verified the facts, and recommended a loan of \$15 to the soldier that made his trip home possible.

Case C: It is possible to leave the army in cases where illness, accident, or other ill fortune leave the family helpless, due to lack of the money the soldier could make if he were at home. This is known as a "dependency" discharge. Information is carefully checked, and the same three-way system is used: field representative at post to commanding officer to local chapter. There have been several cases in which the local Red Cross has alleviated a great amount of suffering by securing the data that led to such discharges.

**Help To Veterans**  
In view of the fact that the disabled veteran and his family are the first obligation of the Red Cross, 30 ex-service men and their families have been assisted in some way by the Red Cross during the past year.

An example of that assistance was that given the family of an ex-service man who was in the Veteran's hospital at Amarillo.

Since he was the breadwinner of the family, the cash soon played out. The Pampa chapter provided necessary clothing and other essentials for the ex-service man's family. Only a short time ago, the local chapter assisted the child of an ex-service man in getting a claim through for \$35 a month.

## GERMANS GIVE

(Continued from Page 1)

(The full text of the German statement as heard by radio showed that Germany charged flatly that the United States had attacked Germany. It gave no indication whether Germany intended to invoke the tri-power pact by which Japan is pledged to help the Axis if another war breaks out in the war attacks Germany or Italy.)

For the first time it was admitted that it was German submarines which had fired torpedoes at the Kearny, which the navy department in Washington has announced was ripped open but not sunk with a loss of 11 lives and 10 injured on the night of Oct. 16-17 southwest of Iceland.

(Previously German spokesmen had sought, to cast doubt on the navy department's announcement of the torpedoing of the Kearny, indicating their belief it was a trumped up story to boost the President's neutrality act decisions through congress.)

The navy department's version Oct. 29 said the Kearny went to the aid of another convoy which was under attack and dropped depth bombs. Three torpedoes then were fired, the navy said, and the third struck the Kearny.

Authorized spokesmen, however, referred to President Roosevelt's statement yesterday that the incident had not changed United States-German relations, and said he was "suffering from an upset political stomach."

"It is noteworthy how cautious he has become," these quarters added. "Apparently he has the feeling that he bit off more in recent days than he could digest."

They said they had no confirmation of the Reuben James sinking. After reading the statements to a conference of foreign correspondents, an authorized spokesman went on to make a more direct attack upon President Roosevelt, declaring:

"He has started plowing under American boys. He is mobilizing prejudice. He is organizing war for Jewry. But he cannot prevent the defeat of either Russia or England."

The German government announced that it would notify all neutral governments, especially those in Central and South America, of its charges of falsity and redistribution of Latin American territory.

"Assertions of the conquest of South America by Germany and elimination of the religions of the churches in the world and their replacement by the national Socialist church are so nonsensical and absurd that it is superfluous for the Reich government to discuss them," the statement said.

## GERMANS PUSH

(Continued from Page 1)

of Tula, 100 miles south of the Soviet capital, forcing the Russians to fall back under rearguard action; a violent battle is raging around Yelokolamsk, 65 miles northwest of Moscow; Russian counter-attacks are still holding the Germans at Kallinin, 95 miles northwest.

2. Eastern Ukraine: The Russians have begun to evacuate the civil population of Kostov-on-Don, a city of 520,000, and to remove valuable machinery as the nearest German troops were reported only 10 miles away; fresh Soviet troops, supported by naval gunfire, have been brought up to stem the Nazi drive.

3. Crimea: German and Rumanian troops are smashing through a widening gap in the Perekop Isthmus defense line and the Russians admit the situation is critical, but the London radio reports that the Nazis have been momentarily checked after a 25-mile advance. Still 75 miles farther to the south lies Russia's great Black Sea naval base at Sevastopol.

4. Leningrad front: Violent action again has blazed forth, with the Germans reporting a break-through a strongly fortified Russian defense zone near Volkhov, 70 miles southeast of Leningrad, and the capture of 533 Russian pillboxes in fierce, hand-to-hand fighting.

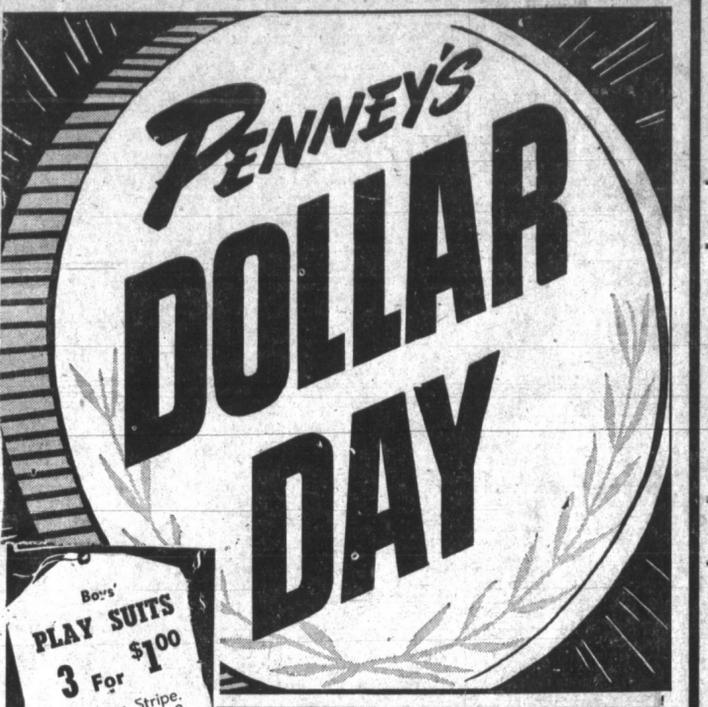

Advices reaching London said the German northern armies were now trying to fight their way east, beyond the Volkhov river, in an attempt to join hands with Finnish troops pressing down from the north and thus isolate Leningrad completely for a final "starve or surrender" siege of the one-time capital of the empire.

## Britain Claims New Secret Ammunition

LONDON, Nov. 1 (AP)—Britain disclosed tonight that she was manufacturing a "new and highly secret" ammunition for the battle of the Atlantic, the formula for which presumably has been passed on to the United States as are other British military secrets.

Disclosure that the new ammunition is being used by some British warships on convoy escort duty was made in a ministry of supply announcement telling a commonplace story of 20 Welsh factory hands who worked through the night to get out a rush order of the new stuff for a truck load.

The French were the first to use airplanes extensively.

## Just Between Us Girls

BY JOHNNIE DAVIS

"A haze on the far horizon,  
The infinite, tender sky,  
The ripe, rich tint of the cornfields,  
And the wild geese sailing high—  
And all over upland and lowland  
The charm of the goldenrod,  
Some of us call it Autumn,  
And others call it God."  
—W. H. Carruth from "Each in His Own Tongue."

An accomplished pianist, Mrs. Norman Maddux, Jr., of Houston, has been chosen as accompanist for the Houston Community chorus. Mrs. Maddux, who was Miss Mary Lynn Schofield before her marriage here two months ago, was popular in musical activities of the high school and various groups in Pampa. The Community chorus is rehearsing now for its Christmas program. Also the chorus will present a light opera in the spring with Mrs. Maddux as pianist.

Pampans are showing an increased interest in music. At least, the large group driving to Amarillo Friday night through the mud to hear Blanche Theobald, mezzo-soprano, was an indication of this. So popular was Edouard Blitt's cello recital here last year and so well was he received that he is playing a return engagement at the high school next Tuesday afternoon and evening. This will provide another outstanding musical program for Pampans.

Be Grateful—Thank God every morning when you get up you have something to do which must be done, whether you like it or not. Being forced to work, and forced to do your best, will breed in you temperance, self control, diligence, strength of will, content, and a hundred other virtues which the idle never know.—Charles Kingsley.

An adorable youngster is Joan Thompson, daughter of Mayor and Mrs. Fred Thompson. Tiny Joan, who soon will be seven months old, already is wearing hair ribbons. With a delicate pink dress and matching shoes she wears a small pink satin bow pinned in her hair.

These rainy days we get to thinking that... its only 52 more days until Christmas... and one store already has its Christmas boxes out. But before Christmas comes Thanksgiving. Quoting Rex Lowe, "The propinquity of Thanksgiving makes me excited."

From the 35 red-topped milk bottles placed in various places of business throughout the city, the Business and Professional Women's club has secured \$80 already. The fund is to be applied on school lunches for underprivileged children. This project is a part of the club's health program for the year.

"It's good to have money and the things that money can buy, but it's good, too, to check up once in a while and make sure you haven't lost the things that money can't buy."—C. H. Lorimer.

Visiting in Washington, D. C., and other points of interest is Miss Clara Lee Shevemaker. She plans to attend some of the top football games while in the East. While spending a week-end in Eagle Nest, New Mexico, Miriam Wilson had a thrill of a lifetime. She saw REKO shooting scenes for "Sunset Valley," starring Lucille Ball and Jimmie Craig as well as Billy Gilbert.

Seeing the many beautiful evening gowns worn by the girls last night at the autumn dance given by Upsilon chapter of Beta Sigma Phi sorority at the Schneider hotel reminded us that the "top hat and tiana" season is here, more than ever, with war relief and benefit balls, with men in uniform and minds turned to morale-building, fashion dictates drama in evening attire for women. This year the "formal" will be the prima donna of many women's wardrobes. The urge to "dress up" is a feminine instinct from earliest girlhood and gowns this season enter more than ever to this mood. Creations are more picturesque than in the past few years. There are many portrait gowns with full sweeping skirts and draped bodices outlining bare shoulders. There are stretch, pencil-slim gowns with V necks and slashed skirts. There is glitter of trimming and richness of fabric. White, according to designers, is a favorite color, with the purplish pink tones, beige, black and the candle-light colors close runners-up. Unusual fabric combinations are used, such as jersey with velvet, taffeta and crepe; taffeta with wool; satin and metallic cloth with net; velvet with every fabric.

Two happy-looking people last week were Betty Bell and Johnny Whorton who were going around town holding hands. Diminutive Betty and Privaté Whorton were married Wednesday evening and left that night for El Paso where he is stationed at Fort Bliss.

A housewife was the guest of honor at one of the biggest public luncheons given in New York this season. She was a simple unassuming woman without executive training or business experience who came into the limelight recently because she did what came her way to do as a resident of London during the air raids.

Janet Murrow, the wife of radio newscaster Edwin R. Murrow, might have come back to the United States when the bombing started, or she could have gone to the comparative safety of the country outside London. Instead she chose to stay.

For instance, she could have coffee ready for her husband when he got home in the middle of the night after one of his broadcasts to the United States. And if he brought some of the other Fleet Street boys along or perhaps some visiting big-wig she could cook good American bacon and eggs for them. She could be cheerful and calm and make their home as comfortable as a home could be in that stricken city. And presently, when her husband began getting inquiries about what was happening to the supplies Bundles for Britain was sending to England, she could go out and find the answers and help get the good to the people who needed them after a raid. Little by little her work for Bundles for Britain grew and almost before she realized what was happening she was London representative.

Mrs. Murrow recently returned to the United States and is now on a speaking tour that will take her all over the country. But she is still primarily a housewife and a good neighbor whose domestic activities what was happening to the time being, just as our own may if the emergency becomes more critical and we take on all the jobs that come our way.

When the state convention of the Texas Federation of Women's clubs meets in Dallas, November 10-13, every federated club in Pampa will be represented. Most of the local clubs are sending their presidents as delegates. Among the activities of the convention will be Junior Day, a style show featuring formal and street clothes for the holiday season of the modern club woman, a dinner for the board of directors, a Pan-American luncheon, a Texas dinner, a nutrition luncheon, a Pioneer dinner honoring pioneer clubs and members, and a delegate tea. Defense is to be featured in all sessions of the convention.

Pressure readings of blood donors at the Red Cross procurement center at Baltimore, Maryland, average 20 points above normal—all due to a visit of the Duke and Duchess of Windsor. Some 51 donors were on hand to give their blood for the Army and Navy when the Duke and Duchess arrived at the center. And although the chief nurse reported the rising blood pressure of the group, collections went forward on schedule.

Letters received here by friends of Mrs. C. T. Hunkapillar of Beaverton, Oregon, indicate that Oregon is the most awe-inspiring state in the union. Mr. and Mrs. Hunkapillar are living six miles from the shopping district of Portland and the drive to the city is through a deep canyon lined with trees. She described the country as having "natural beauty—just as God grew it."

COVENANT  
I said: This sunset will not come again,  
It is a thing of moments. Quickly, then,  
Let every faculty of brain and eye  
Record this glory as it passes by.  
Let my mind spread like pages of a book  
To take the imprint, with each careful look,  
Of all details, from the first reticent rose  
To the last pale gold star, before it goes.

O foolish heart, to hoard eternity!  
There is no end to beauty: While the sea  
Answers the urgent moon; while rock shall stand,  
Or rain return, or seed possess the land,  
Night follow day, or man lift up his face  
To find the old stars in their ordered place,  
Beauty shall build her palace of delight  
New every morning, Silence Buck Bellows

## Federated Clubs Plan November Nutrition Drive

At a meeting of federated club presidents and representatives in the home of Mrs. J. B. Massa on Friday morning, an organization was formed to conduct a nutrition campaign during November, the nutrition month.

Through radio programs, picture shows, distribution of balanced diet sheets, newspaper publicity, and P-T-A programs, the group hopes to make Pampa nutrition conscious.

Committees named were as follows:  
Newspaper publicity, Mmes. J. B. Massa, W. J. Foster, and S. C. Evans; P-T-A programs, Mmes. F. M. Culbertson, J. M. Collins, and Wiley Day; radio programs, Mmes. Lester Benge, F. M. Perry, J. B. Massa, and W. Purviance; balanced diet and other material on nutrition, Mmes. L. J. McCarty, R. H. Nennel, and Clarence Barrett; posters and essay writing on nutrition, Mmes. R. F. Bielefeldt, Frank Carter, and Irvin Cole.

Mrs. Benge, Mrs. Garnet Reeves, and Mrs. O. R. Humphrey were named as a committee to contact other clubs of Pampa concerning the nutrition program.

Another meeting of the group will be held Friday morning at 9 o'clock in the city club rooms.

## Betty Cree Has Part In Contest At Hockaday School

Miss Betty Cree, daughter of Mr. and Mrs. C. B. Cree of Pampa, took an active part in the song contest, one of the oldest traditions of the Hockaday school in Dallas which was held in the Highland Park town hall last week. The fifth form, of which Miss Cree is a member, won first place in the competition between the four classes in the preparatory school. The fifth and sixth forms presented their songs in collaboration.

Miss Cree's costumes were based on the Hockaday uniform as were all the costumes for the contest. One was a wide cape collar of red material while other members of the form had collars of white and blue which they wore for the patriotic songs, "America" and "God Save the King." The other was a similar collar of green material, the school color, which they wore for the song which was revived from the song contest of 1928 and their original song to the tune of "It Happened in Sun Valley" and "Chattanooga Choo-Choo." Judging was based upon originality of songs and costumes and upon presentation.

An outstanding feature of the song contest this year was the revival of an old song by each of the four competing classes. The alumnae of Hockaday who participated in the contest the year the songs were first used were special guests for the occasion.

## Birthday Dinner Given To Honor Earl Rice, Jr.

Honoring Earl Rice, Jr. on his birthday, Mrs. Rice entertained with a dinner in their home at the Brunson apartments.

The all-white table was centered with a birthday cake topped with white candles and tall white tapers flanked the centerpiece. Baskets of white flowers decorated the room.

Following the dinner, Mr. Rice opened his birthday gifts and the group enjoyed dancing. Refreshments of cake and coffee were served later in the evening.

## Autumn Recital Will Be Given On Wednesday

An autumn recital featuring piano pupils of Hugh McKimming will be presented Wednesday evening at 8 o'clock in the basement of the First Presbyterian church.

The following pupils will participate: Robinette Gay Huff, Rosemary Prigmore, Malcolm Douglas, Arlene Proctor, Dorothy Louise Riley, Clovis Lynn Proctor, Betty Jean Prigmore, Joyn Glaxner, Anna Mae Darling, Colleen Voyles, Janette Ehrbridge, Margie Brummett, Eudell Hancock, Mary Maude Rutherford, Sammie June Lanham, Carol Jeannine Perkins, Neida Joyce Davis, Francis Babione, Bobby Jack Davis, Tracy David Gray, Norma Dee Hall, and Jerry Moore.

## Progressive Club Has Meeting In Home Of Member

Mrs. S. O. Dunham was hostess to Progressive Sewing club when the members embroidered tea towels for the hostess.

Gifts were presented to the hostess by the group. Refreshments of pumpkin pie and whipped cream with coffee were served to Mmes. Otis Longbrade, Jim Crawford, Chester Johnson, Hugh Murphy, Claude Coffey, Roy Blatt, Charles Zugar, and Jim Timmons.

"MY APPEARANCE is a reflection of my feelings. I'm 19—  
—in love—and happily married," says Deanna Durbin. She is shown here with her husband, Vaughn Paul, who's also a boon companion in her beauty-building outdoor exercise.

## Deanna Durbin's Beauty Secret: "Be Happy"

By ALICIA BART  
I queried Deanna Durbin again about her beauty habits, as many of us have queried her often and in vain since she flashed up on the singing screen. And this time she answered!

"First of all," she said, "my appearance is a reflection of my feelings. I'm 19—in love—happily married."  
There Deanna uttered a clue to any girl who wants to shine nowadays when naturalness is the last word in defense-keyed glamor fashion. If you want to be beautiful, be happy. Your beauty will keep your husband's attention and your own sparkling. Of course, that's a chicken-and-egg thing. Usually you have to get his eye before you get his heart, and afterward, too, you have to keep on catching his eye!

DEANNA AND HUBBY EXERCISE TOGETHER  
Deanna is doubly fortunate here. Her bridegroom, Producer Vaughn Paul, is also a companion in beauty-building. They love the outdoors. With him, Deanna walks, she rides horseback, she swims.

"Swimming is my No. 2 beauty measure," said Deanna. "I swim—or, rather, we swim—every day, and outdoors, and far into the winter."

A private swimming pool was the first real luxury she acquired. Now she and he are planning another outdoor swimming pool, on the grounds of the low, rambling bungalow which they expect to move into by Thanksgiving.

BEAUTY ARTS  
However, even Deanna, who came to the films with a face and figure as startlingly young and shining as her purest vocal phrase, admits she has to look to her charms for herself, too. That's news. For years you couldn't get beans about Deanna's beauty routines; there was a little fiction that a girl so genuinely young and beautiful would stay that way forever, without benefit of so much as a lipstick. But now that Deanna's a young matron and starring in her tenth straight hit, "It Started With Eve," she talks right out, saying:

"Every month I have a hot oil shampoo."  
"I change my hair style constantly, because it gives the same stimulating effect that buying a new hat does."  
"I use light perfumes and toilet water. I apply lipstick with a brush, groom my brows first with a brush, and then with a tiny comb to make a clean line, and wear mascara at night—very lightly applied."

"And, don't forget an apple! Some fresh fruit every day, and usually it is an apple."  
She uses plain liquid soap to wash her hair and rinses with plain water—not even lemon or vinegar, unless she's on location where the water is hard.

In other words, Deanna sticks to the tried-and-true, "natural" beauty measures—but she does stick to them!

## Skipper Culbertson And Twin Brothers Have Holiday Party

A Halloween party was given by Skipper Culbertson and his twin brothers, Bobby and Jerry, Thursday evening at the home of his parents, Mr. and Mrs. E. M. Culbertson.

Decorating the rooms were witches, bats, pumpkins, and black cats. Typical Halloween games were played with Francis Redd winning the prize for pinning the tail on the black cat.

Refreshments were served to Francis and Jannie Redd, Robert and Patsy Lane, Lawrence and Dale Walker, Bobby and Jerry Culbertson, and Skipper Culbertson.

## City Council P-TA To Be Represented By Mrs. Boston

City Council Parent-Teacher association met Thursday afternoon in Junior High school auditorium with Mrs. Carl Boston, president, presiding.

During the business session recommendations accepted were that the president be sent to Austin as a delegate from City Council, that the National Parent-Teacher magazine be placed in the city library, and that Mrs. C. B. Haney and Mrs. W. L. Campbell be appointed to investigate theater rates for junior high and high school students.

Superintendent L. L. Sone announced that American Education Week will be observed November 9 to 15 and invited all patrons to visit their school during that week.

Mrs. V. L. Hobbs made an announcement concerning an address to be given by Dr. A. M. Myers of Canyon on "Education at the Cross Roads," November 13 at Sam Houston school.

Mrs. E. S. Hancock, Jr., president of Horace Mann; Mrs. Alice Cockrell, president of Woodrow Wilson; Mrs. Lee Harrah, Mrs. V. L. Hobbs, president of Sam Houston, and Principal Kenneth Carman of Sam Houston; Mrs. E. C. Cary, president of Junior High; Mrs. A. A. Proctor, president of Hopkins; and Mrs. Mmes. C. E. Cary, V. L. Hobbs, E. S. Hancock, Alice Cockrell, Tom O'Rourke, of Holy Souls; and Binlon for Mrs. Jess Beard of B. M. Baker.

## First Birthday Of Sharon Griffiths Observed At Party

Sharon Sue Griffiths was honored recently with a birthday party on her first birthday in the home of her grandmother, Mrs. P. M. Jenks.

Vari-colored balloons decorated the house. Refreshments of cookies, pop corn balls, and suckers were served.

Those present were Dwayne Glover, Dale Lea Guinn, Phillis Ann Barron, Peggy Ray Owens, Jerry Ray, June Ann and Jerry Koch, Mavis Hicks, Sandra and Bobby Mack Cooper, Billy Ruth Cooper, and the honoree, Mmes. Jeff Dye, Iris Barron, Tommie Clover, Mary Griffiths, George Nunley, Ed Ray, J. L. Cooper, and Mrs. P. M. Jenks.

Gifts were sent by Barbara Ann Borins, Patsy Kay Huffins, Karla Gaines, Bobby Warren, Jimmy Sexton, James Edward and Priscilla Davis, Robert Cooper, Russell Jenks, Gay Cullins, Rienee and Earl Frank Hudson, of Amarillo, Mrs. W. C. Winburn of Gladewater, Mrs. M. B. Cooper, and Mrs. Chuck Hoover.

## Patrol Two Of Troop Seven Girl Scouts Has Meeting

Girl Scouts of troop seven patrol met in the home of Mrs. A. D. Robinson Friday afternoon.

In the absence of the president, Beverly Sue Baker presided. In the business session plans were made for future scout work.

Refreshments were served to Beverly Sue Baker, Alice Jean Robinson, Barbara Norris, Edith Mae Morrow, Eudell Hancock, and Ramona Matheny.

HORSEBACK RIDING and glow in Deanna Durbin's cheeks. Plenty of it helps to keep her.

## AAUW To Sponsor Review Of "Keys Of The Kingdom"

"The Keys of the Kingdom," current best-seller by A. J. Cronin, will be reviewed by Mrs. Hol Wagner in the city club rooms tomorrow evening at 8 o'clock under the auspices of the American Association of University Women.

Critics vary widely in their opinions of this much talked of novel which for the past several months has stood at the top of the best-seller list. The story of Father Francis Chisholm, a Roman Catholic priest who spent 35 years as a missionary in China, it has been called everything from "a great religious book" to "an attack on all organized religion." Some regard it as an attack on the Roman church; others feel that the author shows a great deal of respect for that church. Cronin is himself Catholic. Some Roman Catholic publications have reviewed the book very favorably; others have literally "burned it up." Some critics term the book as nothing more than exciting reading, "escape literature," while others consider it a great moral treatise.

Mrs. Wagner says she will not attempt to pass judgment on whether or not the book gives a faithful picture of the Roman Catholic church but will confine her discussion to an interpretation of the book itself as she sees it. She will, however, present the opinions of many distinguished critics representing a variety of religious groups.

At the close of the review, the audience will be offered an opportunity to enter into a discussion of the book.

There will be a small admission charge for the review, which is open to the public, both men and women.

## Guest Night To Be Observed By Young Women

Guest night will be observed by the young married women's group of Women's Council of First Christian church Monday evening at 8 o'clock in the church. Husbands of the members will be guests.

A business session at 7:15 o'clock will precede the regular session. Mrs. Charles Ballard will preside.

Mrs. Charles Madeira will be leader of the discussion program. Each group member is asked to take food for a Thanksgiving basket.

## Holiday Dinner Planned By Busy Dozen Sewing Club

Busy Dozen Sewing club met in the home of Mrs. O. C. Brandon Friday afternoon when new by-laws were adopted by the group.

Membership fees are to be paid and each person absent will be asked to pay a fine at the following meeting. Plans were made for a Thanksgiving dinner.

Refreshments in the Halloween motif were served to Mmes. Morris Goldfine, John Wilkerson, Ralph DePee, Ennis Favors, Dale Pinson, Tom Price, Don Egerton, Grant Anderson, Bob Huff, and the hostess.

## Pampa Girl Elected As College Beauty

Thelma Osborn of Pampa, a freshman at West Texas State college in Canyon, has been elected as one of the three beauties to represent the sophomore class in the college yearbook, Le Mirage.

Each class elects three beauties and four of the final 12 are selected for prominent positions in the yearbook.

## Barbizon's "LAZY LIZZIE"

## City Council P-TA To Be Represented By Mrs. Boston

City Council Parent-Teacher association met Thursday afternoon in Junior High school auditorium with Mrs. Carl Boston, president, presiding.

During the business session recommendations accepted were that the president be sent to Austin as a delegate from City Council, that the National Parent-Teacher magazine be placed in the city library, and that Mrs. C. B. Haney and Mrs. W. L. Campbell be appointed to investigate theater rates for junior high and high school students.

Pampa's Quality Department Store

# V Notes

RED CROSS VOLUNTEERS

Volunteer workers will be glad to know that our next quota will be for the men in our own nation's armed forces. Mrs. Fred Roberts, production chairman, has been informed that although we may be asked to continue some production for foreign war relief, the major portion of our next quota will consist of "comfort articles" for U. S. soldiers, sailors, and marines who are hospitalized and those who are stationed at distant island bases. Materials to make these articles will have to be purchased with funds raised by the Pampa chapter; so don't say no to the Red Cross roll call if you want to be able to help our own men in 1942.

We cannot begin work on this new quota for our own men until our present quota is finished and we have been given till December 31 to complete it. That means we need more volunteer workers—now!

Knitwear is urgently needed to make women's sweaters, children's sweaters and suits, and men's socks. Five opportunities a week are offered for instruction and assistance in knitting: Monday, Wednesday, and Friday from 9 to 11 a. m., and Friday at 7 p. m.

Word has come from Red Cross headquarters that hospital garments are greatly needed in Britain, and our chapter has been asked to rush every hospital garment we now have completed. We shipped our full quota of 30 convalescent robes this past week. But the 34 operating gowns, 20 pairs of hospital pajamas, and 72 hospital bed shirts are still in the making; in fact, quite a few of the operating gowns have not yet been checked out. Can't we speed up the making of these garments so that Britain's cry will not go unanswered?

Woolen skirts and dresses for both girls and women are the main items left to be sewed, though there are also numerous articles for the layettes and toddler packs yet to be completed. All of the layettes were checked out at one time, but some of them have been returned unfinished, so there are still baby garments to be made.

The production room in the basement of the post office is open every afternoon Monday through Friday and on Wednesday mornings. Materials can be checked out at any of these times. Or if you cannot come to the production room, check out materials, telephone Mrs. Roberts at 772-1 and she will see that the materials are sent to you.

There are always odd bits of work to be done at the production room—sewing in labels, checking to see if garments need buttons, snips or ties and adding them when they do, sorting garments according to sizes and folding them, winding and

## HEAD-COLDS COUGH—BRONCHITIS SIPTOL

Brings you instant relief to a stuffed-up head and cold, throat irritation and hoarseness due to a cold. Siptol loosens the phlegm in the nasal cavity, soothes the throat, and makes breathing easier and checks excessive coughing.

New Fall Hats in Felt, Jersey, Velvet, and Corduroy. Composed of the biggest part of our hat stocks.

New Shipment Nylons Just Received

sacking yarn, etc. Mrs. A. Cole works faithfully at least one afternoon a week at these jobs, but she needs helpers.

Sweaters and skirts that could have been included in last week's big shipment to Britain had to be left out because the labels had not yet been sewed in them!

Five big boxes of garments were shipped last week. They included the following articles: 30 convalescent robes, 176 girls' cotton dresses, 90 men's sweaters, 10 women's sweaters, 43 children's sweaters, 10 children's knitted suits, 30 women's shawls, 25 girls' woolen dresses, 80 women's woolen skirts, and 5 women's dresses.

Cutting of garments will likely be completed this week, for only the girls' woolen dresses remain to be cut out. Mrs. Doyle Osborne, Mrs. L. Davis, and Mrs. Tom Bunting each sewed a dress afternoons this past week cutting out girls' woolen skirts, and Mrs. Joe Shelton assisted one afternoon.

The little dolls of bright yarn made by the Girl Scouts really make a difference in the looks of the children's sweaters.

New volunteers are offering their services every week. Among recent new knitters (some of them had already been helping) with other things Mrs. A. E. McAfee, Mrs. R. E. McKernan, Miss Willie Jo Priest, Mrs. J. C. Spurlock, Mrs. C. W. Bristow, Mrs. C. P. Buckler, Mrs. E. J. Hannah, Miss Margaret Jones, and Mrs. W. L. Loving.

Mrs. McAfee, spurred on by her sister, Mrs. G. W. Roff of Seagraves, who is visiting here and who has been very active in Red Cross work, also took out some sewing.

Mrs. Irvin Cole checked out three pairs of the hospital pajamas to sew, and Mrs. Robert Smith took two women's dresses.

Mrs. Melvin Roberts checked out seven girls' woolen skirts for the Coltolex Home Demonstration club to make.

Completed garments were turned in this past week as follows: Mrs. L. H. Anderson, one child's sweater; First Baptist W. M. U., five layettes and part of another; Mrs. A. W. Ammons for Lottie Moon circle of LePort Baptist W. M. U., eight women's skirts and two hospital bed shirts; Mrs. Joe Casperson, three women's dresses; Mrs. Sam B. Cook, one woman's shawl; Mrs. W. S. Dixon, one woman's sweater.

Mrs. Bill Donnell, five baby blankets and one shawl finished for someone else; Mrs. Cyril Hamilton, two women's dresses; Holy Souls Altar society, one layette; Mrs. H. H. Isbell for Civic Culture club, one child's dress; Mrs. Homer Lively, one child's sweater; Mrs. A. W. Mann, one toddler set of sweater, beanie, and mittens; Mrs. Aaron Meek, one child's knitted suit; McCullough Methodist W. S. C. S., 24 hospital gowns.

Mrs. W. E. Melton, one woman's skirt and two women's dresses; Mrs. V. O. Wyatt, two women's skirts and two women's dresses; Mrs. J. E. Ward, one woman's sweater; Mrs. W. R. Wanner, one pair socks; Mrs. Ernest Water of Noletie, one toddler set of sweater, beanie, and mittens; Mrs. J. B. White, one child's sweater.

The English sparrow is not a true sparrow.

MRS. ROY SEWELL, ABOVE, was appointed by the worthy grand matron to act as page during the grand chapter of the Order of Eastern Star which was held in Amarillo last week. At the meeting of the local O. E. S. next Friday evening at 8 o'clock in the Masonic hall, an official report will be given by the Pampa delegate, Edrie Colvin.

## The Social Calendar

**TODAY**  
LaRosa sorority will meet in the home of Miss Betty Jean Myers at 2:30 o'clock for the formal initiation of pledges.

**MONDAY**  
A. A. U. W. will sponsor a public review of A. J. Cronin's novel, "The Keys of the Kingdom," by Mrs. Ed Wagner at 8 o'clock in the city club rooms.

**TUESDAY**  
B. G. K. club will meet at 7:30 o'clock in the home of Miss Catherine Pearce for a monthly program.

**WEDNESDAY**  
Woman's Missionary society of Church of Brethren will meet at 7:30 o'clock in the church.

**THURSDAY**  
Jolly Dunes Sewing club will meet in the home of Mrs. Mack Harmon.

**FRIDAY**  
Federated club subscription group will meet at 9 o'clock in the city club rooms.

**SATURDAY**  
W. S. C. S. will meet at 8 o'clock in the Masonic hall when a report from the grand session will be given.

**SUNDAY**  
Pampa Garden club will have an executive board meeting at 9:30 o'clock in the home of Mrs. Bob McCoy.

**MONDAY**  
Girl Scout Leader Association will meet in the Scout office.

**TUESDAY**  
Twentieth Century Culture club will meet at 8 o'clock in the home of Mrs. J. M. Collins.

**WEDNESDAY**  
Vivian Sewing club will meet in the home of Mrs. Emmett Forrester, 1021 Taylor street.

**THURSDAY**  
Members and guests of Country club will have a dance at the club house.

**FRIDAY**  
Ladies Aid Society meets for program.

**SATURDAY**  
SKELLYTOWN, Nov. 1—A prayer by Mrs. David Calhoun opened the meeting of the Ladies Aid society of the Community church of Skellytown, this week when the group met at the church for Bible study.

"Foot Prints of Jesus," was sung as the opening ode. Mrs. Harold Drummond had charge of the devotional taken from the 122nd Psalm; she also read a poem by Greenleaf Whittier.

Mrs. Bert Castleberry, president, presided over the business session. The Bible lesson was taught by Rev. David Calhoun, pastor of the church.

Concluding the meeting was a prayer by Mrs. H. C. Boyd. Those attending were Rev. and Mrs. David Calhoun, Mrs. A. D. Ackerman, S. O. Dickey, Bert Castleberry, Paul Kennedy, Karl Sorenson, H. C. Boyd, and Harold Drummond.

Blisters are a device of nature to protect the tissues underneath the skin while a new skin is being formed.

## State Convention Of P-TA Will Open Tuesday In Austin

AUSTIN, Nov. 1—Hundreds of parent-teacher associations over the State are gathering here for the thirty-third annual convention of the Texas Congress of Parents and Teachers, November 4 to 6.

The theme of the convention is "The Home Dedicated." State and national authorities the field of education and parent-teacher work will attempt, in talks, panels, and conferences, to show how the home, instead of being a point of departure to school, community work, a job, recreation, and so on, should be thought of as a center of interest for these community forces. In other words, it is a "back-to-the-home" movement.

Daily themes, which will be carried out in general and special sessions, are "Essential Living Begins at Home," "The Home Prepares Youth for a New World," and "The Home is Strengthened when Parents and Teachers Cooperate."

Special addresses and panels will be as follows: "Looking Backward and Forward," an interview in which Dr. Homer P. Rainey, president of the University of Texas, Mrs. Homer P. Rainey, and Mrs. Joe A. Wesson, president of the Texas Congress participate; "Marriage and the Family," by Dr. Howard Y. McClusky, University of Michigan, associate director of the American Youth Commission, and Hogg Foundation Lecturer in Texas; "Home—The Beginning Place for Health, Defense, and National Morale," Mrs. Minnie Fisher Cunningham, United States Department of Agriculture; "The Home, Creator of Personality," Mrs. William K. Metzger of Portland, Oregon, President of the National Congress of Parents and Teachers; a panel, "The Home Prepares Youth for School" leader, Dr. Bernice Moore, sociological advisor, community and family education, University of Texas; participation, members of, Future Homemakers of Texas; "Security and Responsibility of the Child in the Home," Dr. Merl E. Bonney, North Texas State Teachers College; "The Home and Citizenship's Responsibility in the Community," Dr. Donald MacKay, president, Eastern New Mexico Junior College; "Democracy Begins in the Home," Dr. L. A. Woods, state superintendent of public instruction, and a panel, "The Home Prepares Youth for the Nation," led by Dr. McCusky, and participated in by youth and adults; a panel "The Texas Congress Looks at Itself as a Factor in the Development of Better Homes and Schools," led by Dr. Robert L. Smith, director, Hogg Foundation, University of Texas, and participated in by both parents and teachers.

Special music will be furnished by the local public schools, the university, the parent-teachers mother-singer's chorus, and assembly singing.

A dinner for the board of managers will be a courtesy of the Austin school board. A banquet, honoring past presidents of the congress, and Mrs. Kietzer, will be given for delegates and visitors at the union building of the university. Past presidents expected to be present will be Mrs. Chalmers W. Hutchinson, Fort Worth; Mrs. F. W. McAllister, San Antonio; Mrs. S. M. N. Marrs, Austin, past state and national president; Mrs. Noyes Darling Smith, Austin; Mrs. M. A. Taylor, now a national vice president, Bonham. Tribute will be paid to the late Mrs. Ella Caruthers Porter of Dallas, founder of the Texas Congress.

A drive over the city, and tea in the historic Senate chamber of the state capitol will be special features. A reception for life members of the congress will be held Wednesday night at the Driskill hotel, and at the same hour there will be a "play night" for other delegates and visitors.

Installation of officers will close the convention.

Lobsters have 20 pairs of limbs, some of which are used in chewing up food.

AN INVITATION DANCE entertaining members of the local Country club and their guests will be given in the club house next Friday evening. Music for the dance will be furnished by Joe Buzze of Waco, above, and his orchestra. In charge of arrangements for the affair are Dr. and Mrs. Calvin Jones, chairman of the entertainment committee. Other members of the committee are Mr. and Mrs. Clyde Pattee, Mr. and Mrs. Clinton Oden, and Mr. and Mrs. Glen Pool. This dance is the first in a series of social events planned for the winter months in addition to the regular dinner and dance held on the second Thursday of each month.

## Officers Installed By Phillips P-TA At Recent Meeting

PHILLIPS, Nov. 1—Phillips Parent-Teachers association met in the grade school auditorium. Kenneth Kendrick gave the invocation, followed by the audience pledging allegiance to the flag. Miss Rue Curtwright played "Over the Waves," an accordion solo. Fire Prevention week posters were displayed by Mrs. R. F. Newman, safety chairman.

Officers for the following year were installed by the past president, Mrs. A. O. Pickens. Those installed were Mrs. Robert Dunn, president; Miss Esther Rudolph, first vice-president (program); second vice-president, Mrs. Floyd McSpadden (membership); third vice-president, Mrs. Walter Fisher (finance); Mrs. Ralph Platzer, treasurer; and Mrs. W. H. White, secretary.

Mrs. Pickens talked on "Happiness Through Working Together" with cooperation as the principal theme.

Mrs. Smith, representative of the local chapter of Red Cross, gave an account of the scope of the Red Cross work, both local and national.

Colorful refreshments were served by the first grade mothers, acting hostesses. The nut cups were made by the children of the first grade.

## Bridge Entertains Cities Service Club

SKELLYTOWN, Nov. 1—Members of Cities Service club met at the home of Mr. and Mrs. J. L. Faris of Skellytown Friday evening for a bridge party.

Dahlias and other fall flowers in various colors added their attraction to the entertaining rooms where a Halloween theme was also stressed by the hostess.

High score for women in the games for the evening was won by Mrs. Frances Swan, J. L. Faris won high for men, while consolation awards went to Mrs. J. L. Faris and Pres Wilson respectively.

Refreshments of ice, hot coffee topped with whipped cream, cake and hot chocolate were served to the following members: Messrs. and Mrs. Eula Johnson, Mrs. Ruth Kries, Eula Johnson, and the hostess.

Mrs. Lillie Barns will be hostess to the club at her home north of Skellytown.

## Swingaroo Buckettes Elect New Members

SKELLYTOWN, Nov. 1—The Swingaroo Buckettes met in the home of Vida Francis of Skellytown, Thursday to elect new members.

Mary Frances Powers, vice-president, presided over the business meeting in which Earlene Matheson and Leatrice Hull were elected to membership in the club.

Plans were made for a "Sadie Hawkins party" which will be on "Mrs. Hawkins day" November 8. Designs and invitations were discussed and written.

Refreshments were served to Marine Doss, Peggy Covey, Mary Frances Powers, Glenda Davison, Dorothy Harrigan, and Vida Francis.

The next meeting will be at the home of Dorothy Harrigan, November 5.

## Week Of Prayer Observed By WSCS

MIAMI, Nov. 1—An all-day meeting and covered dish luncheon was held at the church by the Methodist W. S. C. S. in observance of the Week of Prayer for home and foreign missions. Eighteen members were present.

Mrs. W. E. Craig had charge of the program and gave a devotional during the morning period. Both home and foreign-mission work and needs were discussed by a number of members with special emphasis on the Brewster hospital at Jacksonville, Fla., in the home mission field, and hospitals and Christian literature on foreign fields.

Mrs. McKenzie gave the devotional for the afternoon.

## Primary Group Entertained At Colorful Party

A Halloween costume party entertained 40 members of primary department of First Methodist church Friday afternoon in the church.

All the youngsters joined in the grand march after which they went to the dining room for refreshments served at a table decorated with pumpkins and jack o' lanterns. Halloween favors were presented to the members.

Teachers present were Misses Dick Livingston, H. E. Boynton, O. V. Hoy, E. P. Hollinghead, Fred Kinard, and Frank Shotwell.

Mothers assisting were Mrs. Ray Nelson and Mrs. Leon Cook.

## Officers Installed By Phillips P-TA At Recent Meeting

PHILLIPS, Nov. 1—Phillips Parent-Teachers association met in the grade school auditorium. Kenneth Kendrick gave the invocation, followed by the audience pledging allegiance to the flag. Miss Rue Curtwright played "Over the Waves," an accordion solo. Fire Prevention week posters were displayed by Mrs. R. F. Newman, safety chairman.

Officers for the following year were installed by the past president, Mrs. A. O. Pickens. Mrs. Lillie Barns will be hostess to the club at her home north of Skellytown.

## Dinner Given For Night Bridge Club

SKELLYTOWN, Nov. 1—Mr. and Mrs. E. E. Stephenson were hosts to members of the Night Bridge club this week at a fried chicken dinner at their home in the Skelly Schaefer camp.

Garden flowers in attractive vases were used in the rooms as decorations for the occasion. Two card tables were arranged for the games in which Mrs. O. L. Statton won the high score award for women and O. L. Statton won high for men.

Attending were Mr. and Mrs. Joe Miller, Mr. and Mrs. J. A. Arwood, Mr. and Mrs. O. L. Statton and the host and hostess.

Mr. and Mrs. J. A. Arwood will be next hosts to the club.

## Seventh Grade Has Halloween Party

CANADIAN, Nov. 1—Fifty girls and boys of the two sections of the seventh grade were entertained at a Halloween party in the dining room of the WCTU building.

Pumpkins, spoons, and witches featured in the decorations. Bobbing for apples and various mirth provoking games provided entertainment.

Refreshments were served by the teachers, Mrs. Beulah Dyer and Miss Virginia Line, and the room mothers, Mrs. Nix and Mrs. Morgan Davie, who sponsored the group for the party.

## Contract Bridge Club Has Meeting

SKELLYTOWN, Nov. 1—Members of Contract Bridge club met at the home of Mrs. Carl Williams for their regular weekly meeting Friday.

Mrs. C. E. Smith was prize winner for the afternoon.

Fall flowers decorated the rooms and refreshments in keeping with the season were served to Misses: E. E. Smith, J. A. Arwood, E. E. Stephenson, Marshall Coulson, Verne Oglevie, Bill Adams, Earl Groberg, Joe Miller and the hostess.

Mrs. Marshall Coulson will be next club hostess.

## Schafer Sewing Club Group Re-Organized

SKELLYTOWN, Nov. 1—Skelly Schaefer Sewing club met recently at the home of Mrs. Bill Cobb, for the purpose of re-organizing.

Plans for the ensuing year, were discussed and sewing followed.

Refreshments of fruit cake topped with whipped cream were served to Misses: J. A. Orton, Glenn Smith, Fred Genett, Joe Geurin, Henry Lamb, Alvin Adams, Ray Carr, Benn Wessner, H. B. Barker, V. G. Werth, Josh Harrigan, John Rush, and the hostess.

## Mrs. Sides Hostess At Forty-Two Party

MIAMI, Nov. 1—Forty-two club was entertained in the home of Mrs. E. Sides with nine members and three guests present.

Mrs. R. E. Webster held high score for guests and a number of members tied for club high. Other guests were Mrs. J. K. McKenzie and Mrs. Dickerson.

The hostess served a colorful refreshment plate in keeping with the season.

The City Temple, London's famous church, was built in 1874. It holds about 2500 people.

# Wildcat Test To Be Drilled Near Swearengen In Cottle County

## 16 Locations Reported In Past 7 Days

Normal activity returned to the Panhandle oil field last week with 16 new locations staked and 11 new wells completed and given open flow potentials by officials of the local office of the Texas Railroad Commission.

One of the new tests was a wildcat in Cottle county staked by Bruce Sullivan of East Worth on the L. V. Anderson lease in section 24, block M, R. M. Thompson survey. The test is near Swearengen, 15 miles northeast of Paducah, and about 35 miles northeast of the Humble's dry tests on the Matador Land and Cattle company ranch in Motley county.

The Broderick, Calvert and Carter wildcat announced last week in Bailey county has been spudded in and is drilling ahead.

In Swisher county the Wiener and Courley Devers well, which has been drilling slowly ahead at a rate of 200 feet after topping two small pay formations between 2,700 and 2,750 feet.

Gray county registered nine new locations, Hutchinson six and Cottle one, hinging the total for the year to 857.

New wells included seven in Hutchinson county, three in Gray and one in Carson, hinging the year's total to 554. New oil added to the field potential was 2,151 barrels.

Two important outposts to the new Taylor Ranch pool in central Gray county were reported when Stanolind Oil & Gas company's No. 1 Lovett had 1,500 feet in the hole before a shot and the Clayton and Dwyer test in the same section flowed heavy until shut in for storage. Neither have been placed on railroad commission test.

Recent heavy rains which made several roads impassable slowed up work in the field last week. Completions by counties:

**In Carson County**  
Perkins and Prothro No. 13 Burnett, section 115, block 4, I&GN survey, gauged six barrels.

**In Gray County**  
W. H. Taylor Oil Co. No. 8 W. H. Taylor "B," section 24, block B-2, H&GN survey, tested 130 barrels.

Skelly Oil Co., No. 4 Lovett, section 26, block H-2, H&GN survey, was given a potential of 270 barrels.

Skelly Oil Co., No. 3 Taylor, section 7, block B-2, H&GN survey, tested 189 barrels.

**In Hutchinson County**  
Harvester Oil Co., No. 8 Halle, section 4, block M-21, TCRR survey, gauged 215 barrels.

Phillips Petroleum Co., No. 1 Walter, section 19, block M-16, TCRR survey, was given a potential of 261 barrels.

Phillips Petroleum Co., No. 85 Cockrell, section 3, block M-21, TCRR survey, gauged 190 barrels.

Earl E. Wherry No. 2 Harvey Sisters, section 14, block M-21, TCRR survey, tested 90 barrels.

Stanolind Oil & Gas Co., No. 3 G. B. Mathis, section 12, block L, ELRR survey, tested 148 barrels.

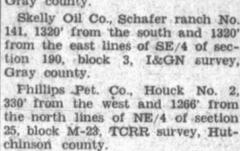

J. M. Huber No. 15 Weatherly, section 26, block Y, AB survey, was given a potential of 588 barrels.

Sinclair-Pairie No. 14 Johnson ranch, section 31, block 3, I&GN survey, gauged 42 barrels.

Intentions to drill:  
Skelly Oil Co., Schafer ranch No. 139, 440' from the south and 440'

## Bishop Seaman To Address WPA District Supervisors This Week

A district conference of supervisors of various Works Projects Administration projects in district 17 comprised of the Panhandle will be held in Pampa Thursday, Friday, and Saturday.

Highlighting the conference will be an inspirational address given by the Rt. Rev. E. Cecil Seaman, Amarillo, Episcopal bishop of the missionary district of North Texas, at a dinner to be held Friday night at the Schneider hotel.

Subject of Bishop Seaman's address will be "The Home in National Defense," and the dinner will start at 8 o'clock.

Sewing room, housekeeping aid library, recreation, and school lunch projects will be represented at the conference. Mrs. Albert Walker, Amarillo, district director of the division of community service programs of the WPA, will be in charge.

First day of the conference will be devoted to the discussions of questions common to all projects. On the second day meetings will be held in relation to project types. Recreation and library projects will be in charge of the program on Thursday. This will be a "fun fest," with a "chicken-in-the-rough" dinner tentatively planned, games, and folk

## Thursday Program

9 to 12:30 p. m. The theme for the entire day will be "The Home in National Defense." Family Strengths, Mrs. Albert Walker; "Government and the Home," Frank S. Peterson; "Education and the Home," Mrs. Georgia Short.

Luncheon meeting 12:30 to 1:30 p. m. Book review of "The Family," Nida Fedorova, Elsie B. Guthrie. Afternoon program, 2 to 5 p. m. Work Projects Administration and the Home.

I.—Panel discussion: "Food and clothing in home building." Ima G. Jewberry, district supervisor of school lunch projects, leader. Participants: Mrs. Mary L. Moore, assistant project supervisor of Potter sewing room; John E. Rowland, district supervisor of surplus commodities project; and three lunch supervisors.

II.—Panel discussion: "Raising Standards of Living." Joyce Harvey, district supervisor of housekeeping aid projects, leader. Participants: Mrs. Adele B. Ball, district supervisor of health service projects; Mrs. Kathleen H. Jones, project supervisor of Wellington housekeeping aid

## Skelly Band Makes First Appearance

SKELLYTOWN, Nov. 1.—The following assembly program was presented this week at the Skellytown grade school auditorium.

The initial appearance of the school band which rendered several numbers under the direction of W. L. Waggoner, band director.

Two saxophones and a clarinet trio composed of Jeannine Conyers, Gwendolyn Boyd and Lota Mae Hughes, who played "I'll Take You Home Again Kathleen;" a clarinet duet, "Massa In The Cold, Cold Ground," by Paul Colman and Don-

ald Franks; a saxophone solo, "Dream of Love," by Lota Mae Hughes, accompanied at the piano by Mrs. John Beighle.

The program was concluded with a march, "College Boy," by Harold Benett, was played by the band.

## Hi-Y Organizations Install Members In Candlelight Service

A group of Pampa Junior High school students became members of Hi-Y and Tri-Hi-Y clubs at an induction service performed by students from Phillips at the Presbyterian church here Tuesday night.

The induction service marked the beginning of the Hi-Y and Tri-Hi-Y work in the junior high school. These organizations have a three-fold purpose as objectives, namely: (1) To create; (2) maintain; and (3) extend throughout the school and community high standards of Christian character.

Attending the impressive candlelight service, besides the visiting clubs and their sponsors, were the Rev. Robert Boshen, parent of the Pampa students, H. L. Nichols of Amarillo, who is secretary of the Y. M. C. A. in the Panhandle, and Mrs. Nichols; and Jennings Plathiers and Miss Ruth Barton, sponsors of the local clubs.

The boys and girls who became members are: Rosemary Hamilton, Lennis Boren, Louise Miller, Florence Dillman, Elsie Ruth Graham, Juanita Kirbie, Nadine Kelley, Wanda Gordon, Jeannine Hamilton, Juanita Nice, Alexia Brown, Viola Bass, Geneva Dittmeayer, Magha Jaynes, Dorcie Fern Bullard, Orma Jean McCarty, Joella Shelton.

Dorothy Johnson, Elizabeth Sturgeon, Doris Shackelford, Violet Foster, Lucille Smith, Freddie Brock, Betty Brown, Erma Lee Kennedy, Patricia Kelley, Myriam Lyles, Elsie Jean Anderson, Bobbie Louise McClendon, Bonnie Baggett, Pat King, Don Stevens, Claude Appleton, Delmer Belflower, Richard Barnard, Jene Bain, Louis Neighbors, Billy Martin, Johnnie Miller, Russell Neef, and Carl Gilchrist.

## Reorganization Of "Guards" Started

ORANGE, Nov. 1 (AP)—The Bengal Guards, nationally-known musical and marching unit of Orange High school, have reorganized and set out to show H. J. Litcher Stark, their millionaire backer, "that we are loyal," Eleanor Beaty, president of the Guards, said today.

Starr's Duck Luck  
WHEELER, Ore., Nov. 1 (AP)—A flock of geese nosed overhead and excited 16-year-old Robert Starr stumbled and fell, his gun discharging. Three geese dropped at his feet.

HISTORICAL DRAMA, LIFE OF NEWSPAPER TYCOON TOP FILMS

Orson Welles Greatest Artistic Achievement, "Citizen Kane"

By BROWNWOOD EMERSON "A 25-karat artistic achievement, a screen event of the first magnitude."

"Brilliantly projected historical story, tops in all departments." That describes the two top-ranking films on Pampa screens this week, the first, "Citizen Kane," current at the Crown, the second, "That Hamilton Woman," showing today, tomorrow, and Tuesday at the La-Nora.

Briefly, the first mentioned picture, "Citizen Kane," is a biography of Charles Foster Kane, publisher of the flamboyant crusading New York Inquirer, and greatest of all American newspaper tycoons. The romance of England's greatest naval hero, Lord Nelson, and Emma Hamilton, is the plot of "That Hamilton Woman."

Pure Genius Speaking of the Orson Welles Mercury Theater production, The Film Daily says:

There is something of a hint of pure genius in the way that the picture gathers together the threads of Kane's personal cavalcade to form the complete pattern. Essentially dramatic, here and there melodramatic, the story is not without its flashes of humor, as brilliantly plotted as the real life. And as Kane, the man who made history and himself lived to become history, moves through compelling chapter after chapter there is a tremendous play upon the auditor's emotions. Hate Kane? Yes, perhaps. And yet so cunningly has Welles spun his saga and created his complex character, that the last impression is sympathetic.

This reaction is keyed with nicety in the sequence where William Alland, a reporter, interviews Kane's second and divorced wife, Dorothy Cominsore, who certainly had reason enough to hate him. Sorry for him? "Of course," she says. No elaboration—just that. It is the deft application of such touches, both in dialogue and in business, that Welles carries the torch for Hollywood.

Welles begins his story as Kane, alone save for an army of servants, lies on his deathbed in his fabulous castle, "Xanadu," atop a man-built mountain in Florida. Dying, he whispers, "Rosebud." "News on the March" (which could be the March of Time) produces a biographical newscast. Previewed for the staff, the editor finds it lacking, suggests that the proper angle might be found if the meaning of Kane's last word could be ascertained.

Among Year's Best In "That Hamilton Woman," United Artists have a splendid picture on all counts, one which will probably rank high among the outstanding pictures of the year, and certainly as fine a film, if not the best, that Alexander Korda has ever offered to the public.

The romance of Nelson and Emma Hamilton is one of the great stories of all time, and if that is not enough, Nelson's biography as England's greatest Naval hero is a great story in itself.

Altogether, with the accent more on the romantic aspect and the life of Lady Hamilton, the story is a stirring and moving panorama of history and romance with a gripping climax that depicts the battle of Trafalgar.

Korda has staked nothing in affording the picture a lavish background that is realistic from start to finish, with tremendous detail noticeable in the picture.

In speaking of the players, it must first be said that the cast as a whole is brilliant. Vivien Leigh is superb as Lady Hamilton, nee Emma Hart.

Her every mood is perfectly shaded, her execution of lines is flawless, and she plays the role with sincerity, sympathy and complete understanding of the characterization. Oliver as Nelson is just as brilliant.

★ ★ ★

Youth Guides Adults Kansas And Tropics

Laugh-provoking efforts of a pert young schoolgirl and a swaggering schoolboy-sophisticate to guide their errand adult relatives from the pitfalls of love is the unique plot of Universal's "Double Date," a modern comedy, featuring Edmund Lowe, Una Merkel, Peggy Moran, and Rand Brooks. It's at the La-Nora Wednesday and Thursday.

Zane Grey Western George Montgomery plays the part of a Texas cowboy on the lookout for the man who ran away with his married sister, in 20th-Fox's 66-minute "Riders of the Purple Sage." He arrives at the Arizona ranch owned by Mary Howard.

Under the guise of vigilance, Robert Barrat attempts to get control of the ranch and water rights. Barrat turns out to be the man Montgomery is looking for. This action-laden western opens a three-day run today at the Rex.

Cops And Robbers Melodrama "Highway West," with Brenda Marshall, Arthur Kennedy, Olympe Bradna, Warner, 63 minutes, at the Rex, Wednesday and Thursday.

Story deals with an escaped gangster, Arthur Kennedy, who flees to an auto camp which his wife, Brenda Marshall, is operating successfully. Her husband, killed by his deeds, Miss Marshall is forced to simulate returning affection for him to protect her younger sister, Olympe Bradna.

Desperate for money, Kennedy holds up an armored pay truck which goes by the auto camp. William Lundigan, fish warden, who has been courting Miss Marshall, gets to the auto camp in time to kill Kennedy.

While a pantler polishes a brass

Blackmailer Joan Crawford is seen as a blackmailer with a horribly scared face, then as a potential murderess with her facial beauty restored by surgery, in Metro's "A Woman's Face," on the State screen Wednesday and Thursday. Adapted from an European play and directed by George Cukor.

Battling Engineer Johnny Mack Brown's newest two-run saga, Universal's "Bury Me Not on the Lone Prairie," shows Brown as a mining engineer who battles to avenge a series of murders, perpetrated by claim jumpers. It's at the State Friday and Saturday.

Robbin Coons, Associated Press writer, gives this interesting sidelight on "Citizen Kane," current at the Crown: "I'm sure 'Citizen Kane' had nothing to do with it, but it's odd how many movie sets you'll find nowadays boasting ceilings, once comparatively rare. It's odd, too, how with enthusiasm many directors and cameramen are striving for unusual photographic effects and lighting."

Gregg Toland, who photographed "Kane" for Orson Welles, shot the Bette Davis film, "The Little Foxes," and you can look for more cute tricks. Like this one:

Washington's cherry trees blossom out of season because of high October temperatures, and Renee Stuart dons bathing suit because of the heat wave.

IN "CITIZEN KANE," showing Conrad penned his novels. It is the story of a newspaper publisher, an absorbing dramatic story which holds audience interest for 120 minutes, with an array of brilliant characterizations, magnificent direction, and outstanding photography.

PARAMOUNT'S AVIATION picture, "I Wanted Wings," has three crashes, three flying fields (Kelly, Randolph, and March), plus Veronica Lake, the blonde bomber. Shown above is the

finish of a hedge-hopping flight in the film, showing today and tomorrow at the State. Wayne Morris is the pilot who crashes. Beside him are Ray Milland, left, and William Holden.

plate on the exterior of a bank building, a horse and wagon approaching the curbstone are reflected in the brass. Passengers are Teresa Wright, the pretty young thing from the stage, and her "mamma," Jessie Grayson.

The scene is played entirely in the brass "mirror," with the janitor speaking his line in the foreground.

"That's doing it the hard way, but William Wyler, the director, and Toland aren't going to let themselves be "out-innovated."

Ruth Warrick, the first Mrs. Citizen Kane, was overshadowed in the movie by Dorothy Cominsore, but RKO gave her the build-up. New tests showed a personality, looks, and voice which her character in "Kane" could not exploit to good advantage.

Friday and Saturday: "The Kid From Kansas," Leo Carrillo and Dick Foran.

STATE Today and Monday: "I Wanted Wings," Constance Moore and Ray Milland.

Tuesday: "Ringside Males," Ann Sothern.

Wednesday and Thursday: "A Woman's Face," Joan Crawford and Melvyn Douglas.

Friday and Saturday: "Bury Me Not on the Lone Prairie," Johnnie Mack Brown.

Oregon County Wants To Join California SACRAMENTO, Nov. 1 (AP)—Oregon's mineral-rich Curry county can go ahead and secede to California—that is, if it's all right with Oregon.

But there's the snag, Gov. Culbert Olson of California told a delegation of secessionists yesterday that their first step should be to obtain Oregon's approval. This undoubtedly would be hard to get.

The governor, who has expressed willingness to have the county join California, promised however to help attract the attention of federal officials to the county's vast lumber and mineral wealth which, the secessionists contend, Oregon has failed to develop adequately.

CROWN STARTS TODAY Here's A Picture You Must See! Don't Let Anything Interfere—Come Today—ORSON WELLES JOSEPH COTTEN DOROTHY COMINGORE Also Short Subjects and NEWS

PDN Radio Chat

Bill Brown, the regular Skipper of this post, the "Radio Chat" decided to sojourn to Lubbock yesterday to bring you the play-by-play account of the Pampa Harvester and Lubbock Westerner game—and left the business of this column in the hands of the "gals" around the studio.

Now you've heard speakers say "unaccustomed as I am to public speaking—etc." might I say "unaccustomed as I am to writing a column"—for actually this is the first time I ever undertook to do a job such as this.

This column was started by talking about football and we wish to say that it has been with a great deal of pleasure that KPND, with the cooperation of the local business firms, has been able to bring you the games of the Pampa Harvester and hope that you are enjoying receiving them over your radio as much as KPND enjoys bringing them to you.

Let's all show our appreciation by going in and thanking those business firms that have made these broadcasts possible . . . and don't forget, there are still three important conference games yet to be played, Plainview at Plainview, Amarillo and Borger here—that will be brought right to you, there—in your easy chair, in your living room, by your radio, in the same way.

There is one subject around the studio that a couple of us never tire of talking about—and we ponder it you'll find if we mention it again? That's our Sunday All Request Hour—where you telephone in your requests. I picked on the Sunday Request hour for I'm more familiar with that one—being one of the voices on the other end of the line that takes your request. Now the studio appreciates your calls very much for in that way we learn more and more about the music you like to hear on the radio—so keep your calls coming in. However, there is a little suggestion I would like to make. No offense, of course—and here is the suggestion. That you have in mind the number you want before placing your call—and when you get the station that you speak clearly and slowly, for all requests are written in long-hand so that the announcer can read them, and mainly be sure and give the girl a chance to write the request down before hanging up. In this way you'll be sure of getting your request listed among the many others and getting it listed right. Now let's forget about the All Request Hour for a while and here's hoping to hear from you 'round about 9:45 each Sunday morning with a request for your favorite number.

Don't know if you've heard it or heard about it—but KPND now carries a classified ad program each week day at 10:30 in the morning and 5:30 in the afternoon. A program that carries items about almost everything from lost and found to news about selling, buying, trade or rent. The name, oh yes, it's the Trading Post of the Air. Be listenin' in the morning at 10:30, you might hear an item that would be of special interest to you.

Just recently, you'll note, that KPND is turning more and more to popular music programs . . . and Ray Monday, our capable program director, is keeping the music files up-to-date with the very latest pieces. Our most recent additions to the music files include "B-I-B-I," "In a Persian Market," "City Called Heaven," "Shepherd's Serenade," "By-U-By-O," and many, many others that you have requested from time to time and we have been unable to get up to now.

With the holiday season close at hand, KPND is planning bigger and better programs in keeping with the season. Can't say much about the plans now—but you'll be hearing about them as time goes on through this column . . . and they are programs that are sure to meet with your approval.

This just about concludes the chatter from the station—so—thanks a million, Bill—and so long until you let me have an opportunity like this again.

—Dean Weiss

Bomber Flies High England Faces Food Shortage, Evans Asserts

This curvaceous creature called variously Alexis Smith and Blond Bomber is higher in Hollywood's stratosphere than a Flying Fortress after meeting sweet success in her first starring pictures.

At one time Tennessee, the famous English writer, turned down an offer of \$5,000 for composing Christmas card verses.

England Faces Food Shortage, Evans Asserts

A serious food shortage threatens England, farm leaders of the Parthian were told at a "Food For Freedom" meeting held Thursday and Friday in Amarillo, at which C. L. Thomas, of Pampa, state AAA committeeman, presided. Attendance was 300.

Milk, among other foods, is becoming a rare food in England. At hotels milk is only served to children. Golf courses and parks have been plowed up for gardens, the conference was told, according to Irvin W. Cole, chairman of the Gray County U. S. D. A. Defense board, and one of the Gray county group attending the meeting.

A follow-up of the district meeting will be four gatherings of farmers to be held tomorrow and Tuesday over the county.

Governor Coke R. Stevenson has proclaimed November 3-9 as "Food For Freedom" week in Texas and urged all Texans to cooperate with the Texas U. S. D. A. Defense board to increase production of greatly needed foodstuffs.

Schedule of Meetings Gray county farmers will respond to this call by attending the meetings to be held at 7:30 o'clock tomorrow night in the county court room in Pampa, and at the same time in the high school auditorium at McLean; at 7:30 p. m. Tuesday at the Laketon school, and the same time at the Grandview school.

Ralph R. Thomas, Gray county farm agent, will be in charge of the meetings at McLean and Laketon.

Coward Fined For Violating Defense Finance Regulations

LONDON, Nov. 1 (AP)—Noel Coward, the playwright, was fined £200 (about \$800) and £20 (800) costs today for violation of Britain's wartime finance regulations.

The fine was levied on the first of three summonses charging violation of defense finance regulations. The others were marked "no separate penalty."

The playwright's counsel contended that he was "morally innocent" and that, being a man who was "bordered with business," he was unaware of regulations. He explained that Coward had been in England only six weeks from the beginning of the war to May, 1941.

He said Coward left his business in the hands of others and it was a "staggering blow" when he was accused of evading responsibility and hampering the war effort by living extravagantly when he should have been contributing to the treasury.

He added that his client could not pay a "large fine." This statement was made before the levy of £200 was announced.

"I'm no saint---but..." Asked? There were many men in my life before I met him... I was young... I loved in men until I found out they were all alike... but I never deceived anybody by pretending I am what I'm not! ALEXANDER KORDA Vivien LEIGH Laurence OLIVIER That Hamilton Woman! Should I use my savings to buy U. S. Defense Bonds? In offering these bonds the Treasury has stated repeatedly that the Series E type, commonly called the "people's bond," should be purchased from current income. The dual purpose of financing defense and curtailing current non-defense buying by consumers is accomplished. Withdrawal of excess savings may be sound in many cases, but it is obviously neither wise nor desirable to dip into your cash reserves to such an extent that you will have to redeem bonds to meet emergencies. By all means buy Defense Bonds—from income. Buy UNITED STATES DEFENSE BONDS AT THIS STAND First National Bank In Pampa Capital Account Over \$350,000 Member Federal Deposit Insurance Corporation

### Dr. Ridgeway To Preach Last Times Today

Sunday services will mark the close of the special evangelistic meeting being conducted at the First Baptist church by Dr. Elmer Ridgeway of Oklahoma City.

In announcing the closing services of the meeting Dr. C. Gordon Bayless, pastor, said, "Pampans will have their last opportunity to hear one of America's greatest preachers when Dr. Ridgeway speaks at 10:50 a. m. and 7:30 p. m."

The visiting pastor-evangelist is noted for his eloquence and humor as well as for being a powerful preacher, the First Baptist pastor said.

Fine attendance marked the campaign that was hindered throughout the two weeks by inclement weather. In spite of hindrances the meeting was said to be one of the most successful the church has had and many united with the church.

Dr. Bayless reported that "The Door of Destiny" will be the Rev. Ridgeway's sermon subject at the 10:50 a. m. service and the evening topic will be "The Doom of Delay," it was announced.

Special music by the large chorus choir under the direction of H. Paul Briggs will be a feature of both services Sunday, Dr. Bayless said.

### Steak Dinner Held By Principals Club

MIAMI, Nov. 1.—The "P" club, composed of superintendents and principals in Gray, Hemphill and Roberts counties, met in Miami Tuesday night for their regular monthly session, and luncheon. No planned program was carried out as informal discussion of school problems is a main objective of the meetings.

A steak dinner was served to 14 members by the freshman home economics girls in the department dining room.

Present were L. L. Sone, D. F. Osborne, W. Savage, J. A. Meek, J. H. Jones, E. W. Oabe, H. A. Yoder, from Pampa; Huey Laycock, from Hopkins; E. R. Reeves, J. H. Duncan and J. D. Fonburg, from LeFors; E. M. Ballengee, Edwin Sleuder, J. I. Willoughby and Zack Jagers of Miami.

The next meeting will be in Canadian the last Tuesday night in November, the 25th.

Santa Fe is a contraction of "La villa real de Santa Fe de San Francisco" or "The royal town of holy faith of St. Francis."

### Meet the Men Who Run the War for Britain

Pictured in the grounds of No. 10 Downing street are the leaders of Britain's war cabinet, left to right, seated: Sir John Anderson, minister of home security; Prime Minister Winston Churchill; Maj. Clement Atlee, lord privy seal; Anthony Eden, foreign secretary. Standing: Arthur Greenwood, minister without portfolio; Ernest Bevin, minister of labor; Lord Beaverbrook, minister of supply, and Sir Kingsley Wood, chancellor of the exchequer.

### Room Mothers Named At Miami

MIAMI, Nov. 1.—Room mothers appointed by the P-T. A. for the grades in the elementary department of Miami schools for the ensuing year are Mrs. Henry Hoffer, Mrs. C. V. Wilkinson, first; Mrs. Frank Russell, Mrs. Clyde Hodges, second; Mrs. Alfred Cowan, Mrs. E. G. Ehmman, third; Mrs. Art Evans, Mrs. Willie Wade, Mrs. George Philpott, fourth.

Mrs. Van Webb, Mrs. Orgille Smith, fifth; Mrs. Lee Kitchen, Mrs. Taylor Cole, sixth; Mrs. J. O. Duniven, Mrs. Porter Pennington, seventh; Mrs. W. D. Allen, Mrs. Hall Nelson, eighth.

**Long Term**  
James Wilson of Iowa set the record for U. S. cabinet tenure, serving as secretary of agriculture for 16 years, under William McKinley, Theodore Roosevelt and William Howard Taft.

Toadstools on your lawn usually mean that the soil is weak in minerals.

### Join the Navy and See Rita

Designers for Navy recruiting posters should get some new ideas from this picture for it shows one of their boys, Fire Controlman, 2nd Class, John R. Heckler, doing all right dancing with Rita Hayward, movie lovely, in New York.

### WD Honor Society Tolds Initiation

Special To THE NEWS  
WHITE DEER, Nov. 1.—Eight new members were received into the National Honor society at its formal initiation held Tuesday evening in the high school speech room.

Glenn F. Davis, principal, played the processional as the honor society members and pledges entered.

William Franks, acting president, welcomed the guests and pledges and introduced Beatrice Haiduk, Max Helen Pickens, Mary Elizabeth New, and Pauline Darnell, who spoke on the four principles of the society, scholarship, leadership, service and character.

Chester Strickland, superintendent, gave a short inspirational talk.

Nadeane Romack and Dallen Kotars lighted a candle for each new member and presented each one with the club colors, blue and gold.

Max Helen Pickens, Alma Ruth Edwards, and Beatrice Haiduk, accompanied by Mr. Davis, sang "I Would Be True."

Dallen Kotars and Nadeane Romack presided at the refreshment table which was centered with a bouquet of yellow marigolds in a blue pottery bowl and lighted with yellow candles.

The initiates were Alma Ruth Edwards, Adrian Haiduk, Margie Davis, Chester Williams, Geraldine Walker, Billie Ruth McDowell, Leon Nicholson, and Jacquelyn Simmons.

Fifty six persons were present, including the members and initiates, their parents, and the high school faculty members with their husbands and wives.

**Termite Were Useful**  
In the days before man needed timber, termites served a useful purpose on earth by breaking down dead wood tissues and restoring them to the soil.

### White Deer Honor Roll Numbers 61

Special To THE NEWS  
WHITE DEER, Nov. 1.—Sixty-one students were listed on the high school honor roll for the first six weeks of the year.

Under the new grading system adopted this year, one must make 12 grade points to be listed on the roll. An A counts 3 points, a B two, and a C one. This new plan encourages pupils to widen their interests by taking such courses as music, band, and chorus, and also encourages those who do take only the five required subjects to raise their standards of work.

Ellie Ruth McDowell, a junior, led the honor roll with 19 points. James Beck, Beatrice Haiduk, Kathryn Pirce, Phyllis Shuman and Mildred Warminski were next with 18 points each.

Others on the list were Peggy Ann Covey, Shirley Jean Evans, Faye Morehead, Ralph Pauley and Eula Mae Stovall, 17 points; Nelrose Horton, Dorothy Behrns, Erma Lee Morris, Max Helen Pickens, and Louise Price, 15; Jean Boyd, Billy George Clements, William Franks, Juanita Gray, Leatrice Hull, Lou Alta Harlan, Clotis Imel, Glorine Reim, W. D. Stalls, La Vone Taylor, and Chester Williams, 14; Wilma Jean Adams, Buddy Biggers, Marilyn Brown, Wanda Faye Brock, Billy Carey, Pauline Darnell, Adrian Haiduk, Marjorie Morris, Mary E. New, Eunice Nash, Billie Louise O'Neal, Gene Roy Powers, Nadeane Romack, Ann Srygley, Geraldine Walker, and Eula Mae Werth, 13; and Ann Arwood, Jimmie Boyd, Alma Ruth Edwards, Laurence Hester, Betty Jo Dunn, Noma Lee Kreis, Geraldine Lovingsgood, Erlene Matheson, Ouida Neil Overstreet, Izella Rogers, Bobby Shipley, Mary Ruth Slavens, Billy Joe Setts, Bonnie Satterfield, Vancil Stone, Maxine Vaughan, Leatrice Wills, and Fred Wills, 12 points.

### Flashes Of Life

(By The Associated Press)

**Dangerous**  
PITTSBURGH—Speeding 75 miles an hour to investigate a report about "A man with a gun," Police Lieut. Arthur Baker was astounded when another car whizzed past him.

"I forgot the man with the gun and nabbed the man in the car," Baker explained to a judge. "I thought he was more dangerous."

The motorist, a young fellow without a driver's license, drew six months in jail.

**Wrong Course**  
PHILADELPHIA—Kappa Sigma fraternity members almost were convinced that a youth apprehended in their house before dawn was an engineering student, as he claimed, at nearby Drexel Institute, who was looking for a friend.

Then someone asked: "Have you got to turbines yet in your course?"

"Turbines?" came the reply. "What would an engineer be doing with women's hats?"

Magistrate John Morloch ordered him held in \$1,000 bail for further hearing.

**Mechanized Rodeo**  
MOBERLY, Mo.—The first nippy morning of the season found Charley Hopson pushing his car to get it started.

It started, all right, and headed for a fence. He dashed around in front to stop it.

Friends, attracted by his shouts, pried him out of the fence several minutes later, shaken but uninjured.

**ELKHART, Ind.**—Last year Emerson Martin, fishing in Wood Lake, Michigan, lost a rod and reel.

This year Martin, fishing in Wood lake, Michigan, caught a six-pound bass and won first prize in a fishing contest—a rod and reel.

SERIAL STORY

MURDER IN PARADISE

BY MARGUERITE GAHAGAN

Copyright, 1941, NEA Service, Inc.

**THE STORY:** Suspicion finally points to pretty Jeanie Morris when a third murder is added to the killings that have quiet Paradise Lake since. In the thick of things is Mary O'Connor, who discovered, with her mother, Maudie, the body of Herbert Cord, whose police believe was killed by a man named Veretti. Maudie finds the body of Miss Millie, Jeanie's spinster aunt and second of the victims, and Mary and Jeanie discover that of Lisa Holmes, who had been Miss Millie's maid. Many people at Paradise believe Jeanie killed Cord, who had courted her for two summers only to bring Margie Dixon to Chris Gordon's inn this year as his fiancée and then her aunt, who had violently objected to Jeanie's interest in Cord. Local editor Ted Palmer, who loves Jeanie, furnishes her with an alibi the first time, but she has none for the subsequent murders. Police arrest Jeanie and Maudie, confining suspicious of Mary and reporter Dennis Friss that she was withholding information, decides to act.

giving her nips from Denny's bottle, we finally managed to put the pieces together. Denny listened with one eye on the clock, conscious of deadlines, and I listened with a sick horror at just how close she had come to sharing the fate of Herbert Cord, Miss Millie, and Lisa Holmes.

If she hadn't always leaned over backward to be honest, tolerant, and cautious in placing the blame, many things might have been different, but she had gone according to her own code and her own conscience and who were we to decide whether or not she had acted wisely.

It had all gone back, naturally enough, to the night we found Herbert Cord's body lying sprawled on the mint bed. It was while she was bending over to put McCool's harness on that she saw the lucky piece shining in the unsteady beam of the flashlight I was holding.

"I remembered seeing it that day at the inn," she said. "He and Chris Gordon were tossing it. You know, heads or tails for a beer. I got the idea it was Gordon's. I don't know why I picked it up, but I did. And when I phoned from Miss Millie's I asked her if she knew anything about Gordon."

Apparently that question had struck home. Miss Millie had gone pale and with a desperation no one would have suspected, told a lot of things.

"She'd known Gordon for years," Maudie said slowly. "Once they had been in love. She called him Kit and said they had hoped to get married. And there was a quarrel."

"From what she said I guessed he liked to gamble a bit, and he'd made a bet and lost the money that would have made it possible for them to go away together. It must have been a blow to her. Anyway it was the end of their plans."

"Then, this summer, she saw Jeanie eating her heart out because of this Cord. She heard enough to believe he wasn't much good and the night of the murder she went to Gordon to ask him to get Cord to leave the inn. She felt if he went away, Jeanie would get over it."

she went to him after all those years.

"So you see, when she heard that Cord was murdered, Miss Millie was frantic. She thought Chris Gordon had quarreled with him. She thought he killed him, probably in self-defense. Still we didn't know, and so we decided to say nothing. She hoped she would be able to talk to Chris Gordon herself."

"But Gordon didn't kill Cord, Maudie, dear," Denny interrupted. "Stush Veretti did. He confessed an hour ago. I just heard it over at the police post. It was a number angle, just as I said."

Maudie nodded wearily. "But we didn't know that then. Well, Miss Millie couldn't see Gordon right away. In fact it was after the inquest before she had a chance, and they decided to meet down on the pier where no one would see them." She shuddered at the remembrance.

"I don't guess what happened exactly, of course, but I guess she accused him of killing Cord. She said she had never meant him to do anything like that—merely have Cord check out of the inn and go away. Gordon said he wasn't guilty, and she reminded him that he had lied to her before—back when they were young and in love. He said she hadn't forgotten a word of that meeting more than 25 years ago, and she was bitter. He said she threatened to tell the police because murder was murder; he'd killed her love once, and now he had killed a man."

"Gordon said he lost his head, and I can understand that. He thought she was just hysterical, but he didn't want her running to the police because he had gambled with Cord and was in for quite a lot of money for a little town innkeeper. He supposed that would be enough cause for the police to hold him."

Her voice was tired, but she kept on talking and looking out across the lake.

"Well, he hit her. She fell and started to scream. He said it was then he used the stone. He must have gone a little crazy because while he was telling me his poor eyes were tortured I guess he had always cared for her, despite the fact that she had totally ignored him all these years and had grown into a domineering, autocratic old woman."

"But he killed her and realized it too late. He shoved her in the boat and pushed it out in the lake. And that was how I found it—drifting."

GORDON'S SECRET

CHAPTER XXIV

I GOT there in time to hear the shot, but it was some time before I managed to gather enough of the details to complete the picture.

Maudie had left in such a hurry that I couldn't possibly chase after her. I had been so busy getting Jeanie away I hadn't had time to change from my pajamas. When Maudie made her dash I had to change into a dress, slap some powder on my nose and then fight with McCool, who didn't relish the idea of being shut up alone.

Yes, it must have been 15 minutes before I was able to start out; then I didn't know where to go. All I knew was that she had determination in the set of her shoulders, and so I felt I must find Denny. He'd know what to do, and the way to find him was to get on the phone and start calling. Probably the State Police Post, I thought, running down the road that had once stood for rustic beauty but which during the past two weeks had become a highway to melodrama of a kind I'd never anticipated.

I arrived at the inn breathless and confused. Then I heard the sudden report of a gun as I pushed the screen door open.

BACK in the cottage an hour later, with Denny and me trying to keep Maudie calm by applying cold cloths to her brow and

by a steady stream of other cadets moving out to join the fleet at an average of 10 a day or 300 a month. By the end of 1941 there will be more than 2,000 students in training, requiring approximately 600 instructors.

Corpus Christi Air Station Graduates First Cadet Class

Special to THE NEWS

CORPUS CHRISTI, Nov. 1—Uncle Sam's great \$50,000,000 "University of the Air" sprang over 14,000 acres of nearby Gulf coastland, from which the first group of flying cadets was graduated today, may truly be called the world's largest naval air training station.

When 45 strong, lean, bronzed young men received their "wings of gold" and commissions in the United States Naval reserve from Captain A. D. Bernhard, commanding officer, they marked the setting of a record for air training never approached before.

A youthful lads just out of col-

lege, they entered training last March. Today, eight months later, they are moving out to join the first line of defense as finished fliers of every type of plane the navy uses in the nation's defense.

These young men will be followed
