PANHANDLE ALLOWABLE TO STAND

HAND-SOME

Maria Paudler had fame at her finger-tips when she applied for work in German films. For her lovely hands attracted the attention of producers who gave her occasional small parts to play. She handled every role handily—and now has been handed a job as a star.

The Leaves Turn

This is the time appropriate for New Year's resolutions. Now is when we are supposed to think over our shortcomings and resolve to do better. But before thinking up our own resolutions, we are going to write a few for other people.

Some Resolutions

President Hoover: I resolve to confess that I don't know what to do about the depression, nor how to get rid of Andy Mellon.

Patrick Hurley: I resolve to make no more campaign speeches for Hoover until my state (Oklahoma) gets the benefit of an oil tariff.

John Garner: I resolve to break fewer gavels with my arms and to lash more Republicans with my tongue.

Gandhi: I am going to confess that I like Tuxedos and silk hats as much as any Englishman, but my racket would collapse if I didn't dress like an African head-hunter.

Vice-President Curtis: I resolve to tell the truth in 1932, even if I do have to admit that I thought the easiest way to retire from politics would be to run with Hoover again.

The Pope: Yes, I'll admit I had no hope of uniting Protestant and Catholic churches, but it sounded good, anyway.

Bishop Cannon: I am going to confess that I hope to beat this investigation so that I can raise another nice campaign fund to tide me and prohibition through the next four years.

Prince of Wales: I resolve to think hard and try to get up some publicity stunt as

(See PAMPA, Page 4)

THE WEATHER

WEST TEXAS: Fair tonight and Friday; frost tonight in southeast portion.

OKLAHOMA: Fair in west, cloudy and unsettled in east portion, probably snow flurries in northeast portion tonight; slightly colder in east and central portions tonight; Friday generally fair.

—AND A SMILE

LEES SUMMIT, Mo. (AP)—You'll get a kick in the pants if, being a member of the newly organized Polyanthus club, you mention dependence to any other member. The

TARIFF ON OIL IS OPPOSED JAPS ARE NEAR CHINCHOW NOW

NO RESISTANCE IS OFFERED BY CHINESE ARMY

PUSHING TOWARD
THEIR GOAL

NANKING IS DISPLEASED

CHANG IS ORDERED TO
RESIST BUT HE
DISOBEYS

BY GLENN BABB
MUKDEN, Manchuria, Dec. 31. (AP)—Japanese cavalry, advance guard of General Tamon's column, reached the banks of the Taling river tonight and were within 15 miles of Chinchow.

There were no indications of serious Chinese resistance and it was believed the Japanese forces would celebrate the New Year by the occupation of the city which has blocked their mastery of the whole of Manchuria for three months.

Japanese armies reported there were strong indications of a wholesale evacuation of Chinchow by Chinese troops. Seven trains left for the southwest and fire more trains were waiting in the yards.

Had Trenches
The Taling river had been intended as the main line of defense for General Yung Chien's army but apparently the Chinese deserted the trenches previously dug on the south side of that broad, swift stream.

Throughout the afternoon a steady stream of Japanese infantry poured into Kowanzai. They comprised three regiments of Gen-

O'Malley Favors Resolutions on New Year's Day

Do you sneer at good resolutions, especially New Year's resolutions, as do so many so-called sophisticated people nowadays?

The Rev. F. W. O'Malley, minister of the First Christian church, doesn't and he has good reasons for heartily approving of resolutions.

"There's not much difference between people as a whole," he said. "It's just a case of some making resolutions and sticking to them and others not making any. People on the whole are much alike. Of course there are some idiots and some half-wits, and that is unfortunate, but the average American is generally endowed with about as much intelligence as you are."

"The difference comes when some make a resolution and sticks to it as did Lindbergh.

"It's highly important for people to make resolutions. I have known a few men and women who have attained eminence in the world, and they have told me that their success was due to the making and holding steadfastly to worthwhile resolutions. Of course, a resolution is a confession of failure, but who has not failed in some thing?"

The progress of the world depends upon the making of good resolutions. Lincoln as a youth signed the temperance pledge and he later said that action started him on the road to the White House. He remembered the pledge late in life at a time when many of the comrades of his youth were dead.

"Most people have enough will power to keep a resolution, because,

(See O'MALLEY, Page 8)

Accounts May Be Obtained Early

In other years we have had requests for December statements two or three days early because of closing books for the year. Some firms have requested these statements early so that prompt payment may be made and no bills payable carried over into the new year.

A telephone call or request to any of our staff will enable any firm to obtain its statement promptly.

Line Permits in Gray Annulled

New Basis Is Adopted by
Commissioners — Data to
Be Required.

A resolution annulling all permits granted to lay pipelines of every kind across the public highways in Gray county except to the extent they have heretofore been exercised was passed by the county commissioners yesterday afternoon.

The action presumably was aimed at the Texoma Natural Gas company, which operates in the Panhandle under an injunction based on the claim that it is neither a common carrier nor a public utility. Royalty and land owners recently became incensed at the Texoma's price of 2 cents per thousand cubic feet of gas being paid in the Panhandle as compared with six to eight cents in Oklahoma.

Two weeks ago they petitioned the commissioners to rescind a permit granting the company the right to cross public highways of Gray county with its pipelines.

At that time no action was taken because it was not known that Texoma had a permit until THE NEWS found a record of the permit in the commissioners' minutes.

Carson and Hutchinson county commissioners cancelled permits granted the company to cross highways in those counties.

Gray commissioners further rescinded yesterday that in the future no permit would be granted for the purpose of laying pipelines for water, oil or gas across the highways unless written application is first made. It was stipulated that the application must contain the following information: A map of the county showing acreage and distinctly all lines then proposed to be laid in the county, each place it is proposed to cross a highway, all lines in the county owned or controlled by the applicant; a complete description of the lines to be constructed, as well as a complete description of its lines then in the county, with the time the lines were constructed and whether they are main lines or gathering lines.

The resolution provided that no general permit be granted, but that

(See PIPELINES, Page 8)

Free Tickets to "The Champ" Now Ready at NEWS

With THE NEWS offering a free ticket to "The Champ" with each classified ad starting next Sunday, and amounting to 50 cents or more, the La Nora theater should be crowded Sunday, Monday and Tuesday.

The picture, heralded as one of the best of 1931, features Wallace Beery and Jackie Cooper.

Just bring your classified ad to THE NEWS and receive your free ticket. The advertisements will be accepted at this office up to 9 p. m. Saturday.

Mother Runs Mile in Her Attempt to Save Child, But Little Girl Dies as Result of Swallowing Hull of Peanut

A peanut hull lodged deep in the lungs, brought death of little Mona Bond, 2-year-old daughter of Mr. and Mrs. B. E. Bond, yesterday afternoon at 5:30 o'clock in a local hospital.

The child was in a dying condition when brought to Pampa. An operation failed to reveal the location of the hull, but it was the opinion of physicians that it was too deep in the lungs to be reached. Direct cause of the child's death was suffocation.

The little girl and her brother, LeRoy, were nursing peanuts in the kitchen of the Bond home 3 miles east of Hoover yesterday afternoon. About 2 o'clock, an older sister noticed that the child was coughing and choking. The mother was summoned.

In her anxiety to get the child

to a physician as quickly as possible the mother snatched the child to her breast and ran a mile to the home of her brother-in-law in an almost blinding snow storm. Mr. Bond was absent from home at the time. He had taken the family car with him. The relative and Mrs. Bond took the baby to Miami. No relief could be given there, and the child was brought to Pampa soon afterward.

When admitted to the local hospital, the child was unconscious and in a dying condition. It died while on the operating table.

Thermometer Has "Froze" Tight at 26 Degrees in City

With the thermometer stationary at 26 degrees since 1 o'clock this morning, Pampa was coming out from the tail end of a Colorado blizzard early this afternoon.

Snow, shipped by a 35-mile an-hour wind, lashed this city and surrounding country from early yesterday afternoon. The wind had abated late this morning and a clear but cold New Year was the prospect.

The snow fall was never heavy enough to cover the ground, but it collected in fence corners and spots where the wind failed to hit directly. Air traffic was slowed up considerably by the strong wind. One T. W. A. plane made a brief landing at the local airport yesterday, but resumed its journey. It was forced down again at Waynoka, Okla., be-

Wilbur Has Other Plans FOR INDUSTRY

BUT DUTIES WILL BE
TAKEN UP NEXT
JANUARY 7

SAYS IMPORTS SMALL

CONSERVATION BODY
UNDER HOOVER
CONTROL

WASHINGTON, Dec. 31. (AP)—Administration officials are expected to announce today that they will fall to curbing the petroleum industry's basis malady—that of overproduction. However, the senate commerce committee decided today to take up on Jan. 7 the oil tariff proposals before it to determine if it has authority to proceed with the legislation.

Secretary Wilbur, member of the federal oil conservation board, said today the problems of the oil industry would have to be solved on a much broader base than a duty on imports.

Various proposals to put oil behind the tariff wall are pending before congressional committees. They are being studied by members of the conservation board, composed entirely of cabinet members, who expect to be called before the committee to give their views.

Has Program
Secretary Wilbur, who has been the spear head of the federal government's attack on oil waste, outlined his program as follows.

An adequate conservation agency in each state, enforcing within its boundaries conservation laws under

(See TARIFF, Page 8)

Three Held As Suspects in Death of Vardeman Lad

WEATHERFORD, Dec. 31. (AP)—Two men and a woman brought here by officers working on the theory that William Vardeman 17 might have been killed when struck by an automobile on Christmas night were still held Thursday.

They denied they were in an automobile which might have struck the youth but County Attorney V. P. Craven planned to question them again during the day.

Developments during the past few days caused officers to advance the theory Vardeman was killed by an automobile, rather than being murdered. Because his pockets were turned out and because his shoes were missing when found, it was first believed Vardeman was killed with robbery as the motive. It now is considered possible that he was struck by an automobile and robbed later by some person or persons walking along the roadside.

FIVE DIE IN STORM

JACKSON, Miss., Dec. 31. (AP)—Five persons died, three dying and 50 persons estimated as less seriously injured were counted today in the trail of last night's tornado that tore through Simpson and Covington counties, Mississippi.

PAVING PROGRAM FOR COUNTY APPROVED WITH EXCEPTION OF SINGLE ARGUMENT

Entry of Highway 88 Stands As Unfinished Business Before Commissioners.

A highway construction program submitted to the county commissioners yesterday afternoon by Judge S. D. Stennis was approved except for a clause concerning the route of entry of highway No. 88 into Pampa.

JAP ACE LEADS DRIVE

The new battlefield in Manchuria where General Jiro Tamon, right, Japan's war ace, is leading his force of 3,600 soldiers in a drive on Chinchow; headquarters of Chinese troops, is shown on the above map.

GENERAL TAMON

Sandbag Barricades have been erected by the Japanese to keep their headquarters in Tientsin impregnable. This picture shows infantrymen and marines behind a barricade on the edge of the Japanese leased territory at Tientsin. Note their fine equipment.

WASHINGTON, Dec. 31. (AP)—Secretary Mellon today selected the firm of Herbert M. Greene at Big Spring, Texas, and the firm Laroche and Dahl of Dallas as architects for the new postoffice at Pampa.

Designation of the above architects is understood to be a technicality, and to mean simply that plans drawn for similar buildings elsewhere by the firm will be used here. Federal officials told THE NEWS several months ago that no supervising architects would be necessary for a job of this size.

POTENTIAL NOT QUITE AS BIG AS PREDICTED

HUTCHINSON'S SMALL
MARGINAL WELLS
EXCEPTED

APPROVED TOTAL, 55,000

PANHANDLE FIELD HAS
1868 PRODUCERS
AT PRESENT

The Panhandle oil allowable for January will be 55,000 barrels, or the same as for December. Officials of the oil & gas division of the railroad commission announced here this morning. They are not satisfied with the potential compiled by a five-day gauge of all Panhandle wells, and will continue to check production.

The potential from the 1,868 producing wells in the Panhandle field, including Carron, Gray, Hutchinson, Moore, and Wheeler counties, is 108,526 barrels. The allowable set is 55,000 barrels. There are 1,901 wells in the Panhandle capable of producing oil, but 93 are shut down.

"We are anything but satisfied with the potential and will not accept it as final," J. M. McDonald, deputy supervisor of the oil and gas division of the railroad commission for the Panhandle field, said this morning.

To Watch Small Wells
"We will continue gauging producers and will pay special attention to the small wells," declared W. B. Hamilton, assistant deputy supervisor.

Of the 1,868 producing wells in the Panhandle field, 926 of them are marginal wells or those producing 20 barrels of oil or less. It is believed that the marginal wells are holding the potential up. Under the ruling of the railway commission, marginal wells are not affected by proration.

Hutchinson county has most of the marginal wells, 529 in number, which gives that county a high allowable on a small potential. Gray county is dissimilar and has a small allowable on a large potential. Other Panhandle counties have a large number of marginal wells which means heavy allowable.

Much Marginal Oil
The marginal oil produced in the Panhandle field is estimated at 108,526 barrels.

(See ALLOWABLE, Page 8)

FIRST BIG PERIOD ENDS SATURDAY IN CAMPAIGN

Time is Flying
Are you living?
The NEWS contest passes the first quarter, first mile post, first period, Saturday. This is the greatest week period of the entire campaign and if you earnestly expect to pass your favorite in a big way, now is the time. Votes now are worth more than twice what they will be at any later date.

Contest Sales Meeting
A sales meeting was held for the contestants last night and attended by most of the active contestants. This meeting brought out most of the if, and, etc. All the alibis and evasions of the pessimists were aired and it was a surprise to THE NEWS that some—a minority however—of Pampa's people are in Pampa to make money but expect to spend it elsewhere. Progressive, enterprising "good citizen" and builders of any city know that their first interest is where they live and as the old saying goes, "One hand washes the other." We all must get in line and put our shoulder to the wheel and pull and push for Pampa. Spend our money where we can't it and make our town, our stores, our professional men, our churches, and our public as a whole bigger and better. This kind of spirit will build cities, prosperity, and people.

The campaign is getting shorter. If you are going to enter, better get in now and if already in, you had better get on the firing line and get your share of the votes and results. It can be done. Let's go. Let's win an automobile, let's go to California, let's get on THE NEWS' Saturday night pay check. See the campaign manager today.

Civic All-Stars of Pampa

BALLOT

I hereby cast my vote for the following five citizens who in my opinion

This Wheelbarrow

Will Be the Booby Prize

A Booby Prize has been decided upon by the management and will be awarded to the contestant having the smallest amount of votes at the close of the contest. This Mobile guaranteed to never wear you out entirely. Everybody guaranteed something that will roll!

PURCHASED OF AND ON DISPLAY AT

PAMPA HARDWARE AND IMPLEMENT COMPANY

The Last Week in the First Period Will Be Known as

Opportunity Week

Dec. 28, 1931—Jan 2, 1932.

ALL SUBSCRIPTIONS WILL HAVE DOUBLE VALUE DURING THIS WEEK. JUMP IN THE CONTEST—NOW! JUMP IN THE LEAD. THIS WEEK IS THE WINNING WEEK. TAKE ADVANTAGE OF IT.

FIRST GRAND PRIZE

The Buick Straight Eight, 1932 Model, was the sensation at the automobile show this year in New York, as well as in Pampa. The Buick is powered with the improved Valve-in-Head Straight Eight engine with standard or high compression optional . . . all are equipped with Buick's new Wizard Control, including Automatic Clutch, Free Wheeling and Silent-Second Syncro-Mesh Transmission . . . all have smarter, roomier insulated bodies by Fisher . . . all models incorporate those time-tested engineering principles which have contributed to Buick's fine performance and remarkable stamina in the past . . . and which have won for Buick, year after year, more than twice as many buyers as any other car in Buick's price range.

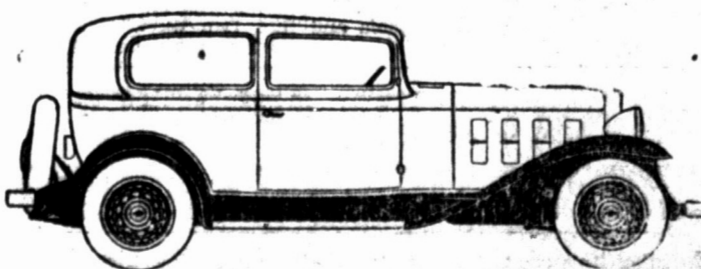

Purchased of and on Display **TOM ROSE** BUICK COMPANY

Second Grand Prize

In designing the bodies of the new Chevrolet, every consideration was given to assure comfort and convenience. The rear compartments were made especially roomy, by taking full advantage of the 109-inch wheelbase to provide the utmost in leg room. The luxuriously upholstered form-fitting seats and backs provide a restful ride for driver and passengers.

CHEVROLET COMPANY

Time is flying! Are you trying?

Votes today are worth over twice what they will be worth Saturday

Work Now Can Mean An Automobile Feb. 10

THIRD GRAND PRIZE

Over the Transcontinental Western Air

The winner in NEWS contest will leave Amarillo Port. Schedule:
Leave Amarillo 1:27 P. M., Arrive Los Angeles 8:53 P. M.

Put yourself in these winter scenes. The vacation land of America. Think of it! Leaving Amarillo a few days after the contest is over, traveling to California over the Western Air, and traveling in the latest passenger service, the comfort and happiness one enjoys along with speed and service of time, makes air traveling the most popular traveling way to go places these days. Safe? Yes, airplanes are considered to be second only to steamships. Give yourself this real vacation in Sunny California. Forget cold and snow; forget work and worries; go play for a while as you would like to play in the summer time. Everything is green out in California, and the weather only 4 degrees cooler than summer. The cost? That will be paid for by The NEWS, if you are chosen winner of this prize.

Plenty of Time to Enter—Plenty Time to Win—

The News Office—Phones 666 or 667

10 PER CENT WEEKLY PAY CHECKS

A Ten Per Cent Cash Commission Paid Every Contestant Every Saturday Night

The NEWS has stretched every point to give to the people of Pampa and its trade territory, prizes of exceptional value, and such lavish liberality of prizes should interest someone from every home in Pampa and its trade territory. The only ones that should not be attracted by this prize distribution

should be pessimists who cannot realize and appreciate such, and those who say "it can't be done" and the perpetual rumor carrier and growler who says "it is not all fair." However, the hard working live-wire energetic people of this section of the Panhandle are awake for these opportunities.

MANY ENTERTAINMENTS ARE GIVEN PAMPA STUDENTS

One Hundred Thirty Persons Attended A. A. U. W. Dance Wednesday

THREE DANCES HOLD INTEREST OF YOUNG FOLK

MANY COLLEGES ARE REPRESENTED AT FUNCTIONS

Following the home-coming of college students for the Christmas holidays, society has been enlivened with many parties and dances. Three large dances featured events for this week, the hostesses being Miss Virginia Rose, Miss Louise Walstad, and Miss Etha Jones.

Colleges and universities in various parts of the United States were represented at the entertainments. Most of the students are to return to their schools during the next week-end.

BRIDGE IS PLAYED AT ROSE HOME

Dancing was enjoyed and games of bridge held interest at the event given by Miss Virginia Rose Monday afternoon in the home of her parents, Mr. and Mrs. Tom E. Rose. Punch, cakes, and sandwiches were served.

The guest list follows:

Misses Christine Cook, Mary Ellen Cook, Marjorie Buckler, Pauline Barnard, Louise Walstad, Allene Cary, Yvonne Thomas, Frances Finley, Alice Ingram, Wanda Barnard, Jacque Jones, Lula Bradley, Nita Holmes, Lorence Nicholson, Melba Graham, Floy Stanard, Virginia Douglas.

Durwood Martindale, Bill Kelley, Clifford Braly II, Tom Braly, Troy Stalls, Jess Patton, Curtis Stark, Everett Buckingham, Leo Sausbury, Don Sausbury, James Groom, Allie Barnett, Bob Wallace, Albert Doucette, LeFors Doucette, Louis Sprinkle, Vernon Lawrence, Joe Kahl, Bob Kahl, Archie Lee Walstad, Gene Fatheree, Ray McNeill, Charles Thomas, Wallace Bost, Willard Johns, Albert Lard, Frank Kelley, Wayne Kelley, Dick Benton, Paul Camp, George Ingram, and Parks Brumley.

ETHA JONES IS HOSTESS AT 42

Forty-two persons were present at a dance given by Etha Jones in her home Tuesday evening. Bridge also was played, and punch and wafers were served.

The following attended:

Misses Christine Cook, Maxine Robinson, Floy Stanard, Cleora Stanard, Elizabeth Cravy, Lorene Nicholson, Townsend, Beth Elythe, Catherine Vincent, Ouida Chappel, Sue Smaling, Margaret Sue Shanklin, George Saunders, Oetha Jones, Viola Haggard, Eleanor Jane Bradley.

George Chappel, Rayburn Burk, Fred Roseman, Parks Brumley, Jess Patton, James Groom, Wallace Bost, Irolee Bradley, Lloyd Moore, Russell Kennedy, Dee Blythe, Bill Hyde, Bill Barnett, Burnham Briggs, Claude Sullins, Robert Daugherty, Franklin Montgomery, Ray Weedman, Jim Stone, Bob Wallace, Tex Berry, Essie Turner, Vernon Lawrence, Paul Camp, Jack Foster, and Leon Cook.

PUNCH IS SERVED DURING EVENING

Punch was served throughout the evening at the dance given by Miss Louise Walstad, 405 East Kingsmill, Tuesday evening.

Those attending were:

Misses Viola Haggard, Virginia Rose, Christine Cook, Mary Ellen Cook, Marjorie Buckler, Pauline Barnard, Louise Walstad, Allene Cary, Frances Finley, Alice Ingram, Wanda Barnard, Jacque Jones, Virginia Douglas, Floy Stanard, Melba Graham, Lorence Nicholson, Nita Holmes, and Lula Bradley.

Jess Patton, Curtis Stark, Everett Buckingham, Leo Sausbury, Don Sausbury, James Groom, Allie Barnett, Bob Wallace, Albert Doucette, LeFors Doucette, Louis Sprinkle, Vernon Lawrence, Joe Kahl, Bob Kahl, Archie Lee Walstad, Gene Fatheree, Ray McNeill, Charles Thomas, Wallace Bost, Sandy Bradley, Willard Johns, Albert Lard, Frank Kelley, Wayne Kelley, Dick Benton, Paul Camp, George Ingram, Parks Brumley, Durwood Martindale, Bill Kelley, Clifford Braly II, Tom Braly, and Troy Stalls.

WENT TO NAVASOTA
Mr. and Mrs. M. P. Downs, Miss Jewel Binford and Mrs. Mary Binford returned yesterday from Navasota where they spent the Christmas holidays. They attended the Christmas party in the home of Mrs. Downs' sister, Mrs. Roy S. Beaver. They visited in Dallas several days on their return trip to Pampa.

Rosemary Hamilton and Leona Lewis will spend New Year in the home of the latter's father near Miami.

NEW YEAR IS STRESSED AT BRIDGE PARTY

MRS. RITTENHOUSE IS O. D. O. CLUB HOSTESS

Appointments suggestive of the New Year were used by Mrs. L. G. Rittenhouse when she entertained members of the O. D. O. club yesterday in her home.

At the close of a pleasant afternoon session of bridge, Mrs. George Nix and Mrs. Henry Martin were awarded for high score and second high, respectively. Mrs. L. K. Stout was given a guest prize.

Plum pudding and coffee were served to the special guest and to the following members: Mesdames J. H. Dehnert, Floyd Archer, Roy Kilgore, P. J. Landry, Henry Martin, and the hostess.

Mrs. Archer will be hostess to the club on the afternoon of Jan. 13.

Mrs. Garman To Head Catholic Society Again

Election of officers for the year 1932 featured the meeting of the Altar society of the Holy Souls church yesterday afternoon in the home of Mrs. J. G. Tyler. Mrs. F. J. Gill was co-hostess with Mrs. Tyler.

Mrs. J. W. Garman was re-elected president of the society, Mrs. H. B. Carlson was re-elected secretary, treasurer, and Mrs. Eckert was named vice-president.

At the close of the business session, lovely refreshments were served to Mesdames H. B. Carlson, Ed Carrigan, M. Conley, Emmett Dwyer, E. Fitzgerald, J. W. Garman, P. J. Gill, B. Grady, C. E. Oswald, L. H. Sullins, and the two hostesses.

Mrs. Conley will be co-hostess with Mrs. H. Q. Myers at a meeting in the latter member's home in two weeks.

Mr. Conley and Bride Are Home

Mr. and Mrs. Donald Martin Conley and Mr. and Mrs. Arthur Swanson have returned to Pampa after a week's trip to San Antonio, Dallas, and Monterrey, Old Mexico. The trip followed the marriage of Mr. Conley and his bride, the former Miss Mildred Bias, daughter of Mr. and Mrs. C. M. Bias of Charleston. The ceremony was read Dec. 21 in Tulsa.

Mr. Conley is the son of Governor and Mrs. William Conley of Charleston.

The young bride is rapidly becoming acquainted with Pampa residents. Last evening she was among the guests at the dance given by the American Association of University Women and the College club.

"Friday" Sees Fair Weather Saturday

Fair weather will prevail Saturday, but snow will still be on the ground tomorrow, A. C. (Friday) Brandon forecast this morning.

Monday afternoon when the weather was the fairest of the fair and when a blizzard appeared weeks away, Friday predicted that there would be snow on the ground New Year's day. He ventured the opinion that the present norther would last two or three days, but refused to comment further.

Friday gained local fame as a weather prophet last summer when he told wheat farmers when showers would interrupt their combining. His forecasts will appear at intervals in the NEWS— or when the courthouse reporter can draw a weather prediction from him.

MRS. AGGERS SEW SHOP DRESSMAKING
Moved back to Rooms 25, 26, Smith Bldg. Phone 300

Two of the most popular students spending the holidays in Pampa are Misses Mary Ellen and Christine Cook, daughters of Mr. and Mrs. C. Cook. Mary Ellen, above, will leave about Monday with Miss Virginia Rose for Judson college, Marion, Ala., where both are students. She has been a guest at many social events, and yesterday entertained a group of her friends at luncheon. Christine, a student at Miss Hooker's school for girls, Dallas, joined with Miss Margaret Buckler in giving one of the first dances of the holiday season.

Luncheon Given Friends of Miss Mary Ellen Cook

Corsages of red sweet peas and white roses, as favors for guests, surrounded the center mirror on the luncheon table yesterday when Miss Mary Ellen Cook, student at Judson college, Marion, Ala., entertained a small group of friends yesterday. The luncheon was given in the home of the hostess' parents, Mr. and Mrs. C. C. Cook.

The table was lighted with red candles, and the holiday theme was stressed in place cards.

Those attending were Misses Marjorie Buckler, Virginia Rose, Mary Ann Moyar, Joyce Pilling of British Honduras, Christine Cook, and the hostess.

Price of Whoopie Now Much Lower

CHICAGO, Dec. 31. (AP)—The price of whoopie, New Year's eve variety, has dropped to the lowest figure since the world war.

The average charge to welcome in 1932 in Chicago major hotels and night clubs is about \$6 a person less this year than last New Year's eve. The prices range from \$2.50 to \$10.00 a person in contrast to last year's figures of \$6.00 to \$15.00.

Perhaps spend, laugh and be merry is a citywide New Year's resolution. Anyway hotels, night clubs, restaurants are wedding in extra tables to accommodate unexpectedly heavy New Year's eve reservations.

One large northside hotel reports the largest advance sale of reservations in its history, and another said its reservations already total 1,100.

Mr. and Mrs. E. F. Luttrell and family spent the last week-end with Mrs. Luttrell's parents in Dallas. Yesterday they attended the funeral of Mr. Luttrell's uncle, Art Luttrell, in Mobeetie. The Mobeetie man died Tuesday.

A THREE DAYS COUGH IS YOUR DANGER SIGNAL

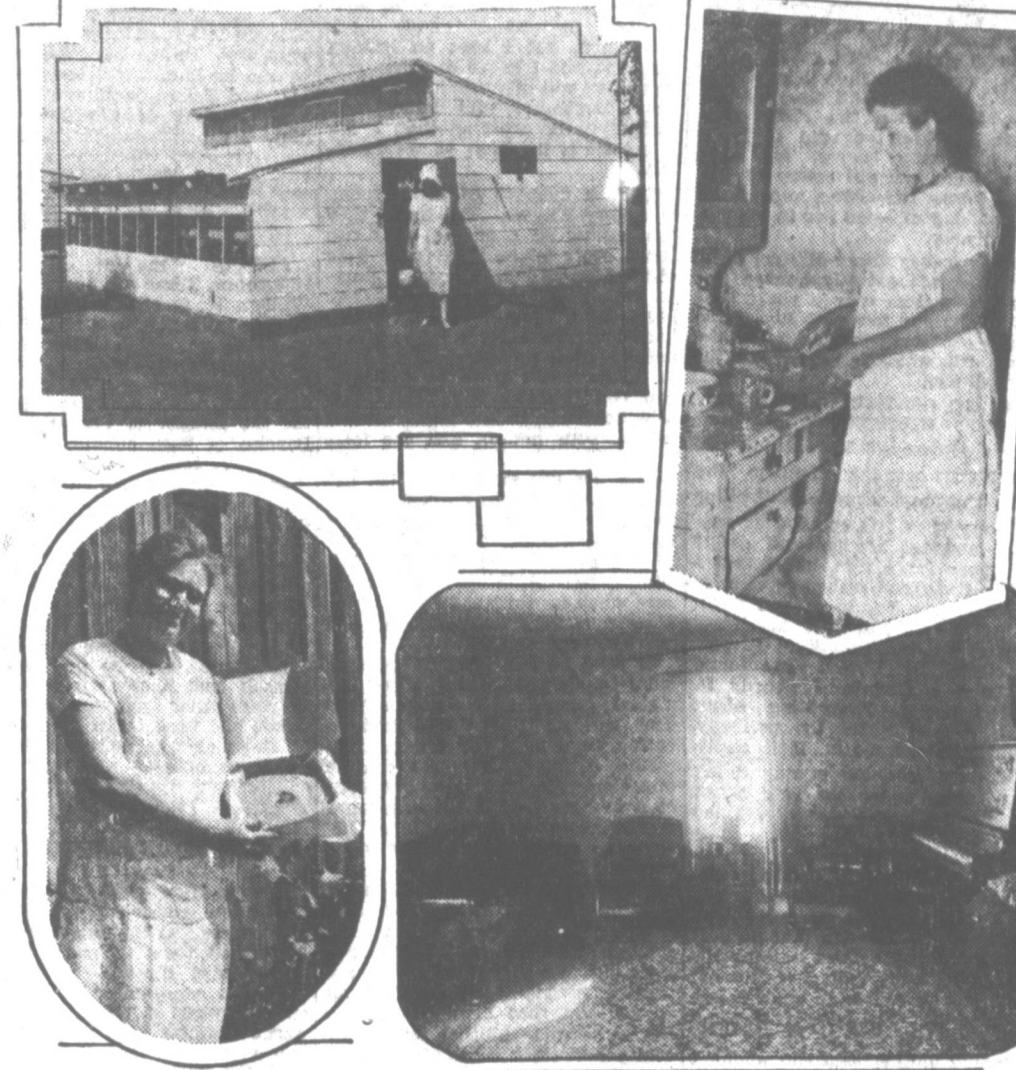

Perseverent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory disease, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist. (adv.)

CREOMULSION

ANGEL FOOD CAKES BUILT THIS FARM LIVING ROOM

Wanting to make over her living room in 1930 but lacking the funds, Mrs. W. C. Rogers of Bar-R home demonstration club, in Howard county, improved her poultry house and poultry rations instead, doubled the flock production, and sold the eggs at \$1.09 per dozen in the form of angel food cakes and chess pies. In the spring of 1931 she took \$103 made in this way to work a miracle in the living room of the old farm place. She won first in the county and third in the district in the 1931 Texas Improved Living Room contest.

Baptist W. M. S. Members Greet Mrs. R. Hungate

Following a regular meeting of the Central Baptist Woman's Missionary society yesterday afternoon, members of the organization went to the depot to meet Mrs. Ray R. Hungate and children.

Mrs. Hungate is a former member of the society but now lives in Waynoka, Kan. En route to Waynoka from Texaco, N. M., where she spent Christmas with her mother, she stopped in Pampa for a short visit in the home of Mr. and Mrs. G. C. Stark. She will continue her trip today.

The W. M. S. will plan its activities for next year when it meets Wednesday afternoon at 2 o'clock at the church.

Welfare Need Is Growing One Now

Last night's cold wave found the poor of the city in better condition than at any other time this year, Mrs. W. H. Davis, manager of the Pampa Welfare board, said this morning. Most of the charity cases are living in substantial buildings this year, due to the compulsory abandonment of "tent city" southwest of the city.

Many families were out of groceries and had not enough clothing to brave the storm to the board office this morning. However, Mrs. Davis learned of their needs and sent aid.

Children's clothing is needed, especially shoes and stockings. Many children are unable to go to school because of lack of warm clothing. The board is coming towards its months of heaviest demands.

We hereby solemnly and unitedly resolve for 1932 ~

- To be one of you.
- To help our town grow and prosper
- To have what you want when you want it.
- To price our merchandise within keeping of your 1932 budget.
- To offer the utmost in service and courtesy.
- To give you quality that will build confidence.

— and folks
We wish you a real healthy, happy, cheerful and prosperous New Year!

FIVE HUNDRED DOLLAR FUND IS BENEFITED BY FUNCTION IN BALLROOM OF SCHNEIDER'S

FEMININE FANCIES

By Helyce Sellers Hinkle

To can 175 quarts of food during a season would be no small task for a grown person, yet that is what Juanita Gilbreath, an Eldridge 4-H club girl has done, and a valuation of \$48.60 has been placed on the canned food. In Juanita's pantry are 15 quarts of beans, 6 quarts of black-eyed peas, 11 quarts of squash, 7 quarts of carrots, 30 quarts of cucumber pickles, 6 quarts of beet pickles, 5 quarts of bread and butter pickles, 7 quarts of plums, 4 quarts of grape jelly, 6 quarts of water-melon and cantaloupe preserves, 8 quarts of chili sauce, 4 quarts of catsup, 7 quarts of green grapes, 5 quarts apples, 15 quarts tomatoes, 24 quarts of vegetable soup mixture, 1 quart of currants, 1 quart of sweet potatoes, 7 quarts of chow chow, 5 quarts of tomato preserves, and 1 quart of okra.

Women and girls of home demonstration clubs have changed the dull routine usually accredited to farm life into a real art. There is Mrs. W. C. Rogers of Howard county, for instance, who made money selling angel food cakes and chess pies to beautify her living room.

"It takes the whites of 11 eggs to make one angel food cake," says Mrs. Rogers. "I sold 100 to people in Big Spring for \$1 apiece but have since lowered the price and sold 67 of them for 75 cents. I combine the yolks with sugar, butter and cream to make chess pies that sell for 35 cents. Orders are taken on one Saturday and delivered the next, but since the home demonstration club market opened I have sold my surplus there."

In her living room she laid a new floor, made sheetrock walls which she papered, put in a new glass door, re-finished the piano and living room set, had a writing desk made at the planing mill, and bought a library table. The piano is considered by Mrs. Lucile Allgood, home demonstration agent, to be one of the finest examples of re-finished furniture anywhere.

It looks as if the predictions of snow made by Weather Prophet Pond and "Friday" Brandon were not far wrong. We don't mind the snow, but did these men erode the accompanying wind? If so, we'd advise them not to admit it.

Booker Mohon of Kingsmill made a business trip to Pampa on Wednesday.

USE VICK VAPORUB

VICKS VapoRub
VICKS Vaporub
for BETTER CONTROL OF COLDS

CASH in HAND

OR . . .

Times like this no one means to be wasteful and yet the most flagrant form of wastefulness is to withdraw from use things that can still render service and economy to some one. When you do so you forego the cash you can obtain from them by re-sale and you deny others of the practice of thrift that arises from making use of things they can buy and utilize without paying the "first hand" price.

Why not sell to eager buyers what you don't or cannot use? There are hundreds of them reading the Want Ads every day for just such chances.

AN OLD STOVE in the BASEMENT

PAMPA SPORTS ATTRACT WIDE ATTENTION DURING 1931

HARVESTERS IN LEADING PLACE IN GRID WORLD

CITIZENS TAKE MUCH INTEREST IN ALL ATHLETICS

There was no depression in Pampa sports during 1931. Basketball, baseball, football, bowling, track, and golf shared the headlines in The NEWS.

The Pampa high school basketball teams won two tournaments during the spring, and the track team was one of the best developed here in several years. Five meets went to the Harvesters, who hung up many records. Prospects for both basketball and track teams in 1932 are even better.

Football was of major interest in Pampa. The green and gold clad Harvesters accomplished something that football teams from Pampa have been attempting for the last 10 years—beat the Amarillo Sandies. Although beaten by Lubbock for district honors, the Harvesters football team of 1931 was perhaps the greatest ever developed in Pampa. Coaches Odus Mitchell and Argus Fox are being congratulated throughout the state on Pampa's wonderful football team. It was believed early in the season that Pampa would not have a strong team after the loss of two all-state backfield men, but the coaches got down to work and made a team.

The Harvesters scored 392 points to opponents 52 to be one of the first five teams in the state.

Baseball flourished during the summer months. The Magnolia baseball team won the Gray-Carson baseball league and placed high in the Amarillo baseball tournament. Several well known teams were brought to Pampa during the season.

Pampa golfers participated in several tournaments during the year. Only one hole-in-one was made during the year, and it went to Walter Sill of the Walter Sill Tire company, who dropped the ball in the cup on hole No. 4 at the Red Deer Golf course. It was 142-yard drive. New course records were set at both the Red Deer and the Country Club courses.

Walter Sykes, professional from Amarillo, shot a 32 over the Red Deer course to set the record at 4 under par. Dick Simpson set the mark at the Country Club when he shot a 67, or four under par.

Bowling has become a popular sport in Pampa. The Lions club bowling team won the class B tournament at Wichita Falls. The Schneider hotel bowling team has been defeating all comers this fall, and has set several records for Panhandle teams to shoot at in 1932.

Terracing Will Be Extensive in County in 1932

In announcing a tentative extension program for Gray county in 1932, County Agent Ralph R. Thomas said plans have been made to terrace 8,000 acres of fertile farm land. In general, the county agent plans to enlarge activities started during this year.

A summary of his 1932 program follows:

Dairying—Three demonstrator entrants in the Master Dairy Farmer contest; herd improvement.

Poultry—Six adult demonstrators; work with poultry show.

Legumes—Fifteen new alfalfa demonstrations; 10 new sweet clover demonstrations; four new demonstrations of Mung beans.

Silos—Six new silos.

Insect and rodent control—Eradication of prairie dogs, moles, rats in cooperation with the U. S. biological survey; control of wheat insects in cooperation with the Texas experiment station.

Seed tests—Continuing variety test of wheat in cooperation with the Texas experiment station.

Home meat supply—Continue slaughtering and curing of meat animals.

Boys' club work—Demonstrations in cotton, corn, grain sorghums, poultry production, baby beef, swine, and instructions in mechanics, poultry culling, livestock judging, and grain judging.

Texas League To Meet In Dallas

WICHITA FALLS, Dec. 31. (AP)—A special meeting of Texas league club owners has been called for next Sunday at Dallas by J. Alvin Gardner, president, who returned here yesterday following his marriage in California two weeks ago.

The meeting is for the purpose of completing plans for the 1932 season, he said.

Shortly after the league session Gardner plans to leave for Louisville, Ky., to attend the meeting of the executive committee of the minor league association. The Texas league president is one of five men elected to guide the affairs of the minor leagues during the coming year, and the group holds its first monthly meeting at Louisville on Jan. 10.

C. O. Stewart of Erick, Okla., was visiting and shopping here yesterday.

BILLY JONES WINS PRAISE

Philadelphia Negro Has Major Attributes of Old Jack Johnson

CHICAGO, Dec. 31. (AP)—A shifty negro warrior named Billy Jones from Philadelphia, a counterpart of Jack Johnson minus gold bridge-work, ranked today as a major challenger to win the vacated light heavyweight championship, as a result of administering a one-sided beating to Larry Johnson, Chicago negro, last night.

They met in one of two second-round battles of 10 rounds each in the tournament conducted by the National Boxing association to select a successor to the dethroned titleholder, Maxie Rosenbloom. Jones, one of the best light heavyweights in the east, completely out-boxed Johnson and had his right eye swollen shut in the sixth round.

Jones ranks as the favorite because of his achievement in defeating Rosenbloom in a match over the light heavyweight limit, and falling thereafter to get a match with the champion at the 175-pound notch.

Baxter Calmes, Oklahoma City youngster and Bob Olin, young bond salesman of New York, also were second round winners, along with Harry Calmes eliminated the dangerous punching Roscoe Manning, negro of Newark, N. J., by winning the verdict in their 10-rounder, while Olin was awarded an unpopular victory over Clyde Chastain of Dallas in 10 rounds.

Girls Training Hard on Court

The girls' basketball team at Pampa high school is working daily in preparation for a big season. Coach Kelly has tentatively scheduled a number of games and will be able to announce his schedule soon after school opens. Yesterday he made arrangements to meet Miami team Jan. 15 and to have the return game here the following night.

The team will probably enter the Miami tournament Jan. 22 and 23 and the Canadian tournament Jan. 29 and 30. The team will be hostess to the girls' division of the Pampa invitation tournament tentatively set for Feb. 5 and 6. It was at first announced that the tournament would be for boys only but later plans include both boys and girls.

Coach Kelley has some promising material, but is somewhat weak in reserves. He is trying to develop substitutes that will be able to fill vacancies in the first string without weakening the team.

Several new girls on the team are showing promise. By the time the Harvesters meet White Deer here Jan. 12, a strong contender should be developed. New uniforms are en route.

TIRE ACCIDENT FATAL

LAREDO, Dec. 31. (AP)—A tire which blew out was blamed today for the automobile accident near Cactus which took the lives of a man and a youth.

Leon H. De Gryse, 40, and Henry Roberts, 16, both of San Antonio, were killed instantly yesterday when the automobile in which they were returning to San Antonio from Laredo overturned.

GETS HARD LABOR

SAN ANTONIO, Dec. 31. (AP)—Two to 50 years at hard labor was the sentence given W. H. Fuller yesterday after his conviction of murdering Mrs. Mary Ann Cothron. A jury found Fuller guilty more than a week ago.

OUT OUR WAY

AT THE END OF FORTY-FIVE ROUNDS, I DECLARE THIS NO FIGHT, NO DECISION.

WHEN CALIFORNIA DOWNED GEORGIA TECH

California's Golden Bears snatched a hurtling Yellow Jacket out of the air when this action picture was taken during the intercollegiate game played with Georgia Tech, at Atlanta, Barron, Tech's right halfback, is shown being tackled after making a seven yard gain. California smashed the Yellow Jacket's offense and won, 19-6, before a crowd of 12,000.

SLUGGER HAS BEEN SIGNED BY SENATORS

CARL REYNOLDS WILL BE ONLY CHANGE IN LINE-UP

WASHINGTON, Dec. 31. (AP)—After years of search, the Washington baseball club believes it has found the right hand hitting outfielder whose clouting will mean the difference between a pennant winner and just a good spring tender.

He is Carl Reynolds, late with the White Sox. From present indications he will be the only change in the Nationals' 1932 line-up.

In exchange for Reynolds and Johnny Kerr, infielder, the Washington club gave two veteran pitchers, Irving Hadley and "Sad" Sam Jones, and threw in Jack Hayes, infielder.

Reynolds' assignment to right field will mean the benching of Sam Rice, long an outstanding star with Washington.

Heinie Manush is regarded as a fixture in left and there are few better hitting and fielding gardeners than Sam West.

One infield position is unsettled. Manager Johnson has said Joe Judge, veteran first baseman, and Joe Kuhel, who had the job most of last year after Judge was stricken with appendicitis, will fight it out.

There is little chance that Kerr will supplant Buddy Myer, who developed into one of the league's best second basemen last year. The ex-Chicago infielder will probably do infield utility duty. Joe Cronin is still the best shortstop in the American league. Dependable Ossie Bluege, at third, apparently has nothing to fear.

To take the places of Hadley and Jones, the club is depending upon Monte Weaver, Baltimore right hander, and Lynn Griffith, Western association left hander.

Fifteen carloads of cattle have been shipped into Tullia recently for winter feeding.

Bombs in Mail Take Two Lives

EASTON, Pa., Dec. 31. (AP)—Murder by mail, bearing anti-Fascist earmarks and numbering two postal clerks as victims, challenged federal agents today for solution.

Explosion of three of seven packages mailed by two men yesterday in what investigators suspected was an anti-Fascist plot also seriously injured three other postal clerks and a cothy detective. A fourth package was opened without exploding, while three others lay guarded in a quarry near here, unopened.

Although the addresses on the packages were mis-spelled, authorities said they believed the bombs were intended for prominent Italian-Americans in Pittsburgh, New York, and Baltimore. One of the bombs which exploded was addressed to the Italian consulate in Pittsburgh and a second to the Argentine consulate in Baltimore.

TEAGLE SEES OIL PROGRESS

NEW YORK, Dec. 31. (AP)—While conditions in the oil industry have been satisfactory, a "better understanding of the fundamental causes of the industry's position has put into play forces for their ultimate correction," said W. C. Teagle, president of the Standard Oil company of New Jersey, today.

"One of the most potent possibilities in improving conditions in the future lies in unit development of pools," the executive stated. "Flush fields of the future should for the most part be unit developed, thereby making it possible to hold their production down to requirements. Unitification is not universally possible because of royalty and leasehold restrictions, but the trend is towards a common development of flush pools and this should do much to stabilize supply and demand."

In his survey of the industry's condition, Teagle asserted that in 1930 it did "remarkably well through production to hold production down when there was so much available."

"There is a greater degree of recognition today on the part of the industry of the waste both to itself and the public that accompanies over-production of crude and products," he said.

For the first time in history, he added, the industry had been able during a depression year to draw on surplus stocks.

O. E. S. WILL MEET
Order of the Eastern Star will meet tomorrow evening at 7:30 o'clock.

ROSES BATTLE MAY BE EVEN IN ALL WAYS

But Californians Pin Faith in Trojans to Tune of 2-1, 3-1 Odds.

PASADENA, Calif., Dec. 31. (AP)—Two great gridiron elevens stood at the portal of a New Year today, awaiting the morrow when time throws open the door to the seventeenth annual Rose tournament football game.

A record crowd of some 85,000 was expected to witness the intercollegiate clash in which Southern California is favored to turn back Tulane.

The fact no bulwark has stopped the goalward rushes of Tulane's Green Wave this season failed to daunt either Coach Howard Jones' Trojans or the betting gentry who spoke freely of 2 to 1 and 3 to 1 odds.

However, Coach Bernie Bierman's Southern conference champions had many supporters who believed the warriors of Troy were in for their longest afternoon since little St. Mary's inaugurated the 1931 season by beating them 13 to 7.

Reserve power almost without end and a weight advantage of almost six pounds to the man was on the Trojan side of the ledger. Good old southern determination, not to mention lots of deception, favored the gentlemen from New Orleans.

Defensively and offensively, the two aggregations match up on a par. Both mentors promised their teams would be in the finest condition for the contest. Each was pessimistic, predicting a close game.

FEELS RESPONSIBILITY

PASADENA, Calif., Dec. 31. (AP)—The burden of the south's impressive undefeated record in the annual Rose tournament intercollegiate football classic rests heavily on Tulane.

In four appearances, Southern conference teams have won three games and tied the other. The east and midwest, have won only two out of 10 appearances against Pacific coast elevens. "Two-ended in ties."

Burl Thomas of Laketon transported business in Pampa on Wednesday.

FIGHTS LAST NIGHT

By The Associated Press
New York: Billy Petrolle, Fargo, N. D., knocked out Billy Townsend, Vancouver, B. C., 7. Eddie Ran, Poland, outpointed Franta Nekony Czechoslovakia 10. Vidal Gregorio, Spain, outpointed Antol Koscis, Hungary, 10. Mike Payan, California, knocked out Steve Wolanin, Ultra, N. Y., 3.

Chicago: Billy Jones, Philadelphia, outpointed Larry Johnson, Chicago, 10. Baxter Calmes, Oklahoma City, outpointed Roscoe Manning, Newark, N. J., 10. Spokane, Wash.: Don Fraser, Spokane, outpointed Frankie Paragon, Manila, 6. Fay Kosky, Chicago, drew with Tommy Santos, Manila, 6.

Boy Cue Artist Is Hero And Champion

CHICAGO, Dec. 31. (AP)—They could pin a medal for courage as well as for the national junior pocket billiard championship on 15-year-old Arthur Cranfield of Syracuse, N. Y., today.

He won the prize title last night by refusing to crack under a great strain and he won it like a real champion.

The story is that Arthur's mother and father came from Syracuse to watch him play in the championship tournament. The parents quarreled and Mrs. Cranfield either leaped or fell from an elevated platform, suffering fractures of the right arm and hip. But the boy, later cheered by his parents, refused to break under the strain and went on to win the title without a defeat.

His final victory in his championship march came last night when he defeated the defending titleholder, Robert Moore of Grand Rapids, Mich., 75 to 30 in 14 innings.

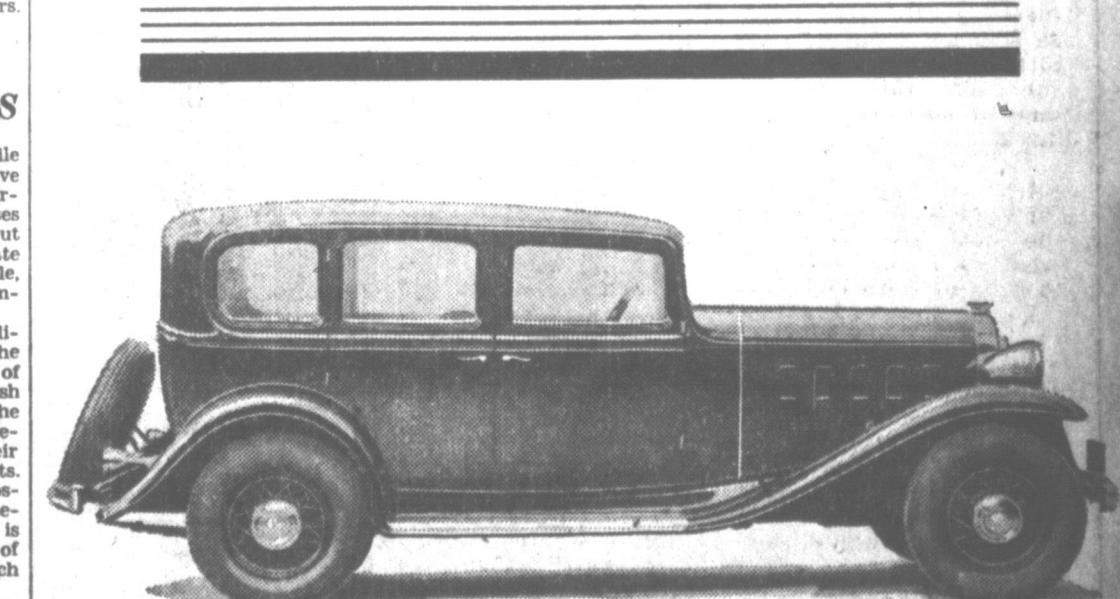

Hardeman county production loan borrowers have repaid approximately half their loans to date.

We Are Thankful for What 1931 Brought Us

NO DOUBT some will exclaim when they read the above lines, but we really are thankful for what 1931 brought us. We feel that in spite of depressed conditions it has been a banner year for us and the Buick Motor Company.

1931 brought us the Wizard Control Buick, which is without a doubt the outstanding Buick of all time. It is making new friends for Buick every day.

Then we are truly thankful for the many friends and fine business we have enjoyed during 1931, and trust that our friendships and business service may be even greater in 1932.

"When Better Automobiles Are Built, Buick Will Build Them"

Tom Rose Buick Co.

TOM ROSE, Pres. and Gen. Mgr.

Many Fine Gifts Await Arrival of First Pampa Baby in New Year

MERCHANTS AND THE NEWS TO MAKE AWARDS TO NEW BABY

REPORTS ON BIRTHS IN CITY MUST BE MADE

Attention, parents expecting "interesting events" soon!

There are many nice presents awaiting the first baby born in Pampa in 1932.

"Miss" or "Master" 1932 will be given handsome awards by the merchants whose advertisements appear on this page.

The name, address, and doctor's report on new arrivals must be sent to the NEWS not later than Wednesday, Jan. 6. The gifts will be awarded to the first white child born in the new year.

Merchants advertising on this page have large stocks of baby needs, with a wide choice of selections in things for the little ones. The Pampa Daily NEWS also will have a present for the youngster. Don't forget to make the report before Wednesday, Jan. 6.

Photos in Colors Are Made Possible

BINGHAMTON, N.Y., Dec. 31. (AP)—Photographs in natural colors for the amateur with his small folding camera have now been made commercially possible, it was announced today by Horace W. Davis, president of Agfa Ansco corporation where experiments have been going on for many years.

A special film is required but the ordinary camera may be used, the only change necessary being a simple device known as a pressure plate to keep the film secure while in use.

The film is actually three films in one, each separate surface being sensitized to a single primary color. These colors are recorded in black and white. The three films are developed, enlarged positives are printed and from the latter, by projection, the finished photographs are printed in natural colors.

"Hitherto the making of color photographs on paper has been an extreme difficult art, not sufficiently implied to place in the hands of laymen," Davis said. "The new development makes color photography possible on a production basis at reasonable cost."

The new rolls are to be made at first only for the smaller folding cameras taking pictures 2 1/2 by 4 1/2 inches. Development of the films and making of prints will be done at the company laboratories.

Al Stewart, salesman for a wholesale hardware company at St. Louis, was visiting friends in Pampa today

STUDENT IS KILLED

ABILENE, Dec. 31. (AP)—J. W. Mansfield Jr., 16, Merkel high school student, was killed on the highway at the entrance of this city today when he fell from a loaded truck and his head was crushed on the pavement by the wheels of the truck trailer. The truck was loaded with farm implements, and the youth was riding atop the load.

Little Joe Funderburk, freshman quarterback at Tennessee, is hailed as a second Bobby Dodd.

The University of Kentucky plans a football game with the Army next fall.

PRESENTS READY FOR HER

Send the name, address, and doctor's report of all babies born after midnight, Dec. 31, 1931, to the Baby Page editor, Pampa NEWS, not later than Wednesday, Jan. 6th.

HOME BUILDING IS FEATURE OF LOCAL GROWTH

ACTUAL VALUES MORE THAN PERMITS SHOW

Building permits for 1931 show that more money went into residences than business buildings, which is unusual, according to F. E. Townsend, city building inspector.

Many beautiful residences were erected during the year, and they were not confined to one section of the city.

Many homes were remodeled and some were moved.

A check of building permits shows that Pampans valued buildings at \$205,650, although actual value probably totaled nearer \$300,000.

Many builders failed to purchase permits for full value, believing the tax assessor based values from the building inspector's books. Others knew that the assessor has nothing to do with the amount of a building permit.

Permits for residences, building, decorating and moving amounted to \$106,650 during the year. Business permits totaled \$99,000.

Residences valued at \$2,000 or more erected during the year follow: A. C. Lovell, \$2,000; Mrs. J. A. Cliff, \$3,000; L. H. Anderson, \$2,000; Dr. W. F. Nichols, \$3,000; R. W. Bartgis, \$3,000; J. O. Jensen, \$3,000; Merrick & Boyd, \$2,500; R. F. McCallip, \$4,000; L. W. Hardcastle, \$2,500; George Dull, \$6,000; Merrick & Boyd, \$4,000; F. T. Maddox, \$2,500; A. L. Goad, \$2,500; Mrs. Glen Pool, \$3,000; B. W. Rose, \$10,000; C. V. Slat, \$2,000; J. H. Blythe, \$3,000.

Business buildings:

Gordon Stores, \$9,000; Buckler building, \$7,000; Barnard building, \$7,000; Ivy E. Duncan, \$10,000; Southwestern Public Service company, \$6,000; Walter Sill Tire company, \$12,000; Bob McCoy & L. M. Guyer, \$17,000; First Christian church, \$25,000; White House Lumber company, \$6,000.

THREE KINDS OF LOVE

KAY CLEAVER STRAHAN

It pretty nearly stifled me, and my knees shook and everything. But even for your sake, darling, I didn't dare glance at him as we passed. I'd of died. I know I would, and mother was right behind me and speak to you."

"But when daddy was paying the check, up in front, I did' kind of glance toward him. Mary-Frances, he'd kind of turned around in his chair, and he was looking right at me! I nearly passed out. And I can't explain it, but right then another one of my psychic hunches came to me—you know how they do—and it was just as if he'd said, 'in so many words to me, 'If you girls are downtown tomorrow after school I am going to come up and speak to you.'

"He'll do it, Mary-Frances. I know it with all my innermost being. It makes me just kind of tremble all over. Do you suppose we'll dare? The more I think about it, honest, the more I think we just absolutely won't dare. I was thinking, like Danty and Beatrice, it might just come to be one of those beautiful, passing dreams—"

"Dare! Well, Ermintrude Hill, if you think I'd back down now, at this crucial time, after—" Mary-Frances topped, caught her breath sharply. Deep annoyance, coupled so suddenly with her intense excitement, had all but betrayed her—"after we've promised Miss Beverly that we would take part and everything—"

Miss Beverly was their Sunday school teacher.

Ann hung up the dishpan, and turned on the faucet above the sink, and swished the water about with a brush, and decided to let that do for this evening. Phil, surely, would be here now before long. Phil was late again. She did not mind, because she had heard or read that the secret of successful love lay not in ignoring faults but in recognizing them and not minding them.

Years ago, when Phil had always been early, she had not minded that, and so, sincerely, there was no reason for minding now because he was always late. Probably it was merely a habit and not a fault at all; or were habits and faults the same?

She took two damp tea towels from the seat of a chair and went to hang them on the rack above the stove. It was mean of Mary-Frances to skip off, as she had, before the tinware was washed. I had been sweet of Cecily to offer to help, though she should have known Ann would not allow it when she had company. Cecily was in love. For nearly 10 minutes Ann had forgotten it. Poor Cissy—Ann caught it back and tried to correct it. She

likes it, of course. I am in love and I like it. Of course I like it. I must like being in love with Phil—who is always late.

She turned out the kitchen light and went through the big dining room into the front hall. Mary-Frances was coming quietly down the stairs, and she tipped her chin to sauciness as she answered Ann's question.

Social Worker Is Honored in Tacoma

TACOMA, Wash., Dec. 31. (AP)—Very modestly does silver-haired Mrs. Frederick C. Thompson take the honor of resignation as the city's "most useful citizen" for 1931.

"Nothing has ever made me feel so humble," she said after her fellow citizens had thus rewarded her 10 years of tireless work among the city's poor and needy persons. She is assistant superintendent of the Tacoma community house.

The woman, whose days are a routine of boys' and girls' work, English lessons to women of foreign birth, religious, health, play and home economics guidance, and whose nights are occasionally broken into with hurry-up calls for help in ushering new lives into the world, gives much of the credit to her husband.

"My work is the work I love," she explains. "And all I have really done is to assist Mr. Thompson, who is superintendent, in relieving and helping the people who come to us."

One week recently she sat at bed-sides and watched six persons die. She has sat in an automobile with a tiny coffin in her lap, while bereaved parents, too poor to afford a funeral, were being driven to the cemetery.

For a brief hour at a civic dinner she left her duties and the distinction was bestowed on her. Her contributions to the community were called invaluable by E. B. King, chairman of the committee who chose her.

"And for this," he added, simply, "she receives the magnificent salary of \$40 a month."

SUSPECT SAYS HE SAW BOTH MISSING MEN

ANAHAUC, Dec. 31. (AP)—Frank W. Geer, 35-year-old unemployed hunter and fisherman, will have a preliminary hearing Jan. 6, in Justice J. N. Gourlay's court in Mount Belvieu on a charge of murder in connection with the death of J. L. McElrath, whose body was found floating in Trinity bay Sunday.

The charge was filed against Geer yesterday by Sheriff W. R. Sherman of Chambers county.

Meanwhile, searching parties today renewed the search for the body of F. C. Bonham, who left Houston Dec. 10 with McElrath on a hunting trip. Bonham was a deputy Harris county tax collector.

Bruises on McElrath's head led officers to believe he might have been struck on the head and then tossed into the water, and they thought Bonham might have suffered the same fate.

Justice Gourlay said he had no charge was filed. Geer denied the prisoner could make bond.

Sheriff Sherman and George W. Darden, county attorney for Chambers county, said they questioned Geer three days before the murder charge was filed. Geer denied the charges.

He told a reporter he had found a job tending boat shacks on the bay front. "On the night of Dec. 11, two men came to the shack requesting that I put them up until morning. I did so and the next morning one of the men who said his name was McElrath, wrote his and his companion's name on a piece of paper, and told me to look them up when I came to Houston," Geer said.

"McElrath jokingly remarked that his friend, Bonham, was a politician and could get me out of trouble, if I ever got into any. The two men got in their boat and went out in the bay. I left the beach and went to Houston. I returned the following night, a Saturday night.

"The last I saw of the two men, McElrath and Bonham, they were speeding across the bay in their boat. The first I knew of their disappearance was when my employer, Charley Smith, came to my shack and asked me the names of the two men, saying airplanes overhead were looking for them."

RANCHMAN KILLED
FOWLETON, Dec. 31. (AP)—Murray Martin, young ranchman, was killed accidentally on the Martin ranch near here yesterday afternoon. Details were not learned.

Jack Allison, young son of Mr. and Mrs. Frank Allison, returned last night from Denver where he spent Christmas.

Gandhi Expects To Be Arrested

BOMBAY, India, Dec. 31. (AP)—Viceroy Lord Willingdon telegraphed Mahatma Gandhi today that if the Indian Nationalists renew their civil disobedience campaign the government is prepared to meet it.

"This means war," said one of Mr. Gandhi's closest advisers.

The Mahatma took to his tent with a solemn expression to write an answer to the viceroy.

"In the one or two days more of freedom," he said, "let us say our prayers in peace."

It was thought he meant he expected to be arrested if the civil disobedience campaign were renewed.

BILL MURRAY TALKS POLITICS IN HIS ORGAN

OKLAHOMA CITY, Dec. 31. (AP)—Gov. William H. Alfalfa (Bill) Murray outlined a plan today for "winning the national convention."

While he did not directly announce his candidacy for the democratic presidential nomination, he reiterated he would not accept nomination for the vice-presidency.

"The people," he said in a signed statement in his weekly newspaper, the Blue Valley Farmer, can nominate the party's choice for president by lifting their voice in precinct caucuses and pressing on to "win" the national convention.

Charging that opponents were attempting to show he differed from the Democratic party on reform proposals, the fiery governor declared:

"As a matter of truth, this is a contest between Bill Murray and the people who believe in reform on one side and Hoover with his satellites who produced 25-cent wheat and 5-cent cotton on the other."

Murray appealed for support in the state Democratic convention Feb. 20.

NIGHT LOOTING OF BANK TOLD BY MAN, WIFE

CENTRAL CITY, Ky., Dec. 31. (AP)—Freed from their bonds early today, Thomas McGowan, cashier of the Citizens' Union bank, and his wife notified authorities of a night bank robbery which netted five men \$2,000 in silver.

The robbers entered the McGowan home, bound and gagged Mrs. McGowan and three of the men forced the cashier to drive with them to the bank while two guarded his wife. McGowan was ordered to open the vault where the robbers found the silver in sacks.

They could not loot the inner safe, which contained between \$15,000 and \$20,000, because it was sealed by a time lock. After carrying the money to the car, the three drove McGowan back home and bound and gagged him. All five robbers were armed.

The men escaped in the small brown sedan in which they had driven the cashier to the bank. Shortly after midnight Mrs. McGowan freed herself and untied her husband. They notified police.

COTTON IS QUIET

NEW ORLEANS, Dec. 31. (AP)—The cotton market started the last day of the year very quietly. As Liverpool cables were better than due, first trades here showed gains of 2 to 3 points and the market ruled steady for a time in sympathy with firmer stocks at the opening.

In the first hour, prices eased off on week-end sales in advance of the holidays, March trading down to 6.45, May to 6.64, and July to 6.28, or 3 to 5 points down from the opening figures.

MAN MOUNTAIN GOES TO DENTIST

The dentist chair wasn't big enough for Big Jim Tarver, Texas giant who travels with a circus, so when Tarver visited Dentist S. C. Noble at Mineola, Texas, Dr. Noble contemplated climbing into a chair to work on Tarver's teeth.

Tarver, whose home is on a ranch near Mineola, is 7 feet, 9 inches tall and weighs nearly 500 pounds. He has traveled all over this country and England, and was received at the court of King George.

Dr. Noble, pictured with him, is an average size man, 5 feet, 8 inches tall.

Jury Fund Money Transferred Back

Money transferred from the jury fund to the general fund during the last six months was ordered transferred back by county commissioner yesterday. The transfer was scheduled to be made from the January tax collections, but enough taxes were collected in November and December to enable the court to make the transfer at this time.

The bank's statement of the county school funds was examined and approved.

Most of the oil companies paid half of their taxes in November under the special law permitting taxpayers to pay half then and the balance next June. Few tax payers besides the oil companies took advantage of the statute. Other property owners usually pay taxes in January.

GRAINS STRONGER

CHICAGO, Dec. 31. (AP)—Grains went upward early today, helped by firmness of Liverpool wheat quotations and of Wall Street securities. Rumors of a revolt in Russia were current and were construed as bullish. Opening unchanged to 3-8 higher, wheat afterward rose all around. Corn started at 1-8 to 1-2 advance and continued to climb.

Compromise Bill On Relief Passes

MADISON, Wis., Dec. 31. (AP)—Governor LaFollette's \$17,000,000 unemployment relief bill has gone the way of legislative defeat and there now rises in its place, with a 16 to 15 favorable vote of the senate, a \$7,000,000 compromise measure, sponsored by Senator Philip E. Nelson.

When the last echo of debate on the governor's proposal had died away yesterday afternoon, a majority of the 17 votes, including that of Senator Walter Polakowski, Milwaukee socialist, wiped the governor's bill off the books.

JAPANESE—

(Continued From Page 1)

eral Tamon's command, two regiments of General Kamura's brigade and two regiments of General Mura's brigade. All were fresh from Japan, belonging to units which landed at Dairen only five days ago.

Authoritative estimates, therefore, place the Japanese strength at Kowpangtze tonight at 15,000 men, including artillery and other auxiliaries which kept pace with the infantry's advance. These forces were deemed to be irresistible if the Chinese offer resistance in tomorrow's expected smash on Chinchow.

Very Confident

Confidence ran high in Mukden and Kowpangtze that the Midako's warriors will find the road open to Chinchow tomorrow and will be able to celebrate the New Year's—which the Japanese call Oh Sao Gatsu—in the enemy's capital.

NANKING, China, Dec. 31. (AP)—Despite Chang Hsueh-Liang's re-

treach from Chinchow, China's new National government is determined to defend that city against the Japanese advance, a spokesman told the Associated Press today.

"Our government will assume all responsibility for Manchurian affairs," he said, "and after the inauguration of the cabinet tomorrow our order to Chang Hsueh-Liang to hold Chinchow will be repeated."

"Independence for Manchuria is not and never will be a political reality. Thirty million Chinese create and produce the wealth of Manchuria; they have made that territory a great and vital part of China which never can be severed."

Nanking never ordered Marshal Chang to evacuate Chinchow, he said, but on the contrary is determined that he shall hold the city.

Two persons were seriously injured when a soccer game in St. Louis broke up in a free-for-all in which players and spectators joined.

Postoffice At Alanreed Looted

Falling in their attempt to rob the Alanreed postoffice Tuesday night, burglars returned last night and were successful, according to a brief telephone message from the postmaster to Sheriff Lon L. Blansett received early this morning.

The sheriff hurried to Alanreed to investigate the robbery. The message also stated that two other business firms in the town were burglarized last night. It was not learned how much money was taken at the postoffice or at the other places.

Tuesday night, the safe was taken out of the postoffice into the alley, but the robbers either could not get it open or were frightened away.

The sheriff did not know when he left this morning how the bandits entered the postoffice or how they obtained the money.

Postal Inspector M. B. Johnson of Amarillo was scheduled to be at Alanreed Wednesday to investigate the robbery.

Bank, Postoffice To Close Tomorrow

The First National bank, postoffice and many business houses will be closed all day tomorrow. Other stores will remain open during the morning hours but will close at noon, it was learned this morning.

The weather will probably keep Pampans indoors listening to the radio or attending the theaters. Two big football games on the Pacific coast will be the center of interest in the afternoon.

The Pampa NEWS will be published as usual and Pampans will receive the papers at their homes as usual.

Coach Howard Jones of the Southern California Trojans, formerly coached football at Duke university.

A number of new shuffleboard courts have been made ready for the winter at St. Petersburg, Fla.

Psychologist May Be Brought Here For Lecture Work

Are there 20 Pampans who would like to take a seven-night course in advanced psychology?

This question was asked today by Jack Vance, local man who is interested in bringing to Pampa Verona G. Hull, Portland, Ore., woman who is at Amarillo now. The cost of the series of lectures would be \$10 per pupil.

The lectures would include all phases of mind development and control. Magnetism and self-confidence building is stressed. Miss Hull is highly recommended for her personal analysis work and ability to present applied psychology.

Mr. Vance may be reached at phone 273.

Minnesota and Ohio, oldest and youngest respectively in the Big Ten, have met but three times on the gridiron.

Let us thank you, friends, one and all, for your 1931 business and ask that you continue with us during the coming year.

ROW PROCEEDS CARD BATTLE

Angered, Mrs. Culbertson Leads Way to Victory Over Lenz and Liggett.

BY TOM O'NEIL
NEW YORK, Dec. 31. (AP)—In a race, as she expressed it, for the first time during the match, Mrs. Ely Culbertson had a large share in causing the lead of her side in the contract bridge match to be greater than ever today.

She and her husband won five of eight rubbers played at the sixteenth session ending this morning after a turbulent scene before a card was dealt.

The plus of the Culbertson side increased 3,990 to the total of 20,320. The total points became 107,385 for Culbertson and 87,165 for Lenz, the rubbers 68 for Culbertson and 52 for Lenz. In the opinion of neutral experts it is impossible for Lenz to catch up.

Mrs. Culbertson's anger was due to what she regarded as a deliberate attempt to excite her husband.

Trouble Brews
Sir Derrick Wernher, who has played as a member of the Knickerbocker club's team of four, was introduced by Lenz in the press room.

Culbertson came in a few moments before the match was due to start. Wernher accepted on the spot a challenge he said Culbertson had made him last July. Culbertson jokingly asked why the delay. One word led to another. Finally Culbertson refused to play Lenz unless Wernher left the suite. Wernher left after play started.

Lenz disavowed the intention of disturbing Culbertson. Superior cards, bidding and play helped the Culbertsons. Mrs. Culbertson succeeded at one little slam and two hands later in the same rubber made a squeeze play that produced game at four hearts and rubber.

Here is Mrs. Culbertson's slam hand, No. 711:

Lenz (north)
S-9 6 5
H-Q 5
D-K J 10 9 5 2
C-J 8

Mrs. Culbertson (east) dealer
S-7
H-10 7
D-A K J 8
C-A J 10 6 5

Liggett (south)
S-Q 4 3 2
H-9 6 4 3 2
D-8 7 6 3
C-None

The bidding: East one club; south pass; west two spades; north pass; east three hearts; south pass; west three spades; north pass; east three no trump; south pass; west six clubs; all pass. Liggett led the three of diamonds. Mrs. Culbertson took all the tricks.

BIG SOW LIVES IN HAY STACK SINCE JULY 15

WARSAW, Ind., Dec. 31. (AP)—When a 500-pound sow was accidentally covered with straw while threshing was in progress at the Oscar Rehman farm east of here last July 15, no attempt was made to save the animal as a huge stack had been completed and it was generally believed the swine had perished by smothering.

Yesterday, however, workmen pulling out the straw heard a grunt and out walked the porker, alive and well but minus about half its weight.

KICKING HIM INTO THE GULF

Leap Year Same As Any Other In Official's Opinion

NEW YORK, Dec. 31. (AP)—Leap year means nothing to James J. McCormick, chief of the marriage license bureau except just another year with one day added.

"The women folks don't wait for leap year to pop the question any more. Most of them do the proposing nowadays anyway," he said today.

He snapped a rubber band twice around an ornate wedding certificate and called a nervous couple into the box-like chapel where he was tying the knots.

Pertly, Brusque, a little hard of hearing, McCormick was marrying them at a couple a minute. He wed one couple in less than a minute for they took less time to answer the regulation yes to the regulation question which he put to each, a bit impatiently.

"Now kiss your bride," he commanded of the blushing bridegroom as he flourished his signature across each certificate.

WEATHER—

(Continued From Page 1)
cause of rain and freezing weather around Wichita, Kan.

Several ranchers reported cattle drifting, but no loss had been reported up to noon. Streets were made slippery by packing snow, and driving was dangerous. No serious accidents resulted, however.

Frank Hudgel transacted business in Amarillo yesterday.

as I have said before, there is not much difference in people. The trouble is they never seriously make a resolution. They have mental reservations and there should be none in mind when one makes a resolution.

"I have buried a number of men and women who did not need to be dead. They were people of real quality and real ability. They had enough will power to make and keep a resolution but it never occurred to them to take a resolution seriously.

"New Year's is a psychological time to make a resolution seriously. The old year is gone. The new one has begun. One is in the right kind of a mood. One sort of feels that the past is dead and that he can start over again. Resolutions are profitable for young and old. I approve of making them and of then holding steadfastly to them. Let us make good resolutions on New Year's day."

CLUB IS MEETING
The Linger Longer club is meeting this afternoon in the home of Mrs. O. K. Gaylor.

Truck Drivers Are Fined Here

George Stanley, county traffic officer, arrested two truck drivers yesterday for driving without mirrors. Fines were paid in Justice of the Peace James Todd Jr.'s court. Mr. Stanley intends to rid the highway of trucks without mirrors. It is his opinion that this is one of the most provoking and costly of traffic violations. For one thing, the driver of such a truck is likely to develop into a "road hog" and because such a driver usually stays in the middle of the road, accidents are extremely likely.

City officers arrested two for speeding, one for running a stop sign and two for double-parking yesterday. Members of the police force are assuming the work of a traffic officer.

WATCH PARTY
Members of the Dutch Bridge club and their husbands will see the Old Year out and the New Year in at a party this evening beginning at 8 o'clock in the home of Mr. and Mrs. John Haggard.

EXCEPTIONALLY GOOD FIRE RECORD IS MADE BY PAMPA

Pampa had an enviable fire record during 1931 as a report just compiled by Fire Chief Clyde Gold, shows. There were only 79 alarms received at the station from Jan. 1, 1931 to this morning. Three of the calls were false alarms and seven were outside the city limits.

The total loss of property by fire, water and smoke during the year was \$25,745. Of that amount, \$7,955 was to buildings and \$17,790 to contents.

The report follows:
Total value of buildings involved in fires, \$304,300.

Insurance carried, \$209,600.
Total loss to buildings, \$7,955.
Total value of contents of buildings, \$107,500.

Insurance carried, \$81,500.
Total loss to contents, \$17,790.

The fire marshal made 490 inspections during the year and found 179 hazards, all of which were remedied before the close of the year. The marshal investigated 17 fires and found only one of an incendiary nature. Arson charges were filed in connection with burning of the building.

The worst fire encountered was at Kraft's Mint store where smoke hampered the work of the department. The blaze was discovered in the rear basement after considerable water and smoke damage to the main floor. The only other serious fire of the year was at the Gott building on South Cuyler street

ALLOWABLE—

(Continued From Page 1)
field is 26,966 barrels, or nearly half the allowable in the field.

The Panhandle field is not producing its allowable by 3,249 barrels daily, according to figures of last week. Gray and Moore counties were the only ones to produce more than their allowable. Gray county went 2,001 barrels over, but Hutchinson county was 4,578 barrels under.

The number of wells, potential and allowable for the Panhandle field by counties follows:

County	Wells	Pot.	All'ble
Carson	243	12,024	6,302
Gray	957	66,497	31,055
Hutchinson	895	24,525	16,017
Moore	21	1,849	1,062
Wheeler	41	631	557
Totals	1,868	105,526	55,900

TARIFF—

(Continued From Page 1)
form in principle with those of other major producing states.

An interstate advisory board constantly studying supply and demand and fixing periodic quotas for production by the various states.

An interstate compact under which the states agree to appoint this committee and enforce these quotas, and at the same time agree on uniform practices of conservation.

Foreign Angle
A joint federal and state participation in negotiation with foreign governments for foreign production quotas to correspond with our own, so that conservation here would not be followed by excessive importations or undue loss of export trade.

Some form of federal protection for the consumer.

Congressional sanction of these steps.

"The importation of oil," Secretary Wilbur said, "is so small a part of the whole oil problem it would be thoroughly inadvisable to concentrate the attention of congress on importations and not have it at the same time look with a critical eye on careless and wasteful production in this country."

AMBASSADOR QUITS

WASHINGTON, Dec. 31. (AP)—William Cameron Forbes, American ambassador to Japan, has notified the state department he desires to retire from diplomatic service. The ambassador said he was willing to remain at his post until the acute phase of the Manchurian crisis is over, but he wishes to leave within two months. He plans to return to private life.

Harry F. Lauder of H. V. Robertson and company, Amarillo, was here on business today.

HAS RETURNED

Repeal Favored In Booze Ballots

HELSINGFORD, Finland, Dec. 31. (AP)—Tabulation of about one-sixth of the total vote in Finland's prohibition referendum indicated today that proponents of repeal would have the endorsement of at least half the ballots.

At 7 p. m., 132,122 votes had been counted. Seventy-eight per cent of them were for repeal, 21 per cent for continuing the present law and only one per cent for modification to permit light wines and beer.

Helsingfors was overwhelmingly wet when the count had passed the half-way mark. Viborg, Finland's second largest city, reported 81 1-2 per cent of the votes counted were for repeal.

TURKEY DINNER

A turkey dinner will be served this evening for members of the Queen of Clubs and their husbands in the home of Dr. and Mrs. A. B. Goldston. Games of bridge will follow the dinner and the group will see the coming of the New Year.
