

### FALSE

(Continued From Page 1)  
to produce more food, more clothing, more materials for housing, and more mechanical power to lighten their burdens. We invite technological resources in this undertaking."

The "Truman Plan" for world betterment constituted the only new point in the President's four main courses of foreign policy action. Under the other three this nation would:

1. Continue "unflinching support to the United Nations" and search for ways to strengthen it.
2. Continue programs for world economic recovery: first, through the European Recovery Program; second, by increasing world trade.
3. Strengthen "freedom-loving

nations against the dangers of aggression." Mr. Truman flatly promised: "We will provide military advice and equipment to free nations which will cooperate with us in the maintenance of peace and security."

While the President nowhere named Russia outright in his scathing attack on communism, his words apparently ended any possibility of quick and easy compromise between the Soviet Union and the West.

But "in due time," he said, he believes "those countries which now oppose us will abandon their delusions and join with the free nations of the world in a just settlement of international differences."

That he does not consider such a settlement possible now he made clear at the very outset. The United States and other non-Communist nations, he declared, have been balked in their work for "a just and lasting peace" by "a regime with contrary aims and a totally different concept of life."

"That regime adheres to a false philosophy which purports to offer freedom, security and greater opportunity to mankind," he asserted. "Misled by this philosophy, many peoples have sacrificed their liberty only to learn to their sorrow that deceit and mockery, poverty and tyranny, are their reward."

### MATTHEWS

(Continued From Page 1)  
share of credit."

As just part of what has been accomplished during Matthew's tenure, more than 12 miles of sewer lines have been laid, not counting three miles on Hobart; a 50-block street paving program was begun last year that only an unavoidable shortage of cement prevented completion; another 50 blocks are planned for this year; more than \$100,000 of street and sanitation equipment was purchased this past year to replace badly needed equipment that could not be bought during the war years; and the city's bookkeeping system has been thoroughly reorganized and simplified.

"I have considered Pampa my home," Matthews added, "and I have been proud to be called a Pampian."

Matthews was reared at Commerce, Tex., and received a Bachelor of Arts degree in government and a Master's degree in business and public administration from East Texas State College.

He was connected with the school systems of Childress and Borger for a while before being appointed city manager of Borger in 1938.

He came to Pampa early in 1940 as city manager and served until December, 1942, when he enlisted in the Navy. He served as naval gunnery officer in the North Atlantic, Mediterranean, South Pacific, and in the Indian and Japanese waters, with two and a half years of sea duty.

Matthews returned to Pampa in December, 1945, and, in partnership with O. J. Payne, he organized what has grown into a flourishing laundry business before he again accepted the city managership here.

He was married in 1944 to the former Dorothy Jo Taylor, daughter of Mr. and Mrs. W. W. Taylor of Clarendon. Their son, Steven Taylor, was two years old this month.

Matthews has two daughters, one of whom is a graduate of the University of Oklahoma. He has waived extradition.

### GODBEY

(Continued from Page 1)  
have put potassium cyanide in the water up there. I should have carved 'em all up into hamburger meat."

Tired and travel-weary, Godbey was arrested here early Wednesday by two rookie policemen who recognized him from photographs. Oklahoma officers were expected to arrive today to take Godbey back to Oklahoma. He has waived extradition.

### Fire Gives Students Unscheduled Recess

GEORGETOWN—(AP)—An unscheduled recess was in effect at Southwestern University today as a result of a fire which destroyed the power plant at Laura Kuykendall Hall, a women's dormitory, Wednesday.

All but January Seniors were sent home until Monday. Final exams were postponed until Jan. 31 and the opening of the spring semester was delayed until Feb. 3.

### Firemen Celebrate No-Fire Week

Firemen celebrated one no-fire week at 8 a.m. today and expressed the hope they may have another one just like the past one. Firemen say they have just enough fire at the station to keep them satisfied and wouldn't complain if they don't have another fire 'til summer.

### FIRST

(Continued from Page 1)  
had set this weekend as the deadline for success or failure of the U. N. effort to negotiate an armistice between Israel and Egypt in Palestine. The sources said the talks were progressing "smoothly without setbacks," but were being retarded by a "multitude of details."

The Egyptians and Israelis seek agreement on how much of the Negev Israel shall control. The Jews hope to develop the southern desert area into farm land and tap its reputed oil and mineral resources.

Informants said Bunche and his aides plan to return to the United States in less than a week. The mediator's duties are scheduled to end with the conclusion of the armistice talks. The U. N. Conciliation Commission on Palestine, now in Geneva, will then take over. It is due to arrive in Athens Saturday, enroute to Jerusalem.

Bunche is arranging an armistice. The commission has been instructed by the U. N. to seek peace.

### Authorities Halt Lunacy Hearing

DALLAS—(AP)—Authorities called off a lunacy hearing scheduled Wednesday for a West Dallas woman accused of gouging the eyes of her 3-year-old son. Instead the 28-year-old woman was ordered to Parkland Hospital for observation by Dr. J. M. Pickard, county health officer.

### Firemen Celebrate No-Fire Week

Firemen celebrated one no-fire week at 8 a.m. today and expressed the hope they may have another one just like the past one. Firemen say they have just enough fire at the station to keep them satisfied and wouldn't complain if they don't have another fire 'til summer.

## More Than 3,650,000 Babies Born In U.S. During 1948

NEW YORK, N. Y. — More than 3,650,000 babies were born in the United States during 1948, according to the statisticians of the Metropolitan Life Insurance Company. This number is the second highest in the country's history.

The high birth rate, in combination with the lowest death rate the country ever has known and a sizable immigration, has

produced an increase in population of about 2,500,000. The death rate was a little over 9.9 per 1,000 of population, which is slightly below the previous minimum recorded in 1946, and about 1 1/2 percent under the 1947 rate. The statisticians add this cheering footnote to their estimate of the number of births:

"Because of the decline in infant mortality to a new minimum, a higher proportion of the babies born in 1948 will survive the hazardous first year of life than the babies of any prior year. The reduction of infant mortality in the last fifteen years means the saving of nearly 75,000 infant lives in 1948 alone."

The high rate of natural increase in the present decade has added nearly 15,000,000 to the population of the United States since the 1940 census, exceeding by more than 85 percent the population growth from both natural increase and immigration during the entire decade of the 1930's.

"Unless there is a very sharp reversal of present trends, the population will pass 150,000,000 by the time of the 1960 census, or shortly thereafter," the statisticians assert. "In any case, the total gain in population of the 1940's will be the largest for any decade in the country's history, and is not likely to be surpassed in the foreseeable future."

### Stab Wounds Are Fatal to Boy

SAN ANTONIO (AP)— Santiago Sanchez, 15, of San Antonio, who suffered stab wounds Tuesday night, died in a hospital Wednesday.

Detectives J. O. Newman and Steve Solis said the victim, stabbed once in the stomach, was unable to make a statement before he died.

Justice of the Peace M. D. Jones was to conduct an inquest. A 17-year-old youth is being held by police pending further investigation.

### Elderly Woman Killed in Wreck

SIERRA BLANCA, Tex. —(AP)— An elderly California woman was killed Tuesday when the car in which she was riding collided with a highway grader removing

ice from a slippery highway.

She was Mrs. John W. Griffin, 61, Oakland, Calif. Her husband, driving the car, escaped with minor injuries.

The accident occurred about eight miles west of here on highway 80. State highway patrolmen said the car apparently slid

### Rehearing Overruled in Dallas Conviction

AUSTIN —(AP)— The Court of Criminal Appeals Wednesday overruled the motion for rehearing in the Dallas conviction and death sentence given Lee Cassell.

Cassell was convicted of murder in the iron pipe slaying of Lester Linwood Wilson Sept. 22, 1947, while the latter was sleeping in the rear of a furniture store. The store had been entered

in a burglary attempt on the store next door, court records showed.

The appeal court first affirmed the conviction last Dec. 8.

All colors are seen as various shades of gray by a person with congenital color blindness.

## Texas Livestock Income Surpasses King Cotton

COLLEGE STATION (AP)—Livestock has driven King Cotton off his perch atop the Texas farm economic system, a Texas A&M specialist reports.

Twenty-five years ago, cotton brought in 70 percent of farm income in Texas. Since then it's dropped to 20 percent.

At the same time, income from livestock and livestock products was skyrocketing until now it produces about 40 percent of the total Texas farm wealth.

The figures are supplied by C. H. Bates, extension farm management specialist at A&M.

In 1924, Bates reports, total sales from livestock products was only 20 percent of the total. By 1944, returns from these sources had risen to almost one-half the total income—up to 46 percent.

The same year, receipts from cotton and cottonseed had dropped to only 28 percent of the

total. Figures since then have been about the same, Bates estimates.

Sales from other Texas crops—wheat, rice, sorghum, citrus, flax and peanuts—made up around 33 to 35 percent of Texas Farm income. Back in 1924, these sources provided only 10 percent. By 1944, they had climbed to 28 percent.

Markets for an increasing volume of milk have developed from the rapid expansion of industrial activity in the state. Population growth within Texas and the

southwest calls for an increased output of meats, poultry and dairy products, says Bates. Prospects are that this growth will balance the economic pattern with more livestock on Texas farms.

Total color blindness is extremely rare.

UNIONS TO REMAIN  
PARIS (AP)—Vasily Kuznetsov, Soviet delegate to the World Federation of Trade Unions, indicated Russia will keep the federation alive even if Western labor unions pull out.

COLD FEEDING—West Texas cattle, which face one of the most icy cold spells in years, stand in an ice covered field along the Kermit highway, 21 1/2 miles west of Odessa. (AP Photo.)

## 4-H Club Members Have Productive Year During 1948

The six boys 4-H Clubs at Pampa, McLean, Alanreed, Hopkins, Grandview and Lefors had a total membership of 163 in 1948.

These boys carried on 43 swine demonstrations with 104 hogs, 32 beef animal demonstrations with 86 animals, 27 dairy demonstrations with 41 dairy animals, 53 poultry demonstrations with a total of 289 birds, 19 wheat demonstrations and 34 garden demonstrations.

At the club meetings instruction was given in feeding, livestock judging, agronomy, soil conservation and poultry culling.

A total of 12 beef calves and 14 pigs were shown at the Top of Texas Junior Livestock Show. Two Gray County 4-H Club beef calves were shown at the Amarillo show.

Eight boys received gilts and one boy received a boar under the Sears Program last spring and these gilts were shown at the county show last fall. The number one placing of the gilts and the boar were shown at the district show at Amarillo.

Ralph Thomas, county agent, assisted by Vic Joyner, worked in cooperation with the Soil Conservation Service and the County Agricultural Conservation Association with the Soil Conservation District to do soil conservation work in the county. A total of 25 miles of terraces were surveyed for 11 farmers by the agents.

More than 6000 acres, mostly range land, in Gray County was infested with prairie dogs in 1947. In cooperation with the U. S. Fish and Wildlife Service a prairie dog eradication program was started. Using gassing, 1080 poison oats and some cyanide flakes, an estimated 85 percent of the prairie dogs were killed that year. During 1948 prairie dogs were baited on over 2,000 acres with 1080 poison. The 4,000 acres of heavily infested land has been reduced to 2,000 acres of lightly infested with the rodents since 1947. They have been entirely killed out on more than half of the farms and ranches infested.

Kangaroo rats had been doing considerable damage to stands of crops and to terraces in the McLean area. A total of 35 farmers controlled these pests with poison grain taken to McLean by the county agent.

A grass hopper poison bait mixing station was set up at the County Barn at McLean. Bran and poison was furnished by the U. S. Bureau of Entomology and Plant Quarantine and hauled from Dumas by county owned trucks. Mixing was done by the farmers under the supervision of the county agent and County Commissioner Ernest Beck with no charge to the farmers. A total of 122 acres of the bait was used by 47 farmers.

More than 1,300 acres of bindweed were given two sprayings with 2,4-D under the supervision of the county agent. In 1947 from 200 to 300 gallons of the solution per acre were used and only 220 acres were sprayed with the two county machines. This year the sprayers were equipped with the new low volume nozzles that applied the same amount of 2,4-D acid per acre in only 10 gallons of water.

Thomas says that 2,4-D has not eradicated bindweed in most instances, but it has been excellent for control as it does keep it from making seed and retards the spreading.

Some of the other activities participated in are listed. The agents worked with the Pampa Chamber of Commerce in holding the Top of Texas Junior Livestock Show where a total of 85 fat calves and

Lean area: Claude Barker, Gordon; W. L. Williams, Gage; Whitener and Lyndon Simms, all of Wheeler; George Close, Lela; H. H. Reeves, George and Ed Davis and Wallace Fields, all of Shamrock.

## Plans Are Made For Wheeler Co. Livestock Show

SHAMROCK (Special)—In addition to approximately 25 top quality club calves to be shown by FFA and 4-H Club boys, 12 breeders are expected to exhibit about 80 head of cattle in the Wheeler County Winter Livestock Show to be held here Saturday, Feb. 12.

Although competition in the boys' division will be restricted to 4-H Club boys and FFA boys of Wheeler County, the breeders' show will be open to beef cattle breeders of Wheeler County and those in the edges of adjoining counties.

The breeders' division is a new addition to the former Wheeler County Baby Beef Show. In the past the show has been limited to 4-H Club boys and members of Future Farmers of America Chapters.

The Shamrock Chamber of Commerce will furnish the use of the new Community Building to accommodate the show, and will provide \$250 for prize money, ribbons, hay and other items incidental to the show.

The show will be under the direction of the Agricultural Committee of which Vernon Carver is chairman. H. H. Reeves and W. K. Hovey will select judges and Howard C. Weatherly will be in charge of the show room and ring.

Among senior breeders expected to have three or more cattle in the show are: Charles Carpenter, J. L. Heas & Son, Clyde Maga, W. O. Simmons, all of the Mc-

Conservationists Offer Warning

FORT WORTH (AP)—Present moisture on the Texas and Oklahoma plains permits emergency tillage to prevent wind erosion, experts at the Soil Conservation Service regional office said here. The recent precipitation permits chiseling and deep plowing which were impossible when the land was dry and hard.

These emergency measures turn up clods which stop soil blowing temporarily, the conservationists said. If more rain or snow comes the emergency measures can be repeated and thereby control blowing land until spring plowing.

Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

# Champions Crowned in District Golden Gloves

## Hunt Named the Outstanding Boxer of District Tournament

Champions were crowned last night in the District Golden Gloves Boxing Tournament which came to a close after three very successful nights of ring activity. The Jaycees are to be commended for the fine method in which the tournament was handled, with no delays in the fighting and all well matched boys. The champions will go to Amarillo next week, as the Pampa team, to defend the district championship won over there last year in the regional meet. The meet there starts next Tuesday night at the Auditorium.

The award for the outstanding boxer of the tournament went to Francis Hunt, 160-pound champion, whose terrific left hand was a constant menace to all his opponents. Trophies will be awarded to the champions and golden gloves to the runners-up when they arrive. At present they are snowbound in Kansas City, but are due to arrive soon.

### 1949 DISTRICT GOLDEN GLOVES RESULTS

Champion	Runner-up
Donnie Ray, Shamrock 112	Jimmie Bennett, Pampa
Joe Landrum, Shamrock 118	Tommie White, Pampa
James Moore, Clarendon 126	Jim Bill Windsor, Pampa
John Vineyard, McLennan 135	Rex Bradford, Clarendon
James Bowers, Pampa 147	Jack Trussell, Clarendon
Francis Hunt, Pampa 160	Rocky Risenhoover, Clarendon
Leon Kelly, Pampa 175	Freddie Newsome, Lefors

### School Division

**Ray-Bennett**  
112-POUND CLASS — Donnie Ray, Shamrock veteran and the defending champion, sent Jimmie Bennett, Pampa challenger to the canvas in 35 seconds of the first round to gain a knockout victory. A hard right sent Bennett down for a 0 count earlier, and the second round ended it.

**Trum-White**  
118-POUND CLASS — The longer reaching Joe Landrum, Shamrock slugger, landed a hard left on the side of Tommie White's (Pampa fighter) right jaw and floored him for the count after 30 seconds of the first round had elapsed, to win by a knockout.

**Windsor-Moore**  
126-POUND CLASS — Pampa's Jim Bill Windsor, hard hitting, curly headed boxing artist, lost a heartbreaker to James Moore of Clarendon. Moore, though the rankier and having the longest reach of the two boys, found himself in a strait jacket and was groggy at the end of the first round. In the second round both boys exchanged many blows, with Windsor apparently getting the better of the fighting. But after 30 seconds of the third round, the fight was stopped by the referee, J. C. Oakley, and a TKO was awarded to Moore when Windsor received a very badly cut right eye which made it impossible for the referee to permit the fight to proceed any further. Windsor, it seemed, had a wide advantage on points to this time in the fight.

**Bradford-Vineyard**  
135-POUND CLASS — Two hard hitting, fancy boxers, Rex Bradford of Clarendon and Johnny Vineyard of McLennan, fought through three fast rounds that were hampered by the fact that Bradford received a cut eye in the opening round and it gave him constant trouble throughout

**Newsome-Kelly**  
175-POUND CLASS — Leon Kelly, cool and slender Pampa boy, had a hard time locating the clinching Freddie Newsome, Lefors cage star, in their fast three-round fight. Newsome lunged in and they would fall into a clinch around Kelly's hips, where Leon could not get to him. Kelly landed one solid blow in the first round which opened a small cut on Freddie's forehead, and then landed a couple of rights and lefts in the second round. In the third he dropped Newsome for a 3 count twice with hard rights. Both boys threw plenty of leather at each other in the last two minutes, and were still flailing away at the bell. The decision went to Leon Kelly.

**Open Division**  
**Stewart-Morris**  
126-POUND CLASS — Two Clarendon boys, Gilbert Stewart and Ray Morris, battled through three rounds that saw Morris leaping and bouncing all over the ring with such agility that Stewart was unable to land a solid blow until the third round when he dropped Morris for a 3 count. Morris made little effort to hit, strictly a defensive and moving target. The decision went to Stewart.

**Low-Cox**  
175-POUND CLASS — John Lowe and Kenneth Cox, both of Pampa, slugged their way through the final bout of the evening, with neither of the boys doing any damage to the other. Both were very tired at the finish. They threw a lot of leather, but no solid blows were landed. The decision was awarded to John Lowe.

**Exhibitions**  
**Cooper-Davis**  
85-POUND CLASS — Billy Ed Cooper, Pampa, and Bob Davis, Clarendon, started off the night's festivities with a light-weight bout. Davis had the reach advantage. But Cooper was the aggressor. Davis did a good job of counter-punching, though neither boy landed any really solid blows. The decision was awarded to Cooper.

**Wilhelm-McPherson**  
100-POUND CLASS — In a very slow bout, made because they threw a lot of leather, Bob Wilhelm and Waymon McPherson walked through a three round exhibition to a no decision.

## Brownfield Is Next for the Harvesters

The Pampa Harvesters return to the conference race tomorrow night, and go in search of their 16th consecutive victory, when the Brownfield Cubs come to town to engage in four quarters of hardwood pounding at the local Junior High Gymnasium. The main game is scheduled to start around 8:15. A preliminary at 7 o'clock will be played between the Guerrillas and the Berger High "B" squad.

The Harvesters stand on top of the district 1-AA cage race with wins and no losses. Brownfield has one victory and one loss in conference play. They downed Plainview in a double overtime game last weekend, and then lost to Lubbock Tuesday night, 45-17, while the Pampanos were downing Hollis 39-25.

The Harvesters have been taking mid-semester exams this past week, and consequently haven't devoted as much time to basketball practice as has been the rule all year. They will be bolstered by the return of Jack Sutton, six foot junior, who became eligible yesterday, having completed one year of school since transferring to Pampa from a Kansas school.

The district 1-AA standings to date:

Team	Won	Lost	Pct.
Pampa	2	0	1.000
Lubbock	2	1	.666
Brownfield	1	1	.500
Borger	1	1	.500
Amarillo	0	2	.000
Plainview	0	2	.000

**Canadian Tournament**  
GIRLS  
White Deer 25, Panhandle 17  
McLean 50, Groom 31  
Darrrouzett 41, Follett 40  
Stinnett 24, Kelton 9  
Mohr 65, Booker 40  
Wheeler 37, Allison 9  
Miami 39, Higgins 15  
BOYS  
Wheeler 37, Allison 32  
Briscoe 67, Canadian 35

**Bisons Coming**  
BUFFALO, N. Y. — The Buffalo Bisons of the International League will open their spring training camp March 9 in Waxahachie, Tex., executive secretary Joe Brown announced today.

**Randall-Williams**  
135-POUND CLASS — Jerry Randall, a strong Clarendon youth and Herschel Williams, local boy, battled furiously through three fast rounds. Randall had a good working right, but Williams was the best boxer. Neither boy used much of a defense, content to just slug it out. Williams landed many blows the final round and had Randall a little groggy at the final bell. The decision went to Williams.

**Gillmore-Sargent**  
140-POUND CLASS — Jimmy Gillmore and Oscar Sargent, two Pampa boys, battled through one of the fastest fights of the night. They stood toe to toe and slugged it out through the entire three rounds. Sargent constantly kept walking into a straight left which Gillmore had extended waiting for him. In fact, he walked into it so often he had himself groggy at times. The decision went to the more clever Jim Gillmore.

## SPORTS

### Legislation Started for Conservation

AUSTIN — (P) — The Game Commission will consider proposed legislation in the field of game and fish conservation at its regular quarterly meeting tomorrow. It is also expected to renew efforts to establish public hunting preserves throughout the state.

One of the proposals it may consider will ask for additional funds for the establishment of these preserves at strategic spots over the state.

Other proposed points of legislation to be considered are:

1. Universal state hunting and fishing licenses and a tag law for deer and turkey.
2. Regulatory powers for the commission to set hunting seasons and means and methods of taking game and fish.
3. An increase in the number of commission members with appointment to insure representation and experience in wildlife work.
4. A study to ascertain needs and means of accelerating restoration of small game, including quail, in the state.
5. A survey of deer and other wildlife damage and suggested means and methods of financing a compensatory program.

Howard Dodge, executive secretary of the commission, said he has been notified that delegations from Bastrop and Lee counties will appear before the commission. The delegations will protest the acquisition by the commission of the Camp Swift Reservation, which is being considered as the site for game management experiments. It would ultimately be transformed into a 52,000-acre public hunting preserve.

The two delegations will petition for the restoration of the Camp Swift property to its former owners who would be given priority to buy it back.

Under present surplus property regulations, the state agency has top priority. In a previous appearance, the Bastrop delegation declared that purchasing agents of the Army had promised them first chance at repurchasing it.

**Flying Dutchman**  
PHILADELPHIA — (P) — Willem Slykhuis of Holland says he's in top condition and hopes to push Ingvar Bengtsson in the featured mile run of the 5th annual Philadelphia Inquirer indoor games here tomorrow night.

Slykhuis is the first Dutch runner to appear on American board tracks in almost a quarter century.

**Wesleyan Loses**  
CINCINNATI — (P) — A slim crowd of less than 2,000 saw the University of Cincinnati whip the Texas Wesleyan basketball team 61 to 67 here last night.

**Babe Favored**  
TAMPA, Fla. — (P) — Babe Zaharias was so heavily favored to win the Tampa Women's Open that there was more interest in who would finish next to her.

Other pros looking good were Mary Moezel of Portland, Ore., Louise Suggs of Atlanta, Patty Berg, Kathryn Hempill and Hope Seignious.

### BETTER BOWLING

**SWING LOW:** They say that no two bowlers look alike in their delivery. Well, I suppose that's true. They all have different methods of moving into stride and swinging the ball. But at the foul line the form of the better scorers is the same in one way: Their body swings over in the SLIDING LEFT FOOT for good balance.

There are two points on sound form that the illustration shows: First, the weight is resting easily on the left foot as the result of a three foot slide, and the extended left arm gives balancing support to the body.

Second, notice that the slide is braked by the dragging right foot. This brake operates perfectly to prevent fouls IF the bowler is careful to begin his stride from an identical STANCE or starting position. The smallest deviation may mean the difference between touching the foul line and nullifying the pin count, an unnecessary mistake, or getting credit for the pins you spilled.

Yesterday it was explained, with the help of an illustration, that an abrupt stop at the foul line, without a slide, causes the body to be top-heavy, thrown too far over on the left leg. The ball, as a result, swings high, near the knee, and with such an arc it must be dropped or dumped.

This illustration shows the finishing slide with the ball swinging in a low arc, the arm working like a pendulum. As the ball passes the left leg the hand is in perfect position to apply whatever amount of wrist turn or finger spin is wanted.

### Cherry Given Tag Match at 5 Year Term Sportatorium

The Sportatorium, tomorrow night, will be the scene of the first Australian Tag match held here in quite some time. And opposing each other on the two teams will be Milt Olson, Racine, Wisconsin wrestler, and Monte LaDue, rough and dirty Canadian, who last weekend took Olson's state junior heavyweight belt away from him in the local arena. Balk Estes, and the vicious Gorilla Poggi will be on LaDue's side.

The first event of the evening will be a 45 minute affair between Billy Hickson and Billy Paris. Paris is a newcomer, and another of the French-Canadians who are drifting into the area. He is a nice looking young fellow, in his late 20's, who has been wrestling in Amarillo for the past two weeks.

Poggi is pretty well known around here. He is sometimes referred to as the "Argentine ape-man", his home being in the South American country of Argentina. He was wrestling champion of the Argentine Navy for four years. He joined the Merchant Marine and sailed all over the world, finally winding up in America, where he has settled, wrestling professionally here now for 20 years. While in Argentina, he belonged to the same athletic club as one Luis Angel Firpo, who knocked Jack Dempsey through the ropes in their title fight.

The bout is scheduled to begin at 8:15. The referee for the first fight will be Billy McBurnin, and he and Billy Hickson will handle the Tag match together.

### Bills and Aggies Tangle Today

NEW YORK — (AP) — Oklahoma A&M will throw up the best defense in college basketball tonight against St. Louis University, acclaimed the nation's no. 1 team.

Hank Iba's athletes, specialists in the zone defense, have held their opponents to an average of 35 points a game so far this season.

St. Louis has averaged 68.7 points a game, which makes them an offensive leader in their own conference but fails to place them among the top ten in scoring nationally.

The National Collegiate Athletic Bureau's official figures show Cincinnati still the top offensive team among the country's major quintets with an average of 74.4 points a game for nine outings.

### Gil Under Knife

DALLAS — (AP) — The big event—the operation on Gil Johnson's knee—comes off Feb. 2.

Gil Johnson, the passing star of Southern Methodist University's Southwest Conference and Cotton Bowl Champion Mustangs, will go under the knife Feb. 2 to correct his "trick knee."

As a result, Gil may have to come to the Dallas YMCA Feb. 2 at the annual Sports Achievement Dinner, when he is to receive a plaque as Southwesterner of the Year, in a wheel chair.

Gil is hoping it can be with a cane but anyway he'll be there.

## WARREN'S WARM UP

By Warren Mass—News Sports Editor

**QUESTION:** Who removed the world's heavyweight crown from the head of James J. Corbett?

**ADVICE TO BOXERS:** Johnny Behr, coach of the 1936 United States Olympic ring team and perennial leader of the Chicago Golden Gloves gives out with a bit of advice to young fellows who are endeavoring to go somewhere in the boxing ring. And since there is no other opportunity for local youngsters to get advice, Warmup will repeat it here for those who are interested in a famous coach's words.

Johnny says "The biggest weakness in boxing today is that the boys don't train hard enough. If I were going into Golden Gloves today I would make sure of one thing—that I was in perfect condition. You know there's an old axiom that a boy who's in good shape will beat a superior rival who isn't in shape."

Johnny outlined this program for boxing aspirants to follow:

1. Get in plenty of road work for the wind and legs, say about 3 or 4 miles a day in heavy street shoes to protect your feet. Run, then walk, to build up the change of pace required in the ring. Be sure you are bundled up properly for cold weather jaunts.
  2. Spend long periods in the gymnasium working on the light and heavy bags. This is an art which has almost gone by the boards these days, but it's mighty important. The light bag sharpens your eye, and the heavy bag improves your punching. Bag work builds up your shoulders so you won't get arm weary.
  3. Seek a boxing partner who is superior to yourself and concentrate on the fundamentals—do not try to slug it out with each other. Included in this groundwork are footwork, feinting, jabbing, and hooking. It takes years to attain perfection. Just keep plugging away and you will be surprised how your skill increases.
- "Most of the injuries in the ring are due to improper training and high living," he declares. "Boxing is NOT a dangerous sport if the competitor is in good condition. In the old days of 20-round fights, skin tight gloves with heavy taping on the hands, righters came out of the ring looking like raw meat. Yet, there were few serious mishaps. The reason, I am firmly convinced, is because the old timers were in marvelous physical shape. I cannot recall in the history of boxing where a champion or near-champion lost his life in the ring."

There is the advice of an old sage of the boxing world, a fellow who has trained many of the finest fighters in the country, including the present heavyweight champion, Joe Louis. I hope that this advice will help some youngster in this community become a Golden Gloves champion next year.

**ANSWER:** Robert L. Fitzsimmons beat Corbett on March 17, 1897, in 14 rounds by a knockout at Carson City, Nevada.

**THROUGH THE YEARS:** One

**Show Your Social Security Card to Each New Employer**

"Bought and paid for but not received." Those were the words used by John R. Sanderson, manager of the Amarillo Office, Social Security Administration, to describe what happens when a worker fails to show his social security to each new employer.

"When the end of a calendar quarter rolls around," Sanderson said, "the company has to make its report of social security num-

bers, names, wages, and taxes. If you have shown your social security card to your boss, your name and number will be shown correctly, and you will have that much more to your credit in your old-age and survivors insurance account."

Social security claims are based on what the records show. Wages that are not credited can't be used in determining whether a worker is insured. And wages that weren't credited won't fall on the monthly benefit checks, the government said.

**BACKACHE, LEG PAINS MAY BE DANGER SIGN**

**Of Tired Kidneys**

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sensations shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

**Texas Tech to Close Earlier**

LUBBOCK — Catalog changes at Texas Technological College announced recently by Dr. E. N. Jones, vice president, have moved the date for graduation and close of school one week earlier, and changed the opening date for summer school from June 8 to June 6.

**Aerodynamics an Influence on New Car Styling**

Pictured with a U. S. Air Force jet fighter plane, Chevrolet's Fleetline De Luxe four-door sedan exemplifies the clean, flowing surfaces that are the essence of modern transportation styling. Fleetline sedans are distinguished by the unbroken sweep of the roof line over rear quarters and clean, flowing surfaces that are the essence of modern of the car. A two-door model is also available.

New dates for baccalaureate and commencement are May 29 and 30 respectively. Examinations for graduating seniors will be held one week before exam week, which will re-week.

**'Delayed Pay' To Disappear**

AUSTIN — "Delayed pay" will be dropped from the Army Complaint Department on July 1, when the new system for military pay goes into effect.

Under the new plan a soldier will draw his pay promptly wherever he may be — in the U. S. or on foreign duty.

The plan calls for pay-cards to follow soldiers to whatever station they may be sent, making it possible to pay them promptly instead of the "delayed method," previously in use.

The new system is expected to work to the advantage of both the soldier and the disbursing officers.

Color blindness is about 20 times more common in men than women.

**QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID**

Free Book Tells of Home Treatment that Must Help or It Will Cost You Nothing

Over three million bottles of the WILLARD 'TANNIN' have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid — Poor Digestion, Sour or Bitter Stomach, Gasiness, Heartburn, Headaches, etc. due to Excess Acid, sold on 15 days' trial! Ask for "Willard's Message" which fully explains this treatment—free—at

**Simplified Controls Assure Driving Ease.**

In its 1949 models Chevrolet has relocated driving controls in a manner that promises appreciably to add to the safety and pleasure of driving. Dials are grouped around the face of a jumbo-sized speedometer. The starter button is on the panel together with light switches and ventilation controls. Also relocated is the handbrake, now conveniently placed at the right of the steering wheel under the dash. Notable in this view as well is the exceptional visibility offered by wider, deeper windshields.

**Jester Calls Festivities 'Glorious Inauguration'**

**By MARTHA COLE**  
AUSTIN —(AP)— Gov. Beauford H. Jester called it "a perfectly glorious inauguration."

"Mrs. Jester and I are very grateful and thank you from the bottom of our hearts," he told part of the thousands of Texans who helped him celebrate the beginning of his second term of office.

The last inaugural ball ended on a fading trumpet note a little after 1 a.m. today.

"Wednesday I can rest," Mrs. Jester said last night. In the midst of festivities she was saying, "My feet hurt, but I feel fine."

She and Governor Jester spent an hour shaking hands at a public reception in the rotunda of the Capitol, beginning at 8 p.m. "mighty glad to see you," the Governor told all he met.

They went on out to Gregory Gymnasium on the University of Texas campus and led the grand march at 9:30 p.m. while the band played "The Eyes of Texas."

Then they made the rounds of four other inaugural balls.

A forecast of freezing drizzle for Tuesday had moved the formal inauguration ceremonies from the Capitol terrace inside to the House of Representatives. But the ice melted and the weather was clear and crisp by noon yesterday.

Before a packed House Governor Jester took his oath of office in ceremonies that lasted only 30 minutes. The lieutenant governor—Allan Shivers—took his oath of office first.

Shivers and his wife left at 2:30 p.m. yesterday to fly to Washington for the inauguration of President Truman and missed the festivities. Their place was taken in the official party by President Pro Tem of the Senate Kyle Vick and Mrs. Vick of Waco.

At the square dance at the Union Building on the University of Texas campus the Governor was given a Western-style ash tray and Mrs. Jester an arm bouquet of red roses.

Hundreds of square dancers from all over the state stomped and bowed, whirled and promenaded in a swirl of calico skirts and fancy shirts.

Fips inspectors estimated "a couple thousand" came to Gregory Gym to see the grand march and dance. The band played in front of a curtain bearing the six flags under which Texas served, six silver stars, and one huge star from which red, carnations cascaded.

Hundreds of Negroes, including prominent Negroes from Austin, Houston, Dallas, Corpus Christi, Fort Worth, San Antonio, Tyler and Waco gathered at a community center in East Austin for a musical program and a visit from the Governor at 11:15 p.m.

Two more balls were held at the Stephen F. Austin and Driskill hotels downtown. Austin had kept up its Christmas lights a string across the street and Congress Avenue was sparkling in the night.

Mrs. Jester wore a blue lace evening gown, mink cape and an orchid to the balls. Mrs. George T. Jester, the Governor's mother, from Corsicana, wore a dark gray dress, with an orchid pinned on her silver fox furs. Mrs. Vick wore black taffeta.

Orchids, carnations and camelias were scattered among the 54

couples that made up the grand march. These included state officials, state court members and legislators on the inaugural committee and their wives.

In the group also was Joan Jester, 19-year-old daughter of the Jesters, in a light brown net dress. Her escort was Buddy Berry of Austin.

Ten-year-old Beauford Jester, Jr., didn't make the parties. He stayed home and read comic books.

**Poet Talks of Ancient Mexico**

VERACRUZ, Mex. —(AP)— Gabriela Mistral compared the spirit of industry of ancient Mexican Indian civilizations with that of today.

The noted Chilean poet and Nobel prize winner spoke in the Veracruz library before a gathering of cultural leaders.

She said that the same force that led the early Mexican Indian to build temples and giant pyramids is prevalent today in the cultural progress of Mexico.

The poet is in Mexico as a guest of the government. A school was dedicated to her recently in Portin de las Flores.

While in Yucatan in 1923 she made a study of Indian civilizations in Mexico. She paid Yucatan a second visit several months ago when she came back to Mexico.

At the end of her talk she described the geographic and economic aspects of Chile. She was well received and was presented with bouquets of flowers.

**Bill Would Set Gas Standards**

AUSTIN —(AP)— Senator Wardlow Lane introduced a bill defining a standard measurement for natural and casinghead gas.

Lack of a uniform definition for a cubic foot of gas has long been a bone of contention among oilmen.

Lane said that one of the "unjust results" of numerous measurements now in use is that billions of cubic feet of gas are going tax free each year because they are produced at one pressure and sold at another.

The Senate bill would define a cubic foot of gas as the amount in one cubic foot of space at a pressure of 14.69 pounds per square inch pressure and 60 degrees Fahrenheit temperature.

**Steel Called State's Future Industry**

DALLAS —(AP)— Steel will some day be Texas' second largest industry, an industry spokesman said.

It will closely rival oil and gas, G. D. Ramsey, vice president of the Lone Star Steel Company, said.

Ramsey told the Dallas Technical Club that the industry will be largely concentrated in East Texas. He said Texas has enough iron ore to last a century, it's easily mined and is of as high quality as can be found in the United States.

A. P. Genereux, Tulane University's business manager of athletics, hasn't missed a Wave football game in 27 years either at home or on the road.

**Pigmy Mouse Is Added to TU Museum**

AUSTIN — A pigmy mouse, hardly larger than a new-born mouse of ordinary species, and a rat with spines instead of hairs were added to the University of Texas Zoology Museum after a recent field trip to Hebbroville and McAllen.

The pigmy mouse and the spiny rat are Mexican species which rarely get farther north than South Texas. Dr. W. Frank Blair, associate professor of zoology, and two students, Wilmot Thornton, South Norwalk, Conn., and William L. Gdstafson, Austin, spent two weeks along the border collecting specimens of mammals,

**Rodriguez Unchanged One Killed, Three Injured in Wreck**

HAVANA, Cuba, —(AP)— Joe Rodriguez, manager of the Sherman baseball club of the Big State League, was reported still in a critical condition last night of a heart attack suffered last week.

Rodriguez is coach of Havana of the Cuban Professional League, which plays in winter.

Among the 150 species of mammals collected were grasshopper mice which feed on grasshoppers and scorpions; park rats, kangaroo rats, brush mice, and harvest mice. The harvest mice, Dr. Blair explained, build nests like birds, in trees or brush, complete with hinged doors!

Dr. Blair and his students will make their final winter semester field trip this month in the Laredo area.

**One Killed, Three Injured in Wreck**

DALLAS —(AP)— A young worker at Consolidated Vultee Aircraft plant at Fort Worth died in Methodist Hospital here at 2:45 a. m. today of automobile accident injuries.

He was Herman Meyers, 26, a resident of Grand Prairie, Tex. Still unconscious was Wayne Edwards, identified as driver of the car which went off the Fort Worth highway and crashed into a telephone pole a half mile west of Grand Prairie.

Two other Grand Prairie men, P. M. Snell, 34, and S. D. Jones, 26, were also hurt but not seriously. All were employed the plane plant.

Patrolmen W. H. Eddleman and Virgil Johnson said the car left the highway, crashed into two or three highway marker posts, then slammed into the telephone pole,

snapping the pole in two. The accident occurred about 300 yards inside Tarrant County.

Business Manager Lew Cromwell is the only member of the Detroit Lions' organization who has been with the club since it switched to the Motor City in 1924 from Portsmouth, Ohio.

**READY MIXED CONCRETE**  
**TRANSMIX**  
CONCRETE AND MATERIAL CO.  
G. B. Russell P. O. Box 2002 Phone 428

This mash vat, holding 10,000 gallons, was one of four in a Colmar, Pa., illegal alcohol distillery cracked by federal and local agents. Capable of producing 4000 gallons a day, worth \$40,000 on the open market, the vat is the type used in legitimate distilleries. It may be one of the largest illegal liquor operations broken in the area since prohibition.

These trim "scanties," part of a display of new woolen lingerie shown by the International Wool Secretariat in London, are partly made from seaweed. Designed by Berly Wilcken, the pale blue lingerie is made of lightweight wool yarn which uses, as a "carrier thread," calcium alginate derived from seaweed.

**Market Briefs**

**WALL STREET**  
 NEW YORK, Jan. 19 (AP)—Late demand put stock prices ahead fractions to a point or more at the close of today's market.  
 The rally followed a day of see-saw fluctuations during which few issues moved more than small fractions from the previous close. Many early losses were erased and gains extended.  
 Business expanded a trifle as prices advanced but even at that turnover was at the rate of only 700,000 shares for the full session.  
 Airline shares did better than most through the day, possibly because of a report by National Airlines which disclosed a pronounced pickup in operating efficiency. In demand were such issues as Pan American Airways, Transcontinental & Western Air, American Airlines, Eastern and United.  
 Others boosted included U. S. Steel, General Motors, Chrysler, Santa Fe, Standard Oil (N.J.), Pacific Western Oil, Firestone, Douglas Aircraft, American Telephone, Dow Chemical, American Tobacco, and Deere.

**Pampa Man Buys Bull In Denver**

Emmett LeFors, 1106 E. Francis, purchased a \$5,000 bull from the Wyoming Hereford Ranch Tuesday at the National Western Stock Show in Denver.  
 LeFors has ranches in Gray and Scurry Counties.  
 The top price animals of the show—Hereford bulls and heifers went on sale Tuesday as the last of the blue ribbons were awarded, the Associated Press reported.  
 Still to be picked are the champion Shorthorn, Hereford and Angus heifers, breeding sheep and carload fat and feeder livestock. Winners at the show's rodeo included:  
 Gaited mares—McDonald's Fantasy, exhibited by Robert Lewis, Jr., and owned by C. R. Austin of Amarillo.

**Dams Planned on Roberts Co. Ranch**

H. L. Ledrick is planning to build three dams on his ranch northwest of Miami, it was announced from the Roberts County Soil Conservation district.  
 Two of the dams will serve as stock water ponds and erosion control structures. They will prevent sand and silt from washing down stream and protect the bottoms below the dams from deposits of sand.  
 The third dam is an erosion control measure to prevent excessive sand from being deposited on meadow land at the mouth of the channel.  
 Many areas and stream channels in Roberts County are contributing sand and silt over areas of good bottomland meadows. One of the best and least expensive treatments for these areas is proper land use on the watershed, or terracing, contour farming and good crop residue management on cultivated land.  
 Good cover and litter on the soil will allow moisture to penetrate. It also tends to lower temperatures, thereby decreasing the loss of moisture by evaporation. Run off is slowed down which enables the stream channel to grass over.

**Sleet and Snow Brighten Outlook Of Texas Farmers**

AUSTIN (AP)—Recent rain, sleet and snow have brightened the farm and ranch outlook over most of Texas.  
 That was the U. S. Department of Agriculture's official appraisal yesterday of the moisture situation for the week ended Jan. 17.  
 The USDA called it "the first effective precipitation for several months" in several areas. The moisture situation was improved in practically all areas except southern and coastal bend counties.  
 The rain, sleet and snow were especially beneficial in the southern high plains, the low rolling plains and the Trans-Pecos area where the drought had been severe.

**Mexico and U.S. To Have New Farm Agreement**

MEXICO CITY (AP)—Negotiations between Mexico and the United States for a new farm labor (bracero) agreement are underway.  
 The new contract is to replace one cancelled Oct. 18, 1946, because U. S. immigration authorities allowed thousands of Mexicans to cross the border into Texas.  
 Mexico considered the violation of the agreement especially serious because she has refused to contract for laborers to go to Texas where, Mexican consuls say, there is discrimination against Mexicans.  
 The negotiations began Monday, Leslie A. Wheeler, counselor of the U. S. embassy here, heads the U. S. delegation; Alfonso Guerra, foreign office executive officer, the Mexican.

**NEW ORLEANS FUTURES**  
 NEW ORLEANS, Jan. 19 (AP)—Cotton futures were erratic here today, with the near months much stronger than the distant. Closing prices were fairly steady 65 cents a bale lower to thirty cents higher.

Open	High	Low	Close
Jan	22.64	21.58	22.60
May	21.25	20.48	21.25
Oct	21.25	20.27	21.27
Dec	21.23	20.56	21.27

**NEW ORLEANS COTTON**  
 NEW ORLEANS, Jan. 19 (AP)—Spot cotton closed steady 25 cents a bale higher, sales 4,294. Low middling 22.29, middling 22.63, good middling 23.62.

**KANSAS CITY LIVESTOCK**  
 KANSAS CITY, Jan. 19 (AP)—Cattle 2900; calves 150; relatively narrow demand for most slaughter classes; fed steers and heifers weak to 50 lower; very narrow demand for medium and good beef cows; bulls 50 spots 1.00 lower; vealers and killing

**CHICAGO GRAIN**  
 CHICAGO, Jan. 19 (AP)—With lard finally showing some steadiness, all commodities advanced on the Board of Trade today.  
 Lard made fair-sized gains from its seasonal low established yesterday. Some short covering and new speculative buying gave the market firmer tone, but there was a good deal of selling from packing house brokers on the way up.  
 Wheat, corn and oats gained fractions with findings less active than in recent declining markets.  
 Wheat closed 3/4-1% higher, May 1.45-1/4, corn was 1/4-1/2 higher, May 1.05-1/4, soybeans were 1/4 to 1/2 higher, March 22.05-1/4, and lard was 25 to 35 cents a hundred pounds higher, January 21.45.

## Test Tube Scores Again

CHICAGO — The test tube scores again. Now it comes up with evidence to prove that ice cream fills a twin role in meeting the demands of good health.

Dr. Pearl Swanson, Iowa State College, Ames, set out to study the riboflavin in ice cream under controlled conditions. Riboflavin is a vitamin required for growth in the young and for good health at all ages. In studying the dietary needs of college women she found that nutrients in foods are not alone sufficient for proper nourishment. Nutrients also must be absorbed readily and used by the body. The riboflavin in ice cream ranked high on both counts.

Further research discloses that ice cream is higher in riboflavin and vitamin A than reported in earlier studies. This is because most ice cream, manufactured the year round, is made with fresh or frozen cream produced in summer months when the vitamin A content is above average levels.

## You'll Be Able To View Program

NEW YORK — Television fans soon will have a choice of rooms in which to view their favorite programs, once remote viewers come in.

So says Electronics Magazine, in an article dealing with progress being made in the construction of three different remote viewers devised to carry programs to other rooms.

These viewers permit occasional monitoring of the evening programs while engaged in other tasks and also permit a large number of people to be entertained in several groups of convenience size," it says. Having two or more screens for larger groups eliminates the confusion of assembling all available chairs in one room.

The article adds that through additional picture tubes and additional loud speakers, a few other parts and some connecting cable, pictures and sound can be transmitted to other parts of the house where the remote control unit is located.

## Organized Reserves Under New Plan

AUSTIN—The new plan for Organized Reserves became effective here today, for the first time in the United States, when Col. E. O. Lee, U. S. Army, presented checks to Lt. Col. A. V. Bowers, commanding officer of the Organized Reserve Corps, 90th Signal Company of San Antonio.

Heretofore reservists attended drills without the benefit of pay, but under Public Law 460, passed by the 80th Congress, all Organized Reserves receive one day's pay for each authorized two-hour training period per quarter, ranging from six to 18 depending upon the type of unit.

It is believed by Army officers that the new pay plan will help to bolster ranks of Organized Reserves, who, formerly gave their services gratis.

## Narrow Gorge Wanted for Dam

ABILENE—(P)—A narrow gorge on Oak Creek near the Coke-Nolan County border is a coveted spot. Both Sweetwater and the Upper Colorado River Authority claim the right to build a dam and reservoir at that site.

Sweetwater in December voted \$2,500,000 in bonds to finance the project.

The UCRA, meeting at Bronte Tuesday, voted to go ahead with its long-dormant plan for a dam on the same site.

UCRA Chairman L. T. Youngblood of Bronte says the project would cost from \$8 million to \$10 million and would provide municipal water as well as water to irrigate from 3,000 to 5,000 acres of farm land.

Sweetwater Mayor J. C. Pace

## State Jaycees Pick Five for Key Award

HOUSTON—(P)—Identity of Texas' five outstanding young men of 1948 was disclosed by Melvin E. Evans, president of the Texas Junior Chamber of Commerce.

They are Arvie Elliott of Victoria, John Ben Shepperd of Gladewater, Charles M. Frothro of Wichita Falls, Willard Crofty of Dallas, and Arthur Temple, Jr., of Lufkin.

The five will receive gold keys said the city believes it can obtain the rights to the water.

Youngblood said statutes setting up UCRA gave it rights to water of the Colorado River and its tributaries in Coke and Tom Green counties and that Oak Creek comes in that category. Sweetwater, he pointed out, is in the Brazos, not the Colorado watershed.

## Distinguished Service Awards from Governor Foster at a Banquet in Victoria Saturday Night

Evans said the five were chosen because of their outstanding contributions to their communities, state and nation, on the basis of service, leadership and character. He said membership in the Junior Chamber of Commerce is not a requisite.

**Medical Auxiliary Has Clinic Report**

The Top of Texas Medical Society Auxiliary met Tuesday evening at the Pampa Country Club. Mrs. Malcolm Brown, president, had charge of the business meeting. It was decided to raise the annual dues to cover an increase in state and national dues. Mrs. Phillip A. Gates reported on the Immunization Clinic. To date, 10 children have received immunization shots for diphtheria and whooping cough.

Mrs. W. W. Brooks, Borger, said that the doctors' wives of Borger have been asked to head the cancer drive in their city.

Two new members, Mrs. Ruth Snyder, Canadiana, and Mrs. Dixon P. Bonner, Pampa, and 17 regular members were present.

**Welder Dies in Tourist Camp**

SAN ANTONIO—(AP)—Edwin Keith Hartenbower, 41, unemployed welder from San Francisco, was found dead on a tourist camp bed here yesterday. Authorities said he apparently died of a heart attack.

Nearby was an opened mystery novel he apparently had been reading—"death and taxes."

The Roman "libra," which was roughly a pound, gives us our abbreviation of "lb" for pound.

always be home to her. Grass and weeds were over-running the lawn. Susan's cherished perennial border was straggling and unkempt and the shuttered windows and blank door depressed her so that she was glad to return to the hotel, a little tight knot of pain at her heart.

When Kin came in at one, she was waiting for him, and Kin's eyes warmed with tenderness at sight of her.

In the dining room, after they both had given their orders, he leaned across the table and dropped his voice to a quiet tone that could not reach beyond her ears.

"Tip Kennedy's quite a solid young citizen, Merry," he began.

"Oh, sure."

"And he's a pretty fond of you."

"We grew up together."

"And you're still a couple of kids, Merry, and I'll spank the daylight out of you if you so much as think of getting married before you are 20."

"Don't worry, Dad. I have no intention of getting married."

Kin's eyebrows went up.

"Now, that's a pretty silly statement, chick."

"Sorry, Dad, I mean it. I'm going to be a career woman."

"Oh? What sort of career may a fond parent ask?"

"I wouldn't know," she admitted frankly. "I thought maybe if I went to college I might discover something. At the moment, I confess, I don't seem to have a talent to my name. I'm just a useless, old-fashioned, run-of-the-mill gal."

"That you could never be," stated Kin firmly. "But I don't like you to get this idiotic idea about marriage being a flop just because your mother and I couldn't stay the course." His voice became warm and gentle. "Tip's a nice lad and comes of good stock and he seems fond of you, and if you go on being friends for a few years, I think he has no right to ask anything more. Nor have any of us. It's your life, chick. Don't let anybody—least of all your mother or me—have any part in steering it one way or the other."

(To Be Continued)

HABIT was strong, and despite a determination to sleep late, Merry awoke at her usual hour of seven. Kin had said he thought he'd be tied up most of the morning, but that he'd be back in time for lunch. She tried to go back to sleep but couldn't. So she showered and dressed in a crisp blue and white cotton dress, tied a blue ribbon through her burnished brown curls and went down to the dining room, where a waiter had already been subsidized by Kin to look after her.

Afterwards she went for a walk and wound up outside the gates of the mellow old house that would

**Beware of Romance**

By Roberts Courtland

Copyright by Grosvenor Pub. Co. Distributed by NEA SERVICE, INC.

THE STORY: When sixteen-year-old Merry Carson learns that her father, Kin, has asked a date, she decides to take her own sweet revenge. Her whole world turns topsy-turvy. Kin leaves home and Susan goes to pieces. Aunt Jane comes to look after things. The doctor advises a change for Susan and they take her to St. Vincent's, an island resort. Here Susan buys a house from Carter Baskby. Carter treats her gallantly and Susan begins to perk up. Merry goes to spend a couple of days with her father in his home town. She sees Tip Kennedy again, but tells him she still doesn't believe in marriage, after what happened to her parents. Her father puts himself out to make her find eating enjoyable.

XV

BUT though it was midnight before she switched out the light and got into bed, Merry was too keyed up, too excited to sleep. She told herself it was because of seeing her father again. She was tired from the long, not too comfortable bus ride and from all the excitement of the day. It had absolutely nothing to do with seeing Tip again, or finding that Penny Staples hadn't got him, after all. Because it didn't make one single, tiny bit of difference who got him, she told herself fiercely. She, Merry Carson, was certainly having no part of an emotional engagement; certainly not with the ugly picture of her parents' breakup right before her very eyes.

Kin looked very well, she told herself. He seemed happy and relaxed. Not until then had she realized that he had looked tired and worn and harassed for the last—oh, it must have been a year or more. What does kids' wars, she told herself soberly, not to realize that parents were people, and to be just as likely to be tired and worn and to grow old as other people. Only Kin didn't seem to have aged any; he seemed to have grown younger!

She thought startled, and in

**Fluffy Scones**

INGREDIENTS: Mix and sift 2 cups sifted all-purpose flour, 3 tbs. sugar, 1 tsp. salt and 3 tps. baking powder. Blend in 3/4 tbs. shortening. Mix 2 beaten eggs, 3/4 cup milk, stir into mixture. Turn out on lightly floured board and knead. Roll each 1/2" thick to fit 6" pie pan. Mark in quarters, cutting nearly through dough. Brush with egg diluted with milk, bake in hot oven (450° F.) about 15 min. Portion, split, butter and fill with jam. Serve hot.

**Ogden Addresses Mann P-TA**

Ben F. Ogden was featured speaker at the Horace Mann Parent-Teacher Association meeting Tuesday at the school.

In his speech titled "The Home—A Practical Laboratory to Train for Homemaking and Economic Independence," Ogden stressed the fact that all training and living begin in the home and that training should not be left entirely up to the school teachers.

"A good, solid home life revolves around the mother," he said. "A child thinks of his name as something to be proud of, hence it is the parents' responsibility to make it a name for him to boast about rather than be embarrassed by," Ogden said.

The group, led by Miss Jimma Seary and accompanied by Miss June Brower, sang "Faith of Our Fathers" and "America."

Mrs. Frank Shotwell gave the devotional, using text from the 15th chapter of Luke.

Mrs. Lee Newsum sang "Winter Wonderland" and "Far Away Places." She was accompanied at the piano by Mrs. Burton Reynolds. Mrs. L. J. Zachry, president, told those who have taken the procedure course to get their papers into the county office by Feb. 15, so they will receive their certificates.

The Parent Education study course will meet in the home of Mrs. W. D. Pate, 419 N. Sumner, for a covered dish luncheon Tuesday, Feb. 1, Mrs. Zachry announced.

**Theta Rho Girls Install Officers**

Mrs. T. A. Mastin, district deputy of the Rebekah Lodge, was the installing officer when Pampa Theta Rho Girl's Club No. 18 met Tuesday at the IOOF Hall.

The elective officers installed were: Deloris Cramb, president; Robert Nicholson, vice president; Jerry King, secretary; Julia Bradford, financial secretary; and Jeanne Hollis, treasurer.

The club elected Mrs. Bobbie Brummett as their mother adviser for the following year and Mrs. Jack Franklin was elected senior team captain.

During the meeting, a "sock hop" to be held at the IOOF Hall Friday following the basketball game was planned. The public is invited to attend.

**The Social Calendar**

**San Antonio Colonel Heads Army Office**

BERLIN—(AP)—Col. John J. Binns of San Antonio heads the new office of the comptroller for the European command.

The assignment was announced by the U.S. Army. Col. Binns will be responsible for developing plans for the business management of the European command as well as the supervision of all budgetary, accounting, auditing, receipt and disbursement activities.

A little crisp crumbled bacon gives good flavor to a spaghetti sauce.

**Calvary Baptist WMU Has Meets**

The four WMU Circles of the Calvary Baptist Church met Monday for mission study.

The Young Women's Training Circle met in the home of Mrs. Bob Lutz. Mrs. George Moore, a visitor, led the opening prayer and Mrs. Ruby Agee had charge of the program. Members of the circle discussed changing the name of the circle.

The Winnie McGraw Circle met in the home of Mrs. B. Evans and discussed the "Soul Winning." Mrs. J. E. Ellis had charge of the program and Mrs. O. Roberts led the prayer. She was later appointed Bible and mission study chairman.

Mrs. B. Evans was elected secretary for the young people of the church.

The Blanch Groves Circle met with Mrs. George Moore and discussed the subject "Highways to Christ." Mrs. Floyd Haug had charge of the program and Mrs. J. M. Hill led the closing prayer.

The Katherine Mallory Circle met in the home of Mrs. A. W. Lunsford and discussed the subject "Keys to Locked Doors." Mrs. Andrew Fisher was in charge of the program.

If you want to hold a cream sauce before using be sure to cover the saucepan that contains it. This will help to keep a skin from forming on the top.

**Chitter Chats Honor Members**

Chitter Chat Club met Tuesday in the home of Mrs. James W. Archer, 409 N. Gazy.

Mrs. Archer, president opened the meeting with the club song, and the meeting ended with prayer. During the meeting, two new members, Mrs. J. L. Harrison and Mrs. Raymond W. Shannon, were elected.

Following the meeting, Mrs. B. G. Waggoner, who is leaving Pampa, was honored with a handkerchief shower and Mrs. James M. Culpepper was presented with a birthday present.

Bingo was played and refreshments were served to those mentioned and: Mmes. Lawrence West, Woody Wilson, Clarence Coffin, Clifford Whitten, J. A. Grundy, O.

TO GIT 'N' SOME TAKES ALL ABOUT -- AH FEELS LIKE KICKIN' HIMSELF

NAPOLEON. GIVE ME MOONLIGHT AND GIVE ME LOVE. STOP THAT CONFUSED RACKET -- HOW DO YOU EXPECT ME TO BATHE YOU WHEN YOU ARE MAKING SO MUCH NOISE? OWOOO OWOOO OWOOO

SIDE GLANCES By GALBRAITH. I CAN'T UNDERSTAND IT -- ONE LITTLE PIECE OF HAND HAS BEEN ITCHING ALL DAY. YOU'RE LUCKY DEAR -- THEY SAY THAT MEANS YOU'RE GOING TO GET SOME MONEY. I SHOULD'N'T HAVE SAID THAT! DAGWOOD -- WILL YOU GIVE ME FIFTY DOLLARS FOR A NEW COAT? I KNEW IT! PAM TELLS ME MY TRIP HAS SORTA INTERRUPTED YOUR WORK WITH A GROUP OF WARR ORPHANS, PENNY! I HAVE NEGLECTED THEM A BIT, EASY. THAT'S WHY I'M SO ANXIOUS TO SEE THEM NOW. A SMALL GROUP ARE HAVING ONE OF THEIR RARE OUTINGS HERE IN HYDE PARK. AND I WANT YOU TO -- OH MISS BURKE! I'M SO GLAD YOU'RE 'ERE! WE'VE LOST LITTLE CATVY! SHE RAN OFF. SHE DID! CATH. OH, MY HEAVEN!

Alley Oop. LEAVE 'EM MY HOME AND GO WITH YOU TO MOO? WELL, YOU WON'T BE POPULAR HERE WHEN POKASABA HEARS YOU HELPED ME. AN' THIS LUG WILL TALK PLENTY WHEN THEY FIND 'EM! BUT THROUGH THIS ANGLE DARK JUNGLE FULL OF TERRIBLE THINGS? OH, WELL, MAKE OUT OKAY! BUT I'LL NEVER BE AFRAID WITH YOU, MY BIG BRAVE MOOVAN! ANYWAY -- JUST CALL ME ALLEY OOP FOR SHORT -- C'MON, LET'S GO!

Blondie. I CAN'T UNDERSTAND IT -- ONE LITTLE PIECE OF HAND HAS BEEN ITCHING ALL DAY. YOU'RE LUCKY DEAR -- THEY SAY THAT MEANS YOU'RE GOING TO GET SOME MONEY. I SHOULD'N'T HAVE SAID THAT! DAGWOOD -- WILL YOU GIVE ME FIFTY DOLLARS FOR A NEW COAT? I KNEW IT!

CARNIVAL By DICK TURNER. "We'll applaud extra loud--then I'll bring up the subject of the movie!" "Ain'tcha got any other pants? That check is driving me cross-eyed!"

Wash Tubbs. I HAVE NEGLECTED THEM A BIT, EASY. THAT'S WHY I'M SO ANXIOUS TO SEE THEM NOW. A SMALL GROUP ARE HAVING ONE OF THEIR RARE OUTINGS HERE IN HYDE PARK. AND I WANT YOU TO -- OH MISS BURKE! I'M SO GLAD YOU'RE 'ERE! WE'VE LOST LITTLE CATVY! SHE RAN OFF. SHE DID! CATH. OH, MY HEAVEN!

Red Ryder. "MEANWHILE WHAT LETTER SAW, RED RYDER?" "IT'S STRICTLY CONFIDENTIAL, BUT WE ARE GOING TO DENVER!" "I'LL HURRY HOME AND PACK!" "YIPPEE! ME PUT MOCCASINS IN YOUR SATCHEL, TOO, YOU BETCHUM!" "DENVER CAPITOL TEEPEE OF STATE, HUH?" "YES, LITTLE BEAVER, AND IF THE GOVERNOR WANTS TO SEE ME IT'S MIGHTY IMPORTANT!"

Boots. I'M OFF TO SCHOOL, BOOTS! DON'T FORGET YOUR RUBBERS, DEAR! OH, IT DOESN'T MATTER! NOT REALLY! NOTHING MATTERS NOW! I'VE LIVED!

Freckles. AH, THE COMPLETE SKIER! NO SNOW! WHAT HAPPENED TO IT? THEY CAN'T DO THIS TO ME! VOICKS! I'M GRADUATED! BUT REMEMBER, THIS WAS ONLY THE KINDERGARTEN! REAL SKIERS ARE MADE THE HARD WAY OUT ON THE SLOPES! THAT'S WHERE WE'VE BEEN! THAT'S WHERE WE'VE BEEN!

Mutt & Jeff. HEY MUTT, WHY DON'T WE SEE THE MOON IN THE DAYTIME? WELL, THE EARTH REVOLVES ON ITS AXIS EVERY 24 HOURS! YEH, BUT WHY CAN'T WE SEE IT RIGHT NOW? RIGHT NOW IT'S ON THE OTHER SIDE OF THE WORLD! IT'S OVER IN RUSSIA!

Health Bar. START DSHIN, DOC! HERE'S MY TWO BITS! KEEP 'EM COMIN', DOC! I'M JUST GETTIN' STARTED! HEALTH BAR. CARROT JUICE. ALL YOU CAN DRINK 25¢. LOOK WHAT I'VE BEEN MISSING!

Victor Flint. THIS IS YOUR HOTEL, MISS STRANG. YOUR MR. KLEEMAN CABLED TO GET YOU THE BEST. HOW WONDERFUL! HOME WAS NEVER LIKE THIS, MR. MILLS. AH, MADEMOISELLE STRANG? A GENTLEMAN TELEPHONED TO SEE IF YOU WOULD BE STAYING HERE. WE SAID WE EXPECTED YOU THIS EVENING! THAT'S ODD. I DON'T KNOW ANYONE RUNNING INTO OLD FRIENDS HERE, DOTTY. THEY TELL ME AMERICANS ARE ALWAYS RUNNING INTO OLD FRIENDS HERE, DOTTY. IN ZE MORNING, MONSIEUR MILLS WILL BRING YOU TO VISIT ZE INCOMPARABLE LA FLEUR SALON. THAT'S THE GIRL, ALL RIGHT.

Bugs Bunny. HEALTH BAR. CARROT JUICE. ALL YOU CAN DRINK 25¢. LOOK WHAT I'VE BEEN MISSING!

Health Bar. HEALTH BAR. CARROT JUICE. ALL YOU CAN DRINK 25¢. LOOK WHAT I'VE BEEN MISSING!

Mickey Finn. SURFSIDE, FLORIDA? YEP! READ THE LETTER! THE NATIONAL CONVENTION OF THE LODGE AND BOB! THE RETURNING NATIONAL COMMANDER, I'VE NATURALLY GOT TO BE ON HAND! SO YOU SEE ALL MY WORRIES ARE OVER! IT'S THE PERFECT EXCUSE FOR DUCKIN' HER -- AND DIGGLEHEIMER CAN'T GET SURE, EITHER! I JUST WON'T BE AROUND! B-BUT THIS LETTER SAYS THE CONVENTION ISN'T TO BE HELD UNTIL NEXT MONTH, UNCLE PHIL! -- TO SUPERVISE ARRANGEMENTS! I KNOW -- BUT I'M GON' TO LEAVE RIGHT AWAY, MICHAEL! I'LL TELL HER THAT BEIN' NATIONAL COMMANDER, I'VE GOT TO GO DOWN EARLY -- TO SUPERVISE ARRANGEMENTS!

Priscilla's Pop. OH, YOU POOR DARLING! HERE, YOUR SLIPPERS ARE WARNED AND READY! THERE! NOW YOU JUST SIT AND THAW OUT WHILE I GET DINNER. GOODNESS, WE'RE OUT OF COFFEE! WOULD YOU MIND RUNNING TO THE STORE, DEAR?

Penny. HELLO, OH, I'M SORRY PENNY, I DIDN'T KNOW YOU WERE TALKING ON THE EXTENSION. OH THAT'S PERFECTLY ALL RIGHT, FATHER. IT'S OKAY WITH ME TOO, MRS. PRINGLE, YOU WON'T HEAR ANYTHING ON THIS CALL... BUT A LITTLE JUGGLANT DELINQUENCY!

Penny. HELLO, OH, I'M SORRY PENNY, I DIDN'T KNOW YOU WERE TALKING ON THE EXTENSION. OH THAT'S PERFECTLY ALL RIGHT, FATHER. IT'S OKAY WITH ME TOO, MRS. PRINGLE, YOU WON'T HEAR ANYTHING ON THIS CALL... BUT A LITTLE JUGGLANT DELINQUENCY!

# Paper Devoted to Race Relations

HOUSTON—(AP)—The student newspaper at Rice Institute here suggests editorially that the question of admitting Negro students should be discussed—privately.

One lengthy editorial urged private discussion of admitting Negroes rather than the circulation of a petition. The editorial said such a petition was being talked about on the campus. Student sources said, however, that no such petition is being circulated.

# Cunning Coons Bite Rancher's Pocketbook

BRADY—(AP)—The cunning coons of McCulloch County are biting the pocketbook of D. B. Pumphrey, veteran rancher near Mercury. Likewise, the foxy foxes. Raccoons have killed 246 of his 250 chickens. They have ruined 12 tons of hay, breaking the ties on the hay and scattering it all over the place. And the foxes have taken a heavy toll in lambs and kids. Pumphrey is offering \$10 for every coon killed. One of his neighbors, Bill Atkins, came over to the Pumphrey place to take advantage of the bounty. One night he took up a watch under a tree where some of the Pumphrey hens roosted. He heard a commotion up the tree and switched on a light. A big fat coon was crowding a hen off a limb. Directly underneath the limb, was another coon, waiting for the hen to fall. Pumphrey appealed to Carl E. Baker, tapped for the federal government to help stop the inroads of the foxes. Baker secluded himself in a wooded spot on the ranch. Then he tooted on an old cow horn. A big fox tore down the hillside and a youngster with Baker shot it. Baker kept tooting and in two hours 11 more foxes answered the call and were killed. Why were the foxes drawn to the scene? The cowhorn, Baker said, sounds like a dying rabbit.

Trees Are Available At Forest Service SHAMROCK—(Special)—Texas Forest Service has the following seedlings for wind breaks and forestry planting: 15,000 western yellow pine, 25,000 green ash, 5,000 desert willows, 1,000 thornless honey locusts, 17,000 Russian mulberry, 1,500 Chinese white cedars. In addition, D. A. Anderson of the Texas Forest Service thinks he may be able to secure some red cedars. Those who are interested in obtaining some of these trees should write W. K. Frey, Wheeler County Agent, and ask for application form 43. Prices are \$5 per 1,000, f.o.b. Forestry Division, Alto, Texas. No orders for less than 100 trees will be accepted. The minimum charge is \$1 per 100 trees. Shipment will be by Railway Express unless specific instructions are given to use motor freight, Anderson said. The shipping season is now in progress and will end March 15. The earlier orders are placed the more likely farmers and ranchers are to receive their choice of trees. The supply will not last long, Anderson declared. A U. S. Public Health Survey on the eyes of 1,000,000 persons showed that 20 percent of those in the 17-18 year age group had visual problems; 39 percent of those at the age of 30; 71 percent of those at 50, and 80 percent of those at 60.

# Fertilizer Will Be Short, Says Chemist

COLLEGE STATION—Supplies of fertilizer for short this year and be high, Dr. J. F. chemist of the Texas Experiment Station, predicts. He reports that production of nitrogen, phosphoric acid and potash will be greater than in the past, but the demand will be the greatest in history. Dr. Fudge says that farmers can do something about the situation by buying their supplies now. This would permit manufacturers to move out their present stocks and make room for additional production. Out-

put is slow now, says Dr. Fudge, because the manufacturers have not any place to store their product.

# Keys Fail, Lock Picked With Pin

SYRACUSE, N. Y. (AP)—Fourteen-year-old Ann Neugent found a handcuff and fooled with it until she had herself locked in. She took her problem to police. Lt. George Easterly found the solution when keys and tools had failed. He took a bobby pin from the girl's hair and picked the lock. Faulty vision in one eye is often a factor in automobile accidents, a study of California drivers showed.

JANUARY  
GREATER  
QUANTITIES!  
BETTER  
QUALITIES!

EVENT!  
LOWEST  
PRICES  
IN  
YEARS!

Here, indeed is a triumph to shout to the housetops! We're proud to bring to you the largest assortments, the best qualities and the lowest prices in years. Until you've seen our complete selections you can't know the fashion possibilities that exist in these beautiful fabrics. First of all, consider the high quality, add to that spring's new weaves and colors, a choice that is practically unlimited, then take a look at the low prices and you'll have some idea of the extraordinary values that await you in Levine's Fabric Center—in their Downstairs Store.
