FIRST YARD OF DENIM PRODUCED

## Denim Produced In Texas

The \$30 million denim plant under construction at Littlefield, Texas by American Cotton Growers, a farmer cooperative, has produced its first yard of indigo-dyed denim. When fully completed later this year, the spinning-weaving-finishing facility will produce heavyweight denim at the rate of 20 million yards of all-cotton denim annually.

Above, admiring the first yard of ACG production, are directors of the 3,000-member cooperative (from the left); Harold Barrett, O-Donnell L.C. Un-fred, New Home, ACG President; Dallas Brewer, Plains; Doyce Middlebrook, Shallowater; T.W. Stockton, Crosbyton, ACG Vice President; Joe Leach Plainview; and R.H. Whorton, Roscoe.

## Concentrated Efforts

As chairman of the Arts & Crafts Committee, I want to thank each member for your concentrated efforts since we began our plans in October. It has been a rocky road and I know it was difficult for you to attend meetings but only in this way could we have put it all together. You are to be commended for your dedication in carrying out assignments. We did have a lot of headaches but I hope you had a little fun too! I know you will remember it as a most unusual experience.

Karan Key was a most capable co-chairman and I could not have accomplished anything without her help. She served as treasurer and took orders for quilt tickets. Among her many duties she was responsible for the bedroom setting to display the quilt the 29th. All of us wish to express our deep appreciation to the following women who so graciously helped with these furnishings:

Mrs. Marvin Key-antique bed  
Mrs. Gladys Williams-trunk

Also thanks to Garland Doyle for loaning the Spanish Dancers trailer.

### LETTER TO EDITOR

The Borden Star and Citizens of Borden County

### HOW I FEEL ABOUT IT

Last Saturday, May 29, 1976, was sort of a special day for me, having been born in the County of Borden, Gail, Texas. I went over for the big Centennial Celebration. Of course, I had heard a lot of talk about all that was going to happen, and that they were expecting quite a host of people to be there.

Well, when I lived in Gail, you hauled all your drinking water out of a stock tank that was just about dry, and the bathroom situation was "off out yonder somewhere". Well, with 9,000 people in the big city of Gail last Saturday, those circumstances had changed but very little, believe me.

It was a typical day for Borden County--hot, dry and windy. But I believe I saw one of the greatest efforts ever put forth by a small community, or for any community. I don't believe there was a person in the county that wasn't involved in the affair. Oh sure, Borden

County has a few old sore heads, but even they were having a good time.

I would also like to mention that several people out of the county as well as out of the state helped make those two days such a big success.

Should our forefathers have been around those days, I believe, they would have had to "tip their hats" to the people of Borden County.

Thank you,  
/s/ Jess Everett

### Cotton Tests

Lubbock--Performance results from evaluations of nearly 100 cotton varieties in 1975 have been announced.

The top five varieties, which include two new lines, were Amcot SP21, Tamcot 788, Quapaw, GSA71 and Paymaster 303. The latter two are recently released varieties.

Under the direction of Dr. Levon L. Ray, cotton geneticist for the Texas Agricultural Experiment Station, tests were conducted at Lubbock and near Lamesa in Dawson County and in cooperation with Dr. Douglas Owen at the Experiment Station at Halfway in Hale County.

At Lubbock, cottons were evaluated under dryland and irrigated conditions, on land with severe Verticillium wilt infestations and in a narrow-row production system.

Over 50 commercially available varieties and about that number of unreleased, experimental varieties were tested last season, said Ray.

The Plains Cotton Growers and the Lamesa Cotton Growers organizations provided financial support for conducting the tests. Ronnie Culp, grower, and County Extension Agent LeRoy Colgan, Jr., cooperated in the Dawson County test.

Evaluations, Ray said, are conducted annually under several conditions and at different locations on the Texas High Plains to assist growers in the variety selection decisions. Information furnished by these tests will provide breeders a comparative performance of varieties and help them detect and correct any weakness their variety might have, he added.

"Selection of the wrong cotton variety can be costly for

We are indebted to Cora and Dick Shaw for the loan of the cabinets, old butcher block, cash register. Mary John and Bill brought in more cabinets-also Helen Jo Patterson and Modesta Stokes. Several things were borrowed from Dorward Drug. Dot Wills, Terry and Connie Voss furnished the tile. The backdrops and ceiling fan were done by Marilyn and Jack McPhaul. Thanks to each of you for carrying out these plans so beautifully. And many thanks to every woman in the County who donated something to the Store. Almost everything was sold and we truly appreciated your help. We did not keep a separate account of what we took in, but assure you it was a sizeable amount. Vickie Kiker made the Store sign.

Netta Jarrett, Gwen Herring, Helen Jo Patterson and Nelva Jones were responsible for the Arts & Crafts Committee float honoring the pioneer woman. We all felt it was an appropriate addition to the parade.

Barbara Farmer ordered a special ice truck to be set up behind the posse building and obtained hundreds of canned drinks. Pickups were loaded with iced drinks and sold to parade watchers. Thanks Barb and Shorty.

Christine Ledbetter assisted me in helping the artists locate their booths early Saturday morning and see that they were parked in the correct places. \$285 was paid by the artists for their booths.

Our quilt committee-Marilyn Christine and Barbara, who have been busy since October-just couldn't have asked for a more competent three! And the quilt was a work of art, thanks to each woman who contributed their needlework. We sold \$2100.00 worth of tickets and Mr. C.O. Carmack of Tahmka won it- Congratulations!

I would like to thank the following women who, in addition to our regular committee members, served in the quilt booth and Country Store: Beverly Copeland, Magdalene Clayton, Louise Parks, Jane Ridenour, Inez Clayton, Florence Nunnally, Nancy Edwards, Donna Isaacs, Shirley Newton, Barbara Anderson, Ruth Weathers, Lee Jones, Mrs. Joe Don Zant, Shirley McMeans, Mrs. Elmer McClurg, Jeri Daugherty, Mrs. Roy Reeder, Sybil Gilmore, Jesse Jackson, Ann McLeroy, Mrs. Dub Arnett, Dolores Wolff, Mrs. Effie McKee, Doris Steadman, Barbara York, and Fran Bennett.

To Roland Key-you saved our lives by bringing out the large fan for the barn-Thanks so much. A special thank you to Jim Smith for th bales of hay. And a special thanks to all our husbands who did the heavy lifting and moving and patiently put up with us when we changed our minds!

And to each member of this Committe-you were special and none of this could have been accomplished without you. Remember that anything worthwhile is a lot of trouble. I hope you feel your time was well spent. After we have caught up on our rest and have learned to not jump with fear every time the phone rings,

let's get together. Then we may be able to laugh at some of our predicaments. You are truly a marvelous group of gals.

By the way, if anyone tried to carry on a conversation with any member of this committee on Saturday or Sunday and we seemed a bit glassy eyed and spoke in a jumble, please forgive us. You can't run night and day for two weeks on 4 hours of sleep a night, tending to children with chicken pox, involving yourself in other chores for the Celebration, cooking for guests, getting children graduated and married, etc., etc., without feeling a bit flaky!
