HST Asks Plan to Raise Living Standards

Development Of 'Skills' Is Suggested

WASHINGTON — (AP) — President Truman said today that he has asked Secretary of State Acheson to work out preliminary plans for the development of "skills" to improve living standards of the world underdeveloped areas.

He said such a step in the United Nations foreign policy program has been in his mind ever since the Marshall plan was inaugurated.

It's a part of the policy of the administration over the next four years, the President told a news conference.

He said that he did not know why there was so much confusion about point four of his inaugural address, that other countries did not seem to be confused about it.

The secretary of commerce, the secretary of agriculture and all the other departments will work with the State department on preliminary plans he said.

As for the ECA, the President said that agency is now doing some of the things he has in mind.

The President said he had never heard of any sale of B-29 bombers to Great Britain. That was his response to a reporter's query on a report from London that 100 such bombers had been sold to the British.

The President's remarks on (See DEVELOPMENT, Page 5)

Methodist Men Form Organization

A new men's organization, called the "Methodist Men," was organized at a dinner meeting in the basement of the First Methodist Church last night.

Ben Ogden was elected president and Harry Hyatt was named secretary-treasurer, both by acclamation. Four vice presidents, one from each of the four adult Sunday School classes, will be elected Sunday.

Following the dinner and group singing led by Dr. Calvin Jones, Farris C. Oden, chairman of the church's Planning Committee, outlined the church's plan for expansion.

Nine years ago, he said, it was recognized that an acute need existed for more space. A building committee was formed then to consider expansion plans, but since then the need has become increasingly great.

Many children's Sunday School classes are having to meet on the stairways, in the halls, and even in the kitchen downstairs, Oden said.

Now the Planning Committee has decided, and the church's Board of Stewards has recommended, that the cheapest thing to do will be to build a new church building on the corner of E. Foster and Gillespie, and to convert the present church into an education building.

A campaign to raise \$200,000 for the expansion has begun, Oden said, and the Wells Organization, that specializes in fund raising campaigns for non-profit organizations, has been engaged to conduct the drive.

Larry Eddy of Oklahoma City, who will direct the campaign, said that "there is nothing equal to the power of an idea whose time has come," and he suggested that the church adopt the slogan "Together We Build" a new (See METHODIST, Page 5)

Scouts to Aid In Dimes Drive

Approximately 20 Pampa Boy Scouts will do their bit Saturday morning in the current March of Dimes drive.

Stationed on every corner in the downtown section, the Scouts will distribute 5,000 leaflets urging Pampans to contribute to the drive.

The Scouts will wear a container around their necks so Pampans will have the opportunity to contribute dimes at that time.

Meanwhile, members of civic clubs will go into the various business establishments soliciting dimes.

'LITTLE MAN' HAS HIS INNING IN CONGRESS

WASHINGTON — (AP) — America's "little man" had his inning in Congress today.

Lawmakers devoted much of their schedule to bills that would boost his minimum pay, provide low-rent housing, fight the high cost of living, repeal the Taft-Hartley Act and give pensions to veterans.

Rounding out one of the busiest days of the new session of Congress, other groups studied the tariff act, the filibuster, communism, a Republican Party policy shake-up, nominations, and air power.

The minimum wage law started before the House Labor Committee.

The proposed bill would raise the national minimum pay from 40 to 75 cents an hour, or maybe \$1 if business was good enough to justify that rate. This boost in pay would help probably 1,500,000 workers.

The new legislation, backed by the administration, also would cover about five million more workers than are now protected under the current law. The new workers are employees in laundries, hotels, chain stores, seamen and others.

Three multi-billion dollar housing bills are before Congress, but low-income Americans will benefit regardless of which passes. All call for public housing, slum clearance, farm homes and research to cut building costs. They differ on public housing.

The administration wants one million new units built in the next seven years. Two Republican bills offered today as substitutes reduce this total.

A Senate bill calls for 600,000

public housing units in six years, the house \$10,000 in the same period.

The House Veterans Affairs Committee turned its spotlight on the pension proposal, and gave the bill top priority to hearings.

Some 18 million veterans of World Wars I and II would be eligible—about 3,600,000 of them within the next 10 years—for \$60 a month pension at the age of 60. The bill also provides additional disability pay ranging from \$20 to \$120 a month.

Democrats pushed for speedy Senate action on the first part of President Truman's anti-inflation program—a temporary seven-month extension of voluntary controls over scarce commodities. Republicans want to extend the bill 13 months, but yesterday lost the vote.

(See LITTLE, Page 5)

Relief for Storm Area Is Approved

WASHINGTON — (AP) — A \$500,000 disaster relief fund for storm-stricken Western states was approved today by the House Appropriations Committee.

Speaker Rayburn said he would ask a House vote on it during the afternoon.

At the White House, President Truman also was taking steps to get more federal relief funds for the blizzard-swept areas. He asked that Congress vote him a new \$1 million emergency disaster fund and said part of the money would go for blizzard relief.

The \$500,000 approved by the House would be supplementary to any funds the President turned over from his emergency disaster account.

The main purpose of the appropriation is to save starving cattle and sheep stranded by recent snowstorms.

Mr. Truman yesterday made \$200,000 available for disaster relief in the Western states, and said that a \$500,000 fund voted him by Congress last year has been reduced to \$50,000.

Delinquent Taxes Up For Action

Delinquent City taxes up through the 1947 tax roll have been put in the hands of the city attorney, Robert Gordon, for collection, the City Commission stated last week.

Gordon will present a list of outstanding taxes to the commission next week for further action, but it is expected that the list will be small because tax collections have been running around 90 percent complete the past four or five years, Aubrey L. Jones, city tax collector, said.

At this week's meeting, the commission accepted the 1948 city audit prepared by the auditing firm of Nensell and Doggett. The auditors said that the city's first quarterly audit of the new year will be completed before Feb. 15, when City Manager Steve Matthews is scheduled to leave to take up his new duties as city manager of Lubbock.

Matthews sent out the city's salary expenditures and 1949 budget estimates with the commission and with City Engineer Dick Pepin who was named as acting city manager of Lubbock, Juniper High Club, Vyvans Accordion Band, and others.

Work on the general solicitation campaign was temporarily halted this week by adverse weather, however coin collectors and coin cards have been distributed in stores and to school children.

Jack Griswold, manager of the Montgomery Chevrolet Basketball team, said the team will play two benefit games during the campaign.

In the meantime the Wheeler County Chapter of National Infantile Paralysis Foundation has accepted financial responsibility for hospitalization of the county's latest polio victim, 18-month-old Patricia Lang, daughter of Mr. and Mrs. J. L. Lang, who has been hospitalized in Plainview and Abilene. The child was stricken about five weeks ago.

Aiding in the solicitation drive are members of the American Legion, and: R. A. Nichols, W. R. Ritter, Wallace Fields, Baxter Purcell, Lyman Benson, W. A. Sims, Jack Stroup, James Brothers, Wesley Sims, Vernon Brown, Harold Walker, Robert Sheegog, J. W. Blake, and Jack Montgomery.

Welfare Office Hits Snag In Effort to Help Family

County Judge Bruce Parker got some unexpected answers Tuesday afternoon and the welfare office hit a snag when they moved to render some worthwhile assistance to one Pampa family making a living from the relief rolls.

The father of the family, and his wife, were called in to talk to the judge and answer why they were on constant relief when the man was physically able to work.

During the conference the woman indignantly told the judge, "That's what a county is for, to feed people."

They told the judge they had relatives in Woodward, Okla., and could find farm work there. The welfare office agreed to pay their way to Woodward and bought tickets to entrain them at 7:15 p.m. on a Santa Fe train that would get them into Woodward Tuesday night. This they consented to do and arrangements were made with the Salvation Army to help them pack and get on the train.

The couple were no sooner out of the Courthouse when they returned saying they had just gotten a letter from the Woodward relative stating there was no work in that part of the country. They failed to show the letter and officials said the couple didn't even have time to get home to read the letter, and get back.

The man, however, said he and his oldest boy were planning on hitchhiking to a place in Arkansas where a dam project is going on. He added they would get work there and then send for the rest of the family when they had money for their traveling expenses.

Welfare officials Wednesday morning said they didn't know whether the man and son had left or not. Their family car is mortgaged for \$200, the man said, he uses for groceries.

During the interview the woman said she had gone as far as the second grade and her husband finished fourth grade.

The family has a relief record from Borger, Panhandle, McLean and Pampa "three inches thick," welfare officials said Tuesday afternoon.

Clad in an old band or theater uniform coat, the man said he "worked some" when he could find it, but couldn't explain why he could never hold a job.

County officials are guessing what the family in question will do next. Other families are to be brought in for a conference with the judge as to why they are always on relief when there is work to be had.

Body Is Sent to Sulphur Springs

The body of J. R. Jones, who was found dead in his room at the Hillson Hotel Tuesday afternoon, was sent last night to his home at Sulphur Springs, Texas, where funeral services and burial will probably be held tomorrow.

CONFERENCE FAILS

COPENHAGEN, Denmark — (AP) — Government leaders from Denmark, Norway and Sweden failed to reach final agreement on formation of a Scandinavian defense alliance. They will try again Jan. 29.

WE HEARD . . .

That the Court House Cafe's 10-cent coffee yesterday realized \$67.59 for the March of Dimes fund for infantile paralysis care. In case you're curious, the odd pennies are just extra—no one got by with paying only a cent for coffee.

For printing see Rusty Ward, Texas Printing Co., 313 N. Ballard.

Woman Held for Child Desertion

A month-old search by the Shawnee, Okla., Sheriff's Department for a woman, wanted for child desertion, ended last night with the arrest of Florence Bernthe Gains, 34, by Pampa Police. Police said the woman, alias Mrs. C. E. Walton, was charged with abandoning her four minor children about a month ago in Pott County, Okla.

Okla. authorities learned the Gains woman was in Pampa after she had requested that her withholding tax receipt be sent here. City Police were notified by the Oklahoma officials and a warrant for her arrest was wired here.

She waived extradition this morning and is being detained in the city jail until Oklahoma officers arrive here for her.

WE SAW . . .

Kiwanis members unloading 300 gifts ranging from tires to cigarette lighters into the Junior High Auditorium. Crackerjack buyers at tonight's and tomorrow night's Top of Texas Revue will go home with these gifts.

Need Lamps? Get them at Lewis Hardware Co. adv.

CAPITOL IN SHADOW OF ICY RIVER—The Missouri Capitol stands above the ice-filled Missouri River at Jefferson City as the river began a slow, steady rise, reaching its highest January stage since 1910 at the mouth at Kansas City. Other Missouri and Kansas streams are out of banks as the serious ice jams brought flood warnings to bottomland residents and cattlemen. (NEA Telephoto.)

SNOW, ICE DEAL HEAVY BLOW TO NORTH TEXAS

Although about two inches of fresh snow blanketed Pampa today, ours is in a much better condition than many Texas towns.

The Associated Press reported this morning that 38 towns are isolated from communications as a mantle of ice sheathed North Texas for the third straight day.

Although the sun broke through clouds in some areas to kindle hopes for a thaw, the official weather forecast promised no important temperature changes for East Texas and slightly colder weather for the Panhandle.

A fine snow with no wind started in Pampa at 4 a.m. and continued until 8 a.m. After a brief pause, the fine snow commenced again about 8:30.

The temperature at 8 a.m. was 22 degrees, which also was the low for yesterday. The high for yesterday was 23 degrees. The total precipitation thus far is 46 inches.

Highways into Pampa are still open but hazardous. The Frailway buses, however, are running close to schedule. Power and phone companies report no damage and there have been no serious accidents in this vicinity as yet.

Very few livestock losses have been reported, although a half dozen sick calves.

The AP reported that snow freezing rain is the gloomy prospect for the northwest section of East Texas and more snow for the Panhandle and South Plains.

The Southwestern Bell Telephone Company reported to AP that 1,250 circuits are out, 11,000 wire breaks and 1,300 poles broken.

Isolated cities, served by Bell include: Savoy, Gainesville, Celia, Elgin, McKinney, Italy, Wolfe City, Ladonia, Prosper, Anna, Farmersville, Melissa and Princeton. In addition, the following cities served by independent companies were also without service.

(See SNOW, Page 5)

Water Rate Up to Users Outside City

The City Commission this week raised the water rate to users outside the city limits to 50 percent over the city rate, instead of the 20 percent additional charged before.

The commission studied charges made by other Texas cities of comparable size and found that Pampa's rate to outside water users was under the average.

In view of the difficulty and expense of obtaining water in the Panhandle, the commission felt that it was not fair for the city resident to be paying a larger share of the expenses of his water system than one outside the city.

The city owes a total of \$1,200,000 for improvements and extensions to the water and sewer system. Of this, \$740,000 represents tax bond indebtedness and \$460,000 is in revenue bonds.

Thus, about three-fourths of the fund for retiring these bond issues comes from taxes (which are paid by city residents) and only about one-fourth comes from water revenue (which is paid by water users). The city resident is thus paying a larger share of the improvements made to his water system than a non-resident water user.

The minimum water rate outside the city will be \$3 for the first 3,000 gallons. This is the city commercial rate of \$2, plus a 50 percent increase, which will go into effect Feb. 1 and will be on the March 1 bills.

There will be no town rate outside the city, and all water used over the first 3,000 gallons will be charged at the city's (See WATER, Page 5)

'49 Top o' Texas Revue Is Tonight

Final touches have been added to the sixth annual Kiwanis-sponsored Top o' Texas Revue, Curtain time will be 8 p. m. today and tomorrow at the Junior High Auditorium.

Twenty new shows have been written by Ken Bennett, who has charge of the show. A three-act comedy will be the highlighting event of the show.

Besides a 32-member chorus, the revue will have an 11-piece orchestra, 14 dancers, 18 models and eight actors to include Bunny Shultz, Harry Kelley, Lucille Henson, Bunny Shelton, Max Pressnell, Pete Welborn, Helen Blocker and Dick Randall.

Proceeds of the show will go towards the annual Kiwanis-sponsored summer athletic program.

A sidekick to the revue will be a style show. All local stores carrying women's and children's clothes have contributed garments for the 18 models.

Show Staged For Benefit Dimes Drive

SHAMROCK — (Special) — A benefit performance of home talent for the March of Dimes campaign in Wheeler County will be held here tonight in Clarke Auditorium.

Special acts, musical numbers and a magic show will make up the program.

Appearing on the stage will be Sheriff and Mrs. Jess Swink of Wheeler in a comedy skit; Rev. Spurgeon M. Dunnam, of Waskum in a magic show, and Shamrock musical organizations including Stine's Irish Band, Junior High Glee Club, Vyvans Accordion Band, and others.

Work on the general solicitation campaign was temporarily halted this week by adverse weather, however coin collectors and coin cards have been distributed in stores and to school children.

Jack Griswold, manager of the Montgomery Chevrolet Basketball team, said the team will play two benefit games during the campaign.

In the meantime the Wheeler County Chapter of National Infantile Paralysis Foundation has accepted financial responsibility for hospitalization of the county's latest polio victim, 18-month-old Patricia Lang, daughter of Mr. and Mrs. J. L. Lang, who has been hospitalized in Plainview and Abilene. The child was stricken about five weeks ago.

Aiding in the solicitation drive are members of the American Legion, and: R. A. Nichols, W. R. Ritter, Wallace Fields, Baxter Purcell, Lyman Benson, W. A. Sims, Jack Stroup, James Brothers, Wesley Sims, Vernon Brown, Harold Walker, Robert Sheegog, J. W. Blake, and Jack Montgomery.

Clearing Skies Aid Relief Work

By The Associated Press

Temperatures moderated and skies were mostly clear today in the snow-covered Western states where disaster relief crews work to save thousands of stranded livestock and marooned ranchers and Indians.

With no heavy falls of snow over the Western Plains and Rocky Mountain region airlift operations were increased, easing the food crisis in Nevada and Utah.

But, there was snow, sleet and freezing rain over many other sections of the country. The cold weather eased over the sub-zero (See CLEARING, Page 5)

Workings of Alcoholics Anonymous Explained Before Pampa Rotary Club

Alcoholism is the nation's No. 4 killer — a member of the Lubbock Alcoholics Anonymous told Pampa Rotarians yesterday in the Palm Room, City Hall.

The AA member, himself a former "drunk," told the club and its guests that he had been completely sober for the past 750 days by faithfully following the daily program set out by Alcoholics Anonymous. The man, who holds a highly responsible position with a large Lubbock equipment firm, said there were over three million excessive drinkers in the nation today and over \$32 million dollars in wages were lost each year by alcoholic indulgence. Of the three million excessive drinkers around 12,000 of them are alcoholic maniacs, he added.

Alcoholics Anonymous is an organization that reaches every at-

to sober himself up, the second speaker said he found Alcoholics Anonymous while in the insane asylum.

The organization, both men said, does not condemn the occasional drinker or wrap themselves "in a shell." They are interested in the men who are actually alcoholically sick and want to help themselves. Both men said they had to deal with drinkers every day in their regular line of business and that they had to watch them drink, but were able to stay away from it themselves.

One of the highest and longest-continued speakers ever given to a Rotary speaker or performer was given the men when they sat down.

The first man encouraged the Rotary to give any moral help it could to the embryo organization coming up in Pampa at the present. Alcoholics Anonymous requires no dues, no campaign fund and has no officers. They meet, talk with each other, and make speeches to their own groups plus helping others afflicted with the disease. Aiding others to overcome their alcoholism is another part of their treatment, the men said.

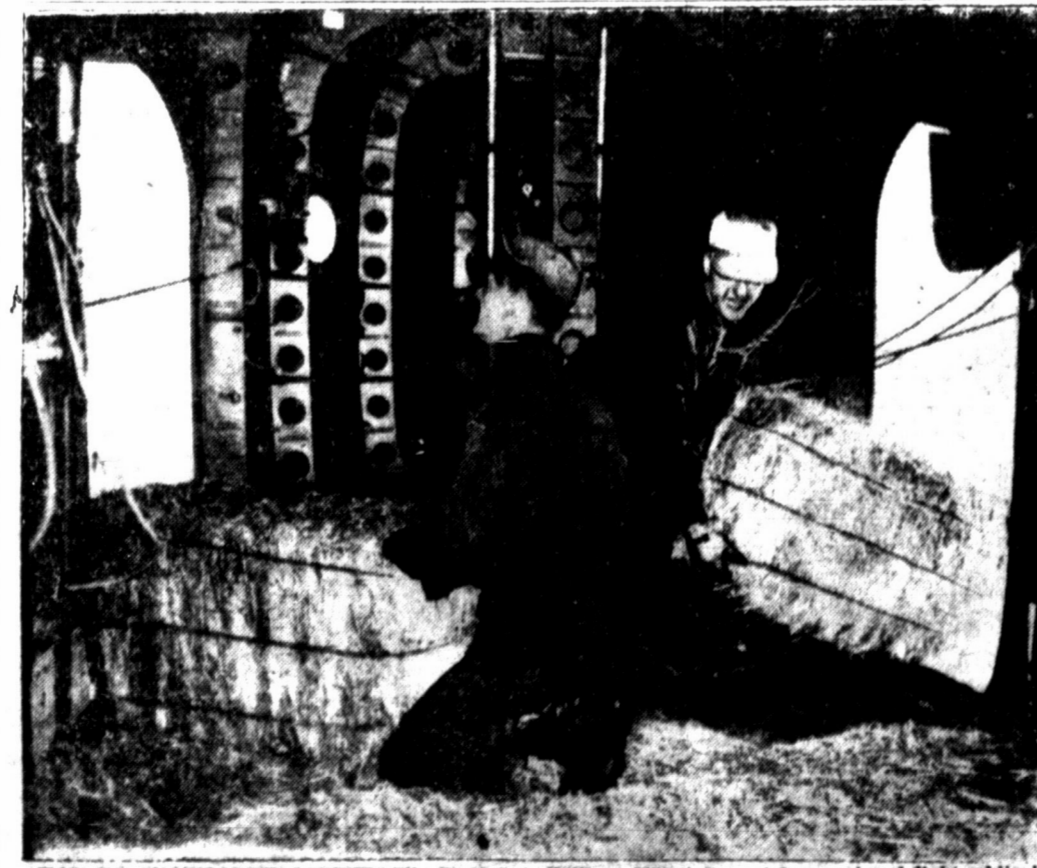

President of Rotary, Steve Matthews, announced the Rotary Club would name the March of Dimes collection-tub at the Court House Cafe, with the cafe's owner and Rotarian, John Pitts, as chairman. Twenty Rotarians will stand one hour turns from 8 a.m. to 6 p.m. Saturday.

What if There's a Fire?

What looks like a homey fireplace, with Santa's pixies crawling around the mantel and clambering on the stockings and a benevolent Santa Claus peering down, is actually a San Francisco firehouse. Engine Company 28, with this display, won the \$1000 first prize in a contest sponsored by Mayor Elmer Robinson and Fire Chief Edward Walsh. Each company was limited to \$50 for decoration.

Texan Gets Hero Award

PITTSBURGH, Pa. — (AP) — A Texas railroad worker has been given a coveted hero's award for saving a three-year-old girl who was about to be run over by a locomotive.

Award of its bronze medal for heroism to Wilbur D. Calhoun, Sr., 49, El Paso, was announced Wednesday by the Carnegie Hero Fund Commission.

It was on July 15, 1947, that Gloria Cedillos, 3, lay down on a railroad track at El Paso as a locomotive pulling cars backed toward her. The engineer frantically applied his brakes. But the heavy locomotive and cars moved inexorably toward the child.

Calhoun was engine formant similar to conductor on a passenger train. He jumped out of the locomotive cab, swinging himself under a hand-rail on the cab platform, and placed one foot on a draw-bar.

By that time the locomotive, still traveling 15 miles an hour, was but 25 feet from Gloria. Flipping, Calhoun jumped down onto a footboard only eight inches above the rail. He crouched. Then, without holding to any support, he leaned forward. With one hand he knocked Gloria from the track. A side projection of the locomotive struck the child a glancing blow on the head. But she recovered. Calhoun himself was unable to recover his balance after his feat. He wrenched his shoulder in jumping clear of the train, which traveled 40 more feet before it stopped.

Man Shoots Self, Then Walks to Trial

WICHITA FALLS — (AP) — A man accused of stealing oil field pipe walked two blocks Wednesday toward the Courthouse where he was being tried, then collapsed on the Courthouse steps with a bullet wound in his heart.

Sheriff Hammett Vance said W. T. (Slim) Dwyer apparently shot himself and then attempted, nevertheless, to show up for his trial. An 8-shot revolver with one empty cartridge was found on the floor of his car two blocks away. The case had been in and out of Wichita Falls courts for eight months. Dwyer is accused of stealing \$750 worth of pipe from an Electra lease. Dwyer was taken to a local hospital in critical condition.

DOCTORS HOLD MEETING
SAN ANTONIO — (AP) — Registration starts here today at the Municipal Auditorium for the 13th annual meeting of the International Postgraduate Medical Assembly of Southwest Texas. Outstanding speakers are scheduled for the three-day clinical demonstrations and pathological conferences.

Oil Field Worker Held in Shooting

EUNICE, N. M. — (AP) — Glen Skinner, 26, charged in the fatal shooting of Homer Lee Daughterty, is being held without bond for the next term of district court.

Skinner pleaded innocent Wednesday to the charge of first degree murder at a preliminary hearing before Justice of the Peace Faugh Bowen.

The shooting occurred Jan. 1 on a street here. Both Skinner and Daughterty were oil field workers from Electra, Tex. At the hearing, Daughterty's widow testified that the shooting occurred after an argument in a bar. She said Skinner demanded her husband apologize for language used in front of Skinner's wife. She said Skinner struck Daughterty and the party was asked to leave the bar.

She related that later Skinner drove up in his automobile as Daughterty stood on the main street, stepped out and fired a .410 gauge shotgun at close range. Daughterty died in a hospital two hours later.

Bishop Okays Church Dances

DALLAS — (AP) — There's nothing wrong with holding square dances in churches, in the opinion of the Episcopal bishop of Dallas. In fact, he thinks the dances help prove "that human relations need not be sordid."

Bishop C. Avery Mason told the annual diocese convention here that priests in smaller towns had been criticized for holding the dances.

"American young people should be given the opportunity of having good clean fun in our parish houses," the bishop said. "The square dancing clubs sponsored by some of our churches have been a boon to the community in which they are held. Families have learned to play together again, and life has been made happier. One of the purposes of the church is to prove to man that human relations need not be sordid."

Phone Exchange Has Only One Telephone

TEMPLE — (AP) — The smallest telephone exchange in Texas — and there's no argument about it — is the Maysfield exchange. Maysfield is near Cameron in Milam County. Bell Telephone Company records indicate the exchange couldn't be any smaller — because it has just one telephone. But the switchboard has 15 lines, 12 of them ready for service. So if you're having trouble getting a telephone, move to Maysfield.

The white birch furnished the Indians with food, drink, transportation and lodging.

Weary Refugees Find Haven in West

In steadily increasing streams, fugitives from behind the Iron Curtain are pouring into western Berlin. There the city government, encouraged by the American and British military commandants, have set up a well-organized system of care for them from Soviet troops.

Chicken Casserole

RECIPE: Place thin slices of cooked chicken in greased casseroles. Add cooked or canned asparagus tips. Cover with cheese sauce, place 4" from broiler heat until sauce browns and bubbles. For sauce: Melt 4 tbs. butter or margarine, stir in 4 tbs. flour, 1 tsp. salt, 1/2 tsp. pepper and 1 tsp. dry mustard. Add 2 cups hot milk, stirring over low heat until sauce thickens and boils. Add 2 cups grated cheese, stir until melted. Add 1 tsp. Worcestershire sauce.

MEAT PRICES CONTINUE ON SKIDS

CHICAGO—(AP)—The nation's housewives received good news Tuesday in the American Meat Institute's report that a new drop in the general price of wholesale meats will mean accompanying declines on the retail level.

The institute said wholesale meats dropped 20 per cent in price from last September's peak and retail declines were noted ranging from 13 to 28 per cent on various items.

The report pointed out that pork chops have dropped an average of 28 per cent, round steak 25 per cent, chuck roast 22 per cent, leg of lamb, 17 per cent and lamp chops and hamburger, 17 per cent.

LITTLE

(Continued from Page 1)
 first round of arguments when the Senate Banking Committee voted them down 8 to 2. The administration hopes later to seek mandatory controls. The GOP is against that.
 On the labor front, a bill to repeal the Taft-Hartley Act and replace it with new labor legislation is about ready for Congress. It should be delivered to Chairman Elbert Thomas (D-Utah) by midnight. But it faces tough sledding—Senator Taft (R-Ohio) says he is set to introduce other measures designed to block repeal of the controversial act. In both House and Senate, veteran Republican leaders prepared to make room in party councils for self-styled progressives. Party huddles were called to study a resolution disbanding the old steering committee and substituting a new policy committee based on geographical representation. It would ignore traditional rule of seniority, but approval seemed sure.

DELINQUENT

(Continued from Page 1)
 other property owners, all the street free, and the money placed with the city will be refunded. Otherwise, the city will use the money to buy oil for the street. The commission authorized the Layne Texas Company, drilling contractor for the city's new water wells south of town, to drill a third well. When this test hole is finished, the preliminary work will be virtually complete, and actual drilling can begin, Pepin said.
 Navy first used a forward pass in its football maneuvers in 1906.

Piles Hurt Like Sin! But Now I Grin

Thousands change groans to grins. Use a doctor's formula to relieve discomfort of piles. Sent druggists, Thornton & Minor Clinic. Surprising QUICK palliative relief of pain, itch, irritation. Tends to soften, shrink swelling. Use doctor's way. Get tube Thornton & Minor's Rectal Ointment on your physician today. Follow label directions. For sale at all drug stores everywhere.

SO EXTRA NOURISHING

MINUTE QUICK OATS

PERK with Armocol

WASHES UP TO 66% WHITER

... WASHES COLORS 31% BRIGHTER

Here's proof beyond question from 1,316 washing tests.

PERK leaves your whites whiter, brighter!

Perk after wash, soon proved it on the famous Redmond and General Electric Spot-Proofing Contest. Now Perk with Armocol washes whites up to 66% whiter, colors 31% brighter than any other leading type of soap.

These washing tests also proved Perk with Armocol can wash things clean—half—some—soiled on soap.

PERK — THE DYNAMIC-ACTION WASH PERFECTOR

Only Perk contains Armocol, Armocol's exclusive new ingredient that gives you: 1. Biggest Action: Perk with Armocol draws dirt out of clothes like a magnet, seals it in the water so dirt cannot settle back. Removes unsightly grays, prevents future grays. 2. Sunshine Action: Perk with Armocol gives clothes a new sunshine brilliance that makes the radiant, sunny new whiteness, brightness in your wash.

PERK — THE DYNAMIC-ACTION WASH PERFECTOR

DOUBLE YOUR MONEY BACK!

If you don't agree new Perk is the best soap you ever used, return the unused portion of the package to Armocol and Company, 125 W. 1st St., Chicago, and you'll receive double the price you paid, plus postage.

PROOF THIS YOU WHY

PERK IS YOUR BEST BUY—for clothes—for dishes

Global Timekeeper

Many and varied are the functions of the century-old U. S. Naval Observatory in Washington, D. C., but principal among them is that of timekeeper for the nation and its ships at sea. The WAVE in the photo needn't be more than a few thousandths of a second off after setting her watch with the observatory's super-accurate transmitting clock. (Official Navy Photograph)

DEVELOPMENT

(Continued from Page 1)
 his project for the world's underdeveloped follow on the heels of indications that the U. S. Treasury doors may be less open to foreign nations than they have been.

Instead, private capital is being emphasized as a possible source of aid to friendly countries, in one of two new trends which seem to be emerging in American foreign policy. The other apparently is aimed at presenting the United States as a rallying point to people all over the world in the cold war against communism. President Truman struck the keynote in his inaugural address with his "bold new program" for developing backward areas of the world by private investment, along with a smashing attack

SNOW

(Continued from Page 1)
 ice: Ponder, Cresson, Argyle Whitesboro, South Maid, Bonham, Bangor, Valley View, Dodge City, Honey Grove, Ben Franklin, Krum, Sildell, Windom, Alva, Plano, Howe, Van Alostyne, Dorchester, Gunter, Blue Ridge, Frost, Blooming Grove, Covington and Brandon.

The ice belt, roughly, stretched from Daulaco and the Red River on the north to Hillsboro, on the south and from Gainesville and on the west to Paris on the east.

Cities like Ft. Worth, Denison, Sherman, Gainesville, Dallas and Bonham were similarly hard-hit. Tens of thousands of trees were broken, power company crews worked feverishly to patch broken lines. Southwestern Bell had more than 300 repairs on the job and another 100 on the way.

Five and one-half inches of snow were reported at Borger and the Highway. Five and one-half inches of snow were reported at Borger and the Highway Patrol warned motorists not to travel except in emergencies.

against the "false philosophy" of communism. And yesterday Dean Acheson made it a point at his news conference to comment on the President's world development proposal, stressing anew that it calls for private investment, and, like Mr. Truman, accompanying that with a sharp rap at communism.

In England, during the 17th Century, it was customary for gentlemen to smoke in church.

CLEARING

(Continued from Page 1)
 belt although the mercury was below zero early today in Minnesota, the Dakotas, Wyoming and Utah.

A blanket of new snow covered the Southern New England states and portions of New York state.

Freezing rain and sleet spread over Southern Iowa and Northern Missouri during the night and continued in parts of Kansas, Oklahoma and Southeastern Nebraska. Freezing drizzle continued in Central and Northwest Texas.

Rain started again today in the flood sections of Southern Illinois, where some 1,000 families already have been driven from their homes. Rain also fell in Arkansas, Tennessee and Western Kentucky.

Temperatures were around normal in California, and in the Pacific Northwest there was a freezing drizzle in Northern Oregon and light snow in Eastern Oregon and Eastern Washington. Most of the South had mild temperatures.

Five Air Force planes planned to drop supplies and livestock feed in the remote Navajo mountain region of Northern Arizona today. The planes were summoned to the reservation by a report that 15 persons were missing. Most of the estimated 2,500 Navajos in the area were reported in no danger.

The longest forward pass ever thrown in a Rose Bowl game was tossed by Johnny Mack Brown to beat Washington for Alabama in 1928. It traveled 59 yards.

WATER

(Continued from Page 1)
 commercial rate, plus 50 percent. The sewer charge outside the city will be \$1 per month for an average residence with five fixtures. Additional fixtures or sewer connections will be charged according to the city's rate fixed by ordinance, plus 50 percent. As before, the property owner will pay for his own water and sewer connections outside the city, and such installations must pass city inspection.

This increase in charges brings Pampa in line with other Texas cities, the commission said. Austin, Marshall, Sherman, Temple, Big Spring, and McAllen charge outside users the city rate plus 50 percent. Brownwood doubles its rate outside the city.

The commission pointed out that city taxpayers have already paid many thousands of dollars for their water system, and the city's present bonded indebtedness

is for improvements and extensions to the water and sewer systems that have been made necessary by a large increase in city population in the past few years.

Residents outside the city participate to a large extent in the fire and police protection services offered by the city, and they do not help support them by taxes. This increase in water rate will help offset that difference in cost sharing, the commission said.

METHODIST

(Continued From Page 1)

Paul Beisenherz, Adobe Walls Boy Scout executive, spoke on the theme of "Fellowship." In pointing out the need for genuine fellowship, not only in social, but in business affairs also, he reminded his hearers that "as the world shrinks through more rapid means of communication, each individual's own sphere of influence increases."

Four More Pampa Boxers Advance in Golden Gloves

Cooper Gets First Round Knockout

Four more members of the Pampa Golden Gloves team fought their way to the next round of the Amarillo Regional Golden Gloves Tournament last night. Tonight only two are slated to see action. In the 112-pound class, high school division, Donnie Ray will meet Benny Martinez of Amarillo. In the 160-pound high school class, Francis Hunt battles with Jack Sallee of Amarillo.

In last night's bouts in the 135-pound high school class, Rex Bradford, Shamrock, representing the Pampa team, won a three round decision from Ken Hamilton of Amarillo. Bradford, a fancy boxer, replaced the injured Johnny Vineyard at this weight. Rex constantly kept his left foot on the Amarilloan, and followed it with hard rights.

In the 147-pound high school class, James Bowers fought his way into the semi-finals with a three round decision over Elmer Walters of Plainview. Bowers' left lead and powerful rights kept him out of trouble most of the way.

In the 160-pound high school division, Francis Hunt boxed his way to a three round decision over Charlie Chambliss of Borger. Cool and calm as always, Hunt had little trouble with the boy from Borger.

The fourth Pampa boxer to win last night was Eugene Cooper, defending champion and state titlist, who scored a first round knockout over R. A. Starkey of Dumas in 1:04 of the first round. Cooper's hard, smashing left sent the lad from Dumas to the canvas for the count.

The fights tonight will again get underway at 8:15 in the City Auditorium.

DiMaggio Having Usual Wage War

NEW YORK (AP)—Joe DiMaggio was reported today to have turned down a \$10,000 raise from the New York Yankees and to be seeking a contract that would make him the highest paid player in baseball history.

Friends mentioned sums like \$90,000 and \$100,000, but no figures came from the principals. Following a salary conference yesterday with Yankee officials, DiMaggio said only:

"The Yankees made me an offer. I made no counter offer. My understanding is that after a few days they will call me up and we will have another session. Until then I am not going to say whether it will be a quick or a delayed signing."

DeJ. Webb, co-owner of the Yankees, asserted "We're pretty close to coming to terms. I'm sure there won't be any trouble."

The contract offered DiMaggio reportedly called for \$65,000 in basic salary, compared to \$55,000 a year ago, and a bonus if the Yanks' home attendance exceeds 3,500,000. Last year the Yanks drew 2,400,000 and DiMaggio drew a \$15,000 bonus making his aggregate pay for 1948, \$70,000.

WARREN'S WARM UP

By Warren Hesse—News Sports Editor

QUESTION: In basketball, what is the diameter of a basket?

INDIAN CHIEF: President Bill Vecek of the Cleveland Indians has been calling his his-salaried Braves to his tepee for wampum talks for next season. He apparently wants to get rid of the salary troubles connected with the big stars first, and leave the rest to the lesser stars.

College Cagers Have Quiet Night

NEW YORK (AP)—It was another quiet night in collegiate basketball last night. Mid-year exams continued to keep activity at a minimum.

In perhaps the outstanding game from an intersectional standpoint Utah of the Skyline Six Conference swamped the touring University of Pittsburgh quintet, 65 to 44, at Salt Lake City. It was virtually a breeze for the Utes. They led, 32-18, at halftime and kept their star Vern Gardner on the bench for the entire second half.

Cincinnati, ranked as the nation's highest scoring collegiate quintet in the latest NCAA statistics, rimmed only 34 points against the Phillips Oilers and lost by 10 points, 44-34, in the East. Brown whipped Boston University, 61-45, and St. Francis of Brooklyn defeated Providence, 74-56.

Only two major conference games were played. George Washington licked Maryland, 66-54, in the Southern Conference and Georgia overwhelmed Georgia Tech, 74-60, in the Southeastern Conference.

BETTER BOWLING

By BILLY SIXTY
EXCESS SWING: We've taken up, in some detail, getting too little length to the swing; but, as a matter of fact, over-swinging the ball can lead to as much trouble.

In trying for more speed, a woman pupil of mine increased the arc of her swing so much that she was completely off balance midway in stride.

So you can avoid the mistake, here is what she did: She held the ball shoulder high in taking her stance, as the illustration shows. Next she pushed the ball far out, away from the body. If it was a push-away motion, the ball naturally, done, exaggerated, and it was done too quickly. This should be an easy action, in timing with the slow first step with the RIGHT FOOT.

FOOT in a four-step delivery, and with the left foot in taking three steps. Instead, she pushed the ball outward.

The weight of the ball came down into the backswing arc with such force as a result, that the energetic lady was thrown forward, off balance, and the rest of her steps to the foul line were tip-toe fashion. The ball naturally couldn't catch up with her stride and was dropped far behind the foul line to rattle aimlessly down the alley, or into the gutter.

What she needed to do was to shorten the push-away, and this is done by merely holding the ball lower—approximately even with the waist-line, and in the PALM of the left hand. The left hand then pushes the ball away, in good timing with the initial step, and as the ball moves into its backward arc the body drops into a comfortable crouch and stays in perfect balance the remainder of the stride.

Remember that speed isn't essential. Body balance for control is essential, and to keep balance, the push-away must be easy.

Women's Golf

MIAMI, Fla. (AP)—Medalist Dorothy Kirby meets Mrs. Frank Fuller of Miami today in the second round of the 17th annual Helen Lee Doherty Women's Golf Tournament. Other matches include:

Polly Riley of Fort Worth, Texas, faces Betty McKinnon, Texarkana, Texas.
Betty Bush of Detroit, who defeated Bettye Mims White of Dallas, Texas, 4 and 3, plays Mrs. George Wilcox of Miami.

Harvesters Work Hard in Preparation for Game With Golden Sandies Friday Night

The Pampa Harvesters went through another long hard drill yesterday afternoon in preparation for the all-important game with the Golden Sandstorm at Amarillo Friday night. Game time is 8:15, with no preliminary scheduled. The game will be broadcast for the benefit of fans unable to attend the game.

Olson Meets Poggi on Mat Card Friday

Friday night's wrestling card at the Sportatorium has been announced by Promoter Vic Burnett. The preliminary will be between Billy Hickson and George Buckman. Buckman is a newcomer to the area, and little is known about him or his ability. But Hickson needs no introduction to Pampa fans. His last two appearances here have featured the two finest matches in a long, long time. Both were very clean bouts, and both went the regulation 45 minutes without either man gaining a fall.

The main event should be a natural. The rough and rugged Gorilla Poggi will tangle with Milt Olson. Last week's Australian Tag match came to an abrupt halt when Poggi was disqualified for slugging the referee when the referee tried to make him break a choking hold he had on Olson. Milt, the Wisconsin boy, will be out for revenge and a terrific match should be the outcome.

The referee for the night will be Glen Detton, young brother of Dory, popular Amarillo promoter, and a good wrestler in his own right.

McLean Athletic Banquet Success

McLEAN (Special)—Two hundred people, including 41 members of the Tiger grid squad, attended the 1948-49 football banquet at the Skyline Hotel last Tuesday night.

The annual McLean News awards for the outstanding backfield man and the outstanding lineman were given to L. M. Watson, sophomore halfback, and Johnny Vineyard, guard. The presentations were made by Lester Campbell, editor of The News.

Johnny Griffith and Johnny Haynes were second and third, respectively, in the backfield, and Jack Brooks and Bobby Kramer second and third on the line. Others receiving votes were Jimmie Newton, Bob McConoghie, Charles Bailey, Bobby Bruner, Vernon Turner, Vic Shelton and Ray Middaugh.

Predatory Kill Sets New Record

SAN ANTONIO (AP)—More predatory animals were killed in Texas during the last fiscal quarter than during any previous three-month period, C. R. Landon, district agent, Fish and Wildlife Service, reported here today.

Combined efforts of federal, state and county hunters accounted for 11,683 predators during the period October-December, for an all-time high, Landon said. Coyotes headed the largest group of predatory kill, numbering 10,866. Bobcats killed, totaled 651. A total of 144 wolves were destroyed, while 11 lions killed fell one short of the total killed during all of the previous fiscal year.

Bears Lose Star

WACO (AP)—Bill Johnson will play no more basketball this season for Baylor.

The four-year regular cracked three vertebrae when the car in which he was riding skidded Tuesday near here and collided with another car.

Loss of Johnson is a severe setback for the Bears' hopes of repeating as Southwest Conference champions this winter.

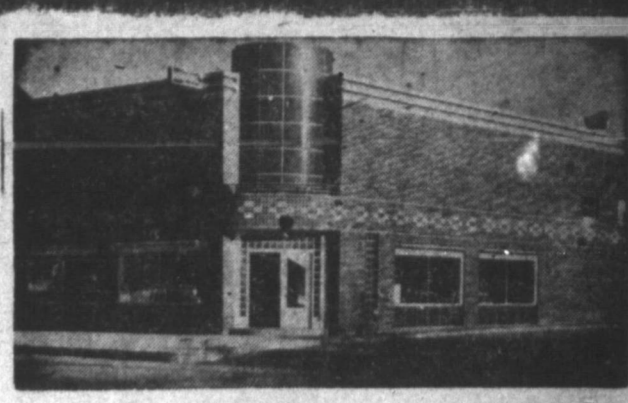

"Old at 40, 50, 60?" — Man, You're Crazy

Football's longest run was chalked up by Wylie's Terry of Yale in 1884-115 yards. The field at the time was 110 yards long.

Mainly About People

Paul Belseniers, executive, and Tom Cochran, field executive of the Adobe Walls Council, will attend a sectional meeting of Scout executives tomorrow and Saturday. Mrs. B. A. Foster will present pupils in two piano recitals Sunday afternoon, Jan. 30, First Baptist Church, 2:30 and 4:30. Public invited.

Brothering wanted, Ph. 1864W. A special election meeting, Legion Hall, 8 p. m. Thursday.

The Past Matrons Gavel Club has postponed one week, to Feb. 3.

Sickelodeons for rent, Ph. 273. Top o' Texas Amusement Co.

Hospital beds, wheel chairs for rent at Prescription Laboratory.

Mr. and Mrs. Roy Barron, 1021 S. Sumner, are the parents of a seven pound boy, John Gregory, born Saturday morning at the Wesley Hospital. Mrs. Barron is the former Clara Davis, daughter of Mr. and Mrs. John R. Davis, 1021 S. Sumner.

Duenkel Carmichael Cadillac emergency ambulance, Ph. 400.

Beautiful Venetian blinds, Call 1112. Pampa Tent & Awning Co.

Lloyd Taylor, son of Mr. and Mrs. W. B. Taylor, III S. Nelson, who enlisted in the Army, left Jan. 18 for Camp Chaffee, Ark., for basic training.

White English Bulldog lost. Answers to name "Duke." Please notify Ph. 3586M. 603 E. Foster.

INDIAN EXILES

After being exiled from Mexico, the Yaqui Indians took refuge in Arizona. They now stage their own Passion Play each Easter in their adobe villages of Pascua and Guadalupe, Ariz.

DEADLY WEAPON

"Long Tom," a gun taken by the Atlantic coast game wardens from the former Clara Davis, daughter of Mr. and Mrs. John R. Davis, 1021 S. Sumner, was fired by two pounds of powder.

Equipment Given To Girl Scouts

Burl Lewter, owner of Mack's Shoe Shop, has contributed and installed an electric clock and pencil sharpener at the Girl Scout House. Mrs. K. E. Thornton, executive of the Pampa Girl Scout association, said today.

Mrs. Lewter has been leader of Troop 19 since 1946.

Twelve Scouters attended their weekly ceramics meeting at the Scout House this morning, Mrs. Thornton continued.

The women had their seventh meeting today and are at present working on boxes, plates, ash trays, cups and saucers and novelties.

Tomorrow a Scouters roundtable will be held at 9:30 a. m. at the Scout office in the City Hall. Mrs. Frank Hogsett, Training Committee chairman, will lead a discussion on troop problems. Also, the leaders will further plans on the Scout party, which is to be held March 12, the 37th birthday of Scouting.

A leaders' training course will be presented within the next 10 days, Mrs. Thornton said. All new leaders have been urged to take the course.

Ferns with leaves 12 feet long grow in the Belgian Congo, according to the Encyclopedia Britannica.

McPherson Rites Are Held Today

SHAMROCK — (Special) — Funeral services for Sam E. McPherson, 84, prominent Wheeler County pioneer, were held in the First Baptist Church at Shamrock at 2 p. m. today.

The Rev. Edw. C. Derr, pastor, officiated at the services and burial was in Shamrock Cemetery under the direction of the Womack Funeral Home.

McPherson died suddenly at the home of his son, Lacy McPherson, at Alamogordo, N. M., Monday evening.

McPherson came to Wheeler County about 1808 from Carthage where he owned and operated cotton gins and saw mills. He engaged in farming here for many years, and worked for the government during the war before retiring. He was a member of the Baptist Church.

He is survived by two sons, Lacy and Conrad of Amarillo; three daughters, Mrs. Emmagne Vaughn of Richland, Wash., Mrs. Bert Edwards of Monida, Mont., and Mrs. Hilliard Scott of Dons; by one sister, Mrs. Marde Crawford of Marshall; Cyril Youngblood of Denton, a grandson, was reared in his home. He is also survived by several grandchildren, nieces, and nephews.

Fowler Services Held at McLean

McLEAN — (Special) — Funeral services were held at the McLean First Baptist Church at 10 a. m. today for Mrs. Buelah Benton Fowler, who died at her home Monday following an extended illness.

The Rev. Clayton Day officiated assisted by the Rev. E. F. Jones. Interment was made this afternoon at the Childrens Cemetery.

Mrs. Fowler, 82 years old at the time of her death, moved to McLean in 1926 with her husband, the late J. A. Fowler. She has been a member of the First Baptist Church for a number of years.

She is survived by a foster daughter, Mrs. Vela Corcoran, McLean; two step-sons, Wib Fowler, Okla.; two step-daughters, Miss Nola Fowler, Duncan, Okla., and Mrs. Sue Patterson, McLean; and several nephews and nieces.

Palbearers included Thomas Skipper, Melvin Skipper, Jim Wheeler, Tom Cobb, George Cobb and Wheeler Cobb.

There are more than 250 different applications of storage battery power today.

Waterspouts are tornadoes over water.

Caravan Is Due Home Tomorrow

NEEDLES, Calif., — (Special) — The U. S. Highway 60 caravan that left Pampa last Wednesday for a Western tour over the cross-country road, stayed Tuesday night at this California-Arizona border town on its return trip.

Needles received its first snow in 17 years last week.

Enroute home from Riverside, Calif., the caravan Tuesday used chains for the first time when it encountered snow in the San Bernardino Mountains.

The caravan was scheduled to be in Flagstaff, Ariz., last night; at Albuquerque tonight; and home on Friday.

Mrs. Lila Askew Succumbs Here

Mrs. Lila Askew, 54, of 435 Elm, died at 7:30 a. m. today in a local hospital after a short illness.

Mrs. Askew, who was born Oct. 14 1894 in Sulphur Springs, Tex., had been living in Pampa the past 18 years.

She is survived by her husband, Henry; by two sons, O.T. Bonner of Pampa, and Reuben Bonner of Borger; and by two brothers, Johnny Roland of Pampa, and Joe Roland of Chickasha, Okla.

Funeral services, to be conducted by the Duenkel-Carmichael Funeral Home, are pending.

CADETS IN BLUE

WASHINGTON — (AP) — The Air Force's cadets will wear blue uniforms after next April 4, replacing the standard khaki used since early in the war.

The boll weevil causes an average loss of more than one-tenth of the entire cotton crop each year.

Scotland is known as "The Land of Cakes."

Bull in a China Shop--But Really!

This is a scientific experiment. Jack Rankin, of Hamilton, Ontario, Canada, wanted to know exactly what would happen if a bull got in a china shop. So he rode Ferdinand through his own china shop and found out. Rankin concluded bulls in china shops do less damage than one would think; they seem to prefer smashing the cheaper grades of merchandise.

Market Briefs

WALL STREET
NEW YORK, Jan. 25—(AP)—Buyers for U. S. Steel Corp. bought stock on the exchange today and the price jumped 4 points to 46. The closing price was high for the day.
Selling was most pronounced in the country deliveries and the result was that July corn went to a premium over May. All other contracts, as well as December wheat, sank to new lows since trading in these contracts started.
Wheat closed 1 to 1 1/2 lower, May \$2.10 1/4, corn was 1/4 lower to 1 1/2 higher, May \$1.41 1/2, oats were 1 to 1 1/2 lower, May 70 1/4, rye was 1/2 to 3/4 lower, May \$1.63, soybeans 1/4-1/2 lower, March \$2.44 1/2, and hard wheat 1/2 to 3/4 lower, March \$1.57-1.54.

LOOK FOR THE 'LITTLE MANN'

Horse and Mule Days Are Over; At Least in Some Sections of Texas

COLLEGE STATION — (AP)—The horse and mule, as far as farming is concerned, has disappeared in 40 of Texas' 254 counties.
These figures were released by H.P. Smith, agricultural engineer of the Texas Agricultural Experiment Station.
With the exception of some hand hoeing and hand harvesting of cotton, crop production in these 40 counties is mechanized completely. Thirty counties, Smith said after a survey, use less than 25 horses or mules, and in another 35 counties, less than a 100 horses or mules are used.
Tractor power is used almost exclusively in the production of all crops in a block of 77 north-west Texas counties.
Smith's survey showed that west area poultry representative of the Production and Marketing Administration, said.
He said the new program will not go into operation until next month. The 1953 program recently was extended to support January prices at the 35 cent

Egg Support Price To Continue in Feb.

DALLAS — (AP)—A support price for eggs at an average of 35 cents a dozen will continue during February, the U.S. Department of Agriculture announced.
The department will support the price of eggs at 90 percent of parity as required by legislation, C. M. Evans, South-East Texas farmers still use a great deal of animal power. He attributed to the fact that the farms there frequently are smaller than those in West Texas. Some East Texas counties use as many as 6,000 head of mules or horses, Smith reported.

Giraffes can gallop at a speed of 30 miles per hour, according to the Encyclopedia Britannica.
Mimoso pudica, a plant of the tropics, wilts on being touched.
Evans said the same price would prevail in February.

INDIAN EXILES
After being exiled from Mexico, the Yaqui Indians took refuge in Arizona. They now stage their own Passion Play each Easter in their adobe villages of Pascua and Guadalupe, Ariz.

DEADLY WEAPON
"Long Tom," a gun taken by the Atlantic coast game wardens from a gang engaged in killing ducks for market, used one and one quarter pounds of shot, and was fired by two pounds of powder.

Equipment Given To Girl Scouts

Burl Lewter, owner of Mack's Shoe Shop, has contributed and installed an electric clock and pencil sharpener at the Girl Scout House, Mrs. K. E. Thornton, executive of the Pampa Girl Scout Association, said today.

Mrs. Lewter has been leader of Troop 19 since 1946.

Twelve Scouters attended their weekly ceramics meeting at the Scout House this morning, Mrs. Thornton continued.

The women had their seventh meeting today and are at present working on boxes, plates, ash trays, cups and saucers and novelties.

Tomorrow a Scouters roundtable will be held at 9:30 a. m. at the Scout office in the City Hall. Mrs. Frank Hogsett, Training Committee chairman, will lead a discussion on troop problems. Also, the leaders will further plans on the Scout party, which is to be held March 12, the 37th birthday of Scouting.

A leaders' training course will be presented within the next 10 days, Mrs. Thornton said. All new leaders have been urged to take the course.

Ferns with leaves 12 feet long grow in the Belgian Congo, according to the Encyclopedia Britannica.

McPherson Rites Are Held Today

SHAMROCK — (Special) — Funeral services for Sam B. McPherson, 84, prominent Wheeler County pioneer, were held in the First Baptist Church at Shamrock at 2 p. m. today.

The Rev. Edw. C. Derr, pastor, officiated at the services and burial was in Shamrock Cemetery under the direction of the Womack Funeral Home.

McPherson died suddenly at the home of his son, Lacy McPherson, at Alamogordo, N. M., Monday evening.

McPherson came to Wheeler County about 1908 from Carthage, where he owned and operated cotton gins and saw mills. He engaged in farming here for many years, and worked for the government during the war before retiring. He was a member of the Baptist Church.

He is survived by two sons, Lacy and Conrad of Amarillo; three daughters, Mrs. Emmagene Vaught of Richland, Wash., Mrs. Bert Edwards of Monida, Mont., and Mrs. Hilliard Scott of Dodson; by one sister, Mrs. Marde Crawford of Marshall. Cyril Youngblood of Denton, a grandson, was reared in his home. He is also survived by several grandchildren, nieces, and nephews.

Fowler Services Held at McLean

McLEAN — (Special) — Funeral services were held at the McLean First Baptist Church at 10 a. m. today for Mrs. Buelah Benton Fowler, who died at her home Monday following an extended illness.

The Rev. Clayton Day officiated assisted by the Rev. R. F. Jones. Interment was made this afternoon at the Childress Cemetery.

Mrs. Fowler, 82 years old at the time of her death, moved to McLean in 1926 with her husband, the late J. A. Fowler. She has been a member of the First Baptist Church for a number of years.

She is survived by a foster daughter, Mrs. Vela Corcoran, McLean; two step-sons, Wib Fowler, McLean, and Andie Fowler, Duncan, Okla.; two step-daughters, Miss Nola Fowler, Duncan, Okla., and Mrs. Sue Patterson, McLean, and several nephews and nieces.

Pallbearers included Thomas Skipper, Melvin Skipper, Jim Wheeler, Tom Cobb, George Cobb and Wheeler Cobb.

There are more than 250 different applications of storage battery power today.

Waterspouts are tornadoes over water.

Caravan Is Due Home Tomorrow

NEEDLES, Calif. — (Special) — The U. S. Highway 60 caravan that left Pampa last Wednesday for a Western tour over the cross-country road, stayed Tuesday night at this California-Arizona border town on its return trip.

Needles received its first snow in 17 years last week.

Enroute home from Riverside, Calif., the caravan Tuesday used chains for the first time when it encountered snow in the San Bernardino Mountains.

The caravan was scheduled to be in Flagstaff, Ariz., last night; at Albuquerque tonight; and home on Friday.

HANDICAPS
Three forces begin slowing a rolling ball down before it reaches the infield in a baseball game: ground friction, air resistance, and gravity.

Mrs. Lila Askew Succumbs Here

Mrs. Lila Askew, 54, of 435 Elm, died at 7:30 a. m. today in a local hospital after a short illness.

Mrs. Askew, who was born Oct. 14, 1894, in Sulphur Springs, Tex., had been living in Pampa the past 18 years.

She is survived by her husband, Henry; by two sons, O.T. Bonner of Pampa, and Reuben Bonner of Borger; and by two brothers, Johnny Roland of Pampa, and Joe Roland of Chickasha, Okla.

Funeral services, to be conducted by the Duenkel-Carmichael Funeral Home, are pending.

CADETS IN BLUE
WASHINGTON — (AP) — The Air Force's cadets will wear blue uniforms after next April 4, replacing the standard khaki used since early in the war.

The boll weevil causes an average loss of more than one-tenth of the entire cotton crop each year.

Bull in a China Shop--But Really!

This is a scientific experiment. Jack Rankin, of Hamilton, Ontario, Canada, wanted to know exactly what would happen if a bull got in a china shop. So he rode Ferdinand through his own china shop and found out. Rankin concluded bulls in china shops do less damage than one would think; they seem to prefer smashing the cheaper grades of merchandise.

Market Briefs

WALL STREET

NEW YORK, Jan. 26—(AP)—Buyer orders for U. S. Steel Corp. common stock flooded the exchange today, and the price jumped 4 points to 49 1/2. The closing price was high for the day. Demand resulted from a special dividend, a proposed stock split-up, and a highest earnings in 1948 since the steel opened at 75% for a gain of 40 points, after a 35-minute delay together slipped back a little for a while, and then in late trading responded to new demand with an advance of more than 4 points. The balance of the market tried to ahead but soon fell back. There was a little pick-up in buying power at the close. Volume expanded to more than 1.5 billion shares.

Horse and Mule Days Are Over; At Least in Some Sections of Texas

COLLEGE STATION—(AP)—The horse and mule, as far as farming is concerned, has disappeared in 40 of Texas' 254 counties.

These figures were released by H. P. Smith, agricultural engineer of the Texas agricultural experiment station.

With the exception of some hand hoeing and hand harvesting of cotton, crop production in these 40 counties is mechanized completely. Thirty counties, Smith said after a survey, use less than 25 horses or mules, and in another 35 counties, less than a 100 horses or mules are used.

Tractor power is used almost exclusively in the production of all crops in a block of 77 north-west Texas counties.

Smith's survey showed that

Egg Support Price To Continue in Feb.

DALLAS—(AP)—A support price for eggs at an average of 35 cents a dozen will continue during February, the U. S. Department of Agriculture announced.

The department will support the price of eggs this year at 20 percent of parity as required by legislation, C. M. Evans, South-East Texas farmers still use a great deal of animal power. He attributed to the fact that the farms there frequently are smaller than those in West Texas. Some East Texas counties use as many as 6,000 head of mules or horses, Smith reported.

west area poultry representative of the Production and Marketing Administration, said.

He said the new program will not go into operation until next month. The 1948 program recently was extended to support January prices at the 35 cent

Jeter-Hefley Vows Exchanged

SHAMROCK — (Special) — Announcement has been made of the marriage of Miss Maurine Jeter, daughter of Mr. and Mrs. J. M. Jeter of Twitty, and J. R. Hefley, Jr., son of Mr. and Mrs. John Hefley of Shamrock.

Vows were exchanged recently at the Church of Christ with the pastor, Minister Murray Wilson, officiating.

Miss Peggy Ann Hefley, sister of the bridegroom, was maid of honor. She wore a street-length dress of light blue crepe with black accessories and her corsage was of gardenias.

The bride was attired in a tailored suit of light blue wool gabardine which was accented with brown accessories. She wore a corsage of gardenias.

Doise Jeter, brother of the bride, served the bridegroom as best man.

Both Mr. and Mrs. Hefley attended Shamrock High School.

Following the ceremony, they went on a short wedding trip. They are making their home in the Twitty community where he has farming interests.

Louise Stuart, G. H. Kyle Marry at Methodist Church

In a quiet ceremony at the First Methodist Church parsonage, Miss Louise Stuart and Gray H. Kyle, Gray County sheriff, were married in a single-ring service.

The bride is a daughter of Mrs. A. O. Stuart, 930 Christine.

The Rev. H. Clyde Smith performed the ceremony at 2:30 p. m. yesterday.

Only members of the immediate families attended and following the ceremony, the couple left for a two-week wedding trip to points of interest in Texas. On their return, they will make their home in the 200 block N. Russell.

Mrs. Collis Talks To Bell HD Club

"Entertaining and educational toys may be made easily from materials in 'the home,'" Mrs. David Collis said in her talk Wednesday afternoon to the Bell Home Demonstration Club.

Mrs. Collis showed how to make a toy drum from an oatmeal box, how to make dolls and puzzles and how to make a cardboard cut-out show for small children.

She said toys and games should be provided for the entertainment of children so that mothers will feel free to take them to club meetings.

Mothers of small children especially need some outside interest so they can get away from the problems of home occasionally, she said.

Bills to come under the consideration of Congress were discussed by the group. A nursery hostess is also to be provided for each meeting, it was decided.

Others present were Mrs. Florian Haiduk, guest, and Mmes. Lloyd Collins, Grace Morris, Henry Urbanczyk and D. W. Swain.

Next meeting will be held Feb. 2 in the home of Mrs. Tom Anderson.

The Social Calendar

Fidelis Class Plans Dinner

The Fidelis Class of the First Baptist Church met for the semi-monthly business meeting Friday afternoon at the church.

Mrs. Tom Topp, president, had charge of the business session and called for reports of officers. More definite plans were made for the covered-dish Valentine dinner honoring husbands. It is to be held at 7 p. m., Feb. 4. All members and members in service are urged to attend.

Plans were also made for a special Bible study on second and fourth Tuesdays of the month. Meeting place will be decided at regular business meetings.

Mrs. Everett Butler presented a devotional using "A Happy Home" as her subject.

Members attending were: Mmes. Fred Thompson, D. Allen Brown, Mark Fable, Roy E. Lewis, E. R. Haskin, Owen Johnson and those mentioned.

Skelly Kingsmill Club Quilts

The Skelly Kingsmill Club met Friday afternoon in the home of Mrs. G. L. Craddock, northwest of town.

The hostess provided a small comfort and quilt for members to work on during the afternoon. Mrs. Leo Adair presided during the business meeting and Mrs. John Lane received the white elephant prize.

Mrs. Cecel Middleton was a guest. Others attending were Mmes. Ed Zmotony, Henry Mayo, Tom Price, S. O. Dunham, Denver L. Allen and G. I. Harkrader.

Next meeting will be held in the home of Mrs. E. G. Candler, Jr., 1113 Frederic.

Mrs. Dunnam Is Hostess to Club

SHAMROCK — (Special) — Mrs. S. M. Dunnam and Mrs. Cecil Reavis were co-hostesses to the mothers of the Methodist Youth Fellowship at the home of Mrs. Dunnam Sunday afternoon.

As the guests assembled, Jane Woolly and Martha Lou Setzler played piano selections, Joan Ann Bell and Martha Lou Setzler sang "Out of The Ivory Places." They were accompanied by Jane Woolly who also accompanied Kathleen Tindall who gave a musical reading, "Compensation," by Lytton Cox.

Katherine Smith closed the program with a reading, "How We Live," from "Leaves of Gold."

Joan Bell poured and Katherine Smith assisted with the serving.

Those attending included: Mmes. Dan Frye, Ben Parks, Clifford Hofman, Claude Montgomery, Curtis Hamill, J. W. Buckingham, Earl Hamill, Eli Smith, J. M. Tindall, J. C. Woolly, Bill Setzler, Harvey Close, R. B. Etter, Dan Briggs and T. H. Sonnenburg.

Films Will Be Shown At Auxiliary Meeting

Moving pictures of the VFW National Home at Eaton Rapids, Mich., will be shown when the VFW Auxiliary meets at 7 p. m. tomorrow at the VFW-Legion Hall. Post members, Girl Scouts and

Be a '49-er. Enter Colgate-Palmolive-Peet's \$100,000.00 '49 GOLD RUSH CONTEST

FIRST PRIZE \$49,000.00 OVER 4900 OTHER BIG CASH PRIZES

1849 was the year thousands crossed a continent to search for gold. Lucky you! There's a gold mine waiting for you—and you don't have to leave your easy chair to get in on the Gold Rush of 1949

SECOND PRIZE \$4,900.00 49 THIRDS \$490.00 EA. 4900 FOURTHS \$5.00 EA.

Here's all you do to enter Colgate's GOLD RUSH CONTEST!

- Complete in 25 additional words or less the following statement: "I like (fill in the name of one Colgate product) because..." Write your statement about Colgate's Super Suds, Vel, Fab, Palmolive Soap, Cashmere Bouquet Soap, or Ajax Cleanser. Use ordinary paper or entry blanks available at your dealer. Print your name and address, and name and address of the store where you buy these products.
- Send in as many entries as you wish to Gold Rush Contest, P. O. Box 96, New York 5, N. Y. With each entry, enclose one wrapper or box top from the Colgate product named above about which you write. Use adequate postage.
- Prizes, as listed elsewhere in this advertisement, will be awarded by The Rubens H. Donnelley Corporation on the basis of sincerity, originality and aptness. Judges' decisions are final. Duplicate prizes in case of ties. Entries must be the original work of contestants, submitted in their own names. All members of a family may compete, but only one prize will be awarded to a family. All entries become the property of Colgate-Palmolive-Peet Company. Contest is subject to Federal, State and local regulations.
- All entries must be post-marked not later than April 9, 1949 and received not later than April 20, 1949. Everyone in Continental United States may enter the contest except employees of Colgate-Palmolive-Peet Company, their subsidiary and associated companies, their advertising agencies and members of their immediate families.
- Winners will be notified by mail. Complete lists of major winners will be sent on request if accompanied by stamped, addressed envelope.

GET ENTRY BLANKS AT YOUR DEALER'S

How you can WIN A FORTUNE in this BIG GOLD RUSH CONTEST

For first prize... \$49,000! Over 4900 other chances to win big cash prizes! It's so easy to enter! All you do is write 25 words or less telling why you like any one of the six Colgate products listed below! Then enclose a box top or wrapper from the product you write about. Enter now—enter often! Each letter with box top or wrapper counts as a separate entry. These facts will help you—

- SUPER SUDS**, amazing new Super Suds with Fryax, is actually better than sunshine to get wash dazzling white, radiantly bright... makes all your clothes look newer!
- VEL** cuts dishwashing time in half! Dishes, glassware gleam without wiping! VEL cleans dishes faster, cleaner. Your hands will love Vel's mildness!
- FAB** washes everything faster, cleaner, whiter, brighter—and makes fabulously rich suds even in hardest water! Even extra-dirty clothes get cleaner faster with FAB!
- CASHMERE BOUQUET SOAP**—Only one soap gives your skin this exciting bouquet—this lingering, romantic fragrance men love! For your daily bath and complexion care, too!
- AJAX CLEANSER**—The cleanser with wonderful "foaming action." Foam as it cleans... polishes with half the effort! Cuts grease faster than any other leading cleanser!
- PALMOLIVE SOAP**—Doctors prove Palmolive Soap's beauty results. Regardless of age, skin type or previous beauty care, Doctors prove you may win a lovelier, brighter complexion with the Palmolive Plan.

County Soil Conservation District Will Plant Grass

The Gray County Soil Conservation District has had a number of inquiries during the past year concerning the seeding of grass on land that is low in fertility, abandoned land or land that has had considerable erosion on it in past years.

At present, the district is planning to start seeding grass around Feb. 15 if the weather permits, with the specially built grass drill that was purchased last March by the District Board of Supervisors.

The rental fee will be the same as last year, fifty cents per acre or a minimum of \$5 if less than 10 acres are seeded. The drill, equipped to handle any kind of grass seed commonly used, in this general area, will be available for use by farmers or ranchers who have cooperative agreements with the district during the spring planting season.

There has been no schedule arranged for the drill to be in any part of the district as it is expected most of the re-seeding work will be done in McLean and Alameda communities; however, anyone wishing to use the drill may arrange for its use by contacting the Soil Conservation office.

In seeding grasses the best results have been obtained by seeding in a sorghum stubble where left on the land to protect the land from blowing, and to furnish some protection for the young grass until it can get started. The sorghum stubble should not be plowed prior to seeding as the grass seed soon to sprout and grow off better when planted in a firm seed bed.

Occasionally grass is seeded in weed cover; however, results are never as good because the abnormal number of weeds have a tendency to set the grass back to a certain extent, and grasshopper damage is usually more severe. There are a number of weeds in which it is never advisable to seed grass while with either weeds, especially if the stand is not too heavy, fair results can be expected.

Regardless of whether grass is seeded in sorghum stubble or weed cover, it is always advisable to mow the weeds that appear, especially if the infestation is heavy or even moderately heavy.

The most common grasses recommended for re-seeding work in the Gray County district will be weeping lovegrass, sand lovegrass, Indian grass, switch grass, the bluestem grasses and side-oak grama on the sandy soils. Grasses for the heavier soils should include buffalo, blue grama and side-oak grama. These grasses are all good quality, native, summer-growing grasses with the exception of weeping lovegrass, which is an introduced grass from South Africa.

During the past year there have been approximately 600 acres of grass planted in the Gray County district with relatively good results. Some plantings of last spring received heavy grasshopper damage. Farmers who were fortunate in getting the grass started before the grasshopper season, or where the grasshopper infestation was light, received good stands.

At the present time the moisture condition in Gray County is favorable and a good season for seeding grass is anticipated.

USDA Reports on Texas Vegetable Area Conditions

AUSTIN — (AP) — Conditions were generally satisfactory in Texas irrigated commercial vegetable areas the first half of January but non-irrigated areas suffered.

The U.S. Department of agriculture reported that non-irrigated areas, particularly in the Coastal Bend section, deteriorated a point where some acreage was abandoned. Lack of rain for the past several weeks resulted in a serious shortage of surface moisture.

Excellent harvesting prevailed during most of the second week and shipments were heavy. Drenching of the second week damp misty weather and scattered showers caused practically all field work to be stopped.

Despite the interruption of harvest, shipments were above the level of the previous two weeks and the highest of any two weeks harvesting period this season. Carrots, lettuce and mixed vegetable loadings showed the most increase.

Fairly good progress was made in spring plantings. No severe temperatures were reported during the past two weeks in any of the vegetable areas, but a good general rain is needed.

Hybrid Corns in Texas Are Proved

COLLEGE STATION — (AP) — Hybrid corns in Texas last year proved their ability to produce more despite drought than open pollinated varieties, E. A. Miller, extension agronomist of Texas A&M College, reported.

Miller said that the new yellow Texas hybrid no. 24 averaged 32.3 percent more than the highest yielding open pollinated variety. Hybrids 20, 18 and 8 made increases of 27, 28 and 23 percent respectively.

Clarendon Man to Have Entries at N. M. Sale

E. S. Ballew, Clarendon, will enter four Hampshires in the Southwestern Swine Breeders Association sale Feb. 7, at Clovis, N. M.

Consigned by Ballew are three bred gilts, Miss Hi Glory, granddaughter of Steam Roller; Paymaster Mable, daughter of the reserve age sow at the 1948 Texas state fair; and Miss Silver 7th, half sister to the grand champion over all breeds in the fat barrow show at the 1948 Texas fair. His fourth entry is the boar, Golden Steamer.

Seventy-four head have been consigned to the sale already by 17 breeders, according to Floyd Worrell, association secretary. Representing the six leading breeds, swine will be judged for place in sale at 9:30 a. m.

The sale itself is slated to start at 1:30 p. m. on Clovis fair grounds. Everett P. Brown, herdsman for New Mexico State College, department of agriculture, will judge.

Breeds in the show include Hampshires, with five bred gilts and five boars; Durocs, 12 boars, seven open gilts and 22 bred gilts; two Chester whites, one broad gilt and one boar; Poland Chinas, one bred gilt and two boars; Herefords, eight bred gilts; spotted Poland Chinas, 11 bred gilts, one boar.

Catalogs for the sale may be obtained at Clovis Chamber of Commerce or by writing Secretary Worrell, Route 2, Clovis.

at times, they should be planted in separate fields to provide rotation in grazing. The legumes may be turned under in the spring as green manure or they may be left to produce seed. Both can be harvested with a combine.

Production Quota For Cotton Is Opposed by USDA

WASHINGTON — (AP) — The Agriculture Department recommended against consideration of 1949 plantings in fixing production quotas for cotton.

Ralph Trigg, production and marketing administrator outlined the department's position to a House agriculture subcommittee.

Trigg did not suggest what years should be considered. The committee is studying which years should be used as a base for acreage allotments, and when cotton production controls are reestablished.

Production controls lifted during the war are expected to be reinstated on the 1950 crop because of steady increasing supplies.

Farmers of the deep South have urged that this year's plantings not be considered in the base period for future acreage allotments.

They argue that to do so would encourage overplanting in Western states, especially in West Texas and California.

In answer to a question by Rep. Poage (D-Tex.), Trigg said the department expects to announce soon whether it will place a price support program under grain sorghums produced this year.

This is related to the cotton production problem because many farmers who otherwise would plant cotton would devote large acreages to the grain if the government guarantees them a 90 percent of parity return.

Parity is a price the agriculture department calculates is equally fair to farmers and consumers.

Rabies, 'Growing Menace' in Texas

AUSTIN — (AP) — Rabies is a "growing menace" to Texas people, pets and livestock, the State Health Department has warned.

There has been an average of three human deaths a year from rabies in the last five years, the department said. More than 4,000 animals were tested during the past year, and 1,100 of these showed positive evidence of the disease.

An average of 3,000 persons a year have taken emergency treatment for prevention of rabies after being bitten by mad animals and it is difficult to estimate the number of lives thus saved, the department said.

The Health Department suggests as controls annual registration, vaccination and re-vaccination of dogs; recognition of every possible rabid animal and humane impoundment or sacrifice of its unvaccinated contacts; enforcement of responsibility of ownership of dogs running at large through humane impoundment, vaccination and release to owners, or early sacrifice of unclaimed dogs.

Jim Foley, fullback and quarterback on the Syracuse football team, is a brother of John Foley, who called the plays for the Orange last fall.

Legumes Are Planted in Roberts Co.

Winter legumes are being tried by several farmers around this area, it was announced from the Roberts County Soil Conservation District.

S. L. Moore, Clark Mathers, T. S. Barclay, Jack McLaren and Henry Hoffer planted winter peas in the fall. They are using both the Austrian winter and Dixie wonder peas.

Wayne Maddox and Earl Smyth have planted hairy vetch to help build up the soil on their farms.

Farmers interested in legumes may contact local growers. Winter peas and vetch should be planted during the first part of September. The peas may be planted alone while the vetch should be entwined with a course of straw, wheat or rye.

The legumes should be inoculated to take nitrogen from the air and deposit it in the soil. Some danger of bloating cattle has resulted, however. They should not graze winter peas when wet with dew or frost.

Since peas may cause bloating
