15-Minute Checkup for All Diseases Seen Replacing Many Separate Tests

NEW YORK — (P) — A shot-gun hunt to find and halt diseases you, don't even know you have looks like the next big health step. The shotgun hunt will be a quick series of tests at one time to check for tuberculosis, diabetes, anemia, some kinds of cancer and heart diseases. To sublic the state of the chronic dis-and treatment of the people found to have some trouble. The tests could probably spot 20 to 25 poo-ple with unsuspected, significant diseases out of each 1,000 ex-amined, he said.

mpa Ja

heart diseases, syphilis, and other diseases. It will take perhaps 15 to 30 minutes. diseases out of each 1,000 ex-amined, he said. The first trial with multiple tests was made in San Long Other take much longer than a single visit to a clinic that tests for

to 30 minutes. At present such hunts are done separately, like firing single bul-lets. There are cancer detection only one disease. 3. There would be savings in money for health departments and voluntary tuberculosis, cancer, diabetes or other groups interested

rs, mass chest X-ray surveys for each worker. for TB, surveys to find diabetes Thirteen were found to Thirteen were found to have in preventing specific diseases, unsuspected tuberculosis, diabetes. There would be less duplication and, syphilis. These hunts find thousands of or diseases of the heart, blood ves- of trained personnel, facilities, test

who have the disease be- sels, or kidneys. Another 16 were equipment, and overhead expenses. ing checked for. People are sent found to have diseases that had to their physicians for early treat-ment that can save life. But each had stopped getting treatments. And your family doctor would get a profile of your health status, as shown by the tests. It is much hunt can overlook other serious, The combined tests have many less expense to have mass X-rays advantages, Dr. Breslow said: or other tests the screening tests can be them individually. cted diseases.

Tying the tests together was

SMU-Texas Top Tilt in Southwest This Weekend; Walker Doubtful Participant

ALL-AMERICA BOYS ... No. 1 King of the Campus as Frosh, SMU's Walker Comes Closest To Being All-American Boy

雷道

Pal

Doak Walker

First of a series on kings of the campus.

By JIM O'LEARY **NEA Staff** Correspondent King of the Campus as a Fresh Doak Walker of Southern man, Methodist has been — and is — the closest thing to the All-America Boy since Jack Armstrong. His football feats have been of

the story-book variety. What tailback Walker, the gift-

ed and versatile 60-minute man means to Southern Methodist was further accentuated by the yards of crepe hung when he was taken home suffering from a severe attack of influenza three days before the Kentucky game.

Walker, handsome, 22-year-old Army veteran, is strictly a homegrown. Residing with his parents and a sister only a few blocks from the SMU campus, Walker chose this year to live with his teammates in the Lettermen's Memorial Dormitory on the school grounds.

His father, personnel director of the Dallas public schools, taught his boy to play football as a child.

While he is full of fun, and a practical joker, Walker takes his athletics seriously, and is a B student majoring in physical education along with his pretty girl friend, Norma Peterson. Walker is also lettering in bas-

ketball and baseball, so has more than just a football background for his intended coaching career. He won additional high school runs, kicks, quick-kicks, passes, monograms in track and swim. receives passes, returns punts as the safety man, kicks extra points ming.

He is undecided about a whirl and field goals. He backs up the in professional football. line, blocks, tackles, is exceptional

ou'd never know how good in bringing down men in the

flerce competitor has done just in turning defeat into victory about everything a young man with time running out. Can do with a football, reaping All-Southwest Conference honors footstep. Jumping to a twofor three years, All-America touchdown lead over Rice in his

wice, and as the recipient of the last start, Walker threw a 15-yard yard and on homecoming day. Waxwell Award in 1947 and the Heisman Trophy last year, he was the outstanding college play-er in the land. A double-platoon man, Walker wheelchair of a paraplegic,

AUSTIN — (A) — A notebook containing revealing memoranda KANSAS CITY, Mo. - VP. -

KANSAS CITY, Mo. $-\sqrt{4P}$ — U. S. Education Commissioner Earl James McGrath proposed \$300,000,000 · a - year scholarship program for more than 400,000 non-veteran college students. McGrath also suggested a sys-tem of federally guaranteed loans to college and university students similar to those now available to World War II veterans. He outlined the proposals, pre-pared by the Office of Education as the possible basis of federal legislation, in an address prepared for delivery before the Associa-tion of Land Grant Golleges and Universities.

Among the several names men-tioned because of rank as Tru-man's successor are Speaker Sam Rayburn of Texas, who, though popular and powerful, has an age handicap, and House Majority Leader John W. McCormack of Massachusetts. John's handicap is that he talks so long on every subject that as a candidate even the prosperous Democratic Nation-al Committee's money chest would not be big enough to buy radio time.

The Noble Hotdog

By GORDON MARTIN

You can loudly sing the praises of a luscious roast of pork, or attack a juicy sirloin steak with eager knife and fork. Or you may prefer to stuff yourself with tender leg o' lamb, or perhaps your choice would be a spicy old Virginny ham. But there's one outstanding morsel that is mighty hard to beat, for the hotdog is more versatile than anything we eat. It's a product which can fill the bill whenever

there's a need to supply a tasty menu for most any set to kind of feed. If there's backyard cooking to be done, it's simple for the host to assemble guests around the fire and watch those doggies roast. Or if kids are going hiking and they want to cook their lunch, then some sizzling dogs are just the thing for hungry boys to munch.

And a hotdog at a baseball game is sure to touch the spot, or it's good in football's chilly clime with coffee piping hot. When a wife's away a-visiting, no man can overlook the apparent fact a dog is something even he can cook. So you've got to view the hotdog with a thankful attitude, for it always cuts the mustard when you're in the need of food.

you've been reading about." Not that all of the recent headlines haven't been about "Stromboli," Oh, no.

Great story behind a new hallad Dinah Shore will introduce titled 'Dear Hearts and Gentle People. The song was written by Dinah's arranger, Ticker Freeman. The title was written 85 years ago by a dying man-Stephen Foster. When Foster was found dead in a New York charity ward with only 38 cents in his pocket, he had just started to write another song.

But the effort was too great. There was a ruled sheet of music paper beside him on which he had written just the title:

"Dear Hearts and Gentle People.'

- Hawaiian Plant Holds Out **Hope for Arthritis Victims**

HONOLULU -(NEA)- A new ally in the battle against arthritis and rheumatic fever is thriving in the gardens of an experimental station in Hawaii.

Disclosure that the newly rec-ognized wonder plant, stropanthus, is being grown successfully here is the latest in a chain of events that have made this year one of the most hopeful in history for arthritis sufferers.

ARMOUR TECHNICIAN Joseph Fisher holds 25 milligrams of ACTH in his right hand; in his left, a cluster of 200 pitultary glands from hogs, source of another hope for arthritis victims.

Planters' Association experimental station, quietly got in touch with cortisone researchers and told them- how stropanthus has been growing in Hawaii for 17

HAWAIIAN SCIENTIST H. L. years. Lyon works in his experimental garden with strongathus the

Thus far, it is not known how garden with stropanthus, the plant which thus far holds the cause of its sudden new impor-• greatest hope for the mass of tance as a source of a miracle drug, Dr. Lyon is conducting new drug, Dr. Lyon is conducting new experiments, as well as attempt-

The plant is a potential source sof the synthesized miracle drug, cortisone, which the famed Mayo Clinic in Rochester, Minn., re-vealed several weeks ago. Tests with cortisone have brought im-mediate and dramatic results for arthritis victims, although in most cases repeat injections are required as with insulin. At Mayo Clinic, cortisone com-pound is produced by a long and costly process requiring 37 chem-terial obtained from ox bile. To meet the needs of one patient for and dy requires the bile from 40 bed of cetting and the the total total back of cetting and to the total total back of cetting and to the total total back of cetting and total total total back of cetting and to the total total total total total back of cetting and to the total total total total total back of cetting and to the total ne day requires the bile from 40 big four of the meat packing in-

one day requires the bile from to head of cattle. And in the U. S. along, more than 7,000,000 per-some form of arthritis and rheu-matic fever. When it was found that the seeds of stropanthus, an old-world tropical plant, might yield syn-thetic cortisone at less cost and with fewer chemical steps, the seeds and cuttings for transplant. The Federal Security Agency has sent scientists there to bring back meritus of the Hawaiian Sugar

hog pituitaries to Armour, the present yield is limited to 60 pounds a year.

The INSURANCE Mes Wm. T. Fraser & Co. For the mass of arthritis and omobile, Compensation, Fire

rheumatic fever victims, stropanthus seems to hold the greatest and Liability Insurance hope us W. Kingsmill Phone 1044

As in the other two sources of miracle drugs for arthritis, tre-

mendous cuantities are needed. One ton of plant seed would yield the same amount of cortisone as 12,500 tons of beef — or enough to treat one patient for a year. Plantings of 10 to 20 million acres might be required to meet

acres might be required to ment the demands for the compound Hawaii's Dr. Lyon thinks the is help tuilifil the hopes of a rich new island industry as well. Double 'Day' to

sufferers, but develop a rich new island industry as well. Double 'Day' to Be Celebrated AUSTIN - (P) - "Dad's Day" and "Band Day" will bring hundreds of parents of university of Texas School bands to the to the people The two groups will witness the Texas-Baytor football game that afternoon. DE%.

Associating with Law-Breakers.

First National Bank MEMBER F.D.I.C.

Being Incorrigible.

Violating the Law.

- Using Profane Language. Immoral Practices.
- Being Truant from Home. Staying Out at Night.
- A delinquent is a child first; a delinquent second. A child who has not had a chance to grow up normally.

His or her problems are the same as children who may be withdrawn, psychotic, or who develop physical complaints.

The juvenile delinquent merely uses another avenue of expressing his or her feelings, and attempting to work out their problems on their "own."

As Good Parents Llou Should:

1--Give the love and companionship so necessary to your child's welfare;

2-Attend church with your children:

- 3--Support personally the many fine organizations that provide recreation for boys and girls;
- 4 -- Devote some of your time to personal service in the activities that minister to the young:
- 5-Help spread good cheer and human understanding to families not as fortunate as your own.

Wise parents know that duty to their children is more than food, clothing and shelter.

They know that the home life needs to be more attractive to childhood; that wholesome recreation for their own boys and girls and their neighbor's children is the best way to prevent trouble and sorrow when the critical years are upon them.

Of Early Days Judge B. S. Via reminisced early-day experiences at Lions Club yesterday, after which Judge Sherman White inducted e ight new members into the club. Judge Via relived his experi-ences when he was with Buffalo Bill in Europe, with Grimes' Bat-tery in Cuba and former years in the Panhandle. New members formally inducted by Judge White were Jack Back, Robert O. Buzbee, Fred McClure, Robert F. Henderson, H. J. Suttle, R. M. Hampton, Denny Sullivan and W. D. Lowman. White explained the functions of the club and reported there now are 130 members in the local

football squad. They were guests of the club at the luncheon meet-

460,000 Women Widowed Per Year NEW YORK - About 460,000 American women are widowed each year, with one-fourth of them not yet 40 years old, accord-ing to estimates by the statisticians of Metropolitan Life. They also cite a Census Bureau finding that the total number of widows in the Unted States has passed the 6 1-2 million mark. Somewhat more than half of them have been widowed at least ten years, and of these one in six is still under age 55. Other related facts include

these: One in 10 of all widows have the responsibility of caring for de 1 1-4 million such children. Al-most half of the widows with preschool children are in the labor force, and there are in all about 2,000,000 widows at work. "More widows than widowers

are created each year," the statisticians observe, "because the rate of mortality among men is higher than among women, and because the husband is usually several

years older than his wife." The statisticians foresee that the number of women who enter widowhood each year will in-crease with the progressive aging of the country's population, and most of them can look forward to 10 or more years of widowhoo
