

Father and Physicians Make Every Attempt to Save Child Who Died Twice

FORT WORTH —(AP)— A 12-month-old baby died twice Monday in a local hospital as physicians worked frantically to save his life.

The little heart of Teddy Nall, son of Mr. and Mrs. Tom Nall of Hamlin, stopped beating at 8:20 a. m. as three physicians endeavored to remove a bean from his lung.

Swiftly one of the physicians clamped up a scalpel and with a sure stroke made an incision. Gently he massaged the heart.

Ten harrowing minutes elapsed. Then the heart picked up the life-giving beat without aid.

The physician returned to the task of removing the foreign object—impaling the child's life.

The physician managed to get all of the bean out of the collapsed lung, but only a portion could be drawn through the windpipe.

Three hours had elapsed. The heart faltered several times, but on each occasion it had resumed work.

At noon it stopped again. But this time massage failed.

The father and mother drove the baby at 8:30 p. m.

Friday to a Hamlin hospital, 10 miles from their home. There, attendants recommended the baby be taken to Abilene.

On the way, the child stopped breathing three times. The father gave artificial respiration, revived him each time.

At Abilene, attendants recommended Fort Worth specialists, and by ambulance the baby was brought here. The father continued to give artificial respiration from Abilene, to Fort Worth.

Physicians first operated at 12:30 a. m. Sunday, but were unsuccessful.

Military Chiefs in Important Session After Policy Row

Meeting Is Delayed for Vandenberg

WASHINGTON —(AP)— Hasty-up calls went out to Puerto Rico today to get the Air Force's Gen. Hoyt Vandenberg back to Washington for the first regular meeting of the joint chiefs of staff since their public row over unification.

The meeting was put off from 9 a. m. to 2 p. m. in the hope that Vandenberg could fly here in time.

Vandenberg had gone to Puerto Rico for a conference with Air Force Secretary Symington who was there.

The military heads of the other services — Gen. J. Lawton Collins of the Army and Adm. Louis Denfeld of the Navy — were in the capital.

Gen. Omar Bradley, chairman of the joint chiefs, and other defense officials were reported anxious to have all the top men present.

They were principals in the sensation-packed House investigation of military policy.

Denfeld was one of a parade

CRAZED MAN WOUNDS TEN, KILLS HIMSELF

WATERFORD, Mich. —(AP)— A crazed, middle-aged farmer shot up two taverns last night, then killed himself after wounding ten persons.

On a mad spree with a shotgun Joe Runyon, 57, terrorized this sleepy little resort village in a begrudging farewell to the world.

Two of his victims, both women, were critically wounded.

Tramping back and forth across a street, Runyon fired seven or eight charges from a 12-gauge shotgun through windows of the two taverns, witnesses said.

At the end of a violent 10 or 12 minutes, he walked a short distance up the street and fired a final charge through his own chest.

This was the last in a series

HELPING HANDS—Two-year-old Tony Henson, of Knoxville, Tenn., tries to lift his injured pet, Snowball, after the dog was hit by a truck while trying to prevent Tony from wandering away from his home. Snowball was only stunned and slightly injured by the blow received in line of duty. (AP Wirephoto)

LAST NIGHT'S FROST NIPS VEGETATION

Although leaves on trees are expected to remain green until a heavier frost comes along, last night's frost will kill tender vegetation.

The County Agent's Office said that a frost at 32 degrees (Pampa's low last night according to the KPND observer station) would "nip all tender vegetation."

Dalhart registered the state's low at 26 degrees early this morning; and Clarendon had 32 degrees, Amarillo 33.

Clear skies took over today throughout West Texas, according to The Associated Press in a weather roundup.

Sections of North, South and West Texas were worried with overflowing streams today. At least three deaths were attributed to storms that brewed over the weekend.

The Trinity River at Dallas had reached 32.34 feet, four feet above flood stage. Rains ranging up to five inches on all of the river's forks sent it overflowing thousands of acres of lowlands.

The U. S. Weather Bureau issued flood warnings along its upper reaches.

Heavy rains in South Texas sent two creeks at San Antonio out of banks. Johnny B. Ford, 27, and his brother, Rittles, 25, drowned when a homemade boat (See FROST, Page 10)

SAW MOTHER KILLED — Judy Mae Nichols, 5, her hair in disarray and clutching a ball in her mitted hand, waits for a juvenile officer to lead her away from the Kansas City apartment hotel where she was found looking in a comic book in an apartment which contained the bodies of her mother, Mrs. Eva Mae Nichols, 24, and Kenneth F. Conklin, 14. The child told police Conklin shot her mother and then shot himself, adding "they both fell down and went to sleep." Police said both had been shot with a .32 caliber revolver found near Conklin's body and that they had been dead for 2 hours when a maid, attracted by Judy's crying, discovered the tragedy. (AP Wirephoto)

BEST WAY TO LICK RUSSIA IS PROBLEM

Editor's Note: This is the first of a series of articles summing up, backgrounding and analyzing the armed services' quarrel on war strategy.

By DOUGLAS B. CORNELL

WASHINGTON —(AP)— A story of bitterness and friction in the armed services has been unfolding in Congress. It amounts to a story of deep disagreement over the best way to lick Russia in case of war.

Lives and billions of dollars and the safety of the nation are at stake.

What started all the fussing? Why are great war heroes, distinguished Americans, calling names and throwing rocks? What are the main issues and arguments?

What comes next?

Nobody has all the answers. But some of them came out in two weeks of hearings by the (See BEST, Page 10)

Damage Suit Ends With Hung Jury

The \$876.75 damage suit of Walter Love vs. Bob McCoy wound up with a hung jury at 9 a. m. today in 31st District Court before Judge Lewis M. Goodrich.

The case went to the jury last night after witnesses for both sides had been heard.

The litigation arose out of Love's collision with a cow alleged to have belonged to the McCoy ranch. The cow was hit by Love's car as he topped a rise on Highway 60 about two miles east of Miami. The cow, Love said on the stand, was hit on its shoulder by the left front end of his car.

The cow swung around by the blow, hit the side of Love's car, smashing in the door. Love filed suit charging negligence on McCoy's part in permitting his cattle to roam the road.

During the day Judge Goodrich heard and granted one divorce case, signed a decree for a divorce heard Friday and approved an agreed judgment in a compensation case.

W. K. Hughes was awarded \$300 in the judgment from the Houston Fire and Casualty Co. for injuries suffered by his index finger when it was caught between a piece of pipe and a truck on Dec. 16, 1948. Hughes was unloading pipe for Groninger and King, pipeline contractors, when he was injured.

The court signed the divorce decree of Dollie Miller from William Robert Miller. They were married in April, 1927, and separated in December, 1948. The mother was granted custody of her two teenage boys.

Milo W. Bird was granted a divorce, on charges of cruelty, from Dorothy Jean Bird. They were married in March, 1949, and separated in June, 1949.

Kennemer Suit Against City Dismissed

The \$5,500 damage suit of C. W. Kennemer against the City of Pampa came to a halt yesterday afternoon when District Judge Lewis M. Goodrich signed an order dismissing the suit on motion of the plaintiff, Kennemer.

However, the suit was dismissed without prejudice, meaning it can be filed again.

Kennemer's attorney, E. T. "Dusty" Miller, Amarillo, withdrew from the case for an undetermined reason.

Efforts to reach the Amarillo attorney yesterday by phone failed, but courthouse officials here said Miller has been reported cutting down his practice temporarily due to illness.

Kennemer had filed suit against the city following the impounding of his car by City Police earlier this year for a parking meter violation. The car, a 1947 Dodge, was towed to the city barn, and is still there.

Besides the dismissal of the Kennemer case, Judge Goodrich signed orders of dismissal on four other civil cases. They were: Ben Ogden et al. vs. Orvil Thornburg, Jr.; The Pampa Production Co. vs. Lester Jones, W. T. Wilks vs. Jess Poole, and Mrs. Mildred L. Saunders vs. John T. Mobly.

MPR Trains Are Rolling Once Again

ST. LOUIS —(AP)— Trains were rolling once again on Missouri Pacific tracks today.

The first train to run in 46 days pulled out of Texarkana shortly before midnight, formally ending the longest strike against a major railroad in this country.

Operations on the road are expected to be normal in two or three days.

The strike of engineers, firemen and conductors tied up the road's 7,200-mile network in 10 states.

Operating crews started back to work yesterday after union and management representatives reached a settlement the previous night.

The strike was called over 282 union claims against the company. Basic hours and wages were not involved.

Of the claims, 219 have been resolved. The remaining 63 will be submitted to arbitration.

In addition to 5,000 striking operating employees, 20,000 other railroad employees were forced off their jobs during the stoppage.

Ching Gives Up; Reports to HST

WASHINGTON —(AP)— The government's top labor troubleshooter, Cyrus S. Ching, planned a direct report to the White House today on the deadlocked coal and steel strikes.

His report of lack of progress toward settling either of the economy-damaging walkouts may prompt a revision of administration strategy in dealing with the crisis.

Until now President Truman has given Ching a free hand in trying to wangle agreements. Neither management nor labor in the twin disputes seems to have yielded in any respect from their positions.

So Mr. Truman faced a decision of now taking a personal hand or asking Ching to try again. The President could put Taft-Hartley Law emergency provisions into motion, with their eventual strike-ending court injunctions. Or he could make a personal appeal to the parties, or summon them to the White House.

Ching suspended his talks with the U. S. Steel Corp. in New York last night and returned here. From all reports, the meetings had gotten nowhere after more than a week. Ching asked U. S. Steel officials to remain in New York, however, for possible further talks later.

One informed government official said little progress in steel or coal negotiations can be expected as long as Mr. Truman's policy is undecided. He said all concerned in the disputes are waiting to hear a yes or no decision on Presidential intervention.

Meantime effects of the two strikes on the rest of the economy was growing steadily worse. The coal strike has been going on since Sept. 19, the steel strike since Oct. 1.

A government order for railroads with 25 days supply of coal or less to cut operation of coal-fueled passenger trains by 25 percent was due to become effective at midnight tonight. The lines alone, the Pennsylvania, the Long Island and the New York Central, said they planned to stop 202 trains.

Steel fabricators were feeling the pinch more and more.

The argument in the steel dispute is over the method of paying for worker pensions. The industry wants the workers to pay some (See CHING, Page 10)

Czech Priests May Take Pay Increase

PRAGUE, Czechoslovakia —(AP)— Czechoslovak Roman Catholic bishops told their priests today they may accept salaries from the Communist government and swear loyalty to it—to stay out of jail.

But the bishops told the priests to make their own decisions in swearing allegiance to the "people's democratic regime" and taking the oath to "support the creative effort aiming at the welfare of the Czech and Slovak people," priests are to read words: "unlike the laws in contradiction to the laws of God and

the church and the rights of man."

In taking salaries from the government, priests are to declare they do so without assuming "any obligations which would violate my conscience as a priest nor the church laws."

The bishop's new stand, declaring that they still "regretted" the recent enactment of the church control law, was expressed in a statement to the nation's 7,000 Catholic priests and made available to Western newspapers. The bishops said they were allowing priests to comply with the law because they would be open to arrest and prosecution if they did not.

Communist Minister of Justice Alexei Cepicka has declared that anyone who opposed the new law would be "broken as an enemy of the state." The new law, which gives the government control of appointments, finances and administration of all churches, was passed by Parliament Oct. 14 and becomes effective Nov. 1.

The bishops' statement to the priests said:

"If you accept you do so only because of the pressure of external circumstances. It is necessary to defend you against possible consequences and save you (See CZECH, Page 10)

Damage Suit Nearing End

HOUSTON —(AP)— The end of testimony in the long Texas City disaster damage suit is in sight.

Increases Go to South

WASHINGTON —(AP)— The new 75 cent minimum wage bill awaiting President Truman's signature may increase Southern payrolls as much as \$100,000,000 a year.

Wage-hour administration officials estimate that half the 1,500,000 workers expected to get raises because their pay is below 75 cents an hour are located in the South and Southwest.

They say approximately 570,000 of them are in eight Southern states—Tennessee, Virginia, the Carolinas, Georgia, Florida, Alabama and Mississippi.

They estimate another 270,000 are in five Southwestern states—Texas, New Mexico, Oklahoma, Arkansas and Louisiana.

In addition to 5,000 striking operating employees, 20,000 other railroad employees were forced off their jobs during the stoppage.

CIO Seeking Left-Wing Followers

CLEVELAND —(AP)— The CIO Executive Board met to decide today whether the CIO deliberately is to rid itself of 1,000,000 members under left-wing union leadership.

The answer almost certainly would be an anxious "no"—if there is any way to woo left-wing followers away from the rebellious forces.

The CIO has a maximum of 6,000,000 members, and President Philip Murray indicated he wants to keep as many of those under his banner as possible.

But the so-called left-wing movement, spearheaded by a team of resourceful leaders in the United Electrical Workers (UE), and by a canny Harry Bridges of the International Longshoremen's and Warehousemen's Union, was expected to put up a serious challenge.

Murray's involvement in an economy-rending strike of 558,000 steelworkers muddled the left-right war which has plagued the CIO for months.

The once clear-cut lines between the left-wing and anti-Communist right-wing forces in the CIO were somewhat confused by Murray's pressing desire for a settlement in the 25-day-old steel strike.

The UE Executive Board in New York voted to throw its financial resources behind both the steel and coal strikes—following the earlier idea of John L. Lewis.

The steel strike was described yesterday by Murray as "his (See LEFT-WING, Page 10)

Fund Drive Kick-Off Set Tomorrow

Chairmen for the Pampa Girl Scout Association's general drive will assume their duties at 7:15 a. m. tomorrow at a kick-off breakfast in the Palm Room, City Hall.

About 25 drive workers are expected to attend the breakfast. Joe Wells, general chairman and Business Committee chairman, and James A. McCune, Advance Gift Committee chairman.

McCune's committee, at work for the past week, has raised \$1,180. The goal for the drive has been set at \$6,600.

Volunteer workers from White Deer and Wheeler also are expected to attend the breakfast. White Deer, Wheeler and Lefors, recently admitted to the association, are now under the jurisdiction of the local group.

Early Bird Is Seeking Three Rs

His mother thought he was still tucked in bed, wrapped in his sleepers.

But he had another idea, that it's best to get an early education.

Through the house to the front door and out into the chilly morning, still clad only in his sleepers. Destination: Woodrow Wilson school where his older sister is a pupil.

That was where Patrolman Mack Taylor found the little feller this morning all splattered with mud from a couple of tumbles in his rush to get in early on three Rs.

Early is right—he's only two years old.

Taylor told a reporter the baby's mother was so glad to get him back she never did bother to give her name, or the name of her would-be early-age student, to police.

Miscellaneous Equipment for Hospital Needed

Eleven different items of miscellaneous equipment are being sought by the county's Highland General Hospital that is rapidly nearing completion.

The Gray County Commissioner's Court decided yesterday afternoon to accept bids on such things as pharmacy supplies, surgical and laboratory equipment, a linen marking machine, mattresses, janitor supplies, and blinds and drapes.

Bids will be accepted until 10 a. m. Nov. 10.

Fire Escape Law Being Enforced

AUSTIN —(AP)— Texas school children are going to have fire escapes even if the state has to go to court to get them.

State Fire Insurance Commissioner Paul H. Brown announced at the opening session of a fire instructors conference here today that the state will file mandamus suits against school boards which refuse to build fire escapes in compliance with the law.

Letters have been sent to school boards over the state reminding them the law requires the safety device on all school buildings more than one story high.

Brown said all but a few boards have promised to comply with the law.

Box Cars Short

HOUSTON —(AP)— The railroads are in the best shape in history to serve the public, the president of the Santa Fe line declares.

Fred C. Gurley said yesterday that the only flaw is a shortage of box cars.

Floor Under Export Prices Abolished

TOKYO —(AP)— General MacArthur today abolished floor prices under Japanese exports, effective tomorrow.

The price system was designed to maintain export prices at world market levels and to prevent "dumping" goods abroad.

Cars Damaged In Collision

Damage was estimated at more than \$100 each to two automobiles in an early evening collision at Frost and Browning yesterday.

According to police, a 1938 Plymouth sedan, driven by Thelma O. Bell, Post Office Box 482, Pampa, was traveling south on Frost and a 1937 Plymouth, driven by Mrs. Corda Cox, 920 S. Barnes, was traveling east on Browning when they collided.

Damage to the Cox vehicle was estimated at \$125, and to the Bell car at \$150. Mrs. Cox was given a traffic ticket for defective brakes by police investigating the crash-up.

WE SAW...

That John O. Pitts has a knack for economy. He sent a big bouquet to J. Wade Duncan yesterday on the occasion of the formal opening of DDD-Army. The bouquet included a dried tumbleweed, a sunflower (tagged), and a ribbon. (The ribbon was new, and the sunflower was carefully appointed in the center of the tumbleweed.)

COURAGE UNLIMITED

Attended by his nurse, Mrs. Alice Wennebstrom, Paul Nelson, Jr., is looking forward to celebrating his 18th birthday with former football buddies at Chicago today.

Paul, whose spine was severed in an auto accident in 1947, is unaware that his condition is hopeless and is making plans for the future. Once a strapping 195-pound member of the Amundsen High School football team, Paul is now down to 70 pounds. His birthday celebration has been advanced two days so he can observe it with his Amundsen buddies. (AP Wirephoto)

EXPRESS CRASHES

AVIGNON, France —(AP)— The Spanish Border Express crashed against a freight platform just outside Avignon early today, killing six passengers and injuring 18.

Man Takes Dim View of Trade

NEW YORK — (AP)—An Indiana businessman came back from a one-man mission to Moscow with a dim view of future trade with the Soviets.
"I think any American businessman who does business with Russia is a traitor," said Edward Dowling of Indianapolis, a retired candy maker.
Dowling said he spent 10 days in Moscow all by himself, trying to work a deal to import Russian wine, champagne and vodka to America.
It fell through, he said, and he spent the rest of his time sightseeing.
Apparently he confused the Russian airline people somewhat, for he said they gave him the "very important person" treatment.

Miami

MIAMI — (Special)—Mrs. A. Hockett had a dinner guests, Sunday her brother and wife, Mr. and Mrs. Elmer Mallory of Oklahoma City, and her children, Mr. and Mrs. Alfred Cowan and family, and Bert Smith and children of Pampa. Mrs. Hockett had not seen her brother in five years.

Swimmer Gets Tub of Fish

HERMOSA BEACH, Calif. — (AP)—Basking in the afterglow of a hero's homecoming and a tub of fish, Pierre Cullion, doughty conqueror of the English Channel, is back on his native coast.
The California seal which clipped six hours off the channel

record received a rousing welcome Friday as he returned to the city of his birth. The ceremonies took almost as long as it took Pierre to flipper across the channel, five hours, four minutes.

Chimexing radio's sealest gag, 18-month-old Pierre acknowledged the cheers of hundreds.
"Aook," was all Pierre said.

"I told them that I am the most important man in the world," he said.
"I am an American taxpayer."

Mrs. Juanita Haynes spent the weekend in Seagraves, and stated that she drove through high water over, most of the South Plains.

Visiting Mr. and Mrs. Sandy Carnahan Sunday were Mr. and Mrs. W. H. Wilsey and daughter of Clinton, Okla., and Mr. and Mrs. Joe Carnahan of Bayre, Okla., also their daughters and families, Mr. and Mrs. T. G. Ellzey of Canadian and Mr. and Mrs. Jack Sirmans of Borger.

Judge and Mrs. Woody Pond visited her mother, Mrs. T. A. Higgins in Pampa Saturday.

Mr. and Mrs. Shirley Robbins of Phoenix, Ariz., former Miami residents, visited friends here after attending the American Royal Horse Show in Kansas City.

Mrs. Angie Sanderson spent the weekend in Pampa with her son, C. C. Sanderson.

Mrs. C. Carmichael attended the State Fair in Dallas this past week.

Mr. and Mrs. Lawton Hoffer and Mrs. Ed Haynes and Mr. and Mrs. Tom O'Loughlin and children, Tom, Jr., and Sarah, and Mr. and Mrs. Earl Breeding and son, Bill, returned Saturday from Dallas, where they had accompanied Tom, Jr., and Lawton Hoffer, Jr., who showed their 4-H calves in the livestock show of the State Fair. Hoffer's calf placed 7th and O'Loughlin's 12th in their respective classes.

Mrs. J. E. George is visiting her daughter, Mrs. Ivan Conklin in Canadian.

Mr. and Mrs. Earl Mead of Fargo, Okla., spent the weekend in the J. A. Mead home.

Mr. and Mrs. J. W. Thompson,

BUSINESS IS BEST... IN THE BRANIFF STATES OF AMERICA

Your Business Belongs In The Skyline of the Braniff States of America

The rich 9-state area that Braniff serves is a region you can't afford to overlook. The Braniff States of America offer you the best potential market you can enter. Here's why:

Over a 10-year period, increases in retail sales, farm incomes, bank clearings, manufacturing facilities, the value of manufactured products and total output have been well above the average for the rest of the country.

The 32 principal cities of the Braniff States are growing rapidly... and the surrounding agricultural territories are keeping pace with this growth. That means a market for your goods... and a good location for your business. What's more, the fast, convenient transportation offered by Braniff means that it's a market that you can cover easily and quickly.

Horace Mann 'Feast and Fun' Night Friday

The annual "Feast, Fun and Frolic" night, sponsored by the Horace Mann P.T.A. will be held Friday night, October 28. Every one has been invited to go and eat and have fun.

The dinner will be served in the cafeteria, beginning at 5 o'clock. Mrs. T. J. Hill is dining room chairman and Mrs. D. L. Tucker is kitchen chairman. They will be assisted by women of the P.T.A.

Mrs. Mary Call and Miss Travis McCue, fifth grades, will present a movie, and John Shearer, fourth grade, will have "Bluebeard's Ghost House." Mrs. C. E. Willingham's third grade will present a dance exhibition from the Beaux Arts Studio.

Mrs. Mary Reeve, second grade, will present Charles Tooker in a chalk talk. Mrs. J. R. Weaver, second grade, will have a fish pond, an attraction primarily for children. Mrs. John Branham, music teacher, will present the fifth grade students in a comedy skit and square dancing.

All other teachers will have candy, chewing gum, pie, coffee, hot dogs, hamburgers, ice cream and soda pop, in the auditorium. Each of the teachers will be assisted by their room mothers.

The proceeds from this affair will be used to carry on work of the P.T.A.

Letters are being sent to all parents of school children informing them of the affair. Miss Josephine Thomas, principal, and Mrs. L. J. Zachry, president, stated.

Reports were made by various parish organizations of plans and activities of the year.

Skellytown HD Club Studies Silver, China

A set of sterling silver, consisting of more than 100 pieces, was on display, as well as china made in America, England, France, Austria and China, when the Skellytown Home Demonstration Club met in the C. C. Coleman home Friday.

Miss Charlotte Tompkins, Carson County HD agent, took various kinds of silver, china and linens with her to the meeting, and explained to the members how to tell good quality from inferior grades.

New officers were elected as follows: Mrs. R. P. Boyd, president; Mrs. J. T. Crawford, vice president; Mrs. C. C. Coleman, secretary-treasurer, and Mrs. W. H. Harris, THDA and Council representative.

Cake and coffee were served to seven members.

The next meeting will be November 4 with Mrs. E. E. Crawford.

The Social Calendar

WEDNESDAY
The Presbyterian Women's Auxiliary will meet at 11 o'clock Wednesday for a program and covered dish lunch.

THURSDAY
A Newcomers Club luncheon will be given at 12:30 Thursday at the Terrace Grill. Mrs. Melvin Beyer will be hostess.

FRIDAY
Annual dinner night, held for the purpose of raising money to carry on P.T.A. work, will be at Sam Houston School Friday night. Dinner will be served from 5 to 8:30 o'clock.

FRIDAY
VFW Auxiliary will meet at 8 p.m. Friday in VFW Hall.

Agent Returns After Training

Ed F. Cleveland has returned home from a 10-day course in insurance business in Dallas. He was one of nine agents in Texas to qualify for the course given by their company, Southwestern Life Insurance Co.

Cleveland said he took the course to qualify in personal life insurance production and to review the programming of life insurance. He has been an agent here for one year.

Newcomers Club Members Give Dinner Dance to Honor Husbands

Members of the Newcomers Club entertained their husbands with a dinner dance at the Terrace Grill Wednesday evening.

On the committee in charge of arrangements and decorations were Mrs. W. R. Everett, Mrs. Al Schneider, Mrs. W. J. Woodard and Mrs. Warren L. Hasse.

Those present were Mr. and Mrs. Curtis Billings, Mr. and Mrs. Howard Cruise, Mr. and Mrs. W. R. Everett, Mr. and Mrs. Warren L. Hasse, Mr. and Mrs. Albert Kemp, Mr. and Mrs. Jay E. Krath, Mr. and Mrs. Leo Latman, Mr. and Mrs. Charles L. Robinson, Mr. and Mrs. Al Schneider, Mr. and Mrs. W. J. Woodard, Mr. and Mrs. Jay Lickley, Mr. and Mrs. Burton Magee, Mr. and Mrs. Al Bell, Mr. and Mrs. A. L. Koenig, Mr. and Mrs. J. L. Cox and Mrs. Mary Ann Duke.

The tables were centered with autumn flowers and cranberry and candy dishes were of silver.

Mrs. A. J. Welker was hostess to members of the Newcomers Club recently at a meeting in the Palm Room.

Future plans were discussed and a report made on the teen age shelf at the library. Following the business meeting refreshments were served.

Those present were Mrs. Al Bell, Mrs. Howard Cruise, Mrs. J. R. Donaldson, Mrs. Curtis Billings, Mrs. Warren Hasse, Mrs. Otto Mangold, Mrs. Charles L. Robinson, Mrs. Leo Latman, Mrs. Pinky Sims and Mrs. W. H. Woodard.

Mrs. A. I. Koenig and Mrs. Bert Dougherty were welcomed into the club as new members.

Civil Service Lists Positions

The United States Civil Service Commission has announced examinations for several positions at the Post Office, C. W. Stowell, local secretary, said.

Nov. 14 has been set for the deadline for filing application for the position of substitute clerk-carrier. Entrance salary will be \$1.29 per hour. No experience is necessary.

Another position will be for office machine operators, including adding, addressing, bookkeeping, billing, calculating, card punch,

Jaycee-Ette Luncheon at Terrace Grill

Jaycee-Ettes held their regular noon luncheon at the Terrace Grill Wednesday.

Mrs. Rusty Ward reported on the Council of Clubs meeting, at which plans for the community center were discussed. Mrs. Ward also asked that all club members turn in books, games, toys and dolls for the Salvation Army.

These are to be taken to Mrs. Ward's home, or to the next meeting, which will be held in the City-Club rooms at 8 p. m. November 2. All items will be used at the local Salvation Army Youth Center.

Mrs. Maurine McFeely of Roswell, N. M., was a guest of Mrs. E. A. Johnson. Other members present were Misses. Artie Aftergut, Paul Appleton, Jim Arndt, D. A. Brown, Lee Cisneros, Bill Fannon, Frank Pata, Joe Fischer, Don Foster, Elmer Francis, E. A. Johnson, Zeito Osborne, T. O. Tippe, A. A. Washen, Jack Vaughn, Rusty Ward and Charles Roberts.

Salaries will range from \$2,088 to \$5,232 per year. Employment will be with various federal agencies in Texas.

Application forms and additional information may be obtained at the Pampa Post Office or from the Regional Director, 14th U. S. Civil Service Region, 210 S. Harwood Street, Dallas 1.

Mrs. John Harnly Hostess to Club

MIAMI — (Special) — The Child Study Club met Thursday in the country home of Mrs. John Harnly.

Mrs. Ed Daugherty had charge of the program with the subject, "Teaching Children Manners." For her special feature, Mrs. Clyde Hodges gave an article on "Scolding Mothers" and a timely contest telling the fortunes of the members.

The hostess served seasonal refreshments featuring the Halloween motif to Misses. R. J. Bean, Ralph Byrum, Willis Clark, Ed Daugherty, Matt Day, James Flowers, Clyde Hodges, Theo Jenkins, J. D. Paris, John Pennington, Wallace Locke, and the new member, Mrs. Barrett Moore.

The next meeting will be with Mrs. Wallace Locke.

For a quick luncheon dish serve chopped beef and cooked green peas in a sauce made from a can of condensed mushroom soup. Add a crisp salad of lettuce and cucumber, and serve fruit and cookies for dessert.

MEAT STORAGE
Sliced bacon may be stored in a home refrigerator for a week without losing flavor and good eating qualities. Pork sausage links should not be kept for more than three days. This guide to time is based on home refrigerator storage at 36 to 38 degrees Fahrenheit.

Ocean waves have been known to go as high as 80 feet.

WARREN'S WARMUP

By Warren Hesse—News Sports Editor

QUESTION: How many times have the Army and Navy clashed on the football field?

FIRST OF ALL, AND OF UTMOST IMPORTANCE TO PAMPA football fans is the information that tickets for the Pampa-Amarillo game will go on sale tomorrow morning at 9 o'clock at the School Business Office in the City Hall. The game will be played Saturday afternoon, Nov. 5, at Harvester Park.

It would be extremely advisable for the Pampa fans to get their tickets for this game as soon as possible. Pampa, coming into the encounter with one of the tightest teams in its history, should be out to force to see the game. End bleachers will be erected to attempt to accommodate the crowd. But it is a certainty that there will not be enough room to handle everyone who wants to see the game, which could well be the deciding battle in District 1-A, although Berger has been a hot and cold club all season.

AND WHILE WE ARE MENTIONING the name of Amarillo I have a note for Puff Powell. Before you start chastising Pampa fans for not backing the Sandies in out-of-district games, Puff, you had better put on your checkered coat and pointed cap, grab one of Harry's pipes, swipe a magnifying glass and find out who the "Pampa fan who lives in Amarillo" is that sends this note: "Come on you Pampa football players. Don't you disappoint me. Get ready for Amarillo for you must beat them and you can do it, too." Seems that not even all of the Amarillo citizens are solidly behind the Sandstorm. They would probably rather see the Sandstorm behind.

SIX TEAMS REMAIN IN THE undefeated, untied ranks of Schoolboy Class AA football. Tops in the group is Lubbock, whose smashing victory over Amarillo last weekend gave them a record of 7 wins, no defeats and 249 points scored against their opponents' 45. Four other teams, Grand Prairie, Fort Arthur, Henderson and Wichita Falls, have each won 6 and lost 0. Corsicana has a 5-0 record. The Westerners are the highest scoring aggregation in the state of the six undefeated clubs. Wichita Falls is the lowest. Henderson has allowed only one touchdown to be scored against it.

YESTERDAY I HANDED ON TO YOU A lot of information concerning the probable reassignment of teams in the West Texas-New Mexico League. Now comes the information that the Longhorn League held a meeting Sunday at which it decided that it was well satisfied as it is and that no teams from the WT-NM circuit would be added.

A QUICK LOOK AT THE STATISTICS of the Harvesters shows that Jimmy Hayes still heads the scoring parade with 36 points for the season. Right behind him is co-captain Pete Cooper, with 40. Elmer Wilson has lumped up 25. DeWay Cudney has 13. Tom Al-

Notre Dame Still Tops; Rice Jumps to Fifth, Baylor Tenth Camps Gloomy

Texas Drops to 19th; SMU 11th

NEW YORK — (AP) — Four Southwest Conference teams are rated in the top 20 of the nation in the fourth weekly Associated Press poll.

Rice and Baylor were voted among the ten best Southern Methodist and Texas in the second ten.

Notre Dame, Army and Oklahoma rate 1, 2, 3 in the opinion of participating sportswriters. California is fourth. Rice grabbed the No. 5 spot with its last-minute 17-15 win over Texas. The writers gave the Houston club 468 votes.

Baylor blanked Texas A&M to enter the top ten ranks with 261 points. The methodist, which upped favored Kentucky 20-7, was ranked eleventh, scoring 148 points. Texas dropped from 10th to 19th with 31 points.

Notre Dame, idle the past week and sitting pretty with a record of four triumphs in as many games, should prove most unwelcome guests for Navy, which has won only two of five starts.

Army, with a five-for-five record, will entertain Virginia Military Institute, beaten in three out of five games.

Oklahoma, victorious in all five starts, will be visited by Iowa State, a team with four wins, one loss and one tie.

Only three of last week's top 10 retained the same places in the latest voting participated in by 143 sports writers and broadcasters. Notre Dame and Army remained first and second and Cornell stayed in eighth position.

The Irish received 120 of the first place votes to hold the top spot for a third straight week. Army drew only 12 and Oklahoma 10. Notre Dame had 1,387 points compared to Army's 1,218 and Oklahoma's 1,143. Army, of course, received many second-place votes following its 63-6 slaughter of Columbia.

Back of the three current leaders come California, Rice, Michigan, Minnesota, Cornell, Pennsylvania and Baylor.

TCU Relies On Offense

DALLAS — (AP) — Texas Christian will not play the Southwest Conference football championship game on Sunday, Jan. 1, 1950.

ANSWER: The Army and Navy will celebrate their 50th meeting this fall. The Army has won 26 of the Navy's 19, with 4 ending in ties.

Frog gridlers lead in four departments and also show a third place in one of those. In another department they have a second.

There are only six statistical championships. The Frogs lead in the offensive departments only, however. When it comes to stopping the opposition TCU just tries to outscore them.

After the TCU 33-27 victory over Mississippi last week, Coach Dutch Meyer remarked: "It looks like football is all offense and no defense these days."

Anyhow, Lindy Berry is the biggest Horned Frog of them all—also the busiest player in the conference.

The Christian quarterback leads in both passing and total offense. He has rolled up 1032 yards in the air and 131 on the ground for a total of 1163 on 211 plays.

Dan Wilde of Texas Christian leads in punt returns with an average of 25.2 on five runs while Berry is third with 18.6 on 11 carries. Rex Proctor of Rice is second with 20.2 on seven returns.

Morris Bailey, Texas Christian end, is the leader in pass-receiving, taking 28 throws for 412 yards.

Wilde is second in punting with a 39.1 average on 18 kicks. The only department in which TCU fails to figure is ball-carrying where Bob Smith of Texas A&M is the leader with 410 yards on 88 runs. Leon Campbell of Arkansas is second with 384 on 44 carries and Gordon Wyatt of Rice is third with 376 on 65 rushes.

Paul Campbell of Texas is second to Berry in passing. Berry, in getting his 1032 yards, has tried 12 and completed 75. He has passed for eight touchdowns. Campbell has attempted 105 and connected on 55 for 881 yards and four touchdowns.

Adrian Burk, Baylor's sure-shot, has attempted 89 and completed 58 for 677 yards and eight touchdowns. He ranks third.

Behind Bailey in pass-receiving is Ben Proctor of Texas with 21 catches for 373 yards. J. D. Ison of Baylor is third with 24 snafes for 260 yards.

Paul Campbell is second in total offense with 803 yards on 121 plays. He's 360 yards behind Berry in this department.

SPORTS

What Makes the T Tick

Split T Spreads Defense; Quarterback Is 'Slider'

(This is the second of three stories on football's T formation. The regular T was covered in the first story.)

By JIM BECKER AP Newsfeatures Sports Writer

The "Split T" offensive formation is the newest and, because of the great success of some of the teams using it, the fastest growing of the Basic T variations.

It was devised by Don Faurot of Missouri and adopted by Bud Wilkinson of Oklahoma, whose teams have been very powerful with it.

There are two basic differences between the split and regular T. First, the linemen are spaced farther apart. There is a foot between the guards and center, two feet between guards and tackles and the ends are another yard out.

The fundamental purpose of the split is to spread the defense," says Wilkinson. "If the defending linemen refuse to spread to meet the split we have an angle to block them inside and around them."

Fireman Ison Meets Challenger On Saturday

WACO — (AP) — Baylor plays Texas Christian here Saturday and that will give fireman J. D. Ison a chance to match pass-catching with the only guy in the Southwest Conference who has been able to snare more throws than he has.

Fireman Ison — he got the name from working on a railroad in his home state of Kentucky — is quite a card. Everybody wants to play jokes on him. They do, in fact, no one figures it will — but the Horned Frogs bid to sweep up most of the individual titles.

Frog gridlers lead in four departments and also show a third place in one of those. In another department they have a second.

There are only six statistical championships. The Frogs lead in the offensive departments only, however. When it comes to stopping the opposition TCU just tries to outscore them.

After the TCU 33-27 victory over Mississippi last week, Coach Dutch Meyer remarked: "It looks like football is all offense and no defense these days."

Anyhow, Lindy Berry is the biggest Horned Frog of them all—also the busiest player in the conference.

Paul Campbell is second in total offense with 803 yards on 121 plays. He's 360 yards behind Berry in this department.

SWC Football Camps Gloomy

By WILBUR MARTIN Associated Press Staff

Southwest Conference coaches were as gloomy as the weather yesterday.

They ticked off the names of injured players and the strength of opponents this week in a most unhappy manner.

Southern Methodist University Coach Matty Bell reported quarterback Frank Payne has a broken finger.

"We are really in a fix," he declared. "Frank Walker is still in a hospital and won't play against Texas and now my passer has a broken finger. How are we going to stop that bunch? My scouts tell me Texas has a better team than Rice and should have won Saturday. You know what Rice did to us." (Beat SMU, 41-27, and Texas, 17-15.)

Bell said Payne would be able to play Saturday against Texas but obviously will be handicapped. He had no hope that Walker, hospitalized with the flu, would be able to get into the game.

Texas Coach Blair Cherry said he needed better kicking and an effort to secure game would be made. "Our punting got us into trouble in our last two games," he said.

Jack Gray, chief scout for the Longhorns, told the players yesterday that SMU "is just as good as last year. If not better," with "Duke Walker in the lineup."

Jess Neely, whose Rice team has already licked what were considered the two toughest clubs on its schedule, gave his regulars a day of rest. He did this after looking over this injury list:

Van Ballard, right halfback, may be out for the rest of the season with a broken collarbone. Gerald Weatherly, center and line backer, badly swollen ankle.

Bill Howton, reserve end, swollen knee. Rice plays Texas Tech in a non-conference game this week.

Baylor and A&M came out of their game with nothing more than a bunch of bruises. But neither Coach Bob Woodruff of Baylor nor Harry Stiteler of A&M had any optimistic predictions for games this week.

Baylor plays Texas Christian University, the only team it has run against this year that does not use the T formation.

A&M plays Arkansas. Arkansas had two first stringers out of action — fullback Leon Campbell and end Frank Flachel — but no new injuries were reported.

Capt. Lindy Berry, Texas Christian's backfield workhorse, called the squad together yesterday for a little secret conversation. It was assumed the subject was Baylor.

Scout Buster Brannon told the Horned Frog players that Baylor will be "by far the best team we've met this year — in fact the best team we'll play."

The Frogs are in good shape physically for this game. Only one player, tackle Clarence Marable, won't see action.

Corum May Replace Late Col. Matt Winn

LOUISVILLE, Ky. — (AP) — The name of Bill Corum, New York sports columnist, was moved to the head of the list today as the likely successor of the late Col. Matt Winn as planner of the Kentucky Derby.

One member of the Churchill Downs committee going over the list of prospects to carry on for Col. Winn, who died this month, confirmed late last night that Corum had been interviewed by the committee.

The committee's selection will be submitted to the Downs' board of directors for final approval.

Dalhart-Hereford Tilt Top Class A Battle This Week

(By The Associated Press) Showdown games are scheduled this week for several districts in Texas' vast Class A high school football race.

Dalhart meets Hereford in what may well be the championship game of District One.

New Braunfels plays Gonzales for the top spot in District 24. Kermit faces a tough foe in Monahans, defending state champion but not a contender this year in District Five.

Grand Saline and Willis Point get together with the winner a big favorite to win in District 18.

There are plenty of other crucial games as the single A clubs move toward the stretch of the 1949 season.

Dalhart last week knocked off Phillips, 38-20, in a battle of undefeated, united teams. Hereford, 18.

Both the top two teams are undefeated and untied. So is Wichita Falls, in third; Corsicans and Henderson, fourth and fifth. Baytown, Grand Prairie, Highland Park (Dallas), Abilene and Austin round out the top ten teams.

Lubbock Top Schoolboy 11

DALLAS — (AP) — Lubbock has replaced Fort Arthur as Texas' top High School football team.

Sportswriters participating in the Dallas News' weekly poll gave the Westerners a four-point margin over Fort Arthur, No. 1 for many weeks.

Both the top two teams are undefeated and untied. So is Wichita Falls, in third; Corsicans and Henderson, fourth and fifth. Baytown, Grand Prairie, Highland Park (Dallas), Abilene and Austin round out the top ten teams.

Sportsman's Club Meeting Tonight

The regular monthly meeting of the Pampa Sportsman's Club will be held tonight in the Courthouse. Meeting time is 8 o'clock.

This is an important meeting, as in addition to the committee reports and movies, plans will be made for the crowd shoot to be held next month.

All members are asked to be present.

Usual Situation Befronts Hunter

LONGVIEW — (AP) — Wild ducks and geese landed and tied up the Greece Airport Sunday night when they mistook the moonlit runway for a lake.

Hundreds of birds milled on the runway and more circled overhead. Three incoming passenger flights were diverted to Tyler.

The control tower operator at the East Texas town watched the birds with disgust and moaned, "and here I am without a shotgun."

Brown Named as Star of Week

DALLAS — (AP) — Lubbock's Bob Brown was the brightest star in Texas Schoolboy football last week, the Dallas Morning News weekly roundup showed.

Brown completed seven of nine passes for 108 yards and three touchdowns and intercepted four passes as his club walloped Amarillo, 47-7.

Others in the "star" roundup included: Jerry Fouts, Wichita Falls end; A halfback on defense, he returned a Highland Park punt 58 yards to the Scot 2-yard line to set up the winning touchdown in a 14-7 victory. Great blocking job on offense.

Fred Pipkin, Denison back: gained 115 yards in 18 carries, completed two passes in two attempts for 47 yards, scored one touchdown, passed for one and kicked three extra points in Denison's 21-7 victory over Bonham.

1950 Studebaker
America's buying it at a jet-propelled pace!
The aerodynamic "next look" in cars!
ON THE MARKET only a little more than one month — and already the fastest selling car in all Studebaker history!
That's the amazing record to date of this dramatic new 1950 Studebaker.
Public demand for this breath-taking automobile was so tremendous in September, Studebaker did its biggest month's business of all time!
Stop in and take a close-up look at Studebaker's trim, sleek, exclusive "next look" styling. Watch how fast you decide you want a 1950 Studebaker of your own.

FARM NEWS

Daffodil Types Differ Chiefly in Size of Trumpet.

Poetic Daffodil Easiest Fall Bulb for Beginners

Most lasting of the bulbs planted in the fall are those lovely spring flowers which have three names—daffodils, jonquils, narcissi. Call them by either name and you will be correct for all practical and poetic purposes. The poets seem to prefer the first two, and the botanist use the last.

The flowers inspire the poets, because they are true heralds of spring, blossoming soon after the ground thaws, the first large blossoms in the garden. Of all fall bulbs they are probably the easiest for the amateurs to grow. They bloom each spring for many years without replanting, and with small attention. Many types multiply until they crowd, when they should be lifted, divided and replanted over a larger area.

The principal difference between the types is in the size of the trumpet, which vary from the large trumpet varieties, which when well grown rise two feet high with flowers six inches across and trumpets three inches long, to the poetic type whose trumpets are mere cups, usually of bright red.

Hybrid varieties between these extremes have trumpets of varying sizes. While large trumpets are so far limited in color to white and yellow, there are medium trumpet varieties which have red and orange trumpets, combined with white or yellow petals, in vivid contrast.

Breeders have long sought to produce "pink daffodils" and a few varieties have been introduced which have trumpets faintly suffused with pink when grown in greenhouses, or in shady places outdoors. But this color fades quickly in the sun.

Daffodils thrive in woods, where they can be naturalized and grow with little attention. They like to nestle at the feet of shrubs, or under trees, where they blossom before the leaves come out in locations which then are in the sun, but later will be shaded. They are seldom lifted often than once in three years. But never plant them where their foliage will be cut off before it turns yellow, which indicates that a new bulb has been formed and has matured.

Some of them are delightfully fragrant. They are ideal cut flowers, as is shown by the quantities of daffodils forced and sold by florists each winter. The trumpet varieties are easily grown as house plants, provided only that the atmosphere is not too dry, in which case buds often blight.

The sooner daffodils are planted in the fall the better, if they have more time to make roots and become established in the new location before the freeze-up. They need this time, because they blossom so early in the spring, they have little time to grow then, after the ground thaws out.

SURVEY SHOWS AVERAGE PRICE OF TEXAS FARMLAND LEVELLING OFF

COLLEGE STATION — (AP) — Have a hankering to buy a Texas farm? Here's good news: After climbing steadily for ten years the average price of Texas farmland is leveling off.

The levelling-off showed up for the first time in 1948, a Texas A&M news release showed. But the drop from 1947 wasn't much — just one percent.

Significant, however, was a much sharper drop in volume of farmland sales — 13 percent. Total acreage sold dropped 20 percent.

The A&M experts are John H. Southern, economist of the USDA Bureau of Agricultural Economics, and Wayne C. Rohrer of A&M's Department of Agricultural Economics and Sociology.

Average land prices increased in seven type-of-farming areas during 1948. The areas, together with the 1947 and 1948 average prices and percentage of increase are:

High Plains cotton, 1947 average price \$94.70, 1948 average price \$78.00, up 15.9 percent.

Low Rolling plains, \$65.41, \$75.50, 15.4 percent.

Edwards Plateau and central basin, \$35.98, \$40.32, 12.1 percent.

Piney woods-lumbering, \$30.99, \$35.42, 14.3 percent.

Northeast sandy lands, \$37.78, \$39.15, 3.5 percent.

Panhandle wheat, \$30.50, \$32.01, 4.9 percent.

Grand Prairie, \$34.00, \$35.67, 4.9 percent.

Average sales price of land in the remaining areas of the state fell. The areas, with the 1947 and 1948 average prices and percentage of decrease are:

Blackland prairie, 1947 average price \$65.84, 1948 average price \$53.57, down 18.6 percent.

Coastal prairie, \$56.68, \$51.37, down 9.2 percent.

West cross timbers farming, \$32.72, \$30.04, 8.7 percent.

Rio Grande plains, \$50.17, \$42.58, 15.1 percent.

Foot-hills, \$30.99, \$24.35, 21.5 percent.

Corpus Christi cotton, \$116.57, \$91.10, 21.8 percent.

Upper Rio Grande Valley irrigated, \$89.19, \$624.00, 31.9 percent.

High Plains and Trans-Pecos grazing, \$9.76, \$6.60, 33.6 percent. (Only 11 sales in this area in 1948, all of large ranch tracts.)

North-Central grazing, \$44.34, \$28.04, 37.2 percent.

Edwards Plateau grazing, \$24.41, \$8.96, 64.7 percent. (Only 3 sales in this area in 1948, all large ranch tracts.)

Land sold in the lower Rio Grande Valley in 1948 averaged \$28.00 per acre; 1947 figures were not available.

Rains Show Value of Mulch Cover

Recent rains have shown the value of cover in erosion control on range lands, officials of Roberts County Wind Erosion District said.

On many ranges in the district where cattle had been properly stocked and on deferred pastures, there was considerable grass and litter on the ground.

This cover is of extreme importance since it keeps hard-falling raindrops from loosening soil to be carried away by runoff water. It also retards runoff rate and gives the water a chance to penetrate the soil.

Experiments have shown that water soaks into ground that is covered with grass and litter at the rate of two and a half inches an hour. With grass alone it would go in at a rate of about one inch. On bare ground, however, only a half-inch of rain is soaked up.

When properly stocked a range should have about half its grass left at the end of the grazing season. This old grass forms a mulch that prevents considerable runoff, cuts down evaporation, and fertilizes the soil. In addition to being a valuable erosion control measure, it saves water for use by the plants.

Farm Income Under Last Year

NEW ORLEANS — (AP) — Farm income this year will be about 10 or 15 percent less than in 1948 but will be much larger than before the war.

This was the agricultural picture presented by I. W. Duggan, governor of the Farm Credit Administration, before a meeting of the boards of 12 Farm Credit Administration districts.

Duggan warned that agricultural times are changing and that lenders as well as farmers will have to be alert to the changes before they develop.

He said that present price supports do not guarantee income and that income is determined by multiplying volume or output by prices.

Three Lend Cattle To A&M Program

COLLEGE STATION — Several more animals have been made available to the agricultural experiment station, Texas A&M College, Dr. R. D. Lewis, director, announced.

The animals are "for use in our beef and dairy cattle breeding program," Dr. Lewis says.

Lenders are Dr. L. O. Wilkerson, Bryan, Wilburn E. Gibbs, Huntsville; W. O. Manning, W. W. Fondren Estate "Ranch, Houston.

AMARILLO ELECTED — Bill Southworth of Amarillo was named one of three directors of the Texas Used Car Dealers Association at its convention in Houston yesterday, the Associated Press reported. R. W. Workman of Lubbock was chosen president.

Eight Lions Are 'Hunted Men'

WANTED — eight Lions at the meeting of the Lions Club Board of Directors at 7:30 p. m. today in the Chamber of Commerce office.

The local club has maintained a one hundred percent attendance record for the past six weeks in the international attendance contest. If the eight men who missed this morning's make-up meeting will attend the Board of Directors meeting tonight, another perfect week will result, officials said.

When a Lion misses the regular luncheon meeting Thursday, he has until the next Wednesday to make up his attendance. During the past several weeks Tuesday morning breakfasts have kept the local club in the running for two expense paid trips to the next Lions International convention.

The eight wanted men are O. L. Statton, John Studer, Frank Culbertson, Fred Cary, Dr. J. R. Donaldson, Frank Hunt, F. F. Kennedy and Dr. Douglas Nelson.

Picker Prefers Lamesa to Heaven

SAN ANGELO — (AP) — Mexican cotton field workers favor the West Texas plains in the Lamesa area.

The other day in Miles, 18

miles northeast of San Angelo, an old cotton picker who had pulled his sack down too many long rows fell ill.

A traveling companion ran for the priest. As the family and friends gathered around his bed, the churchman asked the old man if he was going to Heaven.

"No, no," the sick man stammered, "I going to Lamesa."

He recovered and went to Lamesa.

Pochontas married John Rolfe.

Farmer-Tax Asked To Help Program

WASHINGTON — (AP) — The U. S. Department of Agriculture is studying a proposal by Rep. Poage (D-Texas) to have the farmer contribute part of the costs of an agricultural price support program.

The Texan has also asked the staff of the House Agricultural Committee "to dig up data" on his plan.

Poage—a member of the committee—said he feels that the farmer should make some contribution to his own security, possibly through a processing tax.

He said if a two percent processing tax had been levied on all agricultural products during the last 10 years "enough would have been realized to have easily carried our price support program during that time."

Prisoner 'Fouled Up' by Own Name

LOS ANGELES — (AP) — The federal court judge called the criminal calendar a and Roberto Ulano Innocente, auto theft suspect, struggled to the prisoners' stand.

"R. U. Innocente" queried the clerk, without looking up.

"No, I am guilty!" Innocente retorted.

Whereupon, the judge sentenced Innocente to 10 months in jail.

Had RHEUMATISM So BAD That He Had To Quit Working

Mr. Jerry Watkins

"For several years," Mr. Watkins says, "I suffered from a rheumatic condition in the hip and leg. I was very nervous and finally developed migraine headaches. I tried all kinds of medicines but nothing seemed to do me any good. I seemed to be growing worse and worse and was finally advised to take a leave of absence from my work on the police force in an effort to recover my health."

"The pains in my head sometimes were unbearable. I suffered tortures and I was miserable. At night particularly I lay awake and could not sleep."

Mr. Watkins said that someone finally persuaded him to try HADACOL, and after taking the first bottle he said he could see an improvement in his general condition.

"On January 14th of this year," he said, "I felt so much better I decided to go back on the job. The examining doctor told me I was in perfect health. Now I am

working from 8 to 12 hours daily and I am able to sleep as any normal person. I have taken six large size bottles of HADACOL and all my friends know I owe my good health to HADACOL."

Mr. Watkins is one of the many thousands of people who suffered from a deficiency of the B vitamins and the minerals that HADACOL contains and who, therefore, found relief in HADACOL.

It is a well-known scientific fact that the lack of only a small amount of the B vitamins and certain minerals in your system will cause certain bodily disorders such as nutritional neuritis, which causes the aches and pains commonly known as rheumatism, and there is no known cure for the ailment except the administration of the needed vitamins and minerals. This is why people who suffered for years and years never were able to obtain any relief until they took the vitamins and minerals the lack of which was causing the disorders.

HADACOL does not contain only one but has five of the B vitamins and four necessary minerals. It comes to you in liquid form so that it will be easily absorbed by the blood and, therefore, carried to the parts of the body which need them most.

So, it matters not where you live—no matter who you are—if you have tried all the medicines under the sun, you should be fair to yourself and give this wonderful preparation, HADACOL, a trial. And if your disease is caused by a lack of the B vitamins and minerals which HADACOL contains, then don't go on suffering—don't continue to make your life so miserable. Temporary relief for you is not enough. Take HADACOL. Sold at all leading drugstores. Trial size only \$1.25, but save money; buy the large family economy size, only \$3.50. If your druggist does not handle HADACOL, order direct from The La Blanc Corporation, Lafayette, La., and when the postman brings your package, just pay the amount plus the s.o.d. and postage. If you remit with the order we will pay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.—Adv.

Gigantic Plot

Between now and the convening of the next session of Congress, just about every resource of the executive branch of the government will be given to promoting the Columbia Valley Administration, the Missouri Valley Authority, and other such schemes for establishing a political monopoly of electric power, at a cost of billions to the taxpayers.

The fact that Congress has pared expenditures for some of the projects, and has turned off the money, will not result in a redoubling of effort on the part of the socialistic wing. And the proven fact that private enterprise can give us all the electricity that industry, agriculture and the domestic consumer can use, is not a consolation while giving will make no difference. The big thing to remember is that the "power issue" has its roots in two opposed ideologies. On the one hand, we have those who believe in the enterprise suitably regulated in the public interest. On the other, we have those largely on the public payroll, who believe in some form of total government, in which bureaucrats and administrators will control the basic instruments of production on which the whole economy depends.

It is not remarkable that the electric industry has been singled out as a target and a testing ground. If the government can gain a monopoly of it, those in power in Washington can tell industry, agriculture and all the rest of us what we can and cannot do. David Lilienthal's statement, to the effect that whoever controls electric energy controls the people, is worth remembering. The Tennessee Valley Authority, which was largely Mr. Lilienthal's development, certainly proves that. Local government is powerless. The decisions of Federal administrators are final.

TVA, CVA, and MVA are parts of a gigantic socialization plan. They would be the principal instruments for establishing similar monopolies in every section of the country. If a CVA, to take a single example, is good for the Pacific Northwest, it would be equally good for Maine, Florida, or California. And if the region to be developed is dictated from Washington, the same thing will happen to all other regions. The people's choice can be boiled down to a great question of principle — personal liberty or wards of the state. The plan has done for Russia, industry will do the "political planners" what the United States if they go unchecked.

QUICKIES

By Ken Reynolds

"Say, have we got competition? I hear dem News Want Ads is makin' money too!"

Fair Enough - Pegler

By WESTBROOK PEGLER

(Copyright, 1949) NEW YORK — I have been waging a repartee with Ed Marciniak, the editor of a paper called Work, published by the Catholic Labor Alliance of Chicago. He made sneering references to my testimony before a subcommittee of the House Committee on Labor which turned out to be packed with professional unionists under the chairmanship of a union lawyer who had knicked off \$80,000 in just one

month in a suit against the main office of the International Union. This lawyer said he wanted the names of individuals who had complained to me of persecution by the bosses of their unions. I looked over the roster of the goons on the committee and figured that any individual I might name would be just thrown to the wolves. However, one woman showed up voluntarily with a complaint that David Dubinsky's Garment Workers had tried to shake her down for a contribution to Dubinsky's socialist political aspirations. Her claim was only \$44 so the lawyer chairman of the subcommittee, a Mr. Jacobs, of Indianapolis, brushed her off.

"I do not believe you are in a position to give us the type of information you would like to have," he said. But the witness, Mrs. Helen Kulesha, of New York, went it alone, nevertheless, and licked Dubinsky, the union and Emil Schlesinger, the union Court in New York and made them give back her money. The committee hearings were a fraud conducted at public expense. Any persons that I had named would have been exposed to broken-leg and lockout by the union goons. And Jacobs, who tried to get a \$50,000 fee and play down the interesting possibility of a profit motive, hadn't the belly to tear into Dubinsky on behalf of a client whose fee would have come to about \$18.

Among the Democrats on the list was Congressman Leonard Irving, a typical union goon from Independence, Mo., Harry Truman's home district. He is president of a Kansas City local of the Hodcarriers Union, a racket so notorious that I need not go into particulars here. Irving himself has admitted that he charged his subjects overtime rates for overtime work at his home at night and kept his own time-card. And remember, this is a congressman and one of its brutal by-laws was named after him to name names known as Jacobs did, that under union laws anyone who appeals to a columnist for help against the racketeers can be barred for life. I have a letter from one of Irving's subjects which is to the point.

"I am a member of Local 264, Building and Construction Laborers' Union. Congressman Irving is our president, and business agent. Some of the boys have been hanging out at store-over for free under his name and we can't seem to get the thing into court. Our treasury has drop around \$30,000 or \$40,000. Because I would not sign a statement saying Irving was okay I work only 8 days since the day I was arrested. Irving did not send me to work. I was not able to pay my dues so I got me a job from—Construction Co. I went to the hall to get my work orders and pay my dues and he reinstated \$15. They would not accept the money when Stewart on the job say the officers do not want me in the union and was not going to give me any jobs. I talked to the international man. He would do nothing because he is in with Mr. Irving. How I sign the union for unfair Labor Practice? I have wife and three children. Please help me."

Like Mrs. Kulesha, this unfortunate laborer is not in a position to give the type of information that Mr. Jacobs would like to have. Information reflecting on any of the goons on the committee itself is, of course,

distasteful and moreover, this laborer's claim would be insignificant to a union lawyer accustomed to \$80,000 fees. I have a similar story from a bartender. The union, which controls all jobs, gave him his "night's" work in ten months. He then got a job through an employment agency which he paid a fee of \$50 and, at the next union meeting, was crazy enough to ask why a paid-up brother should have to work for him. That was a great mistake. Thereafter, he saw many jobs opened and filled but got none himself. Finally, in a weak moment, he wrote to Hugo Ernst, the president, in Cincinnati. In time the union organizer held a hearing and when the statements were in the organizer "raised his voice, cursing and pounding the desk."

"I took each dirty curse because I made men and there after the first curse a new to pay him off in his own fashion. "Kindly advise me what to do." Just make a pilgrimage to Hyde Park and lay a wreath on the shrine of each racketeer's devotion. These are only samples of thousands of piteous moans from dehumanized robots delivered in to the power of the union racket which Mr. Truman tried to restore to its old, unchallenged power in his demand for repeal of the Taft-Hartley Law. It would do no good to add them to any Congressional Record. There are thousands already on record and the Committee on Labor is rigged so that any victim who testified would be abused by the unionists on the bench, reported to his home local and persecuted and hounded. We have in the United States an element of citizens who are learning what the Jews learned about persecution and indignity in Hitler's early days. But neither Eleanor the Great nor any of the professional manipulators of "minorities" ever offers them solace.

Mr. Marciniak, of Work, writes me: "I would like to make a comparison. Marriage, like unionism, is an institution. Adultery, divorce, separation, brutality, are commonplace in American marriages. I don't conclude that American marriage is vicious and ought to be exterminated. But if I follow your reasoning, you conclude that American unionism is vicious and should be exterminated."

This man, the editor of a quasi-religious union paper, seems to think that unionism, like marriage, was ordained by divine authority and that the performance of faithful toil outside the bonds of unionism or in violation of its brutal by-laws enforced by racketeers is morally indistinguishable from extra-marital relations.

Gracie Says

By GRACIE ALLEN

Well, America is the land of the free, and Britain is the land of the free teeth. The Labor Party over here has been handing out store-over for free under its name and we can't seem to get the thing into court. Our treasury has drop around \$30,000 or \$40,000. Because I would not sign a statement saying Irving was okay I work only 8 days since the day I was arrested. Irving did not send me to work. I was not able to pay my dues so I got me a job from—Construction Co. I went to the hall to get my work orders and pay my dues and he reinstated \$15. They would not accept the money when Stewart on the job say the officers do not want me in the union and was not going to give me any jobs. I talked to the international man. He would do nothing because he is in with Mr. Irving. How I sign the union for unfair Labor Practice? I have wife and three children. Please help me."

Like Mrs. Kulesha, this unfortunate laborer is not in a position to give the type of information that Mr. Jacobs would like to have. Information reflecting on any of the goons on the committee itself is, of course,

Common Ground

By R. C. HOLLES

Imposing on Children The worst thing that can happen to a people is to have a group of people who are supposed to be leaders and educators impose on the youth of the land. That is exactly what public teachers are doing—they are imposing on their pupils. When I use the word impose, I use it to mean to lay or inflict cheaply or deceptively; to pass off as to impose inferior goods upon one.

The teachers are imposing inferior "education" on the youth of the land. The teachers cannot teach the youth how to read and to understand the most important rules of conduct—The Ten Commandments. They cannot do this because it is evident that the teachers themselves cannot read anything that has to do with moral law and understand what they read. They cannot read the Ten Commandments and understand them. They cannot read "You shall not steal" and understand it. They cannot do this because they believe that they collectively have a right to do what they know would be stealing if done by an individual. They seem to believe that it takes the exception to prove the rule, because they are using the majority to steal, and claim that this proves the rule. "Thou shalt not steal." They do not seem to know that it takes the exception to test the rule, and that if there are any exceptions there is no rule.

They cannot teach the importance of division of labor. They cannot teach the division of labor must be voluntary. They cannot teach this because they are perfectly willing to send the sheriff to make people pay involuntarily for their services. All the progress that has come to America has come from voluntary exchange of labor. It has not come from involuntary exchange, as the tax supported racketeers receive their pay. They cannot teach frankness and sincerity because they are so afraid of discussing education where no questions are barred. They, of course, cannot teach liberty or freedom means because liberty and freedom means the right of the majority to coerce and rob the minority.

It is no wonder that we have long periods of unemployment and war after another and dishonest laws and millions of bureaucrats sapping the life blood of our people when the youth of the land are imposed on by tax supported "educators." Everything is happening just as could be expected. As the great Teacher said: "We do not pick figs from thistles or grapes from thorns." There is little prospect of improving our moral and economic and political situation so long as public "educators" are imposing false and fictitious training called "education" on the youth of the land. The columns of course are open to anyone to refute the above so long as he will answer questions without evasion. If this cannot be refuted, it must be a fact and a refuted, because one truth or one fact or one principle never contradicts another truth or fact or principle. In other words, there is one God, one Jesus Christ, one law that governs human relations, and many gods or many rules or many laws as the public "educators" by their acts would teach the youth to believe.

Success Secrets

By ELMER WHEELER

Old Ben Franklin wrote many success secrets in his time. One especially like is "When you get in a tight spot, say your prayers at night, eat three good meals a day, and be courteous to your creditors." I got a good many letters from readers of this column who were getting into a "tight" situation. They said they were in business or in the home or in the field of human relations. Up against what seems to them to be a "hopeless" situation, they say they begin to panic, which only paralyzes them the more and makes the situation more hopeless. When faced with such situations, which come at times to all of us, I can think of no better advice than Franklin's. What he is saying in substance is that we must not allow ourselves to give way to panic, which only paralyzes them the more and makes the situation more hopeless. When faced with such situations, which come at times to all of us, I can think of no better advice than Franklin's. What he is saying in substance is that we must not allow ourselves to give way to panic, which only paralyzes them the more and makes the situation more hopeless.

When men stop being afraid, they begin thinking in terms of the substance of the problems before them and their real solutions. War on R. Austin, U. S. delegate to UN. The party that nominates a woman for vice president or president will win the 1952 election. —Sen. Margaret Chase Smith (R), Maine. My considered judgment of the excellence of the report is shared by the press and public generally. —President Truman, on steel fact-finding board's recommendations. "Let them crash."

Shine On, Shine On, Harvest Moon

National Whirligig

news behind the news

By ROGER WARREN (Ray Tucker on vacation) WASHINGTON — Although the bill to increase the number of Displaced Persons, entering the United States was placed back in the deep freezer in the closing hours of the Senate, it is scheduled for renewed debate early in the 1950 session. Members of Congress from states from many foreign extraction dare not face the electorate without trying to get action then. It was lost this year by a margin of 36 to 30 in an Upper House depleted by end-of-session absentees. But senators still in Washington engaged in scenes of unusual bitterness. At one period five angry solons were on the floor at once yelling at one another. One reason for the tense situation surrounding the legislation is that it is loaded with racial and religious dynamite. Two volatile subjects which always inflame political emotions.

JUMP — Chances of fairly swift passage next year are excellent as full membership will be 41, mostly from three sources: (1.) Diehard anti-foreigners and isolationists, (2.) Objectors to the manner in which it was sprung from the Judiciary Committee without adequate hearings, (3.) Senators who wanted to go home and feared that a filibuster would rob them of their trip. Many in the latter two groups are likely to swing over to the proponents in January. Perhaps not more than 25 or 30 in all will vote "no" in the final decision. Advocates want to jump the D.P. rolls from an authorized 205,000 to 339,000 of whom 18,000 would come from the stranded Polish army in Britain, 15,000 recent refugees from Iron Curtain countries, 4,000 from exiles in China and 5,000 orphans. Up to September 30, 1949, only 50,000 have arrived here or are enroute.

The Nation's Press

PURCHASING A GOVERNMENT (The Los Angeles Examiner) The American Federation of Labor now claims to have an enrollment of eight million. Affiliated with the Federation is the League for Political Education, which despite its name is a political campaign organization. By collecting voluntary contributions of two dollars each from the eight million AFL members, the League expects to amass—and to expend politically in next year's congressional campaigns—the sum of 16 million dollars.

This is more money, much more, than was collected and disbursed in the 1948 presidential campaign by the Republican and Democratic National Committees combined. And it will not be the only huge labor fund that will be used to buy the election. The Congress of Industrial Organizations has a Political Action Committee which will also subtract campaign "contributions" from the pay envelopes of workers. In all likelihood, organized labor will have and use from twenty to twenty-two million dollars for electing next year. Moreover, with few exceptions, the political funds of the two labor federations will be used for exactly the same purpose throughout the country. The purpose is to "reward or punish" members of Congress according to their votes on "labor issues." Financed as no other political group has ever been, the political groups have even been the political labor bosses will follow a very simple strategy. Every member of Congress has been catalogued according to his vote on labor legislation—particularly, the Taft-Hartley Act, which labor bosses resent. Every Senator or Representative who upheld the act is to be blacklisted for defeat. Every Senator or Representative who opposed the act is to be supported, regardless of his merit or lack of merit otherwise. And this coalition in turn pressures a socialist-rumor-party utilizing the payrolls of the nation and the tax rolls or the exchequer to overthrow representative democracy and to entrench socialist class government in the United States. For a farmer-labor coalition, or even labor alone, can provide no other kind of government. And this is not to occur, only one thing will prevent it—the action of the great middle class, requiring intelligent party leadership, supporting those members of Congress who deserve support and refusing to support any others.

The Guy Who Made Good

By GORDON MARTIN When a class reunion gathers to attend a football game, it is often quite surprising who has won the greatest fame. For the boys have changed a lot since college days of long ago, and for years of toil and effort they have more, or less, to show. And it's strange the prophets failed to forecast how the boys would do, after winning their diplomas and departing from the U. There's the fellow who was voted the most likely to succeed, but his glamer's sort of faded since he's got ten kids to feed. And his job's an ordinary one that doesn't pay him much, and you wouldn't be surprised to hear him try and make a touch. Then there's some who earn good money but they'd like to make some more, since they spend it all in trying to keep up with folks next door. But the awkward guy that everybody thought would be a bust in the big surprise because he's showed the rest of them his dust. He has made himself a fortune and he spends a lot of jack, and his wife, she drips with diamonds while he drives a Cadillac. It's a jolt for all his fellows, and the prophets must concede, that you never know, in college, who's most likely to succeed.

The Doctor Says

By Edwin P. Jordan, MD Written for NEA

Men are more susceptible to hernias, or ruptures, than women are, though they can occur in either sex. This is because of differences in anatomy and the greater exposure of men to heavy strain in the course of their occupations and amusements. Once a rupture has occurred there are three lines of treatment to consider. The most conservative is to wear a truss or support which will keep the sac and abdominal contents more or less in place. This may be satisfactory for a person who does not engage in much muscular exertion, though there is always some danger that a sudden strain will cause the rupture to become strangulated. Nevertheless, there are many people who can wear a truss for many years with fairly good success. INJECTION TREATMENT Some years ago the injection treatment was suggested for hernia. The purpose of injection is to irritate the inside of the hernial sac so that a firm scar will form at the point where the hernia is bulging and force back the contents of the sac where it belongs. This method requires several treatments and carries some risk. Also the scar tissue formed is not always strong enough to bring permanent relief. Although the injection treatment still has some supporters, it probably is not used as much as it used to be and is not as desirable as surgery in most cases. By surgery the contents of the sac can be put back in place and a firm covering built up at the weak point so that the organs are kept where they belong. Hernias sometimes come back after such operations, often because of the carelessness of the patient, but modern methods of operating have improved so much that fewer and fewer recurrences occur. This is the best method of treatment for most patients with a rupture. NOTE: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

THE DOCTOR ANSWERS

QUESTION: Could you explain gynecology to me in non-medical terms? ANSWER: This word refers to that branch of medicine which deals exclusively with diseases of women, particularly of the reproductive organs. big haircut—"Samson and Delilah."

State Fair Passes Two Million Mark

DALLAS-(AP)—The State Fair of Texas reached its goal of two million attendance and then some.

Despite showers, 97,886 persons went to the fair on its final day Sunday to boost attendance to 2,047,540, a new record.

182,213 over last year's figure. A Denton housewife, Mrs. Chester E. Lovelady, was the two-millionth visitor.

American Girl Is Charged in Husband's Death

FRANKFURT, Germany—(AP) A pretty American brunette, pale and dazed with shock, was arraigned in a U. S. court on a warrant charging her with the murder of her young Air Force lieutenant husband after a quarrel with one of their female friends.

Mrs. Yvette Madson, 22, mother of two small children, is accused of shooting her 32-year-old husband, Lt. Andrew E. Madson, of Oakland, Calif., through the heart early Thursday in the living room of their home near the Rhine-Main Airbase.

The Air Force said the shooting followed a gay party at the home of friends. Judge T. M. Tarye adjourned the preliminary hearing until Monday to give Mrs. Madson, Brookline, N. Y., time to select counsel.

Mrs. Madson was dressed in a high-necked gray dress when she was brought to the courtroom from a hospital where she had been under treatment for prostration.

Madsen was killed by a bullet from a .45-caliber Army pistol as he returned from the party. The Air Force gave this account:

Madsen and his wife attended a party given by friends. Mrs. Madson quarreled with one of the women present and then left the party, early in the morning, driving the family car home.

Half an hour later Madsen was driven home by a friend. "As he entered the house, he was shot through the heart," the announcement said.

MEAT WORKERS STRIKE

BUENOS AIRES-(AP)—A 24-hour strike of 100,000 meat workers began just after midnight today in protest against lay-offs in the industry.

The Court reserves the right to waive technicalities and to reject any or all bids.

BRUCE L. PARKER, County Judge, Gray County, Texas.

October 25-Nov. 1.

FROM NINE TO FIVE

You have a breakfast date at 10, a luncheon at 11, an after dinner speech at 12 and a doctor's appointment for your indigestion at 1.
