IST Calls for Workable Way to Outlaw A-Bomb

President Speaks At U.N. Dedication

NEW YORK (AP)—President Truman challenged all nations today to agree on a workable way to outlaw the atomic bomb, as the alternative to man's destruction.

VOLUNTARY SETTLEMENTS RULED OUT

WASHINGTON (AP)—The outlook for any voluntary settlements in the big coal and steel strikes continued exceedingly dark today.

A steadily increasing toll from the walkouts on the nation's economy made White House intervention seem more and more probable.

Officials closely watching the situation said administration policy for the moment is one of hope that as the twin strikes become more acute, the pressure of public opinion and coal and steel customers may cause one side or the other to make a peace bid.

showed that Allen T. Sturges was fined \$500 in 1945 after pleading guilty to robbing the home of Actor Bruce Cabot of \$1,000 in jewelry on March 15 of that year. He was placed on five years probation and ordered to leave California.

A second note named his mother as Mrs. A. T. Sturges of New York and said he was "known by all newspapers in New York."

The third note purported to be a will.

Elmer M. Olson, the family attorney in New York City, said Sturges' mother is Mrs. E. N. Taverniere, widow of a former New York banker. Olson said she is seriously ill at her home in New York.

He said the family is not wealthy, but was well known during Taverniere's lifetime.

Brownsville officers said Sturges came there about three months ago and had been working in the aluminum welding department of a company which is building a synthetic gasoline plant at Port Brownsville.

Carburetor Too Rich
Makes Motorist Too Poor

Owners who are wasting money and not getting proper gas mileage due to over-rich mixtures will be pleased to learn of a Wisconsin inventor who has developed a very clever unit that helps save gasoline by "Vacu-mating." It is automatic and operates on the supercharge principle. Easily installed in a few minutes. Fits all cars, trucks and tractors. The manufacturer, the Vacu-matic Carburetor Co., 7617-700 W. State St., Wauwatosa, Wis., are offering a Vacu-matic to anyone who will install it on his car and help introduce it to others. They will gladly send full free particulars if you write them or just send your name and address on a penny post card today.

PRESIDENT

(Continued from Page 1)

"disregard of human rights is the beginning of tyranny, and too often, the beginning of war." He spoke just two days after the General Assembly voted agreement with Western charges that Russian satellites Bulgaria, Romania and Hungary are suppressing human rights and freedoms. The questions first were raised after trials of Josef Cardinal Mindszenty in Budapest and other religious leaders in Bulgaria.

The General Assembly approved, 40 to 6, Nov. 4, 1948, the United States-endorsed plan drafted by Bernard M. Baruch and others of the U. N. Atomic Energy Committee.

"This is a good plan," the President declared. "It is a plan that can be effective in accomplishing its purpose." It is the only plan so far developed that would meet the technical requirements of control, that would make prohibition of atomic weapons effective, and at the same time promote the peaceful development of atomic energy on a cooperative basis.

"We support this plan and will continue to support it unless and until a better and more effective plan is put forward."

This was a new notice that the United States will continue building up its stocks of atomic bombs until controls are guaranteed. The Russians have insisted on outlawing the bomb as a preliminary to discussion of controls.

The President also laid heavy emphasis today on the importance of peace:

1. Technical assistance and capital investment in underdeveloped areas where "at least half of mankind lives in dire poverty."

2. Attaining basic civil and political rights "for men and women everywhere" without regard to race, language or religion.

was the first trip out without liebelts, Winborne added.

The Douglas boy clung to the side of the overturned boat and was rescued.

Hanson was believed to have been trying to save the other nephew when they both went under.

The accident happened about 5 p. m. yesterday during a picnic attended by about 29 members of the Hanson family from Plainview and Panhandle.

The drownings mark a double tragedy for the two Hanson families, since Hanson and the father of the dead boy were brothers who had married sisters.

I. W. Hanson is survived by his wife, Onita, and by two daughters, Peggy and Billie. Jerry Hanson is survived by one sister, Anita, in addition to his parents.

Funeral arrangements are incomplete.

Henson, an Oldsmobile dealer in Panhandle, was secretary of the school board, a past president of the Lions Club, a Mason, and a member of the Building Committee and Board of Stewards of the Methodist Church.

Winborne and four members of the Pampa Fire Department — Bryant, Al Ferguson, Tommy Petropoulos, and Vernon Firkle — returned late this morning. They left Pampa about 8 p. m. yesterday.

Hope for some sort of a break seemed to be the basis on which Cyrus S. Ching, top government labor dispute mediator, was continuing in his secret talks with U. S. Steel Corporation officials in New York.

Ching was due to meet again with U. S. Steel this afternoon. It was reported here that he has so far failed to shake either the industry or the union on their attitudes over the method of paying worker pensions.

This is the key point of the 24-day steel strike. Murray has insisted the industry pay for a pension-insurance plan worth 10 cents an hour per man. The industry has agreed to put up that amount of money but has demanded that the workers add something from their own pockets to it.

As coal-burning railroads started to curtail services due to growing fuel shortages, prospects of any settlement of the 36-day coal strike were as remote as in steel. Northern and Western coal operators have even abandoned meetings with John L. Lewis' miners union, saying their talks were getting nowhere.

Lewis' aides were due to meet again tomorrow with Southern coal producers at Bluefield, W. Va. But there was an air of discouragement here too. Lewis himself has skipped most of the meetings with operators. He has asked contract improvements worth from 30 to 35 cents on a ton of coal.

Boy Posts Bond After Collision

FORT WORTH — (AP) — A "10-year old boy" who turned out to be a 22-year-old ridget has posted bonds totaling more than \$200 in connection with a head-on auto collision here Friday night.

The man, driving a borrowed car, crashed into a parked vehicle on the north side and fled the scene, witnesses told police, describing the driver as a boy.

He was arrested on returning to the scene Saturday morning, and police discovered the 56-inch tall man to be 22 years old. He was charged with careless collision, leaving the scene of an accident and driving a car without an operator's license.

Parent-Teacher Tea Honors Teachers at Sam Houston School

A tea honoring the teachers of Sam Houston School was given at the school Thursday. All teachers were introduced and a panel discussion was held on "Teamwork Between Home and School." On the panel were Mrs. Frank Culbertson, chairman, Mrs. Aubrey Steele, Mrs. Truman Cooper and Mrs. Lois Waller. Mrs. Culbertson stated that in her opinion the American school system is a good example of teamwork. She also listed as basic needs of children: a feeling of belonging, freedom from fear, achievement, the necessity for love and affection in the home, freedom from a feeling of guilt, the need of sharing, the need of knowledge and the need of economic security.

Mrs. Steele represented the parents and brought out the parents' viewpoint. Mrs. Waller and Mrs. Cooper took the side of the teachers. Mrs. Ray Goodnight, program leader, introduced Mrs. Ed Weiss, Jr., who sang the "Lord's Prayer." Preceding the regular session, a meeting of the executive board was held for the purpose of making plans for "Fun and Food Night" which will be Friday, Oct. 28. The meeting was in the charge of Mrs. Fred Thompson, president.

The tea table was decorated with yellow chrysanthemums and yellow candles. Mrs. Lee Newsum presided at the table, where punch, cookies and mints were served.

Bridal Shower For Jim Watsons

A surprise bridal shower honoring Mr. and Mrs. Jim Watson, 628 North Christy, was given by Mrs. R. P. Lyon, 620 North Zimmer, Wednesday evening at 8 o'clock. Mrs. Freda Forrest and Mrs. Benny Cory were co-hostesses.

A recording was made of the voice of each guest and several games were played. Kenneth Cazzell made the recordings.

Refreshments of cookies and coffee were served. Those present were Mr. and Mrs. Charles Lee, Mr. and Mrs. Harold Newman, R. E. Herring, J. L. Herring, Carl Moore, C. S. Allen and Fred Roberts. Gifts were received from several who could not be present.

SOAP PIN CUSHION

If there's a new infant in the family, keep a bar of soap near baby's corner. The soap makes a handy pin-cushion. If you form the habit of abjuring all diaper pins directly into the soap after use there's never a question of just where missing pins are.

Children's Movies Topic of Parents' Club Meeting

Mrs. Charles Cook gave a talk on "Movies for Children" and discussed children's reactions to certain movies at a meeting of the Parent Education Club on Tuesday. The meeting was in the home of Mrs. Ed Williams, 1144 Starkweather.

Roll call for the afternoon was answered by "A book my child would like to see made into a movie." The new picture, "Christopher Columbus" was listed as a good one for children to see.

Mrs. Farris Oden presided over the business meeting in the absence of the president, Mrs. Russell Holloway. She read a paper prepared by Mrs. Ray Kuhn. It was entitled "What's New" and related new things in toys, records, books and medicine for children.

Mrs. Bob Curry reviewed the club constitution, and also gave some questions and answers from the state hand book.

Mrs. E. E. Shelhamer was nursery hostess. There were nine children present and Mrs. Shelhamer took them to the City Park for their afternoon entertainment.

Newly Organized Hobby Club Gives 'Hobo' Party; Plans Halloween Fete

The Hobby Club, which was recently organized, entertained families of members with a "hobo" party Saturday night at the home of Mr. and Mrs. David Collis.

The host and hostess entertained the group with color movie scenes of beautiful and interesting vacation spots.

The dinner of barbecue, beans, salad, pie and coffee, was served "hobo style" around an outdoor fireplace.

Those present were Mr. and Mrs. C. H. Brickey, Mr. and Mrs. Joe Stone and Mary Jo, Mr. and Mrs. B. V. Brummett and Louise and Nell, Mr. and Mrs. W. E. Melton, Mr. and Mrs. Vera Savage and the host and hostess.

Mrs. Vern Savage was hostess to the Hobby Club Tuesday at 2 p. m. for a regular meeting.

During the business session, which was directed by the president, Mrs. Davis Collis, Mrs. B. V. Brummett was elected recreation chairman, Mrs. Savage was elected club reporter, and Mrs. George Hower was welcomed as a new member. Also, plans were made for new yearbooks, which will soon be available to members.

Plans were made for a Halloween party, to be held at the home of Mrs. C. H. Brickey at 7:30, Saturday evening, October 29. The group drew names for secret pals.

Judy Wollard and Jack Clary Wed

SHAMROCK — (Special) — Announcement has been made of the marriage of Miss Judy Wollard, daughter of R. C. Wollard of this city, and Jack W. Clary of Dallas.

Wedding vows were exchanged October 1, in the First Christian Church of Amarillo, with Dr. R. C. Snodgrass officiating.

Mrs. R. L. Jeffrey of Amarillo, sister of the bride, was matron of honor. She wore a navy suit with pale pink accessories and a pink split carnation corsage.

The bride was attired in a beige gabardine suit, with taupe accessories, and a pink gardenia corsage. For something old, she wore a bracelet belonging to her grandmother.

The couple made a wedding trip to points in New Mexico.

Mr. Clary is associated with Keystone Readers Service, with offices in Dallas. The group drew names for secret pals.

What Makes the T Tick Man-in-Motion T Features Speedsters

By JIM BECKER

AP Newsfeatures Sports Writer

More than 75 percent of the college and pro football teams use the T formation as the basis of their offense.

Many of these teams have added variations to the basic T. Two of the most widely used of these variations are the "Split T" and the "Winged T."

Your enjoyment of football games, broadcasts and reports will be increased if you understand the rudiments of the winged, split and plain T. This series will attempt to explain them.

The modern T formation is the creation of Clark Shaughnessy, famed coach of the University of California and mentor of the Chicago Bears, and Ralph Jones, coach of obscure Lake Forest College. Actually, it is only an improvement on the formation used around the turn of the century. In those days, three linemen were posted on either side of the center, a quarterback right behind the center and the other three backs in a row about five yards back of the line.

It was almost impossible to run to the outside from this setup, however, so coaches began experimenting with flankers. That is, they posted one of the backs outside the end so he could block and clear the way for a play around end. This led to the single and double wing formations, the inventions of Glenn "Papa" Warner. Four men were stationed to one side of the center, two on the other in what is known as an unbalanced line, creating a "strong" and a "weak" side.

The T formation came back when the three coaches devised the man in motion and perfected the counter-attack or reverse. The line was balanced again and the backs resumed their original alignment.

Coaches who teach the T maintain that the man in motion—one back leaves his position and runs out to the side before the ball is snapped—is more valuable than his predecessor, the flanker, because he can do more things. He can charge down the field to catch passes, can take a flat pass, or can block the opposing end in on an end run.

Because of this, the defense must send at least one man to

Rice Assumes Favorite's Role With Win Over Texas Longhorns Saturday

WALKER UNLIKELY TO SEE ACTION IN TEXAS-SMU BATTLE SATURDAY

Mustang Victory Over Kentucky Not for Doaker

By HAROLD V. RATLIFF

DALLAS — (AP) — It would have been a swell story to say today that Southern Methodist "won one for the Doaker."

All the ingredients were there for cooking up one of those dramatic tales whereby a football game was dedicated to its greatest star who couldn't play.

And that would have been the story if Coach Matty Bell hadn't stepped in.

All-America Doak Walker was going to miss the first game of his college career because of illness. There was a meeting of the SMU squad last Wednesday — the day Walker went to a hospital. It was a secret meeting and no one knew what went on, not even Bell.

The assumption was that the boys were pledging they'd win this game — the victory that was sorely needed to build up flagging spirits — as a tribute to Walker. The opponent was mighty Kentucky, unbeaten, untied, and ranked seventh in the nation. Kentucky was a seven-point favorite over an SMU team that had lost the week before to Rice.

And so the story went out that the battle cry on the hilltop was: "We'll win this one for the Doaker."

Friday — the day before the Kentucky game — Bell blasted at the press for carrying such a story. "We never have dedicated a game to a player at Southern Methodist University," he snapped. "It isn't true that the boys dedicated the game to Walker. Captain Dick McKissack told me they didn't. The meeting was one like the squad holds every week — a pep talk. McKissack told them they hadn't been playing the football they were capable of. I represent the press making capital of these boys' private affair."

The Doaker heard Southern Methodist's 20-7 victory over Kentucky on the radio. After the game Bell telephoned him at the hospital. "I'm mighty proud of them," the Doaker said to the team. The players all autographed the football and sent it to him. Walker, who has given thousands of autographs himself, was as proud of that as a \$50,000 professional football contract.

The Saturday SMU plays arch-rival Texas. It is Southern Methodist's last stand in the Southwest Conference race. Defeat by Texas will kick the two-time champions out of the running.

Indicators today that Walker won't be in the lineup for that one either. He's having fever again, his throat's so sore he can't eat like he wants to.

Nine Major College Teams Still in Undefeated Ranks

NEW YORK — (AP) — Nine teams hold the thirning line of major unbeaten - untied college football forces today, but the casualty rate is getting terrific.

The season may be lucky to squeeze through with as many perfect eleven's as last year.

By the time the season ends, California and Clemson alone closed out with spotless escutcheons. California fell later in a bowl game.

Notre Dame and Army, the country's two top-ranking powers, appear good bets to survive the last six weeks and fourth-place Oklahoma may extend its string.

But the other untarnished teams — California, Cornell, Baylor, Pennsylvania, Boston U. and Virginia — have rough seas ahead.

Baylor has yet to meet the Southwest titans — Texas, Southern Methodist and Rice.

Four teams with nothing but big, fat victories took a tumble Saturday in the most violent reversal of form this season.

North Carolina, Minnesota, Kentucky and Pittsburgh went down with a thump.

North Carolina was stunned by Louisiana State in a night game at Baton Rouge, 13-7.

Minnesota's Gophers, already eyeing the Rose Bowl, were trimmed by Michigan's defending national champions who pounded back from two straight, 14-7.

Bear Bryant's Kentucky, riding a five-game winning streak, lost to Southern Methodist, 20-7, and Arkansas slipped up against a fired-up Indiana team, 42-14.

These upsets promised an upheaval in the nation's first ten, which will be determined by an Associated Press vote today.

Minnesota had ranked third in the last weekly standings with North Carolina sixth and Kentucky seventh.

Notre Dame was idle last week. Army, which overwhelmed Columbia 63-6, should enjoy another touchdown parade against Virginia Military Institute. Unbeaten Penn. entertains Pittsburgh.

Michigan will meet Illinois at Champaign in a game that should help unravel the confused Western Conference race.

The best games in the South sent Mississippi State against Tulane, Tennessee against North Carolina and Duke against Georgia Tech. Texas and Southern Methodist is the Southwest headliner.

Oklahoma has Iowa State next on the agenda.

Owls' Schedule Is Softest Left On SWC Menu

By WILBUR MARTIN

Associated Press Staff

It's a battle for survival in Southwest Conference football this week.

Texas, Southern Methodist and Texas Christian have to win to keep alive flickering title hopes. Texas and Southern Methodist tangle in Dallas, while Texas Christian goes to Waco to take on the undefeated, untied Baylor Bears.

Rice, the team that licked both Texas and Southern Methodist, doesn't risk its perfect-conference record. It plays Texas Tech of the Border Conference.

Arkansas and Texas A&M get together in the other conference game, but this tilt won't mean anything in the title race. Each has been beaten twice and in the Southwest Conference that means you start thinking about next year.

More than 75,000 are due to jam the Cotton Bowl in Dallas for the SMU-Texas tilt. Southern Methodist has beaten Texas the last two seasons and probably will be favored to turn the trick again.

Texas lost to Rice last week, 17-15, in the last ten seconds of play. Rice beat Southern Methodist, 41-27.

The Mustangs may not have Doak Walker back Saturday, but even without Walker, hospitalized with the flu, SMU crumbled the Arkansas seventh ranking team, Kentucky, last week, 20-7.

In other games, Texas Christian outscored Mississippi, 33-27, in a wild battle of offenses; Baylor blanked Texas A&M, 21-0, and Arkansas upset Vanderbilt, 7-6.

James (Froggie) Williams was the hero of Rice's victory. He booted a field goal from the 18-yard line in the last ten seconds to snatch victory from the Longhorns.

The win put the Owls in a very strong spot to grab the championship. They have only to play Arkansas, Baylor and A&M. Baylor, the dark horse entry in the conference race, still must face Texas, Southern Methodist, and Rice after this week.

Lindy Berry could throw passes faster than Mississippi's breakers, but he's behind — and that just about summed up the TCU's victory.

Texas pushed Rice all over the field in the first half and in a good part of the second. But the Owls came from behind — as they did against Southern Methodist — and their straight brand of football was too strong for Texas.

Baylor was figured to beat A&M more than it did, but the Bears weren't pressed in winning.

Texas' Randall Clay still leads the conference's scorers with 61 points on seven touchdowns and 19 extra points. Williams is second with 37 points.

Texan Sets New Extra Point Mark

PHILADELPHIA — (AP) — A soft spoken Texan has qualified as the new "ace" of the National Football League.

He's 340-pound guard Cliff Patton of the Philadelphia Eagles who yesterday broke "Automatic" Jack Manders' 11 year old record of 73 consecutive points after touchdowns.

Patton drove seven conversions between the uprights to run his string to 77 as the Eagles downed Washington's Redskins 49-14.

The 28-year old native of Clyde, Texas, began his sensational streak against Pittsburgh on Nov. 30, 1947.

Schoolboy Hits 100

HUGHES SPRINGS, Texas — (AP) — Joby Whit, Hughes Springs High School's mighty man, is the first football player in Texas to reach the 100-point mark in scoring for the season.

Not only that, he added 15 to it.

Witt Friday night collected 26 points against James Bowie, a District 22-B opponent.

Joby now has 18 touchdowns and seven extra points.

Of the ten teams on the Clemson football schedule, eight were opponents in 1948.

Hardin, Houston In Showdown Tilt

(By The Associated Press)

Hardin and University of Houston meet at Wichita Falls Saturday in a show-down game of the Gulf Coast Conference.

Houston is considered the major hurdle for Hardin in the drive toward the championship. Hardin already has taken out North Texas State.

Trinity University, the other member of the conference, hasn't done well enough to be figured in title consideration. For instance, the Tigers last week took a 56-20 drubbing from four-time loser West Texas State of the Border Conference.

Hardin has won the only conference game yet played in the circuit. In season play, the Indians have a 6-1 record. They took an unexpected 25-13 licking last week from East Texas State of the Lone Star Conference at Denton Saturday afternoon.

Opelousas Member

OPELOUSAS, La. — (AP) — Opelousas will definitely become a member of the new Gulf Coast Baseball League it was decided at a meeting here Friday night, according to Charles English, owner of the club franchise.

English, a former big leaguer, is in town for the formation of a baseball school.

The new league, which has tentatively been okayed by George Trautman, president of the Minor Leagues, according to English, will be a Class C loop.

The most points scored against an SMU team in one season was in 1916-452 points.

HERE'S THE PITCH—Sammy Baugh gives instructions to his sons, Todd, left, eight, and Davey, six. The youngsters saw their famous father in action for the first time, defeating the New York Bulldogs at Griffith Stadium with four touchdowns passes, 38-14. Last the Washington Redskins worry about future passers, there are two more little Baughs back home at Sweetwater, Tex.

Schoolboy Football Moves Into Big Week on Friday

By HAROLD V. RATLIFF

Associated Press Sports Editor

Texas Schoolboy football moves under virtually full steam into the championship fight this week. Eighteen of the twenty districts of the City Conference and Class AA have conference games. In seven of the districts the tests are most important to title hopes.

Only six undefeated, untied teams remain in all Texas. Two of those may tumble this week in conference games.

Feature battles are Henderson vs. Marshall in District 9 and Corsicana vs. Waco in District 13 of Class AA.

Henderson and Corsicana are among the unbeaten and untied. Marshall, which fell before South Park (Beaumont) 13-7 in the major upset of last week, has long been the District 9 favorite. Waco, defending state champion, meets the team expected to be District 13 kingpin if it can get by this one. The game is in Waco and Corsicana has its work cut out for it.

Other undefeated, untied teams are Wichita Falls, Lubbock, Grand Prairie and Port Arthur. None of these appears in for trouble this week. In fact Grand Prairie doesn't even play. But from what happened last week it seems the only safe team is that one with an off week.

Lamesa, Ysleta, Highland Park (Dallas), Marshall and Galena Park were pitched from the unblemished class.

The biggest show of strength was Lubbock's 47-7 victory over Amarillo. It skyrocketed the West-erners' stock and brought forecasts that the teams in the finals this year will be Lubbock and Port Arthur.

Port Arthur didn't play last week but swings back into the grind next Friday night against Orange, the team that has been expected to offer the Yellow Jackets their strongest competition for the District 11 championship.

Stephen F. Austin meets San Jacinto in the feature clash of Houston District in the City Conference this week. They are two of three teams unbeaten in conference play. John Reagan, which incidentally is the last unbeaten team over the season route in the City Conference, is the other one. Reagan has been tied, however.

San Antonio's District also has a highly important game, matching Brackenridge and San Antonio Tech. These two teams along with Thomas Jefferson are undefeated in conference warfare.

In Class AA crucial games are scheduled in five districts. Childress and Vernon, two of three unbeaten teams in conference play, get together. The other team—Wichita Falls—has an easy game with Quanah. Wichita Falls added to its prestige last week by beating Highland Park 14-7.

Denison and Paris battle in District 7, this result to go a long way toward the title.

In District 14, Corpus Christi plays Kerrville in an important tussle. The winner will contest Austin for the championship.

Hagen's Mother Dies

ROCHESTER, N. Y. — (AP) — Golfer Walter Hagen's mother, Mrs. Louise Hagen, 86, died at her home Friday.

Old Miss, which plays five night football games this fall, first played football under the lights in 1929.

Duck Hunters: Shoot Drakes!

SAN ANTONIO — (AP) — Attention, duck hunters: "Shoot nothing but drakes!"

This was the plea of Dr. Fred H. Weston, San Antonio, president of the Texas Wildlife Federation, as the duck hunting season became only a matter of days away.

There is a love interest, Weston explained.

In analyzing conditions, the federation found that Nature is wisely planned a sex ratio of 95 drakes to every 45 hens because she expected to lose more drakes than hens," the group president stated.

"Drakes are gaily plumed to attract predators and lead them away from the nesting female. Accordingly, in Nature more drakes died for this feathered gallantry," Weston explained.

"However, man has now changed the situation by controlling predators. So today, fewer drakes die than Nature had planned. It's a case of too many males for every female, and the female duck can't make up her mind about which one is going to be her mate. Usually a hen is courted by from nine to 10 drakes before she finally decides on her mate. This has resulted in a biologically unsound condition in the duck world. So hunters ought to shoot the males."

Keep an Eye on Hogs' Don Logue

By WILBUR MARTIN

Associated Press Staff

Keep an eye on Arkansas' Don Logue.

Take a look at the statistics of the Southwest Conference and note he's among the leaders in individual scoring. Remember he's young, just past 19, and in a tough spot — quarterback on a team that has just switched to the "T" formation.

Logue is fairly little for the average football player, five feet nine and one-half inches tall. He packs 170 pounds on his compact frame.

One of the bright spots in Arkansas' flat showing against Baylor was this ex-Fayetteville, Ark., high school star. The Razorbacks lost that game 13-35. One of their touchdowns was scored by Logue. He passed for the other.

A "T" quarterback must pass. Logue can pass. Even in that Baylor game, where protection for the passer on numerous occasions was non-existent, he showed this.

Logue's ability to step into the No. 1 quarterback slot made the transition from the Tennessee single wing to the "T" easier for Coach John Barnhill.

Barnhill can be grateful that Logue didn't pay much attention to doctors who told him he would never play in an athletic event again. That was when his right leg went down "to nothing" after he wore a cast for weeks on a knee injured in a baseball game.

Tulsa University would like to have had Logue, an all-state football player, all around athlete, and top scorer on his scholboy grid team. He liked the home town school better.

For a fellow who wasn't supposed play any more sports, Logue does very well. He's a good baseball and basketball player, a trackman and a crack middleweight boxer.

He credits what knowledge he had of football before going to Arkansas to his high school coach, Elwin Gaiser, now tutoring the North Little Rock, Ark., high school eleven.

Arkansas may not set the Southwest Conference on its ears this year. Or next year. Or the year after that.

But don't say that about the Razorbacks' quarterback.

DOUBLE LEGLOCK—Arkansas' Leon Campbell jumped to catch a pass, tucked the ball under his arm, only to find that Texas Christian's Morris Bailey had his arms around his shanks. The Razorbacks won at Fayetteville, 27-6.

WARREN'S WARMUP

By Warren Mason—News Sports Editor

QUESTION: What have these three Texas fullbacks in common: Ray Borneman, Newell Kane and Reed Quinn?

IT IS WITH GREAT PLEASURE I NOTE THAT THE Amarillo Gold Sox are making an attempt to move the baseball park to a new location. Whether the move will be made or not is up for debate in the city Nov. 4. To do so would entail a rezoning of certain parts of the city to make way for the park.

Sports building has been boom in the Helium City in the past few years. The Sports Arena was built to accommodate basketball and wrestling crowds, in addition to other things. The new football stadium was completed this season and now an attempt for a new ball park. The new park is certainly needed. The present Gold Sox Park is a disgrace to a city of the size of Amarillo. It is good to see that Bob Seeds and Buck Faucett are trying to do something to remedy the situation.

Pampa's athletic facilities have proved adequate, with the exception of field house or gymnasium for basketball. Oiler Park didn't suffer from overflow crowds this season. And so far, in the four home games played to date, Harvester Park has easily accommodated everyone who wanted to see the games. Which brings me around to attendance at the games. It has been sad.

Here are the Harvesters, with one of the finest teams that has performed at Harvester High in several years. But they have yet to play before a capacity crowd. Last Friday night the entire crowd could probably have been put on one side of the field. Yet on Nov. 5, when Amarillo comes to town, there won't be enough room, in all probability. I can understand why the large crowd for the Amarillo game, but why don't the fans support the team the entire season, at least at home.

Every out-of-town game that the Harvesters have played they have performed before a crowd larger than any at home. Every other town reports capacity crowds virtually every time a game is played. Yet in Pampa there is a doubt room for more.

The Harvesters are beyond a doubt one of the finest teams in the state. No matter where any other paper or organization rates them; they are among the top ten in my book. They are a swell bunch of boys, all giving all they have each game they play. They are coached by a couple of the best and craftiest instructors in the state.

With that type of football unit with a good park to play in such as up at Harvester High, a town the size of Pampa ought to be able to fill every seat every game, plus the end bleachers. Let's all get out for that Amarillo game and back the boys in what is probably their most important game of the season on Nov. 5.

WHILE I AM ROAMING AROUND on a baseball diamond again, let's talk about a rumor emanating from Lubbock. Joe Kelly, sports editor of the Lubbock Journal, has indicated that there is a move afoot to make a few changes in the lineup of teams in the WT-NM League. The move, if made, would make it possible for the league to petition for a Class B rating, which of course would mean better baseball for everyone.

The reported move is to oust Lamesa and Abilene into the Longhorn League, which would then become a Class C league. This would eliminate those long trips to mid-Texas for all the other clubs in the WT-NM League.

In their place would come any of several clubs. El Paso, Roswell, Odessa all would like to get into the WT-NM loop. This would probably be a big improvement in the league, despite the fact that Lamesa and Abilene both finished in the playoffs this season. The idea, from the fans' standpoint, is to see the best ball possible. The best is seen in the higher leagues. So, if the league could be switched to Class B through the addition of any of the three aforementioned teams the fans would get their better baseball. Lamesa and Abilene would lose nothing, still playing Class C ball provided the Longhorn should switch to C. Another possibility is the removal of Clovis from the league to make room for one of the other cities.

A team at Roswell or teams at Roswell and El Paso would help greatly when it came time for those long trips to Albuquerque and Clovis. El Paso is starting to demand a team, and in all probability will get it soon.

The idea is reportedly gaining some momentum among the club owners in the league and by the time of the winter meeting there will probably be a motion made on the subject. The traveling distance between the cities would be much shorter, cutting down expenses and long rides for the players.

It sounds like a good idea. The owners are mulling it over now, and it is quite possible there may be some new cities in the league by next spring.

Texas-Baylor Game to Have Lots of Music

AUSTIN — One thing about the University of Texas-Baylor University football game November 5 will have more color than any other here this fall. Sixty-six high school bands composed of some 4,200 musicians garbed in many-hued uniforms will take part in the University Longhorn Band is host for Band Day.

The high school musicians will parade up Congress Avenue, Austin's main thoroughfare, beginning 10:30 a.m. Arriving at the State Capitol they will be addressed by Governor Allan Shivers, then during the afternoon will be guests at the Texas-Baylor Game. It also includes a reunion of ex-members of the Longhorn Band, directed by Colonel George E. Hurt.

The bands and the order in which they will parade as follows: Austin High, Alvin, Banders, Bastrop, Allan Junior High (Austin), Bay City, Beeville, Belton, University Junior High (Austin), T. D. Haven (Blossing), Brownwood, Cameron, Carthage, Columbus, Comanche, Crockett, Cuero, Devine, Edna, Elgin, Fallfurris, Fredericksburg, Giddings, Hearne, Hebbornville, Hillsboro, Junction, Karnes City, Kenedy, Kerrville, La Grange, Lampasas High, Lampasas Pee Wee Band, Llano, Lockhart, Luling, Madisonville, Marble Falls, Marlin, Mason, Mexia.

STRANGE SPOT EAST LANSING, Mich. — (AP) — The lightest man of the first string Michigan State football lineup this season is, of all things a tackle. Don Coleman, sophomore left tackle, weighs 178 pounds and is 12 pounds lighter than his smallest teammate, backs included.

GAS CHAMBER AWAITS MISDEMEANORING PUPS

The whole thing started at 3:30 one morning last week. A mournful crying and whining woke my wife and me. It sounded like it was right inside the house, so the wife got up and went to see what was bothering our dog. The dog was surprised, and probably disgusted, at being awakened at that time of the morning for no apparent reason. Finally we decided the noise came from outside.

The next morning we found out what it was. A little Pekinese was lying beside the back door. We quickly discovered that it was a blind and deaf, relying solely on its pushed-in nose and its four paws for survival. The wife fed it food and milk, while we waited and hoped that someone would place an ad in the lost column. When the dog was still around at noon and nobody had called the newspaper to claim him, we decided the best thing was the catch it. He had started whining again when he discovered how lost he was.

I called the police station to find out who could take the dog to the city dog pound. I was informed to call 1386 and ask for Mr. Stone. This was done and the dog was picked up. Stone was snipped in the hand in the process. The dog, unable to see what was touching him, snapped at everything he touched as a precaution.

Later in the afternoon I decided to visit the dog pound and find out how the dogs were treated. I found out that it is located at the swimming pool. There I found Jack Stone feeding the inmates. At the time there were seven dogs imprisoned. All were nice looking animals, clean and healthy. In my conversation with Stone I found out that the dogs are kept a minimum of three days, which should be sufficient time for any owner to locate his lost animal. The dogs are fed once a day with a diet of pellets and water. Any of the dogs may be purchased by dog fanciers by paying the \$1 pound fee.

All of the dogs were ambling around the cell block with the exception of two which were in solitary. One was our little blind friend who was in a cell by himself because of his hot temper. The other was a little black mongrel, fawning at the mouth, though not too vicious. But Stone wanted to keep him for the other dogs.

The other five cellmates were all friendly animals. One of them was a big tan and white, longhaired dog, half police and half collie. We found out that he was in on a vagrancy charge. He had been roaming the city's streets until finally he had to be picked up. Sneaking around the cellblock, afraid of his own shadow, was a little brown pooch, slightly larger than a Chihuahua. I found out he was an orphan. His mother had run away with a Great Dane when he was but four months old. Now he was in jail, looking forward to death, though he had hurt no one.

By HUGH FULLERTON, JR. NEW YORK — (AP) — Nick Cullop's "resignation" as manager of the Milwaukee Brewers apparently confirms the word reported here the other day that the Braves weren't happy about Nick's habit of hanging out on big league castoffs instead of developing new prospects. . . . Next move probably will be to get R. G. Collins to move from Hartford to Milwaukee and Ernie White from Bluefield, W. Va., to Hartford. . . . Maybe the West Virginia spot will be given to Jeff Heath. . . . Alex Kellner, who won 20 games for the Athletics this season, originally was signed for \$50 by the Tucson, Ariz., club, then a Cincinnati farm. . . . The Reds' bigwig thought Alex was "too fat and too thick across the chest" to become a good pitcher, so they let him go for peanuts after Kellner refused to play for the same.

SAFETY FIRST Michigan State claims to have the smallest big-time football tackle in 178-pound Don Coleman, but the Spartans found out a year ago that he's plenty tough. . . . It was when Jaycee Coach George Makris asked Bob Flora to send over some yearlings to scrimmage his lads. . . . In about five plays, Coleman had stacked duty for Varsity players all over the field and was looking for more when Makris yelled: "Get that guy out of here; he's ruining my team."

WORD TO THE WIVES It's a well known fact that the football season has a disastrous effect on the mental processes of coaches. . . . Mrs. Don Edmonds, wife of the Indiana U. assistant, can tell you it must be catching. . . . The Edmonds are very proud of their brand new car, and as she was going down the street in Bloomington the other day, Mrs. E. was pleased to see a vehicle just like hers approaching. . . . Thinking it surely must be her husband, she waved enthusiastically and yelled "Hi." Then as a blank-faced stranger drove by, Mrs. Edmonds remembered she was driving their new car herself. . . . Eddie Dyer and his brother have opened an insurance agency in Houston, Texas, where the Cards manager figures he'll be chained to a desk most of the winter. He still can't insure a pennant.

By TED KESTING

Sweetest upland game bird for many men is the common bobwhite. In New England they call him a quail, and down South he is a partridge which is, ornithologically, a little closer to the fact. Our famed naturalist Donald Culross Peattie thinks we should accept the bird's own name for himself: Bob-WHITE! Bob-bob-WHITE! Ah, bob-white.

Some scientists believe no other creature save man has so vast a vocabulary; that is, a meaningful vocabulary. I exclude the imitative powers of catbirds, parrots and mynas, and the gobbled-gook of crows. Students of the bobwhite list such phrases as the following: the food call given by the cock bird when bringing home the bag; the screaming battle cry of the cock when another male takes too much interest in his mate; the flicker-like cackle of the male in pursuit of his love affairs; the note of the hen that invites the male; and a great deal of baby talk.

That is to say, the various notes of the chicks—the metallic piping of the lost chick, the chirping chatter of youngsters keeping in touch with each other while feeding in the grass, and the curlew-like wail of the captured chick, a sound that brings down upon you head a demon in feathers—the parent bird. All this is but a fraction of the bobwhite language, yet the sweetest note of all I haven't mentioned. It's that liquid, far-ranging ka-lo-ee-hee that sounds like some Polynesian song of welcome. Ornithologists call it the scatter call, meaning that it calls the scattered flock together. I would rather call it the all-clear signal, given when danger is past. It is also the bobwhite's version of "oh, what a beautiful morning."

Sometimes the dogs have to be killed before their time has arrived. One Collie bit a boy in the hand, knee and leg and had to be shot when he went wild. Another, a Boston Bull, swallowed a sand burr and had to be killed or left to strangle to death.

"Cats are the worst things to kill," said Stone. "The other day I put four of them in the gas chamber and left them in there times as long as I do a dog. I threw them into the back of the truck and started for the dump. Before I got halfway there all four were up and walking around again."

Stone invited anyone who is looking for a dog to come down to the dog pound and see what there is there. You may find one you like. It's truly a dog's life!

Pro Gridders In Showdown

NEW YORK — (AP) — Amid reports that the dove of peace was fluttering around the professional football scene again, top teams of the National League and the All-America Conference prepared for showdown of power next Sunday.

The Pittsburgh Steelers entertain the Philadelphia Eagles in a brawl for the NFL's Eastern Division leadership this Sabbath. The Chicago Bears challenge the Western leader, the Rams at Los Angeles.

The big games in the AAC next Sunday bring together the San Francisco 49ers and Cleveland Browns at Cleveland, and the Baltimore Colts and New York Yankees at Yankee Stadium.

Los Angeles' latest victory was a 35-7 verdict over the once-feared Green Bay Packers yesterday. Chicago suffered a setback yesterday when the New York Giants broke a 28-28 tie late in the fourth period and emerged with a thrilling 35-28 upset triumph.

Also in the National League, the Champion Eagles club staggered the Washington Redskins, 49-14 at Philadelphia, while the Steelers kept pace at Pittsburgh by overcoming the New York Bulldogs, 24-13.

The big upset in the All-America Conference came when the Yankees knocked off the high-riding San Francisco outfit, 24-3.

The National League had another upset at Chicago, where the Detroit Lions punched the Cardinals, 24-7.

In two other AAC contests, the Buffalo Bills defeated the Los Angeles Dons at Buffalo, 17-14, and the Chicago Hornets handed the Baltimore Colts their seventh defeat of the year, 17-7, at Baltimore.

Wind Gives Victory

CELINA, Ohio — A strong gust of wind gave nearby Rockford High School tonight down Friday night in its football game with Coldwater. Coldwater's Floyd Hemmelgarn, standing on his own 15 yard line, punted into the wind. The ball sailed high into the air, almost straight up, the gust caught it and carried it back over Hemmelgarn's head and into the end zone, where center Bob Smith of Rockford fell on it for a touchdown.

East Texas State Hero of LSC

(By The Associated Press) The Lone Star Conference was passing out bouquets today to East Texas State. Coach Bob Berry's Lions Saturday knocked Hardin College's Indians, 25 to 15, ending the victory streak of the Gulf Coast Conference leaders at six games. It was the first major win for the Lone Star loop over its rival circuit since Southwest Texas banged Trinity early in the season.

East Texas goes after its second conference victory in as many starts Saturday against S. A. M. Houston State in Huntsville. The Barkats lost to North Texas of the Gulf Coast Conference, 41 to 14, Saturday.

Stephen F. Austin stayed in the running for the Lone Star title by beating Southwest Texas, 23 to 20. It evened Austin's League record at one victory and one defeat.

In other games this week Austin entertains Louisiana College at Nacogdoches and Southwest Texas State plays North Texas State at Denton.

North Carolina State will play 15 home basketball games next season in the new William Neal Reynolds Coliseum at Raleigh, N. C. It seats 12,000 persons.

Pampa's Biggest Building Project—Building Youth; Drive Starts Wednesday

Doesn't Take Old Timer To Remember Girl Scout Association's Growth

Old timers will admit Pampa has grown by leaps and bounds. However, it doesn't take an old timer to verify the rapid growth of Pampa Girl Scouts.

Oct. 14, 1938 was the date some prominent Pampans gathered at the Kiwanis Club Scout House, which is now known as the Little Scout House, to hear Miss Mary Esther Brooks, field member of the National Girl Scout Association.

Miss Brooks gave suggestions on how to start a Scout council in Pampa. Prominent Scouters at that time were Mrs. J. M. Turner, first secretary of the association, Mrs. Frank Culbertson, Jimmy Massa, Roy Bourland, Mr. and Mrs. Mel Davis, Mr. and Mrs. Lynn Boyd, W. E. Weathered, Mrs. Roy McKernan, Mrs. Ralph Thomas and Miss Josephine Thomas.

From the first organizational meeting of the Pampa Girl Scout Association, one of the major ways to finance the troops has been selling calendars and cookies.

Each year the Board of Directors of the association sets a budget for the next year's fund drive. This year's will be for

BUILDING NEWS

FROM DOLLARS TO SCOUT CAMPS—In eight short years the Pampa Girl Scout Association's Camp Sullivan has grown from a mere barbecue pit to a well-developed camp, as pictured above. The house is now equipped with a large kitchen, recreation room with fireplace, and bedroom. The grounds around the house also have been fully developed.

Building Program Centers Around Camp Development

Building a Girl Scout camp is a job for any town. In 1941 Camp Sullivan was nothing more than is pictured at the right. A barbecue pit at that time was about the only development of the Scout camp.

The Pampa Girl Scout Association's general annual drive will get underway Wednesday. This year's budget is the same as it has been for several years—\$6,600. Part of the money received from this year's drive will go for the further development of the camp.

MANY GIRL SCOUTS have enjoyed the Little Scout House since its deed was presented to the Pampa Girl Scout Association Nov. 3, 1945, by the Pampa Kiwanis Club. The Scouts pictured above are arranged in a party (l. to r.) Treva Dean, Mattie Lee Wright, Gwendolyn Burnett, Carol Sue Wilson, Adrena Faye Chisum, Bonnie Jean Brown and Faye Butcher, all Scouts of Troop 3. The leader with them is Mrs. C. M. Chisum.

Electric, Chemical Earnings Reported

NEW YORK — (AP) — General Electric Co. reported net income for the first nine months of this year of \$67,612,879 or \$2.34 a share compared with \$63,893,459 or \$2.51 a share in the like period of 1948.

Matheson Chemical Co. reported net income of \$5,190,700 or \$3.52 a share on 1,327,727 shares for the nine months ended Sept. 30. This compared with \$3,296,662 or \$3.79 a share on 823,771 shares in the corresponding nine months of last year.

Fuel Shortages Bring Problems

Fuel shortages and rising fuel prices will soon hit American householders.

Fuel oil prices in many sections of the country have been increased as much as two cents a gallon from summer lows. In some sections, heating oil users are paying an additional one-half cent per gallon because their tanks will not hold more than 300 gallons.

The petroleum industry says there is no likelihood of a severe fuel shortage such as was experienced two seasons ago, but that if weather becomes severe enough to interfere with deliveries there may be some spot scarcities.

In view of these conditions, home-owners were warned by the Construction Research Bureau, New York clearing house for building information, to take immediate steps to save fuel during the coming heating season.

First requirement, the bureau said, is to insulate homes full with mineral wool, which will save at least 35 percent of the fuel burned. This is accomplished by having walls and other inaccessible spaces blown full of the fluffy, wool-like material, and applying batts and blankets of mineral wool in at-

LOTS OF PEOPLE, BUT NO SCOUT CAMP—Back in September, 1941, Camp Sullivan appeared as is pictured above. Scout directors had decided they wanted Camp Sullivan for their Scout camping grounds, but there was much work still to be done before it could be considered a camp. On Sept. 25, 1941, a large crowd gathered for a barbecue at the site to hear Boots Adams of the Phillips Company present a Scouting speech. From that time on improvements have been added to the camp.

Bureau Reports Texas' Building Permit Increases

AUSTIN — (AP) — Building permits in Texas for September were nine percent below August but eight percent above a year ago.

The Bureau of Business Research reported September permits totalled \$35,521,537 in 41 Texas cities.

Houston, with \$6,476,486, led the state.

Plainview had the largest August-to-September increase in building permits — 190 percent. Other increases over August were recorded by Edinburg, 158 percent; Texas City, 93 percent; El Paso, 74 percent; Amarillo, 66 percent; and Kerrville, 51 percent.

August - to - September declines ranged from three percent in Midland to 75 percent in Big Spring.

Big increases over September 1948 were reported by Temple, 255 percent; Denton, 164 percent; Fort Arthur, 140 percent; Amarillo, 139 percent; Gainesville, 106 percent; Edinburg, 89 percent and Austin, 70 percent.

Building permits dropped sharply during the 12-month period in Marshall, Big Spring, Cleburne, Pampa, Lubbock, Texas City, and Texarkana.

TYPICAL GIRL SCOUTS—Members of Troop 14 smile for the cameraman after telling of their recent activities. They are (back row, l. to r.) Shirley Hankhouse, Gloria Scherer, Wanda Wehrung, Marilyn Toppfer, Linda Joyce McDonald, Bonale Glaxner and Becky Palmer. In the front row are Ann Boosa, Patsy Huffines, Martha Gordon, Rebecca Skelly, Linda Steele and Sydna Morris.

Scout Building Plan Enhanced By A. C. Troop

A. C. Troop now heads the Pampa Girl Scout Association. He has the main responsibility in building the local Scouts.

First vice president is Aubrey Steele, and second vice president is Dr. Douglas E. Nelson. Secretary and corresponding secretaries are Mrs. Dan Glaxner and Mrs. Charles I. Hughes, respectively. Mrs. Carl J. Wright is treasurer.

Committee chairmen are: R. H. Vensiel, Camp Sullivan; Mrs. Carl Stone, troop camping; Mrs. Howard Vineyard, day camping; Joe Wells, finance; Dr. Nelson, staff and office; Mrs. I. T. Goodnight, organization; Mrs. Glenn Radcliff, program; Mrs. Frank Hoggatt, training; Mrs. E. A. McLennan, Juliette Low; and

James A. McCune, membership nominating.

Mrs. Joe Gordon and J. B. Massa are on the nominating membership board and Mrs. K. E. Thornton is executive.

Someone to Love

By IRENE LONNEN ERNHART

THE STORY: Jenny's marriage to Tod Duncan has been unhappy because of Lis Conover, who plotted to get the money that Jenny inherited from her father's advertising agency. But then there is gossip. When Jenny overheard Lis telling friends how Tod married Jenny "on the rebound," she decided to get a divorce. Jenny says Tod has never been in love with her. Jenny waits for Tod to deny the accusation.

take time of separation had to elapse. Tod kept staring at the table while the lawyer talked. When at last Rick and Jenny were leaving Tod touched Jenny's arm. "How are the boys?" "Fine." "I suppose it wouldn't do for me to come out and see them?" Jenny glanced at Rick and then back to Tod. "I suppose it would be all right. Tod. I've hired a woman to look after them while I'm in town during the day. You could go out any afternoon." "Some afternoon?" Was there an undercurrent of disappointment in the words? "Yes, it would be best if I came when you weren't there, I suppose."

FUNNY BUSINESS

"Sorta giving us the run-around, aren't they?"

Sanitation Is Very Important With Oysters

AUSTIN — Some people claim oysters are good only during the months which have R in their spelling. But the Texas State Health Department says oysters are not safe any month, with or without the R, if the seafood has not been cultivated, shucked, packed, and shipped under sanitary conditions. Texas' veteran state health officer, Dr. Geo. W. Cox, says oysters have much to commend them as a source of food. "They have protein of good quality, iron, and copper (important as a protection against anemia), iodine, which is essential to proper working of the thyroid gland, and a fair amount of vitamins," Cox says. But he adds emphatically, "Beware of uncertified oysters." According to the doctor, each oyster grower in Texas is given a certificate of approval for the oyster beds he uses. Provided health department officials find the beds are free from pollution, and the shucking houses are clean and well-kept. Otherwise, no certificate. Each shucking house (where oysters are opened) must have a certificate showing all employees are free from communicable diseases, especially typhoid fever. The certificates are issued annually. The federal government cooperates with the state by keeping a list of all certified shippers in Texas. If a shipper isn't certified by the State Health Department, his oysters can't be shipped in interstate commerce. And since Texas has some fine oyster beds, Dr. Cox says the interstate commerce ruling is an incentive for oyster shippers to adhere to sanitary practices. Otherwise they miss the out-of-state market. That's the situation on oyster sanitation from a man who knows. So don't look at the calendar when you order oysters. Ask the seller if his product is certified by the proper public health officials.

Tom Connally Makes Tiny Peace Offering to Offended Colleagues

WASHINGTON (P)—Texas' Tom Connally has offered the olive branch of peace to fellow senators scarred by the whip of Connally sarcasm during debates over American Foreign Policy. It's an unusual gesture for the old-school lawmaker who generally uses barbed anger, scorn and ridicule like a shillelagh, without totting up the score in wounded pride. But this time Connally can afford the peace move. As chairman of the Senate Foreign Relations Committee he has won every battle of the session for the administration's foreign program. First it was the \$5,778,000,000 foreign recovery program. Then the North Atlantic Treaty. And finally the \$1,314,010,000 program to arm friendly nations against communism.

Mayer Fails In Cabinet

PARIS, Sunday —(P)—Rene Mayer early Sunday abandoned efforts to form a new French cabinet. He announced his decision after the Socialist government not to join a coalition government under the conditions which Mayer had proposed. Mayer had said he would not serve without the Socialists. But the Socialists demanded that they get the Ministry of National Defense and that Socialist Daniel Mayer (no relation of Rene) be named minister of labor. These conditions were not acceptable to the premier-designate. He was backed in this by his own party, the Moderate Radical Socialists. Mayer was confirmed as premier by the National Assembly Thursday by a vote of 341 to 183, against Socialist Jules Moch had failed to hitch up a cabinet team. The cabinet of Radical Socialist Henri Queuille resigned Oct. 6 in a deadlock over wage and price policies.

Judge Proposes Marriage Medals

SAN ANTONIO —(P)—A medal for successful marriages and punishments for divorces has been suggested by an El Paso judge. Ballard Coldwell noted the rising divorce rate and suggested portions of the incomes of a divorced husband and wife be set aside in a trust fund for the children of the couple. "Punish" the couple for divorce by having someone else supervise use of their incomes, in other words. Judge Coldwell wasn't quite sure how to reward a successful marriage. "Maybe, we could give medals," he said.

Amarillo Picked for Managers Convention

DALLAS —(P)—Amarillo has been selected for the June 4-6 convention of the Texas Chamber of Commerce Managers Association. Directors of the association met here Friday. Bob Murdoch of Gainesville was named chairman of the Program Committee. Attending were Joe Cooley, Borger; Rex Jennings, Mt. Pleasant; Ben Marable, Paris; Maurice Turner, Huntsville; Melvin Sisk, Sherman; Herman Brown, Corsicana; and Hammond Moore, Temple.

Texas Air Express Shipments Increase

AUSTIN —(P)—A 13 percent jump in Texas Air express shipments for September was reported by the Bureau of Business Research. Total shipments for the month were 26,441. August increases over September ranged from 1 percent in Fort Worth to 25 percent in Brownwood, while decreases varied from 1 percent in El Paso to 61 percent in Harlingen.

Appliances Seen In Short Supply

WASHINGTON —(P)—People figuring on giving a small electrical appliance as Christmas gifts — toasters, waffle irons, coffee makers, etc. — may be wise to shop early this year. The advice comes from Commerce Department specialists. They reported that dealer stocks already are low and the steel strike — if it keeps on much longer — will seriously cut the flow of last minute replacements.

WILTON, Eng. —(P)—One hundred yards of red carpet was found laid across the muddy yard of the Wilton Royal Carpet Factory today. Thieves used it to keep their feet dry as they carried away \$1170.40 worth of rugs.

Drop in Retail Sales Reported

NEW YORK —(P)—A decline in retail sales was reported by Dun & Bradstreet. The total volume of retail trade for the country as a whole was estimated at 8 to 12 percent under a year ago. Percentage changes from last year by regions included Southwest down 8 to 12. Benjamin Franklin introduced the broom to America.
