Matt Farmer, son of Mr. and Mrs. E.L. Farmer, placed 4th in the Judged Calf Roping at the State 4-H Horse Show in Amarillo. Matt competed against 129 other 4-H'ers from throughout the state. The four day event was filled with halter classes, western pleasure, english classes, roping, barrels, poles and other events. Ben Murphy also attended the Horse Show. Other attending were Pat Murphy, Michael Murphy, Mr. and Mrs. E.L. Farmer, and Earnest Kiker, CEA.

Seed Certification Change

College Station --- Texas producers shopping for certified planting seed for the 1977 season will see a change in the certification label accompanying each bag of seed. Starting next year, seed will be certified for genetic identity only.

Although the new certification label assures that the seed is the variety stated on the label, the big change is the fact that it does not relate to any seed quality factors such as purity, inert matter, other crop seed, weed seed, noxious weed seed and germination. The Texas seed law, however, still requires that this information be truthfully stated on the analysis label accompanying the seed.

"The change in seed certification which becomes effective Jan. 1, 1977, means that producers will have to pay particular attention to the labels on the seed bag," emphasizes Dr. Robert B. Metzger, cotton specialist for the Texas Agricultural Extension Service. "The certification label will tell them what variety the seed is, and the analysis label will provide information on quality factors."

Both labels tell the complete story about the seed, but keep in mind that quality factors can vary even though the seed is certified," notes Metzger.

SEED CERT. CONT.

Certification for genetic identity means that seed has been produced and processed under standards and procedures established by the Texas Seed and Plant Board and enforced by the Texas Department of Agriculture to assure that the variety is as represented by the certification label accompanying the seed.

"Reading the label has always been of importance in purchasing seed, but the new standards will place even greater responsibility on the producer to carefully read both labels to determine if the seed meets his quality requirements," points out Metzger.

The Texas A&M University system specialist lists a number of reasons for the change in seed certification standards:

- To assure a more dependable supply of seed officially certified as to genetic identity.
- To establish uniformity with the Federal Seed Act.
- To encourage international seed trade.
- To allow production of certified seed having quality

SEED CERT. CONT.

certified seed having quality characteristics for different market needs.

"The change gives seedmen more flexibility in producing seed for different markets," notes Metzger, "and at the same time promotes a plentiful supply of high quality seed."

"Quality is by no means being sacrificed by this change," he emphasizes. "Quality standards will be as important as ever. The main thing the seed certification change does is place greater responsibility on the producer to select the proper seed for his particular needs."

School Bond Issue

Citizens of the Borden County Independent School District will decide on the Bond Issue and the school improvements on August 14, 1976. Citizens will vote on two propositions in the election. Proposition one will be for a "Maintenance Tax." The Maintenance Tax will allow the school district to finance the building improvements. It will limit the school to \$1.50 per one hundred dollars value for the purpose of the operation of the school program and give the district authority to levy a debt service tax above the \$1.50 per one hundred dollars value to be used to pay sufficient principal and interest of bonds.

Proposition number two will be "The Issuance of Bonds and the Levying of Tax in Payment Thereof." Both propositions must pass before bonds can be sold.

It seems that most citizens have been interested in what the new bond issue will actually cost a person who owns real estate. Two classes of real estate have been pulled for the purpose of determining the cost to the land owner. The owner of the average ranch land will pay an additional \$2.62 per section. The owner of the average farm land will pay an additional \$7.00 per section if the bond issue passes.

The oil, gas and utilities are presently paying 94.6% of the taxes for the Borden County Schools. The additional tax figures are based on the present values. The school district plans to pay the bonds off in a ten year period.

Tragedy Hits 4-H Goodwill Tour

HOUSTON- Lee Keeling, 16, and Wayne Farley, 17, brought their dead friend home last Wednesday. The three boys were among a 35-member national 4-H Club group making a Goodwill tour of Europe. Terry Keith Whitworth, 16, of Doole was killed Sunday in a mountain-hiking accident near the Alpine town of Grindelwald. "He died right there in my arms," said Farley, from Gouldbusk. "I had to be with him on the way home. I couldn't go on with the rest of the trip without him being on the bus with us."

The two friends accompanied the body of their friend on a flight from Switzerland to Houston where a private twin-engine jet was waiting to take them all home.

Keeling and Whitworth were schoolmates at Brady in Central Texas, where Keeling resides.

Patrick Toombs, son of Mr. and Mrs. Glenn Toombs, was traveling with this group of youths.

The 4-H'ers in Borden County send a condolence to Terry Whitworth's family.

Card Of Thanks

A heartfelt thanks goes out to each and everyone who helped with the Benefit Steer Roping for our son Justin. There are just too many people to thank in order to put down on paper. We know who each of you are and we will always remember each of you as someone special. Thank you, everyone, for all donations, time, and prayers.

Consolidation Election

There will be an election held on August 14, 1976 to consolidate the Fluvanna Independent School District with the Borden County Independent School District. A petition has been turned in to the County Judge in Scurry County and to the County Judge in Borden County to call an election to consolidate. The citizens in the Borden County Independent School District will vote to accept the Fluvanna Independent School District. The citizens in the Fluvanna School District will vote whether or not to come into the Borden County District. The issue must carry in both Districts before a consolidation can take place.

Another petition was turned in to the County School Superintendent in Scurry County to annex the Fluvanna School District to the Snyder school system. The County Board of Scurry County made a resolution to annex the Fluvanna School to the Snyder School. However, it was determined that the action was not valid since the petition to consolidate with the Borden County School was turned in first and the County Board in Borden County was not involved in the action. The territory in the Fluvanna School District is located in Borden and Scurry counties.

"Fours"

The late Mrs. R.M. Clayton's recipe. Mrs. Clayton named this candy "Fours" because it makes about 4 lbs, and because in early ranching days (West Texas) she always made four batches for the annual Christmas Ball the Claytons had for their employees, cowhands and neighboring ranching families. A friend of hers took this recipe and used it to develop the candy now known as "Millionaires" and "Turtles". This recipe makes about 60 pieces.

- 1 c. white sugar
- 1 c. brown sugar
- 1 c. dark Karo
- 2 tsp. vanilla
- 1/2 lb. heavy cream
- 1/2 lb. real butter
- 2 c. heavy cream
- 1 lb. (4 c.) broken pecans

Place in a saucepan sugars, Karo, butter, 1c. cream. Mix well. Bring to a boil (rolling) and add second c. of cream. Bring to boil again. Turn heat low, stir often to prevent scorching and cook and cook. The mixture will appear so thin one will feel sure it could never thicken to a soft ball, and just keep cooking. Dropping a bit in cold water at first does no good because the mixture separates, but later it will form a soft ball.

Cook to the firm ball stage and remove from fire. Add vanilla and cool for 10 minutes. Add pecans and beat. (Have buttered pan 2" deep prepared to pour candy to 1). Continue to beat until mixture takes on thick, creamy appearance and pour into prepared pan. Chill overnight or place in freezer for 3 hrs. Cut in squares of desired size. (Mrs. Clayton cut hers in 1' X 2' squares but smaller squares are easier to dip and the candy is very rich.)
Dipping:

- 1 double size pkg. chocolate chips
- 3/4 bar shaved paraffin

Place chocolate and paraffin in double boiler to melt. Use ice pick or toothpick to dip. Place on waxed paper to cool.

I got this recipe from a lady who lived on a ranch outside Lubbock, Texas. She knew Mrs. Clayton and got the recipe from her.

Three score and ten is the time allotted to man, and that should be enough. If he can't suffer all the misery he wants in that time, he must be numb.

JULY 30- AUGUST 5

FORT WORTH -The useless waste of money on weddings and funerals calls for reform. Extravagance makes young men dread marriage and death.

FORT WORTH--Henceforth the supplies for the army posts of the West, hundreds and thousands of tons of freight, will be shipped from the "City of Heights." Yesterday, Major Strang, quartermaster of the United States Army, arrived here, in obedience to orders from the War Department and established headquarters here.

SAN ANTONIO-An example will yet have to be made of the drivers of vehicles in this city, for leaving a horse, or horses, standing alone in the streets while they go into houses, generally barrooms. They thus cause runaways dangerous to the lives and property of citizens generally. We demand of the city authorities that they punish every such case to the fullest extent the ordinances allow, except where there is a valid excuse.

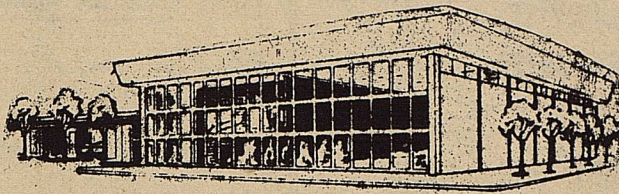

HOUSTON- The great railroad feat of changing the guage from broad to standard on the Houston and Texas Central began at daylight this morning. The change is necessary because almost all of the other major roads in the state are built at the narrower guage, necessitating transfer of all passengers and freights going to Houston. Preparations for the change, including new, narrower cars have been in progress for some time. With two teams working, it is expected that the job will be finished by tomorrow morning.

AUSTIN-On July 31, the Legislature rescinded the motion to adjourn sine die on that date and agreed to stay in session until the important pending legislation is finished. The action was initiated by the Senate, and a message from the governor urging the House to concur was sent in the afternoon. After heated debate and controversial parliamentary maneuvers the House agreed. One effect is to give the Texas and Pacific Railroad the extra three weeks it requires to fulfill the requirements of its charter and avoid forfeiture of its lands.

NEW BRAUNFELS--The murderer of Miss Emma Voelker was shot dead Saturday night through the window of the court house by an unknown person in the presence of 40 men as a guard. However sweet the revenge to the perpetrator, thinking people consider that he robbed the law and society of their revenge, and is in a legal sense guilty of assassination.

RUSK COUNTY - Capt. C.B. Richardson is a model farmer in this county. He lives within his income, makes all the necessities of life at home and owes no man a dollar.

ADVERTISEMENTS - The Galveston, Harrisburg and San Antonio Railroad. The shortest line to all points in the North, East and West. This road, now in operation 167 miles west of Harrisburg and within 44 miles of San Antonio, offers the shortest, quickest and cheapest route. Baggage checked to destination. Two daily trains from Kingsbury making close and reliable connection at Harrisburg with trains of the GH&H for Houston, and Galveston.

Visiting in the home of Sally, John, and Sarah Geter this past week was Katherine Percy from St. Francesville, Louisiana. Katherine is a former classmate of Sally's at Radford. Sally, Katherine, and Jodie Birdwell, from Palo Pinto, Texas, just returned from a very delightful and eventful week-end in Ruidoso, New Mexico.

Donelle Jones and Debbie Herring decided to view different parts of the world after finding time on their hands following graduation at Borden County High School. On July the 7th, Debbie and Donelle landed in Paris. From there they went to Germany to visit with some natives of the country who are friends of the family.

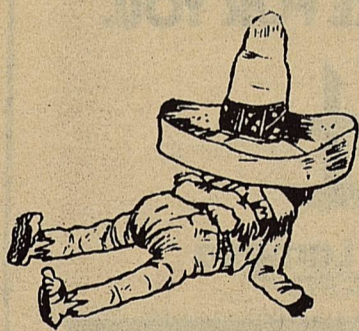

The two girls will be staying with their friends for 22 days, and then go to Paris where they will depart for home.

Kristy Smith and Lesa Hensley took a ten day trip to Trinidad in South America. They stayed with Rusty Hensley and his family. He works for AMOCO.

Tommy Lockhart is just roaming around the country. He has already been to Chicago and New York City. Next he's on his way to Maine and perhaps even Canada. Some people have all the luck!

Ted Cooley and Ken McMeans took a two week trip to some different surroundings. They visited various sights in Colorado, Montana, and Canada.

Dorothy Dennis enjoyed a "Heart of Europe Tour" with 34 others. They spent time in Belgium, Germany, Austria, and Switzerland. Before returning to the US, they went to Paris and London. Among the others who took the tour were Sherry Williamson of Snyder and Mrs. Jim Bill Little and her daughters, Linda and Pam of Big Spring.
