

One Dies as Tornado Hits Okla. Home

Norman Damage is Heaviest of Areas

Tornadoes writhed through Oklahoma Saturday, killing at least one person—a child—and injuring more than fifty. At least six separate areas were hit, with Meeker, 30 miles east of Oklahoma City, reporting one dead and two injured.

There were at least 50 other persons injured, including 42 at the University of Oklahoma's North Campus. Dead at Meeker was Anita True, seven-year-old daughter of Mrs. Jess True of Tulsa. The pair and Mrs. True's sister, Katherine Amis, were driving from Tulsa to visit their parents, Mr. and Mrs. J. P. Amis, one-half mile west of Meeker.

The tornado struck their car as they were driving on U. S. 62. The twister carried the car nearly half a mile. Mr. True and Miss Amis are in a Shawnee hospital suffering serious injuries. The car was demolished.

Earl Nosalek, veterans training instructor at Meeker schools, said Crescent School three miles east of Meeker was blown down by the tornado. Other houses and barns were blown down in the vicinity. An oil well derrick 1 1/2 miles south of Meeker owned by Floyd Melburn was blown down. (A tornado hit a junkyard west of Bonham and tore down an outbuilding about 7 last night. No injuries were reported.)

In the Shawnee City Lake area four houses were destroyed—Mrs. Una Pain, 65, and her daughter, Hettie, 11, were in a critical condition after their house was wrecked. Her husband escaped.

Another tornado hit near Garden City, Kans., but no one was injured.

The first tornado struck across the edge of the North Campus of the University of Oklahoma at Norman, Okla. The North Base of the University of Oklahoma, taken over by the university for (See NORMAN, Page 2)

Hester Gets 50 Years for Lord Murder

CLEBURNE — Arthur Clayton Hester yesterday was convicted of murdering Dr. John Lord, Texas Christian University dean, and was sentenced to 50 years in the penitentiary. He accepted the sentence and told a reporter happily: "I'm tickled to death. I said if I didn't get the electric chair I'd never do anything wrong again."

The jury deliberated two hours and 15 minutes before convicting the handsome, jaunty youth of beating his benefactor to death March 8 at Lord's secluded farm home near Burleson, Tex. A single scream broke the courtroom hush as jury foreman J. C. Free read the verdict. It came from the defendant's aunt, Mrs. Max Branson of Fort Worth. Hester did not flinch. He stared at Free, his face expressionless.

But later, he told Jack Proctor, Cleburne newspaperman, "I'm really happy."

After a conference with his defense attorney, he decided he wanted Judge Penn Jackson to sentence him immediately.

He walked before the judge, then, and when the jurist asked him if he had decided to accept sentence, he replied in a firm voice: "Yes sir."

Reports on Cancer Drive Are Needed

Gray County American Cancer Society drive volunteer workers have been urged to turn in their solicitations, J. Ray Martin, county chairman, said yesterday.

More than half of Gray County's goal in the drive has been reached, but about 17 workers have not contacted headquarters.

"People have been asking what the money is going for," Martin said. "A good example is the \$25,000 awarded to Anderson Hospital at Houston last week for the purchase of additional cancer fighting equipment."

The annual cancer drive is presented not only to raise money to support cancer research, but also as an educational feature to the American public, Martin added.

For example, in New Orleans, a lot of surgeons used to wonder why their cancer patients died before they got them off the operating table. They found at Tulane University that a hidden anemia left many cancer patients outwardly fit for radical operations, but lacking the blood for the ordeal.

Studies so far have indicated that patients with any kind of cancer usually develop an anemia. Evidence indicates that the hemoglobin is consumed as food by the tumor. This depletion of blood is not registered by standard recording methods. Blood counts frequently remain normal in these anemias.

Scientists have found a simple mathematical way to determine (See REPORTS, Page 2)

Church-Going Average Given

The average Sunday attendance at Pampa's 30 churches during eight weeks of the Kiwanis Club go-to-church campaign is 5,268, the Rev. Russell G. West, Kiwanis drive chairman, said.

"This figure," he said, "is probably high, as few churches insisted on estimating their attending the people. It is said that an estimated church attendance should always be divided by 2, but this was not done. Most of the figures have been accurate."

Of the Kiwanis Club 114 y. Rev. West, who is a member, said it "should certainly give the church leaders of this city some startling facts with which to work."

Motion for New Trial Filed After Death Sentence in McGee Case

Defense attorneys for Richard W. McGee, sentenced to death Friday in 72nd District Court for the murder of R. L. Allston, Lubbock grocery executive, filed a motion for new trial at 10:45 a. m. Saturday in the district clerk's office at Lubbock.

The motion, filed by Defense Counsel Burton S. Burks, Lubbock, asks that the verdict of the jury be set aside. At the same time Burks had a motion ready for filing asking the court to allow the defendant the right to file an amended motion on or before June 15.

The motion for new trial covered less than two pages. It asked that the verdict be set aside for the following reasons:

1. Because the Court had erred in overruling and not sustaining each of the defendant's objections to the Court charge.
2. Because the Court sustained McGee's objection to "mad" as meant angry or insane.
3. Because the Court overruled defendant's objection to paragraph 21A in the charge in which the jury was told that they had to establish insanity at the time of the trial before determining whether or not defendant was insane at the time of the offense.
4. Court committed a reversible error by not allowing the defendant's objections to argument by private prosecutor George Dupree.
5. Court committed an error in not allowing defendant's objections to argument by District Attorney Lloyd Croslin.
6. Verdict was contrary to the law because the preponderance of the evidence shows defendant to be insane at the time of the trial and to have been insane at the time of the offense.

After the original motion is filed Judge Dan Blair will have until August 6 to allow or deny the new trial. On that date the present term of court will end.

Until the end of the term the defense can make any amendments they wish to the original motion.

McGee, who was convicted for the slaying of R. L. Allston July 7, 1947, will also be allowed to introduce new evidence and witnesses which would have a direct bearing on the case. Any jury misconduct, perjury by witnesses or any error that would have introduced the verdict unfair and prejudicial would be grounds for the granting of a new trial.

If Judge Blair denies the motion for a new trial here then McGee, through his attorneys, can carry the case to the Court of Criminal Appeals at Austin. Here the record of testimony, depositions and the bill of exceptions prepared by the defense will be carefully studied by the higher court.

If the Court of Criminal Appeals upholds the lower court, and the findings of the jury, they will return a mandate to Judge Blair who will then call the defendant before him and pass sentence.

If the higher court reverses the verdict, McGee will be allowed to file a motion for a new trial here then McGee, through his attorneys, can carry the case to the Court of Criminal Appeals at Austin. Here the record of testimony, depositions and the bill of exceptions prepared by the defense will be carefully studied by the higher court.

Plans will be discussed for a TSEE picnic to be held this month. All members have been urged to attend tomorrow's meeting.

Sealed bids on the repair and construction of two bridges at Point Creek and the Picket ranch will be opened May 8. The work is not to exceed \$15,000 and will consist of new bridge floors, guardrails and other improvements. Hard surfacing of creek beds is also contemplated adjacent to the bridges to provide crossing for heavier traffic.

Trucks and cars have to cover 29 miles of dirt road from Canadian to the Lips well.

Financial Crisis Is Facing Shanghai

SHANGHAI — (AP) — Railway officials announced last night that no trains were running past Kashing, 62 miles southwest of Shanghai.

The stoppage was not explained, but it might indicate the Communists had the cut line south of Kashing.

This would mean the Shanghai area was isolated from the rest of China by and Communist troops in early afternoon had been officially reported by the Shanghai garrison to be 17 miles northwest of Kashing and 23 miles north of the city.

Important port of Hangchow, 121 miles southwest of Shanghai. Other Communist forces were dallying along the westward approaches to Shanghai about 35 miles away.

This greatest of Asiatic cities paid almost no attention to the war. Instead, it was preoccupied with a dangerous month-end financial crisis.

The Nationalist "gold" yuan has become so nearly worthless that there were not enough bank notes to pay salaries.

To ease the situation, the garrison ordered the Central Bank to sell 400,000 old Chinese silver dollars to employers at the rate of 4,000,000 yuan to one dollar. This was less than half the black market rate. It instructed employers to pay "common workers" one silver dollar each on account.

In this madhouse situation, all sorts of makeshift agreements were being made between employers and workers for payment in food or in foreign currencies.

If this situation worsens, Shanghai may see food riots and looting. The Communist military actions seemed to indicate that isolation rather than occupation was what they intended for Shanghai at present.

Choral numbers will consist of selections by individual school choruses and mass numbers by the elementary schools and by the Junior and Senior High School choruses.

Selections will include Patriotic, religious, spiritual, folk song and popular numbers.

Mass numbers to be sung by elementary school choruses will include: "The Star Spangled Banner," "That's America to Me," "Sweet and Low," "Mighty Lak a Rose," "Morning," "Rhythmical Rain," "De Campdown Races," "Buttons and Bows," "All Day on the Prairie," "Hymn of Love," "Come Thou Almighty King" and "America the Beautiful."

Mass numbers to be sung by the Junior and Senior High choruses will be "God of Our Fathers," "Vesper Hymn" and "This Is My Country."

Fifty-eight eighth-grade students comprise the Junior High choir while 60 students make up the Senior High A Cappella choir. The Junior High choir will sing six numbers, including Harry R. Wilson's arrangement of "Hallelujah," by Youmans, and "Morning Day," by Neppich.

The High School choral department will present several numbers by its 130-voice mixed chorus, girls' glee club and A Cappella choir.

Conductors of the different schools are: Miss Dorthea Lauren, Brower, Horace Mann; Miss June Sawyer, Horace Mann; Mrs. Roy Sullivan, Sam Houston; Mrs. Gladis Gallman, E. M. Baker; Miss Eloise Lane, eighth-grade chorus; and Kenneth Baumgardner, Senior High.

Canadian Trial Set for May 16

CANADIAN — The rape and sodomy trial of two Canadian railroad workers has been set for May 16 in 31st District Court.

The Canadian Record reported the trial date last week, adding the men were indicted the previous week by the Roberts County Grand Jury. They are: L. C. McMillan and Eugene Baker.

The indictment followed a charge by District Attorney Tom Braly against the pair in connection with an alleged assault upon a 29-year-old Canadian waitress.

Clarendon Entrant Wins Cow Pony Relay Race to Open McLean Rodeo

McLEAN — Pounding hooves in a cloud of dust carried Pat Slavin, Clarendon, to victory and a \$100 purse at 10:45 a. m. Saturday at the close of the 30-mile cow pony relay race from Shamrock to McLean.

The race was part of McLean's American Legion-sponsored rodeo and show over the weekend.

Only three entrants galloped their way along Highway 66 changing horses only three times between the start and finish line.

The American Legion last night also sponsored a dance after the Saturday afternoon rodeo performance. The last performance of the three-day celebration will be held this afternoon at 2 p. m.

Calendar Is Full as Lefors Schools Look to Closing

LEFORS — (Special) — End-of-school programs for school organizations and graduates of both High School and Junior High have been written in on the Lefors school calendar.

Commencement exercises for High School graduates will be held on the evening of May 26 at 8 o'clock. The Rev. Henry Tyler, pastor of the First Christian Church of Pampa, will deliver the address to the graduates. Honor students will be Jerry Berryman, Joe Pafford, and Christine Guthrie.

E. R. Reeves, superintendent of schools, will present diplomas to 21 graduates. Scholarship awards to Seniors, Juniors, Sophomores and Freshmen; and citizenship, personality, popularity, sportsmanship, and best all-round awards will be presented by Lawson Shaw, high school principal. The high school girls' chorus will sing "Sanctus," by Gounod.

The Rev. R. H. Campbell will deliver the baccalaureate sermon in the High School Auditorium on Sunday, May 22, at 11 o'clock. The Girls' Chorus will sing "Thanks Be to God," by O'Reilly, Dickson, and "My Creed," by Garret.

The Seniors, accompanied by Mr. and Mrs. Lawson Shaw and Mrs. W. D. McCool, left Friday for a three-day trip to the Carlisle Caverns.

The Senior Class will compliment the Junior Class, the sponsors, class mothers and fathers, and the high school faculty with a chicken fry at Danciger Park on May 7.

Senior girls and their mothers will be guests at a tea sponsored by the Pampa branch of AAUW in the Club Room in the Pampa City Hall on Sunday afternoon, May 15, at 4 o'clock.

Junior High graduation will be held Wednesday evening, May 25, at 8 o'clock in the High School Auditorium. R. B. Johnston of Amarillo will deliver the address to the Eighth Graders, and L. B. Penick, Junior High principal, will present the diplomas and reading certificates. A reception for the parents and teachers will be held in the gymnasium after the program.

The Eighth Graders will spend May 20 on a picnic at Lake McClellan.

The Student Council will sponsor an all-high school party on May 6 and an all-high school prom on May 13.

Three FHA girls, accompanied by their sponsor, Mrs. L. B. Penick, will attend the State FHA Convention in Dallas on May 6-7. The three girls making the trip will be Wanda Vaughn, Louise Keaton, and Barbara Ross.

Classes throughout Grade School and High School will have their annual "close-of-school" picnics at nearby parks.

Tomorrow Is First Day of Clean-Up Drive

Seven trucks will be used to pick up debris in alleys from Ward 4, beginning at 8 a. m. tomorrow, Howard Vineyard, chairman of the two-week clean-up, fix-up, paint-up campaign, said yesterday.

Rotary Club will sponsor the clean-up in Ward 4, which takes in the southwestern part of the city. All residences and business establishments south of W. Foster and west of S. Cuyler are included in Ward 4. Pick up days in the ward will be tomorrow, Tuesday and Wednesday.

Companies and individuals furnishing trucks tomorrow are Texas Company, Cabot Companies, Irvin Cole, Panhandle Lumber Company and De Pepper Lumber Company. Also, the county will furnish two trucks.

Fire Chief Ernest Winborne will be on hand at the City Barn at 8 a. m. tomorrow to assist with the starting of the drive.

The Junior Chamber of Commerce will start the cleaning up in Ward 3 Thursday, Friday and Saturday.

Last year the trucks picked up most of the debris in Pampa alleys and netted slightly more than 300 loads. With three times the number of pick-up days this year, it is anticipated that even more loads of trash will be removed from the city this year.

Besides the sanitary objective of the clean-up, fix-up, paint-up drive, the campaign also will seek to reduce accidents. The accident problem is more acute today than ever before. Repeated warnings to be more careful are necessary to make people conscious of the hazards. Accidents kill more than all the infectious disorders combined. Of the 100,000 lives lost and 1,000,000 persons injured annually, home accidents head the list with 35,500 fatalities.

The cause of the majority of the home accidents are: neglect to keep steps clean, walks repaired and smooth, stovepipes cleaned, electric appliances and wires repaired, floor coverings and floors in good shape and proper lighting and light colored paints for dark stairways and cellars.

'River Road' Plans Made

MIAMI — Hemphill and Roberts Counties are getting ready to complete a serviceable all-weather road from the Sinclair Lips well into Canadian and have part of the job finished.

The Miami Chief last week said that work from the well to the "river road" had begun and maintenance crews had already graded and surfaced it with crude oil furnished by the Sinclair Co.

Work on the 26 miles of "river road" will soon be underway. Sealed bids on the repair and construction of two bridges at Point Creek and the Picket ranch will be opened May 8. The work is not to exceed \$15,000 and will consist of new bridge floors, guardrails and other improvements. Hard surfacing of creek beds is also contemplated adjacent to the bridges to provide crossing for heavier traffic.

Trucks and cars have to cover 29 miles of dirt road from Canadian to the Lips well.

Engineers to Meet Tomorrow

The final meeting, before summer vacation, of the Texas Society of Professional Engineers will be held at 7:30 p. m. tomorrow in the District Court Room at which time the development of electrical power in the Panhandle will be discussed.

Cleon Ligon, Southwestern Public Service Company, will have charge of the program and will lead a discussion following a movie on the history of the development of electrical power in the Panhandle.

Plans will be discussed for a TSEE picnic to be held this month. All members have been urged to attend tomorrow's meeting.

Baptistry Will Be Dedicated

Dedication of the new church baptistry at the Church of the Brethren this evening will bring to close a revival held since April 20.

The services have been conducted by the Rev. Guy West, Uniontown, Pa., brother of the Rev. Russell G. West, pastor of the local church.

Rev. West said that at 7 p. m. tomorrow a love feast and communion service will be conducted by Rev. Guy West. He said the service, which involves feet washing, observance of the Lord's Supper, and the taking of communion, is open to the public.

Pampa Fire Department to Stage Series of Drills for the Public

The Pampa Fire Department personnel will start a series of fire drills at 7:15 p. m. tomorrow, the first to be held near the Senior High School at Harvester and Russell, Ernest Winborne, fire chief, said yesterday.

The public has been invited to attend these drills and see the many jobs a fireman has to perform in a fire in 15 minutes with the use of two pumps, they will see at the drills that the answer is approximately 1,000 gallons or four tons of water per minute," he added.

The drills throughout the summer will consist of hose line appliances put to use, hose lays, fire streams, drafting water from City Lake and pumper hookup to hydrant.

Public attending the drills should feel free to ask questions that come up regarding the fire service. Evolution.

U. N. President Sees 'Early Lifting' of Berlin Blockade

NEW YORK — (AP) — The President of the United Nations Assembly, Dr. Herbert V. Evatt, said yesterday he expected "early lifting" of the Berlin blockade.

This backed up official views expressed by a number of U. N. delegates, who are pleased at the progress of secret East-West talks.

Dr. Evatt added that this action would not cover all disputes among the great powers, but would clear the ground for a fresh approach to the peace settlements for Germany and Japan.

He issued a statement to newsmen at the U. N. Assembly today on an American-backed resolution to refer the disputes arising out of talks of churchmen in Hungary and Bulgaria to settlement under peace treaties with some Balkan countries.

The final assembly vote in favor of the resolution of Joseph Cardinal Mindszenty and 15 Bulgarian Protestant clergymen was 24 to 6. The Russian bloc voted against it.

The assembly kept the case before the U. N. until next fall to see what has been done since it acted. The assembly also appealed to Bulgaria and Hungary to cooperate in reaching a settlement. Bulgaria and Hungary refused to accept an invitation to speak for themselves here.

Evatt's statement was the first public utterance he has made in this phase of the Berlin case.

Evatt has been informed of each step in secret talks here between Dr. Philip C. Jessup, United States Ambassador, and Jakob A. Malik, Soviet deputy foreign minister. All signs indicate the Russians and the West are reaching agreement on lifting the 10-month blockade.

In the assembly yesterday, the Russian bloc and the West fought as usual over the trials of churchmen behind the iron curtain while at the same time there were good indications they are reaching elsewhere an accord on the Berlin blockade.

When the assembly adjourned, Evatt went to the Russian delegation and talked briefly with Malik, who was present for the afternoon session. Malik and Evatt smiled and shook hands as they parted.

The assembly held its first extraordinary Saturday session of this spring meeting.

Plans Ready To Resume City Travel

BERLIN — (AP) — Plans were complete to the last detail in Western Germany last night for resumption of traffic to Berlin — just in case of a May Day announcement from Moscow on the blockade.

A Hamburg dispatch said West German railways were ready to start 30 freight trains a day to Berlin. Officials said they could get 20 trainloads of coal to the city within 24 hours after being returned last night. The Russians are heightening a feeling of optimism, the Russians in this divided city granted three British demands with such cordiality that it represented almost a complete change of attitude.

British officials announced that an officer and three enlisted men arrested by the Russians April 22 while on patrol near the Soviet border at Klein-Zacher had been returned last night. The Russians accepted the British demand for their release.

They promised not to interfere again with canal traffic in British waters. They also returned, with an apology, three British military policemen seized Friday during a raid on a British-occupied farm.

The two incidents first had Western authorities puzzled because, while Soviet representatives were discussing with Americans the lifting of this city's 10-month blockade, Russian officials on the Berlin level appeared to be acting in an unfriendly manner.

So far the Russian press has kept strict silence concerning the meetings in New York on lifting the blockade. There was a possibility the Russians were saving the news for a big May Day given the news.

Cabot Closes Guymon Plant

GUYMON—The Cabot Company announced over the weekend they would suspend operations of the company's General Atlas Dixon plant in Guymon about May 10.

This was the second Cabot plant in Guymon to feel the cut-back in company operations.

In a long letter to the citizens of Guymon, the company said it was curtailing operations there due to the high price they had to pay for gas. The company said it was paying a "price for gas that was above the prevailing price for the field."

They also cited the tax now pending before the Oklahoma Legislature saying that it would "make it prohibitive for us to compete with operations in other states."

The announcement emanated from the Pampa office of the company.

...Mrs. Eva Campbell of Davis, Okla., cried quietly.

Dozens of women sobbed openly in the courtroom.

A Fort Worth woman, a former neighbor of Hester's, walked up the defendant and hugged him.

Foreman Free said the verdict was reached on the third ballot.

"We convicted him on the first ballot," he told Proctor. "On the second ballot seven men wanted a 99-year sentence and the others wanted sentences ranging anywhere from five to 99 years. But we got together on the third vote."

And another juror, L. R. Walker, one of the jurors, said: "We arrived at 50 years because we figured he would have to serve at least 20 years of it. For more than an hour, some of us favored a 99-year sentence."

Thus ended a sensational trial colored with a sordid theme of homosexuality.

...decision then the case comes back to Lubbock County for a new trial.

Should Judge Blair deny the new trial the defense will have 30 days from the date of denial in which to prepare their bill of exceptions. This 30 day period is often extended to 90 days where the need is indicated. A period of 90 days is also allowed for the preparation of facts in the case. The defendant does not appear at the hearing before the higher court.

Getting the case at 5:33 p. m. Friday after defense counsel summed up their case, the jury returned with their verdict in just two hours and 22 minutes.

The verdict reads:

"We the jury find the defendant, Richard W. McGee, sane at the time of the offense and sane at the time of the trial and find him guilty of murder with malice as charged in the indictment and assess his punishment as death.

McGee is the third man to be given the death penalty in Lubbock. The first man to be meted such a sentence was Paul Mitchell in 1933. The last such penalty was given Virgil Stalcup transferred from Dickens County in 1935.

At 7:35 p. m. the jury sent word to Judge Blair they had reached their decision. Deputy Sheriff Frank Mitchell notified the Court and McGee was brought to the courtroom.

It required a half-hour to round up attorneys for both sides and members of the defendant's family. Members of the Allston family had been waiting from the time the jury had returned. Mrs. H. H. Stull, mother of the defendant, her husband and Richard's two sisters were present when the verdict was rendered. They received the news

stoically and wept silently as their son and brother was led from the court room by three guards. McGee wore an old purple sweater with a large H on the front of it. He was still wearing the handcuffs that had been placed on him last Friday evening when he made a wild out-break.

As he was being taken back to his cell in the Lubbock County jail his steps were faltering and he was considerably paler than he was before the verdict was rendered.

Although some of the large crowd that has been in daily attendance had drifted away, there were more than 400 people present when the jury came back in. When the verdict was read there was an absolute silence that showed the full impact and meaning of the decision registered.

Thus one of the longest murder trials in Lubbock's history came to a close just 11 days after it began.

More than 500,000 words of testimony and deposition were entered in the record, more than 2,000 typewritten pages were used to record the words of testimony that alone required seven days. All the testimony was taken in shorthand by Court Reporter John Edmiston.

As an added precaution eight City Police officers, four deputy sheriffs and two State Highway Patrolmen were added to the court room detail.

After the spectators had drifted away, the defendant's mother sat at the counsel table and conferred with defense attorney Col. E. A. Simpson. The two sisters remained in the background and comforted each other in silence. All three of them smiled bravely at the boy who had just been given the death penalty.

McGee was convicted of the murder of Allston last July 7 when the slain man objected to marriage plans of the defendant

Building Permits For Week Are Up

Building valuation in Pampa skipped to \$58,300 last week to more than double the previous week's meager \$29,200.

A total of 16 permits were granted as compared to the previous week's 11 permits.

Residential construction led with six permits at \$48,700 followed by four permits to remodel residence for a total cost of \$4,450. Three permits for moving into town with a total value of \$3,300. One permit was granted for a new garage at \$200; another for remodeling one business building for \$1,500 and one miscellaneous at \$50.

GATESVILLE (AP)—Sixteen youths escaped yesterday from the Texas Reform School for Boys.

Twelve of the boys were reported to have escaped a short time later.

The break brought to 35 the number who have escaped this month. A group of 19 escaped the prison earlier.

Officers said the boys "jumped the fence and ran off" at about 6:30 p. m. (CST).

They were aged from 17 to 18. Some were said to have homicide records.

All these who escaped were white.

Two of the boys were of Mexican extraction.

The City Hospital reported it was treating 25 and the university infirmary said it was handling 17 cases.

The twister missed the control tower but swooped down to shatter the pre-fabricated operations building, wrecked a gas truck and collapsed the roof of the main hangar. Several planes in the hangar were demolished.

In Southwestern Oklahoma, near Lawton, another tornado struck across Highway Seven. The State Highway Patrol reported that several farmhouses were demolished but persons in the vicinity had enough warning to take to storm cellars.

Two large semi-trailer trucks on the highway were smashed as if toys. They were carrying farm tractors, which were smashed. The drivers of the trucks escaped injury.

The tornado was reported moving in a crescent path to the northeast toward Marlow, Okla. A one-room frame school house was smashed but it was empty. The patrol threw up road

blocks in the vicinity and searched farms for possible injuries and deaths.

At least three persons were injured in a tornado which struck the Agawam area 18 miles south of Chickasha.

Trooper Bert Banner of the Highway Patrol said the twister crossed U. S. Highway 81, sending a pickup truck pulling a car spinning 200 feet. Injured were Roy Grooms, 24, and Ansel Ludwig, 32, both of Norman, who were in the machines. They are suffering from shock and cuts.

A farmer living one mile south of Agawam, R. J. Williams, was injured and taken to a hospital. Trees in a half-mile area were blown down but there were no buildings in the area.

Minor damage was reported at Blanchard, 20 miles southwest of Norman. No one was hurt.

...blood volume. Five cubic centimeters of blood are withdrawn; after five minutes a sample of the dyed blood is withdrawn, mixed with the first sample and, with the aid of a colorimeter, the percentage of dilution is calculated. This method has saved scores of lives — by enabling surgeons to replenish the patient's poor blood supply with from two to four liters before operations.

Dollar Cost Of World War II

At a time when many people talk almost glibly of the possibility of a third world war, it is wise to attempt to assess the cost of the last conflict.

Mr. Grattan concludes that about 10,000,000 members of armed forces lost their lives. The last war was the most costly in human suffering.

To total the material cost brings the analyst to extremely difficult ground. The cost of the physical damage which was done during the long course of the conflict.

But this is not all. There is another economic cost, which is the most difficult yet to estimate. That cost is found in the depletion of natural resources.

Washington.....by Peter Edson

WASHINGTON — (NEA) — House consideration of new labor legislation can lead to some strange results.

Before the House considers the bill, First is the Democratic administration measure introduced by the two Congressional Labor Committee chairmen.

Second measure before the House is the bill introduced by Congressman John S. Wood of Georgia, chairman of the Committee on American Affairs.

What Institution Would Do Should Be Eye-Opener

By UPTON CLOSE WASHINGTON — Our socialists of various groups and tinges (all Marxists not in, or traveling with, the Communist Party) are observing the drop in business and increase in unemployment quietly and thoughtfully.

The scheme would abolish the House of Representatives, retain the Senate with curtailed powers, and establish a "supreme national council" to set general policy.

That such a proposal could be seriously made in the capital of the Republic of the United States of America should be an eye-opener and a wake-up call.

Communists are, of course, exultant over the prospect of a Truman depression. It makes the predictions of Joe Stalin and his henchmen — made several years ago when they took so glibly and so confidently — appear to be coming true.

Our own Communists are not quite so optimistic as to believe that a depression would bring them to power! For Communists to come to power here, according to their present bible, will require a bloody revolution, aided by Russian armed force from without.

This much is certain: You hear socialist legislation openly lagged for what it is by a growing number of legislators.

Vigorous and precise Senator Carl Mundt of South Dakota made a most constructive suggestion in the regular get-together of the Republican senators, called a "caucus" which happened in the Senate chamber on May 1.

Whatever the outcome in the Senate, it will be up to the House to straighten out the mess as best it can. The Senate version will then go back to the House.

In trying to follow this complicated legislative battle, it is well to keep in mind a few of the basic differences between the Taft-Hartley, the Wood, and the Thomas-Lesinski bills.

The Taft-Hartley bill revived the use of court injunctions in labor disputes. The Wood bill retains this provision, but makes it really tougher by authorizing the National Labor Relations Board general counsel to seek an

CHILDREN-AND POLITICS! You know—it's a mighty lucky thing for America that little children are not allowed to vote on election days.

No—this is not an abstract theory of mine. I actually tried it out in a little experiment, and the result was horrifying. Don't jump to the conclusion that my little models were stupid specimens for their age.

Well—I figured out a kind of children's "political campaign", with two party-platforms, and two candidates. Mr. Smith was the name of everything we are all taught to respect and admire.

It was an upstanding, honest, informed gentleman, who had raised four splendid children of his own. His platform was composed of integrity and common-sense.

ROGER THE LODGER

By Elizabeth R. Roberts

THE STORY: Roger, the problem lodger, lives at the home of Mrs. Roberts in Great Falls, Mont., during the wartime housing shortage. Roger has taken over the house, wrecked the Roberts sedan and made the Roberts the object of the neighbors' scorn.

I WAS still wondering a few days later, working my wrinkles deeper into the fertile ground of my brow, when Roger—he had telephoned—called, he said, to ask what I was up to.

"Not a thing," I fell into his trap. "I've just run into a good deal of trouble," he said. "Met a chap who's introducing a fine line of cosmetics. He's giving away free trials. I told him I'd ask you if you'd like one."

"What's the use of my bothering with skin foods and such," I argued. "You know I'm not the type."

injunction before a complaint is issued. It also permits the courts to issue restraining orders on application without notice or hearing. The Thomas-Lesinski bill eliminates injunctions but makes NLRB cease and desist orders enforceable in court.

On national emergencies from strikes affecting the public welfare, the Taft-Hartley law provided 80-day cooling-off periods for investigation. The Wood bill duplicates this but provides also that injunctions against strikes may be obtained before boards of inquiry are appointed. The Thomas-Lesinski bill cuts down the period for investigation to 25 days with five days more for settlement and no provision for injunction.

Marseilles, Virtually Demolished by Nazis, Fights Way Back to Old Status

MARSEILLES PROGRESS is dramatically symbolized in this picture of a freighter tied up at a pier recently made usable, framed by the jagged remains of a steamer demolished by the Nazis. This boat was under the harbor's water for nearly four years.

New Hearing Device Has No Receiver Button in Ear

Chicago, Ill.—Deafened people are hailing a new device that gives them clear hearing without making them wear a receiver button in one ear. They now enjoy songs, sermons, friendly companionship and business success with no self-conscious feeling that people are looking at any button hanging on their ear. With the new invisible Phantomoid, you may free yourself not only from deafness, but from even the appearance of deafness. The makers of Belton, Dept. 40, 1450 W. 18th St., Chicago 8, Ill., are so proud of their achievement they will gladly send you their free brochure (in plain wrapper) and explain how you can test this amazing invisible device in the privacy of your own home without risking a penny. its first contribution to the reconstruction of this gigantic Mediterranean port, but France, almost unassisted, has brought this vital lifeline back from near-death.

Less than four years ago, evacuating German armies staged a fearful example of their infamous demolition prowess here. For three days, as invading American troops approached the city, thunderous explosions shook the streets, chilling the souls of Marseilles' 600,000 port-dependent population. When the dust and water had settled, more than 30,000 yards of pier were crumbled concrete and shattered pylons; 236 dockside cranes were twisted steel; 172 on the bottom inside the mile-long breakwater; dozens of warehouses were shambles. Today, with only half as much equipment in operation, the port of Marseilles ships more passengers than in 1939. Seventy percent of the pre-war freight load is being handled. By the end of the year, imports and exports should exceed 1939. Credit for the recovery of this vital Mediterranean port goes partly to U. S. Army engineers, who made temporary repairs during the war. Primarily, however, Marseilles has been made a going concern by French engineers and workmen. Of the 173 blasted ships which littered the harbor floor, all but 12 have been refloated or cut to pieces below water and scrapped. Pier space in almost the entire port is usable, although some of the temporary American Army repairs still being used are beginning to rot and cave in. Fifty-five cranes were made operative after the German land mines wrecked the port. Another 46 have been built in France or purchased in the United States or Britain. Two-thirds of the port's warehouses have been repaired or replaced, and work is going forward rapidly to advance the total warehouse space over that of 1939. Convinced that French ports are a key factor in the European Re-

IF IT'S Power YOU WANT

Make it a Massey-Harris

Tough spots disappear when you put a Massey-Harris tractor to work on your place. There's more power in Massey-Harris... more downright logging ability at the drawbar... more capacity on belt work... more reserve, stamina, dependability. It's the result of high compression in the engine, straight-line design in the transmission. High compression takes the loadness out of an engine... makes it poppy, more alive, more responsive. A straight line transmission delivers that power smoothly, efficiently... you get full power on every belt and field operation.

There's a Massey-Harris tractor for your farm... 6 great models... 5 power sizes... each the power and economy leader in its class.

Model Reds Said Spending as Much For Arms, as U. S., Britain

Combat Strength of the four major world powers is overshadowed by these Russian infantrymen parading in Moscow. Figures represent the approximate forces available for combat on short notice in 1948.

	MEN	DIVISIONS	TANKS
U. S. S. R.	4,000,000	100	15,000
UNITED STATES	645,000	12	1,500
GREAT BRITAIN	520,000	10	1,000
FRANCE	430,000	7	500

CHICAGO — (NEA) — The Soviet Union spent as much money on armaments last year as the United States and Great Britain combined. This revelation is made in an article on "Armies of the World," written by Brig. Gen. Edwin L. Sibert in the forthcoming 1949

Britannica Book of the Year. Sibert is commanding general of the U. S. Army forces in the Antilles, and is a veteran of governmental intelligence work. The Soviet Union professed to spend only 17 percent of its budget on its military forces, the article points out. However, an analysis of allocations, "including the expense of assisting the military forces of other eastern European powers," placed the outlay in the neighborhood of 20 billion dollars, at the existing rate of exchange.

Thus, Gen. Sibert's article declares the Soviet expenditure on military preparations was "approximately the combined total of the U. S. and British outlays." The Soviet Union maintained last year about 4,000,000 men under arms, of whom about 40 percent were believed to be in Russia, 30 percent in Germany and Eastern Europe, 20 percent in the

Far East, and the remaining force in the Caucasus, Gen. Sibert reports. "The Russians maintained 100 divisions mobilized and in close to combat condition. Of these 26 were in Germany. More than half of the divisions in Eastern Germany were armored, with a large proportion of the balance mechanized. Another nine Soviet divisions were in Poland. "In addition to the Soviet divisions, reports continued to flow from the east concerning German units under Soviet command. A large proportion of the 246,000 police in the Soviet Zone of Germany were believed to come from those German units captured at Stalingrad. The Red army held large-scale training exercises in Germany almost continually during good campaign weather of last year. "These exercises, conducted on corps and army bases, were undoubtedly directed as much toward the 'cold war' effect as toward actual training," the article comments.

TRUE BLUE
The expression "true blue" originally meant a staunch Presbyterian, according to the Encyclopedia Britannica, because the Presbyterians had adopted the color blue as opposed to red, the royal color.

NEW AVERAGE LIFE
White girls born today can expect to live to be 76; boys to reach the age of 65. This new high of 67 years as the average life expectancy for people in the United States was reached in 1946.

Stammerers Don't Have to S-t-u-t-t-e-r, Emerys Prove

WINTER PARK, Fla. — (AP) — A woman with 60 years of stammering in her family has teamed with her husband to devote their finances and the latter years of their lives to correcting the stuttering of others.

She is 54-year-old Eleanor Weston Emery; he Theodore, 60. They have been helping children and adults since 1935.

Mrs. Emery's eldest brother was a stammerer. She herself stammered so badly she could obtain no formal education and had to do with private tutors and several years abroad. Her first son, now 28, still stammers a little. Two other sons never stuttered.

Her first son was growing up when she finally realized no one could cure her — that she had to help herself and her son. She now speaks clearly. Her husband has a speech hesitancy, but says it comes from difficulty in choosing the right word in conversation "and I guess association with stutterers hasn't helped, either."

The two conduct the non-profit Emery Institute here, incorporated under Florida Law. On the Advisory Committee are such persons as authors Irving Bacheller and Dr. Kathryn Abbey Hanna.

"Strangely," Mrs. Emery says, "A stammerer can talk perfectly when he is alone, when very angry, usually while singing or when absolutely unconscious of self. He can always talk to a pet without stammering when he is alone with it."

"We often meet people who say they cured themselves but can't quite tell how. In nearly

every instance there was an objective they wished to reach that required normal speech, and eventually they gained sufficient control and co-ordination to achieve it.

"Mental control which the stammerer gains by completing tedious tasks is very beneficial. This can be used with children or adults. However, you must never mention speech or stammering to a child. Parents and school teachers must help children be more orderly in everything they do. If the child stammers, pay no attention. If he speaks correctly, notice him. But he must never be conscious that he is being aided.

"With adults, the approach is direct. Adults must have a will to help themselves."

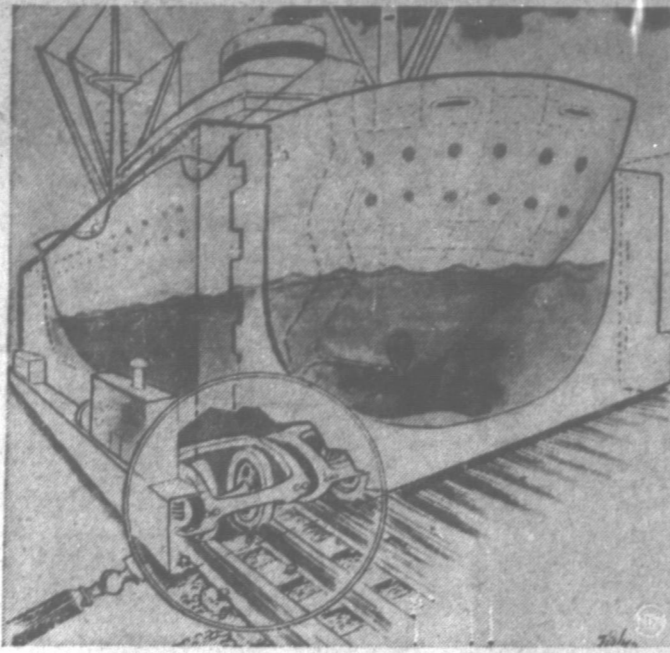

Emery said stammering could be as disastrous as cancer because it could be so confusing, terrifying and humiliating it might ruin a person's physical and emotional makeup.

"I have seen children fall on the floor in utter helplessness trying to say something," he said.

"There are four male stammerers to every female. I don't know why this is unless the woman usually wants to talk so much she can't be bothered with stammering."

Said Emery: "Stammerers are found among the types that produce geniuses, never among the plodders who have been developing habits of control since babyhood. The stammerer's mind is quick and his interest keen. But he has a dislike for sustained effort or routine. He will

Mexico Plans 'Railway for Ships'

Here is an artist's conception of the Mexican government's "dream" of a 162-mile "railway for ships" between the Gulf of Mexico and the Pacific Ocean. Ships floating in giant floating dry docks rolling on 1200 railway wheels from Puerto Mexico to Salina Cruz would save 1600 miles over the Panama Canal route. Project will cost an estimated \$300,000,000, while a regular canal across the isthmus would cost \$5,000,000,000.

not stick to a subject long enough to master it."

The cause of stuttering, both say, is fear — perhaps a fear of doing or saying something wrong "but basically just plain fear".

Emery said a child could normally be cured in less than a year; an adult in six to eight correspondence courses. A charge is made for adults who can pay; no charge is made for children's work.

The system was instituted in

Orange County schools five years ago "when there were 104 stutterers in 10,000 children."

Now the percentage is 24 to 12,000.

Emery said a child's health and grades rise with speech correction; that the juvenile court of Orlando, of which Winter Park is a suburb, has reported several delinquency cases corrected after stammering cures.

Government Claiming the 'Nervous' Soil

TOPEKA, Kansas — A government land utilization project is reclaiming 100,000 acres of "nervous" soil in Morton County, Kans., says Capper's Farmer.

"Land that was the bottom of the dust bowl 12 years ago now provides good pasture for 55 cattle to the square mile," an article in the current issue of the farm magazine points out.

The story says Uncle Sam stepped up and bought 102,500 acres when the thirsty land was being abandoned in the thirties. Most of it lies in a 30-mile-wide strip along the Cimarron River in the southern part of Morton County. Sales were completed in 1938 and the job of reclaiming the land was given to the soil conservation service.

Large-scale reseeded, begun in 1940, is progressing at the rate of 10,000 acres a year. The new cover includes mixtures of buffalo, side oats grama, sand blue-stem, sand love, Indian and switch grasses.

"Soil conservation range men decide when grass is ready for harvest and how many head each pasture can carry safely," the story continues. "The 30,000 acres grazed last year were divided into eight pastures."

"County stockmen have a grazing association that divides available pasture among members. Last year members paid \$1.50 a month per animal unit. Out of this fee the association pays a pasture rental to the government, wages of range riders, and maintains fences, wells and windmills."

CONGRATULATIONS are in order for Dr. Douglas Nelson and Dr. Frank Kelley, and also members of the Twentieth Century Club for the discussion and film ("The Human Growth") brought before Pampa parents and teachers Tuesday night. I believe the women responsible for the showing were Mrs. Huelyn Laycock, Mrs. H. H. Hahn, and Mrs. Miles Morgan. Although a good crowd was there, it was far from sufficient since we have close to 4,000 school children in our city system. And following the film there was a discussion on whether or not the parents present would vote for such a film to be shown in the schoolrooms at a later date, as one in a series of studies on health hygiene. And, I might say, the discussion was very good. At least everyone apparently took part in it. I was proud of myself for not talking out of turn (if just love a good argument) ... I did get on my feet a few times, but sat down until I was called on to speak.

AROUND TOWN—The Carl Joneses, formerly connected with F. W. Woolworth here, are visiting town over the weekend. Lonesome Dr. Ed Williams is hatching wild wife and children are in Cleburne. Sight-seeing in Washington, District of Columbia, and Chicago, is little Mrs. R. E. Hamm. Storking in Mr. and Mrs. George Cree, Jr., Mr. and Mrs. Paul Keims, Mr. and Mrs. Charles Ellis. Sorry to hear about Dale Pinson being hospitalized after burns with gasoline on something of the sort. Hurry up and get well. Mrs. Dorothy Ericke is convalescing after recent operation.

SURPRISED hostess was Mrs. Edwin Givens when Thursday noon, I believe it was, she received a gift of a setting of wagon-wheel pottery at the Country Club. An old-fashioned jamboree was the event, and cost of Mrs. Givens' vine as the employees of J. C. Penney Company celebrated the store's 47th anniversary. They had fun at the Court House Cafe, and then repaired to the store for more fun.

PAMPA PANORAMA—Fred Meyers, Jack Morgan, Jim Arndt, Floyd Watson and Frank Tavel returned Sunday last with a load in their eyes from Boy's Ranch where they installed a catfish pond for the ranch. The way I heard it was this: You know what a beautiful day it was, and fishing seemed to be the favorite pastime. It seems that with three lakes on the ranch, there is one rod for fishing. The boys take turns about every thirty minutes with the rod boys. As spring is the time for a boy on a rock with a pole, no matter where he is. Little Bonnie Glaxier made a snappy master of ceremonies at the dance recital Mrs. McMurtry. Take heed, Ladies. If you're commenting on how nice the Bill Winters' house looks with its new coat of white paint, his attractive wife was seen swinging a paint brush as competently as he was. If you think that was wedding bells you heard—it is: two of Pampa's favorite personalities went to the Land of Enchantment this past week and tied the proverbial (and inevitable) knot: Congratulations to H. C. Berry and Bernice Osborne. One of the nicest young people I know is little Donna Cochrod. Someone once said: "Show me a person who is kind to animals, and he's a friend to man." Little Donna, to my knowledge, is constantly befriending a dog, and her kindness does not stop there, for I have never seen her that she isn't speaking a kind word or doing a thoughtful deed for someone. If that very young individual doesn't develop into a gracious young woman, I will have certainly missed my bet.

NICE FELLOW about town is the Rev. Wood of the Assembly of God Church. Visitors in town for the past few days have been the Neal McCulloughs of Albuquerque, former Pampans, they were attending a Lumberman's Convention in Dallas and returned with the Lynn Boys for a visit with friends.

FINISHING UP NOW—Mr. and Mrs. Jay Kraft were new faces seen at the ESA presentation dance at the CC Friday night. Mrs. Kraft looked like a beautiful china doll, dressed in white lace. Everyone enjoyed the Dr. Donaldsons (newcomers here), as they were more or less the life of the party. One of the many "most attractive" couples in town were John and June Ashlock. Charles Trivette and Sara Parker made a very cute couple at the get-together. As did Lona Sills and Janice Caskey (who, we hear, will be wed soon). Mr. and Mrs. Tom Eller, Gray County ranch folks who live six miles west of town, have a beautiful long hedge of lilacs; and if you don't believe it, drive by their house and see. Mr. and Mrs. E. C. Kilpatrick are off for a vacation trip to the unknown. Mark and Floyd Parker made a very cute couple at the celebration at their home at 825 Browning. It was their 25th wedding anniversary, and they had friends in to help them celebrate the occasion. Present were Marvin and Nell Harris, Murray and Virginia Body, Hollis and Ruth Ann Keys, Fletcher and Charlotte Kennedy, Don and Sylvia Conley, "Doc" and Daisy Bellamy, and Ralph and Betty Julliard. The couple received a lot of nice gifts.

SINCE spring is here, dear, dear, I've got to get after those dandelions! Anybody got any suggestions?
Fretfully,
PEG O' PAMPA

Music Auditions To Be May 5-10

The National Fraternity of Students Musicians with 27,000 members has established one of its 200 chapters here and will begin its annual auditions this week. Auditions will be held May 5-10, in the City Club Rooms. Mrs. H. A. Yoder is general chairman of the Pampa chapter. Out of town teachers who have enrolled pupils in the auditions are: Mrs. Willie Boyette of McLean, Mrs. W. W. Brubaker, Mrs. Ellis, and Mrs. Turner, all of Borger. Last year, through the fraternity, sponsored by the National Guild of Piano Teachers, 20 high school graduates received \$30 each in scholarships, and 5 received the Paderewski Gold Medal.

Faithful Workers Hold Meeting

The Faithful Workers Class of the First Baptist Church met at the church Tuesday afternoon for visitation and business meeting. The group visited members of the class for an hour, then returned to the church for business meeting. Mrs. Ernest Arey presided. Mrs. S. E. Waters gave the devotional, and the monthly report was given by Mrs. A. A. McElrath. It was announced that the class will have a Mothers Day tea at 2 p. m. May 3 in the church basement. Members are urged to attend. The meeting was closed with a prayer by Mrs. J. H. Tucker. Attending were those mentioned: Mrs. O. E. Schiffman, Minor Langford, W. H. Lewis, and O. W. Hampton.

Christian Science Sermon Subject

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, today. "The Golden Text is: 'Know ye not, that to whom ye yield yourselves servants to obey, his servants ye are to whom ye obey, whether of sin unto death, or of obedience unto righteousness?' (Romans 6:16). Among the citations which comprise the Lesson-Sermon are the following from the Bible: "For he that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting." (Galatians 6:8). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The sinner makes his own hell by doing evil, and the saint his own heaven by doing right" (page 388). "When the in the pan gets on the fire, it will boil over. Never pour water on it because it makes the fat spatter and it may spread the blaze."

Year Closes for 20th Century Forum

The Twentieth Century Forum held its last regular meeting of the year on Tuesday at the home of Arthur Teed. Mrs. William T. Fraser, a former Forum member, was welcomed back into the club. Mrs. J. B. McCrery presided at the business meeting, at which time reports were given by the committee chairmen. Mrs. Walter Rogers gave a review of the book, "Mary Wakefield," by Mazda de la Roche. Those present were: Mmes. E. H. Dunigan, J. Gene Fathness, William T. Fraser, R. R. Holloway, Biggs Horn, Dick Hughes, Frank Kelley, John Ketter, J. B. McCrery, M. C. Overton, Bruce Pratt, Walter Rogers, R. P. Rossman, Aubrey Steele, Eben D. Warner, Jr., and C. V. Wilkinson. The club year will close May 10 with a covered-dish luncheon, followed by the installation of officers. Other members present were: Mmes. C. H. Brickey, W. E. Melton, George Reeves, Joe Stone, and E. H. Radabaugh. Beauty experts say that eye-brows are one of the most expressive features, and much reflected feeling or emotion can be hidden when they are covered by glasses. The next meeting will be at the home of Mrs. A. W. Griggs.

National Home Demonstration Week To Be Observed Here May 1-7

"Today's Home Builds Tomorrow's World" will be the theme of the Gray County Home Demonstration Club's observance of National Home Demonstration Week May 1-7. Plans for observance of the week include displays in local stores of phases of home demonstration work, publication of feature stories written by individual club reporters, and a special radio program on 2X-7. Displays in the stores will show finished gloves made by members, and THDA books from a certified reading list. On May 2, a story, "Early Days in Home Demonstration Work" will be dramatized over the radio. Mrs. Jane McKimmon, 52, who was one of the first home demonstration agents in the country, will be interviewed. Mrs. McKimmon has had many honors since she used to drive a buggy down the country roads of North Carolina, demonstrating the "new" fireless cookers. She has received a Doctor's Degree from her state university, and the Distinguished Service ribbon from the National Extension Service. When she retired as state home demonstration leader in 1937, she wrote a book, "When We're Green We Grow," the title of the Cavalcade of America play. Mrs. John Brandon presided at a short business session. Roll call was answered by each member naming the various religions of the world and telling something interesting and informative about it. A refreshment plate of ice cream roll topped with whipped cream and cherries, and a pink and white nut cup filled with candies was served to: Mmes. J. Brudon, D. M. Coffman, Irwin Cole, Emmett ee, A. D. Hills, Emmett Osborne, Lloyd Rinehart, A. E. Shackleton, F. W. Shotwell, E. C. Thompson, J. B. Thompson, Stella Vincent, W. Waters, Willis White, A. C. Houchens, Herman VanSickle and the hostess.

Women Writers Program Topic Of El Progresso

El Progresso Club met Tuesday in the home of Mrs. Knox Kinard. Mrs. D. V. Burton, vice president, presided over a short business meeting. Plans were discussed for the final meeting of the year, which will be a breakfast in the home of Mrs. George W. Walstad. The meeting was then turned over to Mrs. Walstad, program leader. The subject for the program discussion was "Some Women Writers Too Good to Forget." Authors Rebecca West and Katherine Anne Porter were discussed by Mrs. Grundy Morrison. Alice Tidal Hobart was discussed by Mrs. S. J. Meador. At the close of the program refreshments were served by Mrs. Kinard assisted by Mrs. Burton. The following members were present: Mmes. D. V. Burton, L. Dauser, W. E. Ewing, Lawrence Smith, Edgar Henshaw, Jennet Hutchinson, Knox Kinard, S. J. Meador, Grundy Morrison, Dave Pope and George Walstad. Mrs. Frank Harriger of Webster Grove, Missouri, and Mrs. Smith, was a guest of the club.

Varietas Study Club Topic Is Federation

Bless the Foundation-House of Federation" was the theme of the Varietas Study Club meeting Tuesday afternoon in the home of Mrs. R. W. Lams, 1208 N. Russell St. Mrs. Dow King had charge of the program on federation and used as her subject "How Strong Are We Building the Superstructure?" A resume of the year's study was given. "The Rooms of the House of Federation" was Mrs. C. L. McKinney's topic. Each division of the federation was listed and explained along with the purpose of each. Mrs. McKinney also listed the state federation by districts and gave the names of the presidents of each. Mrs. Ralph Thomas, president-elect and delegate to the district convention at Lubbock last month, gave her report on the district convention. Mrs. J. G. Doggett, president, conducted the last business meeting of the year. Plans were made for the closing meeting of the club next month. Mrs. Dow King gave highlights from the General Federation Clubman. Besides those mentioned, refreshments were served to: Mmes. C. W. Andrews, Loyse Caldwell, J. G. Carlgie, S. C. Evans, H. T. Hampton, Lee Harrar, E. J. Haslam, E. E. Inel, J. E. Kingman, J. C. McWilliams, W. H. Moseley, Luther Pierson, Felix Stalls, J. C. Vollmert, and Frank Wilson.

Shamrock Band Presents Program

SHAMROCK—(Special)—The Jo Von Sunbeam Band met at the First Baptist Church Tuesday afternoon for a program on "John House On Wheels." The program was presented with the children pretending to pack a car with necessary things as they were leaving their home to live by the roadside, and work. Mrs. L. C. Williams, who was to develop appreciation for the work done by migrant workers. Posters were used in presenting the lesson. Those taking part were: Carmen Newman, Peggy Mallow, Linda Sue Isaacs, Judith Price, Betty Lou Sutton, Glenda Beach and Billy O'Neal. Other children attending other than those mentioned were: Alvin Patrick, Paul Harding and a visitor, Beulah Richardson.

Shower Honoree

McLEAN—(Special)—Mrs. Robert Cecil Hill was honored at a pink and blue shower recently in the home of Mrs. Ben Jones. Co-hostesses were Mrs. E. C. Gilbreath and Mrs. Ewing Smith. Those registering were: Mmes. Lawrence Nicholson and sons, Bennie Smith and daughters, Paul Hill and sons, J. H. Jones, Sr., Carl Baker, W. H. Miller, Laura Baker, Fred Smith, C. C. Howard, Earl Patton, J. C. Ball, Truman Bruce, Ed Smith, E. D. Hill, N. B. Edney, L. P. Fort, Vaughn Smith and Ben Jones. The Kit Kat Klub met in the home of Tyke Noel, 4422 N. Russell, Tuesday night. Mrs. Rose will be the Kit Kat Klub sponsor. A cake and pie sale will be held in the near future. The Kit Kat Klub, along with the Sub Deb, La Rosa, and Las Cressa clubs, will sponsor the Graduation Dance at the end of the school term. The Kit Kat Klub will meet next Tuesday at the home of Jan Newman, 1302 Terrace. Those present were: Donna Wilson, Phoebe Osborne, Jewell Mosely, Nancy Patterson, Donna J. Ward, Diane Crawford, Jan Sanders, Elaine Ellis, Estelle Johnson, Charlie Parks, Berne Laycock, Dolores Miller, Jill Crispman, Jan Newman, Theola Reim, Debra Rowe, Jane Hampton, Beverly Brandt, Laura Nell Berry, Martha Parks, Betty Wilson, Harriet Schwartz, and Cherie McDaniels. To prevent metal cans of scouring powder from leaving stains on damp linoleum or enamel dip the bottom of the cans in melted paraffin. When it is cool and hard the paraffin coating will help against stains.

The next meeting will be at the home of Mrs. A. W. Griggs.

George Vineyard Speaks at Annual B&PW Club Banquet at Country Club

The Business and Professional Women's Club held its annual international relations banquet Tuesday night at the Country Club. George S. Vineyard, local businessman, was the guest speaker. On the stage behind the speaker's table appeared the letters B & P W carved from ice with a chisel at each side, and lighted from the back. The Rev. Edgar W. Henshaw gave the invocation. The welcome was delivered by Miss Inez French, president. Neely Joe Ellis sang, "In September," accompanied on the piano by his sister, Patsy Ellis. Mrs. Jeanne Willingham did a Hungarian dance, "Fado da M. Tiersa." The program concluded with the group singing of "God Bless America," led by N. J. Ellis, accompanied by his mother, Mrs. N. E. Ellis. The special tables were decorated to represent different countries of the world. Mrs. Buena Cox had charge of the table representing China. It was decorated with a Chinese pagoda, and tiny Chinese coolies held the nut cups. Mrs. Cox was dressed in the typical Chinese costume. Mrs. Hattie Holt had charge of the French table, which was decorated with a French doll, and poppie cups.

Pat Silyman Becomes Bride Of Walter P. Burleson, Jr.

The table representing Holland held a small windmill, and nut cups shaped like poppies. It was busy with the direction of Mrs. Bea York. A Guernsey cow and nut cups resembling Swiss clocks were used on the table representing Switzerland. Mrs. N. E. Ellis had charge of decorating that table. Mrs. R. B. Thompson decorated the South Sea Islands table with a shell filled with iris. Ukuleles filled with mints, and centerpieces of cacti and geraniums decorated the table representing Mexico. Miss Ruby Williams had charge. South America was represented by a centerpiece of tropical flowers, and favors of saucers and cups filled with coffee beans. Mrs. Alma Ash was in charge. Bell-shaped nut cups, and a floral arrangement of bells decorated the table on India, which was under the direction of Mrs. Clyde Lively. Special guests were Messrs. and Mmes. Knox Kinard, Joe Key, Norman Whitney, A. E. Younger, A. B. Whitten, J. B. McCrery, N. Dudley Steele, Edgar Henshaw, R. M. Samples, Clyde Smith. Twelve guests from Borger were present. About 125 members and guests attended.

Radio Program Observes 26th Nat'l Music Week

Mrs. May Foreman Carr will present the first in a series of broadcasts over KPND at 1 p. m. today. As a feature of the 26th observance of National Music Week. Carr was director general of the first music week observance in Pampa in 1941. She is dedicating this program to the orphanage in Amarillo, and to the shut-ins in this vicinity. Three pupils of her poppie will participate in today's program. Miss Phoebe Osborne, who tied for first place in the Amarillo Youth Orchestra auditions last year, will play the piano. Wesley Byers of Canadian, who won second place in this year's auditions, will play the last major of the concerto in D minor by Mendelssohn. Miss Bernice Homer, lyric soprano who will give a voice recital May 8, will sing, "The Awakening," by Spröss, and "Morning," by Speaks. Both Miss Osborne and Byers are alternates, and will have the privilege of a rehearsal with the Amarillo Junior Symphony Orchestra. Mrs. Osborne will rehearse with them during May. Byers will have his rehearsal next spring. Mrs. Carr will play the orchestral parts of the concerto. Carr will present a 15-minute program of classical numbers.

Mexican Consul Speaks at 20th Century Club Tea

Eugenio V. Pesqueira, Mexican consul of Amarillo, was the guest speaker at the Twentieth Century Club guest day tea Tuesday. Mrs. J. W. Garman introduced Pesqueira who showed colored moving pictures of his native country which he said showed some of the unspoiled beauty of the countryside and the customs of the people. "We are proud of some of our culture and ashamed of some of our errors and hope to do something about them," he said. Pesqueira added, "Relations here have been very pleasant. I am ready to go to bed as a 'Weak Texan' in any controversy." The pictures showed several villages, among them Xochimilco, which means floating flowers. The beauty of Xochimilco, "where it is always springtime," is known all over the world. Tehuantepec, noted for its marimba music, was also shown. The fruit festival there, and the native dances in Patzcuaro were pictured in the film. Other scenes included the Pyramid of the Sun, Pyramid of the Moon, ceremonies, and market day scenes. Hostesses for the tea were: Mmes. Frank L. Stallings, W. R. Campbell, J. M. Fitzgerald, and H. R. Thompson. Mrs. J. W. Garman presided at the punch bowl. Pamela Ketter provided piano music during the two-hour, about 80 persons attended.

Book Club Hears Mrs. N. D. Steele

Mrs. N. Dudley Steele opened the Pampa Book Club's annual spring meeting Monday night with quotations from Shakespeare's "Julius Caesar." She also gave excerpts from "Mae My Love," and "Whittier 'Locke Hall' by Tennyson, and Browning's 'My Last Duchess.'" A group of three by Lexia D. Robertson, "Gypsy Heart," "Give My Love," and "Experience," were read, as well as "I Own a Home," and "An I Do Too," by Whitley Montgomery. Her program was concluded by several short selections by Lord D. Cole. Mrs. Steele was accompanied at the piano by Miss Mary Keough. Mrs. O. L. Statton, president, urged all members to attend the next and last meeting of the season May 20, at a very important business session will be held at that time.

Mr. and Mrs. Walter P. Burleson, Jr. Patsy Rhea Silyman, daughter of Mr. and Mrs. Marvin Silyman, 1001 Duncan, became the bride of Walter P. Burleson, Jr., son of Mr. and Mrs. Walter P. Burleson, Sr., Seminole, Okla., in a double ring ceremony performed by Dr. Douglas Nelson in the Presbyterian Chapel at 8 p. m. April 14. The bride, given in marriage by her father, wore a white satin ballerina-length dress. The finger-ring veil was attached to a halo of split carnations. The bride's attendants, Misses Donna Vee Silyman and Pat Grotting, were attired in pastel, eyelet-embroidered dresses. They wore gardenia corsages. Tommy Silyman was best man. Usher was Cliff Ausmus. The bride's mother wore a brown faille, tailored dress with beige accessories, and a corsage of red roses. Mrs. Jack White, only sister of the bridegroom, was attired in blue Irish linen with white accessories. She wore a red rose corsage. A reception was held following the wedding at the home of the bride's parents. The couple made a wedding trip through Oklahoma. Mrs. Burleson is a graduate of Pampa High School, and is now employed as office secretary for the Pampa Girl Scouts. The bridegroom, who has been stationed at San Diego, Calif., is a graduate of New Lima High School in New Lima, Okla., and is now in the U. S. Navy.

Agreement at Phillips Reached

BORGER — (AP) — Negotiators for Phillips Petroleum Company and its operating engineers announced last night tentative agreement on a new contract. Phillips' current contract with Local 331 of the International Union of Operating Engineers ran out last night. A joint release by the company and union spokesmen said the agreement covered basic issues. They gave no details. The union is seeking union security and benefits. The release added that both sides believe they can wind up negotiations in a week or ten days. Spokesmen have stressed that no strike vote has been taken. In 1947, Local 331 went on a 21-day strike which caused shut-downs from Corpus Christi to Ohio.

Day Nursery Grows Up to Take Older Children, Too

SCHOOL'S OUT, but their mothers are at work, so these girls do some sketching at Kansas City's "growup" day nursery operated by the Salvation Army.

Pictures and Text By MARY C. FLYNN KANSAS CITY, Mo. — (NEA) — Boys and girls long out of rompers answer roll call along with toddlers at the Salvation Army's nursery in the west side

City Community Chest Fund. The average weekly fee for each child is \$2.50. A large percentage pays less, according to the amount set by a trained social worker. The average weekly cost to the nursery per child is \$6.53. Besides Major Evans, the staff includes seven teachers, a dietitian, two maids and a janitor. Teachers are college graduates trained in child welfare and guidance work. A definite need for care must be established before a child will be admitted to the nursery rolls. With fatherly delight, Major Evans points out that, even after disciplinary reprimands, "the children still love me." Many of the children, when punished for misconduct, ask for "spankings" rather than miss any phase of the regular schedule. Spankings are out, but punishment comes in the form of denial of a favorite attraction. For

the older boys and girls, it's usually the movies. **VEGETABLE DISH** A quickly prepared vegetable dish for luncheon or dinner is made by combining snap beans and whole-grain corn. Library Given To Baylor U.

WACO — A collection of philosophy and psychology books from the private library of the late Dr. Arthur Jackson Hall was presented to Baylor University last week by Mrs. Hall. The group of approximately 90 editions include religion, education, and history. The collection has been placed under the man-

agement of the psychology and philosophy departments, of which Dr. Hall was chairman. One of the books is "Education in the United States" by Richard G. Boone. The book is almost entirely out of circulation and is an authentic source on the history of education in the United States. Among religious works is "A Study of the Bible" by Thomas Hartwell Horne. It was published in New York in 1837 for the Methodist-Episcopal

Judge Commends Drunk's Policy

LONG BEACH, Calif. — (AP) — Gerald Trapp's open door policy while drunk landed him in front of a judge — who congratulated him. Gerald, a 25-year-old aircraft worker, was arrested and taken before Municipal Judge Harry Keeler. There policemen testified that Gerald walked wobbly down Atlantic Boulevard, trying the doors of parked automobiles. Every time he found one unlocked, he opened it wide and left it that way. He explained this: "I was teaching all these auto owners a lesson. Leaving car

doors unlocked is an awful temptation to auto thieves." Judge Keeler agreed. He imposed a one day sentence or \$10 fine — then suspended it. **STEADY DIBT** — NEW ORLEANS — Kentucky returns to the Sugar Bowl basketball tournament for the sixth time, Dec. 28 - 30, competing against Villanova, Tulane and Bradley.

The Farmers Ask Questions

Q. What is a cheap yet effective method of preserving fence posts?

A. The "cold soak," employing the chemical pentachlorophenol, is giving good results in tests in Iowa. The farmer can place the posts in the solution and go about his other work. After 48 hours the posts are ready for use, and the life of a treated post — even those made from some of the less durable woods — is 15 to 25 years. The average life of untreated posts from red and black oak, elm and hickory is five to seven years. In Iowa more than half of the 17,000,000 posts used each year in the state are not treated; if they were, they would require replacement only about one-third as often.

Q. What are the advantages to the new wire call-pen floors now on the market?

A. Bedding for calves stays cleaner and drier longer on wire than on concrete floors. Because the bedding is dry, it makes a warmer bed and calves spend more time lying down than calves raised on concrete. There is less trouble from scours and the mortality rate is lowered. Wire mats are now being made that come The concrete floor may be hosed to any existing pen floor in sections, so they can be fitted if a thorough cleaning is down without moving the mats, needed, the mats can be taken up, as they are so light that very little labor is required.

Q. What chemical has been used with great success the past year against the seventeen-year locust?

A. It is called tetraethyl pyrophosphate. One commercial orchard, heavily infected with the locusts, was sprayed twice. Afterwards, dead locusts lay three inches deep under some apple trees and there were no live ones to be found in the entire orchard except those that had flown in after the spraying. Deposits of eggs were cut more than 80 percent and as a result there was almost none of the breakage of branches commonly found in a locust-infested orchard. The material used contained 85 percent of tetraethyl pyrophosphate and was used at the rate of six ounces per 100 gallons.

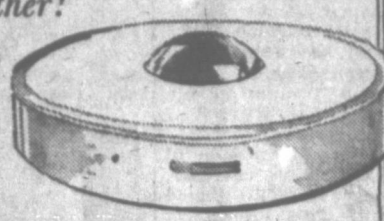

guests including District Judges and Messames Lewis Goodrich, Luther Gribble and Jack Allen, District Attorneys Tom Braly, George Galloway, and former 84th District Attorney Bill McConnell. Expansion of U. S. Judicial System Drawn

A verbal picture of the history and expansion of the federal judiciary system was drawn Friday night by Federal District Judge Joe Dooley for members and guests of the Gray County Bar Association during a dinner-meeting at the Country Club.

The jurist retold of the Constitution's failing to guarantee a trial by jury in civil suits but that it was taken care of later in the Bill of Rights. He added that during the first 25 years of the federal court system, the courts handled only 1,000 cases. "Today," he said, "there are 800 judges in the federal judiciary system including the Supreme Court."

Preceding the judge's short talk, Curtis Douglass, president of the Gray County Bar Association, introduced several

one p.m. to six p.m.

Pampa, Texas

DEAR FRIENDS:

Today you will have the opportunity to see, for the first time, an unique establishment designed to render outstanding service to the people of Pampa and surrounding territory. We believe you will be pleased and impressed with our efforts to make this funeral home one of the most distinctive to be found in any city of comparable size or larger.

We are especially anxious for you to inspect the interiors. All the resources of Robert H. Duff, well-known designer of Funeral Homes, and his DISTINCTIVE INTERIORS staff have been available to us. Without an inharmonious note, the designer has achieved a masterpiece of home-like atmosphere combined with comfort, color and good taste.

In addition, the space available has been used to best advantage. The rearrangements that have been made were done with the thought that we would be better able to give you service unsurpassed in the Southwest.

We present this funeral home with pardonable pride in what has been accomplished. Please come to visit us during our Open House.

Sincerely,

Robert Sims,
Co-owner & Mgr.

Britain, India Sign Historic Agreement

By DEWITT MACKENZIE
AP Foreign Analyst
The historic agreement whereby India can become a republic and still remain a member of the British Commonwealth of Nations, without recognition of the King's sovereignty, constitutes one of the striking developments of these amazing days in which we live.

By a simple juggling of words this great commonwealth has been saved from the disastrous loss of India's membership, and the possible withdrawal of other members later. Not only that, but the new commonwealth (which abandons the designation of "British") bids fair to be far stronger than ever.

The weakening of the commonwealth at this crucial juncture in the cold war between the Communist and the anti-Communist blocs would have been a serious blow to the latter. This would be especially true as regards India, for this great nation of 300 million may easily become the keystone of the defense against bolshevism in Asia.

As a matter of fact, it's a fair guess that this aspect of the situation was constantly in the minds of the London conferees. They scarcely could ignore that angle in view of the steam-roller offensive of the Chinese Communist armies against Central and Southern China. India and China lie side by side in the Asiatic theatre in which the war of the isms may eventually be decided.

wealth relations perhaps couldn't have been achieved but for the extraordinary circumstances that Britain has no written Constitution to hamper the reframing.

Thus, the commonwealth conference in a few sessions figured out a way to get around the kingly sovereignty to which India objects so fiercely. As things now stand the King is accepted "as a symbol of free association" of the independent members, "and as such, the head of the commonwealth."

One can't pass on without referring to Winston Churchill's comment on the commonwealth agreement. He hailed it as a possible step towards merging the United States with a United Europe. He said such an association might bring to "a harassed and struggling humanity real security and freedom for hearth and home."

Voice From Grave Speaks For Claim

LOS ANGELES — (AP) — A Follies girl's "voice from the grave" has accented a man's claim that he is the son of the late W. C. Fields and entitled to a share of the comedian's \$771,428 estate.

On file in Superior Court are a letter written by the showgirl and letters allegedly written by Fields.

They are part of a deposition filed in Probate Court Thursday in behalf of William Rexford Fields Morris, who claims to be Fields' son. His whereabouts were not disclosed.

A petition accompanying the deposition said statements in it were made April 16 at Onset, Mass., by Bessie Adelaide Witherell, mother of the Follies girl, Bessie Chatterton Poole.

Morris filed a petition in Superior Court here last Feb. 3 to determine heirship in the many-sided contest over the estate of Fields, who died Christmas Day, 1946. Morris was not mentioned in Fields' will, dated April 28, 1943.

Mrs. Witherell's deposition said her daughter, who died Oct. 8, 1928, was in the Ziegfeld Follies in 1918 and 1919 and that she was infatuated with Fields.

"Darling Mother: Well, I am just going to the hospital for an operation and of course I don't expect to die. But in case anything should happen, why I want you and Gram to know I love

you. And I have something to tell you.
"I have a son 10 years old who lives with Mrs. Rose Holden, which I want you to take care of and bring up. W. C. Fields is his father. He is named William Rexford Fields Morris. He was born here in New York and I fully believe that Bill will take care of him but in case he does not, why, make him . . ."

Two letters purportedly written by Fields to the Follies girl in 1925 and 1926 and enclosing money, also were filed. The letters made no reference to a son.

NEW YORK — (AP) — When H. W. Fincher's Quasimodo won the seventh race at Hialeah this year the mutual payoff to win was \$285.00 for \$2. This was the highest straight payoff at Hialeah since 1935.

Oil Operator and His Gal, Susie, Sell Oil Leases

"SUSIE" AND BRONTE OIL MAN DO BUSINESS—Taylor Emerson, swashbuckling Bronte, Texas, oil operator, uses his telephone "Susie" in his oil business. "Susie and I," he said, "have bought and sold about \$500,000 worth of leases and royalties since last August." The oil boom is one now blossoming as a result of a discovery there last August. (AP Photo)

BRONTE, Tex. —(AP)—"Susie and I," said the big grinning man, "have bought and sold about \$500,000 worth of leases and royalties since last August." The man is Taylor Emerson, swashbuckling Bronte oil operator. And "Susie" is his battered telephone. Emerson says affectionately: "Many a man has held Susie, but she's my gal. In fact, she's my bank account."

Emerson is sort of a one-man boom. At various times before that he was a horse trader, bank cashier-general manager and auto finance company proprietor.

The oil boom is the one now blossoming at Bronte as the result of the discovery of the Bronte oil last August. Emerson buys and sells oil leases. Business has been good.

He believes the Bronte field will develop into "one of the biggest in West Texas." He expects a big building boom for Bronte, with "plenty of places for people to live in."

Emerson admits he was "something of a hell raiser" at Van Alstyne, his birthplace. When he was 23 he moved to San Angelo to buy horses and mules. He bought them for \$75 to \$200 a head and shipped them to East Texas where they brought \$100 to \$300 a head. He sums up that

part of his life briefly: "I made dough."

But life didn't get exciting until May of 1923 when the discovery well was brought in at Big Lake. Emerson says he "learned to smell oil 20 miles away, upwind."

In 1924 he moved to Big Spring and launched an auto finance business. The sign in front of his establishment read, "Taylor Emerson Company, five-minute auto loans."

But he had a "premonition" there would be oil development near Bronte. He sold his Big Spring business and moved here.

His premonition was right. Came the Bronte discovery well, and Emerson and "Susie" went to work. He's been hard at it ever since and now expects oil to be found inside the city limits of Bronte.

Maybe right under his Main street real estate office.

Canadian Plans Street Paving Jobs

CANADIAN — Work on 30 blocks of street paving is expected to begin in about 30 days following completion of widening operations on 2nd Street (Highway 80).

Workers completed concrete pouring Wednesday and were spending the remainder of the week in clean-up operations preparatory to turning the project over to the State Highway Department.

The Canadian Record last week reported a public hearing on the proposed street paving will be held on May 9 by the City Commission. The paving will get underway as soon as possible after that date.

A city bond issue of \$40,000 has been approved for the city's one third share in the estimated \$122,625.90 overall cost of the project.

Paving costs to property owners, per front foot for paving, curb and gutter, on the various streets to be covered by the proposed project were listed as follows:

Santa Fe Avenue, \$4.38; Summit Avenue, \$4.38; Elsie Avenue, \$4.38; Kingman Avenue, \$4.38; Main street from edge of pavement to north line of Blocks 2 and 3, Shaller Addition, \$7.83; Main street from north line of Blocks 2 and 3 in Shaller addition to north line of College Avenue, \$5.81; Purcell Avenue from 7th street to junction with Bungalow, \$5.12; Purcell Avenue between 6th street and 7th street, \$7.58; Nelson Avenue, \$4.38; Washita Avenue, \$4.38; Panhandle Avenue, \$4.38; Third street, \$4.38; Fourth street, \$5.58; Fifth street, \$4.38; Seventh street, \$4.38; Eighth street, \$4.38; Bungalow Avenue, \$4.38; Washita Avenue, \$4.38.

One block of alley paving, between Main and Kingman from 3rd street to 4th street, is also slated for paving at a cost of \$3.05 per foot.

College Dean Speaks Here

Franc Phillips College, Berger, furnishes a means of education to those persons of the area who can't get away to school, the school's dean, Bill Dillard, told the Kiwanis Club here Friday.

The dean said the school has an enrollment of 400, about 90 percent of whom could not go to school away from home, a condition attributable to a lack of money or being too young to be away from home.

Some of the students of the school, which began operation last September, are adults with families, he said, people who decided to resume their education; and some, students who want to save funds by staying at home, and then will go away to a senior school in two years.

Night schools are also being held, the school head said.

The speaker was introduced by W. B. Weatherford, and the House Reception and Special Activities Committee.

Miami Set for Bond Campaign

MIAMI — Citizens of Miami and Roberts County were asked by the federal government to raise \$21,000 toward their share of the Texas quota of \$36,950,000 during the Treasury Department's Opportunity Week drive in sales of Series "E" savings bonds.

County Judge Woody Pond told Roberts County citizens that purchase of the Series "E" bond was one way "of helping to manage the national debt in such a way as to more nearly assure a strong economy in this country."

The bonds can be purchased through C. C. Shields at the First State Bank, Miami.

London Bridge actually fell in 1091.

Hemphill County to Vote May 28 on Two Bond Issues

CANADIAN — Hemphill County voters will cast their ballots on May 28 on two bond issues—a \$25,000 county road rights-of-way bond and a \$50,000 hospital equipment and operations bond.

The County Commissioners Court called the road bond election at a special meeting last Wednesday after it was petitioned by 124 qualified voters.

The commissioners also received a like petition from 124 qualified voters on the hospital issue, but due to discrepancies in the law the election will not be ordered until the next session two weeks from now. However, both special elections will be held on the same date.

The \$25,000 would be used to

purchase rights-of-way along designated state highways inside Hemphill County. The hospital bond money would go for equipping and operating the Hemphill County Memorial Hospital.

Following are the election judges and polling places by voting precincts as listed by the Canadian Record:

Precinct 1: E. J. Cussen, C. R. Douglass, and R. F. Fry, County Court House.

Precinct 2: Roy Durham and Dean Cook, City Hall, Canadian.

CORNERSTONE LAID—Laying the cornerstone for the new Hemphill County Memorial Hospital at Canadian this past week are (left to right) County Judge H. M. Wood, Tom Abraham, Logan Owens, Nick Morgan, Bob Whaley, John Wilkinson and Sam Allison. The ceremony was conducted by members of the Canadian Masonic Lodge. Coyotes Are On Decrease

MIAMI — The coyote population in Roberts County was reported slightly decreasing due to activities of professional trappers.

State Game Warden E. Hender shot accounted for 63 during April, including one calf killer so large it took three steel traps to hold him, The Miami Chief said.

Roy Mathers, local trapper, reported killing 101 coyotes during the winter months.

County Judge Woody Ford told ranchers to contact him, or their commissioner, if they suffer any further cattle losses from coyotes so steps can be taken to prevent additional losses. Some ranchers reported to Ford last winter and this spring.

Coyote killing will continue through the summer months, The Chief reported.

Prizes Donated For Club Rodeo

Seven Pampa merchants have donated trophy buckles as prizes for the Pampa Roping Club's rodeo, to be held June 10, 11, and 12, H. B. Taylor, Jr., club secretary, said.

The buckles will be given to the holders of the best average in each of the rodeo events.

Those who have donated the prizes are Culberson Chevrolet Co., Poole's Drive-In, Harvester Feed Store, Acme Lumber Co., Friendly Men's Wear, Tex Evans Buick, and Addington's Western Store.

In addition, the Maddox Leather Craft Company of Amarillo has donated a buckle for the all-around cowboy.

If any other merchant who has not been contacted would care to donate prizes for the second and third place winners in the cowgirl amateur contest, they would be most welcome, Taylor said.

GROWING BOY
STATE COLLEGE, Pa. — Penn State's 208-pound heavyweight wrestling champion, Homer Barr, was a 112-pounder as a high school freshman in Clearfield, Pa.

DUCK DOUGH-REMI
NEW YORK — Ducks Unlimited has collected more than \$2,000,000 from hunters since 1937. The money is expended for field work by its Canadian affiliate to improve breeding grounds.

92-Year-Old Night Watchman Wants Motor Scooter for Beat

WISHES FOR A MOTOE SCOOTER—Samuel Souther (above), 92-year-old Brownsville, Texas, night watchman, is ambitious to own a motor similar to the one on which he is sitting. Souther, who has been night watching for 23 years and who once fought against Pancho Villa said: "I'd like me a scooter to patrol my beat. Never been able to afford one yet." (AP Photo)

BROWNSVILLE — (AP) — Samuel Souther, 92-year-old Brownsville night watchman, is ambitious to own a motor scooter. Souther, who has been night watching for 23 years and who once fought against Pancho Villa, said: "I'd like me a scooter to patrol my beat. Never been able to afford one yet."

"The trouble with people nowadays is they give up too early in life," Souther philosophizes. "I aim to stay on this job as long as I can stand on my two feet. I feel good and I got a long way to go yet."

Born in Melrose, Mass., in 1857, Souther came to the border

country from Oklahoma in 1910. He was a sign painter by trade and recalls that he worked at that profession "one place and another-around the country" and that as a young man, he hired out as a laborer on farms in the Middle West quite a bit.

He began patrolling his present watchman's district in Brownsville in 1916.

Seven or eight years ago a man who tried to take advantage of Sam got shot for his trouble. According to Souther, this fellow was drinking heavily and was disturbing the peace in the neighborhood.

"He was full of dope too and a tough one to handle," Souther recounts. "After we wrestled and bounced around for a while, he broke loose and tried to hightail it over a fence. I was forced to shoot him."

A few years after arriving in the Rio Grande Valley, Souther found himself in the middle of a war. "Since I was handy with a gun," he says, "I joined up with Gen. Emiliano P. Nayerre in 1915 and helped keep Pancho Villa from capturing Matamoros."

In 1888 at the age of 41, Souther tried to join the American forces for the Spanish-American War, but he was turned down because the service required a man to be at least five feet four inches tall.

"At the start of World War I, I was too old at 60 and still hadn't grown past five feet two inches," Souther laughs, "and by golly, I'm two inches too short to this very day."

On the job each night at 9 p.m., "Senor" Souther makes his rounds until first light hits the arrival of a new day at 6 a.m. "But I'm used to working while everybody else is sleeping and taking my rest in the daytime," he maintains. "A body ought to be used to it after this long."

The soft-spoken old fellow wakes up and starts his day about mid-afternoon. He usually occupies his leisure hours with putting around his home or by taking some of his grandchildren for a walk. Sam's eyes sparkle when he talks about his grandchildren. "I reckon those kids give reason enough for a man wanting to stick around for a while," he says.

Three married daughters, all of whom live in Brownsville, have provided "Senor" Souther with nine grandchildren so he doesn't have to go looking for one to take a walk with him.

Recital to Be Held on Monday

PLAINVIEW — The Wayland College Music Department will present Muriel Okamoto, soprano, and Lucy Zia, pianist, in what is believed to be the first individual recital in the college, at 8 p.m. Monday in the Wayland Chapel.

Miss Okamoto's first selections will be: "Songs My Mother Taught Me," Dvorak; "Serenade," Schubert; "Alleluiah," Mozart; "The Last Rose of Summer," Flow and "Si mi Chiamano," from "La Boheme" by Puccini.

Muriel will conclude with, "In My Garden," Firestone; "I Talked to God Last Night," Guion; "A Heart That's Free," Robyn and "One Fine Day" from "Madame

Butterfly" by Puccini. Her accompanist will be Clyde Green, music teacher.

Miss Lucy Zia, pianist, has chosen "Sonata No. 5 Allegro," Mozart; "Scherzo (B Flat)," Schubert and "Nocturne Op. 55 No. 1," by Chopin.

Miss Okamoto is from Honolulu and Miss Zia from Shanghai, China.

Outstanding Students Are Recognized

Recognition service for outstanding scholastics at Texas Technological College is scheduled for today in connection with annual Parents' Day on the campus.

This year 388 students have qualified, among whom are several Pampa and area students. The upper three percent of each class (Freshman, Sophomore, Junior, Senior) in each of the five divisions — arts and sciences, home economics, engineering, business administration, agriculture — is included in the service.

Those students from this area included in the recognition are as follows:

Graveside Rites Held for Child

McLEAN — (Special) — Graveside services were held Thursday at the Hillside Cemetery for the infant daughter of Mr. and Mrs. Paul F. Middleton. Rites were conducted by the Rev. H. A. Longino, local pastor; and Womack Funeral Home was in charge.

The child was dead at birth on Wednesday. The family had recently moved here. The father is employed by the Warren Petroleum Co.

Canadian Store Is Remodeled

CANADIAN — (Special) — The Best Way Grocery was open for business Thursday after having closed for remodeling.

Crews of carpenters and masonry men worked day and night to complete the job in the shortest possible time.

The wide triangular entrance ramp was removed and a new entrance was made near the "up-hill" corner, and a new hardwood floor was laid. Some minor changes were made in the shelving and check stands.

Manager W. L. Job stated that the new arrangement will increase efficiency as well as provide, approximately a thousand square feet of additional floor space.

Mormon Religion Is Discussed

CANADIAN — (Special) — "The Mormon Religion" was the subject of an interesting talk made at the Lions luncheon meeting Friday.

Ervin Schmutz of the Soil Conservation Service office gave a brief history of the founding of the Mormon religion. He listed its thirteen Articles of Faith.

Among other things, Schmutz pointed out that a good Mormon must be a kind and helpful

Residents Invited To Formal Opening

Robert "Pinky" Sims, co-owner and manager of Blackburn-Shaw-Sims Funeral Home, has invited residents to attend open house at the funeral home between 1 and 5 p. m. today.

Located at 102 W. Browning, the new home has been operated by Sims since March 1, when it was purchased from J. M. Clegg.

The casket room has been enlarged and the remaining rooms have been fully remodeled in green, gray and pink patterned wallpaper. Also, lime green and rose carpeting has been laid throughout the building.

Sims is a member of the First Methodist Church, Chamber of Commerce and Kiwanis Club.

NEWS FOR CATTLEMEN
This week we moved some more cows and a few heavy steers. I could sell some more heavy steers to go now on Kansas grass if you have any available.

I now have around 1500 cattle to move in July and August. I think we can start getting a few contracts in the next 30 days on these cattle.

I still have a very good selection of cows and calves and a few feeders to go the first of June.

We are needing stockers to go now, if selling please contact me.
