

# Boy Charged With Murder of 16-Year-Old High School Girl

ROANOKE, Va. — (AP) — Lee Scott, 16-year-old Eagle Scout and church choir member, today faces a charge of murder in the church slaying of Dana Marie Weaver, 16-year-old schoolmate.

Detective Capt. Frank H. Webb announced simply that Scott had been charged in a warrant signed by Police Judge S. R. Price.

"That is all that I can give you at this time," Webb said last night. He added that the case was "one of the worst since I have been in the department."

Webb, however, did tell reporters that Scott had directed police to an alley where a coffee sack faces a charge of murder in the church slaying of Dana Marie Weaver, 16-year-old schoolmate.

Detective Capt. Frank H. Webb announced simply that Scott had been charged in a warrant signed by Police Judge S. R. Price.

"That is all that I can give you at this time," Webb said last night. He added that the case was "one of the worst since I have been in the department."

Webb, however, did tell reporters that Scott had directed police to an alley where a coffee sack faces a charge of murder in the church slaying of Dana Marie Weaver, 16-year-old schoolmate.

stains are blood. A broken pop bottle was found in the coffee sack. Police said the girl apparently had been clubbed to death with a bottle.

Dana Marie's body was found Monday morning by the janitor of Christ Episcopal Church in the church kitchen. There were signs of a desperate struggle by the girl. Her fingernails were broken and two pop bottles, one of them smashed, were on the floor.

She had gone to the church Sunday evening to join a young people's group, unaware that the group was on a picnic. She frequently joined the group on Sunday nights although she was not a member of the church.

Police yesterday received reports that Scott's face was scratched and they proceeded to take him

quietly from class in Jefferson High School to police headquarters where he was questioned continuously from 2 p.m. until the warrant was issued at 9:15 p.m.

The boy's father, Garrett Scott, an insurance salesman, was brought in to see him during the day. He left the room weeping.

He went with police to find the coffee sack in an alley, and also to his home to find the boy's clothing he is said to have worn Sunday.

A coat and pair of trousers bore large dark blotches. Some white and tan oxfords showed signs of having been washed, but there were stains on the sides and on the white shoe laces, police said.

# BLOCKADE IS LIFTED

BERLIN — (AP) — The last hours of the Berlin blockade ticked away tonight in a spirit of celebration and deliverance from events which brought the East and West almost to the brink of war.

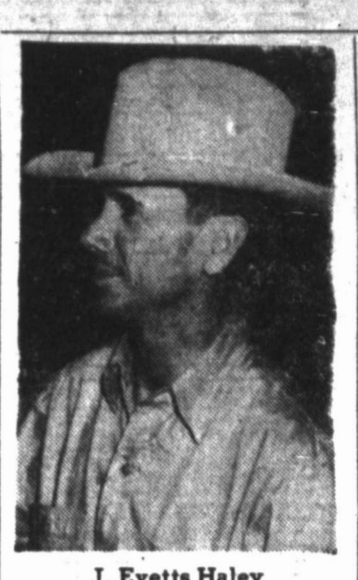

The end of the 327-day siege of Berlin was set for one minute after midnight (4:01 p.m. CST). Trains and trucks lined up near the border between the British and Russian Zones of Germany. The dropping of road blocks will start them along the 100 miles of Russian-controlled territory that makes an island of Germany's greatest city.

Sixteen freight trains were ready, along with scores of trucks, automobiles and barges. The trains from the West carry coal and food — the things that the 2,000,000 Western Berliners have gotten only through the might of the American-British airlift.

At the same time the Western powers will relax their counter-blockade. Under that they kept goods from flowing into Western Germany from the Eastern (Russian-controlled) Zone. But it is the Russians who take a diplomatic defeat out of the Berlin blockade; Western leaders say the Russians, not reckoning with the airlift, thought they could squeeze the West out of Berlin.

Gen. Lucius D. Clay commented today: "West's stand showed the determination of the free nations not to yield in the face of pressure. This undoubtedly resulted in renewed confidence of the people seeking a free way of life in Europe. The Soviet effort to dominate Berlin by oppression brought communism to its lowest political strength in Germany in many years."

The American military government declared the Germans, tested the determination of the free nations not to yield in the face of pressure. This undoubtedly resulted in renewed confidence of the people seeking a free way of life in Europe. The Soviet effort to dominate Berlin by oppression brought communism to its lowest political strength in Germany in many years."

**J. Everts Haley**

## 'Panhandle Man' Injured In Stampede

Author-Historian J. Everts Haley, 43, the "Panhandle Man" at last year's Rotary-sponsored show, was badly trampled in a cattle stampede yesterday on his ranch near Atarque, 50 miles south of Gallup, N. M.

Haley, former Amarillo rancher and famed photographer of Southwestern personalities, was supervising the loading of about 35 steers for shipment to market in Clovis when one of them turned on him and knocked him down. The other animals, excited, trampled him and inflicted severe lacerations and bruises.

According to the Associated Press one cheek was torn seriously. He was flown to Albuquerque for emergency treatment.

Owner of several ranches in West Texas and New Mexico, Haley is well known in Pampa. It was reported Haley may be taken to San Antonio for plastic surgery, following his treatment at the Albuquerque hospital.

Boom McClure Canyon, neighbor of Haley, said he was notified by West Berliners to find it (See BLOCKADE, Page 2)

## API Chapter Hears Report On Convention

Members and visitors of the local Panhandle Chapter of API were treated to another very interesting program at their regular meeting held last night in the Palm Room.

The meeting was called to order at 8 p.m. by Ralph O'Neal, API chairman. A report was given on the API meeting recently held in Tulsa, by O'Neal, as presented by the two delegates to the convention, Fred Neslage and Harvey Longren.

J. D. Cruce, sales manager for Lane-Wells in the Panhandle, was then introduced. His talk on "Radio Activity in Well Logging" was interesting and highly informative.

## Cruce Gives Brief History of Radio Activity in Well Logging

Cruce gave a brief history of radio activity well logging, explaining its origin in the Central Oklahoma Area in 1940.

He then delved into the origin of radio activity in rocks, saying that "from radio activity content of geological rocks we are able to identify different formations to be encountered in drilling."

He next explained the theory of the Gamma-ray instrument, explaining how it utilized the principle of the ionization chamber with a gas which would ionize when bombarded with Gamma-rays.

Cruce discussed the neutron instrument which produces a log supplementing the geological column established by the Gamma-ray log.

Cruce said "the neutron log is produced by bombarding formations with neutrons produced by a very technical process, and recording the induced secondary Gamma-rays produced by neutron bombardment. These neutrons are travelling at approximately 100 million feet per second and are sensitive to presence of hydrogen (See API, Page 2)

# Pampa News

VOL. 47 — NO. 275 (10 PAGES) PAMPA, TEXAS, WEDNESDAY, MAY 11, 1949

## Protestants Rally Behind Newspaper

KANSAS CITY — (AP) — Protestantism prepared today to rally behind its first all-denominational newspaper for a united voice in a bid for worldwide spiritual leadership.

The groundwork for establishment of the newspaper has been speeded by 200 Protestant leaders here for that sole purpose.

They were told last night it was up to protestantism to shoulder the responsibility of worldwide spiritual revival.

Dr. Robert W. Searle of the Protestant Council of New York City added, however, that first protestantism needed unity of voice and the best way to get it was through a newspaper controlled by all denominations.

Christianity, Dr. Searle said, has the answer to world problems and "protestantism must proclaim this Christian answer."

He insisted protestantism was best suited to carry on a spiritual revival since it does not "aspire to the identity of the church and state" and is "committed to freedom from dogmatic authority."

He defended division among Protestants, saying it was a by-product of freedom but he called for a united voice and recommended an all-denominational newspaper as the best way to accomplish it.

Speakers were taken yesterday to buy a privately-owned Protestant newspaper. Under plans it would be converted into an all-denominational publication.

A committee of the religious leaders met with the owners, Dr. and Mrs. Homer Gettle and Mr. and Mrs. David Hogg of Fort Wayne, Ind. Terms under which the newspaper would be bought were not disclosed.

Dr. J. W. Montgomery of New York, secretary of the committee in charge of planning for the newspaper, estimated the project would cost two million dollars. The newspaper, now known as The Protestant Voice, would be moved from Fort Wayne to New York.

## FRANK HAGUE OUSTED AS JERSEY CITY BOSS

JERSEY CITY, N. J. — (AP) — Frank Hague no longer is "the law" in Jersey City.

One of the last of the big city political bosses, Hague lost control of the City Commission yesterday as fusion forces smashed to victory in the municipal election.

The fusionists were led by John V. Kenny, onetime trusted Hague lieutenant who was ousted as a ward leader by the Democratic chieftain last year.

Kenny had termed the election "a rebellion against the most corrupt political machine in the history of the United States."

Hague's only comment on the outcome of the election was a 12-word statement issued this morning. "The people wanted it that way," he said, "so it's all right with me."

The stunning victory set off a series of wild celebrations and dancing in the streets throughout this city of 301,000 persons.

The 73-year-old Hague was not a candidate. His handpicked ticket was headed by his nephew, Frank Hague Egger, whom Hague named mayor two years ago when he stepped out of the office.

It was a bitter defeat for the iron-fisted Hague whose reign spanned 32 turbulent years. He served as mayor for 30 of these years.

Never had Hague, who at one time was a City Hall custodian, tasted defeat in a city election.

During his tenure as leader he kept Jersey City and surrounding Hudson County under his political thumb, always coming through with staggering Democratic majorities from the area in city, state and national elections.

It was this faculty which led to Hague's taking command of the state Democratic organization and gaining an important place in the nation's political scene.

He has been vice chairman of the National Democratic Committee for many years, an adviser to presidents and a power in the party's national conventions.

Complete unofficial returns gave Kenny, a wealthy contractor, the top vote of 81,295. The lowest on his ticket was James F. Murray, Sr., who received 73,577. Egger ran second on his ticket and seventh in the balloting, polling 59,052 votes.

## Tavern Hit Third Time By Thieves

The Smoke House Beer Tavern, 321 W. Foster, was hit for the third time by burglars last night with a marble machine the victim.

Chief of Police Louie Allen said one man was being held for questioning with the break-in.

Officers reported the thieves pried off the tin on the wall, pulled back a door bar and got in. Exact amount of the loss was undetermined this morning, Allen said.

Early Sunday morning the tavern was broken into when over \$100 in nickels, dimes and quarters were taken. That job was solved by police less than 12 hours after the break-in and a confession made by H. B. Line, ex-convict, admitting he broke into the place. Police found the money in a sack in Line's room where he told them it was.

Several months ago the tavern was burglarized and change taken from vending machines. Two Pampa youths, by the Sheriff's Dept. for questioning on that break-in, but were released for lack of evidence. Both police and Sheriff's Department said at the time they were convinced neither of the boys questioned had anything to do with the burglary.

## Princess Sees Pope Pius XII

VATICAN CITY — (AP) — British Princess Margaret Rose, dressed severely in black, was received by Pope Pius XII in a private audience in his personal library yesterday.

The princess, who usually doesn't spare the lipstick, used little if any artificial coloring on her lips.

They talked 20 minutes, the 73-year-old Roman Catholic pontiff, and the 18-year-old daughter of Britain's Protestant King George VI. A Vatican communiqué said the conversation was affable.

Princess Margaret, on vacation in Italy, visited the Pope over the protest of two British Protestant organizations.

The first meeting between a Pope and British royalty since the princess's grandparents, King George V and Queen Mary, were received in 1923 by Pope Pius XI, predecessor of the present pontiff.

Princess Margaret saw some of the sights of Vatican city before she entered the pope's apartment and visited other sections after she left.

## Chamber Directors and City Board Study Audit and Activities of Year

R. H. Nestell, certified public accountant, submitted annual audits yesterday at a luncheon meeting of the Board of Directors of the Chamber of Commerce and Board of City Development.

Frank Culberson, chairman of the Roberts County Rights-of-Way Committee, said plans are now underway for rights-of-way fencing in Roberts County on Highway 70. Fencing is nearly completed on Highway 70 to approximately 15 miles north of town.

Al Doucette, chairman of the special committee on investigating temporary route to the Canadian River, presented a report and pointed out four alternate routes his committee had decided upon.

He estimated that a passable road could be put in shape in approximately two weeks. However, his estimate did not include any type of work on the river bed itself.

He said some sort of ferrying service should be considered, possibly a team and wagon or a motor vehicle, to pull cars and trucks that might get stuck.

The State Highway Commission has been started on the road. The committee is awaiting the action of the State Highway Commission as to what it will do in the way of new construction on Highway 70.

John Cole, general manager of the Top of Texas Fair Association, reported plans are underway for the staging of the second annual fair, Sept. 28 to Oct. 1.

The organization then offered its support to the fair association and the assistance of its office force and manager E. O. Wedgeworth, manager, is secretary-treasurer of the fair association.

The board also approved a movement that is now underway so that certain sections outside the city limits may come into the city.

L. G. Langston, chairman of the Good Will and Reception Committee, reported plans are complete for the reception of the Amarillo special train, which will arrive in Pampa at 1 p.m. tomorrow. Word received from the Amarillo Chamber of Commerce said the group will be accompanied by a musical organization, "Three Squeaks and a Squawk," an Amarillo businessmen's band. Souvenirs will be available for the children.

Earl O'Keefe, first vice president of the Amarillo Chamber of Commerce, will lead the delegation. Fred Thompson, president of the local Chamber of Commerce, will give a welcoming address.

## Cancer Drive To Continue

J. Ray Martin, Gray County American Cancer Society drive chairman, recently received word from Karl Hobbittelle, state campaign chairman, that the ACS drive will continue through May.

Only 37.6 percent of the \$450,000 Texas goal has been reached. Hobbittelle's letter said. Twenty-one Texas counties have passed their minimum financial goal.

ACS district chairman has been recognized cancer control workers of Texas. If the goals are not reached, their work will fall short of the minimum requirements for fighting cancer. This year's campaign is centered on education, education, service and research.

Only slightly more than half of the Gray County goal has been reached, Martin said.

"The amount of good the ACS is doing is obvious," Martin continued. "We need the support of the residents of Gray County to carry on the scientific and educational research."

## Legislators' Pay Cut in Half Today

AUSTIN — (AP) — Pay of legislators dropped from \$10 to \$5 a day today.

The 81st Legislature yesterday completed the 120 days suggested by the Constitution as the length of time sessions should last. The pay cut was automatic.

## House Veterans Committee Approves Milder Pension Bill

WASHINGTON — (AP) — A final draft behind closed doors, Rankin told reporters.

"The Teague amendment cuts out six-sevenths of the World War I veterans aged 65 or over. It is the worst blow they have received to date since the economy act of 1933."

The economy act reduced veterans pensions.

As the bill now stands, it establishes pension benefits totaling approximately a billion dollars a year through the year 2000.

The new version, which again carries the name of Chairman Rankin (D-Miss.), was put together by the committee as a "reasonable" counter-proposal to the criticism which greeted the earlier bill; that it was much too expensive.

In brief, the latest bill would provide \$72.5-million pension benefits for needy veterans of both world wars at age 65. It also would set up benefits ranging from \$60 to \$72 in cases of total disability.

Actually the bill would do little more than write into law discretionary regulations already in force in the Veterans Administration in cases of non-service connected disabilities.

The committee agreed on its stripped-down version behind closed doors yesterday, and prepared to report it favorably to the House at once.

While the bill falls far short of pension demands presented by some of the old line veterans organizations, committee members said privately they expected it to be well received both in Congress and among organized veterans.

The original bill would have paid a flat \$90 a month to all World War I and II veterans at the age of 65 whether they needed it or not. It also provided further benefits for disabled vets. Some officials estimated its eventual cost at around \$100,000,000.

## WE HEARD...

A local woman decided to beautify her yard with flowers as a part of the current clean-up campaign. She bought several kinds of flower seeds and put them all over her back yard. Since her garden house was not quite long enough, she took a diaphan full of water several times during a day and faithfully watered her flowers to-be. In a few days some little green things began to show themselves, and was she pleased. Later she found she'd been watering weeds by hand, and was she disgusted.

## Rehearing Is Denied Ross

AUSTIN — (AP) — The Court of Criminal Appeals ruled again today that Dr. Lloyd T. Ross, San Antonio surgeon, must die in the electric chair for murder in the slaying of Mrs. Gertrude York.

The court on Nov. 3 had rejected Dr. Ross' appeal from the death sentence. Today's action was refusal of his motion for rehearing.

Ross was found guilty of murder by a Fayette County jury in the rifle killing of Mrs. York, one of four members of a prominent San Antonio family slain on a Comal County country road May 25, 1947.

In the York automobile that Sunday morning enroute to church were Willard York; his wife, Gertrude; their son, John 9; their daughter, Ann, 13; and Mrs. Mary York, York's 67-year-old mother.

Only Ann escaped death in the shooting.

The Ross and York families had been friends for years.

The defense sought to show during Dr. Ross' trial that he had "cracked up" after he lost his savings, about \$150,000, which he had entrusted to York for investment.

In the motion for rehearing, attorneys for Ross filed an 84-page document alleging 19 grounds for a new hearing, citing asserted errors in trial court proceedings and in the affirmation of the death sentence.

The Court of Criminal Appeals in November failed to find reversible error in the trial court verdict finding Ross guilty.

## Randon Services Set Tomorrow

Funeral services for Doyle Randon, 39, will be held at 3 p.m. tomorrow in Wellington.

Randon, who was born April 18, 1910, in Brenham, Tex., died at 2:30 p.m. yesterday at his home, 501 Maple, after a lingering illness. He came here from Wellington and had been living in Pampa about three years.

In addition to his wife, Annie Maye, he is survived by one daughter, Ella Louise, and by one son, James Earl, both of Oklahoma City; by four sisters, Mrs. Fredonia Arnold and Mrs. Roberta Crawford, both of Pampa; Mrs. Dorothy Hodge of Amarillo; and Mrs. Mattie Smith of Kansas City; and by two brothers, Theodore of Pampa and David of Wellington.

Services will be held in the Holiness Church in Wellington at 3 p.m. tomorrow with the Rev. S. A. Jackson officiating, and burial, under the direction of the Duenkel-Carmichael Funeral Home, will be in the Wellington Cemetery.

## Clean-Up Is Moving Again

The clean-up, fix-up, paint-up drive will again get underway now that the alleys have dried, Ernest Winborne, Steering Committee member, said this morning.

"If we had not been hindered by bad weather," he said, "we would be starting on Ward 1 tomorrow."

Since the Junior Chamber of Commerce and Kiwanis sponsored trucks have been unable to work Wards 3 and 2 alleys, the Department said at the time Ward 2 trash will be hauled to the city dump today through Friday. The trucks will begin in Ward 1 alleys Saturday morning.

"After we finish Wards 2 and 3, we will go back to Ward 3," Winborne added.

Fifteen Pampans comprise the Steering Committee for this year's clean-up, fix-up, paint-up drive. The committee is headed by Howard Vineyard, chairman.

"If Pampans will clean up their homes, offices, hospitals, places of recreation, alleys and yards, they will have served the community," he said.

Besides improving the looks of the city, a thorough clean-up will take away fire hazards, serve as a police precaution and improve the health and safety standards in Pampa.

## Jaycees to Send Delegates to National Meet

The Pampa Junior Chamber of Commerce will send two delegates to the Jaycee national convention in Colorado Springs, Colo., June 7 through 11, the club decided at its regular weekly luncheon meeting yesterday.

The club will pay the necessary expenses of the two voting delegates it is entitled to and will pay up to \$50 toward the expenses of any other club members who care to attend the convention. A fund of \$500 to meet delegates' expenses was set aside.

Yesterday's only guest was Raymond Garrett, who is connected with S&Q Clothiers.

## Driver's License Suspension Hiked

Clyde W. Hopsop, Pampa, was handed an additional six-months suspension of drivers' license plus a \$50 fine and costs yesterday afternoon by Judge Bruce Parker for driving while his license was suspended.

Hopsop had his drivers' license suspended for six months in March when he was convicted of driving while intoxicated. He was picked up Monday by City Police.

## THE WEATHER

U. S. WEATHER BUREAU

## DANES EXECUTED

COPENHAGEN — (AP) — Five Danish war criminals, sentenced to death on charges of terrorist activities during the German occupation, were executed this morning.

**BOY BROUGHT BACK FROM 'DEAD'**—The anxious parents of four-year-old Lawrence Page of Mojave, Calif., watch him breathe oxygen in a Pasadena, Calif., hospital, after he had apparently died from serious traffic injuries. The youngster stopped breathing for ten minutes shortly after he was hit by a car, but doctors revived him with a stimulant injected into his heart. The parents are Mr. and Mrs. Francis M. Page. (AP Wirephoto)

This one-and-a-half-ton, 12-foot bronze statue of Gen. Jose Artigas, Uruguayan revolutionary hero, is unloaded in New York for rail shipment to Montevideo, Uruguay, as a gift from Montevideo, Uruguay. Inspecting the statue at right are Dr. Alberto Campora, Uruguayan ambassador to the U. S., Mrs. Campora and E. H. Gluck, ship captain.

### From Montevideo to Montevideo

(Continued From Page 1) which is found in all formational fluids.

Cruce continued by quoting example of work done in various fields throughout the United States and gave example and case histories taken from their files, showing the accuracy by which rocks were logged and the porous zones established within those formations. He also told of one case in the Velma field in Oklahoma where the neutron instrument was used to show gas and oil content.

Refreshments were served by the Lane-Wells organization following the meeting.

### PANHANDLE

(Continued From Page 1) bor of Haley, received word last night that Haley also suffered a broken collar bone and several broken ribs when the steers trampled him.

Haley recently purchased the Dent Ranch near Atarque. He leases the Bush Ranch near Amarillo and owns a ranch on the Canadian River about 20 miles south of Spearman.

The famed biographer of the XIXth of Texas, Charles Goodnight Cowman and Plainsman, "George W. Lattin," and "Charles Schreiner" resides at 2701 Third Avenue, Canyon, while operating his ranches.

### JAIL SENTENCE

LONDON — (AP) — Nine men who charged themselves to a railing in front of the U. S. Embassy in May Day demonstration were sentenced today to six weeks in jail.

### APL

(Continued From Page 1) difficult to realize that the hated blockade finally is ending. But they plan a big celebration. Schools will close to let the children celebrate, too.

Even after the blockade ends, however, the airlift will continue. Nearly 400 planes will haul in supplies to build a stockpile of more than 200,000 tons of food and fuel for West Berlin. The American and British commanders have said it will be kept intact until there is no doubt that the days of blockading at the Kremlin's orders have ended.

The airlift in 11 months has cost the lives of 41 airmen and about \$200,000,000. On the other side of the ledger, Western officials say it has cost the Russians a big loss of prestige, in addition to the economic disruption in their German zone caused by the Allied counter-blockade.

Berlin still will have two city governments, two police forces and fire departments, separate trade union federations, and separation of almost everything else — one for the Western sectors and one for the Russian-controlled part.

### Guest Market' Back In Hotel Business

HOUSTON — (AP) — There's "guest market" again in the hotel business, but no drop in room prices is in the immediate offing.

That was the consensus of top-flight hotelmen of the nation at the windup Tuesday of the Texas Hotel Association convention.

"We find all over the country a declining market," said Joe H. Adams of Miami, president of the American Hotel Association.

## Sons of American Revolution Blast Truman, Sen. Connally

FORT WORTH — (AP) — The Texas chapter of the Sons of the American Revolution led President Truman have it with both barrels at the closing session of their annual convention.

The newly elected president said he should be "kicked out" of the SAR.

The retiring president compared him with "Dictator Stalin."

Col. Homer E. Carrico of Dallas said Truman and Sen. Tom Connally (D-Tex) should be kicked out of the organization.

"We fuss about Truman and Connally for betraying the rights we believe in, yet we hold them in high esteem as members when we ought to kick them out," he said.

E. E. Townes, a retired Humble Oil & Refining Company executive of Houston, said "Dictator Stalin could do no worse than President Truman," who Townes said seeks to substitute a dictatorship for Constitutional government.

There was no official reaction or statements from the convention to the remarks made on the floor.

Townes said that President Truman has forced legislation through Congress and that he told members of Congress that if they did not the way the President wanted them to vote on certain bills, that they would be deprived of their traditional rights of patronage.

"In other words, the members of Congress, whom the people elected to exercise their independent judgment for the good of the country and to represent the people, are told brazenly that, if they do

## 5 doctors prove this plan breaks the laxative habit

If you take laxatives regularly—how's how you can stop!

Because 5 New York doctors now have proved you may break the laxative habit. And establish your natural powers of regularity. Eighty-three per cent of the cases tested did it, so can you.

Stop taking whatever you now take. Instead: Every night for one week take 2 Carter's Pills—once every other night. Then—nothing! Every day drink eight glasses of water; set a definite time for regularity.

Five New York doctors proved this plan can break the laxative habit.

How can a laxative break the laxative habit? Because Carter's Pills "unblock" the lower digestive tract and from then on let it make use of its own natural powers.

Further—Carter's Pills contain no habit-forming drugs.

Break the laxative habit... with Carter's Pills... and be regular naturally.

When worry, overeating, overwork make you irritable temporarily—Carter's Pills temporarily. And never get the laxative habit. Get Carter's Pills at any drugstore for 52¢ today. You'll be grateful the rest of your life.

## Guy Named Top Editor

LAREDO — (AP) — Charles A. Guy, popular and well-known editor of The Laredo Avila News-Journal, today was chosen as the outstanding editor in Texas by a committee headed by Mayor Hugh S. Cluck of Laredo.

## Band to Attend Enid Festival

Harvester Band will leave by school buses tomorrow for Enid, Okla., to attend the three-day Tri-State Band Festival.

The band members will go by way of El Reno. Friday morning concert playing and sight-reading will highlight the festival's activities.

The Million Dollar Parade will begin Saturday morning. The local High School band, last year, won first place in its division in the parade.

Students will be housed in Enid homes during their stay at the festival. They will return to Pampa Saturday afternoon.

Besides the band director, Orland Butler, other sponsors making the trip will include Mrs. Peggy McNelly, Miss Johnnae Douglas, J. L. Spencer, and Kenneth Walters.

## Six-Foot Snake Is Rival for Old Rip

HENDERSON — (AP) — A rival for old Rip, the Eastland hound dog that was found in a courthouse when he pulled up a piece of pavement and saw the snake, he departed hurriedly.

Mayor L. H. Reed said he had no idea how long the snake had been there, tightly wedged between the pavement and the concrete base of the busy thoroughfare.

There are more than 2,000 ranch factories of United States industries in Canada.

## Just What Would You Have Done?

SYDNEY, Australia — (AP) — Fish story? Two fishermen at Pittwater, near Sydney, hauled in a line and found an octopus on the end. The octopus was cuddling a full bottle of gin.

The fishermen threw the octopus back.

Mr. and Mrs. Fred C. Fischer of south of town have returned home from Abilene where they spent the weekend with their daughters, Mrs. Aubrey Johnston and family, and Florence Wyatt of Dallas. Square an' ballroom dancing at Phillips Community Hall benefit Adm. \$1.20 per couple. May 14, 8 p. m. till 7:30. Mrs. Bonnie Kennedy is staying with her mother, Mrs. C. E. Smith, 864 W. Foster, while recuperating from minor surgery.

Goodrich Store Has New Manager

Lon D. Ellis, formerly Oklahoma City Montgomery Ward automotive department manager, Friday took over the management of the E. P. Goodrich Stores to succeed K. C. Watson. Ellis, a native Texan, lived here during the war. He formerly was store manager of Firestone Stores at McAlester, Okla. He has been in Pampa for the past three weeks and is residing at 704 N. Frost.

West Texas Pool Has New Producer

PECOS — (AP) — The Chapman Pool in West Texas has a new producer. The Delaware Basin Oil Company announced it completed its TXL No. 2 well three miles southwest of Orta during the weekend. The company said the well produced 330 barrels of oil in 18 hours through seven-inch tubing. The well is producing from the Delaware sand at 2,900 feet.

Local Firemen Win Pumper Race At Convention

Six Pampa firemen returned from the regional firemen's association meeting at Childress with top honors in the pumper races. Pumper races are a traditional feature of firemen's conventions. Pampa tied with Levelland for first place with the time of 23 seconds. Levelland was the last of the nine teams in the races and was short one man to compete. At Ferguson, local fireman, joined the Levelland team, whose time equaled Pampa's. Besides Ferguson, the local pumper team was composed of Albert Fuller, Pete Pierce, Blackie Skidmore and T. D. Snow. Other teams competing and their times were: Claude, 39 seconds; Canadian, 50 seconds; Wellington, 23 and two-fifths seconds; Mataador, Dalhart, Shamrock and Memphis, no time. About 125 firemen, their wives and guests attended the convention of the Panhandle Firemen's Association. Childress Mayor L. W. McClendon welcomed the visitors at the morning session and Fire Chief Ernest Winborne, second vice president, gave the response. Speakers at the one-day convention included: Frank Williams, member of the state firemen's pension board; Col. H. R. Brayton, Texas A&M Industrial Extension Service; and Olin Culbertson, Austin, secretary of the Texas Firemen's Association. The association chose Tulsa as the site for the next convention which will be held in September.

Restrictions on Enlistments Eased

Certain Army restrictions on enlistments of men with dependents have been lifted, M-Sgt. Davis A. Brown, local Army recruiting officer, announced yesterday. Formerly, no veteran with dependents could enlist or reenlist unless he had served in Grade Three or higher. That restriction has now been eased to include men who served in Grade Four or higher, Brown said. Enlistment quotas for the Regular Army and the Air Force have been lifted to a certain extent, Brown said, and the vacation career plan and Officer Candidate Schools in the Army, Air Force and WAC are wide open.

City Commission Holds Long Session on Well Equipment

A long session of opening and reading bids, tabulating, and final decisions on contract awards in connection with the city's new water wells was held yesterday by the City Commission. One award, that of laying the pipelines from the wells to town, remained open for investigation of the three lowest bidders.

The Lane Texas Co., Dallas, was successful bidder over three other competitors for two deep-well electric drive pumps at the low bid of \$19,264.58. The pumps, driven by 125 h.p. motors, will pump 650 gallons per minute at a 450-foot total head. The price represents purchase, installation and efficiency tests of the pumps.

The bid for purchase of 15,425 feet of 18-inch cast iron pipe and 36 feet of 14-inch cast iron pipe with fittings by the U. S. Cast Iron Pipe and Foundry Co., Birmingham, Ala., was accepted over two other bidders at a cost of \$85,201.89. Bids for fittings for repairs of other city water wells were received from seven companies with the Viking Supply Co., Dallas, being given the award.

The job for construction of the water lines from the wells to the city was left open for investigation by the commission of the three lowest bidders: L. C. Peddicord, Garden City, Kans., \$36,890.62; Harrison, Shirley and Harrison, Canyon, \$31,811.70; and ParkOver Construction Co., Pampa, \$30,721.50. Five other construction companies also bid in prices ranging from \$40,880.10 to \$50,327.60.

The commission turned down two bids on a tractor without opening them. The bids were to be opened only if the construction bids were unsatisfactory or rejected. Consulting Engineers Roberts and Merriman, Lubbock and Pampa, originally estimated

Texas Tech Votes New Buildings

LUBBOCK — (AP) — A \$7,500,000 bond issue to finance new buildings has been voted by Texas Tech directors. The action designated three projects as main building needs. These are two wings to the administration building, two wings to the engineering building and either new facilities or new buildings or a wing for the home economics structure. This work is expected to cost around two million dollars. A science building was listed as the next project. A bond issue was approved a year ago by voters. The directors also authorized a committee headed by Chancellor Weymouth of Amarillo to arrange contracts for the leasing of a warehouse and igloo space at the recently acquired Pantex Ordnance plant near Amarillo.

Butter-Fingered Robber Drops \$300

PITTSBURGH — (AP) — John Duvall shoved money off the street — \$300 worth and all because a burglar had butter fingers. John's been filling a five-gallon whiskey bottle with pennies, nickels dimes, and quarters for three years. A burglar snatched the bottle and ran to the street. The jug slipped from his finger with a crash and coins flew in all directions. The thief ran. John went to work with a shovel, a broom and a dustpan. Duvall has all his money back — he thinks. He's too tired to count it.

Mosquitoes Out Early This Year

DALLAS — (AP) — Mosquitoes are out earlier than usual and it looks like a bumper crop year, City Health Director J. W. Bass said. "Mosquitoes are like cotton," he said. "There are good years and bad years. This looks like a good year for the mosquitoes." the construction job to run not more than \$41,000 in round figures. A resolution approving efforts of some citizens in enlarging the city limits was handed to the commission by the Chamber of Commerce and placed on the minutes.

and the Rev. George McDonald
of Casselton, N. D., were Ama-
rillo visitors Monday.

So They Say
Hollywood's a good place now
for somebody who just wants to
make money. You do a scene at
a time and a director tells you
how. But if you're crazy to act,
you need an audience on the
stage.
Motion picture actress Marie
MacDonald.

We have had five defeats in
succession, but they have been
quite close. If the presidential
election had been held in 1948,
we would have had a Republican
president.
-Sen. Robert A. Taft (R) of
Ohio.

ROGER THE LODGER
By Elizabeth R. Roberts
THE STORY: Mr. and Mrs. Roberts
are in the home of Roger the
Lodger, a young head-
quartered lieutenant, who often
visits with guests to dinner.
Now Roger has arranged a bar-
becue for the weekend at the
colonel's, the wife, Colonel Cartwright,
and Roger, his wife, and
Roger. But the weather is
bad and so the party is being held
indoors.

Perhaps it was the cocktail, per-
haps it was the weather, I be-
gan again, "English is hard to
learn," I said.
"Is that so?"
"Is that so?" here Colonel Bolovitch
looked again in Roger's direc-
tion—telling me you are making
great progress in learning our
language."
"Is that so?"
I LOOKED around for help. Col-
onel Bolovitch and I were hold-
ing a scintillating conversation, no
doubt about that, but any minute
I might resort to asking questions.
Then what? Colonel Cartwright
moved away from the group by
the piano and over toward us.
I didn't clutch Colonel Cart-
wright's arm like a drowning
sailor clutches a life raft, but I
did take hold of him. "I think it's
wonderful how Colonel Bolovitch
understands English," I said.
"Is that so?" Colonel Cartwright
said.
We were half through dinner,
those of us who weren't inter-
preting, when Colonel Bolovitch
proposed a toast to Russo-American
friendship.
Colonel Bolovitch proposed a
toast to his host and hostess, ac-
cording to the word-weary inter-
preter.

**Worthwhile Meets With Mrs. Chambers**

Mrs. Ann Heskey demonstrated making of slip covers by covering a chair when the Worthwhile Club met Friday at the home of Mrs. Paul Chambers.

Mrs. W. B. Turner made a council report, and Mrs. Ora Wagner gave a work simplification talk. Mrs. Ray Robertson presided during a business session. She urged all club members to be present Saturday at the City Club Rooms when 4-H Club girls will give a dress review.

The next meeting of the Worthwhile Club will be May 29, in the home of Mrs. J. A. Grundy, 1011 N. Duncan. Mrs. D. E. Bunip, a former member, now living in Oklahoma, was a guest of the club. Refreshments were served. Others present were Mesdames J. A. King, D. L. Linsford, O. G. Smith, R. E. Engle, J. N. Harbison, Joe Looper, Sr., Joe Looper, Jr., L. L. Warren, and Roy Tinsley.

**The Social Calendar**

**WEDNESDAY**  
5:30 Covered-dish fellowship dinner at Presbyterian Church.

**FRIDAY**  
6:30 OES will hold a Western supper honoring the worthy patrons and the worthy patron, Masonic Temple. Reservations must be in by 4 p. m. Wednesday. Tickets may be purchased from Mrs. Artie Rober, Mrs. Roy Sewell or Mrs. Ross Cornelius.

7:30 Police Auxiliary, Mrs. Louise Allen, 217 N. Dwight.  
8:00 p. m.—June Gull piano recital at the Church of the Brethren.  
8:20 Jaycee-Ente spring formal dance at Terrace Grill.

**Wesleyan Guild Meets In McLean Thursday**

McLEAN—(Special)—Mrs. Spencer Sitter was hostess to the recently organized Wesleyan Guild last Thursday.

Mrs. Clyde Magee presided over a Mission study after which the pledge service was observed. Assisting Mrs. Magee was Mmes. Jesse Coleman, Paul Kennedy, Harris King, and Roger Powers. Those attending were: Mmes. Gerald Bizzell, James Kritzer, Marvin Hindman, Paul Martel, Haydn Bodenhamer, Shelton Nash, Wheeler Carter, Herschel McCarty, Magee, Kennedy, Powers, King, and Coleman.

**Ruth Class Holds Mother's Day Tea In Home Friday**

A Mother's Day Tea was held by the Ruth Class of The First Baptist Church Friday, May 6, in the home of Mrs. C. L. McKinney.

On the program was Mrs. Tom Duvall who gave a selection of Mother's Day poems. As each member introduced their respective mother, corsages of floral wreath were pinned on the member and mother.

Mrs. E. L. Anderson poured the tea.

Preceding the program was a short business meeting conducted by the president, Mrs. J. W. Graham. Mrs. E. H. Ousley, Jr., introduced Mrs. Duvall.

Following the program, Mrs. D. M. Scatlet led the group in prayer.

Members attending were: Mmes. E. H. Ousley, Jr., F. W. Terhune, H. L. Gasaway, D. W. Sanders, C. D. Foster, Ted Duckworth, J. B. Hedgecoke, E. L. Anderson, Don Cole, J. W. Graham, Jr., Chris Walsh, Ralph McKinney, John Branham, Jr., H. C. Grady, Jr., Howard Sims, E. N. Pierce, Harold Cockburn, J. W. Brooks, Jr., A. M. Troop, and Paul Turner.

Those visiting were: Mmes. E. H. Ousley, Sr., J. S. Dawson, C. L. McKinnis, Ernest Baird, Homer Taylor, Joe Weaver, D. M. Scatlet, W. M. Sims, and Tom Duvall.

**Woman's PAGE**

Pampa News, Wednesday, May 11, 1949 PAGE 5

**Music Is Well Received By Appreciative Audience**

A large group of music teachers, students, and patrons of music enthusiastically received Thurman Morrison at the piano recital Sunday at the City Club Rooms. Mr. Morrison was here as a judge in the National Piano Auditions held last week.

Morrison added to the interest of the recital by explaining something of the style and character of the compositions which he presented.

His program included the C Minor Prelude and Fugue of Bach; the first movement of Beethoven's Sonata, Op. 90, Intermezzo of Brahms in A Major, Scherzo in C Minor by Chopin, and a group of three short dances by Shostakovich.

Following the recital, a reception was given in honor. A large bowl of yellow tips formed the centerpiece for the table, which was decorated also with candles.

Mrs. Lilly Hartsfield, president of the Music Teachers Association, presided at the serving table, and Miss Elise Donaldson was at the register. Other music teachers who assisted were Mesdames Ramon Wilson, L. D. Fagan, May Foreman Carr, H. A. Yoder, Elbert Labensky, Miss Ernestine Holmes, and Mr. F. W. Kerns.

**Child Honored On His Birthday**

SKELLYTOWN—(Special)—Edwin Lick was honored Monday, May 2, with a party by his sister, Addie Fern. The occasion was his 8th birthday.

Games were played and refreshments served. Children present were Carlene Moran, Jimmy McCormick, Bobby Dahlgren, Donnell Ray Smith, Clifton Blue, Johnny Parsons, and the honoree.

**Horace Mann P-TA To Install Officers At Tea Thursday**

Horace Mann School P-TA officers will be installed at 2:15 p. m. tomorrow at a pre-school mothers' tea.

Mrs. L. J. Zachry will begin her second year as president of the P-TA. Other officers will include: Mrs. Olive Alston, vice president; Mrs. S. E. Haralson, corresponding secretary; Mrs. Cleo Hoyler, recording secretary; Mrs. B. E. Altman, treasurer; and Miss Josephine Thomas, parliamentarian.

Special music will be provided by the Horace Mann chorus under the direction of Miss June Brower. Mrs. DeLea Vicars will give the devotional. Mrs. R. W. Tucker will install the officers.

The Executive Board is to meet at 2 p. m. in the principal's office.

**Risk Honors Members Of Needlecraft Club**

SEAMROCK—(Special)—Mrs. M. E. Risk entertained the Needlecraft Club with a "42" party Thursday afternoon.

Iris and lilacs were used to decorate for the occasion.

Those present were: Mmes. J. E. Zeigler, A. J. Laycock, H. T. Fields, T. H. Sonnenburg, Tom Brown, C. L. Reavis, Lee Newman, A. R. Euzig, E. A. Nichols, Sr., Ed R. Wallace, L. E. DePew, William Kyle, H. E. Forgy, and S. M. Dunham.

**Make This Home Recipe To Take Off Ugly Fat**

It's simple. It's amusing. How quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yours. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of Liquid Barconate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoons twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if you still have pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly blood disappears—how much better you feel. More alive, youthful appearing and active.

**10 pounds lost in 10 days**

Mrs. M. C. Britton, 206 W. Wildwood, San Antonio, Texas, writes us as follows: "I am a faithful user of Barconate. I had dieted for weeks without your product and needed so badly to lose 10 pounds, so I started using Barconate and my worry was over for I lost the 10 pounds in 10 days. I now weigh 125 pounds. "I eat most anything I want and hold my same weight."

**the midriff shirt plunges into fashion**

You saw it pictured in LIFE... now picture it on you... the new fashion for the classic shirt that converts into a daring midriff tie! **Esther Club Meets To Discuss Picnic At Lake McClellan**

The Esther Club met Monday evening in the home of Mrs. Chester Nicholson, with Mrs. John Killian co-hostess.

Club president, Mrs. R. E. Brummett, presided over a short business session in which final plans were discussed for a picnic honoring winning degree teams. The picnic will be held Sunday at Lake McClellan. Those attending are to bring a picnic lunch and assemble at the Odd-fellow Hall at 2 p. m.

**Mothers Group Meets Tomorrow**

The Pre-School Mothers' tea will be given at the Woodrow Wilson School tomorrow afternoon, beginning at 2:15. It was announced. The Executive Board will meet at 1:15.

Mrs. E. L. Anderson will install new officers. Miss Mary Nelson will sing a solo, accompanied at the piano by Mrs. May Foreman Carr. Summer round-up plans will be distributed. It was stated.

**HOLIDAY SAUCE**  
A sauce for holiday puddings may be made by creaming a cup of butter or margarine with one and a half cups confectioners' sugar; an egg is then added and the whole thing beaten well. Next mix in a tablespoon or two of boiling water and a half teaspoon of vanilla.

the piano by Mrs. May Foreman Carr. Summer round-up plans will be distributed. It was stated.

**PIN-WORMS**  
TAKE P-W TABLETS  
A modern, medically-sound treatment that gets real results.

**THOSE Matching Pieces ARE BACK!**

**ADDITIONAL PIECES AVAILABLE IN International Sterling**

The Perfect Hostess... that's what you can be with these long-awaited extra pieces, ready now in your International Sterling pattern!

Fulfill that desire to own a complete service in solid silver, with knives and forks in both dinner and luncheon sizes and the correct serving pieces to match your pattern—

- COFFEE SPOONS
- ICED BEVERAGE SPOONS
- OYSTER FORKS
- COLD MEAT FORKS
- GRAVY LADLES
- BUTTER KNIVES
- SUGAR SPOONS
- DESSERT SPOONS
- DINNER KNIVES
- DINNER FORKS

Come in and see them at

## Oilers Gain 11th Loss In Row As Lobos Win, 10-2

The Lamesa Lobos clubbed Oilers right-hander Merlin Hubbard for eight hits and six runs in the fifth inning here last night and then added four more off Dick Lockwood in the sixth to hand the Oilers a 10-2 defeat. This was the ninth straight loss for the Oilers and their twelfth in thirteen starts.

Lefty Leon Hayes held the seven Oilers in check, scattering seven other safeties while fanning five.

Manager Jay Hanesy, third baseman Ed Mellillo and Walt Buckel each had three hits for the Lobos. First baseman Virgil Richardson got three hits for the Oilers, snapping out of a batting slump that saw him getting only two hits in forty-three trips to the plate.

Tonight the Oilers again meet the Lobos. Who will be on the mound for Pampa is a mystery. All of the pitching staff saw action the past two nights. The most likely starter is Charles Boone who only threw a couple of innings on Monday.

Neither team could dent the scoring column until the big six-run fifth inning of the Lobos. Hanesy opened with a double to left. Hank Mellillo sent him to third with a single to right and both runners came in to score as Hanesy singled through the box. Pinto slapped a double to right, scoring Hanesy. Selbo uncorked the third double of the inning, scoring Pinto with the fourth Lobos run. Mellillo singled. Selbo homered to center to stretch his hit into a double. After Calo had bounced out for the second out of the inning the bombardment started again. Buckel rolled a double down the leftfield foul line and Coats sent him home with the sixth run with a single over second base. Then Lefty Hayes, up for the second time, forced Coats to end the inning.

The four-run sixth was at the expense of Dick Lockwood, first-baseman who replaced Hubbard on the mound for Pampa. Hank Mellillo opened with a single and raced to second as Peacock bobbled the ball. Hanesy singled him to third and Mellillo scored on a long fly to left by Pinto. Selbo lined a single to center and both runners came in to score on Eddie Mellillo's double to the leftfield fence. Calo fanned, but Buckel singled to score Mellillo with the final Lobos tally.

The Oilers got one back in the eighth when they batted and bases with no one out and Richardson came in to score on a long foul fly to Hanesy in left field. The Oilers tally came on a walk, a wild pitch and a double by Richardson.

Leading star of the game was Charley Ridgeway who twice went far to his right to make two sensational stops and prevent Peacock from putting the Oilers on top.

The pitching staff was cut down by two the past two days. Jim Anderson, a right-hander who has been with the Oilers the past week, was released. He will go back to play with Ardmore, Oklahoma. Johnny Tackel, a good looking prospect and a rookie, was being optioned out to Sweetwater where he will get a chance to gain some experience as a starter.

### Storage Facilities for Grain Reported Very Short

FORT WORTH—(AP)—An acute shortage of storage facilities will cause more terminal-bound wheat to be dumped on the ground this fall than ever before.

This doleful prediction barely more than a week before the anticipated start of the wheat harvest in West Texas was made here by J. J. Mahoney of Chicago, general superintendent of transportation for the Santa Fe Railway Company.

Mahoney believes the situation is going to resolve itself into a problem of storage. Transportation will be adequate, he asserted. The Santa Fe, he said, is "better fixed" for car supplies than at any time since the war.

The stumbling block is the staggering carryover of the 1948 wheat crop. According to Mahoney, 70 percent of the total storage capacity in the area, extending north to St. Joseph, Mo., and west to the Dakotas and Montana, is now occupied by last year's wheat—a total of 350,000,000 bushels.

"That wheat was supposed to have been turned over to the government (Commodity Credit Corporation) on April 30," Mahoney said. "But it doesn't seem to be moving."

April 30 was the date the government's loan period on grain matured.

"Our problem," Mahoney continued, "is going to be in finding a home for the new wheat. The estimated start for the wheat harvest in Texas is May 20," he explained. "We'll deliver this wheat to the terminals and pretty soon they'll begin filling up here in Fort Worth, in Amarillo, Elida, Okla., and other storage points."

"Pretty soon there won't be any place to put it. So we'll have to clamp on an embargo and the wheat will have to come in on a priority system. The result will be there's going to be more wheat piled on the ground this year than

### Judge Aids Two Who Fleed Reds

BROWNSVILLE—(AP)—Federal Judge Allen R. Hannay gave an assist to two men who said they fled Romania because of fear of Red persecution.

Charged with violation of immigration laws, the judge gave Eugen Pop and Ion Andriana 90 days suspended sentence. He then asked immigration authorities to help them obtain jobs on merchant ships.

Speaking for himself and his companion, Pop said "We would rather die than go back." They told of a long flight to escape what they described as Red persecution. Both are seamen.

### UNDERWATER FLYERS

Penguins "fly" under water. The birds use their flattened wings to drive them through the water, swiftly and gracefully, extending their feet behind them as rudders.

### HEAVY STONES

The Great Pyramid of Cheops consists of about 2,300,000 stone blocks, each of which is about three feet high, and weighs an average of two and one-half tons.

### FUNNY BUSINESS

"I wondered why your father had that extra high back put on the wheelbarrow!"

### Disney Gets Ready for Television

By BOB THOMAS

HOLLYWOOD—(AP)—The movie double features gets a formidable foe—Walt Disney.

As Mark Twain didn't say—it was Charles Dudley Warner—everybody complains about the weather, but nobody does anything about it. The same goes for double features.

Patrons beef about paralyzed posteriors, but they continue to buy the 2-for-1 bargain shows. To those who would really like to see something done about it, Disney offers some hope.

The cartoon wizard has started a series of half-hour films called "True Life Adventures." The first is an exciting hunk of nature study, "Sea Islands." Coming up: "The Life of the Beaver" and "The Atom." Says Disney: "I claim the public would rather see 30 minutes of exciting entertainment than two hours of million-dollar boredom."

"I often run two or three million-dollar pictures at my house and do you know what my kids do after some of them? They run to the television set and turn on Hopalong Cassidy for some real entertainment."

Disney admitted he would have trouble selling some theater managers on the idea of running a feature, a half-hour subject and some shorts. He had a job convincing RKO, too.

"They wanted me to lengthen the 'adventures' into features. But I would have to pad them and they would be less interesting. Besides, 30 minutes is a good length for showing them in schools."

### Andy Finds His Mother

LATROBE, Pa.—(AP)—If 10-year-old Andy Tompos, Jr., day dreamed at his school desk today, no one could blame him much.

When a guy's prayers for the return of his mother are answered, readin' writin' and 'rithmetic just don't seem so important for the moment.

You see, Andy had a mother all along, but five years ago she disappeared, leaving the youngster to live with his grandparents. His father vanished before Andy was born.

Four weeks ago Andy thought of the Easter rabbit and—filled with the infinite faith of childhood—wrote a letter to the Pittsburgh Sun-Telegraph.

"Everybody who has a mother has good luck," he wrote. "Maybe my Easter bunny will bring me my mother."

Andy's letter was printed and miles away—in an unnamed city—the little boy's mother

read that letter in a newspaper. "I just went limp all over," she said later. "I've never forgotten the boy. I never could."

She sat down and wrote Andy a letter, telling him she had a new daddy and a baby brother for him. Arrangements were made for Andy to fly to a Mother's Day reunion with her.

He took with him the biggest Mother's Day card he could find and signed it—"I love you, Andy."

And now Andy is back at school in Latrobe. He'll stay here until the summer vacation, then he'll rejoin his mother, his new father and baby brother.

The so-called English walnut tree is native to Persia. It now is cultivated chiefly in southern Europe and California.

### Statistics Show Americans Enjoy Better Health

NEW YORK—Americans enjoying the first three months of 1949, with mortality from all causes combined at a lower rate than ever before in the country's history, statisticians of the Metropolitan Life Insurance Company report. Among the company's 19½ million industrial policyholders, the death rate was 6.8 per 1,000, which is 5.3 percent under the record for the first quarter of last year.

All-time lows for this part of the year were shown in the death rates from the following diseases: the communicable diseases of childhood as a group, influenza and pneumonia, tuberculosis, syphilis, diabetes and arteritis, appendicitis, and the diseases of child-bearing.

"The death rate from pneumonia and influenza combined for the three winter months was less than that experienced during the summer months before the time of the sulfa drugs and penicillin," the statisticians comment.

The mortality from heart and related diseases was lowest in a decade, and even the mortality from the diseases of the coronary arteries, which has increased continuously for many years, showed a slight decline. When adjustment is made for the aging of the policyholder group, the cancer death rate shows a slight decrease from the corresponding period of last year.

The statisticians note that the external causes of death, like the diseases, have had a favorable record so far in 1949.

"The death rate from all accidents combined was somewhat lower than a year ago," the statisticians report. "New minimum death rates were recorded for home and for occupational accidents. Motor vehicle fatalities are running slightly higher than last year, although well below either 1946 or 1947. Homicide is down slightly, and suicide is somewhat higher."

Fossil bones of a dinosaur were discovered near Sewell, N. J., 15 miles from Philadelphia, early in 1948.

### Marine Stations Are Set for Gulf Cities

HOUSTON—(AP)—Southwestern and Southern Bell Telephone Companies plan to install marine-radio-telephone stations in seven Gulf of Mexico cities. The stations are scheduled to have the service are Houston, Galveston and Port Arthur, Texas, New Orleans, Lake Charles and Morgan City, La., and Mobile, Ala.

**WHY THE MOST MODERN**  
*of America's Four Finest Automobiles*  
**COSTS \$875 TO \$2,428 LESS\* TO BUY**

Only Nash can build this finer value in luxury automobiles, because only Nash has the Girder-built Unitized body-and-frame, the all-welded, integral-braced unit.

It increases rigidity 50%, eliminates rattles and squeaks, expands interior space, lowers weight for better roadability.

It makes possible the first truly streamlined car with all wheels enclosed.

Powering the Nash Ambassador is the only American high-compression, valve-in-head engine with 100% counterbalanced 7-bearing crankshaft—so efficient that, compared with the other three finest cars, it delivers as much as 30% more gasoline mileage.

You must drive a Nash Ambassador to appreciate the difference in handling ease, comfort and performance. Your Nash dealer will gladly place a car at your command.

### People Throng to See Beacon Supply

**By KEN BENNETT**

One of the most successful normal openings for a company selling in oil well supplies was experienced last evening by the Beacon Supply, 735 S. Cuyler. Owned and operated by Gene Sidwell, president, Bob Sidwell, vice president, and E. E. Sheldahl, secretary-treasurer, the business now has 8,000 square feet of brick and glass construction.

The company was established in 1938, and was known then as the Murray Tool and Supply. It now operates two other stores, one in order which is managed by John Hill, and one in Farmington, N. I., managed by Deacon Brown.

Well over 1,000 people thronged within the building between 5:30 and 8 p. m. to inspect the new store. A Dutch lunch was served. Beacon Supply handles Hughes Reed Rock bits, Gilmaster pumps, Wick Wire rope, Bucyrus drills, Peerless pumps, and general oil field supplies.

Out-of-town guests were many in attendance, among them being Gene Kluger, of Colorado Fuel and Iron, of the Palmer Plant in Massachusetts, and Jack Brink, sales manager for Bucyrus drills in South Milwaukee.

Gene Sidwell came to Pampa in 1932 from Shawnee, Okla. Bob Sidwell moved here in 1935 from Fairfield, Kans.

### Lou Gehrig's Widow Makes Dramatic Plea to Congress

**By ARTHUR EDSON**

WASHINGTON — (AP) — Mrs. Lou Gehrig, widow of the New York Yankees' great first baseman, Tuesday made a dramatic plea to Congress for help in combatting the disease which killed her husband.

A Senate Labor and Public Health Subcommittee has before it a bill which would set up a foundation to study multiple sclerosis.

"I am not an expert," Mrs. Gehrig said, "but it is a tragic fact that my testimony on this subject is almost as authoritative as that of any doctor in the land.

"This is not an indication of my erudition. It is an indication of how little is known concerning multiple sclerosis — even by the doctors who are most interested in it.

It is eight years now since Gehrig died. And the widow speaking quietly but movingly, told how it was to watch him die.

He had been no good time, hell-for-leather athlete. On the con-

### Leaves From a Parsonage's Life Note Book

**By HAL BOYLE**

DETROIT — (AP) — Auto town sidelights:

This metropolis of the motor car has been one of the most swiftly changing cities in America.

And the reasons workmen give for going on strike here have changed, too.

Some 65,000 Ford Company workers walked out last week, charging the management had instituted a "speed up."

But Detroit's first strike, called 112 years ago by carpenters, sought labor's classic goals — shorter hours, more pay.

Their slogan: "Ten hours a day and two dollars for pay."

Having never seen an assembly line — that web of star-like men and moving steel which lies at the heart of American productive genius — I rode out to the Chrysler Plant to inspect one.

It wasn't as much like Charlie Chaplin's "Modern Times" as I had expected. It was quieter.

Two men picked up a metal frame and placed it on a traveling trestle. Two thousand feet and an hour and 20 minutes later the completed car rolled off the assembly line under its own power.

In between were some 700 separate operations and 500 inspections.

Believing the buyer's market is here to stay, Chrysler is emphasizing "custom tailoring" on its assembly line. In the old days stock cars were modified to meet customer wishes.

Now, by an intricate system of coding and assembly of special parts, each car is built to the individual buyer's desire as it moves along the line. That is, in terms of model, color trim and seat covering material.

Employees remember two cars that required special customizing, entering Washington, D. C., each One was for the late Edward Bowes, radio maestro. It had a

### Nuzum Exonerated in Waitress' Death

LAS CRUCES, N. M. — (AP) — Jerry Nuzum, former pro football player, Tuesday was exonerated in the death of an 18-year-old Las Cruces waitress.

District Attorney T. K. Campbell announced Nuzum had been released from "voluntary custody" in County Jail at 1 p. m., adding:

"Jerry Nuzum has definitely been cleared of in any way being at fault or having any guilty knowledge of the death of Ouida Coepter . . . and is completely exonerated."

The 23-year-old former Pittsburgh Steeler came here voluntarily from Littlefield, Texas, to clear himself after having established an alibi.

### Canadian Jet Plane To Be Tested Soon

NEW YORK — A test flight will be made of Canada's XC-109 twin-jet night fighter before the year's end, says Aviation Week.

A. V. Roe of Canada plans to compete with U. S. manufacturers for USAF orders as well as to supply RCAF with the new night fighter, specially designed for Arctic operations, the McGraw-Hill publication adds.

Hidalgo county, Texas, produces more grapefruit, much of it the red variety, than any other county in the United States.

built-in bar. The other was for an Oklahoma oil heiress who wanted a car to match the color of her favorite hair ribbon. It was orchid.

### Canadian Has Growing Pains

CANADIAN — (Special) — Canadian's growing pains were in evidence at the Chamber of Commerce meeting Monday night.

The meeting was largely a round table discussion of ways and means of keeping abreast with the growth of the city.

With so many blocks of new development completed and more being contracted for, the group spent on record as approving and recommending the purchase, by the city, of a street sweeper.

Other recommendations were for better lighting of Second Street (the highway), widening of which has been recently completed; and that ordinances be passed for proper zoning, and especially for regulating the parking of trailers in residential areas.

A clean-up campaign was discussed at some length but final plans were not completed.
