# FLEWS Arguments Hurled Against U.S. Move

WASHINGTON - P- Texas today awaited the possible answer to the multi-million-dollar question: "Would the U.S. Supreme Court hear the government's case to strip the state of its wealthy tidelands?"

Yesterday, Texas Attorney General Price Daniel staged a legal battle as he hurled arguments against the U.S. move at the high justices for almost two hours.

He declared Congress, not the U.S. attorney general, should decide the issue. He

declared a federal district General Tom Clark-now directing court has jurisdiction in the dispute. And he declared Texas kept her marginal seas in dispute, when she joined the when she joined the Union. union

The ordinance was passed by the City Council last night, Earlier yesterday the Texas Railroad Commission had voted, 2-1, to allow the railroad to make Electra and seven other towns "co al stops" for its swift Zephyr train.

The ordinance passed by council would:

His brother, Bob, was nearby and went to his assistance.

A fire alarm was sounded for more help. The ditch was bridged with planks, and a rope was made fast under the victim's arms. It was necessary to remove the soil and sand by hoisting it out of the hole with a rope and bucket as the victim's brother dug it away from him.

When finally released he seem-ed none the worse for the experience except for a slight rope burn.

## **Police** Find \$18,000 in Bag

**NEW YORK** — (*P*) — A big blob of grease fell on the windshield of a police car from an el track today forcing Patrolman Gilbert Orr to get out in the rain.

He spotted a pink rag in a gutter and picked it up to use to wipe off the grease. He noticed the rag was knotted at four corners and felt heavy. He took it to the car and opened

it. Out spilled an even \$12,000 in cash. There were seventy-eight \$100 bills, seventy-five \$50's, and many smaller ones. Police higher-ups were mysti-

fied. No such loss had been reported anywhere in the Metropolis recently.

WHOOPING CRANES-This rare picture of the almost extinct whooping cranes was taken on the Aransas National Wildlife Refuge on the Texas Gulf Coast last December by Lon Fitzgerald, staff photographer of the Texas Game, Fish and Oyster Commission. C. A. Keefer, refuge manager, said only 33 of the cranes are known to be alive. Recently he found the nest and two eggs of two captive whooping cranes on the refuge, the first ever made by the cranes in captivity and the first found in the U. S. since 1890. (AP Wirephoto)

Don't you know that every oung married woman wishes she knew an eligible bachelor? With just one eligible bachelor

at her beck and call a hostess can relax. She can count on him to help

her out when her old school chum arrives for a week's visit; when she invites her husband's secretary to dinner, or when she wants to have a college-girl cousin for the weekend. "EXTRA" MEN SCARCE

Every married woman knows unmarried girls she wants to en-tertain, or feels she should entertain. But the problem is al-ways where to find an extra man. And most young married wom-

So no young man needs to be lonely in a strange city or wonder how to go about meeting girls. The situation of the lone male in no way like that of the lone young woman. For an "extra woman'' is a problem to the hostess. But the "extra man'' is the answer to a hostess' prayers. Just castally drop the remark to a few of the married men you know that you'd like to meet some nice girls, And wait for the invitations to start rolling in.

## **Debaters** Lose In State Meet

CANADIAN -CANADIAN — (Special) — Canadian's High School debate team, Class B, returned Saturday from Austin where it debated in the State Interscholastic League finals. It was eliminated in the semi-finals by a team representing Sonora.

The girls, Wanda Hoover and Louise Zybach, had never heard a debate until three months ago when Supt. A. H. Breazeale asked them to represent Canadian High School in the district meet. But their<sup>®</sup> coaching was good and they learned so well that they won the district meet here last month, then won the regional meet at Lubbock two weeks ago for the trip to Austin.

The debate question adopted by the Interscholastic League this year was "Resolved: That the Severance Tax Should Be In-That the creased on Natural Resources in the State of Texas."
