Government Accused of Neglecting Children for Atomic Development

NEW YORK — (AP) — Top American scientists today heard the federal government accused of neglecting child health research while spending millions on bombs.

Dr. Leona Baumgartner, one of the children's Bureau researchers in Washington, D.C., made the statement before the American Association for the Advancement of Science.

Only a few thousand dollars a year of federal money goes for child health research, she said, but more than a billion is spent on other research, including immense sums on bombs and atomic energy.

Texan Failed To Reach Help After Crash

CRAB ORCHARD, Tenn. — (AP) — The body of a pilot who crawled more than a mile after suffering a broken leg in a plane crash seven days ago was found dead today on rugged Devil Step Mountain.

Texan Failed To Reach Help After Crash

Deputy Sheriff Beecher Poteet said John S. Anderson, 35, of Houston, Texas, had crawled to within a mile of a country road. He had been dead for several days when the body was found.

Texas Marks 104th Birthday as State

AUSTIN — (AP) — Texas marked its 104th birthday as a state today. It was on Dec. 29, 1845, that the United States approved the new state Constitution of Texas.

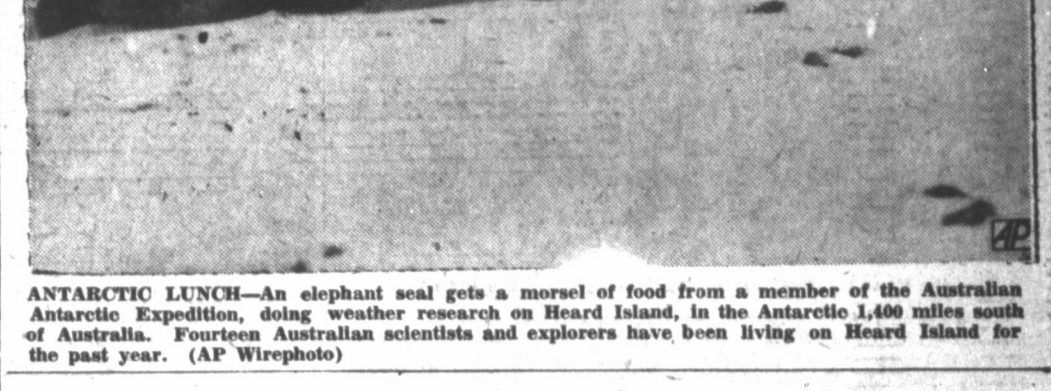

Republicans Plan to Hit HST Spending

WASHINGTON — (AP) — Republican leaders seemed agreed today on making the Truman administration's spending policies one of their chief issues of the 1950 campaign.

LARGE U.S. MANEUVERS SLATED THERE

WASHINGTON — (AP) — Three more mysterious Russian ships have suddenly been reported in the Caribbean area where the largest U.S. peacetime maneuvers in history soon will be held.

The vessels are described by authorities as "fishing ships" — but without fishing gear and equipped with extremely powerful radios.

ANTARCTIC LUNCH—An elephant seal gets a morsel of food from a member of the Australian Antarctic Expedition, doing weather research on Heard Island, in the Antarctic 1,400 miles south of Australia.

Nation's Celebration of Major Holidays Of '49 Marked by More Than 2,600 Deaths

(By The Associated Press) The nation celebrated the six major holidays in 1949 with a lot of whoopie and gaiety but there was a staggering toll of violent accidental deaths — 2,717.

And, the National Safety Council predicts, 1950 will start with 330 Americans being killed in traffic accidents over the New Year's weekend. It did not estimate the number of deaths in other accidents.

Fire Hits Cotton Gin At Wheeler

WHEELER — (Special) — The Wheeler Cooperative Gin, a Wheeler landmark for 25 years, was nearly destroyed by fire early today.

Court Okays Filings in Road Suit

The hotly-contested Laketon-Miami road moved a step nearer completion yesterday when the County Commissioners Court approved condemnation proceedings against a 40-foot strip of right-of-way.

Boy Still Unconscious

WHEELER — (Special) — Eugene Blevins, nine-year-old member of a Wheeler family, nearly all of whom were injured in a Christmas Day automobile accident, is still unconscious in a Henrietta hospital.

Unconscious Man Is Identified

McLEAN — (Special) — A young man found unconscious Monday along Highway 66 near McLean has been identified as Don Simpson, son of Mr. and Mrs. W. L. Simpson, Joplin, Mo.

Truman Getting Message in Shape

WASHINGTON — (AP) — President Truman passed up his usual weekly news conference today to work some more on the three important messages he will start giving to Congress next week.

Wilder Heads Special Group

Dr. H. L. Wilder, who has worked in the Boy Scout program for many years, has been named chairman of the National Jamboree Committee for the Adobe Walls Area Council, Paul Beisenherz, council executive, said.

Farmers Given New Deadline For Tax Filing

Farmers will have until Jan. 31 to complete their tax return in lieu of the declaration of estimated tax.

Rites Held for Pioneer Resident

McLEAN — (Special) — Robert Steele Jordan, one of McLean's earliest residents and one who helped organize both the town and Gray County, died at Lubbock Tuesday, where he had been making his home for the past three years.

Earthquake Shakes Luzon

MANILA — (AP) — A heavy earthquake shook Luzon, a big island of the Philippines, for two and one-half minutes today. Isabela Province, on the northeast coast, was reported hardest hit, with sea waves and landslides.

Calls Made to Two Minor Fires

Firemen extinguished two minor fires yesterday — a grass fire and a car fire. They were called to the 800 block of Lefors at 1:30 p.m. when a grass fire spread and threatened the airport. No damage resulted.

Two Charged With Theft

Two young men, believed to be from Seminole, Okla., are being held in county jail on charges of stealing a truck from McLean. The two young men, both 18, are said to have admitted taking a Buick truck from the Consumer's Supply Company station yard at McLean Monday night.

Men Burned in Fire Improved

The attending physicians said this morning that Bill Ferguson and John H. Biggers burned in an explosion at Kellerville Monday, are doing "very well" at Worley Hospital here.

Body Returned to NYC for Burial

MERIDIAN, Miss. — (AP) — The body of Earl H. McHugh, 62, was flown to New York City for funeral services today.

Farm Bureau Head To Speak at Meet

MEMPHIS, TENN. — (AP) — The main speaker of the 12th annual meeting of the National Cotton Council here Jan. 23-25 will be Allan E. Kline, president of the American Farm Bureau Federation.

Mexican Freighter Docks After Fire

NEW ORLEANS — (AP) — A Mexican freighter was scheduled to dock here on time today despite a fire which broke out in the hold and was later reported under control.

WE SAW ...

The coronation pictures of "Queen Jean," Mrs. Ken Thornton, who is "Queen of Pampa," Howard Qualls of the Pampa Studio got several nice shots at the LaVista Theater when Mrs. Thornton was officially crowned.

Murder-Suicide Goes on Record

HOUSTON — (AP) — In an early morning murder-suicide, Homicide Lt. W. P. Brown, a Houston police officer for over 22 years, shot his wife, Sarah, and then turned his service pistol on himself in the Brown's home early today.

Weather Research Camp in Antarctic

WEATHER RESEARCH CAMP IN ANTARCTIC—Fourteen Australian scientists and explorers have been living for the past year in this camp at Atlas Cove, 200 miles south of Heard Island, in the Antarctic. They are doing weather research in the area, 1,400 miles south of Australia. (AP Wirephoto)

Some May, Some Must Items In Fall Planting List

For the First Six Weeks of Spring, Bulbs Supply Garden Color.

There are two kinds of fall planting—one which must be done now or not at all and an optional kind which may be done this fall or next spring.

Among the "musts" are the spring flowering bulbs, peonies, iris, madonna lilies, the seeds of some perennial flowers and that of the annual larkspur.

"Mays" include evergreen and deciduous trees and shrubs, roses, the seeds of most perennial and quite a few annual flowers and vegetables, and lawn seed.

Obviously, not less than half of all planting to be done on home grounds can be done in the fall and garden owners who like to do things the easy way will spread their planting over two seasons, instead of waiting to crowd it all into a hectic spring.

The fact that only one-third of all gardeners do this, is no compliment to the intelligence of the clan; but indicates that they are controlled by emotion more than reason. In the fall there is no "spring fever," rather there may be lassitude. Like the plants themselves, the gardeners may long for a winter of dormancy, before undertaking a new season of growth.

But for those who resist the temptation to rest, fall planting pays rich rewards. In sections where winters are cold, most garden color in the early spring comes from plants in the "must" group, which should be planted in the fall, or not at all. These include the spring flowering bulbs, which appear in gardens in the following sequence: Snowdrops, scillas, crocuses, daffodils, hyacinths, species tulips, early tulips and tall, late tulips. Without flowers from the fall bulbs, the garden is likely to be dull. Following the tulips, comes iris and peonies, which also must be planted in the fall.

In the vegetable garden, perennial onions must be planted in the fall, to bear green onions next spring, before onion sets could be planted. Rhubarb and asparagus roots may be planted now with good results. Spinach and other greens can be sown for the very earliest next spring.

If you decide to become one of the wise one-third and do fall planting this year, a schedule should be prepared to time your operations. There is no point to disturbing existing garden beauty, in order to create next spring's picture, unless this is necessary.

FRONT LINE—Lee Jouclard of Detroit ran second to leader Junie McMahon's 12,959 pins and 310.34 points going into last four games in Chicago National All-Star individual match game championship with 287.93, was McMahon's final opponent.

TEXAN

(Continued From Page 1) apparently walked away from the plane.

Miss Mabelle Duke told the Associated Press that a seat and Anderson's baggage had been removed from the wreckage. She said the seat had been burned in an apparent effort of Anderson's to keep warm or as a flare to attract attention.

Mainly About People

Carl Porter, Tahlequah, Okla., is spending the holidays with friends here. He is a Senior at the college there.

Frank Wilson, Pampa High School principal, is in Brownwood for the basketball tournament.

Cadillac emergency ambulance, Ph. 400. Duenkel-Carmichael.

Mrs. Pearl Erwin, 918 Twilford, returned Wednesday from a two-month visit with friends and relatives in Beaumont and Fort Worth.

A formal dance will be given at the Country Club Friday night for high school and college students whose parents belong to the Country Club. The dance will begin at 8 o'clock and music will be by the Mello-Aires.

Mr. and Mrs. Orin Allen have returned to their home in Lubbock after spending Christmas with their parents, Mr. and Mrs. Houston Allen and Mrs. J. C. McDowell. Orin is a Junior at Texas Tech.

Fireworks, Dick's Pet Shop, Shady Nook, Lefors Road.

Mrs. Otto Doggett and children, Sherry and Alvin Gene, 205 W. Craven, returned yesterday from spending Christmas holidays with relatives in Lubbock.

Sgt. and Mrs. Roy Bearden and children, Fort Worth, are visitors in the home of Mrs. Bearden's parents, Mr. and Mrs. G. T. Craven, and sister, Mrs. John T. Hollis.

Osie Lynn, Vernon, visited his brother, G. T. Lynn, over the holidays.

The Schneider Hotel dining room will be opened New Year's by the new managers, Mr. and Mrs. Al Bonham.

Miss Nelda Davis, formerly of Pampa, daughter of Mr. and Mrs. H. J. Davis, Midland, is spending the holidays with Miss Joan Applebay, 804 N. Gray. Miss Davis is a student at SMU while Miss Applebay is a student at Texas Tech.

Mr. and Mrs. Ralph Adams and son, Jerry, Vernon, and Mr. and Mrs. Homer Houser and daughter, Jan and Sue, Wichita Falls, are spending the holidays in the home of Mrs. George Applebay, 804 N. Gray.

The Schneider Hotel dining room will be opened New Year's by the new managers, Mr. and Mrs. Al Bonham.

Pfc. Chester L. Bohlar, son of Mrs. Mary Margaret Bohlar, 403 N. Oklahoma Street, Shamrock, is now serving with Headquarters and Service Company, 29th Engineer Construction Battalion in Kyoto, known as the city of shrines, is Japan's ancient capital and is one of the country's most beautiful cities.

Mr. and Mrs. Thomas Fisher have been called to Mifflin, Texas, because of the death of Fisher's mother.

Dance New Year's Eve at the Southern Club. Make your table reservations now.

Sgt. and Mrs. Ovie L. Holleman, Hamilton Field, San Francisco, spent the Christmas holidays with Mrs. Holleman's parents, Mr. and Mrs. W. B. Neel, 319 S. Cuyler. Mrs. Holleman is the former Miss Joan Neel.

Funeral—On Crest St., purse containing cash. Owner describe, claim, pay cost. Call 1818.

Mrs. Mary Anne Duke and daughter, Martha Ann, returned this morning after visiting Mrs. Duke's mother, Mrs. A. R. Carter, near Poolville.

Just in—\$5.00 taxi script books, now \$4.50. At Peg's Cab.

Mr. and Mrs. C. E. Farmer and son, 310 N. Wells, returned yesterday from Dallas where they spent the weekend.

Shady Nook, Lefors Road, for chicken tamales, homemade chili.

Mr. and Mrs. Melvin Hill had the following holiday visitors: Mr.

and Mrs. Alton Ashcraft and family, Arlington; Sgt. and Mrs. John Ashcraft, Austin; and the Rev. and Mrs. Jack Willeford and family, Stinnett.

Raise your salary. Day, night school. New classes Jan. 3. Pampa Business College. Ph. 323.

Mr. and Mrs. Andrew Fisher and Glenn, 212 W. Craven, spent the Christmas holidays with Mrs. Fisher's sister, Mrs. Alice Armstrong, and family at Lindale, Texas.

Complete line dietetic foods. Fresh bread for diabetics each week. Prescription Laboratory, 119 W. Kingsmill.

Mr. and Mrs. E. B. Howard and daughter, Shirley Jean, El Paso, spent the Christmas holidays with Mrs. Howard's parents, Mr. and Mrs. O. E. Tidwell, 1037 Schneider.

Voss Cleaners, equipped for quality service. We deliver. Ph. 67.

Christmas dinner guests in the home of Mr. and Mrs. N. L. Welton were Mr. and Mrs. Charlie Welton and daughter, Patty Jo, Hot Springs, N. M.; Mr. and Mrs. Bill Tidwell and children, Gene and Diane; Mr. and Mrs. Clyde Tidwell; Mr. and Mrs. E. B. Howard and Shirley Jean; and Mr. and Mrs. O. E. Tidwell and Sandra Lou.

Charles Laffoon, student at Sul Ross College, is receiving minor surgery at the Worley Hospital this morning. He is the son of Mr. and Mrs. Finis Laffoon, south of town, and is spending the holidays with them.

SCANNING LINE—Director Lew Landers takes in some of the scenery as he rides a camera dolly during filming of picture in Hollywood. A line of girls is being photographed as camera and director are pushed down a track.

Forestry experts say that lumber from dead trees killed by insects or fire is as good as lumber from live trees of equal soundness.

Nationalists Claim Gains off Coast

HONG KONG — Nationalist military sources said today shore based artillery on Hainan Island, off the South China coast, had smashed several flotillas of Communist manned boats probing its defenses.

Small scale Communist landing efforts along the Hainan coast evidently are a prelude to a major Red assault now being readied on the Luchow Peninsula which juts toward the island from the mainland.

Tai Lun, a clever craftsman at the court of Emperor Ho-Ti, first invented paper in China in 105 A.D.

Just before Christmas. It is believed they plan to get to the Canal Zone the last of this week or the first of next.

One informed source expressed doubt that the Russian ships' primary interest is in military information. He suggested that Russia may be planning to take over fishing grounds that the Japanese used before the war.

But in that connection, naval men recalled that the Japanese ships — like the Russian diesel-equipped schooners — often turned in maneuver areas at about the time major exercises were getting started.

Last year three Russian vessels — the Omar, Belak, and Globus, arrived at St. Thomas just a few weeks before spring maneuvers were held.

In this case, military planners are completing arrangements for an Army-Navy-Marine-Air Force exercise involving some 80,000 men, which is due to be held from January through mid-March.

While Soviet ships have a right to put in at St. Thomas for supplies, water and repairs — provided they abide by U.S. port regula-

(Continued From Page 1) may have taken the wrong tack with a sweetness-and-light campaign. But aides said he stands pat on the advice he gave the Republican Party here last winter. Looking back on his defeat, he told the Republicans:

"Take the middle road. Stop bellyaching about the past. Quit trying to outpromise the Democrats. Forget about turning the clock back and work for social progress under a flourishing competitive system of private enterprise, where every human right is expanded."

Dewey recently wrote a Portland, Ore., friend that under no circumstances would he become the party's presidential nominee again in 1952. He followed that up yesterday by telling a news conference at Albany he would not seek the nomination in 1950 or 1960, either.

TRUMAN

(Continued From Page 1) tail sales" and "in the case of jewelry, furs, luggage, admissions, etc., the effects are, in specific cases, very serious."

White House approval for release of the Sawyer report containing that comment gave emphasis to unofficial word that Mr. Truman will favor dropping some excise taxes but will request other levies to make up the revenue loss.

NATION'S

(Continued From Page 1) five fatalities for this weekend's New Year's celebration in 1949 for the period from 8 p.m. Friday to midnight Monday. The council warned against drinking and driving and to "double your caution if the weather is bad."

The Christmas weekend toll of 413 traffic fatalities was 22 under the council's estimate. But the auto death rate for the period was approximately 78 percent higher than the average number of deaths for an equally long period based on statistics for the first 10 months of 1949. The average number of traffic deaths for a similar period this year—75 hours—was 289.

MEMO TO ADVERTISERS

PEOPLE buy this newspaper for news of the world, the country and our community in particular. Our readers are also interested in news about food, clothes, entertainment, automobiles, furniture and all of the necessities and luxuries that have to do with daily living.

Though advertising in this paper you can give our readers the up-to-date news about your merchandise and services. Each one of your advertisements can be a newspaper within a newspaper.

You should know all about the circulation of the newspaper that is carrying the news of your business. How many people buy the paper? Where are they located? How was the circulation obtained? To give you this information and many other facts

that you need and have a right to know when you buy advertising space, this newspaper is a member of the Audit Bureau of Circulations.

Established in 1914, the Bureau is a national, cooperative association of 3300 advertisers, advertising agencies and publishers. Its purpose is to furnish advertisers with verified reports on the circulation of its publisher members.

At regular intervals one of the Bureau's trained auditors makes an audit of our circulation records, just as the bank examiner makes a check of your bank's records. The information thus obtained is published in official A. B. C. reports. When you buy space in this newspaper you know just what, in circulation values, you get for the money invested.

The Pampa Daily News

Morse Says HST Can't Speed Work

WASHINGTON (AP)—Senior Morse (R-Ore) contended today that the three-day mine week — which has so cut coal production that a slash in rail service threatens — cannot be halted by President Truman.

Morse stated that view on the heels of a report that the Interstate Commerce Commission today might order a 25 percent cut in passenger service on coal burning railroads.

The roads report they are low on coal due to the short work week ordered by United Mine Workers President John L. Lewis. Southern coal operators, accusing Lewis of unfair labor practices, yesterday asked the National Labor Relations Board to take court action to force a return to full production.

Earlier, some operators had urged Mr. Truman to use his separate emergency Taft-Hartley Act powers — including a provision for an 80-day strike-halt-

ing injunction — toward that end. But Morse said his opinion as a lawyer is that the President's national emergency powers under the Taft-Hartley Act can be used only in cases where there is an actual critical strike — or the threat of such a strike.

"There is a great difference," Morse told newsmen, "between a dispute which causes economic losses and suffering and one which imperils national health or safety."

"A coal dispute could very well reach the latter proportions, but obviously the present one has not done so to date, nor is there any likelihood it will if the three-day week is continued."

Morse, who wants the Taft-Hartley Law repealed, thus took sharp issue with Senator Wheeler of Nebraska, the Republican floor leader. Two days ago Wherry said there was "deplorable evidence of negligence" in the fact Mr. Truman has not used the Taft-Hartley Act to restore full-time production of coal.

The safest driving time, according to statistics, seems to be between 6 and 7 in the morning.

"Aa" is the name of a town in Sweden.

ELECTED—Claude A. Fittam, Keene, N. H., machinery manufacturer, was elected president of National Association of Manufacturers at its board meeting in New York.

Wheeler

WHEELER — (Special) — Mr. and Mrs. R. G. Russ and family returned Monday from Stigler, Okla., where they spent the holidays.

Mr. and Mrs. George Porter and daughters spent the holidays with her parents, Mr. and Mrs. Luther Dickey in Hamilton.

Mr. and Mrs. Pat Beene and children of Snyder visited relatives here over the weekend.

Mr. and Mrs. Fred Farmer spent Christmas with relatives in Amarillo.

Mr. and Mrs. D. O. Beene and Mr. and Mrs. Pat Beene of Snyder visited the Glen Scott family in Amarillo Sunday.

Mr. and Mrs. C. C. Robison had their whole family home for Christmas dinner. They were: Mr. and Mrs. Carlisle Robison and children of Socorro, N. M., T-Sgt. and Mrs. G. A. Robison and daughter of San Antonio, and Mr. and Mrs. Ralph Robison and

daughter of Wheeler.

Mrs. Hamie Hurd underwent a major operation at the Wheeler Hospital Wednesday. She is reported rapidly recovering.

Dave Britt, student at Texas A&M, is visiting his parents, Mr. and Mrs. Tom Britt, over the holidays.

Clarence Holt of Borger spent Christmas Day with his parents, Mr. and Mrs. D. E. Holt, and with the Robert Holt family.

Mr. and Mrs. Jesse Dyer returned Tuesday from a visit with relatives in Grandbury and Tolar, Texas.

Guests of Mr. and Mrs. Thomas L. Daughtry during the holidays were: Mr. and Mrs. Claud Reynolds and Mr. and Mrs. Ernest McMillan, all of Amarillo; Mr. and Mrs. Charles Daughtry and daughter, Mr. and Mrs. Rayford Farnell, and Mr. and Mrs. L. G. Clay and daughters, all of Shamrock; and Mr. and Mrs. Bailey Burgess of Houston.

Mr. and Mrs. Glenn Lane and family of Pampa were holiday guests of Mrs. Myrtle Lane and son, Robert.

Mrs. Sallie Meadows entertained the following members of her family at Christmas: Mr. and Mrs. Earl Meadows and children of Shamrock; Mr. and Mrs. Henry Meadows of Briscoe; Mr. and Mrs. Walter Noel and children of Pampa; and Mr. and Mrs. Paul Shumate of Kelton, and Robert Lane.

Mr. and Mrs. Joe Newton and daughters, Audra and Quiana, returned to their home in Wink after spending the holidays with their daughter, Mrs. C. E. Loter, and family.

Mr. and Mrs. Zerald Bean and children of Pampa visited his mother, Mrs. Pearl Brigham, during Christmas.

Mr. and Mrs. K. V. Willard and son were holiday guests of their daughter, Mrs. Glenn Lane, and family in Pampa.

Bridge and bridge tournaments are regarded as gaming in England.

WEATHER VANE MAKER—Al Coran, retired Navy man, works on a weather vane in his Burbank, Calif., home. Vane is made of aluminum mounted on a brass shaft which is pointed at bottom. Shaft is set into tube partly filled with light motor oil in which shaft floats. Aluminum disc around shaft keeps out dirt and rain. Vane revolves with slightest shift of wind.

Noises Have High Potential Heat and Power

CHARLOTTESVILLE, Va. (AP)—The potential heat and power that lie in noises — noises about as loud as the popping of a paper bag — may some day be utilized to operate engines or touch off explosions, a physicist reported today.

The shock waves set up by these noises have a tendency to converge at a single point and in so doing generate enormous pressures and temperatures, Dr. Arthur R. Kantrowitz said.

Kantrowitz said he and Robert W. Perry, carrying out experiments supported by the Office of Naval Research at Cornell, found that shock waves appear to possess an unexpected potency. This potency, of split second duration,

may find its greatest value in military application.

The physicists already had demonstrated that shock waves could operate an air compressing machine.

DUMB OWLS

Owls, contrary to legend, are among the dumbest of all birds. However, the same may be said of anyone who destroys owls, since these predatory birds feed almost exclusively on small rodent pests.

FIRST SURVEYS

The first public surveys in the United States were made in Ohio, under an ordinance of the Continental Congress passed in 1785. Slightly modified, this ordinance became an act of Congress in 1796 and still is in force.

California, with a total land area of 156,800 square miles, is the second largest state in the Union.

Einstein, Genius at Math, Flunks Income Tax Blank

NEW YORK — (AP) — Albert Einstein is a man who plumbs the secrets of the atom and the universe — and yet can't understand an income tax blank.

It is a measure of the humility of the greatest living mathematician that he cheerfully admitted in 1944 he had to call in a tax expert to help him figure how much he owes Uncle Sam.

But money always has been a matter of comparative indifference to this "scientist's scientist." He once used a \$1,500 check from the Rockefeller Foundation as a bookmark — and lost the book. He gave his 1921 Nobel Prize award money to charity.

Now at 70 Einstein, regarded by many as the finest mind of our time, has crowned a noble life with a new theory of gravitation.

Its implications will be lost to the average man whose knowledge of gravity can be summed up in the phrase "all that goes up must come down." But science, in time, will have to choose between the theories of Einstein and those of Newton.

The theory of relativity, postulated by Einstein in 1905 at the age of 26, first shocked the scientific world. That controversy seemed a lot of hullabaloo to the average man then. It seemed to touch him not at all. But the atom bomb is a by-product of that theory — and today it touches the life of everyone.

The truth is that this gentle, dreamy looking little man is one of the great revolutionaries of history. He is the mental architect of a new world now in its birth pangs.

Some men have changed history with vast armies. Einstein does it with a fountain pen scribbling strange mathematical formulas on a pad of paper held on his knee. And the scientists go into their laboratories and use those formulas to open up fresh vistas of atomic power.

Einstein's life has been a paradox. As a child he was regarded as backward. He is by nature a pacifist, yet his discoveries led to the most terrible weapon yet devised — the atom bomb.

"War seems to me a mean, contemptible thing," he once said. "I would rather be hacked to pieces than take part in such an abominable business."

CHILD'S TOY
Make a stuffed teddy bear for the toy tribe by cutting out a teddy bear with a pattern and a terry cloth towel. Dye the towel a rich brown, or a delicate pastel, and follow instructions for fast dyeing. Stuff the bear with cotton. Tie a red ribbon with a bell around his neck and sew on button eyes and a red ribbon tongue.

Hogs, contrary to popular belief, not only swim well, but do so without splashing their throats with their toes.

Prison Guards Are Fired

HUNTSVILLE — (AP) — Two guards have been fired for "carelessness and negligence" in the tunnel escape of seven convicts from the Huntsville State Prison. Three of the prisoners are still at large.

Warden Emmet Moore last night discharged Alton Harmon, about 60, and Dave Langley, about 57.

Moore said both men were picket guards on top of the prison wall where Monday the men escaped by digging a 21-foot tunnel through hard clay.

"Our investigation of the escape," Moore said, "revealed carelessness and negligence on the part of the two guards. If they had been alert this escape never would have happened."

Moore said Harmon has been with the prison system since 1939 and Langley since 1945.

Still at large are Thomas W. Tucker, 38, serving 64 years for murder from Brazoria and Tarrant Counties; Walter Thorp, serving 28 years from Dallas County for robbery; and Collins M. Mershon, 38, serving life from Limestone County as an habitual criminal.

An armed posse of 75 has been combing a Walker County Creek bottom for the trio. The search turned briefly to the Fort Worth area. A car stolen in Huntsville Monday night was found abandoned at White Settlement, near Fort Worth, Tuesday night.

Two of the escapees were picked up shortly after the break. Two more were captured early Tuesday.

SOUTHWEST'S SHOPPING CENTER

Auto Design Change Mild

DETROIT — (AP) — The new model autos so far previewed confirm earlier guesses that there would be no more drastic design changes.

Some of the previews have been on the record; several were private.

The most radical styling change so far is the redesigned Studebaker.

Chrysler says it spent \$23,000,000 to bring out its new models. K. T. Keller, Chrysler president, described them as new "both cooking and going."

Butch announced details Wednesday of its new 1950 models. The cars are wholly new but they retain all the Buick features. They have more powerful engines, new and roomier bodies and sweeping fender lines the length of the body.

In about every make of 1950 car the motorist will get improved interior refinement, an improved engine and more automatic transmissions.

One of the safest bets for the year ahead would seem to be that he will not get a standard size \$1,000 car from any car maker. Every auto maker would like to build an attractive vehicle to sell at that price. All know, however, that it would lack many of the refinements today's average motorist demands.

Gosh, Deleria... everytime I begin to like the clothes I own, the new fashion magazines come out.

By Jo Fischer

Another Year Gone and— Still Peace in the World

WASHINGTON — (AP) — In reviews of 1949 great emphasis is put on this fact: another year gone and still peace in the world. It's something, although no one really expected war this year. And, so long as there's peace, there's always this hope:

If year after year, peace can be maintained, maybe, somehow, someday, things will straighten out and there'll be no war.

Nevertheless, 1949 was a year of maneuvering, of getting ready for that time when — or if — the showdown comes.

In world affairs the United States made some gains, suffered some losses.

As possessor of the atom bomb, the U. S. had a great psychological advantage over its potential foe, Russia, in the eyes of the world.

It had lost that advantage by Sept. 23, when President Truman announced there was evidence of an atomic explosion in Russia.

And the U. S., heading the drive to stop communism, suffered another blow, psychological and actual, when the Communists took over China.

On the other hand, the U. S. tied itself closer to Western Europe by signing the Atlantic Pact with its allies there and promising them plenty of arms to stand off a Russian attack.

Both these moves, by solidifying the West a little more, strengthened it in its effort to halt communism. It meant, really, a U. S. promise to go to war if Russia attacked Western Europe.

And the Marshall Plan for helping Europe economically was doing some good, for European production was rising although European trade was still not as high as it might be.

And the West gained when Marshal Tito of Yugoslavia broke with Stalin and the Russians. It was the first break in the Hitler-led front of communism.

Before the year's end the West

Actor Finds Youth Eager For Classics

HOLLYWOOD — (AP) — Charles Laughton, home after reading the Bible and other works of literature from Canada to Texas, bears this discovery:

"One striking thing about the audiences I talked to is the fact that I encountered almost no questions about the personal life or scandals or habits of Hollywood stars.

"When people did want some 'inside' information about Hollywood, they were usually students who wanted to know about the technical aspects of film acting or photography or some related subject."

Laughton wouldn't say whether this denoted a general apathy toward Hollywood in general or merely a trend away from scrutiny of the stars.

The actor-reader was enthusiastic about his reception with U. S. audiences. He indicated there is a great thirst among Americans, especially younger ones, for hearing the good writings of the ages. It is a demand which was satisfied in older days by the Chautauqua Circuit, but which has been neglected in modern times.

Laughton spent two hours reading the Bible, Shakespeare, Thomas Wolfe, James Thurber, Dickens and other works to his listeners. He performed this feat in 53 towns and traveled 5,000 miles by car.

He had set up a German government in the West, and the Russians had set up another German government in the East. So the problem of Germany was still a total mess.

FEEDING TIME—A young chimpanzee is fed by Pop Marquis, vaudeville performing chimp, after being christened "Cheerful Charlie" at London's Palladium Theater. Charlie was flown to the British capital from Sierra Leone, West Africa.

3,000 Gallons of Water Is Sent Thirsting Texans in New York

AUSTIN — (AP) — Texas officials Tuesday hoisted water-filled cups in an official sendoff for 3,000 gallons of Texas water for thirsting Texans in New York.

With the 45-foot-long tank truck carrying the "mercy" cargo also went some words of advice on conservation for the water-short metropolis.

The water is a gift — and a gag — of the Highland Lakes News, a weekly newspaper devoted to hunting, fishing and loafing in the area of the Central Texas lakes.

The advice was serious from Railroad Commissioner Ernest O. Thompson, designated to represent the state by Gov. Allan Shivers.

In brief ceremonies in front of the Texas Capitol the member of the state's oil regulatory body said that Texas' rainfall was about the same as that in New York.

"But in Texas we are learning to conserve our water," he said. "We're building dams and storing it all over our state."

"May this good gesture from Texans to New York bring peace on earth — and a chaser to our Texans in New York who couldn't get home for Christmas," he added.

"Have a Drink on Texas," invites a sign painted on the rear of the tank. Signs on each side label the cargo: "Texas Highland Lakes water for thirsty New Yorkers."

When the truck arrives in New York, plans call for the first drink to go to the Texas bride of New York's Mayor William O'Dwyer if the couple is back from their honeymoon. Then spigots on the rear of the tank will be opened into a plentiful supply of paper cups being carried along for the thirsting.

The water shipment will travel the 1,998 mile trip via Shreveport, La.; Jackson, Miss.; Meridian, Miss.; Montgomery, Ala.; Macon, Ga.; Augusta, Ga.; Columbia, S.C.; Raleigh, N.C.; Richmond, Va.; Washington, D.C.; and Philadelphia, Pa.; to destination, New York City.

But the two drivers and three missionaries of good will and a good water won't be allowed to sponge on the tank's precious cargo along the route. Each carries his own canteen of Highland Lakes water — separate from the 3,000 gallon load.

Two official letters, accompanying the cargo. One from Austin's Mayor Taylor Glass attests that the water has been found pure and suitable for drinking purposes by the city's Water Department laboratories. Another letter is from Gov. Allan Shivers asking appropriate courtesies and considerations for the party engaged in the "operation water-lift."

Driving the cargo are Douglas "Red" Tipton and Billy F. Davis, both of Houston, who have driven 800,000 miles and a million miles respectively without an accident. Accompanying them in a passenger car are John Babcock, development supervisor for the Lower Colorado River Authority; Bob Swanson, local automobile agent furnishing the car; and Charles Ogle, safety director of the Texas Motor Transportation Association sponsoring the shipment.

The idea was the brainchild of the two editors of the Highland Lakes News, Wick Fowler and Henry Fox.

Canadian Dam Plans Discussed

WASHINGTON — (AP) — A Texan discussed plans for the Canadian River development program with Secretary of Interior Oscar L. Chapman yesterday.

Rep. Worley (D-Texas) went over details of the \$85,000,000 outlay with the secretary.

"I simply wanted to be sure that Dr. Chapman was thoroughly familiar with the Canadian project," Horley told a reporter.

"He assured me of his keen interest in all phases of the development and his willingness to cooperate with us."

Halvah, the Turkish candy, now is available in cans. Chocolate, vanilla and marble are the three flavors.

Dutch Girl in Arnhem Has 120 Girl 'Mothers' Here

BURLINGTON, N. J. (NEA)—For "Leni" Schoenmakers, a little Dutch girl, the end of December, 1949, will be an exciting season. First, there was her birthday—she was 16 on Dec. 23. And then, two days later, came Christmas and big boxes of presents from her 120 "mothers" in America.

Of course, she'll need some help from her real mother and her younger brother, with whom she lives in Arnhem, Holland, in opening the packages. Because the bomb that killed her father and older brother in 1944 also took her right arm.

"Leni"—her real name is Helene Elsie Gemma Maria Schoenmakers—has been adopted by the 120 students at St. Mary's here. The girls so far raised \$140 for her care, and this year will be the second Christmas that they've brightened for Leni by sending her presents.

The Girls' Service League at St. Mary's to which all the students automatically belong, is the actual unit that takes care of Leni's wants. All the girls have a hand in the human project, and keep up a running correspondence with Leni all year long.

But it is the holiday season that they enjoy the most. Then they scour the stores for things Leni might like; things she couldn't possibly afford to buy, because her family is very poor, and things that are hard to find in Arnhem even if she could afford them.

The girls at St. Mary's found Leni through the Foster Parents Plan for War Children, an American organization that is trying to do something for the thousands of European children left inadequately cared for by the war.

It was in November, 1944, that the war years of hunger, cold and fear were climaxed with tragedy for the Schoenmakers family. A bomb made a direct hit on the air raid shelter in Arnhem where they had sought refuge.

Leni's father and older brother were killed, her mother and younger brother seriously injured by falling debris. Leni lost her right arm and suffered five other very bad wounds. Their home had previously been damaged by bombs and most of their possessions lost.

Now Leni goes to high school.

LENI—For this picture she sent to her 120 girl "mothers" in America, Leni made no attempt to hide her empty right sleeve.

Far from beaten by her handicap, she is determined to overcome the loss of her arm, and go on to be either a welfare worker or a teacher of modern languages. The picture she sent her 120 mothers shows her standing straight and firm, with a quiet smile on her lips. She made no attempt to hide the empty right sleeve of her dress.

CHEWING GUM BENEFITS
Some mint coated chewing gum now contains ammonium phosphate and carbamide, the anti-decay ingredients found in ammoniated dentifrices.

Colonialism Is Well on Its Way Out

By DEWITT MACKENZIE
AP Foreign Affairs Analyst
Two years ago Queen Wilhelmina of Holland, in proclaiming a new partnership between the kingdom of the Netherlands and the Dutch East and West Indies, declared that "colonialism is dead."

It took courage to face the writing on the wall and truly interpret its significance. Colonialism or imperialism, or whatever name you wish to call it, is indeed on its way out.

Tuesday the United States of Indonesia, comprising the rich islands of the Dutch East Indies, came into full being as a sovereign nation.

There still remains that part of the empire comprising the Dutch West Indies (the Antilles) and Dutch Guiana (Surinam) on the Atlantic coast of South America. But even in the case of this vestige of the empire the mother country is planning a conference for the coming April to consider the granting of greater autonomy.

So far as concerns the West Indies, the main wealth lies in Dutch Guiana. The chief products are bananas, cacao, sugar, coffee, rice, maize, rum, cotton, haxite, gold and balaia.

However, the country is largely undeveloped and its potentialities are unknown. In the inhospitable hinterland there are gold, diamonds and precious woods, but the area never has been fully prospected because of death or permanent disability lurk everywhere for the white man.

Horror lurks in the form of poisonous snakes, scorpions, centipedes, and all sorts of insects. Then there are vampire bats, and huge anacondas which can crush a man or animal in its coils and swallow its victim whole.

While I was in Paramaribo, capital of Dutch Guiana, a Dutchman who sent native expeditions into the jungle after precious woods told me one of his men had reported finding a record size anaconda. The native estimated the size of this monster at 45 feet—a world record if true.

The Dutchman said he was going to organize an expedition and try to capture this reptile for sale to some zoo. I never heard the outcome.

But to return to our muttons, Surinam may prove to be a source of vast wealth on development. Whether the mother country will profit by that depends on the structure of the projected United Nations of the West Indies and Surinam.

Morris Will Seek Second State Post

EL PASO (AP)—State Senator G. C. Morris is going to run for lieutenant governor in 1950. Morris, president pro tempore of the Senate and acting lieutenant governor, said yesterday he would be an independent candidate on the Democratic ticket.

Tour Quota Being Sought

AUSTIN — A quota exists for 25 Texas Organized Reserve Corps officers to accept a 90-day tour of duty with the staff and faculty of the Artillery School, Ft. Sill, Okla., Col. Oscar B. Abbott, chief of the Texas Military District, announced here. The tour will be available beginning Jan. 1 through June 30.

The quota is broken down in the following needs: six lieutenant colonels, four majors and two captains of the Field Artillery Branch; two chaplains, captain; two military police, three adjutant generals, three signal corps and two judge advocate generals, all lieutenants or captains.

All Organized Reservists desiring to accept a 90-day tour for this duty should have their application in the Texas Military District Headquarters 35 days in advance of the desired starting date, it was announced. Application blanks and further information may be obtained from the Organized Reserve Corps Instructor's office at Post Office Bldg., Pampa, it was said.

15 Points Suggested on How To Put Oneself to Sleep

NEW YORK — (NEA) — Dr. James Bender never had a trouble sleeping in his life. Never, that is, until a few weeks ago when he lay awake worrying about the deadline for the book he was writing. The book which cost him his sleep is called, "How to Sleep."

Although the book touches on all phases of sleeping—from the fine art of snoring to how to get children to go to bed—it is primarily designed for the aid and comfort of insomniacs.

"I believe very strongly," says Dr. Bender, a psychologist, "in the potential power of each one of us to alter the path of parts of our lives. Sleeping habits can be changed if we approach the matter with common sense."

For those who want to try, Dr. Bender has a 15-point program for producing potent pillow pounders. In 15 nutshells, here is what he recommends:

1. Sleep in a good bed. Make sure it's big enough for you.
2. Sleep on a pillow that fits you.
3. Dress your bed right. Dr. Bender even goes the whole hog, and advocates a daily change of linen for severe cases of non-sleeping.
4. Don't sleep in a room decorated in exciting colors. Pastel greens and blues are the most

HOW TO SLEEP—His own book on how to go to sleep painlessly cost Dr. James Bender a night's sleep.

5. Keep the room dark. If necessary, buy and wear a pair of eyeshades.
6. Build a shrine to Morpheus. Which is Dr. Bender's way of saying that the bedroom should be strictly for sleeping; make it a pleasant, restful room, with things nearby that induce slumber.
7. Take a bath before going to bed. A bath is more relaxing than a shower, especially if a few drops of pine needle extract are added to the tub. The temperature of the water should be between 98 and 102 degrees.
8. Be the master of noise. A pair of ear stoppers help keep the room quiet.
9. Ventilate your room to suit

restful shades, Dr. Bender says. Besides the Soporific Fifteen, Dr. Bender has other suggestions. "I have almost a religious fervor in the belief that relaxation exercises are a big help," he says. Some ways Dr. Bender advocates relaxing are by standing on your head, or yawning, or blinking. Yawning, incidentally, is good for you, and you shouldn't try to swallow your yawns.

So, the next time you can't sleep, follow these simple instructions: Stand on your head, change the line paint the room blue, put on your eyeshades and ear stoppers, take a bath with pine needle extract, play some music, read a book, brush your hair, burn some incense, eat a snack, read a book and crawl around the bed 10 times. By that time, it's morning.

yourself.
10. Try melotherapy. That means music, which hath charms to soothe the savage insomniac. Among the selections Dr. Bender suggests are MacDowell's "To a Water Lily" and Debussy's "Arabesque of a Fawn."

11. Make friends of your senses. In other words, rest them. Some ways you can do that are to brush your hair before retiring and to burn a stick of incense in the bedroom.

12. Eat a snack. But be careful. Dr. Bender advises the bedtime menu consist of a glass of skim milk and a plain cookie. If you're very tired, maybe two cookies.

13. Kick yourself along. Dickens, says Dr. Bender, couldn't sleep unless his bed pointed north. If you need a secret trick—like crawling around the bed 10 times—go to it.

14. Read yourself to sleep. A good book or a daily newspaper.

15. Make a happy event of going to bed. Look on sleep as a delightful escape from problems.

Besides the Soporific Fifteen, Dr. Bender has other suggestions. "I have almost a religious fervor in the belief that relaxation exercises are a big help," he says. Some ways Dr. Bender advocates relaxing are by standing on your head, or yawning, or blinking. Yawning, incidentally, is good for you, and you shouldn't try to swallow your yawns.

New York Gets Ready for New Year's Parties
NEW YORK — (AP) — It can cost a lot or a little to welcome 1950 in the big city. It all depends on how you do it, and where.

New Year's Eve is the big night for New York's assorted night spots, and most of them have big party plans.

Even sedate Carnegie Hall scheduled a special program and promised to leave its bar open later than usual. Prices for the holiday night generally are normal, ranging from \$7.50 for dinner and a funny hat up to just about any amount the bankroll will stand. The tonier night spots and supper clubs ask around \$25 per person for food, entertainment and treats. The fixed figure does not include drinks.

Police have completed plans to handle the thousands who will jam Times Square.

Smiths Send Help to Girl
SAN ANTONIO — (AP) — A San Antonio policeman named Smith suggested today that every Smith in the nation send \$1 to Betty Lou Marbury.

Betty Lou is the 10-year-old Tennessee girl whose right hand and wrist were amputated yesterday at a Memphis hospital.

The policeman is Emmett Smith, Jr., 36, motorcycle officer for the past five years and a peace officer since 1937.

Says Smith as he mailed his check to Betty Lou: "Prayers have their place, but what she needs now is a financial bulwark for the future."

He said he hoped thousands of other Smiths would chip in. Smith is the father of four children, aged 7 to 18.

Betty Lou's case attracted attention when the child wrote to a newspaper asking prayers for her hand. Surgeons decided, however, the malignant condition made an operation essential.

Oleander Bowl Offers Offense
GALVESTON — (AP) — Named after Galveston's famous flower, the second annual Oleander Bowl Jan. 2 will feature a program that sparkles with color, pageantry and action.

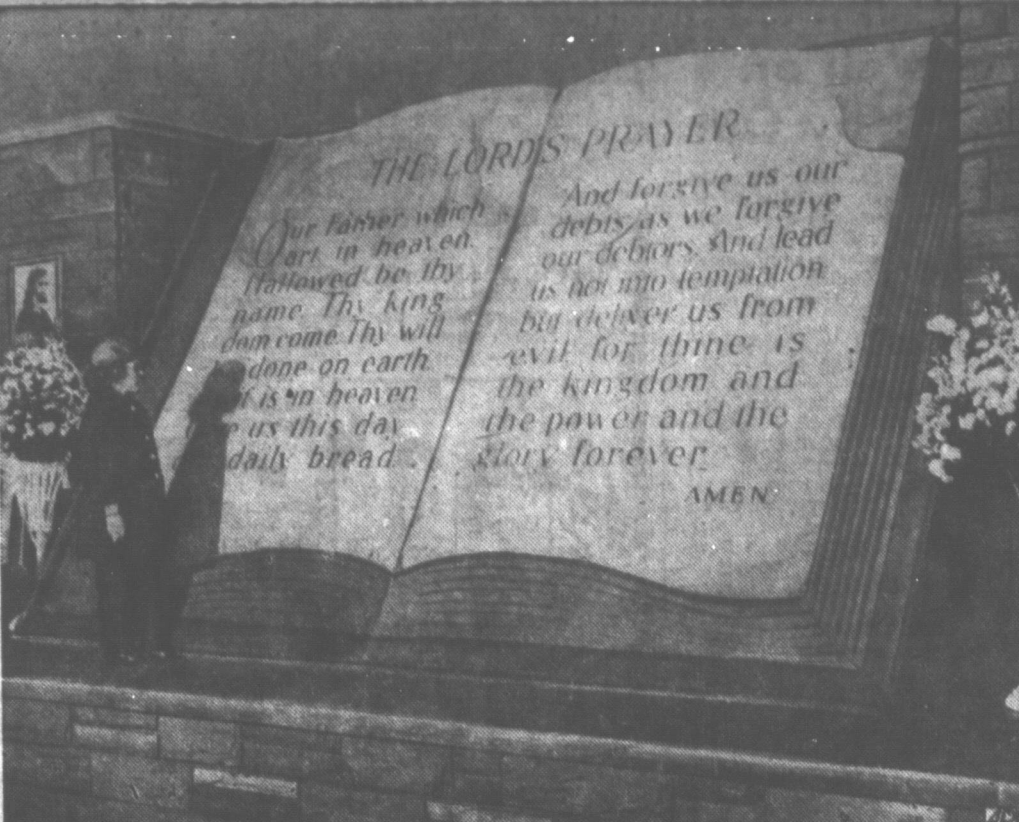

Officials of the Greater Galveston Beach Association, sponsors of the game, and Coach Homer Norton, general chairman, say that by selecting McMurry College and Missouri Valley College to participate in the game, the fans will see two of the most powerful small colleges in the nation.

The mushrooming rivalry between the two clubs was planted in the Boys' Ranch Bowl in 1947, when Missouri Valley's Vikings eked out a 20-13 win. It blossomed in regular season's play in 1948 when the Vikings again mastered the Indians by the same score.

The coaches and the squads of both teams expect the rivalry to be in full bloom by Jan. 2.

Johnson Predicts Congress to Rule Tidelands to States

NEW ORLEANS — (AP) — Congress will hand the states the unqualified right to own and operate their tidelands early in 1950, a leader in the states' fight for the property predicted here yesterday.

Walter Johnson of Washington, special counsel for the National Association of Attorneys General, said in an interview there is "no question about the majority (of Congress) being in favor of the states."

Congressional action supporting the states would make further legislative action unnecessary. Several states including Louisiana, Texas and California now have suits pending in the U. S. Supreme Court.

"Legislation introduced by 31 senators and a large number of representatives will pass early in the session," Johnson commented referring to the 82nd Congress which opens Jan. 3.

States representatives met in New Orleans yesterday for an "informal" discussion of the fight and to map strategy for their fight in Congress and in the Supreme Court.

Louisiana Attorney General Soliver Kemp called the meeting which was attended by a Texas delegation headed by Attorney General Price Daniel and a California group under Assistant Atty. Gen. Everett Mattoon.

Johnson said "Louisiana has a more at stake than any other state. In fact, Louisiana has more proven oil fields in its tidelands than Texas and California."

California lost one decision two years ago when the U. S. Supreme Court ruled the federal government has a "paramount right over the tidelands."

But Congress did not follow up this decision with an enabling act necessary for actual seizure by the federal government.

Both Texas and Louisiana take their cases to the high court Feb. 6.

Daniel, who has led the Texas fight, said "we are working day and night" preparing briefs on the case.

Kemp said the meeting was "informal" and not an official meeting of the attorneys general.

PAMPA NEWS, THURSDAY, DEC. 29, 1949 PAGE 11

Egyptians Preparing for First Large Oil Venture

CAIRO — (AP) — The first big-scale all-Egyptian venture in oil search and exploitation is to be started soon.

The National Petroleum Co. of Egypt has been granted concessions over 267,000 acres of land believed to be rich in petroleum.

Torcom Pappasian, the company's managing director, announced.

The areas where drilling is to be started within six months, he told the Associated Press in an interview, extend on both sides of the Gulf of Suez and on the Sinai Peninsula. Simultaneous operations will be started in concessions at Sollum, near the northwestern frontier of Egypt and Cyrenaica, and in the Fayum area, south of Cairo.

Preliminary geological survey of these areas forecast an important oil strata, Pappasian said. "Our calculations are correct, we hope, within four years, to produce enough to triple Egypt's present output of crude oil."

Egypt now produces about 2,000,000 tons of crude oil annually. Her consumption is approximately two and one half million tons per year. The difference is imported. If Pappasian's estimates

Louisiana Oil Allowable Up

BATON ROUGE — (Special) — The Louisiana Conservation Commission raised the maximum permitted crude production for January 9,055 barrels daily over the December allowable.

The January permissible is 372,212 barrels daily. The December quota had been increased 3,331 barrels a day over the allowable in force in October-November.

Estimated crude oil production in the state next month was placed at 457,212 barrels daily by E. L. Digby, commissioner of conservation. Current production in Louisiana averages 538,300 barrels a day.

North Louisiana fields next month will be permitted to produce 130,483 barrels a day, an increase of 4,785 barrels over the present allowable. South Louisiana fields will have an increase in maximum production of 4,280 barrels a day for a daily average of 441,729 barrels.

Officials Protest British Extension of American Ban

NEW YORK — (AP) — Oil executives said yesterday they would protest to U. S. government officials what they termed an extension of a British ban of American oil sales.

Representatives in Japan of American oil companies reported to their home offices yesterday the British government had decreed that sterling balances built up by the Japanese may not be used to buy oil from U. S. companies unless the crude comes originally from sterling sources (British companies).

A further restriction was that sterling obtained by U. S. companies from such sales must be used to buy Japanese goods for export to sterling countries.

Oil sources here complained that if the British plan proceeds unopposed, American companies may be frozen out of Japan, as well as the sterling areas.

The latest British action carried forward another step a recent British government suggestion that Japan use part of her 10,000,000 pounds (\$26,000,000) sterling balance to buy British crude oil. Earlier this month the United Kingdom, British Empire countries and colonies took action to ban dollar oil and substitute sterling oil for consumption.

Texaco Finals Jim Wells Test

HOUSTON — (AP) — The Texas Company yesterday announced completion of its No. 1 E. M. Brownless wildcat oil well in Jim Wells County.

The discovery well on initial test pumped 60 barrels of 24.3 corrected gravity oil daily from perforations in Frio sand at 3,353 to 3,356 feet. Total depth was 5,700.

The well is three miles south of the Reynolds field and two and one half miles east of the Alford field.

HINT TO MOTORISTS

An automotive engineer has stated that every time a motorist races a thoroughly chilled engine, he subjects the most vital part of his car to greater mechanical wear than it develops in months of summer driving.

Texas Drilling Hits Peak for Post-War Era

AUSTIN — (Special) — The Texas Railroad Commission reported a record post-war year of oil well drilling activity.

Texas oilmen obtained permission from the commission to drill 372 more wells during the week before Christmas, a decline from the record high week ending Dec. 17, when 418 permits were granted.

These permits brought the total for the year to 15,042, nearly a thousand above the 14,103 permits of 1948.

Indications are 1949 will fall slightly below 1937, the record year of oil activity in Texas, when the totals are in. In 1937, 14,378 wells were drilled in Texas. This year's total so far is only 13,297, of which 8,737 were oil completions, 707 were gas wells and 3,852 were dry holes.

Wildcatting reached a new post-war high in 1949. Where 2,255 wildcats were drilled in 1948, of which 229 were oilers and 64 were gas wells, 1949 has already seen the completion of 465 wildcat oil wells and 83 gas wells. Dry holes totaled 1,998 in 1948. This year, 2,010 wildcat dry holes have already been plugged and abandoned.

Wildcatting reached a new post-war high in 1949. Where 2,255 wildcats were drilled in 1948, of which 229 were oilers and 64 were gas wells, 1949 has already seen the completion of 465 wildcat oil wells and 83 gas wells. Dry holes totaled 1,998 in 1948. This year, 2,010 wildcat dry holes have already been plugged and abandoned.

Texas Medics Plan Assembly

SAN ANTONIO — Texas physicians will learn first-hand the details of many new developments in specialized medical fields during a three-day meeting of the International Postgraduate Medical Assembly of Southwest Texas Jan. 24-26, at the Municipal Auditorium here. Fifteen outstanding medical authorities from many states, Canada and Mexico will speak at sessions of the assembly and will take part in clinical and pathological conferences.

Newest instruments, drugs and other medical supplies will be on exhibit in commercial booths in the auditorium.

Papers to be given by the guest speakers will be varied enough to appeal both to the general practitioner and specialist, according to Dr. C. F. Lehmann, of San Antonio, assembly president.

Two Injured in Oil Well Blaze

HOBBBS, N. M. — (AP) — Two men were injured in an explosion during a spectacular oil well fire near here last night.

Amerasia Oil Company's LP2 well eight miles southwest of Hobbs in the Monument Pool broke into flames about 6 p. m. and burned for three hours. Cause of the blaze was not known.

Flames reached 40 feet into the air, except for three belches when the fire soared to 200 feet. Following one of these flareups, a gasoline tank on a swabbing unit exploded.

M. L. Buskin, 40, and Harry King, 42, both Hobbs volunteer firemen, were burned. Buskin received burns on his face, both hands and ankles and King received burns on his face.

The fire was extinguished by trucks using foamite. Tractors and trucks dragged white hot pieces of debris from the fire scene to prevent the well from reigniting.

Commission Drops Kansas Production

WICHITA, Kans. — (Special) — Crude oil allowable set in Kansas for January was 270,000 barrels a day, a reduction of 8,000 barrels below December, the State Corporation Commission announced.

The commission approved the figure recommended by its conservation director, T. T. Morgan. Morgan reported nominations of crude oil purchasers totalled 290,760 barrels a day for January. The Bureau of Mines forecast for Kansas demand, he said, was 295,000 barrels daily. But he recommended the slash, in view of accumulated above-ground stocks and continued heavy imports.

Derby Oil Co.'s No. 1 Balthazor, a Graham County strike is showing big production from the Arbuckle, 3,729-33 feet. In initial preliminary tests the well, after acid treatment, swabbed 45 barrels of oil hourly.

New oil production increased during the week, with 12,950 barrels daily listed from 34 new wells, as compared to 10,534 barrels from 28 wells the previous week.

Stafford County, with five wells and 6,084 barrels, led other counties in new production, followed by Graham and Wabasha Counties, each with a 3,000 barrel well.

New gas production dropped slightly, with 125,975,000 cubic feet daily reported from 11 completions. The previous week saw 12 new wells for 138,092,000 cubic feet daily. Wildcatting held steady, with 16 listed, one more than for the previous seven-day period.

Kansas crude oil pipeline runs for the week ended Dec. 19 averaged 286,444 barrels daily, a decrease of 4,848 barrels daily as compared with the previous week's average.

Skilled Printers Getting Scarce

DALLAS — (AP) — A serious shortage of skilled workers faces the printing industry, the president of the Southwest School of Printing says.

E. W. Jackson of Austin thinks the way to remedy the situation is for the International Typographical Union to liberalize apprentice restrictions; printing shops to take on more apprentices; and more schools of printing established.

Jackson and other officers and directors of the Dallas School of Printing met here yesterday for the annual meeting.

Jackson said that "at the rate we are going now, every working printer will have to remain on the job until he is 86 years old if we are to replace the labor force without reduction."

He added that "an obviously absurd thought, but it's an honest picture of the situation."

Jackson predicted that the Southwest School of Printing's courses would soon be expanded to include teletyping, stereotyping and offset printing. It now teaches linotype, hand composition and press work.

Jackson was reelected president of the school; E. M. (Ted) Dealey, publisher of The Dallas News, vice president, and Bryan Snyder, Jr., Dallas, secretary-treasurer.

New directors named were Vern Sanford, Austin; G. J. Bauhens, Houston; James C. Cockrell, Oklahoma City; C. J. Ellis, Tyler; R. B. Goddard, Waco, and Dewitt Nelson, Austin.

The 1905 tax rate on oil was one percent of value; today it is 4 1/8 percent. This amounts to about \$68,000,000 annually.

Accidents Kill More Children Than Do Childhood Diseases

AUSTIN — Take all deaths among children from 1 to 4 years old caused by the so-called childhood diseases, and they would total a little more than half the child deaths caused by accidents.

Figures released by the Bureau of Vital Statistics, Texas State Department of Health, show accidental deaths in 1948 killed 583 children under four years of age, 218 of them under one year, while the combined deaths from diseases of childhood — scarlet fever, whooping cough, diphtheria, measles, poliomyelitis, and epidemic meningitis — killed only 234 children in the same age group.

The report shows one of every three deaths in the 5-9 age group is accidental; four of ten deaths in the 10-19 age group is accidental, and very little decline is noted in that rate through the other age groups under 20.

State Health Officer Geo. W. Cox said, "State and local health officials can prevent epidemic diseases, and safeguard food and water supplies, but it is up to the individual citizen to protect himself from untimely death by accident."

According to the report, of 100

accidental deaths, 30 involve motor vehicles, 12 are due to falling or crushing, 8 are due to drowning, and 4 are due to burns.

And despite frequent reports of death resulting from "not knowing it was loaded," only three of every 100 accidental deaths involve firearms, the Health Department report revealed.

The state health officer pointed out that only diarrhea and enteritis, and pneumonia exceeded accidents as a cause of death in the first four years of life.

"We've made remarkable progress in prolonging life during the last decade," Cox asserted. "But apparently we've prolonged it only to have it snuffed out in accidents — mostly foolish accidents."

The Organized Reserve Corps is now recognized as the Third Component of the Army.

End Cage Tourney To End Tonight

ENID, Okla. — (AP) — The Enid Invitational Basketball Tournament ends tonight with the University of Tulsa meeting the Pittsburg Teachers of Kansas in the final round.

Tulsa downed Washburn 50-42 last night and Pittsburg conquered North Texas State College 63-49.

The championship game will be played at 9 p. m. (CST), just after the third place clash between Washburn and North Texas.

TREE RESTAURANT

A tree houses a completely equipped restaurant near Flerty, Calif. A hollowed-out space, 25 by 27 feet, at the base of a giant redwood, forms the unique establishment.

OCU Knocks Aggies Out Of Tourney

OKLAHOMA CITY — (AP) — Second seeded Wyoming is in the finals of the All-College Basketball Tournament tonight, as expected, but there's a stranger in the opposition — Oklahoma City University.

Top seeded Oklahoma A&M, heralded to win its sixth straight title, fell in the semifinals last night to alert Oklahoma City 37-25. The loss was the first to Hank Iba's Aggies in 18 All-College Tournament games.

Wyoming had an easy time of Arkansas, 40-26.

Arkansas and A&M meet for third place in the first game of the doubleheader tonight.

Wyoming, last year's Skyline Six champions, have breezed through the tournament.

It easily handled Texas 44-35 in the first round. Last night, Wyoming led 23-25 at the half and Arkansas didn't make a field goal the first 18 minutes of the last half.

In afternoon games, Baylor will meet Texas for the consolation title and Vanderbilt will play Alabama for seventh place. In games yesterday, Texas defeated Alabama 48-41 in a last half drive and Baylor topped Vanderbilt 61-53.

NEW ORLEANS — (AP) — Kentucky is favored to win its third Sugar Bowl basketball championship by the coaches bringing teams to the tournament.

Coach Adolph Rupp's annually potent Wildcats received the most points in an Associated Press poll of the four coaches whose teams open the tournament tonight.

Kentucky got 16 points, four more than second place Bradley. Trailing were Villanova with 11 points and Tulane with five points.

A first-place vote was counted as five points, a second place vote three, third two and fourth one. Kentucky got three first-place votes.

RALEIGH, N. C. — (AP) — North Carolina State looked like the team to beat and forward Sammy Ranzino like the man to open the Dixie basketball classic rolled into its second round today.

Ranzino, who's been having tremendous success in this young season, hit a peak of 33 points yesterday in leading his mates to an 81-64 victory over Rhode Island State in the Wolfpack's first tournament meet.

Walker and Justice Finally Meet After Four Seasons

By HAROLD V. RATLIFF

DALLAS — (AP) — The Doaker and Choo-Choo — two of the most famous men of football — finally have gotten together.

It required four college seasons and a Cotton Bowl Game for them to have that chat they've both been wanting.

The Doaker is Doak Walker, three-time all-America of Southern Methodist. Choo-Choo is Charlie Justice, two-time North Carolina all-American.

Strong admirers of each other and with careers that ran a startling parallel, Walker and Justice shook hands and talked over a lot of things yesterday afternoon when the North Carolina football squad arrived in Dallas where next Monday the Tar Heels play Rice in the Cotton Bowl. It was the first time they had seen each other.

Walker won't be in a bowl game this time — he'll just be watching the Choo-Choo try to railroad the Rice express.

There is one thing on which the two differ — that's conversation. Walker never says much — not even when spoken to. Justice chatters away. He will give sports writers a direct, quick answer on anything.

Walker probably talked more to Justice than anybody else's ever met. But it was pretty private. About the only thing that leaked

Famed Kicker Heart Victim

NEW YORK — (AP) — Charlie Brickley of Harvard, one of the greatest drop kickers in American football history, died from a heart attack last night at the age of 58.

He was twice an all-America halfback in 1913 and 1914 and in his three years for the Crimson set records that have never been surpassed.

In the 1913 Yale game, at the height of the Crimson's football heyday, he kicked five field goals for Harvard's only scoring and a 15-3 victory.

Two of his records still stand. His 13 field goals in 1913 were the most ever kicked by a varsity player in a single season. He also held the over-all record of 34 goals out of 37 attempts for his three varsity years starting in 1911.

After graduating from Harvard he entered the brokerage business and in late years was an advertising salesman in New York.

Bears Depend On Bob Celeri For Offensive

PASADENA, Calif. — (AP) — Ohio State boasts a number of dangerous backfield artists, adept at running, passing or both.

California's offense has been built to an enormous degree around one man, quarterback Bob Celeri.

The two elevens meet in the Rose Bowl Monday.

"The man in the checkered vest," as Lynn Waldor calls his gambling signal caller, had kept all opponents in hot water with his effective pass or run performance, and rolled up 975 yards passing the ball and 160 running it to lead the team in total offense.

Celeri's exploits actually accounted for almost a third of California's total offense — 3,708 yards in the Bears' uninterrupted drive through 10 foes to reach the Rose Bowl for the second straight year.

Against the Celert yardage, Ohio State's talented backs earned 3,071 yards in nine games and the distance was pretty well divided among Jerry Krall, Pandel Savic, Fred Morrison, Ray player, center Joe Neliker, won't Hamilton and Jimmy Clark.

Borger Handed First Loss of Year by Adamson

DALLAS — (AP) — Four Dallas teams are in the semifinals of the Cotton Bowl High School Basketball Tournament.

Adamson plays North Dallas today and Sunset meets Crozier Tech with the winner playing tonight for the championship.

Adamson yesterday defeated Borger, 59-27; North Dallas beat Jesuit (Dallas), 51-37; Sunset defeated Highland Park (Dallas) 37-34, and Crozier Tech eliminated Forest (Dallas), 48-30.

In consolation play, Waco beat Garland 67-30; Sherman defeated Greenville, 55-38; Pleasant Grove downed Plano, 36-31, and Bloomburg beat Krump, 40-29.

Rice Thumps Wichita, 72-66

(By The Associated Press) Rice came from behind last night to thump Wichita University, 72-66, as both basketball teams hit over 40 percent of their shots from the floor.

John Friedersdorf paced the game's scorers with 22 points. Tonight, Texas A&M is at San Francisco for a game with California.

West Texas State has produced four All-American basketball players. They are George Ray Colvin, Joe Fortenberry, Price Brookfield and J. W. Malone.

All-Senior 5 Expected to Start Game

The Pampa Harvesters open defense of their Howard Payne Invitational Basketball Tournament crown at Brownwood tonight at 8:10 against Kerrville of District 14-AA. It will be the first game for the Harvesters since having their winning streak snuffed out by the Lubbock Westerners Dec. 29.

Until that time the Harvesters had a record of four wins and no defeats.

The Green and Gold left Pampa early yesterday morning by bus and stopped at Cisco overnight where they held a good workout under the guiding eyes of Coach Clifton McNeely. A small cortege of Pampa fans went to Brownwood today to back the team that went through four games last year to become the class of the tournament. They defeated Gatesville in the opener, pushed through Laredo and Brownwood and defeated Lubbock in the finals New Year's night, 30-29.

The first round pairings today in the upper bracket pit Burkett against Olney in the opener at 1 o'clock; Pampa against Kerrville at 2:10 p.m.; Polytechnic of Fort Worth against Temple at 3:30 and Odessa against Mineral Wells at 5:40.

In the lower bracket Early of Brownwood faces Big Spring at 2:10; Port Arthur meets Memphis at 4:30; Throckmorton faces Sweetwater at 4:30 and San Angelo and Brownwood tangle at 8 o'clock.

The Harvesters next opponent will come out of the Burkett-Olney game. If the Harvesters down Kerrville they will play again at 4:30 Friday afternoon; if they lose they play at 10:10 Friday morning.

The probable starting lineup for the Green and Gold tonight will see Jimmy Howard and Dwain Reno at the forwards; James Gallemore at center and Jack Sutton and Tommy Allison at the guards. This is an all-Senior team and the one with which Coach McNeely has been working the past week.

Also certain to see action will be Tony Jones and Marvin Bond and both may even get starting assignments.

In last season's tournament Jimmy Howard and Derral Davis were named all - tournament. Howard will be back trying to make the all-star team for the second straight year. Davis of course is gone, but in his place will be James Gallemore, who is rapidly becoming the leading scoring threat on the team.

The Green and Gold will return to the local scene on Jan. 3, when they entertain the Phillips Blackhawks at the Junior High gymnasium. It will be only the second home appearance of the season for the locals, the other coming at the conclusion of the dark day that the gridlers lost to Wichita Falls in bi-district.

Olympic Runner Killed by Train

NEW YORK — (AP) — Dr. John E. (Jack) Lovelock, 39, the New Zealand-born Olympic runner who once set a world record in the mile run, was killed Wednesday by a subway train in Brooklyn.

Police said Lovelock apparently suffered at attack of dizziness and fell from the station platform in front of the Coney Island-bound train at the Church Avenue Station.

The Oxford-educated physician ran his world record mile at Princeton, N. J., in July, 1933, beating Bill Bonthron in 4:07.6.

In the Olympic Games at Berlin 1928, he set a world record of 3:47.8 in the 1,500-meters run, beating the American mile champion Glenn Cunningham by six yards in what many experts called the finest race of the games.

Brookfield was chosen captain of the mythical All-American team in 1942. Hubert Kitchens, Childress guard on the present Buff squad, has been nominated for an All-American berth this season.

Borger Handed First Loss of Year by Adamson

DALLAS — (AP) — Four Dallas teams are in the semifinals of the Cotton Bowl High School Basketball Tournament.

Adamson plays North Dallas today and Sunset meets Crozier Tech with the winner playing tonight for the championship.

Adamson yesterday defeated Borger, 59-27; North Dallas beat Jesuit (Dallas), 51-37; Sunset defeated Highland Park (Dallas) 37-34, and Crozier Tech eliminated Forest (Dallas), 48-30.

In consolation play, Waco beat Garland 67-30; Sherman defeated Greenville, 55-38; Pleasant Grove downed Plano, 36-31, and Bloomburg beat Krump, 40-29.

Rice Thumps Wichita, 72-66

(By The Associated Press) Rice came from behind last night to thump Wichita University, 72-66, as both basketball teams hit over 40 percent of their shots from the floor.

John Friedersdorf paced the game's scorers with 22 points. Tonight, Texas A&M is at San Francisco for a game with California.

West Texas State has produced four All-American basketball players. They are George Ray Colvin, Joe Fortenberry, Price Brookfield and J. W. Malone.

WHEN NOTRE DAME WAS BAFFLED — Southern Methodist back, Kyle Rote, spelled a lot of trouble for the nation's No. 1 football team, Notre Dame, before the Irish won climactic game in Dallas, 27 to 20. Here Rote, legs up, is stopped on one-foot line on one of his many gains.

Ask Glovers To Speak Up

All Pampa boxers who are planning to enter the Shamrock Golden Gloves boxing tournament on Jan. 12, 13 and 14 are asked to drop a card to the sports department of The Pampa News.

Arrangements will be made for transportation of all of the fighters to Shamrock each night as soon as the number of fighters is known.

There apparently will be no city tournament for Pampa this year. So far it has been impossible to locate a place in which to hold the tourney.

Many of the local boxers have been working out nightly for the Golden Glove season, among them Leon Kelly, Jim Bill Windsor and Jimmy Bennett.

Hogan Heading West to Start Golf Comeback

FORT WORTH — (AP) — Ben Hogan and his wife, Valerie, were enroute to the West Coast Wednesday to escape Texas' "cold weather" and, possibly, to launch Hogan's comeback in big time golfing competition.

Hogan plans to attend three tournaments on the PGA's winter tour — the Los Angeles Open, Bing Crosby Invitational and the Phoenix tournament which has been renamed the Ben Hogan Open — before returning to Fort Worth.

Whether he'll compete or just play for exercise hadn't been decided as he and Valerie boarded a train for Los Angeles Wednesday morning. But it was evident that Ben was in a mood to speed his return to competition.

"There's a possibility that I'll play," admitted Hogan, "but right now I can't say. I honestly don't know myself." If I did I'd tell you.

"I'll just have to wait and see how I'm feeling and how my game is working. One thing for sure, I'm not going out there and shoot in the eighties!"

Hogan has been playing Colonial regularly for the past 15 days, this being the first time he's handled golf clubs since his near fatal accident last February 2. And his game is rounding into form with such ease that even Hogan is astounded.

He's hitting the ball about as well as ever, though his drives are a trifle shorter. Of his Tuesday round, he admitted, "I played pretty good today."

The one drawback at present is the condition of his legs. He still walks with a limp and prolonged exercise causes swelling. That's the only thing keeping him out of the Los Angeles Open, an event he won in 1948 and the course on which he captured the coveted National Open.

Week End Specials

Coach Bud Wilkinson of Oklahoma says his team won't come from behind that screen and show its football ability until Sunday.

SAN FRANCISCO — (AP) — The day is drawing near for the East-West Shrine Charity Game here Saturday, the major proceeds of which will go to the Shriners' Hospital for crippled children.

Both of the teams — East at Santa Clara and West at Stanford — tapered off yesterday.

Coaches of both teams named starting lineups.

West mentor Mutch Bell of Southern Methodist, Dattly Mayer of Texas Christian and Jeff Cravath of USC named two teams. They include:

If West reserves: Don Narell, Texas Christian, rt; and Lindy Berry, Texas Christian, qb.

If West kicks off: Jack H. Hilday, Southern Methodist, c; Jim Cagagnoli, c; and Dick McKisack, Southern Methodist, rb.

The East team, apparently tentative with Andy Kerr, Tuss McLaughry and Bernie Bierman.

MONTGOMERY, Ala. — (AP) — Wide open offense probably will be the order of the day Saturday when All-Star teams from the North and South meet in the 12th annual Blue-Gray Game here.

Head Coaches Blair Cherry of Texas, Gray leader, and Ray Elliot of Illinois, chief Blue mentor, called a halt to rough work yesterday as both squads began polishing their offense.

The attack on both squads will be liberally sprinkled with forward passes, laterals and intricate ball-handling maneuvers designed to spread the defense.

MIAMI, Fla. — (AP) — The Santa Clara Broncos were scheduled to end today a 3,000-mile, four-day train trip for their meeting with the University of Kentucky in the Orange Bowl Jan. 2.

The Broncos were due in Miami shortly after noon aboard a Seaboard Air Line special train from New Orleans, where they worked out yesterday.

Meanwhile, Kentucky's head Coach Paul (Bear) Bryant was singing the injury blues after yesterday's scrimmage session.

Doug Moseley, 200-pound first string offensive center, suffered a bruised shoulder late in the contact session.

Moseley will be out for an indefinite period and Harry Rogers, 190-pound Junior, is expected to do most of the work.

Dog-roses received their name because the ancient Greeks thought this flower was a cure for the bite of a mad dog.

Toppling Ten Pins, Sparkling Bowling Series, Starts Soon

Meet Val Mikiel, who is authoring a new 14-part, cleverly illustrated bowling series for NEA Service and The Pampa News.

The "First Lady of the Lanes" has her own ideas about "Toppling Ten Pins," which by the way, is the title of her highly-instructive set of articles.

Miss Mikiel first rose to national prominence in '48, when she won the Women's International Bowling Congress tournament singles championship with the second highest series ever recorded in that division.

Our Cal Val won the Central States all-events with the lofty total of 1848 for nine games, an average of 205-plus. She rolled the highest unofficial series of that year for women, a blistering 822, made up of games of 290, 294 and 278, with a stubborn 10 pin robbing her of a 300 in the first game.

Miss Mikiel has compiled a 200 average in a traveling league, averages of 198 and 185 in others. She won her national match-games crown defeating Mrs. Nina Van Camp of Chicago by 566 pins in a home-and-home clash, successfully defended it twice. She yielded her title when it was decided to place the national match-games championship in competition in the Women's All-Star Tournament.

Miss Mikiel starts with "Strikes," moves into "Excessive Speed," "Equipment," "Starting Stance," "Footwork" and the "Proper Starting Position." There are four pieces on the "Steps" after which she devotes two to "Ball Release," side and front view. She closes with the "Follow Through" and the fairly-common leave, the "3-10 Split."

Val Mikiel leaves you with the assurance that with the necessary groundwork of fundamentals and practice, almost anyone can make himself or herself an expert bowler.

This extraordinary series will help bowlers improve their scores.

Val Mikiel

Sun Bowl Teams Both on Hand

EL PASO — (AP) — Georgetown University today opened practice for its Jan. 2 Sun Bowl meeting with Texas Western University.

The Hoyas arrived here late yesterday, were paraded through downtown El Paso, and extended the city official greetings in a huge street rally.

Coach Bob Margarita planned only a light drill this morning, but indicated stiffer practice would be on tap the next couple of days.

Texas Western yesterday ran through two stiff workouts and Coach Jack Curtice seemed pleased with the results.

Rusty Russell Persuaded Doak To Enter SMU

DALLAS — (AP) — H. N. (Rusty) Russell, backfield coach of Southern Methodist, was the reason Doak Walker didn't go to Texas but instead became all-America at SMU.

This is revealed in Walker's story of his life, a copyrighted feature now appearing in the Dallas Times Herald.

Walker told in today's chapter how, while in the Maritime Service, he went to New Orleans to get shipping orders. But the orders never came. It seemed the Maritime Service had more radio men than it could use.

Bobby Layne, former football teammate at Highland Park High School, who became a great player at Texas, was with Walker. "We couldn't see much use in hanging around New Orleans on a deal like that so we decided to withdraw and go to school," Walker said.

That weekend Southern Methodist played Tulane in New Orleans and Russell, Walker's and Layne's former coach at Highland Park, got them tickets to the game.

"I had decided I would go to Texas with Bobby," Walker said. "But when we got on the train that night, the SMU squad was aboard and Coach Russell had a talk with me. I can't remember everything he said now, but it must have been pretty convincing because I decided to attend SMU. I think one of the factors in my decision was that I knew Coach Russell's style of play."

McMurry Leaving for Galveston Tomorrow

ABILENE — (AP) — Coach Wilford Moore and 33 McMurry College football players will board a chartered bus tomorrow morning for Galveston, where they will play Missouri Valley College's Vikings in the Oleander Bowl Jan. 2.

Moore will send his gridmen through a light workout in Galveston tomorrow afternoon.

HOSPITALIZED—Grover Cleveland "OH Pete" Alexander, one of baseball's all-time great pitchers, is pictured in a ward at the county general hospital in Los Angeles. He was found unconscious in an alley behind his Hollywood apartment house. Doctors reported that Alexander, 68, is a cancer victim. His right ear was amputated two years ago in an effort to stop the disease. (AP Wirephoto)

Gulf Coast Is Accepted by OB

ABILENE — (AP) — Howard Green, president of the newly organized Gulf Coast Baseball League, has written all clubs that the league has been accepted as a Class C member of Organized Baseball.

He cited a wire from George M. Trautman, president of the National Association (Minor Leagues). This means the clubs may now begin to sign players.

Green said the league would hold its schedule meeting Jan. 15. Making up the league are Galveston, Jacksonville, Lufkin and Port Arthur, Texas, and Crowley and Lake Charles, La.

Southern Methodist and West Texas State stand even in their basketball series played. Each has won one tilt. The two-game series was played in Childress to dedicate the new Childress gymnasium.

WARREN'S WARMUP

By Warren Hass—News Sports Editor

QUESTION: What team completed 13 of 14 passes attempted in the Cotton Bowl Game?

WITH THE BIG WEEKEND OF FOOTBALL COMING UP soon, the first of the new year, let's take a look at the bowl situation, starting today with the granddaddy of them all, the Rose Bowl. This thirty-fifth running of Tournament of Roses spectacle, if season's performances mean anything, should be the closest game of the brief bowl season. Out of the Midwest will come a powerful Ohio State Buckeye eleven to face California's Golden Bears, who are entering last year's losing appearance.

It has been a long wait, but Ohio State will be given a chance to wipe out the 28-0 defeat it suffered in its only other Rose Bowl engagement. The year was 1921 and the winning team was from the same university that the Buckeyes will meet Jan. 2, California. The result was so distressing, not only to Ohio State but to the Big Ten, that no Western Conference team was allowed to participate in bowl games thereafter until the current pact with the Pacific Coast Conference was adopted three years ago.

Ohio State went to Pasadena with a better record than this year's team. It had won seven straight games and scored 160 points to the opponents' 20. The 1949 Buckeyes have rolled up 190 points but have had 122 scored against them. They have been defeated once, by Minnesota, and tied twice, 13-13 by Southern California and 7-7 by Michigan.

California went into the 1921 Rose Bowl Game with a record of eight victories. Lynn Waldorf's current squad has won 10 in a row. California's 1921 triumph was the first major victory a California team ever had scored in inter-collegiate competition. Washington and Oregon had been the powerhouse squads of Coast football until the advent of the Berkeley "wonder team."

The 1950 game will match two brilliant teams headed by two outstanding coaches who attained their fame in the Big Ten. Wesley Fesler has not been in the coaching circles for too long, but already has stamped himself as one of the finest in the land. Lynn "Fappy" Waldorf first reached glory while head mentor of the Northwestern University Wildcats, the team that defeated him last year in the battle of the roses.

The Pacific Coast has fared poorly in its three recent Rose Bowl clashes with Big Ten representatives, but there is no reason to believe that it hasn't an even chance this time. Waldorf has been doing a magnificent job since he took command at Berkeley. The 1949 Bears gave Wisconsin, one of the more successful Big Ten teams this year, a severe drubbing and, save for their 16-10 victory over Southern California, haven't had much trouble.

The 1950 Rose Bowl rivals have played two common foes this season, Wisconsin and Southern California. The Buckeyes were held to a tie by the Trojans, but defeated the Badgers by a wider margin than did California, one touchdown more.

Fesler has a young ball club of great potentiality, one that should improve each day. Any club strong enough to come from behind to tie Michigan isn't going to be easily defeated.

Both team will have psychology partially guiding their play. California to represent the entire West Coast Conference, and in that capacity will be out to prove to one and all that the Coast is finally on a par with Midwest football. Ohio State, while trying to atone for the 1921 defeat, will be out to prove that the team hasn't been threatened by insurrection as a rumor earlier this week stated.

So far this season the Buckeyes have performed as a unit, with no outstanding stars. They have produced a strong running attack, but no sure passing. And they have undoubtedly met the stronger competition in six Big Ten foes plus Pitt, Southern Cal and Missouri.

The Bears have been led by an all-American back, Bob Celeri, a triple-threat as the way, who can whip that ball through the air for that quick touchdown. Though the California schedule hasn't been quite as strong they have racked up almost 120 more points than the Bucks, and held their opponents to eight fewer points.

The complete season's records of the two teams look like this: California — Bears 21, Santa Clara 7, Bears 29, St. Mary's 7; Bears 41, Oregon State 0; Bears 35, Wisconsin 20; Bears 16, Southern Cal 10; Bears 21, Washington 7; Bears 35, UCLA 21; Bears 33, Washington State 14; Bears 41, Oregon 14; Bears 33; Stanford 14.

Ohio State — Bucks 35, Missouri 34; Bucks 46, Indiana 7; Bucks 13, Southern Cal 13; Minnesota 27, Bucks 0; Bucks 21, Wisconsin 0; Bucks 24, Northwestern 7; Bucks 14, Pittsburgh 10; Bucks 30, Illinois 17; Bucks 7, Michigan 7.

The game definitely appears to be a setup with only loyalty and past performances of the two conferences as guiding posts. Loyalty forces me to take the Buckeyes of Ohio State.

ANSWER: Texas completed 13 of 14 passes attempted in the 1948 Cotton Bowl Game.

COURT patterns

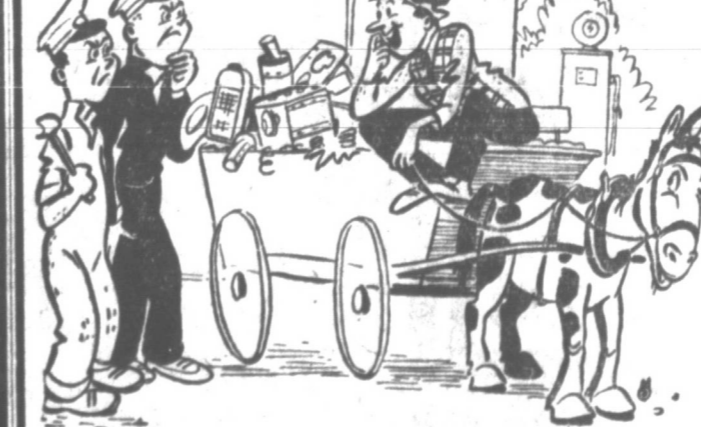

By GORDON RIDINGS
Columbia Coach
NEW YORK — (NEA) — Columbia splits a double post to take advantage of the double block used in the accompanying diagram.

Player 5 is in a high pivot on the foul line. The play starts with 2 passing in to 1.

At the same time, 3 moves in behind 5, making a double block for 2 and 4, who split the double post.

Player 2 times his break off four, using the latter as a screen. Player 1 can pass to the first cutter, 4 as in the diagram, or to 2, depending on which one gets through free and is in position to score.

The posts, 5 and 3, take up defensive positions.

All I know is that when you get it together, it should be a Thirty-Six Super Deluxe!

You've got an awful wreck there, mister—but if anybody can fix it, we can. Whether it's a leak in your tire or a major repair job, you'll find super service and know-how at Coffey Pontiac Co.
