

**SURREALIST SCULPTURE SHOWS STRING-BEAN INFLUENCE**—A trend toward "under-nourished" statues appeared at a showing in Paris by "Les Surindépendants," a group of surrealists, cubists and realists. The statue of the dancer, left above, was described as "one of the more conventional" works in the show. The title of the piece at left—and the question it seems to be asking—is "Am I Beautiful?" (Photos by NEA-Acme staff correspondent Rene Heem.)

## Mainly About People

Mr. and Mrs. O. W. Love and children of 705 N. Faulkner have been visiting at Hot Springs, N. M., in the home of her parents, Mr. and Mrs. W. E. Minatre.

Lost—Black billfold belonging to Douglas Gordon. Return for reward to 601 S. Cuyler.

Max Hukill, Amarillo, son of Mr. and Mrs. F. A. Hukill, recently visited his parents here.

New shipment of baby snow suits just arrived. Pastels, corduroy with hood, hangers, feet and zipper crotch. These come in sizes to fit babies from 4 mos. to one year. Only \$6.98. Was \$7.98. Tiny Tot Shop.

ometers, etc. Roy & Bob Bike Shop, 414 W. Browning.

Frank Walker, 426 N. Wynne, is in Ville Platte, La., on business.

Tommy Harold, Lubbock, and Grady Merchison, Amarillo, visited the local office of the Texas Employment Commission yesterday.

Panpans who attended "Carne" in Amarillo Monday night included Mrs. Lillian Kelley, Miss Valine Dyson, Mrs. Herman Foster, Mr. and Mrs. Curtis Douglas and Rusty Ward.

J. C. Daniels spent yesterday in Amarillo.

Mrs. H. H. Heiskell and daughter, Mrs. Herman Sanchez, and niece, Kay Lard, have returned from Dallas where they accompanied Mr. Sanchez. Mr. Sanchez underwent major surgery at a Dallas hospital, and while he is recovering satisfactorily, will be in the hospital about three weeks.

Dance to the music of Elmer Evans' KLYN Radio Stars, Southern Club, Thurs. night, Dec. 8.

Mr. and Mrs. R. L. Thomas, Denver, were recent visitors in the home of Mr. and Mrs. Ben Ward, 320 N. Banks. Thomas is Mrs. Ward's brother.

Pam Thornton, daughter of Mr. and Mrs. Ken Thornton, is confined to her home with illness.

Mr. and Mrs. Jake W. Winborne, 203 W. Foster, are the parents of a six-pound 14-month son, Tommy Glenn. He was born yesterday at the Pampa Hospital.

Hot Mineral Vapor Baths, Swedish Massage—eliminates poisons, aches and pains. For all kinds of rheumatism. Call 97 at 705 W. Foster.

Mr. and Mrs. Fred L. Thomas, 214 N. Gillespie, have returned from a two-weeks trip through Tennessee and Kentucky. En route home, the Thomases visited Mrs. Thomas' mother, Mrs. Minnie L. Turner, who lives at Sapulpa, Okla.

Bert Arney, 408 N. Frost, returned yesterday from a trip to Hobbs, N. M. He has returned with bicycle accessories for Christmas. Lights, horns, speed

**FILIPINOS**  
(Continued From Page 1)

United States has taken a "soft" attitude toward Japan.

Many of them say the United States is making a big mistake in trying to demote Japan and Germany—people with ungrained subservience to the military.

They strongly criticize the spending of large sums of American money to restore the economy of a trade revival and the waiving or reduction of reparations.

Filipinos say they have no faith in Japan's Constitutional disarmament. They express fear that another powerful Japan will arise.

Nor do they like the idea of Japan becoming the workshop of Asia.

Filipinos want economic self-sufficiency. They say Japanese political power surely would follow trade supremacy in Asia.

Filipinos do not reconcile themselves to waiving reparations for the damage they still see about them daily—damage started Dec. 8, 1941, when Japanese planes began dropping bombs here shortly after Pearl Harbor.

## PLAINTIFF ASKS FOR NON-SUIT

The \$27,500 personal injuries suit brought against the City of Pampa in 1st District Court by D. H. Hilliard and wife, Ethel Hilliard, ended at 7:30 p. m. yesterday when Attorney John Gano, representing the plaintiff, asked for a non-suit.

The motion for non-suit came after the jury sent a note to Judge Lewis M. Goodrich asking if it was necessary for them to answer two questions on the list of special issues regardless of their answers to the preceding ones.

The questions the jury referred to were the amount of money Mrs. Hilliard should receive from the city for injuries she suffered when she fell into a water meter box on E. Browning on Aug. 3, 1948.

Gano took this inquiry as an indication the jury was in favor of the city and asked for the non-suit. The motion was sustained by Judge Goodrich leaving the way open for Gano to refile the case.

Later disclosures showed the jury had found that Mrs. Hilliard was negligent in not keeping a proper lookout while walking toward the street and that the city was not negligent.

The case went to the jury at 4:20 p. m. after two hours of argument by counsel. Testimony ended shortly before noon and the charge read to the jury at 2:45 p. m.

At 3 a. m. today the damage suit brought against Bob McCoy by Walter Love that wound up in a hung jury on Oct. 25 was

reopened and attorneys for both sides began their voir dire examination of the jury panel.

The suit arose out of damages to Love's car when it struck a cow, purportedly owned by McCoy on Highway 60 several months ago.

A few minutes before the Love versus McCoy suit started, the permanent injunction suit against Harry A. Nelson, Johnny Renner and T. M. Bates was dismissed on motion of County Attorney John Stueder.

The suit was a followup of the temporary injunction granted in October against the defendants over the Laketon-Miami road dispute.

After several minutes of side bar conference between A. T. y. a. Walter E. Rogers and John Stueder the trespass and try title suit brought against the county by Elsie Presang Cook was preferentially set for Jan. 9, 1950.

This suit also centers around the Laketon-Miami road dispute, but is not connected with the injunction that was dismissed against Nelson by the county this morning.

Of the estimated 600,000 cases of active tuberculosis in this country, only about half are known to health authorities—the other half are "unknown cases."

## GROVES

(Continued From Page 1)

1. The Russians got some atomic material during the war, but that he doesn't know how many shipments "because we don't know how many leaked through."

2. He found evidence of Russian spying within a month of the time he took charge of the atomic bomb project in 1942.

3. He knows the Lend-Lease Administration was under "pressure" to give the Russians "everything they sought" and that a "great deal of influence" was brought to bear. But he said he did not know who exerted the pressure.

Hopkins was at one time lend-lease administrator. A close friend of President Roosevelt, Hopkins went to Russia to confer with the Soviets on their needs to hold their front against the Germans.

Major Jordan's wartime job was to aid in lend-lease movement of planes to Russia. Great Falls was a main basing point on the air route to Russia via Alaska.

He has told of the Russians taking out suitcase after suitcase load of documents as well as atomic materials. He said some of the documents were State Department papers.

At a news conference today, Secretary of State Acheson said the State Department licensed no exports of atomic materials to Russia without prior approval from the Manhattan Project (the wartime name for the atomic bomb project.) Acheson also said he knew of no State Department documents going to the Russians.

Groves said it was impossible for information to have reached Hopkins from Groves' subordinates without Groves knowing about it.

Then he added: "He could have gotten it from one of those scientists, who as you know, were giving information to Russia."

Groves did not say who he meant by the reference to scientists. The House committee has charged the were Communist cells at some of the wartime atomic laboratories.

The name of former Vice President Henry A. Wallace, has come into the inquiry. Fulton Lewis, Jr., the radio commentator, said Wallace had used his influence to get atomic materials for the Russians. (Lewis is heard over Station KPDN at 6 p. m. Monday through Friday.)

Wallace has denied that and asked the House committee to hear him.

There are approximately a quarter of a million "unknown cases" of tuberculosis in this country—people who are losing their own health and may be spreading the disease to others.

## MAJOR

(Continued From Page 1)

tract other hard and soft coal mine owners.

Anthracite negotiations were resumed yesterday in New York.

The hard coal employers, aware that the heating season is about to hit its peak, would like to work a full week while the market demands last.

Biggest opposition to Lewis was expected to come from the soft coal leaders.

The big operators talked tough. John D. Battle, executive vice president of the National Coal Association, said he would like to see the list of those who had signed with Lewis, adding:

"This is a 30-day contract, I fear, on the part of some people wanting to grab some quick dollars to keep from drowning."

Battle referred to a provision that either party could cancel the two-year contract on 30 days' notice. The new pact would take effect Jan. 1, and would run until Sept. 1, 1951.

# Pete Cooper Repeats As "Fighting Heart Award" Winner

## Guerillas Battle Panthers Tonight

### Southwest Owns Best Bowl Record

NEW YORK — (AP) — The deep South is the incubator of bowl teams but it's the neighboring Southwest, a comparative newcomer to this post-season football feuding, that really gets the work done.

When the Rice Owls meet North Carolina in Dallas' Cotton Bowl Jan. 2 they will be trying to improve upon the best sectional record in the country for bowl play.

The Southwesterners, who hardly batted an eye last weekend when Southern Methodist almost tripped mighty Notre Dame, have won 15 games in the four major bowls while losing ten and tying four.

No other section can match this performance although the deep South and far West have had a lot more chances.

Dixie has sent 47 teams before this year into the four big shows — Cotton, Rose, Sugar and Orange Bowls — and come away with slightly less than a 500 percentage. The South has won 22, lost 23 and tied two.

The Pacific Coast, which gave birth to Pasadena's Rose Bowl in 1902, has been almost as busy down through the years with 40 teams represented. The far West record is 19 victories, 18 defeats and three ties.

The Midwest, allergic to this type of extracurricular activity for years, has a clean 500 record with seven victories and as many defeats.

The Pampa Guerillas, basketball "B" squad, will travel to Panhandle tonight to play the Panthers in a hastily scheduled ballyhoo Game time is about 8 o'clock, immediately following a girls game.

The Panthers, under the tutelage of John Cowan, have just started their basketball season, as have the Guerillas. The Panthers were held up by a fine football team that fought for the district title right down to the final game.

The Guerillas opened their season last Friday night by defeating the Childress B team 33-24. High point man for the Guerillas was 6 foot 4 inch Duane Jeter, who dumped 11 points through the nets. Jimmy Cook was pushing Jeter for scoring honors with 9 counters.

The probable starters for the Guerillas tonight will have Jeter at center, Roy Pool and Jimmy Cook at forwards, and Jimmy Delaney and Tommy Smith at the guards. Other boys who will make the trip are Bobby Setz, J. Smith, Bill McPherson, Tolle Hutchens, Billy Davis, Billy Campbell and Fred Williams.

The Harvesters spent another long day of hard work yesterday getting ready for the return game with the Bobcats at Childress this weekend. The footballers were slowly getting the feel of the hardwoods again and should add considerable strength to the club, at least make it deeper in reserves.

The first five yesterday had Howard, Sutton, Gallimore, Jones, Reno and Allison all sharing the work. Running on the second five were Claunch, Tarpley, Bond, Samples, Kennedy, Wilson, Yoder and Pool.

## Fiery Left Halfback Also Won First Award Last Year

Fiery, hard-hitting 145-pound Pete Cooper captured the second awarding of the Fighting Heart last night at the football banquet.

The aggressive Harvester co-captain thereby repeated his 1948 performance when he also took the trophy by virtue of his fight, spirit and hard work all season long during games and in practice sessions.

The award was made at the annual football banquet, attended by about 400 rabid football fans who had jammed into the Senior High School cafeteria to pay tribute to the 1949 Fighting Harvesters, champions of District 1-AA, their coaches, the Fighting Heart player and to hear the Dean of Southwest Football, Dana X. Bible, speak.

Coach Tom Tipps made the presentation, explaining its significance and the basis of selection used to determine the winner. And his voice choked up as he named the winner, an extremely difficult choice this season but of most fitting one. The shy backfield ace was momentarily stunned by his repeat performance and for several seconds was unable to rise from his seat.

Prior to the presentation of the award, Laura Nell Berry was crowned football queen for 1949 by the Pampa Harvester co-captains, Pete Cooper and Leon Taylor. She was accompanied by Jan Sanders, on the arm of Jimmy Parker, and Vanetta Cowan accompanied by Dale Richardson.

Before the main talk by Coach Bible, several special awards were given. Coach Tipps received an engraved wrist watch, a pen and pencil set and a leather medalion for being "the gloomiest coach in the district from week to week. Coach Aubra Noncater also received a wrist watch. Mrs. Tipps was given the original drawing of the sketch of the coaches, and the autographs of the Harvesters which appeared in The Pampa News last Thursday.

Coach Bible was presented by Clifford Braly, Texas alumnus and T. man.

Coach Bible, in his speech, expressed the importance of football to the High School program and the development of youth. He told of the important parts that every person in the community could lend to making a victorious football team. He related a personal experience he had had with other great coaches and ballplayers.

Coach Bible also congratulated the players and their coaches upon their successful season. He was especially appreciative of the fine award that was given, and its significance. He told of his interest in Randall Clay and Red Mays and the fine calibre of football material that always comes out of the Panhandle area. And getting in a plug for T. U., he expressed a hope that many of these champion Harvesters might come to his school.

The chunky and balding football mentor was then given a silver spear with gold engraved initials as a small memento of his visit to Pampa.

The crowd then adjourned to the auditorium to witness the films of the Texas-Oklahoma football games of the season.

Special guests at the banquet included school officials, visiting coaches and sportswriters.

Dinner music was furnished by Jack Andrews at the organ and special music was offered by the Blackburn - Shaw Quartette, a group of barbershoppers (which doesn't necessarily mean that they cut hair), who sang and capered through three songs, "I Had a Dream," "I Want a Girl" and "Doing the Huckle-buck."

The banquet was presented by the Chamber of Commerce and the Quarterback Club. The football mothers served the meal, and Dr. Orion W. Carter, pastor of the First Methodist Church, gave the invocation.

Mr. Ed Weiss, local businessman who unfortunately is soon leaving Pampa, served as master of ceremonies. Jim Arndt, president of the Quarterback Club introduced the guests, coaches and Harvesters.

Honored guests were Coaches Tom Tipps, Aubra Noncater, Clifton McNeely, Dwayne Lyon, Eustace Friswell, Marvin Bowman and Pernal Scoggins, and the 1949 Harvesters, Carroll Smith, Dick Cook, DeWey Cudney, Bill Epps, Hugh Gracey, Pete Cooper, Elmer Wilson, Carl Kennedy, John Young, Jimmy Hayes, Dale Richardson, Charles Smith, Leon Taylor, G. D. Holmes, Gerald Matthews, Davrence Rice, Jimmy Campbell, James Holt, Wayne Osborne, Dale Gantz, Marvin Harvel, Doyle Doggett, Eddie Scheig, Paul Boswell, Jerry Walker, Robert Braly, Glenn Tarpley, Bob McPherson, Weldon Witcher, Tommy Martin, Tommy Allison, Jimmy Parker, John Nolan, Jimmy Cook, Roy Pool, Harold Smith, Jerry Coley and Tommy Smith.

## Oilers Draft Three Players for '50

PAGE 4 PAMPA NEWS, WEDNESDAY DEC. 7, 1949

## Mad Scramble Ahead in Big Ten Basketball Campaign

CHICAGO — (AP) — With due respect to defending champion Illinois, the 1950 Big Ten basketball race apparently will be as hotly-contested as the recent Conference football chase.

Along with the Illini, Minnesota, Wisconsin, Ohio State and Indiana all are pegged as formidable title contenders.

There is scarcely a coach without a rebuilding job of some size on his hands, although Wisconsin's Bud Foster appears well fixed with nine lettermen including Center Don Reffeldt who led Conference scoring last season with 229 points.

The Badgers, who finished seventh last season, lost only one regular by graduation, Guard Doug Rogers, and have four able prospects for back court duty.

Illinois has seven lettermen returning, but Coach Wally Combes lost brilliant Dike Eddleman, 6-foot, 7-inch Fred Green and Guards Dick Foley and Jim Marks from the title squad which won 10 and lost two in conference play last season. Captain Bill Erickson is the big gun this season, while Wally (Ox) Osterkorn is a 207-pound hustle guy.

Minnesota is missing towering Jim Mc Intyre, but crafty Ossie Cowles still has a superb shot and play-maker in bouncing Jerry Skoog. A 6-foot, 4-inch "shorty" Maynard Johnson, replaces the gangling Mc Intyre at center.

Cowles warns his Conference colleagues that without too much height, his Minnesota team will play to win, even if it means cutting rival sky-scrapers down to size with a zone defense or stalling tactics. Footballers Bud Grant and Jerry Mitchell are important cogs.

Ohio State may prove extremely high-powered with sharp-shooting Dick Schmitz and Bob Donham aided by two promising sophomores, Bob Moore and Dick Wharton. But Coach Tippy Dye figures his Buckeyes may have only one capable sub, Ted Jacobs.

Indiana lacks height, but Branch McCracken has nine lettermen headed by 6-foot, 4-inch Lou Watson. Despite this seasoned array, Sophomore Bob Masters from Lafayette, Ind., home of arch-rival Purdue, may win a George Weiss of the New York Yankees and announced in Baltimore yesterday that the slugging outfielder has been made a free agent.

This means the shy guy with the big arms and the lusty swing can hunt himself a job in baseball if he wants one and it's no never mind to the Yankees. He is 33.

"No plans," said Charley.

The pre-Big Seven Conference basketball tournament at Kansas City is slated for Dec. 27-28-29-30.

## Most WT-NM League Clubs Suffer Big Losses

The Pampa Oilers yesterday drafted three ballplayers in an attempt to strengthen their 1949 team which finished in a tie for fifth place. Owner R. L. Edmondson, representing the Oilers at the annual Minor League meeting, selected a pitcher, an infielder and a utility man. All three are scheduled to report to the Oilers for the start of the 1950 season.

Meanwhile, the Oilers escaped the loss of any athletes in the draft. Many of the rest of the clubs in the league were well cleaned by the clubs of higher classification.

According to Associated Press reports, players drafted yesterday in the Minor League selection meeting included:

**By Class B clubs**  
 Big State League (20)  
 Austin, catcher Rocco Cardinale from Stockton, Calif. of California League; outfielder Stan Bartkowski of Paris of East Texas League; pitcher Ed Santulli of Hutchinson, Kans. of Western Association; catcher Lester Mulcahy from Albuquerque of West Texas-New Mexico League's third baseman Henry Bartolomei from Las Vegas, Nev. of Sunset League; pitcher Manuel Echaverria from Mexicali, Mex. of Sunset League.

Greenville — Outfielder Cliff McClain from Albuquerque of West Texas-New Mexico League; pitcher Charles Courtney from Lafayette, La. of Evangeline League; outfielder Richard Gantokow from Amarillo of West Texas-New Mexico League; pitcher Charles Mink from Natchez, Miss. of Cotton States League; pitcher-first baseman Stan Goletz from Bryan of East Texas League.

Gainesville — Outfielder Stuart Williams (team unknown) and third baseman Paul Halter from Amarillo of West Texas-New Mexico League; pitcher Hugh King from Borger of West Texas-New Mexico League; pitcher Ellis Rossom from Lamesa of West Texas-New Mexico League.

Temple — Third baseman Leonard Attyd from Albuquerque of West Texas-New Mexico League; pitcher Ed Zeldner from Bradford, Pa. of PONY League.

Wichita Falls — Shortstop Frank Dwyer from St. Cloud, Minn. of Northern League; pitcher Ralph Hisey from Eastman, Ga. of Georgia State League.

Waco — Outfielder Milt Lindberg from San Jose, Calif. of California League.

**By Class C clubs**  
 West Texas-New Mexico League  
 Clovis — Second baseman John Schumann from Appleton, Wis., of Wisconsin State League.

Pampa — Pitcher Joe Frucha from Centralia, Ill., of Mississippi-Ohio Valley League, infielder Donald Ricketson from Vidalia-Lyons, Ga., of Georgia State League, and Loran Chafin (position unknown) from Eastman, Ga., of Georgia State League.

Lamesa — Catcher Melvin King from Narrows, Va., of Appalachian League, pitcher Israel Ten from Radford, Va., of Blue Ridge League, and pitcher James Baker from San Angelo of Longhorn League.

Albuquerque — Pitcher William Haynes from Spindale, N. C., of Western Carolina League.

Abilene — Second baseman Charles Young from Ballinger of Longhorn League, outfielder Julian Pressley from Midland of Longhorn League, and outfielder Kenneth Cluley from San Angelo of Longhorn League.

Borger — catcher Kenneth Jones from Midland of Longhorn League.

East Texas League  
 Kilgore — Pitcher James Grimes from Odessa of Longhorn League.  
 Gladewater — Pitcher Williams Treece from Mount Airy, N. C., of Blue Ridge League.

Henderson — Outfielder Louis Ehlinger from Vernon of Longhorn League, outfielder William Akins from Mount Airy, N. C., of Blue Ridge League, and pitcher Vincent Sperranza from Pauls Valley, Okla., of Sooner State League.

## White Deer Bucks to Open Basketball Drills Monday

WHITE DEER — (Special) — The White Deer Bucks will start basketball practice Monday afternoon with about 30 boys expected to be on hand.

The Bucks will be out to defend their title of District 3-B northern champs which they won by a nose last year.

Prospects are bright with six returning lettermen. These include Dale Imel, Douglas Smith, Ronnie Buchanan, Jon Scott, George Eiler and Teddy Harvey. However, Harvey will not participate in basketball this year as a result of an injury received in football 2 weeks ago.

Also, on hand to make Buck fans smile will be Jackie Freeman, Dick Ingram, Floyd Travis, Charles Meadows, Guy Thornburn and Raymond Broome, all from last year's "B" Squad.

Coach Kenneth Gibson, who will handle basketball at White Deer, will meet the above mentioned boys and a host of good Freshman prospects to start what looks like a banner year for basketball at White Deer High School.

## Purple Heart Veteran To Try Texoma Swim

DENISON — (AP) — Roy P. Sutter, Purple Heart veteran of World War II, will attempt to swim a 15-mile course on Lake Texoma, May 14. The Fort Worth long distance swimmer will enter the chilly water at Little Glasses resort at 9 a.m. and expects to wade ashore at Burns Run resort six hours later.

Sutter chose the May date over an April swim because of the warmer water conditions.

The Fort Worth swimmer revealed that his Lake Texoma plunge would be a conditioning swim which he hopes will lead to a new inland lake record. The present record is 21 miles he hopes to set a new mark of 22 miles.

Sutter, a 35-year-old war hero, was wounded in action in Italy. Army doctors told him his swimming days were ended.

The stubborn Texan, however, refused to believe the medicos and he started a conditioning program in 1945. Last year he felt he was ready again.

It's the stadium that gets stuffed.

**King Kong Keller Released by Yankees**  
 FREDERICK Md. — So there goes "Keller" out of the Yankee lineup.  
 "It'll be kind of strange," Charley Keller said.  
 It was after General Manager

Never sweet, never bitter... Always the smack of genuine lagering

Visit St. Louis—there's a lot to see and do here. And visit the Home of Budweiser. See for yourself why Budweiser is one of America's very few true lager beers. True lagering means ageing much, much longer than the 15 to 30 days allotted to ordinary beers. It's your guarantee against green or bitter beer... your guarantee of the ultimate in mellow taste and fragrant bouquet... the very essence of America's costliest barley, southern rice and domestic and imported hops. Seeing is believing... and tasting is testing. Treat yourself to a bottle of Budweiser today. There's nothing like it... absolutely nothing.

# WARREN'S WARMUP

By Warren Hass—News Sports Editor

**QUESTION:** Within five, how many different states have been represented by University of Texas football foes?

**MIGHT I ADD MY CONGRATULATIONS TO THOSE OF ALL OF THE Pampa football fans to Pete Cooper upon his selection as the second winner of the "Fighting Heart Award" made last night at the football banquet. Pete was also the first winner in 1948. And his only way of knowing how to play football, hard and steady, earned him the award again this season.**

Pete was mighty valuable to the squad. He was a steady "four-yard man." Whenever the Harvesters needed one or two yards for a first down or a touchdown it was dynamic little Pete Cooper that got the call.

It was Pete Cooper that tore up four new helmets this season with his vicious tackling and blocking.

And it was Pete Cooper who wanted to run through plays, tackles and blocks day after day at practice until he got them right. This little 145-pounder certainly earned and deserved the honor he won.

A look at the final season's individual statistics show the following in the scoring department:

Player	FAT	TD	Pts.
Cooper	0	10	60
Hayes	0	8	48
Kennedy	0	5	30
Wilson	1	4	28
Allison	0	3	18
Cudney	18	0	108
Carroll Smith	0	1	6
Young	0	1	6
Chas. Smith	0	1	6
Richerson	0	1	6
Witcher	0	1	6

Most points scored in a single game by any one player was 12, Cooper and Kennedy did that twice, and Hayes and Wilson once each. Witcher's two points were made on a safety in the Vernon game, a safety that brought an 8-7 victory.

The final individual rushing statistics look like this, with attempts, net yards gained and average in that order:

Player	Att.	NYG	Ave.
Gracey	5	47	9.4
Hayes	147	974	6.6
Wilson	64	351	5.5
Richerson	17	91	5.3
Chas. Smith	16	85	5.3
Young	7	31	4.4
Cooper	88	336	3.8
Kennedy	78	273	3.5
Cudney	3	5	1.7
Eppe	2	3	1.5
Cook	4	-6	-1.5
Carroll Smith	32	28	-0.8

Hayes was the leading workhorse, and as such averaged almost 90 yards net gain per game. His best night was against Lubbock, when he gained a net of 134 yards, and with more speed could have added greatly to that. The negative marks of Cook and Carroll Smith are due, of course, to the losses suffered while attempting to pass. Hardest worker in a single game was Hayes, who carried 18 times against Plainview.

Carroll Smith, the top quarterback in the district, was also the leading punter on the team. He first took over the job in the Wichita Falls game and since then booted 8 times for a 35-yard average. John Nolan kicked 5

times for a 35-yard mark and Jimmy Parker kicked 14 times and had a 34.2 average. Carl Kennedy punted 7 times for a 27-yard average.

Carroll Smith was also the busiest punt returner, carrying 9 back for 106 yards. Cooper returned 7 for 76 yards. Cook 5 for 49, Wilson 2 for 12, Cudney 2 for 16 and Charley Smith 2 for 27.

Cudney, the kickoff specialist, booted 43 kickoffs for a total of 2183 yards, or an average of 50 yards per kick.

At kickoff returning, Kennedy was the busiest, returning 7 for 124 yards. Carroll Smith returned 6 for 160, Hayes 4 for 52, Wilson 3 for 89, Parker 2 for 13 and Allison 2 for 22.

Carroll Smith did nearly all of the passing. He attempted 85, completing 30, and had 8 intercepted, for a mark of 353. Cook attempted 13, completed 5 and had 2 intercepted. Cudney attempted 4, completed 3. Cooper tried 2 and completed 1. Wilson tried 2 with no completions and 1 interception.

Leading target for the aerials was Tommy Allison, who hauled down 11, good for 242 yards and 3 touchdowns. Parker received 7, good for 105 yards. Cooper snagged 5 for 128, Wilson 5 for 98, Nolan 4 for 62, Hayes 4 for 56 and Martin 3 for 19.

The team record for the eleven games played this season looked like this:

	Pampa	Opp.
First downs	154	119
Net rushing	2272	1228
Net passing	711	853
Fumbles	26	24
Ball lost	14	12
Penalties	38	39
Yards penalized	308	318
Punts	36	54
Points	225	125

The Harvesters, as a team, had several outstanding games. They held North Dallas and Plainview to a single first down each. North Dallas netted only 9 yards on the ground and 19 in the air. Lamesa made but 6 on 47 in the ground, Plainview 20 and Borger 50. Neither North Dallas, Graham nor Plainview made a yard passing.

Against Plainview the Harvesters did not punt once; against North Dallas only once. Biggest day on the ground was 419 yards gained against North Dallas; worst was 112 against Borger. Best day passing was the 190 in the bi-district game.

And there you have the statistics for the 1949 Harvesters, champions of District I-AA.

**ANSWER:** The Texas Longhorns have played teams from 34 different states in football.

## Indians Get Star Hurler

**BALTIMORE — (AP) —** Bill Veck, dynamic ex-president of the Cleveland club is gone but the Indians are still stealing the show from the rest of the major league clubs.

While the others were feinting and fencing but apparently accomplishing nothing in their efforts to swing the first big trade at the minor league convention, the Indians came up with one of the finest pitching prizes in the minors.

He is Hal Saltzman, 24-year-old righthander who won 23 and lost 13 for the Portland club of the Pacific Coast League. General Manager Hank Greenberg of the Indians, who announced the purchase last night, said Saltzman is an undisclosed amount of cash. He estimated the deal represented a \$100,000 purchase.

Apparently taking his cue from the Indians, Frank Lane, general manager of the Chicago White Sox, announced the purchase of outfielder Bob Wilson from Sacramento of the PCL for three unidentified players and cash. That, too, was a \$100,000 investment, according to Lane.

## Perryton Cagers Preparing for Borger Tourney

**PERRYTON — (Special) —** With the Borger tournament just a few days away, the Perryton Ranger basketball team is preparing, with regular workouts, for its first competition.

Coach Floyd Murray announced that there would be no games before the tournament, and the complete schedule has not yet been announced, but the boys will be ready by then.

The Rangers have three of last year's regulars back for another season. They are Earl Olmstead, Sonny Schnell, and Dean Morgan. Others on the team include Juan King, Floyd Pletcher, J. E. Langwell, B. R. Pletcher, and Laurel Lovett. King, Floyd and B. R. Pletcher were substitutes for last year's five.

Tentative schedule for Perryton's games are as follows: Thursday, Dec. 8 — 1:15 p.m. — Price College Thursday, Dec. 8 — 9:30 p.m. — Stratford Friday, Dec. 9 — 2:45 p.m. — Phillips Friday, Dec. 9 — 9:30 p.m. — Borger Saturday, Dec. 10 — 7:00 p.m. — Spearman

Probable starting line-up for the tournament, December 9-10 is as follows: Earl Olmstead and Sonny Schnell, guards; Floyd Pletcher and Dean Morgan, forwards; and John King, center.

## Sports Round-Up

**By HUGH FULLERTON, JR. NEW YORK — (AP) —** Slat GILL, who brought his Oregon State basketball team here to tackle New York U. last night, figures that basketball fans have one weakness — they don't understand the defensive strategy of the game. "In baseball everyone knows the strategy of pulling the infield in for a sacrifice, or the Williams shift," Slat explains. "In basketball the basic defense is one man against one man, but it doesn't work out that way. Someone always is dropping off to double team a player, or you drop your defense back, and the fans don't know what it's all about."

**CORRECTION!** Jim Coleman, the Toronto sports scribe, recently typed this comment: "When a coach is losing, the only people who have any love for him are his family." Dick Irvin, the Montreal "Canadian's" coach, was reacting that line when the postman brought him a note from his son in Regina. It said: "I just read Jimmy Coleman's column and don't be too sure of that part about only the coach's family loving him. Mother is quite proved at you since the club has been losing a few."

## Class B Elevens Close Season This Friday

**(By The Associated Press) —** Eleven games Friday afternoon and night will end the football season for Class B in Texas Schoolboy football.

Each game will determine a regional championship. That's as far as the B-division goes.

The schedule:

- Region 1—Kress vs. Olton at Plainview (day).
- Region 2—Marta vs. Eden at Marfa (day).
- Region 3—Rule vs. Rising Star at Brownwood (night).
- Region 4—Frisco vs. Van Alstyne at Sherman (night).
- Region 5—Lake Worth (Fort Worth) vs. Richardson at Dallas (night).
- Region 6—Brownsboro vs. White Oak (Longview; at Kilgore (night).
- Region 7—Elkhart vs. Academy at Temple (night).
- Region 8—Groveton vs. Tomball at Humbleville (night).
- Region 9—Smithville vs. Granger at Elgin (night).
- Region 10—San Felipe (Del Rio) vs. Fort Lavaca at Del Rio (night).
- Region 11—Taft vs. Benavides at Robstown (night).

## Graziano Looks Bad in Winning

**CLEVELAND — (AP) —** Rocky Graziano once the kayo king of the middleweights, today shrugged off a rusty performance against George (Sonny) Horne and growled:

"You can't knock 'em all out. Some nights you can't knock anybody out."

He won his third straight 10-round decision over Horne last night at the Cleveland News' 24th annual Christmas fund show. But last five rounds.

## Tackle by Sub Is Top Oddity of '49

**NEW YORK — (AP) —** An enthusiastic Washington & Lee sub who made an illegal tackle that wasn't detected for two days furnished the football oddity of the 1949 college football season.

Here's what sports writers and broadcasters voted the most unusual incident of a rather screwy season: Washington & Lee tackle Bob Smith, who had sat on the bench, was walking to the showers in the final seconds of the Virginia game.

End Ed Bessell of Virginia caught a pass and was running across. Smith raced in to drop him inches short of the goal.

But Smith's good work went for nothing. Bessell fumbled over the goal line and a Virginia recovered for a score. Virginia won, 27-7.

The sub's great play came to light when movies of the game were shown the next Monday.

## Hornets Name 3 For Houston Tilt

**CHICAGO — (AP) —** Three Chicago Hornet players Tuesday were selected for the All-America Football Conference's All-Star Game at Houston, Texas, Dec. 17.

Red Strader of the New York Yankees, who will coach the all-stars, picked halfback Bob Hoernschemeyer, center John Rapacz and tackle Nate Johnson from the Hornets. They left for Houston immediately.

The all-stars will meet the winner of next Sunday's title game between the Cleveland Browns and San Francisco Forty-Niners.

He got socked pretty hard in the women's division.

## Little Rock Coach Predicts Big Victory

**PASADENA, Calif. — (AP) —** Coach Jimmy Karam belongs on football's roster of more refreshing characters.

Karam is here to guide his Little Rock Junior College team against Santa Ana, Calif., Jaycee, in the Little Rose Bowl battle Saturday.

"We'll score at least five or six touchdowns," announced Karam. "Santa Ana might make 100 yards against us."

Recently, Karam watched nearby Compton and Tyler, in their game. Compton, he said, would rate third or fourth down in his league.

And Tyler, "good team. . . We only beat 'em by three touchdowns last year," said Mr. Karam.

## Clerk Tops Pin Meet in Chicago

**CHICAGO — (AP) —** William Lillard, 22-year-old Dallas clerk today led 46 bowlers into the semifinal round of the National All-Star Tournament. Lillard posted a score of 4,959 in the 24 game preliminaries.

Lillard was followed by Tony Sparando, veteran New Yorker, who shot 4,936, and Joe Norris, Chicago, who turned in 4,934. Lillard was the only Texan among the leaders.

The semifinalists will roll 12 games today, six in the afternoon and six in the evening.

The final round robin matches open Thursday and continue until Sunday night.

Marion Ladewig, Grand Rapids, Mich., led 12 finalists in the opening round of matches in the women's division.

## Kleiner's Kotnet

By DICK KLEINER  
NEA Staff Correspondent

The San Francisco 49ers of the All-America Conference threatened to strike unless they each got \$500 for playing the Brooklyn-New York Yankees in a play-off. The boys figured there should be a pay-off for a play-off.

They didn't go through with their threat. But from now on, every 49er nuddle will be suspected of being collective bargaining.

Cuban featherweight Miguel Acevedo canceled a fight in St. Paul with Corky Gonzales of Denver because the stars said stay home. Acevedo is a believer in astrology.

The only stars he wants to see are on his horoscope.

Bobo Newsum turned up in Evansville, Ind., refereeing wrestling bouts.

That's natural — wherever Bobo goes, they get out the welcome mat.

## Hart to Receive Heisman Trophy

**NEW YORK — (AP) —** Leon Hart, Notre Dame's all-America end, will receive the Heisman Memorial Trophy tonight as "the outstanding college football player" of the 1949 season.

Doak Walker, Southern Methodist halfback, was last year's winner. He finished third this year behind North Carolina's Charlie (Choo Choo) Justice.

# Uncle Sam Will Settle Lots of Arguments in Texas When He Counts Noses Next Year

**EDITOR'S NOTE:** The 1950 census is expected to show a transformed Texas. This is the first of a series of five reports on a pre-census survey by the Associated Press.

By **TIM PARKER**, Associated Press

Uncle Sam will step in next year and settle a lot of arguments in Texas. He's going to count noses.

The 1950 census workers—enumerators they're called—will also count everything else, from coats to television sets. But in growing Texas cities the big question is: How much have we grown?

Not only how much, but: Has the population doubled since the 1940 census? Has the city edged into the "10,000 and above" bracket? Or maybe into that magic "100,000 and above" bracket, which is supposed to attract industries. Is the old home town, by any chance, the fastest growing city in Texas?

The cities are not waiting until the army of federal bell-boys go to work next April. They get some sort of an answer, most of them are making "educated guesses."

One way is to go back to the 1940 census figures and calculate the proportion of light meters to population. For example, in Marshall in 1940 there were 18,410 persons — and 4.67 light meters per light meter. Multiplying the present number of light meters by 4.67 indicates the fast Texas oil town has grown to 30,882.

"Educated guesses" also can be based on dwelling units. Denton,

figuring 3.5 persons per dwelling unit, believes its population has climbed from 1940's 11,192 to 18,000.

Denton, by the way, is one of several cities which does not plan to put wholehearted trust in the federal census takers. Just to make sure no noses go uncounted, members of a paid committee from the Chamber of Commerce will accompany the official enumerator.

In 1940, the people of Denton recall, such a committee was able to call attention to several citizens who might otherwise have been overlooked.

Water connections also can be used in estimating population. Tyler, figuring 4.6 persons per water connection, calculates it has grown from 28,279 in 1940 to 48,806 in 1949. "Scholastics"—the number of students attending school also are used as a base for estimates.

Such "educated guesses" usually are accepted as fairly accurate, but not always is this so.

Those who don't accept them argue: The number of scholastics varies. A growing city has a larger proportion of young and middle-aged families — such as have children — and fewer retired and elderly residents.

Water connections and light meters are outside as well as inside the city limits. But only the population inside the limits should be counted. And using dwellings as a basis does not take into account housing shortages—and consequent "doubling up" with more than one family in one structure.

This uncertainty results in a wide range of guesses in some cities and emphasizes that "educated guesses" are not authoritative.

At Plainview, for instance, the range was from 14,000 to 18,000. Mart Pool, manager of the Southwestern Public Service Company, made the 18,000 estimate. John W. Scott, manager of the West Texas Gas Company, said 14,000.

Postmaster J. Oliver Bier hazarded 17,000 and Paul Bryan, of the city water system, 15,200. President R. V. Payne of the Chamber of Commerce chose a middle-ground estimate of 15,000.

El Paso also has its disputants. Mayor Dan Duke: "Not over 137,000." City Tax Assessor J. B.

Graves: "149,000 or close to that in the 1950 census." Chamber of Commerce Manager Chris P. Fox: "125,000 to 127,000 with a possibility of 130,000. No more."

But such wide disagreement is the exception. The "educated guesses" are ordinarily accepted for what they are represented to be: The most nearly accurate estimate that can be made without marshaling the Army and spending the millions which Uncle Sam will marshal and spend next year.

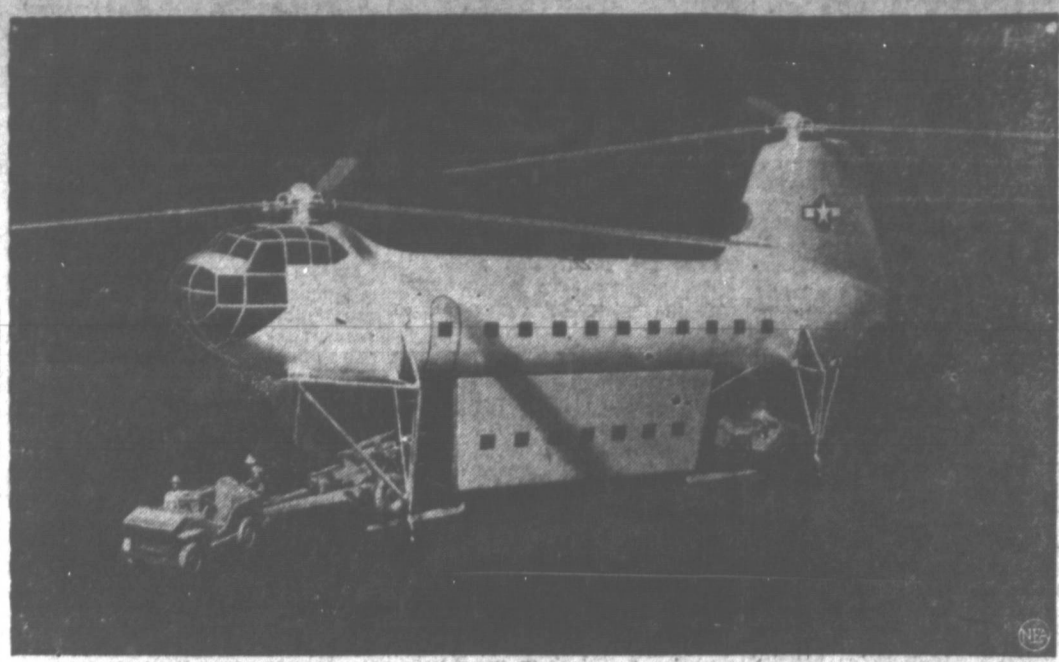

Here is a table showing estimated growth of Texas cities:

City	1940 Census	1949 Estimate
Ahrens	42,000	42,000

## He Was Doing His Part for St. Nick

**SPOKANE — (AP)** — Elmer Thomsen told police he was robbed Friday night but he couldn't describe the loot.

It was neatly wrapped in bundles marked "do not open till Christmas." Thomsen said he hadn't the bundles, Christmas presents, of course, were lifted from his hotel room.

**LONG-RANGE "DELIVERY WAGON" FOR ARMED FORCES**—Pictured above is a scale model of the KH-16 helicopter now being developed for the armed forces by the Flasecki Helicopter Corp., Morton, Pa. The twin-lander rotary model will be the largest rotary-wing craft ever built, and is expected to have the longest range of any helicopter. The large detachable compartments, in combination with the main cabin space, will enable the ship to carry large numbers of troops, litter patients or military supplies. The KH-16 is expected to be completed some time next year.

During World War II, some U. S. military manuals pointed out that men stranded in the wilderness might sometimes get food by catching and eating insects.

In the radio broadcasting trade any daytime dramatic story in serial form is labeled a "soap opera" largely because the original sponsors were soap companies and some still are.

The three greatest fishing grounds in the world are off the coasts of Europe, northeastern North America and northeastern Asia.

## Sweatt Case Goes to High Court Jan. 30

**AUSTIN — (AP)** — Arguments in the Heman Marion Sweatt case before the United States Supreme Court have been postponed from Jan. 3 until the week of Jan. 30, Attorney General Price Daniel's office was notified.

Sweatt, a Houston Negro, seeks to force his admission to the University of Texas Law School through the suit which contests Constitutionality of Texas laws requiring separate but equal schools for white and Negro citizens.

## Licenses Issued to 1,275 Chiropractors

**AUSTIN — (AP)** — Licenses have been issued to 1,275 Texas chiropractors under the new licensing law passed by the last Legislature.

The state Board of Chiropractic Examiners announced that, besides licenses issued, it still has another 400 applications still pending final processing.

More and more "video" is becoming the accepted short term for television just like radio developed from wireless.

## "Here's an ALL-YEAR Gift That Will Please Them All"

**Father, Mother, Sister, Brother: ANY relative or friend will welcome a Christmas Gift Subscription to this newspaper**

**HOME NEWS**—in the welcome form of a year's gift subscription to this newspaper—is a happy and thrifty answer to the question of what to give several relatives and friends on your Holiday list. For such a gift does far more than express your sincere good wishes for a Merry Christmas Day—it provides a whole year's enjoyable reading of the favorite newspaper from "back home."

In the Christmas mail, each person you designate will receive a colorful greeting card announcing your gift subscription. Then, a copy of the newspaper will arrive every day, filled with all the news, pictures, columns, comics and features which everyone will enjoy. Long after other Christmas gifts are forgotten, it will be a daily reminder of your love or friendship.

And, it's so easy for you to order! Just fill out the coupon below and hand it to your carrier-boy next time he collects, or mail it to our Circulation Department.

# The CAMEO

By Virginia Teale

THE STORY: Hagar Blair is in jail charged with murder in which a valuable cameo seems to be a vital clue. Hagar has an alibi for the time of the death of either Marie Foster blackmailer, or Nell O'Neill, one-time owner of the cameo. Hagar's assistant, Stephanie Smith, Nell's niece, meanwhile receives a visit from Andy Yakov who tells her that letters that will clear Hagar, if Stephanie will let him examine the cameo.

XXV

STEPHANIE lowered her eyes. When she looked up, she asked: "Would you allow someone else to be present while you looked at the lock? And will you give me the letters first?"

Yakov smiled wryly. "I will meet your conditions. I suppose you will have Mr. Reddy of the police department as witness?"

Stephanie nodded. "When Yakov got up and walked to the door, he paused with his hand on the knob:

"It is agreed. I will get the letters and bring them to you. We will get this business done tonight." He bowed. "Until later, Miss—Smith!"

Stephanie locked the door behind him, stood there thinking for a few minutes, then walked swiftly to the phone and dialed Charlie Reddy's home number. She waited impatiently for rings then slammed the phone back to its cradle and sank onto a chair.

Presently she strode across her bedroom to an old-fashioned oak desk, the flat top, kneehole type, which stood near the window.

Stephanie reached at the handle which opened the typewriter compartment and the machine rose to a working level. She reached into the hole where the typewriter had been and brought out a small steel box, which she unlocked with a key which had been cached in a hollow of her typewriter.

Inside the case was the silver cameo box. She began to pry at the cushion of the box. When the velvet pad came up, she studied the numbers

engraved in the bottom of the box. The first set, 10 and 4, flashed a message. She remembered Hagar's suggestion about the twelve points resembling a clock dial. She pressed down the fourth and tenth point of the cameo frame. The cameo flipped open to the picture. With trembling hands she pressed the next set of numbers, 8 and 2. Nothing happened. Disappointed she studied the engraving. There was still the numeral 6. Idly she pressed the point on the frame which, on a clock dial, would correspond to 6.

Stephanie almost dropped the locket as the smooth gold back of the cameo snapped open like an old-fashioned watch and a small bit of paper fluttered to the floor!

BREATHLESS with curiosity and apprehension, she stooped and picked it up. Her shaking fingers smoothed the folds open.

A few words of Russian script, precisely printed, met her eyes. Translating, she repeated the words aloud:

"The Cherry Orchard, gold and morocco binding, Dr. Otto Ulrich, St. Petersburg College."

Stephanie shook her head—it was foolish! Why Dr. Ulrich? Any Russian school child would know that Chekov was the author of "The Cherry Orchard!"

She spent almost a half hour considering possibilities: Was this what Andy Yakov was searching for? Was it a code? Was it of such importance that two people had been killed because of it?

And, most important, was Yakov the killer. She must tell Hagar. She made her decision and left the house. After all, she told herself, the town's main street was only a couple of blocks down the hill.

Walking swiftly, her eyes straight ahead on the cheerful lights of town, she did not notice the unnatural swaying and bending of a nearby pepper tree, nor the long,

narrow shadow that materialized several yards behind her. The shadow disappeared and reappeared at intervals, always behind her and gradually lessening the distance.

HEADLIGHTS coming up the hill threw their glare onto her red coat. It roared into a U-turn and came to a stop beside her.

"Going my way?" asked a fine, sturdy voice.

Stephanie laughed in relief. "I am if you are going to the jail."

Charlie Reddy hopped out and held the door open: "Jail's our destination, lady."

As the car glided slowly down the hill, he said: "May I suggest you don't go traipsing around alone and on foot while we still have a murderer at large? We haven't yet discovered any reason why either of the murders have been committed. The cameo seems mixed up in this pretty thoroughly and—while we're in the warnings department—let me direct your attention to its present possessor!"

Stephanie squirmed a bit and told about Yakov's insistence upon seeing the cameo.

"Did he threaten you?"

"Not exactly. But he did call me 'Miss Serenov' with a kind of knowing leer, as though he'd found out something I was hiding. And he told me that he had some papers or letters that would get Hagar out of jail."

"He did! Chief Peters'll have that guy for concealing evidence. Wonder what he's got? Did he say anything more than that?"

"Well, he made a bargain with me. I'm to let him examine the cameo in exchange for the letters." She looked at Reddy thoughtfully for a moment and then added: "But I've found what he's looking for, I think. And yet, I don't understand why it would be important. I want to talk to Hagar about it."

Reddy's eyes were reproachful: "How about me? Can't you trust me with it?"

Stephanie impulsively pressed his arm. "Of course I can. But why not come in with me to see Hagar? Then I can tell you both at the same time."

## FUNNY BUSINESS

BY HERSCHBERGER

"Let's see you wash behind your ears!"

## Right-to-Work Law Is Upheld

WASHINGTON — (AP) — The Supreme Court has upheld an Arkansas "right-to-work" law which makes it a crime to use force or threats to keep a worker from any lawful job.

In another decision, the tribunal ruled 6-2 that the old Wagner Act permitted the firing of workers who tried — despite a closed shop contract — to have their union replaced by a rival labor organization.

The Taft-Hartley Act flatly bans such discharges.

Justice Jackson delivered the 8-0 decision in the Arkansas case, with Justice Douglas taking no part.

The validity of the law was attacked by attorneys for the CIO, on behalf of two Negroes sentenced to a year's imprisonment each because of their activities in a 1945 strike at the North Little Rock plant of the Southern Cotton Oil Company. The day after Christmas four strikers met five non-strikers near the plant. One striker was killed.

PAMPA NEWS, WEDNESDAY DEC. 7, 1949 PAGE 7

## Wedding Almost Upset by Thief Who Stole Rings

SPOKANE — (AP) — A double ring wedding ceremony was almost upset Saturday. A thief stole both rings.

Undaunted, Edwin Flory and his fiancée went out, bought two more and were married on schedule.

Flory told Police Capt. John Kelly the rings were taken from the glove compartment of his car while he and his bride-to-be were in a lunch room. They had been out for a ride talking over wedding plans and left the car to eat shortly after midnight.

Propriety didn't permit them to say how much the rings cost. They didn't say how much the new ones cost, either.

## Liz Taylor Is Learning 'Hard Way'

HOLLYWOOD — (AP) — Elizabeth Taylor is learning that the life of a movie star can be bitter, as well as sweet.

Her education has come in the past few months. Her two "engagements" plus her other romantic disses have made her the target of critical comments by columnists, comedians and commentators. It has been "open season" on Elizabeth Taylor.

"If I had known it would happen like this," said the star's attractive mother, "I never would have let Elizabeth go into pictures. The situation has us so worried that we both are sick about it."

As an example, she cited a column item that Elizabeth was making a nightly spectacle while listening to crooner Vic Damone at the Mocambo.

"Why, she was only at Mocambo three times," Mrs. Taylor explained on the "A Place in the Sun" set. "One night we took her there after the Powell's wedding. Another time she went with friends and once she saw the first show and Vic brought her home by 11:30."

She also mentioned a radio gossip's report, which had the Taylors scurrying to their lawyer. "Why do they have to make up bad things about Elizabeth?" asked her mother. "She is a sweet young girl who wants everyone to love her. She isn't capable of

## Herbert Hoover On New Drive

WASHINGTON — (AP) — Herbert Hoover is coming back to Washington to push along a new drive to reorganize the government as a step toward economy.

The Republican former president will speak next Monday night before the National Reorganization Conference. His theme will be one that some GOP members are voicing as a rallying cry for the 1950 Congressional campaigns — a contention that excess spending and high taxes are threatening the existence of the republic.

Speaking at a non-partisan forum, Hoover is expected to stick to his main topic that widespread savings can be made by reorganization of the government. In New York last week, however, he covered a broader field. He said that the principal danger to the republic lies in the attitude of many groups in the country who think they ought to be fed by the taxpayers instead of making a living for themselves.

This is the sort of thing Senator Taft (R-Ohio) has been talking about in attacks on the "hand-out state" which he says is the Truman administration's aim. Guy G. Gabrielson, the GOP national chairman, varied the phrase by calling it a "poorhouse state."

doing anything that is mean or small." Far from being a night owl, as some have reported, Elizabeth has been allowed to go out only on Saturday night while working.

## Fair Practice Code Promoted

WASHINGTON — (AP) — Some voluntary "codes of fair practice" may come out of broad new study of federal policies in the anti-trust field.

That was one of the major goals set up by Secretary of Commerce Sawyer, in announcing the plans for the study. He listed as others: A reduction of confusion about existing anti-trust laws and clarification for the businessman on what he can and cannot do legally.

Sawyer said: "It is my observation, confirmed by my recent nationwide discussions with business groups, that while most businessmen want to obey the law and try conscientiously to do so, there is much unnecessary confusion at present as to what the law prohibits and what it permits."

President Truman himself endorsed the idea of seeking voluntary action rather than swinging a big stick. The President asked for recommendations to "encourage legal and desirable practices, (and) to discourage and bring about voluntary abandonment of illegal and questionable practices."

# Governors Fight for States At Compact Commission Meet

NEW ORLEANS — (AP) — State conservation of oil and gas as proof that "all wisdom isn't concentrated in Washington."

Governors John W. Boone of Montana, Allan Shivers of Texas and Frank Carlson of Kansas touched their subjects lightly at the first session of the Interstate Oil Compact Commission then plowed into the field of federal control.

"The Compact Commission — a voluntary body of states representatives formed to conserve precious mineral deposits — is selling the idea that we'll do a better job for the people and keep it closer to them than the federal government could ever do," said Shivers.

"We took the initiative to stop waste and exploitation and have proved all the wisdom isn't in Washington," he said.

Shivers spoke in response to a welcoming message from Gov. Earl K. Long of Louisiana.

The Texas Governor announced that his subject was "pressure maintenance and secondary recovery" then grinned broadly, saying, "whenever governors get together there is bound to be a discussion of states rights and federal interference."

Governor Boone got a solid applause when he announced "Montana is a long way from the ocean but I've filed briefs with Texas and Louisiana in their tidal-land fight and I hope they win it right down the line."

Kansas' chief executive, Carlson, who is chairman of the commission, told the delegates, "you as individuals must rely on Congress to use its Constitutional powers to check the executive branch in its fair deal program to subdue the states and nationalize our industries and professions."

"Here in New Orleans," he said, "our aim is to show how much state-regulated recovery of oil has been increased and how waste has been prevented through pressure maintenance and recycling."

# Shale Producing Low-Cost Fuel

WASHINGTON — (AP) — The Bureau of Mines is setting new low-cost records in the experimental mining of oil shale near Rifle, Colo.

The production cost now ranges from \$2 to \$2.50 for a barrel of crude shale oil, comparable to the cost of natural petroleum, the bureau said.

However, the shale oil requires somewhat more complicated refining, to remove sulphur and nitrogen compounds not present in natural crude oil.

# Elk City Well Tops Sooner Completions

TULSA — (AP) — A 1,200-barrel producer, the first in that class for several months, sparked Oklahoma oil drilling reports last week.

Wilcox Oil Co.'s No. 2 Walker — C SW NW of 24-10-21w in the Elk City field of Beckham County — was completed at that daily flow through choke from 10,100 feet.

Completions were up slightly from 87 to 92 with 56 oilers, seven gasers and 29 dry holes, the Tulsa World reported.

Statistics included a daily production average of 6,941 barrels of crude and 47,049 cubic feet of gas. Drills went down an aggregate 220,398 feet.

Exploration dropped from 112 to 94 starts in 24 counties, Stephens County leading with 18 new locations.

# Coming Congressional Session Is Said Important for Oilmen

By CHARLES HASLET  
 WASHINGTON — (AP) — The 1950 session of Congress may be an important one to the country's oil industry.

Controversial proposals are pending or in prospect which would affect both independent operators and major companies.

Industry representatives are getting ready to air their views before congressional committees.

# Production's Rising Trend Is Stopped

TULSA — (AP) — A ten-week upward trend in the nation's crude oil production ended last week when the daily average dropped 103,850 barrels, the Oil and Gas Journal reported.

The slump lowered the total daily average to 5,060,250 barrels.

Most of the decline was the result of a drop in Texas production, which fell 82,900 barrels to 2,066,525 barrels.

Other major losses were Oklahoma, down 9,750 barrels to 416,750; the Eastern Area, 3,500 to 54,200; and Mississippi, 1,250 to 96,000.

Arkansas dropped 250 to 73,650, and New Mexico was down 475 to 132,425.

Four states showed gains—Kansas, up 4,000 barrels to 294,200; Louisiana, 3,850 to 533,850; Wyoming, 2,150 to 138,050, and Nebraska, 150 to 1,300.

# Suit Called on Estate Accounting

**Mrs. Dan Rees Feted at Open House In Celebration of Ninetieth Birthday**

**Four Members Initiated by Rainbow Girls**

MIAMI — (Special) — Mrs. C. T. Locke held open house Sunday afternoon, honoring her mother, Mrs. Dan Rees, on her ninetieth birthday. Mrs. Locke was assisted in greeting the guests by her husband, and her sisters, Mrs. Flake George of Shamrock and Mrs. G. B. Mathers, Canadian.

The entertaining rooms were gay with cut flowers presented by the honoree's friends. After the guests were registered they were received by Mrs. Rees, who wore a purple crepe dress, given her by her daughter, Mrs. Mathers, and an orchid corsage, the gift of Mrs. R. G. Schwartz, of Colorado Springs, Colo.

A color scheme of gold and orchid was carried out in the dining room. The table, laid with a handmade, cutwork banquet cloth, was centered with a bouquet of gold roses and orchid pompons in a crystal bowl. Gold punch was poured by Mrs. George. The birthday cake, served by Mrs. Mathers, was decorated with gold and orchid roses and topped with a large gold-colored harp, as the theme of Mrs. Rees' life has been her music.

The little white-haired non-agenarian who came to America, fifty-three years ago from her native England, to become the bride of a pioneer preacher, has lived in Miami thirty-seven years. She came with her husband and family when he was called to the pastorate of the First Baptist Church, here.

She taught piano, voice and a number of stringed instruments, until she was past 75. She gave freely of her service in the school, the church and the community, directing orchestras, choruses and quartets, as the need arose. For years, she was pianist for the Miami Order of Eastern Star.

Alert and active, both mentally and physically, one would never take her to be the oldest resident of Roberts County. She attends church and Sunday School regularly. She was honored Sunday morning in the service at the Baptist Church when the pastor, Dwight L. Baker, presented her with a blooming plant after a tribute to her influence and faithfulness as a Christian.

Ninety-four guests called during the afternoon to make a success of the occasion which Mrs. Rees said was her first birthday party. Out-of-town guests present were: Miss Madeline Leith, Judge and Mrs. W. R. Ewing, Mr. and Mrs. Claud McLaughlin, Mr. and Mrs. C. P. Fursley, Mrs. J. P. Osborne, and Mr. and Mrs. John T. Locke and family of Pampa; Mrs. L. A. Maddox, Jr., Pantex; Mrs. Fred Cook, Aransas Pass.

Mr. and Mrs. E. Sides, Borger; Mr. and Mrs. Ellis Wells, Mr. and Mrs. J. W. Wells, White Deer; Mr. and Mrs. Flake George, Shamrock.

Mr. and Mrs. Ed Little, Mr. and Mrs. Taft Holloway, Mrs. Preston Hulton, Mrs. Velma Tepe Carver, Miss Vera Tepe, Mrs. Wiley Wright, Mr. and Mrs. Cap Kelley, Mr. and Mrs. J. O. Wells, Mrs. Ivan Conklin, Mr. and Mrs. J. W. Voyles, Miss Mary Evelyn Jones, Mr. and Mrs. Bill Mathers and daughter, Ben Mathers, and Mr. and Mrs. G. B. Mathers, Canadian.

Faith is a gift of God which man can neither give nor take away by promise of rewards or menaces of torture.

Giraffe: 5058

Mary's Little Lamb: 5006

Christmas time is toy-time and stuffed dolls and animals, like those this girl is making are easy to cut to a pattern and sew up from remnants of felt, fabric and yarn. Other dolls are crocheted or wear knitted costumes of dresses and caps or Santa suits that charm children. Close-ups of unusual designs for Christmas give pattern numbers of toys.

**WE, THE WOMEN**

BY RUTH MILLETT

VEA Staff Writer

"I hate to be indebted to anyone," I recently heard a woman remark.

Most of us share her attitude. But is it a good one?

Don't we handicap ourselves in making and keeping lasting friends by our determination never to be indebted to anyone? Mrs. Smith has the Joneses to dinner. And Mrs. Jones can't rest until she has had the Smiths to dinner. She is indebted to them and she doesn't like it.

So, instead of regarding the Smiths as persons who have been hospitable and whom she plans to entertain when it is convenient, she starts in thinking of the Smiths as a couple to whom she is indebted. They are so regarded until she has them back and discharges her obligation, whereupon she draws a sigh of relief and remarks to Mr. Jones: "Well, now I've got that off my mind."

It's the same thing when a friend does us a favor. We can't accept it graciously as a favor and feel grateful for it.

No, indeed. We've got to pay it back right away. So we rush down and buy a gift for the friend and tell ourselves we've paid our debt.

There's something fundamentally wrong with this fear, we have of being indebted to anyone.

It puts friendship on a business basis. It keeps us from ever letting another person have a life happy feeling that he has done something for us.

How can a person feel good after doing a friend a favor if we insist on turning right around and paying that person back, turning his gesture of friendliness into a business transaction? If a friend gives you a helping hand, it's a lot friendlier to wait until you can lend him a helping hand than to run right out and try to pay him back immediately so that you needn't feel grateful to him for his help.

**BISCUIT TRICK**

This is a biscuit trick, says the Woman's Home Companion, that is worth repeating. Roll out standard biscuit dough very thin; after cutting out biscuits dip them in beaten egg mixed with a little milk, then in sugar. Bake as usual. These are right for tea and to use in making dessert shortcake.

**The Social Calendar**

Hopkins P-TA will meet at 8 p. m. Thursday in the Hopkins Community Hall. Guest speaker will be the Rev. George York of Panhandle.

**'Let Hair Grow'**

Say Music Masters

MANCHESTER, England — Sir John Barbitroll, conductor of the Halle Orchestra, is out to make musical long-hairs out of the boppy-soxers. He and Kenneth Crickmore of the Halle Society disclosed they plan to visit youth clubs and contrast jazz with classical music. Said Crickmore:

"So that we can meet the young people on their own ground both Sir John and I have been studying the history of jazz from Dixieland to bebop. We never deary jazz, as some music teachers do. All we say is that youngsters keen on jazz should also be capable of liking the classics."

This new curl gadget, with comb-like ends turns out perfect sculpture curls in front or back of the head.

**STRANGE CUSTOM**

The low-born Tibetan, on meeting a superior, does not touch his cap in the English fashion. He takes off his hat, holds it in both hands, slightly inclines his head forward and sticks out his tongue, at the same time making a slight sucking noise.

**Baptist Circles Meet for Study, Luncheons**

Mrs. C. R. Spence was hostess to the Geneva Wilson SMU Circle of the First Baptist Church when members met for a luncheon, quilting and a program on stewardship.

Mrs. J. H. Tucker gave the invocation, and in the afternoon a short business meeting was conducted by Mrs. O. A. Davis. The group voted to hold the Christmas social after the third Wednesday meeting.

"God's Financial Plan" was the theme of the stewardship program, presented by Mrs. V. Dowell. In opening, Scripture was read by Mrs. Bryan Buck, after which the group sang the Doxology and a prayer was offered by Mrs. O. A. Davis.

Others assisting with the program were Mrs. Kenneth Cook, Mrs. Sidney Largin and Mrs. Jerry Lovingood. There were three visitors, Mrs. Bryan Buck, Mrs. Sidney Largin and Mrs. Kenneth Cook. Others attending were Mrs. C. E. Humphries, Mrs. W. H. Lewis and Mrs. T. V. Lane.

The Lena Lair WMU Circle met Wednesday afternoon in the home of Mrs. L. H. Green. In opening a prayer was offered by Mrs. Charlie Miller. Mrs. C. L. McKenney led a current events program with each member taking part in the discussion. The closing prayer was given by Mrs. Green.

Others present were Mrs. A. A. Day, Mrs. E. C. Barrett, Mrs. Lawrence Barrett, Mrs. J. W. Ward, Mrs. Reuben Hilton and Mrs. J. W. Graham, Jr.

The home of Mrs. Jennie Keeney was the meeting place for the Eunice Leach Circle Wednesday afternoon or Bible study and visitation.

Mrs. R. W. Tucker opened the meeting with prayer and also taught the Bible lesson from Psalms. The meeting was dismissed with prayer by Mrs. D. M. Sciafer. There were five members present.

The Eloise Cauthen Circle met for a covered dish luncheon in the home of Mrs. George Vine-

yard. The invocation was given by Mrs. Douglas Carver. Four guests were present — Mrs. Clifford Gibson, Mrs. A. B. McPherson, Mrs. Carver and Mrs. R. L. Edmondson. Members attending were Mrs. E. L. Anderson, Mrs. I. E. Byars, Mrs. T. L. Byars, Mrs. Tom Duvall, Mrs. Herschel Hammonds, Mrs. A. H. Griffin, Mrs. Owen Johnson, Mrs. Roy Lewis, Mrs. G. R. Riggs, Mrs. C. A. Scott, Mrs. C. R. White, Mrs. J. A. Stevens and Mrs. Vineyard.

There are no railroads in Afghanistan.

'S no wonder they're popular!

## Read Good Big Sunday Paper To Slim Down

By HAL BOYLE

NEW YORK — (AP) — If you are trying to lose weight, don't overlook reading a good big Sunday newspaper.

This is the cheapest and best form of exercise available to modern man.

It not only tones your mind, it takes away sloppiness and replaces it with firm, solid muscle. Lifting barbells can be dangerous. If one slips and falls it can bury your toes an inch deep in the flooring. Tennis, handball, and bowling are sometimes too strenuous for the middle-age frame. And they are forms of exercise that require taking a journey.

For the home-loving man who wants to keep fit, however, nothing beats reading a king-size Sunday newspaper. It'll tune you up like a tiger, and you'll wake up Monday morning refreshed and eager for the week's work.

I learned this lesson some 13 years ago. I was feeling weak and run-down. Anything that required

energy was anathema.

It chanced that I complained of this lassitude to an elderly acquaintance I met in the New York Public Library.

"Feel my muscles," he said, curling his arm. I did. They were like coiled springs.

"Now feel my stomach." It was like a brick wall.

"How do you keep in such fine shape at your age?" I inquired.

"Very simple. I read all the Sunday newspapers. That is the finest kind of workout for the muscles."

Then he gave a list of exercises and cautioned: "Don't overdo it by trying to lift the paper all at once."

This was unnecessary advice. When I tried to bring in the newspapers the following Sunday, I found I couldn't budge them. I tied a rope around them and dragged them in — with the help of my wife.

At first I could only lift one section at a time. As my biceps thickened I found I could muscle a tabloid paper overhead with one hand. Still working with tabloids I started building up my stomach muscles. My wife, Frances, would pile section after section on my abdomen. At the end of a year I could lie there and take the whole weight of a new Sunday New York Times on my tensed stomach — and still breathe.

Two years after I began this systematic exercise I had slimmed

## Lindbergh to Receive Award

WASHINGTON — (AP) — Charles A. Lindbergh will get an award this month for "significant public service of enduring value to aviation in the United States."

The National Aeronautics Association said Lindbergh will get the Wright-Brothers Memorial Trophy at a dinner Dec. 17 sponsored by the Aero Club of Washington.

He was picked for the honor by a group of aviation leaders who listed his achievements from the time he crossed the Atlantic through his service to the Air Force in World War II, and up to his present secret activity as a special consultant to the Air Force chief of staff.

**SUCCUMBS IN BLAZE**

FLORESVILLE, Texas — (AP) — Consuela Martinez, 55, died late yesterday in a fire which burned down her home here.

**EXTENSION CENTER**

DALLAS — (AP) — The Texas State University for Negroes in Houston has opened an extension center here where college graduates can gain credit toward a Master of Arts Degree.

down 20 pounds and could hold a Sunday newspaper overhead in each hand.

## Business in Middle Again

NEW YORK — (AP) — Business is in the middle again. Businessmen all over the country feel the pull of both inflation and deflation, forces that appear closely matched just now.

Winter resort owners in Tucson, Arizona, are asking if inflation is in the cards — meaning easy and plentiful money back East, and more customers for winter resorts.

A secretary in San Francisco asks if inflation is on the way back — meaning rising prices for the things she buys, while her own pay rises much more slowly, if at all.

It may be spring before we know: Whether we're headed for another boom; whether we're in for a sharper bust than last spring; or whether we somehow or other have achieved the unexpected — an almost painless retreat from postwar inflation to a lower but still prosperous plateau of business activity.

Perhaps more persons think that inflation is the stronger force just now. They cite the pickup in orders which revived backlogs in such industries as paperboard, shoes and textiles. They list the rise in prices, here and there — such as, tires up seven percent in a month, Du Pont's four percent hike in rayon viscose yarn over the weekend, and coffee prices bumping the sky.

Supporting the view that inflation is coming is the quick

## Pre-Natal Care Very Important

AUSTIN — Good pre-natal care is extremely important to the health of both the expectant mother and child, says State Health Officer George W. Cox.

"Medical attention and examination early in pregnancy will prevent many difficulties of pregnancy and infections of the unborn child," Dr. Cox said. "Among these is congenital syphilis," he said, "which is entirely preventable, and is found to occur in about eighty percent of cases in which a mother infected with syphilis was not treated before the birth of her baby."

Deaths from syphilis among infants is on the decline in Texas, statistics from the Health Department's Bureau of Vital Statistics reveal. In 1938, deaths under one year of age because of syphilis totaled 152 per 1,000 live births. Last year, syphilis deaths for the same age group were .208 per 1,000 live births.

However, Dr. Cox pointed out, many children, actually born with syphilis show no visible symptoms of the disease until later in life. "Untreated syphilis in the child can cause much suffering in later life," Dr. Cox stated.

## Soil Conservation Area to Be Formed

TEMPLE — (AP) — The State Soil Conservation Board will probably set election dates for the formation of a soil conservation district in five West Texas counties at its Jan. 12-13 meeting in Galveston.

V. C. Marshall, executive director of the board, made the statement. He said the counties which have petitioned for formation of the district are Potter, Hutchinson, Roberts, Reagan and Irion.

## Communism Plays Too Large Part

NEW YORK — (AP) — Americans are paying too much attention to communism, says Secretary of Commerce Charles Sawyer.

"The true liberal will stop worrying about communism and spend his time working to strengthen our own institutions," he told the Public Relations Society of America at its second annual dinner.

**Q**—What are seismic sea waves?

**A**—Seismic sea waves are commonly known as tidal waves resulting from undersea earthquakes. They may attain speeds of more than 400 miles per hour and cause terrific damage when they roll up unexpectedly on the shoreline.

**Q**—Is it hot enough on Mercury to melt the metals which we have on earth?

**A**—A figure of about 650 degrees above zero Fahrenheit is given for the bright side. If that is correct, the bright side is hot enough to melt a few metals which we know. That temperature would be hot enough to melt tin, also lead. It would not, however, melt gold or silver or iron.

Oleomargarine, soap, machine oil, vitamin pills and lipstick all can be made from whale oil.

# The Story of the Savior . . . . by William E. Gilroy, DD

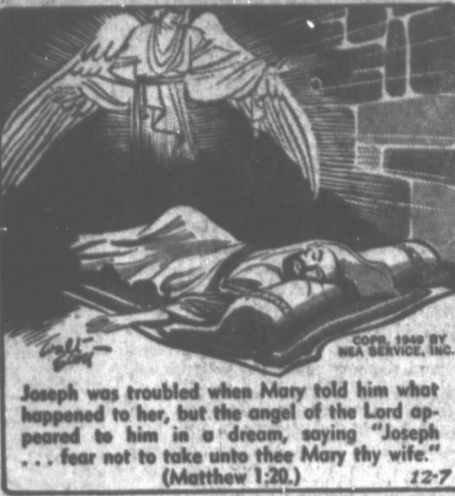

After the angel's visit, Mary "went into the hill country with haste" to visit her cousin Elizabeth and tell her what had happened. (Luke 1:39.)

She saluted Elizabeth, who said, "Blessed art thou among women . . . and whence is this to me, that the mother of my Lord should come to me?" (Luke 1:40, 42, 43.)

Mary remained about three months before returning home. At this time a son was born to Elizabeth and Zacharias. They named him John. He became known as John the Baptist.

Joseph was troubled when Mary told him what happened to her, but the angel of the Lord appeared to him in a dream, saying "Joseph . . . fear not to take unto thee Mary thy wife." (Matthew 1:20.)

## Turkey Market Hits 'Very Firm Tone'

FORT WORTH — (AP) — The Christmas turkey market has hit a "very firm tone."

This is the word of the U.S. Department of Agriculture.

The department said the market is so firm that it is releasing for sale some of the turkeys it bought before Thanksgiving.

giving in a price support move. A good demand and a limited supply of good birds were believed responsible for the firm market.

Wholesale prices on the Fort Worth market ranged from 36 cents to 38 cents for No. 1 young hens and 28 cents to 29 cents for smaller turkeys.

The price for old toms ranged from 17 cents to 22 cents.

## Murder Charges Are Filed in Hammer Slaying

HOPKINSVILLE, Ky. — (AP) — Murder charges were filed here late Sunday against Franklin Thomas Slay of Griffin, Ind., in connection with the hammer slaying of 16-year-old Mary Ellen Harmon, Evansville, Ind.

Christian County Attorney W. E. Rogers said the murder warrant was turned over to state police and was to be served on Slay at Evansville.

Slay, a 22-year-old law student at Florida State University, is being held at Evansville, where he confessed the slaying of his Evansville High School sweetheart who he said had entreated: "Let's die in each other's arms."

## Rumor Chief Cause For Coffee Shortage

WASHINGTON — (AP) — Unfounded rumors of drought in Brazil got part of the blame for sky-rocketing coffee prices.

Countering coffee drought shortage reports with U.S. crop estimates, a government expert agreed with investigators for a Senate Agriculture Subcommittee that sharp price jumps are largely the result of rumor rather than fact.

Brazil, he told the Senate group, is expected to have a larger crop of coffee beans for export next year than it did this year when export was larger than last year.

## Truman Slates New Assault On Medicine

WASHINGTON — (AP) — Dr. Ernest E. Irons, president of the American Medical Association, said the Truman administration is getting set for a "renewed assault on medicine and free enterprise."

He told the association the administration is "sending a bureaucratic mission to Europe at the taxpayer's expense to search for new destruction ammunition."

AMA officials said Irons was referring to a trip that Federal Security Administrator Oscar E. Ewing and several aides are making to Europe to study national health plans in England and elsewhere.

In announcing plans for the trip, Ewing said it was intended to get information to carry on a full-fledged drive for passage of President Truman's compulsory health insurance plan in the next session of Congress.

The AMA is fighting the President's proposals, which Irons denounced as "socialized medicine." The group is considering a move to collect more funds from doctors to carry on its campaign.

Under the AMA's plan to raise

more money for the fight against the body of the AMA, the President's health plan must be on a passport for the nation's doctors. . . . The House of Delegates, policy . . . .

The body of pretty Mary Ellen, five months pregnant, was found beneath leaves and bushes in a deep sinkhole near Hopkinsville.

Evansville authorities came to Hopkinsville and were joined by Kentucky State Police.

Slay drew a map so accurate that searchers went directly to the spot where the body of the girl had lain since her head was split open on the afternoon of Nov. 28.

Although the death rate from tuberculosis is declining, the disease kills nearly 1,000 persons a week and it is estimated there are 600,000 persons in this country with active tuberculosis.

### Gives Dividends Texas-Pacific

DALLAS — (AP) — Directors of the Texas and Pacific Railroad have approved preferred and common stock dividends of one and one-fourth percent, and \$1, respectively. The dividends are payable Dec. 28 to stockholders of record Dec. 19. W. G. Vollmer, T&P president, said. The directors also authorized further retirement of steam motive power to make way for

### Have Pity for the Poor Argentines

BUENOS AIRES — (AP) — Suffering from chills? Pity the poor Argentines. Forty of them were treated here for sunstroke Monday. It was hot for December in the Argentine capital, even though summertime has started. Temperatures got up to 100.76 degrees Fahrenheit. diesels. Thirty steam locomotives designated for re-sale or scrapping, making a total of 71 engines retired since last May. Twenty-three of the 30 were big freight engines.

### Texas Sends Christian Carloads of Commodities to Needy Refugees

TEXAS CHRISTIAN CHARITY OVERSEAS CARGO—Given thru CROP for the needy overseas are fifteen carloads of food and fabric commodities which comprise the first section of Texas Friendship Food and Fiber Train of the Christian Rural Overseas Program. Symbolic of the actual railroad cars now moving to port is the miniature train being shown by Miss Margaret Fay Snowden, office secretary of the Texas State CROP Office in Taylor. Other sections of the train filled with the farm products of Texas are expected to move around the middle of December.

### Western Powers Are Accused

FRANKFURT, Germany — (AP) — The West German press accused the Western powers of trying to revive German militarism with a "cannon fodder" army. The newspapers claimed the West wants an army of German "mercenaries" as a bulwark against the Russians. Although Western allied officials have announced publicly there are no present plans for rebuilding a German army, persistent reports have circulated that Western military leaders favor such a step. A spokesman for West German Chancellor (premier) Konrad Adenauer said the Bonn government would agree under certain circumstances to form an army. But the spokesman declared the West German republic was not taking the initiative in proposing such a military move. The spokesman said Adenauer was "fundamentally" against German rearmament because she needs her whole power for civilian reconstruction. He added that if the Western allies insisted, however, Western Germany would be willing to raise an army—equipped by the United States—to serve as a part of a European army command, a combined European

### Job Situation Is Looking Up Across Nation

WASHINGTON — (AP) — The job situation appeared to be looking up in November — even before the lift that the Christmas sales season usually gives to employment. New figures from the Census Bureau were welcomed by Secretary of Commerce Sawyer as showing that "the job picture in November was perhaps more favorable than at any previous time this year." The figures, released by Sawyer, showed in brief: 60,964,000 Americans, counting 1,436,000 in the armed forces, had jobs good for one hour a week or more in November, even if some of them weren't actually working because of illness. Unemployment dropped 187,000 in November of a total of 3,408,000, although it was fairly near double the 1,531,000 total of boomtime November, 1948.

### Service Officers Attend School

DALLAS — (AP) — The Veterans County Service Officers Association of Texas has adopted a resolution asking higher qualifications for service officers. The association held its second annual meeting here Monday. It strikes, vacations, etc. The \$9,518,000 civilian jobs in November represented a gain of \$17,000 over October, although the total was \$75,000 below November, 1948, when the boom was at its peak. Furthermore, non-farm employment, up \$80,000 in November to a \$1,540,000 total, was "back to the 1949 high recorded in the late summer months," the Census Bureau said. It added that November "recovered the losses" caused by the October steel and coal strikes. Unemployment dropped 187,000 in November of a total of 3,408,000, although it was fairly near double the 1,531,000 total of boomtime November, 1948.

will begin a school conducted by the Texas Veterans Affairs Commission. The county service officers, whose posts were created by the 48th Legislature, work in cooperation with the Veterans Affairs Commission, the American Legion, the Veterans of Foreign Wars, the Disabled American Veterans, the Amvets and the Red Cross. Rhea Smith of Amarillo was elected president of the association. Jess Cavness of Houston was vice president, Walter Grubbs of Colorado City secretary, and Kirby Vance of Taylor, judge advocate. Harry McCain of Plainview was re-elected treasurer. Directors elected were James Bryant of Lubbock, Ralph Conally of Kilgore, Jordan Wilson of Freeport, Dwight Ayers of Raymondville, and Lloyd Hood of Bastrop. The 1949 Christmas Seal, designed by Herbert Meyers, young art student of Leonia, N. J., won first prize in a contest sponsored by the Society of Illustrators in art schools throughout the country.

### Children Need More Teaching, Says Director

AUSTIN — (AP) — An authority on training mentally defective children said here he found children in state schools "starved to death for training." J. Thomas McIntire, director of the Arizona Children's Colony at Phoenix, Ariz., reported to State Hospital Board Director Moyne Kelly that the condition results from shortage of personnel at the institutions. He visited the Austin State School, Mexia State School and the Abilene State Hospital and School. His survey was one of a number requested by the board in its program to improve conditions at eleemosynary institutions. Kelly said a Dec. 19 meeting of the board would be postponed until early in January because written reports of the surveys would not be available until late in December or early next month. McIntire also reported a shortage of recreation facilities and day rooms in all three of the institutions he visited.

### Army Recognizes Leaders of Guard

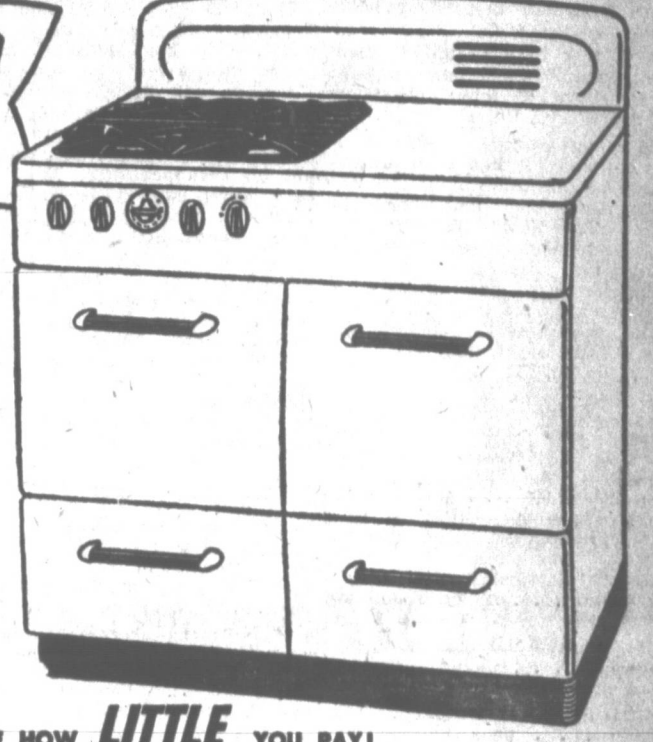

WASHINGTON — (AP) — Two Texas National Guard leaders have been federally recognized as major generals, the Army announced. The officers are Maj. Gen. H. Miller Ainsworth, Luling, commanding general of the 36th Infantry Division Texas National Guard and Maj. Gen. Albert S. Johnson, Dallas, commanding general of the 49th Armored Division, Texas National Guard. An Army spokesman said the generals are nominated by state guard organizations, and, if they met standards of training and physical qualifications, are approved by the Army. All schools studied were very overcrowded, he said. McIntire said he found all institutions clean, the food good, and care of the children good. He said he found "astoundingly few" trained people on the staffs but found many employees who wanted to learn and would take all training offered them.

# Legion, U.S. Chamber Show Way to Anti-Red Aggression

(EDITOR'S NOTE: In this, the ninth in a series, Peter Edson, NEA Washington correspondent who is reading in The News, further sets forth the fight of the United States against communism, which for 30 years has sought a foothold in this nation.)

IT IS NOT POSSIBLE, in the compass of this article, to detail all that has been done by civic and patriotic organizations in the war with communism. But the two leaders — the American Legion and the U. S. Chamber of Commerce — will serve as examples of effective action, which in some cases has forced the government itself to be more aggressive.

The American Legion was one of the first to strike back at the Bolsheviks. That was in 1919, when its convention petitioned President Wilson to give the Department of Justice sufficient authority to combat any anti-American forces.

Nor did the legion stop there. It set up a National Americanism Commission for continuous educational action to hold down any anti-American trends. This program has gone forward for 30 years in the legion posts of most important cities and many small towns, and has unquestionably paid off.

One of the most striking demonstrations of the use of a technique the communists think they originated is in the observance of May 1 as "Americanism Day." It was originated in 1946 by another patriotic group—the VFW—and the legion has moved in to help. The parades on Fifth Avenue on this day have consistently drawn 50,000 to 75,000 marchers, while the communists, observing "May Day" over on Eighth Avenue, have seldom drawn so many as 20,000.

In 1935 the legion began sending out a monthly bulletin on Communist activity schools. This periodical was expanded into a general news letter, containing information on all phases of communism. One of its important columns is a tabulation of propaganda priorities, showing what the Daily Worker and other organs are plugging, thus keeping up with the current party line.

Since 1937, the legion has held national seminars, attended by selected members from posts throughout the country. The seminars are largely devoted to lectures and discussions on Communist philosophies and tactics. In addition, almost 50,000 copies of two legion leaflets, "How to Combat Communism" and "How to Spot a Communist," have been distributed to posts and individuals.

The legion believes that its 17,000 posts should translate into 17,000 well-informed anti-Communist listening posts, and has geared its entire publication and educational machine to this end.

The legion's latest move is to call for a national conference to wage war on communism. National Commander George N. Craig has invited 38 national organizations to send representatives to a January meeting in New York or Chicago. Church, labor, fraternal, civic, farm, women's, service and other veterans' organizations have been invited. The aim is to enlist ultimately, 100 or more organizations in a united front to support American ideals and Constitutional government.

The United States Chamber of Commerce is a Johnny-come-lately, compared to the legion. But it now has one of the most knowledgeable anti-Communist bureaus in the country.

Eric Johnston, now head of the old Hays Office, made a trip to Russia when he was president of the chamber during the war. He saw Stalin and came home all hopped up about the Soviet and its wartime achievements. He persuaded the chamber that the U. S. would have to learn to live with Russia in a peaceful world and succeeded in setting up a staff that could advise the businessman on communism.

Dr. Emerson Schmidt, chamber economist, headed the new bureau. One of his staff was a Russian, whose name has not been divulged for his own protection. He startled Dr. Schmidt with his uncannily accurate predictions of

## Better Health or Better Bombs —Field of Science Studies Each

Washington — (AP) — To find various ways of making life long and better and short and awful, the government is spending almost \$1.2 billion this year on scientific research.

The work ranges all the way from work on cancer and heart and synthetic rubber to atomic energy for better bombs and weapons for the Army, Navy and Air Force.

The military forces are getting more than half the money being spent on research.

In a talk to a group of scientists, John R. Steelman, assistant to President Truman, told some of the story. He said:

"The importance of science to our national life has been dramatized for all Americans by the atom bomb and the tremendous potentialities of atomic power, but on a thousand less publicized fronts the researcher and the technician are working together in the search for truth."

The government's budget for scientific research this year totals \$1,200,000,000. It breaks down this way:

- Atomic energy \$320,000,000 . . . includes benefits to medicine and other fields, besides the bomb.
- Federal security Administration, \$42,000,000 . . . goes into research for public health, including cancer, heart disease, infantile paralysis.
- General Services Administration, \$31,000,000 . . . includes building laboratories.
- Tennessee Valley Authority, \$24,000,000 . . . includes development of fertilizers.
- Agriculture Department, \$55,000,000 . . . goes into government experiment stations all over the country, livestock, crops.
- Commerce Department, \$19,000,000 . . . includes the National Bureau of Standards and the Weather Bureau, better air navigation systems.
- National Defense, \$750,000,000 . . . includes research on weapons for Army, Navy, Air Force.
- Interior Department, \$46,000,000 . . . includes geological surveys in search for minerals.
- All others (including Maritime Commission, State Department, Reconstruction Finance Corporation, Veterans Administration), \$23,000,000 . . . this ranges from development of cultural relations with other countries, particularly Latin-America, to synthetic rubber and the making of artificial limbs for veterans.

## Lana Turner New Woman

HOLLYWOOD — (AP) — Meet the self-proclaimed-and-proud-of-it new Lana Turner.

"I'm strictly the home girl now," she says. "You wouldn't know me."

The same goes for husband Bob Topping. "We're very folksy," she told me in her studio dressing room. "Surprised? So are we."

And so will be all Hollywood. Time was even on a dull night the hot spot photographers could almost always count on Lana to put in an appearance. Now, she says, they haven't been to a night club since they dropped into a Sunset Strip spot after a premiere a couple of months ago. "So what are they do?"

"We just stay home. Bob plays tennis and we both watch television. Every Saturday night I get the urge to go to a movie. But Bob says, 'you know the theaters are crowded on Saturday night. I'll take you any other night of the week.'"

Television is the Toppings' passion. They have five screens in their new home and a forest of aerials on their roof.

Lana the hombody has amazed many people in her new role, including her studio publicity chief. She said he shook her hand one day and said, "Lana, I want you to know how proud I am of the fine way you and Bob have been conducting yourselves. Know it's hard for you."

"That may be hard to believe," she answered, "but I like it."

## Abilene Editor In 36th Year

ABILENE — (AP) — Frank Grimes, editor-in-chief of the Abilene Reporter-News, has entered his 36th year of service with that West Texas daily.

The Reporter-News marked the 36th anniversary Sunday with a front page surprise tribute to the gaunt philosopher who has built up a nationwide reputation from his editorial rostrum.

"We didn't dare risk interviewing him," said Kathryn Duff, who wrote the tribute. "You can tell . . . that he'd never stand hatched to such a notion."

Grimes, a native of Bell County,

## Texas Parole Records Advance

AUSTIN — (AP) — Less than 7 percent of Texas convicts released on parole last year failed to live up to parole requirements.

That was reported by the Board of Pardons and Paroles to the Governor, the Supreme Court and the Court of Criminal Appeals.

The other 93.29 percent, or 695, were reported making "satisfactory progress toward rehabilitation."

The report also showed that

## British Don't Appreciate Demands by United Nations

(By The Associated Press)  
There is no doubt that the British lion is roaring angry over what he regards as an attempt by the United Nations to tie a knot in his tail.  
This indignity to his caudal appendage was inflicted last Friday when the U.N. Assembly, overriding British opposition, adopted several measures calling for more information about the world's non-self-governing peoples. The action came on the heels of a flat declaration by Hector McNeil, British minister of state, that his country couldn't accept international interference with any areas now under the British flag.  
A particularly outspoken reaction was voiced by Lord Beaverbrook's London Sunday Express which declared the U.N. was "making its first move to pluck the British Empire to pieces." The paper urged Britain to with-

draw from the U.N., and asserted: "The jackals are leaping on the lion because they think he is mangy. It is time to show there is life, vigor and a good roar in him yet."  
There is of course no reason to think for a moment that Britain intends to withdraw from the peace organization. However, inquiries in uniformed British quarters make it quite clear that there is strong indignation over what is regarded as interference with Britain's colonial prerogatives.  
So while we needn't expect anything so drastic as withdrawal from the U. N., yet the signs right now are that London might refuse to cooperate in carrying out U.N. ideas which the British government feels are trespassing on private preserves. England regards her colonies as her own business.  
British officials take the posi-

tion that, with some 300 years of colonial experience behind her, England ought to know what she is doing. She thinks the British colonial policy, which calls for ultimate independence, is a good one. She points to her seven independent dominions as evidence that the system works well. She doesn't want irresponsible criticism, and doesn't want to be asked to do things which she already is doing.  
All this applies to Britain's own colonies. So far as concerns the trusteeships, she indicates willingness to provide all information requested by the peace organization. British sources say there is no desire on their part to put an iron curtain around the colonies.
