

# Southerners Drop Poll Tax Fight

WASHINGTON — (AP) — Southern Democrats hoisted the flag of surrender today in the face of overwhelming House sentiment for anti-poll tax legislation.

### Make Them Sick

WASHINGTON — (AP) — That time-consuming road-block which Southern Democrats threw before the anti-poll-tax bill in the House yesterday didn't just happen, it was planned that way.

### Republicans Needle Demos

WASHINGTON — (AP) — House Republicans demanded today an end to the uncertainty over the date for adjournment of Congress.

### Storm Hits Shanghai; 29 Killed

SHANGHAI — (AP) — Shanghai's worst storm in years killed 29 persons, injured 23 and left upwards of 200,000 homeless.

Fourteen died when a house collapsed, 10 lost their lives in a series of fires and five others were electrocuted by power lines blown down in the 25-hour storm.

Property damage appeared heavy. But the worst may have occurred in neighboring farm areas.

The typhoon ended last midnight. Earlier it had seriously damaged military installations on Okinawa Island.

Weather observers said it was Shanghai's worst storm since July 28, 1915. Two hundred were killed in that one and 26 ships were wrecked.

More than half of the small huts in the lower residential district of this city of six million, were destroyed last night.

The typhoon left two dead on Okinawa, 16 Americans injured and damage to U. S. installations unofficially estimated at \$20 million.

The Army in Tokyo ordered planes and ships to stand by to carry relief supplies to the U. S. base 300 miles south of Japan.

Some facilities were wiped out; others suffered 50 percent destruction. New buildings, especially designed to resist typhoon winds, (See STORM, Page 2)

### School Transfer Deadline Monday

Parents of children, who wish to be transferred from one school to another district, must make application for transfer by Monday in the Office of Public Instruction in the Courthouse.

Students at Grandview and Hopkins schools who are now ready for higher grades that are not taught at the schools, also must have transfer applications made for them, he continued.

In the past, students who "outgrew" Grandview and Hopkins schools did not need to make special transfer applications; however, from now on it will be required.

TOWER ANTICS—On a bet for a glass of beer, Stephen Frank, 33-year-old Minneapolis, Minn., factory worker, defied police for nearly three hours as he cajoled atop this 300-foot radio tower in Minneapolis.

### Floodwaters Strike Again Over Texas

By The Associated Press  
Floodwaters isolated some homes at Pleasanton, today but at mid-morning City Councilman Charles A. Dobbins said: "The worst is definitely over."

The rampaging Atascosa River and its tributary, Bonita Creek, cut off about fifty families from their homes at Pleasanton yesterday following a torrential nine-inch rain.

Water's surged into the downtown section and into business houses, and Dobbins said: "Property damage will run from \$500,000 to a million. In addition, crop damage was expected to be great."

The Bonita, a short creek, had subsided today, but the Atascosa still ran out of its banks and its waters still swirled around many homes.

Homeless families last night stayed with friends and relatives. "People whose houses weren't touched by the floodwaters opened their homes to the folks in trouble," said Dobbins.

North-South highway, through Pleasanton, closed yesterday, was open today, but the farm-to-market road to Potet was still closed by high waters.

The Red Cross of St. Louis called Dr. U. B. Ogden, city health officer at Pleasanton, offering air, particularly vaccines, but the city had accepted no aid at mid-morning, Dobbins said. He explained that all (See FLOOD, Page 2)

### Service Plans Not Complete

Duenkel - Carmichael Funeral Home announced this morning that funeral plans are not yet complete for the Rev. Alan Harvey-Brooks, who died yesterday morning when his car went out of control near Kingmill. He was alone.

Arrangements are being held up, it was announced, because his son, Alan, Jr., is aboard a Naval vessel and will disembark at Seattle in a few hours. He will be flown home.

The well-known and popular minister of the First Methodist Church at Miami will be buried at Miami. First plan was for burial at Pampa, but the family was changed it. Two daughters and the wife also survive.

Sheriff Carlos Sousa said the young man was flying his father's Cessna monoplane. Witnesses said Higby's screaming dives over the city yesterday often levelled off at tree-top height.

Sheriff's deputies waited at the airport to arrest him. With them were Mr. and Mrs. Russell Higby who told officers their son had been "very dependent" since his wife, Beverly, died April 1 in childbirth. Higby made two power dives on a cemetery at the city limits. On the second, witnesses said, he started from 2,000 feet and never puffed out.

Higby was an ambulance driver in England in World War II. He leaves two daughters, one 2-year and the other four months old.

### THE WEATHER

U. S. WEATHER BUREAU  
WEST TEXAS: Partly cloudy this afternoon, tonight and Wednesday with a few scattered showers and evening thundershowers, not much change in temperature.

OKLAHOMA: Partly cloudy today, tonight and Wednesday with a few scattered thundershowers west portion. No important changes in temperature.

### Murray Body Commissioner; Voting Extends City Limits

Tight voting yesterday extended the city limits and sent Murray E. Body to the City Commission as voters of Ward 2, and the Love and Seeds Additions went to two different polls for as many different elections.

Body, scoring a six vote clear majority over his two opponents Dale Pinson and Myron A. Marx, was elected to fill out the unexpired term of former City Commissioner Vernon Hobbs who resigned June 1, due to illness.

The new commissioner polled 152 votes to carry his ward by six more votes than his two opponents combined in voting that started out light but increased during the later hours of the afternoon and evening.

Pinson received 134 votes, 18 less than Body, while Marx collected an even dozen ballots.

A total of 298 votes were cast by Ward 2 residents including the 15 absentee ballots cast in the special election.

The margin was even closer when residents of the Love and Seeds Additions voted to come into the city by a vote of 11 to 8 — a margin of three votes. This included the two absentee ballots cast before election day.

The special annexation election came after Jerry Nelson, 789 W. Dulles, approached the City Commission several months ago asking what procedure he and his neighbors had to go through to become part of the city. Petitions were circulated several days (See MURRAY, Page 2)

### Senate Tempers Grow Short in Bitter Foreign Aid Dispute

WASHINGTON — (AP) — A short-tempered, irritable Senate waded deeper today in a bitter dispute over the \$5,723,000,000 foreign aid program.

The strain of the long session was beginning to show in the debate which centered on money for the second year of the European Recovery Program.

Senators snapped at each other angry late yesterday over an issue that few had thought would cause a ripple. The major issues were set to come.

The Senate voted \$344,000,000 to keep a Congress "watchdog" committee checking on recovery spending. But not before Majority Leader Lucas of Illinois stirred up a wordy scrap by trying —

and failing — to have the funds cut to \$200,000,000.

On top of this Senator Ellender (D-La) had his colleagues buzzing with his report that the Marshall Plan is threatened with failure because of a reported feeling that American policy in Europe is dominated by Britain.

He told friends after a trip to Europe that he was convinced Europe can't recover unless: (1) Germany is pulled back to recovery; (2) Europe produces goods at prices the people can afford to pay; (3) and currencies are made

convertible from one European country to another.

"The rest of Europe is willing to work out stabilized, convertible currencies," Ellender told a reporter, "but Britain won't go along."

Senate leaders had stubborn opposition in their fight to eliminate amendments of putting herself "in the category of a courier for the Communist Party" while working for the United States government. The accusation was based on a report, apparently written by an FBI agent, which figured in the Senate.

Senator Lucas said he was confident he would be knocked out. But Chairman McKellar (D-Tenn) of the Appropriations Committee was just as positive the amendments will remain.

They would: (1) Require the ECA and Army to use up to about \$2,000,000,000 in aid funds to purchase surplus farm commodities.

(2) Earmark \$50,000,000 of ECA funds for loans to Spain.

(3) Cut \$74,000,000 off the ECA's authorization for the last quarter of the year ended July 1.

(4) Require ECA Chief Paul Hoffman to try to halt the dismantling and destruction of certain industrial plants in Germany.

(5) Deny aid funds to nations which violate treaties with the United States.

ACCUSED AS COURIER—Mrs. Mary Jane Kenney (above), 51, of New York, was accused by the House unAmerican Activities committee of putting herself "in the category of a courier for the Communist Party" while working for the United States government.

The cheating was done by manipulating the reports on the daily totals of the Cincinnati, Ohio, Clearing House Association.

Dempson Duble, secretary of the association, was reported to have admitted he had juggled the figures for a year and a half so that the players' normal 1000-to-1 chance of winning would be reduced enormously.

The Cincinnati bank clearing figures were a factor in determining the winning numbers on which suckers in many states bet their pennies, dimes and dollars.

One of the prisoners, Anthony Stull, alias Tony Bender, was described by Young County District Attorney Hogan as "one (See RACKET, Page 2)

### Mayor Beats Off Ku Klux In Kidnaping

DONALSONVILLE, Ga. — (AP) — The mayor of a South Georgia country town said today he beat off with gunfire a mob of Ku Klux Klansmen who tried to kidnap him.

Mayor C. L. Drake of nearby Iron City said "seven or eight automobiles loaded with uniformed and masked Klansmen" approached his house about 3 a.m. Sunday, July 17.

"I opened fire on them and they scattered in a hurry," he said. "When they shot back they were too far away to do any harm."

Iron City is a town of about 500 persons in extreme South-west Georgia. It is about 15 miles from the Alabama line and about 35 miles from Florida.

In Atlanta, Grand Dragon Samuel Green said his association of Georgia Klans does not operate at all in the South Georgia area. Dr. Green said he believed a Klan organization with headquarters at Columbus, Ga., was responsible.

Sheriff C. L. Chandler of Seminole County said the mayor himself had not reported the attack, but that a relative had. "It's a pretty ugly thing here," the sheriff said. "I don't like (See MAYOR, Page 2)

### Dead Veteran Sees Memorial Erected for Him

TOPEKA, Kans. — (AP) — The American Legion erected a marker honoring the memory of a Kansas war veteran — but the veteran was found alive and well Monday.

Dean Hobson, 28, who was in the Battle of the Bulge, was found working at the Winter veterans hospital here.

A name change caused the mix-up in his life and death status. He was adopted at the age of 18 months when his parents were divorced and his last name was changed from Spence to Hobson.

His father, Norman Spence of Manhattan, Kans., wrote the War Department for a record of his son's whereabouts. He was unaware his son's name had been changed.

The War Department replied that Dean Spence had been killed in action over Italy.

The Legion then erected a memorial marker in Manhattan. Hobson learned his father was living in Manhattan, paid him a visit and then discovered the mixup.

### GOP BACKERS OF FOREIGN ARMS AID MOVE TO HALVE TRUMAN'S REQUEST FOR FUNDS

WASHINGTON — (AP) — Republican backers of military aid for Western Europe moved today to cut by more than half President Truman's \$1,540,000,000 foreign arms program.

Greatly with a storm of criticism, the President's proposal seemed to have headed the bipartisan foreign policy toward one of its severest tests in Congress.

Senators Vandenberg (R-Mich) and Dulles (R-N.Y.) who have taken active parts in trying to keep that policy alive, were obviously irked that the State Department had, ignored their advice to submit only a token arms program to a Congress already fretting about foreign spending.

They felt themselves open to attack from GOP colleagues on the ground that the administration seemed to be making cooperation a one-way street.

Nevertheless, the two were reported working with Rep. Votrs (R-Ohio) on an alternative plan. Under it Congress might be asked to approve a \$777 million dollar outlay to forward 450 million in surplus military equipment to North Atlantic Pact signers and make about 200 million more available for new equipment.

This would be in addition to about \$25 million dollars to continue aid to Turkey and Greece, the amount the President asked.

The total cash outlay under the alternative plan would be \$1,077 million.

STOCKTON, Calif. — (AP) — An airplane pilot terrorized this city for an hour with repeated buzzing, then power-dived to his death in the graveyard where his wife was buried four months ago.

He was Russell Gilman Higby, Jr., 23, son of a well-to-do produce merchant.

Sheriff Carlos Sousa said the young man was flying his father's Cessna monoplane. Witnesses said Higby's screaming dives over the city yesterday often levelled off at tree-top height.

Sheriff's deputies waited at the airport to arrest him. With them were Mr. and Mrs. Russell Higby who told officers their son had been "very dependent" since his wife, Beverly, died April 1 in childbirth. Higby made two power dives on a cemetery at the city limits. On the second, witnesses said, he started from 2,000 feet and never puffed out.

Higby was an ambulance driver in England in World War II. He leaves two daughters, one 2-year and the other four months old.

### 1,500,000 Troops Goal

WASHINGTON — (AP) — President Truman's arms-for-Europe program was described officially today as designed to bring up to combat strength a total of about 1,500,000 fighting men in five countries.

The strategic purpose is to prepare Western Europe to defend itself against attack by Russia until American forces could arrive.

The five key countries of the rearmament plan are Britain, France, Belgium, The Netherlands and Luxembourg. They form the Western European Union and have already planned coordination of their military power independently of any U. S. assistance.

In addition, the program is supposed to strengthen the relatively small forces of Norway, Denmark and Italy.

Against the 1,500,000 Western Union troops, Russia is reported to have more than 4,000,000.

The United States has under arms 1,600,000 men in the Army, Air Force, Navy and Marines.

Weapons to be furnished the European nations, it was said, include tanks and anti-tank guns, armored vehicles, aircraft, harbor defenses, radar, trucks ammunition and the like.

The President is forbidden by law to give the Europeans any atomic bombs.

MIAMI (Special) Five and three tenths miles of additional farm-to-market road have been approved for consideration in Roberts County connecting a space between Gray and Hemphill counties, according to word received this week from the State Highway Commission.

Work will begin immediately upon acceptance of the provisions of this order. Cost is estimated at \$47,700.

### Kiwanians to Sponsor Benefit Game Monday—Pampa vs. Abilene

Plans for the third annual Kiwanis Club-sponsored baseball game, set for Monday night, have been completed. Vic Joyners, Kiwanis Club Bulletin Committee chairman, said this morning.

The Kiwanis Club will sponsor the game between the Oilers and the Abilene Blue Socks, which will begin at 8:30 p.m. at Oiler Park. All proceeds from the game will go into the Kiwanis children's softball league fund.

Tickets may be obtained from any member of the Kiwanis Club. Booths will be set up throughout the downtown section Saturday and Monday so Pampans will have an opportunity to purchase tickets for the game.

Many of the Kiwanis Club committees have been working for the past several weeks on plans for the Kiwanis-sponsored game. George Thompson, chairman of

### Five-Mile Road Project Approved

MIAMI (Special) Five and three tenths miles of additional farm-to-market road have been approved for consideration in Roberts County connecting a space between Gray and Hemphill counties, according to word received this week from the State Highway Commission.

Work will begin immediately upon acceptance of the provisions of this order. Cost is estimated at \$47,700.

The Legion then erected a memorial marker in Manhattan. Hobson learned his father was living in Manhattan, paid him a visit and then discovered the mixup.

What appeared to be carnival prizes stacked in the Chamber of Commerce office. They were games with cow bells tied with ribbons, attached. Seems they are being used by this year's boosters on the annual trips advertising the Top of Texas rodeo. The first trip was today.

Wrong yesterday. R. E. Sprinkle, Alcock, said there were 3,480 cars checked by his house in one two-hour period Sunday — instead of 480. Mere difference of 3,000!

### Personality In Lindbergh Case Involved

NEW YORK — (AP) — One of six men booked here today in a three-state round-up of an alleged \$50,000-a-year numbers racket ring was identified by police as once prominent in the Lindbergh kidnaping case.

Irving Bitz, 46-year-old circulation inspector for the New York Journal American, was described in the police line-up by acting Capt. Harry Hanley as "the celebrated Bitz who was mixed up in the Lindbergh kidnaping."

Col. and Mrs. Charles A. Lindbergh, named Bitz and Salvatore Spitalo as "go betweens" in negotiating the return of their kidnaped baby March 5, 1932. The two withdrew from the baby hunt the following April 28.

The six, booked after all-night questioning by Dist. Atty. Frank S. Hogan and aides, denied in the lineup that they participated in the alleged racket.

Nine prisoners were arrested yesterday in New Jersey and Cincinnati, and two were seized here previously.

Today's batch of prisoners — including two newspaper circulation employes — were charged with conspiracy and contriving a lottery.

The cheating was done by manipulating the reports on the daily totals of the Cincinnati, Ohio, Clearing House Association.

Dempson Duble, secretary of the association, was reported to have admitted he had juggled the figures for a year and a half so that the players' normal 1000-to-1 chance of winning would be reduced enormously.

The Cincinnati bank clearing figures were a factor in determining the winning numbers on which suckers in many states bet their pennies, dimes and dollars.

One of the prisoners, Anthony Stull, alias Tony Bender, was described by Young County District Attorney Hogan as "one (See RACKET, Page 2)

### Blame Put On Mother In Slaying

NEW YORK — (AP) — Plump Martha Beck, fighting conviction as "lonely heart" slayer, is blaming her plight largely on a nagging mother and too many delivering males.

The 29-year-old woman returns to the witness stand today to tell more of a life story that the defense hopes will bolster its claim of insanity.

Before a packed court room she told many sordid details yesterday.

She said that when she was 13, she was the victim of two incestuous attacks by her brother, and declared the affair has "been preying on my mind ever since."

Her mother kept her in virtual seclusion after that. Mrs. Beck testified, and she told her mother "you're driving me crazy."

The mother's reply, according to Mrs. Beck, was "what do you mean driving you crazy?—you've been crazy all your life."

And that wasn't the only time in her life that her mother accused her of being crazy, Mrs. Beck said.

All her life, the defendant testified, she has been pursued by hard luck, a domineering mother and an scheming man.

When she was ten, she said, a roomer in a relative's home tempted to molest her. And when she was eleven or twelve, a relative's husband made advances and offered her money—but she resisted, she said.

The mother, Mrs. Julia Seabrook, of Pensacola, Fla., stayed away from court yesterday at Mrs. Beck's request.

Mrs. Seabrook previously had attended daily since Mrs. Beck and her lover, Raymond Fernandez, 34, went on trial for first degree murder in the bludgeoning-strangulation slaying of Mrs. Janet Fay, 66-year-old Albany, N. Y., widow.

The prosecution charges the slaying of Mrs. Fay in Valley Stream, N. Y., last Jan. 4 was the outgrowth of a scheme to swindle lonely women.

Culberson to Speak Tomorrow  
Olin Culberson, member of the Texas Railroad Commission, will address the Pampa Rotary Club tomorrow at noon during the club's weekly meeting in the Palm Room, City Hall.

Culberson is the second prominent man to address the club during the past month. First was Will R. Wilson, Dallas' fighting district attorney.

Culberson will sketch, briefly, how the new laws on gas and oil, passed by the last Legislature, will affect the Pampa. His talk is expected to be followed by a question and answer period.

Let's go Evinruding. See them at Lewis Hardware—adv.

PIANO PRACTICE UNDER DIFFICULTIES—Six-year-old David O'Blens, in a cast from his chest disease a year ago, has to take his piano lessons lying down on a table. Stricken with a bone like this before, according to doctors, he will be able to walk. (AP WIREPHOTO.)

CHRISTMAS IN JULY?—Visitors to the Chicago Railroad Fair get a touch of winter despite the broiling sun as they watch a snowball fight with honest-to-goodness snow. Occasion is "Colorado Day" with Colorado Gov. Lee Knous standing between the two teams to act as referee. The Harvey Girls, right, pitch against the Girls of Gold Gulch, left. The governor's true diplomat—he declared the contest a tie.

FLAG-WAVING WAR—Utter confusion prevails as the first group of Japanese repatriates arrives in Tokyo from Soviet-controlled areas. Communist repatriates wave Red flags. Others wave Japan's "Rising Sun" flags. Still others wave flags bearing inscriptions to help them locate their families and friends. Many of the Communist displaced persons demanded time to register at Tokyo's Communist Party headquarters before departing for their villages in the north.

Houston Studies Plan for School All Year Round

HOUSTON — (AP) — Houston may keep its schools open all year. The city's School Board asked Superintendent W. E. Moreland yesterday to draft plans for keeping the schools open 12 months and estimate costs. Dr. Henry A. Petersen, a board member, suggested the plan as an alternative to another large bond issue for building more schools. Houston's swift growth has crowded class rooms. Under the year round plan, each child would go to school nine months. There would still be a three-month vacation. But for some it might come in the fall, winter, spring — or even summer.

RACKET

(Continued From Page One) of the top underworld figures in the East." Strollo was arrested yesterday in Clifton Park, N.J., as the three-state crackdown hit. Duble was arrested in Cincinnati. A numbers player selects a sequence of any three digits—such as 237 or 968—and puts his bet on that for the day. With the odds 1000-to-1, the payoff was only 640-to-1. The raided ring's winning number was made up this way, in order: the second and third digits from the noon Wall Street bond figures and the second digit of the Cincinnati Clearing House daily total. After obtaining the first two digits of the number on which the ring would have to play, its mathematicians figured out what third digit would cost the ring the least in payoffs. That's where Duble came in, according to authorities. Hogan said the Eastern wing of the ring notified the confederate in Cincinnati, who provided the selected third digit in the right place in the clearing house total. Thus many players were gipped by a rigged number, and they never knew it.

MURRAY

(Continued From Page One) later by Nelson, and his backers, among property owners in the two additions. The petitions were returned, but the city fathers, and Nelson, learned that several residents of the vicinity were not in favor of coming in with the city. A check revealed that those in favor of annexation outnumbered the dissenters by only a few votes. In addition, at east one of those in favor had moved inside the city limits and the City Commission called an election to be held the same day the special election for a city commissioner was to be held. Both campaigns were spirited, but on the quiet side. Only open action was political advertising two days before election in The News for Body and Pinson. Although residents of the Love and Seels Additions signified their intentions of coming into the city, the city fathers in the area will remain in its present status for at least two weeks. The election was held primarily to sound out reaction of those in the two additions as to what they wanted to do. But, that is not the end of the trail. The next step will be taken this afternoon by the City Commission in canvassing the vote and declaring the returns official. Then City Attorney Bob Gordon will have to be instructed to draw up an ordinance annexing the section to the city. That will take about a week. If all the commissioners are present when the annexation ordinance is introduced, it can be passed on three readings the same day. If any of the commissioners is absent, the ordinance will have to pass three different readings at three different meetings. Even with all of this, the City Commission is not bound by the results of the election to ordinance the additions into the city. However, the commission has long since indicated they are willing to stretch the city limits in that direction.

Whites Bombard Negro Residence

CHICAGO — Fifty policemen dispersed a crowd of 1,000 and arrested one white man last night after a Negro family moved into its newly-purchased house in a neighborhood dominated by white families. Rocks and flames were thrown during the disturbance. The crowd began gathering after the family moved in at 5 p.m. Several rocks and four or five road flares were thrown at the two-story brick residence shortly before midnight. A jar of gasoline exploded on the lawn. The crowd thinned out later but forty policemen remained on guard.

Prison Escapee Is Heading Back

ATLANTA, Neb. — Preston Gotcher, 42, who escaped from the Texas State Prison five years ago, is going back to finish his sentence. Gotcher was arrested here 10 days ago on a car theft charge. He had given his name as James Clarence Allen. During questioning, Deputy Sheriff William Maunier said Gotcher admitted his real identity and the fact he escaped from the Huntsville, Tex., prison on March 29, 1934. Gotcher told the deputy since his escape he had traveled throughout the country as an itinerant worker. He said he has a wife and five children in Elida, N. M.

Mother and Baby Doing Fine, but Papa—Not so Good

HOUSTON — Gladys Jean Clark was "doing fine," today and so was her mother. But papa well? The little girl was born last night while her father, L. A. Clark, 28, carried her mother into the emergency room of St. Joseph's Hospital. All of this happened after a hectic race in which the papa's automobile outdistanced an escorting police car, a near wreck and parking at the wrong entrance to the hospital. It is estimated that one person of every 15 in England holds a license to drive an automobile.

MAYOR

(Continued From Page One) it and the better class of people don't like it. It started off pretty bad, but has cooled down. I think we have things under control. Sheriff Chandler said no warrants had been sworn out and no arrests made. Mayor Drake said there has been a persistent effort to intimidate him. He said he attributed it partly to local and state politics. "I have been threatened several times over the telephone and through notes," Drake said. "So I was on my guard." He said he saw the hooded and robed men "slipping up on my house through a pasture." The next night, Drake said, "a man came to my house abusing the Klan for what had done to me, and wanted me to go with him to do something about it. I had him covered all the time but he didn't know it. Meanwhile I sent my wife to get a former member of the Klan to identify my guest. This former member identified him as the organizer and leader of a Klan organized several years ago at Rock Pond, three miles from Iron City." Drake said that 20 or 30 cars loaded with Klansmen drove through Barbervton, a Negro settlement in Iron City, on Saturday night, July 16, and fired some shots. He said the Negroes were so intimidated that they locked their doors and windows and some of them stayed in their houses for several days, afraid to go to work.

Store Manager Held in Theft

AMARILLO — John J. Corbin, who last week reported the supermarket he manages had been robbed, has been charged with theft. Detective Chief J. E. King filed the charge Saturday in Justice of the Peace C. W. Cawley's court. Corbin set bond at \$3,500. The Whiteaway chain store manager by Corbin is one of three Amarillo supermarkets reported robbed recently. Corbin told police last Monday he had been held up and the market robbed of about \$1,500. The owner of the Whiteaway chain, Loren Young, said he believes Corbin is innocent.

FLOOD

(Continued From Page One) Pleasanton school children had been given typhoid vaccine last week. "New fields of peanuts, cotton and soybeans are still submerged today. Crop damage will be very heavy, I think," the conclunian noted. "We needed rain," he added, "but not nine inches." Bobkins said that the flash flood of Bonita Creek did most of the damage in the business section yesterday. Business men are cleaning out the establishments today, he said. Heavy rains fell northwest of Pleasanton again last night and Bobkins said he couldn't see any threat of additional flooding. Last night's rains fell at Lytle and other points throughout the Pleasanton watershed northwest of Pleasanton.

A-Bomb Requires Little Ship Change

NEW YORK — Admiral W. H. P. Blundy says the Bkmi underwater atomic bomb tests "did not indicate that major revision of ship design was needed" to withstand such explosions. The tests, he said last night, indicated "minor improvements such as the strengthening of certain structures against blasts and shock and general streamlining of vessels were the most realistic approach for protection from the atom bomb."

War Ace Out for Grid Team at Maryland

COLLEGE PARK, Md. (NEA) — Don Gentile, who shot down 32 planes in World War II, is a candidate for the Maryland football team. The ace was a T-formation halfback in high school. The average size of a farm in the United States in 1920 was about 148 acres. The American government spent \$800,000,000 for machine guns in 1917-1918.

For Better Life in Texas  
Texas Cattle Dollars  
Texas cattle mean bread as well as meat for hundreds of thousands of Texans, for Texas cattle dollars help bring prosperity to every county of the state. Southwestern Life Insurance Company, operating in Texas exclusively, has played a part in the development of the cattle business. This strong company, during forty-six years of service, has loaned \$123,365,140 on real estate and a substantial portion of these loans has been on Texas farms and ranches. To policy owners of Southwestern Life insurance, sound loans such as these bring added assurance of sound protection for themselves and their families.

**THIRD IS BEST** — Marcelle Deloron stands beside her "Un Quator," winner of third prize which became first award for painting when judges at the Ecole des Beaux Arts, Paris, considered no work worthy of the Prix de Rome or 2nd Grand Prix.

**★ IN HOLLYWOOD ★**

BY **ERSKINE JOHNSON**  
NEA Staff  
Correspondent

**HOLLYWOOD** — (NEA)—Rosaland Russell will do her third comedy in a row for Columbia. "Tell it to the Judge," her first following a long siege of heavy drama, brings back the prewar Russell of the zany hats and snappy dialogue. Bob Hutton and Cleatus Caldwell are straining at the leash. She's the ex-wife of Ken Murray.

Esther Williams' husband, Ben Gage, will be given a bulldog as a handkerchief. He'll front an 18-piece group. Latest about Rita Hayworth and Aly Khan is that they will attend the racing season at Cairo next month and won't be back in Hollywood until November.

Doris Day looked the makeup man straight in the eye and said:

"Don't try to make me look beautiful. It can't be done and I don't like it."

I know she said it. I was standing right beside the makeup man, who was Perc Westmore, and it was on the set of "Young Man With a Horn." I guess I was as startled as Perc. But he never met an actress, either, who said she wasn't beautiful and wanted to stay that way.

"Wha't's more," said Doris, "I've got a face full of freckles, faded blue eyes, a plain nose and mouth and a funny chin. And let's leave them that way."

Doris said she wasn't being perverse or modest.

Just honest. "For instance," she said, "when they cover up my freckles I don't look like me. I look like a carbon-copy movie actress."

**NATURALLY, NATURALLY** Doris did let the makeup department give her short-clipped blonde hair a touch-up job. Perc thought it came out terrific. But Doris floored him with:

"Oh, it's all right, I suppose. But my Cocker Spaniel's hair is exactly the same shade, and he got his naturally."

Switch for Evelyn Keyes, who started her film career in one of C. B. DeMille's glamor bathtubs. In "Mrs. Mike" she's dunked in a wooden tub. . . . Burt Lancaster's acrobatic act will be seen on the screen finally in "The Hawk and the Arrow." He plays a roving entertainer of the 12th Century.

"Blood Money," which Joe Newman and Frank Seltzer are producing, will rip apart the race track bookie racket the way "Champion" attacked the fight game. . . . Kitty Kallen, the ex-Harry James canary, is a hit at the Versailles night club in New York. She left Hollywood three

years ago because she couldn't land a job.

The General Federation of Women's Clubs is hoping to stimulate the production of "family" pictures via a "Citation of Merit" for the greatest motion picture contribution to building character and citizenship for America's youth. I'm afraid the producers are too interested in box-office wallop to even bother.

Joel McCrea gets another M-G-M western, "Outriders," through the state of Kentucky. . . . Louis Calhern, who played Oliver Wendell Holmes on the stage, will do a convincing lawyer in "Devil's Doorway," the Bob Taylor western.

ANN "SOUTHERN" A friend of Ann Southern's just got back from the East, where he's noticed among other places, through the state of Kentucky. On one theater marquee there he saw Ann's name spelled S-o-u-t-h-e-r-n. He got out of his car, went into the theater and mentioned it to the manager, calling his attention to the error. The manager listened attentively and then said:

"Mister, I don't care how Yankees spell it. When the little lady plays blue grass country, it's S-o-u-t-h-e-r-n."

Vance Trindle of the Houston Press is in Las Vegas for a series on gambling there. There's talk of legalized gambling in Houston.

ASK ABOUT WARDS CONVENIENT MONTHLY PAYMENT PLAN

**THE EYES HAVE IT**—Two dachshunds express conflicting reactions in their eyes as they get set to board a plane in Los Angeles for Honolulu. Vincent of Hying Ticker, left, expresses a flat "no." His traveling companion, Redmond's Red Honey, cocks her head with confidence. Looks adventurous to her.

By H. B. TAYLOR, Jr.

Just one more word now till everybody turns the old cow out with the calf, gives the pigs an extra bucket of feed and gets out their best Sunday boots and hat and makes for Pampa and the Annual Top of Texas Rodeo and Horse Show. Boy, the years roll around in a hurry, don't they? It doesn't seem like it has been a year since the 4th rodeo was held. They tell me that when you go to looking back to things at hand already passed you are stung old. Well, it was a good ride, but I think the one this year will be a whole lot better. Lots of people are putting in a lot of time to make this one the best yet.

Talking about people putting their time. There were four loads of fellows left Pampa a few days back to distribute rodeo posters around over the Panhandle and through Oklahoma. One of these fellows was a fellow named Taylor, O. W. Hamilton, hester Thompson, and I have the other fellow slip my mind right now. Anyway the group went all over the Top of Texas ear to Dallart and from there in to most of the towns in Oklahoma. It seems that a group began to get hungrier, so they held a little game of chance to see who would furnish the cash for the meal. Hester Thompson, better known as his close friends as "The Late One," was stuck and had to sell out for the cash. What did hester do? He marched quietly to a store and purchased a nickel box of crackers and a half-pound of cheese and came back to the car and said "Boys, this is it." I don't know what the boys said, but none of them are peaking to Chester yet. I just wanted to put this piece of information in here, so that on these booster trips this week any of you who happen to go with Chester will know what to expect if he puts on the feed bag for you.

H. M. Stone, one of the directors of the Pampa Roping Club, just came back to town after a good long vacation. It seems that H. M. didn't have too much fun on his trip, though. He went off in Missouri for an operation and spent most of his time in the hospital up there. It is good to see him back in town ready for the rodeo next week.

Another one of the club members who has been serving time in our local clink is Skip Montgomery. Skip didn't like the way he was made, so he just goes and has his appendix removed. Skip is up and around now and says he is feeling a lot better. The only thing that is worrying him is that he won't be in shape for the Top of Texas rodeo. I think what was the matter with Skip was that Frank Carter was working him too hard.

One of our latest members to the roping club is Buster Carter. Buster joined last Sunday. If he keeps on with his roping like he has started out, Frank will be busy trying to keep his string of show Herfords fat. You sure can run the fat off a bunch of calves just trying to earn to rope. We like to have these younger boys join the club. They will be the rodeo performers of tomorrow, and the Pampa Roping Club is really proud to have been a help to their success.

I would like to again ask the public out to watch the roping club practice sessions. We will rope Tuesday, Thursday and Sunday this week. The kids wanting to get in some practice for the barrel races in the Kid Pony show to be held Aug. 2 are more than welcome to come out on those above nights and we will give them plenty of time for their grand entry drill and for the barrel race. Let's have a large group out Tuesday night at 8.

The roping club had their sands full this past Sunday afternoon out on the Old Miami Highway. The boys were out to help patrol the grounds for the

**Antiseptic Ointment Aid For Bruises, Burns, Cuts**  
For helpful antiseptic aid in relieving the pain and discomfort of externally caused minor skin irritations and abrasions, superficial cuts, minor surface burns, sunburn and bruises, use Grays Ointment as directed. Medicated to cling.

**Piano Recital Will Be Tonight at 8**

Pupils of Mrs. Lilly Hartfield and three pupils of Miss Jo Ann Cox will be presented in recital tonight at 8 o'clock at the Church of the Brethren at 8 o'clock. Miss Judy Reynolds and James Byars will be featured in three duos. Other duos by Myrna Sue Higginbotham and JoAnn Cox, June Meadows and Kay Stewart, and Charles Warren and Sheila Lemons will be outstanding on the program. Claudette Matheny and Kay Stewart, JoAnn Cox and Charlotte Young, Kay McMurray and Rebecca Skelly, and Sheila Lemons and Kay Stewart will present duets. Trios will be presented by Claudette Matheny, Sheila Lemons, and Kay Stewart and Mrs. Helen Mathews, Vivien Brake, and Ouida Williams. Others taking part on the program are Virginia Bailey, Nanette Flynt, Karen Lewis, Billy Harrod, Paula Jo Vandenburg, Jimmie Bailey, Patsy Darby, Billy Culpepper, and Byron Byars. The public is invited.

**Neckless Chicken Experiment Fails**

BYRON, Calif. (AP)—A chicken with no neck would be a bigger boon to white meat lovers than even the new wingless variety. At least that idea occurred to Lorenzo Armstrong when he read about wingless birds developed in the Midwest. So Armstrong built his hen houses with low roofs. Feeding troughs were breast high. The wire over the chicken runs were lowered. He figured that if they kept their heads down the chickens' necks wouldn't grow. But he gave up. The chickens just got humped.

Say, all of you roping club members, let's not forget the regular monthly meeting next Monday night at 8 in the County Court Room. We will select all the club members that care to work out at the rodeo next week. The club is to furnish all the help again this year. Goat Mayo will probably be here to tell us how many men he can use. If any of you would like to make a few dollars and also get in to see the rodeo free, he is at that meeting.

I guess all of you ropers have already had your horses vaccinated for sleeping sickness, if you care very much about your horse, you have. There is lots of it going around over the country now. They tell me that mosquitoes cause the disease. I guess that is what is wrong with me lately. I sure have been sleepy. When the big parade gets underway next Wednesday about 4 p. m., I sure want everybody to take a good look at the roping club float. Joe Looper is getting everything ready for it. I don't know for sure what all these

will be on it, but we are working for that trophy. Sure do want all the club members to be there with their club shirts on. We will all ride in one group, so be there. Some of the local cowboys drove over to Claude last weekend for the Caprock Lounch-up. It seems they run into a little trouble over there and did not get to work the show. The rodeo was advertised as an open show and was approved by the RCA but when our boys got there, the pro boys wouldn't let them work unless they joined the assa. I think the Claude merchants were just a little on the provoked side. I even heard that the announcer had to make a trip over there for nothing. How about that? I just hope we can keep all the RCA boys out of the Top of Texas show this year. We had several in last year's show. I guess we might as well draw the knot down right here and say. See you all out at Recreation Park next week.

**NINE YEARS LATER**—Nurses and patients watch men of London's Bomb Disposal unit bring a 2500-pound bomb to the surface after removing the fuse. The bomb, one of thousands dropped by the Germans in '40's blitz, had lain underneath a partly demolished building until it was discovered . . . nine years after being dropped.

**52-20 FANS**—Veterans picket the apartment building in which House Speaker Sam Rayburn lives, urging extension of the "52-20" GI unemployment pay. The vets claimed they were unable to see the congressman at his Capitol offices.

**Wheeler Girls To Scout Camp**

Twenty-four Wheeler Girl Scouts left this morning for Camp Sullivan. This is the largest number of Scouts this summer to camp there at one time. They are members of Troop 18. Leaders accompanying them were Mmes. Carroll Pettit, W. A. Goad, Roy Ford and K. E. Thornton, executive of the Pampa Girl Scout Association.

Wheeler County was admitted into the Pampa association during the first part of last month. The two-day camp is the first major project of the Wheeler Scouts. Troop 18 Scouts will be the last to camp at Camp Sullivan until Sept. 1, Mrs. Thornton said. More than 200 Scouts of the association have spent at least one day and one night at the campsite. Some of the troops have worked on campcraft, outdoor cook and pioneering proficiency badges during their stay at camp. Troop 18 Scouts will not work on advancement, but instead will spend their time getting used to camping activities.

**13 at Wedding Stuck in Lift**

PITTSBURGH (AP)—Thirteen members of a Pittsburgh wedding party are a little superstitious. They have reason. Rex Thomas Meyer and Margaret Jane Schumacher were married at one of the most fashionable weddings of the season, burgh Athletic Association for their reception. Scores of guests walked to the second-floor reception room. But 13 decided to take an elevator. It stuck between floors. The 13 were finally freed by an elevator mechanic after they had been imprisoned an hour and a half. And who was that extra guest at the reception with a big hunk of wedding cake; why, the mechanic, of course.

**Monkey Doubles As Baby Tender**

MANLY, Ia. (AP)—It gave Mrs. Eldon Hungerford a bit of a start when she looked up from her washing to find an unexpected helper tending her year-old son. The helper was a monkey. It was pushing the baby carriage which Mrs. Hungerford had parked in the back yard while she took laundry off the line. Mrs. Hungerford grabbed the baby and ran into the house. The monkey sat in the baby carriage awhile and then opened the screen door and entered the Hungerford porch. Soon the owner of the animal, a transient, appeared and claimed his pet. Calm returned to the Hungerford household.

**ARMY GETS A LIFT**—Not having learned all the tricks of the stevedoring trade in a few days, this soldier, left, was lifted off his feet when he forgot to let go of a crane hook while handling cargo from ships at a strike-bound dock in London.

**On your vacation trip... stop for an afternoon at Baytown**

If your vacation leads you down our way, you'll find a visit to Humble's Baytown refinery a highlight of your trip. It is one of the great oil refineries in the world, processing about 200,000 barrels of crude oil daily into such diverse products as gasoline and asphalt, motor oils and insecticides.

Tours of the refinery start at 2:00 p.m. every day. First, you find out what you're going to see; then you're taken on a comfortable bus tour of the plant with a guide to tell you what goes on. The children are welcome.

A visit to Baytown will give you a glimpse of the results of scientific research by the oil industry; for unless you see a modern refinery, you'd never suspect that it can break up crude oil molecules and reconstruct them into other molecules of wider service to you in your daily life . . . A visit to Baytown will show you how the petroleum industry supplies many of the necessities of modern living, and how energetically the industry works to supply them. For throughout the United States, oil refineries like Baytown work night and day to supply you with petroleum products of continuously improved quality and continuously increased diversity.

**HUMBLE OIL & REFINING CO.**

More than six thousand men and women work in shifts 24 hours a day at Baytown to help supply your needs for petroleum products.

If you can't visit Baytown in person, ask for a copy of this book; address your request to

Plants Manager, Baytown Refinery  
Humble Oil & Refining Company  
Baytown, Texas

Baytown refinery makes: MOTOR GASOLINE • AVIATION GASOLINE • MOTOR OIL • HEATING OILS • DIESEL FUELS LUBRICANTS • ASPHALT • KEROSENE • SOLVENTS • RUBBER • AND 43 OTHER PETROLEUM PRODUCTS

**Mrs. Harley Lawrence Recent Fete Honoree**

KELLERVILLE — (Special) — Mrs. Harley Lawrence was honored with a pink and blue shower recently in the home of Mrs. Joe Brown.

Co-hostesses for the occasion were Mrs. Brown, Mrs. Otha Pool, and Mrs. H. A. Roles.

Those attending were: Misses J. B. Brown, Luther Johnson, Bill Wilder, Price Lea, Gene Nicholas, Elmer Immel, M. E. Brown, N. Fulks, J. H. Jones, W. S. Marshall, A. A. Nicholas, Lewis McDonald, C. N. Fulks, Roy Horton, and the hostesses.

Mount Everest, highest mountain in the world, was known only as "Peak No. XV" until 1825.

**Talented Teen Wins Top Cash Prize In National Junior Design Contest**

Laura Schneider, 19-year-old Cleveland bride (lower right), designed the smart plaid dress with tucked shirt-front and over-sized hip pocket (above), which won top prize in National Junior Design Contest. Second and third prize-winning designs were jumper with full-sleeved, shirt-band collar, blouse (sketched above) and casual bolero covered sun dress (sketched below).

By EPISE KINARD  
NEA Fashion Editor

NEW YORK — (NEA) — Talented juniors who can sit down at drawing boards and make their pencils speak their own as well as other girls' fashion convictions are young designers whom even the old hands at creating styles are willing to applaud.

Winners of such applause and of \$1000 in cash prizes offered in a National Junior Design Contest are six young amateur designers, one of whom is a teenager. She is the first-prize winner Laura (Mrs. Murray)

Schneider, 19-year-old Cleveland, O., bride who copped the \$500 award sponsored by Fashion Magazine and NEA Service in a talent search conducted by local newspapers throughout the nation.

Young Mrs. Schneider insists that her prize-winning design for a dress with a tucked "shirt front" and an enormous novelty hip pocket with matching tucks interprets her own and the fashion needs of other style-conscious girls. Best liked, according to this young designer, are fashions which are simple, smart, wear-

able and easy to make.

Proof that the second and third-prize winners are in complete agreement is the simple simplicity of their designs. The one which won Rose Sevoy of Boston the second prize of \$300 is a chic gumpie dress smartened up by a blouse with a tucked neckline, a shirt band collar and long sleeves tucked to release fullness above the elbow.

The third winning design, which put \$100 in the purse of Dorothy Ann Wendt of Richmond, Tex., combines a shoulder strap dress with a short cover-up bolero that qualifies this design for double duty.

These three winning designs, as well as the three which rated "honorable mention" and \$50 each in cash prizes awarded by the National Junior Design Contest, have been translated into fall and winter patterns which are available to all style-minded girls and women who sew.

**"Aging Successfully" Is Main Topic Of Bell Home Demonstration Club**

**Coxs Will Return To U. S. After 3 Years in Germany**

First Lt. A. C. Cox, his wife and two children will return from Germany early in August, it was disclosed this week.

Lt. Cox and his family have been in Germany for the past three years. His son, Ronald, was born in Germany.

They have lived in Munich and Kaufbeuren most of the time. Lt. Cox has been operating with the Air Lift. Formerly he had been flying United Nation observers over Palestine.

The Coxs will leave Frankfurt this Thursday and will fly to Westover Field, Mass. From there they will go to New York City and then drive home.

Lt. Cox is the son of Mr. and Mrs. A. C. Cox, Sr., of 908 E. Francis. Mrs. Cox is the former Velda Hurst.

After a 30-day leave in Pampa, Lt. Cox will be stationed in Albuquerque, N. M.

"Aging Successfully" was the topic discussed by Mrs. David Collins and Mrs. Emmett Osborne for the Bell Home Demonstration meeting in the home of Mrs. Carl Smith.

Mrs. Collins spoke on preparing yourself for your later life, and Mrs. Osborne reviewed the book, "Aging Successfully," by George Lawton.

Mrs. Conner O'Neal conducted a quiz on dental health, general health, and sanitation. Mrs. Osborne led a recreational arithmetic game.

During the business meeting, Mrs. J. M. Keel was elected nominee to the council for the election of representatives to the state meeting. The meeting will be of home demonstration women.

A round table discussion concerning the community activity center at the Bell school was held. The community is considering leasing the building from the White Deer School District.

The next meeting will be an outdoor cook-out in the home of Mrs. David Collins, August 3.

Those attending were: Mmes. Charles Warminski, J. M. Keel, Grace Morris, D. W. Swain, Ernest McKnight, Emmett Osborne, Conner O'Neal, Tom Anderson, Roland Dauer, and H. W. Noel.

**Methodist WSCS Plans July Christmas Party At Meeting Yesterday**

Mrs. Carlton Nance was hostess to the First Methodist WSCS Executive Board meeting yesterday.

Mrs. F. W. Shotwell, president, conducted the business meeting. Sixteen members were present.

Main business for the meeting was the planning of the Christmas party of the July program for missions. The party will be in the home of Mrs. Walter Purviance, 802 W. Frances.

**Mrs. Kenneth Dwight Is Honoree At Recent Pink and Blue Shower**

Mrs. Kenneth Dwight, the former Bea Gabriel, was honored with a pink and blue shower recently in the home of Mrs. D. L. Brown, 922 E. Campbell.

Hostesses for the occasion were: Mmes. L. H. Anderson, Guy Cargile, Hattie Holt, Albert Childers, and Brown.

Games were played with the prizes going to the honoree.

Arrangements of pink and blue flowers were used in carrying out the color theme. The table was centered with a pink and blue arrangement, and was laid with an ecru lace cloth over blue.

Angel food cake with blue icing, blue and pink rose mints, small baby buggies of white marshmallow and pink and blue gumdrop wheels, and pink punch were served.

The honoree, her mother, and Mrs. M. D. Dwight, mother-in-law, were presented corsages of pink and blue flowers.

Around forty guests attended.

**Meek Family Reunion Held Sunday In Mobeetie With the A. R. Meeks**

Sixty-eight members of the A. R. Meek family of Mobeetie met in the home of Mr. and Mrs. Meek Sunday, July 24, to celebrate the birthday of Mr. Roscoe Meek.

Mr. Meek is celebrating his seventieth birthday.

The Meek family has been meeting in the A. R. Meek's home for the past twenty years.

Those attending were: Mr. and Mrs. C. C. Dyson and sons, Mr. and Mrs. Richard Dyson and daughter, Mr. and Mrs. R. H. Dyson and daughter, Mr. and Mrs. Perry Martin, and Bob Martin, all of Mobeetie; Mr. and Mrs. E. E. Meek, Mr. and Mrs. Jack Meek and children, Mr. and Mrs. Clyde Meek and son, Mr. Carnes Meek, Mrs. Wendell Meek, Mr. Bill Helton, and Mr. and Mrs. Roy Meadows and son, all of Gageby; Mrs. G. C. Wren, Mr. and Mrs. Roy Bailey, Mrs. Fred Farmer and daughter, Mr. and Mrs. P. L. Farmer, Mr. and Mrs. E. E. Farmer, Mr. and Mrs. Don Farmer and daughter, and Mr. and Mrs. C. J. Meek, all of Wheeler; Mr. and Mrs. J. A. Meek and son Mr. and Mrs. Foy Farmer of Pampa; Dr. and Mrs. L. E. Petty of Borger; Mr. A. G. Box of Shamrock; Mr. Ray Box and son of Amarillo; Mr.

and Mrs. George Trimble of Bovina; Miss Eulalia Jones of Amarillo; Miss Jo Ann Childress of Brisco; Mrs. A. R. Teague of Gould, Okla.; Mr. and Mrs. C. R. Teague of Nacona; J. W. Teague of Ft. Worth; and Mr. and Mrs. E. W. Anders of Costa Mesa, Calif.

**Mrs. Dickey Honored With Dessert Bridge**

Mrs. Ralph Dickey of Medicine Lodge, Kans., was honored with a dessert bridge party by her sister, Mrs. Al Schneider of 1012 Duncan, last Thursday at 1 p. m.

Mrs. Dickey is a houseguest in the home of Mr. and Mrs. Schneider.

Those attending were: Mmes. L. Latman, Curtis Billings, Robert Burka, Robert Burton, W. P. Crudginton, J. R. Donaldson, J. B. Johnson, A. R. Edgmon, W. R. Everett, Warren Hasse, Jay E. Krath, Joseph B. Howard, the honoree and the hostess.

Joe told me that he graduated from New York University as an accountant, but his heart was in music.

In 1939 he started a band. In 1942 he went into the Navy and in 1945 came out a lieutenant-commander. While waiting for his discharge papers to come through, he walked into the office of the Music Corporation of America one day. Sonny Werblin asked him what he was going to do. Joe had nothing in mind, so Werblin told him, "I have a band for you, Joe. I'll book you into the Biltmore on Monday." From there Joe went on to great success.

Joe likes to play auction bridge. It reminds him of the good old days when people talked in small figures. It is nothing in auction bridge to play a hand at one space, make three and still be minus. You buy the contract as cheaply as possible and don't try to bid a game.

In today's hand West did not overcall with clubs, because he had only two honors. West opened the king of clubs which South won with the ace. He went over to dummy with a heart and led the jack of spades, West winning with the queen. The queen of clubs was cashed and another club led which East won. He returned a diamond. Now all South lost was two spades and two clubs, thus making tree-odd.

In auction, spades count nine points a trick. That's 27 points for North and South. However, East had West held simple honors, which counts 30, so declarer was minus three points on the hand.

## Indians Cut Yankees' Lead to 3 Games; Timetable Halts Cards-Dodgers Battle

### Wynn and Paige Best Pitcher, Raschi in Opener of Important Series

NEW YORK — (AP) — The Cleveland Indians defeated the New York Yankees, 4-2, last night, cutting the Bronx Bombers' first place lead in the American League race to three games. Earl Wynn, with the help of leftfielder Dale Mitchell, pitched the eighth inning, pitched Vic Raschi before a paid attendance of 71,351.

Leftfielder Dale Mitchell was a batting star for the Indians, going in Cleveland's first run in the eighth inning, and helping the long liner to center, and driving the second run after being a tremendous triple to left center.

What proved to be the winning run, however, resulted from a used ball and a wild pitch. After Mickey Vernon had brought Milt Pappas in from third with a long fly in the fifth, Yankee catcher Naro allowed a pitch by Vic Raschi to get away from him and burman Tucker scored all the way from second.

In the eighth, Manager Lou Bourque singled, was sacrificed, second moved, and scored when Raschi uncorked a wild pitch.

It took two singles and a double to provide the Yankees with their first run in the third. George Stearns followed a single by Raschi with another, but Raschi was caught trying to get back to second after bounding the bat too far. Phil Pizzuto then doubled to score Stearns.

The Yankees tallied again in the eighth and sent Wynn to the showers. Kuzito and Tommy Engel singled, with the little shortstop racing to third. Paige shoved Wynn at this point and scored the next three men in order, with Rizzuto crossing the plate on Joe DiMaggio's fly.

### Dukes Edge Past Gassers 8 to 7

BORGER — A two-run upswing in the eighth inning last night gave the Albuquerque Dukes an 8-7 win in the final game over the Borger Gassers. Albuquerque took the series three games to one over the Borger team.

Frank Shone, the Albuquerque ace didn't look quite up to par last night, but his batting mates pulled the win out of the fire for him. In the eighth, Shone walked and went to third as Clayton Fries, the Borger relieving pitcher, threw wild at second base in an attempt to start a doubleplay off Dick Dawson's bunted ball. Dawson went to second on the play, Fries struck out Fox and Fowler, but Maul singled in the two men on the base with the runs that won the game.

### Game Called With 4-4 Tie To Allow Teams To Catch Trains West

BROOKLYN — (AP) — The clock called a halt to the National League pennant race Monday, leaving the St. Louis Cardinals and Brooklyn Dodgers locked in a 4-4 tie when their game had to be called at the end of nine innings to make train connections.

By mutual agreement between the two top contenders, no new inning was to be started. Two o. p. m. (CST) because both the Cards and Dodgers had to hustle West for today's game. When the last Dodger out was recorded in the last of the ninth, with two men left on base, it was 2:11 p. m. (CST). Extra innings were out of the question.

The Cardinals, who swept the first three games of the series to match the league lead by a half game, rallied to save their slender margin in a three-run sixth inning. Up to then it looked as though the Brooks might start their third Western swing in first place.

St. Louis is scheduled to play a night game at home against the Phillies tonight and the Dodgers had to make an early train to get to Chicago in time for this afternoon's game. Yesterday's game, originally scheduled and rained out May 10, will be fitted into the Cards' final Eastern swing in late August.

Once again Stan Musial was the big man in the Card attack, coming through with a single, double and triple in another big batting day at the expense of Brooklyn pitching. This boosted his average from .299 to .304.

Yesterday was to have been a complete open date in the National League. The game was "written in" to take care of the earlier postponement. This deadline was announced previously but when it was repeated over the Ebbets Field loud speakers before the game it drew boos from the crowd of 27,088.

The game was carried down to the final out when Spider Jorgensen delivered a pinch single off Fred Martin, fourth C. G. pitcher, with two out in the last of the ninth. Martin walked, Jackie Robinson but made Giddige hit into a force play to end the game.

### Bass Wins Tenth In Slugfest; Payte Tonight

LAMESA — The Pampa Oilers ruddy shattered Lamesa's seven game winning streak last night by pounding two Lobo hurlers for 20 hits and a 21-8 triumph in the finale of the two teams' series.

A crowd of 900 fans watched the game, which was delayed 15 minutes last by rain. A light drizzle fell through most of the contest.

Howard Bass went the route for the Oilers, although he was touched for 13 hits, including D. C. Miller's 28th homer of the season. It was the tenth victory of the Oilers for Bass.

Bob Upton, who gave up 14 runs on as many hits before Jay Hanev relieved him in the eighth inning, was tagged with his third defeat.

The Oilers exploded for 16 runs in their last three frames to shatter Lamesa's hopes of preserving its victory streak.

The Oilers took a first inning lead again, on two errors, a walk, a single by Harper a triple by Everett and a single by Secret.

But it looked as if the lead would be tied again, as in Saturday's game. Four hits and an error gave the Blue Sox four unearned runs in their half of the first, making the score 5-4, where it stood until the fifth. Then a triple by Upton followed by a passed ball, tied the count.

In the seventh the Oilers tagged Upton for four more hits and four runs. Harper and Velasquez singled and two passed balls plated Harper and sent Velasquez to third. Richardson drew a pass and on Engel doubled both runners home, coming in to score the ninth Oiler run himself, seconds later, on a single by Matney. D. C. Miller's home run with Selbo aboard cut the lead to 9-7.

Then the Oilers started to roll. Upton, Richard and Engel, a triple by Parker and an error accounted for five Pampa runs. Seven more were added in the ninth off of Manager Jay Hanev, who took over the mound chores in the last of the eighth.

A hit batter, Velasquez doubled and Parker's home run counted for three Oiler runs. A walk, a fielder's choice, singles by Matney, Secret, Bass and Harper accounted for the final Oiler tallies.

The Oilers' straight night after two were out in the last of the ninth netted the Blue Sox their final run.

Tonight the Oilers open a three-game series against the Albuquerque Dukes. On the mound for the Oilers will be George Payte. The Oilers will start against the Tommy Brinkman and company.

The twenty-one runs scored by the Oilers last night was their highest total for the season thus far. Their last highest was eighteen runs scored against Amarillo early in the season.

| Team   | AB | R  | H  | E |
|--------|----|----|----|---|
| Oilers | 30 | 21 | 44 | 7 |
| Lamesa | 26 | 8  | 15 | 5 |

### Abilene Takes Final From Hubbers, 7 to 3

ABILENE — (AP) — Big Freddie Rodriguez had him a hitless shut-out for Abilene last night while the fourth man up in the eighth inning, rightfielder Wally Stenberg, crashed a double to right center.

This was followed by three more hits in the last two innings and Abilene had to be content with a 7-3 victory over Lubbock and a return to second place in the West Texas-New Mexico League standings.

| Team    | AB | R | H  | E |
|---------|----|---|----|---|
| Abilene | 26 | 7 | 11 | 3 |
| Hubbers | 27 | 3 | 11 | 3 |

**Bull Lea New Threat In Rich Classic**

CHICAGO — (AP) — Admiral Lea projected himself sharply into the field for Saturday's \$90,000 Classic Stakes by scoring an impressive victory over Ponder in the \$5,000 Omaha Purse at Arlington Park yesterday.

Leading the five three-year-olds throughout in the mile race, Admiral Lea, owned by Mrs. Ada L. Rice of Chicago, won rather handily by a length, with John A. Kinard, Jr.'s Johns Joy driving behind him. In third place, came another half-length behind, came Ponder, Calumet Farms' Kentucky Derby winner, who closed resolutely in the stretch. Jackey Steven Brooks, however, didn't perseverate.

Ponder toted 126 pounds, the same weight he'll carry in the 1 1/4 mile classic. Admiral Lea, well handled by Ovie Scurlock, had 118 pounds aboard. He'll carry 119 in the Classic. John's Joy was weighted at 122 pounds, which he'll also have up Saturday.

Another Revolutionary maxim could be adopted by all clubs: "Don't swing until you see the white of the stitches."

**Sports Round-Up**

**By HUGH FULLERTON, JR.**

**NEW YORK** — (AP) — The champion Cleveland Indians, tangling with the Yankees in another important series, have placed a cruel and ominous bet on their pitching staff.

The pitchers not only have to perform their regular chores well, but they have to knock in the runs to win. "Why, from our 77th game up to last Sunday, our 44 home runs, other than those had driven in as many runs as all the rest of the batting order," publisher Marsh Samuel pointed out. "Bob Lemon has been on a home run streak and Early Wynn won a game with a home run the other day. Lemon has been really remarkable. He has only been at bat 55 times, but he has hit six homers, three doubles and two triples. He really looks like a hitter up there, too. The rest of the team still is in a slump. We've scored 200 runs and hit the Red Sox in a three-game program bunched at 2:30 with 100 fans still in their seats."

Atomic Bomb is a leading Grand Circuit pacer.

It's only natural that Atomic Bomb would set the pace. How it might be dangerous if Atomic Bomb acted stupidly.

### Clovis Takes Final From Gold Sox, 7-6

AMARILLO — (AP) — Amarillo errors handed Clovis five runs and the Pioneers took last night's game 7-6 to divide the four-game series.

Jim Reynolds, author of an 18-strikeout job against Albuquerque last week, was the victim.

A homer by Dick Gentzow, his 29th of the season, with two runners on play in the first inning accounted for three of the Amarillo runs off Joe Borrego. Clovis's leftfielder, who was relieved by Bill Ross in the bottom of the ninth with one on and one out, was in a slump. He scored on a double play on the first ball pitched by Ross.

Wiley Moore homered for the winners in the fifth with none on base.

# Coaches Blackball Old Conference Grid Officials

FORT WORTH — (AP) — Southwest Conference coaches and the circuit's executive secretary said there was no "blackballing" of football officials at a hush-hush meeting in Dallas nearly five months ago.

James H. Stewart, the conference coaches and athletic director met March 4 and agreed on 40 officials to officiate in conference games. The remainder of the officials will officiate in non-conference games.

Jess Neely, head coach at Rice, was the most revealing as to what went on in the meeting.

The Fort Worth Star-Telegram yesterday reported the meeting had been held at the least six veteran officials had been dropped from officiating in all games between conference schools.

Some of the officials themselves said they did not know they were "blackballed," but said they did know they were not officiating any conference games — for the first time in years.

Neely, in San Antonio last night, said the meeting was to seek a better way of selecting the officials.

"We tried to think up a way to take the pressure off the officials who might think they owed a coach a favor just because that coach named him on his preferred list," Neely said.

"So we got together and named unanimous choice of the seven veteran officials who were the coaches. They are the men who will work conference games. They needn't worry about the coaches anymore. They're working for the conference and not any one coach can blackball an official.

"If one coach thinks an official is incompetent, he can bring up the subject at a meeting of the coaches. In the other six coaches agree, then that official can be dropped."

"It is true three or four officials were dropped that some of us would like to have seen on it. But you know it's pretty hard to get seven men to agree unanimously on 40 officials."

The Star-Telegram named Charles Hawn, Gene Bedford, Harry Viner, Earl Dayvault, and O. N. Neary as among officials who will work no conference games.

Viner and Swartz are retiring from officiating.

Dayvault said "I have 10 games lined up next season, including such sectional titles as Notre Dame-SMU, Texas A&M and Oklahoma . . .

"I certainly think it's an outrage when one coach can tell you that you can't officiate a game in which he has no part."

Arkansas Coach John Barnhill commented on the meeting:

"I heartily approve of the new method (of selecting officials) because some of our officiating hasn't been too good."

Barnhill said most of the Southwest coaches believed that if one coach didn't want an official, that official probably would not be desirable for calling games of other coaches.

# SPORTS

## Though Barred by PGA, Locke May Play in Open

NEW YORK — (AP) — The purse strings of America's lucrative golf tournaments were closed today to Bobby Locke but the bush-browed South African may still get a crack at U.S. pros in the National Open.

The U.S. Golf Association, which runs the Open, said last night it had taken no move toward following the PGA action in banning the cool money collector from across the Atlantic.

"This seems to be a matter strictly between Mr. Locke and the PGA," a USGA spokesman said. "We have not been asked to enter into it and until we are Mr. Locke naturally will be eligible for the Open."

The Open is the blue ribbon event of American golf, worth only \$2,000 in immediate cash to the winner but of infinite value in prestige.

But the rest of the U.S. gold dust tournament trail, from which Locke picked up more than \$50,000 the last three years, is blocked to the British Open champion.

George Schnitler, tournament manager of the Professional Golfers Association, announced the ban yesterday in St. Paul.

He said the reason was that Locke "has on numerous occasions violated the PGA tournament regulations and the tournament players agreement of the PGA of America which he signed."

Locke's entry, he said, "will no longer be accepted in any PGA sponsored event." That's all the big money ones except the Open.

The act that apparently blew off the lid was the South African's late withdrawal from the Inverness Matches at Toledo last weekend.

Locke complained he had received "disgraceful treatment" but said he was turning the matter over to Commander Robert C. T. Roe, secretary of the British PGA.

Roe's only comment was: "I am sorry this thing happened. Now I will have to write some letters."

The 32-year-old British Open titlist cancelled a Thursday Open reservation to America and preparation to play in the Irish Open at Belfast. He had intended to compete in the Tam O'Shanter at Chicago Aug. 5.

## NCAA Rules to Be Same All Over Nation

NEW CASTLE, N. H. — (AP) — There should be no squawking about "sectional" rules on this nation's football fields this season.

The National Association of Collegiate Commissioners, with 14 representatives of 162 colleges throughout the country, reached an agreement yesterday that every rule be interpreted the same from North to South and East to West.

From here in, regardless of the site of inter-sectional competition, all officiating will be on a neutral basis.

"Our chief objective was to assume that the new recodified 1949 NCAA rule book would mean the same thing, and be interpreted in the same way, by coaches, players and officials in all sections of the country," Asa S. Bushnell of New York told newsmen.

Bushnell, who as commissioner of the Eastern College Athletic Conference represents 59 colleges, is presiding over the collegiate commissioners four-day conference here.

Dayvault said "I have 10 games lined up next season, including such sectional titles as Notre Dame-SMU, Texas A&M and Oklahoma . . .

"I certainly think it's an outrage when one coach can tell you that you can't officiate a game in which he has no part."

Arkansas Coach John Barnhill commented on the meeting:

"I heartily approve of the new method (of selecting officials) because some of our officiating hasn't been too good."

Barnhill said most of the Southwest coaches believed that if one coach didn't want an official, that official probably would not be desirable for calling games of other coaches.

**Sport Shots**

**Associated Press Sports Editor**

**DALLAS** — (AP) — Two facts are notable in the 1949 line-up of Texas Interscholastic League football:

1. The largest field in history awaits the referee's whistle.

2. Class AA has been returned to the 16-district plan.

In the tentative list of participating schools (which usually goes unchanged on Sept. 15 — the last day for entering), there are 864 schools. That's the all-time high.

The increase over last year, when there were 840 schools, is in Class B and six-man football. Class B has jumped from 324 to 339 and six-man — the largest for any state in the nation — is 187 compared to 178 last year.

The City Conference with 26 schools, Class AA with 84 and Class A with 228 remain the same.

In rearranging Class AA so there will be 12 districts instead of 14 as last year when a couple of byes occurred in the first round of the state play-off, the league took two teams away from District one and placed them in District 3 with Lamesa, Midland and Odessa. The transfers were Brownfield and Lubbock. Abilene, Big Spring, San Angelo and Sweetwater are joined by Brownwood of District 7 in forming District 3.

Laredo, in the district with Austin, Corpus Christi, Kerrville and Victoria last year is placed in a district with Alice, Kingsville and Robstown.

There are no new teams — just some changes in district assignments and numbers.

President Clarence Lins of the Dallas Ice Hockey Club has checked up and found his boys set several records during the 1948-49 campaign. They are the kind of records no club wants and Lins would like to know how they had to happen to him.

In all the history of organized hockey — both major and minor leagues — no other club ever had as many broken bones as Dallas.

"I found that the record until last winter was four, hung up by Montreal," Lins said. "We almost doubled that; we had seven men in casts."

They also ran up the heaviest doctor and hospital bill in ice hockey history, Lins declared. "We spent \$2,300," he revealed.

"And still another record was the number of stitches taken in cuts and slashes. They ran several hundred a month."

Wonder what would happen if John L. Lewis tried to organize the minor leagues?

ONE OF A SERIES SHOWING THE LEADER IN EUROPEAN AMERICAN AUTOMOBILE MANUFACTURER'S LINE

**Mound City Starting To Get Pennant Fever**

ST. LOUIS — (AP) — Owner Fred Saigh of the St. Louis Cardinals, never lacking in self-assurance, is about to pop off his shirt buttons.

The rampant Cardinals, who took over first place in the National League by crushing the Dodgers in a four-game series at Brooklyn, are due home today for a 19-game stand.

"No, I don't think there'll be any special celebrating when they arrive," Saigh said with a smile. "After all, we are more or less used to it by now."

Just the same, a World Series air prevails in St. Louis.

Business here all but came to a standstill during the games. Eager fans gathered wherever a radio blared descriptions of the games.

The Cardinals meet Philadelphia in a three-game series and then the Dodgers will be here for three games this weekend. The Brooklyn series here is expected to attract about 100,000 persons, unless the weather interferes.

# WARREN'S WARMUP

By Warren Kasso—News Sports Editor

**QUESTION:** The New York Yankees have won the American League pennant 15 times. Who were the three managers that led them to those championships?

IT'S HOMECOMING night tonight for the Oilers at Oiler Park. They will return home after another disastrous road trip on which they won four games and lost ten. They left home on the night of July 16 in fifth place, one percentage point ahead of Borger. They return home today entrenched again in seventh spot.

But despite this change in positions in the standings, the Oilers have gained a couple of games on the league leaders. Tonight they have a chance to improve that situation, as the opposition will be furnished by Herah Martin, popular hitting star of the Dukes. If the Oilers can capture this series they can do themselves a lot of good, and returning to their home field they are apt to do just that.

The Dukes will bring with them some of the best hitting power in the league in Les Mulcahy, Cliff McClain and Martin. They also have some of the best pitching in Tommy Breisinger, Frank Shone and Virg Butler. It will be up to the "Big Three" of the Oilers to stop these boys.

Howard Bass worked last night and consequently will most likely see no action against the Dukes. Payne and Parker will be ready with Seitz probably tossing the coin to see who will throw the final game of the series. His mound staff is in sad shape indeed, with only three dependable starters, and even they are starting to show the strain of the work unloaded on their shoulders and pitching arms.

Finally got a chance to play that golf match that Johnny Austin arranged with me against Specs Gammon, Amarillo sports writer. Suffice it to say that yours truly edged out a victory over the lad from the big city. But the big noise was made by Johnny Austin. With a junior sized gale blowing across the course and blowing those slices right back into your lap, Johnny toured the par-71 layout in just 70 blows, one under regulation.

Austin picked up his first bogey on the sixteenth hole, but had enough birdies to cover that one some birdie two on the seventeenth and came into the clubhouse with his second bogey of the afternoon.

With any kind of luck, Johnny would have soon been in with a total in the high sixties. He had some tough luck on some wind-blown shots. Paul Huntington, who accompanied us on the windy venture, didn't do too badly either. He turned in a very respectable 76. Also making the tour of the course were Malcolm Douglas and Rusty Ayers and Johnny Ussery, the latter two Borger sportswriters. Johnny Ussery will be remembered by you football fans as the Phillips Blackhawk ace utility backfield man. Johnny plans to attend Frank Phillips Junior College in the fall, at last reports.

The boys were all greatly impressed by the playability of the local course, and the fine condition that Johnny Austin has kept it in. But what probably pleased them the most were a few little tips that Johnny gave them to improve their games, sending them all home happy.

**CHARLIE GRIMM**, ex-manager of the Chicago Cubs, tells about the base runner who once disregarded the signaling of Coach Roy Johnson, then managing Tulsa.

The runner tried to score from second on a sharp single to right, despite Johnson's frantic efforts to stop him. As he slid for the plate his spikes caught and he broke both legs. While he lay there Johnson came storming up and fumed: "You dumb son-of-a-bitch! If I had a pick and shovel I'd bury you right there."

**ANSWER:** Of the 15 American League pennants won by the Yankees, Miller Huggins guided them to six, Joe McCarthy headed eight and Bucky Harris one.

**IT NEVER FAILS:** Just when I go through all of the league's box scores and figure out how many fine pitching jobs have been turned in thus far this season the roof falls in. In Sunday's games there was a total of 114 runs and 135 hits made in five games. THEY'LL DO IT EVERY TIME.

**Paris Whitewashes Tyler 2 to 0**

By The Associated Press

Marshall, Paris and Kilgore are virtually tied for third place in the torrid East Texas League baseball race, three games behind league-leading Longview. Gladewater is in second place, a game and a half from the top.

Longview downed the Henderson Oilers, 6-4 last night. Gladewater defeated Bryan 5-3. Kilgore dropped Marshall out of undisputed possession of third place by taking a 3-2 decision. And Paris whitewashed Tyler 2-0.

Marshall is only one percentage point ahead of Paris and Paris is one point above Kilgore. A triple by Jack Jones scored two runs in the fourth inning to give Longview the victory over Henderson.

An Yaxian buried tight ball

## 'Upside Down Club' Has Rough Initiation Ceremony

KANSAS CITY — (AP) — The "Upside Down Club" is a rare fraternity that has no membership dues and no officers.

The initiation ceremony is completed when the driver of a mid-get car crawls from under his overturned racer. A number of lads fail to get out under their own power, some half dozen losing their lives annually in this precarious occupation.

Vito Calla, a 35-year-old Kansas Citian, is practically a charter member of the Upside Down Club. He's been driving the money track for 14 years, taking time out of course, for the mending of broken bones.

Vito is one of the estimated 2,500 mid-get car drivers who stick out their necks — literally speaking — from one to seven nights a week on the 110-plus tracks in the nation.

Like most of the fellows behind the wheels of the powerful Offenhauser and souped-up Ford-powered midgets, Calla's background dates back to work as a mechanic. His first race was in 1935 at Sioux City, Ia., in his own outboard no. 9. His car flipped over, but he got only a broken nose for that one.

"I just about got mine in St. Louis back in 1942," Calla said. "Front wheels locked on the second turn and the next thing I knew I was in a hospital."

Out of that one Calla got a triple fracture of the jaw, a mangled collar bone and five months in bed. He still has only partial use of his right arm.

He got it again in 1946 when his Ford-powered midget threw a rod at Wichita, Kans. The hot oil bath from waist down laid up Calla for months.

Calla, mild mannered and completely devoted to his wife and four children, was asked why he followed so dangerous an occupation when there were other ways

## Gassers Purchase Matthews From Clovis Pioneers

BORGER — The Gorgor Gassers have purchased big left-hander George Matthews from the Clovis Pioneers, it was announced here last night. It was a straight cash deal, no players being involved.

Matthews has long been one of the best left-handers in the league and will greatly strengthen the Gassers in the spot that they need the most help. They are already leading the league in hitting.

Matthews had a record of 9 wins and 11 defeats so far this season with the last place Pioneers.

## Credit Restelli For Rush of Bucs

By ROBERT SUNDY  
AP Newsfeatures

PITTSBURGH — You can give a bespectacled Italian from California most of the credit for pulling the Pittsburgh Pirates out of the dumps and the National League cellar.

Dino Restelli, the Bucs' new 24-year-old hitting star, isn't the whole team, of course. But, oddly enough, much of his help has come a flock of California teammates.

The quiet, powerful rookie came up the hard way. Restelli got his first chance with the San

Dino Restelli

Francisco Seals in the Pacific Coast League. That was in 1944. He was batting better than .300 and talent scouts were glued to him when he was called into the Army the same year.

The real struggle came after his discharge in 1946. Here's how he describes it:

"The end of the war sent swarms of players back to their clubs. The Coast League was loaded and players were hard to get back into the swing."

Last year Restelli returned to his old batting pace. His batting earlier this season prompted a Buc spokesman to label his purchase — for an undisclosed sum and two players — one of the "most promising in years."

Another Pirate from the same state, and whose ancestors claim the same old country, is Vic Lombardi. The Bakersfield player stacks up as a real diamond oddity — a hitting pitcher. Besides his respectable hurling record, Lombardi's been hitting as high as .391.

Six other players from California are important cogs in the current Pirate resurgence — Ralph Kiner, Wally Westlake, Ernie Bonham, Cliff Chambers, Bill Werle and Eddie Bockman.

The Golden State has always bred a rich strain of Italian baseball greats. A few of note are Joe and Dom DiMaggio, Tony Lazzeri and Frank Crosetti.

And if the English translation of Restelli bears significance, the Pirates' Italian is destined for even greater doings. Dino explains it a little bashfully:

Restelli, in Italian, means, "King of the Stars."

for Gladewater, doubled in two runs and scored a third tally in the second inning to lead the Bears to victory over Bryan.

Merv Comors scored the winning run for Kilgore in the eighth inning on a fielder's choice to squeeze by Marshall.

Paris counted ten times in the third inning in swamping Tyler. The Panthers banged out 19 hits.

## Hole-in-One Has 10,486-to-1 Odds

By LAWRENCE ROBINSON  
NEA Special Correspondent

NEW YORK — (NEA) — A hole-in-one can be tailor-made. This has been demonstrated on five occasions, and on five holes, in the 15-year history of the New York World-Telegram's Hole-in-One Tournament.

The first ace was made in 1933 by veteran Jack Hagen, and stands as the most famous. Hagen was the first player to tee off, and he holed out on his third of the five allotted tries on the old Salisbury course, now Nassau County's public golf plant.

In 1936 the tournament, growing ever larger each year, was moved into the three geographical divisions of the metropolitan district, as will be done this year. Aug. 1 and 2 at Lee Wood G. C., Tuckahoe; Aug. 3 and 4 at Forest Hill Field Club, Bloomfield, N.J., and Aug. 5, 9, 10 at Bayside Links, Bayside, L.I.

After Hagen's miracle shot, the field settled down to a long period of access play with the nearest shot a four-incher by Dell Sharbutt in 1936.

Then in 1937 lightning struck not once but twice in sharp succession. The first ace flew from the No. 5 iron of Franklin A. Schriber, Middletown, N.Y., lower-handicap player in Orange County, on the fifth hole at Forest Hill.

The very next day, at Lee-Wood, a tall, muscular telephone engineer who plays golf in the 90s, T. Arthur Menzer holed out a No. 9 iron shot on his fourth try.

Then came another wait until in 1941 the special hole built by Walter Greig at Bayside was a ace. Oscar Goetz, who competed in the first tournaments (and was third the year Hagen holed out), let fly with a No. 7 iron. The ball hit to the left of the cup, took backspin, whirled sideways and dropped out of sight.

The fifth and final ace was produced two years ago, on the special hole at Forest Hill by the home club pro—Emery Thomas, who won the New Jersey Open the other day. Thomas was competing in his first ace tournament, having qualified only that year by holing out in a state tournament.

This 1949 tournament starts with the odds standing at 10,486 to 1.

If you ever have made an ace you are eligible for the tournament, which attracted 1120 starters in 1948.

**Texarkana Takes Over Top Spot in Big State**

By The Associated Press

The Texarkana Bears took over first place in the Big State League race when the Austin Pioneers dropped a 7-3 decision last night to the Greenville Majors.

Texarkana downed the Gainesville Owls, 10-5 to grab a half game lead over Austin. The third-place Wichita Falls Spudgers dropped a 9-4 decision to the Sherman-Denison Twins. And the fourth-place Waco Pirates edged the Temple Eagles, 2-1.

In the ding-dong Texarkana-Gainesville tussle, the Bears tallied two runs in the eighth inning to ice the contest. The tallies came on Milan Vecelich's single, a double by Bob Hyatt and a single by Lou Fitzgerald.

Gene Hodges' two-run homer in the second frame and a four-run rally in the fifth gave Greenville the verdict over Austin.

Waco squeaked by Temple on Clarence Phell's single with two out in the last of the ninth, scoring Bud Upright with the winning run.

Sherman-Denison tallied six runs in the second inning.

Clark Griffith fired Mickey Haefner for "an indifferent performance."

That better not be a precedent — else there'll be very few players left.

In short, Mickey got a Mickey.

## State Semi-Pro Meet To Start Friday

SAN ANTONIO — (AP) — The 1949 state Semi-Pro Baseball Tournament gets underway here Friday.

The winner of the tournament will represent Texas in the national semi-pro meet at Wichita, Kans.

Monty Stratton, former Chicago White Sox pitching ace who lost a leg in a hunting accident and then made a dramatic comeback as a minor league hurler, will pitch for the Seguin team in the tournament.

Conroe is the defending champion.

The tournament will be held at Richter Field, regularly used as a semi-pro diamond. It was originally scheduled to be played at the Fort Sam Houston field, but the Army withdrew the diamond in accordance with a ruling that the Service could not lend its facilities in competition to civilian enterprise.

Jerry Felts, state semi-pro commissioner, said he tried to rent the San Antonio Mission, Texas League park, but that the rent was too high.

The Nation's Press

By President Truman had been perfectly frank, he would have said in his mid-year economic report, "The problem which confronts the country is how to stop the business recession I so completely misunderstood and have done so much to bring about and intensify."

Where would the country be now if Congress had yielded to his demand that his economic plan be speedily adopted? He insisted in January and repeated the demand often since that time he increased by 4 billion dollars, to be collected chiefly from corporations. Any increase in business taxes would have removed the incentive for some of the capital expansion which has been taking place...

Don't take any kind of drug, no matter how harmless they may seem, on your own advice. Don't take a drug handed out by a sympathetic friend. That friendly gesture may be harmful. See your physician if you can't sleep. Let him discover the cause of your wakefulness.

Refuge

By Mildred Coon and Harwood White - Mrs. Everson, a wealthy woman, Mrs. Everson, who believes she has the world's wealth, has had Mrs. Margaret Malone, a former Mrs. Everson, as her party to a "piece of safety"...

EARLY in the afternoon of the third day, as the trailer caravan passed through a small town, Rudy stopped at a garage and went into a huddle with the mechanics. The three men listened to the big truck's engine with the solemn dignity of surgeons about to perform an appendectomy...

WASHINGTON (NEA) - President Truman's latest economic report to Congress looks considerably different from the report of last January... The President is still for both of these things, though he doesn't refer to the farm plan as being Secretary of Agriculture Charles F. Brannan's. The President merely calls it "an improved program of farm income supports..."

Comedienne puzzle grid with clues: 14 Depicted comedienne, 15 Swift, obstructed, 16 Electrified, 17 Girls suffix, 18 Earth, 19 Misplace, 20 Greek portico, 21 Famous English school, 22 Ohio city, 23 Passage in the Storehouses, 24 Makes into law, 25 Reiterate, 26 Playthings, 27 Uninspired, 28 Indian masonry, 29 Apud (ab.), 30 Hebrew letter, 31 Symbol for cerium, 32 Type of cheese, 33 Caterpillar, 34 Recipient, 35 Caterpillar, 36 Painful, 37 Ultimate, 38 Dissolve, 39 Exclamation of sorrow, 40 Puffs up, 41 Ameliorate, 42 Conducted, 43 Bargain, 44 Events, 45 Age, 46 Indonesian of Mindanao, 47 Horse's gait (pl.), 48 Test

her face chalk-white, her eyes burning like a tiger's. Every few minutes she glanced at her watch, or swiftly up at the sky. The job was finished in record time. Then she relaxed, became suddenly gracious and added a bonus to the bill. But the mechanics refused it. "No thanks," they said...

## Texas-Okla. Wheat Program Will Offer Wheat Premiums

Flour mills desiring to pay the wheat grower for his greater percentages of strong gluten wheat and to stimulate continued improvement are announcing a schedule of premiums for wheat of the best milling and baking varieties. Each mill will make its own schedule public, but there is sufficient similarity to make possible a general announcement of the premiums according to K. E. Soder, director of the Texas-Oklahoma Wheat Improvement Program.

Central Oklahoma mills are taking the lead on this premium basis and include the Okeene Milling Company at Okeene, The Canadian Mill & Elevator Company at El Reno, and the Acme Flour Mill at Oklahoma City. Other mills are considering this basis and will possibly make an announcement later. The wheat will be bought on the basis of samples submitted in advance which will be analyzed by a disinterested variety expert and must be 95 percent or better true to variety.

The only varieties covered in this schedule include comanche, western, termarg, and turkey because they are the strongest gluten of the recommended varieties. The samples must test 12 percent protein or better and delivery must be on a specified date so that the premium wheat may be kept separate from the other wheat in the mill. The premium will be five cents per bushel to start with and will be paid from Aug. 1, 1949, to April 30, 1950. These same mills advise that they will not knowingly accept wheat containing over 10 percent red chaff or chieftan.

In Texas the only premiums currently being offered are being paid by the Morrison Milling Company at Denton. These Morrison premiums are one cent per bushel from 80 to 90 percent good varieties, two cents from 90 to 99 percent desirable varieties, and three cents for 100 percent pure wheat of the recommended varieties. There are no qualifications

## Summer Mulch on Garden Helps Plants and Planter

A mulch is a covering laid on the soil to protect the roots of plants. In the winter it keeps the soil from freezing, and in the summer it keeps the soil from becoming too hot. In a science garden operation under critical scrutiny, the rating of summer mulching goes up, as fast as that of cultivation comes down.

By spreading a mulch once, the gardener saves many hours of cultivating.

Mulching, say the research men, will do all the good that cultivation can, without doing any harm. For the leisure-time gardener this is all to the good. It combines leisure, which all gardeners enjoy, with better gardening—a rare look-up. And mulching becomes more popular, more mulches are being developed.

Latest is ground-up corn cobs, which florists are using in their greenhouses when they can get it at the right price. Corn cobs are a by-product of hybrid-corn seed plants, and are becoming plentiful and cheap where this seed is grown. Ground cobs are light, porous and weed-free. If applied four inches deep around tomato plants, or between rows, it will keep weeds down, let both air and moisture into the ground and prevent drying out. But when spread into the garden it will rob plants of nitrogen until it is thoroughly broken down; so extra nitrogen should be applied, say a pound of balanced plant food to 200 square feet.

The lovely thing about corn cob mulch is that it is good for the soil as well as for the directions say: "Spread it on the ground around the plants, and then leave them alone." No more hoeing.

Strange things have been discovered in tests of mulching. Ohio State University found that grass made a good mulch, growing between the rows. Instead of a hoe the gardener uses a lawn mower. Newspapers, many thicknesses deep, held down by stones, serve well. Lawn clippings, dried first

then spread on the ground, with the first layer hoed into the soil, are fine. Manure is excellent, except for its weed seed; others are straw, salt hay (weedless), peat moss, pine needles, cocconut fiber, saw-dust, burlap, dried leaves, and glass, yes fibre glass, which can be obtained in blankets to lay on borders in the fall and will last many years.

Remember, apply a mulch over moist soil. Soak the soil first in the summer. And remember that if the soil ever does dry out under the mulch, you may have to remove the mulch to soak the soil quickly. This is especially true of paper mulch and rocks, and concrete slabs, which are being used in some sections for modern garden effects.

## Ideas Presented on How To Prevent Haystack Fires

It's a good bet that every farmer in America today knows the meaning of spontaneous combustion, said an article in Dairy Digest.

Mows containing 10 tons or less are not likely to heat to a dangerous degree.

The USDA also says that salt has not proved satisfactory in preventing spontaneous combustion. Contrary to popular opinion, chopped hay will not ignite as quickly as long hay because it packs tighter and has a smaller oxygen supply. Hay in barns is more subject to heating than that in stacks—so windows and doors in barns should be open to allow the warm, moist air to escape.

Watch that match — it may catch.

Hoard's Dairyman tells of USDA recommendations that say hay should not contain more than 30 percent moisture when it is stored.

## Color and Fragrance Greet Visitor to This Dooryard

Color and fragrance will greet the visitor to a house with a dooryard garden planted according to the plan illustrated. Massed against the low fence are plants of the sweet tobacco, nicotiana, which is one of the most fragrant of all flowers. A bed as large as the one shown will perfume the evening air over a wide area.

Nicotiana and zinnias both germinate quickly and grow rapidly from seed. They flower from early summer until the plants are killed by freezing in the fall. The zinnias are ideal for cutting, as well as excellent for garden display. They can be used for bowl arrangements on the table, or vases in the living room.

## More Participating in Chicken-of-Tomorrow Event

Results of 1949's first 10 state Chicken-of-Tomorrow contests indicate greater participation and breeding efficiency than in any previous year since the nationwide effort to produce superior meat-type chickens began in 1945. Birds averaging more than five pounds at 12 weeks — something unheard of only a few years ago — have been judged in a number of the state trials.

John Haschke, Jr., and Western Hatcheries, Gonzales, took the A & P championship trophy on the basis of outstanding conformation and an average weight of 4.26 pounds. A Gonzales County Chicken Festival was held in conjunction with the state contest. Wilmet Dow, Waldoboro, placed first in Maine. His Rhode Island Red-Barred Rock cross entry averaged 4.26 pounds dressed and topped the birds of 10 other breeders in the state.

## Organic Matter Can Be Raised With Grass, Weeds

The recent rains have caused a heavy growth of weeds and grasses, which are good green manure crops, it was reported from the Roberts County Soil Conservation District.

Although these plants use moisture rapidly, they will build soil organic matter, it was said.

The soil conservation office said it is not necessary for the plants to be turned under. As long as the plowing kills the weeds, that is all that matters. If left on top of the ground, the weeds assist in controlling erosion and still give full value as a soil builder.

Experimental results consistently show vegetative residues increase the organic content of the soil just as much if left on the surface as when turned under. It was added.

Frank Moser, South Carolina Agricultural Experiment Station, found clover residue turned under raised the organic content from 1.75 to 2.52 percent. When left on the surface, the clover raised the organic content from 1.75 to 2.54 percent.

"Doc" Whitfield, Amarillo Experiment Station, said on continuous wheat from 1942 to 1948 it was found that mold board plowed land yielded 12.5 bushels per acre, one-way land 13.2 and sub-tilled land 15.1 as averages over the six-year period.

In 1948 the sub-tilled land plots were slightly higher in organic matter than the others.

Most of the district co-operators have found that a combination of the one-way and sub-tilled mixed ridges, works best. The soil conservation office concluded.

President Theodore Roosevelt entertained the famous Negro educator, Booker T. Washington, at a White House luncheon in 1901.

In a normal year, nearly three million tons of sheet steel are used in making tin plate for cans.

YOU CAN GET IT FOR A KWARTJE—Even American tourists are amazed to see this outdoor automat at the Zandvoort Beach near Amsterdam, Holland. Drop in your kwartje and take out your hot food or sandwich. A kwartje, incidentally, is the Dutch equivalent of a thin dime.

## Tractor Fuel Is Saved by 4-Hers

Two million gallons of tractor fuel will be saved this year by 30,000 4-H boys and girls as a direct result of putting into daily use practices recommended in the National 4-H Tractor Maintenance Program, according to a recent analysis.

Potential value of the program was estimated by an oil company official when he stated that if some three million American farm tractor operators had a chance to learn the 4-H way of tractor care, 200 million gallons of tractor fuel could be saved annually.

It was pointed out that in these days of declining farm prices, reducing labor costs by means of efficient tractor operation could make the difference between profit and loss in the farming business.

Texas 4-H Club members not only bring benefits to the farm through skillful tractor operation, but they also have an opportunity to compete for various individual awards. At the end of each year records are submitted to the extension office where they are scored on the basis of accomplishment. The Standard Oil and Gas Company, sponsor of the program in Texas, provides sterling silver medals for county winners; a trip to the National 4-H Club Congress in Chicago for state champions; and \$300 scholarships for 4-Hers having the best records in the nation.

Since the project was first inaugurated on a national scale in 1945, more than 110,000 Club members have learned how to keep a tractor in top-notch working order the year around. To do the job, 11,500 club leaders in 41 states were trained in special tractor clinics set up throughout the country for this program.

Herman Schneiderman, Gainesville, won Cooke County and state honors in 1948. Silver medals were awarded to 119 other county winners. The Cooperative Extension Service Supervises the program.

## Toxaphene Demand Is Increasing In Cotton-Growing States

Greatly increased demand for toxaphene in cotton-growing states, and areas threatened by grasshoppers indicate that farmers are alert for insect invasions that already have begun in some places and probably will occur during the summer.

Toxaphene users haven't been upset by "insecticide alarmists." Farmers who are counting on toxaphene to help them have a big harvest realize that by exercising a little common sense, reading directions carefully and following the advice of their extension entomologists and their county agents, they can enjoy the benefits of insect control obtainable with toxaphene.

In an article in a recent issue of News Digest, it says this is the time for farmers and ranchers to keep on the lookout for insects. Grasshoppers feast for their cotton, corn, tobacco, peanuts, oats and other crops; ranchers for their rangelands.

In increasing numbers they are depending on toxaphene poison as a powerful ally in the war on pests.

## Jewels Tumble From Old Chest

MARGATE, Eng. — (AP) — Mrs. Franke Mackie, cleaning her attic found a dirty napkin pinned together in the drawer of an old chest.

She undid it and out rolled \$20,000 worth of rings, brooches and bracelets set with rubies, emeralds and diamonds.

Her husband decided it must be the loot from a 1937 jewel robbery at the Queen's Hotel, where he was night porter. He was given the chest after the hotel closed in 1939 but had never thought to look inside.

Mackie turned the jewelry over to Police.

## Allergy to Spouse Not Divorce Grounds

LOS ANGELES — (AP) — She may be allergic to her husband, but that's not grounds for divorce.

"Everytime I got near him I broke out in a rash," Mrs. Joyce Holdridge, 37, testified. "It was painful, too."

## Take Home News Along on YOUR Vacation!

THERE'S only one sure way for you to keep in touch with all that happens back home, and around the world, and that is to have your OWN newspaper arrive every day at your vacation address. Not only will it bring you the home news you're eager to read, but all the comics, columnists, cartoons and other features which are daily favorites with young and old alike.

This enjoyable vacation news service is yours for the asking! A few days before you leave, order this newspaper sent to your vacation address! Just tell your carrier—or notify our office—where to send it, and when to resume home delivery. Then, where ever you spend your vacation, this newspaper will be a welcome daily visitor, adding to your enjoyment of a well-earned holiday!

### Newspaper Jobs Scarce For Women

By MARTHIA COLE  
DALLAS — (AP) — It's getting harder and harder for a woman to find a job, the president of the national honorary fraternity for women in journalism said Monday.  
That's why the fraternity, Theta Sigma Phi, is starting an employment service to find work for young women journalists. Miss Janette T. Harrington of Philadelphia, Pa., national president said.  
Miss Harrington was in Dallas for the national convention.  
"It's always been true that a woman is not particularly welcome in a newspaper office," Miss Harrington said. "During the war they filled in for the men. Now when a woman leaves, she is replaced by — not another woman but a man."  
Miss Harrington said the national fraternity would try to help women find new jobs and jobs better than they have.  
"We don't mean to set women apart," she said. "A good newspaper woman has the same ability and good qualities as a good newspaper man."  
Miss Louise Denny of Los Angeles, national vice president of the fraternity, believed women had some special good qualities men don't have.  
"They're better listeners," she said. "They're more conscientious. A man is casual about a follow-through. A woman is afraid that if she doesn't tend to all the details she'll lose her job."  
Miss Harrington said Theta Sigma Phi would plan a program at this convention for improving the status of women in journalism both through training and a broadening of the scope of opportunities. Radio and television, she said, were natural for women.

**MURPHY SUCCESSOR?**—Rep. Stephen Young, Ohio Democrat, said he would suggest to President Truman that U. S. Circuit Judge Florence E. Allen, above, of Cleveland, O., be appointed to the vacancy on the Supreme Court caused by the death of Justice Frank Murphy. If appointed she will be the first woman in U. S. history to occupy such a position. She was the first woman to become a common pleas judge, a state supreme court judge, or a circuit judge.

### Miami Church Buys New Organ

MIAMI — (Special) — Miami Baptists have purchased a new Hammond electric organ for installation in the First Baptist Church as soon as repair work in the church is completed.  
The interior of the building is to be replastered and redecorated and hardwood floors will be laid preparatory to installing of the organ.  
Miss Juanita Haynes, daughter of Mr. and Mrs. R. B. Haynes, who for some years has taught music in Seagraves schools, plans to be in Miami this winter and will be organist for the church.

### World War I Hardtack Serves As Birthday Cake

J. Koonce, superintendent of schools here, celebrated his son's 1st birthday by opening of a tin of hardtack almost 31 years old.  
The eight-ounce can of World War I biscuit ration was found to be perfectly preserved when it was opened to mark the birthday of Riley Koonce, Jr.  
On Nov. 8, 1918, at d'Arques, France, the elder Koonce, along with his Mississippi 140th

### More Than 150 Books Added to Public Library

More than 150 books have been added to the shelves at the Pampa Public Library since June 23, Mrs. Lillian Snow, librarian, said.  
"The library recently purchased 50 books and more than 100 have been donated," she said. "One benefactor gave 46 fictions and seven non-fictions for which we are appreciative."  
One of the latest additions to the shelves is "The Permanent Goethe," edited and introduced by Thomas Mann. The book is a selection of Goethe's poems, ballads, drama and fiction. Goethe is written up in the July 25 issue of Life.  
Other new books at the library include: "The Chain," Paul Wellman, a story about a clergyman from Jerico, Kans.; "Aunt Bell," Guy McCrone, which is about a social arbiter and tactician; "The Spell of the Pacific," romance and adventure story; "Roosevelt and Hopkins," Robert E. Sherwood; "Behind the Curtain," John Gunther, who is a reporter in Europe; and "Low and Inside," Ira L. and H. Allen Smith, baseball stories.

### Implement Firm Starts New Building

CANADIAN — (Special) — Canadian Implement Company is constructing a new 606 by 120-foot building on N. E. Second—just beyond the former Modern Lumber Company.  
The building will be all steel except the 120-foot front which will be of masonry. The building is to be ready for occupancy the latter part of September.  
Canadian Implement Company is sales and service representative of International Harvester Company products. The firm is owned by Russell Carver and Jack Yolkey, and has been in its present location at First and Main for several years.  
Carver and Yolkey purchased the business from B. M. (Bassett) Bryant in August, 1945.

### Fat Is Not a Nice Word When Applied to the Body

Don't say it's your thyroid while reaching for the box of chocolates. Possibly one bulgy person in 100 has some glandular disturbance and that is truly a case for a physician. Never take any treatment for a gland condition without your doctor's advice. But for the other 99 per cent who are trying to fight the "Battle of the Bulges" common sense is the watchword. It is not necessary to overeat and it is not necessary to go hungry, either. Furthermore, it just doesn't make sense to go on a strenuous diet—take off weight and then quickly put it back on again when the diet period is over. For it is obvious that one cannot continue a starvation diet over a protracted period. Within the last year or so, several diet and vitamin "plans" have appeared on the market, which means cut down on the food intake and fortify with vitamins for hunger distress. But as mentioned above, you can't keep this up very long and when you quit—back comes the fat.  
An exhaustive survey recently showed one outstanding reducing aid is not based on the diet and vitamin "plan." It allows you to eat plenty. You eat all you want but you eat LESS. Sounds like double talk, but it isn't. It definitely stops you from eating more than necessary for the energy you spend. At the same time, it dehydrates and eliminates.  
Nearly one and a half million bottles of this preparation, called Barcenrate has been sold in Texas in the past four years.  
You can get a four-ounce bottle of Barcenrate from any Texas druggist. Mix with 12 ounces of canned grapefruit juice and take just two tablespoonful twice a day.  
If the very first bottle doesn't show you the simple, easy way to lose that ugly fat, the makers agree to refund your money.

1949 MERCURY SPORT SEDAN  
White side wall tires and rear wheel shields optional at extra cost

## —inside and out—

THAT'S WHAT OWNERS CALL THIS POWERFUL NEW 1949 MERCURY!

FROM massive hood to luxurious interior, this big new 1949 Mercury was designed to be the best-looking car on the road—by far! And it is! It's far and away the *thriftiest*, too! And the biggest value with all these features:  
A powerful new 8-cylinder, V-type engine with plenty of "get-up-and-go"! Front coil springing! A restful "comfort-zone" ride! Easier steering! "Super-safety" brakes! Plus the luxury of foam rubber-cushioned seats!  
So make your next car Mercury! Liberal trade-in! Easy terms!

# Make your next car the proven 1949 MERCURY
