Steel Seeking Top Production After Billion-Dollar Stoppage

PITTSBURGH—(AP)—Back to work parades of cheering thousands put America's economic lifeline—steel—back in business after a 42-day strike costing nearly a billion dollars.

Smoke belled from mill stacks across the country. Workers celebrated and then geared the giant industry for top production early this week.

The CIO United Steelworkers who won their insurance and pensions started sweeping scattered holdout firms into the contract fold. Fewer than 100,000 are still idle out of more than 500,000 who struck Oct. 1.

All top producers now are signed. The government said there is no steel crisis since production quickly goes back to near normal.

Some of the little fellows haven't signed. But Union President Philip Murray predicts 90 percent of the industry will be under contract by Monday.

Contract talks went on in Pittsburgh, the union signed two Mid-Western iron mining firms—Ogebay Norton Company and M. A. Hanna Company employing 4,400.

Major holdouts include Al-

legheeny-Ludlum, 12,500 employees. Crucible Steel, Pittsburgh Steel, Sharon (Pa.) Steel and Wheeling (W.Va.) Steel. Algeheeny-Ludlum and Wheeling are near agreement.

Here are the results of America's most costly steel strike: Steelworkers obtained \$100 a month company financial pensions including Social Security. They also got a five-cent hourly insurance program in which they pay half the cost.

The nation lost on conservation estimates \$725,000,000 in steel wages and steel production, other hundreds of millions indirectly.

U. S. Steel President Benjamin F. Fairless, who spearheaded industry's fight against free insurance and pensions which the workers demanded, said he welcomed the accord.

The actual signing of the U. S. Steel contract Friday night was dramatic but anti-climactic.

Stockpiles of the vital metal are critically low in many fabricating and manufacturing industries. Some of these— including the vast automobile industry—will have to continue curtailed operations until steel output gets back into full swing.

Lewis' miners ended a ten-day strike. They will go back in sporadically at least— their strike having in full force Monday. Their return will solve another problem which faced many steel mills— lack of fuel.

Operators Say Dec. 1 Strike 'Unthinkable'

WASHINGTON—(AP)—Coal operators said yesterday another strike Dec. 1 is "unthinkable." They counseled John L. Lewis that his own men are "willing and eager" to dig coal—and so are a lot of others.

Speaking up as the months-old deadlock with the United Mine Workers chief continued, JOHN D. BATTLE, executive vice president of the National Coal Association, charged that Lewis is "destroying the markets for coal, thereby destroying their jobs."

Lewis has not been willing to consider operators' proposals, and he has not presented any basis on which the industry could operate, Battle contended.

"Recent events furnish abundant evidence that the men are willing and eager to work at what they know are the highest wage rates of any workers in America," the statement said.

Quoting Lewis as saying he knows of no one who wants to be a coal miner except those now mining coal, Battle said this shows ignorance of conditions in the coal fields and added: "The truth is that there are a large number of men today on the waiting lists at the coal mines seeking employment."

Lt. McClure announced Friday that Lt. Col. John A. Morrison, Texas divisional commander, of the Salvation Army, Dallas, will be on hand for the kickoff breakfast.

"Recent events furnish abundant evidence that the men are willing and eager to work at what they know are the highest wage rates of any workers in America," the statement said.

Red Offers Open Door to Atom Control

LAKE SUCCESS—(AP)—Andrej Y. Vishinsky said yesterday the Soviet Union has offered to open wide its doors to international atomic control and inspection.

The Soviet foreign minister firmly told the special Political Committee of the U. N. Assembly, which the U. S. never would give up one bit of its soil to ownership of any international commission.

He said also, in a wrap-up speech on the atomic question for the Soviet Union, that Russian requirements for atomic energy are "ramorous, and they are growing."

Assistant Secretary of State John D. Hickerson told the committee Friday that the United States is sending isotopes, radio-active tracer elements for research, to some 30 countries.

Vishinsky said statements had been made to him about moving mountains with the help of atomic energy. He said someone perhaps thought of a report in a German paper but that he had talked of blowing up mountains, razing them.

"More—More" was still echoing through the American Legion Hall early this morning as the Barbershoppers tried desperately to conclude their third annual Parade of Quartets.

The parade, sponsored by the local chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., started at 8 p. m. yesterday at the Junior High School Auditorium and was concluded at the Afterglow following the performance.

Favorite throughout both shows was corn comedy comedian Professor Louie Freeman "the pride of Oklahoma," who added as much merriment as anyone to the show.

Specializing in comedy and comedy impersonations, "Oklahoma's Rural Philosopher" imitated soprano, baritone, concert and swing soloists. Besides his piano playing, he added gag after gag, wisecrack after wisecrack to help keep the show rolling.

During shows Freeman is dressed to look a bit morose, but in real life he is a distinguished looking gentleman. He is a vocational agricultural teacher at Jenks High School in Oklahoma.

He started entertaining when he was a student at Oklahoma A&M and hasn't given it up. He recently has appeared at conventions in Denver, Tulsa, Oklahoma City, Lincoln, Kansas City, Wichita and Topeka.

Although the professor was a good, he by no means stole the show. The parade and the Afterglow were as successful as any ever held in Pampa.

The combined Tri-City and Top of Texas Chapters of Berger and Pampa opened the show with "Keep America Singing," directed by A. D. Eastman, Borger. "Cruising Along in My Old Model T," and "In the Evening by the Moonlight," directed by R. R. Shultz.

The Shultzers, Pampa's latest Barbershop quartet, were favorites with their "Cavendish in the Morning," "Mister Moon" and "The Way You Roll Your Eyes." The quartet is made up of John Locke, Cameron Marsh, Bob Buzbee and Dick Karal.

Flying L Quartet, Tulsa, and the Borsome Foursome, Oklahoma City, both were big hits with the audience. Flying L personnel includes George McCaslin, Dr. R. D. McCullough, Gene Earl and Fred Graves. Britt Stegall, Clarence Sloan, Ernie Dick and Hank Wright make up the Borsome Foursome.

New Airline Will Begin Tomorrow

A caravan of airplanes will arrive at the Pampa Airport at 2:10 p. m. tomorrow to participate in the inaugural flight of Central Airlines through Pampa.

The inaugural flight plane will start in Tulsa and will make landings at Bartlesville, Enid, Pampa and Amarillo.

Aboard the plane will be Central Airlines officials from Fort Worth, including: Keith Kahle, president; R. E. Harding, Jr., chief of operations; Jack Lenox, public relations and traffic manager; and Sam Turner, chief pilot.

Bill Berry, assistant regional administrator of the Civil Aeronautics Bureau, will be the honored passenger.

Regular air mail and passenger service will begin Tuesday, when the scheduled flights start. Four planes will arrive here daily, seven days a week.

Eastbound planes will hit Pampa at 7:55 a. m. and 1:55 p. m.

Yugoslavia Junks Pact With Albania

BELGRADE—(AP)—Yugoslavia junked her treaty of friendship and alliance with Albania yesterday, ten days after diverting virtual ultimatum to her little southern neighbor.

Marshal Tito's government charged that Albania, goaded by Russia and her Eastern European dependencies, committed unfriendly acts.

In a note Nov. 2, Yugoslavia sharply told her to stop these hostile gestures and to live up to their 1947 friendship treaty. A reply was demanded "within the shortest possible time."

Albania ignored the demand. It was the first time Yugoslavia (See YUGOSLAVIA, Page 6)

hardiest "naturists" into long underwear. But the BSBA hopes next summer will be the best ever for the one out of every 1,000 Britons who stretch to frolic naked in the sun.

Mrs. Sylvia Bassam, 34, pretty Canadian-born secretary of the BSBA, says the association is campaigning for three things:

1. The legal right to bathe in the nude on approved public beaches;

2. More young women nudists;

3. To teach skeptics that "naturism" is "a healthy, wholesome way of life followed by intelligent people."

Mrs. Bassam, whose own sunbath, she affirms, stretches to broken from top to toe, says British nudists don't want mixed bathing with nudists and non-nudists taking the sun together. They want certain public beaches set aside.

The BSBA doesn't even like getting in swim suits.

Its insistence on complete nudity for all posed a problem this summer at a club near London. Naked customers in the restaurant couldn't tell who were the waitresses. They were unclothed, too. The hired help were given warnings.

At that club's entrance a sign proclaims: "This is a secluded pleasure in the heart of the woodland, remote from the busy haunts of men." There, as elsewhere, members swim, play tennis and picnic under the trees, wearing not a stitch.

Biggest pain in the neck for British nudist club directors, Mrs. Bassam says, is the imbalance of sexes. Far more males than females join, the ratio being about four to one.

"We get many many applications from single men but not enough from the right-type girls."

The BSBA and some other nudist groups are preparing a black list of undesirable characters who have been trying to muscle into the movement with unworthy motives. But the problem is not very acute. Mrs. Bassam said, nudists being a cut above the average in morality and integrity. So far the black list contains fewer than ten names.

The BSBA prizes propriety above all. No beer or liquor is sold at the camps, although many of the members love their pint of mild and bitter.

"If clubs applied for drink licenses, some people might think we're going in for orgies," explained Mrs. Bassam.

Doctor 2108 Quits English Health Service

TUNBRIDGE WELLS, Eng.—(AP)—Doctor 2108 quit the tax-supported national health service Saturday and went back to private practice as Dr. E. F. St. John Lyburn.

"I revolt against the antiquarian methods of medicine as practiced in this country," Dr. Lyburn told reporters.

"The 66,500,000 pounds sterling (\$186,200,000) spent on useless pills and bottles of medicine under the act has been tragically wasted," he said, adding that it should have been spent on "good modern sensible equipment."

He said that when the new state medical service began July 5, 1948, he was the first doctor to announce publicly he would

All Saved as Luxury Yacht Is Beached

ACAPULCO, Mexico—(AP)—"Corsair," once the \$3,000,000 yacht of the late J. Pierpont Morgan, had a midnight harbor shipwreck here with 46 passengers aboard.

There were no casualties and no panic but the luxury cruise boat is beached with a long tear below the water line on her port (left) side.

The passengers, few of whom had gone to bed, were taken off in life boats to the beach a few hundred yards away. The 52 officers and men of the crew shepherded the passengers to their boat stations, helped them don life preservers and lowered the boats quickly to the calm

(See MORGAN, Page 6)

Nudism Is Booming in Britain

LONDON—(AP)—Nudism is booming in Britain. More people are walking around naked than ever before.

Not in public, of course—the law frowns on that—but in flourishing "naturist" camps scattering throughout the country.

Leaders of the open-air cult say happily they've never seen anything like it.

Britain's few hundred timid pre-war nudists have grown into a lusty movement of 50,000 strong. In 1938 there were 20 nudist clubs. Now there are 60. Many non-club "naturists" enjoy life in the raw in the privacy of their own homes and gardens.

The British Sun Bathing Association (BSBA)—highest nudist group—has just voted to incorporate nudity. It's forming a limited company of 200 shareholders.

Right now the clammy British winter has driven all except the

Barbershoppers Have Another Success in Parade of Quartets

Stegall, lead, sang several solos at the Afterglow, where members of all visiting quartets and their wives were entertained with a feed. Each quartet in the show sang several additional selections and made the Afterglow as long as the parade itself. About 300 attended the after-the-parade musical.

Other out-of-town quartets participating were the Four Minors, Amarillo; Turner Tune Twisters, Borger; Cavern City Four, Carlsbad; and the Four Notables, Lubbock.

The Cavern City Four changed the pace of the original show when they gave out with their hillbilly comedy, "The Martins and the Cows." Also, their "Whiffole Song" seemed to be appreciated.

Pampa's Squawey Door Four, composed of Chick Hukman, Bunny Shultz, Red Wegworth and Dude Balthrope, brought forth the applause with "Dangerous Dan McGrew." "Someone Else Turned Up When You Turned Me Down" and "Goodbye Dixie, Goodbye."

Three numbers by the Melody Menders, Pampa, also "brought down the house." They were "Kentucky Babe," "Floating Down to Cotton Town" and "Coney Island Roundelay."

Master of the Knife—the Rev. Russell G. West Pampa Has a Number of Hobby-Hungry People—at Least Two Are Whittlers

By BUD ANDERSON News Staff Writer

A great number of hobby-hungry people around town collect stamps. Still another group collects matchbook covers.

Some people write for their avocation while others have adopted photography.

At least two in town whittle. The Rev. Russell G. West, pastor of the Church of the Brethren, and Perry O. Gaut, 807 N. West, are these masters of the knife.

Rev. West began his wood carving almost three years ago in a recreation camp in Indiana. Gaut, in turn, became interested in Rev. West's carvings and took a few lessons from the pastor. This was about a year ago.

Now both have a quite a collection of their work as is shown in the pictures accompanying the story.

According to these two, wood carving isn't as difficult as it might seem. They say it is just a matter of time and patience.

The first step, says Rev. West, is to select a suitable subject. For both men, animals seem to be first choice and the greater percentage of their carvings are some form of animal life.

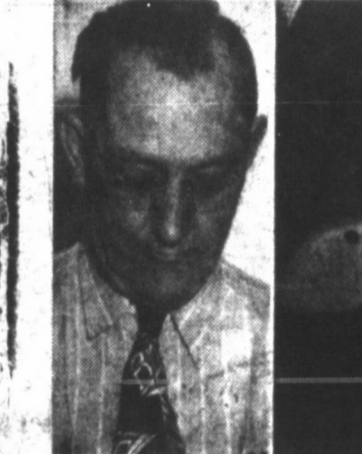

The selection of a subject is done by one of two methods: Finding a good subject in a book or magazine and tracing it for a pattern; or, making a pattern by freehand drawing.

The little pack mule shown in both pictures was copied from a book owned by Rev. West. The mule was carved separately from the base and the burden on its back. When it was finished, the other parts of the figure were carved and added to make a complete carving.

After the subject has been selected, the pattern is traced on a block of wood which has been selected for that particular carving.

As for selecting the block, Rev. West said that white pine is usually best because of the softness. The grain of the wood isn't too much harder than the other part, therefore making the carving much more easy.

Beautiful results, however, can be had by selecting material (See PEOPLE, Page 6)

Salvation Army's Fund Drive Begins Tuesday at Breakfast

Workers from the city's civic clubs will "kick off" the Salvation Army's drive for \$7,000 operating fund at a breakfast Tuesday morning at 7:30.

To hand out instructions at the American Legion-VFW Hall meeting will be Lt. Fred McClure, officer in charge of the Army's work here.

The Army hopes to get an additional \$2,500 from contributions outside Pampa, and \$4,500 from contributions and direct sales of the War Cry, Salvation Army religious publication.

The drive is spearheaded by the Army's Advisory Board. A. A. Schuneman, chairman. Mrs. Mildred Lafferty is vice chairman, and Mrs. Frank Lard, secretary-treasurer.

Other members of the board are: Mrs. Dick Hughes, H. A. Doggett, Dick Bruce Parker, Jack Graham, Howard Vineyard, Ivey Duncan, J. W. Garman.

Justice of the Peace Ham Hefington said young Crawford was shot while he was "twirling or playing with his father's pistol in some manner."

The shooting occurred on the Alfred Barton ranch, 15 miles northeast of this Central Texas town at 10:30 a. m.

Crawford, his son, and a number of other Longview residents had come to the ranch for a deer-hunting trip.

Hefington said this happened: Most of the party, including the sheriff, were out hunting. The sheriff, however, was near the lodge.

Young Crawford was standing beside a car. He had his father's subcompact .38 caliber pistol. Witnesses were Roy Jones, about 18, of Longview, a member of the hunting party and two cooks, Gerald Newton and Connie McGill.

All said the sheriff's son was twirling the pistol and playing with it in some manner, Hefington said.

Suddenly the gun went off, and young Crawford fell. It is entirely possible the boy was killed instantly, the justice said.

The bullet went through the top of his right ear, passed through his head and emerged four inches to the rear of the top of his left ear. The right ear was badly powder-burned.

The boy's aunt, Mrs. Hazel Lindsey, resides on the Gulf-Worley Lease south of the city. Mrs. Lindsey is a sister to the boy's father.

Boy Shot in Hunt Mishap

BURNET, Texas—(AP)—James Crawford, 17, son of Sheriff Noble Crawford of Gregg County, accidentally shot himself to death with a pistol near here yesterday.

Justice of the Peace Ham Hefington said young Crawford was shot while he was "twirling or playing with his father's pistol in some manner."

The shooting occurred on the Alfred Barton ranch, 15 miles northeast of this Central Texas town at 10:30 a. m.

Crawford, his son, and a number of other Longview residents had come to the ranch for a deer-hunting trip.

OPEN HOUSE TO CONCLUDE EDUCATION OBSERVANCE

Open house at 7 p. m. Tuesday at the High School will climax this year's American Education Week.

Making Democracy Work, Frank Wilson, principal, said yesterday.

Sponsored by the faculty and the students, the open house will start in the homerooms. Parents and High School students will visit the homerooms, where the teachers will present them a schedule of teachers and room numbers.

A program will be presented at 8 p. m. in the High School Auditorium, with Bob McPherson, student body president, serving as master of ceremonies.

The 67-voice A Cappella Choir, under the direction of Kenneth Baumgardner, will present five types of choral music—sacred, foreign folk song, popular, American folk song and Negro spiritual.

Most of the students in the choir have had two or three years' choral experience. Tuesday's performance will be its first appearance before the general public this year. It has presented programs at the elementary schools and at the Lions Club.

The student program will be opened with the presentation of the colors, with Robert McDonald as bugler. Wilson will give the welcoming address and Miss Beverly Brandt, Senior, will explain the purposes of American Education Week.

After the program the visitors will be invited to attend a social hour in the cafeteria where the teachers, parents and students will get better acquainted.

"We believe that a friendly and harmonious relationship among the students, their teachers and their parents makes for the successful operation of our school," Wilson said.

Tuesday's open house is the third annual one at Pampa High. Last year nearly 1,000 persons attended the gathering.

Another phase of the special (See EDUCATION, Page 6)

WE HEARD ...

Seniors out at the High School are looking all over for a record of their annual Mardi Gras celebration. "Come to the Mardi Gras" is the title they are hunting. They have asked anyone having the record and who doesn't mind lending it out for one night to call the High School. One Senior said the class was desperate.

WE SAW ...

Between 3,000 and 4,000 envelopes on the postmaster's desk yesterday awaiting the special each attachment that will be placed on them for the first air mail flight of Central Airlines.

Construction of the spacious building and remodeling the present sanctuary are expected to entail the expenditure of around a quarter-million dollars. Work

according to church officials. Others taking part in the program attended by around 100 people were: Frank Culbertson, W. B. Weathered, Arthur Teed, Harley B. Bullis, Mrs. Frank Shotwell, Miss Joyce Harrah, the Rev. H. H. Tyler, president of the Pampa Ministerial Alliance, Faris Oden, Roy Bottrill, Aubrey Steele, Travis Lively, W. R. Campbell, Lee Harrah, George Scout, Mrs. Inez Carter, Mrs. Leon Daugherty, W. H. Walters, the Rev. E. C. Armstrong, Harrah Methodist minister, and the church pastor, Dr. Orion Carter.

Converted Kamikaze Pilot Thinks Prewar Japan Wrong

Yukimasa Nishiyama, former kamikaze pilot, talks with Bruce Johnstone, brother of the soldier whose death started Nishiyama on way to an American education.

EASTON, Pa. —(NEA)— After a year of living and studying in the United States, a former kamikaze pilot has decided that Japan and the Japanese were wrong in their pre-war beliefs.

"I was raised," says Robert Yukimasa Nishiyama, "in the belief that my country was perfect, could do no wrong. There was only one right way — the Japanese way. Now I see we were wrong. I see the flaws. I can see what we lack. I love my country in a different way now and from a different point of view."

Nishiyama is a sophomore at Lafayette College, studying to be a teacher of history when he returns to Japan. He is the beneficiary of a scholarship financed by the GI insurance of a Downington, Pa., boy, who was killed by the Japanese on Luzon in the Philippines.

Nishiyama writes of his experiences in an article, "What America Means To Me," in the November American Magazine. He says that although he has come to love America and is grateful to it, he still wants to go back home after graduation from Lafayette.

"I would like to contribute my one small voice to creating better understanding between America and my country," he says.

In this ambition, the 24-year-old Japanese is fulfilling the hope of Pvt. Robert Johnstone, the soldier who was killed on Luzon. Before his death, Johnstone had told his parents that he believed the major cause of wars was the lack of understanding between nations.

When word came to Mr. and Mrs. Robert McC. Johnstone in Downington, they decided to use the insurance benefits to set up a scholarship for a Japanese boy to do something toward curing the lack their son felt so deeply. Nishiyama is the first beneficiary.

As a kamikaze—suicide—pilot, Nishiyama was saved from the certain death of his buddies only because of the sudden end of the war. After peace came, he worked in a PX in Tokyo and read the Johnstone scholarship in the Army newspaper, Stars and Stripes.

He didn't think the scholarship would go to an ex-kamikaze, but his wife, a Stanford University graduate, persuaded him to apply. He was accepted in 1946, but it was two years before the arrangements could be completed.

When he said good-bye to his

wife and two-year-old daughter, Nishiyama was somewhat afraid. He wouldn't see his family for four years, and he felt that he might encounter hostility in America.

Instead, he writes, he has made friends easily and found nothing but friendship, even from veterans who lived through the Pacific war. He has spent all the holidays with American families. He has dined in homes of faculty, townspeople, students in and around Easton.

"In America," he says, "I have found so much open-handedness, the desire to make friends and make a stranger feel at home. In Japan friendship is a slow process."

Bruce Johnstone, younger brother of the soldier whose death started Nishiyama on his way to an American education, is also a sophomore at Lafayette, and Nishiyama's best friend. They often talk about Bob Johnstone, and his vision in seeing the cause of war.

"I am the beneficiary of this vision," Nishiyama states. "Now in my second year as a student resident of the United States, I know that Bob was right. His legacy to me was the light. I would like my epitaph to be that Bob Johnstone, who died and gave me this chance to see how the other half of the world lives, did not die entirely in vain."

CERTIFIED SEA COOKS

Every British seagoing craft of 1000 tons or more has to carry a certified sea cook, by order of the English Board of Trade. These men have to pass three examinations before being certified.

Shiner Careless About Smoking

HOUSTON — (AP)— A 31-year-old Galveston shoe shiner was having a smoke and stroll Thursday night.

Police Patrolman J. T. Cockrell strolled by the stroller and didn't like the smell of the smoke. The stroller's cigarette turned out to be marijuana and he had 60 more just like it in a pocket.

Cockrell took the man to the police station, where Jailer V. V. Irby remarked:

"Man, you must be crazy, smoking a marijuana cigarette right out on the street."

"I ain't crazy," the shoe shiner replied. "Just careless."

State Expenses Getting Higher

AUSTIN — (AP) — The state's expenses were higher than in come last month, the second red ink month in a row. A report by the state comptroller showed the state's revenue

receipts totaling \$42,650,717, while expenses amounted to \$45,316,529 for the month. There was also a \$9,292,815 drop in the general revenue fund during the 31-day period, leaving the balance at month's end at \$67,273,621. The picture for the fiscal year to date won't console the taxpay-

er, either. Total expenses since Sept. 1 amount to \$92,657,767. Income has been only \$75,968,709. During the comparable period a year ago, the situation was somewhat better. For the first two months of that fiscal year expenses of \$78,192,527 were more than balanced off by income of \$78,220,683.

Much Canadian Coffee Five Cents

CANADIAN (Special) — Four cafes in Canadian last week raised the price of a cup of coffee to ten cents. Two drug stores, serving coffee at their fountains, and one cafe so far have refused to go above

the traditional nickel for a cup. The price seems to have made little difference in the coffee drinking habits of some, but others are boasting that they have not paid a dime for coffee yet, and that they will "quit the habit" rather than pay a dime. The cafes now charging a dime for coffee alone, are still serving coffee with meals at the old five-cent price. Read The News Classified Ads

"HOME" IN TOKYO—Think you have a housing problem? Look at the plight of this young Japanese mother "at home" in a part-time, part-shack in Tokyo. A government white paper reveals that 10,000,000 people in Japan are existing in sub-normal housing. Three and a half million dwellings would correct the situation.

Over One Hundred New Books Added To Library at Start of Book Week

Between 75 and 100 new books of adult fiction and non-fiction and about half that many juveniles have been added to the city library's collection.

Most of these books will be on display this coming week as part of the library's observance of National Book Week.

In addition, the library will be open during the noon hour and a recorded program of classical and semi-classical music and readings in literature will be presented daily.

Included in the new books for mature readers is "The Challenging Years," an autobiography of Rabbi Stephen S. Wise, the beloved teacher of Christians as well as Jews.

A "Short History of the Middle East," by George E. Kirk, brings to date the history of the centuries-old Russian drive southward to secure a warm-water sea port, and the author also outlines the position of Arabia in Middle Eastern oil politics.

For students of the Old West, the library has acquired three of the most recent books: "Cattle Empire," by Lewis N.Ordway; "Voice of the Coyote," by J. Frank Dobie; and "Wyoming Cattle Trails," by John K. Rollinson. Nurdyke's book is about the famous XIT ranch, whose three-million acres once comprised most of the present Texas Panhandle. Owen Lattimore, considered an outstanding authority on the Far East, has written "The Situation in Asia," and for serious students of modern American society, Paul W. Tappan, professor of sociology at New York University, has written "Juvenile Delinquency."

For ceramics clubs, there is a highly comprehensive set of two books on "Pottery and Porcelain," and for the historians, there is a two-volume set of "George Washington," by the Southern editor, publisher and historian, Douglas Southall Freeman.

On the adult fiction list there is "The Conquerors," the first in a projected series of historical romances dealing with the England of William the Conqueror. It was written by Thomas H. Costain, author of "The Black Rose."

Marguerite Steen has written a sequel, "Twilight on the Floods," to her popular "The Sun Is My Undoing." And another in the modern style of making history palatable by dressing it in romance, is "Flames of Empire," based on the times

of Maximilian, emperor of Mexico.

The city library, in the basement of the City Hall, is open from 9 a.m. to noon, 2 to 5 p.m., and from 7 to 9 p.m. daily except Saturday, when it closes at 5.

During this week, however, it will remain open during the noon lunch hour.

Lover Faces Lonely Term For Swindle

CHICAGO — (AP) — Sigmund (Sam) Engel, the 74-year-old widow's Lothario who ran out on scores of lonely women after taking their money, was a sad and lonesome figure himself today.

Left alone now even by the one woman who had stuck to him throughout his trial, the international confidence man sat dejectedly in a cell at the county jail pondering his two to 10 year sentence for a love swindle.

Judge George M. Fisher imposed the sentence Wednesday after denying a defense motion for a new trial. Engel was convicted by a jury of swindling Mrs. Reseda Corrigan, 39, a red-haired Chicago widow, of \$8,700 after a whirlwind courtship. Engel disappeared on the eve of their scheduled marriage.

Except for his attorneys, Engel was alone when he was brought to court for sentence. Mrs. Pauline Langton, the 39-year-old New York widow whom Engel called his "only true love" was not present.

Outside of court, the weary old lover told newsmen he hadn't seen or heard from Mrs. Langton since Saturday. The hotel where she had been staying reported Mrs. Langton checked out Saturday without leaving a forwarding address. She is believed to have returned to New York.

Mrs. Langton is the last of several brides reported in the life of the self-styled lover of 1,001 women.

Engel's attorney, Allan R. Bloch, called his client's punishment "a virtual death sentence." "This man is old," he said, "his days are over. Why be vindictive? He can't harm anyone anymore. A year for him is like 10 for a younger man."

Ralph Earhart, Lefors Footballer, Makes Good in Pro Leagues With Amazing Speed

Running Ability Racks Up Wins For GB Packers

"At left halfback, number 41, Ralph Earhart."

The public address announcer will have out these words this afternoon at City Stadium in Green Bay, Wis., and a 165-pound Green and Gold star player will take his place among the professional giants of the gridiron as the Green Bay Packers battle the New York Giants in a National Professional League football game.

Green Bay fans, probably the most rabid professional football fans in the country, have already taken this little speedster to their hearts, cheering his breakaway running and his hard tackling.

Panhandle fans, especially those around Lefors, will also remember this little speedster that starred for several seasons in Pirates football and basketball regalia. And when they think of his senior year on the football team, it will be in an upsetting sort of way. That was in 1941, when the Pirates had a record that much resembled this season's string of victories. But the whole story started earlier than that.

Back in 1939-40, Earhart was in his sophomore year at Lefors High School, and was already a regular in the Pirates' backfield. His speed earned him the nickname of "Scat." That season his touchdown helped the Pirates top Canadian, 7-6. His running in a playoff game won the 2-B title for the Bucs that season, and then they went on to defeat Miami 14-13 for the North Florida Class B championship, but were defeated 23-7 by Claude in bi-district play for the Panhandle title.

That season Earhart led the Pirate cage team, also, but they lost the county title to McLean by a 28-29 score. And he also was a standout track man, winning the pole vault with an 11-foot vault.

The next grid season wasn't too successful, but again the performance of Earhart was outstanding. In basketball that year the Pirates played the Harvesters, and though the Pampans won, Earhart was high point for the Bucs, with 13, topping any Harvester point-maker, also. That year Lefors represented the district at the basketball tournament.

The following football season, 1941, will always be remembered throughout the Panhandle. With Earhart leading the way, the Pirates crushed all opposition. Perryton fell 31-0; Clarendon, 26-8; Memphis, 44-2; Shamrock, 30-7; Wellington, 28-0. McLewain and Lakeview also were added to the list.

The Wellington victory was the clincher, it gave the Pirates the

RALPH EARHART puts on his swivel-hip running display for the cameraman. This form has helped him break away for long touchdown runs.

district title, their first. Then came the blow. It was disclosed Earhart had participated in athletics a short while in Oklahoma before coming to Lefors, and the eight-semester rule caught up with him, making him ineligible. The Pirates forfeited all of their games that season, and their first district title along with it. The information came as a shock to all concerned, especially the Lefors coaching staff and fans. Earhart had played a little basketball for Milburn, Okla., but his transfer records failed to note that at the time. This fact caused the trouble that brought heart-break to Lefors.

After graduation from Lefors High School, Earhart went on to Texas Tech, at Lubbock, to complete his schooling. That season he was a standout on the Freshman team. But before he could get a very good start at college the war caught up with him and he went into the Navy.

He played Navy football with the Pittsburgh, Kans., Gorillas, Naval Station team. He was the leading scorer on the club and the standout back in each game. Earhart emerged from the Navy with the rank of Second Class Petty Officer, and went back to Texas Tech to complete his schooling. As had always been the custom with the little man, he became the big gun at Tech, earning himself the sobriquet of "Mr. Pass Offense" along with his other title of "Scat." He was a member of the Tech Sun Bowl team of 1948. He was also the Border Conference sprint champion, winning the 100-yard dash in an official time of 9.7 seconds. He won three letters in football, one in basketball and three in track at Tech.

After graduating with a B.S. degree in physical education Earhart joined the Packers, where he is now playing his second season. Ralph was born in Milburn, Okla., March 29, 1923. He is of German descent, is married and has one child. He makes his home in Houston during the off-season.

Last year with the Packers, his first in pro ball, Earhart was a four highest scorer on the team with 18 points. He had the second best rushing average with 30 carries for an average of 4.7 yards. He is always used as one half of a double safety for the

Army Sneaks Past Brave Penn, 14-13

Irish Unleash Hard Attack

NEW YORK — (AP) — Mighty Notre Dame, stunned at the start and held to even terms for more than half the way, unleashed all its frightening power for four last period touchdowns today to another North Carolina, 42-6.

Oklahoma Takes Big Seven Title

COLUMBIA, Mo. — (AP) — Oklahoma's methodical football powerhouse bulldozed to its second straight Big Seven Conference football championship Saturday 27-7, over an undermanned but stubborn Missouri Tiger eleven.

An all-time record Missouri home crowd of 37,182 jammed Memorial Stadium for the battle of the split-6 offensive specialists. Oklahoma rolled to its eighteenth successive victory since losing to Sack Clara in a 1948 opener.

Oklahoma won on sheer power over a Missouri team that refused to crack against the nation's number 1 team in rushing offense. Coach Bud Wilkinson's Sooners gained 267 yards rushing and its defense, also tops in the nation, held Missouri to a net total of 45 yards.

Oklahoma broke a scoreless, bruising battle in the second quarter with halfback Lindell Pearson scoring from the three-yard line for his first of two touchdowns in the period.

Ken Tipps kicked the point for Oklahoma. Missouri hurried back to knot the count at 7-7 on little Phil Klein's fourteen-yard pass into the end zone to Fred Hulise. Johnny Glorioso kicked the point, last of the day for Missouri.

Oklahoma engineered another touchdown before the half ended, and again it was Pearson, this time from the two after a sus-

PHILADELPHIA — (AP) — Army ran its unbeaten string to 19 games Saturday by edging underdog Pennsylvania 14 to 13 in a football melodrama that was set by Jack Mackinnell's unerring placement kicks.

Pennsylvania, bottling up Army's great quarterback Arnold Galiffa, twice came within bare yards of additional touchdowns.

The throng of 78,000 saw Pennsylvania, expected to lose by three touchdowns to the nation's number two team score first on a 78-yard drive in the second period with Bob Deuber smashing one yard for the touchdown.

Herb Agocs, the big Penn end who played a mighty defensive game, sent his try for extra point far wide of the goal posts and this proved to be the deciding factor.

Army struck back immediately with a 64-yard march with Jim Cain carrying over from the five. It added its second touchdown in the third period with a 67-yard campaign. Gil Stephenson counting on a two-yard dive. Both times Mackinnell kicked the points.

Pennsylvania came back with a 77-yard push in the last period, and this time it was a nine-yard pass, Francis (Red) Bagnell to Warren Horton, that did it.

It was Pennsylvania's big line that took a lot of lustre off an Army team expected to run up a big score on the twice beaten Quakers.

Army's drive of 68-yards.

The Sooners won up their scoring in the third, Pearson passing seven yards to end Frankie Anderson for six points and full-back Leon Heug through from four-yards out for the other counter. Tipps was good on three of four attempts from placement.

According to a survey of Lehigh football players, the favorite training table food of the grid-sters isn't steak, as you might have guessed. The Lehigh squad prefers seafood.

Alley Agates

By The TIMBER TIPPER

Another two weeks and the Harvesters will have completed their schedule. They have already won the district title. They have a wonderful team, the tops in coaching and the very best of sportsmanship. Good luck to them the rest of the way.

I see that old John Hutchens is through bowling for several weeks. His middle finger on his left hand, that's his bowling arm, was caught between two bowling balls. Woe is he! He got a split that he certainly didn't appreciate.

Two new bowlers joined the league Friday night. Dr. W. H. Dennis and J. R. Bryant. Both men have a very nice ball. Still room for a few more who want to bowl.

Lots of young people from Canadian, Miami, and Wheeler are bowling on the local alleys regularly. If they will get up a party and notify John Hutchens he will try and have some alleys available for them. There is no league bowling on Wednesday nights, nor Saturday or Sunday.

After being in a bowling slump for some time, Fern Parker is now able to bowl like she did last year. Pat Elkins, Ines Johnson, Sybil Longren, Jenne Hollis and June Jones are other new bowlers who will give some trouble in the near future.

Ask Stan Brake how many splits he had last Monday night. Of course his score was nothing compared to a certain 399 bowler a few weeks ago by one of the league members.

Who has a jinx on Dr. Lane? Ask him.

The Tom Rose Fords travel to Amarillo today to meet the Plains Chevrolet team at the Amarillo Bowl. The Pampa Bowl women's team will not bowl today due to the state tournament. One of their bowlers, Maxia De Howell and her partner held the double lead of Class B going into Saturday's bowling.

That is all for now except to ask Jean Duenkel if she ever rolled her ball through the 5-8 and not hit either one of them.

WARREN'S WARMUP

By Warren Hesse—News Sports Editor

QUESTION: What Southwest Conference team was the first college team to ever score against the Texas Longhorns?

TODAY I WOULD LIKE TO OFFER MY CONGRATULATIONS and the congratulations of the Pampa football fans to Coaches Tom Tipps and Auba Noncaster and to the Pampa Harvesters of 1949 for bringing the first District football title to Pampa since 1943. I'm sure that I speak for all the fans in the area when I wish the Green and Gold the best of luck against Berger on Thanksgiving and in the bi-district playoffs.

The Thanksgiving Day game, though it will carry no bearing on the outcome of the district, will be of importance to the Harvesters. It will be a final tuning-up battle before they tackle the hard-running and powerful Wichita Falls Coyotes of District 2-A. That game is scheduled for Dec. 3, the location to be determined after Turkey Day by the toss of a coin. Should Vernon pull an upset and win that district, the game will be played in Pampa. Otherwise it is a flip. The Harvesters, have had good luck flipping this season. If I recall correctly they have been beaten only once.

The Harvesters got an assist from Amarillo yesterday when the Sandies defeated Berger. That left only Plainview or Amarillo with a chance to tie the Harvesters for the district lead, and the fact that Pampa has already defeated both of them automatically would give Pampa the title in the event of a tie. But neither can even gain a tie if the Harvesters can complete their plans of defeating the Berger Bulldogs.

December 3, fans, is also the date of the SMU-Notre Dame game at the Cotton Bowl. So, unless the bi-district playoff date is changed, you might as well sell your tickets for the SWC battle because I'm sure you want to back your own Harvesters first.

The Plainview game was a good one for the Harvesters. It evened a couple of scores with the Bulldogs from past seasons; it showed the Pampans that they could run against an eight-man line, which the Bulldogs employed

Shamrock Irish Close Year With Win Over Wellington

SHAMROCK — (Special) — The Shamrock Irishmen finished the 1949 season with a thumping 26-4 victory over the Wellington Skyrockets at Denver Field here Friday, A capacity November 11 crowd of 2,200 witnessed the annual classic.

The Irish took the lead in a brilliant offensive drive that started on their own 20-yard line with the opening kickoff and ended with the score 6-0 in their favor. It was right half Oliver McLemore, out of the lineup most of the season with an injured knee, who broke through right tackle from the Wellington 25 for the tally. McLemore was stopped short of the line of scrimmage in the try for extra point.

Gene Hamill, Irish left guard, set up his team's next score with the recovery of a fumble on his own 31. Two Stribling passes, one good to Roger Skaggs on the Wellington 47 and a touchdown pass snapped by Earl Tarbet on the Skyrocket 30 and lugger to payoff put the Irish on in front 19-0 at the half. McLemore's conversion kick was wide.

With five minutes of the third period remaining, the Rockets took over on downs on their own 47, took to the air and completed four passes for a total of 48 yards in their scoring drive. The touchdown pass developed on fourth down with the ball resting on the Irish 6-yard line. McCutcheon faded back to his own 20, hit Cameron Beam on the Irish 10 and Beam went over standing up. Brock's extra point kick was blocked.

The Irish climaxed the afternoon's scoring with a sustained drive from their own 8-yard line with Stribling going over from the Wellington one-foot line on a quarterback sneak. Lea, McLemore and Skaggs all turned in substantial gains to keep the drive moving. McLemore added the extra point with a perfect boot.

According to a survey of Lehigh football players, the favorite training table food of the grid-sters isn't steak, as you might have guessed. The Lehigh squad prefers seafood.

CITY'S ISLANDS

Twenty-three islands are included in the City of New York in 1949, the Duke of York decreed that all islands in the harbor which could be settled around in a day should belong to New York.

AT LAST!

a marvelous new shirt without buttons

Airman MODEL Z

the modern business shirt that zips on . . . zips off same as your trousers!

AT LAST, MEN . . . here's freedom for you, freedom from gaping, bulging shirt fronts, freedom from buttons that come off or break, freedom from buttonholes that fray or tear. RANGE COMES TO HOSPITAL—Gene Astry entertains Jeane Pitts and Arthur Smith as rodeo performers gave their annual show for Bellevue Hospital patients in New York.

YUGOSLAVIA

(Continued from Page 1)
slavia, haggard for months by Russia and her Balkan followers, has taken the initiative in scrapping one of the alliances which formerly bound them together. Earlier, following campaigns of Russia, Czechoslovakia, Poland, mutual abuse and accusation, Russia, Czechoslovakia, Poland, Romania, Hungary and Bulgaria severed treaty ties with Belgrade. Diplomatic relations, however, continue.
Saturday's formal note listed specific grievances against the tiny Communist nation.
It had carried on a furious and hostile press and radio campaign against Yugoslavia.
Used unheard of methods in its official communications.
Prevented Yugoslavs owning border property from crossing the frontier to their holdings on the Albanian side. These Yugoslavs were arrested and mistreated.
It organized a group of traitors and deserters to provoke frontier incidents and carry on subversive activities.
It was the first to start a "provocative trail aimed at slandering" Yugoslavia.

STUDENT

(Continued from Page 1)
ing, said Detective Kenneth Anderson, and remarked: "When I get drunk, I get trigger-happy."
The death of the Ohio State Lantern editor cast a pall over the homecoming festivities, where an estimated 82,000 persons had gathered.
Heer, still attired in the tuxedo which he wore to the fraternity dance, was confined at police headquarters. Even his parents, Mr. and Mrs. Samuel Heer, were not permitted to see him immediately.
Joyce Crafton, 22, of Cleveland, Heer's "date" at the dance, was taken into custody as a material witness; then released on a \$300 bond. She is not an OSU student.
Fraternity brothers said that Heer apparently "went berserk" after escorting Miss Crafton home. They had argued during the evening, students said.

DOCTOR

(Continued from Page 1)
operate under it. He added he now was the first doctor to announce he would no longer do so.
About 18,000 of the country's 20,000 doctors elected to enter the plan.
Dr. Lyburn, 42, said he hoped American doctors who came to Britain to study the government health service would not return to the United States and copy what he called the grave mistakes made in this country.
When the health plan came into operation, Dr. Lyburn took the title "Doctor 2108." He described it as the number sent him by Aneurin Bevan, minister of health.

Rites Held for Mrs. Richards

Funeral services were held yesterday for Mrs. Ethel I. Richards just one day before her 67th birthday.
Mrs. Richards, born Nov. 13, 1882, at Rutledge, Mo., died at 3:15 p.m. Friday at her home, 455 N. Warren. She had been in failing health about a year.
She came here from Kirksville, Mo., and had lived in Pampa for the past 12 years. She worked for a while at Gilbert's Ladies' Shop, 209 N. Cuyler.
Besides her husband, Albert H. Richards, she is survived by one daughter, Mrs. L. A. Barber of Pampa; by one son, Glenn, of Kansas City, Mo.; by two sisters, Mrs. Sterling McReynolds of La Belle, Mo., and Mrs. Harry Umbah of Portland, Ore.; and by three brothers, Clayton and Fred Carder of Calgary, Canada, and Harley Carder of Stettler, Canada.
Services were held at 4 p.m. yesterday in the Duenkel - Carmichael Chapel with Dr. Orion W. Carter, pastor of the First Methodist Church, officiating.
Burial, under Duenkel - Carmichael direction, was in Fairview Cemetery.

ROLL OR GLIDE—The three-in-line rollers of these skates exhibited at the Fall fair in Frankfurt, Germany, can be replaced by a steel blade for ice skating.

Firemen Put Out Blaze in Residence

Lots of smoke but no fire brought local firemen to the residence of William E. Black, 632 Roberts, at 8:45 a.m. yesterday when a quilt got a little too close to the stove.
Fire Chief Ernest Winborne said no damage resulted other than to the quilt.

DEATH FOR COAL USERS
In old England, coal once was believed to fill the air with poisonous gases and, in 1306, the English monarch issued a proclamation declaring anyone who burned coal would be put to death.

OPERATORS

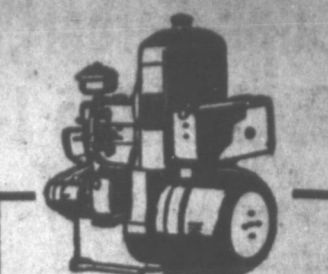

(Continued from Page 1)
Dec. 1 as he has threatened to do." Lewis called a three-week breather in the walkout last Wednesday.
The overnight picture of the big steel strike gave no hint of bringing peace in the coal tieup. Neither government nor industry officials believed it would have much effect on the deadlock.
As the steel mills get back into operation again pressures are bound to build up for coal.
Lewis is squeezed into a tight corner by the operators' solid front. Their contract expired June 30.
The question now is: how will he extricate himself and his followers? He has been in tough spots before and always came out with a shiny new concession for his miners clutched in his hand.
But this time it appears different.

EDUCATION

(Continued from Page 1)
week will take place at 12:15 p.m. today when a 15-minute program — "Democracy Bank" — is presented over radio station KPDM. The program is under the sponsorship of the National Education Association.
Other activities of the past week have included: "Making Democracy Work" trailer at the Pampa theaters; Dr. L. H. Moore, professor of psychology at Texas State College for Women, Denton, who spoke at assembly Wednesday; High School News and Views' radio program Thursday entitled, "There Were Voices in

MORGAN

(Continued from Page 1)
bay water in bright moonlight. The Corsair arrived Wednesday on one of its periodical cruises with 55 passengers, nine of whom decided to remain here longer. The yacht left dock at 11:45 p.m. (CST) Friday night and 35 minutes later struck the rocks of Point Cuyoga, half a mile from where the vessel lies with her bow low in the water, grounded on "Ensenada de Los Fresos" (bay of the prisoners).
In an hour, passengers were ashore, returning to the hotels they left Friday night for the return voyage to Los Angeles.
Capt. of the Port Pena Alfaro, who gave the ship clearance at her dock, said the steering mechanism apparently failed. He said the big hole in the bow caused so much water to be shipped that boiler fires soon were out, oil fuel tanks were flooded and the skipper, Capt. H. Nedden, Vancouver, B.C., lacked steam pressure to return to the dock, nearly a mile back.
The Land; and special luncheons for various local people who are connected with the schools.

U.S. Raises Bulwarks Against War

By SAM DAWSON
NEW YORK — As the nation paused to remember the dead of former wars — it paused, momentarily, in the midst of its drive to raise bulwarks against another one.

Stockpiling of strategic war material is one way to make ready. Uprooting whole industries from the two coasts and scattering them through the midlands is another step we are about to take.

Subsidizing, in one form or another, industries we would need, and need badly and quickly, in the event of war is still another. Examples: the aircraft builders and the airlines.

Stockpiling has two aspects. One is the physical storing away of things the military must have

to fight a war. The other is developing new sources of materials, and keeping old ones alive and kicking. Some observers think one is as important as the other.

A chemist told the American Petroleum Institute meeting in Chicago what the nation must do to be sure it will have enough aviation gasoline to fly the A-bomb across the Atlantic, enough bunker oil to send the Navy where needed, enough fuel and lubrication to feed the tanks and flame throwers.

To get enough petroleum for war or peace, says Walter G. Whitman, of the Massachusetts Institute of Technology, the nation should:

Develop better methods of finding oil; hunt more actively for it; restrict output from new fields to keep more in readiness; develop Canadian fields; and stockpile oil field and pipeline steel.

The government is working hard at producing oil from the Western shale deposits, so that we could be independent of for-

SKYLINE—Ava Hall makes a pretty silhouette against the sky at Miami Beach, Fla.

Private industry is trying to reduce the cost of making gasoline from coal. Natural petroleum is cheaper, but the time might come when the costly shale and coal methods would be a necessity.

Even Statues Must Take Care

MONTREAL — (AP) — You've got to be careful about your nudism up here, even if you are a statue.

Sculptor Robert Roussil took a pine tree trunk and carved a family group from it — a 12-foot-high father, mother and child. Like sculptors from Michelangelo to Epstein, Roussil was no dress designer. He left the clothes off.

The family went on view at La Librairie Tranquille Bourdeaux. "Indecent," said some visitors to the exhibition. Two policemen agreed. They ordered the family removed.

The angered Roussil removed his statutory. He dumped it outside the Montreal Art Gallery where a crowd — found it.

"Indecent," said some of the neighbors, and they called the cops. This time six patrolmen showed up with the paddy wagon. In went the statutory, and off to jail.

Roussil hasn't showed up yet to get his statutory. But there's nothing indecent about Montreal's jail. The police have put a loin cloth on the statue.

MINISTER TO AMBASSADOR
 Prior to the term of Grover Cleveland, England's envoy to the United States was a minister instead of an ambassador. On completion of Cleveland's term, the minister wrote home that his reelection would be advantageous to England, so Cleveland tendered him his passport.

Amendments Defeated by Area Counties

While County officials were still wondering last night if an election was held in Box 18, Webb School, county reports from Lipscomb and Roberts County were received by The News from County Clerks P. O. Byrd and M. M. Craig.

Craig's report showed that Roberts County's four boxes voted heavily against all of the amendments but gave John H. Harnly the edge over Dick Bivins by a vote of 66 to 53 in the State Board of Education race.

Roberts voted on the ten amendments this way:

County civil service, 39 for, 88 against; Legislative pay and sessions, 29 for, 105 against; hospital districts, 42 for, 92 against; poll tax repeal, 41 for, 94 against; city-county health units, 39 for, 97 against; county pensions, 23 for, 112 against; district court proceedings, 52 for, 78 against; rural fire prevention, 45 for, 85 against; lunacy trials, 43 for, 90 against; women jurors, 39 for, 99 against.

In Lipscomb County the results on amendments from four of six boxes were:

County civil service, 52 for, 121 against; Legislative pay and sessions, 22 for, 164 against; hospital districts, 52 for, 138 against; poll tax repeal, 61 for, 128 against; city-county health units, 38 for, 147 against; county pensions, 30 for, 160 against; district court proceedings, 72 for, 114 against; rural fire prevention, 55 for, 138 against; lunacy trials, 53 for, 135 against; women jurors, 59 for, 135 against.

The four boxes also defeated Dick Bivins in the state school

Truman Knows of No More Atom Blasts

WASHINGTON — (AP) — President Truman said in response to questions Thursday that he knew of no second atomic explosion in Russia.

The President was asked at a news conference if he had any evidence of another Soviet atomic blast like the one he reported Sept. 23.

He said there has not been another, so far as he knows.

Britain Caught With Diapers Down

LONDON — (AP) — An official of the Labor Government admitted Britain has been caught with its diapers down.

Harold Wilson, president of the Board of Trade, said he is pressing the makers of three cornered pants to step up the supply for the home market.

Laborites Cyril Dumbleton and Lucy Middleton brought the matter up in the House of Commons. Mrs. Middleton said she found it impossible last weekend to buy a single diaper in the city of Plymouth.

Textile makers say the shortage resulted from their all-out drive to export them for dollars.

James Roosevelt Seeks Governorship

LOS ANGELES — (AP) — James Roosevelt, FDR's eldest son, is expected to announce his intentions for the governorship of California next Tuesday.

He scheduled a press conference for the afternoon and a radio broadcast that night. Political insiders figure that Roosevelt, after pulse-taking tours around the state, is now ready to make his candidacy known. His probable major opponent in the 1950 Democratic primary: George Luckey, Truman campaign manager in this state last year.

What's YOUR price tag on happiness?

Just what do you see in this handsome, tidy-sized Buick SPECIAL pictured here?

The smartest bit of automobile styling on the road today? The standout beauty of tapering fenders—the sturdy protection of a wholly new front-end design?

The prestige that's in the Buick name—the solid, road-wise steadiness Buick has always stood for?

Your chance to get in on the perfect smoothness of Dynaflow Drive*—this being the lowest-priced car on which that sensational new transmission is available?

*Optional at extra cost.

When better automobiles are built BUICK will build them

They're all there, every one of those things. And for a good reason that may go a bit beyond the usual idea in designing an automobile.

For, a long while ago, we graduated from the idea that a motorcar is merely a means of getting about.

The way you travel is pretty important too. The lift that's yours in knowing there's no prettier picture anywhere on the highways. The "kick" there is in a power plant that's lively and eager and always ready to get in on the fun.

The comfort that's found in all-coil springs, a husky, steady-traveling understructure, cushions that are deep and soft and wide enough to let you spread yourself a bit.

Even that extra swelling of the chest that comes from owning a car you know everyone respects and admires.

In a word—your happiness. It's never out of our mind in planning this car—nor in making very sure each dollar of cost gives you the greatest possible benefit.

That's why we rather proudly ask you to go see—and try—this Buick SPECIAL. It's priced like a six, in spite of the fact that like all Buicks, it's a big-powered Fireball valve-in-head straight-eight.

And we honestly believe that it puts a lower price tag on your motoring happiness than any other car you can buy today! See your Buick dealer and find out about that.

Middle Class Spain Having Hard Time Keeping Alive

By ROSETTE HARGROVE
MADRID, Spain — (NEA) — Making ends meet is the all-consuming problem of the middle classes in postwar Europe. In Spain, where they call it "pulling the devil by the tail," the problem has reached such a crucial point that it begins to look as if the devil were winning. However frugal the Spaniard

may be, he still requires an essential minimum to stay alive. And already, explains Senora Maria Llanos, wife of a white collar worker and mother of two children, "there are too many people, reduced to this minimum."

Her husband, Pepe, works in an insurance office and makes 1000 pesetas a month. Although it is considered better than the white collar average, which is about 800 pesetas, "Out of what Pepe brings home, two-thirds has to go for food."

"We still have rationing of staple foods — bread, rice, oil, potatoes and pulses," Senora Llanos says. "But these are not only insufficient; they are also unreliable. So we have to buy on the open market, where prices are prohibitive."

There is a daily bread ration of about three ounces, four for heavy workers. This is black and

HOWEVER FRUGAL, even in a Madrid hovel like this one, Spaniards have a hard time keeping up with the minimum essentials of staying alive.

coarse and costs half a peseta of oil, three ounces each of sugar per person. Other weekly rations, rice and coffee, and two pounds of meat per person, include a half pint potatoes. The total cost of these

basic foods, including bread, is 3.85 pesetas per person per week. At the regular exchange rate of a little less than 11 pesetas to the dollar, this means that the mere beginnings of the week's food for the four Llanos costs about \$3.25 — with milk, butter, fruit and meat or fish still to buy.

Meat and fish prices are so high, Senora Llanos pointed out, that scores of middle-class Spaniards can afford to eat them only once a week. Veal, for instance, is 16 pesetas a pound; beef, 12 pesetas and goat, when available, seven pesetas. Except for cheaper varieties like sardines or squid, fish is as expensive as meat. A can of condensed milk is six pesetas.

On the black-market, oil (the basis of Spanish cooking) is 22 pesetas a quart; sugar, 20 pesetas a pound; ham, 40 pesetas; and coffee, when you can find it, between 45 and 50 pesetas.

Actually, it is difficult to establish a dollar comparison rate with the pesetas because there are different exchange rates for various commodities, as well as a tourist rate of 25 pesetas to the dollar — more than double the official rate.

For the Spaniard, however, the peseta represents as much in value as a dollar does to an American. At prevailing white collar wages, it is not surprising to see that the staffs in offices, banks and government bureaus are mostly poorly-dressed and underfed. Few can afford to spend 500 pesetas for a suit of clothes of doubtful quality, or 350 pesetas for a pair of shoes.

Most office workers have to take on an extra job to get by. This is one reason it takes so long to get anything done in Spain these days; overworked and underfed employes can't be expected to be efficient at one job, let alone two.

The one place the Spanish housewife scores over her American or French sisters is in the servant problem. Everyone seems to be able to afford a maid—even the Llanos. The answer is in what the servants get. Fifty pesetas a week is considered big pay for a general maid, and is paid only by foreigners. The prevailing wage is more like 30 pesetas.

These girls work all hours (Spaniards seldom dine until 10 p.m.), have practically no time off, are not entitled to social

benefits, and often have to put up with a makeshift bed in the kitchen or under the stairs. On the other hand, they are considered part of the family. Since they usually come from the peasant class, primitive living and hard work are no novelty. And somebody else takes care of "pulling the devil by the tail" for them.

Evangelist Robert A. Bolton and family attended the homecoming at Abilene Christian College this past week.

The members of the Church of Christ have adopted a 10-year-old orphan girl at Bole's Home at Quinlan, Texas. The women of the church are to meet once a month to make arrangements for the child.

Mr. and Mrs. L. H. Penick, former residents of Lefors and now of Tulsa, visited here Friday and remained for the football game.

Mr. and Mrs. Bob Caughron are the parents of a son born Nov. 9 at the Pampa Hospital.

Jack Litton, a student at Wayland College, Plainview, will conduct the morning and evening services at the Baptist church today. The Rev. and Mrs. Dan Belts are in Cherokee, Okla., where he is to officiate at his niece's marriage.

Rickenbacker Advises City's Officials on Site of Airport

HOUSTON — (AP) — Abandon your present municipal airport and build a new one somewhere else.

That's what Capt. Eddie Rickenbacker advised Houston city officials. He said he doesn't want to see an accident here similar to the two that have happened to Eastern Airline planes elsewhere in the nation in the last 15 months.

Rickenbacker was talking about the two accidents to his transport planes in which they were in collision with military aircraft.

Rickenbacker conferred with Mayor Oscar Holcombe and other officials on details of a \$1,000,000 projected administration building at the present airport.

He said the National Guard soon will be operating from the airport with jet-propelled planes going 500 and 600 miles an hour.

"There will be a terrific vol-

ume of private flying," he added. "And sooner or later there will be the problem of jet planes at Ellington Field." Ellington Air Force Base, recently reactivated as a training field, is about five or six air miles southeast of Municipal Airport.

Rickenbacker, president of Eastern Airlines, said Houston's industrial area also passes smoke and smog and smudge down across the present airport and creates fog and bad visibility conditions.

He said he had fought against present location of National Airport in Washington ten years ago. The result, he said, "was that 55 people were killed the other day because of the failure to separate commercial and military planes."

Ground Broken For Two Cottages At Orphan Home

WACO — (AP) — Two cottages costing \$125,000 each are being constructed at the Methodist Orphan Home here.

Ground breaking ceremonies were held at the Texas Methodist Conference met Tuesday.

Hubert Johnson, the superintendent, said contracts for three more cottages will be let about Jan. 1.

R. F. Curl, San Antonio, was elected president of the Texas Methodist Planning Commission. Other officers are Pat Thompson, Bay City, vice president, and W. W. Ward, Fort Worth, secretary.

The Texas Methodist College Association elected Roy Farrow of Dallas as executive secretary.

The Board of Commissioners of the Methodist Home named Dave Lacy of Dallas as chairman and Mrs. A. N. Gamble of Lubbock as secretary.

Homes for which ground was broken were named Meredith and Mitchell. They were given by Mr. and Mrs. Harry V. Meredith of Missouri and Mr. and Mrs. Tom Mitchell of Marfa.

The three cottages for which contracts will be let are: Dorothy De Shong Home, given by Mr. and Mrs. J. C. De Shong of Paris; The Scarborough-Thomas Home, given by Mrs. Phil Scarborough of Midland and Mrs. Alma Thomas of Austin, and the West Home, given by Mrs. J. M. West of Houston.

Leaning Tower Now Leaning Farther

PISA, Italy — (AP) — The Leaning Tower of Pisa, already 16 1/2 feet out of plumb, has listed another three tenths of an inch in the last 12 years, scientific measurements showed Friday.

Between 1829 and 1910, the tower listed 12 inches.

White Deer High School Queen Picked

WHITE DEER — (Special) — Billie Louise Meadows was crowned queen of the White Deer High School annual in a formal ceremony Tuesday evening at the grade school auditorium.

Against a background of brown, green, and gold, the tilian-haired queen, who wore a white evening dress and carried an arm bouquet of bronze chrysanthemums, was crowned by her escort, Russell Talley, with a coronet of tiny bronze chrysanthemums.

Her other attendants were Linda Moore, crownbearer; Clara Meaker, Wanda Richardson, and Yvonne Henry, escorted respectively by Franklin Hussey, Ethan

Noble, and Max Jordan.

Tom Horn, president of the student body, was the announcer, and Sammy Milligan played the professional.

After the coronation the annual amateur contest, sponsored by the yearbook staff, was held, with 29 entries, which were judged by three judges from Panhandle.

Deanya Young from Skellytown won first place in the grade school division, with a song, "Little Jack Frost." Her accompanist was Mrs. Edith Beighle. Larry DeFever, White Deer, reading "The Raggedy Man," placed second; and Linda Skaggs, White Deer, playing a piano solo, "Malaguena," placed third.

In the high school division, Dolores Kalka and Freda Mae Taylor, accompanied by Sammy Milligan, won first place with a song "You Can't Be True, Dear." Dorothy Broome attired as an Indian maiden, and accompanied

School Man Quits Post

HOUSTON — (AP) — An assistant superintendent of Houston schools has resigned after charging that a member of the School Board ordered him to keep school publicity out of newspapers.

Maasson K. Dupre, assistant in charge of elementary schools, submitted his resignation letter at a meeting of the board Tuesday.

Mrs. Beighle, took second place with her solo, "Indian Dawn." Third place went to Jimmy Bowers, who played the guitar and sang "So Round, So Firm, So Fully Faced."

A large crowd attended the program, and the annual staff cleared about \$100, which will be used for the publication of the yearbook, "The Antler."

closed personnel conference of the School Board Tuesday.

"I can't work with conditions as they are," the former San Antonio and Brownsville teacher said. "I am going to take it easy for a while and then go into business here in Houston."

He said Dr. Henry A. Petersen, member of the board, has repeatedly given him orders to keep publicity on the school system out of the newspapers.

"I just couldn't work for two bosses," the former dean of the University of Houston said. "I take my orders from Superintendent (W. E.) Moreland and not from board members."

"The Board of Education, sets policy," he added. "They are not supposed to dictate to members of the school faculty."

Petersen told reporters: "I have nothing to say."

Whistler, the painter, used a butterfly as his signature.

Rates on Parcels To Europe Are Cut

Gift parcels for Marshall Plan countries may now be sent for six cents per pound. W. B. Weathered, postmaster, said yesterday.

Through the cooperation with the European Recovery Program, gifts may be sent at the reduced parcel rate to France, Greece, Austria, Western Germany, The Netherlands, United Kingdom, Italy and Trieste.

The only items that may be

By Wesley Lewis

It was just 100 years ago, on Oct. 7, 1849, that James Whitcomb Riley was born... and there are very few of us who've struggled through school in the past 50 years without being exposed to his verses. Among the best known are "Little Orphan Annie" and "When the Frost is on the Pumpkin." In that last one he wrote, "They's some (th'n) kind' harty-like about the atmosphere, when the heat of summer's over and the coolin' fall is here." Guess we all know that feeling. Riley was friendly and cheerful... which we can all try to be. He proved you don't have to be a world shaking tyrant to have your name remembered.

We just read about a Dutchman who eats 16 newspapers each day with 10 ounces of sugar and a pound of pears. Well, that's one way to digest the news. Maybe it's carrying things a bit far, but we'll eat our words if you don't get the best truck repairs and services in the county at LEWIS MOTORS, 211 North Ballard St. See P. B. Wright, our truck specialist throughout the Panhandle. We guarantee you a good job at LEWIS MOTORS. Phone 1716.

True Story Comes True... so Tender in It's Telling — so Rich in its Remembrance!

This is the story of Sister Margaret from Chicago, via the French underground and an unnamed jeep... and Sister Scolastion, ex-tennis champ now playing a match where the stakes are heaven-high.

A promise made one fateful night on a battle-front "somewhere in France" led them into adventures that made this the screen's most unusual experience.

Let yourself go with them into a mobster's hangout; into a songwriter's Connecticut hideaway. Follow them down Fifth Avenue, driving the wrong way, and teaching an Irish cop something new about blarney; into real estate and high finance, parlaying \$14.00 into a dream come true.

Wherever they go, there's a new joy and excitement in the land... so tender in its telling, so rich in its remembering—you'll love it!

It's the kind of movie the whole world has been asking for.

GIRL SCOUT NOTES

By MRS. FRANK FATA
Public Relations Chairman

Tomorrow will be a red-letter day in the lives of Mrs. W. S. Marsh's Troop 9, because for the first time the girls are privileged to wear their Brownie uniforms.

At their regular meeting last Monday at 2:30 in Mrs. John I. Bradley's room at Sam Houston School, these little seven-year-olds had their investiture services, using the wishing well ceremony. Refreshments of chocolate covered cup cakes, furnished by Mrs. H. B. Taylor, Jr., played a part in the services. As each girl was called upon, she stood up, received her cake along with a yellow candle in a green holder, and there upon recited her name, her father's name, his occupation, and his business phone number. After giving her Brownie Promise, she proceeded to the wishing well where she made her wish and received her pin. Following the closing ceremonial song, clapping hands and crossing arms.

For tomorrow's meeting, each girl is to bring an old felt hat and a needle for the making of coin purses.

Miss Donna Ruth Tarpley is president of the troop; Mrs. W. S. Marsh is leader; and Mrs. Bob Andie, Mrs. E. E. Leland, and Mrs. Ruth Tarpley are assistant leaders.

The following troop members were present at Monday's meeting: Bobbie Lee Andie, Betty Jo Barnes, Paula Jo Cumberland, Norma Jean Fatheree, Nellie Beth Greene, Virginia Hopkins, Judith Ann Leland, Martha Jane Marsh, Ann Matlock, Maria Ann Perkins, Sherry Kay Rhoten, Donna Ruth Tarpley, Nancy Taylor, Carol Triplehorn, Nancy Weaver, Gloria Jean Weir, and Virginia Worrell.

Troop 8
The "Texans," 15-year-olds of Wing Scout Troop 8, have begun the study of ceramics under the direction of co-leaders Mrs. R. F. Ewing and Mrs. Dallas Culwell. At their regular meeting last Monday night in the Girl Scout House, the first steps were taken for the making of ceramic ash trays. The girls showed great talent and interest in their chosen project.

The following girls are members of the troop: Donna Conley, Shirley Culwell, Jan Dickey, Janell Ewing, Molly Nelson, Elizabeth Ann Pollard, Dorothy Roberts, Betty Lou Simonton, and Jeanette Weathered.

Troop 21
Congratulations to Concho Ramirez and Wadene Thomason, the newly elected president and treasurer, respectively, of Troop 21! The election of officers was held at a party which the girls recently gave for themselves. They prepared all the decorations, decided on the games, and planned the refreshments of candy, cookies and soft drinks.

Those attending were: Nelda Cathey, Cynthia Duncan, Judy Elliot, Rhona Finklestein, Carol Ann Griffiths, Marcia Kay Monahan, Concho Ramirez, Ruth Robinson, Pat Sullivan, Wadene Thomason, and Vickie Whatley. Mrs. Howard Vineyard, leader, was guest of honor.

Shamrock Student Named Cadet Captain

The CAMEO

By Virginia Teale Copyright, 1949, MSA SERVICE, INC.

THE STORY: A valuable cameo in the possession of Nell O'Neill has been turned over to Martin Falter, rather unscrupulous artist, and now Nell must get it back. She has a chance to sell it to Andy Yakov, a Russian collector. Calling at Falter's place, they find him out, but later they see him in company with Tom O'Neill, Nell's husband. Nell and Yakov, meanwhile, go to the Three Wishes Gift Shop to see the cameo collection of Hagar Blair.

VI
ANDREY YAKOV was Tom O'Neill's latest trophy for his creative people collection. He had met Yakov at the local art gallery and had borne him home to exhibit to Nell and the pseudo-Bohemians and artists who usually were clustered around the O'Neill liquor cabinet. The bold oils Yakov had shown as his had been slavishly received by Tom and his satellites.

Yakov turned his head slightly and smiled at Nell.

"I have heard from many people about this wonderful warm coast where one could work congenially among fellow artists." His narrow mustache curved genially. "Like you and your husband. You were of the ballet, were you not?"

"Not exactly. I did a kind of interpretive dancing. American, you know."

"But your mother? She was a Russian ballerina?"

"How did you know that?"

"Did you not tell me? Or our good Tom, perhaps?"

"Oh, I guess it was Tom."

Her mother's talents were the one thing she'd been able to throw back at him when he jeered at Nell's dancing years. He'd said, of course, that he didn't believe her story, but evidently that hadn't prevented him from raving to Yakov about it. Perversely, now, Nell felt cheated. She had looked forward to making quite a fabulous tale out of it.

Andrey interrupted her thoughts:

Deposits Up Over Million
CANADIAN—(Special)—Demand deposits in The First National Bank of Canadian are more than one million dollars greater than they were three months ago, according to the quarterly statement issued by the bank this week.

On the statement issued June 30, this year, total deposits were \$3,355,984.34. On the statement for Nov. 1, released this week, deposits now total \$4,418,139.67.

The three largest contributing factors, according to Harry Wilbur, Jr., vice president and cashier, are wheat sales, cattle sales, and oil rentals and royalties.

Total resources now listed by the bank are \$4,684,147, as compared to \$3,626,538.54 on June 30. Local loans are up slightly, from \$1,812,761.40 to \$2,060,575.07.

Miami Church Plans Expansion
MIAMI—(Special)—The First Christian Church will construct a new church edifice above the basement building which has been used by the congregation for the past 23 years.

Proposed plans are to build a structure of frame and brick veneer, which will house an entrance foyer, sanctuary, chancel, baptistry, pastor's study, one class room and two small dressing rooms.

Barrett Moor eis pastor of the church.

Rites Held for Paddock Infant
WHEELER—(Special)—Funeral services were held Tuesday for the two-year-old son of Mr. and Mrs. Cecil Paddock.

The child died unexpectedly Sunday at the home of his grandmother, Mrs. B. Lindsay, in Hollis, Okla., where the family was spending the weekend.

Burial was at Hollis.

Two Held in Car Theft

Nothing's broken," he announced. Hagar moved backward, stooped and retrieved the box.

"May I look now, if you please?" Yakov extended his hand.

Arnold looked confused. With an almost mechanical gesture, Arnold placed the pin in Andrey Yakov's palm.

Stephanie stepped forward with a gesture of protest. Yakov's eyes challenged her, she paused, and he deliberately turned his back on her and bent over the jewel he held.

Nell grasped his elbow and whispered urgently: "That's it! That's my cameo!"

Arnold scrambled to his feet. "I heard you, Nell O'Neill. You're lying—that cameo belongs to Martin Falter."

She whirled on him with a venomous glance: "It belongs to me!"

"But I am going to buy it," Hagar interrupted. "So, it's as good as mine."

WHEN Yakov gave Nell an encouraging nod, she drew herself up to her full height and said: "It's my cameo. I may sell it, or I may not. And, if I sell it, there are several interested buyers."

Arnold Pfeiffer, with satiric swiftness, snatched the cameo out of Yakov's open hand. His eyes flashed defiance above his trembling chin and he darted over to stand behind Hagar.

She reached around and gave him the box.

Yakov's first movement was an involuntary one of pursuit, but he seemed to change his mind and now stood quiescent.

"We must decide who is the owner before we decide who will be the buyer. I am speaking frankly, Miss Blair, when I say that I intend to be the buyer!"

"No!" The word came explosively from Stephanie.

Yakov turned to her with an attitude of polite interest: "The young lady says 'no'?"

Hagar gave him a triumphant smirk. "The young lady says 'no.' And the old lady says 'no.' The cameo has been offered to me at a price. I have an option on it, you might say."

From his crouching position, Arnold glanced up at their faces:

(To Be Continued)

Libraries Get Bible Gifts

PANHANDLE—Voluntary donations of \$300 by Carson County residents have enabled two libraries to receive copies of the famous Bruce Rogers World Bible.

Campaign for the Bibles was waged by the Panhandle Herald last April and May and the books have been delivered to the Carson County Free Library at Panhandle and to the Panhandle-Piains Historical Society museum at Canyon.

Around one-half of the money was given by many persons and Mrs. J. F. Weatherly contributed the remainder.

The folio Bible, 13 by 18 inches, weighs 23 pounds; it has 968 pages and is published in a limited edition of 975 copies. The King James version is used.

A special design of Goudy Bible text in 18 point was used. The text is set double column. The prose is set solid, but the metrical portions, much of Job, Psalms and Proverbs, are set in verse.

The Bible has been four years in designing and publishing. Principal reason for it was to provide gifts for World War II memorials, churches, schools and libraries.

Ching, Middle Man, Referees With Shy Smile, Dry Humor

CYRUS CHING, federal mediator, caught breaking the ice in a tense moment. When someone gets his dander up, Ching reminds him of "rule six" of the British Navy.

By DOUGLAS LARSEN
WASHINGTON (NEA) — One of the few reassuring sights in strike-tense Washington these days is a massive man with a shy grin and a huge pipe who lumbers in and out of the White House, the least mysterious participant to enter mysterious meetings.

If you were to point him out to a stranger and say, "That's the man who is in the middle of one of the most crucial strikes in U. S. history," the stranger wouldn't believe you. Cyrus P. Ching, director of the Federal Mediation and Conciliation Service, just doesn't look like the "crucial" type.

Only clue to the tremendous

has used to get labor and management in a friendly mood. He calls these things, "establishing better communications with people."

Once he was having a particularly difficult time with a union man named Lee, during a tough negotiation. Lee was about to walk out when Ching said, "Maybe we'd better get out of this labor business altogether and start a little laundry." After the moment it took for all present to catch the gag, there was a big guffaw which relaxed the tension and greased the way for a successful settlement.

His favorite line to use on a negotiator who has his dander up is to ask him if he ever heard of "rule six" of the British Navy. That brings the question of what rule six is, and then Ching tells this story:

"During World War I U. S. Navy Secretary Josephus Daniels was visiting British Admiral Beatty. In their presence a captain started sounding off about how the war was being run. Beatty said to him in a sharp voice, 'You are violating rule six of the British Navy.' That shut him up and later Daniels asked Beatty what rule six was. Beatty replied, 'Never take yourself too damn seriously.'"

Ching is the nation's No. 1 labor mediator for many more reasons than having a good collection of stories. He has had a key part in the most controversial piece of labor legislation in history, the Taft-Hartley Act, and after two years still has the confidence and friendship of both labor and management leaders.

Ching sums up his philosophy on labor relations in this way: "Promoting proper labor relationships is nothing you can do overnight. It isn't anything you can do by law. You can set up machinery to soften the blows of people not inclined to get along together. You can pad their gloves a little, and it may be necessary to have a referee to do that. But in the last analysis labor relations begin down in the bottom department of the plant between the foreman and employee."

On his job as boss of the Conciliation Service he says: "We cannot measure the efficiency of a conciliation service by the number of fires it extinguishes. We can measure it only by the machinery we build up to encourage people to settle their own disputes. In other words, the test of conciliation is how few disputes lead to strikes and how many disputes are settled directly by the parties, with whatever help we can supply. My job is to contribute to fire prevention."

Petty Thefts Hit Pampa in Past Week

A string of petty thefts hit Pampa last week when four vehicles were ransacked and a service station burglarized, Chief of Police John Wilkinson reported yesterday.

Thieves broke into the Williams Super Service Station, 875 W. Foster, between 10 and 10:30 p. m. Friday, stealing two cans of Prestone, one box of Fram Filter, and one box of Champion Spark-plugs.

Police said Williams had padlocked the station at 10 p. m. and went home. About 30 minutes later a neighbor came by and noticed the station door ajar. The neighbor went home, got a padlock and locked the station for Williams. Saturday morning the merchandise was missed when the proprietor opened for business.

On Wednesday night two unlocked cars were ransacked in front of the Bluebonnet night club and The Southern Club. The thieves got two .22 caliber rifles, Wilkinson said.

Friday night an assortment of tools was stolen from a pickup truck parked, unlocked, in front of Pampa Hospital. Still later that night several articles of clothing were taken from an unlocked car parked in front of 1607 Mary Ellen, the chief added.

No money was reported taken in any of the robberies.

At 13 he took over management of the Canadian farm on which he was born. After a stint of fur trading and commercial fishing, following his farming, he went to a Canadian business school. Soon after graduation at 19 he took off for the big American city of Boston. It has been written:

"All he had at the time, when he stepped off the train, was a grip-sack, a copy of Bryce's 'The American Commonwealth,' which he had read at 14, and \$31." First job was on the Boston Elevated Railway Co. Not too many years later he was assistant to the traction company's president. He had studied law by that time and personnel matters were his specialty. Then labor relations became his sole endeavor and he wound up director of that activity for the U. S. Rubber, just before he came to Uncle Sam. When people ask him about his Chinese-sounding name—which is Welch—he replies, "I am three-quarters Scotch and one-quarter soda."

City Awards Contract for Pipe Removal

Meeting in special session late last week, the City Commission awarded a contract to the Parkowen Construction Company, Pampa, for removal and transportation of cast iron pipe, fittings and fire hydrants to the city's racks from the Dalhart Army Air Field.

The Pampa company was low bidder three weeks ago when two bids for the project were opened at City Hall.

The competing firm was the Klien Construction Co., Borger. Parkowen's bid was \$10,000 plus and the Borger firm turned in a bid close to \$12,000.

The pipe was purchased at 33 and one-third cents per lineal foot. That plus the averaged out cost of removal runs the cost up to approximately 77 cents per lineal foot.

The commission worked out three lines of attack in getting the pipe from the air field to Pampa. The first was by outright bid; the second by purchasing a ditching machine and doing the job with city employees if the bids were prohibitive; the third idea was to work out an agreement with the Borger City Commission for use of their equipment on the site. Borger has an area adjacent to Pampa's for removal of pipe and fitting from the field.

Because of the distance in transporting equipment, age of the equipment, boarding and rooming city employees and possibility of breakdowns far from the city bars, and due to delays in waiting for Borger to finish their pipe removing, the commission acting on reports by City Manager Dick Pepin and City Engineer Ray Evans, awarded the contract to Parkowen.

HEAT GENERATOR

An automobile motor running a car at 60 miles per hour creates enough heat to warm a seven-room house in zero weather, according to experiments.

CORNER OF CUYLER AT FRANCIS

CONGRATULATIONS—to the little dog who did a fine job of cooperating with the harvesters in achieving victory over Amarillo...

I HEAR that the Irv Aksts' new baby girl, Cheryl, looks just like her older sister, Carol... and if so, she's a beauty... cute twosome!

ACCENTUATED ACOLADES—"The Hasty Heart" won acclaim from the small, but appreciative, audience... we never know until it's too late whether a play in Pampa will be excellent, mediocre or you-know-what...

HOME NOTES—the H. C. Berry home is completed in the Fraser Addition, and the family is in it... Luke McClelland home is said to be the ideal with lots of comment on the clever decorating originated by Alina McClelland...

OPINION (well shared)—Sorry that lots of people didn't vote last Tuesday... I don't mind saying that several of the amendments I voted for, as you know, did not pass... guess they never should have let me off the farm...

PANORAMICALLY—noticed J. B. Bourland back from Dallas, looking fine... Pampanos have missed J. B.'s amiable greeting... A. C. Cox and H. E. Carlson reminiscing World War I days...

MAIL BAG—Signed "Just Another Spy," it says the Hubert Bablone were in town last week visiting his parents... So if "anyone happens to notice a gleam in the eyes of Mrs. A. W. Bablone, it's because she's hoping it will be a boy come May 1."

QUOTABLY—Lewis Chamberlain telling this one: a farmer who saw to the burning of his barn wanted cash (naturally) from the insurance company... the adjuster told him the company could replace the barn, but in this particular case no cash...

I WAS LOOKING forward to the barbershoppers' performance at this writing and I'm sure it went off all right... I was going to the After-Glo, too.

Today and every day, PEG O' PAMPA.

Parents a Team and Should Pull Together Speaker Tells P-TA Group

Mrs. H. G. Stinnett of Plainview, vice president of Texas Congress of Parent-Teachers, spoke on "Teamwork Between Parents" at the Horace Mann P-TA meeting Thursday evening...

Frank Wilson Addresses B&PW On 'Education'

Frank Wilson addressed members of the Business and Professional Women's Club Tuesday night in the City Club Rooms... His speech was on "Education."

Mr. Wilson spoke specifically on the Gilmer-Aikin bill, and told the group that the bill will reorganize the state system of education, and will provide a minimum education for every district.

Mr. Wilson was introduced by Miss Madge Rusek. In the absence of both the president and vice president, Mrs. Jack Graham presided at the business session...

MRS. EWERT RAY DUNCAN

Miss Hilda Ruth Burden, Ewert Ray Duncan's Bride; Ceremony Read in First Christian Church in Pampa

Miss Hilda Ruth Burden, daughter of Mr. and Mrs. William Harry Burden, and Ewert Ray Duncan were married at 4 o'clock Sunday evening, Nov. 6, at the First Christian Church. The bridegroom is the son of Mr. and Mrs. Ivy E. Duncan.

Dr. Orion W. Carter, pastor of the First Methodist Church, officiated at the double-ring wedding rites, assisted by the Rev. H. H. Tyler. Vows were exchanged at the altar, which was banked with huckleberry leaves, flanked by candelabra and arrangements of gladioli and chrysanthemums.

Miss Barbara Walters of Ponca City, Okla., organist, played a program of wedding music and accompanied Bill Hutchinson, who sang "Because" and "I Love You Truly."

Given in marriage by her father, the bride was gowned in ivory slipper satin, fashioned with a fitted bodice, sweetheart neckline and long fitted sleeves ending in points over the wrists. The full skirt extended into a cathedral train, and her fingertip veil of illusion fell from a satin tiara trimmed with seed pearls.

Mrs. Bill Smith, sponsor of the La Rosa Sorority, was honored recently with a pink and blue shower given by the sorority members.

Miss Verda Elkins, junior sponsor, presided at the guest register. Miss Helen Blocker, accompanied at the piano by Miss Mary Beth Wright, sang two songs, and while the gifts were being opened, Miss Wright played soft background music.

The serving table was covered with a blue cloth, and favors of pink carriages filled with blue minis were given to the guests. Glenda Husted presided at the punch bowl and Cornelia Cornelius served the cake.

Following the refreshments, a game was played after which the gifts were rolled out in a bassinet lined with pink satin and blue net, a gift from the club. The honoree was presented with a corsage of red roses.

Those attending were: Madmes. Glenn Sheehan, Herman Gantz, Clayton Husted, Glenn Radcliff, H. G. Sharp, Dean Cox, H. B. Alverson, Paul J. Thurston, and Mrs. Clifford Ryan.

Misses Rosemary Sheehan, Mary Lou Gantz, Glenn Husted, Barbara Radcliff, Henri Lou Sharp, Neva Lynn Cox, Alma E. Ruth Alverson, Carmen Thurston, Joan Ryan, Cornelia Cornelius, Malvern Miller, Wanda F. Rudey, Doris Ann King, Lena S. J. a. Smith, Donna Ann, Clara Washington, Mildred Jones, LaJuana Gardner, the honoree and Verda Elkins.

Members and their mothers who were unable to attend sent gifts.

Dinner for Martha Class Members, Husbands

The Martha Class of the First Baptist Church entertained the husbands of members at a dinner in the Cities Service Club Room. Fall flowers centered the dinner table and Mrs. C. L. Cross played piano selections during the evening. Games furnished entertainment.

Those present were Mr. and Mrs. C. L. Farmer, Mr. and Mrs. W. W. Entz, Mr. and Mrs. L. H. Anderson, Mr. and Mrs. A. C. Troop, Mr. and Mrs. Brady Davis, Mr. and Mrs. Hugh Ellis, Mr. and Mrs. Ernest Edwards, Mr. and Mrs. E. H. Eaton, Mr. and Mrs. G. L. Cross, Mr. and Mrs. C. A. Scott, Mrs. Ruth Mosley, Mrs. Mabel Teague, Mrs. Willie Roland, Mrs. H. T. Thornhill, E. B. Reeves and Miss Labona Edwards.

Candlelight Wedding Ceremony Read in Church Unites Betty Ruth Franks, Willis D. Price, Jr.

MRS. WILLIS D. PRICE, JR.

In a wedding ceremony read by candlelight in the First Presbyterian Church in Rocksprings last Sunday evening, Miss Betty Ruth Franks became the bride of Willis Davidson Price, Jr. The bride is the daughter of Mr. and Mrs. Charles Gardner Franks of Rocksprings and the bridegroom is the son of Mr. and Mrs. Willis Davidson Price of Pampa.

Hour of the wedding was five o'clock, and the Rev. Raymond A. Taylor, assisted by the Rev. Lewis L. Wilkins, officiated at the ceremony.

Vows were taken before an altar decorated with the bride's chosen colors, moss green and bronze. A paneled wall arrangement of cedar branches, grown on the Franks ranch, was the background for the archway, which was entwined with the same evergreen and illuminated with a single bronze mum centered with a bow of moss green ribbon.

A duet, "Because" sung by Mrs. Joe Luce and Mrs. Lowell Hankins, preceded the ceremony, as did "At Dawning" sung by a male quartet: J. A. Laning, Suel Laning, Jake Laning and Gayle Laning, accompanied by Mrs. J. A. Laning. Mrs. Laning also played the traditional wedding music, "Clair de Lune," "Indian Love Call," "Japanese Love Song" and "Trust of Spring," and played "Through the Years" softly during the ceremony.

MAGNOLIA SATIN Given in marriage by her father, the bride was dressed in an unadorned magnolia satin gown, designed with an elongated fitted bodice, bound by three upturned points of the same material, terminating in a bustle effect, forming a stand-up collar, forming a perfect outline for the bride's elegant diamond lavalere, a gift from her father to her mother, and worn by her mother on her wedding day. Her shoulder length veil of imported French illusion was caught to a bridal cap of satin, close fitting with a scalloped brim and a roll of satin around the crown line.

She carried a single lily with a shower of stephanotis on a white leather covered prayer book belonging to her great-great maternal grandmother, copyrighted for something borrowed and blue she wore a twin shaped lingerie pin made of pearls and bound in blue satin ribbon, belonging to generations of the bridegroom's family, and worn by his four sisters.

MOSS GREEN VELVETEEN Maid of honor was Miss Margaret Price, sister of the bridegroom. She wore a gown of moss green velveteen, designed with a long fitted bodice, pointed in the back and princess effect in front with an inverted pleat, forming a full skirt worn over hoops. The three-quarter length sleeves had Grecian cuffs and the open cut neckline was outlined with a full lace ruffle. Her hat was of the same material as her dress, and she carried a moss green shirred velveteen muff with a single mum, centered in a shower of pompons.

Bridesmaids were Mrs. Don McAllister of Abilene, Mrs. Bill Morris, Miss Doris Brown and Miss Alta Mae Miller of Rocksprings. Their gowns were fashioned after that of the maid of honor, both in style and color, and their flowers were chrysanthemums.

The bride's mother wore an aqua crepe dress with silver trimmings, aqua feathered hat and kid gloves in the same color. Her corsage was of Tallman rose buds. Mrs. Price, mother of the bridegroom, was dressed in green with matching accessories, and she also wore tallman rose buds.

The wedding will take place some time this month.

(See PRICE, Page 14)

Canadian High Queens Crowned in Ceremony Amid 'Winter Wonderful'

CANADIAN—(Special)—Amid a winter wonderland, June Parker and Shirley Terrel were crowned Senior and Junior High Carnival Queens.

The coronation ceremony took place Tuesday evening at the High School auditorium. The festival was under the general direction of Superintendent A. H. Breazeale.

Musical direction of the high school was by Mrs. Frankie Damron, and the elementary school music was directed by Miss Lucille Wilbanks. The stage settings and art work were done by Miss Rita Austin and the high school art class. Mrs. Barbara Pruitt was in charge of the costumes, Curtis E. Babcock handled the lights, and Harvey W. Truitt, arrangements.

Scene I featured a girl and boy, Frances Shaller and Hugh Baker in a skit, singing "Let's Take an Old Fashioned Walk."

Scene II was the Winter Wonderland with the High School chorus composed of Nancy Alexander, Elvis Baker, LaJuana Ballard, Earlene Blackmore, Larry Breazeale, Vona Brooks, Betty Carr, Janet Conley, Pearl Crawford, Raymond Crosier, Joy Eckles, Frances Flowers, Wenona Gross, Virginia Hana, Bonnie Hazlett, Donna Hazlett, Esther Kendall, Helen Mathews, Troy Kendall, Jennie Job, Barbara Newton, Kathryn Nolly, Nona Pigg, Hazel Porter, Wilma Pycatt, Carl Stoddard, Mary Tapp, Ann Webb, Pat Wheeler, Pat Wilson, and Dorothy Young. They sang "Winter Wonderland," "It's a Grand Night for Singing," "It's a Big Wide Wonderful World," "Everywhere You Go" and "Sleigh Song."

The royal court then made its appearance.

Duchess Donna Abraham, seventh grade runner-up, was escorted by Duke Jimmy Reid. Duchess Grace Ann Reid of the Freshman Class was escorted by Duke Danny Conklin.

From the Sophomore Class, Duchess Leslynn Waddy was escorted by Duke Wubby Gross. Duchess Fatsy McMeans of the Junior class was escorted by Duke W. H. Bryant.

King Clyde Ray Cain of the Junior High was then announced. Her Royal Highness, Shirley Terrel, Junior High School Carnival Queen, was crowned by the king. Her crown bearer was Ruth Snyder, Jr., and train bearers were Kay Abraham and Sue Hext.

King Sid Bayless, of the High School, crowned Her Royal Highness, June Parker, High School Carnival Queen. Crown bearers were Bill Ed Abraham, and train bearers were Carol King and Linda Worley.

The following program was then presented for the approval of the queens.

The Junior School Chorus, composed of Paul Crosier, Tommy Hobdy, Nona Snyder, Juanita Orr, Lynn Wilson, Mary Price, Bunny Crowell, Arthur Verlier, Ruth Eller, Jimmy Nix, Earl Curtis, Wilbur Kilbrenn, Billy Wanger, Helen Hornback, Alice Detweiler, Roger Freeman, Patricia Wyatt, Rose Lee Morrow, John Briggs, Anita Schmutz, Warren McGill, Jolene Brock, Jane Willis, Marie Hall, Ronald Bentley, Juanita Mathews, Berta Gale, Parrott, Alonzo Hand, Cora Batta, and Sammy Wilbur sang four numbers, and a trio of boys dressed as foxes sang "The Little Red Fox."

Jerry Green, a Junior High student, sang "Golden Earrings." Five couples from the third grade, Kenny Abraham, Freddie Hill, Eddie Hill, Ralph Holloway, Miss Floy Nona Russell

Preston Gier, Kinds Adams, Mary Garcia, Joyce Wheeler, Gena Cleveland, and Sharon Riley, danced the "Virginia Reel."

A girls quartet, composed of Jolene Norris, and Joyce Cleveland, sang "Play, Fiddle, Play." Hugh Baker tapped a boogie woogie number, "In a Royal Garden," a musical reading, was given by Wanda Hoover.

Stan Douglas played an accordion solo, "Minute Waltz." This was followed by a trumpet solo, "Valse Brillant," by Nan Matthews.

From the hills came Granpa, Gran'ma, "Dotter" and son—hillbillies—Thomas Conyers, Mert White, Vona Brooks and Larry Breazeale, singing "Feudin' Fussin' and Fightin'."

A novelty number, "My Little Girl" was danced by L. H. Webb, Peggy Hutcherson, Hugh Baker, Joyce Curmutt, Dale Cook, Janet Conley, Johnny Morris, and Betty Kemp, and called by Nancy Alexander.

For the grand finale, the chorus returned and sang "Winter Wonderland" and "It's a Grand Night for Singing."

Bridal Shower Given for Mrs. Lloyd Bowen

On a recent date Mrs. Lloyd Bowen was honored with a miscellaneous bridal shower at the home of Miss Grace NeCase with Mrs. Anita Jacobs and Miss Vivian Summerford as co-hostesses.

The house was decorated with fall flowers and the bride's chosen colors of blue and white were carried out.

Refreshments of coffee, sandwiches and cookies were served. As guests arrived they were asked to register and names were placed in a glass rolling pin, which was later presented to the honoree.

Present were Miss Edith Taylor, Mrs. Edith Closson, Mrs. Stella Perry, Mrs. Mary Catherine Powell, Miss Grace NeCase, Mrs. NeCase, Miss Vivian Summerford, Mrs. Mary Ellen Sherod, Mrs. Dorothy Ward, Miss Juanita Prescott, Miss Freda Worley, Mrs. Geneva Gobin and Paula Kaye. Mrs. Cliff Parker, Mrs. Estelle Purvis, Mrs. Martha Sailer and Miss Floy Nona Russell

Mary Lee Mays to Wed Grady Roberts

Mr. and Mrs. Anthony W. Mays of Sequin announce the approaching marriage of their daughter, Mary Lee, to Grady L. Roberts of Lake Charles, La. He is the son of Mr. and Mrs. W. L. Roberts of Pampa.

The wedding will take place some time this month.

HD Clubs Make Inspection Tour Of New Homes

Mrs. E. E. Crawford was hostess to members of the Skellytown Home Demonstration Club at a recent meeting.

The group voted to join the HD Club women of Carson County in making a county wide tour of new and improved homes.

An open discussion was held on reptiles.

Mrs. R. P. Boyd gave a short lesson on knitting with two yards at the same time. The group decided to have a Christmas party.

Refreshments were served. Present were Mrs. C. C. Coleman, Mrs. W. H. Harris, Mrs. R. P. Boyd, Mrs. L. Burba, Mrs. J. T. Crawford, Mrs. E. E. Crawford, and two new members, Mrs. G. H. McKinney and Mrs. L. Cahill.

Flash of Color From Gems and Sains

Formal fashions for New York's winter season took their first official bow at the 61st National Horse Show held at Madison Square Garden and their brilliance, especially on opening night, adds up to an exciting forecast. "The horses never had a chance," according to Martha Perella, fashion director for the Jewelry Industry Council, who reviewed opening night events with an eye for new trends in jewelry and clothes.

The majority of those attending elected formal dress, and diamonds, emeralds, ermine and silk flashed from one end of the huge arena to the other against a background of white ties and silken top hats. The tip-off fashion wise seems to be that the best dressed woman wears everything shorter. This year except earrings, fifty percent of the beautiful gowns worn by leading figures in society, diplomacy and the celebrity world were the new short models. Some of the sheath gowns were actually mid-calf, while the bouffant ones averaged some three to four inches above the ankle.

Hairdos too, were shorter, and furs, with the white ones far and away the leaders, were almost entirely short, brief versions of stoles, capes, boleros and scarves.

But jewelry, not so. Chandelier earrings were everywhere, most often they were diamond ones. Society's Mrs. Cooper Persons, better known as "Liz" Whitney, appeared with a breathtakingly beautiful set of diamond and emerald jewelry which included a diamond and emerald necklace, matching bracelets on either arm and diamond chandeliers, some five inches in length, hanging to her shoulders.

Mrs. Carlos P. Romulo, wife of the president of the United Nations General Assembly, chose diamonds and rubies to wear with her rose-red and metal striped taffeta gown. Her earrings were large platinum fans studded with blue white diamonds and at the throat she wore a yellow gold and platinum pendant flower set with diamonds and rubies. Her fur cape was of silver blue mink.

A number of famous fashion designers were on hand for the opening, among them Lilly Dache who wore gold brocade and accessorized it with a colorful bib necklace of pearls, diamonds and jade, giving her entire ensemble a definite oriental touch.

Pearls were a popular choice, especially combined with diamonds in collars, but color was an outstanding note in jewelry. The well known designer, Madame Schiaparelli, chose brown for her costume as did many of the better dressed women, and she wore topaz jewelry with it.

In another instance, large amethysts in a triple strand necklace and chandelier earrings lent color to a silver white satin gown worn with a short ermine wrap.

All in all, color was the keynote, whether it came from the fire of diamonds and amethysts, sapphires and topaz, or the glow of ruby red and royal blue satin, seen in one of the most fashionable boxes. One of the people who enjoyed it most was Parisian designer, Pierre Balmain, who

Jo Alice Franks Guest of Honor At Bridal Shower

Miss Jo Alice Franks bride-elect of Henry Fletcher of Perryton, was honored with a miscellaneous shower Thursday at the home of Mrs. Edwin Simmons, 433 N. Yeager, with Mrs. Noah Cude as co-hostess.

Miss Franks was presented with a corsage of yellow mums and her mother's corsage was of white carnations.

Presiding at the guest register was the bride-elect's sister, Mrs. Ruthie Lee Williams.

Carrying out a color scheme of yellow and white, the dining table was laid with a crocheted tablecloth over yellow. The centerpiece of small yellow and white mums, flanked with white candles was reflected in a large round mirror on which it rested. Refreshments of white cake topped with yellow and punch were served by Miss Elsie Harris and Miss Carolyn Bartz to the following guests: Mrs. T. O. McIlvain, R. E. Ellison, Dave Kendrick, Bill Bartz, Clifford Bailey, C. T. Rascoe, Roy Ward, G. A. Crawford, Bill Williams, Amos Harris, Pearl Yeakley, L. R. Franks, Frank Eason, Miss Elsie Harris and Mrs. Carolyn Bartz. Gifts were also sent by many who could not be present.

Civic Culture Club Discusses 'Ceramics'

Mrs. A. D. Hill was hostess to the Civic Culture Club Tuesday at a meeting on "Ceramics" and a business session.

Roll call was answered by naming a ceramics center or factory. Mrs. Hill discussed the day's topic, giving the history of ceramics. She told the group that ceramics was the first art to be practiced by man and brought its history up to the present time, noting improvements in skill as man progressed in civilization.

She used some of her own ceramics to illustrate her talk, and also had on hand a kiln and clay in its powdered form.

As Mrs. Hill spoke, explaining the process of making ceramics, she demonstrated by fashioning a small bowl.

The president, Mrs. John Brandon, was in charge of the business meeting, and Mrs. E. C. Thompson assisted with serving.

Others present were Mrs. D. W. Coffman, Mrs. L. E. Cool, Mrs. F. W. Shotwell, Mrs. J. B. Townsend and Mrs. H. H. Stull.

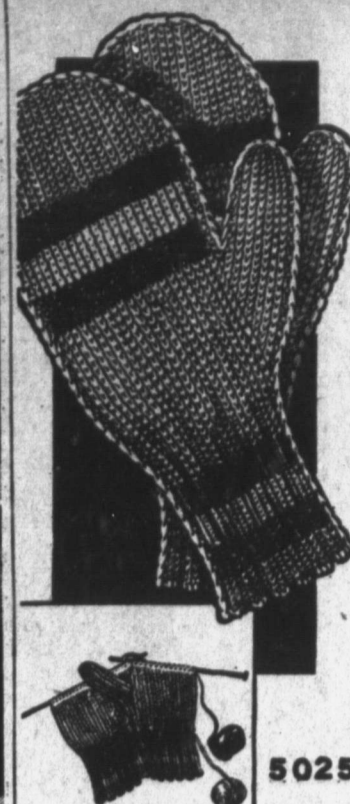

The next meeting will be with Mrs. D. W. Coffman, who lives at the Skelly Camp on the Berger Highway, on Nov. 22.

was so busy circulating a mong the crowds that the Press finally gave up entirely and left his box without a photograph.

Television may be enjoyed in every room of the house: Junior rates his own portable TV set (upper left) for the dining room (upper right) a custom-built, remote control set sunk in a decorative mirror is a possible television solution and chairs on wheels (lower left) provide mobile living room seating. Television in the bedroom gets a corner spot and a table set on casters for easy viewing (lower right).

Two Needle Mittens

5025

By MRS. ANNE CABOT

Two needle mittens are easy knitting, even for a beginner! The pair illustrated are made of knitting worsted with contrasting stripes... a fine way to use up odds and ends of yarn. Start on these now and you'll have them ready before the cold weather sets in!

Pattern No. 5025 consists of complete knitting instructions, stitch illustrations, material requirements, sizes 4 through 12 included. Send 20c in COINS, your name, address and the PATTERN NUMBER to ANNE CABOT (Pampa Daily News), 1150 Ave. Americas, New York 19, N. Y.

members have been invited. Following the business meeting an hour was spent visiting absent and ill members.

Present were Mrs. C. E. McMinn, Mrs. C. L. Cudney and Red Don, Mrs. J. L. Shaw, Mrs. R. E. Montgomery, Mrs. W. A. Greene, Mrs. L. B. Studabaker, Mrs. J. L. Shelton and Mrs. H. H. Threault.

Writing with the fingernail as pen is an old Persian art.

Packing Gift Boxes Project of Crusaders Class

The Crusaders Class of the First Methodist Church met in the home of Mrs. A. E. Marlow, 1328 North Russell, Wednesday evening for a pot luck dinner. Mrs. Orion W. Carter led the group in prayer, and during the business session the class project, packing gift boxes for a needy family in Europe, was discussed.

Those present were Mrs. H. H. Boynton, teacher; Mrs. Dorothy Cox, president; Mrs. Orion Carter and Mrs. R. L. Sims, guests; and the following members: Mrs. V. Collum, Mrs. L. H. Bromert, Mrs. Veri Hagaman, Mrs. Leon Cook, Mrs. C. J. Kilgo, Mrs. Leon Marlow, Mrs. A. E. Marlow, Mrs. C. J. McNaughton, Mrs. A. D. Pruet, Mrs. A. L. Smiley, Mrs. Vernon Stuckey and Mrs. R. d. Wilkerson.

BODY FOR SALADS

Rice, cooked so that the grains are separate but tender, is delicious in a salad. Mix diced cooked chicken, cooked drained green peas, and finely diced celery with the rice, and moisten with broiled salad dressing well-seasoned with mustard and sugar. Serve on salad greens and garnish with hard-cooked egg, green pepper, and tomato.

It requires a year for newly wedded couples to get used to each other... I suppose one of the requirements of maintaining freedom is the public washing of linen. —Herbert Hoover, on unification of defense forces.

Mrs. V. Dowell Entertains Group At Luncheon

Mrs. Vester Dowell entertained at a luncheon Tuesday noon for her Training Union group of the First Baptist Church.

Luncheon was served from a lace covered table decorated with fall leaves, and centerpiece of autumn flowers was flanked by gold candles. Plate favors were tiny dolls made from peanuts and pipe cleaners. They held banners lettered BYPU. The dolls were dressed in pink to match the napkins.

On the menu were chicken salad, molded cranberries, hot rolls and butter, strawberry jam, cake and coffee.

Those present were Mrs. Paul Barrett, Mrs. Kenneth Cook, Mrs. Bryan Buck, Mrs. Edwin Lawrence and Mr. and Mrs. Jim Cantrell.

After the luncheon a business meeting was held with Jim Cantrell, vice president, in charge in the absence of the president of the union, Sidney Largin.

The afternoon was spent making decorations for a banquet to be held on Nov. 21. Also, cards were written to absentees and plans made for visiting.

Typewriter ribbons are, on the average, 25 feet long.

Iodine is obtained chiefly from clip or ashes of burnt seaweed.

Mrs. Merchant Main Speaker at Culture Club Meet

The keynote talk, on the topic "Living With Our Growing-up Children" was made by Mrs. Jack Merchant at the Tuesday meeting of the Twentieth Century Culture Club. The group met in the home of Mrs. L. N. Atchison.

Also on the program was Dr. Douglas Nelson, who gave "An Appraisal of Today's Moral Principles." During a business session plans were made for a rummage sale to be held Dec. 5. Tentative arrangements are to hold the sale at the old White's Auto Building.

Present were Mrs. L. N. Atchison, Mrs. Jeff Bearden, Mrs. E. D. Carver, Mrs. J. R. Donaldson, Mrs. M. R. Griffith, Mrs. H. Hahn, Mrs. E. L. Henderson, Mrs. Rufe Jordan, Mrs. Leslie Hart, Mrs. Huelyn Laycock, Mrs. J. D. Merchant, Mrs. Vernon Hobbs, Mrs. Earle Scheig, Mrs. E. E. Shelhamer, Mrs. Fred Thompson, Mrs. W. B. Weathered, Mrs. E. O. Wedgeworth and Mrs. L. J. Zachry.

PRICE

(Continued from Page 13)
Willis D. Price served his son as best man, and groomsmen were James Heath-Holly of Colorado, Bob Price, Emporia, Kansas, Richard Springstun, Big Lake, and Don Morrison of Pampa.

RECEPTION
Following the ceremony a reception was held in the Rocksprings Club House, which was decorated in the bride's chosen colors. A center table was arranged with a formed with the Maid of Honor's muffs together with the giant bronze mums and showers of pompons taken from the bridesmaids' muffs, placed before six bronze lighted candles in silver candelabra. The table cover was a full skirted white satin cloth. The silver coffee service completed the table appointments. Slices of the double-ring wedding cake were served with the coffee.

Mrs. A. W. Lottifer of Junction played the reception music. Assisting at the reception were Mrs. W. C. Vernon of Lubbock and Mrs. Mona Franks of San Angelo, aunts of the bride; Mrs. Roy Parks, Jr., Midland; Mrs. Vester Lee Smith, Claude, sisters of the bridegroom, and Mrs. Thomas L. Taylor, Mrs. J. Alton Miller, Mrs. S. N. Brown, Mrs. T. C. Barnes, and mothers of the bridesmaids. Presiding at the bride's book were Mrs. Bob Patterson of Midland, sister of the bridegroom; Mrs. Pierce Stevenson of Austin, Mrs. W. M. Tinsley of San Antonio, aunts of the bride; and Mrs. Jack Balentine of Rocksprings.

For a going-away costume the bride wore a taupe colored wool suit with taupe suede and kid shoes, bag and gloves. Her taupe felt hat had a wing feather falling low on one shoulder, and her purple blouse was trimmed at the neck with beading. Her corsage was a purple orchid. The couple went to the Grand Canyon and Catalina Island for the honeymoon, after which they will be at home on the Flying W Ranch, Pampa.

They say that Moscow is the heaven of the Soviet. Well, if that's heaven, all I can say is it's a hell of a heaven. —American businessman Edward Dowling, returned from Moscow.

"Exclusive But Not Expensive"

Turkey Price Seen Lower For Holidays

By JACK R. RYAN
NEW YORK — (AP) — Turkeys for those Thanksgiving feasts will be a lot more plentiful this year. Cheaper, too.
 Cranberries also will cost less, despite the summer droughts which trimmed supplies.
 Every state in the Union is believed to be raising more gobblers than last year. And the crop as a whole is estimated to be 25 percent bigger.
 The U. S. Agriculture Department in its latest forecast said all indications point to the second largest turkey total on record — around 41,000,000 birds, which is not far below the peak of 44,221,000 four years ago.
 Spokesmen for some of the largest store chains in the country say turkey prices aren't likely to change much between now and Thanksgiving, barring some unforeseen development. If they're right, you can expect price tags to be about 15 cents

a pound below last year in most places.
 Last Thanksgiving when supplies of the holiday bird were the smallest in 10 years, choice family-sized hen turkeys averaged between 75 and 80 cents a pound. Prices vary from place to place, of course, depending on how far the turkeys have to be shipped, local labor costs and so on.
 This year market experts say the smaller turkeys should be priced in the neighborhood of 60 to 65 cents a pound, with the heavier toms around 70 to 72 cents below that.
 Back of the steep boost in turkey population this year was the low cost of feed grain and the record high prices farmers received for their birds last fall and winter. Many growers who had gone out of the turkey business saw their more persistent neighbors net two to three times as much profit per bird as in an average year — so they stocked their pens heavily last spring.
 The nation's biggest turkey-producing state, California, was recently estimated to have increased its turkey production 35 percent over last year. Texas, the next biggest producer, reported a 40 percent increase and third-place Minnesota's boost was believed to be around 36 percent.
 As for those traditional cranberries to accompany the feast bird, they're expected to average between 19 and 23 cents a pound this Thanksgiving time, or about six cents cheaper than last year.
 Last year was a bumper one for cranberries, though — 922,500 barrels — and a good portion of those went to processors. That left more of this year's crop available for the fresh market. The result: plenty of good quality berries for cranberry sauce.

Ginnings Double In Two Weeks

SHAMROCK — (Special) — Ginnings at the four gins in Shamrock and Twitty have more than doubled in the past two weeks.
 Total ginnings at noon Wednesday were 6,201 bales, compared with 2,822 bales that had been handled up to two weeks ago. This is an increase of 3,379 bales in the 14-day period.
 Ginnings state that many farmers are getting better yields than they anticipated two or three weeks ago. One farmer said that three weeks ago he expected to gather 150 bales from his 270 acres; now he has hopes of a 200-bale yield.
 Gins in the south part of the county are running from 15 to 18 hours a day — sometimes around the clock.

SOCIETY FORMED
FORT WORTH — (AP) — A Fort Worth symphony society was formed Tuesday. It will promote concerts here by symphony orchestras.

Dozen New Model Cars About Ready

By DAVID J. WILKIE
AP Automotive Editor
DETROIT — (AP) — A dozen new model autos will appear in the next few weeks.
 None will have drastic new features, but they will have some very desirable engineering and styling advances. There will be quieter operation, better braking and easier driving control all around.
 All the auto makers are using considerably more insulation to rid their cars of body noises. Engines also have been silenced to a noteworthy extent.
 First of the new models to reach the dealers will be the 1950 line of Fords. They have been in production for nearly two weeks and will be shown to the public very shortly.
 Dealers and industry reporters already have seen and driven the new Fords. Next to be shown will be Pontiac's new 1950 cars. They, too, may be ready for

public announcement before the end of November. Following these will come Chevrolet, reportedly with its new torque converter transmission ready at the same time. The other General Motors cars, Ford's new Lincoln and Mercury models and Chrysler's new units will about complete the new model procession of the next few months.
 Farther in the future are Kaiser-Frazer's new models including a low-priced car designed to compete with Chevrolet, Ford and Plymouth.

'Oldest' Twins Celebrate Birthday

SHAMROCK — (Special) — Hiram Smith of Sweetwater, father of L. A. Smith of Shamrock, and Peter L. Smith of Brownwood, who believe they are the oldest twins in Texas, celebrated their 91st birthday with a family reunion recently at Abilene.
 Natives of Houston County, they were born Oct. 30, 1858. They have resided in Texas all their lives and were farmers and ranchers until their recent retirement.

Mohair Gives Martin the Shudders

By HAL BOYLE
NEW YORK — (AP) — Mohair gives Martin Feinman the shudders.
 Likewise horse hair and down. And old-fashioned buffets decorated with imitation-carved Cupid's heads — they make him nervous in the solar plexus.
 "Seventy-five percent of furniture in America is obsolete," he said.
 Feinman is a pioneer designer and manufacturer of modern furniture.
 In 1925 he visited the Exposition of Decorative Arts in Paris — and it changed his life.
 He came home and told his father, who had a furniture factory in the old gas house district here, he wanted to try out some new ideas. He sketched his designs, and the father took a look at them and said:
 "You're young, fresh and crazy."
 But he gave his son a small space in the factory. When people like George Gershwin, Claudette Colbert and Fred Waring began to drive up to buy the new furniture, the old man tossed in the towel.
 "The business is yours," he said. "But I still think you're crazy."
 He sees a steadily growing trend toward the use of blond woods, bright cotton fabric coverings and foam rubber.
 "People want furniture to be light and simple instead of heavy, dark and ornate. They don't buy furniture by weight as they did 50 years ago."
 Feinman believes the stock seven-piece bedroom suite is out-of-date. He himself has designed a new line of nine basic pieces from which can be built 150 combination groups for living room, dining room or bedroom.
 "Modern furniture won't become outmoded," he said, "because simple things can never go out of style."
 A slim, energetic man of 59, Feinman has carried the simplicity of his furniture designs into his own way of life. He

comic books, "anemic soap operas," and be-bop are helping make this "the age of triviality."
 Dr. Stewart H. Smith, head of Marshall College, said that "most of us are using all kinds of childish escape mechanisms to avoid being serious about things that really matter."
 "Some people say we are living in the atomic age," he said in a speech at the West Virginia Education Association convention.
 "It is really the age of triviality," he added.

for men who hate to shop but love Christmas like Santa Claus

To the young man to whom the bride was given, not so long ago —
 Your first Christmas together — your first real gift since her wedding ring. Give Sterling, gleaming TOWLE place settings, TOWLE serving pieces to make her table lovely. You'll both enjoy her Sterling.

To the man who gave the bride away, one sunny day in June —
 That set of TOWLE Sterling you helped her start then — it needs a lot of helping still! Serving pieces, cocktail forks, more teaspoons... We have them all!

To the man who said "I do", many Christmases ago —
 For her, on your anniversary or Christmas, the finest gift you can give — the TOWLE Sterling she's always wanted, will cherish forever. You'll like the prices!

To the man whose favorite person just — at last — said "yes" —
 Next to selecting you (oh yes she did!) her choice of Sterling patterns is most important to her. For Christmas, give her TOWLE Sterling — your first investment in your home-to-be. A gift she will use all her life, to grow lovelier with use.

Two Men Fined Total of \$225

WHEELER (Special) — Two Wheeler Countians were charged this past week with illegal possession of liquor and were fined a total of \$225.

Sheriff Jess Swink and Deputy Sheriff Glenn Cantrell of Shamrock, working with Texas Liquor Control Board agents, searched a filling station on Highway 66 and found one case of liquor.

The operator, Kenneth Johnson, pleaded guilty to possessing liquor for the purposes of sale, and was fined \$100 and costs. It was his first offense.

Later in the week, Luther Bonner's home on the north edge of Shamrock was searched and yielded two cases of whiskey.

It was Bonner's second offense. He pleaded guilty and was fined \$125 and costs.

Judy to Face Trial Monday

NEW YORK — (AP) — Judith Coplon and Valentin A. Gubitchev will go on trial Monday.

The former Justice Department employe and the Soviet engineer who was suspended from his United Nations job are charged with conspiracy to transmit stolen documents to Russia in violation of the espionage laws.

Federal Judge William Bondy set the date after another brief exchange with Gubitchev, who in court has claimed an off-again, on-again knowledge of the English language.

Progress Said Most Rapid in Southwest

DALLAS — (AP) — The Southwest stands out as a region where economic progress is most rapid, President John H. Kraft, president of Kraft Food Co., said.

He said the whole country has leveled off on a sound economic foundation.

Kraft, with other executives from the firm's international headquarters at Chicago, visited Dallas and Garland to tour the company's new manufacturing plant at Garland.

Parrots have no wishbones.

U.S. Greeting Gets Front Page

MOSCOW — (AP) — U. S. greetings to the Russian people made the front page in Pravda, the Communist Party's official organ.

U. S. Ambassador Alan G. Kirk

sent "best wishes" on the occasion of the 32nd anniversary last Monday of the 1917 Soviet revolution.

Pravda published 16 similar messages from other foreign governments along with the American note.

Kirk addressed his message to Deputy Foreign Minister Andrei

Gromyko, for transmittal to N. M. Sverdlov, president of the Presidium of the Supreme Soviet. The message said:

"On the occasion of the national holiday of the Union of the Soviet Socialist Republics, my government has requested me to transmit to you that the people of the United States sent their

Plea Brings on Bloody Nose

SAN FRANCISCO — (AP) — The bus was jammed with standees. "Move to the rear, please," implored the driver, William J. Donohue, 28.

An exasperated patron leaped over and punched Donohue in the nose, then vanished in the crowd. Donohue was treated at Mission Emergency Hospital for a possible nose fracture.

More salt is present in the Atlantic than in the Pacific Ocean.

Production Potentials Increased Sharply As 18 Wells Completed for 1,401 Barrels

Representatives of Phillips hit Pampa like the proverbial seven-year locust last week in working out the details on the latest lease play in the Panhandle. Several other companies participated but none concentrated such effort as did Phillips.

Loyal Davies explained some of the complexities of Cities Service's new gasoline plant to API members Tuesday night and Charles E. Cooke of McLuhan showed a movie of a trip he took last summer to Africa. About 150 members were present for this final regular meeting of the year.

API members learned from Cooke that Africans ahausa huge herds of cattle to be used to show how wealthy the native is and also to be traded for an oilman. Several oilmen expressed the opinion the native would have been better off in keeping the cattle.

Another wildcat is being drilled in the Anadarko Basin. It is the Phillips Petroleum Co. Hix No. 1 in Hansford County. This well is located in Sec. 4, Blk. 3, about four miles east of the company's Willcox which is being drilled in Sherman County. The Hix is a 7,600-foot test.

Jim McClintock, deputy supervisor for the Railroad Commission, went out for ducks but as it turned out, he might have been hunting trouble. Jim had everything in order—stamp and had gone down the day before the trip and took off for Comanche County.

Independents and royalty owners will meet in Amarillo Wednesday for a district meeting of the Texas Independent Producers and Royalty Owners Association. The meeting, scheduled to begin at 8:15 p. m., will be held in the Crystal Ballroom of the Herring Hotel.

What would make a man resign from a \$75,000 a year job? In the case of the retirement of Wm. R. Body, Jr., from leading post in the American Petroleum Institute, it was the expressed dissatisfaction of a great many independent oil producers in the Western U. S. and in Texas.

Speaking of the API, members throughout the nation have had a section in the Oil and Gas Journal dedicated to their activities. This includes a resume of the latest national meeting and an introduction to new committee heads plus a breakdown of the duties of the various activities. Try to get hold of the Journal this week.

Wes Izard and Laurence Hagy, both of Amarillo, are scheduled to be principal speakers at the annual officer election banquet of the Panhandle Chapter of the American Petroleum Institute.

The banquet will be held in the Bismarck Cafeteria in Berger Tuesday, Dec. 6. Tickets are now on sale and may be gotten from any member of the advisory committee of the API or from Bud Anderson at the office of The Pampa Daily News.

Oklahoma Drilling Steady; Elk City Pool More Active

TULSA — (AP) — Oklahoma oil producing formation perforated from 9,375 to 9,420. GOR was 1,850. The R. Walter A-1 in NW SE 14-10n-21w, was completed 693 barrels of oil and 1,018 MCF gas through a 20-64 inch choke.

In the Elk City pool, three new tests were staked and four others were brought in by Shell Oil Co. Location was staked on Shell's E. B. Yelton No. 3 in C NE NE 15-10n-21w to offset the company's L. Lander No. 1; J. L. Long No. 2 in SE NW 15-10n-21w and the C. Walker C-1 in C NE NE 23-10n-21w to be drilled by Big Chief. These three new locations bring the total wells drilling in the field to 46.

Geologists Hold Dinner-Dance in Amarillo

Panhandle chapter of the American Geological Society will hold a dinner dance in Amarillo next Friday night, Nov. 18. The affair is scheduled to begin with a turkey dinner at 8 p. m. in the Crystal Ballroom of the Herring Hotel. It is sponsored dually by the society and the auxiliary.

Market Fluctuations Confuse Refiners; Commission May Cut Production Rates

HOUSTON — (AP) — Oil refinery workers are being kept busy these days turning on valves and then turning them off again. The industry's supply-demand problems look good one day, not so good the next. For the week ending Oct. 29, the nation's refineries were operating at 83.3 percent of capacity. A week later it was 85.2. Last week the figure fell to 82.4.

Per-Well Average Hits 77.9 With Nine New Locations

Panhandle production rose sharply last week as operators completed 18 wells for oil and one for gas. Increased production totaled 1,401 barrels of oil and 5,250 MCF gas. This is compared to 656 barrels of oil from 12 wells completed by Nov. 4.

Per-well average for last week was 77.9 compared to 54.3 barrels per well for the preceding week. One well was plugged last week. CARSON COUNTY Cabot Ware No. 28, 330 feet from N and 420 feet from W lines in SW-4 Sec. 106, Blk. 4, I&GN Survey, tested 88 barrels of 41 gravity oil with top of pay at 5,192 feet and TD 3,226 feet.

TEXAS DRILLING Permits Take Slight Drop AUSTIN — Permits to drill oil wells in Texas declined slightly last week, the Texas Railroad Commission reported. During the week ending Nov. 6, 1948, operators abandoned 78 wells as dry holes and 35 special drilling permits. The commission granted 258 permits. Commission's report showed: Texas operators reported the week ending Nov. 6, 1948, special permits were granted 234 regular and 35 special permits. Completion of 202 oil and 18 gas wells last week, an increase over the 190 and seven of the previous week and a sharp increase over the 188 and 11 of the week ending Nov. 6, 1948.

Rockies Said New Frontier For Nation

DENVER — (AP) — The Chamber of Commerce people call the Rocky Mountain region America's new oil frontier. They say the wildcaters there days indicate this is no idle boast. With the weather amazingly mild, and drilling rigs running full blast, drillers opened five new oil and gas fields last week. In Colorado and Wyoming, new gas fields were discovered. Montana's new oil field was opened by The Texas Co. in a previously untested area of northwest Rosebud County.

NEW GAS COMPLETIONS Gray County Texas Gas and Power Crossman No. 2, Sec. 27, Blk. B-2, H&GN, showed a production of 5,250 MCF. NEW LOCATIONS Carson County Cabot Ware et al No. 30, 2310 feet from N and 390 feet from E lines Sec. 105, Blk. 4, I&GN Survey.

Gray County Hoover Saunders "B" No. 5, 990 feet from S and E lines of N-2 of SE-4 of Sec. 4, Blk. 1, B&F Survey. Texaco E. E. Gething No. 9, 990 feet from N and W lines NW-4 in Sec. 13, Blk. A-9, H&GN Survey, seven miles SE Lefors.

Hutchinson County Howell and Howell Belle Wisdom A No. 3, 1320 feet from S and 960 feet from W lines of SE-4 of Sec. 33, Blk. M-23, TC Survey. Addison Warner J. A. Whittenburg No. 3, 990 feet from S and W lines of N-160 acres of Sec. 11, Blk. 46, H&TC. K. S. Adams, Jr. Thom No. 2, 1092 feet from E and 20 feet from N lines of W-2 of Sec. 15, M-23, TC Survey.

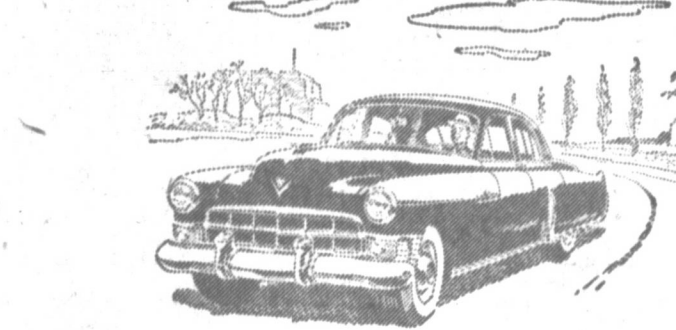

I. M. Huval, son of I. J. Huval, Pampa oilman, is shown with part of the bag brought back to Pampa by a hunting party to Lake City, Colo. In addition to the three animals shown here, there were three other deer, another bear and three elk. Huval shot the bear from only 15 feet away.

Pampa Oilmen Go Hunting; Sight Bears, Shoot Same

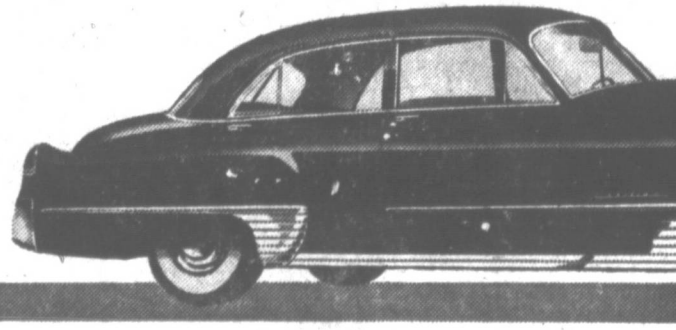

There were at least two bears who went over the mountain recently and didn't come back. They ended up in Pampa. Two bears were part of the bag brought back to Pampa recently from Lake City, Colo., by a hunting party which included several Pampa oilmen.

Delhi to Test Exploratory in Rio Arriba

Delhi Oil Co. was setting tubing last week preparatory to taking a production test on its No. 1 Ingwersen, a wildcat discovery in the Dakota sand on the San Juan Basin in Rio Arriba County, New Mexico. Perforations in the casing between 7,680-86 feet filled the hole with an estimated 6,000 feet of fluid in seven hours, 5,700 feet of the fluid was oil and the remainder heavily oil-cut mud. Total depth of the test is 7,805 feet.

A Man and His First Cadillac!

SELDOM will you find a man in a happier state of mind than when he slides behind the wheel of his first Cadillac—and makes for the open highway. There's the feeling of pride that is inescapable when a man comes into possession of something which is so universally admired.

And, there is the soft, satisfying rush of the miles—the easy, restful ride—the positive, effortless handling—the sumptuous and comfortable surroundings. Yes, it's a great thrill for a man when he goes for his first ride at the wheel of his first Cadillac.

Hazlewood Is Speaker for TIPRO Meel

Senator Grady Hazlewood is scheduled to be principal speaker at a district meeting of the Texas Independent Producers and Royalty Owners association Wednesday in Amarillo. The meeting, to be held in the Crystal Ballroom of the Herring Hotel, will begin with a fellowship hour at 8:15 with the dinner to begin at 7:30.

Wildcat Reports

Childress County Stanoliq No. 1 Steve Owens, 1280 feet from N and 600 feet from W in Sec. 81, SPRR, operators attempting to set surface pipe at 247 feet.

Lipscomb County Gulf Porter, 660 feet from N and 1900 feet from E lines in Sec. 412, Blk. 48, H&TC, drilling below 14,125 feet.

Ochiltree County Gulf Harbaugh, 680 feet from N and W lines in Sec. 142, Blk. 13, T&NO operators ran five 1-3 inch casing with 1300 sacks of cement, drilled out to 8,750 feet and now preparing to test.

Randall County Slessman Geo. Nance No. 1, 330 feet from S and E lines, Sec. 138, Blk. 6, I&GN, set 10 inch pipe at 620 feet and cemented with 800 sacks, WPC, Roberts County

Sinclair Lips No. 3-C, 690 feet from S and W lines, Sec. 133, Blk. C, G&M, drilling at 8,301. Sinclair Lips No. 4, 210 feet from W and 660 feet from S in Sec. 189, Blk. 13, T&NO, drilling at 4,410 feet.

Seury County Von Roeder No. 1, 680 feet from S and E lines of NW corner in Sec. 16, Blk. 1, J. P. Survey, drilling in limestone, at 6,680 feet. Topped Canyon Reef at 6,628 feet.

Soccer With Skulls Sets Debate Off

LONDON — (P) — A kids' game of soccer with human skulls touched off a big debate in Britain: How to go about cleaning up after the German Luftwaffe.

The ghastly soccer game took place in a Liverpool tenement district and the children used a blitzed cemetery as a playground.

Mrs. E. M. Braddock, labor member of Parliament from Liverpool, told the House of Commons about it Tuesday. Sniffed Sir William Darling, a Scottish Conservative from Edinburgh:

"The English have always been an untidy people."

Mrs. Braddock said German bombs tore up the graveyard during the war. Now, she said, the tenement kids romp around among 600 half buried bodies, use skulls as footballs and carry human bones around for toys.

The discussion took place during debate on the government's war damaged sites bill. The measure authorizes local authorities to take possession of bombed areas for 10 years in order to clean them up. But it does not provide any money to help pay for the job.

After hearing about the Liverpool cemetery the House of Commons gave the bill a second reading — approval in principle — without a record vote.

BULL IN CHINA SHOP—Having walked in cautiously, Cry Baby, prize entry in a San Francisco livestock show, gets a tempting luncheon offering from chef Paul Debes in the china shop of a San Francisco department store. Looking on is Tom Gibbons of Boys Town, Neb., owner of the prize beef.

Guard Will Hold Open House Here

An open house will be held at the National Guard Armory in Recreation Park Wednesday evening, Capt. Wm. J. Ragsdale, commander of the local unit, announced yesterday.

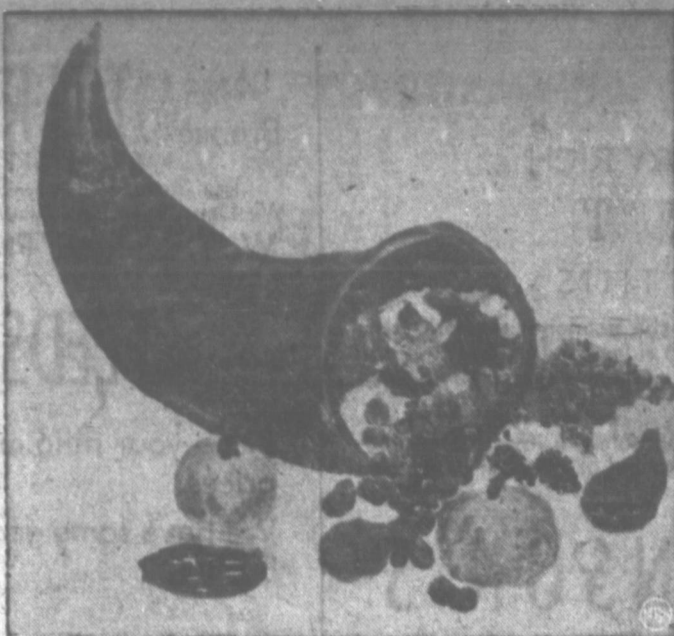

The next in a continuing series of wartime training films, usually shown to the public on Tuesdays, will be shown Wednesday instead.

These films, that have been shown for the past two months, are part of series that was shown in military training camps during the war. Assembled largely from American and captured enemy news reels, they depict the origins and background of the second world war.

Refreshments will be served Wednesday, and members of the Guard will demonstrate various types of equipment.

Battery A, 47th FA Battalion, the local unit organized early this year, still needs more than 100 men and officers to bring it to its authorized strength.

Words received from the state adjutant general's office this past week that the local unit, as well as all other National Guard units, will be frozen at the number they have Nov. 19 and no enlistments will be accepted after that date.

IT COMES OUT HERE—Put the "Brannan Plan" for farm price supports on canvas and it looks like the horn of plenty. At least it does for Secretary of Agriculture Charles F. Brannan, who painted this picture and contributed it to the second annual exhibit of paintings by famous amateurs in New York. Title of the picture is "The Brannan Plan."

Methodists To Go on Air

Forty-five minutes of the First Methodist Church Sunday evening worship program will be broadcast over KFDN weekly, beginning Dec. 4.

Dr. Orion Carter, church pastor, told The News yesterday Mrs. Ines Carter (no relation), a church member, had agreed to contribute money for a six-month tenure of the program.

"We're proud of this program," Dr. Carter said. "We think it will lengthen the ministry" to reach shut-ins and those persons who just don't go to church.

The program will take the air at 7:45 p.m. Sundays, just after the offertory and other preliminary business have been completed.

The evening addresses will be augmented by church music furnished by one or more of the church's four choirs, led by the director of music, Harley Bullis.

Capital Opinion Divided Over Demo Victory

WASHINGTON — (P) — Lawmakers are divided over President Truman's assertion that the Democrats' success in Tuesday's elections will smooth the way in Congress for the party's program.

Mr. Truman's prediction was challenged sharply by Republican Senator Bricker of Ohio. Bricker said Friday the outcome at the polls won't have much effect one way or the other on the future of the President's "fair deal."

But Democratic Senator Kilgore of West Virginia declared: "I honestly believe the election results mean easier going for the administration program."

Senator Byrd of Virginia, a Democrat who has opposed much of the Truman legislation, said the elections didn't change his mind on a single issue.

"I am going to continue to vote my convictions," Byrd said, adding that he still is unalterably opposed, for example, to Mr. Truman's controversial civil rights program.

"And in my opinion," Byrd said, "I think just about every member of Congress who was opposed to that program in the last session will remain opposed."

Higgins Ready For New Guests

For those less lawful in the Panhandle, take note: new guest accommodations will be prepared soon in Higgins.

City officials there say work will begin soon on new guest rooms — with bars.

They state transients will be permitted to sleep in one cell by other guests. Another cell will probably suffice to house guests each day, they believe.

Church Loses Second Try

DALLAS — (P) — Bethel Baptist Church of Jacksonville will have to try another year if it still wants to be a member of the Baptist Missionary Association of Texas.

The organization turned down the East Texas church's application for the second straight year. The vote was 188-180.

The BMA is a cooperative organization of 500 Baptist churches in Texas. It was formed in 1900 by churches which disagreed with the Baptist General Convention of Texas.

The Rev. Gerald D. Keller, president of the Jacksonville Baptist College and president of the BMA, opposed the Bethel application. He said the Bethel church was "not in harmony" with the First Baptist Church in Jacksonville.

Dr. Albert Garner, pastor of the Bethel church and dean of the Texas Bible Institute, supported the application.

The Bethel church was formed two years ago. Some of its members formerly were members of Jacksonville's First Baptist Church.

Keller was reelected president of the association. Other officers named included the Rev. George C. Henry of Iola, Grimes County, and the Rev. Harley L. Groom of Carthage, Panola County, vice presidents; the Rev. Roy B. Filippo of Amarillo and the Rev. A. R. Housewright of Grand Prairie, recording secretaries.

Mexican Navy Casts Off Its Bow Ties

MEXICO CITY — (P) — The Mexican Navy got rid of sailor hats and middie shirts with bow ties today.

A government decree called the traditional Navy uniform "old-fashioned," and adopted one similar to the U. S. Navy's. "Bow ties," the decree pointed out, "now are used only with tuxedos or tails."

Speech Delayed for Archbishop's Pipe

LONDON — (P) — The Archbishop of Canterbury, Dr. Geoffrey Fisher, delayed making a speech at the Author's Club Thursday night because he had left his pipe at home in Lambeth Palace.

"I cannot make a good speech without my pipe," he explained. A hurried call to his home brought the pipe — by taxi.

Dalhart Plans For Christmas
Chamber of Commerce in Dalhart is making plans now for Christmas. In a meeting last week, the body drew up plans for activity in the city during the holiday season.

Christmas lights are to be turned on soon after Thanksgiving and a Santa Claus Parade is planned for Dec. 1.

In addition, another parade is to be held Dec. 10 with an amateur hour, and free movies that afternoon.

A Christmas home lighting contest is also planned.

Maryland has the only state flag bearing a coat of arms.

Crosby Critic Boomed in Prague

PRAGUE, Czechoslovakia — (P) — Just two weeks ago a program of Bing Crosby recordings at the Gramont Music Theater was interrupted by boos and catcalls for a Communist commentator who criticized Crosby.

The commentator had said Crosby was a "greedy money grabber" and no real democrat.

Thursday the same theater was filled again to standing room for another two-hour Crosby program, ranging from "Bells of St. Mary's" to "Birth of the Blues."

A new commentator kept his mouth shut about politics and confined himself to announcing song titles.

The crowd seemed to like it fine.

"The boss sold him a phony diamond, and the customer paid for it with counterfeit!"

Loopholes In The Law

(Editor's Note: This is the fifth of a series of short case histories, all taken from court records, showing how legal loopholes often enable criminals to escape punishment in Texas. Will Wilson is chairman of a special steering committee of the State Bar, which is working for revision of the antiquated Criminal Code and Code of Criminal Procedure in order to eliminate these loopholes.)

By WILL WILSON
District Attorney, Dallas County
Joe was a small town tough.

He had the reputation of being mean — and when he got drunk, which was often, he was meaner than ever.

He was both drunk and mean one day at high noon. He staggered down Main Street in his home town, shouting and shooting a pistol into the air. He was arrested and charged with unlawfully carrying a pistol.

The charge read, in part, as follows: "... that Joe on or about the 4th day of October, 1939, in the County of Harrison, the State of Texas, did then and there unlawfully, on or about his person, carry a pistol ..."

Joe was brought to trial, but then the charge was dismissed and he was released. The reason for this action was that the word "and" should have been used instead of the word "or" in the sentence about "did then and there, on or about his person, carry a pistol." Joe couldn't be convicted of the charge because the Court ruled that the charge should have read, "did then and there on AND about his person, carry a pistol."

Technicalities like that one often defeat justice. The State Bar is working for the elimination of such technicalities by seeking to bring about revision of Texas' criminal statutes.

The Rio Grande is the largest river in Mexico.

A Balalaika is an old Russian stringed instrument.

Wheeler

WHEELER —(Special)— Mr. and Mrs. Al Bean and Miss Audrie Bean returned Monday from San Antonio where they visited Mr. and Mrs. Gray Bean.

Mrs. Floyd Pennington is in Dallas attending the state Eastern Star convention.

Mrs. Henry Flanagan of Moberly visited in Wheeler Wednesday.

Mrs. Tom Bradstreet is convalescing at her home from a recent operation.

Mrs. Glen R. Walker returned home Friday from a short stay in the Sharprock General Hospital.

Those from Wheeler who attended the Methodist district conference in Clarendon Thursday included the Rev. Darris Egger, Mr. and Mrs. Tom Britt, Mrs. Ollie Hubbard, J. E. Willard, and Grainger McIlhenny.

Gray Residents Are Buying Bonds

Gray County residents spent Bonds in October. Sherman \$40,283.50 for Series E Savings White county Savings Bond chairman, said.

The total spent for Series E Bonds throughout the state was \$8,846,343, he continued. Meanwhile, a school savings plan of several thousand school plan will be brought to the teachers Nov. 24-26, at the annual convention of the Texas Teachers' Association at Fort Worth. A Treasury Department speaker will attend the conference to explain the plan. School savings plan material also will be displayed at the Texas Congress of Parents and Teachers, Nov. 16-18, at Waco.

Methodist Parsonage To Be Dedicated

SHAMROCK —(Special)— The parsonage of the First Methodist Church will be dedicated at 4 p.m. today by Bishop W. C. Martin of Dallas.

Open house will be held by the Rev. and Mrs. S. M. Dunnam from 2 to 4 p.m.
