

Harvesters Win Classic, 20 to 12

The Pampa Daily News

Yelling Mob Sweeps Victors Off Field

By GENE GARRISON
Former News Sports Editor

Determination plus perspiration equals exultation, or at least that was the case yesterday afternoon as the Pampa Harvesters thumped the Amarillo Sandies 20-12 in Harvester Park.

In a contest that greatly resembles the annual Army-Navy classic, only on a minor scale, the local gridders managed their first victory over their fourth in history.

It was not hard to depict the importance of the encounter. Before the game, tenseness, nervousness, and silence prevailed — after the game, untold joy for the Harvesters, sorrow for the Sandies.

After the referee's gun had ended pandemonium broke loose. Fans crowded onto the field, showering the players with compliments from all angles. It was a very well played game on the part of both teams.

As quarterback Carroll Smith, who had called such a great game for the Harvesters, was hoisted to the shoulders of exuberant Pampa partisans, he was speechless — temporarily. He reached the dressing room door well ahead of his teammates, and after being joyously met and congratulated every member of the delirious Harvesters.

Jimmy Hayes, the bone-crushing halfback who scored one of the Pampa touchdowns, had nothing but praise for the Sandies. Through misty eyes and blood stained lips he accepted all congratulations with modesty and

then expressed his praise for Jack Newby and the Sandies.

Tommy Allison, who once had to be helped from the field, only to return and finish the contest in brilliant fashion, was one of the more silent members. He received his congratulations with a mere shake of the head, a "whew" and a "thanks."

After being detained by anxious Pampa followers, co-captains Leon Taylor and Pete Cooper entered the dressing room, only to be met with a resounding "hip-hip-hooray."

Then there were Weldon Witches, James Holt, Paul "Foots" Boswell, Dick Cook, and Weymer "Porky" Osborne, all in the midst of the excitement. Each had played a vital part in obtaining the victory that has been the prime target of every Harvester team since 1930.

Little Elmer Wilson got his share of the laurels from his best girl — his mother. Elmer Elmer, towering above his mother, met the cheers with bewilderment. It had been a big day for the youngster, and for thousands more.

In the dressing room, Carl Ken- (See HARVESTERS, Page 9)

STABBED TO DEATH—A woman, identified as Murhane Balanek, was stabbed to death in a hotel room in New York City. Her body was found sprawled alongside the body of a man identified as Wei Hsun Kuo, employed in the United Nations documents and sales division. A hunting knife was found near the bodies and police said it might be a case of murder and suicide. (AP Wirephoto)

INDUSTRY HAS WEEK TO END COAL STRIKE

WASHINGTON — (AP) — The government was reported last night to have a deadline roughly one week from now for decisive action to end the soft coal strike.

In the steel strike there were some setbacks, but developments of high promise affecting five large steel companies buoyed hopes of an early, negotiated peace with CIO's United Steelworkers.

Republic Steel Co., the country's third biggest, had a settlement offer pending. Jones & Laughlin scheduled peace talks for Monday; Youngstown Sheet and Tube for Tuesday. Two smaller firms signed up — Lukens Steel Co., 5,000 workers, and Mc Louth Steel Corp., Detroit, 1,800 workers.

Even if more steel firms sign contracts, most of them can run only a few weeks without fresh coal supplies. And it was leaped reliably that neither mine chief John L. Lewis, in Friday's secret mediation talk, nor the coal mine owners now heading for Washington, have yielded ground.

A high administration official gave this report privately: "If mediation cannot bring some results this week, it's the last try. We will have to try some other treatment."

This coincided with hints from (See STRIKE, Page 4)

HST Makes Radio Appeal For Lehman

NEW YORK — (AP) — President Truman last night entered the fiery New York campaign with a direct radio appeal to the voters for the election Tuesday of Herbert H. Lehman as U. S. senator and the whole Democratic ticket.

Speaking from the White House, Mr. Truman said the Democratic governor would bring to Washington a "constructive and progressive approach to domestic affairs."

He said Lehman also has had "wide personal experience and mature wisdom in the handling of our foreign relations," and knows at first hand "the nature of our international problems."

This was a reference to Lehman's one-time directorship of the United Nations Relief and Rehabilitation Administration. It was regarded as a reply to Republican arguments, particularly those of Governor Dewey, that John Foster Dulles should be elected because of his wide knowledge of foreign affairs.

Dulles, Lehman's Republican opponent for the one year remaining of the term of Democrat Robert F. Wagner who resigned because of poor health, now holds the Wagner seat by appointment of Governor Dewey. He is a former delegate to the United Nations and is now a foreign policy adviser to the Republican leadership.

Mr. Truman called for the reelection of William O'Dwyer as mayor of New York City and support of the whole state Democratic ticket. He said O'Dwyer has a fine record in peace and war and another term for him would assure "continuation of a progressive and efficient government" for the nation's largest city.

2 Women, 3 Men Held for Investigation

The Sheriff's Department was still holding three men and two women today for investigation following a peek-a-boo race around Pampa Friday morning and afternoon.

One of the men, Joe Johnson, is wanted in Amarillo on charges of car theft and on indictments charging child desertion. Johnson's two companions, Raymond Gregory and Don Roberts, are also being held by Sheriff G. H. "Skinner" Kyle.

With the two men are two women being held for investigation on vagrancy.

The group had come from Big Spring where they had all been jailed for vagrancy. Kyle said, and were driving a late model Buick belonging to a Eugene Webb, serving time in a federal penitentiary for marijuana peddling.

Kyle said they first spotted the group at Parker Courts and then at Six's Pig Stand, but they were warned to leave both places by a mysterious phone call. They left for the White Way Drive Inn and were warned again that the sheriff was on their trail. They were again warned at the Killarney Drive Inn while drinking beer, but it was too late. Kyle nabbed them. However, one other man was released and one woman had separated from the group a few hours before.

When they first came to Pampa they registered at the Parker Courts, later two of them going to Long's Hotel. One of the girls, whose luggage was lifted by the sheriff at the Parker Courts, managed to secure a room at the Schneider Hotel. She was picked up there Saturday morning.

During the time the group was in Pampa some one broke out a window of Curly's Drive Inn on the Amarillo Highway and got away with a cigarette vending machine.

Kyle refused to say whether there was any connection with the burglary and his pickup on the three men and two women.

Further investigation into their activities was continuing last night in the sheriff's office.

3 Treated After Wreck

Three teen-agers were slightly shaken and bruised yesterday afternoon in a two-car crackup at Kentucky and Christine just a few moments before game time for the Pampa-Amarillo football tussle.

Injured and taken to Worley Hospital where they were treated for minor injuries and sent home were: Lena Smith, Carol Hefflin and Gene Lewis, driver of the one car.

Lewis, 16, who lives at 425 N. Hazel, was driving east on Kentucky in a 1948 Willys station wagon and was in the intersection when a 1939 Chrysler, driven by Donald Dickson, 18, of 401 S. Starkweather, driving north on Christine, collided with the station wagon's left front fender. The impact sent both cars careening across the street where they wound up on a lawn, striking two trees. Both cars were taken to local garages, but estimates on the damage were not made by police.

Dickson was given a ticket for not having an operator's license.

Quartet Tickets To Go On Sale

Reserve seat tickets for the third annual SPESQSA Parade of Quartets will go on sale at 9 a. m. Wednesday at Berry's and the Court House Cafe. Bunny Shultz, president, said.

The show will be held at 8 p. m. Saturday in the Junior High School Auditorium. Tickets may be purchased from any member of the Barbershoppers organization.

All seats on the lower floor will be reserved. However, the balcony will be open for general admission. General admission tickets may be obtained at the door or at the reserve seat booths.

Education Board Candidates Wind Up Election Campaign To Draw Light Vote Tuesday

State Board of Education candidates, John H. Harnly, Gray County, and Dick Bivins, Amarillo, were winding up their last minute campaigns in a race that made little noise.

Harnly's first public comment, in Pampa, came Friday afternoon when he reported finding at least four complaints and needs in school districts of the 18th U. S. Congressional District.

Without elucidating on any of them, Harnly strongly hinted, in a prepared statement, that he would work toward eradicating the present grip of various school men he contacted in his short campaign.

Stating that every school district has different problems that will be a larger problem in working out, he cited the four principal complaints as:

1. Virtual unanimous objection to L. A. Woods as superintendent of public instruction.
2. The need of an expanded junior college system for the Panhandle.
3. An extensive rural road improvement program over which to transport the school children.
4. A need for revision of rules affecting counselor and health services to provide better services of both for the children.

Harnly said on releasing the statement: "I have just completed a tour of the district in the interest of my candidacy. I have contacted most of the school superintendents and told them that I want to cooperate in every way possible if elected to the board.

The Gray County man has run the gauntlet of school activities from teacher to school board member since his graduation from McPherson College, Kansas, in 1929 and the graduate School of Education, Kansas, in 1930.

He holds a BS and AB Degree in education, has one year of his Master's Degree finished, and is a member of the national education fraternity, Phi Delta Kappa.

Harnly first started teaching school in Kansas in 1931 where he taught general subjects in high school. In 1932 he went to Montana and taught mathematics. He coached the basketball squad of a rural grade and high school.

In 1941 he finished out a term in the Miami High School and also served as principal there during the 1946 term. In 1942 he came to Pampa and taught mathematics in the Junior High School and then taught the

ball. He is currently principal of the Pampa High School.

1. County civil service system — the amendment would permit the Legislature to authorize a civil system for counties over 75,000 population (it would not affect Gray County) provided that the voters of that county wanted to install the system.

2. Legislative sessions and pay — this is the most controversial of the ten. It calls for annual sessions of the Legislature and a pay hike to \$3,600 a year for each senator and representative. The first regular session would be held in the odd years (same as now) and the second session in even years. The second session would be limited to consideration of Constitutional amendments, paying monthly recurring bills and such measures as only four-fifths of the members of each house may determine shall be considered.

Proponents argue that a larger salary will encourage men of their quality and calibre to run for the Legislature and that the governing body cannot adequately foresee either the needs or the income of the state for more than a 12-month period.

Opponents look at the increased cost of government from the salary boost, contend it completely violates Section 18 of the constitution prohibiting legislators from holding other offices.

CIO Slowing Down Purge of Left-Wingers

CLEVELAND — (AP) — The CIO slowed down its purge of left-wing unions yesterday to allow hearings on pro-Communist charges against ten unions and nine leaders.

The Executive Board, meeting to carry out the anti-leftist instructions of the convention which ended Friday night, set up committees to air the charges.

Between the convention and the board the CIO now has gone this far in ridding itself of a "small but noisy clique" which has harassed the CIO by adhering to the Communist Party program:

1. Expelled the United Electrical Workers and Farm Equipment Workers, with about 470,000 members. It moved to grab off those members by creating a new right-wing union in the electric and radio field, under guidance of rightist James B. Carey, and turned over farm equipment plant jurisdiction to Walter Reuther's auto workers.

2. Ruled that Ben Gold, head of the Fur and Leather Workers, could not serve on the Executive Board because he admits being a member of the Communist Party.

3. Gave the nine other left-wing union heads nominated to the Executive Board a chance to be heard by three committees on charges of pro-communism.

4. Paved the way for ouster of the ten unions, accused of following Communist Party policies rather than those of the CIO.

5. Voted that the CIO's top 11 officers now will sign the anti-Communist affidavits required by the Taft-Hartley Act — 28 months after it went into effect — so that the CIO's industrial union councils can have access to the National Labor Relations Board.

Revenue Fund Shows \$67,273,621 Balance

AUSTIN — (AP) — State Treasurer Jesse James reported a net balance of \$67,273,621 in the general revenue fund at October's end.

This reflected more than a nine million dollar drop from September's total.

The net total of all funds was \$161,001,298.

'Europe Reorganizes' to Be Subject of Knife, Fork Club

"Europe Reorganizes" will be George J. Rony's address at 7:30 p. m. Tuesday at the Top of Texas Knife and Fork Club meeting at the High School Cafeteria.

Acclaimed to be one of the most unique men in the world, Rony is bringing club members some of the best unpublished information available. He is author of "This Too Shall Pass Away" and had charge of propaganda pictures at the outbreak of World War II.

Roy Bourland, Knife and Fork Club president, said Rony's is a brilliant and forceful story which started from first-hand knowledge of horrors, revolutions and wars, which he first encountered in early childhood.

Russian-born, though now an American citizen, Rony has encountered death on the snowy Steppes of Siberia, on the streets of Petrograd and in many other places in Europe.

Nicknamed "Hungry" because he nearly died of starvation during the Russian Revolution and has never failed to take advantage of a good meal since, he is a popular speaker at dinner meetings.

In Europe he was well known as a motion picture producer. Some of his pro-French propaganda films earned the wrath of Hitler so that when the "stumble-bum" took over France, Rony was high on his list of prescribed persons and had to flee the country.

Police Seek Infant Believed Kidnaped

UTICA, N.Y. — (AP) — Police ruled out ransom and sexual perversion motives last night as they hunted an infant, whose mother said was kidnaped on a bassinet.

Six-week-old Stephen Komorek was snatched from his bed in the family kitchen Friday night, she said.

"We are working in hopes of finding the child alive," said Inspector E. J. Dougherty. Clues were meager.

There has been no trace of the child since the mother, Mrs. Henry Komorek, said she saw a man in dark clothes carry the sleeping babe from their home in nearby Clayville shortly before Friday midnight.

She said the man, whom she described as bare feet, jumped into an automobile and sped off with the infant.

The search was being concentrated in the neighborhood of the Komorek home.

Dougherty said the FBI had (See POLICE, Page 4)

Early Miami Resident Dies

MIAMI (Special) — Lassater G. Christopher, one of the early day residents of Miami, died Friday at the home of a daughter in San Angelo.

Christopher, 78, was born in Estill, Ky., where he married the former Annie Carr. They celebrated their golden wedding anniversary in 1941.

Soon after their marriage they moved to Cook County, Texas, and in 1901 came to Miami. Christopher was a well drilled, and later in the implement and real estate business.

About three years ago they moved to San Angelo to make their home with their daughter, Mrs. Pearl Roe. Mrs. Christopher died shortly after the move and was buried back to Miami for burial.

In addition to Mrs. Roe, at whose home Christopher died at 5 p. m. Friday, he is survived by one other daughter, Mrs. Kenneth Ward of Ephrata, Wash. Funeral services, to be conducted by Duenkel-Carmichael Funeral Home, are pending.

Irish Orphan Adopted by Texas Couple

NEW YORK — (AP) — A joyful Texas housewife clasped in her eager arms the six-month old orphan girl from Tipperary, Ireland, she and her husband are adopting.

Mrs. Margaret Petre of Houston saw the infant for the first time Friday, minutes after the child arrived by plane from Shannon in the custody of a stewardess.

Mrs. Petre said the child's name was Mary Bryan but that it would be changed now to Mary Margaret Petre. Mary has been in an Abbeyview, Tipperary, orphan asylum, where the Rev. J. D. Connolly, pastor of the St. Vincent De Paul Roman Catholic Church in Houston, saw her last summer.

He told the Petres about Mary. They immediately decided to adopt her.

GAMBLERS GALORE
One investigation showed that a gambling house could be found within 30 miles of virtually any spot in the United States, according to the Encyclopedia Britannica.

PAINTING FROM MEMORY—Edwin Palm, 67, works on one of his series of paintings in Chicago, the subjects being scenes he recalls of his native Sweden which he left in 1902.

Inflation, Deflation May Fight to Draw in 1950

NEW YORK — (AP) — The economic picture is loaded for a couple of years in the making, January. This may come in quite handy for merchants at the time of the traditional post-Christmas lull. And some observers see the nation getting set for a new inflationary upswing.

Veterans will be receiving between two and three billion dollars in insurance refunds. And one million and a half workers will get a pay raise of five to 10 cents an hour when the revised minimum wage law goes into effect at the end of January, boosting employers' annual wage bill by about \$300 million. Both of these things will put more spending money in the nation's pockets.

Inflation occurs when there is more spending money available, but the amount of goods to buy is not increased. That leads to price rises. Earlier this year production of goods was cut back and inventories whittled because sales and prices were dropping. This fall strikes have reduced production of many goods.

Some see the minimum wage and the veterans' refund in January as but another two items added to many others exerting pressure toward inflation. The most important one they see is the government's policy of deficit financing, which will run the treasury another \$5 1/2 billion behind by June 30, thus pumping that much more money into the banking system of the country.

The stock market has been reflecting this expected renewal of inflation. The market value of stocks has been increased by \$10 billion since June 30. All of this, of course, is just on paper. All of that \$10 billion has not, probably never will, find its way into the spending stream. And paper profits can always disappear, just as they came, on paper.

Against these upward trends, however, are others acting as a drag, tending to keep sales and prices down. Therefore, some economists insist that 1950 will either be a year of mild deflation, or one in which inflation and deflation fight to a draw.

Labor's drive for pensions, if won, may send production costs of many goods higher, but at the same time either leave the worker's take home pay the same, or even less if he contributes to pensions. That means less money available to buy more costly goods, and retail sales totals may drop further. Department store

sales have been running 14 percent behind last year, but in the last week picked up smartly and are now only 7 percent behind.

Varsity is derived from the word university.

TREE BARK CLOTHING
In Bolivia, the natives of the interior wear hats and shirts made of tree bark, which first is soaked in water and then beaten until pliable.

Citrus Industry Seeking Answer To Market Sag

LAKELAND, Fla. — (AP) — The Florida citrus industry is scratching around for an answer to what's causing the orange market to sag.

The federal marketing agreement committee held a special meeting Friday to determine if elimination of small sized oranges from the market would help the price situation.

The Allotment Committee of Florida Citrus Mutual says spacing of fruit shipments isn't the answer because enough fruit is not being shipped to have any great effect.

This committee was set up to control shipments of fruit if and when the mutual membership wants it.

In the last ten days orange prices have fallen about \$1.50 in the big Northern markets. Thursday the prices ranged

from \$3.75 per box at the packing house down to official quotations of \$2.25 for smaller sizes.

California fruit is catching some of the blame for the lowered Florida prices. Oranges from that state sold Wednesday for an average of \$3.72 per box. It costs a Florida grower a dollar more than that to grow, pick and ship to market.

So far this season, Florida shippers have sent out about one-third of the fruit they shipped at the same time last season.

Yea HARVESTERS Congratulations

ON YOUR FINE VICTORY . . .
IT WAS A GAME WELL PLAYED

ZALE'S WATCH Sale

Shop TODAY while stocks are complete. This glittering selection won't last long at these unusually low prices, so HURRY . . . Write or Visit Zale's NOW!

● 21,842 WATCHES . . . AT GREATLY REDUCED PRICES ●

This will be the largest and most remarkable watch sale in Zale's history. For months our buyers have been seeking out wholesalers who have reduced the prices on their finer quality watches because of top-heavy inventories. By purchasing in this manner and in volume for 28 stores, we've kept the price you pay sensationally low!

Now they are assembled . . . the finest, the most outstanding array of watches we have ever offered at these prices! Designed and created by the world's foremost watchmakers, they exhibit the very last word in modern watch styling. But more important . . . the prices defy comparison. You will save at the very least 1/3 the regular price on every watch in this collection.

What a wonderful opportunity! Shop for yourself and for Christmas. There are 6 different price ranges, each with a wide selection of beautifully detailed timepieces. Visit Zale's today while the collection is still complete.

BOARD

(Continued from Page 1)
 same subject the following year in Pampa Senior High School.
 For the past 12 years Harny served on the Kiplinger Common School District's Board of Trustees until the district was dissolved by consolidation with the Pampa Independent School District under the Gilmer-Aikin Bill.
 He came to Gray County 14 years ago from Groom where he farmed for five years. Since then he has taught school and farmed in Gray County.
 His opposition candidate, Dick Bivins, has had only three years of school work, according to Amarillo newsmen. Bivins served on the Amarillo Independent School District Board of Trustees for three years and has taken an active part in the school expansion program there. He is listed as a farm and ranchland real estate dealer in Amarillo.
 The winning candidate, in this the first race of its kind in Texas, will serve only one year on the newly created board and will represent 28 counties in the Panhandle, the same counties that are represented by Rep. Eugene Worley in Congress.
 The election for board members will be held simultaneously with the 10 proposed amendments to the Texas Constitution on Tuesday.

STRIKE

(Continued from Page 1)
 White House sources that President Truman is being urged by some advisers to call for a Taft-Hartley Act injunction to send Lewis' 350,000 United Mine Workers back to the coal pits.
 Nine days ago Mr. Truman said no national emergency exists which warrants Taft-Hartley action. His associates still are not agreed that he should use the act which labor hates and the Democratic Party has promised to repeal.
 But the decision may be hastened by the present onset of cold weather in many areas, widespread reports of hardship, and rising unemployment in industries dependent on coal.
 Cyrus S. Ching, Federal Mediation Service director, has promised to pursue a settlement "as long as there is any use." This seemed to mean that if he fails to win a bargained settlement, the next step is Mr. Truman's.
 Southern coal operators will meet here Monday (1:30 p. m. CST) with Ching. The mediator may issue a call to Northern operators on Tuesday, and later arrange a joint North-South conference.
 So far, Ching has no plans to bring Lewis and the operators face to face. He conferred secretly with Lewis Friday for two hours. Though there was no hint of a change in Lewis' position, Ching told reporters the talk with the United Mine Workers president was "pleasant and constructive."
 Oil-burning locomotives have been in operation since the early 1890's.

VOTE

(Continued from Page 1)
 ing "... any civil office of profit under this state, which shall have been created, or the emoluments of which may have been increased during such time." This, they claimed, is increasing their own salaries at the public expense while in office. They add, too, that other states having annual sessions are in debt from \$3 million to \$24 million dollars.
 3. Hospital districts — a vaguely worded act giving broad and unlimited authority to the Legislature in adopting laws for creation and maintenance of the districts. Although it states the districts must be voted on locally, it does not say whether a person must be a property owning taxpayer. The district is not limited in size. It could take in a whole county, part of a county or more than one county since it does not define a "hospital district."
 4. Poll tax repeal — the only amendment that carries with it an accompanying bill passed by the Legislature — the registration law. The amendment does not repeal the poll tax as a tax, but repeals it as a prerequisite for voting. If ratified on Tuesday, a party registration law will automatically go into effect Jan. 1, 1950. This law tends to provide for a two party system and to prohibit Republicans from voting in Democratic primaries and vice versa. Its provisions state that a voter must register his party affiliation with the county election board before he may cast a ballot in any election. The registration must be made before the Feb. 1 preceding the election in which the elector offers to vote. Today, Texas is one of four states that requires a poll tax and has no party registration system. If passed it means noses will be counted as to who is a Democrat, a Republican, a Socialist, a Communist, etc.
 (To be continued on Monday)

Steel Strike Pinch

DETROIT — (AP) — Automotive production last week in the United States and Canada was estimated at 121,428 cars and trucks.

—18,000 units under the previous week's figure.
 Ward's Automotive Reports, noting the decline, said production would tumble sharply this week.
 "Great-souled," is the literal translation of Mahatma.

POLICE
 (Continued from Page 1)
 not been asked to come into the case.
 The missing child's father, Henry Komorek said "we have heard nothing." Komorek is a 34-year-old Marine Corps veteran.
 On the possibility of a ransom snatch, Komorek said:
 "We haven't got anything. I don't know why this could have been done."
 Komorek said he earned about \$70 a week as a ma line operator in a Clayville paper mill until two weeks ago.
 Komorek and his wife, 29, said they had no known enemies.
 Mrs. Komorek told a reporter "the only possibility would be a money angle." She was quoted as saying they "had a new 1949 Pontiac and it had been rumored that we had money."
 The baby, suffering with colic, was to have been baptized today in the Roman Catholic Church.
 Mrs. Komorek said she had fed the baby shortly before 11 p.m. and had put him in his crib.
 She then lay down to await her husband's return from night work.
 She left the kitchen door unlocked and a few minutes later heard a rustling in the kitchen.
 When no one responded to her question, "Who's there," she investigated and said she saw a man running out with the child.
 The Komorek's only other child, a seven-year-old son, was killed by an automobile four years ago.

Daughters of the Republic To Restore French Embassy

AUSTIN — (AP) — Restoration of the French Embassy here, one of the two buildings built in the United States especially to house a foreign representative, was planned Thursday by the Daughters of the Republic of Texas.

Huge keys — one to the front and one to the back door of the 110-year-old structure — were turned over to the DRT by the state of Texas.

Hall Logan, chairman of the Board of Control, presented the keys to Mrs. Henry R. Wofford of San Antonio, DRT state president.

H. J. Job, French consul at Houston, and about 50 members of the DRT from throughout the state attended the ceremony.

Purchase of the building by the state for \$24,206 was authorized by the 49th Legislature in 1945. The bill specified that the building was to be used by the Daughters of the Republic but was to remain state property.

"This is one of the most important events in state history,"

Traffic on 66 Shows Increase

SHAMROCK — (Special) — Traffic continues to increase on the two national highways which intersect at Shamrock — U. S. Highway 66 and 83.

According to figures released last week by the Texas State Highway Department, traffic over Highway 66 during September was up 17.7 percent over the corresponding month in last year. The percentage increase on Highway 83 was 13.5.

The average daily traffic on 66 in September was 3,036. In August it was 3,291, an increase of 8.3 percent over August, 1948.

The average daily traffic on 83 was 1,727. In August it was 1,722, an increase of 12.8 percent over the same month in 1948.

Smith, in 1941 and 1942, respectively.

The house was closed until the Robertson estate sold it to the state. It is furnished with relics of Texas' days as a republic. One of the prized mementoes is a chair in which Stephen F. Austin once sat.

Lipscomb

LIPSCOMB — (Special) — The Misses Marlene and Carol Schneider visited Miss Della Longhofer Monday.

Mrs. Leroy Price of Glazier and son are visiting her parents, Mr. and Mrs. R. N. Fox, this week.

Sunday visitors of Mrs. Henry Stabel were Mr. and Mrs. Arthur Stabel, Mr. and Mrs. Ed Schneider, and Mr. and Mrs. Schroder.

Mr. and Mrs. Andrew Longhofer and family visited Mr. and Mrs. Ernest Bechtold in Booker Sunday.

Mrs. Beatrice Dixon is on the sick list this week, but is reported improving.

Mr. and Mrs. R. N. Fox visited Mr. and Mrs. Tom Fox and Mrs. Alvis Whitfield at Berger Sunday.

Mr. and Mrs. Gus Koch visited the Fox family Wednesday.

McLean P.T.A. President Named

McLEAN — (Special) — Mrs. R. A. Young was elected president of the McLean Parent-Teacher Association at a called meeting of the organization Tuesday afternoon.

She replaces Cleo Meharg, who was elected last spring but who recently resigned.

Mrs. Dee Coleman was elected vice president to replace Mrs. Young.

Veteran Land Program to Start

DALLAS — (AP) — A state-financed land buying program for veterans will get underway between Dec. 1-10. Land Commissioner Bascom Giles announced.

"We'll soon be ready to go," he said in Dallas.

He said five million dollars worth of bonds for this purpose had been sold, adding that a total of \$25,000,000 in bonds will be sold.

He estimated that because of the program, Texas will have 5,000 new land owners.

RAMBLE-TUFT
WOVEN LOCK-LOOP
 HEAVY TWIST
COTTON RUGS
The Loops Will Not Pull Out!

New Lock-Loop Construction—Loops Are Woven Permanently Into The Rug.

Latex Rubber Backing—For Safety Underfoot.

Lawrence Lock-Loop Rugs can be safely laundered in any standard washing machine. The latex backing washes as faithfully as the rug itself... AND THE LOOPS ARE GUARANTEED AGAINST PULLING OUT.

Lawrence Lock-Loop Rugs can be cleaned by carpet sweeper or vacuum cleaner.

See the dramatic display in our front Cuyler St. window

Sensational new woven cotton rugs that you can safely vacuum

4 Sizes x 9 Colors =
 36 loop rugs—there's one to fill every need in your home!

A Lawrence product, Ramble Tuft-Loop rugs are made especially for us of soft, but sturdy, heavy-twist cotton with a special "lock loop" construction feature... The loops are not stitched down, but woven right into the rug itself, to wear, wash, carpet-sweep, and vacuum without pulling out. Four useful sizes, with practical non-skid latex backing, in nine modern-mixed color-fast shades. Economy-minded, too, they're now priced lower than ever.

New York hit center again for 1 and Pampa punted.
Smith's kick went to Newby, who fumbled but Amariello recovered on their own 49. Reese made 4 pass but Leon Hayes ended for 23 down to the Pampa 18. Newby made 4, Bennett added 1, a pass was incomplete and then Newby went off tackle for 4 and a first down on the Pampa 8. Newby picked up 4 as the first period ended.
On the first play of the second period Newby fumbled and Smith again recovered on the Pampa 3. Cooper picked up 4 on the middle and Kennedy made it 8. Newby started right and Hayes picked up 5, added 4 more and then a Pampa punt was fallen on by Bennett of the Sandies on the Pampa 27. Bennett made 4, and added 7 more for a first down on the next play. Bennett again carried and was stopped cold. Newby picked up 8 and then added 2 more on a spinner for a first down on the Pampa 6. On the next play Jerry Reese snatched over for the first touchdown of the game. Newby's try for point was blocked by Dick Cook and the Harvesters trailed 6-0 midway through the second period.
Newby kicked off to Wilson on the 10 who returned to the Pampa 12. On the first play, Smith attempted to pass, but was hit and got off a wobbly one, which was intercepted by Bennett, who went all the way for an apparent touchdown, but a clipping brought the ball back to the Pampa 45. Newby was smeared for a 6-yard loss, but Alexander picked up 1 on the next play. Then Newby faded back for a punt on the next play. Bennett pulled it down on the Pampa 39 and raced it back 25 yards to the Amariello 36 with two minutes left to play. Wilson hit tackle for 6. Hayes added 7 and Wilson added 4 and a first down on the Amariello 22. Kennedy was trapped for a 3-yard loss. A pass was incomplete and then Hayes picked up 1. With fourth down and 12 to go, Smith connected with Hayes on the Amariello 8 for a first down. 45 seconds remaining. Smith passed incomplete. Wilson carried to the 2 with one second left. Time out was called to stop the clock and then Hayes went around right and into the end zone for the tying score. Cudney calmly converted and Pampa led 7-6 at halftime.

Free and Gold, First of Town
First Victory, Over Sandies Since 1943
Is Major Jump Toward District Crown

"THIS YEAR IT'S GUTS"
With that war cry the fightin'est bunch of Pampa Harvesters to set cleats in Harvesters Park in many years etched their names in the school's Hall of Fame yesterday afternoon as they battled from behind twice to overpower the former "jinx" team of the Green and Gold, the Amariello Sandies, by a score of 20-12. Twice the Harvesters found themselves behind a touchdown when they looked at the scoreboard, but each time they fought back and won going away, threatening again on the Amariello 25.

The completely "outweighed 140-pounders," and "lacking in depth Harvesters" weren't lacking in that important spirit. Their next object is the Plainview Bulldog football team, whom they will meet at Plainview next Friday afternoon.

The victory cast the Pampa coaching staff, led by Head Coach Tom Tipps, in the spotlight for "Coach of the Year" honors in high school football. The Harvesters started the year with only six lettermen returning, none of them regulars. The group was used as a basis for moulding the great team that now represents the Harvesters.

Jack Newby, all-state back of the Sandies, was held in check throughout, though he was always a dangerous threat as a breakaway runner. There were no outstanding heroes for the Harvesters. Brilliant team play and an unusually strong pass defense that intercepted three Amariello aeriels shone throughout the 48 minutes of play.

Newby kicked off to Carroll Smith on the 10 and he raced back 17 yards to the Pampa 27. Hayes made 4 off tackle, Kennedy hit center for 5 and then plowed over center again for 4 more and a last down on the Pampa 40. Smith was trapped on an attempted pass and lost 10. Cooper was stopped cold on a pitchout. Hayes lost 2 on a pitchout to the left and Smith dropped back to punt.

The kick went to Newby on the Amariello 36 and he raced back through the Pampa tacklers to the Pampa 31. On the first play Newby hit tackle for 7. On the next play Amariello fumbled, but Beverly recovered on the Pampa 20 for a first down. Reese made 5, Newby was stopped cold and then Beverly fumbled and Smith recovered on the Pampa 13. Kennedy pouned center for 2, Hayes made 5, Bennett hit center again for 1 and Pampa punted.

Smith's kick went to Newby, who fumbled but Amariello recovered on their own 49. Reese made 4 pass but Leon Hayes ended for 23 down to the Pampa 18. Newby made 4, Bennett added 1, a pass was incomplete and then Newby went off tackle for 4 and a first down on the Pampa 8. Newby picked up 4 as the first period ended.

On the first play of the second period Newby fumbled and Smith again recovered on the Pampa 3. Cooper picked up 4 on the middle and Kennedy made it 8. Newby started right and Hayes picked up 5, added 4 more and then a Pampa punt was fallen on by Bennett of the Sandies on the Pampa 27. Bennett made 4, and added 7 more for a first down on the next play. Bennett again carried and was stopped cold. Newby picked up 8 and then added 2 more on a spinner for a first down on the Pampa 6. On the next play Jerry Reese snatched over for the first touchdown of the game. Newby's try for point was blocked by Dick Cook and the Harvesters trailed 6-0 midway through the second period.

Newby kicked off to Wilson on the 10 who returned to the Pampa 12. On the first play, Smith attempted to pass, but was hit and got off a wobbly one, which was intercepted by Bennett, who went all the way for an apparent touchdown, but a clipping brought the ball back to the Pampa 45. Newby was smeared for a 6-yard loss, but Alexander picked up 1 on the next play. Then Newby faded back for a punt on the next play. Bennett pulled it down on the Pampa 39 and raced it back 25 yards to the Amariello 36 with two minutes left to play. Wilson hit tackle for 6. Hayes added 7 and Wilson added 4 and a first down on the Amariello 22. Kennedy was trapped for a 3-yard loss. A pass was incomplete and then Hayes picked up 1. With fourth down and 12 to go, Smith connected with Hayes on the Amariello 8 for a first down. 45 seconds remaining. Smith passed incomplete. Wilson carried to the 2 with one second left. Time out was called to stop the clock and then Hayes went around right and into the end zone for the tying score. Cudney calmly converted and Pampa led 7-6 at halftime.

TOAST OF THE TOWN, along with their fighting bunch of football players, are Coaches Tom Tipps (right) and his assistant, Aubin Nooncaster (left). After their victory over the Amariello Sandies yesterday they strongly entered their candidacy for "Coaches of the Year in the Texas Schoolboy Football League."

Table with 2 columns: Pampa, Amariello. Rows include: No. of offensive plays, First downs passing, First downs penalties, etc.

SPORTS

Pirates Keep Record Intact With Win Over Wellington

LEFORS — (Special) — The Pirates kept their winning streak intact Friday night with a strong 33 to 18 victory over the Wellington Skyrockets at Wellington. It was again the "Touchdown Twins," Joel Combs and Friday Todd, who provided the punch for the victory.

Owls Hold Lead Alone

By the Associated Press
Rice took over the lead in the Southwest Conference football race Saturday as Baylor dropped to second and Southern Methodist was virtually eliminated from the running.

SHAMROCK IRISH PULL UPSET WIN OVER TIGERS

SHAMROCK — (Special) — The District 2A cellar-dwelling Shamrock Irishmen came to life in McLean Friday night and knocked off Coach Al Duncan's highly favored McLean Tigers 14-7 before a capacity crowd of 1500.

WARREN'S WARMUP

Texas Aggies Battle Southern Methodist to 27-27 Tie

Cadet Rally Brings Upset Of Week to SWC Play

By WILBUR MARTIN
COLLEGE STATION — (AP) — Texas A&M rose from the depths of ridicule and defeat yesterday to the mighty Southern Methodist University 27-27.

It was a pounding fullback, Bob Smith, and a spirit that burned as bright as the sun overhead that smashed the Mustangs' title hopes and national ranking.

Smith scored three touchdowns to bring the Aggies from behind, then left the final glory to Little Billy Tidwell and Bob Schaeffer. Tidwell scored the final Aggie touchdown late in the last quarter and Schaeffer kicked extra point that gave A&M a moral victory in the biggest upset of the Southwest Conference season.

All-American Doak Walker and his touchdown twin, Kyle Rote, set a blistering early pace for Southern Methodist. One that seemed to make the three-touchdown edge they had been given seem small.

Walker scored two touchdowns and passed to Rote for another to give the Mustangs a 20-6 lead at the half. The Mustangs made it look easy, with the Aggies' matching first quarter touchdown just one of these things 31,000 fans could expect.

Those "things" happened in rapid fire succession in the second half, with Smith smashing over for two touchdowns that tied the score. They kept on happening after Rote had returned a kickoff 100 yards for a touchdown that put the Mustangs ahead as the third quarter ended.

Walker kicked three extra points for SMU and Schaeffer three for A&M. Southern Methodist scored the first time it got the ball in the first quarter. Walker had to cross the goal line twice to make that first counter. His first try at the end of a 78-yard march was called back by a penalty. But, after Rote gained 21 yards, he made it from the three.

A&M matched this score, but not the extra point, as soon as it got the ball. Five plays covered 43 yards. Smith going over from the nine.

The Mustangs drove 76 yards for a second quarter touchdown. Walker scoring from the four. A few minutes later he passed to Rote for 22 yards and another tally.

Right at the start of the third, "Save Your Old Favorites" with "LIKE NEW" SHOE REPAIR. GOODYEAR SHOE SHOP 1215 S. 23rd

HARVESTERS

(Continued from Page 1)
nedy, bruising fullback, slowly took off his sweaty, lime-stained uniform, at the same time accepting all the congratulations, courteously and modestly.

The dressing room was crowded with everybody. Everybody who had an ounce of Pampa football blood in his veins had shouted until he could shout no more, and many of them then paid their respects in the dressing room. Jimmy "Stud" Parker was dragged into the room by several of the fans.

Kyle Rote took Dick Scott's kickoff on his own goal line and ran straight through the Aggie team and up the gridiron—100 yards to put SMU back into the lead. Walker kicked the point.

Scott recovered Walker's fumble on SMU's 30 yard line to start the Aggies' final scoring march.

Smith, the conference's leading ground gainer, picked up 175 yards running. The 20-year-old, 192-pound Sophomore from Houston used power and not finesse on his 23 carries.

Walker returning to triple-threat duty for the first time since being stricken with the flu more than two weeks ago, turned in a brilliant performance, so did Rote and Dick McKissack.

But they couldn't hold their silk smooth early pace against Harvey Butcher's inspired Aggies. And in the second half, even the statistics went to the woe-begone warriors, football wonders today at least.

Walker gained 64 yards on 14 carries and Rote 50 on 13. The Aggies' their lineup studied by Sophomores, gained 272 yards rushing to 194 for Southern Methodist. They gained 53 yards passing against 93.

It looked as if Southern Methodist had the game sewed up with less than three minutes to play. After Yale Lary kicked out on the Mustangs' 14-yard line, they moved to their own 36 yard line in four plays. Then, a pass from center trickled thru Walker's fingers, low and on the ground. Scott grabbed it in a pileup of players, on SMU's 30-yard line.

The Aggies' Bobby Goff hit the line for one yard; Charley Royals for four. Then Dick Gardinal, another Sophomore, passed to end Cedric Copeland on the SMU 13-yard line. Goff made four thru the line to the nine. Here, Tidwell cut loose.

PROGRESSION
JERSEY CITY, N.J. — (AP) — Mrs. Ann Podciborski had her first child, Ann, 10 years ago. Two years later she had twins, Jeffrey and Johanna, now eight. Yesterday she presented her proud husband, Sigmund, with triplets, all boys.

Plainview in Upset Of Borger Bulldogs

(Special) — The underdog Plainview Bulldogs rallied for 20 points in the first half, then fought off a last half Borger rally to defeat the Borger Bulldogs 20-13 here yesterday afternoon in an important I-AA conference game.

Jackie Horton, Plainview's brilliant do-everything-quarterback, fired a 62-yard aerial to end Holley after two line plunges had failed to gain, for Plainview's first score early in the first quarter. Howton booted a perfect placement.

Borger bounced back to take the kickoff and drive from their own 9-yard line to the Plainview 19, before losing the ball on downs at that point.

The visiting Canines began another march and in just five plays had manufactured another touchdown, with halfback Ratliff going over from the seven yard line. Howton's kick was wide.

Borger's Earl Lanningham returned the Plainview kickoff to the Borger 41 and on the first play from scrimmage after the touchdown, with halfback Ratliff going over from the seven yard line. Howton's kick was wide.

Plainview took the Borger kickoff on their own 21 and returned to the 36 to start the second period rolling. Steady driving by the Plainview secondary brought the ball to the 3-yard line from where Caskey bulldozed his way into the end zone. Howton added the extra point, leaving the halftime score at 20-7.

Late in the fourth quarter the Bulldogs from Borger finally completed a drive without fumbling it away with Kenneth Clapp going off tackle for the last seven yards. Lanningham's extra point attempt hit the goal post and fell short.

Plainview took the kickoff and was driving again as the final whistle sounded.

Wolverines Edge Purdue

ANN ARBOR, Mich. — (AP) — Michigan turned back a stubborn Purdue team 20 to 12 Saturday and moved a step closer to its third Big Ten football title in a row. A crowd of 95,207 saw the game.

Purdue, a two touchdown underdog, made it a scrap the way it outlasted Michigan most of the final half and got the only touchdown made in the last two periods.

Michigan's victory moved it to a tie with Ohio State for the lead in the Big Ten race, each with a 3-1 record.

Again it was Chuck Ortmann who was the big man in Michigan's attack. He picked up 103 yards in rushing and set up Michigan's second touchdown with an 82-yard runback off a kickoff.

He had a lot of competition for top honors from Purdue's Ken Gorgal and Bob Hartman, who divided Purdue's passing duties as they completed 10 of 21 aerials for 162 yards to keep Purdue a constant threat.

Alley Agates
By THE TIMBER TIPPER
How does a person get those high scores? Talking mainly about Joe Garcia and his 601 series Friday night. He is one of our new bowlers who will go places.

Monday night Bill Barenthin bowled a "Dutch" 200 game. By that I mean he had a strike and spare every other frame. Those games are few and far between.

Harold Wright, of the insurance firm of the same name, visited his team on Thursday night. Nancy Lester walked into a door (at least that is her story). Also Russell Pugh has an eye a 11 bandaged up.

Have one team of women leaving this week for the state tournament at Beaumont. Good luck girls!

The Junior Girls League started with six teams last week. They all had a very nice time. We want to thank those parents who were present for coming down and watching the girls. We do want them to come back often.

The Tom Rose Ford team and the Pampa Bowl team journey to Borger today to engage the Curtis Candy Company team. They broke even with the Herring Hotel last Sunday, so they think the slump is over.

There are a few openings on Friday night for men who want to bowl in league. Call at the Pampa Bowl if you would like to join one of the teams.

That is about all for this week except for the fact that Wayne Zavodis of Humphrey, Nebraska, rolled three successive series of 496. Boy, was he in a rut!

Groom Held for Sponging Horses
SALEM, N. H. — (AP) — An ex-groom was being held here under \$12,000 bail and a racing sheet operator was under arrest in Los Angeles Saturday in connection with an attempted "fix" horse race at Rockingham Park on Oct. 24.

William K. Weaver, 33, an unemployed groom from Nogales, Ariz., pleaded innocent to seven charges of maliciously interfering with Rockingham race horses, each of which calls for a three-year prison sentence under New Hampshire statutes.

Los Angeles police arrested Forest C. (Chub) Wilson of that city, on many counts. According to Thoroughbred Racing Protective Bureau investigators, Weaver broke into Rockingham Park barns on the night of Oct. 23 and inserted sponges in the nostrils of six of the nine horses that were entered in the next day's seventh race. Such tampering would hamper the

Noire Dame and Army Remain Atop Nat'l College Ratings With Resounding Wins

By HAROLD CLAASSEN
Notre Dame and Army answered the challenges to their 1949 football greatness Saturday with specific retorts.

Notre Dame gave a 34 to 21 reply to the assumption that Michigan State might end its string of unbeaten games. Army toppled undefeated Fordham, 35 to 0, in a game so rough that once Army got five chances via penalties to add the extra point to a touchdown.

Thus the one-time football rivals, now estranged, stand side by side in the throne of the nation's gridiron realm.

But there were other powerhouses in action Saturday, too. Minnesota, dreaming of the Rose Bowl trip for two solid weeks, awakened to crush Iowa, 55 to 7, and push the Hawkeyes out of first place in the Big Ten.

Georgia Tech, relying on hipper-dipper football, trounced Tennessee, 30-13, and unbeaten Virginia outsmarted Pennsylvania, 28 to 14, by virtue of a quick start.

Baylor, undefeated until Saturday, took a solid, 20 to 0, drubbing from Texas but the surprise in the Southwest Conference was the 27 to 27 tie that Texas A&M earned with Southern Methodist. Froggie Williams again was the hero as Rice stumbled to a 14 to 0 edge over Arkansas.

Ohio State, who spent a rugged afternoon subduing Pitt by a 14 to 10 score, now is the leader in the Big Ten. However, Michigan and Illinois both gave indications they will prove powerful foes for the Buckeyes.

Michigan mastered Purdue, 20 to 12, and Illinois crushed Indiana, 33 to 14. Wisconsin, moving forward rapidly under the coaching of Ivy Williamson, plastered a 14 to 6 setback on the record of Northwestern, last year's Rose Bowl champions.

As surprising as was Georgia Tech's victory over Tennessee it did not overshadow Florida's 28 to 7 victory over Georgia in the Southeastern Conference. Auburn turned Travis Tidwell loose for a 25 to 6 defeat of Mississippi State.

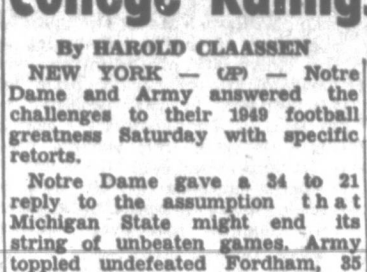

In intercollegiate contests Tulane and Navy played to a 21 to 21 deadlock before 70,000 in New Orleans. Navy was trying a field goal when the clock ran out. Boston College traveled South for a 40 to 27 victory over Clemson and South Carolina nipped Marquette, 6 to 3.

North Carolina, Notre Dame's opponent next Saturday, had all it could do to defeat William and Mary, 20 to 14, with Art Weiner the pass catching hero. Wake Forest ended its defeats by spilling Duke, 27 to 7, in another Dixie surprise.

On the West Coast California, heading for the Rose Bowl, de-horses' breathing during the race, won by Crissis.

Thereupon Weaver, according to the TRPB authorities, telephoned Wilson that the "fix" was in for Crissis. Wilson, investigators charge, promised to bet \$100 on Crissis, for Weaver but failed to do so. Weaver, almost penniless when arrested, stood to win \$680 if his alleged illegal agreement with Wilson had been fulfilled.

"Oh, Clarissa, I fixed that crack in the wall!"

World Trade Is Aided by 3 Big Men

By JAMES MARLOW

WASHINGTON — (AP) — World trade got a big plug in a piece of teamwork by three of the most important men in the government.

The three pluggers were President Truman, Secretary of State Acheson, and Paul Hoffman, head of the Marshall Plan.

Early this week Hoffman in Paris told the European nations they'd have to mend their economic ways if they want to stay healthy.

How? By joining together to knock down barriers to trade.

This was an American telling Europeans how to get smart for their own good.

But is America so smart and perfect that it can tell other people what to do without needing to make any changes itself?

Acheson answered that question in a speech in New York by telling Americans what they need to do to have good world trade.

All the nations — including ours — have to join in making better trade all around if there is going to be world prosperity.

Acheson said this country needs to tidy its own house if there's going to be real world trade, since we'll have to be a big part of it.

We'll have to increase our imports from Europe. For years we've been selling more stuff abroad than we've been buying from abroad.

And for years a lot of Americans have thought this was as it should be.

Acheson made it clear the Truman administration thinks otherwise. For instance, he pointed out that last year we sold abroad American goods worth \$13 billion, but bought from abroad goods worth only \$7 billion, a difference of \$6 billion.

What's wrong with that? This is how the Truman administration sees the problem: Europeans need dollars when they buy from us because we want to be paid in dollars.

But if we don't buy from them — paying them in dollars which they can use in buying from us — they'll lack the dollars with which to buy. Yet, the more we can sell them, the better off we are.

But what are we supposed to do about it? Acheson urged this country to do, at least in part, what Hoffman urged the Europeans to do: chop down our tariff walls that keep European goods out.

WEATHER WOLVES
Wolves in London's Regent's Park Zoo have a reputation as weather forecasters. They break out in a frenzied pandemonium of howls about 12 hours before periods of wet weather.

Japanese and American Scientists Are Winners of Nobel Peace Prizes

STOCKHOLM, Sweden — (AP) — Two scientists — a Japanese and an American — were awarded Nobel Prizes Thursday.

Dr. Hideki Yukawa, the first Japanese ever to be given a Nobel Prize, received the physics award for his contributions to atomic physics. Yukawa, 42, has been a professor of theoretical physics at Columbia University, New York, since last September. He was educated entirely in Japan.

Dr. William Francis Glauque, 54, professor of thermo dynamics at the University of California, was awarded the chemistry prize for his studies in the behavior of matter in temperatures close to absolute zero. The world's foremost expert on cold, Glauque developed methods of his own to create lower temperatures than any scientist had ever attained before him.

Each award is 150,000 Swedish crowns (about \$30,000).

The Swedish Academy decided to shelve the 1949 Nobel Prize for Literature, because it was deadlocked over the top candidates, including Winston Churchill and Italian philosopher Benedetto Croce.

Both Glauque and Yukawa are so-called pure scientists, interested in learning the secrets of nature, leaving the practical application of discoveries to others.

Dr. Yukawa in college was a mathematical physicist, the two words denoting a combination of the two most difficult kinds of scientific thinking, and second baseman on the Koto baseball team.

He received the Nobel physics award for his theory on the

meson as the binding force keeping the atomic nucleus together in spite of tremendous forces striving to split it.

The meson, since established as a known elementary particle, had been predicted by Dr. Yukawa at the age of 28.

Yukawa's mathematics predicted that a queer particle, much heavier than an electron probably existed. Later it turned out this prediction was right. The meson is the closest that science yet has come to understanding in its greatest mystery, namely the source of the tremendous energy hidden in atoms.

Houston Studies Stadium Plans

HOUSTON — (AP) — The City Council has a recommendation that a 75,000 to 100,000 seat stadium be built.

A council committee recommended construction of the stadium and said oilman Glenn McCarthy has offered to underwrite \$3,000,000 in bonds for the project. This is about one-half the estimated overall cost of the stadium.

The committee said Rice Institute and the University of Houston have agreed to play all home football games in the stadium for 20 years.

An oval double-decked structure was recommended.

The council took no immediate action on the report.

A dog can detect the difference between notes only one-eighth of a tone apart, according to the Encyclopedia Britannica.

Woman Seeks To Regain U.S. Citizenship

MOBILE, Ala. — (AP) — A St. Louis woman is seeking to regain the U. S. citizenship she lost when she voted in a "postwar German election."

Mrs. Elsie Brown-Brehm returned to this country as an alien on a temporary visa good for six months.

She was accompanied by her son, Ralf, 12, who was admitted as an American citizen because he was born before her citizenship was withdrawn.

Her husband is still in Germany. Mrs. Brehm is filing suit in U. S. District Court at Houston, in an effort to regain her citizenship. She plans to live there with a brother, Dan Brown, Houston.

She said she was born in St. Louis in 1912, and went to Germany in 1932. She married a German but said she never renounced her U. S. citizenship.

Mrs. Brehm told immigration officials she voted in the 1948 German election, but contended she did not consider Germany a foreign country because U. S. occupation forces were in control.

This Sad Story Has Silver Lining

LOS ANGELES — (AP) — There is a silver lining to this sad little story about the 80-year-old woman arrested on a charge of begging.

The woman is Miss Louisa Schmidt. Policewomen found the silver lining pinned to her undergarments — \$2,122 in currency.

Baylor and Hospital To Offer Degrees

WACO — (AP) — Students completing a prescribed course at the U. S. Army's Brooke General Hospital at San Antonio will receive a Master of Science Degree from Baylor University.

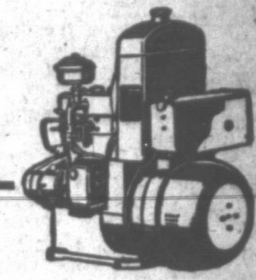

President W. R. White of Baylor announced affiliation of the Army center as a teaching unit of the graduate school.

Building Contracts Awarded on Increase

NEW YORK — (AP) — Engineering construction contracts awarded last week rose to \$169,953,000, Engineering News-Record reported.

The engineering construction weekly said this was a 25 percent gain over last week's \$136,645,000 and a 25 percent above the \$109,319,000 for the corresponding week of last year.

Harvard has more than 66,200 living alumni.

25 Percent More Taxes Forecast

WASHINGTON — (AP) — President Truman may have to ask Congress for an increase of 25 percent or more in some taxes if he wants to balance the budget that way, government figures showed.

Despite advance notice of opposition in Congress, Mr. Truman has indicated he will ask for more revenues. He says it is necessary to help cover the \$5,500,000,000 in red ink spending he has estimated for the year ending next June 30.

To raise even that amount of additional revenue, Congressional experts said Mr. Truman probably will be forced to ask for sharp increases in individual and corporation income taxes.

These taxes represent about three-fourths of the \$38,000,000,000 in revenue the Treasury expects to take in the current year, while it is paying out a total estimated by the President at \$43,500,000,000.

GOP Treasurer Resigns Post

CHICAGO — (AP) — James S. Kemper quit as treasurer of the Republican National Committee because the GOP's reserve funds have dwindled from \$832,000 in 1948 to only \$90,000.

He said he is resigning because he feels the GOP should have collected more money or cut expenses and because he wants to get rid of a political policy "handicap" so he can help elect a Republican Congress in 1950 and a Republican president in 1952.

Kemper, a Dewey delegate in 1948, offered to quit last August. He stayed on when his proposal was turned down by the committee. But he served notice then that he would quit automatically if the GOP cash box fell below the \$125,000 mark.

He said he has signed a \$35,000 check, requested by Guy G. Gabrielson, national GOP chairman for operating expenses; Kemper said that leaves the GOP with only \$90,000.

Leading Army Surgeon Retires

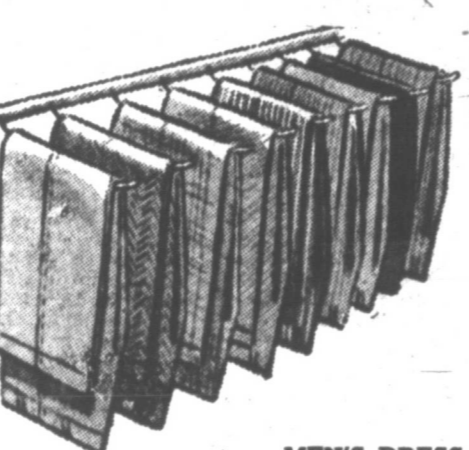

SAN ANTONIO — (AP) — Retirement at Brooke Army Medical Center of Major Gen. James A. Bethea, one of the Army's top surgeons, was announced.

Bethea entered the Army Medical Corps in 1916 and served in World War I.

In 1942 he was selected to command McCloskey General Hospital at Temple before it was completed.

He returned to Brooke Army Medical Center in 1946 for a brief tour, and then went to the Far East command as surgeon. He returned last July to Brooke.

LEFORS (Special) — Tenta-tive plans have been made to give tuberculosis tests to Lefors grade school students tomorrow. Tests will be given to all stu-dents in grades 1, 3, 4, 9, and 12, and to all new students.

The Gray County Tuberculosis Association is sponsoring the test campaign.

About 200 attended the Metho-dist church's annual deer and elk supper Tuesday evening.

Archie Carpenter of Lefors and Jack Vaughn and Venus Collum of Pampa, who were on a recent hunting trip in Colorado, furnis-hed the meat.

The Sunday School class of Mrs. Charles Earhart held a luncheon at the Baptist church Thursday. Those present were the Mesdames Juanita Ammons, Charles Earhart, H. C. Huff, A. E. Pennington, I. A. Farmer, and Lonnie Ables.

The Rev. Dan Belz attended

Houston Man Faces Life for Slaying

RENO — (AP) — Mark J. Don-nelly of Houston, Texas, today faced a life sentence for the slay-ing June 17 of Walter Hempel, wealthy Pasadena and Lake Tahoe real estate man.

An all-male jury deliberated four hours Wednesday and convict-ed the ex-convict of first degree murder. The jury recommended life imprisonment.

Donnelly will be sentenced Nov. 7.

Hempel, 73, was found shot to death in his parked car near Lake Tahoe. The prosecution contended he died in a robbery.

One of the shortest large streams in existence is Alpheus creek, near Twin Falls, Idaho.

Gray Countian Talks for Liberty

Friends of Sherman White will be interested in remarks he read a few days ago before a Senate subcommittee hearing testimony against the reappointment of Leland Olds to membership in the Federal Power Commission...

It will be recalled that Olds, whom the President ordered "loyal" Democrats to support for nomination, wrote some unAmerican thoughts in the Communist Daily Worker a few years ago.

Among other equally red statements, Olds wrote: "The opposition of the United Mine Workers to competitive wages can only be made effective through the elimination of competitive private capitalism. The miners have two alternatives: to develop...

The Truman-ordered appointment of Olds failed before the Senate, 53-45. Such statement as this one by Sherman White helped do the necessary job.

I see that a Pennsylvania State College psychology professor has been making a study of marriage...

Washington.....by Doug Larsen

By DOUGLAS LARSEN
NEA Staff Correspondent
WASHINGTON — (NEA) — Uncle Sam is trying to put a little human interest in his statistical reports...

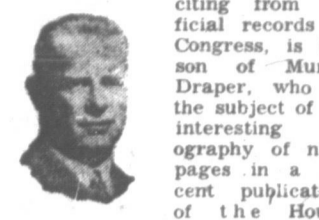

As far as the man-in-the-street goes, a free home-freezing unit with each wage-and-hour report, for instance, probably wouldn't be inducement enough to get him to read it through, let alone inspire him to try to figure out what it means...

The stock market is affected as current employment figures are released. The salaries of hundreds of thousands of workers are pegged directly on the Department of Labor's cost-of-living index.

Fair Enough - Pegler

By WESTBROOK PEGLER

NEW YORK — Paul Draper, the elfin dancer of the stylish and expensive night clubs, who sued Mrs. John T. McCullough for \$100,000...

defer American women from innocently lending themselves to the purposes of Mrs. Draper's organization.

"Muriel Draper," the biography distinguishes Sanders family, of Haverhill, Mass., who married in to the even more socially and artistically prominent Draper family of New York.

"Her husband, Paul Draper, was a singer well known throughout Europe," and I would interject at this point to say that he was the original hero, or butt, of that concentrated criticism which ran: "His singing is better than it sounds."

"Before their divorce, Muriel and Paul lived and entertained brilliantly in London. She sent her son, Paul, Jr., who is also now a well-known fellow-traveler of the Communists, to expensive and fashionable schools in this country. While she damns American capitalism and all its works she has been an ardent protagonist of the Soviet Union for nearly two decades.

"She is well known in artistic circles as a pianist, a lecturer of sorts, a dabbler in poetry."

"Mrs. Mabel Dodge Lohan, in one of her books, explained that the defection of Muriel Draper's husband had embittered her, that she had lost her last hope for a man's attention turning someone else's destiny. After that she lived for the satisfaction of the ego. The Drapers moved to London. Muriel had a transfiguration there. She triumphed in London while the money lasted."

"When Muriel Draper had nearly achieved the pinnacle of her consuming desire for importance, fame, even adulation, her husband entered their London residence at bedtime to confess that he had lost his last hope for a man's attention turning someone else's destiny. After that she lived for the satisfaction of the ego. The Drapers moved to London. Muriel had a transfiguration there. She triumphed in London while the money lasted."

Continuing, it says that the committee's purpose here is to trouble with statistics — and particularly statistics about married people — is that they are liable to change completely while the professor is hurrying home to write them down. A couple who report they are extremely happy in the morning may be quite unhappy that evening after a mother-in-law came for a visit, or the wife forgot to put onions in with the pot roast.

LOOKING FOR A HEAD

By GEORGE S. SIMSON
President, Young Men's League,
Young, Arkansas

There was a lot of good playing in the World Series this year. This was a good baseball year, with competition keen in the wind-up of both major leagues. The pennant winners were in there a-fightin' in the series and the fans loved it. I must confess a little remorse for the Dodgers. If those Bums had had two more pitchers like Frencher Koe and Don Newcombe, it might have been a different story.

Everybody in America loves baseball that's one of the ways our freedom works. Baseball could have happened only in America. But there's a ball player I want to tell you a little about. Some thirteen years ago here at Harding College, before the school quit intercollegiate sports, we had a baseball team and he was one of the players, but mainly, we had a pitcher.

LEARNIN' TO PITCH
A slim, gangling, modest, toad-headed youth from the hills of north central Arkansas had entered school, and he was a whizz. He loved to play all kinds of ball, but particularly baseball. Our coach gave him a few pointers, but soon discovered that he was already pretty well trained and coached by somebody back home.

Well, one spring at Searcy the college was playing Arkansas Tech. This lad struck out a few batters, 26 of them in fact, in a 13-inning game. In no time at all he had become a star. For months to come major league representatives showed up with fat contracts, ready to be signed. But our young pitcher allowed that he'd just wait awhile, he'd sign up sometime later. He had a head start, he'd turned and he went about his school work as usual.

TODAY'S HERO
Well, that was Preacher Roe. He reached the top this year, blanketed the famed Yankee hitters with 308 pitches to win his first World Series game, 1-0. The New York Times headlined that game by referring to the "supreme artistry of the young pitcher, Elwin 'Preacher' Roe was the hero of that game all right, and his father was there watching a son who didn't let him down.

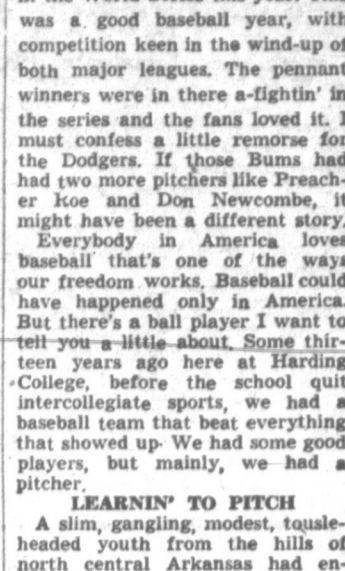

In America we have many a son like this. Elwin is a good example of patient waiting and training, of the achievements of success. Nobody made young Roe or his dad believe he couldn't be a pitcher. Now at the age of 23 he is a star in professional baseball. Preacher Roe will someday retire from the limelight to take his place in his community. Roe and his father did it.

Success Secrets
By ELMER WHEELER
This is the story of the three Minnott brothers who started a business with \$8000 capital in 1944 and now do more than a million dollars worth of business annually. They are William P. Albert, Jr. and Victor H. Minnott of Pittsburgh, owners of the Minnott Steel Company.

Their father was a steel worker. As kids they sat around the fire evenings and listened to him tell about working on construction jobs. It was natural that the three boys would gravitate to steel work themselves. They were working in a shop in 1944, when they got a big idea. A great deal of the fabrication work done in connection with steel work is done by hand. They decided to do better and cheaper with modern welding techniques. But many contractors didn't want to buy the extra equipment and hire the trained personnel. This was the market wide open for the Minnotts. If some of the big companies didn't want to cash in on their idea—they'd cash in on it themselves.

Yoo-Hoo, Mr. Toroise

By GORDON MARTIN

National Whirligig

news behind the news

MIAMI — The fair-haired darling and the Patrick Henry of the early and extreme Roosevelt New Deal — Senator Claude Pepper of Florida — stands in danger of defeat next year at the hands of voters who have become more interested in new industries than in the old.

Well, one spring at Searcy the college was playing Arkansas Tech. This lad struck out a few batters, 26 of them in fact, in a 13-inning game. In no time at all he had become a star. For months to come major league representatives showed up with fat contracts, ready to be signed. But our young pitcher allowed that he'd just wait awhile, he'd sign up sometime later. He had a head start, he'd turned and he went about his school work as usual.

Well, that was Preacher Roe. He reached the top this year, blanketed the famed Yankee hitters with 308 pitches to win his first World Series game, 1-0. If some of the big companies didn't want to cash in on their idea—they'd cash in on it themselves.

Most important item which has changed in a family's expenses is rent. It has been held down by controls while everything else has risen. In computing the adjustment is obviously needed. It is estimated that it will take three years to modernize the index. It will cost more than \$1,000,000. The whole government statistical revamping job probably won't be accomplished before 10 years.

Ease It Down, Brother

By GORDON MARTIN

The Doctor Says

By Edwin P. Jordan, MD

Many people notice that there are changes in the way they feel when the weather turns stormy and damp, hot and muggy, or clear and cool. A few have pains in their muscles or joints at times and claim that when a storm is coming, more susceptibility to colds or other infections in bad weather is a common complaint.

Extensive studies have been made on the relation between certain diseases and changes in the weather. Particularly those of the breathing system and rheumatic types, seem to be much worse in the periods of heavy storms during winter and fall and they are least common in midsummer warmth.

In addition to the immediate effect of stormy weather, some differences have been reported between one climate and another so far as several diseases are concerned. However, such differences in the difference in storminess or variations in temperatures and barometric pressure between one region and another. Some of those who have studied the question have even gone so far as to say that almost all diseases are greatly affected by these differences.

People with chronic infections of the respiratory apparatus or those who are unusually susceptible to acute infections do seem to do better in the southwestern part of the United States, where major storm changes occur far less frequently than in most other parts of the country. The benefit which they can obtain is probably greatest in the winter and spring when storm conditions are at their worst in the northern and eastern sections of the country.

Not all doctors are agreed on the direct relation of climate or weather to health and infection, but there does seem to be a relation, at least in some people.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

THE DOCTOR ANSWERS
QUESTION: Would you please discuss cancer of the throat and tuberculosis of the throat?
ANSWER: These are big subjects and both conditions are so comparatively rare that it hardly seems justified to discuss them in a full column.

So They Say

By Ken Reynolds

We have been true to the most vital tradition of representative democracy. We have kept faith with the people who elected us. — Sen. Scott W. Lucas (D., Ill.).

France's position in today's difficult international situation, like that of other European nations, is dominated by the problem of the atomic weapon. — René Mayer, French political leader.

The more I see of public life the more I believe no generation in American life will be able to answer all the questions. — Rep. Franklin D. Roosevelt, Jr. (D., N. Y.).

The Communists have been forcing us to spend money beyond our saddest dreams... with the result that the restive taxpayer is looking... under the rug for dirt and waste more difficult than he has for a long time—which is a very healthy thing. — Gov. Adlai Stevenson of Illinois.

Part of the problem today is the way science has been changing life for 100 years, and with increasing rapidity. The atom has made us conscious of the impact on daily life. We have to think about it now. — John Dewey, dean of American philosophers.

The Senator was one of Franklin D. Roosevelt's favorites, largely because he never voted against a major New Deal proposal. His questioning approval of every New Deal reform alienated even White House spokesmen like "Jimmie" Byrnes and "Dear Alben" Barkley.

Although he originally opposed the term of the Marshall Plan—financial and military aid to Greece and Turkey—he shifted quickly after the Truman election, and he has been a "hoot, bowl, holler and harangue" advocate of every Fair Deal scheme during the recent session.

Thus he has laid the basis for a typically demagogic appeal to organized and unorganized workers, farmers, the old folks and elements who like a man who talks

Loopholes In The Law

(Editor's Note: This is the fourth of a series of short case histories, all taken from court records, showing how legal loopholes often enable criminals to escape punishment in Texas. Will Wilson is chairman of a special steering committee of the State Bar, which is working for revision of the antiquated Criminal Code and Code of Criminal Procedure in order to eliminate these loopholes.)

By BILL WILSON
District Attorney, Dallas County
Fred, accompanied by a friend, was driving an automobile on a public highway. He had a collision with another car in which John and a companion were riding. John's car turned over and John was injured. Fred and his friend did not stop to offer help. Instead, they hurriedly drove away.

Fred was charged with failing to stop and render aid, an offense for which he could be sent to the penitentiary for as much as five years. The indictment against Fred alleged, in legal language, "that the said Fred, on or about the 18th day of April, 1931, was then and there the driver and the person in control of a motor vehicle, to-wit, an automobile upon a public highway, and that the said motor vehicle did then and there strike and cause injury to a person, to-wit, John."

Fred was convicted. But the decision was reversed on appeal. The higher court ruled that, although trial testimony showed that Fred's automobile collided with John's automobile, there was no proof that Fred's car actually struck the person of John. Therefore, said the higher court, the charge in the indictment was not proved.

So long as legal loopholes exist, criminals will take advantage of them. That is why the State Bar is working to bring about revision of Texas' criminal statutes. Every time a criminal goes free of punishment, liberty dies a little.

Children Honored For Their Part in Rescue of Infant

AUSTIN — (AP) — Johnny Schneider, 12, and Shirley Marie Bach, 11, were honored for clear, quick thinking which helped bring the rescue of little Bobby Gow a week ago.

Standing straight and solemn before an audience of 300 spell-bound children in the Govalle School Auditorium, Johnny and Shirley became lifetime honorary members of the Austin Fire and Police Departments.

Johnny was the lad who shouted the first alarm when he saw the 3-year-old Bobby drop from sight in the 8-inch casing of an 18-foot deep abandoned well. And it was Johnny who promptly dialed the Fire Department to get a rescue squad on the scene within 10 minutes.

Shirley had not been credited for her part in the three-hour life-saving operation. Apparently no one noticed her until several days later that the slender blue-eyed sixth-grader was among the first to call the police and an ambulance.

Police Chief R. D. (Boss) Throp and Fire Chief John Wood arranged a school for Principal B. W. McCarty for a surprise party.

JUSTICE TO CLINIC
AUSTIN — (AP) — Supreme Court Associate Justice Ralph Hicks Harvey plans to leave for Rochester, Minn., today for surgical treatment at Mayo Brothers Clinic on advice of his physicians.

recommended that Texas follow a similar pattern.
Just how the Texas council will work is still not known. Committees were appointed at the first meeting to work on a possible agenda and to make policy recommendations. This should be before the November meeting of the council, but whether it will be able to set up its permanent staff of researchers in time to have much effect on the January session of the Legislature remains to be seen.

Also unknown is what the Legislature's collective attitude will be toward recommendations made by a council as the result of academic research.
You can already hear some members shouting the frazzled phrase: "Long-haired professors!" Guild said he knew all about this. The council's big problem in pushing its ideas through the lawmaking mill will be to sell the legislators themselves on the soundness of the procedure of using the scientific approach to state policy problems.

But when you put research in its shirt sleeves and remove the ivory tower stigma from it, he said, you can get somewhere. Many legislators have had experience in local government and the practical aspects of law-making.

When you can combine this with the factual results of real research, you have translated the problem into terms that can be understood.

where the idea of unified between-session research was pioneered in 1938.

The speaker was Frederic H. Guild, a tart-tongued little man who admitted he might be correctly addressed as "doctor," but not as "professor." He is the director of research for the Kansas council. His salary is \$8,500 a year and he said this was a little embarrassing because it was more than the governor of Kansas got until the chief executive's salary was raised recently.

Guild told the Texas council that the idea of such legislative research agencies had been a hobby of his for many years as a member of the American Political Science Association. He admitted bias in favor of the notion of letting unbiased research dig up all the facts on which to base legislation and governmental policy, letting the chips fall where and on whom they may.

He said even the lobbyists in Kansas were beginning to be sold on the idea since sometimes things they wanted turned out to be supported by the facts. Not always, but sometimes.

Guild related that there had been something missing in the law-making process in Kansas and the first problem of the council was to restore the confidence of the people in the Legislature. Before that happened, the Legislature had to restore confidence in itself. He said the council helped to do this.

The lawmakers had been trying to do a job without the proper tools. The research staff employed to dig into any problem and to come up with the facts was seen as the proper equipment for sound legislation.

Some 200 Girl Scout Leaders To Get Instructions in Music

Nearly 200 leaders, assistant leaders and committee women of the Pampa Girl Scout Association will have an opportunity tomorrow to receive first-hand instruction from the music consultant of the Girl Scouts of the U. S. A.

Miss Janet Tobitt, English-born, will instruct a training session from 2 until 4 p.m. tomorrow in the Palm Room, City Hall.

The music consultant's training sessions for youth leaders are held on a regular basis.

MISS TOBITT

based on practical experience with young people. She emphasizes group work rather than individual skills.

Material covered tomorrow will include instruction on presentation, leadership, the use of source material, the co-relation of music with other activities and the planning of music appreciation programs.

Miss Tobitt believes that any adult equipped with some basic recreational material plus sound teaching principles can go forth as a leader and have fun at the same time.

An inveterate traveler in connection with her work, Miss Tobitt has covered the length and breadth of the U. S. and has gone into remote areas of many foreign lands to collect her material.

In 1938 she spent a year in England, Scotland and Wales in a survey of music recreational activities that took her into 200 cities. Last year, her vacation trip to her native England turned into work when the Girl Guide Association asked her to prepare some new song and dance material.

Author of several books, she has a degree from St. Andrew University in Scotland. She has also studied in France and Switzerland.

She came to the U. S. on a six-month visit in 1930, but remained here to become a citizen.

Quality Not Size Is Texas Growers' Aim

SAN ANTONIO — (AP) — Texas farmers have stopped trying to grow the biggest things in the world and have turned their attention to quality.

Addressing the annual meeting of the Texas Seedmen's Association, Dr. Allen Trotter, Robstown, said much research is being done in the valley on beans, tomatoes, watermelons and cucumbers in an effort to make them resistant to plant disease.

India Also Faces Task Of Teaching

By DEWITT MACKENZIE
AP Foreign Affairs Analyst
India's worst problem is poverty, as Prime Minister Jawaharlal Nehru told an America audience the other day, and I imagine that if he were questioned further he also would put illiteracy high on the list of his vast country's difficulties.

India has many centers of culture, but the great majority of her 300,000,000 souls are ignorant, and indeed many are primitives. Thus the average percentage of literacy is low.

We therefore are about to witness a development of far-reaching importance in the launching of a new program of mass education for India. Education Minister Maulana Abul Kalam Azad has announced plans to draft all educated citizens for six months in a drive to reduce illiteracy.

This of course isn't a brand new idea, but rather is the amplification of one which has been employed on a much smaller scale in several countries, including India itself. For example Nigeria and some other African colonies have used the plan for mass education on a volunteer basis, and in some places it has worked well. Apart from the educational value it has developed a community spirit which has resulted in cooperative enterprises.

India herself for years past has had community centers in the cities and big towns, where the underprivileged have been afforded educational facilities. The educated Indian women have played a large part in this work and have displayed a great sense of responsibility toward the lower class members of their sex.

Heretofore, apart from private institutions, many of the primary schools of the country have been very loosely run by local authorities which have been short of funds. As a result primary education, where it has existed at all, has been pretty much of the hit or miss variety.

This statement should be qualified by recording that there have been efficient schools in the important centers of culture. However, most of the population lives in tiny villages amidst direst poverty.

Experts in the U. S. Treasury each day count approximately 40,000 new bills and 25,000 old ones.

Major Fight Is Shaping Over Imports

WASHINGTON — (AP) — A major fight appeared to be shaping up for the next session of Congress over administration plans to increase imports by several billion dollars worth a year.

In one of the bluntest declarations yet made on the subject by a top government official, Secretary of State Acheson asserted in New York that "we must become really import minded."

Acheson told the National Foreign Trade Council that he sees nothing "favorable" in a trade balance by which the United States last year sold \$18,000,000 worth of goods to the rest of the world and bought only \$7,000,000,000 in return.

He declared that the \$6,000,000,000 gap creates a serious problem for this country in its effort to establish economic stability among the nations of the American hemisphere and Western Europe.

Acheson spoke at the convention of the National Foreign Trade Council. President Truman sent the meeting a message saying that the United States as a creditor nation is trying to correct the imbalance in trade.

Acheson in effect demanded that the United States reverse its 3-year-old trade policies under which it has consistently sold more abroad than it has bought. He said he wants this country to begin to allow other nations to pay for what they buy here instead of having the American taxpayer foot the bill in the form of huge loans and gifts.

To achieve this objective he outlined a program based on negotiating new tariff cuts with other countries. At the same time he expressly recognized the fact that opposition as a result of protective competition with American products.

About eight percent of the silver produced in the United States is a byproduct of copper, zinc, and lead ores.

287 Gray Residents Get Old-Age Pensions
At the end of June, 287 persons in the Texas Panhandle area were receiving monthly payments amounting to \$37,666.00, according to a statement of J. R. Sanderson, Sanderson is manager of the Amarillo Social Security Office, which services the 26 counties comprising the Texas Panhandle. Compared with a year ago, Sanderson states that current figures represent an increase of 20 percent in the number of persons receiving payments, and an increase of 25 percent in the amount of the payments. Retired workers and their wives, numbering 1,069 persons, are receiving \$20,415.00 per month. The remaining 1188 persons are composed of widows, children and parents of deceased workers.

LA Named Host City For '50 Legion Meet

Texas Trying New Angle on Knotty Legislative Problems

By DAVE CHEAVENS Associated Press Staff

AUSTIN — (AP) — Texas is trying a new angle of attack on knotty legislative problems.

It has joined 22 other states in setting up a legislative council to pre-digest proposed major laws before starting them on the formal road to enactment.

Backers of the plan hope it will result in a more orderly process of lawmaking. They hope it will eliminate some of the haphazard legislation and lawmaking blunders that have marred many past sessions.

Eventually, it may supplant the custom of setting up a wide variety of interim committees to study proposed legislation and bring it before the lawmakers.

The theory is that one such committee including both senate and house members, reinforced by a technical staff of researchers, can operate more efficiently and with less expense than several such bodies.

The Texas Legislative Council was told at its first meeting that this has been true in Kansas.

**Soft or Hard
Makes No Diff
To the Liver**

hard drinker of hard drinks whose liver is all shot has a companion in misery, Toronto scientists reported. He is the hard drinker of soft drinks. In experiments at Toronto's Bunting Institute, reported in the current issue of the British

Medical Journal, Dr. Charles Best, head of the research department, Dr. W. S. Hartroft, Dr. C. C. Lucas and Dr. Jessie H. Riddout reported they found as much damage to the liver from soft drinks as from alcohol.

A hypopyon is a black eye.

**GIRL SCOUT
NOTES**

By Mrs. FRANK FATA
Public Relations Chairman

"When I agreed to become Leader of a Girl Scout troop, I didn't dream I would have so much fun myself" — those were the words of Mrs. J. E. Miller, 1317 Terrace, when reporting a party

recently given for her troop. "Everyone had a marvelous time" were the words of other Girl Scout Leaders when speaking of parties for their troops. And as for the girls, their "ohs" and "ahs" and squeals of delight indicated that fun was had by all.

Troop 2, with Mrs. J. R. Miller, leader, and Mrs. G. H. Adams and Mrs. R. F. Pugh, assistant leaders, combined a Halloween-Birthday party into one, celebrating their first birthday as Brownies. Mrs. Ray Goodnight made the birthday cake. During the course of the party, which was held in the Episcopal Parish House, Barbara Baer was installed as a new member. Several games were played and songs were sung. The following Scouts were present: Darlene Adams, Daline Kiff, Marcia Miller, Linda Johnson, Nancy Goodnight, Doneda Foster, Barbara Baer, Quilla Sue Beavers, Laura June Hendricks, Jo Anne Thompson, and Ann Tripplehorn.

Troop 12, with Mrs. M. X. Beard, Jr., leader, and Mrs. Ellis Lemons and Mrs. Curtis Billings, assistant leaders, were shown several movies by Mrs. Joe Tooley, through the courtesy of Richard Drug, at their Halloween Party in the Episcopal Parish House. Favors of fish horns and candy were furnished by Mrs. R. A. Baker, and refreshments of pumpkin cookies, pimento cheese sandwiches, candy and cokes furnished by Mrs. Walter Rogers, Mrs. R. D. Falkenstein, and Mrs. M. X. Beard, were served to the following Scouts: Carol Arney, Kay Baker, Cynthia Beard, Carol Falkenstein, Kay Layne, Suzanne Lemons, Kay McMurry, Judy Morris, Mary Parsley, Patsy Riggs

Susan Rogers, Melinda Tooley, Sarah Weaver, and Margaret Ann Williams.

Troop 17, with Mrs. Clyde Batson, leader, and Mrs. Carl Sharpe, assistant leader, celebrated Halloween with a progressive party, beginning at the home of Mrs. O. V. Batson, where they received candy. Next, the group progressed to the home of Mrs. C. B. Lemons for pop corn. After a round of "trick or treat" fun, they visited the home of Mrs. Clyde Batson where cokes, cookies, and nuts were served. Mrs. Minor Langford, Mrs. D. Dodson, and Mrs. Russell Kennedy assisted with the party. The following girls attended: Betty Walker, Wanda Langford, Joy Brown, Sheila Lemons, Barbara Sharp, Dorothy Reneau, Mary Kennedy, Carolyn Watkins, and Macy Ann Batson.

Troop 24, with Mrs. C. D. Her-ring, leader, and Mrs. George Gray, assistant leader, held their Halloween party in a haunted house, featuring a mysterious gypsy who told fortunes and a headless person who told a ghost story. The following Scouts attended and each girl brought a guest: Nita Forde, Jayne Ann Gray, Oleta Green, Gale Ferring, Ada Jean Morgan, Wanda Jo Scott, and Glenda Virden.

Troop 33, with Mrs. L. E. Jordan, leader, and Mrs. Cliff Bailey, assistant leader were feted with a Halloween party at the home of Mrs. H. R. Moore, 807 E. Twi-ward, with Mrs. M. D. Steele as- sisting. Sandwiches and hot choco- late were served to the following Girl Scouts: Janette Bailey, Pam Bailey, Wanda Maherty, Jeannine Harvey, Annette Holtman, Gale Howard, Sharon Kay Jordan, Sharon Moore, Marilyn Steele, and Geraldine Willingham.

**Another City
Turns Down
Armstrong**

PORT ARTHUR —(AP)— The mayor and City Commission of Port Arthur said they wanted a university here only as long as it offered "proper education of our youth in the true American tradition of such institutions."

Speaking of George W. Armstrong's idea to build a university either in Port Worth or Port Arthur, Mayor Dr. James W. Long said—"only on that basis would we welcome him."

Armstrong, an 84-year-old Tex- as oil and steel man, said last week he might build the uni- versity to embody his own ideas on white supremacy after Jef- ferson Military College in Mis- sissippi turned down his offered endowment. He later said he would not build the university but would hold on to his mineral estate until its value was de- veloped further.

**Texas Is Tops
In Conservation**

WASHINGTON —(AP)— Texas tops the nation in the number of acres and farms in soil conserva- tion districts — but only because of its size.

The Lone Star State trails a number of others in percentage of territory covered by the program. There are 188,722, 180 acres in Texas included in soil conserva- tion districts, or approximately 85 percent of the total land area of the state.

The percentages of total acre- age in each of the adjoining states are: Louisiana, 58 percent; Ar- kansas, 55 percent; Oklahoma, 97; New Mexico, 65. There are 345,896 farms in Tex- as within soil conservation dis- tricts, out of 587,977 in the state.

**YOUR HEARING

Palaver de Pampa

YOUNGSTERS?—We want to compliment the children for their splendid conduct on Halloween. There's only one thing that has me puzzled—what is the age limit for "trick or treat"ers? Some of the goblins who knocked on my door were big enough to be on the Harvesters line. I felt kinda foolish handing them lollipop.

CHIT-CHAT—In a book of chit-chat I ran across this: "We are blessed with five senses: touch, taste, sight, smell and hearing—and should develop two more: horse and common."

MORE CHIT-CHAT—Seen downtown were little Ricky and Hal Cree who must be all of two months old now. Two very nice people leaving Pampa for Wichita, Kans., are Jack and Mae Plummer. Mae was the pretty brunette who always greeted you so pleasantly at Harvester Drug. Who was that cute girl in gray driving down Cuyler in a great big tan Pontiac? ... It's good to see Mrs. Otto Henneville up and out again. ... William Waggoner and Loyal Bird are on the convalescent list. ... Who is prouder than a peacock? She has completely redecorated her house in the softest pastels, and her kitchen is brand new from stem to stern.

I SAW—Calvin Jones and Red Wedgeworth in a heated contest to see who could sell the most tickets to the Barbershoppers' Parade of Quartets.

WISH I HAD SEEN—the bride party that Mrs. Ray Resman gave in honor of her mother. I hear it was beautiful and lots and lots of pretty gals—among them Hazel Winters, Evelyn Ketter, Pat Billings and Jean Braty.

PARIS—Louise and Jack McCrery will be sailing for the States Nov. 26 in time for the holidays at home. In one of her letters Louise said the wind blew in England very much as it does in Pampa, but the weather has been very mild for London. Her shopping spree in Paris must have been something she won't soon forget. ... Imagine the coming Christmas shopping in Paris. ... Another couple with the wanderlust is Gene and Virginia Green. ... They left last week for an extended cruise in the Caribbean. ... The Jim Nations just barely made it home in time for yesterday's game.

TO W. D. PRICE—Did you hear about the handkerchief round-up on your ranch last month? It's amazing what Easterners can do with a whoop and a handkerchief. ... The Ray Dudleys are preparing for a stork visit.

MIDNIGHT OIL—And speaking of visits, many Pampa housewives burned the midnight oil last week preparing for out-of-towners here for the game. ... King Hendricks of Amarillo with them. ... Did you see the gorgeous orchid corsage Mrs. John Bradley wore at the Sam Houston fun night? I understand it was a gift from an avid admirer—Little Bobby Andis. ... Don and Sylvia Conley are back from Dallas.

COMMUNITY BUILDING—Someone has asked Peg to mention the dire need for den mothers for Cub Scout troops. There are any number of little fellows that are being denied the benefits of this wonderful organization because there are not enough women to serve as den mother. ... If you would ask Mrs. Myles Morgan, president of the Council of Clubs, what her group is doing for 1950, she might say: "Get the Community Center on the dream stage and into action blueprints." When the hand that rocks the cradle gets into action the timbers shiver. Why don't all the clubs adopt this as their project for the new year?

CONVALESCING—Ruth Woolley is receiving her friends at home after a stay at Worley Hospital. ... Convalescing should be a pleasure in the restful atmosphere of her new house. ... Harold Henson is in the Veterans Hospital in Amarillo. ... A popular guy with the small fry is amiable John Andrews. ... He always has a kind word and a package of gum for most every little fella he meets.

THAT BOOK AGAIN—In that book of chit-chat I mentioned before, I also found this: "Never tell a young person that something cannot be done. God may have been waiting for centuries for somebody ignorant enough of the impossible to do that very thing."

PEG O' PAMPA

Christmas Gift Package Arrives 77 Years Late

Early Christmas shopping and mailing has long been urged by the U.S. postal authorities. It will, they claim, help in many ways. Nobody has ever doubted them, but one Pampa family now has concrete proof that the post-office boys know what they are talking about.

A few days ago Henry McGee received a package at the local postoffice, addressed to his wife. He wondered mildly what was in it. Then, he suddenly received a shock when he read the name of the sender in the upper left hand corner. The package had been sent by a sister-in-law who died three years ago. Also, about that time he noted that the package had been forwarded from Slaton, where the Reece McGees had once lived.

Further investigation proved that the package had been mailed from Kelleyville, Okla., almost 77 years ago—Dec. 25, 1922.

When opened the contents proved to be pictures of the children of Mr. McGee's brother and wife. One of them died many years ago and another, a baby in the picture, is now a husband and father.

So you see, readers, the moral is—

Lithuanian Mother Hopes George and Edmond Tamas Will Soon Become 'Good American Texas Cowboys'

By MARY FORRESTER

America is still the land of opportunity—with emphasis on Texas. Our neighbors across the sea with modern means of transportation the whole world is neighbors—by spells) have always dreamed of coming to America where any boy can grow up to be president—even a rail-splitter or a haberdasher. And now a new lure has been added—overshadowing even the promise of becoming president. Through American movies people in other lands, particularly small boys, have become acquainted with the cowboy—and the great, colorful reaches of Texas—and have claimed them for their own.

Two of these boys are George and Edmond Tamas, Lithuanian by blood, and Texan by adoption. Both have high hopes of becoming cowboys when they grow up and like to clomp about in cowboy boots, with toy six-shooters strapped to their hips, within ready reach of their "trigger fingers." Saturday afternoons have but one promise in the Tamas home as far as the boys are concerned—they mean another Western movie, where a lad can go and pick up new tricks from Roy Rogers or Jimmy Wakely.

KNEW NO ENGLISH

The Tamas family—George, 6 and Edmond, 4, and the parents, Joseph and Hedwig—came to the United States in May and very soon thereafter came to Pampa, where they have relatives. A brother of Mrs. Tamas, his wife and children live here. In spite of having "folks" here, however, the strangers did not easily fit into the strange pattern. Unable to speak English, they were alone know how to go about looking for work—it is not easy to ask for a job if you do not even know the English words to use. Both Mr. Tamas and his wife were exceptionally well educated in their native Lithuania—she is a university graduate and he is a linguist—but English was not among the languages they had mastered. That fact was ironic, since English suddenly became the only language they needed.

Among the numbers to be heard here will be "Passacaglia," Handel-Halvorsen, "Trio in B Flat Major," Franz Schubert, and "Fantasy on Three American Songs," Strassburg.

Officers of the Pampa association this year are: Dr. Douglas Nelson, president; Mrs. Raymond Harrah, first vice president; J. W. Garman, Jr., second vice president; Mrs. Carl J. Wright, secretary; Mrs. John B. McCrery, assistant secretary; and Aubrey L. Steele, treasurer.

Directors are G. F. Branson, Mrs. C. P. Buckler, Mrs. Mel B. Davis, Mrs. Joe Fischer, Mrs. J. W. Garman, Jr., Mrs. Raymond Harrah, Knox Kinard, McHenry Lane, Mrs. R. E. McKernan, Mrs. A. A. Schuneman and E. O. Wedgeworth.

Admission to all concerts is by membership card only. Any member of the association who has not received his membership card should contact Mrs. Wright before the concert tomorrow.

Columbia Concert Trio Will Present Varied Program Here Tomorrow

Columbia Concert Trio will open the sixth season of the Pampa Community Concert Association at 8:30 p.m. tomorrow in the Junior High School Auditorium.

Cellist Marcia Barbour comes from Winfield, Kans., where she studied with her father. She won a fellowship at the Juilliard Graduate School in 1940. In 1944 she went overseas with the USO, playing for the troops in North Africa and Italy.

Miss Barbour will be remembered here with the Bary Ensemble about three years ago.

The repertoire for the Columbia Concert Trio is culled from the works of the piano trios of Beethoven, Brahms and Schubert. Also, each artist will present solos.

Among the numbers to be heard here will be "Passacaglia," Handel-Halvorsen, "Trio in B Flat Major," Franz Schubert, and "Fantasy on Three American Songs," Strassburg.

Officers of the Pampa association this year are: Dr. Douglas Nelson, president; Mrs. Raymond Harrah, first vice president; J. W. Garman, Jr., second vice president; Mrs. Carl J. Wright, secretary; Mrs. John B. McCrery, assistant secretary; and Aubrey L. Steele, treasurer.

Directors are G. F. Branson, Mrs. C. P. Buckler, Mrs. Mel B. Davis, Mrs. Joe Fischer, Mrs. J. W. Garman, Jr., Mrs. Raymond Harrah, Knox Kinard, McHenry Lane, Mrs. R. E. McKernan, Mrs. A. A. Schuneman and E. O. Wedgeworth.

Admission to all concerts is by membership card only. Any member of the association who has not received his membership card should contact Mrs. Wright before the concert tomorrow.

Carnival Queen

BARBARA CHASTAIN

LEFORS—(Special)—Miss Barbara Chastain, daughter of Mr. and Mrs. Ray Chastain, was elected the 1949 Halloween Carnival Queen at the annual carnival held at the school last Saturday.

The high school annual staff sponsored the contest, which was carried on at a penny a vote.

Mrs. Chastain led the race, which included candidates representing different classes in the school, with 4,671 votes. Runners up were Melba Bigham, with 3,987 votes, and Delena Pfeil, with 2,832 votes.

Miss Chastain is an active student, and is a high school Junior. She is president of the Future Homemakers of America, Junior class treasurer, feature editor for the school paper, the Pirate, a member of the high school girls' sextette, and a member of the pep squad.

There were 182 persons at the carnival, which was sponsored by the Parent-Teacher Association. The P-TA received 10 percent of all money made at the various booths and concessions.

P-TA City Council Hears Book Reviews

Mrs. Joseph Howard reviewed three books, "Peace of Mind" by Joshua Lehman, "Peace of Soul" by Monsignor Sheehan, and "A Guide to Confident Living" by Rector Norman Vincent Peal at a meeting of the City Council of Parent-Teacher Associations in the Junior High School Thursday afternoon.

Mrs. Clifford Jones opened the meeting by reading the Parent-Teacher prayer. The Parochial School had charge of the program.

During the business session Mrs. Joe Wells reported that a meeting is being planned for dentists and principals to discuss the project for the year, dental care.

B. M. Baker and Horace Mann had perfect attendance.

Junior High will have charge of the December program.

First Methodist WSCS Circles Meet For Special Studies and Reports

"Special Studies" meetings were held by the six circles of the WSCS of the First Methodist Church Wednesday.

Circle One met with Mrs. W. S. Exley, 1122 Mary Ellen, with Mrs. T. V. Lane, who also gave the Bible Scripture from Galatians 6:1-10, and also discussed "Spiritual Photo-synthesis." Mrs. C. W. Andrews' topic was "Go Ye Therefore—Advance."

Mrs. Sam B. Cook gave a report of the Advance meeting held in

Miss Jeanne Weeks Becomes Bride Of Darrel Hale in Shamrock Home

SHAMROCK—(Special)—Miss Jeanne Weeks, daughter of Mr. and Mrs. W. E. Weeks of Pauls Valley, Okla., became the bride of Darrel Hale, son of Mr. and Mrs. J. H. Hale of Effingham, Ill., Sunday, Oct. 16, at the home of Mr. and Mrs. Scott McCall, with Minister Roy Tomlinson, pastor of the First Christian Church, officiating.

Nuptial vows were exchanged in a single-ring service, with the couple standing beneath an arch of plumosa fern, with a white satin bow and two silver wedding bells at the top. The improvised altar was arranged in front of the mantel, on which rested an arrangement of white stock and miniature white chrysanthemums. Wrought iron seven-branch candelabra flanked the arch, and white tapers, tied with white satin bows and plumosa fern, lighted the room for the ceremony. White mums were used throughout the home.

As candles were lighted by Miss Eunice Buice, Mrs. Patrick Boddy played an accordion number, "Memories," followed by "I Love You Truly." She accompanied Miss Buice as she sang "Tell Me Why," and "Because." For the processional she used "The Bridal Chorus" from "Lohengrin."

Miss Doris Walraven was maid of honor. The bride was attired in an iridescent taffeta dress, ballerina length, and fashioned with a fitted bodice, sweetheart neckline, short cap sleeves and a full gathered skirt. She wore a matching hat. Her only jewelry was a rhinestone choker, a gift from the bridegroom. She carried out the tradition of wearing something old, new, borrowed and blue, with a coin in her shoe.

Miss Walraven wore a navy taffeta dress and corsage of red roses.

Immediately following the ceremony a reception was held. The bride's table was laid with a cloth of white tapers in crystal holders. The three-tiered wedding cake, topped with a miniature bride and groom, was placed on a reflector which was encircled with bouquets of tiny mums tied with blue knots of blue satin ribbon. Love and completed the setting.

Mrs. Scott McCall poured, and the cake was served by Mrs. E. C. Hofmann.

The bride is a graduate of the Shamrock High School. She belongs to the Rainbow Assembly for Girls, and is an employee of Adams Hardware Store.

The bridegroom attended school in Effingham, Ill., and served in the Navy during the war. He is now a Shamrock business man.

The couple left for a wedding trip, after which they will live at the Linda Kay Apartments.

Only immediate relatives and close friends attended the wedding.

AAUW Meeting Scheduled; to Be in Canyon

Miss May Jones, Texas State President of the American Association of University Women, and Miss Marjorie Temple, Legislative Associate of the National AAUW at Washington, D. C., will be the principal speakers at the Panhandle Neighborhood Conference of University Women to be held in Canyon, Nov. 10. This meeting will be one of 14 regional conferences being held throughout the state during the months of October and November. It will include club women from Lubbock, Plainview, Canyon, Amarillo, Pampa, Borger, and Childress. Dr. Hattie M. Anderson, state board member for the Panhandle, is in charge of arrangements.

Mrs. J. Ernest Hood, Pampa chairman of Creative Arts, will be among the speakers at the workshop, where reports are to be heard from representatives of all the cities included.

Other reports of special interest will be those on the discussion of the Seattle National Convention to be given by Mrs. L. V. Dorsch, Amarillo president, and Miss Dorothy Lomax, Lubbock president, and Dr. Nan Gilkerson Blackwell's discussion, "Echoes from Europe, Summer, 1949," based on her tour.

The opening session of the conference will be held at 2 p. m. in the Branding Iron Theater at West Texas State College. Included among other activities will be an exhibit of the paintings of Alexander W. Mack at the Panhandle-Plains Museum.

The evening meeting will be held at the Blue Room of the Cafeteria at WTSC. At this time Miss Marjorie Temple, national officer from Washington, D. C., will speak. A large attendance is expected from the Panhandle branches of AAUW. Members of the Pampa branch who plan to attend include Mmes. Hood, Lomax, Ruy, N. Dudley Steele, Ken Palmer, Don Boyd, and Loyal Davis, and Misses Evelyn Milam, Helene Huff, Nancy Sullivan, and Martha Thomas. Other members interested in attending who have not already made plans to do so should call Mrs. Salmon at 1856-M.

Wooten-Henslee Vows Exchanged

Miss Eva Lou Wooten of Elk City, Okla., and Earl Henslee of Stillwater, Okla., were married Saturday afternoon, Oct. 22, in the flower decked living room of the Methodist parsonage.

The single ring ceremony was read by Dr. Orion W. Carter, pastor. Wayne Anderson, close friend of the bridegroom, served as best man, and Mrs. R. T. McCaw was matron of honor.

The bride was dressed in a navy blue street length frock, with which she wore black accessories.

Mrs. Henslee is a graduate of the Elk City High School, and Henslee is a former operator of the LaNora Theater in Pampa.

Memory, Advance Service at First Methodist Tonight

A service of Memory and Advance will be conducted at the First Methodist Church at 7:30 this evening. Four robes choir will be presented in mass, singing with the congregation, "Onward Christian Soldiers," then as a special number, "Faith of Our Fathers." Harley Bulls is the director.

After a general statement, the congregation will be asked to name those whom they remember as leaders—those who have done outstanding work in the First Methodist Church, then all descendants and their families of those mentioned will be asked to stand.

Following the service of memory the picture of the new building, which will be erected shortly, will be shown for the first time since the plans have been changed.

The pastor, Dr. Orion W. Carter, will speak on the subject, "Our Youth—Whom God Promised Tomorrow?" and at the close the high school choir will sing "Are Ye Able."

The ground breaking service will be held Saturday, Nov. 12, at 11 a. m., at which time Bishop William C. Martin will turn the first spadeful of dirt.

Local Barbershop Quartets Ready To Sing Saturday

TWENTY-THREE VOICES OF THE PAMPA QUARTETS ARE READY TO START SHOW—The third annual Top o' Texas Parade of Quartets will be held at 8 p. m., Saturday at the Junior High School Auditorium. The Pampa and Borger Barbershoppers will open the musical. Featured quartets will be the Flying L Quartet, Tulsa, and the Boreesome Foursome Quartet, Oklahoma City. Other quartets to appear will be the Tune Twisters, Borger; Cavern City Four, Carlsbad; Notables, Lubbock; Four Minors, Amarillo; Panhandlers, Pampa; Squeaky Door Four, Pampa; and Melody Menders, Pampa. Proceeds from the show will go into the local SPESQSA music encampment fund.

First Baptist WMU Groups Hold Joint Session; Covered Dish Lunch

All WMU Circles of the First Baptist Church held a joint meeting Wednesday at the church for the regular monthly session.

The executive board met in the church parlor with Mrs. Louise Tarpley presiding in the absence of the presiding officer. A covered dish luncheon was served at 1 o'clock in the basement, with Mrs. Claude Wilson, social chairman, as hostess. Mrs. Lawrence Barrett gave the invocation.

At 2 p.m. the group assembled in the church parlor for a mission program presented by the Dorene Hawkins Circle, with Mrs. L. W. McGlothlin as program leader. The theme of the program was "Mosaic Religion in Other Lands."

The meeting opened with the song "O For a Thousand Tongues," and a prayer was offered by Mrs. G. L. Craddock, who also gave the devotional. The devotional was closed by the group repeating the 23rd Psalm. Mrs. J. R. Moss, Mrs. S. O. Dunham, Mrs. Denver Allen Phelps, C. E. McMan assisted with the program.

A short business meeting followed and at that time monthly reports were given by chairmen. The meeting was dismissed with prayer by Mrs. E. W. Tucker. There were 64 women attending.

WMU Circles held weekly meetings as follows: Lewis J. Worley, at the meeting place for the Blanch Grove Circle. The opening prayer was led by Mrs. A. B. McPherson, and the Bible lesson in Psalms was taught by Mrs. Lee Moore.

Closing prayer was led by Mrs. R. L. Edmonson, WMU president. There were two new members, Mrs. Ashley Koenig and Mrs. W. J. Woodard. Others attending were Mmes. Lena Phelps, C. E. Hampton, R. W. Sidwell, C. V. Foraman, S. E. Waters, N. B. Ellis and Bob Allford.

The Mae Deter Circle met with Mrs. Aaron Meek, with the opening prayer by Mrs. P. E. Leech. After the business meeting, conducted by Mrs. Jack Morris, all members participated in a current events program. Material was taken from the Baptist magazine. Mrs. E. A. Baxter dismissed the group with a prayer. Others attending were Mmes. L. V. Holler, Rupert Orr, Harold Cockburn and J. H. Ayers.

Dorene Hawkins Circle met in the home of Mrs. S. O. Dunham for a business session. Opening prayer was led by Mrs. C. E. Powell. Circle officers for the year were appointed, and assignments for the Buckner Orphans Home, Dallas, were given.

Others attending were Mmes. L. W. McGlothlin, Denver Allen, John Moss and Groninger.

Robert Street Mission was the meeting place for that circle. In opening, the group sang "O Zion Haste," and a prayer was offered by Miss Lois Barrett.

During the business meeting, conducted by Mrs. W. H. Vandenberg, Lois Glass was selected as the name for the circle.

The group also decided to buy an article of clothing for the Buckner Orphans Home. For the

Baptist Circle Meets

LEFORS—(Special)—The Nina Hankins Circle of the Baptist Church met in the home of Mrs. Eddie Rowe on Tuesday, Nov. 1, at 2 p. m. Mrs. Rowe led in prayer and read the devotional. Mrs. Dan Beltz conducted the business meeting. Reports were given and Mrs. Beltz gave the mission study lesson.

Methodist Service Guild Works on Crown Project

The Wesleyan Service Guild of the First Methodist Church was entertained at the home of Mrs. Emmett Osborne, south of town.

The business meeting was presided over by the president, Minnie Allen, and money and clothing were collected for an Alaskan school, project of the guild. The group voted to entertain Miss Claudia Everly, missionary recently returned from India, at the next meeting, which is Nov. 17, and also for the group to pay her expenses from Wichita, Kansas, to Pampa and back. The guild members also decided to dispense with their annual Christmas party and join the WSCS for their Christmas party on Dec. 6.

Mrs. Diamia Woods gave the devotional and Mrs. Lee Harrah continued the study lesson on "The Women Influencing the Life of Paul," assisted by Mrs. Walter Daugherty.

Visitors introduced were Mrs. Ben Wheeling and Mrs. Henry Keahy. Members present were the Misses Ila Pool, Inez Clubb and Lillian Mullinax, and Misses Diamia Woods, J. M. Turner, George Newberry, Ben Ogden, Clara Mealer, Irl Smith, Quintin Williams, Orion Carter, Emmett Osborne and Aubrey Jones.

Short Period of Solitude Advised for Bereaved

NEW YORK — Widows would eventually lead happier lives if they were interned for a few months after losing their husbands. It would give the bereaved woman a chance to think things through, says E. L. Moore in the Journal of Living, and save her from acting too quickly.

Many widows, beset on all sides by advice, by relatives with their hands out, by salesmen and promoters, fritter away money that might have kept them comfortable for years. Others make the mistake of moving in with children or friends, only to find that they would have been far happier adjusting their lives to their new situations without imposing themselves on others.

Since internment is a drastic measure, the article has other suggestions, less severe but equally effective. The essential thing is that a widow take the time to evaluate her position, survey all possibilities and try to make her decisions without too much outside assistance. If she needs financial help, her banker, her lawyer and her insurance agent are best equipped to give it to her. Certainly no widow should burn bridges that she cannot reconstruct. Many a woman who gives up her home in impulse regrets it later when she yearns to have familiar things around her.

As a rule, if at all possible, a trip may be the best answer while she studies her situation. It will give her the time to figure out ways of adjustment and living a life useful to herself, her family and her community.

To cultivate kindness is a valuable part of the business of life. Kindness in ourselves is the honey that blunts the sting of unkindness in another. —Landon

Driver Threat to French-U. S. Relations

By CYNTHIA LOWRY
AP Newsfeatures Writer

PARIS — The French people are a fascinating, amusing, charming, annoying, impolite, mannerly race. Their country is beautiful and their capital city is beloved by every sensitive American who ever visited it.

The gravest threat to American-French relations at this moment is the French manner of driving an automobile. Any American, silly or daring enough to drive a car in this country is bound to survive—if he survives—with high blood pressure from sheer frustration. He will also wind up with a fine collection of French curse words, learned specifically to yell back at French drivers.

French people are notoriously well-mannered. They bow, smile and are helpful at giving directions. They are wonderful hosts and their food for the most part is without peer. They discourse beautifully and informatively on wines and on philosophy and you love them.

Then suddenly you find one or all of them driving automobiles. This charming man, who has taken three leisurely hours to give you a fine luncheon, and who strolls when he must walk, suddenly turns into a fiend incarnate when he has the motor of his little car purring.

He drives as if he were going to a fire, regardless of the oncoming buses, trucks, horse-drawn vehicles and scores of cyclists. He has implicit faith in his horn and his brakes. His accelerator is perpetually pressed to the floor.

He rarely pays attention to traffic signs or directions, but if he is forced to halt for a red light, he is furious if you, in front of him, wait a split second before charging ahead once the light is green. His fury is vented not only by his loud horn, but by screaming invectives at you in passing.

French policemen—particularly Paris cops—are reputed to be

the most polite in the world. They are, up to a point. I've seen a policeman halt traffic in all four directions while he leisurely looked up an address and gave instructions. But just park in some spot that apparently from some whimsey—he has decided is forbidden, and his fury is boundless. They rarely give out tickets, however, but seem to concentrate themselves with powerful whistles blowing and verbal recriminations.

Paris is a city of broad avenues and no parking problems. For days, it seemed to me, I had been going embroiled in the tails of the lady because of an unhappy faculty of parking in forbidden areas. This was very perplexing, because what would be a perfectly legal spot one day would bring tirades on my head the next. The cop was always too angry at my deed to explain what was wrong.

Eventually I managed to find out that in most French streets you park on the right side of the street—on even-numbered days of the month, on the left uneven days. There are no signs to that effect, you are just supposed to know it.

French automobiles are also perplexing. Instead of signaling direction with your arm or hand, French cars are equipped with little automatic arms which leap out from the side of the car at the turn of a switch. About half the time, drivers forget to return the switch after making the turn, and drivers behind poke along nervously for miles, expecting the car in front to swerve. Once you decide to pass anyway, the car or truck immediately veers off to the right. This is a nerve-wracking.

All these things, however, are nothing compared to the French habit of yelling impolite things to any car which gets in the way. The lady Mrs. I have now acquired some seven separate words to scream back at passing automobiles, most having to do with the drivers being cows and instructions for them to cut through.

These words, I am assured by French drivers, ultimately are going to get me in serious trouble with some burly truck driver.

TAMAS

(Continued from Page 15)

teaching her English. The two can now converse in a limited fashion. But the quick, trained mind of the stranger is alert and eager. She keeps an American-Lithuanian dictionary close at all times, and refers to it constantly.

The Tamases story is not a new one—they are only four or five million of their kind—good, intelligent, home loving people who were suddenly routed out of their homes and homeland during the war and forced into a strange and unknown country. Refugees, we call them, but they are people with minds and hearts and souls; with dreams and ambitions. We live in a country touched by war, but touched from afar—theirs was the misfortune of living in the path of destruction—in a country coveted by Adolf Hitler, and now coveted by the Russians.

Memories scar the mind of this woman—the memory of seeing her parents shot outright by the Germans—the memory of taking a ten-day-old baby in her arms and leaving her home for she knew not what, of losing that baby a short time later because food was too scarce and accommodations too poor—and of losing another child for the same reasons. These are memories that she cannot forget in a lifetime, but they are behind her now, and she is hopeful for the future.

She said "We cannot relive the past—it is better not to try—no? What we want, my husband and I, is for our boys to grow up in America and to be good Americans."

In Texas? she was asked.

She laughed with quick humor—"Yes, good American Texas cowboys," she answered.

Sub Deb Club in Business Session

Mary Ellen Hawkins was hostess to the Sub Debs Tuesday evening at her home at 1120 Duncan.

A business session was held, with the date of the annual presentation dance set for Dec. 20. Betty Howard will be in charge of bids for the dance, and Seniors are to handle the plans. The date of the annual formal initiation was set for Nov. 13, and will be in the City Club-Rooms. The committee in charge has on it Margaret Brown, Betty Howard and Delores McAdams.

The club sold chrysanthemums for the Pampa-Amarrillo game. The next meeting will be held in the home of Jean and Charlotte Hendricks Tuesday evening, Nov. 8.

Members present were Delores McAdams, JoAnne Bennett, Ann Sidwell, Mary Ellen Hawkins, Donna Conley, Ann Berry, Dorothy Dixon, Virginia Jones, Mary Jean Patton, Barbara Scruggs, Zula Margaret Brown, Betty Howard, Joan Lunsford, Marlene Leder, Sue Kennedy, Lynn Cornelius, Shirley Eland, Peggy Hukill, Phyllis Scheig, Gertie Lake, Pam Thornton, Jean and Charlotte Hendricks.

How truly is a kind heart a fountain of gladness, making everything in its vicinity to freshen into smiles! —Washington Irving

A pure affection, concetric, forgetting self, forgiving wrongs and forestalling them, should swell the lyre of human love. —Mary Baker Eddy

He who sows courtesy reaps friendship, and he who plants kindness gathers love. —George D. Prentice

MANY NAMES, FEW KINDS. Although cheese is marketed throughout the world under 400 or 500 different names, there probably are only about 15 distinct varieties, according to the Encyclopedia Britannica.

WELL SEPARATED. It would take 2,000,000,000 earths, placed side by side, to form a continuous spherical shell around our sun at a distance equal to the earth's distance from that body.

presided over the meeting, which was opened with prayer. Mrs. Campbell gave the devotional and then introduced Mrs. G. M. Walls, who reviewed the book, "Hope of Earth."

Refreshments were served to 12 members and one guest, Mrs. Walls.

Circle Three met in the home of Mrs. Harold Wright, 930 Christine, with Mrs. H. R. Thompson, chairman, presiding.

The meeting opened with the song, "Give Your Best to The Master." Mrs. Knox Kinard gave an interesting talk on "Behind the Iron Curtain." Mrs. R. I. Davis gave a report on the Advance meeting in Lubbock.

This meeting was concluded by a devotional on the 23rd Psalm. There were 23 members present, including one new member, Mrs. Carl McBride.

Circle Four met with Mrs. Lawrence West in her home at 504 North Warren, with 15 members answering roll call. The group sang "Help Somebody Today," followed by prayer by Mrs. F. W. Shotwell. Mrs. Shotwell also urged members to attend the district meeting in Shamrock on Nov. 15.

Mrs. R. G. Harrell gave the devotional on "John Wesley's Dream" at the meeting of Circle Four, and the Scripture was taken from 1 Corinthians 3:9-15. Mrs. Henry Jordan gave a talk, "Great Ideas of Methodism."

Mrs. Shotwell gave the highlights of the Advance meeting held in Lubbock. The theme of the meeting was "Advance, O Church of God." The meeting closed with prayer in unison.

Circle Five met with Mrs. J. B. Maguire, Jr., 1813 Coffee, with 11 members and three guests, Mrs. G. W. Cox, Mrs. I. Bierly and Mrs. Ray Goodnight, present.

Mrs. Goodnight gave a talk on "Spiritual Photo-synthesis." Mrs. Don Duggan gave the conclusion of the study, "Women of Scriptures."

The next meeting of this group will be with Mrs. Charles Shelton, 1234 East Browning.

Mrs. R. W. Karr and Mrs. Joe F. Key were co-hostesses to Circle Six of the WSCS Wednesday, at 9:30 a. m. The group met in Mrs. Karr's home at 1110 North Somerville.

Mrs. Raymond Harrah conducted the business. Plans were made for a Christmas party and for a toy shower.

Silent meditation was held while the group listened to Nelson Eddy's recording of the "Lord's Prayer." Mrs. Eben Warner read the poem, "Time to Pray."

Mrs. Harrah gave a talk on "Prayer." In closing, the group repeated in unison "The Lord's Prayer."

Refreshments were served to 20 members and Mrs. Dorothy Stratton, a new member, and Mrs. Shirley Lunsford, a guest.

FOR BERLIN BIKE RACES — This new bicycle track of 10 1/2 laps to the mile was built in 14 days in West Berlin for the first of a series of six-day races in November.

Ex-Press Agent Heads Religious Radio Publicity

By HAL BOYLE
 NEW YORK — (AP) — The Rev. Everett C. Parker used to be a press agent for Chicago livestock shows.
 Now he's an advance agent for the Lord — via radio. He spark-plugs religious publicity over the airwaves.
 "This means something," he said, "that's why I'm doing it. The other thing — his former work — 'only meant money.'"
 At 36 this energetic minister is director of the Protestant Radio Commission, this organization of the nation's leading Protestant church groups is spending \$12,000 this year for 800 religious radio programs to be heard over some 1,000 stations.
 The programs are organized by Rev. Parker and a staff of three. How he decided to embark on this unusual career is quite a story.
 "I had no particular religious background — and in college I lost any religion I had left," he said.

He sold doughnuts from door-to-door, worked as a chef in a Chicago cafeteria, then started a publicity firm. Then he became program director of a Hammond, Ind., radio station.
 One day the owner asked him to go out and find a commercial sponsor for a Lenten program.
 "How can anybody sell a religious program?" Parker demanded.
 "Well, try it anyway," said the owner.
 Parker finally got a utilities company to act as sponsor. With his flair for drama, Parker made the program a popular feature. It lasted 4 1/2 years and was sponsored by a laundry and a cemetery, as well as by the utilities company.
 "I found out the influence a church has on a community, and the things a minister can do that no one else can do," Parker said. "So I decided to make the whole plunge — to go into the ministry myself."
 He was graduated from the Chicago Theological Seminary magna cum laude. Awarded a fellowship in religious radio, she spent a year with the NBC network. He was offered a permanent post with NBC but decided

Glazier

GLAZIER — (Special) — Mr. and Mrs. Glen Dale and family of Phillips visited Mr. and Mrs. Homer Jamison over the weekend.
 Edwin Ward of Amarillo spent the weekend with his parents.
 Edward Howard made a business trip to Borger Monday.
 Mrs. Ray Wilson and daughters of Higgins spent Saturday with Mr. and Mrs. W. H. Smith.
 Mr. and Mrs. Allen Swires of Canadian visited Mr. and Mrs. G. W. Croser and family Monday.
 Twyla Mae Tileman of Shattuck, Okla., spent the weekend with Mr. and Mrs. P. D. Gross and family.
 Tom Tipton, L. H. Bussard, Stanley Matthews, and Tommy his real wish was to devote himself to the ministry.
 In the three years since then he has become a leading authority in religious radio, and held workshops at several universities to teach the subject to other ministers.

Jury Disallows Damages Sought

SAN ANTONIO — (AP) — After an all night deliberation, a jury in 87th District Court ruled against three Aransas Pass youths seeking \$24,000 damages for alleged false imprisonment.
 Heard before Judge C. K. Quin, the case grew out of the alleged imprisonment of the youths by H. H. Katz and Gonzales Bros., San Antonio, Jan. 13, 1948.
 Listed as plaintiffs are John O. Karels, Jr., and his parents, G. B. Music, Jr., and his father, and Raymond Huff and his father, Kermit Knuth.
 Holister were in Amarillo Monday.
 Mr. and Mrs. Albert Price and family spent the weekend with Mr. and Mrs. Harry Price of Enid, Okla.
 Mrs. Leroy Price is spending this week with her parents, Mr. and Mrs. R. N. Fox, in Lipscomb.

Elevator Takes 12 Cars of Grain

MOBETTIE — (Special) — The Kimble elevator at Mobettie has accepted about 12 cars of sorghum grain so far this season.
 But the elevator has been slow in taking grain because of their high moisture content, Willard Godwin, manager of the elevator, said.
 Godwin said that milo and kafir would net the farmer \$1.35 to \$1.85, provided the moisture content is no higher than 13.
 The Mobettie Lions Club sponsored another DDT spraying project over both Old and New Mobettie last week in an effort to check any late outbreak of polio.

Dr. Pepper Declares 15 Cent Dividend

DALLAS — (AP) — The Dr. Pepper Company has declared a dividend payable Dec. 1, 1949, of

15 cents a share payable to stockholders of record Nov. 19. Net earnings for the first nine months of 1949 totaled \$538,000, compared to \$618,000 last year. Slightly increased cost of sugar and lower selling price of syrup to bottlers were the major causes for the earnings decline, the company said. Including the dividend payable Dec. 1, total dividends this year amount to 60 cents per share.

Texas Has State Mental Hospital With No Graduate Nurse for 2,000

By DAVE CHEAVENS
TERRELL, Texas — (AP) — If you can imagine such a thing, Texas has a state mental hospital with no graduate nurses for its 2,000 patients.

It is the Terrell institution where seven practical nurses are doing a job that should have the trained attention of twelve registered nurses.

Texas newsmen on a tour of inspection of the state hospital and special schools did not believe they heard correctly when Dr. A. D. Patillo, superintendent, said he had no registered nurses. They asked him to repeat and he said that's right.

There have been no applicants because salaries and living quarters did not compare favorably with those offered by private institutions. Dr. Patillo hoped that recent raises authorized would result in some applications.

Likewise, there are seven doctors where there should be 12 by minimum standards, and 20 by first-class standards.

The Terrell State Hospital has long been noted in the Texas eleemosynary system as one where the buildings were about to fall down, but the outlook for improvement here is good.

Work has started on new units costing two million dollars to house 550 patients under conditions approaching the ideal, and there is hope the Legislature will authorize additional buildings that will bring the total to 818.

Meanwhile until 1951 — at least 77 patients will be living in a 47-year-old dormitory that has been condemned as a structural hazard and as a fire trap. Others will be in a remodelled laundry. And others here as in many institutions, will have their beds on porches open to all kinds of weather.

Dr. Patillo said the most acute

physical needs are for a bed-patient hospital, an occupational therapy building, and a new store room, in addition to patient space to care for the institution's 25 percent overload.

With all the shortages here, the statistics show this hospital apparently is doing a good job with what it has to work with.

From 40 to 60 percent of its patients subject to treatment are channeled back into society.

Paintings Sell at Dollar Day Prices

LOS ANGELES — (AP) — The walls of the late Atwater Kent's "Capo di Monte" are bare, stripped of their treasured paintings in an auction of old masterpieces at dollar day prices.

The 370-odd pictures that hung in Kent's ornate 29-room mansion were knocked down for approximately \$50,000, said Auctioneer Roy J. Goldenberg. He estimated that Kent paid more than \$1,000,000 for the collection.

The top price, \$1000, went for an oil portrait of the English poet Thomas Chatterton, by Thomas Gainsborough. The buyer, Edward C. Washer, represented a Los Angeles bookstore.

Air Force Orders 'Flying Classrooms'

SAN DIEGO, Calif. — (AP) — Consolidated Vultee Aircraft Corp. announced the Air Force has ordered 12 more T-29 navigational trainers in a \$5,200,000 contract. Plans on order now total 48.

The T-29 is military version of the 40-passenger Convair 114, a commercial transport, and is designed as a "flying classroom" to train navigators in groups.

'RESETTLEMENT EXPRESS' — Henry Wolf, of Munich DP Resettlement Center (in cap), dispatches first "Resettlement Express" with 450 displaced persons, en route to the U. S.

Latin America Is Inoculating Against TB Bug

MEXICO CITY — (AP) — The three largest Latin American countries are inoculating children to halt the white scourge of tuberculosis.

Mexico, especially, is aiming her drive at babies, trying to inoculate them within a week after birth. This year 5,045 have been vaccinated.

Tuberculosis specialists from Brazil, Mexico and Argentina, brought reports on inoculation to the PanAmerican Congress of Pediatricians.

The inoculations use the calmette-guerin bacillus, the BCG treatment.

BCG is not used much in the United States, although a Chicago tuberculosis specialist reported it is "safe and has a definite value."

Methods of vaccination and reports on its efficiency vary from one country to another.

Posts Open for Federal Draftsmen

Cartographic draftsmen interested in employment with the U. S. Geological Survey may now apply, according to a bulletin released by C. W. Stowell, civil service secretary.

Jobs are located at Rolla, Missouri.

Applicants must possess qualifications specified in the examination announcement and must file completed application forms with the Office of the Director, Ninth U. S. Civil Service Region, New Federal Building, St. Louis 1, Missouri, prior to the close of business on Dec. 1, 1949.

Further information may be obtained from the civil service secretary at the local Post Office.

Professor Dies

LONDON — (AP) — The death of Prof. Alexander Meek, 84, zoologist and professor emeritus at the University of Durham, was announced Friday.

Smartest Fleas Found in Texas

DALLAS — (AP) — The world's biggest and smartest fleas live in Texas.

That's what state Land Commissioner Bascom Giles says.

He spoke to the Dallas Rotary Club yesterday, and somehow got the itch to talk about fleas.

"Monahans out in far West Texas is now the mecca of wild flea hunters," he said.

"Hunters from flea circuses are coming there in droves. The Monahans country raises a flea that is exceptionally large and intelligent. A Monahans flea learns tricks in half the time of an ordinary flea."

Appointment Made by Top Navy Brass

WASHINGTON — (AP) — Admiral Forrest P. Sherman moved swiftly to tighten ship under the new Navy top command by assigning Rear Admiral John J. Ballentine, Pacific war hero, to his own old post in the Mediterranean.

Sherman, pulled out of command of the Sixth Task Fleet in the Mediterranean to take over as chief of naval operations, was sworn in only Wednesday after a shakeup growing out of the inter-service row over war roles.

Shortly after the announcement of Ballentine's assignment, Sherman attended his first meeting of the joint chiefs of staff where the quarrels over unification policy had centered.

He was introduced to the other members of the joint chiefs by the chairman, Gen. Omar Bradley.

As CNO, Sherman succeeded Admiral Louis Denfeld, an outspoken backer of the admirals' coterie that had contended the Navy was being frozen out in strategic decisions.

In taking over the Navy's top uniformed command, Sherman indicated he will try to talk out troubles before any more official heads are lopped off.

Musical Trolley Battle in High

WASHINGTON — (AP) — The local "battle of the musical trolleys" will come to an unofficial vote today by courtesy of The Washington Post.

The Post said that it will print simple forms enabling residents in the Washington area to sound off on whether it's all right to broadcast radio programs to passengers on streetcars and buses.

The Public Utilities Commission has just brought four days of public hearings to a close.

The commission has directed that the pro and con supporters submit written briefs.

Baylor Stadium Bids Received

WACO — (AP) — Swigert Construction Company of Waco has offered to build Baylor's new 42,000-seat football stadium for \$1,127,188.

This was the low figure when bids were opened. All bids will be considered by the Board of Directors of Baylor Stadium Corporation at a meeting in Austin Saturday.

Musicians Take Bottle Anti-Freeze Along

BOSTON — (AP) — Boston University Bandmaster Edgar Gangware admitted some of his musicians carry a bottle of alcohol because of occasional need for anti-freeze on cold football afternoons.

But —

The alcohol is of the denatured variety that is used only on cold instrument valves.

Highway to Explore Colorful Parts of Picturesque Mexico

EL PASO — (AP) — In just a few months the Mexican Central Highway from El Paso to Mexico City will be open to tourists.

It's a new paved route that explores colorful sections of the land below the border. And it will be an important segment in the proposed hemisphere highway from Guatemala to Alaska.

Gov. Foglio Miramontes of Chihuahua, Mexico, says it will be completed by the end of 1949.

Already a few tourists have traveled the unfinished highway. Detours are necessary from Parral, in Chihuahua, to Durango, capital of the state of Durango. Otherwise, the entire road from Jaures to Mexico City is completed.

The major concern of tourists thus far is the lack of suitable tourist accommodations, but these are expected to improve once the highway is completed. Many of the old hotels and restaurants along the route have begun remodeling and enlargement programs.

From the Mexican border city of Juarez, the road winds through five Mexican state capitals, to health resorts, fishing and hunting paradises, and quaint Mexican villages.

Chihuahua is the first big

city after Jaures. Beyond Chihuahua are Boquilla Lake, where good fishing is reported and the hot sulphur springs of Camargo. Parral, a copper and silver mining town, has a large American settlement.

At present, the highway from Parral to Durango is unpaved but convenient detours to Torreon, a thriving commercial and agriculture center, lead tourists around this section and allow them to continue to Durango, a major entrance to the rugged Sierra Madre mountains. Durango is also the principal point on an unfinished road leading to Masatlan, celebrated resort city located on the west coast of Mexico, which is only an hour's flight away by Lamsa Airlines, the Mexican affiliate of United Airlines. The area around Durango offers hunting for bear, deer, mountain lions, ducks and geese.

From Durango, the highway leads through the mining and cattle center of Fresnillo to Zacatecas, capital of the state of Zacatecas. High in the Continental Divide, Zacatecas presents an unusual architectural picture with its native houses, steep streets and tiny street cars.

Leaving Zacatecas, the tourist can take side trips to such spots

as San Luis Potosi, famous for its ancient churches, climate and hunting; Guadalupe, one of Mexico's largest cities and capital of the state of Jalisco; and beautiful Lake Chapala. Aguascalientes, another stop on the highway, is one of the few silk worm culture centers on the North American continent. Near it are catacombs, excavated by some Indian tribe of unknown origin.

Leon, second largest city in the state of Guanajuato, is distinctive because of its narrow, cobblestoned streets. After Leon, the road winds through Celaya, home of the famed Mexican architect, Francisco Eduardo de Tresguerras, to whom the city owes its architectural beauty.

Beyond Celaya, the road reaches few large cities but goes through rich cattle raising country where the unfenced ranches are patrolled by vaqueros, the Mexican equivalent of American cowboys.

The final stretch of the highway leading into Mexico City is perhaps the most beautiful and interesting portion of the entire route. Aztec Indian ruins and pyramids, along with the ancient monasteries of the Spaniards, can be seen nestled in the mountains surrounding the Mexican capital on all sides.

When the new highway is completed it will join the Pan American highway at Mexico City to make a complete loop through Mexico.

Henry VIII had six wives.

60 Area Scouts May Attend '50 Nat'l Jamboree

The Adobe Walls Area Council will be allowed approximately 60 Scouts at the national Boy Scout Jamboree at Valley Forge Park, near Philadelphia, Paul Beisenherz, council executive, said. The jamboree will be held from June 20 until July 6. More than 40,000 Boy Scouts and their leaders are expected to attend. Divided into two troops, the Adobe Walls group will be accompanied by a Scoutmaster and an assistant. While no transportation plans have been made thus far, it is expected the units will go to the jamboree by special train, Beisenherz said. In 1947 five Scouts of the council attended an international jamboree at Molson, France. Making the trip were: Jimmy Campbell, Troop 14; Laurie Porter, Troop 16; Bob Epps, Troop 80; Boardman Barley, Troop 47; Beaver; and Stanley Jones, Troop 71, Canadian.

Investment Company Announces Dividend

The Investment Company of Southwestern, an investment company and subsidiary of Amarillo, announced a dividend for the fiscal year ended Aug. 31, 1949 of \$463,669.74 according to the report of R. Earl O'Keefe, president and treasurer of the company. This compares to \$288,341.68 for the previous year and represents an increase of 60.81 percent for the 1949 period. Net income was \$419 per share on the 102,174 shares of common stock outstanding compared to \$3.74 on the 67,769 shares on the same date in the previous year.

Texans Being Softened Up For Bite of New Taxes

By DAVE CHEAVENS

AUSTIN — (SP) — Whether they realize it or not, Texans are being softened up for the bite of new taxes. Everywhere Gov. Allan Shivers goes these days — and he is on the go a lot and over wide territory — he reiterates his views that the "broad base" tax is his idea of raising new revenue. The governor first expressed that opinion midway of the last session of the Legislature, while he was still lieutenant governor and when it appeared it might be necessary then to levy for new revenues. Shivers was one of the key figures in Senate passage of the omnibus tax bill that is on the books now. It was written in 1941 and legislatures since then have resisted new tax campaigns. Texans are now paying — directly or indirectly — about 45 different kinds of taxes in support of their state government. It is inevitable that some new unexplored areas of revenue will be sought as sources to tap. There is already widespread talk about a state income tax, and the prospect of a "broad base" tax is being discussed. It is also reasonable to assume that efforts will be made to increase taxes on some sources already taxed: the usual oil, gas and sulphur tax proposals will be made and also battled to a finish. Not only the Governor, but members of the Legislature are talking the tax question in their home districts and some of them over wider areas. Rep. Marshall O. Bell of San Antonio recently wrote an editorial for the South Texan, official

publication of the South Texas Chamber of Commerce, reviewing the state spending and taxation issue. It was widely circulated as a reprint pamphlet with this paragraph emphasized after Bell had said that between 100 and 125 million dollars in new revenue will be needed: "How will taxes be levied to meet this deficit? In my opinion a state income tax will be proposed; also, a general sales tax, and an increase in the tax on natural resources. I had always thought that the federal government had preempted the income tax field, but more than 31 states now have state income taxes and the number increases every year. The opportunities for further development of Texas will be impaired if excessive taxation is imposed."

Both Shivers and Senator G. C. Morris of Greenville, acting lieutenant governor, went into the spending and tax question before the Texas Manufacturers Association in convention at Mineral Wells. Shivers bore down on the point that the cost of state government will be borne by the citizen. He is responsive to the requests of the people for more and better services. Morris said it would take 40 million dollars to bring the eleemosynary institutions up to a level worthy of Texas' honor. Bell's editorial carried this warning: "We are going to have just as good and efficient a government as the voters demand, or just as wasteful and inefficient a government as our citizens tolerate." When the Legislature convenes again, it will face the tough decision of where legitimate demands for state services ends, and where wasteful and unnecessary spending begins.

Revival Begun at Miami Church

MIAMI — (Special) — A revival meeting began at the First Baptist Church here today and will continue through Nov. 13. The Rev. W. D. Baker, father of

the local pastor, is the evangelist and the pastor will lead the music. Rev. Baker is pastor of the Baptist Church at Tipton, Okla. He has conducted more than 200 revival meetings in Missouri, Arkansas, Kentucky, Arizona, Okla-

homa, Kansas, and Texas. Two choirs will sing at each service and special musical numbers will be featured. When no dew follows a holiday, rain may be expected.

ELIZABETH GOES TO DINNER—Princess Elizabeth, and her husband, the Duke of Edinburgh, attend a dinner of the Royal College of Obstetricians in London.

Public Improvement Group Discuss Recreation Park Needs

The chairman of the Commerce Public Improvement Committee, has called for a 2:30 p.m. meeting to discuss improvement of Recreation Park. The committee will be people who have circulated petitions asking the Gray County Commissioners' Court to hold a special election for improvements at the park. After an extensive survey of the needs at the park, Weiss and his committee reported at least two additional buildings are needed at Recreation Park to take care of the expanding Top of Texas Fair and 4-H Club Fat Stock Show. Weiss urges all individuals who have petitions circulating to secure as many names as possible by Wednesday. The committee wants to present the petitions to the Commissioners' Court next week. One of the proposed buildings is to be furnished inside and will serve as an all-purpose building. The other building is to be primarily a livestock exhibit building. Final details will be left up to the court provided the special bond issue carries. Weiss said. The Public Improvement Committee will act in an advisory capacity when needed. Her attendants will be Clara Meaker, Wanda Richardson, and Yvonne Henry. Escorts have not yet been announced. Following the coronation, the annual Amateur Night, sponsored by the yearbook staff, will be held. Entries from White Deer and Skellytown grade schools will be judged in one division, and entries from the high school in another division. Prizes for first, second, and third place will be given in each division. Several solos and duets, both vocal and instrumental, have already been entered, and other entries are expected. All entry blanks, with complete information, must be in the hands of the business manager, Dorothy Barnett, tomorrow morning. Noah's Ark was built of gopher wood.

Coronation Set For Tuesday

WHITE DEER — (Special) — Coronation of the White Deer High School annual queen, Billie Meadows, will be held Tuesday at 7:45 p.m. in the grade school auditorium. Her attendants will be Clara Meaker, Wanda Richardson, and Yvonne Henry. Escorts have not yet been announced. Following the coronation, the annual Amateur Night, sponsored by the yearbook staff, will be held. Entries from White Deer and Skellytown grade schools will be judged in one division, and entries from the high school in another division. Prizes for first, second, and third place will be given in each division. Several solos and duets, both vocal and instrumental, have already been entered, and other entries are expected. All entry blanks, with complete information, must be in the hands of the business manager, Dorothy Barnett, tomorrow morning. Noah's Ark was built of gopher wood.

to Give Program

WHITE DEER — (Special) — 7:30 p.m. in the White Deer School Auditorium. A native of the will present a program of music, customs, education, and industries of the state. He will also present a number of instrumental pieces, including Spanish, Filipino, and Chinese songs in those languages.

Patients Catch Spirit of Optimism at Rusk Hospital

(EDITOR'S NOTE: This is another in a series of on-the-scene reports on conditions in the state mental hospital and special schools.)

By DAVE CHEAVENS
RUSK — (AP) — The patients on "M" ward at the Rusk State Hospital have caught some of the spirit of optimism that seems to prevail at the institution.

It closely resembles that good old college try, if you can imagine that in a mental hospital.

The patients on "M" ward are those at the bottom of the scale—mental derelicts once considered hopelessly insane. Now, through modern therapy, a few of them can be reclaimed. Fifteen percent of them will go home.

That's the sort of thing emphasized here by Dr. C. L. Jackson, superintendent, and his staff of enthusiastic helpers who believe in doing the best they can with what they have to work with.

He listed a million and half dollars worth of physical improvements needed at the hospital that is a made-over prison. Many of the original Texas prison buildings dating back to 1894 have been remodeled and house the bulk of the patients.

But Dr. Jackson gives No. 1 priority in his needs to a new occupational therapy building, and to more doctors, nurses and other workers to implement a positive program of cure-and-send-home.

He believes the state would save money if more patients could be cured and sent home, and it

Honor Society Started at A&M

COLLEGE STATION — A college education is designed to prepare a student for the first situations which he encounters out of college. The continual process of education must prepare students for future situations.

These were the remarks of Dr. Frank Kerns to newly initiated members of Phi Kappa Phi, national honor society, at Texas A&M College. Dr. Kerns, national president of the society and dean of the Graduate School at Penn State, formally installed the A&M Chapter.

Twelve members of the A&M system, including Pres. F. C. Bolton and Dean of the College M. T. Harrington, were initiated with 25 top seniors from all branches of the college. Selection of the 25 students was made primarily upon their scholastic standing.

Bankers Against Changing Gold Price

SAN FRANCISCO — (AP) — The American Bankers Association closed its 1949 national convention with a stand against changing the price of gold.

It adopted a resolution to continue the yellow metal at \$35 an ounce as advocated by the secretary of the treasury.

F. Raymond Peterson of Paterson, N. J., was automatically elevated to the ABA presidency. James E. Shelton, Los Angeles baker, was named vice president.

Shopping Centers in Houston Slated

DALLAS — (AP) — Leo Corrigan says construction will start late this month on four new shopping centers in Houston.

The Dallas real estate developer estimated their cost at about \$3,500,000.

He said they will be located in the tri-cities, North Shepherd, North Main and North Washington areas.

Miami Scouts Set Record

MIAMI — (Special) — Members of Boy Scout Troop No. 79 of Miami made the highest showing of five troops at the three-day district camporee in the city park at Hooker, Okla., recently.

The Miami troop was the only one with a 100 percent attendance.

Of the 395 points required to pass the various tests the local troop attained 525 points for the highest average. Each of Miami's two patrols received a blue streamer and another was awarded the troop as a whole.

Miami Scouts attending were: Albert Stribling, Jimmie Reeves, Jimmie Bean, John Smith, Bob Clark, S. E. Mayo, Charles Stanford, Jimmie Tolbert, Tommy Wells, David Beavers, and Leroy Ellaynick.

Also attending were Scoutmaster Dwight L. Baker, Assistant Scoutmaster Loren Grantham and T. A. Stribling, committeeman.

Results of Field Station Tests Given Miami Club

MIAMI (Special) — D. A. Savage, station superintendent of the Southern Great Plains Field Station at Woodward, Okla., was the principal speaker at the regular meeting of the Men's Service Club Tuesday night in the basement of the Methodist church.

His two main topics of discussion were the control of weeds and brush on the range and the results of grazing and feeding studies throughout the past eight years.

Club members were given a method for the control of weeds and sagebrush, and were given the results of experiments in which 41 percent cottonseed meal and salt was fed to beef cattle. Cattle fed the ration gained more than those fed cottonseed cake throughout the winter, Savage said.

During the business session members of the club voted not to sponsor a Lions Club. Mayor R. J. Bean said that 19 blocks of paving are under construction and that there will be 29 street lights installed and turned on by the last of this week.

Mighty Cheap Rent!

PRESTON, England, — (AP) — J. Robertson advertised a cottage for rent at 14 shillings (\$1.96) a week.

He was swamped by more than 1,000 replies.

Three Borgans in Pacific War Games

Three men from the dry Panhandle plains are serving aboard the Navy aircraft carrier USS Boxer in Pacific maneuvers.

They are Billy G. Tidwell, Jess B. Hill, and Travis A. Cline, all of Borger.

They are participating in "Operation Miki," a large-scale exercise involving nearly 40,000 soldiers, sailors, and Marines designed to dislodge an imaginary aggressor from the Hawaiian Islands.

The war games will continue through November.

Thieves Must Be Holding Meeting

CAMDEN, N. J. — (AP) — Are the thieves holding business meetings these days?

Joseph C. Nettleton, business agent for Local 56, AFL-Meat and Cannery Workers, told police someone broke into his parked car and stole a gavel given him by fellow union members.

Simplicity is the keynote of the film version of John Steinbeck's widely known story about a sensitive boy and his attachment to the red pony. A character study for the entire family, "The Red Pony" is in close pattern with the series of successful films about horses and dogs—the "Lassie" group and those like "Smoky" and "Green Grass of Wyoming"—so it is that we turn to them for comparison.

Sooner Drilling Takes Slight Gain Over Preceding Weeks

TULSA — (AP) — Operations last week in Oklahoma oil fields gained slightly over the preceding week, early reports indicated.

The Tulsa World disclosed 86 completions, including 32 producers, one gas well and 53 dry holes. Daily oil production averaged 5,188 barrels accompanied by 3,500,000 cubic feet of gas per day. Drillers went down a total of 233,254 feet during the week.

In Beckham County, Okla., Shell Mary Beck No. 1, C SE WN 8-10-21W was drilling below 7,945 in granite wash.

Shell Etel No. 1 in NW SW 23-10-21W was drilling below 9,545 in sandy lime. Drillstem test from 3,500 recovered slight blow at 11 minutes. Gas to surface in 48 minutes with volume to slight to measure. Recovered 1,200 feet free oil and 240 feet of oil-gas cut mud. Bottom hole pressure shut in was 3,260 pounds.

Shell Lander No. 1 in NW SW 14-10-21W recovered 430 feet heavily oil-gas cut mud on casing test No. 1, TD at 9,906 feet. Bottom hole flow pressure was 50 pounds with bottom hole pressure shut in 30 minutes at 3,850 pounds.

Shell G. Slatten No. 2 in SE SW 7-10-21W was drilling below 7,945 in granite wash.

Shell Ada Smith No. 2 in NE SW 7-10-21W was drilling below 5,000 in lime and shale.

Shell G. M. Tucker No. 2 in NW SW 23-10-21W was going in hole with tubing and bit. TD 10,115 feet.

United Carbon O. Walter No. 1 in SW EN 24-10-21W ran drillstem test from 9,193 to 9,210 feet. Tool open 20 minutes with gas to surface in four minutes, condensate in 13 minutes. No gas on condensate. Gas flow estimated at 6,000 MCF. Topped Kansas City time at 8,710 feet. Top hole flow pressure was 2,770 and 3,925 pounds shut in 15 minutes for bottom hole pressure.

United Carbon L. Walter No. 1 in NW SE 24-10-21W was drilling below 7,910 in lime.

Wilcox C. Walter No. 2 in SW NW 24-10-21, was drilling 8,125 in granite wash.

Four Tests Are Staked In N. Mexico

Four wildcat locations were staked in New Mexico last week.

In Chaves County, Honolulu was starting at the No. 1 Texas Co. State in SE SE of 13-11a-27e at 18 miles southeast of Roswell, for a 7,500-foot test.

Humble Oil and Refining staked the No. 1 Federal-Hobbs, in Eddy County, in SE SE of 24-20e-24e, for a 11,000-foot test.

In Lea County, Continental was starting the No. 2-B-29 Warren, in SE of 28-20e-38e for a 10,000-foot test, a mile east of its No. 1-B-29 discovery well.

The model unit tests, staked two confirmation tests in the Denver deep field in Lea County. The No. 1-A Stoneman is in NE NE of 14-15a-37e and the No. 1 J. S. Waller is in NE NE of 15-15a-37e. Contracts are for 11,500 feet.

York and Harper started the No. 2 State in NW NW of 36-24e-27e, six miles southwest of Malaga, for a 2,800-foot test. It is a mile northeast of a 2,100-foot dueter.

Allowable Boost Approved for Kansas Field

WICHITA, Kans. — The Kansas Corporation Commission has approved an increase in crude oil production in Kansas of 10,000 barrels a day for November. The daily allowable for the month was set at 285,000 barrels.

T. A. Morgan, state conservation director for the commission, said that purchaser nominations of November crude totaled 309,220 barrels. The Bureau of Mines estimate of Kansas demand in 302,000 barrels a day for the month.

Rig Activity Hits High For the Year

Rotary oil rig activity in the U. S. and Canada rose to the highest level in nearly three months for the week of Oct. 24, according to reports to the American Association of Oilwell Drilling Contractors by drilling supply houses.

The total for the week of 2,062 represented a net increase of 25 active units over the 2,037 reported for the previous week. It compared with 2,000 a month ago and with the previous high of 2,664 established for the week of July 7 and with 2,578 active rigs a year ago.

Most of the gain in activity was in two areas: California was up 19 rigs to a total 186 and Illinois was up 13 to a total 127. The Rocky Mountain and Canada area was up four to 174 and Arkansas-Louisiana-Texas was up one to 162.

For the first time in seven weeks, activity in West Texas and New Mexico showed a decline. It was off four to 602. The Gulf Coast area was off eight to 487 and Oklahoma-Kansas was off five to 344.

Reuel Casey, Shell Chief Operator Is Honored for 25 Years of Service

Reuel Casey, chief operator at Shell Oil Co.'s Pampa Plant, has been honored for completion of 25 years of service with that company, it was announced last week by W. A. Alexander, area manager, Tulsa, for the company.

Born in Green Forest, Ark., he came to Oklahoma at an early age and completed his schooling at Pryor. He joined Shell in the gas department here at Pampa. While he has held many positions of increasing responsibility over the years, Casey left the Pampa area only once for a brief assignment in Bryan.

He makes his home in Pampa with his wife, the former Catherine Brown, and their son, Reuel Glenn.

We just ran out of gas, that's all.

Eddie Dyer, manager of St. Louis Cardinals.

This model is an exact duplicate of the pumping units being constructed by Cabot shops and used in oil fields all over the country.

Modeled by Vernon Walls, layout man for Cabot, the scale unit is complete down to exact location of all nuts and bolts used in the regular units.

Walls, who has spent some 350 hours, so far, plans to add to the model with pipelines, a separator and tanks.

Realistic Oil Pumping Unit Is Modeled by Cabot Employee

Several thousand persons saw a realistic oil field production scene recently at the Tri-State Fair in Amarillo during the week of Oct. 2-8.

Center of attraction in the field was working model of a typical oil well pumping unit in operation.

The card attached to the display

Wildcat Reports

Childress County

Standlind No. 1 Steve Owen, 1980 from N and 660 from W lines in Sec. 81, SPRR Survey, plugged Nov. 1, drilling at 75 feet.

Lipscomb County

Gulf Porter No. 1, 660 from N and 1980 from E lines in Sec. 435, Blk. 43, H&TC, operators were to have resumed drilling Saturday after spending week running tuboscope. TD, 14,066 feet.

Ochiltree County

Gulf Harbaugh, 660 from N and W lines in Sec. 142, Blk. 13, T&NO, operators spotted cement at 6,640 and reported mixing mud.

Gulf Wamble, 3,321 S and 660 E-2 in J. J. Ballentine Survey, 100 sacks of cement spotted at 3,945 and drilled out to 6,274, operators preparing to drill ahead.

Randall County

Sessman Geo. Nance No. 1, 330 from S and E lines in Sec. 138, Blk. 6, I&GN, operators have drilled to 80 feet.

Roberts County

Sinclair Lips No. 3-C, 660 from S and W lines in Sec. 133, Blk. C, G&M, well is shut in for repairs at 7,830 feet.

Sinclair Lips No. 4, 810 from W and 660 from S lines in Sec. 159 Blk. 13, T&NO, operators set 10 3-4 inch pipe at 3,537 feet with 1,000 sacks of cement.

Scurry County

Cities Service Johnson H No. 1, 660 S and E lines of NW corner in Sec. 16, Blk. 1, J. P. Smith Survey, drilling in shale at 6,850 feet.

Geologist Speaks At Society Meet

Henry Conklin, district geologist for Sun Oil Co. at Midland, assured geologists there was quite a bit of work involved in finding a reef.

Conklin was principal speaker at a meeting of the Panhandle Geological Society Wednesday.

According to Conklin, reefs cannot be found with a seismograph but have to be worked out by surface geology from outcrops and from subsurface knowledge.

He also proposed a theory that the bacteria that built up the reef in the old seas might be the source of the petroleum found trapped in the reefs.

Geologist Speaks At Society Meet

Two young Notre Dame graduates arrived in Snyder about that time. They were Joseph I. O'Neill, former F.B.I. agent from Philadelphia, and William P. Castleman, Jr., former Aluminum Co. sales manager from Louisville, Ky.

They had decided to go into business for themselves. A friend in Dallas had suggested they go to West Texas and buy, sell and trade oil leases.

Neither claimed to know much about the oil business. They were attracted by the low prices, on leases in Scurry.

By September 1948 they had invested all their money in Scurry leases and had good reason to become discouraged.

As O'Neill explained the situation:

"We tried to sell those leases to 97 different companies and operators and couldn't find a buyer. We couldn't even get anyone to tell us the stuff was any good, and we didn't know it was any good."

They finally managed to sell some of their leases. They were hopefully searching for more buyers when the first indication of a possible boom appeared.

"As luck would have it," O'Neill explained, "we went up with an interest in 800 acres that have good prospects."

They already have four producing wells, and have three rigs operating.

Each admits he never had any idea of becoming an oil operator.

But a sign on the door of their new office in Midland reads: "Castleman, O'Neill — Oil Operators."

Oil News Potentials Total 656 Bbls. for Week

Through Thursday of last week, operators in the Panhandle had completed 12 oil wells, eight gas wells, staked 16 new locations and had plugged one well.

Total increased potential for the area was 656 barrels of oil and 54,925 MCF gas.

One of the new locations was the Slessman Nance No. 1, a wildcat in Randall County.

93 Percent of People in U.S. Native Born

NEW YORK, N. Y. — Although our country has properly been called a melting pot of peoples, for at least a century the native born have constituted 93 percent or more of our population, according to Dr. Louis I. Dublin, chief of statistical bureau of the Metropolitan Life Insurance Company. At present, about 93 percent of our people are native born, he pointed out.

The foreign born population has been shrinking rapidly since the 1930 census, Dr. Dublin notes. At the time, the foreign born numbered a little more than 14,000,000; by 1945, this had diminished to an estimated 10,400,000.

"The numbers and proportion of children of foreign parentage also have been declining. In 1940 only about one fifth of the native white population was of foreign or mixed parentage. If to this is added the proportion of foreign born, the total still comes to less than three tenths of the population."

The foreign born are largely concentrated in the northeastern part of the country, Dr. Dublin observed, with nearly half of them in the four states of New York, Pennsylvania, Massachusetts, and New Jersey. The proportion of foreign born is lowest in the South Atlantic and South Central regions, where the native born exceeds 98 percent of the total, he said.

Ford Continues Car Production

DETROIT (AP) — The Ford Motor Co. threw a note of cheer into the auto industry's steel-darkened picture, announcing it would be able to continue nearly full production in all divisions but Lincoln throughout this month.

Earlier the company had planned to shut down its huge Rouge Plant between Nov. 11 and 15. Emergency operation of Ford's own steel mill at the Rouge factory and "encouraging news in the press" on the steel situation made the new plans possible, a statement from Executive Vice President E. R. E. said.

Breche reported the company would continue production of Ford's and Mercurys at slightly reduced schedules all this month. Lincoln output will be halted Nov. 11, he said, but should be resumed in December.

About 100,000 Ford workers who had expected to be laid off with in two weeks will be getting their paychecks for the rest of the month, at least.

The Ford announcement came as Chrysler Corp. closed its Dodge, De Soto and Chrysler divisions because of a lack of steel, idling about 35,000 of its 91,000 Detroit area employees.

General Motors Corp. has announced no shutdown plans. Hudson Motor Car Co. closed its plants Thursday with plans to resume operations Monday, and Nash Motors has announced it will shut down its two main plants in Wisconsin in the middle of November.

Oxygen Mask Being Developed

NEW YORK — A constant-flow oxygen mask for airline passengers which will remain effective for 4-5 hours at altitudes up to 25,000 ft. is now being perfected, according to Aviation Week.

The expendable mask, which will cost about 25 cents and can be discarded after use, is an answer to requests by the Military Air Transport Service and commercial airlines for a cheap, but temporarily efficient means of supplying oxygen to passengers when planes are forced above their normal flight levels.

The mask was developed by Wright Field's Aero Medical Laboratory, the University of Washington and the H. L. Burns Co., Portland, Ore.

The device consists essentially of a porous paper face piece, a bell made from .01-in. thick Pliofilm, and a plastic tubing which connects to the plane's oxygen supply.

Russian Scientists Study Radiation

MOSCOW (AP) — A top Russian scientist said Soviet scientists in the past year have discovered hitherto unknown characteristics of radiation from atomic nuclei.

This was only one of a number of scientific discoveries claimed for Russian physicists and astronomers by Sergei Vavilov, president of the Academy of Sciences of the U.S.S.R., in an article in Izvestia, the government newspaper.

The article was titled "Soviet science on the thirty-second anniversary of the October revolution."

They'll Do It Every Time

IT'S COLD INSIDE—A completed car undergoes an extreme weather test at Morris Motors plant, Oxford, England, where it is prepared for export by that dollar low country.

Texans Play Leading Part In Congress

By TEX EASLEY
WASHINGTON — (AP) — Texans played leading parts in the long-running first session of the 81st Congress.
Speaker Sam Rayburn of Bonham guided the House of Representatives, keeping it at least two steps ahead of the Senate from the opening day of the session in January until adjournment the night of Oct. 19.
In fact, senators still were giving out with oratory when Rayburn banged his gavel and adjourned the House.
Before the echo had died,

Chairman Cooley (D-NC) of the House Agriculture Committee leaped to his feet to say three young women of his staff were on hand to sing a tribute to Speaker Rayburn and to lead the vacation-bound congressmen in some farewell melodies.
With that the three secretaries — none from Texas — began to sing "The Eyes of Texas." Rayburn grinned and broke out in song, then waved to the entire House to stand for the Texas "national anthem."

Throughout the chamber the Texas members were leading the chorus, and enough other members knew the words to make the song ring out into the corridors and foyer.
Other Texans with leading roles in the work of the House were Reps. Bob Poose of Waco, who handed farm bills; George Mahon of Lubbock and Colorado City, who steered the \$15,000,000 military appropriation measure to passage, and Albert Thomas of Houston who handled the civilian agency funds.
On the Senate side:
The veteran Tom Connally successfully piloted the administration's foreign program, as chairman of the Senate Foreign Relations Committee.
Lyndon B. Johnson, although a new member, gained considerable recognition in conducting several hearings and led the successful fight for rejection of the nomination of Leland Olds for reappointment to the Federal Power Commission.

State Constitution Is Microfilmed
AUSTIN — (AP) — The state's original and aging Constitution was microfilmed to help preserve the brittle-hand-written document from destruction.
It was the first of many valued state volumes which will be recorded on the tiny rolls of microfilm during the next 30 days. Funds for the project were supplied by the last Legislature.

Day of Small Nations Has Not Passed

By DEWITT MACKENZIE
AP Foreign Analyst

"The day of small nations has passed away; the day of empires has come."

The famous British Statesman Joseph Chamberlain made that statement in 1904 during a speech at Birmingham, England. That was only 45 years ago.
Wednesday the Dutch signed away their sovereignty to the rich Dutch East Indies over which Holland had ruled for three centuries. These brightest jewels in the imperial crown now comprise the United States of Indonesia — a republic. The 70,000,000 natives of these bounteous islands of spices and sugar and rubber and oil are taking over management of their own birthright.

Thus has The Netherlands followed the footsteps of Chamberlain's England, which rapidly has been turning her vast empire — upon which even today the sun never sets — into a commonwealth of independent nations. The Dutch move gives us further indisputable proof that we must reverse Chamberlain's statement and note that "the day of empires has passed away; the day of small nations has come."

The historic agreement between the Dutch and the Indonesians was signed at The Hague. Under that pact, which is subject to approval of the Dutch and Indonesian commonwealth which is linked together by the crown. The union is similar to the British commonwealth.

On one important point the Indonesians were disappointed. They had wanted to include the Dutch portion of the great island of New Guinea in the republic. The Dutch opposed the transfer and finally the matter was compromised on the basis that Holland should retain control of the New Guinea territory for another year, pending further discussions. The eastern part of New Guinea is of course occupied by Australia. New Guinea is the world's third largest island, so huge that it is almost big enough to be entitled to the designation of continent. However, it is such an inhospitable land that at first glance one wonders why anybody should claim it.
But, it seems that nature played a trick on mankind. She concealed great wealth in the heart of New Guinea — minerals and oil — and then set some of her most evil forces to guard the treasure. New Guinea already is known to hold great riches, and portions of it still remain to be explored. Moreover the big island is strategically important.

DIED IN OFFICE
Seven men have died while serving as vice president of the United States: George Clinton, Elbridge Gerry, William King, Henry Wilson, Thomas Hendricks, Garrett Hobart, and James Sherman.

Next to the diamond, the sapphire is the hardest stone.

HONORED — Peter Ivanovich Farshin, minister of machinery and instrument industry, was awarded Russia's highest decoration — The Order of Lenin. Speculation outside USSR was that he might have received it for atomic bomb work.

News Views

By Wesley Lewis

Seven out of every 10 people questioned in a national survey claimed they had made at least one major mistake in their lives. We're still waiting to meet anyone who never made any. The admitted errors were . . . not enough education, marriage mistakes, lost opportunities, etc. However the importance of mistakes is in how we take them. To some folks slips are experiences that help to guide the future . . . others brood over the error and let it ruin their lives. Worry never got anybody anything except wrinkles. One swallow doesn't make a summer . . . and one mistake shouldn't wreck a life.

Moscow claims that Superman and other comic strip heroes are tools of Wall Street and are designed to make Fascists out of children. That's funnier than the comic strips. What's funny about your car breaking down when you're trying to get there in a hurry? Take precautions. Take advantage of our expert auto repair maintenance service at LEWIS MOTORS, 211 North Ballard St. You can count on us to keep your car in the pink. Phone 1716.

DIDN'T BELIEVE IT
English art critics ridiculed the work of American landscape painters when the latter exhibited pictures showing the brilliant colors of American autumn. The Britons believed the colors to be pure imagination, since English foliage does not change to brilliant hues in the fall.

AMIDSHIP MEN
Midshipman as a name for students at Annapolis originated in the British navy more than 300 years ago. It arose from the fact that in the early days of the navy, seamen studying to be officers were stationed amidships, where they transmitted messages and ammunition.

HARDEN WITH AGE
Until the antlers of a deer reach maturity, they are soft, spongy, warm, and full of blood. When they reach full growth, circulation ceases and the antlers become hard. The velvet covering then is shed and the deer becomes the owner of a polished pair of weapons.

TEN REPEATERS
Ten presidents of the United States have been elected more than once: Washington, Jefferson, Madison, Monroe, Jackson, Lincoln, Grant, Cleveland, Wilson, and Franklin Roosevelt.
Radium is 3,000 times as valuable as gold.
