

# Get You a Saw and Violin Bow —Learn to Play Musical Saw

By BUD ANDERSON  
News Staff Writer

"If you can tell one musical tone from another, you can learn to play a musical saw."  
—John B. O'Bannon, elderly owner of a local tourist court, says. And he should know. He has been playing for almost thirty years. He has taught several people to play the saw during that time.  
He taught a small boy to play recently. "Now he's better than I am," O'Bannon chuckled.  
O'Bannon has been playing one kind of instrument or another since he was a youngster.  
He used to play stringed instruments before he turned to the saw. He played for dances quite a bit, too, until one night some of the boys got to shooting up a dance.  
O'Bannon said that when he saw all those guns, he decided never to play for another. And he says he hasn't, either.

He said he became interested in learning to play a saw about 1920 while living in Iowa Park, Texas. A touring musician played at a local theater. This musician was playing several instruments at one time including a guitar, drum and a saw. O'Bannon decided to learn.  
He ordered a course from a correspondence school, got himself a saw and a violin bow, then began practicing.

Since he didn't want anyone to know of his saw playing, he practiced at midnight in his room.  
He wanted to make his first public appearance in the First Baptist Church in Iowa Park. He had had a disagreement with the minister of the church and wanted to make amends.

He played in that church. In fact, he finally taught the minister's wife to play.  
O'Bannon still enjoys playing in churches and his favorite music is that of a religious nature.

"I've been wanting to play in the Baptist Church here," he said. "But it seems every time I get ready, I get sick or something." He used to play quite often for churches and wanted to make amends.

MASTER OF THE SAW—John B. O'Bannon says it is easy to play a musical saw and here he demonstrates. O'Bannon, who has been playing for almost 30 years, says he prefers religious music and believes the biggest fault in today's musicians is that they play their music too fast.

grips the handle of the saw between his knees with the tooth edge toward him. With his left hand he holds the tip of the instrument—thumb on top.  
Then he bends an "S" into the saw, holding this at about a 45 degree angle.  
The bow or hammer will then produce a middle tone of the scale. The bow is drawn on the hammer is tapped on the blank edge of the saw where the saw

bends in the middle of the "S." To make a lower tone, O'Bannon raises the tip of the saw which lowers the middle of the "S" further down toward the handle. For a higher tone, he lowers the tip and moves up toward it.  
Always, the note is produced from the middle of the "S." As mentioned before, the saw can be played with either a violin bow or a hammer.

New Street Markers Are Being Damaged  
Several of the city's newly installed street markers have been found twisted and smashed in the past few days, city police officials said yesterday.  
Police Chief John Wilkinson asked all citizens to keep a close watch on the street markers near their homes. "With public cooperation we can catch these vandals," he said as he warned further that anyone caught tampering with the signs would be "dealt with harshly."

Result: A first crop of oranges for his Harrison County "grove."

#### 4 Members of One Family Burn to Death

STAMFORD, Texas — (AP) — Four members of one family were burned to death about 2:30 p.m. yesterday when their car and an attached house trailer crashed into a train near Lueders.

Three other members of the family were burned seriously, one critically.  
The accident happened at the crossing of the Anson - Albany highway and the Missouri-Kansas-Texas railroad, four miles southeast of Lueders near the Fisher-Jones Counties line.  
Dead were:  
H. H. Kilpatrick, the father, who was driving the 1942 model sedan (Buick).  
Two daughters, Elsie, 10, and Silvia, 7.  
A son, Jerry, 13.

The mother was brought to a hospital here and her condition was reported "very critical."  
The other three members of the family, Christine Kilpatrick, about 14 or 15, and a younger sister, Joyce.  
The story of the tragedy was told by Christine, who suffered serious burns on both legs and an arm. At times she was hysterical, and some details of the crash are not known.

The younger sister was "not believed injured critically."  
Christine told doctors at the hospital that the family was en route from Whiteface, in Cochran County, to Kilgore.  
She said that she, her mother and the other daughter managed to get out of the car when it broke into flames after the crash.  
Also injured was Christine Kilpatrick, about 14 or 15, and a younger sister, Joyce.

### U.S. Military Chiefs to Push Defense Plans

PHILADELPHIA — (AP) — Secretary of Defense Louis Johnson and Gen. Omar Bradley flew to Paris last night to urge quick final agreement by the Atlantic Treaty powers on a strategic plan for defense of the Western world against Russia.  
Johnson and Bradley, chairman of the joint chiefs of staff, left International Airport aboard an Army Constellation plane immediately after attending the Army-Navy football game here.  
The two were whisked to the airport under a police escort. Members of their staffs accompanied them.

The plan due to be adopted, officials said, will cover at least five types of defense tasks to be undertaken by one or more of the 12 nations in the Atlantic Alliance.  
The primary task of the United States will be to maintain and develop its A-bomb Air Force for instant emergency use wherever needed.  
Agreement on a grand strategy will clear the way for full delivery of a billion dollars worth of arms from the United States to Western Europe pending some technical agreements.

It is expected that the first arms shipments will cross the Atlantic around Jan. 1.  
The military committee is scheduled to meet in Paris Tuesday.  
President Truman last week released the first few million dollars of arms program funds to be spent in readying equipment for quick shipment to Europe.  
Many diplomats and military men alike are convinced that eventually the Western powers will have to decide whether an effective military system can be completed in Western Europe without Spain and whether Western Europe, including Western Europe, is ready to accept the plan.

AMARILLO — (AP) — Three desperadoes who escaped jail here were captured yesterday—two of them shortly after a holdup and the third after an intensive search.  
Captured were Edward Lee Rader, 23, James Farris, 28, and Leo Earl Rader, twin brother of Edward.  
Edward Rader and Farris were arrested about 2 p.m., not long after the three had staged a holdup at Radio Station KLYN's transmitter station near Amarillo.

Leo Rader and a man described as an Amarillo police character were found hiding some five hours later in a clump of weeds on a lot near Amarillo railroad tracks.  
In each case the men were captured without resistance.  
The Rader twins, Farris, and Dwight Hoskins, 24, escaped from the Potter County Jail here early Wednesday. Hoskins, under indictment for murder, was recaptured 15 minutes after the 3:30 a.m. break.

The radio station transmitter holdup occurred shortly after 1 p.m. yesterday. Before 2 p.m. Edward Rader and Farris were arrested in downtown Amarillo. Police said Farris was armed with a loaded gun of Belgian make. He also was carrying a box of shells.  
A house-to-house, alley-by-alley search began for Leo Rader. About 6 p.m. he and the Amarillo man were found.

Edward Rader told reporters the three had been held up in a vacant farm house near the transmitter station most of the time since their break—and had not left the Amarillo area.  
A. B. Clifton, engineer at the KLYN transmitter, broke into the

Deer. A few minutes later she identified a letter from her mother, Mrs. Taylor, with affection. The Court read the letter and allowed it in evidence.  
Mrs. Taylor's bank statement showed a deposit of \$5,000 on Feb. 12. Rogers asked her if she received the money from McBrayer. Mrs. Taylor denied this and said her father had given it to her in cash—in hundred dollar bills—to make a down payment on a house on LeFors St.

The down payment for the house was \$2,800-plus and the transaction completed in the office of Rogers in early months of 1949. Rogers, when she said she did not know where the cancelled check was, asked her if she knew it was found in the possessions of McBrayer after his death on Sept. 8, in a plane crash in Oklahoma. She answered that if it was, she had no idea where he got it or how it got into his possession.  
The bank statements brought into court revealed several large deposits made by Mrs. Taylor earlier this year. These, she said, were sums of money her father gave her for her house and for a 1949 Ford she bought late last year. She denied McBrayer had

Reports from workers in the Salvation Army drive for \$7,000 are coming in slow. It was announced yesterday. About \$4,500 has been collected in the drive, with a few hundred cards out.  
Lt. Fred McClure, Army officer in charge, said workers are urged to make their reports on weekdays from 4 to 5 p.m. at the Chamber of Commerce.  
Persons still wishing to make contributions have been asked to mail them to the Salvation Army. Several persons, the officer said, have promised to mail their contribution checks, but the checks have not been received. He expressed hope that they would be received the first of this week "so that the drive won't drag on into December."

### Mrs. Sparkman Rites Today

Funeral services for Mrs. Ruby Sparkman, who died unexpectedly of a heart attack early yesterday afternoon, will be held in Lefors today.

Mrs. Sparkman was born Sept. 11, 1901, at Como, Texas, and moved to Lefors 15 years ago.  
She had been under treatment at a Pampa hospital for the past week or two and had recovered enough to take her husband, Paul, to take her home yesterday morning. She died from a sudden heart attack at 12:15 p.m.

Services will be held at 3 p.m. today at the First Baptist Church in Lefors with the Rev. Dan Bell, pastor, officiating. A second service will be held at 3 p.m. Monday at Como, with burial in the Como Cemetery beside the body of her son, Don Melton, who died several years ago. Burial will be under Duenkel-Carmichael direction.

Ballbearers for today's services will be: W. E. Minter, Auril Swafford, E. J. Rowe, John Odham, L. P. Starr, and Bill Giles.  
In addition to her husband, J. P. Sparkman, who has been in the grocery business in Lefors for twenty years, she is survived by two brothers, Paul Byrd of Como, and Houston Byrd of San Angelo, and two sisters, Mrs. Jullia Mapes and Mrs. Fred McLaughlin, both of Yantis, Texas; and by her mother, Mrs. Sudie Byrd of Como.

Students Give Present to Cop  
The youngsters at Sam Houston School gave a Christmas present a little early this year.  
Last week they presented their traffic officer, H. A. Doggett, with a big basket of fruit and candy in appreciation for his watchful care. Doggett, who is now in his fourth year as traffic officer at the school, expressed his thanks yesterday to all the students and their teachers for their thoughtfulness.

"And I also want to thank the motorists," he said, "who drive so carefully through our school zone. They are the ones who are mainly responsible for our excellent safety record."

Huge Air-Filled Hippo Takes Jaunt

CHATTANOOGA, Tenn. — A huge air-filled rubber hippopotamus, scheduled to take part in a Christmas parade Friday, went on a brief aerial jaunt Thursday.

The hippo, nearly 20 feet high, broke loose from its stand and was carried over a fence by a gust of wind. It then gained altitude and rolled across the top of a private home, raking bricks off a chimney.

The hippo came to rest in a vacant lot.

Plants Planned in City of Dallas

DALLAS — Plans for a \$6,000,000 water purification plant and a \$2,000,000 addition to the Dallas sewage disposal plant were announced.

Water Superintendent Karl Hoefle said construction is expected to begin in February or March depending on the sale of water and sewer bonds scheduled early next year.

The new water plant will increase Dallas water processing to 190,000,000 gallons a day, he said.

Grange Delegates Take About Face

SACRAMENTO, Calif. — Of course there was much to be said for delegates to the National Grange convention when they sat down for their holiday feast.

But from the pie came an aroma of liquor. The grangers ate the pie, however.

Right after the dinner, the delegates returned to their business session and passed a resolution which held that "the increasing consumption of alcoholic drink has become a grave national problem."

In 1948, more than 85 pounds of steel wire were produced in the United States for each person in the country.

**Skiing Taken Up by 2,000,000**

NEW YORK — (AP) — This is the season when the American outdoor sports world gives its salutation to the slalom. So what's new in skiing? "They are playing around

now with glass skis," said Fred Picard, who operates the sky shot at the Sun Valley resort. "Glass skis may be the coming thing. They've already been used for something to replace hickory. Good hickory skis today cost \$40 to \$60. That's too high. The industry is looking for a material that will enable it to mass pro-

duce skis selling at \$5 a pair." Picard, who first learned his unparagons and refused skiing to kindergarten in Switzerland, is an authority on the fast-growing winter sport. Picard, now 42, came here originally in 1933 to set up the Swiss handicrafts exhibit at the New York World's Fair. He doesn't count the kids who ski

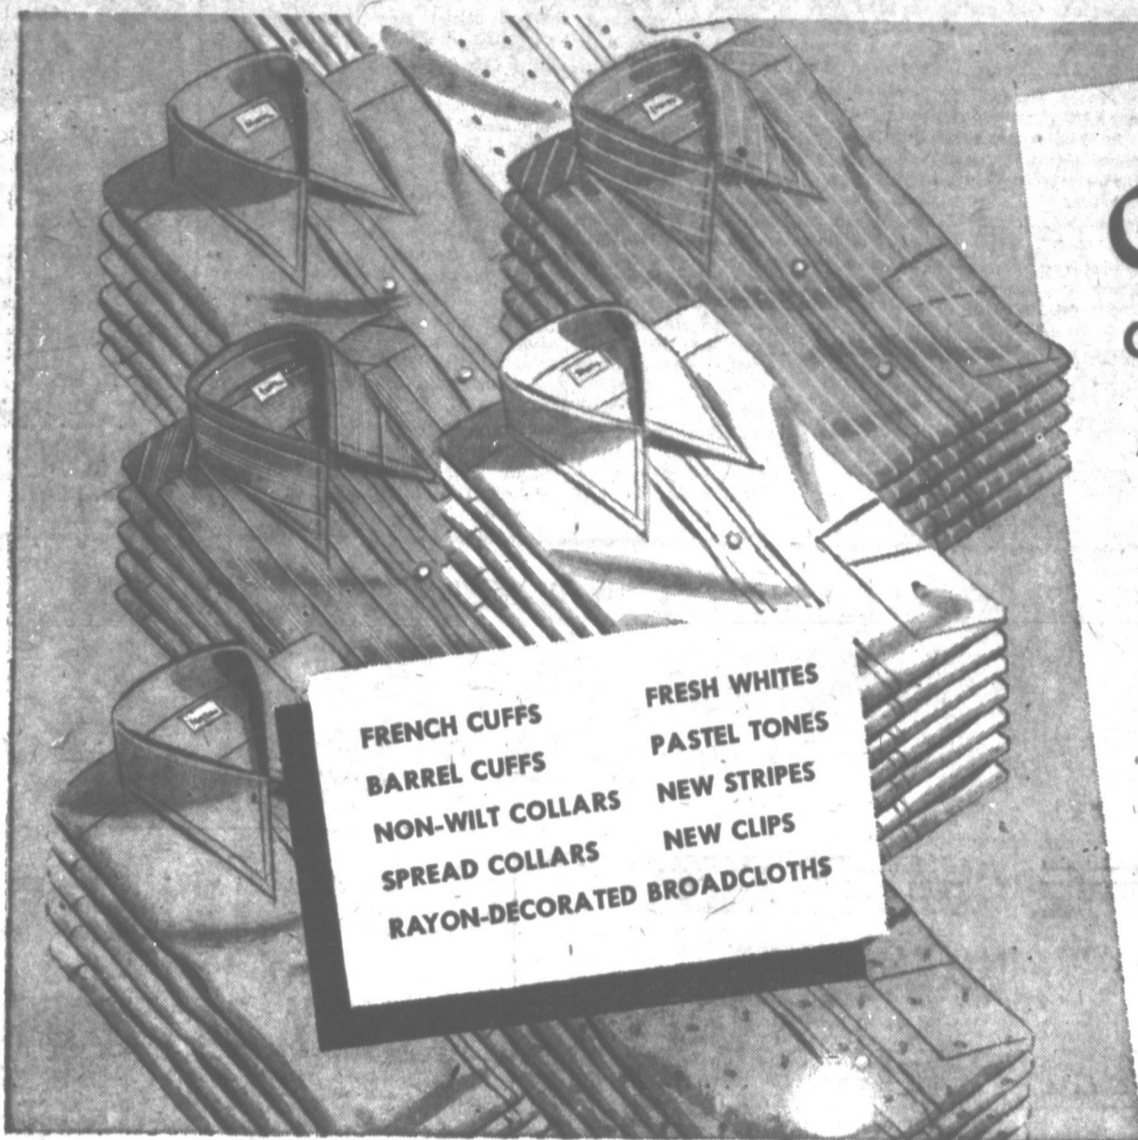

switched to the old leather in the backyard." Besides selling fancy equipment to movie stars at Sun Valley, Picard acts as ski consultant to a number of department stores, designs wall paper for ski lodges, and has set up a mail order business for skiers. He outfitted the U.S. women's

Olympic ski team last year. "As many go to non-skiers as skiers," said Picard. "Mothers buy them to wear when they wheel their babies to the park in winter. We call them the carriage trade."

The fire season in U.S. forests normally extends from June

THE STORY: Police are investigating the death of Martin Falter in which a valuable jewelry case was prominently featured. Suspects in the case are Hagar Blair, a gift shop owner; Stephanie Smith, her assistant; Tom O'Neill and his wife, Nell, who owned the case; Arnold Trotter, a high school senior, who was commissioned by Falter to sell the case; and Andy Yakov, a Russian, who seems to have his own motives for wanting the case. Assisting Chief of Police Peters are Charlie Haddy, a young lawyer, and Lansing Trotter, a federal agent, who says the case has international roots. Falter was a blackmailer, police have learned, and some papers are missing from his house. Now the police are calling on Yakov, who is known to have visited the scene of the crime before it was reported.

XVII  
PETERS selected the largest chair in Yakov's sitting room and bank into it with a sigh. Yakov remained standing, as did Reddy and Trotter.

"Mr. Yakov," Peters began, "you've probably heard of the murder committed here in Dolores night before last?"

"Yes, I was sorry."

Yakov's mustache curved over a mirthless smile, he glanced pointedly at the portrait of Hagar Blair. "You have talked to Miss Blair?"

Peters nodded. "Yes, we've talked to her. We asked for and got all the information she could give."

"So? Then you have learned that she also, visited that night at the studio of our poor friend?"

Reddy gave a short laugh. "We have learned that she and you and also a whole damned parade passed through Falter's house that night. Why did you go?"

Yakov reached up to stroke Babushka who had arched to his shoulder from the mantelpiece. "I do not like to mention this," he said regretfully, "as there is a lady involved. But, under the circumstances," he shrugged, "I cannot keep silence. I was acting as

get them out, Mr. Yakov." The chief plodded out to the kitchen. Babushka, her tall bushy with suspicion, stalked after him. Trotter squatted down to inspect the boxes of paints: "How long have you been in the United States, Mr. Yakov?"

"I think it is nine years now. I could wish it to be three times that long."

"You're a citizen?"

"Oh, yes. That privilege was granted to me many years ago."

Trotter rifled the pages of a watercolor pad: "You give the impression, Mr. Yakov, that you are well pleased with your adopted country. What are your feelings toward Russia?"

Yakov shrugged. "Russia? Let us say, I am sympathetic to her efforts. But, let us say, that perhaps she is trying to do too much in too short a time. Let us say that she began a structure with a foundation designed to support a much lighter weight than she is now asking it to hold. I am sometimes afraid that one day the whole thing will crash down like a tree whose roots have been undermined. But," he shrugged again, "perhaps I am wrong."

A SLOW hour passed, containing only the soft noises of slow footsteps, the sound of opening and closing drawers and boxes, and an occasional brief question and answer.

Yakov apparently was dozing when Chief Peters and Reddy approached his chair. He roused himself hastily.

"Well, I'll call it a day, Mr. Yakov," Peters announced. "Everything's been left in order. Sorry to disturb you, but we've got to see no stone's left unturned in this case. Might have to call on you again before it's all over." He wagged his head significantly at Reddy and Trotter. "All set, boys?"

They were escorted to the door by a genial Yakov and an imperious Babushka. The Russian bowed them out.

"And now," Yakov explained to the cat when they had gone, "we will take a more thorough look at the letters we found in Martin Falter's box."

## Girl Scouts Make Plans For Christmas

Local Girl Scouts and their leaders are making big Christmas plans despite the slowness of their drive for funds. Mrs. K. E. Thornton, executive, said yesterday.

All troops will cooperate to enter one float in the Flight of Santa Claus parade. Leaders who have assisted in the construction of the float include Mrs. M. X. Beard, W. E. Hinton, E. F. McDonald, Jr., Burl Lewter, Harold Osborne, W. S. Marsh and J. C. Steward.

The float, decorated with paper mache trees, will carry four Scouts in uniform.

The current fund drive still lacks \$2,000 of its goal.

Meanwhile, the Scouts are planning Christmas parties for themselves and for underprivileged, caroling and gifts for their mothers. Mothers may expect ceramic boxes and candy dishes, picture frames, scrap books and trays.

Troop 3 has assumed the responsibility of installing a Christmas tree in the Scout House. Most of the Scout Christmas parties will be held there.

## Man Who Educated Four Children Getting Degree

ABILENE — (AP) — A San Antonio man sent four children through college. Now he's working for a diploma himself.

He is Victor Ortiz, 58-year-old sophomore ministerial student at Hardin-Simmons University. He's from San Antonio.

Until 1935, Ortiz was unable to read or write. About that time he circulated a petition to start a night school in his section of San Antonio. The petition was successful. Ortiz went to the new night school from 1935 until 1940 for three hours a night, after working all day.

When his children received their high school degrees, he wanted them to go on to college.

They did. A daughter, Mary, went to Southwestern University, Georgetown, and is now a registered nurse. A son, Joe, was graduated from the University of Texas as a mechanical engineer.

Another son, Arthur, received his architectural engineering degree from Texas A&M College in Kingsville. Vera went to St. Mary's

## Federal Judge Injured in Fall

WICHITA FALLS — (AP) — Eighty-year-old Federal Judge William H. Atwell, his hands swathed in bandages as the result of an elevator fall, presided at federal court here Friday. A registered nurse was in attendance.

Attendants at the Wichita Falls Clinic Hospital said the senior jurist of North Texas has not been released from the hospital. They said he would return to the hospital after the day's work on the federal bench.

Judge Atwell suffered abrasions and lacerations on both hands and minor abrasions on both knees when he fell in a hotel elevator here Wednesday night.

There was a patch over Judge Atwell's left eye. He seemed in good spirits. He was assisted into the courtroom by Deputy Federal Marshal L. N. McKelvey. A registered nurse sat near the bench.

Judge Atwell has been on the North Texas bench since 1925. He opened the full term of court here Monday.

## Government Is Interested in Your Future

WASHINGTON — (AP) — Yes, little girl, the United States government is interested in you and your future.

It wants you to get the best education possible, and to find the job for which you're best suited. If home-making is to be your career, it wants to see you happily married.

Take Saralee Levandoski, West Somerville, Mass., for example. She wrote to Secretary of Agriculture Brannan that "although I am only 13, I am very much interested in animals."

"I wonder if there is any work in this field for girls, as I am a girl."

"I have had many discouraging let downs, saying that there is no

## Stroble to Enter Plea on Dec. 2

LOS ANGELES — Fred Stroble, 66-year-old former baker charged with the mutilation slaying of Little Linda Joyce Gulcoff, six, was arraigned Friday and was allowed a continuance until Dec. 2 to enter a plea.

Stroble stood mutely through the 10-minute proceeding. He informed the court he was without funds to employ a lawyer, and after E. J. Hovden, deputy city public defender got him a week's stay of plea, was led back to his cell.

More than a hundred curious persons crowded the little courtroom for a look at the man who Adolph Alexander, deputy district attorney, said had made a full confession to choking, stabbing and striking Linda Joyce with an axe after sexually molesting her.

The public defender said he was not ready to have Stroble enter a plea, since "there will be a good deal of investigation necessary. . . and although there has been a hue and cry to hurry this case I see no reason why it should not be handled as any other case."

## Price Reduced on Hydra-Matic System

LANSING, Mich. — (AP) — A reduction of \$25 in the price of its hydraulic transmission was announced by Oldsmobile division General Motors.

## Man Fined Minimum On Charge of DWI

Elmer Lee Smith, 531 S. Somerville, pleaded guilty in County Court yesterday to driving while intoxicated.

It was Smith's first offense and County Judge Bruce Parker set his fine at the minimum, \$50.

Although Smith had no driver's license, that violation was not included in the charge.

He was arrested by city police at 11:20 a. m. Friday in the 500 block of S. Somerville.

## Thief Proves to Be Stupid Fellow

HOUSTON — (AP) — Just call this thief stupid!

He broke into a parked automobile here, took a hat, coat and pair of gloves.

He left behind six tickets to the Dec. 3 Notre-Dame-Southern Methodist football game in Dallas.

The tickets had been left in the vehicle's glove compartment where the gloves were found.

## Pampans Urged to Begin Decoration Of Homes for Coming Yuletide Season

While most Pampans are still eating turkey, have left over from Thanksgiving, the Christmas Home Decorations Contest Committee members have tightened their belts and are ready to go to work on Christmas.

Ed Cleveland, general chairman of the committee, said his committee would like to see as many homes decorated by Dec. 8 as possible. The annual "Flight of Santa Claus Parade" will be held at that time.

Residents who plan to decorate their homes are urged to fill out the entry blank appearing on this page and mail to Christmas Home Decorations Contest, Chamber of Commerce, Post Office Box 1942, Pampa.

completed by Dec. 16 and must be illuminated every night between 7 and 10:30 p.m. from Dec. 16 to Jan. 1.

A grand prize of a loving cup will be awarded for the home judged to be the best decorated

in the city regardless of its classification. No home will be eligible to receive more than one prize.

A total of 17 prizes will be awarded, four in each district. Groups will be as follows: 1—religious scenes; 2—Yuletide scenes other than of a religious nature; 3—displays using only lights or features to harmonize with the surroundings; 4—doorways.

The city will be divided into the following districts: One—houses east of Cuyler and north of Foster; north of Georgia and east of Hobart and Highway 70; two—houses west of Cuyler and east of Hobart and north of Foster; three—houses south of Foster and east of Cuyler and Eames; four—houses west of Cuyler and south of Foster and west of Hobart including the colored district.

Prizes will be awarded as follows: Group 1, \$7.50; Group 2, \$7.50; Group 3, \$5; Group 4, \$2.50. Judging will be done by local persons. Decorations will be rated 50 percent for general artistic effect; 20 percent for originality; 10 percent for ingenuity in utilizing surroundings; 10 percent for conforming to the spirit of Christmas; and 10 percent for proportion.

## Auto Industry Will Pick Up In December

DETROIT — (AP) — Ward's Automotive reports predicted a progressive improvement in rehiring in the auto industry throughout December.

The publication said unemployment in the Detroit area caused by delayed effects of the steel strike will reach its peak this week.

Ward's said two-thirds of the automotive plant workers laid off on account of basic metal shortages should be back to work by the third week in December.

"Last week's production in U. S. plants, reflecting the Thanksgiving holiday and the start of virtually complete plant shut-downs by General Motors and

other producers, dropped to an estimated 71,936 cars and trucks from the previous week's 111,779," the publication said.

Enough steel rails have been made in the United States to build a single track 32 times around the world.

## Retail Business Picks Up in Nation

NEW ORK — (AP) — A moderate pickup in retail business last week, stimulated by cooler weather in many parts of the nation, was reported by Dun and

Bradstreet. The dollar volume of trade remained three to seven percent below that of a year ago. Regional estimates varied from last year's levels by the following percentages: Southwest, down eight to 12.

In 1849, the U. S. steel industry began to base its prices on steel made with coal rather than on steel made with charcoal. Shipment of oysters in the shell from America to Europe started in 1861.

## Rice to Face North Carolina in Cotton Bowl Classic

### Owls Gain Honor by 21-7 Victory Over Baylor Bears

HOUSTON — (AP)— Rice's Owls used a powerful ground attack and a break Saturday to defeat Baylor 21 to 7 and take the Southwest Conference championship and become host to North Carolina in the Cotton Bowl.

A standing room crowd of 31,000 saw the Owls stop the effectiveness of the strong Baylor passing attack, overcome a touchdown deficit and move to their first undisputed title since 1937.

Immediately after the game Dan Rogers, head of the Cotton Bowl, announced in Fort Worth that North Carolina had accepted an invitation to meet the Southwest champions January 2 in Dallas.

Baylor had entered Saturday's title game behind the Owls and needed a victory to clinch a tie in the final standings and the automatic bid as the Cotton Bowl classic host.

The victory gave Rice its first undefeated conference campaign record in history, an early season 7 to 14 loss to Louisiana State is the only blemish on the Owls' regular season record. North Carolina has lost to Louisiana State, Tennessee and Notre Dame.

Rice all but tossed its good passing game aside while coming back strong on the ground for two second period touchdowns that overcame a 7-0 lead taken by Baylor the first time it received the ball.

Burk had tossed perfectly for five passes totaling 39 yards as the Bears sped 64 yards in 12 plays for their brief lead. Burk tossed 4 yards to end J. D. Ison for the score.

Only one pass was used as Rice struck quickly in the second period for touchdown drives of 55 and 81 yards.

It was Gordon (Sonny) Wyatt, 165 pound Junior halfback from Solor Lake, Texas, who sparked both drives, although the scores were made by sophomore Billy Burkhalter, a halfback, and Senior fullback Bobby Lantrip.

Burkhalter slipped through left tackle from the 11 for his tally, while Lantrip rammed at the same spot for his.

A blocked punt set up Rice's final score in the third period. Reserve guard Delwood Lee broke through to block Burk's kick and the ball jumped out of bounds on the Baylor 35.

A penalty offset a couple of yards and forced quarterback Tobin Rote to take to the air. Two tosses to James (Froggie) Williams—the great receiver—were good for 12 and 21 yards and the score.

Williams also kicked the three Rice extra points. Henry Dickerson made the Baylor conversion.

Wyatt was by far the day's individual star and his net gain of 117 in 27 tries sent him into an unofficial first place in final conference standings among ground gainers.

Saturday's rampaging gave him a 10-game total of 704 yards in 137 tries, to 694 in 145 for Robert Smith, Texas A&M's hard running sophomore fullback.

Tar Heels are ready to play. FORT WORTH — (AP)— Three-beaten North Carolina was invited to play in the Cotton Bowl Jan. 2 and the bid was promptly accepted.

Jake Wade, sports publicity director for North Carolina, announced the Tar Heels said "yes" to the Dallas offer nearly an hour before Dan Rogers, chairman of the Cotton Bowl Selection Committee, would make the official announcement.

WAVERLY, Ill. — (AP)— The steak dinner given for the Waverly High School football team Friday night by the Knights of Pythias turned out pretty tough. No one could eat the steaks. Seems the K. of P. cooks, in flouring the platters, used patching plaster.

### Berry Bows Out With Win Over Mustangs

FORT WORTH — (AP)— Little Lindy Berry, the rock of Texas Christian, said his valedictory to college football yesterday by passing and running his team to a 21-13 victory over Southern Methodist.

Berry scored one touchdown and passed for two more as the Horned Frogs licked the Methodists for the first time in seven years.

The Christian quarterback threw 27 passes and completed 17 for 250 yards. He also netted 31 yards carrying the ball. The game's top runner was Kyle Rote of Southern Methodist, who rolled up 102 yards in 13 carries.

All-America Doak Walker of SMU sat out most of the last half as the result of a leg injury. It was after his departure from the game that the Horned Frogs swept to the victory that gave Texas Christian a tie for third place with Texas in the Southwest Conference standings.

A crowd of 32,000 jammed the stadium to watch the dupe Berry, who has played 41 games in four years for TCU and gained nearly four miles of territory rushing, passing, running back kicks and kick-offs and returning intercepted passes, in his final game. It was a grand symphony the flying feet and rifling arm of Berry played as his swan song.

For Southern Methodist it was a bitter pill. The Methodists, picked to win the conference championship, thus closed out in fifth place with two victories, three losses and one tie.

All football is over in the conference except Southern Methodist's game next Saturday at Dallas with Notre Dame.

Texas Christian excelled both in the score and statistics, rolling up 351 yards rushing and passing to 312 for Southern Methodist and making 16 first downs to 13.

Southern Methodist scored first on a 37-yard run by big Kyle Rote with Walker kicking the extra point.

Texas Christian tied it up in the second period on the passing of Berry. From the Texas Christian 14 Berry threw to George Boal, who tore his way to the Southern Methodist 29. A pass from Berry to Jimmy Hickey made the touchdown. Homer Ludiker converted.

The Horned Frogs took the lead early in the fourth period after Shankle Bloxom recovered Rote's fumble on the TCU 49. A pass from Berry to Boal who lateraled to Morris Bailey, who in turn lateraled to Jack Archer, carried 29 yards to spark the drive. Berry raced over from the SMU five-yard line for the score. Ludiker again converted.

Southern Methodist roared back for 75 yards and a touchdown, the score coming on a 37-yard pass from Fred Benners to H. N. Russell. He raced 20 more for the counter. Rote missed the extra point.

The Frogs added another touchdown late in the final period on an 80-yard march. The score came on a 21-yard pass from Berry to Archer.

After having one drive stopped at the Tulsa 12 and another at the one, Arkansas finally got its offense rolling in the second period. Fullback Louis Schaufele drove for the touchdown from inches out and Duval Thornton kicked the first of four extra points to knot the count at the intermission.

Little Don Logue made his first appearance at quarterback for Arkansas early in the third quarter and quickly guided the Razorbacks to a safe lead.

## Pampa Harvester Athletes Preparing for Big Weekend on Gridiron and on Hardwood

### Cagers Battle Childress Next Friday Night

The Pampa Harvester gridders, who took a three-day rest after Thursday's narrow victory over the tedious Berger Bulldogs will return to hard work tomorrow afternoon at Harvester Park in preparation for the bi-district encounter with the powerful and third-ranked Wichita Falls Coyotes. The game will be played at Harvester Park next Friday afternoon at 2 o'clock.

The game will mark one of the rare appearances in the Panhandle area of the Wichita Falls team. Always a power in the state, they have preferred to remain in their own back yard as much as possible where they have been assured of playing before from 13,000 to 15,000 of their home fans each game. But they won't be lacking for eyewitnesses next Friday as a sell-out crowd is assured for the game if the weatherman gives any cooperation whatsoever. The reserved seat tickets disappeared rapidly after being put on sale last Tuesday. The general admission seats will go on sale soon. A crowd of close to 14,000 is expected to amble its way into Harvester Park by game time.

The game will also mark the first appearance of the Harvesters in a post-season classic since 1943 when they battled the Vernon Lions in the bi-district playoff and met defeat by a 20-7 score.

The Harvesters have played the Coyotes regularly in non-conference games for the past three years, and have yet to defeat them. In 1947 they were soundly thumped, 25-0; in 1948 the Green and Gold tumbled only after a fierce fight, 6-0; and again this season the Harvesters succumbed, 14-6. All three games were played on the Coyotes' home field. This weekend could be different.

The Pampans are in top physical shape despite the rough game at Berger on Thanksgiving. Aside from a few bruises and scraped noses the entire team will be ready on Friday.

The Harvesters will be definite underdogs at game time. The Coyotes have been rated second and third in the state for the past two months. But the Green and Gold could turn in a big upset; but not unless they play better ball than was shown against the Bergers last week. The entire team appeared dead and lacking in that fight that had been so prevalent all season.

A letdown was due. The boys had been "up" for nine straight games, which is stretching it about seven games. Normally a team can be fired for one or two straight games, but not for nine straight. Now that they have that had one out of their systems they should be ready with everything for the Coyotes.

Against Berger they turned on one of their strongest passing performances of the season. The Harvester forward wall didn't appear to be able to move the husky Bulldog stalwarts. And the aerial game paid off by setting up the first touchdown after the drive had apparently been stalled. The Coyote line is as big as the Berger one, so it may be that once again the Harvesters will use the air lanes in an attempt to keep their victory string at home alive.

We'll all know on Friday.

### Arkansas Closes With Victory Over Tulsa, 40-7

FAYETTEVILLE, Ark. — (AP)— Settling down after a shaky start, the Arkansas Razorbacks wore down a smaller University of Tulsa eleven, 40 to 7, here Saturday afternoon.

A crowd of 12,000—the smallest to see Arkansas play in several years—saw the underdog Hurricane score first, cling to a 7-7 halftime deadlock and then wilt under a five-touchdown onslaught by the Southwest Conference team in the last two periods.

Gene Mazanti, Arkansas' big fullback and top ground gainer, led the touchdown parade with two.

Tulsa moved 78 yards on three plays to start the scoring midway of the first quarter. A spectacular 50-yard pass and run

play, Pete Annex to Fred Smith, produced the score.

After having one drive stopped at the Tulsa 12 and another at the one, Arkansas finally got its offense rolling in the second period. Fullback Louis Schaufele drove for the touchdown from inches out and Duval Thornton kicked the first of four extra points to knot the count at the intermission.

Little Don Logue made his first appearance at quarterback for Arkansas early in the third quarter and quickly guided the Razorbacks to a safe lead.

The Horned Frogs took the lead early in the fourth period after Shankle Bloxom recovered Rote's fumble on the TCU 49. A pass from Berry to Boal who lateraled to Morris Bailey, who in turn lateraled to Jack Archer, carried 29 yards to spark the drive. Berry raced over from the SMU five-yard line for the score. Ludiker again converted.

Southern Methodist roared back for 75 yards and a touchdown, the score coming on a 37-yard pass from Fred Benners to H. N. Russell. He raced 20 more for the counter. Rote missed the extra point.

The Frogs added another touchdown late in the final period on an 80-yard march. The score came on a 21-yard pass from Berry to Archer.

After having one drive stopped at the Tulsa 12 and another at the one, Arkansas finally got its offense rolling in the second period. Fullback Louis Schaufele drove for the touchdown from inches out and Duval Thornton kicked the first of four extra points to knot the count at the intermission.

Little Don Logue made his first appearance at quarterback for Arkansas early in the third quarter and quickly guided the Razorbacks to a safe lead.

### Red Raiders Win Over H-SU, 23-13

TECHS Red Raiders won their eighth Border Conference football crown — their third in succession — by crushing the Hardin-Simmons Cowboys, 23 to 13, here Saturday afternoon before 15,500 fans.

Immediately after the game, the Red Raider squad turned down acceptance of the Sun Bowl bid for January 2 by a vote of 38 to 3.

At the same meeting fullback Bud Conley of Quannah and tackle John Andrews of Amarillo were named co-captains for the 1949 season.

The origin of coffee is uncertain, but one story is that it was first made in Abyssinia about 875 A. D.

Midway through the third period the Hawks narrowed the margin to one touchdown. The Pirates were deep in Hawk territory when McEntire faded back

and threw a flat pass intended for Todd, but Moore raced in and intercepted on the Hawk 22 and raced down the sideline for the score. Cantrell ran the point across and the score was 23-21.

The Pirates quickly extended their lead again in the fourth period. On the third play after the quarter Readick fired a pass intended for Don Smith, lanky end, but Combs intercepted at midfield and galloped down the sidelines for the touchdown. Todd ran the point and the score was 35-21, Lefors.

But again the Hawks struck back like lightning. Eldridge ran the kickoff back to the Phillips 42 and on the first play Moore outraced the entire Pirate team and went 58 yards around left end for the touchdown. Eldridge converted and again the lead was trimmed to one touchdown. But not for long.

Pirates took over in midfield after the next kickoff and started a drive down the field that ended only after Combs had gone 6 yards right up the middle for the touchdown. Todd ran the point and the final score was 42-28.

The Hawks put on a desperate aerial attack in the waning minutes of the game but could do no good. One pass from Readick to Eldridge, looked like a touchdown as Eldridge was in the clear but dropped the ball.

The Pirates, after the game, were of the united opinion that Tommy Moore, the Phillips Terror, was definitely the finest back they had faced this season.

Through their toothless grins, the Pirates shouted their job and vowed to overpower and outrun the mighty Littlefield eleven next weekend.

## WARREN'S WARMUP

By Warren Hass—News Sports Editor

**QUESTION:** California and Ohio State have been selected for the Rose Bowl. Can you name the head coaches at these schools?

**PAMPA FOOTBALL FANS WILL GET AN ADDED treat** at the annual football banquet Dec. 6. Dana X. Bible, University of Texas athletic director who will be the main speaker, sent word last Friday that he would bring with him the movies of the Texas-Oklahoma game played this season. Though Texas lost he said that he was sure the fans would enjoy the film.

Last year the movie shown was the Orange Bowl game and Randy Clay was running in the Texas backfield. This film of the Oklahoma game will have two Pampanos performing. Carl Mayes played a short while against Oklahoma as well as Clay.

Tickets for that banquet are on sale now. Incidentally, neither Clay nor Mayes is expected to be able to make it to Pampa for the banquet. Bible said they would be right in the middle of examinations and probably couldn't afford to take the time away from their studies.

Bible recently became one of the few members in the Sports Trail Century Club, an organization which honors coaches who have won a hundred or more victories. Bible, in 34 years of coaching, won 208 games, lost 61 and tied 19.

It was gratifying to see that the Retail Business Committee of the Chamber of Commerce recommended that the stores in town close for the bi-district game between the Harvesters and the Wichita Falls Coyotes next Friday afternoon. The bi-district game is something that seldom comes to Pampa and almost everyone is interested in the outcome of the game. Those who are unable to attend will most likely be listening to the broadcast of it.

The Harvesters have brought a lot of free publicity to the city of Pampa and provided a fine record for the community. They have gotten the name of Pampa in every newspaper in the state and over all of the wire services. Closing the stores for three hours during the ball game would be a fine way of showing the town's appreciation to these kids.

And speaking of the Wichita Falls game, this is the final reminder that season ticket holders must stop and pick up their tickets for the Wichita Falls game by 5 o'clock Monday night or they will be sold.

They are waiting at the School Business Office. A small-time bookmaking syndicate has sprung up in Lubbock dealing strictly with Schoolboy football. The syndicate will give you quotations on any Schoolboy team in the state winning the state title.

Latest available odds were 3 for 1 for Fort Arthur; 2 1/2 for 1 for Lubbock; Abilene, 3 for 1; Wichita Falls, 4 for 1; Highland Park, 6 for 1; Corsicana and Marshall, each 7 for 1; Pampa, 8 for 1; Austin, 10 for 1; Baytown, 15 for 1, and so on down the line. It's a shame that gambling has

## Seamen Make Strong Fight But Cadets Powerdrive

**PHILADELPHIA** — (AP) — A West Point as the Huskies completed their 20th game without defeat. Army scored in every period, and toward the end her reserves are having the Tars around with happy abandon. The victory was the sixth straight for Army over its favorite rival and brought the overall standing to 27-19 in the Cadets' favor. This one, though, will be long remembered. The names which will be remembered longest, probably, are those of Galiffa, the team's great field general, and Gil Stephenson, a darting, wicked running fullback. Between them, they wrecked a Navy team which went into the contest thinking it had a chance to win.

Stephenson gained a full measure of satisfaction as he sifted through the Middies for three touchdowns. He, more than any other Army runner, knocked the breath out of the Tars in Army's 67-yard march to its first touchdown when the game was only minutes old. Galiffa, finishing his football span at the Point, was complete field general. He passed destructively and carried the mail. When the befuddled Middies fell back to guard against his whistling passes, Galiffa ran with terrible efficiency. He, Stephenson, Jim Cain and Frank Fischl of the main Army battery simply turned the Navy defense inside out.

Galiffa, with some little help toward the end from Bob Black, son of Army's coach, Carl, completed 12 passes for 149 yards. Navy's Bob Zastrow hit only five receivers for 41 yards. Army's driving backs dug for a total of 310 yards with the ball underneath their arms. Navy's carriers picked up only 66 yards all afternoon. Had it not been for Art Landry, backing up the line for Navy, the score undoubtedly would have mounted much higher.

The game's most spectacular play was turned in by Vinson, of Nederland, Texas, a member of Army's defensive platoon. Bobby galloped in the kickoff to start the second half on his own seven-yard line, bolted down the middle, hurdled one Navy tackler and went all the way, 93 yards. That made the count 38-0 and made it certain that Navy was not going to pull the thing out of the fire with a dramatic comeback in the latter stages.

Strangely enough, when the nation's President and his 102,442 fellow Americans sat down, there was a feeling it might be a close game. The Middies, though they had won only three games, were supposed to be "up" for this one.

**Irish Win 37th in Row**  
**SOUTH BEND, Ind.** — (AP) — Notre Dame, enroute to its greatest football season in history, romped through its 37th game without defeat Saturday by flattening Southern California 32-0. On a frozen gridiron swept by wintry blasts that kept most of the capacity crowd of 57,214 under blankets, Coach Frank Leahy's Irish triumphed two first-quarter touchdowns in seconds. Then, unmercifully, the unstoppable Irish punched points in each of the following periods to compile the biggest edge over the Trojans in 21 meetings.

Notre Dame's ninth consecutive win of the season developed into a "test tube" victory with Leahy experimenting on new plays that brought smiles to the famed Four Horsemen, celebrating their 26th reunion.

Members of the late Knute Rockne's unbeaten 1924 outfit saw Leahy use his great 250-pound end, Leon Hart, as a bulldozing fullback at times, employ end Bill Wightkin on flank runs, and dispatch passer Bob Williams on several ball carrying trips. Capping the shenanigans was insertion of a flock of second and third stringers midway in the last half and eventually shooting all available seniors off the bench in the fading minutes.

## LSU Tops Tulane

**NEW ORLEANS** — (AP) — Louisiana State University's Tigers fought with fire in their veins to crack Tulane's running attack and win a frenzied football game over their arch rivals 21-0 Saturday. LSU's victory possibly sent Tulane's confident hopes of a Sugar Bowl, bid spinning into space.

The victory gave the Bayou Bengals wins over the champions of three conferences — Tulane of the Southeastern; Rice of the Southwest and the University of North Carolina of the Southern Conference.

About 80,000 fans were kept screaming on their feet as LSU completely outplayed the favored Tulane Green Wave. Coach Gaynell Timley's supercharged team was vastly superior on offense. A dull-edged Tulane eleven couldn't find running space.

**Scalpers Need License to Sell ND-SMU Ducats**  
**DALLAS** — (AP) — Notre Dame Southern Methodist football ticket scalpers have been warned by police that they're in for trouble — unless they're got a license.

Tep, in Texas, says to take out an annual license to scalp tickets and it costs \$250. Deputy Chief of Police Harry T. Riddell said Texas penal codes against unlicensed scalping of tickets "are going to be fully enforced."

The fine for violation of the license law is not more than \$100 and not more than \$500, or imprisonment in the county jail for a maximum of one year, or both the fine and imprisonment. The SMU-Notre Dame game has been a sellout since the start of the 1949 grid season. But there have been ample numbers of tickets offered for sale — in newspaper advertisements and at considerably above the \$4.50 regular price.

## Major Bowl Pairings Fly Fast As '49 Grid Season Draws Curtain on Outstanding Year

**NEW YORK** — (AP) — Powerized Army stormed over Navy, 38-0, Saturday while Oklahoma, North Carolina and Rice won major bowl berths in a roaring climax to the 1949 college football season. A crowd of 102,443, including President Truman and Mrs. Truman, saw the Cadets lambast the future admirals at Philadelphia in the most one-sided game in the 50 years of the service rivalry.

Unbeaten, untied Oklahoma swept past Oklahoma A&M, 41-0, and for the second straight year landed in the Sugar Bowl at New Orleans where its opponent was not immediately announced. Villanova, with an 83 record, was reported waiting at the telephone. Rice defeated Baylor, 21-7, to clinch the Southwest Conference championship and become the automatic host in Dallas' Cotton Bowl.

Even before this contest was decided, it was announced that the Cotton Bowl guest would be the three-beaten North Carolina, with its famed Charlie (Choo) Choo Justice, triumphant over Virginia Saturday, 14-7. The Orange Bowl lineup was completed with the selection of Kentucky to oppose Santa Clara at Miami. The Kentuckians, beaten by Southern Methodist and Tennessee, closed their regular season with a 21-0 triumph over the University of Miami (Fla.) Friday night. Santa Clara, idle yesterday, has lost two games and tied one.

Unblemished California, the Pacific Coast champion, and Ohio State, co-titlist of the Big Ten, were selected a week ago to clash in the Rose Bowl at Pasadena. The bowl games will be played on Jan. 2, this year to avoid the Sunday conflict. Notre Dame, acclaimed the nation's greatest touchdown machine, kept pace with the other titans by smashing Southern California, 32-0, and avenging the Irish rout hung on the tie record last year.

It was the 37th game without a defeat for the fighting Irish, who close their campaign against Southern Methodist University next week. Tulane apparently has a chance to play host in the Sugar Bowl when it bowed to Louisiana State, 21-0, in their traditional battle before 80,000 at New Orleans.

Tulane, however, was no match for the fired-up boys from the bayous who scored victories over three conference champions — Tulane of the Southeastern, Rice of the Southwest and North Carolina of the Southern. In the unpredictable Southwest, Texas Christian stunned Southern Methodist, 21-13, and Arkansas trounced Tulsa, 40-7. Georgia Tech squeezed out Georgia, 7-6, in the traditional Cracker State classic. Alabama rolled over Florida, 35-13; Tennessee bowled over Vanderbilt, 28-20; William and Mary downed North Carolina State, 33-7, and Mississippi topped Mississippi State, 21-0.

Boston College went on a touchdown binge to smother Holy Cross, 76-0. Ed Petela scored 34 points and Al Cannava 20 in the slaughter. The day's long distance running honors, however, went to Ed Paaky, South Carolina quarterback, who intercepted a pass behind his own goal line and trucked 74 yards to a touchdown to beat Wake Forest, 27-20.

Fair Enough - Pegler

By WESTBROOK PEGLER (Copyright, 1949)

NEW YORK — There is a superposition in our business that all reporters, copywriters and assistant city editors are fixing to go into the egg-business when they get old.

But the egg business is the worst destroyer of them all next to the restaurant and saloon business. In my years up in the far suburbs, I saw many a one go on for eggs, but never a one stand of the feed bills to say nothing of time, equipment, buildings, investment and hired labor.

Just from where you sit, you would think it would take a genius, like Elliott Roosevelt, to lose money in eggs. What does eggs amount to, after all? Just a few pennies chasing June-bugs and hopper-grasses, scratching up gravel and fishworms and eating up weed-seed and grass and going cut-cut-cut-cut and running under the corn-crib when old mister chanceleer stands up on tiptoe, flaps his wings and gets that gleam in his eye.

Count off the loss from weathlings who turn up cold in death when you count up in the morning, and you are still out in front when you figure that 90 percent of them prove up and the dead ones were only a dime each.

But that isn't the way it goes in real life. I can show you a dozen abandoned, weed-covered egg ranches up around where I was talking about, with big barns two stories high and little coops like Henry Wallace's corrugated granaries, standing in melancholy rows with burdock and stuff up to the eaves. And just by giving the testimony of a casual naked eye, not statistics from the Farm Bureau or the Department of Agriculture.

I knew a man who used to have butlers with striped vests to take away from their buttons who got caught short in the reach about the time of the panic of '29 and decided to raise eggs. He still had enough to buy a quaint little farmhouse and some away-back barn and some acres away from it all and, with the retail price of eggs as a basis, by simple arithmetic, he reckoned himself back into the chips in a couple of years.

But all he knew about eggs was that he liked them, and that the retired fighters who think they are authorities on the restaurant and liquor business because they like T-bones and Old Steplapher on the rocks. Like the man in Lipton's boat when General Dewart said, "I don't know a thing about whiskey, but I know a thing about gin."

"Oh Lord no, Lord," Gene said. "I don't make it, I drink it." "This friend put in about 3,000 hens and the way the eggs came rolling down the production line, I thought he was getting just absolutely reeking rich. But I that saw his wares working, if he wasn't sitting there in a

cold little stall candling eggs and sizing them and weighing them, he was chewing a pencil over the bills or shoveling out or mixing stuff to feed them. I learned that my impression of chickens scratching up their own livings out of that good earth was fallacious even in summer. Did you ever know that you have to buy great big hot-bellied sacks of feed for chickens?

Another friend started out with just a few yard-hens for eggs and fricassee. The war was being and he thought he would produce some food so he built some houses and runs and all like that. But he didn't consider himself an egg magnate until he realized that he was on the nut for about \$3,000 for buildings and stuff. Then he had to have a "man," as they say, and "man" in this usage is a country slob who ought to wear a drive-bib like a St. Bernard and couldn't qualify for the rating of moron without a cram-course. He got a "man" for \$20 a week at first, then \$25, then \$30 and then lost him altogether to the "war effort," which bid him in at \$40.

I met the "man" at the grocery store one day. "I never knew they were so much money in the world," he said. My friend's wife is a stylish babe and she used to go around an egg-rigger in the family sedan, from Joe's Lunch to Dan's Diner, to the Greasy Spoon and the tea shoppes and the inns. She got stuck in the snow. She had to change tires in her milk coat. And, finally, when these guys really gave her the business on price, knowing she would be stuck with the eggs, she said to hell with those bums and gave the whole production to the hospital until they could sell off the flock at a salvage price.

The OPA wouldn't let them charge enough to break even and the ration board said the request for more gas to haul feed and peddle eggs was a stall for joy-riding. In winter, too, with the glare-ice and drifts me ranching eggs when I get old. I am going to raise chinchillas and minks. A chinchilla coat sells for \$50,000. Mink, \$4,500 to \$10,000. You have to use common sense planning your old age.

Temple Women Hold 'Doe' Party TEMPLE — (P) — Married women won't see anything unusual in this — but it might startle some bachelors: Temple husbands stayed home last night while their wives stepped out for a high old time. Only in Temple is a little different from the usual women's club routine. It was the 33rd annual Everywoman's Party.

Every year since 1916, on one night a year Temple wives and those from the surrounding area have held the shindig. It started, the women say, as a way to get even for men's stag parties.

Every bill proposing federal aid to education in the 81st Congress has carried explicit and comprehensive prohibition of any and every form of federal control. Oscar R. Ewing, federal security administrator.

Shamefully enough, practically nobody came to her defense! Her community and her friends were conspicuous in their silence. Most of them nervously proclaimed their "no comment" but a few, however, "got mixed up in it." Everybody seemed to rush for cover, leaving Mrs. McCullough alone, and without a single penny she could touch of her own.

But eventually, a couple of columnists and commentators tossed out her story to their readers and listeners. The ripples of sympathy and anger began to spread, and that date, about \$10,000 in voluntary donations has rolled up for her court defense. But this is not even half enough, as the estimated cost runs to \$35,000.

Now stop and think a moment. Is this just a private tragedy, or does it concern you and me? Is it of any importance to the rest of us that a patriotic American woman doing her bit to urge her fellow-citizens not to patronize "fellow-travelers," has had her total family possessions frozen, and is in danger of losing everything she has in the world?

It can be shown that the eleven Communists who were recently indicted in New York had no trouble whatsoever in raising \$250,000 in defense funds, plus \$260,000 in bail-money. How, then, can Mrs. McCullough find just \$35,000 worth of sympathy from her fellow-citizens? Isn't this a perfect spot for little individuals like you and me to pitch in with a dollar or two?

Before the Dishes Are Done

By BETTY KNOWLES HUNT

WHAT CAN ONE INDIVIDUAL DO? Like a melancholy dirge, this plaintive question is heard on all sides. At some time or other, most of us succumb to that sickly feeling that "just one individual alone is helpless."

Without followers, no leader can do much of anything. If enough of us change our minds or actions at the same time, we can turn a minority into a majority overnight. We can change the course of a whole nation, and even of the whole world. It all begins with you and with me! The opportunities for our personal action are limitless, if only we will notice them and do something about them!

The president of Columbia University has recently pursued a policy which antagonizes the Old Guard politicians in the GOP as well as the "isolationist" faction represented by James S. Kemper.

How to Stand in Line

By GORDON MARTIN

When you go into the bank to put your money in the sock, and you're rushed for time and take a worried glancer at the clock, there are lengthy lines of business that you must do. And you make but little progress while you stand around and fret, so you then decide another line would be a better bet. But alas, you find in front of you a chap who's got a load of deposit slips and checks that's got the banking traffic slowed.

So you figure that the nearest line's the quickest one for you, but it seems that folks ahead have lots of business that they must do. And you make but little progress while you stand around and fret, so you then decide another line would be a better bet. But alas, you find in front of you a chap who's got a load of deposit slips and checks that's got the banking traffic slowed.

So you pick another line which indicates a better chance, but no matter how you fume and stew, you make no big advance. And you note the line where first you stood was fastest after all, for it makes a lot of progress while you're moving at a crawl. So when going to the bank to put your money in the sock, choose a line and never leave it if you want to beat the clock.

Without followers, no leader can do much of anything. If enough of us change our minds or actions at the same time, we can turn a minority into a majority overnight. We can change the course of a whole nation, and even of the whole world. It all begins with you and with me!

IN HOLLYWOOD

BY JERKINE JOHNSON NEA Staff Correspondent

HOLLYWOOD — (NEA) — Publicity-conscious movie stars are worth their weight in greenbacks at the box office. And some of Hollywood's top names know as much about the publicity game as the boys who are paid to dream up gags and set up pictures.

Lana Turner is always crying that the newspapers are crucifying her in their columns. But Lana knows what she's about when it comes to publicity. She always calls the publicity boys with something like this: "We'll be at the airport at 4:15 this afternoon. The plane doesn't take off until 5. That leaves plenty of time for pictures if you want to send a photographer."

Bob Hope keeps five press agents jumping week in and week out. Like a city editor handing out assignments to waiting reporters, Bob keeps a steady stream of stories dropping into their eager hands — stories about Bob Hope. He's always in the papers, and most of it is his own doing.

Joan Crawford is one of the most press-wise stars in town. She has always watched her publicity P's and Q's. "I'll never forget the opening of a swank toy shop in Beverly Hills. The place was crowded with stars. But Joan stole the show by playing with the little monkey the organ grinder had brought along. When she put the monkey on her head, the cameras clicked. Her parting shot for quotation was: "I always wear a monkey in my hair when attending toy shop openings."

PAGE 1 NEWS Last winter, when it snowed in California, the M-G-M publicity department received a telephone call. "Hello," said a familiar voice at the other end, "this is Errol Flynn. I'm snowed in, but I've got a helicopter coming up to fly me down to the studio. Thought you boys might think it worth a picture."

"Worth a picture!" yelled the publicity man. "Hot flashbulbs. It's worth a picture. We'll make every newspaper in the country. Come on down, son, we'll give it the works." He was right. The pictures of Flynn's flight made Page 1.

Errol, in case you've never realized it, loves his publicity. He's the greatest example of one who says, "I hate publicity" is Greta Garbo. Which just proves that she's one of the smartest. By deliberately doing things to avoid publicity, she gets much more of it. And when she holds her hands up in front of her face to foil the cameramen, she's peaking through her fingers to be sure he gets the first round is over.

 The downtown area. They said a few minutes later Roden spotted the two men on a corner and arrested them without incident.  
 Then the big scale search continued for Leo Rader. While road blocks were thrown up on all highways leading out of Amarillo, patrolmen began a door-to-door, alley-to-alley search.  
 The Rader twins are charged with armed robbery of two Amarillo supermarkets and are wanted in connection with supermarket robberies in Los Angeles and Oklahoma City. They were arrested in Lubbock a month ago. Parris was awaiting the outcome of an appeal on a burglary conviction.  
 The four men escaped from jail Wednesday by intimidating a guard with a butcher knife.

 given her any money at any time.  
 Entrance of the lewd pictures brought strong objections by Defense Counsel George McCarthy, who it also developed was McBrayer's attorney, charging that Atty. Rogers had established no predicate before presenting them to the Court. The objections were overruled and McCarthy later wanted the children to state who took the pictures in the presence of only the Court and not before a courtroom audience.  
 The attorney told the Court he had learned during a recess from one of the children who took the pictures, but no indication was made to the actual person who snapped the photos. The photos, Mrs. Taylor said, appeared to be taken with the same camera her sister used in snapping the less sensational pictures, a Polaroid Land Camera that develops the print itself. She said the camera belonged to McBrayer who loaned it to her on several occasions. All of the pictures, she admitted, were taken in her own house.  
 A string of witnesses, including C. C. Campbell, her brother-in-law; W. A. Noland, her brother; Bert Stevens, her daughter's Sunday School teacher, and Mrs. I. W. Spangler, testified to the fitness of Mrs. Taylor to raise her two daughters, one 9 and the other 12.  
 Mrs. Taylor, who had been married for a month to a Dale Park in Oklahoma City and whom she divorced when he quit his job, married her present husband, divorced him in December, 1948, and then remarried him in August of this year. She told the Court under examination by McCarthy that her husband, Kidwell, had left her in Houston, and that she brought her children to Pampa, where she tried to make a living for them by working as a checker at the Furt Food for \$19 a week. She said she then got a job with Douglas Aircraft in Oklahoma City where she took flu, then returned to Pampa to work at the Army Airfield. She was transferred to Enid, where she met and married her present husband. They were on their way to Washington when her family told her Kidwell had taken the youngest daughter to Houston where she stayed for 10 months. When she got the child back, an operation for tonsillitis had to be performed. Dr. Charles Ashby, on the stand, told the Court the child was operated on and that the older daughter had undergone an appendectomy shortly after. Mrs. Taylor came back to Pampa from her separation with Kidwell. He said Mrs. Taylor paid both of these bills.  
 Mrs. Taylor took the stand shortly before noon Friday and left at 5:15 Friday afternoon a few minutes after the pictures were introduced. She said her house had been broken into in August, but that she had never notified the Sheriff's Department or the Police Department because she didn't think it was important at the time.  
 Yesterday morning Mrs. Taylor was reported by her attorney to be in hysterics at Worley Hospital. The case was postponed until Tuesday after the Court ordered that the children be delivered to Kidwell until that time.

 Funeral services for Slade L. Ball, 69, will be held at 1:30 p. m. today from the Boswell Funeral Chapel, Amarillo, with burial in the Alvarado Cemetery.  
 Mr. Ball died at his residence, 37 Van Buren, Amarillo on Friday. Born in Thornton in 1880, Mr. Ball came to Gray County in 1904 and settled in Alvarado. The following year he moved to Tyler, Texas, and returned to Alvarado in 1912. Between 1913 and 1945 he served as postmaster of the community for 29 and one-half years and was associated with his brother, W. J. Ball, in business for several years. In 1945 he moved to Amarillo.  
 He was a charter member of the Alvarado and McLean Masonic orders and also a member of the Royal Arch Masons at Clarendon.  
 Masonic services will be held at the graveside with other arrangements in the charge of the Clayburn-Womack Funeral Home.

Troop 28

Members of Troop 28 were honored Thursday with a birthday party in the Scout House. Mrs. Robert Coley made the green and yellow birthday cake which was topped with the words "Girl Scouts." As each girl approached the ceremony table, she paid her registration fee, lit a white candle, and said her Girl Scout promise. Mrs. W. E. Hinton is leader of the troop, and Mrs. Gordon Rice and Mrs. J. C. Steward are her assistants.

The following Scouts were present to celebrate the troop's birthday: Dorishea Allen, Carol Carnes, Sheila Chisholm, Nancy Coley, Sharon Cook, Jennie Hally, Carol Henry, Betty Hinton, Carol Hughes, Charlotte Lester, Myrna Matlock, Carol Ree Miller, Karen Rice, Jerry Shelton, Martha Skelly, June Smith, Ruth Steward, Anita Wedgworth and Mary Young.

Troop 29  
Dolores Blymiller was elected president of Troop 29 at their meeting on Thursday in the Lions Club Scout House. Other newly elected officers are: Joann Clatterbaugh, vice president; Barbara Pirkle, secretary; Leora Stokes, treasurer; Mrs. C. M. Blymiller, parliamentarian; and Ava Nelle Hogsett, scribe.

A style show was the main event of the meeting. Members taking part were: Barbara Pirkle, who modeled a blue skirt and sweater set; Dolores Blymiller wearing a gray suit with green accessories; Marian Mulanax, a pink and blue evening gown; Joann Clatterbaugh, a pink evening gown; and Ava Nelle Hogsett, a pink night gown.

Following the style show, the girls started a magic garden by putting salt, soda and water over a dish of coal and putting coloring in it. Crystals are supposed to form on the sides of the dish and grow.

Troop members present were: Emma Jean Chambers, Joann Clatterbaugh, Ava Nelle Hogsett, Marian Mulanax, Barbara Pirkle

Troop 26

Do you know the correct way to sew on snaps and buttons? Mrs. Joe Wells, leader of Troop 26, thought she knew but found out that she did not when Mrs. Charles Hart, former home economics teacher at High School, gave instructions at a regular meeting of the troop in Mrs. Wells' home, 524 Hazel. Mrs. Hart explained, among other things, that a knot should not be used in sewing on buttons. The girls are working toward their second class badge, and the program was in line with one of their requirements.

The following Scouts are now first-class button and snap "sewer-ones": Emily Sue Alexander, Dorothy Ayers, Donna Conrod, Jo Crinklaw, Delma Franklin, Zelma Franklin, Gracie Henry, Louise Kitchens, Sandra Mary, Nancy Moore, Betty Prescott, Nancy Sharp, Beth Spencer and Marilyn Wells.

Mrs. J. W. Alexander and Mrs. Nellye Sharp are assistant leaders.  
Troop 5

The 10-year-olds of Troop 5 gave their leader, Mrs. Don Farley, who was Miss Jean Ann Essex before her recent marriage, a surprise party! The girls experienced all the ups and downs of party planning. The most trying blow came when they broke the cake plate which they had planned to present to Mrs. Farley as a wedding gift. They made a come-back, however, collected more money and purchased another plate along with a bottle of cologne. Mrs. O. E. Tidwell baked a cake which the girls insisted that Mrs. Farley take home un-cut so that her husband could see it on the plate. Mrs. Farley teaches at Baker School. Mrs. Jim Cunningham is assistant leader of the troop.

Hostesses for the party were: Jeannie Bullard, Dorthie Pat Crocker, Venita Ann Crocker, Darlene Darnell, Coylene Fletcher, Barbara Matlock, Sandra Petty, Sandra Tidwell and Marlene West.

Hinton, rented the skating rink for the hours 4 to 5:30 p. m. on Wednesday and held a joint skating party. In spite of the many falls and skinned knees, the girls were able to enjoy chocolate chip

cookies and pop furnished by the committee members.

**Campaign to Aid Stricken Family**

SHAMROCK — (Special) — A campaign to aid a family left destitute by fire. The only possessions the R. M. Patton family saved from a fire that destroyed their four-room farm home last Sunday was a tub of clothes that Mrs. Patton had laundered the day before. The fire started about 9:30 a. m. Sunday when an oil cook stove exploded. No one was injured, but the home and all its furnishings were destroyed. The Pattons are renters on the Shipman farm about 12 miles northeast of Shamrock. The youngest of their eight children was a month old Wednesday and the eldest is 18.

**Greatest Compliment a Car Ever Had!**

NUMBERED AMONG THE HAPPIEST Cadillac owners are many, many dealers who sell and service other well-known makes of cars. They feel perfectly free to avail themselves of Cadillacs because they know that all the world holds Cadillac in a class apart. Hence, it is no reflection on the cars they sell when they seek, for themselves and their families, the exclusive advantages which "the Standard of the World" provides.

This, of course, is the greatest compliment a motor car ever had—and the respect upon which it is founded has been fifty years in the building. Throughout all this time, there has been the strictest adherence to the highest ideals of engineering and production. Not once has the inflexible rule of quality been eased for a single day. It is a wonderful thing to own such a car. It is a wonderful thing to drive it—to relax in it—and to have it as a cherished possession. All in all, it enhances the enjoyment of the whole day's activities.

We think you would sense all this—and more—after an hour or so at the wheel. Why not come in some day, quite soon—for a ride that's a revelation? We should be happy to have you any time.

**WE'RE OUT HERE** on the end of a long year, and looking back up the high climb reminds me that it has all gone so fast ... Perhaps this impression is mine because of—age—... I believe I'm right when I say that the Christmas decorations will go up today ... I always have a special little "thank you" tucked inside me for the Jaycees, who have a job every year ... They bring to me the first cheer of my favorite season ... and it's always welcome, even though it does remind me I'm standing down here on the end of another year—making me older ... (What am I saying!)

**BUT** a person is not really an adult in his thinking until he realizes that the past does not matter and the future never comes ... Put that thought up against the foregone ... and then add this: As long as each of us thinks "I will do this in the future" that's day-dreaming. Each of us will have come of age, I read further, when he says "I will do this thing now."

**SPEAKING OF AGE**, do you think these people get any older? (Not that some of them are even along in years): Judge Ewing, who still gets around wherever old friends meet; Mrs. George Briggs, long-time Pampan, venerable and inspiring; a Bible student who teaches Sunday School at the Presbyterian Church; the Fletcher Kennedys, who are charming in appearance and manner, and proud possessors of a delightful daughter Sue; Lois McGuire, who lends her personality to the pleasing of people—at Southwestern Investment Co., ... Always they seem to be the same in appearance and manner as when I first met them ... Irrespective of their varied ages, they are to me a sort of testimonial to agelessness.

**MARGINAL NOTES**—Citizens Bank & Trust is doing a service, indeed, in setting aside a small announcement on KPDM Sunday, Tuesday and Thursday night week in and week out, to plug some good city-wide, or county-wide cause—like Red Cross, Salvation Army, Scouts ... I overheard a person say this program would do a lot of good, and I agree ... speaking of KPDM, old-timers will recall John Sullivan of that station ... well, his son Dennis Sullivan is here now, and he comes by his good voice naturally ... father Sullivan, now at Fort Worth I believe, was well-liked here, and his son is, too.

**PERSONALLY**—Mrs. Greeley Warner has as a guest her mother during the holiday period ... the O. M. Griffiths were among those entertaining on Thanksgiving ... The Rev. and Mrs. E. B. Bowen have been visiting here from Elk City, Okla., where Rev. Bowen is district superintendent. He was formerly pastor of the First Methodist here ... Ken Bennett, now with a Gladewater, Texas, radio station, was seen around a day or two ago ... Understand Olive, his comely English wife, is visiting her mother back home, and will arrive in New York pretty soon ... Mr. and Mrs. Joe Cree of Lubbock have been around visiting relatives ... He's a nephew of George Cree, Sr. Joe's with an insurance company which, believe it or not, doesn't have an office here.

**GRIDIRON NOTE**—Many Pampan sacrificed turkey dinner or made it a hurried affair to back the fight! Harvesters in their successful tangle with the Borger Bulldogs ... Leah Behrman looked like a fashion plate—she and Bunny were guests of her niece, Mrs. Al Levine, and husband, Borger ... George Scott was dividing his loyalty with an eye on the Pampa boys all the time, and an ear trained on the Longhorn-Aggie game ... with the Scotts were the George Bealls ... Two of the most ardent supporters (outside of Elmer Wilson's best girl, his mother) of the Pampa-High team are Dr. and Mrs. E. S. Williams ... I believe they attended every out-of-town game this year.

**PANORAMA**—So nice would it be to have the fine reputation of Bonnie Dial, who has a compliment from everybody—and is a good mother, too ... Jimmie McCune, we hear, was truly a wit at some kind of meeting last Sunday at the Hilton Hotel, Plainview ... George Felton is doing a good job on redecorating his house—better duel when you're around, for the paint's a-flyin' ... NSA (secretaries) Besses' Banquet will be held at the Country Club on Wednesday night ... of course, wives of the bosses will be important guests to ... Mrs. Fierati's mother is here from California ... A good crowd was present Friday night when Messrs. and Mesdames Jack Sullivan and Marvin Harris entertained with a dance at the OC ... Mrs. Sullivan, in pale green satin; Mrs. Harris, in taupe satin decollete ... also outstanding, among many, was Betty Cree, in red velvet short evening dress ... saw the Ham Lunas, Jack McCarley's, Bob Wilkepons, Dr. Pieratta ... I'm sorry we said George Long's new baby was a boy, for it's just the opposite.

**WINDING UP NOW**—Joe Hackett, the Englishman who has been here for a Cabot Company superintendent's meeting, was amazed we heard, when he got off the boat at NY to find candy (they call it "sweets" over there) in any amount he wanted ... for a man who had had no "sweets" at all since 1940, that must have come as a shock, to say the least ... over there, "sweets" are rationed, and since Mrs. Hackett was so fond of them, he gave her all his rations ... Hackett, I hear, is also buying in carload lots (well, almost such items as cigars and shirts).

**WELL**, school is out for today ... so you may be dismissed. Pedantically,

## Miss Jo Ann Neel and Ovie Holleman Are Married; Leave for West Coast

Miss Jo Ann Neel, daughter of Mr. and Mrs. W. B. Neel, 319 South Cuyler, and T/Sgt. Ovie L. Holleman were married Saturday, Nov. 19, in the parsonage of the Harrah Methodist Church. The bridegroom is the son of Mr. and Mrs. H. L. Holleman of Brownfield.

The ceremony was read by the Rev. E. C. Armstrong, and attendants were Mrs. Arlin Smith as matron of honor, and Ed Duncan, who served the bridegroom as best man.

The bride chose for her wedding a set of robin's egg blue wool. With it she wore navy blue accessories and had and carried a white Bible topped with a white orchid. The Bible belonged to Miss Lavonda Smith and was the bride's "something borrowed."

For something old she wore a string of pearls which her parents had given her several years ago, and she also carried out the tradition of wearing a coin in her shoe.

The matron of honor and the bride's mother were both dressed

## Holiday Theme Used at Meeting of Times Club

**SHAMROCK**—(P)—The Times Club met for a Thanksgiving program at the home of Mrs. Fred Holmes recently. Pink chrysantheums were used in decoration.

Mrs. Glenn White presided and names of members were drawn for the Christmas gift exchange.

Mrs. Tom Brown discussed "Thanksgiving Yesterday and Today," after which Mrs. T. H. Sonnenburg played "America the Beautiful" and "Faith of Our Fathers."

Mrs. R. A. Nichols, Sr., gave "Religion—Faith of Our Fathers." Mrs. Sonnenburg closed the program with piano selection, "Romance," by Rubenstein.

Refreshments were served by the hostess at the close of the program to Mrs. Ben Parks, a guest, and the following members: Mmes. P. T. Boston, W. B. Smith, E. J. Brookshire, R. A. Nichols, Sr., Temple Atkins, Tom Brown, Glenn White, Tom Clay, Ray Tatum, T. H. Sonnenburg, F. E. Stevens and George Stanley.

## Patricia Diane O'Rourke Becomes William Braly's Bride in Wedding Ceremony in Holy Souls Rectory

In a wedding ceremony read at 3 o'clock Wednesday afternoon in the rectory of the Holy Souls Church, Miss Patricia Diane O'Rourke became the bride of William Thomas Braly. The bride is the daughter of Mr. and Mrs. Thomas Terrence O'Rourke of 927 East Fisher, and the bridegroom is the son of Mr. and Mrs. Houston Lee Braly of Brady.

The Rev. F. J. Kunz, C.M., officiated at the exchange of vows before a large window flanked by baskets of flowers and seven-branch candelabra holding lighted white tapers.

Given in marriage by her father, the bride was dressed in a ballerina length gown of white satin fashioned with a lace yoke and Peter Pan collar. The close fitting bodice fastened with tiny self covered buttons and the skirt was full and circular. The long sleeves fitted tightly at the wrists. She wore white satin opera pumps and her small white satin poke bonnet was lined with white chiffon.

For something old she wore a lavalere given to her mother by her father when they were in the sixth grade and worn by her mother at her own wedding. Her bridal bouquet was fashioned of orange blossoms and stephan-

oids centered with a purple orchid.

Miss Joan Sawyer, maid of honor, wore an ice blue gown made with a low, round neckline and three-quarter length sleeves. Her skirt was also ballerina-length. She wore a blue satin poke bonnet and carried a nosegay of blue and yellow baby mums.

The bride's mother was dressed in teal blue crepe with black accessories, and Mrs. Braly, mother of the bridegroom, wore mauve pink with burgundy accessories. Both wore corsages of white rose buds.

Baskets of white gladioli decorated the O'Rourke home for the wedding reception, held at 4 o'clock. Blue and yellow pom-

pon mums were used on the mantel and buffet. Mrs. E. B. Daley poured from the silver coffee service and Mrs. Katherine Nash served cake. The wedding cake was decorated with blue sweet peas and yellow roses and was topped with a miniature bridal pair. Mrs. R. E. McKernan presided at the guest book.

Mrs. Braly was graduated from Pampa High School and attended Oklahoma University where she was affiliated with Alpha Delta Pi. Mr. Braly was graduated from Brady High School and the University of Texas and was in the Navy three years. He is a member of Theta Xi fraternity. He (See WEDDING, Page 14)

## R. C. O'KEEFES, WED 50 YEARS, CELEBRATE

Mr. and Mrs. R. C. O'Keefe celebrated their golden wedding anniversary by holding an open house at their home at 1109 Charles last Sunday afternoon.

Among the many prized gifts presented to the honored couple, one stood out with special significance. The children of Mr. and Mrs. O'Keefe also presented their mother. Mr. O'Keefe also presented his wife with a diamond wedding and engagement ring set.

In the receiving line were Mr. and Mrs. O'Keefe, Mr. and Mrs. E. L. Curtis and Mrs. Pauline O'Keefe. Approximately 100 called during the receiving hours.

Mrs. O'Keefe was dressed in a navy blue wool frock and wore a white orchid.

The table was centered with an arrangement of white chrysantheums interspersed with tiny gold bells. At the corners were golden candelabra and clusters of white mums. In two corners was the date 1899, with 1949 in the other two. Napkins were lettered in gold "Rufe and Stella." The three-tier white wedding cake was topped with a gold "50" and individual cakes were also white and gold as were the mints. Both coffee and tea were served.

Serving were daughters and daughters-in-law—Mrs. Carl Periman, Mrs. W. T. Price, Mrs. Wayne O'Keefe, Mrs. Earl O'Keefe, with Mrs. David O'Keefe assisting.

The O'Keefes were married in Colorado City Nov. 23, 1899. They moved to the Panhandle in 1903 and settled 12 miles south of

Pampa. They later moved to Carson County where all eight of their children started to school.

In 1919 the family moved to Canyon so that the children might enter college. They moved back to the farm near Pampa in 1922, where they stayed until Mr. O'Keefe retired five years ago and moved to Pampa.

The children, all married, are R. Earl O'Keefe, Wayne O'Keefe, Mrs. Carl Periman and Ralph O'Keefe, all of Amarillo; Mrs. Traylor Price of Pampa; Wallace O'Keefe of Jackson, Miss.; David O'Keefe, Houston, and Winston O'Keefe of New York City. All except Wallace and Winston were present for the celebration. There are also 12 grandchildren of which eight were present.

## Miss Margaret Lee Rath Becomes Bride of Ray S. Randall in Rites Read in Home on Thanksgiving Day

In a wedding ceremony read at 8:30 in the evening of Thanksgiving Day, Miss Margaret Lee Rath, daughter of Mr. and Mrs. George Rath of southwest of Pampa, became the bride of Ray S. Randall. The bridegroom is the son of Mr. and Mrs. Fred Randall of Stinnett.

The Rev. E. H. Martin of the McCullough Methodist Church presided at the exchange of vows in the living room of the Rath home, with members of the family and two guests, Mr. and Mrs. E. M. Hunt, witnessing the ceremony.

Attending the bride was Miss Wynelle Freudenrich, and Jewell Moore was attendant to the bridegroom. Music was furnished by Mrs. Martin at the piano.

The bride was dressed in a frock of bronze satin fashioned with high neck, and an apron effect on the front of the skirt, forming a bustle in the back. She wore dark green accessories, with a veil falling from her dark green hat. Her bridal bouquet was of white carnations and was carried on a white Bible.

She wore pearl earrings and a pearl necklace.

A reception followed the ceremony, with Miss Nancy Rath, the bride's sister, at the bride's book. Mrs. E. M. Hunt served cake and punch.

For the trip to Amarillo the bride was dressed in a brown wool three-piece suit with green accessories. The couple will live in Wichita Falls, where Mr. Randall is stationed with the U.S. Army.

## 'Round Table' Discussion Features Meeting of Varietas Study Club

Mrs. W. H. Moseley, 1329 Christine, was hostess to the Varietas Club Tuesday afternoon. The program featured a round table discussion on "Our Community's Program of Growth."

Mrs. Luther Pierson discussed "Pampa's Future Recreational Facilities," and Mrs. R. W. Lane presented "Pampa's Health Program." This program is under the direction of R. M. Mundine, city health supervisor.

Mrs. H. H. Butler discussed "Beautifying Pampa," and listed a few of the things that could be done to make Pampa a more beautiful city. She named cleaning up paper and trash, cutting weeds, painting and cleaning up houses and property, and planting trees and flowers.

Members answered roll call with "one of Pampa's attractions." During the business session, conducted by Mrs. C. L. McKinney, vice president, plans were made to install a book shelf in

the new Highland General Hospital. Each member is to be responsible for at least two books, and will take the books to the Christmas party on Dec. 13.

Mrs. F. E. Imel gave a report from the Federated Clubwomen magazine, and listed a number of scholarship programs favored by the General Federation.

Plans were completed for the Varietas Club Christmas party. One guest, Mrs. F. F. Thomas, was present. Members attending were Mrs. C. W. Andrews, Mrs. Henry H. Butler, Mrs. Loyse Caldwell, Mrs. J. G. Cargile, Mrs. J. G. Doggett, Mrs. H. P. Doster, Mrs. S. C. Evans, Mrs. H. T. Hampton, Mrs. E. J. Haslam, Mrs. F. E. Imel, Mrs. Dow King, Mrs. J. E. Kirchner, Mrs. R. W. Lane, Mrs. C. L. McKinney, Mrs. J. C. McWilliams, Mrs. Luther Pierson and Mrs. Frank Wilson.

## RECENT MARRIAGE TOLD

Mr. and Mrs. H. G. Sharp, 1226 Duncan, have announced the recent marriage of their daughter, Mary Edna, to Ivan S. Marlin, Jr., son of Mr. and Mrs. I. S. Marlin, Sr., 113 South Wynne Street. They were married Sunday, Nov. 6, at Clovis, N. M., and will live in Lubbock, where Mr. Marlin is attending Texas Technological College.

## Mrs. Louis Bennett Guest of Honor At Baby Shower

Mrs. Louis Bennett was guest of honor at a pink and blue baby shower at the home of Mrs. Joe Kent. Other hostesses were Mrs. Jack Robertson, Mrs. Paul Edwards, Mrs. W. B. Barnes, and Mrs. Bert Mitchell. The honored guest was presented a corsage of carnations by the hostesses. Mrs. O. W. Pixler presided at the guest book.

The table centerpiece was a baby doll dressed in pink and blue, lying on a baby pillow. Over it was a pink umbrella. Favors were baby buggies made of marshmallows and pink and blue mints.

After a period of games the honoree was presented a pink and blue bassinet filled with gifts, which she displayed.

Refreshments of cookies and punch were served. Present were Mrs. Lee Price, Mrs. Clifford Hutson, Mrs. T. P. Musgrove, Mrs. E. M. Boyd, Mrs. Eugene Hardy, Mrs. Alene Lyles, Mrs. E. C. Spires, Mrs. W. M. Bennett, Mrs. O. W. Pixler, Mrs. G. T. Lynn, Mrs. A. F. Randolph, Mrs. L. H. Brummit and Mrs. C. P. Person. Many gifts were sent by those who were unable to be present.

## Pioneer Club Meets With Mrs. Woods

**MCLEAN**—(Special)—The home of Mrs. June Woods was the meeting place for the Pioneer Study Club recently with Mrs. W. C. Bogan in charge of the program.

The home was decorated with an arrangement of roses and fall flowers.

First, the members held a business meeting, followed by a program on "Mental Hygiene" presented by Mrs. Bogan. Papers were read on clinical reports of "Effect of Worry on Health."

Refreshments were served to Mmes. W. E. Bogan, Jim Back, J. D. Coleman, Bill Day, Forrest Hupp, Carl Jones, Mira Fakan, Roger Powers, Earl Stubblefield, Bob Thomas, and B. L. Webb.

## Formal Dance Given At Country Club

The Country Club was scene of a dance last night with Bill Smith and his Melloaires furnishing the music.

The dance was formal, and was given for Country Club members and out-of-town guests. Sponsors were Mr. and Mrs. Marvin Harris and Mr. and Mrs. Jack Sullivan.

### Candlelight Church Ceremony Unites Patricia Ann Henry, Mr. Youngblood

In a candlelight ceremony read in the Church of Christ at Perryton at 8 o'clock Saturday evening, Nov. 19, Miss Patricia Ann Henry became the bride of Harry Youngblood. The bride is the daughter of Mr. and Mrs. A. W. Henry of Perryton, and a granddaughter of the late Mr. and Mrs. J. C. Short. The bridegroom is the son of Mr. and Mrs. H. W. Youngblood of Pleasanton.

Lee Rawlings, minister of the Church of Christ at Hamlin, read the double-ring ceremony before an altar of fern flanked with baskets of white chrysanthemums.

Entering on the arm of her father, who gave her in marriage, the bride was dressed in a gown of white satin fashioned with a yoke of sheer illusion and a wide sweetheart neckline trimmed with Irish lace. The long fitted sleeves were trimmed in the same lace and the close fitting bodice was accented in the back with self covered buttons.

The skirt was designed with a gradual flare and extended into a formal train. Her fingertip veil of white bridal illusion fell into full graceful tiers from a bonnet of sheer illusion. She carried a white Bible topped with a bouquet of white roses, and wore a single strand of pearls, a gift from the bridegroom. For something old she fastened her veil with a tiny gold wishbone pin that had belonged to her maternal grandmother. Her "something borrowed" was a small dinner ring belonging to the maid of honor, and her name was embroidered in blue on the inside of her wedding gown.

Miss Marianna McGibben, who attends Colorado Women's College, Denver, was maid of honor. She wore a fuchsia taffeta dress with shoulder-length veil and mits, and carried a colonial bouquet of yellow roses.

Bridesmaids were Miss Lennie Lu Coleman of Abilene Christian College, Abilene, and Miss Beverly Hale of Perryton. They wore identical formal of green taffeta, styled like that of the maid of honor. Their coronets and mits were green and they carried colonial bouquets of fuchsia roses. Flower girl was little Wanda Youngblood, sister of the bridegroom, who wore a fuchsia taffeta dress and carried a basket of rose petals.

Candlelighters were Miss Janette Waugh of Perryton and Jim Henry, brother of the bride, who attends Wentworth Military Academy at Lexington, Mo. Music was furnished by Carl Breechen, Bob Hunter, John Moran and Kelly Martin, a male quartet from Abilene Christian College. They sang "Because," "Tell Me Why," "With This Ring" and the traditional wedding marches.

Following the ceremony a reception was held in the home of Mr. and Mrs. Glen McGibben. The

table was laid with a lace cloth. The three-tiered wedding cake was accented with a wreath of fuchsia roses around the base. Green punch was served from an antique English silver bowl. Serving the cake was Mrs. John F. Lynch of Corpus Christi, aunt of the bride, and Mrs. Roy Johnson presided at the punch bowl. Miss Elain Callen of Twin Falls, Idaho, registered the guests.

Both the bride and the bridegroom have attended ACC for two years.

Mr. and Mrs. Youngblood are spending a short honeymoon in New Mexico and Colorado, after which they will live in Fort Worth, where he is connected with government soil conservation work.

### Ray H. Flues Host Thanksgiving Dinner

## Annual Holiday Dinner Given For B & PW Club

Sixty-nine members and guests were entertained at the B & PW Club's annual Thanksgiving dinner last Tuesday evening in the City Club Room. Special guests of the club were Mr. and Mrs. Frank Wilson, and Lt. and Mrs. F. A. McClure.

Guests were registered by Mrs. Hattie Holt, with Miss D'Arcy Breeze and Mrs. Elsie Gee assisting. Reservations were in the charge of Miss Madge Rusk.

Tables were decorated with vivid autumn leaves, clusters of grapes, pumpkin mint cups and dipped candies. The speakers' table was centered with bouquets of colorful autumn flowers. Tables were arranged under the direction of Mrs. M. E. Powers.

Mrs. Gladys Howard, vice president of the club, introduced Lt. McClure who pronounced the invocation. A turkey dinner was served by Meses. Bertha Estes, Mae Elta Powers, Mary F. Eller, Mattie Crowson, Gladys Jaynes and Maxine Ehrhard.

Following the dinner, Mrs. Bertha Chisum, chairman of the banquet, acknowledged the committees responsible for the dinner and a general introduction of members and guests followed.

The Misses Ruth and Helen Huff showed colored slides of pictures taken on their recent trip to Europe, explaining each one and inviting questions. They showed and explained pictures taken in England, The Netherlands, Luxembourg, Austria, Italy, France, Switzerland and Germany.

## Mrs. R. A. Young Hosts P-TA Meeting

McLEAN — (Special) — Mrs. R. A. Young was hostess to a Parent-Teacher Association social held Monday evening in the Home-making Department of the high school.

Table games were played and refreshments were served to several members of the grade and high school faculties and the members.

## Loyal Gleaners Class Entertains

CANADIAN — (Special) — The women of the Loyal Gleaners Class of the First Christian Church entertained their husbands and friends at a covered dish supper in the church dining room Monday night.

The tables were decorated in traditional Thanksgiving style, and a turkey dinner was served. It was the 23rd anniversary of the organization of the class, and Mrs. Walter Burnett, who has been class secretary the entire time, recounted some of the activities of the class and read some interesting notes from the original record book.

The Rev. J. I. Brimberry was pastor of the church at the time the class was organized, and was its first teacher.

## Officers Elected At 4-H Club Meet

An election of officers was held at a meeting of Letors 4-H girls on Tuesday.

Officers were elected as follows: Shirley Anne Smith, president; Anita Chitwood, vice president; Marilyn Pattiford, secretary-treasurer; Beverly O'Neal, parliamentarian; Josephine Allen, social chairman; Glenda Alexander, clothing demonstrator and Mary Cole, food demonstrator.

Reports revealed that 11 girls had made Christmas gifts. Ideas for gifts were exchanged and Mrs. Mary Ann Duke, County Home Demonstration Agent, handed out recipes and Christmas games to the girls. Thirteen new members joined the club at the Tuesday meeting.

About 14,000 fires occur annually in the U.S. National forests. Oysters are edible at any time they are gathered, but the idea they should be eaten only in months which have the letter "R" in their name probably goes back to medieval times.

## El Progresso Members Have Holiday Dinner

El Progresso Club's Thanksgiving dinner was held in the Palm Room of the City Hall, Nov. 24 at 7:30 p.m. with Mrs. Grundy Morrison, president, in charge.

A turkey dinner was served to the members and their guests at tables decorated with ivy, baskets of fruit, and lighted lamps.

Dr. Orion W. Carter gave the invocation and Mrs. H. A. Yoder and Kenneth W. Baumgardner provided special music during the program. Puritan customs in observing Thanksgiving were the subject of a talk by the Rev. Henry H. Tyler.

J. B. Linn of radio station KGNC in Amarillo was the guest speaker of the evening. He showed a movie entitled "What's Behind Your Radio Dial," which portrayed the story of Radio City and the National Broadcasting System.

Members and guests present were: Judge and Mrs. W. R. Ewing, Mrs. C. P. Buckler, Mrs. John Andrews, Mr. and Mrs. Morrison, Mr. and Mrs. Gene Sidwell, Mrs. Dave Pope, Mr. and Mrs. Clinton Henry, Miss Bessie Brown, of Los Angeles, Mr. and Mrs. D. V. Burton and Miss Dorothy Barrett.

# Loopholes In The Law

By WILL WILSON  
District Attorney, Dallas County

(Editor's Note: This is the seventh of a series of short case histories, all taken from court records, showing how legal loopholes often enable criminals to escape punishment in Texas. Will Wilson is chairman of a special steering committee of the State Bar, which is working for revision of the antiquated Criminal Code and Code of Criminal Procedure in order to eliminate these loopholes.)

The big boss of the slot machine racket, in one of Texas' larger cities where gambling is prevalent, was very unhappy when law enforcement officers raided his warehouse and confiscated 150 of his one-armed hand-its. He was indicted for keeping and exhibiting slot machines for the purpose of gambling.

But when the big boss came to trial, he was happy, for he gained a prompt acquittal.

The Texas law prohibiting slot

machines provides that the machines must be actually exhibited and accessible to players before there is a violation of the law. It was held that the slot machines stored in the warehouse were not being used or exhibited, and thus the law was not violated.

This places an added obstacle in the way of law enforcement agencies. They have great difficulty in stopping the traffic in slot machines when they can confiscate

and prosecute only when the machines are actually exhibited. This is a legal loophole that ought to be plugged up.

If the State Bar of Texas succeeds in its efforts to bring about revision of Texas' criminal statutes, criminals will find it more difficult to escape punishment for their misdeeds, and society will receive more adequate protection.

# CROP Sends Gifts Overseas

COLLEGE STATION — A d d another to the list to whom you will give a Christmas present this year and let this be a child in some overseas country which needs help in the form of daily

Professor Daniel Russell of Texas A&M College and chairman of the Texas Christian Rural Overseas Program (CROP) Committee said that there are millions of children in the world today who go to bed with hunger pains every night.

Contributions given to CROP are used for the distribution overseas of commodities in bulk to the needy irrespective of race or creed by established church re-

lief agencies. Much of this is used for orphaned children in destitute circumstances.

Contributions to this Christian relief overseas project may be made in your county or community committee, through your local pastor or county agent, or by sending your gift to the Texas CROP Office, P. O. Box 311, Taylor, Texas.

# Accidents Increase, But Deaths Decline

AUSTIN — (AP) — More traffic accidents and more injuries occurred on Texas highways and streets last month than in the same month a year ago — but there were fewer persons killed.

A death toll of 174, compared with 186 in October of last year, was reported by the Texas Department of Public Safety's statistical division. There were 2,431 people injured compared

with 1,963 in October, 1948. Accidents totaled 8,772 against 4,862 for the like period a year ago.

FOUR EXECUTED

BUCHAREST, Romania — (AP) — Four Romanians, one of them reportedly a member of the army's general staff, have been sentenced to death on charges of spying for the United States. Twelve others were given prison terms ranging up to life.

Q—Is the imperial measure used in Canada the same as the corresponding United States measure?

A—When purchasing gasoline and oil, motorists should remember that the imperial measure used in Canada is one-fifth larger than the corresponding United States measure. Five gallons, Canadian measure, are equal to six gallons, United States measure.

Q—What does one mean by the grazing capacity of a range?

A—The term applies to the maximum number of livestock that can be grazed on a given area for a given period of time without injury to the soil, the forage plants, the tree growth or the watershed, with due provision for game, recreation, and other land uses.

Q—What are the most important forms of forest game?

A—Deer, elk, grouse, tree squirrels, turkey, and bear.

Q—Can trees reproduce without fertilization?

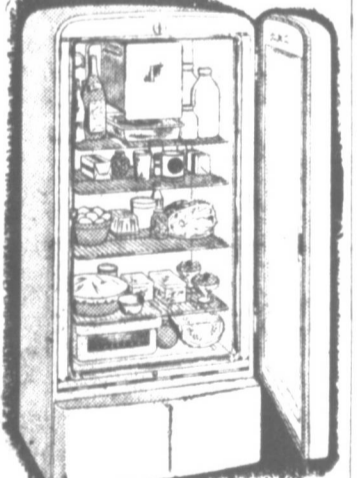

A—Yes; asexual reproduction has been found to occur in several birches and perhaps in other species.

Q—Were halos used before Christ?

A—Their use was probably of astrological origin and it is exemplified in Egyptian, Etruscan, Indian, Greek and Roman art.

**Firemen and Wives Hold Annual Thanksgiving Feed at Fire Station**

Related by a day but not derailed one iota was the Thanksgiving feast given by the firemen and their wives Friday night at the Fire Department.

About 80 persons and "Mister," the firemen's mascot, got in on the traditional banquet. By the time they had finished eating, they scarcely could move over to the chairs to enjoy the program that Mrs. Paul Skidmore had prepared.

Buster Claunch and T. D. Snow, both firemen, helped the ladies with the dishwashing before the program got underway.

Mary Ann Becker, small daughter of Mr. and Mrs. J. L. Becker, started the entertainment with piano solos—"San Antonio Rose," "It Had to Be You" and "Beg Your Pardon."

A mixed quartet composed of Mrs. Ralph Baxter, Mrs. Skidmore, Nat Lunsford and James H. Emloe, presented "Someday It Won't Be Long," "Oh That Will Be Glory" and "Peace Be Thou." After several encores, the quartet dedicated "Carry Me Back to Old Virginia" to Paul Skidmore, a native of Virginia.

After the program the firemen, their wives, children and guests were still too full to move along home. Someone suggested that Ernie Winborne, fire chief, give out with a song. At that point a five-month-old girl came out with a loud cry as if in objection. Well, Ernie sang anyway and the baby cried on.

The firemen and the auxiliary generally take turns in presenting feasts at the station. However, the Thanksgiving banquet brought out their combined efforts. The firemen furnished the three large turkeys and the women took care of all the "trimmings" and prepared the feast.

**Theatre Will Close 3 Weeks**

The Rex Theatre, which will soon be renamed, will close tonight and undergo the remainder of a reconstruction project started the first week in October.

Paul West, manager of the local theatres, said yesterday the show house would be closed until Dec. 17 when the extensive remodeling would be finished. He said he planned a formal opening, "The Barkleys of Broadway," a test picture of Fred Astaire and Ginger Rogers, will be featured on the opening day.

He did not say what the new name of the theatre would be, but said its name would be on an upright sign, rather than horizontal, as is the old one.

She is survived by her husband, Homer Hester, and a son, Harold Hill of Roswell and a brother, Troy Hill of Borger. The body will arrive here at 6:30 p. m. tomorrow.

Funeral arrangements under Duenkel-Carmichael direction are pending.

**Boy Robs So He Can Become Real Cowboy**

DALLAS — (AP) — A 15-year-old Dallas boy told officers he burglarized a cemetery office so he would be sent to a wayward boys ranch and become a cowboy.

Deputy Sheriff T. O. Williams arrested the youth Thursday following a \$138 burglary of the Grove Hill Cemetery office Wednesday.

Williams said the boy had returned all the money and would be turned over to county juvenile authorities.

**President Loses Reducing Contest**

WASHINGTON — (AP) — President Truman feels he has lost his weight reducing contest with two White House aides. He won't be sure until later this week.

Last month the President bet Maj. Gen. Harry H. Vaughan, his military aide, and Brig. Gen. Wallace Graham, his physician, that he could get down from 180 to 175 pounds by Thanksgiving.

Vaughan and Graham both well over the 200 mark, said they could slim down to an even 200. Each agreed to pay \$1 — or \$10, some reported — for each pound above his goal.

Press Secretary Charles G. Ross, although reluctant to talk about the friendly wager, said the thing will be settled when they get to Key West this week. The President doubts if he lost any weight and feels he is the loser in the contest. He also doubts if the others lost much either.

"Thanksgiving dinner did them no good."

Vaughan was not talking. Graham was in Lima, Peru, attending a medical conference.

**Chambers to Take Witness Stand Again**

NEW YORK — (AP) — Ex-Communist Agent Whitaker Chambers will return to the witness stand Monday for further cross-examination by the defense in the second Alger Hiss perjury trial.

The trial is in recess for the Thanksgiving holidays.

**More Than 2,500 Gray County Children Given Preliminary Tuberculin Patch Tests**

By the end of the month, nearly 2,500 school children in Gray County will have been given preliminary tuberculin tests.

The "patch test" as it is called, is given each year to school children beginning with grade school and including high school ages in the county school system.

Tests were started this year during the first week in November and are expected to be completed by Dec. 1. This includes giving the test and reading the results two days later.

The patch resembles a band aid. The gauze, however, is treated with a tuberculin serum. This is adhesive taped to the student's chest and allowed to remain for about two days.

At the end of this time, the gauze is removed. If no irritation has developed under the patch during that time, the student is judged to be free of tuberculosis. However, if the serum in the patch has caused an irritation this indicates the possible presence of tuberculosis.

So far, there have been exceedingly few positive tests. Mrs. Joe Stephens, who is giving the tests, said there have been fewer positive tests this year than she has seen in the past several years.

If a positive test is shown, the case is followed up by a visit to the student's home and a discussion with the family. It is recom-

mended at this visit that the family have further examinations taken by a physician.

In the case of needy families who would find it impossible to continue the examinations and subsequent treatment, funds are provided by the Gray County Tuberculosis Association, sponsors of the tests.

According to Nurse Stephens, the worst years, when there were a great number of positive tests, were during the war when many people were moving to Texas from other parts of the country.

Mrs. Stephens says Texas has one of the cleanest tuberculosis records in the nation. These people moving in from out-of-state raised the tuberculosis record in Texas considerably.

In giving the tests, the association plans that school children receive tests five times during their training in the county.

Tests are given students in the first, third, sixth, ninth and twelfth grades. In addition, all new students in the county system are given tests regardless of age.

By Nov. 23, tests had been given students in all but the Alameda and Grandview schools out of Pampa and those in the Woodrow Wilson grade school and the Junior High and Senior High School.

Funds for the tests are provided by the Gray County Tuberculosis Association through the sale of Christmas seals.

**Taylor Appeal Hearing Slated**

MONTGOMERY, Ala. — (AP) — Senator Glen Taylor's appeal from a disorderly conduct conviction in Birmingham will be heard next Thursday instead of Tuesday by the Alabama Court of Appeals.

The court said it agreed to take up the case Thursday at the request of the City of Birmingham. It is on the docket called for Tuesday, but under court procedure it can be heard either of the two days.

Senator Taylor, Idaho Democrat, was arrested by Birmingham police in May, 1948, while trying to enter a door reserved for Negroes at a meeting of the Southern Negro Youth Congress. The senator at that time was candidate for vice president on Henry Wallace's Progressive Party ticket.

Fined \$50 and given a 180-day suspended jail sentence, Taylor appealed to circuit court, but came out still with a \$50 fine and a 180-day jail term. He appealed them to the Court of Appeals.

# Winter Holds Key To Import Battle

By MAX B. SIKELTON  
 HOUSTON.—(AP)—Only a severe winter probably can stop renewal of the bitter battle over foreign crude oil imports next year.

Winter so far has given no signs of cooperating. As soon as Texas whacked 215,000 barrels daily off its December crude production allowances, import opponents began mapping import strategy once again.

The Texas cutback, reversing a three-month upward swing in production, also was accompanied by new rumors of possible cuts in crude oil prices.

A severe winter in heating oil consuming areas probably would cause import opponents to reduce emphasis on their campaign for Congressional action designed to limit foreign crude being brought into the United States.

Heavy consumption would cut into soaring stocks, permit idle refinery equipment to return to operation, and lead to domestic crude allowable increases.

Two Texas congressmen do not agree on what Congress will do—if anything—about imports.

Speaker of the House Sam Rayburn (D-Tex) last week told reporters he does not think Congress will act, but the solution lies outside the legislative field.

Rep. Ed Gossett (D-Tex) predicted Congress will react favorably to limitation legislation if imports continue to climb.

Testimony before the House small business oil subcommittee left little doubt that imports can be expected to continue upward through the first quarter of 1950.

Department of Commerce figures indicate September imports averaged about 656,000 barrels daily, compared to 591,000 in August. September crude imports were placed at 411,000, up 21,000.

The Senate this year defeated, 41 to 40, a Reciprocal Trade Agreements Act amendment which would have limited imports to 5 percent of domestic production.

Independent oilmen leading the fight for curtailment are confident a separate bill would have been approved.

Several such separate bills, proposing the same limitation, were pending when Congress broke up Oct. 30, including one in the Senate and several in the House.

One was introduced by Gossett, who now indicates he may change his strategy and seek a tax increase on foreign oil.

He said the tax might be as much as \$1 a barrel, compared to the current 10 to 12 cents.

"Revenue, restraint and protection would be the several-fold objective," he said.

Testimony last week indicated major importing companies are not in complete agreement as to the logical course to follow in the future.

Dr. R. E. Wilson, Standard Oil Co. (Indiana) board chairman, advised the committee his company believes imports are "at the present time in part supplanting domestic production."

Cities Service Company officials called for a "proper balance" between imports and domestic production, warning that cutbacks in the United States and increased imports offer imminent

danger to the nation's economy. Opposite views included: W. S. G. Rodgers, chairman of the board of the Texas Co., said restrictions on imports would be contrary to free enterprise and would have adverse effects on international trade.

B. Brewster Jennings, Economy-Vacuum Oil Co. president, saw no likelihood of a flood of Middle East imports unless domestic production proves to be inadequate.

Crude oil stocks increased another 190,000 barrels in the week ending Nov. 12, rising to 254,311,000 barrels. Domestic stocks jumped 619,000 barrels, while imported stocks declined 424,000.

Domestic crude production, as yet unaffected by the new Texas cutback, climbed 25,900 barrels daily in the week ending Nov. 15. Output averaged 5,211,000 barrels daily, compared to 5,170,950 a year earlier.

Refinery operations continued to fluctuate, climbing back to 82.1 percent of capacity, after dropping to 78.5 the previous week.

Small increases in production of light and heavy fuel oil were matched by similar increases in stocks. Gasoline and kerosene stocks dropped slightly.

## Completions For Texas Pass 8,000

AUSTIN.—(AP)—Completion of 190 oil wells boosted the year's total above the 8,000 mark last week, the Railroad Commission reported.

The 1949 total to date is 8,013 compared with 7,081 a year ago.

Fifteen gas well completions left this year's figure of 634 still lagging behind that for the comparable period last year, 654.

There were 68 dry holes. Wildcat drillings resulted in 13 oil wells, one gas well and 55 dry holes.

Seventy-one dry wells, two gasers and 29 oil wells were plugged.

The total average calendar dry crude oil allowable as of today was 2,335,063 barrels, an increase of 9,873 barrels from Saturday a week ago.

## Work Proceeding on Cities Service Plant

Construction on the Cities Service Oil Co.'s \$4,000,000 compound plant at Cleary, Ill., is 45 percent complete, according to a company announcement. First blending operations at the plant are scheduled for the middle of 1950.

Located on a 43-acre tract of land on the Illinois Ship Canal near the edge of Chicago, the plant is designed to compound and blend more than 28,000,000 gallons of lube oil per year.

## Mexico Confident Large Oil Industry Just Matter of Time

MEXICO CITY.—(AP)—Mexico is convinced she is going to have lots more oil in the next few years.

Both tideland (under water) and straight land drilling is confirming predictions that there are big new fields which may double oil production eventually.

Present drilling near the Gulf but extending out under water near Coahuila, (Puerto Mexico) at the very south end of the Gulf of Mexico, near old oil fields, has brought in a new well. Antonio Bermudez, director general of Pemex, government oil monopoly, says a 20-minute test Tuesday, showed a flow rate of 1,170 barrels daily. The well is down 4,100 feet. It is the first achievement of the American Independent Oil Co., known here as "Cima," formed by Edwin W. Paulley with the American Independent Oil Co. and the Signal Oil Co. The group made a contract with Pemex March 11 to drill during 1950 years at its own expense with payment for the work to be paid out of oil produced—plus 15 percent of the oil for 25 years for land drilling and 18 1/2 percent for offshore wells.

Although the actual results so far are not yet in, Bermudez says the drilling supports predictions that there are rich fields around present locations.

Bermudez three months ago said Mexico would double her present production which was given at 67,875,000 barrels for the year ending Aug. 31.

Bermudez previously had counted on big loans from the United States to finance his whole plan, but failure to get the money caused him to turn to the U.S. companies for drilling.

The loan proposal encountered criticism in the United States that money should not be advanced to Mexico for oil production because in 1938 she expropriated the oil properties of U.S. companies, as well as British and Dutch, and still operates them. All the companies were dissatisfied with payment which was long delayed.

OIL FIRE ENDANGERS MISSOURI TOWN—Menacing the town of Union, Mo., a fire raged through several oil company bulk plants and destroyed eight large tanks. The damage exceeded \$100,000 before the blaze was brought under control.

## State Oil Drilling Permits Reach New Peak for Autumn

AUSTIN.—(Special)—Permits to drill oil wells reached a new high for the fall last week when the Texas Railroad Commission issued 344 regular and 68 special permits.

During the previous week, the total was 231 regular and 21 special. In the comparable week of 1948, the commission issued 273 regular and 23 special permits.

Texas operators reported to the commission last week the completion of 241 oil and 15 gas wells, and the abandonment of 88 tests as dry holes. During the week, the totals were 95 oil and 11 gas well completions, and the abandonment of 65 as dry holes. In the like week of 1948, operators reported the completion of 182 oil and 12 gas wells and the plugging of 67 dry holes.

This spurt in drilling operations brings the total of permits granted in 1949 to 13,298, while permits for the same period in 1948 were 12,000. Oil well completions stand much higher than 1948, percentage-wise, with 7,822 to 8,866 for the like period of 1948.

Gas well completions for this year total 619 to 639 for the like period of 1948. Dry holes total 3,467 compared to 3,118 for the corresponding part of 1948.

In the Hugoton field of Kansas, McWilliams C No. 1 in Finney County was completed for an open flow of 20,100,000 cubic feet of gas daily, McWilliams D No. 1 in Finney County for 17,800,000 and Tait B No. 1 in Finney County for 10,100,000 cubic feet.

Hugoton field locations included Atkins E No. 1 and Davies No. 1 in Haskell County, and Reeves A No. 1 in Finney County.

On the oil side, two Ray pool wells were finished. Included were Veeh No. 9 in Phillips County for 219 barrels and Veeh No. 10 in Norton County for 185 barrels. Durfee No. 4, a Bartolomeo news pool producer of Sedgewick County, was completed for a flowing potential of 468 barrels of oil daily. Rathburn No. 4 in the Edwards pool of Ellsworth County was completed for an initial of 90 barrels of oil daily.

## United Pipe Line Gets FPC Approval

WASHINGTON.—(AP)—United Gas Pipe Line Co., of Shreveport, La., is one step nearer final approval of its plans to build 102 1/2 miles of natural gas pipeline in Louisiana.

Federal Power Commission examiner Ewing Simpson ruled last week that the company should be permitted to build the \$5,115,000 line.

His ruling is subject to commission review either on appeal within 20 days by the companies.

## Panhandle Activity Drops As 13 Finaled, 13 Staked

Reports on activity in the Panhandle field for the week ended Nov. 26 show a decided drop in activity in previous weeks.

Operators completed 13 wells last week compared to 16 completions the previous week and 18 for the week ended Nov. 12.

Locations were staked on 13 wells last week and nine gas wells were given Railroad Commission tests.

The commission reported 19 new locations for the week previous and no gas completions.

Total increased potential last week was 855 barrels for a per well average of 65.1. This is compared to 1,107 barrels reported for Nov. 19 and a per-well average that week of 73.12.

Total gas deliverability was \$2,733 MCF.

**Central Wyoming Community Finds Itself on Top of Oil Field**

GLENROCK, Wyo.—(AP)—This Central Wyoming town of 1,300 appears headed for the distinction of being the first in the state to experience town lot oil drilling on a large scale.

The Steclo Drilling Co. has brought in a well on the northern outskirts with an estimated daily production of 3,000 barrels of 40 degree gravity light green oil.

Geologists have suspected for a long time that the town is sitting on top of an oil field. Nearly every parcel of land in town has been leased for months. Now that the new well, No. 1 Mac-Donald, has come in, derricks are expected to go up among the houses and business buildings.

**Sooner Operations Recover; Shell Tests Two in Beckham**

TULSA.—(AP)—Oklahoma oil drilling operations began to perk up a little last week from a siege of the year-end doldrums.

The Tulsa World reported 87 completions with 47 operators for an average daily flow of 6,506 barrels, two gasers flowing 11,732, 900 cubic feet per day cleaned out 18 intermediate string to 2,356 and cemented. Drilling ahead below 2,675 feet.

There were 112 new locations staked out in 28 counties, Garvin leading with 18 starts followed by Carter (15) and Stephens (10). Reports the previous week included 85 finals and 111 new tests.

In the Elk City pool, Shell began production tests on its No. 1 Elie, in C NW SW of 23-10n-21w. The Elie with plug-back depth of 10,300 feet, was perforated from 10,150 to 10,175 with 96 shots and tested with packer at 10,115 feet. Packer was pulled after 18-hour operation which showed 25,500 feet of gas to recover 570 feet of oil and 450 feet of oil and gas-cut mud. Shell was rerun to 10,115 feet. Gas to the surface in four minutes and oil in 21 minutes. The well made 130 barrels of oil and 228,000 feet of gas through 3 1/2 and 1-2 inch chokes. GOR was 1,570.

Company's No. 1 Beck, in C SE NW of 8-10n-21w, completed test at 9,840 to 9,800 feet when the well flowed 13 barrels of oil in 15 minutes and recovered 1,000 feet of oil with 510 feet of oil and gas-cut mud. Drilled to 9,960 feet, another test was being made. Shell No. 2 Yelton in C SW SE of 15-10n-21w, was below 5,250 feet while No. 3 Yelton in C NE SE of 15, set 5 1/2 inch casing with 2,820 feet. No. 1 Walter-C, in C NE NE of 23, set 5 1/2 inch casing with TD below 2,910 feet. The No. 2 Tucker, in C NW NW of 23, is working ahead from 8,800 feet.

Superior Oil No. 2 Nutley, in C NE NW of 19-10n-20w, was drilling below 8,995 feet while Tide Water et al No. 1 C. Walter, in C SW NW of 19, drilled below 4,025 feet.

Shell No. 1 Smith in C NE SW of 7-10n-21w, was working at 8,910 feet in sidetrack, 2,820 feet. The No. 1 Massey, in C SE SW of 8, was below 5,149 feet and the No. 1 State-C in C NE SE of 8, drilled to 6,287 feet.

Shell's No. 2 Slatten, in C SE SW of 9-10n-21w, was 1,200 feet and the No. 1 Reynolds, Hubbard Unit in C SE SE of 13-10n-21w, drilled 4,873 feet.

**LPG Program Is Scheduled**

An all-day demonstration showing the properties and characteristics of liquefied petroleum gases has been scheduled in Pampa for Wednesday. The show is being sponsored by the Texas Liquefied Gas Dealers Association in cooperation with the U. S. Bureau of Mines and the Shamrock Products Co. of Pampa.

The first demonstration will be held in the morning from 10 until 12 noon, at which time a representative of the Bureau of Mines will give laboratory demonstrations on the flammable characteristics of butane and propane.

In the afternoon, an outdoor demonstration will be conducted. With the help of the local fire department, butane and propane fires will be set to show how they can be controlled and extinguished.

Location has not yet been announced.

Arabia, one of the world's richest oil countries.

The Yemenese king and government now have no opposition to conversations with oil companies and possible oil prospecting. If they thereby can secure "benefits for the Yemenese government and its people," said Minister of State Hassan Bin Ibrahim.

**Importers Get New Mid-East Entry Permit**

CAIRO.—(AP)—The Arabian Kingdom of Yemen has announced a new "opendoor" policy toward foreign petroleum interests.

Yemen is probably the largest area in the oil-rich Middle East never explored for possible petroleum reserves.

The government had previously declined to permit foreign oilmen into its isolated kingdom, whose 174,000 square miles border Saudi

## THE DRILLER'S LOG

By BUD ANDERSON

The announced reduction in crude oil production allowances for December "from all indications" will stabilize the price of crude oil for the balance of the year," believes C. H. Wright, president of Sunray Oil Corp.

So, for one month, oilmen can anticipate no changes in the price they will give or receive for crude oil, according to Mr. Wright.

As in nearly everything else, the price of crude oil has risen steadily since 1941. This applies also to the refined products.

For example, the price index for crude has risen more than 100 percent since 1941. The per-barrel average in 1941 was \$1.15. The average through October of this year was \$2.53 which is more than double the 1941 price.

Prices on refined products has risen from \$1.85 in 1941 to \$3.32 in 1948. This is almost 100 percent increase.

The greatest increases have come about during the years following the war. Average crude prices rose only 25 from 1941 to 1946. The difference between 1947 and 1948 averages turned out to be the greatest. Crude reached its peak in 1948 selling at \$2.59 per barrel. It had risen 67 cents from the \$1.92 price in 1947.

The price fell this year to \$2.28. There is little indication there will be any change in the immediate future.

It has finally happened. The Texas Co. is proceeding with plans for a deep test in the Anadarko Basin.

Location has been staked in C NW NW Sec. 151, Blk. 13, T&NO Survey. It is on the C. S. McGarough lease two miles southeast of Gulf's Wamble. By Friday the contractor had not been named nor had the objective been released.

Early rumors had it that Gulf was to assist in the drilling. Later reports indicate this may not be the case.

H. F. Dostler, chief clerk for the Texas Co., returned home Thursday from Worley Hospital. Dostler suffered a heart attack Friday week.

Jim McClintock, supervisor for the Railroad Commission in the Panhandle, is stretching his Thanksgiving holidays into a week. He left Tuesday for parts unknown and is not scheduled to return until tomorrow perhaps.

Panhandle oilmen might take note of a new development for use in the industry. It is a gigantic slipcover for derricks. When used it soundproofs, fireproofs and weatherproofs operations on the well.

The severe winters here in the Panhandle could make one of these treated-fabric covers a welcome on local rigs.

If given the proper care, the covers can be used many times.

Ken Bennett, former oil editor with the News, was in Pampa last week. He came in Friday morning and expects to leave today.

Ken, who is manager of the radio station in Gladewater, Texas, says he hasn't had time to become involved in the oil business in Gladewater. He says the news in the Panhandle and most of the time, he can't figure out what the oilmen there are talking about.

Phillips Chemical Co.'s Cactus Plant, near Etter, passed its millionth man-hour without a lost-time accident at 12 noon, Nov. 15.

The record was established over a period of 391 calendar days, the last lost-time accident having occurred Oct. 22, 1948. Cactus plant produces anhydrous ammonia from natural gas and a safety record of one million man-hours is especially outstanding for a plant of this type. About 450 workers are employed in the plant.

The attaining of this record has been even more difficult than usual because of a large construction program which has been underway at the same time the plant was being operated.

AROUND ABOUT — Murry Body, new land and geological head for Cree Productions in Abilene, is home this weekend. He's trying to buy a home in Abilene.

Leo Frye, engineer for Stanclind, is on temporary assignment to Fort Worth — Roy Guthrie, assistant chief clerk for Sineleit, is on vacation to Phoenix, Ariz. He should be back in town about Wednesday.

## \$3000 -- A Good Buy -- \$3000

### Outside of City Limits

Unfinished house, 1024 square feet with closed in porches having an additional 148 square feet. 2x10 floor joists -- 2x6 studs -- solid roof -- living room and kitchen partitioned -- good pine floor -- outside covered with building paper and ready for weatherboarding or shingles. Foundation poured for 20 x 22 double garage. Lights, water, gas and cess pool.

100 x 140 foot lot with posts set for fence, and driveway covered with caliche. If you desire, seller will allow buyer to have an additional 100 feet along the highway. This is a good buy at \$3000 and seller will give the buyer proper terms with the definite understanding that the house will be finished. Three or four thousand dollars will construct a house that cannot be duplicated for ten.

## Seventy Five Ft. In City Limits-\$1500

# Home Buyers Take Notice

Folks we're going to loose a good citizen---Ed Weiss and his family are moving to Austin --- Ed's already sold his implement business and now we're going to sell his beautiful brick home out on Christine Street---Eds spent a lot of money fixing this home up in the past year thinking that he was going to be here always---but since things have turned up like they have, and since he is moving away on the spur of the moment, its just like I told Ed---he's going to loose a lot of money, and somebody is going to get a home for a bargain.

This is a big three bedroom brick---we've just figured out the floor space not counting the porches and closets, and it figures over 1921 sq feet plus---all the rooms are large and I never saw so much closet and storage space in one house---the living room measures 14x19---dining room 11x13---breakfast room 7x9---kitchen 8x10---two large down stairs bedrooms---and one extra large bedroom upstairs that has a total of 417 square feet in it alone---it has a large finished basement consisting of three rooms---the basement main room is 12x15 1/2 feet---the furnace room is 11x15 1/2 and this houses the furnace that heats the entire house---then it has a utility room for laundry, etc.

The house is carpeted with beautiful carpets from wall to wall---inlaid linoleum on kitchen and both---beautiful drapes on the windows that cost plenty of money---hardwood floors throughout including the doors---every opening weatherstripped---the lot measures 65x140 ft and its well landscaped with underground irrigation system for the trees---two car driveway---large brick garage with garage apartment consisting of living room, bedroom, kitchen and bath, and this is well furnished with extra nice furniture---Ed's been renting this out for \$0.00 per month.

---now here's the deal on this beautiful home---its for sale and we're ready to talk business---if you are interested in a good home we want to show it to you---we want you to see the interior---we want to show you the advantages in buying a home of this quality---if you don't ask for a better location---in fact its just like I say---somebody is going to buy this good home worth the money---if your interested call the office---come in and see us, or see the owner Ed Weiss---we invite the cooperation of other licensed brokers in Pampa.

When you read this go to Church --- You'll feel better the rest of the day.

**PROSIT IN BAVARIA**  
The United States Navy has a way of turning up in the least expected places. Here on leave at Garmisch in the Bavarian Alps, site of the 1936 winter Olympics and in previous days one of the most exclusive resorts in Europe, is an American sailor with two Bavarian friends performing an ancient ritual on a mountain top.

**Trio Rebuilds, Races Scrapped Surplus Plane**

**KELLERVILLE** — (Special) — Like a postman taking a walk on his vacation, Warrant Officer Milton D. Curry, Jr., and two other Air Force men at Biggs Air Force Base, El Paso, recently completed rebuilding a war surplus plane during their off-duty hours.  
The plane, a single-engine Taylorcraft, was flown in a navigation race to Chihuahua, Mexico, recently in connection with the fifth International Aviation Celebration at El Paso.  
The project started last February when the trio bought the plane in Fort Worth for \$200. Working during their off-duty time, they dismantled the ship, added new ribs to the wings, overhauled the motor, and recovered the fuselage.  
With only a small additional outlay, the group estimates their work has increased the value of their investment more than \$1,000. Curry is the son of Mrs. M. D. Curry, Sr., who lives south of Kellerville with another son, D. P. Curry.  
The other members of the trio are Maj. E. A. Powell, commanding officer of the 2nd Strategic Support Squadron, and M-Sgt. A. R. Reddell, crew chief on a C-54 transport.

**Congregation Works To Finish Church**

**DARROUZETT** — (Special) — The Methodists of Darrouzett have been adding the finishing touches to the new church building that was opened in July.  
For the past several weeks, members of the congregation of the First Methodist Church have devoted three or four days of their own time to laying sidewalks, landscaping the grounds, and finishing the interior.  
The Rev. C. T. Jackson, pastor of the church, is a former Pampa pastor.

Fish can be frozen in solid ice for long periods and still survive. They have to thaw out gradually, however.

**Lights Sought For Darrouzett**

**DARROUZETT** — (Special) — The Darrouzett Chamber of Commerce has recommended that the city install several new street lights at various intersections around town.  
The group also said that speeding through the city on Highway 117 was on the increase, and suggested the city authorities take the matter up with state officers to provide what it considered more adequate traffic control.  
A free movie will be shown Saturday, Dec. 24, for the children in the community and treats and favors will be given each child.  
The committee to arrange for the show consists of Mayor Marvin Wood, J. T. Mosely, and M. S. Cross.  
The chamber's next meeting will be Dec. 22.

**Rep. Thomas' Trial Postponed Again**

**WASHINGTON** — (AP) — The trial of Rep. J. Parnell Thomas (R-NJ) on fraud charges was delayed again Monday.  
Federal Judge Alexander Holtzoff reset the trial for next Monday at the request of Thomas' attorney who is engaged in another trial.  
The other trial, a gambling conspiracy case, is expected to end this week.  
In that event, it appears certain that Thomas will go on trial next Monday.
