Captain of Noronic Suspended

30 Nations Asked to Aid U.S. Consul

WASHINGTON — (AP) — The United States has appealed to 30 nations, including Russia, to intervene with the Chinese Communists in behalf of the imprisoned American consul general, Angus Ward.

The State Department announced that Secretary Acheson sent out messages Friday night asking the other governments "as a matter of urgency" to express to the Communist authorities at Peiping their "concern" over the jailing of Ward and freedom of his staff.

Ward and the others were jailed, Oct. 24.

The State Department said that even today other American staff members at Mukden are still unable to get permission to visit Ward.

OTTAWA — (AP) — The owners and master of the cruise ship Noronic were blamed by a Supreme Court of Canada judge today for the Sept. 17 flash fire that took 118 lives as the luxury vessel lay at a Toronto dock.

Justice R. L. Kellock, reporting as commissioner in the Transport Department's inquiry, ordered the master's certificate of Captain William C. Taylor suspended for a year. He also recommended a series of measures designed to tighten safety regulations for vessels like the Noronic.

A 30,000-word report was presented to the House of Commons following the reading by Justice Kellock of a brief court judgment suspending the captain. In the report, Justice Kellock found the loss of life and the loss of the ship were caused by "negligence" of the Canada Steamship Lines, Ltd., the Noronic's owners, and Capt. Taylor to take adequate precautions against fire.

The justice censured the owners and the master, saying they failed to provide proper means of detecting and fighting fires while in dock, and for getting passengers off the ship in the event of fire in port.

The suspension order was contained in an accompanying brief judgment delivered by Justice Kellock in the Canadian Supreme Court.

Hearings on the disaster were held in Detroit, Cleveland and Toronto. Most of the passengers of the cruise ship had been holiday makers from the Detroit and Cleveland areas.

No other hearings were affected by Justice Kellock's order.

During the hearings Capt. Taylor vehemently denied a suggestion by a witness that he had been under the influence of liquor when the ship caught fire in the dead of night. The charge was made by witness C. R. Willson, a survivor, at the Cleveland inquiry. Other survivors, however, said the 66-year-old master had acted in a normal manner.

Survivors among the 600 holiday makers who were on the cruise ship told of the scene of panic and terror when a wall of flame swept through the ship. Passengers, most of them in bed, were awakened by screams and smoke. Many jumped overboard to safety as the fire consumed the 36-year-old Great Lakes steamer at her dock.

HELD IN MURDER—Neil Butterfield, 16-year-old hot-rodder, is being held in connection with the killing of 7-year-old Glenda Joyce Brislows of Burley, Ida. Arrested at Hammett, Ida., after attempting to flee from police, he was taken to Twin Falls to protect him from angry Burley townspeople.

LOS ANGELES — (AP) — Some 25 cases of sexual molestation of children—way more than usual—have been reported in Los Angeles in the week since six-year-old Linda Joyce Glucoft was slain last Saturday.

The citizenry here is so keyed up about the situation that a mass meeting will be held tonight under the sponsorship of parent-teacher groups. Purpose of the meeting will be to discuss methods of dealing with sexual criminals.

Fred Stroble, 66-year-old retired baker, will appear today for a preliminary hearing on charging of choking, bludgeoning and stabbing little Linda to death after molesting her in a bedroom.

Stroble now is in solitary confinement after jailers reported "rumblings" among other prisoners.

"I have heard rumblings and rumors about what other prisoners might try to do to him" said Chief Jailor Charles A. Fitzgerald.

Emerging as the new "strong man" of Panama's turbulent politics was Police Chief Col. Jose Remon, 41.

Chanis was swept out of office because he tried to fire Remon and two of his top aides in the 2,000-man Police Department that is Panama's only armed force. Chanis said he demanded the resignation of the three police leaders because they held interests in two monopolies outlawed by the Supreme Court—a beef slaughtering houses and commercial bus companies.

Instead of resigning, Remon ordered out his police and isolated the Presidential palace. Radio broadcasting was suspended, newspapers were ordered to withhold their Sunday editions and telephone service was stopped.

This happened Saturday night.

Raped Body of 17-Month-Old Found in Mud

FRESNO, Calif. — (AP) — The raped body of a 17-month-old girl was found in a muddy field near Huron last night, her head jammed into the mud.

Deputy Coroner L. R. Webb said the girl, Josephine Yanes, was raped and then smothered in the mud. There were teeth marks on the body.

The child was the daughter of Mr. and Mrs. Joe Yanes of Huron. She was kidnapped from her parents' car in front of a dance hall at Huron, 40 miles southwest of here, early Sunday.

J. Ed Martin, head of the Fresno County sheriff's office criminal identification bureau, said the killer was "the most vicious murder ever committed in Fresno County."

Constable Jeanne Peterson and Deputy Sheriff Gene Pedmore said the girl was abducted while her parents were absent from the car for a few minutes.

The child's coat had been thrown over her and she was nude except for a shoe on the left foot and her bonnet, the strings of which were drawn tightly around her neck.

Panama Has New Leader After Revolt

PANAMA, Panama — (AP) — This little Central American country, site of the Panama Canal, changed presidents over the weekend in a bloodless night-time revolt staged by police force leaders.

President Daniel Chanis, surgeon-politician who has been president less than four months, resigned after helmeted police surrounded his palace. Vice President Roberto F. Chiari, 44, was sworn in as President at 8 a. m. Sunday.

Chanis was swept out of office because he tried to fire Remon and two of his top aides in the 2,000-man Police Department that is Panama's only armed force. Chanis said he demanded the resignation of the three police leaders because they held interests in two monopolies outlawed by the Supreme Court—a beef slaughtering houses and commercial bus companies.

Instead of resigning, Remon ordered out his police and isolated the Presidential palace. Radio broadcasting was suspended, newspapers were ordered to withhold their Sunday editions and telephone service was stopped.

This happened Saturday night.

CARGO PLANE CRASHES INTO DETROIT HOUSE—Firemen move in closer to train hoses on the burning fuselage of a cargo plane and the wreckage of a house into which it crashed at Detroit. The plane was making a landing approach at Detroit's City Airport when it hit the house. Three persons were killed and three injured. (AP Wire photo)

Search Pressed for Missing Plane With Refugee Children

Three Bandits Are Sought in \$15,000 Theft

FORT WORTH — (AP) — Fort Worth today was hub of state-wide search for three armed bandits who yesterday invaded the home of Oilman Charles Renaud, bound the family and a maid and escaped with \$15,000 in loot.

Detective Inspector H. Clay Bishop said description of the robbers generally matched that of three men who held up a Lubbock department store and escaped with more than \$1,000 Saturday night.

Taken at the Renaud home were a \$6,000 diamond bracelet and a \$2,500 star ruby and diamond ring.

Held prisoner was Charles L. Renaud, president of the Westexas Oil and Royalty Company, his wife and daughter, a young girl, and a Negro maid, Nellie Arth.

The maid, Mabel Wright, discovered the men in the house at 7:35 a. m.

One ordered her into the bedroom of the Renauds' daughter, Sara Renaud, nine. The girl and her overnight bag were taken, they were covering on their beds.

Two men walked into the bedroom of Mr. and Mrs. Renaud.

"When I saw that 38 automatic I knew it was the real thing," Renaud said.

The men ordered the Renauds downstairs to where the others were being held. The men used adhesive tape to bind the adults.

Mail Delivery Is Extended

Mail delivery will be started Friday in the north section of town, W. B. Weathered, postmaster, said this morning.

A carrier will make the rounds Wednesday to check with the residents who will be added to the city's delivery. The carrier will check on the mail boxes or mail slots and see that each house is correctly numbered. He will want a list of the names of all persons in each house who will receive mail.

The carrier will leave a form at all houses where the occupants are not at home Wednesday. If residents will fill out the forms and place them in their mail boxes, they will be picked up Friday on the first regularly scheduled delivery.

Blocks to be added include 1200 and 1300 Williston; Worrell to 21st on Hamilton; Worrell to 21st on Christian; Worrell to 21st on Duncan; and 400, 600 and 700 on Doucette.

SALES STOPPED

PRAGUE, Czechoslovakia — (AP) — The Czechoslovak government stopped the sale of second hand books, thus cutting off the last source of books lacking Communist approval.

THE WEATHER

U. S. WEATHER BUREAU

WEST TEXAS: Fair and a little cooler this afternoon and tonight with lowest temperatures 24-28 in Pampa and 22-26 in Amarillo. Clear and cooler tonight, Tuesday fair and not quite so cool in afternoon.

Long-Time Resident of Wheeler Dies

WHEELER (Special) — Funeral services were held at 2 p. m. yesterday for W. J. Greenhouse, who died Friday at his home southwest of Wheeler.

Services were held at the Methodist Church with the Rev. Darris Egger, pastor, officiating, assisted by Dr. C. C. Merritt. Burial in the Wheeler cemetery was under Kirk-Mason direction.

Six of Greenhouse's nephews acted as pallbearers.

Greenhouse was born in Birmingham, England, Oct. 28, 1873, and came to Canada with his parents when he was 12 years old. The family later moved to Dallas County, Texas, where Greenhouse met Miss Beatrice Rowe, who had come to the United States from her native Cornwall, England.

The couple married in 1902 in Wheeler County, and came to Wheeler in 1917. They lived in the Kellon Community until 1920, when they moved to their present place southwest of Wheeler.

In addition to his wife, Greenhouse is survived by one son, Henry of Wheeler; by two daughters, Miss Dorothy Greenhouse of Wheeler and Mrs. Mattie Woolsey of Borger; by three brothers, H. H. Greenhouse of Pampa, R. A. of Vernon, A. E. of San Gabriel, Calif.; by one sister, Mrs. B. F. Christian of Denton; and by six grandchildren.

Wife of Local JP Succumbs

Mrs. Nettie Henry, 74, of 522 N. Nelson, died at 3:50 a. m. today after a lingering illness.

Funeral services will be held at 3 p. m. tomorrow from the First Baptist Church with the Rev. E. Douglas Carver, pastor, officiating. Burial, under Dueneke-Carmichael direction, will be in Fairview Cemetery.

Mrs. Henry was born in Smith County, Tenn., March 19, 1875. She and her husband moved to Pampa in 1909 from Hydro, Okla. They farmed for a while and then Henry operated the Henry Bros. Grocery here for many years.

In addition to her husband, D. R. Henry, justice of the peace of Precinct 2, she is survived by one daughter, Mrs. Virgil Castle of Perryton; and by one son, Tom of Wichita, Kans.

Pallbearers for the services tomorrow will be: Charley Thut, Ray Wilson, C. L. Comer, R. E. Frierson, Marshall Brooks, and Cecil Trollinger.

Meter Patrolman Quits Pampa Force

Meter Patrolman Mack E. Taylor handed in his resignation from the Police Department to Chief of Police John Wilkinson this morning.

The resignation will be effective as of Dec. 1, Wilkinson said. Taylor was commissioned a policeman on Sept. 1, 1947, and patrolled the parking meter beat most of the time.

No replacement for him had been made by noon today.

Food, Families and 'Little More Room' —That's What Survivors Thought About

HAMILTON, Bermuda — (AP) — Beefsteak, families, insurance and "move over and give me a little room" —

That's what survivors of the ditched B-29 said they thought about during 79 "miserable" hours on two six-man life rafts in heavy Atlantic swells north of Bermuda.

The 18 survivors — four of them on stretchers — arrived here yesterday afternoon aboard the Canadian destroyer Haida. The ship picked them up Saturday afternoon after a U.S. Air Force B-17 sighted them about 400 miles northeast of Bermuda.

Two of the 20-man crew drowned before they could get through the heavy swells to the two life rafts. One of the 18 survivors was suffering considerably from shock.

But 14 of the bruised and salt-caked airmen walked unaided from the crashboats that brought them to the shore from the destroyer.

Most of the men were considered in good condition. Some had suffered sprains. Some had salt water sores. But the majority seemed fairly fit.

The plane's commander and pilot, Lt. Col. John Grable of March Field Air Base, Calif., said the church was to be a first stop ashore for most of the rescued airmen.

"Then maybe we will celebrate a bit," Grable added.

Vice Chief Says State of Nation Good

ATLANTA — (AP) — Take it from the vice president of the United States — the state of the nation is good.

"You wouldn't expect me under the circumstances to be pessimistic, would you?" honey-mooning Alben Barkley queried.

The Veep and Mrs. Barkley drove into Atlanta last night on their way to "Shangri-La."

He wouldn't say where that is but remarked, "We're getting closer all the time."

Barkley pronounced his bride "such a good driver that I glide along without nerves" and added "things have been so peaceful that I'm getting suspicious. Why don't even argue about what route to take."

Mrs. Barkley murmured, "You sound like you're on a honeymoon."

They drove down from Nashville yesterday, stopping near Chattanooga to eat a box lunch.

They tried to slip quietly into Atlanta's downtown Hotel Ansley last night but were met by so many reporters and photographers they agreed to receive the press.

At one point Mrs. Barkley proved as quick with a quip as the veep.

Refusing to be photographed eating an apple from a gift tray of fruit, Barkley said, "I don't want to pose with my mouth open."

The bride looked at the talkative vice president and remarked with a smile, "You mean with your mouth open while you're eating."

They were married in St. Louis Friday.

Crackers Take \$4,000 From Safe

DALLAS — (AP) — Nearly \$4,000 in coins and \$200 in bills were taken from a Southwestern Bell Telephone Company office safe Friday.

Police said the burglary was discovered yesterday afternoon by A. H. Leach, manager of the public telephone office, who had noticed that the company's panel of the building was ajar.

The safe crackers took the truck to haul away the loot.

The coins had been collected from pay telephones in such places as Waco, Tyler, Paris, Gainesville and Marshall.

Most of the stolen money—\$2,500 of it — was in nickels. The truck later was found abandoned.

No Candidates For Commission

The field of candidates for Ward 2's City Commission post was still empty today, City Secretary R. E. Anderson said.

The post that was vacated for the second time this year had no takers by noon, Dec. 20 is the deadline for filing of candidacy affidavits.

The seat was first vacated in June when City Commissioner Vernon Hobbs resigned due to illness. At a special election in July Murray E. Body was elected over a field of three. Body resigned in the early part of November when he moved to Abilene and created the vacancy again.

The special election has been set for Jan. 10, 1950, and affects only voters of Ward 2.

WE HEARD . . .

Local businesses are asked to close at 1:30 p. m. Dec. 2 in recognition of the Pampa Harvesters. At a meeting of the Pampa Retail Trade Committee this morning this was recommended so all of Pampa can be at the Pampa-Wichita Falls game.

District Clerk Dee Patterson explaining away a bandaged finger as being caused by a sewing needle. Later a reliable source reported Dee tried to play mechanic and fix the office stapling machine. A local physician removed the staple.

Trustees of Welfare Fund In Hot Session

WASHINGTON — (AP) — The quarrel between John L. Lewis and Senator Bridges (R-NH) over spending the coal miners' welfare fund promised today to enliven a meeting of the three-man Board of Trustees which controls the money.

Lewis represents the United Mine Workers on the board and is chairman. Senator Bridges has been the neutral trustee since he was named during the pension strike of 1948.

The soft coal operators are changing trustees, replacing Ezra Van Horn with former Judge Charles I. Dawson of Louisville, Ky. Van Horn has resigned and said he would not attend today's session. It was Dawson's first meeting with Lewis and Bridges.

It was learned that Bridges intends to press the fight against using funds collected since the miners' contract expired June 30, and to cut out all payments from money remaining in the treasury from collections before that. The fund is financed by a 20 cent royalty on each ton of coal produced.

The miners have been working this summer and fall without a contract. About \$13,000,000 was collected since June 30 and Bridges, fearing his responsibility as a trustee in the absence of a contract, voted against using that money.

Lewis has argued that the benefits should be kept up, even if it means spending the summer collections.

The senator has asked for a (See TRUSTEES, Page 11)

Britain's Field Marshal Comes To U.S. on Important Mission

WASHINGTON — (AP) — Britain's Field Marshal Viscount Montgomery of Alamein arrives in the United States today for an unofficial but highly important round of meetings with American top-ranking military men.

On the record, the little British warrior with the famous black beret comes to this country as the guest speaker on Nov. 29 before the English-Speaking Union in New York.

But during his 12-day trip he will visit General Eisenhower, his boss in World War II; General Omar N. Bradley, chairman of the joint chiefs of staff; General Joseph L. Collins, Army chief of staff, and other military and diplomatic leaders.

Monty already has announced he will "talk defense with anyone who will listen." There is no doubt the military men will be ready to listen. Montgomery is now chairman of the Western Union Defense Alliance. He has been working for months on plans for Europe's defense.

These plans for England, Belgium, France, Holland and Luxembourg will form the hard core of the basic defense plans (See BRITAIN'S, Page 11)

Cactus Jack Is 81 Tomorrow

UVALDE — (AP) — Cactus Jack is 81 tomorrow.

That's another milestone for John Nance Garner, 32nd vice president of the United States, toward a personal ambition: to live to be 93.

Garner, ruddy faced and white haired, said when he retired from politics in 1941 that he wanted to live that long. "So that more than half my life can be that of a private citizen."

For 46 years, Garner was in public life — as a Texas legislator and congressman, speaker of the national House of Representatives and vice president.

There's been no announced plan for any celebration of Garner's birthday. He doesn't care for much of that. Last year he and an old crony, Ross Brumfield, were deer hunting on the day he became 80.

Garner is the only Texan ever to become vice president. Twice he sought the Democratic nomination as president. Each time it went to Franklin Delano Roosevelt, the man with whom he served as running mate two terms.

Cactus Jack said he was going to retire from politics after he swore in Henry Wallace as his successor in 1940. He did just that. He has taken no part in local, state or national campaigns. But he's still remembered and respected by the nation's leaders. Last year, President Truman stepped off his campaign train for a big "Texas" breakfast with Garner.

Up early, tending to chores around his Uvalde Ranch, the nine acres with the big pecan trees, doing what he wants in the daily routine Garner has followed.

About the only change these days is the fewer fishing and hunting trips he makes.

Born in Red River County, Nov. 22, 1868, Garner could have fitted the role of an Alger hero. He walked to and from a crude (See CACTUS JACK, Page 11)

Pampa-Wichita Falls Tickets to Go on

Tickets for the Pampa-Wichita Falls football game will go on sale at 9 a. m. tomorrow at the School Business office in the City Hall. Roy McMillen, school business manager, said today.

The game will be played in Pampa on Dec. 2.

Residents who bought season reserve tickets will have the first option for the same seats. They may pick up the tickets later in the week.

Garner Goes Deer Hunting

Garner (right) and his old crony, Uvalde, Texas, game warden Ross Brumfield, check their gear before setting out on a deer hunting trip, Nov. 16. Garner, 81, and Brumfield, 85, have been going deer hunting together every year for the past 30 years. "Gonna rough it and stay until we get our limit," Garner said. In Texas that's two deer apiece for the season. (AP Photo)

HIGH-FLYING NEWSPAPERBOY — When Stan Moore of Rawlins, Wyo., is late with his papers, his customers look for him with a pair of binoculars. Stan delivers a paper to 100 ranches by airplane in the Rawlins area every Sunday morning. He uses pinpoint bombing technique and claims he's never missed a ranch yard yet. Stan is seen warming up his light plane before taking off on his paper route.

Ford Makes Pension Offer

DETROIT — (AP) — The Ford Motor Co.'s nearly 25,000 salaried employees were promised a pension Saturday.

The pension program will be similar to that agreed to earlier between Ford and the CIO United Auto Workers for its 115,000 production workers.

Like the union members, salaried workers will receive \$100 a month retirement benefits, including Social Security, at the age of 65 and after 20 years of service. The pension costs will be borne by the company.

Announcement of the new program was made by company President Henry Ford II in a letter to the salaried employees.

In addition, employees with a base salary above a stated amount, tentatively set at \$3,600 a year, will be entitled, but not required, to join in a supplementary program for additional pension benefits.

However, the supplemental benefits will require 50-50 contributions by the employees and company.

Final details of the salaried employees' pension program have not been worked out, Ford said, and will be subject to approval by the U. S. Treasury Department.

The new plan will be effective next March 1 and benefits will start next April 1. These dates correspond with the timing of the pension program for production workers.

Export Controls on Rice Are Eased

WASHINGTON — (AP) — The Commerce Department Friday eased export controls on rice now in surplus supply in this country — and announced it will drop the controls altogether on Dec. 31.

Effective immediately, rice shipments valued up to \$1,000 may be shipped anywhere without obtaining an export license. Formerly, licenses were required for shipments valued above \$10.

As in any spray paint job, work should be done outdoors or in a well-ventilated, draft-free room. A painter's mask, or a homemade one of gauze, is a wise precaution.

At present, only enamels are available in the spray cans. There are 10 colors, plus white, black and aluminum.

And if you get it mixed up with your insect "bomb," it may kill the flies by giving them the painter's colic, but it will also leave a colorful splash to mark the spot.

Paint Can Works Like Bug 'Bomb'

CLEVELAND — (NEA) — Now they've made painting as easy as killing bugs.

With a spray, that is. This time the spray is built right into the paint can, like an insect "bomb."

All you have to do is approach whatever it is you want to paint, give the self-pressured paint can a good shaking and turn it upside down, then open the nozzle and aim.

When you shut off the nozzle, it seals the unused paint in the can for future use without letting it dry out, says the Honor Corp. of Cleveland, which just put the self-spraying paint on the market. And you can use it all, right down to the last drop.

As in any spray paint job, work should be done outdoors or in a well-ventilated, draft-free room. A painter's mask, or a homemade one of gauze, is a wise precaution.

At present, only enamels are available in the spray cans. There are 10 colors, plus white, black and aluminum.

Budget Board to Meet on Nov. 29

AUSTIN — (AP) — Acting Lieut. Gov. G. C. Morris announced organizational meeting of the new Legislative Budget Board for Tuesday, Nov. 29, in the Senate chamber.

The board was created by the last Legislature to survey state financial needs and recommend budgets to each Legislature.

British Commonwealth Now Preparing to Recognize Reds

LONDON — (AP) — Eight British commonwealth nations were reported to have decided they would recognize the new Chinese Communist government. But when is still a question.

Official sources disclosed that representatives of Britain and seven other commonwealths met in London last Tuesday and all accepted the principle of recognizing the Peiping regime of Mao Tse-tung.

India and Canada were said to favor an early move, while South Africa and New Zealand advocated deferring action as long as possible.

British Foreign Sec'y Ernest Bevin was reported to have taken a middle-of-the-road stand. The others were represented by their high commissioners in London. They are: Canada, India, South Africa, New Zealand, Ceylon, Pakistan and Australia.

Bevin, informants said, told the meeting Britain herself is unlikely to act before the first or second week in January for these reasons:

1. The United States has told Britain and France it would be "most unfortunate" if any big Western power recognizes the Peiping government out of concert with its partners — at least

until the United Nations General Assembly ends talks on the dispute between the Chinese Nationalist government and the Soviet Union.

2. The Netherlands has told her North Atlantic Treaty partners that premature recognition would give new heart to Indonesian Communists and might upset the recent Dutch-Indonesian agreement to set up the United States of Indonesia before the new year.

3. Australian general elections, Dec. 10, and New Zealand elections, Nov. 30, would be out of the way by that time and the Chinese issue would not be risked as a football of commonwealth party politics.

It was reported here that Chinese Nationalist authorities have placed orders for \$15,000,000 worth of arms and ammunition in France, Belgium and Spain.

The informants said four firms that obtained the orders were told they would be paid in American dollars direct from the United States.

NEW YORK — (AP) — Bill (Bojangles) Robinson, 71-year-old Negro dancer, remained in critical condition today. He has a heart ailment.

Wheeler

WHEELER — (Special) — Mr. and Mrs. Bernard Smith are the parents of a son, David Benjamin, born Friday at the Wheeler Hospital.

Mr. and Mrs. G. W. Dawkins are the parents of a daughter, Glenda, born Saturday at the Walker Clinic.

Mrs. Edna Dawkins of Cheyenne, Okla., is visiting her son, D. W. Dawkins, and family this week.

Amarillo Elected To Girl Scout Post

MILWAUKEE — (AP) — Two Texas women received offices in the Girl Scouts of America organization at a meeting here Friday.

Mrs. R. A. Burnett, Amarillo, Texas, was elected a regional member of the national board. Mrs. Will Clayton, Houston, was appointed a member of the Girl Scout National Advisory Council.

FIVE AIRMEN DIE

SINGAPORE — (AP) — Five Royal Air Force personnel were killed and two seriously injured when an RAF Sunderland crashed in the straits of Johore off Singapore Island during a takeoff Sunday night.

Tax Boost for Oil Imports Is Proposed

WASHINGTON — (AP) — A boost in import taxes on foreign oil was proposed by Rep. Gossett (D-Tex.) to protect the domestic petroleum industry and provide more revenue for the government.

He said he is considering introduction of legislation next session to achieve this end.

"Several members of Congress have suggested that this tax should be raised to as much as \$1 per barrel. It now is 10 1/2 cents," Gossett said in a statement.

"Revenue, restraint and protection would be the several-fold objective of such legislation."

Gossett expressed concern over the present volume of foreign oil flowing into this country. He said that on the basis of government estimates it would reach 700,000 barrels daily in 1950.

should therefore be pleasing to the administration. It would have the desirable result of furnishing some protection to the domestic petroleum industry, which can and does produce a surplus of petroleum products.

"If the imports of petroleum and petroleum products continue to increase, Congress will certainly look with favor on some remedial legislation."

Congressmen from oil-producing states during the last session sought to cut down unsuccessfully petroleum imports. By a one-vote margin they lost a battle in the Senate to have imports limited to five percent of domestic consumption. The administration opposed the move.

The Texas Railroad Commission, oil regulatory body of this state, announced recently that petroleum production in Texas would be cut 218,387 barrels daily in December.

Current net production in the nation's leading oil state was given at 2,313,227 barrels daily. The cut would reduce the figure to 2,094,870 barrels for the 31-day period.

ABOUT VETOES

A bill which the President does not sign within 10 days after Congress adjourns automatically dies by "pocket veto." When Congress is in session, an unsigned bill becomes law unless vetoed within 10 days after it reaches him. To veto a bill it is necessary for the President to send a message to Congress.

Gilmore to Head Young Democrats

CHATTANOOGA, Tenn. — (AP) — D. Wilson Gilmore, 37-year-old Benton, Mo., attorney, was elected national president of the Young Democratic Clubs of America by a unanimous vote here Saturday night.

Gilmore is a Missouri senator. He had the support of the retiring president, Roy Baker of Sherman, Texas.

He was elected by acclamation after four other candidates withdrew in his favor.

The new YDC president served in the Navy in World War II and was released from active duty with the rank of lieutenant-commander.

A graduate of Washburn University at Topeka, Kans., Gilmore is president of the YDC in Missouri and is a former prosecuting attorney of Scott County, Mo.

He is married and has four children.

As yet, Mount Everest never has been climbed, even by climbers carrying oxygen tanks. But it has been proved that it is possible for human beings to exist at that height without artificial air. Oxygen enables men to climb faster and thus suffer less from the severe weather.

John Paul Jones was the first great U.S. naval hero.

Lucky Luciano Denies Marriage

ROME — (AP) — Charles (Lucky) Luciano has added his denial to that of Miss Igea Lissoni that they are married.

"It ain't true," said the former New York vice king in response to a query about a report of the marriage published in the Rome Daily American.

Friday night Miss Lissoni, 28-year-old Italian dancer, made a denial by telephone from his penthouse. She has been Luciano's almost constant companion at his public appearances since he was deported from the United States three years ago after serving a 10-year prison term for white slavery.

A day at sea is divided into six periods of four hours each.

HUNTED... AS NO MAN HAS EVER BEEN HUNTED!

NATURE - CONT. - WINTERS
CRY of the CITY

Q—What is the record weight for a tuna?

A—The largest caught, according to the records, weighed 1800 pounds. It was harpooned off Westport, Nova Scotia, in 1934.

Q—How does the population of India compare with that of the United States?

A—India's population is more than twice that of the United States.

Q—What attorney-general had the longest term of office?

A—William Wirt, who served as attorney-general for 12 years, overlapping the terms of Presidents Monroe and John Quincy Adams.

Q—Is there in existence an authentic death mask of Mozart?

A—An Austrian commission of anatomists and music historians has decided that the bronze death mask of Mozart, which a Viennese sculptor recently claimed to have found, is genuine. It appears that it lay for years unidentified in a junk dealer's shop.

Q—In international trade what is the "most-favored-nation clause"?

A—A most-favored-nation clause in a trade treaty guarantees the nation signing it that it will receive any advantages granted to any other country in future agreements.

Q—What causes rot in trees?

A—Rot or decay, sometimes termed dot or peckiness, is caused by the action on the wood by fungi, low forms of life related to the mushrooms. The fungus threads penetrate the wood and break it down.

Q—Is it true that most of the paper that we use today is made from wood?

A—Yes. Only small quantities of paper are now made from linen or other cloth rags—the reverse of 150 years ago, when little, if any, paper was made from wood.

Q—When was the National Educational Association organized?

A—This voluntary organization of teachers had its beginning in 1857 in Philadelphia, Pa. It now has an active membership of over 400,000.

Q—Where did the first battle of the Civil War take place?

A—Phillipi, West Virginia, was the scene of the first land skirmish of the Civil War.

Q—Which is the largest public trust fund in the United States?

A—The Ford Foundation, with funds amounting to \$208,000,000, is the largest public trust. It was established in 1936 for scientific, educational and charitable purposes, all for the public welfare.

58 Students From Area at Canyon

CANYON — The Pampa area including Alanreed, Mobeetie and Lefors is represented by 58 students in the fall enrollment at West Texas State College.

For the second straight year enrollment records have been broken with 2004 students signed for full-time work. Of this figure, 1538 are studying at the Canyon campus and 466 at Amarillo Center.

Students from Pampa proper are: Freshmen — Rosamond Allen, Nancy Brummett, Ann Kinsey, Nadine Pierce, Mary Jean Hoover, Don Byars, Bobby Johnson, Lamar Lively, Norman Phillips, David Plank, Dan Stallings, Billy Stovall, Raymond Hernandez, Gene Garrison, R. M. Wells, and Roberts Sargent.

Sophomores — Virginia Kelley, Harriett Nichols, Ethel Steeps, Aurelia White, Jimmy Crowover, Thomas Perkins, Thomas Gee, Evelyn Reed, and Bobby Tucker.

Juniors — Pat Sutton Applewhite, Dan Johnson, and William Leith.

Seniors — Edith Morrow, Tommy Adkins, Emerald Cummings, Don Hunt, Charles Mangold, and Frank Stallings.

Graduates — Raymond Perkins, Margaret Gaut, W. C. Hutchinson, Ruby Johnson, Jack Nichols, Mrs. Patricia Nichols, and Charles Meech.

Hugh Greiner is studying as a special student.

Enrolled at the college from Lefors are Bobbie Jean Hedrick, Tommy Jinks, Freddie Newsum, Freshmen; Bobby Houchin, Jackie Jackson, Joe Ogden, C. H. Keeton, Sophomores; Lewis Andrews, Kenneth Tubbs, Juniors; and Joe Page, Senior.

From Mobeetie are Myrtle Norman, Senior, and Beverly Gayle Caldwell, May Ruf, Freshmen.

Listing Alanreed as their home are Evelyn Carpenter, Junior, and Edward Snyder, Senior.

Junior Crams Mouth Full for Purpose

AUSTIN — Do you wonder why Junior crams his mouth full of food and you eat a bite at a time?

It's because you and Junior have a different eating apparatus, says Dr. Karl Dallenbach, professor of psychology at the University of Texas.

"Experiments have shown an adult is sensitive to taste only on the outer edge of his tongue, while a child tastes with his entire mouth," Dr. Dallenbach explains.

"Somewhere between childhood and adulthood a person loses most of his youthful taste ability."

Dr. Dallenbach and a graduate researcher, Mrs. Eris Darnall of Mansfield, are experimenting to find just when the change occurs.

'Deficit Financing Spree' Charge is Hurlled at Truman Administration

WASHINGTON — (AP) — Senator Bridges (R-NH) has accused the Truman administration of launching on a "deficit financing spree" without making any effort to cut government spending.

President Truman has said he is doing his utmost to keep spending on a tight basis. He has said, too, that the budget deficit for the fiscal year which began July 1 will result mainly from the \$5,000,000,000 income tax cut which Congress passed over his veto in 1948.

Administration officials have estimated that the deficit for the current year will amount to about \$5,500,000,000. Some Congress members have predicted it will hit \$7,000,000,000.

Bridges is the senior Republican on the Senate Appropriations Committee. He headed the group during the GOP-ruled 80th Congress.

"There has been no effort whatever on the part of the administration to cut expenses," Bridges told reporters.

"Something has got to be done to avert a further deficit financing spree like the one we are on now, and the remedy should be a reduction of spending."

The New Hampshire lawmaker added that expenditures could be slashed substantially "without any harm to any department of the government" or to the foreign aid program.

Taking issue with Mr. Truman, Bridges said there is no need for a tax increase to wipe out the deficit.

"I am absolutely against raising taxes," Bridges declared.

Services Held for Texas Oil Pioneer

BEEVILLE, Texas — (AP) — Funeral services were held last week for C. F. Nichols, 59, who was credited with founding the Bee County oil industry. He died Tuesday night of a heart attack.

He is survived by his widow; two brothers, T. R. of Amarillo and H. A. of San Antonio, and a sister, Mrs. Florence Golladay, Farwell.

"LOOK, NO ANTS!"—A temporary shortage of ants forced ant-eaters Sam, left, and Londo to revise their diet slightly. The long-snouted animals, recent arrivals from South America at the San Francisco Zoo, are gulping down a hamburger handout from keeper Bill Willis.

Navy to Retire 20 Percent of Combat Planes

WASHINGTON — (AP) — The Navy has ordered about 20 percent of its combat planes taken out of service during the next four months and is considering whether others must be withdrawn.

The move signals insistence from Defense Secretary Johnson on economy cuts, bitterly protested by naval officials, which figured in recent Congressional hearings on inter-service rows.

The Navy announced that a total of 35 squadrons — 28 Navy and seven Marine — will be decommissioned. The sea service now has about 2,250 first-line combat planes, besides support and service aircraft.

The 35 squadrons to be decommissioned contain about 480 combat craft.

The Navy Department announced some time ago that a 25 percent cut in air strength would be required under the

Retail Business Shows Slight Gain

NEW YORK — (AP) — Retail business during the past week showed a slight gain over the preceding week but remained a little below last year's level, Dun and Bradstreet reported.

For the country retail volume was estimated at four to eight percent below a year ago, and the Southwest, down 10 to 14 percent.

RELIEF AT LAST For Your COUGH

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CRANBERRY PUNCH
A McCall's Magazine Fall-Food Recipe

2 cups fresh cranberries
2 cups water
3/4 cup sugar
1/2 cup lemon juice
1/2 cup orange juice
1/2 cup pineapple juice
1/2 cup ginger ale
1/2 cup sparkling water

Cook cranberries, sugar, water, cinnamon and cloves until cranberries are soft. Put through a fine strainer and cool. Pour into freezing tray of refrigerator and freeze until firm. When ready to serve put this delicious ice into a chilled bowl, add chilled pineapple juice, lemon juice and ginger ale or sparkling water. Stir and serve. This makes about 3 quarts with more sparkling water.

Thief Passes Up Korean Christmas

MALDEN, Mass. (AP)—Mrs. Gladys Spooner, 33, was happy today at recovering \$2500 worth of plane tickets, and police were hunting for a thief who didn't want to fly to Korea.

The missing tickets were found by a post office clerk and returned to Mrs. Spooner who plans to leave with her 3 children for a Christmas in Korea with her husband, Arthur, an engineer.

A night clerk sorting mail noticed the tickets in a torn envelope and Assistant Superintendent John Rooney remembered reading a newspaper account of Mrs. Spooner's loss Friday. Mrs. Spooner said the family couldn't make the trip if the tickets weren't found.

The police theory is that a thief stole the tickets on a bus and then just dropped them in a mail box when he decided he didn't want Christmas in Korea.

Three Amarillos Charged With Assault

ODESSA (AP)—Three Amarillo men have been charged with assault with intent to murder James Bennett, 34, of Lubbock. The three men—Lettus Giles, Eric Pruitt and Edward Jones—were walked into the sheriff's office Friday and surrendered. Bennett was shot and stabbed outside an Odessa cafe Nov. 3. He was released from the hospital last week.

Businesses Show Slump In October

AUSTIN (AP)—A slump in starting of new businesses was reported for October by the Texas Employment Commission.

Only 28 new firms began operations. It was the lowest number in one month since December, 1947, when 18 were reported.

Jobs created by the new businesses totaled 728, with an average of 28 per firm. New establishments employing eight or more persons were included in the TEC report.

Wholesale and retail trade led other industry groups in new undertakings for the month, with 307, or 42 percent, of the new jobs created.

The Dallas TEC district led in number of new firms established, with six employing 85 employees. All were located in Dallas proper.

San Angelo led other Texas cities in total new employment. Although only one firm was reported opening its doors for business in October, 200 workers were employed in the manufacture of men's and boy's sport clothes. The firm was also the largest to begin operations in the state.

Austin ranked second with four. New employment in the new establishments totaled 71. They were located in Austin and one in Lampasas.

Beaumont received three new firms and ranked second in the number of people employed with a total of 175. All were retail trade stores.

Houston and San Antonio received three new firms each. New employment in the Houston firms totaled 56, and in the San Antonio firms the total was 44.

Amarillo received two new firms employing 27. Waco, Fort Worth, Longview and Corpus Christi reported one firm each.

"I hope you like the room, sir!"

Bond Given Coed In Date's Death

BERRYVILLE, Va. (AP)—A pretty Washington art student, 19-year-old Theresa Koenig is free on \$1,000 bond for her appearance in court here Nov. 28 on a charge of manslaughter in connection with the death Friday of her boy friend.

The body of Charles Kenneth Elyett, 22, was found slumped in his car in Huyett Woods, near the West Virginia border, Friday after Miss Koenig called the sheriff's office shortly before dawn and reported that she had "just killed a man."

Miss Koenig told officers Elyett sought to force his attentions on her and then threat-

ened to "blow us both up" with dynamite he had in the car. Authorities found two sticks of dynamite, wired to be set off, and two pistols.

In a struggle which ensued, Miss Koenig told officers, she grabbed a .38 pistol Elyett was wearing in a holster and shot him in the abdomen. She then ran barefooted in the cold to a nearby farm-house and called the authorities.

Father Is Best in Child-Training Class

WACO (AP)—Man, the amazing! Bill Galt, home economics department, has received a grade of "A" in the child-training course.

Republic of Panama Confers Honor on San Antonio Woman

AUSTIN (AP)—One of the highest honors the republic of Panama can bestow was conferred on Mrs. Preston H. Dial of San Antonio at the pioneer dinner of the Texas Federation of Women's Clubs convention here Thursday.

The Order of Vasco Nunez de Balboa was presented Mrs. Dial for her work to better Pan American relations. Thomas F. Conroy, consul general of Panama in San Antonio, made the presentation in the presence of Gov. Allan Shivers and more than 500 clubwomen from over the state.

It was the first time the order has been conferred on a woman of the United States.

For the past two years Mrs. Dial has planned and carried out good neighbor tours of Texas women to Central American nations. As chairman of the federation's International Relations Department, she presented scholarships in Texas universities and colleges as gifts from Texas to each country.

BURNS KILL CHILD

DALLAS (AP)—Linda Rutledge, four-year-old daughter of Mr. and Mrs. E. T. Rutledge, died late Friday night of burns received when her dress caught fire as she played near a trash fire.

China's Great Wall was built in the third century, B.C.

Tech Takes Over Pan-Tex Farm

LUBBOCK (AP)—The General Services Administration has formally transferred 17,000 acres and 43 buildings on the former Pan-Tex ordnance plant area near Amarillo to Texas Technological College.

The property is valued at \$23,000,000. The GSA, successor to the War Assets Administration, turned a deed over to Charles C. Thompson of Colorado City, chairman of Tech's Board of Directors.

The transfer is classed as an educational grant and will cost the college nothing. Tech has been operating the Pan-Tex farm since last April.

Ruling Gives Doctors Leeway

DALLAS (AP)—A doctor may now feel freer to answer newspaper reporters' questions or make a public speech, an official of the American Medical Association said.

Lawrence W. Rember of Chicago, executive assistant to the AMA's general manager, said the AMA House of Delegates has recently modified its code of ethics. The revision, he said, gives AMA members more freedom in speaking and writing about medical matters or questions of health without the fear of being charged with self-advertising.

Longevity is Extended in Century Span

NEW YORK—A century's progress in American health conditions is reflected in an increase in expectation of life at birth from less than 40 years in 1850 to about 67 years today, according to Dr. Louis I. Dublin, chief of statisticians of Metropolitan Life Insurance Company.

"Every branch of the medical and sanitary sciences has shared in the unparalleled progress of the past century," he declared, "with the result that the death rate has been greatly reduced and many diseases which once were rampant are now either under control or well on their way to control. We now enjoy a vastly higher standard of living—more abundant and better food, shelter, clothing, educational and recreational facilities."

The gain in longevity was at a much more rapid rate during the second half of the century than during the first half. For example, the gain of 27 years for white males is made up of a 10-year gain from 1850 to 1900 and a 17-year gain since then, and the 30-year gain in the case of white females divides into a 12-year increase up to 1900 and 18 1/2 years since that time. Dr. Dublin is optimistic as to further gains in length of life.

"The medical and sanitary sciences are advancing at a fast pace, our standards of living are still improving rapidly, and our people have become alert to their stake in sound public health and medical care," he points out. "With the expectation of life of the American people now near the Biblical three-score-and-ten, there is good reason to expect a life expectancy of 75 years within the next generation."

Christopher Columbus is buried in the cathedral of Seville, Spain.

Hudson invades lower-price field
WITH FAMOUS "STEP-DOWN" DESIGN

ANNOUNCING THE NEW Hudson Pacemaker

ON DISPLAY FOR THE FIRST TIME TODAY!

See this engineering triumph... a trim-size, new car with the sensational advantages of Hudson's years-ahead "step-down" design...

A streamlined beauty with a colorful new interior featuring gorgeous wool fabrics combined with plastic Dura-fab trim...

A neat-as-can-be automobile with more room than any other car at any price, except another Hudson; yet a car that costs you less to buy... less to drive!

HUDSON'S NEW PACEMAKER is here today!... On display today!... You can see it today!

For the first time in motor-car history, you can have compactness and lower price with big-car comfort and riding qualities. For here is an agile car with more inside room than in any other car at any price, except another Hudson.

It's a trim, tidy car with a lower center of gravity than any other make—and because of this you get a smoother road-hugging ride than is possible in even the costliest cars built the old-fashioned way.

Here, Hudson's "step-down" design gives you not only all the room, comfort, safety and amazing roadability, but also all the low-built beauty, the long, free-flowing lines that can come only with the "step-down" way of building motor cars. Every body line is naturally beautiful, even to the graceful curves of the Full-View windshield.

This is Hudson's new Pacemaker... priced for millions of new-car buyers!

You ride securely—in Hudson's single-unit, all-welded, all steel Monobit body-and-frame—safely within a box-section foundation frame that surrounds the passenger compartment, even outside the rear wheels—relaxed in the roomiest seats in any automobile.

This is Hudson's new Pacemaker... with the new higher-compression Pacemaker engine, the power-packed engine that test drivers call "the smoothest, sweetest we've ever driven!"... the rugged, long-lived engine with new carburetion and fuel intake that make it a lightning-like performer with surprisingly saving ways!

And this amazing car brings you Hudson's new Super-matic Drive (optional at extra cost)—the only automatic transmission that includes the fuel-saving advantages of overdrive and that shifts gears just as you want to shift, that doesn't creep at lights, that doesn't slip as you roll along.

There are more... many more... fresh, colorful and desirable features in this great new car... too many to mention here. Hadn't you better see it today?

DENFELD MAKES FINAL REPORT AS NAVY CHIEF

WASHINGTON — (AP) — Admiral Louis Denfeld, in his final report as chief of naval operations, said the question of how much more the Navy shrinks depends on how Congress interprets world events.

The Navy issued the annual report written by Denfeld, who was ousted from his job after he and other high ranking admirals had carried their fight against reduction in Navy power to Capitol Hill.

The report dealt only with affairs during the fiscal year ended last June 30. In it was no direct mention of the bitter row which took Denfeld and his colleagues before the House Armed Services Committee hearing on the B-36 controversy and the whole question of policy and strategy.

However, Denfeld did find occasion to mention a matter which stirred the Navy to anger last spring and resulted in resignation of Navy Secretary John L. Sullivan — Defense Secretary Johnson's cancellation of the 65,000-ton supercarrier project.

Denfeld wrote: "Although various considerations led to the cancellation of construction of the postwar Carrier United States, it is worth mentioning here that last year during the extensive studies conducted in the development of a design for this vessel, many important problems were solved.

"These solutions are now available for future guidance. The construction of a carrier to launch and recover jet bombers capable of carrying the most effective bomb load is entirely feasible."

The admiral also said the program to convert several Essex class (27,000 ton carriers) to enable them to "handle" the long range Neptune bombers, is rapidly approaching completion.

Neptune bombers have taken off the three Midway class carriers, ships of 45,000 tons, but have not been able to land on the light decks. Whether Denfeld meant that the converted Essex class ships also would be able to land as well as launch the 52,000 pound bombers was not clear.

Denfeld now on leave, reported that on June 30, Navy manpower strength stood at 46,500 officers and 383,500 men; the operating fleet at 744 ships of which 271 were major combatant vessels (since then the size of both personnel and ships has dwindled).

By September, the number of fighting ships was down to 288. The new plan is to cut the number of major combatant vessels to 237 next summer. Navy and Marine Corps strength will be reduced 84,891 by next summer, in line with the ship reduction.

In his report, Denfeld wrote: "During the recent war, the Navy was a big Navy and a tough Navy — the biggest and toughest the world has ever seen. Now we are at peace and the Navy grows smaller.

"How much smaller it will become depends on the interpretation of international events as they affect the security of the United States translated in terms of appropriations for defense."

In general, Denfeld's report was a discussion of broad Navy plans, trends and an explanation of functions of its various branches. There were few statistics or mention of funds.

Reviewing naval aviation, which has been at the core of the controversy with the Air Force and Defense Department, Denfeld commented "a small expansion

was in prospect at the beginning of the year, although this was cut back by revision of the budget."

(The Navy announced on Friday that a total of 35 squadrons of which 28 are Navy and seven Marine would be taken out of service in the next four months. This will mean a cut of about 480 first-line combat planes below the 2,458 figure reported by Denfeld for last June.)

Discussing the submarine fleet, which has high priority in the Navy's program, Denfeld said: "The new submarine construction program includes a type capable of high submerged speed which promises impressive performance as compared with existing submarines, and an entirely new type especially designed for anti-submarine warfare.

"These and other designs currently in development give the United States Navy assurance of retaining supremacy in the field of undersea warfare."

Three of these submarines, designed to duel underwater with enemy submarines, are being built.

The modernized Snorkel subs, rebuilt from World War II types, eventually will be replaced by "the completely new fast-attack class now building," Denfeld wrote.

CIO Would Defeat Texas Solons

AUSTIN — (AP) — Jack Kroll, director of the CIO Political Action Committee, called for the defeat in 1950 of "every other" Texas congressman in a speech here Saturday.

Addressing the opening session of the CIO Texas State Industrial Union Council, Kroll declared that the records of the Texas delegation are "bad."

"You need to take a good look at the records of your congressmen," Kroll said.

Earlier, another speaker had singled out Reps. Wingate Lucas, Tom Pickett, Ed Gossett, and J. Frank Wilson as men unfriendly to labor and against whom political action should be started immediately.

Kroll told more than 300 voting and fraternal delegates that

CIO-PAC is looking to Texas to help in the Washington situation because "you've got men up there who do not represent your welfare."

He charged that the records of some Texas congressmen are no different from that of Ohio Senator Robert Taft.

"They're voting under false colors," he said, "and you ought to do something about it."

Kroll said labor made no mistake in electing President Truman. "He's sincere but he doesn't have the support of Congress to enact his program. There are too many reactionary Democrats in the House and Senate."

10,000 REPATRIATES
TOKYO — (AP) — Russia has announced she will repatriate 10,000 more Japanese prisoners by the end of November, General MacArthur's headquarters announced.

Texas Names 'Pretty and Expressive'

COMMERCE, Texas — (AP) — Shakespeare asked "What's in a name?" Nothing funny, says the Commerce Journal of the names of some Texas towns.

The newspaper editorially decried the fact that some other newspapers carried the story of farm-to-market roads for Dial, Muddig, and Telephone, Texas, "apparently thinking there is something funny about these names."

"Of course these fine communities should have good roads but why overlook numerous others with nice names, also needing roads. For instance, Granny's

Neck, Heathen Flats, Bloody Hollow, Sweet Box, Needmore, Dime Box, Jot 'em Down, Bug Tussle, Greasy Neck, Chigger, Reddick, Goose, Mohegan, Ed Fluv, Base Track and Bonanza, all right here in Hunt, Fannin and Delta counties.

The Journal forgot to say that the original Cow Hill is now Commerce.

One twentieth of the world's population lives south of the equator.

AWOL 41 YEARS—Pvt. Ray H. Wheaton, 65, above, turned himself in to the Army at Ft. Lewis, Wash., after being "over the hill" 41 years. Wheaton said he deserted from Newport News, Va., in October, 1908, while waiting transfer to Cuba. He gave himself up because, he said, "I can't stand it anymore." The Army said Wheaton will probably be given an administrative discharge.

5 Years Given Youth for Long Criminal Spree

NASHVILLE, Ark. — (AP) — Billy Wayne Jones, 15-year-old youth arrested Thursday night after a seven-week crime spree, got his wings clipped for five years Saturday.

Circuit Judge Wesley Howard handed down the sentence with the understanding that the boy will be transferred from the Arkansas State Prison to the Boys Industrial School when officials are convinced he will not attempt to escape. Howard County Sheriff J. E. Hicks said Jones probably will serve in Cummins Prison Farm near Pine Bluff, Ark.

The youth was charged with grand larceny and burglary. He was wanted in Nashville for the theft of two cars, the burglary of a Nashville residence safe of \$580, for car theft in Louisiana and Texas, and motorcycle theft at Texarkana.

In the seven weeks Jones slipped through five police traps, escaped twice after officers grabbed him, eluded a 30-man posse for hours, and generally led officers of three states on a wild chase.

He escaped at Addicks, Texas, in Harris County, after officers had handcuffed him and were taking him in a car to jail. The thin, wiry lad managed to open the door with his feet, rolled out on the highway, and got away in the darkness.

Thursday night, Billy Wayne was spotted in a Texarkana bowling alley. Someone telephoned the police. A short time later he was arrested, without resistance, hiding in a clothes closet at the home of relatives in Texarkana.

Man Acquitted of Murder Charge

EDINBURG — (AP) — A district court jury Friday night acquitted Loren E. Rosson, 22, of Weidaco, of charges of murder in the death of his father-in-law.

Rosson was charged with shooting to death Cecil Rutherford, 45, last February. Rosson was slightly wounded in the arm by shotgun pellets.

The defendant claimed he shot in self defense.

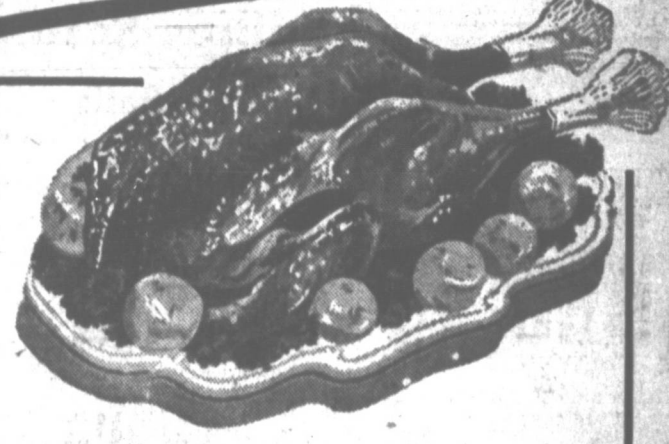

NEVER TOO LATE
DETROIT — Co-captain and end of the professional Detroit Lions, Johnnie Green, after playing six years in the National League, and 16 all told, scored the first touchdown of his career on a 32-yard pass against the Chicago Cardinals.

Veeck Sells Cleveland Indian Holdings To Insurance Group for \$2,200,000

Long-Awaited Transfer of AL Club Finally Completed

CLEVELAND (AP) — Dynamic Bill Veeck sold the Cleveland Indians Baseball Club to a group of local business men today for a reported \$2,200,000.

The Tribune president announced the long-awaited action at a news conference in his Cleveland Stadium offices.

Ellis Ryan, insurance executive, is head of the new group that has been dickering with Veeck for weeks to buy the American League baseball club and its holdings.

The reported purchase price was \$2,200,000. This contrasted with the estimated figure of \$1,250,000 Veeck and others paid for the club, its 13 farm clubs, and old League Park on June 22, 1946.

Just where the sale would leave Veeck, who is 35, was not clear. All he would say was: "I want to get married. I want to take a good long rest. After that — believe me, I haven't the faintest idea what comes after that."

Veeck is divorced, has three children and expects to marry Mary Frances Ackerman, 27, former Pittsburgh and New York model.

Veeck breezed into Cleveland from Milwaukee, where he ran the Brewers of the American Association, in the middle of 1946. Since then he saw the Indians shatter five attendance records, when they won the world championship in 1948.

The number of customers eased off only slightly last season when they finished third.

Purchasers Get Host of Stars

CLEVELAND (AP) — Sale of the Cleveland Indians amounts to a major business deal for a club which has won the world series twice — in 1920 and in 1948.

The purchaser got, among other things, eight star players, a right to negotiate for the use of Municipal Stadium, the ownership of League Park, and a farm system.

The 40-man Tribe roster includes pitcher Bob Lemon, who won 22 and lost 10 last year; pitcher Bob Feller, who won 15 and lost 14; shortstop and manager Lou Boudreau, who batted .284; second baseman Joe Gordon, who batted .252; first baseman Mickey Vernon (.291); outfielders Dale Mitchell (.317) and Larry Doby (.280); and rookie pitcher Mike Garcia, who won 14 and lost five.

The Indians either own or have working agreements with 13 minor league clubs. They include: Class AAA—San Diego, Pacific Coast League; Class AA—Oklahoma City, Okla., Texas League; Class C—Tucson, Ariz., Arizona League.

Grasshoppers cannot jump unless the temperature is at least 62 degrees Fahrenheit.

Rice-Baylor Battle Heads SWC Grid Card This Week

By WILBUR MARTIN
Associated Press Staff

"Grudge" games take a back seat in the Southwest Conference this week as Baylor and Rice battle for the Southwest Conference championship and the host spot in the Cotton Bowl.

Texas and Texas A&M square off at College Station Thursday in their traditional Thanksgiving Day game.

Rice beat Texas Christian only because of a granite goal-line defense and a couple of breaks. The Owls needed that 20-point lead they piled up in the first half.

Personal satisfaction is the only thing at stake in the Texas-Texas A&M, SMU-TCU, and Arkansas-Texas games this week.

Regardless of the winner of the Baylor-Rice game, the loser is a good bet to get a major bow. The Orange wouldn't be a bad guess.

Doak Walker, SMU's all-American quarterback, scored three touchdowns and kicked two extra points last week to replace Randall Clay of Texas as the conference's leading scorer. He has 82 points to 64 for Clay.

California and Ohio State Await Bios for Rose Bowl Engagement at Pasadena, Jan. 2

The Pampa Daily News

SPORTS

PAGE 6 PAMPA NEWS, MONDAY NOV. 21, 1949

Villanova Is Guess as Guest in Cotton Bowl

BULLETIN
CHICAGO (AP) — Ohio State was officially named today as the Big Ten team to play in the Rose Bowl football game Jan. 2.

The Buckeyes, co-champions with Michigan in the Big Ten, probably will oppose California of the Pacific Coast Conference.

This Ohio State would have a chance to avenge a 29-year-old humiliation by California.

NEW YORK (AP) — California and Ohio State are expected to be tagged formally today for the Rose Bowl football game Jan. 2.

Pickings are slipping around. Pickings are slipping around. Pickings are slipping around.

From long range, the major bowls appear to stack up approximately this way (records in parentheses):

Rose Bowl — California (10-0) vs. Ohio State (4-2); Sugar Bowl — Oklahoma (6-0) vs. Tulane (7-1-1); Cotton Bowl — Rice (8-1) or Baylor (8-1) vs. Villanova (8-1); Orange Bowl — the Rice-Baylor leftover vs. Maryland (6-1) or Tennessee (6-5-1).

Others in the picture are Virginia (8-1), Santa Clara (8-2-1) and Kentucky (9-2). Some of these teams must dispose of formidable rivals this week to keep their hopes from dropping.

Officials of both the Pacific Coast and Western Conferences said they would announce the Rose Bowl representatives today.

Lynn Waldorf's California Bears, who closed out their second straight perfect season with a 33-14 victory over Stanford Saturday, are a cinch for the host role, but the identity of their opponent is a bit less certain.

Ohio State finished in a tie for the Big Ten championship by playing defending tri-list Michigan, a bowl ineligible, to a 7-7 tie Saturday.

Conference faculty members, who pick the representative by vote, are not bound to choose the leader and coach of a team, give the nod to twice-beaten Minnesota.

The Sugar Bowl Committee is scheduled to meet tonight.

F. V. Schaub, president of the Mid-Winter Sports Association, said he favored the return of Oklahoma's Sports, who shipped North Carolina last year, 14-6.

Tulane, loser only to Notre Dame but tied by Navy, is figured a favorable opponent if the Green Wave can get past tough Louisiana State in the traditional game Saturday, Oklahoma still must hurdle Oklahoma A&M.

Baylor and Rice clash Saturday at Houston in the tell-tale game of the Southwest. Baylor can clinch a tie with Rice for the league title by scoring a victory. Otherwise, the Owls, who have lost only an outside engagement with Louisiana State, take the league title and Cotton Bowl bid unchanged.

Villanova, which wallowed Texas A&M, 35-0, in its opening game, is a Cotton Bowl prospect. Texas people like to avenge such humiliations.

Dan Rogers, chairman of Dallas' Cotton Bowl Athletic Association, said he hoped to get both Rice and Baylor to name their choices for a foe in the next couple of days.

Whichever of these Southwest toughies fails to make the Cotton Bowl may rate an invitation from Miami. Rice defeated Texas Christian Saturday, 20-14, while Baylor stunned Southern Methodist, 35-26.

Harvesters Seek Win Over Berger for Clear I-AA Title

By RUSTY AYERS
Borger News-Herald Sports Ed.

BORGER — (Special) — For Berger, the Turkey Day clash with the Pampa Harvesters will be the last chance for a conference win. For the Farmers, another game before meeting Wichita Falls Coyotes in bi-district action, Pampa is I-AA champ, while Wichita Falls holds 2-AA laurels. Borger worked hard last week for this tilt, but tapering off light drills is on hand the next two days.

This last game of the regular 1949 season promises to be another fight to the finish by both clubs. There is a lot of rivalry between the two schools — yet friendly. Just enough to make one of the Sandies want to even share in the mention of first place, and therefore the game carries more significance than just beating Berger.

The Green and Gold are in excellent shape for the game. The entire squad is in uniform and ready to go for the second straight week. In fact, the team has increased by three, some Guerillas having received promotions to the "big" squad after the conclusion of the B team season.

They are halfback Harold Smith, a scabbard, and a pair of ends, Jimmy Cook and Roy Pool. How much action they will see is unknown, but they are running through the Harvester plans and will be available if called upon.

Tickets for the Pampa-Borger game will be on sale here at week end and were sold out immediately. Whether anyone will be made available is unknown, but it is extremely doubtful. A big demand for the Turkey Day ducahs has been reported in Borger, and the game promises to be a sellout affair.

Borger Aiming For Harvesters On Thanksgiving

Hardin Holds Lead in GCC

(By The Associated Press)

For all purposes, the Gulf Coast Conference football race will be wound up Thursday.

Trinity and Hardin play the final conference game of the season. Hardin, unbeaten in title play, can be led for the crown by losing to Trinity. The latter wouldn't figure in it but a Trinity victory would push Hardin down to a deadlock for the top with North Texas State, which finished the campaign with one loss.

Another inter-sectional tilt by the Bulldogs, was the Albuquerque, New Mexico, game. Borger lost the one 7-0, with the regular back able to limp on the field, and three first quad linemen out. Albuquerque through last week was still number one in that state. A tie came out of the game with City Conference Paschal Panthers, 6-6.

Previously undefeated Yaleta went down under the Bulldog onslaught 20-6. Childrens of course went down 27-6 to the Bulldogs. Austin High of El Paso dropped Borger with a last Turkey Day.

Playoffs in Class A Start On Thursday

(By The Associated Press)

Class A Schoolboy football hits the playoff trail this week with 16 first round games.

The field of 32 district titlists includes six teams with perfect records and five that are unbeaten but tied.

Rosedale and Lampasas open the first round of the five-week playoff at Temple Wednesday night. The other games will be played Thursday, Friday and Saturday.

New Braunfels' mighty Unicorns, a finalist last year when Class A teams played to their first state championship, are favored to take the title this year.

Coach Weldon Bynum has a team that has scored more than 400 points in 1949, more than 50 for nine opponents.

Phillips, which gained the playoff off when Canyon upset Dalhart, may be the Panhandle and West Texas' strongest entry in the playoffs. It's favored to knock off Little Lefors this week.

Unbeaten, untied teams bidding for the state title are New Braunfels, Kaufman, Mexia, French (Beaumont), Lefors and Edna. Levent's Chapel, Bowie, Arlington and Dallas are also in the hunt.

First round games match these district representatives:

- Phillips vs. Lefors (2) at Phillips Saturday; (3) Spur vs. Littlefield (4) at Littlefield Thursday; (5) Wink vs. Edna Friday; (6) Edna vs. Waco Thursday; (7) El Campo vs. Lampasas (22) at Temple Wednesday night; (23) Brenham vs. New Braunfels (24) at Brenham Friday night; (25) Alvin vs. French of Beaumont (26) at Beaumont Friday; (27) El Campo vs. Edna (218) at Edna Friday; (29) Freer vs. Mission (30) at Alice Thursday night; (31) Edson of San Antonio vs. Uvalde (32) at Uvalde Friday night.

High Scorers Head List of Schoolboy Stars

DALLAS (AP) — Charlie Radford of Quannah and Sonny Jones of Longview, each of whom scored five touchdowns last week, took top honors in the Dallas Morning News' weekly roundup of schoolboy stars.

Radford gained 304 net yards rushing in 37 carries while scoring five touchdowns in Quannah's 47-12 conquest of Electra. It was Quannah's first victory of the season.

Jones scored 32 points, converting after two of his five touchdowns, in Longview's 45-13 victory over Emma. Jones averaged 8.6 yards per try rushing and his longest touchdown drive was a 42-yarder.

The News' weekly honor roll is compiled from nominations submitted by sportswriters throughout the state. Others on this week's list of Schoolboy stars:

Elbert Berry, Corsicana back, scored three touchdowns, gaining 116 yards in 23 carries as Corsicana beat Temple, 28 to 7.

Ward Chapman, Corsicana tackle, hit 194-pounder played terrific defensive game against Temple.

Roy Pace, Temple back, gained 113 yards in 20 carries, picking up 61 yards in five tries on Temple's 69-yard touchdown drive, and caught a pass good for 82 yards.

Bill Waggoner, Wichita Falls back, passed for three touchdowns as his team slipped by Vernon, 21 to 14.

Tomie Ward, Galveston back, key in Galveston's 67-0 upset of Baytown, which netted the 12-AA title, although he did not score. Ward's punts kept Galveston out of danger. He punted 10 times for a 37.8 yard average, though one of his kicks was blocked and another was good for only 9 yards. His longest kick went 71 yards.

Art Alderson, Galveston tackle, great on defense, he crashed through the Baytown line repeatedly to drop opposing backs for losses.

Noe Sanchez, Brownsville back, gained 192 yards in 31 rushing attempts while leading his team to a 28-0 victory over Harlingen, the District 16-AA champion.

Jerry Jost, Denton end, although he weighs only 140 pounds, he was in on almost every tackle as outclassed Denton lost to Grand Prairie.

Schoolboy Cage Team Number 982

(By The Associated Press)

Schoolboy Basketball will have 982 teams in four divisions, the Texas Intercollegiate League has announced Friday.

Athletic Director Rhea Williams said there will be 27 teams in the City Conference, 85 in Class AA, 224 in Class A and 646 in Class B. Each division determines a state champion.

Class AA is as follows: Pampa, Plainview; District 2 — Childress, Electra, Graham, Quannah, Vernon, Wichita Falls; District 3 — Brownfield, Lamesa, Lubbock, Midland, Odessa; District 4 — Austin (El Paso), Bowie (El Paso), Thomas Jefferson (El Paso), El Paso High, Yaleta; District 5 — Abilene, Big Spring, Brownwood, San Angelo, Sweetwater; District 7 — Breckenridge, Cisco, Mineral Wells, Stephenville, Weatherford; District 7 — Bonham, Denton, Gainesville, Greenville, Paris, Sherman; District 8 — Denton, Grand Prairie, Highland Park (Dallas), McKinney, Sulphur Springs; District 9 — Gladewater, Henderson, Kilgore, Longview, Marshall, Texasarkans, Tyler; District 10 — Bryan, Conroe, Jacksonville, Lufkin, Nacogdoches, Palestine; District 11 — Beaumont, Orange, Port Arthur, Port Neches, South Park (Beaumont); District 12 — Freepport, Galena Park, Galveston, Ennis, Hillsboro, Temple, Waco, Waxahachie; District 14 — Austin, Corpus Christi, Kerrville, Victoria; District 15 — Alice, Kingsville, Laredo, Robstown; District 16 — Brownsville, Edinburg, Harlingen, McAllen, San Benito.

OLIVER EARNEST (top) and Jimmy Greenwood (center) will be manning the guard slots for the Borger Bulldogs' Thanksgiving game.

Billy Ed Hoff, co-captain of the Bulldogs, is expected to be doing a lot of leather bugging from his backfield post against the Harvesters.

Rowland Falls To Second in National Scores

NEW YORK (AP) — Bill Young who sparked the Hillsdale (Mich.) team to an unbeaten, untied season, is the new leader of the country's college grid scorers.

Perseverance paid off for the hard-hitting halfback after weeks of attempting to overhaul the pacemaking Brad Rowland, who led the Hilldale team to a 20-0 record in 10 games. Two weeks ago Brad held a 20-point lead over Young. One week ago, his margin was 11.

Now, with the shouting and showing over for both players, Rowland trails in the Hillsdale hoarty by 13.

Hogs Select All-Opponent 11
FAYETTEVILLE, Ark. (AP) — Rice Baylor and Southern Methodist each won positions on the Southwest Conference all-opponent eleven selected by the Arkansas Razorbacks — the first team to complete its loop football schedule.

Texas got the other two posts on the team, announced Saturday.

The team:

Ends — Ben Procter, Texas, and James Williams, Rice, tackles — Clark Heironimus, Baylor, and Ken Jackson, Texas, guards — Chuck Stone, Baylor, and Jack Holliday, SMU; center — Joe Watson, Rice; backs — Adrian Burke of Baylor, Doak Walker and Kyle Dote of SMU and Bobby Lantrip of Rice.

Stone was the only unanimous choice.

Ken Palmer, station manager of KPDD, announced this morning that KPDD will carry the broadcast of the Lefors-Phillips game direct from Blackhawk stadium at 2:15 Saturday afternoon.

Palmer and Denny Sellivan will again be at the microphones.

erved seats available. Lefors has been allotted 1,000 reserved seats for the game, on the east side of the field. Of this number, some will be made available in Pampa later this week.

Tickets will go on sale in Lefors and Phillips simultaneously Tuesday morning. No tickets will be saved on receipt of a telephone call. It will be a case of first come, first served.

Lefors was in favor of holding the game Friday night in order to make Saturday afternoon an optional date for the game in the event of weather similar to last year's. Phillips was definitely set on Saturday afternoon in order to accommodate their plant workers. Before the flip of a coin was necessitated the Saturday date was agreed upon.

Present for the meeting from Lefors were Superintendent of Schools Rex Reeves, Coaches Love, Winters and Beam; and Mr. Shaw. Representing the Phillips Blackhawkers were Superintendent Lee Johnson, Coaches Walker and Harrison and Joe Blair.

FOOTBALL

General admission tickets are now on sale at the School Business Office in the City Hall for the Pampa-Borger game in Borger, November 24th.

Not over 1,000 of these tickets will be sold, and with each ticket you get a special card which will admit you to a special reserved section on the west end of the south stand.

Not over 1,000 of these cards will be issued so you will be assured of a seat somewhere in this section.

General admission tickets, \$4.50 sell for (inc. tax)

Quarterbacks Meet Tonigh

The Pampa Quarterback Club will hold its regularly scheduled Monday night meeting in the County Court Room of the Court House tonight at 8 o'clock.

Movies will be shown of the Pampa Plainview contest, and possibly the film of the Pampa-Amarillo game will be shown again.

175,000 IN 22
MIAMI, Fla. — Jackie Robinson's All-Stars, ending their tour through the South and Southwest here, played to 175,000 paid admissions in 22 games.

Browns Win Fourth Straight AAC Title

NEW YORK — (AP) — Football fans are the beneficiaries in the pro-grid war but they would like to see the conflicting factions smoke the peace pipe for just one game — the Cleveland Browns vs. the National League champions.

The Browns have won the All-America Conference title for the fourth successive season. The Clevelanders retained the crown yesterday while the Philadelphia Eagles and the Los Angeles Rams went about their business of winning the National's Eastern and Western Division championships, respectively.

Ever since the Browns picked up the marbles in 1946, the AAC's first year of operation, "the customers have been wondering what they would do against the nation's finest."

According to rumors the two leagues will arrive at some sort of an agreement during the winter, perhaps after the owners receive their year-end bank statements.

Otto Graham directed Cleveland to its clinching triumph by passing the Browns to a 31-0 triumph over the New York Yankees.

Graham threw 34 passes good for 382 yards and was a prime factor in every scoring drive. Mac Speedie caught 11 passes which he carried for 228 yards, both loop records for a single game.

The defeat dumped the Yankees out of second into third place. The idle San Francisco 49ers moved into the runner-up slot. Buffalo defeated the Chicago Hornets, 10-0, to replace the Hornets in fourth place, the last playoff slot. Former Hornet Bobby Livingston scored the only touchdown when he sloshed 30 yards through the mud in the second period.

The Hornets fell into a fifth place tie with the Los Angeles

Two Class AA Champs Yet To Be Decided This Week

By HAROLD V. RATLIFF
AP Sports Editor

Four district championships will be determined Thursday in the battle for Texas Schoolboy football titles in two divisions will be on the way.

Two of four district crowns already are being worn in the City Conference while 14 of 16 districts in Class AA have standard-bearers.

Sunset of Dallas is champion of District 1 in the City Conference and its foe in the first round of the state playoff will be determined Thanksgiving Day when North Side plays Paschal with the Fort Worth District title in the balance.

If Paschal wins it will be champion. But a loss would throw the race into a three-way tie between Arlington Heights, North Side and Paschal.

San Jacinto is the Houston District title. Its opponent in the playoffs will be either Thomas Jefferson, Brackridge or San Antonio Tech. These three teams could finish in a tie for the San Antonio District title. Then the winner would be picked on a statistical basis.

Jefferson plays Brackridge Thursday. If Jefferson wins it can take the title undisputed.

In Class AA these district champions await the playoff: District 1 Pampa, District 2 Wichita Falls, District 3 Lubbock, District 4 Abilene, District 5 Breckenridge, District 7 Paris, District 8 Highland Park (Dallas), District 9 Marshall, District 10 Conroe, District 11 Galveston, District 13 Corsicana, District 14 Austin, District 15 Alice, District 16 Harlingen.

The District 4 title will be determined Thursday when El Paso High plays Austin (El Paso). If Austin wins it will be over but if El Paso wins Austin, El Paso and Ysleta will finish in a tie for the title. Then the winner will be decided by the flip of a coin.

The District 4 champion plays Lubbock in the bi-district round. District 11 will crown its kingpin Thursday when Fort Arthur and Beaumont, both unbeaten in conference play, clash at Galveston.

Bites and dates for five of the bi-district games have been set. They are:

Wichita Falls at Pampa, Highland Park at Paris, Conroe at Marshall and Corsicana at Austin, Dec. 2; Breckenridge at Abilene, Dec. 3; Alice and Harlingen decide where and when they will play today.

The San Antonio district winner will be the favorite for the City Conference championship. In Class AA Port Arthur and Lubbock are the general favorites to meet in the finals.

Baylor Standing on Edge of Best Grid Season in 25 Years

By HAROLD V. RATLIFF
WACO — (AP) — Baylor is on the threshold of its greatest football season in a quarter of a century but Coach Bob Woodruff is afraid Rice will bar the door come Saturday.

Woodruff, who in three years as head man of the Golden Bears has brought Baylor from the floor to the stature of a national power, says being a road team is the handicap.

"We played Texas A&M, Texas and Southern Methodist away from home and managed to get two out of three but now we have to play a great Rice team on its own field and it's too much to expect of my boys that they can win this one," Woodruff declares.

Baylor finds itself in this position: loser of only one game in nine, the Bears can tie for the Southwest Conference championship by beating Rice at Houston Saturday. A tie for the title would put Baylor in its first major bowl game in history — the Cotton Bowl. That would mean \$120,000.

Right now, a stadium is being built in Waco so that the Bears won't have to transfer games away from home because the crowd can't be handled in the present stadium, seating 20,000. The Southern Methodist and Rice contests were transferred this year because of that fact.

"But bowl games are not what you call a sure thing," Woodruff says. "If we hold Rice to 21 points I'll think we're doing fine," he says. "My kids have been under a lot of pressure. They were fired up Saturday against Southern Methodist. But saying that way two weeks in a row is something you just can't expect. I fear we'll be flat and we are the honeymoon is over."

Woodruff laid at the feet of Adrian Burk, his quarterback, the credit for Saturday's 35-26 victory over Southern Methodist. "He's one of the greatest football players I ever saw," he says. "He's a leader, great passer, ball-handler, kicker and thinker. And he's the best defensive player we have if we need to use him for that. He's all-American. He's going to be another tough in professional football."

Coach Matty Bell of Southern Methodist praised Burk and said "Baylor with the kind of mental attitude it had against us can beat us. It is the fastest team we have played against in Texas, faster than Rice."

Woodruff said he hoped Matty was right.

Sports Round-Up

By HUGH FULLESTON, JR.
NEW YORK — (AP) — Rotund Fred Walters, who had to walk a foot farther than usual when he refereed that Tulane-Vanderbilt game last week, claims football is getting too rugged for some officials. Fred, whose ordinary business as a baseball manager keeps him on a bench, predicted: "Unless coaches, players and fans undergo a drastic change of attitude, the better officials are going to find easier ways of spending their Saturday afternoons."

Maybe that's the spot to introduce two-platoon officiating.

THAT'S THE "L" OF IT
Jda by way of emphasizing the headaches connected with football, Leigh's Charlie Moravec forwards an account of a conversation between ticket manager Paul Short and an irate football fan.

"I'm going to find easier ways of spending their Saturday afternoons," Moravec said. "You know where the game is to be played? Then Shog told him section 'L' at the high school field is on the 50-yard line."

Lamar Makes Bid For Rose Game

(By The Associated Press)

This is the week the last undefeated, untied college football team in Texas makes its bid for the Little Rose Bowl in California.

Lamar of Beaumont faces stern competition, however, in the showdown game of the Southwestern Junior College Conference. Tyler's Apaches, who have lost only one game, battle Lamar at Tyler Friday night.

Lamar can win the title undisputed and a clear road to the Little Rose Bowl. A Tyler victory would throw the championship into a tie.

But regardless of whether either of the teams goes to California, one of them is certain to be in the Texas Rose Bowl at Tyler Dec. 10.

Lamar kept its record intact last week by swirling over McNeese College of Louisiana 33-14. Tyler was on the West Coast beating Compton Junior College 28-14.

In the only conference game of the week, Farleton State made Arlington State's record dismal with a 26-0 victory. Arlington State wound up without a single victory or tie for the campaign.

Schreiner and San Angelo play Thursday at San Angelo in a conference game having no bearing on the finish. Friday Paris entertains Duluth, Minn.

Hockey League Starts Play on Nov. 24

DALLAS — (AP) — A six-club amateur ice hockey league will start play Nov. 24.

Clarence Linn, president of the Dallas club in the suspended Texas Ice Hockey League, says teams from Houston, Fort Worth, Tulsa and Wichita, Kans., and two from Dallas will make up the circuit.

Howard Green of Abilene, acting president of the league, said at a meeting here yesterday that if Lake Charles fails to take a spot in the league, Orange, Texas, is interested.

Pampa Bowler Class C Doubles State Champion

BEAUMONT — (AP) — Grace Baskin of San Antonio kept her Class A-all-events title and shared the Class A doubles crown as the 18th annual Women's Texas State Bowling Association Tournament ended early today.

A record 244 teams and 1032 singles entries bowled in the 12-day tournament.

The San Antonio woman won all-events with a total of 1821. Betty Wise of Dallas was second with 1715 and Bill Fulliam, Fort Worth, third with 1707.

Frances Flowers, Hobbs, N. M., was second in Class B singles with 568 and Jenn Smith, Wichita Falls, was third with 545.

In Class C singles Clare Spears, Sherman, was third with 503. In Class D singles Bobby Eagleton, Galveston was third with 482.

In the Class B doubles, Maymie De Howell, Pampa, and Ann Hays, Galveston, were first with 1029; Ida Hoffpauir and May Aulin, Port Arthur, second, 1016; and Mattie Dixon, Harlingen, and Sally Blanton, Lamesa, third with 989.

Sul Ross Wins NMCC Crown

(By The Associated Press)

Sul Ross won its third straight New Mexico College conference grid title Saturday.

The Alpine, Texas, team rode to a 40-8 victory over last place St. Michael's of Santa Fe. The victory gave Sul Ross its fifth conference scalp and a total of 233 points to 61 for its conference opponents.

The New Mexico champs dropped three non-conference decisions — to Trinity, Texas A&I and McMurry. In 10 games they scored 317 points to their opponents' 193.

Adams State of Alamosa, Colo., has already clinched second place, and Eastern New Mexico (Portales) is third.

Second Mile Is The Toughest

LAFAYETTE, Ind. — (NEA) — Averaging better than five yards on running plays from scrimmage in 32 games since the start of the 1946 season, Harry Sautorski has gained better than one and one-quarter miles for Purdue. The Boilermakers' left halfback, and leading ground-gainer in the Big Nine last year, has been handicapped by a pre-season knee injury this fall. All told, and including the first six games this autumn, he carried 439 times for 2287 yards and a 5.14 average.

Juno was named after Juno, goddess of marriage.

SLIPPERY WARNING WHEN WET

HOW ARE YOUR BRAKES?

You don't know? Better do something about it *right now* — before a sudden emergency catches you. And the best *something* we know is to bring your Buick to us for a thorough brake check.

Our Buick-trained mechanics, using Buick-approved testing methods and Buick-engineered replacement parts, will give your brakes a complete check — turn them on fit to meet new-car specifications, no matter how far you've driven already.

WARREN'S WARMUP

By Warren Hays—News Sports Editor

QUESTION: How many professional fights has Joe Louis won in his career?

THE WEEKEND OF DEC. 2 IS GOING TO BE a busy one for Pampa Harvester athletes. That afternoon the football team plays Wichita Falls in the bi-district game and that night the basketball squad plays Childress in the curtain-raiser for the men of Coach Clifton McNeely. The game will be played at the Junior High School gymnasium.

The Harvester Cagers have been working out practically since the start of school, and the fine physical condition that the players are in clearly shows that they have been putting in lots of hard work.

This year's team should be another fairly strong unit. Missing from last season's fine squad will be three regulars, center Derral Davis, guard and team captain Malcolm Douglas and forward Bill Bond. All are now at Southwestern Conference schools and all are playing Freshman basketball. Davis went to Baylor on a basketball scholarship; Douglas is at Texas A&M on a golf scholarship; and Bond is at TCU on a basketball scholarship.

Back from last season's first five will be two boys that drew many votes for all-district honors, guard Jimmy Howard and forward James Gallemore. Howard, though small, is a speed demon on the hardwood and possesses a wonderful eye from far out on the court. Gallemore may be shifted to center this year to replace Davis. He is the tallest man on the team, reaching up to 6-3. He is a good rebounder, a good ball handler and a fine shot.

Other three spots on the varsity five are being fought for Dwayne Reno, Jack Sutton, James Claunch, Ronnie Samples, Tony Jones and Marvin Bond. The first two were members of last season's squad. Claunch, Samples and Jones played Guerrilla ball and Bond, a brother of Bill, is up from the Reserves.

Reno and Jones appear to have the inside track on the forward job. Both stand over six feet and are in fine shape. Reno was a potentially fine player last season but, as a reserve center behind Davis, he saw little action. Jones held down the center post for the Guerrillas. Though not exceptionally fast, he has a good eye and a fine team spirit.

The other guard post is being fought for by Sutton and Claunch. Sutton is a nifty ball handler with a fair shooting eye. He stands over six foot and appears headed for the other guard post. Claunch is a short and speedy boy, built on the lines of Howard, though not possessing quite the eye for the basket that Howard has.

When the football season ends, four members of that squad are expected to go to basketball. They are Tommy Allison, Elmer Wilson, Carl Kennedy and Glenn Farpley. With these four boys on hand there should really be a battle royal for those ten Harvester cage uniforms.

TICKETS FOR THE ANNUAL football banquet went on sale this morning in Pampa. They are available in three places, the Chamber of Commerce office, the Court House Cafe and Frank Leder's jewelry store. Only 300 tickets will be available, so it is most advisable that if you intend to be at the Senior High School the night of Dec. 6 you get your tickets immediately.

The guest speaker for the night will be Dana X. Bibbe, athletic director at the University of Texas and former coach of the Longhorns. He will bring with him a film of some University game of this season to show to the fans present that night.

Highlight of the program will

East Texas Is LSC Grid Champ

(By The Associated Press)

The Lone Star Conference football campaign was at an end today with East Texas State holding the championship but Stephen F. Austin, the runner-up, boasting the best season record.

The Lumberjacks clinched second place before a Homecoming crowd Saturday by running over Sam Houston State 61-14. It gave SPAC a 7-2 record for the season.

East Texas won the title three weeks ago with a perfect mark in three conference games.

The champs were not so fortunate in their final outing of the season, however, bowing to North Texas State of the Gulf Coast Conference 59 to 6.

Southwest Texas State wound up with a 61-36 triumph over East Texas Baptist College.

Tailback Jack Kyle, Sam Houston Sophomore, won the individual scoring championship. He picked up two points to boost his final tally to 59.

Gulf Coast Baseball League Slowed

JACKSONVILLE, Texas — (AP) — Final organization of the Gulf Coast Baseball League, a Class D circuit with six members, has been delayed.

Port Arthur and Lake Charles, two members of the proposed league, asked yesterday that they be given a few days to work out details in their own organizations. Port Arthur asked a week's time to complete details for posting the \$1,700 forfeit fee and securing a franchise.

Jacksonville, Port Arthur, Lufkin and Galveston in Texas and Crowley and Lake Charles in Louisiana are tentatively scheduled to form the league.

Frequent Paintings Keep Washington's House Presentable

By LONORE KENT
MOUNT VERNON — Mount Vernon, priceless and beloved heritage of the American people, might well be a shambles today if it were not for the careful maintenance and frequent painting it receives at the hands of its faithful guardian, the Mount Vernon Ladies' Association.

"Decay is the ever-present enemy of old buildings," comments Charles C. Wall, superintendent of Mount Vernon, "and paint is the most effective weapon in combatting it. Here, at Mount Vernon, we are fully aware of its protective function. The last time we had the exterior of the Mansion repainted, we had occasion to remove all the previous coats of paint on the window sash when some of the glass was replaced. Beneath the protecting coats of paint, we found the wood to be structurally sound and in excellent condition."

At first glance, many visitors to the home of George Washington think that the structures are built of stone because the exterior finish has a stone-like appearance. Actually, however, the exterior is of chamfered wooden blocks — a rusticated exterior, in the terminology of architects. As in Washington's time, these blocks are periodically given a coating of white paint to which white powdered limestone is applied, while the paint is still wet.

In painstaking detail, Washington specified the procedure to be followed in testing the use of the powdered limestone for this purpose, after he found it difficult to obtain sand of a uniform whiteness from the beach at Point Comfort. The sand had to be shipped aboard the Norfolk packet. The limestone could be obtained from the rock strata near the Mount Vernon wharf.

On Nov. 5, 1786, he wrote to his manager at Mount Vernon, "Some years ago, I had brought from Point Comfort a quantity of fine white sand for the purpose of sanding my houses anew when circumstances would enable me to give them a fresh coat of paint. As it is my intention to do this the ensuing summer, I request that you inform me if the sand is there still. Whether it is to be found now, or not, I wish you would have a little of the finest, whitest and softest of the free stone at the wharf pounded fine and run through a mill sifter of middling fineness to see if it would not answer as well or better than sand. To ascertain the difference with certainty between the sand and pounded stone, take two pieces of plank (planned, a foot square will be sufficient) and paint them in the usual manner with white lead and oil and after the first coat is dry give them a second (the paint a little thicker) and while it is fresh throw (the one edge) sand against one, and pounded stone against the other, as long as they will stick, and till every part of the paint is well covered. You will then, when they are dry, be able to decide which will look best and most resemble stone; which, together with the preservation of the wood, are the ends to be answered by this operation."

Today, instead of throwing sand or powdered stone against the wet paint — or blowing it on with handblowers — the powdered stone is sprayed on mechanically. While every effort is made to conform with the original colors and surface appearances determined by Washington himself, the best modern types of protective finishes are used so that Mount Vernon may continue to survive in the finest possible condition.

Chairs Should Fit for Proper Sitting Comfort

By HOWARD W. BLAKESLEE
AP Science Editor
CINCINNATI (AP) — This is about sitting down while you work.

If you want your brain to stay clear, you need a personal chair, the Southern Medical Association was told.

"Chairs," said Dr. J. G. Garner, Atlanta, "should be as personal as your clothing."

They fit for proper sitting. And if you don't sit right, Dr. Garner said, some surprising things — mental, physical and psychological — happen.

In this personal chair your rear will extend out back a bit, to prevent coccyx. This refers to your coccyx, a pair of bones, like stubby stilt, just at the base of your spine. They aren't real sitting bones, but lots of people use them for that, said Dr. Garner. This puts an extra strain on the end of the spine.

A properly designed chair bottom will also do the work of the rear overhang.

The chair back needs a slightly curving area to press forward into the curve of your spine. Keeping that curve in position tends to reduce pot-shaped corporeosities.

The chair seat should not be long enough to press against the fold-back of your knees. That puts the feet to sleep.

Culture pearls are made by inserting small pellets of mother-of-pearl inside the coccyx, which attempts to ease the irritation by covering the pellet with layers of necrotic matter. Only by dissecting a pearl can the artificial center be detected.

Radiant Heating Won't Hurt Wool Floorcoverings

If you're planning on installing radiant heating in your new dream house, you'll be happy to hear that recent experiments conducted by the Technical Committee of the Carpet Institute have shown this type of heating system is not injurious to wool rugs and carpets.

Radiant heating, or panel heating as it is sometimes called, has been used in England for several years. Many architects today favor it because of its several distinct advantages in the modern home. Usually located in floors, the radiant heating system does away with unsightly radiators and hot air registers. And because the heat is in the floor itself, radiant heating enables contractors to build low-cost basementless houses without fear that the inhabitants will suffer from cold, damp floors all winter long.

In houses with basements, radiant heating is commonly obtained by circulating hot water through coils placed between floor joists, while in houses lacking basements the coils are embedded in a concrete slab. One question that the widespread use of radiant heating has naturally brought up is the effect it may have upon floorcoverings.

Tests have proven conclusively that rugs and carpets are not harmed by radiant heating systems, even when operated at above normal temperatures. With persons at rest, a surface temperature of 90 degrees is the maximum that can be endured with comfort. In other cases, such as in schools and churches, a surface temperature of 110 degrees is considered maximum.

It has been found that wool floorcoverings have an insulating effect when used above heated panels. To obtain a surface temperature of 80 to 90 degrees F. on a bare floor, a water temperature of 110 to 120 degrees F. is necessary. When a wool floor-covering and hair pad underlay are used on the floor, an increase in water temperature of about 25 degrees F. is necessary to insure the same room temperature. This can be obtained easily by adjustment of the temperature regulator on the boiler.

Moisture is hard on rug backing, so in houses without basements the danger of moisture seeping through or condensing upon the concrete and damaging

How to Save Money—and Water

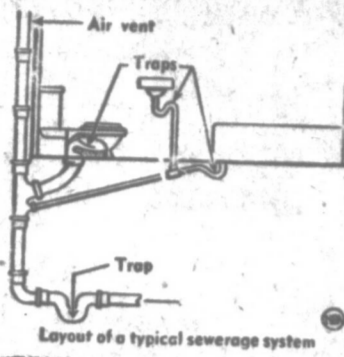

By BOB SCHARFF
Written for NEA Service

When you do your own servicing and repairing of plumbing you save money in two ways—the cost of the work and also the cost of water that may leak through a faulty fixture.

Before beginning any plumbing repairs, make sure that the water in the line to be repaired is turned off. In some plumbing installations, each line in the house has a shutoff valve in it; in others there is one in a shutoff valve back of the water meter.

To replace the washer in a compression faucet, the cap nut must be unscrewed from the faucet body and the handle, stem, and other parts removed as an assembly with the cap nut. The screw holding the washer in place on the lower end of the stem can then be unscrewed and the washer replaced.

Examine the condition of the seat in the faucet body. If it is rough, it may be dressed with a special seat dresser, which is inexpensive and obtainable in

Layout of a typical sewerage system

Save Steps And Labor In Laundry

Straight-line arrangement of laundry equipment is the greatest labor and step-saver. Automatic washers, wringers and ironers are available in flat-topped matching units which fit together side-by-side in six feet of wall space.

Place the washer first in line, the dryer next and then the ironer so that clothes move from one unit to the next with minimum effort. To make work still easier and reduce foot-fatigue, floor this area with water-and-stain-resistant asphalt tile. This resilient flooring is quickly wiped with a mop, its bright colors never fade and it adheres tightly to the sub-floor, no matter how much water is spilled on it.

Make the laundry bright, colorful and cheerful by liberal use of attractive color on walls and ceiling; installation of fluorescent lighting. A pleasing color plan for a laundry is pale blue walls and ceiling; white woodwork; and on the floor, alternating stripes of blue, light gray and red marbled asphalt tile. When modernizing the laundry, take advantage of the opportunity to install wall storage cabinets for soaps, brushes, electric iron and other articles near the point where they are most used.

Building Prices Are Predicted To Remain Same

CHICAGO (AP) — A real estate appraiser predicts that despite brisk demand building prices will stay within 10 percent of present levels.

He was Albert W. Lockyer, White Plains, N.Y. He addressed the meeting of the American Institute of Real Estate Appraisers held prior to today's opening of the National Association of Real Estate Boards convention.

A second speaker, Hugh Potter of Houston, a former president of Nareb, asserted that the decentralization of shopping centers may be overdone.

He said: "There are signs appearing which indicate a possible overdoing of the production of suburban shopping centers. There are appearing numerous projects, some built, some contemplated in spots which do not meet enough of the fundamental requirements for success."

Home Building In Texas Takes Upward Surge

AUSTIN (AP) — A new surge in small home building boosted Texas construction last week. Awards in residential housing hit \$18,324,665. That was close to double total contract awards in all classifications for the previous week. Included was 2,489 in small homes at Houston, the Texas Contractor reported.

Grand total for the past week was \$26,233,265. Public works projects accounted for \$2,627,419 and non-residential building for \$6,281,181.

Construction awards for the year thus far stand at \$859,244,097 the trade publication said.

Give Old Bathrooms 'New Look'

When modernizing an old bathroom, start with the bathtub. Cover the sides and legs of the old-fashioned tub with bright-colored panels of plastic or wood painted any desired color. Eliminate the tub's legs and install four-inch wooden blocks. Build two six-inch-deep drawers in the space between the tub. These will provide more storage space, and under-tub dust-catching and make cleaning easy.

Since the bathroom needs sunlight, make the entire outside wall of the bath opaque glass, either in block or sheet form. This affords privacy, admits light. Make the room gay with buttercup yellow walls, and accent this color with leaf-green marbled asphalt tile flooring and touches of the same colors in the draperies.

Save space in the bathroom by fitting one of the new types of clothes hampers between the wall studs. These hampers are recessed into the wall like a medicine cabinet, will hold as much as the conventional hamper, yet project only three or four inches into the room.

Minimize the bathroom's strictly utilitarian air, add interest with small pictures and green growing plants. Use towels of bright shades that match the asphalt tile floor. If there are small children, place towel racks one below the other in stair-step effect. Paint the clothes hamper to match floor and towels and carry the same color into the edging of the cottage-type window curtains.

Drying Cellar for Winter

By BOB SCHARFF
Written for NEA Service

If your cellar is wet, or even damp, after a heavy rain or a long thaw, a few simple and inexpensive repairs may remedy the condition.

First, check the grading to be sure that surface water drains away from the house, and make sure the drains are not clogged up.

Next, check the cellar walls and floor for cracks. If you find any, they should be widened out and deepened with a hammer and chisel and then filled with cement.

Aside from cracks, the place most likely to need attention is where the walls join the floor. Water often seeps into the cellar along the path shown by the dotted line in the diagram. The remedy is a waterproof cover all around the inside of the cellar. If necessary, this cover can be extended up the walls for a foot or two.

With a stiff wire brush remove all loose particles from the surfaces being repaired, and get rid of any traces of oil or grease with naphtha or gasoline. A waterproofing compound should be added to the concrete mixture to stop water seepage and aid in bonding the new concrete to the old. There are many good waterproofing compounds on the market. Whatever compound you choose should be added to the concrete mixture in accordance with the manufacturer's directions.

For the mortar itself, a mixture of three parts of clean sand to one part of cement is satisfactory. Mix these well and add just enough water and waterproofing compound to produce a stiff, thick paste. Now prime the

Friend in Need Sees Same Judge

PASCO, Wash. — (AP) — Nate Morgan got a ticket for speeding and forgot his date with the judge until just before he was due to answer charges. He phoned friend Bob Cranen to run down and handle his job while he went to court. Cranen obliged, but do you know what happened while he was speeding to his friend's assistance? Same judge, too.

Doctor Saves Farmer Taxi Bill

BALLSTON SPA, N.Y. — (AP) — Dr. Harry E. Hansen, a veterinarian, got a call from a downtown drugstore. A farmer there wanted him to look at a sick cow. Dr. Hansen picked up the farmer and drove him through winding, country roads. As the pair pulled up to the farmer's house, the farmer opened the car door and said: "You can let me out here, doc. I haven't got a sick cow. You see, you charge only \$3 for a visit while a taxi would have cost me \$5."

Man Held for Theft of Jacket

City Police this morning were holding a local man in connection with the theft of a brown tweed jacket from a car parked in front of the Empire Cafe on the night of Nov. 11. Chief of Police John Wilkinson said the theft had not been reported to police until Saturday night when the owner spotted the man wearing his jacket at the Pig Hip Drive Inn, Hobart and Alcock. The victim of the theft called police who arrested the wearer of the jacket. After recovery of the jacket the owner refused to appear as a witness against the arrested man. The case, however, was still pending.

Two Die in Plane Crash Near Santa Fe

SANTA FE, N.M. — (AP) — A light plane crashed near here yesterday, killing one person and injuring another. Dead was Miss Dixie Meadows. Injured was Warren Brown. Both were from El Paso.

Czechs Say U. S. to Lose in Third War

BRAGUE, Czechoslovakia — (AP) — The Czechoslovak Army newspaper Obrana Lidu said the United States would lose to Russia in a third world war. Russia and her allies, the paper said, would be certain victors because the United States "could not fight against the whole world." The article — entitled "How the U. S. A. Lost the War" — claimed the U. S. has more to fear from atomic war, now that the Soviets have the atom bomb. The paper asserted that Communists in Western European countries would refuse to fight against Russia and would disarm the West.

Hold Baseball Clinics in 200 Cities

COLUMBUS, Ohio — (NBA) — Two-day clinics in 200 cities in 30 or more states are to be conducted by the National Association of Professional Baseball Leagues with the cooperation of the major leagues and amateur baseball movements, Jan. 23-24. Last February in a trial run in 13 states, 3000 coaches attended 115 clinics in a week. The goal this trip is 10,000. Past and present professional managers, coaches and players teach. There are no hidden objectives. The plan simply aims at better coaching, a greater understanding, and hence more boys playing intelligently.

Rites Today for Mobeetie Woman

Funeral services for Mrs. Luna Leona Reaves, 71, were held from the Mobeetie Baptist Church at 2 p.m. today.

The Rev. James Bryant, pastor, officiated, and burial, under Dunkel-Carmichael direction, was in Mobeetie Cemetery. Mrs. Reaves, who moved from Enid, Okla., to Old Mobeetie in 1932, died at her home there Saturday evening. She had been ill about three years.

Students Assist With Program

Pampa High's Senior boys' and Senior girls' quartet and sextette will provide the program at the Gray-Roberts County Teachers' Association meeting tonight at which time Dr. J. B. Roberts will deliver the master address. The meeting will be started with a banquet at 7 p. m. in the High School Cafeteria. Dr. Roberts is of the Educational Department at West Texas State College.

The Senior quartet is composed of John Nolan, Ronald Beard, Robert Allford and Bill Epps. June Gull, High School student, will accompany the group. Senior sextette is made up of Nina Spearman, Helen Blocker, Betty Ann Greene, Norma Mann, Betty Boswell and Carmelita Dunaway. Phoebe Osborne, will serve as accompanist.

Grass Fire Spreads To Lumber Yard

A grass fire of unknown origin caused considerable commotion at 4 p. m. yesterday when it spread into the Monarch Lumber Company lumber yard. Fire Chief Ernest Winborne said the fire spread to several barrels of roofing material which exploded. No one was injured by the explosions, but material was strewn about all over the lumber yard. Firemen used 800 feet of hose to keep the fire from spreading to other parts of the yard.

Cow Has Second Set of Quadruplets

NEWMAN, Calif. — (AP) — "A six-year-old Holstein cow has given birth to her second set of four calves. That, said Dr. H. S. Cameron of the College of Agriculture at Davis, makes her one in a million. The cow, called Belle, is one of a herd of 56 at the Sarafin Morris Dairy. She gave birth to quadruplets in 1948 and again last week, she had twins and a single calf before that.

STRIKE DISORDERS

LAGOS, Nigeria — (AP) — Eighteen persons were killed and 31 injured in coal mine strike disorders near here Friday.

Porter Charged With Girl's Rape

HOUSTON — (AP) — A Negro porter yesterday was charged with rape of an 11-year-old white girl.

George Honey Young, 28, was charged before Justice of the Peace W. C. Ragan, who ordered him held without bond. The girl, a sixth grade school student, was attacked Saturday morning after a Negro man had lured her from a neighborhood football game at the St. Mary's Catholic school playground. She told police the Negro had told her the rector of the nearby St. James Episcopal Church wanted to see her. Young was arrested at his home early yesterday.

BRITAIN'S

(Continued from Page 1) for the North Atlantic defense for which Congress has voted \$1,000,000.

And it is on these plans the Western Allies will gamble in their fight to hold Europe against any attack from Russia and her satellites.

Many military men believe the Western Union couldn't have chosen a better man for the job than the spartan, precise little son of Britain. His campaigns in World War II were studies in painfully detailed planning — first as commander of the famed British Eighth Army and later as commander of the 21st Army Group under Eisenhower. In all of them, Monty never had his defenses broken by the Germans.

TRUSTEES

(Continued from Page 1) court accounting in order to quit as a trustee. Bridges in the past 18 months has voted with Lewis in most things. He sided with the UMW chief in deciding to cut off all but emergency payments on Sept. 16. It was three days later that 480,000 hard and soft coal miners walked out.

The bituminous coal miners east of the Mississippi were idle for 82 days until Lewis called a truce on Nov. 9. That truce expires Nov. 30.

P-TA Study Group Meets Tomorrow

The first Horace Mann School P-TA study group meeting will be held at 9:30 a. m. tomorrow in the home of Mrs. Charles Gilson, 421 N. Nelson. The theme to be studied is "Freedom to Grow." Members of the study group will be awarded a certificate from the National Congress of P-TA upon the completion of 12 hours study with the group.

OH, NO!

WE'LL HAVE TO UNLOAD ALL THAT STUFF, DUD—TO GET AT THE SPARE TIRE!!

HEY, I JUST THOUGHT OF SOMETHING WE DID FORGET! OUR HUNTING LICENSES!!

Tex Austin

THAT SOUNDED LIKE GUNSHOT—I BETTER GO SEE IF TEX IS ALL RIGHT...

TEX!—YOU'RE HURT!

THEY DRYGULCHED ME, ROSITA!.. LET'S GET TO THE DOC—QUICK!

TEX! THIS IS ALL FRANKIE'S FAULT!.. I SUPPENLY—DISLIKE THAT BOY!

Bo

THAT'S WHAT I SAID, I'VE GOT A LIVE TURKEY FOR YOU... WHERE'LL I PUT IT?

BUT, BUT...

WHERE DOES YOUR DAD WANT IT?

HE'S GONE AFTER MOM, JUST PUT IT INSIDE THE DOOR.

A REAL LIVE TURKEY... FOR OUR THANKSGIVING DINNER, IT'S A SHAME TO KILL IT.

I DON'T KNOW WHO SENT IT BUT...

GOOD GRIEF! GET IT OUT OF THERE!

Mickey Finn

RED'S TESTIMONIAL DINNER PROMISES TO MAKE RIVER FRONT HISTORY!—A FEW MORE HOURS AND IT WILL BE UNDER WAY!

IT'S TOO BAD THAT BUNNY IS GOING TO MISS IT, MRS. SMITH! HIS COLLEGE IS TOO FAR AWAY, ER?

YES! BUT I HAD A LETTER FROM HIM THIS MORNING AND HE'S GOING TO SEND RED A TELEGRAM!

SEE! IT SAYS IT STARTS AT 7:30! AND I'M GONNA BE THERE EARLY—SO I CAN SHAKE HANDS WITH JACK DEMPEY!

ME TOO! GEE, THAT'LL BE SUMP'N'! BOY-O-BOY!

I'M GOING TO ASK PHIL RIZUTO HOW HE BUNTS SO GOOD!

YEAH! I THINK I'LL BRING MY BAT ALONG—SO HE CAN SHOW US JUST HOW HE HOLDS IT!

ALL YOU'LL HAVE TO DO IS STAND UP AND SAY—THANKS FOR EVERYTHING—AND THEN SIT DOWN! THAT'S ALL, RED!

I SURE WISH IT WAS OVER, MATT!

Penny

SOME DRASTIC CHANGES HAVE TO BE MADE AROUND HERE, YOUNG LADY!

THERE'S GONNA BE LESS SELFISHNESS AND MORE CONSIDERATION!

SOME CHANGES IN DISPOSITION ARE CALLED FOR AND I'M GOING TO SEE TO IT THAT THEY'RE MADE!

BUT MOTHER AND I THINK YOU'RE PRETTY NICE JUST AS YOU ARE—

HE DIVES FOR SUNKEN "TREASURE" - At left, diver Bob Forrest is lowered by his helpers into the Crown Zellerbach log pond at Port Angeles, Wash. He's going down to search for "treasure" in the form of sunken logs. "Treasure" you say. Darn tootin'. Loggers up in the woods float great "booms" of logs down the river to the sawmills. A boom consists of thousands of logs, chained into a giant raft. About 5 per cent of the logs become waterlogged and sink. And at present lumber prices, that ain't hay. Hence the salvage operation. Picture at right shows Forrest supervising recovery of one of the logs he located below the surface and hooked on to the salvage hook.

Housing Plan Slow to Get Started
BY JAMES MARLOW
WASHINGTON (AP) - The government's public housing program is slowly getting a start. At this point, though, it has only reached the beginning of the planning stage.
Because more than 25,000,000 low-income people live in slums and run-down city or farm homes, this program - passed by Congress and signed into law by President Truman last July 15 - has three aims:
1. To wipe out slums, although this program won't wipe out all of them.
2. Build houses where low-income families who can afford only low rent can get decent homes.
3. Aid poor farmers in putting needed repairs on their homes or building new ones.
The cost to the government is between seven and 12 billion dollars spread over 40 years in grants, or outright gifts of money, plus about three billion or so in loans, which the government will get back.
Most of the money will go to cities and communities. They'll hire private contractors to clear the slums and build public housing.
The government will help when the cities and communities can't pay the bill themselves.
The only individuals who'll get money are poor farmers, if they're approved by the government.
And they can't get it unless they can't get money any other way. They'll get two kinds of help: loans and grants.
The housing program calls for 510,000 units to be built in the next six years.
Not a nail has been driven into a single yet under this program. The program is getting underway, but only to this extent:
The government this week approved loans of \$20,375,400 to 108 cities to make surveys and plan building the homes.

FROM NINE TO FIVE

Neither of us can buy it until it is returned to its legal owner. The charming Nellya.
"How do you know charming Nellya hasn't got it now?"
"I have just talked to Nellya at her studio."
Hagar sniffed. "Tom there?" also asked pointedly.
"I assisted Nellya in getting him into his bed. He arrived home feeling very unhappy and very ill. His stomach," Yakov patted his own lightly, "very sad."
"Very. Did you tell the O'Nells about the murder?"
"No," Hagar said, "I thought it was something I could not do. They will learn soon enough."
Yakov avoided her eyes. "A tangled thing. A man peacefully sleeping on his own bed, and while he innocently dreams, an assassin plunges a knife into his neck!"
Hagar gripped the arms of her chair. "Neck? I thought he was stabbed in the chest?"
"You did not look closely at the body? But no. You would not - it was too horrifying for a lady's eyes. However, the wound was at the base of the neck, a very thin mark - one would have to search."
"If Martin was stabbed in the neck, how come his chest was drenched with blood? I mean, so much blood!"
"I would guess that the knife was plunged into an artery, though I am not enough of an anatomist to make a positive statement."
"Did you see the knife?"
"One of Yakov's heavy eyebrows slanted upward. "Did you?"
Hagar blurted, "Stop trying to play cat and mouse with me! Of course I didn't! For all I know, maybe you stabbed him and have the knife in your pocket right now!"
Hagar took hold of herself. "It seems to me we're being pretty casual about all this. I'm tired, too. If you'll excuse me, now -"
Yakov bowed. "Certainly. But, before I go, as a special kindness, would it be possible for me to see your cameo collection? As I told you, I, also, am an enthusiast."

The GAMEO
By Virginia Teale Copyright, 1949, MSA SERVICE, INC.
THE STORY: Martin Falter has been murdered and the motive seems to be a valuable cameo collection which he was trying to sell and which Neil O'Neil claimed to own. Hagar, who runs a gift shop, and who wants the cameo, finds the murdered man immediately afterwards Stephanie Smith, Hagar's assistant, appears on the scene. They do not report the crime to police but go home. There in Hagar's kitchen, Hagar already has an Hagar and Stephanie talk. Arnold Pfeiffer in eavesdropping outside their window. Hagar already has told Stephanie that she thinks Arnold, who had been commissioned by Falter to sell the cameo, had the missing cameo in the collection cabinet.
XIII
LISTENING outside the window. Arnold Pfeiffer heard Hagar Blair speak.
"Well, Arnold's a timid little mouse. You saw how he fiddled the pin like a hot potato when he brought it to the shop. Obviously he was panting to get rid of it. He may have dropped the empty box in my car as a kind of signal. I didn't tell you about the box - thought it would upset you. I found it just before I went to Martin Falter's."
"But why would Arnold leave the cameo here?" Stephanie Smith asked.
"Maybe he took it back to Falter and found him murdered. Or on the other hand, maybe he took it up there and they had words and Arnold stabbed him."
Arnold's scalp crawled. The old bag of bones, he thought furiously. If she were to go to the police with an idea like that!
Then he closed his mouth abruptly. Someone was coming up Hagar Blair's pathway.
Arnold saw Hagar leave the bedroom when the doorbell sounded. He left the window and moved cautiously to the front of the house. The outside light flicked on and the enter's identity was revealed: Andrey Yakov!
"My apologies for this late call,"

STROBLE ANALYZED—Dr. Marcus Crahan, consulting psychiatrist, right, who examined Fred Stroble, left, above, after his confession to the mutilation slaying of tiny Linda Glucoft in Los Angeles, Calif., said he found the man substantially sane, but highly perverted. Stroble, who submitted to questioning and examination without protest, did not claim to be insane, but declared he was under the influence of several drinks when he committed the atrocity. He was arraigned shortly after the examination.

What Is Power Of President Over Strikes?

By JAMES MARLOW
WASHINGTON — (AP) — President Truman puzzled people with a statement he made last February. They're puzzled all over again by a similar statement he made Thursday.

When the nation is faced with a big strike which may hurt it badly, the President can stop it for 80 days — but for 80 days only, and not permanently — by using the Taft-Hartley Labor Act. He does it by declaring a national emergency. Then he gets an order from a federal judge forbidding a strike for 80 days.

workers are free to strike. This is the first and only labor law explicitly giving the President power to stop a strike. But neither Mr. Truman nor his labor-leader supporters like the T-H Act.

Buy many people raised this question: if T-H is killed and there is no law explicitly giving the President power to stop a big strike that might endanger the nation, what can be done?

The President was asked about that at a news conference Feb. 3, 1949.

He said the Constitutional and implied powers of the President are sufficient to meet any national emergency, and need not be spelled out in a new law.

And he said his attorney general told him the President has ample authority to deal with any strike crisis without using the labor law.

Precisely what he meant by all that has never been explained. Now the nation may have an-

Lewis on Nov. 9 sent his miners back to work after a 83-day strike, he said it would be until Dec. 1. After that date, he's free to strike unless the President does something about it. Would Mr. Truman use T-H to do it?

Yes, the President told a news conference Thursday, but — only if there's a national emergency. He would not admit there'd be an emergency if the miners struck Dec. 1.

If needed, he said he would not hesitate to use T-H and all the laws on the books.

But aside from T-H, what laws — specifically — give the President power to stop a strike? The President didn't clarify his statement any more than he did Feb. 3.

The S.S. Savannah was the first steamship to cross the Atlantic.

boards, means Privats Branch Exchange.

Allergic Sinus And Asthma Get Lift From Science

GALVESTON — (AP) — Tips from an ancient letter and from a child playing with a balloon have been used by a doctor to find relief for thousands suffering from allergic sinus and asthma.

Dr. J. Mathews Robison, professor of otolaryngology in the University of Texas Medical School, devised the treatment.

One day he read a letter to Pope Pius VI from Bartholomaeus Eustachius, who described the Eustachian tube in the ear.

The letter, dated 1707, read: "...should admire the art and knowledge of the great creator, who does nothing uselessly."

Applying this reasoning to the problem of the sinus sufferer, Dr. Robison studied the polyp (a tiny oyster-looking substance that formed in the nose. The

polyp blocked breathing and had in many cases to be cut out by surgery, only to grow again.

What was nature's reason for the polyp? "That purpose seemed to me to be to increase the tissue pressure of the sinus mucous membrane, thus displacing the fluid in the sinus so that without fluid, there would be no pain — no sinus condition," Dr. Robison reasoned.

That's where the child's balloon came to mind. An artificial polyp placed in the sinus might serve the purpose nature intended to avoid overdevelopment of the natural polyp.

A specially designed balloon about the size of a little fingernail and filled with iodized oil was placed experimentally in the sinus of a sufferer. The pain was relieved.

A letter, a balloon and research resulted in a therapy that is becoming internationally recognized as a way to stop painful sinus.

Fireman Held On Arson Charge

LOWELL, Mass. — (AP) — A smalltown volunteer fireman who has seven young children was held for a grand jury on arson charges Saturday after police said he confessed setting 25 fires because he needed his \$1-an-hour firefighting pay to catch up with maternity bills.

John W. Gotham, 32, was held after State Fire Inspector Daniel Murphy said he admitted starting the blazes over the last two years — 15 in dwellings and the others in brush and woods.

Gotham, whose children range from one to 9 years, told police he earned about \$45 a week as a laborer but has been jobless recently.

Murphy quoted Gotham as saying he couldn't find any other way to pay the bills for his babies.

Nationalization of Steel To Be Big Issue in Britain

By DEWITT MACKENZIE
AP Foreign Affairs Analyst
There's more than appears on the surface in the British Socialist government's sensational compromise with the Conservatives whereby nationalization of the great steel industry will be delayed until after the next general election.

This steel project was top item in the nationalization program and the government had been anxious to achieve it before facing the voters again. Their sudden backflip means, as Conservative leader Winston Churchill points out, that the election will be "almost a referendum" on the proposition of nationalizing steel.

Naturally this development has inspired the thought among some observers that it represents one of those patriotic gestures which John Bull characterizes as "playing cricket," that is, good sportsmanship and a democratic willingness to leave the decision to the people.

I believe Prime Minister Attlee has made this gesture mainly because he no longer is sure that his party can control a majority of the voters.

He apparently was confident a few months ago that he could win. But the economic crisis has become so complicated and uncertain that public sentiment today can't be accurately gauged. And the Conservative prospects are no more sure, so we find the government saving to the voters in effect.

"We had intended to take over the steel industry before entering another general election. However, since this is the most important item in our program and it is a controversial one, we have decided to submit the matter to your judgment. You shall decide whether you want to proceed with the program. Meanwhile, Parliament will have approved the measure authorizing nationalization if you want it."

A little bird (an English sparrow, to be exact) has whispered to me that Deputy Prime Minister Herbert Morrison probably inspired this move. He is a powerful figure among the Socialist leaders and is credited with being a shrewd politician. What he is angling for appears to be the big middle class vote of the nation, and so are the Conservatives, for this is the new unpredictable element in the forthcoming general election.

Police Siesta Not Taken to Kindly

PHILADELPHIA — (AP) — The daytime siesta is not looked upon with favor in this city in the northern clime.

That was the rude awakening given six policemen Friday when they were found dozing peacefully in squad cars by two police investigators.

All were given their walking papers.

THE GOOSE HANGS HIGH—Forty Westmarks per goose—about \$9.00—is much too high for the average wage earner in Berlin. So this enterprising shop owner is selling his geese on the installment—or American—plan. His bargain-sale sign brought a rush of shoppers eager to make a down-payment on their holiday geese, German equivalent of America's turkey.

Coffee Cheap In Mexico

DALLAS — (AP) — In Mexico City you can go down to the corner grocery and buy a pound of the best coffee for forty centavos (less than five cents).

So said Colonel Miguel Lanz Duret, Lanz Duret, publisher of two of Mexico's newspapers, is in Dallas for the convention of Sigma Delta Chi, national journalism fraternity.

"And Mexican coffee is the best in the world," said the colonel. He added: "If you like it."

In Dallas, retail coffee prices range from about 55 cents a pound in a paper bag to about 75 cents in vacuum packed cans.

Besides being publisher of dailies with 110,000 circulation, Lanz Duret is also commanding officer of the Fifteenth Mexican Army Division and a leading Mexico City lawyer.

He said a Mexican newspaper publisher now has three fearsome problems: 1. The changing rate of exchange; 2. Newsprint is terribly expensive, and 3. Labor is making constant demands. "Labor is very strong in Mexico. My linotypists now work the 6-hour day, with double time for overtime. Next perhaps, Mexican labor will want the 4-day week."

He said part of Mexican publishers' newspaper problem has been solved by an East Texas pulp mill. A Lufkin, Texas, plant furnishes 9,000 tons of newsprint annually to Mexico City.

Study of Democracy Planned for Dec. 7

AUSTIN — (AP) — Texans have been invited to join in a mass, intensive, one-day study of democracy Dec. 7.

Gov. Allan Shivers designated the date as "Democracy Beats Communism Day" and urged Texans to cooperate with American Legion posts in a "calm, patriotic appraisal of democracy."

Hundreds of Legion posts over the state will stage daylong programs starting with breakfasts and winding up with night church services.

The program is under the sponsorship of the Legion's Americanism Committee whose chairman is John Ben Shepperd of Glade-water. The pattern in general follows the pattern tried out at Glade-water last March 20-26 in a series of programs emphasizing the democratic way of life.

Each U. S. congressman represents approximately 280,674 people.

what happened to the price of coffee and why!

DURING the past several years, the world's production of coffee has declined, while consumption has been on the rise. Thus the demand has become slightly greater than supply on a world-wide basis.

In recent months a severe drought in one major coffee growing country, coupled with hurricanes and floods in other countries, has damaged the crop to be harvested next year. The extent of that damage is not certain, but it appears that early estimates were somewhat exaggerated.

protecting your supply

Many consumers, reading and hearing of this crop damage, have laid away an extra supply in their kitchens. This "run" on coffee in stores has produced a few localized and temporary "shortages."

If you have been limited by your grocer in the number of pounds of coffee you can buy, more than likely that is his voluntary attempt to protect his stock of coffee—and yours—

until his next shipment arrives.

Remember, not a pound of coffee is grown in the United States... it is an imported commodity. Coffee companies here must depend upon growers in foreign countries for their entire supply.

where coffee prices start

Recently these growers, for the reasons mentioned above, together with other contributing factors, have been in a position to demand—and get—more money for their green coffee than ever before. Thus the prices of green coffees have risen by leaps and bounds. So rapid in fact, has been the climb, that we have been selling coffee to grocers and grocers have been selling to you, at prices below what was called for by the actual prices we were paying for green coffee in the producing countries the same day.

Coffee companies in the United States operate on a volume basis. The profit on each pound of coffee is small indeed. Without a tremendous

volume there would be no profit at all. Likewise, the grocers of today sell coffee on a near-cost basis.

The increased price you are paying for coffee originates in the coffee growing countries—not with the roaster or your grocer.

No one can foretell how far this combination of unusual forces may push coffee prices upward, nor how long the situation may continue.

But we at Folger's believe that there is ample coffee on hand and in sight to supply the normal consumer demand for this special Mountain Grown coffee.

and we make this promise

When you buy Folger's Coffee it will be the same wonderful coffee with the individuality of flavor that has always set it apart from all other blends.

Considering how much pleasure a cup of Folger's Coffee gives you—surely you must agree that penny for penny Folger's still provides the most pleasure you can put on your table.
