Police said the truck, loaded with composition fireplace logs, lost its brakes and went out of control coming down a hill. Several persons were injured. Hospital officials said Cogan's condition was critical. (AP Wirephoto)

Boy, 14, Captured After Chase For 7 Crime-Packed Weeks

Health Plan Hasn't Chance Says Democrat

WASHINGTON — (AP) — Rep. Priest (D-Tenn.), a key man in the matter, said today President Truman's compulsory health insurance program "hasn't got a chance" in the next session of Congress.

Priest is a member of the Democratic high command in the House and chairman of a commerce subcommittee handling health legislation. He told a reporter he doesn't think the health insurance plan even can get through the committee. "There is enough opposition, based on the idea or on the cost, to block it in the committee," Priest said.

Under the plan, doctor and dentist bills would be paid through a government insurance system and the people would chip in on the cost with premium payments. Opponents say the President is trying to socialize medicine. Backers say the program is intended to see that the people get proper medical care at reasonable costs.

There is enough of a split in Congress so that no urgent effort to enact it is likely before 1951. But Priest is figuring on shoving through a couple of other bills he already has steered through the commerce committee. One is intended to increase the number of medical doctors, osteopaths, dentists, optometrists, nurses and public health specialists.

The other would create a national science foundation to foster the development of fundamental research needed to keep America up to the minute on the latest scientific trends.

The legislation provides for government assistance to schools and laboratories for basic scientific research — the new discoveries that are necessary before new gadgets and weapons and ideas are put to practical use through applied science. It also would provide for scholarships and fellowships in order to increase the number of scientists.

Judy Loses Court Ruling
NEW YORK — (AP) — Federal Judge Sylvester J. Ryan ruled today that Judith Coplon must stand trial with Russian Engineer Valentin Gubitchev on spy conspiracy charges. Ryan denied a motion by the ex-government spy's lawyer, Archibald Palmer, to hold that the trial would put his client in double jeopardy — that is, put her on trial twice for the same offense.

TEXARKANA — (AP) — Thin, wiry, 14-year-old boy who has led officers of three states a merry chase for seven crime-packed weeks, was captured today at his Texarkana home.

The boy, small for his age, launched his crime wave seven weeks ago by stealing a coon from the Texarkana Zoo.

Since then, officers say, he has: 1. Stolen a long string of automobiles, motorcycles and even a motor scooter. 2. Burglarized an ex-police commissioner's home of \$580. 3. Escaped from officers three times. Once was a thrilling getaway from a 30-man posse when he jumped from a car while handcuffed.

Tipped that the boy was back in Texarkana after escapades in Houston, Arkansas and Louisiana, detectives and policemen from Texas and Arkansas found him hiding in a closet of his home here and he surrendered without resistance.

Texarkana, Texas, City Detective Homer Goff said the boy was "as far back in that closet as a person could get."

Here is the boy's crime career as outlined by officers: He was caught and released after he had stolen the coon. Then he stole two motorcycles here. He was apprehended after stealing the first motorcycle but broke away from the officer who had him in custody.

On the second motorcycle he rode to South Texas. He wrecked it and stole a motor scooter in Houston. He visited the Houston home of his stepfather but ended the chase abruptly by stealing \$58 from the home and his stepfather's car.

He drove the car to Texarkana and abandoned it. Then he went on to Nashville, Ark., and burglarized the home of an ex-police commissioner of \$580. He also stole a couple of cars in Nashville. He went on to a town near Shreveport and stole another car.

He drove that car to Houston and was arrested there. He was charged with murder with malice in the slaying of his brother, Donald Mann, 32.

Police arrested him last night in an Amarillo depot. His brother was shot to death about 5:30 p. m. yesterday.

District Attorney Lloyd King said murder charges had been filed against Billy Max Mann.

Police were told that Donald Mann was in the living room of a home in the southwestern residential section of Amarillo. He was making a phone call when Billy Max Mann appeared in a doorway leading to a hall. Police said Billy Max Mann began firing.

Donald ran from the room after the shots, leaving a trail of blood through the dining room and kitchen. The trail continued around the house and across the front yard to the curb in front of a neighbor's home. Here Donald collapsed.

The slain man returned to Amarillo a week ago from Louisiana. Police said Donald Mann, Billy Max Mann, and Elias McKinney, Donald's former wife, were alone in the house at the time.

Amarillo Man Held in Death Of Brother

AMARILLO — (AP) — Billy Max Mann, 23, was charged with murder with malice in the slaying of his brother, Donald Mann, 32.

The slain man returned to Amarillo a week ago from Louisiana. Police said Donald Mann, Billy Max Mann, and Elias McKinney, Donald's former wife, were alone in the house at the time.

Services were held at 3 p. m. today in Fairview Cemetery for Lovie Lee Carter, infant son of Mr. and Mrs. Robert Lee Carter, 537 Oklahoma.

The child was born about 8:30 p. m. yesterday and died at 10 a. m. today.

In addition to his parents, he is survived by one sister, Gloria Jean; by one brother, Bobby, Jr.; and by his grandparents, Mr. and Mrs. Rev. L. B. Davis, pastor of the Progressive Baptist Church, officiated at the graveside services, and burial was under Duenkel-Carmichael direction.

Somebody Got Paid, but Not Right Party, CC Office Finds

Somebody got paid for someone else's work and the Chamber of Commerce would like to know who it was.

So would the police. Wedgeworth gave this account today. On Sept. 28, opening day of the Top of Texas Fair, Wedgeworth called Lloyd's Magnolia Service Station and spoke to a man, whose name Wedgeworth doesn't remember, who was a driver for Roy Free. Free's truck hauled the chairs and piano to the bandstand of Recreation Park.

On Oct. 1 a young man entered the Chamber of Commerce Office with a statement from L. M. Burnett for moving the equipment at a cost of \$9 — the same amount Free's charge was. A statement had a conventional head with no firm name or private name. The statement was written in pencil with Burnett's name signed to it.

Heroic Mother Rescues Two; Three Perish

SAN ANTONIO — (AP) — An heroic mother early today rescued two of her children from their blazing home in which the father and his two daughters were burned to death and a small son was critically injured.

The dead are Bennie Saldana, Sr., 25-year-old war veteran and his daughters, Gloria, 3, and Dora, 7. Valentino Saldana, 1 1/2-year-old son, is near death in Santa Rosa Hospital from third degree burns over his entire body.

The 24-year-old mother, Mrs. Concepcion Saldana, is in the Robert B. Green Hospital, suffering from hysteria, shock, cuts on both arms, and burns about the face.

The two children she rescued from the flames, her 27-day-old son Andres, and 4-year-old Bennie Saldana, Jr., are in the care of a relative, Vicente Saldana.

The mother was injured, police said, when she broke a window in an effort to get Valentino, Andres and Bennie, Jr., to safety.

The back door of the three-room house in which the Saldanas lived was blocked by flames, and the front door was barred by a chest of drawers which Bennie Saldana, Jr., had been shoved against it to keep it from blowing open during the night.

Mrs. Saldana told police she and her husband were awakened shortly after 1:30 a. m. by smoke and crackling flames. Her husband, Marvin Truelock, 41, died from suffocation from the fire.

The woman was found Wednesday in her home here, a gag in her mouth, a gas stove burning over her face, and her hands held behind her back with a rope.

King said "It is the only verdict I can give right now. And it could be changed if any new evidence is presented." He said he returned the non-committal verdict in order that the woman's body might be released to the family for burial.

Calvin Grantham, 13, a son by a previous marriage, found the body.

Mrs. Truelock's husband told a newsman that his wife was in good spirits when he left her about noon Wednesday. He said he suspected foul play.

Funeral services were to be held at 3 p. m. today in the First Baptist Church here, with burial in Southland.

Planes and Ships Hunt Missing B-29

HAMILTON, Bermuda — (AP) — An armada of planes aided by ships searched today in worsening weather the critical area off Bermuda where a U. S. Air Force B-29 crash-landed Wednesday with 20 men aboard.

Faint radio signals and the sighting of two red flares reported last night spurred efforts of the rescuers searching an area of about 100 miles square, 345 miles northeast of the islands.

Officials said four planes are now combing the pin-pointed spot where the signals originated. Fifty or more search planes were scheduled to be in the air today. The Canadian aircraft carrier Magnificent, 325 miles west of the scene where the flares were reported, and two U. S. Coast Guard cutters were on their way to the area.

Another B-29 crashed at Tampa, Fla., while taking off in the search, killing five airmen and injuring four. This brought to five the number of B-29s which have crashed since Nov. 3, when one fell into the sea off this island, killing 11 persons.

The flares were sighted just at dusk last night by one of the 80 planes which through the day had patrolled the Bermuda area.

The missing England-bound bomber radioed Wednesday it was going to "ditch" in the Atlantic when its radio navigation equipment broke down and its fuel supply ran out.

Soon after the flares were seen, another rescue plane heard faint radio signals. The searchers thought they could have come from a portable radio set carried in the B-29 life raft kits.

More search planes were ordered out from Kindley Field here as soon as the flares were reported sighted. But night searches failed to disclose any trace of the missing airmen.

Rodeo Association Names Directors

Eleven directors of the Top of Texas Rodeo and Horse Show Association, Inc., were named for three-year terms at a meeting last night in the Palm Room of the City Hall.

They are Guy Andis, Al Miller, R. M. Samples, Paul Crouch, George Dillman, Wade Thomason, H. L. Ledrick, Jake Osborne, John Pitts, P. B. Wright and Ralph Juillard.

Officers of the association will be elected at the next Board of Directors meeting.

Shooting Said Self Defense

EDINBURG — (AP) — Because he was "scared to death," Loren E. Rossion said, he fired the shot which killed Cecil Rutherford, 45, last February. He said he fired to save his own life.

Rossion, 22, is charged with murder in the death of his father-in-law.

"I carried that pistol for the sole purpose of self defense," the Navy veteran testified at his trial yesterday.

He fired two shots at close range, the second one after Rutherford had fired one shot from a 12-gauge shotgun.

"I knew I didn't have a chance if he fired a second time," Rossion said. "Because you just don't miss with a shotgun that close. That's why I fired the last shot."

Rutherford was shot in the yard of his farm home after Rossion had gone to the house in an effort to see his estranged wife and their 11-month-old son.

YOUTH CALMLY TELLS BOLD BANDITRY TALE

FORT WORTH — (AP) — A 20-year-old youth last night calmly told a tale of bold banditry in four counties. He was then whisked to Denton where Chief of Police Jack Harrison said charges of armed robbery would be filed against him.

The salesman, Robert Burgess, said loss of the keys snarled operations at the lot yesterday. "We couldn't move a car," he said.

Byrom said he first drove to Dallas and robbed a service station attendant of "about \$20 cash." Then he drove to Denton, where he got \$58 or \$60 in a holdup at the Jack Hill Service Station.

Byrom overturned the automobile on a country road near Era early yesterday morning. He was being from Texas Ranger Lewis C. Rigler, who had spotted him between Valley View and Gainesville.

After hiding in fields, Byrom walked up to Herman Tatum, 28, an Era farmer, as Tatum picked cotton near where Byrom overturned the automobile.

Vice President and Attractive Widow Married in St. Louis

ST. LOUIS — (AP) — Vice President Alben W. Barkley and Mrs. Carleton S. Hadley were married today in a ceremony climaxed a romance that has been in the public spotlight for the past four months.

The vice president, who will be 72 next Thursday, and his attractive bride of 38 were wed by Bishop Ivan Lee Holt of the Missouri area of the Methodist Church.

Mrs. Hadley, who first met the vice president on a cruise down the Polomac last July, wore a smartly tailored woolen suit of "Barkley blue."

Only 33 members of the immediate families and newsmen were in the chapel at St. John's Methodist Church when the ceremony began with the familiar words, "Dear God, we are gathered here in the sight of God."

Newsmen outnumbered the relatives. The bride did not promise to "obey" the vice president. The Methodist marriage ritual included a "that was for ten years."

They joined hands as they were pronounced man and wife. The bishop addressed them as "Alben" and "Jane."

The wedding ceremony, first for a vice president in office, was concluded with the Lord's Prayer immediately after Bishop Holt declared:

"I pronounce that they are husband and wife together, in the name of the Father, and of the Son, and of the Holy Spirit. Those whom God has joined together, let no man put asunder."

David M. Barkley of Paducah, Ky., Barkley's son by a previous marriage, was best man, and the only attendant, Mrs. Hadley chose her brother, William W. Rucker, to give her away.

Following the ceremony an immediate family dinner was held. (See VEEP, Page 5)

FRED STROBLE TELLS STORY OF SLAYING

LOS ANGELES — (AP) — Muttering "I don't deserve to live," pasty-faced Fred Stroble, 65-year-old baker, braced himself in a county jail cell today for swift grand jury action in the sex slaying of six-year-old Linda Joyce Gluont.

Stroble, the grandfather of one of Linda's favorite playmates, poured out his sordid story to District Attorney William Simpson as a 48-hour fugitive search throughout the West and into Mexico wound up yesterday on a stool in a downtown Los Angeles bar — about five blocks from Central Police Station.

Simpson said Stroble, formally charged with murder, admitted that he strangled and bludgeoned the little girl to death when she resisted his improper advances. Arraignments, as scheduled today in municipal court.

"I had been drinking all day — wine. I wouldn't have done it if I hadn't been drunk," Stroble was quoted, Simpson said. The ashen, gray-haired grandpa — who liked to buy kids ice cream and candy — then told of enticing Linda into a bedroom of the home where he lived with his daughter, her husband and their two children. The story:

"I was playing with her. . . (Simpson said this involved an act of molestation but was kept out of the trial because Stroble) . . . when she started to scream. She was resisting me.

"This wasn't the first time. I had played with her once before. I strangled her first with my hands, then with a tie. She was quiet. I wrapped her up in the blanket and carried her out to the incinerator. . . I stabbed her with the ice pick, and then (See FRED, Page 5)

Arguments End in Petersen Sanity Hearing; Case to Jury

DALLAS — (AP) — A criminal district court jury today began deliberating the sanity of Keith L. Petersen, Dallas, who slew his girl friend when she decided to marry another man. The case went to the jury at 12:17 p. m.

The court room was jammed. More than 100 persons were standing.

Petersen was wearing a blue suit, a polka dot tie and a breast pocket handkerchief to match the tie.

Mr. and Mrs. Lewis Petersen, Keith's parents, again were present in the courtroom. They have attended all sessions since the hearing began last Monday.

Lewis Petersen is an executive in a utilities company. Keith was a student at Southern Methodist University when he slew Miss Schofield.

In his arguments, Wade said that when Petersen bought the unlicensed pistol the day of the slaying, he told a clerk that he wanted the gun to carry in the glove compartment of his car.

"If he didn't know right from wrong," said Wade, "why didn't Petersen tell the man he was going to use the gun to kill that girl?"

At this, young Petersen smiled faintly. Testimony ended yesterday at 5 p. m. (See ARGUMENTS, Page 5)

Autopsy Shows Girl Attacked

BURLEY, Idaho — (AP) — Blonde, Glenda Joyce Brisabois, "a friendly little girl," was criminally attacked before her body was thrown into an irrigation canal, police said last night.

An autopsy revealed the attack on seven-year-old Glenda who rode to her death in a dark blue sedan. The little first grader's body was found yesterday by a friend of the family, 18 hours after she had been kidnapped from near her home.

Cassia County Coroner Vern McCulloch, who with Sheriff Saul Clark, reported the autopsy revealing the girl had "definitely" been criminally assaulted, said "we have two or three leads . . . to follow up on."

Hope for a quick capture of the girl's kidnapper faded yesterday after two men, one in Idaho and another in Utah, were picked up for investigation but released after questioning.

Glenda stepped into the car, which police said was driven by a round faced man in his twenties, at 5 p. m. Wednesday. Her beaten body was found yesterday in the canal, one mile southeast of this aroused and angry Idaho farming community of 5,300 persons.

Compact Commission Committee at Work

1952 Models Already in Plan Stage

By DAVID J. WILKIE
AP Automotive Editor

DETROIT — It takes time to design a new automobile. Some cars that will not appear until 1952 already are on the drafting boards and in the clay model stage.

Three 1950 models yet to come—those of General Motors, Chrysler and Ford—already have been completed. They await only the piling up of renewed steel inventories to get into volume output. The 1951 models for the most part are at that point where numerous changes still may be made before they go into production late next summer.

Indications are that the changes in the 1950 and 1951 models will not be drastic. Progress on the 1951 models has reached the point where drastic changes now would be expensive.

The car industry's model plan-

ing has to be far-sighted. Provision has to be made in the styling and general designing for possible engineering advances already under development. Sometimes many months of planning on body design is scrapped because something new has popped up in the laboratories.

If it is something that can be safely delayed for another model year, no great loss is involved. It is something a competitor may have been thinking about, too, it can't be delayed.

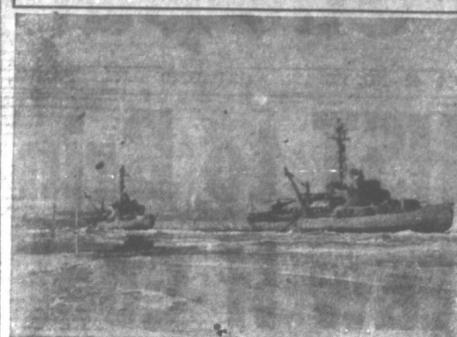

The 1950 models yet to come will have a lot of eye appeal. Engineering-wise they are not likely to have much new other than the higher compression power plants and new types of automatic transmissions.

Jobs Located for 41,000 Workers

AUSTIN — (AP) — The Texas Employment Commission reported Wednesday it found 41,078 non-farm jobs for Texas workers last month.

The month's non-farm placements were 13 percent higher and farm placements slightly lower than during the month previous.

Offices Said Too Sober For Comfort

By HAL BOYLE
NEW YORK — (AP) — What makes the tired businessman tired? "His office," said Leonard Hutton, interior decorator.

"A man's office should be like his den at home—comfortable and relaxing.

"But what is the average office like? It has an oversized desk—that's to show he's an important man—a swivel chair, two stiff chairs for visitors, and a leather-covered sofa. On the wall is a map of the United States—with flags stuck in it to impress his customers with how many salesmen he has across the country."

Hutton chuckled disapprovingly. "It's too sober—too dull. It gives him no lift. Badly designed rooms make people tired and nervous—but they don't realize why. A man can work more efficiently, and make a better impression on his associates, if his office doesn't look like an office."

Hutton is full of concrete suggestions to put a littleumph in the American business office. He feels it should have some music, a hidden bar for entertaining prospects, no glaring lights, and colorful draperies that can be drawn automatically—by pushing a button.

If the businessman must have files in his office, Hutton said, they should be recessed into the walls.

"Files only remind the visitor he ought to be back in his own office working. How can you sell him an idea if he isn't at ease?"

Hutton thinks the tired businessman doesn't fare much better when he goes home to rest from his dingy office.

"He comes into a living room 'decorated' exactly in a what-do-they-use-these-days manner. Then the poor man has to sit in some uncomfortable reproduction of some ugly style that never was a style but just a period.

"There is no place for him to lie down, because his wife won't let him rest on her good living room sofa or on the bed—the bedspread might get wrinkled.

"So the man's unhappy at his office, unhappy at home—and

Retail Sales Up

AUSTIN — (AP) — Retail sales in Texas last month edged 4 percent above September's and 1 percent above October a year ago.

The increase was reported by the University of Texas Bureau of Business Research.

Because of his early efforts with KDKA, Pittsburgh, the late Dr. Frank Conrad still is rated as the "father of broadcasting."

That's why so much business is done in restaurants and cocktail bars.

Polio Drops In Texas

AUSTIN — (AP) — Polio nose-dived in Texas last week but hit five new counties for the first time this year.

The State Health Department reported 29 new cases for the week ending Nov. 12, compared to 82 new cases the previous week. The newcomer counties to the polio roll included Hall with three cases, and Angelina, Brewster, Dickens, and Liberty with one case each.

"The report of just 29 cases is a big relief, but the involvement of five counties for the first time this season indicates this thing isn't over yet," State Health Officer George W. Cox cautioned. He said he was especially directing the comment at areas which have apparently escaped polio so far.

The week also marked the first time in months that Tom Green and Arrant Counties have failed to report a single case. Those areas are two of the most severely affected regions in the state.

Harris County, another seriously afflicted section, reported four cases, the highest number of any reporting county last week.

Other cases were reported as follows, by counties: Dallas and Ector, 8 each; Hutchinson, 2; Andrews, Collin, Deaf Smith, Galveston, Gillespie, Gray, Hidalgo, Medina, Mitchell and Taylor, 1 each.

The new incidence brought the year's total to 2,218 cases, far ahead of last year's 1,765 cases that had previously marked the worst polio year in history.

Girls, Plan Now to Tell All Next April; Uncle Sam Will Want to Know

The doorbell won't begin to ring for another few months but anybody who wants to can put it down in her engagement book right now.

The basic purpose of the Census, as decided upon by the Founding Fathers and written into the United States Constitution, is to decide how many Congressmen each state is entitled to.

The somebody coming, of course, is the United States Census and everyone in each of the United States territories.

Ever since great-great-grandmother was first called away from the breakfast dishes in 1790, the women of America have been doing most of the question-answering in Census years.

When they call, provided the person can answer the questions, in point of fact, it is usually the woman and not the man who is at home, and therefore usually a woman who gives the information.

Quality WHEN YOU BUY St. Joseph ASPIRIN WORLD'S LARGEST SELLER AT 10¢

But babies and not congressmen will get the most headlines when the Census is finished. Never before in any ten-year period have so many babies been married and so many babies born as in the years since 1940, when the last Census was taken.

ANSWER TRUTHFULLY Census officials in Washington have no special advice to give to the public. You don't have to stay home. If you are on vacation in April, or visiting friends or even if you are abroad in a foreign country it will make no difference, for Census people will find you just the same.

The Census has one word to give reticent people. The Census is as close-mouthed as the Sphinx: tell them how old you are, or

Coeds Still Favor Longer Skirts, Survey Shows

LUBBOCK — Corduroy skirts, nylon blouses and loafer shoes are the favorite coed's garb at Texas Tech, a fashion poll conducted on the campus showed.

Most coeds confessed they owned from three to 12 skirts, a like number of colorful scarfs and an average of three pairs of informal footwear.

"Dress-up" occasions called for taffetas, crepes and satins, the poll showed. Most women students said they regarded one suit in their wardrobe as a "must."

Men's Quartet Entertains at Lions Meeting

A former Phillips University men's quartet entertained Lions Club members yesterday at their luncheon meeting by singing songs, spirituals, hillbilly songs and hymns.

The quartet, appearing at the current First Christian Church revival, is composed of Curtis Tull, First Christian preacher at Fredonia, Kans.; Wendall Tull, First Christian preacher at Newark, Okla.; Hugh Page, student at TCU; and Joe Templer, student at Manhattan Bible College.

The members of the quartet went to Phillips University to gather and started their quartet singing there.

Jim Brown, student at Yale University and pastor of the New Haven, Conn., Christian Church, introduced the men and made a brief address on "The Views of Life." Brown knew the other men when he was a student at Phillips.

Brown sang a song he composed, "Dry Cow," after he was introduced by Morris Enloe, who had charge of the luncheon program. The Rev. H. H. Tylec, Jr., pastor of the Pampa First Christian Church, also attended the meeting.

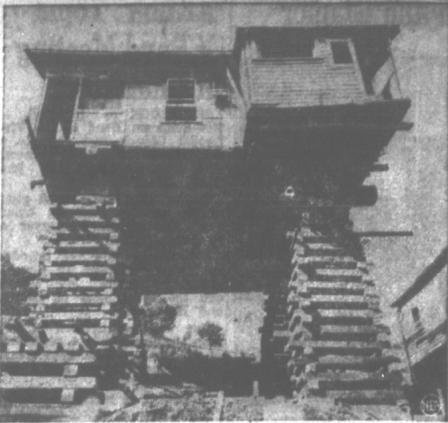

H. P. Dostler, vice president, presided over the meeting in the absence of President O. E. McDowell, who is vacationing at Hot Springs, N. M.

Dostler announced there will be no luncheon meeting next week on Thanksgiving Day. Yesterday's meeting was the 10th for the Lions International perfect attendance contest. If the members who missed yesterday's meeting attend a make-up meeting before Wednesday the local club will have a perfect attendance record.

Dr. Douglas Nelson announced a ladies' night will be held at the Mobeetie club at 7 p.m. Tuesday. This meeting will count as a make-up meeting for those who need it.

Appointments were made to serve on the committee for the annual Lions-sponsored Christmas party at the LaNora Theater. They are:

M. McDaniel and Ed McLennan, co-chairmen; Philip A. Gates, J. H. Kelley, Oscar Huff, W. Y. Norman, J. W. Tooley, John Harrison, J. C. Daniels, Joe Donaldson, Raymond Hampton, Russell Kennedy, Clifford Braly, J. W. Brunley, Fred A. Cary, James Levech, William T. Fraser, William L. Heskey, Paul West and Jim McCluskey.

NOT SO FIRM A FOUNDATION—Watch out for that first step! might well be the warning to visitors to this dwelling near Los Angeles. Construction of a freeway forced removal of the house to a new location; but the place needed a full foundation so workmen propped it up like this until a basement could be dug.

Committees Report Progress On Annual Flight of Santa

"Christmas will soon be here" was emphasized Thursday at a joint meeting of the local committees connected with the 1949 Christmas season in Pampa.

John Kinard, Steering Committee chairman, presided over the meeting and called for reports from each committee chairman. Chairmen include: Paul Beisenherz, parade; Charles Thomas, nativity scenes; Ed Cleveland, decorations; Mrs. May Foreman Carr, Choral; and Bob Burton, Christmas tree and Santa Claus.

Beisenherz reported seven bands have agreed to participate in the Pampa Flight to Santa Claus parade at 3 p.m. Dec. 8. Five additional bands have been invited.

The Parade Committee chairman said 14 floats have been promised and Myles Morgan has agreed to participate in the parade. A float-frames which will be placed for rent and for sale.

Mrs. Lynn Boyd, Nativity Scenes Committee member, reported three extra scenes will be added this year and the entire display will be constructed in the City Park rather than on the Courthouse lawn.

Church and school choirs have been contracted to appear on the program in the park on the night of Dec. 16, when the nativity scene lights are turned on, Mrs. Carr said.

Cleveland urged Pampans to begin on their home decorations the week after Thanksgiving so Santa Claus can be welcomed in a "Christmas" town for his parade Dec. 8.

Houses in the contest should be lighted from 7 until 10:30 p.m. from Dec. 16 until Jan. 1, he continued. There will be four types of home decorations, four districts and four prizes in each district. A trophy will be presented to the owner of the house that is judged "best decorated."

Burton said Santa Claus has agreed to remain in Pampa after the parade to talk to the kiddies. A special house will be constructed for him on the City Hall lawn near the 75-foot Christmas tree.

The Retail Trade Committee of the Chamber of Commerce has ordered permanent lamp post decorations which are plastic figures of Santa Claus, carolers, angels and town criers. They will be installed when the other street decorations are put up by members of the Junior Chamber of Commerce.

Kinard announced the circulating trophy awarded to the "best decorated store front" will have to be won three consecutive years to become the permanent property of a store. It was won last year by Levine's.

Auto Production Record Likely

DETROIT — (AP) — U. S. auto plants still have "a good chance" to reach a production goal of 6,000,000 cars and trucks this year, Automotive News said Thursday.

The automotive publication made the forecast despite indications still more auto plants will close down this week and next because of depleted steel supplies not yet restored.

This week's U. S. output was estimated at 92,286 cars and 17,386 trucks for a total of 109,672 vehicles. This compares with last week's production of 91,687 cars and 19,189 trucks — a total of 110,876.

So far this year, the industry newspaper estimated, U. S. plants have built 5,785,911 cars and trucks.

Pensions Given New Yorkers in Texas

AUSTIN — (AP) — Veterans living in Texas who were residents of New York for six months prior to their military service may qualify, effective Jan. 1, for the New York state veterans bonus, the Veterans Affairs Commission said.

Former New York residents now living in Texas had been unable to qualify until an amendment was voted to the New York bonus law this month, the commission said.

Clerk Convicted Of Treason

WASHINGTON — (AP) — Herbert J. Burgman, 53, long a clerk in the American embassy in Berlin, was convicted late Tuesday of treason to his country.

Instead of coming home with other diplomatic personnel when the United States and Germany went to war, Burgman remained behind and became a radio propagandist. He is a native of Hokah, Minn.

Burgman faces a maximum sentence of death, a minimum penalty of five years in prison and a \$10,000 fine. Federal Judge Alexander Holtzoff did not indicate when he will pass sentence.

Think how short those next few years are going to be until your youngster will have reached young manhood.

Parents who are blessed with growing youth are fortunate. The responsibility invested during the childhood years returns priceless dividends with cherished memories.

For you will then be proud when son or daughter reaches maturity and reflects those ingredients of good citizenship based on home, love and companionship.

As Good Parents You Should:

- 1—Give the love and companionship so necessary to your child's welfare;
- 2—Attend church with your children;
- 3—Support personally the many fine organizations that provide recreation for boys and girls;
- 4—Devote some of your time to personal service in the activities that minister to the young;
- 5—Help spread good cheer and human understanding to families not as fortunate as your own.

He had just returned on a bus and gone into the bar for a glass of beer when a landy man, Bill Miller, spotted him and told rookie traffic policeman, Arnold W. Carlson, Carlson confirmed the identification and Stroble submitted without protest.

Barkley and his bride met the night of July 8 last, on a trip down the Potomac River. She was on vacation, visiting friends, Special Counsel Clark M. Clifford of the Presidential staff, and Mrs. Clifford.

The courtly Kentuckian, whose first wife died in 1944 after 44 years of married life was immediately impressed. He gave a luncheon for the charming young widow at the Senate and a cocktail party at his Washington apartment.

Shortly afterward he flew to St. Louis for a private luncheon with Mrs. Hadley and a small group of her friends. Soon the news was out. Public interest was intense. It mounted steadily during the courtship of four months.

The engagement was announced here Sunday night, Oct. 30. The Kentucky gentleman gained the distinction of being the first vice president to marry while in office.

Mrs. Hadley is the widow of Carleton S. Hadley, Wabash Railroad general counsel, who died in 1945. She is a native of Keytesville, in North Central Missouri.

The newlyweds map prepared to leave on their honeymoon for "Shangri-la," as "the veep" called it. Rumor has it that they are going to Key West, Fla., where they will shortly be joined by President Truman and his family.

After the honeymoon the couple will visit Barkley's Paducah home, "The Angles," and later go to Washington where a new and strange (to her) social whirl awaits the new second lady of the land.

The vice president arrived here last night by plane from Washington. He was met at the airport by Mrs. Hadley and a large crowd of newsmen, photographers and others. With his bride-to-be at the wheel, the smiling veep drove away in the new \$500 convertible he recently gave her as a wedding gift.

A brief wedding rehearsal at the church was followed by dinner at the home of friends.

(Continued from Page One) and parked in front of the home of an aunt. He went in the house and went to sleep. The aunt called officers to come and get him, but he awakened and heard them coming. He jumped through a window and hid in a woods till they were gone.

They made the mistake of leaving the stolen car in front of the house. The boy promptly got in it and drove away.

He was next spotted in a woods near Adicks, Texas, in Harris County. A 30-man posse called for him to come out, but he didn't. They waded into the woods and caught him. Officers in the group handcuffed him and placed him in their car and headed for Adicks.

Enroute, the boy opened the back door of the car with his toes and leaped out. This time, the posse didn't catch him.

The next word of him was the telephoned tip to police here last night that he was in town. It resulted in his arrest.

Texas officers say they'll turn him over to Nashville, Ark., authorities today.

Funeral arrangements are under the direction of Blackburn-Shaw-Sims Funeral Home.

Bus Drivers to See Safety Movie

The movie, "School Bus Safety" will be shown at 9 a. m. tomorrow in the County Court Room to all Gray County school bus drivers.

Helen Laycock, county superintendent of schools, said.

The bus drivers of the county are required to meet once a year to discuss safety precautions, he said.

Highway Patrolmen will discuss certain regulations and other phases of bus safety. W. E. Weathered, postmaster will present an address entitled, "The Responsibilities of a Bus Driver."

Chamber of Commerce will be host to the bus drivers at a luncheon at noon at the Court House Cafe.

and a life member of the Scottish Rite.

He came here from Byers, Texas, in 1934, and made his home at 905 E. Browning.

In addition to his wife, Eunice, he is survived by one son, Francis, also of Pampa; by three brothers, A. W. of Grandview, Wash., Bob of Glendale, Calif., and Truman of Mexico City; and by two sisters, Mrs. S. A. Fulton of Portland, Ore., and Mrs. Carl Fincher of Turlock, Calif.

Funeral services for James Duncan Hunt, 55, will be held tomorrow afternoon, with Masonic services at the graveside.

Hunt died at 3:30 a. m. Thursday in a local hospital of a heart attack after an illness of several years.

Services will be held at 2 p. m. tomorrow from Calvary Baptist Church with the Rev. Collins Webb, pastor, officiating, assisted by the Rev. E. M. Dunsworth, pastor at Roswell, N. M.

Burial, under the direction of the Duemel-Charminchael Funeral Home, will be in Fairview Cemetery.

Masonic services will be held at the graveside, and all Masons are asked to meet at the Masonic Hall at 1 p. m. to prepare for the interment ritual.

Hunt, who was a veteran of the first world war, was a member of the Pampa Masonic Lodge

Pampa; and several grandchildren.

Fallbearers will be Homer Craig, Leo Braswell, Robert Hollis, Herbert Moore, Bob Bailey and Raymond White.

Burial will be in Fairview Cemetery.

Funeral arrangements are under the direction of Blackburn-Shaw-Sims Funeral Home.

ARGUMENTS

(Continued from Page One) a second psychiatrist called Keith insane. Dr. Robert E. Winn, a defense rebuttal witness, said Keith is a schizophrenic, or split personality.

Keith told reporters he killed Carolyn because she said she planned to marry someone else. David L. Schofield, father of the slain girl, said "Keith is as sane as any man in this courtroom."

Lewis Peterson, father of the former journalism student, said his son is insane. Evelyn witnesses testified yesterday that Keith was sane. Dr. J. M. Pickard, Dallas County health officer, was a state witness. He said he believed Peterson was "abnormal" but knew it was wrong to kill the girl.

Witnesses testifying Keith was sane included police detectives, newspaper reporters, a college newspaper editor, a jailer, and one of the dead girl's friends.

Those who said Keith was of unsound mind included neighbors, a college journalism teacher, and a friend of the slain girl.

THE MASTER—Pouring it on or keeping the score down, Frank Leahy offers an interesting picture in emotions and moods directing the mighty Notre Dame football team from the sideline. The biggest winner ever to come out of Winner, S.D., has

lost only five while winning 76 games in eight years as a head coach, is currently on an unbeaten streak of 35. This year's edition of the Irish is extraordinary as a fashion show of football. Its coach is a perfectionist who isn't satisfied even with perfection.

Four Games Highlight Texas Schoolboy Grid Card Tonight; KPDN Airs Coyote-Lion Tilt

By WILBUR MARTIN Associated Press Staff

Four "big games" are on tap tonight as Texas schoolboy football moves toward the playoffs. District titles go to the winner of these games in Class AA: Vernon-Wichita Falls, Temple-Corriana, Austin-Corpus Christi and Baytown-Galveston.

Several other clubs in Class AA and City Conference can almost start making playoff plans with victories tonight. These include Lubbock, Breckenridge, Abilene, Conroe, Harlingen and San Jacinto.

Pampa, Paris, Highland Park of Dallas, Sunset of Dallas, Alice, Marshall and Sunset have already clinched playoff spots.

Corriana is undefeated, untied. Radio Station KPDN will carry the broadcast of tonight's Wichita Falls-Vernon football game direct from Coyote Stadium in Wichita Falls. Ken Palmer and Benny Sullivan will be at the microphones.

Port Arthur, Wichita Falls and Lubbock are the only other three teams with perfect records.

Lubbock meets Midland tonight in a 3-AA contest. Breckenridge runs into Mineral Wells; Abilene meets Big Spring. Conroe plays Palestine; Harlingen goes to Brownsville, and San Jacinto tackles John Reagan in a Houston City Conference game.

Two games were played last night. Crozier Tech of Dallas swamped North Dallas, 38-7, and Austin of Houston knocked off Lamar of Houston, 29-7.

While these big "two" divisions of the interscholastic league are in the home stretch, Class A schools end regular season play this week.

Rosebud last night sacked up the 21-A title by blanking Cameron, 20-0, in a playoff game between these two teams. Last week, Cameron beat Rosebud, 7-0. Edison of San Antonio beat Fort Wells, 20-13, for the 31-A crown.

There are fourteen undefeated teams in the vast Class A setup, though some have been defeated.

The only meeting tonight between undefeated, untied teams in this division will match Del Rio and Uvalde for the 32-A title.

Texas Western Back Leading Border Conf.

PHOENIX, ARIZ.—(AP)—Harvey (Big) Gabriel of Texas Western enters the stretch of the football campaign boasting a comfortable margin in Border Conference ball-carrying.

The Conference Statistical Bureau shows Gabriel to have taken the ball 122 times for 705 yards, 87 yards more than Charles Wright of West Texas State, who has made 618 on 89 runs.

Sam McGowan of New Mexico A&M, tops the passers with 1270 yards on 89 completions in 175 throws. John Ford of Hardin-Simmons is second with 1181 yards on 73 connections in 123 pitches in nine games and also is tops in percentage on completions with 593.

McGowan holds his lead in total offense with 1209 yards. Ford is second with 1135.

Reapers Close '49 Season With Win

First Day Deer Kill Sets Mark; Outruns Honker

FREDERICKSBURG, Texas.—(AP)—A record kill for the first day of the deer hunting season Wednesday was reported here Thursday. More than 800 bucks were reported in storage at four Fredericksburg locker plants early Thursday and another 100 placed in ice vaults at Harper.

It is estimated at least 3000 hunters took to the woods on the initial day in Gillespie County.

AUSTIN.—(AP)—Austin's candidate for the state's youngest successful deer hunter is four-year-old James Dudley Morse. His neck shot with a .22 rifle Wednesday killed a four point buck on the A. F. Moss Bar-O quarter horse ranch near Llano. James is the son of R. Emmett Morse, former speaker of the House of Representatives.

CORSICANA.—(AP)—Kelly Myers, reporting station mechanic, brought home a Canadian goose Thursday.

Myers was driving to work when he noticed the goose limping down the highway. He got out and had to chase it across a field before he caught it. One of its wings had been broken by a shot.

The Junior High School Reapers closed out their 1949 football season with a 6-0 victory over the Berger Poodies in Berger yesterday. It was the first win of the season for the Blue and White gridgers in the Panhandle Junior High School Interscholastic Football League. They also have lost three games and tied four. They held one other victory, a nonconference game against Guyton, Okla.

The lone touchdown of the game came at the end of the third period. Harold "Greaser" Lewis plunged over from the 1-foot line to climax a 70-yard march by the Reapers. The attempted conversion was wide. A couple of other Reaper scoring drives were stalled by fumbles.

Several personal fouls were called and other warnings issued. Three Pampa players were injured. Captain Richard Qualls suffered a torn finger nail; halfback Harold Lewis received an injured ankle and quarterback Jimmy Bond received an injured knee. The extent of the injuries were not immediately known.

ALL-AMERICA BOYS

Married and 33, Al Wistert Is Michigan Tackle Seven Years After Brother He Supported

By JIM O'LEARY NEA Staff Correspondent

Alvin Wistert is the third of three brothers to gain All-American recognition at Michigan.

At 21, Francis Wistert won honors as a tackle in 1933. Albert did the same thing at the same position, and at a like age in 1942.

But captain and tackle Alvin Wistert completes his triumph at a mature 33, with four-and-a-half years in the Marine Corps and a civilian pre-war stint with a soap company behind him. It is a great personal achievement for this six-foot three-inch, 228-pound Al Wistert, who passed up college to help support his widowed mother, and see that his brother Albert would be free to continue his schooling.

Now living with his wife Nancy at Northville, Mich., where both commute daily to Ann Arbor for classes, the likeable Moose Wistert is an inspiring leader to the youngsters playing with him.

Returning to civilian life with an intense desire for an education under the GI Bill of Rights, Wistert entered Boston University for a semester, transferred to Michigan in the fall of 1946.

Football, like the education he sought, did not come easy to the South Pacific veteran. He couldn't make the team while attending Carl Schurz High in Chicago, but the big awkward youth managed to become a star pitcher. An elbow injury cut short his career on the diamond. He had been rated as a finer prospect than brother Francis, who pitched for the Cincinnati Reds for a time.

A burning ambition to succeed quieted sleepers who watched the 31-year-old man compete against 18 and 19-year-olds in the spring of 1947. Awarded the Meyer Norton Trophy as the most improved player in spring practice it was evident that the Moose wanted to and could play.

A regular defensive tackle on Michigan's undefeated 1947 Rose Bowl team, Big Al Wistert gained All-American recognition while strictly a defensive player in 1948. This season Bennie Oosterbaan was not deep at the tackle positions, used him a large part of the time on offense in addition to full time defensive duties.

For the past two years, when Michigan's defensive platoon would trot into position, Big Nine players were prompted to remark: "Here comes that old man with his fists again."

Ducks Study New York Firearms Regulations

NEW YORK.—(AP)—The ducks apparently are getting wise to the ways of the big city.

So wise, in fact, that the sportsmen don't like it. And the law is all on the side of the ducks.

With the duck-hunting season opening today, the experts have noted that the big migratory flocks are using waters within New York City limits for resting places.

It's against the law to fire a gun within city limits.

56 Texas Collegians In Pro Ball

(By The Associated Press)

Fifty-six Texas collegians are now playing big-time professional football while ten others who hail from this state but attended colleges outside of it also are listed on the rosters of the National League and the All-American Conference.

Texas has more players in the National League where there are 36. Thirty are performing in the All-American Conference.

The real old-timer is Sam Baugh, the former Texas Christian University great who is rounding out his thirteenth season with the Washington Redskins of the National League.

Here is the list of Texans in the professional leagues:

All-American Conference—Baltimore—Hub Bechtel, Texas; Windell Williams, Rice; end; Jim Sprull, Rice, tackle; Y. A.ittle, Louisiana State (from Marshall, Texas), back; Paul Page, Southern Methodist, back, and Ralph Ruthstrom, Southern Methodist, back.

SWC Champion Due to Be Born Tomorrow Afternoon

By HAROLD V. RATLIFF Associated Press Sports Editor

Tomorrow will be the most important day in Southwest Conference football. A champion may be born.

Rice's mighty Owls meet dangerous underdog Texas Christian at Fort Worth in the big one. Rice can clinch at least a tie for the title by licking the Horned Frogs.

Over at Dallas, Southern Methodist will be trying to help their conquerors, the Owls. The Methodist play Baylor and a victory over the Bears coupled with a Rice win would end the championship race in favor of the Owls. A win for Baylor would put the showdown on Nov. 26 when Baylor plays Rice.

Baylor, knowing that if it wins the next two games the Cotton Bowl gates will swing wide, since in the event of a tie for the title the team that beat the other in regular season play gets the bid, will be throwing everything it has into its battle with Southern Methodist.

Texas Christian, staging a Garrison finish of a campaign that once appeared hopeless, can be expected to give Rice a terrific struggle. The odds say Rice is 10-1-2 points better and that Southern Methodist has a 7-1-2-point bulge over Baylor.

While Rice swipes at Texas Christian and the Baptists and Methodists stage their annual feud, one other conference member will be playing an inter-sectional game. Arkansas will be entertaining William and Mary at Little Rock. Arkansas is favored by six points.

Texas and Texas A&M do not play this week. They will meet next Thursday to end the season for both teams, each having been eliminated from title consideration.

Our record for the season is 28 wins, 7 losses and 2 ties. It has been getting worse each week. But we had no reputation left anyway, so here goes for tomorrow.

Rice vs. Texas Christian at Fort Worth—The Christians upset Texas but the incentive isn't so great this week; Rice knows what it's in for—Rice by a touchdown.

Southern Methodist vs. Baylor at Dallas—It's been a long, long time but we see no reason for it not going another year—Southern Methodist by two touchdowns.

Arkansas vs. William and Mary at Little Rock—Arkansas couldn't be that bad two weeks in a row—a good ball game but Arkansas by two touchdowns.

G. D. HOLMES, Senior reserve center, is expected to see some action against the Berger Bulldogs Thanksgiving Day. G. D. has been one of the busiest men during Harvest practice sessions.

WARREN'S WARMUP

By Warren Hass—News Sports Editor

QUESTION: Who is the present holder of the national individual match game bowling crown?

LAST WEEK WAS ANOTHER GOOD WEEK FOR the prognostication percentage. Out of 28 games I managed to hit on 25. That makes the record for the season read 134 right, 40 wrong and 8 ties, for a percentage of .770. Texas, Michigan State and West Texas State marred a chance for a perfect slate last weekend.

This week, the most important game will be played, and on the coin toss I'll pick PAMPA. Around the Southwest I like RICE to defeat Texas Christian. The Horned Frogs are weakened greatly by the injury to Lindy Berry. SOUTHERN METHODIST to upset Baylor's Bears. The Ponies sneaked by last year, and I think

they will do it again tomorrow. ARKANSAS to defeat William and Mary. The Razorbacks are expecting their leading Hog, Muscles Campbell, back in action. They should be ready to win one. OKLAHOMA over Santa Clara in a good ball game. Both are up among the top teams in the country. One won't be Sunday. OKLAHOMA AGGIES over Wichita. This is another game that is expected to be a tight affair. I'll hide the Aggies. MISSOURI over Kansas. The Tigers, a bit perturbed over last week's loss to the Sooners, will be back at it tomorrow.

NORTHWESTERN over Illinois. This is an upset. The Wildcats are due to trip their downstate neighbors.

WISCONSIN over Minnesota. Another upset. The Badgers have not downed the Gophers in a long while. If they do tomorrow it won't be by much.

MICHIGAN over Ohio State in the most important Big Ten game of the day. This could knock the Buckeyes out of the Rose Bowl.

NOTRE DAME to lambast Iowa. A guy gave me seven touchdowns. I don't think it will be that bad, though.

PURDUE over Indiana in an inter-state that's always bitterly fought.

MICHIGAN STATE over Arizona with ease. The Midwesterners were upset last week; but this is another weekend.

NEBRASKA over Colorado in a close game. The Cornhuskers are slowly getting back on their feet after some disastrous seasons.

TEXAS TECH to defeat New Mexico. The Red Raiders were expecting a great season. This win will help soothe it.

CALIFORNIA over Stanford. This is the final hurdle for the Golden Bears. They won't trip now.

WASHINGTON over Washington State in another coast game that will have no bearing on the Rose Bowl.

SOUTHERN CALIFORNIA over UCLA. The Trojans will repeat last year's victory as they close their season.

KENTUCKY over Tennessee in the top Southeast game of the day. The boys from the hills are eyeing a bowl bid, but not the Cotton.

VIRGINIA over Tulane. Tere's the team that is bowl-bound. The Cavaliers will be performing in some big bowl this winter.

OREGON over Oregon State. This is another West Coast finale that is between two home clubs. State hasn't enoigh.

PITT over Penn State in a rough and tumble battle.

NORTH CAROLINA over Duke. Choo Choo should be ready to roll again. The Tar Heels pushed Notre Dame to the limit last weekend.

LOUISIANA STATE over Southeast Louisiana. This one shouldn't even be close.

TULSA over Kansas State. The Golden Hurricane by a touchdown in this good game.

VANDERBILT over Marshall in a game that is a good percentage builder-upper.

TEMPLE over Holy Cross in an annual East Coast battle.

ALABAMA over Mississippi Southern. The Crimson Tide should flow all over the Southerns.

ANSWER: Connie Schwoegter, one of the country's leading bowlers, is the present match game champion.

Gonzales Cracking Down on Service Ace Joins Sports' Prettiest Potent Swings

FORMFUL—Pancho Gonzales cracking down on a service ace joins the prettiest swings in sports. The others are, of course, Ted Williams, left, going for distance, and Sam Snead hitting a long iron.

By DAVE CAMERER
NEA Special Correspondent

NEW YORK — (NEA) — Nobody asked me, but Pancho Gonzales cracking down on a service ace joins the prettiest swings in sports. The others are, of course, Ted Williams going for the long ball and Sam Snead hitting a long wood or iron. Gonzales, 21, six-foot two, 185 pounds, is endowed with the equipment for tennis that Snead has for golf. They have the muscle harmony of big cats.

If giant coaches don't teach Clint Hartung how to hit a curve and cover first base, the big Texan's days on big time are numbered. He'll never be that good a pitcher. The Senators' Sid Hudson or Rae Scarborough would win 25 games with the Red Sox.

Touring golf pros should bend their knees nightly and give thanks for having grinning Jimmy Demaret as a member. In a group of notoriously self-centered ambassadors for the Royal and Ancient, the Houston Flash

has the warmth and color of a circus.

Boston sports writer Arthur Sampson's indictment of platoon football in a current slick mag makes more sense than all those whimsical quotes in favor of unlimited subs. Princeton is the strongest hard luck team in the East.

Mississippi averaged 28 points per start against its opponents' 29 in three straight games. Good hit, no field. Going into the Baylor battle, Lindy Berry needed to toss only 36 completed passes to eclipse the Texas Christian seasonal marks of his All-America predecessors, Sammy Baugh and Davey O'Brien.

And the Froggies' captain had been pitching them at an average of 12.5 per outing. Ken Kavanaugh, the Chicago Bears' veteran end, has more face appeal than 90 percent of Hollywood's glitter guys.

Reggie McNamara's battered face still means more to six-day bike race stay-outs than all the

present unpronounceables from Marshall Plan countries.

Every time we see some 225-pound tub of lard, complete with a polo mallet, sawing the mouth off his 800-pound pony, we feel like calling the SPCA. Pound for pound, name us a tougher animal than the ponies that play indoor polo.

Because he was the big horse in terms of his performance didn't make Whirlaway a big horse physically. Actually, Mr. Long Tail, now considered America's most photogenic stallion, stands just a shade more than 15 hands, or five feet. Another fine example of size, or lack of it, is a little to do with a thoroughbred's ability in this year's coming two-year-old filly, Red o' Roses. Discovery's granddaughter is practically pony-size.

Newest TV sport to invade the co-axial will be Roller Hockey, which is supposed to make the Roller Derby a pink tea by comparison.

AUBURN, Ind. — Cal Grosscup, member of the Auburn Minor League, bowled his second ball between the 3-10 baby split.

Tar Heels' Worst Break Came When Notre Dame Was Scheduled

NEW YORK — (NEA) — They're still discussing the breaks that broke the Notre Dame-North Carolina game wide open at Yankee Stadium.

The Tar Heels held that their Dick Bunting scored in the second period when the officials ruled he was downed on the one.

There was the roughing-the-kicker penalty which gave the Irish a first down on their 32 instead of the Tar Heels the ball around midfield.

Umpire Gus Tebell agrees that what was ruled a scoring lateral from Leon Hart to Bill Barrett, after the huge end had taken a Bob Williams pass on the 23, actually was a forward hand-off. The came with the score tied 6-6, after eight minutes and 10 seconds of the third period.

There was the delicate question of the impetus following a Bunting fumble making a play a touchback on a safety, very important at the time.

"Still," a North Carolina man cracked in the dressing room, "the worst break we got came when the Athletic Council scheduled the game."

That would be true of any college team taking Notre Dame. The Celts are just too good.

Yet North Carolina in its cyclonic start and highly creditable showing demonstrated that football is still an emotional game. Bunting was an able substitute for Choo Choo Justice. Billy Hayes ran and blocked well from fullback. The center of the line stood up until exhausted. Huck Holdash was a terrific line-backer. Right guard Joe Dudeck stuck out. The ends, Art Weiner and Kenny Fowell, were remarkable.

Dartmouth has a superlative passer in Johnny Clayton and tall receivers, but in smacking well-regarded Cornell, 16-7, further stressed the big difference between a side being up or down on a given afternoon. This still counts beyond any measuring instrument in everything but a rabbit match.

Pennsylvania rushing and passing Army all over Franklin Field only to lose, 14-13, was another demonstration that blocking and tackling remain the essence of football, and a large element of tense desire.

Yale's splendid stand against Princeton was another instance of so just what distance the old fight and fire will take a variety.

Looking at that big, rough and swift Pennsylvania squad, you wonder how it could lose three straight, especially when the first two were Pittsburgh and Virginia.

The answer to that must be that some teams simply refuse to make the sacrifices necessary for winning streaks like those compiled by Notre Dame, Army and Oklahoma.

And the Quakers certainly couldn't have been higher than a cat's back for either the Panthers or the Cavaliers.

Football followers who overlook the weight of the emotional life, which has been brought out clearly down through the years, are the ones who continually are being astonished by what they consider upsets.

A&M-Texas Tilt Preview Of '50 Season

AUSTIN — (AP) — You ought to get a good indication next Thursday of how the gridiron winds will blow in Southwest Conference football next year.

The two squads with the most Sophomores will be scrapping each other in the fifty-sixth renewal of the oldest gridiron rivalry of the Southwest — Texas vs. Texas A&M.

The boys won't be fighting for any championships but they'll be battling against the team they'd rather beat than anybody else. But with what each will have coming back, it could be that the next time they meet it will be for the conference title.

While all other rivals in the conference were led this season by Senior-laden squads, Texas and A&M had to rebuild.

The busiest Sophomore in the Steer ranks, until an injury sidelined him, was end Paul Williams of Lufkin, employed on both of offense and defense. Williams has played very little since but is expected to be ready to resume full-scale action against the Aggies.

Warren Gies of the Reds says Branch Rickey of the Dodgers offered him \$200,000 for a pitcher. The Mahatma must have heard that the boy was a grand pitcher.

Rickey dut to buy a ballplayer is as surprising as though Sears Roebuck turned down an order.

The most startling thing to the whole incident is that the Reds turned down Mr. Rickey and his hard roll.

It was a bear market. The Reds couldn't bear to part with the pitcher.

Some people would say that whenever Mr. Rickey tries to sell anything, it's sure to be a bull market.

Non-Mixable: Subsidy, Liberty

WE HAD heard recently of the Grant County farmer who can plant only a small percentage of his 200- or 400-acre wheat lands.

Now, this man can go ahead and plant all of his land in wheat if he wants to; but if he does, he will lose his government price support subsidy.

THIS SAME farmer will be given a certain amount of time on a certain day, at a certain hour, to present his side of the story. To which will be that he wants more of this "guaranteed" thing.

WHEN THIS price subsidy was instituted, there weren't any restrictions to speak of. But time has passed. Now the man who has all this practical experience in accepting subsidization in effect.

OVER AND above that, he is taking money out of the taxpayers' till, and he is using it for his own ends and purposes.

AS WE SAID, the farmer is still a free agent. He can either accept subsidy or he can leave it alone. If he prefers subsidy to liberty, he is at liberty (so far) to do so.

SO WE have here the old truth: you can't accept a gift without becoming obligated in some way. That applies to the fellow who raises potatoes, wheat, sugar beets, and citrus fruit, as well as to just anybody, in any kind of business.

Gracie Says: I can't see why the British are still making such a big fuss about that cigarette Princess Margaret smoked. It must have been the wrong brand.

Fair Enough - Pegler

By WESTBROOK PEGLER (Copyright, 1949)

WASHINGTON — The University of Maryland has expelled a student for rioting in an outburst of moronic non-sense vaguely intended to hearten the football team.

Some of the drivers were threatened with rough-housing, but none was attacked. Joseph D. Tydings, the president of the student body, a son of Millard Tydings, the senator, in the name of the student body, promptly apologized to all motorists who suffered inconvenience.

This apology was unceremoniously rebuffed by Senator Tydings but he will get nowhere in our politics disparaging mob violence. As these essays have pointed out, riot, even to the extent of insurance against constituted government, has been the tradition of the Democratic Party and its auxiliary, the CIO, from the time of the Flint riots which found Governor Frank Murphy in a yellow funk and actually established the CIO.

THE difference was simple. In the first case, at Flint, this grimacing hypocrite was organizing a political auxiliary of his party which was to become a taking body to seize out of the wages of unwilling workers as much money as he wanted for his campaigns. In the Ingwood riot, the Communists, including some of the same traitors who had run things at Flint, were directly gentle outraging the aircraft to Britain and France. So while defiance and actual intimidation of American government were only mischief multiplied, the inconvenience to Britain and France was insurrection.

Quoting remarks "made by Sam Parks, president of Local 25 of the United Packing House Workers," the report says: "Nobody is going into this plant if you are police around pay no attention to them. We'll take away their guns, their stars and their clubs and rough them up. If they send the Army, we'll take care of them, too. Get this straight. We don't care for the Army or the police. If you office-girls value your carcasses, stay away. This is a war and we are going to win. This plant rightfully belongs to us and we are going to enforce our demands."

There was in Chicago, however, where Captain George T. Barnes, an expert in the field of union mob action, quietly but firmly enforced the law. He was able to force the House committee which wrote this report that Brother Parks' remarks were mere wind effects and that if Parks had attempted to act out his program

comfortably Matthews will serve too much. Denfeld had led him to believe that he would testify for the cause of unification before the committee. Instead he threw his lot in with the rebels, to the complete embarrassment of Matthews.

If the committee finds that the Navy rebels are completely in the wrong and supports the decision of the joint chiefs, that the present strategic picture calls for a reduced Navy, Matthews has a fighting chance to make good, most experts agree. It will be then perfectly clear to the admirals that they can do nothing but accept a lesser share of the country's military budget.

So far the secretary hasn't had a chance to prove his executive ability. First, he started out with the staggering job of learning what the Navy was all about. But before he ever got swamped by this task he was swamped by revolts around him. He hasn't had a chance to come anywhere near establishing a normal operating procedure.

Most of the problems which he has found himself involved in Matthews' last was the President's decision, on Johnson's advice, to remove Admiral Denfeld as chief of Naval Operations. Either one of them could have legally accepted the responsibility for this decision and thereby have lightened Matthews' load. Instead they ordered him to do it and let him decide how and when. DENFELD MISLED MATTHEWS However, this particular chore probably didn't bother Matthews.

Before the Dishes Are Done

By BETTY KNOWLES HUNT "LIBERALISM" WITHOUT LIMITS

Within recent weeks, a large group of Unitarian ministers has come forward with a proposal for "unite-faith" Church and a new creed whatsoever, and open to all believers or non-believers in Christ. To these well-meaning clergymen, this is a noble attempt to bring together a "brotherhood."

In my humble opinion, it is a vivid example of "liberalism" gone mad! Brotherhood of any kind, must be based upon some common bond, — the bond of blood, of nationality, or faith. But in this Unitarian proposal, all common bonds are obliterated, and brotherhood is sought on the only thing that is left — divinity! Men and women are now invited to come together in a "brotherhood" — not Christ, nor God, but "the mind of man!"

Right away, I can hear some of my good Catholic friends saying: "But this is inherent in Protestantism itself." As one friend recently wrote me: "When Luther posted his thesis on the door of the Wittenberg Cathedral, he unleashed upon the world the Protestant Reformation, a road to complete anarchy, by establishing the Protestant principle of exalting the private judgment of each individual."

During the Reformation, Protestants separated themselves from the temporal authority of the Catholic Church. They were unwilling to take positive action against the pickets. The acting chief sent \$200 on behalf of the policemen and firemen's union to the strikers' committee. Granville North, a union moving force in the organization of rowdiness. In the courtroom of Judge Chase, Mr. North made the following statement: "You have seen what they did to them in Minnesota; you see them here today in honor scars out of that Cudahy plant and beat hell out of them. They bused up all the machinery. That is going to be the pattern from now on." The abuse of employees who were not on strike was carried to their homes. Police protection was inadequate and evidence of partiality to the strikers is strong.

The University of Maryland, young Mr. Tydings and the present student body are out of step with the times. The riot and bonfire and the tentative rocking of citizens' automobiles were, after all, only a laboratory exercise preparatory for the abundant life in the Roosevelt-Truman morality and public order.

Success Secrets: Here is another suggestion on how to hold your job. You may remember a column last year in which I told the story of the "clean-up" woman in a big department store who held onto her job when a lot of other workers lost out. Her secret was, "I got needed."

This is another story about a woman who "got needed." She is Mrs. Ethel Wakefield. During the war Mrs. Wakefield got a job as a welder, along with 1200 other women at Bethlehem Steel's Fore River Shipyard at Quincy, Mass. You know what happened to most war jobs. The same thing happened at Fore River. 1199 laid welders lost their jobs when the war was over. But one out of the 1200 kept hers.

Mrs. Wakefield didn't have "pull." And although there were plenty of young girls who lost their jobs, Mrs. Wakefield, who is a grandmother, held hers. Her boss has a simple explanation: "Mrs. Wakefield was kept because SHE DOES A GOOD JOB AND GETS ALONG WELL WITH EVERYONE."

That's an unbeatable combination. In fact, it's the one combination that will do the trick. averages. It was impossible to keep on all 1200 workers. The "odds" were no one would be kept. But YOU are not 1200 people in the mess. You are an individual person. And if you make yourself different from the mass—the odds that apply to the mass will not apply to you—simply because you are not a real part of it. Do such a good job and get along so well that your boss can't AFFORD to fire you and you need not worry about the law of averages. For you will not be an "average" worker.

The Nation's Press: Marshall Plan Santa Claus Paul G. Hoffman on Monday went to the White House to discuss the Marshall Plan to fish or cut bait in the matter of knocking down trade barriers and currency curbs so as to promote its some U. S. style prosperity.

news behind the news

By RAY TUCKER WASHINGTON — The lack of unity among the unions and corporations which contributed to settlement of the steel strike will strengthen Senator Robert A. Taft's demand for a Taft-Hartley amendment barring resort to collective bargaining on a mass industry basis. It may be the solution of the threatening problem presented by struggles involving big government, big business and big labor.

The feud between John L. Lewis of the United Mine Workers and CIO President Philip Murray blocked the coal and steel workers from organizing a united front during their simultaneous strikes. It had been dispersed through bad management. His miners and their wives complained bitterly against lack of money for food, rent, clothes and Christmas presents for their children, due to his insistence on a strike. Even nature soured on him. High temperatures reduced coal consumption through October and early November. Dwindling traffic, permitted railroads to cancel schedules. Increased industrial use of oil, natural gas and water power enabled many factories to keep open. As a result, even after two months of closed mines, there was a thirty days' supply on hand, though distributed spottily on Nov. 1.

It looks as if the "lone wolf" may regret his loneliness and his wolfishness. Few people seem to understand that the addition of 17,000,000 users of real estate to our population in nine years is a big thing. I hope the Republicans now will develop party principles so that even a person as dumb as I will be able to tell the difference between the Republican and Democratic Parties. —Gen. Dwight D. I hope that when the Navy and Air Force get all their troubles settled, the Army, as usual, will go along. —President Truman, on unification problems.

Living Conditions Up for Scrutiny: AUSTIN (AP) — A special committee designated by the Good Neighbor Commission will meet in San Antonio Nov. 21 to begin a study of Mexican-American living conditions. Executive Secretary Tom Sutherland announced that the committee will plan research and information programs in connection with its work. Chairman of the group is Tom Slack of San Antonio, so designated by Commission Chairman Neville Penrose of Fort Worth. P. T. Barnum sponsored Jenny Lind in her American debut.

Another factor lends support to the demand for individual rather than mass bargaining in key industries. Several steel companies, including Bethlehem and Inland, already had a pension plan similar to that which President Truman's fact-finding committee recommended. It had been obtained by Mr. Murray through separate agreements with them. Therefore, they saw no reason why they should take the rap in an effort to help U.S. Steel escape a similar financial burden. Thus, if the public gets its coal and steel when union leaders and corporation moguls fall

Methodist WSCS Circle Groups Meet for Study

SHAMROCK — (Special) — Circles Two, Three and Four, of the WSCS of the First Methodist Church met in groups Monday afternoon to study, "We, the Peoples of the Ecumenical Church," by Winifred Wyal. Circle Two met at the home of Mrs. C. L. Reavis at 2:30. The meeting opened with group singing with Mrs. S. M. Dunnam playing the accompaniment. The lesson was taught by Mrs. Howard Weatherly. Prophets Wrote of True Democracy

Two conceptions, or attitudes, emphasized in our modern world, and perhaps especially in our modern democracies, in conflict now, were also in conflict in ancient Israel, where the Hebrew prophets spoke and wrote.

The one is of a religious isolationism, and of a limited conception of God, providence, and duty. This is not unrelated to the political isolationism which has broken down before the stern fact that in matters of war and peace, welfare and danger, the world, even though its divisions are sharp and its conflicts intense, is one in a way in which it has never been before.

In this conception God is little more than a tribal or national deity, whose special favoritism is for the one race or nation, called and chosen to the exclusion or neglect of all others. In its belief, starker form, this religious attitude became a matter of spiritual pride, typified in that Pharisee of a later time "who trusted in himself that he was righteous, and despised others." It dared to say that the Gentiles who knew not the law were accursed. It was not the law were accursed. It was not the law were accursed.

It is found in many prophetic passages, but the richest and most illuminating are in the later chapters of Isaiah.

This intense patriotism, deeply centered in its own nation and people, but embracing the whole world, is in the flaming words of Isaiah 62:1, "For Zion's sake will I not hold my peace, and for Jerusalem's sake I will not rest, until the righteousness thereof go forth as brightness, and the salvation thereof as a lamp that burneth."

It is found also in the great invitation of Isaiah 55, marvelous in its conception of a God offering Himself and His salvation to all men everywhere. This still stands today as a living word of God, undated, for every time and place, it reflects in its glorifying of God the glory of the prophet who wrote it.

And these noble prophets of Israel challenge our modern world, with their worldwide outlook, and their message concerning the God of all, with the only adequate way of peace and welfare for humanity.

'Stanley Steamer' Has Its Points Says Lady Driver

By CYNTHIA LOWRY AP Newsfeatures Writer

The people who make automobiles have decided it's about time they paid some attention to what women want in the way of a car. So they are smiling eagerly at us and telling us about what lovely colors you can have the cars in, and how dandy-looking are Scotch plaid seat covers. Once in a while they slip in a line about eliminating the clutch, so that the back of our high heels don't get scuffed any more.

As far as I am concerned, personally, they are barking up the wrong tree. They've got to do more than that to lure me into buying one of their streamlined 8-cylinder. The reason I am driving around happily in a car of Stanley Steamer vintage has something to do with the current state of my bank balance.

But even if I had the money, I would take a very dim view of buying a new car.

In the first place, they are too low. Men must like to skim along the road as close to the ground as possible. I like to sit up and have a feeling of space around me. This is not entirely claustrophobia. You can get into one of these modern jobs dressed neatly and carefully pressed. After progressing two blocks, and emerging from the car, your clothes look as though they had been in a steam bath because of the push of the upholstery and the size of the doors. The doors are impressive, slam noiselessly and all the rest of it, but they are about as easy to crawl through as an attic trap. Once you get through the door, the bumper over, and drags your skirt in swirls around you. Then you wiggle and tug until you are exhausted, pull off buttons, pull out hems and generally get into a mess.

That isn't all. It is quite impossible to wear anything more decorative than a knitted cap on your head. Those low ceilings. The automobile makers ought to know — surely they have wives and daughters — that women like to wear feathers in their hats, and there isn't a small enough feather in the world to fit into a modern car.

A friend of mine with a big new car that looks more like a yacht than an automobile, solved the problem by pegging down her feathers to the brim of her hat with a spring clothespin. This worked out fine, except the other day she forgot to unlatch her feather and made quite a sensation at a formal afternoon party with her clothespin. She blames the carmaker for her embarrassment, and she's kind of bitter.

Men have a tendency to sneer at my car, but every woman I know would rather ride in it than in her own chrome and veneer job. In the first place, when I tip to a fence, knock off a bumper or get into any other of those routine situations which are the other, uninsured fellow's fault, all I have to do is have a new fender, bumper or front-piece attached. The new-car owners are particularly touchy in their cars for another one. Nowadays they seem to make cars all in one piece, and an accident to one part means a whole new body. This is pretty awful, particularly when you've been anyone to know you've been embroiled in an accident.

Finally, there's the business of changing tires. Once upon a time a lady who had a flat tire used to pull up at the side of the road, get out and look helplessly until some helpful male Samaritan came along. If you have one of those modern cars, even your best helpless look avails nothing — passing cars pick up speed to put you behind them.

Please, Mr. Automaker, just let a housewife get in the car and help your engineers design a car — and let the color of the car be any old thing at all.

Wholesale Price Index Declines
NEW YORK — (AP) — Slightly lower prices for nearly half the foods in the Dun & Bradstreet wholesale food price index pushed the index down to \$5.88 this week from \$5.74 a week ago.
A year ago the index, representing the total cost at wholesale of a pound each of 31 general use foods, was at \$6.37.

Darrouzett

DARROUZETT — (Special) — Mrs. Aaron Kellin, who has been in the Higgins hospital for several days, is expected to return home the end of this week.
The Darrouzett school will be closed Thanksgiving weekend from 4 p.m. Wednesday to Monday morning, Nov. 28.

The Darrouzett Methodist Youth Fellowship was host to about 70 young people from the sub-district which includes churches in Higgins, Follett, Canadian, Darrouzett, Booker, Perryton, Spearman, and Gruver.
Several Darrouzett Methodists left today for Dalhart to attend the district conference. Among them were: the Rev. C. T. Jackson, Ray Altmeier, Max Sues, Howard Andrick, F. T. Peterson, and Mrs. E. B. Burton. Ewan Brian is to receive his minister's license at the conference.

Polio Declines For 12th Week

WASHINGTON — (AP) — The incidence of polio throughout the United States has declined for the 12th consecutive week.
The Public Health Service reported today that the number of new cases during the week ended Nov. 12 was 751, compared with 881 for the previous week and 1,071 for the week before that.
The total of polio cases thus far in 1949 is 39,792, compared with 25,040 for the corresponding period in 1948.
The health service listed 23 new cases for South Dakota, compared with 1 new case during the preceding week and twelve in the week before that. The agency said the figures probably were not significant, but represented delays in receipt of reports from isolated areas for the week ending Nov. 5.

Houston Meat Ban Under Fire

HOUSTON — (AP) — Houston's ban against meat shipments from Dallas is under attack by a Dallas meat processing firm.
Samuel M. Rosenhal, president of Samuels & Company, Inc., has filed an injunction suit against City Health Officer Fred K. Laurentz and other Houston officials.
District Judge Wilmer B. Hunt set a hearing for Dec. 12.
Dr. E. S. Martin, Houston's chief veterinarian, said last August Dallas' meat inspection standards do not meet those required here. He notified Dr. J. W. Bass, Dallas director of public health, he could not approve meat products inspected by the city of Dallas.
NO PRIMARIES
WASHINGTON — (AP) — President Truman says he never mixes in primaries. This was his reply to a news conference request for comment on James Roosevelt's bid for the California governorship.
Mr. Truman would not comment specifically on the Roosevelt race.

Three Added to Defense Department

WASHINGTON — (AP) — Defense Secretary Johnson swore in the three members of the new Defense Department Housing Commission and told them: "You'll have a hard job—don't let people seeking favors take up your time."
The three included Chairman Bertram E. Giesecke of Austin, Texas.
