Assassination of Truman At

UN Striving For Showdown On Lie Vote

BULLETIN NEW YORK - (AP) - The UN General Assembly today extend-ed Secretary-General Trygve Lie's term for three more years despite a Soviet bloc threat not to deal with him.

NEW YORK - (A) United Nations General Assembly drove toward a showdown vote today on keeping Trygve Lie as secretary general.

The American-led fight to retain Lie was assured of victory, since only Russia and her satelites opposed the move in a debate which raged all Tuesday. The U. S. feels that an extension of Lie's term will be tantamount to a vote of confidence for his support of UN action in Korea. It charges that Russian attempt to hound him from office stems from the

same root. The West waited to see, meanwhile, what new trick Soviet Foreign Minister Andrei Y. Vishinsky might; have up his sleeve. The wily Kremlin diplomat has served notice that he will give a final explanation of Russia's opposition to Lie today and just what action the Soviet will take if he is kept in office. He told the 60-nation assembly

Tuesday that Lie was a stooge present job.

One after another the delegates from White Russia, the Ukraine, ed the rostrum at Flushing Meadow and mechanically repeated they wouldn't have any to do with Lie either.

One Killed, Three Injured in Battle

WASHINGTON -(AP)- Two men with blazing German luger pistols rushed President Truman's home today in an apparent attempt to assassinate the President.

They were shot down in a furious gun battle outside. One was killed. Three members of the President's guard detail were wounded.

Mr. Truman was in the presidential residence, the Blair House, when the shootings occurred about 2:15 p.m. (EST), a few minutes before he was to leave for a ceremony at Arlington National Cemetery.

Police Inspector Hobart Francis told reporters: "I presume it was an attempt to assassinate the President.'

The rattling outburst of gunfire came without warning on a quiet, sunny afternoon in front of the yellow brick house which the President and his family are occupying while the White House, across the street, is undergoing

Traffic Deaths Due To Near '41 Record

CHICAGO - (AP) - The nation's traffic deaths in 1950 appear headed for the highest mark since 1941 — a toll of 35,000 — says the National Safety Coun-

Traffic fatalities for the first nine months this year were 24,580, an increase of 11 percent over last year, the council said. It added the year's toll of 35,000 'now is virtually certain." The September toll was 3,100, an increase of five percent over September, 1949.

One of the main reasons given

by the council for the increase was the big boost in automobile production. The council estimated more than 45,000,000 vehicles are in

operation. 'The answer is simply that the present traffic safety defense line cannot cope with the production line," said Ned H. Dearborn, council president.

Each Sunday and ofttimes throughout the week, the minister of your church lifts his head in prayer and envisions the heaven of your faith. He is a patient man. He is an understanding man. He's there, your loyal friend, in sickness, sorrow. He officiates at weddings and visits the home of his parishioners. Yet with all his biblical knowledge and his interest in his sermons, he is a man. A fine man. And he should be treated as a friend and companion, not merely as a cleric. Your minister and his church deserve all the support you can give them. Attend services regularly and be generous with your con-

Jacoby Describes 'Worst Play By OSWALD JACOBY Naturally his thinking did him no good. He could not remember any-

Written for NEA Service A Pittsburgh reader says, "The other day my partner and I were playing the piccolo on our op-ponents. We had several canastas and a lot of melds that were

rapidly approaching canasta size.

"Our opponents had one canasta and were desperalely trying to go out. We knew that they would sooner or later but we hoped it would be later. My partner took the discard pile, built up a couple of our melds a little further, added a few cards to our completed canastas and then discarded a card that matched one of our opponents' melds.

"The player to her left, who held four cards, promptly added that card to his meld melded the three of a kind he had been holding right along, and was out. Have you ever seen a worse play and if you have, what is the worst play you have ever seen?"
It is always difficult to describe the worst play I have ever seen because it is hard to evaluate bad plays. However, I imagine a play must meet several criteria. First of all it must be extremely

have been a good play easily available and finally it must be extremely expensive.

This particular play does meet the second qualification. Surely, the player had some absolutely safe discard at his disposal. It does not meet the first. It is

stupid. Second, of all there must

careless, not really stupid.

Finally, it is not really expensive. The next player might have drawn out anyway and surely the hand would not last long in any event. Therefore, the most it cost the offender was a couple of ca-

Now, for my own candidate for the world's worst canasta play. The pack had been frozen early in the hand but after both sides had melded. Eventually player X drew the last card of the stock and found himself with a deuce, a queen and a four. No queens or fours had been melded. However, seven fours had been discarded and not even one queen. Player X, however, had no idea as to

what had been discarded. Player X promptly added the deuce to a meld of four aces. It did not even give him a canasta but it did give him 20 points. Then he started to think, and I will give him some credit. He said, I wish I had that deuce back.
