

LINDY CALLS AIR LINE 'BLACKLIST' DISCOURAGING FACTOR IN AVIATION

SAYS PRIVATE FLYING IS NOW LAGGING IN US

ENGLAND IS AHEAD OF UNITED STATES, HE REPORTS

WASHINGTON, Oct. 16 (AP)—Col. Charles A. Lindbergh told the president's aviation commission today that the "blacklist" of former air line executive officers constituted one of the "most discouraging factors" in aviation.

He was referring to the postoffice department ruling that no officers of the old airmail carriers might retain office under the reorganization which accompanied the contract letting after the first contracts were cancelled.

The "blacklist" was imposed upon the executive Postmaster General Parley said had participated in a "spoils conference" to divide up all air mail contracts.

The conference was arranged by former Postmaster General Brown and Lindbergh said he considered the allocation of transportation lines established by Brown the best solution thus far.

The small hearing room was packed when Lindbergh, dressed in a light gray flannel suit, took the stand.

A few moments of indecision followed after Chairman Clark Howell Sr. asked the flyer "perfectly free to go right ahead in your own way."

Lindbergh replied that he had no prepared statement, but that he would be glad to answer questions on "any particular subject that I might have in mind."

Commander Jerome Hunsucker, retired, an expert on lighter-than-aircraft, then took up the questioning.

"There must be some government regulation of air transport lines—at least to the extent that any line carrying particularly passengers, but operating as a transport line should meet certain requirements as to efficiency and personnel," Lindbergh said.

He added that the regulation should be "the minimum consistent with efficiency."

"I believe," he said, "there should be a permanent aviation commission or some similar body completely independent of any other form of transportation."

Lindbergh explained that he believed aviation would be better fostered if it was not regulated by "the same body regulating the railroads."

Col. Lindbergh said he believed regular trans-oceanic flights, using flying boats, were not far away.

He added that a government subsidy of aviation probably would be necessary for some time, but that he believed the larger concern would become self-sustaining.

"I do not believe in a permanent aviation subsidy," he asserted.

Asked about the use of paratroopers, Lindbergh said they are not generally being trained on passenger ships "and I do not believe they would increase the safety of passenger travel."

Lindbergh said he believed "we could inaugurate a trans-oceanic mail route within a few months' time."

The plane now being built could be used for that service, he added.

At the start, he said, daily schedules should not be attempted but that should be left for future progress.

As for hours, that airplane pilots work Lindbergh said there should be a limitation but that conditions might not make it desirable to have it on a daily or even a weekly basis.

It should be on a weekly or possibly a monthly basis, he added.

"I think we can look forward within the next few years to having two or three, to relieve the other and possibly to sleep on the plane," he said. "Clearly that would be necessary on transoceanic flights."

The salary of pilots, he said, should vary with working conditions and experience.

Asked his opinion regarding proposed floating airships and catapults for transoceanic flying, Lindbergh replied that "it seems doubtful to my mind that that is not a temporary development."

Lindbergh said present planes had a cruising range of 3,000 miles, and predicted planes with a range of 4,000 miles "in a few months."

"The future of long distance flying," he said, "is going to be at fairly high altitudes, with super-charged cabins or supercharged cockpits or both."

He said transoceanic planes should be able to fly over storm areas.

Asked about dirigible transoceanic flights, Lindbergh said airplanes were better suited to high altitude but cautioned that "we should carry on with both until we are definitely convinced that one will supercede the other or that there is a place for both."

He declined to give a definite recommendation on determining air mail contracts, but said price should not be the sole factor in "as complicated a subject as air-craft." He suggested a "minimum" basis for air mail bidding.

MRS. STOLL ALIVE, SAYS NEWSPAPER CLAIM VICTIM MAY BE FREE IN 24 HOURS

MANILA, Oct. 16 (AP)—Sixteen hours after the typhoon passed, most of Manila was still marooned at midnight tonight, with ten in darkness. The streets were known drowned. No street cars had run during the day. Police, city workers, 400 convicts and utilities crews worked at trees, poles, and other debris, but officials said it would be days before conditions were normal.

LONDON, Oct. 16 (AP)—Admiral Yamamoto arrived at Southampton today for talks preliminary to the 1935 naval conference and said a decision whether to denounce the Washington treaty will be made at Tokyo after the conclusion of the conversations here. The Japanese representative hinted his nation would accept a suitable compromise.

CHICAGO, Oct. 16 (AP)—Billie Webb of Chicago, manager of the Galveston club of the Texas league for the last two years, signed today as a coach of the Chicago White Sox for 1935. Webb was the Texas league champion for Galveston this last season. Jimmy Austin, another White Sox coach, will be retained.

VENUE CHANGE IS STILL DEBATED IN TRIAL AT BORGER

BORGER, Oct. 16 (AP)—The prosecution's efforts to obtain a change of venue in the trial of Arthur Huey for the slaying of A. P. Berger, founder of this town, continued today with a long list of witnesses testifying for the defense.

Twelve of about 70 persons scheduled to testify for the defense, said they believed Huey could have a fair and impartial trial in Hutchinson county. An equal number for the prosecution said yesterday they believed he could not have such a trial.

W. L. McConnell, district attorney, is contending it would be impossible to get a fair jury because of what he termed as "factious" feeling cut that when the Berger State bank was closed in 1932 many depositors lost their savings and therefore a prejudice existed against the slain former president, A. P. Berger.

McConnell also has attempted to have Justice E. J. Pevens of "and that the venue in the case should be changed to the county of Berger. The Huey faction, widely distributed throughout the county because the tax collector made two campaigns for public office.

KIDNAP VICTIM GIVEN A DIVORCE

LOS ANGELES, Oct. 16 (AP)—Mrs. E. J. Danby, R. C. "Danny" Bowling, dance director, and Marjorie Crawford, flying film actress has ended in a divorce.

Miss Crawford, the former wife of William Wolfman, screen director, was granted the divorce yesterday after she had testified that she had divorced her at pistol point to write out a check for \$75 shortly after their marriage six months ago.

They were married while kidnaping charges Miss Crawford had brought against the dance director were pending. She had accused him of forcing her, also at pistol point, to accompany him to a Yuma, Ariz., hotel where he attempted to persuade her to marry him.

BILLY WEBB RESIGNS

GALVESTON, Oct. 16 (AP)—Billy Webb, colorful leader of the Galveston Buccaneers, Texas league champions, today had resigned his position as manager to accept another offer, details of which he refused to divulge. Webb announced from his Chicago home that he would leave it to his new employers to announce his connections.

Mrs. R. B. Hayes of Miami was a visitor in the city this morning.

I HEARD—

Drug store football players named players on the Harvester team who should have received special mention in recent games. And the funny part was that four of the experts picked four different players.

Bill Jarrett, chairman of the Jaycee Santa Day committee, remarked that he didn't think he was the proper man for the job because he hadn't seen Santa Claus in so long that he might not recognize the old gentleman.

Delinquent Tax Bill Is Favored

AUSTIN, Oct. 16 (AP)—The Texas house of representatives moved today to force early action in the senate on a bill to release penalties and interest on delinquent taxes.

The house refused to permit consideration of other legislation until material progress has been made on the delinquent tax bill.

A motion to set for special consideration tomorrow a bill that would remit certain taxes in the Brazos river conservation and reclamation district to further a proposed \$50,000 flood control project was withdrawn when proponents of the delinquent tax measure opposed any action until after the tax relief measure has been sent to the senate.

The senate was in session 13 minutes. The house adjourned after a one hour meeting.

Passage of the penalty and interest remission bill under suspension of the rules will be sought tomorrow. The bill has not yet been reported from committee. The Brazos river bill, under a compromise was set for special order at 2 p. m., Thursday.

Representative W. E. Pope of Corpus Christi asserted passage of the Brazos river bill and a bill to promote completion of a hydro-electric project in the Colorado river, both heartily advocated by the senate, would give the upper branch the "whiphand" in determining the course of legislation and would jeopardize passage of the delinquent tax bill.

Representative T. H. McGrew of Austin recommended passage of the delinquent tax bill first with the Colorado river bill second.

Both the Brazos river and Colorado river bills passed the senate easily last session. The Brazos river measure failed to gain floor consideration in the house while the Colorado river proposal died when three members of the house conference committee refused to sign a compromise bill.

A bill to remit penalties and interest also died at the last session.

COAL MINE OWNERS MEET MOST OF WORKERS' DEMANDS; MAJOR PART OF MEN RETURN TO HOMES

SOME TOO NEAR DEATH TO BE MOVED; SOME ON STRETCHERS

PECS, Hungary, Oct. 16 (AP)—Two hundred miners, 100 of them only half conscious, came back from the black depths of the mines today, victorious in their "suicide strike."

Not too soon did the men bring to a close their self-imposed imprisonment. The semi-conscious men were suffering from gas, noise and exposure after 110 hours in the pits.

Even the more robust were bagged, but joyful.

The men will receive a winter bonus of three dollars each, and instead of an 8 per cent wage cut, a Christmas bonus of the same amount.

There were dramatic scenes as the miners, reeling at the pit mouth to be welcomed by wives and children, who had waited long days for the men.

Soldiers and militiamen with machine guns and rifles also waited and gave the mine surface the appearance of an army camp. There appeared to be no cause for trouble however. Men and women alike were joyful at the outcome.

Police demanded any men pushed in the pits.

Thinking in the early morning sunlight, the half-starved men staggered from the mouth of the mine into the arms of overjoyed wives who were waiting as they have been for five days, with food. Those who were able ate ravenously, but many could not accept food.

For 110 hours the men had remained deep in the earth, sending back work they preferred death to surrender. They wanted more money and more work than the \$2.00 and two days weekly they have been getting.

With faintest zeal they accepted pleas sent down by a frantic governor.

See MINERS, Page 6

Seamen's Actions On Vessel Scored

NEW YORK, Oct. 16 (AP)—The board of inquiry of the United States steamboat service in a report made public today charged Captain William F. Warme and four staff officers of the Morro Castle with negligence in connection with the burning of the Ward liner and the attendant loss of 132 lives.

The preliminary report, signed by Captain Karl G. Nelken and James Smith, inspectors of the New York district, gives no cause or responsibility for the fire. It was explained the board's duty ends with determining if the officers were negligent in the performance of their duty.

Officers charged with negligence in addition to Warme are Chief Engineer Eben S. Abbott, Second Officer Clarence Hackney, Third Officer Harold Hensen, and First Assistant Engineer Antonio R. Butja. The officers charged with negligence are ordered to appear at a hearing October 29 to show cause why their licenses should not be suspended or revoked.

Acting Chief Officer Ivan Freeman was the only deck officer who was not found negligent in the report. Freeman, according to the testimony, the report says, fought the fire and later went forward and let go the anchor.

Fire specifications are charged against Captain Warme, accusing him of delay "in sending out wireless distress signals" and "unduly jeopardizing the lives of passengers and crew," and of failure to stop the vessel after he was "aware that the superstructure was on fire and the vessel was steaming into a fresh breeze."

In addition he was charged with failure to have fire doors ready for use, to have the fire doors closed and with having an insufficient number of men on watch at the time the fire.

Heads Attack

DAVID T. WUENZ, attorney general of New Jersey, is expected to head the battery of legal talent that will undertake the prosecution of Bruno Hauptmann on charges of murdering the Lindbergh baby as soon as the prisoner has been extradited from New York.

Patricide Given Suspended Term

GAINESVILLE, Oct. 16 (AP)—Seventeen-year-old Dubois Autry, who said he killed his father, Claude Autry, after he had threatened the lives of his wife and six children, today was under a five-year suspended sentence for the slaying.

Dubois Autry, who was sentenced to five years in the state penitentiary on the slaying charge.

Young Autry and Curtis, in statements to officers, said Autry had threatened his family while his wife and four children lay ill. Autry was shot down from the roof of a shed.

Another Murder In Death Swamp Is Investigated

NEW CASTLE, Pa., Oct. 16 (AP)—Authorities were confounded today with the possibility of another murder mystery in "death swamp."

Two boys told police they had seen the body of a man in the desolate stretch of woods and swamps at New Castle, Pa., which was the scene of an unsolved slaying seven years ago. At that time the bodies of two men, who had been beaten and shot to death, were found buried in the swamp. The mystery of their deaths was never solved.

They were never even completely identified.

Lawrence county authorities awaited daylight before starting a search of the three-mile stretch of swampland for the body the two boys said they saw there late yesterday.

The boys were taking their dogs for a walk when they told police they saw the body. Frightened they hurried home and told their parents.

TO ELECT OFFICERS

Election of officers will be held tonight at 8 o'clock by the Veterans of Foreign Wars in the city hall. All members are urged to be present. The election has been delayed for several weeks.

Facts One Should Know About Circus Here Tomorrow

CIRCUS DAY INFORMATION ARRIVAL—Aboard three special trains over the F. W. & D. railroad, early Wednesday morning from Vernon.

SHOW GROUNDS—Brown Ave. and West Street.

FEATURES—Ernest Clarkonian, acrobat, who turns a trapeze somersault in mid air; Mabel Stark, queen of tiger trainers; "Poodles" Hanneford, riding clown; and No. 1 White Docket "Fiesta of the Rio Grande" and world's largest menagerie.

SIDE SHOWS—Open at 10 a. m. and run continuously.

TICKETS—On sale beginning at 9 a. m. to 5 p. m. at Pampa Drug Store, No. 1. White ticket wagon continuously accessible for purchase of reserved seat tickets at the show grounds. Red ticket wagon open simultaneously with the big show doors.

DEPARTURE—Via Santa Fe show wagon at midnight for Amarillo.

NOTE—There will be no street parade. None has been given by this circus since 1923.

Ransom Notes To Lindbergh Read

NEW YORK, Oct. 16 (AP)—Attorney General David T. Wuenz, of New Jersey, told Supreme Court Justice Ernest E. L. Hammer the Lindbergh ransom notes, which he claimed the state had proved were written by Richard Hauptmann, "are an admission and a confession on the part of Hauptmann that he was in the baby's room the night of the kidnaping."

The attorney general's statement came after Albert D. Osborn, handwriting expert, testified with "reasonable certainty" that specimens of Hauptmann's handwriting were identical with that of the kidnap notes.

Wuenz dramatically read excerpts from the ransom notes, including one which asked "why did you ignore our letter we left in your room?" Another quotation was "now we will send you the sleeping suit from the baby," and a third asked "did you send the little package to Mr. Lindbergh? It contains the sleeping suit from the baby."

A handwriting expert's testimony indicated today that the fate of Bruno Richard Hauptmann, indicted in New Jersey on a charge of murder in the Lindbergh kidnaping, may rest on the letter "x."

The expert, Albert D. Osborn, testified before supreme court Justice Ernest E. L. Hammer that it was the formation of this letter that led him to the opinion Hauptmann wrote the original ransom note left in the Lindberghs' home, N. J., home the night their son was abducted.

The peculiar formation of this letter, written in the manner of a "double e," Osborn said, appeared in both the original ransom note and in Hauptmann's writing of the word "Bronx."

Osborn described the way the letter was written as a "most peculiar letter which I have never seen before made by anybody."

"The letter appears in several instances—I cannot call them ransom notes," he said.

Justice Hammer told him he could find the letter in the handwriting of the Lindberghs.

500,000 FARMERS VOTE 2 TO 1 APPROVAL OF CORN-HOG PROGRAM OF AAA; CONTINUATION FAVORED

TEXAS VOTES 9 TO 1 IN FAVOR OF THE REDUCTION

By REUBEN FRODIN (Copyright, 1934, by The Associated Press)

CHICAGO, Oct. 16 (AP)—Farmers by their own ballot are overwhelmingly in favor of continuation of the agricultural adjustment administration's corn-hog program for another year.

Nearly complete returns from 500,000 farmers showed today a 2 to 1 vote of approval on the controversial production-control feature of the AAA in a poll of the big corn producing states conducted by county extension agents.

The corn-hog program provides that farmers who reduce their corn acreage and limit hog production will receive government benefits which so far in 1934 have amounted to approximately \$70,000,000.

Sixteen states which already have ballot results showed a 2 to 1 vote in favor of the 1935 program. A second question on the "one-contract-per-farm" plan for 1936 received an adverse vote 232-999 against and 229,480 for.

Two states, Kansas and Nebraska, were unfavorable to the continuation of the AAA program next year. Six states, Indiana, Kansas, Michigan, Nebraska, Ohio and Wisconsin, voted against the one-contract plan, the adverse vote recorded being enough to overbalance the favorable margins in nine other states.

The sixteen states canvassed will produce approximately 65 per cent of the nation's 1,416,772,000 bushels of the 1934 corn crop as estimated of October 1. In this third of the United States something over \$52,000,000 was received in benefits, or about three-quarters of the money distributed. The entire crop is only 36 per cent of the average yield.

Texas, which leads all other states in the distribution of all farm benefits, voted 9 to 1 in favor of continuing the reduction program. Iowa, whose \$15,000,000 taps the corn-hog benefits, was nearly 3 to 1 for the plan.

The second largest corn producing state, Illinois, with corn-hog benefits 1-15 those of Iowa and total benefits 1-20 those of Texas, voted almost 3 to 1 for the 35 program.

Wanted: 1 Dead Convict

BERKELEY, Calif., Oct. 16 (AP)—Dr. Robert E. Cornish now wants a dead convict on which to try his back-to-life experiments thus far limited to dogs.

Authorities of three states, Nevada, Arizona and Colorado, where executions are by lethal gas, declared however that they could offer no help.

Dr. Cornish, whose experiments with dogs have attracted wide attention, disclosed yesterday that he had appealed to the governors of the three states, requesting that he be permitted to attempt resuscitation of an executed man.

"There will be nothing doing like this in my prison," was the reply of Governor B. B. Meier of Arizona.

Warden Roy West of the Colorado prison at Canon City said the proposed experiment would be impossible under the state's laws.

Acting Governor Morley Griswold of Nevada could not be reached for comment but it was recalled that authorities of that state have refused a number of similar requests.

CLAIM VICTIM MAY BE FREE IN 24 HOURS

FAMILY'S ATTITUDE IS GIVEN AS BASIS OF BELIEF

LOUISVILLE, Ky., Oct. 16 (AP)—The Louisville Times said today it has reliable information that Mrs. Alice Speed Stoll, kidnap victim, was alive Monday and may be freed within 24 hours.

The article adds that the information gathered by the Times is confirmed, in part, by the cheerfulness of Mrs. Stoll's relatives since Monday, by the passing of two days without any appeals to the kidnaper over the radio and by the Associated Press report that the \$50,000 ransom had been sent to Nashville.

The information published by the Times was taken to indicate that Mrs. Stoll or her kidnaper had found some way to communicate with the family.

There had been indications since last night that the Stoll family expected something to happen within a short time, that the way again had been cleared on the possibility that the kidnaper or some agent might bring the woman back. Squads of police searching the neighborhood of the Stoll estate and moved southward today, and police again were clear of the Lime Kiln Lane on which the home fronts.

"You can go up there, buddy, but I can't," a policeman remarked to a reporter who invited him to ride with him as he turned from upper River Road into the Lane.

"We don't want the kidnaper caught. We're not interested in that. We only want Alice back and we're still hopeful she will be returned to us today," Berry V. Stoll, husband of the kidnaped Alice Stoll, told the Associated Press in an interview today.

The interview was on the lawn of the spacious Stoll home on Lime Kiln Lane from where Mrs. Stoll, 26, was kidnaped last Wednesday and held for \$50,000 ransom.

Stoll came outside the house and met the interviewer after being attracted by the barking of Hector, great Dane dog that roams the 16-acre estate.

Thieves Pilfer Rose Bath Room

Leaving water pouring from floor and wall pipes, thieves last night stole a commode and sink from the servant quarters at the Tom Rose home on North Gray street. The quarters were flooded before the water could be turned off.

Two men were seen driving away from the house by the Rose maid about 10 o'clock. She was unable to tell whether the men were black or white but was of the opinion they were negroes. She entered the servant quarters to be met by a rush of water.

Police and officers of the sheriff's department were notified and a search made but no trace of the men or missing fixtures has been found.

I SAW—

Coch Argus Fox getting a laugh out of a group of school store coaches. Mr. Fox pointed out that Harvester field has a tradition as well as Butler field because the Harvesters have "never been defeated on the grass."

His Excellency the Mayor of Kingsmill, Dan McGrew, acting as host to seven Harvesters for whom he had to buy steak dinners after promising that he would buy a steak dinner for every boy who made a touchdown in the Shawnee game. Some of the boys who made more than one touchdown gave one away to a team mate.

Croat Ordered To Kill King, Claimed

MELUN, France, Oct. 16 (AP)—The Surete Nationale announced today that Mio Kraj, alias Sylvester Malny, alias Chaling, had confessed he was sent to Marseille with "Petra Klement" to assassinate King Alexander of Yugoslavia.

"Kalemek" whose real name was Vlada Georgiev, a Macedonian revolutionary leader who also recalled himself "Tschernocemsky," actually killed the king and was slain by police.

Authorities said Kraj told them he fled before the assassination because he feared he would injure other persons in the attempt to take the king's life.

In broken German, Kraj told the Associated Press today that he had been in Marseille.

"I am a Croat," declared Kraj. "What I desire is that I wanted to do were for Croatian liberty." Here Kraj's German failed him and he was unable to say more.

The Surete said that in his confession, Kraj called Egon Kvaternik the "delegate" of Dr. Ante Pavelich, head of the revolutionary secret society Ustashi. Kraj told them, police said, that Kvaternik disappeared Oct. 9, on the morning of the assassination after shaking hands with Georgiev and Kraj at Aix-en-Provence and giving them final instructions on the killing.

"I am going to," Kvaternik was said to have told the pair. "You know the king is arriving. You also know what you must do—go to Marseille and fire on the king."

WEST TEXAS: Partly cloudy, probably rain and cooler in the Panhandle tonight and Wednesday.

WORLD STILL REQUIRES SAFETY OF DEMOCRACY

This troubled world may yet be forced to understand that it will have to make itself safe for democracy before it can carry on with the ordinary business of living.

Democracy has gone out of style since the war. That magnificent slogan that Woodrow Wilson handed out in war days has become something to laugh at—partly because the war no longer looks like the holy crusade we once thought it, and partly because democracy itself has shown more defects than we used to think it had.

But when all the shams and hypocrisies of the war are admitted and all the faults of democratic government are reviewed, it is still true that democracy does provide a safety valve which eases tensions and prevents the kind of explosions that have been tormenting Europe lately.

Historians are still arguing about what caused the World War, and the argument won't be settled for a long time to come. One thing, however, is very clear; a large part of the trouble was the ceaseless struggle of oppressed minorities to win their freedom.

This struggle centered in the old Austro-Hungarian empire, and it touched off the war. The finest thing Wilson ever did was to tell the whole world that freedom and self-determination must be the heritage of all peoples if a repetition of the holocaust was to be avoided.

But the post-war readjustments failed to reach this goal. Democracy was discarded. Croats, Austrians, Russians, Germans, Italians, one people after another, were forced into the strait-jacket of autocratic government. That priceless safety valve, the ballot box, was tossed out of the window.

The result? Violence and bloodshed. In country after country the secret police must go about smelling out plots and conspiracies. Prisons must be enlarged, executions must be kept busy.

The dictators fear their own people and they fear one another. Riots and assassinations come in an ever-increasing crop; and each one disturbs an unstable equilibrium so dangerously that people catch their breath and wonder, "Will this start a new war?"

Maybe it's time to revive that old war slogan. A world that was safe for democracy would certainly have fewer danger spots than the one in which we are now living.

MORE PURPOSEFUL STUDENTS

With yesterday's mail came a bulletin from the University of Texas, bringing the encouraging news that the number of students there has been increased this fall. Another statement made in the bulletin, of greater encouragement than that, is that educators note a more serious disposition among students with more well defined purposes in life.

We are not advocating a mass movement toward concentrated study, nor are we eulogizing "the greasy grind." It is still as true as ever that higher institutions of learning offer more than an opportunity to accumulate facts and develop the mind. But level-headed persons will agree that the tendency toward a more moderate pace at college is gratifying.

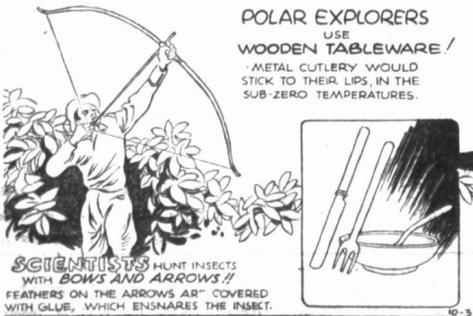

Educators do not hope to ever realize dreams of student bodies, in institutions where qualifications are not difficult to meet, free from the element seeking a pleasant way of frittering away time. Just as the farmer never will develop sections of cotton which have no bad bolls, the educational system never will turn out products

CENTENNIAL NEWS ITEMS

Official Pledge Adopted by the Texas Centennial Commission: "I will think—talk—write—Texas Centennial in 1936! This is to be my celebration. In its achievement I may give free play to my patriotic love for Texas' heroic past; my confidence in its glories that are to be."

GRAND SALINE, Oct. 16.—(Sp)—Though the discovery of oil there in 1929 focused the attention of the world upon Van Zandt county, the "free State of Van Zandt" as it was called in the old days,

has a colorful history that dates back to the discovery of a salt dome there in 1845. These facts will make Van Zandt one of the places of interest in 1936, when Texas Centennial celebrations are being held in cities of the state. The discovery of the huge salt dome under Grand Saline happened accidentally, as did most good things that came the way of the venturesome pioneers. In 1845, Allenby T. McGee camped on a lonely prairie in the Eastern part of Van Zandt. With him was a friend, who was sharing the hardships of the trip. While they were boiling some water over the camp fire, the water evaporated, leaving one-half an inch of salt in the kettles. From that simple supper of two pioneers came the discovery of one of the largest salt deposits in the Southwest.

These men came back in 1846 with two large kettles, in which they boiled the water from shallow wells. The salt was sold to neighboring settlements for 15 cents a pound. More and more kettles were added and finally Grand Saline grew until a post office was established there in 1849, one of the first in the county.

The Texas & Pacific Railroad remains in Van Zandt county as a link between pioneer days and the present hectic prosperity, which followed the discovery of oil. For it was the Texas & Pacific, built in 1872 as one of the first transportation lines connecting Texas with the outside world, which carried the militia to quell the "county seat war" in Van Zandt county in 1877. It is this same railroad today that is carrying salt and oil from Grand Saline to the marts of the world.

The "county seat war" grew out of a dispute as to whether Willis Point or Canton should be the county seat. Finally, through the intervention of Governor Hubbard peace was established and the decision went to Canton.

FORT DAVIS, Oct. 16 (Sp)—Delegates from Pecos, Marfa, Alpine and Fort Davis attended a meeting here, at which was formed the Trans-Pecos Sub-Centennial Association, which will father a regional secondary Centennial for 1936, similar to the celebrations being planned for Texas cities. Jack Hawkins, Pecos editor, was made president and Marvin Hunter, Jr., Fort Davis editor, secretary.

It is proposed that every town west of the Pecos shall participate in staging at the old fort here a celebration that will present the resources of the various towns and

DIG TOP WILL COME TO CITY ON TOMORROW

BARNES CIRCUS WILL SHOW HERE ON WEDNESDAY

Tomorrow is circus day! A city within a city comes to Pampa for a one-day stop; a city which has a population of some 1,000 people, hundreds of homes, caravans of camels, three herds of elephants and countless other specimens of wild animal life, in nearly half a hundred cages.

It will come here upon its own three special trains of double-length cars, all loaded to the very brim, traveling over the railroad from Vernon, where the circus is exhibiting today.

This "City of White Tops," which flits about the country, has its own postmaster, garage, physician, lawyer, drug store, detectives, barber shop, wheelwright and blacksmith shops, and all the other things that go with a well-regulated community.

It is an itinerant affair that for the greater part of a season visits a new town each day and detains, erects its canvas city, delights multitudes, and then entrains and skips away to other towns and cities, there to repeat the operation. Reference is of course, made to the great Al G. Barnes circus which will tomorrow keep open house here with performances at 2 and 8 p. m. The tents will be erected at Brown avenue and West street.

Largest Circus Ever.

It is a far cry back to the circuses of boyhood days, from this super-circus formed through the present coalition, and while statistics don't mean much, it is enough to say that this enormous array of animals and people is altogether the greatest circus ever devised.

Many a staid citizen is already turning back the pages of memory to a long ago boyhood, when the circus was the biggest thing in life, and privilege of carrying water to the large and apparently hollow elephants was an honor not lightly to be thrust aside.

The coming of the circus reminds many an oldster of the hurried dressing in the semi-darkness—the tip-toeing down the front stairs, and the run to the railroad yards, where the red and yellow trains were "spotted" when the circus came to town. In those days the circus carried, perhaps, a half dozen elephants. Tomorrow's circus brings three herds of the bulky creatures, with all else in like proportion.

"Bigness" is the keynote throughout. Twenty-two tents of varying size are erected to house the enterprise; the biggest of these, the main tent, or "big top," seating thousands. The increased size of this circus has meant the elimination of the street parade, every ounce of horse and man power now being required to get the circus installed and ready for its two daily performances.

A Fairlyland Spectacle.

"The Fiesta of Rio Grande," a gorgeous processional fiesta with the charm and romance of old Spain, a gorgeous fairlyland spectacle of pantomime enchantment, will open the circus performance as a prelude. Superb beyond belief, indescribable, a triumph among colossal productions, it is today sweeping all before it with its all-powerful appeal and the very vastness of its character. It is the crowning spectacle in the long, eventful career of Al G. Barnes. One thousand men and women, horses and animals participate in the stupendous spectacle. Great companies of trained singers, orchestras of vast size, grand golden-tongued organs, cymbals and trumpets will be heard. Seventy thousand dollars was expended on wardrobe for this gorgeous proglogue pageant.

Then follows the trained wild animal acts presented within a great steel arena. These include 20 mixed forest and jungle bred Bengal tigers educated by Miss Mabel Stark, daring and intrepid train. Queen of wild animal trainers. It will be shown just as presented at the Madison Square Garden, New York City last spring at the opening of the circus season.

Maj. Robert Thornton, accounted Europe's foremost horse trainer, will introduce three rings filled with superbly trained stallions imported to America from Europe. Lorraine Casteel's troupe of highly trained dogs will afford amusement for the juveniles; groups of trained seals and 21 elephants presented in a group formation by Walter McClain; the artist and model horses, ponies, monkeys, dogs, posing with pretty girl models; trained geese and what not.

The human personnel of the circus is headed by Ernest Clarkonian, by common consent acknowledged to be the world's greatest aerialist, whose madcap triple somersault from flying trapeze across a yawning chasm into the arms of his brother, will thrill you.

"Poodles" Hanneford, the world's premier riding clown will head the Hanneford troupe of English equestrians. High up in the dome of the big top on flying trapeze will perform Esther Escalante, turning a somersault, only, without the benefit of a net, to catch by her heels. From Italy, the Canestrelli family of equilibristas. Three score clowns headed by Roy Barrett, king of jesters, will afford fun for the little folks.

One of the features in which the Al G. Barnes circus has excelled for many years is its largest and diversified menageries housed in the largest expanse of canvas ever carried for a menagerie. Nearly half a hundred dens and cages of wild animals and three great herds of elephants will be seen.

There will be performances at 2 and 8 p. m. The doors to the big show will be open an hour earlier to permit an inspection of one of the world's largest traveling zoos, or to enjoy a concert of popular and operatic music by Prof. Chas. Redrick's military band. Reserved and admission tickets will be on sale all day tomorrow at Pampa Drug store. On the show grounds, the white ticket wagon will be continuously accessible for the sale of reserved seats. General admission tickets will go in sale at the red ticket wagon simultaneously with the opening of the doors.

Tells of Gandhi

Madeleine Slade, daughter of a British admiral and one of Mahatma Gandhi's closest disciples, said she had found life in his colony all and more than she hoped for, when she arrived in New York for a brief lecture tour. She is shown in her traveling costume.

MAN'S BEST FRIEND, AGAIN
CHICAGO—King Levinsky readily agreed to a postponement when the matter of temporary alimony for his wife, Roxine, came up for a court hearing.

"Sure," he said, "give her a break, but I want back my dog that I gave her as a wedding present."
The judge said he'd talk about the dog when he talked about the alimony, and put both matters off until Monday.

RIVER PLANS DOMINATE IN LEGISLATURE

SOLONS IGNORE OTHER URGENT MATTERS IN SESSION

AUSTIN, Oct. 16. (AP)—Proposals to harness and industrialize two destructive Texas rivers held commanding positions in both houses of the Texas legislature today. Three other matters deemed of urgent necessity by the administration lagged behind.

Before both houses were committee reports recommending passage of a bill to provide the financial nucleus for a \$50,000,000 flood control and hydro-electric power project on the Brazos river. Proponents of the bill, which was formally on the house calendar, were undecided when they would attempt to obtain consideration and passage.

Without debate, a senate committee reported favorably a bill to establish the lower Colorado river authority to develop an unfinished Insull enterprise about sixty miles above Austin. A PWA loan and grant of \$4,500,000 was promised upon establishment of a public authority to operate the property.

The Colorado river bill received a favorable report from a house committee last night. Opposition to the proposal centered in the house, which last session blocked enactment of the legislation. The house committee, however, gave the bill a 15 to 1 favorable report after a perfunctory hearing.

Legislation to promote an exposition of Texas' Centennial of independence and progress in 1936 at Dallas was slow getting under way. Plans of Centennial planners of a legislative program were incomplete. One portion, however, was officially before the legislature. It was a bill by Senator George Purl of Dallas to appropriate \$8,972,174 to supplement city and perhaps federal funds for the celebration.

The bill was referred to the senate as a committee of the whole and a hearing set for 2 p. m. today. Representatives of Dallas and of cities in which historical celebrations would be conducted planned to appear to espouse the measure. Meanwhile, members of the Centennial commission executive committee conferred with Texas industrialists to whip into final form their suggestions for obtaining revenue to reimburse the state treasury, already deep "in the red."

Walter D. Cline of Wichita Falls, chairman of the executive committee, said the conferences would look to distribution of the Centennial cost burden to those who would benefit financially. Diversion of increased gasoline taxes, and taxes on utilities and luxuries are under consideration.

Additional bills on the subject of remitting penalties and interest on delinquent ad valorem taxes continued to drop into the legislative hopper. The house revenue and taxation committee scheduled a hearing for 2 p. m. today in those pending in that body. No hearing, however, was set in the senate.

The fifth topic urged by Governor Miriam A. Ferguson as of importance necessitating action in the current special session was authorization of additional state relief funds. The fourth day of the session passed without introduction in either house of a bill to effectuate the governor's recommendation.

CHURCH HOUSES MOVIES THROUGH LONDON WEEK

LONDON (AP)—London's newest church will be a place for worship

NEW EVIDENCE IS LOCATED IN FRENCH PROBE

WHEREABOUTS OF DR. PAVELICH KNOWN, POLICE CLAIM

MELUN, France, Oct. 16. (AP)—Valuable information concerning the international ring of plotters which delivered death to King Alexander of Yugoslavia was drawn today from the third man to be held for the Marseille assassinations.

French and Yugoslav detectives said their belief that the gang engaged in widespread machinations was confirmed by a seven hour grilling of Sylvester Malny.

The whereabouts of Dr. Ante Pavelich, described as the director of the plot, are known to Yugoslav authorities, police said, and they are closing in on him. A woman accomplice is being traced from Paris.

"The case is in fine shape," said Chief Simonevitch of the Yugoslav surety.

A five day search for Malny ended yesterday when he was seized after hunger and thirst drove him from Fontainebleau Forest.

The detectives said he finally admitted that he was sent to Marseille to take the place of Petrus Kalemek, Alexander's assassin. If Kalemek lost his nerve. But it was indicated that Malny was not in Marseille at the time.

Malny first insisted that he was a chauffeur and had come to France in search of work. Chief Simonevitch, however, took charge of the questioning, stared at Malny and said:

"This is not a mistake. We are old acquaintances. We knew nothing of the plot was soon broken and he talked freely, admitting that he went to Marseille carrying two pistols and two bombs. The officers were unable to draw from him what he did there, or how and when he departed.

Chief Simonevitch said Malny was a Yugoslav, named Mio Kra, who had worked as a chauffeur at Belgrade and obtained useful information about King Alexander and others.

Malny arrived at a Paris hotel September 28, police said, accompanied by a "strikingly beautiful" woman. They registered as "M. and Mine. Jean Vanraek of Trieste."

Malny left the hotel October 5, and the woman followed him the next day. It is she who is being hunted.

HOW TO DO IT
CINCINNATI—Eppa Rixey won his fame as a baseball pitcher, but there are those who think he should have been a golfer.

On a 165-yard hole, Alex Baxter, pro at Kenwood Country club, laid the ball six inches from the pin with his tee shot.

"I'll show you how to get inside of that shot," said Rixey. He made the hole in one.

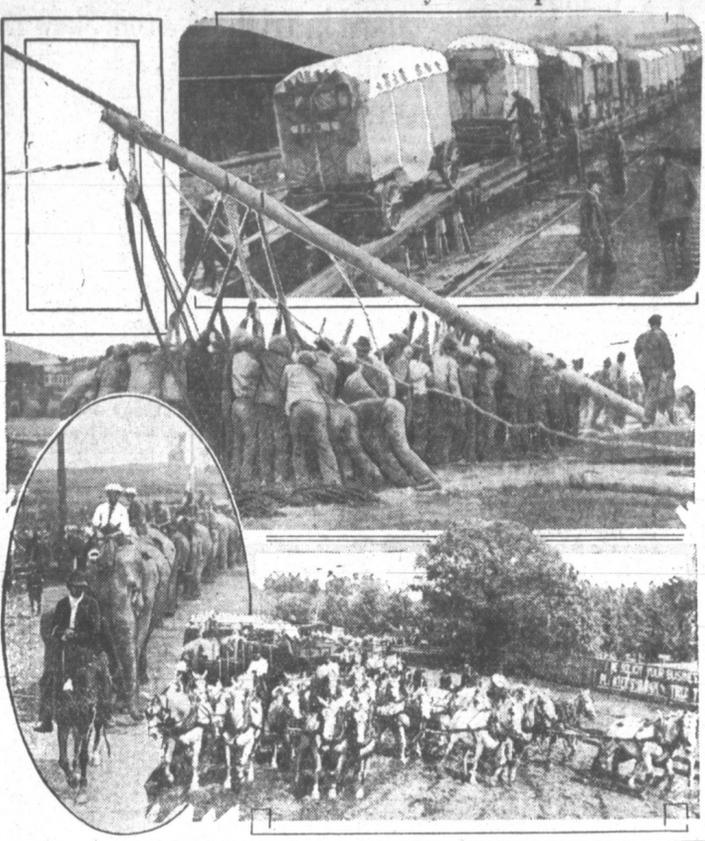

Heads Show

Jimmie Van, above, is the master of ceremonies and comedian of the stage show, "Sorority Sweethearts," coming to the La Nora theater Friday and Saturday. Incidentally, Jimmie is one of three men that are with this 16-people show... the remainder are all young, beautiful girls.

Read our Classified columns.

Tomorrow Is Circus Day in Pampa

Thousands will watch unloading of giant Al G. Barnes circus in Pampa tomorrow.

All-Girl Show Will Be Here On Next Friday

The Sorority Sweethearts are coming to town.

In this stage show are thirteen beautiful, clever girls, including Bonnie Adele's Sophisticated Ladies' all-girl band; two clever platinum blondes, the Burkhardt sisters; Marcelle Davis, the Sorority Sweetheart Girls; and Jimmie Van, master of ceremonies. They give 45 minutes of clean, wholesome, clever entertainment in this stage show.

The Sorority Sweethearts will appear, matinee and night, at the La Nora theater on Friday and Saturday.

WIFE CLAIMS TURMAN BEAT HER OFTEN AS IF SHE WERE A CHILD

FORT WORTH, Oct. 16. (AP)—The divorce suit, division of community property and custody of her two children, which Mrs. Beryl Turman sought in the trial of a suit against Turman, was studied by a jury here today.

Mrs. Turman, attractive 34-year-old wife of the former Fort Worth oil operator, charged Turman "frequently whipped me as if I were a child."

Turman, now living at Mexico, D. F., with their two children, retailed with charges that his wife had been intimate with Weldon "Speedy" Mason, brilliant former Southern Methodist university halfback, in Colorado during July, 1930. Turman obtained a Mexican divorce, and married Miss Zillah Mae Ford of Elg Spring, Tex., a beauty contest winner.

Turman claimed his fortune had dwindled to where it had only a one cent valuation on the dollar of what it cost originally. He told of being forced to "borrow" from friends. Mrs. Turman contended he had \$700,000 in cash and securities when he went to Mexico several years ago.

Turman took \$40,000 and built it into a \$1,000,000 fortune shortly after his marriage to Mrs. Turman in 1920. Two children, Luther, Jr., now 11, and Thomas Robert, now nine, were born. In 1930 Mrs. Turman separated from her husband and was given judgment for half of the community property half the cash which Turman was estimated to have taken into Oklahoma and custody of the children nine months of the year. The appellate court reversed the judgment.

The children were taken from the home of Mrs. R. L. Bradford, mother of Mrs. Turman, in 1931, by Turman, who fled to Mexico via airplane. He is under indictment for kidnaping.

Jaycees Fly to Borger; Invite Men to Dance

Clarence Kennedy, president of the Pampa Junior chamber of commerce; Gilmore N. Nunn, vice president; and Bert Howell, flew to Borger Monday to attend the noon luncheon of the Borger junior chamber of commerce. The ship, owned by Bert and V. Howell, was piloted by Skeets Keenan, former Californian and veteran pilot, who also attended the luncheon.

President Kennedy extended an invitation to Borger Jaycees to attend a big dance being sponsored here Friday night by the local Jaycees, with Alfred Gilliland in charge. Twenty Borger Jaycees announced that they would attend, and they reserved tables for the occasion. The Sorority Sweethearts orchestra which will play for the dance was at the luncheon in Borger today. The Pampa men praised it as an excellent orchestra.

The two Howell "boys" are aviation enthusiasts and recently purchased the ship now stationed here. Both are learning to fly under direction of Keenan.

Child Was Alive When Hurlled into Roaring Furnace

MOUNT VERNON, N. Y., Oct. 16. (AP)—Lawrence Stone admits knowing that 5-year-old Nancy Jean Costigan was alive when he threw her into an apartment house furnace, District Attorney Frank H. Coyne says, but he denies realizing that the huge oil burner was in use.

Announcing that Stone had confessed yesterday, Chief Inspector Michael I. Silverstein of the Mount Vernon police described the prisoner's assertion that the fire was out as one of several discrepancies in the statement. The 24-year-old laborer was quoted as saying the girl fell heavily while playing ball with him and that he, panic-stricken,

dumped her in the furnace after she "turned blue."

Silverstein said he was trying to establish whether the child had been attacked. He said he had proof that the furnace was burning all day Sunday, when the girl was killed. Flames were leaping six feet high at the time her blackened bones were found.

Mr. and Mrs. Richard J. Costigan of Forest Hills, the parents of the child, planned to leave today for Chicago, to bury Nancy Jean in the family plot of her maternal grandparents.

HANDSHAKING ATAVISTIC. SAYS FASCIST OFFICIAL
ROME (AP)—Hand-shakers are called throwbacks to a past era in a circular issued by Achille Starace, secretary of the fascist party.

This atavistic "form of exercise" has no reason to exist at all since

the blackshirt regime years ago resuscitated the Roman salute, he declares. He adds that people who persist in shaking hands instead of raising their right arms upon meeting acquaintances are "types that should be under observation."

LAX THE BLADDER
Use Juniper Oil, Buchu Leaves, Etc.
If you are bothered getting up nights, burning, leg pains, backache, make this 25c test. Flush out the excess acids and waste matter that cause irritation. Get juniper oil, extract buchu leaves, etc., in green tablets called BUKETS, the bladder laxative. After four days if not satisfied any druggist will return your 25c. THEY ALL NEED ENERGY... SO THEY "GET A LIFT WITH A CAMEL!"

TOBACCO EXPERTS SAY:
"Camels are made from finer, More Expensive Tobaccos - Turkish and Domestic - than any other popular brand."

THE fact that smoking a Camel does produce an increase in energy has drawn people in every walk of life to Camels.

On this page you will find Camel's "energizing effect" discussed by many smokers. They emphasize the fact that Camels do give them a healthful, enjoyable lift in energy when they are tired. They speak of the pleasure they get from Camel's mild, rich taste. And over and over comes word from steady smokers that Camels never interfere with healthy nerves.

And so—in light of the experiences of other smokers, and of the scientific evidence confirming Camel's "energizing effect"—turn to Camels yourself!

BUSINESS WOMAN. Miss Eve Miller says: "Camels give me a 'lift' when my energy is low."
SCIENTIST. Russell F. Mann says: "I like the mild flavor of Camels better and better!"
PHARMACIST. W. A. Seaman says: "Nerves don't trouble me—and I don't ever want them to, either. I smoke a great deal in my line of work, and I stick to Camels. They never interfere with healthy nerves and just suit my taste."
FARMER. I. A. Bailey says: "I smoke a Camel, and my energy is quickly renewed."
CIRCUS AERIALIST. Antoinette Concello: "I smoke Camels. They never upset my nerves."

CARTOONIST. Chon Day, well-known cartoonist, says: "I often work 10-12 hours at a stretch and am smoking Camels all the time. They help to increase my 'pep' when I feel tired or glum, and I also find that Camels never upset my nerves."
PRO FOOTBALL ACE. "Cliff" Montgomery says: "After a tiring game, or any time when I feel like it, I light up a Camel and get a swell 'lift'—soon feel 100% again. I am seldom without a Camel—they don't interfere with healthy nerves."
STEPPLECHASE RIDER. Crawford Burton says: "I'm a pretty incessant Camel smoker. Camels give me a 'lift' in energy and always taste so good! Camels never upset my nerves."
AIR HOSTESS. Says Miss Marian McMichael, R.N., who travels with the American Airlines: "A Camel quickly relieves any feeling of tiredness—and how good it tastes!"
EXPLORER. Capt. R. Stuart Murray, E.R.G.S., just back from Honduras: "Camels always give me a 'pick-up' in energy when I need it. And I prefer Camel's mild flavor above all others."
CHAMPION GOLFER. Tommy Armour, "Wizard of the Irons," says: "What do I think of Camels? They are my brand and have been for years. I must be sure that my nerves are healthy—that's why I prefer Camels."

MINERS

(Continued from page 1.) erment and food offered by more frantic wives. But this morning a compromise was accepted. Mine owners and the government reached an agreement. Peace emissaries were allowed by the strikers' guards to go below with the offer and the men debated. At daylight they came out. All their demands were not met, but the strikers got their main objectives: they will be given fall and winter raises, more days of work, and the company agreed not to discriminate against them. Government troops stood behind machine guns as the men emerged, but there was no disorder. Today this mining town celebrated for the most heart-rending experience in its history was over. Some of the men, crazed by hunger and thirst, had been tied to posts to keep them from killing themselves.

LINDBERGH

(Continued from page 1.) Lindbergh said private flying was one of the few fields in aviation "in which the United States is dropping behind some other countries, particularly England." He added that there should be "some method of improving and bringing about construction of new types" of planes for private aviators with safety rather than low cost to be the prime requirement. Lindbergh said commercial airplane service was becoming more economical all the time. Asked to give his views on the education and training of pilots, Lindbergh said that persons flying private planes needed less experience now than they did a few years ago but that the pilot of transport planes needed a great deal more. Lindbergh told the commission American aviation was ahead of all other countries. "On the whole," he said, "I think it is materially ahead of the rest of the world, particularly in commercial aviation. I don't think there is any doubt about that."

Mrs. Greenhill Is City Visitor

Mrs. Violet Greenhill of Austin, head of the child welfare department of Texas, was a visitor in Pampa yesterday when she conferred with members of the Gray county board of child welfare. The state head said she was well pleased with the conditions in Gray county and the way the local board has been handling the situation. A. G. Post is chairman for this county. Last time Mrs. Greenhill had occasion to visit in Pampa she had several difficulties to straighten out. This year there was little for the representative to do. Mr. and Mrs. Fred Cullum returned last night from Dallas where they spent the week-end. They were joined by their son, Frank, and attended the football game Saturday afternoon.

Students Take Stand in Trial Of School Boy

HENDERSON, Oct. 16 (AP)—Forty character witnesses, both members of the faculty and students of the Henderson high school, were in court today for appearances in the trial of Glen Heavener in the fatal stabbing of Bill Snyder, 17, a classmate. Four students, Prentice Burnham, 14, Vernon McGee, 14, Hugh Dinwiddie, 16, and Bobby Hobart, 13, told of the fight over a baseball bat which led to Snyder's death. Glen and Carl Heavener, brothers, waited after school hours for McGee and Burnham to continue an argument that had its start at a recess, testimony showed. Snyder invited Glen Heavener to "jump on somebody your size" and the two boys clashed. Snyder died of a stab wound before emergency treatment could be rendered.

Alex Crowell returned yesterday from Dallas where he attended a football game Saturday. R. S. Carter of LeFors was a Pampa business visitor this morning.

New Car Stolen From Show Room

A new 1934 Ford coach was stolen from the showroom floor of the Reynolds Motor company in Pampa last night, according to local officers who were notified this morning. The coach was blue and black. Entry to the building was gained by smashing a window in the work shop. The thieves then opened the showroom doors into the street and drove away in the car. No person has been found who saw a car being driven away from the building during the night. The loss was not discovered until employees reported for work this morning.

Fight Song Is Popular Among Student Body

The new fight song introduced by the pep squad this fall has made a big hit with the student body. Both the words and the music of the song were written by Roy Wall-rabenstein, band and orchestra director. The words are reproduced here with so that all students may learn them and join the pep squad in singing the song at assembly and on the football field. Pampa Fight Song And then we'll cheer mighty hard For dear old Pampa high school, And then we'll fight mighty hard For dear old Pampa high school. We'll take that ball right down the field, Marching on to victory. And then we'll cheer mighty hard For dear old Pampa high school. And then we'll fight mighty hard For dear old Pampa high school. For we will do our best. And so you we leave the rest. So fight, fight, fight, for Pampa high.

Classes Elect Their Officers For This Year

Otto Rice, Flora Dean Finley, Fred Hartman, and Clea Mae Harrison were elected presidents of the senior, junior, sophomore, and freshman classes respectively in the general election held last Thursday. Euck Talley was elected vice-president and Ella Faye O'Keefe secretary-treasurer. Clea Benton was named vice-president of the junior class and Evelyn Bicknell secretary-treasurer. The Sophomores elected Chris Martin vice-president and Liberty Watson secretary-treasurer. Jim Hill is vice president of the freshman class and Maxine Ott secretary-treasurer. Sponsors were announced last week. Class meetings were held yesterday morning.

Committees For Juniors Named

Committees for the year were announced by President Flora Dean Finley in a meeting of the senior class in the cafeteria yesterday morning. Clea Benton was introduced as vice-president and Evelyn Bicknell as secretary-treasurer. Scott Mullins and Frison Hendrix will be in charge of the junior class in intramural athletic contests. The committee on class pins is composed on George Lane, Velda Richards, Junior Strickland, and Evelyn Nash. Entertainments for the year will be directed by Dewey Palmer, Anita King, Hilda Sublett, Mildred Tolbert, and G. McConnell. Harry Kelley, head sponsor, explained briefly the duties and responsibilities of each committee. Other class sponsors are Miss Gracie Fern Lattimer, Miss Ruth Siddons, and B. G. Gordon.

Sone Speaks on Bragging Evils

"Faults of Bragging" was the subject of an interesting talk made by Principal L. L. Sone to the Hi-Y boys last Monday evening. Following the program the boys enjoyed an hour and a half of basketball in the gym under the direction of W. N. Anderson. Six Hi-Y boys have ordered pins this year and several are planning to order sweaters.

DANCE GIVEN

An informal dance honoring the Shawnee Wolves and Pampa Harvesters was given in the gym after the game last Friday night. Music was furnished by Claude Hipps and his orchestra. About 70 couples attended.

KID PARTY ON THURSDAY NIGHT WILL BE SENIORS' FIRST EVENT OF YEAR; OTHERS ARE PLANNED

Redgie Brown has been made manager of the band? Mr. Lester is conducting a contest in attendance among his five classes, based upon a percentage basis. The band and pep squad are going to the show tonight? A new system of distributing report cards is being tried this year? Each student will be given all of his cards in his home room Thursday morning. We need a new trophy case? We have more trophies than our small case will hold, but we don't make much of an impression on visitors. November 23, the day of the Lab-book game, has been designated as home-coming day for Pampa high school exact? The proceeds from the chilly bars being sold in the hall go for furniture for the "combination" room of the home economics department?

Girls' Glee Club Meets Regularly; Learning Songs

The girls' glee club is meeting regularly this year and is working on several two-part harmony semi-classical songs, according to Miss Josephine Cariker, the club sponsor. The club numbers 23 girls this year. The singers are fewer this year than last due to the fact that most of the girls are in the pep squad the first semester. Also, the fact that the club was changed to the third hour, made it impossible for some of the girls to come out. The operetta "Windmills of Hol-land" was given very successfully last spring by the glee club. Miss Cariker plans to give another operetta this spring if enough girls report after the first semester. Actively credit is given this year as before. Harry Kelley's trio is working on popular songs. The girls have already given several programs and are increasing in popularity.

Pampans Watch Ex-Harvesters Play at Tulsa

Pampa was well represented at the Tulsa-T. C. U. game Saturday. There were four ex-harvesters playing, two on each team: Paul Hill and Clovis Green, tackles for T. C. U., and Joe Kahl, half, and Troy Stalls, tackle for Tulsa. Kahl, Stalls, and Hill all started the game. During the first quarter Kahl carried the ball on almost every play, making one 50 yard punt. Hill downed him on his first run. Bob Kahl, former Harvester captain and older brother of Joe, played on the Tulsa team last year. In the Tulsa World, Joe Kahl is spoken of as "Little Joe."

Fred Hartman Is Soph President

A meeting of the sophomore class was held yesterday morning with President Fred Hartman in charge. Chris Martin, vice-president, and Liberty Watson secretary-treasurer, made speeches urging the cooperation of the class. The following were appointed on the social committee: Lucille Beck, chairman, Pauline, Richard Kilgore, Edith Bell, and Clarence Kemp. Bud Fleming was named athletic director for intramural contests and Betty Blythe class reporter. Class sponsors this year are Bob Smellage, Miss Kathleen Miam, Miss Mary Idelle Cox, Mrs. J. B. Massa, and Doyle F. Osborne.

Senior Committees Are Announced By President

A kid party to be held Thursday night at 7:30 o'clock in the gym was announced yesterday as the first activity of the senior class. Other activities planned include a class play, a theater party, a picnic, and a trip to Carlsbad Cavern. President Otto Rice appointed a committee composed of Frank McLaughlin, Martha Jones, and Burton Tolbert to confer with the principal regarding the possibility of Jerry Mitchell Roy Webb, Harriet Hunkapillar, Elizabeth Carpenter, John Martin, Anna Mae Jones; refreshments: Madge Tiemann, Doris Hill, Herma Beckham, Dorothy Brunley, and Hazel Nicholson. Kid costumes will be in order for the party on Thursday night. Seniors are urged to pay at least 25 cents installment on their dues to the class treasurer, Ella Faye O'Keefe, before that time. Try-outs for the class play will begin soon. The play will be presented early in December under the direction of Ben Guill. A plan will be worked out whereby seniors may earn money for their expenses to Carlsbad Cavern by selling tickets to the class play. Minnie Dittmeyer was named as chairman of ticket sales for the class play. Tom Rose, assisted by Harry Barrett and Billie Bratton, will be in charge of the advertising. The trip to the cavern will be made late in the spring. A theater party is planned for January and a picnic or winter roast during the early spring. Class sponsors for the year are E. N. Dennard, Miss Fannie May, Miss Alma Ruth Schulkey, and Mrs. Frances Alexander.

One-Act Play To Be Presented in School Assembly

A one act play, "Give Me a Ring," will be given in an assembly tomorrow under the direction of Ella Faye O'Keefe. Several musical numbers and a big surprise will complete the program. The characters of the play are: Jo—Lillian Rice, Aunt Joanna—Virginia Roberts. The school boy—John Martin. The football captain—Don Foster. The glee—Alvin Rothchild. The reactor—Odell Walker. The farmer—Mayse Nash. The millionaire—Roy Webb. The soldier—Maurice Saunders. Music will be furnished by Howard Zimmerman, Helen Marie Jones, the band, and the girls' trio, composed of Hester Lester, Maureen Pearce, and Erdine Benton. Last will be a big surprise. A very mysterious and unknown woman will appear on the stage. She has been seen and discussed by a few high school students.

Gorillas Will Play Wheeler's Ponies Thursday

After being idle the past week, the Gorillas will again try to break into a win column when they play the Wheeler Mustangs at Harvester park Thursday afternoon. The boys have been drilling on blocking and tackling the past week and should be able to give a good account of themselves in their home game. Coach Kelley announced that his line-up would be changed because of several players' being ineligible.

NO GRID FOE OBTAINED FOR FRIDAY NIGHT

TELEGRAMS ARE SENT TO 10 POSSIBLE CLUBS

No team had been secured this morning to replace the McLean Tigers on the Harvesters schedule for this week, but Coach Odus Mitchell was expecting word from several teams. He sent telegrams to 10 possible teams and expects to get a favorable answer from some good eleven to play here Friday night.

The McLean school officials felt that the Tigers could not give the Harvesters an interesting game Friday night and asked to be allowed to withdraw. Pampa officials agreed and immediately set about securing a tough team to engage the Harvesters.

Yesterday afternoon the Harvesters went through a light practice session, running plays and kicking field goals. Several promising "foes" were uncovered during the lengthy period of kicking field goals and it may be that field goals will come in handy during the season.

The practice session was scheduled to get together this afternoon with maybe a scrimmage following a workout on plays and passing. More and better blocking and tackling is still the aim of Coaches Odus Mitchell and Argus Fox although the boys showed some good blocking and tackling last week.

The entire squad is in good condition. The injured substitutes are back in uniform, making things uncomfortable for the regulars. The Nash-Fanning battle for the full-back job is in full swing and Harvesters field is to be a hot place the next few weeks.

The Harvesters will go to El Paso October 27 and will return here to open the conference season with Plainview Nov. 3.

GORILLAS TO PLAY WHEELER ON THURSDAY

HARVESTER PARK WILL BE SCENE OF FIRST HOME GAME

The Pampa Gorillas will play their first home game Thursday afternoon when the Wheeler Mustangs will be here for a game. Wheeler has one of the strongest Class B teams in this section. The game will be called at 4 o'clock. No admittance will be charged and fans are urged to see the Gorillas in action.

Coach Harry Kelley and his Gorillas rested last week after three hard games. The Gorilla mentor spent the week teaching his charges new plays, how to charge, block and tackle, and a few words of the finer points of football. This week will be spent in polishing up the newly acquired knowledge.

The Gorillas started the season with one of the strongest teams in school history, but a rule making it a violation of the eligibility clause to play boys who were ineligible for first string teams was discovered by another school in the district, and Coach Kelley lost six of his stars. Since that time he has been unable to field a scrapping eleven that could play a full game at top speed.

The coach is at a loss to know whether the failure of some of his best prospects to come through is due to an "I don't care" attitude or failure to get in shape, but, nevertheless, it is a fact that the Gorillas have failed to show fight this season. The coach is hoping that the boys who failed to show up in past games will come through before a home audience.

The Wheeler attack has been in the hands of C. Weeks, quarterback, Lewis and Robison, halves, and Tack, fullback. C. Weeks is a brother of the boy with the same name was a power in past years at Wheeler. Another brother, A. Weeks, plays right end. Tillman, Sherwood, Deering, Confor, Newkirk, and Hix round out the Wheeler starting lineup.

Coach Kelley has not definitely selected his starting lineup for Friday.

Princeton Coach Favors Widening Grid Goal Posts

ROUGHNECK GOAT WILL REIGN AS MASCOT OVER NAVY TEAM

EDWARDS WILL MEET MACKAY THIS EVENING

NEW-COMER IS ONE OF ROUGHEST MEN IN MAT GAME

Brimming over with confidence, Bud Edwards arrived in Pampa this morning for his match with Cyclone Mackay of Amarillo at the Pla-Mor auditorium tonight. The two mat experts will exchange holds, maybe, and blows, in the main event.

Edwards learned his wrestling from his cousin, Billy Edwards, one of the roughest grapplers in the game today. He can do a mighty good job of scientific grappling, but he prefers the going rough and tough. The cocky Edwards is liable to get his full of Panhandle grappling if he gets Mackay all riled up.

Mackay, who claims to have a lot of Irish blood in him, always lets the other fellow start the rough stuff. If the opposition desires the going according to rules, it is all right with Mr. Mackay. If the object of the other thin-clad on the mat is to get rough, that also is OK with Mr. Mackay.

The semi-final is to be another great affair with Tuffy McMillan of East Texas meeting the French-Canadian lumberjack, Ernie Arthur. McMillan, known as the East Texas Terror, is a rough-house mauler of the first water. He gets rough just to see what the other fellow has in the way of rough stuff. Arthur is no baby and things are due to happen fast and furious in the semi-final.

A couple of nice Irishmen, if there are any, will meet in the preliminary when Pat Garrison, Pampa, and Eddie O'Shea, Fort Worth, get together. They will go to the mat at 8:30 o'clock.

eight feet and lower the cross bar but still leave the posts ten yards back of the goal line.

If that did not produce a field goal revival, he would increase the value to more than the present three points. Crisler told some 50 sports writers yesterday he planned to submit the changes to the rules committee this winter.

GRID LEADERS UNCOVERED IN EVERY SECTION

SITUATION HAS NEVER BEEN SO TOPSY-TURVY BEFORE

NEW YORK, Oct. 16 (AP)—The pages of gridiron history don't tell of a time in the past when so early in the season divisional leaderships were as topsy-turvy as they are in the current college campaign.

Notwithstanding what next Saturday's games might bring forth in the way of additional upsets, the 1934 season, only three weeks old, has produced standout teams in every major section of the country with the exception of the middle-west.

In two sectors the issue is cut and dried for the nonce and, perhaps, the remainder of the season.

Stanford rules on the Pacific coast. The Indians have things pretty much their own way with the Southern California Trojans topped out of the picture by virtue of two successive defeats and St. Mary's an upset victim of little Nevada.

Pittsburgh's Panthers are kings of the eastern lair, taking over control of the jungle on the strength of their 20-6 victory over Southern California last week-end and decisive triumphs over Washington & Jefferson and West Virginia.

Before the season runs out, however, the Panthers' reign will be subjected to challenge from the Princeton Tiger and the Columbia Lion.

The situation below the Mason-Dixon line is somewhat of a dogfight with Tennessee, Duke, and Alabama strapping for the bone. Duke conquered the one-time vaunted Georgia Technicians last Saturday. Since Tennessee and Alabama have yet to be tested, Duke holds a slight edge.

Rice and Texas are standouts in the seething Southwest. Rice has played four games to Texas' two and each numbers a big team among its victims, the Purdue Boilermakers losing to Rice, and Notre Dame dropping a 7-6 decision to Texas which also overhauled an inferior Oklahoma team last Saturday on the same day Rice cut down the Southern Methodist Mustangs.

In the middle-west big games are being bowled down with the ease of a boy knocking over wooden soldiers. Battling for top place are Minnesota, Chicago, and Michigan State, with Notre Dame and Nebraska lurking in the background.

Tough Goat From Stockyard And Range To Take Over Mantle of Old King Bill.

ANNAPOLIS, Md., Oct. 16 (AP)—A new goat dynasty has been founded at the Naval Academy.

King Bill IV, Navy's hardy mascot for years, has passed on to the animal kingdom's happy hunting grounds, and his two heirs, softened by a life of ease, are not robust enough to carry their father's mantle.

So a tough youngster from the western plains has been summoned to become King Bill V. His dingy white coat covered by a gold robe trimmed in blue and with a large gold "N", Kig Bill roams the sidelines near the Navy bench at football games.

In the past years the United States Naval Academy's long line of "Bills" have been born and reared at the academy dairy. There amid a princely atmosphere they have received a regal education to fit them for their reign over the athletic fortunes of the Midshipmen.

But there is no blue blood in that hardy commoner, Bill the Fifth. His registration papers show he came from the Baltimore stockyards. Sandwiched among cattle, he rattled east in a freight car.

The trouble with young Bill is that he hasn't any of the social graces. He's tough and rowdy with his navy associates as with their opponents.

His joy is the practice field. There he inflicts terrific punishment on the tackling dummies and blocking bags. He's young but he's cocky.

"Bring on that Army mule," says King Bill V.

WE, THE PEOPLE

ST. LOUIS—Members of a special election committee investigating registrations came across the name of Jimmy "Schnozzle" Durante in a downtown precinct. A member of the committee called at the address and asked if a person by that name lived there.

"Yes," was the reply. "How about Greta Garbo?" "Yeah, she's here, too."

The committee said 57 persons were registered from one five-room dwelling.

Houston Players On Strike After Being Arrested

HOUSTON, Oct. 16 (AP)—Settlement of a "strike" by the Jeff Davis high school football squad, voted by the players until they "receive better treatment from the Houston

high school athletic body" was believed near today when Coach Roy Needham called practice for this afternoon.

Eight boys, six of them Jeff Davis players, "crashed the gate" at the Sam Houston-North Dallas high game Saturday night and were arrested and placed in jail on charges of disturbing the peace and using abusive language. The cases later were dismissed.

The players asked that they be permitted to view the games free of charge and that hospital and doctor

bills be paid for those who have been hurt this season and those who may be hurt in the future.

J. O. Webb, director of Houston high school, warned the boys that they would face suspension if the strike continued.

Coach Needham said "I think the strike will be settled today."

FIVE LOSE LIVES, THOUSANDS LEFT HOMELESS IN TYPHOON

LARGE ISLAND CITY STREWN WITH DEBRIS

MANILA IS A SCENE OF DESOLATION; LOSS IS TREMENDOUS

MANILA, P. I., Oct. 16. (AP)—At least five persons lost their lives and thousands were left homeless by a sudden tropical typhoon that twisted Manila from a well-ordered city into a confusion of debris in the early morning hours today.

Five drownings in one section of the city were the first fatalities reported in the violent storm.

"It seems a miracle that there are not numerous deaths in view of the falling roofs, trees and poles," said Governor General Frank Murphy after a survey of the havoc-strewn city. "Everything has been done that can be done to prevent suffering."

He said estimates of damage in Manila alone varied from \$250,000 to \$2,500,000.

No reliable source attempted to guess the extent of damage north of the city where the gale reached its height as it roared across Luzon Island ripping thatched huts of the natives to bits, flooding roads and blowing down power and communication lines.

Manila was a scene of desolation as convicts, police and city workmen toiled to clear debris-strewn streets.

Streets and parks were flooded. Thousands of trees were uprooted by the 57-mile an hour wind. Four ships were washed ashore. Telephone and telegraph poles were blown down. Business and transportation were at a standstill.

No authoritative estimates were available of the tremendous property damage.

Unlike the lesser typhoons which preceded it in recent weeks the tropical storm struck without warning. Filipino, European and American residents awoke in the midst of a howling storm and struggled for five hours to keep roofs over their heads.

Ships had no time to leave their anchorages behind the breakwater and seek safety in broad Manila bay. The world Dollar liner President Johnson remained lashed to her pier but escaped damage. However, her midnight sailing was cancelled.

While the heaviest property damage probably was in Manila, weather bureau officials said loss of life was most likely in nearby provinces. The center of the typhoon's northward path was only 50 miles from this Philippine metropolis.

A correspondent of the Manila estimated 1,000 natives were left homeless in Bulacan province, north of Manila. He reported 2,000 small, thatched houses were blown down and many persons were injured. He had no reports of fatalities.

After a survey of damage here, Governor General Frank Murphy announced secretary of finance Antonio de las Alas would release \$500,000 for relief in the city and other affected districts.

Heaviest marine damage was to the American freighter Gen Wade Kellogg, a 5,000-ton ship washed ashore between two piers. Both the Gertrude Kellogg and the 2,893 American-owned salvage vessel Atlantic Gulf probably will be refloated.

Women Present Jaycee Program

Members of the Pampa Junior Chamber of Commerce were entertained with musical numbers at their noon luncheon today. Mrs. Raymond Harrah gave a musical reading and sang two songs and Mrs. Jake Garman rendered two solos. Mrs. Philip Wolfe was accompanist.

President Clarence Kennedy announced that Bill Jarrett had been named chairman of the committee to be in charge of Santa Day this year. Deacons suggestions and announcements followed the program presented by Gilmore N. Nunn.

Guests today were Frank Squires of Amarillo and David Dallas, former Berger Jaycee but now a resident of Pampa.

NEW ORLEANS COTTON

NEW ORLEANS, Oct. 16. (AP)—The market ruled quiet, but very steady all morning. There was moderate trade buying and also price fixing by the mills and the outside markets were somewhat improved. December finally traded up to 12.43. March to 12.54 and May to 12.59, or 12 to 13 points above the close of yesterday.

Near noon the market was steady, but 1 to 2 points under the highs owing to some profit taking.

CONSUL DIES

GIBRALTAR, Oct. 16. (AP)—Richard L. Sprague, United States consul at Gibraltar, a post which has been in his family for 102 years, died today. He was 62 years old. Sprague suffered a sudden attack of diabetes early this month which necessitated an emergency operation.

Marian Gordon

By JEANNE BOWMAN

SYNOPSIS: Two events have kept Marian Gordon, reporter for the Morning Dispatch, busy far into the night. One was the acquittal of William Bowen of a bribery charge and the other was Silver Hondon's divorce. Silver had been a school friend of Marian's, and what made the divorce important was that Cliff Hondon, Silver's husband, had shot himself when it was granted. Silver is bitter against Cliff, and does not care that he has tried to die. But to save Hondon and get at the reasons for Silver's attitude, Marian and her editor decide to tell Hondon. Silver wants him to get well. Marian is talking to him from Silver's cabin near Reno.

Chapter Nine COACHING SILVER Marian gave the reporter the bare story, being careful not to destroy the possibility of getting down to the essentials of the tangle.

She also gave him Anne Stanton's name as the best intermediary, watching Silver twist and squirm in her effort to release him from Hamlin's arms. Hamlin's face was a curious combination of interest and disgust.

"Hush, Silver," he repeated over and over. "Hush; it's better this way."

"It's a lie!" screamed Silver, but Marian, who had seen her struggle loose from her friend, placed her finger on the receiver bar and destroyed the connection.

"For a moment it looked as if she would vent her fury on Marian, and again Max stepped in, shaking Silver as if she were a doll.

"For your own sake, Silver, calm down."

"B-but she lied," agreed Max.

"She certainly did," agreed Max. "That lie was a masterpiece. You ought to get down on your knees and thank her for it. She kept you from knowing just what kind of a woman you are not. If that ex-husband of yours has a fighting chance for life, he'll make the grade. If he hasn't he'll go out happy."

"You told me you wanted to be a reporter. All right, here's your opportunity. Play up and I'll see you have a chance in my next show."

"Now let's sit down and discuss the future. But first I'm going to telephone the lodge and have them send over some hot coffee and sandwiches. That friend of yours looks like she's about to pass out on her heels."

Marian didn't need a second invitation to slip into a chair before the hearth. Now that her story was in the scene with Silver over, she felt physically and emotionally exhausted. She knew there were things she should do. Help Estes with his pictures. She knew he had taken exterior, had seen the flash of his light with his muffled report. And she should write Lon Casad that she wouldn't be able to see him that night.

"Now, Miss Gordon," Max had seated himself opposite her, the subdued Silver between them. "do you think the other newspapers will send up their representatives?"

"They may," Marian answered. "The Hondons represented one of the oldest, finest families in the state, and Cliff was the last of the line. Silver's father has been an important figure in politics, and she's been copy ever since 'he was born.'"

"Then we'd better coach Silver to uphold your version of this tragedy."

"Please," Marian intercepted. "you asked me if I were here as a friend or a reporter. I wonder if it wouldn't be fair for me to ask a similar question. Are you here as a friend or a fiancée? I didn't even know your name."

"Touche," murmured Max. "my name is Hamlin. I am merely a friend. I came up here to take the matrimonial cure. It is permanent. My wife or ex-wife doesn't like cold weather, so I obliged her by getting a divorce for desertion, while she went to Florida to be with her next—er, husband."

"My interest is more or less impersonal. I started my play-writing career by being a stage manager, and I've never recovered from the desire to pull strings and watch the puppets dance."

"Thank you," Marian smiled at his frankness. "Then would you mind pulling a couple of those strings to make Silver pose for a picture?"

Hamlin turned to Silver, thought a moment, then spoke. "Miss Gordon has given you a choice of playing the lead in a clean drama or showing what a poor sport a spoiled woman can be."

"You believe Mr. Hondon did this to spite you; to make the world believe you drove him to do it. The best way you can check that impression is by acting the part of a lovable, misunderstood woman, a ready to forgive and—"

"But, Max," protested Silver, "I don't want to go back to him. I'm through... through!"

"He may not be there to go back to. Good heavens, girl, if he is alive can't you be woman enough to stand by until he's out of danger?"

"I... well, but I won't fly back. I'm afraid."

"You may not have to go at all, remember. Ready now for some pictures."

MARKET BRIEFS

NEW YORK, Oct. 16. (AP)—The stock market started upward at a fast pace in the first hour of trading today, but later settled down to a slow and featureless jog. While there were numerous gains of fractions to around 2 points, scattered easy spots were in evidence. The metals led the rally. The close was firm. Transfers approximated 650,000 shares.

LEGISLATURE

(Continued from page 1.) when the senate rejected a compromise bill. McGregor said he would not vote for "a thin dime for the Centennial" or for the Brazos river proposition until the delinquent tax and Colorado river bills had been passed. He indicated he would support the Centennial and Brazos river bills if the Colorado river and delinquent tax bills were given precedence.

CHICAGO GRAIN

CHICAGO, Oct. 16. (AP)—A sharp advance in prices occurred shortly before the grain market's close today on buying stimulated largely by independent strength shown in the corn pit.

A government report that because of the shortage of feed corn prices may be expected to remain at a relatively high level was interpreted bullish by many traders and corn futures advanced to a new high since late in September in the face of free profit taking.

Corn closed 1 1/2 to 2 cents higher than yesterday's finish. May at 80 1/2 and wheat showed gains ranging from 1 1/2 to 1 3/4 cents. May closing at \$1.01 1/2. Oats gained about a cent and provisions were slightly higher.

GRAIN TABLE

	High	Low	Close
Wheat	1.02 1/2	99 1/2	1.01 1/2
Dec. new 1.02	99 1/2	1.01 1/2	1.01 1/2
May	1.02	99 1/2	1.01 1/2
July	97 1/2	95	96 1/2

(x) Quotations based on ewes and wethers.

BUDAPEST (AP)—Deputy Petrovacz of the Christian socialist party urged the Hungarian parliament to control scanty beach costumes by taxation, the scantier the suit, the higher the tax. Furthermore he would have the tax collected on the spot for each and every appearance of the wearer.

DEAN OFFER DENIED

NEW YORK, Oct. 16. (AP)—Rumors that Manager Bill Terry and the New York Giants had offered Carl Hubbell and cash to the St. Louis Cardinals for either one of the Dean brothers today were denied by the Giants' office.
