

ALL-OUT DIPLOMACY DEMANDED

New Effort To Halt Reds Is Outlined

WASHINGTON — (AP) — A new cold war battle cry—"total diplomacy"—was raised for Americans today by Secretary of State Acheson.

Its meaning: an all-out effort, short of shooting, to curb Russian expansion.

Declaring that the nation must do far more than it is now doing to halt Soviet plans for "world domination," Acheson said:

"We clearly are not focusing our resources in the winning of that struggle."

What's needed, he said, is a single-minded, "voluntary" campaign by all elements of the nation—Congress, the executive departments of the government, and the people. He mentioned particularly such institutions as business, agriculture, the press and the radio.

Acheson sketched this new outline of national support for United States foreign policy three weeks ago, in an informal White House talk before leaders in the advertising field.

Officials said the talk was kept secret, in the expectation Acheson might use the same ideas in a public address. When this did not materialize, a reconstructed version of his speech was made public last night.

"In it, he declared that the United States must follow two closely related lines of foreign policy.

The first, he said, is "to meet wherever possible all threats of the Soviet Union"—as has been done in Greece and Turkey.

The second policy line, he said, "must be to create those economic, political, social and psychological conditions that strengthen and create confidence in the democratic way of life."

In this connection, he cited the European recovery program and American aid in bringing independence to Indonesia. Then he added:

"One of the things that we must do is to enable other countries to produce their own products, the raw materials that they need to feed and clothe and employ their own people. This means that we must buy their goods and their services to a greater extent than at present."

"It is a matter of judgment as to what the level of our trade with the rest of the world should be," Acheson said. "But probably" (See NEW EFFORT, Page 2)

Baby Each Day For Three Days Slightly Tiring

JONESVILLE, La. — (AP) — A baby a day for three consecutive days—that's the way the 36-year-old wife of a fisherman gave birth to triplets.

Dr. N. G. Nasif, who delivered the babies over the three-day period, said today "I've never heard or read of such a case before."

The tired, worn-looking mother, Mrs. Lester Hardie, propped herself up on an elbow and smiled at her new son and two daughters.

"They are the last," she said. "Ten children are enough." She has seven other children, all living.

The triplets' birth was an ordeal for the entire town. First of all Hardie just narrowly beat the stork as he plied full throttle to his motorboat, bringing Mrs. Hardie to Dr. Nasif's clinic from their home on the swollen Ouachita River.

Thirty minutes after their arrival at the clinic, 5-pound Jodie Lee, the boy, was born. This was 8 a. m. (CST) March 7.

At 9 a. m. the next day 6-pound Julia Mae arrived.

And about 1 a. m. yesterday 7-pound Judy Mae was born.

"This is going to crowd us up some," said the fisherman father thinking of his tiny 3-room houseboat—the residence of the Hardie family which now numbers 12 in all.

Asked for the names and ages of his seven other children, Hardie gazed at the ceiling in thought. "There is Edna Lucille, she's Mama, how old is Edna? No, you'd better get that from her. I've been so busy trying to make a living for them I haven't kept up. It would take a lawyer to keep them straight."

Mrs. Hardie came to his rescue with names and ages in chronological order. They are: Edna Lucille, 15, Ann, 13; R. L. 11, Myrtle, 9, Milburn, 7, Lester Paul, 4, and Shirley Ann, 2.

E. T. BURK
★ ★ ★

Burk's Filing Bid Received

E. T. Burk, retired Amarillo furniture dealer, put in his official bid for the Democratic nomination as congressman from the 18th District of Texas by filing as a candidate for the July 22 primaries with County Chairman John V. Andrews.

Burk's application for a place on the primary ballot was received through the mail yesterday afternoon. He has previously announced himself as a candidate for both special and primary elections.

Burk's prepared statement on policy and platform declared:

"Platform issues will be met as the occasion arises."

Burk operated the Amarillo Furniture Co. for 20 years.

He said he was making the campaign on his "own money" and that no solicitations were being made and donations would not be accepted.

Bad Spelling Enters Trial

HOUSTON — (AP) — Spelling has entered testimony of a man accused of using the mails in an attempt to extort \$50,000 from oil man Glenn McCarthy.

Raymond Chambers, a former janitor at the Shamrock, a hotel owned by McCarthy, is on trial on the charges.

An FBI agent testified Chambers made the same spelling mistakes that a note sent to McCarthy contained.

In the note were such errors as "onest" for honest; "kaddick" for Cadillac; "tha" for they; and "colbert" for culvert.

The FBI agent said he dictated a note to Chambers during questioning and Chambers used those same spellings.

Navy Midshipman Dies in Air Crash

CORPUS CHRISTI — (AP) — The Navy today identified the victim of a Navy dive bomber crash on Padre Island yesterday as Midshipman Gerald L. Skorupski, 21 son of Mr. and Mrs. Leo F. Skorupski, Grand Rapids, Mich.

Skorupski was killed instantly when his AD-1 Douglas Skyraider went out of control and crashed.

McLean Boys Form New Boy Scout Troop

Forty-eight McLean boys met Wednesday night to organize a Scout troop.

Paul Beisenherz, Adobe Walls Area Council executive, said the new Troop 25 makes a total of 64 troops in the council, which serves approximately 1,550 boys.

D. A. Denton will serve as Scoutmaster and Bill Lentz will be Troop Committee chairman.

Doctor Acquitted In 'Mercy' Killing

CANDIA, N. H. — (AP) — Dr. Hermann N. Sander, quickly acquitted of a murder charge in the "mercy" death of a cancer patient, came home today to the people who swear by him.

Cotton Trade Plan Is Urged By Anderson

HOUSTON — (AP) — U. S. Senator Clinton P. Anderson today urged the Texas Cotton Association to set up a new trading corporation to handle export sales on a barter basis.

The New Mexico senator said in his speech at the association's annual convention "let us remember that this vehicle would take us safely past the rocks and shoals of soft currencies, sterling areas, and dollar shortages."

"Selling this vessel isn't as hard as it sounds. That has been proved in the selling of millions of bales of cotton to Japan, Germany, Austria, and Italy. I believe it can be done, and within channels which would safeguard those prerogatives of free enterprise we all so dearly value."

The senator was the convention's main speaker. Before he appeared delegates had heard Association President A. H. Ormsby of Waco say it should be apparent Texas cotton farmers couldn't continue to reduce their cotton acreage.

Such a reduction, said Ormsby, "means in many instances that the returns are wholly inadequate to maintain a decent standard of living."

Anderson cited the threat of expanded cotton production in Mexico, India, Pakistan, and Turkey. He reviewed suggestions for increasing Europe's dollar earnings, and said they were useful, but would not do the job.

"In order to keep our cotton moving a new vehicle is needed. A temporary one is true, and one that none of us looks on with particular favor when normal trade winds are blowing," Anderson said.

"But it is needed now as emergency locomotion. We had better think about setting up a new trading corporation to handle export sales on a barter basis."

He said he believed farmers should "get their money in the market place," and the price should be supported through loans.

He warned that such loans should not price the commodity out of the market or put a premium on inefficiency. He said they should have a flexibility "which would allow the natural flow of supply and demand to function within reasonable limits," able limits.

Airline Operations Gain Despite Strike

DALLAS — (AP) — American Airlines struck more than a week ago by CIO ground and maintenance crews, plans to have 20 of its 33 regular flights in operation by Saturday.

The airline yesterday said two more flights connecting Dallas and southern and eastern points would start that day.

New District Judge Named by Governor

AUSTIN — (AP) — Gov. Allan Shivers today announced the appointment of Donald Markle of Galveston as judge of the 10th judicial district at Galveston.

Markle is a former member of the House of Representatives, serving in the 47th, 48th, 49th and 50th legislatures.

He succeeds the late Judge J. G. Howard who died Feb. 25, country doctor.

Tax Law Panel May Abandon Big Increase

WASHINGTON — (AP) — Democratic tax law writers today apparently abandoned any idea of \$1,000,000,000 net increase in taxes as proposed by President Truman.

Instead, it looks as though they may approve a tax bill:

1. Slashing excise levies by about \$1,000,000,000. Mr. Truman has proposed that such a cut be held to \$655,000,000.

2. Picking up about \$1,000,000,000 by increased collections in other directions. The president proposed that a \$655,000,000 excise cut be offset and that an additional \$1,000,000,000 be collected — through plugging of tax law loopholes and by new levies on big corporations, inheritances and large gifts.

The new tax bill is not expected to make any changes in individual income tax rates.

Mr. Truman has given advance warning that he will veto any tax bill that cuts excises without picking up the lost revenue elsewhere. It appears now the House Democratic members would get the excise loss and forget about picking up an extra \$1,000,000,000.

Just how they are going to cut excises and where they are going to recoup the amount of the revenue loss is another question.

The 15 Democratic members of the House Ways and Means Committee failed in two closed-door sessions, with Speaker Rayburn (D-Tex) and House Democratic Leader McCormack (Mass) attending, to reach an agreement.

They will try again today to get some understanding among themselves before they begin executive sessions with the 10 Republicans on Monday, to begin the actual pressing of the measure.

One member said privately that "all was confusion" at similar meetings Wednesday and yesterday, with the 15 Democrats having about 15 ideas of what the new tax bill should be.

Chicago Seen As Origin of Horse Meat

CHICAGO — (AP) — Chicago was indicated today as a center for investigation of horse meat shipments to Texas.

G. F. Reed, state health department agent, said in Dallas that shipments of horse meat labeled as mutton were originated in that city.

Thousands of pounds of horse meat were seized this week in Dallas, Fort Worth and Houston and Reed called the sales of horse meat for human consumption "a million dollar racket."

In Dallas yesterday he said he was pressing an investigation into the thousands of pounds of the "steak."

The transportation company that handled the shipments to Dallas, said Reed "thought it from Chicago. I don't know that the slaughtering took place in Chicago, but Chicago was the place the shipments originated."

Federal and local authorities also are pressing investigations.

It previously has been announced a Kansas City meat commission firm had arranged the shipments to Dallas through a Dallas food broker. On arrival in Dallas, the meat was turned over to a Dallas meat packing firm and later some of it was distributed to Houston and Fort Worth.

This week in Dallas, 5,600 pounds of horse meat, labeled as beef tendorin, was seized. In Fort Worth 2,600 pounds were confiscated and in Houston, 1,911.

Agents checking into the horse meat affair established that Houston consumers had eaten more than 3,000 pounds of horse meat and in Fort Worth and Dallas also, horse meat had been sold for public consumption.

The operator of the Kansas City commission firm said he bought the meat from a Chicago broker and was under the impression it was fine Canadian beef.

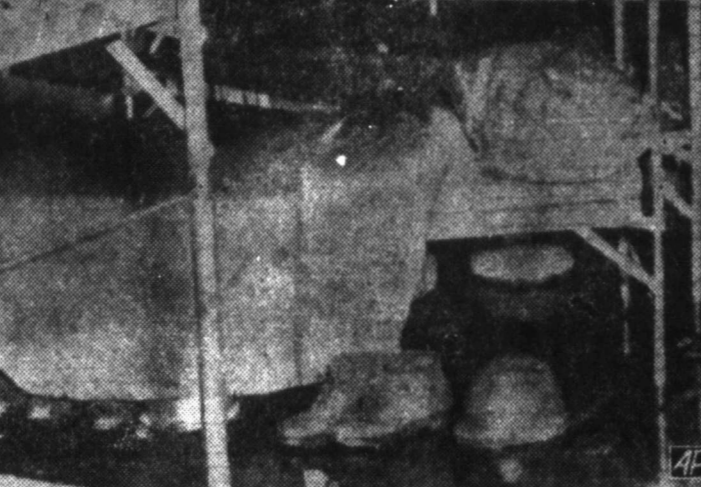

The Dallas food broker and meat packer said they had paid beef tendorin prices for the meat and had no inkling it was horse meat.

Hospital Association Picks Meeting Site

GALVESTON — (AP) — San Antonio was selected as the 1951 convention site of the Texas Hospital Association and three other hospital groups.

Election of officers for all the groups also highlighted the final day of the 21st annual meeting of the THA yesterday.

Roy Wilmesmeier, Houston, was named president of the THA. Ruby Gilbert, Temple, was named president-elect for 1951-52.

WHERE 14 DIED—A flash fire swept through this barracks type prison block at Sandia Special Weapons Base near Albuquerque killing 14 Army prisoners. Two guards and five other men were overcome by smoke. The prisoners were members of the armed forces serving terms for various offenses.

Solon Pledges Data on Reds

WASHINGTON — (AP) — Senator McCarthy (R-Wis) worked today on "a number of important cases" which he contended will back up his charges that a Communist spy ring is operating in the State Department.

The Senate foreign relations subcommittee which is investigating his accusations, amid much arguing, is in recess until Monday.

The committee voted late yesterday to refrain from further interruption in the hope McCarthy will wind up his testimony by nightfall Monday.

Angry flare-ups at the inquiry have caused it to move at a snail's pace.

"I will present a number of important cases and will name names in each case," McCarthy told reporters. "In some instances I will make the names public. In others I probably will give the names to the committee in confidence."

The committee has invited Dorothy Kenyon to a public hearing Tuesday to make a formal reply to charges McCarthy has fired at her. The Wisconsin lawmaker said two days ago that Miss Kenyon, a former United States member of a United Nations Commission, has been affiliated with at least 28 Communist-front organizations.

Miss Kenyon, also a former New York City judge, formerly has called McCarthy a cowardly liar who was "taking refuge in his congressional immunity to smother dissenting opinions."

The committee also voted to give U. S. Ambassador-at-Large Phillip G. Jessup a chance to reply to McCarthy's contention that he has "an unusual affinity for Communist causes." McCarthy also had Jessup as a sponsor of a subversive organization.

Jessup, who is out of the country, did not ask for a hearing.

At two days of public hearings thus far, McCarthy finished outlining only his case No. 1 — against Miss Kenyon.

The hearings have been marked by a series of sharp arguments between McCarthy and the three Democratic members of the committee. The two Republican members have come to his defense.

Union Offers Hall to Both Bond Groups

Use of the CIO Union Hall on Brown is available for meetings of all groups concerned with the school bond issue election, Marvin Silliman, president of the Oil Workers Union, told members of the citizens committee yesterday.

Silliman went to the committee and made the offer. It had been unolicited by the group.

The union president added that the union is not endorsing either group because it has a large portion of its members for the proposed bond issue and another portion against the issue as it stands.

He told the committee further that another joint discussion between the pros and cons in the bond issue was planned before the election. Previously the Taxpayers' League, citizens who oppose the bond issue's structure, has been meeting in the union hall. The citizens committee that drew up the issue's structure has been meeting in County Court Room.

Burning Trash Sets Truck Fire

Burning trash in garbage barrels this morning was the cause of a firemen city garbage truck fire. Firemen went to the Orange Courts, 401 S. Starweather, at 9:25 a. m. to put out the blaze.

The trash was dumped from the truck before the truck body was damaged.

Fire Chief Ernest Winborne said as long as Pampans continue to burn their trash in garbage and trash barrels, the garbage truck fires are inevitable.

Laborites Survive Parliamentary Test

LONDON — (AP) — Britain's Labor government squeaked past its first major parliamentary test last night. But the uneasy Laborites face fresh trouble in another crucial vote Monday.

By a 14-vote margin, 310 to 296, Prime Minister Attlee's Socialists beat back a Conservative motion aimed against the impending nationalization of the iron and steel industry. A defeat would have forced the government to resign only two weeks after it won a second term in a close general election.

Still ahead of the government—whose overall majority in the House of Commons was cut yesterday to only six seats—was a delayed election—in a vote Monday on another conservative motion. This deplores the government's failure to suggest housing program improvements in the speech it prepared for King George to deliver at Parliament's opening last Monday.

Like the nationalization measure voted down yesterday, the housing motion proposes an amendment to the king's address. The government has said any such amendment is an issue of confidence. Labor leaders said that if beaten, they would resign and call a new election.

Parliamentary whips of both parties mustered the heaviest attendance in Commons since 1892 for yesterday's record vote. Labor got the votes of all its members who were not prevented from voting by illness or parliamentary positions—all but five of the party's members.

Nine Conservative members were missing from the balloting, but all nine Liberal members voted with the Tories.

Girl's Bridal Shower Is Marred by Death

SAN PEDRO, Calif. — (AP) — Margaret Moss, 19, who was to have been married to Lt. William Phillips, Jr., learned after a bridal shower yesterday that he had been killed in a plane crash near Perrin Field, Texas.

Miss Moss, daughter of Mr. and Mrs. Daniel Moss of Fort MacArthur here, returned home from the shower to find a telegram notifying her of the air accident.

Arkansas Mechanic Executed for Death

TUCKER PRISON FARM, Ark. — (AP) — Thomas Edwin Black, convicted nurse slayer, died in the state's electric chair at 7:07 a. m. today.

The 29-year-old Little Rock automobile mechanic entered the execution chamber softly singing a hymn, "I Thank You Jesus, I Thank You Lord."

Black's victim was Betty Jane McCall, 25. She was strangled near here the night of Sept. 28, 1948, after visiting a night club with Black.

Two Killed

TULANCINGO, Mexico — (AP) — A road camp explosives magazine blew up last night, killing two people and injuring 14.

Government Action Hit by Power Firms

WASHINGTON — (AP) — Officials of 16 private power companies in the Southwest in testimony to a House appropriations subcommittee have charged government agencies with taking illegal steps to increase their distribution and sales of electricity.

The Southwestern Power Administration (SPA), a unit of the Interior Department, was the special target of the witnesses, who criticized its dealings with the Rural Electrification Administration.

The private utility executives appeared before the subcommittee Feb. 14 during its consideration of funds for operation of the REA. The testimony was made public today.

Frank M. Wilkes, president of the Southwestern Gas and Electric Co., Shreveport, testified that neither his concern nor any of the other companies represented at the hearing opposed funds for rural electrification.

But, he read a provision of the REA act which authorizes the administrator to make loans to states, territories, cooperatives and other public bodies, then added:

"It will be noted that the federal government is not included in the list of agencies that can be beneficiaries under this act. Notwithstanding this, there has been an unholy alliance made between SPA and REA through certain contracts."

The witness then described as "iniquitous" a contract between

HALF-CENTURY HIGHLIGHTS

MOST SENSATIONAL KILLING of the early 20th Century was the shooting in 1906 of famous, wealthy architect Stanford White by Harry K. Thaw, millionaire playboy in the roof theater atop old Madison Square Garden, which White had designed. Thaw was enraged by the attentions of White to his beautiful showgirl wife, Evelyn Nesbit Thaw. Encountering his rival at the Garden, Thaw shot him dead. His defense—novel at the time—was insanity. The case was a world sensation. Foreign newspapers sent correspondents to cover the trials. The first jury disagreed but in 1908 Thaw was declared not guilty by reason of insanity. He spent the next 20 years in and out of insane asylums. He pictured dining in style in his cell during one of his trials.

NEW EFFORT

(Continued From Page 1)
It should be somewhere not very far from present levels.

"We must take that kind of action even though it requires adjustments here at home — and it will require some adjustments. Make no mistake about it, if we want to have strong allies in Europe we have got to work out some kind of pattern of this kind."

"That will mean that European goods will compete with American goods and some American industries are likely to suffer. If this should prove to be the case, then means must be found to take care of any resulting adjustments."

appearance, poise, respect for social standards, sense of humor and other standards."

Mrs. Minnie Fry, Phillips-Johns Camp south of town, will be taken home from the Pampa Hospital today. She was seriously injured in an auto accident Feb. 11, at which time her son, James Douglas, 9, and Leonard Weldon Simpson, 12, 400 S. Cuyler, were killed.

Jet-Powered British Auto Given First Public Tests

TOWCESTER, Eng. — (AP) — The British automobile industry's biggest postwar secret — a sleek jet-propelled car — was given its first public demonstration yesterday.

Moved by a pair of twin kerosene-fueled turbines, the automobile — a gray sports coupe — whipped over a concrete landing strip near Towcester at nearly 90 miles an hour.

It idled and reversed with the ease of a conventional car.

The new machine — a version of which the makers say should be in mass production in from two to four years — is aimed at giving Britain a bigger chunk of the dollar motor market.

The car was put through its paces at Silverstone airport near here by F. R. Bell, engineer in charge of its development for the Rover Motor Company of Birmingham.

Outwardly, it looks like a normal two-seat sports car, except for three air intake openings on either side and two square exhaust grids on which hot colorless gases escape behind the driver and his passenger.

The car's two kerosene-operated turbines lie behind the driver's seat. The turbines are hooked directly to the rear wheels, eliminating clutch and gears.

The driver uses only two pedals — accelerator and brake. By slacking off on the accelerator, he cuts down the flow of fuel and so slows the turbines.

Here's how it performed:
1—From a cold standing start it got under way in 16 and three-fifths seconds.
2—It streaked along the runway at between 90 and 90 miles an hour. Peak speeds are still a secret.

3—It cruised with a high whistling noise that sharpened as the speed dropped but was never much louder than a noisy conventional car.

4—A slight smell of kerosene swept from the exhaust vents but there was no smoke except a few slight puffs of dark blue vapor when the turbines were started.

According to Bell, who fended off most queries for figures, the firm still has several major "bugs" to shake before the car can make its assault on the gasoline-engined auto market.

Fuel consumption is too high, he said, but new experiments are expected to get the fuel factor on a level with that of present cars.

Unlike the jet plane, which gets its forward push from hot gases, punching out from combustion units against the open air, the new car's built-in jet turns the turbines that power the rear wheels.

Law Requires Blood Tests Twice a Year

Some local food handlers still do not understand Gray County's new blood test setup. R. M. Hurdine, city and county health inspector, said.

A state law specifically requires all foodhandlers and servants to have physical examinations and blood tests every six months in the city and county where they work, he said.

"Foodhandlers may go to their private physician for both the physical examination and blood tests," he said, "or they may get their physicals from their doctor and then go to Highland General Hospital for blood tests."

Hours that the hospital gives blood tests are from 11 a. m. to noon and 1 to 3 p. m., Monday through Saturday.

Health certificates must be sent to the Health Department to be stamped and recorded, Mundine said.

Texas Rice Plan Talks Scheduled

WASHINGTON — (AP) — J. Alton Saltfield, head of the rice section of the agriculture department, will leave for Texas soon to discuss administration of the crop control program.

Rep. Camba (D-Tex.) said the department had completed drafting regulations for the 1950 rice crop control program for the state.

Orders to the Texas State Production and Marketing Administration committee, he added, will enable county committees to issue acreage allotments to individual farmers.

The Texas quota of 452,000 acres was announced several weeks ago.

100 Children Finally Get Needed Food

PHOENIX — (AP) — Nearly 100 starving children ate their first nourishing meal in many weeks at a migratory workers camp near here yesterday, thanks to a kindly judge.

Food boxes and medicine were sent to the area on orders of Superior Judge Thomas J. Croaf, juvenile court jurist, shortly after the situation was first disclosed.

Judge Croaf said children were found with "distended abdomens. A family with six children ranging from 17 months to 11 years said it had been without food for 10 days and a crippled father told investigators he had sold a pint of blood to obtain food for his six children.

A report on the camp, 14 miles west of Phoenix, revealed many other families were subsisting on flour and water biscuits and lard gravy.

Most of the men have been without work for some time. About 100 families live in the area.

O-O-H-H-H, JONAH!—The Red Sea, famous since the days of Jonah for its extraordinary marine life, has produced this freak sea monster. A night gale and the ebbing tide on Akaba Beach at Suez left the strange-looking creature stranded (or is somebody pulling a monstrous gag?). The 40-foot monster resembles a whale in most respects, with a hole on top for breathing, a dredge-like mouth and no teeth. The elephant-like tusks measure nine feet.

Freight Rates On State Crops May Be Cut

WASHINGTON — (AP) — An ICC examiner yesterday recommended consideration of a slight freight rate reduction on vegetable shipments from Texas to the northeastern section of the nation.

Otherwise the examiner, A. J. Banks, said a complaint by the Texas Citrus and Vegetable Growers and Shippers against railroad freight rates for vegetables should be generally dismissed.

The slight rate reduction which Banks recommended to the Interstate Commerce Commission would affect shipments from Texas to the area east of Illinois and north of the Ohio and Potomac rivers.

The changes to that part of the country, if granted, would amount to something less than five percent.

The Texas association filed the complaint in 1948. It contended the general rate structure on vegetables was prejudicial to Texas growers and preferential to competing growers in Arizona, California and New Mexico.

The examiner said the volume of Texas shipments did not indicate discrimination and asserted the rate structure is in the main reasonable.

However, he said that if the Texas shippers desire to supply northeastern points with shipments of a minimum weight of 20,000 pounds — the present minimum is 17,500 pounds — they should have the benefit of the slight rate reduction recommended.

FROM NINE TO FIVE

It's too early to tell yet if she'll be late or not.

U.S. Economic Power Called Concentrated in Government

HOUSTON — (AP) — Claude A. Putnam said yesterday that "in our own country the greatest concentration of economic power is in our central government."

"The next greatest monopolistic force is in the hands of the bosses of organized labor," said Putnam, Keene, N.H., manufacturer who is president of the National Association of Manufacturers.

"Yet it is the spokesmen of these two vast concentrations of power over the American people who are most loudly and constantly claiming that bigness in business is automatically bad."

"This is an obvious smoke screen for their own ruthless concentrations of monopolistic power in the hands of a privileged few."

Putnam's remarks were at a luncheon of the Southwest Business Conference meeting here. Several hundred business leaders were in attendance. The conference is sponsored by the Texas Manufacturers Association, the NAM, the Houston Chamber of Commerce, and the Houston Rotary Club.

He said those who made such claims against bigness in business were "getting away with it."

"They persistently pretend that it is American business — rather than Russia... rather than socialism... rather than our 43-billion-dollar-a-year big centralized government... rather than one-man decisions as to whether the American people shall have adequate fuel — it is business they say that is playing with firebrands of monopoly and greedily concentrating power over people," said Putnam.

Leadership away from "monopolistic trends" of big government is needed in the United States, Putnam said.

Jobless Employ Unusual Tricks To Get Checks

SALT LAKE CITY — (AP) — Cases uncovered by Utah's "fraud unit" have led a department head to conclude that "a lot of people don't think it's a crime to cheat their government." The three-man unit is a part of the state department of employment security. Its job is to find any illegal claims for unemployment compensation.

One young man was receiving unemployment-compensation-payments in a small town while working in Salt Lake City. The boy's mother forged his name to papers in connection with the case and three officials of the town government swore that the handwriting was that of the boy himself.

Two carpenters continued receiving unemployment compensation after they went to work. "When we filed charges we got a letter from the defendants' attorney calling us 'Russian communists' and so forth and informing us it was none of our darn business what his clients were doing," said Curtis P. Harding, department administrator.

A rainfall of one inch in 15 minutes is regarded as a serious soil erosion danger.

New Texas Marriage Law Violation Will Be Probed

HOUSTON — (AP) — An investigation of possible violations of the new marriage law by clergymen has been set in motion by District Attorney A. C. Winborn. Winborn told The Houston Chronicle he has instructed an assistant to consult with County Clerk W. D. Miller to obtain "all facts" in connection with recent marriages performed by clergymen of various denominations apparently ignorant of new laws governing such procedures.

Miller disclosed that 10 couples married since Oct. 5, 1949, have had ceremonies performed "after the 15-day period allowed following medical examinations, rendering their marriages null and void."

According to Miller, the law provides that marriage ceremonies must be performed within 15 days from the first medical examination obtained by either the man or woman.

It also places the burden of observing the law on members of the clergy performing the ceremonies and provides for fines of from \$200 to \$500 for violations, Miller said.

The Yellow River and the Yellow Sea are named because of their color, the result of huge amounts of soil washed into the sea by the river.

Koreans Dislike Jap Nickname

TOKYO — (AP) — The Koreans in Japan say the Japanese government is calling them names — and they don't like it. The Japanese government's official announcement refers to Korea as "Chosen," meaning "morning calm." Koreans don't like it because it was imposed on their country when the Japanese took over Korea in 1910.

The Korean mission has formally protested to the government. It represents the Republic of South Korea. The rival Communist regime in north Korea retains the name "Chosen." That's another reason the mission doesn't like the word. The official name of the south Korean republic is Tai Han Min Kuk, which means "Greater Peoples Republic of Korea."

The Korean mission's spokesman in Japan says it recognizes that the name Korea is widely used in foreign countries. It has no objection. But just quit calling Korea "Chosen," if you please.

Two National Football League backs — Steve Van Buren of Philadelphia and Tony Canadeo of Green Bay — gained more than 1,000 yards in 1949.

Americans Meet Difficulties in Leaving Shanghai

WASHINGTON — (AP) — The Chinese communists have raised new difficulties for the United States by withholding permits from American businessmen who want to leave Shanghai.

The State Department reported that executives of the Shanghai Power Company, branch banks and other concerns have been unable to obtain the necessary authority to leave in the impending mass exodus of American consuls and others.

Officials suspect the Communist authorities fear utilities and other industries will suffer if the Americans in key position are allowed to pull out. The big port city already is subject to air raids by Nationalist bombers which have crippled the power plant.

Some Folks Like Making Queries

SAN PEDRO, Calif. — (AP) — Answering questions is part of Claude Deal's job as a policeman. He answers so many that he doesn't have a home telephone. He likes to relax at night.

When the duty sergeant at headquarters sent for Deal at 2 a.m. one morning, the officer envisioned a catastrophe. At the station he was told he had a phone call. The caller identified himself as a Mr. Addison, of Melbourne, Australia. "How's the job situation in the good old U. S. A.?" he wanted to know. Deal is still wondering how Addison ever heard of him.

Real Estate Man Convicted Of Fraud in GI Loan Deals

WACO — (AP) — A federal court jury here has convicted Gordon Duncan, Sr., Temple real estate dealer, of fraudulently obtaining a veteran's home loan.

Judge Ben H. Rice, Jr., said he will sentence the middle-aged Temple man next Tuesday.

Duncan was indicted Jan. 14, 1948, on charges of obtaining a 100 percent loan in behalf of Curtis Hill of Temple. Hill testified during the trial here that he didn't want a home, did not see the home involved and did not know what papers he signed at Duncan's request.

Hill testified he had heard that Duncan would pay any veteran \$250 for signing certain papers, that he called on Duncan, signed some papers, was given \$250 and left.

U. S. District Attorney Henry W. Moursund charged it was a special practice to get veterans to sign a loan application in exchange for \$250, send in the application as a request for a 100 percent loan, then get the veteran to deed him the home, which he would then sell.

Moursund said Duncan had been indicted on similar counts involving two other veterans, but

Ferret Becomes Air Force Hero

RAPID CITY, S.D. — (AP) — A ferret became the one-day hero of the Air Force at the Rapid City Air Force Base, key northern B-36 bomber outpost. A special harness rigged on the weasel-like animal, named "Pete," permitted him to string an important telephone wire six feet under the huge reinforced concrete runway. Puzled engineers feared they would have to tear up the costly runway to lay the wire.

Finn Timmons, owner of the ferret, sicked him on the job of traversing the 2,210-foot conduit with an order, "Take it through, Pete." Pulling a string, Pete made it in 20 minutes the first run. On the fourth and final trip, it took the tired, 18-ounce ferret three and one-half hours.

The slim, slinky ferrets usually are used for rabbit and rodent hunting.

that the veterans involved could not be found and probably were transients.

My Biggest Boner

Hutchinson Pegs Too Carefully to Red Sox in Eighth

By **FREDDIE HUTCHINSON**
Detroit Tigers' Pitcher

My Biggest Boner was pulled at Detroit's Navin Field in 1936. I had the pennant-winning Red Sox of that year shut out with two out in the eighth inning, and two strikes on the next two hitters.

If memory serves it was Johnny Pesky on whom I had two strikes and no balls before I walked him.

As I recall it, George Metkovich, batted next, and I had two strikes and one ball on him before issuing free transportation. That brought up Ted Williams, and naturally I was ordered to put him on, filling the bases.

What galled me, though, was walking the next man, Bobby Doerr, forcing in the only run of the game, and beating the Tigers and me, 1-0, despite a two-hit job on my part.

My mistake, of course, was pitching too carefully in the situation to Pesky and Metkovich.

There was vastly less chance of their hitting the ball out of the park than Williams or Doerr. In that set-up, I should have made them hit the ball.

I'll never forget it, will never do it again.

Whenever I have two out and two strikes on Ted Williams, or Doerr, he'll hit the ball if I have to throw it right through the middle.

I'll give you a written guarantee that he won't walk.

NEXT: Goose Goslin of the Tigers hits into five consecutive double plays.

Sports Round-Up

Western Kentucky May Be Around for Finals of NIT

NEW YORK —(AP)— Western Kentucky plays the first game in the National Invitation Basketball Tournament Saturday and don't be surprised if the Hill-toppers stick around for the finish.

Cosch Ed Diddle is back with a better team than last year's quarterfinalists. That club bowed to Bradley.

The Hilltoppers, Bradley and Kentucky rate as the top three favorites in the 12-team field. All three operate under the same style — a fast break and heavy firing at the basket.

Bradley and Western both have more experience than Kentucky's sophomore club. Where Western may rate a slight edge is in height. Diddle can send out five men averaging six-foot or five — topped by six-eight Bob Leavy.

Western (24-5) rates a heavy favorite over Niagara (20-6) in Saturday afternoon's opener. The Hilltoppers also have to get by St. John's (22-4), fourth seeded, to reach the semifinals and may be at Bradley again.

Bradley (27-3), first seeded, finished first in the final Associated Press poll of the country's top teams and the Southwest will compete in the eighteenth edition of this big outdoor track and field carnival.

The University of Texas tops a field of eight universities that hold preliminaries tomorrow morning and finals tomorrow night. Louisiana State and Oklahoma A&M furnish the out-of-state interest.

Texas, which last year won the Olympics 55-55 over Texas A&M, is favored to repeat on the strength of a galaxy of sprinters topped by Charley Parker and Perry Samuels.

Twelve colleges, eleven from Texas plus Southeastern State Teachers of Durant, Okla., slash at the records of the College Division. They hold prelims tomorrow morning at the same time as the University class.

There are 10 junior colleges and 48 high schools, all from Texas, that go through trials today. These two divisions hold finals tomorrow afternoon.

The Rice mile relay team of Tom Cox, Otha Byrd, Arthur Brown and Jim Hoff, appears most certain of hanging up a new record. This quartet has done the mile in 2:13.3 and the Border Olympics record is 3:17.1, set last year by Texas A&M.

Parker, making his last appearance in this meet, may wipe out his own 220-yard dash record of 21.1. Another potential mark-smasher is J. D. Hampton, the blond Texas Aggie distance star who holds the mile record of 4:18.7 and the two-mile record at 8:36.0 here.

The high jump record could be erased. It is 6 feet 7 1/4 inches. Vern McGrew of Rice, on the U. S. Olympics team in 1948, and Bob Walters of Texas have gone over this mark several times.

Don Fambro of North Texas State and Mike Mercado and Arthur Ochoa of East Texas State are considered the best bet for records in the college division. Mercado already is co-holder of the 440-yard dash mark at 50.0 and has been shading close to the half-mile mark of 1:55.6. Ochoa holds the javelin throw record at 180 feet 6 inches. Fambro holds the broad jump record of 23 feet 1-2 inches. Ochoa also is a top broad jumper.

North Texas State is expected to defend its championship in the College Division. Brownville is due to repeat in the Junior College Class and Corpus Christi in the High School Division. Carl Blau of Brownville holds both sprint records — 10.1 in the 100 and 22.6 in the 200 — and is expected to smash each.

Several promising newcomers such as Texas A&M sophomore hurdle stars Paul Leming and Billy Blease will get their first tests in top-flight competition.

'49 Finalists Meeting Today
WACO —(AP)— The two teams that last year played for the championship—Seagoville and East Chambers — tangle tonight in the semifinals of the State High School Girls Basketball League Tournament.

Seagoville, the defending champion, last night routed Rogers, 44-18. East Chambers defeated Dalhart, 31-26.

Dimmitt and Cotton Center clash in the other semifinal game. Dimmitt defeated Avery, 54-18, and Cotton Center rolled over Denton Valley, 61-34, as Ruth Cannon scored 45 points.

Meadow, Aledo, Bynum and Meridian are in the consolation bracket semifinals.

Joyce Hinson's overtime period field goal gave Meadow a 32-30 victory over Sweeney.

Aledo eliminated Bullard, 48-30; Bynum defeated Lawn, 47-16, and Meridian beat Lockney, 33-21.

Border Olympics Swing Open Today With Big Field Present

LAREDO —(AP)— The Border Olympics, expected to bring an avalanche of new records, swung open today with the junior college and high schools getting first crack.

Almost 1,000 athletes from 75 schools over the Southwest will compete in the eighteenth edition of this big outdoor track and field carnival.

The University of Texas tops a field of eight universities that hold preliminaries tomorrow morning and finals tomorrow night. Louisiana State and Oklahoma A&M furnish the out-of-state interest.

Texas, which last year won the Olympics 55-55 over Texas A&M, is favored to repeat on the strength of a galaxy of sprinters topped by Charley Parker and Perry Samuels.

Basketball Banquet Tomorrow Night

Better Start Predicted by Joe McCarthy

SARASOTA, Fla. —(AP)— Joe McCarthy points to Billy Goodman and Al Zarilla as the men to help his Boston Red Sox get away to a flying start this spring.

"I don't know why we got away so slow last year," said McCarthy, "but I have a couple of ideas. Goodman was hurt making an outfield catch in Hartford just before the opener. If he was able to play, we might not have experimented so long with Walt Dropto at first base.

"Then we didn't get Zarilla from the Browns until May. He helped us plenty in right field when Sam Melo was injured and couldn't get going later.

"This year we're going to have Goodman and Zarilla in there from the opening day on. We've already sent Dropto to Louisville for another year.

"Our pitching ought to be better. The young fellows — Maury McDermott and Charley Stobbs — have a full year's experience. They'll be ready to take a turn from the start with Mel Farnell, Ellis Kinder and Joe Dobson."

McCarthy, who lived in deadly fear of an alibi, discourages mention of the injuries that sidelined Bobby Doerr, Goodman and McDermott at important moments. He didn't win, and that's that.

There is no mystery about the Sox club for 1950. The infield is set with Goodman, Doerr, Vern Stephens and Johnny Pesky. Ted Williams, Dpm DiMaggio and Zarilla are the outfield with Birdie Tebbets, Buddy Rosar and Matt Batts the catchers.

Only in the pitching department are there some wide open opportunities. A most important problem is the search for a Joe Page type of reliever.

"Our pitching ought to be better. The young fellows — Maury McDermott and Charley Stobbs — have a full year's experience. They'll be ready to take a turn from the start with Mel Farnell, Ellis Kinder and Joe Dobson."

McCarthy, who lived in deadly fear of an alibi, discourages mention of the injuries that sidelined Bobby Doerr, Goodman and McDermott at important moments. He didn't win, and that's that.

There is no mystery about the Sox club for 1950. The infield is set with Goodman, Doerr, Vern Stephens and Johnny Pesky. Ted Williams, Dpm DiMaggio and Zarilla are the outfield with Birdie Tebbets, Buddy Rosar and Matt Batts the catchers.

Only in the pitching department are there some wide open opportunities. A most important problem is the search for a Joe Page type of reliever.

HONOR HOUCK
STATE COLLEGE, Pa. — The late Leo Houck will be honored when the National Collegiate Boxing Championships are held at Pennsylvania State College, Mar. 30-Apr. 1. He was long the dean of college boxing coaches.

Better Start Predicted by Joe McCarthy

SARASOTA, Fla. —(AP)— Joe McCarthy points to Billy Goodman and Al Zarilla as the men to help his Boston Red Sox get away to a flying start this spring.

"I don't know why we got away so slow last year," said McCarthy, "but I have a couple of ideas. Goodman was hurt making an outfield catch in Hartford just before the opener. If he was able to play, we might not have experimented so long with Walt Dropto at first base.

"Then we didn't get Zarilla from the Browns until May. He helped us plenty in right field when Sam Melo was injured and couldn't get going later.

"This year we're going to have Goodman and Zarilla in there from the opening day on. We've already sent Dropto to Louisville for another year.

"Our pitching ought to be better. The young fellows — Maury McDermott and Charley Stobbs — have a full year's experience. They'll be ready to take a turn from the start with Mel Farnell, Ellis Kinder and Joe Dobson."

McCarthy, who lived in deadly fear of an alibi, discourages mention of the injuries that sidelined Bobby Doerr, Goodman and McDermott at important moments. He didn't win, and that's that.

WARREN'S WARMUP

By Warren Hanes—News Sports Editor

QUESTION: Within five, how many World Series baseball games have been played in New York City.

A MOST WELCOME package in yesterday's mail was the current copy of Baseball's Official Guide, printed by The Sporting News. The 600-page booklet is always good for a full winter's reading, but never gets around until the springtime. But still it is very interesting for research, some of which I'll give you here.

Looking up the 1949 records of the newcomers to the Oilers we discover some very interesting and pleasing facts. Taking first the three draftees, Joe Prucha, Don Ricketson and Loran Chafin, who were picked up this winter in the Minor League Draft at Baltimore.

Prucha was the winningest pitcher in the Mississippi-Ohio Valley League last season. He won 18 and lost 8 and had an excellent earned run mark of 2.69. He also participated in more games and pitched more complete games than any other chucker. He was the only man in the league to hurl over 200 innings. He was third in strikeouts and appears to have fine control, walking only 91 and being charged with but 3 wild pitches.

Ricketson, who was drafted to play third base, hit .284 for the season with 10 home runs in the Georgia State League. Included in his blows were 23 doubles, 4 triples and 26 home runs. But, he played all of his games in the outfield, 146 games.

The same is true of Chafin, who came from Eastman of the same league. He was drafted to play second base, but he played 135 games in the outfield last year. He is a bonus player. Last season he hit well, .322, including 36 doubles, 15 triple and 8 home runs. In addition, he led the league in stolen bases, 51.

Frank Gillespie, pitcher purchased from Clarksdale in the middle of last season, had a 5-6 record at Eastman with an earned run mark of 6.25. He went from there to Clarksdale, where he won 3 and lost 4 and finished with a fine ERA of 2.57. He was to undergo an operation this week and will be late reporting to camp.

Lefty Bill Garland, who will be returning to the Oilers' mound staff this season, threw for Saginaw in the Class A Central League last season. He finished the season with a 3-10 record. But one thing that handicapped his pitching was the need for an operation and then the operation itself. Despite this he had an ERA of 3.42.

Looking at the records of some of the Oilers who passed on last season we find that Avon Driggers, '48 Oiler star hurler, found things a bit tough in the Class A South Atlantic League with Charleston. He finished with a 5-12 record.

Redie Otey, fiery little second baseman of the Oilers, hit .284 for the season with 10 home runs in the Georgia State League. Included in his blows were 23 doubles, 4 triples and 26 home runs. But, he played all of his games in the outfield, 146 games.

Baseball Training Camp News Briefs

CLEARWATER, Fla. — (AP) — Add pitching Coach George Earnshaw to the list of those who think rookie hurler Charlie Bicknell will make the major league grade with the Philadelphia Phillies this season. Earnshaw said today Bicknell shows every sign of having "big time stuff."

SAN BERNARDINO, Calif. — (AP) — Pitcher Hal Gregg knows he's getting his last chance with the Pittsburgh Pirates and is bearing down harder than any rookie in the training camp.

Gregg reported on top physical condition. In his first appearance on the mound he pitched two innings, facing only six men.

WEST PALM BEACH, Fla. — (AP) — The Philadelphia Athletics have crossed training camp fingers on one of their big hopes of the year — the return of outfielder Barney McCosky to the lineup.

Barney injured his back in the first day of 1949 training, and played no ball last year. Barney is running and exercising daily, and expects within a month to make the big try — to swing a bat.

BURBANK, Calif. — (AP) — Russ Bauers, a big, raw-boned pitcher, earned plaudits yesterday in helping his team to a 3-2 victory in the St. Louis Browns intra-squad game.

ST. PETERSBURG, Fla. — (AP) — Outfielder Stan Musial hopes to resume practice with the St. Louis Cardinals today. He says his chest cold has broken up.

ST. PETERSBURG, Fla. — (AP) — The New York Yankee management sent ultimatum to the remaining holdouts—pitcher Tommy Byrne and infielder Bobby Brown.

The gentlemen who handle the cash sent the recalculators word that they have given the limit in their offers.

PHOENIX, Ariz. — (AP) — The next item needed in the New York Giants' bid for a championship formula, according to Manager Leo Durocher, is a dependable left-handed pinch hitter.

Durocher said he would comb the minors if necessary to land the man he wants.

VERO BEACH, Fla. — (AP) — Gene Hermanski, the Brooklyn Dodgers' injury-plagued outfielder, may be out two weeks with his latest trouble. Big Gene suffered a severe ankle sprain when he scrambled to first base in an intra-squad game yesterday.

BRADENTON, Fla. — (AP) — Rookie pitcher George Uffe has a sore arm and will not travel with Boston's Braves to Miami for Saturday's opening exhibition game against the Brooklyn Dodgers.

SARASOTA, Fla. — (AP) — Although shortstop Vern Stephens has ended his salary argument with Boston's Red Sox and is expected to play in the American League's first exhibition game tomorrow, Stevie agreed to terms yesterday and will fly here. As usual salary terms were not disclosed and guesses have ranged as high as \$40,000.

TAMPA, Fla. — (AP) — If Ted Kluszewski is concerned about the possibility of losing his first base job with the Cincinnati Reds to Joe Adcock, he isn't showing it.

Kluszewski, who was a holdout, has been in the Reds' training camp only two days. He merely laughed and shrugged his shoulders yesterday when asked what he thought of the Adcock threat.

"I'm going to swing for the fences this season and I'm sure that I'll more than double my home run total (8) of 1949," he said.

TUCSON, Ariz. — (AP) — Outfielder Larry Doby says he's through trying to kill the ball. But he has walked the longest homer at Randolph Park so far in the Cleveland Indians' spring training.

Doby sent one of Bob Lemon's offerings riding more than 400 feet in an intra-squad game yesterday.

LAKELAND, Fla. — (AP) — The Detroit Tigers are showing a punch. In two six-inning squad games the Bengals have collected ten extra base blows among their 25 hits.

ORLANDO, Fla. — (AP) — Washington's hot-happy Nats slammed 18 batting practice homers over Tinker Field fences again yesterday. That made 36 for two days.

AVALON, Calif. — (AP) — The Chicago Cubs wave farewell to their Catalina Island training camp today, heading back to the mainland for the opening of their exhibition schedule.

PASADENA, Calif. — (AP) — It's no secret the Chicago White Sox are determined to beat the Chicago Cubs in an exhibition here tomorrow. The Sox haven't had a day off since they started training March 1. Manager Jack Onslow doesn't want to waste a day of sunshine.

City Conference Tourney Opens This Afternoon

FORT WORTH — (AP) — Big city high schools started play today for their own state high school basketball championship. The two-day City Conference Tournament here matches first and second place teams in city schools in Houston, Dallas, Fort Worth and San Antonio.

Three divisions of the Texas Interscholastic League High School program crowned basketball champions in Austin last week.

The tournament opens at 2:30 p.m. with Crozier Tech, Dallas city champion, meeting Lanier, second place team in the San Antonio District race.

Every one of the "right" teams in the tournament boast a fine record, so you name your own favorite. Best mark is boasted by Crozier Tech, 24 victories, one defeat.

Poly won the Fort Worth championship; Thomas Jefferson the San Antonio title and Sam Houston the Houston crown.

Other teams in the meet are Adamson (Dallas); Milby (Houston); and Paschal (Fort Worth).

Flood Battles Fusari Tonight

NEW YORK — (AP) — Young Jimmy Flood, the Manhattan middleweight, and welterweight contender Charlie Fusari of Irvington, N.J., clash tonight in a Madison Square Garden ten-round scrap that has captured the fans' fancy.

A crowd of around 15,000 and a gate of \$50,000 — both would be highs for the Garden's winter boxing season — are anticipated.

The bookmakers don't believe the game, stocky youngster can make the jump. They've established Fusari as the 1 to 2 choice.

A hard-hitter who prefers to bang to the body, Flood has become the hero of the metropolitan small club's cash customers as well as the darling of the television viewers.

Mack Starts 50th Year With A's Still in Search of Powerful Righthanded Hitter

By HARRY GRAYSON NEA Sports Editor

WEST PALM BEACH, Fla. — (NEA) — Baseball has changed a lot since Connie Mack quit the East Brookfield, Mass., shoe factory for it 66 years ago.

"The game has made tremendous strides since Mr. Mack became the only manager the Athletics ever had 50 years back.

Yet one of the principal questions remains the same: Where's that right-hand power hitter?"

"Any kind of a power hitter," adds Mr. Mack.

Given a hitter who can smack the sphere a fair piece, preferably from the right side of the plate, and the White Elephants could go farther than a lot of people suspect.

Mr. Mack's big hope at the moment is Ben John Guintini — pronounced Gintini — a well put-together Italian, who at 30 is getting a second chance rather late.

Guintini has been in the minors eight years, spent two in the armed forces, had a cup of coffee with the Pirates in 1948. The Philadelphia Americans drafted him on the strength of his 32 home runs, as many doubles and 95 runs batted-in hitting .366 in 129 games with Dallas.

But unless Guintini crashes the batting order, the outfield at the outlet looks like Chapman, flanked by Valo and Moses or Lehner, and that's not enough. Bob Bets is a grand prospect, but it's a long hop from the Class C Mid-Atlantic.

Mr. Mack has a remarkable young pitching staff in the right-handed Fowler, Coleman and Scheib and the left-handed Alex Kellner, Brian and Shantz.

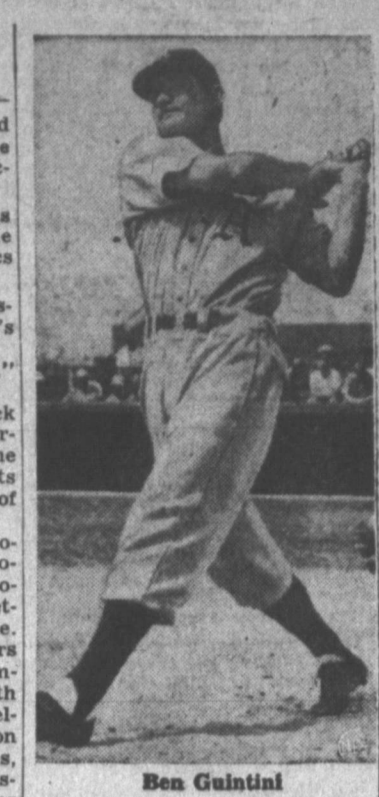

Bob Hooper won 31 games in two campaigns for Buffalo. Angelo Nardella is up for a look as the first 20-game winner in the Piedmont League since before the war with the extraordinary earned-run average of 2.26.

The bugs out of his system and the miseries eliminated from his shoulder, any contribution by Phil Marchildon would be on the velvety side. Ed Hrabcsak, a six-foot four-inch right-hander, struck out 234 in 228 innings coping 19 for Stamford, Conn., of the Class B Colonial League, but has pitched only two terms.

Alex Kellner, the 2 - game southpaw, said his 21-year-old brother, Walter, was faster than he was.

"And by gosh, he's right," beams Assistant Manager Earle Mack. Fresh from the University of Arizona, however, Walter unquestionably will serve his apprenticeship elsewhere.

Relief workers are, of course, Ed Kileman and big Charley Harris. Hank Wyse, who won 18 for Shreveport with an ERA of 2.81, demanded a \$10,000 contract, which

Ben Guintini

RIGHT HOPE—Ben Guintini is Connie Mack's big hope in search for a right-hand power hitter, with 32 home runs and a .366 average in Dallas.

is why Mr. Mack let the ex-Cub sweat it out in Tulsa.

Bob Dillinger adds speed and derring to the Athletics infield, which otherwise remains the same with the double-play combination of Joost and Sudek throwing to Fain. Tom Davis is still around, and there is also Billy Hitchcock.

Lou Limmer is a 23-year-old first baseman who manufactured 29 home runs driving in 105 runs batting .315 for Lincoln, so probably will be carried as insurance for Ferris Fair and as a pinch-hitter. Second Baseman Gene Markland hit 25 homers batting in 90 runs for Buffalo.

Kernit Wahl, who plays shortstop and third base, hit 11 homers, batting in 88 runs for Montreal. Someone has to go.

Joe Tipton gives the A's a thumping catcher to work with Fernin Guerra and Joe Astroth. The ex-Indian didn't hit it off with Jack Onslow as a member of the White Sox.

The Athletics are totally without individual stars. They function as a team to a greater extent than any other aggregation.

And they should do considerably better than all right if Mr. Mack winds up with a right-hand power hitter.

COOPER WAS EXPELLED. James Fenimore Cooper, later one of the most important men of letters ever connected with Yale, was expelled from that institution, according to the Encyclopedia Britannica.

By DICK KLEINER NEA Staff Correspondent

Glenn Davis is getting discharged from the Army, and will play pro football next year for the professional Los Angeles Rams.

Los Angeles is glad that Mr. Outside is going to be outside.

Col. Teddy Tining, official host for the English Wimbledon tennis tournament, was forced to resign because he promised to design "something really sensational" in the way of a tennis costume for Gorgeous Gussie Moran.

Tining, an amateur creator of new styles in women's underthings, designed Gussie's famous lace panties last year.

Oh, the staid and noble Brit! We're really rather fussy. They shied away, quite skittish. From those pretty pants of Gussie.

They came to watch her lobbing. To see her score with ace. But their hearts began a-throbbing. When they saw those flapping laces.

When the man began designing. Spoke of better things ahead— The guy was soon resigning. He'll watch the show instead.

But what had he been scheming? What did he plan to show? You might as well keep dreaming. Because you'll never know.

HEY! 4H BOYS and GIRLS

PARTICIPATE IN THE WESTINGHOUSE 1950 NATIONAL 4H FARM & HOME ELECTRIC PROGRAM

NATIONAL 4-H CLUB WEEK, MARCH 4-12

Your county agent can give you complete details on the 1950 National 4-H farm and home electric program. See him soon! This is your opportunity to show people how 4-H boys and girls learn by doing.

AWARDS...

Gold filled medal of honor to the county winner.

For Member: All-expense trip to the National 4-H Club Congress at Chicago, November 26-30, 1950, inclusive.

For County: A handsome plaque to the county reporting the most outstanding 4-H Farm and Home Electric Program.

Six college scholarships of \$300 each will be presented to a blue award group selected from the State winners, preferably to three boys and three girls.

REGULATIONS...

Who May Participate: Boys and girls working under the supervision of the Extension Service may participate.

How to Participate: Discuss the contest with your local Club Leader or your County Extension Agent. Be sure that you are enrolled for the Farm and Home Electric Contest if enrollment is required. Carry out the work outlined and write your report as suggested in this leaflet. Be sure to submit all material requested by the County Extension Agent before the final reporting date.

For State Winners: To be eligible for State Trips and National Scholarships, participants must have passed their 14th birthday and must not have passed their 21st birthday on January 1, 1950, and must have completed at least three years of 4-H Club work including the current year.

SEE YOUR COUNTY EXTENSION AGENT FOR COMPLETE DETAILS

Sen. Byrd Would Balance Budget

Practically everyone talks about our huge federal budget. But few people know very much about it, and fewer still have any concrete ideas to cut the expenditure which might be reduced. Senator Byrd of Virginia, whose career has been characterized by an intense interest in fiscal matters, is one of the exceptions.

Gracie Says

John Ogle, of Cypress, Calif., was recently left homeless because women in the fire department kept him from calling the fire department. The poor man must have been on the same party line with Cousin Frank once had.

Chicago Airport Said Busiest in America

CHICAGO — (AP) — The men who run the Chicago Midway (Municipal) airport say it's the busiest in the U. S.

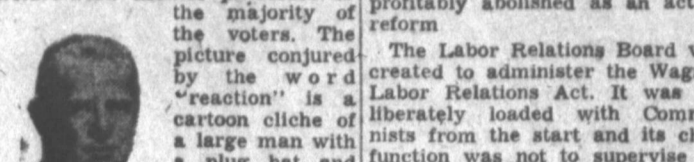

Washington.....by Peter Edson

WASHINGTON — (NEA) — Most of the people who are negotiating the pact for a new peace approach to the Russians seem to be fresh-starters on this most important problem of international control of atomic weapons.

Fair Enough - Pegler

By WESTBROOK PEGLER (Copyright, 1950)

The Republican Party has been called by the Democrats, Communists and others of that general feather the party of reaction.

So They Say

Korea is one of the testing points of (democratic) ideals. We cannot afford to fall here and we shall not fail.

QUICKIES

The American Legion is an admirable organization, and I am sorry that it seems to have gone off half-cocked in refusing to consider any change in the Veterans' Administration.

Common Ground

A Letter to a Bishop From a Friend of Man

I am going to reproduce a letter written to Rev. Edward L. Parsons, bishop of the Episcopal Church in San Francisco, California, by Ingemar McMurry of Marysville, California.

National Whirligig

news behind the news

WASHINGTON — A whole new batch of bustling, Lindbergh-like laws concerning racketeering is being introduced in the present slot attitude and spearhead a war on nationally organized crime.

So They Say

Today we have no problem of preserving the Union; instead we have the problem of preserving the world from the ravages of that problem may rest the fate of civilization itself.

QUICKIES

Confidential — Mayors and governors, however, who see at first hand the political corruption, the gang wars and the murders which occur down the dark streets of our cities.

QUICKIES

WASHINGTON — (NEA) — Most of the people who are negotiating the pact for a new peace approach to the Russians seem to be fresh-starters on this most important problem of international control of atomic weapons.

It's Good To Have The Barn Door Locked, But —

ALL RIGHT WITH YOU, BISHOP! (A cartoon illustration of a man in a suit and hat, looking thoughtful or distressed, with a speech bubble that says 'ALL RIGHT WITH YOU, BISHOP!' and another that says 'BISHOP, YOU'RE THE ONLY BISHOP I KNOW!')

The reason I say that Miss McMurry is a friend of man is that she is devoting a lot of time and energy trying to get people to understand the moral principles that will develop character and progress.

"I received a Pamphlet containing the Dean of Canterbury's Address to the House of Bishops, which you presented at the San Francisco gathering and were instrumental in bringing the Dean over from England to lecture throughout our country.

Common Ground

A Letter to a Bishop From a Friend of Man

I am going to reproduce a letter written to Rev. Edward L. Parsons, bishop of the Episcopal Church in San Francisco, California, by Ingemar McMurry of Marysville, California.

The reason I say that Miss McMurry is a friend of man is that she is devoting a lot of time and energy trying to get people to understand the moral principles that will develop character and progress.

"I received a Pamphlet containing the Dean of Canterbury's Address to the House of Bishops, which you presented at the San Francisco gathering and were instrumental in bringing the Dean over from England to lecture throughout our country.

"Dear Bishop Parsons: I received a Pamphlet containing the Dean of Canterbury's Address to the House of Bishops, which you presented at the San Francisco gathering and were instrumental in bringing the Dean over from England to lecture throughout our country.

"I cannot understand your eagerness in wishing to bring the Dean over from England to speak. You do not share his views—hence you must think him wrong, I, too, believe in Freedom of Speech and Liberty of Conscience.

"I will mention a few items that impressed me in Dean Johnson's address. For one thing, all that liberty, civil and religious that he found in Russia and her satellite nations—I take, with a grain of salt, we have had thoroughly Russia America since the time of the Russian Revolution.

"The daily Capitol Hill mail-bags bulge with demands for positive action from state and municipal officials, church and civic groups and individuals.

"Indeed, the White House and Attorney General McGrath have not shown too keen an interest in the Tennessee senator's demand. Neither Mr. Truman nor Mr. McGrath care to be pictured as a 'blueoan.'

"It was considered significant that the Kefauver proposal was not mentioned except by city and state representatives at Mr. McGrath's recent conference of local and federal enforcement officers.

"But it cannot be made available to local police superintendents or even to other federal agencies. These documents are kept 'confidential' because of quirkia in existing law.

"REGISTRATION — The Internal Revenue Bureau has the registration figures on more than 120,000 gaming machines on which tax stamps have been affixed.

"In 1931, when Bobby Leach went over Niagara Falls, in a barrel he broke both knee caps and was badly injured. Years later, in New Zealand, he died in a fall on an orange peel.

"An ardent golfer wrote a hasty manufacturer: 'Fifteen minutes after putting on a pair of your socks, I made a hole in one.'

"Tourist—You advertise this is the best hotel in town. Hotel man—It certainly is. Tourist—Well, that may be a good hotel for the hotel, but it's a terrible knock for the town.

"The Republican Party has failed, not in principle, but in selling that principle to the people of America.—Sen. Robert A. Taft.

The Family Barn

By GORDON MARTIN

If you happen to be driving round the older part of town you may notice workmen busy tearing ancient buildings down. And there's one of them that's high of roof, where once they stored the hay, and it sags behind a house that was a mansion in its day.

The American Way

By DeWitt Emery

You scratch my back and I'll scratch yours may be a perfectly satisfactory arrangement so long as both parties to the deal are actively engaged in scratching.

The Doctor Says

By EDWIN J. JORDAN, M.D.

Rheumatic fever has been called childhood's greatest enemy. It also attacks grownups and is one of the most important causes of heart disease in later life as well as in childhood.

In its typical form it produces a swelling, pain and redness of the joints, usually slipping from one to another.

The joints recover entirely without permanent harm, but permanent damage to the heart is its most serious effect.

Lack of knowledge of the cause of rheumatic fever certainly holds back efforts at prevention and treatment. Rheumatic fever is somewhat more common among the poor than among the economically well to do.

Treatment of rheumatic fever is also not yet wholly satisfactory. Complete rest in bed is necessary, as is good nursing, such as would be used for any acute infection or illness.

Careful tests of the heart must be made to find out how badly it has been damaged and just how much further care is necessary. Many people recover from an attack of rheumatic fever with hands which are not seriously affected, but on the other hand some get heart trouble from attacks which have been so mild that they passed unnoticed at the time.

Dr. Jordan will answer questions from his readers in a special column once a week. Watch for it.

Gambling today is the next step in the criminal underworld which operated throughout this country.

Many different reasons are advanced to find out how every effort is made to keep it so well covered up that most of the people will never even suspect its existence.

But this is small minority sufficient for forcing social security, old age pensions and so on, on everyone whether they want them or not? Of course, it isn't.

★ WE, THE WOMEN
BY RUTH MILLETT
VEA Staff Writer

Writes a seeing-eye wife: "A young divorcee in our neighborhood is making an utter fool out of my husband."
"She has used every trick in the book to gain his sympathy and enlist his help in her personal and business affairs. She often manages to head for the stop just as he is driving to work. She gets him to make some small repair for her—then offers him a drink, etc. But why go on—the tricks are as old as time, and seemingly as endless. "How can I make him see that she isn't the poor, helpless little thing she pretends to be, but an experienced woman who is enjoying her conquest and probably thinking what a fool I am not to see what is going on?"
You can't open his eyes, Mrs. C. Because when a man is being a fool of by a woman it is because he is enjoying it. He doesn't want to see the woman as she is and if you try to show him what she is up to, you'll probably be accused of being a jealous wife.
Furthermore, your husband would probably jump to the woman's defense—and you wouldn't like that.
IGNORE THE WHOLE THING
So just go on about your own life—and all out this episode without comment.
It will pass, make no mistake about it. Women who enjoy making a fool of a man are easily bored with success.
One of these days—if you refuse to let this business affect your marriage—this woman will decide that she has proved herself irresistible, has done what herself can do, and will move on to greener pastures.
When she does your husband may feel a trifle foolish. But don't expect him to admit it. And don't even hope it will teach him a lasting lesson. He'll probably be an easy mark for the

M. C. meeting, Wednesday at 7:30 p.m. prayer service, Friday evening, 7:30 young people's service.

Life and Organization in Religion

Bruce Barton, well-known advertising man, and son of the late Dr. William E. Barton, an eminent Congregational minister, wrote a few years ago a book concerning Jesus, under the title, "The Man Nobody Knows," which had a very wide circulation.

It was a unique and challenging book, and Mr. Barton's likeness did not meet with much approval among reviewers. But, though the conception was extreme, it made an important emphasis upon an aspect of the Christian movement, beginning with Jesus Himself, that has generally been overlooked.

We think of Jesus as a gentle teacher, going about with His disciples, meeting with individuals, talking to small groups as in the Sermon on the Mount, or pressed by the multitudes, whom at times He sought to avoid. That conception has full warrant in the Gospel narratives, but these also reveal how Jesus was a careful organizer, sending forth His disciples, two by two, choosing other seventy besides the Twelve, instructing them as to what they should say and do, listening to their reports when they returned, and in general carrying on a work of organization far beyond any work of which we have commonly conceived.

Moreover, He planned for the carrying on of the organization after His death and resurrection, as He gave the disciples the commission to go into all the world and preach the gospel.

Organization is not of much value without life; in fact it may be harmful if it continues when life has departed from it. But life without organization lacks continuance and permanency. The Christian church was built upon organization, as well as upon life. As Paul expressed it, in Ephesians 4:11, Jesus gave "some, apostles, and some, prophets; and some evangelists; and some pastors and teachers; for the perfecting of the saints, for the work of the ministry, for the edifying of the body of Christ."

Acts 6:1-5 tells of an important early act of organization, which has set a pattern for continuing churches, in the appointment of seven deacons. Their office at first had to do with the ministering of relief, for the early Christians showed their appreciation of the Master's teaching in their care for the needy. The office of deacons in modern churches is now spiritual, but they have charge of the communion fund, which is usually designated for relief.

A striking parallel with the organization and growth of the early church has been found in modern times in the life and work of John Wesley, and the founding of Methodism. John Wesley was the most prolific of preachers. He preached anywhere and everywhere, Sundays a day, weekdays, and upon every occasion. But he organized the converts he won. They were organized into classes with leaders, meeting regularly, for testimony, and for counsel.

Of course the lay preachers, whom Wesley organized, were also a part of his effective organization, but the case of Wesley and the growth of Methodism emphasize the power of organization with life, as against life alone. The organized life of the church is the power of its going.

CHRISTIAN SCIENCE

"Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 12.

The Golden Text is: "I know that whatsoever God doeth, it shall be for ever: nothing can be put to it, nor any thing taken from it" (Ecclesiastes 3:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible "But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him" (I Corinthians 2:9).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Matter, with its mortality, cannot be substantial if Spirit be substantial and eternal" (page 278).

Mrs. John Mitchell Hosts Church Group For Study Period

The Blanche Grove Circle of the Central Baptist Church was hosted by Mrs. John Mitchell in her home at 328 North Faulkner, for the last meeting. The next meeting of this group will also be in Mrs. Mitchell's home.

The opening prayer was by Mrs. R. T. Huffines, and was followed by a program on the topic "Is America Christian?" Mrs. E. P. Sheriff had charge of the program, and was assisted by Mrs. V. W. White and Mrs. J. C. Flowers. Mrs. White gave the closing prayer.

Those present were Mrs. J. C. Flowers, Mrs. R. T. Huffines, Mrs. V. W. White, Mrs. E. P. Sheriff, Mrs. E. M. Clark, Mrs. Earl Murphy, Mrs. T. C. Neal, and two new members, Mrs. J. W. Gray and Mrs. Cecil Cargill.

Cemetery Dating Back To 3200 B. C. Found

CAIRO — (AP) — Archaeologists have discovered a cemetery dating back to between 3,200 and 2,600 years before Christ in Egypt's Western Desert. Excavations disclosed mummified bodies with sheets of gold fitted closely over the eyebrows, eyes, and mouth.

Some skeletons still clutched silver or bronze coins in their hands — ferry fare across the River Styx.

The Social Calendar

FRIDAY
VFW Auxiliary will meet in VFW Hall at 8 p.m. Friday.
The Police Auxiliary will meet at 7:30 Friday evening in the home of Mrs. Shirley Nichols, 729 North Wells.

SATURDAY
The W.S.C.S. of McCullough Methodist Church will hold a bake sale Saturday at Mitchell's Grocery.

Blue Bell 4-H Girls Learn to Make Muffins

Members of the Blue Bell 4-H Club made muffins from the "master mix" recipe when they met in the home of Shirley Keel. The muffins were then served as refreshments.

Pictures were taken of the club members and their mother.

Attending were Johnnie Mae Dauer, Shirley Keel, Billie Mae Osborne, Olivia Ann Swain, Carolyn Anderwald, Mrs. Tom Anderwald, Mrs. J. M. Keel, Mrs. Roland Dauer, Mrs. Emmett Osborne, Mrs. D. W. Swain and Jeletta.

The invocation was given by Paul Roper, a Senior. The Rev. Edward C. Deer, pastor, welcomed the students with "Hi, Pardon?" The response, "We're Glad We Came," was given by Doyle Brown. Group singing was led by Miss Patsy Porter, accompanied by Miss Jackie Briggs.

Guest speaker, Dr. J. W. Marshall, president of Wayland College, Plainview, was introduced by the Rev. Dr. Marshall. He brought an inspirational message to the students, and advised them to prepare themselves for leadership in the world of tomorrow.

He encouraged the Seniors to study as many foreign languages as possible, and thereby be able to accept greater opportunities to help in promoting world peace.

"Anyone can get an education, but the plus in your training," he said, "is in getting a Christian education."

"Understanding and love and tolerance are strong factors in the promotion of world peace, and America's youth of today can be her greatest asset if they give their lives in Christian service to their country," he declared.

In closing, Dr. Marshall gave the poem: "The Touch of The Master's Hand."

The breakfast was served by the women of the First Baptist Church.

Mrs. E. K. Caperton was hostess to the Priscilla Club members and guests at her home recently. Daffodils and acacia in attractive arrangements added a note of spring.

Games of forty-two provided entertainment, and prizes were awarded to Misses Wm. Kyle, Jack Kersh and Fred Holmes.

The occasion was the anniversary of the birthday of Mrs. O. T. Nicholson, who was presented with a gift by the hostess.

Refreshments were served to four guests, Misses J. B. Ziegler, W. S. Pendleton, Charles Falmer and J. B. Clark and to these members: Misses O. T. Nicholson, Temple Atkins, Fred Holmes, Wm. Kyle, Jack Kersh, M. E. Risk, H. P. Mundy and George Stanley, Mrs. H. E. Forgy was a tea guest.

JUVENILE DELINQUENCY BEGINS IN THE HOME

"An Ounce of Prevention"

... is worth a pound of cure!"

It's an old proverb. You know how often it is true.

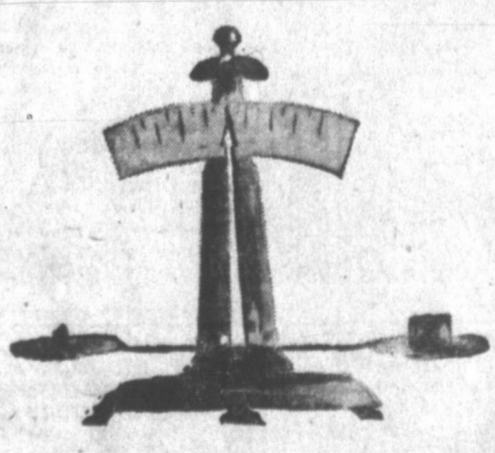

Take the case of juvenile delinquents. The cure for one takes time, costs a lot of taxpayers' money and causes considerable heartbreak on someone's part, usually the parents.

That proverbial ounce of prevention costs nothing; takes some time of course, in addition to love and affection, then instead of heartbreak and unhappiness, you will reap a lot of satisfaction and pride in a job well done.

What job?... that of raising a youngster to good citizenship, of course.

The prevention?... preventing delinquency by giving a sufficiency of your time, love, companionship and proper guidance instead of the cure... correction in an institution.

An ounce of prevention in this manner is worth many pounds of cure.

FUNNY BUSINESS BY HERSCHBERGER A cartoon illustration showing a man in a suit sitting at a desk, looking thoughtful. A speech bubble says: "Hello, Janitor! What's per in this apartment?"

FINGERPRINTS Don't Lie By Rupert Hughes Copyright 1950 by Rupert Hughes Dist. by NEA SERVICE, INC.

THE STORY: Azalea Palmer, young, beautiful, platinum haired, finds her father murdered at her home. A short time before her fiancé, Paul Moody, a young sculptor, had gone to see the murdered man, Wendell Palmer, because he had opposed Paul's plans to marry the girl. Azalea Palmer, a young girl from obtaining a commission to sculpt a group of figures for a new building, Nadine Prescott, Azalea's closest friend, has succeeded in quieting the murdered man's murderer and the police have been called.

They'll Do It Every Time By Jimmy Hatlo BUT GEEF OF BOY MY OFFICE OUGHT TO BE A LITTLE BIGGER THAN MY ASSISTANTS-I HAVE A BIGGER DESK AND HAVE TO HAVE SPACE FOR A BIG FILE CABINET... TEAR UP THE WHOLE JOINT AGAIN-BIG STUFF HAS TO HAVE MORE ROOM FOR HIS BAY WINDOW... HE'S GOT TO SHOW HER THE STRAW BOSS-IT WOULDN'T DO FOR SOMEBODY UNDER HIM TO HAVE THE SAME SIZE KENNEL... GREEF LAID OUT THE PLANS-HE'S THE ONLY ONE WHO DID ALL RIGHT-HE DEALT HIMSELF A BIG HIDEAWAY IN THE BACK... THERE'S MORE DEADWOOD AROUND THIS JOINT THAN THERE IS IN A BAT FACTORY... LISTENING TO THE BEEPS WHEN THE NEW OFFICE CUBICLES ARE DOLED OUT... THANK YOU "PLANNER" NEW YORK, N.Y.

Despite the fiction of the "independent" Mongolian People's Republic, Soviet penetration is complete. Economic and political penetration is less advanced than in Outer Mongolia and Manchuria but follows the same pattern.

Glazier

GLAZIER (Special) — Mr. and Mrs. Jim Wilson were honored with a farewell party last week in the Glazier School Building.

Mrs. I. M. Conley left last week to visit her relatives in Oakland, Calif.

Mrs. Lura Bullis of Canadian spent Sunday afternoon with Miss Julia Jamison.

Four-H Girls From Hansford Due Saturday

Miss June C. Gibbs, Hansford County home demonstration agent, will bring about 50 4-H Club girls and their parents to Pampa Saturday to visit local industries.

James A. McCune, chairman of the Chamber of Commerce Goodwill and Reception Committee, will greet the group at 11 a. m. at the Chamber of Commerce Office and will accompany them on a tour of the town.

Invitations to similar groups over the Top of Texas area are being extended by the Chamber Goodwill and Reception Committee, McCune said.

Well-Fed Kitty Kills Rats but Owner Must Pay

JOHANNESBURG (AP) — On the eve of his departure for London to take up the deputy-directorship of the Tate Gallery, Le Roux Smith le Roux has been presented with an official bill for \$8.05 — for cat's meat.

When le Roux was director of the Pretoria Art Center in 1944, rats began destroying valuable supplies of war-scarce art paper. A cat was appointed guardian, and waged such an efficient campaign against the rats that within six months the survivors had departed.

The Art Center's accountant was satisfied, but on the day Mr. le Roux's resignation became effective he received a letter from the Transvaal Education Department which disallowed the claim. Le Roux declares that he will fight the claim.

Mourning Ended In Greek Town

SALONIKA (AP) — The people of battered Naoussa, a small textile town bordering on the Macedonian plain west of here, have marked the end of a year of mourning. It was last January that Naoussa was sacked by three Communist brigades.

Naoussa depended mostly on its textile industry. Now the first pieces of new textile machinery have begun to arrive, part of ECA's program to provide a half-million dollar cotton spinning plant to replace the one destroyed by the Communists.

Picking 10 Persons to Start New World Is No Easy Task

By HAL BOYLE NEW YORK (AP) — If America were destroyed by atomic bombing, what ten living beings should be saved?

This question has been posed by Lester Dill, owner of the Meramec Caverns at Stanton, Mo.

Dill recently asked the Reconstruction Finance Corporation for a million-dollar loan to transform his 26-mile-long cave into an Ozark atom refuge.

Whether he is really looking for a loan or just more tourists it is hard to say. But he also asked a group of writers to nominate 10 Americans who, in the

U.S. Women Said Spoiled

GAINESVILLE, Fla. (AP) — American women are spoiled, says Dr. Perihan Cambel, Turkish-born associate professor at the University of Florida.

"In America," she says, "a woman thinks only of getting married. In Europe a woman thinks first of her career."

Here doing cancer research, Dr. Cambel says Turkish women who attend the universities take military training in summer, learning marching, shooting, radar, nursing and food service, and many have entered aviation.

But wrong ideas you have about Turkey do not compare with ideas we have about America. You have no conception of the warped picture of American life one gets from seeing only Hollywood movies. Everyone lives in skyscrapers, wears furs and there is gold in the streets.
