

Disputes Hinted as Legal Snarls Delay Signing of Coal Contract

Substantial New Demands Are Denied on Both Sides

WASHINGTON (AP)—Legal snarls Saturday night slowed the job of writing the soft coal peace agreement into a new contract to end the strike imperiling the nation's economy.

There were reports — followed by swift denials — that John L. Lewis had tossed substantial new demands on the bargaining table at the eleventh hour.

The reports came from operator sources. But the denials came from other operators and the United Mine Workers. One operator spokesman said "everything is running well" and he expressed optimism that the signatures would soon go on the dotted line.

An all day session of UMW and operator representatives had recessed until 8 p. m. The aim is to get most of the work done before the miners go back on the job Monday. One of the hardest jobs facing the attorneys for both sides was to make the agreement fit a federal court injunction which specifically called some of its points illegal.

Some operator representatives emerging from the drafting room Saturday afternoon said that Lewis spokesmen had brought nearly every issue in the proposed contract up for discussion. Harvey Cartwright, an Indiana operator, declined to predict that a contract would be finished Saturday night. There were some indications that the job might not be completed before Sunday.

Union representatives leaving the meeting indicated that it was the volume of paper work necessary to wind up the agreement which was causing the delay.

A union spokesman denied that there had been last minute demands. He said the committee working on the contract had a much longer list of demands than the UMW representative asserted there had been no change in the agreement on fundamental principles reached last night.

In the fields, happy miners who had held out grudgingly for a contract, made it clear that most of the 372,000 miners were eager (See DISPUTES, Page 14)

Two McLean Thefts Solved By Admission

Earl Glenwood Sellins, picked up Friday by Denver, Colo., police, has admitted the burglary of the Broadhurst Hardware Store in McLean and theft of the 1940 Ford coach belonging to the Earl Kramer, McLean, on the night of Friday, the Sheriff's Department said Friday.

Sellins, according to the report, attempted to give up to Oklahoma City police after the burglary, but police there would have nothing to do with him.

The Denver authorities picked the young man up following an armed robbery. Sellins, now in a Denver jail, is charged with that robbery.

The hardware store was burglarized of \$237 in cash, two rifles and a quantity of ammunition. The car was taken after the burglary.

An attempt will be made to bring Sellins here for trial, but Colorado officers have the first hold on basis of the armed robbery charge and the Federal Bureau of Investigation also has a hold on basis of Dyer Act — transporting a stolen car across a state line.

White House Doormen Honored by President

WASHINGTON (AP)—President Truman Saturday honored two Negro doormen on the 41st anniversary of their White House service.

He gave them each an autographed dollar bill and posed shaking hands with them in his office. He told them he hoped they would live to serve as many presidents in the future as they have in the past. That would be seven.

The Denver authorities picked the young man up following an armed robbery. Sellins, now in a Denver jail, is charged with that robbery.

The Denver authorities picked the young man up following an armed robbery. Sellins, now in a Denver jail, is charged with that robbery.

Dallasites Will See Jet-Assisted Takeoff

DALLAS (AP)—A demonstration of jet-assisted take-offs by a DC-4 airliner will be held at Love Field here at 2:45 p. m. Sunday by Braniff Airways.

Braniff has installed the jets for possible emergency use at La Paz, Bolivia, where the airport is 14,404 feet above sea level. However, so far, the jets have not been necessary.

Differences Brewing Over Bond Election

A group of taxpayers in a meeting Friday night, expressed opposition to the forthcoming school bond election, while on Saturday the Gray County Bar Association, reportedly to a man, endorsed the proposed plan for enlargement of the local system.

The group in opposition to the present plan hold their opinion on the ground that an elementary school is not planned for the southwest part of the city. The group also voiced disapproval of the amount of money planned for improvement of the Negro school — asserting the amount too small.

A six-man committee — composed of Frank Carter, president of the Taxpayers' League, Paul Chambers, R. F. McCallip, L. Edmondson, C. A. Reed and M. C. Hill — hopes to meet sometime this week with prominent citizens in an effort to iron out differences. Hill, who is secretary-treasurer of the league, said such meeting is hoped for.

It was announced about 80 persons attended the Friday night meeting at the Union Hall on W. Brown.

A comprehensive discussion of the proposed issuance, to go before the voters March 18, was conducted before the Kiwanis Club Friday.

Fred Thompson, a member of the citizens group which studied the school system, said the bond issuance, if passed, would be in the amount of \$1,250,000. It would enable the Pampa School District to almost double the floor space in the existing elementary schools; would provide for vocational-physical education gym facilities; and would provide for a new bus barn and facilities.

A total of \$90,000 would be allocated for adequate class room for the 12 grades at the Negro school and for an assembly room and gym facilities there. The speaker said it was found there are 112 scholastics enrolled there, with an average attendance of 91.

The average number of students per room in the grade schools is 33, Thompson said, while from 24 to 26 students is recommended by the State Department of Education. Twenty-four rooms would be added to the system under the plan.

Farris Oden, also of the citizens committee, said the reason a school should not be built in the southwest part of the city is that there are only 112 scholastics there. If all bus-transported children from out-of-town were transported to such school, the number would be 356, while from 500 to 600 pupils per school is recommended. He said under such plan more pupils would have to be transported from north of the railroad track than south.

General approval is voiced to cross-track transportation of children. Discussing the tax picture, Oden said, if the district should issue such bonds, it would still be in the best financial condition of any district in Texas. The program, he said, would cost the average taxpayer \$3 per year. The maximum tax on homes would be about \$5, while some home-owners would pay only about \$1.50, he said.

In arguing for the issuance, the speakers stated that there had been no improvement in the (See BONDS, Page 14)

Jury Dismissed As Compensation Case Is Settled

Jurymen, ordered by Judge Lewis M. Goodrich to report at 9 a. m. Tuesday in 31st District Court, were dismissed Saturday by the court following settlement of a compensation case that was to be heard this week.

"The jurors told to report at that time will not have to show up," Goodrich said. The case was brought by E. E. Porterfield against the Texas Indemnity Insurance Co. for 401 weeks workmen's compensation as a result of injuries he received on Dec. 20, 1948, while working for the Lee Way Motor Freight Co.

The out-of-court settlement, approved by Judge Goodrich, awarded Porterfield \$2,800 in a lump sum. The plaintiff suffered injuries to his neck, upper back, and internal injuries in the abdominal region when he fell against a loading dock wall of the Shamrock Products Co. while unloading a barrel of oil from a Lee Way truck, according to the pleading.

VICTIM'S TOOLS USED IN THEFT OF \$78.42

As officers were clearing up a series of Panhandle and Oklahoma burglaries during the weekend, an entirely new type of safe-cracker hit the Fox Rig and Lumber Co. Friday night, wrecking the safe and getting away with \$78.42 in cash and a small check.

The burglars not only stole the safe's currency contents, but used the company's tools to wreck it. However, the tools were left behind.

Chief Deputy Sheriff Rufe Jordan said the safe was entered through the bottom with a nail bar and a pick, the first of that type of safe-cracking on record here.

The thugs climbed the south wall, the only part of the fenced yard that had no barbed wire on top of it. They crawled up a ladder on a shed and came down through the lumber racks, making the front office. Inside the of-

MINSTREL CHORUS AT PRACTICE—Monday, Wednesday and Friday nights are reserved by members of the Lions Club minstrel chorus for practice. The group Friday night (shown above) is about half the number Vernon McCracken, director, needs in the chorus. Lions Club members, their wives and other Pampans who would like to participate should be at the City Palm Room at 7:30 p. m. Monday for the next practice.

Auto Hit by Fast Train; Two Injured

FREESTONE, Texas (AP)—A Burlington Zephyr hit an unoccupied automobile and went off the rails Saturday at the edge of this East Texas town. Two women passengers on the crack train were slightly hurt.

Seconds before the impact, Mrs. Ernestine Mandeville of Freestone plucked her two-year-old daughter, Brenda, from the stalled automobile and leaped from the path of the onrushing train.

The Sam Houston Zephyr, bound from Houston to Dallas and Fort Worth, slammed into the car and tossed it aside. But the train's cowcatcher was bent and 50 yards up the rails it caught on a switch.

This threw the engine off the track. It plowed into the earth, tearing up rails. Neither the engine nor any of the cars turned over. "After the accident, the engine and all the cars were off the track," said Mrs. Bob Crow, Teague, Texas, newspaperwoman. "They were in zig-zag positions up and down the track."

The engine and cars all were leaning, she added. Freestone is approximately 50 miles south of Corsicana. The accident occurred at 11 a. m. Mrs. A. E. Etheridge of Kerens, Texas, suffered a sprained ankle and Mrs. Nancy Mann of Houston had a skinned nose. Both were taken to the Teague City Hospital.

"I pulled my car up on the grade crossing," said Mrs. Mandeville, "and it stalled. Then I saw the train coming. I grabbed Brenda and jumped out. I was 10 feet from the car when the train hit it."

'Dead Man' Held By FBI Agents In Attack Case

DALLAS (AP)—The FBI said Saturday a man under criminal assault indictment at Erie, Pa., mourned as dead last fall, has been arrested here.

Scott S. Alden, FBI agent in charge of the Dallas district, said the man is Clyde Orlando Brown, 41, indicted Sept. 1 at Erie.

Alden said after Brown's indictment he was released on \$4,000 bond; that a few days later he went fishing on Lake Erie, and on the following morning his boat washed ashore with his hat, jacket and fishing equipment in it. His automobile still was parked at the fishing dock.

The FBI agent said Brown's family mourned him as dead, and allowed a finance company to repossess his car. Brown was indicted on a charge of luring an eight-year-old girl into a car, driving it to an isolated spot and attacking her.

The child was badly injured, and was hospitalized two weeks following surgery.

Alden said Brown denied his guilt, but admitted his identity and said he was the subject of the charge at Erie.

Full-Scale Drive
On Wetbacks Starts

SAN ANTONIO (AP)—A full-scale manhunt to check the flow of wetbacks is underway in the Lower Rio Grande Valley.

This was announced by H. P. Erady, chief of the border patrol section, U.S. Immigration Service.

Thirty-two patrolmen have been brought from the El Paso area to assist, Brady said.

Missing Bridegroom Object of Search

DETROIT (AP)—Police dug in the basement of a rambling old house in suburban Wyandotte Saturday night but failed to find any clues of a missing "lonely hearts" bridegroom.

Police Chief Martin Lilienthal said the search would continue, elsewhere.

The missing man is Guy J. Moxley, 41, a native of Plainview, Texas, who disappeared March 23, 1949, three months after he was married.

Moxley's wife, Constance, 42, watched, smiling, at times, as a police crew made an inch-by-inch search of her home. The searches broke up a slab in the basement.

Mrs. Moxley carried on her household chores, stopping occasionally to joke with the sweating policemen about the excavations.

Armed with shovels and a search warrant, police entered the Moxley home Saturday afternoon. Police said Mrs. Moxley had forbidden entrance to the basement even to her closest relatives.

Assistant Prosecutors Joseph Rashid and George W. Miller led the hunt. Officials said the thrice-married woman had not reported her husband missing until five months had passed.

The hunt was touched off by a letter from his brother, Texas Ranger S. M. Moxley, who wrote Wyandotte authorities when letters from his brother ceased a year ago.

The ranger was joined in his request for an investigation by a letter from his brother, Texas Ranger S. M. Moxley, who wrote Wyandotte authorities when letters from his brother ceased a year ago.

When officers first went to Mrs. Moxley's house, Det. Sgt. Carl Hooks said she identified herself as "Mrs. Donovan" and told them "those nice Moxleys went to New York."

After Moxley's car was observed parked for weeks in front of the home and Ranger Moxley wrote police, Hooks said the woman admitted she was Mrs. Moxley. She said she had quarreled with her husband, he'd left and she was glad to know where he had gone.

Ranger Moxley told police here: "I'm a trooper and I know that something had happened. I have his income tax refund check and other uncashed checks... that a man just doesn't forget."

LINE EXPLODES

ARLINGTON (AP)—A 16-inch gas main exploded two miles from here early this morning. The terrific blast rocked this area.

ADMINISTRATION GAINS SUPPORT
IN BID TO RETURN SOUTH TO FOLD

WASHINGTON (AP)—The administration's drive to bring all of the South back into the national Democratic party organization won support Saturday of Alabama Senators Hill and Sparkman.

With some Alabama House members, they urged election in the Alabama primary of a state political committee pledged to put May 2 regular Democratic elections on the ballot in the 1952 presidential race.

They came out against a States' Rights Democratic slate, headed by State Chairman Gessner T. McCorvey, who spearheaded a successful fight for election of presidential electors pledged to the States' Rights slate in 1948. No electors pledged to Truman were on the ballot in the general election in Alabama, which has 11 electoral votes.

Those votes went to a States' Rights ticket, headed by Governor J. Strom Thurmond of South Carolina, along with others from Louisiana, Mississippi and South Carolina for a total of 39.

Hill asserted he thinks "the interest of Alabama and the future of her people lie in the Democratic party."

"The power and influence which the Alabama delegation and other Southern representatives hold by virtue of their membership and positions in the Democratic party has made possible the defeat of FEPC and other so-called civil rights bills," Hill said.

Sparkman said he thinks "the

NO DEFENSE—Judith Coplon walks past a policeman huddled against the chilly blast outside Federal Court in New York where her attorney pulled a surprise in failing to call a single defense witness as they ended testimony in her spy conspiracy trial. Final arguments in the trial begin Monday.

Congress Hopefuls Hit Stump Routes

By HENRY S. GORDON
Pampa News Staff

Congressional candidates began over the weekend taking to the preliminary stump routes that will eventually lead one of them to Washington.

Chief Headed Home After Sooner Talks

Mrs. Altavene Clark, second to announce her candidacy for the office soon to be vacated by Rep. Eugene Worley's nomination to the Court of Customs and Patent Appeals' bench, hopped a plane Friday morning at National Airport, Washington, and came to the Panhandle to begin her campaign.

Mrs. Clark, reported as optimistic and ready for a "vigorous campaign," opens up at 8 p. m. Tuesday in Tulsa where she is scheduled to give a report on actions of the House Agriculture Committee and a discussion of proposed farm legislation.

Her first appearance will be made from the stage of the junior high school auditorium there, with the Swisher Farm Forum making up the majority of the audience. However, the public was invited to attend, Dr. Roy McCasland, forum chairman, announced.

When she left the airport the Agriculture Committee's executive officer said she felt her 17 years in Washington "had provided the best possible training to furnish the know-how so necessary to represent successfully the interests of the 18th Congressional District.

On the federal payroll for 17 years, first as secretary to former Rep. Marvin Jones, later to Wiley and now as the executive officer of the House Agriculture Committee, Mrs. Clark is the only woman in the field of five announced candidates.

Scott spoken, congenial, LeRoy LaMaster began his preliminary trek through the northern part of the district attending the Dumas and Dalhart 4-H shows and contests and stopped over in Pampa on his way to a similar program Friday afternoon in Higgins.

LaMaster, youthful farmer-rancher and insurance man of Perryton and fourth to announce his candidacy, was not making any definite commitments as to platform except that he refuses to "represent any one group but the district as a whole."

He did say he first noticed "unnecessary waste of public funds" when he was associated with the Farm Security Administration by the "needless red tape" farmers had to go through in obtaining government loans.

Regarding the Taft-Hartley Law, LaMaster declared he was not familiar enough with the law to make any comment as to where and how it should be revised, if at all. He qualified this by saying it "might be possible the law should be scrapped entirely and a brand new one set up in its place."

Meeting notices will be sent to members during the week, Williams said.

Builder of Capitals
Dies in California

PASADENA, Calif. (AP)—A man who supervised building of Idaho, Utah and Oklahoma capitols is dead.

Construction Engineer Harry William Baum, 75, died here Friday.

WE HEARD...

Elmer Bryan, 414 E. Frederic, say he had one large Chinese elm tree and several small ones he will give away on the basis of "first come, first served."

Three-year-old Joe Edward Timmons sorely misses his black Cocker Spaniel, "Skippy," who's been missing more than a week. The child is reported very attached to the pet. He lives at 408 E. Kingsmill.

Pioneer Gray County Woman Celebrates 90th Birthday

MRS. MINIX

McLEAN — (Special) — Mrs. Emily Lenora Minix and her friends celebrated her 90th birthday recently. A covered dish luncheon was held in the home of her daughter, Mrs. George Colebank — with the women of Mrs. Minix' Sunday School class serving as the host.

In the afternoon, open house was held from 2 to 5. There was a three-layer white cake, with 90 candles, and the guests were served coffee.

Mrs. Minix, nee Emily Lenora Paddieford, daughter of Mr. and Mrs. Henry Paddieford, was born Feb. 15, 1860, in Henry County, Mo., one of eight children. When she was 1 year old, her family visited relatives in Lone Rock, Wis., during which the Civil War began. They returned to their home in 1865, to find it had been used as a camp by Southern armies. The four walls of the house remained, but everything else had been used for firewood.

When she was about 16, her family moved to Texas for her mother's health. They stopped at the village of Comanche, which had to be guarded day and night against ravages of a notorious character who threatened to "take over" the settlement.

She married D. A. Sen Clair when she was 16. Arthur, her first son, was born to them. The father died in 1881 from an old wound received while fighting on the side of the South. In 1883, she married Jimmy Carpenter. Six children were born to them, five of whom are still living. While the family was living in New Mexico, Mr. Carpenter was shot to death through a misunderstanding over cattle land. The slayer was later convicted of the shooting.

At 39, Mrs. Minix (then Mrs. Carpenter) was a widow for the second time. After six years, she married Charles Ed Minix, of Carlsbad. In October, 1903, the family bought a section of land in Gray County east of the Webb Ranch. In 1911, her husband died

Wheeler Bank Changes to National Type

WHEELER — (Special) — D. E. Holt, president of the Citizens State Bank, has announced that the bank has transferred from a state bank to the national system. The conversion was decided upon at a stockholders meeting early in February. The bank will be known as "The First National Bank."

At the time of the conversion, the capital stock was increased to \$50,000 with a surplus and undivided profits fund of over \$25,000 which gives the bank a capital structure of over \$75,000. There will be no change in the policy or the personnel of the bank, Holt stated.

The Citizens State Bank was organized August 11, 1908, and opened for business in the sheriff's office in the old Wheeler County Court house. E. E. Holt was president, J. M. Porter first vice president, D. E. Holt was cashier, and J. E. Stanley and R. B. Holt, directors.

Business was carried on in the sheriff's office for eight or ten months until a small frame building could be erected on a lot just west of the present bank building. When the present building was erected in 1918, the frame building was sold and moved to the west part of town to be used as a dwelling. It was later moved to a farm near Mobeetie.

W. J. Carr Rites Held in McLean

McLEAN — (Special) — Funeral services for Walter Jay Carr, 44, were held last week in the McLean Methodist Church, with the Rev. W. B. Hicks, pastor, officiating. Mr. Carr died of pneumonia early Tuesday, while a leukemia patient in the Parkland Hospital, Dallas.

He is survived by his wife, Mrs. Lena Carr, a daughter, Patsy June, two sons, Walter Jerry and Bobby Gene, all of McLean; his mother, Mrs. Martha Carr of Ladonia, two sisters, Mrs. J. W. Womble, Dallas, and Mrs. A. A. Liston, Ladonia; and five brothers, Clyde of Farmersville, Edgar of Houston, Ernest, John, and Woodrow of Dallas.

Burial was in the Hillcrest Cemetery, McLean, under the direction of Claborn Funeral Home.

State-Line Fair Date Changed To Sept. 14-16

SHAMROCK — (Special) — Date of the 1951 State-Line Free Fair, originally set for Sept. 21-23, has been changed to Sept. 14-16. Bob Douglas, Shamrock Chamber of Commerce Manager, announced last week.

The change was made necessary when the Tri-State Fair of Amarillo was moved up one week to conflict with the date of the local event. Originally the Amarillo fair had been set for the first week in October but was moved up one week to the last week in September.

The board of directors of the State-Line Free Fair set the new date at a meeting held in the Chamber of Commerce office.

Valuable Package Is Not Appreciated

WINNSBORO, Texas — (AP) — Mrs. Studie Lawson of this city, was notified that a C.O.D. package with \$27 due—was waiting for her at the post office.

The package was from a mail order house and Mrs. Lawson had not ordered it. She investigated and found that her little son, Joey, had sent in the order. He explained: "The book said to order what you wanted and to send no money."

The package, and whatever it contained, went back to the mail order house.

Seven 4-H Boys Will Get Awards

COLLEGE STATION — (AP) — Floyd Lynch, state 4-H leader of Texas A&M College, announced that seven outstanding 4-H cotton producers in Texas have

been selected to receive the 1949 Anderson-Clayton Cotton Scholarship. Each boy will get a \$200 college scholarship, to be used for studying agriculture at any one of six Texas colleges.

The winners; Bobby Fitzgerald, Wilbarger county; John L. Byars, Hall county; Robert Greger, Falls county; Jimmy Rothwell, Lamar county; Raymond Kallas, Wharton county; Weldon Dreibradt, Guadalupe county and Dewayne Peterson, Martin county.

An average flock of young hens will produce 180 eggs per bird per year.

Concert Thursday to Climax Pampa School Choral Clinic

A two-day choral clinic will be climaxed with a concert at the Senior High Auditorium at 8 p. m. Thursday. K. W. Baumgardner, local choral supervisor, announced Saturday.

Dr. Gene Hemmle, head of the music department at Texas Tech, will be the clinician and guest conductor. Dr. Hemmle has directed the Robert Shaw Choral, the Mississippi Delta Festival, the Houston Bayou Festival and the tri-state music festival at Houston. He has appeared on the radio several times in the "Town Hall" program under such conductors as Arturo Toscanini, Igor Stravinsky, Bernard Herrmann, Leonard Bernstein and Albert Shaw.

On Wednesday and Thursday

mornings, rehearsals will be held with a large high school mixed chorus and the A Cappella Choir, with Dr. Hemmle acting as critic and guest conductor. Wednesday afternoon, Dr. Hemmle will go to the Junior High School Auditorium where the four elementary choruses under the direction of their respective directors will sing and receive constructive criticisms. Following, the three junior high choruses will sing individual and combined numbers under their respective directors for critical analysis.

Thursday afternoon, the four choral organizations participating in the night's concert — A Cappella Choir, mixed-chorus girls' glee club and eighth grade chorus — will meet in the High School

A IS FOR ATOM—Chief Petty Officer William Walker of Portsmouth, England, gives a lesson on use of the Geiger counter for atomic protection to WREN Shella Wilington, right. The WREN is a student in the school for atomic warfare safety in Portsmouth. Both student and instructor wear latest type protective clothing.

Endowment Fund Is Given \$50,000

MEDFORD, Mass. — (AP) — The Fletcher School of Law and Diplomacy of Medford has announced receipt of an anonymous gift of \$50,000 toward the endowment fund for the William L. Clayton chair of international finance.

The chair, named for the Houston cotton dealer and former undersecretary of state, is sponsored by the American Cotton Shippers Association and a number of government and business leaders.

Dean Robert B. Stewart said the \$50,000 raises total contributions to \$120,000 and that the chair will be inaugurated at the beginning of the new school year in September. The goal is \$300,000.

Baumgardner stated that the clinic is an added activity in Pampa Schools Choral Department.

The program is open to the public, with no admission charge, he said.

California produces about 200,000 tons of raisins annually. It takes four pounds of fresh grapes to make one pound of raisins.

Merchant Fleet Urged
FORT WORTH — (AP) — Strong Navy aircraft carrier forces and merchant marine fleets are essential for American security even in the super-bomb age, speakers at an American Legion conference here warned Friday.

"We will need both land-based and sea-based air power if we expect to survive another war," said Capt. John S. Thack of the Naval Air Training Command, Pensacola, Fla.

Thack and Solon B. Turman, vice president of Lykes Brothers Steamship Company, spoke at a national security conference held in Panama.

Slight Drop Recorded in Wholesale Index
NEW YORK — (AP) — The Associated Press index of 33 important wholesale commodity prices this week declined slightly to 161.05 from 161.54 last week, and compared with 168.93 a year ago.

The index base year of 1926 equals 100.

FIRST B-47 STRATOJET OFF ASSEMBLY LINES

WICHITA, Kans. — The first company "letter of intent" giving the go-ahead on a production model of the U. S. Air Force's newest and fastest bomber, the Boeing B-47 Stratojet, has been completed by Boeing Airplane Company here.

The airplane was turned over to the Air Force "Aircraft Engineering Inspection Board" for inspection. Major changes from the original B-47A are the new 600-mile-an-hour XB-47's (include

installation of more powerful General Electric J-47 engines of 5,200 pounds thrust each (an increase of 1,200 pounds per engine), additional fuel capacity and internal improvements resulting from experience gained in the XB-47 flight test program. Externally the new B-47A appears almost identical to the prototype XB-47's, two each of which were designed, engineered and built at Boeing's Seattle plants.

On completion of the Air Force inspection, any alterations on the No. 1 airplane will be made in the shops. Immediately afterward, the bomber will be ready for its first flight.

Shop completion of the initial production B-47A climaxes more than six years of jet bomber design study and development by the Boeing company.

Episcopal Church To Run College

BROWNWOOD — (AP) — Contracts have been signed here for the transfer of Daniel Baker College to the Dallas diocese of the Episcopal Church. The transfer will take place June 1 at the end of the present school year.

This will be the third church group which has sponsored the college. It originally was a Presbyterian school but recently has been under jurisdiction of Southwestern University, a Methodist school at Georgetown, Texas.

The school will continue as a four-year co-educational college.

Australia is staging a campaign to curtail the mistletoe which kills many of that continent's forest trees.

DERBY ENTRANTS GET VALUABLE TRAINING

Charles J. French, National Public Relations Director, Chevrolet Motor Division, awarding the second-place trophy at the 1949 Soap Box Derby Champions' Banquet to Donald Klepsch, of Detroit, who also won a Chevrolet sedan.

By T. H. KEATING
General Manager
Chevrolet Motor Division

Every boy who enters his local Soap Box Derby race gets into the contest because he wants to win.

Before he can attain victory, however, there is a lot of work ahead of him. He will study the rules so he can build without a flaw. And finally, he will race that car with every ounce of energy he possesses.

We in Chevrolet believe this work, done by some 50,000 boys each year, is good training. We believe these boys from all over North America learn to be better sportsmen through their participation in the All-American Soap Box Derby.

The boy who builds well, drives a straight race and exhibits true sportsmanship, whether he wins or loses, is typical of the thousands of Soap Box Derby contestants the country over.

The Chevrolet Motor Division, co-sponsor of the Soap Box Derby with The Pampa News, Culberson Chevrolet and the Pampa Lions Club, believes that no boy really loses in the Derby. Some few boys may win prizes and material rewards, but all of the contestants benefit from the experience of taking part in the race.

For this reason we say to all boys: put all you have into building and driving your racing car.

The local race will be held sometime in July, so now is the time for you boys to start building your racers. The National Soap Box Derby in Akron, Ohio, will be held on August 13. The local winner will be taken to Akron by a representative of The Pampa News.

Entry blanks and the Soap Box Derby rulebook are now available at Culberson Chevrolet.

Get yours the first thing Monday!

Group Inspects Georgia Pasture

ATLANTA — (AP) — Some of the delegates to the National Association of Soil Conservation supervisors look at another Georgia "winter grazing" section Friday.

The three-day convention of delegates ended Thursday, but some delegates stayed to see more of Georgia's spreading pastureland.

Before adjourning delegates selected a Texas cattlemen, Waters S. Davis, Jr., of League City, as the new president. Oklahoma City was picked as the 1951 convention site.

New vice presidents include R. M. Boswell of Kenedy, Texas.

A suggestion: Chicken feathers may be stuffed into a 2 1/2 x 11 bag and used as a river bank cushion while fishing.

Shamrock Rotarians, Wives Hear President of Wayland

SHAMROCK — (Special) — About 150 Rotarians, their wives and guests met at Clark Auditorium last week for the Annual Ladies Night Banquet.

The Rev. S. M. Dunnam led group singing of "America" to open the program and the Rev. E. C. Derr gave the invocation.

Winifred Lewis served as toastmaster and introduced Miss Doris Hedges who played piano selections.

Dr. J. W. Marshall, president of Wayland College, Plainview, guest speaker of the evening, was introduced by Seibert Worley.

"Since the United States is the strongest nation on earth, the country with the greatest opportunities, it is our job to lead out in the program for world peace," Dr. Marshall emphasized.

"We are getting into a more conspicuous spot in the world every day," he stated, "and whether you realize it or not, you are an emissary for your country wherever you are."

"The spirit of America reaches over barriers to other countries through such organizations as Rotary and every American traveler is an ambassador for the United States. If we ever have world peace it will be because we work at it as individuals. If we leave it to congress and to our president we will never have it for the only thing that will save the world, is the love of God in our hearts," he said.

Following the address by Dr. Marshall, several Wayland College students were introduced. They represented China, Hawaii, Italy and Brazil, and each one made a short talk on their opportunities in America in comparison with their native lands.

GROUNDLING—Mechanic Charlie Tucker, who taxis planes from United Airlines hangars to the landing gates at San Francisco, has 5,000 hours on the ground, none in the air.

Envy, rivalry, hate need no temporary indulgence that they be destroyed through suffering; they should be stifled from lack of air and freedom.

—Mary Baker Eddy

Services Held At Darrouzett For B. E. Hood

DARROUZETT — (Special) — Funeral services were held at the Darrouzett Methodist Church Thursday for Benjamin Earl Hood, 70, pioneer resident of this section who died at his home shortly after noon Sunday.

A native of Indiana, Mr. Hood came to Oklahoma with the opening of the Cherokee Strip. He homesteaded a claim in Beaver County in 1901. In 1904, he married the former Mrs. Edna Viers. He moved with his family to Colorado Springs in 1936 and then to Darrouzett in 1938. He was an active member of the Methodist Church.

Besides his wife he is survived by: Daughters — Mrs. Ray Bell, Perryton; Mrs. Genevieve Weiser, Avenue, Okla.; Mrs. Vincent Torano, Westfield, Pa.; Mrs. Warren Naslund, Torrance, Calif.; and Twyla Jean Hood, Darrouzett; Forest D. of Andrews, Tex.; Norman K. of Amarillo; and Leonard D. Darrouzett; brothers — Warren S. Hood, Austin; Arthur M. Hood, Aline, Okla.; and Howard D. Hood, Wichita, Kans.; sisters — Mrs. Pearl McCready, Big Harbor, Wash.; Mrs. Lula Mansfield, Bakersfield, Calif.; and Mrs. Frank Crockett, Clinton, Okla.; 14 grandchildren and two great-grandchildren.

The Rev. C. T. Jackson officiated at the services. Interment was at Darrouzett Cemetery under the direction of Boxwell Bros., Perryton. Pallbearers were Glen and Darrel Weiser, C. W. Redentis, E. R. Bell, Claude Hood and Bus Mounsey, grandchildren of the deceased.

Machine-Pick Cotton Profits Termed Higher

COLLEGE STATION — (AP) — Are mechanical cotton pickers worth the cost? The Texas Agricultural Experiment Station thinks it knows the answer. The results of exhaustive tests made in 1948 are included in a progress report recently released by the service.

The report is written in scientific language and in several tables. But one point stands out: The farmer got more money per acre and more profit per bale in 1948 when he used a mechanical stripper than when he had the cotton snapped by hand.

These tests were made in the high plains of Texas. The results are hedged about by a number of "ifs" and "ands."

One question left unanswered is how the mechanical picker will operate in areas where frosts arrive late. That would take in a large section of Texas, including the lush lower Rio Grande Valley and the rich central, south and east Texas farmlands.

The report boils down to these facts about the 1948 tests:

1. Cotton stripped (mechanically picked) on dry-land farms showed a return of \$39.74 a bale above harvesting costs, while cotton harvested entirely by hand returned \$30.03.
2. Irrigated cotton picked entirely by hand brought \$36.15 a bale over harvesting costs, while that mechanically stripped brought \$38.72 a bale over. Combination of the two — hand snapped the first time over, stripped the second time — brought \$35.75.
3. Loss of cotton was greater when mechanical strippers were used. But this loss was overcome by the lower harvesting costs of mechanical strippers.

'Rough Handling' By Patrol Charged

MISSION — (AP) — Matias Cavazos, Mission business man, has accused border patrolmen of rough-handling four of his sons while looking for wetbacks.

Cavazos, who said he was a citizen of Texas as were his father and grandfather, declared he had been promised an apology.

In McAllen, Valley Border Patrol Chief Fletcher Rawls said if an investigation is warranted there will be one.

ENGLISH VERSION
LOS ANGELES — Rugby, the rugged English brand of football, is being used by football players at University of California of Los Angeles as an excellent conditioner for the fall campaign.

CHECK ARCTIC RESEARCH EQUIPMENT — British seamen check equipment in a float at Rosyth, Scotland, before departing on a Royal Navy research voyage to Norway.

Air Force Base Gets Real Plane

SAN ANTONIO — (AP) — Lackland Air Force Base doesn't lack planes now. A Twin Mustang fighter has been installed in a prominent place as proof that the base really is a part of the Air Force.

Actually, Lackland has had planes all along, but it uses the runways and operations connected with adjoining Kelly base.

Trains arriving at Lackland for indoctrination have searched the grounds in vain for airplanes.

75,000-Pound Bridge Goes on Sale—Cheap

FORT WORTH — (AP) — Anybody want to buy a 168-foot bridge? Tarrant County has one for sale, cheap.

The span is 25 feet wide and

held together by 75,000 pounds of structural steel, will be covered by 40 feet of water when the Benbrook Lake is completed. It crosses Trinity River three miles south of Benbrook.

County Engineer Cook estimates it would cost \$5,000 to move the structure. He hopes it can be sold for scrap steel.

A mixture of the weed-killers 2, 4-D and 2, 4, 5-T has been found effective against brush.

Oiler Park Getting Big Face Uplifting

The annual face-lifting job on Oiler Park started last week and this year it promises to be much bigger than the usual application of a lot of green paint to brighten up the appearance. Already over 400 gallons of the grass-colored fluid has been applied to the grandstand, fences, dugouts, press box and every other object on the field that could be tinted green.

Soil is being hauled in to bolster the infield and continue to keep it the most playable diamond in the West Texas-New Mexico League. Soon the water will be applied to bring the green color back to the infield and outfield grass and make the park again one of the most beautiful in the league.

Sign painters are busy working on the signs in the outfield fence, around the park (see picture). Among the new features that will greet the patrons this season are a new scoreboard; additions to the press box and a gravelled parking area.

The new scoreboard, which will be moved to the centerfield fence, will be completely electric, with the possible exception of the numbers. The new board will replace the timeworn eyesore (see above) sitting in back of third base that is impossible for the players to see when they are at field and hard for many of the spectators to read.

The addition to the press box has provided two radio booths (see picture) on either side of the original structure atop the roof. The two booths have added 12 feet onto the press box and both are completely separate from the original structure.

Along the caliche spread on the parking area on the east side of the park last year, 800 yards of gravel will be spread. This will provide a fine parking area for the fans, one that should be suitable in case of rain.

Along the contract line, only three players remain to be signed. All the others are in and the players will be in town in three weeks ready to open practice on March 27 at Oiler Park. In addition to the three regular contracts, three contracts tendered rookies are still unreturned.

A new name was added to the roster last week when R. L. Edmondson signed a reserve catcher by the name of Zebler. The backstop, a limited service man, was bought outright from Shreveport.

While the new name was added to the roster, a bit of bad news arrived in Saturday morning's mail to Oiler headquarters. Frank Gillespie, speedy righthanded pitcher purchased outright from Clarksdale and upon whom much of the pitching burden was expected to be heaped this season, announced that he had to undergo an immediate major operation and would be late in reporting to camp. When he will be ready for action is unknown. His home is in Burnsville, North Carolina.

Lefors Ringmen Defeat Panthers

LEFORS — (Special) — The Lefors Pirates boxing team took a narrow 6-5 team victory here Friday night from the Panhandle Panther ringmen in 11 Schoolboy bouts.

In one of the top fights of the night, Durwood Lynch, Panhandle, won a decision over Ike Doom, Pirate slugger. In another fast and furious melee, Joe Rice, Buccaneer 147-pounder, scored a second round TKO over Don Hubbard.

Tuesday night the Pirates face the Pampa Boys Club boxers at the High School Gymnasium. The first fight starts at 7:30. Earlier this season the Pirates defeated the Pampa team.

Friday night's results: Lefors, defeated Charles Miller in first round.
 78-pounds: Jerry Herring, Lefors, decision over Edwin Hunsaw.
 97-pounds: Carroll Welch, Lefors, decision over Wesley Wood.
 117-pounds: Eugene Parks, Lefors, decision over Norman Bonner.
 118-pounds: Don Gripp, Panhandle, decision over Billy Cokerly.
 127-pounds: G. R. Durham, Panhandle, decision over Jim Boggs.
 135-pounds: Hampton Butler, Panhandle, decision over Hugh Brawley.
 140-pounds: Bill Clemmons, Lefors, defeated Jimmy Howard, in first round.

144-pounds: Joe Rice, Lefors, defeated Don Hubbard in the second round.
 155-pounds: Kenneth Bumpass, Panhandle, decision over Melvin Bigham.
 165-pounds: Durwood Lynch, Panhandle, decision over Ike Doom.
 Coach of the Pirates is Mac Winter; coach of the Panthers is Boyd Williams. Referee was John Rankin of Pampa.

The Pampa Daily News

PAGE 6 PAMPA NEWS, SUNDAY MARCH 5, 1950

Local Boys Club Boxers Trim Kress Mittmen, 6 Bouts to 3

The Pampa Boys Club boxing team racked up its second team victory of the year Friday night by defeating the Kress High School mittmen, 6-3, at Kress.

The win gave the Pampa club a season's record of 2 wins, 2 defeats and 1 draw.

Next Tuesday night they will fight a return match with the Lefors Pirates at Lefors. The first fight starts at 7:30 in the High School Gym.

The Kress team was fairly inexperienced, causing the fights to be quite rough and tumble and giving the Pampa team considerable trouble. Four bouts failed to go the regulation three rounds.

In the opening bout, Frank Smith lost a tough, close decision to Tom George of Kress in the 72-pound class. Smith fought a tight fight but lost the narrow margin decision.

In the second fight, Ronnie James, fighting in the 80-pound class, evened the matches up by scoring a first round TKO over Tooter Reed of Kress.

Claude Porterfield, 90-pounds, put the Pampa team ahead with a second round knockout of Fred Lindeman of Kress, a terrific right by the Pampa boy doing the job.

In the 122-pound class, Bobbie Wilhelm added another point for Pampa by defeating Richard Mahagen in another good bout.

In another 122-pound fight, Merl Chitwood, Kress, decisioned Tommy White in the top fight of the evening. White floored Chitwood in both the first and second rounds, but ran out of steam in the third bout and Chitwood calmed enough points that round to earn the decision.

Kieth Kelly, Pampa 128-pounder, gained a decision over Robert George in another fast fight. Both boys were free-swingers, providing plenty of a action.

Bill Freeman, Kress' 135-pounder, scored a second round KO over Jimmy Bennett.
 Leon Kelly, 175-pounder, assured Pampa of the team match by KOing Perry Overly in the third round of their fight. Kelly's sharp punching had Overly in trouble much of the time.

In a 141-pound scrap, Delmar Cox decisioned Buster Dorrough of Kress in a three-rounder. Cox, carrying a lethal left-hand punch, defeated a boy that had stayed all the way with Wellington's dynamic Wilbur Smith at the Goldon Gloves meet in Amarillo.

L. N. Atchison, local sports enthusiast, will be master of ceremonies at the Pampa Harvester basketball banquet next Saturday night at the Senior High School cafeteria. The banquet will start at 7:30.

Tickets for the affair are on sale in six spots in downtown Pampa. They can be obtained at Berry's Pharmacy, Wilson Drug, Johnson's Cafe, the Chamber of Commerce office, Frank Leder's Jewelry Store, or at the Pampa Office Supply.

Guest speaker for the occasion will be Coach Claire Adolph Ibbas, head man at Southeastern Kentucky State College. Special music for the affair will be provided by Helen Blocker and Coy Palmer, popular duo of radio station KPDM.

The Pampa Harvester basketball queen will be crowned at the banquet. Several coaches from the state's colleges are expected to be on hand for the occasion, honoring the 1949-50 Harvester cagers.

Quarterbacks Meet Monday

The Pampa Quarterback Club will hold an important meeting Monday night in the County Court Room. Meeting time is 7:30.

Several fine football films have been obtained for the meeting. Pictures of the Notre Dame-Southern Methodist game will be shown as well as the movies of the 1950 Cotton Bowl game between the Southwest Conference champion Rice Owls and the North Carolina Tar Heels.

In addition to the movies, some important business will be taken up, club president Jim Arndt said.

Women's Bowling Meet Underway

Firing in the Women's City Bowling Tournament got underway last night at the Pampa Bowl. Team bowling was all that was held last night.

This afternoon the singles and doubles will be rolled. The first competition this afternoon starts at 2 o'clock. The second shift goes on at 4:15 and the last crew at 6:30.

Defending champions were, in the team event, Reeves Oldsmobile's, singles, Helen Mohon; doubles, E. A. Riddle and Veta Carson; all-events, Delores Hawthorne.

Corpus Christi Stops Vernon Lions; Canyon and Gruver Class Champions

AUSTIN — (AP) — Corpus Christi's Buccaneers last night won the Class AA Schoolboy basketball championship of Texas, beating Vernon 46-34 in the finals.

Third place in Class AA went to the Austin of El Paso team, 48-45, in the battle for third spot.

AUSTIN — (AP) — Canyon and Gruver, a couple of smooth shooting teams from West Texas, sacked up state high school basketball championships Saturday.

Canyon smothered South San Antonio, 46-28, and Gruver smashed three of the eight Class B records broken yesterday in thumping Waelder, 45-34, for this division crown.

It was strictly "no contest" in the Class A championship game as Canyon used a bounding little guard, Joe Abbott, and three great big boys to smother the scrappy Alamo City team.

South San Antonio, the team that finished second in its own district but won the title on a technicality, tried hard but just couldn't overcome Canyon's height advantage.

Abbott's 17 points was high for the game. Troy Burrus had 16 points while Johnny Vick, of South San Antonio topped his team efforts with 11.

Canyon cinched the victory in the first half, at one point scoring 15 points while holding South San Antonio scoreless for 11 minutes. At the half the Eagles had a 23-13 lead.

When the three "big" boys on Canyon's team weren't breaking up South San Antonio play patterns, Abbott usually was with his aggressiveness.

Gruver broke the Class B championship team scoring record with its 45 point total and set 34 points scored by Waelder's scrappy, ailing Wildcats was the most ever scored by a losing team in the title game. The aggregate score of 77 points was also a new mark.

The old team scoring record in the championship game was set last year by Martin's Mill with 59 points. Mt. Enterprise's 33 points was the highest previously scored by a losing team — in 1945. The old aggregate was 72 points, set last year by Martin's Mill and Big Sandy.

Gruver's Greyhounds — a team without a senior on it — jumped into the lead to start and lost it only once. They used the same formula to win the championship they did in winning two one-point victories en route to the finals — lots of hustle.

Lynn Hart's 16 points was high for Gruver while Norman Miksch was top man for Waelder with 17 points.

Leslie Cator, Robert Fletcher, James Fox, Dan Shrader and Hart went all the way for Gruver. Waelder was never behind more than four points in the first quarter and in the second period went briefly ahead, 15-14, but Fletcher's field goal erased this margin and Gruver was out in front to stay.

Miksch and little Johnny Davis tried to put Waelder back in the game with long shots but Gruver's lead was too big to be trimmed and in the last three minutes the Greyhounds started making it grow to the ultimate difference — nine points.

Cayuga won third place in Class B and set five records in this division with its 68-34 victory over Forrester.

Spring Football Drills Start Tomorrow for Harvesters

Tomorrow afternoon the pleasant sound of popping leather will once again be ringing out at Pampa High School as the spring training period for the local Schoolboy footballers gets started.

Canyon smothered South San Antonio, 46-28, and Gruver smashed three of the eight Class B records broken yesterday in thumping Waelder, 45-34, for this division crown.

It was strictly "no contest" in the Class A championship game as Canyon used a bounding little guard, Joe Abbott, and three great big boys to smother the scrappy Alamo City team.

South San Antonio, the team that finished second in its own district but won the title on a technicality, tried hard but just couldn't overcome Canyon's height advantage.

Abbott's 17 points was high for the game. Troy Burrus had 16 points while Johnny Vick, of South San Antonio topped his team efforts with 11.

Canyon cinched the victory in the first half, at one point scoring 15 points while holding South San Antonio scoreless for 11 minutes. At the half the Eagles had a 23-13 lead.

When the three "big" boys on Canyon's team weren't breaking up South San Antonio play patterns, Abbott usually was with his aggressiveness.

Gruver broke the Class B championship team scoring record with its 45 point total and set 34 points scored by Waelder's scrappy, ailing Wildcats was the most ever scored by a losing team in the title game. The aggregate score of 77 points was also a new mark.

The old team scoring record in the championship game was set last year by Martin's Mill with 59 points. Mt. Enterprise's 33 points was the highest previously scored by a losing team — in 1945. The old aggregate was 72 points, set last year by Martin's Mill and Big Sandy.

Gruver's Greyhounds — a team without a senior on it — jumped into the lead to start and lost it only once. They used the same formula to win the championship they did in winning two one-point victories en route to the finals — lots of hustle.

Lynn Hart's 16 points was high for Gruver while Norman Miksch was top man for Waelder with 17 points.

Leslie Cator, Robert Fletcher, James Fox, Dan Shrader and Hart went all the way for Gruver. Waelder was never behind more than four points in the first quarter and in the second period went briefly ahead, 15-14, but Fletcher's field goal erased this margin and Gruver was out in front to stay.

Miksch and little Johnny Davis tried to put Waelder back in the game with long shots but Gruver's lead was too big to be trimmed and in the last three minutes the Greyhounds started making it grow to the ultimate difference — nine points.

Cayuga won third place in Class B and set five records in this division with its 68-34 victory over Forrester.

Moving up from the Reapers of Junior High School will be Lee Frasher, Tom Tinsley, Ray Spence, Bill Spence, Darrell Bozarth, David Cartwright, Joe Tynes, J. D. Ray, Richard Radcliff, Jimmie McDowell, Oscar Sargent, Billy Rose, Richard Qualls, Buddy Cockrell, John Farley, Jimmie Martindale, David Enloe, Gene Barton, John Wills, Glen Harris, Jim Keel, Tom Sells, Jack Traywick, Don Hicks, Charles Reeve, David Hunter, Dan Guinn and Reggie Mayo.

Several of last season's Harvesters who will be graduating this year will probably be working out with the gridders, trying to get back into shape for baseball and for college football.

Some 20 pounds of nails are used in building the average house.

WARREN'S WARMUP

By Warren Mason—News Sports Editor

QUESTION: What present-day pitcher holds the record for the most low-hit games in a career?

REGARDLESS OF THE OUTCOME OF THE STATE BASKETBALL tournament at Austin, which ended last night, West Texas gave an outstanding account of itself. As this is written, Gruver and Canyon have won and Vernon is still in the running. Three of the six finalists in the three classifications come from this area of the state.

Should Vernon cop the Class AA crown it will mean that the two major sports crowns in the state, football and basketball, will be owned by District 2-AA. Wichita Falls' Coyotes copped the football flag last December. Only twice before has one district annexed both crowns. In 1924 Oak Cliff of Dallas won both football and basketball championships. In 1932 Temple won basketball and Corsicana took the football title, both being in the same district.

What has kept Vernon going is a mystery to most observers who have seen the Lions play. They don't play spectacular ball by any means, they just keep plugging along. It was this plugging along that allowed them to defeat Pampa, 28-26, in the Children's Tournament this season and then go on to lose in the tournament championship play to Childress, only to bounce back and defeat the Bobcats for the district title.

Nobody who saw them play at Childress would have suspected that they were capable of defeating the sharp Berger Bulldogs in the bi-district playoff. And they certainly weren't picked to go to the state finals.

The next look Pampa gets at a Vernon High School team should come next fall in football. The Harvesters will meet the Lions here next September 29.

Meanwhile, the Fighting Harvesters, defending champions of District 1-AA football, will start their spring training period tomorrow afternoon at the High School. Prospects for the new season are bright at the present time, but there is a lot of time for things to go wrong between now and then.

Coaches Tipps, Noncater, Lyon and Frizzell have thirty days, starting tomorrow, in which to get most of the fundamentals of the game soundly drilled into the heads of the future Harvesters. Then next fall they can pick up from there, on Sept. 1, to polish off the team's attack for the opening game.

The football coaches have a big job ahead of them to produce another team that had the fight and determined spirit that last season's championship club possessed.

But I'm confident that they can again do the job. If the boys don't want to play to win for the Harvesters, they won't be playing. The coaches don't plan to carry any losers.

ANSWER: Bobby Feller, with 2 no-hitters and ten one-hit games, holds the major league record for the most low-hit games.

Piratettes Trim White Deer Six

LEFORS — (Special) — The Lefors Piratettes, girls volleyball team, split two games with the White Deer Does Friday night at White Deer. The Lefors "A" team won and the "B" team was defeated.

Members of the Piratettes coached by Lawson Shaw, are Wanda Roberts, Barbara Ross, Dorothy Tilley, Nell Guthrie, Lou Dean Cotton, Rachelle Howeth, Elbin Porch, Jacqueline Chitwood, L. A. Fern McCathern, Melba Bigham, Sheila Ross, Fryde Eowell, Shirley Perkins, Betty Roberts, Barbara Robertson, Virginia Martin, Betty Henderson, Willow Dean McAnich, Imogene McAnich and Delena Pfiff.

The season schedule for the team is: March 9, Pampa here; March 14, White Deer, here; March 18, Pampa tournament; March 21, Pampa here; March 25, Amarillo Tournament, there.

Decision Due on Alice Franchise

ALICE — (P) — A mass meeting is scheduled for next Tuesday night here to decide whether Alice enters the Rio Grande Valley League.

There now are seven clubs. The Alice effort will be league President Bill Byrd's last chance to round out the circuit.

S. E. Pratz and Bobby Franks were appointed temporary chairmen of the Alice organization.

Irish Ring Team Tops Wellington

SHAMROCK — (Special) — The Shamrock Irishmen boxers defeated the Wellington Skyrocket mittmen here Friday night in a fast card of 17 Schoolboy fights. Both teams are loaded with good fighters, and produce the strongest High School teams in the area.

Bobby Campbell, Shamrock 147-pounder, scored second-round TKO over Carrol Duncan and Wilbur Smith, outstanding Skyrocket puncher, decision Jimmy Pennington, in two of the top fights of the night.

Complete results: 70-pounds: Smokey Savage, Wellington, decision Jerry Bennett. 70-pounds: Bobby Tremble, Shamrock, decision Howard Murdock.

85-pounds: Bobby Davis, Wellington, decision Jerry Hurt. 125-pounds: Floyd Hood, Wellington, decision Morris Shafer. 102-pounds: Clarence Jones, Shamrock, decision Tommy Harris.

85-pounds: Paul Hall, Shamrock, decision Ray Savage. 75-pounds: Gary Phillips, Wellington, decision Gaston Tarbet. 75-pounds: Duggie Champerson, Wellington, decision John Hawley.

75-pounds: Donald Burkhalter, Shamrock, KO'd Olen Murdock in the second round. 85-pounds: Tom Christener, Shamrock, decision Ray Francis.

85-pounds: Horace Thompson, Shamrock, decision Don Scott. 95-pounds: Stephen O'Gorman, Shamrock, decision Truman Judd.

75-pounds: Don Hood, Wellington, decision Jimmy Keyes. 125-pounds: Edward Carver, Shamrock, decision Bobby Thomas. 140-pounds: Paul Cooper, Shamrock, TKO'd Bill Wauer, in the second round.

80-pounds: Wilbur Smith, Wellington, decision Jimmy Pennington. 145-pounds: Bobby Campbell, Shamrock, TKO'd Carrol Duncan, in the second round.

Coach of the Shamrock team is H. Callan, John Bray is coach of the Wellington club.

Skellytown Looks To Track Season

SKELLYTOWN — (Special) — The Skellytown Grade School athletic teams looked forward to track, volleyball and softball this week as the successful cage season came to a close. The final game of the season, scheduled with Panhandle for last Friday, was cancelled as the tilt had no bearing on the outcome of the J-B race, already sacked up by Skellytown.

The district track meet will be held April 8, giving the member teams a month to prepare. Other clubs entered in the district are White Deer, Claude, Panhandle and Groom.

Prospects for the Skellytown spring sports teams are good. Coach Bert Tabell said, with many returning veterans from last year. Heading the members of the track squad will be Ronald Mills and Donald Denham.

Lions and Redskins to Bring Stars Home

DETROIT — (P) — The Detroit Lions announced Saturday they will meet the Washington Redskins of the National Football League in an exhibition game next August 30 in the Cotton Bowl at Dallas, Texas.

It will pit a pair of Texas grid greats, Oak-Walker, Lion freshman from Southern Methodist, against Slinging Sammy Baugh, former Texas Christian pass-master who will be starting his 14th season for the Redskins.

LE BARON HONORED STOCKTON, Calif. — Football jersey number 40, worn by Eddie LeBaron, has been retired by the College of the Pacific.

STRAIGHT DOWN THE MIDDLE, went the first tee shot by Jimmie Howard Friday afternoon as he led the Pampa Harvester golf team around the Pampa Country Club course in a team match with the Amarillo Sandies. Howard turned in a respectable 78 over the par-71 layout. The Sandies won the match. (News Photo and Engraving)

Pampa Harvester Golfers Lose to Sandies, 20 1/2-12 1/2

The Pampa Harvester golf team, showing decided improvement over previous matches, lost to the Amarillo Sandies Friday afternoon, 20 1/2 to 12 1/2. The team match was played over the Pampa Country Club course. Earlier this season the Sandies trounced the Green and Gold linksters, 18 1/2 to 5 1/2, and last season shut them out, 24-0.

With the rapid improvement shown by the Harvesters they will be in good shape by the time the District 1-AA tournament is held and state championship competition gets started.

Medalists for their teams Friday were Jimmy Howard of the Harvesters and Don Hill of the Sandies. Both fired 78s over the par-71 layout.

Complete results: Don Hill (A), 76, won 2 points; Jimmy Howard, 76, won 1 point; George Aubach, Jr., (A) won 3 points from John Friant; Jim Baker (A) won 2 1/2 points; Charles Austin, 79, won 1-2 point; Tommy Cox, 79, won 2 points; Sam Mitchell (A) won 1.

Bill Colvin (A) won 2 1-2 points; Jackie Cox, 83, won 1-2 point; Richard Miller, (83), won 2 1-2 points; Charles Holt (A) won 1-2 point; Glen Harrell, 84, won 3 points from Rex Shuffler (A); Jerry Beck, (A) won 3 points.

Lon Morris is JC Champion

COLLEGE STATION — (P) — Lon Morris of Jacksonville today won a surprise championship of the Texas Junior College Basketball Tournament.

The Bearcats upset defending champion Tyler 73-71 Friday night in the third annual meet. Jackie Henderson's field goal in the last 45 seconds turned the trick. Henderson was high point man of the game with 22.

The defeat for Tyler snapped a winning streak of 33 games. Amarillo beat Wharton 53-51 to win third place.

Lamar College of Beaumont won the consolation championship by beating Blinn 68-46.

Dawson Remains As Temple Coach

TEMPLE — (P) — Ted R. Dawson has decided to remain here as head coach of Temple High School — with a new three year contract and an increase in salary.

Dawson had asked the Temple school board to release him so he could take a \$8,000 a year job at Alice as head coach.

The board voted unanimously not to release Dawson and amended his contract so he will receive \$5,400 the first year, \$5,500 the second and \$5,600 the third. The first contract called for \$4,900, \$5,000 and \$5,100.

Walter Hagen won four consecutive PGA championships (1924-27) and during that period won 22 straight golf matches.

Corpus Christi Unhappy Over Snub by NAIB

CORPUS CHRISTI — (P) — The University of Corpus Christi held the best basketball record in the Southwest and one of the best in the nation today but had no place to put it.

Winners of 25 games out of 26, the Tarpons Friday night licked Oklahoma City University, 25-23, to wind up the season.

Corpus Christi had hoped for a berth in the Texas NAIB playoff but Texas Wesleyan Friday night was chosen by the selection committee to represent the independent colleges.

Dr. R. M. Cavness, president of the University of Corpus Christi, that "I don't agree with it and several thousand others here don't agree."

Dr. Cavness said an attempt was made to get Texas Wesleyan to play in a tournament for independent colleges here three weeks ago but Wesleyan turned down the invitation because it said it was over-scheduled.

Wesleyan offered to play Corpus Christi this week but Dr. Cavness said his team had games with St. Edward's and Oklahoma City and couldn't do it.

Dr. Cavness said Corpus Christi U. had the record to warrant its selection over Wesleyan for the NAIB and that "I imagine there will be some red faces among the committee that made the selection of Wesleyan when they see what we did to Oklahoma City University."

Corpus Christi U. wound up the season with 1,495 points in 26 games and a defensive record of 39.6 per game to lead the nation's small colleges in this department.

City Tourney On Weekend

FORT WORTH — (P) — Eight teams will be here Friday and Saturday for the second annual State City Conference Schoolboy Basketball Tournament with both the champion and runner-up of 1949 returning.

Neither will be a favorite, however, Paschal (Fort Worth), which won the title last year, finished second in its district this time. Milby (Houston), which played Paschal in the finals, also is runner-up in its district.

The winner and runner-up in each of the four districts—Dallas, Fort Worth, Houston and San Antonio—will be in the tournament.

Crosier Tech of Dallas brings the best record to the tournament. The Wolves lost only one game this season — that to Forest of Dallas. They won 24.

Dr. Cavness said an attempt was made to get Texas Wesleyan to play in a tournament for independent colleges here three weeks ago but Wesleyan turned down the invitation because it said it was over-scheduled.

Wesleyan offered to play Corpus Christi this week but Dr. Cavness said his team had games with St. Edward's and Oklahoma City and couldn't do it.

Dr. Cavness said Corpus Christi U. had the record to warrant its selection over Wesleyan for the NAIB and that "I imagine there will be some red faces among the committee that made the selection of Wesleyan when they see what we did to Oklahoma City University."

Corpus Christi U. wound up the season with 1,495 points in 26 games and a defensive record of 39.6 per game to lead the nation's small colleges in this department.

Kentucky Derby Has Big Field To Select From

LOUISVILLE, Ky. — (P) — The 1950 Kentucky Derby, to be run May 6, will draw its field from 134 three-year-old thoroughbreds that include the champions of 1949 juvenile racing.

Churchill Downs announced the nominees yesterday. There were three fillies and 131 colts and geldings. The total is 21 more than the total number of entries made eligible for last year's golden jubilee derby.

In keeping with the tradition of America's most famous race, hardly an important name among the top stars of the previous year's freshman campaigners was withheld from eligibility.

King Ranch named its Middle-ground, top-weighted colt in the Experimental Handicap.

The field is further strengthened by the nomination of Your Host, the West's champ two-year-old and winner of the recent \$100,000 Santa Anita Derby.

American League teams will play 115 games with National League clubs during the baseball spring training season.

Walcott Asks Shot at Top Heavyweight

NEW YORK — (P) — "I want Ezzard Charles or Joe Louis soon."

The speaker was Jersey Joe Walcott.

This is where you came in? After all, the ancient ringman lost twice to Louis and once to Charles, the NBA champion. But maybe the 36-year-old Camden, N.J., papa makes a little sense.

Jersey Joe, who admits to 36 years, made his speech Friday night after stopping Omelette Agramante, the Cuban heavyweight champion, in 21 of the seventh round of their feature bout at Madison Square Garden.

Walcott, 1 to 4 favorite, outweighed the Cuban, 198 to 183 1/4.

"Aggie" is rated seventh among the world's heavies by Ring Magazine, the boxing bible, and about the same by the NBA. Yet the Cuban looked like a novice against Walcott.

Tooter Harper, '49 Oiler, Seriously Hurt in Crash

SHREVEPORT — (Special) — Luther (Tooter) Harper, 23, former Pampa Oiler infielder and a star Shreveport prep-school athlete, was seriously injured in an automobile crash in which he was thrown out of his vehicle and run over by two passing cars at 2 a.m. Saturday, two miles east of Bossier City on U. S. Highway 80.

State police said Harper's car struck a truck-trailer and bounced across the highway, throwing him onto the pavement. Neither of the two cars that ran over him stopped, police said.

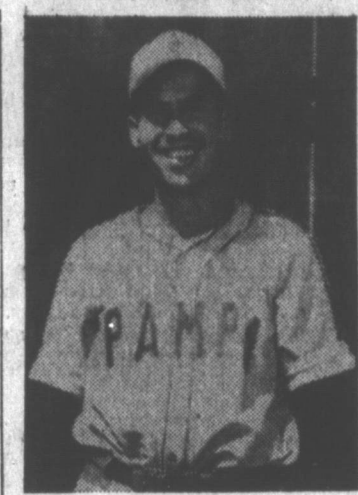

Harper, who is in the North Louisiana Sanitarium at Shreveport, suffered a fractured skull, lacerations over the eyes and cuts and bruises of the head.

X-Rays were to be made Saturday night or Sunday morning to determine further injuries. The truck trailer which Harper struck was driven by Harry Cross, 34, of Fort Worth, state troopers said.

Police reported Harper was a traveling west and was attempting to pass the truck when he met on-coming traffic. In an effort to get back into his line of traffic, Harper crashed into the right rear of the truck.

The officers speculated that the drivers of the cars that ran over Harper did not see him on the pavement.

Harper, an infielder, played with the Pampa Oilers in the West Texas-New Mexico League last season. He was with the Alexander Aces in the Evangeline League during the 1948 campaign. He is owned by the Alexandria club.

Belgian People to Vote on Return of King Leopold

BRUSSELS — (NEA) — Belgium is split wide open — politically, geographically and sentimentally — on the question of whether or not King Leopold should be asked to return to his native land, his palace and his throne.

Although a plebiscite will be held March 12 so the people may vote on the issue, many Belgians feel that the deep splits raised by the bitter question will not be healed for many years.

Leopold is still King of the Belgians in name, but since 1944 his brother, Prince Charles, has ruled as regent. It was Leopold's wartime behavior, when he surrendered the army to the Nazis after 18 days of fighting and later was accused of collaboration, that first barred his return.

Now there are other factors that opponents of Leopold are using as arguments. They say, for example, that his second marriage is illegal, that he exhibited definite pro-Nazi tendencies, and that his commoner wife is going back on her word that she never wanted to be queen.

Those who favor his return have but one argument, but it is a big one. He is the King, they say, and his place is on the throne in Brussels. The pro-Leopold faction bases all its appeals on the 120-year-old royal tradition.

The largest political party in Belgium, the Parti Social Chretien, or Catholic Party is officially for his return. The next most important party, the Socialists, is officially against. The Liberal Party, the only other major one, is divided. The small but vocal Communist Party, of course, is violently opposed to Leopold's return.

Geographically, too, Belgium is divided on the question. The agricultural north, home of the Flemish, is pro-Leopold, while the Walloons, who live in the industrial south, are mostly anti-Leopold.

Actually, the balloting will not be binding on anyone. It is really an advisory referendum, to inform the Parliament of the thoughts and wishes of the people. But the Parliament will not be bound to act on the results.

King Leopold himself is supposed to have said he will not come back, no matter what the Parliament does, unless he receives a commanding majority.

Leopold's second marriage, during the war, to Mile. Mary Lelia Baels is one of the sore spots with the anti-returners. For one thing, her brother is considered something of a deserter, since he remained in a neutral country during the war and didn't enlist. And her father, too, had an unsavory war record.

Procurement Centers Are Expected Soon

NEW YORK — Procurement information centers will be set up in a score or more cities so that small business will have a better chance to bid on defense contracts, according to Business Week.

The magazine says that each office will receive daily every bid invitation put out by some 40 Army, Navy and Air Force buyers. The invitations will be available for inspection at the offices and will be summarized for use of local trade associations.

The information centers are expected to be opened within the next 30 to 60 days.

All Officers Relected By Chapter

SHAMROCK — (Special) — All officers of the Wheeler County Chapter of the National Foundation for Infantile Paralysis were relected at a public meeting held in the district courtroom in Wheeler last week.

Harry Wofford, Wheeler, was relected general chairman; Flake George, Shamrock, treasurer; and Mrs. Audrey McClain, Wheeler, secretary.

Baxter Purcell was named chairman of the 1951 fund drive for the Shamrock vicinity. He replaces Neal Wilson who headed the drive in the south part of the county this year.

George stated that the contribution from the Lions Club last week brought the county total to \$7,382.70, netting the Wheeler chapter a bank balance of \$2,174.59.

Kellerville

KELLERVILLE — (Special) — Mrs. C. B. McReynolds of Lubbock visited most of last week with her son and daughter-in-law, Mr. and Mrs. Raymond McReynolds.

Mrs. J. A. Gibson of Richmond, Calif., and Mrs. E. D. Provine of Socorro, N. M., are visiting in the home of Mr. and Mrs. Sammy Malone.

Mr. and Mrs. R. L. Higdon have returned to their home in Elk City, Okla., after visiting several days with friends and relatives in Kellerville.

The Rev. and Mrs. H. P. Bishop have returned home after a visit with relatives in Leedey, Okla.

County Chapter \$3,691.35. Bills paid since January 1, amounted to \$1,690.95, leaving the local chapter a bank balance of \$2,174.59.

Engineer Group Sets Borger Meet

A verbal sketch of the Canadian River Dam project will be given at 7:30 p.m. Monday, to the Panhandle Chapter, Texas Society of Professional Engineers, by A. A. Meredith, Borger city manager.

The address will be given during the regular meeting of the group to be held in Huber Recreation Building, Borger. A movie, "Pipe Line construction," will also be shown. J. L. Adams, Amarillo, secretary of the organization, said. Members were asked to bring guests with them.

Branch Line Request Refusal Proposed

WASHINGTON — (AP) — Refusal of authority for the Texas & New Orleans railroad to build a new line in Victoria County, Texas, has been recommended here.

Robert Romano, Interstate Commerce Commission examiner, recommended refusal for the new 4.5 mile branch line.

It was proposed as an extension of the railroad's Victoria-Port Lavaca branch to serve a new industrial plant being built by E. I. Du Pont De Nemours Co.

Charter members of the troop are George Oakley, Jr., Bob Stubbs, Boots Bible, Fred and Jimmy Don Goldstein, Jack Hall, Eugene Worsham, Larry Williams, Douglas Smith, Robert Smith, Mickey Allen, Jimmy and Stanley Cokerham.

Over \$42 raised from the showing of the African hunt film about two weeks ago by C. E. Cooke of McLean sent to the Scout organization.

Ice Popper ice trays. Usefulness to make your daily work easier... design that stays modern. Dependable refrigeration for 69 years... that's Leonard!

Borrowed Boxcars on Way To Haul Out Lumber Yield

By WILLIAM C. BARNARD
Associated Press Staff

The Southern Pacific is borrowing boxcars from every railroad in the country, moving them westward.

A thousand empty cars a day are rolling to the Pacific Northwest to haul the big 1950 lumber yield.

Hundreds of these cars are going right out of Texas — rattling through Del Rio and El Paso and westward.

"We're using every spare boxcar of our own and borrowing them wherever we can," said a Southern Pacific spokesman. "When we hear of an available car, we send for it."

The Southern Pacific pays a daily rental of \$1.75 per day on boxcars it borrows — the standard fee. During the war one railroad found it difficult to rent cars from another for in those days boxcars could earn \$30 a day carrying freight.

C. P. Wasson, a Texas official of the Association of American Railroads said: "The Southern Pacific is finding surplus cars in Texas now. Business is off at this time."

Between 300 and 400 empty cars a day are going through Del Rio. All Southern Pacific railroad men out there — even those on the "extra board" — are at work.

The San Felipe Country Club at Del Rio had planned a golf tournament for railroad men but it was postponed because the men were all working too hard to play golf.

Boxcars headed westward are so-called "rough load" boxcars — cars not in good condition. Perhaps they have holes in the floors, sides or roof, but they are good enough to transport such things as heavy machinery, baled cotton and logs.

W. H. Haft of the M-K-T Railroad explained to us that boxcars are graded. The top grade is AA — for hauling flour. The next grade is A — used for

Corrosion Costs U.S. More Than 5 Billion Yearly

LAKE SUCCESS, N.Y. — (AP) — Corrosion costs the United States five and a half billion dollars a year.

This report to the United Nations Scientific Conference on the Conservation and Utilization of Resources is made by Herbert H. Uhlig, Massachusetts Institute of Technology.

The United Nations released this report in advance of the conference which begins August 17. Biggest single loss is paint, at \$2,045,000,000. This total is \$585,000,000 dollars worth of paint and \$1,460,000,000 the cost of labor to replace the paint.

Second largest loss is corrosion in auto and other internal combustion engines, \$1,030,000,000. Third is \$800,000,000 for underground pipe maintenance and replacement.

Dallas Official Charges Nevada Racketeer Haven

DALLAS — (AP) — District Attorney Will Wilson said yesterday Nevada is "an asylum for racketeers."

He was commenting on failure of his efforts to extradite Benny Binion from Las Vegas. Binion has been indicted here on charges of operating a \$1,000,000 policy, or numbers, game.

Wilson described as "a demonstration of the weakness of Nevada's courts" the ruling in Las Vegas by District Judge Frank McNamee that there was no evidence to indicate Binion was a fugitive from justice under extradition statutes.

"In effect, it makes Nevada an asylum for racketeers," Wilson told reporters. "Gamblers can now stay in Nevada and operate rackets in other states through agents and avoid prosecution. It's just one more demonstration of the evils of organized gambling."

Auto Agency Heavily Damaged by Blaze

LUBBOCK — (AP) — Fire fed by exploding gasoline caused about \$60,000 damage to the Pup Thomas Hudson Agency here yesterday. Seven late model cars were destroyed or heavily damaged.

The fire began when an electric spark ignited a gasoline tank.

Then comes the B cars which tote bulk cement and the cars which haul merchandise in barrels, carts, boxes and sacks. The lowest grade "X" cars are the rough load cars.

The life of a box car is 20 years and in that time it is likely to travel over the tracks of every railroad in 48 states and perhaps it will even get a tea train trip or two to Cuba, Haft said. Edward H. Ames of the M-K-T said tank cars built in 1909 are still in use. A couple of years ago, Haft saw a caboose, built in 1890, that was still rolling.

Prince Bernhard In Los Angeles

LOS ANGELES — (AP) — Prince Bernhard of The Netherlands is in town but says he has no time to visit the movie studios.

Aviation is the main concern of the prince on his three-day visit here.

The prince arrived here yesterday at the controls of his private DC-3 airplane on a flight from Guadalajara, Mex.

He will take off Monday morning for Fort Worth where he will spend the week. The next stop then will be Washington.

Shepperd Recovering From Laryngitis Case

TEMPLE — (AP) — Secretary of State John Ben Shepperd is recuperating in the Santa Fe Hospital here from a case of acute laryngitis.

Doctors said he would be released by the end of this week or the first of next.

CORSAGE MEANS FOOD FOR CINEMA STARLET

By BOB THOMAS

HOLLYWOOD — (AP) — "A rose is a rose is a rose to readers of Gertrude Stein. To starlet Pipet Laurie it's a tasty tidbit."

A swain would be daffodil to send a corsage to the 18-year-old actress. She'd be likely to eat it. Piper's flower-eating habits were uncovered during a "Louisa" scene, in which Edmund Gwenn mixed a marigold salad. The rest of the cast was surprised to hear of such a dish.

"What's so amazing about that?" the starlet asked. "I've been eating flowers for years."

I didn't put much stock in the report until I met the girl at lunch. She assured me that any man, woman, orchid would relish certain flowers.

"They're my favorite. They have a nice, leafy taste, something like lettuce but much

sweeter. I eat gardenias plain; most other flowers I eat in salads."

"Are you serious?" I asked.

"Certainly," she answered. "What's more, a doctor told me flowers have lots of vitamins." I asked how she got started on her bloom-nibbling jag.

"It started when I was a kid in Detroit," she replied. "I loved lilacs. One day I wondered if they tasted as nice as they smelled. So I went over to the neighbor's yard and tasted some. They were delicious."

Soon her tulips were tasting all kinds of blossoms.

ATTEMPT HALTED

SEOUL — (AP) — Korean army headquarters said today they had broken up an attempt by an unidentified ship to supply Communist guerrillas in the republic of South Korea.

U.S. Aid Sought in Completion Of Highway Link

PANAMA — (AP) — A five-nation conference has voted to seek U. S. financial aid in completing the highway linking North and Central America.

The proposal would have Central American countries pay one third of the costs and the U. S. the remainder.

The conferees were told that only 150 miles of the highway running between Nuevo Laredo, Mexico, and Panama, remains uncompleted.

Panama, Costa Rica, El Salvador, Guatemala and Nicaragua are represented.

Preliminary studies by the Smithsonian Institution have shown that central Texas was long inhabited before the arrival of known Indian tribes.

McCarthy to Crown Queen of Carnival

AUSTIN — (AP) — Glenn McCarthy, Houston oil millionaire, will crown the Queen of the University of Texas Varsity Car-

nival Saturday night. The carnival is a fraternity-sorority festival.

Girls competing include: Jackie Farris, Del Rio; Billy Lou Puckett, New Braunfels; and Frances Schneider, Austin.

We're Suckers for Big Money Talk

PRESIDENT TRUMAN continues to dangle the carrots before the rabbit he would ensnare. A few weeks ago he told the nation he expected the "average American" to come to the \$12,000 per year mark within the lifetime of living man.

We'd be the last to scoff at the idea: it can be accomplished by the stroke of a pen. It is being done quite regularly throughout the world. It is good bait for votes—especially for votes of those who do not realize how easy it is to create fiat money.

MANY A GERMAN family has an annual income of millions of marks in the postwar period. It takes a hard day's work to buy a loaf of bread—if a loaf of bread could be found.

In China, incomes ran into the millions and billions. In fact, they still do. The catch is that prices always increase just as the value of the money is decreasing.

That's where the rub comes in. What is the use of cheapening our money so that the "average" income is \$12,000 annually if the cost of things goes up proportionately? Or does Mr. Truman think the people would be happy carrying money around by the basket, instead of by the pocketbook?

NO, THEY wouldn't be happier when they learned the truth. But a lot of suckers will fall for that kind of talk—and vote for the politician who will promise such.

Gracie Says

By GRACIE ALLEN
When the Duke of Windsor recently visited the retired USS Texas, near Houston, and was snatched at by the ship's mascot, a Mexican hairless named Pinky, the incident nearly caused an international crisis. In apologizing, the Navy should have explained that dogs are often poor at spelling—so Pinky probably mistook a "duke" for a "duck."

Anybody, people should be careful about dogs. In fact, I once knew a man who always put on rubber gloves before patting his Water Spaniel.

And when I was little we had a watchdog who wouldn't let anyone pat him but burglars. We kids loved him. After meals he used to lick our faces and then dry them by wagging his tail. He saved us a fortune in napkins and hand towels!

Still Operation Charged Official

HUGO OKLA.—(AP)—A Choctaw County commissioner, his two sons and two other men are charged with violation of internal revenue laws in operation of a liquor still.

Alcohol tax unit agents yesterday said they confiscated a 100-gallon capacity still set up for operation near the home of Commissioner Charles Cavley, 63, five miles southwest of Fort Towson.

Charged with Cavley were his sons, Frank and William Cavley, James C. Justice and Jesse Ernest.

Cavley and his son, William, and Justice and Ernest were released on \$1,000 bonds each after arraignment before a U. S. Commissioner at Antlers. Frank Cavley is a hospital patient.

Washington.....by Peter Edson

WASHINGTON—(NEA)—The subject for today will be eggs, too many of, and how would you like them—frozen or dried?

The government has about 73,000,000 pounds of same stored in a dozen states in the Midwest. That's the equivalent of 219,000,000 dozen eggs in the shell.

Only about a tenth of them are in the famous cave near Atchison, Kans. which has received so much publicity. But wherever they are, the government would like to get rid of them.

To this end the government recently offered surplus dried and frozen eggs for sale for export at 40 cents a pound, at some 15 storage points.

There are few takers. The dried eggs cost the government from \$1.00 to \$1.20 a pound. But since one pound of dried eggs is the equal of three dozen shell eggs, there's a lot of food value for the money.

For school lunch programs, Bureau of Indian Affairs and federal, state and local public welfare agencies, the government is offering the dried eggs for free, if they'll pay transportation costs.

Some of these dried eggs are now nearly two years old, but they're said to be keeping very well, thank you.

BEGAN IN WARTIME
The government got into this egg business during the war, of course. It was through the famous Eggall amendment to the 1942 farm bill. It specified that, to en-

Reds Race to Build Poland Into Fortress, Says Fisher

By JOHN FISHER

Stalin is moving in a seven league boot to convert Poland into a Soviet fortress to buttress his right flank in case of military complications in the Tito-fermented Balkans.

In view of the fresh wave of war talk in Europe, heightened by latest news of A- and H-bombs, military authorities of the West are deeply concerned with developments.

Stalin is not waiting for stubborn civilian opposition to be hammered into the Soviet pattern. He is concentrating with lightning speed on shaping the Polish Army into a reliable instrument.

He is making Poland both a barrier against invasion of Russia and potential jumping-off base in the event of a Soviet offensive. He needs Poland as a guided missile field and as a corridor to East Germany.

NATIONALIST FIRE
This man-sized, hurry-up job is entrusted to steel-spined Marshal Konstantin Rokossovsky, Soviet war hero, who recently was made commander-in-chief of all Polish armed forces.

Prior to his elevation a mild purge of the army had been in process for months. But as soon as the eagle-winged Russian arrived, he speeded up a thorough house-cleaning from big brass to boom.

One of the first to be ousted was General Wronowski, a pre-war Communist. His long record as a faithful Marxist did not save him as he was stained with nationalism, a crime akin to treason in the current Polish mood.

Rokossovsky, who is also minister of defense, appointed several Soviet generals to high command, including Poplawski, deputy C-in-C. Korczycki, chief of staff, and Ochab, former coal-miner who embarked on a military career and now is vice minister of defense and director of political education in the Polish Army.

HUNT FOR SUSPECTS
About the first act of the new Russian military czar was to order the re-registration of all male and female reserve officers born between 1895 and 1909. This step is not a mobilization for war. It is a "fishing expedition" to ascertain the political standing of officers. Suspects will be earmarked for deportation to Siberia.

The initial objective of the various military "purifications" is to get rid of untrustworthy career officers belonging to the old nobility. The political standing of reserve officers, one of every five Polish officers comes from the aristocracy.

Other targets are demobilized troops of the wartime nationalist army, repatriated members of General Anders' army, who fought beside "tainted" Americans in Italy, and those who served before 1939. They are called "relics of bourgeois imperialism."

Since war days Russian officers, wearing Polish uniforms, have been sprinkled through the Polish Army. Now they are being increased by wholesale measure. One underground report maintains that as high as 6,000 Soviet officers have been imported.

At the same time regular Soviet Army units have been added to the Russian troops stationed in Poland. New barracks and ammunition dumps have been erected in Lower Silesia, German POWs, repatriated to the American zone in Germany, disclose that enroute home from the Baltic they saw long lines of Russian armored cars on railroad sidings tagged for Poland.

The ranks of the Polish Army, consisting of nine infantry divisions and 250,000 men, are being fashioned into a Russian auxiliary. Each recruit must be recommended by his local Communist cell. Drill books are translations of Soviet manuals. Eighteen military academies have been set up under Soviet instructors.

The Polish armament industry has been transferred to the Ural mountains where it manufactures modern

munitions for Stalin. Polish soldiers are equipped with Soviet weapons left over from the war, including Degtiarev machine guns with T-34 light tanks. But Rokossovsky does not trust his fledge-lings as he has issued only one cartridge per rifle.

MORE ANTI-RUSSIAN
He has grounds for doubts. Although his Polish troops, mainly recruited from the peasantry, are not anti-Communist, they remain traditionally anti-Russian. Numerous cases are on record of loyal Polish Communist soldiers ambushing their Russian officers in the dark of night and assassinating them.

This national bred enmity for Russia is the most serious of the problems confronting Rokossovsky. To cope with it, Stalin has given him absolute power. The minister of defense is also a member of the Polish-Council of State and the Polish Politburo.

President Bierut's government cannot build a road, factory or radio antenna without the OK of the Soviet marshal. Rokossovsky even passes on treaties and trade pacts. Without this iron control the proud Poles would never obey the outsider.

Guerrilla activities have been revived in the forests and in the Kielec mountains. The most typical disturbance is a raid on a police station to release prisoners.

Gunfire and frequent casualties on both sides result. Three Catholic priests were given long prison terms for alleged aid to underground (NSZ) troops.

LOGAN BACKFIRES
The government, as a press agent stunt, set a "Polish-Soviet Friendship Month" and plastered Wassaw billboards with the slogan: "Thirty Days of Soviet-Polish Friendship." On the first night partisans added in chalk the words: "And not one day more."

Polish antipathy for Russia is increasing so fast in both army and nation that Bierut made a public admission of the hitherto hush-hush fact. He revealed cases of arson in a Silesian coal mine and sabotage in an Elbing locomotive factory—both of which industries were exporting products to the Soviet Union.

Conspiracies, sabotage and espionage, he openly confessed, stand a better chance of being successful in Poland than "elsewhere."

Punishment is without mercy. A prisoner escaped from the jail that held Jan Kubisiak, sentenced on the charge of spying for the French Intelligence. He said that Kubisiak had been kept in a "devil's cage," a cell so small that the victim could neither stand, sit nor lie down.

Rokossovsky's mission is to hold the captive in a Los Angeles, while he turns their sons into Russian soldiers and their country into a Russian fortress.

Organized Crime Tips Received, Senator Reveals
WASHINGTON—(AP)—Senator Keafauer (D-Tenn), sponsor of a proposed Senate bill to organize into organized crime, said yesterday he already has received tips pointing to criminal syndicates in a number of American cities.

He told a reporter the cities include Miami, Chicago, Los Angeles, New York and others. The senator said that among the communications he has received have been several suggestions for a legalized national lottery.

Keafauer said he will not make his information public, but will refer it over to the judiciary committee after the broad crime investigation is formally approved by the Senate. The committee gave its approval Monday after broadening the project to include gambling, but "interstate loan-sharking, narcotics, loan-shark rackets, swindling schemes, organized murder and extortion rackets, preying upon legitimate business and labor in many different fields."

are ungraded, nest eggs from farm flocks. They provide the principal source of cash for the farm-folk's pin money—her sugar and coffee money for store purchases.

Common Ground

By R. C. HOLLES

"Why Go the Way of Great Britain?" (Continued)

Today I continue to quote from an address made by proxy by Sir Ernest Benn before the American Institute of Electrical Engineers at New York Jan. 30.

Security, Mortals' Chief Enemy
"I understand that in the United States there are still those who think that the machinery of government can be used as a substitute for personal responsibility on the part of the governed. Shakespeare was not deceived in this way, as you will remember, for he said 'security is mortals' chief enemy.' We have had enough experience of security to know exactly what it means: A technical claim upon salaries or wages, austerity rations bought with Marston money and last and least of anything to buy. The absence of the natural penalty for failure to do one's duty has reduced output per man, with, of course, serious minority exceptions, to the lowest in all of our history. Our people have believed the promises of 1945 and have concentrated on their supposed rights and forgotten their responsibilities. I repeat that I think you may safely consider that we are at the end of this very painful story. There are now few thinking people among us who do not realize that while it is easy to make the rich poor, it is quite another matter to make the poor rich. One simple figure will show you the lengths to which we have gone.

"Our latest tax returns show that there were only 70 persons resident on this island with a net spendable income of 6,000 pounds or over. The numbers of the rich have been declining for many years, but 10 years ago there were still 7,000 who had this amount of money at their own disposal; 30 times as many as in 1948. The decline goes on, and it is probably true today, taking into account the lower value of the pound, that only one in a million English subjects is able to spend upon his own purposes \$10,000 a year. You can if you will work these figures out in terms of the income and population of the United States, and imagine what it would mean to your industry and commerce and your entire life, of the normal life of a free people.

"There is a little purpose to be served in wearying you with the details of life, and especially business life, in the Old Country, in that it is under the dearest of us will be more interested in the longer view and the lessons to be learned from it. In the short period of 50 years we have traveled the whole road, starting when no government had anything whatever to do with trade, and ending where all trade is under the dearest hand of the State. America, as I understand, is about half-way along this disastrous road. To argue about taxes, pensions houses or even ground-nuts is to scratch the surface. What is happening is the triumph of the producer over the consumer, and it proves to be an empty triumph.

"It is no accident which express the law of Supply and Demand in that way, supply first, and demand last. Socialism, in practice, attempts to change the order, the theory being that one can ascertain and measure demand and then proceed to plan and organize supply. The forces which ignore completely the forces which govern the ordinary actions of the ordinary man. Nature requires that the maker shall produce his goods, display them for the inspection of the buyer who is, at all times, free to decline to buy. The right to buy or not to buy is vital to economic wellbeing and, of course, vital to personal liberty. Supply and demand in that order put the producer in his proper place.

"Among the disasters resulting from the attempt to reverse the natural order I put, at the top of the list, the loss of market, for we have no such thing that counts for very much in England today. The project to change the order, to have, for practical purposes, disappeared. Bulk buying, fixed prices, subsidies and purchase taxes have abolished willingness and substituted force. Goodwill is a thing of the past. Price, properly so called, the result of a free battle between buyer and the willing seller, is now nothing more than official abstraction arrived at for political rather than economic reasons. The word 'willing' is not to be found in any official vocabulary, and whereas a few years ago in every city and village in the world there was a measure of goodwill or willingness by the buyers and sellers to meet on principles upon which civilization was constructed. It is not merely that authorities, governments, here and elsewhere, set so little value on their pledged word, but that no government, no authority can bind its successors to take a loss."

(To Be Continued)

Two members of the Pittsburgh Pirate family are in the Hall of Fame. They are Coach John H. (Honus) Wagner and Scout Harold (Pie) Traynor.

MOPSY
I'll take that cute little one in the sixth row, because SIXTH FROM THE LEFT!

Gladys Parker

Ungraded nest eggs are, however, cheaper and therefore more suitable for breaking and separating for freezing, or for drying. But the normal commercial outlets for frozen or dried eggs is limited. During the war about 20 percent of U. S. egg production was dried for Army and for relief, and there weren't nearly enough eggs to go around.

THE AMERICAN WAY

Now Even Junior Understands National Whirligig news behind the news

By RAY TUCKER

WASHINGTON—The attempt of the Wallace-Marcantonio wing of the Progressive Party to eliminate its Muscovite taint represents a dangerous and deliberate threat to Democratic victories in the next November's senatorial and gubernatorial elections in the key states of Pennsylvania and Illinois.

Behind the reversal of Mr. Wallace's earlier and more violent pro-Moscow attitude, which led to his break with President Truman, lies a scheme to enter state-wide nominees of the Progressive Party in these three commonwealths.

It is believed that a less sympathetic attitude toward Russia will attract thousands of people who have been offended by the Iowa's previous stand on foreign affairs.

HAVOC—The new "party line" is to shift emphasis to such issues as civil rights, Taft-Hartley repeal, smaller individual and higher corporation taxes and social welfare legislation. In short, it will be a naked offer to racial and labor elements in the electorate.

Such a platform might make a strong appeal to voters in such cities as New York, Philadelphia, Pittsburgh and Chicago, where state-wide contests are usually won or lost.

It would play havoc with the Truman-Boyle strategy of building a Northern, urban party which, with support from the Middle and Far West, could win national political battles without the aid of the South.

FEPC—The Democrats' dread of such an eventuality explains why the White House is so insistent on an FEPC lay with "Federal teeth" and repeal of the T-H statute.

Unless Congress accedes to these presidential requests at this session, the Progressives will charge that the administration did not really want this legislation, and that, even if it was signed, it could never deliver because of its inability to control Southern conservatives.

The Wallace-Marcantonio thrust also perturbs a rival band of liberals—namely, the Americans for Democratic Action. Former Representative Charles W. La Follette of Indiana, ADA's executive director, scoffs at suggestions that the Progressives have changed their reddish spots.

KIDNAPED—Several illustrious Democrats and Republicans could easily be either the victims or beneficiaries of third-party opposition if the Progressive leaders can accomplish their purpose. They already have official status in New York, and are now studying the election laws to ascertain if they can get aboard the ballot in Pennsylvania and Illinois.

As recently noted here, a Wallace candidate would almost certainly defeat Franklin D. Roosevelt. If he obtained the Democratic nomination for governor, in fact, it might prevent any other Democrat from going to Albany. And should Thomas E. Dewey run again, a triumph would keep him in the Republican cast for 1952's drama.

Mr. Wallace obtained approximately 500,000 votes in New York when he ran for president in 1948, with 428,000 his total in New York City. In the majority contest last fall, Mr. Marcantonio picked up 358,000 votes. It is figured that almost any Progressive entry could corral between 200,000 and 300,000 in a statewide match, and the majority of these would be kidnapped from the Democrats.

WHIP—The tortured Republicans of the Keystone State might benefit from the same sort of intervention. With its large colored population and disgruntled labor elements, a sizable vote for the Progressive slate could give a victorious margin to the GOP, now torn by the bitter rivalries of the factions headed by Governor James H. Duff and "Joe" Grundy.

Senator Francis J. Myers, the administration's Senate whip, is up for reelection in Pennsylvania next fall. His friends, as of to-

day, give him a strategic position behind the Duff - Grundy squabble.

But Mr. Myers might not be able to survive a serious loss of votes to a Wallace in Philadelphia, Pittsburgh and possibly in John L. Lewis's coal fields, where White House injunctions against their hero have met with ridicule and refusal to obey from the miners. The issue of federal compulsion would be a "natural" for the thunderers on the left.

PROBLEM—Senate Majority Leader Scott W. Lucas would face an extremely difficult reelection problem in Illinois in a three-cornered fight. He has already revealed his concern by bucking the administration's post-purchase program as administered by Secretary Charles F. Brannan.

In former Everett P. Dirksen of Peoria, his prospective opponent, Mr. Lucas will meet one of the ablest veterans of politics and Capitol Hill. Even without any additional diffusion of capital normal backing in Chicago, there is no certainty of a Democratic victory for him.

It is because of his difficulties, as well as possible trouble for Mr. Lucas in Pennsylvania, that Mr. Truman plans to campaign personally in those states. He cannot afford defeat of his Senate leader and whip, inasmuch as it would be interpreted as repudiation of his "Fair Deal" program.

As there is no gubernatorial election in Illinois this year, a Lucas setback would be a clear gain for Governor Adlai E. Stevenson, possibly throwing the 1952 presidential spotlight on him.

So They Say
No government in the history of Britain has done so much as this (the Labor) government to destroy liberty. The Tories resisted the extension of liberty, but this government has taken it away.

—Britain's Liberal Party leader Clement Davies.

Under Democratic leadership, your government intends to stimulate increasing returns of capital into new, productive investment. It will curb monopoly and provide incentives to new and independent enterprise.

—Interior Secretary Oscar Chapman.

When compared with what the men and women of many other countries in the world have to day, each of us can well apply to himself the colloquial judgment, "We never had it so good."

—Defense Secretary Louis Johnson.

It is believed that unless there is immediate resumption of substantially increased coal production, national economy, health and welfare is now or soon will be imperiled.

—James Boyd, director of Federal Bureau of Mines.

I consider the balance between Army, Navy and Air Force, within the total funds available for the national defense, to be an equitable and reasoned distribution of strength for the overall security of the U. S.

—Adm. Forrest Sherman, chief of Naval Operations.

ate threat to Democratic victories in next November's senatorial and gubernatorial elections in the key states of New York, Pennsylvania and Illinois.

QUICKIES By Ken Reynolds

Day of Rest

By GORDON MARTIN

It has long been said that Sunday is a quiet day of rest, and a time for meditation on our blessings manifest. And in Sunday-go-to-meetin' clothes, some people take their ease, but a lot of others stay at home and on their danglers. Though they are not at home and on their danglers, the puzzling fact remains, that they work like dogs on Sunday to collect some aches and pains.

Now there's chores galore a man must do and Sunday is his day, so he dons his dirty clothes and starts to work without delay. He has put off tasks which could be done on evenings through the week, but he lets 'em go till Sunday away, except for time to eat, and at last, when he desists and quiets, he's sure a fellow beat.

He has got a back that feels as if he'd lifted tons of weight, and his muscles twitch in protest and the imminent await. He has blisters on and splinters in a pair of chafing chinos, but he lets 'em go till Sunday, when he falls asleep, a mass of aches upon his chest, and thus ends his hectic Sunday which is called the day of rest.

The Nation's Press

ISN'T THE VEEP BITTER?
The Daily Oklahoman is a bit excited when he declares that the people have been frightened by the Republican declaration that the country is now in the grip of a war between liberty and socialism.

If the people of any number of the people, are frightened, it is not because socialism has been mentioned by the Republican planners. They are frightened by the administration's amazing willingness to yield to socialist infiltration. If the administration would only quit serving the people this socialist myth, the people would vanish with all the alacrity of a campaign promise.

If the vice-president himself is frightened, it is not by the mere assertion that a war is on between liberty and socialism. However, his fears are attributable perhaps to his realization of what an aroused public could do to a party that seems determined to paint the entire structure of government a deepened Marxian red.

Complaint is made by the ordinarily genial vice-president that the Republicans in their declaration of war between liberty and socialism failed to define specifically just what socialism is. Possibly the Republicans thought that every intelligent citizen knows what socialism is. Possibly it never occurred to them that the vice-president needs enlightenment on that crucial point. It would have been so easy for the Republicans to have said that socialism is what Russia has done, what Great Britain is doing, and what the pending Truman program would most certainly do.

If the vice-president really wants to acquire a mastery of the subject of socialism, let him contemplate for a season the declaration of Lenin that communism will acquire control of America by compelling the United States to spend rest and recreation money. Let him read in the light of that sinister prediction the present drive of the administration for more billions, increased taxes, and a still vaster national debt.

If the vice-president cares to engage in any supplementary reading, let him digest the 1914 slogan of the Oklahoma Socialist party. Its taxation is the weapon by which we intend to strangle the property holder. Let him see if he can detect any difference between that socialist slogan and the new deal formula of "tax and spend into bankruptcy. Let him read in the light of that sinister prediction the present drive of the administration for more billions, increased taxes, and a still vaster national debt.

When anything goes wrong with the eyes, diagnosis and treatment should not be delayed too long, as the risk of permanent damage to these vital organs is great. Among the sources of eye trouble iritis ranks high.

The Doctor Says

BY EDWIN J. JORDAN, M.D.
WHITTEN FOR NRA

Iritis is a disease of the eye. Its principal symptoms consist of pain or itching of the eyes, excessive sensitivity to bright light and if long continued, interference with vision. The pain is excruciatingly painful, and tends to be severe and worse at night. Touching or pressing the eyeball is exceedingly painful.

In acute iritis the symptoms tend to be worse than in the chronic variety, but recovery usually comes more rapidly, perhaps in a few weeks. When proper treatment is begun early the iritis can clear up completely, but complications and the possibility of chronic inflammation are unfortunate possibilities.

Several different conditions can cause either the acute or chronic type of iritis. Iritis is sometimes associated with rheumatism, diabetes, tuberculosis, syphilis, or injury. It is most important that the cause of the iritis be discovered whenever possible, from infection in some cases no cause whatever can be found.

The disease or condition producing the inflammation of the iris must be treated as well as the eye itself. The search for infection or other disease elsewhere in the body must be carried out painstakingly and thoroughly.

PROTEIN THERAPY
The eye itself requires highly skilled treatment, including the use of drugs, heat applied locally, rest and protection from light. Sometimes a method called foreign protein therapy has been found helpful in iritis. This consists in injecting some protein substance (boiled milk is an example) which produces a reaction of the body usually with fever. This seems to stimulate resistance and often has a favorable effect on the iritis.

From this discussion it can be seen that iritis is a serious condition requiring expert study and care.

When anything goes wrong with the eyes, diagnosis and treatment should not be delayed too long, as the risk of permanent damage to these vital organs is great. Among the sources of eye trouble iritis ranks high.

Bid For A Smile
Friend—Your husband seems to be a man of rare gifts.
Woman—You said it. I haven't had a present from him for 10 years.

Jerry—Were you out in all that rain?
Rufus—No, just the part that fell around me.

Customer (to merchant)—I thought you said you had slashed prices?
Merchant—We have.
Customer—If you must have done it with a safety razor.

Lodger—Did you ever see anything as unattractive as weather?
Landlady—Well, there's your bill, Mr. Robertson.

Nothing takes the place of this
Link with Home...

In war, or peace, around the world,
your Red Cross serves the men who
serve their country.

AN EMERGENCY arises at home. A mother is
rushed to a hospital... or a father dies...
or a fire destroys a home. The son is needed
there at once.

Perhaps he's a soldier stationed in the bleak
Aleutians... or a sailor on a cruiser somewhere

overseas... or a marine on duty at some distant
outpost.

Wherever he is, your Red Cross helps get
him home, after leave is granted, as fast as it is
humanly possible—and helps both him and his
family after he gets there.

For one of the greatest functions of your
Red Cross, vested in it by Congress, is to act as
"a medium of communication between the peo-
ple of the United States and their armed forces."

Your Red Cross acts as a link with home in

other ways, too. In military and naval hospitals
... in army camps, navy stations and air bases
both here and abroad... your Red Cross pro-
vides the touches of home—recreation, com-
forts, counsel and advice—that mean so much
to men in uniform away from home.

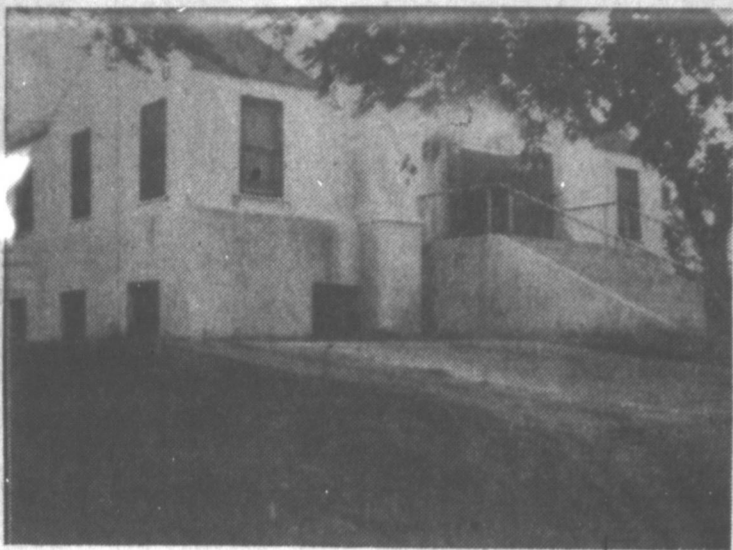

By giving now, you can make sure that
your Red Cross will continue to serve in time of
trouble as a link with home during the year
ahead. It's a service that nothing else can re-
place—and it's in *your* hands to maintain.

You, too, can help through Your RED CROSS  **GIVE NOW!**

Installation of Pews New Milestone in Long History of Mobeetie Methodist Church

GETS PEWS—Pictured above is the Mobeetie Methodist Church, in which new pews have just been installed. The building was completed in 1947, bringing to an end a period of 17 years in which the congregation met in the basement of the present building.

By MRS. V. E. WILLARD
Pampa News Correspondent

MOBEETIE (Special)

New pews have been installed in the Mobeetie Methodist Church. Services have been held in the basement for three weeks while work was being done in the sanctuary. The installing of the pews is a great day for Mobeetie Methodists; the climax of long years of work and waiting.

The Methodist church had its beginning in Old Mobeetie somewhere in the '90s and it has grown since that time from a struggling circuit appointment to a station (full time preaching) of 220 members. The town at that time had three churches: Methodist, Baptist, and Presbyterian. No records are available as to pastors and buildings at that early date.

Old Mobeetie was blown away by the cyclone of May 1, 1898 and all the churches had to make a new beginning. Mrs. George Dunn and Mrs. J. J. Long took donations for the erection of a building, and in about 1905, a Union Church was established. After this time the Methodist parsonage was at Mobeetie but it was still a circuit appointment with the pastor going out to Toty, Union, Nubbin Ridge, and Mount Zion to preach.

The baby of the Ben Matthison family was killed in the cyclone of '98 and the family left the country giving their six lots to Big Johnny Jones. Jones in turn gave the land for the building of the union church. About 1911

the Baptists built their own building and the Methodists bought their interest in the Union building.

Mrs. Dunn played the organ and later the piano, for a period of about forty years. She was also church secretary during that time.

Some pastors of the Old Mobeetie church were the Reverends Sam B. Sawyers, P. G. Huffman, R. E. McSwain, A. G. Coleman, R. M. Morris, Lavincle Jackson, J. C. Carpenter, C. C. Wright, J. H. Watts, T. B. Hillburn, P. E. Yarbrough, John Crow, and U. S. Sherrill.

When the Santa Fe railroad was built a mile north of Old Mobeetie the town began to move to the railroad.

Eventually the churches followed, and in 1930, when Rev. Sam

Texas 'Traitor' Loudly Praises California City

PASADENA, Calif. — (AP) — The glaring eyes of Texas will be upon this guy.

The Pasadena Chamber of Commerce reported receipt of this letter from Bobby Lynn Collier, a Navy veteran from Waco, Texas. "Of all the towns and cities that I have seen, Pasadena is the most beautiful! Although I am proud of Texas and admit this is a most unusual thing for a native Texan to say, I would like to make Pasadena my home."

That's what the man said.

Purchased iron and steel scrap consumption in the U. S. totaled 21,250,000 gross tons in 1949, 27 percent less than in 1948.

No Agreement Is Reached On Red River

OKLAHOMA CITY — (AP) — Four states have failed to agree on a Red River water compact commission and called another meeting for April 30 at Shreveport.

Clarence Burch, chairman of the Oklahoma Planning and Resources Board, announced the decision. The meeting had been called by Oklahoma Governor Roy J. Turner at Burch's request.

Represented were Texas, Arkansas, Louisiana and Oklahoma. Burch made the strongest plea for the commission, pointing out that it would provide insurance against complete federalization of water development on the river.

"If we had had a Red River compact four years ago we would have dams in Oklahoma, Arkansas, Texas and Louisiana by this

Longview Oilman Offers School Fund

OMAHA, Texas — (AP) — Paul H. Prewitt, Longview oilman, has offered to give \$100,000 and 100 acres of land for a modern school plant if the Omaha and Naples districts will consolidate.

A storm damaged the Omaha school.

A consolidation election has been called for March 21. Later the districts will vote on a \$200,000 bond issue to supplement the Prewitt gift.

Postal Rate Hike Seen by Magazine

NEW YORK — The bill to raise postal rates will be passed, once it reaches the Senate floor, according to Business Week.

The magazine says Chairman Johnston of the Post Office and Civil Service Committee wants to hold hearings on the House-approved bill. It would hike postal rates some \$130-million. But the administration is opposing this move. Its backers say hearings aren't necessary, since the com-

Press Group Sets Meeting At Abilene

KERMIT — (AP) — The 20th annual convention of the West Texas Press Association will be held Aug. 11-12 at Abilene.

The announcement was made by Forrest Weinhold of Levelland, WTPA president, through the office of the secretary, Maud Green of Kermit.

The Abilene Reporter-News and Abilene Chamber of Commerce had extended the invitation at the 1949 meeting in Brownwood.

Weinhold announced that directors, meeting recently in Austin, voted to add a third class to the annual newspaper contests. It will be an award to the best semi-weekly. Awards are now made to the best weekly in towns of less than 2,000 population and to the best weekly in towns of more than 2,000.

Also voted was a change in the manner of placing entries in the contests. A special committee, whose members' names will not be announced, will choose a certain date and select entries from the exchanges. These dates will be the same four consecutive weeks in each division. The selections will be bound and carried to the Abilene meeting by members of the committee.

Roy Craig, publisher of the Stamford American and Leader and WTPA's first vice president, was named chairman of the program and arrangements committee for the convention. Other committee members are Howard McMahon, publisher of the Abilene Reporter-News; Elmer Wright of the Sweetwater Reporter; Jack Scott of the Cross Plains Review; and Wendell Bedichek, publicity director of Abilene Christian College and immediate past president of WTPA.

The Whitney Reservoir on the Brazos river in Texas will flood more than 60 old Indian habitation sites.

Wide Plains Area Threatened By Erosion of Thin Topsoil

FORT WORTH — (AP) — Warnings of dust storms in West Texas, West Oklahoma and Eastern New Mexico have been raised.

In some places topsoil already has blown away.

The warning came from Louis P. Merrill, Soil Conservation Service regional director.

Lack of rain is the main factor. But Merrill's report also indicated belief some land cultivated in recent years should have been left in native grasses.

Merrill said there are 2,500,000 acres in West Texas and Oklahoma without enough plant cover or crop residue to prevent soil movement when hard winds blow.

He said the most critical spots are in the general vicinities of Littlefield, Lubbock and Lamesa, in Texas, and west of Guymon and around Boise City in the Oklahoma Panhandle. He said more than 1,300,000 acres in the Lamesa - Littlefield - Lubbock area are without adequate soil protection.

The report said 720,500 acres of native grass has been broken by plows in the western areas of Texas and Oklahoma since 1940.

John A. Perrin, SCS district conservationist at Littlefield, reported winter wheat and winter cover crops in poor condition on dry land farms as a result of prolonged dry weather in the high plains area.

At Lamesa, District Conservationist Jesse D. Jenkins reported

SALE OF SCHOOL PROPERTY BY ORDER OF THE WHEELER COUNTY BOARD OF EDUCATION

The School Board of Kellerville, C. S. D. No. 4 will sell by sealed bids to the highest bidder the Heald C. S. L. No. 5 main school building, said building to be removed from school premises by the successful bidder within 90 days from date the award is made. The school is a stucco frame building 23x60 feet with 10 foot wall.

All bids must reach the Kellerville School Board not later than 7:00 p.m. o'clock, March 27, 1950.

All bids will be opened at Kellerville, Texas, at 7:00 p.m. o'clock, March 28, 1950.

The Kellerville School Board reserves the right to reject any bids submitted for the best interest of the school.

Bid proposals may be had at Kellerville School or at the County Superintendent's Office, Wheeler, Texas.

Signed: Harris D'Spain, President, Kellerville School Board.

Signed: Brent Chapman, Secretary, Kellerville School Board.

Texas Towns Told Oklahoma Water Is Only Chance

CHILDRESS — (AP) — Childrens and three other West Texas towns in need of water may have to turn to Oklahoma.

A U. S. Bureau of Reclamation official has "turned" down three Texas rivers which the Texans had hoped to tap—with federal help.

M. G. Barclay, assistant area planning engineer from Oklahoma City, said the Prairie Dog Fork of Red River carries too many sulphates to make it usable for municipal, agricultural, or commercial use. The Pease River was turned down on the same account. A tributary of Prairie Dog—Mulberry Creek—has better quality water but not enough of it.

Barclay delivered his opinion at a meeting here, with men from Childress, Memphis, Quanah and Vernon, Texas. Then he told the Texans their best bet appears to be to get water from Oklahoma.

W. J. Cornelison Announces for Justice of the Peace

Terrible Battle of Romani Recalled by Correspondent

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Reminiscence 'Sunday' again and your columnist had been ruminating over strange strange battles he encountered in two wars.

What set me thinking along this line was the recent American and Canadian Joint Army-Air Force maneuvers in Alaska's currently frozen wastes, where the boys had to evict an invading enemy. They were operating with skis, snowshoes and sledges in temperatures of 20 to 60 degrees below zero, and when it's that cold it is easy to get frost bites.

The story I have in mind is about a unique and awful conflict under conditions exactly the reverse. That was the battle of Romani on the blazing Sinai desert just east of the Suez Canal in August of 1916.

The Suez Canal, Britain's lifeline to the East, was being guarded by General Sir Archibald Murray, commander in chief for the Near East, at whose headquarters I spent some time. East of the canal lay the Sinai desert which supposedly formed a natural barrier against a Turkish advance across the peninsula.

However, General Murray held with Napoleon's prediction that someday somebody was going to put an army across that desert.

So Murray established a defensive force among the dunes of the desert to the east of the canal. There the men lived and labored in the deep, drifting sand, under a sun which at noon produced a soil temperature of some 175 degrees.

Sure enough one day a Turkish and Arab army suddenly appeared from the east and flung itself against the British defenses. This assault was accompanied by the unbelievable circumstance of a Turkish artillery bombardment. How the deuce could heavy guns be brought across the desert? British machineguns atop the dunes swept the enemy advance with death. Anzac horsemen in

some places literally jumped their mounts down on the attackers.

The battle raged on into the white heat of the day. Wounded Turks and Arabs cooked to death on the blazing sands under that terrific sun. Others ran out of drinking water and perished from thirst.

After twenty hours the Turks gave up and the British interned close to 9,000 prisoners. The rest of the invading army lay among the dunes.

I have seen some weird and fearful battle fields, but never anything like Romani. A host of dead lay roasting in this devil's oven formed by the dunes. Interspersed were camels and donkeys. Empty water bottles told their grim story.

The British set about to solve the mystery of that artillery, and I was there when the puzzle finally was exposed. Here is what happened.

There grows on the Sinai peninsula a shrub which is tough and very wiry. That was the key to the trick — for trick it was.

The Turks, perhaps at the instigation of German engineers, dug little parallel trenches just far enough apart so that the wheels of a gun carriage would fit into them. These trenches were filled with the spring-like shrub which formed a perfect track along which the guns ran well.

Six Wrecks Caused by Slick Road

MARLIN, Texas — (AP) — Despite highway patrolmen on the spot, eight vehicles were wrecked in six accidents within 24 hours on a 400-yard stretch of highway near here Friday and Saturday.

Two persons were injured and patrolmen estimated that \$6,500 damage was done the eight vehicles.

Three vehicles overturned, one hit a bridge railing and four others were involved in two-car collisions.

The stretch is on State Highway Six two miles north of Calvert.

Highway Patrolmen James Mason and Curtis Lipscomb started patrolling the area after the first two accidents, but were unable to prevent the other four. They said a light drizzle made the 400-yard stretch of blacktop very slick.

DISPUTES

(Continued From Page 1)

to get back on the job Monday. "John L. did it again," was a typical comment.

The sudden accord caused President Truman to toss out his request for power to seize and operate the mines. He will press Congress to set up a commission to study how to strengthen the coal industry, which he says is sick.

The ICC cancelled its new order for a slash of 15 percent in coal-hauling railroad passenger and freight service.

For Lewis it was a mighty triumph, adding benefits totalling \$1.40 a day per man. The extra cost per ton of coal was estimated at 20 cents.

The \$1.40 included a raise in daily pay of 70 cents, an addition of 10 cents to the 20-cent welfare fund royalty paid on each ton of coal mined. This also comes to 70 cents a day, figuring an average production of seven tons a day per man.

Southern operators had not yet lined up with the agreement reached between Lewis and operators of the North and West, including mines owned by steel companies.

One of the difficulties is their arrears on payments into the union welfare fund. The held-out amount runs about \$5,000,000. Some 190 producers have refused to pay since June 30.

It has been taken for granted that if the North and West sign, the South eventually will get together with Lewis.

Two of the main problems facing the lawyers drafting contract terms were said to be agreement for a union shop, and use of the welfare fund for union members only.

Federal Judge Richmond B. Keach has ordered Lewis not to insist on such terms while the National Labor Relations Board considers whether he has a right to do so.

Anthracite talks also are pending, although these mines have been working right along on a Lewis-imposed three-day week.

Innocent Scrap of Paper Worth \$17,374

MERION, Pa. — (AP) — Fourteen-year-old Jerold Panati picked up a slip of paper on the front lawn of his home intending to burn it with some trash.

The paper turned out to be a government check for \$17,374 made out to a neighbor, W. A. Ritner.

Ritner couldn't understand how the check got on the Panati lawn. He said he had been expecting a refund for overpayment of 1947 income taxes.

Conscience-Stricken Minister Reassured

AUSTIN — (AP) — A Texas minister is sorry he killed "three or four sparrows."

The remorseful preacher wrote the Game, Fish and Oyster Commission his conscience hurt.

"I can not preach against lawlessness until I have cleared myself of this matter," he said.

Howard Dodgen, executive secretary, fixed him up. He told the minister the law does not protect sparrows.

CONGRESS

(Continued From Page 1)

its place, preferably under another name."

The former Navy junior lieutenant continuing on the labor question, said he would not attack either labor or management because he has representatives in both classes in his own family. He contended both management and labor should be given equal consideration in any legislation brought before Congress.

Coming up along the farm route himself and a member of FFA in high school and active in Boy Scout work in his community, LaMaster said he was deeply interested in youth work and is still taking active part in youth organizations.

Amarillo's representative in the State Legislature, J. Blake Timmons, recently endorsed by organized labor in Amarillo, said he would be coming home over the weekend from Austin to start his campaign. Timmons was third to announce.

The fifth candidate in the race, E. T. Burk, Amarillo furniture man, has come out with no definite commitments and to date has not visited in or around the northeastern part of the district.

In the meantime, Atty. Walter Rogers, who revealed last September he would enter the race against Worley and then filed as a candidate last week, said he would get into his preliminary campaign work sometime this week.

Over the weekend, Amarillo observers reported Rep. Bill Craig of Miami, was reported "thinking it over" on being a candidate. Craig, it was reported, would start a "feeler" tour around the district to test his potential strength as a candidate.

But in all the flurry caused by Worley's appointment, efforts to get State Senator Grady Hazlewood, Amarillo, into the race have apparently failed along with similar efforts aimed at former Amarillo Mayor J. Lawrence Hagy.

From all appearances the battle for ballots will be getting into full swing this week as the five candidates go into the first skirmishes for the special election to be called by Governor Shivers upon Worley's resignation from Congress to assume his justiceship on the Customs and Patent Appeals bench. His nomination has already been approved by the Senate Judiciary Committee and full Senate confirmation is said to be forthcoming.

BONDS

(Continued From Page 1)

local system in 15 years, with the exception of the addition of the high school building.

Comparative figures show the following facts, as given by the committee:

Amarillo tax rate, \$1.28; valuation, 123 million dollars; indebtedness, \$3,444,000 — Borger tax rate, \$1.65; valuation, 28 millions; indebtedness, \$1,138,000 — Beaumont tax rate, \$1.50; valuation, 83 million dollars; indebtedness, \$4,686,000 — Lubbock tax rate, \$1.30; valuation, 71 million dollars; indebtedness, \$5,106,000 — Pampa tax rate, 88 cents; valuation, 53 million dollars, indebtedness, \$2,000,000.

The tax rate in the Pampa system can be raised to \$1, it was said. The issuance could be handled under the present tax structure.

The local attorneys passed a resolution supporting the election. It said in part that "the construction program included in the proposed bond issue is the most practical and economical means to alleviate what the resolution described as a district "badly overcrowded and inadequate due to the growth of the district and increased enrollment."

The resolution expressed the opinion that half-day school would be necessary for the children, if the situation was not remedied.

Dallas Radio Station Moves to New Home

DALLAS — (AP) — KRLL, the Dallas Times Herald radio station, is broadcasting from its new building across the street from the newspaper.

The station's studios had been in the Adolphus Hotel since 1928. The building also will house the station's television and FM studios.

Indictment Returned in Texoma Slaying

DENISON — (AP) — William Morris Jones, 26, of Pottsboro, Texas, has been indicted here on a charge of murder in the Feb. 21 slaying of R. H. McLean, Lake Texoma resort owner.

McLean was shot from ambush. Jones is being held without bond in Sherman.

Manufactured Fertilizers Are Defended

ITHACA, N. Y. — (AP) — Are manufactured chemical fertilizers harming your health?

Large groups of people trying to lead a "back to nature" movement say they are. These people want farmers to use only "natural" or "organic" fertilizers such as rotted leaves, compost and manure.

But the Department of Agriculture, after years of testing, is issuing the strongest statement it has made in this heated debate.

Its top experts say there is no scientific evidence that the natural fertilizers can produce foods with more or better vitamins than chemicals, or inorganic, fertilizers.

If chemicals are used properly, the government scientists say, land may be improved rather than damaged.

Some of the advocates of natural fertilizers say constant use of such artificial fertilizers as superphosphate and the nitrates may cause such things as multiple sclerosis, the paralyzing disease that caused the death of Lou Gehrig, famed Yankee ball player. They say it may be responsible for an increase in diseases of the circulatory system. Some even have blamed artificial fertilizers for outbreaks of infantile paralysis.

Dr. Kenneth C. Beeson, director of the U. S. Plant, Soils and Nutrition Laboratory here, says these claims have not been proved.

The laboratory has been making tests for 10 years and has failed to find sound evidence that the inorganic fertilizers produce foods substantially different from foods produced by natural fertilizers.

DALLAS — (AP) — KRLL, the Dallas Times Herald radio station, is broadcasting from its new building across the street from the newspaper.

The station's studios had been in the Adolphus Hotel since 1928. The building also will house the station's television and FM studios.

Is There Anything Different in the Movies?

THERE IS! "Gone With the Wind" and "The Best Years of Our Lives" were examples. "Going My Way" was another. So were the "Joison" pictures, and "I Was a Male War Bride," and many others. They burst like rockets across the country and millions were made happy.

ANOTHER IS HERE... the brilliant filmization of "ALL THE KING'S MEN," the great Pulitzer Prize novel by Robert Penn Warren.

UNANIMOUSLY it has been acclaimed by New York film critics and coast-to-coast newspaper writers as the "best picture of the year." It has been nominated for Academy Awards.

It stars BRODERICK CRAWFORD as the Governor, and MERCEDES McCAMBRIDGE as his secretary... in a modern story of today's headlines. You should see it!

CORNER CUYLER AT FRANCIS

Palaver de Pampa

WE'VE BEEN DUELLING at our house all week... not in the usual sense, though... It's a new card game we've discovered (see February Fair). "Duel" is a game for two... sorta like honey-moon bridge. We find it entertaining and a change from canasta. You know, we have been making those melds and canastas, lo, these many months and are still wondering if half the fun of the game is that "everyone else is playing it!"

I KNOW OF no prettier picture than seeing three generations together... For instance, Mrs. Reno Stinson, her daughter, Mrs. E. J. Griffin, and her granddaughter, Peggy, who has just celebrated her first birthday... she's looking a lot like her mother, I think... Then I saw Mrs. Loretta Killingsworth with her daughter and granddaughter... they've been visiting here a week... I think they live in Oklahoma... anyway, everything looks brighter to Mrs. Killingsworth when her two girls are home... Another cute threesome is Mrs. L. L. Sone, her mother and her daughter... they're all brunettes and, honestly, I hardly know the grandmother from the granddaughter!

SEEMS LIKE we're taking to the links early this year, but then I've had "spring fever" for weeks, so I guess March can begin the golfing season... It's a great sport (and so good for the waistline, too!) Oak Allee Whittle is one of the top women golfers... Saw Nancy Sullivan teeing off Saturday afternoon a week ago... And I hope Fro Johnny Austin doesn't get a glimpse of Peg chopping up those greens... he'll likely ban me!

PANORAMICALLY: Rachel Brumley reminds me of Dorothy Lamour of the movies... D. B. Jameson is an eligible young man about town... I love his new red convertible... often see D. B. with the P. A. Hukill's daughter, Peggy... I like Mrs. Carl Boston's pink felt hat... she was wearing it while shopping the other afternoon... Little twins—I don't know your names—but you looked so cute Wednesday in those gold suits... the little boy wore short pants and the girl was in a pleated skirt... otherwise they were dressed identically... What was all that activity on second floor Combs-Worley last Monday... I saw an installation man busy as a bee... at something... or have I got my wires crossed, too?... Saw Walter Rogers pondering over the bakery counter the other day... cookies for the six little Rogeres no doubt... Dale Thut visited his parents, Mr. and Mrs. Charlie Thut, last week... he will be finishing at Texas Tech this spring... saw Oscar McCoy walking along Christine Thursday evening late... Mrs. O. E. McDowell is quick with her smile... My pick for the "cutest" young matron in town is Mrs. Bill Clements... I adore her hair-do... It's short and very chic... Mr. and Mrs. G. E. Harris certainly miss their granddaughter since she left... Brenda with her mom and dad (Mr. and Mrs. James Schaffer) recently moved to Cactus... that's not so far that dotting grandpa can't drive over at least once a week... Lots of afternoons I see Aubrey Jones waiting on some street corner for Mrs. Jones to pick him up... Mrs. Tom Clayton always has the cutest tales about her granddaughters... she's such a jovial person... glad to hear she's feeling better after being "not too well" for months.

HAPPY BIRTHDAY: The Guy Hester's little son, Gary, celebrated his birthday last week... It was the fifth birthday of Cora Sue Turner who says, "I'll be going to school next year." She's the Melvin Turner's daughter... And from the Amarillo "Man on the Street" program I heard of another little Pampa celebrating her first birthday... Mary Frances was the first of her name but I didn't hear the last name.

VANDAL OF THE WEEK: The person seen striking a match on the spanking new walls of Highland General.

HAVEN'T HEARD a word from Aubrey Steele this week and I just knew he'd offer to lead that discussion period on the U. S. Constitution... he'd do a fine job... Peg doesn't want to be the Aubrey down with this class, but I'll lend a rope if somebody will get him interested.

The E. J. Dungsans need not worry about burglars. Their brood of boys seems to keep their home pretty well guarded... they're always wearing guns and scabbards (cap guns, that is). Incidentally, I saw Ethel in a lovely gray ensemble the other day... the hat was especially becoming... fitted snugly about the face and had a turban effect.

THE MYSTERY MAN last week was Frank Leder (as if you didn't know). He's certainly proud of that new son, but then so are Rose and the two "big sisters."

WISH THERE'D been room for just one more, but I heard the car was loaded to the brim, Roy Darwin, John Priant and Bill Lovins, Jr., to name a few, were off to Santa Fe for the weekend. They tell me you can get in a lot of skiing in a couple of days... wonder how many more weeks there'll be snow on the slopes?

WHAT KIND OF IVY is that on the Kenneth Boehm home? It's reached the top of the chimney on the two-story house and is so thick... it certainly adds a lot to the outward appearance of the house... we'll be seeing lots of folks raking, watering or digging in the flower beds from now on... And by all means, get a straw hat to do your yard work in... Ask Harold Miller where he got his.

WE HEARD of a three-year-old here who wanted to know after last Thursday's snow: "Who got the ground all wet?"

TWAS BY CANDLELIGHT so I couldn't tell if that party was at the J. S. Koonz home or the E. F. Mrs. ... anyway, looked like it was fun and there were lots of cars along about there last Tuesday night.

CENSUS-TAKERS have been counting noses this week and they report they were received more warmly this year. I suppose that's because there was no blank for the wife's birthday. Guess they've decided to let the age they put down last year serve for all time to come... that's okay... I've been giving them the same age for the last five years anyhow!

YOU CAN mark Monday, March 13, as a day of musical treat... Harley Bulls, music education director at the First Methodist Church, will present a recital at the church... by the way, I hear that the decorations at the Senior banquet at the First Baptist Church were almost out of this world... Hearing this made me feel young once again... not that I'm so-o old, but, well, you know, I'm...
PEG O' PAMPA.

Tarpley Home Is Meeting Place For Piano Workshop

The Junior Piano Workshop, consisting of the younger pupils of Mrs. H. A. Yoder, gathered in the home of Mr. and Mrs. Louis Tarpley Tuesday evening for a monthly session. The pupils played selections and each performance was constructive criticism by the group. Mrs. Yoder conducted a true and false quiz on "how to practice." Pupils and parents present were Richard Pitts, John Campbell, Bruce Lee Palmer, Russell Brummett, Martha Anna Duke, Donna Tarpley, Virginia Hopkins, Mary Ann Kelley, Sheila and Nora Nelson, Linda Woodall, Kay Culver, Beryl Nash and Paty Huffhines. Mrs. O. L. Brummett, Mrs. John Pitts, Mrs. George Culver, Mrs. Nolan Cole, Mrs. Robert Huffhines, Mrs. Coy Palmer, Mrs. B. R. Nash, Mrs. Frank Kelley, Mrs. James Hopkins, C. C. Campbell, Dr. Douglas Nelson and Mr. and Mrs. Louis Tarpley.

AAUW Literature Group Meets March 13

Literature Group of the AAUW will meet Monday, March 13, at 4 p.m. in the room next to the library at Pampa Junior High School rather than Monday, March 6, as was scheduled. The second act of "Hamlet" will be studied.

Junior High 4-H Girls Hold Session

The home of Mrs. Mary Anne Duke, county home demonstration agent, was meeting place for Junior High School 4-H Club members for a regular session. Mrs. Duke demonstrated making doughnut muffins and explained measurements. The president, Barbara Edwards, opened the meeting and the secretary called the roll and read the minutes of the last meeting. Those present were Barbara Edwards, Martha Phillips, Alice Posey, Paty Price, Doris Sherriff, Tressa Willingham, Marie Porterfield, Mary Ann Guthrie, Marian Mullinax, Leta Laverty, Betty Mills, Marlene Moyer, Ola Meric Sechrist, Joan Robertson, Betty Wilson, Sandra Hollis and the reporter, Jaquelin Robertson.

Nancy Jean Lam Is Party Honoree

Nancy Jean Lam was honored with a party on her sixth birthday, Feb. 22, by her mother, Mrs. Bill Lam. The party was at the Lam home, 1215 West Ripley. After the children had played several games the gifts were opened by the honoree, and ice cream and cake were served. Those present were Judy Gordon, Pam Bailey, Sue Davis, Kathryn Gibby, Carol Gates, Cynthia Lam, Nancy Lam, Jimmy Cox, Mrs. W. G. Godding, Mrs. Hubert Lam and Mrs. Bill Lam.

What's Cookin' In Gray County HD Club Work

By MARY ANNE DUKE

The purpose of "What's Cookin'" is twofold: to relate some of the activities of the Home Demonstration and Girls' 4-H Clubs in Gray County, and to bring new facts in the area of home economics to all home-makers. If you have a homemaking problem or question, please send it to: Home Demonstration Agent, Box 1756, Pampa, Texas. Write at the Wayside Club the other day, Mrs. Emma Edwards asked this question: "What causes the meringue on my pies to weep?" Well, Mrs. Edwards, meringue has long been a mystery even to experienced cooks and pie-makers like yourself. It may be soft and fluffy as a cloud when the pie goes in the oven, yet quite different when it reaches the dinner table. Familiar troubles are shrinkage, "weeping" wateriness underneath, stickiness which makes cutting difficult, toughness, and "beading"—small moist droplets over the surface.

Recent meringue-making studies, reported by the New York State Experiment Station, may help you and other cooks avoid these difficulties. The use of fine quality meringue revealed in these tests are: whipping egg whites and sugar to just the right stiffness; placing meringue on a hot filling; baking at 425 F. for 4 to 4 1/2 minutes. For tender, moist meringue, able to hold its high stiffness, the right amount of whipping is important. In the tests best results come from this method. Have the whites at room temperature. Add a pinch of salt for each white. Beat until the foam is relatively fine and forms a rounded peak when the beater is lifted out. Then add sugar gradually—2 tablespoons for each white—and continue beating until the meringue is stiff but not dry.

Meringues baked on hot fillings in the tests cooked more evenly and were less likely to "weep" than those baked on a cold pie. Baking at 425 F. for 4 to 4 1/2 minutes proved more of a protection against leakage than baking at a lower heat a longer time, as many recipes recommend.

Beading, the tests showed, results from too long cooking, causing over-coagulation of the whites. A temperature of 425 F. proved best for tenderness and preventing stickiness and shrinkage. In 4 to 4 1/2 minutes this temperature also gave a bolden brown glint over the top of the meringue.

COUNCIL ATTENDANCE: The February Home Demonstration Council meeting was attended by each of the six club presidents and each of the six club representatives as well as most chairmen of standing committees. The following guests also attended this meeting: Miss Doris Leggett, district agent from Amarillo, Mrs. Jim Chase, Mrs. T. H. Kelley, Mrs. W. E. Melton, Mrs. Walter Noel's mother, Mrs. Meadows of Wheeler.

COUNTY THDA DELEGATES: Mrs. Jim Chase, Mrs. Curtis Schaefer, and Mrs. C. A. Jones were elected to represent Gray County at the Texas Home Demonstration Association Meeting in Borger on April 27. Alternates selected were Mrs. E. E. Ergle and Mrs. Walter Noel. Mrs. W. E. Melton, Vice President of District 1, will preside at the April 27 meeting in Borger.

MASTER MIX PRODUCTS: Several homemakers called to say (See WHAT'S, Page 17)

PAMPA NEWS, SUNDAY MARCH 5, 1950 PAGE 15

Harley Bulls, Dramatic Tenor, to Be Presented in Vocal Recital March 13

The Choir Guild of the First Methodist Church will present Harley Bulls, dramatic tenor, in a vocal recital to be given in the Sanctuary of the Methodist Church, March 13, at 8 o'clock. Mr. Bulls will be accompanied at the piano by Mrs. May Foreman Carr. Mr. Bulls came to Pampa last September as director of music and religion education for the First Methodist Church. Since that time he has established recognition as an outstanding choral and vocal conductor and teacher. A native of the great South, Mr. Bulls is a well known west, educated in Texas and Oklahoma, he taught eight years of school as instrumental and choral instructor, also served 42 months in the Army as a band director. Bulls received the Bachelor of Arts degree from Oklahoma Panhandle A&M College, Goodwell, Okla., and the Bachelor of Music from the world famous Westminster Choir College.

La Rosas Have Presentation Dance

MARY LOU GANTZ

The La Rosa Sorority presented their new members with the annual formal dance in the Palm Room. The room was decorated in the form of a starlit night over a patio. An eight-foot silver star was the main attraction. It was balanced on either side by rose covered lattice, and on the walls were huge strips of silver paper, which gave the effect of mirrors and reflected the colored spotlights which were centered on the star. In keeping with the theme of the dance, programs printed in blue on white paper were handed out. The girls decorated small pencils in blue, with roses at the ends. The presentation was at 10:15. The young man came from the audience right, and the girl from the left. They met before the star for the presentation ceremony. Mike Smith, five-year-old son of Mr. and Mrs. Bill Smith, presented the girls with nosegays of red and white carnations. Mike was dressed in a white dinner jacket, dark trousers and wore a red boutonniere. Miss Mary Lou Gantz, president of the club, introduced the pledges and their escorts as follows: Rosemary Sheehan, Bill Buchanan; Malvern Miller, Haldane Suttie; Letitia Holman, Jack McKaughan; Doris Ann King, Gene Hartrader; Elmer Housden, L. Dean Begert. After pictures had been taken, the junior sponsor,

When you pack a lunchbox, add a sweet sandwich as an extra touch. Use nut, raisin, or cinnamon bread and spread with cream cheese and a favorite preserve.

Travis Lively Outlines School Bond Issue to Council of Club Women

Strongly favoring the bond issue to be placed before the voters at Junior High on Saturday, March 18, Travis Lively, Pampa business man, addressed the Council of Club Women in the City Club Room in City Hall, Thursday morning.

Outlining the issue, Mr. Lively said, "It is promoted by no particular group—just by interested citizens." No axes are being ground, he told the women; backers of the plan are simply working with the good of the city at heart.

Mr. Lively told of previous bond issues that have been defeated, and said that the present one has been conceived as something that will be acceptable to the community and will fill needs felt in the present school system.

Mr. Lively said the issue would expand the existing elementary schools, would increase the total classrooms to 78 in the four schools.

It would, he said, permit housing and handling of between 500 and 600 children; would provide suitable assembly rooms, additional facilities, such as toilet, heating and drinking fountains. He said that at least two heating plants must be replaced, and mentioned that the program would include a new physical education building to replace the old field house, which he termed a "fire trap." The new building, he said, would be a combination vocational and educational building, since it would also house manual training classrooms.

Mr. Lively told, also, of the urgent need for a new Negro school building, including recreational facilities. He said "I for one would be against any program that would not include the Negro children."

Brought out in Mr. Lively's talk was the need for more school buses, and at that point in his address, the speaker paid tribute to the school bus drivers, saying "I want to take my hat off to the men who have operated the buses." He added, however, "our transportation need will never be decreased, it will be increased."

Mr. Lively concluded his talk with this statement: "We have in our schools been too conservative and cautious—we have always expected Pampa to fold up. But I am now convinced that Pampa is permanent and that we should make permanent plans. This school bond issue is something we need and something we can well afford."

Art, Civic Club Organizes and Elects in Lefors

The Lefors Junior Art and Civic Club met and organized recently in the home of Mrs. John Hattfield. Articles and rules were read and explained by Mrs. Billie Gatlin and Mrs. Colleen Dunn. A short discussion on the organization and its work followed the election of officers, and the duty of each officer was explained.

Elected were: Mrs. Billie Gatlin, president; Mrs. Retha June Jordan, vice president; Mrs. Colleen Dunn, second vice president; Mrs. Mary Sue Martin, third vice president; Mrs. Frankie Fuller, secretary; Mrs. Betty Seals, treasurer; Mrs. Lena Cain, parliamentarian; Mrs. Ruth Crutcher, reporter.

Those to serve on committees are: social—Mrs. Jordan, chairman; Junetta Shipman and Gloria Casey. Membership committee—Mrs. Martin, chairman; Delma Jones and Juanita Vincent. Finance committee—Mrs. Dunn, chairman; Jean Sims and Vera McDonald. Other members are Mrs. Francis Clemmons and Mrs. Ima Jean Trout.

A social hour followed with refreshments served by Mrs. Lena Cain and Mrs. Colleen Dunn. The club will meet next at the home of Mrs. Lena Cain on Wednesday.

Mrs. Jordan Hosts McCullough WSCS

Mrs. Ray Jordan was hostess to members of the Women's Society of Christian Service of the McCullough Methodist Church on Wednesday. On the program were Mrs. Margaret Taylor, Mrs. W. B. Cox and Mrs. E. H. Martin. Refreshments were served by Mrs. E. L. Robinson, Mrs. L. M. Davis, Mrs. Margaret Taylor, Mrs. Nita Faye Hunt, Mrs. Carol Emerson, Mrs. W. B. Cox, Mrs. E. H. Martin, Mrs. Sam Steidman and Mrs. Jordan. The next meeting will be in the home of Mrs. Sam Steidman.

'Conserve Youth to Conserve Nation' Stressed at Varietas Club Meeting

"We face a problem today that should and must be solved. It is the traffic safety problem, especially as it relates to youth and cars. It is an education job all the way around. Educate the parent to a realization that he has a very definite responsibility and without his cooperation, all is lost. It is up to him to educate his own young son or daughter—to post definite penalties and educationally to our youth. The youth of our nation, with its strong points and weaknesses, will make the adults of tomorrow. We need to safeguard the home life, the health, both mentally and physically, if we expect our nation to be safe."

Mrs. R. W. Lane read a paper prepared by Mrs. J. C. Vollmert on "What We Owe Our Country." Mrs. Lane said "Democratic self-government is a two-way street—with its benefits comes the necessity for giving service. Our danger lies not so much in a fifth column whose enemy is avowed. It lies in a first column of well meaning American citizens. A first column of unscrupulous men who are 100 percent Americans in their daily professions, and 40 percent citizens in their daily routine of neglect."

The club met in the home of Mrs. Sherman White, 616 North Frost. Mrs. Ralph Thomas conducted a business session, and Mrs. Caldwell was program leader. During the meeting, members answered roll call, with "Reminiscences of Childhood."

Attending were Meses Caldwell, J. G. Cargile, J. G. Doggett, H. P. Dosier, H. T. Hampton, Lee Harrah, E. J. Haslam, F. E. Imel, Dow King, R. W. Lane, J. E. Kirckman, J. C. McWilliams, W. H. Moseley, Luther Pierce, Felix Stalls, Thomas, Frank Wilson and White.

Brownies Hear Talk on 'Brazil'

Dr. Phillip A. Gates spoke to 40 members and guests of the Brownie Troop 15 recently on "The Life and Customs of the People of Brazil."

The special meeting was held in the Presbyterian Church basement, for the purpose of informing the girls of the Troop about the country which they will depict at the Friendship Fair to be held in the Junior High School gymnasium on March 11.

Dr. Gates, who was a member of the Armed Forces in Brazil during the war, said that Brazilians insist upon being called Americans. He said that they are a friendly people, proud of their huge country. He said, also, that in much of Brazil, houses, schools, churches and toys are similar to those in the United States, but that the food is very different; they eat fish every day, and children learn to fish professionally at an early age. The speaker stated that even the very young ride donkeys along sandy roads that permit no skates or bicycles.

Dr. Gates said that the manner of living differs greatly in the three sections of Brazil. In the north, he said, the people are dark of complexion, a mixture of Negro and Indian blood, and they speak a dialect called Portuguese. In the central part, the people are white, they grow coffee and raise turkeys. Their houses are made up almost entirely of these products, beans and farina.

The speaker continued, "The warm climate, which stays at 78 to 82 degrees, discourages activity, and the rainy rainfall dries so quickly that people wear no raincoats. Their houses are without doors, windows, heating stoves or hot water. School is held under tabernacles, and the industry, operates with very lenient restrictions." He went on to say that the children, lacking other toys, enjoy jugs, monkeys and rabbits as toys. (See BROWNIES, Page 17)

SWEETHEART

MRS. FRANK FATA, who was chosen sweetheart of Beta Sigma Phi Sorority, was presented at a dance by that club recently. Music was by Bernie Howell. The sweetheart's dress was of white net and satin. She was presented with a bouquet of red roses by her attendant, Mrs. J. W. Graham.

Sebastian, Harmonica Virtuoso, Will Appear at Jr. High Friday

John Sebastian, harmonica virtuoso, will be heard at the Junior High School Auditorium Friday night as the third in the Community Concert Association series.

For more than three years concert audiences from coast to coast have been discovering and acclaiming the personable artist who has proved the harmonica a potentially musical instrument of unsuspected range and charm.

A son of a Philadelphia banker, Sebastian was graduated from Haverford College and studied law two years in Rome. Since childhood he had been an extraordinary performer on the harmonica. At 12 he was soloist with John Philip Sousa's Band. In high school he won a national contest which brought him an offer to teach harmonica to classes of Southern mountaineers.

In Rome he had more invitations than he could accept from the American colony and the local nobility. He modestly gave the credit for his popularity to his skill on the harmonica.

When he returned to Philadelphia he became so interested in the many possibilities he found in his instrument he decided to make music his career. Consequently, the life in the diplomatic service that he had been planning was abandoned.

He soon outgrew the status of a "novelty" and was asked to be guest soloist with the Philadelphia Orchestra under Eugene Ormandy. Later he appeared with the Rochester Civic Symphony, NBC Symphony and Radio City Music Hall Symphony.

He made a record album entitled "A Harmonica Recital," and has appeared on several major network radio shows including "We, the People," "Hildegard," "The Camel Caravan," "Texaco

Star Theater" and "Chesterfield Show." Recently he appeared with the Cleveland Orchestra under the direction of Dr. Rudolph Kingwall.

To attain the heights he now enjoys, Mr. Sebastian had to get out of the "novelty" class and get into the group of true artists of the concert stage. It proved difficult for him to convince people he was capable of delving into the music of the masters. Consequently, no one at first was particularly interested.

Sebastian decided to enter the night club field and made his debut at La Vie Parisienne, followed by an engagement at the swank Cotillion Room at the Hotel Pierre. After these two performances engagements came easier, and he was a tremendous hit at the Weigwood Room of the Waldorf and later at Chicago's Palmer House.

His services also were in demand for Red Cross rallies, war bond drives, March of Dimes and other benefits to raise funds for the war effort.

Reviews began to pour in, and Sebastian was several steps closer to his goal. It was Columbia Concerts, Inc., who were the crusaders. Though skeptical, they gave Sebastian the opportunity he had been working and waiting for. As a result, John Sebastian was the first harmonica virtuoso to make a complete solo recital tour. All doubts, as far as audiences were concerned, disappeared after he was on the stage for a few minutes. People who came to his McMillin Theater Concert to sneer at the humble "mouth organ" stayed to cheer this great recitalist.

Sebastian has fulfilled over seventy-seven concert engagements in one season. During the summer he "guest spots" over the major networks and summer concerts. At present he is recording exclusively for RCA Victor.

John Sebastian's work is still his "hobby." When not on tour, he works four and five hours a day with his pianist, Albert Malver, who accompanies him in Pampa.

LUNCH BOX SANDWICH
Make a nutritious vegetable filling for sandwiches for the lunchbox. Mix a quarter cup each of grated carrot, finely diced celery, grated cabbage, with a quarter teaspoon of salt, two teaspoons of chili sauce, and two teaspoons of mayonnaise or salad dressing. This makes about three-quarters cup of filling.

POTATOES DELUXE
Mashed potatoes are delicious when a little pimiento cream cheese is whipped into them.

Three Leaf HD Club Makes Enviably Record in 23 Years of Existence

SHAMROCK—(Special)—The Three Leaf Home Demonstration Club, which was organized in 1927, has made an enviable record in the 23 years of its existence. It was organized at the Lion's Hall with 15 charter members: Mmes. John B. Harvey, O. B. Harvey, Jess Zeigler, O. T. Glasscock, Milt Williams, Lillie Leake, J. H. Caperton, H. T. Fields, Tom Bryan, C. G. Cantrell, Sr., Clint Collingsworth, J. G. Mitchell, B. D. Howe and Howard Leake. Mrs. Milt Williams was the first president, and Mmes. Glasscock, Cantrell, and O. B. Harvey, have been continuous members since the organization.

The club has never failed to hold a meeting and has steadily progressed in membership, education, home improvement and in raising the standard of living in this community.

Scores of prizes have been awarded various members each year at the county fair, in sewing, canning and handwork.

Through the depression years the club members filled their pantries with choice canned meats, fruits and vegetables, with Miss Viola Jones, county home demonstration agent, as their leader.

In 1934 the Three Leaf group published a cook book of tested recipes and realized \$100 profit from the undertaking. In 1935 the club had a membership of 40. They made and quilted 26 quilts during the year aside from the regular routine of club work.

In 1936 this group had to their credit for the year, 4,945 quarts of canned and preserved fruits and vegetables. They raised 2,476 chickens that year and made 516 suits, dresses and undergarments.

In 1937, Miss Dalton Burleson, county home demonstration agent, assisted the Three Leaf Club in improving their homes and the homes of their neighbors during her term of office.

At the time Miss Lucille Chance served as county home demonstration agent, the club made 160 cotton mattresses under her supervision.

Later Miss Merle Scales, Miss Bettie Sue Bounds and Miss Kate Zeeman served as agents and during their tenure of office the group did knitting and sewing for the Red Cross.

In 1945 there were 2,160 pints of pineapple canned, and many dresses, suits and garments for children were made from feed sacks by the club members.

Their main project during 1946 was the cleaning of sewing machines and regulating cookers. In 1947 aighans were made for invalid soldiers to use while in wheel chairs.

In 1948 the main project of

the Three Leaf Club was the upholstering of furniture for the membership as well as others. Many attractive pieces of furniture were turned out by the group.

Mrs. Emma Hastings, the present Wheeler County home demonstration agent, assisted the members in making kid gloves. They made 47 pairs of attractive gloves in all shades of kid. During 1949, they sponsored a program for Boy's Ranch.

In 1950, they look forward to a year of great accomplishment in an educational way, and the theme, "Better Homes Make For A Better World," is their motto.

Program Presented In Lefors School

LEFORS—(Special)—Mrs. L. E. Andrews' third grade class presented a program in assembly Thursday afternoon in the high school auditorium.

The program included a play, "The Seven Dwarfs Visit Snow White." The cast included Sue Bradley as Mary, Sally Bronner as The Witch, and David Smith, Charles Dickerson, Dicky Kimbley, Mark Braley, Richard Taylor, Barney Smith, and Phyllis Line as the Dwarfs.

Several circus songs were sung by the entire class, followed by a solo by Janice Satterwhite. David Smith concluded the program with a poem, "I Stumped My Toe."

Miss Fae Robertson accompanied the musical selections at the piano, and Jeannette Savage was mistress of ceremonies.

Balder was the ancient Scandinavian light god.

Bell HD Club Hears Talk on 'Conservation'

When the Bell Home Demonstration Club met in the home of Mrs. Lloyd Collis on March 3, Mr. Quentin Williams of the United States Soil Conservation Service Office spoke to the group.

"Ten or 12 years ago the movement was started by President Roosevelt asking the state legislature to pass laws making it possible to organize soil conservation districts," said Mr. Williams.

"Help was promised from the Federal Department of Agriculture if they were asked for help. Soil conservation districts are legal sub-divisions of the state government.

"Oklahoma and Arkansas were the first states to pass such laws in 1937. The Texas legislature passed the law in 1939, and all of the states have now enacted such laws. Only resident (actual living persons) landowners are allowed to vote in organizing districts or transacting any business of Soil Conservation Districts."

"Four states, Texas, Oklahoma, Arkansas and Louisiana, with headquarters in Fort Worth, comprise the soil conservation section of the United States in which we reside.

"Soil conservation is the proper use or treatment of land to keep it permanently productive while in use. It should include improving the productivity of the land, also.

"Just one generation ago 30 percent of all crops produced in the United States was used to feed horses and mules to furnish the power on farms and for travel. We have absorbed this 30 percent amount of crops that had to be disposed of.

"Improved varieties of seed and plants, weed-killers and insecticides have improved the yield, but that is not enough; the land must be kept up. Due to the lack of care, 16 million acres of agricultural land was abandoned in a five year period. The equivalent of 40 acres of top soil is going into the Gulf of Mexico

every minute due to water erosion."

"Land is divided into agricultural and grass or timber land. Some of the most productive land in the United States is around here, in this part of Texas. To protect land it must be kept covered. A green, growing cover is best but residue from previous crops is good, too."

"Mr. Williams continued, 'soil is a living thing. It is alive with organisms, bacteria, etc. A supply of food must be kept to feed the soil. The chemicals from the rocks have to be broken down so the soil can use them. Natural chemical reactions do this. Ten elements are required for good plant growth. These elements come from air, water, and soil. If they are not obtained in this way, these elements should be added by commercial aids. The plains land soil is not lacking in any of these elements. It is a little low in nitrogen and phosphorus. A commercial fertilizer formula of 4-12-4 can be bought to aid in restoring these elements to the soil.'

He said, also, "if gardens are kept clean, and all bean vines and other residue are removed from the garden plot, straw or fertilizer should be added, and turned under. Climate tested tomato plants should be planted," he concluded.

Bell Club council representative, Mrs. Joe Keel, gave the council report. She said March 12 is to be 4-H week. The council cleared \$272.82 from the food sale at the February Fat Stock Show. Miss Doris Leggett, district agent, and Mrs. W. E. Melton, district vice president, were guests at the council meeting, said Mrs. Keel.

Visual aid committee plans were read by Mrs. Emmett Osborne.

The club voted to ask Council to sponsor a county exhibit, since no county fair is scheduled for this fall.

Refreshments were served to the speaker, Mr. Williams, and to Mrs. Nolan Cole, Mrs. Chas. Warminski, Mrs. Tom Anderwald, Mrs. David Collis, Mrs. Ernest McKnight, Mrs. Conner O'Neal, Mrs. Henry Duesterhaus, Mrs. Emmett Osborne, Mrs. Joe Keel, one guest, Mrs. T. D. Arrington, and three children.

SANDWICH SPREAD
For a sandwich spread for lunchboxes mix deviled ham with hard-cooked eggs, mayonnaise and sweet pickle relish.

Miss Ruth Huff Is Guest Speaker at Culture Club Meeting

The Twentieth Century Culture Club met in the home of Mrs. Hueelyn Laycock. The topic of discussion for the afternoon was "Travel" and was keynoted by Mrs. Ruth Huff who discussed "Relaxed Travel."

Miss Ruth Huff showed slides taken while on her recent trip to Europe, and she discussed points of interest she visited while in the European countries.

Those present were Miss Ruth Huff, Mrs. L. N. Atchison, Mrs. Jeff Bearden, Mrs. G. L. Craddock, Mrs. J. R. Donaldson, Mrs. M. P. Downs, Mrs. M. K. Griffith, Mrs. E. L. Henderson, Mrs. Rufe Jordan, Mrs. J. D. Merchant, Mrs. Myles Morgan, Mrs. Earle Scheig, Mrs. Fred Thompson, Mrs. E. O. Wedgeworth, Mrs. L. J. Zachry, Mrs. Leslie Hart, Mrs. Vernon Hobbs, and the hostess.

LENTEN DISH
For a delicious Lenten luncheon dish, flake a pound of cooked or canned fish and mix with two cups of medium cream sauce; season well and heat. Garnish with sliced hard-cooked eggs and serve very hot on split buttered biscuits or toasted English muffins.

LEFTOVER POTATOES
Leftover potatoes may be mashed and mixed with flaked cooked fish; make into patties and saute in a little hot fat in a skillet.

Lefors WSCS Has Business Meeting

LEFORS—(Special)—The WSCS of the Methodist Church met at the church at 1:30 p.m. Wednesday.

During the business meeting, conducted by Mrs. Madge Page, a letter from a missionary in India was read by the secretary, Mrs. L. R. Spence. A report of proceeds of \$30 from the last bake sale was given. Mrs. R. H. Campbell gave a report from the committee that is investigating the costs of printing a cookbook.

Mrs. W. C. Breining have the fifth chapter of the study book, "Women of the Scripture." Also on the program were Mmes. M. F. Tibbets, Arlie Carpenter, and Lawson Shaw.

Those present besides the above mentioned were Mrs. N. C. Jordan and Mrs. Bernard Johnson.

(Continued from Page 15)
playthings. They speak pure Portuguese, and their all white clothing is washed in sink holes and spread on bushes to dry.
In the southern part, stated Dr. Gates, the people are white, and they speak pure Castilian Spanish. For the most part, the area around Rio is populated by wealthy ranchers whose attire greatly resembles our cowboy regalia in the Panhandle. The standard of living there is very high, and life is gay and colorful.

Everywhere, said the speaker, Brazilians are unexciting, unhurried and enjoy life. About their open markets there often prevails a carnival atmosphere. They are an ingenious people and are taught from infancy to do things with their hands. They are taught to make what they want, as there is seldom the opportunity to buy it.
Dr. Gates displayed dolls dressed in the colorful costume characteristic of southern Brazil, and an intricately carved jewel box, which opened by a series of movements, to be figured out as a puzzle. He said they not only excel in the quality of their crafts, but that they work with amazing rapidity. He showed a series of enlarged pictures which

they made the Master-Mix and that the muffins made from the Master-Mix were delicious! Say, you haven't tasted anything until you have made the Docut Muffins. And what fun they are to make!
By the way, the 4-H Club girls will practice making muffins and biscuits for their families during the next several months. Then one day during the summer a county contest will be held to determine the best muffin and biscuit maker among the club girls in Gray County. The County winner will then enter the District Contest. The winner of the District "Better Bake Show" will be especially honored during Youth Day at the Tri-State Fair. Better get busy, Club Girls!

Shamrock Census Leader Is Named

SHAMROCK — (Special) Cabot Brannon of Shamrock has been appointed crew leader for Wheeler County for the purpose of taking the 17th decennial census.
Brannon received notice of the appointment in a letter from Walter S. Shaller, Amarillo, district supervisor, National Bureau of Census.
More than 1,000,000 translations of more than 1,000 American books have been published in Japan under American occupation authorities.

TRIPS TO ADVERTISE SHAMROCK FETE SET

AGED MAN NOMINATED AS HERO OF THE YEAR

By HAL BOYLE
 NEW YORK — (AP) — If I had to pick a hero-of-the-year this early in 1950, it would be Mr. Frederick W. Theilmann.
 At 92 this retired Minneapolis undertaker has set a stalwart example for a faint-hearted age. Lugging a movie camera and 1,200 feet of film, the energetic nonagenarian has flown to Europe on a three-month trip by air around the world.
 It is the first time he has ever left this country, but Theilmann isn't running away from atom bombs, bad times, the sheriff or anything or anybody else. He is going on an Indian summer voyage of adventure, and in a very humble spirit.
 "I am making this trip in the hope that I may learn more than I already know, God willing," he said.
 And God also willing, he'll come back fresher in mind and younger in heart than millions of Americans one third his age.
 It is a gallant thing to be curious and venturesome at 92. It proves anew, what all physicians know, that old age isn't a matter of the years of the bone so much as the depth of the moss on the soul.
 What led Theilmann to make this epic pilgrimage I can't tell. Perhaps it was because in his work as an undertaker he made too many trips to the cemetery with people who ended up there early because they lost the zest for living.
 In any case the fatigue of our times, the neurotic fear of the future that afflicts so many young and middle-aged people today, seems not to have touched him at all. In his long life he has survived three wars, numerous bitter depressions, known death in his family — and still he's an eager beaver. He wants to know more about life.
 "I don't think he's too unusual an old man for all that. It has

Angry Solons Seek Curb On Johnson

WASHINGTON — (AP) — Rep. Vinson (D-Oh) said Friday he will introduce legislation to keep Secretary of Defense Johnson from "freezing" money approved by Congress for specific military projects.
 Johnson couldn't disregard Congress even in the name of economy, under Vinson's proposed bill. The congressman is chairman of the House armed services committee.
 Vinson said the bill would require the defense secretary to consult with the Senate and House appropriation committees before Congress-approved funds are withheld by administrative action.
 Back of this is anger within Vinson's committee and in the House military appropriations subcommittee over action by Johnson last year in halting the spending of \$735,000,000 voted by Congress to increase the Air Force from 48 to 58 groups.
 Sternly questioned, Johnson told a military appropriations subcommittee in January that he took his action at the direction of President Truman. He said that in his opinion Mr. Truman was acting in his capacity as commander-in-chief of the nation's armed forces.
 Mr. Truman had taken the position that 48 groups were adequate for national defense and that any increase in strength would be more than the current spending budget could stand.
 Now comes release by the House military appropriations subcommittee of its hearings on the air force's request for \$4,433,478,000 out of the overall military budget of \$13,000,000,000 for the fiscal year beginning July 1.
 Of the Air Force request, \$1,250,000,000 is for aircraft procurement, and the legislators heard from Secretary of the Air Force Symington that this "would not bring about or maintain a modern 48 group program."

Mexico Customs Trio Acquitted

NEW LAREDO, Mexico — (AP) — A Mexican federal jury has acquitted three customs officials from San Pedro de Roma, in Tamaulipas state, of charges they demanded money from an American business man.
 Julio Madrigal of Rio Grande City, Texas, had charged he was arrested last July near Cerrvalvo, Nuevo Leon, because he did not have with him a temporary import permit on his truck. He claimed he was taken to San Pedro de Roma and held there until he paid 9,300 pesos for his release.
 The customs officials, who were arrested by federal security police, were Valdemar Polo Aquino, Jose Urquiza Sosa and Francisco Hizar Montalvo.

Water sellers at Bahrien, on the Persian Gulf, dive to the bottom of the gulf and fill goatskins from fresh water springs.
 been my experience that old people as a group face life with more courage, and retain a deeper, abiding interest in it, than younger people. After all, their courage and strength has carried them through the test of time — they are the ones who won their way through all troubles. The weaker sank.

Hunting Film Shown in Kellerville

KELLERVILLE — (Special) — A two-hour motion picture featuring an African wild game hunt and scenes from Paris, Italy, Greece, Egypt, China, Guam, and Hawaii, was presented in the gymnasium here recently by C. E. Cooke and A. B. Huggins, McLean businessmen.
 The scenes were filmed last summer when the two men made a trip around the world, and included views of interesting places, modes of travel, and customs.
 In addition to the pictures of the trip around the world, some fifteen minutes were given to the

Louisiana Legislature Sets Special Session

BATON ROUGE — (AP) — The Louisiana legislature is to meet in special session next Sunday night to consider a revision of state statutes and possibly other matters.
 The announcement was made by A. A. Fredericks, Gov. Earl Long's executive assistant, after a conference with Long, who is recuperating from a heart attack.
 The scenes were filmed last summer when the two men made a trip around the world, and included views of interesting places, modes of travel, and customs.
 In addition to the pictures of the trip around the world, some fifteen minutes were given to the

Administration Is Expected to Boost Business

NEW YORK — Truman's home policies will shift a bit by spring to put more steam behind things which are regarded as business boosters, according to Business Week.
 One reason cited by the publication is that his economic advisers are not as optimistic as many businessmen about second-half prospects. Another is that his political planners want everything possible done to avoid any downturn which might hurt at the November polls.
 The magazine says Truman will center his efforts behind spending and lending legislation.
 Here are some other predictions: A corporation tax increase is likely to be forgotten.

Texas-Born Diplomat Is Sent to Indonesia

WASHINGTON — (AP) — Foreign service transfers announced by the State Department include: Willard O. Brown, Abilene, Texas, from consul at Tientsin, China, to Jakarta, Indonesia, as agricultural attache.
 Credit controls seem headed for discard, too. Neither revival of installment sales curbs, nor more power for the Federal Reserve Board over bank credit, will be pushed to passage.
 Housing aids will get a real shove—the so-called middle-income bill for easy financing of co-ops, apartments, and low-priced individual homes.
 Aid to small business will be moved closer to the top on the must list. Truman will get a liberalization of RFC loans, but the capital bank idea is still in doubt.

Further Talks on 'Peace' Envoys Brochure Plans Slated by Panel

WASHINGTON — (AP) — The United States has refused to permit a 12-member European "peace delegation" headed by Pablo Picasso, noted Spanish artist, to visit this country.
 The State Department said that the 12 "are either known Communists or fellow travelers and are therefore subject to exclusion from the United States under the immigration laws."
 American consuls were instructed last night to refuse passport visas for the group, whose announced purpose was to present a petition to Congress calling for immediate reduction of war budgets and military forces, and prohibition of atomic weapons.
 Americans spend \$32,500,000 a day, an average, on meat.

 "33rd Year"

Clouds Appear On Horizon of Texas Business

By MAC ROY RASOR

AUSTIN — (AP) — Clouds are apparently boiling up on the Texas business horizon.

The way business started the year off has university of Texas Bureau of Business Research Director John E. Stockton somewhat concerned despite almost unanimous forecasts for a rising trend to continue into 1950.

Texas experienced a 3 percent dip in its business activity in January.

Not a big drop — but the factors behind it may be significant, Dr. Stockton thinks. Here's why.

1. It is the second straight month of decline.

2. Every category of business measured during the month showed declines with only one exception.

The December decline was not unusual in that it followed a month in which resumption of coal and steel production had caused an upward spurt. December could have been simply a "settling back" period.

"But for approximately the same decline to occur for the second consecutive month suggests that it may not be simply an erratic fluctuation," the analyst observed.

January drops included retail sales, 2 percent; industrial power consumption, 16 percent; crude oil runs to stills, 6 percent; electric power consumption, 11 percent; freight car loadings, 2 percent; crude petroleum production, 0.5 percent.

Only increase was in building permits, up 56.9 percent.

The industrial part of those figures show declines substantially greater than consumer expenditures.

"This fact is reason to be somewhat concerned, and raises some doubt as to the accuracy of the forecasts for 1950. The industrial portion of the business economy is more dynamic than retail trade, and is probably more important as a cause of the changes in business activity," Dr. Stockton said, adding:

"The decline in January should be a warning to watch carefully for further developments that might signal a general decline in business."

Radio's first loudspeaker was an almost identical copy of the phonograph horn of the time, the only difference being that it generally was upright.

State Demos Want Veep As Speaker

AUSTIN — (AP) — State Democratic party leaders were hopeful Saturday that they can get Vice President Alben Barkley as the keynote speaker for one big statewide party dinner this spring.

Four dinners were held last year to raise funds for the party. National Committeeman Wright Morrow of Houston said plans for the dinner, which will probably cost \$25 a plate, were discussed

'Phoney' Phone Call to Doctor Is Real Thing

CINCINNATI — (AP) — Dr. Reed Shank, busy at Christ Hospital, wasn't going to be taken in by

any of those phony telephone calls. It took two calls from the switchboard plus anxious assurances from the supervisor to convince him that he was being called by President Truman.

The president was calling to inquire as to the condition of Secretary of Commerce Charles Sawyer, who underwent an operation here this week.

When Dr. Shank finally answered, he informed the president Sawyer was improving.

Ten states — Wisconsin, Illinois, New York, Missouri, Minnesota, Indiana, Tennessee, Ohio, Michigan and Oregon — produce 85 percent of the national cheese supply.

House of Fine Diamonds, Watches and Silverware

Unusual Wild Horse Trait Told by Early Texas Writer

Since the first time a man threw his leg over the back of a horse, said animal has been discussed from head to tail and back again.

Some men talk strictly from the point of view of the bookish expert who knows all about horses but has little chance to apply his knowledge. Others, like the one who wrote this article in the Taylor County News, Abilene, Texas, back in January, 1899, learned by experience, which is said to be the best teacher.

"So much has been written of the horse of the plains which galloped on the dew-kissed grass of the prairie, has never known the halter or the touch of a man's hand, that descriptive reference to their fleetness, wariness, and oftentimes graceful beauty—particularly among the stallions—would at this day, sack interest."

"But one curious fact is known but to few—aside from those who have followed them for hundreds of miles and studied their habits closely. If there are enough in a band, these group by thirtens. With every stallion there are twelve mares."

"What becomes of the weaker male which the stronger fights away—whether they hide their

Shamrock Red Cross Drive Opens Tuesday

SHAMROCK — (Special) — A breakfast at the U-Drop Inn at 8:30 a.m. Tuesday, March 7, will launch the annual drive for the Shamrock Chapter of the American Red Cross.

Attending the breakfast will be Laura Schewe, Red Cross field representative from St. Louis; local solicitors and county chairmen. In charge of the meeting will be G. L. Harrison, fund chairman.

Immediately following the breakfast meeting, the workers will begin a whirlwind campaign to raise the Shamrock Chapter's quota of \$1,490.

\$2,000 Fellowship Granted In Petroleum Engineering

COLLEGE STATION — The Tennessee Gas Transmission Company again has made available a \$2,000 fellowship for graduate students in petroleum engineering at Texas A. and M. College.

The fellowship covers a 10-month period beginning next September.

In addition to the \$2,000 stipend, \$500 was made available for purchase of necessary research equipment. Research work, preferably to be done in the field of natural gas transmission, may be accepted toward a master's or doctor's degree.

Candidates considered for the fellowship must hold a degree in petroleum engineering from an accredited college and must meet the requirements for admission to the A. and M. College graduate school.

The recipient of the fellowship will be chosen by the head of the petroleum engineering department at A. and M., in consultation with other members of the staff and with the approval of the company. Applications must be received on or before April 25.

The selection will be based on grades obtained in undergraduate work and personal qualifications for research. The selectee will be notified by May 10.

Applications should be addressed to Harold Vance, head of the petroleum engineering department, Texas A. and M. College, College Station, and should include an official transcript of college record, a photograph, and a complete experience and personal record.

The Tennessee Gas Transmission Company Fellowship was established at A. and M. in August, 1942. John H. Creisinger was the first recipient, using the opportunity to begin his studies of electrosonic methods of measuring gas compressibility factors. Charles R. Olsen now holds the fellowship. He is investigating bubble formations in super-saturated oil systems.

Six Men Seeking Postmastership

WASHINGTON — (AP) — Six men have applied to the Civil Service Commission for the Marshall, Texas, postmastership, it announced yesterday.

They are Thomas J. Angor, Louis D. Mullikin, Raymond G. Krieger, Freddie L. Morrison, Robert H. Wood and Hiram W. Scott, Jr. The commission will decide which three of them are eligible for the appointment, to be made by President Truman.

Texas Sheriff Kills Man on Way to Jail

PITTSBURG, Texas — (AP) — Sheriff Henry Hackler shot and killed a handcuffed Negro yesterday as the man was being taken to jail. Hackler said his prisoner, Tanky Jane Chisim, about 26, of Pittsburg, was shot after he began biting, kicking and flailing the sheriff.

An inquest verdict of death from gunshot wounds inflicted by Hackler in self defense was returned.

BAYLOR CAN'T CALL SONG OWN UNTIL 1958

WACO — (AP) — Baylor University's 40-year-old school song won't really be Baylor's until 1958. The song, "That Good Old Baylor Line," sounds a lot like that old favorite, "In the Good Old Summer Time." It should, Baylor admits the school song is a parody of the old waltz, put together by an enthusiastic student soon after "In the Good Old Summer Time" was written in 1902.

Recently Baylor Band Director Donald Moore composed a new fast step march version of "Baylor Line" and sent it to a San Antonio publisher. It wasn't long until he got a letter from Herbert E. Marks, president of the Edward B. Marks Music Corporation of New York. "We do not wish to deprive Baylor of its alma mater song," wrote Marks, but he warned Baylor "must be very careful in the future not to do anything with 'That Good Old Baylor Line' which does not meet with our thorough approval."

Shamrock FFA Boys Enter Amarillo Show

SHAMROCK — (Special) — Three members of the Shamrock Chapter of Future Farmers of America plan to exhibit their livestock at the Amarillo Fat Stock Show and Exposition, March 6-10.

Calves will be entered by J. C. Darrow and Paul Thomas Macina. Jerry Woodall and J. C. Darrow will enter barrows in the pig show.

In order to get the livestock ready for these shows, preparations must be made months ahead. The calves are selected and put on feed almost a year prior to the show. The pigs are usually selected five to six months ahead of show dates.

Darrow, a senior in high school, is planning to show "Lucky," an 800-pound Hereford steer. This animal was purchased from the Winston Hereford Ranch at Snyder. "Lucky" placed second in the lightweight class of steers in the Wheeler County Junior Livestock Show held here February 11.

Darrow also plans to show three

Duroc barrows in the pig show. Macina, also a SHS senior, will show "Irish Lad," a 950-pound Hereford calf purchased from Hubert Tindall. This steer is the last one that will be shown that was sired by the famous bull, "Domino Lad E163," who has been the foundation sire of many of the outstanding "Doctor" cattle produced in this section. "Domino Lad E163" recently passed to "Hereford Heaven."

Woodall, a sophomore student and a new comer to the Future Farmer group, will show three Hampshire barrows in the swine show.

The Institute of Scrap Iron and Steel says demand for scrap went down in 1949 for the first time since 1946.

Arabian Dance Presentation Slated for Girl Scout Fair

Girl Scouts of Troop 20 will be featured in an original Arabian dance on the program of the annual Friendship Fair at 7 p.m. next Saturday at the Junior High School Gymnasium.

Troop 20 Scouts, serving cheese sandwiches, will decorate their booth for Arabian. There will be 515 Scouts in the grand entry, which will open the fair. Twenty-four booths, each depicting an overseas country, will be circled about the gymnasium and will be open to the public following the free program. Each troop will dress a doll in the costume of the country it is portraying.

At the close of the program the troops will send a representative to the center of the gym to a large pot representing the world. The representatives will contribute the Juliette Low fund savings of each Scout and place their doll around the "world."

During the year the Scouts save their own money for the fund, which is used for the Girl Scout and Girl Guide programs abroad. Last year the local Scouts saved a total of \$158.15. Girl Scout cookies will be sold at some of the booths. Individual Scouts will sell the remaining cookies throughout the next week.

Besides the animal figurines, yarn dogs, novelty whistles and other crafts made by the Scouts to be sold at the booths, for sale will be hot dogs, cheese sandwiches, hot and cold drinks, pie, cake, candied apples, ice cream, sherbet, peanuts, popcorn, caramelized popcorn and bubble gum.

Rehearsal for the fair will be at 10:30 a.m. Friday at the gymnasium. Pampa schools will be closed while teachers are at a training session in Amarillo.

Some of the other booths will include: Troop 29, Alaska; Troop 3, Netherlands Troop 19, India; Troop 22, Scotland; and Troop 4, Poland.

Biological Research Planned at Texoma

DENISON — (AP) — A biological research station for Oklahoma University will be built on the shores of Lake Texoma, near Willis, Okla., by the Cowan Construction Co. of Shawnee, Okla. The \$71,730 contract was let Friday.

Cooler Is Too Cool So Blankets Borrowed

The automatic steam furnace heating the city jail broke down. Officers borrowed 50 blankets from the National Guard to keep the 44 prisoners warm.

Washes and Rinses Clothes Really Clean and bright

LIVE-WATER ACTION

...and only FRIGIDAIRE has it!

Frigidaire's exclusive Live-Water Action produces rolling, penetrating currents of hot, sudsy water that wash clothes through and through with no pulling or yanking. Clothes are in water all the time—not half-in, half-out. And the same Live-Water Action that washes clothes cleaner, rinses them twice in fresh, clean water. See a demonstration of Live-Water Action. There's nothing else like it!

Only FRIGIDAIRE has all these features!

- All-Porcelain inside and out
- Loads from the top
- Put it anywhere, no bolting down
- Clog-Proof Water Pump
- Underwater Suds Distributor
- Flow-Temp Water Valve
- Direct-Drive Unimatic Mechanism

FRIGIDAIRE AUTOMATIC ELECTRIC CLOTHES DRYER

No more clothes lines or weather worries! Dries clothes as fast as you wash them. In 15-25 minutes clothes come out sweet-smelling, soft, fluff-dried, ready for immediate use or for ironing.

Panhandle Drilling Activity Increases Pace As New Potentials Reach 1,415 Barrels

PAMPA NEWS, SUNDAY MARCH 5, 1950 PAGE 23

February Totals Hit Two-Year High

A marked increase in drilling activity during the last two weeks of the month brought February totals in the Panhandle field to their highest point since August, 1948.

Operators in the area brought in a total of 78 new oil wells for a total increased potential of 4,832 barrels, an increase over reports for January of 964 barrels. Oil potentials a year ago were reported for 2,145 barrels from 31 new oil completions.

Reports for August, 1948, showed 56 oil completions for 5,037 barrels.

An increase was also noted in the number of gas completions though potentials were lower. There were 15 gas completions completed during the past month with potential of 142,211 MCF daily compared to 19 completions in January for 189,719 MCF daily. Reports for February, 1949, show operators completed only five gas wells for potentials of 41,446 MCF daily.

Following the trend set by new completions, the number of drilling permits rose from 83 reported in January of this year to 113 for February. A year ago 41 permits were issued for the Panhandle field.

Completion of two wildcat ventures in the Anadarko Basin spurred operators during the month. Phillips Petroleum Co.'s No. 1 Willito in Sherman County was finished for 225 barrels of oil and the Railroad Commission gave Sinclair No. 4-D Lips, Roberts County venture, a daily gas potential of 17,600 MCF daily.

Since completion of these tests Phillips has staked two additional tests in the Panhandle portion of the basin. No. 1 Kaffer in Hansford County and No. 2 Willito in Sherman County. Sinclair staked No. 5-E and 6-F Lips on the Lips Ranch in Roberts and Panhandle Eastern Pipe Line Co. staked its No. 1-12 Cluck, 6,500-foot test in Sherman.

This brings the total of operating wildcat rigs to nine for the Panhandle.

Five tests were plugged during the month. Cities Service plugged the No. 1 Swift in Armstrong County. Stanolind plugged its No. 1 Steve Owens in Childers, Sinclair abandoned the No. 3-C Lips.

Phillips No. 1 Dix, Sec. 4, Blk. 2, GH&H, set 1 1/2 inch to 6,635 feet with total depth plugged back at 6,710 feet. Operators perforated two zones from 5,500 to 5,600 feet recovering salt water from both. Drilling out cement after squeezing off perforations and preparing to retent.

Hutchinson County Kerr-McGee No. 1 Coble, Sec. 7, Blk. M-22, TCRR, drilling below 3,860 feet.

Ochiltree County Texaco No. 1 McGarrugh, Sec. 15, Blk. 13, drillstem test from 3,625 to 3,625 feet recovered 400 feet of muddy salt water. Operators drilling ahead below 4,000 feet in lime.

Randall County Dibble No. 1 Currie, Sec. 7, Blk. 6, waiting on rotary.

Roberts County Sinclair No. 5-E Lips, Sec. 158, Blk. 13, T&NO, clearing location. Sinclair No. 6-F Lips, Sec. 158, Blk. 13, T&NO, clearing location.

Sherman County Phillips No. 2 Willito, Sec. 15, Blk. 3-T, T&NO, set and cemented 1 1/2 inch to 669 feet with 3,255 feet.

Panhandle Eastern No. 1-12 Cluck, Sec. 12, Blk. 3-T, T&NO, operators set and cemented 1 1/2 inch pipe to 560 feet with 600 sacks, drilling ahead below 1,979 feet.

Seventeen Oilers Completed; Locations Drop to 19 From Previous Week's High

Panhandle operators brought about a second healthy increase in oil potentials last week in completing 17 new oil wells for a total raise in potentials to 1,415 barrels. This is compared to the 1,112 barrels reported the previous week from 19 new oil wells. This is a decrease in total number of wells of two for the past week.

New locations fell from 33 reported for the week ended Feb. 25 to 19 this past week. Two wells were reported plugged but no new gas wells completed.

U.S., Canadian Oil Activity Shows Upturn

DALLAS —(Special)— Drilling activity showed a marked upturn in most oil development areas of the United States and Canada for the week of Feb. 27. American Association of Oilwell Drilling Contractors has been advised by Hughes Tool Co. There was a net gain of 49 active rotary rigs, despite a slight reduction in rigs operating in West Texas and New Mexico.

For the week there were 2010 active units, as compared with 1961 a week ago, 1968 a month ago, and with 2047 for the comparable week in 1949.

By areas, the breakdown was: Oklahoma-Kansas 356, up 29; Oklahoma-Texas 140, up 17; Pacific Coast 141, up 6; West Texas and New Mexico 672, down 3; Illinois 57, down 3; and Rocky Mountain and Canada 143, down 1. There were 60 rigs operating in the Rocky Mountains and 83 in Canada.

Activity moved at a moderate pace also in the Elk City field of Beckham County, Okla. Drilling in the field was as follows:

Shell No. 1 Gibbins-A, C SW NW of 9-10-21w, plug-back depth of 9,955 feet, perforated at 9,425 feet, running 2 1/2 inch tubing. No. 1 Hoard-A in C SW SE of 8 was pulling fish at 7,270 feet.

Shell No. 1 Kelly-B in C SW SE of 5 was drilling below 5,711 feet while No. 2 Kelly in C NW SE of 23 was below 1,000 feet. Shell No. 1 Pinkerton, C NE NW of 16 was reported below 2,419 feet.

United No. 1 Music in C NW SW of 24 was running drillstem at 9,576 feet. Shell No. 1 Reynolds in C SW SW of 15 was working 7,422 feet and No. 1 Reynolds-Hubbard Unit in C SE SE of 13 was over 8 5/8-inch casing from 138 to 209 feet and was to mill.

Shell No. 2 State-A in C SW SE of 9 was drilling below 8,331 feet. No. 2 State-E in C SW SE of 8 was working from 7,910 feet and No. 2 State-C in C NE SE of 8 drilled below 6,225 feet.

Shell No. 1 State-E in C NW SE of 10-10-21w was below 5,900 feet while No. 1 State-F in C SE NE of 23 was below 9,675 feet. No. 2 Walter-A in C NW NE of 23 was working in tools and No. 2 J. G. Walter in C SW SW of 14-10-21w drilled 8,000 feet.

Wagner No. 1 Wisner in C SE NE of 14 was below 4,811 feet and No. 3 Yelton in C NE SE of 15 found leak in casing at 301 feet and was to squeeze. Plug-back depth is 10,068 feet.

United No. 1 Music in C NW SW of 24 was running drillstem at 9,576 feet. Shell No. 1 Reynolds in C SW SW of 15 was working 7,422 feet and No. 1 Reynolds-Hubbard Unit in C SE SE of 13 was over 8 5/8-inch casing from 138 to 209 feet and was to mill.

Shell No. 2 State-A in C SW SE of 9 was drilling below 8,331 feet. No. 2 State-E in C SW SE of 8 was working from 7,910 feet and No. 2 State-C in C NE SE of 8 drilled below 6,225 feet.

Shell No. 1 State-E in C NW SE of 10-10-21w was below 5,900 feet while No. 1 State-F in C SE NE of 23 was below 9,675 feet. No. 2 Walter-A in C NW NE of 23 was working in tools and No. 2 J. G. Walter in C SW SW of 14-10-21w drilled 8,000 feet.

Wagner No. 1 Wisner in C SE NE of 14 was below 4,811 feet and No. 3 Yelton in C NE SE of 15 found leak in casing at 301 feet and was to squeeze. Plug-back depth is 10,068 feet.

United No. 1 Music in C NW SW of 24 was running drillstem at 9,576 feet. Shell No. 1 Reynolds in C SW SW of 15 was working 7,422 feet and No. 1 Reynolds-Hubbard Unit in C SE SE of 13 was over 8 5/8-inch casing from 138 to 209 feet and was to mill.

Shell No. 2 State-A in C SW SE of 9 was drilling below 8,331 feet. No. 2 State-E in C SW SE of 8 was working from 7,910 feet and No. 2 State-C in C NE SE of 8 drilled below 6,225 feet.

Shell No. 1 State-E in C NW SE of 10-10-21w was below 5,900 feet while No. 1 State-F in C SE NE of 23 was below 9,675 feet. No. 2 Walter-A in C NW NE of 23 was working in tools and No. 2 J. G. Walter in C SW SW of 14-10-21w drilled 8,000 feet.

Wagner No. 1 Wisner in C SE NE of 14 was below 4,811 feet and No. 3 Yelton in C NE SE of 15 found leak in casing at 301 feet and was to squeeze. Plug-back depth is 10,068 feet.

United No. 1 Music in C NW SW of 24 was running drillstem at 9,576 feet. Shell No. 1 Reynolds in C SW SW of 15 was working 7,422 feet and No. 1 Reynolds-Hubbard Unit in C SE SE of 13 was over 8 5/8-inch casing from 138 to 209 feet and was to mill.

Shell No. 2 State-A in C SW SE of 9 was drilling below 8,331 feet. No. 2 State-E in C SW SE of 8 was working from 7,910 feet and No. 2 State-C in C NE SE of 8 drilled below 6,225 feet.

Shell No. 1 State-E in C NW SE of 10-10-21w was below 5,900 feet while No. 1 State-F in C SE NE of 23 was below 9,675 feet. No. 2 Walter-A in C NW NE of 23 was working in tools and No. 2 J. G. Walter in C SW SW of 14-10-21w drilled 8,000 feet.

Wagner No. 1 Wisner in C SE NE of 14 was below 4,811 feet and No. 3 Yelton in C NE SE of 15 found leak in casing at 301 feet and was to squeeze. Plug-back depth is 10,068 feet.

United No. 1 Music in C NW SW of 24 was running drillstem at 9,576 feet. Shell No. 1 Reynolds in C SW SW of 15 was working 7,422 feet and No. 1 Reynolds-Hubbard Unit in C SE SE of 13 was over 8 5/8-inch casing from 138 to 209 feet and was to mill.

PHONE 950

A friction-type starter for large horizontal engines will make life easier for the pumper.

This small unit, developed by Oilwell Supply Co., cooperating with White-Roth Machine Corp., was built to make starting of these engines equipped with large fly wheels easier and safer.

Powered by a Wisconsin air-cooled gasoline motor, the starter is engaged into the flywheel by a foot lever.

Originally, a lever actuated the motor mount. Local representatives of the distributor, however, reversed the part on the actuating device and substituted a foot pedal. This enables the pumper to have both hands free for adjusting controls.

At present there is but one starter in the Panhandle but numerous requests have been made for additional units.

Reefs Chosen For Study by Texas Bureau

AUSTIN — Reefs in carboniferous rocks in North-Central Texas will be studied under a new cooperative research project between the University of Texas Bureau of Economic Geology and the United States Geological Survey.

Surface and subsurface Pennsylvania stratigraphy from the Bend arch to the Midland basin's eastern edge is to be the project's subject, Bureau Director John T. Lonsdale said.

"We realize that this reef area is now under active petroleum exploration and development," Dr. Lonsdale said. "However, our project is designed to contribute to basic geologic knowledge of the reef problem and is not concerned primarily with the present oil development."

Permanent preservation of well cores is made possible by the University's Off-Campus Research Center. More than two million samples representing over 25,000 wells from every section of Texas are available for study by oil companies, economic geologists and students.

\$250,000 Bid for Indian Oil Lands

DULCE, N.M. — (AP)— A total of \$250,000 was bid yesterday for the regular Elk City field and first of last week there had been 42 completions.

Pay is being struck from four formations with average top of pay at 8,990 feet and total depths have run as deep as 11,000 feet. There have been four dry holes in the area in the southeast portion of the section.

The movie stars have even entered the field. At present Fred Astaire and Randolph Scott hold extensive acreage and royalty. They haven't drilled a well yet.

The Texas Legislative Council was asked last week to study the causes for decreasing tax revenues from the petroleum industry.

The Council has been asked to recommend remedies to the 52nd Legislature next year.

Rep. Wayne Wagonseller of Freeland said the latest special session of the Texas Legislature was occasioned in large part by the steadily declining tax revenues from the industry.

Wagonseller also called on the governor to appoint an unofficial advisory committee composed of representatives from the oil industry to furnish technical information.

The Railroad Commission last week set sweet and sour gas allowances for the Panhandle field at 2,182,788 MCF daily. Allowable for the Texas-Hugoton field is 294,083,482 cubic feet.

The natural gas industry made record-breaking new gains in 1949. It plans to advance even more rapidly this year.

Government experts attribute the industry's continued feverish growth in great part to the extended uncertainty regarding the availability of coal, according to a release by the Associated Press.

Federal Power Commission records show authorization of gas transmission facilities to add more than three billion cubic feet daily to the nation's pipelines.

This is a total of 7,537 miles of new pipelines with costs estimated at \$570,408,600.

"And the end is not yet in sight," says Commission Chairman Nelson Lee Smith.

"Increases in proposed pipeline capacity as of Feb. 1 amount to 4.7 billion cubic feet of natural gas daily."

Smith recently told a House subcommittee that "not only has

Fear of Oil Price Slump Moves Into Southwest Circles As Oilmen Eye Price Fluctuations in East and Midwest

HOUSTON — (AP)— Fear of an oil price slump is striking close to home, the oil rich Southwest. Oilmen have kept a close eye on price fluctuations ever since production hit the skids early last year. Adjustments have been numerous in midwestern and eastern consumer areas.

Several companies this week cut 15 cents off their per barrel prices on No. 6 Bunker C fuel oil, an old, popular fuel used particularly by ocean vessels.

Announcements for three of the companies joining the parade were made in Texas.

The economic importance of Bunker fuel to the industry is a far cry from crude oil or gasoline but one major oil company spokesman had this reaction: "It is a definite sign of distress."

Another spokesman said the 15-cent Bunker cut seems to be the first step in a general reduction.

Some were not too pessimistic, saying Bunker fuel prices are controlled by the Atlantic Coast market, with changes not necessarily indicative of changes in other petroleum products.

Regardless of opinions on the significance of the change, there was an upsurge in concern over prices in general.

Industry economists long have predicted the crisis will come for crude and gasoline — this spring if market demand has not leveled off.

Texas this week began its twelfth production cutback in 15 months, this time a big 92,000 barrels daily. Louisiana's March allowances were 42,000 barrels daily below February.

K. S. Adams, president of Phillips Petroleum Company, discussed the market and price situation in his latest monthly "Philips News To Employers."

He said the loss of much of the normal domestic market to foreign oil already is curtailing production severely.

He added: "Unless imports are now reduced substantially, the oil industry faces the prospects of reduced prices for crude oil."

This, he said, would cause a severe recession throughout the industry.

Price reduction, he said would cause a slackening in exploration and development, and contribute further to unemployment and lowered income.

"The effect would be a generally weaker domestic oil industry, lowered productive capacity and a failure to find and develop the new oil reserves necessary to national prosperity and security."

Much cutbacks in Texas and Louisiana can be expected to cause a drop in next week's American Petroleum Institute crude production statistics.

But everything seems to be full speed ahead for gasoline.

API's figures for the week ending Feb. 25 places gasoline stocks at 123,888,000 barrels, a week's increase of 2,241,000 and the third all-time high in three consecutive weeks.

Some sources have predicted gasoline stocks would begin to tumble as soon as cheaper freight rates became effective this month. Many orders, it was said, were not to be filled until the gasoline could be delivered under the cheaper rates.

Any effect from the new rates probably will be reflected in API's storage figures the next two weeks.

An API report made a few days ago, however, indicates gasoline stocks have zoomed despite increased demand.

Gasoline consumption in 33 states in December was said to have been 3 percent or 69,182,000 gallons above the comparative year earlier period.

Of all the states reported in the survey only Arizona, Arkansas, California, and Wyoming showed declines.

Big increases were recorded by Louisiana, 19.2 percent, West Virginia, 18.8 percent, Idaho, 15.5 percent, and North Dakota, 15.3 percent.

Arson Is Suspected In Blaze at Dallas
 DALLAS — (AP) — A one-story frame house in a white section of South Dallas which was to have become the home of a Negro family Saturday was gutted by fire late Friday night.
 Battalion Fire Chief F. H. Colbert said the "fire appears definitely to be arson."
 The house is only a few blocks from a house that was bombed the night of Feb. 8 after a Negro family had moved into it. No one was injured.

North Texas Wheat Hit by Green Bugs
 WICHITA FALLS — (AP) — Farm Editor Glenn Shelton of the Wichita Daily Times reports that hundreds of acres of wheat in North Texas are being destroyed by green bugs.
 Shelton said the infestation is the worst since 1942 when Wichita County farmers averaged only seven-tenths of a bushel of wheat per acre. The normal yield is about 11 bushels an acre.

Salesmen Make Sale With Bang
 FARMINGDALE, N. J. — (AP) — Mrs. Betty Kornfeld listened carefully while two salesmen tried to sell her an accident insurance policy and a newspaper subscription in her home.
 Suddenly there was a terrific bang.
 The oil burner had exploded. After the salesmen, Al Lifschitz and Frank Trask, had carried Mrs. Kornfeld and her grandmother from the house, shut off the power and cleaned up the debris, Mrs. Kornfeld signed up.

'Flying Disc' Seen By Mexican Officers
 CHIHUAHUA CITY, Chihuahua, Mexico — (AP) — Army officers here say they saw a "flying disc" in the sky Thursday when military pursuit planes went after it, the "disc" vanished "with incredible rapidity."
 The object, say the officers, seemed to be directed "by beings, alive and intelligent" and made them suggest it might be piloted by "an inhabitant of Mars."

Fund to Fight Cotton Boll Weevil Slated
 WASHINGTON — (AP) — An expenditure of more than \$50,000 to help farmers combat cotton boll weevils is planned by the Bureau of Entomology in the fiscal year starting July 1.
 This information was given to a House appropriations subcommittee by Dr. S. A. Rohwer, assistant chief of the bureau.
 Rohwer said that the past season the bureau spent \$39,000 to give advice to farmers on timing the cotton-insect poisons.
 "It was used to match the same kind of contributions that were added to by ginners and county agents and state people and it was one of the most

popular programs in the south," Rohwer said.
 Chairman Whitten (D-Miss) of the subcommittee questioned as to why the bureau merely furnishes advice to farmers on cotton boll weevil control while it provides poison bait, for instance, in the grasshopper control program.
 Rohwer said the grasshopper migrates long distances and an individual farmer cannot protect himself from pests moving in on him from fields where there is no control.
 But the boll weevil, while it comes out of woodlands and moves across roads, does not move for many miles, he said.
 Rohwer said the bureau also is planning an action program this year against the pink boll worm, which damages cotton fields.

Cyanide Guns Kill Coyotes, But Dogs, Too

(By The Associated Press)
Cyanide guns are killing a lot of coyotes in the Texas Panhandle. They also are killing many dogs.

"This," says Albert Law at Dalhart, "has precipitated a warm controversy."

Cyanide guns use a blank cartridge. It and the cyanide are arranged on a metal peg that is stuck solidly in the ground. Above the cartridge is a bait, usually wrapped with wool and saturated with a scent attractive to coyotes and bobcats.

When the luckless animal closes his mouth over the bait and attempts to pull it, a trigger is released and the cartridge fires the deadly charge of cyanide into the animal's throat.

State trappers, working with the U. S. Fish and Wildlife Service and in cooperation with county commissioners' courts and state agencies, plant the cyanide guns in coyote territory.

In Texas from Sept. 1, 1948, to Sept. 1, 1949, these trappers killed 28,249 coyotes.

But what about the danger to dogs?

Law, a newspaperman, quotes Game Warden James Felts at Dalhart as saying the government seems to take the position that if dogs are property — such as cattle or sheep — they should be kept on the premises of the owner.

If they are not property, Felts added, they belong to no one and nobody should complain if one is accidentally killed.

Some hunters use dogs in hunting coyotes for county bounties, about \$3 a scalp. Some of these hunters complain they have lost dogs to the cyanide guns.

State trappers put up signs and warn ranchers in areas where cyanide guns are buried. But Felts told Law of one rancher who told a trapper: "Don't worry about my dogs. They never get out of my yard unless I take them."

But that night, the rancher lost all his dogs to cyanide guns. Felts said it has been proved that dogs roam up to 10 miles from home at night.

Civil Suit Is Settled for \$350

A settlement of \$350 was reached Friday in 31st District Court on the \$11,600 law suit brought by Ray Chapman against the J. C. Penney Co. for injuries sustained by his wife, Mrs. Lillian Chapman, who died Jan. 2, 1950.

The suit was filed by Chapman, through Amarillo attorneys, shortly after Mrs. Chapman died. Mrs. Chapman, according to the original petition, had fallen down a flight of steps leading from the balcony of the store to the main floor injuring her. The petition further alleged the injuries resulted in her death.

However, some doubt appeared as to whether the woman actually tripped on a step or fainted and then fell. Judge Lewis M. Goodrich approved the \$350 award to Chapman, and the case was closed.

During the morning and afternoon sessions three divorces, all on charges of cruelty, were granted by the Court.

Fern Elaine Myers was granted a decree from A. F. Myers. The plaintiff was awarded restoration of her maiden name, Dawson.

They were married in June, 1947, and separated in January, 1950.

Betty Jean Cooper was divorced from Gary N. Cooper. They were married in November, 1948, and separated in January, 1950. Mrs. Cooper was granted custody of their one child and given a support order from her husband of \$20 a month.

Zella Mae Holloway was granted a decree from J. E. Holloway. They were married in September, 1942, and separated in December, 1949.

One adoption was granted by the Court.

Card of Thanks

WHAT I DO NOT KNOWEST NOT SAY, BUT THOU SHALT KNOW HEREAFTER, JOHN 13:7.

THE OTHER ROOM

No, not hold beneath the grasses, Not close-walled within the tomb; Rather, in my Father's mansion, LIVING, and in another room.

Living, like the one who loves me, Like you child with cheeks a bloom, Out of sight, at desk or school book, Of the steps that lead to the door.

Nearer than the youth whom fortune Beckons where the strange lands loom; Judged and the hanging curtain, SERVING in another room.

Shall I doubt my Father's mercy? Shall I think of death as doom, Or the steps that lead to the door? To a bigger, brighter room?

Shall I blame my Father's wisdom? Shall I sit enswathed in gloom, Or know my love is happy, WAITING in the other room?

End of a Chapter

By Edwin Rutt

MURIEL HALLECK ignored Alice determinedly and went on with her story.

"I tried to cope with young Rick, but his terror of the storm put him beyond reason. You saw how he acted the day he threw that tantrum."

Alice nodded and Muriel went on. "Finally I lost my temper. I remembered that ugly little whip which belonged to Brent's father, who used to raise dogs. I got it and—"

Again she paused as Alice squeezed her hand. Anyone but Muriel Halleck might have burst into tears.

"Honestly though, Alice," Muriel continued, "after the very first blow, I just tapped Rick. But that was enough to scare the poor child to death."

"Well, Brent heard the commotion and woke up in the middle of it. He came charging out of the bedroom. And, really, I thought for a moment he was going to kill me."

"He grabbed me and slung me back into our bedroom. That's how I got those awful bruises on my arm. I knew you didn't believe my story about banging in with the whip in my closet."

Alice nodded, realizing that she had thought the bruises were further evidence of Brent's cruelty.

"Then I heard you come," Muriel was still speaking. "Afterwards Brent came into the room and hung the whip in my closet. He said—'Muriel, winced—that I'd better keep it on my own things if I was so blasted fond of it. But until now I've let Brent take the rap. With you."

"It's all right now, Muriel," Alice said, clasping the hand.

"After the 'handshake,' Muriel Halleck turned and was gone."

Alice Pine stood in the doorway for a moment and then she closed the door and locked it. She had to take time to think.

managed a smile. "I'm an ambitious, self-centered woman, Alice, but I'm not all bad."

Muriel rose and stood again by the door, ready to leave.

"No, Alice thought as she stood facing Muriel. She wasn't all bad. It had taken courage for her to come here today."

Alice said slowly, "I'm very glad you told me this, Muriel. And now I'm going to tell you something. I think you ought to go back to Brent and Rick."

Muriel shook her head decisively.

"No. That's out of the question, Alice. I've tried to be very honest, I think, about everything except that one disagreeable episode. But Brent and I have drifted apart for a long time. It started even during the war."

Alice recalled the local gossip at Tolliver that resulted from Brent's failure to return home on leaves and his getting assigned to occupation forces after the war.

"Maybe I'm to blame," Muriel said. "I admit to being cold-blooded. You have to be, if you want, more than anything else, to get to the top of the world. But I also found that I had to be honest all the way around. That's the result of a good middleclass Indiana training, I suppose."

She sighed. Then she held out her hand.

"Good luck, Alice," she said, with a trace of a smile. "I won't ask you what's going to happen next. Because, keeping up this appalling honesty—or cold-bloodedness—of mine, it doesn't make the slightest difference in the world to me."

"Good luck to you, too, Muriel," Alice said, clasping the hand.

"You're a brave woman."

After the "handshake," Muriel Halleck turned and was gone.

Alice Pine stood in the doorway for a moment and then she closed the door and locked it. She had to take time to think.

FOR RENT 2 room furnished newly decorated apartment to adults. 705 W. Foster, Phone 97.

Alice sat down on the edge of the bed, her hands clasped in her lap as she went over each detail of that summer.

Why had she doubted Brent Halleck? She had known deeply, within herself, that he was incapable of being cruel to little Rick. But the evidence had seemed too conclusive to ignore.

Brent had been trying to hide that whip, not because of his own guilt but because of Muriel's. And Brent had not corrected Alice's false impression of the incident because he was just what Chuck Wisner had said he was: "A strange guy and a very swell guy."

Even after her conversation with Chuck Wisner in Tolliver that one afternoon, when Chuck had told her many things about Brent and about Muriel, that whip and the night of the storm had remained in her mind.

Alice did not blame Muriel so much for letting her think the worst. It was payment, perhaps, for Alice's falling in love with Brent while Alice was supposed to be loyal to her employer.

Muriel might not really care for Brent, Alice told herself, but after all, Muriel had been in love with him once. And in spite of what Muriel had said, she must have had some feelings when she saw Brent hold Alice in his arms, even for a brief instant, that night on the beach.

These and other thoughts traveled through Alice's mind, but thinking was not what she wanted to do now. She had to explain some things to Brent. Chuck Wisner's words: "You're needed here by a very swell guy," came home to her again.

Quickly she changed clothes. Then she sent a wire to Providence. She got her car and started a long drive back to Grayson Point. Surely, she thought, Brent would meet her there. She had asked him to. Surely, he would. There was so much to be said to be explained. She wondered what he would think when he received her wire. And she was thinking over the things she would have to say to him.

Surely—

CALL ME JUDGE

—Well it looks like it pays me to advertise - - -

I sold the three eight unites over the telephone unmounted to a Mr. Neal Brinell—a little disappointed Mr. Brinell didn't let me mount them, as I could sure use that 3 dollars—old E. W. Tucker bought one of my corner lots over on Frederick St.—said he was going to open up a business over there—Mr. Tucker is a hard man to do business with—he's bought and sold too many cattle—I wanted to make an honest dollar on them lots, but now I don't know whether I'm going to break even—I'd rather sell that other corner—I would like that don't you what a cow is—by the time I got thru splitting the difference with Tucker, he sure had a cheap business location—did manage to sell a small house and lot, and I'm going to make a straight 5 0/10 off of this—that'll be about just enough to get my name filed so I can run for congress.

—I've been thinking about this congressmans job ever since Mr. Worley got promoted to that judge—if I miss this gravy train I'll be another 6 or 7 years before I have another judge, and by that time I'll be so old I could run for anything—I'll be down to a slow walk.

—I wanted to run for City Commissioner in the last election, and did campaign for a week among some of the voters before I found out I lived in the wrong ward—but I'm thinking about this congress stuff awful seriously—I ought to do it before 2 long—I want to beat the bushes awhile—I want to talk to some of you grass root voters—that'll be where my strength would lay—I no the competition will be terrific right here in Pampa, with men like Mr. Rogers and Stanley Ivey running against me—but 20,000 a year isn't to be looked at lightly, even in these inflated times—besides the free trips to Europe.

—Here's some listings I want to sell - - -

One of the best Groceries and filling stations combined—located on the Borger Hy-Way this is a money maker—will sell for invoice.

—A nice neat four room FHA home on Wells St.—buyer would probably want a bigger loan as owner has his loan down pretty low—owner wants \$600 for this home, but I believe with some pressure he would take less, as he's an out of town owner—this is a good house and its on a corner lot.

—Large 3 bedroom brick in the Fraser Add. for 15,500—another good brick for around 27,000—another for around 45,000—still another for about 50,000.

—Here's a good buy on Campbell St.—its a large 4 room with bath and service porch—its on a corner lot just a half block off the pavement—both streets are oiled and I'd say its a good buy for money.

—1 room semi modern stucco with full basement—1 1/2 garage—50 ft. lot—located close in on north side for 2000—take 500 down.

—brand new 4 room and tile bath on Christy St. at a bargain.

—3 room house on 25 ft. lot Brunson St. for 1500.

—3 room modern on 100 ft. lot for 2800.

—here's a good one worth the money—4 rooms and bath, garage, lots of trees—fenced in back yard—take 3250 for this one.

—another 4 room with service porch for 2800.

—here's a 4 room on Zimmer St. thats a dandy—we want to trade it for a 3 bedroom home.

—4 room and bath, garage, nice lawn—take 4500—loan is approx 2900.

—2 bedroom with full basement on Charles for 10,000.

—extra nice FHA home and double garage on Duridan for \$550.

—How about some lots - - -

I've got two on Dwight St. in the 700 block that I can sell you for \$25 each.

—I've got 3 on Christine in the 700 block that I can sell for \$25 each.

—I've got some good ones on Davis for 275 each.

—one 25 ft. lot on Albert for 50 dollars.

—I've got lots 3-4-5-6-7-8 in block 5, Eller add that I would like to sell worth the money.

—here's a choice one in the Fraser Add on Christine St.—80 ft. frontage for \$200, and thats 15.00 per front ft.

—I've got a letter from a man that owns lots 5 and 6, block 2, Keister Block who wants to sell these—these are 3 room stucco—a half block from Five points on Albert St.—how much will you give.

—Here's something here that I've neglected advertising

and it ought to sell—it's a big apt house in Panhandle and its in A-1 condition—here's the dea in it—there's 2 four room apts with private baths, one furnished that rents for 45.00 per mo.—the other unfurnished that rents for 40.00—there's 3 room apts with private bath that rents for 40.00 each—two 3 room apts without bath, but with commode that rent for 35.00 each—two 2 room apts that rent for 25.00 each—two bedrooms in 2000 each—this apt house is well located and stays rented all the time—the lot is 150 ft in case you would want to build something, I'd say its a good buy.

where you going to invest 12,000 that will bring you in over 300 per month.

—I've just been setting here talking to Jim Arndt about

my race for congress (Jim works for JCD now) and he advises me to run on the state rights ticket—said Curtis Douglas was beginning for congress—I'll go over and talk to Curtis buy I'll have to have a good platform—I may be a wasting my time thinking of that 20,000 dollar salary, but if worse comes to worse, I can always run against Mr. Kyle for sheriff.

—I've got a letter from a Shoe Chain - - -

who wants to put a shoe store in Pampa—they want a 100 o/o location—anybody that has a building that would like to have a good renter in with a percentage rent let me no—they would probably spend up to 10,000 remodeling your building, plus good rent for a long time.

—When you think of Real Estate folks think of me—

—its a poor way to make a living I'll admit—but since Im in the business I need all the listings I can get—I especially need some good houses with a small down payment—seems like in the spring of the year people get the moving urge.

—you Real Estate agents, dont forget our meeting tomorrow at 12 O'clock down at Six's Whiteaway drive in anybody that sells Real Estate is invited, also anybody that is connected with anything pertaining to Real Estate—Pampa's got a good Real Estate Board, and every agent should belong—it'll help your business in the long run.

WHEN YOU READ THIS GO TO CHURCH—YOU'LL

FEEL BETTER THE REST OF THE DAY
