

# Rogers Files First as Race For Worley's Post Explodes

By HENRY S. GORDON  
Pampa News Staff

While congressional candidates began appearing like housewives at a bargain center, Atty. Walter E. Rogers became the only official candidate in the July 22 primaries at 8:21 a. m. yesterday when he filed his application with the Gray County Democratic Committee for that office.

Identical applications were being mailed over the weekend to the 27 other county chairmen in the 18th U. S. Congressional District.

The upheaval that followed announcement of Worley's presidential nomination to the Court of

Customs and Appeals brought announcements from four candidates and a possible fifth, Ivy Duncan and other possibilities thrown in at random by venturesome political observers in Amarillo. Among the possibilities mentioned was former Mayor Lawrence Hagy of Amarillo. Hagy, it was reported by informed Amarillo quarters, has flatly refused to run under any circumstances, irrespective of an editorial by the Amarillo Globe-News urging the former mayor to enter the race.

Rogers in a formal statement after filing his application said: "The 18th U. S. Congressional

District of Texas is entitled to recognition on the national scene in its true value to the country and the world.

"This recognition is possible only if every man, woman and child in the district is fairly and honestly represented on the democratic principles upon which this country was founded and the policies of fairness and decency pursued by the pioneers to whom we are so deeply indebted.

"It is those principles and those policies to which I intend to adhere without fear of condemnation or hope of reward, and, wholly unshackled by any person or group, political, financial, or

# Attlee Party To Carry On

## British Chief Stands Fast Despite Razor-Thin Victory

LONDON—(AP)—Prime Minister Attlee elected Saturday to try governing Britain on his Labor party's razor-thin majority.

After an emergency cabinet meeting of an hour and a quarter, he announced "we are carrying on" and sent word of his decision to King George VI.

The shy, unassuming Labor Party leader will be attempting to run a nation of some 60,000,000 with what may be the smallest government majority in the House of Commons for a century.

Excluding the non-partisan speaker of the House and four results to be reported later, Labor holds 315 seats in the 625-seat Commons, the Conservatives 294, the Liberals 8, Independents one and Irish Nationalists 2.

## Acheson-Bevin Conferences Are Predicted

By JOHN M. HIGHTOWER  
WASHINGTON—(AP)—An early meeting between Secretary of State Acheson and British Foreign Minister Bevin may be called, according to well-informed diplomatic officials, to review British-American relations and the struggle with Russia in the aftermath of the British election.

State Department authorities have begun considering what problems need to be attacked by the two men.

A survey of responsible opinion inside the administration leaves no doubt that officials are deeply disappointed at the lack of a clear working majority in Parliament. At best this will put a drag on Anglo-American relations; at worst it could lead to a crisis in the Western conduct of the cold war with Russia.

Another element in the future of congressional action on aid for Britain.

There seems to be little question that, had the Conservatives won, those forces in Congress which have battled European aid on the ground that the United States was financing British socialism would have regarded dollars for Britain more favorably.

Effect of the slender parliamentary edge held by the Laborites almost certainly will be to make Prime Minister Attlee and Foreign Minister Bevin extremely cautious in foreign as well as domestic matters.

Winston Churchill, on the other hand, is in position to throw greater force behind his ideas such as his campaign suggestion for a new meeting of Russian, British and American leaders at the highest level.

Here are British-American problems on which intensive work may now be revived—not necessarily those which would come before an Acheson-Bevin meeting:

1. Britain's gap between dollars earned and dollars spent.
2. The problem of Britain's war debts.
3. Also related to Britain's debt.

## Bonds Voted In Shamrock

SHAMROCK—(Special)—Shamrock voters Saturday overwhelmingly approved three bond issues totaling \$90,000 to finance water, sewer and street improvements. A total of 475 votes were cast.

A margin of 357 to 111 was given the \$30,000 issue to improve and expand the water system. The vote was 365 to 109 for the \$45,000 sewer improvement and expansion issue, and 355 to 115 for the \$15,000 street program issue.

When the election was called, the city council promised that approval would not mean additional taxation, because the bonds are revenue type.

In addition, the council has said it can make available another \$60,000 for division among the three programs, also without increased taxes.

## Census Slated By Churches

The Pampa Ministerial Alliance is sponsoring a city-wide religious census during the week of March 5-11, it was announced yesterday.

All churches of the city are participating. The territory has been divided and assigned to the various congregations. Each church will select its own workers.

Growth of the city and continual moving of residents from one section of Pampa to another were given as the reasons of the survey.

An alliance spokesman said: "Each visitor in this survey will be courteous and efficient. It is hoped that since every church is participating there will be a willing and friendly response on the part of every family in the city."

## Sweden Honors Mrs. Roosevelt

STOCKHOLM—(AP)—King Gustav V has awarded the Prince Carl Medal to Mrs. Franklin D. Roosevelt, an official announcement said Saturday.

The medal was given to Mrs. Roosevelt "in tribute to her humanitarian activities." Both she and Trygve Lie, secretary-general of the United States, had been mentioned in the press as possible recipients this year.

## MOSLEMS KILLED

CALCUTTA—(AP)—At least eight Moslems were killed and 15 injured Saturday in communal violence.

### THE WEATHER

U. S. WEATHER BUREAU

MINER GUARDS COAL—A non-union mine near New Bethlehem, Pa., continues operations in the face of dynamiting and threats of roving mine pickets. Workers are armed and haul coal under state police escort. A miner is shown on guard at the strip-mine.

## Weary House Ends Marathon Session

AUSTIN—(AP)—A haggard Texas House of Representatives, groggy from lack of sleep, quit work Saturday afternoon after a rugged 23-hour and six-minute session.

More than 22 hours of the session were devoted to a bill authorizing rural telephone cooperatives.

## Public Affairs Participation By Bar Urged

Pampa and Gray County attorneys were called to take a definite stand on local, state and national issues by the newly elected bar association president, Aaron Sturgeon, in a letter sent attorneys late last week.

Sturgeon told a reporter the letter definitely indicates he will ask the association at its next meeting to form a tightly-knit organization to endorse or refuse any action taken, concerning the public as a whole, by the City Commission, County Commissioners' Court, State Legislature, or the U. S. Congress.

## Vicious Leopard Escapes Zoo In Oklahoma City

OKLAHOMA CITY—(AP)—A vicious jungle-bred leopard—in captivity only a few weeks—bolted from his 15-foot deep pit at the Oklahoma City Zoo Saturday afternoon and caused near-panic among scores of visitors.

Six hours later—after a methodical but fruitless search—Zoo Director Julian Frazier said the hunt would be called off until morning because of the danger of someone being shot in the dark.

An armed guard was to patrol the 620-acre park throughout the night, however.

Frazier issued this grim warning: "I would advise people in the northeast section of Oklahoma City to be extremely cautious. Especially I would warn all those who have small children to keep them indoors."

## Five Hurt in Holdup Try

NEW YORK—(AP)—Screaming night club patrons ducked for cover when police and bandits shot it out in front of a stylish Saturday night crowd at a Greenwich Village night spot.

Five persons were wounded, one critically, in the thwarted early morning holdup of the Moroccan Village Club in the heart of the downtown night life district.

The holdup men were captured after a wild chase of two taxicabs they had commandeered. Four guns were recovered.

The gun battle broke out at 8:20 a. m. as the club's final show was moving toward its close. About 100 persons were in the club and its adjoining bar.

## Gene Shackleton Succumbs at 73

Eugene Albert (Gene) Shackleton, 73, resident of the Top of Texas, since 1888, died at 9:30 p. m. Friday in a Pampa hospital. He had been in ill health since October, 1949.

A native of Prescott, Ark., Shackleton came to Moberly in 1888, and moved to a farm two miles east of Pampa in 1906. He sold the farm in December, 1949, and moved to Miami.

He is survived by his wife, Mrs. Mattie Paris Shackleton; daughter, Mrs. Daisy Lyles, Houston, and two grandsons.

Funeral services will probably be held at the Miami Methodist Church Monday. Duenkel-Carmichael Funeral Home is in charge.

## Bulldogs Ousted From State Race

CHILDRESS—(Special)—The Vernon Lions defeated the Berger Bulldogs here last night in the third and final game of the bi-district playoff, 49-38.

The loss knocked the Bulldogs out of the state Class AA basketball championship race.

The two clubs were tied at one game apiece going into last night's contest. Berger won the opening game at Vernon last Tuesday and Vernon took a thriller from the Pack at Berger Thursday night.

For further sports news, see pages 4 and 5.

## FOUNDRY GETS LARGER EQUIPMENT

Larger equipment is being installed at the Pampa Foundry Co., 715 S. Somerville, after 18 months of operation in Pampa.

The picture above shows a winch-truck removing the old No. 2½ cupola, which melted metal at the rate of 6,000 pounds per hour for a sustained heat of two and one-half hours.

The cupola to be installed, one used for eight months at Rockford, Ill., near the end of the war, will be able to produce up to 18,000 pounds of molten metal per hour for a sustained heat of three hours, it was announced.

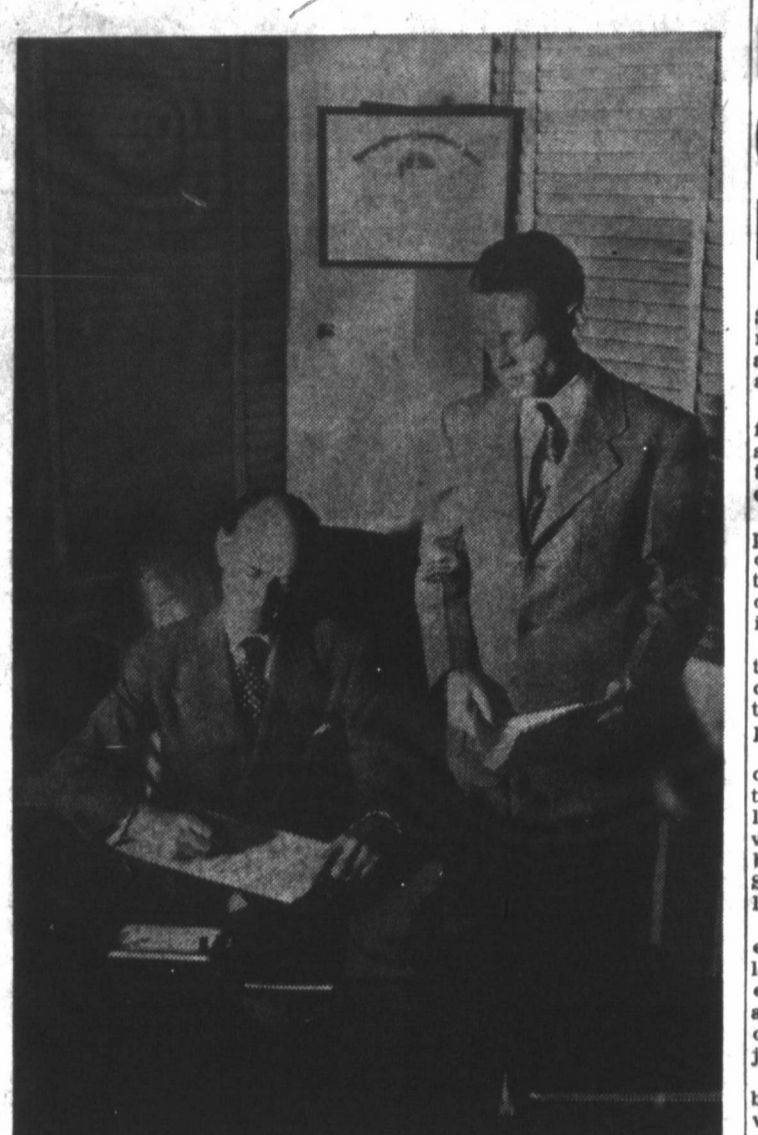

Around 400,000 pounds of finished castings was finished at the local foundry in January, with a crew of 18 men. Two additional journeymen have already been hired to begin work, and will be in Pampa sometime this week, it was said.

The foundry is approved for training of apprentice molders and coremakers under the GI training program.

A trial heat on the new cupola will be run around Wednesday, it was said.

Seventy percent of the foundry's production is used locally, it was said; but business is found as far as Dodge City, Kans., Woodward, Okla., and Clovis, as well as throughout the South Plains.

Owners and operators of the plant are H. O. Darby and Ray Westmoreland.

FIRST TO FILE—Beating his opposition to the punch, Atty. Walter E. Rogers was snapped as he signed his application for a place on the ballot for U. S. representative with Des C. Dodson, (standing) secretary of the Gray County Democratic Committee. Dodson, holding 27 identical blank applications, turned them over to the candidate a few seconds later for filling out and mailing to the 27 other counties. (News Photo and Engraving)

## Concern Rises Over Increased Imports

### Kickoff Set By Red Cross

The annual Pampa Red Cross fund drive will be started by volunteer workers at a 7:30 breakfast Wednesday at the Schneider Hotel Dining Room.

Robert "Finky" Sims, general drive chairman, said the workers will go into action immediately after breakfast. The drive quota for the Pampa chapter is \$10,337.

Co-chairmen were named at the last Board of Directors meeting. Fred Neslage, chapter chairman, said. They are: Frank Pata, Rusty Ward, business division; W. I. Gilbert, C. E. Powell, industrial division; and Mrs. W. R. Campbell, Mrs. Iris Barron, Lefora, residential division. Jack Edmondson, principal of Junior High, will head the school division.

Others who have agreed to assist in the drive include between 10 and 15 members from the Junior Chamber of Commerce, Lions Club, Rotary Club, Kiwanis Club and 20-30 Club. Women from the federated clubs will help with the residential campaign.

Coy Palmer of radio station KPDM will play breakfast music and will present his 7:45 a. m. radio broadcast from the hotel.

"The recent disasters, both in this country and abroad, were responsible for the National Red Cross budget increase for 1950," Neslage said. "Approximately 1,600,000 American Red Cross volunteers in towns throughout the nation Wednesday will begin the task of raising \$67,000,000 for Red Cross services to the American people next year."

All people who are interested in assisting with the drive are invited to attend the kick-off breakfast.

## Russia Separates Armed Services

LONDON—(AP)—Soviet Russia has separated its armed forces and created a Ministry of the Navy, the Moscow Radio said Saturday.

The report, as monitored in London, said I. S. Yumashev had been named minister.

Creation of the navy ministry followed reports, including those in the authoritative Jane's Fighting Ships, that Russia is building up a powerful navy as part of an overall program of military expansion.

Control of the Soviet navy has, in the past, been under Marshal N. A. Bulganin, minister of the armed forces.

## Vaughan Services Set in Amarillo

Arthur H. Vaughan, father of Miss Virginia Vaughan, teacher of Spanish and senior sponsor in Pampa High School, died Friday morning in his home at 1101 Hillcrest, Amarillo.

Mr. Vaughan is survived by his widow, and four children, George and Alice of Amarillo; Arthur Jr., Plainview; and Miss Vaughan.

Funeral services have been set for 11 a. m. Monday at the First Presbyterian Church of Amarillo. Arrangements are by Boxwell Brothers Funeral Home.

## Demo Leaders Give Okay to Loyalty Pledge

MALLEN—(AP)—The Texas State Democratic Executive Committee voted Saturday to require all chairmen to pledge loyalty to all party nominees.

The vote, on a resolution offered by Walter Hall of Dickenson, was unanimous. This resolution was broader than one passed earlier, also unanimously.

The first instance of loyalty pledges only from precinct and county chairmen. It referred particularly to loyalty to the presidential and vice presidential nominees, rather than to all nominees.

Another resolution called for the holding of a "fair deal facts conference" at which administration leaders would defend its program.

These resolutions were the only matters to raise any heat at the quarterly session of party leaders. The fair deal proposition was offered by Committee Member Marion Storm of Austin. Stuart Long of Austin offered the loyalty resolution.

There was no roll call vote on either resolution. But the party loyalty pledge got a unanimous endorsement by voice vote and a standing vote gave the fair deal proposition a comfortable majority.

There was some private grumbling over the loyalty resolution, which is an attack on the state supreme court's recent ruling that control of such matters rests strictly with the party. The court ruled that anything less than a loyalty pledge would destroy party unity and discipline.

The court's ruling came in its dissolution of a district court injunction challenging executive committee seats held by Jack Carter and Mrs. J. W. Douglas of Fort Worth. Neville Penrose and Mrs. Bennett Smith of Fort Worth brought the injunction suit.

Penrose and Mrs. Smith had challenged the legality of the election of Carter and Mrs. Douglas by the September, 1948 state convention. Penrose and Mrs. Smith were members of a right wing Tarrant County faction which the convention refused to seat. The supreme court ruled it was a party affair and not under its jurisdiction.

Saturday's loyalty resolution reaffirmed the action of the 1948 convention in requiring loyalty pledges of precinct chairmen.

If such pledges are not made, according to the 1948 mandate reaffirmed today, the offices of precinct chairmen involved will be declared vacant.

County chairmen were directed to call meetings of the county executive committees to fill vacancies created by the ruling.

## Five Hurt in Holdup Try

NEW YORK—(AP)—Screaming night club patrons ducked for cover when police and bandits shot it out in front of a stylish Saturday night crowd at a Greenwich Village night spot.

**REPRESENTATIVE — O. F. Shewmaker**, above, 225 N. Sumner, has been named representative of the Jefferson Standard Life Insurance Co. for this area — Gray, Hutchinson, Garcoff, Roberts and Wheeler Counties. A resident 16 years, Ott, as he is known, has had eight years' experience in the insurance business. His company was organized in 1907, and home office is Greensboro, N. C., and branch office is Fort Worth.

**Burglars Strike Two Businesses**

Burglars got little for their trouble late Friday night, or early Saturday morning, when they broke into the office of the Matheny Strap yard and the Motor Inn Supply Co. warehouse, according to police reports. Gaining entry through a window at Matheny's, the thieves got nothing, but wrecked a cash box in their futile attempt to steal money. They opened the west door of the Motor Inn Supply north side warehouse, the thieves went over the inside and then unlocked the west door of the north side to get away. Officials at the supply company yesterday afternoon said nothing had been found missing, but an inventory was still in progress.

**ATTLEE**

(Continued From Page 1) week ago the cabinet was expected to be more leftist than ever. Atlee may have to trim his sails now. Original plans called for the resignation of ailing Ernest Bevin, the foreign secretary whose policies have been supported in general by the Conservatives. He leads the moderate wing of the cabinet. Now Bevin is reported anxious to keep on. Churchill, 75-year-old warhorse of the Conservatives, went to his home, Chartwell, for the weekend. There he was joined by his deputy leader, Anthony Eden. They were expected to chart opposition strategy and present the outline to the "shadow cabinet" — the men who would be ministers if the Conservatives come to power. Before Churchill was the question: Should the Conservatives try to bring down the new Labor government quickly or let it live long enough to bring in the annual budget and other necessary finance bills in April? It will not be long before the country gets a look at the rival strategies. The new Parliament meets Wednesday, when its members long to bring in the end of the week Atlee is expected to announce the composition of his new cabinet. On March 6 the Parliament session formally opens with the King's speech from the throne. The speech is written by the government in power and outlines its policy in general terms.

**Port Arthur Names Censorship Board**

PORT ARTHUR — (AP) — A board of censors has been appointed by the Port Arthur city commission. At its first meeting, the board planned a survey to determine the extent and effect of sales of indecent literature. W. T. McDaniel, juvenile probation officer, is chairman of the board.

**Swiss Army Mechanic Is Convicted as Spy**

BERN, Switzerland — (AP) — A Swiss military court Saturday convicted Willy Gerber, 47, a Swiss army mechanic, of being a paid spy for six nations, including the United States, and sentenced him to 20 years imprisonment. Gerber told the court he had supplied information about German and Italian war activities to the United States from 1942 to 1945 but claimed he received no pay for the work.

**WRECKS KILL FIVE**

RIO DE JANEIRO — (AP) — A bus slipped into a ravine about 80 miles north of here Friday, killing five passengers and injuring 25.

**READY FOR THE RUN** — Girl skipper of the Whalaroo, airplane-motored ice sled, waits for her co-pilot before starting a test run on Georgian Bay, Ontario, Canada.

**HOUSE**

(Continued From Page 1) in 81-12 committee approval of the measure, the House then needed a quorum of 100 members before it could consider passage of the bill. Backers of the bill voted at 11:15 p. m. to lock themselves in until a quorum was secured. Speaker of the House Dirwood Manford issued special arrest warrants to bring back members. The highway patrol was called in to assist the sergeant-at-arms. It was the first time arrest warrants for House members had been used to establish a quorum since 1935. The search continued throughout the night. Opponents of the bill tried desperately to prevent a quorum being reached. A dawn count found 83 members present, nine excused but subject to call when needed. The House was still nine short. At 7:15 a. m. the House voted 42-13 to remain locked up until noon next Wednesday if necessary to secure and maintain a working membership. A registration of the members disclosed 100 members on hand at 10:44 a. m., and the House went quickly to work. Twenty-one amendments, mostly controversial, were adopted and the bill was passed and sent to the Senate at 11:43 a. m. A \$1,350,000 appropriation bill for the M. D. Anderson Cancer Research Hospital at Houston, was approved on second reading, 77-9, but could not pick up the required majority for final passage. There was no debate and no dissent as the five bills cracking down on sex offenders were approved in rapid-fire order. The Senate has passed companion bills and one of the two sets is almost certain to reach Gov. Allan Shivers' desk for signature before the session ends. Particularly heavy penalties are placed on sex offenses involving children under 14 years of age. The bills are aimed primarily at discouraging molestation, strict penalties already being on the books in rape and attempted rape cases. Whether the rural telephone co-op bill can squeeze through the Senate before the session ends is uncertain. The bill would allow formation of rural telephone cooperatives that could receive federal aid under a bill passed by Congress. Once a forest country, Great Britain now has less than five percent of its area classed as woodland.

**ROGERS**

(Continued From Page 1) otherwise, to the end that our heritage of freedom and local self-government may not be lost to power-mad politicians and self-serving office holders." Of all the potential candidates in the race Rogers is the only one who definitely committed himself to the race regardless of Worley's intentions and before it was known the Shamrock lawyer would go to the Customs and Patents Appeals bench. The scrappy former district attorney for the 31st Judicial District was born two blocks outside the state line in Texarkana, Ark., in 1908. He virtually took his first steps on Texas soil when his family moved to McKinney, Texas, when he was one year old. Rogers attended Austin College for one year and then worked his way through the University of Texas. He came to Pampa in 1935 and served as city attorney in the late 1930s and then went on to serve the district as prosecuting attorney from 1943 to 1946. His mother, Mrs. P. G. Rogers, resides in Sherman. A Rotarian, the Pampa candidate is the father of six children, John Edward, 11; Walter II, 10; Susan, 8; Tommy, 6; Robert, 3; and Mary Catherine, 18 months old. Ivy Duncan, long-time resident of Pampa, told The News yesterday he "can be considered as a potential candidate" stating: "I like to see some economy practiced up there (Washington). I'm out of the old school — I came up the hard way, and I'm strictly against the welfare state." However, Duncan said he would give the matter of being a candidate some further thought before making a definite announcement. Rogers, considered one of the foremost candidates in the race, will be opposed by Rep. J. Blake Timmons, Amarillo, state representative from Amarillo, M. E. Altavere, Clark, executive officer of the U. S. House Agriculture Committee, and LeRoy LaMaster, a newcomer on the Panhandle political scene, from Perryton. Filing by Rogers yesterday does not put him in the special election that will have to be called by Governor Shivers upon Worley's resignation as a representative. That special election will be a free-for-all between Democrats and Republicans with no runoff regardless of whether the high man has a clear majority or just noses out his nearest opponent. No candidate can file for that election until there is a declared vacancy. Among other names bandied about since the political fireup, and who have placed themselves definitely out of the running in statements to newsmen, are: State Senator Grady Hazlewood, Amarillo; Allen Harp, Childress attorney; John Reaver, Memphis; Cal Farley, Amarillo and Atty. E. T. "Dusty" Miller, Amarillo.

**Rail Service Cut Protest Slated**

SAN ANGELO — (AP) — Representatives of half a dozen towns are to meet in Fort Stockton Saturday to map their fight against curtailment of Santa Fe railway passenger service between here and Fort Stockton.

The meeting was called by W. A. Hadden, Pecos County attorney.

The railroad has applied for permission to drop passenger train service on the line.

**\$157,000 Judgment Awarded Texas Man**

PECOS — (AP) — A \$157,000 judgment was awarded F. J. Kraus of Pecos yesterday in a suit against Texas Electric Service Company.

Kraus had both arms and legs paralyzed when a 69,000-volt charge passed through his body while he was working on a line believed dead.

New York, Dallas, Jacksonville, St. Petersburg and Camden have city-owned radio stations.

**Tireless Texan Attends Two Schools, Travels to Preach**

By WILLIAM C. BARNARD  
Associated Press Staff Writer

You're not so busy. Not compared with Charles T. Wellborn.

Five days a week, Wellborn goes to two Texas colleges, working on two different degrees.

And does this busy gent rest on weekends? Nope, he flies 1,700 miles every weekend and preaches three sermons.

Wellborn, tall, slim, intense, unmarried and 25, holder of two medals for bravery in action, hails from Gladewater, Tex. Here is the story of his amazing activities.

He is a student at Baylor University, Waco, where he is working on a master's degree in religion. He already has a bachelor of arts degree from Baylor. Two days a week he goes to Fort Worth where he is working on a bachelor of divinity degree at Southwestern Baptist Theological Seminary. He hopes to get both the master's and bachelor's degrees in June.

On Saturdays, Wellborn takes an airliner to Atlanta, Ga., to preach a 15-minute sermon (2:30 p.m. CST) on a coast-to-coast American Broadcasting Company network. One hundred and seventy-five stations carry these sermons to an estimated three or four million listeners. The program is sponsored by the Southern Baptist Radio Convention. In Atlanta churches, Wellborn also preaches sermons Sunday morning and Sunday evening. On Monday, he flies back to Waco.

During the war, Wellborn won two Bronze Stars in Italy. In one instance he ran out into the line of machine gun fire to rescue a wounded buddy. The war over, he returned to Baylor where he had already done some pre-law work. A religious talk he heard in the Baylor chapel fired him with a desire to preach.

"What do you do in your spare time?" we asked Wellborn.

"Answer letters," said he. "I get about 200 a week and try to answer all of them. But right now I'm 'way behind.'"

Several times, on his trips to Atlanta, weather has grounded the commuting preacher en route. "But I've always made it on time," he said, "by train or bus. Once I even chartered a private plane."

"How do you feel about planes, Wellborn?"

"They just make me sleepy. I sleep all the way to Atlanta and back."

"Are you making any money?"

"Not much. For the radio broadcasts I get a little bit more than my bare traveling expenses. I get some pay for preaching at the Atlanta churches. But the main thing to me is that I hope I am accomplishing something."

To denote her freedom, the early Anglo-Saxon bride went to the wedding with her hair hanging loosely.

**Big Spring Schedules School Bond Election**

BIG SPRING — (AP) — March 7 is the date set by the Big Spring school board for a \$950,000 bond election.

Money derived from sale of the bonds would be used to erect a new high school, including gymnasium and auditorium, and remodeling of the present high school for a junior high.

**Top Jersey Selected At San Antonio Show**

SAN ANTONIO — (AP) — A four-year-old Jersey bull owned by Herman F. Heep and Vans Reese of Buda walked off with top honors at the Jersey show of the San Antonio Livestock Show.

Heep's Sparkling Dandy Gloria also won the grand championship for Jersey females yesterday. The junior champion female was Sparkling May Queen Golden.

**Last Rites Held For Slain Priest**

CORPUS CHRISTI — (AP) — Last rites were held yesterday for the Rev. Leonard Potrykus, 42, Catholic priest at Gregory, Texas, who was beaten to death last Tuesday.

The Most Rev. M. S. Garriga, bishop of Corpus Christi, preached the funeral sermon.

Electric automobiles far outnumbered steam and gasoline cars at the New York auto show of 1900.

ed the funeral sermon. Father Potrykus was found dead in his living quarters in the Gregory church.

Jack Kenneth Nixon, 37, Aransas Pass, has been charged with murder in connection with the priest's death.

**LUBRICARE keeps your Buick livelier longer**

JUST realize one thing, good madam, good sir—as you pilot your Buick down the highway past the parade of lesser cars, you're the secret envy of most other drivers.

So you owe it to this admiring audience to keep that wonderful Buick of yours purring at its proudest—gliding over the roughest roads like a car on a cloud, with never a squeak—lively, long-striding, and staying that way longer!

And one of the easiest ways to do that is to wheel into our shop once a month—ask the man for our LUBRICARE—and here's what will happen:

- 1 One of our trained Buick mechanics will lubricate your car as the factory engineers specify—covering many points never touched elsewhere.
- 2 While he goes over your Buick, he gives you an extra service only a Buick man can render. He inspects the entire car with a trained Buick eye—making sure you get lubrication plus Buick care.
- 3 When you get your bill, you'll find a wonderful surprise—our LUBRICARE costs no more than a routine "grease job" but, man alive, what a difference it makes!

# Mercurys Defeat Miami In Finals of Top o' Texas

A LITTLE LIFT appears to be forthcoming from the opposition as Harvester Coach Clifton McNely breaks away for two points for the J. C. Daniels Mercurys as they defeated Miami, 93-57, for the Top o' Texas Tournament championship Friday night. McNely went on to score 40 points. (News Photo and Engraving)

The J. C. Daniels Mercurys were crowned champions of the first annual Top o' Texas Independent Basketball Tournament Friday night when they drubbed the Miami Magnolia team, 93-57. In the first game, the Longhorn Club team of Groom captured third place honors by defeating the Culberson Chevrolet five, 67-48.

The winners received a cash award and individual gold basketballs while the second and third place teams received cash awards.

The net proceeds from this tournament were turned over to the March of Dimes Polo Fund, netting the worthy cause a total of \$230.80 more.

The Mercurys took the championship with ease after trailing for the first few minutes of the game. They moved into a 42-27 halftime lead and then made a runaway of the game the final half.

High-point man for the winners was Harvester Coach Clifton McNely, who dumped in 40 points to bring his three-game total to 101 points, also the tournament's top scoring mark. Bob Andis was the next highest scorer for the winners with 16 points in addition to a fine floor game. Fine defensive games were also turned in by Tom Tipps and Jimmy Hyatt. Leading scorers for the losers were Duviven with 22 and Merl Bengo with 10.

In the first game J. W. Malone, the dribbling demon from Groom, tallied 39 points in leading his team to a win over the Chevrolees. Malone's night's work gave him a tourney total of 92 points.

Groom held a slim 34-26 halftime lead, but behind the sharpshooting of Malone, pulled away steadily in the second half.

A fine crowd at the finals saw some good ball playing and made the first edition of the tournament a decided success.

# Skyrockets Defeat Pampa Boxers, 8-3

The Pampa Boys Club boxing team fought the finest fight they have ever fought last Friday night, but still went down to defeat before the top-flight Wellington High School Skyrocket mittmen. The Pampa boys, showing rapid improvement with each fight, fought the best the Rockets could throw up and made every bout a close one.

The boys are rapidly getting into better shape and gaining valuable experience to aid them in their future matches this year.

The final score Friday night was 8-3. One knockout was registered, that by a Pampa fighter, Dick Murray put Richard Brown away in the first round of their 150-pound scrap.

In the 65-pound class, Gary Wilhelm gave away two years of age and experience to Smokey Savage, and after a bad first round made a fine comeback but not quite enough to win.

In the second bout of the night, in the 70-pound class, Frank Smith, another Pampa featherweight, had to give away 2 years of age, but fought his best fight to lose a close decision. Both boys were tired out at the end of the free-swinging fray.

The first Pampa victory of the night was taken by Claude Porterfield in the 90-pound class. Porterfield, throwing the harder punches, defeated Truman Judd, experienced Rocket puncher.

Billy Ed Cooper tied the match up with a decision over Dennis Holliman in the 92-pound class. Cooper was the best fighter. The cool Wilhelm fought Thompson blow for blow, but lost the narrow decision.

The Rockets moved back into the lead when Jimmy Thompson defeated Bobby Wilhelm in what was one of the top fights of the night in all respects. The cool Wilhelm fought Thompson blow for blow, but lost the narrow decision.

# Cage Banquet Tickets Go on Sale Tuesday

Tickets for the annual basketball banquet honoring the 1949-50 Pampa Harvester basketball team will go on sale Tuesday in several downtown locations. Ham Luna, Chamber of Commerce sports committee ticket sale's chairman, said yesterday. Price of the tickets for the gala affair are \$1.75.

The banquet honors the first Pampa basketball team to ever sweep a season's series from the Amarillo Sandies. Despite this fact the local hoopsters failed to win the district title, captured by Borger.

The banquet will be held in the Senior High School Gymnasium at 7:30 on Saturday night, March 11. Music for the event will be furnished by Helen Blocker and Coy Palmer.

The main speaker for the night will be Coach Claire Adolph Ibbas, renowned mentor and speaker from Southeastern Kentucky State College at Boone's Lake, Ky. Ibbas, on a tour through the country in search of able basketball talent for his Blue Ridge Mountain ball club, has promised to make overtures toward the services of some of the local basketballers in a bid for their services at his school. He also promised a very interesting lecture on how the game should be and is played.

The basketball queen, selected by the Harvesters, will be crowned at the banquet. Also guests of the Chamber of Commerce will be the Pampa B squad, the Guerrillas.

# Cary Middlecoff Leads Open State Meet Teams Picked

HOUSTON — (AP) — National Open Champion Cary Middlecoff beat off a threat from Leland Gibson, Kansas City, Saturday to maintain his lead in the \$10,000 Houston Open.

Middlecoff took two strokes from Gibson on the 17th and 18th greens while turning in a three-under-par 69 that gave him a 54-hole 298.

A bad second wood shot on the final green dropped Gibson to a 69 and sent him into a tie with Rod Munday, York, Pa., at 299.

It was a busy, par-busting day on the 6725-yard, par-72 Brae Burn Country Club course.

Twelve players took three or more strokes off par — only 10 had managed to do so during the first two rounds.

Jim Foster, San Francisco, set a competitive course record of 65 that zoomed him into seventh place after disappointing 74 and 73 rounds.

Finishing ahead of Ferrier were Clayton Hestner, Charlotte, N. C., and Pete Cooper, Ponte Vedra Beach, Fla., and Chandler Harper, Portsmouth, Va., at 211.

Ferrier took the front nine in 34 and came home in a record 31. Par is 36-36.

Jimmy Demaret and Jackie Burke, Jr., the home town idols, forgave their 146 half-way mark totals and had good sub-par rounds.

A 67 put Demaret, playing out of Ojai, Calif., in eighth place at 213. Burke, registering from White Plains, N.Y., had a 68 for a ninth place.

Burke's record 32, on the front nine was offset with an even par 36 on the final nine.

# Only Five Oilers Unsigned; Spring Work Starts in Month

All but five Pampa Oilers expected in the fold shortly. No contracts have been returned and signed according to information received yesterday from the Pampa Oiler president and owner, R. L. Edmondson. Spring training for the Oilers will start on March 27, Monday, one month away. Spring training for the Oilers this year will again be held in Pampa.

The new and popular Oiler manager, Virgil Richardson, will be in town to look over his prospects for 1950 a week before training starts.

The five unsigned contracts are expected in the fold shortly. No word has been heard from the five players, so there apparently aren't any holdouts, just a few boys tardy in signing.

Edmondson also revealed that another game has been added to the spring training schedule for the Oilers. On Tuesday night, April 4, the Oilers will go to Vernon to play the Dusters. The game will be "Homer Matney Night," in honor of the former Vernon High School star athlete now curving around centerfield in grand style for the Oilers.

The addition of this game makes the Oilers spring training games schedule look like this: Sunday, April 2, at Amarillo; Tuesday, April 4, at Vernon; Sunday, April 9, at Lamesa; Monday, April 10, at Abilene; Thursday, April 13, at Abilene; Friday, April 14, at Borger; Saturday, April 15, Amarillo; Sunday, April 16, Borger here.

That is the extent of the current spring training schedule arranged thus far. The Oilers will probably get a pair of games with Southwestern College of Oklahoma at Weatherford again this season.

The regular 1950 West Texas-New Mexico League schedule opens up on Wednesday night, April 19, when the Oilers play in Lubbock. They will have their formal home opener on Friday, the 21st, with Lubbock again furnishing the competition.

# Doaker Signs 3-Year Pact With Detroit

DALLAS — (AP) — Doak Walker, the golden boy of Southwest football, turned pro Saturday. Estimates of the bonus and salary he received for signing a three-year contract with the Detroit Lions ranged from \$38,000 to \$60,000.

The first shift of teams will bowl at 8:30 Saturday night and the second shift at 9:30.

The first singles and doubles will bowl at 2:30 Sunday afternoon.

Many Pampa merchants have donated prizes for the many winners in the tournament and they will be displayed at Berry's Pharmacy this week.

The tournament is sponsored by the Women's City Bowling Association whose officers are: Miriam Luedders, president; Jean Duenkel, vice president; Oak Allee Whittle, secretary; Madge Murphy, treasurer. The tournament pairings and scoring are in the hands of the secretary under Women's International Bowling Association rules.

This afternoon at 2:30 the tournament committee will meet in the Cabot Safety Rooms in the Culberson Chevrolet building.

The final meeting of the year for the association will be held soon after the conclusion of the tournament by the state officers from Amarillo will be present to discuss the women's state meet which will be held in Amarillo next year.

# Keglers Meet This Weekend

The annual Women's City Bowling Tournament will be held next weekend at the Pampa Bowl, starting Saturday with the team matches and winding up on Sunday with the singles and doubles.

The first shift of teams will bowl at 8:30 Saturday night and the second shift at 9:30.

The first singles and doubles will bowl at 2:30 Sunday afternoon.

Many Pampa merchants have donated prizes for the many winners in the tournament and they will be displayed at Berry's Pharmacy this week.

# Pirates Lose To Clarendon

CLARENDON — (Special) — The Lefors Pirates boxing team fell before the strong Clarendon ringmen here Friday night in a High School team match, 7-5. All of the fights were fast and close.

In two of the tougher fights, Joe Rice, Lefors, defeated Travis Mullins and Ike Doom, another Pirate grizzer, was outpunched by O'Dell LaGrone.

The complete results: 65-pounds: Leon Herring (L) defeated Jack Moore. 85-pounds: Bill McFarley (L) defeated Gordon Moore. 90-pounds: Don Moore (C) defeated Jerry Herring. 100-pounds: Clyde Morgan (C) defeated Carroll Welch. 105-pounds: Eddie Clemmons (L) defeated Tommy Blasingame. 120-pounds: Bobby Mayberry (L) defeated Carl Morgan. 135-pounds: Elmer Clements (C) defeated Hugh Crawley. 145-pounds: Claude Moffitt (C) defeated Bob Newsum. 157-pounds: J. F. Carisle (C) defeated Gordon Rutledge in the third round. 145-pounds: Joe Rice (L) defeated Travis Mullanax. 160-pounds: O'Dell LaGrone (C) defeated Ike Doom.

Coach of the Pirates is Mac Winter and Ray Moore heads the Broncos.

# Wildcats Out of I-B Tournament

LUBBOCK — (Special) — The Canadian Wildcats were eliminated from the regional I-B basketball tournament here Friday night when they lost a 35-29 thriller to the state champions, the Reapers, in a first-round victory from Shallowater, 46-38.

Dimmitt came from behind a 17-13 halftime deficit to take the victory in the second round of play and earn the right to enter the semifinals along with Gruver, Ropesville and Dawson.

Bryant led the Wildcats in both their games with 8 points in the loser against Dimmitt and 13 in the winning attempt against Shallowater.

Finals in the tournament were played last night.

# Charles Postpones Heavy Title Match With Beshore

BUFFALO, N.Y. — (AP) — The air was charged and counter-charged today as Ezzard Charles retired in the direction of Cincinnati to rest up from a sore side.

The NBA heavyweight championship came up with his aches last night, just four days before he was to place his crown on the line for the benefit of Freddie Beshore.

Anguished screams arising from the Beshore camp would have one believe that Ezzard would like just a little more time to get ready for Beshore, the Harrisburg, Pa., body-puncher.

Varsity screamer for Beshore was Ralph Gold, under whose management Freddie fights. Gold figured Charles' pain "must have come out of the blue."

"In my opinion," said Gold, "he didn't think he was in good enough shape for my boy."

But Jake Mintz, Ezzard's manager, declared that Charles was injured during a workout Thursday with sparring-mate Jeff Clanton. He got a lump on a rib, said Jake, but should be able to face the 15-round bout with Beshore about April 5.

This is a happy coincidence. April 5 is the precise date that the Fairview Athletic Club would like to stage the fight.

Fairview had sold about \$20,000 worth of tickets for Tuesday night's fight. Memorial Auditorium was scaled to gross \$87,000.

# Irish Mitters Beat Panthers

SHAMROCK — (Special) — The powerful Shamrock Irish boxing team swept 11 bouts from the Panhandle Panthers Friday night in the local gymnasium to take the team match between the two High Schools, 11-0. The win put the strong Irish team back on the winning road after fighting to a draw with the Pampa Boys Club earlier last week.

The Panhandle team is holding boxing for the first time this season and consequently is quite inexperienced as yet.

The complete results of the 11 bouts were as follows: 75-pound class: Forrest Thompson (S) defeated Edwin Henshaw. 82-pound class: Tom Christener (S) defeated Morris Moss. 86-pound class: Steven O'Gorman (S) defeated Jim Don Mitchell. 87-pound class: Jerry Hurit (S) defeated Benny Beason. 90-pound class: Paul Hall (S) defeated Bill Tom Chitwood. 106-pound class: Billy Pavlovsky (S) defeated Kenneth Bumpass. 123-pound class: Edward Carver (S) defeated E. Posey. 120-pound class: Billy Campbell (S) TKO'd Gene Trent, first round. 145-pound class: Paul Cooper (S) defeated Don Hubbard. 128-pound class: Joe Landrum (S) TKO'd Hampton Butler, first round. 160-pound class: Bobby Campbell (S) KO'd Durwood Lynch, first round.

# WARREN'S WARMUP

By Warren Mason—News Sports Editor

**QUESTION:** What man won four consecutive PGA golf championships?

A WELCOME VISITOR TO PAMPA THIS PAST WEEKEND was Mr. Guy Paulson, formerly a member of the touring professional golfing club, but now retired. The aging redhead quit the tour about ten years ago after never quite reaching the top, but crowding the big names several times in the major tourneys. Paulson is currently the head professional at the renowned and exclusive Medinah Country Club, one of Chicago's biggest and richest.

Paulson arrived in town Thursday afternoon and Friday took a jaunt over the front nine at the local course. He had high praise for the course and for club pro John Austin's ability to take care of the course and develop it into one of the leading layouts in the state.

Paulson was especially high in his praise for Austin's fine crop of young golfers. As the redhead toured the course he was constantly passed by big groups of the youngsters. He stated that Johnny had more kids playing here than he was able to count out of Chicago.

Paulson was on his way back to Chicago after recuperating in California from a serious operation which still leaves him somewhat exhausted after 9 holes. He fired a 38 over the front nine in his first attempt over the windswept course. The wind was a thorn in his game, after the calm weather conditions of the Chicago courses, despite the fact it is known as "the Windy City."

Paulson's biggest claim to fame came in the 1931 National Open at the Inverness Country Club in Toledo, Ohio. He led that tournament through the first three rounds before giving way to the ultimate winner, Bill Burke. He has won the Indiana Open twice and finished fourth in the Western Open.

After his retirement from active competition he was teaching pro at Bobby Jones' course at Augusta, Ga., and also served stretches as professional at Orchard Ridge in Fort Wayne, Ind., Longmeadow C. C. at Springfield, Mass., Old Town C. C. at Winston-Salem, N. C., at Lake Champlain and at Nashwood, N. H.

Paulson participated in all the major tournaments with the exception of the Masters. The 1949 National Open was played over the course in Chicago, the Medinah, one of the top ten toughest courses in the nation. He participated in that tournament, as host pro, but could do no good against the younger set.

It was a pleasure to have you with us, Guy, and I hope that you can get to play over your course the next time I get back home.

A big bouquet of roses is due Ray Webster, local oilman and basketball enthusiast, for the fine manner in which he promptly accepted and handled the recent Top of Texas Basketball Tournament. Ray was the initiator behind the entire move and he did a fine job. Not only did he handle that job well, but he also managed one of the teams, played, and refereed in the absence of one of the officials.

His efforts in the tournament brought an additional \$230.80 in to the fund to fight polio.

And Ray, I'll take the thorns off of those roses for failure to read all the instructions. You remember that picture of the winners that we waited all week to take? Well, everything went fine, except that yours truly failed to take care of one very important detail in the use of the camera and consequently — no picture. I sincerely apologize to the members of both clubs who so graciously posed for the picture and for finding out that I had wasted their time.

The next time I promise that nothing will go wrong. I did get a few fair action shots in the final which appear today, when I adhered to the very letter of the instructions. But in the excitement at the conclusion I was filled to follow everything. It was sort of like firing a gun

## Noor Takes Santa Anita Handicap

ARCADIA, Calif. (AP)—Noor won the \$100,000 Santa Anita Handicap Saturday. The British-bred invader overtook Two Lea in the stretch and held off Citation's bid to the wire, to win in 2 minutes flat, a new track record for a mile and one-quarter.

Citation was second. Two Lea finished in third place with Ponder fourth. The crowd of 85,000 had banked \$273,260 into the show pool on Calumet's entry of Citation, Ponder and Two Lea, a new track record topping the \$247,897 bet in this same race in 1947.

## Dumas Faces Canyon for I-A Crown

CANYON — (Special) — The Shamrock Irishmen, District 2-A basketball champions, were eliminated from the regional tournament here Friday by Floydada, 40-25, in the opening round of the meet.

Other first round winners included Memphis 43, Abernathy 32, Canyon 48, Levelland 20, and Dumas 51, Sudan 42. Shamrock stayed in the game through the first quarter, ending in a 10-10 score. But Shamrock was held scoreless the second period while Floydada hit 13 points. At the start of the fourth period the Irish trailed, 30-17.

Guthrie led the winners scoring with 15 points. Earl Tarbet paced the losers with 9.

In the semifinal game, Dumas came back to defeat Floydada, 41-37. Dumas trailed at the end of the first period, but moved into a 21-16 halftime lead and kept it the rest of the way.

Last night Dumas faced Canyon for the tournament championship and Memphis played Floydada for the consolation crown.

## Sports Round-Up

**By GAYLE TALBOT**  
NEW YORK — (AP) — They're not putting the stuff into pitchers they used to. Only seven of them won as many as 20 games last season, compared to 17 who hit the select circle as recently as 1920. The Yankees won the '49 championship with a single 20-gamer, Vic Raschi, and they will pay him less money for the coming campaign than Joe Page, strictly a reliever, will command.

Detroit almost certainly boasts the finest group of starting pitchers in the game today, and yet, because Manager Red Rolfe has been unable to dig up a dependable bull pen specialist the Tigers figure to finish no higher than third.

So far, says Jack Dempsey, winning the Associated Press poll as the greatest fist fighter of the past 50 years, has cost him close to \$300 in long distance telephone tolls. "They've been calling from all over the country to congratulate me — collect," he reports.

Manager Billy Meyer of Pittsburgh says that Paul Pettit, the Pirates' \$100,000 beauty, has the best fast ball since Bob Feller was in his prime. The Brooklynite will carry only two catchers this year. It looks like a dangerously low number until one recalls that Gil Hodges was one of the best relievers in the business before he was shifted to first base.

## Five Docs Okayed Roach Before Bout

NEW YORK — (AP) — Five doctors okayed boxer LaVern Roach for his fatal fight of last Wednesday night and an autopsy showed death was "accidental."

These facts were revealed at Friday's open hearing conducted by the State Athletic Commission, with Chairman Eddie Eagan presiding. Eagan said a report will be made "sometime next week."

Another probe was launched behind closed doors at the district attorney's office and will be completed Monday. Twenty witnesses appeared for the investigation, including many who had attended the state commission's hearing.

Dr. Thomas A. Gonzales, the city's chief medical examiner who performed the autopsy on the 24-year-old Plainview, Texas, mid-Frank Fullam, who referred the bout, testified how Small, trailing on points, shook up Roach with a right in the eighth round. In the final round, another right (telled Roach for seven and seconds later he went down again from a similar punch.

"As soon as he fell, I called it over," Fullam reported. The veteran referee explained that he examined Roach closely before the ninth and 10th rounds but found "nothing unusual" about his appearance.

"I talked to him right after the eighth. I said 'How do you feel?' and he said, 'I'm all right; I'm all right.'"

Much of the testimony dealt with a sore nose Roach had complained of last Sunday.

## Rams Get Winkler

LOS ANGELES — (AP) — The Los Angeles Rams of the National-American Football League Saturday acquired 235-pound tackle Jim Winkler of Texas A&M for a back and a tackle in a deal with the San Francisco 49ers. He is on Army duty but is expected to be released soon.

Hillary Cholet of Cornell, the back, and tackle Clay Matthews of Georgia Tech were the players traded for Winkler. All were on the reserve list of the two clubs.

## North Texas Golfers

DENTON — (AP) — North Texas State's golf team will meet Notre Dame, Indiana, Ohio State, Michigan and the U. S. Military Academy in an eleven-day trip in April. The squad will also play in the Southern Interscholastic Tournament at Athens, Ga., April 27-29.

TURN, JUMP AND FIRE does Bill Carter, former Dumas cage star now playing with the Culberson Chevrolts. Carter hit two points on his shot during the battle for third place in the Top of Texas Tournament Friday night. Number 20, watching the shot, is J. W. Malone, while Ray Webster with mouth open under basket, waits for the rebound that didn't occur. No. 21 is Groom's Ledwig. Groom won, 67-48. (News Photo and Engraving)

"I talked to him right after the eighth. I said 'How do you feel?' and he said, 'I'm all right; I'm all right.'"

Much of the testimony dealt with a sore nose Roach had complained of last Sunday.

## Roach Services Held in Jersey

EAST ORANGE, N. J. — (AP) — Funeral services were conducted for boxer LaVern Roach, ex-Marine from Plainview, Texas, who died Thursday from injuries suffered in the fourth bout of a comeback attempt.

George Small of Brooklyn, N.Y., knockout winner over Roach in the tenth round of their bout at St. Nicholas arena in New York Wednesday night, was among the 150 attending the services.

Rev. Romaine F. Bateman, pastor of the First Baptist Church of Millburn, N. J., officiated. A detail of Marines from the Dover, N. J., ammunition depot acted as guard of honor for Roach, one-time boxing champ of the Cherry Point, N. C., Marine Base.

The body was to be accompanied to the Pennsylvania Station at Newark, N. J., for shipment to Plainview, Roach's home town. The body was scheduled to leave Newark at 6:59 p.m. (EST) Saturday.

## Girls' Cage Head Continues Feud

GATESVILLE — (AP) — L. C. McKemie, state director of the High School Girls Basketball League, has shot another barb at the Texas Interscholastic League, which plans to sponsor girls basketball next year.

It is another step in the fight to control girls basketball. The High School Girls League started in 1939. The Interscholastic League moved into the picture this year.

McKemie wrote a letter to coaches and superintendents Friday, noting that the Interscholastic League is adopting the playing rules of his organization. He declared "they are not able to offer anything any better than we have."

He also noted the Interscholastic League "does not give the schools a chance to participate in gate receipts."

"Why should they handle it anyway?" he asks. "Think it over seriously. Don't you think we school people are capable of handling our own affairs? Do we need any university (the Interscholastic League is operated by the University of Texas) tell us what to do and when?"

## Sportsmen Meet Tuesday Night

The Pampa Sportsman's Club will hold a regular meeting Tuesday night at the Court House starting at 8 o'clock.

The meeting will be a "family night" affair with the wives and children invited to attend. "Hunting in Alaska," will be shown. The film is a follow-up to the film shown a short while ago, "Fishing in Alaska."

## Amarillo Victor

JACKSONVILLE — (AP) — Lon Morris and Amarillo won first round games Friday night in the tournament to determine the Texas Junior College Conference basketball champion.

## Frisch Believes Cincinnati Made Best Deal of Winter

By FRANK ECK  
AP Newsfeatures Sports Editor  
NEW YORK — The Cincinnati Reds made the best deal of the winter. Authority for that statement is Frankie Frisch, former member of the Gas House gang now managing the Chicago Cubs.

"The Reds got two good ballplayers for one," said Frisch just before he quit his quiet off-season life in suburban New Rochelle for Harry Walker. They got two big bats at Catalina Island. They got Ron Northey and Lou Klein for Harry Walker. They got two regulars for one."

Of course, the Cubs didn't do too badly in the winter market, either, Frisch was reminded. They picked up a grumbling Bill Voiselle from the Boston Braves for Gene Mauch, at best a reserve infielder, and they bought Johnny Vander Meer from the Reds.

Voiselle may not be one of the ten best pitchers in the National League but when he's right he is almost unbeatable. Voiselle finished only five of his 22 starts last season but from the Polo Grounds, I think he was the only pitcher to blank Brooklyn twice. His season record, however, was a mediocre 7 wins and 8 defeats.

"I know all about Voiselle," says Frisch. "I remember him from the Polo Grounds. I think I know how to handle him."

Frisch was a play-by-play radio announcer here when Voiselle pitched for the Giants in 1947. Jimmy Gallagher, Chicago's general manager, was asked how the Voiselle for Mauch deal was made. Was it a straight deal?

"It never is a straight player deal when the Cubs are involved," replied Gallagher. "Our other teams always want our cash."

At the Boston baseball writers' dinner in February, Billy South-

worth received a two-minute ovation from 1,000 men when he was introduced. Though not listed to speak, Billy went to the microphone and said:

"I'm coming back here to meet a challenge and will strive to give Boston another National League championship."

At the same dinner, Branch Rickey declared:

"Sam Jethroe will outrun two Ty Cobbs but the Boston club will have to make him feel" at home with them."

Thus far, President Lou Pfenning has done his share. It is reported he bought Jethroe a home in Boston and had him working on one of his Pennsylvania projects during the winter.

Brooklyn Dodger scouts again will have their names and addresses in the Heathcote Blue Book, an annual baseball directory out each spring. For some unexplained reason Dodger scouts have been omitted in recent years. Last spring the names were supposed to be listed but the book had already gone to press. But before that the Dodgers have kept the reason for omission a secret.

Keep and general manager Charley DeWitt of the St. Louis Browns says Gerry Priddy drew \$18,000 last season. The Philadelphia Phillies are thinking of changing hotels, claiming it's tough to make reservations at Clearwater, Manny Salvo, 36, ex-Brave pitcher, has quit the Sacramento Solons to make dough. He's in business with his father-in-law. They have a French bakery.

Wally Berger, a slugger with the Boston Braves in the 30s, is the new manager of the Twin Falls, Ida., Cowboys in the Pioneer League.

Why an Extra \$1 Down the Drain?

WE HAD A citizen the other day to suggest that it would be a good idea if every person in the United States would send a \$1 donation to the Treasury to help wipe out the public debt.

No doubt, this suggestion springs from a genuine patriotic desire to help his country. But what he has overlooked is that such kindly gesture would not even be a drop in the proverbial bucket.

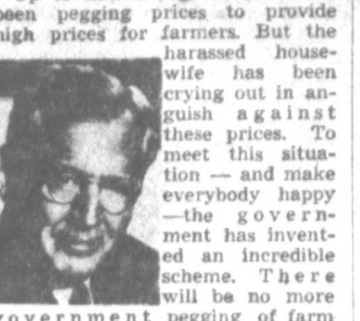

THE NEW DEAL has spent many times more than this \$10 million in one year in seeking to replace the lives of supply and demand. There is no reason to believe that a dollar donation would effect a reform in concept on the part of our national planners.

Lewis Depends On Quiet Texan For Legal Aid. WASHINGTON (AP) — A quiet Texan has been one of the key figures in the coal crisis, although his name seldom gets in the papers.

Venezuelans Purchase Texas Quarter Horses. JUNTION (AP) — Fourteen registered quarter horse stallions have been purchased by a Venezuelan buying party from breeders of the Hill Country.

"The Road Ahead"....John Flynn

INSTALLMENT THIRTY-ONE

Up to now the government has been pegging prices to provide high prices for farmers. It has been harassing housewives...

The other prong of the scheme is to give the farmer the same old high prices. A price level for produce will be fixed. Then the government will pay the farmer the difference between the price at which he sells his crop and the price which the government guarantees.

There are 5,800,000 farmers. The plan will apply to wheat, corn, cotton, soybeans, rice, sugarcane, eggs, chickens, beef, cattle, lamb, fruits and vegetables. Now who is going to check on these millions of farmers to determine the price at which he exceeds the 1800 units?

However, there is a joker in the plan, designed to put the big farmer, the most successful farmer, out of business and to create anybody who does not sign up with the plan. The general idea is to give its benefits only to the small farmer. It is therefore limited to farmers who raise only 1800 units.

But who is going to check up on all these farmers to determine whether or not each keeps within his 1800 units? Here is to be another army of bureaucrats and more mountains of questionnaires and reports. Even so radical a man as Senator Aiken, who can generally swallow a pretty big dose, backs away from this. He told reporters that such a program cannot stop at the farm. If the government undertakes to guarantee a satisfactory income to the farmers, can we deny the same guarantee to other income groups?

The Doctor Says

BY EDWIN J. JORDAN, M.D. WRITTEN FOR NEA

Troubled with the sinuses is a miserable thing and many people try all kinds of ways to treat it or escape from it. Recently I have had a number of questions asking what climate is best for a patient with sinus.

There is no way of telling in advance which of these climates, if "any" will be good for the sinus sufferer. The only suggestion which seems to stand up is that a patient who is seeking climatic relief for sinusitis try one climate for several months; if this does not work some other can be tried also for a period of several months. This is a difficult and expensive system without any guarantee of success, but it is the only thing which one can honestly say about climate and sinusitis at the present time.

Q—I have read articles about the value of ozone inhalations for sinus trouble. What is your opinion in this matter? A—Ozone treatments had quite a vogue 30 or 35 years ago. They were carefully studied at that time and it was concluded that there was no scientific reason for believing that they were of any value to sinus sufferers or for anything else.

Q—Is it true that a tablespoon or two of pure olive oil would make a good substitute for meat? A—It is not true. Olive oil is principally fat and meat contains mostly protein. Not only does it lack the thought of eating olive oil in place of a steak make it slightly sick, but it also is not a good substitute from a dietary standpoint.

Q—Would you recommend taking raw yeast to relieve a vitamin B-1 deficiency? A—If you have vitamin B-1 deficiency and are sure of it, the answer is yes. But how do you know?

Q—When the basal metabolism is minus 24 what symptoms would be apparent? A—There probably would be no symptoms at all. Sometimes people with a metabolism at this level show easy fatigability, slight anemia, and a slow pulse. If activity of the thyroid gland is completely absent the basal metabolism is likely to be minus 30 or lower and in this condition other symptoms, such as loss of hair and thickening of the skin, can occur.

Q—I have asthma. Can you recommend a remedy and also how to relieve my bad breathing? A—I do not recommend remedies or treatments for particular diseases, or suggest possible methods of relief. For individual problems of this kind the only safe procedure is to be thoroughly examined by a physician, and to follow his advice regarding drugs and other forms of management.

NOTE ON QUESTIONS Dr. Jordan is unable to answer directly individual questions from readers. However, once a week, in this "Q & A" column he will answer the most interesting and most frequently asked questions received during the week.

Gracie Says

By GRACIE ALLEN

According to latest reports, they're still hunting for the pound of Roquefort cheese which a flier parachuted down into Burbank, Calif., as a Valentine for his wife. Huh? Any wife who can't find a fragrant Valentine like that isn't really trying.

Such sentiment reminds me of my Sister Bessie's last romance. All day she would lean out her window and throw kisses to the men working on the new building next door but they wouldn't pay any attention to her and she was terribly discouraged.

Finally, one of them threw back a kiss, while he had a brick in his hand, and when Bessie came to she knew he loved her. So ever since he's been her "dream man."

The time is not ripe for women to aspire to higher office. It is utterly ridiculous to try to elect a woman president now. —Mrs. Eleanor Roosevelt.

Muh?

Fair Enough - Pegler

By WESTBROOK PEGLER (Copyright, 1950)

Boiled down to their true meaning, President Truman's remarks to Arthur Krock were a confession that he was a hick in a scuffle with a slicker when he tangled with Stalin at Potsdam and that it has taken him all this time to learn the awful truth that Pegler and other exuberant red-baiters were right.

This dodge can be disposed of easily. The red herring is a presidential, not a congressional, ruse. The revered Roosevelt dragged a herring across the trail of his unsuccessful attempt to pack the entire federal bench with hoveydy shysters of his own ad hoc.

F. C. Barrett is a house-to-house salesman who will sell about \$2 1/2 million dollars worth of goods this year.

In 1941 Barrett went to work for the firm in Chicago which specialized in selling Bibles door-to-door. It wasn't very many door bells later that Barrett realized that he had found his life.

Barrett's success in getting other people to work for him is due to his method of "making them a part of the act"—one of the most fundamental pointers for a man with big-business ambitions.

Only on the theory that it takes a thief to catch a thief can Truman justify recourse to the D. J. in this case. And even that excuse can't be invoked.

So They Say

Some potential atomic developments are so frightening that we instinctively shrink from them. But then we must ask—will this bread knowledge be less menacing if discovered by others?

Communism is an idea. It is a bad idea. It can be defeated by better ideas.

QUICKIES By Ken Reynolds

The Lawyers

By GORDON MARTIN

When the lawyers go convening they form a motley crew, with corporation counsel and divorce attorneys too. There are gentles who handle everything from copyrights to wills, and the boys who bring collection suits to clean up past-due bills.

There's the old-time jury orator whose shock of snow-white hair has become an institution in the courtroom everywhere. He's the one who picks the jury, and he's the one who would be a grievous error if his client goes to jail.

And the speakers give with speeches of the lawyer's noble chance, and they frown upon a brother who would chase an ambulance. There is fun and mirth aplenty and a round of gay affairs, since attorneys in convention know the whole darn town is theirs.

National Whirligig

news behind the news

By RAY TUCKER

WASHINGTON — Southern members of Congress, including Democrats and Republicans, are bringing heavy pressure on the Republican leadership of the House to obtain their support for the Lodge-Gossett proposal to change the method for electing a president.

Under the Lodge-Gossett scheme, presidential contestants would get the percentage of each state's electoral vote to which they were entitled by the popular vote. As it is now, a candidate carries New York's 47 electoral ballots even if he carries the state by only one vote.

With Northern, Middle West and Western states breaking about even in the popular vote, the Republicans fear that the preponderantly Democratic South would enjoy a balance of power that would operate in favor of the Democrats.

Success Secrets By ELMER WHEELER

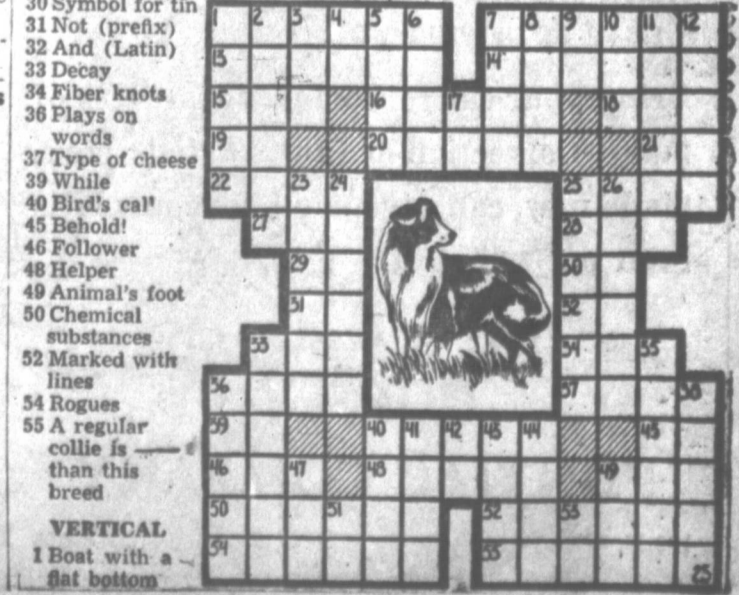

Barrett's success in getting other people to work for him is due to his method of "making them a part of the act"—one of the most fundamental pointers for a man with big-business ambitions.

Barrett's success in getting other people to work for him is due to his method of "making them a part of the act"—one of the most fundamental pointers for a man with big-business ambitions.

End of a Chapter

By Edwin Rutt

THEE STORY: Alice Pine, secretary to Muriel Halleck, who writes popular stories under the name of "Jo Paley"...

lark would be there for dinner, a point upon which Alice could not enlighten her. "Better expect him only if you see him," she said.

"You mean about dinner? I guess I should have. But I imagined you'd do all right without me." "I did." She punished him a little. "Beautifully."

He looked at her speculatively. "The day's gone. But would you take a walk with me now, Alice?" "Certainly." She got up at once.

## Roving Ambassador Confers With Nehru on New Aid Plan

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

U. S. Roving Ambassador Philip Jessup has slipped quietly into New Delhi, India, and we are safe in interpreting it as a matter of prime international importance.

There are two things which support this assumption. One is that Jessup is a key figure in the development of Washington's Far Eastern policy. The other is that India bids fair to emerge as chief of the independence democracies of Asia.

Thus we reach the conclusion that America's policy in that part of the world must be heavily influenced by India. And when we speak of India we are, of course, thinking of her dynamic leader, Prime Minister Nehru.

As Prime Minister Nehru and Ambassador Jessup got together in India, Secretary of State Dean Acheson was discussing the Far Eastern position with the Senate Foreign Relations Committee. He said the State Department is looking hopefully for the countries of Southeast Asia to join together in an economic, political and social program backed by American dollar aid.

However, Acheson said a new such association must be spontaneous and the U. S. government must wait for those nations to act first.

Broadly speaking America's policy has been aiming at a solution which would give the peoples of Southeast Asia freedom without communism. Nehru is import-

ant as a symbol of successful nationalist forces which have found a solution that isn't Communist. Nehru has made it plain that India won't join any anti-Communist bloc. This doesn't mean that he doesn't propose to get involved in the ideological war. Hence America's willingness to accept the idea of a spontaneous association of Asiatic nations with which Washington can cooperate.

Since India's support is vital for the formation of such an association, Jessup undoubtedly is discussing that matter with Nehru.

### Four Youths Held In Houston Death

HOUSTON — (AP) — Four youths were being held by police Saturday in the early morning knife slaying of a 22-year-old father of two small children during a fight.

The dead man is Wiley S. Leggett, Jr., 22.

Leggett died in Jefferson Davis Hospital from a deep stab wound in his chest. He never regained consciousness after collapsing a short distance from where the stabbing took place.

Meanwhile, S. A. Wakefield, 42, Leggett's companion in the fight, pointed out one of the four as one "I think tussled with Leggett during the fight."

## Numerous Improvements For City Girl Scout House

Big plans are in the making for improvements at the Pampa Girl Scout House, 716 E. Kingsmill, Mrs. H. F. McDonald, executive, said.

Proceeds from next month's square dance jamboree will go into the improvement fund. Scout House improvements will include floor repair, partition removal, built-in lockers, new stove and interior paint job.

Mr. and Mrs. John McNeill have donated linoleum for the kitchen and will install it when the other improvements are made. Mrs. McNeill is leader of Troop 34.

Square dancing lessons will be taught by Frank Ponce, nationally-known instructor, April 10-14. Reservations for the instruction may be made at the Scout Office or by telephoning Mrs. Bill Heskey.

The lessons will be held at the Parish Hall and the jamboree will take place at the Junior High School Gymnasium.

Wagon Wheel Square Dance Club, organized last month, already has donated more than \$30 to the Scout House improvement fund. Clarence Kennedy, local square dancer, instructed the 38 couples of the club, but refused to take pay.

## 'Green Stuff' Is The Real Cabbage

LOS ANGELES — (AP) — Such cabbage Mrs. John O. Peterson had seldom seen.

She didn't realize what a bargain she got at George Munson's grocery until she arrived home and opened her shopping bag.

Out popped a paper sack full of greenbacks — with enough change to bring the total to \$86.75. An absent-minded clerk had stuffed it in her bag. Mrs. Peterson turned it over to police, who gave it back to Munson.

## Race Question Vote Set at University

AUSTIN — (AP) — Students will vote on a referendum on the admission of Negroes to the University of Texas at a special election March 15.

A certified petition bearing 584 signatures requested the student assembly to submit the issue to the students.

The referendum will merely reflect the opinion of the students and will have no official status.

## SERVICES HELD EL PASO

— Last rites were held Saturday for Winchester Cooley, one of El Paso's best known civic leaders. He died Friday at the age of 74.

## Place on Committee Given Sen. Johnson

WASHINGTON — (AP) — Senator Hunt (D-Wyo) today was named chairman of an armed services subcommittee on stockpiling of strategic and critical materials.

Also named to the new subcommittee was Senator Lyndon Johnson (D-Tex).

## Gasoline Transport Wreck Kills Driver

BIG SPRING — (AP) — A gasoline transport driver, tentatively identified as Irvin Piper, died in the flaming wreckage of his truck 27 miles south of here Thursday.

Sheriff Bob Wolf of Big Spring said the loaded transport hit a culvert and apparently caught fire immediately. The driver's body was burned beyond recognition.

## Consumer Prices Decline Slightly

WASHINGTON — (AP) — The government has reported consumer prices dropped 0.4 percent from mid-December to mid-January.

The Labor Department announced here the consumer price level — a rough measure of cost of living changes — dropped in mid-January to 66.9 percent above the prewar 1935-39 average. It was 67.5 above that average in mid-December.

## Long Distance Rate Investigation Killed

AUSTIN — (AP) — A House-approved resolution asking for an investigation of long distance telephone rates in Texas was, in effect, killed yesterday by the Senate state affairs committee.

The resolution, sent to a state affairs subcommittee, had asked for an investigation to see if present rates are unfair and if there is a need for a state agency to regulate telephone rates.

## Housing Unit Okay Given Texas Town

WASHINGTON — (AP) — Hearne, Texas, has been allotted 40 low-rent housing units by the Public Housing Administration.

Hearne officials asked a \$16,000 loan to finance preliminary planning.

## Both Sides of South's Story Need Telling, Editor Insists

DENTON — (AP) — Hodding Carter, Mississippi editor and author, says the South's story has two sides and both of them ought to be told to the world.

The 43-year-old Carter is the Greenville, Miss., newspaperman who has become nationally known through his articles and books about the South.

He spoke here Friday night at North Texas State College. For the good of the nation "a more sane and honest account" of the South needs to be told, said Carter. The old, stereotyped story of the South's shortcomings finds Communists using "our own words against us," he said.

Carter said the South "is still the least fortunate in a material sense in the nation," suffers from educational lags, "suffers abominably from a one-party system" and there is racial discrimination.

But, said the Mississippi editor: "In all these matters the South is infinitely better off than 40, 20, or even ten years ago," has made strides in education, crime and violence have been declining as the rest of the nation's crime rises, it has tackled its health problems, it is changing from a man and a mule and one crop economy to

a varied economy, "it is no longer menacing or dangerous for a Negro to seek his right to vote."

"There is in this new South a new conscience which is the happiest result of all," Carter added.

The dark-haired, energetic Carter is editor of the Delta Democratic Times at Greenville. His appearance was one of several on a speaking tour.

In 1946 Carter won a Pulitzer Prize for editorial writing. He has written novels, short stories, articles, and verse. His most recent book is "Southern Legacy."

Before the banquet here Carter and newspapermen guests were shown through North Texas State's \$200,000 journalism building.

The Russian books in the U. S. Library of Congress outnumber those in any other library outside Russia.

### Scouts' Leaders 'Younger' Than Troop Members

Pampa Girl Scout Troop 19 probably is the only Scout troop in the U. S. that has a leader and an assistant leader who have had fewer birthdays than any of the Scouts in the troop.

Mrs. Burl Lewter, leader, and Mrs. W. L. Kretzmeier, assistant leader, both have had nine birthdays while nearly all of the Scouts are 11. Coincidence would have both women born on a Feb. 26.

"Two years ago when Mrs. Lewter and her daughter, Nickie, celebrated their ninth birthdays, the little Scout didn't want to be offdone by her mother. So she baked Mrs. Lewter a birthday cake to prove that even if her mother was two calendar months older than she, her mother would have a hard time beating her cake baking.

"It didn't take any of the 16 Scouts in the troop long to get much older than either of their leaders."

### Four Divorces Granted Friday

Four divorces and one removal of disabilities were granted Friday by Judge Lewis M. Goodrich in 31st District Court here.

Granted divorce decrees were: E. M. Robinson from Betty Jean Robinson on charges of cruelty. They were married in June, 1945, and separated in May, 1947.

D. Mitchell from Jerry Mitchell on cruelty charges. They were married in September, 1948, and separated in October, 1949.

James R. Walker from Cecile Walker on cruelty charges. They were married in November, 1946, and separated in January, 1950.

Arthur M. Harvey from Mattie Harvey on charges of cruelty. They were married in May, 1945, and separated in August, 1949.

An order granting removal of legal disabilities due to age was granted David Eugene Branscum by the Court.

### Marines to Keep 2 Combat Units

WASHINGTON — (AP) — The Marine Corps will retain two combat battalions lopped off by the 1951 budget but still stands to lose four of its current 16 air squadrons by July 1.

Gen. Clifton B. Cates, Marine commandant, said Secretary of Defense Johnson approved this re-allocation.

Cates proposed to keep eight combat battalions of some 19,000 men — about the minimum needed to maintain two division organizations — and reduce the number of Marines doing guard duty and other non-combat chores.

### 50 Blind DP's Are Accepted by Norway

HAMBURG — (AP) — Fifty blind displaced persons in Germany soon will find hope and a new home in Norway. They have been stranded in Germany since the war. Frequent applications for immigration visas to other countries have been rejected.

Then the Norwegian government offered a helping hand. In Norway, the blind DP's will receive vocational training. Then each will be helped to find the job for which he is most suited.

Norway is the first country to offer a home to blind DP's. It is also admitting dependents of the sightless persons.

### BOOKKEEPING MACHINE Baylor Lays Cornerstone PUT IN USE BY CITY

Mrs. Don LaMar (above) is shown operating the City Water Department's new utility book-keeping posting machine.

Put into use this month, the machine cost approximately \$3,200. It will be used primarily for book-keeping and billing, although water ledgers also will be posted on it.

The next water bill Pampan receive will be printed on post-cards rather than enclosed in letters as in the past. These bills, whether they are paid in person or by mail, must contain the post-card stub. Printed locally, the postcard bills will each save the city two cents postage.

One change in the new machine over the one purchased in 1943 is it records in hundreds of gallons instead of in gallons. A bill for 14,000 gallons will read 140.

The old machine will be renovated for use in the Tax Office. In the past it has been used both for the Water and Tax Departments.

### Philadelphia Studies Parking Congestion

PHILADELPHIA — (AP) — The nation's third largest city may soon go into the parking business. Philadelphia Mayor Bernard Samuel has appointed a five-member City Parking Authority "to study and try to solve the traffic congestion problem."

The mayor said the city might construct underground parking sites to relieve traffic tie-ups.

Liquor retailers must obtain local licenses before being granted state licenses in Illinois and Georgia.

### Communist Tag Held Libelous

CLEVELAND — (AP) — For the first time, an Ohio court of appeals has held that it is libelous to falsely publish that a person is a Communist.

Other courts previously had handed down similar rulings.

The decision Friday was in the case of Courtney D. Ward, an AFL labor official here, who had sued the League for Justice and its head, John P. Moran, for \$100,000.

Ward, who is secretary of the Painters' District Council No. 6, contended in the common pleas court action that he had been falsely labeled a Communist in a publication put out by the league.

### Baylor Lays Cornerstone

WACO — (AP) — Cornerstone-laying ceremonies were held Saturday for Baylor University's \$800,000 building to house works of English poet Robert Browning.

The building is called the Armstrong Browning Library — in honor of Dr. A. J. Armstrong, '76, Baylor's English chairman. He has worked a half century for the memorial.

The new building, when complete will hold Baylor's famous collection of Browning memorabilia and first editions.

Earl C. Hankamer, Houston oilman and Baylor trustee, announced choice of the building's name.

A former student of Dr. Armstrong, Ralph Langley, spoke at the ceremonies.

### Elderly Cat Gets Breakfast in Bed

SANTA MONICA, Calif. — (AP) — Snooky, an 18-year-old tomcat belonging to Leo Feldworth, was getting old. Frequent colds marred his enjoyment of life.

Feldworth, and aircraft tool and die worker, decided to do something about it. He built a special bed atop Snooky's favorite snoozing place, the refrigerator. The bed was equipped with a hidden switch. Now whenever Snooky wants to nap — which is most of the time — the pressure of his body on the bed throws the switch, turning on a 100-watt infra-red heat lamp overhead.

The colds are gone and Snooky's happy. But Feldworth isn't. "Now Snooky won't even come out to eat," he says. "We have to hand food up to him. Breakfast in bed for a cat. Imagine."

### ADMITS NEGROES

AUSTIN — (AP) — The Texas Junior College Teachers Association, at its state convention here, agreed to admit Negro teachers to membership.

### Teachers Working Extra To Improve Navajos' Living

FORT DEFENCE, Ariz. — don't even know the correct pronunciation of their English names, having had them written out by missionaries and preserving the paper carefully for many years.

Miss Hoskins finds the Navajos, despite their poverty, a very hospitable race. In the unlit, crud-est "hogans," she and her assistant will be honored guests. The family brings blankets to stretch on the floor for the visitors' comfort.

The children fetch ears of brightly colored corn, and throw them on the fire. They take their best—and only—tin cups and scrub them with sand and water. And, after a short while, the youngsters hand plates of mutton and corn and cups of hot coffee to the guests.

Besides being a teacher, Miss Hoskins often finds herself pressed into service on the reservation doing other things for the natives. Once she stopped her truck at the desperate hall of a Navajo grandmother. There was a sick baby that needed help. Miss Hoskins turned her truck into an ambulance and drove the child to the nearest hospital, 40 miles away.

"I have often wondered," Miss Hoskins says, "what would have happened if the grandmother had stopped someone who knew no Navajo."

### Committee Approves Delinquent Tax Bill

AUSTIN — (AP) — A bill to create a potential \$25,000,000 state building fund with collections of delinquent state taxes was approved, 9-8, by the Senate state affairs committee Friday.

The bill would forgive penalties and interest on delinquent state taxes if they are paid voluntarily within the next three years.

The committee was told that if all delinquent taxes were collected they would swell the fund by \$25,000,000.

### Rotarians Guessing Club's Size in 1955

CHICAGO — (AP) — Members of Rotary Clubs are engaged in a guessing game these days. They're trying to figure out how large the organization will be when they celebrate its 50th birthday anniversary in 1955.

Paul Harris and three friends started the club Feb. 23, 1905. They called it Rotary because the early sessions were held in rotation in the offices of members. At latest count, there were 334,000 members and 6,960 clubs in 83 countries.

Alfred Tisch, chairman of Rotary's extension committee, came up with the idea for the guessing game. "We can," he guesses, "have 10,000 clubs and 500,000 members by 1955."

# "I DON'T HAVE TO ADVERTISE"

There are still some merchants in business today (believe it or not) who are skeptical of the value of advertising — who say that "people are going to buy anyway" and point to their sales figures as proof-positive.

## HERE IS WHAT EARL LIFSHEY—EDITOR RETAILING DAILY—SAYS:

"Of course advertising pays. And when I meet a merchant who declares he doesn't regard advertising as important and points to his nice business as 'proof'—I've never yet gotten a completely satisfactory answer when I asked: 'But how much better would your business be if you did advertise? How do you know how much business you're losing because you don't advertise? It not only pays to advertise — it pays even more than you know when you know where your advertising is supposed to take you — and why. Advertising is the hand- maiden of merchandising. It always has been and always will be."

An ad in The Pampa Daily News will put your advertising dollars to work and get positive results. It is a proven fact that newspaper advertising gives you the most for your money.

### Thompson Rites Set in White Deer

Robert Aubrey Thompson, 68, a resident of White Deer for the past 23 years, died at 8:30 a.m. Saturday in Highland General Hospital.  
He is survived by his wife, Mrs. Mabel M. Thompson; son, Robert A. Jr.; brothers, Roy, Sweetwater, and Carey Thompson, Austin; sisters, Mrs. J. C. Cobb, Fort Worth, and Mrs. Betty Jones, White Deer.  
Funeral services will be conducted at 2:30 p.m. Monday at the White Deer Methodist Church with the Rev. I. T. Huckabee officiating. Interment will be in direction of Duemel-Carmichael White Deer Cemetery under the White Deer Home. Pallbearers will be F. C. Edborough, J. C. Freeman, K. E. Guyer, J. C. Jackson, Porter Holmes and R. R. Fleming.

### Wichita Falls Show Nets Record Prices

WICHITA FALLS — (AP) — Record high prices were paid for the grand champion and reserve grand champion steers at the 1950 FFA and FFA calf show here. The City National Bank paid \$2.10 per pound for the 1,080-pound grand champion, Kirk, entered by Marvin Tyson, Bellevue, and bred by Kirk Edwards. Last year's high was \$2.05. The reserve grand champion, Oscar's Return, entry of ten-year-old Jimmy Couch of Seymour, sold to the First National Bank at \$1.06 a pound.

### Senate Keeps Price Support On Potatoes

WASHINGTON — (AP) — Most potato growers can count on continued government price supports on this year's crop, despite efforts to halt them in a move to prevent future surpluses.  
A combination of 28 Republicans and 15 Democrats' beat down a proposal of Senate Leader Lucas (D-Ill.) to remove potato price props until Congress and growers agreed to rigid planting and marketing controls.  
Instead, the Senate approved 43 to 35 a plan which its author, Senator Aiken (R-Vt.), said would "continue potato price supports in almost all commercial areas unless growers reject marketing agreements and orders."  
Lucas had threatened earlier to keep senators in session far into the night to complete action on the potato price props as well as a cotton acreage measure to which it was attached.  
But after defeat of his proposal he postponed final action on the farm bill until Monday.  
The Aiken substitute bans potato price supports unless growers are under either marketing agreements and orders, or quotas authorized later by law.  
Aiken conceded that the marketing agreements and orders — which merely limit the size and quantity of potatoes and times they move to market — would be less effective in preventing surpluses than the more rigid controls Lucas asked.  
The U.S. rapid transit industry carried a number of passengers in 1948 equal to about 10 times the population of the earth.

### Cleanliness Means Health, Official Reminds Pampans

Cleanliness is one of the most important requisites in the maintenance of a healthy body, R. M. Mundine, city and county health inspector, reminded food establishment employees yesterday in an interview.  
"For ethical and healthful reasons," he said, "a daily bath should be the routine of everyone. The face, hands and fingernails especially need frequent attention."  
Personal cleanliness of employees in food establishments definitely limits spread of bacteria and is a large factor in the proper sanitary operation of any good establishment," he said.  
"Cleanliness is a definite responsibility of the individual employe," Mundine said. "And through the cooperation of each employe, the health of workers and patrons can be protected."  
Personal appearance reminders he suggested are:  
"Keep hair in order and wear a net. Clean hands and fingernails. Form the 'daily bath' routine. Wear clean and neat uniforms. Use a side towel the way for which it is intended."  
Health reminders suggested: "Get enough sleep in well-venti-

### Fine, Sentence Given In Drunk Driving Case

Alvin J. C. Borden pleaded guilty in county court Saturday morning to a charge of driving while intoxicated and was assessed a fine of \$50 and costs and sentenced to 30 days in jail.  
Borden was arrested at midnight Friday by officers of the Texas Highway Patrol about three miles out on the Amarillo highway.

### Shivers Appoints District Attorney

AUSTIN — (AP) — Gov. Allan Shivers has announced appointment of John P. Dennison of Pecos as district attorney for the 109th Judicial District to replace J. H. Starley of Pecos, who has resigned.  
The appointment was sent to the Senate for confirmation. Also submitted for Senate approval were the following nominations:  
Mrs. O. H. Davenport, Starr County, re-appointed to the board of mansion supervisors until Jan. 1, 1951.  
Miss Dixie Dierenderfer, Co-

lumbus, to the advisory hospital council.  
Dennison, 29, is a graduate of the University of Texas and is now Pecos city attorney. He formerly was Reeves County service officer.  
Counties in the 109th Judicial District are Andrews, Crane, Winkler, Loving, Reeves and Ward.  
**Department Stores' Sales Up 9 Percent**  
DALLAS — (AP) — Department store sales in principal Texas cities for the week ended Feb. 19 were up 9 percent above sales for the similar 1949 week, the Federal Reserve Bank reported.

## SLEEK STREAMLINERS NOT FOR 'BIG WHEELS'

STREAMLINERS—These miniature trains manufactured in Indiana look like the real thing until you see the engineers. They're for fairs, carnivals and circuses.

RENSSELAER, Ind. —(NEA)—The sleek and streamlined trains that roll from the half-acre concrete factory on the outskirts of Rensselaer run on railroads all over the U. S., in Hawaii, South America and Mexico.

But you'll never get very far riding on one of them.

Rensselaer's streamliners are made in the biggest factory of its kind in the world—the Miniature Train and Railroad Co.—and the roads they run on are in parks, circuses, carnivals, and even in department stores during holiday seasons.

The size doesn't keep P. A. Sturtevant, founder of the factory, from being a railroad tycoon. He got that way in 1928 when he built a miniature steam locomotive in which to ride around in his yard.

When the depression came, the former Illinois toolmaker didn't feel right about having \$1500 tied up in a toy in his backyard, so he leased it to a department store. That put him in business.

With a neighbor, he opened his factory and switched from steam

to reproductions of streamlined diesels.

One of his present models is electrically operated; another is entirely portable, and can be loaded on a two-wheel trailer and hauled behind an automobile from carnival to carnival, a method of transportation which would make other railroad magnates blush.

Latest is an exact one-fifth scale reproduction of the General Motors diesel used by big railroads. The two-unit locomotive is more than 20 feet long, is powered by two four-cylinder V-type aircooled motors, and even has airbrakes. Total weight is 3600 pounds, and it will roll as fast as 20 miles an hour.

Youngsters aren't the only passengers. At the Chicago Railroad Fair last year one of Sturtevant's trains hauled 196,280 people—about half of them grownups.

If you're figuring on one of these railroads for your own backyard, however, it's better line up some of the neighbors as stockholders. The cheapest model, which is the portable setup, sells for \$2,985. The twin diesel unit, with six passenger cars, has a \$12,500 price tag.

## 'Stromboli' Gross Tops Cost of Filming

HOLLYWOOD — (AP) — The Ingrid Bergman-Roberto Rossellini movie "Stromboli" grossed more than its cost the first day it was shown, say industry sources.

The film cost about \$900,000 to make. Hollywood trade papers say the 320 theaters which showed it took in \$1,248,000 the first day and estimate the first week's total at about \$2,000,000.

RKO studio spokesmen say there is no way yet to determine net profit.

About 90 percent of its asbestos is imported from Canada by the United States.

## 'Early Texans' Featured in A. and M. Fossil Collection

COLLEGE STATION — Long before the dawn of man, a monstrous animal tread through the marshes of Texas, leaving the imprint of its two huge feet in the soft mud.

The tracks soon were filled, probably with more mud. Mineralized water in the mud in which the prints were formed turned it to stone. Through the ages, rock deposits formed on top of the tracks, then were eroded away again.

Some 135,000,000 years later, man, in his probing of the past, found the tracks of the pre-historic dinosaur in rock. Such a relic of the Cretaceous Age, found near Glen Rose, now is a part of the Dr. Mark Francis' collection of vertebrate fossils in the museum at Texas A&M College.

The collection tells the story of animal life in Texas and other sections of the North American Continent, from the dinosaur — the largest land animal that ever lived — to the advent of the Recent Age.

It includes fossils of a Miocene rhinoceros, extinct for some 12,000,000 years, found in the Fleming deposits near Navasota, and fragmentary remains of a Pleistocene horse that was hardly larger than a dog. Time of the Pleistocene Age has been placed at about 1,000,000 years ago.

Also included is the skull and tusks of a four-tusked ancestor of mastodons and elephants. From the upper Miocene, the huge fossil was found near Cold Springs, in San Jacinto County.

Relics of the Pliocene and Pleistocene are heads from the mastodon, or mammoth, which lived

## Benefits Cited By T&P Line

DALLAS — (AP) — An official for the Texas & Pacific Railroad said four T & P railroad brotherhoods are getting \$1,500,000 worth of benefits a year in exchange for a time limit rule they want revoked.

B. C. James, T & P director of personnel, said the benefits were in wage increases and "many other concessions."

He said the time limit rule, limiting the period of time the brotherhoods have for filing and disposing of grievances, was the "only rule of any material benefit" the railroads received in the agreements negotiated in 1947 and 1948.

A special board appointed by the president is probing the dispute between the railroad and the brotherhoods.

## Woman Gets Red Cross Aid But Asks More Elsewhere

"Some people are never satisfied," Mrs. James Clauder, Red Cross executive, said yesterday after she received complaints on a family.

A local family appears to be "out for all it can get," Mrs. Clauder said. The Red Cross has been giving the mother of the family grocery checks for several weeks since her husband has been in the hospital.

The two children in the family have been neglected and underfed, she said. Investigation showed the woman had been spending the grocery money on cartons of cigarettes and on occasional can of milk for the children. So the grocery checks were discontinued.

around spreading the untrue tale that 'the Red Cross won't even help us,' " Mrs. Clauder continued.

Various churches and charity organizations, after listening to her story, also have presented her with cash and grocery checks, Mrs. Clauder said.

## Solons Set Study of Hoof-Mouth Program

WASHINGTON — (AP) — A five-man Senate agriculture subcommittee headed by Senator Thyng (R-Minn.) is scheduled to leave Sunday by plane for Mexico to study the program for control of hoof and mouth disease.

# Palaver de Pampa

**CLIMAXING BROTHERHOOD WEEK** which began last Sunday with National Prayer Day on Friday ... A group met at the First Christian Church for observance ... These prayer periods should be held every day by everyone ... How does the quote go? ... more things are wrought by prayer than this world dreams ...

**THE MOST DELIGHTFUL** glimpses I had all week were those lovely flowers in the picture window at the R. C. Wilsons ... And that looked like roses on Mrs. L. K. Stout's dining room table. Flowers make a home.

**FINALLY FOUND OUT** who lives in that house tucked away at 114 N. Houston ... It's the Ernest Hood home and I don't know Mrs. Hood, but she must be very artistic. The aqua colored door first caught my eye and next the living room wall paper ... it's very colorful and dramatic. She has drapes throughout ... the newest homes are void of shades or blinds ... heavy draperies do the job.

**GOOD IDEA**—A local citizen has suggested a teaching and discussion period be held once a week at some convenient location on the subject of our U. S. Constitution ... this woman says a local group of natives, as well as war-brides, would like to take part ... Who would like to conduct such a course? ... Come forward.

**VERY SOON** now the Court House Cafeteria and Owens Restaurant will be completed and we will have two more choices for those nights away from the kitchen range. I for one am disappointed that more of us didn't fancy the Smorgasbord at the Schneider ... they say they had trouble getting folks to go back to the table for those "seconds." Surely this wasn't the complaint when Peg, Inc. showed up there ... we took Sweden straight to the heart ... stomach that is!

**GUESS THIS GUY:** He's about the happiest guy in town, 'cause he's not outnumbered any more. He laughs a lot, will seldom frown, and his family's no longer four. Engagements and birthdays bring business to him, and with each purchase you get a smile. The rose of his life is truly a gem, and knowing them is certainly worthwhile!

**BASKETBALL FANS** got their fill last week at the independent tourney ... Spectators there one night or another were Dick Hendricks and his kiddoes, Bob Allford, Henry Glad-to-be-back-from-Canada Ellis, Rev. West and part of his family, and Mr. Davis (Derrel's dad).

**"IT'S JUST THE BEGINNING,"** Lillian McNutt says. Now that they have the outside of their house finished, they plan to do some extensive remodeling inside. She is really clever at giving her home those added "touches" that count. And if you haven't been to one of her garden parties you don't know what you've missed ... and it's getting about time to start stringing up those Chinese lanterns for outdoor entertaining, Lillian.

**I'M SINGING** yet the tunes from "Jolson Sings Again" ... Fine entertainment ... Saw Mr. and Mrs. L. R. Gise enjoying the picture, too. From behind the scenes I hear we've got a treat in store for us ... the Lion's Minstrel ... there should be some good musical numbers in this show. Maybe we've got an Al Johnson right here among us!

**PANORAMICALLY:** Hear Mrs. C. F. Hoggett slipped and fell the other day while on a shopping sojourn in Amarillo ... Part of the concrete curbing part company with the other half and Mrs. Hoggett happened to be standing on the spot ... Pampa hates to lose Mr. and Mrs. Pitta Crudington ... ditto the Ted Birchfields ... also understand that Lee and Dot Cisneros are Boston bound ... Saw Mrs. H. E. Johnson shopping the other morning with her daughter and little grandson who are visiting here ... Little Mike Fortin is growing real fast ... his Daddy, Joe, should be making plans to leave for spring baseball training soon ... How were the ski slopes last weekend, Curt Billings? ... George Cree, Jr., is really proud of those twins of theirs ... Let's see, aren't they around five or six months old now? ... Saw Mrs. V. L. Boyles all dressed up early one morning last week ... She's a sweet person ... Tell me, is "Skeet" her real name or a nickname? ... I've heard it's the one she got at the christening and so there must be a story behind it ... The Roy McKernan home is a favorite of mine ... I haven't visited there in some time, but I suppose the den is just as lived-in as ever ... She's an antique lover, too ... We had to "dodge Dodges" while passing the Doc Pursleys the other night ... They're a family that visit and pass many delightful evenings together ... Seen at "Oklahoma," Thursday night performance at Amarillo: Mesdames Clifford Bixler, Floyd Crow, Don Egerton, J. L. Swindle, Sidney Glendinning, and Allen Hoover ... Anne Moseley, Sophomore at Oklahoma U., was chosen Dear Valentine, and sat in the cut-out center of a huge Valentine—in a store window at Norman ... Said she: "I sure did feel silly sitting in that window with everybody walking by and staring—just like a goldfish in a bowl ..."

**HIGHLIGHTS OF THE WEEK:** There's nothing that makes a room more lovely than correct lighting. Time was when elaborate chandeliers hung from room ceilings, but now the trend is toward concealed lighting. Not too many Pampa homes have this ultra-modern feature, but many have dispensed with overhead light fixtures and are concentrating on lamps. Mrs. R. L. Edmondson set off her living room with a white base lamp with a twisted shade trimmed in deep, deep red ... Mrs. Crawford Atkinson has a gray lamp in the picture window of her new home ... it's also trimmed in red ... and that is a lovely lamp in the home of the Dr. J. H. Kelleys ... looks like it has a soft pink shade.

**WE'RE HEADING FEET-FIRST** into spring ... The National Shoe Fair was just held in Chicago and from advance notices there's going to be some delicious colors on the market—"butter yellow" for one, but the color will be geranium. I saw Mrs. Leon Crump in cute "knockabout boots" ... they're gray and very smart. Mrs. Lloyd Gooch's secretarial job keeps her on her toes so she wears platform pumps often ... Mrs. F. Ursanalla is another white-collar girl who likes platform shoes ... she has a black pair that I like. "Wedgies" are good again this year ... saw Floy Heath wearing her gray ones the other day ... Incidentally, Floy has a cute print in "that" yellow—it matches her sunny disposition.

**DOG'S LIFE:** The most "walked-about" dog in town is the one belonging to Mr. (Leslie) and Mrs. (Charles) Hart ... they give their canine more attention than I give my whole family ... well, almost. Somebody tell me, who owns "Joseph" ... he's practically an institution up near High School ... and a more gentle dog I've never seen ... even if he is the size of a grizzly bear!

**THINGS WERE** quiet in the neighborhood Thursday night ... but I hear that Miles and Sibyl Weston were entertaining that night ... it looked like the Frank Culbertsons had company, too ... Then there was an interesting table of bridge (or was it canasta) at the J. Wade Duncons, I'm told.

Lord & Taylor's spring display window in New York featured hats trimmed with everything from fruits and vegetables to breakfast cereal. Those vegetable-laden hats will save a lot of time in my hurried preparation of Sunday dinner ... I can toss the salad on my hat, go to church and then come home and dump my hat trim right in the salad bowl ... add the dressing and it's ready in a jiffy ... (Hats off to anybody who tries this.)

As ever,  
Peg o' Pampa.

## Dr. Beazley Baptist Banquet Speaker

Dr. William O. Beazley of Hardin-Simmons University, Abilene, will speak at the young people's banquet to be held at the Pampa First Baptist Church, March 2.

Accompanying Beazley will be the Hardin-Simmons male quartet to sing for the banquet.

Dr. Beazley is assistant to the president at Hardin-Simmons. In addition to his duties as assistant to the president, Beazley serves as field representative for the school. He makes personal visits to Baptist churches in the West Texas area. He also interviews prospective students for the university. Prior to his recent appointment as assistant to the president, Dr. Beazley served as associate professor of religious education and speech and still retains these teaching duties.

The H-SU male quartet is a group with much musical experience. A travel-minded crew, the quartet covered more than 4,000 miles during the past semester. This included trips to Santa Fe, N. M.; Wichita Falls, Texas General Baptist Training Union

(See DR. BEAZLEY, Page 12)

## What's Cookin' In Gray County HD Club Work

By MARY ANNE DUKE  
MASTER MIX - 4-H Club girls all over Gray County are learning to make Master Mix and quick breads from the Master Mix.

**INGREDIENTS** for making the Master Mix are as follows:  
For 13 cups of Master Mix  
9 cups sifted all-purpose flour or 10 cups sifted soft wheat or cake flour, 1.5 cup double-acting baking powder,  
1 tablespoon salt  
2 teaspoons cream of tartar  
1-4 cup sugar

1-1/2 to 2 cups shortening which does not require refrigeration.  
Stir baking power, salt, cream of tartar and sugar into flour. Sift together three times into a large mixing bowl. Cut in shortening until Mix is consistency of cornmeal. Store in covered containers at room temperature or put in refrigerator. To measure the Master Mix, pile it lightly into cup and level off with a spatula.

**MUFFINS:** To make muffins (12 medium) use the following:  
3 cups Master Mix  
2 tablespoons sugar  
1 egg  
1 cup Milk  
Add sugar to the Mix. Combine milk and beaten egg. Add to the Mix. Stir until flour is just moistened (about 15 strokes). Bake in greased muffin pans in hot oven (425 degrees) about 20 minutes.

To make muffins for 2 (6 small) from the Master Mix use the following:  
1 cup Master Mix  
1 tablespoon sugar  
1-2 cup of milk  
1-2 or 1 yolk of egg  
Follow direction given above for muffins.

**DONUT MUFFINS:** To make donut muffins from the Master Mix use the following:  
2 cups Master Mix  
2 tablespoons sugar  
1-3 cup milk  
1 egg

Four sugar into the Mix. Combine milk and egg. Stir into the Mix until well blended. Bake in small, well greased muffin tins in a hot oven (400 degrees) 20 minutes. Dip one at a time into melted butter. Remove quickly and shake in a sack containing the sugar and cinnamon. Serve hot. (This makes about 18 small donuts.)

**Coating for donut muffins:**  
1-2 cup butter (melted)  
1-2 cup sugar  
1 teaspoon cinnamon

**BISCUITS:** To make biscuits from the Master Mix use the following (makes about 18):  
3 cups of Master Mix  
2 1/2 cup of milk  
Add milk to the Mix all at once, stirring not more than 25 strokes. Knead not more than 15 strokes on lightly floured board. Roll 1/2 inch thick. Cut Bake baking sheet in a hot oven (450 degrees) 10 minutes.

To make biscuits for 2 (about 6 two-inch biscuits) use the following:  
1 cup of Master Mix  
3/4 cup of milk  
Follow the directions given above for biscuits.

## Allegro Plans Work for Year

Members of the Twentieth Century Allegro met in the home of Mrs. Robert Karr, 2110 North Somerville, to plan the study course for the coming year. Hostesses were Mrs. Karr and Mrs. R. E. Reid.

Mrs. Robert Sims headed the planning committee, and was assisted by Mrs. R. L. Edmondson.

New members present were Mrs. Clifford Braly, Mrs. Jerry Thomas and Mrs. Bill Walters.

Other members present were Miss Jean Chisholm, Mrs. Robert Duket, Mrs. Robert L. Edmondson, Mrs. James O. Evans, Mrs. John Frisby, Mrs. J. W. Garman, III, Mrs. John Garman, Mrs. Charles Hickman, Jr., Mrs. Robert Karr, Mrs. James Leverich, Mrs. Raymond Reid, Mrs. Tom Rose, Jr., Mrs. Carl Shimek, Mrs. Robert Sims and Mrs. G. M. Walls.

## Reception for Miss Beth Bailey, Mr. Bowman Tuesday

Miss Beth Bailey and Marvin Bowman will be honored at a reception and shower Tuesday evening in the home of Mrs. Loyd Davies, 1325 Garland. Hostesses will be Misses Betty Tom Riddle, Evelyn Milam, and Misses Kenneth Lankford, and R. G. West.

The Bailey-Bowman wedding will be an event of the Easter holidays. Both Miss Bailey and Mr. Bowman are physical education teachers at Pampa Junior High.

## Crusaders Class Has Social Meeting

A party was given in the home of Mrs. Clarence Coffin, 608 North Nelson, for the Crusaders Class of the First Methodist Church.

Games furnished entertainment and refreshments were served.

Mrs. Dorothy Cox conducted a business meeting and resigned as president. Mrs. A. D. Pruet was elected to finish the year as president.

Attending were Mrs. Leon Cook, Mrs. Cleo Hoyer, Mrs. Harry Hoyer, Jr., Mrs. Dorothy Cox, Mrs. H. H. Boynton, Mrs. A. D. Pruet, Mrs. A. L. Smiley, Mrs. D. C. Dodson, Mrs. A. E. Marlow, and one guest, Mrs. J. C. Payne.

## John Urbanczyks of White Deer Observe 45th Wedding Anniversary; Entertain Friends at Dinner-Dance

Mr. and Mrs. John Urbanczyk of White Deer celebrated their 45th wedding anniversary, Monday evening with a dinner and dance at the Sacred Heart Parish Hall.

The principal dining table was laid with a lace tablecloth, and centered with a three-tier cake flanked by red and white tapers and flowers. The honorees and their children and sons- and daughters-in-law ate at that table. Another lace-covered table was prepared for the 12 grandchildren of Mr. and Mrs. Urbanczyk. It was centered with yellow roses, a gift to the honorees.

Immediately after the dinner, Mr. and Mrs. Urbanczyk opened the many gifts, which included a complete service for 12 of sterling silver, a gift from the children.

Mr. and Mrs. Urbanczyk were married on February 21, 1905 in Pampa, Texas. In 1910 the pioneering urge struck them and with their two children they set out for the Texas Panhandle, settling on a farm five miles north of White Deer, where they are still living. At that time there wasn't a tree or house in eight miles, since they were in the middle of a big ranch. Four more children were born to them, all of which are living.

Children present were Mr. and Mrs. George Dillman, Mr. and Mrs. Emil Urbanczyk from Pampa and Mr. and Mrs. Henry Urbanczyk, Fred Urbanczyk and Wilfred Urbanczyk from White Deer.

Others present were Mr. and Mrs. David Collins, Mr. and Mrs. Henry Duesteraus, Mr. and Mrs. Bruce Head, Mr. and Mrs. Bob Smith, Mr. and Mrs. Dick Sullivan, Mr. and Mrs. George Bunch, Mr. and Mrs. Irl Smith, Mr. and Mrs. John Kotara, Mr. and Mrs. Steve Duesteraus, and Miss Colleen Gray of Pampa.

Mr. and Mrs. Howard Bedding-

## Lions Club to Present 'Talk of Town' in March

The cast of "Talk of the Town," 19th annual Lions Club minstrel, is growing both in size and ability at each rehearsal.

Director Vernon McCracken said the musical-minstrel is well underway. Try-outs were held Monday night in the Palm Room to select part of the program for the production. Rehearsals have been held daily since.

Local High School girls have taken over the parts of the "chorus girls," and the Lions are handling the skits and the musical part of the show. The overall cast will include more than 125 people, all Pampans.

The first act, musical portion of the show, will feature the High School students. The second act, Lions traditional minstrel, will contain such old favorites as "The Minstrel," "Come Along With Me," "The Show Boat," "Watermelon Man," and "The Whiffenpoop Song." "Summertime," and "Albany Bound."

Interspersed with the musical numbers will be the antics of the end men as they endeavor to amuse Mr. Interlocutor with their old, but ever funny gags.

"As yet none of the end men have been selected," McCracken said, "but these key posts will be filled within the week."

## Faithful Workers Use Washington Motif for Coffee

A George Washington motif was carried out in the table decorations at the coffee given by the First Baptist Faithful Workers Class, in the home of Mrs. Louis Tarpley.

Mrs. C. A. Scott gave the invocation. Following a game of bridge, refreshments were served. The devotionals were given by Mrs. R. W. Tucker and Mrs. J. H. Hampton, class president.

Mrs. O. W. Hampton, class president, was in charge of the short business-session. A report on class members who are ill was given, and a prayer by Mrs. Hampton concluded the meeting.

Those registering were Mrs. A. Minor Langford, Mrs. H. W. Kiser, Mrs. E. E. Copeland, Mrs. T. J. Owen, Mrs. Val Mathes, Mrs. M. L. Epps, Mrs. J. N. Tate, Mrs. J. H. Tucker, Mrs. Spencer Matlock and Mrs. O. B. Schiffman.

Mrs. J. A. Hopkins, Mrs. Louis Tarpley, Mrs. Claude Wilson, Mrs. C. A. Scott, Mrs. O. W. Hampton, Mrs. H. M. Stokes, Mrs. S. E. Waters, Mrs. R. W. Tucker, Mrs. C. E. McMin, Mrs. W. H. Lewis and Mrs. Homer Doggett.

## Mrs. J. B. McCrery Presents Program For Sigma Phi

Mrs. J. B. McCrery, who spent several months in England recently, showed slides of various things she saw there, at a meeting of Sigma Phi Sorority in the City Club Room Monday.

Included in the slides were Buckingham Palace, the changing of the guard, St. Paul's Cathedral and Notre Dame Cathedral. In Wales Mr. and Mrs. McCrery visited the Conway Castle and also took many pictures in Paris. Included in the Paris slides were the Eiffel Tower, Arch de l'Etoile and the Louvre Museum. After showing the slides, Mrs. McCrery concluded the program by discussing the present living conditions in England and by answering questions for the group. Mrs. Jack Nimmo and Mrs. Roy McKee were in charge of the program.

Mrs. Stanley Chittenden, president, was in charge of the business session. There was further discussion on a donation to the Heart Association. Plans were made for each member to take at least two guests on March 20 to go as a group to the Blackburn-Shaw-Sims Funeral Home. Afterward, the members and their guests will attend the sorority's regular meeting. Mrs. Jim Poole is in charge of the program. A book review will be given.

Those attending the meeting were Mrs. Bud Amery, Mrs. Jack Andrews, Mrs. Stanley Chittenden, Mrs. Price Doster, Mrs. R. L. Edmondson, Mrs. James Evans, Mrs. Frank Fata, Mrs. Joe Fischer, Mrs. Creel Grady, Mrs. J. W. Graham, Mrs. Lenora Hall, Mrs. Clifton Kelly, Mrs. Travis Lively, Mrs. Roy McKee, Mrs. Fred Myers, Mrs. Jack Nimmo, Mrs. John Plaster, Mrs. Jim Poole, Mrs. Traylor Price, Mrs. Bob Quirk, Mrs. Martin Stubbe, and Misses Nancy Sullivan, Joyce Wanner, Virginia Vaughn, Patricia Fitzmaurice and Juanita Cox.

## Tucker-Robertson Ceremony Read In Masters Home

WHITE DEER - (Special) - Miss Barbara Tucker, daughter of Mr. and Mrs. F. O. Tucker, of White Deer, was married to Lowell Robertson, son of Mr. and Mrs. S. W. Robertson of Spearman, on Feb. 3, in Spearman.

Bill Masters, minister of the Christian Church, performed the ceremony in his home. Attending were Mr. and Mrs. Litch Sparks, Jr., and Mr. Robert Robertson. Mr. Robertson's brother and sister of the bridegroom.

Mrs. Robertson was honored with a post-nuptial shower, Wednesday afternoon in the Sunbeam Hall, with Mrs. Hoyt Taylor, Mrs. Jim Powers, and Miss Mary Lou Skaggs as hostesses.

The refreshment table was decorated with an arrangement of red carnations, pierced by a large white heart, centered with a red arrow. Heart-shaped cakes, iced in red with "Barbara and Lowell" written in white, mints, and punch were served.

Mrs. Powers registered the following guests: Misses F. O. Tucker, S. W. Robertson, Porter Holmes, Dalton Ford, H. T. Dickens, Bill Aaron, and E. P. Small and Leonard Olson of Panhandle; Misses Gertrude Golladay, Carolyn Evans, Betty Jane Powers, and Claudia Everly.

## Skellytown Lodge Has Family Party

SKELLYTOWN - (Special) - The Rebekah Lodge held a "get-together" for the Odd Fellows and Rebekahs and their families Monday night in the IOOF Hall.

Each guest played bingo until each had paid in at least one dollar. The money cleared will be used to buy new robes for an association meeting in March to be held at Pampa.

## Lefors Methodist WSCS Has Meeting

LEFORS - (Special) - The WES of the Methodist Church met at the church at 9 a. m. Wednesday for a breakfast, which took the place of their monthly luncheon. Hostesses were Meses. Gordon Stafford, N. C. Cotten, and R. H. Campbell.

The program was taken from Chapter 1 in the study book, "Women of the Scripture," Mrs. Arlie Carpenter was program leader, with Mrs. W. C. Breining and Mrs. Lawson Shaw assisting.

In the business meeting, it was decided to have a bake sale tomorrow morning at 10 o'clock in a local grocery store.

Others present were Meses M. F. Tibbets, R. L. Jordan, W. R. Combs, Wayne Koscheki, B. D. Vaughn, N. C. Jordan, L. R. Spence, Lyman Upham, Madge Page, Dan Johnson, Cleve Johnson, and Bernard Johnson.

# The Pampa Daily News Women's Activities

PAMPA NEWS, SUNDAY FEBRUARY 26, 1950 PAGE 11

JENNIFER HAYES, small daughter of Mr. and Mrs. Stanley Hayes of Ulysses, Kans., is huffing and puffing in an effort to blow out the candles on her birthday cake as she and a few of her Ulysses friends celebrate her second birthday. Jennifer is the 15th grandchild of Mr. and Mrs. J. W. Johnson, 432 North Ballard, Pampa.

## Home Demonstration Clubs Study 'Short Cuts in Sewing' at Meetings

"Short Cuts in Sewing" was the topic of an all-day meeting of the Merten Home Demonstration Club, Tuesday morning, Mrs. A. M. Nash of the Gulf-Saunders Camp was hostess.

The use of sewing machine attachments was also studied by the group. Mrs. D. A. Rife, vice president, conducted a short business meeting.

At noon, members spread a "paper sack lunch" together and the hostess served dessert, coffee and tea.

Mrs. H. H. Threatt, speaking on the meeting topic, advised the members to watch their sewing attitude. She told them never to say "Oh, that is good enough for a cheap cotton dress." She said that with proper fitting and careful stitching a good garment can be made from inexpensive material. She explained and demonstrated "stay stitching," dressmaking carbon, the tracing wheel for marking darts, markers, seam guides on the machine, and the proper type of dressmaking shears to purchase.

## 'Peace of Soul' Reviewed for Parish Council

Mrs. J. B. Howard reviewed the book "Peace of Soul" by the Rev. Fulton J. Sheen, at a meeting of the Parish Council of Holy Souls Church, when the members entertained their husbands and guests in Parish Hall recently.

"Throughout the review Mrs. Howard emphasized the general theme of the book—that there can be no peace in man's soul. She said that one of the reasons for the interest and popularity of the book is the fact that it is written about man as he actually is, as in contrast to the apologetic literature written on man as he should be.

One striking comparison made in the book, the reviewer said, is that of the present world economic disorder to the world as a whole, as compared to a spiritual disorder of an individual.

Following the program, members introduced their guests and coffee and cookies were served. Hostesses were Mrs. S. W. Kretzmeier, Mrs. John Garman and Mrs. Gerald Williams.

## A. B. Lancaster Home In Mobeetie Is Scene of Reunion

The A. B. Lancaster home in Mobeetie was scene of a reunion birthday dinner recently when the four remaining children gathered, and the youngest, Mrs. Ruth Fagin of Spur, was celebrating her birthday.

Those attending were Mr. and Mrs. Claude Fagin, Spur; Mr. and Mrs. J. A. Lancaster and son, Junior, Wellington; Mr. and Mrs. Jack Lancaster and Glenda, Wellington; Mr. and Mrs. R. E. Zeel and children, and Mrs. Bob Childers and Sandra, all of Pampa; Mr. and Mrs. Clyde Lancaster, Amarillo; Mr. and Mrs. Early Willard and Mrs. Maggie Roper, Wheeler; Jake Commander, Spur; Mr. and Mrs. Charlie Roper; Mr. and Mrs. Herman Roper; Curtis Lancaster and child Fred; Vernon Willard, Augusta Colman and Mrs. Dora Viel, all of Mobeetie.

## Miss Martha Cox Becomes Bride of Eugene Bob Hinchey

SHAMROCK - (Special) - Miss Martha Cox, daughter of Mrs. Helen Lea Cox of this city became the bride of Eugene Bob Hinchey of Erick, Okla. on Feb. 20.

Nuptial vows were exchanged at the parsonage of the First Baptist Church in Pampa, N. M., with the pastor, the Rev. A. L. Doyle, officiating.

The bride was attired in a tailored suit of green wool and wore black accessories. She is a student in Shamrock High School.

The bridegroom attended school in Erick before entering military service. At present he is at home on furlough from a Kansas base, where he is stationed.

## Birthday Party for Lyndon Ray Reed

Lyndon Ray Reed, 1-year-old son of Mr. and Mrs. Lyndon Reed, 418 North West, was honored with a party on his first birthday.

The guests played with toys and refreshments of ice cream and cake were served. Decorations were in the Valentine theme and Valentines and paper hats were given as favors.

Guests were Mike Reed, Edwin East, Steven Cible, Howard Weaver, Sami Sue Cook and Marcia McDonald.

Kirbie, Mrs. Erdine Dyer, Mrs. F. L. Bullard, Mrs. E. R. Langham, Mrs. Jim Triplehorn, Mrs. V. G. Frasier, Mrs. H. B. Taylor, Jr., Mrs. S. W. Rockwell, Mrs. Mark Fahle, Mrs. Ray Webster and Mrs. A. Z. Griffin, class teacher.

## Beta Gamma Kappas Hear Laycock Tell Of School Plans

Huelyn Laycock spoke to the Beta Gamma Kappa Club on "Our Schools and the Gilmer-Alkin Bill" at the regular social in the City Club Room Wednesday.

Mr. Laycock explained the process of the Legislature that led to the Gilmer-Alkin law, which, he said, is so important to the future of education and the improvement of the school system.

The refreshment table was covered with a royal blue cloth, with red and white streamers. The United States flag formed a background for a silhouette of George Washington, in front of which was a row of smaller flags. Tall red candles and miniature cherry trees completed the decoration.

Individual cherry pies and coffee were served by the hostesses, Mrs. N. L. Nichol, Mrs. Bus Benton and Mrs. Byron Hilburn.

The next meeting will be a business session on March 8.

## Mmes. Gordon, Evans Present Program for Education Group

Mrs. R. F. Gordon and Mrs. Ray Evans presented the program on the topic "Show Them a Good Time" at the meeting of the Parent Education Club Tuesday in the home of Mrs. Russell Holloway, 1234 Mary Ellen, Mrs. Holloway, the president, also presided over the meeting.

Roll call for the afternoon was answered by "Children's Wit." Plans were made to entertain the husbands of members with a dinner on Tuesday, Feb. 28.

Mrs. Gordon showed several dolls and different kinds of doll's clothing. Mrs. Julian Key was nursery hostess.

Refreshments were served to the following members: Mrs. Albert Reynolds, Mrs. Rex Rose, Mrs. R. F. Gordon, Mrs. Russell Holloway, Mrs. Ray Evans, Mrs. E. E. Sheilhamer, Mrs. Farris Oden, Mrs. Dudley Steele, Mrs. Bob Curry, Mrs. Charles Cook, Mrs. Ed Williams, Mrs. John Hines, Mrs. Frank Kelley, Mrs. John Ketter, Mrs. Joe Tooley, Mrs. Joe Key, and Mrs. Gene Fatheree.

Local government revenues from alcoholic beverages have increased the past three years while state and federal incomes have fallen.

## Committees Named For Penhandlers Club of Shamrock

**SHAMROCK** — (Special) — The Penhandlers Club held a recent meeting in Wheeler at the home of Mrs. Millie Jones Porter. Mrs. John B. Harvey presided over the business session. Mrs. Margie Fleener was leader of the program on "Ballads."

"A Good Example of a Ballad" was read by Mrs. Allen I. Smith. Mrs. John B. Harvey and Mrs. Henderson Coffman read original ballads.

Mrs. T. E. Trostle, who will be the incoming president, appointed committees for 1950-1951 as follows: Mmes. George Stanley, G. H. Aldous, Allen Smith and Margie Fleener, program; Mettie Brown and A. R. Hugg, finance; John B. Harvey, J. M. Porter and A. R. Hugg, scrap books; George Stanley and Henderson Coffman, membership;

to the following members: Mmes. Henderson Coffman, John B. Harvey, A. R. Hugg, Allen I. Smith, G. H. Aldous, Margie Fleener, T. E. Trostle and George Stanley.

## Woodrow Wilson Study Club Meets

The Woodrow Wilson Study Club met Thursday evening with Mrs. E. A. McLennan, 1034 E. Browning.

Mrs. C. L. Dittmore presided and introduced the guest speaker, Mrs. Frank Kelley, who spoke on "Sex Education for Children."

Refreshments were served to the following members and guests: Mrs. Frank Kelly, Miss Aline Weathered, Mrs. E. H. Ousley, Jr., Mrs. Dale Finson, Mrs. S. M. Goodlet, Mrs. F. E. Hoffman, Mrs. I. T. Goodnight, Mrs. John Sexton, Mrs. Perry Franklin, Mrs. Fred Sloan, Jr., Mrs. Veri Hagaman, Mrs. Six Owens and Mrs. C. L. Dittmore.

The next meeting will be with Mrs. Perry Franklin, 613 N. Magnolia.

## DR. BEASLEY

(Continued From Page 11)  
Convention in El Paso, and the Texas Baptist Student Union Convention in Dallas. It is estimated that they traveled at least 5,000 miles last year.

On these trips, and in local engagements as well, the boys present varied types of programs, singing in high schools, churches, at luncheons and banquets. Drawing from a repertoire of 15 to 20 sacred songs and about 10 secular numbers, they are equipped to handle any kind of program.

Dr. Beasley completed his doctorate at Southwestern Seminary last year. He received his Bachelor of Arts from Bridgewater College in Virginia and a Master of Religious Education from Southwestern.

Dr. Beasley is a native of Singer Glen, Va. Following his graduation in 1937, he accepted a coaching position at a consolidated high school in Rockingham County, Va. He served there almost two years. He is 33, married, and the father of two daughters, 6 and 5.

# Texas Solons Seek to Relieve Shortage of Hospital Facilities for Veterans in State

WASHINGTON — (AP) — Texas congressmen have taken steps designed to relieve the veterans hospital shortage in their state.

Rep. Regan, Democrat, has introduced a bill to establish a 600-bed neuropsychiatric hospital in the El Paso area at Yalata, on land already owned by the Veterans Administration.

Meanwhile, a top defense department official said a study is now under way to determine whether the William Beaumont Army General Hospital at El Paso will be able to care for veterans after June 30.

The department recently announced the number of available beds at the El Paso hospital will be reduced from 750 to 500 on that date, necessitating elimination or drastic reduction in the 150 beds now allocated to the VA.

The measure backed by Regan would limit cost of a hospital to \$7,500,000 — or \$15,000 per bed.

Texas Senators Connally and Lyndon B. Johnson and Reps. Lyle, Bentsen and Worley, all Democrats, also have been in contact with defense and VA officials urging that something be done to provide adequate hospital facilities for ex-servicemen in their state.

Lyle has introduced a bill authorizing the VA to take over and operate all the surplus beds it needs at the Corpus Christi hospital after the Navy effects its announced reduction.

Although a VA spokesman said the agency has been told it must have all veterans out of William Beaumont by June 30, prospects that some beds still will be available for them was held out by Dr. Richard L. Meiling, director of the office of medical services in the defense department.

"We don't yet know what the requirements of the armed services will be next fiscal year at William Beaumont Hospital," Dr. Meiling said when questioned by a reporter.

"As soon as we know how many beds we have left out of the 500, if any, we can discuss the situation with the VA. We'll try to meet some of their needs."

He then estimated that there "may be 50 or more beds we can

## Firemen Sponsor First Aid Class For Shamrock

SHAMROCK—(Special)—A Red Cross first aid class has been started here under the sponsorship of the Shamrock Volunteer Fire Department and all men who are interested are invited to enroll in the class.

The school is being taught by Jack Taylor, an authorized Red Cross instructor, and classes are being held in the fire hall each Monday evening at 7:30 o'clock.

The first two-hour session was held Monday night this week, the period being devoted mainly to general discussion and assignment. The school will continue for nine more weeks, making a 20-hour course.

Persons who wish to enroll in the school may obtain a book from Red Cross Chairman A. Fry at Fry Drug. Price of the book is 65 cents. There is no charge for instruction.

## Students Escape Gas Poisoning

BONHAM — (AP) — Seventy-five students in the North Fannin County rural high school may have narrowly escaped death from carbon monoxide Thursday.

Supt. Everett Parker said carbon monoxide fumes apparently were blown by high winds into the school bus carrying the students. They became ill and 26 were rushed to Bonham Hospital for emergency treatment. They were released shortly afterward.

The students were riding the bus to school from the Elwood, Tulip and Duplex communities.

## Actress To Marry Self-Exiled Actor

HOLLYWOOD — (AP) — Audrey Peters, 20, dance instructor, says she will leave for Haiti soon to marry Garry Davis, 28, ex-actor who gave up his citizenship to emphasize his personal campaign for a world government.

The two have never met but have been corresponding for some time. Davis currently is in Paris but will go to Haiti.

# City Council Field Grows In Shamrock

SHAMROCK — (Special) — George C. Davis, Shamrock rancher, this week became the third candidate for a position on the city council. Three vacancies are to be filled in the city election, Tuesday, April 4.

Norman Patrick has filed for re-election to a second term on the five-man group. G. L. Harrison, owner and manager of the 20-Trees Court, is the other candidate.

Royce Lewis and Gerald Mayfield, present aldermen, have not filed for re-election.

Wallace Fields and Jack Martin are hold-over members of the

# Pre-Campaign Shyness Hits Candidates for Governor

By WILLIAM C. BARNARD  
Associated Press Staff

This is the season of pre-campaign shyness for Texas candidates.

Being shy at this time is normal and legitimate and nearly all office-seekers consider it a good practice. An exception is Case March who is an enthusiastic candidate 365 days a year. On leap years, 366.

Consider the case of Olin Culberson, Texas railroad commissioner. It's hardly a secret he intends to run for governor. His friends say he'll be in the race against Gov. Allan Shivers, March, W. Lee O'Daniel (still no announcement from him) and others.

Dee Gidbreath is a candidate for the marshal post, furnishing the only opposition in the city election.

The deadline for filing for a city office is Saturday, March 4, 30 days before the election.

Other city candidates who have filed for re-election are: J. Byron Brown, attorney; W. G. Mayfield, judge; Dr. Louis R. Devanney, health officer; Vernon Brown, secretary; and Charlie Bock, marshal.

porters promptly found Culberson at a Laredo hotel.

"Did you mail out letters, Mr. Culberson?"

The commissioner's reply: "I have not announced officially. When I announce everybody will get an even break on the news."

A number of Texas businessmen, Culberson's friends, were called. Nope, no such letter in their mail, they said.

We called another office. The man was out but the secretary was in.

"Sure," she said. "Mr. Blank got a letter like that from Mr. Culberson, but I better not give it to you without his permission."

Finally, we located the man.

"Letter?" said he. "Well, I'll tell you, friend, I don't want any announcements coming out of my office. I have lots of friends. Culberson is my friend. So is

Shivers. I might have other friends, too.

"As for that letter, I'll put it this way. If I had gotten one I wouldn't admit it, and if I would admit it, I wouldn't show it to you unless I got Culberson's permission."

And consider the case of O'Daniel. On Wednesday night, March made a second-handed announcement of O'Daniel's candidacy for governor at Wichita Falls.

How about confirmation from the famed former U. S. senator and governor? No soap. At the O'Daniel home, Mrs. O'Daniel's soft, friendly voice told all callers that her husband had gone for the day, whether she did not know. Pappy is shy, too.

Wonder if Cyclone Davis has a telephone.

New Record Is Set In Jobless Payments

WASHINGTON — (AP) — Unemployment compensation payments hit a new high of \$186,383,000 in January.

A record of 2,078,000 jobless workers applied, reports showed Saturday.

The previous record outlay by state agencies, was \$170,629,000 in August 1949, when 1,952,000 applied.

## Texas Counties Due Share of Shamrock Dimes Drive Fund

SHAMROCK — (Special) — The Shamrock Lions Club has voted to prorate the money which it raised in a recent campaign among chapters of the National Foundation for Infantile Paralysis in the counties where funds were solicited.

The county polio chapters benefiting from the decision will be those in Wheeler, Gray, Hall, Childress and Collingsworth in Texas, and Beckham, Jackson and Harman in Oklahoma.

Prorating the money on the basis of the number of tickets sold on a car in the various counties, Wheeler County will receive \$4,671.22, which will put the local chapter over the top in the 1950 March of Dimes Drive.

Other counties will benefit as follows: Gray, \$300; Hall, \$150; Childress, \$100; Collingsworth, \$100; Beckham, \$150; Jackson, \$75; and Harman, \$75.

Early in the campaign, which was climaxed by the presentation of a new car to the holder of the lucky ticket, the Lions planned to buy iron lungs for the West Texas Polio Clinic at Plainview. The club was advised that this idea wasn't feasible and the latter plan was adopted.

Flake George stated that the contribution from the Lions Club campaign will boost the Wheeler County March of Dimes to \$7,330.96. Funds already raised in the various committees amounted to \$2,709.74. The county's quota was \$6,000.

Contributions by communities were Allison, \$19.88; Kellerville, \$80.14; Kelton, \$125.17; Mobeetie, \$321.83; Pagan, \$10.00; Shamrock, \$1,789.04; and Wheeler \$363.98.

Two vessels, the Tortugas, a Norwegian ship, and the SS. Bruxelles, a Belgian ship, loaded cargoes for export there this week. The new concrete and steel pier was partially opened Dec. 28, but had previously received only one ship.

E. H. Thornton, Sr., general manager of the wharves, said earnings of the wharves paid for construction of the new pier.

### Service Station Group Official Tells of Aims

Dick Hogan, representative of Texas Service Stations Associated, discussed service stations' place in the business world at the first regular meeting of the Gray County Service Station Dealers Association.

He estimated there are 20,000 retail service stations in Texas, supporting approximately 180,000 people. He said most of the towns in the Panhandle have joined the state association.

The Gray County Association, organized earlier this month, will meet at Moose Hall the first and third Wednesday of each month.

"It is the aim of the associations," Hogan said, "to improve service, to further the interest of the customer and dealer, to seek favorable legislation concerned with the service stations and to serve cities and communities whenever possible."

Two new members were added to the association — W. J. Cornwell, Five-Points Service Station, and George Taylor, Auto Mart.

### • Kellerville

KELLERVILLE — (Special) — Mr. and Mrs. Vick McPherson and Faye Young have moved from McLean to Kellerville.

Mr. and Mrs. Kenneth Burton and family of White Deer visited with Mr. and Mrs. J. D. Burton of Kellerville.

# Activity Continues at Fast Pace As 23 Wells Finaled, 33 Staked

PAMPA NEWS, SUNDAY FEBRUARY 26, 1950 PAGE 17

New wildcats in the Anadarko Basin of the Panhandle are beginning to locate more regularly. Most likely reason for this is the fact that the year is well underway now and more important, completion of Phillips No. 1 Willilo in Sherman County has given operators more encouragement to attempt these wildcat ventures.

Latest is a Sherman County venture by Panhandle Eastern Pipe Line Co. to be drilled three miles west of Phillips' first Willilo well. Location is center of northeast quarter of Sec. 12, Blk. 2-T, T&NO Survey. The well, No. 1-12 Cluck is to be drilled to 6,500 feet.

Railroad Commissioner Olin Culbertson last week labeled as "abysmal ignorance of true conditions" a statement by E. B. Swanson, assistant director of the Interior Department's Oil and Gas Division.

Swanson was reported as saying oilmen were "... more scared than hurt ..." by rate of oil imports.

He told a House Interstate Commerce subcommittee domestic petroleum production has dropped well below the rate of maximum efficiency and predicted an upturn in domestic output in the near future. He said stock above ground are at a minimum.

Guy I. Warren, president, Texas Producers and Royalty Owners Association, has a somewhat different view concerning the problem of imports. Says Mr. Warren:

"The threat of imports is a chilling prospect from independent producers. American importers are now depressing the domestic oil industry by importation of crude oil and refined products. These importations have increased rapidly over the past year and importing companies plan further increases. Soon foreign companies will start exporting to the United States. The combination of the two will wreck havoc on the domestic industry."

"Neptune's Oil Fields," a 27-minute sound and color motion picture of offshore drilling, just completed by Kerr-McGee, is now available for public showing. The picture was filmed in the Louisiana Gulf and shows activities connected with tidal lands drilling from location of structures by seismograph, through the designing of drilling platform construction and equipment testing to the actual drilling and producing operations.

Oil and gas groups, engineering and geological societies may obtain prints of the film for free showing from Kerr-McGee in Oklahoma City.

## Republican Official for Texas Quits

AUSTIN — (AP) — Mrs. Lena Gay More resigned Saturday as republican national committeewoman for Texas.

The resignation ended a quarter century of active party work for the Austin woman, who moved here recently from Brownsville. Mrs. More said she was resigning now so that the state executive committee can elect her successor in ample time to give the new committee woman an opportunity to take active part in this year's election campaign.

Mrs. More was republican candidate for lieutenant governor in 1926 and has been active in republican politics since. She has attended every republican national convention since 1928 as a district delegate or delegate-at-large.

She was first elected national leader in 1948 and has been a member of the state headquarters committee of the republican State Executive Committee since 1932.

Mrs. More said she has retired from active participation in her business interests in Brownsville and other Texas communities.

## Poland to Represent Bulgaria in U. S.

SOFIA, Bulgaria. — (AP) — Bulgaria has announced that Poland has agreed to represent her in the United States.

The United States broke diplomatic relations with Bulgaria Tuesday.

## Oil Allowable Cut; E. Texas Flow Increased

AUSTIN — (AP) — Texas will have more oil producing days in March than in February, but total allowable production will be 92,161 barrels less per day. That is the result of a new system of oil production announced by the Railroad Commission Friday.

The March crude oil allowable will be 1,944,122 barrels daily, compared with the current figure of 2,036,283 barrels, and all fields will produce 17 days. This boosts the East Texas field four days and the rest of the state two days.

Reduction of the permissible crude oil flow was prompted by the continuing drop in market demand. The new formula was adopted to give fields their fair share of production. Commission member Ernest O. Thompson said.

The system uses well depth and the well's acreage unit as a yardstick of what the allowable should be.

For instance, wells on 10-acre units producing from a depth not in excess of 1,000 feet will have a daily allowable of 18 barrels, subject to the number of shut-down days ordered each month.

Another limitation will be that the allowable can not exceed the maximum rate a well can produce without waste or damage.

The East Texas field was put on a par with the rest of the state with respect to its number of producing days, but its well allowables will not be figured under the new formula.

While other fields have produced on a maximum efficiency (MER) basis in the past, East Texas has produced on a percentage of its hourly potential capacity. It will continue on that basis.

The East Texas field will enjoy an allowable of 251,394 barrels per day in March, its four additional producing days boosting the permissible flow 36,498 barrels over the current total.

District three and eight Gulf Coast and West Texas respectively, will suffer sharp cutbacks. District three will have an allowable of 330,159 barrels, down 52,238 barrels. District eight will lose 60,899 barrels slipping to a daily allowable of 544,699.

Commission member Ernest O. Thompson in office released a statement in which Thompson said, in part:

"New wells are being drilled so fast in Texas, and the market demand for oil is shrinking so fast that the entire oil import program that every well in Texas will be of necessity limited to the marginal allowable production set in the statute, because there will be no market for additional oil."

## Texas Business Takes Stand on Climbing Imports

AUSTIN — (Special) — Representatives of every segment of the Texas economy, meeting last week in Austin at the request of Railroad Commission Chairman William J. Murray, Jr., to consider the problem of petroleum imports, reached unanimous agreement that oil imports are excessive and injuring the economy of both Texas and the nation.

In his welcoming address to the 50 Texans, headed by E. J. McCurdy of Fort Worth and Dr. T. S. Painter, president of the University of Texas, Commission Chairman Bill Murray stressed the point that the oil import problem has ceased to be one affecting only one industry, the affecting of all walks of Texas life must make known their feelings on a matter which is undermining not only the oil industry but the jobs of many thousands of Texans and income of the State Government.

As citizens of the state first affected, Murray said, an abidingly clear-eyed, to do everything possible to seek a fair and equitable solution.

A discussion followed, during which Dudley K. Woodward, chairman of The University of Texas Board of Regents, introduced a resolution, unanimously adopted, which embodied both a plea concerning petroleum imports and conclusions of the committee.

On the motion of Joe T. Steadham, Brotherhood of Railway Trainmen, the committee voted to establish an organization to carry on its purpose and aims, to be known as the "Statewide Citizens Economic Committee."

## Panhandle Eastern Stakes Wildcat for Sherman County

Drilling continued at a fast clip in the Panhandle last week as operators completed 19 oil wells and four gas wells for a total increased potential of 1,112 barrels of oil and 48,409 MCF gas. Thirty-three new wells were staked in the field during the week including a Sherman County deep test by Panhandle Eastern Pipe Line Co.

The company is staking a 6,500-foot test three miles west of Phillips No. 1 Willilo, recently completed for oil. The PEPL test is the No. 1-12 Cluck in Sec. 12, Blk. 3-T, T&NO Survey.

## British Ban, Oil Imports Can Tumble Crude Price Structure

NEW YORK — (AP) — The crude oil price structure may come tumbling if either Congress cuts oil imports or the British have their way in ousting Americans from world oil markets, some oilmen contend today.

Thus the drive in Congress to bolster domestic output and prices by cutting oil imports would boomerang as its advocates in the Southwest, he contends. Their price structure might topple, while their market would be only slightly increased by import curbs.

As for the British, their restrictions on the sale of American oil in the sterling areas will, unless modified, pile up surpluses in the Middle East and Venezuela. This would either lead to price-cutting there or would increase pressure to bring more foreign oil into the U. S. market. Other oilmen have predicted the British curbs may lead to a world-wide oil price war.

Venezuela has already cut back oil production by 150,000 barrels a day, partly in an effort to ease the pressure in the U. S. Congress for curbs on imports or a dollar a barrel tariff on oil.

In other oil producing areas of the world, Jennings says, an increase in pressure to bring more American-held concessions abruptly down and "would jeopardize both the stability of the governments involved and the concessions themselves."

Many U. S. oil companies do not agree with Socony on the need to keep imports unrestricted. They note that world production of oil has risen faster than consumption in this country. This led to cutback in production in the South and Southwest.

Naturally, Southwesterners don't like to cut back their own output and sales and see more foreign oil coming onto the American market.

Socony says the major importers have cut back the rate of imports since the first of the year and contends that the domestic industry is not being damaged. Just before Christmas foreign oil was coming in at a rate of 69,000 barrels a day. Importers have cut back orders for the first day, they say.

Supporters of import curbs and high crude oil prices say these are needed to keep up an incentive for exploring for more oil fields. Socony denies that imports are interfering with discovery or development and says that more new wells were drilled here last year than ever before.

Jennings' contention is that the United States consumes more oil than the rest of the world combined, and yet has only one-third of the world's proved reserves. He reasons that therefore the United States must import substantial amounts of oil if, in the long run, it is to maintain its highly industrial economy and its wartime security.

This seems to put the issue right back in Congress, where the fight grows more bitter every day.

## Crude Average in Nation Increases

TULSA — (AP) — Upturns in Mid-Continent and Rocky Mountain area production helped increase the country's daily average crude oil production by 42,575 barrels during the week ended Feb. 18, the Oil and Gas Journal reported yesterday.

Total daily average production was listed by the Journal at 4,913,675 barrels.

Kansas accounted for almost half the net gain with an increase of 20,250 barrels to 285,750 barrels. Oklahoma was up 9,300 barrels to 425,700 and Wyoming gained 5,000 barrels to 135,100.

South and North Dakota and Minnesota lead the states in number of city-operated liquor stores.

During the years 1933 through 1949, the magazine said, imports of crude petroleum averaged 147,000 barrels. The nation's exports averaged 406,000 barrels daily, a net of about 260,000 daily.

Since the end of the war, the magazine said, there has been a sharp change.

Imports were said to have exceeded exports by 144,000 barrels daily in 1948 and 317,000 in 1949. The magazine commented:

"To the extent that imports continue to exceed exports, a trend toward dependency on foreign oil is established. This is a development of serious concern. It is unsafe to rely on such foreign supplies that would be inaccessible in time of emergency. Several months ago industry conservation leaders called for drastic reductions in crude stocks. On Feb. 11 crude stocks totaled 245,450,000 barrels, a decline of 2,667,000 barrels within a week. On Mar. 12, 1949, stocks totaled 256,887,000 barrels. Within a year there was a reduction of 11,439,000 barrels. But while crude storage has slumped, gasoline stocks have climbed 9,114,000 barrels within the past year. The American Petroleum Institute totals Feb. 18 gasoline stocks at 131,647,000 barrels, compared to a year earlier figure of 122,533,000. Prior to this month the record peak for gasoline stocks was a 128,000,000. Some oilmen now believe gasoline tanks will hold over 140,000,000 barrels by the time the heavy summer consumers' season begins in early April. They believe heavy gasoline stocks are just as dangerous as excess crude storage. Gasoline prices have experienced considerable change in several domestic areas in recent months.

## Phillips Production Groups Given Safety Honor Awards

Safety honor awards were presented to groups in the Production Department of Phillips Petroleum Co. at a banquet held in Phillips last week.

Eight working groups in the Panhandle District were awarded safety citations for having no disabling injuries during the calendar year of 1949. These groups had an accumulation of 304,795 man-hours without a disabling injury.

Assisting in presentation were R. W. O'Neill, district superintendent and C. E. Cure, safety engineer for Phillips.

Guest speaker for the banquet in which 145 employees and guests were present was Frank K. Storm, Jr., chief engineer for Cannon Gasoline Co. of Amarillo. Storm's address was entitled "Inside Russia."

Participating in the program were J. C. Parkhurst, Forrest Morgan, W. M. Brame, Hubert Bender, Joe Heffner and his string band and R. J. Cronin. Guests included retired employes Frank Bailey and Newton Hall.

## World Crude Production Up 2 Percent

TULSA — (Special) — Crude oil production throughout the world in December declined about 2 percent under the previous month because of a lower output rate in the United States, the Oil and Gas Journal reported last week.

Many foreign areas were producing at record or near record levels in December, but this was more than offset by the drop in the United States which accounts for about 83 percent of the world oil output.

World production in December averaged approximately 9,575,000 bbl. daily. This compares to 9,745,700 bbl. daily in November and 9,787,600 bbl. daily in December 1948. In both these earlier months, United States production was at a much higher figure.

The Middle East area in December reached a new high. Iran's production exceeded 600,000 bbl. daily, and smaller gains were shown in other countries. Germany, largest European producer, was at a new postwar record with 18,400 bbl. daily.

Venezuela's production in December showed a slight gain and preliminary January figures show the total still higher at about 1,470,000 bbl. daily. However, the Journal said February production in this country is expected to show a marked decline of possibly 12 percent. This is indicated by preliminary reports, and appears to be the result of reductions of imports into the United States which have been announced by several leading companies.

General Douglas MacArthur has received more than 400,000 letters from Japanese during the Occupation.

completing the well. The other new strike is in the John W. Mecum No. 1, East Beaumont Township Co. wildcat on Star Bayou just across the Neches River from Beaumont. Operators there reported they had a "good producer" from sand located at "about 8,100 feet."

## Fourth Field Is Opened in Orange Area

ORANGE — (AP) — Orange County, which already has seen the discovery of three new oil fields inside or near its boundaries since Jan. 1, had another new discovery last week and a second pay zone in one of the wells previously completed.

Operators of the John B. Goodhue et al No. 1 First National Bank, about a mile north of here, said they had run into terrific gas pressure and were having trouble keeping the well under control. The situation was reported as "precarious."

The well was being tested at 7,800 feet where an electrical survey had indicated possible production. An earlier test, at 8,200 feet brought 200 barrels of high-gravity distillate and a big volume of gas. Operators had decided to test the higher formation before

completing the well.

completing the well. The other new strike is in the John W. Mecum No. 1, East Beaumont Township Co. wildcat on Star Bayou just across the Neches River from Beaumont. Operators there reported they had a "good producer" from sand located at "about 8,100 feet."

I wouldn't take \$1,000 for it if I couldn't get another Daniel J. South.

MURPHSON, KANSAS

**"MY KRAUSE PLOW helped bring in the best stand of wheat I ever had in my life," says Dan South. "Plowing 6 1/2" deep my 12-foot Krause, cut down to 9 feet, pulls easier than three 16-inch moldboards. My UTS Tractor hikes along at 5 miles per hour in third gear with my Krause at full 12-foot width, 4" deep. Last time over plowed 12-foot 2" deep at 6 mph. Krause kills all vegetation without drying out the soil too much and protects my land from erosion. It has certainly paid for itself on my farm."**

**Oregon Boosters Launch Flight To Havana, Cuba**

PORTLAND, Ore. — (AP) — More than 50 light planes took off Saturday morning on the first leg of a mass flight to Havana, Cuba.

Others were to join the flight along the route to swell the list to 82 planes with a total of 240 aboard.

It is the eighth such flight sponsored by the Portland Chamber of Commerce and the first involving a long over-water hop.

Other flights have been to Portland, Me., Mexico, Alaska and less distant points.

It is a pleasure flight, with a little promotion of the Portland Rose Festival thrown in. However, planes in the flight are listed from 25 Oregon cities, 15 from Washington, four from California and one each from Idaho and Nevada.

Air Force C-46, carrying baggage, chamber of commerce representatives and David West of the British Aeronautics Magazine, London, was the last plane off.

**County Court-at-Law Is Granted Lubbock**

AUSTIN — (AP) — A bill creating a county court-at-law for Lubbock County was passed finally in the legislature Saturday and sent to Gov. Allen Shivers.

The measure, by Rep. Preston Smith of Lubbock, was the companion bill to one introduced in the Senate by Senator Kilmer Corbin of Lamesa.

## Use of Social Security Funds By Other Agencies Assailed

By SAM DAWSON

NEW YORK — (AP) — Uncle Sam is making the financing of his treasury deficit easier by dipping into the social security funds you pay. The Federal Reserve Board observes this without comment.

## Texans Back Water Saving

AUSTIN — (AP) — Texans are enthusiastically in favor of new laws designed to conserve water. This observation was part of a report made by Chairman Rogers Kelley of Edinburg to the special session of the Legislature.

The committee hopes to submit a full report and recommendations for water conservation laws to the next regular session of the Legislature, Kelley said. "The people of Texas are keenly aware of the seriousness of the situation confronting the state because of the scarcity of water in some areas," he said.

There is an immediate need for proper facilities to save storm and flood waters which are now passing unused into the Gulf of Mexico, the report said.

## Champion Steer To Aid Children

HOUSTON — (AP) — The grand champion steer of the recent Houston fat stock show was sold at the Shrine Crippled Children's ball for \$71,000. Oilman Lee Tarrant paid that amount for the Hereford steer that took the grand championship here two weeks ago. At the fat stock show auction the Hereford sold to Oilman Glenn McCarthy for \$15,000, a world's record for an individual bidder at a livestock auction.

McCarthy donated the steer to the Shrine Crippled Children's Clinic and the Texas Heart Association.

Tarrant in turn gave the steer back to the clinic which will share its steaks with Boys Harbor, underprivileged home.

## Mobeelie

MOBEELIE — (Special) — Miss Charley White was in Clarendon Saturday and Sunday visiting her mother Mrs. Jack Whit.

Mr. and Mrs. L. E. Keith of Pampa were guests Sunday in the home of her parents, Mr. and Mrs. A. A. Burch.

Mr. and Mrs. Jack Sims, Mrs. D. G. Sims and Mrs. W. A. Scriber were in Dumas last weekend visiting the Bill Becks.

Beverly Caldwell from W.T.S. was home for the weekend with her parents Mr. and Mrs. Austin Caldwell and Geoffrey.

Guests in the H. S. Bailey home Sunday were Mr. and Mrs. Luke Bailey and family of Borger.

Mr. and Mrs. W. M. Daughette and family of Pampa, and Mrs. Kenneth Mead of Wichita Falls, spent Sunday with Mrs. Joe Thompson.

Mr. and Mrs. Cross Hogan were in Kelton Sunday visiting in the Frank G. Mote home.

Mr. and Mrs. C. C. Hickman had as guests in their home Sunday, Mrs. Hickman's parents, Mr. and Mrs. Wade Wallin; her sister, Mrs. M. D. Snider, and family and her brother, Mr. Jack Porterfield and family, all of Pampa.

Mr. and Mrs. J. T. Wallis and family spent Sunday with their daughter, Mrs. Hershell Rice of Borger.

Mr. and Mrs. R. B. Leonard had all their children as Sunday dinner guests. They are Mr. and Mrs. Dinez Leonard and family, Joe Fred Leonard, and Mr. and Mrs. Albert Newman, all of Pampa. Other guests included Mr. and Mrs. Allen Leonard and Billy Allen, and Mr. and Mrs. Lester Leonard of Mobeelie.

Mr. and Mrs. Walter Coward and family of Mobeelie, J. W. Durham of Wheeler and E. L. Coward of Twitty visited Friday with Miss Jean Durham and Miss Agnes Oliver, in Wichita Falls. The whole party spent Saturday and Sunday fishing at Possum Kingdom Dam.

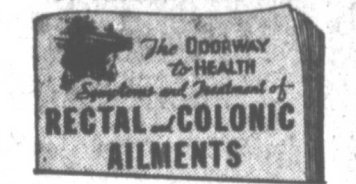

Mrs. Bob Hogan of Denton is here visiting her parents Mr. and Mrs. R. St. John.

Joe and Ray Carter of Letors visited Saturday and Sunday with their grandmother, Mrs. E. V. Herd.

Mr. and Mrs. M. C. Pigg of Wellington visited relatives in Mobeelie Tuesday.
