

Poland Recalls Belgrade Envoy

WARSAW, Poland —(AP)— The official radio has announced the recall of Poland's ambassador to Yugoslavia, Jan Wende. Informed sources said each nation in the future would be represented in the other's capital by a chargé d'affaires.

Yugoslavia's ambassador here, Radje Pirpicevic, declined, how-

ever, to say whether he would leave for Belgrade.

The treaty of friendship and mutual aid between Poland and Yugoslavia remains in force technically. Poland is one of the Cominform countries which have been opposing the regime of Yugoslav Premier Marshal Tito since 1948.

Cactus plants are used to produce various drugs, soap cleaner, water softeners and a boiler compound.

Brown University is the oldest college in Rhode Island and seventh oldest in the United States.

Tito Regime Closes Leningration in Albania

BELGRADE, Yugoslavia —(AP)— Yugoslavia has closed its legation in neighboring Albania and won't reopen it until Albanian officials "change their attitude toward Yugoslav diplomats."

The official news agency Tanjug said the closure resulted from the Cominform campaign against Premier Marshal Tito's government. Albania supports the Russian-led Cominform's drive against Tito.

The announcement said the Yugoslav legation staff had re-

LION FROSH BACK
STATE COLLEGE, Pa. — (AP)— Four opponents have been booked for Penn State's return to freshman football in 1950. The Lion cuts will go on the road for games with Syracuse, Bucknell, Navy and Pitt. Penn State played a frosh schedule in 1941.

THE LIGHT IS OUT at Lidice, Ill. This is the monument, now just a place for children to play. It's chipped and muddy, too.

Lidice, Illinois, Darkened; Some Claim It Was 'Scheme'

JOLIET, Ill. —(NEA)— Lidice, reborn, is dead again! Hitler killed it the first time. President Roosevelt called the martyrdom of Lidice, Czechoslovakia, the murder of a word. Wendell Willkie told the people, "Because a hangman was killed, Lidice lives." He meant Lidice, Ill., the community re-named so that Lidice should live forever. "Living forever in the hearts of all who love freedom," the light that will burn forever in memory of the dead, high-sounding phrases like these rang from the lips of speech-makers and were blazed across the front pages of the newspapers on July 13, 1942, as a federal housing project, Stern Park Gardens, became the answer to Hitler's obliteration of Lidice, Czechoslovakia.

But now the light is out. The monument is moved. Prominent citizens who served on the committee for establishment of the monument and perpetual light admit that they were drafted to serve because they were resented one organization or another. Where the funds for the light went they don't know. Children swarm over the monument. It is chipped in places. In one sense the whole thing was a fraud and Hitler's infamy was answered with a lie. Lidice, Ill., never existed. It was never a postoffice, never a village or any other kind of organized municipality, according to Helen Mahoney, secretary of the mayor in neighboring Joliet.

"The light is out because the monument was moved," reports Adolf Kacer. "The mayor promised me he'd have the gas connected again, but he hasn't done it. I had to go out and wash the mud off the monument after it was moved."

Kacer has more than ordinary interest in the monument. He was president of the Czech American National Alliance when the memorial was erected, and still holds that job today. He was on the committee which planned the memorial.

The monument was moved in 1943, apparently to make way for housing, so it's been seven years since the light went out. Kacer feels that the neglect of the memorial is because "the people don't like it; most of the Czechs have moved and there are only two or three Bohemian families left; it has become an Italian community."

But Miss Mahoney, the Joliet mayor's secretary, is more vehement about the whole affair. She named names and said the town has no mayor unless one of its real estate men has taken that title for himself.

"Lidice is not even a village," says Miss Mahoney. "It never has been. It has never had any elected officials. Joliet's mail-carriers deliver the mail. Lidice was just a promotion scheme to sell lots. That's how it started. The houses built there are in poor condition and have changed hands many times. It may soon become incorporated as a part of Joliet. The Czech Embassy sent some dolls for children of Lidice, addressing them to that community. No trace of them has ever been found."

Neither has there been any trace of the "light that will burn forever."

Don't Miss It! Trend's **1¢ SALE**

Two packages for price of one—plus 1¢

Try TREND on this special offer. You'll marvel at suds that last and last...and glassware that is left so free of film it shines like crystal without wiping. Buy TREND today at this bargain price.

Guarantee

TREND is fully guaranteed to do a faster, better job of washing greasy dishes, pots and pans than any dishwashing soap you can buy—or double your money back. If you are not entirely satisfied, return the unused portion to your grocer. He is authorized to refund double your purchase price.

Beauty Treatments Help Women Mental Patients

ON THE INSIDE of these grided windows at the Brooklyn State Hospital for the Mentally Ill, women psychotics receive beneficial beauty treatments. Posing for the picture are Mrs. Mary Kearns, right, beautician, and her assistant, Mrs. Barbara Duggan.

By EDWARD ELLIS
 NEA Special Correspondent
 NEW YORK — (NEA) — Two women attendants led the mental patient into the beauty parlor. Her eyes were closed as she entered the gaily colored room in the Brooklyn State Hospital for the Mentally Ill.
 Mrs. Mary Kearns, beautician to psychotics, urged the woman figure in the coarse blueingham dress into a chair. The patient's hair was straggly. Her nose ran. She drooled.
 Talking quietly to her, Mrs. Kearns shampooed her hair and waved it. Above the closed eyes she penciled eyebrows. Onto the rigid lips and cheeks she applied lipstick and rouge. And, finally, manicured her nails.
 This done, the attendants led the still silent, still unseeing woman back to her ward. There she was placed in front of a wall mirror. Her eyelids gently were parted by the attendants' fingers.
 Unable to help herself, the patient saw her reflection.

"Is... is that me?" she blurted.
 Those were the first words she had spoken in months. Two days later she voluntarily ate a meal by herself, her hands trembling up to feel her new hair-set.
 In about five more months, what with various shock therapies, she was discharged. And she never was returned to the hospital.
 There are about 1900 women in the hospital these days. Perhaps 1500 of them receive beauty treatments, each patient getting an appointment about every two weeks.
 They get the works — shampoos, finger waves, permanents, trims, electric vibrators on their scalps, violet rays for facials, mud packs, depilatory wax for hair on their faces, black beauty marks to cover moles, and fingernail polish.
 "Our beauty shop," says one of the hospital's psychiatrists, "is as much a therapy as any of our other treatments. It fans to life the vainly latent in all women, restores their self-confidence."

Mask Protects Jet Engines
 DAYTON, Ohio — (AP) — The Air Force has developed a sort of catcher's mask to protect jet engines from being hit in the mouth by stones, shell cases and other metal. The device is a grill which can be raised or lowered by the pilot. It would be in "up" position during take-off and landing, retracted during flight except in combat, when the grill would catch or deflect stray cartridges.
 Flying metal objects are a serious hazard for some types of jet engines, where the air flows directly into the compressor wheel.

Time Remains For Entry in Annual Derby

Boys, there's still time to enter the 1950 local Soap Box Derby and compete for that free trip to Akron, Ohio, and the National Derby in August. The place is the Culbertson Chevrolet and the time to do it is today, as the entries will close soon.

There are about 60 boys entered so far to vie for the au-

merous prizes that go to not only the winner, but to the fellows with the best upholstered car and the best constructed car and to the best sportsman.

The social derby will be run on July 30 with the national finals on August 13. The local race is sponsored jointly by the Culbertson Chevrolet, the Lion's Club, The Pampa News, and the Chevrolet Division of General Motors.

And remember, boys, a Soap Box Derby racing car is only as good as its steering system.

This fact has been proved over and over again as many cars that looked like winners have gone down to defeat on local and national race courses because of a faulty steering system.

Steering a straight course is of paramount importance! This cannot be achieved if the steering mechanism is faulty. Driving down the track straight as an arrow frequently spells the split-second difference between loss and victory.

Several steering rules are aimed at giving the young drivers ample room in which to manipulate the steering wheel while the car is running on the track.

The driver must sit in a normal driving position. He must have both hands on the steering wheel.

A foot-operated brake is mandatory so that both hands may be on the steering wheel at all times.

To make doubly sure the driver has enough room, the 1950 rules provide for a new cut-out portion in the cockpit area which provides more elbow room. The

rules call for a steering wheel, or half-wheel, not less than eight inches in diameter. It is essential that there be at least two inches of clearance between the rim of the wheel and any part of the car or of the driver's body.

Safety is the watchword throughout the rules on steering and safety should be the foremost consideration of the young car-builders in planning and building the steering mechanism.

The steering shaft must be metal. The drum and wheel must be firmly attached to it.

The cables used to connect the steering drum to the axles must be of flexible woven wire at least one-eighth inch in diameter. They must be attached firmly at all points.

Turnbuckles, to permit easy adjustment of the steering system, are mandatory.

The steering drum may be attached to the axle trees by cables running through pulleys, or a steering wheel, and the cables move the axle. If a bar is used, it must be in conjunction with the steering wheel, and the cables or other safe connection must be attached to the bar at least 18 inches from the kingpin.

Use of Weed Killer Aids Wheat in Greece

ATHENS — (AP) — Increased use of 24-D weed killer, is expected to give Greek agriculture an additional 30,000 metric ton yield of wheat this year. The wheat, which otherwise would have been imported at a cost of \$90 a ton, represents a saving in foreign exchange of \$2,700,000, ECA agricultural officials stated.

Union Is Told Plant Troops Keeping Order

MORRISTOWN, Tenn. — (AP) — Gov. Gordon Browning told Union officials last night that National Guardsmen and highway patrolmen were at the strife-torn Enka Corporation plant here only to maintain order.

Union officials had charged that the guardsmen and patrolmen were engaged in strike-breaking and had embarked upon a "reign of terror."

CIO textile workers have been on strike at the plant since March 28.

The governor declared at his home at Huntington that "my deputies at Morristown are under specific instruction to suppress violence only."

He added that he had urged both labor and management to meet and renew negotiations "because I'm not planning to keep the National Guard there indefinitely if they get together."

The striking member of the CIO Textile Workers of America Local 1054, are demanding higher pay, premium pay for night work, and a seniority schedule.

Totalitarianism

Lt. Col. Harold P. Mansen, Salvation Army, yesterday told Pampa Rotarians "we cannot accept dictatorship from the top or from the bottom" in a talk directed against totalitarianism and its infiltration into the American way of life.

The aged native of Denmark, who was once an architect in Chicago, spoke on "Safeguarding Our American Institutions" during the civic club's luncheon in the Palm Room, City Hall.

Dressed in summer grays of the Army, Col. Mansen dwelt at length on guarding against the encroachments of socialistic ways into America and called for the safeguarding of "liberty, church and home."

He was introduced by Lt. Fred A. McClure of the Pampa Salvation Army.

Rev. E. Douglas Carver, past president of Rotary, presided at the meeting in the absence of Jack Sullivan, Rotary president.

Brother Held In Death of Man in 1948

SAN JOSE, Calif. — (AP) — A former mental patient was under arrest today on suspicion of secretly killing his brother—then living next door to the undisciplined body for two years.

Yesterday sheriff's deputies forced their way into the locked bedroom of a house on the edge of San Jose and found the shriveled body of Herman Boesen, 58, in bed. Brown spots, believed to be long-dried blood, were on a blanket.

Investigators placed the time of death at about March, 1948.

The officers then went to a crude shack 20 feet behind the house and questioned a brother, Peter, 62. He talked ramblingly of "seeing angels" and of "hearing Herman's voice."

The deputies jailed him on a booking of investigation of murder after reporting that the jobless man had \$275 and opened mail addressed to Herman, in his possession.

The officers, Deputies Harvey Hutchins and James Cunningham said he told them he had not seen Herman since 1946; then in 1947. But the opened mail bore 1948 dates.

Herman, a carpenter, was away from home for long periods at a time working in Alaska and on such projects as Shasta Dam.

Peter was in the state mental hospital at Stockton from Sept. 30, 1930 to Feb. 19, 1943; then went to live with Herman. They quarreled around 1944, and Peter built the shack and moved into it.

The search was instituted yesterday at the request of a third brother, Martin, who lives with his family in nearby Los Altos. He reported to the sheriff's office that Herman was missing.

The three brothers, immigrants from Germany, seldom saw each other although living a short distance apart. Martin told officers he had thought Herman was out on a job for a long time.

TRUMAN

(Continued from Page 1) world seeks to lessen our chances of continuing to live and work in freedom.

The fund would finance arms shipments to more than a dozen foreign nations, including Atlantic Pact allies, during the fiscal year beginning next July 1.

The \$1,222,500,000 requested by Mr. Truman is less than the \$1,314,010,000 which Congress appropriated last year to help 13 nations rearm against communism.

Mr. Truman made the request in his first semi-annual report to Congress on the handling of the first year program, which began last fall.

Backing up his request, Mr. Truman said: "The momentum already gained must under no circumstances be lost, because, once lost, it is doubtful that it can ever be recaptured at any cost."

The president gave this breakdown as to how the new money would be spent:

North Atlantic Treaty nations — \$1,000,000,000. This would go to furnish "basic capital equipment," spare parts and to help modernize Greek and Turkish defenses.

Iran, the Philippines and Korea — \$275,000,000. The report said this would pay for equipment and training to help the Iranian army "present a firm stand in defense of independence against strong Soviet pressures" and to help the Philippines and South Korean governments to maintain internal order in the face of Communist threats.

General area of China — \$75,000,000. The president said this money is needed "to continue and expand upon" present programs for giving help "to the non-Communist forces in this area that are now engaged or in danger of being engaged, in active conflict with militant Communist elements."

SOLON

(Continued from Page 1) authority to look at the income tax returns of suspected gamblers and racketeers.

"I expect Mr. Truman to give us his cooperation and support," Tobey told reporters.

Kefauver was in New York yesterday. He is interested in the case being built up by New York police against gambler Frank Erickson.

A grand jury returned 60 counts of information against Erickson yesterday — one charging conspiracy and 59 others charging bookmaking (taking bets on horse races).

Tobey hinted to reporters that the Senate investigators still have an interest in Erickson. "That case isn't closed," Tobey said.

In New York, Kefauver said the U. S. attorney in Washington was holding up action until New York authorities moved.

CABOT

(Continued from Page 1) its enemy's weaknesses," he said.

"If the United States will build its strength enough to discourage conquest long enough, the time should come when history will repeat itself and the world decides to get along with the conflicting theories of economy."

CAPTURED

CLASSIFIED DEPARTMENT has opening for two girls. Permanent position. Typing essential. Must be high school graduate. Pleasant working conditions. References. Apply in person to Mr. Vogel, Friday, 2-5 p. m. Pampa Daily News.

The "wanab," a mythological creature of the African Sudan, is supposedly a huge, jointless, man-shaped creature, covered with red hair, speaking many languages.

The National Geographic Society says the "agoo," or "little furry people" reportedly seen from time to time in East Africa, may really be rare monkeys.

Lady Golfers Hold Meeting At Pampa CC

The Ladies Golf Association of Pampa held its annual meeting at the Pampa Country Club yesterday afternoon with 40 ladies attending.

Lila Lee Austin won the first flight of a flag tournament between the members and Dattene Earp topped the second flight title. Each won a golf club and a bar pin, awarded weekly to the winners.

Twenty-eight players took part in a Scotch forenoon, with Beth Heiskell and Mac McGinnis emerging as winners. Alice Howard and John Austin were listed as runners-up.

Low net score was hung up by Darlene Earp and Orville Heiskell. Golf balls were awarded each of the winners.

A "White Elephant" is scheduled to be held next week again, prizes will be awarded to the winners in the nine hole affair.

Bus Walkout Ended In Columbus, Ohio

COLUMBUS, Ohio (AP) — Bus service was back to normal today following a one-day operators' walkout that made many late for work and kept thousands of shoppers away from Columbus downtown stores.

Decision to end yesterday's walkout was reached late last night at a meeting of about 500 of the 800 members of Local 208 of the United Transport Workers (CIO).

The strike action had been voted for midnight Tuesday as a protest against a 10-day suspension of an operator by the Columbus Transit Co. One-half hour before the strike deadline Mayor James A. Rhodes' office announced the strike had been postponed for two weeks.

But the walkout of the bus and trackless trolley operators went off as scheduled and the question of whether the men would return to work was delayed until last night's meeting.

John Robert Tipton, local international representative of the UTW, said the strike was lifted "in behalf of the bus-riding public." He said the union would push its fight against the company suspensions "without fair hearing."

JACOBY ON CANASTA

Big Pick-Up Should Be Rare

By OSWALD JACOBY
 Written for NEA Service
 "Both sides needed 90 points," relates a New York correspondent. "East and West had melded two nines, a deuce, and a joker. North and South had five unimportant melds on the board. "East froze the pile and it mounted up until there were nine wild cards in it, of which four were thrown by South. "North said that this showed poor Canasta strategy. He thought South should have held his wild cards to make a canasta. "Is this a sound opinion. Is an enormous pile full of wild cards an evidence that a poor quality of Canasta is being played?" "If that sort of situation comes about fairly often, I would say that a poor quality of Canasta is being played. It would be something

Once in a while, however, even among experts, a hand is frozen and becomes enormous. In the same way, at bridge, even experts sometimes play a hand redoubled. In short, you can tell something about the quality of your Canasta game by noticing how often you get such tremendous frozen piles. It should not happen very often in a really good game. In the case described by our correspondent, the chances are that South should have held his wild cards to make a Canasta. With five melds on the table, it could not have been hard to get a base of four natural cards, add wild cards to make a canasta, and then meld out. However, circumstances alter cases. A great deal depends on the particular situation. Perhaps South had excellent reason to be that South should have held his wild cards to make a canasta. As to why South would think that he was a favorite to win the discard pile, that would depend on the number of cards held by each player and the number of safe discards available. These are points that I intend to take up very soon in a long discussion of frozen discard piles.

Mexico Telephone Rates Increased

MEXICO CITY (AP)—Mexican telephone rates are up 66 percent for more than half the

country's phones. The Communications Ministry said it had approved rate increases from 5 to 75 pesos (\$1.02 to \$1.72) per month for private phones in the federal district. Business phone rates

went from 16.50 pesos to 30 pesos (\$1.97 to \$3.50) per month. The ministry said it approved the increases to give Mexico's newly merged phone companies a fair return on their investment and to enable them to raise capital to buy more equipment.

JACOBY ON BRIDGE

Rough and Tough Play Is Not to Over-Ruff Declarer

By OSWALD JACOBY
Written for NEA Service

"Somebody's feeding these fellows meat," said Generous George. "They bid such a lot against me that it's really embarrassing. I try to give them a trick now and then, but nothing helps. They just keep on going down."

As usual, George's generosity had cost him nothing. On the contrary, it had cost the opponents the game and rubber.

George, holding the West cards, opened the device of hearts. East won with the ten of hearts and returned the queen.

It was obvious to everybody at the table that George had led a singleton heart. Declarer there-

fore trumped with the king of spades to prevent George from making a trick with a small trump.

It was at this point that George was overcome by generosity. Instead of over-trumping with the ace of spades, he discarded a low club with a lordly gesture.

South properly tried to draw trumps in a hurry, lead the queen of spades for the purpose. West took the ace of spades, and led a club to his partner's ace. The defenders now had three tricks in, and another heart lead by East put declarer in the soup.

If South ruffed low West would naturally over-ruff. South had to ruff with the jack and lay down

the ten of spades in the hope of drawing both of the missing trumps. This plan did not work since West was able to drop his deuce of spades on the ten, after which his nine was high.

It is easy to see that George did not give up a thing when he refused to over-ruff declarer at the second trick. As a matter of fact, if he had over-ruffed, South would have made the contract!

Culture Program Planned by Korea

SEOUL, Korea — (AP) — The South Korean republic plans to spend \$50,000 a year for an institute of culture and propaganda.

President Syngman Rhee, in announcing the program, said the aim was to correct misunderstandings which former Japanese propaganda had created in the United States and elsewhere. The institute will send lecturers to various countries.

Nation Facing New Crisis—It's Running Short of 'Gimps'

By HAL BOYLE
NEW YORK — (AP) — Every day we wake up to a new crisis. And don't think we haven't got a grim one for today.

It's this: America is getting short of gimps. There are plenty of old gimps, but there aren't enough strong young new gimps coming along.

"There are only about 3,500 buttonhole makers left in this country — and most of them are old men," said John Maximilian Bappert, the Rembrandt in this field.

"The young people seem not interested too much in buttonholes."

This is heresy to Bappert who recently was picked by a trades school here as the nation's outstanding buttonhole maker.

Bappert, a quiet, stocky man of 42, came here at the age of 13. He figures that in the last 29 years he has made 13,920,000 loops with his needle in sewing about 348,000 buttonholes. He averages 12,000 buttonholes a year.

Bappert supervises 18 gimps in the buttonhole department of Stuart's hand-tailoring firm. It takes him five minutes to make a 40-loop buttonhole.

His buttonholes are strictly for coats and vests. In 29 years he hasn't even seen a pair of trousers in his workroom.

Despite the shortage of gimps, Bappert doubts that the fine old art of making buttonholes by hand will ever die.

"The machine-made buttonhole does not look so nice and neat," he said. "We need to teach the young people to make buttonholes."

College Graduates Told Job Prospects Not Tough

By SAM DAWSON
NEW YORK — (AP) — Fewer layoffs, higher job totals, longer work weeks and therefore greater take-home pay are reported. This is pleasant news today for half million college graduates hitting the job-hunting trail.

Most observers warn them that the trail will be rougher and longer than any time since the end of the war. But the pickup in business generally makes the prospect brighter than it was at mid-term.

Four out of every five college graduates this year will be employed by Oct. 1, the Northwestern National Life Insurance Co. of Minneapolis predicts. It bases this on a survey of 128 colleges and universities.

The senior crop is at a record high, and pre-graduation hiring has been slower this year in most schools. Large companies have been taking fewer new employees per firm, placement officials say. But many schools report a sharp increase this spring in the number of smaller companies seeking college graduates.

Most colleges have been warning their graduates this spring that they will have to hunt harder and longer for jobs than did last year's class. But the Northwestern National Life Insurance Co. contends that, even so, this will be a better year for the job-seeking college graduate than was considered normal before the war.

Its survey also shows that four out of every five schools report that starting salaries of their graduates this year will be as high as in 1949, and those reporting a drop say it is very slight.

Personal To Women With Nagging Backache
As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filter flush out waste. Get Doan's Pills today!

Yours - all Yours -

Here's where you come into your own. For this roomy six-passenger Sedanet is the lowest-priced family-model Buick and the easiest to buy. But it has all the basic qualities that make every Buick a standout.

Unmistakable smartness, for instance, in its tapering fenders and money-saving Multi-Guard forefront. A bonnet full of Fireball straight-eight power that spells thrills with real thrift. Matchless Buick ride compounded of coil springs on all four wheels, ride-steadying torque-tube, low-pressure tires and Safety-Ride rims. You can even have Dynaflo Drive* if you like — the first non-shifting transmission in which oil does it all.

But here's the point: It doesn't cost a cent—doesn't obligate you in any way—to check all this—to try this Buick out. All you have to do is ask—and your Buick dealer will sit you behind the wheel—let you put this traveler through its paces—show you precisely how little it will cost you to step up to a Buick. You'll never know what you are missing until you try a Buick. Come in, won't you—right away?

ONLY BUICK HAS Dynaflo—
AND WITH IT GOES: HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW HATTER STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" GUARD forefront, taper-through fenders, close-up road view taillights • WIDE-ANGLE VISIBILITY, close-up road view taillights • TRAFFIC-HANDY SIZE, less over-both forward and back • EXTRA-WIDE SEATS cradled between the axle • SAFETY BUICK RIDE, from all-coil springing, Safety-Ride rim, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

College Graduate, 64, Just Beginning to Really Live

By WILLIAM C. BARNARD
Associated Press Staff

Emily Kate Netterville Davidson got that college diploma this week and says she's ready to go out now and face life.

Emily is 64 and in no mood to vegetate. She was one of 500 graduates at North Texas State College, Denton, a trim lady five feet two, green-eyed, and with just a touch of grey in her brown hair.

Her ambition? She'll write and illustrate books for children. Seventh of 12 children, Mrs. Davidson was born in Mississippi, attended teachers colleges, and began teaching in public schools of that state. In 1915 she came to Texas and went into the oil business with a brother. On a visit to another brother in Alberta, Canada, in 1919, she met and married William Davidson, a rancher. "I married him

and took up a life-time with coyotes and cattle."

Her only child, William Davidson, was born the next year. Her husband died in 1942 and two years later the son was killed in action in Italy while fighting with the Canadian forces. Shortly after that, Mrs. Davidson received word in Canada that her 92-year-old mother was dying in Fort Worth.

So Emily Davidson came back to Texas. Her mother died in 1945. And with both parents, her husband and her son dead, Emily decided to go to college. She was 59, in 1945, when she entered North Texas State as a freshman.

She studied art and journalism but soon had a breakdown and a doctor ordered her to quit school.

"Right there we tangled," Mrs. Davidson said. "I decided it

would be more interesting to die learning something to make life interesting than it would be to vegetate for the next 30 or 40 years. It has been a hard fight, and the going has been tough. I have staged a pretty good comeback and am now ready to start out on my second life.

The idea of age never bothered her. "Why, within the last few days I have been honked at and whistled at by young college students," she laughed, "but when I turned to see who was trying to attract my attention, the other party casually turned, too, in the other direction."

Mrs. Davidson likes to write feature stories, likes to paint landscapes with beautiful mountains, birds, trees and flowers. "Sounds trite? Well, that depends on how it's done."

Emily's philosophy? "Smile and keep on smiling. Shortly before the end, my son wrote: 'Mother, no matter what happens to me I want you to keep on smiling. The time came when I had to be reminded of that. Learning to smile again was the hardest thing I ever did, but I learned for his sake.'"

JOIN ISRAELI POLICE BEERSHEBA, Israel — (AP) — Bedouin tribesmen are joining the Israeli police force. Twenty-five Bedouins, coming from the Negev sector, recently were sworn in as policemen.

Busy Birds, Brownie Troop 9, an Active Group

MEMBERS OF TROOP 9 (pictured above) are: Nellie Beth Greene, daughter of Mr. and Mrs. W. A. Greene; Norma Jean Fatheree, daughter of Mr. and Mrs. Gene Fatheree; Lou Ann Taylor, daughter of Mr. and Mrs. H. B. Taylor, Jr.; Judith Ann Leland, daughter of Mr. and Mrs. E. E. Leland; Bobbie Lee Andis, daughter of Mr. and Mrs. Bob Andis; Donna Ruth Tarpley, daughter of Mr. and Mrs. Louis Tarpley; Betty J. Barnes, daughter of Mr. and Mrs. E. J. Barnes; Sherry Kay Rhoten, daughter of Mr. and Mrs. R. N. Rhoten; Gloria Jean Weir, daughter of Mr. and Mrs. M. N. Weir; Martha Jane Marsh, daughter of Mr. and Mrs. W. S. Marsh; Nancy Weaver, daughter of Mr. and Mrs. J. R. Weaver; Marianna Perkins, daughter of Mr. and Mrs. F. W. Perkins; Ann Matlock, daughter of Mr. and Mrs. Bud Cumberlidge; Virginia Worrell, daughter of Mr. and Mrs. T. J. Worrell; Virginia Hopkins, daughter of Mrs. James Hopkins and Carol Triplehorn, daughter of Mr. and Mrs. Bob Triplehorn.

By MRS. FRANK FATA
On Oct. 3, 1949, Brownie Troop 9, pictured above, came into being. They named themselves "Busy Birds" and have been brought through their first year of scouting by Mrs. W. S. Marsh, leader, and Mesdames Bob Andis, Louis Tarpley, and E. E. Leland, assistant leaders.
The meetings were held in the classroom of Mrs. John I. Bradley in Sam Houston School on each Monday at 2:30. At six-week intervals, new officers were elected for the troop so that each girl would have the opportunity to hold an office.
Attendance at meetings throughout the year has been outstanding. When the picture was taken every single girl was present in her uniform, which indicates the interest shown.

The Busy Birds look upon this past year with a great deal of pride, for they have indeed been busy, as shown by their many accomplishments. Their first "project" was the making of belt purses from felt hats. In doing this, they learned to make the blanket stitch and to sew on snap fasteners.
Their mothers have been recipients of most of their handwork. For Christmas they received pin cushions made by their daughters. The gifts were presented at a Christmas tea given in the home of Mrs. Bob Andis. Gifts of book marks were made for their fathers. Also at the tea, a going-away gift—a china plaque—was presented to Mrs. K. E. Thornton, former council assistant. For Easter, each mother received a pot of violets which the girls had planted. Cards were attached to the pots. For Mother's Day, the girls made ear screws and stenciled cup towels. Snapshots of the troop were used in making Valentines for their mothers.
For the Friendship Fair, Troop 9 made figurines out of molding clay poured into rubber molds. These were painted and sold. The troop's booth represented China, and in it were displayed their purses, bookmarks, and other handwork. For their contribution to the Juliette Low Fund during the fair, the girls gave up something for a week—ice cream, movie, etc.—and presented the savings to the fund.
In January, they sold calendars. During the sale of Girl Scout cookies, the troop sold 122 boxes. The girls have paid visits to two establishments in town. They visited Highland General Hospital and the "Sunshine Creamery."
April's big event was an Easter egg hunt at the home of Mrs. Bob Andis. In May, a wiener roast was held at the park at which members of Troop 15, whose leader is Mrs. Myles Morgan, were invited.
Handcraft Mother for the year has been Mrs. E. J. Barnes. She taught the girls how to use molding clay and showed them stencil work. She was responsible for decorating the troop's booth for the Fair.
Outdoor Mother has been Mrs. H. B. Taylor, Jr. Her plans for the summer months include a hay ride for the troop to the Taylor Ranch. Mrs. Gene Fatheree has been Troop mother.

Beta Phi Presents Program in Honor Of Bach's Memory

Beta Phi Chapter of Pi Mu honorary music society, recently presented an all Bach program in the City Club Room in observance of the 200th anniversary of the death of Johann Sebastian Bach. Mrs. Lilly Hartsfield, advisor of the Chapter, parents and friends were guests.
Following the program, members of the Mothers' Club served fruit punch and cookies during a social period. The table was centered with a bowl of red roses. For the program a picture of Bach stood on the stage. The easel was bordered with white lace vine.
The program included a sketch of Bach's life by Byron Byars. Other numbers were piano selections by Misses Patsy Darby, Sheila Lemons, Kay Stewart, Vivien Brake, Ouida Williams, Clo Ann Johnson, Claudette Matheny and Mrs. Helene Mathews.
Others present were Mrs. Lillian Zamora and Misses Barbara Southard and Jaunette Adams.
The American Radio Relay League, organization of amateur radio station operators and owners, was founded in 1914 by the late Hiram Percy Maxim.

DONNA GAYLE JONES (above) will dance "The Fiery Princess" in a ballet number of "Footloose and Fancy" in this year's revue presented by Helene Madeira Dance Studio Tuesday evening at 8 o'clock in the Junior High School Auditorium. The revue is sponsored by the Jaycee-Ettes and proceeds will go toward the Community Center fund.

PAMPA NEWS, THURSDAY, JUNE 1, 1950 PAGE 9

★ WE, THE WOMEN

BY RUTH MILLETT

NEA Staff Writer

"I always tried to give my employers a little more than they paid for" is the way one highly successful woman recently explained how she had gone ahead. But she was quick to add that today's young people would probably find that explanation terribly old-fashioned.

Old-fashioned or not, the boys and girls who are graduating from school this June and entering the business world couldn't do better than to memorize those words and make up their minds to put them into practice.

There are many ways of giving an employer more than he pays for.

Such little extras as treating customers like human beings is an "extra" that pays dividends. So is learning all you can about your job as fast as you can. Maybe you are just being paid to know enough to do what you are told, but learning more about it on your own will make you really good at the job. SMILES PAY DIVIDENDS.

A happy, pleasant disposition is another extra on any job. You may never get fired for acting discontented or for being hard to get along with, but you aren't likely to be picked for a better job, either.

Another "extra" is not being afraid to take on a job now and then that isn't in your regular line of duty. The extra job or

High Officers Face Trial in Yugoslavia

BELGRADE, Yugoslavia — (AP) — Two high ranking military men who tried to flee to Romania after the Cominform's break with Premier Marshal Tito face trial as traitors in a military court here tomorrow.

They are Maj. Gen. Branko Petricevic and Col. Vlado Dapcevic, who reportedly were members of a Yugoslav group which sided with the Russian-led Cominform. They were captured Aug. 12, 1948, as they made their escape attempt. Gen. Arso Jovanovic, former Yugoslav chief of staff who was with them, was killed but another refugee, Air Force Maj. Gen. Pero Popivoda, made good his escape.

Dapcevic is the brother of Col. Gen. Feko Dapcevic, a top figure in Yugoslavia's army often mentioned as a possible successor to Marshal Tito. The general denounced his brother as a traitor shortly after his attempted flight.

added responsibility often turns out to be a real opportunity. And still another "extra" is to make your employer's interests your interests. That attitude is sure to be noticed and appreciated, no matter what your job happens to be.

"Give an employer a little more than you're paid for" and the opportunities will come your way.

Englishmen Called Lawless on Highways
 LONDON — (AP) — Dr. A. L. Goodhart, a New Yorker who teaches jurisprudence at Oxford University, says that on the highways this country "is one of the most lawless in the world because its traffic laws are inadequate."
 He told the Pedestrians' Association at its annual meeting here, "If deaths per 100,000 vehicles are compared, America's ratio is 71 to Britain's 163 a year."

Two Years of Work Goes Up in Smoke
 DANVILLE, Calif. — (AP) — It took the George Helebrandts two years of hard labor to remodel their six room frame house. They finished it yesterday in the heat of the day.
 As they sat in the patio resting from their hard work, they heard a crackling sound inside the house. Rushing inside they found the house aflame.
 It burned to the ground.

THE OLD MASTER—Boxing coach Mosey King, Artist Leopold Seyffert and Gene Tunney, former heavyweight champion, left to right, attend the presentation to Yale of a portrait of Eddie Egan in his ring days. Seyffert did it. The chairman of the New York Boxing Commission was world amateur heavyweight champ.

"HIGH" OFFICIALS LEND A HAND—These lucky German youngsters almost got into the "wild blue yonder" before they took their helicopter spin as guests of the U. S. Air Force at Tempelhof Air Base, Berlin. Attendants on tall stilts gave the kiddies a lift into the "copter. The treat was part of an Air Force "open house."

Freight Firm Given Permit

AUSTIN — (AP) — The Third Court of Civil Appeals yesterday upheld the Railroad Commission's action granting Southern Pacific Transport Company the right to operate between Shepherd and the Texas-Louisiana line.
 The appellate court's decision affirmed trial court judgment which had rejected Red Ball Motor Freight Inc.'s attempt to set aside the commission order.
 Red Ball objected primarily on the ground that the commission order did not insure that the T. & N. O. railroad line, owned by the Southern Pacific rail line, would be coordinated with the paralleling Southern Pacific motor carrier line as a single service. Red Ball operates over the same route.
 Associate Justice Raymond Gray, author of the opinion, said the court thought the coordination service proposed by Southern Pacific officials was a uniting of the separate facilities. The court upheld the commission's

Garbage Collector Accused of Taking Bows Reinstated

BEBINGTON, Eng. — (AP) — The city council took pity yesterday on Sidney Cooper and gave him back the job he lost for driving his garbage truck in Queen Elizabeth's procession, when he maneuvered his bright orange garbage truck into the procession only three cars behind the queen as she passed through here on her way to Birkenhead for a ship-launching ceremony.
 The city health committee, which fired the 46-year-old driver last week, accused him of taking bows for cheers intended for the queen.
 Cooper, father of eight, denied it. He said he just got caught in the traffic and couldn't get out.
 Friends sent a petition signed by more than 1,000 persons to Buckingham Palace asking the queen to intervene on Cooper's behalf. They received a formal acknowledgement, but the council said there was no royal request to put Cooper back on the job he had held for 17 years.
 He was re-hired and his right to a pension restored, the council said, as an "act of clemency" to start the term of the new mayor, S. J. Statham.

Labor Pacts Provide Fishing, Funerals

NEW YORK — (AP) — Fishing and funerals are going into labor contracts these days. One company grants its employees fishing and hunting rights on its private game preserve. Another provides an extra holiday to go fishing. Funerals appear in some new contracts which provide paid time off when a member of the employee's family dies.
 Other new labor practices and contract provisions reported by the National Industrial Conference board include:
 One contract provides payment for meals besides overtime pay when overtime is worked. Another firm guarantees that its salesmen's commission earnings will not be less than last year.
 Another contracts for a pool of maintenance work to reduce layoffs. One firm cut hours of work from 40 to 32, but for seven weeks it paid half the difference in pay to ease the strain.
 One firm found, via court decision, that its handbook for employees was a labor contract. The handbook promised dismissal pay. When sued, it had to pay. Another company started an insurance plan that pays \$100 when an employee has a baby.
 U. S. dairy herd improvement associations cover more than a million cows.

Attack Fells Man But Train Doesn't

BIRMINGHAM, England — (AP) — Charles Paine, 66, fainted on a railroad platform and fell into the path of an express train. The train passed over him before the engineer brought it to a stop.
 He was found clinging out from under the last coach, his only injury a small cut on the head.

Let's Talk Things Over With Gabby Garrison

Just two more days until the Oilers will be back home. Saturday night's contest against the Clovis Pioneers will be the second time the local club has seen action in Oiler Park since May 15. On that date, they lost to the Amarillo Gold Sox, 9-1. But in their last appearance, they completely reversed the situation and downed the Lubbock Hubbers by the same 9-1 score. That one home contest with the Hubbers was the only one played in the scheduled three game series, the other two being rained out. At least that's one thing we can look forward to — at least one extra doubleheader with the Lubbock bunch. Thus far this year, we've met the Hubbs nine times, and we've won five out of the group. We had previously beaten the Hub City nine only once since our first four game sweep. But getting back to the things at hand, the Clovis Pioneers hold a 3-1 edge on the Oilers in games played this year. This is certainly a far cry from the year 1946 when the New Mexico representatives lost 21 straight games to the Oilers and failed to win a single game against Pampa all year. Things have certainly changed since then.

The reign of Paul Dean, erstwhile half of the "me'n Paul" hurling combination, seems to have been the shot in the arm that the Pioneers needed. Although the Clovis group has recently plummeted to the lowest perch they have held all year, they are still higher than usual, and, at the present, higher than our Oilers.

Incidentally, Paul Dean is still trying to sell his Pioneers. The reason isn't exactly known, but it could be that he is wanting to get out while the gettin's good. The Pioneers just finished losing a four game series to the Borger Gassers, and unless they exceed my expectations, they are probably in for a rougher time than before, against the Oilers.

I still can't get over the way the Oiler hitting has improved. Many times has it been said that the best defense is a good offense. If that is the case, the

Oilers should have about the best defense in the circuit. And when the locals attain the polish toward which they are working, their all around set-up, offense and defense, will carry them to a pennant. The Oiler management has not relaxed a minute since the season started and is maintaining an everlasting vigilance for new talent. This is evidenced by the recent temporary attainment of Bo Dempsey and Os Engle. It is not known whether or not either of the two will stick with the team, but it is nice to know that the front office is wide awake. Engle was a great asset last year to the Oilers, and Dempsey was certainly a big gun in the Lubbock lineup. But Dempsey managed only one hit in 12 appearances at the plate while playing four games in an Oiler uniform. His action was all against his former teammates. Engle, who comes here from Anniston, Alabama, in the Class "B" Southeastern League hit safely only once in eight attempts. Last year, Os hit .302 in 73 games for the Oilers and boasted a .909 fielding record with only 11 errors. He was one of the few outfielders who took part in a double play last campaign.

Just reminiscing, brings back memories of the 1946-47 season when three hurris were literally "burning up" this league. Wild Bill Evans, Amarillo fireballer, and Warren Hacker and Bill Garland, of the Oilers. The latter two furnished our league champions with a seemingly unbeatable one-two punch that carried them to the championship. Now, Garland has returned to the Oilers, after spending a couple of years in the Class A and B leagues. But Hacker and Evans seem to be gone for quite a spell. Hacker, at the most recent count, was sporting three wins and no defeats for Springfield in the Triple "A" International League. Evans, on the other hand, is reportedly working for Oakland in the Pacific Coast League, although his name has been missing from the box scores for the past few weeks.

The SARAZEN SWING

Hands, Supplemented by Stance, Take Care of All Phases of Swing

By GENE SARAZEN

Winner of Them All
If a golfer masters the correct grip — and consequently the correct stance — he doesn't have to worry about cocking his wrists, for example.

The hands, supplemented by the stance, take care of all the other coordinated phases of the swing. This does not mean that golf is best self-taught.

A professional can be of inestimable value to every golfer if the teacher has the ability to work objectively on the swing that comes naturally to the pupil, to check his departure from the fundamentals and diagnose the key correction. He should build the player's swing up rather than tear it down.

When I am scouting a new player for the sporting goods people with whom I am associated, the first thing I look at is his hands.

Is his grip at the address impressive? Are his fingers glued to the club at the top of the backswing?

When Sam Snead appeared out of nowhere in 1937, I had no reservations about recommending him. His swing would stand up through the years. His hands were right, very right.

NEXT: Study the grips and addresses of the stars.

HANDS UP — Sam Snead's fingers are glued to the club.

THE CELEBRATED BUDWEISER CLYDESDALES

Don't miss this magnificent hitch of eight world-famous Champion horses... weighing an average of 2000 pounds each... all pulling a huge, glistening wagon... going through difficult maneuvers at the flick of a rein. They're a sight that all your family will much enjoy and long remember. Don't miss them! SEE THEM ON THE STREETS OR AT.....

Sports Round-Up

BY HUGH FULLERTON, JR.
NEW YORK — (AP) — The U. of Missouri is coming up with another good distance runner, and they don't need a poll to tell you Pete Gallup will make an excellent mate for Bill McGuire... as a freshman this spring he ran a 4:20.8 mile to beat McGuire's best yearling time and a 9:35.9 two miles that surpassed John Munski's freshman record... Larry MacPhail will sell nine of his yearling thoroughbreds at the Saratoga auctions this summer... he'd get better prices if he could persuade his Brooklyn successor, Branch Ricksey, to act as auctioneer... baseball scouts at the District 4 NCAA playoffs will have their eyes on John Biskup, a pint-

sized catcher who batted .369 for Ohio U this spring... seems that Biskup can sock that old biscuit.

VINDICATION
During his two-year term as Davidson College football coach, Charley Jamerson proved himself a non-conformist. He wouldn't bring out the crying lower like other Southern Conference coaches... inheriting a sophomore team that had won six of nine games, Charley cut loose a flock of optimistic predictions, but wound up with only three victories... Last fall Jamerson had the same squad, including 23 seniors, so he forecast the best season in 28 years for the Wildcats. Result: eight losses in ten starts... in baseball it was just as bad when a team boasting lettermen in eight starting positions lost 16 out of 19... but the Davidson students didn't give up on Charley... in the last week of school

they gave him a resounding vote, not for the head coach, athletic director or even the publicity jobs... but as cheerleader for the coming season.

ONE-MINUTE SPORTS PAGE
Baseball experts are looking for that White Sox-Senators trade to touch off a whole series of deals. But the two clubs claim they'll keep what they got... and, speaking of trades, Al Dark, who now is in a terrific slump, was the reason that Giants-Braves deal took so long last winter. Braves owner Lou Perini didn't want to part with Al... The U. of Virginia is preparing for big football crowds next fall by renumbering the stadium seats to put two more people in each row... at that, the customers will get two inches more than they usually do... Five of the best young golf prospects in the metropolitan area won't shoot for PGA quali-

tying places today. Dick Mayer, Doug Ford, Art Wall, Shelley Mayfield and Jay Hebert haven't completed their term of apprenticeship.

BINGO!
At the windup of Cornell's spring football practice, coach Lefty James figured his defenses were way ahead of the offense. So he staged an intra-squad game and the "whites" beat the "reds" 39-43... The Harlingen, Texas, ball park in the Rio Grande Valley League has neon-lighted uprights to mark the foul lines... If a visiting player socks one just inside, they probably start flashing, a bell rings and a sign comes on that says till... When they call that baby, they must have to use initials.

YOU KNOW ME, AL!
DULUTH, Minn. — (AP) — Alvin Fahringer, 21-year-old outfielder for the Duluth Dukes, St. Louis Cardinal affiliate in the Class C Northern League, lines up against Superior, Wis., outfielder Allen Fahringer when the two clubs meet. They're brothers — twins — and both answer to the nickname of "Al."

Helps You Overcome FALSE TEETH Looseness and Worry

No longer be annoyed or feel ill-at-ease because of loose, wobbly false teeth. FASTEETH, an improved Alkaline (non-acid) powder, sprinkled on your plate holds them firmer so they feel more comfortable. Soothing and cooling to gums made sore by excessive acid mouth. Avoid embarrassment caused by loose plates. Get FASTEETH today at any drug store.

Crosby's Sons Will Assist Dedication

HOLLYWOOD — (P) — The four sons of Bing Crosby will serve as altar boys at the dedication mass of the San Antonio de Padua Mission near Paso Robles, Calif., on June 24.

They will be among a host of other film colony celebrities who will attend the ceremonies. Others include Ruth Hussey, Ann Blyth, Joan Leslie, J. Carroll Nash, Sigrid Gurie and Pedro de Cordoba.

Church and state officials—including Gov. Earl Warren — also are expected to attend. The rites will mark completion of restoration of the mission which began in 1903.

Fish that died millions of years ago are an aid to the modern geologist searching for water far underground.
