## Reds Launch Savage, All-Out Drive

AMERICAN MORTAR CREW OPENS FIRE—An American 81 mm. mortar crew fires at onrushing North Korean troops during one of the Communist drives against the U. S. First Division. Continuous pressure by the Communists all along the front is endangering our defensive position.

### Decisive Battle Started for Last U.S. Foothold in Korea

TOKYO, Saturday—(P)—Red North Korean invaders threw a savage armored attack at American divisions today in a decisive battle for the remaining U.S. foothold in South Korea.

The North Korean Reds were attacking in the rain along the whole front with an estimated 90,000 men in nine divisions.

### Army Ponders Another Call By Year's End

WASHINGTON—(AP)—The Army already slated to get 100,000 draftees by October 30, may follow up with at least one more draft call before the end of the year to boost its strength near the 800,000-man mark.

While the Air Force and the Navy are working to see if voluntary will fill their combined 540,000-man quota, the Army made clear yesterday that it is relying heavily on the Selective Service Act to meet its manpower needs.

It headed its September draft call from 20,000 to 50,000 and it would call up another 50,000 men in October. Even this increased total would fall short of bringing the ground forces to their 800,000-man goal. Army manpower on June 30, the last day for which figures will be released, was about 591,000.

In addition to the Army, the United States is building as swiftly as possible toward an Air Force of 548,000 and a Navy of 575,000. For 12 months all enlistments in the armed services. This affects nearly 300,000 enlistments due to expire before June 30, 1951.

In a companion move, the Army extended by six months the duty of all personnel in foreign service, except for the Far East command, where officers and men will be held "as long as may be necessary."

In a move to stabilize the military budget, President Truman yesterday signed an executive order extending for 12 months all enlistments in the armed services. This affects nearly 300,000 enlistments due to expire before June 30, 1951.

In a companion move, the Army extended by six months the duty of all personnel in foreign service, except for the Far East command, where officers and men will be held "as long as may be necessary."

Tonight is "get-together night" for the entrants in the Soap Box Derby. Tonight they will all meet in the Palm Room of City Hall at 7:30 to enjoy an ice cream and cake party and watch movies. The party is being given by Cul-Ferson Chevrolet, co-sponsor of the derby along with The Pampa News, the Pampa Lions Club and the Chevrolet Division of General Motors.

Saturday at 1 p. m. the contestants will gather, with their teams, on the course on the old Miami highway, to make their last runs. Then on Sunday afternoon the big race will be held, starting at 8:30.

A total of 44 cars have been built, out of the near sixty original entrants.

The winner of the local race will receive many fine prizes, as well as the rest of the contestants. The local winner will also receive an expense-paid trip to Alton, O., and the national race on August 13. There he will compete against boys from all over the nation with a four-year college scholarship going to the national champion.

Due to an error by transportation in sending returns, the name of Jesse Roberts was listed as being in the runoff for county commissioner of Pampa in the August 28 runoff.

A ballot of Clyde Brown was set and high man with a total vote of 112 while Roberts' vote was 101. The runoff will be held on August 28.

Officially, the runoff will be held on August 28. The runoff will be held on August 28.

Officially, the runoff will be held on August 28. The runoff will be held on August 28.

### Wage-Price Control Campaign Gains Congressional Headway

JAMES P. HART

### Chancellor Salary Highest of Any Official in State

AUSTIN—(P)—Modest, quiet James P. Hart, associate justice of the State Supreme Court, will be the first chancellor of the University of Texas.

The 45-year-old jurist will assume his new duties Nov. 15 at an annual salary of \$20,000, the highest pay ever offered a state official.

As chancellor, he will be top administrative officer of the university and its many branches. He will be the long-range planner, the man who studies problems and makes recommendations to the university board of regents.

How does the rangy, blue-eyed, light-brown-haired judge feel about his new job?

"Right now, I feel overwhelmed," he told reporters when they barged into his office yesterday afternoon.

Problems of the university are things I'm going to have to study. I don't want to make up my mind on any of them until I know more about them than I do now.

Hart said in reply to a question about the salary that he had declined comment when asked the salary of the chancellor.

The salary of the chancellor is the highest of any official in the state.

WASHINGTON—(P)—Considerable support built up in Congress today for a drive to put the country under rationing and wage and price control. The idea is to substitute full home front mobilization for President Truman's limited economic control bill.

### Runoff Ballot Places Drawn

Members of the Gray County Democratic Committee this morning drew positions on the August 28 runoff ballot in the office of Secretary Dee Dodson.

Following the order of ballot, Dodson began preparing the dummy for delivery to the printer sometime today.

Positions given candidates in the drawing are: Lieutenant Governor — Ben Kausery, Pierce Brooks.

Supreme Court, Place 1—Fagan Dodson, Will Wilson. Supreme Court, Place 3—Meade Griffin, George Hawwood.

Court of Criminal Appeals — Robert Lattimore, W. A. Morrison. Agriculture Commission — J. E. McDonald, John C. White.

Congress — Altvater Clark, Walter E. Rogers. County Commissioner, Pct. 1 — Arlio Carpenter, Joe Clarke.

County Commissioner, Pct. 4 — Earnest Beck, Clyde Brown. Justice of Peace, Pct. 2, P. 3 — G. L. Linsford, John V. Andrews.

Abstentions balloting will begin Aug. 6 and end at midnight, Aug. 22.

### Anti-Leopold Action Idles Thousands in Belgian Capital

BRUSSELS, Belgium—(AP)—Brussels walked to work today as the country's widespread anti-Leopold strikes hit the capital. The city's factories and most large department stores were closed.

With some 300,000 workers already idle in protest against King Leopold's return to his throne, both the monarch's supporters and his opponents pulled their back-to-back lines tighter. Tension mounted throughout the nation.

An anti-Leopold demonstration of 100,000 people received a 15-minute night in a bloody 30-minute fight between police and anti-Leopold partisans who penetrated to within 100 yards of the king's palace at Leopold.

The dead man reportedly was run down by a car he was trying to stop.

### No Contract Let On Stadium Work

Replacement and repair work on the east grandstands of the Harbort stadium were discussed last night at a meeting of the school board.

Plans for this work have been received by the board from several sources, but none of these were accepted. Tentative plans are to replace the grandstands with steel. The old wooden ones were damaged in the recent wind storm.

### Polio Total Less Than '49 Figure

NEW YORK—(AP)—There is hope this far in 1950 that there was for the same period a year ago, says the National Foundation for Infantile Paralysis. There were 5,151 new polio cases reported up to July 22 of this year, the foundation said yesterday, compared with 6,323 for the same period in 1949—when polio cases hit a record high.

### Editor Praises Food Situation

PHILADELPHIA—(P)—America has enough food and farming "know-how" to meet any emergency, the editor of the agricultural magazine "Country Gentleman" said today.

### Sale of Bonds Misses Quota

Purchases of savings bonds in Gray County during the Independence Drive totaled \$94,557.75 or 96.45 percent of the quota. Sherman White, county savings bonds chairman, announced today after receiving final sales figures from Nathan Adams of Dallas, state chairman.

The county's quota was \$98,000. The Independence Drive was held May 15-July 4, with sales through July 17 being credited to the state and county quotas.

Total sales in Texas were \$28,383,274.75, or 105.37 percent of the state's \$24,088,000 quota. Adams said. The state quota was reached and exceeded during the last week of the drive, when a final burst of bond buying marked up over \$7,000,000 in sales of Texas' 254 counties, 103 exceeded their quotas.

### 14 Now Being Held In Drive Against Auto Parts Thefts

The number of Pampa youths involved in the questioning regarding stolen auto accessories now stands at 14. Pampa police revealed today.

Ages of the youths now being held range upward to a point where some can face criminal prosecution. Police Chief John Wilkinson indicated, others may be turned over to juvenile authorities.

In some instances, the accessories have been recovered, Wilkinson said.

He said that since October of last year, 261 thefts have been reported to the department. A large number of these, he said, involved auto parts thefts and are believed to have been committed by Pampa youths.

### Military Isn't Buying Lumber For Stockpile

WASHINGTON—(AP)—The Defense Department says its lumber requirements are substantially greater "because of the developing situation" but that there is no program for big-scale buying to build up a stockpile.

A spokesman added that as wartime camps are reopened and as other construction and requirements for crating of materials for the Korean war increase, additional quantities of lumber will be needed.

In the pre-mobilization days of World War II, the Army, Navy and Air Force each did their own lumber buying, competing in the open market and thus boosting lumber prices.

Now all buying for the military establishment is done by one agency, the Army Corps of Engineers. Officials say this has eliminated competitive price boosting.

### Louisiana Salesman Buys 232-Foot Ticket

HOUSTON—(AP)—A New Orleans magazine salesman purchased a Texas-sized bus ticket today.

J. L. Rosecrans plans to visit 252 of Texas' 254 counties during the next six months. His bus ticket is 232 feet long and includes 305 stops.

### U.N. Envoys Split On Russian Return

Delegates to state conventions will be elected and resolutions adopted on party policies by both Democratic and Republican committees, convening in the state capitol today.

The Democrats will convene in the 21st District court room while the Republicans will convene in the county court room.

According to Texas election laws, each party is allowed to elect one delegate to the state convention for each 200,000 votes, or major fraction of 200,000 votes cast for the party's candidate for governor in the last preceding general election. In this case, it would mean the general election of 1948 when the late Benford H. Jester was re-elected.

According to the statutes, the Democrats of Gray County should be allowed 16 delegates to the Sept. 12 state convention of Mineral Wells. This figure is interpreted from total of 1,738 votes given Jester by Gray County in 1948.

By the same token Gray County Republicans may send three delegates to the state convention of Galveston on Aug. 8 for the 157 votes Alvin Lane, Republican, received from Gray County in 1948.

The delegates are to be selected by delegates to the county convention that were elected at precinct conventions last week. Precincts are permitted one delegate for each 250 votes cast for the party's candidate for governor in 1948. This gives the Democrats a potential delegate at large of 168, and the Republicans 23.

Resolutions concerning party policy are said to be adopted by each convention.

Party chairman John Andrews, Democrats, and Don Conley, Republicans, said today that they hoped every delegate selected by the precinct conventions will attend the county conventions.

### Plans Completed For Rodeo Events

Directors of the Top of Texas Rodeo Association have completed final details for the sixth annual rodeo and horse show.

All committee chairman report that their preparations completed. Final plans for booster trips to be made Aug. 1, 2, and 5 were laid by the directors. Pampans wishing to go on the trips are requested to call 382 or 384 by Saturday. The fee will be \$2 each for the first two days and \$4 for the third day.

### Official Worried by Bridges' Inadequacy

AUSTIN—(AP)—State Highway Commission Chairman Fred Wemple is concerned over inadequacy of many Texas bridges to carry heavy military traffic.

Wemple said yesterday that a commission survey shows 38 percent of the state's 11,200 highway bridges are too narrow and 31 percent of the state's 256 bridge miles are too weak to support the present legal axle load of 18,000 pounds.

### WOMEN RECRUITED

WASHINGTON—(AP)—The Army said today the North Koreans are reported to be recruiting 50,000 Korean women for use in the combat area.

### Decisive Battle Started for Last U.S. Foothold in Korea

TOKYO, Saturday—(P)—Red North Korean invaders threw a savage armored attack at American divisions today in a decisive battle for the remaining U.S. foothold in South Korea.

The North Korean Reds were attacking in the rain along the whole front with an estimated 90,000 men in nine divisions.

## New Demo Campaign to Oust J. E. McDonald Taking Shape

By DAVE CHAVENS Associated Press Staff — A new fight by the United States of Texas organized Democrats to oust J. E. McDonald as commissioner of agriculture is taking shape. McDonald himself brushed it off. "I am confident the voters of Texas will again endorse my re-election at the polls," he told the Associated Press. He noted that in 1948 he had polled more votes than any other Texan in history.

## Lions' Gathering Roaring Success, Pampa Chief Says

The Lions International Convention two weeks ago in Chicago was a roaring success, 8,000 members of the organization gathered for the first time in the city. The convention was held at the Waldorf-Astoria Hotel and was a great success. The Pampa Lions Club was one of the many clubs that participated in the convention.

## British's Eastern Fleet Bolstered

LONDON — (AP) — The Royal Navy has announced plans to bolster its Eastern fleet on a wartime footing. The fleet will be increased to 100 ships, including 10 battleships, 10 aircraft carriers, 10 cruisers, and 10 destroyers. The fleet will be based in the Indian Ocean and will be responsible for the defense of the British Empire in the East.

## 60-Day Truce Puts Texas Co. Workers Back

PORT ARTHUR — (AP) — Striking CIO oil workers are going back to work at Texas Company plants here and at Port Neches under a 60-day truce. Two locals of the Oil Workers International Union approved the truce last night. Some 5,000 union workers have been affected since the strike started April 4. Company officials said the workers would be back at work in a week or two.

The plants were reopened about five weeks ago. The company said operations resumed with supervisory help doing the work. The union charged non-union labor was being used. Before balloting by Local 23 in Port Arthur and Local 228 in Port Neches, union officials said the company had agreed to drop disciplinary action filed against 13 members of the Port Neches local. Negotiations between the company and union will continue during the truce. Being disputed are wage adjustments, health benefits, and changes in the pension plan.

## Family Allowance Bill Is Introduced

WASHINGTON — (AP) — Rep. Vinson (D-Ga.) has introduced a bill to set up family allowances for dependents of men called into the armed forces. It proposed a scale of allowances higher than those of the last war. A wife, or dependent parent, would receive \$75 a month instead of the \$50 of World War Two. Of the \$75, the government would provide \$45 and \$30 would be taken out of the serviceman's paycheck. The \$50 of World War Two was divided \$22 from the serviceman and \$28 from the government.

## Appeals Court Race Runoff Is Eliminated

DALLAS — (AP) — The Texas Election Bureau's latest report yesterday showed Jack Pope of Nueces County with a 199-vote majority over three opponents in the race for associate justice of the Fourth Court of Civil Appeals. Pope had 75,148 votes; Joe Burdick 28,540; Austin F. Anderson 27,511; and Arley V. Knight 18,988. Reports to the election bureau were complete from the 48 counties in the district with seven counties reporting official tallies.

## CHANCELLOR

(Continued From Page One) pointment was made by Dudley K. Woodward, Jr., of Dallas, chairman of the university board of regents. Only a week ago there had been reports, denied by university officials, of alleged dissension among board members over choice of a chancellor. Woodward said the board elected Hart Tuesday "upon unanimous recommendation of the advisory committee selected by all the faculties, ex-students, and the university development board." The University of Texas graduate has been a member of the state Supreme Court since his appointment by the late Gov. Beauford H. Jester Oct. 1, 1947. One of the youngest men ever to serve on the high court, he was elected to a full six-year term in 1948. At Hart's suggestion the regents agreed that he should not resign from the court until Nov. 15, thus allowing him time to complete his judicial duties. He said he had considerable work to do. Hart's date of resignation will permit Gov. Allan Shivers to appoint a successor until the general election in 1952. Dr. Panter will act as chancellor from Sept. 1 to Nov. 15. Thereafter, he will be charged only with administrative responsibility for the main university (at Austin) and the Institute of Marine Science, Port Aransas. Establishment of the chancellor system was ordered by the board of regents in January after members agreed that "the growth of the University of Texas and its various branches has produced administrative problems which cannot be handled effectively under the existing arrangement."

FISH DOG — Most hounds got their kicks out of life chasing cats or retrieving birds, but Sorrel goes for fishing hook, line and sinker. Here the Irish setter, owned by Maury Darr of Guerneville, Calif., splashes out of the Russian River with a 10-inch shad clamped in his mouth.

# Solons Pledge To Fight Any Black Market

WASHINGTON — (AP) — Senate crime investigators promised today to keep a sharp lookout for any signs of war-spawned black market operations by racketeers and criminal gangs.

They warned that shortages caused by the Korean fighting and an expanded military program are likely to draw "racket money" into trading in scarce commodities, black markets, in which scarce goods are sold illegally for high prices, traditionally springing up when a government undertakes to control sales.

A statement from the special Senate committee to study crime said that investigators "had found many leads tending to show that racket money was at the basis of black market operations of considerable magnitude" during World War II and the postwar period.

"With the present reported rush on the part of many persons to hoard commodities of every type," said Chairman Kefauver (D-Tenn), "there is undoubtedly a strong temptation for these racketeers to turn again to these lucrative by-lanes."

He added that if the committee uncovers evidence of this, it will promptly report to Congress and the public.

The committee statement said investigation already has disclosed that big-scale racketeers frequently attempt to "legitimize" themselves and their operations" once they accumulate large sums of money, by investing in lawful enterprises.

Senator Wiley (R-Wis), a committee member, said that "among these pseudo-legitimate enterprises are meat distributing concerns, grocery distribution agencies, sugar companies, steel and metal concerns, automobile and beer and liquor sales agencies."

He added that "several attempts by well-known racketeers to enter the steel and building supply business when these items were scarce have been uncovered by the committee."

The present heavy demand for these articles, Wiley said, may be tempting to "some of the individuals whose names have come to the committee's attention in connection with interstate criminal operations."

## Fort Worth Man Drowns Near Denton

DENTON — (AP) — James T. Bartley, about 35, an iron worker from Fort Worth, drowned yesterday in Denton Creek ten miles southeast of here.

He slipped on the creek's muddy bank and fell into 12 feet of water while fishing. The body was recovered about an hour later.

Lignite is known as "brown coal" in Europe.

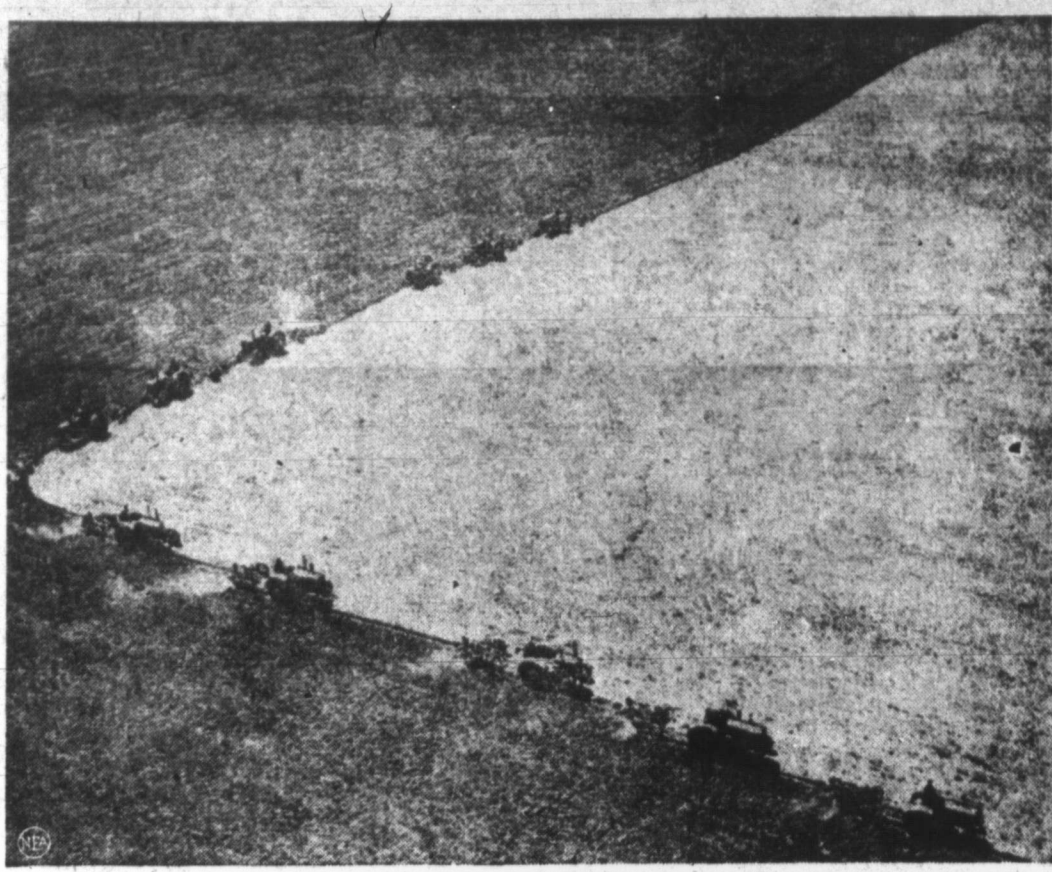

Mrs. Stella Clark, 1026 Cornell Ave., Indianapolis, Indiana, who was suffering from deficiencies of Vitamins B-1, B-2, Iron, and Niacin, thinks a vigorous appetite, fine food and lots of good, sound sleep are keys to health and happiness. All of these were made possible by the blessings of HADACOL when HADACOL overcame these deficiencies.

Here is Mrs. Clark's statement: "Before I started taking HADACOL I was troubled with nervous indigestion. My stomach was just tied in knots when I would sit down to eat. You can imagine how I enjoyed my food and how much good it did me. It affected my sleep too — there was many a night I lay awake for hours and hours. I heard about HADACOL and have been taking it ever since. I have no more stomach distress. I enjoy my food and I sleep like a top every night of the week. I started my husband taking HADACOL and he, too, says that now he has never felt better in his life." I just can't thank HADACOL enough — and, of course, I recommend it to all my friends."

HADACOL Works . . . in helping to build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body — to the heart, liver, kidneys and lungs, even to the eyes, hair and nails. Countless thousands whose systems were deficient in Vitamins B-1, B-2, Iron, and Niacin are benefiting from HADACOL . . . even hundreds of doctors have recommended HADACOL to their patients.

Give HADACOL a Chance. Yes, give HADACOL a chance to help you. Refuse substitutes. Don't let anyone tell you something else is "just as good." Insist on genuine HADACOL. You risk nothing because HADACOL is sold only on a strict money-back guarantee. You'll feel better with the first few bottles you take or your money back. Trial size only \$1.25. Large Family or Hospital size, \$3.50 — adv.

**RAISING GAIN'S SPIRITS**—When Wentz Cain of Lyons, Kan., became sick and unable to plow his farm, 12 of his neighbors hooked their tractors to plows and did the job for him. They made short work—and a pretty aerial picture—of plowing Cain's acres for next year's crops.

# America's Shift From Building Peacetime Effort to Rearmament Creates Dark Picture

## Letter to Veteran of Last War Tells Need in Korea

By HAL BOYLE  
AN ADVANCED HOT SPOT IN KOREA — (AP) — This is a quick letter to any G. I. who went through the second world war and wants to know what things are like here.

Dear Joe: This is the way it is. The real problem is that we need more men in the battalions than we have now to win a quick decision.

At the top the generalship is good, and experienced. The basic problems of the generals has been spread, a small number of troops too thin and to ask too much of them — because that was all that could be done under emergency circumstance.

Now the task is only to beef up the forces we have — and victory is inevitable. This can be done by putting more men in the line and equipping them with more and more of the fine new weapons we have developed since 1945.

Just to let you know how things are I will tell you what happened to me in my first day's visit to the front.

It was roughly about a 160-mile round trip to get to the front and back. It was encouraging to see the mass American muscle moving up. The rock-ribbed roads had old stones sticking up through them. Dust rose in gray clouds so thick that at mid-day ammunition trucks turned their lights on.

And the Korean railway trains went by loaded with enlisted Joe's who fought both by order and by personal loyalty to the buddy next to them.

But they did fight together — 19-year-old privates and 40-year-old sergeants with almost 25 years of Regular Army service.

Well on this first visit to the front I rode with Bill Lawrence of the New York Times and Hal Levine of Newsweek magazine. On our way to a forward artillery battery we passed two dead men being ferried out on a Jeep. One was a lieutenant killed by the mine he had laid himself.

Then we came to a creek bed swept by artillery or tank fire. Two men in the battery area we visited were wounded seriously by this mysterious enemy fire near Yongdong, an area we held then.

A third man was hurt by a shell burst some 75 yards from us. We offered to bring our Jeep to evacuate him but an ambulance came along before we could get our Jeep. I will never forget the look of gratitude on the face of the freckled kid when

we got to the front. The Siamese giant frog lays its eggs in rapid water and heaps sand over them.

**CHAMPION'S ICE CREATION** — Olympic champion Barbara Ann Scott wears her "Rose Marie" wedding dress during rehearsal for ice show at Harringay Arena, London.

## Prisoners' Attempt To Escape Foiled; Guard Is Burned

EDDYVILLE, Ky. — (AP) — A guard at the Eddyville State Penitentiary was burned seriously yesterday in an attempted escape by four prisoners described by Warden Jess Buchanan as "poorly planned."

The warden said Carl Reiding, 27, was burned on the face, head, arms and hands when the prisoners hurled bottles stuffed with gasoline-soaked cotton into his guard station on the prison wall.

Dr. Sidney Dyer, prison physician and operator of Dyer Hospital at Kuttawa, said last night that Reiding "is in bad shape but has a good chance to recover."

Buchanan said the prisoners crept behind a boiler house and a smaller adjoining structure in the prison court yard to within about 35 feet of the elevated guard station and threw at least four bottles into the guard station.

The bottles burst into flame and ignited Reiding's clothing. The prisoners fled when the guard fired one shot, the warden said.

Buchanan said the prisoners' apparent plan was to "knock out the guard station and go over the wall in broad daylight." The prisoners did not have a ladder.

The bottles thrown by the prisoners were similar to those used by the Russians to knock out German tanks in World War II. They became known as "Molotov cocktails" during the war.

Reiding is a veteran of World War II. He has a wife and two children.

The Siamese giant frog lays its eggs in rapid water and heaps sand over them.

Until recently the western allies had figured that it would take Russia three or four years to reach economic and military preparedness. That fact was taken into consideration by the Atlantic Pact nations in laying their own plans for developing military security. Now they suddenly find that this estimate was far too optimistic.

So we see America and her allies rushing plans to meet any possible attack. That is the all important subject now before the twelve deputies of the North Atlantic Council meeting in London.

Of course the democracies have a notable precedent to remind them of possibilities. They aren't likely soon to forget that Adolf Hitler performed the staggering feat of rearming a defeated Germany right under the noses of surrounding nations without their realizing what was happening.

The western powers have no intention of handing such an advantage to any other aggressor nation. Consequently they must make a quick mobilization of resources for rearmament. And since military preparations are not economically productive, it means that Americans must tighten their belts so that they can donate to preparedness.

There probably is ahead of us a long, hard grind of sacrifice. And as previously remarked, the prospects aren't rosy.

Many efforts to build steam cars were made in England in the 18th Century; one having legs instead of wheels.

## Chrysler Earnings Decline Sharply

DETROIT — (AP) — Chrysler Corp. has reported net earnings of \$39,543,119 for the first six months of 1950.

This is equal to \$4.84 a share and compares with net of \$53,222,847 or \$6.12 a share in the corresponding period of 1949. This year's net includes \$2,714,932 of foreign dividends.

# FUNNY BUSINESS BY HERSCHBERGER

"Have you a place where a girl can go for a vacation, meet nice young men, become engaged, and get back in two weeks?"

K. T. Keller, Chrysler president, by our loss of production due to the strike which began on Jan. 25, 1950, and ended May 4, 1950.

"Sales in units and dollars, as well as net earnings, for this period were adversely affected."

- 836 S. Gray  
Rev. L. H. Davis, Sunday School, 9:45 a. m. Preaching service, 11 a. m. Training Union, 8 p. m. Sunday.

**SALVATION ARMY**  
111 E. Albert, Sunday School, 9:45 a. m. Sunday Holiness meeting, 11 a. m. Young People's League, 7:45 p. m. Salvation Meeting, 8 p. m. Mid-week service, 8 p. m. Wednesday; Ladies Home League, 2 p. m. Wednesday.

**SEVENTH DAY ADVENTIST CHURCH**  
Corner Parkside and Browning, Edward K. Kowig, pastor. 715 Howard Sabbath School, 9:30 a. m. Morning worship, 11.

Beside Still Waters

Those stirring words of the Twenty-Third Psalm: *He maketh me to lie down in green pastures... He leadeth me beside the still waters... He restoreth my soul!*

The psalmist must have known the turmoil of life, even though he lived three thousand years ago. At least he had experienced the peace which comes upon a man when he escapes the bustling world and rests in the quiet stillness of nature's scene. And he caught its spiritual meaning!

A man's soul, like his body, needs to be restored. Just as sleep and recreation rebuild our physical strength, prayer and worship re-vitalize our spiritual being.

Thoughtfully, our forefathers taught us to spend part of each day in spiritual pursuits. Wisely, they set aside one day of the week for worship.

The Church provides opportunity for Sunday worship, and guidance in every-day devotion to God.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verse
Sunday..... Psalms	23	1-6
Monday..... Acts	2	30-38
Tuesday..... Genesis	9	8-17
Wednesday..... I Peter	2	4-11
Thursday..... Deuteronomy	31	6-8
Friday..... Isaiah	25	1-4
Saturday..... Romans	14	16-19

David, a Study in Contrasts

By WILLIAM E. GILROY, D. D.  
It is doubtful whether a character in history, king or commoner, ever manifested in his life and character greater and deeper contrasts than those revealed by David, King of Israel. He is pictured as the courageous shepherd boy, killing the giant Goliath with his stone and sling; as the gentle singer with the harp, in association with "the Psalms of David"; and in incidents of great beauty and magnanimity, which were rich and plentiful in his long and varied career. In the latter picture of the Shepherd-King the sterner aspects of his life, and the deep sins he committed, are either passed over lightly or ignored. Yet they are there insistently in the full and true picture — the warrior and man of blood, forbidden by that fact to build the temple the leader of a discontented band in the Cave of Adullam, a sort of ancient Robin Hood; the man of adultery, lured by the beauty of another man's wife; and the virtual murderer, ordering the husband whom he had thronged to be placed in the thick of a battle where he might be killed, and the adultery covered up. A dark, very dark, picture might be made, in striking contrast to the usual and conventional portrait of King David. Yet to make it would be to miss the real greatness of the man, and to miss the real truth concerning him. It would be to

miss an even greater truth concerning human life — that it is the goodness in men that is more important than the evil in them. Of course, while elements of goodness may mark true greatness in men, their evil doings should be neither condemned nor condoned, but seen in their true light. King David had the attributes of a great man. The crowning attribute of greatness is magnanimity, and David manifested it in a high degree. When Saul sought to take his life, and David could easily have killed him, he refused to strike him. When a courageous prophet brought home to David the sin of his adultery and the virtual murder of Uriah, instead of angrily punishing the prophet, he humbly acknowledged his wrongdoing. (II Samuel 12:1-14. When three of his mighty men risked their lives to bring him a drink from the well of Bethlehem, he was appalled that a casual off-hand wish should have occasioned such dangerous devotion. David viewed the water as the blood of men and he could not drink it, but poured it out as a sacred offering to the Lord. (II Samuel 23:13-17). Here, then, is King David, a great warrior, a great sinner, but a man of deep feeling, with great qualities of goodness and humanity; therefore, a good man, and a great King, who built the kingdom of Israel for the first time upon a solid and secure foundation.

In Hollywood

By ERSKINE JOHNSON  
NEA Staff Correspondent  
HOLLYWOOD — (NEA) — Maybe it won't impress Frank Sinatra and Ava Gardner, but Dennis Day, who has million-dollar tonnage, too, gets worry lines right under his widow's peak whenever he thinks about Gloria de Haven. It seems that Gloria, a Hollywood doll who seldom gets a thing-a-ling when they're looking for stained-glass window types, is about to throw a monkey wrench with SEX engraved on it smack into the middle of Dennis' fan club of dear, old, white-haired ladies.

When Gloria finishes bussing him soundly in Fox's "I'll Get By," Dennis broods, the radio-concocted pictures of him as an innocent lad in short pants will go boom-boom. It's worrying Dennis in the same way it would worry Gene Autry if he found himself in Mae West's boudoir right in front of a million bubble-gum blowers. Dennis looked around furtively and told me: "I'm box office with those old girls. When I play theaters, they hobble down the aisles on crutches and smash into other people with their wheel chairs. Tired business men want to see me. White-haired old women who collect old-age pensions want to see me." Dennis says he's been putting on the Little Lord Fauntleroy smile for year whenever somebody's grakima yells for him.

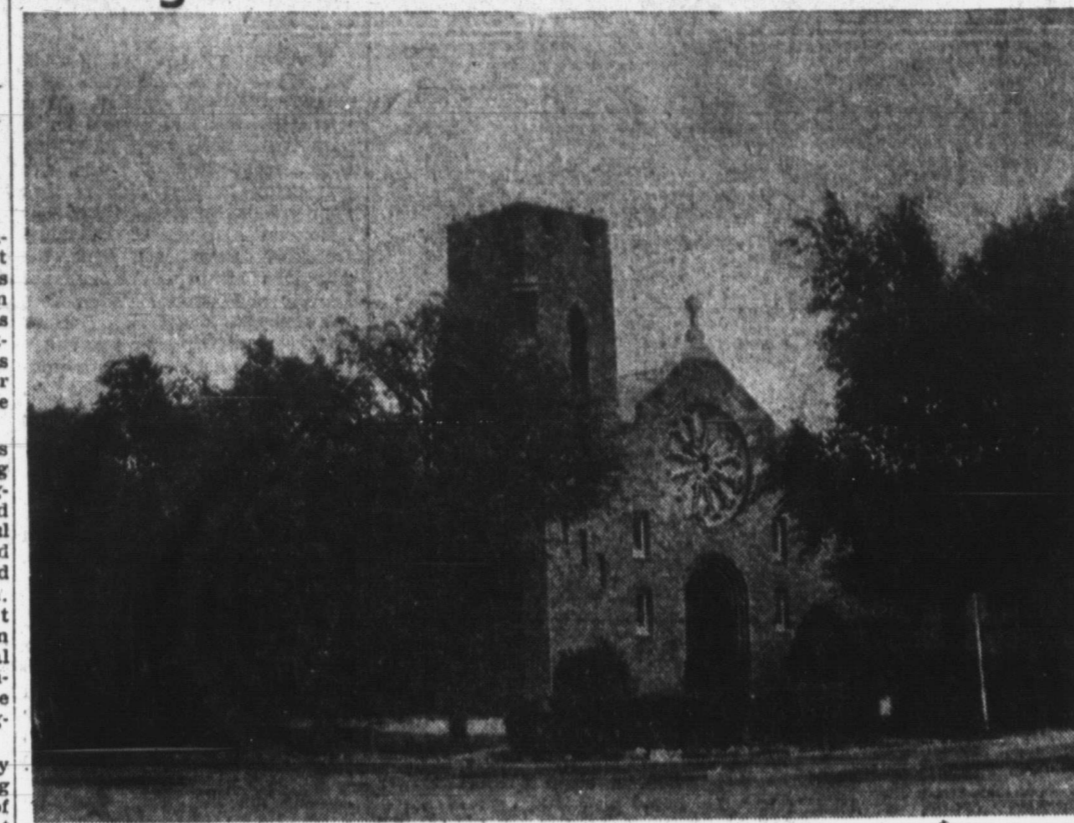

They think I'm really the mother's boy I play on Jack Benny's radio show," he sighed. "They don't give me credit for knowing about the birds and bees." But there won't be any doubts when the picture is released, he's sure. I get Gloria to make an honest man out of me by mentioning my milk farm. When Gloria-hears me say "milk," she goes wild and screams, "B---r-r-rotter!" Only the way Gloria believes it, the word hasn't got anything to do

HE KNOWS, GIRLS  
"They think I'm really the mother's boy I play on Jack Benny's radio show," he sighed. "They don't give me credit for knowing about the birds and bees." But there won't be any doubts when the picture is released, he's sure. I get Gloria to make an honest man out of me by mentioning my milk farm. When Gloria-hears me say "milk," she goes wild and screams, "B---r-r-rotter!" Only the way Gloria believes it, the word hasn't got anything to do

Hadacol Helps Mrs. Goff Sleep Like A Baby At Night  
A Nervous, Run-down Condition Caused by Lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin Kept Her Awake  
Mrs. Phyllis Goff, 1902 Park Ave., Indianapolis, Indiana, writes us: "I've had a run-down condition resulting in headaches and insomnia. After my first bottle of HADACOL I started sleeping better, and after the second bottle elimination. I certainly recommend HADACOL. Certain nervous conditions and digestive disturbances which keep folks awake nights are sometimes caused by lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin in the system. So if you suffer from such deficiencies you see how important it is to start taking HADACOL. It not only gives you extra quantities of these precious elements but also helpful amounts of Calcium, Phosphorus and Manganese—so vital to help maintain good health. Know what it means to have that wonderful HADACOL feeling everyone is talking about? Start now, only \$1.25. ©1950, The Lathrop Corporation

Holy Souls' Catholic Church Has Average Attendance of 180 Families

Holy Souls' Catholic Church, 610 W. Browning, was dedicated in its present structure, on Nov. 27, 1928. The Rev. Joseph Wonderly was rector at that time, remaining in the Pampa church for 12 years.

Pastor of the church now is the Rev. O. W. Myer. Average attendance each Sunday is approximately 180 families and the church school enrollment is about 130. The school sessions are held at the same time of the public school from September through May. Last year, the head of the school was Mother Canice. The school is managed by Sisters of the Incarnate Word, who have their headquarters in San Antonio.

Special problems of the church are taken to the church council, which actually is headed by Father Myer, and includes about seven business men, who are members of the church.

One of the largest organizations inside the church with the exception of the school is the Altar Society, headed by Mrs. Fred Neslage. Mrs. A. D. McNamara is vice president and Mrs. John Taylor, secretary-treasurer. The duties of the society include furnishing linens and flowers for the altar and providing vestments. They also do charity work.

A new organization, started only this year under the sponsorship of Bishop Lawrence Fitz-Simon of Amarillo, is the Order of Martha. The Pampa organization is the first one in the Parishes. Mrs. Jacob Garman is the president and the purpose of the club is to make linens for needy parishes and send aid to the missions of this country.

The Parish Council of Catholic Women, affiliated with the National Council of Catholic Women, is headed by Mrs. Bill Herr. The main project of this organization is to study their religion in group meetings.

Inactive during the summer, these organizations begin meeting in September when the school term opens, as does the Catholic Youth Organization, which elects officers at the beginning of the year. This club's purpose is to study their religion in group meetings.

The men's organization, the Knights of Columbus, is headed by Edward D. Dockerty. A children's choir is the musical offering of the Holy Souls' Church. The choir is directed by one of the sisters from the school. The Rev. Myer came here two years ago from Perryville, Mo., where he attended St. Mary's Seminary.

CHRISTIAN SCIENCE

"Love" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on August, July 30. The Golden Text is: "Beloved, let us love one another: for love is God; and every one that loveth is born of God, and knoweth God" (I John 4:7). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And we have known and believed the love that God hath to us: God is love; and he that dwelleth in love dwelleth in God, and God in him" (I John 4:16). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Divine Love is infinite. Therefore all that really exists is in and of God, and manifests His love" (page 340).

A Young Sculptress Captures Character of Famous; Molds Hands

Ray Shaw, woman sculptor who specializes in difficult hand portraits, is shown with her study of Lily Pons' hands. Miss Shaw has sculptured the hands of many famous men and women.

By GAILE DUGAS  
NEA Staff Writer  
NEW YORK — (NEA) — In a shadowy studio, a young woman sat watching a man's hands. Presently the music ended, the conductor's hands fell to his sides and the young woman shut off the record player.

"I have it now," she said. "I can begin work at once." The young woman was Ray Shaw, the eminent sculptress of hands, the most difficult subject a sculptor can attempt. Ray Shaw's roster of successful hand portraits includes those of such famous persons as Lily Pons, Clara Boothe Luce, Irving Berlin, Helen Hayes, Fannie Hurst, Bernard M. Baruch, the late President Roosevelt, McGr. Fulton J. Sheen, Albert Einstein and Joe Louis.

"It's the character and expression which makes it so difficult to capture in clay," Miss Shaw explains. "People learn to control facial expressions but they forget their hands, which are forever telling all kinds of interesting things about them." But don't ever believe it, she adds, if someone ginses at your palm and tells you're going on a cruise. She thinks it's impossible to predict the future by palm-reading.

Pantry Shelf Charm Aids in Summertime

By BETTY CLARKE  
AP Newsfeatures Beauty Editor  
It always is a challenge to women to try to capture that cool look during the summer time. It is a difficult beauty chore to accomplish, what with the usual increased outdoor activity during hot weather.

The cool look of crisp summer cottons doesn't counterbalance a hot, red face. So we should strive for cool looking skins whether we choose the pale or a sun-bronzed look. A few beauty treatments, whipped up from things on hand in medicine chest and kitchen cupboard, will keep you fresh and well-groomed through the hottest days. Try carrying a small bottle of good quality witch hazel in the purse for frequent face washings during the day. It will do wonders in keeping the face cool. Wrap a few cotton squares in cleansing tissue and keep them in your bag for these dab-up moments. It is a good idea to keep witch hazel in the refrigerator during the summer. Its icy coolness will be refreshing when you arrive home after work on a hot day.

If you are troubled with oily skin and humid weather puts an unbecoming shine on your nose, try a vigorous cleansing routine. Select a soft complexion brush and each morning briskly scrub your face with mild soap and warm water. Pay special attention to the area around chin and nose, where oil glands are most active, as you refresh and stimulate complexion to a radiant glow.

A cooling facial several times a week is wonderful for cleansing pores and tightening facial muscles. One that is particularly effective and simple to make is the cucumber mask. Soak cucumber peels and the juice of one lemon in a cup of water 15 minutes. After your morning cleansing ritual, saturate a cotton square with this liquid and pat briskly over face and throat. While you are organizing your wardrobe for the day, allow the facial mask to dry. Splash it off with cold water. Then apply makeup with soft, gentle strokes to avoid overheating the skin.

Another kitchen facial that works wonders is the egg mask. This, also, is particularly good for oily skin, as it has a tendency to dry and tighten pores. After skin is cleansed, wet a fresh cotton square with frothy, beaten egg white and rub over face, neck and throat. When this is completely dry, remove with cold water.

The girl with oily skin always chooses select summer cosmetics with a non-oily base. If complexion is dry and flaky, use a good cold cream for daily cleansing rather than soap and water. You might even take a tip from the young member of the family and borrow his baby lotion for removing soil and stale makeup.

To produce her telling portraits, Ray Shaw studies her subject in action. Thus, she watches Irving Berlin at the piano, Albert Einstein with the pencil he calls his only weapon, Rise Stevens fingering the rose which was important to an operatic role. Miss Shaw, who wants some day to start a museum of famous hand portraits, says that the most popular fallacy concerning hands is that the long, slender hand is "artistic."

"It just isn't true," she says. "A woman once told me that her daughter, who couldn't play anything, had 'musical' hands. I expected the girl to wave her hands in the air and produce music, like a juke box. Actually, most musicians have square hands with short fingers, like Mischa Elman's."

Though she was born in Lithuania, Miss Shaw has lived in New York since she was a child. She got interested in hand sculpture in her teens, because she felt that her hands were essentially those of a peasant. Today, she is the only sculptor in the country specializing in hands.

"Joe Louis has surprisingly delicate hands," Miss Shaw says. "He told me that a fighter's hands need not be battered — just educated. And this is true of all hands."

Running an extension cord under a rug is not a good idea. If you must do this make sure the cord is flat and not round; these flat cords were designed for just this purpose.

What's RIGHT?

When a dinner guest, you are offered a food that you do not care for —

WRONG WAY: Refuse it. RIGHT WAY: Take one serving. The only excuse for not accepting food served you as a guest is if it is a food you cannot eat because of your health.

A woman wears a hat to a movie. WRONG WAY: She keeps it on unless someone behind her asks her if she will remove it. RIGHT WAY: She removes her hat as soon as she is seated.

You hear a compliment on a friend. WRONG WAY: Keep it to yourself. RIGHT WAY: Pass it along, since one of the nicest kinds of compliments is the kind that is paid a person when he is not around.

Add small pieces of cooked smoked tongue — cut from the trimmings — to a tomato sauce for spaghetti. Good with a tossed green salad and toasted garlic bread.

To remove a molded gelatin dish dip the mold in warm (not hot) water for a few minutes, then invert on a dish, and holding both the dish and the mold together with firm fingers, shake loose.

To clean the outside of your toaster use a cloth that's damp — not wet. If the base of your toaster is removable clean out the crumbs at regular intervals.

Mission Study Marks Meeting Of Church Women

A continued study and reading of missionary work from "Japan's New Day" by Mrs. F. E. Leech opened the meeting of the Mae Deter circle of the Baptist Church Wednesday afternoon. The group met in the home of Mrs. L. V. Hollar.

Mrs. Harold Cockburn opened the meeting by reading the minutes and reports, and the opening prayer was offered by Mrs. Clyde Edmundson.

Those attending were Mrs. T. H. Baker, Mrs. Rupert Orr, Mrs. F. E. Leech, Mrs. Harold Cockburn, Mrs. L. V. Hollar and Mrs. Clyde Edmundson. Ice cream and cake were served.

The next meeting of the group will be held at the home of Mrs. F. E. Leech, 412 E. Kingsmill.

Two-Way Politics

Sen. Joseph R. McCarthy, Wisconsin Republican, has been subjected to bitter partisan condemnation because of his charges that Reds, their fellow travelers and sympathizers infest federal payrolls.

Proof of the most convincing type that has critics — those who have been striving all too frankly to discredit McCarthy — have been playing a lot of politics themselves has just been supplied.

McCarthy has been actuated by political motives for preferring the charges he has made, the administration leadership has a greater one for trying to suppress them — particularly, if there is basis for them.

Meanwhile, most of those who have discussed Senator McCarthy's charges seem to have overlooked one consideration. If he honestly is convinced that a Red infest the government and there can be no doubt as to his convictions on this score — it was and is his right and duty to say so.

Thoughts

Think not for wrongs like these uncoursured to live. Long may ye sin, and long may Heaven forgive.

Washington.....by Peter Edson

WASHINGTON (NEA) — Veterans Administration was forced to back down slightly in its attempt to halt the use of GI training funds for the raising of pigeons, pheasants and minks.

Atomic weapons are being developed all of them, and it is raising such commercial birds and animals. It put out an order saying that all trainees under the farm program had to have "filling of the soul" as their basic activity.

Load complaints to Congress go VA to back down in its effort that all vets who were already involved in raising birds and animals could continue, but that henceforth new trainees would have to stick to soil tilling.

ATOMIC WEAPONS coincidence It may be just a coincidence of U. S. Army forces in Europe is one of the top experts on the tactical use of atomic weapons.

MOPSY Glodys Parker (LOAN ME YOUR HANDKERCHIEF, WILL YOU, DARLING?)

FROM WASHINGTON, D.C. ...

BEN GUILLE Reports to the PEOPLE

This news report is of vital importance to every farmer in the entire district. Read it carefully and call the attention of your friends to it at length.

There was some dissatisfaction with the meeting held in Amarillo two weeks ago. I think you must be coming to the conclusion that any time your crops are supported you must have some kind of control.

As I have stated, there was dissatisfaction over the meeting held in Amarillo, but since that meeting the Department of Agriculture has announced a new wheat allotment for the coming year and with the raising of that allotment the biggest problem of both summer fallow farmers and fence to fence farmers will be partially settled.

Now, here is the most important item of what I have to report to you. Under the 1950-1951 formula that will be set by the Department of Agriculture, which will be called the 95 percent - 105 percent Formula, the Panhandle of Texas will receive a greater wheat allotment than they did in 1950.

It means that no county shall get less than 95 percent or more than 105 percent of its 1950 allotment. It looks today, from reports that the Wheat Committee of the House Agriculture Committee, that the Panhandle and Texas will receive 103 percent of its 1950 allotment.

Now, take this carefully, the 1951 acreage allotment in each county must be worked out by the PMA Committee on the fairest basis possible. The 1951 acreage allotment of each independent farmer in every county must have the closest attention because 1951 will be used as a base for future allotments instead of going back and using past history.

Men, while most of those who have discussed Senator McCarthy's charges seem to have overlooked one consideration. If he honestly is convinced that a Red infest the government and there can be no doubt as to his convictions on this score — it was and is his right and duty to say so.

This is a right and duty which is not restricted in the slightest by the possibility that he might be wrong — and it remains to be proved to the satisfaction of many Americans and Senators that there is not at least some foundation for the McCarthy accusations.

Our move in Korea is based upon an act of armed aggression by one nation, North Korea, against another, South Korea. It is not a civil war within a nation. We have taken no stand to interfere in civil wars. Nor have we adopted any effective method to prevent infiltration and indoctrination methods that bring about civil wars and permit the rise and spread of communism within nations.

We bungled our job at Tehran, Yalta, and Potsdam. Then we stood by and watched all eastern Europe come under Stalin's thumb. Without a quiver we are seeding time again and I hope the Agriculture Department will announce the results in the next day or two. In the meantime, if you have any questions please advise me.

Staff School he supervised the teaching for the first time of the "Comrade" course. Around OLEO EXPECTED TO SPREAD Agricultural Dept. experts predict that the new freeing of oleo from federal taxes will quickly accentuate a long-time trend away from the use of butter.

People used an average of 15 pounds per person between 1922 and 1940. Last year the average was 13 pounds. A study also reveals the curious fact that oleo consumption increased in the higher income groups but decreased in some of the lower income brackets.

Rep. John B. Bennett (R., Mich.) has successfully ironed out the major bugs in the bill which would prohibit the interstate shipment of slot machines. The bill got through the Senate without hearings and with scant attention paid to its content.

ATOMIC WEAPONS coincidence It may be just a coincidence of U. S. Army forces in Europe is one of the top experts on the tactical use of atomic weapons.

Manufacturers of coin vending machines for cigarets and pop and makers of purely amusement, non-gambling coin devices are considerably relieved by the new version. It is expected that the Senate will make Bennett's changes and that the bill will get through this session.

F. Joseph Donohue, the special U. S. attorney who successfully prosecuted Harry Bridges, has been trying unsuccessfully ever since the trial to get jobs for three of the reformed Communists who testified against Bridges. Two of them are newspapermen and one is a longshoreman. Donohue claims that this situation will make it extremely difficult for Communist cases to get reformed Reds to testify in similar cases in the future.

Help! Fire Bug!

National Whirligig news behind the news

By RAY RUCKER WASHINGTON — Stalin's bargain-basement wars like he has underwritten in Korea carry a grave economic as well as an actual military threat against the United States.

Underestimating our resources, and seeking to please the boss commissars, they have regularly forecast a domestic crackup. As happens when a Russian commander loses a battle, many of these erroneous economic experts have been recalled to Moscow to explain why their gloomy predictions have not come true.

That is the new and critical stage of the "cold war" which United States outbursts, although they may soon be other attempts to break us, dollars and cents-wise.

The potential, short-term and long-range effect on our present living standards is so bleak that responsible men at Washington do not like to face it outright. But here is the prospect as they outline it in their secret huddles in Treasury, Federal Reserve, Commerce and White House circles.

APPEASEMENT — The postwar budgets which have averaged annually about \$40 billion will have to be boosted to a minimum of \$60 billion to challenge Soviet-Corpus outbursts in the Orient, Asia, the Balkans and possibly Western Europe. This will permit an anti-Russian military and economic expenditure of about \$35 billion a year.

This additional sum will provide ourselves and our allies with only limited preparation, however. Over a period of five years, it will simply enable the United States and friendly powers to make up for the military deficits which they have incurred since the end of World War II.

It was during this period that allied statesmen, especially the United States, virtually disarmed because they refused to interpret Communism's intentions correctly. They pursued a policy of "appeasement" hardly less dangerous than that at Munich.

Even so, this tremendous expenditure will not finance an all-out war, for the annual cost of a real shooting showdown would amount to \$150 billion. The five-year spending program at approximately \$35 billion a year would be only an appetizer.

It may be significant that latest reports from Moscow schedule an economic blowup of the whole western world for 1956.

TAXES — Since President Truman and Capitol Hill leaders of both parties favor a pay-as-you-go program for the preliminary preparation, this means an eventual fifty percent increase in all kinds of taxes. Treasury statisticians are now figuring out the bad news for all of us.

Corporate levies will have to go far higher, despite arguments that no more money can be squeezed out of the higher-ups. It is possible that these taxes may have to reach a semi-cataclysmic level. With reduced profits and reserves, industries may have to turn to Uncle Sam for funds for upkeep and expansion.

BLOW — It is probable, however, that the worst blow will fall on people earning from \$5,000 to \$25,000. Although the scale will be graduated, it is possible that they may have to fork out from one-third to one-half of their income to the Treasury. In addition, a steep sales tax may be found necessary.

Although shortages of civilian goods and services will be balanced by a sharp drop in purchasing power, resulting from vast amounts of money from the retail market, prices will tend to rise.

INSIDE YOUR CONGRESS By RALPH W. GWINN Distinguished Member of Congress SENATOR MCCARTHY If you have had trouble understanding the latest development in the investigation of Senator McCarthy's charges, that is not surprising.

LOOKING AHEAD

By GEORGE S. BENSON President, National Highway Traffic Safety Council, Washington, D.C.

WHAT'S THE SCORE, POP? Dear Pop: The kids my age are growing up. We want to ask some questions about our country. Your generation has had control for a long time. Soon we'll be taking over. What kind of nation are you going to pass along?

Dear Bill: You and your generation haven't a thing to worry about. We've done a great job for you. That glorious individual freedom our parents handed down to us — well, we've improved it, added a new freedom — the Freedom to Look to Washington!

And that magnificent private enterprise system our dads and grand-parents built — we've had it modernized in a Pennsylvania Avenue machine shop, fixed up good. Under Government supervision it has got the country bursting at the seams with green-back money worth at least 50c on the dollar!

Yep, we've fixed everything so you kids will get what's coming to you — and good! We've done it all with a great discovery. Son, we've discovered Government — in a big way! When we get through with it — or vice versa — it's going to be all yours (or vice versa).

The way we've got things fixed now you can grow cotton, wheat, corn, potatoes, hens or cows — anything! — and our wonderful government will pay you a handsome profit — and all you have to do is keep your mouth shut and be an obedient farmer when the Government experts tell you what to do.

If you are a veteran, a doctor, lawyer, teacher or professor, cop, state or local government, you benefit, directly or indirectly, from nice Government aids, grants, subsidies, general handouts or preferential treatment — and are not a bit more regimented, restricted, regulated and controlled than the farmer. By the time you kids are 21 your subsidy ought to be a cinch. Already 25-30,000 fortunates get regular checks direct from Government agencies, and we're improving that every day.

You and your generation have a great adventure awaiting you, Bill — discovering new things that Government can do and new things you can do for the government. It will be exciting, for instance, devising a way to pay off the national debt with which all these wonderful services we are getting have been bought. As of today, the debt is only \$5,000 in specie for all you boys and girls — and it was \$11 billion when we took over in 1915. We've done well. It's \$256 billion now and we're increasing it by \$5 billion a year.

Yep, you youngsters are going to be sitting in the driver's seat in a great age. Son, as for ourselves, we're going to be sitting pretty. You kids — your generosity yet unspoken. But excuse me now — I see the postman coming. He's bringing my check.

I injured myself hastening to catch the bus nine weeks ago, was ill with exhaustion when I reached home. I've been recovering nicely. The postman is bringing my check. Out-After-Hastening-To-Catch-The-Bus Compensation. I'll be okay again and back to work in 17 weeks, when the TOAHTCTB Compensation checks run out.

It's been a tough battle. But there's nothing too good for the youngsters of America. Yours, Pop

So They Say

He (Truman) should have the overwhelming support of all Americans, regardless of their partisan affiliations. — Sen. William F. Knowland of California, on President Truman's action in Korea.

We have the choice between spending and prosperity on the one hand, and on the other, a puritan thrift, and with it a mighty puritan, or moral depression. — Paul M. Mazur, partner in Lehman Brothers, investment banking firm.

We believe that the Henderson case (outlawing dining car segregation by the Southern Railway Company) has forever made all forms of Jim Crow transportation illegal. — Thurgood Marshall, of the National Association for the Advancement of Colored People.

A SERMON ON SUBSIDIES

By THURMAN SENSING Director of Research Southern States Industrial Council Nashville, Tennessee

I had occasion to write a column recently on the hypocrisy of those who pound the table with one hand ranting against government control while the other hand is extended behind the back accepting government subsidies. I illustrated it by using the example of successful business men who have used the profits from their venture in free enterprise to buy farms — and then accept government subsidies of all sorts in improving the land.

I have now received the following letter from a business man who read this column: "My farm was all fenced, tilled, limed, lake built, roads and driveways and everything completed when one day I let one of these farm boys talk me into the notion of signing up with them so they could get some credit for farm improvements in the district. They even wanted to put up a sign on my place saying they had a part in it. This I would not let them do, for the simple reason they had no part in it.

"They have run some terrace lines on land that had not been terraced. They just merely run the survey lines. I was gone a few days and when I returned they had the terrace lines run, using my farm hands and teams, and had three ditches run down through the field, so that I have not even got filled in yet. It made me quite sore. The terrace lines had to be re-run at my own expense, own labor, own stock.

"There is not one dime of improvements on my place or farms, any of them, that the government had any part in with the exception of some additional lime, some pasture seed, and the reforesting or planting of pine seedlings. And I want to say, the cost of planting the pine seedlings or reforestation project cost even more than I could do it privately. The reason I had them do it was because labor was short and they had the machine. I paid them \$10 per acre for planting and I furnished the seedlings which I had purchased from the state nursery or government or were donated by individual companies who had a surplus of pine seedlings.

"After I had signed up with the government outfit, they then notified me I had so much credit coming; I could take it either way I wanted it — in cash, terracing, tree planting, liming, seed, etc. There was really no place for me to use this except take the cash, lime, seed, or fertilizer.

"I am guilty of accepting subsidy checks on improvements so far as liming, fertilizer, and seed are concerned, but all this property was originally limed, terraced, and everything at my own expense, and this was simply a redoing or re-seeding of such crops.

"I am guilty and very much ashamed I have ever accepted this kind of stuff and really did not realize just how serious the thing might be. I wish to the Good Lord they had the seed, fertilizer, and everything I ever accepted. In fact, I think I am going back over my books and figure up every dime they have ever reimbursed me on any item whatsoever and give it to some orphanage or some place else where the government cannot put their fingers on it.

"They say 'honest confession is good for the soul'. I have made mine. If I ever accept any government aid again in any shape, form or fashion, you can be assured it will be something forced on me and I cannot help myself. I once had to take the parity checks when we were forced to plant so much cotton, no more and no less, and the farmers could not help themselves. The fertilizer, lime, and seed program is something I could help myself. 'Anyways, I am through.'

The Nation's Press

KOREA (Chicago Daily Tribune) The invasion of Korea should warn congress against giving Mr. Truman the authority he is asking to call conscripts to camp whenever he feels like doing so. That power should never be yielded by congress to any executive because it is all but equivalent to the power to declare war itself. To yield the power to this executive would be to invite catastrophe.

The great majority of Americans have only the friendliest feelings toward the Korean Republic, but not one American in a thousand believes that the defense of Korea is worth the life of a husband, son, or a brother. The members of congress know this and will bear it in mind. They will not vote for war without weighing the risks. Nobody can say what Mr. Truman may do if unchecked by congress.

Nobody can say because the record of New Deal policy flies in opposite directions. On the one hand Mr. Roosevelt got the United States into World War II by telling the Japanese they would have to clear out of China for good. He would not compromise. He would not grant them even a face-saving formula for the war was all but won. Mr. Roosevelt turned around and gave Stalin all the right in China that he wouldn't give the Japanese invaders. The Communists got Manchuria, the Kuril Islands, and the better half of Korea. Mr. Truman at Potsdam approved the deal. He sent Gen. Marshall to China with a proposal which would only strengthen the Communists. To make the outcome certain, Mr. Truman discouraged the Chinese nationalists. The outcome, of course, was the conquest of all of China by the Communists.

One of Mr. Truman's policies is to contain the Communists everywhere around the globe. An offer of Mr. Truman's policies is that China, a nation of 400,000,000, wasn't worth the war that Mr. Roosevelt said it was. Which policy does he mean to follow now? If Stalin is to be checked wherever he seeks to expand, Mr. Truman must fight for Korea. If China wasn't worth a war, the aggression against little Korea surely isn't worth a war.

Mr. Truman's thinking, if that is the word for it, is further confused by his own political troubles. A month ago, his man, Sen. Pepper was kicked in Florida and on Saturday his man, Sen. Graham, was kicked in North Carolina. The Democratic governor of Ohio said only a few days ago that he was half inclined to vote for Mr. Truman's leading opponent, Sen. Taft. Mr. Truman's political fortunes are ebbing. He could use a war. In face of Mr. Truman's chronic confusion of mind, augmented now by his worries over his own political fate, only a congress of madmen would give him authority to rush this country toward war without consulting anybody.

Bid For A Smile NOW I KNOW HOW YOU FEEL (Eleanor Change in Coroner) The husband is strictly an outdoor boy; the wife is very much a housewife. But on a recent busy day, he persuaded her to bundle up and take a walk in the woods. After an hour of trudging through heavy snow, the weary wife paused to catch her breath.

Excited Servant — Four gallons of gasoline was stolen while on my way to work. Now I know exactly how you feel when I make you go to a formal tea.

Excited Servant — Yes, but it was in your new car. Tired Business Man — Don't bother me; the loss was trifling. Excited Servant — Yes, but it was in your new car.

A Scotchman wrote to a friend, "Why don't you write? You can fill your pen at the bank."

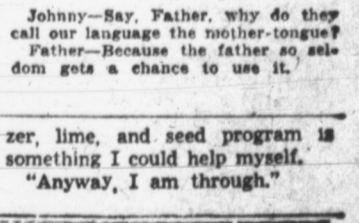

Johnny — Ray, Father, why do they call our language the mother-tongue? Father — Because the father, as seldom gets a chance to use it.

zer, lime, and seed program is something I could help myself. 'Anyways, I am through.'

## Citation May Be Finished As Champion.

(By The Associated Press) Citation, on the eve of his departure for National Guard camp, pitched Philadelphia to a 13-3 decision over the Chicago Cubs yesterday to protect the Phils' 1-2 game lead over the Cardinals.

St. Louis stuck close to the Phils with rousing 13-3 romp over Brooklyn.

The loss cost the Dodgers third place when Boston grabbed a 5-3 victory over Pittsburgh.

As happens so often in baseball, an old teammate came back to haunt the New York Yankees last night. George Stinewits, traded to St. Louis in June, came through with a ninth-inning single to break a tie with the 3-2 Browns win.

Detroit increased its American League lead to a game and a half by beating Boston 6-1.

Philadelphia dampened Cleveland's enthusiasm 7-2, Washington and Chicago split a double-header, the Senators winning the first game 3-2 and the White Sox taking the second 6-3.

## Heiskell, Heath Win At Weekly Meet of Pampa Lady Golfers

The weekly meeting of the Pampa Ladies Golf Association was held Wednesday at the Country Club, with Beth Heiskell and Ploy Heath capturing first place in an 18-hole putting contest.

The 16 ladies present conducted the meet on the putting green, and the two winners received golf balls for their efforts.

A three day tournament, sponsored by the Panhandle Women's Golf Association, will be held in Phillips August 2-3-4, and all local feminine golfers have been urged to play. The tournament will be matched play, with the finals being held a week from today.

## NEW YORK (AP) - Joe Louis, now 36, will try to regain the world heavyweight boxing title he gave up two years ago. As a challenger he notified the International Boxing Club that he had started preliminary training in Indiana today with the hopes of meeting NBA champion Ezzard Charles in September in either New York or Chicago.

Associated Press Sports Editor Ezzard Charles' boxing title has been held by the first big test of the Texas League campaign — they have beaten the leading Fort Worth Cats in their own ballpark.

The Roughnecks, who a month ago looked like they would be doing well if they finished a notch out of the cellar, now are bearding the high and mighty Cats in their den.

Beaumont advanced within a 1-2 game of the top last night by licking Fort Worth 3-2. There'll be more of the same — Roughneck followers hope — tonight.

Some rapid changes were made through the middle last night. Tulsa's sullen Oilers crashed all the way from a tie for fifth up to a tie for third with San Antonio by whamming San Antonio in a double-header. Oklahoma City fell into sixth place by losing to Houston 6-2. Dallas moved within a half-game of third by beating Shreveport 2-1 in 11 innings.

Carmine Melignano was the fireman as Beaumont eased by Fort Worth. He came in in the eighth with two runs home, one out and the tying tally perched on second. He got it over with by forcing Dick Williams to hit into a double play. It preserved the victory for Clarence Beers and left him unbenched in four starts for Beaumont.

Tulsa beat San Antonio 5-4 in the first game over the twelve-inning route with Bob Curley allowing the Missions just four hits. Jack Baumer batted in the winning run with a single. The Oilers captured the nightcap 14-5 as Walker Cress pitched a seven-hitter and Tulsa pounded 15 blows behind him.

Houston won the game early from Oklahoma City, showing over three runs in the second. Elroy Joyce gave the Indians seven hits.

Grant Dunlap singled through the middle to drive in Hal Wagner with the winning tally as Dallas edged Shreveport. The sports outfit Dallas 15-10.

Shreveport outdid Dallas at Dallas. San Antonio at Tulsa and Houston at Oklahoma City tonight.

## Two Games Are Played in Jr. Girls Softball Loop

Only two games were played in the Kiwanis Sunday School Softball League, both in the Junior Girls division, due to the muddy grounds.

The Calvary Baptist girls rallied for all six of their total runs in the final two innings to down the Central Baptists, 6-4, in a five-inning game. The losers had pecked away at the Calvary girls with single runs in the first three innings, but a four run eruption in the fourth, followed by two more in the fifth, were the two frames that decided the winner.

The First Methodist Girls could not find a way to place a Want Ad.

## Pitcher Spearheads Attack In Easy Triumph Over Dukers

ALBUQUERQUE (AP) — Roy Parker pitched and batted his Pampa teammates to an easy 9-1 West Texas-New Mexico League victory over Albuquerque last night, racking up his 21st victory of the season.

The diminutive moundsman held the Dukers to five hits for one run. He drove in four runs himself on three hits for four times at the plate.

The array included a single, a double and a homer.

The four-bagger was his 20th of the season. It came in the sixth with one man on base.

The victory again pushed up Pampa's margin in leading the two-state circuit, with Lamesa falling further behind.

Parker walked only two and struck out eight in his impressive performance. Freddie Besana got credit for the loss.

Pampa started its scoring in the second when it got off to a three-run lead. Kienardson singled and it was followed by Besana's momentary touch of wildness.

He walked three, forcing one run in — and Lagomarsino hit the mound on relief duty. He was greeted by Parker's two-bagger scoring two more men.

In the fourth, Pampa added another tally on Don Ricketson's triple to center followed by Jim Martin's single, scoring him.

The Oilers picked up a pair in the sixth. Martin got on base on Folkmann's error and Parker promptly planted one 340-foot over the right field wall for his 20th of the season.

Two more Pampa runs crossed the pay stripe in the seventh. Woldt opened with a walk and was sacrificed which went for an error when Lagomarsino threw wild to first. Fortin singled to right scoring Woldt and Jeandron to third. Richardson forced Fortin at second and Jeandron scored on the error.

In the ninth, Dawson greeted reliever Pitta with a line drive triple to right. He scored a few minutes later on Woldt's single.

Albuquerque's only tally in the sixth came when Folkmann tripled to left center and scored on Harriman's fly-out.

## Gold Sox Sock Lobos In First of Series Behind Zolliecoffer

AMARILLO (AP) — Amarillo's suddenly menacing Gold Sox choked off Lamesa 6-2 behind Bob Zolliecoffer's smart denning here last night to win the first of a two-game series with the second-place Lobos before a ladies night crowd of more than 2,100 fans.

Zolliecoffer scattered nine hits while bagging his 11th mound victory against eight defeats.

Amarillo provided Zollie with a three run margin in the first inning on Frank Murray's single, Jay Difani's homer, a walk to manager Crawford Howard and a double by Doug Lewis.

Starter John Fetzer of Lamesa was rough into the fifth inning when three walks and a double by Howard produced two more, hoisting the Amarillo lead to 3-0.

The Sox added another run in the seventh against reliever Jim Reynolds on a pair of walks and a hit by Lewis.

Lamesa bunched three hits, singles by Billy Capps and Glen Seltso and Hank Robinson's two-bagger for its first score in the fourth. Jay Haney homered for the other run in the seventh.

## Jacinto Singles for Dramatic Run in 9th As Pioneers Win 7-6

CLOVIS (AP) — Jess Jacinto's scratch single off the tip of first baseman Don Moore's glove with two out in the ninth inning and the bases loaded scored George Mendoza with the run which gave the Clovis Pioneers a dramatic 7-6 victory over the Lubbock Hubbers in a series opener last night.

Jacinto's hit came at the expense of Royce Mills who had entered the contest in the sixth when the Pioneers broke loose with three runs against Charles Garmon. Mills gave up four hits during his stint on the rubber. Three of them scratches.

Lefty Joe Borger, who also appeared in a relief assignment, gained credit for his seventh victory.

## Gassers Stay Above 500 Mark; Win 10-9 Over Abilene Club

BORGER (AP) — Borger outlasted Abilene here last night 10-9 and kept from falling below the 500 percentage mark to hit the low that has not been reached since the beginning of the season.

Both sides made 13 hits but Borger made one more run. Jim Cain — he yielded but six earned runs, and struck out nine men for Borger. He pitched a better game than Abilene's nine runs would indicate.

Bob White started for Clovis and slow-curved his way into the fifth inning when the roof fell in for five Borger runs. Abilene then led, 7-6.

Stubby Greer was thumbed from the game in the sixth frame protesting a decision by umpire Franks. He claimed Mendoza was hit by a batted ball that Littlejohn fielded and threw to first for a putout.

Walt Seal homered for Abilene in the first and Bob Leonard tied the game at eight-all in the eighth with a mighty smack over right-center.

Les Crouch batted in the final two Borger runs with a blooming single into left center.

## Roughnecks Survive Test By Whipping Fort Worth

Associated Press Sports Editor Ezzard Charles' boxing title has been held by the first big test of the Texas League campaign — they have beaten the leading Fort Worth Cats in their own ballpark.

The Roughnecks, who a month ago looked like they would be doing well if they finished a notch out of the cellar, now are bearding the high and mighty Cats in their den.

Beaumont advanced within a 1-2 game of the top last night by licking Fort Worth 3-2. There'll be more of the same — Roughneck followers hope — tonight.

Some rapid changes were made through the middle last night. Tulsa's sullen Oilers crashed all the way from a tie for fifth up to a tie for third with San Antonio by whamming San Antonio in a double-header. Oklahoma City fell into sixth place by losing to Houston 6-2. Dallas moved within a half-game of third by beating Shreveport 2-1 in 11 innings.

Carmine Melignano was the fireman as Beaumont eased by Fort Worth. He came in in the eighth with two runs home, one out and the tying tally perched on second. He got it over with by forcing Dick Williams to hit into a double play. It preserved the victory for Clarence Beers and left him unbenched in four starts for Beaumont.

Tulsa beat San Antonio 5-4 in the first game over the twelve-inning route with Bob Curley allowing the Missions just four hits. Jack Baumer batted in the winning run with a single. The Oilers captured the nightcap 14-5 as Walker Cress pitched a seven-hitter and Tulsa pounded 15 blows behind him.

Houston won the game early from Oklahoma City, showing over three runs in the second. Elroy Joyce gave the Indians seven hits.

Grant Dunlap singled through the middle to drive in Hal Wagner with the winning tally as Dallas edged Shreveport. The sports outfit Dallas 15-10.

Shreveport outdid Dallas at Dallas. San Antonio at Tulsa and Houston at Oklahoma City tonight.

## Musial's Streak Ended Against Brooklyn Bums

NEW YORK (AP) — Stan Musial's lengthy batting streak is at an end today but the star St. Louis Cardinal outfielder can be consoled by the knowledge that he is only the 11th big leaguer to hit safely in 30 or more consecutive games.

Musial entered yesterday's game against the Brooklyn Dodgers with a run of 30 straight games in which he'd hit safely. He had five chances in which to keep his skin alive but failed each time although his mates clubbed five Brooklyn hurlers for 13 assorted hits.

Stan's teammates tried valiantly to give him a last chance in the ninth inning. Six men were due to bat before him. All reached base. But the slugger, who had hit the ball out of the infield only once in four previous times at bat, grounded into a double play.

Musial thus failed in his efforts to equal or tie four marks. His immediate goal was the team high of 33 straight hitting games set by Rogers Hornsby in 1922. The second was the modern National League mark of 37 games established by Tommy Holmes of the Boston Braves in 1945.

## TOO LATE

ENOS SLAUGHTER, St. Louis Cardinals outfielder, goes up against the rightfield boards, but is too late to take a smash in the first game of the St. Louis-Brooklyn series. The blow was off the bat of Jackie Robinson, Brooklyn second baseman, and went for a double in the Bums' 7-5 triumph over the Cards.

## Louis Decision On Comeback Believed Mad

By JACK HAND

NEW YORK (AP) — Joe Louis is expected to agree to a comeback bout with Ezzard Charles at Yankee Stadium, Sept. 27.

Louis won't make the announcement himself. It will come from Jim Norris, International Boxing Club president, at his New York office. The time is 10:00 a. m. (CST).

Norris talked with the Borger by phone in Chicago yesterday. The retired heavyweight champ probably gave his assent. But the IBC wanted an "avoid conflict" with the announcement of its Willie Pep-Sam Saddler signing for Sept. 6 at Yankee Stadium.

Mannie Seamon, Louis' trail arrived at West Baden, Ind., today to start drilling the Borger by a late September 5. Louis is supposed to arrive the training camp today. T plan to remain in Indiana 1 Aug. 22 or 23 and then to Pompton Lakes, N. J., Le old camp, for the last five weeks. "I know he'll win," said man, "he's in better shape than any titleholder that ever came back."

That certainly sounds as if it's all cut and dried for Louis to make his comeback.

There is a possibility that Savold, the British recon heavyweight champ, might Louis' opponent. But Lee still in England. Charles, recognized by the NBA as Louis' successor, is the logical foe.

Charles is defending his title in Buffalo, N. Y., Aug. against Freddie Besnore of Pittsburgh, Pa.

The eastern seaboard has tornades, the Pacific coast air none.

### Discrimination Hit By Baptist Group; Legislation Asked

CLEVELAND — A resolution opposing racial discrimination and segregation and urging the executive committee of the Baptist World Alliance, which is holding the six-day congress ending today, to follow similar resolutions approved by past Baptist congresses, was introduced today at the Baptist World Congress.

The resolution came from a commission on social justice headed by Dr. Benjamin Mays, president of Morehouse College, a Negro school in Atlanta, Ga.

Its introduction was approved by the executive committee of the Baptist World Alliance, which is holding the six-day congress ending today.

With one major exception it follows similar resolutions approved by past Baptist congresses. The exception is that it does not mention discrimination based on religion against Jews, Orientals and fertile soil for the development of Communism, and Negroes.

### Communist Paper Peddler Moved Out

DETROIT — (AP) — Izzy Berenson's newsstand hard by Detroit's city hall is now out of action. Police hauled it away yesterday as a "public nuisance."

It had been so labeled by the city council, which is making a drive against Communist propaganda distribution on municipal property.

Here on 57, sold the Communist Daily Worker and other Communist publications.

The council is proposing an ordinance to forbid sales of "subversive literature."

### So Easy To Place A Want Ad

Dr. F. Townley Lord, 56-year-old pastor of Bloombury Baptist Church in London, was unanimously elected president of the alliance yesterday.

He succeeds Dr. C. Oscar Johnson of St. Louis and was to be installed today.

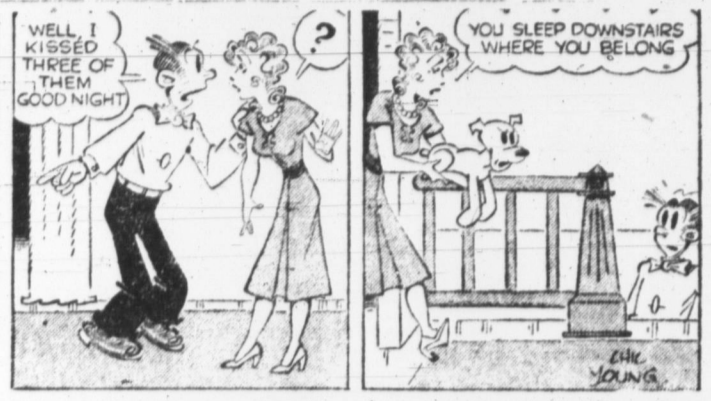

The next congress will be held in London in 1955.

Dr. Lord is editor of the Baptist Times and is a former president of the British Baptist Union.

# Tax Trend Goes Up Again as HST Tries to Offset Losses

By CHARLES MOLONY  
WASHINGTON — (AP) — President Truman's \$5,000,000,000 tax hike proposal is aimed at recouping less than half the \$10,913,000,000-year revenue loss the government figured it took on the two big postwar tax cuts.

But it returns the tax course to the upward path followed with few exceptions over the last 20 years and, in general, since the starting days of the republic back in 1789.

For instance, the \$5,000,000,000 extra looms large against total federal tax collections of all kinds in 1922, the pit of the depression. The government's total tax take then was \$1,500,000,000.

Federal receipts got above \$5,000,000,000 in 1928 for the first time in a peacetime year. World War I tax rates had brought in \$6,695,000,000 in 1920.

World War II sent revenues soaring to a peak of \$44,762,000,000 in fiscal 1945, which covered the 12 months ended June 30, 1945 — after victory in Europe, but before victory in Japan.

The \$5,000,000,000 a year tax raise now proposed by President Truman as an addition to the \$36,200,000,000 in revenue officially estimated earlier would leave this year's total some \$3,500,000,000 below the 1945 mark. But Mr. Truman is slated to shoot for more taxes before this year is over.

Of the 23 major tax bills enacted into law in the last 22 years, only the two passed in 1945 (with President Truman's approval) and in 1948 (over his veto) have brought big-scale tax reductions.

The 1948 act, effective in the spring of that year, cost the government revenue figured by Secretary of the Treasury Snyder at \$4,987,800,000 a year. The 1945 act, effective at 1946's start, cut off revenue estimated at \$5,925,000,000 a year.

Individual income taxes, due for a \$3,000,000,000 a year increase under the new proposal, got the biggest share of the postwar tax cuts — \$2,645,000,000 in 1945 and \$4,738,000,000 in 1948, of \$7,383,000,000 altogether.

Corporation taxes, due for a \$1,500,000,000 lift, were cut \$2,140,000,000 in 1945, but weren't touched in 1948.

Before the new tax proposal, official estimates counted on a \$17,900,000,000 income tax year from direct taxes on individuals (some of it from estates and gifts) and \$10,500,000,000 from corporation taxes.

A feature of the individual income tax changes over the years was the shifting of personal

exemptions and allowances for dependents — shifts that determine for millions of persons whether they do or don't have to pay any federal income tax.

From 1922 to 1940, these amounted to \$2,500 for the married man, \$1,000 for the single person and \$400 for each dependent. Only 7,800,000 individual income tax returns were filed in 1940, since the exemptions and allowances freed millions from tax duty.

By 1948, the provision had been trimmed to a flat \$500 for each taxpayer and dependent — and the number of individual income tax returns filed had soared to 54,800,000.

When the 1948 act broadened the exemption to \$600 for each taxpayer and dependent with an additional \$600 exemption for those over 65 or blind, an estimated 7,400,000 persons were relieved of income taxes.

The tax rate changes for individuals and corporations have been more complicated in character, but the rates have risen considerably over the years, although rates have varied among income brackets.

# Steel Production Hits Record Level

WASHINGTON — (AP) — The steel industry hit a record production pace in May — almost a month before the Korean crisis — the bureau of labor statistics reported.

Paced by a rising demand for durable goods, the industry produced 8,200,000 tons of raw steel, the Labor Department agency said. At the same time, employment in steel works and rolling mills reached 606,500, the highest point in 12 months.

"Reappearance of such record activity is absent since late 1948 and early 1949, reflected an upturn in general business conditions as well as in that of a few chief steel consumers," the bureau said.

# Tears Flow Faster As Loss Discovered

BALTIMORE — (AP) — Mrs. Rhoda Wolfersberger dabbed at her watering eyes yesterday with some facial tissue as she hailed a cab after a trip to the dentist.

After a few blocks, she tossed the crumpled tissue out the cab window.

"Now, she told police, she wants it back. She's even offering a reward for its return. For inside the tissue were two diamond rings.

WAR IS LIKE THIS—A scene of pathos is caught in this remarkable picture taken at a first-aid station somewhere near the battle front in South Korea. An Army chaplain bends over a wounded American soldier, comforting him as best he can.

# ATTENTION

(Continued from Page 6)  
watched China go down under the red flag. In all, we have watched about 700,000,000 people and a land area about the equivalent of North America become dominated by Russia and by Kremlin-backed communists of other races and nations.

ABOUT FACE  
Now, suddenly, we show great concern over an area about the size of California, with a population of about 11,000,000. Because of the many angles in the case, and measuring the act against a background of political history, it seems to lack real sincerity and smack of opportunism. It furnishes a convenient crisis to divert attention from the many failures that have stacked up over the past 17 years and are now becoming crises on their own account.

As an isolated bit of action unrelated to the whole of our situation, the stand we have taken in Korea is to be praised. From the fact of morality, even when related to the whole, it is not to be criticized. But in the big picture it is just another bit of business that can be classified as "too little and too late." It is like trimming a single cell from the edge of the world's huge cancer without applying the knife to the entire malignant mass.

Nevertheless, this action does have its political and economic aspects within our own structure. If the guess is right that it will not touch off a larger conflict immediately, an abstract mountain can be made out of physical molehill—an aberration of national magnitude can be created.

# Cities Wage Stiff Battle for Places in Nation's Top 100

WASHINGTON — (AP) — A nip-and-tuck battle for standings among the 100 biggest American cities is shown by preliminary figures reported to the census bureau here.

Omaha, Neb., for example, held a 135 lead over Miami, Fla., for 41st place — a margin that could be overturned in revisions leading to the official figures to be given out next year. And Berkeley, Calif., has a margin of 34 for 90th place over Fall River, Mass.

One factor that would be important: the number of persons claiming Omaha and Nebraska as residence who were counted in the special one-day count of transients last April, and who were not duplicated in the count at their homes.

"The bureau has a big task ahead yet in checking the approximately 1,500,000 persons registered in the transient count against the home-count in their cities to see whether they should be added to the preliminary city figures."

Tentative figures at bureau headquarters here gave the following ranking for the 100 largest cities, subject to possible revision as other cities report:

1. New York 7,841,610
2. Chicago 3,631,835
3. Philadelphia 2,957,210
4. Los Angeles 1,934,035
5. Detroit 1,837,613
6. Baltimore 939,865
7. Cleveland 909,546
8. St. Louis 852,253
9. Washington 792,234
10. Boston 788,852
11. San Francisco 760,439
12. Pittsburgh 673,786
13. Milwaukee 632,938
14. Houston 593,600
15. Buffalo 576,506
16. New Orleans 568,407
17. Minneapolis 517,410
18. Cincinnati 499,749
19. Seattle 462,981
20. Kansas City 453,290
21. Newark 437,833
22. Dallas 432,805
23. Indianapolis 424,683
24. Denver 412,825
25. San Antonio 405,973
26. Memphis 394,025
27. Oakland, Calif. 382,463
28. Columbus, O. 383,821
29. Louisville 371,859
30. Portland, Ore. 371,009
31. Rochester, N.Y. 331,292
32. Atlanta 326,962
33. San Diego 321,485
34. St. Paul 319,155
35. Toledo, O. 301,372
36. Jersey City 300,147
37. Birmingham 298,747
38. Fort Worth 277,049
39. Akron 273,189
40. Providence, R.I. 254,027
41. Omaha 247,397
42. Miami 247,292
43. Long Beach, Calif. 243,921
44. Dayton, O. 243,108
45. Oklahoma City 242,450
46. Richmond 229,897
47. Syracuse, N.Y. 220,067
48. Worcester, Mass. 201,875
49. Jacksonville, Fla. 198,880
50. Norfolk, Va. 182,377
51. Salt Lake City 181,902
52. Tulsa 180,586
53. Des Moines 176,954
54. Hartford, Conn. 176,823
55. Grand Rapids 175,647
56. Nashville, Tenn. 173,559
57. Youngstown, O. 167,643
58. Wichita, Kas. 165,374
59. New Haven, Conn. 164,206
60. Springfield, Mass. 162,601
61. Flint, Mich. 162,193
62. Spokane 160,473
63. Bridgeport, Conn. 158,678
64. Yonkers, N.Y. 152,533
65. Tacoma, Wash. 142,975
66. Paterson, N.J. 139,423
67. Albany, N.Y. 134,362
68. Sacramento, Calif. 134,313

# Rubber Firm Fire Is Blamed on Reds

SINGAPORE — (AP) — Singapore's largest rubber factory was destroyed today by a fire police said was set by Communist arsonists.

The factory was insured for \$2,300,000, and employed almost 1,000 persons.

Deputy Police Commissioner R. C. B. Whitshire said, "we have every reason to believe the fire was set by Communist arsonists."

He said the blaze looked like part of an ambitious Communist plot to destroy Singapore's economy. Two previous attempts had been made to fire the factory, he explained.

# Fishermen Discover Catch Very Lively

TOKYO — (AP) — A live torpedo lying on the bottom of the sea was caught in the nets of a Japanese fishing boat today. As it was hauled aboard it exploded, killing 30 fishermen and injuring 10.

The accident occurred in the inland sea off Hiroshima prefecture, the maritime safety board reported.

# Seymour Marks Has Lots More Pep—Gives Credit to Hadacol

Seymour Marks, 1229 Morrison Avenue, St. Louis, Missouri, feels like a different man now due to HADACOL. He writes: "I started taking HADACOL a few weeks ago, and I feel much better. I felt tired all the time and couldn't sleep at night. Since taking HADACOL, I have lots more pep. I'm on my second bottle and feel like a different man."

So many weak, run-down, nervous men with stomach disturbances—due to lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin in the system—are telling how this great new HADACOL has helped build them up, has filled them full of the joy of living—has given them that wonderful HADACOL feeling. Be fair to yourself! Start taking HADACOL at once. A big improvement in physical well-being is often noticed within a few days. Trial size, only \$1.25. Large family or hospital size, \$2.50.

# INSIDE

(Continued from Page 6)  
partment from top to bottom? It has already socialized the production of our food. It fixes prices. It exploits one group and enriches another by taxation. It proposes the Brannan Plan. It burns potatoes, rots eggs and spoils the corn.

McCarthy has raised the one question we are all interested in—"Has America herself been sunk deeply into Socialism or Communism in domestic affairs as well as in foreign policy?" The questions go beyond Poland and China.

Indeed Senator McCarthy has touched off something which we have hardly begun to understand. WHO is masterminding all this?

The conspirators now under attack in a single Department of State believe they can kill off Senator McCarthy by the old tactics of divide and conquer. They tried to draw off the left-wing Republicans. They even tried to make bad blood between Senator McCarthy and Senator Wherry, the minority leader. They are clever and unscrupulous. But they will not win because the Senate and the House are too experienced to be fooled by them. The members know, too, that they may be picked off one by one if they fail to stand together against a common enemy. They will stand together. They will ferret out the evil men and their evil measures in our Government.

Arkansas and California lignite are a good source of the montan wax used in industry, according to the U. S. Bureau of Mines.

The pangolin of Sumatra, a member of the anteater family, is clothed in scaly armor so strong that it can resist a revolver bullet.

# Kansas B-25 Crash Fatal to 6 Airmen

OAKLEY, Kan. — (AP) — A twin-engine Air Force plane crashed during a thunderstorm yesterday, killing all six men aboard and scattering wreckage over a two-acre area.

The plane, a B-25, hit in a pasture about 12 miles southeast of this Western Kansas town.

Some of the crewmen apparently attempted to parachute. A chute on one body was ripped open. Parachutes were strapped to three other victims.

Witnesses said a wing section fluttered to earth shortly after the plane hit.

The B-25 was enroute from Scott Field, Belleville, Ill., to Lowry Field, Denver.

Officials at Randolph Field, San Antonio, the plane's original base, said names of the dead would be released there as soon as next of kin had been notified.

# British Brief Case Is Found on Street

DETROIT — (AP) — A brief case belonging to the British navy lost Tuesday on a Detroit street has been recovered.

A truck driver spotted it and turned it in, police reported yesterday. It had fallen from the trunk of the car of three British naval commanders.

# LITTLE DOC

By Walt Coburn

Copyright 1950 by NEA Service, Inc.

THE STORY: Dr. John Sand has hung out his shingle in Wolf Point, Mont. He treats men and horses and he has found two friends in Dinky Rhodes, a cow-boy, and Kit Carson, whom Dinky expects to marry someday. Kit goes to work for her as a nurse, explaining that she took a job at the hotel her father left her. But later Little Doc learns that she had surrendered the hotel to Tom, a friend of Blackjack Lambert, a gambler who is a gangster. Dinky, in payment for alleged gambling debts left by her father.

VI  
A FEW days later Little Doc got back from a 30-mile trip on which he set the broken leg of a bronc rider. It was almost midnight. A light still burned in his office.

He found Kit waiting for him. Another woman was asleep in a chair. Kit had put a 12-year-old boy to bed on the cot in the operating room and given him a pill to make him sleep.

"His face is flushed and hot and his skin is dry. I took his temperature and he's running a high fever," she whispered.

Little Doc examined the boy and looked at Kit. "Scarlet fever," he said. "He's got to be isolated, and the mother with him. How far out of town do they live, Kit?"

"Five miles. It's a small ranch. The father is out on the round-up. He works for the Rocking R."

The mother had brought the sick boy to town in a spring wagon. Doc bundled up the boy and then gave Kit instructions how to fumigate the office before following mother and boy to the Rocking R ranch.

He had no quarantine sign to tack up, but he gave the ranch woman careful instructions and told the hired man to stay away from the house. He left, promising to return the next day.

The newness was fast wearing off the little black bag Doc had brought with him to Wolf Point. This bag had been given to him by a girl. The girl he planned to marry as soon as he had established a practice. But the girl hadn't waited. Instead, she had married a society doctor who already had a practice and John Sand had taken the train west as soon as he learned the news.

Doc pushed thoughts of her into the back of his mind as he rode home. It was past sundown when he finally got back to town. As he entered the cabin in which he made his office, the reek of disinfectant struck him like a blow. A cough disclosed the presence of Kit, wearing a gauze mask and her eyes red-riddled from the fumes.

"I'll eat every confounded germ that's left, Little Doc," she wheezed as she removed the mask. "How's the boy?"

Doc nodded and opened a window to admit some fresh air, then he went to the door and Kit followed him outside.

"He'll need nursing," he said. "His mother's strong and hasn't picked up the bug—at least, not yet. She's a sensible woman and I told her what to do. I'll go out first thing in the morning. Meanwhile, you'd better go home and get a night's sleep."

"You're out on your feet yourself," she said. "Better take a hot bath and get to bed. We're both a fine pair of wrecks."

"You're as tired as I am. Go home—go to sleep yourself. Doctor's orders. And no nonsense about it."

They were standing outside in the twilight. Kit Carson knew that Little Doc was going to kiss her as they stood close to each other. She could have turned away, taken a step back. She had need only

to turn her eyes away and the man's impulse would be gone. But she kept looking at him and into his eyes and when his arms reached out, her lips were ready.

THE shepherd's dog Shep charged past them, growling low. He charged into some rose-bushes that made a hedge beyond the Whitehouse. They heard a man's muzzling outcry of pain and saw Toad break from his eaves-dropping shelter and run. Shep trotted back with a ragged chunk of checkerboard cloth. Old Dad, the shepherd, hair and beard trimmed and wearing clean clothes, came out of the shed where he had been staying the past 10 days.

"Shep," the shepherd explained, "don't like fellers prowl-in' around." He pulled on his battered hat and headed up the street. "I'd just dropped off five winks, when Shep woke me up. I'm outa tobacco. Little Doc, I ain't huntin' any more ikker. You don't need to worry about me."

"We won't worry about you, Dad," Little Doc called after him. He lowered his voice as he spoke to Kit: "There goes a splendid liar."

"He won't get drunk," said Kit. "He's taking the stage out in the morning and going back to his band of woolies."

"I didn't mean that. There's a pound of pipe tobacco in his shed. He was wide awake. I think he sic'd the dog on Toad," Little Doc said.

He still had hold of her hand. "Good night, Kit. Get some rest."

"Good night, John."

Both were thinking the same thing. Toad could make trouble for them if he saw that the news got to Dusty Rhodes.

## Model Airplanes Already Obsolete

PHILADELPHIA — (AP) — Remember way back when the kids used to make model airplanes — plain, old-fashioned airplanes? Officials at the Lawton Public School playground here scheduled a model building contest — models of flying saucers. First prize will go to the boy or girl who exhibits the most plausible and best constructed interpretation of the mysterious aerial craft.

## Says Hadacol Only Thing That Relieved Gas on Stomach

Caused by Lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Nicotin

Lincoln Robinson, 519 Lindsey Street, Newport, Kentucky, wrote us this: "HADACOL is wonderful. I suffered from stomach gas. I've taken only three bottles and can eat anything. I could write for a day about this HADACOL. It's the first thing I found that helped me."

Why don't you get that wonderful HADACOL, feeling everyone is talking about? HADACOL not only supplies deficient systems with extra quantities of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Nicotin but also helpful amounts of Calcium, Phosphorus and Manganese — elements so vital to maintain good health. And these vital elements come in special liquid form, so that they are more quickly absorbed into the blood stream — ready to go to work at once! Trial size, \$1.25. Large family or hospital size, \$3.50. © 1950, The Lobbins Corporation

## Brother Is Hero, Subscribers Find

NEW HAVEN Conn. — (AP) — Some subscribers of the New Haven Journal Courier had the answer today on why they received their morning paper folded backward. There really was no mystery. The newsboy who delivered the paper was a brother of Sgt. Wil-

Ham Kelly, a member of a National Guard anti-aircraft battalion which has been called to active duty August 24. Sgt. Kelly's picture appeared on the back page of the newspaper.

Most elm trees can be grown from seed.

## Christianity in Danger of 'Losing Sight' of Principles, Ideals, Baptist Group Is Told

CLEVELAND — (AP) — The Baptist World Congress today warned that at no other time has Christianity been in greater danger of "losing sight" of its principles and ideals.

The warning was in a manifesto prepared by a 19-member commission on religious liberty headed by Dr. Stanley I. Stuber of New York, N.Y. It bore the approval of the Baptist World Alliance executive committee as an official pronouncement.

The manifesto said: "The principle of separation of church and state in some areas, even in places where it is now practiced, is seriously questioned; officers and members of churches have been arrested and imprisoned on an increasing scale both in Communist countries and others where the Roman Catholic Church is dominant."

"Moreover, we regret to note that in a few nations, where there are established protestant churches, minority religious groups are sometimes subject to legal disabilities."

The manifesto asserted that "... not only do Communists imprison Roman Catholics and Protestants; Roman Catholics are ready to persecute Protestants, and certain Protestants to a lesser degree deny Roman Catholics and others full liberty."

"We as Baptists, now reaffirm our historical position, and pledge ourselves to seek for all men the right of free and unhindered access to God and the right to form and propagate opinion in the sphere of religion without interference by civil and religious powers."

The manifesto appealed to rulers of Communist lands to "cease their policy of discrimination against religion," asked all Baptist churches to "lead in the proclamation and practice of religious liberty," and called upon the United Nations to "apply the principles of universal declaration of human rights to nations and

territories now under the domination of any one particular religious force."

Dr. Culbert Rutenber of Philadelphia, Pa., declared at a congress session today that the presence of world totalitarianism makes politics the chief business of Christians.

The professor of philosophy and religion at Eastern Theological Seminary said the "totalitarian state is the most urgent problem of our civilization."

"The blasphemy of the omnipotent state," he added, "is that it seeks to annihilate the individual conscience. The only way to resist this is by the individual and by the church."

Another speaker was Dr. Benjamin E. Mays, president of Morehouse College, a school at Atlanta, Ga., attended by Negroes. Dr. Mays pointed out that despite what he called the "Christian light" one of the "most segregated institutions in America's God's church — segregated both in the North and in the South."

"We seldom begin with what is Christian or just, what is right, is honorable. We usually begin by asking what is expedient and how much will the traffic bear," he added.

"If our civilization is to be saved," he continued, "we must convert men in responsible positions of government, business, education, church and state."

"We should insist that a Christian, a member of God's church should be different," he said.

PACIFIC "GILBERTAR" — Morro Rock is called the Gibraltar of the Pacific. Located near San Luis Obispo, Calif., it rises 576 feet above a shallow sea lagoon.

## Pampa Girl Scouts End Camp Session

Returning this week from their summer camp at Carap Kiwanis near Amarillo were 13 local Girl Scouts of intermediate rank.

Those who attended the camp from Pampa were Martha Skelly, Adelaide Skelly, Rebecca Skelly, Linda Joyce McDonald, Mary Elizabeth Young, Nickie Lewter, Ann Price, Eileen Moore, Vicky Osborne, Sandra Williams, Carol Carnes, Anita Wedgeworth, Carol Ree Miller and Phyllis Burns.

Pampa was best represented city with the exception of Amarillo. Fifty-four girls attended the camp, several of them from as far away as Colorado. Activities included camping, cook-outs, hiking and swimming.

## Massachusetts Bans Novel as 'Obscene'

BOSTON — (AP) — The Massachusetts Supreme Court has banned Erskine Caldwell's novel "God's Little Acre" from state sale.

The court ruled yesterday that the book is "obscene." The decision upset a previous ruling of Superior Judge Charles S. Fairhurst that it was not obscene.

The Supreme Court opinion, written by Justice John V. Spaulding, said: "The book abounds in sexual episodes and some are portrayed with an abundance of realistic detail. In some instances the author's treatment of sexual relations descends to outright pornography."

Don't keep putting off placing that WANT AD. Call Pampa 696 and you'll be on your way to getting extra cash.
