DRIVE SAFELY

The Texas department of public safety has indicated a record number of Texans will be killed in traffic accidents this year. You may be one of them. Drive safely in town and on the highways.

BATTLEFIELD DRAMA—Under heavy fire, GI's carry a dying comrade down a hillside near Pohang in Korea. The soldier died before he could be carried to safety. Newsreel cameraman Charles Jones of Washington (left) lends a hand.

Tank Battle Believed Near HST Apology to Marines Hinted

WASHINGTON (AP)—President Truman is considering sending a letter to the Marine Corps League to stem the furor and bitterness arising from his cracks about the Marine Corps.

It was learned today that Mr. Truman is disturbed by the reaction to his assertions that the Marines are the "Navy's police force" and have "a propaganda machine that is almost equal to Stalin's."

He conferred at length about it with members of the White House staff this morning.

Protests were pouring in to his office over his statement, made in a letter to a congressman who had suggested that the Marines have representation on the armed forces joint chiefs of staff.

It was learned that the White House meeting discussed the advisability of a letter. Some of Mr. Truman's staff urged a blanket apology to the Marines.

The Marine Corps League opened its annual meeting in Washington today. Rank and file members were hopping mad at Mr. Truman. Some talked of throwing him out of membership in the league.

But national officers were trying to hush the whole thing up. National Commander Clay Nixon, who was demanding yesterday that the president apologize, told reporters today that he wants to consider it "a closed issue."

Nixon said a resolution had been proposed to "throw the president out of the league, and things of that sort," but that he would try to quash anything along that line.

As commander in chief of the armed forces, the president is a member of the league.

AP Correspondent Bill Ross, who is with the U. S. Marines in Korea, sent a dispatch saying the Marines were "stunned, angry and profane to learn of Mr. Truman's remarks, but that none would be quoted by name."

They presumably got their word of the president's statement through war correspondents and the Army's service newspaper Stars and Stripes.

Messages came to the Marine league convention from ex-Marines and others around the country. Mostly, they were harshly critical of the president. One likened his remarks to "the mouthing of an idiot."

The president chose an odd time to write to a Republican congressman chiding a service around which has grown something akin to legend.

It came in an election year, on the eve of a convention of the Marine Corps League, in the midst of a war in which the Marines are fighting. Also, the fight followed closely on a series of incidents which had showed up sharp division between White

WRECKAGE OF PLANE—Wrecks of plane and battered concrete blocks are all that remain of this Gulf-side cottage at Indian Rocks Beach near St. Petersburg, Fla. Undermined by pounding surf, the home toppled onto the sand as waves ate away the street end running to the shore. A newsman reclines on a divan, one of the few items of furniture carried from the home before collapse. (AP Wirephoto)

Allies Re-Take Pohang, Gain Some Ground

TOKYO, Thursday (AP)—Allied troops retook Yongchon Wednesday in a counter-attack that stopped Red Korean thrusts at Taegu and regained some lost ground.

But the Reds threw 84 new Russian-made tanks on the northern and eastern Korean battlefields where new U. S. 47 1/2-ton Patton tanks made their war appearance a few days ago.

A big tank battle seemed imminent with the allied side having some demonstrated advantage through airplane support.

Good weather unleashed U. S. Fifth Air Force bombers and fighters on the enemy tanks. By dusk Wednesday 17 Red tanks were knocked out—10 destroyed and seven damaged by aerial attack.

Night fighters and bombers continued the attack Wednesday night.

But the allied eastern sea anchor line on the 120-mile Korean war-front had collapsed. That allowed Communist troops a hub tanks to spew toward Taegu, a nod of the northern and western front, and southward toward Pusan, chief allied port in the southeast.

Pohang, No. 2 allied port on the sea of Japan coast, fell to the Reds. Allied fire bombs in Wednesday's air attacks set the city aflame. It has changed hands twice in the 10-week-old war.

Yongchon, a major battle goal 20 miles east of Taegu, was seized by Communist guerrillas Tuesday. It was retaken by an allied counterattack Wednesday morning.

American aerial observers told AP Correspondent Leaf Erickson the highway junction was in allied hands late Wednesday.

The fate of Taegu depended upon the battle for Yongchon and the highway between the two cities.

Correspondent Erickson said Taegu was calm while battles flared to the east and north of it. The rail hub is the largest city left in the allied sector of Korea.

The allied east wing first (See TANK BATTLE, Page 2)

Attacks Continue On Foreign Policy

Political Front Is Quiet; Guilt on Tour; Rogers Rests

Congressional "politicking" in Pampa was quiet Tuesday and today.

Both candidates were out of town yesterday.

The Democratic nominee, Walter Rogers, returned home early this morning, with his family, from a New Mexico vacation and was unavailable for any comment before press time.

In the meantime Congressman Ben Guill, Republican nominee for reelection, had jumped off on his four-day trek over the Panhandle. Yesterday Guill was in Childress where he spoke at a public meeting sponsored by the Lions and Rotary clubs.

Today Guill is in Memphis where the address sponsored by the Lions-Rotary sponsored forum. Tonight he is to honor guests at the Mill Iron Ranch, near Wellington, and later speaks at a meeting in the Wellington town hall.

Thursday Guill goes to Perry, Tex. and Friday to Hereford. The two Panpans will oppose each other in the November 7 general election for the seat as representative from the 18th Congressional District of Texas.

Motorists Running Two Traffic Lights

City police reported today that some people are finding driving habits hard to break.

A number of drivers are running red lights at intersections of Alcock and Faulkner and also at Frederic and Barnes, according to Assistant Chief J. O. Dumas. These signals have been yellow blinkers during the summer but now that school is in session, they have become stop-and-go signals for school children.

The Faulkner-Alcock light services Horace Mann school while the Frederic-Barnes light is for Baker school.

Pepin Is Appointed To Convention Group

City Manager Dick Pepin has been appointed to the reception and arrangements and entertainment committees for the annual international convention of city managers to be held at Houston Nov. 28-29 at the Shamrock Hotel.

Pepin is the first Pampa city manager ever to serve on a host committee for the international city managers' convention. It is the first time in over 20 years the convention has been held in Texas.

Two Wreck Victims Show Improvements

Attendants at Highland General Hospital this morning reported no change in the condition of Mrs. T. P. Ford, injured in Sunday's fatal auto crash near Panhandle.

Angus Doyle and his son, Ronald, also critically injured, showed some improvement, as did Gary Ford, Mrs. Ford's son, who suffered a broken arm and bruises and contusions.

American Division Eliminates Enemy

TOKYO (AP)—It happened on the southern front in Korea when the U. S. 25th division cut off a Red force. Here's the full story as told by the 25th to General MacArthur's headquarters.

"Enemy estimated 1,000; enemy casualties 1,000."

NEW YORK (AP)—The Daily Worker, Communist newspaper, headlined today's Korean war news: "Yongchon and Pohang freed."

Russia's 44th Veto Forecast

LAKE SUCCESS (AP)—Russia is expected to cast her 44th veto today to prevent Security Council adoption of an American resolution urging all countries not to help the North Korean aggressors.

Russia's Jakob A. Malik has insisted since he returned to the council Aug. 1 that the U.S. resolution is merely designed to "hide and justify American aggression in Korea."

He returned to that theme at yesterday's stormy session declaring that U.S. intervention is "the real threat to international peace and security." The North Koreans, he insisted, are "fighting a just war against the foreign imperialists."

Malik's bitter, 45-minute attack on the U.S. came an hour after American Delegate Warren H. Austin officially notified the council that United Nations forces had shot down a plane off the Korean coast, hearing Soviet markings and had recovered the body of a man identified by his papers as a Russian lieutenant.

Malik dismissed the reported air fight as "one of a series of provocations by Gen. MacArthur and the war department" intended to spread the Korean war.

He implied that the U.S. manufactured the happening by saying "the sea was chosen to conceal the sharp corners of the incident."

Diplomats were surprised that Malik waited an hour after Austin reported before making his reply, and then spoke of the shooting so briefly and in such comparatively mild tones.

They noticed that he left the council chamber before speaking and speculated that he went outside to receive his instructions from Moscow on how to deal with the incident.

The Russian's extension of his reply into a long denunciation of American action in Korea delayed the council's slow progress towards a vote on the American resolution. It is now expected today.

The delay in the vote led the American delegation to postpone plans to ask for a special council meeting to set up a commission to investigate Chinese Communist charges that American planes have bombed Manchurian territory.

A spokesman said the U.S. still considered such an investigation urgent "because we have been accused of something and want the facts discovered before the trial gets cold." He said the U.S. would press for the special meeting as soon as the Korean question has come to a vote.

20 KILLED SOA PAULO, Brazil (AP)—Five cars of a railway train were derailed in the southern part of this state today, killing 20 persons and injuring 25 others.

It will pay you to call Bert A. Howell & Co., 319 N. Ward, and let them check your heating system. Ph. 152 for speedy service.

Construction of a paved highway about 20 miles long from Sweetwater, Okla., to a junction with Oklahoma State Highway 73, has been assured by the Oklahoma state highway department, it was learned today.

The cutoff would then connect Wheeler directly with U. S. Highway 66 at Elk City. This would provide a straight-through highway from Highway 66, directly through Pampa to Amarillo, where other parts of the nation's goal long strived for by Pampa, Wheeler, Sweetwater and Elk City officials.

Letting of the contract for the project was assured recently after farmers and businessmen of the Sweetwater area agreed to underwrite fund necessary to secure the balance of the right-of-way.

The work project had been delayed by the refusal of farmers adjacent to the 6.8 mile grade and drainage project to give easements. Some 30 property owners along the project had already signed up to give easements to the state highway commission.

A signed agreement to assume the liability for payment for all in excess of the amount to force and troops was forwarded to the state highway department by the Elk City Chamber of Commerce Aug. 25.

This action, underwriting the action taken by the farmers and businessmen, designated that a work order could be issued. The contract for grading and drainage was awarded Aug. 2 to G. E. Kech construction company. A representative reported work is ready to begin as soon as the Oklahoma state highway commission clears the work order.

Proposals to prohibit self-service gasoline stations in Pampa; establish a summer recreation program; and permit subleasing of Pampa Municipal Airport were presented the city commission Tuesday afternoon.

The commission received the proposals with the promise to give each full consideration before acceptance or rejection.

The proposal to prohibit self-service gasoline stations was presented by the Gray County chapter of the Texas Service Station Operators' Association through Charles Burton and Jack Vaughn.

Burton told the commission the proposal was being made from a safety viewpoint, admitting he children from five years of age and other service station operators in town could, under present conditions, convert their station into self-servers, but want no part of them.

He contended the self-servers are fire hazards because they permit people who are not familiar with gasoline to handle it, that a fire could easily be started by a customer filling his tank and pads, etc. would run to the casual lighting of a cigarette or cigar. Burton cited one instance where the operator of a self-service station found two teenagers squirting gasoline at each other. The commission instructed City Manager Dick Pepin to investigate, through the League of Municipalities, what other cities are doing or what they have done.

Wreckage of Plane Is Sought in Area

Search planes from three states were to drone over an area south of Skellytown and west of Pampa today to look for wreckage of a plane in which two persons are missing.

The location would be in the approximate vicinity of the Cargray gasoline plant between Pampa and Borger.

A report yesterday said wreckage had been sighted of a plane believed to have been that carrying Mr. and Mrs. Crawford Hand, Kansas City, who took off in a light plane at Amarillo, Aug. 12, enroute to Kansas City.

L. W. Jolly, Pampa pilot, said this morning he flew over the territory for two hours Tuesday afternoon but saw nothing that resembled plane wreckage. He said he was not planning to fly today.

An Air Force pilot who reported the wreckage said he saw it two weeks ago but didn't know a plane was missing.

Alaska, Hawaii Statehood Urged

WASHINGTON (AP)—President Truman today entered the fight to obtain Senate passage of Alaskan and Hawaiian statehood bills before adjournment of this session of Congress.

E. L. Bartlett, delegate from Alaska, and Joseph Farrington, delegate from Hawaii, announced Mr. Truman's decision following a call at the White House.

They said the president assured them he will use every possible influence to get a vote before adjournment.

'Self-Service' Station Ban By Ordinance is Requested

Proposals to prohibit self-service gasoline stations in Pampa; establish a summer recreation program; and permit subleasing of Pampa Municipal Airport were presented the city commission Tuesday afternoon.

The commission received the proposals with the promise to give each full consideration before acceptance or rejection.

The proposal to prohibit self-service gasoline stations was presented by the Gray County chapter of the Texas Service Station Operators' Association through Charles Burton and Jack Vaughn.

Burton told the commission the proposal was being made from a safety viewpoint, admitting he children from five years of age and other service station operators in town could, under present conditions, convert their station into self-servers, but want no part of them.

He contended the self-servers are fire hazards because they permit people who are not familiar with gasoline to handle it, that a fire could easily be started by a customer filling his tank and pads, etc. would run to the casual lighting of a cigarette or cigar. Burton cited one instance where the operator of a self-service station found two teenagers squirting gasoline at each other. The commission instructed City Manager Dick Pepin to investigate, through the League of Municipalities, what other cities are doing or what they have done.

Blood Bank Drive Slated by Jayces

The Pampa Jayces voted Tuesday in a business meeting to sponsor the establishment of a blood bank in Pampa to be located at one of the local hospitals.

In connection with the project, it was decided to conduct a fund-raising campaign to pay for a special type refrigerator in which the blood would be stored.

Vietnamese Receive Military Equipment

SAIGON, Indochina (AP)—Twelve Vietnamese army battalions received their equipment today from the United States in a formal ceremony inaugurating the American military aid program for Indochinese government forces fighting the Communist-led Vietnam.

Gulf Storm Losing Force

MIAMI, Fla. (AP)—The tricky Gulf hurricane which caused two deaths and left more than 400 homeless whirled in a dying fury near the Tampa Bay area today.

The Miami weather bureau said it was centered a short distance north of Tampa and was losing intensity.

The 6 a.m. (CST) advisory reported it was doubtful if there were any more hurricane winds in the storm which earlier lashed the middle Florida Gulf coast with 125-mile per hour gusts.

At the same time the weather bureau warned of squalls over northern and central Florida and said there would be dangerous gales in the west central part of the state.

High tides were expected from the Tampa Bay area southward and on the Atlantic Gulf coast with 125-mile per hour gusts.

The hurricane doubled back and headed south after stalling all day yesterday in the Cedar Key area, where the greatest damage was reported.

60 Pampans Due Army Physicals

Sixty more Pampans are due for draft board physicals this week.

The group will take physicals in Amarillo Sept. 7, Thursday. They will report to the local office Thursday morning before leaving by bus for Amarillo.

This pushes Pampa's total to approximately 175 men.

Riley Services Slated Thursday

Funeral services for Floyd A. Riley, 56, who died Tuesday in a local hospital, will be held at 2 p.m. Thursday in the First Methodist Church. The Rev. Orion W. Carter, pastor, will officiate.

Burial will be in Fairview Cemetery.

Pallbearers will be R. G. Miller, Dewey Daniel, W. M. McFarland, D. L. Durden, Arthur Chandler and Billy Brooks. Members of the LPOE will be honorary pallbearers.

Mr. Riley was district manager for the Independent Eastern Talc Co. in Pampa. He was a member of the First Methodist Church. Carmichael Funeral Home is in charge.

Police Investigate Attempted Burglary

Police today are investigating an attempted burglary at the Panhandle Lumber Co., 420 W. Foster.

According to investigating officers, the burglar climbed over a fence at the back of the building and made entry into the office after breaking a glass in the office door. The safe had been tampered with but nothing else, apparently, had been bothered.

FOUR EXECUTED

TAIPEI, Formosa (AP)—Four accused Communist spies were executed today by the Nationalist government. Two were women.

BULLETIN

LONDON (AP)—Russia asserted a bomber shot down by a United Nations fighter patrol Monday was an unarmed Soviet plane on a training flight.

The assertion was made in a statement to the United States broadcast by Moscow radio.

The statement claimed the plane carried "neither bombing nor torpedo armament."

It said the plane was flying "from Port Arthur to the area of Hai-Yun-Tao Island, part of the frontier of Port Arthur military base and situated 140 kilometers (about 87 miles) from the shores of Korea."

The note declared the plane "without any grounds or pretext was attacked and fired on by 11 fighters of the United States military air force."

The note said two other Soviet planes, which were on the same training flight, were "eye-witnesses of the attack."

It added the Soviet two-engine plane fell burning into the sea eight kilometers (five miles) south of Hai-Yun-Tao Island.

Itary base and situated 140 kilometers (about 87 miles) from the shores of Korea."

The note declared the plane "without any grounds or pretext was attacked and fired on by 11 fighters of the United States military air force."

Medical Care, Library Facilities Are Studied by Bell H. D. Members

'What's New in Medical Care' was the topic of a meeting of the Bell Home Demonstration Club recently in the home of Mrs. Ernest McKnight.

Mrs. Walter Noel discussed 'County Health - What We Have and What We Could Have.' A round-table discussion was led by Mrs. D. W. Swain on 'Our County Library Facilities,' and members answered roll call with a statement concerning news in medical care.

Refreshments were served. Present were Mrs. D. W. Swain, Mrs. David Collins, Mrs. H. H. Keashey, Mrs. Roland Dauer, Mrs. Nolan Cole, Mrs. Walter Noel, M. S. A. Lloyd, Mrs. T. H. Kelley, Mrs. H. C. Dueterhaus, members, and Mrs. Joe Wheeler and Mrs. Troy Maness, guests.

The Bell Home Demonstration Club met in the home of Mrs. Emmett Osborne for a meeting on 'Keeping Cool,' with members answering roll call by telling a method of keeping fresh in hot weather.

Johnnie Mae Dauer, one of the Blue Bell 4-H Girls, gave a brief description of the district camp held in New Mexico. An advertising game was played with Mrs. Henry Dueterhaus winning the prize.

Refreshments were served to Mmes. Grayson Morris, David Cole, Roland Dauer, Ernest McKnight, T. H. Kelley, Walter Noel, Henry Dueterhaus, and Mary Anne Duke, home demonstration agent.

WHEN YOU BUY ASPIRIN... BE SURE IT'S St. Joseph ASPIRIN

Grace Friend

FOOD PROBLEM

Dear Mrs. Friend, I have a food problem with my little girl.

She is five and is not getting the correct diet. There are many foods which she won't eat. I think that it is partly due to the fact that her father is fussy about what he eats and refuses to eat many of the things that would be good for him. How can I correct my daughter's bad eating habits.

Mrs. S.W.

Dear Mrs. S. W.

You really have a food problem with your child if she is aware that her father doesn't like certain foods.

Why don't you serve her the foods he won't eat and which you think she should have at a meal when her father is not present.

Probably he is gone at noon. Then include the items you feel she needs in her luncheon menu. If her father is not there she won't observe his reactions to certain foods and will be apt to eat whatever you serve her.

Then serve foods which he enjoys at dinner and your meal will be much more harmonious and you can enjoy it yourself.

TEARFUL NOTES MUST BE WRITTEN

Dear Mrs. Friend, When there is a funeral in the family is it correct to send engraved thank-yous to people who have sent flowers?

Can you ask people not to send flowers for any reason? G.S.

Dear G.S. It is never correct to send an engraved note thanking a person for flowers sent to a funeral ex-

For 'Big Top' Fans

Every day is circus day for the little mistress of this attractive room! The colorful cloths, balloons and calicoes of the drapery and bedspread fabric as well as the animal prints on the wall create a gay, cheerful atmosphere. Top spreads and cornice of plastic and the vinyl cork floor are easy to clean and keep clean. Twin mattresses and bed-springs on feet are firm, level and resilient to provide proper support for growing children.

Child Study Club Of Miami Meets, Installs Officers

MIAMI — (Special) — The Child Study Club initiated its club year with a membership luncheon and installation of new officers Friday at one o'clock, at Nora's Cafe, in Wheeler.

Mrs. John Pennington was toastmistress, and the program was as follows: Invocation, Mrs. Barrett Moore; reading, Mrs. R. J. Bean; toast to retiring officers, Mrs. Clyde Hodges; toast to new officers, Mrs. Ralph Byrum; president's greeting, Mrs. Ed Daugherty.

New officers for the year are president, Mrs. Ed Daugherty; vice-president, Mrs. Clyde Loper; secretary, Mrs. Frank Potter; treasurer, Mrs. James Flowers; critic, Mrs. John F. Pennington; parliamentarian, Mrs. Barrett Moore; reporter, Mrs. Billy Joe Tolbert.

Mrs. D. J. Faggard, who is a new member was present for this first meeting. Mrs. O. H. Durrett of Lancaster and Mrs. Dale Low were guests, and members present were, Mmes. Bean, Byrum, Daugherty, Hodges, Moore, Pennington, Willis Clark, Matt Day, James Flowers, R. B. Haynes, Th. O. Jenkins, Wallace Locke, and Billy Joe Tolbert.

See first that the design is wise and just; that ascertained, phrase it regolutely; do not for one repulse forego the purpose that you resolved to effect. —Shakespeare

Blouses of a Yard

Three lovely, simple to sew blouses and each requires just one yard of fabric in the smaller sizes! Choose your favorite neckline—or why not make all three to wear with cotton skirts.

Pattern No. 8547 is a sewrite perforated pattern in sizes 12, 14, 16, 18 and 20. Size 14, 1 yard of 39-inch for each style.

For this pattern, send 25 cents, in COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett (Pampa Daily News) 1150 Ave. Americas, New York 19, N. Y.

Don't miss the Spring and Summer FASHION. This latest issue is colorful, informative, a complete pattern magazine. Fabric news, fashion tips, a wealth of smart frocks to sew for summer are all included. 25 cents.

WHAT'S RIGHT? You meet a girl you would like to date.

WRONG WAY: Say, 'What are the chances of getting a date with you sometime?'

RIGHT WAY: Ask her for a date for a particular evening.

Madeira School Of Dance Opens In New Location

The Helene Madeira School of Dance opens its new fall term in a new studio at 414 N. Yeager, this week, according to Mrs. Helene Madeira, who operates the school.

All types of dancing will be offered for children, teen-agers and adults, with special emphasis on poise, grace and self confidence. The studio will offer classes, as well as private instruction, in ballroom dancing for teen-agers and adults.

Mrs. Madeira is developing a chorus group of high school girls to be known as the 'Teensies.' Entertainment will be provided by the studio for programs, club

meetings and other group meetings.

A new feature of the studio will be the Peter Pan Kindergarten, under the direction of Mrs. Louise Rapstine, for children 4, 5 and 6, with work materials furnished by the studio. In addition to the regular pre-school training the children will receive instruction in music appreciation and dancing under the direction of Mrs. Madeira.

Registration for both the dance studio and the kindergarten is now in progress.

Mrs. Madeira has taught dancing in Pampa for the past five years, and during the past two years has operated branch studios in White Deer, Groom and Miami. She has studied dancing in various cities throughout the East as well as in Hollywood. She is a member of Dancer's International of Hollywood, and is affiliated with Dancing Masters of America of New York.

At Last! It's Now Possible to RELIEVE THE CAUSE of YOUR NEURITIS ACHES and PAINS

When Due to Vitamin B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron Deficiencies NADACOL—One of the Greatest Blessings of the Times!

A Big Improvement is Often Noticed Within a Few Days' Time!

We are delighted to tell the readers of this paper about the wonderful new HADACOL which is bringing radiant hope to such sufferers. Because now you no longer have to go on taking products which bring you symptomatic relief from cruel, stabbing neuritis aches and pains, when the REAL CAUSE is that your system is deficient in the important Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin.

Now, thanks to this wonderful new HADACOL you can relieve the REAL CAUSE of these miserable aches and pains—when due to such deficiencies.

How HADACOL Works HADACOL supplies deficient systems not only with extra quantities of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin but also helpful amounts of Calcium, Phosphorus and Manganese—elements so vital to maintain physical fitness and guard against such deficiency sickness.

Be fair to yourself. Be fair to your family. Why continue to suffer so and drag yourself around when relief is as close at hand as your nearest drug-store? Start taking this great HADACOL today. It's inexpensive—costs only a small amount a day.

And one of the many wonderful advantages of HADACOL is that continued use helps give you continuous complete relief and helps keep such miserable aches and pains from returning. Trial-size bottle, only \$1.25. Large family or hospital size, \$3.50.

Why HADACOL Comes in Special Liquid Form—Why It Reaches Every Part of Your Body

Vitamins and Minerals to be absorbed by the blood must be in soluble or emulsified form. That's why HADACOL comes in this special liquid form so that its precious elements are more easily and quickly absorbed and assimilated by the blood stream—ready to go to work at once.

HADACOL even helps build up and fortify your red blood cells (when Iron is needed) to carry these precious health-building Vitamins and Minerals to every organ and part of your body—to the heart, lungs, liver and kidneys.

Often within a few days' time a remarkable improvement is noticed! Because remember—you are now relieving the REAL CAUSE of such deficiency aches and pains.

Sold on a Strict Money-Back Guarantee

If after taking HADACOL for a reasonable period of time, you don't notice a great improvement in the way you feel—if you aren't experiencing fine results—your money will be refunded. Could you ask for anything fairer? You stand to gain simply wonderful benefits—and you can't lose one penny. It's your own fault if you continue to suffer so.

MANY DOCTORS NOW RECOMMEND HADACOL

These Are Just a Few of Thousands of Records of Folks Who Once Had Such Deficiencies

Mrs. Nabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio "Before I started HADACOL, I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible aches and pains. Then I heard about HADACOL from a very good friend of mine. After the second bottle the aches and pains were about gone. I'm just starting my fourth bottle and now I'm on top of the world. The aches and pains are completely gone. I recommend HADACOL to all my friends."

Harry Springer, 5608 Creer Avenue, St. Louis, Missouri "I had neuritis pains for quite some time and tried expensive treatments, but continued to suffer. Then I read about HADACOL in the newspaper and I bought my first bottle. Within a week I felt quite a bit better. After the third bottle I had no pains or trouble at all. I was always tired and listless, but after a few bottles of HADACOL I felt like getting out and doing things. I recommend HADACOL to anyone. Right now, five of my co-workers are taking HADACOL on my recommendation."

Why not start taking HADACOL this very day. Give it a chance to relieve the REAL CAUSE of your cruel neuritis pain when due to lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin in your system. You owe it to yourself.

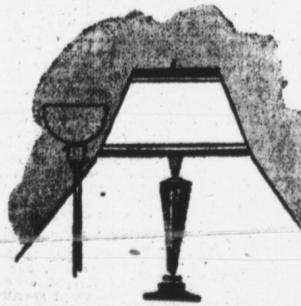

Better Sight BY THE CARTON

Lamps with empty sockets are about as handy as a ship without a sail! No matter how efficient... or how many lamps you may have around the house... they're so much excess baggage if your supply of lamp-bulbs is down to the bottom of the carton.

Good light is so necessary to good sight. And a carton of bulbs always on hand is insurance against "bulb snatching"... being without... or inconvenient rushing to the store.

Yes, BULBS ARE MIGHTY IMPORTANT... cleanliness is, too! Your lamps and fixtures should be kept clean. Dust and dirt can rob you of half the light you pay for. Reflector bowls can be washed with soap and water... bulbs wiped clean with a damp cloth. Shades may be dusted, washed or dry-cleaned... depending on the type fabric. Light-conditioning your home is economical, too... low cost, dependable electric service makes it so!

THERE'S A BULB FOR EVERY JOB... 40-60 watt—Strictly decorative... such as bracket lamps, brackets, etc. 75-100 watt—Decorative and functional where the saving task isn't too demanding. 150-300 watt—Reading, sewing... where good, strong light is needed for proper "see-ability."

Data on Pajamas Costs You \$100,000

As a taxpayer you're entitled to the information that slightly more than half the men in this country wear pajamas. Getting that information, plus some more about the popularity of pajamas, cost American taxpayers \$100,000. Rep. Vursell of Illinois said the other day that \$100,000 is the amount spent by Secretary of Agriculture Brannan for preparing and publishing a pamphlet of 192 pages about pajamas wearing in the United States. What a booklet on pajamas had to do with running the United States Department of Agriculture we admit frankly we don't know. But we do know that if Rep. Vursell is right, and so far as we've seen there's been no denial of his statements—the secretary of agriculture has deliberately and inexcusably thrown away ONE HUNDRED THOUSAND DOLLARS of taxpayers' money at a time when the federal government is demanding more taxes to pay war costs. This money was a wantonly squandered at a time also when the President was putting the government around \$5 billion further in the red thru deficit spending.

Bid For A Smile

A story is told of a man who seemed unusually happy at the union station a few mornings ago. Friends—Why all of this happiness? Man—I just saw my wife get started by train for Moscow. Friends—Yes, but your hands are black. How come? Man—I know, I patted the engine. A lot of silly stories have been told about messages written under postage stamps during the last war to escape the censor's eye. Here's a sample of a story told regarding the scene with a smile. Landlord—Why don't you help me catch him? (as he drew alongside the man in blue). The policeman looked surprised. Policeman—He told me that you were racing him for the price of a drink. Landlord—So I am. He hasn't paid it. Mrs.—Will you love me when my hair is gray? Mr. Why not? Haven't I stuck by you through brown, red, black and blonde? Truck Farmer—Have you had any experience at gardening? Applicant—Sure thing. I was a walter in city roof-garden for a whole month.

Washington.....by Peter Edson

WASHINGTON—(NEA) Increased social security benefits under the new law just passed by Congress are not entirely free. They are paid for by deductions from the employee's pay, matched by an equal contribution from the employer. The present tax will be collected on the first \$3,000 earned. The tax rate will go up to two percent on each worker and employer in 1954; to two and one-half percent in 1960; to three percent in 1965, and reach its peak of three and one-quarter percent in 1970.

MOPSY Gladys Parker. OF COURSE IF STRAPLESS GOWN GO OUT OF STYLE I'LL LOSE MY JOB. A social security-insured worker's wife is 65, she will get a pension equal to half her husband's pension. If they have dependent children 18 years of age or under, a pension will be given to the wife, regardless of her age. The pension for dependent children will be three-fourths the husband's pension for the first child, half pension for other children. Widows and dependent widowers, if 65 or over, will get three-fourths of the pension due the insured worker. Children of a deceased, insured worker and their mother will get pensions equal to half the insured worker's pension.

Fair Enough - Pegler

By WESTBROOK PEGLER. NEW YORK—The international longshoremen's association of the A. F. L. is notorious for corruption, including racketeering, particularly in the port of New York, and an outrageous dictatorship under the popular but generally brutal administration of Joe Ryan. Joe's term as president is for life. The transport workers' union of the C. I. O., under Mike Quill, is slightly different in certain particulars. It was one of the Red front unions during World War II.

The sentiments of these two unions are pro-American and therefore laudable in their refusal to unload Russian racket, cancer and mink. But there was a time when the national maritime union, also of the C. I. O., which also has now quit the Communist front and apparently turned pro-American, was threatening to refuse to deliver goods to Spain because Franco had kicked the Communist revolution and had turned a lot of the surviving Bolsheviks into jail. The sentiments of the boss-goons of the N.M.U. in that instance were pro-American but pro-Russian.

These unions are not arms of the government of the United States and President Truman, who knows the vices of the racket better than he admits, was quite right in condemning their boycotts of Russian stuff. The maritime union is an old ally of Harry Bridges and his West Coast longshoremen of the C. I. O. It sent pickets to Washington to parade before the White House under placards whose tenor was "The Yanks Aren't Coming" during the alliance between Hitler and Stalin. Joe Curran, its president, later wrote me a letter to the effect that the war ceased to be a wanton imperial aggression of Britain and France against the unoffending Nazis regime and became a people's war when Hitler attacked Russia.

Although Curran never admitted that he was a Communist or an undeclared ally of the treasonous conspiracy of the Communists against our country, his concept of the original and secondary character of that war was the Communist line. It was declared so to be by Elmer Davis, the official oracle in problems of dogma. Whatever change of heart and politics Curran may have enjoyed since the war, the fact remains that he once followed and defended the line side-by-side with the Communists, including Bridges, and hasn't yet recanted except by implication. He invites us to judge him by his violent postwar fight with the Communists in his own hierarchy in which he out-muscled the Muscovites and tossed many of the worst through the transom.

That is not proof. That is mere intimidation and it isn't enough in either Curran's case or Quill's, who also ran with the Reds and made himself indistinguishable from them. Even if both were to come clean today in the manner of Budenz, Bentley and Chambers, the citizens of the United States and particularly their subjects in union autocracy would be in wisdom bound to put them on probation for a long time, meanwhile disarming them of their arbitrary powers to make mischief in activities vital or fatal to the nation.

But as I have noted, they have not come clean nor even admitted that they were not always thus. So if we trust them we run the risk of another switch and hell on the docks and in the subways and even in the air, for Quill now controls the mechanics of the airlines. Their great Original proclamation.

Thoughts

And his brightness was as the light; he had horns coming out of his hand; and there was the hiding of his power. ... Habakkuk 3:4. The spacious firmament on high. With all the blue ethereal sky, And spangled heavens, a shining frame, Their great Original proclaim.

KING'S COMMENTS

By Dr. Willford I. King, Nationally Recognized Economist, Economics-Professor Emeritus, New York University

THOSE "MERCHANTS OF DEATH" A newspaper editorial published on July 26 asserts that the "merchants of death" are pushing our country deeper into "unjust, suicidal wars." To those whose memories run back for a score of years, this phraseology brings to mind the days when pacifist propagandists reiterated over and over again the charge that wars would never be started were they not fomented by the munition makers in the hope of reaping huge profits from their "unholy" business.

Then came World War II. Hitler's armies swept through Belgium and France, and then invaded North Africa, Italy and Japan reinforced Germany. It seemed for a time this combination was unbeatable. Eventually, however, our armies won. How? Was it because we had more and braver men? We were outnumbered, and the Germans and Japanese were certainly not lacking in courage. What force was it, then, that turned the tide in our favor? The inescapable truth seems to be that it was the great masses of tanks and guns and ships and planes and bombs turned out by our "merchants of death." These brought destruction to the enemy, but saved hundreds of thousands of American lives and turned defeat into victory.

But is it not still true that, from the standpoint of our great manufacturers, World War II was such a money-maker that inevitably, they are all sorely tempted to foment another similar conflict? The best way to answer this query is to look at the average net profits of the "merchants of death" in the war years as compared with those earned in the peace years immediately following. Here is what the figures compiled by the Federal Reserve Board show for the major groups of corporations engaged in producing the "sinews of war."

Table with 3 columns: Class of Corp., Profits in Millions, War Years, Peace Years. Rows include Iron and Steel, Machinery, Transportation Equip., Non-Ferrous Metals, Oil-Producing, Refining, Industrial Chemicals.

Incidentally, the average of the annual earnings per share on the common stock of the Du Pont Company—arch villain of them all—was \$5.72 in the three war years as compared to \$10.81 in the three peace years, 1946-1948. Do these data indicate that the "merchants of death" find war more profitable than peace? A number of these "merchants of death" are very large corporations, and, recently, in both branches of Congress, the question has been seriously raised as to whether bigness does not, in itself, constitute a distinct menace to the national welfare. The suggestion has, indeed, been made that, to prevent the reputedly grave danger of monopolistic domination of industry, all giant corporations should be broken up. But now, when war suddenly calls for a hasty production of war material, to whom does our Government turn? Obviously to the only concerns that have the equipment, the financial resources, the skilled personnel, and the "know-how" necessary to begin large-scale production of war supplies on short notice. In time of grave national danger, these huge industrial concerns are certainly very handy things to have ready for action! And, at present, when it seems imperative to develop the hydrogen bomb before Russia learns

Looking Ahead

BY GEORGE S. BENSON. President Harding College, Searcy, Arkansas

PROGRESS IN MEDICINE A child living down the street from our house was ill with pneumonia. The infection had developed from a cold. The fever climbed and congestion appeared. But nobody in our neighborhood got excited, not even the parents. The doctor was called. Penicillin and one of the sulfonamides were administered. The doctor came away from the bedside cheerily confident. There was absolutely no cause for undue anxiety, he said. The father went back to work, the mother to her household. Sisters and brothers went back to play.

The incident harkened memory to the occasion some 30 years ago when another child had fallen critically ill with pneumonia. Then town was aroused. A specialist was rushed in from a distant city; oxygen equipment was flown from the State capital. There followed many anxious days for everyone who knew the family. The crisis came. The child died. In the 30 years since then the American medical profession has erected some remarkable milestones in life saving and health building.

As the doctor drove away from our neighbor's house I hailed him down to discuss the miracle of this now commonplace victory over pneumonia. He said his young patient had bronchial pneumonia—the milder type—and would be completely free of infection within 48 hours. Then he said an amazing thing. He has a big practice and I happen to know he spends hours each week in public health clinic work and on charity calls, yet he said he'd not seen a single case of lobar (deep-seated) pneumonia in the past three years!

What had become of this one time major killer? Penicillin and the sulfas, now administered routinely in all upper respiratory infections, had done such a wonderful job, he said, the disease just never had a chance any more to get to the critical lobar region of the lungs. This doctor believes also that the general use of these great drugs has killed off a lot of the pneumococcus organisms and rendered far less virulent the spores still alive.

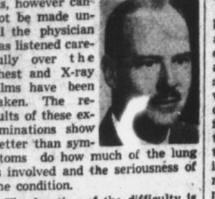

OTHER DISEASES CORNERED The stilling of the deathknell of pneumonia is but one of the many victories recorded in the record in the recent past by American medicine—physicians, surgeons, nurses, researchers and pharmaceutical manufacturers. A baby born in America today has a life expectancy of nearly seventy years, at least fifteen more than could have been expected thirty years ago. Most of the major disease killers have been cornered and rendered far less potent by our medical men, and surgery has advanced to almost unbelievable capabilities.

Local and state medical societies, working with hospitals, businesses, industries and citizens, are constantly expanding insurance plans which bring good hospitalization, medical and surgical services within the reach of most Americans. By next January approximately 75,000,000 will be covered by plans which pay an average of 80 per cent of hospital expenses; 40,000,000 will be enrolled in plans which pay the major portion of surgical fees.

If peace can be achieved, that is what we would like to see done. But sometimes life must be won by death. —William O'Dwyer, mayor of New York City. We rejoice that the United Nations did not this time give in to the blackmail of the accomplished fact. —Vincent Auriol, president of France, on Korea.

THE DOCTOR SAYS

By EDWIN F. JORDAN, M. D. Written for NEA Service

Shortness of breath and wheezes in the chest are the most common signs of asthma. The diagnosis, however, cannot be made until the physician has listened carefully over the chest and X-ray films have been taken. The results of these examinations show better than symptoms do how much of the lung is involved and the seriousness of the condition.

The location of the difficulty is in the bronchial tubes which lead from the main breathing tube or trachea into the lung tissue. The walls of these small passages become inflamed and swollen and about 25,000,000 will be enrolled in year-round medical care plans.

VOLUNTARY VS COMPULSORY For the price of a package of cigarettes a day, any American family can be free from worry over financial difficulties arising from illness. An example of what industry and a great many businesses are doing in cooperation with their employees and the medical profession is Bethlehem Steel's program which provides 70 days full hospital care for its 125,000 employees and their families—at a cost of \$2.95 per month, half paid by the company, half by the employee.

In spite of the rapid, wholesome growth of such voluntary medical care plans and the magnificent progress made by our medical profession in its battle against the major disease killers, there are a few people who wish to establish a politically-controlled compulsory health program and socialize the profession of medicine. These spokesmen use the same lure used by England's Socialists. The English people got "free" medicine—and, to boot, a tax-heavy, freedom-crushing, stagnating Socialist "austerity" that has reduced the nation virtually to beggary.

Denizen of the Deep

- HORIZONTAL: 1 Depicted fish, 6 Peru Indian, 9 It is found in the Indies, 10 Age, 13 Listeners, 14 Great lake, 15 Shoshonean Indian, 16 Oak seed, 18 Massachusetts cape, 19 Chlorin (symbol), 20 Large bowls, 22 Georgia (ab.), 23 Demigod, 25 Portent, 27 English school, 28 Clean, 29 Preparation, 30 Decaliter (ab.), 31 Greek letter, 32 Hebrew deity, 33 Insects, 35 Require, 38 Land measure, 39 Volcano in Sicily, 40 Sun god, 41 Overwhelmed, 47 Gram (ab.), 50 Italian city, 51 Irish lake, 52 Engrave, 54 Importance, 56 Ogle, 57 Flowed. VERTICAL: 1 Boorish, 2 Vent, 3 Fruit drink, 4 Palm lily, 5 Dread.

Spasms or contractions of the bronchial tubes frequently occur, and when they do, still further decrease the space through which air can pass to the lungs. The shortness of breath, therefore, of which most victims of asthma complain, is caused simply by the fact that the lungs are not getting enough air and are trying to get more. Likewise the coughing which accompanies asthma is nature's attempt to clear out the mucus and enlarge the breathing tubes.

Asthma usually comes on rather gradually after a person has shown signs of sensitiveness to some foreign protein substance for a long time. For this reason it is usually already well established before diagnosis is made. Treatment is consequently difficult. Even when the substance which has caused the asthma has been identified and removed—and this is often difficult—the asthma may keep on.

IF YOU MOVE—In some cases sinus infection is responsible for the asthma and treatment of this infection may clear up the asthma. The use of iodized oil injected into the bronchial tubes has helped some people. X-ray treatments and breathing a gaseous mixture containing oxygen and helium have also been tried with success in some cases.

Many victims of asthma have had to consider moving to a location where the climate is drier. Such change of climate has been helpful to many. It has also failed to help many. For this reason the victim of asthma who seeks relief by change of residence is advised to try the new location for several months or so before making a permanent decision. The best results with asthma come when the exact cause can be discovered and remedied.

So They Say

There is more racial segregation in this country at 11 o'clock on Sunday morning than at any other time of the week. —Rev. Dr. Gardner Taylor, Negro pastor of the Concord Baptist Church of Brooklyn. If peace can be achieved, that is what we would like to see done. But sometimes life must be won by death. —William O'Dwyer, mayor of New York City. We rejoice that the United Nations did not this time give in to the blackmail of the accomplished fact. —Vincent Auriol, president of France, on Korea.

# Dukes Sweep Series By Tripping Oilers

Pampa News, Wednesday, Sept. 6, 1950 PAGE 5

## Top Contenders in American League Race Battle Tonight

By RALPH ROSEN  
AP Sports Writer

The four American league contenders go at each others throats tonight in vital series that may make or break their pennant ambitions.

Ferway Park will be the site of the main event. The Boston Red Sox will pit the League-leading New York Yankees against the third-place Red Sox. The other will be fought out at Briggs Stadium in Detroit between the runnerup Tigers and the invading fourth place Cleveland Indians.

Yankee Manager Casey Stengel has nominated Lefty Ed Lopat (15-7) to face the sizzling Red Sox who have won 18 of their last 21 games with a power-packed lineup boasting a club batting mark of better than .300.

The move is a daring one as Fenway Park is regarded as a graveyard for left-hand pitchers. Lopat, however, has mastered

## Pampa's Lead Now Cut to Three Games

ALBUQUERQUE — (AP) — Jim Marshall's triple with two on in the bottom of the first put Albuquerque ahead of the Pampa Oilers in a 3-0 first inning deficit and gave Albuquerque a 12-7 West Texas-New Mexico League victory over Pampa Tuesday night.

Pampa had tallied twice in the first but Albuquerque busted loose with five singles, Marshall's triple and a base on balls to take a lead that was never headed.

Big Walt Stenberg held Pampa to ten hits, pretty well scattered except for the first frame. The Dukes jumped on four Pampa hurlers for 16 safeties.

Albuquerque produced four more in the second, one in the seventh and a pair in the eighth.

Red Sox Skipper Steve O'Neill has named Lefty Mel Parnell (14-8), Parnell, who won 25 games last year, is back in form after a poor start. He has won six straight games and nine out of his last ten.

At Detroit, Early Wynn (16-6), enjoying his best season, has been named to pitch for Cleveland against Lefty Hal Newhouse (12-9).

Both of these series are two-game affairs.

The Yanks and Red Sox were idle yesterday but the Indians and Tigers tuned up for their approaching tests with victories.

## Races Held at Lake McClellan

Rain came in a poor second at Lake McClellan Sunday. Motorboat races were run off despite a down pour.

Results:  
Ten horse power motors—C. A. Hetrick, Borger, 1st; E. P. Kilgo, McClellan, 2nd; P. H. Noland, 3rd; Time: 9.22.

Twenty-two power — William Jones, Paducah, 1st; Ova Phillips, Pampa, 2nd; E. E. Scott, Tell, 3rd; Time: 8.14.

Open — Ed Conley, Amarillo 1st; Jones, 2nd; Kilgo, 3rd; Time: 7.45.

## Elk City Drops 12 Inning Game

WICHITA, Kans. — (AP) — It took 12 innings, but the Fort Wayne, Ind., Capeharts last night kept alive their hopes of winning a fourth consecutive National Semi-pro Baseball tournament title.

The defeat was Elk City's first loss in the double elimination tournament. If the Elks had won last night, they would have received the title since Fort Wayne had suffered a defeat earlier.

## Steelers Drop Texan

CAMBRIDGE SPRINGS, Pa. — (AP) — Jim Conley, former Texas Tech back, has been cut from the squad of the Pittsburgh Steelers of the National Football League. He will join the Richmond club of the Minor American League.

Rain in the Khasi hills of northeast India once totalled 805 inches in a single year.

## Borger Taps Abilene for Two Games

BORGER — (AP) — Rene Vega followed in the footsteps of Rudy Lora here Tuesday night as he twirled a four hit ball to set the Abilene Blue Sox down 4-1 in the second tilt of a twin bill.

The Gassers won the first 4-0 behind the four hit chunking of Lora.

The Soxers jumped out in front in the initial frame with their lone tally. Ace Mendez singled to start the inning, went to second on a wild pitch, gained life at third on an attempted play at third as Ken Cluley attempted to sacrifice and then scored on a second wild pitch by Vega.

## Clay May Start Game for Giants

Randall Clay, former football star at Pampa High School and the University of Texas, is a member of one of two offensive backfields scheduled to see action when the New York Giants meet the Los Angeles Rams in New York Thursday.

Clay, who signed with the Giants after graduation this spring, may start the exhibition game, or will alternate with veteran halfback, Jim Scott.

## Larsen Tips Flam At Own Net Game To Capture Title

FOREST HILLS, N. Y. — (AP) — They say you're wasting your time trying to beat another guy at his specialty, but that's just what Art Larsen, the new national amateur tennis champion, did.

The skinny San Franciscan, who won the title yesterday by defeating Herb Flam of Beverly Hills, Calif., 6-3, 4-6, 5-7, 6-4, 6-3, in the final, outlasted and outgamed the UCLA senior to become the first left-handed ruler since Johnny Boeg in 1930.

There wasn't supposed to be a man in tennis who could beat Flam into the dirt. But Larsen did — and to make it more emphatic, he came from behind to turn the trick. When Herb played at baseline, so did Larsen. If Herb made a sensational return, Larsen made sure his was stupendous. That's how it went.

Mrs. Margaret Osborne DuPont of Wilmington, Del., the defending champion, won the women's title with a 6-3, 6-5 victory over Doris Hart of Jacksonville, Fla. This was the second straight year Mrs. DuPont has beaten Miss Hart in the final.

Mrs. DuPont teamed with Ken McGregor of Australia to beat Miss Hart and Frank Seligman of Australia for the mixed doubles crown, 6-4, 3-6, 6-3.

## Dallas Battles For Fourth Spot

Dallas' hopes of getting into the Texas League play-off soared, even if slightly, today.

The Eagles last night knocked down their mortal enemies, the Fort Worth Cats, 5-0, while San Antonio, the club standing between them and the promised land, took a 6-4 drubbing from lowly Shreveport.

It cut the difference between fourth-place San Antonio and fifth-place Dallas to two and one-half games. And San Antonio has six more games to play while Dallas has five.

Beaumont increased its league lead to a game and a half by whipping Houston 7-1.

## America's Women Golfers Keep Curtis Cup at Home

BUFFALO, N. Y. — (AP) — America's women golfers are still superior to their British cousins because they hit the ball farther.

Power was the deciding factor as the Americans clinched the Curtis Cup by turning back Britain's best, 7 1/2 to 1 1/2, in the two-day International competition which ended yesterday.

The British are as accurate as our girls but they use the old-fashioned straight left arm. They usually found themselves short of American lasse, employing the powerful whiplash kick.

The British sometimes were left 50 yards in arrears of the tees.

It was this country's fifth win in six matches since the series started in 1932. The best the British have been able to manage was a tie in 1936. There were no matches between 1938 and 1947.

Frances (Bunty) Stephens saved the invaders from a shut-out practically by herself.

Miss Stephens dropped two fine putts on the 35th and 36th greens to the Mrs. Mark A. Porter of Westmont, N. J., the national titlist, in yesterday's singles. The half-point her effort gave the British was all the invaders salvaged in six 36-hole singles matches.

On Monday Miss Stephens teamed with Elizabeth Price to beat Helen Sigel of Philadelphia and Peggy Kirk of Findlay, Ohio, 1-up, for the only British victory in the three two-ball foursomes.

Here is the run-down, other than the Stephens-Porter match: Polly Riley of Fort Worth defeated Mrs. George Valentine of Scotland, 7 and 6.

Beverly Hanson of Fargo, N. D., beat Jean Donald of Scotland, 6 and 5.

Dot Kiely of Los Angeles had Philomena Garvey, the champion of Eire, 6 and 6, but finally settled for a 3 and 1 victory.

Miss Kirk beat Jeanne Biggood of England, 1-up on a 36th green stroke.

Grace Lenczyk, the 1948 national women's and collegiate champion, defeated Miss Price, 5 and 4.

Nails waiting to be used can be prevented from rusting by sprinkling with machine oil.

## SPORTS MIRROR

(By The Associated Press)

One Year Ago — Brooklyn beat Boston, cutting St. Louis' league lead to a single game.

Five Years Ago — Arne Anderson ran a 4:03.8 mile in Sweden.

Ten Years Ago — Billy Conn knocked out Bob Pastor before 14,448 in the 15th round at New York.

Fifteen Years Ago — Cy Blanton of the Pittsburgh Pirates blanked Brooklyn's Dodgers, 15-0, for his 16th victory.

MARY JANE DOESN'T THINK MEN MAKE GOOD HUSBANDS

I WAS JUST SHOWING HER HOW EASY IT IS TO MAKE THEM MIND

Y'KNOW, RICHARD, YOU MUST BE GOOD-NATURED NOT T'GET SORE AT TH' STUFF I SING.

HA! DESPITE YOUR JESTS I WAGER YOU'D FIGHT THOSE SWEET WORDS HIDE A PASSION FOR MY BLOOD...

AND IN THE ROYAL COURTS OF CHRISTENDOM, MY FEES ARE AS THICK AS FLEAS ON A MONGREL DOG!

TH' HECK AYE... SO I JOURNEY BY SEA FOR I DARE NOT SET FOOT ON THE SOLE OF MY ENEMIES.

I THOUGHT RICHARD TH' LION-HEARTED WOULD DARE ANYTHING!

WOULD NOT A LION BE STUPID TO WALK INTO A CAGE?

WOW... THAT WAS A CLOSE CALL... IT'S GOOD TO GET BACK TO THE GANG AND REST UP AWHILE.

W-WHYY... FINE, BO, OLD PAL... JUST FINE... YES, SIR... I'M DOING OKEY.

TRIX! I'VE BEEN LOOKING FOR YOU, HOW ARE THINGS GOING?

DOC, UNLESS YOU CURE HER-- I'M GONNA LEAVE HER FOREVER!

BECAUSE SHE'S WASTEFUL, CAN'T COOK, NAGS AND IS STUPID!

WAS SHE STUPID AT THE TIME OF YOUR MARRIAGE?

NO, I WAS THEN!

**CARNIVAL**

By DICK TURNER

OVERLAND LIMITED TRACK 7

"And remember, fantastic as it may seem, many of your college professors will know even more than you do!"

**SIDE GLANCES**

By GALBRAITH

"I'd tune in the opera, but they'd sing--and that's worse!"

**Wash Tubbs**

OH, FATHER! I FORGOT TO TELL EASY TO PICK UP YOUR PRESCRIPTION WHILE HE'S IN TOWN!

HE WAS GOING BY THE JAIL TO GIBB ON THE SHERIFF... WHY NOT TRY TO CATCH HIM THERE FANCHITA?

THAT'S ODD... OUR PHONE'S DEAD! I'LL CHANGE QUICKLY AND RIDE OVER TO THE SMITHS, I CAN CALL FROM THERE!

IF HE'S GONE, YOU CAN LEAVE WORD FOR HIM! I WILL NEED THAT MEDICINE!

STEADY, ME BULLY BOY... NOBODY BUT A NICK JAILER STANDS BETWEEN YOU AN' HALF A HUNDRED GRAND!!

**Mutt & Jeff**

GO ON, DIVE! I KNOW BUT THIS BRIDGE IS AWFULLY HIGH!

THERE HE GOES!

GOSH, HE'S TAKIN' AWFUL LONG TO COME UP!

OH, THERE YOU ARE! DID YOU GO DOWN FAR?

DID I?

LOOK! NORTH KOREAN!

**Red Ryder**

AT THE REQUEST OF THE DUCHESS, DEPUTY SNOOP FOLLOWS RED'S THREE-DAY, OLD TRAIL.

GID-AR, GERONIMO! THIS TRAIL WAS GOTTA END SOME PLACE.

I'M JUST A HOPIN' IT DON'T CROSS TH' BORDER WHERE I AIN'T GOT NO JURISDICTION!

BUT IF RED'S IN DANGER, WUNT GOOD IS ETHICS? I'LL UNBITION N' DABBE AN' CLIMB TH' SOUTH POLE IF NECESSARY! GID-AR GERONIMO!

LOOK YONDER, MERRIE A FRIEND LOOKIN' FOR RYDER? I'LL TELL ACE!

**Boots**

WHO REMEMBER ME, MISS NYE?

DO I, PUG?

WOULD YOU PLEASE CHECK MY SCHEDULE?

WELL... OF COURSE YOU'LL WANT TO TAKE TRIGONOMETRY, PHYSICS, LATIN III, AND ENGLISH LITERATURE!

WHAT'S THIS PHYSICAL ED CLAY MOODING, DANCING, DRAMATICS-- IS THIS WHAT YOU PROPOSE TO DO IN YOUR SPARE TIME?

**ugs Bunny**

HOW MUCH TO WENT A BIKE, OLD FRIEN?

ONE BUCK AN HOUR, ELMER!

IT'S TOO MUCH! I WON'T PAY IT!

HMM... MAYBE WE CAN STILL DO BUSINESS!

HERE'S ONE YA C/N HAVE FER A QUARTER...

THAT'S BETTER!

...IF YA C/N FIND THREE FRIENDS TO GO WITH YA!

**Mickey Finn**

YOU SEE, MIS FUDDLE ONLY TOOK THE CAB TO HIS CAR-- AND THEN HE SENT THE CAB BACK INTO TOWN!

THEN HE CHANGED THE TIRE ON HIS CAR-- THAT HAD GONE FLAT-- AND DROVE OUT TO MY CAR! HE PUT THE GAS IN THE TANK-- AND THEN DROVE MY CAR BACK IN!

HE'S ON HIS WAY OUT THERE AGAIN NOW-- IN ANOTHER CAB-- TO PICK UP HIS CAR! HE THOUGHT OF DOING THAT BY HIMSELF, TOO!

HE DID IN A PIG'S EYE!

**Penny**

WHAT OLD TIME POST ROBERT BURNS, WAS DEFINITELY SHARP, MOTHER-- I MEAN...

LIKE THIS PART WHERE HE SAYS, IF WE COULD ONLY SEE OURSELVES AS OTHERS SEE US... YES, IT WOULD BE AN EXPERIENCE, WOULDN'T IT.

WEEPERS, I'LL SAY!

ESPECIALLY IF THE OTHERS HAPPENED TO BE A GIRL'S BOY FRIENDS.

**Priscilla's Pop**

NOW FOR OUR HEALTH LESSON...

PRISCILLA, WHAT DID YOU HAVE FOR BREAKFAST TODAY?

CEREAL!

EXCELLENT! NOW CAN YOU TELL ME WHAT THEY PROVIDE THAT IS SO IMPORTANT?

BOXTOPS!

**OUT OUR WAY**

By J. R. WILLIAMS OUR BOARDING HOUSE with Major Hoople

GOOD GOSH! HOW TH' STYLES CHANGE! THAT OUTFIT WON'T FIT ME NO MORE AN' I'VE TALKED MY HEAD OFF TO GET THEM!

THIS IS ALMOST AS GOOD A SHOW AS IF YOU HAPPENED TO BE CAUGHT WORKING, HOOPLE! THE ONLY EXERCISE I EVER HEARD OF YOU TAKING WAS PUSHING THAT PILE OF SUEET AWAY FROM THE TABLE THREE TIMES A DAY!

EGAD, BAXTER! ARE YOU STILL HERE? MY VACATION AT AN EXPENSIVE RESORT WAS TAINTED BY WORRY! I COULDN'T BANISH THE HORRIBLE FEAR THAT WHILE I WAS AWAY YOUR SPARSE FRAME WOULD SLIP DOWN THE BATHTUB DRAIN!

THINGS VERSUS FATS

**FRECKLES**

YOU'RE MY GIRL! UNDERSTAND? YOU'VE HAD YOUR LITTLE SUMMER FLING, BUT IT'S ALL OVER!

YES, DEAR!

BUT WHAT ABOUT YOUR LITTLE FLING WITH SHEILA

OH, THAT? MEN HAVE THEIR OWN RULES!

CUT ME A SLICE OF THAT, PAL!

SILLY BOY!

OUCH! HONEST, HILDA, WAS JUST KIDDING!

**LITTLE DOC**

DON'T GET SORE BECAUSE I BOUNCED YOU FROM MY TRUCK FELLA. THIS IS A GOOD SPOT FOR THINKING.

I'M GOING OUT AND GET STARTED.

HE CAN'T GET RID OF ME THAT EASY, I'VE GOT A DATE WITH A MURDERER AT THE END OF HIS LINE...

...AND I INTEND TO KEEP IT!

**Vic Finn**

**Man, 74, Survives Six-Day Wandering**

PORTERVILLE, Calif. — (AP) — A 74-year-old man told today how he had lived six days lost and without food high in the Sierra Nevada Mountains. Jacob Perry became separated from his fishing party last Tuesday in the quaking aspen area of the Sequoia National Forest. Searching parties gave up hope Saturday. Yesterday Perry stumbled into the camp of two other fishermen, about 10 miles from his own camp. Doctors at Porterville Hospital said Perry was in good condition despite exposure and lack of food.

Canada buys about one seventh of U. S. exports.

**Youngster Profits With Rich Appetite**

PENSACOLA, Fla. — (AP) — Six-year-old Judy Dollar, a visitor from Birmingham, Ala., swallowed a dime last night. The Sacred Heart Hospital took a couple of x-rays, and then let Judy go — ten percent to the good. — It is estimated that about 10 percent of the cost of an automobile is the price of the steel which goes into it.
