Republicans Crow as Book Raps Truman

WASHINGTON — (AP) — Jonathan Daniels' biography of President Truman set political skeletons dancing today in a parade which might affect the November congressional elections. Republicans picked up from the writings of the presidential confidante and former White House aide the statement that Mr. Truman appeared "lost in uncertainty and ineptitude" in handling one vital foreign policy decision in 1946.

Deaths Spur Probe Of Chicago Crime

WILLIAM J. DRURY

CHICAGO — (AP) — The gang-style slaying of two investigators in crime has spurred the probe of Chicago underworld activities. Federal deputy marshals hunted today for some former members of the old Capone gang to have them testify before a U. S. Senate committee investigating crime. The committee plans a hearing in Chicago next week.

More than a dozen summonses were turned over to the U. S. marshal yesterday by a committee investigator, less than 24 hours after the two killings. The process serves for the Chicago Crime Commission, a private group of businessmen aiding in the investigation of crime, were unable to unearth the persons named in the summonses.

WARREN J. BAS

Drury and Bas had offered information on crime activities to John E. Bab, Republican state attorney for Cook County. Drury also had offered to testify before the Senate crime committee.

George S. Robinson, a committee attorney, said he expects the investigation in Chicago to be stepped up in view of the outbreak of gang guns Monday night. Committee Chairman Estes Kefauver (D-Tenn) said in Washington the committee's hearing in Chicago will start "fairly soon."

BLUE MOON, SUN FRIGHTENS EUROPEANS

LONDON — (AP) — A strange blue sun followed a freak blue moon in the skies over the North Sea arch today. While baffled British star gazers traded notes on the phenomenon, first seen in the United Kingdom last night, colleagues in Denmark watched the sun come up as an azure ball.

Although there appeared some evidence of a possible link in the two killings, chief law enforcement officers expressed belief the slayings were not connected.

Jaycees Entertain High School Team

The Pampa High School football squad, with Coaches Tom Tipps and Aubrey Noonester, were luncheon guests of the Jaycees Tuesday.

Boy Scout Council Approves Addition Of Field Executive

The executive board of the Adobe Walls Boy Scout Council Tuesday night to add a field executive to the council staff and has increased from 1058 in 1948.

U.S. Flag Raised in Seoul As Steel Trap Engulfs Reds

U.S. MARINES CAPTURE RED CONSULATE

SEOUL — (AP) — The American flag flew briefly over the Russian consulate here today. A U. S. Marine company hoisted the Stars and Stripes over the empty, shell-damaged building. But they lowered it because it was their only big flag and they wanted it for another building.

Guill Demands Total Defeat Of Asia Reds

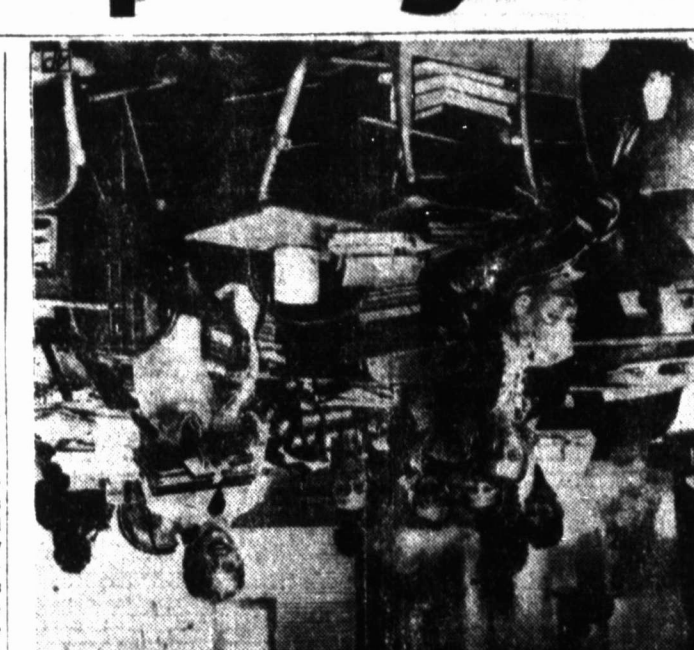

Rep. Ben Guill last night advocated the complete stamping out of communism throughout the world in a speech recorded in Washington before the adjournment of Congress and broadcast over KPDR last night.

Council Okays Atlantic Army

NEW YORK — (AP) — By unanimous and unprecedented peace-line decisions, the North Atlantic Council last night approved the creation of a combined force to preserve the Atlantic community — and Western Europe especially — from Soviet aggression.

Commission Okays Higher City Budget

Pampa's budget expenditures for 1950-51 have risen. City commissioners meeting Tuesday approved a budget which passes last year's expenditures almost \$25,000. This is approximately five percent above the 1949-50 total.

CHILDHOOD DREAM COMES TRUE—Pupils of the Grandview School near Mt. Joy, Pa., are all smiles as they sit amid desks and books from their 75-year-old, one-room schoolhouse burning briskly in the background despite the efforts of firemen from neighboring communities. The fire, of undetermined origin, destroyed the building but all the school's 29 students were led to safety by their teacher when the blaze was discovered. (AP Wirephoto)

Gifford Gets Douglas' Post

WASHINGTON — (AP) — The White House announced today President Truman's selection of Walter S. Gifford as ambassador to London.

Red-Called Strikes In Austria Spread In All Three Zones

VIENNA — (AP) — Eastern Austria was gripped by a wave of strikes today as Communist agitators continued their protests against the government's new wage and price increases.

Dallas Doubles Force For Criminal Court

DALLAS — (AP) — District Judge Sam Williams of Mount Pleasant and District Judge Penn Jackson will preside over a special criminal court here this fall in an effort to clear Dallas County's crowded felony dockets.

20-30 Completing Playground Work

Pampa's newest park playground located in Priest Park between N. Paulkner and Banks streets, will be opened to the public in the near future, claiming efforts of the 20-30 Club.

Bathers Barely Covered in 1951

LOS ANGELES — (AP) — Get this, men: beach styles for next summer will include sheer lace nylon swim suits for the gals.

CIO Maritime Union Asks Pay Increase

NEW YORK — (AP) — The CIO Maritime Union, pointing to the rising cost of living, has asked an unspecified wage boost for its 40,000 sailor members on the Atlantic and Gulf coasts.

HEADS BANKERS

NEW YORK — (AP) — James E. Shelton of California today was elected to head the American Bankers Association as president for the year 1950-51.

North Koreans Still Resist in Some Areas

TOKYO — (AP) — American Marines raised the Stars and Stripes over the national capitol in Seoul today while other forces whipped out a 215-mile allied noose around many thousands of Reds in the south.

Korea Relief Plan, Backed by Britain, Gains U.N. Support

NEW YORK — (AP) — Paced by Britain, a strong movement was underway in the United Nations assembly today to frame a peace and relief plan for Korea, to be ready to go into operation when mounting U. N. military successes are complete.

Prosecution of Brassiere Brigade Pledged in Florida

MIAMI, Fla. — (AP) — Officials said today they will prosecute members of the "brassiere brigade" who allegedly smuggled thousands of dollars in coins from a telephone company counting room.

British Ship Taken To Port by Soviets

LONDON — (AP) — A Russian ship commandeered a British fishing trawler in the White Sea yesterday and hurried it off toward a Soviet port, the vessel's owners reported today.

Young Newsman Says Europeans Cordial, But Plainly Hold No Real Love for Americans

By MARY FORRESTER of Normandy, then moving on to Paris which "screamed me as I went right on through the first time." In Brussels he bought a bicycle and continued his trip by pedaling.

**FLAG RAISED**

(Continued from Page 1)  
American soldier of the Korean war was killed July 5.  
United Nations forces fanned out on both sides of the Pusan-Inchon line, liberating big areas from Red bondage.  
"While mopping-up fighting is still in progress," General MacArthur reported, "all effective escape routes are closed and the fate of the North Korean forces caught in this pocket is sealed."  
How many were trapped was a mystery.  
Two weeks ago, just before the Inchon second front landings began, 120,000 Red Korean troops were massed against the Pusan beachhead, fighting to drive the allies into the sea.  
But AP Correspondent Don Whitehead reported in a dispatch from Seoul that the Red divisions in the south "seem to have evaporated—dissolved into thin air."  
Whitehead said "American planes had not spotted any large northward movement of troops."  
Many Reds have been reported changing into civilian clothing and scrambling cross-country toward their northern homes.  
Four guard units still fought on the night of Sept. 25, but the battle for Seoul, where the Reds made a deliberate death stand that caused terrible destruction was nearly over.  
The Marines captured the capital and the nearby Soviet and French consular buildings and the U. S. embassy residence in street-by-street fighting that left thousands of structures shattered.  
The U. S. flag was raised over the capital at about 3 p. m. Wednesday midnight (PST) this week.

**Lions Sponsor Lefors Circus**

The Cole and Walters Three Ring Wild Animal Circus will appear in Lefors today in the city square under the auspices of the Lions Club.  
There will be two complete performances. The first was scheduled for 2 p. m. with the second to take place at 8 p. m.  
A special invitation has been extended by the circus management to all school children to visit the show grounds. Arrangements were to be made by school officials for school children to attend the afternoon performance.  
This is the largest circus ever to appear in Lefors, it was stated.

**NEWSMAN**

(Continued from Page 1)  
America and Russia are at war, and that he was relieved to learn what the true situation was.  
Pertinent facts brought out by Davis were these:  
1. While the Marshall Plan is accomplishing its purpose, the people who are helped by it do not know the source of the aid.  
2. While the Europeans are hospitable to Americans, they fear the United States no great love.  
3. The people of Europe realize the danger of communism and will fight it.  
The latter fact, he said, is probably the greatest bond between them and the United States. They have to be friends because they need the support of this country. He said their is an unpleasant attitude among the Germans and Austrians that amounts to "The United States has to help us—they need us in the fight against Russia."  
Knowing the true situation, he found it a little hard to take. The English were different, he said. They met with genuine friendliness toward his country. The Tuesday meeting was a coffee-banquet new presidents under a commander-in-chief. No of the Twentieth Century Clubs are named in the council and with all new Pampa women's committees, but speculation has this president as special guests. Then that he will be General of the Army Dwight D. Eisenhower, 22 page Scott, Mrs. James Allen, president of Columbia University, Mrs. W. F. Jordan, Mrs. E. L. Henderson, Mrs. Charles Hick, named a chief of staff will direct man, Jr., Mrs. Raymond Harrah the organization and training of and Mrs. Martin Crews.  
This force.  
6. This defense ministers were as possible and for the methods need to make recommendations by which Germany could most be setting in this force as soon usefully contribute to the set-up.

**COUNCIL**

(Continued from Page 1)  
States, Britain, France, Canada, Belgium, The Netherlands, Denmark, Norway, Portugal, Italy and Luxembourg, Iceland, the combined force will be under a commander-in-chief. No of the Twentieth Century Clubs are named in the council and with all new Pampa women's committees, but speculation has this president as special guests. Then that he will be General of the Army Dwight D. Eisenhower, 22 page Scott, Mrs. James Allen, president of Columbia University, Mrs. W. F. Jordan, Mrs. E. L. Henderson, Mrs. Charles Hick, named a chief of staff will direct man, Jr., Mrs. Raymond Harrah the organization and training of and Mrs. Martin Crews.  
This force.  
6. This defense ministers were as possible and for the methods need to make recommendations by which Germany could most be setting in this force as soon usefully contribute to the set-up.

**COMMISSION**

(Continued from Page 1)  
ing fund to \$50. Last year the rate was \$98 and \$85. The library and board of city development will be given the same amount.  
Two patrolmen and another patrol car will be added to the police department this next year. This will bring total complement of the department to 22 and will put three patrol cars on city streets, including one patrolman to be assigned to Cuyler. There was a slight increase in salary for patrolmen.  
The park department budget was boosted to take care of permanent improvements in city parks. This includes benches, tables, fireplaces and restrooms and the rebuilding of one tennis court in Central Park. Extra labor helped push the department's expenditures up also.  
Because previous budgets had not been adequate, the 1950-51 proposed expenditures for the water and sewer department were boosted. This is the largest single budget item for the city.  
Last year the department was allowed \$109,077.77. This year, the total has been increased to \$122,020.00.  
Taking budget cuts were the executive department, engineering, health, street, swimming pool and the amount allowed insurance.  
Increased were city hall maintenance, tax, police, fire, park, water and sewer and sanitation departments and the city warehouse and shop.  
An added department is the support, to which \$1,000 was allocated. This is the first year this has been placed on the city budget although the expenses have been carried but applied to other departmental expenses.  
Other business taken care of at commission meeting was adoption of the \$179 tax rate and appeal to announce for bids on the new patrol car. Call for bids will come Oct. 19.  
Discussion was continued on the proposed widening of Kingsmill. The plan calls for widening the portion of Kingsmill between Ballard and Gray to 72 feet. This five-block strip would be the same width as Cuyler. At present it is 60 feet.  
Mrs. C. E. High was general chairman; Mrs. G. S. Vineyard, program chairman; Mrs. Roy M. Kernan, decoration chairman, and Mrs. Guilford Branson, toastmaster. Background music was provided by Miss Verna Lou M. Minn.

developed to the point where it represents the deeper cleavage in the Democratic party itself.  
Daniels wrote that the president had read the "riot act" to Byrnes aboard the presidential yacht "Williamsburg" after the 1945 Moscow conference because he believed Byrnes had weakened the American policy toward Russia to too many concessions.  
"I told him that our policy was not appeasement and not a one-way street," Daniels quoted the president.  
Daniels went on to record these words from the president's mouth:  
"The (Byrnes) failed miserably as secretary of state and ran out on me when the going was very rough and when I needed him most. His 'bad heart' has now left him when he has found out that he made a bad guess."  
The New York Herald Tribune, in a story by Washington correspondent Bert Andrews, a 1918 Byrnes was stirred to hot language when the criticism was relayed to him at Spartanburg, S.C.  
The paper quoted Byrnes as saying that Mr. Truman kept him on as secretary of state for eight months after the Moscow talks and as adding:  
"Hell, if he felt that way, why should he have wanted a miserable failure around at any time? And it is a matter of record that I tendered my resignation to him in April, 1946, accompanying it with my physician's comments on my health. I agreed to stay on until certain treaty negotiations were completed."  
"We both thought that would be done by July, 1946. Instead, it wasn't achieved until December. Then I called the president's attention to my letter of eight months previous. So he says I ran out on him? Well, I'd call that damn slow running."  
Byrnes said he and Mr. Truman were on friendly terms until June 18, 1949, the Herald Tribune continued, when Byrnes made a speech in which he said he feared the nation was being taken down the road to socialism.  
Byrnes then laughed, the Herald Tribune reported, and said: "I guess I'll just leave him to then restore the same uneasy and unsatisfactory status which led to the attack on June 25," said Guill.  
"Above all—we must convince the Truman administration that there is no easy way to peace there is no possible way to compromise with or to appease world communism—which is dedicated to the destruction of this country and the enslavement of its people. We also must convince the Truman administration that, if we are to turn over to the Kremlin 500 million Orientals who will be trained through force and constant propaganda to hate us and to fight to destroy us, then there is no use in trying to win the war in Korea. If China is given to world communism, then the future of world democracy will be very dark indeed—and very, very uncertain," concluded Guill.  
Today Guill was continuing his informative talks to the people of the district with a meeting in Vega.

**Fire Chief Urges Check of Furnaces**

With winter coming on and cold weather just around the corner, a warning was issued today by J. E. Winborne, fire chief, concerning the lighting of floor furnaces without a preliminary check for inflammable materials.  
Winborne stated that before furnaces are lighted for the winter, they should be checked to see that all paper, lint and other materials which might catch fire, are removed from the area.  
Failure to do just that was the cause of a fire Monday in a Gray Street residence, Winborne said. The fire was quickly extinguished.

## Merten HD Club Members, Families Meet for Social

A Mexican dinner was served buffet style to members of the Merten Home Demonstration Club and their families Tuesday evening. Mr. and Mrs. T. G. Groves of Merten Humble Camp hosted the affair in their home.

Following the dinner colored slide pictures were shown of Merten and other HD club activities in Gray County. Pictures of the 4-H dress revue and summer encampment were also shown. The group then played canasta the remainder of the evening. Coffee was served with a dessert course.

Present were Mr. and Mrs. C. A. Jones, Mr. and Mrs. A. M. Nash, Mr. and Mrs. John Brandon, Mr. and Mrs. Volney S. Day and Linda, Mr. and Mrs. Yardeman Smith, Mr. and Mrs. C. J. Casselman and Connie, Mr. and Mrs. Jack Prather, Mr. and Mrs. D. A. Rife, Mr. and Mrs. T. G. Groves, Mrs. H. H. Threatt and Jackie Prather.

## Dahlias Decorate Home When Entre Nous Meets

Mrs. Norman Walberg displayed her art for growing dahlias when she hosted a meeting of the Entre Nous Club recently. The home was decorated throughout with arrangements of the flowers in shades of pink, red, yellow, brown and purple.

Mrs. Guy Farrington, one of the members, told of a visit in Santa Fe, N. M., during the summer. She said that while there she attended the 37th annual art exhibit and flower show.

Ice cream, strawberries, cake and coffee were served.

One guest, Mrs. Donald Walberg, was present and members.

## Formal Dinner in Miami Home Tells Engagement of Donna Kitchens

MIAMI — (Special) — Mrs. William F. Locke assisted by Mrs. Mark Arrington and Mrs. Wallace Locke, entertained Saturday evening with a formal dinner announcing the engagement and approaching marriage of her niece, Miss Donna Kitchens, daughter of Mr. and Mrs. Lee M. Kitchens, to Donald D. Yarbro, son of Mr. and Mrs. I. E. Yarbro of Abilene.

Floral appointments were in graduated autumn shades of gold and green, and white, which Miss Kitchens has chosen for her wedding colors.

The dinner table, laid with a lace banquet cloth over gold and green, was centered with a flower arrangement featuring a doll bride and tall green tapers in crystal candelabra. Green satin streamers crisscrossed the table, encircling the centerpiece.

The engagement was revealed by the opening of miniature copies of the "Miami Chief" with the announcement, Don and Donna, October 29. The small newspaper "specials" also served as place cards in seating the guests. The wedding will take place in the First Baptist Church, in Miami.

Present were Misses Carol Jenkins, Jean Carol Low, Annette Low, Pauline Allen, Mary Stanford, Donna Kitchens and Mmes. Dare Locke, Rene R. Ratliff, Wayne Greenhouse, Robert Howard, Earl Hardin, L. M. Kitchens, John Briggs and the hostesses.

Pep up tomato juice, for a dinner-time first course, by letting it stand in the refrigerator with some finely chopped onion, celery tops, and some lemon juice in it. Strain before serving in attractive small glasses. Pass the crackers.

Mrs. C. A. Tignor, Mrs. Joe Lewis, Mrs. Guy Farrington, Mrs. A. B. McAfee, Mrs. Maye Skaggs and the hostess.

The next meeting will be with Mrs. W. D. Stockstill on Oct. 6.

Six to Fourteen

8584 6-14 yrs.

Don't miss the Spring and Summer FASHION. This latest issue is colorful, informative, a complete pattern magazine. Fabric news, fashion tips, a wealth of smart frocks to sew for summer are all included. 25 cents.

To test whether fried chicken is done, cut the thickest part of any piece to the bone; the meat should cut easily and no pink color should show.

## FHA Club Attends Tri-State Fair; Has Meeting for Installation Rites

A trip to the tri-state fair in Amarillo was a treat for members of the Future Homemakers of America Club of Pampa High School. They went by bus, leaving Pampa early enough to see the parade after reaching Amarillo.

On the day's program were the exhibits, cattle, horses and the mid-way.

Mrs. Frances Taintor and Miss Edith Krel, sponsors, accompanied the group. Members of the club who went were Delphia Burns, Colleen Wilson, Jan Wood, Peggy Wood, Gerry Parker, Joan Burns, Elsie Thompson, Ovie Evans, Helen Keeton, Margie Johnson, Wanda Dudley, Rochelle Smith, Ann Miller and Lynda Waggoner.

Lavesta Kelly, Avis Marie Crass, Mary Dillman, Joyce Odom, Mariene Moser, Jackie Goodan, Betty Simonton, Betty Cagle, Dortha Blair, Margaret Houston, Jacqueline Holmes, Betty Brown, Ruth Miller, Alwida Red, Loretta Cooper, Dora Faye Bonsal, Billie Jo Huff, Connie Dumas and Ruby Vannan.

Refreshments were served by Mrs. E. E. McNutt, publicity; Mrs. Roy Hall, finance; Mrs. L. M. McWright, social; Mrs. J. C. Coston, flowers and cards and Mrs. Charles Gilson, program.

On Oct. 7 the Legion Auxiliary will hold a rummage sale in the old White's Auto Building. Members have been asked to take rummage to the store on Friday or call Mrs. Roy Hall, who will pick it up.

Other announcements stated that Mrs. Hupp Clark still has dolls on hand ready for sewing and dressing, and that the first meeting of the new executive board will be Oct. 5 at 8 p.m. in the City Club Room.

Refreshments were served by Mrs. Cordia McBride.

Old members present were Margie McKee, Lynda Waggoner, Margaret Houston, Gwen Pryor, Mariene Combs, Jan Wood and Peggy Wood.

Guests attending were Mmes. Pete Marek, W. H. Robertson, Bill Langley, Coy Palmer, J. R. Miller, Harold Wilson, George Inman, C. H. Huff and Miss Kay Wood.

Cake and punch were served.

Incorrect tension of valve springs will cause sluggishness in an automobile engine.

## Legion Auxiliary Installs Officers, Plans Activities

New officers and chairmen for 1950-51 were installed by Mrs. Roy Sewell, past president, at a meeting of the American Legion Auxiliary in the Club Room Thursday night.

Those who took office were Mrs. Gladys Turner, president; Mrs. Charles Gilson, vice president; Mrs. Al Lawson, junior vice president; Mrs. Mildred Hill, secretary; Mrs. Frank Lard, treasurer; Mrs. Joe Shelton, chaplain; Mrs. Estelle Wheeler, sergeant at arms and Mrs. Lyle Stout, historian.

Mrs. Mary Garman, Americanism chairman; Mrs. Al Lawson and Mrs. Frank Shotwell, child welfare; Mrs. Harold Wright, rehabilitation; Mrs. Ralph Kiser, community service; Mrs. Mike Roche, poppy; Mrs. Turner and Mrs. Kiser, Council of Clubs; Mrs. E. E. McNutt, publicity; Mrs. Roy Hall, finance; Mrs. L. M. McWright, social; Mrs. J. C. Coston, flowers and cards and Mrs. Charles Gilson, program.

## WE, THE WOMEN

By RUTH MILLETT

NEA Staff Writer  
RAISING CHILDREN:  
Mrs. Smith has six children and obviously enjoys them.

Mrs. Brown has two, and in her own words they just about drive her crazy. Every time she gets away from them, she draws a deep sigh of relief. When she is with them, they aren't happy and she isn't either.

Yet Mrs. Brown loves her children probably as much as Mrs. Smith loves hers. What makes the difference?

You don't live to watch the mothers with their children very long to figure that out. Mrs. Smith's six children mind — to use an old-fashioned term. When she tells them to do something they do it. When she tells them they can't do something they don't tease and whine and argue.

Mrs. Brown's children rarely do anything the first time they are told — so Mrs. Brown has to keep at them constantly. Nor can she ever be sure that they won't do the things that are forbidden.

Because of that, she always has to keep a watchful eye on them. It is routine for them to argue against anything they are told to do, for there is always a chance if they tease long enough they can get their own way.

"HOW COULD I RAISE 13?" Recently I read where the mother of 13 children, honored as her state's mother of the year, said: "I made them mind. I had to. My goodness, how could I raise 13 if they didn't mind?"

Well, you can raise one or two even three or four children without making their mind, as many modern parents are proving.

But you can't enjoy their childhood. You can't get any real pleasure from them.

Look around you and you'll probably discover that the parents who enjoy their children most are the parents who make their children MIND.

## Mrs. Mullings Elected to Head Venado Blanco

WHITE DEER — (Special) — Mrs. Fred Mullings was elected president of the Venado Blanco Club at the first meeting of the season held Tuesday evening in the home of Miss Claudia Everly, with Mrs. Mullings, Miss Gertrude Golladay, and Miss Mary Green as co-hostesses.

Miss Virginia Alexander was a chosen vice president and chairman of the program committee; and Mrs. Hope Rusk was named secretary-treasurer.

Ten new members were elected. It was voted to continue the plan of serving a light supper each time and to return to the plan of presenting study programs at each meeting instead of alternating study and social meetings as was done last year.

Members present were Mmes. Hope Rusk, B. R. Weakas, Kenneth Gibson, D. V. Biggers, Bert Isbell, Grace Smith, Bob Farley, Ray Vineyard, and Leslie Tabert, Misses Virginia Alexander, Helen Walker, and Mildred Cole, and the hostesses.

The next meeting will be with Mrs. Gibson and Mrs. Biggers in Skellytown on Oct. 3, at which time Mrs. Weakas will give a report on the State Democratic Convention held recently in Mineral Wells.

# Louis Battles Charles Tonight For The Heavyweight Crown

## Brown Bomber Favored, 5-8 To Win Fight

**By MURRAY ROSE**  
NEW YORK — (AP) — Joe Louis, who retired two years ago, battles Ezzard Charles at the Yankee Stadium tonight in an effort to become the first heavyweight titleholder in history to regain the crown.  
A fresh flood of Charles' money has dropped the price on the title fight to 5 to 8 in favor of the Brown Bomber.  
"The odds hold up until the 9 p.m. (CST) fight time, Louis may enter the ring at the shortest odds since he first won the heavyweight crown from Jimmy Braddock in Chicago on June 22, 1937."

Not since his second scrap with Max Schmeling 12 years ago has Louis been held in such low esteem by the bookmakers. That might be the 5 to 8 choice.  
A crowd of around 30,000, paying from \$3 to \$30, is expected. Millions more will hear it over CBS.

The promoting International Boxing Club is hoping for a gross gate of at least \$250,000.  
The weatherman is optimistic. He says it will be warm, "in the mid-seventies," with increasing cloudiness in the evening. In the event of rain the fight would be scheduled for the following night.

As for the fight itself, it boils down to this:  
Can Louis catch Charles?  
He does almost everyone concede that the Louis' devastating punch will blast Charles out quicker than you can snuff out a match.  
But there are many, including this observer, who believe that the 36-year-old Louis hasn't got the legs to corner his under-rated 29-year-old opponent.

Charles, embittered by Louis' return and still the shadow hanging over him, says "I'm going to stop him no later than the 12th round. Joe can be chopped up like any other old guy."

Ezzard will give away about 24 pounds. He is expected to scale around 183 to Louis' 217.  
Charles won NBA recognition as heavyweight champion when he defeated Jersey Joe Walcott in Chicago June 22, 1948. That fight was staged after Louis officially announced his retirement on March 1.  
Despite three title defenses Charles never gained New York Boxing Commission recognition but tonight he will get his chance. The Empire State will hail the victor as world champion.

# Yanks, Phils Could Claim Titles Today

**By WILL GRIMSLEY**  
AP Sports Writer  
This could be "flag day" for the New York Yankees and Philadelphia Phillies.

New York's magnificent "clutch" team and Philadelphia's dashing youngsters were in a position to lock up the American and National League championships before sundown and put to rest all the feverish excitement over who will play in the 1950 World Series.

This would make a mere formality of the week-end windup that was figured to be loaded with high tension stuff.

The so-called magic number for the Yankees thus is two. For the Phillies it's three.

That means any combination of those numbers — in victories for the Yanks or Phils and defeats for their challengers — would clinch the pennant.

The Yankees moved today into Philadelphia for two games with the last-place Athletics before finishing off against Boston at Fenway Park.

A Yankee victory linked with a loss for Detroit and Boston would return the Bronx Bombers to familiar World Series surroundings without further ado.

The Detroit Tigers, their once flaming pennant hopes chilled by a last week setback, meet the cantankerous St. Louis Browns at Detroit. Boston entertains Washington in a doubleheader. Both must keep winning to stay "alive."

The Phillies, meanwhile — already long overdue in staging their flag clinching party—moved into New York where the first item of business was a doubleheader with the New York Giants.

The challenging Brooklyn Dodgers, five games in arrears, play the Boston Braves twice at Ebbets Field. The Phillies could clinch by winning two while the Dodgers split or by splitting while the Dodgers lost a pair.

# Grid Battles Flare in WT This Friday

**By HAROLD V. RATLIFF**  
AP Sports Editor  
Important games dot the Class AA schoolboy football schedule from the tip of Texas to the Gulf this weekend but the spotlight will be on North and West Texas where undefeated, unified teams collide.

Highland Park of Dallas, rated No. 1 in the state in many rankings, tackles ambitious Sherman at Sherman Friday night in the top feature.

Of almost equal note will be the battle of Lubbock and Sweetwater at Sweetwater. The latter it was that slowed down top-flight Odessa last week while Lubbock was showing untraded power in smashing North Side of Fort Worth.

The Highland Park - Sherman game is a sort of grudge tilt. And this time it appears Sherman has a most excellent chance of kicking over its big city neighbor.

There are 48 games over the state with Vernon at Pampa, Abilene at Wichita Falls, Kerrville at Bryan and Thomas Jefferson (San Antonio) at Austin in the category of important tests — the Jefferson - Austin contest bringing powers of the City Conference and Class AA together.

Port Arthur, another of the top-ranking teams, plays Nicholls of New Orleans in a feature inter-sectional game.

The schedule by districts: 1-Friday: Fort Worth Tech at Plainview, Amarillo at Paschal (Fort Worth), Vernon at Pampa, Abilene at Wichita Falls.

2-Friday: North Side (Fort Worth) at Childress, Abilene at Wichita Falls.

3-Friday: Bowie (El Paso) at Big Spring, Midland at Forest (Dallas), Jefferson (El Paso) at Lamesa.

4-Friday: Austin (El Paso) at Carlsbad, N. M., Cathedral (El Paso) at Isleta.

5-Friday: Lubbock at Sweetwater, Odessa at San Angelo.

6-Friday: Stephenville at Arlington Heights (Fort Worth), Brownwood at Breckenridge.

7-Friday: Highland Park (Dallas) at Sherman, Corsicana at Paris, Longview at Denison.

8-Friday: Gainesville at McKinney, Mineral Wells at Denison.

9-Friday: Texarkana at Little Rock, Ark., Temple at Adamson (Dallas), Longview at Denison, Woodrow Wilson (Dallas) at Gladewater, Henderson at Kilgore, Waco at Marshall.

10-Friday: Kerrville at Bryan, Austin (Houston) at Conroe, Greenville at Palestine.

11-Thursady: Jesuit (Dallas) at Port Neches; Friday: Texas City at South Park (Beaumont), Nacogdoches at Orange, Nichols (New Orleans) at Port Arthur.

12-Friday: Jeff Davis (Houston) at Pasadena, Lamar (Houston) at Galveston, Brownsville at Galena Park, Freeport at San Houston (Houston).

13-Friday: Baytown at Temple, Waxaham at Hillsboro, Weatherford at Emus, Grand Prairie at Waxahachie.

14-Friday: Breckenridge (San Antonio) at Miller (Corpus Christi), Jefferson (San Antonio) at Austin.

15-Friday: McAllen at Alice, Lantier (San Antonio) at Laredo, San Benito at Victoria.

16-Friday: Ray (Corpus Christi) at Harlingen, Kingsville at Edinburg.

REEL GOOD—Former heavyweight champion Gene Tunney beams proudly at a 608-pound tuna he landed at Wedgeport, Nova Scotia. Says the ex-champ, "It's the biggest fish I ever caught."

Williams Taps Salas

WASHINGTON (AP) — Like Williams, the lightweight champion from Trenton, N.J., defeated waterweight Charley Salas last night in a split decision that drew boos from a small Griffith Stadium crowd of 1,389.

# Dukes Cripple Lobos in Fourth Game, 12-6

**Umpires Hurt In Car Wreck Before Game**

LAMESA — (AP) — The Albuquerque Dukes took a commanding three to one edge in the West Texas-New Mexico League championship playoffs here Tuesday night, exploding for five runs in the seventh to break a 5-5 tie and going on to a 12 to 6 triumph.

A crowd of 1,931 fans, which ran Lamesa's home attendance for 1950 to a whopping 103,044, watched the final game of the year here.

The victory was a costly one for the Dukes, who probably lost the services of Earl Harriman for the remainder of the playoffs. Harriman suffered a break of a small bone in his right wrist when he was hit by a pitched ball thrown by Ed Arthur in the second inning.

The Dukes hammered three Lobo chunners for 12 hits, including a grand slam homer by rookie Jim Marshall and a three-run triple by Manager Hershell Martin.

Halbeck Harold Smith, was working out in the quarterback slot behind De Wey Cudney and Sid Mills. Smith quarterbacked the Guerrillas last year.

Backs Jimmy Hayes and Elmer Wilson reeled off nice runs and Cudney was hitting his receivers during the two hour practice. The gridsters worked on both offense and defense.

Coaches Tipps and A. R. Noon-caster worked their linebackers on pass defense for the game Friday night with the Vernon eleven.

Pampa will receive their first test from the Vernon gridsters after knocking over their first two opponents, El Paso and Hobbs. Vernon split two games, dropping Altus, 33 to 7, and losing to Sweetwater, who clipped Odessa 14-13, 19 to 6.

Vernon will have one of the outstanding backs in Texas in their line-up Friday night. Full-back Patton does everything but center the ball.

End Don Burns didn't take part in Tuesday's practice because of a charley horse, and Hayes is still troubled by a C.H. rifle hits: Palmer, Polkman, double play; Stanford, Polkman and Marshall, Santiago, Robinson, Pinto, Haney and Pinto, Arthur, Haney and Ashley; left on bases: Albuquerque 7, Lamesa 8; bases on balls off: Lagomarsino 6, Kohout 3, Arthur 2, Ten 2; strike outs by: Lagomarsino 6, Arthur 1; hits off: Kohout 1 for 4 2/3 innings; hit by pitcher by: Arthur (Harriman); wild pitches: Lagomarsino, Arthur, balk: Lagomarsino; pass ball: Bartolomei; losing pitcher: Kohout; umpires: Frank, Fisher and Sedawick; time: 2:33.

Peat moss makes an excellent mulch for the home garden, helping to keep weeds down and to retain moisture in the soil.

Santiago ran his hit total in the playoffs to 23 in 12 games. Martin, who was 41 this month, has collected 11 hits and driven in the same number of runs in the four games here.

The start of the game was delayed a few minutes on account of a wreck involving a car belonging to Umpire Caspar Steve Sadowski suffered a lacerated hand, but the other umpires, Bill Frank and Bob Fisher, along with Simon, were not injured seriously.

Simon remained with his car, which collided with the rear end of a truck three miles north of Lamesa, about 7 p.m. Frank and Fisher got the game underway and Sadowski took his post at third base later in the contest after receiving first aid at a local hospital.

The three umpires thumbed a ride into Lamesa after the accident. Simon's car was badly damaged, but it was reported that he had insurance.

Righthander Vince Speranza will open on the mound in Albuquerque tonight, with Don Cantrell going for the Dukes.

## Two Slayers Die in Chair

BELLEVILLE, Pa. — (AP) — Two convicted holdup slayers died in the electric chair at Rockview Penitentiary yesterday.

First to go to the chair was Alexander Niemel, 31. His companion, Walter Maloney, 32, followed nine minutes later.

Niemel and Maloney were convicted on first degree murder charges in the shooting of Jacob Davis during a Chester, Pa., tap-room holdup Jan. 6, 1949.

Both Niemel and Maloney ap-

## Lou Clayton Estate Is Left to Widow

LOS ANGELES — (AP) — Mrs. Ida Clayton, widow of entertainer Lou Clayton, receives his entire estate under terms of his will, filed yesterday. Attorneys estimated the estate at about \$10,000.

Clayton, 60, manager and former partner of Jimmie Durante in their vaudeville act with Eddie Jackson, died Sept. 12.

pealed their convictions to the Pennsylvania Supreme Court but the appeals were denied. Niemel later asked the state pardons board to consider his case, but that plea also was rejected.

## JACOBY ON BRIDGE

### Generous "Honest" George Steals a Bridge Hand

By OSWALD JACOBY  
Written for NEA Service

"I like an honest man," said Generous George. "When I find a really honest fellow, there's nothing too good for him, in my opinion. I'll give him tricks right and left. But I hate these sneaks who go around trying to fool their fellow men."

George looked inquiringly at his opponents as if testing their honesty. What he saw must have satisfied him, since he promptly gave them a trick that they didn't at all expect to make.

West had opened the four of hearts. Dummy played low, East played the jack, and Generous George won with the ace. George

dictated that he had started with a five-card heart suit. In that case, East had started with the blank queen-jack. When he decided that the play in hearts had been honest, George let East win with the queen of hearts!

This gave up a heart trick, limiting George to two tricks in that suit. However, it preserved dummy's king of hearts as an entry to the precious diamonds.

East shifted to a low spade, but George did not make the mistake of finessing. (A finesse would allow West to win and lead another heart.)

George took the ace of spades and finessed another diamond. East won with the king of diamonds but could now not defeat the contract. He could lead a spade to his partner's king, but then George was sure to regain the lead and run the rest of the tricks.

led the ten of diamonds, letting it ride for a finesse. East won with the jack of diamonds and returned the queen of hearts.

This gave George the chance to take three heart tricks. However, when West played the deuce of hearts, George looked searchingly at his opponents and made his little speech about honesty.

The point of George's speech was that West had opened the four of hearts and had played the deuce of hearts on the second round of that suit. This in-

## Loyalty Program Work Increasing

WASHINGTON — (AP) — The Civil Service Commission has reported that its work in connection with the federal employees loyalty program has more than tripled in recent months.

The increase was attributed to heavy hiring of new employees because of the Korean war and rearmament.

The agency said in a statement that it was prepared on July 1 to handle an average of 6,000 routine loyalty checks weekly, but that during the week ended Sept. 16 it was asked to check 21,000 prospective new employees.

It said it had transferred workers from other activities to handle the increased load.

Scientists use the micron (one-millionth of a meter) as a unit for measuring the diameter of drops of liquid. An inch is roughly 25,000 microns.

## GI With 'Thousand Yard' Look Won't Let Unit Down

By HAL BOYLE

SOMEWHERE IN KOREA — (AP) — A small supply truck trudged up to the Nakdong River, south of a ruined city called Waegwan.

It was the day after the 24th infantry division had stormed back over the river on the long return road to Seoul.

The supply truck was loaded with badly needed gasoline. But at one point along the rutted road it paused with the undeviating courtesy of the battlefield to pick up a solitary, hitchhiking soldier.

He was a private first class and he looked like a tired battle straggler lost from his company. He was a stocky youth of about 22 with blue eyes and a stare that combat soldiers call "the thousand yard look." It is an expression men often get after sudden battle shock or long exposure to danger.

He climbed laboriously into the back of the truck. As it swung slowly on up the heavy yellow road he sat down wearily among the gasoline cans next to another hitchhiker — Ben Price, an Associated Press correspondent.

The two soon fell to talking. The private was nervous and kept clutching his sides with both arms as he spoke. He said that he was one of the engineers whose job had been to steer the assault boats that carried the doughboys across the Nakdong.

"I was in the second wave," he said. "They shot up our boat with machineguns and it went down. Then a mortar shell hit in the river by me and it seemed like the water was squeezing me to death."

The private held his chest and coughed painfully and spit over the side of the truck. He shook his head when Price offered him a cigarette.

"I blacked out and I guess I would have drowned if some of my buddies hadn't pulled me into another boat," he said. "Don't remember anything about the next 12 hours, except standing in a chow line somewhere. Then I came to in a hospital. They said I had concussion and ought to stay there for at least a couple of days. But I didn't want to dope off on my outfit — not at a time like this. So I waited until breakfast and then I took off."

When the truck halted to let him off, he climbed slowly down. He gripped his chest, bent over and coughed and spat.

Then he straightened, said "so long" and walked off to rejoin his unit.

As the truck pulled away Price glanced at where the private had stood. In the golden dust gleamed several bright drops. They were red.

It has been found that fruit jelly is a first class substitute for beauty cream.

## Rural Doctors Are Aided by Grass Roots Plan

FORT WORTH — (AP) — A grass roots program of financial help and post-graduate education will attract doctors to rural communities, Dr. Franklin D. Murphy, dean of the University of Kansas school of medicine, said yesterday.

Dr. Murphy, 34, originator of the "Kansas Plan" which has caused doctors to locate in scores of rural communities, was named by the U.S. Chamber of Commerce as one of the nation's 10 outstanding young men last year.

He spoke at a scientific session of the Texas Academy of General Practice before about 175 Texas "family doctors."

Dr. Murphy said in an interview Kansas offers continuous courses at the medical school and in centrally-located cities to assure young doctors they will not be "medically isolated."

Progressive rural areas are providing the "workshop and tools" to attract young doctors, who usually start deep in debt, he said. Repayment is made from the doctor's income.

Farm Roads Are Better, But Improvement Still Needed

By ROBIN TIBBETS Farm Editor

Mod! Black, slimy mud. The scourge of the plains farmer. Time was when a farmer had to plow through inches of thick, slick goo all the way from his farm to the nearest town. That was way back when. That was when papa had to hitch the team at five a.m. and go out and pull the new Model T out of the barn, get it started, and drive around to the front of the house to pick up mama. When mama and papa had to push the new Model T across all the ditches, practically carry it across the creek beds, and back it up the steep hills. That was when the ruts were so deep that the car wouldn't and couldn't go through them and papa had to go get the team, pull the car home, and go on to town in the wagon or buggy. Those were the days of unpaved roads, few paved streets, and lots of goosy mud that a stuck to everything it touched, and balled up on the wheels of automobile and wagon alike. Then days, we hope, are gone forever. Today, the modern farm road stretches over the flat plains of the Panhandle, the rolling mesquite-covered hills of West Texas, and through the stately pine trees of East Texas, linking even the most remote farm with the great, modern, humming cities of our nation. Farm roads, like FM 282, which turns right off Highway 70 north of Pampa just opposite the Little Red Schoolhouse, are the life blood of the farmer. No more does he have to plow through mud and water the five, ten, or 15 miles to town. No more, does he have to spend days at home marooned by wet, muddy ground that won't let him move his car or truck out of its tracks. But still, there are some improvements that could be made. For example, the modern automobile — and the truck too — are built so close to the ground that a rut more than a foot deep will come near to stalling them. Perhaps the figures aren't entirely correct, but they are near enough. Thus, even though the farmer or rancher has a paved farm road just a mile from his house, it will do him little good if he cannot make it over that mile of mud to the highway. Of course, he can always use his tractor, but that gets a little old and expensive. The best solution is for either the landowner or the county to hard surface all roads, section lines, and cow paths, so that the country dweller can get to town or to his work no matter how much it might have rained the night before. Although such a project would cost money, it would be saving the farmer and rancher a lot of worry and bother. Not only that, but when tourists, visitors, and prospective land buyers drive through the country, one paved road might mean the difference between having a new industry and not having it. It would also mean that our section would be noted for its progressive attitude and would attract outsiders with interests in money-making propositions. Of course, such a program would take time, and lots of money, but speaking strictly from the standpoint of a typewriter farmer (I don't raise typewriters), it seems that such a program would be an asset rather than a liability.

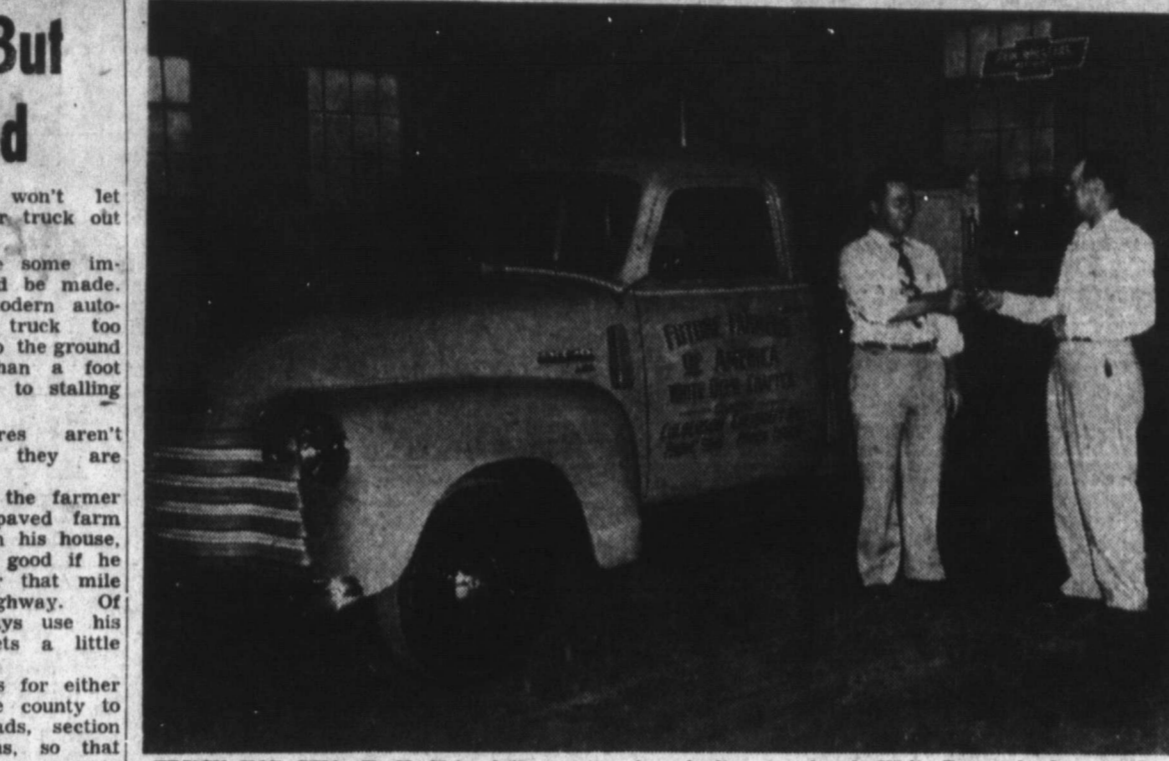

Darrouzett Rodeo To Open Saturday; Prizes Are \$1,500

Darrouzett will hold its third annual amateur rodeo on Saturday, Sept. 30, and Sunday, Oct. 1, with a total of \$1,500 in cash to be awarded riders. The show will consist of saddle bronc riding, bareback bronc riding, bull riding, calf roping, ribbon roping, potro race, barrel race, wild cow milking and other events. A street parade Saturday at 11 a.m. will open the show. Prizes will be awarded for the most outstanding entries. A rodeo dance in the Legion Hut will close the Saturday events. A feature of the rodeo will be Buddy Heaton and his trick horse and trained mule.

Kingsmill Youth Is 4-H Contest District Champion

AMOS HARRIS

Amos Harris, Jr., Kingsmill, has been declared winner of the Texas 4-H electric program for District One of the Texas A&M extension service. Harris won \$60 and a chance to represent District One, which is composed of some 20 Panhandle counties, in a similar state and national contest. The Texas electric program is sponsored by 10 Texas electric companies, while the national contest is sponsored by Westinghouse Educational Foundation. The latter contest offers a trip to the National 4-H Club Congress, with all expenses paid, Nov. 26-30 in Chicago. Harris has done outstanding 4-H work in Gray County since 1942. He has taken honors in the county wheat awards program, Pampa Junior Livestock Show and the Plainview dairy show. He now has two calves and two pigs and is feeding them for the 1951 junior livestock show. He plans to feed 10 calves in the newly organized commercial calf program for FFA and 4-H Club boys. Harris is son of Mr. and Mrs. Amos Harris, Sr., who live on a wheat farm near Kingsmill. He is also manager of the Pampa Harvester football squad.

India Was Cotton Industry Center Over 3,000 Years

There are very few people in the Panhandle, in Texas, or even in the Southwest who do not know what cotton looks like. Most of us know it as soft, white, fluffy stuff that we see from the highway when driving through the southern part of Gray County, through some parts of Wheeler County and through most of Collingworth and Donley counties. Back as far as 1500 B.C., India was the center of the cotton industry and for some 1500 years after the beginning of the Christian era, had no rival in the making of cotton cloth, according to an article in Southwestern Crop and Stock, September edition. Persia and China were the next countries to become interested in growing this unusual plant and making its fibers into cloth. However, the Chinese, so long accustomed to silks, were not so quick to adopt cotton for cloth. In fact, cotton was first used in China for ornamental purposes. Its hibiscus-like blossoms were greatly admired in the garden of Peking where the plants were carefully tended with other ancient flowers. It was the inspiration for paintings and poems, and was referred to as the "fleece" that grew on trees. It was not until after the twentieth century that cotton was cultivated on a large scale in China, although it had been grown there for many years. The article states that Columbus found cotton growing in the West Indies and his successors found it in Mexico and North America. Cortez recorded that he saw natives in Peru wearing cotton garments and found mummies wrapped in cloth made from cotton. Here in the Southwest, the article continues, a coarse cloth from cotton was made by the ancient cliff dwellers and cotton cloth of unknown origin was found in Utah. When English colonists came to the new world, they planted, among other things, cotton. It was

Lumber's Waste Aids Agriculture

Waste bark from the lumber industry is being turned to agricultural uses, reports Capper's Farmer. As poultry house litter, ground bark compares favorably with ground cobs and peat moss. Bark litter is absorbent, does not cake and dries readily. It is light and inexpensive at a reasonable distance from its source. Ground bark also works well as a mulch and soil conditioner, says an article in the nationally-circulated Farm magazine. When bark or sawdust are mixed with soil they tie up nitrogen temporarily. To make up the loss, applications of commercial nitrogen may be necessary. Only about 70 old treasure ships have been approximately located.

Special Train For State Fair Trip Sought

A special train to carry residents of the Panhandle to the State Fair in Dallas for Rural Youth Day, Oct. 7, is being arranged by the extension service, according to Knox Parr, agent for District One.

A special rate of \$11.70, round trip, will be in effect if as many as 75 people from the Panhandle sign up to take the trip. Parr stated, however, that the special train is primarily for 4-H boys and girls, the FFA and the FHA. Children under 12 will be charged only half fare. The train would leave Amarillo Friday, Oct. 6 at 11:30 p.m., and leave Dallas at 9:15 p.m. Saturday, arriving in Amarillo at 8 a.m. Sunday.

"This train service and special rates are available to anyone who wants to use them," Parr stated, "and it gives residents of the Panhandle an excellent opportunity to see the State Fair at a very reasonable cost and minimum effort." Parr stressed the fact that since Oct. 7 is Rural Youth Day, all rural people should be notified of the arrangements so that a large group will make the trip. Persons in Gray County wishing to make the trip should contact either Ralph Thomas, county agent, or Foster Whaley, assistant, on or before Sept. 30.

Grass Cuttings Are Distributed

HOUSTON — (AP) — Farmers and ranchers from 75 Texas counties are expected here today to receive cuttings of a new pangola grass. Governor Allan Shivers will be among those receiving cuttings. The Houston Farm and Ranch Club believes will produce unusual quantities of green grazing for livestock. The African grass first was planted in Florida in the late 1930's. Officials say it has worked wonders on depleted soils. The club sponsored a Florida plate trip in July for some 40

FUNNY BUSINESS By HERSCHBERGER

Texas Herefords Again Top Nation

KANSAS CITY — (AP) — Texas Hereford breeders again top the list of purebred registrations, the American Hereford Association announced. Texans registered 69,710 white-faced calves in the year ending August 31, an increase of 13,422 over the top figure last year. Registrations issued to Texas breeders totaled more than 13 percent of the new world's record of 426,971 certificates issued during the year. Total registrations in the previous year were 370,015. Kansas breeders were second with 29,851 registrations, an increase of 4,480 over last year.

## Farm Production Program for '51 to Depend On War; Department Is Keeping Close Watch

By OVID A. MARTIN

WASHINGTON — (AP) — The international situation is outside the scope of the Agriculture Department, but no other agency of the government is keeping a closer tab on world developments.

The reason the department soon must draw up a 1951 farm production program that will fit next year's prospective demands. Food requirements would be one thing under peace, but quite another under war. The department has the responsibility of guessing right when it sets up a program. It is too late to change, until another year rolls around, once plans have been made and crops have been sown.

If it guesses wrong one way, it may find itself confronted with big surpluses requiring heavy government price support outlays; if it guesses wrong the other way, prices will jump and there may be real shortages.

Fortunately, the department has a little time in the case of most crops, because the planting season is six to eight months away. Nevertheless, the department is under heavy pressure from farmers to announce 1951 plans now. The farmers want to get what materials they'll need, do the amount of fall plowing that would be called for and the like.

The department already has announced the 1951 wheat program. It calls for 72,500,000 acres compared with about 69,000,000 this year. The wheat program was announced early because much of that grain is planted in the fall. The department must announce by Oct. 15 whether it will continue rigid production and marketing controls on cotton. It is being assumed that the marketing controls will be dropped because of this year's very small crop and the possibility that exports to assure this country's needs.

But no decision has yet been made on whether acreage limitations will be maintained for cotton. The department is under heavy pressure from many growers — particularly in the area west of the Mississippi where cotton production has slipped in recent years — to drop planting allotments.

Others are proposing a 1951 cotton allotment of 27,000,000 acres — a boost of about 5,500,000 over this year.

The only crops for which rigid production controls are likely to be maintained next year are tobacco and peanuts.

Unless the international situation worsens, the department is likely to keep acreage allotments on corn, but to increase them over this year's levels. Much depends also on how this year's crop turns out quality-wise. There is a possibility that killing frosts may catch some of the feed grain before it is fully matured. The result would be corn of reduced feeding and keeping quality.

## Woodward Station Cancels Plan for Annual Field Days

The 14th annual range and crop improvement field days, scheduled by the U. S. Southern Great Plains Field Station, Woodward, Okla., for Oct. 6 and 7, 1950, have been cancelled, according to an announcement by D. A. Savage, station superintendent. The field days were cancelled in the interest of wartime economy which is expected to result in a 40 percent cut in funds for all non-military government agencies.

Plans are to hold the next major field day in the fall of 1951. In the meantime the general public is reminded that they are always welcome to call at the station and study the research in progress. Advance notice of such visits will be helpful to station personnel in planning their work.

A nine-year progress report of the station's grazing, feeding, and range improvement work will be prepared this fall and distributed to all those who request it. The 600 head of Hereford steers now used in these tests will be replaced with a new herd at the end of the current grazing season on Oct. 16. The new herd, obtained from the Jack M. A. S. ranch of Vega will be furnished through a cooperative agreement with J. C. Farris of Sentinel, Okla.

The station's new office-laboratory building will be completed and occupied in September from special funds allotted last year. This building provides adequate office space for the station staff and facilities for conducting fundamental studies on plant breeding, physiology, and soil problems.

There are several reasons why the department is reluctant to lift all restrictions on production. Acreage allotments are a device for limiting the government's possible outlay on price supports. Without allotments, farmers might increase production too much and put the government support programs on a spot.

Furthermore, lifting of all controls might result in wasteful use of soil resources which might be needed more later on.

## Injunction Halts Work of Southern Adoption Agency

MEMPHIS, Tenn. — (AP) — The state of Tennessee has called on its legal arm in its probe of adoptions through an agency it accuses of making big profits from orphaned and abandoned babies.

The agency — the Memphis branch of the Tennessee Children's Home Society — is charged with piling up "around \$1,000,000" in placing infants with foster parents in New York and California.

A temporary injunction granted the state yesterday by Chancellor Larry Creson halted further operations of the home, which now has 20 infants in its care.

It also enjoined employees from removing, destroying or in any manner disposing of the home's records "and all other assets."

The order was granted in a suit filed by special state investigator Robert L. Taylor of Memphis. It climaxed a two-week probe.

The suit asked that the semi-private non-profit welfare agency's state charter be forfeited.

It asked that a receiver be appointed to prosecute claims against the estate of the late Miss Georgia Tann, who headed the home more than 20 years.

She died of cancer in the midst of the investigation without knowing of the charges against the agency.

Taylor said the home placed infants in California and New York foster homes in violation of laws of both states. He previously estimated the number of babies involved at 350.

He said the profits were realized on the out-of-state placements by charging duplicate transportation and investigation

Shawmestown, Ill., on the Ohio River, was almost completely moved to higher ground three miles back after the flood of 1937.

## New Liquid Kills Roaches and Ants

**ROACHES** are the most difficult household pests to control, and they can be brought into any home from the market in a bag of potatoes or other groceries.

Science has just come forth with a new discovery that kills roaches and ants, and that stays effective for months. It is called Johnston's NO-ROACH coating.

It's just as simple and easy to use as it looks. You paint the coating on surfaces frequented by roaches and ants, woodwork near the sink, baseboards, garbage pails, window and door sills. When these crawling pests come in contact with this invisible, odorless, stain-

less coating they slowly become paralyzed, turn over on their backs with legs waving in the air, and die. Then the coating stays effective for months to kill any strays that get into the home and that walk over it.

Science has seen it too, that this product contains no DDT, no sodium fluoride, and no phosphorus. Johnston's NO-ROACH is not a contaminating spray, or a messy powder. It is colorless, and may be brushed just where you want it, without having to move all your dishes and pots and pans.

Prices are 8 oz. for 89c, pint for \$1.69, and a quart for \$2.98.

## Annual County Fair Slated For Lipscomb

LIPSCOMB — (Special) — Final plans for the annual Lipscomb County Fair, Thursday and Friday, are being completed by fair officials.

One of the outstanding features of the fair will be a model train display owned by John Smith of Booker and Amarillo. Smith has developed this display as a hobby while recovering from an illness. The exhibit consists of a model passenger and freight train complete with station, farm houses, crossing, people and animals.

Judges for the agricultural exhibits include J. P. Smith, Pam Tech farms, beef and dairy cattle and hogs; O. W. Hampton, Perryton, horses; Bill Miller, Follett, poultry; R. A. Ivie, Follett, rabbits; Knox Parr, district extension agent, Amarillo, field crops and agricultural booths; Pat McIlvain, Woodward, Okla., grass contest.

A baby show will be held Thursday at 11 a.m. for all children between the ages of six months and two years. Prizes will be presented to winners.

Following the baby show will be a doll show for all girls between the ages of two and six years. Suitable prizes will be given first, second and third place winners.

Friday's agenda will include a pet show for boys; a beauty contest for girls from six to 10 years of age; a pie-eating contest; bicycle race and a horseshoe pitching contest.

Livestock judging will be held Friday at 10 a.m. Owners are requested to wait until Friday to bring their livestock to the fair for judging.

**BARELY WINS**—Hanni Schall, 23-year-old "Miss Austria," is now "Miss Europe of 1950." She won in competition at Rimini, Italy, with national beauties from 13 other countries. (Photo by NEA-Acme Staff Correspondent Albert Blasetti.)

## Crow Is Released But Police Uneasy

DETROIT — (AP) — Police weren't quite sure today they had solved the problem of Jackie, the crow.

Jackie made wash day miserable for housewives in one block of suburban Trenton. He sneaked the cloths off the lines. Nice white clothes in the dirt. Housewives screamed.

Police told Wallace Justin, 17, he would have to get rid of the pet. He did — by giving it to a family in another part of Trenton. Police aren't sure where it's the youth's secret.

But they expect to be hearing from other screaming housewives shortly.

## Power Lawnmower Is Extremely Light

Would you like a power lawn mower so light that it can be easily carried? They have invented one. Capper's Farmer says it is a power-driven scythe with oscillating cutter bar. The tool is designed for trimming close to buildings, fences and for ground too rough for a power machine. The unit weighs 24 pounds, says the farm magazine, and is carried by a shoulder strap. The cutting blade is guided by hand. From a distance, the rig looks like a hand-guided garden rake with a light-weight gasoline engine on the end of the handle.

## New Sweet Potato Rich in Vitamins

A new sweet potato with unusually high content of vitamins has been released by plant breeders, announces Capper's Farmer. Allgood, the new high-quality variety, is a product of Oklahoma Agricultural Experiment Station. The farm magazine says that the yam-type newcomer is high yielding and carried 50 percent more vitamin C and three times more vitamin A than Porto Ricos in Oklahoma tests. Allgood has a russet-golden skin and salmon-colored meat. The baked flesh is moist, firm and sweet and retains its bright color when cooked.

## You'll like the McCormick W-9

"Positively the finest tractor ever made." That's what a friend of ours said when he climbed over the McCormick W-9, after putting it through a rough test on his farm. I expected him to say that. You see—the W-9 is improved from radiator to drawbar. 21 NEW improvements make it more efficient than ever—easier to handle than ever—and more durable than ever. The McCormick W-9 has always been tops—but wait till you try the new one! Phone, or drop in, and ask us to bring one out to your place. Get behind the wheel and prove it yourself. Convenient terms with the Income Purchase Plan.

## Farmers Given Warning on Crooked Seed Salesmen

Although there have been no reports from any part of the Panhandle, a report comes from Capper's Farmer that certain bogus seed salesmen are flourishing in the Midwest and are rapidly spreading out to other parts of the country.

A release from the Midwest News Service, Topeka, Kan., states that farmers should be aware of the seed salesman who uses high-pressure selling methods. His glib sales talk sprinkled with such terms as "record yield" or "new varieties" and "limited supply" marks him as a GYP, the statement says.

The bogus salesman may or may not have any seed to sell, at the time he contacts the farmer, but the release states, he may fill the order for "certified seed" with seed that wouldn't pass any test of certification. Or, he may buy certified seed at one price and sell it for a higher figure.

Farmers should check with their county agents and agriculture experiment stations concerning sources of supplies of good seed. Crop improvement associations, located at state colleges, publish directories listing growers and companies whose seed has been certified, the statement concludes.

### Conservation Sub-District Election Set in Panhandle

PANHANDLE — All persons owning land in Sub-District 2 of the Staked Plains Soil Conservation District are urged to meet at the Carson County court house in Panhandle at 2 p.m. Tuesday, Oct. 3, to cast their votes for a supervisor.

Sub-District 2 is all land north of the center of U. S. Highway 66 and all land west of Texas Highway 117 in Carson County.

D. W. Osborne, chairman of the district, is representing this sub-district as supervisor at the present time.

Osborne stated today that it is not only desirable, but very important that all landowners in

the sub-district make a special effort to vote in this election. "As long as the local land owners conduct the business of the district, one need not be concerned about the future of it," Osborne said. "When this interest by the local people ceases and only those on the payroll are concerned about the future of the district, little or no good will result."

Officially, the business of the day is the holding of the election. In addition, time will be given to explaining what has been done throughout the district to date, what is proposed and what might follow if the landowners want such projects developed.

Osborne will give all present ample time to tell what they believe the soil district should be working on. If, in the opinion of the landowners, the district has given time to unimportant projects, Osborne said he would appreciate knowing about it.

All landowners in the area are urged to attend the meeting, Osborne said.

### Drafting of Men Over 25 Not Seen

WASHINGTON — (AP) — Maj. Gen. Lewis B. Hershey says he believes President Truman's goal of 2,000,000 men in the armed services can be reached without drafting men over 25 years old.

The selective service director expressed this view in a copyrighted interview (U. S. News and World Report) in which he also:

1. Said the manpower pool of 1,400,000 classified as 1-A "ought to give us 500,000 before next June 1."
2. Predicted that draft boards will be calling on 19-year-olds before the end of this year.
3. Forecast that the program to rear America "will last a generation."

### Anderson-Clayton Net Income Gains

HOUSTON — (AP) — Anderson Clayton and Company, Texas cotton firm that operates on a global scale, has reported its consolidated net income for the year ending July 31 at \$14,905,625.

Net sales and operating revenue the past year were placed at \$598,888,120 compared to \$512,816,751 the previous year.

The reported net income for the past year is equal to \$8.83 per share of common stock, compared to \$7.62 per share, compared to \$7.62 per share from \$11,433,887.

### Widow of Former Texas Editor Dies

BROWNWOOD — (AP) — Mrs. Mattie Alvina White, 62, widow of the late James C. White, editor of the Brownwood Bulletin and former editor and publisher of the Brownwood Banner, died here Monday.

**COUNTING NOSES**—A German workman, one of those engaged in demolishing the war-wrecked Royal Castle in the Soviet sector of Berlin, looks over the heads of some of the statues that decorated the 200-year-old mansion. The one-time home of Kaiser Wilhelm II is being razed to make room for a gigantic square where public meetings and Red demonstrations will be held.

**JACOBY ON CANASTA**

### Learn When to Take the Pile

By OSWALD JACOBY  
Writer for NEA Service

Once more, it appears necessary to devote a week's articles to answering questions on the laws. The subject this time is going to be that of when a player may or may not take the discard pile. I recommend strongly that you save these articles if you have any trouble with this point. They will settle your problems.

Let's start with a positive "No, you can't." If the player to your right is unkind enough to discard a black trey or a wild card, you cannot take the discard pile at that turn. If he discards any other card you will be able to take the discard pile if you are able to fulfill the proper requirements in accordance with the laws of canasta.

There are three different sets of requirements based on three different situations. These three situations are:

1. Your side has not melded previously.
2. Your side has melded previously but the discard pile is frozen due to the fact that it includes one or more wild cards (either turned up by the dealer or discarded by players) or red treys (turned up by the dealer). Remember a red three may never be discarded.
3. Your side has melded previously and the pile is not frozen. Now to clear up some misconceptions about frozen discard piles. As stated above the only cards that freeze the discard pile are red treys (turned by the dealer) or wild cards (turned by the dealer or discarded). These are the only cards. A discard of a card that matches a closed canasta is just an ordinary discard and definitely does not freeze the pile. A discard of a black trey forces the next player to draw from the stock but once he makes his discard the black trey is forgotten.

previously the requirements for you to take the discard pile are exactly the same whether or not it is frozen. After your side has melded the requirements are different. In other words, the effect of the frozen pile is only felt after your side has melded.

### Driver's License Examiners Sought

AUSTIN — (AP) — A number of openings for drivers license examiners have been announced by the Texas Department of Public Safety.

Applicants must be 21 to 35 years old, minimum 5 feet 6 inches in height, weight not less than 2 pounds nor more than 3 pounds per inch of height, good physical condition, a citizen of the United States and a Texas resident for a year or more immediately prior to appointment, and subject to an extensive moral and character investigation.

The jobs pay \$240 a month with other state employee benefits.

Mr. David Brunk, Route 1, Box 25, Loveland, Ohio, says that just about everything these days on the farm has changed to the modern way of doing things—a man practically has to be a mechanic to be the farmer, but says he, the only thing about farming that hasn't changed from the old days is a farmer himself—he just has to be in good condition. That's one worry Mr. Brunk says he doesn't have—because now he has HADACOL. By taking HADACOL, he has overcome his deficiencies in Vitamins B-1, B-2, Iron, and Niacin.

Here is Mr. Brunk's own statement: "My main trouble before I started taking HADACOL was a lack of sleep and nervousness. Seems like everything I did I felt tired. Food I ate—didn't taste good—I had no appetite. And energy—why, I didn't have enough energy to hardly pick up my feet. I tried dozens of different things—nothing did me any good. Then I heard about HADACOL and I guess it was the second bottle of HADACOL when I started feeling good. Now I feel fine. Get plenty of sleep, have a good appetite—enjoy my food, and best of all, I'm not a bit nervous. So far I've taken 21 bottles of HADACOL. I think HADACOL is wonderful—just look what it did for me."

Yes, HADACOL is Doing Good All Over the Country by helping thousands of distressed folks get the necessary elements they need when they lack Vitamins B-1, B-2, Iron, and Niacin. Yes, HADACOL helps to build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails. Thousands whose systems were deficient in Vitamins B-1, B-2, Iron, and Niacin are benefiting from HADACOL... even hundreds of doctors have recommended HADACOL to their patients.

Give HADACOL a chance to help you. Don't let anyone tell you something else is "just as good." Insist on genuine HADACOL. You risk nothing because HADACOL is sold only on a strict money-back guarantee. You'll feel better with the first few bottles you take or your money will be refunded. Trial Size only \$1.25. Large Family or Hospital Size, \$3.99—adv.

### 'Welcome' Makes Mac Wish He Was Back in Damascus

By HENRY McLEMORE  
NEW YORK — Is home sweet home really home sweet home? I have been back from a long trip for a full day now, and I am beginning to doubt it.

My "welcome" began when a conscientious hired hand that I am, I showed up at my office in the Lincoln Building on 42nd Street just as the 9 a.m. commuters' trains arrived in Grand Central station across the street.

I took my time walking down the hall, sort of savoring the welcome home I was sure I was going to get from all the staff in the office.

I opened the door expecting to be greeted by a giant floral horseshoe with a ribbon on it reading "Good to Have You Back," a five-pound box of bonbons on my desk, hearty handshakes and "Boy, you're looking good!" from everyone.

I opened the door and the only person there was a receptionist whose face was perfectly strange to me.

I said good morning, and she answered with a good morning and asked what she could do for me. I told her my name was Henry McLemore, that I had just come back from a long trip, and that I wanted to go into my office.

She said she didn't know me, and I couldn't help thinking how nice it would be to be back walking down a side street in Damascus where no one knew me and, better yet, the postman couldn't have found me with a bloodhound and a pair of hand-carved binoculars.

### Continued Rent Controls Feared

AUSTIN — (AP) — An official of the National Association of Real Estate Boards predicted government control of rents "from now on" if a rent control bill is passed by the new Congress.

Herbert U. Nelson, executive vice president of the real estate group spoke yesterday to the Texas Real Estate Association, and predicted that a rent control bill would be offered in the new Congress next year.

When I finally got into my office I was sorry that the new receptionist hadn't kept me out of the office forever.

Let's start with a positive using when I left was gone and in its place was one on which Shakespeare picked out "The Tempest." And my comfortable chair had been usurped and in its place was a high stool like bookkeepers, used in Dickens' day.

I scaled the stool and started

**DA BEE OR NOT DA BEE?**—"It was this big," says three-year-old Wendy Ann McKee of Glendale, Calif., about the "bee" that she said stung her on the little finger. Minutes after Wendy rushed in the house with two tiny punctures in her finger, crying she had been "stung," police found a 12-inch rattlesnake in the yard where she was playing. Wendy was rushed to the hospital and treated for the bite. Now she's through with "bees."

### Red Chain Feed Wins Two In A Row

For the past two consecutive years laying flocks on Red Chain feed have won all the major prizes in the Texas Farm and Home Egg Laying Contest.

In the 1949-50 contest which ended on July 31, laying flocks on the Red Chain Feeding Program won the following awards:

- First, second, third and fourth places in division one (flocks of 100 to 301 hens).
- First place in division two (flocks of 301 to 600 hens).
- First, second, third and fourth places in division three (flocks of 601 to 1,000 hens).
- First place in division four (flocks of more than 1,000 hens).
- In the 1948-49 contest flocks on Red Chain feed won the first eight places and also the eleventh and fifteenth places.

The contest is under the sponsorship of the Texas Poultry Council and is conducted by the Extension Service of Texas A. & M. College.

There Must Be A Reason for such outstanding performance

## DREAM IN VELVET

DREAM IN VELVET - Gauze disk edge gray velvet wraparound skirt of hip-bugger evening fashion by Paris designer Jean Deesse. Matching capelet ties with soft bow at shoulder.

## Council Scouters To Boost Annual Finance Efforts

A. W. Paris, Phillips, president of the Adobe Walls Boy Scout Council, will be a member of a team of council Scouters who will make a tour through the southern district next week.

The trip is in connection with the Boy Scout finance campaign to be held in various towns of the area during the last two weeks in October.

On Oct. 3, the group will meet local campaign chairmen, team captains and all Scouters at 10 a.m. in Wheeler at room in Wellington, and in Shamrock at 3 p.m. The following day, they will meet in Clarendon at 10 a.m.; Memphis in Nordon and Estaline at 3 p.m.

Other members of the visiting group will be Huelyn Laycock, council training chairman, Paul L. Belschner, scout executive, C. A. Huff, mayor of Pampa and council treasurer; and W. B. Weathered, executive board member and past president of the Adobe Walls Council. John H. Pound, field executive for the southern district, will also accompany the group.

The purpose of the trip is to present to the people of the towns visited a picture of the council, its growth, budget and future needs.

## New Manager Takes Over at Goodrich Store

Raymond E. Sell assumed duties as manager of the B. F. Goodrich store, replacing Lon C. Ellis, who was transferred to Enid, Okla., as territory salesman.

He is married and has a son, Donald Ray, age 11, and a daughter, Shirley, age 6.

The family is moving here from Dalhart, where Sell was manager of the Goodrich store there.

He has been in the auto accessory business for eight years and spent two years in the Army.

He is a member of the VFW, Jaycees, Lions, American Legion, Masons, and the Methodist Church. Mrs. Sell, the former Miss Maxine Burrill, is a graduate of Pampa High School.

Other employees of the Goodrich store here are W. C. Epperson, senior operating clerk, C. R. Howard, junior operating clerk and Mrs. W. A. Spoonmore.

## Negro Woman Is 'Queen for a Day'

**HOLLYWOOD - (AP)** - The first Negro woman chosen "Queen for a Day" since the Mutual Broadcasting System daily radio contest began in April, 1945, is Mrs. Cora Richie, 26, Los Angeles.

A studio audience selected her. The mother of three children will be entertained at a night club and movie studio, have a chauffeur limousine for a day and receive many other awards.

**CHAMP "PLOWBOY"** — At Aurora, Ill., Clarence Schoger, Illinois farmer, looks back proudly at the furrows he turned in winning the "world's championship of plowing," the Wheatland plowing match. "Plowboys" from all over the Midwest matched skills as a crowd of 15,000 watched.

**Q**—How frequently does the chairmanship of the UN Security Council change?

**A**—It is rotated monthly in alphabetical order of the member nations.

**Q**—To what countries are storks native?

**A**—Holland, Denmark and Germany. The only storks in America are those imported for zoological parks.

**Q**—What is the largest single source of state tax revenue?

**A**—General sales taxes are still the largest single source of state tax revenue despite sharp rises in corporate and individual income-tax receipts.

**Q**—How should the flag be flown on Memorial Day?

**A**—The flag should be at half-staff until noon and at full staff from noon to sunset.

**Q**—What religious denominations rank first, second, and third in size in the United States?

**A**—The largest Christian single denomination in the United States is the Roman Catholic. The second largest is the Baptist and the third the Methodist.

**Q**—Was Drinkwater's "Abraham Lincoln" produced in the United States before it was played in England?

**A**—The play, "Abraham Lincoln," written by Drinkwater, an Englishman, was played in England before it was brought to this country.

**Q**—Where was allspice first grown?

**A**—Allspice is strictly an American product in spite of efforts to introduce the allspice tree into the East Indies and other spice-producing countries. Its name is derived from the resemblance of its flavor and fragrance to a combination of spices, with cloves, nutmeg and cinnamon predominating.

**Q**—Who was the first of our Presidents' wives to have a college degree?

**A**—Lucy Webb Hayes.

**Q**—What is the lightest metal known?

**A**—Lithium, which resembles sodium in appearance.

### Defeat Seen For Tydings

BALTIMORE — (AP) — Executive Director Albert B. Hermann of the Republican National Committee last night predicted that Senator Tydings (D-Md), chairman of the Senate armed services committee, would be defeated in the November general election.

Hermann said the results of Maryland's Democratic senatorial primary have "changed Maryland's Senate race from a pre-election Republican long shot to a Republican probability."

Tydings, seeking a fifth consecutive term, easily won his party's nomination in the primary against two opponents. He polled more than 158,000 votes.

However, Hermann termed the more than 74,000 votes collected by the two opponents as "pro-

tert-votes" against Tydings. He said only 22,000 votes were cast against the senator in the 1944 primary.

The Democratic senatorial race drew about 100,000 less votes than the contest for governor and Hermann said those Democrats who did not mark ballots for senator could also be considered as anti-Tydings.

He said the Republican national command considers Maryland one of its "key offensive states."

John Marshall Butler, a Baltimore attorney, won the GOP nomination for the Senate in a primary race in which some 87,000 votes were cast.

### Mexicans Mourn U. S. Envoy's Death

MEXICO CITY — (AP) — Mexicans and foreigners paid tribute yesterday to Guy Ray as funeral arrangements for the U. S. embassy counselor were completed. His widow said the diplomat, 53, who died Saturday night, would be buried in the American

cemetery here at his wish. She said he loved Mexico deeply and she declined a State Department offer of a funeral either at the Arlington National Cemetery or his birthplace, Wilsonville, Ala.
