Yanks Seize Gate to North Korea

U.N. Opens Way For 38th Crossing

NEW YORK — (AP) — The United Nations general assembly gave final, unmistakable moral approval Saturday for U.N. troops to cross the 38th parallel and occupy all Korea.

S. SGT. DUWARD MITCHELL

Sgt. Mitchell Services Set

Military funeral services for Staff Sergeant Duward F. Mitchell will be held at 11 a. m. Oct. 18 at St. Louis. Mitchell was killed when his plane was shot down over Germany on May 14, 1944.

Sgt. Mitchell was graduated from Pampa High School in 1940. He entered the Air Force on Jan. 15, 1943. He attended radio school at Sioux Falls, S. D., went through gunnery school at Salt Lake City and took six courses training at Pyote, Texas.

He is survived by his parents, two brothers, Odus, former Pampa High School coach and now head coach at North Texas State, and A. J. Mitchell, Pampa; and three sisters, Mrs. Floyd Murray, Canyon, Mrs. Inez Whitliff, Roddow, Orange, Calif. He was an uncle of Cletus Mitchell, Pampa.

Cotton Price Hike Has Little Effect On Retail Levels

WASHINGTON — (AP) — Raw cotton prices have shot up a third during the past 12 months. But the advance government officials say should cause little change in the price of cotton clothing.

Farmers are getting an average of about 39 cents a pound of cotton compared to 29 cents a year ago. This sharp boost reflects a small crop and the threat of short supplies of some grades.

But the cost of the cotton that goes into clothing is relatively unimportant. Studies made by the Agriculture Department show that a business shirt selling at \$2.50 retail had only 25 cents worth of raw cotton in it at last year's prices.

Bus Drivers on Strike in Waco

WACO — (AP) — A strike of bus drivers Saturday in this city of 24,000, Texas' ninth largest city.

Eighty-six drivers walked off their jobs at 5 a. m. Fifty-two buses were idled. Coincidentally, delivery was expected momentarily on six new buses, which may join the stalled fleet.

It will pay you to call Bert A. Howell & Co., 218 N. Ward, and let them check your heating system. Ph. 388 for speedy service.

Armed Forces Growth Plan Is Long-Range

WASHINGTON — (AP) — Top-ranking military men have now lifted a corner of the secrecy lid from their plans to build strong U. S. armed forces and maintain them "for many years to come — maybe a generation."

The plans involve considerable national belt tightening, and profound changes in many an American household as sons are drafted or members of the family go to work in defense industries.

But national leaders say there is nothing else to do, in view of policies adopted by a little group of men in the Kremlin.

Major points of planning were disclosed by representatives of the Army, Navy, Air Force and Marines at hearings during the past few days before the House armed services committee.

The main "target" is an armed force of 3,000,000, more than double its size before the Korean war. There was a hint during the hearings that the figure may be larger than 3,000,000.

Plans disclosed during the hearings or reported under study indicate:

- 1. An Army of 1,500,000.
- 2. An Air Force stepped up from a projected 69 groups by December 1953, to between 90 and 110 groups.
- 3. A Navy in 1952 of 855,000 men and 941 ships at sea, with shipyards at work meanwhile on a long range program.
- 4. A Marine Corps of 326,000 men, including four combat divisions and two aviation wings of 24 squadrons.

"What we are building now is adequate defense that must be maintained a long time," said Chairman Vinson (D-Ga.) of the House armed services committee.

Vinson said the international situation requires military rebuilding whether or not a single North Korean had marched south of the 38th parallel.

Admiral Forrest Sherman, chief of naval operations, said the program being worked out had, in general, been agreed upon by joint chiefs of staff prior to the outbreak of the Korean war in June.

The admiral said the Korean war speeded it up. In a few weeks the military budget had jumped from \$14,679,000,000 to \$26,775,000,000.

That plus the \$4,000,000,000 in the military aid program for non-Communist nations gave a grand total of more than Mr. Truman requested last January for the entire federal government during fiscal year 1951.

Congress expects in January a budget request of from \$50 to \$60 billions of which about half will be for ships, guns, planes, uniforms, military pay and chow.

It is this immediate period of retooling and building that is the hardest — and most expensive. Aside from other "emergencies" (See LONG-RANGE, Page 2)

CC-BCD Will Meet Monday

Directors of the Pampa Chamber of Commerce and Board of City Development will meet in the Schneider Hotel at noon Monday, to elect officers for 1951.

Final details for the membership and installation banquet, Oct. 17, will be worked out at the meeting. Gov. Allan Shivers will be guest speaker at the banquet.

At noon, Saturday, only 30 tickets to the banquet were still available. G. S. Vineyard, president of the chamber of commerce, urges persons wishing to attend the banquet to make their reservations early Monday.

All members of the chamber of commerce who have not turned in their ballots for the election of a chamber advisory board, should see that such is done so by 9 a. m. Monday. A count will be made at that time, Vineyard said.

Five men will be elected to serve one-year terms. They will be installed at the chamber banquet, In April, 1949, when a fishing hook injured his eye.

Grateful Diplomat Aids Eye Hospital

SOUTHAMPTON, Eng. — (AP) — U.S. Ambassador Lewis Douglas Saturday presented a specially made electromagnet to Southampton Eye Hospital in appreciation of the treatment he received here in April, 1949, when a fishing hook injured his eye.

Washington Comes to Area For Small Business Clinic

A standing-room crowd of over 200 Panhandle businessmen jammed a meeting room in the Herring Hotel, Amarillo, Friday to attend the Small Business Clinic and get top drawer information about war contracts.

The entire Panhandle was represented by the attendance at this one and at the only session of the clinic in the state of Texas. Cmdr. Phillip Ashler, director of small business in the Department of Defense, was in charge of the meeting.

Cotton Picking Closes Schools

SAN ANGELO — (AP) — A federal ruling against hiring school-age children to gather crops during school hours has brought to the attention of Texas schools to close their doors temporarily.

Trustees of Wall and Hees-Averitt schools in Tom Green County voted Friday night to close down for two weeks, after cotton farmers and ginners said most of the county's cotton could be harvested in that period of time if favorable weather prevails.

Friday public schools in the Central Texas town of Winters were closed after an emergency meeting of the school board.

The 26 billions were like this: 6 billion for aircraft for the Army, Navy and Air Force; 2.12 billion for ordnance; 1 billion 200 million for maintenance; 800 million for food; 1 billion for clothing; 2 billion to maintain bases; 1 billion for transportation; 5 billion for salaries for military and civilian personnel; 1 billion for training; reserves and the National Guard; and the other 4 billion for miscellaneous such as West Point, Annapolis, medical supplies, service schools, etc.

Ashler explained in great detail the Armed Services Procurement Act and admitted things weren't running too smoothly right now but stated that "we are just in the transition period." He said that the new war contracts were attempts to make the manufacturers' \$1.1 billion, about one-fourth of the 1944 total. Broken down by Ashler, (See WASHINGTON, Page 2)

FLAG CEREMONY—Old Glory slides majestically up the flag pole as a group of Pampa Girl Scouts start the first day of their first "camping out" trip of 1950. The ceremony took place last week at Camp Sullivan, nine miles east of Lefors. Supervising the ceremony is Mrs. Virginia McDonald, second from right, Girl Scout executive. (News Photo and Engraving)

ONLY 2 DAYS REMAIN FOR FREE X-RAY

Two more days remain for Pampans to receive their free chest X-ray at the Legion-VFW Hall. A total of 3,110 people have received X-rays since Tuesday.

Purpose of the X-rays is to further the prevention of tuberculosis and other chest diseases. Dr. Joe Donaldson is director of the Gray County chest X-ray survey.

The X-rays will be given Monday and Tuesday. Hostesses serving Saturday were Mrs. DeKon Sanders, Mrs. H. G. Longren, Mrs. J. E. Donaldson, Mrs. C. A. Boyle, Mrs. Bert Arney, Mrs. Florence Duke, Mrs. A. E. Hickman, Mrs. H. J. Pickett, Mrs. Phillip Zamora, Mrs. O. W. Allison, Mrs. Shelby Gantz, Mrs. Russell Lindsay, Mrs. Oscar Sherrer, Mrs. Rebecca Roberts, Mrs. C. L. Maston, Mrs. W. R. Campbell, Mrs. E. L. Campbell, Mrs. G. C. Branson, Mrs. C. S. Boston, Mrs. T. S. Nickols, Mrs. W. L. Henkel, Mrs. J. O. Dumas, Mrs. P. C. Wynne, Mrs. Mary Deed Williams, Miss Mary Vee Patton, Miss Lois Patton, Mrs. Lillian B. McNabb, Mrs. Mary Winston, Miss Mary Sherrod and Miss Marlene Sherrod.

6th Graders See Foreign Goods in Unusual Program

Students in the sixth grade of Pampa schools were privileged to study the products of Western Europe first hand, Friday, due to the efforts of one teacher, Mrs. Ben Ogden and the cooperation of Pampa merchants.

The sixth grade students have been studying industrial Western Europe with emphasis on the interdependence of the peoples of the continent.

Mrs. Ogden asked several local merchants to furnish displays of European manufactured products for the students to study.

A display was set up in one of the classrooms to which Murfee's contributed linens from Portugal, Switzerland and Ireland; lace from Switzerland; gloves from France and baby clothes from the Philippine Islands.

S & Q Clothiers furnished a Scotch plaid jacket and woolen sweater from Scotland; matched Argyle socks, England; a suit made from wool produced in Australia, loomed in Eng' 1 and (See 6TH GRADERS, Page 2)

Election Slated By Rodeo Group

New officers of the Top of Texas Rodeo and Horse Show Association will be elected Monday afternoon at a meeting of the association in the city hall.

W. D. Price, president, stated that the annual audit of the association's business will be presented to members present and studied by them. Price urges all members to be present at this meeting.

Girl Scout Appeal Will Start Tuesday

The 1950 Girl Scout drive will begin Tuesday morning with a kick-off breakfast in the Palm Room of the city hall.

Chairmen for both general and advanced drives have been selected by the executive committee of the drive, with chairmen in Lefors, Hopkins, Wheeler, and White Deer. Ed F. Cleveland is general chairman.

Harold Miller will direct the advance drive Oct. 10-17, during which time residents of Pampa and surrounding areas will be contacted and solicited for the larger donations. The general drive will begin Oct. 17, and will be under the direction of Dr. Julian Key.

Joe Wells, finance chairman and a member of the board of directors of the Girl Scouts, has announced that the goal for the drive this year is the same as in 1949 — \$6,600.

The purpose of this annual drive is to provide funds on which the Scouts can operate during 1951.

W. B. Franklin will direct the White Deer campaign with R. C. Wilson, superintendent of Lefors schools, directing the Lefors drive. Mr. and Mrs. Bill Owens will have charge of the drive in Wheeler and Mrs. Siler Hopkins will direct the Hopkins campaign.

Quotas of \$200 each have been set for White Deer, Lefors and Wheeler. Communities exceeding their quotas will be allowed to keep the excess for use by their own troops, Cleveland said.

Lists of workers in the advance drive were turned in last week by each of the civic clubs in Pampa. These workers will be given a list of names and will be expected to solicit donations from each person on his list.

One of the main objects of the (See GIRL SCOUTS, Page 2)

MacArthur Has Go-Ahead; South Koreans Near Wonsan

TOKYO, Sunday — (AP) — The U.S. first cavalry division Saturday seized Kaesong, southern gateway to Red Korea, while Korean republican troops speared within 19 miles of Wonsan, east coast defense anchor deep inside enemy territory.

Just given clear U.N. authority to drive across the 38th parallel for final victory over the Korean Communists, other allied forces moved northward close upon that arbitrary border between the Red north and the republican south.

The U.N. assembly in effect gave the go-ahead signal to General MacArthur's waiting troops when it voted Saturday in New York for reconstructing a unified Korea, taking all appropriate steps to insure stability throughout the country.

This was interpreted as a firm signal for MacArthur, as U.N. commander, to deal the knockout punch.

MacArthur has 12 identified divisions at his command. Three of the South Korean are in the Red North, advancing rapidly against light opposition.

Two — the U.S. first cavalry and the South Korean eighth — struck Saturday to within eight miles of the 38th parallel.

Location of the seven other allied divisions has not been pinpointed by authorities for several days. They are known to be operating south of the 38th parallel, regrouping and mopping up cut-off pockets of the Red army that suddenly invaded South Korea June 25, then was smashed by the big allied offensive that began Sept. 15.

A spokesman for the Air Force announced the U.S. first cavalry division had entered Kaesong, two miles south of the Red border.

The first cavalry met only scattered resistance. The South Korean eighth division was standing at the border on the first cavalry's right, 28 miles east of Kaesong.

These thrusts put the U.N. power drive on the main road to the Red capital at Pyongyang. Three champion attacks by the fast-moving South Koreans (See MACARTHUR, Page 2)

Educator Named Stabilization Agency Chieftain

WASHINGTON — (AP) — Dr. Alan Valentine, former president of the University of Rochester, was appointed by President Truman Saturday to be administrator of the Economic Stabilization Agency.

The agency is an independent one created under the Defense Production Act to keep the nation's economy on an even keel during the armament drive growing out of the Korean crisis.

The White House said other appointments are expected soon to the new agency, including a director of price stabilization and a nine-man wage stabilization board.

Dr. Valentine, holder of degrees from the American universities and Oxford, accepted the appointment in a call at the White House soon after the president returned from an eight-day cruise on the yacht Williamsburg.

Satterfield and the three women made signed statements to police. The former policeman was released under \$400 bond. The three women were released without charges being filed against them.

Also charged with procuring were two taxi drivers, Durwood Gill, 31, and Charles F. Payne, 28. Gill was released under \$400 bond.

District Attorney A. C. Winborn said he planned to take the "call girl" case before the grand jury Monday.

If it comes from a hardware store, we have it. Lewis Edw.

Loyalty Oaths Have Pink Faces

FRESNO, Calif. — (AP) — County employees raised their eyebrows Saturday when the new non-Communist loyalty oath forms were passed out for signature. The forms were pink.

"Just a coincidence," the man in charge replied. "Doesn't mean a thing."

Officers recapture suspect in slaying

Brownwood — (AP) — A 42-year-old fugitive from the McCulloch County jail was captured Saturday near Brooksmith, about 15 miles south of here.

Haggard and hungry, T. J. Bostick surrendered without resistance.

He escaped last Wednesday night, about two weeks before he was to be tried in the slaying of Jesus Garza, young Brady war veteran.

SCOUT DRIVE HEDS—The six key figures in the 1950 Girl Scout drive lay the final plans for the campaign which begins Tuesday morning with a kick-off breakfast in the Palm Room of the city hall. The directors are, left to right, Dr. Julian Key, director of the general campaign beginning Oct. 17; Harold Miller, director of the advance drive, Oct. 10-17; Ed Cleveland, drive chairman; Mrs. Pat Burleson, assistant Scout executive; Mrs. Virginia McDonald, Scout executive, and Joe Wells, financial chairman of the drive. (News Photo and Engraving)

Jack F. Sublett, Pampa, is enrolled in the plumbing school of Oklahoma A&M College school of technical training, Okmulgee, Okla.

MacARTHUR
(Continued from Page 1)
inside Red territory were obviously aimed at Wonsan.

AP Correspondent William Jordan, with the republican third, reported it was still advancing Saturday night against light scattered Red resistance.

Two other South Korean divisions—the Capital and the sixth—also carved out advances. Front dispatches said that while the U.N. troops were meeting some resistance, no major enemy stand was expected until the allied units reached the Mandai River some 15 miles below Wonsan.

Despite the depth of the South Korean penetration along the east coast, it appeared certain the enemy expected the major U.N. effort to come at Pyongyang.

Reports from air observers indicated the Reds planned to make their all-or-nothing stand before Pyongyang.

Airmen cited as proof of the enemy's desperation the fact that the bulk of his convoys were moving by day regardless of air danger—a sure sign of urgent need of the men and materials being moved to bulwark the crumbling Communist position.

In the past two days the Air Force reported it had destroyed or damaged 54 trucks and 92 other vehicles out of 230 sighted.

The United States produces approximately 40,000,000 handkerchiefs annually.

GIRL SCOUTS

(Continued from Page 1)
drive is to secure enough money to make additions to the Girl Scout Club House, 718 E. Kingsmill. Improvements would include building on additional rooms, remodeling it inside and out and the installation of new furniture and equipment.

Cleveland stated at a meeting Saturday morning in the Girl Scout office that before the Girl Scout organization of this area can operate efficiently, it must have funds on which to operate.

"When a worker for the Scouts approaches you for a donation," Cleveland requested, "give and give generously to a cause that is worth the money and certainly worth your while."

The Girl Scouts have assisted in several drives in Gray County, notably the March of Dimes campaign earlier this year. In early summer, they sponsored a series of square dances held in the junior high gymnasium and in the Legion-VFW Hall.

During this past week, their leaders assisted in the 3-day campaign by taking down information required by the mobile unit which will be in Gray County through Thursday.

If the goal for this district is reached, the job of seeing that funds are spent wisely will be left up to Mrs. Virginia McDonald, Scout executive, and her assistant, Mrs. Pat Burleson. From their office in the city hall, the two women direct plans for summer camps, vocational projects, meetings and paper work required in directing a fund-raising campaign.

6TH GRADERS

and embroidered in Portugal; a Belgian felt hat made of rabbit fur and manufactured in Italy and shoes made of leather from Norway.

Pampa Hardware Co. had a special window display containing china from England, bakeware from Poland, woodwork from Norway and glassware from Czechoslovakia.

J. C. Penney Co. displayed linens from China, Ireland and the Philippines. C. R. Anthony Co. also had a window display of linens.

McCartley's Jewelry Store was host to all sixth grade students Friday afternoon when the 350 pupils and their teachers were conducted on a tour of the store. They saw silverware, glassware, china, diamonds, watches and other articles from European countries.

PREVENTION

(Continued from Page 1)
tailored in Chicago; men's handkerchiefs made from Swiss rayon in September," Winborne stated.

Right on the brink of the nation-wide drive, firemen extinguished a fire on the H. E. McCarty farm, a half mile west and a half mile south of the city.

The blaze destroyed a small barn on the McCarty place. A set of expensive harness was destroyed, along with a gas stove and an ice box. Winborne reported that the rear of the McCarty home was threatening to ignite when firemen arrived, but the house was saved.

Cause of the fire was unknown.

U.N. OPENS

(Continued from Page 1)
like Korea it can be expected the budget will level off.

Unless something happens to throw the military machine into high gear, it probably will take from two to three years to raise the 3,000,000 man force.

Under "long range" plans this force would be composed half of professionals and half non-professionals. The former are men who make the military life a career or who enlist for a specific term. The latter would be selected or trained and augmented by reserves and National Guard.

WASHINGTON

(Continued from Page 1)
they would be private concern, and economic.

Ashler defined a small business as "one that employs less than 500 people." He said that "we find that all small business wants is a fair shake to compete." And he told the small businessmen not to go to Washington if they wanted a contract, but to write to the Central Military Procurement Information Office, Room 5-D-760, The Pentagon, Washington 25, D. C. This office can tell the small businessman who will buy what he wants to sell and then the small manufacturer can go directly to the man he wants to see.

In closing, Ashler told the assembly to "deal with the government as you would a private industry, but don't expect government contracts to walk into your office of their own accord."

He then introduced Kenneth James, regional director of the Commerce Department. James told of changes in duties of the department due to the war, and of price control and priorities.

Said James, "The Commerce Department is not in a popularity contest. It is just trying to aid in the building program on a voluntary basis."

Also speaking at the morning meeting was Walter O'Donnell, chief of the small business division of the Reconstruction Finance Corporation. O'Donnell told

the audience of the fine work that the RFC has done, and mentioned several projects in the Panhandle, such as the butadiene rubber plant at Buna Vista, the new Burger Hotel, and the Amrillo waterworks. He said that he was a bit unhappy about the way the newspapers always panned the RFC for bad investments but never made mention of the good ones, nor did the papers tell of all the loans made to small business. O'Donnell closed by saying that "money is not flowing freely at the present time. If you have financial problems, see your banker first, and then get in touch with Mr. Glidden of the Dallas RFC office." Glidden was present for the meeting.

In the afternoon the group met Jesse Larson, administrator of the General Services Administration, who praised the Panhandle for the interest and enthusiasm shown in the clinic. He said that they were trying to decentralize in order to offer a better opportunity to the small man.

Following his talk a question and answer session was held. Commander Ashler complimented the Panhandle on having such an alert congressman as Rep. Ben Guill to arrange the meeting. He said that Guill's invitation for the clinic to come to the Panhandle was the only such invitation extended the group by the entire Texas delegation in Washington. The clinic will continue throughout the

Home Builders Anxiously Await New Control Plans

By SAM DAWSON

NEW YORK — (AP) — Home builders are on the anxious seat again as the Federal Reserve Board drafts new curbs on the housing boom.

New down-payment rules and across-the-board controls of the building industry will be announced next week, Thomas P. Coogan of Miami, Fla., president of the National Association of Home Builders predicts. Some think the rules will be fairly mild. But Coogan thinks not.

He says the ones the board has in mind are too drastic. The building industry naturally is interested in keeping the home building boom going. It has been one of the staunchest props of this year's prosperity. Coogan says it is based on a real need for new homes in a growing population.

Fiscal authorities, however, have been watching the mushrooming of home mortgages with concern for some time. They feel the easy credit terms, the low down payments and the long periods the mortgages run, are among the biggest spurs to inflation. And some have even wondered if the nation might not suddenly find itself over-built if the housing boom continues unchecked.

There are approximately 15,000,000 dead persons in the United States, according to estimates.

Alaska Says Coming Election Will Foretell U. S. Outcome

JUNEAU, Alaska — (AP) — Alaskans voted Tuesday in their "weather vane" general election.

They will be electing a non-voting delegate to Congress, two territorial officers and 32 members of the legislature.

Some Democratic political leaders predict the outcome will show the probable trend the voting will take in the states in November. They cite their revised version of an old political slogan: "As Alaska goes, so goes the nation."

Territorial Secretary Lew Williams insists early-voting Alaska has usurped Maine's long-time role as a political barometer.

"Maine has been mostly wrong since 1932," the Democratic secretary declares. "Alaska has been right consistently."

Williams made the claim two years ago and it was treated lightly in the states. But the Democrats swept Alaska, and the nation's voters handed President Truman an upset victory a few weeks later. (Alaskans, until they get statehood, can't vote for president.)

In the 1948 off-year election, the Republicans won most of the legislative seats in Alaska. A few weeks later the voters in the states elected a Republican majority to Congress.

Actually, there seems to be little logical reason for coinciding of the Alaska and national trends. Alaskans have been sending a Democratic delegate to Congress by big majorities for years. Legislative elections usually are fought on a bitter personal or territorial issue, a big one, frequently since he entered the Alaska political scene, is the issue of "for" or "against" the controversial governor, Ernest Gruening, a Democrat, who is appointed by the president.

The bitter 1950 campaign, at the territory-wide level, has revolved mainly around Republican charges of "corruption, malfeasance and misfeasance" by Democrats. Sending of a territorial treasurer to prison for embezzlement has echoed loudly. So has the ouster of a couple of appointive department heads.

The Democrats retort that the action against all of them was initiated by Democratic officials or legislators. The Democrats have upheld their record, including the enactment of income and general property taxes by the 1949 legislature. They have made the Alaska Republican leader, Albert White, of Juneau, a special target with a "Boss White" label.

Statehood for Alaska has played only a minor role in the campaign. The Democratic party leaders are for it strongly; the party platform has a plank for it. Some Democrats call the immediate statehood. The G.O.P. platform endorses statehood in principle, but opposes the bill which now is before Congress.

The 364 political question of the week: "How goes Alaska?" White predicts the Democrats won't want to mention it again after Tuesday's returns are in. The Democrats express confidence, too.

U.S. to Turn Britain Down On Arms Plan

WASHINGTON — (AP) — The United States is about to turn down a three-year British rearmament program calling for approximately \$1,500,000,000 in free American aid.

A note is being drafted at the State Department which would rule out any long-term commitment to Britain until specific plans have been agreed upon by all 12 North Atlantic pact nations.

Department officials said last night the note will specify that the United States believes an "interim arrangement" is all that can be decided upon now.

Officials who have been studying the British proposal for nearly two months indicated they believe the amount asked by Britain is too large in view of the results that can be expected.

They hold the view that the rearmament program should be tackled by stages, and that no long-range planning can be entered into with individual countries until each treaty member knows in detail what and how much it must produce for the common defense against Communist aggression.

Britain is reported anxious to use some American dollar aid if needed to build up her gold and dollar reserves. The United States stand on this is reported to be that such an arrangement would violate the arms aid bill by Congress; and that there must be a strict accounting of every dollar spent to boost arms production.

Hugh Gaiskill, British minister for economic affairs, is believed ready to discuss this point in detail when he arrives in the United States next week for informal talks.

Corn Price Prop Level Is Raised

WASHINGTON — (AP) — The Agriculture Department has set support prices of 1950-crop corn at an average of \$1.47 a bushel at the farm in the commercial corn producing area.

By comparison, farmers were receiving an average of \$1.45 a bushel in mid-September. Last year's crop was supported at an average of \$1.40.

Buttons An' Beaux Sharon Smith

Polio Registers First Decline in Nation Since May

WASHINGTON — (AP) — Polio declined last week for the first time since the week ending May 20, the public health service said.

The agency said this is the latest period in 20 years—except for 1932—that the disease apparently has passed its seasonal peak.

It was also the first week since mid-May in which the number of new cases was greater than for the corresponding week in 1949.

Last week the peak came in the week ending Aug. 20. Health officers reported 1,994 new cases last week, 8 percent less than in the preceding week. In the corresponding week a year ago 1,852 new cases were reported.

The cumulative total since polio started increasing last March is 20,405 cases, compared with 32,294 for the corresponding period last year.

Thus 1950 is the third worst polio year on record thus far, exceeded only by the 1949 total and the 1916 figure, estimated at around 30,000.

All-metal air liners can be struck by lightning without damage to either plane or its occupants.

Ohio Village Seeks Tomato-Thrower

CANTON, Ohio — (AP) — Village council at nearby Waynesburg has offered a \$100 reward today to anyone who can find the person who hit Sen. Taft (R-Ohio) with a ripe tomato.

Taft was struck on the chest last Wednesday while making a political speech. Several other tomatoes fell at his feet. But he took scant notice and continued his speech.

"The unfortunate incident has been terribly embarrassing to the good people of the village," the council said.

North Plains Watchmakers Will Award Scholarship

A scholarship to Houston Technical College valued at \$500 will be awarded next spring to some North Plains area youth by the North Plains Watchmakers Guild.

The guild is composed of watchmakers from the North Plains area. The award will be made in May, selection being based on the applicant's need and interest in the science of watchmaking. The applicant must be otherwise unable to finance himself for the course of instruction.

No restrictions will be imposed as to race, creed, color, age or sex. Eight semi-finalists will be selected by the board of directors of the guild. Selection of the winner will be made in regular session of the guild by final vote of the members present.

The selection of the semi-finalists will be based on applications submitted in writing by the applicant or his sponsor and selection will be based on the need and circumstances as shown in the application.

Any person in the North Plains area who wishes to make application for himself or to recommend someone as deserving of the scholarship is asked to write or contact a guild member or a member of the board of directors.

The board of directors includes William Coffee, William O'Moran, A. E. Stone, F. B. Abernathy, Earl Baskett, Wilbur Horrell, all of Amarillo; E. F. Miller and R. W. Hughes, Pampa; J. A. Bulla, John Lehr, Borger; R. B. Yearly, Perryton, and F. G. Johnson, Dumas.

The scholarship award covers \$500 tuition for a basic one advanced course in watchmaking at the Houston Technical College, the only school of watchmaking in Texas which meets the requirements of, and is approved by, the two national watchmaker organizations, the Horological Institute of America and the United Horological Association of America. The school is also approved by the Veteran's Administration under the GI bill.

The deadline for the receipt of applications has been set as April 1, 1951. Applications will be accepted from anywhere in the North Plains area. Any person can apply either for himself or for someone else and the only requirements are that the application be in writing and the applicant must desire to be a watchmaker.

U. S. Troops Will Displace 25,000

FRANKFURT, Germany — (AP) — U. S. High Commissioner John J. McCloy says some 25,000 displaced persons will be moved from 36 former German army camps to make room for American troop reinforcements.

He said nearly 10,000 of the DP's will emigrate and the remainder will move to private housing which the German authorities are expected to provide by the end of the year.

Sugar Cane Workers' Wages Increased

WASHINGTON — (AP) — The Agriculture Department Saturday ordered an increase of 20 cents a day in the basic wage rate for sugar cane harvesters in Louisiana.

Wage rates automatically increase or decrease as prices of raw sugar change. The present price of \$6.25 — higher than prices last year — requires employers to pay an additional 13-cents a day increase.

Danielle Darrioux Returns, Criticizes French Fashions

By BOB THOMAS
HOLLYWOOD — (AP) — After a 12 year absence, Danielle Darrioux is back in Hollywood with a surprising viewpoint — she dislikes the nudity of French fashions.

"I think it is terrible," she remarked. "Why, they have decollete down to here." She indicated her waist.

Miss Darrioux, who was wearing a smartly tailored and un-revealing dress, also deplored the French bathing suits. "They wear two strips of cloth like that," she said, holding her fingers an inch apart. "You go on the beaches and see nothing but nudity. I wear a two piece suit myself, but not like the Bikini."

"I think nudity is wrong in fashions. A woman is much more attractive for what she conceals, not reveals."

Miss Darrioux had a good word for American fashions. "I like them very much," she commented, "especially the sport clothes. In fact, I think that American styles are just as good as Parisian. I think it is an old snobbish custom to say that Paris creates the only good fashions."

The French actress is here to act in "Welcome to Paris" for MGM. Her only other American film was "The Rage of Paris," which she made in 1938 with Douglas Fairbanks, Jr. Universal lavished a big publicity splurge for her, advising that her last name should be pronounced "Dare-you."

The grub of the white-fringed beetle lives in the soil.

13 Pampans Enroll in Abilene College

ABILENE — Thirteen students from Pampa have enrolled in Abilene-Christian College for the 1950 fall semester.

The are Mosey Allison, Jimmy Barthe, Mazy Jo Coffman, Mona Lorraine Cox, Gordon Frasier, Geraldine Perkins, Irma Lee Perkins, Voncille Pounds, Billy Duane Russell, Gale Spencer, Mary Jo Steward, Donald Thut and Ronald L. Willingham.

Health Agency Given Job in Defense Set-Up

AUSTIN — (AP) — A State department of health bureau has been assigned the job of cleaning up radiation hazards from atom bomb attacks in Texas.

State Health Officer George W. Cox said his bureau of sanitary engineering will do the work. To get ready, he said, the bureau will conduct pre-disaster training, distribute detection devices, and secure protective clothing for disaster workers. Post-bomb duties will include supervision of field monitoring and decontamination and recording of exposure histories.

Dr. Cox said training of men and women in the use and interpretation of radioactivity detection instruments will be started immediately.

Longshoremen Assail Frisking

JERSEY CITY, N. J. — (AP) — Longshoremen told City Public Safety Director Charles Witkowski yesterday they may strike if police keep frisking them for gambling evidence.

Frank De Lorenzo, business agent for Local 1247, International Longshoremen's Association (ILA), said there would be a waterfront tie-up if the police don't stop "embarrassing" the stevedores.

Lorenzo and 15 longshoremen stormed Witkowski's office. But Witkowski said he would stand behind the gambling squad, which "did its duty" by including the piers in a roving search for book-making or numbers tickets.

Mandatory Curbs Are Avoidable, Purchasers Told

FORT WORTH — (AP) — Mandatory controls were seen by one purchasing agent unless business "keep its head" and "lights run away prices and scare buying."

"If we avoid scare buying we can give the priority system a chance to work," H. F. Jones, president of the National Association of Purchasing Agents, also declared. He spoke yesterday at the fourth annual Southwest purchasing conference of the NAPA's District Two.

He urged purchasing agents to "question" price increases imposed upon them and urged their firms to "resist the temptation to raise prices unnecessarily at this time."

YOU and the SERVICE

By DOUGLAS EARSEN
NEA Staff Correspondent
WASHINGTON — (NEA)
Q. Six months ago I got a substantial raise in salary. That permitted me to buy a house. Now, however, I think I will receive my call to active duty. But my service pay won't permit me to pay the regular payments on my house. In other words, if I go into service I'll lose my new home. Is this a basis for a deferment?

A. Any hardship which service might cause you will be considered in an appeal for a deferment. Generally speaking, however, the attitude of the service is that a reduction of income caused by the service alone is not a basis for excusing the call to active duty.

Q. I have been an officer in an organized reserve unit for one year. I am also a specialist in one of the fields which the Army calls "necessary." Will I be called up before my whole unit?

A. You are not likely to be.

Q. Are veterans of World War II deferred from service no matter how tough the fighting might get?

A. Congress can always change the draft and mobilization rules to meet any emergency manpower needs. Just now, however, World War II veterans are deferred from the draft.

Q. I've read newspaper stories which say that 19-year-olds probably won't be called anytime soon. Is that true?

A. That depends upon how many older men are available from your board. Each board gets

a quota of men which it has to provide. Generally there haven't been large enough calls to draft into the 19-year group very deeply. But individual boards could easily have to draft 19-year-olds to fill quotas.

Q. What about reserve medical officers who might be taking a post-graduate course? Do they have to quit school in case they get a call?

A. The policy is to let them finish their academic year.

Harvesters Clip Coyotes 14-0

Kennedy Scores Both TD's For Pampa's 4th Victory

The Harvesters won their fourth straight victory of the season Friday night by blanking the Coyotes 14-0 before 1,000 football fans at Wichita Falls. However, the victory may prove costly for Coach Tom Tipps' gridsters. Tackle Jerry Walker and End Alvin Ward were sidelined because of injuries in the rough, rugged tilt.

Player	Carried	Yds.	Avg.
Beach	29	135	4.7
Self	4	41	10.3
Hendersod	6	36	6.0
E. Wilson	12	71	5.9
Kennedy	13	108	8.3
Hayes	17	88	5.2

D. PATTERSON, Coyote back, is waiting on an aerial toss from Beach. The play was good for 17 yards. (News Photo and Engraving)

Irish Come From Behind to Edge Memphis, 18-14

MEMPHIS (Special)—Shamrock defeated Memphis here Friday night, 18-14, in a District 2-A battle.

The Cyclones scored first when Tommy Messer took a hand-off from Roddy Stargel and Stargel pitched out to Lee, who went 5 yards for the first touchdown. Messer ran it over for the extra point.

The Irish came right back on drive from their own 41, interrupted briefly when a Cyclone intercepted an Irish pass. Shamrock got the ball back on a fumble, after which Vernon Tarbet ripped off a 17-yard gain. Kenneth Tidwell finished the drive with a one-yard plunge. Shamrock's try for extra point failed.

Memphis scored their second touchdown on a 69-yard march. Tasso passed to Messer for five yards in the end zone to end the drive. Ronnie Smith's kick was good to make the score Memphis 14, Shamrock 6.

Donald Lee went over from the 3-yard line for Shamrock's second touchdown. The try for extra point failed, and Memphis led at halftime, 14-12.

Dunnam pitched a 29-yard pass to Tarbet in end zone for Shamrock's final tally. The try for extra point was no good and the Irish took the contest 18-14.

Navy Reveals Two

BALTIMORE (AP)—Navy was torpedored by the smashing Rich Alban and bombarded by Dick Flowers' passing in a 22-0 setback dealt out by North western before 12,000 spectators Saturday.

Athan ripped through for two touchdowns after teaming with Dick Alban to tear the Navy apart. Quarterback Flowers tipped a touchdown pass to end Don Stoner's and Bob Burson kicked a field goal for the rout.

Deacons Scalp foe

WILLIAMSBURG, Va. (AP)—Yale Forest's Deacons scored touchdowns around the ends, rough the middle and on brilliant passes to crush William and Larry's Indians, 47-0, in a Southern Conference football game.

and started his hipper-dipper shenanigans. Sophomore Quarterback John Scarbath was the main thorn in the side of the Spartans, who only last week upset Michigan. He scored once and angled the ball most of the game.

The contest was fairly close for three quarters but it burst wide open in the final stanza and Maryland pushed over three scores. Sonny Granelius notched the only Spartan touchdown on a 67-yard run.

Southern Methodist upheld the top three's prestige by running over Missouri, 21-0. As usual it was Kyle Role, who is developing into a one-man gang like his predecessor, Doak Walker, who handled things.

Role struck for two touchdowns and halfback Hank Stollenwerk killed the other.

Pampa's first string backfield of De Wey Cudney, Jimmy Hayes, Elmer Wilson and Carl Kennedy carried the brunt of the attack. In the line, it was Co-Capt. Eddie Scheig who stood out like an all-American. Scheig was all over the field nailing Coyote Harris, Coyote center, and Tailback Beach were the outstanding players for Wichita Falls. The big center made the majority of the Coyote tackles and Beach kept Wichita Falls in the game with his wide end runs.

Fullback Carl Kennedy scored both of Pampa's touchdowns in the first half. The 160-pound fullback carried it over from the one-yard line in the first quarter to put Pampa out in front 6-0. Quarterback DeWey Cudney's kick was good and the Harvesters led 7-0.

Pampa marched 46 yards for the first score. Elmer Wilson slid around left end for 9 yards. Kennedy then broke through the Coyote defense for 36 yards down to the one-yard line. He went over on the next play from scrimmage.

The Harvesters moved overland 66 yards for their second touchdown in the second period. Cudney handed off to Jimmy Hayes, who hit left guard for 5. On the next play, Seaback Elmer scooted 61 yards for a touchdown, but the play was called back and Pampa was penalized 15 yards.

Hayes hit center for five on second down. The Coyotes were penalized 15 yards and Pampa had a first down on their own 45. Wilson added seven yards on two tries. Hayes made it first and ten with a 15-yard run. Kennedy moved the ball down to the Coyotes' 14 on a 20-yard gallop. Hayes and Wilson chipped in five yards apiece to make it first and ten on Wichita Falls' four-yard line. Kennedy hit center for four and Pampa led 13-0. Cudney's kick split the uprights and the Harvesters moved out in front 14-0.

Wichita Falls threatened in the second period. The Coyotes took the kick-off and ran the ball back to their own 25-yard line.

With Beach carrying the load, the Coyotes traveled down to Pampa's four-yard line. With first and goal to go, Wichita Falls fumbled and the Harvesters recovered. Hayes saved the day when he nailed Beach on the Harvester 16-yard line. Beach circled right end and was away for a touchdown before Hayes overhauled him from behind after a 59-yard run.

The half ended with the Coyotes in possession of the ball on their own 42. Wichita Falls fought back the second half and had the Harvesters on the ropes before the whistle sounded ending the game. With Beach at the throttle, the Coyotes moved 91 yards down to Pampa's 4-yard line. With first and goal to go, Darrell Wilson covered a Coyote fumble on the 1-yard line. It was the 13-7 threat by the Coyote eleven. The game ended with Pampa in possession of the ball on their own 46.

EDDIE SCHEIG

CARL KENNEDY in front of J. Self, 41, is in the process of scoring Pampa's second touchdown Friday night in Wichita Falls. Kennedy hit center for four yards to score. Eddie Scheig, 65, standing, blocks out a Coyote. The Harvesters won, 14-0. (News Photo and Engraving)

Oklahoma Squeaks Past A&M, 34-28

NORMAN (AP)—A desperate passing attack covering 46 yards and capped by a 4-yard touchdown run by Leon Heath with 37 seconds remaining pulled Oklahoma past the Texas Aggies, 34-28, here Saturday.

The last minute victory extended Oklahoma's string, the longest in major college football, to 23 games.

A crowd of 40,000 watched the aerial drive that started with 1 minute and 44 seconds left and the Sooners behind 28-27.

The touchdown was the third of the day for Heath, who is the only returning starter from last year's Sugar Bowl champions. The Sooners' last defeat was to Santa Clara, 17-20, the first game of the 1948 season.

The game appeared all but over after Claude Arnold passed to Billy Vessels for a 32-yard touchdown with 3 1/2 minutes remaining and Jim Weatherall failed to make the kick good, leaving the Sooners one point behind.

But Arnold came back with a brilliant display of passing to move Oklahoma to the winning score. He hit six out of seven passes in the victory drive.

The Sooners trailed the Aggies in rushing 205 to 271 yards, but the passing turned the trick. Oklahoma made 189 yards throwing to Texas A&M's 11. Three of Oklahoma's touchdowns came on passes.

The Sooner line was unable to stop the running of the Aggies' Fullback Bob Smith, who made the yardage when it was needed. The Aggies took the lead at the end of the first quarter but the teams were tied up 14-all at the half. Again they were tied 21-all at the end of the third quarter.

In the final hectic quarter Smith broke away 50 yards to score standing up. Darrow Hooper converted for the fourth straight time to give the Aggies a 28-21 edge with less than a minute of the period gone.

The Aggies' first touchdown was a 15-yard run by Yale Lark.

Soldier's Fears Told Too Late

ROCHESTER, N. Y. (AP)—Pfc. Michael Bartola wrote his family:

"Folks, this may sound silly to you back home but I'm afraid to go back to the front again. Before I got hit (this second wound) I wasn't too scared, but now I am."

Shortly afterward, his parents got a Defense Department telegram saying their 20-year-old son had been killed in action in Korea Sept. 10.

Staid U. S. Board In Romantic Mood

WASHINGTON (AP)—The scholarly U. S. board of geographic names, in a rare romantic mood, has approved these place names:

Honeymoon Island, Fla.
Loves Brook, Me.

At the same time, it cancelled out Back Street, Me., approving Clay Hill as the town's name, instead—and added a corner to Four Corners, Me., giving that York County town the new dignity of the name Five Corners.

The agency found that Honeymoon Island, on most Florida maps of the Saint Augustine west-coast area, is identified as Hug Island.

Another Victim of Harbor Blast Dies

PENAS CITY (AP)—James Clark Franklin, 46, died Friday night another victim of the Texas City disaster which took between 500 and 600 lives more than three years ago.

The exact number of dead as a result of the harbor explosions has never been determined. Franklin was working on the docks as a longshoreman foreman on the morning of April 16, 1947, when the SS Grandcamp blew up, starting a chain of deadly blasts. Though terribly hurt, Franklin was one of the few on the docks who escaped instant death.

Huskers Shuck Gophers, 32-26

MINNEAPOLIS (AP)—Nebraska's Cornhuskers sparked by speedy and elusive halfback Bob Reynolds, upset a favored Minnesota football team with a 32 to 26 triumph Saturday.

Reynolds crossed Minnesota's goal line twice—once on a fancy 67-yard exhibition of tricky running. He also contributed important yardage in ground play, helped out in the tossing department of Nebraska's aerial game, and kicked two points after the touchdown.

Tennessee Takes Duke From The Unbeaten Ranks

DURHAM, N. C. (AP)—Underdog Tennessee dumped Duke from the ranks of unbeaten football teams Saturday 28 to 7 with Hank Lauricella and Andy Kosar the shining stars of the upset.

Lauricella, a tailback, sprinted 62 yards for the first touchdown in the second period and passed to end Vincent Kaseta for the second a few moments later.

Kosar, a bone-crushing fullback, was the mainspring of the third tally in the third period and Jim Hill returned an intercepted pass 82 yards for the final score in the fourth period.

Duke's lone counter came in the final period as the climax of a 60-yard march.

Bulldogs Bite Lions

BORGER (Special)—The Bulldogs blanked Forest Lions of Dallas, 12-0, here Friday night. Galen Overton, Borger fullback, scored the first touchdown with a 65-yard run. Overton scored again in the fourth quarter on a one-yard plunge.

Statistics reveal that the average mental age of the United States is that of a 14-year-old youngster.

Pirates Fight Way Past Dumas For 21-20 Victory

LEFORS — (Special) — The Lefors Pirates scuttled the Dumas Demons 21-20 here Friday at Shaw Field in one of the home games ever held in the home park. Several boys from each side had to be helped off the field in the close fought contest.

Lefors struck for their first touchdown in the second quarter. Ray Dickerson bulled his way into the end zone from the one-yard line after a 38-yard pass from Billy Watson to Melvin Bigham set up the score. Joe Martin ran it over for the extra point to put the Pirates out in front 7-0.

The Pirates threatened again in the second quarter but lost the ball on a fumble on Dumas's three-yard line. Lefors led at half-time, 7-0.

Lefors came back early in the third quarter with two quick touchdowns. Joe Martin set up the first tally with an off-tackle slant goal for 45 yards. After a series of line plays, Watson shot over the double strip from the two-yard line. Martin again hit the Dumas line for the extra point and Lefors led, 14-0.

A Dumas fumble set up the final Pirate touchdown. Lefors recovered on Dumas' 30. After a series of line plays, Joe Martin scored from the 13-yard line. Ray Timmons carried it over the 100-yard line for the extra point to put the hustling Pirates out in front, 21-0.

But the Demons came roaring back in the third period. With Phillips filling the air with passes, Dumas moved deep into Pirate territory. Atkinson finished the drive with a 13-yard run for Dumas' first TD. Cockran's kick was good and Dumas trailed, 21-7.

In the fourth quarter Dumas put together two pass completions and two 15-yard penalties to move the ball down to Lefors' 1-foot line. Atkinson then carried it over for the Demons' second touchdown. The Pirates blocked the try for extra point and Lefors maintained a 21-13 lead.

Dumas used a short kick-off to score their first touchdown. The kick traveled 12 yards and a Demon covered the ball. Phillips then unlimbered his throwing arm and shot a 53-yard pass to Cashion for the Demons' final tally. Atkinson kicked the extra point, to make the score 21-13.

The Pirates had the ball in their possession when the whistle sounded ending the game.

Trojans Score 20 Points to Tie Game

PULLMAN, Wash. (AP) — The Trojans from the University of Southern California scored 20 points in the last quarter Saturday to tie an amazing Washington State college football team 20 to 20.

Southern Cal's last touchdown came with one minute and 20 seconds left to play. Halfback Frank Gifford punched across the score and kicked the tieing point.

Popular Requests Brings Back MERL LINDSAY

One of the nation's largest and most colorful Western swing orchestras will be making a return appearance at Pampa's Southern Club on Thursday, Oct. 19th. Merl Lindsay and his 12-piece "Oklahoma Night-Rider" band will play for dancing from 9:00 p. m. till —

Merl Lindsay and the Night-Riders, in addition to a heavy schedule of dance engagements in all parts of the country, boast more radio broadcasts than any band in the nation. The band is heard on a network of stations throughout the south and southwest part of the United States at 12 noon daily, as well as broadcasts on WKY, Oklahoma City, and KRMG, Tulsa (740 on your dial), and KWFT, Wichita Falls, (685 on your dial), at 5:15 p. m. The large band is featured on their own television show on Saturday nights in Oklahoma City on WKY-TV at 8:00 p. m.

Among the top talent that is seen and heard with Merl Lindsay, are Ted Hall, the "boy with the golden voice," Tommy Elliott, blues-singer, Buddy Raye, Clarence Bailey and Earl Groves handle the ballads and novelty numbers. Merl Lindsay, of course, takes his turn at the mike with his share of vocals.

If you want a table for THIS DANCE, come and pick one out to fit the size of your party, before our tables are all gone. On name bands we do not take table requests on the phone, or hold tables for anyone, unless they are paid for!

THE SOUTHERN CLUB

Mustangs Skin Tigers, 21-0, At Columbia

By SKIPPER PATRICK
 COLUMBIA, Mo. — (AP) — Bulldozer Kyle Rote struck for two touchdowns to lead the Southern Methodist University Mustangs to their third successive victory of the season, 21-0, over the Missouri Tigers, Saturday.

The second largest home crowd in Missouri history, near 36,000, sat in as Missouri suffered its second straight shutout since the tail-end of the 1937 season. That year Kansas tied the Tigers 0-0 and UCLA beat them 13-0.

Missouri played better than it did in losing 34-0 to Clemson last week, but the Tigers couldn't stop the power running of Rote and the spotty, but effective passing of Fred Benner.

Rote scored the first touchdown with less than two minutes remaining in the first quarter. He went over from the seven-yard line climaxing a 70-yard drive. Halfback Hank Stollenwerk got the second touchdown in the second quarter by racking 11 yards through the middle of Missouri's line. The Mustangs marched 68 yards for this one.

Rote waited until the last quarter for his second touchdown. He got it on a short power smack over tackle after he had engineered the Mustangs in a 62-yard journey.

Bill Sullivan converted from placement after each of the touchdowns.

Missouri, listless and uninspired most of the first half, came up with two real scoring threats, but went lame when the chips were down. The Tigers moved to the SMU five yard line on a 87-yard pass play from Bob Henley to Harold Carter.

Henley fumbled, and lost ground, however, and SMU took over on the ten when Harry Deen recovered.

The Tigers moved 80 yards to the Mustangs' 5, then lost five yards as the game ended.

Southern Methodist, which had knocked off Georgia Tech and Ohio State, completed 20 of its 37 attempted passes for 194 yards, but at that had to depend heavily on Rote's running after three of his top backs — Rusty Russell, Stollenwerk and Johnny Champion were lost by injuries in the first half.

Rote picked up a net 108 yards on 17 rushes — more than one-third of his team's 283 total on the ground.

Abilene to Play
 (By The Associated Press)
 Breckenridge meets Abilene tonight at Abilene in the feature game of Texas schoolboy football for the week.

It matches two Class AA powers, Breckenridge undefeated and untied; Abilene once beaten but surging back up.

Watch These Boys
 NEW YORK — (AP) — Two husky tackles, who possess unusual speed in the game, will be college football linemen to watch this year.

The two are Bob Gain of Kentucky, and Bob Tonnell of Notre Dame.

One explanation of the fire-walker's art is that the glowing coals are volcanic rocks, so porous they do not retain the heat although they appear to be white hot.

Indiana Ups
 BLOOMINGTON, Ind. — (AP) — Stubby Lou D'Achille's ending and end-running quarterbacked Indiana to a 20-7 upset victory Saturday and cracked old Western Conference records.

One of D'Achille's passes, to Bobby Fereder 91 yards, increased his 66-yard run a play.

The old record of scoring plays was 76.

Tiger Gets Past Record

McLEAN — (Special) — heard pile Lean's fleet-footed L. Fred gets to their third victory on Friday when the Rangers ran smack into defeat on Tiger Field.

In the first quarter, Tigers had advanced 25 yards on a sustained drive received on a 9-off play and crossed the stripe for the first score failed to convert the try. Perry fumbled on the mation in the second McLean took over on 18. In two plays from Watson went around second score, but again the try for extra point scored after a sustained drive down the field and kicked the extra point. Tiger score came via Watson's 25-yard line, crossing the double Watson again converted the last quarter when he broke through right ran 35 yards to his try for the extra point good.

Bud to Speaks At Harvesters Grid Banquet
 Coach Charles "Bud" Speaks has been secured for the annual Harvesters Banquet, Tuesday, at the chamber of commerce. The Pampa Quarterback Club will be sponsored by the committee. The chamber of commerce committee details for the program ticket sales.

Four hundred representatives will be made available for the week.

Dr. Donaldson stated that they will be thinking of a banquet, but in the speaker they had to be made a service.

Harvesters Clip Coyotes 14-0

Kennedy Scores Both TD's For Pampa's 4th Victory

The Harvesters won their fourth straight victory of the season Friday night by blanking the Coyotes 14-0 before 1,000 football fans at Wichita Falls. However, the victory may prove costly for Coach Tom Tipps' gridsters. Tackle Jerry Walker and End Alvin Ward were sidelined because of injuries in the rough, rugged tilt.

Player	Carried	Yds.	Avg.
Beach	28	135	8.4
Self	4	41	10.3
Henderson	6	36	6.0
E. Wilson	12	71	5.9
Kennedy	13	108	8.3
Hayes	17	88	5.2

D. PATTERSON, Coyote back, is waiting on an aerial toss from Beach. The play was good for 17 yards. (News Photo and Engraving)

Pampa's first string backfield of De Wey Cudney, Jimmy Hayes, Elmer Wilson and Carl Kennedy carried the brunt of the attack. In the line, it was Co-Capt. Eddie Scheig who stood out like an all-American. Scheig was all over the field nailing Coyote Harris, Coyote center, and Tailback Beach were the outstanding players for Wichita Falls. The big center made the majority of the Coyote tackles and Beach kept Wichita Falls in the game with his wide end runs.

Fullback Carl Kennedy scored both of Pampa's touchdowns in the first half. The 160-pound fullback carried it over from the one-yard line in the first quarter to put Pampa out in front 6-0. Quarterback DeWey Cudney's kick was good and the Harvesters led 7-0.

Pampa marched 46 yards for the first score. Elmer Wilson slid around left end for 9 yards. Kennedy then broke through the Coyote defense for 36 yards down to the one-yard line. He went over on the next play from scrimmage.

The Harvesters moved overland 66 yards for their second touchdown in the second period. Cudney handed off to Jimmy Hayes, who hit left guard for 5. On the next play, Scatback Elmer scooted 61 yards for a touchdown, but the play was called back and Pampa was penalized 15 yards.

Hayes hit center for five on second down. The Coyotes were penalized 15 yards and Pampa had a first down on their own 15. Wilson added seven yards on two tries. Hayes made it first and ten with a 15-yard end run. Kennedy moved the ball down to the Coyotes' 14 on a 20-yard gallop. Hayes and Wilson chipped in five yards apiece to make it first and ten on Wichita Falls' four-yard line. Kennedy hit center for four and Pampa led 13-0. Cudney's kick split the uprights and the Harvesters moved out in front 14-0.

Irish Come From Behind to Edge Memphis, 18-14

MEMPHIS — (Special) — Shamrock defeated Memphis here Friday night, 18-14, in a District 2-A battle.

The Cyclones scored first when Tommy Messer took a hand-off on Roddy Stargel and Stargel pitched out to Lee, who went 13 yards for the first touchdown. Messer ran it over for the extra point.

The Irish came right back on drive from their own 41. In a play interrupted briefly when a Cyclone intercepted an Irish pass, Shamrock got the ball back on a fumble, after which Vernon Tarsett ripped off a 17-yard gain. Kenneth Kidwell finished the drive with a one-yard plunge. Shamrock's try for extra point failed.

Memphis scored their second touchdown on a 69-yard march. Tasso passed to Messer for five yards in the end zone to end the drive. Ronnie Smith's kick was good to make the score Memphis 4, Shamrock 6.

Donald Lee went over from the 3-yard line for Shamrock's second touchdown. The try for extra point failed, and Memphis led at halftime, 14-12.

Dunnigan pitched a 29-yard pass to Tarbet in end zone for Shamrock's final tally. The try for extra point was no good and the Irish took the contest 18-14.

Lavy Reveals Two

BALTIMORE — (AP) — Navy was tormented by the smashing Rich Alban and bombarded by Dick Flowers' passing in a 22-0 shellacking dealt out by North western before 12,000 spectators Saturday.

Athan ripped through for two touchdowns after teaming with Dick Alban to tear the Navy line apart. Quarterback Flowers tipped a touchdown pass to end Don Stoness and Bob Burson kicked a field goal for the rout.

Deacons Scalp Foo

WILLIAMSBURG, Va. — (AP) — Wake Forest's Deacons scored touchdowns around the ends, through the middle and on brilliant passes to crush William and Mary's Indians, 47-0, in a Southern Conference football game.

and started its hipper-dipper shenanigans. Sophomore Quarterback John Scarbath was the main thorn in the side of the Spartans, who only took week up at Michigan. He scored once and angled the ball most of the game.

The contest was fairly close for use quarters but it burst wide open in the final stanza and Maryland pushed over three scores. Sonny Granatus notched the only Spartan touchdown on a 67-yard run.

Southern Methodist upheld the top three's prestige by running over Missouri, 41-0. As usual it was Kyle Rote, who is developing into a one-man gang like his predecessor, Donk Walker, who handled things.

Rote struck for two touchdowns and halfback Hank Stollenwerck killed the other.

CARL KENNEDY in front of J. Self, 41, is in the process of scoring Pampa's second touchdown Friday night in Wichita Falls. Kennedy hit center for four yards to score. Eddie Scheig, 65, standing, blocks out a Coyote. The Harvesters won, 14-0. (News Photo and Engraving)

Oklahoma Squeaks Past A&M, 34-28

NORMAN — (AP) — A desperate, passing attack covering 65 yards and capped by a 4-yard touchdown run by Leon Heath with 37 seconds remaining pulled Oklahoma past the Texas Aggies, 34-28, here Saturday.

The last minute victory extended Oklahoma's string, the longest in major college football, to 23 games.

A crowd of 40,000 watched the aerial drive that started with 1 minute and 44 seconds left and the Sooners behind 28-27. The touchdown was the third of the day for Heath, who is the only returning starter from last year's Sugar Bowl champions. The Sooners' last defeat was to Santa Clara, 17-20, the first game of the 1948 season.

The game appeared all but over after Claude Arnold passed to Billy Vessels for a 22-yard touchdown with 3 1/2 minutes remaining and Jim Weatherall failed to make the kick good, leaving the Sooners one point behind.

But Arnold came back with a brilliant display of passing to move Oklahoma to the winning score. He hit six out of seven passes in the victory drive.

The Sooners trailed the Aggies in rushing 205 to 271 yards, but the passing turned the trick. Oklahoma made 169 yards throwing to Texas A&M's 11. Three of Oklahoma's touchdowns came on passes.

The Sooner line was unable to stop the running of the Aggies' fullback Bob Smith, who made the yardage when it was needed. The Aggies took the lead at the end of the first quarter but the teams were tied up 14-14 at the half. Again they were tied 21-21 at the end of the third quarter.

In the final hectic quarter Smith broke away 50 yards to score standing up. Darrow Hooper converted for the fourth straight time to give the Aggies a 28-21 edge with less than a minute of the period gone.

The Aggies' first touchdown was a 13-yard run by Yale Lark.

Soldier's Fears Told Too Late

ROCHESTER, N. Y. — (AP) — Pfc. Michael Bartola wrote his family:

"Folks, this may sound silly to you back home but I'm afraid to go back to the front again. Before I got hit this second wound I wasn't too scared, but now I am."

Shortly afterward, his parents got a Defense Department telegram saying their 20-year-old son had been killed in action in Korea Sept. 10.

Staid U. S. Board In Romantic Mood

WASHINGTON — (AP) — The scholarly U. S. board of geographic names, in a rare romantic mood, has approved these place names:

Honeymoon Island, Fla. Loves Brook, Me.

At the same time, it cancelled out Back Street, Me. — approving Clay Hill as the town's name, instead — and added a corner to Four Corners, Me., giving that York County town the new dignity of the name Five Corners.

The agency found that Honeymoon Island, on most Florida maps of the Saint Augustine west-coast area, is identified as Hog Island.

Another Victim of Harbor Blast Dies

TEXAS CITY — (AP) — James Clark Franklin, 46, died Friday night — another victim of the Texas City disaster which took between 500 and 600 lives more than three years ago.

The exact number of dead as a result of the harbor explosions has never been determined. Franklin was working on the docks as a longshoreman foreman on the morning of April 16, 1947, when the SS Grandcamp blew up, starting a chain of deadly blasts. Though terribly hurt, Franklin was one of the few on the docks who escaped instant death.

Jayhawkers Come From Behind To Nip Colorado

LAWRENCE, Kans. — (AP) — The University of Kansas came to life here Saturday after taking a first half shellacking and defeated the University of Colorado, 27-21, in a Big Seven Conference football game featured by a spectacular 86-yard run by the Jayhawkers' Charley Hoag.

The Kansans went into the last half trailing 14-0, and badly outplayed in every department until Hoag sparked an attack with his long run after taking a kickoff on his 14-yard line about midway of the third period. Colorado had a comfortable 21-0 lead when Hoag broke loose.

Once the Kansans had tasted pay dirt, there was no stopping them. Statistics reveal that the average mental age of the United States is that of a 14-year-old youngster. Read The News Classified Ads.

Huskers Shuck Gophers, 32-26

MINNEAPOLIS — (AP) — Nebraska's Cornhuskers sparked by speedy and elusive halfback Bob Reynolds, upset a favored Minnesota football team with a 32 to 26 triumph Saturday.

Reynolds crossed Minnesota's goal line twice — once on a fancy 67-yard exhibition of tricky running. He also contributed important yardage in ground plays, helped out in the tossing department of Nebraska's aerial game, and kicked two points after the touchdown.

Tennessee Takes Duke From The Unbeaten Ranks

DURHAM, N. C. — (AP) — Underdog Tennessee dumped Duke from the ranks of unbeaten football teams Saturday 28 to 7 with Hank Lauricella and Andy Kosar the shining stars of the upset.

Lauricella, a tailback, sprinted 62 yards for the first touchdown in the second period and passed to end Vincent Kassta for the second a few moments later. Kosar, a bone-crushing fullback, was the mainspring of the third tally in the third period and Jim Hill returned an intercepted pass 62 yards for the final score in the fourth period. Duke's lone counter came in the final period as the climax of a 60-yard march.

Bulldogs Bite Lions

BORGER — (Special) — The Bulldogs blanked Forest Lions of Dallas, 12-0, here Friday night. Galen Overton, Borger fullback, scored the first touchdown with a 65-yard run. Overton scored again in the fourth quarter on a one-yard plunge.

Statistics reveal that the average mental age of the United States is that of a 14-year-old youngster. Read The News Classified Ads.

Pirates Fight Way Past Dumas For 21-20 Victory

LEFORS — (Special) — The Lefors Pirates scuttled the Dumas Demons 21-20 here Friday at Shaw Field in one of the roughest tilts ever held in the home park. Several boys from each side had to be helped off the field in the close fought contest.

Lefors struck for their first touchdown in the second quarter. Ray Dickerson bulled his way into the end zone from the one-yard line after a 38-yard pass from Billy Watson to Melvin Bigman set up the score. Joe Martin ran it over for the extra point to put the Pirates out in front 7-0.

The Pirates threatened again in the second quarter but lost the ball on a fumble on Dumas's three-yard line. Lefors led at half-time, 7-0.

Lefors came back early in the third quarter to score two quick touchdowns. Joe Martin set up the first tally with an off-tackle slyt good for 45 yards. After a series of line plays, Watson shot over the double strip from the two-yard line. Martin again hit the Dumas line for the extra point and Lefors led, 14-0.

A Dumas fumble set up the final Pirate touchdown. Lefors recovered on Dumas' 30. After a series of line plays, Joe Martin scored from the 13-yard line. Ray Timmons carried it over this time for the extra point to put the hustling Pirates out in front, 21-0.

But the Demons came roaring back in the third period. With Phillips filling the air with passes, Dumas moved deep into Pirate territory. Atkinson finished the drive with a 13-yard run for Dumas' first TD. Cockran's kick was good and Dumas trailed, 21-7.

In the fourth quarter Dumas put together two pass completions and two 15-yard penalties to move the ball down to Lefors' 1-foot line. Atkinson then carried it over for the Demons' second touchdown. The Pirates blocked the try for extra point and Lefors maintained a 21-13 lead.

Dumas used a short kick-off to score their third touchdown. The kick traveled 12 yards and a Demons covered the ball. Phillips then unlimbered his throwing arm and shot a 35-yard pass to Cashion for the Demons' final tally. Atkinson kicked the extra point, to make the score 21-20 Lefors.

The Pirates had the ball in their possession when the whistle sounded ending the game.

JUDGES MAY HEAR YE AFTER ALL

WASHINGTON — (AP) — Judges, lawyers and spectators may soon be able to hear distinctly all that is said in the Supreme Court.

Experiments have started with a semi-concealed loud-speaker system, in the hope of overcoming complaints on the acoustics in the court's great, marble chamber.

The situation is so bad that some of the justices at one end of the high bench frequently are unable to hear their associates at the other end, unless voices are raised.

A New York City electronics firm is experimenting with speakers designed especially to reinforce the volume of judges' and lawyers' voices, but not so loud or so changed in tone that amplification is noticeable.

If the system can be made to operate satisfactorily in an empty court chamber, it will be tried later during a session of court. If a majority of the justices are then satisfied, Congress will be asked to buy the system for the court.

No estimate of the cost has been made.

Ford Stops Phillies As Yanks Win Series

ED FORD

BOB MILLER

PHILADELPHIA (AP) — Ed Ford pitched a shutout for the New York Yankees, stopping Philadelphia Phillies pitcher Bob Miller in the eighth inning to win the series.

Ford, 21, struck out 11 batters and allowed only one run in his first major league start. He pitched a complete game, earning the win and a no-hitter.

Miller, 24, pitched six innings and allowed four runs, including two earned, before being pulled in the eighth.

The Yankees won the series 3-2, with Ford's performance being the decisive factor.

Trojans Score 20 Points to Tie Game

FULLMAN, Wash. — (AP) — The Trojans from the University of Southern California scored 20 points in the last quarter Saturday to tie an amazing Washington State college football team 20-20.

Southern Cal's last touchdown came with one minute and 20 seconds left to play. Halfback Frank Gifford punched across the score and kicked the tying point.

Mustangs Skin Tigers, 21-0, At Columbia

By SKIPPER PATRICK
COLUMBIA, Mo. — (AP) — Bulldozer Kyle Rote struck for two touchdowns to lead the Southern Methodist University Mustangs to their third successive victory of the season, 21-0, over the Missouri Tigers, Saturday.

The second largest home crowd in Missouri history, near 28,000, sat in as Missouri suffered its second straight shutout since the tail-end of the 1937 season. That year Kansas tied the Tigers 0-0 and UCLA beat them 13-0.

Missouri played better than it did in losing 24-0 to Clemson last week, but the Tigers couldn't stop the power running of Rote and the spotty, but effective passing of Fred Benner.

Rote scored the first touchdown with less than two minutes remaining in the first quarter. He went over from the seven-yard line climaxing a 79-yard drive. Halfback Hank Stollenwerk got the second touch, and the second quarter by racking 11 yards through the middle of Missouri's line. The Mustangs marched 68 yards for this one.

Rote waited until the last quarter for his second touchdown. He got it on a short power smack over tackle after he had engineered the Mustangs in a 62 yard journey.

Hanley converted from 4 yards out after each of the touchdowns.

Missouri, listless and uninspired most of the first half, came up with two real scoring threats, but went lame when the chips were down. The Tigers moved to the SMU five yard line on a 87-yard pass play from Bob Henley to Harold Carter.

Carter fumbled and lost ground, however, and SMU took over on the ten when Harry Dean recovered.

The Tigers moved 50 yards to the Mustangs' 5, then lost five yards as the game ended.

Southern Methodist, which had knocked off Georgia Tech and Ohio State, completed 20 of its 37 attempted passes for 194 yards, but at that had to depend heavily on Rote's running after three of its top backs — Kusty Russell, Jr., Stollenwerk and Johnny Champion — were lost by injuries in the first half.

Rote picked up a net 108 yards on 17 rushes more than one-third of his team's 283 total on the ground.

Abilene to Play

Breckenridge meets Abilene tonight at Abilene in the feature game of Texas schoolboy football for the week.

It matches two Class AA power, Breckenridge undefeated and untied; Abilene once beaten but surging back up.

Watch These Boys

NEW YORK — (AP) — Two husky tackles, who possess unusual speed to go with their power, have been named as the college football linemen to watch this year.

The two are Bob Gain of Kentucky, and Bob Toney of Notre Dame.

One explanation of the fire-walker's art is that the glowing coals are volcanic rocks, so porous they do not retain the heat although they appear to be white hot.

Indiana Upset

BLOOMINGTON — Stubby Lou D'Achille and end-runnin' quarterbacked Indiana to a 20-7 upset victory Saturday and cracked old Western Center the process.

One of D'Achille's passes, to Bobby Fered 91 yards, increased the 66-yard run a bit.

The old record scoring play was 76 yards.

Tiger G Past Re

McLEAN — (Special) — L. J. and Don Tindall led to their third victory on Friday when the Rangers ran smack in defeat on Tiger Field.

In the first quarter, the Rangers had advanced 4 yards on a sustained drive received on a 9-yard play and crossed the stripe for the first time to convert the try.

Ferry fumbled on conversion in the second quarter. McLean took over on 19. In two plays from Watson went around the second score, but again the try for extra point failed.

Third quarter was a both sides but in the second quarter after a sun-down the field and kicked the extra point. Tiger score came when Watson went around the 20-yard line. Tiger crossing the double strip. Watson again converted the try for extra point.

The Ranger score after broke through right ran 35 yards to hit the try for the extra point.

Bud to Speak At Harveste Grid Banquet

Coach Charles "Bud" of the University of Texas has been secured for the annual Harveste Grid Banquet, Tuesday, December 10, at the University of Texas.

Senior high school coach and former member of the sports chamber of Dr. Joe Donaldson, the Pampa Quarterback Club, will be sponsored by the Quarterback Club committee. The committee will be in charge of the banquet and ticket sales.

Four hundred seats will be made available for the week.

Dr. Donaldson stated that he is rather early to be thinking of a banquet, but in or the speaker they had to be made.

Popular Requests Brings Back MERL LINDSAY

One of the nation's largest and most colorful Western swing orchestras will be making a return appearance at Pampa's Southern Club on Thursday, Oct. 19th. Merl Lindsay and his 12-piece "Oklahoma Night-Riders" band will play for dancing from 9:00 p. m. till —

Merl Lindsay and the Night-Riders, in addition to a heavy schedule of dance engagements in all parts of the country, boast more radio broadcasts than any band in the nation. The band is heard on a network of stations throughout the south and southwest part of the United States at 12 noon daily, as well as broadcasts on WKY, Oklahoma City, and KRMG, Tulsa (740 on your dial), and KWFT, Wichita Falls, (685 on your dial), at 5:15 p. m. The large band is featured on their own television show on Saturday nights in Oklahoma City on WKY-TV at 8:00 p. m.

Among the top talent that is seen and heard with Merl Lindsay, are Ted Haf, the "boy with the golden voice," Tommy Elliott, blues-singer, Buddy Ray, Clarence Bailey and Earl Groves handle the ballads and novelty numbers. Merl Lindsay, of course, takes his turn at the mike with his share of vocals.

If you want a table for THIS DANCE, come and pick one out to fit the size of your party, before our tables are all gone. On same hands we do not take table requests on the phone, or hold tables for anyone, unless they are paid for!

By DAVID BAXTER

PART 3
 Now, in our discussion of the use of them even through churches and service clubs, it is time to do a little more documenting. World federalism universally denies a Communist taint and pretends to be for "peace," nothing which they know almost right-minded people, giving up of our sovereignty becoming one state in government, they tell us, such "peace." Why the of anyone suspecting Communism.

Federalists have many names as fast as one is exposed. Take for example notorious "American As for the United Nations," woman was their target; that the A.A.U.N. was the United Nations, our were completely fooled. re opened to this outfit.

Of course the A.A.U.N. off these bad names some new ones on the too late. come to the United States, Inc. This is the which actually managed "Secret Boss of Callibur Samah, to get the state legislature to world federalist resolution the scrapping of the states as a sovereign nation end of July 1949 the had 22 state legisla- into approving their just 10 states about, r necessary to complete al. As of Nov. 1949 the federalist gang boasted head the following ad- rd: Ralph Lindstrom, dams, Joseph de Silva, al, John Elliott, Dou- nks J., Michael, Fan- y Flannery, Dr. Albert het Huntley, Reginald abbi Edward Maguin, ann, L. A. Mashburn, cMurray, Max Radin, ewell, Edward S. Shat- John W. Sheehan, Rich- Paul Smith, Bishop ett, Paul Verdier, Jer- Walter Wanger and 'hite Jr. Edward Shatt- a candidate for at- neral of the state, well to resign from the he would very early a time. A member of ia legislature, Earl W. example, upon being he voted for the fed- tion, is quoted as hav- "I attended a meeting- ican assembly in San- where a thorough dis- he United World Fed- ment was held and a passed favoring the so heard Ed Shattuck, leading republicans in discuss and favor this them seem not to red to the peoples dis- that they are sworn and defend the sov- the United States and have no right or author- ish that nation. Fortu- nate, California got so mad when they legisla- to what their stogie legisla- done that they really went to work and this year lawmakers, with a bit of throat-clearing and "due consideration" went back on their resolution and rescinded it. It's lucky they did—if they value their political hides.

Allan Cranston, leader of the United World Federalists, defending them against the charge of having had original red organizers, proudly declared that many of U.W.F. and pointed to an impos- ing array of bankers, industrial- ists, judges and preachers who had fallen for that word "peace" and were lending their names to the organization. Now let's see about that statement that many of the old reds were no longer in U.W.F. Some of the originators were as follows: Stringfellow Barr, Chas. Bolte, James B. Carey, Albert Einstein, Serge Kaussavitsky, Vito Marcantonio, Jerry Voorhis, James P. Warburg, Byrl A. Whitney, Cass Canfield, Norman Cousins, Norman Corwin, Ray- mond Swing, Carl Van Doren, Mark Van Doren, Clifton Fadiman, Robert Sherwood, Sholem Asch, Wm. Rose Benet, Emman- uel Celler, Waldo Frank, Robt. L. Jumber, Thomas Mann, Lewis Mumford, Robert S. John, Prof. Harlow Shapley, Sen. Glenn H. Taylor, Walter Wanger, A. Philip Randolph, Cultbert L. Olsen, Van Upton Sinclair, Rex Stout, Rex Tugwell, Rev. David de Sola Pool, Geo. S. Kaufman, Varian Fry, Bishop G. Ashton Oldham, Elmer Rice and Frederick L. Schuman.

Now as of June 1950 I find that some of these people have "re- signed." Life Magazine some time ago published pictures of many of them who attended an openly red front dinner at the Waldorf-Astoria honoring Communist officials from the Soviet nation. Life flatly called them red-fronters. Charley Chaplin and John Rogge were there, too, by the way.

Now for a look at Cranston

(Once each week the National Whirligig is devoted to answering readers' questions. Questions for future columns may be sent to Ray Tucker, who will shortly return from his vacation, at 6300 Wilcrest Place, Chevy Chase, Md.)

By ROGER WARREN
WASHINGTON — "In view of Korea's importance to Russian diplomacy and military strategy in the Far East," inquires F. S. of Charlotte, N. C., "how does Washington explain Moscow's failure to intervene more actively on their fellow-Reds' side?" Answer: Experts here counsel caution on this question as to the future, but they admit that Stalin's restraint has surprised them.

In fact, some suspect it may lead to a new stage in the "cold war," with the Kremlin softening or at least concealing her aggressive moves. The Politburo is clearly disappointed at recent in- terrupted trends, not only in Korea but elsewhere.

Temporarily, they have strengthened American prestige, United Nations influence and the cause of peace.

BULWARK — For Korea is far more important economically and militarily, to Moscow's schemes than the Russians care to admit publicly.

It provides them both a bulwark and a screen behind which they can hoard vast riches of Manchuria, which they took over in utter disregard of Yalta provisions that it go to China.

Korea also has what Russia has sought for years, warm water ports. In the interior there are such essential minerals as gold, silver, graphite and tungsten, which Russia needs in both peace and war.

The most comforting conclusion from Stalin's non-intervention, as suggested here in recent weeks, is that he does not believe Russia is ready for a major, global war with the western world, particularly the United States.

But we would be foolish if we permitted his Korean behavior and a few conciliatory speeches and gestures to lead us to abandon our proposed rearmament program.

SIGNIFICANT — Another extremely significant and hopeful development concerns Asia's two most powerful leaders — Prime Minister Nehru of India and Mao Tse-tung of China.

It is here that both used their influence behind the scenes to persuade Moscow to pull its Sunday punches — that is, not to permit the Korean affair to flare into another death struggle on an atomic basis.

Both statesmen have frequently denounced what they characterize as "western imperialism and colonialism" of the last century, referring principally to Britain, France and The Netherlands.

himself, who pretended to be indignant about world federalist leaders being suspected of Communist leanings. After Pearl Harbor he was chief of foreign language division of the office of war information. The OWI was headed by Elmer Davis and was a notorious haven for pro-Communists.

Among Cranston's alleged "friends" was Louis Odamic, one of the most outstanding redfronters in America. Cranston was not the only "friend" retained in Odamic's home in Mulford, N. J. Among other "friends" who visited there were fellow-travelers of the Earl Browder and William Z. Foster type. Cranston wrote articles for Odamic's magazine, "Common Ground." Among his co-contributors was Carey McWilliams, secretary of the red-front "Committee for the Protection of Foreign Born," which group fought tooth and nail to protect the Kremlin's arch spy, Gerhard Eisler.

Cranston appointed Carlo A. Prato, alias Duprez, alias Hans, alias Perino, alias other names as his chief of the Italian bureau of the OWI. A Prato was expelled from Switzerland as a secret Moscow agent. He was also listed by the criminal alien bureau of the N. Y. Police Dept. as the "pay-off man for the OGPU," the Russian secret police. At the right, with A- secret police, all right, with A- Prato in the OWI foreign language division, a congressional report in 1943 expressed doubt about the "sincerity of the OWI's (foreign language division) denial of a charge that it was trying to create a red revolution in Italy."

Tomorrow will mention a few more of world "federalist" leader Cranston's patriotic "friends" and "associates."

Looking Ahead Success Secrets

By GEORGE S. BENSON
 President Harding College
 Searcy, Arkansas

WHY WORRY ABOUT DEBT?
 Wars are won with sacrifices —not only sacrifices of blood and lives but sacrifices felt in the civi-

lian pocket book and in the kitchen cupboard, sacrifices of comfort and convenience and enjoyment. In the totalitarian nation the dictator and his ruling clique impose and distribute sacrifices as they see fit.

In our Republic we establish a military rule over sacrifices in our armed services, but we citizens, as the ruling element in the government, must ourselves fix the form and degree of our civilian sacrifices.

Such self-determined sacrifice is not an easy voluntary achievement. Grave responsibility is therefore placed upon the nation's governmental leadership, in the Congress and in the White House. There is a natural tendency in the political realm to want to water-down the sacrifices, to cater to the human weakness, to push back the hard financial facts of war's demand.

Cost Withheld
 Our soldiers and airmen are being maimed and killed in the Korean war theater, our government is voting multi-billion dollar emergency funds to more adequately equip them and to otherwise build up our own and Europe's defenses, but some national policy makers do not wish to reveal the total price, in civilian sacrifices, that must be paid for this effort. They want to continue borrowing money to finance the major portion of the war effort and a sizeable part of the civilian governmental services. They want, in other words, to continue the "good life" while waging what at any time may become the "most terrible" war.

To adopt this "least painful" procedure is very temporary political expediency. But it creates a dangerous situation which can become as devastating as a losing war. The fiscal facts are these: We have entered a state-of-war period in which the Federal government will spend at least \$40 billion a year on military preparation. The present non-military items in the budget require \$30 billion. Thus we have at once a \$70 billion projected Federal expenditure. Federal tax revenues, including the new \$5 billion, will be, as now projected, about \$42 billion, which would leave a deficit of \$28 billion for this year, if joining worse happens.

Beit Tightening
 Three drastic actions should be taken:

1. The non-military items in the Federal budget should be cut to the bone. Sen. Harry Byrd has offered a proposal that would trim them by \$10 billion.
2. A board of tough-minded, experienced business men should be created and given power to cut every iota of waste from military expenditures. Findings of the Hoover Commission and other revelations indicate from 10 to 20 percent could be added to the purchasing power of appropriations if waste were eliminated and sound purchasing procedure established.
3. The state-of-war budget

heart are involved there is frequently pain around that organ from climbing stairs or other exertion. This is called angina pectoris.

Arteriosclerosis is not an easy thing to discuss because so little is known about its prevention or treatment. It is still one of the great unsolved problems of medicine. Those who have it must learn to live with it. Much brainwork, effort, and money will have to be spent on it for some time to come.

Washington.....by Peter Edson

By PETER EDSON
 NEA Washington Correspondent
WASHINGTON—(NEA)—There is some cause to wonder whether this country knows what it let itself in for under the "Defense Production Act of 1950," passed by Congress early in September. A lot of things were authorized under that act which haven't begun to happen yet. When they do begin to happen, there may be much loud squealing of the type there was against OPA, WPA and the other civilian agencies of the last war.

The only part of this act now functioning is the NPA—National Production Authority under William H. Harrison. Even it is in embryo form, having headquarters on the fifth floor of the Commerce Department. But it has barely begun to assemble its staff. When it starts growing, it will slip over into one or more of the nearby temporary structures still left standing from the last war.

NPA has issued only one order at this writing — an allocation and inventory order whose effects have not yet begun to be felt. One of these fine fall days, small business concerns are going to wake up and find that they are having difficulty getting materials. The old small business problem of World War II will then become a hot potato again. If it isn't solved any better this time than it was last, it won't be solved at all.

Another item with a hidden punch in this production act is Title III — Expansion of Productive Capacity and Supply. This is to all intents and purposes the same thing as Pres-

ident Truman's production expansion plan of a year and a half ago.

WAILS FORTHCOMING
 You may recall how much criticism the President caught for this when he first proposed it. His idea (hgh was that the government should step in and expand production in any industry whose capacity was not considered great enough to keep up with the growth of the country. For this he was accused of wanting to socialize industry. The wail of criticism that went up was deafening.

Now, however, it seems to be all right. It is so all right that Congress authorized \$2 billion for such government financed expansion of industry. And it has made \$600 million available for use at once in furthering this program. Wait till the orders start dropping under this provision.

It will be handled a little differently this time. Instead of an "Uncle Jesse" Jones as federal loan administrator making most of the decisions, the regular departments of Commerce, Agriculture and Interior will do the planning. Reconstruction Finance Corporation will be just the fiscal agent, carrying out the orders of the other three.

W. Stuart Symington, chairman of National Security Resources Board, has been designated as the top mobilizer, but he has not begun to make his weight felt.

Three other unknown officials, any one or more of whom may be named by the President even before this gets into print, will be worth watching. These will be a director of Economic Stabilization, a price administrator and the chairman of another tripartite public - management - labor wage board.

THANKLESS JOBS
 These will be the home front heroes in probably the most thankless jobs in the country. They will be the Chester Bowles, the Leon Henderson and the William H. Davis of the new defense effort, and on their heads will be heaped all the abuse and hatred those officials got in the last war.

The new defense production act says prices can't be frozen in any industry unless wages in that industry are frozen too. That puts a new twist to the business. Wait till the first test cases arise.

In spite of rising living costs, the Truman administration is not yet ready to move all-out on the anti-inflationary front. Congress authorized no expenditures for subsidies, and prices can't be rolled back without subsidies. Rent controls expire Dec. 31, and the cost of living line can't be held without rent controls. These may be two main items of business when Congress returns after Thanksgiving.

Also, there is no machinery to issue the regulations and enforce price controls. Even if the staff were now assembled, it would take time to get out the orders. In the last war, it took from Dec. 7, 1941, to March 15, 1942, to get out the first price freeze order. And in the next four years there were over 80,000 federal court cases over OPA orders.

This time, there seems to be an idea that many of the troubles of inflation can be soaked up merely by raising taxes and curbing credit.

Here we go again.

A telephone company warns that hanging the receiver may cause trouble. Especially when a man who does it is talking to his wife.

Answer to Previous Puzzle

War Causes Rise In Federal Payroll

WASHINGTON — (AP) — The Korean war boosted civilian employment in the Defense Department by 86,372 during July and August, the Byrd committee reported.

The increase brought to 839,521 the number of persons employed by the department as of Aug. 30. Total civilian employment in the executive branch of the government rose to 2,042,309 at the end of August. The committee said this was the first time it had passed the 2,000,000 mark since October, 1949, exclusive of temporary census employees hired last spring.

The committee is a Senate-House group, headed by Senator Byrd (D-Va.), which attempts to bring pressure for reduction of what it regards as non-essential expenditures.

Japan Treaty Talks Still In Early Stage

By STANLEY JOHNSON
NEW YORK — (AP) — Negotiations for a Japanese peace treaty are still in an exploratory stage after nearly a month of behind the scenes activity by diplomats at the United Nations.

Republican Advisor John Foster Dulles has taken the lead here to implement President Truman's Sept. 14 order to the State Department to get such talks under way.

Between sessions of the general assembly he has been meeting with representatives of such Pacific powers as Australia, New Zealand and the Philippines. Dulles said, however, that these talks are merely an exchange of views and actual negotiations will be carried on at a governmental level.

The problem which is slowing progress is the necessity of reconciling American desires for an "easy" treaty, which would permit Japan to rearm and impose few commercial restrictions, with the views of those countries which fear a revival of Japanese military aggression and commercial competition.

Dulles said it was too early to say when the discussions would progress to the point where a formal peace conference could be convened. He said he had heard nothing of reports current here, that such a conference is tentatively planned for San Francisco in January.

Carlos P. Romulo, Philippines foreign secretary, said he had had discussions about the proposed treaty both with Dulles and Secretary of State Acheson. He said he reported the gist of the conversations to President Quirino in Manila where they are now being studied. Romulo said he was not at liberty to disclose the exact views which were exchanged.

It is understood, however, that the Philippines are anxious for some form of compensation for the tremendous damage Japan inflicted on that country and a firm guarantee against future Japanese aggression.

New Zealand's Sir Carl Berendsen said his foreign minister, Fred W. Doidge, will arrive here Monday to take over conduct of the talks for that down under country.

ALL IN A LIFETIME

By FRANK BECK

Retired Workers Are Given Pension Increase by GE

NEW YORK — (AP) — The General Electric Company announced today it has given a voluntary "cost of living" increase to 7,000 already retired employees.

For the majority of these pensioners, the company said, the increase is between \$24 and \$49 monthly with some receiving smaller amounts.

Charles E. Wilson, GE president, said: "General Electric initiated its pension plan in 1912. Then, as now, the objective was to provide an income to supplement employees' savings and thus assist them in spending their later years in comfortable retirement."

"We recognize, of course, that inflation and the increased cost of living have worked to the decided disadvantage of this group and, in many cases, brought hardship on those who had made worthy contributions to the company and had planned well for their retirement. It is hoped that this amendment to our pension plan will materially assist those who have been so affected."

The amended plan for those already retired, the company said, is designed to bring present pension payments more nearly in line with payments to future pensioners recently negotiated with unions.

The company's pension plan calls for contributions to the pension fund by employees on the basis of two percent of the part of annual pay subject to the social security tax (\$3,000 after Jan. 1, 1951) and five percent of any excess.

Currently, employees are contributing at the rate of two percent of the first \$3,000 and five percent of the excess.

To help employes not actively at work because of temporary lack of work or illness, the company said, it would protect those workers' pension contributions with interest-bearing loans.

The company did not reveal the basic range of pension payments.

Rainfall Hurts Cotton in North Texas; South Is Dry

AUSTIN — (AP) — Crops suffered from lack of rain in the coastal bend and lower valley, while cotton was suffering from excessive moisture in central and north Texas last week.

Farmers resumed wheat seeding and harvest of maturing crops as soils dried in northwest and northern counties, the U.S. Department of Agriculture reported. Wheat acreage was up to a stand prior to rains of week before last.

Sorghums were maturing slowly and combining of matured fields was delayed still more by high moisture content of the grain in the High Plains. There was danger of damage to many late-planted fields should early frosts occur in the northern High Plains.

Some improvement in fall and early winter vegetable areas was provided by local rains and cooler temperatures, USDA reported. Local rains and good rains in the western part of the watershed replenished the supply for irrigation in the lower valley. A critical deficiency of moisture for early winter vegetable plantings was reported in the coastal bend.

Range and pasture feed continued to make new growth in the northern half of Texas. Dry open weather was needed to cure this green range feed before frost.

Many farmers were contracting cattle for Nov. 1 delivery to run on wheat in the Panhandle, where pasture prospects were very promising. Rescue grass,

(Continued from Page 11)
 demonstrators last week. A 14-member club members were guests for the all-day tour Tuesday in the Bell and Merten communities.
 Tuesday, Oct. 10, Hopkins Club tour will include the improved living rooms of Mrs. Vern Savage, Mrs. C. H. Brickey and Mrs. Joe Stone and the livingroom and landscape demonstration of Mrs. W. E. Melton. Mrs. Stone's food demonstration will also be seen.
 Wednesday, Oct. 11, the Grandview tour will start at the home of Mrs. Harry Britten at 2 p.m. The Britten have remodeled their home and have been livingroom demonstrators for their club this year. The next stop will be the Grandview school. The Home Demonstration Club and the Grandview P-TA have undertaken the project of landscaping the school grounds. The tour will be at the home of the J. M. McCrackens whose landscape has been improved.
 To be visited will be the Fred Edwards' landscape. The tour escaped about six years ago, and the main point to be observed here is how well the landscape has been kept up.
 Friday, Oct. 13, the Wayside tour will start at the home of Mr. and Mrs. Ed Barnes, where kitchen and livingroom improvements have been made. From there the Eob Montgomery place will be visited to see livingroom and landscape improvements. The Ernest Edwards' landscape will be visited, then on to the Gus Green house. Here a food production and preservation demonstration will be seen and sack lunches will be eaten in the Greens' recently improved basement playroom.
 After lunch the group will visit the new apartment of Dr. and Mrs. Jim Chase, and redecorated home of Mrs. Irene Osborne.
 Radio Program—Saturday 11:30 a.m.

Shower Honors Miss Helen Dudley, A Bride-Elect

Miss Helen Dudley, bride-elect, was honored with a shower, hosted by Mrs. Mildred Hill. Miss Dudley and Doly Warner will be married Oct. 14 in the First Christian Church in Pampa.
 The honoree's chosen colors of green and rose were carried out in the refreshments of cookies and punch, and the guest of honor received a corsage of baby chrysanthemums. An arrangement of margoldes centered the refreshment table.
 The guest list included Meses. H. F. McDonald, Jr., Mae Manning, E. C. Dudley, Henry Butler, Paul Reischerer, Ray Dudley, Roy Addington, Ross Cornelius, V. Colium, Dalton Sanders, Frank Wilson, Noel Thompson, Diamia Wood, W. F. Yeager and Rufe Jordan.
 Misses Betty Crocker, Lura

Two Host Meeting Of Venado Blanco In Skellytown Home

WHITE DEER — (Special) — Mrs. Kenneth Gibson and Mrs. D. V. Biggers were hostesses to the Venado Blanco Club, Tuesday evening, when a wiener roast was held in Mrs. Gibson's backyard at Skellytown.
 After supper, with the new president, Mrs. Fred Mullings, in charge, a business session was held. Mrs. Mullings welcomed the new members, and Miss Virginia Alexander, program chairman, outlined the programs for the year. As the program for the evening, Mrs. B. R. Weeks related her experiences and observations at the State Democratic Convention in Mineral Wells.
 New members present were Meses. Wesley McCulloch, Ruth Ashe, John Banks and H. T. Peacock; and Meses Peggy Pemberton, Patricia King, and Dorothy Jennings.
 Other members attending were Meses. Mullings, Weeks, Hope Rusk, Leslie Talbert, Bob Farley, Alvin Smith, Bert Isbell, Ray Vineyard and Gayle Spans; Meses. Everly and Virginia Alexander, and the hostesses.
 A special guest was Mrs. Gibson's mother, Mrs. Jarrett, of Skellytown.
 The next meeting will be the club birthday party at the home of Mrs. Weeks, who was the first president.

Business Meeting Is Held by Altar Society

Mrs. Fred Nealge conducted the business meeting for the Altar Society of Holy Souls Church when the group met in regular session Wednesday in Parish Hall. There were 23 present.
 The Rev. Otto Meyer led the opening prayer and reports were heard from officers and standing committees. A spiritual bouquet was promised and will be offered to a parishioner who is ill.
 Mrs. A. E. Zahn reported that a layette had been presented to a Polish family new in the parish. Announcement was made of a rummage sale to be held Oct. 13-14, to be sponsored by the Council.
 Mrs. M. F. Roche, Mrs. R. E. McKernan and Mrs. A. B. Zahn were appointed to the nominating committee to appoint officers for the next year.
 Mae Manning, Gale Herring, Carol Waggoner, Glenda Dudley, Alma Wilson, Aileen Weathered, Margaret Sharp, Jo Anne Latus, Wanda Dudley, Dorothy Barritt and the honored guest.
 Meses. E. E. McNutt, Marion Parks, Helen Heard, Thelma Davis, Travis Lively, Bettie Roan, J. E. Manning, W. B. Neel, T. B. Solomon, Odessa Steddum, Mickey Rafferty and Denzil Eberling.
 Manning, W. B. Neel, T. B. Solomon, Odessa Steddum, Mickey Rafferty and Denzil Eberling.

BISHOP

(Continued from Page 11)
 Mrs. M. F. Roche, Mrs. W. J. Haley, and Mrs. J. W. Garman III.
 Activities for Saturday were resumed at 8 p.m. in the parish hall with a Holy Year program. The Rev. Richard Vaughan of Price College was moderator for this session. A film explaining the route of the Holy Year Pilgrimage in Rome was shown. Mrs. Lynn Boyd, Pampa, gave a report of her visit to Rome. Mrs. Boyd made the pilgrimage in July with a group of 750 students. On arriving in France the group was divided into smaller groups for different routes to Rome. Mrs. Boyd's group traveled by way of Oberammergau, Bavaria, where they saw the famous Passion Play. She gave an account of other places visited including Venice and Florence, Italy, and concluded with the highlight of her trip, her stay in Rome. She gave many details of the pilgrimage.
 The Saturday evening session was concluded with an explanation by moderator, the Rev. Richard Vaughan of the Holy Year indulgences.

BISHOP FITZSIMON

Mass and Corporate Communion at 8 a.m. Sunday. Hostesses were Mrs. A. D. McNamara, Mrs. J. W. Garman, Jr., and Mrs. A. B. Zahn. The serving table was centered with a cornucopia of colorful fruits and vegetables interspersed with fall foliage. Mrs. Harold Altendorf served fruit juice and Mrs. R. E. McKernan poured coffee.
 Business was resumed at 11 a.m. with the president's meeting attended by moderators, pastors, district and parish presidents or their representatives. The general session was opened at 1 p.m. with the prayer to Our Lady of Good Counsel led by the Very Rev. Otto Meyer. The general business meeting followed with reports by diocesan officers and the chairman of the following committees: Confraternity of Christian Doctrine, public relations, parish organizations, nominating committee, and resolutions committee. Mrs. J. B. Johnson, Amarillo, chairman.
 Resolutions pertaining to the following were presented and adopted: recognition of true state of affairs in Communist China and resolved against seating them in the United Nations; recommendation of Federal aid to education, but against Federal interference in operation; Resolved to continue War Relief aid with clothing and other needs and to take an active interest in the armed forces.
 New Diocesan officers elected for the coming year are: Mrs. Drerup, Littlefield, president; Mrs. J. O'Callaghan, McCamey, vice-president; Mrs. J. W. Garman, Jr., Pampa, secretary; Miss Edmire Tesson, Amarillo, treasurer; Mrs. Ira Green, San Angelo, parliamentarian; and Mrs. Henry Wilhelm, Happy, auditor.
 The guest speaker for the afternoon, Mrs. H. J. Wiechern, was introduced by the president, Mrs. Wiechern, from the Dallas diocese, is regional candidate to the board of the National Council of Catholic Women. In her address she stressed the urgent need of individual responsibility on the part of every citizen during these troubled times. "Indifference," she stated "is the vanguard of the devil. Truth and knowledge must be defended always." She stated that a negative stand today is not enough but that a positive stand must be taken. She reminded that children copy and that a good example should be set for them to follow. On the importance of individual action she quoted, "It is better to light one candle than curse the darkness."
 The Very Rev. Otto Meyer led the group in a prayer closing the afternoon session.
 Final activity of the convention was a banquet at the Schneider Hotel Sunday at 5:30 p.m. The main banquet table was decorated with three floral arrangements of fall flowers, with flowers in bud vases on the other tables. Mrs. Dick Sullivan was in charge of floral arrangements and Mrs. W. B. Herr was in charge of tickets. Other arrangements were by Mrs. A. B. Zahn, Mrs. Lynn Boyd and Mrs. R. E. McKernan.
 Approximately 130 guests were introduced to the honored guest and speaker, the Most Rev. Laurence J. Fitzsimon, bishop of Amarillo. His address was on the theme of the convention, "Peace in Our Days." He commended the Council for their work toward this end and urged greater efforts for the coming year.
 The Rev. Anthony Soklich, assistant pastor of Holy Souls Church, addressed the group, telling of Communist aggression in his native Yugoslavia. He has been in this country only a short time and was able to present a vivid picture of conditions there today.

Two piano selections were presented by William Haley. At the conclusion of the banquet the convention was officially closed with a prayer led by Most Rev. Bishop Fitzsimon. Visiting clergy for the convention were: the Most Rev. Bishop Fitzsimon, the Very Rev. William Lensing, Odessa; the Very Rev. A. M. Bottoms, Amarillo; the Rev. Richard Vaughan, Amarillo; the Rev. Leroy Mathiesen, the Rev. M. Shaffie, Borger, and the Rev. James Fitzgerald, Dalhart. Advance preparations and arrangements for the convention were made by members of Holy Souls Parish Council in cooperation with the local pastors.

Lockheed, Union Scrap Contract, Okay Wage Hike

BUREAK, Calif. — (AP) — An aircraft company contract that did not have a wage re-opening clause has been scrapped because of "changed economic conditions" and the employees have been given wage increases averaging 10 cents an hour.

The new agreement was announced last night by the management of Lockheed Aircraft Corp., which employs 12,000, and Lodge 727 of the International Association of Machinists. The wage increases will cost the company about \$2,500,000 a year. The

old contract had almost a year yet to run.

Cyril Chappellet, company vice president, and John Snider, union president, said in a joint statement: "We recognize the effect of changed economic conditions since fighting began in Korea and the higher consumer prices that are expected to follow increases already made in the price of materials."

Under the old contract, the average hourly wage was approximately \$1.64. The new contract provides a boost of 8 cents an hour for employees paid \$1.24 or less and six percent for those paid \$1.25 or more.

The new agreement will be in effect until Aug. 22, 1952, with a provision for re-opening on wages next August.

The joint statement said other aircraft companies in Southern California are in similar negotiations with their union.

McLEAN — (Special) — Pfc. Doyle Jones, son of Mr. and Mrs. Sam Jones, is now stationed in Korea according to word received by his parents last week. Pfc. Jones is serving with the Marines.

MIAMI — S-Sgt. T. A. Crowson, son of Mr. and Mrs. Thomas Crowson, Miami, was wounded in action Sept. 24, in the drive for Seoul according to word received by his parents from the Defense Department Tuesday.

Sgt. Crowson is serving with the First Marine Division. He has been in the Marine Corps 10 years, serving in the Pacific during World War II. His wife is living in San Diego. They have one son, Earl, 12. He is a brother of Bill Crowson, Pampa.

William Leonard, 937 S. Nelson, Pampa, has been promoted to the rank of warrant officer, junior grade. He is a member of unit administrations, Battery A, 474th FA Battalion.

A baby girl was born Sept. 1 to Mrs. Hazel Ruth Stark, wife of Bernard L. Stark, aviation ordnanceman, second class, USN, of Pampa. The baby, born at the U. S. Naval Hospital in Corpus Christi, has been named Deborah Ann.

The baby's father is serving at the U. S. Naval Air Station, Corpus Christi. They have one other child.

Don Marlar, son of Mrs. R. F. Marlar, 927 E. Gordon, left last week for active duty with the U. S. Army, being stationed at Fort Hood. A member of the reserves, Marlar was discharged last February after extended duty in Japan.

Cpl. Bill Ellington, son of Mr. and Mrs. J. W. Ellington, Rt. 1, White Deer, is serving overseas with the 39th Fighter Squadron. Cpl. Ellington, 19 years old, has been overseas since May. He attended Pampa High School, but graduated from McLean High School in 1949.

CANADIAN — Cert Calloway, partner in the Killarney Cafe in Canadian, has been recalled to active duty with the U. S. Navy, effective Oct. 17. Calloway was stationed at Pearl Harbor at the time of the Japanese attack in World War II.

MIAMI — Pvt. Frederick W. Gordon, 20, son of Mr. and Mrs. Frederick W. Gordon, Jr., Miami, and Pvt. Harvey Lee Bailey, son of Mr. and Mrs. Grady L. Bailey, Miami, have reported to Lackland Field, San Antonio, to begin their indoctrination into the U. S. Air Force.

Chaplain (Capt) Joseph C. Solomon, son of Mr. and Mrs. T. B. Solomon, 417 W. Francis, Pampa, has reported to Brooke Army Medical Center at Fort Sain Houston, Texas, for duty with the Chaplain Service at Brooke Army Hospital.

He has just returned from a tour of duty in Germany at the Munich Military Post.

A graduate of the Hardin-Simmons University at Abilene, Chaplain Solomon first entered the Armed Forces in November 1943, and served in France during 1943-45.

He will be joined, in the very near future, by his wife, Mrs. Solomon, and their three sons, Jerry, 14, Jay, 8, and David, 4, who are currently visiting in Shawnee, Okla.

DRIFTWOOD ART — "Mask with Windblown Hair" is title of this carving by Bohus Beneš, former Czechoslovak Consul at San Francisco, made of driftwood found on beach.

Czechs Sentenced To Prison Terms

PRAGUE, Czechoslovakia — (AP) — Four former employees of the U. S. embassy here are reported to have been sentenced to prison terms ranging from 11 to 14 years.

PAMPA NEWS, SUNDAY, NOVEMBER 9, 1950 PAGE 13

the defendants — all Czechs — varied. One source said they were accused of trying to escape from Communist-governed Czechoslovakia. Another informant said the charges were high treason and espionage.

The defendants were part of a group discharged last May after the foreign ministry had ordered the embassy to reduce its staff. Two of those sentenced were women.

Ruth Chatterton is said to be the only film actress to have piloted her own plane across the United States.

Looking for POWER?

Better Buy Buick!

THAT bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show.

Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of

your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feed-bills for all these horses? How about miles-per-gallon?

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, happy owners report the best mileage in modern Buick experience.

This is due to a little-known but authentic engineering fact—which is that an engine burns less gas when it doesn't have to labor. At any normal driving speed, therefore, extra power is extra thrifty.

So we say again—if you're looking for power—mighty power—buoyant power—silken power—thrifty power—better buy Buick.

Your Buick dealer is eager for the chance to demonstrate how sound this hint really is.

ONLY BUICK HAS Dynaflo — DRIVE AND WITH IT GOES:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rim, low-pressure tires, ride-steadying torque-tube

Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Bull fighting in Spain is valued at \$50,000,000 a year.

Movie on Niseis Has Van Johnson, Others Unknown

By BOB THOMAS
HOLLYWOOD — (AP) — In his current picture, Van Johnson is being supported by a sales manager, a land agent, a news reporter, a psychology student, a custom agent and a nursery gardener.

No, it isn't tough to find actors out here. But the cast members of "Go for Broke" have been recruited from many walks of life. The reason: most of them are Nisei war veterans.

"Go for Broke," which means "shoot the works" in Hawaiian slang, is the story of the 442nd regimental combat team. The outfit, composed of Japanese-Americans, was activated at Camp Shelby, Miss., in 1943 and saw action in Italy and France. Its members fought with such distinction that the survivors were presented at the White House in June, 1946.

Van Johnson, who plays an officer of the outfit, is the only star in the picture. Most of the performers are actual veterans of the 442nd and none has ever acted before.

"They are responding very well to coaching," says Robert Pirosh, who is writing and directing the film.

Pirosh, who wrote "Battle Ground," explained how the project developed: "Dore Schary and I had long been interested in the problems of the Nisei and he assigned me to look into the chances of making a picture. I talked to a lot of Nisei in Los Angeles and elsewhere. Always the 442nd came into the conversation. I thought there might be a screen play there.

"My idea has not been to glamorize the men. For instance, there is a goldbricker in the outfit, just as there was in any other. But the picture will show that some of them have unusual problems."

Marines Seeking To Bring Young Korean to U. S.

LOS ANGELES — (AP) — Butch Chang, an 11-year-old Korean whose mother and father were killed by American bombs in the Inchon landing, may find a foster home with two Southern California Marines.

The immigration service showed a letter from Cpls. Gordon M. Paris of San Pedro and Al Poy, Lomita, asking permission to bring Butch back to the U. S. because he saved their lives.

Butch warned them that Red troops were near, the letter said. They asked him how he knew.

"Because the crickets have stopped chirping over there in the rice field," Butch said.

Body of Small Girl Is Found in Lagoon

BATON ROUGE, La. — (AP) — The body of 23-month-old Keith Campbell, object of a widespread search by 500 persons, was found yesterday in the muddy waters of a partly drained lagoon.

The blonde, hazle-eyed daughter of Mr. and Mrs. George Campbell wandered away from her home early Wednesday night. A helicopter aided ground searchers who fanned out from the Campbell home at a former army air base here, managed by the father as a civilian project.

The child's body was found entangled in vegetation in shallow water. The lagoon is not far from the Campbell home.

The figure for missing includes 193 men who have returned to military control, 73 known prisoners of war, leaving 3,877 still missing.

Battle Casualties Go Past 20,000

WASHINGTON — (AP) — The Defense Department notified American families of 20,785 Korean battle casualties through September 29.

This was an increase of 3,572 over the last previously announced total of 17,229 as of September 22.

The cumulative total included 2,650 killed in action, 15,953 wounded and 4,143 missing in action.

The total for wounded includes 294 who died of wounds, raising the number of battle dead to 2,934.

The figure for missing includes 193 men who have returned to military control, 73 known prisoners of war, leaving 3,877 still missing.

Election Runner-Up Refused General Election Chance

SAN ANTONIO — (AP) — The Fourth Court of Civil Appeals has upheld a State Country trial court in a dispute growing out of a primary election there.

The appeals court refused to take off the general election ballot next month the name of E.A. Montalvo.

The appellant in the case was Eligio Pena, unsuccessful candidate for commissioner of Precinct 4 in Starr County. His suit asked he be named nominee in the general election because his opponent is not a resident of Precinct 4.

Pena received 167 votes in the July 22 primary. His opponent, Montalvo, received 424 votes.

The court ruled Pena cannot be named nominee because he did not receive a majority of the votes, although Montalvo is not a resident of Precinct 4 and is ineligible to hold the office.

The opinion held: "A candidate who does not receive the majority of votes cast in a primary election for an office cannot be declared to be the nominee of the party for that office, even though his opponent is ineligible to hold the office by reason that he does not reside within the precinct in which the election was held."

Tiny quantities of penicillin remaining in milk after cows are treated for mastitis are upsetting the fermentation process in some cheese factories.

WHY? YES... WHY
ARE THERE NO OTHER SAFETY WORK SHOES OF LEATHER LIKE WOLVERINE TRIPLE TANNED SHELL HORSEHIDE?

HERE'S WHY
 ONLY Wolverine Tanners know the SECRET Triple-Tanning Process... that makes SHELL Horsehide so kid-soft and so pliable.

Double Duty Given Hard-Working Cop

CHICAGO — (AP) — Policeman James Ray Bauer of suburban River Forest went to West Suburban Hospital to investigate an automobile accident.

A nurse walked into the emergency room and asked "aren't you Policeman Bauer?"

"Yes, I am," Bauer replied.

"Well, let me be the first to congratulate you," the nurse told him. "Your wife just gave birth to twin boys."

Bauer had taken his wife, Sue, to the hospital before he had gone to work on the 3 p.m. to 11 p.m. shift. The children are the first for the Bauers.

336 Casualties on Latest Korean List

WASHINGTON — (AP) — The Defense Department identified 336 casualties in a Korean war list (No. 118) released Friday.

The total included 51 killed or died of wounds, 238 wounded, 16 missing in action, four prisoners of war, and 27 injured in combat zone accidents.

DOG NOTES

By PETER BOGGS

DOGS CRAWL UNDER FENCE FIRST

This past week I had a friend visiting me who wanted to see a young beagle pup of mine run in the field. As we were walking through an old pasture I noticed a single wire strand of an old fence stretched between posts above the ground. As my beagle pup ran towards the old fence I told my companion that the dog wouldn't jump over it but instead would crawl under it. Sure enough, the dog crawled under a wire he could easily have jumped over. Yet on the way home over the same course when he again was confronted with the wire barrier he jumped over it rather than waste the time crawling under it.

By instinct a dog when first confronted by a barrier will crawl under it rather than jump blindly over it. I have found that 99 times out of a 100 dogs will crawl under a wire five or six inches above the ground rather than go through two widely spaced strands just above him. And yet if he is taken over the same course again he will invariably jump over the wire. I have tried to figure out why dogs do that and the only answer I can come up with is that they fear to jump beyond into unknown territory but once they know the terrain around a barrier they jump over it without fear. What do you think?

HE MIGHT HAVE BEEN VERY ILL

The story goes that a man took a friend to a National Health psychiatrist in London and explained that the friend thought he was a dog and went about barking like one. The doctor said he could cure that. A few weeks later, the man asked his friend how he felt. "Fine, fine," was the reply. "Never better. Just feel my nose."

All of which reminds me that many people think just because a dog's nose is cold and wet that he is in perfect health. This is not always so. In fact, I have known a number of dogs who were dying and yet whose noses were cold and wet. And I have owned dogs in the best of health whose noses most of the time were hot and dry. However, it can be stated that at least 80 percent of the time you will find that the healthy dog's noses are cold. But remember that a cold nose doesn't always mean a dog is in the best of physical shape.

MAYBE IT'S TO FOOL THE DOGS

In my youth the keeper of the town pound was called "dog catcher." But I guess times have changed. When Mayor M. O. Oppergard of Crookston, Minn., appointed Kenneth Sorvig to the \$100-a-month job as city dog catcher the city council decided he shouldn't be referred to by such a plebeian title as dog catcher. According to the council, Sorvig was appointed and approved as "special officer in the police department for investigation and enforcement of provisions of ordinance regulating the confinement of dogs."

KENNEL OR KITCHEN

There is an old proverb which in effect goes: "A dog brought up in the kitchen is worth ten of any dogs brought up in the kennel." In other words, if you are content to put up with the slight inconvenience of keeping a puppy in the house from the beginning and "humanizing" him by talk and by association with you, he is going to be ten times as useful to you, ten times as fine a pet and ten times as clever than if you had left him to be reared in even the most well-equipped kennel.

Suppose a child were to be brought up in a public nursery, well-fed, well-housed and well-exercised, but debarr'd from education and from human contact. How would he compare with your

200,000 Gather in Los Angeles For Legion Meet

LOS ANGELES — (AP) — Two hundred thousand men and women are converging on Los Angeles for the opening Monday of the American Legion's 32nd annual national convention.

Kicking off the entertainment phase was last night's premiere of the Legion's top-flight dramatic revenue, "Red, White and Blue," sold out at \$10 top prices. It is a five-hour show with new tunes and after the convention it will take to Hollywood will be made into a movie.

The Legion's national aeronautics committee, meeting Friday night, heard Capt. Leland D. Webb, USN (ret) express concern because "although the aircraft industry has received \$7,500,000,000 in plane contracts, inflationary jumps in costs and labor make it appear likely that another \$380,000,000 will have to be added to this contract cost."

las MacArthur. "I think he is one of the greatest generals this country has ever had," he said. "In the Orient he has done one of the greatest jobs in the history of the world, thanks, in part, to unification."

Mexico City Given Farm Group Meet

OTTAWA — (AP) — Mexico City will be the scene of next year's meeting of the International Federation of Agricultural Producers, H. M. Hannam, president of the 26-nation farm organization, announced.

The I.F.A.P., which acts as an advisor to the United Nations food and agricultural organization, will meet in Mexico City May 29-June 8.

Babs Hutton's Fourth Mate Gets Lawyer

PARIS — (AP) — Barbara Hutton's current husband thinks if the Woolworth heiress marries a fifth time, it would be so "very grotesque" her former mates should "form a society."

Prince Igor Troubetsky suggested it in an interview at the Ritz. He avowed that he still loved his wife — who has been saying that his love was dollar-motivated — but that "apparently I mean nothing to her anymore."

He declared "she wants to crystallize her desire for something new" and left him in search of "absolute happiness." And now "she is trying to crucify my reputation," the prince mourned.

To protect it, he explained, he has hired California lawyer Melvin Belli. The prince declined to say if he planned to sue Barbara but added that "people can't walk on me forever."

Heatedly he denied Barbara's accusation that he wed her for her money — estimated between \$20,000,000 and \$40,000,000 — and insisted it was Barbara who had asked him to marry her "again and again and again." So he did, in 1947.

The heiress' first husband was the late Count Alexis Mdivani of Russian Georgia (1893-38); her second Count Kurt Haugwitz-Reventlow of Denmark (1935-41), and her third screen star Cary Grant (1942-48).

"I think she loved me," reminisced Prince Troubetsky. "She's always been sincere about everything she's done. Even if she married 20 times, she'd be sincere every time."

Still "I should never have married Babs," he went on. "It was my mistake, not hers. I was only a stockbroker. She loved high society." He gave her age as 37, his as 38.

If he married her for her millions, he asked, "where's the money? Unfortunately I never took any." His own resources are "very moderate," he declared. "I am trying to get along with my little motorbike factory in a Paris suburb."

New Oil Completions for Area Up; Locations Sag

PRINCE PROTESTS — Kerry Masada objects to his selection as "Personality Prince" at Los Angeles Nisei festival. Sachu Kazunaga (left) and Elaine Yota (right) also won awards.

Advancement through cooperation would appear to sum up topics discussed the past week at the Texas Mid-Continent Oil and Gas Association meeting in Dallas.

In almost every speech this theme has made itself apparent. Generally, industry members were called upon to cooperate with each other and to cooperate with the federal government so that military and civilian needs for fuel could be met.

One speaker went so far as to ask for government assistance. B. Brewster Jennings, president of Socony-Vacuum Oil Co. of New York, asserted that the oil industry needs more than ordinary peacetime economic stimuli to be ready to meet the demands of sudden and total war.

Another warned of the dangers of submitting the industry to control by the federal government. Frank M. Porter, president of the American Petroleum Institute, warned against concentrating the power to control the "end-use" of fuels in the hands of one man or a small group of men "however well intentioned." He said this would threaten the public's freedom to buy the kind of fuel it wants and threatens also the free, competitive market.

These two presented the extremes, Mr. Jennings would try to gain assistance from the government without the interference of federal authorities. He said the industry couldn't muster the financial support required to meet certain wartime needs. Mr. Porter, on the other hand, cited examples of the vast strides made by the industry and credited it to a form of government which "... allows freedom in production, competition, research, development of reserves and facilities and assumption of responsibility for filling public demands."

"Government control of one segment of our economy leads eventually to the control of our entire economic system," he said. S. Sayles Leach, executive vice president of The Texas Co. and winner of Texas Mid-Continent Distinguished Service Award, issued a plea to oilmen to forget their "family quarrels" in the face of current problems. "... progress and prosperity are not achieved by human conflict but by human cooperation. As a team the oil industry can solve any problem, surmount any obstacle."

R. B. Anderson, president of the association, sought a study of Texas taxation problems and an "emergency partnership" between the petroleum industry and defense mobilization agencies of the federal government. He pointed out that a major share of the increased cost of government in Texas has been borne by the petroleum industry which, in 1949, paid 31 percent of the total cost borne by Texas taxpayers, compared to a 12 percent share in 1940. In that period the cost has risen from \$141 million to \$444 million a year. He said that Secretary of Interior Oscar Chapman has promised to leave at the end of the emergency "the same competitive

September Drilling Takes Sharp Drop

Shortening supplies of steel plus a week of rainfall during September pushed Panhandle drilling totals for the month well below figures for August activity.

New locations dropped to 61 for September compared to 67 reported for August. Completions slipped to 84 from the previous month's 93. Of last month's completions there were 48 oilers, 30 gassers and six dry holes. August figures show 61 oilers, 24 gassers and eight dry holes.

Rotary Tools At New Peak

DALLAS — As members of the oilwell drilling industry from all parts of the country prepared for the tenth annual meeting of the American Association of Oilwell

Drilling Contractors in Tulsa, Oct. 8-10, they saw operations of rotary tools at a new peak for the year.

With a net increase of 36 active rigs during the week of Oct. 2, drilling operations in oilfields of the United States and Canada were more than 15 percent higher than the comparable week in 1948. In 1948 operations totaled 1,047 rigs and completed 41 for 2,665 barrels of oil and 126,573 MCF gas. 1949 showed 2,372 operating rigs, compares with 2,358 a week ago, 2,298 a month ago, 2,064 in the comparable week of 1949, and with 2,378 in 1948.

A comparison by principal areas for the past two weeks shows:
 Pacific Coast, 145, up 2; Oklahoma, 279, up 11; Kansas, 139, up 1; Rocky Mountain, 123, unchanged; Canada, 105, up 1; Ark-La-Tex, 141, down 7; West Texas & New Mexico, 776, up 18; Gulf Coast, 528, up 5; Illinois, 136, up 5.

relationships among the units of the oil and gas industry as exist today.

"Since the secretary has proposed the closest possible cooperation between government and industry as the best means of meeting any supply program and since he has declared it to be his policy to 'employ the minimum of regulation...' it behooves us... to give unselfish support of our manpower and abilities."

Historian Carl Coke Rister told oilmen the picture presented in history books of the oil industry was, at best, inadequate in connection with scandals or in an unfavorable light.

He pointed out that a major share of the increased cost of government in Texas has been borne by the petroleum industry which, in 1949, paid 31 percent of the total cost borne by Texas taxpayers, compared to a 12 percent share in 1940. In that period the cost has risen from \$141 million to \$444 million a year. He said that Secretary of Interior Oscar Chapman has promised to leave at the end of the emergency "the same competitive

Potentials Increased to 913 Barrels

New oil wells and cumulative increased potential pulled up sharply in the Panhandle field last week compared to reports from the previous week. However, new locations dropped as did gas completions and gas potentials. Operators finished 12 new oil wells in the area for an increased potential of 913 barrels. This compares to eight oilers finished for 600 barrels in the week ended Sept. 29.

There were but 13 new locations staked compared to 17 the week before and gas completions fell from 14 reported the previous seven-day period to five filed the past week.

TWO TEXANS—one who began earning a living as a country storekeeper, the other as a bookkeeper—received the top awards in the Texas petroleum industry. At its 31st annual meeting the Texas Mid-Continent Oil & Gas Association gave its Distinguished Service Awards to Fred W. Shields, left, San Antonio oil operator, and J. Sayles Leach, right, Houston, who was named executive vice president of The Texas Co., New York, in August of this year.

Help Is Promised In Fuel Increase

By MAX B. SKELTON
 HOUSTON — (AP) — The federal government has added a "regardless of cost" phase to its demand for more aviation gasoline.

Secretary of Interior Oscar Chapman has assured the oil industry the government can be expected to aid in meeting "all properly supported extraordinary costs" incident to meeting the emergency.

Chapman, as head of the new petroleum administration for defense, had just called upon the industry to increase military aviation gasoline output by at least 25,000 barrels daily by the end of the year.

Such an increase would place output at approximately 150,000 barrels a day.

J. R. Parten, petroleum consultant to Chapman, said the decision to offer financial assistance was based on a realization oil companies would have to make millions of dollars in "abnormal" expenditures.

PAD spokesmen expressed confidence the industry will meet the emergency but admitted "we are trying the voluntary method first."

Defense Oil Body Has Difficult Job

By CHARLES HASLET
 WASHINGTON — (AP) — The Petroleum Administration for Defense has its first big job in trying to get the oil industry to step up its output of aviation gasoline by 25,000 barrels a day before the end of the year.

Production averaged 137,000 barrels daily in July, the latest month for which Bureau of Mines figures are available.

J. R. Parten, consultant to Secretary of the Interior Oscar Chapman, administrator of the new agency, sees no prospect of gasoline rationing for civilians—even with the stepped-up aviation gasoline program.

That is, unless the country gets into what he terms "a real war." Nor will the increased production of aviation gasoline result in any noticeable difference this year in octane rating of gasoline insofar as the motorist is concerned.

Even next year, says Parten, the decrease in octane rating of civilian gasoline under the program now on the boards would not be enough to make a very great difference to automobile drivers.

In a move to increase immediately the output of aviation gasoline, its components and butylene for rubber, the agency has asked the industry to go ahead with necessary expansion now, assuring it the government will take into account the added costs in buying the needed commodities.

In other words, Chapman and Hugh Stewart, acting deputy administrator, have asked the industry to do something more expensive. They also have requested that the industry have faith that it will be paid through adequate prices.

Officials explained it will take about 30 days to work out a formula for the additional cost to the industry.

If the industry waits 30 days, the government estimates it will lose some 600,000 barrels of aviation gasoline.

Gasoline prices at the filling stations are not expected to be affected greatly.

Chapman has named three oil company men to handle the aviation gasoline program.

They are A. F. Frame, vice president in charge of manufacturing and research for Cities Services, who will direct the program; Thomas L. Apjohn, Socony-Vacuum, assistant director of the aviation gas program and Donald F. Heath, also of Socony-Vacuum.

A deputy director for the agency has not been named. Bruce Brown, New Orleans, president of the Pan-Am Southern, is most frequently mentioned for the job.

A recent tank car survey shows no industry shortage for normal traffic, Parten has reported. But, he said, some recommendation for an increase in pressure tank cars may be made later.

A Senate small business subcommittee, investigating the fuel oil situation for New England this winter, expects to report Oct. 15.

Aides say there may be no fuel shortage in that area this year. They add that if there is one, it is not expected to be as severe as in 1947, 1948 and 1949.

The National Petroleum Council's committee on petroleum industry steel requirements estimates U.S. petroleum demand will average 6,700,000 to 6,800,000 barrels daily this year; 7,000,000 to 7,100,000 in 1951 and 7,200,000 to 7,300,000 in 1952.

These figures, it said, may not represent the needs under a wartime economy.

Steel requirements of the petroleum industry were estimated at 10,013,300 short tons for 1950 and 11,870,838 for 1951.

Plans Shaping For Oil Show

ODESSA — (AP) — More than 200 exhibitors representing 25 states and the District of Columbia will display oilfield equipment and services at the Permian Basin oil show in Odessa October 19-22.

All indoor and outdoor exhibit space at Ector County park has been contracted. Displays will vary from intricate bottomhole instruments to super cementers and drilling rigs to junk baskets. About 50,000 persons are expected to attend the four-day show. Entertainment will feature four dances nightly, fireworks displays, vaudeville and a chuck wagon gang barbecue for an estimated 20,000 Saturday night.

Commissioner Ernest O. Thompson released a set of 17 questions which representatives of the oil industry will be asked to answer. Representatives will be asked for opinions on whether national crude, gasoline and heating oil stocks were ample on April 1 and Sept. 30, the beginning and end of the heavy gasoline consuming season.

The commission will also call for reports on companies' individual crude, gasoline and heating oil stocks of now and a year ago and whether these stocks are adequate, high or low.

Reports on the daily average amount of crude and products imported each month this year and how much they expect to import in the first half of 1951 will be sought. Company pipeline capacity for more crude and the number of days' supply of crude as of Sept. 30 will be determined.

Oil Supply Study Planned

AUSTIN — (AP) — The Railroad Commission will review the crude oil supply situation at its Oct. 19 statewide proration hearing to determine whether the November daily allowable can be increased.

Commissioner Ernest O. Thompson released a set of 17 questions which representatives of the oil industry will be asked to answer.

Representatives will be asked for opinions on whether national crude, gasoline and heating oil stocks were ample on April 1 and Sept. 30, the beginning and end of the heavy gasoline consuming season.

The commission will also call for reports on companies' individual crude, gasoline and heating oil stocks of now and a year ago and whether these stocks are adequate, high or low.

Reports on the daily average amount of crude and products imported each month this year and how much they expect to import in the first half of 1951 will be sought. Company pipeline capacity for more crude and the number of days' supply of crude as of Sept. 30 will be determined.

Oil Production in Canada Credited For Dollar Saving

CHICAGO — (AP) — Canada's oil production will mean a saving to Canada of \$145,000,000 in United States exchange next year, W. F. Prendergast of Toronto told the American Life Convention last week.

Prendergast, assistant to the president of the Imperial Oil Co., Limited, said Canadian oil production had meant a saving this year of about \$100,000,000 in U.S. exchange and is helping Canada achieve a dollar balance with the U.S.

In a talk prepared for delegates, he said perhaps half of all capital investments in the Canadian oil industry are now coming from investors in the United States.

Authentic Touch — Chief Bad Bear, a Sioux Indian, wears ceremonial costume for his role in the film, "Tomahawk," a story of the Sioux, being filmed in South Dakota.

Oklahoma Wildcats Take Second Rise

TULSA — (AP) — Oklahoma oil field completions slumped during the week but new tests continued to rise, early reports showed.

There were 108 finals compared to 141 last week. Included were 75 oilers, three gas wells and 36 dry holes, the Tulsa World survey disclosed.

Other statistics: average daily initial output of crude, 5,702 barrels; of gas, 2,980,000 cubic feet; and 400,454 total feet drilled.

New tests were up for second successive week, this time to 127 in 28 counties, 24 over the previous report, Stephens County led with 16.

AAODC Completes Book Revisions

DALLAS — A complete revision of the manual of accounting practices and procedures for the oilwell drilling contractor and of the costing guide of items and materials used in oilwell drilling has been published by American Association of Oilwell Drilling Contractors.

The new manuals replace those originally published in 1945 and give recognition to advances, improvements and trends in cost accounting with the drilling industry since that time.

These manuals are available through A.A.O.D.C. headquarters, 321 Reserve Loan Life Building, Dallas.

Phillips Worker Is Given Award

Homer C. Gibson, Borger, will receive an award this month for completion of 25 years continuous service with Phillips Petroleum Co.

Gibson started with Phillips as yardman at Okmulgee, Okla., in 1925. He was promoted to chief engineer of Borger plant in 1927 and in 1928 became plant superintendent there. During his employment with the company, he has been plant superintendent of Borger, Texark, Carson, Panhandle, Bowers and Canadian plants. He has been superintendent at Canadian plant since 1947.

The request was filed at the request of State Comptroller Robert S. Calvert and Attorney General Price Daniel.

HONEST WADE

—Are the people of Pampa being inflated—geometrically from a dollar and cents standpoint I'd say yes—day before yesterday I went down to the bank and withdrew 10 cents from my expense account to make a purchase—I went over to the Pampa Hardware and they sold me two mouse traps for the dime—10 years ago I bought the same 2 traps plus another one for the same money the only difference being in the trigger part of the thing that catches the mouse—instead of setting it from the top, the long wire goes to the side of the trigger now, which would make that much difference in the price of the article that I can see—in fact I have my doubts if its an improvement over the traps that we could have bought 20 years ago—anyway what I am getting at is the inflated price of the traps over a 10 year period—I would say that that is an inflationary pattern that might not have a stopping point if something isn't checked—of course I have full confidence in the President of these United States, and also of the congress, but I would like for them to keep up with what is going on and not let this thing get out of hand—if traps continue this dizzy spiral over the coming 10 years, as they have in the past, this rat killing business could become a luxury—

—Been setting here talking to an old boy who has lived here a long time, and he tells me he has decided to sell his farm and move away—he owns a good section pretty close in to Pampa, and its well improved—if you would like to get a hold of a good 1/2 section of wheat land plus these improvements, would be glad to take you out and let you talk to him—has got most of it saved to wheat again which he would let go, along with half the mineral rights—I might add here that the gas is generally checked every month, and they could drill a oil well anytime if they fit—the price is not to high according to the way it has been paying off the past ten years—

—One of my lady friends has a good 1948 Buick Convertible Sedan that she would like to trade for somebody's equity in a house—wants to make a rent house out of it—if you happen to own a equity in a house but rather have a Buick Convertible, we might make a deal with you—you wouldn't even have to move as we would go ahead and let you live in the house plus rent—but if you did want to leave town, and was going south, it might be a good trade for both of you—you'd have a car to go south in, and she would have a house to rent out—

—When you think of Real Estate, or any kind of business for that matter folks, think of me—ive been here a long time and I no lot of people—I maintain the only up to date down town office that is right on the ground floor in the middle of the business district with plenty of overhead exposure—I have quite a little to sell, and quite a little to trade, but I don't never have enough—if you are figuring on selling anything, or if you are figuring on buying, I actually believe it would pay you to see me first—I buy and sell, and trade something every day—in a 1/2 hour or sell anything that I think I can make an honest dollar on.

SPEAKING OF Furniture

By DON FOSTER

SCENE STEALER

One of the most inspiring and practical trends in modern decorating is the recent revival of murals. In the not-too-far past only those of fabulous wealth could afford to have artists paint murals on their walls. Today beautiful wallpaper murals are within the bounds of the most modest budgets.

Besides imparting a feeling of great space to your room, a wallpaper mural can create a rich, breathtaking decorative effect. If you love the outdoors you can interpret its richness with a mural of a rustic country lane bordered with evergreens; or a snow scene; or a lazy river flowing dreamily across your wall.

Sketched above a wallpaper mural of silver birches along a bank of wide blue water makes a small inside dining room appear delightfully spacious. Dado

and woodwork of soft blue blend with mural sky coloring. Remaining wall and floor covering are quiet grey. Ceiling is white.

The soft, silvery lustre of the birch table with Duncan Phyfe legs, and birch Sheraton chairs harmonizes perfectly with this picturesque background. The birch lowboy has the same clarity of beauty and design as table and chairs. The silver planters above it were made from an old Sheffield tureen.

Come in and see us for more ideas that will give distinctive decorative touches to your home.

JACOBY ON BRIDGE

Joe's Ace Could Have Saved Him

By OSWALD JACOBY
Written for NEA Service

"Why is somebody always able to hold up his ace until the last second?" Hard Luck Joe asked mournfully. "After all, there are such things as singleton aces and doubleton aces. Why do I always have to find three to the ace held against me?"

"You were killed by three to the ace in both black suits," North observed quietly. "You couldn't do anything about the

Joe should have won the first trick with the ace of spades! Then dummy's remaining spades would have provided a sure entry for the clubs. Declarer could begin the clubs at the second trick, forcing out West's ace. With two low spades in the South hand, it would be easy to get to dummy with either the queen or jack of that suit. Declarer would therefore make five clubs, two diamonds, two spades, and possibly a heart.

one that the enemy held, but you certainly could have saved yourself with the ace that you held yourself."

Joe looked bewildered, as usual. He couldn't see what the spades had to do with the situation. West had opened the five of spades, and dummy's nine won the trick. Hard Luck Joe, playing the South hand, immediately attacked the club. Unfortunately for him, West was able to refuse the first and second round of clubs. When West took the third round of clubs, it was up to Joe to find some way to get back to dummy.

West shifted to the jack of diamonds, and Joe won with the king. Joe next led a low heart towards dummy, hoping that West had the ace. However, East captured dummy's queen with the ace of hearts and returned a spade.

At this point, the hand was hopeless. Joe could take two spades, one heart, two diamonds and two clubs. He was therefore set two tricks.

As North had indicated, Joe should have made his contract by proper handling of the spades. Do you see how? Decide for yourself before you read on.

Coon Dog Saved, Sadder and Wiser

GRAND RAPIDS, Mich. — (AP) — Duke came out in the open at 12:45 a. m. Friday, quite obviously a sadder and wiser dog.

For 36 hours the three-year-old fox hound had been trapped in an abandoned sewer.

The combined might of the city, the county of Kent, and the Michigan Consolidated Gas Co. finally rescued Duke. Their heavy equipment moved more than 30 tons of dirt in digging up the sewer.

Duke had an audience at the finish. A crowd of 400 persons was at hand as his master, John De Young, picked him out of a litter of broken tile and crumbling earth.

The dog dashed into the sewer Monday night in apparent pursuit of a raccoon. He was found an eighth of a mile from the spot where he entered the sewer. There wasn't any report on the coon.

Philippines Soldiers Account for 50 Huks

MANILA — (AP) — National Defense Secretary Ramon Magsaysay said Friday 50 Communist-led hukbalahaps were killed and three Philippines soldiers were wounded in Bulacan province. Fighting continued.

Mexico Promises Meat Sales Aid

CHIHUAHUA, Mexico — (AP) — President Miguel Aleman has promised Chihuahua state stockmen the federal government will try to arrange for foreign sales of their frozen meat.

A delegation of stockmen visited him to explain their situation. Northern Mexico formerly sent some 400,000 head of cattle to the U.S. annually. The outbreak of foot and mouth disease caused the U.S. to close the border to Mexican cattle and meat. Mexico then established six canning plants, but the output of these flooded the market. Now the cattlemen have established packing houses to produce frozen meat, but have difficulty in finding a foreign market.

The president said the ministry of national economy would

British Labor Party Rejects French Plan

MARGATE, Eng. — (AP) — Britain's Labor party voted almost unanimously Friday to steer clear of the Schuman plan to pool Europe's coal and steel. The plan was named for its originator, French Foreign Minister Robert Schuman.

The party, at its annual conference, turned down the idea of Britain's entry into such a plan — as has the Labor-ruled government previously — because it would require them to give up some sovereignty in controlling the nation's industries to a European federative body.

The party act as a selling agency for the Mexican meat.

El Salvador is the only Central American country without a seaport.
