

Allred Is Considering Padlocking Gambling Dives And Liquor 'Joints'

GOVERNOR ASKS ARREST OF HOPKINS

SAN ANTONIO'S OPEN SALOONS TO BE CLOSED

GOVERNOR CALLS UPON LOCAL OFFICERS TO ENFORCE LAW

AUSTIN, March 18. (AP)—Governor James V. Allred said today that padlocking of places violating state liquor and gambling laws was under consideration. The governor reiterated a determination to close gambling joints and saloons by power of the Texas Rangers if local officers refused to enforce the laws. Simultaneously, Attorney General William McCraw stated he was in hearty accord with the governor's drive to enforce the law and would cooperate as the state's legal officer if called upon. Meanwhile, Governor Allred said telegrams and letters commending his action in using Rangers to close gambling and liquor selling establishments in various Texas cities were being received. "The adjutant general and I have discussed the subject of padlocking," Allred said, "but no conclusion has been reached. Padlocking doesn't seem necessary at present. "It is the constitutional duty of the governor to cause the law to be enforced," McCraw said. "All laws ought to be enforced. If they are good laws, they will stand up, and if they are bad ones, they will be repealed. "If the governor calls on us for assistance, we will give it gladly within the limits of the statutes. He is the executive charged with enforcing the law; we constitute the legal department. "The governor and adjutant general revealed Rangers were under orders to obtain any evidence of dereliction of local officers which might be used for ouster suits. Raids in San Antonio, one of the so-called "open cities" of Texas apparently will await a promised drive by Sheriff Albert West, who Allred said had pioneered in closing gambling places. Allred said Nesbitt conferred with West after noticing news items that San Antonio saloons were still open. West told the state officials he could "take care of the situation," and promised immediate action. Threat of Ranger raids was held out, however, as Nesbitt refused to state formally Rangers would not be sent there. West reported to Allred that all "open gambling had been stopped," and that he would start a drive "to clean up liquor dives and saloons and was at any time" ready to cooperate with Rangers. Allred defended action of Rangers in destroying with axes gambling paraphernalia in Houston and Galveston, assuring the matter was gone into very thoroughly before the Rangers took that action. He declined to identify lawyers who gave the advice after asserting it was not from the attorney general's department. With gambling places generally reported closed, Allred observed "the experience in Houston and Galveston shows officers can enforce" the laws. Allred had not received a reply from Guy T. Heverling, collector of internal revenue, to whom he had recited a protest against the \$1,000 federal excise tax on sellers of hard liquor as in effect a license to operate open saloons.

SAN ANTONIO, March 18. (AP)—All San Antonio's open saloons were ordered closed this morning by Sheriff Albert West. From now on they can sell nothing but 3.2 beer the sheriff said. West's order was issued following a conference here Sunday with Adjutant General Carl Nesbitt.

SMASH SLOT MACHINES GALVESTON, March 18. (AP)—Texas Rangers entered a warehouse here today and smashed 42 slot machines. They confiscated cash they found in the machines. Since Rangers started their raids on gambling houses and devices here last Friday night, they have confiscated or destroyed 107 slot machines.

Clay Cecil received only slight injuries when his car struck a culvert and burned on the Borger highway last night. Mr. Cecil was returning from Skellytown when his lights failed and he struck the culvert before he could bring the car to a stop. The injured man was brought to Pampa by J. E. Satterfield who was driving behind Mr. Cecil, who was able to go to his home after receiving medical treatment. Mr. Cecil is employed at the Tom Rose Motor company. A few weeks ago Mr. Cecil's car was stolen. It was found on the Hobart street crossing two days after it had been stolen. The car had been driven 150 miles.

Del Love, almost with tears in his eyes, begging local golfers to say they will participate in the golf matches March 21 when a group of Amarillo good will golfers will invade Pampa. Interest in the trip has reached such a pitch in Amarillo that it is expected that several hundred Amarillo golfers will be here. Any golfer desiring to play should register at the country club at once, giving his score to Mr. Love.

BRITAIN PRESENTS NOTE TO GERMANY AFTER CONFERRING WITH ITALIANS AND FRENCH

LONDON, March 18. (AP)—Great Britain tonight protested to Germany against the formation of a conscript army as announced by Reichsfuehrer Hitler as "calculated seriously to increase the unreasonableness of Europe."

The note, delivered in Berlin by Sir Eric Phipps, British ambassador, expressed the British government's regret at Germany's action. "His majesty's government," the note said, "feel bound to convey to the German government their protest against the announcement made by the latter March 16 of a decision to adopt conscription and to increase the peace basis of the German army to 36 divisions. "Following upon the announcement of a German air force, such a declaration is a further example of unilateral action which, apart from the issue of the principle, is calculated seriously to increase the unreasonableness of Europe."

PRIZES WILL BE GIVEN BOYS IN MARBLE GAMES

Sheriff Talley Quite A Player, It Is Learned

Play in the Pampa Daily NEWS school marble tournament will be under the supervision of directors in the various ward schools until the school champions are selected in the two age groups. Prizes will be awarded and the city champions named in the final tournament. The school preliminaries are to be finished April 2, when the date of the finals will be set. Rules for the contests were printed in THE NEWS yesterday. Among those who are interested in the game of marbles is Sheriff Earl Talley. Mr. Talley thought so much of his game that he had it engraved in gold straps for use as a watch charm. It is an agate of excellent color, with a red eye on one side and a white eye on the other. The sheriff, it is said, was an expert marble player. All of the Pampa ward schools and Merten school have entered the tournament. School champions of 10 years of age and under and those of 11 years of age and older will be chosen, then these will meet for the city championship. The simple game of Car Eye has been chosen for the tournament preliminaries. For the finals, however, it is likely that a different game will be played in the older age group.

CITY RESIDENT HUNTS HIS WIFE AND TWIN SONS

Husband Is Searching Desperately for Trio

With another almost sleepless night behind him, G. W. Carter, 222 W. Brown street, arose with the dawn this morning and renewed what thus far has been a futile and fruitless search for his wife, Mrs. Bertha Carter and their 13-year-old twin sons, Delbert and Delton who disappeared so completely in the latter part of February that not a positive trace of them has been found. Mr. Carter again sought the aid of local peace officers, and in addition asked Mrs. W. H. Davis, county relief administrator, to locate the trio. He appears bewildered and terribly anxious.

Mrs. Carter came to Pampa about six weeks ago from Stephenville to be with sick relatives here. Two weeks later, Mr. Carter sold his farm property, including chickens and livestock and machinery, and moved to Pampa bringing with him the twins. Carter obtained work with a construction firm here, and went home one day and found his wife and children had had a daughter. "I'm long-time gone," she had \$35 in money with her. The boys took a police dog. An Amarillo truck driver told Mr. Carter that he thought he saw the quartet on highway 66 headed west. Mr. Carter's investigation was not positive. The boys are identical twins, brown-eyed and brown-headed, and resemble their mother. Mr. and Mrs. Carter have five older children. A son lives in Oklahoma City, and he said his mother and brothers are not there. Mrs. Carter has a brother in California and her husband considers that she might have gone there but he believes she is still in this section. The couple had been married and had lived together 27 years. He said that his married life had been happy, and that she gave him no intimation that she was leaving. Her parents, the Rev. W. S. Evans and wife, a three brothers live in Oklahoma City.

Mr. Carter and the twins left Pampa in a truck, her husband was driving, but he does not know to whom the vehicle belonged or who was the driver. Persons who have knowledge of the identity of the truck driver or of Mrs. Carter's whereabouts are asked to communicate with Mrs. Davis or city police.

Commissioners Will Urge Bond Bill Be Passed

The Gray county commissioners court has voted to go to Austin in a body in behalf of House bill 383, which would have the effect of having the state take over all road bond indebtedness in the county. The court paid \$200 for a used adding machine for the county clerk's office. An elevator and grader bought by precinct 3 was transferred to the county as a whole for a consideration of \$3,500. Issuance of the last \$39,000 of county road bonds was authorized. These of series L will bear 4 per cent interest and will be dated April 1. Another group of bonds totaling \$49,000 was sold to the Brown-Crummer company at par and accrued interest, minus a commission of 3 of one per cent for finding a market. The interest rate was 4.9 per cent.

Richberg Accused By John L. Lewis

WASHINGTON, March 18. (AP)—John L. Lewis, president of the United Mine Workers of America, today accused Donald Richberg of encouraging violation of labor board decisions by his interpretations of section 7-A of the recovery act. Richberg's interpretation of non-union employes' rights under the collective bargaining provision, Lewis said, would encourage the industry to refuse to abide by decisions of the labor boards. Testifying at a hearing on the Wagner bill to outlaw the company-dominated unions, Lewis also maintained Richberg's interpretations "encourage institution of company unions."

Clark Gable Flees From 8,000 Frenzied Admirers at Dallas

DALLAS, March 18. (AP)—Clark Gable was on his way to Hollywood today after letting a crowd of women, of all things, change his mind four times in as many hours. So jittery was the man whose love scenes on the screen have made numberless feminine hearts flutter, he couldn't make up his mind after he was 30 miles away from the army of admirers who sought after him. Forced to flee from the airport here where something like 8,000 women stormed his plane yesterday, Gable flew to Fort Worth, intending to go on westward. But he decided to remain in Ft. Worth and cancelled his reservation. The scare had made him jittery, however, and he changed his plans again. He secured another reservation and took a 11:40 p. m. American Airways ship to the west coast. Gable was the only man who found that he couldn't manage women in Dallas. Forty-five national guardsmen, four policemen and a cab driver know how to sympathize with the actor. Returning from the wedding of his step-daughter at Houston, Gable planned to stop here three hours. Hardly had the plane touched the ground when the throng burst through the lines of guardsmen and police. Gable never got out. Women covered the plane. The actor offered to come out if the women pushed forward. Then Gable suggested to the pilot that they take off. With barely enough space cleared for the get-away, the plane took to the air. Shortly after the plane left here another ship landed and two passengers got into a cab. One of them looked like Gable. So the crowd stopped the cab, mauled the driver, and delayed his fares 45 minutes while he tried to explain that he had no movie actors with him.

The actor offered to come out if the women pushed forward. Then Gable suggested to the pilot that they take off. With barely enough space cleared for the get-away, the plane took to the air. Shortly after the plane left here another ship landed and two passengers got into a cab. One of them looked like Gable. So the crowd stopped the cab, mauled the driver, and delayed his fares 45 minutes while he tried to explain that he had no movie actors with him.

Commissioners Will Urge Bond Bill Be Passed

The Gray county commissioners court has voted to go to Austin in a body in behalf of House bill 383, which would have the effect of having the state take over all road bond indebtedness in the county. The court paid \$200 for a used adding machine for the county clerk's office. An elevator and grader bought by precinct 3 was transferred to the county as a whole for a consideration of \$3,500. Issuance of the last \$39,000 of county road bonds was authorized. These of series L will

5,000 Watch Cats Play As Texas Leaguers Open Year

Baseball Interest in Texas Revived, Crowds Show

BY BILL PARKER
Associated Press Sports Writer

Prospective 1935 Texas leaguers spent Sunday striving to convince skeptical managers that they are worth another week of free room and board.

Spring practice blossomed from the routine into intra-squad games in several camps. At Dallas the fans got their first doubleheader. Manager Byrne James sent his Steers against a local amateur crew in the initial contest which the Steers won, 8 to 2. In the second game, the Longview Cannibals (Dallas farm) swamped a sandlot aggregation, 3 to 1.

At Fort Worth, 5,000 spectators saw the Cats and Kittens play a 3 to 3 tie. Jimmy Outlaw of the Kittens led with a pair of hits. The crowd was a pleasant surprise and showed keen interest in the play-

ers, indicating that baseball interest in Fort Worth is being revived.

Manager Jack Mealey sent his Galveston Buccaneers through a short batting and fielding practice. About 1,000 fans sprinkled the grandstand to see the Bucs, last year champions, work out.

Drew Witt, rookie third sacker, hit a home run in the ninth inning to give the Houston Yarnigans a 11 to 9 victory over the regulars while some 3,000 fans cheered the youngsters and veterans alike.

The Yarnigans hammered out 17 hits, four of them by J. C. Dodd, second sacker from Houston sandlots.

In their spring training camp at Henderson, Tex., the Tulsa Oilers dropped a practice tilt to the Sun Oilers, strong semi-pro outfit, 5 to 4. It was a 10-inning battle.

The re-vamped Oklahoma City Indians put on a ninth-inning rally that netted three runs to win from the Humble Oilers, semi-pros, 5 to 4. The game was played at Jacksonville, Tex., where the Indians are training.

The Beaumont Exporters defeated the Importers, 5 to 3. It was the first intra-squad game of the spring training camp and played in extremely chilly weather that prevented the athletes from cutting loose. The fielding was ragged. Each club got eight hits. The San Antonio Missions start their full-squad training today.

NEW TRICKS IN FISHING

LAUREL, Del. (AP)—Fishermen hereabouts are using the "sex appeal" of roe herring in their fishing operations, according to tales going the rounds.

Some of the fishermen tell of tying long pieces of cord to the roe herring and letting them swim into the river until buck herring are attracted. Then the roe is pulled slowly into short and the buck are netted in shallow water.

The idea works, the fishermen say.

EROSION CONTROL MEETING WILL BE HELD IN DALHART ON MONDAY

DALHART, March 18.—Directors of the Dalhart Chamber of Commerce have asked landowners, county agents, commissioners, county judges, bankers, business men and everyone else interested in erosion control and soil conservation in the Panhandle section of Oklahoma, Texas, New Mexico, Kansas and Colorado to meet here today to press for an emergency program on upwards of 3 million acres.

Specific invitations were sent to persons in 51 counties but delegates are expected from a larger number.

Because of drought, lack of money for seed, AAA retired acres, or wheat failure this land is denuded and certain to be robbed of its rich topsoil by harrowing winds unless immediate preventive action is taken. When considered in the light of soil ruin and depletion of future food supplies the situation is most serious, the directors declare. The program sought will be:

1. Briefly, for the government to finance contour listing and wide-row sorghum planting on these denuded acres. Farmers would be furnished seed and gasoline, if they have tractors, and paid for their work. They would be permitted to plant under supervision of an erosion specialist, and next fall could harvest the sorghum, provided they left sufficient stubble to assure erosion protection.

John E. Hill, Amarillo, will back from a conference in Washington will be the principal speaker. He has urged the Dalhart chamber that the U. S. Soil Erosion service is willing to undertake the vast emergency task if money and action can be secured immediately. Press reports say there is still unexpended \$1,500,000.00 of the \$3,000,000.00 PWA appropriation of two years ago. The Erosion service was born in July 1933 and proponents of the emergency plan feel additional PWA money can be secured.

Hornsby To Be Big Factor In Browns' Future

BRIEFS FROM TRAINING CAMPS

(This is the seventh of a series of stories gathered first hand at the spring training camps, on the 1935 prospects of major league baseball teams.)

BY EDWARD J. NEIL,
Associated Press Sports Writer.

WEST PALM BEACH, Fla., Mar. 18 (AP)—Rogers Hornsby himself, baseball's Rajah, provides the most interesting feature of his efforts to boost the St. Louis Browns this season from the middle extremities of the American league's second division. It is to be done, the Rajah's hitting, averaging .350 through his 20 years in the majors, will have to be one of the prime factors in the uprising.

"We've got to get hitting to get anywhere," says Hornsby, "and if I feel as good a month from now as I do this minute, I'll be in that infield somewhere doing my share. I don't know where that will be, but I do know I haven't felt as well as this in the spring for several years."

"My legs haven't troubled me. I'm down to playing weight, I'm only 38 years old. If Babe Ruth can keep going, I don't see why I can't."

Hornsby, putting French punch into the Browns' infield, leading the attack in person, might make considerable difference in the American league race this season, though even the Rajah's most optimistic hopes soar no higher than fourth place. He likes Cleveland's chance to win, with the Ruthless Yankees, Tigers, and Senators scratching and clawing it out for the leadership and the remainder of the top places.

Hornsby hasn't tried to inject himself into spring training contests as a regular as yet, and until he does his regular infield consists of Irvin Burns, brilliant fielder, but only a .257 batter last season; at first, the veteran Oscar Melillo, still one of the best in the business, and second, the hitwader, Johnny Burcher, a real insurance, and Harland Child, graduate of last year's rookie class, at third.

With tough Rollie Hemsley to do the catching and Frank Grube to help him, Hornsby's pitchers have first class support. The staff is heavy with capable right handers. Buck Newsome, George Bleaeholder, Dick Coffman, Jack Knott, and Paul Andrews—and in Welland the Rajah boasts the first regular starting southpaw he's had since taking over the management of the Browns in 1933.

On top of this, Fay Thomas, up and down for years and possessor of one of last year's most impressive minor league records, .285 and 47-13, at Los Angeles, has looked so well in spring training that Hornsby believe he will make the grade this time.

There's a fine opening in the Browns' outfield for one more first string gardener. Sam West, Bill Zerk, a .326 batter, has centered all to himself and Ray Pepper, the big fellow who drove in 101 out in left. Debs Garms, who hits close to 300 but is a trifle weak on fielding, has the call right now on the rightfield vacancy, with Roy "Beak" Bell, husky Galveston rookie, his chief rival.

ST. PETERSBURG, Fla. (AP)—They're scurrying for tickets already to see the Babe go into action against "Dizzy" Dean.

The meeting comes next Wednesday during the Braves-World's Champion Cardinals game, and the advance sale of tickets promises another big crowd at the Tribesmen's waterfront park.

Ruth makes no promises, but "Dizzy" has cautioned the Babe to get plenty of batting practice.

CROWN PRINCE PRAISES HITLER FOR RE-ARMING

But Declares Leader Does Not Want Another War

By Former Crown Prince Friedrich Wilhelm of Germany (Copyright, 1935, by The Associated Press.)

BERLIN, March 18.—You (The Associated Press) have asked me to make a statement concerning the most recent government declaration which der Fuhrer and Chancellor, Adolf Hitler, the honor and independence of our fatherland has been recovered.

Out of the mouth of our Fuhrer and from the different utterances by the leading men in the government, all serious people know that nothing is farther from Germany's thoughts than warlike intentions, that on the contrary the third reich unconditionally needs peace for the completion of its great cultural and economic questions.

Our Fuhrer, who, as a simple soldier, always fought in the front line during the war and who, like all we veteran soldiers, knows what a fathomless misery accrues to every people through the loss of human life, will do everything to prevent another catastrophe such as the last world war was.

In consequence of the rearrangements of relative power which took place during recent years on our old planet—the development of the soviet union, the great changes ensuing in East Asia of such nature that nobody can fully envisage their full consequences—as well as on account of the difficulty which all colonial powers experience because of the efforts at self-determination of their colonial populations, all responsible European governments must, in my estimation, more and more come around to the viewpoint that old Europe simply cannot afford another war but that, on the contrary, its future depends solely upon the closest cooperation of all its nations and the defense of European cultural achievements.

What we old soldiers especially rejoice at is the introduction of the general obligation for military service and I believe there can really be no genuine soldier anywhere in the entire world who, if he is honest, will not understand this viewpoint.

For our underlying thought is that the great school for training of youth, which the Prussian-German army had been for our people for centuries, is again being set in motion.

Only he who experienced the period after the revolution of 1918 here in Germany can grasp that many extremely vexatious manifestations among a certain portion of our youth can be explained only on the grounds that these young people, until now, had to do without the strict and severe but just schooling of the army.

My great wish is that your American compatriots, who so frequently evidenced a most comprehensive understanding of the German fatherland and with reference to this question; also judge us fairly and justly.

Jockey Wright Is Sensation of Miami's Tracks

MIAMI, Fla., March 18 (AP)—Wayne Wright, a quiet, unassuming, good looking lad, now in his fourth year as a jockey, has become the talk of the tracks.

The likeable rider from Rexburg, Idaho, who was 18 years old last August, seems to be on his way to becoming the most popular jockey since the days of Earl Sande, another Idaho boy who made good.

Wright was the leading rider at Sunco, Bowie, Tropical Park's first meeting this winter, and Hialeah Park, and with 12 winners to his credit at the current Tropical Park session, the blonde booter seems to be "home free" for five meetings in a row.

He rode five triples at Hialeah, averaged just under one winner a day for the 45-day meeting, and on Friday reached new heights when he piloted home five winners and one third in six mounts at Tropical Park.

Several good scores were made in the skeet shoot yesterday afternoon. The weather was unfavorable but a number of enthusiasts and spectators braved the cold wind to enjoy a few rounds.

High score of the afternoon went to D. A. Caldwell who broke 21 pigeons out of a possible 25. Other high scores were made by J. S. Hysmith 20; Roy Wilmesmier 18; H. F. Amick 18; Tom Perkins 17.

Tommy Tompkins, J. A. Holland and Arnold Atterberry of Amarillo Skeet Club, announced the first open tournament in Amarillo and invited Pampa to send a team. The date will be set soon.

BERT NIEHOFF IS IMPORTANT INDIAN ASSET

OKLAHOMA CITY FANS ARE CRYING FOR NEW TALENT

BY CHARLES SAULSBERRY,
Sports Editor, Oklahoma City Times. (Written Exclusively for Associated Press.)

OKLAHOMA CITY, March 18 (AP)—Big Chief Jack Holland and his Oklahoma City Indians are sending the baseball bugs back to their fourth grade arithmetic.

They are looking up something of an old "how many hods of brick could five men carry in five days" problems.

To be specific, they are trying to figure out just where a club that could get nowhere in last year's Texas league race with four good pitchers expects to finish with their firing corps completely shot, the best part of their batting punch gone and their last-place defensive not perceptibly improved by winter trading.

The Oklahoma City pitching staff of Vernon Kennedy, Charley Matuzak was as good as pitching staffs came last season in the Texas league, forgetting that pitchers are rated on a wins-and-losses basis. Only Moncrief and Evans are back.

Where the Indians lost their big punch with the departure of "Red" Harvel, 1934 manager, in a December trade with Dallas, they have gained somewhat with the acquisition of Bert Niehoff as bench manager. The Indians gained their one-and-two-run-loss record largely because Harvel had his hands full in the field, at bat, and taking orders, to say nothing of giving a few strategic commands of his own.

Fans are banking their one hope of the Indians finding a high niche in the second division on Niehoff's reputation as a smart, aggressive manager. If the big chiefs give Niehoff some talent, they are willing to believe that the skipper of three Southern Association championship teams and two Dixie series winners can do a club a lot of good.

As yet, the fans have to be convinced that the off-season bartering will render improvement in the useless playing of last year's Tribe. Jim Keesey, first sacker; Carl Knott and Eddie Hock, infielders, and Fred Staley, southpaw pitcher, came to the Indians from Dallas in the Harvel deal. It is doubtful if the trade increased the Tribe's batting strength.

Keesey will be at first. He is a dangerous hitter. He played only part of last season with Dallas. Billy Bancroft, veteran of last year's Tribe, is a cinch for second. Joe Biggere, who came from the Dixie league last season and hit .310 in 35 games looms as a fixture at third. Glenn Vaughn from Tyler of the Dixie league or Stanley Somner from LaFayette of the Evangeline circuit are shortstop hopefuls. Eddie Hock is slated for the utility position. Shortstop is the weak link of the current infield.

Good years such as Ed Purdy had with San Antonio in 1933 when he paced the league in hitting and Charley Bates enjoyed at Des Moines will remove some of the outfield worry. Purdy and Bates are fixtures. John Cummings from Jacksonville of the Dixie league, Babe Magtin, Oklahoma amateur, and Adolph Stoup, semi-pro, are other outfield candidates.

Perhaps the return of Jack Fitzpatrick, seasoned by several years in the Coast league, to the Indians' backstopping department will help get more effectiveness out of the pitching. Fitzpatrick will be first string catcher and should be one of the league's best. Curtis Rice, semi-pro; "Beak" Miner, Southern Association veteran at third; and Roy semi-pro, will be second-string receiver.

Moncrief, Evans, Staley, Benson Brillhart, and Dale Mills are the pitchers scheduled to carry the mound burden.

A lad with possibilities is Edward Logger, former Big Ten star, acquired on option from the Philadelphia Athletics. L. B. Jones, Odis Swigert, and Cecil Mitchell, right-handers, are rookies taking a fling at making the grade. Lee Hancock, obtained from the Omaha Western league club, and George Boatwell, purchased with Jones from Jackson, Miss., of the East Dixie league, will report late. Tom McPhaul, another Dixie leaguer, who looked good last season, has asked to be placed on the retired list.

Perhaps the Indians will surprise and reveal more defensive and offensive strength than "paper averages" now show, but only time will tell.

Coach Centers His Attention On Thinclads

With the time for the district track and field meet here drawing closer, Coach Mitchell will spend some time with his thinclads at Harvester field, where they have been working out for a week. Some of the football prospects will be out for track and field within the next week.

A few boys out for spring football training have been working at field events. The showing made by J. R. Green, Stokes Green, and Moose Hartman has been promising. The big fellows are expected to develop fast when they get into track suits.

Bill Dunaway and Raymond Elkins, two lettermen from last year, are in uniform. Dunaway has been looking particularly good at the javelin and discus and in the hurdles. Elkins is spending all of his time in the dashes and is expected to develop into a real speedster.

Carl Smith and Bill Haner are out and showing promise in track and field events. Bill Parks, Boyington, Otto Rice and a few others are expected to be heard from when trials are held. Other boys are fast developing, hence competition is expected to be keen during the period of elimination, which will start soon.

Several boys who have been working were expected to be in football uniform this afternoon. The spring training period is nearing its end and all boys eligible for football next season are anxious to show their ability in the spring training trials.

RED CROSS BREAKFAST STARTS BUSINESS WOMEN'S WEEK

BANQUET SONG PRACTICE SET FOR TONIGHT

MEMBERS AND GUESTS ATTEND CHURCH YESTERDAY

Launched at a breakfast yesterday morning, business women's week is under way in Pampa, and Business and Professional Women's club members will see that the public is reminded of its significance daily.

This evening the club will hold a singing bee at the Schneider hotel basement, to learn songs for the annual public relations banquet tomorrow evening.

Breakfast yesterday was served in the balcony room of Eagle buffet, where tables were set in the form of a cross and decorations were Red Cross insignia. Lill Dalton, health chairman, was in charge.

Guests introduced. Red roses and baby breath centered the table, and red and white corsages were given each guest. Club songs were sung and guests introduced. After breakfast the group went to First Methodist church, where seats were reserved.

Club guests present were Elizabeth Harrison, Madeline Rowntree, Mrs. C. W. Naylor, Gladys Strader, Sara Holland, and Anne Johnson. Members were LaVena Woolley, LaVerna Ballard, Louise Whitfield, Anna Mae West, Christine Cecil, Thelma Jackson, Mildred Overall, Lillian Jordan, Lill Dalton, Ola Nellis, Lottie Schneider, Frances Sturgeon, Clara Lee Shewmaker, Gertrude Arnold, Velma Robinson, Neva Burgan, Audrey Fowler.

Honor Staff Head. Preceding the week here, several members attended a banquet at Amarillo Saturday evening honoring Fay Gordon, state president.

Announcing the singing bee this evening, the club has issued the following explanation: Shortly after 7 p. m. occupants of the Schneider hotel and people in the vicinity may be startled to hear howling and wailing sounds issuing from the basement.

It will be the thirty-six members of the local Business and Professional Women's organization unlimbering their vocal chords in anticipation of performing at the public relations banquet on the following Tuesday.

Training School. The annual leadership training school will begin Sunday afternoon at First Methodist church, with three courses offered.

CHIEF OF POLICE S. A. HURST ISSUES WARNING AS TO ITINERANT PEDDLERS

ISSUES WARNING

To Housewives and Citizens of Pampa

THIS IS A WARNING—

To beware of strangers posing as solicitors, salesmen or inspectors. Strangers seeking admittance to premises as salesmen, solicitors or inspectors should not be admitted until their credentials have been checked up and verified through dependable local persons or local institutions.

IN MANY CASES

Strangers, without reliable credentials are "spotters" for professional criminals and according to police records, lack of caution on the part of the householders in admitting such strangers oftentimes results in costly property losses and bitter experiences.

IF YOU ARE SUSPICIOUS...

PHONE THE POLICE AT ONCE
NO. 555

DO NOT PAY CASH IN ADVANCE

To strangers on any merchandise — in many cases and from experience reported to police department the customer has never received anything for the cash advanced—nor has any refund been made of the initial cash deposit.

DO NOT CASH CHECKS FOR STRANGERS

Or issue a check as down payment on an order to a stranger—as in a number of cases these checks have been altered and later cashed by a third and innocent party.

IT'S BETTER TO BE SAFE THAN SORRY!

Be sure you know who the stranger is at your door before granting admittance to your home.

HIGH PRESSURE

Free gift artists have been working the residence-district of Pampa of late selling all kinds of merchandise, offering "something free" as a means to get into the home. In most cases there is nothing free to be given away.

ONE NEED NOT BE AFRAID

Of offending the honest solicitors, salesmen or inspectors living here or representing local firms. They have their credentials with them and welcome such investigation—that is why they are required to carry credentials. Protect yourself. ASK FOR CREDENTIALS SHOWING THEIR IDENTITY.

S. A. Hurst,
Chief of Police,
Pampa, Texas.

What The American Demands for his dollar, is **SERVICE**

Mrs. Housewife---Yes, Mr. Business Man too---Let's

LOOK AT the **FACTS** As They Really Are---

What Service Does the Peddler Render to You for Your Dollar as compared to the PAMPA Business Man?

THE PEDDLER OR DOOR BELL RINGER OFFERS

In almost every instance—you buy from small size sample swatches or pictures—and trust to luck, after waiting days—sometimes weeks—that your purchase **IF Received**, will prove satisfactory.

Sometimes thru high-pressure-methods you are induced to pay a **CASH DEPOSIT**, on an order of this bootleg-merchandise, later finding financial conditions do not permit you to complete the contract—Who Loses? **Do You Get Back Your Cash Deposit???**

You are induced to buy in excess of your needs—thru a cleverly prepared sales talk, on a **saving of small consequence** to be made thru ordering in quantity lots. The amount of the immediate cash deposit seems small and you are tricked into a larger purchase. Many times "**Something Free**" is offered you as **BAIT** to secure your larger order.

The Peddlers, with their unknown merchandise—questionable bargains and unethical methods of selling can well be classed as **bootleggers of merchandise**. Every time you turn over a dollar to a door-to-door canvasser you are speculating on the return you will get for your money. Have you ever stopped to **THINK** of the possibility of these Peddlers as carriers of **DIRT** or **DISEASE?**

Yes Even In The Busy Office Will Be Found The **Persistent Pest** who infringes on the employer's time. Haven't you had one of those breezy salesmen breeze into your office—and ask for a few minutes of your employer's time (only not always in such a polite manner)—and then he proceeds to high pressure you into an order—and in many cases you place an order to rid yourself of the **Pest**. This class of Professional Peddler is a slicker and can talk himself into a sale by making indefinite promises as to deliveries on orders, as well as to exaggerate, without any effort the quality of the article he is selling. You see him **Only** today.

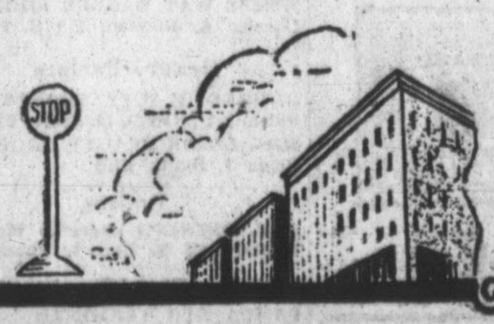

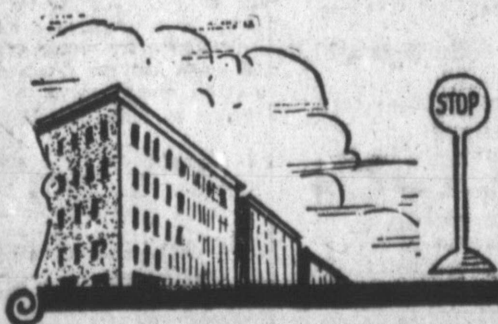

Your Merchant Offers You merchandise—which you can examine at the time of purchase—yes, you can **TAKE IT WITH YOU NOW**—Why **WAIT?** ---There is no room for uncertainty. And after you get home and should you find your purchase not exactly what you expected you can exchange it with your merchant, and you are **NOT** required to wait ten days or two weeks. He has **his stock** of goods in **Your City** for **immediate SERVICE**.

Your Merchant can not afford to oversell you thru high pressure methods—because he is depending upon you for your future patronage. He expects to stay. The peddler may never see you again—in fact in many cases **he hopes he won't**.

Your Merchant offers his **Personal Friendship and Acquaintance**—which are factors in your business relation that can not be contracted with any **long distance manufacturer**.

Play Safe See What You Are Buying
---beware of the Special Authorized Representative who tells you He is the **ONLY ONE** selling his line who is allowed to **collect in full the cash** on your order. **Nuff Said.**

REPRESENTATIVES OF LOCAL BUSINESS FIRMS...**YES!** ITINERANT PEDDLERS...**NO!**

LUDENDORFF IS EULOGIZED BY NAZI GENERAL

WORLD WAR HERO IS GIVEN SURPRISING OVATION

BERLIN, March 18 (AP)—Quartermaster-General Erich Ludendorff, almost forgotten by the German people despite his world war services, was unexpectedly projected into the limelight today as a result of a tribute by General Werner Von Blomberg, minister of defense, in yesterday's memorial day ceremonies.

Von Blomberg's references to the veteran strategist set tongues wagging everywhere.

Venerable generals wearing their epaulettes and coats glittering with highest decorations looked at each other with pleased surprise on hearing their former comrade and superior mentioned in so flattering a manner by the Nazi leader.

"Field Marshal von Hindenburg has gone home," said Von Blomberg in his address honoring Germany's war dead, "but many of his companions in arms still live.

"We think also of the man who from the glorious beginning at Tannenberg, through the heroic course of the great war stood at his side, the man whose powers were like those of Atlas, who carried the world on his shoulders.

"We bow our heads in reverence to General Ludendorff."

The services, held in the state opera house, were attended by a striking demonstration of the reich's military formations.

A high reichswehr officer, asked for an explanation of the occasion for Von Blomberg's surprise interpolation, said:

"On April 6 Ludendorff will be 70. It is simply unbearable for us army men to think that this famous man, who during the war proved almost a superman for capacity to work and for mastery strategy, should be forgotten by the German people.

"We think it is high time his quarrels with Von Hindenburg and Hitler be forgotten. So we devised this gesture of reconciliation. We have reason to hope the doubtful

PLANNING WINDOW BOXES

Don't put off making window boxes until spring is upon you. There will be plenty of other tasks to perform during that busy period. Make your boxes now in your leisure, and next summer you will be delighted to find a window full of fragrant beauty.

Here is one form of gardening that the most crowded city dweller may enjoy, for it takes no land at all. Any window, even one that is shaded most of the day, can be used. And the expense, if you make the boxes yourself, is very small.

For an ordinary single window, a decoration for the house. They should harmonize with it, and improve its appearance. The boxes should usually be painted to match the dominant color of the house, or of its trim. The flowers will look best if they make a contrasting note, providing an accent of color.

Perhaps the finest of all window box flowers are petunias, because they blossom constantly throughout the summer, and provide so interesting a variety of color, form and habit. The balcony type petunias, which produce trailing vine-like stems, make graceful festoons which drape from the boxes.

Tall nasturtiums, particularly the new doubles, including Golden Gleam, and its hybrids, give the same effect as the balcony type petunias; and they are excellent window box subjects. Fragrant flowers, such as mathiola bicoloris, nigronette, ten-weeks stocks, and dwarf snapdragons, are doubly attractive. The list of flowers that can be grown in window boxes embraces almost the entire seed catalog.

Boxes which spend most of the day in shade offer a special problem. If the shade is that of a building, perhaps only foliage plants can be grown, such as ferns, fancy leaved caladiums, crotons, rubber plants, and other florists' subjects. If there is some sun, tuberous rooted begonias will probably do well. Impatiens, the Zanzibar balsam, bearing flowers of salmon or rose on bushy plants—8 inches tall, are excellent in semi-shaded places. Violas thrive in partial shade, and the list of flowers which will do well increases as the amount of sun is enlarged.

Rich soil, of the type which florists call potting soil, should be used in window boxes, for there is so little of it to feed the flowers, it needs abundant plant food.

box 3 1-2 feet long, 8 inches deep and 10 inches wide is a good size. If made ofypress-ite will last well and cost less than a dollar to build. Where large or multiple windows demand great length, the other dimensions may be larger in proportion.

Remember that window boxes are old general will seize the olive branch and play ball with us in the third reich."

1000 PASTORS ARE ARRESTED BY HITLERITES

NAZIS WILL DETERMINE WHETHER TO FORCE COURT TRIALS

By MELVIN K. WHITELEATHER
Associated Press Foreign Staff

BERLIN, March 18 (AP)—A showdown appeared imminent today in the latter protestant church strife as nazist authorities pondered whether they dared to force court trials for the hundreds of oppositionist pastors rounded up in sensational week-end arrests.

Some 1,000 clergymen, it was estimated, were either arrested in Prussia and Saxony or ordered to leave their parish houses without police permission.

Approximately 700 were known to have been caught up in the nazist police by reading the violent anti-nazist manifesto issued by the confessional synod a week ago.

Some of the more militant pastors, among them the Rev. Martin Niemoller of Dahlem, were actually placed under "house arrest" by reading the "church circles" was whether the nazis would venture to risk impelling the contro-

very into a more violent phase by sentencing the oppositionist pastors who were taken into custody.

The Rev. Mr. Niemoller, a leader in the confessional synod which has stubbornly opposed the nazist program for unification of the German protestant churches, was taken to Alexander-Platz police headquarters.

At least six other Berlin pastors were taken to the same headquarters after breaking their "house arrest." Many villagers found themselves without church services on the Sabbath as their pastors were taken away to the nearest larger community.

Catholics and Masons also were affected by the nazist campaign. Secret police searched the convent of the good shepherd, a large institution in the north part of Berlin, and arrested the mother superior and her assistant. No reason for the action was given.

It was learned the nazis raided the Masonic grand lodge of the three globes in the heart of Berlin, taking both the grand master and his wife into custody.

When lodge members met to consider what action to take to obtain the release of the grand master, the session was raided and wholesale arrests made on charges of holding a forbidden secret meeting.

'REVENUE COERS' ARREST 2,389; VIRGINIAN HELD IN SLAYING

MOUNTAINEER CAPTURED BY FEDERAL MEN

COAST GUARD BOARDS 1,660 VESSELS IN TWO DAYS

WASHINGTON, March 18 (AP)—The government today sought gangland dens, hunted for moonshiners' hidden nests, and swept the seas for smugglers in its announced intention of putting the "fear of the revenue officer" into the hearts of criminals.

Using fast radio trucks and airplanes, treasury operatives, aided by state and local police, captured yesterday a mountaineer wanted for the wounding of a federal officer and the killing of an Alexandria, Va., policeman.

The mountaineer—bearded Thos. Quisenberry, possessor of a deadly aim with a powerful rifle—was found asleep in a ditch near Leesburg, Va., after a long search thru the tree-studded slopes of Catawinn mountains. Earlier, agents said, he had exchanged more than 50 shots with pursuing officers, one of which killed Clarence J. McClary, of the Alexandria police force.

Word of Quisenberry's capture was flashed to Washington by a radio truck which had been used in the search. Only a short time before Secretary Morgenthau had received a report that 2,389 had been arrested since the nationwide anti-crime drive started Friday.

Morgenthau said: "The United States forces of government agencies are determined to meet the challenge of these crime syndicates and to stop robbery of the American people."

Declaring that the campaign would continue to protect "the pocketbook of every taxpayer and his life and safety," Morgenthau added:

"We are seeking by every means possible to rebuild respect and fear of revenue officers on the part of criminals."

The 2,389 arrested included alleged bootleggers, dope peddlers, and embezzlers. The alcohol tax unit, credit service, coast guard, narcotics squad, and even the intelligence division of the bureau of internal revenue continued to participate. The coast guard boarded 1,660 vessels in two days and assessed fines of \$12,150.

Russian Warns Army War May Break Out Soon

MOSCOW, March 18 (AP)—Michael Kalinin, president of the All-Russia central executive committee, warned the Red army that war "may break out unexpectedly" and called upon the Soviet armed forces to be prepared.

His warning was embodied in an address yesterday to the organizers of the Red cavalry which was made public today.

"The present political whims of the dominating classes of capitalist countries" were blamed in Kalinin's speech for generating the danger of war.

"It is not necessary," he said, "to prove that the Soviet Union is against war. There is no other government in the world which has ever manifested a desire of peace more than ours."

Emphasizing the danger of an outbreak of hostilities, however, he added, "our army should always be ready."

The officers and members of the first Red cavalry unit organized 15 years ago who heard the high Soviet official's remarks included K. E. Voroshiloff, the present commissar for war.

They gathered in the hall of the praedium of the central executive committee in the Kremlin to receive the decoration awarded them by the government on the anniversary of the cavalry's organization February 24.

Allred Says Saloons, Gambling Dives Must Go

AUSTIN, March 18. (AP)—Texas today prepared to fire a mighty double-barreled shot at crime.

Rangers were in various sections of the state ready to continue raids that yesterday netted many arrests, and the state senate had up for consideration 16 bills designed to reduce crime on its slate.

Repeating action of the last few days, Rangers yesterday swooped down on drinking establishments in Austin, Fort Worth, Duval and Starr counties and were stationed in Galveston.

While the Rangers were in the "saddle," Governor James V. Allred, who has declared strongly against crime, mapped plans for extending the drive in a conference with Adjutant General Carl Nesbitt and Dr. J. W. E. H. Beck, who was chairman of the senate crime investigating committee.

He made a public statement advising gamblers to "fold up their tents and seek more fertile fields as long as I am governor of Texas." The drive against crime has been centered against saloons and gambling houses.

Captain William McMurray of Hebronville led the raid in Duval and Starr counties. They smashed a large number of slot machines, roulette wheels and dice tables, arrested persons and seized 593 bottles of whiskey.

Two night clubs were raided near Fort Worth and five Austin establishments were visited by Rangers.

Radio Stations Are Sought in Hearings Today

WASHINGTON, March 18. (AP)—A dozen new, small radio stations for Texas will be sought in hearings today before the federal communications commission.

Under authority of an act of congress last year, applications for 100-watt stations in all parts of the country have been filed—four by one man, Eugene Deborogy, in addition, the commission will hear applications of several other stations for expanded service.

Strenuous objections will be raised to granting a license in certain instances, civic authorities in some towns and cities resenting the "intrusion" of an applicant from another sector of the state.

Reports circulated about the capitol that the hearings would attract a large number of Texas newspapermen interested directly in several of the proposed stations of which they might be adversely affected by the granting of the applications. Houston Harle, editor of the San Angelo Standard and Times, was one of the earliest arrivals.

Applications for new, 100-watt stations: Raymond L. Hughes of Midland, Centennial Broadcasting Corporation of Dallas, E. F. Houser and Clyde Miller of Big Spring, E. N. Pierce of Taylor, Eugene Deborogy at Temple, Paris, Dallas and Brownsville; E. B. Gish of Abilene, Denton Broadcasting company of Denton, Palestine Broadcasting association of Palestine, A. P. Mueller and others of Seguin.

T. E. Kirksey of Lubbock has applied for a change in frequency and asks unlimited time, KOKL at San Angelo has made a similar request. The East Texas Broadcasting company of Tyler and Dallas seeks unlimited time and W. M. McAllister of San Antonio asks an increase in power.

Crime Bills in Texas Senate Are Given Preference

AUSTIN, March 18. (AP)—With Texas Rangers in the middle of a statewide drive against gambling houses and open saloons, consideration of 16 bills designed to reduce crime was the special order of business today in the senate.

The bills were proposed procedure changes in criminal cases, and were recommended by the senate crime investigating committee. Their purpose would be to speed trials and appeals, make it easier to indict and convict criminals, and reduce the number of errors on which a reversal of a conviction is permitted.

Senate committees planned to hold hearings on two important proposals already approved by the house by large majorities. One would appropriate \$3,000,000 for the Texas Centennial next year and the other would submit a constitutional amendment to exempt homesteads up to \$3,000 valuation from all local property taxation except the school district levy.

The houses expected to take time off from their legislative duties to hear an address by James A. Moffette, administrator or general housing.

Storeroom to Sunroom

The above photographs show how a shadowy, unused corner of a home may be transformed from a storeroom into a brilliant, cheerful sunroom ideal for balmy Spring days. Economy of space and materials may be noted. Modernization projects such as the one shown above are well within the limits of modernization loans, insured by the Federal Housing Administration. Clever adaptation of the fan window, bright-colored floor covering, and tasteful, comfortable furnishings transform an eyesore into a useful and charming room.

GERMANY HUMS WITH ACTIVITY AND WAR PLANS

Military Training Decree Already In Force

BERLIN, March 18. (AP)—Germany plunged into the rearmament free-for-all today with all the enjoyment of the military clauses of the Versailles treaty.

The reichswehr military hummed with activity as officers leaped to the task of coordinating the Hitlerites military units, planning a recruiting campaign, constructing an officers' corps and arranging for supplies.

General Werner von Fritsch, the army chief of staff, whose responsibilities have been greatly increased by the development, began a tour of the sixth army corps area for an inspection of housing and other facilities.

It was learned in well-informed quarters that the task of rounding up the man power for the reich's new army is expected to proceed without delay, as the compulsory military training decree is regarded as being already in force.

Details probably will be announced in the official reichsanzeiger this week calling the military class of 1914—those entering their 21st year—to the colors for a year's training.

To the average German this is the most important aspect of the reich's break with the Versailles treaty.

For many German youths it will mean giving up their jobs. For others it may bring release from tramping unemployment relief schemes, such as the labor camps unless it is decided to send all youths to such camps for a year before enrolling them in the reichswehr.

Diplomatic and political circles expressed confidence the invitation to Sir John Simon, British foreign secretary, to discuss European peace problems with Reichswehr Minister next Sunday still stands.

Some authoritative circles profess to believe that at that time Germany will place her military cards on the table, outlining her recruiting and air force plans and assuring the world of her peaceful intention.

New Company Is Drilling Well West of City

BORGER, March 18. (AP)—The International Petroleum corporation, with headquarters at Fort Worth, a successful production operator in the East Texas oil field, has entered the Panhandle field on a large scale, it was learned here today.

The company has purchased an operating interest in what is known as the Badger Oil company's properties, 1,350 acres in the Badger pool of southeastern Hutchinson county, with plans for immediate intensive development.

Twenty two locations have been made, all expected to be drilled six months by Gordon-Burch, Borger drilling contractor. International was reported to have acquired a seven-eighths working interest in the properties. There are now seven wells in the tract with an potential of about 225 barrels a day.

International also has bought a few tracts in Gray county and started drilling on one six miles west of Pampa.

Sponsors Thank Those Who Aided School Carnival

Appreciation for aid given Sam Houston school and Parent-Teacher association in the annual school festival of Friday evening, which was the most successful event of its type ever held there, was expressed today by teachers and P-TA officers.

The association thanked mothers who donated food for the cafeteria booth. Miss Durrett and Chapman also thanked those who gave candy for sale.

Mrs. Selby and Miss Mullinax expressed gratitude to Woody Guthrie, whose impromptu sketches were a new carnival feature, and to Mrs. W. L. Reeves, Harry Nelson, Helen Turner Coffee, and C. J. Maisel for acting as fortune tellers.

Appreciation was offered the high school for loan of a microphone and to Tom Sweetman for operation of equipment in the star impersonation program.

Mrs. L. K. Stout, whose room featured a historic exhibit, thanked those who loaned articles, especially L. O. Johnson for his Indian skeleton, Mrs. Ramon Wilson for a spinning wheel, and Mrs. L. Burney Shell for old quilts.

Mr. and Mrs. Phillips of LeFlore, Mr. and Mrs. H. M. Cone were thanked for presenting a Bluebird skit, and the Pampa Mortuary for loaning equipment for the stunt.

Teachers who served on the carnival steering committee were Mrs. Irwin, Mrs. Selby, Mr. Peck, and George Hancock.

ago I asked you to take this thing in your own name, and admit publicly the truth that you and you alone were running it. I demanded that your name be put on the front door as general manager, so that you would take the blame publicly for everything that was happening, and not hide behind the scenes.

Your action of Saturday does not change the situation one particle. The relief situation in Ohio will continue just as it has been in the past, with you and your agents as sole dictators of relief. You have done what I asked you to do and have pulled off the mask, but you have done it with such contemptible methods, involving character assassination, in order to make Ohio and the nation believe that you were taking control—the control that you have always had.

"I have charged repeatedly that the relief program in Ohio is very wasteful, inefficient and a many-time inhuman. These are the charges that you seek to evade. You might have found a more decent and manly way to evade the issues, and not resort to blackening the name of an innocent man. I repeat these charges, Mr. Hopkins. Your administration of relief is wasteful. It is inefficient. It is many times inhuman. I will go further this time and charge that to a large extent it is a violation of the most sacred right of American citizens; that is, the inviolability of private family affairs. This is done through your professional young case workers, who have become a pack of inquisitors, going to the homes of their victims with a grocery order in one hand and their inexcusable intrusion into the private affairs of helpless people in the other.

So come to Ohio if you dare admit that you are a man or a son and run like a coward and confess your contemptible character.

WASHINGTON, March 18. (AP)—No immediate comment came from Harry L. Hopkins, relief administrator, when he was informed today that Governor Davey of Ohio had sworn out a warrant charging him with criminal libel.

His aides indicated, however, that Hopkins would reply later in the day.

Hopkins said he would not make public affidavits on which he based his charges of "corruption" and which he has forwarded to the attorney general of Ohio, John W. Bricker.

Meanwhile, it was announced at the department of justice that its lawyers were ready to defend the relief administrator against the criminal libel charge. It was said Francis Canny of Cincinnati, United States attorney for the southern district of Ohio, probably would be assigned to appear for Hopkins.

transporting gas from fields to city gates.

Representative John E. Patterson of Austin introduced a bill levying tax on the wholesale value of intoxicating liquor, saying liquor was bearing no part of the tax burden. Retailers would have to obtain a license from the comptroller.

Debate also was started on a constitutional amendment by Senator Gordon Burns of Huntsville to transfer pardoning power from the governor to a board of pardons and paroles.

Burns said Governor Allred last summer advocated such a change, "but now by some hook or crook I hear the governor wants only an advisory board, such as we now have."

Another proposed amendment on the calendar, by Senator Ben C. Connel of Wichita Falls, would limit the governor's power to pardon to cases recommended by a board of pardons and paroles.

Moffett Talks To Legislature

AUSTIN, March 18. (AP)—Federal Housing Administrator James A. Moffett told the Texas legislature today the purpose of the FHA was to draw from capital into sound investments to bring prosperity and better homes.

He said the housing program could be roughly divided into four distinct but complementary operations: moderation of insured mortgage, national mortgage associations and low-cost housing plans.

Moffett said the legislature could play a big part in the low-cost housing program.

"The possibility of this plan can be promoted by you gentlemen if you so desire," he said. "A state-owned, regulated or subsidized organization may underwrite a low-cost housing development. The legislature itself may assist with funds."

Moffett praised the legislature as being among loyal supporters of "the great nation-wide drive to hasten our march toward prosperity through a revival of the construction industries."

Bill Moore was called to Oklahoma City yesterday morning by a message telling of the death of his brother.

MARKET BRIEFS

NEW YORK, March 18. (AP)—The stock market was upset by outside influences and declines of fractions to a point of more or less general inactivity.

A brief rally shortly afternoon lifted leaders from the lows of the day, but there was no disposition to follow up in most cases and prices held in a narrow range to the close. Sales approximated 600,000 shares.

STATE OFFICIAL APPLAUDS ROAD BEAUTIFICATION

Terrell Names Trees To Plant, Cites Benefits

A statement from C. V. Terrell of Austin, member of the State Railroad commission, commending the beautifying of public highways by planting trees, shrubs and flowers on roads, interested the Citizens Beautification committee of Gray county of which Mrs. C. T. Hunkapillar is chairman. Mrs. J. R. Hagen is city chairman.

Mr. Terrell, though his duties are largely confined to the oil and transportation industries, has taken a great interest in the beautifying of public highways. He has long been known as an enthusiastic grower and lover of native Texas trees, shrubs and plants.

Mr. Terrell's article: "In traveling along our splendid and permanent new highways in Texas, I notice our excellent Highway commission, through its Highway Beautification committees, are transplanting trees to beautify and adorn our thoroughfares and to produce shade for the traveling public. They should be highly commended for this good work. They are putting out many native trees that grow luxuriantly and will in time make more beautiful the view to the traveler as well as a fine shade to shield him from the burning sun.

In deep soil the pine, the gum, the beech, the oak, the elm, the walnut, and the pecan, our state tree, grow most beautifully, and the two last mentioned bear fruit which will be an added help to both the citizen and the traveling public. Putting out these walnut and pecan trees is in line with the wise suggestion made by our greatest governor, James Stephen Hogg, when he requested that a pecan tree be planted by his grave in order that those who wanted to could come and gather the fruit, replant it,

and thereby benefit mankind. There are no more beautiful trees in Texas than the walnut and the pecan. We have native to nearly all sections of Texas the dogwood, red and black haw, and tree plum which produce in the spring a lovely white bloom and the redbud tree that produces a red bloom—all these as beautiful and as fragrant as the famous Japanese cherry tree. These trees interspersed along our highways would most beautifully adorn them and at the same time produce shade for the traveler and fruit for those who wish to partake of it.

I was a member of the state senate when our lamented Lieutenant-Governor Barry Miller introduced and passed a resolution making the blue bonnet the Texas state flower, and it was my pleasure to vote for its adoption. With our noted and unsurpassed Texas bluebonnet fields on either side, with stately oaks, elms, beech, and pecan trees, and with redbud, black and red haw, and plum trees all in bloom along our highways, I am sure that they would surpass in beauty, in fragrance, and in grandeur any highways in the world.

Who, then, would not want to visit Texas, and once visiting us, not want to remain?

Carl Hare Will Be First Witness in Trial in Amarillo

AMARILLO, March 18. (AP)—Special Prosecutor E. A. Simpson today outlined what the state expects to prove in the murder trial of George S. Hamlin, who is charged with the hammer slaying of his wife January 4.

Carl Hare, brother of the slain woman, was expected to be placed on the stand this afternoon as the first state witness.

Simpson said that a statement concerning the killing, alleged to have been signed by Hamlin, would be offered in evidence. He stated that medical testimony would be offered in an effort to refute a defense insanity plea.

E. T. Miller, defense counsel, took exception to remarks made by Simpson in his outline of the case.

Brummett Car Is Damaged in Wreck; Two Youths Hurt

Two Claude youths were critically injured yesterday afternoon when the car in which they were driving cut in front of another car driven by W. L. Brummett of Pampa and overturned. The car was demolished.

According to Mr. Brummett, the two men, Odom Kerley and Frank Harris, passed him at a high rate of speed about a mile and a half west of Claude and when they attempted to cut back into the lane, the rear wheel crashed into the front of Mr. Brummett's car.

With Mr. Brummett were Mrs. Brummett and daughter and Mr. Brummett's parents, Mr. and Mrs. G. T. Brummett. The Brummett car was damaged on the left front side.

Stubbs Infant of LeFors Dies Here

James Cecilian Stubbs, one-month-old son of Mr. and Mrs. C. E. Stubbs of near LeFors, died suddenly yesterday afternoon in a local hospital. The family resides on a farm four miles west of LeFors. Funeral services were to be conducted at 9 o'clock this afternoon in the chapel of Pampa Mortuary with the Rev. C. E. Lancaster, pastor of the First Baptist church, officiating. Burial was to follow in Fairview cemetery.

Besides the parents, a grandmother, Mrs. C. M. Smith, survives. The families have been long-time residents of Gray county.

3000 Cooke County Children to Sing

GAINESVILLE, March 18. (AP)—Public school music history will be made in Gainesville Friday, April 26, when 3,000 primary and grammar school children of 45 schools in Cooke county present a program of vocal selections under the direction of Miss Nell Parmlay, deputy state superintendent of public instruction.

The concert by the massed classes will be the first public demonstration of the new state public school music program outlined by I. A. Woods, state superintendent of public instruction, and put into use by Miss Parmlay.

Woods and most of the 21 deputy state superintendents plan to be here for the unusual musical event, which is expected to draw a crowd of 10,000 people to the Fair park race track where the thousands of singers will be grouped.

There's something about a Chesterfield

There's one thing I especially like about Chesterfields—entirely aside from the fact that it's a milder cigarette—and I've heard a number of people say the same thing... While I'm smoking Chesterfield I never get little crumbs of tobacco in my mouth—the tobacco doesn't spill out and that adds a lot to my pleasure of smoking them... I notice more and more of my friends smoke Chesterfields.
