Red Forces Hurlled Back From Taegu

Delegation Chosen For Capital Journey

A joint session of the Chamber of Commerce board of directors, the chamber's industrial committee and the military affairs-industrial mobilization committee, yesterday agreed to send at least a two-man chamber delegation and a city official to Washington to "sell" Pampa to the Air Force for reactivation of Pampa Air Force Base.

City to Send Manager East

Active participation by the city in a two-pronged offensive for Pampa as Washington, D. C., to reactivate Pampa Army Air Field and transfer war industries here from "danger zones" was okayed Tuesday afternoon by the city commission.

The city's participation will be the expenditure of \$300 to pay expenses of a seven-day trip to Capitol Hill for City Manager Dick Pepin to help chamber of commerce and Board of City Development officials "sell" Pampa to the Army and Air Forces.

The decision came after pleas by Chamber President G. S. Vineyard and Chamber Manager E. O. Wedgworth for the commission to okay the expenditure for Pepin.

Ramsey Supporters Deny Letters Sent At State Expense

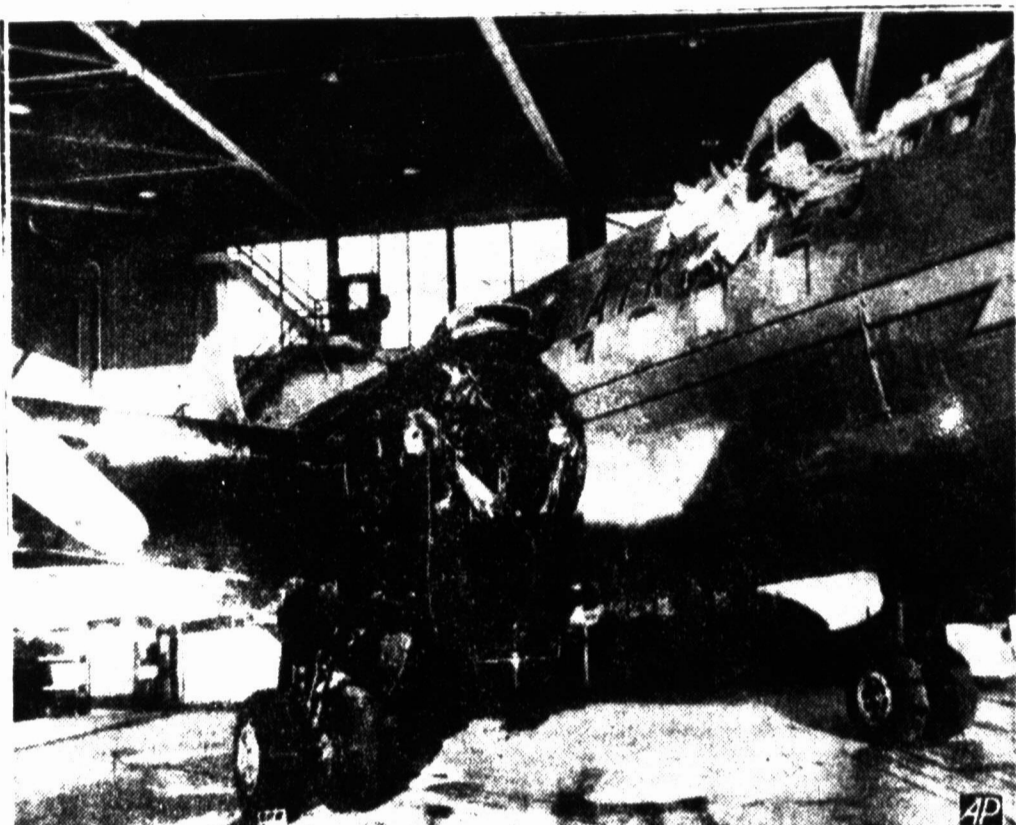

AUSTIN — (AP) — Two Senators denied today that they have spent state money in writing letters to friends urging election of Ben Ramsey as lieutenant governor.

Ramsey's opponent, Pierce Brooks of Dallas, charged yesterday that personal letters sent by a group of senators "are on state stationery, with the state seal on the letterhead, and paid for with state funds."

Senators Otis Lock of Lufkin and Jimmy Phillips of Angleton flatly denied it in statements issued here today. They said they sent the letters at their own expense.

Red-Built Yaks Hit British Ship

WITH ALLIED FORCES KOBEA — (AP) — Two Red Yak fighters bombed last night strafed and bombed the British destroyer Comus.

CUT OPEN IN THE SKY—An American Air Lines plane stands in a Denver, Colo., hangar with its fuselage ripped open as a result of a crash-landing over the Colorado Rockies. The right-hand engine hung from its axle (foreground) when the craft was about 100 miles west of Denver on a Los Angeles to Chicago flight. The propeller, or part of the engine, smashed across the top of the passenger compartment. One man died, apparently from a heart attack, and seven persons were slightly injured. The plane made the Denver airport safely in a tense, 19-minute dash on three engines. (AP Wirephoto)

Cost of Living At 2-Year Top

WASHINGTON — (AP) — Soaring food prices have shot the government's official cost-of-living index to its highest level in almost 100 years.

Under at least partial influence of pressures built up by the Korean war, the bureau of labor statistics index climbed 1.4 per cent between June 15 and July 15.

The month's rise brought the total rise between April 15 and July 15 to 3 per cent. The spurt, announced by the bureau last night, brings a five-cent an hour pay boost to 335,000 General Motors Corporation wage earners, effective Sept. 1.

Absentee Votes Near 200 Mark

A total of 194 absentee ballots were registered by County Clerk Charles Thut for the Aug. 26 Democratic runoff election as the bureau of halting passed at midnight Tuesday.

Of the 194 votes cast, 15 have been returned through the mails and 179 cast in person. This leaves seven of the 22 mailed to be returned. That said he could accept them up until Friday, providing they were postmarked prior to midnight Tuesday.

Excess Profits Tax Proposal Softened

WASHINGTON — (AP) — A top administration leader said today the Senate is likely to add a \$3,500,000,000-plus corporation excess profits tax to the \$5,000,000,000 tax boosting bill.

Under at least partial influence of pressures built up by the Korean war, the bureau of labor statistics index climbed 1.4 per cent between June 15 and July 15.

The month's rise brought the total rise between April 15 and July 15 to 3 per cent. The spurt, announced by the bureau last night, brings a five-cent an hour pay boost to 335,000 General Motors Corporation wage earners, effective Sept. 1.

State Jaycee Head Outlines Group's Planned Programs

William G. McDanel, Dallas, president of the Texas Junior Chamber of Commerce, spoke Tuesday night to Pampa Jaycees in the Palm Room of the city hall, on the planned programs of the Jaycee organization.

McDanel, accompanied by Pack Pate, Amarillo, vice president for Region One of the Jaycees, spoke to an assembled group of members and guests.

Combined Attack Repulses Vanguard of Huge Red Force

TOKYO, Thursday — (AP) — Doughboys drove back vanguards of 50,000 Red Koreans pressing down from the north against Taegu on the Korean central warfront Wednesday.

Rail Walkout Truce Called

WASHINGTON — (AP) — Two striking rail unions promised "for the time being" today to keep their token walkouts from spreading into a tieup of national portions.

Leaders of the 300,000 trainmen and conductors agreed to withdraw their threat to strike one or more major railroads during this week's five-day shutdowns at three terminals and two steel-carrying railroads have run their course.

The White House kept up its determined prodding for a solution to the long wage-hour dispute between the two unions and the nation's principal railroads.

Three terminals were struck Monday in Cleveland, Louisville and St. Paul, and two short but strategic railroads were shut down yesterday. The rail lines were the Elgin, Joliet and Eastern and the Pittsburgh and Lake Erie.

Legion Spokesman Says Conflict With Russia Inevitable

WASHINGTON — (AP) — A Legion spokesman said today that he regards war with Russia as inevitable.

Earl J. Cooke, Jr., chairman of the Legion's national security commission, made the statement in urging speedy enactment of universal military training.

Lone Star Selons Split on Selection

WASHINGTON — (AP) — The two Texas senators and Speaker of the House Sam Rayburn split on their recommendations to fill a vacancy on the Civil Aeronautics Board.

Speaker Lyndon B. Johnson said he had recommended the appointment of George O. Wilson, Dallas attorney to replace CAB Chairman Joseph O'Connell Jr. who resigned.

21 More Listed in Will Case

An additional 21 heirs of Fannie Lovett, deceased, turned up this morning in the second answer to the declaratory judgment petition filed in January by executors of the estate.

The latest group of heirs, mostly grand-nieces and grand-nephews, asked that the litigation be stopped unless they are named as parties to the suit and served or make an appearance in court.

The answer did not identify the heirs by address, but listed them only by name. The answer was filed by the law firm of Sanders, Scott, Saunders and Smith of Amarillo.

The answer declared the newly named defendants were "apparently denominated among the Class 'C' defendants" but were unnamed in the plaintiff's original petition.

Litigation over the million dollar plus estate of Mrs. Lovett, deceased, when Dr. W. Purviance, executor of her estate, filed a petition in county court seeking declaratory judgment of the will's validity when they claimed attempts were believed to be in the making to contest the will and distribution of her estate.

Four Texas Wounded Returned to State

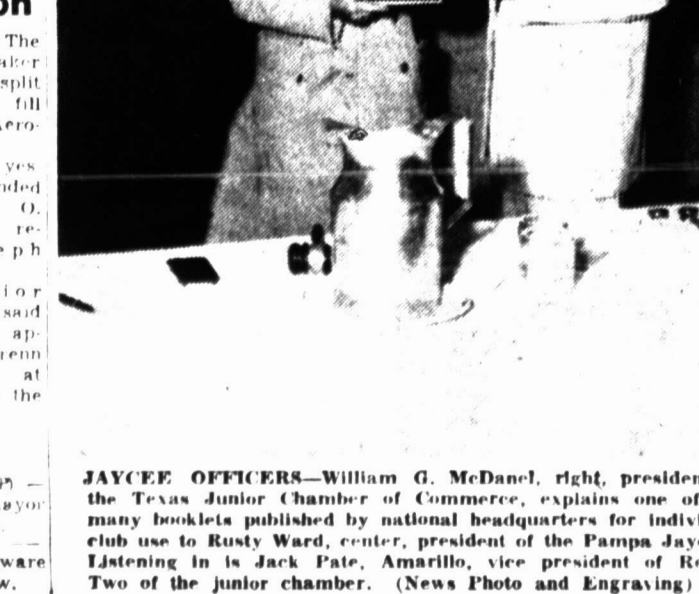

SAN ANTONIO — (AP) — Four Texans were among 11 Korea war wounded who arrived here late yesterday aboard an air patient evacuation plane. They were taken immediately to Brooke Army Hospital here.

The Texans are PFC. Antonio Loya, Beville; PFC. Eddie Ellis, Waco; Capt. Clifton E. Vincent, Houston; and Cpl. Billy Shaw, Big Spring.

BULLETIN

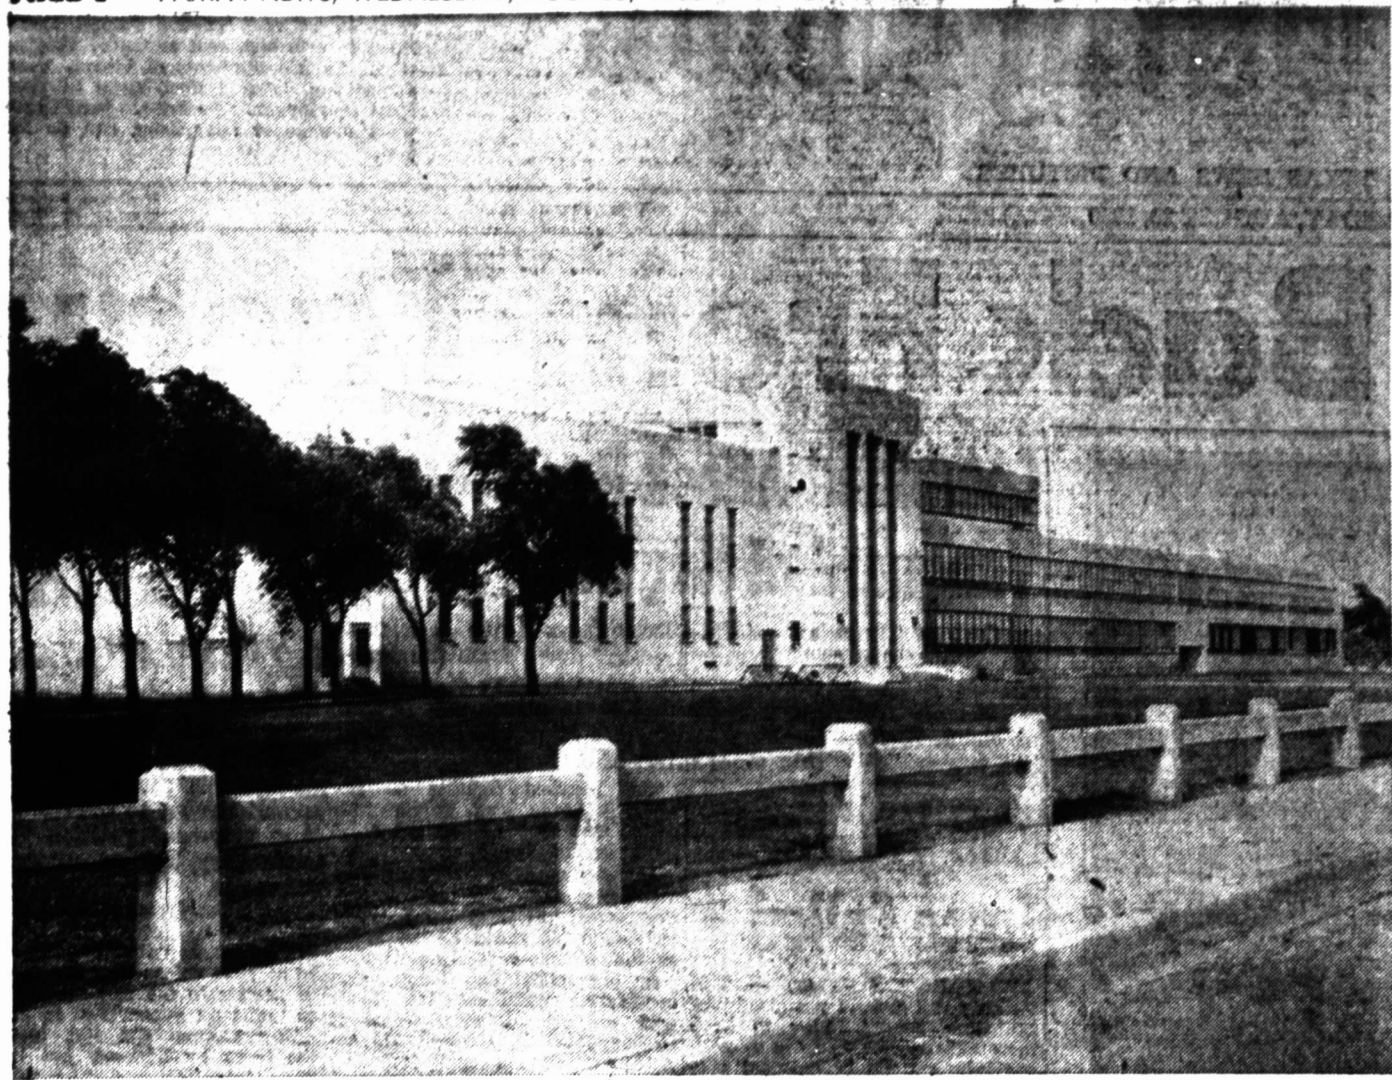

ATLANTIC CITY, N. J. — (AP) — Frank Phillips, 76-year-old Oklahoma oil magnate, died today at 12:30 p. m. CST at Atlantic City Hospital.

Phillips, founder of the far-flung Phillips Petroleum Company, entered the hospital last Sunday night after he was stricken with a gall bladder ailment. A heart weakness brought on new complications after an operation.

JAYCEE OFFICERS—William G. McDanel, right, president of the Texas Junior Chamber of Commerce, explains one of the many booklets published by national headquarters for individual club use to Rusty Ward, center, president of the Pampa Jaycees. Listening in is Jack Pate, Amarillo, vice president of Region Two of the Junior Chamber. (News Photo and Engraving)

**PRIDE OF PAMPA SCHOOLS**—Pampa students will start their 10th year in the school system's huge, modernistic high school building this fall. Erected in 1949-50, the building was the first of its design in Texas and is considered to be one of the nation's outstanding school structures. The school and its campus cover over four city blocks. It was erected at a cost of more than \$500,000. (News Photo and Engraving)

## Champion Harvesters Will Be on the Spot; Coaches Must Rebuild From 12 Lettermen

Everybody wants a chance at a champion! Coaches Tom Tipps and Aundra Nooncaster will be fully aware of that fact on September 1, when they assemble the remnants of their 1949 District 1-AA Champions and start a re-building process in quest of their second successive crown.

With twelve lettermen returning from last season's giant-killing Pampa Harvesters, the formation strategy of the Pampa coaches will again be the plan of battle. But gone from the talented backfield is the field general, Carroll Smith, and his running mate, Co-capt. Pete Cooper. The graduation of this pair left a gaping hole in the Harvester backfield.

The forward wall has both ends vacant with graduation of Weldon Witcher, Tommy Allison, John Nolan and Jim Parker. Fourteen other linemen graduated to further complicate the problems of Tipps and Nooncaster.

But the news isn't all bad. Returning to action will be Jimmy Hayes and Eddie Scheig, both first string all-district selections last year, and little "Ber" Wilson, second string choice.

Hayes, a pile-driving halfback, was the wheel-horse of the Harvester backfield last year. His line busting was a subject of remorse for opposing line-men. His half-back mate, pint-sized Wilson, horrified the opposition with his slippery-tipped antics

and change-of-pace running. Joining these two will be Carl Kennedy, hard running fullback and regular last season. Kennedy, a 160-pounder, is a slashing type of runner and showed up exceptionally well in the latter portion of last season.

But these three won't have a cinch on the starting positions—not by a long shot. Pushing Kennedy for his fullback slot will be lanky John Young, a junior with plenty of speed and power. Billy Davis and Charles Ely, two Guerillas last campaign, showed great promise during spring practice, although Ely was suffering from the after-effects of a broken leg.

The success of Tipps' conception of the "T" will rest in the hands of DeWey Cudney, quarterback wizard who also kicks off. The 165-pound junior received experience last season by alternating with Smith. Up from the Guerillas will be Sid Mills, a slightly built passer and ball-handler deft.

Scheig will anchor the line at a tackle post, and will probably be aided by Glenn Tarpley at the other tackle position. Both will combine for almost 400 pounds of brawn.

At the guard slots, returning lettermen Dale Gantz and Lawrence Rice look like the logical starters. Rice, a small boy, weighing only 180 pounds, makes up for his small stature with a fighting will-to-win. Gantz tips the scales at 170 pounds and is

especially adept on defense. Many eyes will be focused on the possible "sleeper" of the squad, gigantic Jerry Walker, powerful tackle. The towering 200-pounder showed signs of real ruggedness throughout the final portions of the 1949 season and may develop into one of the finest linemen in the state. He will be a junior this year, with two years of eligibility remaining.

The flanker posts will present the most serious problem to Tipps and Nooncaster, with only Tommy Martin, ganging 160-pounder returning from the 49 club. Roy Pool, a Guerilla last year, may possibly offer the solution.

Bill McPherson, co-captain of last season's Guerillas and one of the roughest "little" guards in the business, is expected to aid the plight of the Harvester linemen. McPherson concluded last year's action at 160 pounds, but will probably complete this year at around the 175-mark.

The key to the Harvester success last year, however, was not the size, nor the number of boys out, but rather the continuous fight and scrap. Eight opponents were overwhelmed by the snappy club, which lost only to the state champion Wichita Falls Coyotes, twice, both by a one-touchdown margin, and the Lubbock Westerners.

This year, it's a certainty that none of the Pampa opponents will be caught napping. They're all waiting for an opportunity to

drub the champions. The chances will come in the following order:

Sept. 15 — Hobbs, N.S. at Pampa (night)

Sept. 22 — El Paso High at El Paso (night)

Sept. 29 — Vernon at Pampa (night)

Oct. 6 — Wichita Falls at Wichita Falls (night)

Oct. 13 — Lubbock at Pampa (night)

Oct. 20 — Lamesa at Lamesa (night)

Oct. 27 — Childress at Childress (night)

Nov. 3 — Amarillo at Amarillo (day)

Nov. 23 — Plainview at Pampa (day)

Dec. 2 — Borger at Pampa (day)

The last three are conference games.

## Puzzled Pigeons Ponder Pullet

CHICAGO — (AP) — Mrs. Ona Doyvin has two puzzled pigeons and they have a foster chick.

Because Mrs. Doyvin's pet pigeons, Mams and Paps, were unsuccessful in hatching their own eggs, she placed a chicken egg in the nest. The pigeons, after some hesitancy, taking the job of hatching. Papa takes his turn sitting on the nest.

After 19 days, the egg hatched. Now, with a downy chick in their nest, the pigeons, Mrs. Doyvin said, appear more puzzled than ever.

Mexico City is now known as Mexico, D. F., by governmental decree. The D. F. signifies "distrito federal," or federal district.

## Scholarship Given McLean Student

WILLIAM S. DAVENPORT, a Pampa student at the University of Texas, has been awarded a scholarship for the 1950-51 school year. The award was made by the University of Texas Board of Regents. Davenport is a member of the Phi Kappa Phi Honor Society and the Phi Kappa Phi Honor Society. He is a member of the Phi Kappa Phi Honor Society and the Phi Kappa Phi Honor Society.

## JACOBY ON CANASTA

Make the Most Out of Melds

BY OSWALD JACOBY  
Written for N.E.A. Service

When you are dealt a hand of cards, you need 120. Your opponents have taken the discard pile several times and are having a good time. You hold a couple of wild cards and several pairs that your opponents have melds.

It would be just stupid to waste those wild cards making new melds. The proper place for them is with your partner's meld of four kings and a joker. This will give you a canasta and make it possible for your partner to pick up and top the slatting.

When you can make a natural meld in the same rank that your opponents have a meld, it is usually good to do so. I say usually for here again, there are plenty of instances when it is actually wrong play. For example, suppose that your opponents have three sevens and a lot of other cards on the table. The player in back of you holds a lot of cards and your partner and you are just about able to man in front of you are down fairly low.

If you can freeze the discard pile, your sevens will become safe discards, and you will take the pressure off your partner. However, if you are foolish and meld the sevens you will not be able to freeze the discard pile and play on safely.

If you can freeze the discard pile, your sevens will become safe discards, and you will take the pressure off your partner. However, if you are foolish and meld the sevens you will not be able to freeze the discard pile and play on safely.

## Goodrich Store Officials Shift

Lon D. Ellis, who has been manager of the F. F. Goodrich Company store here for the past 18 months, has been transferred to Kani, which will be his head quarters as a territory salesman.

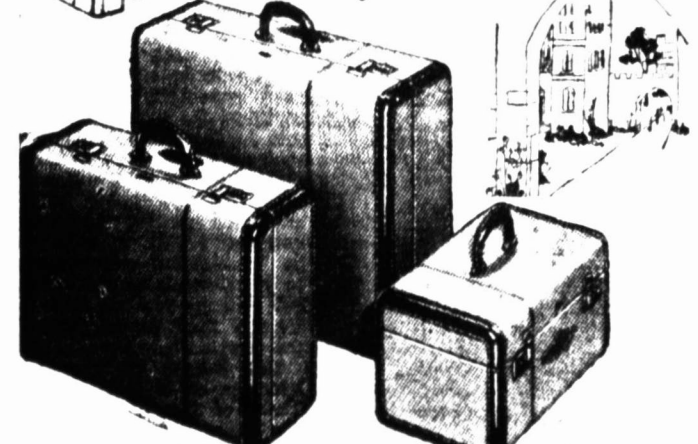

Mr. and Mrs. Ellis came to Pampa in April, 1949.

# Atrocity Hill Taught Yanks 'No Surrender' to Korea Reds

By HAL BOYLE

TAEGU, Korea — (AP) — In most military campaigns one or more hills gain a brief or long renown as giant memorial grave-stones for the men who bled upon their slopes.

In war you've got to control the high ground to win.

There was Hill 909 in Tunisia, Troina in Sicily, Monte Cassino in Italy, Mount Suribachi on Iwo Jima and Sugar Loaf Hill on Okinawa.

Now a new name can be added to this historic list—"Atrocity Hill," scene of a four day fight that ranks as one of the bitterest of the Korean campaign.

It was in a ravine of horror on this hill that Red guards executed with burp gun fire 36 bound American prisoners.

This massacre gave the hill its nickname — on the map it is marked only as Hill Number 303 — and that is probably the thing those who fought there will remember most about it. That — and the heat and the stench of death under a blazing sun.

But the lasting importance of the battle of Atrocity Hill is that it ended in the destruction of a growing beachhead across

the Nakdong River that had put the enemy within 12 air miles of Taegu, then the provisional capital of South Korea.

To save Taegu, the United States first cavalry division had to hold this frowning ridge that stands as a sentinel bulwark east of the Nakdong River. It is a steep rugged, wooded hill about 1,000 feet high, two miles northwest of Waegwan, and overlooks the main highway leading from Seoul through Taegu to the supply port of Pusan at the south end of the peninsula.

The battle began last Tuesday. The Reds came in waves. In a variation of football's "double platoon" system, the Reds drove back the thin American line and took the ridge.

It then became a battle in which the Americans would attack by day and painfully regain the ridge after a heavy air, mortar and artillery bombardment. But at night the North Koreans would bring up fresh strength. They filtered in like ghostly Indians, crossing a sunken log bridge they had built across the river under cover of darkness. And by dawn they were again in control of the hill.

**UNWELCOME GUEST**—Ginger, a homeless dog being sheltered by the Chicago Animal Rescue League, barks at a new guest, a 30-inch-long alligator abandoned by a small boy. Officials are hoping that the alligator will be claimed by its owner soon as its diet consists of hard-to-get items and it makes the other animals, like Ginger, nervous.

cleansing fire — swept it clean of all organized enemy resistance. Its recapture ended a major threat to Taegu and preserved the Nakdong River defensive line. But "Atrocity Hill" also helped educate an American army that has needed the impulse of anger to firm it to its purpose. Death still lurks in its gulleys. Patrols try to ambush each other in the blue shadows. "This battle" said a general officer grimly "taught our men it is better to stand and die no matter what the odds rather than surrender to an enemy of the type we are fighting."

That is the lesson of Atrocity Hill.

Animals have been observed to set broken legs of injured companions in a kind of plaster.

The area around St. Quentin, France, has been the scene of major battles in at least seven wars, according to the Encyclopedia Britannica.

FIELD HOUSE AG BUILDING—Above is the architect's drawing of the new senior high school field house, which will house a gymnasium and facilities for vocational agriculture, a course being resumed in Pampa High School. Construction of the building will continue throughout the school term. (News Engraving)

## Registration of White Deer Seniors Scheduled Aug. 31

**WHITE DEER** — (Special) — Walker, commercial work; George Supt. Ray Vineyard announces that the 1950-51 session of the White Deer Independent Schools will begin with the registration of seniors Thursday, Aug. 31, from 1 to 1:30 p.m.

On Friday, Sept. 1, at 9 a.m. the annual teacher faculty breakfast will be held in the high school cafeteria, followed by a general faculty meeting in the high school library.

Juniors will register from 1:30 to 3:30 p.m., Friday, Sept. 1. Freshmen, sophomores, and elementary students will register Monday morning, Sept. 4. Busses will make their first regular run that morning and will return the students as soon as registration has been completed.

Classes will begin Tuesday, Sept. 5, and continue throughout the day. Meals in the cafeteria will be served for the first time that day.

Parents of children entering school are urged to have children vaccinated against smallpox and given a thorough physical examination.

Vineyard states that at this time only one vacancy on the faculty remains, that of a primary teacher at Skellytown.

The high school faculty is composed of Fred Mullings, principal; Mrs. B. R. Weeks, guidance director; E. Y. Gordon, science; Miss Claudia Evers, English and journalism; Edward Erik, vocational agriculture; Kenneth Gibson, history and physical education; Miss Gertrude Golladay, English; Miss Mary Green, home-making; Wanda McCulloch, mathematics; John Martin, speech; Leslie E. Talbert, music; B. J. Thompson, shop; Miss Helen

Wolter, commercial work; George Watson, coach; Mrs. J. T. Webster, librarian, and Mrs. Lloyd Wells, girls' physical education.

Two of these are new teachers in the White Deer system. Mary is a graduate of the University of Texas and succeeds Wonnell Cain as speech instructor. Mrs. Webster, who has been continuing her studies in library science at Texas State College for Women, this summer succeeds Miss Ruby Cate as librarian.

The White Deer Elementary School faculty includes: H. T. Peacock, principal; Mrs. Marion Deever, first grade; Mrs. Fred Mullings, second grade; Mrs. Katie Allison, third grade; Miss Mildred Cole, fourth grade; Mrs. R. Y. Gordon, Mrs. H. T. Peacock, Mrs. Mary Hope Ruak, Dennis Smith and Tommy Gates, intermediate grades. The only new member of this group is Gates, who will teach mathematics and boys' physical education.

Personnel of the Skellytown Elementary School includes D. V. Biggers, principal; Mrs. Earl New, Mrs. Robert Parley, Miss Virginia Alexander, Mrs. Kenneth Gibson, Miss Patricia King, Mrs. Jan Rodgers Guerin, Miss Dorothy Lou Jennings, Mrs. Ruth B. Ashe, Alton Smith, John Banks and Bert Isbell. Five of these are new members of the faculty.

Mrs. Guerin, a former teacher in the Skellytown school, is returning to teach the fifth and sixth grade language arts; Miss King will teach the fourth grade; Mrs. Ashe, seventh and eighth grade language arts; Miss Jennings, public school music; and Banks, in the upper grades, assignment as yet indefinite.

Considerable maintenance work on the school plant has been done during the summer. The roofs of all the school buildings have been repaired; floors in the classrooms at Skellytown have been refinished and a new floor

## Nurse Tells How Hadacol Was So Helpful To Her

Mrs. Jennie Lee Adelle, 412 N. 27 St., East St. Louis, Ill., says being a nurse really lets her know when folks are sick. That is why when she tried all sorts of remedies and didn't get relief, she knew she was in bad shape. That was, of course, before she heard about HADACOL, and before she found out she had a deficiency of Vitamins B-1, B-2, Nicotin, and Iron.

Here is Mrs. Adelle's own statement: "I have been a nurse for over 14 years. I had to stop working and went to the hospital. I was suffering all kinds of dizzy spells, weakness and growing weaker. I had pains in my chest, and I could hardly eat. My food never seemed to agree with me. I was terribly run down and growing worse. I had tried all kinds of remedies. Don't think I wasn't plenty scared. 'Cause I know, being a nurse, when folks are really in bad shape. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I don't have dizzy spells any more. I am full of energy. The only thing about HADACOL is that I didn't find out about it sooner. Now I am going back to work at last, thanks to wonderful HADACOL."

**Why HADACOL Gives Such Fine Results**

HADACOL does not bring just symptomatic relief. HADACOL

now makes it possible to actually relieve the cause of neuritis, pains, nervous disorders, and a general run-down weakened condition due to such deficiencies in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B-1, B-2, Iron and Nicotin but also helpful amounts of important Calcium, Phosphorus and Manganese—elements vital to help maintain good health and physical fitness.

**Why These Vitamins and Minerals Come in Liquid Form**

HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way ready to go right to work. A big improvement is often noticed within a few days.

**Don't Be a 'Doubting Thomas'**

After reading Mrs. Adelle's wonderful experience with HADACOL, how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B-1, B-2, Iron, and Nicotin? What HADACOL did for Mrs. Adelle, it can do for you if you're suffering from neuritis, aches and pains, nervous disorders, insomnia, stomach distress, and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

**Sold on a Strict Money Back Guarantee**

HADACOL even helps build up the hemoglobin of red blood cells (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ—to the liver, lungs, heart, kidneys—even to the nails, hair and eyes. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies. Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close as hand as your nearest drugstore? This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50.

## Samnorwood Opens School Work Early For Cotton Harvest

**SAMNORWOOD** — With an enrollment of 330, the Samnorwood schools opened on August 7. The early opening was made in order that children might be dismissed to help with the cotton harvest later in the year. Orville Cunningham is superintendent of the schools.

To be added to the curriculum at Samnorwood this year is a course in driver training. The course is to be taught by Grade School Principal Connors. The course consists of lessons from a textbook plus actual experience behind the wheel of a new automobile, to be donated by Dekle Brothers Motor Co., of Shamrock. It will be replaced by another new one at the end of the first semester.

A new faculty member has been added to the staff at Samnorwood. He is W. W. Tipton, a graduate of McMurry College at Abilene, and is to teach social science during the coming year. Tipton entered McMurry following his discharge from the Navy, completed his work there this spring, and recently moved to Samnorwood, bringing his wife and son.

**THUNDER'S ONLY USE**

Thunder is of use to man only in determining how far away was the lightning flash that preceded it. Lightning is one mile distant for every five seconds between the time of the flash and the thunder.

**TWO ADDITIONS**—Sam Houston Elementary School will have the addition of two wings; one north and one west of the original building. The north wing will be classrooms over a cafeteria and the west an auditorium and gymnasium arrangement. General improvements have been made throughout the building. This school is located at 900 N. Frost. (News Engraving)

## Minimum Wage Is Set in France

**RAMBOUILLET, France**—(AP)—French labor is to be assured a minimum wage of 18 cents an hour — 22 cents in the high cost Paris area.

Setting of the minimum by the cabinet opens the way for negotiation of new labor contracts. The ruling yesterday followed months of controversy which toppled French cabinets. Wages were unfrozen early this year for the first time since 1939.

## 'Hex' Slayer Is Threatened

**ROGERSVILLE, Tenn.** — (AP)— Sheriff Bradley Blair of Hawkins County said a mob of about 300 persons was dispersed in front of the jail here late last night after two shots had been fired.

Inside the jail was 40-year-old Carl Walters, who is charged with murder in the twin-slaying of two women who he said had "bewitched" him.

Blair said one shot was fired by the mob into the jail but that the mob dispersed quickly when a sheriff's deputy returned the fire. No injuries were reported.

Several Tennessee highway patrolmen were sent to the scene.

During a preliminary hearing here yesterday Walters was ordered held for grand jury action without bond. Witnesses testified the defendant walked into a store near here a week ago, exclaimed,

"This has gone far enough," and then shot Mrs. Alberta Gibbons, 21, and her mother, Mrs. Alta Woods.

The women are members of a family which Walters said had hexed him.

**CAVE THEM RED FEET**

According to an Arab legend, the dove returned to Noah's ark with an olive branch, and later returned from a second trip with red mud on its feet, showing that it had alighted on the ground. Ever since then, so goes the story, all doves have had red feet and legs.

# HERE IS THE MOST IMPORTANT LESSON ...

Of course, every parent wants his boy or girl to have the best education possible, but remember, a healthy child is a happy child, and happy children are better students!

## GUARD YOUR CHILDREN'S HEALTH NOW .. MORE THAN EVER ...

Watch For These Symptoms .....

- HEADACHE
- SORE THROAT

Stiffness in Neck or Joints, accompanied by Fever

At the first signs of the above symptoms, call your family physician. Then call on one or the drug firms listed below for prescriptions and medical supplies prescribed by him.

### First Day At Panhandle Is September 4

PANHANDLE — Panhandle schools will open at 9 a.m. Monday, Sept. 4, according to Supt. R. E. Byron, with a general assembly, followed by registration of the grade school. Registration of high school students will be on Aug. 31, and Sept. 1, with the seniors registering on the morning of the 31st, the juniors that afternoon, the sophomores the morning of Sept. 1, and the freshmen that afternoon.

A faculty meeting will be held on Saturday morning, Sept. 2, at 9. All places on the faculty have been filled with the exception of high school librarian and that place is expected to be filled by the opening of school.

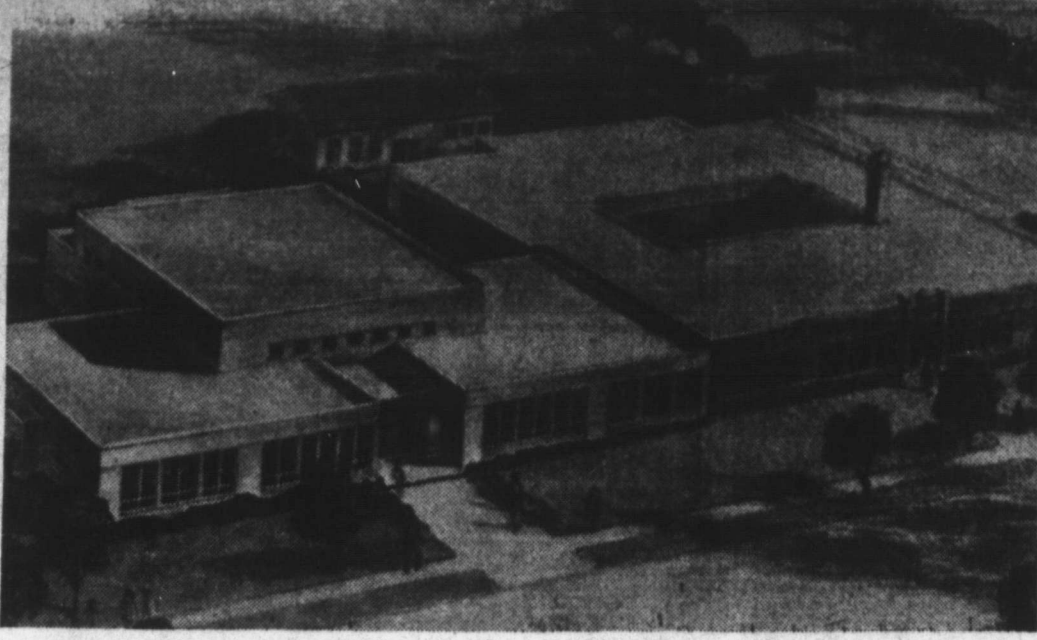

All children entering Panhandle schools for the first time are required to have vaccination certificates, showing either that they have been successfully vaccinated within a certain period, or that vaccination did not take.

### LEADING DAIRY STATES

Wisconsin had a total of 2,417,000 dairy cattle on its farms during 1947, leading the nation in this respect. Minnesota ranked second with a herd of 1,530,000 cows.

### CEMETERY PARKS

According to predictions of the American Cemetery Owner's Association, cemeteries of the future will not contain tombstones, but will be like parks, landscaped and with only small bronze plaques marking the graves.

**BAKER ELEMENTARY SCHOOL**—A west wing is being added to the Baker Elementary School at 200 E. Tuke. The wing will house a gymnasium and auditorium arrangement and a few new classrooms. The remainder of the building will remain as before except for a number of refinishing and reconditioning jobs. All interior work will be finished by the opening of school on Sept. 5 and the exterior construction will continue during the school year. (News Engraving)

### Schools at Lefors to Open Sept. 5; Ten Join Faculty

LEFORS — Ten new faculty members will be on the staff when Lefors public schools open for business Tuesday, Sept. 5. Classes will open the following day.

The new school year will begin with a faculty breakfast Monday morning, followed by a general meeting. Tuesday, buses will bring all students to school, and after registration is completed, will return them home. Regular classes will begin the following day.

R. C. Wilson, newly appointed superintendent, who came to Lefors from Ringgold, Montague County, has announced that the elementary building has been completely redecorated inside and new metal desks with flat tops have been purchased to furnish every room in the building. Rooms have been painted in soft pastel colors, floors finished and blackboards improved. A new roof has been put on the building.

is Miss Billie Bailey, who will be director of girl's physical education.

Other new faculty members and the jobs they will hold include Dan Weeden, elementary principal; Desmond Brewer, band; Robert Callon, elementary social science and high school boxing; Dan Lindsey, science; Kenneth Land, sixth grade; Miss Mary Jo Stockard, elementary language arts, and Weldon Trice, coach and social science.

Trice will be head basketball coach and assistant football coach.

### Faculty Changes Revealed By School Superintendent

New faculty members for the 1950-51 school term have been announced by Knox Kinard, superintendent of Pampa schools. In the senior high school, there have been three new additions to the teacher roster. The new assistant principal is A. R. Roberts, from Panhandle, who holds a masters degree from West Texas State College.

Paul Payne will be the instructor for the newly added course in vocational agriculture in the high school and Walter L. Brown will teach laboratory sciences and social studies. Payne has taught for the past four years in Claude and Brown holds an MA degree from Texas University.

Replacing Miss Evelyn Milam as registrar in the junior high school will be Mrs. LaNelle Christopher, a graduate of Southern Methodist University.

The new music teacher in the junior high school will be Miss Lenora Lowe, who has been employed in the Perryton schools for the past three years. Mrs. Frances McCaskill will also be an instructor in junior high. She is a graduate of Texas State College for Women.

The Horace Mann Elementary School will have three new teachers. They are Mrs. Clara Brown Justice, who retired in 1946 and is returning to her position; Mrs. Dora Meech, a graduate of Northwestern Oklahoma State College in Alva, and Miss Jo Ann Williams, a graduate of Texas State College for Women.

Newly employed on the faculty of Woodrow Wilson Elementary School is Miss Evelyn Clayton, who will teach music. Miss Clayton is a graduate of East Central State College in Enid, Okla. On the Baker Elementary School staff, Miss Peggy Davis, graduate of Texas Tech in Lubbock and Miss Faye Ann Porter, who holds a BA degree from Texas Wesleyan, have been added.

### Flushed Trio Is Treated Royally By Fair Dealer

LOS ANGELES, (AP) — Federal Judge Ben Harrison looked at a full house when he strode to the bench and ordered his clerk to call the calendar.

"High, low, jack," cried Clerk Murray Wire. A moment of silence ensued.

"And the game!" called a hoarse voice from the rear.

There was the deuce to pay. Spectators roared, and Judge Harrison promptly took a hand.

"Get this straight!" he admonished, "we can open this session without the aid of a joker."

With a flush of embarrassment, the clerk checked his cards and stood pat. "Quong Hi, Wong Low and Laisy Jak!" he called.

Three poker faced Chinese shuffled forward. Each admitted

**PATRICK'S SCHOOL SUPPLIES**

Hours 7:00 a.m. till 9:00 p.m.  
814 N. Cuyler Phone 1568

The cafeteria has been improved inside and out, with a new roof, painted blue, being one of the first improvements. Inside, the floor has been finished, and walls and woodwork repainted, the walls a pastel blue with white woodwork.

The industrial arts department, which, for many years, has been located in the basement of the main high school and junior high building, has been moved to a new building on the east side of the campus. The new building was formerly the old Webb school house which was moved to Lefors after Webb school became a part of the Lefors system.

One of the outstanding improvements has been the complete renovation of the Pirate football stadium. The old, unsightly board fence has been torn down, and replaced by a steel wire cyclone fence. In addition, steel bleachers for football fans have been erected. At this writing, the bleacher on the west side of the field is not completed, pending the arrival of lumber for the seats. However, Wilson said, the steel framework is up and when the lumber arrives the bleachers will be completed in short order.

Ralph Thomas, Gray County agent, supervised the planting of grass on the playing field. A carpet-like covering of grass is the result and Wilson said that great pains will be taken to preserve the beauty and serviceability of the turf.

To maintain the buildings and keep the plant in efficient, continuous operation, a full-time maintenance man has been hired by the board of trustees. Jim Libby, a resident of Lefors for many years, has been employed to keep the heating system in good condition, keep water and lines open, repair equipment and see to the general upkeep of facilities. M. L. Turner has been retained as building custodian.

Two new buses have been purchased, making a total of seven modern school buses in the Lefors system.

At a meeting in June, the board of trustees bought a two-way intercommunication system from General Electronics Co., of Houston. The controls of the machine are being installed in the superintendent's office, with speakers in each of the classrooms. With this new system, Wilson said both administrative officials and faculty can make reports, call students from rooms, report possible fires and broadcast important news bulletins and radio programs directly to the students.

New typewriters have been purchased for the typing classes and administrative offices.

A new addition to the faculty

CANADIAN HIGH—Above is the structure which houses Canadian High school and the city's junior high school. The building, erected as a memorial, is considered to be one of the most beautiful buildings in West Texas. (Humphrey's Studio Photo, News Engraving)

SCHOOL HEADS—H. W. Truitt, left, is principal of Canadian High School. At right is A. H. Brazeele, Canadian school superintendent. (News Engravings)

### All-Day Faculty Meeting Opens Canadian's Schools

CANADIAN (Special)—The Canadian Public Schools will open Sept. 4, with an all day faculty meeting, superintendent A. H. Brazeele announced. The purpose of this meeting will be to organize the faculty and school program for evaluation by the Southern Association of Secondary Schools and Colleges.

The first part of this will be a self-evaluation over a period of five to six months. A visiting committee will then come for a three day inspection.

Registration of students will be Tuesday, Sept. 5, with classes starting Wednesday.

The Canadian Public School system consists of Mary E. Isaac elementary school, B. M. Baker elementary, and the high school building for junior and senior high school. A new cafeteria was built last year on the Baker School campus and a new building is under construction adjacent to the main Baker school building.

This will add seven classrooms to the elementary school. The new unit will be the latest in modern design and equipment and is expected to be completed about Christmas.

Transportation has been worked out for bringing students in from the country to school. A new

38 passenger school bus has been purchased and is expected to arrive soon.

A vocational agriculture course has been added to the high school and a teacher is to be employed.

John Hansard of Stillwater, Okla., will succeed George Scott as head coach. Hansard is a graduate of Oklahoma A&M and has coached twelve years. He spent five years at Claremore, Okla., and three years in Texas. He will assume coaching duties Sept. 1.

A mathematics teacher for high school has not been hired as yet, but there are several applications. The only other teaching position not filled is that of the exceptional children's teacher in the elementary school.

Twelve of the teachers have attended summer school this summer. Mrs. Willa McDaniels and M. L. Damron will receive bachelor of science degrees at West Texas State College Wednesday, the following day at West Texas, Miss Paula Frazier and H. W. Truitt will receive MA degrees.

With the exception of the two vacancies, the complete faculty is as follows: J. W. Sutton, principal of elementary school; Minnie Beth Joiner, Gracie Thompson, first grade; Daisy Childers, Virginia Montgomery, Betty Hale, second grade; Lillian Carr, Beulah Pysatt, Doris Price, third grade; Floy Williams, Ruby Keller, Willa McDaniels, fourth grade; Maggie Sutton, Lucille Wilbanks, fifth grade; Eunice Brazeele, Joe A. Page, sixth grade.

Rita Austin, Frankie Damron, M. L. Damron, Billie K. Ulmer, and Beanie May Hext compose the Junior High faculty. Truitt is principal of junior and senior high school.

Other members of the high school faculty are Paula Fraser, speech and physical education; Dee Henry, history and assistant coach; Curtis Babcock, commercial; John Hansard, science and coach; Marian Karr, English; Maudeline Fulton, librarian; Calvin Applewhite, shop and math; James H. Gain, band; Barbara Truitt, homemaking; Herman Henson, vocational agriculture; Marilyn Crawford, history and music. A. H. Brazeele superintendent.

### Administration of Schools Announced

Frank W. Wilson will again serve as principal of the senior high school for the 1950-51 school term. His new assistant is A. R. Roberts.

To act as registrar for the high school will be Mrs. Lou Roberts, with Mrs. Ruby Capps as counselor and Mrs. Louise Chittenden, secretary.

Heading the junior high school faculty is L. J. Edmondson, principal, with J. Herman Jones as assistant principal. Mrs. LaNelle Christopher will replace Evelyn Milam as registrar and Mrs. Mamie Thut will be the book-room attendant.

B. R. Nichols is the principal of the E. M. Baker Elementary School. Miss Josephine Thomas, Harriet Mann Elementary School; J. Aaron Meek, Sam Houston Elementary School; and Harlan A. Yoder, Woodrow Wilson Elementary School.

Serving again as principal of the Career School is James C. Randall.

"Falah," Arabic for ploughman, is used as a term of reproach implying a slavish disposition, according to Encyclopaedia Britannica.

### Red Curbs Stronger Than Truman's Plan Predicted

WASHINGTON—Key administration lawmakers conceded today that the Senate is likely to pass a more stringent set of curbs on home front Communists than President Truman has asked for.

Debate probably will begin next week.

The House un-American activities committee meanwhile launched a drive to bring up for debate this week a bill imposing rigid curbs on Communists and subversives. It needs clearance by the rules committee.

It, too, would go a lot further than the recommendations made by Mr. Truman in a special message to Congress last August 2. Mr. Truman asked for (A) Registration of foreign-trained espionage agents and saboteurs; (B) broader authority to protect military bases and defense installations and (C) closer supervision of aliens.

Senate lieutenants originally had planned to call up a relatively minor House-approved internal bill and then move to replace with a bill carrying out Mr. Truman's recommendations. But a Senate Democratic conference yesterday decided instead to call up the much broader omnibus internal security bill.

As a sequel to this action, Senators Mundt (R-SD) and Ferguson (R-Mich.) abandoned their plan to tack their Communist registration bill onto the bill giving Mr. Truman power to impose economic controls.

Mundt told reporters the McCarran bill will incorporate the Mundt-Ferguson bill as it is now written.

In addition to requiring the registration of Communists and Communist-front organizations, it would outlaw conspiracies to force and bar Communists from getting passports and government jobs.

McCarran's "one-package" bill also would tighten the espionage law and extend the statute of limitations on espionage act violations from three to 10 years; and broaden the deportation powers of the attorney general and give him authority to jail deportable aliens for six months.

Senator Magnuson (D-Wash.), who with Senate Democratic leader Lucas of Illinois and others is sponsoring the administration bill, told a reporter the Justice Department is now working over the bill to make it more drastic. The idea is to try to substitute it for McCarran's bill.

Several key senators who did

**Wheeler's Schools to Open Sept. 4 With Get-Together**

**WHEELER** — Wheeler schools will open on Sept. 4, Labor Day, according to Supt. W. O. Carrick. At the same time, Carrick announced a full slate of activities for the schools beginning the first day of September and ending with the beginning of the second semester on Jan. 22, 1951. A get-acquainted meeting will be held in the school cafeteria on Sept. 1, so that the patrons of the school district can get acquainted with the teachers. And it will also give the parents a chance to inspect the school plant, which has undergone much repair this summer. On Saturday morning, Sept. 2, at 9 o'clock, there will be a teachers' meeting in the high school building. On Sept. 4, when school opens, a general assembly will be held in the gymnasium, with the public invited to attend. Following the meeting, students will be registered, books issued and assignments made. The cafeteria will serve lunch on opening day. The complete school calendar for the first semester is as follows: Sept. 8-9 — Cheat X-rays in the gym all day. People 18 years and above are invited to participate. Sept. 15 — Turkey, here, non-conference. Sept. 20 — Band to take part at the Tri-State Fair in Amarillo. Sept. 22 — Vega, here, non-conference. Sept. 25-26 — Immunization program in gym. Sept. 29 — White Deer, there, non-conference. Oct. 6 — Pampa, Guertillas, here, non-conference. Oct. 12 — First Six - weeks exams. Oct. 13 — Memphis, there, non-conference.

**Pampa School Enrollment Dates Listed**

The old school bell will blare out its harsh tones Sept. 5 for Pampa students, who will gather according to a schedule released by Knox Kinard, superintendent. All new students in grades one to five, inclusive, who attended one of the Pampa schools last year, will report to the same school they attended last year at 9 a.m. Tuesday, Sept. 5. All new students in those same grades who live on one of the school bus lines and who have never attended school in Pampa will report at 9 a.m. Wednesday, Sept. 6, at the junior high school auditorium. New students in those grades who live in town will report to the school nearest their home Tuesday morning. Students in the junior high grades who are new to Pampa and who can furnish their own transportation will report at the junior high school at 1 p.m. Sept. 5. If any of the new students live on school bus routes and have no other means of transportation, they may report at 9 a.m. with the old students. In the senior high school, grades nine through 12, new Pampa students may report on Aug. 29, 30 or 31. No schedule changes for high school students who enrolled last spring will be permitted before Sept. 5, Kinard said. Bus routes will be changed little from last year, he added. Bus students in grades one through five, enrolled at one of the elementary schools last year, may report to that same school on Sept. 5. Areas for the elementary schools remain the same. Pupils living in the Carr-Terrace addition may report to either Woodrow Wilson or Sam Houston schools. Those living east of N. Starkweather in the Carr-Terrace Addition will find it a shorter distance to attend Woodrow Wilson, Kinard stated. Pupils entering the first grade for the first time should complete the summer roundup blank. In addition, these beginners must have a certificate showing evidence of a vaccination against smallpox, a diphtheria inoculation, and must have their birth certificates. No child will be permitted to enter the public schools if he will be six years old after Sept. 1, Kinard concluded.

**IT'S TIME FOR BROOKS BECAUSE**

Something must be done about the runaway cost of our state government — a cost which had increased more than 500 percent in the period between 1935 and 1950. Aside from the cost of World War II, the cost of the Federal government did not increase that much during the same period.

With the state plunging wildly towards a financial crisis, the Lt. Governorship is a business rather than a political office. It needs a business man with a business viewpoint.

**PIERCE BROOKS FOR Lt. Governor**

**U.N. Suspected, So Los Angeles Drops Flag Idea**

**LOS ANGELES** — The United Nations flag will not fly from Los Angeles County's flagpole. "Rather than make this an international issue, let's drop the whole project," moved County Supervisor Raymond V. Darby yesterday, and all the board but one backed him up in reaching a recent decision to obtain and display the U. N. emblem. The board acted to ban the flag after two citizens argued that the U. N. Council is subject to suspicion because Russia is a member. Supervisor John A. Ford argued in vain that banning the U.N. flag may serve to undermine progress toward international unity.

Formosa Policy Reflects Need Halting Russian Imperialism

By JOHN FISHER
Washington's restatement of its policy to neutralize Formosa, despite the misgivings of European and Oriental friends, means that we recognize the struggle with world Communism will be a long haul.

The United States, aware of the ordeal ahead, first is building the free world into a genuine bridgehead. We are cooperating with European states in rearmament. We are using our Seventh Fleet as a shield around Formosa. We also are trying to woo Asian nations.

The significant fact, emphasized in Washington, is that from military necessity we must bolster our defense perimeter in the Pacific so that the United States, its back protected, can concentrate full energies on the arming of the free world.

EUROPE COOL TO PLAN
This "safely first" program in Pacific national security is not popular in London and Paris. Their cabinets fear that we will become embroiled in a long war with Red China and, rather than lose face, will divert military forces and equipment required in Europe.

RUSSIANS PLOT RUIN
The only imperialism that now has its claws on Asia's throat is Soviet imperialism. In every corner of the vast continent Russia's supported traitors are trying to overthrow lawful governments by force.

DEMANDS MADE ON U.S.A.
For example, at the recent UN Economic and Social Council in Geneva, Asian delegates made unreasonable demands for economic aid from Uncle Sam and argued that, unless Americans accepted greater personal sacrifices to ship more aid, mass poverty would drive their several peoples to Communism.

ASIATIC COMMISSION
The present wave of anti-Asian sentiment in Washington and London is to answer Moscow's lies about Russian imperialism by describing Russian imperialism in the raw, as set forth in this column recently.

LAND OF MANY PEOPLES
Asia is not an entity except on paper. It is a vast continent, today and not the lip service boys who tell you one thing then find excuses for doing the opposite.

Washington diplomats advise that we should be patient with such carping. But, also, we should stick to the policy of strengthening our own defenses, for were these dikes checked away, nothing could prevent a Communist world deluge.

An erroneous impression, fostered by New Delhi, is that only Asians are authorities on Asiatic problems. History disproves this fiction. The Indian Hindu never understood the Chinese Buddhist, the Indian Hindu cannot even get along with his Pakistan Moslem neighbor or with his own "untouchable" castes.

WASHINGTON.....by Peter Edson
WASHINGTON (AP) - (NA) - Tax Expert Roy Blough, newest member of President Truman's Council of Economic Advisers, says that a war economy stabilized by tax action presents a smaller treat of inflation than a war economy stabilized by direct controls.

Blough may thus be the thinking behind President Truman's new lack of enthusiasm for stand-by controls over inflation, prices and wages.

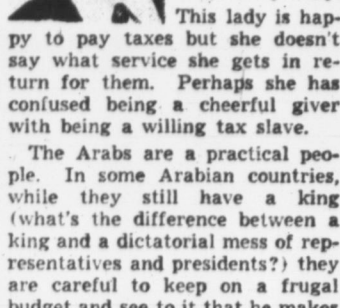

Department of Defense has held out for two six-months periods, and bill sent to Congress provides for this schedule. First six months would be divided into three months of pushing LMT, and induction of trainees, then three months of basic training. Second period would be equivalent in reserves.

Legion claims its original plan would be more economical as the 800,000 young men trained each year would be divided into three groups and require fewer instructors and service troops. Trainees won't be required to do kitchen police or menial Army tasks under either plan.

Women and Welfare Stating

BY DAVID BAXTER

I am in receipt of a clipping sent by a reader about a Kansas widow who won a Texas cattlemen's association prize as the happiest taxpayer.

This lady is happy to pay taxes but she doesn't say what service she gets in return for them. Perhaps she has confused being a cheerful giver with being a willing tax slave.

The Arabs are a practical people. In some Arabian countries, while they still have a king (what's the difference between a king and a dictatorial mess of representatives and presidents?) they are careful to keep on a frugal budget and see to it that he makes a living from his private possessions instead of by taxing them.

Now back to our Kansas widow. She says her husband died in 1948 and she didn't say whether she ever taxes and government contribution brought on his departure and since then I have experienced no difficulty in paying my taxes (since then, I would say, it is a pleasure to do so).

I am sincere and honest when I say that I am the happiest taxpayer in the world (being probably the only happy one, she probably is the "happiest"). I am happy in the knowledge that I have sense enough to appreciate the good fortune of being a citizen of the United States and happy to be able to live in the standard American way.

Had he remained in city hall, he might have been a handicap to the Democrats' state ticket, costing votes for the candidate (or governor and U.S. senator. He was, for instance, unpopular with Tammany Hall, and he had stirred resentment among politicians in the party's stronghold of Brooklyn.

National Whirligig news behind the news

By RAY TUCKER
WASHINGTON - The appointment of Mayor William F. O'Dwyer as ambassador to Mexico, which was as complete a surprise to the State Department as the North Korean invasion, discloses that his opponent, former Representative Everett McKinley Dirksen, holds the edge on the senatorial contest.

ILLINOIS - President Truman has also dipped into Illinois politics on behalf of his beleaguered Senate Majority Leader, Scott W. Lucas. Late reports are that his opponent, former Representative Everett McKinley Dirksen, holds the edge on the senatorial contest.

TEMPORARY - Mr. McKeough was supposed to supplant Commissioner William J. Patterson, of North Dakota. He had reached the age of seventy, and he had been named by Franklin D. Roosevelt in 1939 because of his twenty years of experience as a key official on the ICC staff.

HANDICAP - The O'Dwyer choice was dictated almost solely by considerations of New York politics, although it happened to fit in with the major's own desire. Moreover, there is every reason to believe that the very "Hizzoner" will make an excellent diplomat.

Had he remained in city hall, he might have been a handicap to the Democrats' state ticket, costing votes for the candidate (or governor and U.S. senator. He was, for instance, unpopular with Tammany Hall, and he had stirred resentment among politicians in the party's stronghold of Brooklyn.

The Doctor Says

INSURRECTION, NOT RIOT (Chicago Daily Tribune)

When 1,000 police have to go into action to master a disorderly crowd, that is not riot, it is insurrection. That is what happened in New York when Communists, staging one of their phony "peace" offensives in Union Square, battled the police in the streets for an hour.

There are too many of these communist provocations of civil strife to think that they are not part of a general plan. The plan obviously is to get metropolitan populations accustomed to insurrection, to wear down the patience of law enforcement authorities, to mislead the gullible by representing the aim to be "peace" when it is revolution and civil war, and to capitalize on the false martyrdom which Communists always seek to achieve by posing as people abused in the exercise of civil rights under the Constitution.

This particular example of revolutionary technique followed within 24 hours the unanimous opinion of the United States Court of Appeals in New York affirming the conviction, under the Smith act, of the 11 top leaders of the Communist party in the United States. The members of the politburo were found guilty of criminal conspiracy to teach and advocate overthrow of the United States government by force and violence.

That opinion flatly rejected the contention of the communist defendants that their preachments were protected under the 1st amendment. The Communists argued that they did not intend to use force and violence until after they had brought into existence a lawfully constituted government, and then only to protect this communist regime against counter-revolution. There was "abundant evidence," the court held, to show that this position was false and fraudulent.

"Nobody doubts," the opinion stated, "that when the leader of a mob already ripe for riot gives the word to start, his utterance is not protected by the (1st) amendment."

The court said that the issue was "how long a government, having discovered such a conspiracy, must wait. When does the conspiracy become a 'present danger'?" The jury found that the conspirators will strike as soon as success seems possible and obviously no one in his senses would strike sooner."

Answering the question, the court held that world communism is a continuing conspiracy, with a powerful central base in Russia; that its object is the "violent capture of all existing governments," and that its aspirations may seek outlet by any means, "no matter how unorthodox," the court pronounced, "how one could ask for a more probable danger, unless we wait until the actual execution of hostilities."

Thus, having upheld the constitutionality of the Smith act, having affirmed the conviction of the chief leaders of the Communist party, having held that the communist movement is not only a continuing conspiracy but a revolutionary conspiracy posing a clear and present danger to the national existence and safety, the court would clearly seem to have laid down a universal rule for acting against all Communists and all communist activities.

The sanction is broad enough to prohibit all revolutionary demonstrations by the party, the clear purpose of which is to undermine civil authority and to promote bloody outbreaks attacking the very structure of the Republic. The sanction is also broad enough to arrest, try, and imprison all party members who seek to incite the populace against peace and good order when flying the lying banners of "peace," Moscow version.

This should be the last insurrection in the streets permitted by New York or any other American community. The law says that they need not be tolerated.

# "PLEASE... Don't Hurt My Little Girl"

## Dear Driver

Today my daughter, who is seven years old, started to school as usual. She wore a dark blue dress with a white collar. She had on black shoes and blue gloves. Her cocker-spaniel whose name is "Scoot" sat on the front porch and whined his canine belief in the folly of education as she waved goodbye and started off to the halls of learning.

Last night we talked about school. She told me about the girl who sits in front of her... the girl with the yellow curls... and the boy across the aisle who makes funny faces. She told me about the teacher who has eyes in the back of her head... about the trees in the school yard... and the big girl who doesn't believe in Santa Claus. We talked about a lot of things; tremendously vital, unimportant things; then we studied spelling, reading, arithmetic and then to bed. She's upstairs now... sound asleep, with "Princess Elizabeth" (that's her doll) cuddled in her right arm. You guys wouldn't hurt her, would you? You see, I'm her Daddy. When her doll is broken, or her finger is cut, or her head gets bumped, I can fix it... but when she starts to school, when she walks across the street, then she's in your hands.

She's a sweet little girl and I'm so proud of her. She can run like a deer and darts about like a chipmunk. She likes to ride horses and swim and hike with me on Sunday afternoons. But I can't be with her all the time... I have to work to pay for her education and clothing. So please help me look out for her. Please drive slowly past the schools and intersections... and please remember that children do run from behind parked cars.

**END OF A CRIME**—A police officer and an unidentified Texas Tech student stand guard over two youths, one on the sidewalk, who tried to burglarize a Lubbock drug store. Driven out by tear gas, the youths attempted to flee but one was felled by the student just as the police officer drove up.

**PROFITS TAX**

(Continued from Page 1)  
action that might wreck some businesses. Mr. Truman also has suggested it might be better to act later on an excess profits levy.  
A top administration leader, who asked that his name not be used, told newsmen he believes the O'Mahoney proposal, or something like it, will pass now. He said the Senate might be swept by the same psychology that moved it to vote broader economic controls than the president asked.  
Some senators are saying that if prices and wages are to be controlled, then profits should be limited.  
Under his new proposal, O'Mahoney would define as "normal profits" 75 percent of a corporation's average earnings in the years 1947-49, plus \$25,000. It would be plus \$50,000 if the corporation commenced business after Sept. 1, 1945.  
Then he would apply a tax of 65 percent on profits between one and 15 percent above the base period; plus 75 percent on profits between 15 and 25 percent above the base; and plus 85 percent of profits more than 25 percent above the base.  
During World War II the excess profits rate was 85.5 percent on corporation income above the average of 1936-39. Some corporations' taxes were determined on the basis of invested capital.

**ENVOY EXCHANGES**  
RANGOON, Burma (AP) — The Burmese government announced today it had agreed with Soviet Russia to exchange ambassadors.

(Continued from Page 1)  
sides that, our own city engineer, Ray Evans, took a major part in the engineering end of the job.  
Vineyard further contended that the Air Force had to be shown what outside facilities for the necessities of everyday and recreation would be available to any Air Force personnel stationed at the field, because the armed services are determined that this time they will not send men into isolated areas for training or as station complement troops.  
After discussing the matter pro and con for several minutes, the commission okayed the request and ordered Pepin to accompany the two-man group to Washington.  
Wedgworth said the group plans to leave Saturday and would return next Sunday.  
In the meantime the commission continued a study of the 1950-51 budget, a budget still not complete or ready for adoption.  
Prior to the BCD's appearance, the city approved the plat of the Littleton Addition in the south-eastern part of the city, north of the Hughes-Pitts Addition, and okayed a contract for highway maintenance along Hobart preparatory to the state taking it over as the southern anchor of State Highway 70. When the state does take over it will leave only one highway street, S. Barnes, under city maintenance.  
Hydraformatic hydraulic controls are making it easier for farmers to harvest more uniform bales of hay. The units automatically adjust bale tension controls for light or heavy, damp or dry windrows.

**SAFE BETS**

**LIVING COST**

(Continued from Page 1)  
June 15 to July 15 rise to higher meat, fruit and vegetable prices.  
It added that a special study showed sharp seasonal declines in the retail prices of fresh vegetables and lower prices of fresh pork more than offset increases in most other food costs between July 15 and July 31.  
The agency said it believes food prices on July 31 were slightly under the average level of July 15.  
A preliminary tabulation for the week of Aug. 15, it added, indicated retail food prices had declined a bit from the mid-July figures.

**COST OF WAR**

(Continued from Page 1)  
rean air force nor navy worthy of note.  
The Navy has reported no losses of ships. The Air Force has lost only a handful of planes to anti-aircraft fire.  
The big items for both services are expenditure of ammunition—tons upon tons of shells in naval bombardment of enemy targets ashore and small craft afloat and of high explosive bombs by planes of both the Air Force and Navy.  
The mere item of daily operation of a reasonably large force of ships and aircraft, with the thousands of men manning and maintaining them, is a factor, too.  
The Navy now has more than 150 ships of all sizes in or near the war zone. The Air Force has about 100 B-29 bombers and hundreds of fighters and transports.  
All this involves what the military calls "attrition" — the wearing out and loss of equipment by accident.  
But it is the ground force, the Army and Marines, which use mountains of material to hold back the Red army and build up strength for an eventual counter-offensive.  
Almost a dozen American and South Korean divisions, or their equivalent, are in action. (We supply the South Koreans.) In the item of ammunition alone, a division eats up about 230 tons in a single day of action like that now going on. Expenditure of about 3,000 tons of ammunition a day costs plenty — and that is only a single item of ground force expenditure.

**RAIL TRUCE**

(Continued from Page 1)  
Saturday to grant wage increases in exchange for a three-year no-strike agreement. The wage hike to members of the two unions in car service would amount to 23 cents an hour, to help offset the loss of pay in cutting back from 48 hours to 40 a week.  
The unions want the shorter week at the same pay for work in the yards. They are asking for wage hikes for those in train service outside the yards.  
The employers also offered a five-cent hourly pay increase for those in train service.  
The railroads' negotiating committee said the union demands would cost \$60,000,000 annually. They estimated their offer would cost the nation's rail carriers a total of \$45,000,000, or about two thirds of the union demands.

**DELEGATION**

(Continued from Page 1)  
prehensive reports of its kind that I have ever seen or studied."  
Members of the joint session verbally agreed with Vineyard and complimented the builders of the brochure on what they termed "a tremendous job, excellently completed."

(Continued from Page 1)  
medic and two infantrymen had gone out to the machinegunner. "They were bending over the gunner when 12 Reds came up. The medic grabbed the BAR (Browning automatic rifle) and turned it on them but it jammed. The Reds shot him in the stomach and bayoneted the two soldiers. Then they shot the medic in the back."  
It was man-to-man fighting at some stages of the allied attack. But late Wednesday the U. S. South Korean power told on the Reds who pulled back toward their main line, the full 12 miles north of Taegu. At sunset the forward area was quiet. Correspondent Lambert reported.  
After dark doughboys as far as five miles behind the front line were still fighting Reds who tried to dynamite the supply road in one sector. In another the Reds were caught trying to lay a mine field.  
Allied planes swarmed over all day and into the night.  
The day's fighting brought out two of the seldom-seen Russian-made Yak fighter planes for North Korean attacks on South Korean marine units in the Yellow Sea. Nothing was said about damage.  
Two other Yaks — possibly the same pair — had bombed and strafed the British destroyer Comus Tuesday without causing any damage.  
Allied bombers and fighters continued to pound strategic enemy targets and supplies far and near.  
American intelligence officers noted a shortage of some of critical Red war needs, but they said the Communists were still capable of mounting a real offensive.

**Back to School**  
WITH THE CASUAL GRACE OF GOOD GROOMING

THE S&Q IS READY WITH ALL THE B. T. S. REQUIREMENTS STYLED WITH AN A-PLUS

### House Action Boosts Terminal Markets

WASHINGTON — (AP) — The House has unanimously approved the idea of giving federal financial backing to builders of new wholesale terminal markets for farm crops.

The measure won swift approval by a voice vote yesterday. It now goes to the Senate. The bill's backers said it would cut the spread between what the farmer gets for his produce and what the housewife pays for it. The bill would permit the Agriculture Department to insure up to \$100,000,000 of mortgages on new terminals. They would be privately operated.

The field forage harvester is typical of the effort of manufacturers to give farmers double-duty machines. Attachments let this machine work for the farmer in chopping grass from a window or corn from the row.

SHAMROCK — (Special) — Registration for the Shamrock Public Schools terms of 1950-51 got underway today, Wednesday. School will start on Sept. 1.

The 1950-51 students, expected to number about 800, will be treated to several improvements in the system. For the first time in the history of the schools, all instructors signed to teach the fall term will have college degrees. Six of the members of the faculty have masters degrees and all the rest have completed work toward that goal.

Twelve men will be on the staff this year. Sixteen instructors will compose the high school faculty, headed by Supt. Elmer J. Moore and Principal Edward M. Burkhartler. Seven instructors will tutor the junior high students, with Arthur Wells as principal.

The elementary schools will be headed by Mrs. Lucille Zeigler, and the faculty will be composed of 15 women teachers.

The colored school will be staffed by two teachers, with Theodore Curry as principal.

The South Ward school will be reopened this year after the work of remodeling and cleaning up has been finished. The building has been used as a church and is in good condition but it was necessary to make many repairs to ready it for receiving students from the south side of Shamrock. The North Ward school has had its face lifted with newly painted rooms and redecorated halls. Playgrounds and playground equipment have been inspected and serviced for the safety of the children and are ready for the first recess.

Approximately \$7,000 was spent in the campaign of improvements on the junior high school, and the North and South Ward school buildings. The home economics department of the high school received several improvements, also.

Two of the newest additions to the school faculty are George Burris and Mrs. Anna Jo Wilson. Mr. Burris will teach advanced English and Mrs. Wilson will teach English and Spanish. Miss Marjorie Moore will teach the private piano students being sponsored by the school but receiving pay on a tuition basis.

### Three-Year-Old Girl Accidentally Killed

KINGSVILLE — (AP) — Lupe Garcia, 3, was killed yesterday when a .38 Colt which she was playing with discharged.

Police Chief Jack West said Lupe and her brother, Adan Garcia, Jr., were home alone when they found the weapon between two mattresses on a bed.

**TO HEAD STAFF**—Paul Aleskin, left, is the superintendent of the Berger and Pampa Bentley's stores. He was manager of Bentley's here when the store was established six years ago. Mrs. Ruth Hutchins, center, has recently been named manager of the new Bentley's store, succeeding Harry Solnick. Weldon Rogers, right, is the manager of the Bentley's shoe department, which has been added since the store opened in the new building at 113 N. Cuyler. Bentley's formal opening is scheduled to be held Thursday. (News Photos and Engravings)

## New, Modern Bentley's Ladies Store Will Open Thursday Under New Supervision

The new and modern Bentley's Ladies' Wear will open formally Thursday at 9 a.m. at 113 N. Cuyler in the new store, with additions of a shoe department and other merchandise.

For the past six years, Bentley's has been located on the corner of Cuyler and Foster. Paul Aleskin, who is now the supervisor of the Berger and Pampa stores, opened the new business.

"Because of the reception we have received from the people in Pampa, we have been able to build this store into the new and modern business we have today," Aleskin stated. "And, in keeping with our policy of the past years, we will continue to stock the better lines of merchandise."

Aleskin adds that "with our foresight in marketing, there apparently will be no shortage in any particular merchandise."

The new building which houses the new Bentley's is of modern design with soft color and comfort and convenience for the customer.

Mrs. Ruth Hutchins is the new manager of the store, following Harry Solnick, who has been transferred to a higher position in the Amarillo stores. Mrs. Hutchins has been a resident of Pampa for 15 years and has been employed by Bentley's for the past five years.

She has been a member of the sales department and has served as assistant manager for the past year. Mrs. Hutchins will

assist Aleskin in buying for the store.

"We are opening the store with our new fall lines," said Mrs. Hutchins. "We have made several additions and improvements in the merchandise. Our accessory lines have been expanded in coordination with the new shoe department. In our dress department, we have added large and half-size selections."

Before the store was enlarged, there was no room for a shoe department. With the expansion however, has come this addition with name-brand shoes. Weldon Rogers is the shoe store manager. He is assisted by Jimmie Parker. Rogers has had 12 years experience in shoe sales. He has worked for the past few years in Amarillo with the same lines of shoes to be carried here.

"Our Policy in making shoe sales," Rogers remarked, "is not pressure salesmanship, but to please the customer, both in size and appearance."

Other members of the staff include Mrs. Josephine Young, Mrs. Nell Tinnin, Mrs. Nina Spooner, Mrs. Maudie Laycock and Mrs. Margaret Taylor.

Agricultural authorities estimate that two-thirds of the United States is now in grass. But they say that a 25 percent increase in grass acreage is justified for a more efficient type of agriculture.

## Council Again Meets; Little Success Seen

LAKE SUCCESS — (AP) — The Security Council met again this afternoon for what appears certain to be its ninth no-progress session of Russian Jakob A. Malik's tenure as president.

Despite his own failure earlier in the month to oust the Chinese Nationalists and seat Communist China, Malik was expected to present a similar demand this week by Red China's Foreign Minister Chou En-lai. Chou, like Russia, also seeks participation of North Korean representatives in the council debates on the Korean war.

Other council members were certain to greet Chou's demand as coldly as they earlier rejected Malik's.

Nor was there any progress in the procedural deadlock which has stalled decisive council action.

The council met informally in closed session yesterday. Malik, whose one-month tenure as the group's president expires Aug. 31, proposed again that the North Koreans be invited to the public meeting. Other council members — who want only South Korea represented — refused again. The meeting broke up without agreement.

"It was the same old stuff on the same old question," one delegate said.

Malik had two other communications from Czechoslovakia's Foreign Minister Vilam Siroky. Siroky called on the council to adopt Malik's "peace plan" for an immediate cease-fire in Korea and withdrawal of foreign troops.

Like an earlier cable from Poland, the Czech messages also demanded the council condemn U. S. Air Force bombings in the war zone.

India's delegation yesterday kept up private consultations with other delegates on the general outlines of its proposal to have the Korean question taken over by the "little six" elected nations on the council.

An Indian spokesman said the proposal, still in only the most general terms, may not even be presented formally. The delegation, he said, will not submit a formal resolution covering it until after other delegates hear from their home governments and all possible amendments are considered. That may take a week.

High quality hay is naturally leafy green, reasonably free from weeds and fresh-smelling. Good grass silage is clean-smelling, mildly fermented with a pleasant tart taste.

**EYES RIGHT!**—That arrow on the picture is intended to guide your eyes over to the right, to notice the beautiful 20-karat diamond engagement ring. They plan to marry in October.

### Guardsmen Given Fines, Sentences

DALLAS — (AP) — Two more Texas National Guardsmen, who skipped summer maneuvers with the 49th Armored Division, have been fined and sentenced.

A 21-year-old Guardsman was sentenced to 10 days in jail and a \$10 fine by court martial. A 22-year-old man was given 10 days in jail and a fine on each of 16 counts charging him with being absent without leave.

The sentence for the second man was suspended by Brig. Gen. C. P. Kerr, commander of the division's Combat Command B, because of the man's family situation.

One Guardsman was convicted and fined last week, another has been charged and is free under \$500 bond, and a third has been charged but not apprehended.

### Slaying Suspect Released on Bail

GAINESVILLE, Texas — (AP) — Yerbie Benton Carr, 33, charged with murder in the death of a Fort Worth woman, is free on \$5,000 bond.

Carr is charged in the fatal shooting of Anna Ruth Morgan, 19, Carr's older brother, Grady Carr, 39, was wounded critically.

Carr was released from Cooke County jail yesterday afternoon on

### Some Military Costs 10 Times Above '39 Level

WASHINGTON — (AP) — Cost of military equipment are as much as ten times above World War II levels, says Senator Lyndon Johnson (D-Texas).

He cited present costs of military goods — planes, tanks, warships, guns — in urging immediate price control as "a military necessity."

Johnson gave these figures of military costs:

Equipping an infantry division in 1944 cost \$14,500,000; today, cost, \$74,000,000.

An armored division's equipment in 1944 cost \$30,000,000; today, cost, \$199,000,000.

Destroyers cost \$7,000,000 in 1939; are priced at \$40,000,000 today.

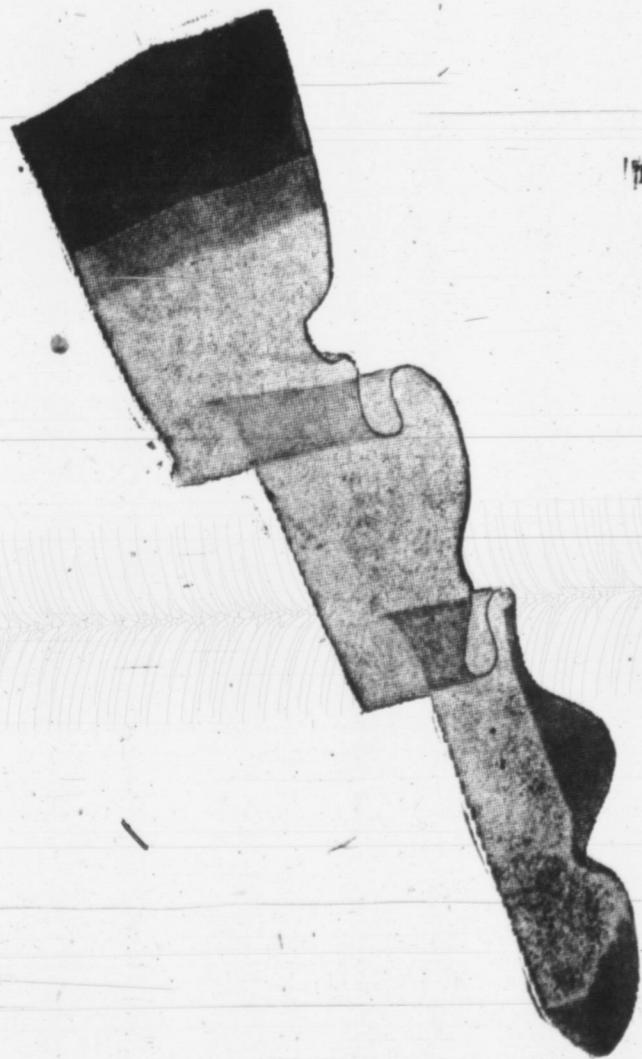

Light tanks that cost \$27,000,000 in 1939 cost \$225,000 now.

In 1939 B-17 bombers cost \$300,000; today's B-36 costs more than \$3,000,000.

The average elephant can haul 18 tons, its half a ton, and carry three tons on its back.

THE AMERICAN WAY

Watch Both Hands, Lefty

Daughter of Wealthy Texan To Fight Will

HOUSTON — (AP) — Mrs. Barbara Cullinan Waller, 29-year-old daughter of the late Craig F. Cullinan, Sr., says she will fight being left out of the wealthy oilman's will.

The will filed in probate court Monday, left the bulk of his estate in trust to two sons, Craig, Jr., and J. S. Cullinan, II. It also specified that \$25,000 was to be left in trust for Mrs. Waller's daughter by a former marriage, Nina Judith Pittman, now 10.

The will said Mrs. Waller had been provided for adequately in that she had been given a home, education and interest bearing securities.

Mrs. Waller, who said she is a waitress in a Baton Rouge, La., cocktail lounge, said she understands her father's estate is worth from \$30,000,000 to \$40,000,000. She came here yesterday with her attorney, Richard O. Rush.

Mrs. Waller told reporters she and her first husband, J. H. Pittman, Jr., of Houston "ran off and got married" in 1929 and her father was displeased. She said she and Pittman were divorced in 1943 and that she and her father never spoke again.

The divorce proceedings placed her daughter in the custody of Mr. and Mrs. Cullinan, Sr., she said. "I signed papers giving complete custody to my mother and father," she said. "Now they are both dead and nobody will even tell me where my daughter is. Of course, I'm not worried that she's hungry, but I'm going to get her back if it costs me my last dime, if I have to scrub floors to do it. I never tried to get her back because I figured my parents could give her more than I could."

She said she married J. W. Waller of Baton Rouge about two and one-half years ago.

She said she and her attorney yesterday made plans to file a contest of her father's will.

Brakeman Nervous But Unhurt After Wild 5-Block Ride

PHILADELPHIA — (AP) — A Pennsylvania Railroad brakeman took a wild ride on a runaway freight car for five city blocks yesterday, passing intersections ordinarily teeming with traffic.

The brakeman, Carl Bitzer, 35, escaped injury as the freight car leaped the tracks and came to a halt on soft dirt.

Bitzer was riding on top of the car at the forward end of a line of empties being switched onto a siding when the car's coupling gave way.

He applied the hand brake without success and then hung on for dear life as the car gathered momentum.

At an intersection, a motorist, Matthew Spaeth, 35, saw the car bearing down on him and stepped on the gas to avoid a collision in the nick of time.

A repair crew hauled the freight car back onto the tracks while Bitzer returned to work, little the worse for his experience.

A modern grassland machine like the field forage harvester can automatically pick up, chop and load a wagon with up to 15 tons of grass an hour.

EXAMINE LOOSE PORCH SLATS, MAKE CERTAIN THEY'RE TIGHT—ENTERTAINING IN CELLARS—JUST KIN'T POLITE!

Cattle Quarantine Ordered In Northeast Texas Area

FORT WORTH — (AP) — Parts of three Northeast Texas counties are under a livestock quarantine after an outbreak of anthrax.

The counties — Titus, Franklin and Hopkins — were named in an order issued by the state livestock sanitary commission yesterday.

President Harold Hutton of the Oklahoma State Board of Agriculture said guards had been posted by Oklahoma at all bridges over the Red River. Hutton said the guards were instructed not to let in any cattle from the Texas counties of Titus, Hopkins, Franklin, Lamar, Delta, Bowie, Morris, Hunt, Camp and Red River.

"We've got a guard on every bridge down there," Hutton said. "As far as we know none of the infected animals got into Oklahoma."

The areas affected in Titus, Franklin, and Hopkins counties lie north of State Highway 11 and U. S. Highway 67, B. A. Davidson, director of the livestock sanitary commission, said here.

Three Hopkins County officials told the governor's office, which is keeping a close watch on the situation, that livestock losses in the county were estimated at \$35,000 to \$40,000 since the outbreak. The spokesmen were County Judge Wayne Gee, County Agent Brooks Emmons and Sheriff Avera Rasure.

The East Texas Chamber of Commerce yesterday wired Gov. Allan Shivers urging a livestock quarantine be clamped on parts of five counties.

The chamber said a quarantine of affected areas in Titus, Hopkins, Red River, Franklin and Wood counties would be enough to stem the outbreak, and that it would not be necessary to quarantine all parts of these counties.

William L. McGill, executive secretary to the governor, said the governor's office has been in contact with the livestock sanitary commission since last week. He said the agency feels the

Atomic Energy Body Completed

WASHINGTON — (AP) — For the first time since David E. Lilienthal resigned as chairman of the Atomic Energy Commission (AEC) last Feb. 15, that agency has a full complement of members.

The Senate last night confirmed the appointment of Thomas Keith Glennan for a five-year term on the commission. He is president of the Case Institute of Technology, Cleveland.

Glennan was named to succeed Lewis L. Strauss, who resigned.

The situation is being handled satisfactorily.

McGill said the commission reported a corps of supervisors in the anthrax area, headed by Dr. C. A. Kay, nationally-known veterinarian.

Hopkins County officials asked the governor yesterday for assignment of four or five additional patrolmen to their county for the next five days to help prevent movement of cattle in and out of the quarantined area.

MUDDERS' DAY—Australia's Clive Churchill kicks as second row forward Doug Phillips attempts to knock the ball down. The Aussies defeated England, 5-2, in the Rugby League's final game. Trifle muddy, eh what?

Retail Grocers Pick El Paso

DALLAS — (AP) — Hal E. Dean of El Paso is the new president of the Texas Retail Grocers Association.

Other officers elected at the close of the association's 32nd annual convention were P. A. Geary of Beaumont, first vice-president; Ray E. Peterson, Corpus Christi, second vice-president; Julius Cozzelli, Houston, third vice-president and George P. Connerty, Temple, treasurer.

New directors are C. W. Rogers, Abilene; D. A. Shipwash, Austin; B. A. Geisler, Beeville; M. L. Cudd, Corpus Christi; Lee Hogle, Electric; John N. Mills, Galveston; Edward Richardson, Longview; Bruno Oelkers, San Antonio; G. H. Laaster, Tyler; D. I. Donathan, Dallas; V. J. Orr, Texarkana; W. H. Hartley, Marshall; Homer Hill, Lubbock; Leon Sacco, Houston; Leroy Simpson, Fort Worth; and D. O. Wallace, Lufkin.

SPOKESMAN

(Continued from Page 1)

the measure on to the House, where a similar bill was reported favorably yesterday by its armed services committee.

A third defense measure — to set up registration and possible draft of doctors, dentists and other scientists and specialists — also moved ahead in the Senate.

Chairman Hunt (D-Wyo) ended public hearings on it before an armed services subcommittee late yesterday after civilian and military medical leaders voiced general approval.

Tydings had more than a majority of his 13-member committee lined up in favor of compulsory military training for youths 18 to 20 years old. Nine members came out for it yesterday. A tenth, Senator Russell (D-Ga), a committee member, told a reporter he always has favored it.

The proposed monthly payments the family allowance bill would provide vary from a minimum of \$85 monthly for a dependent wife, child, or parent to \$115 for three or more dependents of men in the lowest grades.

Enlisted men in lowest grades would sign over \$40 of their pay to their dependents. The government would pay the rest of the benefits.

Allowances would be higher for families of men in the upper grades — the sergeants in the Army and comparable grades in other services. Men in the top two grades would sign over \$80 of their pay each month. Those in the next two grades would contribute \$60.

The bill reported by the House committee proposed slightly higher monthly allowances for dependents of men in the upper grades, with no requirement that the men sign over part of their pay.

British Troop Shift Will Be No Secret

HONG KONG — (AP) — Departure within a week of 1,500 British troops for Korea will be no great secret.

# School Days Ahead

Back-to-school clothes for small fry stress practicality. Brother and sister (left) wear washable cottons. His trousers are pearl grey pinwale corduroy; the pullover is cotton jersey. Her one-piece cotton jumper dress is plaid gingham; she carries a fireman red cotton jersey cardigan. Small boy (upper right) wears checked vest and trousers in worsted-type rayon fabric while little sister (lower right) is ready for rain in belted plaid raincoat and fleece-lined red rubber boots.

By GAILE DUGAS  
NEA Staff Writer

NEW YORK (NEA)—Back-to-school clothes for the grammar school set are versatile and practical this autumn. They combine style (plaid and corduroy, for example) with the practicality which comes with washable fashions for youngsters.

Pearl gray pinwale corduroy trousers are a soap-and-water fashion for a small boy, paired with a red, white and gray striped cotton jersey pullover which also takes readily to the tub.

Plaid is taken in a gingham jumper dress for a small girl. The bodice of this dress is blue. Collar and cuffs are white pique. This, like the fireman red cotton jersey cardigan worn with it, is a washable fashion.

A checked vest and trousers in wool-resistant worsted-type rayon fabric are versatile for a small boy's wardrobe since the vest can combine with jacket and trousers in bold color and the trousers, similarly, can pair up with a solid color jacket.

A hooded raincoat in plaid is a style for small sister, worn with fleece-lined rubber boots in bright red. Both coat and boots are minute adaptations of grown-up fashions.

There never was found, in any age of the world, either religion or law that did so highly exalt the public good as the Bible.

**WEAK NERVOUS**

Are you troubled by distress of female functional periodic disturbances? Does this make you feel so tired, high-strung, nervous—as such times? Then go to Lydia E. Pinkham's Compound to relieve such symptoms! Pinkham's Compound is made especially for women. It also has what doctors call a stomachic tonic effect! Any druggist.

LYDIA E. PINKHAM'S COMPOUND

## FULL WHITENING POWER!

## YET PUREX IS GENTLE TO COTTONS AND LINENS — DEFINITELY MILDER

Purex is safe—yet no other bleach does a better whitening job!

Purex whitens your wash with gentle Controlled Action. Scientists say it has a lower oxidation potential! That simply means: Purex is milder—milder and safer for your cotton and linen fabrics.

**Avoid harsh bleaching!**

No other bleach makes whites whiter or fast colors brighter than Purex. Yet Purex is gentle. Used as directed it protects your cotton and linen fabrics so they last as long as if no bleach were used.

Remember! Play safe! Use only Purex, the gentle bleach.

### PUREX—THE GENTLE BLEACH

WITH Controlled Action

**What's RIGHT?**

Your child is not old enough to take telephone messages or to handle a telephone call without getting confused.

**WRONG:** Let him answer the telephone, anyway, if he thinks it is fun.

**RIGHT:** In courtesy to your callers, answer the telephone yourself, since it is disconcerting to have a telephone answered by a child who isn't old enough to get a message straight.

You leave an important telephone message with a maid who doesn't seem certain of your name.

**WRONG:** Just hope she'll get the message straight.

**RIGHT:** Tell her you will wait while she gets pencil and paper. Then spell your name for her and have her repeat the telephone number, to be sure she has it right.

A bride-to-be wonders how soon she should write thank-you notes for wedding gifts.

**WRONG:** She waits until she is back from her wedding trip and settled in her own home before tackling the job of writing thank-you notes.

**RIGHT:** She tries to write her thank-you notes as the gifts come in, so that those who sent them won't wonder for weeks whether their gifts were received.

At a party where the guests are married couples, the husbands get off in one corner of the room and leave the wives in another and the hostess tries to get them all together.

**WRONG:** Pay no attention to the hostess.

**RIGHT:** The men should join the women out of courtesy to the hostess and to the women guests.

**'Keeping Cool' Eyed by HD Club**

Members of the Worthwhile Home Demonstration Club answered roll call with "How I Keep Cool" when they met in the home of Mrs. O. A. Wagner, 616 N. Sumner.

Mrs. O. G. Smith conducted a game on daily diet during the recreation period.

Refreshments were served. Present were Mrs. A. C. Crawford, Mrs. Ray Robertson and Martha, Mrs. O. G. Smith, Mrs. Roy Tinsley, and Mrs. John A. King.

This group will give a tea Tuesday, Aug. 29, in the home of Mrs. Ray Robertson, 424 N. Doyle.

**Mrs. Thompson Hosts Club at Breakfast**

The home of Mrs. Mable Thompson was the meeting place for the White Deer Pioneer Club for breakfast and a business session. Co-hostesses were Mrs. Julia Powers, Mrs. Maye Coffee and Mrs. Vern Crumpecker.

The home was decorated throughout with garden flowers.

Mrs. J. C. Jackson conducted the short business session. The next meeting is scheduled for Nov. 28.

Members present were Misses: Girtha McConnell, Fanny Skaggs, Jim White and Bob McCoy, from Pampa; and from White Deer were Misses: J. C. Freeman, Marie Grimes, Harry Edenborough, E. F. Tubbs and J. C. Jackson. One guest was present, Mrs. M. H. Kykendall of Oak Ridge, Tenn., formerly of White Deer.

If you find a crack in your wooden salad bowl, get the surface clean and dry and pour shellac into the crack. It should harden into a more or less permanent fix.

**Grace Friend**

**JEALOUSY GAINS WIFE NOTHING**

Dear Grace Friend: I am in rather a desperate state. My husband and I are just 20 years old and we have a lovely four months old son. My problem is that I am terribly jealous of my husband. I try to help myself but the situation gets worse instead of improving.

It has become so that I don't invite my friends over any more because of my jealous nature. I also try to keep him away from certain movies and shows.

Please tell me how to help myself. We are both becoming terribly unhappy.

I don't want anything to happen to my marriage because I love my husband dearly. That's the reason I am writing to you. Please help me.

Mrs. K.

Dear Mrs. K.: You must make up your mind that you have a wonderful advantage over any other woman who might want your husband as you are his wife and the mother of his son. You are in that position because he chose you and wanted you.

You have an advantage in that you are with your husband, can attend to his needs and see to his comforts, and, believe me, the average man values such attention highly.

It isn't easy to conquer jealousy but you have started on the right path by recognizing it. You will just have to continue to discipline yourself, in fact you will have to be even more strict in controlling your emotions for you must not let your husband know that you are jealous. Men resent jealous wives.

Whatever you do, don't cut yourself off from your friends. No matter how hard it is for you, ask them over as often as is feasible. And as for keeping your husband away from movies because you are jealous—that is too absurd even to discuss. Go to any movie he wishes and let him admire the star. What if he does? He probably admires them vocally at least partly to tease you. It is extremely doubtful if any movie star would find you more attractive than the men in her own circles so just put such silly thoughts right out of your mind.

Just to balance the situation before you dismiss it, next time you are at a movie admire the hero to all who will listen. Thus you will find out how little such talk really means.

You must control your jealous nature for another reason—such constant emotional upsets are likely to effect your health and, goodness knows, few sick wives

**TEEN TALK**

AP Newsfeatures

Looks and books are the chief topics of conversation of the back-to-school crowd.

What to wear going back to school is uppermost in the minds of fashion-conscious teen-agers. Some girls have the silly idea that they must wear a different gown every day of the week to make a hit with their classmates. I know mothers who toil far into the night over sewing machines to make this possible. I know one mother who scrubs floors to buy the fabrics so that her daughter can keep up with rich Susie Jones.

The sooner a young lady realizes that pretty clothes alone will not make her popular in school, the sooner she will grow up. One of the most popular girls I've ever known went to a smart woman's college (worked her way), owned one date dress, one evening gown, one conservative sports coat for the three years she attended classes.

It is true that she was fortunate enough to be there during the "jeans era" when a several pair of blue denim, a few colorful sweaters plus a good leather belt, bobby sock and loafers would see a girl through college, broke but happy. However, she did learn the value of a dollar having had to earn it, and her mother didn't get gray hair and bent burning the midnight oil to please daughter's vanity producing new gowns for every occasion.

Times haven't changed so much, however, that a smart and practical girl can't keep her clothing budget down by investing in skirts, blouses and sweaters. Some of these informal separates can be dressed up with accessories and worn on casual dates.

Speaking of dates, there'll be lots of little freshmen who will convince themselves that they've just got to have a date every free moment they are back at school. Besides the harm they do in breaking down their health, at a time when they should be building it up, they invite the risk of not passing their grades.

Of course if parents try to advise them that this is the time to bear down and learn something and that dates can wait, it is a time when they should be building it up, they invite the risk of not passing their grades.

Every girl should learn something that she can turn to in the event she has to work after marriage. It looks as if most young men will be flirting with the possibility of being called in to the service some time or another, and this is precarious living to say the least. One woman in the group has it so to be armed with enough knowledge of some particular thing to help her make a living at it.

A knowledge of typewriting, and possibly stenography, always are as attractive as are bright, healthy ones.

**GOOD HEALTH**

2. HOW FAST DOES AN ATHLETE'S HEART BEAT?

3. HOW CAN WE DEFEAT TUBERCULOSIS?

1. IS APPENDICITIS A MAJOR CAUSE OF DEATH?

**Answer to Question No. 1:**

1. The appendicitis death rate has been dropping at an astonishing rate. Metropolitan Life Insurance figures show that where in 10.2 persons per 100,000 died of appendicitis in 1939, the rate was 2.2 in 1949. New drugs to control infection and improved surgical techniques are largely responsible but early recognition and early operation are important.

**Answer to Question No. 2:**

2. Athletes' hearts beat slower than the average person's under comparable conditions because the heart of an athlete has been developed by exercise to do more work per beat.

**Answer to Question No. 3:**

3. The National Tuberculosis Association estimates that there are 250,000 undiscovered cases of tuberculosis in this country. Every person in every community should have a chest X-ray picture. This is nearly 100 per cent reliable. In almost every community this can be done without charge. The tuberculosis death rate has been reduced 80 per cent in 40 years.

# Oilers Pummel Lobos Second Straight, 11-7

The Pampa Daily News

PAGE 18 PAMPA NEWS, WEDNESDAY, AUG. 23, 1950

## Pampa Lead is Lengthened, Series Finale Scheduled

By GENE GARRISON  
News Sports Editor

The first place aspirations of the Lamesa Lobos received another jolt last night in Oiler Park when the league-leading Pampa Oilers outdistanced their nearest rivals, 11-7, for the second consecutive night in Oiler Park. The Lobos loss dropped them five full games behind the Oilers and into a tie with the Lubbock Hubbers, for second and third place in the West Texas-New Mexico League.

The Lobos will attempt to salvage the final game of the series tonight at 8 o'clock when they send their mound ace, Eulis Rosson, to the mound, opposing the Oilers' Mel Kramer. A pre-game ceremony has been scheduled in which the two clubs will match golfing ability in driving and chipping contests. Both teams will take turns trying to drive golf shots over the green portion of the centerfield fence, then attempt chip shots at second base. Each player will receive two tries in the driving contest, using a wood and an iron, with the successful participants receiving \$1.00 for their efforts. The player getting the nearest second base in the other trials, will receive \$5.00.

The Lobos fell victim to a clutch-hitting attack last night that netted 13 safeties off the stunts of Jim Reynolds while the Lobos pounded George Payte for 17. But Payte was plenty rough in the clutches and left 13 potential scorers stranded on the sacks. Twice he retired the side with the bases loaded, and twice with two men on.

Leading the Pampa assault was Don Rickleton and Dick Woldt. Rickleton smashed four hits in five attempts, including three doubles, while Woldt cracked two home runs in three plate appearances. Vince Speranza, a four bingie in five trips for the Lobos, including a homer and a double.

The Oilers wasted no time in going to work on Reynolds, and Woldt advanced them into a 1-0 lead with his first circuit swing in the opening inning. In the second inning, Rickleton doubled and Homer Matney drew a walk before Payte singled and Dick Dawson slapped a two-baser for another pair of runs and a 3-0 Pampa command.

The count was narrowed in the third when Payte grew wild and walked the first batter, Eulis Rosson. Beeler popped out to second base, but Bo Dempsey smashed a double off the centerfield boards, scoring two runs. Selbo was thrown out at home when he tried to tally all the way from first. The visitors grabbed their first taste of the lead in the fifth with two more runs on singles by Speranza and Hank Robinson, and walks to Beeler and Reynolds.

Woldt's second four-bagger master with Dick Dawson on base, propelled the Oilers back to the advantage point, but the lead switched again in the top of the sixth. Selbo singled and Beeler blasted a long homer over the left field barrier to shove the Lobos out front, 6-5.

But the joy was shortlived. The Oilers roared back to the bottom of the sixth to assume a headway they never lost. A single by Virgil Richardson started the inning, and Rickleton followed the example with a scoring double. Matney was walked intentionally to load the bases, but the strategy backfired when Jim Martin duffed the left field boards with a terrific double that scored Richardson and Rickleton and sent Matney to third. Dawson lifted a high fly to leftfield, scoring Matney, before Woldt walked and Jeandron sailed to center to end the inning.

Speranza's homer in the seventh accounted for the final Lobo run. The Oilers, however, continued their pace, with two more runs in the bottom of the same inning. Speranza erred on Fortin's high fly to open things, Richardson popped out, and Rickleton singled to left. Matney walked and Jim Martin again found himself at the plate with the bases loaded for the second time. He cracked a sharp single over second, scoring Fortin and Rickleton, but Payte and Dawson were retired to culminate the spurge.

Jeandron opened the bottom of the eighth with a terrific triple off the leftfield fence, and Rickleton's third double of the evening scored him with the last Pampa run.

The Lobos threatened a rally in the top of the ninth when, with one down, Santiago singled on a slow infield dribbler. Dan Pinto sent a steaming liner to shortstop, which Jeandron flagged down on a sensational catch, doubling the speedy Santiago off first base with a lightning peg.

After tonight's series finale, the lowly Abilene Blue Sox move into Oiler Park for a three game stand. The last game with the Blue Sox on Friday night will be sponsored by the Pampa 20-30 club.

Jockey Johnny Longden has a trotter in training at Roosevelt Raceway at Westbury, N. Y.

Big Spring, a team that used to dominate the Longhorn League, is within one percentage point of pulling into third place.

The Broncos last night whittled Vernon's margin to this by knocking off Ballinger, 9-4, as the Dusters bowed to Odessa, 13-0.

Midland beat San Angelo, 4-2, and Sweetwater split with Roswell, taking the second game, 2-1, after losing the first, 10-9. Ray Vasquez' three run homer sparked a five run outburst by Big Spring in the eighth.

Four hit pitching gave Ray Knoblaugh his 19th victory and Odessa its easy decision. The Oilers used six hits, an error, four walks and a hit batsman for eight runs in the fourth frame.

Jim Prince's two run first inning home run started Midland to its win.

New tractor rakes are built to handle the hay as gently as possible since scientists have proved that much of the feed value in hay is contained in the fragile leaves.

### Little League World Series Starts Tonight

WILKIAMPORT, Pa. (AP) — The pick of the nation's boy baseball stars begins the fourth annual little league World Series here tonight.

Punkettown's Pennsylvania state champions will clash with Hagerstown, Md., representing region four, in the series opener.

Three other first round games will be played tomorrow.

In all, eight teams coming from leagues in 22 states, will take part in the single elimination tournament. All of the boys are between 8 and 12 years old.

On deck for tomorrow's tilt are Bridgeport, Conn., facing Clinton, S.C., Pensacola, Fla., last year's runnerup, meeting Kankakee, Ill., and Westley, R.I., battling Houston, Texas at 5 p. m.

### Broncs Nearing Third Place in Longhorn Loop

(By The Associated Press)

Big Spring, a team that used to dominate the Longhorn League, is within one percentage point of pulling into third place.

The Broncos last night whittled Vernon's margin to this by knocking off Ballinger, 9-4, as the Dusters bowed to Odessa, 13-0.

Midland beat San Angelo, 4-2, and Sweetwater split with Roswell, taking the second game, 2-1, after losing the first, 10-9.

Ray Vasquez' three run homer sparked a five run outburst by Big Spring in the eighth.

Four hit pitching gave Ray Knoblaugh his 19th victory and Odessa its easy decision. The Oilers used six hits, an error, four walks and a hit batsman for eight runs in the fourth frame.

Jim Prince's two run first inning home run started Midland to its win.

New tractor rakes are built to handle the hay as gently as possible since scientists have proved that much of the feed value in hay is contained in the fragile leaves.

### Walters, Eaves Near New Pitching Records

(By The Associated Press)

Rusty Walters of Crowley and Vallie Eaves of Leesville are apt to hang up pitching records Gulf Coast League twirlers will be shooting at for a long time.

Walters posted his 28th victory last night as Crowley valoped Galveston, 14-4. He gave up 14 bases on balls, too.

Eaves got credit for his 28th win, though he needed help from Charley Davis in the ninth. He got it when Leesville beat Lake Charles, 7-6.

The Class C League's regular season ends Sept. 4. Both these pitchers stand better than even chances of winning 30 or more games.

Jim Hogan neared the 30-game mark, winning No. 18 at Jacksonville blanked Port Arthur, 7-0.

Pat Lorenzo's home run in the ninth won for Leesville. The other winning clubs had little trouble.

## Swimmers Head for Channel As Mass Crossing Underway

DOVER, England (AP)—Two more swimmers headed across the English Channel in opposite directions — just a few hours after seven men and two women churned their way through the strait in an historic mass crossing.

Two other Britain-bound marathons — Frenchman Georges Alfonsi and Dutchman Joseph Van Waal — gave up less than half-way to their goal.

The England-to-France swimmer was 18-year-old Philip Mickman, English swimming wonder, who took off at 7:45 a.m. (1:45 a.m. EST) for try for his second channel conquest and his first crossing in that direction.

He began his try exactly a year from the time he conquered the France-to-England route in 23 hours and 48 minutes.

The other three of today's starters began at Cap Gris Nez, France, heading toward this ancient channel port. One of them — the Belgian Fernand Du Moulin — was so confident he planned to swim back again after a 15-minute rest.

Moulin, who made the crossing last year in 21 hours 48 minutes, tossed off a bottle of champagne and entered the water at 2:38 a.m. (8:38 p.m. Tues.).

He was preceded by Georges Alfonsi, 35-year-old French oil refinery engineer, and Joseph Van Waal, 20-year-old Dutchman from Bergen Op Zoom.

Alfonsi left at 1:19 a.m., Van Waal at 2:27 a.m.

An attack of appendicitis ended Alfonsi's attempt one hour after he started. He was pulled out of the water with a rope and was still doubled up in pain when he was brought back to his hotel at Wissant, France.

Van Waal was dragged from the water at 7 a.m., about half way across the 19-mile stretch.

The scene on the French beach

this morning was vastly different from yesterday, when 24 swimmers set out in a race won in record time by 41-year-old Hassan Abd-El Rehim, 217-pound Egyptian strongman.

Instead of yesterday's floodlit enclosure and pressing crowds, there were only a few spectators and reporters on the beach. The weather was clear after a thunderstorm earlier in the night.

Rehim won yesterday's race from Cap Gris Nez to Dover with a tremendous closing spurt that overtook Roger Le Morvan of France just off the English shore.

Both men smashed the 24-year-old record for channel crossings. Rehim's time for the treacherous 19-mile stretch of water was 10 hours 53 minutes. Le Morvan, 26-year-old Paris electrician, was 10 minutes behind.

The old record of 11 hours 5 minutes was set by Georges Michel of France in 1926.

The rest of the finishers struggled in within the next 10 hours but one contestant did not give up the fight until early today.

Fahmy Attallah, 40-year-old Egyptian civil servant, was lifted from the water unconscious only 200 yards from his goal at 9:45 a.m.

He had been in the water 27 hours and 13 minutes on this, his sixth attempt to swim the channel. For most of the night he had battled tides sweeping him away from the coast.

Both Rehim and the first woman to finish — Eileen Fernon, 21-year-old English school teacher — won prizes of \$2,800 each, given by the London Daily Mail, which sponsored the race.

The other seven finishers received consolation prizes of \$700 each. They included, in addition

## NOW IS THE TIME TO BUY THE BEST!

## GOOD YEAR TIRES are the best!

In times like these, far-sighted people naturally buy the best. And when it comes to tires, they buy the best tires. That's why more car owners today are turning to Goodyear tires. That's why we're having a hard time keeping Goodyear tires in stock—despite the fact that Goodyear makes more tires than any other manufacturer in the world. Even if we are temporarily out of your tire size, it will pay you to place your order now for earliest possible delivery.

Remember, if we don't have your tire size today, it will pay you to wait for new Goodyears — the best!

It's Value that counts  
The final answer to tire value is how many trouble-free miles a tire delivers compared to its cost. Get Goodyear quality and find out for yourself why Goodyears are best.

We'll give you service...  
Yes, we're equipped to give you the best service in town — service that adds miles and miles of safe driving. We'll check your tires regularly for inflation, balance and uneven wear.

Trade new miles for old  
90% of all tire trouble occurs in the last 10% of tire life. Why take chances with worn, smooth tires? We'll trade you new Goodyear miles for the remaining unsafe mileage in your present tires. Get out of the "danger zone" — go Goodyear for safety. And for safer driving, get LifeGuard Safety Tubes.

Come in... let's talk tires, tubes, terms

# D-Day for Tigers Today In 2nd Game With Yanks

## Young Golfers Move for Kill In Links Meet

MINNEAPOLIS (AP)—A crop of youngsters, products of the country's widespread junior golf program, is moving in for a kill at the national amateur.

Seldom in the 50-year-history of the sedate tournament has so much young blood flowed past the hazardous first two days of play and into the third and fourth rounds.

Two 18-hole trips today reduced the field, originally 210, to 16 hardy survivors. Whether many of the "rookies" will be around by nightfall is conjectural—but undoubtedly some of them will still be in the race for amateur golf's greatest honor as such old hands as Toledo's Frank Stranahan, defending champion Charlie Coe of Oklahoma City; former winners Ted Bishop of Weston, Mass., Dick Chapman of Fishurst, N.C., and Willie Turnesa of White Plains, N.Y. Warhooping after such seasoned swingers as these come the kids, led by 15-year-old Don Bisplinghoff of Orlando, Fla., high school Foremost among the newcomers are husky Gene Litterer, the Jaycee 1948 champion from Seattle, Wash., and 21-year-old Gerald Kesselring of Kitchener, Ont., Canada.

Kesselring, fresh from taking the Canadian junior crown, scored the most lopsided triumph of the entire meet yesterday with a 9 and 2 second round decision over Russ Brothers of Nashville, Tenn.

## Dukes Divide Pair With Amarillo Sox By Winning Finale

ALBUQUERQUE (AP)—Big Walt Stenborg won his fifth victory in two weeks—four of them on relief—last night, pitching Albuquerque to an 8-6 decision over Amarillo in the second game of a West Texas-New Mexico League doubleheader.

Amarillo blanked the Dukes in the first game 8-0 behind three-hit pitching.

In the nightcap, Stenborg came in during the third to take over from Jordan Pitta. Between the two of them they limited Amarillo to five hits.

The Dukes collected seven but got them where it counted. Amarillo scored four runs in the third to take the lead. They came on Murray's single, a walk, a fielder's choice, an error and Jim Bynon's double.

The Dukes came from behind in the bottom of the same frame to tie the game up. Five runs came in on five walks, a hit batsman and two singles.

Singles by Stanford and Palmer and Cutti's double in the sixth gave Albuquerque the victory.

By JOE REICHLER  
Associated Press Sports Writer

Today could be described as D-Day in the life and times of the turbulent Detroit Tigers.

Another loss on top of yesterday's 13-6 beating by the New York Yankees might mark the beginning of the end of Detroit's pennant dream. Also the outlook for the third and last of the three-game set at Yankee Stadium Thursday is far from bright. Then comes Boston.

Red Rolfe is banking on his ace, Art Houtteman today. The young right-hander and veteran Dizzy Trout are all that's left of the once-mighty Tiger pitching crew. Hal Newhouse and Fred Hutchinson have been in and out all year. Virgil Trucks and Ted Gray are laid up with sore arms. Hal White was pounded black and blue yesterday and Trout worked the day before. So everything is up to Houtteman.

Houtteman (16-9) has beaten the Yanks four times in six outings. Veteran Vic Raschi (15-8), his opponent, owns a 12 season record against the Tigers.

Rolfe recognizes that the flag can be won or lost at the stadium.

"I'm not trying to belittle the chances of the Indians or Red Sox," Red said before yesterday's game, "but the Yankees are the team to beat for the flag. I think it will be between us and New York. They've got the best pitching in the league. And (Casey) Stengel has been lucky enough to have his big four escape injury."

"The way I see it, we must take at least one here and two out of three in Boston. I'll settle for that right now."

The Yanks were simply merciless on three Tiger pitchers yesterday. Led by Catcher Yogi Berra, they clubbed out 14 hits, including two doubles, a triple and three home runs. Berra batted in six runs with his homer, triple and two singles.

Allie Reynolds' pitching was a only fair. He gave up 11 hits and five walks.

It was a disastrous day all around for the Tigers as the Indians and Red Sox also won. The Tribe whipped Washington, 5-1, to cut Detroit's margin to three and a half. The Red Sox walloped St. Louis' Browns, 8-5, to climb to within five and a half games of the top.

Philadelphia's furious Phillies retained their five and a half game margin in the National League, edging the Reds in Cincinnati, 4-3. Brooklyn's Dodgers outplayed the Pirates in Pittsburgh, 10-8, and Boston's Braves took third place from the Cardinals with a 5-1 triumph in St. Louis.

The New York Giants made it 16 wins in 19 games with the Cubs, winning in Chicago, 6-5, in the National's only afternoon contest. Philadelphia and Chicago in the American League were idled by rain.

Bob Feller pitched six-hit ball to record his 12th win for the Indians. The Red Sox poured over eight runs in the sixth inning to overcome a 4-1 deficit and went on to gain their eighth straight triumph.

Del Egan's ninth-inning single drove in Richie Ashburn with the run that gave the Phillies' Robin Roberts the edge in the pitching duel with Cincinnati's veteran Ken Raffensberger. It was Roberts' 17th victory, tops in the National League.

## Status of NMU To Be Decided On September 9

LUBBOCK (AP)—The status of the University of New Mexico in the Border Conference may be decided Sept. 9 at El Paso.

Dr. J. William Davis of Texas Tech, conference president, and Dr. E. L. Larson, conference commissioner, met here yesterday and could not iron out the problem. They set another session tentatively for Sept. 9.

The school wants to be considered eligible for conference titles in football and basketball this year. It recently joined the Skyline Six Conference.

Davis said there were several problems connected with the University's request. He also said every member of the circuit apparently had a different idea of what action should be taken.

## Shreveport Bottlers Capture Junior Title

BATON ROUGE, La. (AP)—The Shreveport Seven-Up Bottlers defeated Waxahachie, Tex., 4-3, last night to take the sixth regional American Legion junior baseball championship.

Bo Foster started on the mound for Waxahachie and was relieved in the seventh inning by Tom Gibson who finished the game. Seth Morehead, who did the hurting for the winners allowed only three hits and struck out 12.

There are more desirable vitamins in swordfish liver oil than in cod liver oil.

## Michigan Champs Make Appearance In Tournament

WICHITA, Kas. (AP)—The powerful St. Joseph A. S. C. A., Michigan state champions, make their first appearance in the National Semi-Pro Baseball Tournament tonight.

The St. Joseph team, composed almost entirely of former professional league players, will meet the Derry, Pa., Peterans of Foreign Wars in a first round game at 8:45 (CST). It will be one of five games on the day's program.

In a feature second round game last night, the strong Quantic, Va., Marines pushed over a run in the ninth inning to defeat the Barksdale, La., Field Bombers, 8-7.

In first round games last night, the Worland, Wyo., Indians scored four runs in the ninth inning to edge the Ester, N. H., Bears, 11-10 and the Santa Maria, Calif., Indians blasted the Kenosha, Wis., Chiefs, 9-0.

Improper filling is responsible for much of the spoilage of silage. New auger-type blowers now on the market spread the chopped material evenly to get a tight pack which helps prevent spoilage.

Today's automatic twine-tying balers can loop two strands of twine around a bale and tie two knots all automatically, in less time than a man can tie one knot.

Good-sized cows will eat up to 150 pounds of grass a day. Many farmers also make hay available to white cows are on pasture to add bulk to the ration.

## Eagles Are Beaten Again As Missions Move Closer

By WILBUR MARTIN  
Associated Press Staff

Dallas lost again last night in the Texas League, but — for a change — San Antonio won. And that put the Missions just a half game back of fourth place Dallas.

San Antonio has been chasing the Eagles for weeks, but every time Dallas went into a losing streak, it seemed the Missions followed. And they didn't get very far, very fast in their attempt to get among the first four.

Fort Worth blanked Dallas, 2-0, while San Antonio edged Houston, 8-7.

In other games, Beaumont shaded Shreveport, 3-2, and Oklahoma City defeated Tulsa, 8-5.

Pat McGlothlin gave Dallas seven hits, one more than his mates could collect off Bob Buhl. But three walks, an infield hit by Bob Bundy, and a Dallas error provided a run in the first inning. McGlothlin singled Frank Brown home with the other in the ninth inning.

In 23 innings of baseball, Dallas has now scored exactly three runs. And these three came in the last inning of a seven-inning first game of a twin bill at Tulsa Sunday.

Two runs in the sixth inning helped Zeke Melignano beat

Shreveport. He pitched six hit ball.

Len Pillar stopped a Tulsa rally in the ninth inning by fanning two batters to protect Oklahoma City's win. The Oilers had scored three runs this frame.

Dick Bokelmann and Jerry Witte hit home runs for Houston, but the Buffs couldn't manage enough runs to win. For Witte it was his 25th since joining Houston in midseason.

Tonight Beaumont moves to Dallas. Shreveport to Fort Worth, San Antonio to Oklahoma City and Houston to Tulsa.

## Darwin Dobbs Earns Twentieth Victory

By the Associated Press

Darwin Dobbs finally made it. The big Tyler pitcher won his 20th game last night, a two hit, 1-0 decision against Kilgore.

Dobbs has been trying for a long time to win No. 20. He finally did it as singles by Ken Funk and Bill James, a walk to Stan Goletz and Nick Gregory's fly gave him a one-run lead in the first inning.

Gladewater knocked off Longview in both ends of a doubleheader, 2-0, 6-2, while Marshall pounded out 11 hits to beat Henderson, 5-3. H. P. Waters won his tenth game for Marshall.

Looking for a "good break"?

You get the best brakes on

**DODGE**

"Job-Rated" TRUCKS

Best for stopping ...  
Smooth, sure stops are yours with a Dodge "Job-Rated" truck... thanks to extra-large braking area. The driver has full control of brake action, because of "equal-pressure" design of service brakes. These famous hydraulic brakes are easy to adjust, too.

Best for parking ...  
You get the added safety of two separate brake systems in your Dodge "Job-Rated" truck. On every Dodge model, the hand parking brake is completely independent of service brakes. Operating on the propeller shaft, it helps lengthen the life of the service brakes.

... and the best brake lining, too!  
You get longer lining life and better braking with Cyclobond linings. It's fused to the shoe! No rivets means lining can be used practically down to the shoe... with virtually no danger of drum scoring. Ends are full-thickness—not tapered—to provide more braking surface.

Job-Rated for low cost transportation

NOW! 90% FLUID DRIVE!  
Available on all 1/2-, 3/4- and 1-ton models. Reduces wear, lowers upkeep costs. Ask us for Fluid Drive booklet.

POWER... 8 great truck engines—each "Job-Rated" for PLUS power.

ECONOMY... priced with the lowest "Job-Rated" for dependability and long life.

BIGGER PAYLOADS... carry more without overloading axles or springs because of "Job-Rated" WEIGHT DISTRIBUTION.

EASIER HANDLING... sharp-turning! Parks in tight places. "Job-Rated" maneuverability!

COMFORT... widest seats... windshield with best vision of any popular truck. Air-cushioned, adjustable "chair-height" seats.

SAFETY... finest truck brakes in the industry... hand brake operating independently on propeller shaft on all models—1/2-ton and up.

With all their extra value **DODGE "Job-Rated" TRUCKS** are priced with the lowest

### Suspected Spy Due Trip to New York City

SECOND BIRTHDAY—Korean Consul Young Han Choo and his wife, at right, raise the Republic of Korea flag atop the San Francisco city hall. The flag-raising was part of a celebration commemorating the second anniversary of the birth of the Korean republic. Mayor Elmer Robinson of San Francisco, left, helps the consul with the flag.

HOUSTON — (AP) — Morton Sobell, 33-year-old radar expert charged with passing defense secrets to Russia, may go by plane to New York City today. Sobell was brought here from Laredo, Texas, by special guard yesterday. He was placed in the Harris County jail. U.S. Marshal Clifton C. Carter said Sobell probably would be taken to New York by plane today.

Sobell had been held in Laredo since Mexican officials turned him over to Federal Bureau of Investigation agents at the border Friday. An order for his transfer to New York was signed here Monday by Federal Judge Allan B. Hannay. Sobell had waived a removal hearing before U.S. Commissioner Frank Y. Hill at Laredo and bond was set at \$100,000.

A complaint filed in New York charges Sobell with violation of the Espionage Act by allegedly transmitting certain national defense papers, sketches, documents and information to Russian agents.

Sobell told a reporter upon arrival here that "everything will come out at the trial" and "I want to see a lawyer before I say anything." He said the Mexican authorities were "bandits" because they deported him, but he would not elaborate on this charge.

44 New Firms Start Operations in Texas

AUSTIN — (AP) — Texas became the home of 44 new firms in July, the most since March. The Dallas district led with 10 new firms, the Texas Employment Commission reported, but the Austin district employed the most persons in new industries with 411. The state total was 1,544.

Corpus Christi was second in new firms with nine. Words and music by Miss Flame. She pronounces the name "Flam-ay," accented on the second syllable.

The program wound up with the showing of one of the great lover's old films. Being, which makes flying hazardous in winter, sometimes is encountered at high altitudes even in summer.

### CARBON KILL

Copyright 1950 by NEA Service, Inc. by Julius Long

THE STORY: Del Doran, private detective, is bodyguard of Frank Phajol, commercial-stamp dealer, who is in Copper City, and a big order of diamonds. Mike Dominic, a big drifter, Phajol and his wife are in the hotel. Doran has just arrived and Doran is looking around the hotel to safeguard his employer and the diamonds.

IV  
A SWARTHY man came into the bar. He was about 60, hard-looking. I thought his eyes were a trifle too sure of themselves, even arrogant. He seemed not to notice me as he climbed on a bar stool.

"The usual, Mr. Dominic?" the bartender asked. I looked over Dominic. He was lighting an expensive Mexican cigar, which did not help his appearance but probably gave him the prosperous look he wanted. His clothes were expensive, but something about their cut was so far wrong as to be on the farcical side. He looked around as if for an audience and apparently failed to find a worthy one in me. As the bartender served him he said:

"Got a big deal on. Two diamond salesmen have to sell me. This time I buy 20,000 carats."

So there was competition for Phajol. I wondered if he knew that there was another diamond salesman in Copper City. I wondered if Dominic had ever meant to buy Phajol's stock at all. Perhaps he had brought him to Copper City only for the effect he would have on the other salesman, who no doubt represented a reputable company.

"I heard you bought some other diamonds," said the bartender. "Heard you bought some really fine stuff."

Domino nodded. "Sure, I buy four carat blue-white from Brazil. Finest stone in Southwest. Make engagement ring for Teresa."

"I'll say," said the bartender. "When's the wedding?" "Next month. What you think, old man like me marry Teresa?"

Like that! I never told you I would meet you! That was all your idea. We have nothing to talk about!" "Oh, we haven't? We've got lots to talk about! We've got our whole lives to talk about!"

Mike Dominic was looking very stern. He was down off his bar stool. He stood about five-six to the youth's husky six-one. He said:

"Get out of here, Norton! I'm tired of you acting like this. Can't you see you're not wanted?" The youth turned drunkenly on Dominic.

"You keep out of this, you old fossil!" He turned back to Teresa. "You can't make a fool of yourself like this, marrying the old goat!" He laughed his derision as he grasped her hand and held it up so that the huge diamond shone dazzlingly.

"What a rock! It looks like a headlamp on a locomotive! Do you know what they're saying? They're cracking that Mike bought you the rock so he can cut it up for one of his drills in case he ever gets hard-up for diamonds!"

LEE NORTON threw back his head in laughter, but his mirth was choked off as Dominic brought up a right hook from the floor. The youth collapsed like a sack. The bartender came around fast.

"I'll take care of him, Mr. Dominic!" The diamond driller watched with considerable satisfaction as the bartender half-dragged, half-carried the youth outside.

I finished my beer. It was obvious now that Phajol had got his chance to sell Dominic through Pat's friendship with Dominic's fiancée. Obviously Teresa could get the love-sick old man to do anything she wanted, short of sheer folly. The existence of another diamond salesman in the wings reminded me that all was not to be so clear for my client.

I left the taproom. The bartender and his charge were not in sight. I assumed that Lee Norton had been hauled out to await the arrival of a cab. I went up to Phajol's room and rapped on the door. Phajol called. I identified myself, and he opened the door.

### Teacher Exchange Is Advocated by Union's President

DETROIT — (AP) — The president of the American Federation of Teachers (AFT) advocates a worldwide exchange of teaching knowledge and skills.

John M. Ecklund of Denver, head of the AFT, says this would be a step toward ending "schism, prejudice and fear" in the world.

Ecklund addressed the federation's national convention here yesterday. The organization claims 65,000 teacher members.

The Denver schoolman proposed a mass exchange of teachers among peoples of varying cultures and the establishment of an "international university."

Ecklund opposed any teachers' wage freeze at present levels as an emergency measure. He said it would cause an "exodus" of teachers to better paying jobs.

Dr. George S. Counts of Columbia University attacked Soviet Russia's educational policies.

"Stalin," he said, "has defined education as a weapon, the effect of which depends on the person holding it and the one at whom it is pointed."

"The idea is fantastic and terrifying to people of our way of life."

Dr. Counts said American youth should study Soviet Russia and communism in high school. He said it was "scandalous" that teacher training institutions "teach nothing about Soviet Russia."

New U.S. Arms 'Fantastic,' Builder Reveals

JOHNSTOWN, Pa. — (AP) — The U. S. is building "fantastic" new war weapons, says aircraft manufacturer Glenn L. Martin.

Speaking last night at a Kiwanis dinner marking the start of the All-American Amateur Baseball Tournament, Martin said his Baltimore firm is building four types of homing device missiles, each of which can "track its game better than an animal."

Martin said his company will

FULL OF ICE—That's valuable stuff you're looking at, brother. The jewels, we mean. It's the famous Rothschild collection, being modeled by Cherry Carson who has just been selected as the "1950 Queen of Jewels" by the 3500 members of the Bowery Jewelers Association, New York.

### Two Texans Killed In Plane Accident

GAINESVILLE — (AP) — Jimmy Flowers, 19, and Don Farr, about 22, both of Gainesville, were killed yesterday when their light plane crashed and burned near here.

Farr, who had rented the plane at the municipal airport, was the pilot.

### Valentino Cult In Annual Ritual At Idol's Grave

HOLLYWOOD — (AP) — Admirers of the late Rudolph Valentino gathered today to pay tribute to the great lover of the silent screen on the 24th anniversary of his death.

Heading the ceremonies is the no longer mysterious "lady in black," Dita Flame, who is founder-president of the Rudolph Valentino Guild, Inc.

The lady in black will lay her annual bouquet of red roses at Valentino's crypt.

A special tribute show was given last night with Miss Flame as mistress of ceremonies. The program included Latin dances, love lyrics and metaphysical pantomimes — interspersed with

### Armed Forces Will Decide Many Tilts, Predicts Wilkinson

By SAUL FELDMAN OKLAHOMA CITY — (AP) — "There are going to be a lot of football games won and lost by the armed forces this season."

Bud Wilkinson, University of Oklahoma coach, put feeling into that statement yesterday to sports writers at a preview of Sooner prospects.

Federal activation of Oklahoma's 45th division took away five men being counted upon replacing 300 of the 10 starters lost through graduation.

"Four National Guard divisions have already been called in the
