Three Korea Red Divisions Moving South From Seoul

REFUGEES FLEE WAR ZONE—With their belongings slung over their backs or carried on their heads, South Koreans flee along the railroad tracks at Suwon, South Korea, away from the war zone and advancing North Koreans. (AP Wirephoto)

Ten Killed in Freak Collision Of Santa Fe Trains in Illinois

GALESBURG, Ill. — (AP) — Ten passengers were crushed and twisted to death today in a freak collision of two sleek Santa Fe Railway streamliners, running side by side.

Skyrocket Crashes Into Drive-In, But None Are Injured

A waitress and several customers narrowly escaped possible serious injury when a group of teenagers sent a skyrocket flying through a window of Six's White Way Drive Inn late Wednesday night.

The waitress told Sheriff G.H. Kyle and two deputies — who happened to be in the cafe when the rocket came through the window — that a group of boys drove up in a car as if to turn around and fired off the rocket.

Working as a car hop, the waitress said the rocket came to rest near her "scaring her almost to death."

The rocket, throwing fire and sparks, went through the top left corner of a window and came to rest behind the drive-in's counter.

Kyle told reporters this morning that the first serious damage caused here during the Fourth of July celebration. One house had its doors blown off, another had its windows smashed, and a car was set on fire when a group of boys tossed a large firecracker into the front seat making the driver temporarily lose control.

The fire was quickly extinguished but not until it burned a large hole in the upholstery.

Barbecue Supper's Location Changed

A benefit barbecue supper to raise funds to help equip the First Methodist Church's new education building will be held at 7:30 p.m. Friday in the church basement.

Dr. Orion W. Carter, pastor, said today the barbecue had originally been scheduled for Central Park but that weather has forced the change in plans.

John McFarland of Pampa will prepare the barbecue.

Two Charged With Assaulting Officer

Two Pampa men today were charged with assault against an officer in County Judge Bruce Parker's court.

The charge accused Jack Ironmonger and Lawrence Stone of assaulting Patrolman Finney Dyer after he had halted their "hot rod" auto.

Dyer said the incident occurred July 4.

Both men entered pleas of not guilty and bond was set at \$500 in each case.

Hair-Snipping Woman Fined

FLANKFURT, Germany. — A G.I.'s wife was fined \$5 today for slapping and snipping off the hair of a Lutheran band leader because of misconduct with her husband.

The defendant was Mrs. Alma Victoria Wall of Shreveport, La., wife of U.S. Air Force Lt. Burton M. Wall, stationed at Wiesbaden. The blonde was 35.

Mrs. Wall's maid said the hair snipping occurred after Wall's seven-year-old daughter Barbara Ann, pointed to the girl and told her mother:

"Mummy, that's the girl who slept with daddy the other night while you were in the hospital."

The maid, Lydia Gregorcyk, was fined \$5 for helping Mrs. Wall clip the hair.

Excise Outlook Tied Directly To Korea Fight

WASHINGTON — (AP) — The American consumer's outlook for a multi-million-dollar excise tax cut — on movie tickets, fur coats, pocketbooks, jewelry and scores of other things — was tied tighter than ever today to the war in Korea.

Chairman George (D-Ga.) of the Senate finance committee summed up the tax situation thus:

1. The committee, now considering the House-approved measure to slash excises by \$100,000,000 "will proceed in a normal, orderly way" to bring a tax bill to vote in the Senate and send it speedily to President Truman.

2. But "if there is a sudden worsening" of the international situation "we may find it advisable to delay final action on any tax bill at this session of Congress, and then proceed in January or later."

"Under certain circumstances," George said, "we may find it necessary to impose much heavier taxes, including taxes on excess profits. But it doesn't look that way right now."

George summed up the outlook, in an interview, after Secretary of the Treasury Snyder told the committee to proceed now with the excise-cutting bill.

Snyder added that higher — not lower — taxes may be the rule in the future, if costs of the fight of Communist aggression mount.

Moreover, the president's chief fiscal spokesman urged the committee, in cutting excises, to impose larger taxes in other directions — except on individuals — not only to offset the excise loss but also to put millions of additional revenue into the treasury.

George said there is no prospect for a net increase in taxes, above what is needed to balance off excise cuts, unless there is a "worsening of conditions," presumably spread of the Korean war.

He did say, however, that Congress definitely would offset any excise revenue loss by higher levies in other directions.

The House, in the bill it approved July 4 last week, came close to balancing off the excise cuts by a \$43,000,000 tax on extra levy on big corporations and on telephone-plugging and other tax law changes.

Evidence of stiff resistance to the corporate tax boost developed quickly in the Senate finance committee, with some members contending that such increases would be passed on to consumers in the price of goods.

Snyder agreed that "any tax finally gets down to the individual."

Senator Taft (R-Ohio), chairman of the Senate GOP policy committee and a member of the finance committee, said he doubted that the finance group would accept Snyder's suggestion for a complete overhauling of estate and gift taxes.

"I don't think we can or will do it," he told newsmen.

He predicted that the committee would make no changes at this time in the oil depletion allowances in the computation of taxes of oil producers.

Under this procedure, the airlines will be permitted to remove passengers or cancel reservations when space is needed for military or government officials in connection with the Korean situation.

The action is being taken by the Air Transport Association.

The Air Transport Association, with permission of the Civil Aeronautics Board, has had authorized flying of such a rule on less than the usual 30-day notice.

Operations. The Navy has estimated the Soviets have about 75 submarines based in the Pacific.

Vice Admiral Charles T. Joy, commander of naval forces in the Far East, likewise said his forces have had "nothing confirmed" in submarine contacts.

A Chinese Central News Agency correspondent pressed Struble persistently to possible Formosan invasion, saying the Chinese Communist had said they would hasten landings on Formosa.

"I'm going to be prepared to prevent it if they do," Struble said.

"I'll certainly try," Struble replied.

Later he said "I don't anticipate letting any sizeable invasion force get through" to Formosa.

OCEAN BREWS A 'COLLAR'—That's not snow these two boys are playing with on the Newport Beach at Sydney, Australia. It is sea foam tossed up by the high seas that lashed the New South Wales coast last week. Many Sydney beaches were left with sea foam as deep as 15 feet after the seas subsided. (AP Wirephoto)

Sooner Candidates Facing Runoff Vote

OKLAHOMA CITY — (AP) — Sen. Elmer Thomas and Rep. Mike Monroney rallied their forces today for an runoff drive for votes in the July 28 Democratic runoff primary in Oklahoma.

Monroney enters the strenuous three-week campaign as the man to beat. He gained a 14,996 margin over Thomas in Tuesday's holiday primary.

The 48-year-old congressman missed nomination without a runoff when five other opponents were accorded 41,595 votes. This left Monroney 27,510 short of a majority.

The near-record vote gave Monroney 201,338 and Thomas 167,243 from all but 102 precincts.

A bitter struggle appeared certain for the two veteran legislators. Both confidently predicted victory in the runoff.

"We have three weeks to nail down the last minute ties that were timed to deceive the voting public on election day," Monroney said.

"This is a hard-hitting young organization that's going up against a hard-hitting federal machine which is violating federal laws."

"Our county managers are keeping tabs on every candidate. A lot of federal employees came and openly let us know they were going to vote for us. Now they're either going to have to get out of the light or stand the consequences."

Monroney said.

It would appear that some confusion remains in the minds of our people regarding certain of the issues. I am confident that if those issues are made crystal clear to the people they will give me the vote of confidence." (See SOONER, Page 3)

Defenses Built Up For Canadian Canal

OTTAWA — (AP) — Defense Minister Brooke Claxton told reporters yesterday that defenses around the St. Lawrence canal locks may soon be built up.

The move, he added, is part of a general strengthening of reserve forces and has no relationship to the Korean crisis.

The action is being taken by the Air Transport Association.

The Air Transport Association, with permission of the Civil Aeronautics Board, has had authorized flying of such a rule on less than the usual 30-day notice.

Operations. The Navy has estimated the Soviets have about 75 submarines based in the Pacific.

Vice Admiral Charles T. Joy, commander of naval forces in the Far East, likewise said his forces have had "nothing confirmed" in submarine contacts.

A Chinese Central News Agency correspondent pressed Struble persistently to possible Formosan invasion, saying the Chinese Communist had said they would hasten landings on Formosa.

"I'm going to be prepared to prevent it if they do," Struble said.

"I'll certainly try," Struble replied.

Later he said "I don't anticipate letting any sizeable invasion force get through" to Formosa.

Field Reports Say Invaders 60 Miles South of Capital

TOKYO, Friday, July 7 — (AP) — General MacArthur's communique today reported three North Korean divisions were continuing to press southward towards Osan and P'yongtaek, 35 and 46 miles south of Seoul, but field dispatches put the Red vanguard 60 miles south of Seoul.

A front dispatch from AP Correspondent Tom Lambert said the Reds had captured P'yongtaek and nosed into Chonan, 14 miles further down the road.

The Tokyo headquarters communique did not confirm this, but said tank-supported Communist infantry was in the area 31 miles south of Seoul and eight miles south of Suwon. It said general invader reinforcement with troops and artillery was underway.

Withdrawal of American troops for "regrouping and reorganization" after coordinated invader infantry and tank assaults on U.S. positions was acknowledged by the communique.

An American field headquarters spokesman had said a few hours earlier that American troops had been forced back eight to ten miles.

The Tokyo communique credited American F-80 jet planes with destroying eight enemy tanks in new strikes south of Suwon.

The field headquarters spokesman said 20 to 30 of the 125 sun-built tanks and 10 to 15 Yak planes had been destroyed by American forces, but did not specify the period. Apparently he was summarizing all recent actions.

The spokesman said the Reds had 100 to 120 heavy tanks in South Korea but speculated they might be running low on fuel as their furious drive progressed. He placed American losses in defense of the South Korean republic as nominal to "heavy" but gave no indication of the size of American losses or what would be regarded as heavy losses.

In Washington an Army spokesman said General MacArthur's headquarters had advised that the situation of American ground forces "is not considered serious in any way."

American commitments were reported being rushed to three points on the U.S. 24th flank at P'yongyon, Kongdoju and Kanu, none of which show on detailed maps.

During the fast-moving action earlier, one American commandant (See REPORTS, Page 3)

California Forest Blaze Fatal to 4

SAN LEON, CALIF. — Two men that already have taken four lives and blackened more than 25,000 acres of valuable Northern California forest today were struck by lightning.

Heavy rain extinguished the blaze on Mt. San Geronimo in southern California's San Bernardino National Forest. Started six days ago by lightning, the flames burned over an estimated 11,200 acres.

The dead four firefighters were three Port Ord soldiers and one local forest employee. All four were killed by a backfire in the Los Padres area near Santa Margarita. The blaze is about 10 miles long, 12 to 15 miles north-south of San Luis Obispo.

The dead four firefighters were three Port Ord soldiers and one local forest employee. All four were killed by a backfire in the Los Padres area near Santa Margarita. The blaze is about 10 miles long, 12 to 15 miles north-south of San Luis Obispo.

Aid Sought in Finding Pampan

The Pampa police department today asked the aid of officers in the Panhandle area in locating a 30-year-old Pampan man missing from his home since Monday, June 26.

George Mahum, described as weighing 130 pounds and five feet eight inches in height, was last seen leaving Highland General Hospital. He said he was going to get some toys for his baby.

He is believed to be a possible amnesia victim.

Mahum is married and lives at 821 W. Kingsmill.

Newspaper Claims China Arms Shipment

TAIPEI — (AP) — The People Daily, one of the smaller Far East newspapers, said today General MacArthur had urged Washington to arm 10 Nationalist Chinese divisions for defense of this island.

The foreign office said it had nothing to confirm the report. The newspaper said its information came from informed sources.

U. S. Signal Center For Formosa Slated

TAIPEI — (AP) — A 10-man U.S. naval team arrived today to set up a radio signal center for a radio link between the Chinese Nationalists and the U.S. Seventh Fleet. The fleet is patrolling Formosan waters.

Free engineering service, heating, air conditioning, large or small homes. Bert A. Howell, 118 North Ward, Ph. 132—adv.

Oklahoma City Bus Operators Idle in Strike

OKLAHOMA CITY — (AP) — Thousands were left stranded at bus stops in this city of 242,000 as a strike of 400 city bus operators and maintenance employees of the City Bus Company.

The strike was voted unanimously at 3:30 a.m. in a meeting of the city bus union, business representative said.

The contract between the company, an independent firm, and the Amalgamated Association of Street Electric Railway and Motor Vehicle Employees of America (A.A.E.M.) expired at midnight June 30. Agreement of both parties extended the contract for five days.

Drivers seek wage increases and other contract provisions, including insurance and pension plans.

We likely would be willing to settle for less than a 35 cent hourly increase which was discussed," Malone said, "but the company has made no effort to negotiate."

Malone said drivers receive an average of \$1.15 hourly with maintenance men receiving from 87 cents to \$1.26 hourly. Malone said this wage scale was lower than other cities of comparable size.

Magician Is Smart, Burglar Is Smarter

NEW YORK — (AP) — Even the "magician" fool a New York burglar.

Milwaukee, Christopher, who won that title at a Chicago convention of magicians, left his Manhattan apartment for his hotel.

As he began one of his acts, a burglar slipped into his room and stole his watch and a gold ring.

Christopher, originally designed to fool audiences at his magic show.

When he got home the apartment appeared undisturbed.

But someone had solved the secret of the "magician" confidence. The man was gone, he told police yesterday.

Nurses Strike

THEY AMBULANCE — (AP) — Is each doctor had to perform emergency operations without the help of assistants today as 2,000 nurses staged a 24-hour strike, demanding better working conditions.

Political Calendar

The Pampa News has been authorized to present the names of the following citizens as candidates for office subject to the action of the Democratic voters in their primary election on Saturday, July 22nd.

- For Congress, 10th Congressional District:**
 - LEWIS LAMASTER
- For County Sheriff:**
 - W. H. SHANKS, RYLE
 - W. H. JORDAN
 - ROBERT E. JOHNSON
- For County Clerk:**
 - CHAS. E. THOMAS
- For County Attorney:**
 - BILL W. VANCE
 - JOHN F. STEELE
- For County Superintendent of Public Instruction:**
 - HURLYN W. LAYCOCK
- For Judge, 31st Judicial District:**
 - H. B. GOODRICH
- For County Assessor/Collector:**
 - E. E. LEECH
- For County Treasurer:**
 - MRS. O. A. FERGUSON
- For District Attorney:**
 - CHUY BRIDEN
 - THOS. C. BRYAN
- For District Clerk:**
 - MRS. DEE PATTELLON
- For County Commissioner:**
 - ALLEN CAULFIELD
 - JOE KIRKLAND
 - E. A. SHAW
 - HELENE A. C. SHAW
 - THELMA GONZALEZ
- For Precinct 1:**
 - S. ANDERSON
 - ROY WILLIAMS
 - J. W. BILGRIHAM
 - E. C. SCHAEFER
- For Precinct 2:**
 - W. V. HIX
 - E. A. VANCE
- For Precinct 3:**
 - D. B. HENRY
- For Precinct 4:**
 - C. M. TUCKER
 - W. J. CORNELISON
 - G. L. "NAT" LUNFORD
 - JOHN V. ANDREWS

SHIRLEY MAY TRAINS AWAY—Shirley May France, 17-year-old Somerset, Mass., high school girl who is determined to swim the English Channel in the next few weeks, goes wading with little Elizabeth Wheatley, 4, of Twickenham, Eng. Shirley May, who failed in a gallant bid to swim the Channel last summer, is training hard at Dover, Eng., for her new crossing attempt, under sponsorship of NEA Service.

Little Hen Trying To Hatch Potatoes

OAKLAND, Calif. (AP) — A hen named Fred has been hatching potatoes in the back yard of a home in Oakland.

Korean War Doesn't Keep Tourists Home

OAKLAND, Calif. (AP) — The Korean War doesn't seem to be keeping tourists away from the city.

California Hold On Links Titles May Be Smashed

LOUISVILLE, Ky. (AP) — California's hammerlock on recent National Public Links golf championships remained to be broken as play in the 1950 renewal reached the round of 16 today.

The big state of the far west, winner of two in a row, still had four strokeers in the title scramble, although it had lost its defending champion.

California's quartet was Ken Venturi, San Francisco; Oliver Sleppey, Torrance; Larry Bouchee, Los Angeles; and Dan Silvestri, Daly City.

In one of today's matches Vernon Smith, Galveston, played Bob Faulkenberry, Jr., Oklahoma City. Two 18-hole rounds were carded today. The semi-finals will be played tomorrow and the finals Saturday, both covering 36 holes.

Kerr Census Shows Increase of 2,303

SAN ANGELO (AP) — Preliminary census figures for Kerr County show a 1950 population of 2,303 more than ten years ago.

The present population is 13,953, compared to 11,650 in 1940.

Kerr County was one of the last Texas counties to report. Reports are expected soon from Harris (Houston) and Bexar (San Antonio), the only other county census figures unrecieved.

Contributions Rise, Baptist Official Says

DALLAS (AP) — Dr. R. A. Springer, treasurer of the Baptist General Convention of Texas, reports that more than 3,300 churches in the state have given \$3,449,012 since last November.

Springer said the contributions total almost \$300,000 more for the first eight months of this fiscal year than for the same period last year.

TEXAS TOWNS

WASHINGTON (AP) — The U. S. Board of Geographic Names today approved the following names of towns, resorts and settlements for use on official maps and papers:

Texas — Beech Grove, Jasper County; Curtis, Jasper County.

FUNNY BUSINESS BY HERSCHBERGER

"But we've already eloped—we're just surprising her family by coming back to live with them!"

Airlines Make Way For Military Travel

WASHINGTON (AP) — The airlines have asked authority to put passengers off planes or cancel advance reservations when necessary to meet demands for emergency military or other government travel.

M. F. Redfern, secretary of the Air Transport Assoc., said today. The request was filed with the Civil Aeronautics Board in anticipation of demands resulting from the Korean military situation.

McHale Fires 73 In English Meet; Branch Leading

TRON, Scotland (AP) — Jimmy McHale of Philadelphia, shot another 73 today in the second round of the British Open golf championship for a 144 that may not put him in tomorrow's 36-hole final.

Despite almost perfect weather the one-time professional could not find the fairways on his second trip around the 6,583 yard, par-73-35-70 course.

Bill Branch, young British professional, set an early target of 140 by coming in with a 69 today. He had 71 yesterday. Best of the day's early scores was a 68 by Eric Moore of South Africa.

After today's second round, the low 40 scorers will shoot two rounds tomorrow with the low aggregate taking the title now held by South Africa's Bobby Locke. Locke had a 69 yesterday.

ARMS ARRIVE

CHEBBOURG, France (AP) — More American arms for France arrived here today under terms of the Atlantic Pact armament agreement and were unloaded without incident.

I'm afraid only we (in Tibet) have been isolated too long and may be unable to meet the Red challenge when it comes.

—Gaylo Thonduip, brother of Tibet's Dalai Lama.

We may stumble into the accident of war but war is not on the horizon at the moment.

—Secretary of Defense Louis Johnson.

U. S. Ability to Wage War Best in History But Leaders Warn Potential Enemies Strong

(Editor's Note: This is the first of a series of five Associated Press articles on the state of American preparedness for war.)

By ROBERT E. GEIGER

WASHINGTON — (AP) — America's ability to wage war is the greatest in peacetime history. Top military leaders agree this is so, but they caution that their potential enemies are formidable too.

They add that in any war today surprise, tactics and speedy all-out mobilization could defeat greater military might.

The United States could reach, from western hemisphere bases, any "significant" bombing target on earth, some military officials say, but Russia has the equipment to long-range bomb us also.

One top Pentagon official says it's the same old Army story, but with a new twist — "Getting there fastest with the mostest — atom bombs."

To forestall the possibility of a sneak air raid, a radar network is operating in the Northwest, Northeast and Alaska. This is to detect the presence of enemy planes. But the network is far from complete. The buildings and land alone needed for additional installations will cost an estimated \$80,000,000. Nothing has been appropriated. The Air Force is spending \$80,000,000 from other funds to get this expansion work started.

A staff of about 170,000 civilian volunteers is being recruited to help watch for enemy planes and to broadcast warnings in case of attack.

As for military strength, Defense Secretary Johnson has said: "The state of readiness of our armed forces and the military potential of our country are greater today than in any previous peacetime period in the nation's history."

Manpower totals 1,458,400 people, compared with 2,235,000 at the time of Pearl Harbor. We have 776,800 fewer military personnel now than at the time of the Japanese attack, but Gen. J. Lawton Collins, Army chief of staff, has said:

"We stand today stronger in the effectiveness of our men in uniform than at any time since the end of the World War II."

Dr. Vannevar Bush, head of U. S. scientific research and development in World War II, told reporters last month we are well ahead of Russia in atomic warfare developments.

There is no argument over the assertion that our Navy is the greatest in the world. In case of war it probably would have the support of the second greatest, that of Great Britain.

But coupled with this fact is

another: Russia has a fleet of at least 270 submarines much more formidable than those used by Germany in World War II. If we had to maintain a long supply line, across the Pacific and Atlantic oceans, this would be a somber situation.

However, military men point out we have developed new anti-submarine devices, too.

We have a powerful air force with bases around the world, some flanking Russia and her satellite.

The latest compilation of "acknowledged" bases — there are other, secret ones — made for the Associated Press, scattered around the world and more than 40 air bases. And we have troops scattered around the world to project them.

Military construction figures give some hint of the building program that has been started.

Officials told Congress they

planned to spend around \$240,000,000 on the projects. Included is \$23,000,000 for a secret Navy base. Its location and purpose were not explained.

The Army asked \$74,224,000 to strengthen troop bases for the protection of foreign bases and airfields.

Officials also have disclosed that our pile of critical and strategic war materials is less than half complete.

This pile consists of materials we do not produce in sufficient quantities to supply our needs. They must come from foreign nations, some of them possible enemy nations. War would shut off imports. The size of the pile apparently is based on our needs for an all-out war effort lasting several years. It contains such things as tin and asbestos.

Officials estimate the value of the pile at around \$1,500,000,000 today, or slightly more than 90 percent of its planned size.

AFTER-DARK EYES — Julie Wilson wears an eastern "yashmak" presented to her for having "loveliest after-dark eyes in London" by a stage-artist jury at the Embassy Club.

Students to Dance For Yugoslavians

LONDON — (AP) — More than 1,000 guests danced into the early morning hours today at a ball given by King George VI and Queen Elizabeth in Buckingham Palace.

The royal couple opened the ball with a fox-trot and ended it with a waltz. In between the queen danced often, sipping once with Douglas Fairbanks. The king danced little, mostly chatting with his smartly dressed guests.

Guests included top society, business, political, diplomatic and theater leaders.

Princess Margaret wore an off the shoulder pink satin gown and a diamond necklace. Her good friend, Sharran Douglas, daughter of U. S. Ambassador Lewis Douglas, wore a gown of blue silk.

Ancient census takers often estimated population of a given area by the amount of salt consumed there in a specific period, says the Book of Knowledge.

Michigan Village Slaps Governor For Fast Driving

TRENTON, Mich. — (AP) — Michigan's Gov. G. Mennen Williams is always welcome in Trenton.

But the village will insist on certain considerations, especially in view of its safe driving campaign.

On July 4 Gov. Williams made a fast trip through here with a police escort. The village President, Dr. Gordon L. Strohm, has written him a rebuke for "bad taste."

"In the future any such convoy will be slowed down and escorted through our village at a speed that will be safe for our citizens and our governor," Dr. Strohm wrote.

Dr. Strohm said the governor was guilty of a "reckless demonstration" in going through Trenton at 70 miles an hour.

The governor has yet to comment.

Draft Board Finds Volunteer, Age 7

HOUSTON — (AP) — Houston has a young volunteer for armed service.

"I am a strong boy seven years old," Billy Martin wrote to the draft board here yesterday. "May I fight in the war?"

There was nothing more except Billy's signature and his Houston address.

FALL FORECAST — This diamond necklace, draped over the forehead from a frothy blue organza turban, forecasts a fashion for next fall by Paris designer Schiaparelli.

Sweden, Israel Settle Dispute

STOCKHOLM — (AP) — Sweden has closed her bitter dispute with Israel over the probe into the slaying of U. N. mediator Count Folke Bernadotte during the Palestine war.

It was believed here that Sweden now may offer Israel the full recognition withheld pending settlement of the Bernadotte case.

Israel has promised to continue efforts to bring the killers to justice. It also has paid the U. N. \$45,628 damages to cover funeral costs and other expenses resulting from the mediator's death.

Market Good for Sea Lion Sales

HERMOSA BEACH, Calif. — (AP) — She sells sea lions by the sea shore. Her husband, who trains them, took an act on four leaving half a dozen or so behind.

"I either had to go into business with the lions or have them set me out of house and home," Mrs. Kay L. Snow explained. "I decided to sell them. But when I started disposing of them I began getting more requests than I could fill." She found a fisherman who agreed to hunt them for her and now has an assured supply. Most of her orders are from zoos.

The concrete dome of the Roman Pantheon is still well preserved, 2,000 years after it was built.

Scoutmasters Do More Work For No Pay, But They Love It

By HAL BOYLE

VALLEY FORGE, Pa. — (AP) — The average scoutmaster isn't a very heroic looking figure.

But he is the real hero of the biggest youth movement in America — scouting.

There are thousands of scoutmasters here to supervise the activities of the 47,000 Boy Scouts attending their second national jubilee.

Some are bronzed and muscled young veterans of the last world war. Some are elderly. But I suppose a composite picture of them all would produce this typical scoutmaster:

He is short, middle-aged, balding, and puffs going up a hill on a hike. He is good-natured and long-suffering. He either owns a small business or holds a minor executive post in some one else's business. He probably has a kid or two of his own. His Scouts don't pay him much open deference. They torment him often, but they obey him at the right time — and they like him.

He works voluntarily and without pay. He gives up his weekends — and often his vacation — to take a group of other men's boys tramping through the woods to learn the ways of nature. He

tries to teach them fellowship, brotherhood, social responsibility — and personal independence and self-reliance.

Since he works with boys ranging from 11 to 18, this means he must be a mixture of mother, father, older brother, priest, judge, advisor and teacher. That's a lot to ask from a guy who gives his time for nothing.

As a top Scout executive said: "It is easy to poke fun at scoutmasters, and the cartoonists do. But they are the backbone of the scouting movement. Without them it would fail. You couldn't raise the money to pay these men for what they do of their own free will.

A good-natured, paunchy heavy man in shorts may look a bit ridiculous plowing through a forest with a pack of agile yapping boys at his heels. He may look like a fussy hen trying to police its wayward chicks.

But he probably knows that, too. The thing is, he also has a feeling of considerable satisfaction that what he is doing is worthwhile — his fun is in seeing that the boys have some fun and grow up healthy, strong and idealistic. They help him stay young in heart himself.

George's Hankie Excites English

LONDON — (AP) — Saville Row buzzed today — King George VI was wearing a checkered handkerchief in his breast pocket instead of the usual white.

The handkerchief had \$m a dark check on a white background. It peeped out of the breast pocket of the king's morning jacket yesterday when he attended a fashionable Mayfair wedding, with Queen Elizabeth and Princess Margaret.

"It's an attractive innovation and is likely to become popular," commented one London fashion arbiter.

King George recently started a vogue for more colorful dress wear by appearing in a tartan dinner jacket.

Contractors 'Losing Shirt' on White House Renovation

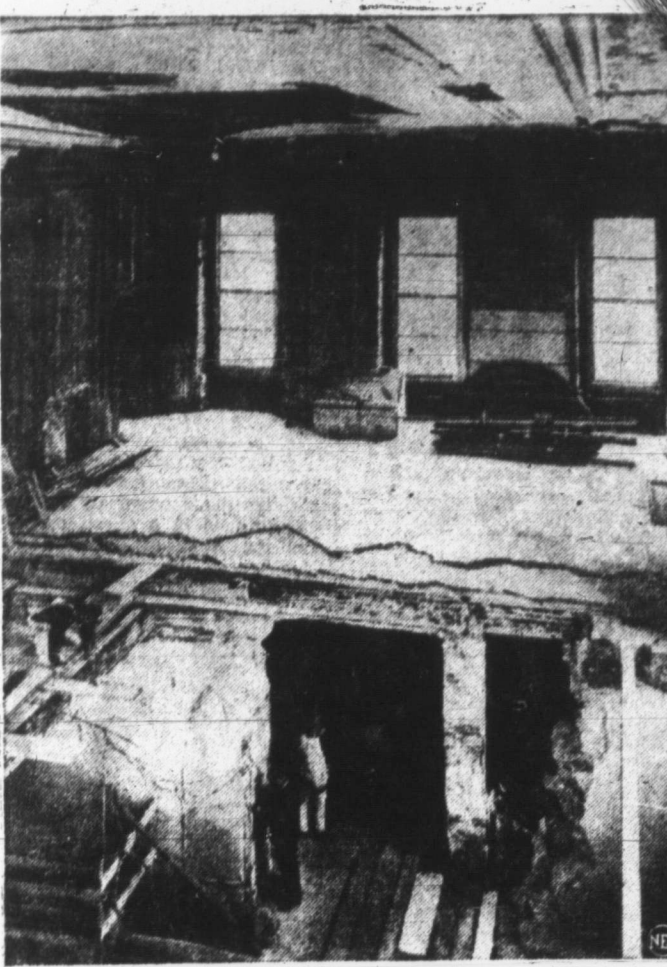

By DOUGLAS LARSEN
NEA Staff Correspondent
WASHINGTON — (NEA) —

John McShain, the affable Philadelphia contractor who has agreed to make the White House a home for presidents, is losing his shirt on the project.

Fortunately, however, McShain is a man of many shirts. He knew what he was getting into, and what he drops on the 1600 Pennsylvania Avenue project he'll more than make up on the new general counseling office. The new National Institute of Health buildings and a half-dozen other huge projects he's building around town.

The White House is a labor of love for him. After his loss of a fee of \$100,000 was accepted, he admitted that the self-material gain he'd probably get out of the job was an income tax deduction for the loss. But it's not every contractor who can tell his grandchildren that he helped build the White House.

It's obvious that McShain is putting his best effort into the reconstruction of the executive mansion, too. The work is almost a month ahead of schedule. And at the rate his foremen are saving money on the job, it might end up costing the taxpayer close to a half million dollars short of the \$5,500,000 appropriated for the job.

A HOLE IN THE WALL—This is a cutaway view—and literally—of how the nation's Executive Mansion looks these days. You're looking at the East Room, or main hall, and through the hole in the floor is the Library.

He also is making housing money with the job. Merely by adding a basement they're turning a three-story structure into one with six floors, and all without changing the place's outside appearance. Here's how it works:

The floor of the new basement, all feet lower than the old ground-floor, is the first. There's going to be a mezzanine floor above the basement, which is the second floor. Floor number three is what they used to call the ground floor. The main floor, the first one up, is actually the fourth. The old second floor is now the fifth one now and the third is the sixth. Is that clear?

Only the top floor and the mezzanine floors, including the mezzanine, will be different in the completed structure. The other floors have to be re-erected exactly as they were before.

President Truman noticed that the White House was about to come down around his ears, and he decided to use for a change, had eight bedrooms and bathrooms have been added to the top floor for more guest space.

Three changes are only in the plan. As the job stands now the White House looks like the inside of an armory. It is just a shell, supported inside by steel beams with no walls or partitions.

The most ticklish part of the work is completed, however. That consisted of putting a new foundation under the outside walls of the structure. They could only put four feet of new foundation

in a time. Digging a hole under the old walls any bigger than that could have brought the whole shell crashing down.

When it is finished it will actually be a house within a house. The outside walls, which aren't being changed at all, will sit on their own new foundations. Everything inside will rest on its own new steel frame which also has its own foundation.

It's estimated that the work is about one-quarter completed. October, 1951, is still the date the President is expected to be able to move into it. He's been taking a keen interest in the progress and has learned to read blue prints like an engineer.

Still unsolved is the problem of what to do with the 100 tons of rubble and wrecked sections of the interior which have been taken out of the structure. All of it has been stored in secret places around town until it is decided how to dispose of it as souvenirs. Best guess is that the bigger pieces, such as sections of mantels and carved panels, will be distributed to libraries and museums around the country.

Also still not decided is how the interior will be decorated. Most of the interior will have the identical decoration and color scheme of the old White House. Mr. Truman will probably be consulted on the decorations for the newer sections.

Unused Iceboxes Being Picked Up

WASHINGTON — (AP) — Last Friday three small children smothered to death in an abandoned ice box in nearby Fairfax County, Va.

To help prevent such a thing happening again, the Washington Post printed a list of agencies which would remove unused boxes to places where children couldn't get to them.

One big moving company, which offered to do the job free, reported last night that it had received 15 requests for removal of old ice boxes since Friday.

The U.S. Fish and Wildlife Service says there is some evidence rosefish migrate considerable distances.

Duke Opens Castle To Commoners As Royalty Wrecks It

WOODSTOCK, Eng. — (AP) — The Duke of Marlborough opened his ancestral Blenheim Palace to the common folk again today after a bunch of blue-bloods had all torn the place apart at a royal ball.

The Duke lent the palace Tuesday night for a charity affair and indignantly declared that some 800 high-born Britons romped through the halls spilling drinks, scattering and burning cigarette ashes in priceless carpets. The party bill raised \$16,800 for the Berkshire boys club.

He gets two shillings six pence (33 cents) a head when the commoners go through the palace and says they behave much better than those blue-bloods.

The Duke uses the tourist fees to help pay his huge taxes.

'Something' Colt Puzzles Horsemen

ROCHESTER, Mich. — (AP) — What do you call the baby when its mama is a henny and its papa a stallion?

So far, the best that's been done here is to call it the "something" colt.

It was born of a riding stable romance between a palomino stallion and the henny, according to Arthur Thorne, the stable operator.

The henny and the stallion mated. The result, said Thorne, is a little animal "about the size of a real small colt."

"It was born on the fourth of July.

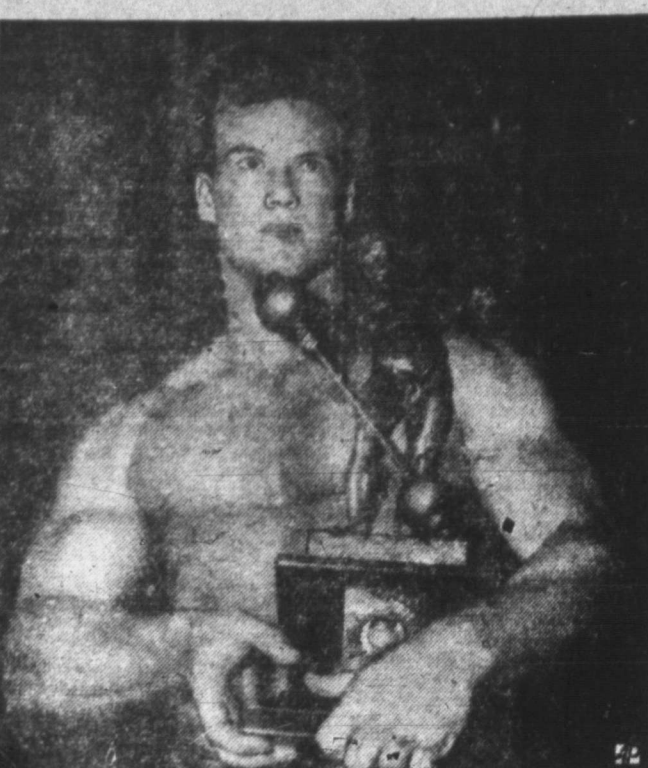

"It doesn't look much like a horse and nothing like a mule. It's just an active little 45-pound something," Thorne said.

A henny, which is clearly not a mule, is a hybrid between a stallion and an ass.

In this instance the "mother henny is brownish colored. The stallion, Joe, is yellowish and has a white mane.

"Something" is also yellowish. "Veterinarians tell me," said Thorne, "it might be the only animal of its kind."

American elevators in 1949 carried 20-billion passengers up and down a total of 599 million miles.

PENNSYLVANIA'S 'MR. UNIVERSE'—Steve Neri, 21, of York, Pa., shows the trophy he won in final of 'Mr. Universe' competition at London's Scala Theater.

Parliament Overwhelmingly Approves South Korean Aid

LONDON — (AP) — Britain's policy of aid to South Korea through the United Nations won smashing support in Parliament today.

The House of Commons passed its approval last night of Britain's quick action in sending planes to help American forces against the Chinese in the conflict.

There were only a few dissenters. Their remarks drew ironic laughter and cries of "shame."

Winston Churchill and other Conservative leaders insured the Labor government victory on its policy motion by their unqualified support of the government action.

Prime Minister Attlee praised U. S. speed in handling what he said was "naked aggression" against South Korea.

Churchill reiterated in Commons what he told the American Society in a Fourth of July speech: If the Communists get away with their invasion of South Korea, he said, "a third world war would be forced upon us."

Churchill recalled that before the second world war, Parliament had held a secret session and heard about Hitler's potential strength. Churchill suggested having a similar secret meeting now to discuss Russia's situation. Deputy Prime Minister Herbert Morrison, however, argued that a secret session would be a serious departure from peacetime practice and it appeared Churchill would not get his request.

Churchill's Deputy, Anthony Eden held out to Commons a picture of hope that Russia's Premier Stalin, may be drawing in his wings.

Eden recalled that in 1941 Stalin told him that Hitler "is a very able man but made one mistake — he did not know when to stop."

He said he told him that "if we are victorious I shall know when to stop."

Eden went on to say that he was wondering when the time has come when we might consider those words and that it would be wise to stop.

Two women showered Commies with Communist pamphlets calling for "hands off Korea," reports Laborite asked Commons to outlaw the British Communist Party on grounds it is a branch of the Russian Army. It did not act on his request.

Carrier Bataan Crossing Pacific

PHILADELPHIA — (AP) — The aircraft carrier Bataan, which went into mothballs three years ago, was on the high seas again today — headed for service in the Pacific.

The big carrier was deactivated in February, 1947, but was recommissioned last May 13. She left the Philadelphia naval base yesterday to rejoin the U. S. fleet.

There was no announcement of the Bataan's specific destination, but unofficial sources here said she will join the Pacific fleet. This was confirmed by Navy Department spokesmen in Washington.

The Navy spokesmen said the Bataan has been converted for anti-submarine duty.

Court Agrees On Review of Power Dispute

AUSTIN — (AP) — The Supreme Court yesterday agreed to review a power franchise dispute between the city of Mason and the West Texas Utilities Co. A district court granted the city an injunction to enforce an ordinance requiring West Texas Utilities to remove its poles, wires and other properties from the city's streets and alleys. This was reversed by the Third Court of Civil Appeals, which held that the utility company had the right to maintain its present installations until 10 years after Nov. 13, 1945, the date Mason became an incorporated city. The city appealed this decision to the Supreme Court. In the civil appeals decision, Associate Justice Robert G. Hughes wrote that a law (House Bill 393), passed by the 51st Legislature at the late Gov. Beauford H. Jester's urging was designed to make all cities wait 10 years from the date of incorporation before granting such suits.

One of the points of error claimed by the city of Mason, and upon which the review was granted, was that the civil appeals court was wrong in holding that the ordinance was "inoperative because of H.B. 393. Just before this act was passed, the Supreme Court had held that county commissioners courts had no power to grant utility company franchises to operate and maintain power to unincorporated cities and towns. In 1925, the West Texas Utilities Company was granted a 50-year franchise by the Mason County commissioners court to operate and maintain power to unincorporated cities and towns there. Mason was incorporated in 1945 and in 1948 built its own power system after the voters authorized issuance of bonds for it, along with bonds for a water and sewer system. Mason contended that H.B. 393 applied only to cities and towns

No Tire Shortage, Manufacturer Says

NEW YORK — (AP) — William O'Neil, president of General Tire and Rubber Co., said yesterday there is no tire shortage, and no threat of one. "Despite false rumors, there is no reason for anyone to be stampeded into buying tires through fear of rationing," he said in a series of newspaper advertisements. "Thanks to American research and industrial know-how, our supply of rubber — for tires vastly superior to prewar — is tremendous. All rubber manufacturers have plenty of tires to sell." "Incorporated after the statute was passed. The court set no date for hearing oral arguments.

FIRE FIGHTERS—Patricia Kottonski Lyon (left), of New London, Conn., one-time fire chief of Emerson College, Boston, demonstrates walkie-talkie to Virginia Kelly, of Danvers, Mass., at New England Fire Chiefs conference, Westworth-by-the-Sea, N. H.

California Lawyer Indicted In Birth Certificate Case

SAN FRANCISCO — Chinese apply for birth certificates but was guilty of no personal wrong doing.

Federal investigators said the indictments of Davis this week and of another prominent attorney last week followed a three-year investigation into how Chinese birth certificate racket.

He voiced a heated denial yesterday immediately after a federal grand jury indicted him and a Chinese on eight counts. The maximum sentences possible in case of conviction are 40 years imprisonment and \$80,000 in fines.

Davis, whose clients have included the late Tom Mooney, convicted in the 1916 Preparedness day parade bombing in San Francisco, said he had helped seven

Little Rock Ballot To Include Negro

LITTLE ROCK, Ark. — The name of a Negro preacher will be on the Democratic ballot as a candidate for city alderman in Little Rock.

Federal Judge Thomas C. Trimble yesterday ordered the county Democratic committee to place the name of the Rev. J. H. Gatlin on the ballot for the July 25 primary. The order set a precedent for Arkansas.

The committee previously had ruled against Gatlin. Gatlin could not be refused a chance to win the nomination solely because he is not a white man, the federal judge held. Nomination of a Democratic equals election in this state on the fringe of the South.

R. G. McDaniel, committee chairman, said the committee would comply with Judge Trimble's order.

Before farmers began to cultivate America's midwestern plains, says the Book of Knowledge, prairie dogs often dug tunnels more than 100 miles in length.

During the Civil War, West Virginia had three governments, an exiled northern government in Alexandria, a Confederate government operating from Richmond and a third at Wheeling.

WHY STARVE TO TAKE OFF FAT?

When you buy Barcostrate, you buy a preparation for taking off weight. You do not pay for a printed diet. Barcostrate is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment, while reducing with Barcostrate. It contains no harmful drugs, but does contain ingredients to make you feel better.

Barcostrate when mixed with grapefruit juice does this: First, cuts down your desire for sweets and fatty foods, but you do not have to FORCE yourself. Barcostrate takes care of your DEBILITY. Second, dehydrates and eliminates, so that water is carried away — about the melting fat. At the same time you feel better, more peppy, more alive, but never starve for hunger.

NO STARVATION DIET

"I have taken lots of medicine but none to compare with Barcostrate. It's tops. Have lost 10 pounds in 2 weeks and no starvation diet." Signed, Mrs. J. E. Blacklock, Route 1, Box 30, Cleveland, Texas.

LOST 24 POUNDS

"I am writing you just to say I think Barcostrate is a wonderful medicine. I have tried so many other things and all failed. I weighed 182 pounds when I started to take Barcostrate. I now weigh 158." Signed, Maud Marrow, Archer City, Texas.

Claimants, Lawyers Get Look At Controversial 'Treasure'

PHILADELPHIA — It is seldom anyone actually sees \$92,800—in cash.

But yesterday lawyers and claimants in court proceedings to recover the "treasure" found in a South Philadelphia cellar went to the Trademan's National Bank and Trust Co. under orders of Judge Eugene V. Alessandrini to inspect the \$92,800.

The money was taken from the bank's vaults in another effort to determine ownership of the treasure.

The money was found by Benjamin Lieberman, former bookkeeper for a defunct dairy. Since his discovery it has been claimed by several interested parties, including the creditors of the bankrupt dairy.

Lieberman, himself, claimed it on a finders-keepers basis. The Commonwealth of Pennsylvania wants it under the rules of escheat. And finally, Mrs. Theresa Hillop, widow of Anthony J. Hillop, claims her husband secreted the money in Lieberman's home before Hillop was shot to death near Hammonton, N. J., in 1922.

Judge Alessandrini last spring ordered the funds escheated to Pennsylvania. His action, however, was appealed by Raymond J. Broderick, counsel for the dairy's creditors. The state supreme court ordered Alessandrini to conduct additional hearings.

Yesterday's viewing was part of the new series of hearings.

Broderick had promised a former driver of the dairy would be present to identify markings on some of the bills to support the creditors contention that the money represents stolen assets of the dairy.

The driver failed to appear. The money went back into the vaults.

Under the "rules of escheat"—an old English feudal law—the state of Pennsylvania claims the money because there is no person legally entitled to it.

Lieberman, who found the cash, waived claim to it, backs the state's claim and hopes to obtain a reward from the state — approximately 25 percent — for finding the money.

Mrs. Hillop, whose husband was a gambler, claims her husband once lived in Lieberman's home—before the bookkeeper moved there. Hillop was shot under mysterious circumstances. Police theorized he was taken for a "ride," a victim of a rival gang. The case was never solved.

The money is held in metal strongbox in exactly the same condition that it was discovered. The \$92,800 comprises nine bundles of U. S. currency — \$69,850 in \$20 bills, \$20,800 in \$50's and \$2,150 in \$1's.

Little is known of the migration habits of the ocean perch, or rosefish.

Would You Like New Freedom From Monthly Suffering?

Of course you would. Then Gardol may be the solution for you. Thousands of women who suffer from menstrual pain, nervousness, irritability, and other ailments, find relief after taking Gardol. It is a natural, non-toxic, and safe remedy that acts on the cause of the trouble. It is not a sedative, it does not dull the senses, and it does not make you feel drowsy. It is a natural, non-toxic, and safe remedy that acts on the cause of the trouble. It is not a sedative, it does not dull the senses, and it does not make you feel drowsy.

Nelson Leads Cards to Win Over Cincinnati Reds, 5-3

By JACK HAND
AP Sports Writer

Rocky Nelson looks like the answer to Eddie Dyer's "who's on first?" riddle. Since Nelson joined St. Louis, the Cards have won six straight on their march into the National League lead.

First base has been manager Dyer's headache ever since he took the job. Each spring he goes through the same motions, hoping to keep Stan Musial in the outfield. Usually Stan winds up on first.

It was the same story last March. Steve Bilko, the hulking rookie from Rochester, was the new boy. Bilko didn't hit. Nelson didn't impress. When cause he couldn't hit the left-handers, and Nippy White was recuperating from an operation.

Bilko opened, but not for long. On May 5, Stan the man was back on first and Steve was back in Rochester. But with Musial on the bag, the outfield looked something.

They shipped Nelson to Columbus and he started to burn up the American Association. The good looks—in his new environment was only a matter of time to have the Cards working hard to get Nelson. He did not, but he was hitting .419, leading the league.

Nelson continues where he left off in the minors. With nine hits, including three doubles, and a homer, in 23 trips he is hitting .391. His defensive play has been excellent, and Musial is back in the old hitting stride with only the outfield to worry about.

Against left-handed Roy Cramer, Nelson had a four-run homer that beat the lead held up by a 2-2 tie. Cincinnati, although rocky, the A-deck threw a score into 19th fans with a three-run homer in the ninth.

Despite the win, the Cards hold ground to the Philadelphia Phils who added four hits to their lead. Phils' Robin Roberts set down New York one-two-three in the ninth and only remaining inning of a May 14 suspended game to preserve a 9-7 edge.

With Meyer winning his fourth game, the Phils clinched to win in one game of the season. Meyer, incidentally, has become first after losing his first game. Now he's one of the "pitchers who don't get it" who have lost to the likes of Simonson and Bob Miller.

Mel Queen of Pittsburgh held Chicago to four hits for a 1-0 victory that snapped a game loss. Game losing streak, Ralph Kiner's 22nd homer, with a man on in the lead, and the Philadelphia Phils that nipped Earl Veron in the plate in the eighth helped Queen record his second victory.

The Boston at Brooklyn scheduled night game was postponed. Detroit clung to its lead against the American League's Hotterman 1-0 with a 6-1 win. With his 10th win, Johnny Lipon, with four hits, and Vic Weitz, with three, led the attack on Ned Garver.

Bob Lemon of Cleveland matched Hotterman with a 1-0 win in a nine-inning contest. The Indians scored twice in the first inning on two hits and two walks by Babe Pate. That was enough, despite White Sox homers by Eddie Robinson and Dave Phillips.

The New York Yankees pounded Philadelphia 4-3 in a game that was marred by an injury to Eddie Joost. The A's shortstop, Joost, sustained several bruise injuries to his left knee in a second base collision with base runner Eddie Cooper. He was carried from the field on a stretcher and will be lost for a month.

Washington came from behind to trip the Boston Red Sox 7-4 in a game called after seven innings because of rain. Stobbs blew up with a 5-1 lead in the sixth and was out of the game before pitcher Joe Judge got the side out.

Tigers Are Class of League With Everybody Showing Up

By JIM O'LEARY
N.E.A. Staff Correspondent

NEW YORK (NEA)—Reds acquired the necessary element to complement the Detroit club in Jerry Proby and Dick Kinslow during the off season. While the Tigers were in Cincinnati, although rocky, the A-deck threw a score into 19th fans with a three-run homer in the ninth.

It therefore came as somewhat of a shock to friends honoring Now he's one of the "pitchers who don't get it" who have lost to the likes of Simonson and Bob Miller. Mel Queen of Pittsburgh held Chicago to four hits for a 1-0 victory that snapped a game loss.

Strangely enough, it was Kell who first acquired the class of Detroit. In a 1-0 victory three in one game of the season. No one took the Swift, Ark. Williams himself—when he beat out Ted Williams for the batting crown.

Established players of class. Kell's performance as something of a break, not to be duplicated or given future consideration. Kell is running a front race in the league for the crown at a better clip. In finally accepted.

The New York Yankees pounded Philadelphia 4-3 in a game that was marred by an injury to Eddie Joost. The A's shortstop, Joost, sustained several bruise injuries to his left knee in a second base collision with base runner Eddie Cooper. He was carried from the field on a stretcher and will be lost for a month.

Washington came from behind to trip the Boston Red Sox 7-4 in a game called after seven innings because of rain. Stobbs blew up with a 5-1 lead in the sixth and was out of the game before pitcher Joe Judge got the side out.

War service claimed him after a successful year in Beaumont, Texas, joining the Tigers in 1946. He has yet to play a full season. Assailed too numerous to mention have been his fate. Besides assorted skull bangers, he has been subjected to a fractured jaw, ankle and thumb which haven't slowed him appreciably.

When last we looked he was challenging teammate Kell with the same matter by the Bengals. War service claimed him after a successful year in Beaumont, Texas, joining the Tigers in 1946.

Assailed too numerous to mention have been his fate. Besides assorted skull bangers, he has been subjected to a fractured jaw, ankle and thumb which haven't slowed him appreciably. He has yet to play a full season.

Oilers Make Opener Of Hub Series, 6-3

LUBBOCK (AP)—The Pampa Oilers went back into the West Texas-New Mexico League lead here last night by pounding out a 6 to 3 victory over the Lubbock Hubbers in the opening game of an important three-game series.

George Payte, who has been death on the Hubbers this year, hurled effective seven-hit ball, although in trouble nearly every inning. Payte racked up his 11th win of the year, while the Oilers backed him up with timely hitting.

Roy Parker set the keynote for the game with a circuit swing in the first inning, the little leftfielder driving the ball over the rightfield fence.

Lubbock tied up the game in the third, but Parker tripled with one out in the fourth and scored on Joe Fortin's long fly to center. That sent the Oilers into a 2-1 lead and they never lost it after that.

Payte, who now has beaten the Hubbers three out of four times this year, had little trouble, although four walks and occasional Lubbock hits had runners on base in every inning.

Meanwhile, Pampa wasn't doing much against Garmon—who had five strikeouts among the first 10 men he faced. The Oilers rucked along with a 2-1 lead without causing trouble until the seventh.

In that frame, Johnny Jean-don walked with one out and stole second. He moved up to third on Jose Abreu's fly to center for the second out and scored on Payte's single through the box.

Garmon supplied a wild pitch that moved Payte to second and, after Dick Dawson walked, both runners advanced on another wild pitch. Deck Woldt followed with a sharp single to left and both runners scored.

Don Ricketson ended Pampa scoring with a home run over the leftfield fence with two out in the eighth inning.

A fast double play started by Ricketson on Royce Mills' pinch hit grounder ended the eighth inning after the Hubbers had scoring two runs and were threatening to go on. Singles by Don Moore and Jackie Sullivan, catcher's interference while Mike Dooley was batting and Nelson Lubbock infield out tallied the two.

Neither team threatened in the ninth, although Abreu led off with a harmless double at the expense of Mills. The little righthander proceeded to fan two of the next three batters. Dawson retired the final man on an infield grounder. Lubbock went down in order.

Tonight it will be lefty Bill Garland for Pampa against Bob Clodfelter (12-7) for Lubbock.

Oilers Make Opener Of Hub Series, 6-3

Gold Sox Nudged By Relief Pitcher, Borger Gassers, 8-7

BORGER (AP)—Top-Notch relief pitching by Bob Cluey despite his removal in the ninth for Len Ruyle and two timely ninth inning hits off Amarillo's Ray Faust gave the Borger Gassers a squeaky 8-7 win here last night.

Amarillo had tied it up in the top of the ninth after two were out on Rocco Cardinal's misjudged flyball—double, and a blooping pinch single, but Borger came back to score the winning run on Earl Perry's double down the rightfield line and manager Mickey Burnett's clean hit to right.

Borger jumped on Amarillo starter, Heartzell Zolliecoffer for four runs on four hits combined with an error plus a base on balls in the home half of the first.

But in the third the Gold Sox scored five when Borger starter Fred Parke lost control and issued three hits besides two walks. Reliever Bob Cluey was greeted with a two-run double by Amarillo manager Harry Davis but after that he was untouchable.

Borger scored two more off Zolliecoffer in the fifth to take a 6-5 lead when Pap Williams planted one over the fence with one aboard for his twenty-fifth homer of the year.

Then the Gassers made it 7-5 scoring once more in the sixth. But Amarillo tallied one once in their seventh and then in the ninth made it a 7-6 ballgame.

Ruyle relieved Cluey to pitch a right-hand swing, but the strategy failed when he hit was blooped to score the winning run. However, Borger came back and took the contest to continue the Gassers' seasonal domination over Amarillo.

NEW EAST STADIUM WILL BE ERECTED AT HARVESTER PARK
It was announced this morning that the entire east stands of Harvester Park would be erected with steel bleachers in time for the first game on Sept. 22.

The east side was entirely demolished by the storm Saturday night. The stands will be twenty rows high, instead of twelve, and extend from one twenty-yard line to the other. The old stands went from goal line to goal line. Twenty-four hundred seats will be erected.

Virgil Trucks Will Rest Arm for Week
DETROIT (AP)—Virgil (Fire) Trucks, big righthander who won 19 games for the Detroit Tigers last year, has doctors' orders to give his arm a complete rest for a week.

Trucks has been off the active list since May 19 when he shut out the St. Louis Browns, 1 to 0. He complains of an aching arm.

CHARM MATCH—Mrs. Fulvia Mitri, left, and Mrs. Vicki LaMotta put the gloves on in a New York gymnasium, but it is their husbands, Tiberio and Jake, who will square off in Madison Square Garden, July 12, for the Bronx Bull's middleweight title. The Trieste native's wife, the former Fulvia Franco, was Miss Italy of 1948.

Kraft's Home Run Record in TL In Danger; Lemon Smacks No. 32

By WILBUR MARTIN

OF Big Boy Kraft's Texas-Ex-Lemon home run record is really in danger this year if Oklahoma City's Bob Lemon can keep his present pace.

Jerry Witte of Dallas hit 80 homers last year to become the first player to really threaten Big Boy's record. Thirty-one of these came in Dallas' park.

Dallas got only two hits off Ray More and Mike Lemish, one a ninth inning homer by Jim Halkard. The Eagles' first run came on a two-base error and two infield outs.

Charley Moore, Cornell track star, is a son of Charles (Crip) Moore, Penna State's 1924 Olympic hurdler. Lemon socked Homer No. 32 last night and it came 11 days earlier than No. 32 for Kraft when he set the record while playing with Fort Worth.

SAM SLOAN WINS ON 29TH—MAY BE GOLF RECORD

A state golf record may have been set at the Pampa Country Club yesterday!
In a first round match of the annual Men's All-City tournament, Sam Sloan defeated Ted Evans 1-up on the 29th hole.

Evans was tied with 88 strokes after finishing the regular 18 holes, and in the first extra hole, both fired 44. Sloan on the 29th, Sloan birdied and Evans shot even par.

RUBBER MAN—Roy Smalley does some fancy stretching and undercover work, tagging Outfielder Bill Howerton of the Cardinals out at second base in Wrigley Field. The Cubs' shortstop took the throw from Catcher Mickey Owen who fouled an attempted sacrifice bunt by Johnny Bucha, St. Louis catcher.

High Scores, Home Runs Rate Above Present Major Records

By NED BROWN
NEA Special Correspondent
NEW YORK — (NEA) — If something isn't done, and quickly, about the rash of home runs being belted into the stands or out of the major league parks, there'll soon be a shortage of baseballs.

With little more than one-third of the season gone, the two major leagues have hit 888 homers, 449 in the National and 439 in the American.

Both rates are well above the present records.

There's so much rabbit in the league baseball nowadays that the ball has become a rabbit warren, and clutch hitters have become home run hitters.

On the turf front, O'Dwyer Eight, veteran horse owner, convinced the lively ball gets its resilience from its horseshoe cover, is negotiating to have his catcher, Rip Van Winkle, by slot out of Stenat, treated at the Spalding factory; his theory being, when a jockey goes to bat on his nag it will carry with a leap that will rattle it clear to the wire.

Another suggestion offered was widening the plate. This didn't meet with enthusiastic support.

was advocated. So was curtailment of new balls being tossed in by umpires on the slightest excuse, when a ball is fouled to the screen, for example. Unless, of course, the cover is too badly roughened.

The rule limiting the strike zone to between the armpits and the kneecap, or wherever it was, provided only another handicap to the pitcher.

Yes sir, the pitcher needs help. Maybe they'd better call in Harvey!

A&M Coach May Go to Ohio School

COLLEGE STATION — (AP) — Marty Karow, head baseball and basketball coach at Texas A&M College, tomorrow may get a new job — head baseball coach at Ohio State University.

The Ohio State Journal yesterday said Karow probably would be named to the post by the University's board of trustees at their meeting tomorrow.

Karow last night said had "no comment" to make until after the trustees' meeting in Columbus, Ohio. He implied, he would take the job if he should be appointed.

There was no official comment from A&M officials.

Dr. D. W. Williams, faculty head of athletics at the school and president of the Southwest Conference, said Ohio State has asked his permission to negotiate with Karow. He said no action on a successor to Karow would be taken until after Karow had resigned officially.

Athletic director Barlow Irvin was on vacation at a ranch near San Antonio and could not be reached for comment.

A spokesman for the school said, however, it was probable that separate individuals would be named basketball and baseball coaches.

Karow, 45, was a star football and baseball player at Ohio State University. He played fullback and shortstop in these sports.

Shortly after he graduated from Ohio State he joined the athletic staff at the University of Texas. From 1927 until 1936 he served variously as freshman baseball coach, assistant football coach and head basketball coach.

In 1936 he went to the U.S. Naval Academy as head baseball coach and assistant football coach.

His service at Texas A and M was interrupted by three years of war service.

Karow has a son on the A&M swimming team and another is an athlete at Bryan high school.

STRETCH OUT—Tookie Gilbert reaches desperately for home plate with his hand, but Del Rice of the Cardinals made the tag on the Giants' first baseman in the Polo Grounds. The front end of an attempted double steal, Gilbert broke for home when Rice threw to head off Eddie Stanky going to second. Shortstop Eddie Miller cut off the throw, fired back to Rice in time. Photo by NEA-Acme Staff. Copyright Tony Saade.

Stengel Completes AL Squad Representing All Eight Clubs

CHICAGO — (AP) — A 25-player American League squad, one-third composed of New York Yankees and listing only one regular third baseman, will face the National League's best in the 17th all-star game at Comiskey Park next Tuesday.

Eight of his own would champion Yankees were on the squad completed today by Yank manager Casey Stengel, the American league pilot, who selected eight pitchers and nine reserve players to go with the eight starters named in a nation-wide fan vote.

All eight American clubs are represented on the squad which meets a National loop array selected yesterday. The Boston Red Sox had five all-star nominees, followed by the Cleveland Indians and Detroit Tigers with four each.

Stengel picked two left-handed pitchers and six right-handers. The southpaws were Tommy Byrne of the Yanks and the right-handers were Vic Fensch and Allie Reynolds, also from the Yankees; Art Houtteman of the Tigers; Bob Feller and Ray Lomon of the Indians; and Bob Scarborough, the lone White Sox man on the squad.

Although Stengel lined up nine infielders, stellar George Kell of the Tigers is the only third baseman by the book. Five outfielders and three catchers round out the squad.

Two Yankees — catcher Larry Berra and shortstop Phil Rizzuto — are in the starting American lineup dictated by the fans. Besides them and pitchers Byrne, Raschi and Reynolds, Stengel also picked second sacker Gerry Coleman, outfielder Joe Di Maggio and first baseman Tommy Henrich from his own team.

Stengel indicated that if Kell, who led the entire poll for starting positions, needed relief at third base, it would come from Coleman, who fields as well as that position as he does at second.

Second to Kell in the third base fan voting was Cleveland's home-run slugger, Al Rosen. But if Indian fans raise an eyebrow over Rosen's absence, it should be pointed out Stengel named the Tribe's Jim Hegan, along with Sherman Lollar of the St. Louis Browns, as catching replacements for Berra. Both finished well behind Boston's Birdie Tebbets in the balloting and Tebbets was not named to the squad.

Who Will Charles Fight Next?— Answer Promised

By JACK HAND
NEW YORK — (AP) — What's next for Ezzard Charles? Lee Savold, Joe Louis or Freddie Be-shore?

Jack Mintz, Charles' manager, promises an answer in a week or so, now that Ezzy has been declared fit for ring action.

Naturally a Louis fight would be the jackpot. But Joe, an international boxing club partner, still is retired. And he and Ezzy are old friends.

The feeling here is that Louis might have been lured back from the golf links and circus rings if Charles had been turned down by the doctors. Then he would have been needed by the IBC to keep the heavy-weight crown in the family.

A Savold-Louis match was a natural for both parties. But Louis-Charles? Probably not. Savold, recently crowned world champion in Britain when he stopped Bruce Woodcock, is under contract to the IBC. He may not be interested in Charles this year.

Charles was passed yesterday by a medical board after a thorough probing that showed "the pulse to the heart muscle which has kept him inactive during the war."

Charles is a high-scoring basketball performer. In the past few months he has completely healed. He is now in condition to resume training immediately.

Hoffman Is Ousted As Clovis Manager

Ninth Inning Triple Shoves Blue Sox to Narrow Verdict, 6-5

ABILENE — (AP) — Pedro Santiago tripled against the right field wall to score pitcher Glen Seibo, who had singled, with the most important run here last night as Lamesa defeated Abilene in the ninth inning, 6-5.

The Blue Sox held a 4-2 lead going into the eighth inning in the series opener here, and young Sam Hunter replaced a new-customer, Kenneth Wade, after the latter had walked Santiago, and Jay Haney had doubled. The Lobos tied the count in that frame, Abilene went ahead 5-4 in its half when Art Bowland clouted a home run over the left field wall.

In the ninth, Seibo, normally an infielder, got a single through third scored on Santiago's triple. LAMESA: AB R H P O A E. Santiago, cf, 3 1 1 3 0 0 0. Seibo, 3b, 4 1 1 2 0 0 0. THREE-WAY LOCK
ATHENS, Ga. — Junior Rodgers, six-foot two and one-half, righthander for Gurley, Ala., High who hurried four no-hitters this season, has accepted a grant-in-aid to Georgia for his half-backing prowess, is a high-scoring basketball performer.

FILLIES FIRST
NEW YORK — The latest supplement to the American Stud Book shows that of the record crop of foals of 1948, 4003 are fillies, 3998 colts.

CLOVIS — (AP) — Hal Hoffman has been ousted as manager of the Clovis Pioneers. Ray Bauer, veteran Pioneer outfielder, has been named to succeed Hoffman. The move was made yesterday by Clovis businessmen which purchased the Pioneer franchise from Paul Dean on June 19.

"The Pioneers need a playing manager who can appear in the lineup daily," the board of directors said in a statement disclosing the change Wednesday.

"From an economical standpoint, the Clovis baseball club can't afford a bench manager, and since Hal Hoffman seemingly was unable to play every game, the board felt a change was desired immediately."

Hoffman, 34, was hired as a playing-manager when the club changed hands in June. He is a catcher who once saw service with Wilwaukee and Seattle. He had not been in action this year until he reported to the Pioneers as manager and obviously was not in shape. The Pioneers won three and lost 11 under his direction.

Bauer, who signed a Pioneer contract last month, took charge of the team last night against the Albuquerque Dukes. He is a veteran WT-NM performer, most of his service being with Clovis. He batted .299 in 139 games for the Pioneers last year. His best year was 1948 when he hit .364.

Bo Roddy Fights Off Smashes to Win Tennis Title
WHITE SULPHUR SPRINGS, W. Va. — (AP) — Oliver (Bo) Roddy of Little Davidson College is the 1950 Mason and Dixon tennis champion.

Fighting off the blistering smashes of Hall Burrows, Roddy added the Plaza Bowl to his collection of prizes with a straight-set triumph yesterday.

The Southern Conference tiltist whipped Burrows, University of Virginia captain last season, 6-2, 6-4, 6-3.

Burrows and Ell Tullis, a Cavalier teammate, captured the Mason and Dixon doubles crown by defeating Barney Welsh of Rockville, Md., and Alex Koles of College Park, Md., 8-6, 6-3, 6-2.

Kleiner's Kotnet

Baseball marching songs Number 8: The New York Giants To the tune of "East Side, West Side."

Infield, outfield, All around the park. All hail Leo Durocher. Plus Stanky and plus Dark. Men and boys together. Flying just like a hawk. They win and it's fantastic. On the ball fields of New York.

Infield, outfield, All the boys are great. All hail Leo Durocher. He will win, it's not too late. James, Jones and others. Are tough, except when they talk. Leo's kind of team's arrived. On the ball fields of New York.

There is a certain element at the Polo Grounds that think that the rise of the Giants is traceable to the arrival of Tookie Gilbert at first base.

Watch Repairs
McCarley's JEWELRY STORE
House of Fine Diamonds, Watches and Silverware

They think the Giants' marching song should be "Lookie, Lookie, Lookie, Here comes Tookie, Tookie see him off, they say. The major league magnates are thinking in terms of television these days. It's really too soon to tell whether TV will help or harm attendance in the long run, but it's bound to have an effect on the game.

For instance, it's still a secret, but the men who design baseball uniforms are creating a new job just for the TV cameras.

It'll be off the shoulders. Batters are following the trend, too. One never awings at a high pitch when the ball game is being televised.

He feels that on television everything must be low cut. Tickets will soon be printed that have, in addition to the usual rain check, a "bum tube check."

If the tube blows out before four and one-half innings are completed, you get your money back.

Another minor league will probably be started. This one will be a strictly TV league. All the players will be puppets.

Within a couple of years, there'll undoubtedly be triple headers. One ball game, and two old movies.

VETERAN: Where've you been playing, kid? ROOKIE: I was with Channel Six for two years, and last year I played with Channel Nine. Out in Indiana, they're stocking lakes with a tiny minnow which feeds on mosquito larvae, figuring fishing will be more comfortable minus mosquitos. Some fishermen will miss the mosquitos, though—without them, they won't get any bites at all. A very unpopular employer annually goes fishing on his vacation. And every year, when his employees see him off, they say, "Well, there he goes with his gear — hook, line and stinker."

Chandler Tells Browns to Stop Movement Rumor

NEW YORK — (AP) — Commissioner A. B. Chandler has told the St. Louis Browns positively that if they want to talk about moving their franchise they should do it during the off-season.

The commissioner's office in Cincinnati made the disclosure yesterday after Frank Shaughnessy, president of the International League, had lodged a firm protest.

Shaughnessy said the talk about moving the franchise to Baltimore had cut down attendance considerably in that city. He sharply criticized Bill DeWitt, president of the Browns.

NO COMMENT

Back at camp, someone asked Turiello if Mitri could have beaten Marcel Cerdan. The manager stalled a bit as if trying to appraise the Frenchman's ability. "Cerdan when he was champion, should even," he conceded grudgingly. "But Americans never really saw Cerdan — too old. He was a three-times better fighter than Americans saw."

SWITCH HITS

Lefty Gomez claims he felled a tree at his new Connecticut home by shooting it with a rifle. "Wonder if Johnny Murphy had to fire the last shot?"

TRY THE BATS!—Service Engineer John Haller of a Cleveland development company bounces a suspended American League baseball against a metal plate, with the vibrations being recorded automatically. The company's scientists found, no rabbit in the 1950 horseshoe, concluded that there was "no measurable difference" between the 1949 and '50 major league balls.

Blondell 'Off Men Forever' After Shedding Third Mate

By BOB THOMAS

HOLLYWOOD — (AP) — Don't mention men to Joan Blondell. She has given them up forever. Or so she says.

The bouncy blonde is in town after shedding her third husband. Broadway producer Mike Todd, in Las Vegas, I made the mistake of asking her if she thought she'd get hitched again.

"I don't know why I'm even

talking to you," she retorted with a fiery look in her eye. "When I see men, I feel like taking a slybe and swooping away at them."

Fortunately, there were no farm implements handy, and her gesture was strictly figurative. But there was no doubt that her late marriage had left her very much anti-men.

"I've tried marriage and it hasn't worked," she said. "The trouble now is that I've got to convince my children that marriage is a wonderful thing." She indicated that will be one of the greatest performances of her career.

Miss Blondell recently ended a four year retirement in the little community of Irvington-on-the-Hudson, near New York City.

"It's just like a little town," she said. "Nobody puts on airs. If someone can't afford to entertain, their friends bring the drinks and food and come over to sit around the television and have a party. It's fun."

But life with Todd soured after four years and she headed

for Nevada for the well known reason. Now, she's returning to the gypsy life.

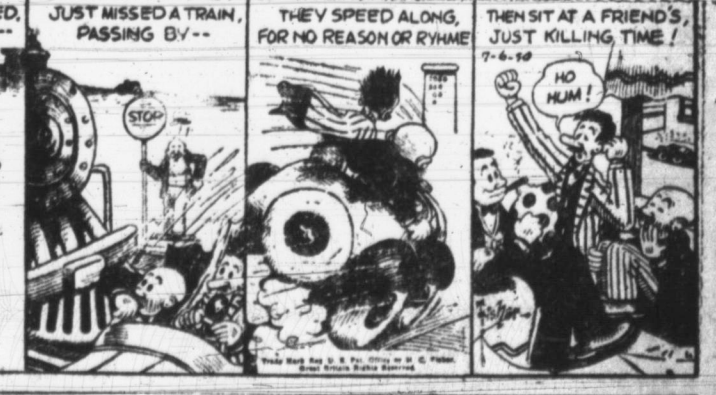

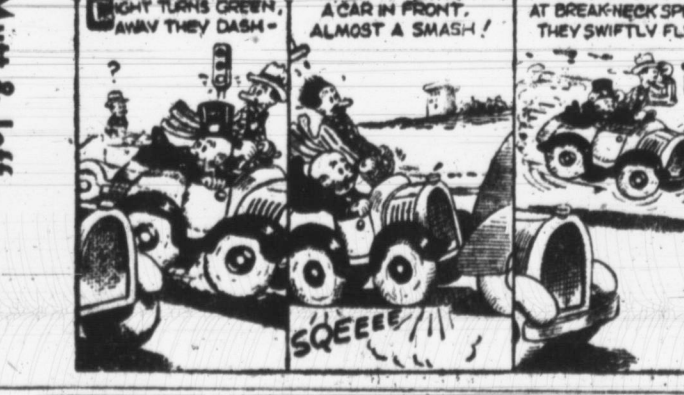

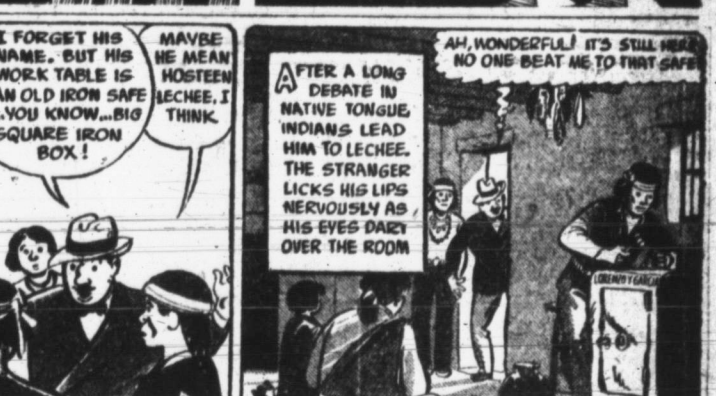

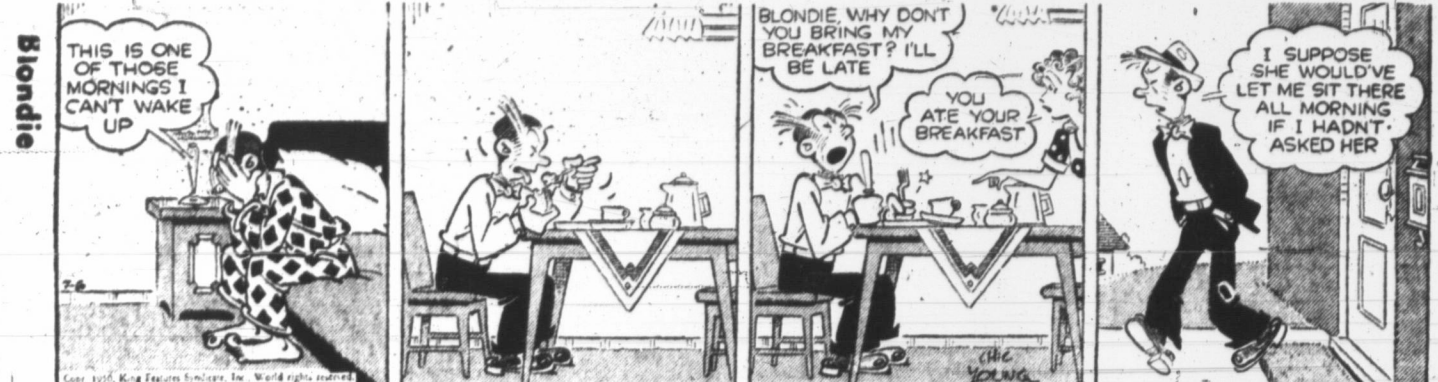

"You might say I was frightened by a stove," she observed. "I thought I would like settling down. Coming from a vaudeville family, I had never been in one town for more than a week's stand. I crossed the continent 196 times before I came to Hollywood 20 years ago."

"For four years, my husband (Todd) didn't want me to work, or at least he said he didn't. Now I'll go anywhere for a job and do anything — pictures, legit, television, even strip if necessary."

With Wooden Nickels Out, Doctor Collecting Insignia

AP Newsfeatures
BOSTON — Since he stopped taking wooden nickels—for which he sometimes paid more than five cents—Dr. Sidney G. Holmes has a mulated what he believes is the largest collection of military insignia.

The only connection between the wooden money and the metal insignia is a switch in hobbies. For several years the Back Bay podiatrist collected phony coins as avidly as a miser trying to collect real money.

His office walls were lined with wooden currency, most of it from chambers of commerce that "minted" it to mark local celebrations.

Then in 1940 the doctor met a former Boston City Hospital nurse, attired in an army uniform. Being a happily married man, he centered his compliments on the pretty nurse's new uniform—particularly the shining insignia she wore on her coat lapels.

The nurse was so flattered she gave him one of her insignia. "That one led to another, and another until now," Dr. Holmes has more than 3,000 pinned neatly in frames on his office walls.

These insignia were authorized by the War Department to promote esprit de corps and to keep alive the historical tradition of Army units.

With the collection, Dr. Holmes undertook a study of heraldry so that each symbol or charge, as it is called, on the insignia can easily be translated.

"Heraldry," he said, "is simply picture writing. The most important thing to show on a coat-of-arms is the greatest combat feat in the history of a unit. Special prominence is usually given to the most ancient incidents in its combat record, particularly the one in which the unit received its baptism of fire."

In compiling his collection, Dr. Holmes has traveled widely and has made exchanges with several other collectors in nearly all parts of the globe. He hopes to enlarge his collection this summer when the American Society of Military Insignia Collectors meets in Niagara Falls. Dr. Holmes has picked up insignia in book shops, Army and Navy stores, and right at the source—the jewelry manufacturers. His most valuable one came the easy way. He heard that

a special insignia was made of 14-karat gold especially for Lt. Col. Edgar Kibbler, then assistant commandant of the Ordnance School in Philadelphia. The doctor wrote to the colonel, asked for one, and a few days later, it was in his collection.

Denfeld Seeks GOP Selection

BOSTON — (AP) — Retired Admiral Louis E. Denfeld made his political debut today by announcing his candidacy for the Republican nomination for governor of Massachusetts.

And his first political fight promises to be a tough one. The 59-year-old ousted chief of naval operations meets three veteran campaigners — Former Lt. Gov. Arthur W. Coolidge, former State's Atty. Gen. Clarence A. Barnes and former State Senator Edward W. Rowe.

If he wins the GOP nomination, he is faced with the prospect of opposing one of his World War II junior officers, Gov. Paul A. Dever, 48, a wartime lieutenant commander, who appears sure of winning the Democratic nomination in his bid for a second term.

Denfeld retired from the Navy last February after he was removed by President Truman as chief of naval operations during the armed services unification row.

Actor's Mother Seeks Election

LAS VEGAS, Nev. — (AP) — Grace Hayes, singer and mother of actor Peter Lind Hayes, has filed for the office of constable. Mrs. Hayes, proprietor of the Red Rooster night club, says she will conduct a soapbox campaign on city streets.

FROZEN FOODS
BLOOMINGTON, Ill. — (AP) — Money, Mrs. Taylor McGinnis will tell you isn't used anywhere in a house these days. A burglar stole four one dollar bills from her icebox.

OFF TO THE RACES BY STAGE COACH—Following the traditional route, a procession of old stage coaches enters the Champs Elysees from the Place de la Concorde, Paris, enroute to Auteuil race track for the Prix des Drags meeting.

Army Denies It Will Call Reservists Up

WASHINGTON — (AP) — The Army says it isn't considering, at this time, summoning reservists to active duty or invoking the draft law to muster more manpower.

It issued a new formal statement after being beset with a fresh flood of rumors that such action might be impending. However, the first and strictly limited move toward building up more military manpower did come in the Air Force. It announced that a number of reservists, both officers and men, who are experts in electronics (radar is a major branch) would be put on active duty "on a voluntary basis."

This was not mandatory orders to report for duty. Nor did it appear to involve any large number of men. The call to active duty was for the Continental Air Command, the operations of which are within the United States. Radar warning for aircraft is a part of the duty of the air defense command.

Marine Reserves Take to the Air

WASHINGTON, D. C. — (AP) — More than 15,000 Marine Corps reservists are taking to the air this summer in connection with annual maneuvers on both coasts. This will be the largest airborne movement of reservists in any of the armed forces this summer. Almost 10,000 of the airborne Marine reservists will be members of organized reserve groups—units who meet once a week in home training centers. Another 5,000 will be aviation Reserve members, including some 400 pilots who will fly fighter planes. The reserves will be flown in Marine transport planes based at Cherry Point, N. C. and El Toro, Calif. Nearly 8,000 reservists were so transported last summer without accident and every safety precaution again will be taken this summer in the various air lifts.

Texas Swimmer Off to England

DENISON — (AP) — Roy Sutter, who hopes to be the first Texan to swim the English Channel, left today for New York and England. The wounded war-veteran plans to attempt his long swim the first day of good weather after Aug. 1.

Detroit Council Backs U.S., U.N.

DETROIT — (AP) — The city council of Detroit approves the action of the United States and the United Nations in the Korean war. The council unanimously passed a resolution yesterday saying "we should continue to work with other free peoples to drive the Communist brigands from South Korea." The resolution declared "this latest aggression, if left unchallenged, would threaten the peace and safety of the free countries of the world." Copies were ordered sent to President Truman, United Nations Secretary General Trygve Lie, President Syngman Rhee of the Republic of South Korea, and members of Congress.

Full-grown minnows usually reach a length of three to four inches.

Transplanting of Kidney Success

CHICAGO — (AP) — Mrs. Howard Tucker, 49, who had a dead kidney at only 10 percent, doctors removed the useless organ, and replaced it with a kidney from a woman who had died minutes before, of the same blood type, age, and general physical characteristics as Mrs. Tucker. The operation was performed June 17. Mrs. Tucker was suffering from a kidney ailment. One

Navy Reopens Corpus Plant

CORPUS CHRISTI — (AP) — The big overhaul and repair department of the Corpus Christi Naval Air Station was ordered reopened today after 1,600 civil service workers were called back from a voluntary two-week holiday.

Navy officials said a directive received from Washington ordered the reopening of the department which is the nation's center for repairing B5D Douglas Skymaster transport planes for the Navy. The transports are similar to the Air Force C-54's which have been ferrying troops and equipment to Korea from Japan.

Navy men said the order to increase the work schedule immediately did not mention the Korean situation. The overhaul plant had been shut down since last Friday and was not expected to reopen until July 17.

Chinese in Malaya Victims of Racket

SINGAPORE — (AP) — Hundreds of illiterate Chinese in the Malaya Federation are being victimized by the operators of a racket who profess to arrange for their emigration to Communist China on condition they come to Singapore.

Once in the colony they are deposited in Chinese lodging houses where they are obliged to pay from \$8 to \$14 per week pending the "acquisition" by the gang of visas and travel documents to enter Red China. Actually, Federation residents can easily acquire permits in the Federation. The process of bluff goes on until the would-be emigrants exhaust all their savings. Penniless men and women have had to seek the aid of the Social Welfare authorities to help them return to their homes on the mainland.

California has 95 institutions of higher learning—26 colleges and universities, 14 professional schools and 45 junior colleges.

Terminal's Arched Ceiling Gives Painter a Tough Job

AP Newsfeatures
CHARLESTON, W. Va. — A professor of design at Carnegie Tech really found himself over his head on his latest job. It was an arched ceiling mural with an industrial theme, believed by Prof. Robert Lepper to be one of the few of its kind.

The colorful aviation symbolism is painted on the concave ceiling of the new million-dollar terminal building at the hilltop Kanawha airport.

It involved hours of neck-twisting and arm-stretching labor from the uncertain perch of a rolling scaffold. And it represents a judicious combination of imagination and some 50 shades of oil and water colors.

Lepper calls the mural "schematic design — the application of an industrial theme to a painting." It's the basis of advertising art, but is highly unusual for a ceiling decoration.

The 40 by 21-foot painting literally takes a person on a complete air trip. Scene 1 shows a projection of the world, with Charleston pinpointed. Scene 5, the last, represents the end of the journey — the layout of an airport with symbols of an instrument landing system. Between are an aeronautics chart, cloud formations, and a theory of aviation design.

The crown of the arched ceiling is about 16 feet from the terminal floor. This posed the creative problem of a mural designed to be viewed from the height of an average person.

Lepper was assisted in the project by Eugene Myers, a recent graduate of Carnegie Tech and one of Lepper's former pupils.

SOME LIKE SKUNKS
LONG BEACH, Calif. — (AP) — Carroll Anne Voshburg, 12, reports she had 50 offers to adopt her pet after a picture of the girl and her three baby skunks appeared in the Long Beach Press-Telegram.

Fruit - Vegetable Hearing Dates Set

WASHINGTON — (AP) — New dates for a series of hearings on proposed increases in express rates on fresh fruits and vegetables have been set by the Interstate Commerce Commission, Rep. Sheppard (D-Calif.), announcing the new dates yesterday, said he had protested that the original date for a hearing in San Francisco did not give western shippers time to prepare arguments against any increases.

The hearing schedule: Washington July 25, no Washington hearing previously scheduled; Orlando, Fla., Aug. 7 instead of Aug. 2; Harlingen, Texas, Aug. 14 instead of Brownsville, Texas, July 25; San Francisco, Aug. 21 instead of July 17.
