West to Ease Control Over Austria

STRAIGHT UP 106.4 MILES—Condensed moisture in the form of frost and ice particles is shaken loose from the body of the Navy Viking rocket as it is launched, amidst a cloud of smoke and steam from the USS Norton Sound in mid-Pacific, May 11, to travel to a height of 106.4 miles. (Left). At right the rocket is clear of its launching platform and headed straight up to what the Navy claimed was a record height for an American-designed single stage rocket. The frost and ice resulted from the liquid oxygen fuel and high equatorial humidity.

North Atlantic Pact Draws Praise From U.S. Secretary

LONDON—(AP)—The Big Three announced today there is no hope in the immediate future for Russian agreement to an Austrian independence treaty. They set in motion plans to lift most occupation controls in the western zones of Austria.

At the same time U. S. Secretary of State Dean Acheson declared that the North Atlantic Treaty has been "a positive influence for peace beyond the North Atlantic area." Acheson issued a statement before boarding the liner Britannic at Liverpool for the return trip from the historic North Atlantic Treaty foreign ministers' meetings here.

The U. S. secretary, reviewing the achievements in Big Three and 12-nation talks of the past 10 days, called for "hard and constant work and the closest kind of cooperation in all the fields of national and international life."

Acheson said the North Atlantic Council had provided "means for perfecting the common defense as a deterrent to aggression in order that peace may be more secure." The treaty already has been considered a success, he said, because of its influence felt over a wide area, particularly in encouraging developments in Greece, Iran and Turkey, areas whose security, Acheson said, "is a matter of special concern."

Following their agreement on Austria reached here, Britain, France and the United States announced they would replace military governors in their occupation zones with civilian high commissioners who would be able to negotiate with representatives of their countries in Austria.

An American spokesman said the Austrian decisions reached by Acheson, British Foreign Secretary Bevin and French Foreign Minister Robert Schuman were not to be considered a substitute for a final independence treaty. But western diplomats feel the Russians are not likely to agree in the near future on Austria.

While four-power treaties prevent conclusion of a separate treaty with Austria, the foreign ministers felt they could give almost all the trimmings of freedom within the framework of existing agreements with the Russians. These would consist of:

1. The Austrian decisions reached by Acheson, British Foreign Secretary Bevin and French Foreign Minister Robert Schuman were not to be considered a substitute for a final independence treaty.

2. Eight big B-36 intercontinental bombers from Fort Worth will mark the day by taking different routes across the country, one passing over each of the 48 states, capitals and major ports.

SENATOR MORSE

Oregon Sen. Morse Faces Stiff Battle Inside Own Party

PORTLAND, Ore. — (AP) — Conservatives in this last Republican stronghold in the West make an attempt in the Oregon primary election today to unseat Republican Senator Wayne L. Morse.

They do so even as their stronghold shows signs of extreme shakiness.

For the first time Democrats go to the polls with numerical superiority. They are balloting on some offices they formerly let go by default to Republicans.

The intent is to get a strong slate of candidates that may upset Republicans in the general election next fall.

Republicans, who control the entire congressional slate, plus the governor's office, are sticking by incumbents — except in Morse's case.

These party conservatives have given generous backing to previously unknown Dave Hoover, a Willamette Valley dairyman, who told voters that the choice between him and Morse was one of "liberty vs. . . socialism."

Morse, who often has disagreed with party leaders, felt it necessary to make a number of campaign trips from Washington back to Oregon. He wound up this week in a whirlwind series of speeches in which he stressed his slogan, "principle above politics."

For Democrats the principal interest is in the party nomination for governor.

These three Portlanders are competing. One is Walter J. Pearson, an insurance man who was elected state treasurer two years ago, the first Democrat to achieve high state office in recent years.

There also is Lew Wallace, another insurance man and a veteran member of the state legislature. The third is Austin Flegel, a man of varied business interests who has attracted much support from the liberal elements of his party.

The present governor, Republican Douglas McKay, has no primary opposition. His test will come next fall against the Democratic nominee.

Similarly the test for Oregon's four republican congressmen will be delayed until the November general election.

Highway 70 Section Work Is Scheduled

A three-in-one \$195,380 contract was let by the State Highway Commission at Austin to Ernest Lloyd Fort Worth contractor, for 25.29 miles of grading, structures, flexible base and double asphalt coating on Highway 70 from the Gray County line to the south bank of the Canadian river; it was learned here today.

The contract was awarded the Fort Worth company on May 17. However, Highway Department engineers here said the contract would actually furnish paving for only 10 miles of Highway 70 from the Gray County line north towards the river. The remainder will be dirt work up to the river's bank.

The three-in-one part of the contract was caused by delay in work orders because materials for dirt work could not be sent to the site before, engineers said, up and the three appropriations so the contract letting was held together to make the job more attractive to bidders.

On the north side of the river, coming from Perrin, dirt work on the highway has come to a point 11 miles away from the river's north bank, highway engineers reported this morning.

No date was set for actual work to begin, the engineers stated, but added it would be in the neighborhood of about two weeks.

AMARILLO — How to handle what was given a good going over here yesterday by the city officials from 24 Panhandle and South Plains cities at the all-day regional session of the Texas League of Municipalities at the Herring Hotel.

Major Gene Klein, Amarillo, presided at the meeting and gave a short report on the U. S. Conference of Mayors meeting in New York City.

Problems thrown into the discussion wheel ranged from telephone rates to increased taxes. Dick Peppin, Pampa, submitted the problem of juvenile drivers who constantly violate the law and cannot be punished for it. The feeling by the group was unanimously in favor of seeking legislation to curb juvenile traffic violations.

This problem along with others will be discussed in October at the annual convention of the Texas League of Municipalities in Galveston when a legislative program will be built.

Attending the session from Pampa besides Peppin were: City Commissioner Fred Parrant, City Attorney Bob Gordon and City Secretary R. E. Anderson.

WHITE DEER — (Special) — George S. Vineyard of Pampa will deliver the commencement address for the graduating class of White Deer High School at 8 p.m. today in the grade school auditorium.

Rev. Gayle Spann, pastor of the White Deer Presbyterian Church, will give the invocation, and Rev. W. L. Brown, pastor of the Assembly of God Church, Skellytown, will give the benediction.

The high school chorus, directed by Leslie Talbot, will sing three numbers.

Highest ranking graduates and winner of special awards will be announced at that time.

Reports that a wildcat location has been made just north of Pampa have not been verified.

Early reports indicated a well had been struck on the W. G. Lyons farm, five miles north and three and one-half miles east of Pampa by Magnolia Petroleum Co. This would place the test two to three miles west of Phillips Petroleum Co.'s No. 1 Jenkie which was drilled but plugged in Sec. 38, Bk. 2, I&GN Survey.

However, Magnolia officials state they have no information concerning the well.

Magnolia has lease on the Lyons farm in Sections 63 and 64 of Bk. 2, I&GN Survey, which does not expire until 1953.

Magnolia's lease covers approximately a section and a half with Phillips holding all surrounding acreage. Phillips has done extensive seismograph work in the area.

Court Upholds Sally's Term

WASHINGTON — (AP) — The U. S. Circuit Court of Appeals ruled today that Mildred E. (Axis Sally) Gillars must serve 10 to 30 years in prison for broadcasting Nazi propaganda during World War II.

The white-haired 49-year-old former actress was convicted more than a year ago in federal district court here.

In addition to the sentence of from 10 to 30 years, she also was fined \$10,000. She would be eligible for parole after serving 10 years.

Today's development marked another scene in one of the postwar periods' longest treason dramas. Miss Gillars first was arrested nearly five years ago when American troops entered Berlin.

Before the downfall of the Nazis, her smooth-voiced radio shows became known to millions of G.I.'s. She was the supposedly glamorous radio siren who taught them the haunting strains of "Lili Marlene" which became a favorite world war marching-fighting song of the American infantry.

Since Federal Judge Edward M. Curran pronounced sentence on March 25, 1949, Miss Gillars had been held in the District of Columbia jail.

There was no immediate statement concerning whether she would appeal today's decision.

"Axis Sally" was flown from Germany to the U. S. to face a ten-count indictment charging her with treason. However, the jury found her guilty on only one count.

Miss Gillars was convicted of participating in a broadcast entitled "Vision of Invasion," a melodramatic show beamed to American troops poised in England to invade the continent in May, 1944.

WASHINGTON — (AP) — A speed-up in corporation tax payments and possibly an increase in corporate tax rates were weighed in the House Ways and Means Committee today. They might be a way to dodge a presidential veto of \$1,000,000,000 slash in excise taxes.

What the committee will do is not certain.

Yesterday it courted a tax bill veto by flatly rejecting Mr. Truman's proposal for \$200,000,000 additional taxes on oil, gas, sulphur and non-metallic minerals operators.

It refused to reduce depletion allowances (tax exemptions to offset the using up of resources for these operations) and, instead, approved new depletion exemptions for more products.

Earlier it had turned down a \$400,000,000 increase in taxes on inheritances and large gifts, also proposed by the president.

That left larger tax collections from corporations as the only major source of revenue by which Mr. Truman proposed to offset cuts in excises — on such things as furs, jewelry, handbags, toilet preparations, travel tickets, communications, etc.

Mr. Truman's proposal would raise any tax bill that does not create excise revenue losses by larger collections elsewhere.

The president proposed a \$600,000,000 boost in corporation taxes, by raising the corporation income tax rate from 38 percent to 42 percent.

The committee has not acted on this proposal.

Depletion allowances for a percentage of gross income, acted upon by the committee yesterday, are used for reductions of taxable income as to take into account the capital impairment of industries that take irreplaceable products from the earth.

Oil and gas spokesmen argued that these tax allowances are essential to encourage people to spend large sums looking for new oil fields when all they may get is a dry hole.

Winnipeg Eyes Game Commission

WINNIPEG, Man. — (AP) — The Canadian Army prepared to blast out part of a railroad embankment near suburban Fort Garry today to ease pressure on the dikes there as rain squalls threatened to swell the rampaging Red River.

Canadian Army engineers were called in to dynamite the line to let the flood waters flow faster into the giant flood lake.

The growing pressure on the six-mile Fort Garry dike is endangering a large, but sparsely settled section of suburban greater Winnipeg.

The weather bureau gave urgency to the plan by predicting that thunderstorms would add a half inch of rainfall in the valley.

Since yesterday the river rose more than an inch bringing it to the highest point in its 1950 flood — 30.3 feet. This is 12.3 feet above the flood risk level here and only about two feet below what officers consider the disaster point.

At 52.5 feet, general evacuation of the twin cities of Winnipeg and St. Boniface would be virtually certain. Water would spread across all of St. Boniface on the Red River's east bank and swirl through Winnipeg's business district which so far has escaped except for basement flooding.

All R.C.A.F. transport planes are on 12-hour stand-by orders to help in possible evacuation. Hundreds of railway cars are nearby to move out in a matter of hours more than two-thirds of the metropolis' 350,000 normal population. The other third already has pulled out.

Priest, 39, Finally Takes High Position

ROME — (AP) — Franz Jachym of Vienna — the earnest, 39-year-old priest who last month protested he was not worthy of an archbishop's rank — today was raised to that position in a solemn Roman Catholic consecration rite here.

With downcast eyes and a face showing intense emotional stress, the new titular Archbishop of Moronea moved among Holy Year pilgrims, moving his right hand in his first episcopal blessing. He is one of the young as priests to hold such high church office.

Magr. Jachym caused a stir of comment when he dramatically refused to be consecrated in Vienna April 23 and walked out of the church. Pope Pius XII later refused to accept Magr. Jachym's decision.

The priest today gave no indication of the reasons that had prompted him to his action in Vienna. Rome's Quotidiano, official organ of Italian Catholic action, in a comment upon his earlier action, said there had been many instances of prelates who thought themselves unworthy of such honor but who later gave in to higher authority.

HOUSTON — (AP) — Dale Richardson, La Porte's constable who left his precinct last summer to raid Houston bookies shops, has announced as a candidate for Harris County sheriff.

Winnipeg Game Commission Adopts Proposals

The state Game Fish and Oyster Commission which met in the Chamber of Commerce committee room today went on record as being in favor of making the bag limit on ducks not less than eight birds per man per day. Along with this proposal, which will be passed on to the National Wildlife Service, the commission favored a zoning system to divide the Panhandle and West Texas from the coastal and Rio Grande River areas where in duck hunting is the most popular. The division would be made on a basis of temperature and elevation, and would provide for different duck seasons for the two areas, where only one season now exists.

Under the direction of W. Scott Schreiner, chairman, Kerrville, the commission made several recommendations which will be passed on to the national group by July 1.

H. D. Dodgen, executive secretary of the commission, reported there will be 17 game wardens graduating from Texas A&M this spring, who will be available about six or eight of the graduates have already been placed in positions throughout the state. He invited suggestions as to particular areas where wardens are needed.

One or two of the new men will be kept in Austin as troubleshooters in order to give them additional experience, he said. The Panhandle area will receive three new wardens out of this group, Dodgen stated.

A resolution was passed to recommend the provision of public fishing grounds at the large, privately owned lakes where the average low-salaried person can go fishing without having to pay high prices for a cabin and fishing license.

Schreiner suggested the commission buy a plot of ground in the shore of each lake where

There were no means, so-called. But it was that they gave us the idea that we were to be there from now on. We were shut out of home. The longer we stayed, the longer it looked as if we were going to stay."

The two were captured Oct. 19, 1948, when their light plane was forced down by engine trouble near the North China port of Tsingtao. The city then was a U. S. Navy anchorage and they were on a training flight.

They left Tsingtao May 3 on the British steamer Hunan, and were flown to Pearl Harbor, arriving Tuesday night.

Reporters wanted to know if they were accused of spying. Bender said the Communists didn't want to accuse them directly so they worded the question "in such a way you can answer it almost any way."

Bender said their little biplane got over Communist territory because the wind was blowing in the wrong direction. Engine trouble forced them to land on a beach about 15 miles north of Tsingtao.

How were they captured? "They just surrounded us," Smith said. "There were some fishermen around and they took us to a village."

With a Communist army guard, they were marched to another village. Several times during their long captivity they were moved from one village to another.

"We were very depressed all through last summer," Bender said. "The longer we stayed there the longer of seemed we were to stay."

Not that they were treated badly. "We ate as well as the Chinese did," Smith observed. He added that their captors "went out of their way to give us a good time."

REVAMPED DEMO LINEUP TO FACE REPUBLICANS TONIGHT

WASHINGTON — (AP) — The Democrats play the Republicans tonight in what some humorist has called a baseball game, and a senator will be in the lineup for the first time in the history of this congressional contest.

The senator is Harry P. Cain (R-Wash.). He will pitch, more or less.

Confronted with this situation, the Democrats have done their best.

Rep. Smathers of Florida, a hero of other congressional ball games, defeated Senator Pepper in the primaries.

Which caused Rep. Harris (D-Ark.), the Democrats' manager, to announce:

"Don't underestimate this fellow. Smathers is hotter than Pepper." Everybody laughed, congressional humor being what it is.

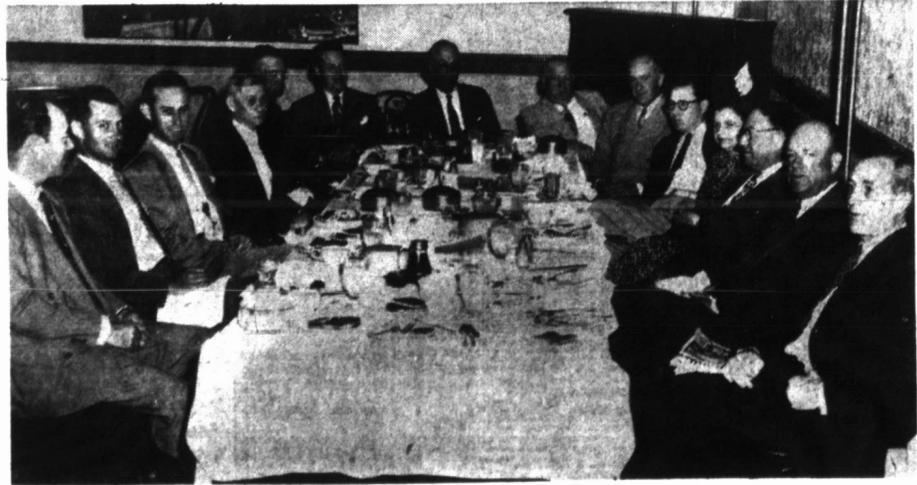

The tall, husky Smathers, by the way, may be the best hitter on either club. This doesn't mean he's any Babe Ruth. But he can hit a ball as far as the outfield, and since congressional outfielders usually hold a committee meeting on every fly ball, Smathers is a potential home run king.

Whether Senator Cain can stop Senator-to-be Smathers remains to be seen. If Cain can't, maybe the other Republican pitchers—Glenn Davis of Wisconsin and Corbett of Pennsylvania—can get the job done.

The Democrats have assembled quite a pitching staff, but the fact remains that they usually rise or fall with the efforts of Don Wheeler, a one-time school teacher from Alma, Ga.

Wheeler is a pretty fair pitcher. But he has one weakness: he gets tired. The Democratic policy has been to allow Wheeler to pitch until he gets weary, run in a sub until the Republicans catch up and then put Wheeler back in again.

This isn't according to baseball law, but if Congress can't change a law, who can? Incidentally, no matter who wins the ball playing congressmen will have done their good turn for the day. The game is sponsored by the Washington Evening Star. The money goes to the summer camp fund for underprivileged children.

Dodgen reported that a fish hatchery in northeastern Texas has been proposed by representatives from the vicinity of Caddo Lake in Marion County. The secretary reported that the hatchery is needed since the only one in that area is located at Tyler.

"We have 150,000 farm ponds in Texas which are stocked with fish. These results in an extraordinary demand for fish," Dodgen said.

One of the reasons for holding the meeting in Pampa was to look over a plot of land near Canadian which will be used as an experiment in game management. The commission has a purchasing contract to buy the Freeman Ranch near Canadian, which they plan to visit this afternoon as guests of Howe. The game management law in the Panhandle, effective Sept. 1, will provide for hunting seasons on such animals as antelope, and others which have not been available for hunting in this area for some time.

Air Arm Too Weak, Vandenberg Warns

DETROIT — (AP) — General Hoyt S. Vandenberg said today the present Air Force is too weak to continue an all-out air war more than a few months. He called anti-aircraft guns and fighter planes "last ditch" defenses against atomic bombers, saying that purchase of enough of them to cover all avenues of approach is an extremely expensive procedure. "Too expensive to be carried out under our present economy budget."

"We do not have the intercept planes necessary to cover all approaches today," Vandenberg continued, "and they are not on order. The provision of a reasonably adequate air defense system is not possible under our present program."

In a speech before a luncheon observing Armed Forces Day, which the whole country celebrates tomorrow, Vandenberg added: "It is a matter of simple arithmetic that at least two years would be required for our present aircraft industry to rebuild our present Air Force and to enable it to continue combat action."

He said the A-bomb is not a bad dream but a "towering reality," enabling one airplane to inflict more damage than a hundred airplanes could inflict before. Great industrial centers like Detroit, he said, can be destroyed within a few hours after an atomic attack is launched unless they are strongly and skillfully defended.

1949 Derby Pictures Shown Lions Club

Members of the Pampa Lions Club were shown pictures of the 1949 Soap Box Derby yesterday during their regular meeting in the First Methodist Church.

During the program it was announced International Counselor Lee Johnson of Phillips will be guest speaker at the ladies night and installation banquet on June 25. Officers for the new year to be installed then are: president, E. M. Luna; vice-president, C. E. McDowell; secretary-treasurer, O. K. Gaylor; tallmeister, Rusty Ward; honorer, Harold Miller, directors, Ralph Thomas, Waiden E. Moore, R. E. Nienstel, Paul Brown, J. L. Anderson and E. R. Nuckola.

Houston Inventor Seeks Legal Claim To Gulf Tidelands

HOUSTON — (AP) — "I'm not trying to horn in on anybody," says Fred E. Vogel, 36-year-old Houston inventor, but he wants a legal claim to tidelands from Mobile, Ala., to Brownsville, Texas.

He plans to drill oil wells off the gulf coast in water depths up to 600 feet.

Harris County Clerk W. D. Miller said Vogel had staked formal claim to "all mineral lying and being situated beneath the ocean floor of the Gulf of Mexico" between the 88th and 98th degrees of longitude and

Vets Living Abroad Want U. S. Refunds

LONDON — (AP) — Nearly 1,000 American ex-servicemen living in Britain are deluging the American Embassy here with inquiries about their GI life insurance refunds. Veterans Administration officials say they get between 75 and 100 letters and phone calls a week.

Embassy officials said veterans living outside the United States probably will be paid last.

Theater Group Due For Eviction, But They're Undismayed

BALTIMORE — (AP) — The historic Vagabond Players, with the longest continuous production record in the country, are being turned out of their old carriage house home. The owners are not renewing the lease.

But the Vagabonds say it doesn't mean the end of their string of performances that reaches back 34 years. They're looking for a new location so their season's production won't be interrupted.

They started in 1916. Their original "home," a vacant store, was a weird triangular playhouse with 60 uncomfortable seats and a steam pipe which rose through the floor of the stage and disappeared in the flies. It had to be camouflaged as a tree or a column, depending on the nature of the play.

The first play was "The Artist," by H. L. Mencken. That season they also had the original production of "Bound East for Cardiff," by Eugene O'Neill. O'Neill was paid \$15 to produce the play. The players soon moved to a hotel ballroom, then in 1922 to larger accommodations. But it was in 1930 that they made their big plunge. They took over the old carriage house of the Preston estate.

Ancient Egyptians were first-rate beauty parlor experts and probably originated the first "hair-do" fashions in our civilization.

Bucky Harris Has Senators Surprising American League

(By The Associated Press)
Bucky Harris, the Yankees cast-off who never has finished last, has his Washington Senators stirring up quite a rumpus in the American League pennant race.

Harris, back at the Washington helm for the third time, has guided the Nats to nine victories in their last 12 starts and to within a game and a half of the league-leading Yanks.

Bucky, fired by the Yanks after leading them to the pennant in 1947 and third in 1948, inherited a last place ball club after spending 1949 at San Diego in the Pacific Coast League.

During the spring the experts didn't rate the Senators much chance of improving their position.

But Harris, with a long managerial record that includes stints with the Boston Red Sox, Detroit Tigers and Philadelphia Phillies besides New York and Washington, said, "I've never finished last, and I don't intend to start now."

"Give me some pitchers to go with Ray Scarborough and we will surprise a lot of people."

Well, Bucky is getting the help he wanted with emphasis on Sid Hudson, who won only eight games and lost 17 last year.

The 32-year-old right-hander, who pitched side arm last year but who now is pitching in his customary overhead fashion, turned in his fourth victory yesterday as Washington downed Chicago, 7-3. He aided his cause with a triple in the sixth.

The Boston Red Sox knocked Detroit out of a first place tie with the Yanks by outslugging the Tigers, 13-12, in a wild game at Detroit. The Yanks and St. Louis Browns had an open date.

The Red Sox piled up an 11-1 lead, thanks to a seven-run barrage in the fourth inning, but the Tigers came back with six in their half of the fourth and nearly pulled the game out in the ninth.

Detroit had runners on first and third, two runs in and only one out in the last inning but Joe Dobson buckled down. He got George Kell to lift a short fly to right and then picked up a Vic Wertz smash off first baseman Walt Dropo's glove and threw him out to end the game. Kell drove in five runs for Detroit.

The Cleveland Indians shamed the Philadelphia Athletics, 4-3, winning in the ninth when Lou Brissie walked Bob Kennedy with the bases loaded.

The roof fell in on the St. Louis Cardinals, who piled up an 8-0 lead over Brooklyn in the first six innings and then went on to blow a nightmarish 9-8 decision at Ebbets Field.

The Dodgers won with four runs in the eighth and five in the ninth.

Four of the ninth inning tallies were pure gifts from Cardinal third baseman Tommy Glaviano, who committed three straight errors.

Jim Russell and Jackie Robinson doubled to start the ninth. Furillo popped out but Gil Hodges beat out a hit and Duke Snider walked to load the bases. Glaviano then made his three mistakes.

The New York Giants trounced the Chicago Cubs, 10-4, in a game called after six innings because of rain. Rookie Monte Levin drove in five runs with a grand slam homer and single.

Scheduled games between Pittsburgh and Boston and Cincinnati and Philadelphia were postponed because of rain.

Five, Maybe Seven, Horses To Run in Preakness Test

BALTIMORE (AP)—The names of five, and possibly seven, horses will be dropped into the entry box today for the 74th Preakness Stakes, but trainer Syd Veitch says all of the contenders excepting Mr. Trouble will be just wasting their time.

"I think we'll win the race, and Middleground will be second," the congenial trainer of C. V. Whitney's famous racing stable said.

That was a pretty good statement, seeing as how Mr. Trouble was third in Middleground in the Kentucky Derby two weeks ago.

What about Hill Prince, the No. 2 horse in the Derby? "Well, he'll have to be third," Veitch added graciously.

The \$50,000-added, mile and three-sixteenths classic comes off tomorrow at Pimlico.

Sylvester has claimed ever since the Derby that Mr. Trouble should have come home with the bacon.

He thought Mr. Trouble made his move on the pace-setting Hyperion too early. Doug Dodson rode Mr. Trouble, but since has been injured and Steve Brooks will be borrowed from Calumet Farm to handle the Whitney challenger tomorrow.

Along with the big three of

Greer Pounds Hub, Borger For 10-8 Win

Middleground, Hill Prince and Blue Horse, the other two certain starters are Mrs. William H. Labrot's Maryland-bred Balkan, and Mrs. James Carson's Kingman, once owned by the King Ranch.

BORGER (AP)—Manager Stubby Greer showed his Abilene Blue Horse how to pace here last night as he paced his charges to a 10-8 win over the Gassers.

Greer cleared the bases in the third with a double after the Saturday Borger purchase, Merlin Hubbard, right-hander who started the season with Pampa, walked three consecutive batters.

Then in the fourth he doubled again off reliever Jim Batchelor for his fourth run batted in of the night.

At Durango, former Lubbock-Amarillo Player, and more recently an outfielder for the now defunct Donna-Westlake club hit a two-run homer in his first game for the Hose.

He signed as a free agent yesterday.

Snead Holds Early Lead in Western Open Golf Tourney

LOS ANGELES (AP)—The 47th Western Open Golf Tournament shapes up today about as expected, with top golfers in the key spots and the usual unknowns giving them an argument—at least for one round.

For example, at 69, two under par, is Sam Snead, the West Virginian. That's just about what everyone expected, since Sam is the biggest name entered since that Ben Hogan is bedded with the sun.

But every tourney has its darkhorse. This one has two, as of the end of the first round—Jack Gage of Los Angeles and Ewing Richardson, who formerly was assistant to Jimmy Demet.

Snead played them into the ground.

Hubs Win Series From Clovis, 12-5

CLOVIS (AP)—Lubbock's Hubs walloped the Clovis Pioneers 12-5 here last night to grab the rubber game of the series between the two rivals.

The Hubs pounded three Clovis pitchers for 14 hits and enabled righthander Jackie May to coast to victory. The longest blow was Wiley Moore's fifth home run wily Jackie Wilcox ahead in the third.

The Lubbock team tallied three runs in the first two in the third, four in the fifth and concluded run production in the sixth with a cluster of three.

And while this was going on, May limited the Pioneers to nine hits, one a triple by Jess Jacinto in the ninth.

May was never in any serious danger. He fanned five and walked three.

Three snappy double plays helped May's cause.

The victory moved the Hubs one-half game ahead of the Pioneers in the standings.

Sox Newcomer Tops Lamesa, 3-1

AMARILLO (AP)—Don Falting, a swift righthander, fanned 11 batters here last night and gave the Amarillo Gold Sox a 3-1 victory in a pitching battle with Jim Reynolds of the Lamesa Lobos.

Falting was making his Amarillo pitching debut and allowed nine hits to seven against Reynolds. The losers hit Falting safely more than once in only the fifth when Dan Pinto's double registered Pedro Santiago to win the only run.

Texans Capture SWC Ball Title

(By The Associated Press)
Southwest Conference baseball teams packed away uniforms today with the exception of champion Texas, who wound up their regular season with a 6-5 decision over Texas A&M yesterday, will on June 5, 6 and 7 meet Arizona in Austin for the right to represent District Six in the National College Athletic Association tournament.

Baylor used Hogo Pearson's two-run ninth inning single to finish yesterday with a 3-2 victory over Southern Methodist,

Oilers Open With Borger There Today

ALBUQUERQUE (AP)—The Albuquerque Dukes copped their fourth consecutive victory and their eighth in nine starts last night to come within one game of the league lead.

Don Cantrell, winning his second game of the year, yielded 15 hits but the Dukes came through with some brilliant fielding plays to save him in the rough spots. The Dukes bunched their hits effectively for their runs.

The victory shoved the Dukes into a fourth place tie with the Clovis Pioneers and only one game behind Borger and Lamesa.

Roy Parker, Pampa leftfielder, was the hitting star for the night. He clouted a pair of doubles and a mighty homerun with one aboard in the fifth that sailed 100 feet over the centerfield wall.

But the Dukes scored four runs in the third and six in the sixth to salt away their victory.

A walk, an error and Parker's double gave Pampa a run in the first inning, but the Dukes tied it up in the same frame on a double by Lyle Palmer and a single by Art Cutili.

The Dukes went ahead to stay in the third when pitcher Don Cantrell led off with a triple and scored on Jerry Folkman's triple. Two more singles, a fielder's choice and an error made it 5-1.

Pampa scored their runs in the fifth on Parker's home run and another by Don Ricketson, Bill Hassey and Jim Martin, and a walk. But the Dukes scored six runs off starter Bill Garland in that same inning to walk away with the win. Two walks, and error, singles by Cantrell, Earl Harriman, Folkman, Al Carr and a triple by Dick Dawson did the trick.

Pampa scored three runs in the seventh on a walk and four singles and the Dukes finished it up in the same inning with one run on three walks by Walt Peluso and an outfield fly.

The Dukes begin a two-game series with the Abilene Blue Sox here tomorrow night.

Tonight the Oilers open a two-game series with the Borger Gassers at Huber Park in Borger. The starting hurler for the Oilers will be lefty Jerry Roy Parker or righthander Mack Hyde. Hyde hurled three innings of scoreless ball against the Dukes in a relief role Tuesday in his only appearance for the Oilers so far.

Last night's loss also snapped the hitting streak of outfielder Joe Fortin. Fortin went hitless in five trips, the first time he had been blanked since the season got underway. He had hit safely in 24 straight games.

Longhorn Track Stars Competing in Coliseum Relays

AUSTIN (Special)—Heartened by record-breaking performances in last week's Southwest Conference track and field meet, the University of Texas stars return this week to the scenes of some of their greatest conquests.

Six Longhorns—five sprinters and a high jumper—will perform in the Coliseum Relays at Los Angeles tonight and in the California Relays at Modesto on Saturday night. The sprinters are Charley Parker and Perry Samuels of San Antonio, Carl Mayes of Pampa, Floyd Rogers of Austin, and Bobby Dillon of Temple. The high jumper is Bob Walters of Houston, who soared 6 feet, 8 5/8 inches here Saturday.

Three years ago Orange-clad stars from deep in the heart of Texas stole the show at the Coliseum. A 440-yard relay combine of Samuels, John Robertson, Allen Lawler and Parker was clocked in 46.6 seconds, just one-tenth of a second over the world record.

The same night Robertson won the broad jump. Jerry Thompson placed second in the mile. Lawler second in the 100 to Mel Patton, while Parker and Lawler ran three-four in the 220.

Two years ago Steer sprinters returned to Los Angeles and won the 400-meter relay in 46.6 seconds with the same combination. Parker placed third in a 9.4 100. Robertson fourth in the broad jump and Thompson sixth in the 1500 meters.

Samuels, Rogers and Dillon went to Modesto and romped to a 40.9 triumph in the 440-yard relay (a meet record) and a 1:25.3 victory in the 880 relay.

Rogers, Mayes, Samuels and Parker, who sped to a new conference record of 41.1 last Saturday, will form the 440 combination at both California carnivals, while Bobby Dillon will substitute for either Rogers or Samuels in the 880 event at Modesto. Parker will run the 100 in both meets.

Walters, the only jumper in the world to better 6-8 twice during the past two years, will compete in the high jump at both meets.

The group left Austin by plane at noon Thursday.

Gassers Sell Jim Cain to Gainesville Club

BORGER (AP)—Jim Cain, Borger hurler now in his third season of pro ball, all of which were spent with the Gassers, was sold outright yesterday to Gainesville of the Big State League.

Cain had a 1-4 record with the Gassers this year.

He was the Gasser opening day hurler against Amarillo. It was the first of several tough losses he suffered.

He was the second Gasser hurler to go this week.

All-Stars Face Plowboys Tonight

The Pampa All-Stars, members of the Panhandle Softball League, will face the leading Graham Hoeme Plowboys here tonight in a league contest. The Plows took an earlier decision from the Stars.

The game will be played at Lion's Club Park, starting at 8:15.

Navajo Indians can weave blankets so tightly that they will hold water.

Junior Golfers Vie Today in City Meet

Play in the annual All-City Junior Golf Tournament opens this afternoon at the Pampa Country Club and winds up on Sunday morning. Forty-seven entrants have been reported by pro Johnny Austin, including four young lady golfers.

The golfers have been divided into three groups this season. Classes A, B and C. Class C will include all golfers up to 12 years of age, who will play nine holes this afternoon and nine tomorrow morning. Class B is all golfers from 12 through 14, and they will play 12 holes this afternoon and 18 more tomorrow morning.

Class A, all golfers from 15 through 17, will play 18 holes today, tomorrow and again Sunday morning.

Play in the tournament is all medal with handicaps included. The nine winning trophies will be awarded immediately at the conclusion of play on Sunday, expected to be about noon.

Here is the way the golfers will line up in the three flights:

Class C—Don Prigmore, Jimmie Samples, Eddie Duenkel, Linda Austin, Doylee Fletcher and Jay Baker.

Class B—Buster Carter, Bobby Fleming, David Fatheree, Ben Sturgeon, John Dial, Freddy Sharp, Johnny Jones, Dale Hemmell, Grady Brown and Lila Austin.

Class A—Leroy Ellis, Dwaine Kuntz, Eddie Scheig, Shirley Austin, Merle Estes, Harold Lewis, Bob Prigmore, Jerry Davis, Don Hicks, Jerry Smith, Tom Cox, Jack Cox, Carter Burdette, John Bells, Charley Austin, Ronnie Samples, defending champion Jimmy Howard, Darrell Godfrey, Deb Stowell, Bernard McNamara, Richard Prigmore, John Pitts, Marvin Overton, Richard Miller, Pete Kilpatrick, Glen Harrell, John High, John Friauf, Jim Baldrich, Wayne Doss and Darrell Danner.

Wakeupfield May Move to NL Team

NEW YORK (AP)—Outfielder Dick Wakefield, center of a controversy that twice went to the commissioner's office, probably will wind up playing in the National League.

There were strong hints today that the 29-year-old prodigal would be waived out of the American League and snatched up by a club in the older circuit which needs and can afford a \$17,000-a-year flycatcher.

The Yankees put Wakefield back on the payroll yesterday but told him to sit tight at his Ann Arbor, Mich., home until he had further word where he's going.

"The Yankees don't want Wakefield," Arthur (Red) Patterson, club secretary, said in announcing the player's reinstatement. "He will not be asked to return."

Wakefield accepted the news placidly, with only mild hints of his earlier threats to quit the game because he may not be wanted.

"I don't know what they're planning now," he said. "As far as I am concerned I still will consider playing only for a major league club. If the White Sox were interested in me some other club in the majors might be, too."

The Yankees announced they had reinstated the balking outfielder "pretty much on our own" although they had discussed the matter with Commissioner A. B. Chandler.

The Yankees suspended Wakefield because he failed to report to the Chicago White Sox after being traded to that club for cash and outfielder Johnny Ostrowski.

Wakefield, baseball's original "bonus baby," refused to join the White Sox unless they agreed to pay him \$22,500, a salary he drew last year with Detroit.

Jones Doing Well

WARREN'S WARMUP

By Warren Mason—News Sports Editor

QUESTION: Unscramble the following Panhandle sports personality: WMNARTKECL. (Clue 1: He's a coach).

ARMY AND NOTRE DAME will renew their football rivalry in three or four years. That is the word emphatically stated by Frank Leahy, coach of the Fighting Irish of Notre Dame. This was announced at a banquet of the Notre Dame Foundation, a country-wide organization of alumni and friends dedicated to providing the university with needed endowments.

Leahy outlined the Irish schedule for the next ten years as being basically made up of games between two Big Ten teams, Purdue and Iowa, and of such national powerhouses as Pittsburgh, Navy, Southern Methodist, North Carolina, Southern Cal, Pennsylvania and Oklahoma. Said Leahy, "No team will have a stronger schedule."

He was pleased about the addition of Penn and Oklahoma and was particularly happy about the long-term contract with Southern Methodist. In addition to these schools, Leahy said that possibly Texas and Rice could be added. And then getting around to the Military Academy, Leahy said, "There never has been any real disagreement between the two schools. We'll start playing again in three or four years, I firmly believe. And the game won't have a chance of getting too big for we'll be playing one year at South Bend and the next at West Point."

Leahy went on to say: "I wish I had the eloquence of Knute Rockne, the greatest coach we'll ever see, in order to tell you my true thoughts about being an employe of Notre Dame. We aim to strengthen this country's democracy, in the course of building football teams each year. Race, color, religion and creed have no bearing on the makeup of our clubs."

"In fact, perhaps, our academic standards have been questioned. But the fact remains that no student is accepted at Notre Dame unless he has had two years of foreign languages and stands in the top third of his graduating class. Our passing grade is 70 percent, but not for athletes. They must maintain a 77 average. Why do we discriminate? Because we know that our athletes render considerable outside service to Notre Dame, especially the football players. They become, in effect, our representatives abroad — and they therefore must be outstanding representatives."

Philadelphia, the "City of Brotherly Love," has just finished honoring Connie Mack who is launching his 50th year as manager of the Athletics. It goes without saying that he is the all-time marathon champion among the hundreds who have enjoyed the role of major league managers. In this day and age the trend is toward rapid turnover when the field general doesn't produce.

Surprisingly enough the oldest manager in point of service on the same job is the youngest manager in the league, Lou Boudreau of the Cleveland Indians, who has been on the job for nine years. The speeded tempo of baseball, with farm systems, spring schools, "front offices," and high powered ballparks has made the field manager's job just a bit rougher.

Let's go down the line and look at some of the managers who have enjoyed long terms of office. Joe McCarthy led the Yankees for 15 seasons and part of two others. Miller Huggins was the Yankee skipper for 13 years. Hughie Jennings was boss man at Detroit for 14 years and Joe Cronin headed the Boston Red Sox for 13 seasons. Jimmie Dykes lasted as pilot of the Chicago White Sox for 12 full seasons and parts of two others. Clark Griffith spent nine summers as head of the Washington Senators. Jim McAleer, the St.

Houston Vacates Texas League Last Place Position

(By The Associated Press)

Houston's hopes in the Texas League jumped up last night and so did the Bufts — from last to seventh in the Texas League. Pete Mazar was the reason the Bufts had higher hopes of a higher finish than seventh this year. Making his first start in 23 days, the southpaw set pace setting Fort Worth down, 7-0, on three hits.

Mazar, who was hurling for Houston when the Bufts were more than everybody's brother, fanned two and walked only three.

In other games last night, Shreveport hit rock bottom on a 6-3 loss to Tulsa; Dallas dropped its third in a row to San Antonio, 2-1, and Beaumont used a six-run seventh inning to trip Oklahoma City, 7-3.

Tonight, Dallas moves over to Fort Worth; Tulsa goes to Oklahoma City; San Antonio is at Beaumont and Houston at Shreveport.

With Mazar apparently back in shape and Jack Hussey making a nice beginning, the Bufts may make trouble the rest of the season. Hussey went in as a pinch hitter in the eighth and banged out a two-run homer. Joe Lutz doubled Frank Sauter home in the eighth with the run that beat Dallas; Walker Cress held Shreveport to six hits as his mates sewed up the game with a three-run eighth inning, and Beaumont fashioned those six runs on four hits, a walk, hit batsman and an error.

Horse Racing Sunday in Pampa

The last matched races of the season will be held Sunday afternoon at the Luther Holmes track east of town at 2 o'clock. Most of the horses will move on to the bigger races soon.

Several races are already matched, including the following:

Que Ball, owned by Lester Jones of Pampa, vs. Blasingame, owned by Shorty Blasingame.

Sea Pink, owned by Enid Shepherd, Canadian, vs. Barter S., owned by Luther Holmes.

Polly Does, owned by Enid Shepherd, vs. Yellow Boy, owned by Luther Holmes.

Three Hundred, owned by St. Sarvis, Pampa, vs. Dusty, owned by W. L. Holmes of Pampa.

Several more races are expected to be matched before Sunday.

BABE RUTH SPORTSMANSHIP AWARD—Two members of the senior class, a boy and a girl chosen by their fellow students, in each of 1,000 cooperating high schools will receive this medalion as a part of a new sportsmanship experiment in 29 states.

McLean, Mobeetie, Wheeler to Give 'Babe Ruth Award' Soon

WASHINGTON, D. C. — One of the purposes of the development of good sportsmanship and fair play in all students in each school is to emphasize the glamour of the American Association for Health, Physical Education and Recreation, which has joined with the National Association of Secondary-School Principals and the Babe Ruth Foundation to sponsor the project.

Lloyd S. Michael, principal of Evanston Township High School, Evanston, Ill., and chairman of the National Babe Ruth Sportsmanship Awards Committee, said the purpose of the program is to "disseminate information on and enlist enthusiasm for, good sportsmanship and fair play throughout the schools and to the general public."

In each cooperating high school, individual medalion awards will be made to two members of the senior class, a boy and a girl in co-educational schools, selected by their fellow students. An attractive sportsmanship plaque for permanent display also will go to each participating school. Space is provided on the plaque for engraving the names of the two students chosen each year by the school.

Through the program, the committee said that emphasis will be placed on sportsmanship in its wider educational aspects, including activities in the school room, or on the athletic field and playground, in the school community, in the immediate home environment and in the church and home community. All awards, according to the committee, will be made for sportsmanship and not for mere competitive excellence, popularity or winning the most letters, holding the most offices, and the like, except as these are indications of achievement in the broader realm of fair play.

Pampa Earns Letter

SALINA, Kans. — Jimmy Cole, son of Mrs. Mildred Cole, 412 N. Somerville, has earned his letter as first baseman on the St. John's Junior School softball team. The team played eight games in the Saline County League, losing only one game, to a team they defeated later.

The six-foot Pampa boy was also a basketball award winner.

Amarillo to Hunt Austin Berth Today

Odessa kicked out defending champion Bowie of El Paso to become the first Class AA high school team to gain the state baseball tournament.

A 6-2 decision last night enabled the Broncs to win this bi-district series, two games to one. The Class AA tournament will be held in Austin, June 5-7. Chances are Odessa may have company by tonight.

Amarillo, which beat Wichita Falls, 6-3, in the first game of its series, tries the Coyotes again today at Amarillo. Marshall and Conroe open their series at Marshall today.

Highland Park (Dallas) and Sherman, all square at one game each, meet today in Dallas. Abilene and Stephenville open tonight at Abilene.

The second game of the Beaumont-Pasadena series is at Pasadena today. Beaumont won the first tilt.

Waxahachie leads Austin, one game to none, with the second tilt on tap tonight in Austin. Laredo and Edinburg open their series tomorrow night at Laredo.

Odessa fashioned three runs in the third inning on three singles and Joe Pearson's triple to win the ticket to Austin.

Westerners Hold Intra-Squad Tilt

LUBBOCK — (AP) — The "Golds" defeated the "Whites" by 20-13 here last night as Lubbock's Westerners ended their spring football training program with a regulation intra-squad game witnessed by 2,000 fans.

Although all the starters from Lubbock's 1949 District 3 - AA championship club were lost through graduation, the 1950 Westerner hopefuls unleashed a surprisingly strong ground attack in last night's tussle.

The Whites drove to the Gold one-yard line in the closing minute of play, but were checked there on two line thrusts.

Brotherhood and 20-30 Winners

The 20-30 Club had to go into extra innings last night but it finally clubbed out a 33-hit 20-19 victory over the Phillips softball team at Phillips. The losers garnered 24 bingles.

Winning pitcher for the 20-30 was Beard, who relieved B. A. Hart did the catching. The battery for Phillips was D. Smith and A. Smith.

Three home runs were hit, two by Bill Bird and one by Jerry Coley.

In another City Softball League game the First Baptist Brotherhood defeated the Culberson Chevrolet, 18-6. Clay was the winning pitcher and Crump the loser.

Sid Largent and Fernal Scoggia homered for the winners.

Reserve Officers To Hear Teague At Convention

HOUSTON — Honorable Olin S. Teague of College Station, U. S. congressman from the sixth district of Texas and a war veteran, will be the main speaker at the Reserve Officers Assoc. Texas Department banquet and military ball, Saturday, May 20 at the Shamrock Hotel, Lt. Col. Francis G. Bray, president of the Texas Department ROA said Wednesday.

Congressman Teague, a graduate of Texas A&M, volunteered for Army service in 1940, and later commanded the First Division, 34th Infantry, 79th Division. Having spent six months in combat, during which he was wounded a number of times, Teague was discharged as colonel, Infantry, with eleven decorations, including the French Croix de Guerre with Palm.

He was elected to the 79th Congress on Aug. 24, 1946, has been re-elected to each succeeding Congress, and is a member of the House military affairs committee.

Reserve Officers from all over Texas, men and women from every branch of service, will hear the Reserve picture disc-

ed from many phases, during the three-day convention which opens Friday. The military ball on Saturday night will climax National Defense Week in Texas, which has been sponsored nationally by the Reserve Officers Association since 1922.

Prominent civilian and military personnel to be heard include Commander John P. Brack, a Washington attorney and national president of the Reserve Officers Association; Major General James B. Cress, executive for Reserve and R.O.T.C. Affairs in the Department of the Army and Rear Admiral Ernest W. Litch, chief of naval air advanced training at Corpus Christi.

General Leroy Lutes, Fourth Army commander, will address the delegates and special guests at a special Armed Forces Day luncheon at the Rice Hotel which is expected to draw almost 500 people. Officers for the 1950-51 term will be elected Saturday afternoon and installed Saturday night at the banquet. The convention will close Sunday with a panel discussion of reserve chiefs for Texas and committee reports.

The national AAU track and field championships will be held at Washington, D.C., on June 23-24.

Soviet Envoys Face Picketing

TOKYO — (AP) — The families of 10,000 Japanese war prisoners still missing in Russia have decided to camp on the doorstep of the Soviet embassy until they find out what happened to the prisoners.

The sitdown demonstration is scheduled for June 12 after a meeting in a park by relatives of the estimated 371,000 Japanese prisoners of war still unaccounted for by the Russians.

A vacant lot next to the embassy will be utilized by the sitdowners.

Zenichi Kamijima said the Japanese all have letters or other evidence indicating their relatives are still alive. He said they were bitter about the Russian attitude, and "now demand that Russian deceit" must be exposed.

The Russians say all Japanese prisoners of war have been repatriated.

Baltimore Finds Bowling Illegal

BALTIMORE — (AP) — Bowling to Baltimore is the same as smoked glasses to Hollywood. One goes with the other.

But it's just been discovered that the game has been illegal here for 117 years. With a \$2 fine, to boot.

A councilman thumping through dusty city ordinances came across a section that outlawed the game of "long bullets."

A little research made it pretty obvious that "long bullets" was a forerunner of the game that is a \$4,000,000 business here.

But don't worry about bowling alleys installing speakeasy-style peepholes in their doors. The law is to be wiped off the books at the next council meeting.

Blue Jay Gives Cat Bad Case of Nerves

BERKELEY, Calif. — (AP) — Peter is becoming a nervous cat, complained Mrs. Herbert C. Beckerleg. He is no longer king of his back yard.

For the second straight year, a lone blue jay has made life hellish for Peter, diving, strafing and screaming at the husky feline who retreats indoors. Then the audacious jay buzzes the windows while Peter trembles.

The city turned down Mrs. Beckerleg's petition for a rifle to protect Peter. The city father's declared they wanted to remain neutral in quarrels between cats and birds. This is election year.

Olympic Committee Has Tough Job Ahead

COPENHAGEN — (AP) — The International Olympic Committee headed into another year today facing the tough job of separating sports from politics.

Committee members will have to decide two broad but extremely touchy political questions.

One is inclusion of the 1932 games of two defeated enemies — Germany and Japan. The other is participation of countries behind the iron curtain.

The committee ended its annual meeting here yesterday. A firm stand on Germany and Japan had been predicted but the decision was postponed for a year.

Although three were eligible to attend, no delegate from Eastern Europe was present at the meeting.

Rita Hayworth Selling Mansion

HOLLYWOOD — (AP) — Rita Hayworth is cutting her ties with Hollywood.

Charles T. Spencer, representative of the actress and her husband, Aly Khan, says she is selling her home and furniture here and that this indicates she is not planning "to return here in the near future."

The 11-room ranch style house in the Brentwood Park area is being sold to a Beverly Hills physician for "about \$50,000," said Spencer, declining to give the name of the buyer.

Spencer said that in his talk with the couple they told him they are very happy and that any rumors to the contrary are without foundation.

Miss Hayworth purchased the home in 1946. She and her former husband, Orson Welles, lived there briefly.

"This would be of some value if mothers of the healthiest children were honored instead of using a quantity measure," snapped Mildred Barody, health and safety specialist of the Economic Cooperation Administration's industry branch.

But city workers went their blisful way totting the score. Last count: 84 mothers, the champion with 15 children.

Membership of PTA Hits Record Mark

LONG BEACH, Calif. — (AP) — The National Congress of Parents and Teachers has a record membership of 8,187,079, a gain of 352,721 over last year, Mrs. John E. Hayes, National PTA president, has reported.

Mrs. Hayes of Twin Falls, Idaho, arrived here for executive committee meetings prior to opening the 53rd annual convention of the organization Monday.

California has the largest membership, 818,473.

Bob Hamilton of Landover, Md., won the PGA golf championship in his first attempt, in 1944 at Spokane, Wash.

Methodist WSCS Of Lefors Holds Luncheon Meeting

LEFORS — (Special) — The Women's Society of Christian Service of the Methodist Church for its regular monthly luncheon at the church recreation hall Wednesday.

Hostesses were Meses. Madge Page, Lee Roy Spence, and Neal Jordan. Others present were Meses. Gordon Stafford, N. C. Cotten, Arlie Carpenter, C. E. Vincent, Fred Houston, B. D. Vaughn, M. F. Tibbets, R. L. Jordan, Walter Pflug, P. F. Pearson, Lawson Shaw, Bernard Johnson, Dan Johnson, R. H. Campbell, W. T. Cole, W. C. Breining, Lyman Upham, and a guest, Mrs. Joe Lewis, of California, a former resident of Lefors.

The program was opened with the group singing "Sweet Hour of Prayer," accompanied at the piano by Mrs. Shaw. Mrs. Cole led the prayer. The devotional was given by Mrs. Breining on "The Power of Prayer." Mrs. R. H. Campbell gave the last lesson in the study "The Ecumenical Church."

During the business meeting it was decided to have the installation of new officers at the church evening hour Sunday. The Rev. R. H. Campbell will conduct the installation services. The new officers will attend at the invitation of the WSCS of the First Methodist Church of Pampa, a school of instruction to be held at Pampa on May 31. It was reported that a visit had been made by the Rev. Campbell, Mrs. Campbell, and Mrs. Shaw to the pastor of the Negro Methodist Church of Pampa in connection with selecting a Negro young person to send to a leadership training school to be held in Amarillo the last of May. The offering taken at the close of this study will be used to pay expenses of the delegate.

The Rev. G. H. Baxter, pastor of the Pentecostal Holiness Church, has announced that an old-time gospel revival meeting is now in progress at that church which is located at the southwest corner of the square. The Rev. S. W. Blake from Artesia, N. M., is conducting the preaching services.

p.m. each Sunday, Sunday night evangelistic service, 7:30. Tuesday night, young people's meeting, Wednesday, at 2:30 p.m. Women's Missionary Council, Thursday, 1 to 5 p.m., prayer meeting, Thursday night, evangelistic service, Saturday night, 7:30, Bible study.

Luncheon Meeting Is Held by First Baptist WMU

Luncheon was served in the dining room of the First Baptist Church at a recent meeting of the Circles of the Women's Missionary Union.

Luncheon was served at 1 o'clock with Mrs. Claude Wilson in charge and the Geneva Wilson Circle assisting her. Mrs. T. B. Solomon gave the invocation.

After lunch the members gathered in the church parlor to continue the meeting. After group singing a prayer was led by Mrs. Louis Tarpley.

The Eunice Leach Circle presented a program on "Radio for Mission," with Mrs. J. B. O'Bannon giving the devotional. Others participating were Mrs. W. P. McDonald, Mrs. O. B. Schiffman, Mrs. W. D. Kidd and Mrs. R. W. Tucker. Mrs. Lee Newsom closed the program with a song.

A business meeting followed with the program with monthly reports by chairmen, Mrs. Kenneth Cook

Yes, Mr. Garrett Likes Ben Guill

Ben Guill, Pampa man newly elected to Congress from the Pampa district, has made a favorable impression on at least one "downstate" Congressman. Mr. Garrett, who is the only Republican in the House from Texas, has written to Mr. Guill, saying that he is pleased to see the outline of principles which Guill has set forth in his first letter to Washington. The Pampa man has written to keep him in touch.

Socialized Health, Public Suicide

Harold P. Benson has made a thorough and sound study of Hitler's march, published in a book, "The Road to Berlin." He points out that Hitler's policy was to socialize health care, and that this led to public suicide. He says that the German people were not allowed to have a say in their own health care, and that the government took over the industry and the economy. He says that the German people were not allowed to have a say in their own health care, and that the government took over the industry and the economy.

WASHINGTON — (NEA) Big news from the Council of Foreign Ministers meeting in London this month is, of course, Germany. But it would be rash to say anything about it until the meeting has been completed. The meeting is expected to last through the end of the month. Old Turkey Continues Her Process of Modernization

By DEWITT MACKENZIE, AP Foreign Affairs Analyst. The political upheaval in Turkey, resulting in the defeat of the long dominant People's Party by the comparatively new Democratic Party, has opened the way for a new era of modernization in the country. The new government has taken steps to modernize the country, including the establishment of a new constitution and the reorganization of the government.

The Doctor Says

By EDWIN J. JORDAN, MD. WRITTEN FOR NEA. Two tiny glands called the adrenals lie on the upper ends of each of the kidneys. Much will be heard of these glands in the next few years even though they weigh only a fraction of an ounce. Each gland is made up of two principal parts, one called the medulla and the other the cortex. Both of these glands exert a vital influence on the body through the secretions which they manufacture and empty into the blood stream.

The Nation's Press

THE "FREE" NATIONS (Chicago Tribune). President Truman, in his recent speech to the American Society of Newspaper Editors, referred several times to the "free nations." These, he said, face the task of meeting false soviet propaganda with truth. We must pool our efforts with the other "free peoples," Mr. Truman said. Outside of the United States and Switzerland, where are the "free peoples?" Everything said about Russian tyranny is true. Socialist Britain, where the press is kept under leash by government newspaper controls and where parliament has knocked out the once cherished legal protections against arbitrary search and seizure, has already gone half way to Russia.

So They Say

Most businessmen now realize that they cannot conduct their businesses in disregard for the interest of their workers. Commerce Secretary Charles W. Sawyer. Until war is eliminated from international relations, unpreparedness for it is well nigh as criminal as war itself. Gen. Dwight Eisenhower. that this is the right way to deal with the Germans — to be tough with them. POLITICS TANGLE ISSUES. The matter of bringing western Berlin into the Bonn government is now snarled by internal German politics. German Chancellor Konrad Adenauer apparently does not favor too close an alliance with Berlin because its Socialist vote might upset his government. But closer integration of west Berlin with western Germany is one subject to which Allied Foreign Ministers may have to pay attention. Adenauer of west Germany to the Council of Europe is assured, though the Council does not have much power. Germany is now represented in the OEEC—Organization for European Economic Co-operation—which handles Marshall Plan allocations. The Germans have been invited to send consular officers to the U. S. and OEEC countries, but have taken no action for some time. The Big Three are agreed on no rearmament for western Germany, though it is being promoted by military leaders. It may come eventually, but not in new form. The High Commission announced in London there is now no thought of withdrawing Allied troops of occupation. A new policy statement of unification of eastern and western Germany is likewise unlikely. This is now largely a propaganda talking point for the Communists. The west German proposal for a free election on unification will not be accepted by the east Germans because it would give the Russians the kind of German unity they want—namely a Communist-controlled Germany which would be a satellite.

A Conservative Session

The California billion dollar budget of 1949 was reduced to \$973,000,000 for 1950, out of respect, no doubt, for an aroused and better informed public opinion. The legislature was asked to provide \$29,500,000 of additional revenue for public schools, to finance it with a tobacco tax; and they were asked to authorize a county sales tax. They gave the schools \$4,500,000, but refused new taxes.

Let The Cop Do His Duty

SURELY YOU'RE NOT MIXED UP WITH A CHARACTER LIKE HIM! CONSIDER CITY AND STATE POLITICAL MACHINES. Let the cop do his duty. The cartoon shows a man in a suit and hat, looking at a man in a uniform. The man in the suit says, "Surely you're not mixed up with a character like him!" The man in the uniform replies, "I'm not mixed up with a character like him, but I'm mixed up with a character like you!"

National Whirligig

By RAY TUCKER. WASHINGTON — The creeping approach of almost unprecedented price and credit inflation as a result of the administration's past prosperity and normal period deficit financing of huge government expenditures has become a matter of grave concern at closed sessions of the Federal Reserve Board and other monetary agencies here, although it does not seem to worry President Truman or Treasury Secretary Snyder. But the fact is that retail costs are booming in almost every line, especially foodstuffs and other necessities, and are expected to go higher during the summer and early fall.

Clearing House

Articles for this column are preferred to be 300 words or less in length. However, longer articles may be printed. Gentlemen: If Ben Guill, the Pampa man recently chosen to Congress, lives up to the outline of principles he gave in his first interview in Washington, the district will do well to keep him in Congress. His frank answers to all queries, without any disposition to quibble, or cut corners is most refreshing. He sounds more like a man interested in public welfare rather than a politician interested in a job. And that's the first sign of a real statesman. As a Democrat, the writer began voting that ticket before Guill was born, and kept it up until we had a public welfare candidate for President and adopted a "partisan" as the nominee type. We have no more use for a mere partizan than for any other form of self-server and cheapie. The national news we are in today has resulted from the common good pressure groups; and pressure groups are always antagonistic to the general good. Like Mr. Guill, we shall vote for the men with principles and not for sand-baggers with black-jacks in their public welfare pockets. The program of old man Truman and his adherents is a program of selfish aggrandizement and plain lying. When we come to the point where the national debt is a load of \$1700 around the neck of every man, woman and child in the United States, with that sort of birthday gift for every new-born babe, and the grinding fact of an annual increase of \$33 per head in this load, under the \$7 billion deficits in the past year, we realize we have not had the "prosperity" politicians assert, but a fabricated scheme of IOU's — which are still unpaid. Somebody has plain lied. In addition to all this the New-Fair-Snare Deal program has left us with little individual freedom, and the threat of ultimate complete abolishment of local and state rights. Mr. Guill shows in his forthright talk with reporters that he understands the difference between sense and nonsense; and that he believes in SENSE, isn't that the fundamental concept of all honest Americans? When government forsakes the bedrock of Jefferson's idea of public welfare — the best governed people are the least governed — and becomes a system of rackets for vote-delivering gangs, it is no longer democratic; it is no longer a government but a dastardly racket. Frankly we like the approach of the Pampa man, and as a DEMOCRAT, would vote for him, if he sticks by this promise of sane government. That's what honest people, regardless of party name, are interested in. Sincerely, F. A. Garrett, Mineral Wells, Texas. We should all thank God for American business. — Commerce Secretary Charles W. Sawyer.

In Hollywood

By ERSKINE JOHNSON, NEA Staff Correspondent. HOLLYWOOD, (NEA) — Let the popcorn of other moviegoers shake like aspen leaves in the wind when Vincent Price plays dirty dog to such frail mistresses of plays as Gene Tierney and Linda Darnell. After talking to the ruthless doer-inner of cinematic woman-kind, I'm a lot more afraid of the garter snake in Butch Jenkins' pocket.

Shortage of Bodies Closes Auto Plant

LOS ANGELES — (AP) — "We ain't got no bodies" was the complaint today of the local Chrysler plant. So 1,500 employees were advised not to return to work until further notice, despite settlement of their strike. Plant Manager C. Rowles said the factory is out of car bodies, and shipment of others has been held up by the rail strike.

A Hollywood producer received a story entitled "The Optimist." He called his staff together and said: "Gentlemen, this title must be changed to something simpler. We're intelligent and know what an optimist is, but how many of these morons will see the picture will know he's an eye-doctor?" A suburbanite sitting at his window one evening casually called to his wife: "There, that woman in love with Vincent is so terribly in love with Vincent." His wife, in the kitchen, dropped a plate she was drying busted through the door, knocked over a lamp, and crashed her neck to look out the window. She—Where, where? He—There, that woman in love with Vincent is so terribly in love with Vincent. She—You idiot, that's his wife. He—Yes, of course.

MOPSY Gladys Parker

But Dad, you remember that was a VERY HEAVY RAIN LAST NIGHT! An ambitious young man asked the great merchant for the secret of success. Merchant—There is no easy secret. You must jump at any opportunity. Young Man—But how can I tell when my opportunity comes? Merchant (snapping)—You can't. You have to keep jumping. Benny's house and rang the bell for the door. How was I to know that the Colmans weren't Jack's neighbors the way they tell it on the radio? It was hysterical. He said: "The secret of wearing costumes well is not to be a slob."

To Honor All the Services ARMED FORCES DAY SATURDAY, MAY 20th

A NEW DAY... for Americans to Celebrate

Saturday, May 20, is America's first Armed Forces Day! A day in which all Americans may take deep pride, in honoring not just one, but all of our country's great military Services.

Yes, we honor them all—Soldiers, Sailors, Airmen, Marines, National Guardsmen, Reservists... and the valiant members of the women's components.

We owe it to these gallant men and women—and to ourselves—to gain a larger appreciation of the grave importance and

significance of our Armed Forces, to our nation and to the world.

For we have a job to do, too, in guarding the security of our Nation. Our strength lies not in the uniformed Services alone. Teamed for defense, all our Services must work together—and we as citizens must join with them in one united purpose—to preserve the peace of the world.

Let us all hope and pray that each of us in his own way may help to keep our country strong to do its work.

Housing Loans Granted Texans

WASHINGTON — (AP) — The government has allotted 100 low-

rent units to Sherman, Texas, and another 55 to Ballinger, Texas, as part of its Public Housing Program. Sherman officials asked for a \$40,000 loan to pay for planning their project, the Public Housing

Administration said. Ballinger officials asked for a \$22,000 loan. If such loans must have presidential approval.

Korea Holding Suspected Spy

SEOUL — (AP) — A Korean translator employed in the U. S. embassy here has been arrested on a charge of espionage.

Police Chief Kim Tai Sun said the translator is Kim Woo Sik, 28. He had been employed in the embassy since 1947 as a clerk in the consulate and since the winter of last year as reporter and interpreter for the political section of the embassy.

The chief said the translator told him his life had been threatened by Communist North Koreans unless he obtained information for them. The chief said Kim had supplied data for about 10 months but had never informed police.

A spokesman for the embassy said no statement would be issued until the affair had been investigated. A minor official said Kim had attended open sessions of the assembly and served as translator at open meetings

Israel Releases British Aircraft

TEL AVIV, Israel — (AP) — Eight crewmen of a British flying boat, forced down yesterday by Israeli fighter planes, have been released after questioning.

The pilot of the four-engined Royal Air Force Sunderland en route from Bahrain in the Persian Gulf to the Suez Canal zone — said he was flying outside the prescribed air corridor because of a navigational error. Israeli fighters fired a warning burst across the big craft's nose and forced it to land on the sea here.

Israeli sources said they considered the incident closed.

of assembly members and U. S. officials.

"All the information he obtained for us was available to anyone," this official said.

The arrest of Kim followed apprehension of another Korean several days ago. The police chief said the first Korean confessed and implicated Kim and a third person not yet arrested.

Former Envoy Poses Problem

WASHINGTON — (AP) — The State Department is wrestling with the problem of what to do about a former Czech diplomat, a Communist, who has asked asylum in this country.

The man, Vladimir Houdek, resigned Tuesday from his post as Czechoslovakia's chief delegate to the United Nations and blasted Russia for pressure on his country.

Ordinarily, a person in such circumstances is granted asylum as a political refugee. However, there are laws against letting an alien Communist stay in this country.

Anti-Communist Czech refugees here are urging that Houdek's plea be denied.
