## Valiant Crew Slays Aboard Charred Vessel

PEARL HARBOR — (AP) — The Navy skipper and crewmen saved the Navy Net Tender Elder from explosion and fire in a week-long ordeal in mid-Pacific, vowed Saturday to see their charred little ship into harbor.

The Hawaiian Sea Frontier Command, however, said present plans called for bringing them promptly to Pearl Harbor in another ship. It was interested in learning the particulars of the whole operation, including how a nearby transport passed them by four days before they finally were rescued.

All of the Elder's crew of 40 were found safe late Friday, 26 of them in life rafts into which the skipper, Lt. William F. Adams, ordered them when the fire spread March 10.

Lt. Adams and 13 volunteers who had stayed aboard and snatched the Elder from doom after a long struggle were located 17 miles away aboard their charred and helpless ship.

The Pacific fleet commander, Adm. Arthur W. Radford, Saturday dispatched the traditional "welcome" signals to all hands involved.

But—the Navy also started organizing an inquiry to find out why a military transport sailed near the stricken Elder last Monday without responding to frantic distress signals that included gunfire and flares.

Lt. Adams in a radiophone interview was outspoken about his failure to attract attention of the Transport General A. W. Brewster. The transport is enroute to Yokohama from San Francisco. When the Navy began inquiring about the overdue Elder on Wednesday, the transport reported (See VALIANT, Page 2)

## Chapter Head Asks Reports On Red Cross

Volunteer workers of the current Red Cross drive should report with their solicitations as soon as possible.

Fred Neslage, Pampa Chapter chairman, said, "We still are more than \$4,000 short of our \$10,337 goal but few workers have completed their contacts." And he said the quick report was necessary.

The Board of Directors of the local Red Cross chapter will meet at 10 a. m. tomorrow at the Red Cross Office to plan an early completion of the drive.

"Most of the donations from the industrial area are now beginning to come in," Neslage said.

Meanwhile, the Red Cross first aid instructors course, which is open to anyone who has both standard and advanced Red Cross first aid courses, will start tomorrow.

Robert Lucey, first aid instructor from national Red Cross, will instruct the first of the five-night course at 7:30 o'clock tomorrow in the Police Court room in the basement of City Hall.

Two hours a night this week will be devoted to the instructors' course. The firemen and policemen who recently took first aid courses under the direction of Bob Baldwin, local fire department director, are expected to attend the course.

## MARRIAGE LICENSE IS CUSTOM - MADE

MISSOULA, Mont. — Philip Heinie and Ila Arnold had a special "marriage license" made out by Missoula police.

The couple entered the Missoula police station Saturday and demanded such a document. Police tried to tell them they were at the wrong place, but finally gave in and issued the special document.

Philip is six, his girl friend four.

## East German Mark Plunges

BERLIN — (AP) — The Soviet zone's East mark plummeted in value to little more than two cents Saturday. The collapse paralyzed trade in the Russian sector of Berlin.

Merchants held onto their goods rather than accept a currency which dropped 30 percent in 24 hours.

Rumors that the Russians would make their revalued ruble the monetary basis in the Soviet satellites, including East Germany, touched off the panic.

The East German Bank of Emission failed to break the slide. The situation dramatized Germans' faith in the West bank, backed by European recovery and the reputation of the American dollar. It is worth 23 cents.

Fifty-two money exchange offices, where Berliners trade East marks for West marks and vice versa, were thronged with long lines of persons trying to unload East marks.

The exchange offices refused to handle any big amounts.

The offices closed at noon with the official rate pegged at nine East marks to one West mark. The East mark's realistic black market hit ten to one. Banks indicated new official rates are a virtual certainty when business is resumed Monday.

A minor reversal of the trend was reported as a half dozen branch exchange offices opened in West Berlin in the afternoon.

A number of wage earners, apparently believing they could pick up some quick-bargains in the Soviet sector, bought East Marks.

IRISH ROSE CROWNED—Miss LaVerne Purkey, center, of Lone Mound, the Samnorwood entry in the Colleen contest of the St. Patrick's Day celebration at Shamrock Friday, is crowned as Miss Irish Rose of 1950 by State Sen. Grady Hazwood, left rear. Miss Rose's attendants are Miss Mona Cox, left, Pampa, and Miss Betty Elyevens, Shamrock. State Rep. Grainger McElhaneey is at right rear. The event climaxed the gala celebration. (News Photo and Engraving)

## Tol's Mother Dies on Plane

AMARILLO — (AP) — A Kansas City woman died quietly aboard an airliner enroute here Saturday. She left a pathos-filled note sorrowing that she would not see her 10-month-old son, Michael, grow up.

Aboard the plane with her was the boy. She left careful directions to the airline hostess of what and how to feed him.

The woman was Mrs. Clifford Snow, 32, whose husband works in the baggage department of the Kansas City Union Station.

Dr. Guy Owens, who was called to the airport, was quoted as saying she "succumbed" to that she swallowed an overdose of sleeping pills.

The woman's mother-in-law, Mrs. Harry T. Snow of Kansas City, and a sister, Miss Vermita Bowlin of Kansas City, said the victim long had suffered from sleeplessness and nervousness and had been under a physician's care in the past for overuse of sleeping pills.

Mrs. Ivy Wilkinson, justice of the peace, indicated that she would not return a coroner's verdict until today. It was she who quoted the doctor on the probable cause of death.

Mrs. Snow was enroute from Phoenix to Kansas City. She had been visiting a sister, Mrs. Beryl Fairbanks, in Phoenix for several weeks.

A note to the husband was found on the body. "Dear Clifford," it read. "I can't bear to see you go."

## 'Miss Irish Rose' Rules Sons of Erin

SHAMROCK — Miss LaVerne Purkey, of Lone Mound, the Samnorwood entry in the Colleen contest at the St. Patrick's Day celebration Friday, was selected Miss Irish Rose of 1950.

Her attendants were Miss Patsy Elyevens of Shamrock and Miss Mona Cox of Pampa.

Miss Irish Rose and her attendants were each given a wrist watch as a reward for their prize-winning beauty.

Grady Hazwood, lieutenant governor of Texas, made the awards.

Mr. and Mrs. Howard Weatherly of Shamrock were chosen "Mr. and Mrs. Shamrock" and were crowned by Jack Montgomery, mayor of the city.

An estimated crowd of 20,000 persons attended the festival honoring the Irish Patron Saint. The festivities began at 8 a. m. and continued officially until 9 p. m., when two dances were held — a Western dance in the Community Building and a modern dance in the American Legion Building.

A parade of over 70 entries, including business, organization, comic, and community floats, bands, and individual groups, passed through the main section of town for 45 minutes.

Following the parade, the winning floats were announced over the loud speaking system. In the organization group, the Lions Club entry from Shamrock won first, American Legion, second, and the Old Settlers float was third.

Radio Station KEVA, Shamrock, won first in the business section, with Hunter's Department Store second, White House Lumber Company third, and Borden's fourth.

## Senate Post To Be Sought By Stevenson

AUSTIN — (AP) — Coke Stevenson said Saturday he probably will run again for the United States Senate. He said he hasn't had any thought of seeking any other post.

The former governor said by telephone from Junction that he would not run for the Supreme Court post now held by Meade F. Griffin of Plainview.

"Meade Griffin has been my friend for years and I sure wouldn't run against my friend," Stevenson said.

"I haven't had any thought of running for anything except the United States Senate. I probably will run for that again."

Stevenson was defeated by Lyndon B. Johnson for the junior senator's post by 57 votes in 1948 after one of the bitterest races in Texas' political history. He charged illegal vote-counting. Johnson denied it. The Senate rejected Johnson. There will be U. S. Senate races both in 1952 and 1954.

Stevenson said a story in Saturday's Austin American saying he was preparing to run for the Supreme Court was "the first suggestion I have ever heard of."

"I haven't discussed it with anyone," he added.

Griffin said he would make the decision for himself.

Stevenson said he would make the decision for himself.

## Regime Quits In Belgium

BRUSSELS — (AP) — The Belgian government resigned Saturday and thereby postponed King Leopold's chance to return to his throne.

The collapse of the government was caused by the eight Liberal ministers, who refused to go along with the nine pro-Leopold Social Christians in calling a joint session of the two houses of Parliament to end the regency and invite the 48-year-old monarch to return from exile in Switzerland.

One of the possible results may be new general elections.

The king, still in a jam because of his surrender to the Germans after only 18 days of fighting in 1940, will not be able to come back until Belgium has a government which agrees to call Parliament into joint session.

Prince Charles, brother of the king and regent since the liberation, began consulting political leaders this afternoon. He saw Robert Gillon, Liberal chairman of the House, and Franz Van Cauwelaert, Socialist Christian president of the Senate, and then called in the presidents of the Social Christian, Liberal and Socialist parties, Julien Lahout president of the Communist party, and the president of the Catholic party.

## 1,418 For and 578 Against Is Unofficial Tabulation

Pampa Independent School District voters yesterday roundly approved the \$1,250,000 school improvement bond issue by more than 2 to 1.

The final unofficial tabulation showed 1,418 votes for the issue and 578 against it. Including 22 absentee ballots, election judges counted a total of 2,042 ballots cast. Of these 46 were mutilated by erroneous voting or illegibility.

Voting in the Junior High School lobby began at 8 a. m. yesterday and ended at 7 p. m. Although voting was heavy during the daylight hours there was no rush during the last minutes. About five votes came in a few minutes after the polls were closed and were turned down.

Superintendent of Schools Knox Kinard said the school board would meet "sometime this week" to canvas the returns. After that it will be a matter of legal technicalities in getting approval from the Attorney General's Office for issuance of the bonds, advertising for bond buyers, selection of an architect, calling for bids by contractors, letting the bids, and awarding the contracts. After that it will be the matter of time consumed until the building project will see 24 new classrooms a new gymnasium, new gymnasium a new Negro school repair and replacement of worn plumbing facilities, enlargement of cafeteria, and other planned improvements are finally completed.

The election climaxed a four weeks campaign which saw opposition forces putting in a strong bid for the bond issue's defeat on grounds that the program did not include two new schools for the Finley-Banks and Finley-Auditions; a bus barn at a smaller figure; a more expensive Negro school; and a split ballot on the gymnasium.

It was the first time in many years that any election brought out close to two-thirds of the eligible voters or created the excitement that this bond issue did. Warm arguments that sometimes led to bitter words for and against the issue were held at public meetings and one public forum over the radio.

It was also in direct contrast to an almost similar bond election held on Aug. 21, 1948 when a \$1,500,000 issue was soundly whipped 774 to 219 and a companion referendum on a maintenance tax took a beating 723 to 260.

In that election, as highly controversial as this one and for similar reasons — no school for the southwestern section of the city — the voters were surprised when the ballot also asked for a maintenance tax.

There were 11 mutilated ballots. Voting was steady all day with the "root" men and later, bringing in a large number of voters. By 6:30 p. m. 1,885 votes had been cast and 40 more voters were standing in line. However, by 7:45 they were all clear of the school's corridor and the crowd began thinning out.

Approximately 3,000 persons were eligible to vote in the recently enlarged Pampa Independent School District that now takes in a portion of Roberts County. The district was enlarged through consolidations with common school districts under the Gilmer-Aikin School Reorganization Bill passed by the 51st Legislature.

Supervising the election were: Election Judges DeLea Vicars and W. A. Rankin, Election Clerks Moses, Robert Sanford, W. L. Mitchell, G. C. Walstad, Clifford Braly, Elsie Cone and C. C. Matheny.

Two Sheppard Air Force Base, Wichita Falls, soldiers and a 14-year-old boy were injured last night when their car rolled over on the Burger Highway about eight miles west of Pampa.

Injured and taken to Highland General Hospital were Warren E. Rouse, 18, and M. C. Kinley, 18, both of the U. S. Air Force and Andrew E. Schultz, 14, Box 117, Pampa.

Quintel-Carmichael ambulances took the two servicemen to the hospital where their injuries were still being determined by press time last night. Other details are available from the State Highway Patrolmen of the Burger station who investigated the rollover.

## PANHANDLE POLITICOS MAKE MOST OF IRISH HOLIDAY AT SHAMROCK

By HENRY S. GORDON  
Pampa News Staff

SHAMROCK — Texas a great day for the Irish Friday, and the politicians made the most of it. Mingling and jangling after a fashion they flitted among the crowd like honey bees picking what pollen they could.

While we failed to spot Lefty Minter, Peyton hopeful in the town square, District Judge Lewis M. Goodrich, himself a candidate for reelection to the 31st District Court bench, called several candidates before the public address microphone.

Only two came before the mike by 11:45—Atty. Walter E. Rogers, Pampa, and short heavy-set E. T. Burk, Amarillo aspirant to

Capitol Hill. Neither made any pronounced campaign speech and limited his few words to either a story or playful ribbing.

Mrs. Altavene Clark, Amarillo, who hopes the campaign will extend her 17-year Washington stay to 19 years, tripped through the crowd passing out femininely dainty cards emblazoned with her picture. On larger placards, she passed out to business and professional offices, she hopped on Jones' and Worley's coatails by using their names without shame as her former superiors in Washington.

But Mrs. Clark couldn't be bothered for a pointed examination of her stand on national affairs. She spent her time jostling the crowd and ribbing Rogers. The two exchanged cards. Mrs. Clark in the excitement of passing out hers gave Rogers' card away by mistake and came back asking the Pampa attorney for another one.

During the introductions, Grainger McElhaneey made no secret of his intentions to seek a second term in the state Legislature to other on the platform. So far the amiable Wheeler solon has no apparent opposition.

The retired businessman Burk had been to pamphlets supporting the candidacy were liberally distributed on auto windshields like parking tickets.

Burk, like Mrs. Clark, was preoccupied with shaking hands and meeting potential supporters and was seen just before his introduction when it was too late to get a little clarification on his already published platform as to the "why, what, and where" of his position in the race.

However both Mrs. Clark and Burk generously offered to drop by Pampa after an invitation was given by the Pampa News Staff.

Pampa has gotten a visit from Mrs. Clark and a visit from Lewistown while Timmons, Burk and Bice have been busy elsewhere.

## BEAUTY IS 'GUILTY' IN HUSBAND'S DEATH

FRANKFURT — (AP) — Mrs. Yvette Madison, hysterical Brooklyn beauty, was sentenced Saturday to 15 years in an American prison by a U. S. court which convicted her of atrocious murder in the shooting of her Air Force husband.

"Will they let me see my babies before they send me away?" the 22-year-old mother of two asked her lawyer as they left the court.

The question went unanswered. The children are under the care of her mother in Brooklyn.

After breaking up several court sessions with hysterical outbursts of weeping and fainting, Mrs. Madison was surprisingly calm at the verdict.

## Shakespeare Fans Miss Beer, Sunshine

STARTFORD-ON-AVON, Eng. — Shakespeare fans miss their hometown of Shakespeare's place but there are some things they miss here. For example, beer after the theater (saloons close early), coffee at the inn and "California sunshine."

That's what some of them said in answering a questionnaire submitted to 1949 overseas visitors.

# Texas Officers on Lookout For Two Mickey Cohen Aides

EL PASO — (AP) — Flashy Juarez nightclubs — just across the Mexican border from this Texas city — are being watched closely for two of Mickey Cohen's missing lieutenants.

Frank Niccoli, 38, and David M. Ogil, 29, wanted in Los Angeles, on several charges, are believed to be hiding in the vicinity of the Mexican border city.

Investigation into Cohen's activities also spread into Southern New Mexico.

Armed with photographs of the fugitives, Capt. Frank Manning of the El Paso County sheriff's department investigation division, and El Paso Police Detective Bill White prowled the Friday spots last night in an effort to locate the men.

Officers also said they are checking a report that Ogil has been killed and buried near Juarez.

Cohen sold his fancy clothing store in Los Angeles to post \$74,000 bail for Niccoli and Ogil, who vanished last September.

Charges against them include conspiracy, assault with deadly weapons and obstructing justice.

Sheriff Joe Campbell of El Paso recently conducted a quiet investigation at Las Cruces, 40 miles to the north in New Mexico, at the request of Inspector J. G. Bowers of the detective division of the Los Angeles sheriff's department.

He said he was attempting to confirm a report that Cohen was purchasing what was described as a rest home in the Southern New Mexico city.

El Paso officers were alerted to the possibility Niccoli and Ogil might be in this area "recently."

Inspector Bowers called Sheriff Campbell to warn him Niccoli and Ogil had left Tucson headed for a rendezvous with a man described only as an El Paso gambler.

A hotel room in El Paso where the meeting reportedly was held was watched for two days and a night. The men failed to appear.

A later report to Captain Manning said that another "local gambler" and the two men and a woman crossed the Arizona Bridge from El Paso into Mexico. Niccoli and Ogil, Manning said, did not return.

Captain Manning said even later reports indicate the men may have moved farther south to a large hotel in Chihuahua City.

(Shamrock) was hand-painted by Mrs. Red Walker.

The Future Farmers of America, Wheeler county, feared a surveyor and his "rouled-up" assistant.

The "Old Settlers" were dressed in costumes which dated back beyond the turn of the century. Only those who had been in the area for 48 years or more were eligible to be called "Old Settlers." They rode in an old Conestoga wagon.

The two Shamrock Jaycees entries included a man and woman riding in a buggy pulled by two shetland ponies. They were followed by a mule team complete with wood stove and a "haty."

A square dance exhibition was given by the Southwestern Exposition Champions from Amarillo on the street platform. Stuart Fialda was in charge. Preceding the exhibition, a group of 23 children ranging from the ages of four to 14, gave a demonstration of the square dancing ability of the younger generation.

Other parts of the program for the day included a Pilot's Sunrise Breakfast, several concerts by the Shamrock Irish and visiting bands, introduction of visiting dignitaries by Judge Lewis M. Goodrich, Old Fiddlin' Exhibition and contest, Indian War Dance, Irish Jigging Exhibition, Skeet Shoot, Funzappoplin' Revue, Square Dance Jamboree, Horse Racing, boxing, and two dances Friday night.

The festival was sponsored by the Shamrock Junior Chamber of Commerce and the American Legion and produced by the cooperative efforts of the entire citizenship of Shamrock.

# Senior Class Will Present Play Monday

Curtain time is 8 p. m. tomorrow and Tuesday at the High School Auditorium for the Pampa High School Senior Class play, "Beauty and the Beast."

Miss Thelma Henslee, speech instructor and director of the play, said that final dress rehearsal will be held this afternoon.

Twenty-two seniors have parts in the three-act comedy. A large stage crew has helped with the production.

May Jo Coffman is the student director, assisting Miss Henslee. Other members of the crew are Barbara Bird and Pat Williams, prompters; Berenice Homer, Mary Beth Wright and Geraldine Perkins, properties; Cornelia Cornelius, Jean Cornblith, costumes; Helen Blocker and Margie McPhillips, make-up; Jerry Coley, stage manager; Gene Harkrader, assistant stage manager; and Glen McConnell, lights.

# Guiana Natives Live in Fear Of Fearsome Vampire Bats

By DEWITT MACKENZIE, AP Foreign Affairs Analyst

This adventure could have happened only in Guyana, the remote, sparsely settled and little known territory which lies against the terrible jungle of Equatorial French Guiana.

It was back in '36 and I was "stuck" there for several days while waiting to visit the prisoners on the three little isles which lie ten miles off the coast and are most widely known under the notorious name of Devil's Island. "Stuck" is right, for Guyana was about as close to Hell as one gets in this life.

I stopped in a small, three-story hotel and had a corner room on the third floor with a window on each of the exposed sides—a point of importance to our tale. Because I was strange to the city my French landlord was solicitous for my welfare, and it was this which impelled him to say to me:

"I hope, sir, that you are closing the shutters of your window."

When I told him I wasn't, because it was too hot, he insisted that it be done. I demanded to know why, and he side-stepped with the cryptic remark:

"Strange things can happen at night, sir."

I milled that over. I had just come from the neighboring Dutch and British Guianas with their awful jungles and had learned much about the dangers lurking in the jungles that would fill a big book, but naturally my mind turned to things that fly, inasmuch as my third-story windows were involved.

Among these denizens of the air are the fearsome vampire bats which kill man and beast by sucking their blood. These leathery creatures fly into open windows in settlements, searching for victims.

When the bat finds a sleeping person it flits about until it discovers a bare foot or other exposed place. The vampire then fans this bare spot soothingly and lances the flesh with razor like teeth. Two or three attacks may cause death. Often the bat infects the sleeper with some disease picked up from a previous victim.

"You wouldn't by any chance have vampire bats in mind, would you?" I demanded of the landlord — and he nodded, reticently.

Well, that night when I was ready for bed I looked the situation over. I always slept under a mosquito net, and it was a hot night. Moreover, there was a fine big moon making my room almost as light as day. I decided to leave those shutters open, and chance a vampire coming in on the moon's rays.

I was awakened out of a sound sleep by a claw-like scratching on one of my window sills. I sat bolt upright in bed and stared at the window. My hair was tugging at its roots.

There was silence for a moment. Then suddenly, with further scratching, there was a flash of white across the corner of my room, from one window to the other. More scratching — and then all was still.

I flung myself from bed and raced to the second window. And there I was, crouching on the rain gutter.

A big yellow and white tomcat. Tom had merely used my room as a shortcut, to save himself the trouble of walking around the cornice.

**Double Play Holdup Victimizes Samaritan**  
WASHINGTON — (AP) — Clois Green was the victim of a double play holdup.

A pedestrian stopped him to ask street directions. About the same time a car drew up to the curb, and the driver asked directions too. As Green was talking to the driver, another man in the car drew a gun. At the same time the pedestrian put a gun in his back. He took \$150, got in the car and drove off with the other two.

**Rugged Coal Digger Also Expert Knitter**  
BARNESBORO, Pa. — (AP) — Coal digger Joseph Barnosky, 45, of Barnesboro can handle a crocheting needle as easily as a pick and shovel. The Western Pennsylvania miner, a veteran of 30 years in the pits, learned the art of needlework from his wife. The pastime keeps them both busy during the present coal strike.

"We've a first day completed enough work to fill our daughter's hope chest," commented Barnosky.

Only about one sixth of the people in Monaco are citizens, converted to oil or gas.

# Honesty Argument Proves Convincing

SINGAPORE — (AP) — St. Margaret schoolgirls won a debate by insisting honesty is not the best policy — but they are not so sure they were right.

While they were arguing the point with the boys from St. Andrew's school, thieves sneaked into a nearby room where their belongings were hanging and made off with \$150 in cash and much personal property. The boys, who didn't debate as well, perhaps, didn't lose a thing.

Guncotton is usually made by treating cotton linters with a mixture of nitric and sulfuric acids.

# Czech Women Given New Tasks in Trade

PRAGUE — (AP) — Women officials of the Czech Communist dominated trade unions have been given greater tasks to bring production up to snuff in 1950.

The trade unions decided recently to ask women members to get more of their numbers in the nationalized industries and to try to occupy important posts. Women officials were also told to see to it that more women got jobs on the food committees and in factory canteens in order to supervise food arrangement and cleanliness.

# Residents of Islands Want U. S. Education

PEARL HARBOR — (AP) — Education has arrived in the U. S. trust islands of the Pacific — and everyone wants to go to school.

Grownups too. They want to learn to speak English so they can sell to American traders. They want to learn arithmetic so they can tell if they're making money.

The heads of school districts in the Marshalls, Truk, the Palaus, Saipan and Yap told about it at an educational conference sponsored here by the Navy. The U. S. took over the islands from Japan.

# Ex-Soldier Staying At Site of Parties

MANCHESTER, England — (AP) — A Lima, Ohio, ex-GI now attending Manchester university, is staying at an English home where he and other American soldiers enjoyed weekly parties back in 1944.

William L. Gaines is living at the home of Mr. and Mrs. Frank Watmough of Manchester who gave parties throughout the war for U. S. troops. He is studying English political history at Manchester.

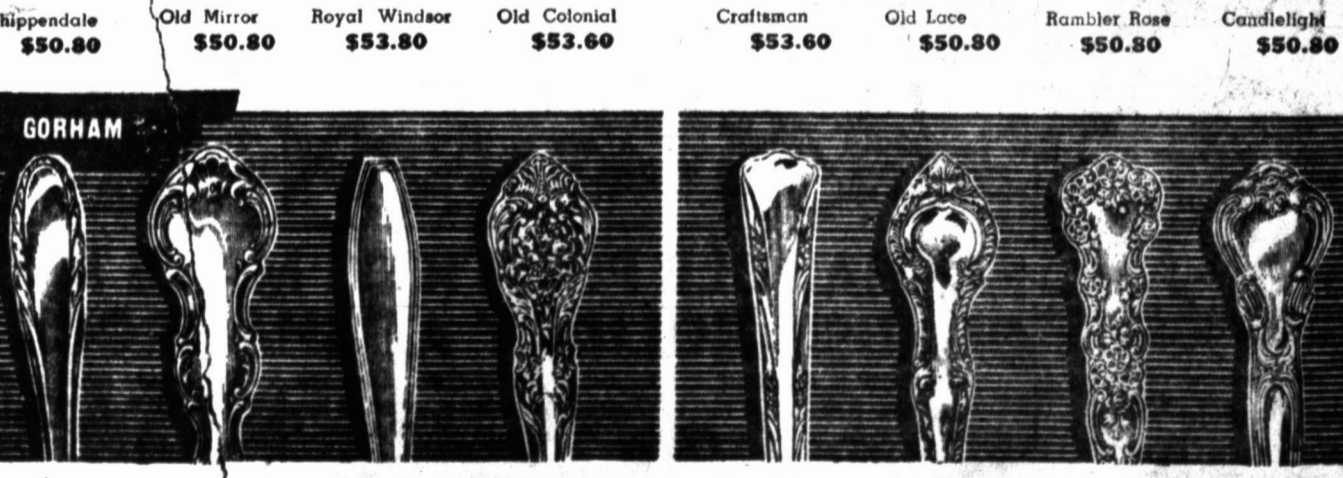

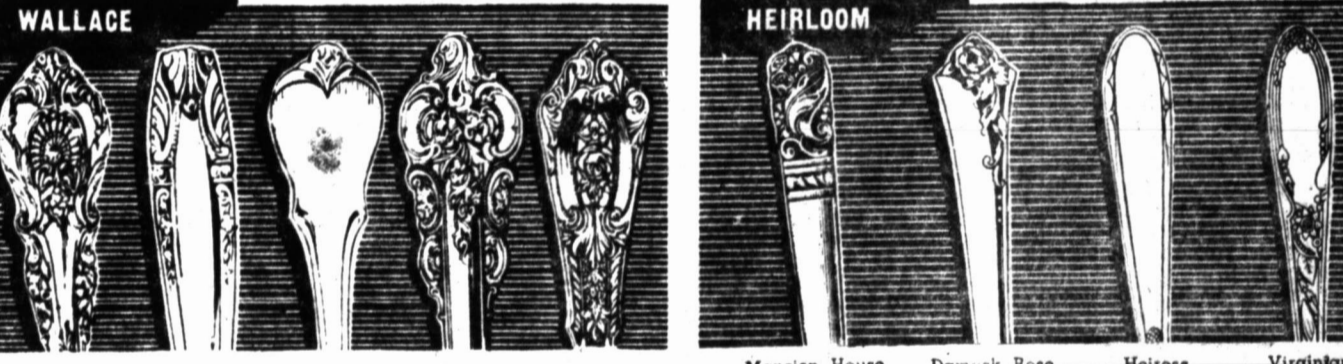

Diamond Shoals, off the coast of North Carolina, is called the "graveyard of the Atlantic" by sailors.

## Book Industry Selects Best

NEW YORK — (AP) — Three authors adjudged to have written the "most distinguished books of 1949" have been awarded gold plaques by the American book industry.

The awards went to: Nelson Algren, of Chicago, for "The Man with the Golden Arm," a novel.

Dr. Ralph L. Rusk, of New York, for "The Life of Ralph Waldo Emerson," adjudged the best non-fiction work.

Dr. William Carlos Williams, a Rutherford, N.J., physician, for "Paterson: Book III" and "Selected Poems."

The awards, presented at a dinner at the Waldorf-Astoria Hotel, were the first ever made by the book industry as a whole.

## Abilene Society Editor Subject Of Life Article

ABILENE — (AP) — Mrs. R. L. (Lettie) Faucett, woman's editor of the Abilene Reporter-News, is the subject of a six-page spread in this week's issue of Life magazine.

It's quite a change for her — she's been writing about the comings and goings of other West Texans for 30 years.

Life chose Mrs. Faucett from nominees from all over the nation when the magazine decided last fall to "make the rounds" with a society editor.

Photographer Joe Scherachel and Reporter Jim Truitt came here Feb. 13 and followed her about for eight days. During the week, they said, they found she covers everything from "high life to Herefords."

The name of China's Hainan Island means "Sea-South," says the National Geographic Society.

**MOTHER WAS A ROOSTER**—A bantam rooster with a yen to be a hen, makes himself at home with some of the eight cocker spaniel pups he has partially adopted. The banty, owned by L. E. Henderson of Denton, Tex., simply moved into the house of Inky, mother of the pups, and took over. Henderson couldn't dislodge the rooster, and Inky doesn't want to, so the cocker and the banty are sharing the joys of raising eight young pups.

## Farm Equipment Is to Perform

The R & S Equipment Co., 503 W. Brown, will demonstrate plowing and tractor performance tomorrow afternoon at 2:30, it was

announced yesterday.

The firm, Massey-Harris dealer, will perform the demonstration on the Bob Campbell farm 3 1/2 miles northeast of Pampa.

A company spokesman said interested observers could reach the land by going to the golf course

turn and then right-turn. The land at the Country Club, making a left is straight east of the Ayers place, it was said.

A new '50 diesel will be worked with several new plows, it was announced.

## Accused Man's Former Wife Asks Property

LAREDO — (AP) — George Ochoa's divorced wife has asked district court to sell his property and award her son \$11,700 for support payments the accused slayer of two men has accrued.

It is the second suit against Ochoa, Laredo broker believed hiding in Mexico. One asking \$50,000 damages has been filed in the name of James Lindsay, Jr., son of one of the slain men.

Ochoa is charged with murder in the fatal shooting of Lindsay, 30, of Oneida, Tenn., and Henry Whittenberg, 31, of Laredo. They were shot to death last July 31 on separate floors of a hotel here.

Mrs. Zulema Santos Ochoa, as mother and next friend to George Victor Ochoa, 26, filed a plea for intervention in the Lindsay suit, claiming the needs of her son should come first.

Her petition in 11th district court said that she and Ochoa were divorced in San Antonio on March 26, 1946.

Ochoa has since remarried. His third marriage was to his first wife, from whom he was divorced before his wedding with the woman asking support payments for her son.

The petition said Ochoa had agreed to pay \$25 a week for the child's support until he reached the age of 21. It claimed Ochoa's disappearance as a fugitive makes total payment due now and asked his property be sold and added to any cash on hand to make the payment.

It asked a lien be placed on Ochoa's property and that it be declared superior to liens and claims of the Lindsay damage suit.

The suit in behalf of young Lindsay was filed by Frank and Emma Low Tighe, stepfather and mother of the slain man.

Ochoa's whereabouts are unknown. Laredo authorities have sought to have him arrested and extradited. But he has been reported seen only once—early Christmas day when he made a brief appearance here, then fled back into Mexico.

## F-M Route Due Seal Coating, State Announces

SHAMROCK — Farm-to-Market Road No. 453, constructed last year, is to receive a seal coat, according to B. C. Greer, Austin, State Highway Engineer.

The State Highway Commission has instructed Greer to proceed in the most feasible and economical manner with the work of placing the seal coat at an estimated cost of \$8,500.

The farm to market road, the last one constructed in Wheeler County, extends from U.S. Highway 66 north through the Pakan Community.

The work is a part of the 1950 asphalt program of the Texas Highway Department. The entire program calls for almost 3,000 miles of betterment projects at a cost of \$5,800,000. One hundred and sixty-eight counties have projects in the program.

The asphalt program does not include any new construction. It is a separate program consisting of a high type of maintenance, to improve existing roads and forestall their deterioration.

Big game animals found in Utah include mountain lions, deer, elk, pronghorn antelope, bighorn sheep, bobcats, bears, lynx and coyotes.

## Lodge, Grocery, Offices Burn in Fire at Haskell

HASKELL, Texas — (AP) — Fire of undetermined cause gutted a lodge hall, two offices and a grocery store here Friday. It threatened to destroy an entire business block before it was controlled.

Total loss was estimated as high as \$100,000.

The fire was another step in a mystery that has plagued officers for two and a half months. It started in the I.O.O.F. hall which was badly damaged by an explosion last Dec. 29. Four persons were injured in the blast, which has never been explained.

Loss in the lodge hall fire was estimated at \$40,000. The blaze spread to the adjoining Piggy Wiggly grocery. Owner of the building, R. J. Reynolds, estimated his loss at \$15,000. The loss of grocery stock and fixtures, owned by Cecil Gregory, was estimated at \$25,000 to \$30,000 by Gregory. Heavy damage also was suffered by the law office of Ratliff and the office of V. A. Brown, real estate broker.

Fire equipment from Stamford and Rule helped fight the blaze.

## Department Store Sales Are Irregular

DALLAS — (AP) — Houston's department store sales last week dropped 12 percent below those for the similar 1949 week, while San Antonio's rose 7 percent and Fort Worth's were up 6 percent.

Dallas sales remained virtually the same, the Federal Reserve Bank's weekly report showed.

For the two week period ending March 12, compared with the similar 1949 period, Houston sales were down 8 percent, San Antonio's up 13 percent, and both Dallas and Fort Worth sales up 7 percent. For the four week period ending March 12 Houston sales were off 2 percent, San Antonio's up 16 percent, and Fort Worth and Dallas reported a 9 percent gain.

### Clothing Wool Grows Scarce

SYDNEY — (AP) — The shortage of good clothing wool is worrying the Australians who produce most of this type.

They are benefitting for the minute from high prices for the wool they grow. But they point out that shortages can boomerang.

Wincombe, Carson Limited, Australian wool brokers, say for instance a shortage of clothing wools and high prices may eventually compel the use of other fibres.

It is imperative, Wincombe, Carson said, that wool production be increased, particularly in Merino, Comeback and fine cross-bred types.

"In Australia the Merino clip is now increasing because of more favorable seasons and with the stimulus of advanced financial results," the brokers said.

"In South Africa, the world's other great Merino producing country, the output has fallen

### Emotional Conflict Slightly Confusing

SAN ANGELO — (AP) — This woman seems to have an emotional conflict.

She telephoned the highway patrol radio station to say, "My husband is driving his car on the highway and he's drunk. Besides, he doesn't have a license. Wish you'd pick him up."

Then she added, "he won't have to go to jail, will he?"

The patrol failed to find the driver.

disastrously.

"The United States clip, which includes some very fine Merinos as well as a considerable proportion of the finer crossbreds, has dropped from 1,500,000 bales in 1942 to an estimated 863,000 bales this year."

"These figures, Wincombe, Carson say, are sufficient to indicate the needs of larger apparel wool supplies."

"Increasing production might mean a somewhat lower range of prices," the brokers add, "but a reduction might also occur if a large number of wool consumers are forced to use cotton and artificial fibers."

SHADRACH, MESHACH OR ABEDNEGO?—Did this cat live for 36 hours inside a fiery brick kiln where temperatures reached 900 degrees? Workmen at the Minerva, O., kiln and village veterinarian, Dr. William Orr, say it's unbelievable but true. Walter R. Krill, dean of Ohio State University's veterinarian school, says it's impossible. The cat says "Meow." Kiln workers want the cat back, saying they'll rechristen it after one of the Biblical characters who lived through a fiery furnace.

### Navy Pressing For Anti-Sub Program Fund

WASHINGTON — (AP) — Its funds and strength clipped sharply, the Navy is pressing a top-priority program to deal with the submarine menace in any future war.

But Naval strategists made plain in disclosures to Congress that they are not too happy about the state of the Navy's readiness.

They said the billion-dollar budget cut they are taking means the fleet air arm will have to fall back on second-line aircraft next year, while combat ship strength will be trimmed to 239 vessels from the present 288.

Presenting a \$4,000,000,000 spending figure for the 12 months starting next July 1, Adm. Forrest P. Sherman of naval operations, said the Navy is following the old maxim of doing odds.

### FRUSTRATED SMUGGLERS

Two men carrying a sack of kitchen rubbish from a ship just arrived from Syria were stopped by customs officers at Alexandria, Egypt. The bag contained 18 chickens' heads. When the officers opened the birds' beaks, opium poured out of each.

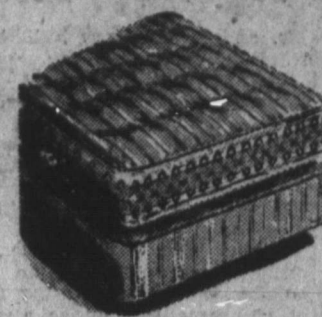

The famed Mormon tabernacle in Salt Lake City was completed in 1887.

the best it can with what it has. Of all the thinned-down programs, he said, submarine defenses "come first."

Throughout the Navy's appropriation requests ran evidence of veiled concern over Russia's reported concentration of her submarine fleet — especially her adaptation of the elusive "snorkel-type" submarines. These subs, perfected by the Germans, can remain submerged for long periods by using a chimney-like "breathing" device.

The Navy is earmarking more than \$190,000,000 in 1951 for research and development. Most of it, it was indicated, will go for gadgets to track and kill "snorkels," which are now able to evade conventional search methods.

# ADDINGTON'S WESTERN STORE

## REOPENS UNDER NEW MANAGEMENT

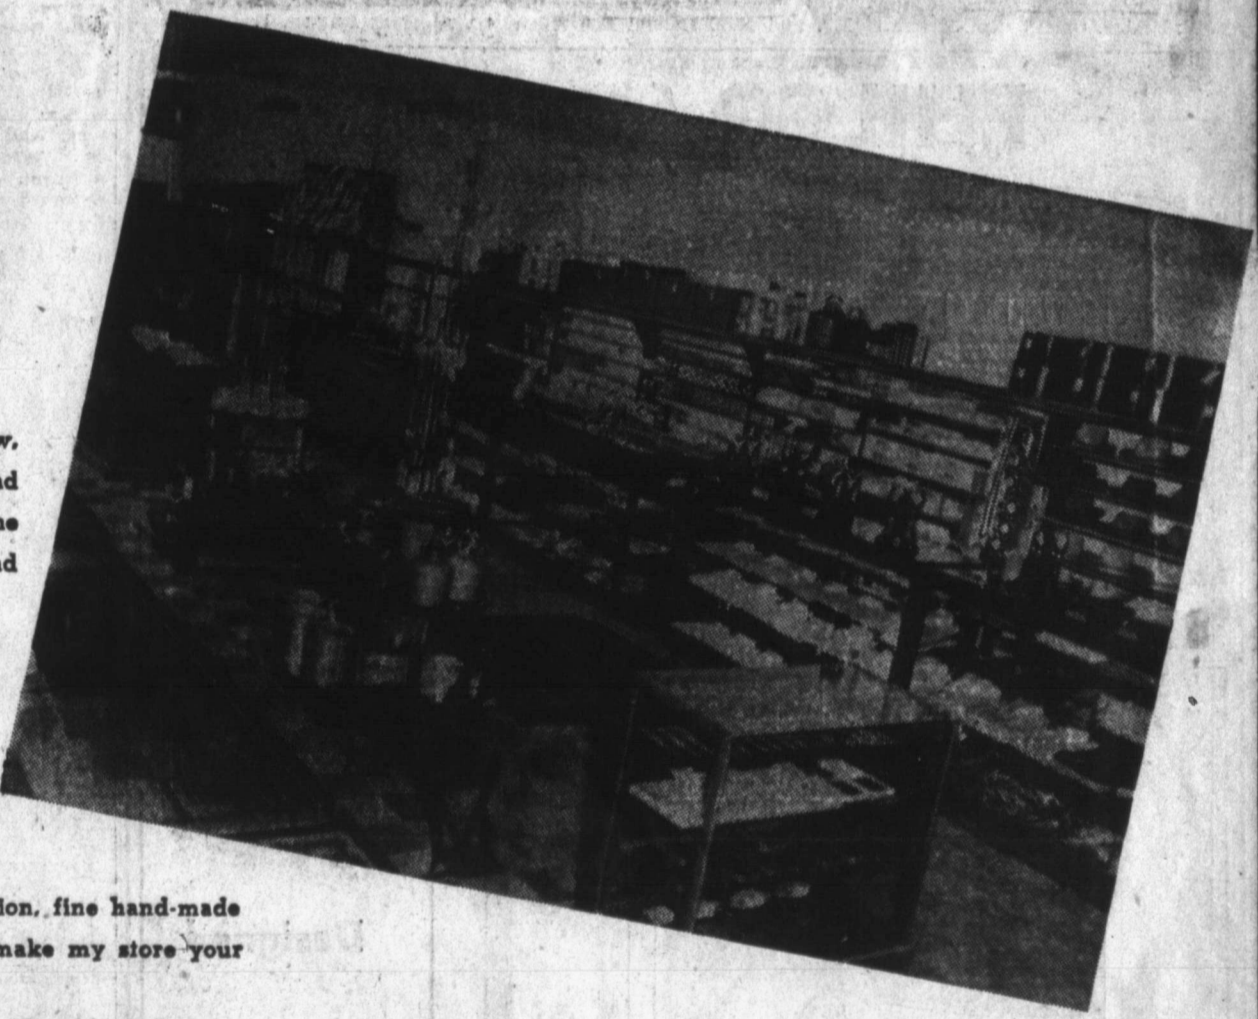

## MONDAY, MARCH 29TH AT 9:00 A.M.

We're reopening with a larger stock of brand new merchandise. The store has been completely rearranged, with new fixtures. Come in and see the largest stock of fishing tackle and camping equipment in the entire Panhandle.

I invite all of our old, as well as new, customers and friends to come in and look the new store over. See the fine display of hunting trophies, deer and elk heads and mounted birds.

Thanks a lot,  
BOB ADDINGTON

We also have a complete stock of guns and ammunition, fine hand-made boots for men, women and children. I want you to make my store your fishing and hunting headquarters.

My aim is to operate the store as my father, B. F. (Frank) Addington, has always operated it. Here you'll always find the lowest possible prices on quality merchandise, and fair and honest dealings to all.

I aim to carry every brand of fishing tackle, every standard make of guns, the most complete stock of ammunition that is available. Also, all of the latest in camping and hunting equipment, Leddy and Tony Lama hand-made boots for man, women and children, fine hats by Stevens in 3x, 5x and 7x Beaver, Levi Strauss shirts and cowboy pants and jackets, fine western shirts by Tem-Tex, a complete line of luggage and many other items as well.

## Ivan 'Nobby' Noblitt, Doc Coffey Purchase Pampa Pontiac Agency; Firm Name Changed

Ivan "Nobby" Noblitt, former Pampa football, basketball, and track star, and Doc Coffey have announced purchase of the Coffey Pontiac Co. from I. C. "Ike" Coffey. The company will be known as Noblitt-Coffey Pontiac, Inc. Noblitt is president of the company with 13 employees beside himself.

Noblitt is a big man, standing 6 feet, 4 inches tall and weighs about 225 pounds. Back in 1934, he started playing football for the Harvesters and stuck with them until his graduation in 1936. He played several different positions on the team, and was center his last year.

In 1936, he was married to Frances Coffey, daughter of his partner, Doc Coffey. They have three children: two daughters and one son. "Nobby" is the son of

Mr. and Mrs. Emory Noblitt, 631 N. Banks.

In 1942, Noblitt entered the Navy, and served three years, part of it in the South Pacific. Following his discharge in November, 1945, Noblitt moved to Amarillo where he still has his home. He was associated with Doc Coffey in Amarillo.

Noblitt-Coffey Pontiac, Inc., will continue to handle Pontiac automobiles, and they will be found at the same location as was the Coffey Pontiac Co., 122 N. Gray. The new firm will feature complete body work for Pontiacs and other cars, and general overhaul work. They specialize in hydraulic service and repair. Carburetor and ignition work is included in their services, in addition to front end repair and general service.

The Coffey is a brother of "Doc."

### Bauxite Mining Permit Is Asked

SINGAPORE — (AP) — The Aluminum Laboratories, Ltd., has applied to the Johore State Government for 2,800 acres of land for mining bauxite. If approved, it will be the first mine opened since the war.

Before the war Japanese companies mined bauxite in Malaya and exported the ore to Japan. Malaya exported 13,098 tons of bauxite in 1947, 55,761 tons in 1948, 54,337 tons in 1949 and 55,380 tons in 1940. Up to the end of October 1941, when production ceased, Malaya had exported 50,825 tons during the year.

During the Japanese occupation production was stepped up and between May 1942 and December 1944, 150,000 tons were exported to Japan.

## Mainly About People

Scotty Epperson, Star Route 4, was dismissed Friday from Worley Hospital where he had been confined for a week for a major operation.

It's coming! Wait for the sensational different sewing machine. Will be on display at Pampa Fixit Shop soon. Watch for announcement in The News.

Fred Malone's Pampa Dry Cleaners, 204 N. Cuyler. Ph. 86.

Mrs. H. F. McDonald, Jr., 518 N. Russell, was in Oklahoma City yesterday.

Betty Ann Hinton, daughter of Mr. and Mrs. W. E. Hinton, 1123 S. Hobart, is recovering from a minor illness at her home.

Miss Patty Willett, 427 E. Browning, is ill at her home.

Nice clean bedroom for rent, outside entrance; gentleman preferred. 414 Crest.

Mr. and Mrs. Donald Lee Allen

### Israel-Romania Business Is Good

TEL AVIV — (AP) — Israel is doing a rushing business with Romania. The ministry of trade and industry announced Israeli exports to the Soviet satellite during recent weeks were valued at nearly \$500,000.

Exports included oils, pharmaceutical products, artificial teeth, razor blades and citrus by-products. Romania sent Israel timber, paper, livestock, fodder, chemicals and salt.

### Farmers Will Plant Flower-Bush Fences

FALLS CREEK, Pa. — (AP) — Farms in this area of Pennsylvania will be a lot more pleasant to look at this year. Almost 80 miles of live flower-bearing fences will be planted. That will require 250,000 multiflora rose plants which will be set out one foot apart on line fences and field boundaries.

The farmers say the primary purpose is soil conservation, not beauty. They say another factor which makes the flower-bearing fences more and more popular is that they'll last for years and will provide shelter for birds, rabbits and other small game.

and daughter, Kathy, Beaver, Okla., are spending the weekend visiting Mr. and Mrs. Derrel B. Hogsett, 417 Magnolia.

Clyde H. Lively, 1168 Charles, was called to Baton Rouge, La., yesterday because of the critical illness of his father, G. M. Lively.

Jim McClintock, 316 E. Browning, was in Moore County Thursday and Friday on business.

Mrs. Harold Miller, 1033 Charles, is visiting at Ruston, La.

## Explosion, Fire Hurl Two in Georgia Town

STATESBORO, Ga. — (AP) — A terrific explosion sent flames sweeping through a business block early Saturday, injuring at least two persons.

A real estate dealer estimated the loss at \$250,000.

Fire equipment from four or five neighboring towns, and from Savannah, 50 miles away, raced here to bring the blaze under control.

The explosion, shortly after 6 a.m. (CST), shattered windows in buildings blocks away. Five or six stores were gutted by the fire.

The blast was in a two story building occupied by the Ollitt and Smith Feed Company and the Bowen Furniture Store.

Walls of the building collapsed and the flames roared through adjoining stores.

Kenneth Womack, an employee of the furniture company, was hospitalized with undetermined injuries.

Emmitt Anderson, an employee of the feed store, received superficial hurts.

D. B. Turner, editor of the Bulloch County Times, said the explosion was believed caused by gas leaking in heating equipment in the furniture store.

Windows in the Bulloch County courthouse, a block away, were shattered by the explosion.

For a time, the fire threatened the building in which the Sea Island Bank is located. The bank itself was not damaged but a shoe shop in the same building was ruined.

Statesboro is a prosperous town of about 6,000 persons in the tobacco belt in Southeast Georgia.

## Capitol Guards Sport Uniforms

AUSTIN — (AP) — Capitol guards and guides strutted in uniforms Saturday.

It's the first time in Texas history its capitol attendants have been so garbed. The movement for it was started by the late Governor Beauford H. Jester, whose wife had suggested it would be a good idea.

The uniform is of gray material, similar to that worn by state police. The trousers have a dark stripe on the outside leg, and the men will wear modified Western hats.

Money for the uniforms was appropriated by the Legislature.

## Former Judge Seeks NLRB Ban Lifting

WASHINGTON — (AP) — A former Texas district judge has asked a court injunction to prevent the National Labor Relations Board from barring him from its hearings.

John L. Camp, who punched a government lawyer for saying his witnesses were lying at a hearing in Rankin, Texas, last October contends in his suit that he doesn't merit disciplining and the federal law should prevent the NLRB from acting against him in the manner it plans.

## Rogers Warns of Elements Who 'Twist' Constitution

PANHANDLE — Atty. Walter E. Rogers, candidate for the 18th Congressional District seat, sounded a note of warning before the Panhandle Rotary Friday on subversive groups "twisting the Constitution" to suit their needs.

Rogers illustrated his point by telling of certain groups that attempted to invade the Panhandle in the late 1930s by knocking on doors of private homes, forcing themselves in and playing records, reading literature and haranguing citizens with lectures on the overthrowing of the U. S. government.

When some citizens called police and the offenders were haled before corporation court and the J. P. courts they pleaded freedom of speech. The Pampa police (Rogers was then city attorney) charged disturbance of the peace, but Court of Civil Appeals overruled local decisions against the offenders under the "freedom of speech" guaranty of the Constitution.

The attorney went further, charging that similar subversive groups today are "twisting the Constitution" and stretching its meaning toward a breaking point.

Pointing to subversive groups and he mentioned Communists

he charged: "And these same people who would overthrow this government holler and yell for the protection of these rights which they aim to destroy for us."

Rogers lambasted the secondary boycott method of some unions out on strike and cited the recent Greenville case where, he said, "a bona fide labor dispute was in progress between a cotton oil firm and its employees. The strikers extended their picket line across a railroad track and engineers would refuse to cross the picket line. This action directly affected the railroad company's business, not to mention other companies' business. An injunction was issued by the courts, but the strikers went right out after the trial and threw their picket line across the track just as if there hadn't been any court proceedings at all."

Rogers also said he felt workmen had a right to picket in a bona fide labor dispute, but that such a strike should be made to affect only the firm and employees interested in the dispute and not innocent bystanders.

Without hint of an election campaign, Rogers told his group it was every man's patriotic duty to guard against "stretching and twisting" of the Constitution.

"You are going to have to do that yourselves. There isn't anyone going to do it for you," he added.

## Mexico Doubles Dollar Reserves By Peso Action

MEXICO CITY — (AP) — Mexico has virtually doubled her dollar reserves since stabilizing the peso at 8.45 to the dollar last June.

Treasury Secretary Ramon Beteta said the steady peso value and control of imports has permitted the Bank of Mexico to recover \$100,000,000 or more since devaluation. The peso was quoted at 8.10 to the dollar when its price was fixed.

Mexico had \$84,000,000 in reserves last June, Beteta indicated present reserves now between \$150,000,000 and \$200,000,000.

## Junior College Gets 'Large' Donation

RANGER — (AP) — O. R. Cooper of Tyler has given a "large" amount of cash to Ranger Junior College, Dr. G. C. Boswell, president of the school, said.

Dr. Boswell did not say how much money the former Ranger resident gave but said it will be used to renovate and redecorate the college library. Cooper is the son of V. V. Cooper, Sr., Ranger.

## Mexico Suspects North American

REYNOSA, Mexico — (AP) — Mexican immigration officials say a man of "North American aspect" has been swindling workers wishing to cross into the U. S. legally.

Andres G. Guerra, immigration chief at Reynosa, said the man has been working in Monterrey and is reporting to be carrying a six-months tourist visa. He said the man had told workers that by paying 30 pesos he could arrange for them to get bracero contracts and enter the U. S. legally to work.

## Polish Jews Seeking New Home in Israel

TEL AVIV, Israel — (AP) — Nearly all of the Jews still in Poland have registered with the Israel legation in Warsaw for immigration to Israel. Newspapers said 40,000 Polish Jews had asked permission to leave the country. Poland's Jewish population presently is estimated at between 50,000 and 60,000.

# WARREN'S WARMUP

By Warren Messer—News Sports Editor

QUESTION: What major league city has been the scene of the fewest world series games?

IT WAS A GREAT pleasure to renew acquaintances with Joe Louis Friday night after his exhibition bout in Amarillo. I shipped overseas on the same boat with Louis, and got to know him then and also followed him around the All-American Open Golf Tournament in Chicago a couple of years ago. There is little doubt but what he has changed considerably—in age.

Louis gave a fair accounting of himself in his exhibition Friday night, though his timing did appear to be off. He would not commit himself, nor would his manager say, whether the Bomber is planning a comeback shot at the heavyweight title. But during our hour-long conversation his trainer did drop a hint that he might be going to tie up with a circus.

That would certainly be a nefarious end of a career that has been as outstanding as Joe's. The man has made himself millions of dollars, but through various channels he has been sapped of most of it. It's pitiful that he should have to barnstorm from town to town to make a living when he has made more money in the ring than any other man with the possible exception of one.

Louis, born in poverty, suddenly came into riches undreamed of, and then he didn't know how to handle his cash. Wiley managers and promoters gathered much of his earnings, and more went to purchase extravagant gifts for friends. Property holdings were put in his wife's name and he lost much of that.

He is a fine gentleman who, despite his great success, wears a normal sized hat (a 7 1/4 Stetson, thanks to Bert Levy, Amarillo). I hope that, whatever he decides to do brings him back to Amarillo. During our talk we naturally started with the trip overseas in the Queen Elizabeth. He disclaimed any seasickness, being ill only from the effects of a little game of dice. He said he got a big laugh out of waking up in Scotland one morning and seeing "those fellows with skirts on and playing those noisy things." He said that he was very contented with Uncle Sam and was glad that he could do his share.

When he came back from overseas he flew in a B-17, along with Billy Conn, when both were being hustled into fighting a return match after the thrilling first meeting in which Louis floored Conn. When they took off from Scotland, Joe told Conn that it would certainly be an odd ending if the plane should crack up and kill the both of them before they got to fight again. When they got Stateside and prepared to land the pilot came back and told them they would probably have to crash land because they couldn't get the landing gear down. After circling the field for forty-five minutes they finally managed to crank the wheels down and landed safely.

The Bomber being an excellent golfer, our conversation stemmed to that sport. He said that he didn't get much time for golf while hopping from town to town and had just shipped his golf clubs back to New York Thursday. He is a good enough golfer to probably win some big amateur tournaments if he ever decided to settle down to that sport.

And, of course, baseball came in for its share of the conversation. Louis avowed that Don Newcombe, ace fireballer of the Brooklyn Dodgers, would be the first man to win 30 games since Diz Dean

## Tyler Apaches to Defend National JC Cage Crown

HUTCHINSON, Kans. — (AP) — Defending champion Tyler Junior College of Tyler, Texas, may again be the team to best in the National Junior Basketball Tournament opening here Tuesday.

But plenty of rugged competition is expected from the 13 other teams entered from over the country.

Tyler has a 35-3 season record but was invited to the tournament this year after being eliminated in regional play at Lake Charles, La.

Hit by injuries and illness toward the end of the season, Tyler dropped its last three games after winning 35 straight. The Texas team was invited to participate this year after Keystone, Pa., winner of Region 14 tournament, declined to take part.

Tyler's ailing are expected to be back in the lineup and in shape when play opens next week.

The only other team that did not qualify for the national meet by winning regional competition is Dodge City, Kans. The Kansas regional runners-up and were invited after the New England regional winner decided against participation.

Other clubs with strong win-loss records include Jacksonville, Fla., 21-2; Bayonne, 25-3; Wingo, N. C., 26-6; Amarillo, 23-3; Weber, 24-7.

The first round pairings include: 4 p.m. Tyler, Texas, J. C. vs. Virginia, Minn., J. C. 8 p.m. — Amillo, Texas, College, vs. Dodge City, Kans., J. C.

Aggie Trackmen Topple Owls

COLLEGE STATION — (AP) — Texas A&M's track and field team won its third straight 1950 victory in as many starts by outpointing the Rice Owls, 73-49, on a wind-swept field here yesterday afternoon.

The Owls' speedy Arthur (Red) Brown outpointed Bernard Place on the last quarter of the last lap to bring Rice a victory in the featured mile race.

Time was 3:22.2. The Owls copied eight firsts but the Cadets won by scoring clean sweeps in the 880, mile, two mile, low hurdles, pole vault, and discus events. Rice won both relay races and swept the broad jump.

Whitney two-year-old named The Veep in honor of Vice President Alben Barkley, was the winner of the Rosedale Stakes at Jamaica in 1945.

Fourteen bowlers have scored five or more 300 games in sanctioned American Bowling Congress play.

ANSWER: Cleveland has been host to only 7 World Series games.

## City Bowling Finals Today

The Men's City Handicap Bowling Tournament winds up this afternoon and evening at the Pampa Bowl. Last night the last of the teams saw action and today the singles and double bowling ends.

The current singles and doubles leaders are Frost, in the singles with a 637, and Parsley and Frost in the doubles with 1204.

The schedule for today is: 4 o'clock — Harrah - McCart; Rice - Dickens, Kennedy - Waggoner, Buzzini - Burns, Farns-Gannon.

8 o'clock — Roy Johnson - Murphy, Barentini-Benshaw.

## Connie Mack To Stick As A's Manager

WEST PALM BEACH, Fla. — (AP) — Connie Mack said Saturday he had no intention of retiring at the end of this season, his 50th year as manager of the Philadelphia Athletics. He plans to go on managing this year, next year, the next and the next.

Branding as untrue a recent magazine story that he was being pushed out by his three sons, the 87-year-old patriarch of baseball insisted that all was serene between himself and his sons, Earle, Roy and Connie, Jr. The four, together with Robert J. Schroeder and Bennie McFarland, form the Athletics' Board of Directors.

"As long as I have my faculties, I'll run the club," Connie vowed. "As a matter of fact, the longer I stay around the more I don't want to leave."

Baseball's oldest inhabitant also gave the lie to the rumor that Mickey Cochrane, his new coach, would replace him as Philadelphia manager.

"If I should ever decide to retire," he said, "and that is a long way off, my son, Earle, will replace me."

Earle, 37, currently is coach of the A's along with Cochrane and Jimmy Dykes.

## Doaker Wed Friday Night

DALLAS — (AP) — Doak Walker, Southern Methodist University's three-time all-America football star, and his bride, the former Norma Peterson, are enroute to a honeymoon in Canada.

The star back and his college sweetheart were married here Friday night.

## Softballers to Try Again Friday

Only three team managers showed up last Friday night for the organizational meeting for a softball league this summer. Another meeting will be held next Friday night in the City Court Room at the Police Station at 7 o'clock.

The three teams who definitely want to play are the 20-30 Club, Skelly, and General Atlas. Other teams who are reportedly interested are Texas Elf, Phillips, Pampa Jaycees, Magnolia and the Men's Class of the First Baptist Church.

## Bosox Blow Lead And Yanks Win

MIAMI, Fla. — (AP) — Boston's Red Sox blew a six run lead Saturday and fell before the world champion New York Yankees 15-9 in a free hitting, poorly pitched pre-season exhibition.

At Miami, Fla. New York (A) . . .011 074 011—15 22 9 Boston (A) . . .000 100 200—9 8 2 Shea, Porterfield (4), Page (8) and Berni, Masterson, J. Johnson (4), Papal (6), Dorish (8) and Rosar.

## Power Tools Permitted Again This Year in Building Racers

There is no limit to the type of tools that can be used in making a 1950 Soap Box Derby racing car.

Many of the better cars have been made with only a few basic tools, such as saw, hammer, screwdriver, drill, chisel, file and sandpaper.

One advantage of power tools is the saving of time. There are few results that can be achieved by power tools, however, that cannot be duplicated with basic hand tools plus a little more time. Power sanders, drill presses, motor saws and paint sprayers do the same job that can be done by hand. Some of the best work done by craftsmen, whether on Soap Box Derby racing cars, furniture or airplanes, is done by hand tools.

The National Rules Committee, at its meeting to draft the 1950 Derby rules, rescinded the ban on power tools. It was felt that the youthful car builders should be given every opportunity to build their cars with any type tool, as long as the finished vehicle conforms to the rules of design, weight, size and safety.

## Records Fall As Pros Get Hot in Jacksonville Meet

JACKSONVILLE, Fla. — (AP) — Jerry Barber, likable little pro from Overland, Mo., set a new competitive course record of 65 to grab the lead in the Jacksonville Golf Open yesterday.

Many of the pros were still on the course as Barber hit the halfway point with 71-65-136.

Jack Burke of White Plains, N. Y., and Skip Alexander of Knoxville, Tenn., also broke the old mark. Burke played the front nine in 31, five strokes under par. But he needed even par on every hole of the second nine for his 67.

Alexander was out in 33 and home in 34, also for 67. Their 36-hole totals: Alexander 139, Burke 140.

Fred Hawkins of El Paso, Texas, shot 70 each day and matched Burke's 140.

Thirty-three states have adopted official birds.

1950 Style in Derby Helmets

SUMMER STYLE FOR '50. Here's the latest creation in Soap Box Derby helmets—the official headgear that will be worn by all of the boys who enter helmets in the local race. It is painted a bright red, and the design on the front features a hemisphere of the world with a Soap Box Derby car on top.

## Records Fall As Pros Get Hot in Jacksonville Meet

By DICK KLEINER NEA Staff Correspondent

For all you baseball students, here are a few dirty-thumbball sketches of the managers of the National League clubs. These are arranged alphabetically, of course.

BOSTON — The Braves are run by Southworth, Billy. The dugout there, last year, was chilly.

BROOKLYN — Two pennants Burt has so far gotten; A series victory is the goal of Shotton.

CHICAGO — The Chicago Cubs, alas, ain't vicious, Although their pilot, Frankie Frisch, is.

CINCINNATI — Boss of the Reds is old Luke Sewell. His fate in Cincy may be cruel.

NEW YORK — Durocher, he of endless yanking, Will try to keep the Jints from cracking.

PHILADELPHIA — Eddie Sawyer runs the Phillies, A team that gives the others willies.

PITTSBURGH — If the Pirates can be set on fire The guy to do it is Billy Meyer.

### Pampa Selected By Purchasing Agents of Area

The Panhandle Purchasing Agents Association will meet in their next regular meeting at the Pampa Country Club on April 12. It was decided at an association meeting in Amarillo last week.

The Cabot film, "A Good Company," will be shown at the

local meeting.

The Amarillo meeting, at the Blackstone Hotel, was the first with the 1950 officers in charge. Officers are C. G. Blair of Borger, president; G. F. Branson of Pampa, vice president; Barron Chapman of Amarillo, treasurer; and A. V. Selby of Amarillo, secretary.

The group discussed problems of purchasing agents, with Johnnie Price, Amarillo, serving as moderator. Attending the Amarillo meet-

ing from Pampa were Branson and Ken Reeves, both of the Cabot Companies; John Koontz, of Monarch Lumber & Plumbing; A. L. Frigmore, of Portland Gasoline; and R. W. (Bob) Curry, of Morrow-Shamer Hardware.

George Hiram Brownell of Elkhorn, Wisconsin, is the country's leading expert on the bibliography of Mark Twain. Mr. Brownell directs the Mark Twain Research Foundation and publishes The Tainian from Elkhorn.

### Armed Robber Facing Eight 99-Year Terms

DALLAS — (AP) — Four more 99-year prison sentences have been handed the 21-year-old youth who said he wanted to put liquor stores out of business.

The four concurrent terms against K. T. Chisholm were handed down Friday. All were for armed robberies of Dallas liquor stores.

Chisholm was already under four 99-year sentences for armed robberies of liquor stores in San Antonio and Beaumont and under a life sentence for the murder of a Beaumont liquor store clerk shot during a holdup.

Chisholm told a San Antonio judge he had been trying to put liquor stores out of business.

John Cahoon, his lawyer, said Chisholm had been a physical education instructor in the Navy. "He was shocked by the effects of liquor on the men around him," Cahoon said. "After he got out, and decided he needed money, he turned to the idea of robbing liquor stores, which he believes were doing a great evil anyway."

**TAPESTRY SALE**  
LONDON — (AP) — Britain hopes to earn dollars this year with an old native art form using modern design — tapestry. Six tapestries such as it is hoped to sell in the United States were exhibited here by the Arts Council, official patron of the arts.

**NO HARDSHIP HERE**—This seal, frolicking among ice cakes reminiscent of its natural habitat, enjoys the frigid waters of its home in the pool of New York City's Central Park.

### Food Handler School Will Open Monday

C. B. Breedlow, public health instructor of the Texas State Department of Health, at 9 a. m. tomorrow in the City Palm Room will begin a five-day food handlers school.

Breedlow will lecture, show films and slides. He is teaching the school under the sponsorship of the Pampa and Gray County Health Department and State Health Department.

Two classes will be instructed Monday through Friday, each at 9 a. m. and 2 p. m. Persons invited to attend the school include owners, managers and employees of the following types of businesses: bakeries, con-

fectionaries, candy stores, community kitchens, ice cream stores, soda fountain operators, restaurants, hotels, public and private clubs, lunch counters, boarding houses, dining rooms, cafes, taverns, grocery stores, markets, milk plants, poultry establishments, bottling companies and vegetable stands.

R. M. Mundine, health inspector, said all women's and men's civic organizations also are invited and anyone else who wishes to attend.

Certificates will be awarded to persons who have attended at least one class a day. The certificates are from the Texas State Health Department, signed by Dr. George Cox, state health officer.

### Texas Woman, Father End Long Separation

SACRAMENTO — (AP) — A Texas woman and her father are getting acquainted after a 25-year separation.

Mrs. Bernice Bordelan, Wichita Falls, Texas, Friday was reunited with her father, Jack Khalial, whom she thought dead.

Also joining in the reunion was Mrs. Bordelan's sister, Mrs. Hedy Fraley of National City, Calif. They were separated in Everett, Wash., where Khalial and his wife were divorced. The two daughters and a son, Albert, now of Tujunga, Calif., were reared by their mother and stepfather. In 1940 a friend told Mrs. Fraley her father was dead.

About a month ago an acquaintance remarked to Albert that he knew a man named Khalial in Sacramento. Albert came here and found his father. He could not be here for the second reunion held with the daughters.

RUSSELL WEST

### West Returns As Pastor

The Rev. Russell G. West last week was elected by the members of the Church of the Brethren to continue in his 12th year as pastor of the N. Frost church.

He was elected to serve at least until Sept. 1, 1951, by unanimous vote of almost 100 percent of the members who were present. The election meeting was chairmanned by the Rev. Albert L. Williams and the Rev. Edwin Rodabaugh, both of Thomas, Okla.

In accepting appointment, Rev. West called upon members and church leaders to concentrate their efforts upon three objectives set forth — to double enrollment, to double attendance of the Sunday School and to add at least 50 new members to the church.

He said he also would entertain a call for continued service beyond Sept. 1, 1951.

### Coffee Price Is Cut By General Foods

NEW YORK — (AP) — General Foods Corp. has trimmed prices of vacuum-packed and bag-packed coffee two cents a pound.

Hills Brothers, California Packing Corp., and most western roasters reduced their brands by similar amounts earlier this week.

### Pampa Firemen Called to Help Grass Fire Fight

Pampa firemen, assisted by about 30 oil field workers, battled a grass blaze eight miles south of town Friday afternoon for nearly two hours.

The fire was reported at 1:25 p. m., but had made considerable headway at that time. Fire Chief Ernest Winborne estimated about 300 acres of grassland burned on Frank M. Carter's ranch, on Sun Oil Company and Magnolia Oil Company land.

A Gray County employe who was operating a road grader on the Lefors Highway helped extinguish the fire by driving the grader a short distance from the fire to prevent its spread.

At 3:45 p. m. Friday firemen were called to the Sloan Lease, five miles west of town, to extinguish another grass fire. However, no damage resulted, Winborne said.

Shortly after the firemen returned from the Sloan fire they were called to Pampa Garage and Salvage, 808 W. Kingsmill, to put out a minor generator fire.

About 80 percent of our total output of evaporated milk comes from ten states — Wisconsin, Ohio, California, Michigan, Illinois, Missouri, Kentucky, Indiana, Tennessee and Washington.

**OPPOSITE SAXES**—This is the big and the little of the sax section of the 100-piece Sun Devil band of Arizona State College, Tempe. Betty Blythe uses all of her 90 pounds to blow a note through the big bass sax, while 300-pound George Rayes has plenty to spare in breezing through a score on the little soprano saxophone.

### Owens to Open Cafe Tomorrow

Six Owens will open his latest cafe tomorrow at 307 1-2 W. Foster, the location of the former Hillson Cafe.

During the past month the cafe has been completely remodeled and is now one of the most modern cafes in town, according to Owens. Operating on a 24-hour daily schedule, Six Owens Cafe will open its doors at 6 a. m.

Owens, a Pampa resident since 1928, was the owner of the first Court House Cafe, which he opened in 1929. He is said to hold the longest Pampa restaurant service record.

He is well known in the Panhandle for his operation of restaurants.

### Pampa Delegates Leave for Meet

Thirty-seven Pampa girls and boys of Theta Rho and the Junior Odd Fellows Lodge left by a special bus last night for Dallas where they will attend a session of the Grand Lodge of Texas.

The local groups have been declared two of the outstanding organizations of this sort in the state. They will perform ritual work at the session, it was announced.

Prior to departure they were honored with a banquet at the Odd Fellows Lodge Hall on Brown. Hazel Franklin is in charge of the girls on the trip, while Chester Nicholson will serve as advisor for the boys.

### 16 McLean Boys Join New Troop

Sixteen McLean boys have joined the newly-formed Boy Scout Troop 25, which is sponsored by Andrew H. Floyd Post No. 315 of American Legion.

Paul Beisenherz, executive of the Adobe Walls Area Council, said the troop has applied for a charter.

Meeting at 8 p. m. Wednesday at the McLean Legion Hall, the Scouts will be headed by Donnell A. Denton, Scoutmaster. He is an Eagle Scout.

Troop committeemen are W. S. Lantz, chairman, Clyde Brown, R. Earl Stubblefield and W. W. Shadid. John E. Blevins is assistant Scoutmaster. Forty-eight boys attended the organizational meeting.

### Former Pampa To Head Texas Hospital Group

Roy Wilmesmeier, former business manager of Worley Hospital, will assume the presidency of the Texas Hospital Association Tuesday at the 21st annual convention in Galveston.

An administrator of Galveston's Southern Pacific Hospital, Wilmesmeier has been active in the association since 1931. He married a former Pampa girl, Miss Mary Grady. The Wilmesmeiers now have two children, Patsy and Larry.

He is a member of the American College of Hospital Administrators and charter member of the American Association of Hospital Accountants. Offices he has held in the Texas Hospital Association include vice president, trustee and chairman of the council of the association's development. Also he has served as member of the Nominating Committee.

### BORDER WATCH

**BANGKOK** — (AP) — To forestall possible Chinese Communist infiltration from Indochina, Thailand has banned border crossings by Chinese except by visa. Thailand formerly had reciprocal agreements with Burma and Indochina to permit border crossings for trading purposes.

### Hollywood's 'Dollar Bills' Do It Again

By BOB THOMAS

**HOLLYWOOD** — (AP) — When the "dollar bills" start espousing controversial pictures, you know such films are here to stay.

The dollar bills are Bill Pine and Bill Thomas. They won their title by producing sure-fire boxoffice pictures.

Hollywood was surprised to learn that the Pine-Thomas duo was making "The Lawless," a picture about small-town prejudice against Americans of Mexican origin. Such films were considered to be a gamble.

But, as Variety stated last week in one of its characteristic headlines, "Gimmick Pix Beat B.O. Nix."

That means that pictures with some new gimmick or theme (such as "Pinky" and "All the King's Men") are succeeding at the boxoffice while most other films are faring poorly.

"All the public wants," explained Thomas, "is something new. They want to be sure they aren't seeing the same thing they saw last week and the week before."

Thomas said he had trouble convincing the powers to allow "The Lawless." His releasing company, Paramount, has lately

dealt with few weightier problems than what songs Bing Crosby would sing and how to keep Bob Hope happy.

But now he reported Paramount is happy with the MacDonald Carey-Gail Russell film. This could be partly because it was made on location in Marysville and Grass Valley, Calif. for the relatively minor sum of \$407,000. At that rate it could well show a handsome profit for all concerned.

No, Bill Thomas is no relation to your correspondent. Darnit.

### Armed Forces' Strength Drops

WASHINGTON — (AP) — The total strength of the armed forces declined 22,400 during February to 1,490,300.

The Defense Department said Army strength dropped from 415,700 to 407,800, the Navy from 401,900 to 388,400, the Marine Corps from 80,100 to 79,500, and the Air Force from 415,000 to 414,600.

**Texas Firm Awarded Clearing Contract**

NORFOLK, Va. — (AP) — The Army Engineers district office has announced the award of a \$563,000 contract to Western Burnette Construction Company of Denison, Texas, to clear 8,494 acres in the Buggs Island reservoir.

The announcement said the low bid of Duke Merritt, of Fayette, Ala., had been rejected because he failed to post a bid bond.

**Pampa Lions Seek Perfect Attendance**

If the Pampa Lions Club has perfect attendance for the next six meetings, it will win first place in Lions International 20-week attendance contest.

Jim Perkins, member of the attendance committee, told mem-

bers that the Pampa club is the largest in Lions International with perfect attendance during the first 14 weeks of the contest.

After 10 weeks of perfect attendance in the fall contest, running from Sept. 11 to Nov. 19, the local club was among the winners. The spring contest, or second half, began Feb. 12 and will be completed April 22.

Two round-trip railroad and pullman fares to the 1950 international convention or a cash award of \$300 will be presented to the club winning first place. Also the international president's trophy and Lions International progress banner will go to the winner.

Perkins said the local attendance committee has arranged a special make-up meeting at 7 a.m. Tuesday at White Way Drive Inn.

**CURFEW SIGNALS**

Curfews were introduced as signals for the inhabitants of a town to put out their fires, at a time when fire was a great menace to timber cities, according to the Encyclopedia Britannica.

**Scout Leaders Due Training**

Pampa Girl Scout Association leaders will participate in an outdoor training course Wednesday beginning at 9:30 a. m. at the Scout House.

Tentative plans for the course were made at a meeting of the Leaders' Club Thursday. Mrs. H. F. McDonald, Jr., executive, assisted by Mrs. Burl Lewter, leader of Troop 19, will instruct the course.

The women have been asked to bring "nosebag" lunches Wednesday. They will take a hike during the first session and will be instructed on the use of the knife and the hatchet. A 10-gallon will be made for the second session, which will consist of a non-utensil meal.

"All leaders who haven't taken outdoor training are urged to attend," Mrs. McDonald said. "Leaders who have had the course are welcome to take it again as a refresher course."

Other phases of the course will be planning a one-pot meal and taking an overnight trip. The course is needed for leaders who will take their Scouts camping this summer and for leaders who will have charge of Day Camp, May 29, at Camp Sullivan.

Also at the Leaders' Club meeting Thursday "Schoolmates Overseas," Girl Scout project for the next two years, was discussed. Some troops, while working on sewing badges, will prepare sewing bags for Scouts and Girl Guides overseas.

**Lions Express Public Thanks**

Pampa Lions Club has expressed thanks to merchants and individuals who helped make the Lions minstrel a success. O. E. McDowell, president, said yesterday.

"It would have been impossible for the Lions Club to have put on a show of the same calibre if we had not had so much local assistance outside the club," McDowell said.

Vernon McCracken of Geller Productions, who staged and directed the show, also received the thanks of the club. He has directed many Lions minstrels as well as several other stage shows.

The cast of "Talk of the Town," Lions Club members and their wives were entertained at Moose Lodge following Friday's performance. The Lions after show committee, headed by J. C. Daniels, was host at the party.

**DESERTERS**  
The Antarctic winter became so bleak during 1948 that even the penguins deserted the inhospitable ice-bound shores of Heard Island, more than 2,000 miles southwest of Perth, Australia.

**Miracle Cat Can Really Resist Heat**

MINERVA, Ohio — (AP) — Minerva's celebrated cat-in-the-kiln test was completed Friday. The experimenters said they found:

That Miracle, the calico cat, really was fire-resistant;

That she could have lived for 36 hours in a brick kiln, where the temperature reached 900 degrees.

Miracle, a stray feline, staggered out of one of Bucola's kilns March 5. Her fur was singed; an inch and a half of her tail was burned off, and her paws were badly burned. But she was alive.

Because it would have been singular to put the cat back into the kiln, a synthetic cat was substituted. It was made up of a sirloin steak wrapped in a second-hand sealskin hat.

This prefabricated 'cat' was placed in the kiln Wednesday. Again the temperature was raised to 900 degrees. This morning, 36 hours later, the kiln was reopened.

One end of the package — steak and fur — was burned to a crisp. But most of the package was in good condition. The fur was soft and the steak was tender and juicy.

VFW A Business

Camerin a meeting in VFW H wiches and Mrs. Hoy Chisum. Attending Nettie Co

FOUND Mrs. Pa fied, but facing th "Miss Ir

SPRING IS HERE officially tomorrow, or so they say... I'm wondering, though, if we are confused or if our feathered friends just jumped the gun on us. I heard (fourth hand) that flocks and flocks of geese passed over Pampa about two weeks ago—headed north. They were said to be flying in V formation and making as much noise as a squadron of bombers... well, almost. One thing sure, I'm ready to greet Madame Spring if the birds are!

GUESS ONE reason spring looks so good is that March 15 is gone and income tax returns forgotten until next March 15. Now we must start thinking of buying car tags and the campaign for the Easter Seal fund will be getting underway... You know Easter is just around the corner and we could make it more significant this year by taking part in this fund-raising campaign.

LAST WEEK'S WHO was Mrs. Eddalee Haggard, 1301 N. Russell. Husband, John, deals in "real-estate" and oil leases. Her last name is synonymous with care-worn and drawn, but this is hardly an accurate description for Mrs. Haggard... it just fitted the rhyme!

PONDER THIS: His surname denies he is kind, and you'd think by his trade that he's cold... But you'd have to go far to find a friendlier person, I'm told. I think his wife has "hazel" eyes, and with her, records are a game. They just had a visit from two young guys, Now go to the Bible for the rest of his NAME.

PAMPA PANORAMA: Have you bought your senior play tickets yet? It's Monday and Tuesday nights... Thought I saw Dee Patterson with her daughter last weekend... Seems like college life agrees with her... she is getting prettier all the time... R. D. Mills is having some dirt tossed around on his lawn... The Walker Eilers are sporting a new cream-colored auto... didn't see what kind... Saw Mrs. Oran Payne getting "combed out" the other afternoon... her hair was mighty pretty, too... Mrs. Lou Roberts was driving along the other day without a glance here or there... guess more of us should watch where we are going instead of watching who is going... Who was that stopping at the H. A. Gilliland's the other afternoon?... She was wearing a springy neutral straw bonnet... Mrs. W. R. Ewing was entertaining Tuesday afternoon... I was driving past the C. A. Huff home the other morning and saw company going in the front door in an eye-catching red top coat... Speaking of morning... our neighborhood is just like a CCC camp before lunch-time... coffee cup chatter, that is... hear they have those in other sections of town, too... a block on Faulkner takes turns for coffee and rolls... same goes for a group on the Somerville and Texas intersection... Mrs. Leonard Hollis is attractive... she has a cute profile... Whose new home is that about completed next door to the J. A. Grundy residence on Duncan?... It's going to be nice... has ultra-modern lines... "Siegler" (don't know her first name) down at Singer center is full of fun... The Gene Maraks have "curtains up" at their new home in the Fraser Addition... Mrs. Tom Cappa shows her hair to advantage when she wears green... real bright green... and Mrs. Abe Udahsen looked real fetching in a grey bolero suit... the blouse underneath was vivid red... Enjoyed the shower for Virginia McNaughton... oops! I mean Mrs. Marvin McNeal... Virginia's mom, Mrs. C. J. McNaughton, was almost as radiant as the new bride.

WERE NOT GOING to miss John Branson's piano recital this afternoon... He is competing with his Master's Degree at Tulsa U. and of course his major is music. John's the son of the G. F. Bransons and incidentally his younger sister, Jane, displayed her musical talent in the Lion's Minstrel... I heard her numbers were well received.

MORE MUSIC: Many good things can be said of the recital last Monday when Harley Bullis was presented. And here's a word of praise for him and Mrs. May Foreman Carr.

SOMEBODY SAID that Mrs. D. E. Roundtree is home again after spending several weeks in an Oklahoma City hospital. It was her ankle injury, I suppose, and we're glad to hear she's "on her feet" again.

SURELY HATED TO MISS "Talk of the Town," but it just seems like it's not the three-day measles it's the mumps at our house. Understand that the Lions did themselves proud this year and all I can say is, "I wish Mr. Peg could have been there for the all join number... that must have been hilarious

THE NICEST THINGS are being said about Ross Buzzard. He's tinct around here is to hang tassels from the sides... And speaking of tassels, I like to see feathers on hats that flop like tassels... Think Mrs. L. N. Atchison has a hat with a lighter feather... And who was that with a red feather in her hat? She was wearing beige suit and her companion complemented her with a red suit... together they looked very nice... that was Wednesday downtown.

HE NICEST THINGS are being said about Ross Buzzard. He's just back from taking his state bar examination in Austin and no doubt Pampa will be listing him among the promising young attorneys. Ross is the son of Mrs. G. N. Buzzard; he's married and has a small daughter. Welcome home, again.

THE "BRUSHFIRE" late Saturday night a week ago was reported not to have done much damage and for that we are glad. We saw the sky "ablaze" from out near the L. R. Millers. They say the fire followed the lines of a complete circle but I wonder if they weren't set around the actual fire in order to prevent spreading. The L. L. Stovals are fortunate that it didn't spread in this dry weather.

WONDER WHY I can't find out who the saleswoman is that I saw in Leder's Jewelry... she is as lovely as the gems she sells.

You've seen my face  
And heard me shout  
So join the chase  
And find me out.  
Poetically,  
PEG O' PAMPA.

### VFW Auxiliary Has Business Meeting

Camerline Hoyer presided over a meeting of the VFW Auxiliary in VFW Hall Friday night. Sandwiches and coffee were served by Mrs. Hoyer and Mrs. Bertha Chisum.

Attending were Wanda Hoyer, Nettie Cole, Venora Cole, Lula

Purdy, Dora Lawson, Lillian Blyth, Francis Gilson, Hadda Moore, Gertrude Putman, Grace Morris, Nan Fender, Cora Yates, Cordie McBride, Ethel Howe, Cora Jones and Freda Seitz.  
Bertha Chisum, Annette Orr, Dorothy Shelton, Lucille Wagner, Mary Hugel, Nina Spoonmoore, Julia Wechter, Anna Eckroart, Helene Marie Mathews, Glee Hagerty, Alvena Brandon.  
The next meeting of the group will be held on March 24.

FOUNDER—Glenn Truax, (right) originator of the St. Patrick's Day Celebration and Mrs. Parsons, from Hugoton, Kans., (on his right). The other woman is unidentified, but she was a judge in the contest to select "Miss Irish Rose." Sitting down, facing the camera, is Mrs. J. H. Caperton, chairman of the committee to select "Miss Irish Rose."

## The Pampa Daily News

### Women's Activities

PAMPA NEWS, SUNDAY MARCH 19, 1950 PAGE 13

#### Orion Weldon Carter Takes Bride; Double-Ring Ceremony Performed in St. Paul Methodist Church, Abilene

Miss Elizabeth Perry, daughter of Mr. and Mrs. B. L. Perry of Ryan, Okla., became the bride of Orion Weldon Carter of Abilene, in a double-ring ceremony at St. Paul Methodist Church in Abilene, at 7 p.m. Thursday, March 9. The bridegroom is the son of Dr. and Mrs. Orion Carter of Pampa.

Dr. Carter read the wedding ceremony, assisted by Dr. Earl G. Hamlett, pastor of the St. Paul Methodist Church. Arrangements of white gladioli, carnations and Drummond Grandiflora decorated the altar and branched candelabra held white tapers. Tapers were lighted by James Perry of Ryan, brother of the bride.

Mrs. Wiley Caffey, organist, played a medley of pre-nuptial music, including "Traumerlei" (Schumann), "Oh Perfect Love" (Barndy), and "Dreams" (Wagner). She also played the processional from Wagner's "Lohengrin" and recessional by Mendelssohn.

Mrs. Caffey accompanied Miss Fern Morgan of Amarillo, who sang "Ah, Sweet Mystery of Life" (Herbert), and "I Love Thee" (Grieg).

The bride, given in marriage by her father, was dressed in a dressmaker-type suit of white wool crepe, and she wore an orchid blouse and white accessories. For something old she wore an heirloom amethyst ring, and she carried a white Bible on which rested an orchid shawl. The bride's mother wore a navy dress with pink accessories and a pink carnation corsage. Mrs. Carter, mother of the bridegroom, chose a grey wool crepe suit adorned with beading. She wore white accessories and a corsage of white carnations.

Ushers were Hoyt Cole and Morris Rucker of Abilene, George Scott, Fauldness of Abilene, served as best man. Guests were registered by Mrs. Morris Rucker and Miss Jackie Hamilton. Dr. and Mrs. Hubert Seale, 735 Saylor, held open house following the ceremony. Primrose, white gladioli, carnations and azaleas decorated the home.

After the wedding trip to Lubbock, Plainview and Hereford, the couple will live at 1734 Amarillo, Abilene.

Mrs. Carter is a graduate of Ryan High School, where she was active in the glee club and in dramatics. She attended McMurry College, Abilene, and will resume her studies there. Her sorority is Alpha Psi Omega.

Mr. Carter attended Childress High School, where he was a member of the band and letterman in football. He was graduated from Abilene High School while Dr. Carter was Methodist district superintendent there. He is a graduate of McMurry College, having received his Bachelor of Science Degree in 1949; he was a member of the Chanters and Ko Sari. He is now employed at (See ORION, Page 14)

#### Session Is Held By Sub Deb Club

The home of Miss Donna Conley was meeting place for the members of the Sub Deb Club for a social period and discussion of the forthcoming "shipwreck" dance being planned by the club.

Cokes and cookies were served. Present were Misses Zulf Margaret Brown, Betty Howard, Dorothy Dixon, JoAnne Bennett, Donna Conley, Merdella Roberts, Delores McAdams, Jean Hendricks, Charlotte Hendricks, Ann Sidwell, Shirley Biard, Lynn Cornelius, Joan Lumford, Marlene Leder, Virginia Jones, Mary Ellen Hawkins, Peggy Hukill, Sammie Frierson and Ann Berry. The group will meet at 7 p.m. Wednesday.

#### Mrs. J. W. Rodgers Is Honor Guest At Birthday Party

A recent birthday party was given for three honored guests, Mrs. J. W. Rodgers, Mrs. Judd Jones and Jacquelyn Hoyer, in the home of Mrs. Harry Hoyer, Sr.

Mrs. Rodgers, who celebrated her 73rd birthday, is the mother of Mrs. Hoyer, Mrs. Jones, Mrs. Mildred Cole and Ray Rodgers, all of Pampa, and Frank Rodgers of McLean.

Other children who sent gifts were Mr. and Mrs. Max Fields of Oklahoma City, Mr. and Mrs. W. Rodgers of Hobbs, N. M., Mr. and Mrs. Carl Hoskins, Norman, Okla., Mr. and Mrs. Charles Williams of Los Angeles, Calif.

Mrs. Rodgers had four grandchildren attending: Kelly and Christa Rodgers, Cleo Hoyer and his wife, and Harry Hoyer, Jr., and his wife. There were also three great-grandchildren present. They were Harry Glenn Hoyer III, Jimmy and Jacquelyn Hoyer.

The three birthday cakes and coffee were served buffet style by the hostesses, Mrs. Harry Hoyer, Sr., and Mrs. Harry Hoyer, Jr.

#### HEADS LA ROSA

LENA JEAN SMITH  
Lena Jean Smith was chosen to succeed Mary Lou Gantz as president of the La Rosa Sorority at a meeting in the home of Doris Ann King.

Malverne Miller was elected vice president; Donna Washington, secretary; Joan Ryan, treasurer, and Jan Dickey, reporter. Members attending the meeting were Barbara Radcliff, Mary Lou Gantz, Donna Washington, Malverne Miller, Letitia Holman, Henri Lou Sharp, Elsie Housden, La Juana Garner, Patsy Worrell, Wanda Forducey, Lena Jean Smith, Doris Ann King, and Miss Verda Elkins, junior sponsor.

#### 20th Century Club Studies 'Medicine, Medical Research'

Mrs. J. W. Garman was elected delegate to the seventh district convention in Memphis on April 27, 28 and 29, at a meeting Tuesday of the Twentieth Century Club. Mrs. E. L. Campbell was chosen as alternate. The meeting was held in the home of Mrs. V. J. Jamieson, 1324 Mary Ellen.

Program leader, Mrs. Pamela Massa, presented information on "New Medicines and Medical Research." She was assisted by Mrs. Campbell.

Mrs. Massa said the life expectancy has increased from 49 to 67 since 1900. She said that authorities believe this is due to the control of infectious diseases. Mrs. Campbell discussed "Antibiotics." Various new medicines were mentioned, including a remedy for arthritis.

## Varietas Club Members Give 'Guest Day' Tea in Honor of Foreign-Born Brides of U.S. Service Men

Foreign war brides were honored at a guest day tea given in the City Club Room Tuesday by the Varietas Club. Mrs. E. J. Haslam welcomed the guests and told the origin of tea, and discussed tea customs in other lands. Mrs. Albert P. Doucette, one of the honored guests, told of "Tea Time in England." Miss June Guill entertained with piano selections.

Hostesses were Mrs. H. P. Dosier, Mrs. H. T. Hampton and Mrs. J. C. McWilliams. Foreign war brides were Mrs. Doucette, Mrs. Lee Nelson and Mrs. Eva Trostle. Mrs. E. J. Haslam presided at the silver tea service at one end of the lace-laid, flower-centered table.

Other guests were Mrs. H. A. Gilliland, Mrs. Carlton Nance, Mrs. Joe Shelton, Mrs. George W. Taylor, Mrs. C. P. Conover, Mrs. C. E. Haney, Mrs. J. R. Spearman, Mrs. W. L. Boosa, Mrs. L. E. Cool, Mrs. T. C. Lively, Mrs. W. S. Exley and Mrs. H. B. Howse.

Members attending were Mrs. Henry H. Butler, Mrs. J. G. Cargile, Mrs. J. G. Doggett, Mrs. S. C. Evans, Mrs. Lee Harrah, Mrs. E. J. Haslam, Mrs. F. E. Imel, Mrs. Dow King, Mrs. R. W. Lane, Mrs. W. H. Mosely, Mrs. Luther Pierson, Mrs. Sherman White, Mrs. Frank Wilson, Mrs. J. C. McWilliams, Mrs. H. P. Dosier and Mrs. H. T. Hampton.

#### What's Cookin' In Gray County HD Club Work

By MARY ANNE DUKE  
DECORATION CLINIC

The Pampa branch of the American Association of University Women will sponsor an interior decoration clinic on Saturday, March 25. The all-day meeting, which will be held in the City Club Room, will open at 10 a.m. Miss Ann Hastings, decorating consultant, will demonstrate harmony in color, design and textiles in home furnishings during the morning session. After lunch, the group will participate in making lamp shades.

Mrs. Ray Salmon, AAUW president, has announced that the meeting will be open to any woman who wishes to attend. Home Demonstration Club women are invited to attend, and living room demonstrators will be expected to attend the all-day meeting.

There will be an opportunity for questions to be asked, so bring your questions and problems on home furnishings. This is a wonderful opportunity the AAUW is giving the women in Pampa and Gray County. Make your plans to attend the interior decoration clinic on March 25.

FEARS AND FACTS  
Many homemakers have asked whether cooking with aluminum utensils endangers the health of their families. Here is the latest release on the subject:

"Food superstitious die hard even when scientific research and long practical experience both show them wrong. Examinations, recent letters to the U.S. Department of Agriculture and the U.S. Public Health Service show that misinformation about dangers from aluminum cooking utensils is circulating, even though the American Medical Association, the U.S. Public Health Service, the British Ministry of Health and many other authoritative bodies have agreed and stated frequently the aluminumware is quite safe for ordinary cooking."

"Aluminum naturally is present in ordinary drinking water, in most foods, both raw and cooked, and in the human body. One health authority states that the amount of aluminum dissolved in the preparation of food is so small as almost to escape detection, and that much more is found in the human body."

"Hospitals all over the country, including those run by the U.S. Government, use aluminum cooking utensils," notes Louise J. Peet of the Iowa Experiment Station. This would not be so if the research on aluminum in cooking had given the slightest suspicion of danger from it. Dr. Peet says that aluminum is found in many baking powders, and also in some vanishing creams and deodorants which are applied to the skin, and thus is readily absorbed by the body.

"From such preparations the body takes in much more aluminum than from foods cooked in aluminum pans. Aluminum serves many useful purposes in modern food packaging. Aluminum foil is used to wrap candy, cheese, butter and frozen foods. It also is used in milk bottle caps. None of these uses is harmful."

#### Originality, Good Taste Named as Necessary in Home Decorations in Talk at Civic Culture Club

Mrs. E. C. Thompson talked on "Art in the Home" at a meeting of the Civic Culture Club. She told the members "Many are timid about trying to apply their knowledge to the decoration of their homes, yet decoration is one of the simplest of all arts. A home that expresses the personality of those who reside within is far more interesting than a home that is correct in every detail, but has no soul. Remember, originality is one of the most necessary requisites next to good taste. If you can gain these two things and stamp the room with your personality or the personality of the persons who live in it, you are a successful interior decorator."

During the business session Mrs. Lloyd Rinehart, secretary, announced that the seventh district convention will be held in Memphis, April 27, 28 and 29. Mrs. M. M. Moyer will be Council of Clubs representative next year.

A group picture of the club members was taken to be used in the special club edition of the Pampa News. Mrs. John Brandon, president, was in charge of the business session and Mrs. E. C. Thompson gave a Council of Clubs report. Club members voted in favor of a fall reception for incoming club presidents, and Mrs. Katie Vincent reported on the Red Cross Drive in which the club participated.

Present were Mrs. E. C. Hart, Mrs. C. E. Davis and Mrs. Pat Bednorz of White Deer, guests, and members: Mrs. M. M. Moyer, Mrs. Willis White, Mrs. Katie Vincent, Mrs. J. B. Townsend, Mrs. E. C. Thompson, Mrs. F. W. Shotwell, Mrs. Lloyd Rinehart, Mrs. A. C. Houchins, Mrs. A. D. Hill, Mrs. John Brandon, Mrs. Emmett Cole, Mrs. L. E. Cool, Mrs. Irvin Cole and Mrs. D. W. Coffman.

#### White Deer High School Plans Alumni Banquet

WHITE DEER — Plans are underway for the second White Deer High School Alumni Association banquet which is to be held in the High School Gymnasium, April 8 at 8 p.m.

The executive committee of the association met February 23 to start plans, and later another meeting was held to appoint committee. Present were: Richard Barnes, appointed president; Richard Barnes, appointed secretary-treasurer; and Bonnie Williams, who resigned, was filled by Josephine Mikhien.

A registration tea for the alumni and their guests is being planned preceding the banquet from 6 p.m. until 7:45 in the Grade School Auditorium. The purpose of the tea is to obtain the correct addresses of members of the alumni and to provide a visitation period for friends and acquaintances.

It was decided at the last meeting that each married graduate would be permitted to bring his or her husband or wife, and each married couple, of which both husband and wife are graduates, may bring as guests one couple, if one of the couple has previously attended White Deer High School. Each unmarried graduate, except this year's seniors, may bring one guest.

#### Symphony Rehearsals Begin Monday Night

Mrs. May Foreman Carr announces rehearsals of the Piano Symphony at the Tarpley Music Store as follows: Monday, the Junior High group will meet; High School group at 7:30, and the adult group at 8.

Mrs. Carr also stated that there will be six more rehearsals before the final week of the concert, and urged all members to be present for each one.

The following quartets will meet for rehearsal in Mrs. Carr's studio during the coming week: Tuesday, 8 p.m., Mrs. A. E. Cowan, Mrs. Juanita Haynes, Mrs. Burton Reynolds and Jack Andrews. At 7 p.m., Miss Angela Duncan, Mrs. O. J. Payne, Mrs. Betty Brock and Mrs. B. W. Waters.

On Wednesday: Mrs. J. F. Curtis, Mrs. Arthur Teed, Mrs. W. L. Rowntree, and Harley Bullis. Thursday evening: Mrs. Frank Turpen, Mrs. Irvin Cole, Mrs. Calvin Whitley and Mrs. Harold Deer. Friday evening: Mrs. A. A. Schueman, Mrs. Calvin Jones, Miss Eloise Lane and Miss Elise Donaldson.

#### All Units and Posts of Legion and Auxiliary to Be in Phillips March 22

A meeting of all units and posts in the Eighth Zone of the American Legion and Auxiliary will meet in Phillips at 7:30 p.m. Wednesday. All members who plan to go, but do not have transportation, should contact Mrs. Ralph Kiser.

This information was given at a meeting of the American Legion Auxiliary held in the City Club Room Thursday evening.

#### Bread and Butter Sidelines' Eyed By B&PW Club

"Bread and Butter Sidelines" was the topic of the Business and Professional Women's Club meeting, held in the City Club Room Tuesday evening. Opening the program, Farris Eden discussed the school bond election.

The program, led by Mrs. Minnie Barnes, concerned hobbies that had made of various small money makers or into full time businesses. Mrs. Barnes presented several local women who have turned their hobbies into paying businesses.

Mrs. L. B. Larson told of her culture of orchids and displayed the peculiarities of the plants and the difficulties encountered in growing them, and answered questions regarding the culture of the delicate plants.

Also on the program were Mrs. Russell Cartwright and Mrs. Roberta Appleton. Mrs. Cartwright displayed lamps which she had made of various woods, told of the demand for them, and the possibility of turning their manufacture into a full time business.

Mrs. Appleton showed a lamp shade which she had designed and made of redwood burl. This program was in keeping with the B&PW policy of encouraging all women to cultivate hobbies, especially those that have business possibilities. Mrs. Madge Rusk was program chairman.

Mrs. Lillian Jordan, president, called the meeting to order, and roll call was answered with "My Hobby."

#### Junior Art Group To Study 'Grooming' At March 23 Meeting

Mrs. Lena Cain hosted a meeting of the Lefors Junior Art and Civic Club recently.

Retha June Jordan became president of the club upon the resignation of the president, Billie Gattin. Other officers are Colleen Dunn, first vice president; Mary Sue Martin, second vice president; Juanita Shipman, third vice president. Those who will serve on the membership committee with Mrs. Shipman are Frances Clements and Carolyn Hughes.

Subject of the next meeting, to be held in the home of Mrs. Gloria Casey on March 23, is "Grooming." Those who will speak on the subject are Jean Sims, Betty Seals and Juanita Shipman. Secret pal gifts were exchanged during the social period and refreshments were served.

### John Carter, Tenor, Will Sing At Junior High Thursday Night

Dr. Douglas Nelson said "Exuberant . . . charming . . . and a possessor of dynamic personality — that describes John Carter, youthful tenor of the Metropolitan Opera Association who sings here Thursday, for the final number of the Pampa Community Concert Association in this year's series." The concert will be held at 8:30 p.m. in the Junior High School Auditorium.

Carter is said to be one of America's favorite people as well as one of the nation's favorite

#### New Hearing Device Has No Receiver

Button In Ear

Chicago, Ill. — Deafened people are hailing a new device that gives them clear hearing without making them wear a receiver button in the ear. They now enjoy songs, sermons, friendly companionship and business success with no self-conscious feeling that people are looking at any button hanging on their ear. With the new invisible Phantomoid you may free yourself not only from deafness, but from even the appearance of deafness. The makers of Beltona, Dept. 40, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement they will gladly send you their free brochure (in plain wrapper) and explain how you can test this amazing invisible device in the privacy of your own home without risking a penny. Phone 680 for home demonstration. adv.

voices. According to one New York critic, "he has a voice that is well-focused, of mellow, creamy texture, essentially warm and lyrical tempered with real punch and resonance."

The year 1938 will be long remembered by both Carter and his appreciative audiences. For in that year the tenor was awarded first prize in the Metropolitan Auditions of the Air, became an overnight sensation when he temporarily took over Nelson Eddy's spot on the Chase and Sanborn Hour, successfully debuted at the Metropolitan, and began concerts which caused appreciative demonstrations wherever he appeared.

It began when the depression cut short Carter's engineering career while he was enrolled in the College of the City of New York. The following years found him working his uncle's farm in Rockland County, New York, and giving informal recitals for "money on the side." With this revenue he began taking vocal lessons. After two years of sincere and conscientious study, his teacher decided he was ready to try for the Metropolitan.

Determined to fulfill his faith in his artistic development, Carter won the audition contests against 707 competitors. Radio discovered that his voice was a brilliant tenor possessed of a quality that talent scouts were pleased to describe as "vocal magnetism." Movie scouts embraced him by discussing in his presence the screen possibilities of his handsome face. After his "plum" of the season

### Miss Reba Prince, A Bride-to-Be, Is Shower Honoree

Miss Reba Prince, bride-elect of Carl M. Porter, Tahlequah, Okla., was honored with a surprise lingerie shower in the home of Mrs. A. C. Brown, five miles northwest of the city. Mrs. D. T. Stewart and Miss Gorda Bell Miller were hostesses.

Miss Prince's chosen colors of blue and white were carried out in decorations. She was presented with a corsage of white sweetpeas tied with blue ribbon.

Mrs. G. W. Bigham presided at the register, a white leather bound book engraved in gold, a gift to the honoree.

The hostess served from a table covered with a white hand crocheted cloth and centered with a bowl of ivory. The tea service was of sterling silver, and plates, cups and napkins were pink and white. A "Here Comes the Bride" theme was carried out. Punch, macaroons and fruited jello were served.

The honoree's chosen colors were used throughout the home and a special chair was decorated in blue and white bows and streamers. Games were played during the evening.

Guests present were Mrs. Clyde

### ORION

(Continued From Page 13) the West Texas Utilities Company, Abilene.

Those who attended the wedding from this vicinity, in addition to Dr. and Mrs. Carter, were the Rev. and Mrs. R. H. Campbell of Lefors and the Rev. Luther Kirk of Perryton.

As early as 1740, three Marine regiments were recruited in America, assembled in New York under the command of General Alexander Spotswood of Virginia, and performed valiant service in the West Indies for the Royal British Navy.

Prince, Mrs. J. D. Parker, Mrs. Lee Miller, Mrs. John Sweetwood, Mrs. G. W. Bigham, Mrs. E. M. White, Mrs. A. C. Brown, Mrs. D. W. Mitchell, Mrs. D. T. Stewart, Mrs. Frank Hogsett and Mrs. Ida Raney.

Misses Reba Prince, Oleta White, Sandra Bowman, Patricia Brown, Myrna Randolph, Gorda Bell Miller, Glendora Caughey, Betty Randolph, Edna Rose White, Helen Caughey, Joan Parker, Mary Elizabeth Miller, Frances Prince, Joan Marrow, Teddy Jean Brown, Charlene Mixon and Avis Marie Cross.

Also present were Lawrence Mitchell and Billy Brown.

Gifts were received from several who were unable to be present.

### Jaycee-Ettes Have Business and Social Meeting

At a luncheon in the Schneider Hotel Dining Room on Wednesday, the Pampa Jaycee-Ettes convened and afterwards held a business meeting.

Mrs. Rusty Ward, who presided, gave a report from the Council of Clubs, which included information on the school bond issue. The bake sale, which was conducted by the organization on Saturday, was reported on, and the club voted to have a bake sale each month. A letter of resignation from Mrs. Lee Cienaros was read by Mrs. D. A. Brown, secretary.

The president announced there will be a meeting of the Board of Directors at 4 p.m. March 20, at her home.

Plans for the spring formal dance, which will be in the Schneider Hotel on April 7, were discussed.

Mrs. Ward informed the group they are to be guests of the Jaycees on Tuesday evening for dinner and their regular meeting. A film is to be shown at that time.

The following members were present: Mrs. Weldon Adair, Mrs. Artie Aftergut, Mrs. Paul Appleton, Mrs. Jim Arndt, Mrs. D. A. Brown, Mrs. Bill T. Braly, Mrs.

### 20th Century Culture Has Program on 'Texas on Parade'

"Texas on Parade" was the subject at a meeting of the Twentieth Century Culture Club, when the members met in the home of Mrs. Fred Thompson Tuesday.

For roll call each member gave a short sketch of a prominent Texan, living or dead. A discussion of "New Texas Industries" given by Mrs. J. R. Donaldson, followed roll call. Mrs. Myles Morgan discussed "Appreciation of Texas Poetry."

Present were Mrs. Jeff Bearden, Mrs. J. R. Donaldson, Mrs. M. K. Griffith, Mrs. H. H. Hahn, Mrs. E. L. Henderson, Mrs. Rufe Jordan, Mrs. Leslie Hart, Mrs. Hueyn Laycock, Mrs. Myles Morgan, Mrs. W. B. Weathered, Mrs. L. J. Zachry, Mrs. Vernon Hobbs and the hostess.

Ewert R. Duncan, Mrs. W. S. Fannon, Mrs. Don Foster, Mrs. Elmer Francis, and Mrs. H. C. Grady, Jr.

Mrs. E. A. Johnson, Mrs. Clifton McNeely, Mrs. Bob Miller, Mrs. Jack Nimmo, Mrs. Pinky Sims, Mrs. Bill Stockstill, Mrs. Roy Taylor, Mrs. Frank Terhune, Mrs. T. O. Tipps, Mrs. A. B. Udashen, Mrs. Jack Vaughn, Mrs. Rusty Ward, Mrs. Floyd Watson, and Mrs. Paul West.

### WHAT'S COOKIN'

(Continued From Page 13) many people who have invested in aluminumware.

The agent heard Mr. Tony Welker talk on "Soil Care" Tuesday afternoon at the Hopkins Club. Mrs. Reeves and Mrs. C. A. Brickey soon learned that Mr. Welker was really a soil specialist, and they invited him to go home with them and in-

vestigate problems they had encountered with their garden soil, which he did, following the club meeting.

Hope you heard Mr. Welker's discussion on soil care as he was interviewed by Mrs. H. H. Threatt on the Extension Service radio program at 11:30 Saturday morning.

Consumption of wood fiber in Africa and Asia is two pounds per capita a year.

# 20,000 Top o' Texans Turn Out for Irish Festival

**GALA DAY IN SHAMROCK**—An estimated 20,000 persons attended the St. Patrick's Day festival at Shamrock Friday. The highlights of the day included the 3-mile-long parade, the crowning of Mr. and Mrs. Shamrock, and the coronation of Miss Irish Rose of 1950. Picture No. 1—First-place winner in the organization section of the St. Patrick's Day parade was the Lions Club float. A novel thing about the float was that the lion really growled. No. 2—The Lefors Pirate Band is pictured as it marched through the main part of town as a part of the 45-minute parade. In ad-

dition to the Lefors Band, 17 bands marched in the parade, including the Pampa Band. The Pirate Band uniforms are orange and black, and the director is Miss Evelyn Carman. Sue Redus is majorette. No. 3—In accordance with the spirit which prevails when the Irish pay homage to their patron saint, many Shamrock men grew beards. Here are pictured some of the bearded men who were present at the festival and marched in the parade. The beardless man second from the left is Pete LaMaster, Perryton.

No. 4—Mr. and Mrs. Howard Weatherby and son, Frank, are pictured shortly after the Weatherbys were crowned Mr. and Mrs. Shamrock of 1950. Jack Montgomery, Shamrock mayor, did the honors. No. 5—Prior to the regularly scheduled square dance exhibition by the Southwestern Exhibition Champions of Amarillo, a group of Shamrock students ranging in age from four to fourteen, performed on the street platform, located in the 100 block on East Second. No. 6—Costumes and beards were the order of the day at the St. Patrick's celebration Friday. George W. Wel-

don and his small son, Gary Wayne, carried out the order in the letter. Both father and son wore hats of Shamrock Green, and Weldon sported a fashionable Irish beard. The other two men are D. L. Vineyard, left, and A. C. Brown. All are from Shamrock. No. 7—Mrs. James R. Tindall takes a sprig of shamrock from the bunch held by Vernon Brown. The shamrocks were picked Wednesday in Shannon, Ireland, and flown to Shamrock by TWA Airlines. (News Photos and Engravings)

## New Orleans Truce Denied

LOS ANGELES (AP)—Mayor Delesep Morrison of New Orleans described as "pure speculation" published reports that he and Governor Earl K. Long of Louisiana were negotiating a truce.

"It's pure speculation—there's nothing I can say about it," Morrison said in an interview here.

New Orleans newspapers have printed stories that Morrison and Gov. Long were considering a truce in the political battle which started in 1948 when the Legis-

lature, controlled by the Long faction, passed several bills decreasing the city's revenue and taking the police department from under Morrison's control.

The newspaper stories said that the Morrison faction would either endorse or not oppose the reelection of U.S. Senator Russell Long (D-La), the governor's nephew and son of the late Huey P. Long. Senator Long comes up for re-election in July.

In return, the newspapers said, the governor "would use his influence with the state Legislature to restore to the city some or all of the revenue which the Legislature took away from the city in 1948."

Besides the Bell system, approximately 6,000 telephone companies are operating in the United States, largely in rural areas.

**TITO APPLAUDS APPLAUDERS**— Marshal Tito of Yugoslavia responds to applause in East European fashion by clapping his hands after a speech during a rally in Belgrade.

## Texas Boasts Top Gain in Farm Income

WASHINGTON (AP)—Texas farm income for January showed the biggest gain of any state compared with January, 1949, the Agriculture Department reported.

Texas farmers' income was \$196,634,000, an increase of \$95,152,000 over January, 1949.

The department said that the national total of farm income showed a drop of about two percent.

Iowa's farm income for the month topped the nation. But Tex-

as and Florida made the biggest gains.

Florida's total jumped from \$30,816,000 to \$44,550,000.

Iowa farmers pocketed \$232,225,000 up from \$229,098,000. Then came Texas, Illinois, California, and Kentucky.

Other states showing gains included Oklahoma \$51,237,000 and \$38,728,000.

## Aid to Blind Man Costs Broken Ribs

CHICAGO (AP)—Mrs. Gladys Mattson took a blind man by the arm to help him across the street. A car ran through a red light and bore down on them. Mrs. Mattson pushed the blind man out of the way. But she didn't have enough time to save herself. Her unselfish deed cost her several broken ribs.

## Australia Seeks Migration Raise

CANBERRA, Australia (AP)—Australia's new government plans to step up migration to Australia to 200,000 this year. Of these 100,000 will come from Britain. There will be 50,000 displaced persons from Europe, 10,000 Hollanders and 40,000 people from a variety of countries including Malta and Eire. Immigration Minister Harold Holt said the government will follow three principles in migration.

Increase the annual intake of migrants to the highest possible level. Maintain that intake over a long period. Concentrate on getting a predominance of British stock.

## Italy to Display Phony Paintings

ROME (AP)—Italy will treat art lovers to a real exhibit of phony paintings. It's being organized by the Fine Arts Division of the Education Ministry and will be held later this year.

A nation-wide appeal has been sent to all museum superintendents asking them to submit outstanding examples of falsifications of the great masterpieces.

The sap of the coconut palm, called toddy, is a favorite drink in many Pacific Islands, according to the National Geographic Society.

## Truck Freight Control Asked

WASHINGTON (AP)—The Texas-Louisiana Freight Bureau has asked Congress to give the Interstate Commerce Commission more control over motor carrier rates.

In a statement read to a House interstate commerce subcommittee, Henry N. Roberts of Dallas, chairman of the freight bureau, urged that the ICC be given jurisdiction over truck rates on shipments originating in U.S. possessions.

As the law now stands, the ICC has jurisdiction over rail rates on shipments originating in U.S. possessions, but not over truck rates.

Robert A. Neahlt, representing the Galveston Chamber of Commerce and other Galveston organizations, also urged passage of legislation sponsored by Rep. Thompson (D-Tex) to extend the ICC power. He said it now is possible for truckers to put discriminatory rates into effect.

**Roosevelt Letters Now Public Property**  
HYDE PARK, N. Y. (AP)—President Franklin D. Roosevelt kept a copy of almost every letter he wrote, and almost every letter he received after he began his political climb.

Friday more than 5,000,000 of these letters became public property—a mirror to one of the vital eras of world history.

## Crocodile Hunt No Longer Good

DARWIN, Australia (AP)—Come to Darwin by all means, but don't expect to make a fortune shooting crocodiles, says Northern Territory Administrator A. R. Driver.

Crocodile hunting grounds in the vast thinly populated Northern Territory of Australia have been shot out in the last 20 years. The 30-foot monsters have gone, and today any croc more than 10 feet long is thought a good skin.

Every year dozens of young men return south—disheartened after having gambled their savings on a spotlight, a dinghy, a 308 rifle, and a dark mosquito-ridden river, says Driver. Most of the successful shooters are established in some business in Darwin, and take a few months off each year to go shooting.

## Manford Assails Salary Schedule

AUSTIN (AP)—Speaker Durwood Manford frowns on the salary scale proposed by the state board of education in its reorganization plans for the department of education.

He said the salaries are out of line with comparable jobs in other state departments and should be cut. The scale runs as high as \$12,000—not including the \$17,500 salary already approved for Commissioner of Education J. W. Edgar.

Manford is chairman of the legislative audit committee, which has the legal duty of approving all expenditures of the education board.

Dr. Edgar, commissioner of education, had no comment.

## GIRL SCOUT NOTES

By MRS. FRANK FATA  
Public Relations Chairman

TROOP 22

Girl Scout Troop 22 met Tuesday and worked on My Troop Badge. Patsy Dial, Jan Dyer, Cella Fowler, Barbara Hoover, Sherry Hyatt, Carolyn Lane, Rose Langford, Eileen Moore, Judy Neslage, and Vicky Osborne each presented a Scout Law and explained it to the troop.

Phyllis Burns explained the Scout Motto. Ann Price explained the Scout Salute and Jeneane Price told how and when to use the Scout Salute. Sandra Sullins then gave a brief history of Girl Scouting, followed by Gaynell Grundy who gave a summary of the lives of Lord and Lady Baden-Powell and Frances Wade who told how, as Scouts, the troop can apply the Laws to their lives.

Under the Housekeeper Badge Mrs. Harold Osborne, leader, discussed with the troop what a good housekeeper does to maintain a well kept home and explained household tools as to use in the various cleaning jobs.

The troop started a troop library with 12 books, more to be added. Eileen Moore and Vicky Osborne acted as librarians. Teams were chosen for the ping pong tournament to be held soon and the meeting ended with the patrols having a "set the table" relay race with the Scarlet Tanager patrol as winners.

Mrs. Waldon E. Moore and Mrs. Walter Hyatt, assistant leaders, attended the meeting.

TROOP 24

Brownie Troop 24, under the leadership of Mrs. John McNeill and Mrs. Veri Hagaman, visited Clayton's Floral Shop Wednesday, March 8. After going through and seeing all the flowers and young growing plants each girl was given a carnation. This was in connection with their project "Community Life." The girls also enjoyed their hike in the out-doors to the florists and back to Woodrow Wilson School. Those who attended are: Ann Lovelace, Charleta

Baker, Brenda Brown, Linda Doggett, Mary Ann Johnson, Linda Joyce Kennedy, Glenna Lewis, Sara McNeill, Marketa Morehead, Vicki Payne, Dorothy Thompson, Sara Nell White and Shirley Jean Wright.

TROOP 15

Fifteen members of Brownie Troop 15 met Thursday with Mrs. Doyle Osborne in charge of the meeting. Mrs. Omar Bybee and Mrs. Farris Oden assisted her since Mrs. Myles Morgan, leader, was unable to attend.

The troop visited Price's Greenhouse and were presented souvenirs. They then returned to the Presbyterian Church for a short business session, at which time they were told that the troop cleared \$10.85 at the Friendship Fair. Mrs. Osborne served refreshments of punch and cookies to Signora Ann Bybee, Karen Capps, Glenda Finkelstein, Barbara Holt, Linda Kay Landers, Sheila Nelson, Rebecca Oden, Janet Osborne, Sharron Osborne, Karen Pieratt, Karen Kay Priest, Mildred Radcliff, Bennie Stephens, Jan Whitte and Mary Williams.

TROOP 23

Troop 23 under the leadership of Mrs. W. E. Hinton, Mrs. J. C. Steward, and Mrs. Gordon Rice enjoyed a skating party Thursday. Attending were Dorothea Allen, Carol Carnes, Sheila C. Chisholm, Nancy Coley, Sharon Cook, Jeanie Halley, Carol Henry, Betty Ann Hinton, Carol Hughes, Charlotte Ann Leder, Myrna Matlock, Carole Ree Miller, Karen Rice, Jerry Shelton, Martha Skelly, June Smith, Ruth Helen Steward, Mary Elizabeth Young, and Mary Anita Wedgeworth, along with their guests, were served cokes and popcorn.

## Ancient Mill Still Grinds

MILLINGTON, Md. — (AP) —

Time hasn't been able to do much more than gnaw up a set of grinding stones at the old Millington Mill. Serenely, under its seventh owner, the mill pursues the placid business started 186 years ago when Thomas Gilpin built it with bricks imported from England.

The structure has three stories, with beams roughly hewn from tree trunks, fastened with wooden pegs. One of the thick timber beams in the center of the first

floor ceiling shows a long gash down the side, a memento of the war of 1812. The mill was used as a granary then and the gash was produced by overloading the second floor with grain.

Ex-GI Robert O'Dell is the current owner of the venerable mill. O'Dell and his brother Dorn now grind out flour and corn meal for

the farmers and villagers of Maryland's sedate and withdrawn Eastern Shore in much the same fashion as the generations of millers before them.

Cliffs on the northeastern Florida coast rise 6,000 feet.

CUB TAMER

CINCINNATI — Pitcher Ken Raffensberger made six starts for Cincinnati against Chicago in 1949, won all six, and pitched six complete games against the Cubs.

Fair Enough - Pegler

By WESTBROOK PEGLER
(Copyright, 1950)

I trust that I am not high-sounding about this, but in common with other Americans who...

Another Case of Federal Meddling
THE IDEA is common that the great growth of the federal government is strictly a Washington affair...

It took 65 people some 500 man-days to sign up DeKalb's farmers in the Agriculture Department's conservation program...

When repeat came, Forbes Morgan, an uncle of the Empress Eleanor, knocked down the capital prize, a synthetic job as the czar, or commissioner, of the industry at \$100,000 a year...

When Elliott shook down John Hartford of the Great Atlantic and Pacific Grocery chain, for \$200,000 he wasn't crude enough to promise that A&P would have nothing to fear from the corrupt New Deal Department of Justice...

When the statistics would be even more striking elsewhere, DeKalb isn't a typical county. It has fewer federal workers than most counties of similar size...

Washington.....by Peter Edson
WASHINGTON - (NEA) - There's a new wrinkle going around on the old wheeze about...

Some people working on this list would no doubt like to approach it from the Dan Cupid angle and do some ideal match-making...

Perhaps the easiest way to start on this problem would be to conduct a national lottery. Leave it to chance. That's what Mother Nature has done since the beginning of time...

First off, you would want a scientist. Somebody who could run a Geiger counter and tell you where it would be safe to put your tooties without getting them ray-burned in an atom-contaminated world...

Jimmy wrote on the life of George Washington Hill, the president of American Tobacco, Jimmy said that in November, 1932, after his father's first election, he learned that Hill was about to visit his father at Warm Springs...

So Jimmy was not "trying to ask any favors" but would "greatly appreciate especially good cases of these two business prospects by the president-elect of the United States, Jimmy already had written a \$3,500,000 life insurance policy on Hill...

Hill was a rambunctious fellow who could have tossed the business to Jimmy just to stir up the animals. On the other hand, there is no telling what the Department of Justice might have had in pickle for American Tobacco...

Success Secrets
By BLAINE WHELAN
I have a private theory as to why Little Bo Peep's sheep got lost. It was because they had the habit of going around dragging their tails behind them...

When repeat came, Forbes Morgan, an uncle of the Empress Eleanor, knocked down the capital prize, a synthetic job as the czar, or commissioner, of the industry at \$100,000 a year...

When the statistics would be even more striking elsewhere, DeKalb isn't a typical county. It has fewer federal workers than most counties of similar size...

## Work Starts on Extradition Of Slayer of Texas Sheriff

MARFA, Texas—(AP)—The attempt to bring the slayer of the Presidio County sheriff to the United States settled down Saturday to work of extradition.

County Attorney Norman C. Davis and District Attorney Travers Crumpton were to meet here this weekend to work on the documents.

The admitted slayer, Jose Villalobos, escaped across the border and was jailed at Ojinaga, Mexico.

The sheriff, O. W. (Blackie) Morrow, was killed with his own gun a week ago when he tried to question Villalobos on a lonely road near Presidio.

Extradition may be a long process. Papers must go to Austin and Washington. The question then will be taken up by officials of the two countries.

The United States may attempt to prove Villalobos is an American citizen. Officers have documents

## Austin Schools Name Waco Man Superintendent

AUSTIN—(AP)—Irby B. Carruth, Waco superintendent of schools, has been hired as superintendent of Austin public schools.

The announcement was made by R. W. Byram, president of the Austin school board.

Byram said Carruth's appointment would be effective June 1

unless a replacement for him in Waco is found sooner.

The new superintendent has been employed for three years, Byram said, with the starting salary of \$11,000 to be increased to \$11,500 the second year and \$12,000 the third year.

Dr. J. W. Edgar, who resigned

as Austin school superintendent to become the first state commissioner of education, had been making \$12,000 a year. He became local school superintendent in July 1947.

Carruth received his Bachelor of Arts Degree at West Texas State Teachers College in Canyon

and his Masters at the University of Chicago. He has done graduate work at Columbia University, Lehigh University and the University of Texas. He studied in Europe in the summer of 1934.

## Smiths Are Dominant In Graduating Class

BETHLEHEM, Pa.—(AP)—The Smiths had their day at Lehigh University's mid-year commencement exercises. Six Smiths received diplomas from Lehigh President Martin D. Whitaker. All told, 180 seniors graduated.

And there's still plenty of Smiths in Lehigh's classes today—25 in fact.

## Advertising in the News Means Business

Consistent advertising in The News is the best and most economical method of telling the people of Pampa — and its trade area — about your business.

MAY WE DISCUSS YOUR ADVERTISING PROBLEMS WITH YOU?

If there is one enterprise on earth that the quitter should leave alone, it is advertising. Advertising does not jerk—it pulls. It begins gently at first, but the pull is steady. It increases day by day, year by year, until it exerts an irresistible power.

—John Wanamaker.

**Barney Google**

OH, DEAR!! I'M AFRAID MY JUNGLE DANCE DIDN'T GO OVER WITH TH' JURY. BLUNDERBUSS-- NOT A SINGLE ONE SHOUTED "ENCORE"!!

TIGER!! YE WUZ-- MAG-- NANNY-- MUSS!!

**Barney Google**

YE PETRIFIED VARMINTS, GIT UP AN' GO HOME!! TH' DANCE IS DONE OVER!!

**Alley Oop**

I'M SOBBY ABOUT BOOM, BUT EVER SINCE TH' GRAND WIZER LOST HIS NECKLACE, I AINT HAD NOTHIN' BUT TROUBLE.

D'YA REALLY THINK HE SWIPED IT?

WELL, I JUST CANT LAUGH OFF HIS FOOT-- CAN I?

**Alley Oop**

OKAY, GUY. YOU'RE KING. YOU RUN THINGS 'TIL YOU'RE 'SELF.

RIGHT! AN IF TH' GRAND WIZER HAD FELT THAT WAY HE WOULDN'T BE IN JAIL!

IN JAIL?

YEH! Y'SHOULDA HEARD WHAT TH' OL' FOOL SAID TO ME! I JUST HADTA DO IT!

**CARNIVAL**

By DICK TURNER--SIDE GLANCES

"You're doin' fine, Battler! Two or three more rounds like this and he'll begin to get over-confident!"

**CARNIVAL**

By GALBRAITH

"Don't you think you'd better depend on dieting to reduce till we can afford a larger apartment?"

**Mutt & Jeff**

YOU WANT TO BE A DETECTIVE?

SURE! I'M SMART!

LIBSEN, LITTLE BOY, YOU GOTTA HAVE COURAGE TO BE A SMALL DETECTIVE.

MAY BE SMALL BUT I'M AS HARD AS NAILS!

YOU GOTTA KNOW HOW TO ACT! WHAT TO DO IN AN EMERGENCY.

OH, I KNOW! I KNOW!

LOOK! SUPPOSE YOU WERE IN A CAR ALL BY YOURSELF, AND A GANG OF BANDITS CAME BEARING DOWN ON YOU IN A LIMOUSINE-- 70 MILES AN HOUR-- WHAT WOULD YOU DO?

EIGHTY!

**Mutt & Jeff**

THE FOXES WIN! SAD BUNCH OF HOUNDS!

YOU WAITED HERE AT HOME BASE! THAT'S AGAINST THE RULES OF THE GAME!

YOU'RE WRONG, PAL! I FOLLOWED YOU AND CAME UP FROM BEHIND!

DIDN'T YOU SEE?

A LITTLE ARGUMENT, FELLOWS!

I SHOULD LIKE TO PRESENT MR. BRONC O'NEIL, IN WHOSE--UH-- STRONG HANDS I AM ENTRUSTING THE COACHIN' OF OUR SOFTBALL ORGANIZATION!

**Freckles**

THIS IS THE BOTTOM OF THE SKI RUN THAT CHRISTOPHER IS TRYING. HE SHOULD BE COMING DOWN ANY MINUTE NOW, ALONG WITH MR. RAIMONDI.

WONDER WHAT'S KEEPING THEM. THEY'RE OVERDUE.

LOOK, VIC, HERE COMES ONE OF THEM NOW! TOO FAR AWAY TO TELL WHICH ONE IT IS.

**Freckles**

WHILE SPEEDING TO MAKE UP LOST TIME, BO'S BENEFACTOR TRIED TO BEAT A BIG TRUCK THROUGH A ONE-WAY BRIDGE.

I THOUGHT YOU'D STOP YOUR TRUCK WHEN YOU SAW ME COMING.

HOW LONG HAVE YOU BEEN DRIVING? IT'S A LUCKY THING WE HAVE BRAKES.

I GUESS YOU ONLY GOT A SCRATCHED BUMPER--HEY-- YOUR DOG LOOKS LIKE HE GOT HURT!

OH, HE WAS HURT BEFORE. I'M TAKING HIM TO A VET.

BACK UP AND LET US OUT OF YOUR WAY.

**Bugs Bunny**

CICERO'S CHOPPING UP EVERYTHING WITH HIS NEW HATCHET!

STOPPIN' HIM'S SIMPLE! USE PSYCHOLERSY!

CHOPPIN' THINGS WITH THAT HATCHET IS HARD WORK, KID! WHY DON'T YA TRY SOMETHIN' EASIER?

HUH?

I THINK YOU GOT SOMETHIN' BUGS!

IT'LL BE A LOT EASIER WITH THIS!

**Bugs Bunny**

YOU MUSTN'T FEEL BAD ABOUT NOT GETTING A HORSE FOR YOUR BIRTHDAY, PRISCILLA!

TO BEGIN WITH, YOU'RE TOO SMALL! I ONCE KNEW A LITTLE BOY WHO OWNED A HORSE...

AND ONE DAY HE FELL OFF AND BROKE HIS LEG!

NOW WHAT DO YOU THINK OF THAT?

GEE WHAT A LUCKY KID!!

# Oil Market Slump Poses Multitude Of Problems for Laymen, Producers

By MAX R. SKELTON  
 FORT WORTH — (AP) — Texas, aside from economic reasons, has good cause to hope oil market conditions soon will improve. Statistics on the Texas oil industry are mounting rapidly, in some cases more than keeping pace with the headaches caused by the market demand slump that began over a year ago.

The state now has over 118,000 producing oil wells. The total is increasing at a rate exceeding 200 wells weekly.

At the end of 1949 Texas had proved crude oil reserves approximating 13,508,752,000 barrels, about 75 percent of the nation's reserves.

It also had a similar percentage — or 99 trillion cubic feet — of the nation's natural gas reserves.

Yet the state's Railroad Commission, an oil and gas regulatory body, is having an unusually large quota of troubles keeping producers — and laymen — happy with crude oil allowances. This is particularly true with laymen.

During the war and the post-war peak demand years Texas produced oil at maximum rates. Prosperity soared and it was easy for the layman — the oil town businessman, banker and city and county official — to forget about the early 1930's when crude prices in some areas dropped to 10-cents a barrel before the days of production.

The Railroad Commission and

Texas oil operators have been wrangling over the market slump problem ever since the commission ordered a cutback in production for January 1949.

They became alarmed long ago but it was only a few weeks ago

the average layman began to show signs of strain.

He has been slow in grasping what has happened in that the cutbacks have been distributed statewide. Business and incomes

slumped gradually in any specified area.

But last month the commission ran out of means of using a cushion to soften the effects of the cutbacks. The proration formula had been applied so long to cutbacks it threatened to shut down many low producing wells.

Allowable cuts had seen the state's crude output drop from a late 1948 daily average exceeding 2,700,000 barrels to an average last March 11 of 1,968,346.

The commission decided a new formula that would place all the wells in the state on an equitable basis was essential.

A formula known as the 1947 Yardstick was adopted. It gives identical allowances to wells of equal depth and serving similar acreage.

The new system brought the market demand slump crisis to the attention of laymen in several areas very quickly. Allowables in these areas were slashed by as much as 65 percent. Other areas remained about the same, the statewide allowable dropped only 5 percent.

The layman is having a hard time understanding what happened.

The commissioners logically could place the blame on the war and on the postwar peak demand period.

During those years the commission permitted operators to produce at maximum rates in so long as no oil was wasted and reservoirs were not damaged.

Allowables zoomed in many areas but other fields of comparable depths remained fairly low because of reservoir conditions.

The commission found itself in a tough spot when it decided to adopt a formula it believed would be equitable to all.

But the laymen found themselves in tough situations also.

When times were good they committed future oil incomes to paying for bond issues, public buildings and other projects.

No one seemed to consider that someday the pledged incomes might be affected by a sudden slump in production allowances.

The new proration formula caught a number of city and county officials and institution trustees with monthly oil incomes approximating only one-half the monthly payments due on long term commitments.

Residents of several areas placed these problems before the commission at week end and asked the new formula be tossed aside or amended.

The commission now must decide what to do.

Most every one agrees everyone is at an apogee.

The University of Houston is affected. Its regents had pledged oil income to payment of interest on loans made for five buildings now under construction.

University Business Manager J. E. Elmhurst told the commission:

"Whether the new formula is fair or not, it has created problems which must be solved. It suggests a compromising solution or segments of the state's economy will be out of balance."

PAMPA NEWS, SUNDAY MARCH 19, 1950 PAGE 21

## State Operators Make Large Additions to Crude Reserves

DALLAS — (Special) — Texas oil and gas operators accounted for 75 percent of all the new additions to the nation's crude oil reserves during 1949, an analysis of newest reserve estimates showed today.

"The role of the Texas oil man

in the national economy and national defense is highlighted by the revelation that he has discovered for Texas 55 percent of the nation's oil and gas reserves. These reserves provide the basis for Texas prospects of long-range prosperity," said Charles E. Simons, vice president and general manager, Texas Mid-Continent Oil & Gas Assn.

During 1949 the crude oil reserves of Texas, now estimated at 13,508,752,000 barrels, increased 7.6 percent. This was 74.9 percent of the total national gain in reserves.

More than a third of the national gain in reserves of liquids obtainable from natural gas was made by Texas, which has 27.6 percent of the liquid hydrocarbons which can be extracted from natural gas.

Adding both the reserves of liquids which can be extracted from gas and the crude oil reserves, Texas now has a total of 15,653,443,000 barrels of liquid hydrocarbons. Texas operators accounted for 70.3 percent of the 1,557,274,000 barrel total gain in liquid petroleum reserves made for the nation in 1949.

"Predictions that we are running out of gas, now voiced in some quarters, appear to be unfounded according to these latest reports on natural gas reserves," Simons said. "The report shows that Texas has 99.2 trillion cubic feet of recoverable natural gas reserves. Texas' new gas reserves of more than 3.4 trillion cubic feet accounted for 83.2 percent of the national gain. Significantly, net Texas production last year (3.02 trillion cubic feet) amounted to only 3 percent of the total estimated recoverable reserves in the state."

## Texas, U.S. Gas Reserves Up Over 3 Percent in Year

HOUSTON — (Special) — Texas and the nation are gaining in natural gas reserves, according to the figures released by the American Gas Association.

Natural gas reserves proved and recoverable in the United States as of Jan. 1, 1950, were 180.4 trillion cubic feet, reports AGA.

A year ago the AGA figure on reserves was 173.0 trillion. Thus in 1949 gas reserves gained 6.5 trillion, or 3.7 percent. This gain was accomplished despite recent net gas production of 5.2 trillion cubic feet.

Louisiana is runner-up to Texas as in gas reserves. It had 26.7

trillion cubic feet as the year began. During 1949 it led all the important gas states percentage-wise in gain in reserves with 11.3 percent.

More gas was added to proved recoverable reserves during 1949 than was produced. The same thing happened in 1948.

It would be grave error to take the 180.4 trillion cubic feet of today's reserves, divide by 1949's production of 6.2 trillion cubic feet, and conclude that we had only 30 years' supply of natural gas left, gas industry leaders caution.

"Continuing high rate of new gas discoveries must be anticipated on the basis of current record, they say.

While the AGA does not, Canadian geologists generally agree on a current figure of 10.0 trillion cubic feet of gas reserves already proved and recoverable for their country.

Two wells for a total initial potential of 3,688 barrels of oil daily were reported by Cities Service Oil Co. over the weekend.

In its Davignon No. 1 in Graham County, Kansas, Cities Service gave the newly-discovered West Morel pool its third producer, good for a 3,000-barrel maximum initial potential.

Another Seary County producer was reported finally by Cities Service. It is Austin No. 2, a Kelly pool producer good for a Texas Railroad Commission potential of 688 barrels of oil daily. The well is flowing from the Canyon Reef formation.

## Tournament Held By Cities Service

More than 120 Cities Service employees rolled their way through the Doherty Men's Fraternity bowling tournament at Ponca City, Okla., on March 12, to post higher overall scores than in any other year of the tournament's 12-year history.

Top honors in the handicap tournament were taken by Robert Strom of Amarillo, with 942, who was followed by second-placer Jim Howe of Russell, Kans., with 941. Howe was the stand-out bowler in the meet with a torrid 803 scratch for the 4-game series.

Respective placings went to W. C. Dunlap of Bartlesville, Okla.; with 908, J. A. Williams of Ponca City with 872, W. H. Allen of Bartlesville with 866 and Tom Ivy of Oklahoma City with 869. Walter Lane of Oklahoma City topped the field scoring 10 splits.

Hesman Island has been Chinese for 2,000 years.

## Two Cities Service Producers Completed

Two wells for a total initial potential of 3,688 barrels of oil daily were reported by Cities Service Oil Co. over the weekend.

In its Davignon No. 1 in Graham County, Kansas, Cities Service gave the newly-discovered West Morel pool its third producer, good for a 3,000-barrel maximum initial potential.

Another Seary County producer was reported finally by Cities Service. It is Austin No. 2, a Kelly pool producer good for a Texas Railroad Commission potential of 688 barrels of oil daily. The well is flowing from the Canyon Reef formation.

## U.S., Canadian Rotary Rig Activity Down 2,000-Barrel Well Sparks Sooner Work

DALLAS — (Special) — Rotary rig activity in United States and Canadian oilfields for the week of Mar. 13 showed a net decline of four units, despite some sizeable increases and decreases in the principal drilling areas.

The total for the week of 2,038 rigs, reported to American Association of Oilwell Drilling Contractors by Hughes Tool Co., compares with 2,042 active units a week ago, 1,970 a month ago, and with 2,008 the comparable week in 1949.

Operations in the various areas were as follows: Gulf Coast 491, up 16; Oklahoma-Kansas 377, up 12; Illinois 81, up 11; Ark-La-Tex 131, down 16; Rocky Mountain and Canada 134, down 10; West Texas and New Mexico 698, down 9; and Pacific Coast 126, down 5.

HARD DRIVER CORVALLIS, Ore. — Coach Slaits Gill calls Oregon State's coach Dick Ballantyne, the hardest driving guard he has seen on a basketball court since Wally Palmberg, the Beavers All-American of 1934-36.

ed by the Interstate Commerce Commission, it would, they say, eliminate participation by the common stockholders and allow but slight participation for the preferred stockholders.

## Connally Asks Probe Of Rail Line Plans

WASHINGTON — (AP) — Senator Connally (D-Texas) and 19 other senators have proposed an investigation of the plan for reorganization of the Missouri Pacific Railroad.

The Texas and his colleagues introduced a resolution Friday, urging such action.

The sponsors object to one of three reorganization plans approved

## Association Head Says Inherent Risks of Oil Business Require Continuance of Percentage Depletion Allowance

"The percentage depletion allowance is needed by all producers, small and large, because the risks are inherent in the business regardless of the scale of operations," said Frank M. Porter, president of the Mid-Continent Oil and Gas Assn. last week.

Speaking against the proposed cut in the percentage depletion given oilmen, Porter stated the large operators as well as the small ones use all the funds returned through the depletion provision and substantial additional capital in the search for and development of new production.

Statistics cited by Porter showed expenditures for developing crude oil production in the U. S. between 46.7 and 60.3 percent of the price of crude oil in the years 1946-48, or well above the maximum percentage depletion of 27.5 percent. "This fact has not been brought out as clearly in the hearings before the committee as it might have been because of the emphasis placed on the dry holes drilled by small operators," said Porter. "The proportion of dry holes drilled by small and large companies is far from reflecting the amount of money spent by these groups. The large companies have spent vast sums of money in exploration and have generally drilled the most expensive wildcat and development wells. The large companies have made and are continuously making substantial financial contributions to the drilling of exploratory

## Mexico Observes Anniversary of Foreign Oil Firms' Expropriation

MEXICO CITY — (AP) — Mexico celebrated yesterday the twelfth anniversary of the expropriation of nearly all foreign oil companies here.

As is the custom, the head of Pemex, the Mexican government oil industry, reported at a public meeting on how Pemex has done. Figures from Pemex, which took over the oil properties after the March 18, 1938, expropriation, show that production is up 25 percent over the private oil production. The last full year showed production of 57,875,000 barrels.

## Shell Planning Beckham Plant

Plans for construction of a large-scale gasoline extraction plant in the Elk City field, located in Beckham and Washita Counties, Okla., were announced Friday by W. A. Alexander, area manager for Shell Oil Co., Tulsa. This plant will be constructed by the Refinery Maintenance Co., Houston, and construction will begin immediately.

The plant, when completed, will be capable of handling approximately 100 million cubic feet of gas daily, Alexander said, and is designed to permit the adoption of facilities to provide cyclone, repressuring, and crude stabilization. These latter facilities would considerably increase the recovery of valuable products, but their installation necessarily depends upon the adoption of some plan to utilize the interests of operators and royalty owners. If such an agreement is attained, other operators in the field would be given the opportunity of sharing in the ownership of the plant.

The completion by Shell of the discovery well, J. G. Walters No. 2, in November, 1947, signaled the opening of one of the major oil fields in the mid-continent area.

The total investment of Shell and other companies in the field is expected to exceed 32 million dollars by the end of 1950. By conservative estimate, drilling alone now represents a direct investment of about 8 million dollars. Shell Oil operating 17 rigs in the field, anticipates drilling approximately 50 more wells during 1950 at a cost of about 10 million dollars.

Shell Pipe Line Corp. recently completed a 30-inch pipeline from Elk City to Cushing, Okla., a distance of 170 miles.

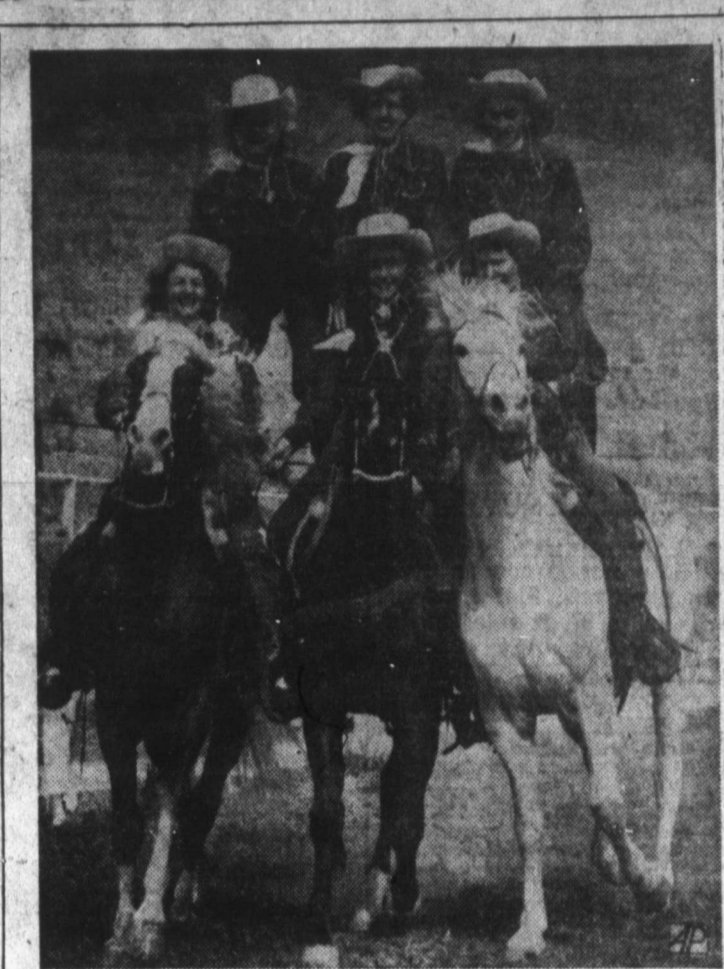

Members of The Valley Ranges, prize-winning horsemen from towns in California's San Fernando Valley, form a pyramid in practice at Van Nuys.

## Panhandle's Production Drops For Second Consecutive Week

Reports from the Panhandle field last week registered a second consecutive drop in oil production. Operators completed but eight wells for a total potential of 395 barrels. This is compared to last week's report showing 14 oil completions for 671 barrels. Production for the like period in 1949 was approximately 656 barrels.

Total production for the year is 9,636 barrels.

Operators started 12 new wells during the week. No gas completions were reported and no wells were reported plugged.

Residents of several areas placed these problems before the commission at week end and asked the new formula be tossed aside or amended.

The commission now must decide what to do.

Most every one agrees everyone is at an apogee.

The University of Houston is affected. Its regents had pledged oil income to payment of interest on loans made for five buildings now under construction.

University Business Manager J. E. Elmhurst told the commission:

"Whether the new formula is fair or not, it has created problems which must be solved. It suggests a compromising solution or segments of the state's economy will be out of balance."

## Texan's Measure Would Curb Flow Of Foreign Oil

WASHINGTON — (AP) — Rep. Burleson (D-Tex) has introduced two bills designed to curb the flow of foreign oil into this country.

The bills entered Friday would amend the internal revenue code to provide that imports shall not exceed exports of oil produced in this country.

Both bills would declare it to be a policy of Congress that the domestic petroleum industry shall be maintained in a condition to meet any demands for the fuel arising in an emergency.

The legislation would provide that imports shall include crude oil purchases abroad for use by the military establishment and for bunkering of vessels in U.S. ports.

at a barn 100 yards distant, when he heard his eldest son, Jimmy, shout, "the house is on fire."

He said his wife roused two older children, guided them to safety, and then carried out the younger boys.

## Mother, Children Burned in Blaze

FORT WORTH — (AP) — A Tarrant County farm wife and two of her children were severely burned Saturday when an early morning fire destroyed their home at Dove, five and one-half miles north of Grapevine.

They are Mrs. Corine Cook, 27, and Tommy, 2, both critical, and Charles Cook, 4, serious.

The father, Morris Weldon Cook, dairy farmer, watching anxiously over the injuries at city-county hospital here, said he was milking

## Humble Pays Over Million In Kent Deal

DALLAS — (AP) — Humble Oil & Refining Co. has entered the hot Kent County reef oil play on a \$1,360,000 deal.

Forrest Laidley, vice president of Lucerne Corp. of Dallas, said Friday Lucerne had sold Humble a lease on 1,360 acres out of the Atkins Ranch southwest of Clairmont. He gave the base price as \$1,000 an acre.

Laidley said that besides paying \$1,360,000 in cash for the lease, Humble bought between 200 and 300 royalty acres at an undisclosed price.

In the lease purchase Humble acquired the E-2 NE-4 of the 17 sections comprising the ranch.

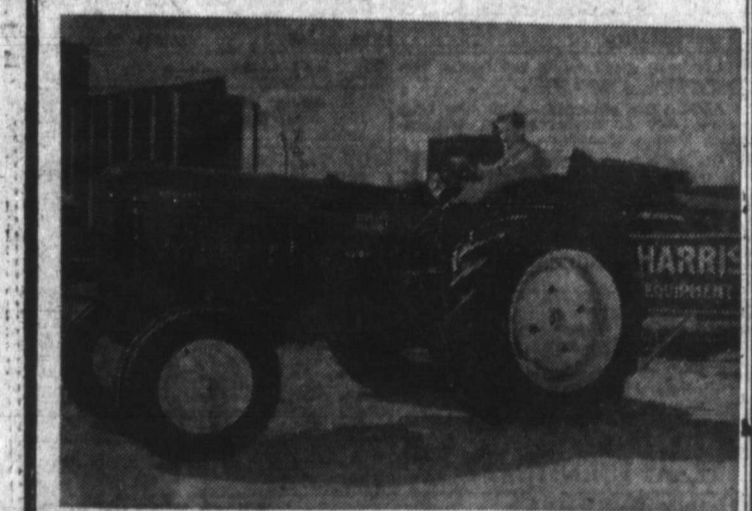

The ranch is about seven miles north of the Cogdell Reef field and on trend with the Hunt interests' indicated reef discovery on the Young Ranch, northwest of Clairmont. At present Hoyer & Heard, Dallas, are drilling a well in Sec. 42, SW-4 of the ranch. It is still above the reef.

The Dallas News says also approving the closing stage is a royalty sale involving approximately 1,350 acres under the ranch. The News says buyers are H. E. Chiles, Midland, and E. C. Lawson, Tulsa, with the acquisition coming from the Atkins heirs. The News says the reported price is said to be between \$250 and \$300 an acre, which would put the total amount involved in excess of \$325,000.

BREAK FOR ANNOUNCERS

HALLANDALE, Fla. — Sports announcers are pleased that Woolford Farm's three-year-old filly, Frenahilpea, had its name changed to Searcher.

## R & S EQUIPMENT CO RECEIVES NEW MASSEY-HARRIS DIESEL TRACTOR

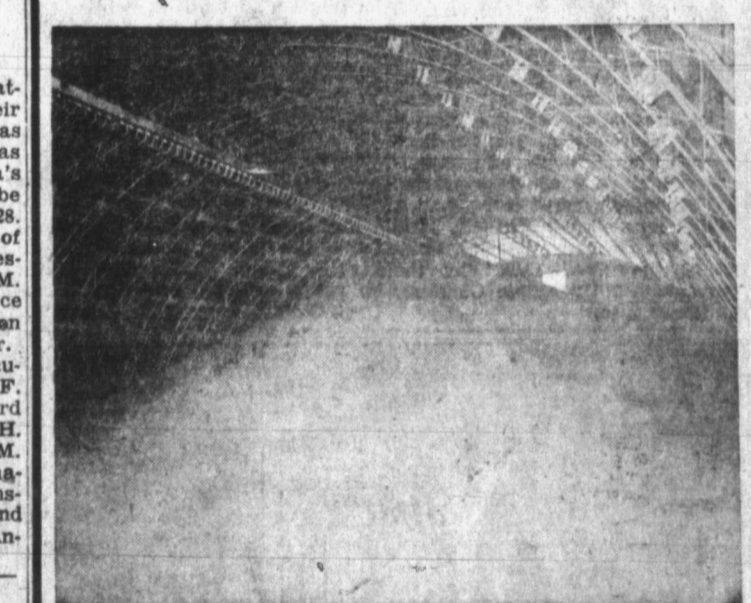

According to Messrs. Roberts and Skelly, Massey-Harris dealer, the new Massey-Harris "55" Diesel tractor they now have on display, is a full diesel tractor with the same power output and compactness of design as gasoline tractors of comparable ratings. It includes such features as cushioned power and "Dyna-cell" firing, low peak pressure for smooth, quiet operation with less strain on crankshaft and bearings, and high torque at low operating speeds to assure greater hauling capacity.

While similar to the Massey-Harris gasoline Model "55," the "Dyna-cell" is a new advantage introduced in diesel tractor design which Messrs. Roberts and Skelly claim eliminates power wasting diesel knock, permits lower pressure combustion and develops greater power with less engine weight. Fuel is injected from the pistons into the main combustion chamber in the form of a semi-spray where the outer portion is ignited by the heat of compression. The core or center portion of this spray is shot directly across the combustion chamber into the "Dyna-cell." The pressure meters out of the small outlet of the "Dyna-cell" immediately after the piston has started its downward stroke. The result is that the "coil" feeds the explosions to the pistons in a steady flow of power over a relatively long period of time, in effect, a cushioned power which gives more complete combustion of the fuel and a cleaner exhaust.

Messrs. Roberts and Skelly say that the Massey-Harris "55" Diesel is rated as a 4.5 plow tractor and has a compression ration of 14 1/2. It uses a single plunger fuel pump and built-in governor. A cold weather starting device, which consists of a heater coil in the induction system to preheat the air before intake, is available. Messrs. Roberts and Skelly add that the new Massey-Harris "55" Diesel is ready for demonstration to farmers in this area.

# FBI Doesn't Want to Act As Judge-Jury

By JAMES MARLOW

WASHINGTON (AP)—When Judith Coplon was tried here last year as a spy for Russia, some FBI files were dragged into the case.

This was done over the protest of the government lawyers. Some innocent names were in those files. That's the point of this story.

For all you know, your name may be in an FBI file.

Since the FBI has the job of checking on the Communists, it receives a lot of information, some true, some silly, some malicious. Being a policy agency, when it thinks the information worth-while, it investigates.

But—no matter how damaging the evidence it uncovers—the FBI at no time passes judgment. When the FBI has gathered information which makes it appear a person has violated the law, it turns this over to the U. S. district attorney.

If he thinks there's a case, he lays the information before a federal grand jury, made up of citizens.

Then, if the grand jury thinks there's enough evidence to warrant a trial, it indicts someone. If that jury finds him guilty, he's considered guilty, but not till then.

All these steps are part of the system set up in this country to protect the rights of everyone and everyone's individual liberty.

But if a police agency—whether it's the FBI, the Nazi Gestapo or the Russian Secret Police—is given the right to arrest a man and pass judgment on him without a trial, each man's right to due process of law, as we have had it in this country, is gone.

But now comes a bill, passed by House and Senate, to set up a government agency, to be called the National Science Foundation—which will give scholarships to scientists.

The House—but not the Senate—put a tail on the bill, an amendment.

It would require the FBI to check on everyone getting such a scholarship and make a definite finding on his loyalty or disloyalty.

In other words, this would give the FBI the right to investigate and pass judgment. The investigator wouldn't have a chance to clear himself.

J. Edgar Hoover, head of the FBI, wants no part of that. Neither does the Justice Department. The department's views were expressed in a letter to House members by Peyton Ford, assistant attorney general.

Since the House passed one bill and the Senate another, both houses will have to agree on a single bill before it can be sent to the president to be signed into law.

It's probable that the House will agree in this process to drop the part which would make the FBI policeman, judge and jury.

## Card of Thanks

Mr. and Mrs. Morris Goldfine, formerly of Pampa and now of Albuquerque, New Mexico, wish to express their thanks to all their many friends in Pampa for their sympathetic expressions during Mr. Goldfine's recent illness.

## Northwest Methodist Conference to Hold Five-Day School of Missions in Lubbock

The first conference school of missions of the Northwest Conference, Methodist Church, will be held at Texas Tech, Lubbock, from July 31 through Aug. 4, it was announced here yesterday.

The purpose of the school, it was said, is to bring to the Woman's Society of Christian Service members to the conference, in a condensed form, information concerning the total program of the society for 1950.

Workshops will be held each day under the direction of the corresponding officer in the following lines of work: president, secretary of missionary service and education, Christian social relations, missionary personnel, literature and publications, spiritual life, student work and Wesleyan Service Guild.

Each member of the school will be allowed to take one study and receive credit on it during the 50-minute periods of class instruction offered each day. Mrs. G. A. Dameron of Pineville, Ark., jurisdiction secretary of missionary education, will teach one course. Other members of the teaching staff will be announced later, it was said.

Membership is open to any member of the society, or the Wesleyan Service Guild. Registration is to be made with the registrar, Mrs. C. C. Coffee, 3419 21st St., Lubbock.

## Dangerous Heifer Theory Discounted

WASHINGTON (AP)—A Maryland farm worker sued his employer, a Washington resident, for damages. He said a heifer had stepped on his foot, injuring him, and that the animal was "dangerous."

District Judge Richmond B. Keech wouldn't go along with him. He acknowledged heifers might be excitable but not generally dangerous, like a tiger or rattlesnake. He dismissed the suit.

## Hoosier Hostess Rivals Whelan

LAWRENCEBURG, Ind. (AP)—If Grover Whalen, New York's perennial greeter, ever needs an understudy he might call on Elberta Kerr, just named "Hoosier Hostess of the Year."

Miss Kerr played hostess here to 50,000 Indians and out-of-staters last year as chief greeter for Schenley Industries, Inc. A trained nurse by profession, Miss Kerr was dubbed "Hoosier Hostess of the Year 1949," by the Lawrenceburg-Greendale Chamber of Commerce.

## U.S. Atom-Smashers Produce 98th Known Universe Element

BERKELEY, Calif. (AP)—The atom smashers have produced another new element, a strange, invisible substance which seems to fit dramatically into the jigsaw puzzle of creation.

The newcomer is Number 98 in the list of known elements which make up the universe. It does not now exist naturally on earth, but may have for a few fleeting minutes "in the beginning," when matter was formed.

The discovery was reported by a team of University of California scientists working under contract with the Atomic Energy Commission. They are Dr. Stanley G. Thompson, Dr. Kenneth Street, Jr., Dr. Albert Ghiorso and Dr. Glenn T. Seaborg.

Number 98 is the sixteenth substance to the roster of elemental substances since the dawn of the atomic age. Before that, there were only 92 known elements and Number 92 was uranium. All the new elements have come from building up heavier atoms ever harder it with nuclear particles.

The researchers produced No. 98 by bombarding curium with alpha particles, which are the cores of helium atoms. The result was the heaviest atom ever known. But it was so unstable that it turned into something else after a couple of hours. They had to work fast to identify it chemically.

The amount of the new element so produced was too small to be seen. However, they had been able to predict some of its properties. They knew it would have some relationship to Element 88, a rare earth named dysprosium. This name comes from a Greek word meaning "hard to get at."

The researchers suggested that No. 98 be named Californium. No. 98 has no future as a source of atomic energy, said Dr. Seaborg.

The new element adds a tiny theory among scientists that all matter was created in an instant, that at the moment of creation

## 18—Situation Wanted

UNEMPLOYED lady, neat housekeeper, good cook, desires employment in modern home, of person alone. Ranch preferred. Write Box J. W. care Pampa News.
