Heart Drive Exceeds Goal

"The Borden County Heart Association has set a goal of \$1,000" announced Rich Anderson as he kicked off the 1978 Heart Fund Drive.

The High School Auditorium was the scene of the Annual "Talent Show" sponsored by the Borden County Heart Association Saturday, April 29.

Acting as Master of Ceremonies, Mr. Anderson introduced Miss Ginger Hare, the 1978 Poster Baby. Ginger is the 14 month old baby of Mr. and Mrs. Don Hare of Gail. Ginger was born with a congenital heart defect which was corrected by surgery when she was only 5 1/2 months old. This beguiling little girl won the hearts of the audience and set the mood for the evening. She is the daughter of Don and Jan Hare. Don works for Borden County Precinct #4 and Jan works for the Borden Star Newspaper.

Announcing that \$693 had been received through admissions to the show, Anderson was met with generous support as he asked the audience to give an extra \$5 or \$10 prior to each performance by local talent groups. Through the

eleven scheduled performances one encore and two impromptu acts, a grand total of \$1216.21 was earned. \$175 of this was donated by the Borden County Roping.

According to the Association Treasurer, Fran Bennett, \$250 in memorial donations have been received to date, bringing the grand total for Borden Co. to \$1446.21. The State Association under-estimated Borden County by setting a goal of \$250. This was determined by a scale of 30¢ per capita. The county exceeded this by approximately \$1.30 per capita, surpassing the 1000% mark.

PROGRAM

First on the program was the Kountz Bunch playing a selection of western music. The group included Shirley Kountz, Van Kountz, Jim Burkett, and Buddy Telchik.

Jim Burkett and Buddy Telchik were then joined by Tammy Telchik as vocalist in the second performance.

Everyone was spell-bound as pretty Bennie (Everett) Golden sang a song she had composed.

This was followed by Tammy Telchik with a piano solo.

Another western group "Fid-

dled" through several good numbers. This group was composed of Joe Gilmore, "Fidler" Frank Herridge, Jim Burkett and Glynda Burkett.

Putting everyone in a dancing mood were the Borden County Flappers. Dressed in 1920 costumes and doing a charleston dance routine, these six included Cookie Dyess, Beverly Copeland, Dottie Wills, Bennie Golden, Barbara Anderson and Melba Rinehart. Before changing from their costumes, the audience donated \$50 to see the act again. The dancers obliged at the end of the show.

M.C. Rich Anderson then introduced Lisa and Gena McLeroy who performed a duet accompanied by Mrs. Sally Wilson.

At this time Anderson pulled James McLeroy from the audience and asked him to play his french harp. Trying to renege because he "didn't have his french harp", his wife Ann came to the rescue by having it in her purse!

This impromptu act was followed by Becky Miller, drummer, Brent Rhoton, guit-

Decisive Choice Of Fellow Lawyers Across Texas

Incumbent Justice T. C. Chadick is the overwhelming choice of fellow lawyers throughout Texas; has been endorsed by the Houston Chronicle, Waco Tribune Herald, San Antonio Light, Fort Worth Star-Telegram, Dallas Morning News, Dallas Times Herald and many other newspapers throughout the state; by the Dean of the Texas Senate, A. M. Aikin; by Baylor University President Abner McCall; by 10 former Supreme Court Justices; and literally hundreds of informed people throughout the State.

In Texas, we've learned the bitter lesson of voting for a well known name, rather than a well respected and qualified candidate for this highest court position. Let's don't make the same mistake twice.

On Saturday, May 6th, let's return Justice T. C. Chadick to the Texas Supreme Court, Place Four.

What's Hap-Nin Around Town

Heard everyone in Gail this week--gripping about the time change. Seems it is hard to get up so early.

K.T. Reddell went back into the hospital Monday. He was to have surgery on Tuesday.

There was a large grass fire on Frank Beaver's Fluvanna ranch last Wednesday. No one knew how it started and it burned quite a bit of country. It was first spotted by Frank Herridge who called for help.

Gail is growing. We even had two events at the same time Saturday night. There was a good crowd at the roping and also at the heart program.

Do you know--Someone donated \$50.00 extra to the Heart Fund just to see the Borden "Flappers" do their Charleston routine for the second time?

There was much good music and dancing at the Heart Program. Corkey and Snooks Ogden were not able to make it to the benefit so we did not get to hear Corkey's mandolin. He had a very good reason for not making it but we will not tell and save him the embarrassment.

Sunshine Construction Company now owns the Texaco Station in Gail. Terry Voss sold the station on May 1. Sunshine Construction is Bob Dyess and Pat Porter, but we know them as the "Sunshine Boys."

Lorene and Jap Jones have leased their business to Cora and Richard Shaw. They plan to operate the cafe and the station, with the help of Ruby Smith.

Everyone is talking about the election Saturday. Be sure to vote.

The last impromptu act bringing a high bid price was Buster Taylor playing "You Are My Sunshine" on the piano

with Buddy Telchik doing the vocal.

The generosity of the audience was unexcelled in their "bidding" for the acts, adding to the success of the Show.

After an evening of pulling bids for each act from the audience, Rich Anderson was given a bid of \$60 if he would "sit down and be quiet."

To All Who Want To Stay Free To Keep And Own Firearms

I urge you to write now to the following officials in protest against the "new regulations" proposed by the Bureau of Alcohol, Tobacco, and Firearms which will become law on 22 May, 1978 unless we and our Congressmen succeed in stopping them.

We must act now. Your chance to protest ends 21 May, 1978.

Mark your letter to The Director of BATF, Comments for the Record.

Send TWO copies to him.

Sign your letter.

Send copies to your Congressman and Representative. Petition them to intervene and send you copies of their comments to BATF.

BATF asserts that they have the legal right to make the proposed changes without the consent of Congress. They intend to collect in a computer, for instant retrieval, all information needed to identify, locate, and seize all firearms registered. They intend to force gun dealers, manufacturers, gunsmiths, importers, and owners to report the purchase, sale, theft, loss, or other change of possession of any gun. They propose to stamp each gun with a 14 digit serial number, unique to that gun.

Why do all this, unless they intend to deprive us of our firearms? Without a willing seller, a willing buyer, and an agreed price, they will be stealing from us.

Are you resigned to being submitted to Gestapo tactics?

Are you ready for a Holocaust?

Then write the letters!

Jer's Gottings

What a frustrating week to have been in Washington. It was my privilege to again attend the Daughters of the American Revolution Continental Congress. I continue to be impressed with the integrity of the Daughters. The frustration lay in the realization that the opinion of those women was single minded. And they in part made up the 80% of US who opposed the surrender of our Canal in Panama. Yet the treaty passed by the same narrowness (two votes) as did the neutrality pact. Tuesday, April 18, 1978 should be remembered as a day of infamy—that being the day that 68 arrogant Senators defied their constituents and succumbed to the pressure of a peanut farmer from Georgia and a communist dictator from Panama.

A group of Texans called upon the junior senator from their state on the day before the vote was cast. Few of us had much hope of swaying Mr. Bentsen, but we were aghast at the reception received. It seems he had promised some of those in the delegation an audience on that day. But we were told the good man was out of the office—unavailable—busy—tied up. Well, we quietly stood in his office—25 or so of us. At last we were ushered into his private sanctuary. Lloyd Bentsen was hostile, disdainful and nearly rude.

When asked how he justified casting a vote which reflected maybe twenty percent of his constituents, he informed us that if we expected him to vote on every issue according to opinion of his constituents, then we didn't need him or any other elected official in Washington. That we should simply register our opinion

by long distance phone—which would computerize a vote. Not a bad idea.

When pinned down as to why he wanted to give up the Canal, he said that his ANTI-communist friends had convinced him that it would please the communist for US to reject the treaty. The only anti-communist (so he claims) I know who wanted the treaty was Bill Buckley. Even he never gave THAT reason, however. But let's examine that statement. Yes, I can understand how anti-communists could come to that conclusion. After 12 or more years of negotiating secretly—after Vietnam—after being made to feel guilty of our "colonialism", it isn't hard to understand that having gone this far, a rejection would be an invitation to war. The sad fact is that the United States need never have gotten to this point. At the first mention of colonialism or negotiation, we should have calmly said, "This is our Canal, if you want it, you'll have to come get it—if you think you're big enough".

"So, Mr. Bentsen, would you vote to go to war should Panama not abide by the treaties?" "Yes, I would." The next day Torrijos flexed his muscles and virtually tore the neutrality pact to shreds. But you see, Mr. Bentsen isn't likely to be voting in the Senate by 2000AD—at which time the treaty goes into effect. It is easy for him to talk big knowing it won't be his responsibility to put US in a war. But it was his responsibility to see that the United States never have up anything which was hers—and which we might have to take back at a future date.

There was a pall over the DAR Congress that night of April 18th. Senator Jesse Helms and Representative Philip Crane were there to commiserate. They reminded us that this is an election year. And even tho the Honorable Lloyd Bentsen is not up for re-election this year, DARS don't easily forget—nor should you.

DON WORKMAN STATE SENATE

A WORKMAN For The People of West Texas Wants YOU to Know... Where He Stands On The Issues.

Dear Voter:

As a lifelong West Texan, I know the problems facing the 28th State Senatorial District. Like many of you, I am a family man, businessman and farmer and rancher with oil interests. Because of my knowledge and background in this area, I feel I can relieve the problems of west Texas by:

- ✓ OIL AND GAS: Introducing a bill prohibiting the sale of any oil and gas produced on state land from being sold to out-of-state consumers, thus raising the income of the state and making more oil and gas available to consumers within the State of Texas.
- ✓ GOVERNMENT INTERVENTION: Aggressively defending the Texas right to self-government and insisting on the Attorney General's 100 percent effort to stop the encouragement of federal authority over state and local jurisdiction.
- ✓ EDUCATION: Supporting an increase of career teachers maximum salaries while working to increase retirement benefits of those currently teaching, thus attracting and keeping highly competent educators in our classrooms. As your State Senator I will work toward these ends—and many others which I will outline later—to give West Texans the independence and protection each of YOU deserve.

Letter To Editor

Dear Editor:

In regard to Borden County's tremendous win at the UIL Literary meet, I would like to add to the praise given James McLeroy in Mrs. Anderson's recent article. Without strong leadership, little is accomplished around a school. James McLeroy provides winning leadership.

There are three other groups that were inadvertently left out of the article that are also justly deserving of credit. First, the principals are the ones who give the day-to-day, hour-to-hour support and encouragement to the contestants and their sponsors that is so greatly necessary to morale. Materials must be ordered, distributed, copied, stored, and traced down when lost. Class periods, after school practices, trips to contest and the like must be arranged and coordinated. Without the principals, the entire program would fall.

The second group that was left out is the teachers who work with these winning students. Winning a UIL literary contest does not happen by accident. Each contest is a specialized field with different rules and requirements. Each contest requires a specialized knowledge of that particular event.

The student is not born with that knowledge; he is taught it. What is required in all these UIL contests is preparation, knowledge of techniques, practice, practice, and more practice.

The people who supply this preparation, knowledge and supervision are teachers. These people who sponsor and coach the UIL literary events work hours and hours on their own time (they do not receive a coaching stipend) with these students in order to win.

The third group is the MOST important! You could have the best administrative team in the district (you do!) and you could have the best and most knowledgeable literary coaches in the district (you do!) but without the student, you have no entries. The administration and teachers do not enter the contests, and they do not score the points. The students at Borden County pride themselves in winning the UIL Literary Meet. The students who pay the price and work and practice and study, WIN.

Congratulations to the administration, coaches and students. I remember how much work it is, how big of a hassle it is, and how great it is to win big!

One for the people.

As Chairman of the State Insurance Board, Joe Christie slashed proposed insurance rate increases by more than \$500 million and he shocked the politicians by asking the Legislature to reduce the Board's budget.

His opponent, who has only lived in Texas 11 months out of the last 19 years, is the hand-picked candidate of Big Oil, and he votes their way every time no matter what effect it has on Texans' utility bills or the skyrocketing rate of inflation.

For the people... for the taxpayer.

SIGN-UP PERIOD EXTENDED

Many producers either have not signed up or may wish to change intentions due to recent administrative changes initiated by USDA for the 1978 program. The period for filing an intention to participate on farms with a crop subject to set-aside or voluntary diversion is extended to May 15. The final certification date for wheat and all other small grains has also been extended to May 15.

EMERGENCY LIVESTOCK FEED PROGRAM

All Emergency Feed Applications expired April 30, 1978. Producers with receipts on feed eligible for payment under the program should come by the County Office as soon as possible to complete transactions for the feeding period ending April 30th.

A new crop year began May 1 and producers filing an application (approved or disapproved) under the previous feeding period are eligible to sign up under the program for a 30-day feeding period. New applications for assistance under the program will be accepted beginning May 31, 1978.

GRAZING CATTLE?

"There's nothing else like it."
"Fly control with IGR costs about a cent-and-a-half per day for a cow. Total cost, including minerals, is about 3 cents per head daily."

"With IGR Minerals, around-the-clock horn-fly control on 100 cows costs about \$1.50 per day."

"Compare the cost of roundup, spray, weight loss and spraying time for 100 cows each 10 days to the \$15 it'll cost to control flies with IGR."

"Even if you spray every 10 days, new horn flies keep hatching out of the untreated manure. It's a never-ending cycle."

"With IGR, you don't have to worry about when to spray or that a rain will wash off the spray."

"Spraying for horn flies temporarily removes the symptom. It isn't a 'cure'. Feeding IGR relieves the symptom by providing the 'cure'."

"It Works."
"No need to worry about horn flies all season. That's peace of mind."

"IGR isn't a poison. It is a totally new concept in the control of horn flies without harming beneficial insects, wildlife or the environment."

"The active ingredient 'tricks' the horn-fly pupa into remaining a pupa until it dies without poison."

-Hi-

-In the good old days, the man who saved money was a miser, now, he's a wonder.-

-Ideas are very much like rivets. They should be driven

home and clenched while hot.-

-Many preachers, in preparing their sermons, prepare no place to stop.-

-Because it's only 3 days until the primary, please keep in mind the politicians that are like cockroaches. It's not what they steal and carry off, it's what they fall into and mess up.-

A State Income Tax. A Hangman's Noose For Texas.

If you think taxes are choking you now, consider the possibility of a State income tax. It would be a noose around your neck. Around the neck of every Texan. And around the future of Texas.

A vote for John Hill is a vote for:

- bigger government.
- more government spending.
- more inflation.

AND FOR A STATE INCOME TAX.

A vote for Dolph Briscoe is a vote for:

- fiscal responsibility
- less - not more - government.
- continued economic growth.

AND FOR NO NEW TAXES.

- We don't need New York-style government in Texas.

- We don't need Washington-style bureaucracy in Texas.

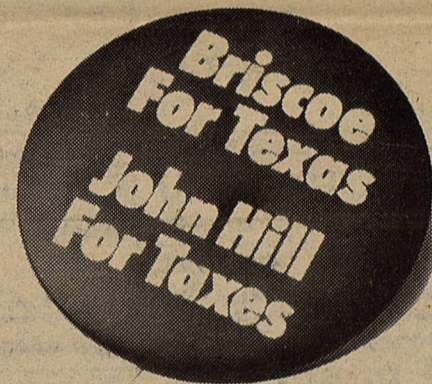

- And we don't need a big spending liberal activist as Governor of Texas.

LET'S KEEP DOLPH BRISCOE AS OUR GOVERNOR.

"We are already footing the bill for run-away government in Washington. As Texans we should not have to foot the bill for run-away government in Austin.

"I don't think Texas should spend itself into a state income tax. That is exactly what will happen if Mr. Hill fulfills only *some* of his political promises."

John Hill Opposes State Income Tax

When he announced for Governor, Attorney General John Hill said that he would oppose — and would veto — a state income tax or any other new tax bill. He has repeated that pledge many times since. Anyone who says that Hill would support a state income tax is just trying to mislead the public.

As Attorney General, John Hill cleaned up political corruption in Duval County, sued the phone company to stop an increase in rates and worked for a national energy policy that would be fair to Texas.

As Governor, John Hill will use the state's budget surplus to reduce property taxes and to help pay more of the cost of our public schools. There will be no state income tax and no other new taxes if Hill is elected Governor.
