

British Sub Silos; 52 Feared Dead

Divers Continue Search for Life

BULLETIN
CHATHAM, England—(AP)—The British Navy tonight gave up for dead the 52 men believed trapped in the rammed and sunken submarine Truculent.

CHATHAM, England—(AP)—Fifty-two men were feared dead aboard the rammed and sunken submarine Truculent today.
Divers and frogmen tapped out messages on the hulk of the sunken undersea raider, but up to this afternoon apparently had received no response.

Two Showings Cabot Film Slated Here

The Cabot Companies' institutional film, "Good Company," will be shown tonight at the Country Club to city and school officials, to members of the County Commission, Chamber of Commerce and Board of City Development, and to special guests State Senator Grady Hazlewood, Rep. Grainger McIlhenny, and 31st District Judge Lewis M. Goodrich.
A much bigger showing, however, will come tomorrow night at 7:30 at the Junior High Auditorium. It will be the premiere of the picture's showing which will make the rounds to all Cabot areas in this and other states. Guests tomorrow night will be employees, their families and friends. Cabot officials from the Boston office will be present. Tom Cabot will make a short speech. Others from Boston will be Russ Alton and Boyd Britton. Reno Stinson, Cabot executive assistant, said that if there was an overflow crowd tomorrow night, the film would be shown again at the auditorium on Friday night, Jan. 20.

The picture has special interest for most people of this area. Not only are a number of them in it, there are shown the new county (See CABOT, Page 10)

Soviets Said Aiding China Reds in Plan

TAIPEI, Formosa—(AP)—The Chinese Nationalist Defense Ministry asserted tonight that a Russian advisory group was helping the Chinese Communists prepare for an assault on the Chusan Islands.
These islands, 100 miles south of Shanghai and only seven miles off the coast, are the base for the recently stepped-up Nationalist air assaults on Shanghai. The Reds have failed in at least two previous attempts to capture them.
The Nationalists alleged that four Russian officers were attached to each division of Red forces preparing for the next attempt. No other details of Russian participation were given.
The harbor of Hangchow was said to be crammed with some 2,000 hunkers preparatory to the amphibious operation.
These invasion craft were heavily raided by Nationalist B-25 bombers during the day, the Nationalist Air Force reported.

WE SAW . . .
Workers begin pouring concrete this morning for the foundation of the new educational building of the First Methodist Church. The \$223,000 building will have 22,400 square feet of floor space, will be 100x140 feet in dimension with an open court in the center.
If it comes from a hardware—you'll find it at Lewis Hdq.—adv.

TO BE HERE—Dr. Yoshimune Abe (above) of Tokyo, Japan, will be guest speaker at the First Methodist Church, Pampa, at 11 a. m. Sunday. One of the founders of the United Church of Christ in Japan, he holds degrees from American as well as Japanese institutions. He is widely known in Christian circles throughout the world, and has held many high religious offices.

Flood Danger Is Mounting In Midwest

(By The Associated Press)
Flood dangers appeared mounting today in many Midwest river areas as more rain splashed over a wide belt and threatened further damage.
Weather Bureau officials said no break appeared in the warm, moist gulf air which is causing the steady rains or drizzle over the Lower Mississippi and Tennessee Valleys. They said there was a possibility of heavier rains over the flood areas during the day. Forecasters said thunderstorms in Arkansas were moving northward.
The rain belt covered most of the Ohio and Middle Mississippi Valleys today and extended into Oklahoma and Kansas.
Forecaster A. W. Walstrom at Cincinnati warned that with more rain forecast in the Ohio Valley "all interests should keep alert to the possibility that additional rainfall may become heavy enough to change the (flood) picture."
Meanwhile, more than 4,000 people (See FLOOD, Page 10)

Cold Front Due Tonight

(By The Associated Press)
A cold front moving into the Panhandle tonight is expected to knock the northern portion of the state.
The Weather Bureau said the front is moving in from the Southern Rockies and won't be as severe as those that sweep down the eastern slope of the mountains.
It isn't expected to have much effect on the southern half of the state.
Clouds were clearing in West Texas this morning but they still covered South and East Texas. Rain still was falling in North-east Texas.
The north-central and northeast portions received the heaviest rainfall in the 24-hour period ending at 6:30 a. m. today. Fort Worth recorded 2.99 inches; Dallas 1.35; Sherman 2.80; Texarkana 1.20 and Mineral Wells 1.32. Carrollton, north of Dallas, had 2.70 inches; Burleson, near Fort Worth, had 1.61; and Bonham, north of Dallas, 2.95.
Temperatures early today range from 34 degrees at Dalhart to 71 at Victoria. (Pampa's low overnight was 37 degrees.)
The Trinity River at Dallas was at 25.9 feet at mid-morning and rising. Flood stage is 28 feet. The Weather Bureau forecast a moderate overflow this afternoon, tonight and tomorrow.

DIVIDEND CHECKS IN MAIL—Mass writing of dividend checks that will go out in the mail to some half-a-million veterans next Monday began at the Treasury Department in Washington, D. C. Looking at some of the first checks to be written: Secretary of the Treasury John W. Snyder; Veterans Administrator Carl Gray, Jr.; and Postmaster General Jesse H. Donaldson. They are standing in front of a stamping and inserting machine, which inserts and seals the checks into envelopes.

Congressmen Complain of Wire Tapping

WASHINGTON—(AP)—An investigation of reports on unauthorized tapping of Congressional telephones was demanded today by Rep. Rankin (D-Miss), following complaints by several colleagues.
Rankin drafted a resolution calling on the House un-American Activities Committee to make the investigation. He said he would introduce it when the House reconvenes next Monday.
For some time members of the House have complained privately that they suspected their private telephone lines in the House office buildings were being tapped.
One member told newsmen he recently detected an actual tapping of his line. He was unable to get technical help. He was unable to catch the person who did it.
Another House member no longer will talk "off the record" by telephone with newsmen. He says his office telephone is tapped "and I don't want on any kind of a record the things I discuss off the record."
"All I know about this," said (See CONGRESSMEN, Page 10)

Five Texans Propose New Super Hiway

AUSTIN—(AP)—Five Texans propose to build a super highway between Dallas and Houston and operate it as a toll road.
A charter for such a road was issued by the secretary of state yesterday. It went to W. L. Pickens, V. D. Bostick, and Ross K. Prescott, all of Dallas; H. H. Coffey, of Rockdale; and R. L. Wheelock, of Corsicana.
Prescott estimated the cost of building the highway at \$68,000,000 to \$100,000,000.
Information on the charter is being sent to the state highway department. The company planned to build an all-weather, concrete road with four 12-foot lanes, the south and north bound traffic to be separated by a five to ten foot parkway.
The road would be south of the Dallas city limits and north of the Houston city limits. Length was estimated at 212 to 220 miles. The proposed general route would go through Dallas, Ellis, Navarro, Freestone, Leon, Madison, Grimes, Walker, Montgomery and Harris Counties.
The five incorporators were named as the Board of Directors for the first year. The charter was for 50 years. Capital stock was fixed at \$1,000 with 1,000 shares of \$1 par value each.
Prescott said the highway would (See HIWAY, Page 10)

Miller to Head Mobeetie Bank

MOBEETIE—(Special)—Jack Miller, elected president of the Mobeetie First State Bank Tuesday at the annual stockholders meeting.
Henry L. Flannigan, cashier of the bank since 1924, was elected president. E. E. Johnson, who was vice president for several years, has retired.
Other officers named were J. T. Johnson, cashier; Dennis Leonard, assistant cashier; Miss Roberta Edwards, bookkeeper; and John Dunn and J. H. Scribner, board members.

Parking Violators Receive Clemency and Police to Get Rougher on Jay-Walkers

The Rev. Russell West, who advocated that a distinction be made between willful parking violators and those who were just careless, will see his plan go into effect tomorrow.
A parking meter head has been set up on the counter in police headquarters in the basement of the City Hall.
And any motorist who will put a nickel in the police station meter within 30 minutes after his ticket is issued for overtime parking will have his ticket excused.
The officer who writes a ticket always marks on it the time it is issued. And the City Commission felt 30 minutes was ample for any motorist to get to the police station and drop a nickel in the meter there to avoid the regular \$1 fine for overtime parking. Each ticket is stamped on its face giving instructions how to comply with the new rule.
But, Police Chief John Wilkinson warned, the desk sergeants have been instructed to be very strict in observing the 30-minute time limit. "Thirty minutes is the limit," he said, "and 31 minutes is too late."
The department has also been instructed to crack down on habitual overtime parking offenders. If a motorist has as many as "se" tickets against him, his car is liable to be impounded until his fines are paid, Wilkinson said.
A registered letter will be sent to the motorist after his third ticket is issued, the chief explained. The next time his car is caught on violation no ticket will be written; instead, the car will be impounded and the motorist will have to pay the towing fee in addition to his accumulated fines.
Besides a tighter control over motorists, the department is also starting a stricter enforcement of pedestrian traffic laws.
"It is as much of a violation for a pedestrian to walk against traffic light as it is for a motorist to run through a red light," Wilkinson said. And tickets will be issued to violators.
According to Section C, Article 76, of the Uniform Traffic Act, a pedestrian may not cross a street in the middle of the block between intersections where there are traffic signals.
That eliminates darting across Cuyler anywhere in the middle of the block between Browning and Foster and in the middle of either of the blocks north and south of Brown.
A pedestrian crossing an intersection where there is a traffic light must walk with the traffic that is going his way and against the traffic going at right angles to him.
For instance, at the corner of

ACHESON BACK TO DEFEND FOREIGN POLICY FOR FOURTH STRAIGHT DAY

WASHINGTON—(AP)—Secretary of State Acheson, after reporting that Russia is gobbling up big chunks of China, today waded into the fourth straight day of his defense of administration foreign policy.
He faced the Senate Foreign Relations Committee to answer behind closed doors another round of questions dealing mainly with the United States government's position in Formosa and elsewhere in the troubled Far East.
Some Republicans renewed their moves to get a review of the Pacific strategic situation from the military leaders.
A Republican committee member said Chairman Connally (D-Texas) will be asked formally to summon Secretary of Defense Louis Johnson and General Omar N. Bradley, chairman of the joint chiefs of staff.
A report to the House Foreign Affairs Committee from an aide on its staff says the Chinese Nationalists might be able to hold out on the island of Formosa six to 18 months without U. S. help.
The report, by C. B. Marshall, former Harvard instructor, makes no specific recommendation as to whether the U. S. should give or deny military aid.
Acheson said in a talk at the National Press Club yesterday that the most important development in the Orient is the Russian seizure of northern areas of China.
A salient part of his speech follows:
"What is happening in China is that the Soviet Union is detaching the northern areas of China from China and is attaching them to the Soviet Union."
"This process is complete in Outer Mongolia. It is nearly complete in Manchuria and I am sure that in Inner Mongolia and in Sinkiang, there are very happy reports coming from Soviet agents to Moscow."
"I should like to suggest at any rate that this fact that the Soviet Union is taking the four northern provinces of China is the single most significant, most important fact in the relay of any foreign power with Asia."
"We must not undertake to defend the Russians to ourselves the righteous anger and the wrath and the hatred of the Chinese people which must develop."
"We must take the position we have always taken that anyone who violates the integrity of (See ACHESON, Page 10)

New Hormone Halts Acute Leukemia

NEW YORK—(AP)—Acute leukemia, the fatal blood cancer, is being stopped in its tracks by the wonder hormone, acth, three cancer experts report.
Five patients treated with the hormone all have made dramatic recoveries. Drs. O. H. Pearson, L. P. Eliel and T. R. Talbot, Jr., of the Sloan-Kettering Institute and Memorial Hospital, said last night.
One child had a relapse three weeks later, but again was brought back to health with acth. The others, two children and two adults, still were well one day to five weeks after getting the hormone. They had almost no signs of the disease. They had received daily injections for 24 to 30 days.
Whether they will have relapses isn't yet known, Dr. Pearson said. He said these recoveries still must be called temporary and incomplete.
Other treatments bring temporary recoveries in leukemia. (See LEUKEMIA, Page 10)

Runaway Girl Is Found in Picture Show

MOUNT VERNON, N.Y.—(AP)—A 12-year-old runaway girl, missing for a week from her home in nearby Yonkers, and feared a victim of foul play, was found unharmed yesterday taking in a triple-feature movie show here.
Police said dark-haired, brown-eyed Josephine Leech apparently hid out with a cache of pilfered food in the basement of an apartment house.
They believe it was only the lure of the movies that drew her out of her retreat and solved a week-old mystery.
The entire nation had been alerted to watch for her. Knowing how much she loved movies, police had urged all theaters to be on the lookout. Helicopter had been used to aid posses hunt for her and the girl's picture had been telecast.
Theater Manager Harry Kutinsky spotted Josephine in his Biltmore theater. He called police and watched the girl as she left her seat to get some candy.
When questioned, the detectives said, the girl was terrified and unable to tell about her experiences.
Notified at home, the girl's mother, Mrs. Catherine Leech, said she was so pleased—"that in God" Mrs. Leech had been under the care of a physician since her oldest daughter wandered off.
Police said Josephine ran away after a quarrel with her mother, a divorce. The father, Joseph, lives in Brooklyn.

Philosopher, Humorist to Speak Here

Flying Arrow Reaches Port For Repairs
By WAYNE RICHARDSON
Aboard Flying Arrow—(AP)—The Flying Arrow steamed into the Communist port of Tsingtao today after bidding farewell to its U.S. destroyer escort eight miles out.
For at least the next week the American freighter will lie here repairing the damage of a shelling by a Chinese Nationalist gunboat.
The warship attacked when this ship tried to enter the Yangtze on a voyage to blockaded Shanghai.
(Richardson's dispatch was filed as the ship was preparing to dock. Then he sent an informative message saying the ship's transmitter would be off the air while in port. The Communists keep a tight control on all communications.)
The U.S. destroyer Bausell had sailed alongside the damaged Flying Arrow on the 350-mile voyage from the point off the Yangtze where the gunboat shelled her Monday.
As the Bausell turned to steam away, Capt. David Jones of the Flying Arrow sent off a message to the destroyer's commander. Jones thanked him for a job well done.
The voyage northward was without incident. There was no trace of Nationalist gunboats.
The Nationalists say their port closure—extends to all Communist ports. Apparently, however, they are unable to operate effectively as far north as Tsingtao.)
Capt. David Jones of the Flying Arrow had decided not to further endanger the ship by waiting around the Yangtze for a chance to slip into Shanghai.
He said there was danger that the swelling of waters would cause a cargo in the No. 5 hold might cause an explosion.

Lawyer, humorist, philosopher Jeff H. Williams, (above) Chickasha, Okla., attorney for the past 28 years, will give the address at 7:30 p. m. Tuesday at the annual Chamber of Commerce, Board of City Development installation banquet at the High School Cafeteria.
Williams, born in Texas, has spoken to groups all over the U.S. and in some countries overseas. He has traveled more than 200,000 miles by air during the past six years to present his speeches.
He attended the University of Arkansas and Kansas City School of Law. He has served as district governor of the 124th District of Rotary International and on the Board of Directors of Rotary International. Also, he has been secretary to a bar association for the past eight years.
Fred Thompson, 1949 Chamber of Commerce president, will preside at the banquet meeting. (See PHILOSOPHER, Page 10)

Pair Fined on Drunk Charge

A brother and sister were fined \$1 each and costs in County Court this morning after pleading guilty to being drunk in public. They also had parked their car on the pavement on Highway 60 about four miles north of Pampa, arresting Highway Patrol officers said.
They were arrested about 11 p. m. yesterday after a passing motorist reported them to Pampa police.
The case was filed in County Court rather than in justice court due to the absence of justice of the Peace D. R. Henry, who is ill.

Air Mail Slated Without Extra Charge

MEXICO CITY—(AP)—Mexico is going to send some of its ordinary mail by air—without extra charge.
The Post Office Department said mail bearing ordinary postage would be sent by air to areas where road or rail communication is slow and difficult.
RELATIONS SEVERED
TAIPEI, Formosa—(AP)—Nationalist China today severed diplomatic relations with Afghanistan for recognizing Communist China.

Truman Administration Starts Ball Rolling Again for Passage of Fair Employment Bill

WASHINGTON—(AP)—The administration turned on the heat today for passage of a bill to ban job discrimination, following President Truman's plea to Democratic congressmen to fall in step with the entire "fair deal."
Chairman Sabath (D-Ill.) summoned the House Rules Committee to hearings on a measure to establish a Fair Employment Practices Commission to enforce a rule forbidding discrimination against job-seeking Negroes and others.
The President and the party high command last night sugarcoated their calls for voting regularly with bountiful food and drink and spiced them with talk of Vice President Barkley's romance.
The occasion was a pep rally held by the Democratic National Committee to let the party's Congress members rub elbows with administration leaders.
House Speaker Rayburn started the ball rolling with a recital of how he and the vice president started their Congressional careers 37 years ago, and went on to say how hard it has been to keep pace with Barkley.
Then, referring to Barkley's remark (See TRUMAN, Page 10)

TEXAS ROUNDUP PROMOTERS SAY, 'ALL RIGHT SO FAR'

PAFAMORE ISLAND, Va.—(AP)—The Texas promoters of the goat roundup on this 7,000-acre island in the Atlantic Ocean issued a four-word communique today.
"All right so far."
And with fair weather, said Rancher Percy Roberts of San Angelo, the island should be clear of goats in a week—that is, clear of all the bills and nannies Texas cowhands Cliff Gray, LeRoy Russell and Joe Whitehead manage to goad out of the hills and woods.
Some 800 of the beasts have already been penned and half that number shipped to the mainland to be used for re-stocking Texas ranges and for growing serums. Exactly how many are left on this island, some 13 miles from Virginia's eastern shore, nobody knows. Roberts and his partner, Lewis Smithwick of San Saba, say upwards of 2,000.
The goats roaming this 12-mile long and two to three mile wide stretch of a land are not native. Their ancestors, 30 strong, were imported by the island's owner Dr. Carl Schmidlapp of New York, and his mother, Mrs. Jean Schmidlapp Saunders of Cincinnati—to nibble away some undergrowth 15 years ago. And the goats just nibbled away thrived and multiplied until they became a problem.
The mounted cowboy's strategy in penning the goats was to corral them to previously built corral on the southern beach of the land. From there they are shipped by boat to the mainland.

REMAINS OF TRAGEDY—Baby shoes lie beneath the crib and the teddy bear sits in the corner where little Phyllis Samas, 15 months, and five others were slain in Hammond, Ind. Apparently maddened by an impending divorce, police said her father, Felix Samas, killed his family, roomers, and himself.

New Bennett Revue Replete With Songs and Incidents

By JIM McCLUSKEY
Pampa News Staff

"Harmony Ranch," Ken Bennett's seventh annual Top of Texas Revue, has everything, it seems—21 brand new songs, numerous pretty girls, comedy, setting and an interesting story as well.

Bennett, former Pampian and now of Gladewater, returned to direct his latest show here for its initial opening. The show will be sponsored by the Kiwanis Club.

Pampans who have been humming or singing Ken's "I Like You Style, Madam," "Clap Your Hands," "Indian Boogie" or some other hit from last year's revue will have the opportunity to latch on to other just as fine melodies.

Feb. 6, 7, at the Junior High School Auditorium. Last year's show, scheduled for two nights, was held over by request for two extra performances.

Ken wrote the story of "Harmony Ranch," composed the music and then put word with the music as he has done for each of his other revues.

Part of the cast for "Harmony Ranch" has been selected, although several good parts still remain open. Also, singers are still being accepted for the chorus.

Pete Welborn, Bunny Shelton and Bunny Shultz, who had leading parts in the sixth revue, are back to help make this year's show as successful as the last.

Newcomers who have major parts this year are Tony Beard, who plays the part of a ritz city girl; Mrs. Irma Frazer, a French maid not lacking in appeal or technique, who will sing "O La De Chee"; and Dorothea Loewen, owner of Harmony Ranch.

Last year's "Women, Women, Women," sung by Harry Kelley, proved to be one of the show's hits just as "Money, Money, Money" is expected to be in this year's.

The chorus will sing the opening and closing numbers "Harmony Ranch" and "At Harmony Ranch," and "We're Coming to the Party" and "Everybody Sing."

Other new songs will include "Lucy Bell," "In the Square," "Brotherly Love," "Waiting at the Gate For Suzie," "I'm a Stranger," "How Wonderful You Are," "Friends," "The West Is the Place for Me," "Square Dance," "I'm Mad at You," "Ain't You Comin' Out Tonight," "Virginia," "Spookie Boogie," "Are You the Dream," "Put 'Er There Old Pal" and "Old-Fashioned Waltz."

Japanese Bishop To Speak at Wheeler Sunday

WHEELER (Special) — Dr. Yoshimune Abe of Tokyo, Japan, a former bishop of the Methodist Church and one of the founders of the United Church of Christ in Japan, will speak Sunday afternoon at the Methodist Church in Wheeler.

Dr. Abe has been in the United States since last August visiting churches and conferences that support Methodist work in Japan. Prior to that he had been Japanese Methodist Church in Japan, and president of the college.

He was elected bishop of the Aoyama Gakuin, the church's principal educational institution in Japan, and president of the college.

Dr. Abe is a native of Hiroshima, and has studied at Drew Theological Seminary and at New York University.

Dr. Abe will speak at 3 p. m. Sunday. The meeting will be open to the public.

Mobeetie

MOBEETIE (Special) — Pfc. Byron St. John and Pfc. Neil Barber, who have been stationed at San Antonio, are visiting relatives here.

Mr. and Mrs. Aubrey Ruff visited their daughter, Irvine, at Canyon last Sunday.

Mr. and Mrs. Foy Farmer attended the funeral of her brother-in-law at Forestburg, Texas, last Wednesday.

Mrs. R. B. Leonard and daughter were Pampa visitors Sunday.

Helen Newman of Pampa spent the weekend with her grandparents, Mr. and Mrs. R. B. Leonard.

Out-of-town guests at the Davis-Haynes wedding Sunday were the Messrs. and Mesdames Johnnie Reynolds, O. G. Trimble, and M. J. Williams of Pampa and L. R. Barry of Wheeler.

L. R. Patterson was a business visitor in Wellington Tuesday.

Mr. and Mrs. J. S. Johnson and son were Houston visitors the first of the week.

Mrs. J. L. Waters visited recently with her sister at Amarillo who is recuperating from an operation.

McLean Teachers Get Assignment Shift

McLEAN (Special) — Mrs. Logan Cummings has been transferred from the grade school to McLean High School to replace Miss Louise Jense, math teacher who resigned recently to take a similar position at Amarillo.

Mrs. Cummings has been teaching fourth grade work, and has been replaced at the grade school by Mrs. J. P. Dickinson.

The "Profile" Turns Lover!

Having pursued his favorite blond and his favorite brunette, Fleming, shown above, in the red-headed, ravishing Rhonda, which opens Sunday at the LaNora Theatre.

In the course of his hilarious pursuit of Miss Fleming, lover-boy Bob manages to get involved in a murder, and finds time to serve as the inept patrol leader of a group of Boy Foresters who regard him with more than a little disdain.—adv.

CANADA CLAIMS "MOST POWERFUL FIGHTER PLANE"—This long-range, all-weather fighter—the CF 100—built for the Royal Canadian Air Force, is said to be the most powerful lighter plane in the world. The plane, seen in Ottawa, is Canada's first front-line fighter.

McLean

McLEAN (Special) — Wayne Back of Dumas is visiting this week with his parents, Mr. and Mrs. Johnnie Back.

Mrs. Morris Shelton visited last Sunday with Mrs. C. P. Darnell in Hedley.

Mr. and Mrs. J. A. Steed and children of Childress visited Sunday with Mr. and Mrs. Clyde Andrews.

Mr. and Mrs. Gene Greer visited in Pampa over the weekend with Mr. and Mrs. Tom Price.

LaVaughn Watkins has returned to McLean after visiting in Mesa, Ariz.

Mrs. J. R. Ayers and Emma Ayers of Clarendon were weekend guests of Mr. and Mrs. F. L. Jones.

William Warren has moved to McLean from Atlantic Highlands, N.J.

John Richards of Pampa visited over the weekend in the Morris Shelton home.

Mr. and Mrs. Hubert Waldrop visited in Canyon and Amarillo over the weekend.

Mr. and Mrs. J. J. Reese of Navajo, Ariz., are visiting Mr. and Mrs. George Orrick this week.

Frances Purdy and daughter, Mickey, of Amarillo were weekend visitors of Mrs. J. T. Glass and Margaret Glass.

Mrs. Frank Reeves made a trip to Pampa Saturday, and to Shamrock Sunday.

Mr. and Mrs. Joe Loving visited Sunday with Mr. and Mrs. Bill Newton in Amarillo.

Mr. and Mrs. J. A. Brawley were Sunday visitors of Mr. and Mrs. Wesley Sims in Shamrock.

Mr. and Mrs. B. H. Spencer, and son, Tommy Sorrels, visited in Pampa Sunday with Mr. and Mrs. Delmar Wooten.

Mr. and Mrs. E. J. Windom Jr. and boys visited Sunday in Hereford with her parents, Mr. and Mrs. Allen Wilson.

Cpl. Kenneth Gibson of Wichita Falls was home last weekend with his parents, Mr. and Mrs. Leo Gibson.

Guests of Mr. and Mrs. Fred Bentley last Wednesday and Thursday were Mr. and Mrs. C. K. Brumley of Hugoton, Kans., Mrs. Ernest Cox of Los Angeles, Calif., and Mr. and Mrs. James Brumley of Sacramento, Calif. Sunday visitors of the Bentleys were Mr. and Mrs. Bill Bentley of Clarendon.

Mrs. Truitt Johnson made a trip to Pampa Monday.

Mr. and Mrs. Troy Corbin recently visited Mrs. Alma Jordan in Dallas.

Jim Corbin of Grady, N.M., is visiting Mr. and Mrs. Troy Corbin this week.

Musical Program Presented Lions

Miss Dorothea Loewen, music teacher at Woodrow Wilson School, entertained Lions Club members yesterday at their luncheon meeting with "Old Man River," "Strange Music" and "A Fellow Needs a Girl."

Bunny Shultz had charge of the program and Miss Loewen was accompanied by Ken Bennett at the piano.

President O. E. McDowell appointed 25 men to serve on the March of Dimes Committee. The men will work in shifts, Saturday, Jan. 21, in front of the First National Bank in the annual street corner Miles of Dimes campaign.

Appointed were Ed Cleveland, Ataman, Dr. Roy A. Webb, O. L. Statton, Dr. Douglas Nelson, Raymond Salmon, Henry Ellis, Sherman White, L. L. Speer, Joe Mitchell, Bert Nuckols, Ralph Dunbar, Waldon E. Moore, Verl Hagaman, M. W. Sealey, B. R. Shultz, Aaron Meek and Fred A. McClure, members of the Education and Program Committees.

And Frank Leder, Jimmy McCune, Wesley Lewis, Chet Langer, Ernest Winborne, J. C. Daniels, Homer Dockery and Al Mills.

Wool Prices Still Climb In Market

NEW YORK — (AP) — The semi-annual price battle between the woolen mills and the makers of men's suits approaches its climax. At stake: how much you'll pay for a new suit next fall.

It looks now like you'll pay about as much as you did last fall.

Fabric prices for next fall's lines will be announced shortly. The mills point to the still rising price of fine raw wool in the Australian and New Zealand markets and say: "How can you expect the price of woolen fabrics to come down?" Raw wool prices have risen 10 percent since Christmas at the Australian auctions.

However, all hands admit that even if the price of wool, and of the fabrics made from it, came down a little, there wouldn't be much price relief in the stores.

The Wool Bureau estimates that the value of wool fiber in the average suit is only one-sixth or so of its retail price. Labor costs, and distribution charges, account for the major part of the price. The cost in wages has gone up 70 percent since 1941.

Why can the Australians command such a high price for wool? Well, the demand for fine wool has risen much faster since the war than has production. More and more men demand the finer grades for their clothing. Russians have been bidding up the New Zealand market. British and continental European wool buyers have been in the Australian auctions bidding against Americans.

The Yankee mills must buy Australian wool because American demand is far in excess of production. The Wool Bureau estimates American production this year will equal 250 million pounds, while Americans will use 750 million pounds.

Wool prices at Bradford, England, this week surged to the highest sterling level since 1920. In the New York futures market, prices averaged six percent higher than before Christmas.

FUNNY BUSINESS

"I was only taking a shortcut to a welfare state—cracking a safe!"

Lewis Faces Retirement

WASHINGTON — (AP) — John L. Lewis must bow out as head of the United Mine Workers union a month from now unless his own top aides decide to keep him.

They probably will. But a compulsory retirement proviso of the UMW's Constitution could conceivably provide a challenge to Lewis' grip on union miners.

Lewis himself had "nothing to say" when confronted with the UMW constitutional clause saying that officers must retire on reaching their 70th birthday.

Lewis turns 70 on Feb. 12. The clause which would make it possible for him to continue at the helm of the UMW after that date is one which specifies:

"Exceptions to this obligatory retirement age may be made by the International Executive Board if it finds it necessary to continue the services of an officer."

The 32 members of the executive board invariably agree with Lewis. It very likely will turn out that they "find it necessary to continue" his services.

Sooner Drilling Begins Good Year

TULSA — (AP) — The new year opened with a gush of oil in Oklahoma, the week's drilling reports show.

The best strikes were hit in Beckham and Garvin counties. Otherwise, completions sagged a bit below last week's figures, the Tulsa World reported.

Finals totaled 85, with 53 producers, three gasers and 29 dry holes. Daily average oil output was 6,342 barrels, 77,968,000 cubic feet of gas and 317,445 feet drilled.

French Style and Practicality Team Happily

French styling combines with French practicality to turn one American-made gown into a triple threat. The plain crepe gown has a reversible cape-stole of ice blue satin (left) for one evening role and a richly embroidered jacket of wine colored velvet (right) for another costume switch.

Study Continued By Harrah WSCS

Study of "Women of Scripture" was continued, at a meeting of the Women's Society of Christian Service of the Harrah Methodist Church. Participating in the program were Mrs. J. M. Nichols, Mrs. Melvin Stephens, Mrs. Henry English and Mrs. Al Lawson.

During the business meeting, Mrs. E. C. Armstrong presided in the absence of the president, Mrs. Robert Futrell. The group voted to buy plastic covering for the altar in the church.

Others present were Mrs. R. J. Taylor, Mrs. D. S. Buckner, Mrs. Rex Newkirk, Mrs. E. T. Clemens, Mrs. A. G. Thornton, Mrs. E. C. Moon, Mrs. Herman Haney, Mrs. Rich, Mrs. S. A. Wolfe and Mrs. J. R. Combs.

The next meeting will be in the home of Mrs. Melvin Stephens, 1817 Coffee.

Some of the best Christmas trees are the tops of larger trees cut for timber.

PAMPA NEWS, FRIDAY JANUARY 13, 1950 PAGE 3

Davis-Haynes Vows Exchanged

MOBETTIE — (Special) — Miss Joy Davis, daughter of Mr. and Mrs. W. J. Davis of Mobettie, became the bride of Walden Haynes, son of Mr. and Mrs. F. W. Haynes of Mobettie, Sunday at 2 p. m.

The Rev. V. E. Willard, pastor of the Methodist Church, performed the double ring ceremony in the home of the bride's parents.

The bride was dressed in a gray suit with pink accessories. She was attended by her sister, Mrs. M. J. Williams, of Pampa, Dale Haynes, brother of the bridegroom, was best man. The bride and bridegroom are both graduates of Mobettie High School.

A reception following the ceremony was held at the bride's home.

The couple will live in Pampa, where Mr. Haynes is now employed.

Shamrock Women's Groups Meet for Study Periods

SHAMROCK — (Special) — The WMS of the First Baptist Church held circle meetings in various homes Monday afternoon.

The Many More Circle met in the home of Mrs. Charles Daughtry. The meeting opened with prayer led by Mrs. Frank Exum. The Bible lesson on "The Parables," was given by Mrs. R. A. Nichols, Sr. Mrs. Fred Holmes led the prayer at the close of the lesson.

The Blanche Groves Circle met in the home of Mrs. R. W. Shields. The meeting opened with prayer led by Mrs. Lee Newman. Mrs. Shields presided over the business session and the Bible lesson was taught by Mrs. Lawrence T. Davis. Mrs. Lucy Darling led the closing prayer.

The Rex Ray Circle met with Mrs. B. F. Kerah. The meeting opened with prayer led by Mrs. George Beatty. A missionary lesson was given by Mrs. P. T. Boston and a social hour followed.

Luncheon Meeting For WMU Group of Calvary Baptist

A combined luncheon and business meeting was held by the executive committee of the Women's Missionary Union of the Calvary Baptist Church Wednesday.

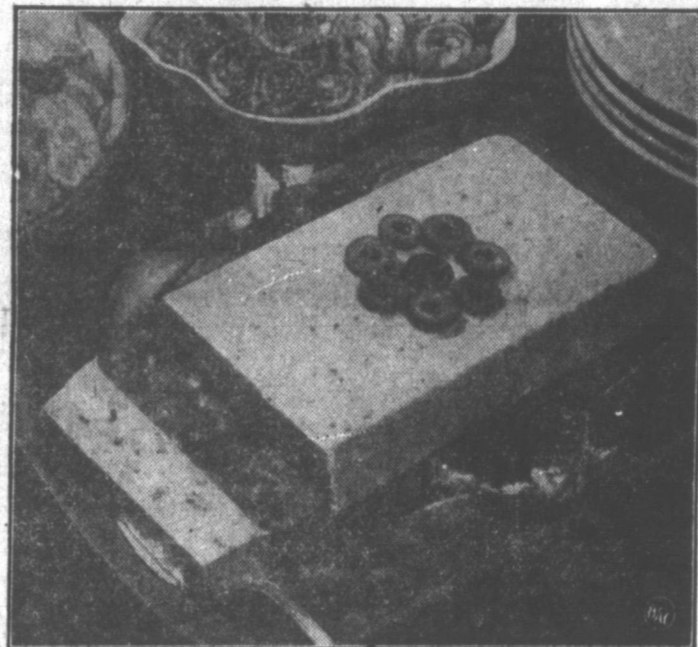

The lunch was served by the Blanche Groves and Kathleen Malory Circles. A royal service program followed.

The program opened with two songs, "There Shall be Showers of Blessings," and "Ready," which were followed by prayer by Mrs. Roy Agee and the devotional by Mrs. Melvin Hill.

Special music was presented by Mrs. M. D. Crowell, Mrs. Charles McGahan and Mrs. Hazel Heiskell. Other numbers on the program were "Advance in 1950," Mrs. Hazel Heiskell; "A Spiritual Revival," Mrs. B. Brown; "Stewardship," Mrs. Roy Agee; "Cooperation," Mrs. Shelton; "Proportion," Mrs. Langham; "Spearhead of Advance," Mrs. Floyd Haught.

The meeting closed with prayer by Mrs. W. Smart. About 20 women attended the meeting.

Avocado and Tuna Make Main Dish

THE layers of this Avocado and Tuna Loaf can be made and served separately but for buffet dinners and other party occasions it's smart to combine the meat and salad courses in one handsome molded dish. One envelope of unflavored gelatin is used for each layer—tuna fish, celery and pimiento going into one; avocado, sour cream and mayonnaise starting in the other. If you've a ring mold, you can use that for the two-toned combination, filling the center with salad greens, olives and avocado slices. Or make individual molds of avocado and tuna for bridge luncheon plates.

Molded Avocado and Tuna Loaf

Tuna Fish Layer

1 envelope unflavored gelatin	1 7-ounce can tuna fish, flaked	1 teaspoon salt
1 cup cold water	1 cup diced celery	1 cup diced pimiento
1 cup hot water	1/2 cup chopped pimiento	Crisp salad greens
2 tablespoons lemon juice		

Soften gelatin in cold water; add hot water and stir until dissolved. Add lemon juice and salt; chill until the mixture is the consistency of unbeaten egg white. Fold in flaked tuna fish, celery and pimiento. Turn into a 9x5x3 inch loaf pan and chill until almost firm. Then top with "Avocado layer and chill until firm. Just before serving, unmold on crisp salad greens, garnish if desired with wedges of avocado, ripe and green olives.

YIELD: 8 servings.

"Avocado Layer"

1 envelope unflavored gelatin	1 cup mashed avocado (1 large)
1/2 cup cold water	1/2 cup sour cream
1/2 cup boiling water	1/2 cup mayonnaise
1 teaspoon sugar	1/2 teaspoon salt
2 tablespoons lemon juice	Tabasco

Soften gelatin in cold water, pour in boiling water, and stir until dissolved. Add sugar and 1 tablespoon of the lemon juice. Chill until the consistency of unbeaten egg white. Immediately after mashing avocado, add remaining tablespoon lemon juice, sour cream, mayonnaise and seasonings. Mix thoroughly with chilled gelatin mixture. Turn on top of first layer.

Grace Friend...

Readers of *The Pampa News* are invited to send their problems to *Grace Friend*. Letters not published in the columns will be answered personally provided a self-addressed stamped envelope is enclosed with the question. Writers must sign their names although they will not be printed without the writer's permission.

DOUBLE WEDDING

Dear Miss Friend: In planning a double wedding is it permissible to have each bride and her attendants come down a different aisle as our church has two aisles leading to the altar?

We have thought it would be nice to come in together and use the different aisles so that we arrive at the altar at the same time.

Bride-Elect

Dear Grace Friend: Correctly, one bridal group follows the other down the aisle so that everyone has a chance to see the brides. It would be impossible if they came into the church together and use different aisles.

Usually the right aisle is designated as the bride's aisle. She comes down this and returns by the left aisle or bridegroom's aisle.

DINNER PARTY

Dear Grace Friend: The other night at a large club dinner I found myself between two women and I wasn't sure which one to help when we were being seated. Should I assist the one at my left or right? There were more women present than men and some women were bound to be left over. What should I have done?

R. R.

Dear R.R.: In a case like the above I imagine you should help the woman at your right as speedily as possible and then turn to the other and assist her. Of course if one is older than the other you should help her first.

At dinner parties you can tell by observing your host. If he helps the woman at his right then every man at the table should do likewise.

In restaurants the waiter who escorts you to your table usually assists the woman to be seated. If there are several women in the party help them wherever they choose to sit before finding your own place.

Time Marches Into Kitchen

No one would ever expect *Time Magazine* to go into the kitchen. But it has done so in thousands of kitchens, in fact, and selected 230 recipes which are favorites of Time readers. Perhaps your neighbor is the author of one. Some recipes come from as faraway places as Africa and India, although most are from American readers.

From the thousands of recipes sent in, *Time* editors drew some interesting conclusions about what its readers like. For example, in discussing fish and shellfish, they say, "Shrimp (a la Creole, Gumbo-style or a la Newburg) would seem to be the most popular fish with the women who read *Time*... crab meat a close second... a good runner-up."

The seafood section contains recipes for all these, plus a generous assortment of other kinds of fish and shellfish. One of these, submitted by Mrs. James P. Allen, Jr., of Wellesley Hills, Massachusetts, is a casserole dish "Deep Sea Delight" which combines tuna, mushrooms and asparagus tips — really delightful sounding.

DEEP SEA DELIGHT

1 (6-oz.) package broad egg noodles
1 cup seasoned medium white sauce
1 4-oz. can mushrooms, drained
1 7-oz. can tuna fish, flaked
1 14-oz. can asparagus tips
1 green pepper, diced
1-2 teaspoon salt
1-8 teaspoon pepper

1 cup grated Cheddar cheese

Cook noodles according to directions on box until tender. Drain and rinse. Drain again. Place in buttered 2-quart baking dish. Cover with sauce. Add remaining ingredients in order given. Top with grated cheese. Bake in moderate oven (350 degrees F.) 25 to 40 minutes. Makes 4 servings.

Harvesters Meet Berger Tonight in District 1-AA Opener

Bulldogs Heavy Favorites On Comparative Records

The District 1-AA basketball race for 1950 gets away to a flying start tonight with all four teams scheduled to see action. The Amarillo Sandies meet Plainview and the Harvesters host the Berger Bulldogs in Pampa.

Most of the interest in the opening night games will be focused on the Pampa-Berger game. It pits the two teams who have been picked by most to have the best chance of taking the 1-AA crown relinquished by the Lubbock Westerners when they were transferred into 2-AA. Berger will be the top-heavy favorite as the game gets underway tonight, the odds favoring them on their record to date and on comparative scores.

Baylor Bears In SWC Lead

(By The Associated Press) Baylor backed into undisputed leadership of the Southwest Conference basketball race last night as Texas A&M upset the Arkansas Razorbacks, 43-35.

In another conference game, the University of Texas won its first game in three loop tilts by dumping Rice, 55-52.

Three games are scheduled to be played tomorrow night. Southern Methodist meets Baylor, Arkansas plays Rice and Texas takes on Texas A&M.

Wall Davis was the hero of the Aggies' victory. He dumped the two field goals in the final five minutes to ice the game for A&M.

Jewell McDowell paced Aggie scorers with 17 points. Texas came from behind to ship Rice, which held a 24-12 lead at one point in the first half and was ahead 29-24 at the half.

Tom Hamilton paced Texas' late rally and his 20 points topped game scorers.

The Longhorns went ahead with eight minutes left to play. Rice trailed by just one point with two minutes to go, then Hamilton tossed in a field goal that cinched the victory.

Joe McDermott paced Owl scoring with 15 points. Southern Methodist and Texas A&M are tied for second now, with Arkansas fourth and Texas, Texas Christian and Rice in a three-way tie for fifth place.

Marlene Bauer Named Woman Athlete of Year

NEW YORK — (AP) — Marlene Bauer, the 15-year-old Los Angeles girl who amazed the golfing world with a string of brilliant victories during the past summer, has been voted female athlete-of-the-year in the annual Associated Sports poll.

Sportswriters and sportscasters gave the sensational young coast star 17 first place votes and a total of 73 points, compared to 13 first and 58 points for her closest rival, Louise Suggs of Atlanta, the nation's woman professional golfer.

Babe Didrikson Zaharias, still another golfer, placed third with 19 points, and Mrs. Margaret Osborne duPont, the national tennis champion, was fourth with 41 points.

Points were figured on the basis of three for first place, two for second and one for third.

Miss Bauer rocketed into the spotlight when she won the first National Junior Golf championship at Philadelphia. From there she was a terror, her steady down there on the 20th.

There will be no B team game tonight. The lone contest will get underway at 8 o'clock sharp before what is expected to be a capacity crowd in the small gymnasium.

Golden Gloves Tournament Gets Off To Rousing Start With Dozen Fights

Minors Vote Bonus Rule Shall Remain

COLUMBUS, Ohio — (AP) — Despite major league opposition, the controversial bonus rule will remain a part of organized baseball law.

The minor leagues, in a country-wide ballot, decreed today the rule should be retained. The majors, at their recent meeting, voted repeal of the much-debated regulation but today's action by the "bushers" nullified the major league decision.

George M. Trautman, president of the National Association of Professional Baseball Leagues, said 25 of the minor leagues voted to retain the bonus setup, while 33 leagues opposed it and one passed its vote.

Three-fourths of the 59 minor leagues had to oppose the bonus to oust the rule.

The bonus rule was written into the books in 1948, but has been amended a couple of times. Under the original rule a club paying a bonus to a free agent to obtain his signature to a contract was forced to keep that player on its roster.

Baugh Is Top Choice for Baylor Post

WACO — (AP) — Baylor's Athletic Committee meets next week to consider a new football coach. Indications are Sam Baugh is the top choice.

Dr. W. R. White, university president, last night announced the committee meeting.

Baugh, ex-Texas Christian University star and passing ace of the Washington professional Redskins, looms as the No. 1 choice for the job if he can reach an agreement with Washington to release him.

Horace Jackson, chairman of the Athletic Committee, said yesterday that it would appear from press reports that owner George Marshall of Washington would agree to release Baugh under certain conditions, but he does not know what those conditions will be.

He said Baugh had not been contacted officially, but did admit that a contact had been made. Baugh Wednesday night said "I'd be interested in the job all right if I could get things fixed up with the Redskins."

Baylor has been without a football coach since last Friday night, when Bob Woodruff quit to become coach and athletic director at the University of Florida.

Woodruff received \$12,000 a year at Baylor. He'll get \$17,000 at Florida.

Dr. White listed applicants for the job as Baylor coach as Homer Cole, former professional and Arkansas A&M coach; John Tomlin, coach of Port Arthur, Texas, High School; Bob Walsh, coach of St. Benedict's College, and Lowell (Red) Dawson, former Tulane University and professional coach.

Among those who have not applied, but are considered prospects are Baugh; Ted DeGroot, coach of West Virginia; Homer Norton, former Texas A&M coach; Ray Morrison, coach of Austin College; H. N. Russell, assistant coach at Southern Methodist; and Don Faurio, coach at Missouri.

On the 21st green in the semi-final of the Hard-Scrabble Open at Fort Smith, Ark.

Golden Gloves Boxing Tournament Gets Off To Rousing Start With Dozen Fights

Minors Vote Bonus Rule Shall Remain

The first Shamrock District Golden Gloves Boxing Tournament got underway last night before a throng of 1,200 fight fans in the American Legion on Home at Shamrock. Twelve fights were waged on the opening night with a like number expected for the second night, tonight.

Last night's fights were all fast and hard all the way, from the little featherweight 70-pounders on up to the 160-pound boys.

Pampa had six boys fighting in the Gloves, and two more fought in exhibitions at weights below tournament regulations. Of the six in Golden Gloves, two were victors. They were: Bobby Wilhelm, 118-pounds, and Bill Chapman, 160-pounds. Eddie Colium, 78-pounds, also won his exhibition.

Billy Ed Cooper was defeated in the 96-pounds class; Robert Mauldin lost in the 135-pound class; John Pennington in the 135-pound class; and Paul Tollison lost in the 135-pound class. Ronnie James lost a close 78-pound exhibition scrap.

Chapman scored the only knock-out in the night, flooring Billy Pavlovsky of Shamrock in 31 seconds of the third round with a sharp right uppercut. Joe Rice of Lefora scored a technical knock-out over Tollison, stopping the black-haired boy midway through the second round. Blows Doug Graham stopped the fight when it was obvious that the powerful and classy Rice had Tollison at his mercy.

Rice and Wilhelm appeared to be the class of the first night's action, both boys appearing cool at all times, never in trouble and never worried.

Two Shamrock boys opened the night's activity with an 85-pound fight. Paul Hall got the decision over Jerry Hurt in a fast fight.

John Pennington of Shamrock, a very classy little 85-pound youngster, earned the decision over Ray Francis of Wellington in the second fight on the card.

Pennington, a stylist all the way, constantly outboxed Francis with a sharp right.

A Warner Moore, Wellington, a squat little boy, threw leather from all points to gain a decision over Billy Ed Cooper, Pampa, in the 96-pound class. Cooper, despite a height and reach advantage, constantly found a sharp left lead in his face and a looping right following it. Cooper had a good second round when he apparently had Moore solved, but Los Angeles came back in a good third round to win.

In the 118-pound class, Bobby Wilhelm, Pampa, cool as always, easily earned a decision over a rough Jerry Pennington of Shamrock. Pennington was much taller than Wilhelm, but the chunky little Pampa boy kept rights and lefts in Pennington's face, dropping him with a sharp right in the third round for no count.

Wilbur Smith, Wellington, defeated Robert Mauldin, Pampa, in a 135-pound bout that saw Mauldin so tired near the end of the fight that he could hardly stay on his feet. Mauldin was dropped for an eight count in the second round.

In another 135-pound fight Jim Pennington, Shamrock, ran into Wagoner on All-American Second Team.

DALLAS — (AP) — Austin High School's J. T. Seahorn, 190-pound center, made the first team of the National High School All-American Football squad announced by Mose Simms.

Simms, chairman of the Football Committee of the Wigwam Wisemen of America, and originator of the National High School All-Star Game, released a list of 1,204 players on six teams and the honorable mention list. These players are eligible to list in the second annual all-star game, he said.

Coaches of the two teams will be Harold (Red) Drew, University of Alabama, and Will Walls, University of Corpus Christi, Texas. Three other Texans landed in the top six teams. Bill Wagoner, Wichita Falls halfback, made the second team; James Duncan, Marshall center, the fourth, and Sam Ward, Laredo end, the sixth.

Southern Bloc Threatens to Destroy NCAA's Sanity Code

NEW YORK — (AP) — The Citadel has booted Virginia from the verge of a break and a solid Southern bloc threatens to drive a final, fatal wedge today into the National Collegiate Athletic Association.

Breathing brimstone and confidence, Dixie delegates dazed the NCAA, in effect, to kick out four of their neighbors accused of open violations of the sanity code.

"They can't expel them," predicted Robert R. Neyland, coach and athletic director at Tennessee. "It won't even be a fight."

The convention votes tomorrow on whether Virginia, Virginia Tech, VMI, The Citadel and three unnamed institutions should be expelled for failure to conform with the two-year-old code. It takes a two-thirds majority of those present.

Members of the Southern, Southeastern and Southwest Conferences lined up yesterday behind the sinners and announced they would use all their votes and influence to prevent their expulsion.

The three conferences control only 39 — each member and each conference has a voice — of the some 300 possible votes but they could carry weight among other conferences and independents.

Karl Leib of Iowa, mild little president of the NCAA who was the spearhead in the code's adoption two years ago, seemed to sense the crisis.

"Saturday will be a showdown," he said.

Joe Landrum, Shamrock; Bobby Campbell, Shamrock; Cabin Aaron Wellington; James Stevens, Pampa; John Lowe Pampa; Johnny Patterson, Quail; Ethelred Ross Pampa.

Many fighters drew bytes right into the regional tournament in Amarillo, scheduled for Jan. 24-28, when they had no opposition. They were Leon Kelly, Jim Bill Windsor, J. Roy Henry and Donnie Ray.

The fights tonight will again get underway at 7:30 in the American Legion Home in Shamrock.

Cubs Transfer Newark Club to Springfield

SPRINGFIELD, Mass. — (AP) — This Western Massachusetts community, for years a baseball hotbed, today enthused over the prospect of supporting a triple-A baseball club.

The Chicago Cubs, stoutly supported here while operating a Class B farm club in the disbanded New England League, have decided to transfer the Newark International League franchise to this city.

The official announcement was made in Chicago yesterday by Jack Sheehan, director of the Cubs farm system. The Newark franchise was purchased from the New York Yankees.

WARREN'S WARMUP

By Warren Hesse—News Sports Editor

QUESTION: What major league pitcher compiled the best batting percentage for one season in the major leagues?

TONIGHT THE DISTRICT 1-AA BASKETBALL season swings into full action with all four teams slated for play. Pampa fans will see their Harvesters put to the severest test in the first game, tangling with the mighty Borger Bulldogs, choice of most writers to cop the title.

The race this season promises to be another of those ding-dong affairs similar to the one last year. Of the four teams in the district, only one can be discounted. That is the Plainview Bulldogs, who this year have less bite than a day-old puppy.

It's Borger that everyone fears, and it's Borger that Pampa and Amarillo will be out to beat. This is a decidedly different picture than usual. It has always been Amarillo that every team in district has pointed for. But the fine record of 39 and 1 that Tex Hanna's charges have rung up in pre-district play has made them the target.

Here is the way this corner is going to pick them to finish in mid-February: Pampa to win district. Parity loyalty and mainly on the strength of outstanding ability and superior coaching. Its record isn't as impressive as the others, but it was compiled against stiffer opposition, I believe.

Pampa, in James Gallemore and Jimmy Howard, has as good a scoring punch as any team, and both are great on defense. The comeback that the Harvesters roared back with in the second half of the Memphis game last Tuesday would seem to indicate that they have finally caught that Fighting Harvester spirit that marked the football team all season. And if the Green and Gold can just get and keep a red-hot spirit, they should capture district, finally.

Amarillo for second place. T. G. Hull is always able to field a good team because of his unshakable supply of talent. The Sandies record is almost as good as that of the Bulldogs of Borger, though it was made against

Holy Cross in 12th Straight

NEW YORK — (AP) — Underdog Holy Cross, ranked fifth in this week's Associated Press poll, won its 12th straight last night with a convincing 69-55 triumph over St. Louis in a doubleheader.

Trinity edged MIT, 57-56, in the opener. Bradley, ranked sixth, opened an Eastern invasion by trampling Manhattan, 89-67, in the feature of a twin bill at Madison Square Garden. New York University walloped Duke, 80-64, in the first game.

Texas A&M and Texas registered upsets in the Southwest Conference. The Aggies broke loose in the last five minutes to walloped Arkansas, 43-35, while Texas came from way back to trip Rice, 55-52.

North Carolina State socked William and Mary, 72-58, in an important Southern Conference game. Richmond upset Maryland 59-49, in another league fray.

Reapers Defeat Horace Mann

The Junior High School Reapers gained their first win in the Panhandle Grade School Interscholastic League basketball race yesterday afternoon by defeating the Horace Mann team of Amarillo, 41-23.

Jimmy Bond was high-point man for the Reapers with 19 points. Buddy Cockrell was second high with 10.

The Reaper "B" team also turned in another victory, defeating the Horace Mann "B" bunch, 44-14. D. J. McElvain was high-point for the "B" squad with 13. Billy Brown had 10.

The next game for the Reapers will be next Thursday afternoon when they go to Canyon to play the Canyon Junior High School five.

Mercurys Lose To Amarillo 5

The J. C. Daniels independent basketballers were defeated by the San Jacinto Methodist team of Amarillo last night at the Junior High Gymnasium, 57-47.

Coach Clifton McNeely was a high-point man for the losers, getting 22 points. Coach Don Leach of McLean was next high with 11.

In another game last night the Culberson Chevrolet team lost to the McLean independent five, 34-28. Bill Carter was high-point for the Chevies and Coach Don Leach led the McLean team in this game.

Monday night the J. C. Daniels team will play Hedley and the Culberson Chevrolet five will meet Briscoe at the Junior High Gymnasium.

Roach Decision Winner in Philly

PHILADELPHIA — (AP) — Lavern Roach, 160, Flakview, Texas, got a unanimous eight-round decision over George Larover, 151, Philadelphia, in a feature bout here last night.

Roach, fighting his second bout on a comeback after losing to Marcel Cerdan a year ago, failed to land his usual heavy right-hand punches and failed to take advantage of many openings in the clinches.

However, he gained the decision on all of the judges cards. In the first round Larover went down for a nine count from a short straight right to the mid-section. Roach staggered Larover with three hard rights to the stomach in the second round, but George hung on until the bell.

Dallas Withdraws Pro Grid Request

DALLAS — (AP) — Dallas has left the professional football field open to Houston — for now at least.

Edward T. Dicker, head of a local group that had sought a franchise in the National-American Pro Football League, said yesterday the application was being withdrawn.

He said it was his group's opinion that Texas could support only one pro football team at the present time.

Houston oilman Glenn McCarthy has made application for a pro grid franchise. If he can't get one, Dicker said, the Dallas group will try.

Cage Meet Gets Started

WHEELER — (Special) — In the opening night games of the Wheeler basketball tournament last night the Allison girls lost to the Briscoe girls, 33-27 and the Briscoe boys defeated the Allison boys, 28-18.

In the second pair of games the Kelton girls defeated St. Mary's 35-14 and the Mobette boys defeated the Kelton boys 29-20.

In the final games of the night the Darrowzett girls defeated the Wheeler girls, 27-25 and the Wheeler boys downed the Darrowzett boys, 25-22.

In the final morning games today the Shamrock girls defeated the Briscoe girls, 37-29 and in the third period the Shamrock boys were holding a 15-11 lead over the Briscoe boys.

The Pampa Guerrillas were scheduled to play the Cheyenne Oilers, High School team at 2 o'clock this afternoon.

Making the trip with the Guerrillas will be Roy Pool, Jimmy Cook, Duane Jeter, Jimmy Delaney, Billy Davis, Tommy Smith, Bobby Setts, DeWey Cudney, Tolle Hutchens and Bob McPherson.

Oklahoma City Rehires Vosmik

OKLAHOMA CITY — (AP) — Jimmy Humphries, president of the Oklahoma City Indians of the Texas Baseball League, announced Thursday the signing of Joe Vosmik to manage the club for a second year.

Vosmik last year piloted the Indians to their first playoff post since 1940. He was given a substantial raise in pay and he is

No Tension as Leg Comes Up to Brake Slide, Maintain Balance

(Twelfth of a series written and illustrated for NEA Service.)

By VAL MIKIEL
Bowlerette-of-the-Year

A front view of the release of the ball shows the right leg coming up to brake the slide and maintain balance.

The left arm is outstretched. The right arm is straight as the fingers withdraw from the ball.

The thumb is first to leave the ball. The fingers remain inserted for a split second, during which they apply a counter-clockwise twist or lift to the ball. The result is hook action, so desirable from a scoring standpoint.

There is an absolute lack of effort and tension. The ball starts accurately on its way over the foul line to drop on the polished surface of the lane.

The approach and delivery are perfected through constant practice.

Strict attention must be paid to fundamentals.

NEXT: The follow-through.
Read The News Classified Ads

EFFORTLESS — Val Mikiel accurately starts the ball on its way over the foul line.

Humphries talked by long distance telephone with Vosmik at his Cleveland home.

Balder was the ancient Scandinavian light god.

Fair Enough - Pegler

By WESTBROOK PEGLER (Copyright, 1950)

NEW YORK - The books written as memoirs by members of the court circle of Franklin D. Roosevelt and other dictators are...

dent was generous enough to make me surgeon-general of the Navy with the rank of rear admiral... Generosity would seem to have been an insufficient motive...

I submit this verified information from the Harvard Athletic Association for the same reasons that Doctor McIntire, Mrs. Roosevelt and other biographers and autobiographers offer as justification for their writings...

Doctor McIntire, who was a Roosevelt's official physician, was misled at Hyde Park, not in the White House... Roosevelt was a mama's boy and never was allowed to associate with the children of the common man...

I wrote to the Harvard Athletic Association for official information as to Doctor McIntire's statements... There is nothing in our records to show that the gentleman ever played on a varsity football team...

There are then listed four minor crew events... Roosevelt rowed stroke on the second crew of Newell Boat House which finished fourth in a race on April 25, 1901...

In the 1904 Class A seniors which is the activities of a swimmer... Roosevelt was the varsity football team, that is, he was captain of the team...

What makes you think I'm looking at the television set with the Smith's got with a News Watt Ad?... The President repeats this idea in his Economic Report...

NOTHING NEW ADVANCED: The President's 12 legislative proposals are all old stuff... ing, social insurance and agricultural price supports...

Common Ground

By R. C. HOLLES Democracy and Materialism... Since we hear people carelessly contending that America was founded on the principle of democracy...

Under the Denver lawyer's patented scheme, the prices of perishable foods would be permitted to fall to a natural, economic level through operation of supply and demand laws...

But the farmers would lose income from this decline, according to the Brannan plan, because the government would continue to reimburse them with subsidies...

But democracy is a collective term; it describes the aggregate as a whole, and assumes that the individuals are not individuals, but a part of the mass...

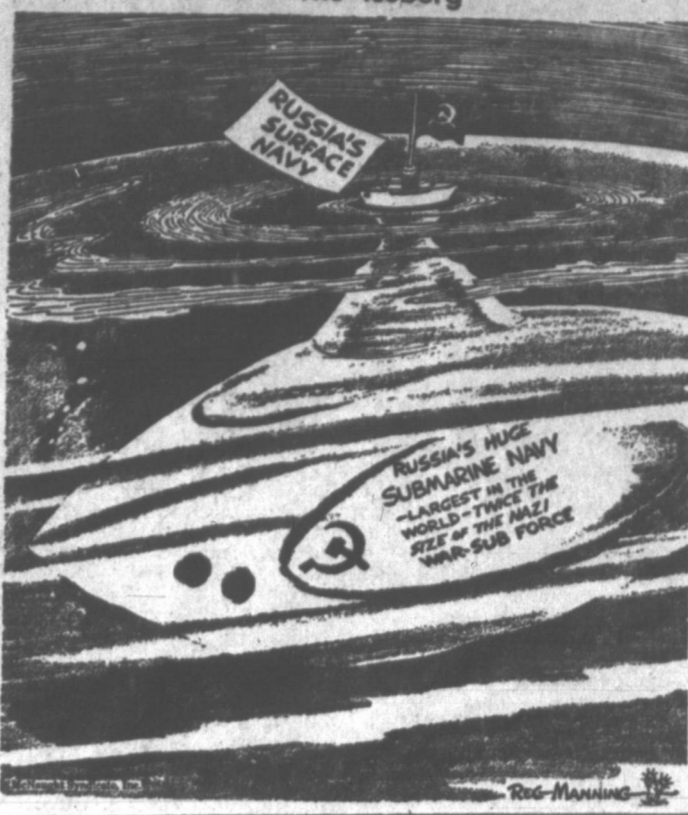

But if the authority resides in the collective whole, it is evident that with the disagreement of one person, the whole is no longer existent or operative...

Senator Harry Byrd's farmer-constituents received four cents a pound for their spinach... The vegetable, which is an excellent example of how Mr. Brannan expects his Houdini act to work...

SPINACH - Amusingly enough, it is a simple and practical report on the farm-to-market experience of a Virginia-grown spinach grower...

MOPSY Gladys Parker... I WON! THAT OLD BARK EXAMINER WHO WENT AWAY WITH MY THING TO WORRY ABOUT...

The Iceberg

National Whirligig

news behind the news By RAY TUCKER WASHINGTON - The two-price Brannan farm plan that bulks so big in President Truman's 1950 legislative program...

PROCESSING - The non-politically minded men in Agricultural Economics also provide figures on the market and breakup of the market-basket dollar that would change Mr. Brannan to lose his hair...

SAVING - Again, let us assume that the farm price falls through the supply-demand influence by twenty percent. It is obvious that the saving on each housewife's market-basket dollar would be only 54 cents...

COST - President Truman and Secretary Brannan maintain that this scheme of having-and-eating cake in subsidized mouthfuls would benefit both producers and consumers...

SPINACH - Amusingly enough, it is a simple and practical report on the farm-to-market experience of a Virginia-grown spinach grower...

DIFFERENTIAL - The 9.7-cent differential is eaten up by charges for labor, packing, refrigeration, transportation, wholesaling and local distribution...

MOPY - As a result of other administration policies, the costs which enter into that 9.7-cent differential will remain at the present level or go even higher...

More than 36,000 acres of forest were planted in Great Britain in 1948... The President's 12 legislative proposals are all old stuff...

Canasta Rules

When some friends invite you over and canasta is the game, you look forward to the evening and perhaps a taste of fame... Just about the time you think you've got a hand unparalleled, then your host declares he's sorry but the rules won't let you hold...

Everyone invents new ways in which canasta should be played, and sometimes make the rules for cities where the rules are made... The heart beats 70 or more times a minute throughout life...

Clark Gable's pre-Christmas marriage was a break for a girl friend who was giving him a \$2500 jeweled cigarette case... The coronary arteries supply blood to the heart muscle...

Bob Hope spent last Christmas entertaining U. S. troops in Germany with Alvin Eskinley as his escort... The person who experiences such signs should not neglect them...

Lee Tracy will star in Brock Pemberton's new Broadway play, "Mr. Barry's Etchings"... The doctor's disk jockey admits "Mule Train" has a flat wheel...

Guardians of the movie's morals telephoned a studio publicity boss the other day to complain about a blonde star who cracked a few off-color jokes...

Attention Hollywood: Here's how they started the Jean Renoir production... First she inserted a small help-wanted ad in her local newspaper...

WHY NOT? I GIVE ANYTHING AS RIDICULOUS AS THAT?
SO THAT WHEN THE LADIES ARE HURRYING HOME THEY WON'T HAVE TO STOP AT TH DELICATESSEN—

Close Check Is Kept on Disease Fight

FORT WORTH — (AP) — This month and next will be a crucial period in the fight against foot-and-mouth disease among cattle, Maj. Gen. Harry H. Johnson, U. S. coordinator of the eradication program in Mexico, said.

He made the statement in a talk to the quarterly meeting here of directors of the Texas and Southwestern Cattle Raisers Association.

If we get by these two months in the same manner as we are now we can tell whether this experiment will work," said Johnson.

He said that during December 5,010,199 animals were vaccinated—an average of 417 per minute. Vaccination cost per animal was cut from \$1.00 in January of 1949 to 39 cents in December, he said.

Meanwhile, questions on the recent order banning purchase of Grade C beef for armed services consumption are to be answered at the meeting by Preston Richards, assistant to Director Harry Reid of the Production and Marketing Administration's Livestock Branch.

Richards is in charge of purchase of canned beef from Mexico, a part of this country's economic aid to Mexico in the fight on foot-and-mouth disease.

Richards denied that PMA had anything to do with the recent Quartermaster Corps order allowing beef purchases to Grade B which eliminated purchase of Southwestern grass-fed beef.

Robert J. Kleburg, King Ranch manager and an association director, charged that the new army policy actually "restricts its meat buying mostly to Grade A beef" and said a survey showed purchases are being limited almost wholly to that grade or grain-fed cattle.

"Top good really means grain fed and pretty good grain-fed at that," Kleburg said. (The order specified "top good" grading.)

SHUTTER QUEEN—Pretty as a picture is Donna Lee Hickey, who was chosen from among hundreds of competitors for the title, "Queen of the New York Press Photographers' Ball of 1950." Donna, who won the title on her 21st birthday, will reign at the ball on Feb. 3.

Fred Allen Visiting in Hollywood

HOLLYWOOD — (AP) — Fred Allen, a man with high blood pressure and a low regard for Hollywood, arrived here in a rainstorm. His comment: "I thought God was weeping over the state of the movie business."

The Boston wit added that the rain looked good after 20 miling from drought-ridden New York.

"The water shortage is really serious," he remarked. "When you take a room in a hotel they don't give you a towel. You get a rubber eraser."

Allen is here briefly to guest on some radio shows. There is no chance that he will settle in Hollywood, however.

"This is no place for an actor to live," he said. "They come and go too fast. The first time I was out here, Laura La Plante was the rage. The next time it was Harry Langdon, and so on."

"Everybody lives in somebody else's house. James Mason is living in the house that once belonged to Buster Keaton. Somebody else is living in Marguerite Clark's old house."

Allen cited his receipts to illustrate the fickle nature of Hollywood:

"When I came out here to do a picture a few years ago, my hotel room looked like a funeral parlor with all the flowers. When I came out last fall there were several bouquets."

He then pointed at his current gifts: two small clumps of flowers and two baskets of fruit.

"Next time I'll get one tangerine," he predicted.

The comedian is off the air this season on doctor's orders. He feels that radio is dead, anyway.

"It was doomed from the start," he said. "The networks cared only about selling their time, the advertising agencies about getting their 15 percent commission and the sponsors about selling their product. Nobody cared about entertainment."

RITA'S RELATIVES REJOICE—Helping to spread the word of the birth of a daughter to actress Rita Hayworth and Prince Aly Khan are Rita's brother, Vernon Cassino, center, and his wife, Susie, at their ocean front lunch stand at Santa Monica, Calif. Cassino receives congratulations from Johnny Robinson, left, just after the news arrived from Lussanne, Switzerland.

Mainly About People

DIVERS

(Continued From Page 1)

four of the Truculent's seven compartments flooded.

"It is possible," a naval officer said, "the last three compartments are unaffected. A diver is making a fresh descent to examine the deck and superstructure to see whether or not the hatches are open."

"If they are open there can be even less possibility of anyone on board being left alive."

This may be the biggest peacetime disaster to a British submarine since June, 1939, when the Thetis sank in Liverpool Bay with a loss of 99 lives. The U. S. submarine Squalus, which sank off New Hampshire in May, 1939, cost 26 lives.

The Admiralty ordered the Rescué latest type deep water rescue ship, to the scene with equipment capable of resurfacing any but the most badly crippled submarines. Divers trained in rescue work were ordered into action.

The Truculent, which sent 20 Japanese ships to the bottom during World War II, met disaster last night. The 643-ton Swedish tanker Divina was coming in 55 miles due east of London. The Truculent, bound for Sheerness Dockyards, had been out since yesterday morning on a trial run.

The prow of the Divina, equipped to break through ice, rammed the sub's torpedo compartment and the undersea craft, running on the surface, sank within a minute.

Most of the men accounted for apparently had been either in the conning tower or the control room, immediately below. The others apparently were trapped below.

LEUKEMIA

(Continued From Page 1)

But the best of these has been only about 30 percent effective in children. Acth thus appears to be the best drug yet found to help these patients.

Leukemia is a cancer of the blood, with the body making too many white blood cells. Acute or fast-acting attacks, usually kill in a few weeks or months, or in a year.

Chronic leukemia, which people may have for years, also is hampered by acth. It comes back later, but then the hormone can bring recoveries a second time. This effect in chronic leukemia was reported in the pituitary gland.

So far, acth hasn't shown any effect against other forms of cancer.

HIWAY

(Continued From Page 1)

It modeled after the Pennsylvania Turnpike between Harrisburg and Pittsburgh.

If the Texans follow Pennsylvania's lead they would charge passenger cars one cent a mile for use of the toll highway. Truck charges are made according to the weight of the load and the distance traveled.

The Texas road would have no cross traffic. All intersecting railroad or highway traffic would go either under or over the turnpike. There would be eleven interchange points—places where traffic would leave or enter the four-lane toll route, Prescott said.

ACHESON

(Continued From Page 1)

China is the enemy of China and is acting contrary to our own interest. That is the first and the greatest rule in regard to the formulation of American policy toward Asia.

The call to get expert military advice from Secretary Johnson and General Bradley has been sounded most insistently by Senator Knowland (R-Calif.). He wants their views on the strategic value of Formosa—if any—in America's Pacific defense. It is the last retreat of the Chinese Nationalist government, driven off the mainland by conquering Chinese Communist armies.

PHILOSOPHER

(Continued From Page 1)

Frank Smith, past CC president, will introduce guests and Travis Lively, also a past CC president, will install 1950 officers.

George S. "Pinkey" Vineyard, president-elect, will introduce Williams.

Special entertainment will be provided by Brent Flenniken, Dumas, who was one of the stars in the stage show "Oklahoma." Bernie Howell, Amarillo, will play dinner music. Jimmy McCune will lead a sing-song preceding the address.

Reservations may be obtained at the Chamber of Commerce office until 5 p. m. Monday, Mrs. Bill Ragdale, Chamber secretary, said. Neighboring towns are showing a good representation, she added.

RANCHER KILLED

FLORESVILLE — (AP) — Clifford A. Tackitt, 46, Floresville rancher, was killed last night when his automobile overturned four miles north of here.

Stockyards Story Vague

(By The Associated Press)

Reporters invited to a Department of Agriculture news conference at the Fort Worth stockyards Wednesday didn't know what the story would be.

The conference was held in the big, rambling livestock exchange building in a small Agriculture Department office.

Several men who operate at the stockyards were present as the session opened. So were several Agriculture Dept. men, including a press agent. A husky blond haired man, W. C. Ball, passed around some typewritten information and said he was ready to answer questions. Ball is district supervisor of the Packers and Stockyards Division of the Livestock Branch, Dept. of Agriculture.

Reporters studied the typewritten information—three sheets of it—which said many persons and firms operating at the stockyards were accused of unfair and fraudulent trade practices over a long period.

Then the questions began. How many people and firms? Ball gave some estimates which added up to from 62 to 70. But he said this was just an approximation. How about names? No names could be given, Ball said.

Mostly, he said, the violations concerned persons who speculated without being registered and bonded by the Packers and Stockyards Division.

"Who lost money as a result of the fraudulent trade practices?" a reporter asked.

"Livestock producers and shippers," said Ball.

"About how much money did they lose?"

"We can give no estimate on that."

Examples of such losses later given were in generalities. Reporters were given little specific information to go on. How many complaints would be filed? Ball didn't know but said "serious" violators would be prosecuted. How many violations were serious? Well, there was no estimate of that. When would complaints be filed? "That isn't definite—perhaps in 30 days."

The Department of Agriculture spokesman emphasized that the company which owns and operates the physical facilities at the stockyards and the majority of firms and individuals who operate at the stockyards had no part in any unfair practices.

But after the news conference, a Fort Worth man gave us a criticism of the whole affair: "It would have been better," said he, "if the Department of Agriculture hadn't staged this news conference but had just gone ahead and filed some complaints. If they had done that, no innocent operator would be put under a cloud and the persons accused could be sought out and given an opportunity to have their say."

FROM NINE TO FIVE

I'll have a line for you in just a minute, Mr. Wump... as soon as I decide who to cut off.

Cold War With Reds Is Costly

WASHINGTON — (AP) — The cold war with communism is costing you plenty.

If it weren't for that, this country's spending and your taxes—would be away down.

That's the one point which stands out above all others in the budget President Truman sent Congress.

The cost of the cold war, big as it is, is cheaper, of course, than a shooting war.

It's the cold war mainly that's keeping the U.S. in the red.

It's nice to believe, or hope, that as Europe gets back on its feet, we'll be able to cut down the billions we're pouring into the Marshall Plan.

But by that time, new crises may arise, requiring more billions.

As for cutting down on national defense that depends on whether the Russians somehow suddenly and unexpectedly become nice little boys.

But communism shows no signs of ceasing its endless pushing. Stopped in Europe, it found a soft touch in China and pushed there. It will push where it can.

Put yourself in the positions of the Russians for a moment. You see the U.S., your only great opponent, rich and well armed, and you see the U.S. fighting a shooting war with the U.S., you want to weaken it. How do you do it, short of shooting? One nice way is to

Red Cross to Offer First Aid

Robert Lucey, St. Louis, Red Cross life saving field man, arrived in Pampa yesterday to organize first aid courses.

Mrs. James Clauder, local Red Cross secretary, said:

After receiving numerous requests for first aid courses, we were able to get Lucey to come and assist us. Some of the groups that have asked for courses are the Fire Department, Police Department, school bus drivers and Girl Scout leaders.

Lucey is a field man for life saving, water safety and accident prevention as well as for first aid.

Standard and advance training courses will be organized in life saving," Mrs. Clauder added. Local men will instruct these courses. As a result various organizations expect to qualify for first aid certificates for some of their members.

SPIES ARRESTED

SOFIA, Bulgaria — (AP) — Bulgarian authorities say they have arrested 64 alleged Yugoslav spies.

keep the U.S. jittery, ever on the alert.

In this way you keep the U.S. spending billions on defense or foreign aid, running into debt year after year, sapping the solid foundations of the economy.

hospital, many street scenes, the high school, local carbon black plants and Cabot shops. The Daily News' 48-page high-speed Goss printing press is shown—turning out an edition of the paper.

Stinson said of the film:

"It is a story of a new man going to work for Cabot. All the actors are Cabot employees or local people. No professionals. All the men who have 20 years or more of service play a part in the Cabot show. It shows how the company operates, how carbon black is made, how it is used, and points up how important this industry is to our area."

CONGRESSMEN

(Continued From Page 1)

a third member, "is that I won't say over the telephone anything I don't want spread all over Washington."

Ranking said he knows that tapping has been going on on Capitol Hill for some time.

"And it's going on in the government offices downtown and I wouldn't be surprised if it goes on at the White House," he added.

"I think this is being done by subversive groups who are trying to get something on members of Congress who have been blocking them," he said.

Dredging of River Sought

ALBUQUERQUE — (AP) — Dredging of a 20-mile stretch of the Rio Grande would let New Mexico meet its water debt to Texas, a Senate public works subcommittee has been told.

The state is going in debit to Texas and Elephant Butte about 75,000 acre feet yearly and owes the river 295,000 acre feet of water—a deficit accumulated since 1940.

The work would consist of \$8,526,000 worth of dredging above Elephant Butte reservoir in Southern New Mexico. Water is now being used up in that area by wild salt cedar trees and other plants.

R. J. Tipton, Denver, consulting engineer of the Colorado Water Conservation Board, and Raymond A. Hill of El Paso, Texas member of the Rio Grande Compact Commission, joined in urging speed in water saving.

John Bliss, New Mexico state engineer, emphasized that New Mexico is fast approaching the 400,000 acre limitation imposed by the compact. After that is reached the amount of land irrigated in New Mexico must be reduced until the debt is cleared.

He said waste amounts to 300,000 acre feet yearly through deterioration of New Mexico structures, seepage, rising of the riverbed and sapping of water by non-beneficial trees and plants.

Kerrville Man to Seek State Post

AUSTIN — (AP) — H. J. Antoine of Kerrville, former secretary of Houston, announced that he will be a candidate for lieutenant governor.

Antoine was in the real estate business and a member of the planning commission under Mayor Otis Massey in Houston. He is 58.

TRUMAN

(Continued From Page 1)

cent marriage to Mrs. Carleton Hadley of St. Louis, stayburn—himself a bachelor—said: "He's overdone himself."

The irrepressible Barkley reported in the same vein.

"I'm proud of what I've done the last month or so," he said. "I started a trend in this country. There have been more outstanding weddings since I married Nov. 18 than in any similar period in the history of the country."

He said Clark Gable, New York's Mayor William O'Dwyer, "Miss America," and Dick Tracy of the comic strips have followed him in matrimony and that Secretary of the Treasury Snyder's daughter, Drucie, soon will fall in step. Even the Methodist bishop who officiated at his wedding "came in," he added.

"I swear I don't think Sam Rayburn can resist the trend much longer," Barkley declared.

It was in such a setting that President Truman arose to say he will "keep fighting" for the entire Democratic platform "as long as I live."
