

11 Communists Convicted

Defendants Jailed, Await Sentencing

NEW YORK—(AP)—A federal jury convicted 11 top-ranking American Communist leaders today of conspiring to teach overthrow of the U.S. government by force.

The 11 defendants, all members of the Communist National Board, were remanded to jail to await sentencing next Friday at 10:30 a. m. They face sentences up to 10 years in prison and \$10,000 fine each.

Eight of the defendants had been free on \$5,000 bail.

Immediately afterward, Federal Judge Harold R. Medina found five of their lawyers guilty of criminal contempt during the nine-month trial and sent them to jail for terms varying from 30 days to six months.

Eugene Dennis, a defendant who acted as his own lawyer, also drew a six-month contempt sentence.

Thus ended, after seven hours of jury deliberation that began yesterday afternoon, a strike trial unprecedented in American history.

It was hinted during the trial that conviction of the leaders, who are certain to appeal to the U.S. Supreme Court, might drive the Communist Party underground in this country.

William Z. Foster, national chairman of the party, faces trial later on the same charge. He was indicted with the 11 others but was granted a postponement because of a heart condition.

A dead, shocked silence greeted the verdict. There was no demonstration. The defendants and their lawyers leaned forward eagerly, then sat back impassively, when the word "guilty" was pronounced.

Defense Attorney Harry Sacher demanded and got a poll of the jury for the verdict against each defendant.

The walnut-paneled federal courtroom, scene of many a jangling outburst since the trial began last Jan. 17, was crowded and tense when the eight women and four men of the jury filed in at 11:28 a. m. (EST).

Speaking firmly, the foreman said that the jury had reached its verdict.

Charge Filed In Slaying

JERSEYVILLE, Ill. — (AP) — A first degree murder warrant has been sworn out against Leonard (Lucky) Hawkins, traveling companion of a 23-year-old Navy veteran whose body was found near here Wednesday.

Sherriff C. E. Wedding said he issued the warrant yesterday "on the basis of evidence against" Hawkins.

Police of several states began a search for the fugitive shortly after discovery of the body of Albert E. Clark of Boise City, Okla. Clark died of a bullet wound in the head and apparent was thrown out of his own car on a country road south of here. Police have found no trace of the car, a new model.

The last report on the automobile came from Juana Grove, Okla. Clark, traveling companion of a 23-year-old Navy veteran whose body was found near here Wednesday.

Senale Plan For Stop-Gap Financing

WASHINGTON—(AP)—A Senate proposal to finance the armed forces on a stop-gap basis until next January 15 got an indignant reception in the House today from Rep. Cannon (D-Mo.).

Cannon, chairman of the Appropriations Committee, told newsmen he will ask the Senate to table—and thus kill—the House proposal. He said it would "seriously affect the national defense program at a time when chances cannot be taken."

"It is ridiculous," he added, "to ask the national military establishment to operate on an uncertain basis for one-fourth of the entire fiscal year in times like these."

One result of the tangled money situation is that the armed services have a payday coming up on Saturday, and no money (See SENATE, Page 3)

Engineers Back on Job At Laketon

State Highway Department engineers resumed work on the troubled Laketon-Miami farm-to-market road yesterday afternoon after a restraining order had been lifted.

The engineers, accompanied by Renner and T. C. Bates by the Sheriff's Department.

The work of running stake lines for relocation of Cities Service telephone lines was halted Monday night when Nelson told the engineers not to come back the next day.

At that time the engineers had run their stakes up to the Renner property line when Nelson approached them.

The disputed stretch runs approximately one-half mile along the road west side.

The engineers, accompanied by Chief Deputy Sheriff Rufe Jordan (See ENGINEERS, Page 3)

House Group Vote Favors Foreign Arms

WASHINGTON—(AP)—Spurred by a State Department assertion that Russia no longer can be trusted, the House Appropriations Committee today voted \$1,314,010,000 for foreign arms and \$187,000,000 for new military construction.

The bill carries \$814,010,000 in cash to help arm friendly nations and \$95,000,000 for military projects in Alaska and Okinawa.

In addition, there is \$800,000,000 of contract authority for foreign arms and \$92,000,000 for the military projects. This authority amounts, in effect, to telling the officials administering the programs that they can run up debts to that amount and that Congress will pay them.

Actual cash in the bill totals \$1,038,508,380. Along with the big items for foreign aid and military construction there are smaller amounts for shipbuilding, hospital construction, veterans' facilities, unemployment compensation, schools, and public works planning.

Leaders scheduled the bill for the House action today.

The cash and contract authority for the arms-aid program is what day that a number of personal services had been contributed by companies and neighbors, and that she would have a list of them within a day or two.

Patrol Begins Drive to Expel Illegal Aliens

SAN ANTONIO—(AP)—The border patrol today started a nationwide drive to expel illegal aliens.

J. W. Holland, enforcement officer, said the drive was in the San Antonio District of the Immigration and Naturalization Service—a district that takes about two-thirds of Texas.

Holland said the patrol had been ordered first to arrest all unemployed aliens; second, to arrest aliens employed in non-agricultural jobs; third, to arrest those employed by farmers who have refused to cooperate with the immigration service in determining contract laborers.

He would not estimate how many aliens might be seized for deportation, but said the drive would take several weeks.

Biggest concentration of legal aliens is expected to be found along the Mexican border from Del Rio to Brownsville and in the Lower Rio Grande Valley.

Farmer Alive Today Because He Had the Courage to Push Bleeding Legs in Fire

OLUSTEE, Okla.—(AP)—A farmer was alive today because, his doctor said, he had the courage to push his bleeding and amputated legs into a fire.

Thirty-three-year-old C. B. Hughes lost both legs yesterday when he tried to free his arm pinned in a hay baler.

He attracted his wife's attention two hours later by setting fire to a bale of hay.

Doctors described his condition last night as "fair." They said his arm will be amputated later.

Hughes pushed his legs—amputated below the knees—into the flame to stop their bleeding and to relieve the pain.

Steel Strike May Cut Deeper Into Production, Idle More

WHITE SULPHUR SPRINGS, W. Va.—(AP)—United Mine Workers President John L. Lewis today asked AFL President William Green to throw \$2,500,000 a week to assist CIO President Philip Murray in his steel strike and promised the miners would help.

(By The Associated Press) The nation's steel strike, now two weeks old, appeared today ready to cut further into industrial production and add thousands to the ranks of the idle.

Developments in the negotiations in the four-week-old coal dispute indicated no quick settlement was in prospect. The peace parleys between John L. Lewis and operators appeared deadlocked.

The country's two major strikes have made idle some 900,000 workers. The count will increase greatly if the steel strike continues.

There is only about a week or 10 days supply of steel left in the country's fabricating plants. However, many may close down sooner unless the companies and steelworkers agree to contract terms. Some 500,000 CIO U.S.W. members are employed in the fabricating plants and they have strike dead-ends staggered from Oct. 15 to Dec. 15.

Free pensions and insurance are the union's demands for the workers in the fabricating plants, the same issue that led to the strike Oct. 15 on basic steel plants.

A strike of 20,000 United Steelworkers at nine Aluminum Company of America plants in nine states is set for 12:01 a. m. Monday unless a wage, pension and insurance agreement is reached by then. The union's exact demands have not been submitted.

More than a score of vessels which carry ore on the Great Lakes are to be anchored, and crews furloughed, this weekend since the steel mills cannot use the ore.

The only bright spot in the steel dispute was the start of talks between government mediators and representatives of the Bethlehem Steel Corporation. The mediators said yesterday's exploratory talks in New York gave them "basis for further discussion," and the talks might be resumed today.

The mediators hope eventually to get the companies and U.S.W. leaders to start new bargaining sessions.

In the coal dispute, John L. Lewis told the operators his demands for a new contract would add 30 to 35 cents a ton to the cost of producing coal. Operators, he said, could meet the extra expense out of the \$1 a ton average profits of the industry.

Lewis also told the operators that 300,000 striking miners would return to their work under "bona fide" government control of the (See STEEL, Page 3)

Boy Injured In Fall From Moving Car

GARY MOORE, four-year-old son of Mr. and Mrs. Albert Moore, 1333 Duncan, has regained consciousness at Worley Hospital after a fall from a moving car near Pampa, Wednesday afternoon.

The child, his physicians said, suffered fractured skull and concussion. He was in a semi-conscious condition until yesterday afternoon. His condition is still serious.

The boy was riding in the back seat of a car with his six-year-old sister, Gale, when he apparently struck a door handle. Mrs. Moore was returning from Amarillo, where the family lived until this week.

Circus Tickets Benefit Children

The Rogers Brothers Circus will present two performances at Recreation Park tomorrow—one at 2 p. m. and one at 8 p. m.

If tickets are purchased at the Court House Cafe before tomorrow, a greater percentage of the money derived will go to the Rhine Club's crippled children, it was announced. The Shriners are sponsoring the performances.

Culberson Boosted For Governorship

VICTORIA—(AP)—Culberson-for-Governor movement was launched at Edna yesterday by a group of Jackson County citizens.

Railroad Commissioner Olin Culberson, honor guest at a barbecue given by the Edna and Ganado Fire Departments, declined to say whether he would run for governor next summer.

Editor Commends American Foreign Policy

By ART FERRER News Staff Writer

America not only has a foreign policy it is an excellent one. According to the Morgenthau plan, Seger said, Germany was to have been reduced to an agricultural economy and all her industrial potential was to have been stripped.

It was soon early that such a plan would not work because Germany, a highly industrialized nation, was Europe's own best customer for agricultural raw materials, and the economy of Europe would have suffered by making her a farm state.

Seger returned to Germany last year to lecture on the United States. "My first impression," he said, "was one of amazement at the amount of rebuilding."

In Bavaria, in the U.S. Zone, half of that state's 1,507 bridges were destroyed by Allied bombing, and the remainder were blown up by retreating German armies. "1,502 of those bridges have been rebuilt," Seger said, "and the same progress is being made in public and private building."

As far as the U.S. attitude toward Russia is concerned, Seger put himself midway between a splendid agreement policy and anything else for his personal use, but he cannot invest that money in a business and hire others to work for him.

Thus the Russian system might better be classified as "state capitalism" since the state is the only capital investor.

Nationalists Desert Canton Before Reds

CANTON—(AP)—Nationalist troops deserted Canton today and this sleepless South China city expected the conquering Communists to march in at any time.

Municipal officials already were reported to have opened negotiations for surrender of the deposed government capital.

Rumors spread that the Reds may take over this afternoon. At 3:30 p. m. (2:30 a. m. CST), however, Communist soldiers had not yet entered.

The Reds were last spotted only 10 miles from the center of Canton. Nationalists passed quickly through the city, going south and away from the path of the oncoming enemy.

(Reports to Hong Kong said the Canton garrison had been Communist to march in at any time.)

Men Charged In Murder Of Freeman

AMARILLO—(AP)—Police said today charges of murder were filed against two men in the \$31 robbery-slaying of Charles Lee Freeman here Oct. 6.

Freeman was a service station attendant. He had a crippled right hand.

One of those charged was Dwight Hoskins, 24, Amarillo, who was arrested in an Amarillo cafe. He was denied bond. Police refused to identify the other man until he is arrested. Chief Sid Harper said he expected the man to be captured today.

Hoskins was an Amarillo High School football star in 1941-42.

The charges came after a woman led police to a spot where a nine-millimeter Luger pistol was buried a mile east of the Canyon Airport. Canyon is 18 miles southwest of Amarillo.

Officers recovered a gun, a clip and six shells buried along a fence row. The woman said she had been told they would be buried there. She found them by counting posts from the end of the fence row.

Freeman was slain by a bullet from a Luger gun.

The gun, clip and shells were sent to Austin ballistics experts. The slug which killed Freeman already had been sent.

Fatal Shooting Termed Accidental

FORT WORTH—(AP)—The fatal shooting of Lloyd Russell, 23, was termed accidental by a coroner's verdict.

Russell was found by his wife in the kitchen of her home.

A 16-gauge shotgun still slithered in its case was found beside him. The end of the gun case was ripped open by the blast.

His wife said he was preparing to go on a hunting trip.

1. America has a monopoly and a 25-year lead on the carrier task force and its "power punch." But the Air Force has argued for "complete elimination" of "this most powerful instrument of modern warfare" and the Army has recommended its "serious reduction."

2. The law says there shall be no atomic and the proposal of the Morgenthau plan is to have been reduced to an agricultural economy and all her industrial potential was to have been stripped.

It was soon early that such a plan would not work because Germany, a highly industrialized nation, was Europe's own best customer for agricultural raw materials, and the economy of Europe would have suffered by making her a farm state.

Seger returned to Germany last year to lecture on the United States. "My first impression," he said, "was one of amazement at the amount of rebuilding."

In Bavaria, in the U.S. Zone, half of that state's 1,507 bridges were destroyed by Allied bombing, and the remainder were blown up by retreating German armies. "1,502 of those bridges have been rebuilt," Seger said, "and the same progress is being made in public and private building."

As far as the U.S. attitude toward Russia is concerned, Seger put himself midway between a splendid agreement policy and anything else for his personal use, but he cannot invest that money in a business and hire others to work for him.

Thus the Russian system might better be classified as "state capitalism" since the state is the only capital investor.

The state employed factory managers are rapidly developing into a privileged class whose economic status compares favorably with that of the successful American business and capitalist class. But the discrepancy between wages and conditions of skilled and unskilled labor is much greater than in the United States, Seger said.

As far as the dictator himself is concerned, "morally and ethically Stalin is no better than Hitler was, but he is more intelligent."

And Russia's possession of the atom bomb, if she really has it, might be the strongest deterrent to war for fear of retaliation.

In answer to a question from a club member, Seger said that a United States of Europe "has every prospect of coming about but give them time."

The recent conference at Strasbourg took one of the first steps toward that goal by helping tear down tariff walls between most of the Western European countries.

And a European federation, he said, will probably be patterned after Switzerland, where each language group is permitted autonomy. Seventy-one percent of Switzerland speaks German, he said, and has a wholly German culture, 21 percent is French, and eight percent is Italian, but these three language groups have (See EDITOR, Page 3)

KEEPS SMILING — ALBUQUERQUE, N. M.—(AP)—Janet is coming to Albuquerque, just as her mother wished.

Janet is the six-year-old daughter of Mrs. Wilma Latscha of Nacogdoches, Texas. The little girl is critically ill in an Oklahoma City hospital with asthma. The doctors say she is dying.

Mrs. Latscha said she wanted to bring Janet to Albuquerque in the hope the climate might help her. But she needed money. She asked for public aid for funds to provide care for her daughter until she could get a job.

Both pleas have been answered. Sister Francis Marie, director of the Catholic St. Joseph's Hospital here, said she wants Janet to come to the hospital to be cared for. A job, she said, will be provided Mrs. Latscha in the hospital so she may be close to her daughter.

In Oklahoma City, Mrs. Latscha cried when told the news. Earlier, she had been given \$270 from 15 persons or groups.

STALIN CONGRATULATES NEW COMMUNIST REPUBLIC

BERLIN—(AP)—Joseph Stalin today told East Germany's new Communist republic that the Germans and Russians together could keep Europe peaceful by fighting as hard for peace as they fought in war.

Stalin's message of congratulations to East Germany's Communist leaders brought predictions from pro-Soviet sources here that the Soviet bloc would sign peace treaties with the new Red satellite by January.

These sources claimed tentative drafts of such treaties already had been prepared.

Stalin's congratulatory message last night to East Germany's President Wilhelm Pieck and Chancellor (premier) Otto Brotwoli called establishment of the satellite regime a "turning point in the history of Europe."

He declared that the Russian and German peoples made the greatest sacrifices in world war.

"If both peoples," Stalin continued, "will show the same determination to fight with the same intensity of effort for peace with which they waged war, then peace in Europe can be regarded as secure."

The statement was distributed here by ADN, the official Soviet news agency. It was given prominent space in Moscow newspapers today.

"There is no doubt," Stalin said, "that the existence of a peace-loving, democratic Germany, along with the existence of a peace-loving Soviet Union, excludes the possibility of new wars in Europe, makes an end to European bloodshed, and makes impossible the servitude of European countries under world imperialism."

"Both these peoples," the Russian premier declared, "have the largest potentialities in Europe to complete great actions of world significance."

The sources who reported the impending peace treaties said the pacts would bind the new East German republic to renounce forever any claim on the former German territory now held by the Soviet Union, Poland and Czechoslovakia.

Grandstaff was sentenced to life in prison as a habitual criminal. He has a record of 20 convictions, mostly on larceny charges.

Gov. Gordon Browning said he would cooperate with Morrow and indicated he'll permit him to visit Grandstaff in prison to gather material for his scenario.

Browning said he was not considering a pardon for the convict despite several pleas from Tennessee and Texas.

"I doubt if those who ask me to pardon him know and understand his record," Browning said. Morrow said he'd ask the 47-year-old composer-convict to tell his story "frankly and without varnish."

BILL IS DELAYED WASHINGTON—(AP)—Action on a new bill authorizing the Vermojie reclamation project in Northwestern New Mexico will be delayed until the next session of Congress, Senator Chavez (D-N.M.) said today.

Carver School topped every other school in Pampa when it came to surprise fire drills. When Fire Chief Ernest Winborne staged the surprise drill there this morning, the students cleared the building in 55 seconds. The High School's drill this morning was known in advance by all the students so its results couldn't be put in the class with the schools having surprise drills.

That Mother Nature seems to be getting her dates mixed. W. A. Stracener of Lefors reports that his apple tree is nearly covered with blossoms "some as big as your thumb."

Hunting Season at Lewis Hdq.

FARMER HELD—Thomas Henry Schindorf, 26-year-old farmer, who, Kansas City police say, shot and killed two persons and planned to slay four more, is shown at Kansas City, Mo., police headquarters after he was arrested while armed as he waited behind a tavern near Kansas City, Mo. Vaughan Wilmot, 39, a farmer, and his son, John, 18, were the two persons killed in their farm home near Pleasant Hill, Mo. An argument over a stolen calf supposedly precipitated the shooting.

Oil News

Gov. Carlson Lauds Rejection of Olds

HOUSTON — Gov. Frank Carlson of Kansas yesterday said the Senate's rejection of re-nomination of Leland Olds to the Federal Power Commission "was a great victory for the future."

"This shows we still can have faith in a Congress representative of the people," he said.

Carlson's remarks were applauded loudly by some 700 oil men attending the opening session of the thirtieth annual convention of the Texas Mid-Continent Oil & Gas Association.

President Truman's nomination of Olds to a third term on the FPC was rejected Wednesday by the Senate, 53 to 45.

The Kansas governor, who also is chairman of the Interstate Oil Compact Commission, said the majority of the current FPC "is driving toward regulation of the production and gathering of gas."

"A large percentage of Texas gas is produced with its oil," he said. "To regulate the production and gathering of gas means the regulation of oil."

Carlson also said federal control over Texas oil lands "would approach calamity" for the state.

"Your schools would be deprived of all or a major portion of the business and royalties from the mineral leases of these lands," he said.

"Other oil producing states admire Texas for the strenuous efforts put forth by your state officials to maintain the right of your state to its submerged lands."

Earlier, R. H. Anderson, Vernon, the association's president, had advised the oilmen their industry must develop a sound, long range program if they are to escape "an army of government planners."

"Unless we in industry and

GOV. FRANK CARLSON

business do the planning and the thinking that will establish public security and good industrial relations with some hope of any "oil sufficiency," he said, "we will again find we are invaded by the army of government planners."

The system of private enterprise will be crushed beneath the grinding wheels of bureaucratic operations designed to achieve the objectives of government planning agencies."

He said a socialized government cannot expect from its oil industry the progress made under free enterprise.

Government oil monopolies, he said, are prevented from conducting the financially hazardous type of exploration typical in the United States.

Allowable Hike In Line With State Budget

AUSTIN — The Railroad Commission's 137-cent barrel daily increase in November's oil production allowable is in line with the state comptroller's estimate of revenue for the current fiscal year, a state fiscal expert said this week.

"The boost in production came a little quicker than we expected it, so we are running a little ahead of the revenue we anticipated for this period," this source said.

"But production must reach the 2,490,000 barrel level by the first of the next fiscal year, Sept. 1, 1950 — and maintain that average if we are to fulfill our estimate," he added.

November's allowable was set at 2,288,175 barrels daily. It was the third consecutive increase.

Commission Hearing On Proration Set

AUSTIN — The next statewide oil proration hearing will be held at the Stephen F. Austin Hotel here at 9 a. m. Nov. 15, the Railroad Commission announced last week. The December crude oil allowable will be set at the hearing.

Operations Are Begun By Central

FORT WORTH — (Special) — Central Airlines Monday commenced scheduled flight operations over the second of its five routes with two daily round trip schedules carrying U. S. mail, passengers and property.

The route was from Fort Worth, Dallas to Tulsa via Durant, Holdenville and Okmulgee, according to Keith Kahle, president and general manager.

The schedules are so designed as to pick up mail, passengers and property at the terminal points Fort Worth-Dallas and Tulsa that has collected at these points. The afternoon schedules will permit the passengers using the morning flight to return home on the same day, also permitting the picking up of the mail as late in the day as possible and getting it to the terminal points for overnight distribution.

Kahle said businessmen of Durant, Holdenville and Okmulgee could take full advantage of the new mail service by posting their mail at their local post office at hours adjusted so that they could take full advantage of the service.

In conjunction with the inauguration of service on the Fort Worth-Tulsa route, the airlines is amending its schedules on the Fort Worth-Oklahoma City route to give passengers a morning and afternoon flight from both ends of the route.

Central Airlines plans to start operations through Pampa in the near future.

Mel Ferrer will not do "The Victim" with Joan Crawford even though the deal was practically set. The studio started quibbling about money and he took a walk. He has three pictures lined up after he finishes directing Claudette Colbert and Bob Ryan in "Blind Spot."

CRIME WAVE — Eighty-four percent of total accidents, 55 percent of purse snatchings, 71 percent of assaults on women, and 68 percent of car thefts in 1947 occurred after dark.

Gary Cooper Wants Back To Western

HOLLYWOOD — (NEA) — Gary Cooper rode to movie stardom as a Western hero, but lately he's strayed from the range. Now he wants to get back into a Western quick. It probably will be "The Way West," for Jerry Wald at Warner Brothers. Jerry Humphrey Bogart's affair with Panda Bear in New York will have a gag climax when he returns to Hollywood. Twenty of his pals will meet him at the airport and each will be armed with a Panda.

Hard to believe but Alex Gottlieb says he knows an actor whose press agent didn't bring in a single oil well for him this week.

James Mason is reading Virginia vanUpp's new script, "Christ the Man." Rita Hayworth and Aly Khan have closed their Deauville estate and have taken an apartment in Paris for the racing season. Ann Blyth finally has a boy friend — Dr. Robert Flynn, who is on the staff of the local Queen of Angels Hospital.

Al Jolson is talking about it, but Columbia can't figure out how there can be a third biographical Jolson picture. It would have to be pure fiction. The current film takes him up to the day Columbia decided to shoot the picture.

The Emerson Film Corp. will cash in on J. Arthur Rank's "Christopher Columbus," starring Freddie March with "The Story of Christopher Columbus" starring Nelson Leigh. Both films will be released on Columbus Day, Oct. 12, the studio that will release the March film in the U. S. hasn't discovered yet whether they can legally stop the Leigh picture.

LIVE IN YOUR CAR — "Fabulous Boulevard," Ralph Hancock's book about Los Angeles' Wilshire Boulevard, points out that the boulevard has 14 drive-in cafes, 17 drive-in markets, seven drive-in laundries, two drive-in shoe repair shops, two drive-in banks, one drive-in night club and one drive-in liquor store. Which reminds me of Bob Hope's crack:

"In California you can get married, have a honeymoon and get a divorce without ever getting out of your car."

Eddy Calhoun, who started out as an actor, now finds himself in the scenery business with his father-in-law. Are his feet red? Rhonda Fleming helped Marty Lewis celebrate his birthday. He's Paramount's coast radio boss. Janis Paige and her husband, Frank Martinelli, celebrated her birthday in Italy and her big surprise was gondola ride in Venice during which the gondolier turned out to be Miss Auer. Glenn Ford figures he's now a success. He has a stomach ulcer.

Clark Gable is taking a ribbing over "The Big Moose," which will star a moose named Mushy. The picture was first considered as a starring vehicle for Gable, whose pals call him the big Moose.

Virginia Mason, the comedienne at Larry Potter's Supper Club:

"I'd love to give you my impression of Alan Ladd but I'm afraid I'd catch cold if I stripped to the waist."

NO THANK YOU, MA'AM — It's producer Murray Lerner's story about the little Russian boy who spent his afternoons watching Western films. One night his mother said they had borscht for dinner.

"Maw" said the kid, "Ah reckon ah ain't a-banker' for borscht."

Mel Ferrer will not do "The Victim" with Joan Crawford even though the deal was practically set. The studio started quibbling about money and he took a walk. He has three pictures lined up after he finishes directing Claudette Colbert and Bob Ryan in "Blind Spot."

CHAMP GUZZLER—The number one drinker-of milk—at the Los Angeles County Fair in Pomona, Calif., was Allen Prosser, age 15, above "Pasteurized" Prosser—as he was nicknamed—put away almost a gallon during the fast-flowing 10-minute contest.

talking about another co-starring she's turned down Cary Grant, film for Diana Lynn and John too? They've been talking marriage but doing nothing about it for more than a year.

Betsy Drake turned down seven scripts before she decided to Hollywood is talking about: Al do "Here Lies Love." Wonder if Jolson still paging Uncle Sam

for permission to produce a film under the protection of the capital gains tax rather than the much higher personal income tax. Barbara Stanwyck posing for leg art for the first time in years for "The Furies." I asked her why the blackout on her gams. She replied: "Nobody asked me." Bing Crosby going into the frozen orange juice business. Joan Davis nixing an offer from CBS to star in her own TV show from New York. Shelley Winters testing for the second lead in Paramount's remake of "An American Tragedy."

Robert Stullman, who put up the money for "Champion," will produce the film version of "Queen for a Day." Cary Grant's girl friend, Betsy Drake, gets the lead in "Here Lies Love." The way her romance with Grant is going the title seems appropriate. She has the ring but they haven't been able to find a preacher.

Ty and Linda Power's homecoming has been delayed again. Retakes on "The Black Rose." Gene McCarthy and Tommy Farrell have broken up their night club act. They reportedly differed on split of the take. Wonder when a marriage will read: "Abbot and Costello Meet Mighty Joe Young."

PERMANENT FIXTURE — RKO is talking about making 12-year-old Gary Gray a fixture in the Tim Holt cowboy series. He's already an RKO star in the studio's Flame series.

Another W. C. Fields story: When the depression hit Hollywood, Fields was asked to take a salary cut, like everyone else at his studio. The studio apologized, saying things were tough.

"I'd like to help you out but I don't see how I can right now. If

you had asked me when times were good, I might have considered it. But now I can't afford it."

Harry Sherman's next big western will be "Pride of Palomar," by Peter E. Kyne. It looks like George Montgomery in the starring role.

Hollywood is talking about: M-G-M's efforts to put "Ivanhoe" on the screen—it's in public domain, but both RKO and Selznick have prior rights. Ty Power's ex, Annabella, coming back to Hollywood early next year to resume her U. S. film career. M-G-M plugging "That Midnight Kiss" with a Kisskerchief.

a hunkie with a red center for wiping off lipstick. George Pal putting "Destination Moon" into production Nov. 7. Yep, it has an earth-to-moon rocket flight theme. Hollywood's longest "location" trip of the year. Europe is named for the goddess Europa.

DAD VISITS POLIO PATIENT—Don Fisher pays a visit to his polio-stricken son, Johnny, 3, at a Des Moines, Ia., hospital. Fisher calls on Johnny daily by means of a 14-foot ladder to his second-story window. Between visits, Johnny keeps eager watch at the window for sight of his dad's beaming face.

EDITOR

(Continued From Page 1)
lived together in complete amity for 800 years.

In answer to another question, Seger said drily: "Tito (Red dictator of Yugoslavia) is of the same stamp as Stalin."

Seger, who was awarded a Doctor of Philosophy Degree from Leipzig University in 1922, was imprisoned by the Nazis for following an anti-Nazi policy in his newspaper and in the Reichstag, the German parliament. "It is a mistake to think that all concentration camp prisoners were Jews," he said. "In fact, 90 percent of them were imprisoned for their political beliefs, rather than their religious ones."

His newspaper, the Volksblatt, published in Dessau, was confiscated by the Nazis and is now in Russian hands.

The Knife and Fork Club met for dinner in the High School Cafeteria last night and then moved upstairs to the auditorium for Seger's talk. Chairman Roy Bourland announced that the next meeting would be held Nov. 8.

BOARD

(Continued From Page 1)
partment of Defense the opposite view is often evident."

3. These same councils repeatedly question why a strong Navy is needed when no potential enemy has one of any size. As a result, "there is a ready campaign to relegate the Navy to a convoy and anti-submarine service."

4. The Navy is denied a "full partnership" in the defense system.

5. The Navy's morale is all right. But the whole Navy is "gravely concerned whether it will have modern weapons, in quality and quantity," to do the job expected of it if war comes.

SENATE

(Continued From Page 1)
to meet it unless something breaks in a hurry.

The regular Defense Department money bill, which should have been passed by last July 1, is stalled in Congress by stubborn Senate-House disagreement over funds for the Air Force. The Senate, with President Truman's backing, is holding out for \$8.

Mr. Truman repeated his endorsement of the smaller figure at his news conference yesterday. The Senate, apparently despairing of agreement in the near future, voted late yesterday to continue financing the Army, Navy and Air Force on the same temporary basis that has provided the three services with money since July.

Congress is hoping to adjourn within a week; the Senate proposal would keep the military in funds until the lawmakers return in 1950.

Technically, the armed forces have been without official funds since last Monday, the expiration date of the last previous temporary measure.

NATIONALISTS

(Continued From Page 1)
evacuated, leaving behind a few provincial troops to maintain order during the transition period.

Police still held good control. (This dispatch was timed four hours later than one from Chungking, the new Nationalist capital, saying there were reports of disorder in Canton.)

The British steamer Fatahan made an emergency run to Canton from Hong Kong. It returned, overloaded, with 1,000 Chinese and 15 foreign passengers.

(Advances in Hong Kong said the Nationalists had abandoned the Canton-Kowloon Railway. The main overland link to the British crown colony now can be cut at any moment by onrushing Red columns. Hong Kong officials ordered service to continue for as long as the Communists permitted.)

Not all government officials had gone to Chungking, the new nationalist capital in Western China. Some remained and were burning papers they did not want to see fall into Communist hands.

A government official asked me over the telephone this morning if I knew who is now responsible for Canton's city government. Nobody knows the answer to this question.

Canton spent a sleepless night. Citizens fearing looting stayed awake. Intermittent gunfire echoed through the downtown. This was not explained.

At daylight this city of more than 1,000,000 population stirred back to life. The streets filled with pedicabs, bicycles, cars, trucks, buses and pedestrians. Public utilities continued to function. Food markets, which had been closed with iron gates during the night, reopened. Some newspapers put out editions. The few Americans here are safe.

STEEL

(Continued From Page 1)
mines. Government seizure, he said, should be a last resort. In Washington, President Truman said he had no immediate plans for taking over the pits.

Lewis' price of peace was termed "fantastic" by operators. At White Sulphur Springs, W. Va., where the negotiations are being held, George H. Love, spokesman for Northern and Western commercial operators, challenged the Lewis figure. He said the pit owners had their "backs to the wall" in the race for markets against competitive fuels like gas and oil.

New Food Store Opened in Wheeler

WHEELER — (Special) — Mr. and Mrs. Aaron Williamson, who formerly operated the Wheeler Bakery, opened their new food store here Tuesday.

The building just west of the Citizen's State Bank, recently vacated by the Pollard Cafe, has been extensively remodelled. J. D. Malloy will operate the meat counter.

Rancher Named To Head Fair

SHAMROCK — (Special) — Wood Coleman, prominent Collingsworth County farmer and rancher, has been named president of the 1950 State-Line Free Fair, and the date has been set as Sept. 21, 22 and 23.

He succeeds Willie Knoll, also of Collingsworth County, who served as president of the fair held last month.

H. H. Reeves was elected vice president succeeding Coleman. Bob Douglas was elected secretary and Ben Parks was re-elected treasurer.

Grady Cooper has assumed duties as minister of the Church of Christ of Shamrock, succeeding Murrey W. Wilson who had led the congregation for the past several years.

Cooper, a native of Tennessee, has been in the Panhandle for 12 years.

Lin Welch, son of Mr. and Mrs. J. A. Welch of Twitty, has gone to New York where he will study speech and drama. A graduate of the Shamrock High School, he received his BA Degree from WTSC in June, 1948, and his MA Degree from Baylor University at Waco this summer.

At a recent meeting of the Shamrock Public Library Board, Mrs. Lee Newman was elected as librarian, to succeed Mrs. P. A. Anderson, who resigned last week, after four years service.

A P-TA sponsored school carnival will be held at the Lela school on Tuesday night, Oct. 25. Proceeds from the carnival, which will begin at 7:30 p. m., will go to the school lunch room fund.

Boys Outnumber Girls in School

SHAMROCK — (Special) — There are 64 more boys than girls enrolled in Shamrock public schools, according to reports made this week by principals.

Only in Junior High School do the girls outnumber the boys, and there the margin is small, 109 to 103.

The fact that there are more boys than girls in high school indicates the holding power of the school is increasing because of an attractive curriculum and a good activity program, Supt. Elmer J. Moore believes.

Members of the Board of Trustees of the Shamrock Independent School District and their wives were entertained with a dinner at their regular meeting Tuesday night.

The dinner was served in the Homemaking Department by Miss Helen Borth, instructor, and her students.

Wheeler County Finds 60 TB Cases

SHAMROCK — (Special) — Wheeler County's recent X-ray clinic held at Shamrock, Wheeler and Mobette, revealed 60 cases of tuberculosis; almost twice as many as the 32 cases discovered last year.

The films also showed three suspicious cases and 15 non-tuberculosis diseases. Last year there were 43 suspicious cases and 29 other diseases. Eighty-seven more persons were X-rayed this year than last, the totals being 3,742 and 3,655.

Ponies Start Work

DALLAS — (AP) — Southern Methodist University basketball Coach E. O. (Doc) Hayes said today he will open practice for the 1949-50 season Monday. The Mustangs have five lettermen returning.

Suicide Verdict Returned in Death

FORT WORTH — (AP) — An inquest verdict of suicide was returned in the death yesterday of Charles D. Little, Jr., 28, a war veteran.

Little was found hanging from a bed which had been placed on end at the U. S. Public Health Service Hospital.

Justice of the Peace Frank Hurley said the veteran apparently had placed a sheet around his neck and jumped from the end of the bed.

Little entered the hospital in March, 1947, as a transfer from the hospital at Waco.

REPTILE NOT BIRD

Struthiomimus Altus was a species of animal that lived on earth millions of years ago. Although closely resembling an ostrich, it was a true reptile.

trespassing on private property

Nelson told the group that his side of the controversy claimed neither the state nor county commissioners owned the land. The land was acquired through one of three condemnation proceedings which has yet to be appealed. The deadline for appealing the condemnation has passed several

Meanwhile, Reading told The News he had put the road's improvement "in the mill" at Austin where it will be let under bidding in the next few weeks.

A tour over the road between the disputed area and Miami revealed hard work on the part of landowners and Roberts County road crews as well as other Gray County landowners.

A majority of the fences have been torn up and relocated, others have just been torn up with the owners electing to wait until the

road is completed before they re-set the posts and barbedwire.

Right-of-way clearance crews were working feverishly to clear the path for the road contractor so grading, drainage, culverts and structures can be started. Topping the road will not start until next March.

Date for the hearing on the temporary restraining order against Nelson, Renner and Bates has been set for Oct. 21, in 31st District Court before District Judge Lewis M. Goodrich.

Ehrbridge, Roscoe Willis, Bill Clements and Bob Clements.

YOUR AUTO SEE TEXAS

BIG BEND NATIONAL PARK
By HOWARD KING, Author
Texas Tourist Travel Guide

From El Paso, the Rio Grande flows southeast for 200 miles; then turns south for nearly 100 miles; southeast again for about the same distance, then abruptly turns north and east. In this rampage it cuts an 18,000 square mile chunk out of Northern Mexico.

This rocky mountainous semi-arid country is called the Big Bend country because of the big "U" formed by the river. At the very lowest part of the bend is Big Bend National Park. The Big Bend Park consists of about 1,000 square miles of dry, arid, rough, hot and dusty territory with a lofty range of scenic mountains in the center. The Rio Grande River, which curves around it, tears through majestic canyons with towering rocky walls. Some people say the park is a terrible place. Others think it is the most beautiful imaginable. To say the least, it is strange and different.

At present, the Big Bend country is a wild, untamed area, hard to get to and without comforts. For an idea of the plan of it, lay your right hand, palm up, on the table in front of you. Consider the town of Marathon somewhere on your forearm as the starting place. It is 80 miles south from Marathon to the Chisos Basin, represented by the palm of your hand. Your thumb points toward the town of Terlingua; your forefinger points to the Santa Elena Canyon; your middle finger extends south to Mariscal Canyon; and your little finger points to Boquillas. You can drive to the park boundary and from there to the Basin, to Terlingua, to Santa Elena Canyon or to Boquillas. There is no road to Mariscal Canyon.

From Marathon it is 40 miles south to Cooper's Store in Permian Gap. From there you drive through Tornillo (pronounced Tornee-yah) Desert and across Tornillo draw, past Rosillos (meaning red) and Christmas mountains. Ahead are the majestic Chisos

(pronounced Chees-us) mountains 8,000 feet high. The word means ghosts and as your car pulls up and around the steep grades you see why. At 6,000 feet you pull over and down into the gorgeous basin where headquarters of the park are located. It is cool here. The pine and fir trees are tall and beautiful. The view is breathtaking. Pack trips may be made back into the mountains. Remembering the analogy given, you come back from the palm of your hand and pass along the thumb to Terlingua outside the park. This trip is over bad roads, passable in dry weather, but scenic beyond description. Terlingua is a mining town consisting of a great quicksilver mine, commissary, and a number of adobe houses. There are a few quaint roadside stores and big mines along this road. The road to Santa Elena Canyon winds over mountains and past vast areas of great erosions resembling the Grand Canyon—hot, dry, colorful. This is the "loneliest road on earth" but you finally see before you the great green and olive rocky wall called Mesa Angula. The river flows through a crack in the wall. This is the world-famous Santa Elena Canyon. The walls are more than 1,500 feet high but you see them from the bottom—not the top. Mariscal, also a great canyon, is formed by a gap in the Mariscal mountains, through which the river flows for 12 miles. Its rapids are practically impassable. Travelers along the road to Boquillas find the going rough and hot. Just before reaching the river, you come upon hot springs where a tiny bath house is located. You can usually ride a burro across the river but a strong cable over the river furnishes a primitive trolley car for passage to the Mexican village of Boquillas, located at the mouth of Boquillas Canyon where the Rio Grande tears through the Del Carmen Mountains. Yucca, sotol, creosote, cacti, and similar plants grow in these desert areas. Animal life is varied from the wild pig (peccary or javalina) in the foothills to Black bear, deer, mountain lion, etc., higher up. Along the Rio Grande are many beautiful birds. Limited accommodations are available at headquarters in the Basin. There are a few cabins, restaurant, and filling station. Part of the highway from Marathon to the park has been surfaced and plans are being made to complete this. Gasoline may be obtained at Cooper's Store, park headquarters and occasionally at Terlingua. Water is available at Cooper's Store, park headquarters and at a spring at the park entrance. There is a road from Alpine to Terlingua and on into the park. It is winding, narrow and not good in bad weather.

We have them!

Lefors to Vote On School Issue

LEFORS — Property owners in the Lefors Independent School District will vote tomorrow on assuming outstanding bonds and setting the school tax rate for the coming year. E. R. Reeves, superintendent of Lefors schools, said today.

Outstanding bonds of the recently expanded Lefors district total \$8,000, Reeves said, and the proposed tax rate would remain unchanged at \$1 per \$100 valuation.

The Lefors district was recently expanded by the addition of the Webb Common School District No. 1, and parts of the Back and Pampa districts.

The election will be held from 8 a. m. to 7 p. m. tomorrow in the Lefors school building with Mrs. E. J. Pafford serving as election judge. All property owners in the district are eligible to vote.

LARGEST PALACE The Escorial, royal palace of the ex-king of Spain, in Madrid, is the largest palace in Europe. It is so large it requires four days to go through it.

Girl Scouts to Hold Halloween Party Tonight

October is the month of Halloween parties — but generally not the first part of October. Girl Scouts of Troop 3, sixth-grade girls, will break away from traditions tonight and will stage the first Halloween party of 1949 at 7:30 p. m. today at the Girl Scout House.

The Scouts, under the leadership of Mrs. C. B. Chisum and Mrs. John King, have been planning costumes and decorating the Scout House for the past week. Thus residents who see ghosts and witches tonight need not be alarmed, for they will be only Girl Scouts.

Meanwhile, Mrs. W. B. Cox and Mrs. J. B. Caldwell, leaders of Troop 11, will take the Girl Scouts to Camp Sullivan tomorrow. Accompanying the fifth-grade Scouts and their leaders will be Mrs. W. M. Leth.

RABBITS PLAGUE CITY NEW YORK — (AP) — Despite the increasing number of people in the New York metropolitan area, small game still is available not many miles from the downtown skyscraper area. Particularly is this true with rabbits, which seem to delight in making home gardens an important source of their food supply.

Band Travels to Lubbock Game

The Harvester Band and cheerleaders went to Lubbock today to attend the Pampa vs. Lubbock football game. They will return tonight.

Accompanying the Pampa students were: Frank Wilson, principal; Orland Butler, band director; Wayne Cox, Clifton McNeely, Miss Oletha Brannan, Mrs. Peggy McNeely, Miss Mary Winston, and Mrs. Mable Torvie, teachers.

Meanwhile the first six-week period at the High School was completed yesterday when the students were given examinations. Report cards will come out Wednesday.

Harvesters in Lubbock to Battle Westerners Tonight

SWC to Start Conference Competition

By HAROLD V. RATLIFF
Associated Press Sports Editor

Southwest Conference football teams will be taking care of unfinished business at home this weekend.

Three conference games and one against an old buddy will make up the schedule.

Feature attraction will be at Dallas where Southern Methodist's defending conference champions make their start in the title race. The Mustangs play Rice and a crowd of 65,000 is expected to be in the Cotton Bowl for the battle. It's the only night game of the week.

In other conference tilts, Texas A&M will play Texas Christian at Fort Worth and Texas will make its bi-annual pilgrimage to Little Rock to joust the Arkansas Razorbacks.

The Aggies and Texas will be playing their first conference games. Arkansas, which has won one and lost one, must take this test to retain a chance at the pennant. Texas Christian, which lost its only time out — against Arkansas — is in the same boat. Two kickings in this tough conference mean the season is over except for the formality of playing out the schedule.

Texas Tech, which has long wanted in the Southwest Conference, plays most of the conference teams each season. Baylor will be the third this year. The Red Raiders lost to Texas and Texas A&M. They appear to have little chance against the razor sharp Baylor.

Rice is slated the major contender for the championship. A win over Southern Methodist would, of course, install the Owls as the favorites.

Texas, now expected to be a most important factor in the title campaign — on the face of the Longhorns' great showing against mighty Oklahoma — ought to win from Arkansas going away. Texas has an injury list but that's nothing new. It had one of those against Oklahoma.

It has been two years since Texas Christian won a game at home. The Aggies present probably the best opportunity to break the string. But A&M is no set-up, especially for a TCU team that hasn't come close to meeting expectations itself.

We hit all except one last week (Texas did us dirt by losing to Oklahoma), and feeling greatly encouraged make another stab at perfection.

Rice vs. Southern Methodist at Dallas — We'll take SMU until

Could Be Week of Schoolboy Upsets

By WILBUR MARTIN
Associated Press Staff

This could be an upsetting week in schoolboy football.

Eleven of 12 undefeated, untied teams in the City Conference and Class AA are in action, some against opponents that could easily ruin their records.

Port Arthur and Galveston stand a chance to fall by the wayside, meeting Corpus Christi and Austin respectively.

Wichita Falls, Corsicana, Highland Park (Dallas), Grand Prairie and Galena Park shouldn't have too much trouble.

But Lubbock faces a strong Pampa eleven; Henderson tackles Longview; Marshall plays Gladewater and Ysleta meets El Paso High. Lamesa is idle this week.

A few games were played last night and there was really only one surprising result: San Jacinto's 14-0 victory over Lamar in a Houston City Conference tilt.

Sunset (Dallas) blanked Weatherford, 40-0, Arlington Heights (Fort Worth) beat Carter-River (Fort Worth), 12-6, and San Antonio Tech smothered Alamo Heights (San Antonio), 48-18, in other games.

The schedule for tonight and tomorrow is dotted with games that count in district play.

Wichita Falls meets Electra in a District 2 tilt; Ysleta's game with El Paso counts in the District 4 standings; the Marshall-Gladewater, Henderson-Longview tilts are District 9 affairs and Corsicana's game with Hillsboro is a District 13 contest.

Grand Prairie plays Crozier Tech (Dallas); Highland Park meets North Dallas, and Galena Park plays Port Neches.

Some of the feature tilts tonight include: Sweetwater - Midland; Odessa - Abilene; Brownwood - Big Spring; Texarkana-Tyler; Orange Woodrow Wilson (Dallas) Waxahachie - Waco; Alice - Robstown; Harlingen - Edinburg; Poly - North Side (both of Fort Worth); Milby - Jeff Davis (both of Houston); Austin (Houston) - Baytown; Thomas Jefferson - Lanier (both of San Antonio).

Somebody beats the Methodists. Southern Methodist by a touchdown.

Baylor vs. Texas Tech at Lubbock — Baylor by three touchdowns.

Texas vs. Arkansas at Little Rock — Don't sell Arkansas short — you know Razorbacks make good shortening; Texas by two touchdowns.

Texas Christian vs. Texas A&M at Fort Worth — Look for a lot of touchdowns, with TCU scoring the most. TCU by 13 points.

Ken Heintzelman, star Phillies southpaw, won his first big league start hurling a six-hitter for Pittsburgh in 1937.

In the backfield Elmer Wilson, Dale Richardson, Dick Cudney are certain to get into the fray.

For the Pampa fans unable to attend the game it will be broadcast over radio station KPDN, starting at 7:45.

Both Teams Prepared for Usual Bitter Struggle

Pampans to Try To Duplicate 1948 Efforts

The Pampa Harvesters left early today for Lubbock and the weekend battle with the powerful Westerners, rated by most of the tops in the state's schoolboy football race. It will be next to the last encounter for the Pampans before the conference schedule gets underway. They will meet Lamesa at Harvester Park next weekend.

Game time tonight is 8 o'clock and a big crowd is anticipated. Lubbock has been drawing about 13,000 fans per game so far, so all the Pampa fans are urged to get their tickets and seats early.

The Harvesters left in good mental shape, but not too good physically. Definitely out of action are Charley Smith and Jimmy Parker. Several other boys are suffering minor injuries that, with slight aggravation, can cause them to drop out of the night's action.

The Westerner eleven, meanwhile, is in top physical and mental condition and is pointing to this game as retribution for last season's loss to the Green and Gold. The Pampans came from behind to win, though getting a terrific scare on the final two plays of the game.

Coach Pat Pattison has been high in the praise for his ball club's desire and ability to play. His lone disappointment has come from his reserves, who have flashed brilliantly at times, and looked bad at others. The Harvesters haven't had that worry.

Leading the Westerner attack will be the sprint relay team of the school, Bobby Brown, Wayne Stroud, Charley Williams and Malcolm Young. These boys undoubtedly comprise the fastest schoolboy backfield in the state. Coupled with the great passing ability of Brown, the attack is well rounded.

The Pampa starting lineup will see Tommy Allison and John Nolan starting at ends. The tackle slots will be filled by Eddie Scheig and Paul Boswell. Guards will be the two small men on the squad, Marvin Harvey and Jimmy Campbell. At the center post will be the reliable Leon Taylor. In the backfield the starters will be Carroll Smith at quarter, Pete Cooper and Jimmy Hayes at the halfbacks and Carl Kennedy at full.

Also sure to see action in the line are Waldon Witcher, Glenn Tarpley, James Holt, Doyle Doggett, Gerald Matthews, Dale Gantz, Jerry Walker and Ed Braly.

In the backfield Elmer Wilson, Dale Richardson, Dick Cudney are certain to get into the fray.

For the Pampa fans unable to attend the game it will be broadcast over radio station KPDN, starting at 7:45.

Reapers Drop 12-7 Tussle to Berger Eleven

The Junior High School Reapers met their second defeat of the year yesterday afternoon at Harvester Park when they fumbled their way to defeat by a score of 12-7. All the Reapers were able to do well was fumble until late in the game, when they were on the short end of a 12-point deficit.

The Reapers fumbled the first three plays they had the ball, with the Berger eleven recovering on the Pampa three-yard line near the end of the first period. Two plays later squat J. D. Wisenhunt went over for the score.

Pampa managed to hold Berger to that lone touchdown until the third period. Again it was a fumble that set up the score. A blocked Pampa punt got the Reapers in a hole. A fumble and a personal foul moved the ball to the Pampa four with the visitors in possession. J. D. Wisenhunt again pounded over the center of the line to make the score 12-0.

In the fourth period the Reapers finally got rolling. Harold Lewis sprinted 40 yards around his left end on a reverse to carry to the 10 and Ed Dudley sneaked over with the touchdown and then followed by kicking the extra point to cut the score to 12-7. But that was the end.

The Reapers kicked off but were never able to gain regain control of the ball before the game ended. It was the second consecutive loss for the Reapers against two ties and one victory, the lone win not in league play.

The Reaper band was present and played during the halftime. The Reapers were bedecked in new white pants to go with their bright blue jerseys.

George Schepps, owner of the Corpus Christi franchise from the Class D Rio Grande Valley League to the Class B Big State League will be discussed at the annual fall meeting of the Big State here Sunday.

Speedy Lubbock Backfield Ready To Roll Tonight

By AL WILLIAMS
Sports Staff

Lubbock Avalanche-Journal

The Lubbock Westerners seem ready for the game with Pampa's Harvesters at 8 o'clock tonight in Jones Stadium, and Coach C. H. Pattison is expecting a hard battle from the former District 1-AA foe.

Lubbock has had a powerful running and passing attack in the four previous games this season, walking rather heavily over Childress, North Side of Fort Worth, Plainview and Vernon. Childress took a 47-0 rapping, North Side 38-0, Plainview 42-6, and Vernon 42-12.

All hands have been surprised by the showing of Pampa against its opponents this year, and the Wichita Falls game was a complete surprise to the coaches, Wichita Falls, the number two team in the state, was expected to have easy sledding against the Harvesters upstart to the week before had barely nosed Vernon, 8-7.

By comparing scores in the Pampa-Vernon and Lubbock-Vernon games, it would appear that Lubbock is a cinch to win by three or four touchdowns. But no football game is won until the final whistle blows, and the Westerners have set themselves for a tough tussle.

The team is in top shape physically, although substitute quarterback Morris Turner has an injured left knee and may not see too much action. Ready to go are perhaps the fastest four backfield men on any one team in the state.

At quarterback is Bobby Brown. Left halfback is Wayne Stroud, and opposite him is Charley Williams. Rounding out the backfield is fullback Malcolm Young. These four have seen action in slightly more than half of the playing time of the previous game, being relieved in favor of substitutes, after rolling up a substantial lead.

Starting linemen include Garnet Reeves, left end; Joe Brock, left tackle; Freddy Gray, left guard; Douglas Wienke, center; Sammy Modrall, right guard; Douglas Ross, right tackle; and Billy Wright, right end.

The Westerners have a fast, hard-charging line that averages 188 pounds per man, and the starting backfield averages 158. The boys are smart and quick to take advantage of a break in their favor, displaying heads-up football at all times.

Tulane-Irish Game Is Feature Battle of Week

SOUTH BEND, Ind. — (AP) — The game of gridiron "possum" as played by Notre Dame and Tulane thus far this season, will end abruptly at 2 p.m. (CST) here tomorrow.

In three games to date, each of the unbeaten juggernauts has been firm but coy on the attack, keeping a tremendously wary eye on their dynamite-filled meeting at Notre Dame Stadium.

Tulane, pride of the South, hurled only 28 passes in subduing Alabama, Georgia Tech and Southeastern Louisiana. The nationally top-ranked Irish have tried the airline only 32 times in brushing aside Indiana, Washington and Purdue.

Obviously, neither team has been close to fully extended. That will come tomorrow afternoon when an overflow crowd of 57,000 will see two powerhouses fling off their wraps and measure off one another for the kill.

It could be one of the season's most electrifying games. Although the wagering lads see Notre Dame winning by two touchdowns, or 13 1-2 points.

Southern folks who have been grabbing up those odds figure the betmakers don't know how to bolling mad the Green Wave still is from the 39-4 plastering handed them by the Irish in 1947, their last meeting. Tulane's one-two punch of fullback Eddie Price and halfback Bill Svoboda, were young innocents in that slaughter.

The Irish will be gunning for their 32nd game without defeat. Tulane will have a weight advantage in the line of 208 pounds to 204, and a 15-pound pull in the backfield, 194 to 179.

SEC Enforces Rule

BIRMINGHAM, Ala. — (AP) — A strict enforcement of Southeastern Conference rules is putting a fair sized dent in the Big 12's football ranks.

Eight players have been ruled off the gridiron in recent days. The latest sent to the showers permanently, as far as the SEC is concerned, are Alabama's Captain Doug Lockridge, 212-pound center; Georgia Tech's starting right tackle, Clay Matthews; and Jocko Norton, an Auburn back.

They were caught by a new interpretation of a 1945 rule that says play on "B" teams counts as varsity competition from 1946 on.

Game Info

WHO: Pampa Harvesters vs. Lubbock Westerners.
WHERE: Lubbock, Jones Stadium.
WHEN: 8 o'clock.

Guerillas to Meet Price College Tomorrow Night

The Senior High School "B" squad, the Guerillas, will go to Amarillo tomorrow night to tackle the Price College "A" team, in what is figured to be the toughest game of the season for the Guerillas. They have already rolled with ease over three opponents, the Plainview, Berger and Childress "B" teams.

The Guerillas have shown a strong running attack all season, spearheaded by the hard-hitting Charley Ely and the fleet-footed Derrall Wilson and Harold Smith. Last weekend Smith got away on a 79-yard sideline gallop that helped the Guerillas overpower Childress 26-0 at Harvester Park in a heavy rainstorm.

Game time tomorrow night is 8 o'clock, and the game has been scheduled for Butler Field, with a possibility that it may be played in the new Sandie Stadium.

The probable starting lineup for the Guerillas will be as follows: Ends, Roy Pool and J. L. M. Cook; tackles, Jesse Dykes and James Shelton; guards, Bill McPherson and Ed Langford; center, Tolle Hutchens; quarterback, Sid Mills; halfbacks, Harold Smith and Derrall Wilson; fullback, Charles Ely.

For the benefit of the Pampa football fans unable to attend the game it will be broadcast over radio station KPDN, starting at 8 o'clock, direct from Amarillo.

Coach Jim Turner of the Yankees pitched the Boston Braves to 20 victories in 1927. As Beaumont, Texas, manager in 1945 he pitched his team to 11 wins while losing three games.

WARREN'S WARMUP

By Warren Messer—News Sports Editor

QUESTION: Including this season, how many World Series championships have the New York Yankees won?

TIME TO STICK MY NECK ON THE CHOPPING BLOCK again and try to predict some of these weekend games. The percentage suffered a severe jolt last week and when several upsets were scored. To date, I've fortunately hit 29 correctly, lost on 13 and two ties. Discounting the deadlocks, that gives a lowly percentage of .695 thus far for the season. Of course, if I could add my choice of the Yanks in the Series I might get over .700.

First on the agenda is the Pampa-Lubbock game. I have strung along with the Green and Gold all season and they have treated my percentage right. But now I must pick the Westers tonight. They look like tops in the state for my money. They have all the qualifications necessary for a state championship. But despite this I don't look for a rout.

Amarillo over Forest (Dallas)—The Sandies will bounce back to win over the City Conference outfit. That is, if they don't get nervous thinking about next weekend's game with Lubbock.

Borger over Austin (El Paso)—The Bulldogs are back in their own yard this week and will get to take a nip out of Austin.

Plainview over Brownfield—This is a battle of two doormats. It will be nip and tuck, but I look for the Bulldogs to nip the Brownfield Cubs.

Lefors over Shamrock—This powerful Class A team will capture its fifth straight at the expense of the Irish.

Wellington over McLean—This should be another good District 2-A scrap. But the Rockets will knock off the Tigers.

Wisconsin over Navy—This will be a close one. The Navy is led by a Sophomore, back in his native state to show the home folks, but I'll back my Badgers.

Notre Dame over Tulane—This would not be considered an upset if Tulane won, but I like the Irish.

Minnesota over Ohio State—This game should decide the Big Ten's nominee for the Rose Bowl game. We like those Golden Gophers to gopher the Big Ten title.

Missouri over Illinois—The Tigers have been the hard luck team thus far. They will trim the fightin' Illini.

Texas over Arkansas—The Texas juggernaut should be back in motion after being handicapped last week on the wet field.

SMU over Rice—The Mus-

tangs will lose several games this year, but not this important one.

TCU over the Texas Aggies—These hapless Aggies will pull some upsets in the SWC, but not Saturday.

Baylor over Texas Tech—I'll stick with the Bears. They surprised me last week. Not again this week, I hope.

Houston over West Texas—The dark year continues for the Canyon eleven.

Oklahoma over Kansas—Little trouble for the split T in this engagement.

Oklahoma A&M over Drake—These Okie Aggies are pretty rough customers, at least too rough for Drake U.

UCLA over Santa Clara—The UCLANS have an eye on a date for Jan. 1. Santa Clara won't stand in their way.

Stanford over Washington—Stanford has one of its better teams again. Washington is an also ran.

Army over Harvard—The Cadets proved their right to fame last week by trimming Michigan.

North Carolina over Wake Forest—Choo Choo will be steamed up in this state battle.

Iowa to upset Indiana—Dr. Eddie Anderson has the tonic to defeat the Hoosiers.

California over USC—Another big rivalry within the state's borders. I like the Golden Bears who beat my Badgers last week.

Northwestern over Michigan—The Wolverines got hurt last week, especially when Chuck Ortman was injured. The Wildcats.

Cornell over Yale—The boys from Tyngs' waters will sneak by Heilbrunn's eleven.

Tennessee over Alabama—The Crimson Tide ain't what it used to be!

ANSWER: The Yankees have now captured 12 world championships, the most of any club.

Boxing Challenger List Growing Slim

WASHINGTON (AP)—The National Boxing Association rates heavyweight titleholder Ezzard Charles a far-and-away better fighter than Pat Valentino, whom he meets tonight in a championship bout.

In its 1949 ratings, just out, the NAB placed the Cincinnati Negro at the top of the list, while California's Valentino is bidding for the title tonight in San Francisco—ranked only fifth.

HEAVYWEIGHT
Champion—Ezzard Charles, Ohio.
Logical contenders—Lee Savid, New Jersey; Bruce Woodcock, England; Joe Walcott, New Jersey.

Outstanding boxers—Lee Oma, Michigan; Pat Valentino, California; Joe Baksi, Pennsylvania.

LIGHT HEAVYWEIGHT
Champion—Freddie Mills, England.

Logical contenders—Joe Maxim, Ohio; Archie Moore, Missouri; Leonard Morrow, California.

Outstanding boxers—Harold Johnson, Pennsylvania; Nick Barone, New York; Tomny Yaros, Pennsylvania; Dock Williams, New Jersey.

MIDDLEWEIGHT
Champion—Jake Lamotta, New York.

Logical contenders—Marcel Cerdan, France; Laurent Dauthuille, France.

Outstanding boxers—Dave Sands, Australia; Carl Olson, Hawaii; Rocky Graziano, New York; Lee Sala, Pennsylvania; Tiberto Miri, Italy; Artie Towns, New York.

WELTERWEIGHT
Champion—Ray Robinson, New York.

Logical contender—None available.

Outstanding boxers—Kid Gavilan, Cuba; Charles Fusari, New Jersey; Bernard Docusen, Louisiana.

LIGHTWEIGHT
Champion—Ike Williams, New York.

Logical contender—Freddie Dawson, Illinois.

Outstanding boxers—Tommy Campbell, California; Max Docusen, Louisiana; Art King, Canada; Enrique Bolanos, California.

Run-down of Week's Tilts

By HAROLD CLAASSEN
NEW YORK (AP)—Notre Dame has been a life saver for football forecasters throughout its current unbeaten streak of 31 games and there is no indication the habits—either those of the Irish or that of the forecasters—need changing.

Tulane, snarling from a 59 to 6 drubbing two years ago, may be Notre Dame's sternest test of the season, but by nightfall Saturday the Irish will have gone 32 games without a setback.

(Last week's average: 64 correct, 15 wrong for .810; season's totals: 167 correct, 39 wrong for .810.)

Minnesota over Ohio State: Minnesota's only early-season fault was a lack of speed. The Gophers found it last Saturday in little Dick Gregory. The Buckeyes will miss Vic Janowicz.

California over Southern California: There's little, if any, to choose here and so the home team is the choice.

Cornell over Yale: The Ivy League champs are the pick of Columbia Coach Lou Little. That's good enough for this selector.

Army over Harvard: It likely will be closer than you think.

Michigan over Northwestern: The Rose Bowl champs have lost two in a row. With Michigan's Chuck Ortman recovered they'll take a third straight licking.

Navy over Wisconsin: Bob Zastrow, Sophomore quarterback of the Navy team, hails from Wisconsin. He isn't going to disappoint his relatives on the only chance they will get to see him play this season.

Southern Methodist over Rice: All-America Doak Walker gives SMU the advantage.

Skipping over the others in a hurry: Georgia over Louisiana State, Mississippi over Boston College, Villanova over Tulane, Tennessee over Alabama, Oklahoma over Kansas, Missouri over Illinois, Oklahoma A&M over Drake, Texas over Arkansas, Texas Christian over Texas A&M, Baylor over Texas Tech and Hardin-Simmons over New Mexico.

Grand Old Man's shoes? None of the Mack family would comment. Dykes was enroute to his Los Angeles home.

Does it mean that Jimmy Dykes, Athletics coach last season and one-time Chicago White Sox pilot, will step into the

Bauer Continues Torrid Pace

FORT WORTH (AP)—Marleen Bauer, 15-year-old links ace from Los Angeles, faces Betty MacKinnon of Mt. Pleasant, Texas, today in the next to last stop on a blazing trail to the Texas Women's Open Golf Championship.

The sharp-shooting youngster yesterday continued her sub-par shooting to brush aside Marjorie Lindsay of Decatur, Ill., 3 and 1.

Miss MacKinnon, Arkansas state champion, Beverly Hanson, Indio, Calif., and Mary Lena Faulk, Thoniarville, Ga., also moved into the semifinal round.

Miss MacKinnon beat Marilyn Smith, Wichita, Kans., 6 and 4; Miss Hanson ousted the veteran Patty Berg of Savage, Minn., 3 and 1, and Miss Faulk beat Mrs. H. C. Riedel, Dallas, 3 and 2.

Draft Scheduled
CINCINNATI (AP)—The major baseball leagues will hold their annual draft for new talent on Nov. 17 in Cincinnati. Baseball Commissioner A. B. Chandler announced the date Thursday.

HARD LOSING NAG
NEW YORK (NEA)—track with his head drooping, relates owner James Graf. A 4-year-old selling plate, is a horse who eventually retire to his owner's place at Morristown, N. J. back jumping and playing, but "He's like one of the family," when he loses he leaves "the Graf says, "We call him Henry."

Texas League Club Owners Make Change
DALLAS (AP)—Texas League club owners are due to wind up their fall meeting today with new player and salary limits the only important legislation.

They decided yesterday that the player limit would be increased from 19 to 20 and that the salary limit would be upped from \$3,500 to \$10,000 a month.

They voted the changes unanimously and said they did it in order to give better baseball by adding more depth to the reserve material. However, as one official pointed out, this also could mean adding a 20 or 30-game pitcher.

The salary raise was advocated last year by Dick Burnett, wealthy Dallas owner.

Yanks Earn \$5,665.54 Apiece From Series
CINCINNATI (AP)—The New York Yankees' feat of winning the American League championship on the last day of the regular season and then drubbing the Brooklyn Dodgers in the World Series was worth \$5,665.54 to the team's full-time members.

That was the figure announced today by baseball Commissioner A. B. Chandler after his office force had finished figuring out who gets how much from the World Series "gate" of \$1,129,627.88.

The Yankees cut their \$206,106.48 into a total of 36 full shares. The Dodgers, who could win only one game in the World Series, cut up \$137,439.84 into a total of 36 1-2 shares.

H. W. Waters Insurance Now In New Address on Kingsmill

The office in the Thomas-Duncan Bldg. vacated Wednesday by the Duncan Insurance Agency when it was moved to its old quarters at 109 W. Kingsmill, now houses the H. W. Waters Ins. Agency.

H. W. Waters told The News that his former building, 208 N. Russell, next to Combs-Worley Bldg., has been purchased by Mrs. Inez Carter.

The building now owned by Mrs. Carter is rented by the First National Bank, but is not expected to house any business firm for the time being, it was learned.

The Waters agency had been at the Russell address for the past four years. The firm has been operated in Pampa for 15 years. Waters' new address is 117 E. Kingsmill.

FEDERAL JUDGES

WASHINGTON — (AP) — Ben C. Connally, son of Senator Connally (D-Texas), and former Governor James V. Allred of Texas won Senate confirmation yesterday to be federal judges for the Southern District of Texas.

Fabulous Earl Carroll Theater Closes Saturday

HOLLYWOOD — (AP) — "The most beautiful girls in the world" will have to seek new portals after Saturday night's closing performance at the fabulous Earl Carroll Theater-Restaurant.

A for sale or rent sign will hang from the marquee of what is reputed to be the world's largest theater-cafe. Carroll opened the establishment on Christmas night, 1938.

The Carroll shows featured girls, glitter and raucous comedy. This theater flourished on the tourist trade and then on the war boom. Receipts started slipping after the war.

Financial ailments increased after the death of showman Carroll in a Pennsylvania plane crash June 17, 1945.

Mt. Palomar in California is the site of the world's largest telescope.

Neckline for New Look Takes Purple Plunge

PARIS — (AP) — Plunging purple neckline and all — the new look for men has been unveiled in Paris.

It's all because Tailor Gaston Waltner believes man today is in a state of "vestimentary inferiority." Waltner showed an audience of 500 what he would do about it.

Four young men from the Conservatory of Dramatic Arts — there were no male fashion models to be had — turned and walked about to show 16 such confidence-boosting ensembles as:

A black ski outfit, with red paisley scarf and green-laced boots;

Finger-length coats; Alligator skin shoes with inch-

high crepe soles; A* purplish, prune-color dinner jacket with "plunging neckline" — plunging to the middle of the stomach.

An equally prune-hued tailcoat, with opera cape of lighter purple sporting an elaborate antique silver chain clasp.

A sample comment came from a British reporter (who wore a poison green tweed jacket, non-matching slacks, grey pullover and red and blue necktie hanging outside):

Government Payrolls Total Over Billion

WASHINGTON — (AP) — Government payrolls — federal, state and local — totaled \$1,210,000,000 for the month of July, the Census Bureau reported.

That was equivalent to approximately \$8 for each person in the population.

Safety Men Told Hiway Billboards A Traffic Hazard

SAN ANTONIO — (AP) — Hazards of billboard advertising were brought to the attention of highway engineers here Wednesday at the convention of the American Association of State Highway Officials.

Speaking on the topic was David R. Levin, Washington, chief of the land studies section, financial and administrative research branch, Bureau of Public Roads.

"The basic objective of all outdoor advertising is to claim the attention of the motorist — to shock him by its design, or color combinations or its proximity to the roadway.

"The more successful the bill-

Trans-Continental Highway Proposed

CAN ANTONIO — (AP) — Plans for a proposed trans-continental superhighway from the Atlantic to the Pacific coasts, skirting the Gulf of Mexico and the Mexican border, were outlined at a meeting here of the recently organized Atlantic, Gulf and Pacific Safety Association.

E. H. Ramsey of Jacksonville, Fla., secretary, said the highway would afford an all-year route, free of snow and ice.

He said the route, starting at Jacksonville and terminating at Los Angeles, would enter Texas at Orange and leave the state at El Paso. States traversed by the projected four-lane road would include Florida, Alabama, Mississippi, Texas, New Mexico, Arizona and California, he said.

Sketch of General Stolen From Artist

CHICAGO — (AP) — An unfinished charcoal sketch of General Omar Bradley was stolen from artist Guy Rowe here. The theft was reported by Hilton Grant, Midwest representative for the Oxford University Press which is publishing "In Our Image," in which Rowe paintings appear.

Police said Grant told them the sketch would afford an all-year route, free of snow and ice.

He said the route, starting at Jacksonville and terminating at Los Angeles, would enter Texas at Orange and leave the state at El Paso. States traversed by the projected four-lane road would include Florida, Alabama, Mississippi, Texas, New Mexico, Arizona and California, he said.

Bradley sketch, a topcoat, some photographs of Bradley, and a suitcase were taken from the car while he and Rowe were dining Tuesday night.

Grant reported the theft because Rowe had to catch a train for New York.

JUVENILE DELINQUENCY BEGINS IN THE HOME

Sunday,

Dear Family,

Your letter received and can report that I am getting along just fine. The doctor told me this morning that I can leave the hospital in two weeks, so I'll be seeing you sooner than I expected. Don't that good believe?

I'm glad that Anne has recovered from her cold. Hope her doll Susan didn't catch it too! How is Bobby getting along in school? He's a smart youngster, if he would only take his studies a little more seriously.

I note that next Saturday is Halloween, and the children will be celebrating. Anne will be ringing bells and saying "trick or treat." But Bob is old enough now so he will be going out with the boys. Tell Bob to have a good time, but not to be mischievous or destructive. Suppose there will be a parade of some kind. Kids can have fun without getting into trouble. Going around breaking things or tearing things down isn't funny, and it may get him into trouble. Tell him he wouldn't like to see any damage done to our property or things which we all cherish.

I don't want our Bobby to find himself at the police station, or have neighbors reporting damage which will have to pay for.

Well, here looking forward to my return home, and it will sure be good to have some real cooking again.

Love from -

As Good Parents You Should:

- 1--Give the love and companionship so necessary to your child's welfare;
- 2--Attend church with your children;
- 3--Support personally the many fine organizations that provide recreation for boys and girls;
- 4--Devote some of your time to personal service in the activities that minister to the young;
- 5--Help spread good cheer and human understanding to families not as fortunate as your own.

Wise parents know that duty to their children is more than food, clothing and shelter.

They know that the home life needs to be more attractive to childhood; that wholesome recreation for their own boys and girls and their neighbor's children is the best way to prevent trouble and sorrow when the critical years are upon them.

Isaiah Saw Danger of Prophecies

By WILLIAM E. GILROY, D. D. The prophet Isaiah, greatest of the early prophets of Israel, and some would say the greatest of all the Hebrew prophets, lived and prophesied in the eighth century before Christ.

The kingdom, consolidated by King David, and his son, Solomon, for over a hundred years before Isaiah's time had been divided into the Southern Kingdom, or Kingdom of Judah, and the Northern Kingdom, or Kingdom of Israel, or Samaria. Isaiah prophesied in the Southern Kingdom, during the four reigns of Uzziah, Jotham, Ahaz, and Hezekiah (Isaiah 1:1). At about the same

time Amos, who is not to be confused with Amos, the father of the Northern Kingdom, but that kingdom fell, never to be re-established, in the Assyrian invasion in 722 B. C.

The times were times of invasion and violence, and the miracle of the prophecies is that such visions of hope and peace, of comity between nations, should have come out of such experiences of the Hebrew people and their environment of powerful and warlike surrounding nations. In that respect the times were not unlike our own, when again in spite of world wars, and threat of war, the vision and hope of a peaceful world persists.

This might well be the greatest and deepest thing about the prophecies. It links them with our times, and it is marvelous how their vision and hope have kept alive through all the ages.

Two things above all characterized Isaiah, a deep love for his people, and a deeper love for God. He was devout and earnest, but also marked by an intense courage and a self-sacrificing spirit.

He is a type of those born to wealth and privilege, who have set the service of God and their fellowmen above all else. Various references indicate that Isaiah was born to high social rank. He was apparently happy in his wife, who shared his prophetic spirit, and in his family. With his deep love for his people, he also evidently knew how dangerous was the situation of those who dared to prophesy unpleasant truth to the people whom they loved, and to bring home to them their sins, and the impending doom that their disregard of God and right made real.

Tradition is that he met death by being sawn asunder, though the ancient records of the Book of Kings do not confirm this. But he chose deliberately to be God's voice and God's messenger. It was a dangerous but noble calling.

He looked out upon the nations from the viewpoint of an ideal Israel, called by God to a high place of leadership. He hoped Israel might be a powerful and leavening influence among the larger empires, leading them into a true religion of peace and comity.

How much of this prophetic vision was realized? How much a prophet's dream, that still remains to be fulfilled? These questions I shall seek to answer in future comment.

Scout Troop Three Holds Cook-Out

Troop Three of the Girl Scouts made tin-can stoves and bunnies burners at their meeting on Oct. 4. They then cooked hamburgers as their "cook-out" meal.

Those taking part were leaders, Mrs. C. R. Chisum and Mrs. John King, and Girl Scouts, Gwendolyn Burnett, Faye Fletcher, Bonnie Jean Brown, Adrena Chisum, Treva Dean, Patricia Fugate, JoAnn Reese, Lyvonda Smith, Betty Jo Wood, Charlene Wood and Mattie Lee Wright.

A Halloween party will be given at the Scout House tonight in celebration of Scout Week. The party will also celebrate Juliette Low's birthday.

Luncheon Planned

By Esther Class

Mrs. Scotty Rockwell presided at a business meeting of the Esther Class of the First Baptist Church Tuesday morning.

The meeting was held at the church, was opened with the class song, led by Mrs. Clyde Chisum.

A lunch was planned, and will be at the home of Mrs. R. G. Kirbie, 701 North Faulkner, Oct. 20. It will begin at 12:30. All members and members in service have been invited to attend.

Girls Near End of Horse, Buggy Trek

DENISON — (AP) — The end of a horse and buggy trek from Chicago to Waco is in sight for two teen age girls.

The girls, Alice Michaelis, 19, and Ruth Kenyon, 18, both of Chicago, crossed into Texas late Wednesday and spent the night here.

They expect to reach Waco in Fort Worth, in about a week. They are making the trip as a "lark" and because "we thought Texas would be a nice place to see." They said they might even stay.

The distance from Chicago to Waco is a little over a thousand miles.

The word "apud" for potatoes comes from an old organization called "Society for the Prevention of Unwholesome Diet."

Services at Christ Scientist

"Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 16.

The Golden Text is: "All things are of God, who hath reconciled us to himself by Jesus Christ, and hath given to us the ministry of reconciliation" (II Corinthians 5:18).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For he is our peace, who hath made both one, and hath broken down the middle wall of partition between us" (Ephesians 2:14).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus aided in reconciling man to God by giving man a truer sense of Love, the divine Principle of Jesus' teachings, and this truer sense of Love redeems man from the law of matter, sin and death by the law of Spirit—the law of divine Love" (page 19).

Gwen McAdams Becomes Bride Of Clyde Tidwell

Wedding vows were solemnized at 7 p. m. October 1 for Miss Gwen McAdams, daughter of Mr. and Mrs. H. W. McAdams, 1213 Duncan, and Clyde Tidwell, son of Mr. and Mrs. O. E. Tidwell, 1037 South Schneider.

Rev. Douglas Carver read the double-ring service in the First Baptist Church.

For her wedding the bride chose a taupe taffeta dress with gray accessories, and a halo of pink carnations. She carried a white Bible topped with a bouquet of pink carnations with pink streamers.

The maid of honor, Miss Delores McAdams, sister of the bride wore a green faille dress with brown accessories and a corsage of white carnations.

Pete Cooper served as best man.

The bride's mother was attired in a gray silk dress with gray accessories and a deep pink carnation corsage.

Mrs. Tidwell is a graduate of Pampa High School. For the past two years she has been employed as secretary and dental assistant. Mr. Tidwell also attended Pampa High School. He served three years in the Army, and was recently discharged. He is now employed by Heiskell Water Well Contractors.

The couple will be at home at 1037 South Schneider.

'Gardening' Topic Of Discussion at Forum Club Meeting

"Fall and Spring Gardening" was the subject of a discussion by Mrs. William T. Fraser at a meeting of the Twentieth Century Forum Club Tuesday.

The group met in the home of Mrs. Biggs Horn in White Deer.

In charge of the meeting was Mrs. E. J. Dainger, Jr., president. Mrs. Gene Fatheree gave some timely hints on home-making. Refreshments were served during a social period.

Those attending were Mrs. Roy Bourland, Mrs. Dungen, Mrs. Fatheree, Mrs. Fraser, Mrs. J. R. Holloway, Mrs. Dick Hughes, Mrs. Frank Kelley, Mrs. John Keller, Mrs. Thomas E. Manning, Mrs. Bruce Pratt, Mrs. Walter Rogers, Mrs. Aubrey L. Steele, Mrs. Arthur Teed, Mrs. Eben D. Warner, Jr., Mrs. Ed Weiss, Jr., Mrs. C. V. Williamson and the hostess.

Madam Curie is the only person ever to receive the Nobel prize twice.

B&PW Committee Interviews Health Officer to Determine Conditions Here

In connection with Business Women's Week, the health and safety committee of the Business and Professional Women's Club interviewed the Pampa health officer to determine health and sanitation conditions here. The following is the result of that interview.

"Sanitary conditions surrounding houses and business areas in Pampa have been reported not entirely satisfactory by the local Health Department following recent inspections made of the city's storage and collection of trash and garbage.

"K. M. Mundine of the local Health Department has reported to us that he had the privilege of examining the storage and collection of trash and garbage in our city.

"The purpose of these inspections was to determine the possible contributing factors in connection with the recent out-break of polio in our city. Mundine found many unsanitary conditions in our business area and surrounding homes; he found contributing factors: lack of cooperation and lack of sanitation that would be responsible for polio.

"Your Health Department is asking the full cooperation of each business establishment and each individual to have trash and garbage cans with lids on their own private premises.

"Mundine said that our local health department's job is to teach good health practices to the people and explain how each individual will profit in good clean sanitation for our city.

"Your local health department believes that the most important thing of all is a feeling of team work on the part of the business area and the individual property owners of Pampa. By team work we mean working together in cleaning our premises and Pampa.

"To do this we must improve our trash and garbage situation; we must have and use trash and garbage pickups. All wet and dry trash and garbage cans must be properly covered and located or placed in a convenient place for our trash and garbage pickups; rakes, pike, sack or box all excess grass, trash, etc., not to be returned.

If you do not have trash or garbage cans with lids, call your local dealer or call 1396 and place your order for your trash and garbage can with a lid at once. Also, your local health department asks your cooperation in keeping your own private trash and garbage premises clean; do not let fifth collect about your garbage premises.

In conclusion, let us look to the future with the individual resolution that we will do our part to make Pampa a clean and thriving city, both individually and collectively in our limited efforts for adequate health protection to the citizens of Pampa."

Fidelis Class Installs Officers at Luncheon

SHAMROCK — (Special) — The Fidelis Class of the First Baptist Sunday School held its annual luncheon for the installation of the class officers at the church Thursday evening.

On the Committee of Arrangements were Mrs. Gaston Harbour, Mrs. Charles Daughtry, Mrs. Garland Abernethy and Mrs. H. W. Shields.

Decorations featured autumn shades of yellow and brown. The tables were centered with vases of yellow and bronze chrysanthemums and green candles in crystal holders.

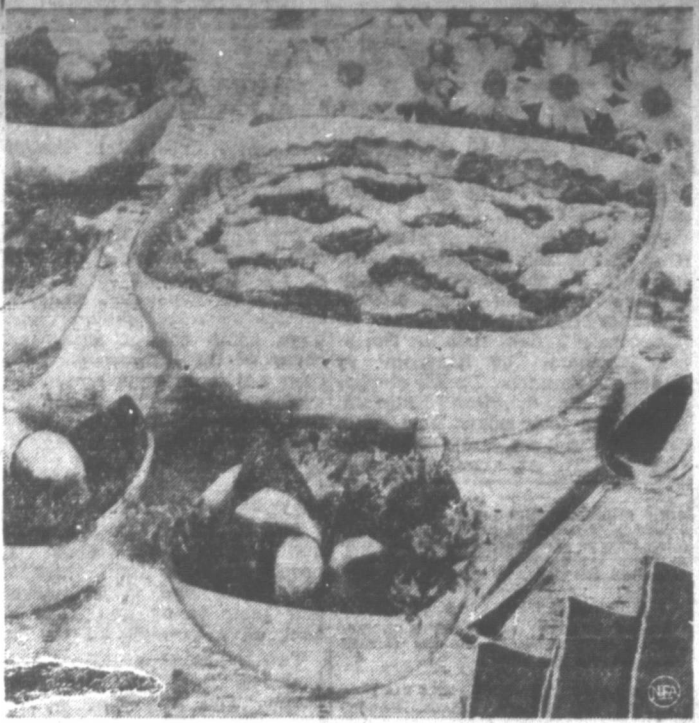

The invocation was by Mrs. Burl Goslon. The program opened with a vocal selection, "Life Is A Friendly Road," by Mrs. J. D. Mallow who was accompanied by Miss Shirley Lee.

Peggy Mallow gave a humorous reading entitled "Boys." Mrs. Jon Buell read two poems, "Little Black Boy" by Williams Blake, and "An Old Sweetheart of Mine" by James Whitcomb Riley.

Officers of the class are Mrs. Gaston Harbour, president; Mrs. Garland Abernethy, first vice president; Mrs. Raymond York, second vice president; Mrs. Chas. Daughtry, third vice president; Mrs. C. E. Chance, secretary-treasurer; Mrs. Boots Cook, devotional leader.

Mrs. George Stanley, teacher of the class, served as installation officer.

Those present were Mmes. Calvin Montgomery, Duward Price, Stuart Tisdal, Jon Buell, Charles Daughtry, Raymond York, D. W. Hawthorne, Garland Abernethy, J. D. Mallow, Ernest Smith, Harvey Hudgins, R. W. Shields, Gaston Harbour, L. N. Barnes, Clell Garhart, Paul O'Neal, Burl Goslon, George Stanley, Missa Shirley Lee, Mary Helen Daughtry and Peggy Mallow.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority
Written for NEA Service

Generally I do not like to give just two hands. Most of my readers like to see all four hands, but as today's hand is a lesson hand on bidding, I want to eliminate the other hands so that you will devote your entire thought to the point of bidding.

South has nothing but a straight one heart bid. If he gives any consideration to a two heart bid, he is wrong. North has only one bid, two diamonds. Some players have the habit of over-calling with any kind of four-card major suit, but this is not the type of hand on which you should make a spade overall. North has a good five-card diamond suit, and going into the two zone is constructive.

Lesson Hand on Bidding

South	West	North	East
1♥	Pass	2♦	Pass
3♥	Pass	7	Pass

30

What should South bid over two diamonds? He should not make a simple overall of two hearts, nor should he jump to game in hearts? His correct bid is three hearts. Now the question

Luncheon for Meriten Group

A 1 o'clock luncheon marked the meeting of the Meriten Home Demonstration Club at the home of Mrs. H. H. Threatt Tuesday.

The morning was spent working on various phases of club work, and after a period of visiting, annual reports were made out and plans were formed for the annual election of officers at the next meeting, Oct. 18.

A farewell gift was completed and wrapped to be sent to Mrs. J. B. Mitchell, who has moved to Henrietta, and a Christmas box was planned for the club's adopted French rural family.

Those present were Mrs. W. E. Coop, Mrs. C. L. Cudney, Mrs. A. M. Nash, Mrs. C. A. Jones, Mrs. D. A. Caldwell, Mrs. S. E. Waters, Mrs. V. S. Day, Mrs. V. Smith, Mrs. D. A. Rife, Mrs. T. G. Groves, Mrs. C. B. Haney and Mrs. Threatt.

P-TA Council Tells Change in Plans

The Pampa City Council of Parent-Teacher Associations has announced that plans to have a school of instruction here on Tuesday, Oct. 18, have been cancelled, as Mrs. A. W. Lightfoot, state chairman of councils, will be unable to be here. Mrs. Lightfoot will be at the Methodist Church in Phillips at 10 a.m. Monday, Oct. 17. Anyone who is interested has been invited to attend. Lunch will be served.

Jutius means literally "the gentle art."

Mary Class Has Breakfast Meeting In Sasser Home

The home of Mrs. D. W. Sasser, was scene of a breakfast for the Mary Class of the First Baptist Church at 9:30 Thursday morning.

At the business meeting, conducted by Mrs. Elmer Wilson, members decided to have two meetings each month. The business meeting will be held the first Thursday at 11:30 at the church, and the social will be held the third Thursday of each month in the homes of members, taken alphabetically.

Mrs. Wilson gave the devotional, "Magnify Talent," followed by the group singing the class song.

Mrs. Owen Johnson installed the officers for the coming year as follows: Mrs. Gordon Saulsbury, president; Mrs. W. A. Greene, vice president; Mrs. Mark Vantine and Mrs. W. S. Marsh, class ministries; Mrs. Webster Johnson, stewardship; Mrs. Elmer Wilson and Mrs. R. E. Montgomery, fellowship, and Mrs. H. H. Threatt, publicity. Group captains are Mrs. A. W. Mamm, Mrs. J. L. Shaw, Mrs. H. G. Sharp, Mrs. Culpepper, Mrs. H. H. Threatt. Member in service is Mrs. W. B. Burgess.

CHOCOLATE FROSTING
To make a quick and delicious chocolate frosting put a package of semi-sweet chocolate pieces and 3-4 cup evaporated milk in a small saucepan; cook slowly until the chocolate and milk blend easily when stirred together. Bring to a boil and boil gently for 3 to 5 minutes, or until thickened, stirring constantly. Stir occasionally while frosting cools; then spread.

Worthwhile Club Members Tell Accomplishments

At a meeting of the Worthwhile Club in the home of Mrs. O. G. Smith, each demonstrator told what she had accomplished through the past year.

Mrs. Ray Robertson, president, was in charge of the business session and Mrs. Turner gave a council report. Two new members, Mrs. C. C. Matheny and Mrs. C. R. Spence, were admitted to the club.

Accomplishments reported were as follows: Mrs. O. G. Smith upholstered two chairs and papered her house at a minimum cost; Mrs. Ray Robertson took the club members to her home to see her attractive landscaping. They then went to Mrs. Ora Wagner's home. She is food demonstrator and showed the frozen food in her home freezer and told how each was prepared for freezing. She also exhibited the cellar and the many quarts of fruits and vegetables she has in it, and told how long they have been kept there.

Others present were Mrs. N. B. Cude, Mrs. C. B. Chisum, Mrs. W. B. Turner, Mrs. John King, Mrs. Mary Ann Duke, home demonstration agent, Mrs. Paul Chambers, Mrs. Jack Vaughn and Mrs. Roy Tinsley.

SOMETHING NEW
Waldorf Salad—that old standby of apple, celery, walnuts, and mayonnaise—takes on new interest when it's served on a bed of watercress and accompanied by a mound of creamed cottage cheese. Dust the salad and the cheese with a little paprika for color.

Insurance and Investment Firms Are in New Building

Formal Opening Saturday

An all-day open house Saturday will mark another step forward in the 25-year advancement of three home businesses.

Orchids will be given to the ladies and cigars to the men visiting the new offices of Panhandle Insurance Agency, Security Federal Savings and Loan Association and Southwestern Investment Co. at the corner of Kingsmill and Frost.

Open house will be from 9 a. m. to 5 p. m. The three have just moved from offices in the Combs - Worley Building into the new \$30,000 building owned and recently remodeled by Mr. and Mrs. C. H. Wood of Pampa.

Farris Oden, partner in the Panhandle Insurance Agency, explained the companies had grown out of their quarters and were forced to seek more space.

The trio had its beginning in 1924 when Earl and Wynne O'Keefe formed the Panhandle Agency in Panhandle.

After staying in Panhandle for three years, Earl and Wynne moved their offices to the old Brunson Building in Pampa. This was in 1927, and was the first of four moves within the city. Their latest move to the Wood Building is the fourth.

In 1929, Earl O'Keefe and his associates organized and begun operating the Security Federal Savings and Loan Association.

From this beginning 21 years ago, this second company has grown to a three million dollar local institution handling loans and savings for people in this area.

Last year the company paid out \$89,072.55 in dividends to stockholders, the majority of which live in and close around Pampa.

Operated in conjunction with

HERE IS a picture of the new insurance, savings and loans building at Kingsmill and Frost.

the Panhandle Insurance Agency and using the same Pampa office, Security Federal has spread out also. There are two offices at present; the home office in Pampa and an agency office in Amarillo.

Farris Oden was included as a partner of PIA and director of PIA and Security Federal in October, 1930.

Another company was formed in Pampa in 1930 by Earl O'Keefe and associates. This was Southwestern Investment Company. For eight years, until 1938, SIC kept its home office in Pampa.

This organization has grown to a 15-million-dollar enterprise and in its 19-year history has established offices in Pampa, Amarillo, Borger, Clovis, N. M., Lubbock, Tucuman, N. M., Plainview, Big Spring, Carlsbad, N. M., Odessa and Santa Fe, N. M.

Although the three organizations are separately staffed and operated, officers and directors are essentially the same for each.

The three companies have expanded tremendously through the

years and have established offices in several other cities in three states, but Pampa still claims the majority of officers and directors of the companies. For Security Federal, seven of 11 officers and directors are from Pampa including Farris Oden, president of the board; Aubrey L. Steele, secretary of the board and manager of the company; C. P. Buckler; E. L. Greene, Jr.; J. B. Bourland; M. B. Welch and Tom L. Wade.

In Southwestern Investment Co. six of the ten officers and directors have their homes in Pampa. These are Joe A. Mitchell, vice president of the board and manager of the company; M. K. Brown, Buckler, Greene, Oden, and Bourland.

The three companies employ a total of 18 persons all from Pampa.

One unique feature pointed out as a service for their customers was a parking lot now being leveled and hard-surfaced by the companies. The lot, 100 by 50 feet, is located to the side of the building on Frost Street.

An opening day broadcast will originate from the offices from 11:30 until 12 Saturday.

Winners in Essay Contest Announced

Pampa High School completed its part in Fire Prevention Week yesterday when Hueyln Laycock, chairman of the Educational Committee, awarded cash prizes to the essay winners during the half-hour radio program.

The News and Views of Pampa High, presented weekly over KPDN, was started yesterday by Louise Jaynes, who served as announcer. Charlotte Young gave pointers on preventing fires and a cast from the speech class presented the skit "Fire Away."

John High, Senior; Eulaine Ellis, Junior; Leola Roberts, Sophomore; and Kay Wilson, Freshman, were named first-place winners in the essay contest.

Second-place winners in each class are Joann Shields, Elice Hobbs, Joyce Coffey and Byron Byrns. Third-place winners are Jimmy Baines, Jane Hampton, Elise Hudson and Dora Bonsel.

A fire drill was staged at the High School this morning, which was the last activity there for the special week.

Church Gets New Pastor

WHITE DEER — (Special) — The Rev. Gayle Spann was installed as pastor of the First Presbyterian Church here Tuesday evening with the Rev. Garner S. Odell, Amarillo, acting as moderator.

Dr. Douglas Nelson of Pampa preached the installation sermon; Dr. Francis W. Fritchard of Amarillo gave the charge to the pastor; and the Rev. James G. Glenn of Borger gave the charge to the congregation.

Members of the session were J. C. Freeman, A. J. Dauer, F. B. Kins, E. M. Dittberner, H. C. Dittberner, R. L. Curtis, V. D. Crumpacker, and L. L. Stalls.

After the installation service, a fellowship hour was held. Rev. Spann had served as supply pastor of the local church for several summers while he was a student at Trinity University, and after his recent ordination came here as full-time pastor.

Legal Records

MARRIAGE LICENSES
Thomas David Brooks and Wilma Jean Stevens.
SUITS FILED
J. V. Kidwell vs. Marie Nolan Taylor, child custody.

Texans Go Over Border to Wed

CLOVIS, N. M. — (AP) — New Mexico reports an increase in visits from marriage-minded Texans.

Last Wednesday a new law requiring blood tests before getting a marriage license became effective in Texas.

Twenty licenses were issued here over the weekend with at least one of each couple giving Texas as an address.

Carlsbad reported two Texas marriages, and Lovington has had seven since the new law went into effect.

Law Would Provide Public Works Funds

WASHINGTON — (AP) — President Truman signed into law a bill authorizing 100 million dollars in federal loans to states for advance planning of public works.

If Congress later provides the money, loans will go to states—75 percent on the basis of their population and 25 percent on the basis of needs.

Byrnes to Address Southern Governors

JACKSON, Miss. — (AP) — Former secretary of state James Byrnes is to address the Southern Governors conference in Biloxi, Miss., Nov. 23.

Plans for Byrnes' appearance were announced by Gov. Fielding Wright.

Wright said the Regional Educational Council will meet in conjunction with the Governors.

Youth Gets Inside Look at Government

WASHINGTON — (AP) — Glenn Walker, acting president of the Fort Arthur, Texas, High School, got a first-hand lesson in government Monday.

The 17-year-old boy visited Capitol Hill and federal departments here, enroute to a convention of the Southern Association of Student Councils at Charleston, Va.

He called on Senator Johnson and Rep. Combs, who represent his home town.

Miss Mary Evelyn Dunn, one of his teachers, is accompanying the youth.

Armstrong County, S. D., has but 42 inhabitants, fewer than any other county in the United States.

MARKETS

FORT WORTH LIVESTOCK
FORT WORTH, Oct. 14—(AP)—Cattle 400; calves 150; steady; common and medium steers and yearlings 10.00-22.75; beef cows 14.00-16.00 odd head higher; canners and cutters 10.00-14.00; good and choice slaughter calves 18.00-21.00; a few heavy calves up to 22.00 and above; cull common and medium calves 12.00-18.00; stockers scarce.

Hogs 350; butcher hogs and sows mostly 25c lower with some sales 20c down; pigs 1.00 lower; good and choice 2.00-2.70 lb. butchers 18.25; a few 16.00-19.00; sows 15.00-17.25; feeder pigs 16.00 down.

KANSAS CITY LIVESTOCK
KANSAS CITY, Oct. 14—(AP)—Cattle 600; calves 200; not enough to make a market.

Hogs 800; fairly active, steady to 25c higher than Thursday's average; good and choice 19.00-20.00-25; better price rather sparingly on choice 21.00-22.00 lb.; good and choice 16.00-18.00 lb. 16.75-17.75; sows 15.00-17.50; stags 13.00 down.

Students Warn Residents Of Fire Hazards at Home

Don't say they didn't tell you so if your home needlessly burns down in the near future. Pampa's elementary school children have done everything in their power this week to awaken residents to fire hazards.

More interest was shown this year at elementary schools in the Fire Prevention Week posters than the average year. Fire Chief Ernest Winborne said.

Nearly every store in the business section of town has one or more posters decorating the windows.

Poster contests were staged individually within each elementary school.

J. Aaron Meek, principal of Sam Houston School, has announced the winners there. They are: fourth grade, Thera Warner, Henry Atchison, Ramia Jean Storms, first; William Lee Harrod, John Nutting, Linda Joyce McDonald, second.

Bobby Conley, Ann Boosa, June Bruce, third; Kathleen Claunch, Heidi Schneider, Marcia Rogers, fourth.

Sam Houston fifth-grade winners are: Cynthia Duncan, Paul Ramirez, Donna Leland, first; Malcolm Brown, David Smith, Charlotte Leder, second; Curtis Caszel, George Winegart, Roy McCoy, third; Wadene Thomason, Betty Frost and Marilyn Tucker, fourth.

B. M. Baker winners, announced by Bert Nuckols, principal, are: fourth grade, Sandra Hudgens, first; Joann Addington, second; Virginia Jones, third; and Allene Thornburg, fourth.

Fifth-grade Baker winners are: Marlene West, first; Larry Ray, second; Mike Musgrove, third; and Jerry Bonsel, fourth.

H. A. Yoder, principal of Woodrow Wilson, this morning announced winners there. They are: Barbara Vaught, Carroll Husted,

Doctor Dies After 'Most Useful' Life

REDMON, Ill. — (AP) — Dr. William S. Jones, 85, who was buried Thursday, often was called Edge County's "most useful citizen."

Here's the record made by the minister-physician: a doctor for 38 years, a minister of the Baptist Church for 35 years, a teacher for 10 years — while working his way through medical school in Louisville, Ky. — a member of the Redmon Village Board for 30 years.

He delivered 3,200 babies, held 1,200 funerals, married 900 couples. In many instances, he delivered a child, christened it, officiated at its marriage, and delivered its child.

Author to Speak To Conservationists

HENDERSON — (AP) — About 2,000 East Texas farm and business leaders have been invited to a barbecue here Oct. 21, honoring Rep. Lindley Beckworth of Texas and Louis Bromfield, author and conservationist.

Bromfield will speak. Charters of "Friends of the Land" will be given by Bromfield to counties in East Texas which have formed chapters of the organization, which works for conservation of land, water, forests and wildlife.

Reporter Takes Editor's Advice

SAN ANGELO — (AP) — Bill Probandt, youngest reporter on the San Angelo Standard Times, reads his paper's editorials.

Wednesday the newspaper suggested that city folks help cotton producers beat the picker shortage by working in the fields.

Thursday on Editor Dean Chenoweth's desk, pinned to a clipping of the editorial, was a note from the reporter:

"Mr. Chenoweth: I have taken your advice and hid to the cotton fields."

Wildlife Association Selects Officers

SILSBEE — (AP) — The Hardin County Wildlife Association, which has maintained a wild deer refuge in the "big thicket" for 12 years, has elected Dr. George Tension as president.

He succeeds B. L. Moreland, president for two years. The association voted to boost the membership limit from 50 to 100.

A state game warden, Claude Lindsey, has been assigned full-time to protecting the wildlife sanctuary.

LOOTING IN BOMBAY
BOMBAY, India — (AP) — Rumors of shortages in salt, sugar and matches touched off a wave of shop looting in North Bombay today. Two persons were slain and five others were injured by police fire.

"Let every one of us please his neighbor."
Romans 15:2

GENERAL CONTRACTOR

Someone to Love

By IRENE LONNEN ERNHART Copyright, 1949, NEA SERVICE, INC.

THE STORY: Financial troubles, in-laws, and the housing situation have conspired to bog down Jenny's marriage to Tod Duncan. Besides, Tod seems unable to forget Lisa Conover who flitted him. Then an old friend, Rick Morris, invites Tod and Jenny to visit his home in Centerville after Tod graduates from college. Tod thinks Rick is in love with Jenny and he is wiser when Rick suggests that, in view of no place to live, Tod and Jenny can live in their guest cottage instead of going back to the trailer camp where they had been living.

XIX

THE cottage, originally built as a caretaker's house, had been used later by Rick's father for his study.

Jenny bought colorful paper drapes for the windows and painted some second-hand chairs and an old kitchen table bright yellow for the kitchen. They moved their few belongings from the trailer, plus the old walnut marble-topped bureau and the gaiting table and antique chair Nina was storing for them. The cottage was small, but once it was furnished and the curtains up, they were delighted with it.

Then Tod got a job with a distributor for farm implements. It didn't pay so much to start, but there was a promotion promised.

They celebrated in appropriate fashion with a party. Tod, using Rick's car, brought Nina down on a Saturday evening to spend the week-end. The four of them went swimming, had a picnic, and then as soon as the babies were put to bed, the four played bridge until late. It was like old times. Tod bunched that night with Rick at the big house and Nina slept at the cottage with Jenny.

Nina and Jenny lay awake until about 2 talking. Jenny was so excited about Tod's new job, and she was thrilled with the cottage too. "It's wonderful how nice Mrs. Morris has been, Nina. She's such a help with the twins!"

"You surely aren't planning to

stay here at the cottage!" Nina said.

"Only until Tod can find an apartment or house within our means."

"It'll be a problem all right," Nina said, "but I think I'd—"

"You'd what?" Jenny asked sharply.

"I wouldn't want you to take me wrong or anything like that," Nina said. "But I think it would be best for all concerned if you moved back to Capitol City as soon as possible. Even though it is a help for Mrs. Morris to take care of the babies so much."

"Why what do you mean, Nina?" "You know Rick is in love with you," Nina said. She paused and then added, "You aren't mad are you, because for me saying 'No'?"

"Mad? No, of course not," Jenny said. She was grateful for the darkness that hid the red creeping across her cheeks. "Only you're wrong—being silly, Nina—or jealous."

One of the babies whimpered in his sleep and she got out of bed and padded around to his bassinet.

Nina sighed. "I'll admit I wanted Rick to fall for me, but I gave up long ago. You and Tod have been throwing him at me ever since last fall, but he doesn't see anyone but you, Jenny."

Jenny broke in, "Rick is Tod's best friend and he's been so good to me, but it isn't anything like that, I know."

"Just the same," Nina insisted, "I think the best thing you and Tod can do is move back to Capitol City."

JENNY lay awake long after Nina's regular breathing indicated she was asleep. She remembered Tod's accusation: "Rick's in love with you. They had quarreled over her. And now Nina had brought it up. In some odd way both of them seemed to blame her. For something that didn't exist! Just because Rick was gentle and helpful and adored the babies, they

had to jump to a crazy conclusion that he was in love with her.

Rick had gone to work at the Centerville Trust Company. The job had been waiting for him as soon as he graduated. His grandfather had founded the bank, and now that his father was dead, Rick was supposed to work into the leadership of the institution. Tod envied Rick's security; no worries, a good job just waiting for him to step into it.

Perhaps it was because the Duncans always had to struggle that the things money would buy were so important to Tod.

Jenny herself was contented. The babies were sweet and healthy and utterly fascinating.

Tod had to catch the 6:45 bus in the morning and the evening bus didn't get down until 8:30, which left him little time at home through the week, but he had Saturday afternoons off, which didn't make it too bad. They would have liked to have a car, but they didn't have money enough for a down payment.

At first Tod was interested in his job and excited at meeting new people, but as the summer wore on, the job became less interesting and more routine, and the commuting more tiresome in the heat and dust of midsummer. He would come home worn out, hungry and hot to find Jenny fresh as a daisy after a quick 5 o'clock swim in the park pool with Rick.

Jenny sensed, after the first few times she talked about the swim with Rick, that it irritated Tod, so she didn't mention it any more. He wasn't too fond of swimming himself and that's why she had gone early.

She tried instead to set interest in his day, asking about his work, and the people he had met.

But he nearly always came home in a disagreeable mood. She wondered why it was so difficult for Tod to adjust himself, to accept the small difficulties of life in a good-natured way. She told him that one evening.

"Why can't you just accept things as they are and not grumble about them all the time?" His eyes blazed suddenly.

"To Be Continued"

Quand's

Q—How many automobiles are there in Trinidad, Bolivia?

A—The center of a declining cattle industry, it has only six. They are not permitted to run in the rain because of the mud-holes they make.

Q—What percentage of Hawaii's population is made up of people of Asiatic descent?

A—Almost half of the island's 84,000 population.

Q—What is "cold rubber" and how efficient is it?

A—Called "cold rubber" because it is cooked at 41 degrees Fahrenheit (compared to 122 degrees for regular synthetic), it outwears natural rubber by as much as 30 percent.

Q—About how many Soviet troops are under arms at present?

A—Close to 4,000,000, not counting another 1,000,000 from the satellites.

Q—What was the cost to the U. S. taxpayer of all military aid to China, including Lend-Lease, before and after V-J Day?

A—Nearly \$2,000,000,000.

Q—Is Yugoslavia's Marshal Tito, whom Moscow calls an "enemy of the Soviet Union," an anti-Communist?

A—No. Tito is a Moscow-trained, avowed Marxist Communist. His quarrel with Russia is merely based on his resentment of Russia's desire to run Yugoslavia.

Q—In its first five months how many of President Truman's 24 major measures did the 81st Congress pass?

A—Only one—extension of rent control.

Q—What was the first state to abolish rent ceilings under the new federal rent-control law?

A—A Nebraska law leaves landlords free to charge as they please after Nov. 1.

Q—How is the U. S. sponsored government in South Korea backed up?

A—By the young South Korean army, with arms, ammunition and

transports left behind by the retiring U. S. Army.

Q—What has happened to the French population in the last three years?

A—It has increased by nearly 1,000,000, is now back to its pre-war size.

Q—Who discovered the north magnetic pole?

A—James Clark Ross is credited with the discovery of the north magnetic pole, in 1831, while accompanying the expedition of his uncle, Sir John Ross.

Q—Which President of the United States was administered the oath of office by his father?

A—Calvin Coolidge took the oath in the Vermont farmhouse where he was born. The oath of office was administered by his father, John Coolidge, the local justice of the peace.

Q—Why was the Mason and Dixon line surveyed?

A—The Mason and Dixon line actually was surveyed by two Englishmen, Charles Mason and Jeremiah Dixon, in the 18th Century, to settle territorial disputes between the proprietors of Maryland and Pennsylvania.

Q—For what was Mathew Brady famous?

A—Brady was the famed Civil War photographer whose pioneering coverage of the battlefronts made him this country's first combat photographer and photo historian.

Q—How many visitors are attracted each year to the shrine of St. Anne de Beaupre?

A—Over a million tourists a year visit this shrine with its famous Santa Scala, the first American representation of the 28 steps by which Christ ascended to meet Pilate. Religious pilgrims flock to it at all seasons of the year.

Q—What is the meaning of the name Marguerite?

A—The name Marguerite is the French form of Margaret, which is from the Latin word margarita, literally, "a pearl."

Q—Is rhubarb a fruit or a vegetable?

A—Since the edible part is the chief stalk of the plant, rhubarb is a vegetable.

Canadian Rodeo Set For Saturday

CANADIAN — (Special) — Top-notch rodeo performers are slated to appear at the Canadian rodeo grounds Saturday afternoon and night for the last big rodeo of the season — the Buetler Brothers show sponsored by the local American Legion Post as a feature of the 18th district convention which will meet here this weekend.

Troy Fort of Lovington, N. M., world's champion calf roper in 1948, and who is leading in roping contests this season, will be a headline performer.

Jack Skipworth of Clovis, N. M., one of the top calf ropers in the Southwest, will also be on hand. Clinton and Clayton Hill, twin brothers of Canadian who have been star performers on the Southwest rodeo circuits during the past several seasons, will be entered in bronc and bull riding events.

Stock for the show is furnished by Buetler Brothers of Elk City. Two shows will be held Saturday. There will be no rodeo Sunday.

A total of \$780 in cash prizes has been posted in five events: saddle bronc and bareback bronc riding, bull riding, bulldogging, and calf roping.

Lions Fete Teachers

CANADIAN — (Special) — Twenty-four members of the faculty of the Canadian schools were dinner guests of the Canadian Lions Club Tuesday night at the WCTU Building.

A few members, including Supt. A. H. Breazeale, were unable to attend.

After the meal all joined in group singing led by Harvey Parker with Mrs. Larry Sanders at the piano.

Boss Lion M. A. (Nick) Morgan introduced H. W. Trull, principal of the high school, and he in turn introduced the faculty. Morgan then had the Lions introduce themselves.

The Rev. Taft Holloway entertained with vocal solos "The Last Roundup" and "My Wild Irish Rose." He was accompanied by Mrs. Sanders.

Speaker for the occasion was Darrell Wiggins, long-time resident of Canadian and member of the Board of Education.

Wiggins welcomed the new teachers, and encouraged all who are in "this most honorable profession" to keep in mind that the instruction of youth is the molding of the destiny of the nation.

Church Council Enters Case

NEW YORK — (AP) — The Federal Council of the Churches of Christ in America is asking the U. S. Supreme Court to review the case of a Negro who seeks admission to the University of Texas where segregation prevails.

The council announced that its brief, the first it ever has submitted to the high court, was filed in Washington in the case of Herman Marion Swatt.

The announcement said the Presbyterian Church in the U. S. (Southern) disassociated itself from the council's stand.

The council's brief said "segregation in matters of the mind and spirit means second class citizenship."

The sap of a sugar maple is 96 percent water. For every quart of syrup produced, the tree loses 30 gallons of sap.

TWINS MARRY TWINS — The twin Philippe brothers of Paris, Michel and Gilbert, 24, pose with their twin brides, Therese and Claire Bonie, 24, after marriage at Lamberson, France.

Spivak to Be At Shamrock

Charlie Spivak and His Orchestra will be featured at a dance at the Legion Home at Shamrock next Monday night. The American Legion is sponsoring the show, and one-half of the net profits will go to the police emergency fund, it was announced.

Spivak, noted for "the sweetest trumpet in the world," will make a one-night appearance. His is rated as one of the top bands in the nation.

Kellerville

KELLERVILLE — (Special) — Jack Boyd, who has been in the Wheeler Hospital for several days, is reported recovering.

Mrs. Clifton Shirley and Mrs. Jake Jones recently attended a stork shower at the home of Mrs. Finis Dalton, honoring Mrs. J. N. Bowen of McLean.

Mrs. Jesse Hampton is reported quite ill at her home.

Mr. and Mrs. Joe Bruton visited Sunday with their son, Kenneth; Bruton, and family of White Deer, who has recently moved there from Amarillo.

Mr. and Mrs. H. A. Roles and son visited relatives at Borger Sunday.

Mr. and Mrs. Ivan Burns and children of Skellytown, Mr. and Mrs. Paul Miller, and Miss Melba Miller of McLean spent Sunday with Mr. and Mrs. Howard Miller, Wes Langham of Amarillo was also a guest.

A. A. Simpson was taken from a Pampa hospital to the home of his daughter, Mrs. E. C. West, where his is recuperating.

Miss Lota Mae Hughes, daughter of W. W. Hughes, has been named to the McMurry Indian Band at Abilene, where she is a student. The band appeared Saturday at the West Texas-McMurry football game at Canyon.

Mrs. Clarence Drum is entertaining her mother, Mrs. Mattie Baker.

J. J. Belknap, gauger for the Texas Pipeline company, has moved here from Breckenridge with his family.

Mrs. R. M. Holley is recuperating at the home of her son, Byron Holley. She had been a patient in a Pampa hospital.

Actress' Marriage Said on Rocks

HOLLYWOOD — (AP) — Shirley Temple's marriage is on the rocks, her attorney announced.

The 21-year-old actress and John Agar have separated, Attorney George Stahlman said, and he is drawing up divorce papers. He said the grounds have not been determined.

A close friend, however, said she probably will charge mental cruelty.

The blonde one-time child star, who in recent years has made a come-back as an adult, married Agar, also an actor, Sept. 19, 1945. Their daughter, Linda, was born Jan. 30, 1948.

Lipscomb

LIPSCOMB — (Special) — Mr. and Mrs. Leroy Price and son, Loren, visited Mr. and Mrs. R. N. Fox and family Sunday.

Mr. and Mrs. John Pell visited Mr. and Mrs. Andrew Longhofer Sunday evening.

Sunday dinner guests of Mr. and Mrs. R. N. Fox were Mr. and Mrs. John Allen.

Mr. and Mrs. Keith Imkee and Jimmy visited Mr. and Mrs. Marion McKee and Sharon Sunday afternoon.

Mr. and Mrs. J. H. Nagel visited Mr. and Mrs. R. N. Fox Monday evening.

Miss Vena V. Cope spent Friday evening with Miss Della Longhofer.

Mr. and Mrs. Gus Koch and family visited Mr. and Mrs. John Pell Saturday evening.

FUNNY BUSINESS

"For weeks I couldn't find out where my husband spent his evenings until one night I went home and there he was!"

Bottle Costs Student \$5

AUSTIN — (AP) — A bottle set afloat in the Pacific Ocean nearly two years ago is going to cost a University of Texas student \$5.

The student, Berle E. Bridges of La Porte, said he brought it all on himself.

As Army Air Force Lt. Bridges, he tossed the bottle into the water from the U. S. Army transport General Hodges enroute to Guam on Jan. 14, 1948.

Inside a note promised \$5 to the finder for putting his name on the back of the note and mailing it to Box 1013, La Porte.

Wednesday Bridges had his note back. On the reverse side was the name Masaharu Yamashita, 10666 El Village, Itabashi, Kagoshima Province, Japan.

Yamashita also enclosed a hand-drawn map of the island showing exact spot where the bottle was found on Aug. 19, 1949.

Bridges said he'll send an International Post Office money order for the promised \$5.

Gain Shipments Boost Profits

HOUSTON — (AP) — Heavier grain and dry cargo shipments have sent Port Houston net profits booming.

Port Director W. F. Heavey said profits the first nine months of the year totalled \$799,549.43, compared to \$274,025.66 the same year. September profits were placed at \$142,781.83, compared to \$25,143.40.

Legal Publicatic

THE STATE OF TEXAS
COUNTY OF GRAY
KNOW ALL MEN BY THESE PRESENTS

THAT we, the undersigned, for purpose of complying with Article 1 of the Revised Statutes 1925 of the State of Texas, do hereby certify the following facts:

1. That the name under which business is conducted and transacted is Pampa Home Service, 118 East Tule, Pampa, Texas, County of Gray, Texas.
2. That the true and real full names of the persons conducting or transacting such business and their postoffice addresses are as follows:
Name: Frank Lowder; Postoffice Address: 118 East Tule St., Pampa, Texas.
Name: Floyd Burnes; Postoffice Address: 614 South Cuyler, Pampa, Texas.

IN TESTIMONY WHEREOF, we have hereunto set our hands this 13 day of October, A. D. 1949.

FRANK LOWDER

He's Particular About Wet Clothes
 WILMINGTON, Calif. — (AP) — James Hardin, lobster boat fisherman, is particular about getting his clothes wet. But withal he is a modest man.
 So when the engine of his lobster boat broke down and the anchor dragged toward the rocky shore, Hardin swam for help.
 He disrobed and towed his clothes in a tub behind him. Then he put them back on before he called the Coast Guard.

Browns Sign Recruit
 SAN ANTONIO — (AP) — Roy Craft, 21-year-old second baseman of the Lackland Air Force Base baseball team, has been signed to a St. Louis Browns contract, it was announced here Thursday.
 William Byrd, president of the San Antonio Texas League Mission, owned by the Browns, said Craft will be turned over to the Marshall club of the East Texas League for development.
 Craft, just discharged from the service, is 6 feet 1 inch in height and weighs 165 pounds. He bats and throws right handed.

TRUCK INCREASE POSES PROBLEM OF JAMMED HIGHWAYS, ROAD WEAR

TRUCKS—The number of trucks traveling the nation's highways has increased from five to seven million since 1941 and truck mileage is up 20 percent over prewar. This increase poses a hard-to-solve problem facing both road officials and truckers alike.

By BRUCE BLOSSAT
 WASHINGTON — (NEA)—If you are driving your car much these days, you probably think there are more and bigger trucks on the road than ever before. And the figures amassed by the government and the trucking industry back up your general impression.
 In 1941, last prewar year, trucks registered in the United States totaled 5,110,000; in 1948 the number had zoomed to 7,555,000. What's more, total truck mileage was up 20 percent in the same span, while passenger car mileage climbed a bit less than 10 percent. And in 1948 trucks represented 18.4 percent of all motor vehicles, an advance over 1941 when they were but 14.7 percent of the total.

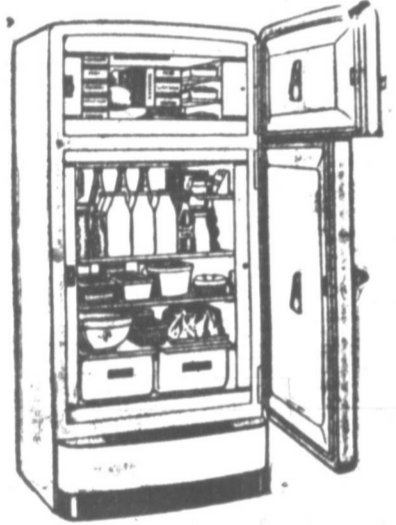

greater than a two-lane road in open country. In city areas, an expressway can handle as much traffic as five ordinary streets each 40 feet wide (with parking banned).
 But better highways cost huge sums and that usually means heavier motor fuel taxes or other charges. And wherever a state has come up with a big highway program involving higher gasoline taxes, the truckers invariably have opposed it.
 They admit gas tax costs bear heavily on them. Yet they insist also that most plans being advanced are starry-eyed; they question the wisdom of elaborate engineering studies made in California, Michigan, Ohio and other states. The truckers complain they aren't consulted in the drafting of plans, and say they want planning commissions on which all highway users are well represented.

Sheffield Steel And CIO Meeting
 HOUSTON — (AP) — Officials of the Sheffield Steel Corporation and CIO Steelworkers were to meet here today.
 Jim Dickerson, director of the three-state District 37 of the United Steelworkers of America, said the district has the power to settle with Sheffield if the union's national demands are met.
 The two groups will meet for the first time since the nationwide steel strike began Oct. 1.

Then, too, the heavy tractor-trailer combinations are gaining on single-unit trucks in mileage traveled, although they still are outdistanced two to one. In the matter of tonnage, however, truck combinations in 1947 hauled double the volume handled by single-unit carriers, which had the upper hand in the mid-30's.
 Together with an increase of some 4,000,000 in passenger cars from 1941 to 1948, this big boost in trucks is clogging the open roads and the key traffic arteries feeding our cities. About every fifth vehicle on the highway is a truck. If it's a heavy, on a straight, flat road it is equal to two passenger cars; in rolling terrain, to four cars; in hilly or mountainous country, to 15.
 Perhaps you'd like to see trucks ruled right off the road. But some 75 large cities get all their milk by truck. Trucks haul 90 percent of marketed farm products to initial markets, 70 percent of the livestock received at stockyards, nearly a fourth of U. S. coal output from the mines. They carry 82 percent of all freight hauled 25 to 100 miles.
 Public Roads Administration officials say the only solution to highway congestion is more and wider roads. Experts say a four-lane highway, for example, has a vehicle capacity four to five times

the issue of overloading is ticklish. Highway engineers say an axle load of 18,000 pounds is the maximum that present roads can bear. They say long experience and tests prove that greater loads break up highway pavements. Public Roads Commissioner Thomas MacDonald points out, however, that 13 states permit axle loads in excess of 18,000 pounds, and that in 1947, some 35 trucks in every 1000 carried loads heavier than that.
 Speaking for the truckers, the American Trucking Associations deny trucks are ruining the roads. They say tests up to now have been inconclusive, and cite cases where highways barred to trucks have cracked up badly in spots.
 Maybe this controversy will be settled for good by new engineering studies to be conducted under government sponsorship. An answer can't come too soon. For this year road repairs will cost the nation \$1,100,000,000 and a large share of the \$1,531,000,000 for new roads will actually go for rebuilding of highways battered beyond repair.

Vet Insurance Premiums Will Remain Same
 WASHINGTON — (AP) — War veterans holding National Service Life Insurance policies may expect to go right on paying premiums at the same old rate, big dividend or no dividend.
 In answer to query, Harold W. Breining, VA administrator for insurance fund, there is "no likelihood at all" of a change in premium rate.
 Many veterans have suggested that since the forthcoming \$2,800,000,000 dividend on GI policies is the result of a surplus in the insurance fund, a reduction in premium might be expected.
 "Any change in premium would have to be established by law," Breining told a reporter.
 "Furthermore, each insurance contract could be changed only by mutual agreement."
 "There is no likelihood of a change."

MONEY MAN—The generosity of Cornelius La Roy of Lansing, Mich., above, was too much for Washington, D. C., police. The 38-year-old machinist was picked up after giving away some \$15,000 in cash to some "poor people." One man got \$7000 to "pay off his home" and another \$5000 "to buy a bus." Most of the rest went to waitresses and cab drivers in \$100 tips. La Roy was taken to a hospital for observation.

Now They're in School Together
 HAMILTON, N.Y. — (AP) — Four years ago, Ralph Williams of Peckville, Pa., was a corporal with the Army's 71st Infantry Division when it captured Regensburg, Germany.
 Fifteen-year-old Wilhelm Schoppe watched the operation from his uncle's farm on the outskirts of Regensburg.
 Today they are classmates at Colgate University. They room in the same dormitory.

Landlord Tries Older Methods
 INDORE, Central India — (AP) — Thakur Narwar Singh, Jagirdar (landlord) of Jhankawada, recently tried the methods of his ancestors to regain his estates, but within 12 hours learned he was two centuries behind the times.
 When the Madhyabharat princely union was formed in Central India, the Thakur was one of those who had to surrender their 200-year-old states and estates in return for compensation. He did it with a vigorous demurrer and went underground to evade orders of arrest.
 When he reappeared, it was with a band of 200 fighting men armed with bows and arrows and some home-made guns. He "stormed" his ancestral fortress and occupied it. But he found the government much too quick for him. Before nightfall his "forces" had "surrendered" and the Thakur had fled. The warrant for his arrest was renewed on fresh charges, but he still is at large.

Refugees in Dallas
 DALLAS — (AP) — Jaroslav Drohny and Vladimir Cernik of Czechoslovakia were to play first round matches today in the men's singles division of the Dallas Country Club's Invitation Tennis Tournament.
 Shirley Fry of Akron, Ohio, and Margaret Varner of El Paso, head the women's division which opens singles play today.
 The shot fired by the American colonists at Concord was the "shot heard round the world."

Eleven Injured in Car-Truck Crash
 LEVELLAND — (AP) — Eleven persons — eight in one family — were injured late yesterday when an automobile and pickup truck collided near here.
 John David Goley, seven, son of Mr. and Mrs. H. T. Goley, was reported the most seriously injured.
 The parents and six children and Vivien Sue Justice, 18, Levelland, were in the automobile. M. L. Abney, 39, and his brother, Reames Abney, about 42, were in the truck.
 The Goley family is from Blossom, Texas. They were here to pick cotton.
