

Electronics Expert Says B-36 Cannot Escape Range Of Radar

Navy's Attack On Air Force Is Continuing

WASHINGTON — (AP) — A Navy electronics expert told House investigators today that radar can track rockets and reach the moon, so it certainly can spot a big high-flying bomber like the Air Force B-36.

Lt. Comdr. E. W. Harrison continued before the House Armed Services Committee the Navy's attack on the giant, six-engine bomber that is the pride of the Air Force.

Harrison, who is attached to the Electronics Division of the Bureau of Aeronautics, told the committee:

"We have, and can expect any potential enemy to have, radar equipment and intercepter aircraft capable of detecting, intercepting and bringing about the destruction of large, very heavy bombers regardless of how high they fly."

Members of the committee have indicated deep concern over reports that Secretary of Defense Louis Johnson plans further cuts in spending for the Navy and its air arm.

Rep. Bates (R-Mass) urged that Johnson be called before the committee and asked to give his detailed reasons for the cuts which Secretary of the Navy Matthews has said would damage national security.

Chairman Vinson said that "of course we are going to get Johnson up here."

Harrison told the committee this country even has secret equipment that determines whether aircraft is friendly or enemy. Radar he said, is only one method for locating and identifying planes.

At the end of the last war, Harrison said, engineers had the "know how" to build radar effective against big, high-altitude bombers. And this information is in print, he said.

In view of Russia's demonstrated capabilities in other fields, plus this published information and facts on performance of high flying bombers, the commander said, she will be ready with "an answer" to the question.

Top Navy officers have been telling the committee the national defense is lopsided because of emphasis on the B-36. They say the bomber typifies an unbalanced view of warfare based on the atomic blitz and mass destruction of whole cities.

The Air Force previously has put up a strong argument that the B-36 is the best heavy bomber that can be built, that it can crush in a day's flight targets it might take land armies years to reach.

Vinson says he still favors the idea of a 70-group Air Force, as compared with the 48-group outfit President Truman asked, although he admits enough money (See NAVY'S, Page 10)

Pampa News

VOL. 48—NO. 159 (10 PAGES) PAMPA, TEXAS, MONDAY, OCTOBER 10, 1949

More Idleness Expected on Labor Front

(By The Associated Press)

The steel and coal strikes continued today and the prospect was for more widespread idleness this week.

John L. Lewis planned to go back to the bargaining table with operators Wednesday on behalf of his 350,000 striking soft coal diggers.

There was no word toward settling the strike of 454,000 CIO Steelworkers. The two strikes have actually cut off pay checks for more than 1,000,000 workers including those laid off thus far in businesses dependent on coal.

Contracts between the steel workers and fabricating plants begin expiring Saturday, and the union's president, Philip Murray, has declared he wants these (See MORE, Page 10)

Argument on Non-Commie Oath Called

WASHINGTON — (AP) — The Supreme Court called today for its first hearing of arguments on Constitutionality of the non-Communist oath requirement, questioned by the CIO United Steel Workers of America and the CIO American Communications Association in two appeals.

The Taft-Hartley Act requires that union officials must file affidavits saying they are not Communists, if they wish to use machinery of the National Labor Board.

The steel workers' union appealed from a Chicago circuit court decision that its officials must file such affidavits before the labor board requires the Inland Steel Company to bargain on pension plans.

A statement explaining the union's present position was filed with the high tribunal on the eve of the argument sessions. In it the union says "its officers are not Communists and have never been, and they have no sympathy with communism."

In the other appeal the communications association carried to the Supreme Court a decision by a special U. S. District Court in New York which upheld Constitutionality of the Communist-oath provision by a 2 to 1 vote. The association was refused a place on the ballot at a union certification election by employees of Press Wireless, Incorporated. The refusal was on the ground that the union had not complied with the affidavit provision.

The association in a preliminary brief filed with the Supreme Court declared:

"The decision of this court may well determine the future of our democratic freedoms."

Twister Damage Reported South of Pampa; Others Seen

A six-room garage apartment, 400 chickens, and the home of Mr. and Mrs. Fred Haiduk, 18 miles south of Pampa, fell victims to an unseasonal tornado last night that sent scarpes into Pampa and its surrounding districts.

The apartment was demolished as well as a chicken coop with 450 chickens in it. All but 60 chickens died in the storm. The house, not near the garage, sustained slight damage, but the family had beat the twister out and were safe in their storm cellar.

Fences on their farm were ripped up, losing the cattle, telephone lines were pulled apart, the roof from a large granery was blown off and landscaping was damaged. The family's 1949 Jeep and Oldsmobile were damaged slightly.

The cloud was seen to pass over Henry Urbancky's home, but did not come down.

George Newberry, manager of the Southwestern Bell Telephone Co. here, was the only one to report any other damage from the storm. He told The News this morning that several hundred phones were knocked out just before the heaviest rains last (See DAMAGE, Page 10)

Queen Ready To Leave for Kansas City

Pretty Miss Alberta Joyce Benson, Canadian, who was elected Miss Top of Texas for 1940, will leave Wednesday for Kansas City to participate in the American Royal Queen Contest.

Miss Benson will be accompanied to the American Royal Livestock and Horse Show was one of her awards for winning the Top of Texas contest.

She will register at the Hotel Continental Thursday and will remain at Kansas City until Sunday. However, if she is chosen queen or princess, she will remain there until a week from Sunday.

All candidates and chaperones will be guests of honor at a welcoming luncheon in the Hotel Continental Thursday after they have been assigned to their rooms. Formal judging will get underway late that afternoon.

If judging has not been completed Thursday night, the contest will be continued Friday morning. Other appearances of the American Royal parade, horse show and several luncheons.

Small Towns Given Plug

SAN ANTONIO — (AP) — Senator Dennis Chavez (D-NM) said today highways should not bypass small towns. Chavez, chairman of the Senate Public Works Committee, said in an address prepared for the National Association of State Highway Officials:

"A sore spot with me . . . is every time you want to straighten out a highway so some joker on a vacation can make 60 or 70 miles an hour without slowing down for a curve."

Chavez also said a way of helping "get the farmer out of the mud" would be to build less costly rural roads, thus spreading available funds farther.

As chairman of the Public Works Committee, which handles all federal road legislation, Chavez said he would do all he could to prevent bypassing of small towns and to extend rural roads.

The senator predicted the new federal aid appropriation for highway construction may have to approach \$700,000,000 a year, which would be \$250,000,000 more than current authorizations.

Tornadoes Hit Great Plains Killing One

Tornadoes roared and moaned over the Great Plains last night, killing one person and injuring four others.

From the Dakotas southward into Oklahoma and Texas, the clouds unloaded their moisture in thunderstorms. The bayous around Houston, though, were getting back to normal as flood waters receded.

But the weatherman used his trite but happy official phrase for the weather conditions over Eastern, Southern and Central U. S. He said:

"Unseasonably warm temperatures continue."

In the Western states, the thermometer readers were cool, as were the readings.

In a suburb of Lincoln, Neb., a Sunday punch tornado dipped to earth and leveled a house. Mrs. Stella Morris, 78, was killed. Two others in the house were treated for injuries.

The whirling funnel of wind had scythed a path 12-miles long across the Nebraska countryside before it made its deadly strike. In its wake it left a tangle of communication and power lines.

The damaging winds hop-skip-and-jumped over Oklahoma. One woman was injured at Sapulpa, Okla., a small farm community 90 miles northwest of Woodward.

Two houses and a filling station were damaged. A twister fingered down near Rosston, and damaged a home on the outskirts of Lawrence in Harper County.

In Russell, Kans., a small tornado lashed down main street. One woman was critically injured, but on the edge of town 400 farmers danced on at a VFW Hall as the winds by-passed them.

The whirling gales smashed at Hutchinson in Central Kansas, and took a swipe at Kansas City, Mo., where the roof flew off one house.

The improved weather situation in Idaho permitted hunters to (See TORNADES, Page 10)

Staff Deserts Nationalists

PARIS — (AP) — The entire staff of the Chinese Embassy and consulate-general here today deserted the Nationalist regime and declared their support for the new Chinese Communist government at Peking.

George Mong, counselor of the Embassy, said that all staff members and employees of the consulate had signed a joint declaration calling for the establishment of a "popular democratic dictatorship" in China to reform Chinese society, and reconstruct its economy.

Mong said that the French government had been notified of the staff's decision. The Chinese diplomats, he said, were now awaiting the French government's decision as to their future status.

At the French Foreign Ministry, officials declined to make an immediate comment.

HAPPY YANKEE HEROES—This happy trio, pictured in the Yankee's dressing room after the game, were heroes in the Yankee's four games to one win over the Dodgers. They are, left to right: Johnny Mize, Joe Page and Jerry Coleman.

NY Yankees Win Series From Bums

BROOKLYN — (AP) — The New York Yankees, Ol' Casey Stengel's "Invalids of Destiny," won the World Series from the star-led Brooklyn Dodgers for several reasons — but the most important was the Reynolds-Page bullpen combination.

Because he had the right relief men when he needed them most, Stengel led his assorted cripples to the winners' share of the jackpot — \$3,854 for each Yankee. Pitching usually tells the story of a short series. It was no different in the five-game 1949 set. Only this time it was the relief work of Alie Reynolds and firm man Joe Page that stood out after the Yankees and Dodgers swapped 1-0 shutouts in the first two record-breaking games.

Certainly there were other stars. Bobby Brown for his 500 batting average, Johnny Mize for his 1,000 pinch hitting, Tommie Henrich for the homer that won the opener and little Phil Rizzuto for his superlative shortstop play. But way out front there were the two "big" men of the Yankees' 12th Series triumph in 16 tries — Reynolds and Page.

Page, of course, an true to form. Hadn't he pitched over the bullpen 60 times during the regular season, 39 of them to save Reynolds?

Reynolds' brilliant performance of no runs and only two hits in 13 1/2 innings was a direct right-about-face. (See YANKEES, Page 4)

High Court Will Study Oil Issues

WASHINGTON — (AP) — The Supreme Court refused today to throw out two suits by which the federal government seeks to establish its paramount right to oil-rich tidelands off the Texas and Louisiana coasts.

The Court last May 16 granted the Justice Department permission to state the federal claim and asked the latter to file answers to the government's claims.

Texas and Louisiana replied with requests that the court dismiss the suits. They said the Constitution does not give the Supreme Court authority to decide a controversy between the United States and a state.

In refusing to dismiss the suits, the Court gave Texas and Louisiana 30 days additional time in which to file answers to the government's action.

Justices Jackson and Clark took no part in today's action.

Crewmen Killed In Airways Crash

CHEYENNE, Wyo. — (AP) — Forced off its regular route by storms, a Slick Airways cargo plane dashed three crewmen to death last night in a crash near the Cheyenne airport.

The San Francisco-to-Denver twin-engine plane nicked a knoll three miles northwest of the Cheyenne runways while coming in for a landing.

First reports were that four had been mistaken for a passenger. Schrader said an embalmed body that was part of the cargo had been mistaken for a passenger.

Explosion Kills Six

PEARL HARBOR — (AP) — Two Texas Navy men, James E. Chambers of Houston and Robert Johnson of San Antonio, were among six men killed in the explosion of a tanker Friday at Tutuila, American Samoa.

The Navy announced the victims yesterday.

WE SAW . . .

"Mister," the five-month-old Collie-Cocker mascot of the Fire Department, doing his part for Fire Prevention Week. Firemen have him trained to extinguish their matches when they light cigarettes and then put out their cigarettes when they are through with them.

Four Members Family Found Shot to Death

FORT WORTH — (AP) — Four persons were found shot to death today at their home in suburban Oak Knoll.

They were identified by neighbors as:

Mrs. Richard G. Finch, about 33; Penelope Finch, 8, her daughter; Allan Finch, 7, her son and a Mrs. Walker, identified as the children's maternal grandmother.

A next door neighbor, Mrs. T. C. Hukill, discovered the bodies when she went to inquire about the children whom she usually drove to Springdale Elementary School along with her child.

Mrs. Hukill said she last saw the family Saturday. Neighbors said the grandmother had come here recently from Florida.

The grandmother's body was found on a bed in an east bedroom. She apparently had been shot through the mouth. Her head lay in a pool of blood. A .22 Colt revolver was found about three inches from her hand.

The boy's body was on a bed in a nearby room. He had been shot through the head.

The girl and her mother were found in the same bed in a center-room.

All bodies were clad in night clothing.

Investigators said the deaths apparently occurred Saturday.

Neighbors said the husband and father had not been at the residence for several days. He has been on a leave of absence for two years from American Airlines, with whom he was a pilot.

The airline said Finch was reported at the home of his parents, Mr. and Mrs. F. R. Finch in Ann Arbor, Mich.

An acquaintance of Finch's, Bill Wing, an American Airlines co-pilot, said Finch was a colonel with the Air Force's Air Transport Command during the war and was known as a top-notch flier.

Finch raised chinchillas here.

CC Committee Meeting Called

A meeting of the Public Improvement Committee of the Chamber of Commerce has been called for 7:30 p.m. tomorrow at the Chamber of Commerce office, Ed Weiss, chairman, said.

The committee and representatives of other interested organizations will discuss proposed improvements for Recreation Park.

Weiss said the second annual Top of Texas Fair, just completed, was successful from every standpoint despite unfavorable weather conditions.

"However, the fair association probably will lose money on this year's fair because of the weather and lack of adequate exhibit space," he said.

Downtown Parade Opens Fire Prevention Week

Two motorcycle policemen, the fire chief's car, the Harvester band, three fire trucks and a decorated Cabot Safety Department station wagon started Fire Prevention Week this morning by staging a parade.

Beginning at the Junior High School, the parade woke Pampa with its screeching sirens and marching band melodies. The three fire trucks were decorated with signs advertising the national Fire Prevention Week.

The 1927 America La France brought up the rear of the parade with a sign "I'm old, but I'll do my part. Beware of fire."

Meanwhile the Pampa Fire Prevention Committee went all-out this morning to make this year's campaign successful. E. O. Wedgeworth, chairman, said today. Fire Prevention week began yesterday.

Pampa's fire losses during the past year have been slight when compared to the fire-loss trend throughout the U. S., he continued.

America's battle against fire can be won, the National Board of Fire Underwriters believes. Fire destruction in the U. S. was at its greatest peak in history last year, totaling \$715,074,000.

Fire waste for the first six months this year shows a drop of 2.7 percent in fire losses.

"If the trend continues and with the aid and caution on the part of the public," it will continue — the loss for the whole year may be less than \$700,000,000," the report continued.

If fire losses decline during 1949, it will be the first year since 1940 that this has occurred.

Much of the credit for the decrease in losses is due to energetic efforts of fire departments, civic groups, schools and other organizations to clean up American communities, strengthen fire departments and water supplies and remove fire hazards.

Added vigilance is still needed. Fire losses of \$715,074,000 are a serious drain on the nation's resources and the toll of lives approaches 11,000 annually with thousands more persons maimed, gassed and injured by fires.

AGRICULTURE OFFICIAL SAYS SOIL SECOND MOST PRECIOUS RESOURCE

"Soil, next to its people, is a nation's second most precious resource." Al J. Loveland, under-secretary of agriculture, said at Woodward, Okla., Saturday.

And more than 10,000 farmers, ranchers, stockmen, and agriculturists met for the 13th annual range and crop improvement field day at the Southern Great Plains Experiment Station at Woodward and Fort Supply seeking answers to the question of how to improve and stabilize farm and ranch production in this dry-land region.

The first step toward the touring crowd made was to examine various types of sorghums developed at the main station at Woodward.

The early types of milo, John B. Sieglinger, agronomist of Oklahoma A&M College, Stillwater, said, were tall-growing with heavy heads that had to be harvested by hand, and was also highly susceptible to smut.

The station has developed several types for different parts of the five-state area it serves that are of uniform height with firm stems that can be quickly and cheaply harvested by combine. They are also highly resistant to smut and rot.

But of all the experiments with crops, fruit culture, and trees and shrubs, one of the most important is the extensive work that has been done at the station in recent years with grass.

More than 30 strains of native grasses have been developed for adaptation trials and sown in 15 states with complete information on palatability, beef production per acre, and effect on soil fertility and conservation are available.

One of the most promising, Jack R. Harlan, station agronomist, said, is a strain of side-spike sorghum developed at the Tucson, Ariz., field station.

"It possesses the ability to continue green growth in the face of summer heat, but it must be planted late in the spring. Therefore, it runs into a problem of well-established weed growth that has not yet been solved. The grass is not available for distribution.

The touring crowd, that had assembled from 16 states, followed the morning's inspection of the Woodward station with a barbecue lunch at Fort Supply and camped at Woodward.

One filling station operator in Supply said it took an hour and twenty minutes for the visitors' cars to pass his place on their way to the range station.

Once there, where four 1200-pound beehives had been cooking since Friday noon, the entire crowd was fed in about the same length of time.

Experiments in sage-brush control have resulted in "double the beef yield from killing the brush and reseeding range pastures." D. A. Savage, superintendent of the station, said.

Carrying capacity of the ranges was estimated at 65 percent, gain per head to 15 percent and gain per acre to 75 percent, depending on whether the pastures were grazed during the summer or all year, he said. Increased selling price of the steers usually was double that from non-treated pastures.

"Since livestock represents 50 (See AGRICULTURE, Page 10)

Good Neighbors To Hold Session

AUSTIN — (AP) — Five members of the Good Neighbor Commission will be attending their first session when the agency meets here tomorrow.

Honor guests will be Gov. Raaf Garate and Gen. Tiburcio Garcia Zamora, Governor and governor-elect of the neighboring Mexican state of Tamaulipas.

The commission's principal business will be the naming of a successor to Chairman R. E. Smith of Houston, who was not reported to the goodwill body.

Barkley Pays Visit To Attractive Friend

ST. LOUIS — (AP) — Vice President Barkley made another flying trip to St. Louis yesterday to visit his attractive friend, Mrs. Carleton S. Hadley.

Barkley spent the afternoon with Mrs. Hadley, a 35-year-old widow, and then took a midnight plane for Washington.

PILOTLESS PLANE—Shown above is the Ecoupee two-placer which rammed into the house shown here last week, after being mysteriously started from the Pampa Airport 500 or 600 feet just back of the house and to the right of the picture. The plane's right wing struck the house as it can be seen. The ship pivoted, its nose striking the house and cutting into weather-stripping (can't be seen). Two children were sleeping when the plane struck about 11:15 p. m.

Winborne Suggests Methods To Rid Home of Fire Hazards

"All it takes is a spark from the furnace, or a defect in the wiring, or a carelessly dropped cigarette to start a fire in the cellar. Once it is started, it is particularly difficult to bring under control if those piles of fast-burning paper, cloth, and wood are there to supply fuel."

The National Board of Fire Underwriters estimates that one out of every three home fires begins in the cellar, the chief said.

"The next step is to clean out the attic, which is another danger spot," he said. "By cleaning up your home this week, you may keep it from burning up next week."

He suggests seven steps to fire safety:

1. Have the complete heating system inspected, cleaned, and repaired by an experienced repairman.
2. Provide covered metal containers for ashes and trash.
3. Avoid hanging extension cords over bare nails or running them under rugs, as this causes dangerous wear. Replace worn extension cords.
4. Always call in an experienced electrician for necessary home wiring, because "home handymen" have been responsible for many fires traced to faulty wiring.
5. Oil and clean motors of electric appliances, and check to be sure that belts are in proper condition. (This does not apply to refrigerators which have sealed-in motors.)
6. Place a metal screen in front of the fireplace, to guard against flying sparks and hot ashes.
7. Never clean with gasoline.

Prevent Ash Fires

Smoldering ashes are a serious home fire hazard when not disposed of properly. A safe practice is to keep all ashes in galvanized steel ash cans. Such receptacles are of fire proof construction and have snug-fitting covers.

BUILDING NEWS

U.S. Fire Loss Shows First Decline in 7 Years

(EDITOR'S NOTE: This is the second day of the National Fire Prevention Week. A local committee, headed by E. O. Wedgworth, has been working on all phases of fire prevention in Pampa for the past month. Pampa has made outstanding records in the past in the national fire prevention contests. It is hoped the committee will leave nothing undone to make this year's special Fire Prevention Week the most thorough in Pampa's history.)

NEW YORK — (NEA) — The nation's fire loss, which has soared more than 120 percent in seven years, is expected to drop this year for the first time since 1942.

As officials all over the country prepared for Fire prevention Week, which began yesterday, a preliminary estimate by the National Fire Protection Association figures the probable 1949 loss at \$660,000,000, as against last year's record peak of \$725,000,000.

The decrease, however, gave officials no cause to relax their fire prevention efforts. The 1949 loss

will still be more than double the \$315,000,000 worth of property destroyed by flames seven years ago.

Percy Bugbee, general manager of NFPA, which sponsors Fire Prevention Week, views the decline as an indication more people are becoming fire-conscious and are following standard recommendations for eliminating fire hazards.

As proof that fire prevention measures will work, Bugbee cites the experience of Des Moines, Ia., which set out to see if the high record of roof fires, fifth-ranking fire hazard, could be curbed.

In 1935, Des Moines put into effect a city building code prohibiting future application of flammable roofing and requiring that asphalt shingles or other fire-resistant roofing be used.

When the new code was passed, city records showed that 52 percent of all building fires in the preceding five years had been attributed to chimney sparks falling on flammable roofs.

Today, by steady enforcement

of the code, the record of fires from that same origin has dropped to 11 percent.

"All major hazards would be as easy to eliminate as flammable roofs," says Bugbee, "but unfortunately not all hazards can be fought successfully by legislation."

Carelessness among smokers, for instance, is one of the nation's top fire causes.

"Most fires are due to human carelessness of one kind or another," Bugbee points out, "and there's no way to write a law against that."

Fall Is the Time; Check Equipment

For winter's safety, take a look now at your heating equipment. There is no quicker way to expose your family and possessions to the danger of fire than to neglect a home heating unit, according to fire safety officials.

Fall is the time of the year, they say, to have dirty or defective equipment cleaned and repaired. Every stove or heater is a potential hazard and thousands of home fires are caused annually by neglect of the heating equipment.

Special attention is advised for chimneys and flues. Keep them clean, in good repair, securely supported and at least a foot from woodwork or combustible material. Excessive heat on flammable surfaces will start a fire as quickly as sparks.

Fammable ceilings, floors and walls near heating units may be made fire-safe by covering them with fire-safe materials, such as asbestos cement board. The latter material is rated as incombustible by laboratory standards.

Because it is made of asbestos fibers and portland cement, there is nothing in asbestos cement board that will catch fire, support combustion, contribute fuel or form and shape under prolonged spread flame. It will retain its high temperatures.

Another good way to prevent home fires is to clean the basement regularly. All ashes should be stored in metal cans and never mixed with rubbish. If you have piles of ashes or rubbish in the basement now, remove them before another heating season starts.

Where there are accumulations

of old boxes, furniture, paper, combustible trash or debris, fires can get a quick start and spread rapidly. If there is no-city rubbish collection, or no built-in incinerator made of sheet metal or in a wire mesh burner.

Never allow cleaning, polishing or paint rags to accumulate. This kind of waste material, if kept in a warm place, may ignite spontaneously.

Building Methods Help Cut Fire Loss

For each of the first 7 months of 1949, U. S. fire losses were less than the corresponding month in 1948 and the total of \$398,399,000 for the 1949 7-month period was 8.9 percent less than the \$437,435,000 in the first 7 months of 1948, according to the National Board of Fire Underwriters.

A leading reason for this reduction is more fire-resistant construction, such as non-combustible mineral wool insulation in hollow walls, elimination of excessive woodwork, using solid instead of thin-panel doors, better heating equipment and new materials and building methods designed to prevent fire.

Many communities are revising building codes to insure more fire-safe construction. National, state and local authorities have intensified efforts to persuade owners of homes and commercial buildings to eliminate fire hazards.

Fire-prevention experts are hopeful that these combined efforts will result in a substantial reduction from last year's all-time record fire loss of \$711,114,000.

Reduce Fireplace Heating Losses

The neat housekeeper who keeps her fireplace free of ashes is an efficient fire-builder, according to home heating specialists, who regard a bed of glowing ashes as necessary for igniting logs which are placed on a fire.

Fireplace heat losses may be minimized if one log is kept on the floor of the hearth against the back wall behind the andirons. This log prevents the draft from drawing the heat directly into the masonry, it is pointed out.

Another suggested way to increase heating efficiency is to use only dry wood. Green wood is known to contain from 25 to 50 percent of its weight in water. Before it will give off heat, much dry fuel is wasted in drying up the water.

Neatness may be achieved around a fireplace by stacking logs systematically and by providing a container for kindling. Many home owners find that a galvanized steel coal hod makes an ideal receptacle for kindling. A galvanized steel coal hod is inexpensive, durable, fireproof, and may be painted to match any decorative scheme.

'No Gift' Shower Honors Miss Burt, Bride-Elect

A "no gift" shower was given at 3 o'clock Wednesday evening for Miss Louise Burt, bride-elect of George Thompson.

Hostesses were Mrs. W. M. Sims, Mrs. W. H. Morgan and Mrs. C. L. Robison. Instead of gifts, guests were requested to take thimble, needle and white thread, as well as a favorite recipe. Cup towels were then passed around and each guest hemmed one towel. Cards were then handed out and the recipes written down to be placed in a recipe file.

Refreshments were served. Present were Misses Bob Smith, Jessye Stroup, Jim McCluskey, Warren L. Hasse, V. L. Echline, D. A. Huffines, George Cummings, Wilford R. McLeod, Charles L. Robison, W. H. Morgan, W. M. Sims, F. Gallman, Mary Forrester, and the Misses Angela Dunstan and Cornelia Cornelius.

Women's Golf Association Elects Officers

The Women's Golf Association elected officers Wednesday when members held the last business meeting of the year at the Country Club.

A coffee preceded the business session, with Alice Scheig, as hostess. Coffee and rolls were served. Officers elected were Floy Heath, president; Beth Heiskell, vice president; Oak Allee White, secretary-treasurer; Marge Austin, director of Panhandle Women's Golf Association.

Jean Duenkel, of the tournament committee, awarded special prizes as follows: ringer tournament—first flight—Jean Duenkel; ringer tournament—second flight—Oak Allee White; bracelet award—first flight—Jean Duenkel; bracelet award—second flight—Juanita Tinsley, Irene Beagle and Oak Allee White (tie); get acquainted award—Myrtle Frigmore; ladder tournament—Oak Allee White.

The next business meeting for this group has been set for the second Wednesday in March, 1950.

Denier, Gauge Key to Wear in Women's Hosiery

By ALICIA HART, NEA Staff Writer
The mystery of what kind of hose to choose for dress, business and sportswear is solved when you understand the key words "denier" and "gauge."

"Denier" — the weight of the nylon thread used in fashioning a pair of stockings shows how sheer the stockings will be. A fine dress hose of 15-denier thread is very sheer; 20-denier stockings are good for business and everyday wear. For heavier service — shopping, sports, or campus fun — a 30-denier stocking will be the best weight.

Taken together with "denier," stocking "gauge" indicates how closely knit stockings are. A 64- or 81-gauge stocking is very closely woven, a 46-gauge stocking has slightly less stitches per square inch, etc.

Once a wardrobe of dress, business and sportswear is stocked, a kit which keeps stockings pigeonholed can be as useful in a home as a filing cabinet is in an office. For this filing away in clear plastic pockets marked "date," "play" or "day" is the purpose of a new stocking kit.

This snaps shut to make a plaid folding case or unfolds its full length to be hung on the inside of closet door. Either way, a girl in a hurry can lay her hands on just the right pair of stockings without fumbling in a drawer or holding hosiery to the light to determine its suitability for a particular need.

If you have an ice cream scoop you've been using all summer don't put it away now that colder weather is here. It's an excellent tool to keep around the kitchen with which to serve mashed potatoes, tuna fish or salmon salad, or cottage cheese.

get all the breaks. If there ever was a hand in which every break was right, this is the one." He was playing with Benjamin O. Johnson of Spartanburg, S. C.

You will notice that Mr. Johnson's opening bid was one heart. With three four-card suits the rule of the better player is to bid the suit under the singleton. For example: with a singleton diamond, bid a club; with a singleton club, bid a spade. In today's hand the singleton is a spade, so you bid a heart. This will give more flexibility in the bidding of a hand.

Weiss did not bid a spade over a heart, but preferred to show that he held a five-card suit. Of course, the bid of two clubs does not necessarily say that, but when he later bid spades, this did show a minimum of five clubs and four spades. When his partner bid three no trump, Weiss did not lose any time looking for aces, but simply jumped to six clubs. When you look at the dummy, you can see that making the

Steadfast Routine Of Good Care for Lovely Complexion

If you want a lovely, enviable complexion, your skin needs a steadfast routine of good health and good care, says the October issue of Charm.
Be sure and wash your face each morning. Each evening, after loosening make-up with cream, scrub again, cleansing deeply into the pores. Liquid cleanser serves the midday and five o'clock clean-ups, while a compact filled with lotion-saturated pads can be carried in your purse.
Stimulation is "exercise" for the face, and will improve the circulation. Try the brisk action of a facecloth or complexion brush, followed by the sting of cold water.
Be immaculate about everything that touches your face... clean fingers, clean soap, clean towel, clean tissues, and when your powder puff loses its freshness, launder or throw away.
Remember, your skin reflects the food you eat. Limit sweets and fatty foods, welcome leafy vegetables, fruit and milk. Drink at least six glasses of water each day, and sleep a minimum of eight hours each night — the best beauty treatment of all.

Peggy Harris Becomes Bride of Henry Hink, Jr.

SHAMROCK — (Special)
Announcement has been made of the marriage of Miss Peggy Harris, daughter of Mr. and Mrs. Jack L. Harris, and Henry Hink, Jr., son of Mr. and Mrs. Henry Hink of Kelton.
Wedding vows were solemnized Saturday, September 17, at the First Methodist Church of Shamrock, with the Rev. Homer Long reading the vows.
The bride was attired in a dress of hammer blue satin, fashioned with a high quilted collar, basque bodice, cap sleeves and a full gathered skirt. She wore black accessories and carried a white lace handkerchief which had been carried by her mother at her wedding. She carried out the tradition of wearing something old, new, borrowed and blue. She borrowed pearls belonging to her maternal grandmother.
Both the bride and bridegroom were students at the Kelton High School.
The bride's parents attended the ceremony.

Parent-Teacher Group Organizes Study Club

A meeting of Woodrow Wilson Parent-Teacher Study Club was held Thursday evening for the purpose of organizing a new study club.

Mrs. C. H. Dittmore was elected chairman, Mrs. F. E. Hoffman, vice chairman and Mrs. C. C. Campbell, librarian.

Refreshments were served. Present were Mrs. Dale Pinson, Mrs. C. C. Campbell, Mrs. I. T. Goodnight, Mrs. S. M. Goodlet, Mrs. Earl Shuss, Mrs. John Sexton, Mrs. Fred Sloan, Jr., and Mrs. F. E. Hoffman.

The next meeting will be in the home of Mrs. Hoffman, 715 Kingmill, at 7:30, Oct. 20.

Conservationist Resigns Position

W. F. Pittman, Gray County's first working conservationist, resigned Friday after more than a year and a half in that office. Pittman, who lived at 425 N. Nelson, has bought a farm near Seligman, Mo., where he plans to raise beef cattle.

Pittman came to Pampa in January, 1948, when the Gray County Soil Conservation District office was opened. No one has yet been chosen to replace him, Quentin Williams, district conservationist, said.

Alligators are allies of fishermen in that they eat turtles and gars, two deadly enemies of game fish.

MY MOM KNOWS WHAT'S BEST!
Yes m'am! Everytime a laxative is needed for a child, Syrup of Black-Draught is given by Mothers who really know. By up of Black-Draught is pleasant-tasting. Children never back away or fuss about taking it. Taken as directed Syrup of Black-Draught usually relieves sluggish constipation due to too much eating between meals or to other normal children's irregularities. Syrup of Black-Draught is a pure, efficient product made by a manufacturer known for four generations for quality preparations. Buy Syrup of Black-Draught today. Say Syrup of Black-Draught at your druggist.

THE LINCOLN COSMOPOLITAN SPORT SEDAN
White sidewall tires, steel wheels, HYDRA-MATIC* transmission, optional air conditioner.

Why, we are frequently asked, "do so many people prominent in public life drive Cosmopolitans?"
"There are many reasons," we usually answer.
"Prominent people drive Lincoln Cosmopolitans not merely for the extra comforts they offer—the luxurious "Salon Styling" of the new interior... and the wonderful smoothness of Lincoln power combined with HYDRA-MATIC*—but for the superbly distinctive styling of the Lincoln Cosmopolitan itself."
Incidentally, we always like to point out that you need not be a statesman or a diplomat or even a financier to enjoy this distinction, too.
For prices are much lower than you may think. When may we place this fine car at your call?

Yankees Sweep to Victory in Five Games of World Series

(Continued From Page 1)

played but four games in 31 starts. Allie threw his two-hitter, 1-0, in nullifying Don Newcombe's 11 strikeouts with nine of his own. Francher Ros blanked the Yankees' Vic Raschi the next afternoon. Then the bullpen corporation took over.

It was Page with a 5-2-3 inning "stopper" after Tommy Byrne went bad in the third game. Reynolds bailed out Lopat by retiring the last 10 men in succession in the fourth. Things ended normally at Ebbets Field yesterday afternoon, with Page ambulating in to finish what Raschi started. Working with only two days rest, like Newcombe in Saturday's sad effort, Raschi crumbled in the Dodger seventh. A 10-2 lead melted to 10-6.

There was nobody on when Page walked in. Normally the joint is jumping. But Gil Hodges had just unloaded a three-run homer as a parting shot to Raschi. Page didn't let up in the ninth. He ended matters with a flourish. Following a menacing pinch double by Eddie Miksis, he whiffed Duke Snider, the most striking man in the Series, and fanned Jackie Robinson. He lost Gene Hermanski on a walk. Gil Hodges worked the count to 2-2 and beat the breeze on the next. That was all.

It was all over but the post mortems. They were brief, too. "That last week was tough for both clubs," said Stengel in the clubhouse. "They had to beat the Phillies; we had the Red Sox. We had just enough to last five games more, that's all."

Shotton was philosophical about the whole thing. Most of the Dodgers seemed glad it was all over. The consensus was that the Dodgers would have to be better by next fall if they're going to win. They gave it plenty of hustle, but their pitching just wasn't deep enough.

List of Series Records Broken

NEW YORK — (AP) — Following is a list of the major league team records broken in the 1949 World Series.

Most World Series won: New York (A) 12 (old record 11 New York A)

Most World Series played: New York (A) 16 (old record 15 New York A)

Most World Series games won: New York (A) 55 (old record 51 New York A)

Most series won in five games: New York (A) 4 (old record 3 by 3 clubs)

Most series lost in five games: Brooklyn (N) 3 (old record 2 by 5 clubs)

Most players participating in five game series one club: 25, Brooklyn (N) (old record 20 by five clubs)

Most players participating in five game series both clubs: 46, Brooklyn (N) 25, New York (A) 20. Old record 40 Brooklyn and Boston 1916.

Largest player receipts pool for five game series: \$490,855.75 (record player pool receipts is \$493,674.83 in seven game series between New York and Brooklyn in 1947)

Most at bats total series: New York (A) 2,796 (16 series)

Most pinch-hitters used one club five game series: Brooklyn (N) 9 (old record 8 Chicago (N) 1929)

Most pinch-hitters both clubs five game series: 13 (old record 11 Chicago (N) and Philadelphia (A) 1929)

Most pitchers used one game: Brooklyn (N) 6 (also by 5 other clubs)

Most consecutive games ending in 1-0 scores: 2 (first and second games)

Francis Quimet, Chick Evans, J. D. Travers, Bobby Jones and Johnny Goodman were the only amateurs ever to win the U. S. Open golf title.

Casey Basks In New Glory

BROOKLYN — (AP) — Casey Stengel, "the old clown," is enjoying the laughs today instead of providing the laughter. Stengel, who has more money than he can spend, has realized a life long ambition — manager of baseball's world champions. The New York Yankees made Old Case's dream come true. The sturdy Yanks trounced Brooklyn, 10-6, yesterday to take the 1949 World Series, four games to one.

Stengel, 58-year-old veteran of the wars, gave all the glory for winning of baseball's highest honor to the team at the Yanks' victory banquet last night. The well-beloved manager said in summarizing the hard campaign: "The Yanks were united like our flag."

"They were the most unselfish group ever put together and never sulked at any time," Stengel said. In the midst of his speech Stengel remarked "I may stay another year but if I had lost I would have been gone."

Stengel was on the spot when he accepted the helm of the Yanks, who had finished third under popular Bucky Harris in 1948.

Sports Round-Up

By HUGH FULLERTON, JR.

NEW YORK — (AP) — Before yesterday's final World Series game, Billy Evans, the Detroit Tigers' general manager, was haunting the Yankee dugout getting signatures on a baseball. "It's for a friend in Detroit," he explained. "I have to get Tommy Henrich especially. Tommy's my boy, you know. I dug him up and had him in Cleveland for a couple of years." ... Someone suggested that Evans wouldn't mind having Henrich in Detroit. "I sure wouldn't," Billy agreed. "With him on first we'd be in."

A SLIGHT DIFFERENCE

Earl Milligan and Charley Seitz, the publicity men (or servitors) bureau managers in politer language) of the two leagues, met at Ebbets Field yesterday. Milligan was bemoaning the fact that when he left his regular seat to work on the financial state of the Yankees yesterday he was leaving 6-0. Dodger baseball kept ringing in his ears while he worked until he finally gave up and returned to his seat. "That reminds me of a strange thing about this Series," Segar told him. "Our league is setting all the records; you're winning all the ball games."

DUGOUT DAGUERROTYPES

A group of Brooklyn players taking part in a "good neighbor" broadcast to Puerto Rico from the field. Maybe they can't play as good baseball as the Yanks but they can speak better Spanish. Commissioner Happy Chandler and Peewee Reese engaging in a long conversation on the steps of the Dodger dugout in a couple of Kentucky boys getting together. The Commissioner removing his hat and standing at attention (with a slight grin) as the organist played "Kentucky Home."

LAST WORDS—MAYBE

Milt Stock, Dodger coach: "Our strength is on the bases because of our speed, but we didn't get a chance to run." Warren Giles, on rumors Bill Terry would (a) manage or (b) buy the Reds: "I think Terry wants to stay in the automobile business. I talked to him to see if he's interested in returning to baseball, but made no offer. Bill has about as much chance of buying our club as I have of buying the Yankees."

INDIANAPOLIS Wins Little World Series

INDIANAPOLIS — (AP) — The Indianapolis Indians seldom play in the Little World Series, but they never lose.

The American Association playoff champions won their third Little World Series by beating the Montreal Royals Saturday night, 12-2.

The victory gave them the Little Series title, four games to two. It was their first appearance in the Series since 1928.

The four original members of the Hall of Fame are Walter Hagen, Bobby Jones, Francis Ouimet and Gene Sarazen.

Dozen Teams Still Unbeaten In Schoolboy Football Parade

Southwest Conference to Play 'for Keeps' This Week

By WILBUR MARTIN Associated Press Staff

The "mistakes count" phase of Southwest Conference football starts in earnest this week. Three conference games are scheduled, matching Southern Methodist and Rice, Texas Christian and Texas A&M, Texas and Arkansas.

Baylor gets a breather in Texas Tech of the Border Conference. Rice, Southern Methodist, Texas and Texas A&M will be playing their first loop games and most of the interest will center around the one at Dallas.

Baylor has compiled an unbeaten record against Rice and has an extra week of rest to get ready for the Owls.

Rice, which last week buried little New Mexico under a 55-0 score, didn't have to extend itself and didn't have to show any of the strategy it plans against Doak Walker and mates.

Texas' 14-20 loss to Oklahoma didn't hurt its stature, but Arkansas' miserable showing against unbeaten Baylor, 23-35, certainly did tear down the Razorbacks' reputation.

The team from the Ozarks was definitely "flat" against Baylor, but the Bears showed enough to convince most of the estimated 14,000 fans that it wouldn't have made any difference if Arkansas had been "high."

The easy nature of Baylor's victory tabbed it a tough foe for any of the grandstand-labeled "big three"—Southern Methodist, Rice and Texas.

Texas Christian beat Indiana, 13-6, and Texas A&M lost to Louisiana State, 0-34, in other games last week for conference clubs.

Texas lived up to advance notices, even in defeat, and should have no trouble getting past Arkansas.

The Razorbacks' offensive punch will undoubtedly be stronger, in that Leon (Muscles) Campbell will probably see action. He didn't against Baylor.

But the Porkers needed a defense to cope with Baylor's hard charging line and against Adrian Burk's short, bulleye passes and they'll need one to stop the Longhorns.

Don Wilde and Lindy Berry combined to give Texas Christian its slim win over Indiana. The same pair should be able to cope with Texas A&M.

Randall Clay of Texas continued to hold the lead in individual scoring. He now has 51 points to 30 for second place Don Logue of Arkansas.

Southern Methodist and Baylor are the only two undefeated, untied teams in the conference now. Last week's loss was the first for Arkansas and Texas.

Midwest Ball May Get One More Shock

NEW YORK — (AP) — The Midwest West's three-year dominance in college football, shaken with the defeat of mighty Michigan by Army, may get another jolt this week.

Notre Dame's Fighting Irish, who since 1945 have been battling with Michigan for top honors, is host to Tulane's Green Wave in a game that may turn the standings upside down.

Notre Dame will be protecting one of the longest unbeaten streaks in modern football. The Irish haven't been licked, though they've experienced ties, since 1945. Last Saturday the Irish, sparked by Emil Sitko, romped over Purdue, 35-12.

Not since Army's great wartime teams were rampant has anyone looked in the Middle West had a look-in for national championship honors.

Notre Dame replaced Army as the No. 1 team in the Associated Press poll in 1946 and 1947. Michigan, which beat out Notre Dame in a post-season poll in 1947, was declared the best team in the land last year.

Michigan, which topped the poll last week also, goes against Northwestern's Rose Bowl champions Saturday.

In the first weekly poll of the year Notre Dame was ranked second and Tulane fourth.

Quarterbacks Meet Tonight

The Pampa Quarterback Club will meet tonight in the County Court Room of the Court House at 8 o'clock. Movies will be shown of the Pampa Harvester - El Paso High football game of this season.

Sul Ross Sets Sights on Bowl

ALPINE — (AP) — Little Sul Ross State, which hasn't lost a game in almost two full seasons, probably is the earliest applicant for a bowl engagement.

Plenty of folks had never heard of Sul Ross last year when the Lobos waded through a 10-game schedule undefeated and were chosen to play Murray State of Kentucky in the Tangerine Bowl at Orlando, Fla.

Sul Ross had quite a team. It roamed over 5,000 miles of territory and never got travel-weary. But 1949 wasn't supposed to be like that. Sul Ross lost a flock of good boys. Yet, this season to date, the Lobos have rolled over four opponents, scoring 168 points to 53 for the opposition.

The boys won't get to see so much country this year, however. Their schedule carries them only 3,000 miles. That is, unless they play in another bowl game that's a fair piece from home.

Parker Turning Pro After Pan-Am Victory

MEXICO CITY — (AP) — The United States' first and two homeless Czechs cleaned up the trophies at the eighth Pan-American Tennis Tournament.

Veteran U. S. player Frank Parker captured the men's singles title yesterday from defending champion, Jaroslav Drobný, refugee Czech star, 6-1, 6-4, 6-4.

Parker then confirmed rumors he probably will turn professional.

Drobný and his fellow refugee, Vladimir Cernik, won the men's doubles from Mexico's two Vega brothers, Armando and Rolando, the only Latin American contestants to reach any finals, 7-5, 6-2, 6-4.

Doris Hart, Jacksonville, Fla., made a clean sweep of women's trophies, winning in singles from British Champion Betty Hilton in mixed doubles with Italian Champion Giovanni Cucelli, and in doubles with Shirley Fry, Akron, Ohio.

Watts Gunn of Atlanta won 15 holes in succession from V. L. Bradford, Jr. in the first round of the 1925 U. S. amateur golf championship.

CAGEY CASEY STENDEL AT WORK — Yogi Berra, Yankee catcher, waited for a pop foul off the bat of Dodger Eddie Miksis in the first inning of the third World Series game at Ebbets Field and Casey Stengel, right, Yankee manager, coached Yogi into whipping the ball to Jerry Coleman in time to catch Foe Wee Reese in an attempted steal. Below, Coleman is putting the ball on Reese as Shortstop Phil Rizuto backs up the play. Umpire Cal Hubbard called the play and Umpire Art Passarella warned Stengel against coaching from the playing area.

Hardin Has Top Spot in GCC

By The Associated Press

Lo! The poor Indian now is a bloated bond-holder. Hardin's Indian, that is, and what he holds is the top spot in the Gulf Coast Conference.

Even Wichita Falls folks didn't suspect it was going to be like this but they're pretty happy about it.

Hardin sets a terrific pace as the football campaign reaches the midway mark. The Indians, coached by Billy Stamps, have rolled up five victories and made 168 points to 17 for the opposition.

There's nothing synthetic about it either. Last week the Redmen showed they had plenty on the ball by beating tough North Texas State 20-17 in the opening conference game.

Chances are good the Indians will retain their present footing through this week, too. They play so-so Southwest Texas State of the Lone Star Conference at Wichita Falls Saturday night.

There are no conference games this week. North Texas State meets Stephen F. Austin of the Lone Star Conference at Denton, University of Houston takes on West Texas State of the Border Conference at Houston and Trinity plays undefeated, untied Sul Ross of the New Mexico Conference at San Antonio.

Last week Trinity beat Oklahoma City University 16-0 and University of Houston licked Southwestern Louisiana Institute 28-7.

Rowland Leads TC Scoring Parade

By The Associated Press

Texas A&M runs into McMurry this week in the Texas Conference's feature tilt.

the circuit, last week nudged Sam Houston State, 16-12, while McMurry was losing a wild, 22-05, decision to Mississippi Southern.

Two non-league games and one other conference tilt are scheduled this week. Austin College and Howard Payne play for keeps and Abilene Christian meets the University of Tampa and Southwestern takes on Daniel Baker.

Brad Rowland, McMurry's great back, scored two touchdowns for the Indians to boost his total for the year to eight for 48 points.

Abilene Christian won its opening conference game by downing Southwestern, 13-10. Howard Payne squeezed past Southwest Texas State, 6-3, and Austin lost to the University of Corpus Christi, 0-14.

First amateur ever to place first or second in the U. S. Open Golf championship was Walter J. Travis, who tied for second in 1902.

National Football Leagues are playing 9 night games in 1949, three more than in 1948.

Winger Wins Meet

FORT SMITH, Ark. — (AP) — Bo Winger of Guthrie, Okla., went all the way to the championship of this year's Willard Memorial Amateur Golf Tournament.

He routed Skeet Riegel of Tulsa, 5 and 4, in the final match at the Hardcastle County Club here yesterday.

Newby Heads Schoolboys Despite Loss by Sandstorm

DALLAS — (AP) — Jack Newby of Amarillo and Sammy Morrow of Paris headed the list of schoolboy football stars in Texas last week.

The Dallas News conducts a weekly poll of sportswriters to participate in selecting the outstanding players each week.

Newby scored all of Amarillo's 21 points in his team's 21-34 defeat by Odessa, one touchdown coming on an 82-yard run.

Morrow completed 12 of 22 passes for 130 yards, gained 62 yards rushing and scored one touchdown in Paris' 13-7 victory over Palestine.

Other "stars": Roy Face, Temple back: scored three touchdowns as the Wildcats won a 26-0 victory over Hillsboro. Ed Moore, Highland Park center: recovered three fumbles and intercepted one pass while turning in a great defensive performance as the Scots beat Waco, 13 to 7. Don Harmon, Orange back: scored touchdowns on runs of 72 and 60 yards on a slippery field played in constant rain as Orange beat Burbank of San Antonio, 31 to 0. Bill Waggoner, Wichita Falls back: scored two touchdowns, as Wichita Falls beat Pampa, 14 to 6. James Duncan, Marshall center: recovered a fumble to set up a touchdown and played a fine defensive game as Marshall romped over Kilgore, 28 to 0. Bill White, Denton back: scored two touchdowns and kicked two extra points as Denton beat Electra, 26 to 6. Duant Nutt, Corsicana back: tossed three touchdown passes and intercepted two aeriels, returning them for 20 and 48 yards, to set up counters as Corsicana whipped Carter-Riverside of Fort Worth, 34 to 13. Howard Chapman, Corsicana tackle: outstanding on defense, he also contributed some vicious blocking while sparking the Corsicana line, which paved the way for his team's fourth victory of the season. Boyd Ray Collins, Marshall back: averaged 6.6 yards per try by gaining 79 yards rushing on twelve carries scored one touchdown, punted twice for 55 and 69 yards, returned a kickoff 2 yards and a punt 25 yards as Marshall beat Kilgore.

WARREN'S WARMUP

By Warren Hesse—News Sports Editor

QUESTION: What team finished second in the regular Texas League season this year?

IT WAS BACK TO WORK FOR THOSE FIGHTING PAMPA Harvesters today as they prepare to meet the Lubbock Westerners, pre-season favorites to take the state Class AA Schoolboy title. And their play, so far this season, has backed up all of the early prognostications. They have romped over all opposition thrown in their path with comparative ease. In fact, with such ease that the first team has seen little action and Hub City fans are afraid that the first line of attack will grow stale through inactivity.

The Pampans will be faced by practically the same team that they defeated last season in the most thrilling game of the year. This year's Westerner team will be a remodeled eleven. They will be running from the T formation with Bobby Brown, their brilliant passer, doing the quarterbacking and the engineering.

The Hubbs have rolled with ease over four opponents. They downed Childress 7-0; North Side of Fort Worth 38-0; Plainview fell 42-6 and Vernon was the latest victim, 42-12. Pampa will be rated little chance against this powerhouse, but you can bet your muddied bootstraps that they won't roll over the Green and Gold with ease. The Harvesters don't know when to quit, as they proved Friday night. That type of spirit doesn't permit lopsided losses. And the Farmers from up on Harvester Hill are that type of ball-players.

IF YOU WANT to see a good show on the trials and tribulations of a football coach, watch "Father Was a Fullback" showing at one of the local theatres. It is a comedy, chock full of humor.

The story appears to be based on the "Good-bye Harry" episode that occurred at the University of Wisconsin. But it has a different ending than that afforded Harry Stuhldreher.

THERE SHOULD BE little doubt remaining as to who was the most valuable player in the major leagues this past summer after the work turned in by Lefty Joe Page in the World Series. He worked in three of the five games played and was undoubtedly responsible for the briefness of the Series which the Yankees won four games to one.

Stengel Played Hunches, but They Were Based on Accumulation of Performances

By HARRY GRAYSON
NEA Sports Editor

NEW YORK — (NEA)—Charles Dillon Stengel was a master chess player lashing the Yankees down in front and into the World Series.

Casey Stengel had to get along with little more than pawns the greater part of the time. DiMaggio, Henrich, Berra and Rizzuto were the only kings, and of that less than a fistful only the latter was free from injury all the way along the route.

So Manager Stengel had to manipulate the pieces of least value, not only for themselves, but also in place of the principal pieces, when they were incapacitated.

YOU PAMPA FOOTBALL FANS are invited to attend the Quarterback Club meeting tonight in the County Court Room of the Court House.

A FEW FANS HAVE requested the rest of the Southwest Conference schedule for this season, so here it is.

Saturday, Oct. 15 — Baylor at Texas Tech; Rice at SMU; Texas at Arkansas; Texas A&M at TCU.
Saturday, Oct. 22 — Arkansas at Vanderbilt; Baylor at Texas A&M; Rice at Texas; Kentucky at SMU; Mississippi at TCU.
Saturday, Oct. 29 — Texas A&M at Arkansas; TCU at Baylor; Texas Tech at Rice; Texas at SMU.
Saturday, Nov. 5 — Arkansas at Rice; Baylor at Texas; SMU at Texas A&M.
Saturday, Nov. 12 — Arkansas at SMU; Wyoming at Baylor; Texas A&M at Rice; TCU at Texas.
Saturday, Nov. 19 — William and Mary at Arkansas; Baylor at SMU; Rice at TCU.
Saturday, Nov. 26 — Tulsa at Arkansas; Baylor at Rice; SMU at TCU; Texas at Texas A&M.
Saturday, Dec. 3 — Notre Dame at SMU.

ANSWER: The Tulsa Oilers finished second and then went on to defeat Fort Worth in the playoffs, but lost to Nashville in the Dixie Series, four games to three.

Who is the kind of a fellow you would like to have your son play for?

Riley Heads Field
FORT WORTH — (AP)—Defending Champion Polly Riley headed a classy field for the qualifying round of the Women's Texas Open Golf Tournament.

JUST LIKE POP—Joe DiMaggio, Jr., swings a couple of bats, illustrating what his famous Yankee father intended to do to the Dodgers.

Casey Stengel

You'd Like Your Son Under Strader

By FRANK ECK

AP Newsfeatures Sports Editor
NEW YORK — A football coach, even among professionals, must be a number of things to be successful.

nothing," the pilot is reported to have said to Strader. "It's because of the high altitude. If we fly lower that motor will be all right. But we'll set a record for a flight to the coast. If we fly at a lower altitude the motor will be quiet but we'll lose speed and won't set a record."

Strader, a stout believer in the safety of his players on the field and in the air, told the pilot in no uncertain terms to set the plane down almost at the spot. They were over Chicago. At Chicago they switched to another plane. Again Red ran into a problem.

Upon inquiring about the food for the rest of the flight, Strader was informed that half of his players would drink milk and the other half would have to take coffee with their meal. Red held the plane up until two bottles of milk were put aboard for each player, after making doubly sure the pilot was oblivious to a speed record.

Though Strader was born at Newton, N. J., years ago he has spent most of his life in California. In the mid-Twenties he was a crack fullback for St. Mary's. He also caught for the baseball team.

Strader had a great throwing arm himself. While in school he doubled as a semi-pro catcher. "Twenty-five bucks was a lot of money in those days," he recalls. He had several offers to play for Pittsburgh but picked Nevada. After making a spring training trip and a swing around the American League he wound up with Hollywood.

One day he was sitting in front of his locker talking with Manager Oscar Vitt, later famous as manager of Cleveland's "Cry Babies."

"In those days," recalls Strader, "a player was issued a pink slip of paper when released. Of course, I had never gotten one until this day when I looked up at my locker. 'Guess I got some mail today,' I said to Vitt, not realizing it was my release.

"Before I got a chance to inspect Vitt bellowed 'Not me! It was the old man's idea.' It was then that baseball gave Red Strader back to football. From all accounts it was a lucky day for the gridiron.

Red noticed that one of the motors was acting up. "That's

SWJCC Looks Like

Two Team Battle

(By The Associated Press)
The battle for the Southwest Junior College Conference championship appears to have dropped to a two-team affair.

Apaches, both high-scoring and powerful units, look like the top teams of the circuit.

Kilgore also is undefeated and untied but has not been impressive in its four games to date. Lamar crushed Arlington State 41-0.

5-5 and Tyler whammed Paris 47-0 in conference games last week. The results sent chills into even Kilgore's Rangers.

The Rangers were beating our Tarleton State 20-14. Tarleton State is the team Tyler smacked 41-0.

GETTING THE PAPER TO RUN THE STORY WAS OUR ONLY HOPE OF LOCATING THE DOG'S OWNER. NOW, THERE'S NOTHING ELSE WE CAN DO.
I COULD TELL 'EM PLENTY OF THINGS TO DO... HOW ABOUT YOU, BO, OR ARE YOU SATISFIED TO BE A SECOND FIDDLE?
ZOWIE, WHAT A STUBBORN KID. HE WON'T GIVE UP. HUH, SNAP?... HE DOESN'T KNOW HOW TO FIND IT'S OWNER.

Bugs Bunny

WHAT'S THE IDEA OF TH-THAT OUTFIT?
CALL ME "REMBRANDT BUNNY"... I'M AN ARTIST!
PHOOEY!
WHEN I PAINT A PICTURE, THOUSANDS LOOK AT IT EVERY DAY!
THIS I GOTTA SEE!
TAG ALONG, DOC, YOU WON'T MISS IT!

EAT SNOGGLES WENIES

I THINK PHIL IS JUST ABOUT READY TO GIVE UP ON HIS NEW HOUSE IDEA, MICKY? DON'T YOU?
YES! MR. CLANCY AND MR. HULLIBAN SURE HAVE BEEN DOING A SWELL JOB ON HIM!
I HAVEN'T SEEN HIM SINCE YOU HAD YOUR FRIEND, BLAZZ, OFFER HIM ONLY \$9,000 FOR THE OLD HOUSE, HULLIBAN - SO MAYBE THAT DID THE TRICK!
I HOPE IT DID, CLANCY! I CAN'T AFFORD TO GIVE HIM MUCH MORE OF MY TIME!
I GUESS YOU'D BETTER FORGET THE WHOLE THING, PHILIP!
I'M AFRAID SO, ANNIE - IF \$9,000 IS ALL WE CAN GET FOR THIS HOUSE!

Red Ryder

WHY THAT MAGGOTY YARNINT JABBED HIS THUMBS IN FRANKIE'S EYE!
DAT CRUMBS-BUM!
PARDNER, YOU ASKED FOR IT... BY LOSIN' YOUR HEAD
YEAH - I LET HIM GET MY GOAT, SEE... BUT MY GOAT, TEX... I'M YOUR BOY... ALL THE WAY... AN' I'M LISTENIN'
STILL THINK I'M ALL WASHED UP, HUH, SNAP?... OKAY, WATCH THE NEXT ROUND!

Priscilla's Pop

GOOD HEAVENS, WALDO! YOU'RE POSITIVELY GREEN! ARE YOU ILL?
GEORGE MCFEE, THE OFFICE TIGHTWAD, HAD A BLESSED EVENT IN HIS FAMILY TODAY!
AND YOU'RE GREEN WITH JEALOUSY!! WHY, WALDO... HOW CUTE!!
NO... IT ISN'T JEALOUSY...
...IT'S HIS CHEAP CIGARS!

Red Ryder

WHY THAT MAGGOTY YARNINT JABBED HIS THUMBS IN FRANKIE'S EYE!
DAT CRUMBS-BUM!
PARDNER, YOU ASKED FOR IT... BY LOSIN' YOUR HEAD
YEAH - I LET HIM GET MY GOAT, SEE... BUT MY GOAT, TEX... I'M YOUR BOY... ALL THE WAY... AN' I'M LISTENIN'
STILL THINK I'M ALL WASHED UP, HUH, SNAP?... OKAY, WATCH THE NEXT ROUND!

Mainly About People

Mrs. George Payne was admitted to Worley Hospital last night for major surgery. She is the former June Hughes.

Mr. and Mrs. H. C. McGee have just returned from visiting friends and relatives in Austin, Houston, Galveston, Fort Worth and Dallas.

Septic tanks, cesspools cleaned, rebuilt. Ph. Ross 8650. See Class. Adv. daily.

The Twentieth Century Culture Club is meeting tomorrow afternoon at 3 o'clock at the home of Mrs. H. Hahn, 814 North Boner-ville.

For Sale—The only licensed pet shop in the Panhandle. Dick's Pet Shop, Lefors Highway.

Mrs. J. L. Love has returned home from a month's visit in Kansas, Missouri and Arkansas.

Mrs. H. H. Helskell will go to Littlefield to attend funeral services for Mrs. Lillian Creese, who died Sunday afternoon.

Mrs. Creese, a former nurse at Worley Hospital, will be conducted at 2:30 tomorrow afternoon.

Call your Real Silk Hosiery representative, phone 1890, for AREAL saving in hose and other wearing apparel.

Mr. and Mrs. O. L. Chewing

daughter, Mrs. Beverly Pryor, and mother, Mrs. E. W. Winks, left today for a visit in Kansas and Missouri.

For Sale—4 Ford Deluxe coupe, 408 Yeager.

Mr. and Mrs. George Thut, Eunice, N. M., spent the weekend visiting relatives and friends here. Mrs. Thut is the former Billie Joan Chewing.

Mrs. W. E. Campbell, 704 North Frost, will be hostess at 2:30 tomorrow afternoon to the Twentieth Century Club.

Last—Red leather billfold between Worley Hospital and Junior High. Finder call 2018-W.

Mr. and Mrs. Creel Grady, Jr., are the parents of a son, born Saturday at 5:30 a. m. at the Worley Hospital. The child, who weighed 8 1/2 pounds at birth, has been named Stephen Thomas. The family lives at 1216 E. Francis.

EXTRA
(Continued From Page 1)

more Senate members than the GOP.

The Dulles, Miller and Baldwin seats will be at stake in the 1950 elections, bringing to 35 the number of senators to be elected then.

As it stands, the Democrats will have 20 seats at stake next year. But they count in advance on retaining 11 of them in the South and border states, unless there is a political upheaval not now in sight.

The Republicans, on the other hand, can be reasonably certain of keeping out of the hands of the Democrats only four of the 15 seats they will have at stake in 1950.

Weight of the armor worn in the Middle Ages ranged from 25 to more than 100 pounds.

Father of Pampan Dies

CANYON—Samuel Francis Wiggins, 67, died at 8:30 last night at his home here. A resident of Canyon for 44 years, he was a retired brick construction contractor.

Mr. Wiggins was born in Arkansas Jan. 22, 1882. He leaves his wife, Mrs. Mabel Wiggins; three daughters, Mrs. John H. Hines, Pampa, Mrs. C. G. Pond, Canyon, and Mrs. Robert Barker, Henderson, Nev.; two sons, Henry and Ernest, both of Canyon; two sisters, Mrs. E. C. Penick, Canyon, and Mrs. P. E. Harper, Dallas; three brothers, Tom, Fort Worth, John, Arlington, and Peg, Edmondson, Texas; and 15 grand children.

Services will be held at the Presbyterian Church here at 2 p. m. tomorrow, under the direction of Griggs-Warren Funeral Home. The Rev. E. F. Bollman will officiate, and burial will be at the Dreamland Cemetery, Meade.

NAVY'S

(Continued From Page 1)

in the till to finance one right now. He says he also wants a strong naval air arm.

But Congress itself, he says, is about to cut off naval aviation funds for the present year—on recommendations of "leaders in the Office of Defense."

On top of that, he says, Johnson is proposing to cut Navy spending this year by an extra \$385,000,000, of which \$203,000,000 would apply to aviation.

Mathews told Vinson's committee Saturday that in the Navy's opinion such a cut would impair national security. But he said he has told Johnson the cuts just can't be made and Johnson has promised him a hearing.

Vinson figures there has been some "behind-the-scenes" juggling that Congress hasn't been in on, and that Congress instead of Johnson ought to have the say on what shall be spent for defense.

Woman Succumbs Very Suddenly During Storm

Ida Emma Allen, Round Rock, Tex., died in the middle of the electrical and rain storm at 7 p. m. yesterday at the home of her niece, Mrs. Earl Johnson, 12 miles southwest of Pampa.

She had been visiting her niece since Saturday. In poor health for the past three years, she was sitting on the front porch of the Johnson home when a twister was noticed south of the house. The Johnsons were getting ready to move her to the basement when she died suddenly.

Besides Mrs. Johnson she is survived by three sisters, Mrs. Linda Steinhoff, Boon, Iowa, Mrs. A. Kufman, Pontiac, Ill., Mrs. Nora Donivan, La Salle, Ill.; two other nieces, Mrs. A. A. McNeill, Happy, and Mrs. Pete West, Wichita Falls.

Funeral services were conducted at 3:30 p. m. today at the Duenkel-Carmichael Chapel with J. P. Crenshaw, minister of Francis Avenue Church of Christ, officiating.

Burial followed at the White Deer Cemetery under the direction of Duenkel-Carmichael.

AGRICULTURE

(Continued From Page 1)

percent of the area income," Pete Ross, manager of the Northwest Oklahoma Cattlemen's Association, said, "these experiments result in greatly increased income and better standards for our people."

A wire recording was made during the luncheon by Burnis Arnold, extension radio editor of Oklahoma A&M, that will be carried over the American Broadcast Company network between 11:30 a. m. and noon next Saturday.

Since Congress is still in session, Rep. George H. Wilson of Oklahoma's 8th Congressional District, could not attend. His place was taken by his secretary, Russell Chapin, who introduced Loveland.

The final exhibit of the day was of 850 yearling Hereford steers who demonstrated by their weight, on lack of it, the effects of various types of pasture.

A meeting primarily for technicians, conservationists, county agents, and students was held yesterday.

Those from Pampa who attended the two-day session were E. E. Quentin Williams, district conservationist, and Joe Magee, Al Schneider, Paul Appleton, and Jack Wright from the Soil Conservation Service office.

TORNADOES

bush which they way back into the game country. A snow storm in the mountains last week temporarily marooned hundreds. One hunter was dead and one missing.

Searchers were looking for Eddie Grant, 22, of Gifford, after the body of Mrs. Louis Schreching, 27, of Rose Lake, had been found.

Harvard Law School To Enroll Women

CAMBRIDGE, Mass.—(AP)—The doors of Harvard Law School will be open to women for the first time next year.

Dean Erwin N. Griswold announced last night that a "small number" of women graduated from accredited colleges will be eligible for admittance to the 132-year-old school in 1950.

4 Killed in Train Wreck

MEADE, Kans.—(AP)—A Rock Island passenger train hit a truck without three miles east of here today, killing four persons and injuring approximately 50.

Six cars left the rails and three overturned.

O. F. Curry, chief clerk in the division superintendent's office at Liberal, Kans., said four persons of the 130 aboard the Chicago-bound train were killed and 50 injured.

At Fowler a small hospital and the high school were being used to care for the injured.

Bodies of two victims were taken to a funeral home at Meade. Two other bodies were taken to Liberal.

The body of a baby was reported still in a partly submerged car. Section crews were preparing to lift the car.

William R. Owens, editor of the Meade Globe News, said four coaches and a diesel unit left the tracks. One of the cars was reported to have "made a complete flip-flop."

Four other cars remained on the tracks, Owens said.

The train was operating with two diesel units.

Owens said the engineer of the lead diesel jerked his engine clear when he felt the cars piling up back of him.

The accident happened about 2 a. m.

DAMAGE

(Continued From Page 1)

night. These are expected to be back in service by noon today.

Meanwhile reports came pouring in to Radio Station KPND by several residents of the outlying districts, but no other damage or injuries accompanied the reports.

Mrs. George Hoffness, Chief Service Camp, told radio men she had seen one large funnel very clearly just before dark, and two smaller twisters. Men on duty at the plant watched the funnels and sounded the camp alarm when danger seemed imminent. The tornado disappeared from view when darkness fell.

Mr. and Mrs. Al Wets, of the Southern Club, reported a large twister hitting the ground near the old Danger Plant, went back into the air and headed northeast before disappearing from view.

Bob Jones of the Gulf-Merten Lease told KPND he saw a twister drop about three miles south, lift, then disappear.

The whirling cloud derelish was also seen north of town by Mrs. C. F. Forrest, who says a large funnel, accompanied by two baby twisters that merged into one. These too, disappeared without any reported damage. Earlier, another twister was reported five miles north of town, but it too disappeared.

About the most unperturbed last night was eight-year-old Patsy Hatcher, daughter of Mr. and Mrs. Jesse Hatcher, south of town. Told by her daddy to "come out and watch the twister," she answered: "Aw let's eat supper first and worry about the cyclone later."

Hatcher said the cloud appeared to be swirling around Kingmill, but disappeared after it hit the ground for a short time and rose into the sky.

Radio Station KPND's transmitter reported a 1.30 inch rain-fall by 10 p. m. last night.

Following the earlier reports Police and Fire Department cars raced to observation spots but were unable to spot any tornadoes.

Although the twisters did no damage in Pampa, last night's electrical storm shorted wires leading from the pole to the meter box in the rear of the B. S. Via residence, 518 N. West. Lightning struck the wires, but no other damage was reported by Fire Chief Ernest Winborne.

MORE

(Continued From Page 1)

workers to have the free pension and insurance for which the other steelworkers are striking. This apparently means there'll be more plant shutdowns and more picket lines.

Oct. 11 is a deadline for steelworkers at the Aluminum Committee. The committee declared the third diesel crew member wasn't needed. This finding has been rejected by the union.

Leaders of the Brotherhood of Locomotive Firemen and Engineers who have threatened a nationwide strike which could tie up all rail traffic, plan to meet tomorrow (Tuesday) with carriers to talk it over.

The firemen want the railroads to hire extra firemen in multi-unit diesel locomotives. The railroads say it isn't necessary and such practice would be rank "featherbedding."
