

Another Portion of Road to Be Fenced

Fifth Column Film to Be Shown Here

"Divide and Conquer," the first in a series of films depicting the origin and background of the second world war, will be shown at 8 p. m. today in the National Guard Armory at Recreation Park.

This film, made up largely of American and captured enemy news reels, is one of a series of training pictures that was shown in military camps during the war.

"Divide and Conquer" shows in graphic detail the Nazi and Japanese methods of boring from within, of demoralizing a country by rumor and economic pressure until the country is virtually defeated even before the armies move in.

Two men were promoted and two recruits were added to the rolls at last night's weekly training meeting, Capt. Wm. J. Ragsdale, unit commander, announced.

The two new men are Sgt. Robert E. James from Borger, where a proposed Guard unit has been abandoned, and Pvt. Jack Addington, 613 S. Henry.

Donald C. Reed, 616 E. Albert, has been promoted from recruit to private, as was Daniel E. Roche, 1201 Mary Ellen.

Major Quilian of Amarillo, who inspected the unit last night, said, "Battery A, 74th FA Battalion (the local battery) is the best I have seen in this area."

The unit is now holding a recruiting campaign to bring to its authorized strength of seven officers and 115 enlisted men. The drive, which began yesterday, will run until Nov. 19.

Committee Picks Panel For Contest

Judges for the Miss Top of Texas and Princess Top of Texas queen contests to be held Sept. 27 at the Junior High School Auditorium were announced today.

They are Miss Ruth Cross, dean of women at West Texas State College, Canyon; Dr. Plez Harper, professor of modern languages there; and Louis Stoelzing, violin instructor there.

A spokesman for the Chamber of Commerce group conducting the event in cooperation with the Top of Texas Fair, said further that the Joyce-Elie tie between 4 and 5 p. m. on Sept. 27 for the entries and their mothers will be held in the Schneider Hotel Dining Room, instead of the Palm Room as it was previously announced.

Coston and Pampa Bakeries announced that they would furnish the tea cakes for the occasion. Clayton Floral will furnish centerpiece for the tables, it was announced also.

Shriners to Eat Barbecue

The first seasonal meeting of the Pampa Shrine Club will be held at 7 p. m. Wednesday, Sept. 21, in the National Guard Armory at Recreation Park.

A barbecue, prepared by John Andrews, will be served to the members. Invitations to other members in the area have been sent out. The affair will be staged.

Business to be conducted will consist of electing officers for the next year, planning the social activity program and discussion of a Shrine Circus.

'Congrats' Mr. Truman!

WASHINGTON (AP)—President Truman received very belated congratulations on his November election victory today from Senator Glen H. Taylor of Idaho.

Taylor, who ran as vice presidential candidate on Henry A. Wallace's Progressive Party ticket paid his first call on the President since the 1948 voting.

Another Portion of Road to Be Fenced

Fifth Column Film to Be Shown Here

Frank Culberson, chairman of the special right-of-way committee on the Pampa-to-Perryton road project, announced this morning that a contract for fencing 17.52 miles of right-of-way was let this week to Turcott and Walberg of Pampa.

When completed, this job will finish the fencing of all right-of-way on Highway 70 to the Canadian River.

Contractors expect to begin work Oct. 1 and to complete the job by Nov. 10. The fence will be five strings of wire, with posts 20 feet apart. The contract labor price was \$225 per mile.

Culberson said that as soon as the fencing is completed and a contract is let for the balance of work on the road, that work would be started on fencing the right-of-way north of the river.

Work is now underway on paving 15 miles of the highway from a point six miles south of Perryton to the Canadian River. This is about eight miles of road on the entire stretch from Pampa to Perryton for which appropriations have not yet been made by the State Highway Department.

It is hoped that contracts can be let for the balance of this road this year, and that a bridge to span the Canadian will be forthcoming in the not-too-distant future, Culberson said.

CC Group To Make Airport Tour

A two-day aerial tour will be made Thursday and Friday by Chamber of Commerce men and County Judge Bruce Parker to get information on airports of surrounding towns comparable in size to Pampa.

Their aim, E. O. Wedgeworth, CC manager, said today, is to get ideas for local airfield improvements either to the present municipal airport or to the proposed port northwest of town.

The group will use Cabot's four place Beechcraft Bonanza to make the tour. Those taking the trip are: Hugh Burdette, chairman of the CC Aviation Committee, Wedgeworth, Parker, and Ralph Brock, pilot for Cabot.

Arrangements have been made for the group to be met at each port by the airports' managers and CC managers of the towns to be visited.

Leaving Thursday morning, the first stop will be at Vernon— from there to Stamford to Breckenridge to Ranger to Cisco to Sweetwater to Big Spring, where they will spend the night. Friday the group will go to Odessa, N. M., to Levelland to Plainview and then back to Pampa.

In addition to the trip committee is mailing questionnaires to 50 other towns, comparable in size to Pampa, in Texas, Oklahoma, New Mexico, and Kansas.

Hurricane Is Suspect, but Standing Still

MIAMI, Fla. (AP)—Navy hurricane-hunting planes were investigating today a widely reported "area of suspicion" today, one in the Gulf of Mexico and the other east of the Lesser Antilles.

Grady Norton, chief storm forecaster in the Miami Weather Bureau, said there was "nothing to watch" today. The Weather Bureau at New Orleans said it was "standing still."

The area in the Gulf was located about in the center of the Western half, between 800 and 900 miles west of Miami.

This looks a little suspicious," Norton said. "It isn't a storm yet. It's a wave of showery squally weather and we're going to have to watch it."

The other area was reported some 200 miles east of the Lesser Antilles, roughly 1,300 miles east-southeast of Miami. "I'm not worried about this one at present," Norton said.

Hurricane hunting planes took off from Roosevelt Roads, Puerto Rico, and Corpus Christi, Texas, to check both areas. An Army plane was scheduled to fly into the Lesser Antilles area this afternoon to continue the watch.

Daredevils To Perform At Fair

'Boo' Brings Fine In Wake of Fright

SUNDERLAND, Eng.—(AP)—Mrs. Violet Geldart, 53, was fined one pound (\$2.50) yesterday for saying "boo."

Two-year-old Ian Park's mother told the judge little Ian "boos" from over the back fence that he no longer sleeps at night.

"He thinks Mrs. Geldart is in every room," said Mrs. Park.

The Circus of Thrills will feature the Lucky Green, the motorcycle king, who will make a ramp-ride jump through 22 feet of space; Leo Schultz and Dave Arnold, who perform a bus, truck or "dive bomber" jump; and George Comb, who crashes a car down into two tons of ice.

Other features to be provided will include a crash roll-over when a stunt man rolls his auto over, nose crash roll when an automobile is thrown over on its nose and stunt men who drive cars through wooden walls.

Meanwhile, other special attractions at the fair have been arranged. Band concerts will be given.

9 Witnesses Called in Jim Wells Probe

ALICE (AP)—Nine more witnesses were subpoenaed today as a grand jury continued its investigation into the Texas Democratic Primary of Aug. 28, 1948.

The day's first witness was Clarence Martens, chairman of the Jim Wells County Democratic Executive Committee at the time of the primary. In that primary, Lyndon Johnson, now U. S. senator, won nomination over former Governor Coke R. Stevenson.

Stevenson charged 200 votes were added fraudulently at Precinct 13 in Alice after the primary polls closed. Johnson won the million-vote primary by 87 votes. Johnson was seated in the Senate and is serving his term.

The nine persons subpoenaed today were identified as "voters." Summoned were: Rodrigo Rojas, Mrs. Ignacio Escobar, Viola Gomez, Mrs. Julia Escobar, Mrs. Ignacio E. Trevino, Sylvia Gomez, Hector Gomez, Alejandro Villareal Gomez and Jacob S. Floyd, Alice attorney.

Martens had previously testified before the grand jury.

Waiting to testify, shortly before noon, was Mrs. D. E. Lorent. Last September she testified at a federal court hearing in connection with the Box 13 controversy. She testified she voted in the election.

The grand jury reportedly was waiting for the testimony of Hector Cerda of Alice, now a student at A&I College, Kingsville. A subpoena has been issued for him and efforts were being made to reach him in Kingsville.

Cerda also testified at the federal investigation at Fort Worth. Stevenson supporters contended at the hearing that he had been listed as a voter at Box 13. But Cerda said that he was in Kingsville during the election and did not vote.

Hollywood Rites For Morgan Today

BEVERLY HILLS (AP)—Film-frenzy friends and relatives pay their final respects to Frank Morgan, veteran stage and screen actor, at private funeral services today.

Pallbearers and ushers at All Saints Episcopal Church include Clark Gable, Pat O'Brien, Ward Bond, Reginald Owen and Frank McHugh. The actor's body will be sent by air to Brooklyn, N. Y., for interment in Greenwood Cemetery next Friday.

Morgan, 59, died in his sleep Sunday.

Disputes Affect Coal, Steel, Auto Commerce

Pampa News

U.N. MEMBERS CONVENE TO FACE WORLD ISSUES

NEW YORK (AP)—The United Nations began a new attempt today to iron out old world trouble spots.

On a diplomatic note of cautious cheer, delegates from 59 countries gathered to open the fourth U.N. General Assembly at Flushing Meadows, site of the 1939 New York World's Fair.

First business at the opening sessions was election of a new assembly president to succeed Dr. H. V. Evatt of Australia. Brig. Gen. Carlos P. Romulo of the Philippines seemed sure of getting the job, with about 50 delegations promising him support.

U.N. officials listed 18 foreign ministers at the head of delegations, prepared to tackle 72 subjects already on schedule for debate.

Arguments, speeches, deals, votes and decisions are expected to keep the delegates here for nearly three months, although U. N. officials set Nov. 30 hopefully as the date they should finish.

The diplomatic cheer grew out of statement by Andrei Vishinsky, foreign minister of Soviet Russia, who said the assembly could solve its important problems with cooperation. He said that before, however, and Western delegates were waiting to look at the Soviet-style cooperation.

The United States secretary of state, Dean Acheson, said Vishinsky "sounds encouraging." "I am confident that we will all reach some solution," he added.

France's foreign minister, Robert Schuman, said he hoped Mr. Vishinsky's declaration would become a reality. Ernest Bevin, the British foreign minister, made no comment on it after his arrival from Washington to complete the roster of big four ministers here for the assembly.

U.S. Currency Solid in Face World Crisis

By The Associated Press

Devaluation of currencies across half the world sent traders in sterling areas scurrying for gold and commodity stocks today but brought little change in United States markets.

With France and Canada added overnight to the list of devaluing countries, making the total 19, others had still to fall in line. Western Germany is to reduce the value of its mark. The Hong Kong dollar fell into the devaluation lineup. Holland officially set its devaluation rate for the home-land and Indonesia at about 30 percent.

See CURRENCY, Page 10

Posters Will Be Entered By Children

Elementary school children in Gray County will compete in the county-wide Fire Prevention Week poster contest and will be awarded various prizes in each school.

Huelyn Laycock, chairman of the Educational Committee of the special week, said.

The contests will take place in each school. Finalists will place their posters in store windows throughout Fire Prevention Week, Oct. 9-15.

High schools in the county will conduct essay contests in connection with Fire Prevention Week, and the essay winners also will be awarded prizes.

Hopkins and Grandview Schools' winning posters will be placed in Pampa store windows with the posters of the students from Horace Mann, Woodrow Wilson, B. M. Baker and Sam Houston Schools.

Lefors, McLean and Alameda Schools will place their winning posters in store windows of their respective towns.

Educational Committee members are Logan Cummings, Rex Reeves, Jack Edmondson, Miss Josephine Thomas, H. A. Yoder, Bert Nuckols, J. A. Meek, Floyd Smith, Frank Wilson, Father Otto Meyer and James C. Randall.

Aid Program Called Good 'Insurance'

WASHINGTON (AP)—Senator Vandenberg (R-Mich.) told the Senate today that Congress will simply be investing in "fire or life insurance" if it approves the \$1,314,010,000 foreign arms program.

Vandenberg began the second day of debate on the arms aid bill as leaders maneuvered for a final vote on Thursday.

The Michigan senator said the arms bill is Congress' direct and specific answer to the mutual defense pledge this country took in signing and ratifying the North Atlantic Pact.

"This program does not involve an arms race in any of its aspects," he said. Instead, he added, it is aimed only toward equipping existing forces.

Vandenberg said the arms program is far overshadowed by the agreement of treaty nations that an attack on one shall be regarded as an attack on all.

"This notifies any aggressor that he confronts not only a billion dollars in arms, but all of the resources of treaty nations arrayed to make any aggression pay."

Ratification of the North Atlantic Treaty made it the supreme law of the land, he noted, adding that Congress can't escape the fact that a fundamental obligation exists to help Western Europe brace itself for any Communist attack.

Americans to Quit China

WASHINGTON (AP)—The State Department announced today that the steamship General Gordon will reach Communist-held Shanghai on Sept. 23 to take out up to 1,600 Americans and other foreigners.

Assurances have been obtained from the Chinese Nationalist authorities that the ship will not be molested. The Nationalists have declared a naval blockade of Shanghai.

The General Gordon, an American-registered Lines vessel, is scheduled to sail from Shanghai Sept. 25.

Shanghai reports to the State Department said the Communists have approved more than 1,600 applications for exit permits. Some 450 Americans applies for passage, but officials here do not know how many of them get permits to depart.

Last available figures showed about 1,100 Americans in Shanghai.

Weatherman Puts on Show

By The Associated Press

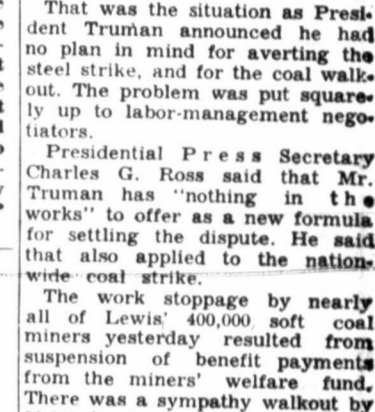

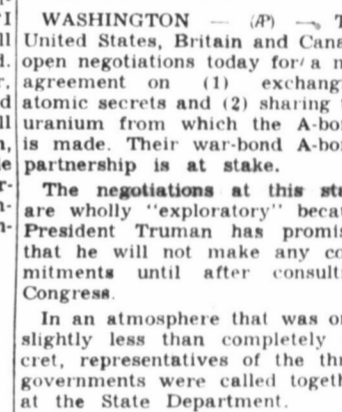

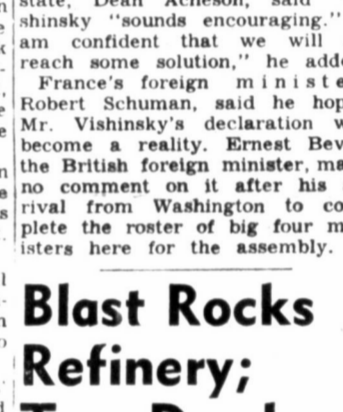

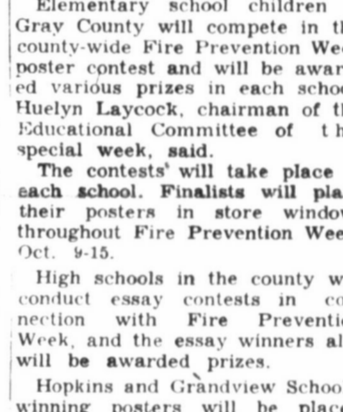

Thunderstorms that thundered over parts of Texas yesterday put on a spectacular show—but did little actual damage.

Some telephones were knocked out of commission at Laredo in South Texas and high winds blew over a 70-foot television receiving aerial in Dallas and lightning hit a house.

A building and powerlines were damaged at Baytown.

More than two inches of rain fell in 20 minutes at Baytown; heavy rain fell at Laredo, and other coastal points reported drenching showers. So, too, did many other points in the state.

The forecast today was for partly cloudy and little warmer weather in East and West Texas. South Texas may get some scattered thundershowers.

WE SAW...

A sweet potato grown at 640 N. Christy, by J. C. Day. Weighing in at one pound 14 ounces, it measured 10 inches in circumference and 10 1/2 inches in length. The whole thing proves they will grow here.

Dave Redus displaying ribbons in Richard Drug window this morning for the lucky 10 in the local photography contest. Ribbons will be presented through the first five places in both amateur and professional divisions.

CONFINED

BONN, Germany.—(AP)—Chancellor Konrad Adenauer's cabinet of 13 right wing ministers was confirmed today by President Theodor Heuss of the West German republic.

Atom Bomb Partnership At Stake

WASHINGTON (AP)—The United States, Britain and Canada open negotiations today for a new agreement on (1) exchanging atomic secrets and (2) sharing the uranium from which the A-bomb is made. Their war-bond A-bomb partnership is at stake.

The negotiations at this stage are wholly "exploratory" because President Truman has promised that he will not make any commitments until after consulting Congress.

In an atmosphere that was only slightly less than completely secret, representatives of the three governments were called together at the State Department.

American officials are closely restricted as to what they can do or say about atomic energy in formation, even within the conference with the British and Canadians. They are reported anxious to try to bring some three-way understanding as to the progress each nation has achieved in atomic energy and atomic bomb research and development in the past two years or so.

Yet their own hands are not free for such an exchange and presumably they would be unable to tell the British and French, for example, the size of the U. S. atomic bomb stockpile or the power and effectiveness of the latest model weapons.

In contrast with the situation which now exists, the United States, Britain and Canada jointly undertook in 1943 the tremendous effort which finally resulted in the atomic bomb.

See ATOM, Page 10

Racer Given \$25 Fine

A fine of \$25 and costs was imposed this morning by Justice of the Peace D. R. Henry on Wesley J. Lambright, Pampa, for reckless driving following the fatal rollover of another car last Monday near Laketon.

Lambright was charged with the offense of racing with the other car, driven by Henry W. Phillips, 31, of Pampa, who was killed when his car turned over.

At least four witnesses, including a truck driver, told Highway Patrolmen and a member of the News staff they had seen the two cars racing.

Connally's Son May Get Judgeship

WASHINGTON (AP)—Recommendation of men to fill the two newly created South Texas Federal District judgeships appeared today to be likely within the next week.

Nomination by President Truman of Ben Connally, Houston lawyer and son of Senator Connally (D-Texas), to one of the positions is considered likely on Capitol Hill.

Prominently mentioned for the other judgeship are former Texas governor and one-time federal judge James V. Allred of Houston; Dudley Tarlton and Henri Warren, both of Corpus Christi.

Indicating that some recommendation probably would be made to the Justice Department and the President within a week, Senator Connally observed that Senator Johnson (D-Texas) had only recently returned from Texas. He said they had not had an opportunity to dispose of the matter.

Appointments by the President usually are made on the recommendation of the senators of a state if they belong to the party in control of the White House.

Connally made it clear that he was "keeping hands off" in the consideration of his son for the \$15,000-a-year life job. The 39-year-old son of the senator has been highly recommended, however, by attorneys with whom he has been associated in Texas.

Its Tongue In Cheek...

REINHOLDS, Pa. (AP)—A minister who is also a state senator is the best Pennsylvania Dutch liar in these parts.

The Rev. Frank Ruth of Bernville won the first annual contest of the Pennsylvania Dutch Liars Club yesterday by telling a story about a mean old tomcat who couldn't be killed.

When ropes and guns didn't eliminate the critter, Mr. Ruth said in dialect, a posse went out after him, cut off his head and buried him under a pile of rocks.

Three days later the old cat trotted on home, carrying his head in his mouth.

Ferry the Bull Will From Now Be Known as the 'Rubber-Neck'

CLEBURNE, Texas. (AP)—Ferry the bull is a little puzzled, and vastly hurt, by the ways of man.

The 1,260-pound Holstein was ambling around late yesterday. He ambled right on when he saw some planks.

Bottom side first he went crashing through the planks. He tumbled to a stop—at the bottom of a 40-foot abandoned well.

He stayed there all night.

When he looked up and saw farmer Jim Cryer peering down, he looked into a face as puzzled as his own.

Cryer didn't know—until this morning—what to do.

"Take the bull by the horns," Cryer said to himself. "Take the bull by the horns."

This morning his friend, Gene

Alanreed

ALANREED — (Special) — Several from here attended the funeral of Mrs. Forrest McCracken at Clarendon the first of the week. Mrs. McCracken was a former Alanreed resident.

Mr. and Mrs. Ollie Hommel were supper guests Wednesday of her parents, Mr. and Mrs. A. B. Woods, in McLean. Mrs. Woods, 91, is seriously ill.

Mr. and Mrs. L. H. Earthman drive daily to McLean, where they are employed.

Mr. and Mrs. Roy McCracken and son, Leroy, were Alanreed visitors Tuesday.

Mrs. Andy Word spent Wednesday night with her parents, Mr. and Mrs. A. B. Woods, at McLean.

Mrs. J. D. Hall's father is reported quite ill.

The ladies of the Baptist WMS have resumed meeting after several months' suspension.

The Methodist Church members report that they have discontinued Sunday School and now have devotional once a month.

Mr. and Mrs. Frank Crisp were McLean visitors Saturday.

Mrs. Amos Thacker of McLean underwent a major operation at a Pampa hospital last Saturday.

Mr. and Mrs. Walter Koen enjoyed a weekend visit from their daughters, who are employed in Amarillo.

Major Burl E. Glass, Jr., and family of Arlington, Va., have been visiting his parents, Mr. and Mrs. Burl Glass, Sr., his grandmother, Mrs. J. T. Glass, and aunt, Miss Margaret Glass at McLean, and other relatives.

Neighbors Aid Stricken Youth

TYLER, Texas — (AP) — Texans have given \$1,445 to help pay the medical bills of a two-year-old Tyler boy suffering from leukemia.

Answering newspaper appeals, donations of from one to 100 dollars have come in to help keep Lynn Keedy in a New York hospital, where he is being treated by specialists.

Leukemia is a disease in which white corpuscles get out of control and destroy the red corpuscles of the blood.

The case was called to the public's attention when Lynn's parents, Mr. and Mrs. Carlton Keedy, exhausted their savings after two months of mounting medical costs. Keedy is sports editor of a Tyler newspaper.

Regular operation of schools during a polio epidemic is "not regarded in itself as hazardous," but keeping schools closed can be dangerous, the foundation said.

Keeping schools closed because of polio "often has resulted in public panic," Dr. Hart E. Van Riper, the foundation's medical director, said.

Dr. Van Riper asserted school openings never have caused an increase or decrease of cases during an outbreak.

Kellerville

KELLERVILLE — (Special) — Mr. and Mrs. J. Monroe Combs, Jr., have announced the arrival of their third daughter, Cristie, born Sept. 9. The child weighed six pounds.

A. A. Simpson is seriously ill in Worley Hospital. His daughter, Mrs. Ernest C. West, has been almost constantly at his bedside.

W. W. Hughes took his daughter, Lota Mae, to Abilene, where she enrolled in Hardin-Simmons University. She graduated in June from Shamrock High School.

Mr. and Mrs. Sam Bonner were weekend guests of their son, R. L. Bonner, Jr., and family at Graham.

Mr. and Mrs. Arthur Wells visited her mother, who is ill in an Amarillo hospital, Sunday.

Twenty-five guests attended a pink-and-blue shower for Mrs. Darwin Allen in the parlors of the Baptist Church recently.

Mr. and Mrs. Everett Dorsey and children have moved back to Kellerville from the Liberty Community. He is employed by the Barbara Oil Co.

Mr. and Mrs. Harris D'Spain accompanied their daughter, Mary Beth, to Abilene Monday, where she enrolled in Abilene Christian College.

Mr. and Mrs. Jack Harris and daughter, Mary, have returned from Graham where they visited Mr. and Mrs. R. L. Bonner, Jr., and children.

Mr. and Mrs. Joe Hamlin have moved to near Claude.

Mr. and Mrs. Joe Bruton, Mr. and Mrs. L. A. Richardson and children, Mrs. Mildred Scruggs, Glena Thompson, and Ernest and June West attended the Texaco picnic recently on the Mel Davis ranch near Lefors.

Polio Held No Bar to School

NEW YORK — (AP) — The National Foundation for Infantile Paralysis says the polio epidemic should not make parents afraid to send their children back to school on schedule.

Regular operation of schools during a polio epidemic is "not regarded in itself as hazardous," but keeping schools closed can be dangerous, the foundation said.

Keeping schools closed because of polio "often has resulted in public panic," Dr. Hart E. Van Riper, the foundation's medical director, said.

Dr. Van Riper asserted school openings never have caused an increase or decrease of cases during an outbreak.

Light Bill Lower Than 10 Years Ago

WASHINGTON — (AP) — The average home-owner's light bill increased slightly last year but it's still lower than 10 years ago, the Federal Power Commission said.

The commission's annual survey of typical residential bills for cities of 2,500 or more showed an average reduction of about 10 percent for 25, 100 and 200 kilowatt-hour monthly bills.

The average bill for 250 kilowatt-hours was \$7.01 Jan. 1, 1949, compared with \$7.46 Jan. 1, 1939, and \$9.92 Jan. 1, 1948.

During 1948, the commission said, electricity bills increased in

27,000 Mexicans Working in Texas

AUSTIN — (AP) — An estimated 27,000 Mexican nationals are helping harvest Texas cotton, the Texas Employment Commission reported.

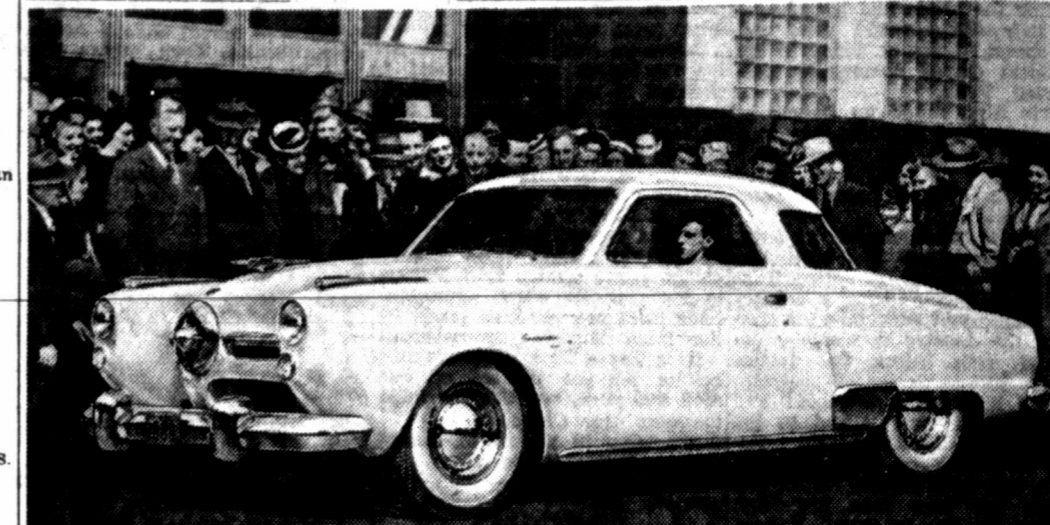

An additional 13,000 are expected to be brought to Texas as soon as the Mexican government can process applications. TEC said it had made certification for the 40,000 workers to the U. S. Employment Commission.

Among the lowest typical monthly bills 100-kilowatt-hours were Lampasas and San Marcos, Texas, \$2.15; and Llano and San Saba, Texas, \$2.37.

The average monthly bill for 250 kilowatt-hours, by states, included: Texas, \$8.82; Arkansas, \$7.42; New Mexico, \$7.54; and Oklahoma, \$7.80.

Abilene, Kans., famed as the frontier head of the old Chisholm cattle trail, was given its Biblical name, meaning "grassy plain," by a devout woman settler.

"Faith is the substance of things hoped for."

Boys! Girls! win a Beautiful Pony from Gene Autry's FLYING A RANCH

See The Pony In Front of Levine's From 12 'Til 1 P. M. Tomorrow

COME ON DOWN FOR A **FREE RIDE**

Join Gene Autry's Sheriff's posse

HERE'S THE WAY TO WIN:

When you get your genuine GENE AUTRY jeans, write your name and address plainly on the back of the big paper label that you'll find on the pocket (or a reasonable facsimile will do). Send it to Gene Autry, along with 15c in coin for your membership in Gene Autry's Sheriff's Posse. Gene will mail you a shiny Sheriff's Posse Badge with your own registered number, a Code-of-the-West Deputy Card, with secret signals, a picture of himself and Champion, and an entry blank. Follow the instructions on the entry blank and you may win one of Gene Autry's Flying A Ranch ponies.

Genuine Gene Autry jeans are made of strong denim, in true cowboy style; orange stitched and copper riveted. Sizes 1 to 16.

For Better Life in Texas

Highways and By-ways..

Famed for superb highways, Texas is also striding forward in the development of its by-ways—the farm-to-market road system which contributes so much to the comfort and convenience of all of its citizens.

By investing in Texas county and district road bonds during the past forty-six years, Southwestern Life Insurance Company, exclusively a Texas institution, has had a substantial part in aiding this State's road-building program.

Such investments not only assure continuing security and protection to owners of Southwestern Life policies, but also work for all Texans as capital in the development of one of the State's highly essential resources—its highway network.

Guests Also Look Like Models at Fashion Exhibit

The second annual fashion show, sponsored by Epsilon Sigma Alpha Sorority, was presented at the Schneider Hotel Sunday to more than 300 interested spectators.

Dr. Emily Hicks served as commentator, ably forming the visitors who the models were, which stores were represented, and presenting pertinent facts about the merchandise being modeled.

Those who made up the steering committee of the show were Mrs. Lillian Kelley, Mrs. O. J. Payne, Mrs. Bert Arney and Mrs. John Nutting.

Flowers decorating the dining room, where the show was presented, were furnished by Parker's Blossom Shop, and the tea and cakes which were served to the guests, were furnished by the Ideal Food Store.

Pat Burleson, president, took charge of the meeting. A letter from Jaxie Short, who is a missionary in China, was read as a devotional by Mrs. C. H. Collins.

Plans were made for installation services, to be held Thursday, in the home of Miss Betty Mosley, 922 Duncan.

New officers will be Elice Hobbs, president; Billie Groninger, vice president; Jan Doggett, secretary-treasurer; Betty Mosley and Mariola Duval, program committee; Donna Silliman, social chairman; Pat Burleson, community missions; Jennie Collins, mission study; Wanda Luedecke, reporter.

There were 13 present at the last meeting.

McKinney on Bridge By WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

The other day I was talking with Albert H. Morehead, secretary of War Orphans Scholarships, about the many years of work we have put in, helping to achieve the goal of providing scholarships and educational opportunities for the children of servicemen killed in the last war.

We have been confronted with many problems in handling this activity for American war orphans, and experience has been our best teacher.

Forum Club Opens Year's Activities SHAMROCK — (Special) — The Forum Club opened activities for the year recently at the home of Dr. and Mrs. R. M. Barkley, who entertained with a party honoring the husbands of the members.

Messrs. and Mmes. Ben Parks, Perry Bear, E. K. Bechtel, Sol Blonstein, Rufus Dodge, Gaston Harbour, Louis Hill, William F. Holmes, Winfred Lewis, B. F. Risinger, Albert Ryan, Jack Stroup, S. Q. Scott, M. A. Whitehurst and W. R. Wooten.

Oranges first were grown in California in 1873.

We all have a patronymic. It's our family name.

Officers Review Duties at First Meeting of Year of Beta Sigma Phi

Beta Sigma Phi resumed fall activities last night with the first meeting of the season, which was held in the City Club Rooms at 8 o'clock.

Mrs. Frank Fata, program chairman for the year, has outlined some interesting entertaining programs for the winter months.

For the opening program last night, officers reviewed their duties to the club members and gave a brief sketch on parliamentary procedure.

New members in the club are Mmes. Orville Amery, J. B. Ashton, H. Price Dosier, Robert Edmondson, James Evans, Joe Fischer, James Graham, Clifton Kelly, Bob Quick, and Roy McKee, and Misses Juanita Cox and Nancy Sullivan.

Other members are Mmes. L. G. Airhart, Jack Andrews, William Ballard, Stanley Chittenden, J. T. Cornutt, Frank Fata, Creel Grady, Lemond Hall, H. J. Johnson, Travis Lively, C. Minniear, Fred Myers, Jack Nimmo, John Plaster, James Poole, Traylor Price, Leora Rose, Martin Stubbe, E. E. Shelhamer, and Misses Joyce Wanner, Virginia Vaughn, Kay Monahan and Pat Fitzmaurice.

In Mr. Nuckol's office. The regular meeting will be at 2:15 Thursday in the Auditorium. Mrs. L. R. McKenzie is president of this group.

The B. M. Baker P-TA Executive Board will meet at 1:30 Wednesday.

Borger Women Are Guests at B & P W Meeting

Mrs. Marguerite Benson of Borger, director of Ninth District, and Mrs. Grace Klein, president of the Borger Business and Professional Women's Club, were guests at the monthly business meeting of the Pampa B & P W Club at the City Club Room.

Mrs. Lillian Jordan, president of the local club, called the meeting to order. The group stood for the reading of the collect, and roll call was answered by sayings

DR. A. L. LANE (CHIROPRACTOR) PHONE 3240 409 N. Crest Pampa, Texas

FOLGER'S COFFEE THERE'S A MOUNTAIN OF FLAVOR IN EVERY SPOONFUL

WARREN'S WARMUP

By Warren Hassel—News Sports Editor

QUESTION: What is the worst football defeat that Texas Tech has ever suffered.

THE FINAL STATISTICS ARE IN on the West Texas-New Mexico's attendance this season, and there is red ink being used by four clubs. Albuquerque, Clovis, Lubbock and Pampa all show an attendance decline from last season. But the losses did not set any new club records for lack of gate appeal. Three clubs set new attendance records, and the league itself reached an all-time high.

The league this season played against Borger, 9-1; Amarillo, 8-2; to 674,465 paying customers, an Albuquerque, 3-7; Lamesa, 7-3; increase of 74,454 over last year. Pampa however, provided only 57,280 of these fans, a decline of 15,397 over 1948.

Ablene had the biggest gain, over 100,000 fans seeing the Blue Sox play at home. A gain of 49,561 customers. The Lamesa Lobos were next greatest gainers, with an increase of 42,264 more fans seeing the fighting Lobos. Borger was the third club to set a new home attendance mark, when 74,899 fans witnessed theavoring of the seventh place Gassers.

Amarillo led the league in attendance this year with 111,487 paying customers. That was 6,000 short of Lubbock's 1947 all-time attendance high of 117,821.

The 1949 paid admission totals with the 1948 attendance figures in parentheses, are: Amarillo, 111,487 (102,313); Albuquerque, 107,811 (116,930); Ablene, 106,609 (61,048); Lubbock, 97,855 (102,445); Lamesa, 76,427 (34,363); Borger, 74,899 (72,499); Pampa, 57,280 (71,677); Clovis, 47,697 (48,736).

To settle a lot of arguments and save some phone calls to the office, here are a few figures we have been asked about. The Oilers finished the season with a record of 70 wins and 70 losses. Of those 70 wins, 47 of them were accomplished at home.

The Oilers' team-by-team home record (wins listed first):

SNAGS PASS ON ONE-FOOT LINE—Texas Christian University's George Boal goes into the air to snag a pass on Kansas' one-foot line in the second quarter of the Kansas-TCU game at Lawrence, Kans., Saturday. Going backward to catch the pass, thrown by Lindy Berry, Boal bumped into and fell over Kansas' Henry Lamping (30), with both hitting the sod. On the next play, TCU's John Morton went over TCU's third touchdown. Kansas 12 is Jerry Bogue. TCU won 28-0. (AP Wirephoto)

Slaughter Trims Robison's Lead To Three Points

NEW YORK — (AP) — Jackie Robison of Brooklyn and Enos Slaughter of St. Louis are hooked up in a man-to-man battle for the National League batting title. Robison's lead, once some 35 points, has melted to three points under Slaughter's persistent attack. Jackie has faded a bit, to be sure, but Slaughter's sensational rise has been the main factor.

Slaughter is smashing the ball at a .341 clip, close behind Robison's leading .344. Averages include Sunday's games, with only two weeks to go.

Williams Increases Batting Lead in AL

CHICAGO — (AP) — Boston's Ted Williams is tightening his monopoly on American League batting marks, taking the lead in six divisions of play.

He topped five brackets a week ago and now has added a sixth—most runs batted in. In statistics through Sunday's games, Williams is ahead in batting with .351; scored the most runs, 143, slammed the most hits, 188, most doubles, 39, and homers 40; and has hammered across 153 runs.

Dale Mitchell of Cleveland was tops in three-baggers with 23, and St. Louis' Bob Dillinger continued in the base-stealing lead with 18.

Second to Williams in batting was George Kell of Detroit with .341. He was followed by Dillinger with .316; Dom DiMaggio, Boston, .313.

Boston's Ellis Kinder took over the top pitching percentage record with 21-5 for .808.

McCarthy Tries to Buy Cleveland Browns

CLEVELAND — (AP) — Oilman Glenn McCarthy of Houston tried to buy the Cleveland Browns franchise and move the football team to Houston, Coach Paul Brown said Monday.

But the team was not for sale, Brown quickly added.

The Browns are three-time champions of the All-American Football Conference. McCarthy has been reported in the market for some time to get Houston into the circuit.

Austin No. 1 Schoolboy Team

DALLAS — (AP) — Austin is Texas' top high school football team, in the opinion of most of the state's sportswriters.

The Maroons nosed out Port Arthur for the honor in the weekly poll of sportswriters conducted by the Dallas Morning News.

Johnny Kitchens' Capitol City eleven rated 194 points. Port Arthur had 192.

Last week Port Arthur held first place in the poll and Austin was second.

Amarillo jumped into the third place, Lubbock was fourth and Wichita Falls fifth. Others in the top ten were Ablene, Baytown, Breckenridge, Marshall and Jeff Davis of Houston in that order.

Lamar of Houston and Odessa tied for eleventh. Others in the second ten were Corpus Christi, Grand Prairie, Pampa, Kerrville and Sunset of Dallas (tie); Temple, Sherman and San Jacinto of Houston.

Schoolboy Grid Teams Have Declined by Two

AUSTIN — (AP) — The number of Texas High Schools playing interscholastic league football has declined by two.

A total of 845 schools will have teams this year, compared with 847 last year, the league announced Monday.

Dr. Rhea Williams, athletic director, attributed the drop to school consolidations under the Gilmer-Aikin program.

The number of City Conference schools competing remained the same, 26, as last year.

A gain of one school in AA conference resulted when Thomas Jefferson High School of El Paso entered competition this year.

Conference A lost one school to drop to 227.

Conference B showed the largest gain, with 340 schools competing for an increase of 16 over last year.

The six-man conference was a hard hit, however, by consolidations and lost 18 schools from the 1948 total of 185.

Cecil Isbell Resigns As Baltimore Coach

BALTIMORE — (AP) — Cecil Isbell has resigned as head coach of the Baltimore Colts, the All-American Football Conference club's board of directors announced Monday.

Sport Shots

By HAROLD V. RATLIFF Associated Press Sports Editor

DALLAS — (AP) — Texas A&M now has gone through 15 games without a victory.

It is a serious matter when a major college can't win a football game in season and a half. The question which arose immediately after the 35-0 defeat of A&M by Villanova last weekend was: What's wrong with the Aggies; why aren't there top football players at Aggieland?

Check the roster of the grid squad and see how many names you recognize as being among the herded high school stars of two years ago. Glenn Lippman and two or three others will be the only ones you ever heard of unless you happened to live in the town where one of the Aggie Sophomores came from.

Why don't more outstanding high school athletes go to A&M? I think it stems from the trouble over hazing at A&M several years ago. Rebellion flared among the students against college officials over disciplinary rules. The campus seethed. High school athletes just were not interested in going to a school where there was trouble.

At the same time the ex-students wanted to fire the football coach because A&M wasn't winning championships.

The whole thing added up to the fact that A&M just didn't get the athletes. That may be changed since everything is operating smoothly at Aggieland but it will take several years to get the job done.

Meanwhile, Harry Stiller is going to have to suffer along with a team that isn't likely to win a game this year.

The Aggies looked pretty poor against Villanova. They fumbled twice and made mistakes in the Clinches; they were outmanned and outcharged — just about everything went against them.

The two-weeks bulge in practice Villanova had on the Aggies was quite noticeable. The Wildcats were in mid-season.

A sentimental trophy was up in the Aggie-Villanova game this year. It bore the names of Nicholas Basca and Herbie Smith.

Basca was a star quarterback at Villanova. He lost his life in the late world war. Herbie Smith was a great wingman for the Aggies. He lost his life in the war, too.

So the trophy was dedicated to these two representatives of the spirit of Villanova and Texas A&M.

Under the new football rules this year a punt that goes over the goal line can be run out by the safety man or be allowed to die in the end zone and become a touchback.

The question arose: If the kick goes over the goal line then bounds back onto the field of play is it a touchback?

A ruling was asked and secretary Arthur Hutchins of the National Rules Committee gave one.

Hutchins held that the ball still is in play under such a circumstance. If the kick dies on the six-inch line after first entering the end zone that's where the ball will be put in play.

Western Amateur Set For Takeoff Tomorrow

ST. LOUIS — (AP) — Bellerive Country Club course, a 6,505-yard layout, was ready again today for the 136 contestants in the 47th Western Amateur golf meet.

Clancy Miller, an Atchison, Kans., automobile dealer who is an unknown in major tournaments, shot the one par score, a 36-35, regulation for both nines, in the first round yesterday.

The 60 low shooters qualify for match play beginning tomorrow.

At 73 were Bo Winger, Oklahoma A&M ace, Missouri State Champion Jack Geis of St. Louis, and H. W. Hardin, also of St. Louis.

Frank Stranahan, Toledo, Ohio, made the first round five strokes over par, in 76. Defending Champion Robert (Skeg) Riegel, of Upper Darby, Pa., and Tulsa, Okla., played but did not turn in a card.

'PIGSKIN PARADE' East's 2 Big Guns Have 2 Teams Each

NEW YORK — (AP) — Four teams that figure to be the top two around here are the offensive and defensive platoons of Army and Cornell.

George (Lefty) James' Big Red club, and the Cadets of the Plains under Earl (Red) Blaik, are the stickout favorites. Both are enthusiastic exponents of the two-platoon system which indicates that it be ever so confusing, it's effective.

Each has lost a few fine players, but they still have plenty of talent around. Last season, Cornell lost only to Army in marching to the Ivy title in James' second year at the helm. A tie with Navy was all that marred the Cadets' slate. This season the teams do not meet.

Among Cornell's returnees are players who were a big help in the Pennivictory that won the Ivy title. In addition, James admits "we have a great bunch of kids."

A couple of holes in the line must be plugged by these newcomers, and James needs to develop a punter. Quarterback Pete Dorset, one of the better passers hereabouts, again will call the plays. The Cornells face Niagara, Colgate, Harvard, Yale, Princeton, Columbia, Syracuse, Dartmouth and Penn in that order. The Niagara, Colgate and Syracuse games are outside the Ivy group.

At West Point, Blaik has fellows like Gil Stephenson, who coiled up a huge chunk of yardage from fullback last season, and Arnold Galiffa, who is as good as anything around at quarterback. The entire Army offensive platoon is made up of veteran players, and only four Sophomores figure to break into the defensive set-up.

The Cadets meet their test early, playing Penn State, Michigan, Harvard and Columbia on the first four Saturdays in October. If they hurdle that opposition, the Lambert Trophy, symbolic of Eastern football supremacy, should stay in the Cadets' trophy case. It's been there four of the last five years. Columbia won only four and

Fair Enough - Pegler

By WESTBROOK PEGLER

(Copyright, 1949)

NEW YORK I have developed a reputation as a monitor of statements by Eleanor Roosevelt which contribute to the Roosevelt myth. This myth is the platform, as it were, of the continuing campaign to convert the republican nation by the democratic process into a totalitarian state. It is an obsession with the rank and file. But to the priest hood of the cult it is calculated political voodoo and the solemn obligations of these professionals require that they must perform unflinching watchfulness. Let me, without challenge day by day, bring this program of fantasy to the attention of the uninitiated. It is the injury to the nation and the final calamity of a nation which Roosevelt, in my opinion, has done more to do than any other man in this country.

WESTBROOK PEGLER

These are those, too, who have argued that the most effective way to ignore her. But in the first place, if she continues to make news, even as a nuisance or a challenge to the political status of millions of citizens, it is not permissible to pretend otherwise. That is their way, my ours. And beyond that we have the fact known to most professionals that she is a politician as fierce and ruthless as under the mask as any other boss in her husband's organization, grasping, ruthless and always in the company of the Communist. She has her own political organization now grown so strong that President Truman must court her favor and does and is no more to be ignored than any other political boss.

So this attention is not mere spite nor the vulgar bawling of a cad at a great and gracious lady. I have never made a charge against her that anyone of her adherence could deny. The best of my recollection none of them ever had the gall to try a mere denial. Her pro-Communist, anti-Catholic record was received in silence and not because they considered the source beneath contempt, but because they had too much respect for the source to risk defeat in a showdown.

The same may be said of the criminals in the union movement. This is a continuing fight and the proofs of perfidy dug up and written ten years ago do not suffice for the bolder crimes of today.

Why? Well, because a Greek invasion of Albania could very easily precipitate another world war. And perhaps the most significant, and hopeful, aspect of the current affair is that both sides in the cold war are engaged in a rugged and rocky little land, occupied by a rugged and rocky people, many of them primitive tribesmen who are constantly feuding.

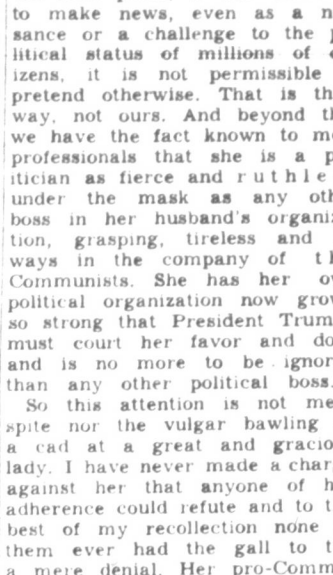

Albania lies between Yugoslavia and Greece and is a corridor into the Balkan peninsula. For this reason it has for hundreds of years been used as a gateway by invading armies. Moreover, because of her position Albania herself has been the object of much conquest and has been ruled by the Romans, the Byzantines, the Slavs, the Turks and by Mussolini, the would-be great conqueror.

Flip a match anywhere in the Balkans these days and you could start a fire which might spread to put out. The encouraging thing is that the Moscow, Washington and London fire-wardens all are keeping an eye out to see that nobody tosses that match.

Washington.....by Doug Larsen

WASHINGTON (NEA)

Any reporter who has covered the Navy Department and Pentagon since the war knows how pointless and insignificant the Navy's probe into the matter of who helped Cedric R. Worth write his anonymous letter.

Force was less guilty than the Navy in handing out "authoritative source" interviews and plant tips designed to rig the Navy's Air Force was just a little smoother about it.

KING'S COMMENTS

By Dr. WILSON I. KEMP

Specially Prepared for This Column

THE SENATE BLOCKS THE SABOTEURS

The Whaley-Eaton Service August 6, last, called attention to the fact that the Armed Services Appropriation Bill then pending before the Senate contained a section which began as follows: "No part of the appropriations made in this act shall be available for contracts with any person, firm, or corporation to make or cause to be made with a stop watch or other time-measuring device a time study of any job or any employee."

The obvious purpose was to prevent efficient operation in the factories making goods for use by the Armed Services. At present, the only beneficiary of such a restriction would be our opponent in "the cold war"—namely, Russia.

Mr. N. P. Alfia, President and Business Representative of District Lodge No. 44 of the National Association of Machinists, appeared before the Senate Appropriations Committee in support of this measure prohibiting time studies. According to his testimony, someone wormed such a prohibition into the appropriation for naval armaments as far back as 1915, and ever since that date, it has been slowing down operations in these Government factories. He now advocated extending this destroyer of American industry to a proportion of the manufacturing plants in the nation, engaged in producing for the use of the Armed Services.

By RAY TUCKER

WASHINGTON — "Do you believe that there is a conspiracy among Army-Air brass to scuttle the United States Navy, as several responsible officers of that arm have charged?" ask several retired rankers of all three services living far from Capitol Hill and the Pentagon Building.

CHANGES — What is happening is that the Navy's organization, structure and personnel are undergoing changes seemingly necessitated by new developments in warfare.

Another compelling reason for a shift in emphasis among the services is the identity of any possible enemy. When Germany and Japan were first-class powers, we had to have a large, surface force. Facing a land power like Russia, which is concentrating largely on submarines and destroyers, it is felt that battleships, cruisers and carriers will play a secondary role.

QUESTION — Despite all the confusion, commotion and counter-charges here, the principal question in the controversy appears to be a technical one that should be decided by the experts, not by the politicians and publicists.

Let us hope that, hereafter, Congress will be better guarded, and that, as a result, the saboteurs will never again be able to undermine our defenses by securing the enactment of such a pernicious statute.

The Nation's Press

THE NEW INDUSTRIAL DICTIONARY (Pulling Together)

Some of you may have missed it in the magazines so we are reprinting the definitions included in the Warner & Swasey advertisement.

"bargaining-free men getting along well together because each is determined to be fair to the other."

"Communist—a failure who envies your success and wants to tear you down to his level so he will not need to envy you."

"Security—peace of mind you earn by hard work, thrift, self-respect, (obscure definition) may life of a dictator; never delivered, hence obsolete."

"Wages—that part of worker's production after costs of materials, designed as use of tools have been paid. Therefore obviously, to increase wage, worker must increase his production efficiency."

The Kids-Bless 'em!

By GORDON MARTIN

Now and then you meet some people who have little time for youth, and can never lend a helping hand to children seeking truth. They just haven't any patience with the problems of the young, and they speak to puzzled moppets with a sharp and biting tongue. They have missed life's greatest pleasure, and they've missed it by a mile, for there's nothing quite so moving as a youngster's trusting smile.

It's a sad but true condition that some folks can never see, that the world goes on forever 'cause the kid trusts you and me. And the ones who don't remember that they had a childhood too—well, they needn't ever wonder why they're lonely and they're blue, for they've lost their knack with children and no longer understand that there's magic in the warming clutch of Baby's little hand.

And when all too soon that youthful touch gives way to hand-claps strong, there's a lasting joy in knowing that you've taught 'em right from wrong. And you've made your own life richer and you've loved it all the way, and you know that youthful friendships from your heart will never stray. Give the grouches somber quiet, but let a welcome youthful din, for there's nothing quite so joyous as a youngster's healthy grin.

IN HOLLYWOOD

BY ERVINE JOHNSON

NEA Staff Correspondent

HOLLYWOOD — (NEA) — Vaudeville just returned to the land of the movies. I guess that makes vaudeville's comeback official. It's now a thing of the past, New York to Los Angeles.

Some people credit Ken Murray with bringing vaudeville back to movieland in his long-running show, "Blackouts." But Ken's acts were the same, week after week, and the show was on a one-day basis.

There will be a weekly change of eight vaudeville acts plus a first-run movie. The movie will be the feature because Hollywood hasn't given up yet.

A good many Hollywood stars passed through the wings of the Orpheum stage on their way to greater stardom.

ONE FOR THE STETSON — And there was the late Tom Mix every opening night. Mix always bought two seats — one for himself and one for his giant Stetson. Andy Hervey, who was the Orpheum's press agent at the time remembers:

"Nobody ever heard the hat laugh but it always came along anyway."

Andy also remembers that the great Sara Bernhard always insisted on paying off the entire cast of her act before each performance and that Eddie Leonard never sang "Ida" until the audience insisted to the extent he thought they should.

They say television is responsible for vaudeville's comeback. Maybe so. Television, at the moment, is vaudeville. Maybe they'll have to rename vaudeville as live television.

Sherrill C. Corwin is the man behind the return of vaudeville to the land of the movies. He's the general manager of the Orpheum and has been for 13 years. Actually he's been nursing vaudeville along, with an occasional four-a-day, for the last 13 years.

But now he's doing it up right, reminiscent of the old Orpheum's gaudier era when Billie Russell, the Four Cohans, Modjeska and Richard Mansfield shared the stage.

Government Will Not Assure Prices to Individual Farmers

By OVID A. MARTIN
Associated Press Farm Writer
WASHINGTON — (AP) — How far is the government obligated to go in carrying out farm price guarantees?

Do laws setting up mandatory price support programs require the government to see to it that every farmer gets at least the minimum guarantee for every bushel of his grain, every pound of his livestock and every dozen of his eggs?

This question bobbed up again after the Agriculture Department announced a material change in its program for supporting hog prices.

The department said in effect that from now on it will not attempt to assure any farmer the minimum price for any of his hogs. All it will do will be to try to keep the average of prices received by all farmers for all hogs from dropping below the support level.

Prior to this change the department had committed itself to maintain prices at all local markets at the price support level.

Now about all the individual farmer can count on is a price in the neighborhood of the support level. It is not likely, officials said, that individual prices at the height of the winter marketing season will drop more than \$1 below the prospective national support average of possibly \$14.90 per 100 pounds.

While hog prices tend to hold a general level, local supply conditions as well as local and nearby demands for pork often vary. This variation could reflect itself in hog prices above support levels in some markets and below in others.

But as long as the average of the prices of the various markets is equal to or above the support level, the government will do nothing about it.

This change in the hog support program greatly reduces the possibility of extensive government buying of pork this fall and winter to carry out the price guarantee.

USDA Balks Move to Cut Supports

WASHINGTON — (AP) — The Agriculture Department threw its weight Monday against legislation that would eliminate mandatory price supports for eggs and potatoes for the rest of the year.

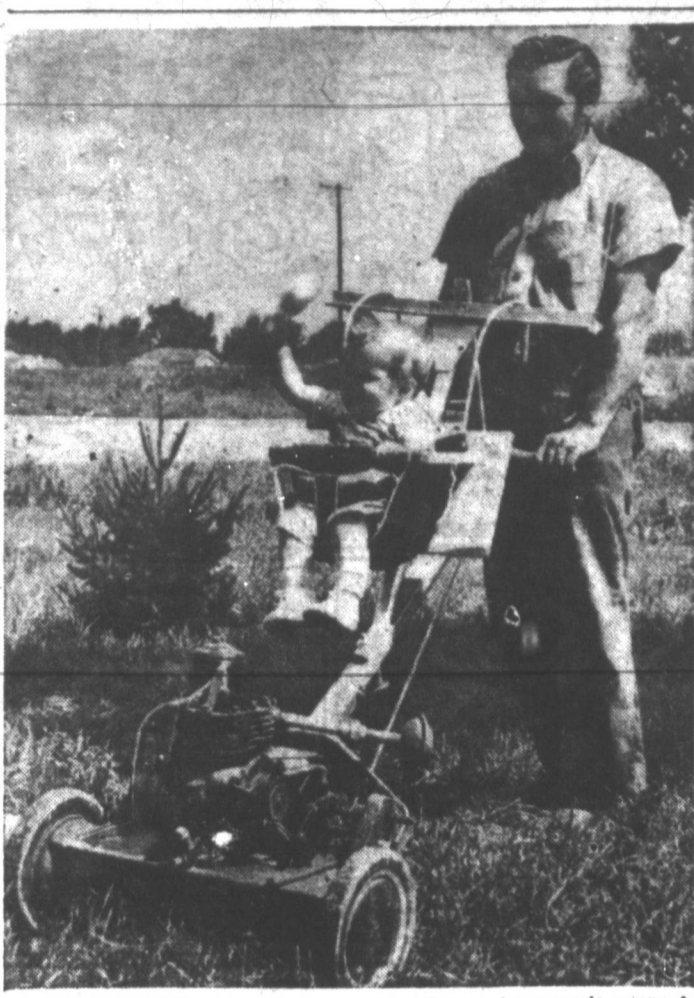

The government is pledged to maintain fixed prices levels for both products, a department spokesman said, and to abandon the program now would break faith with farmers.

The bill was introduced by Chairman Elmer Thomas (D-Okla.) of the Senate Agriculture Committee. He has been critical of the operations and the cost of the support programs.

The Agriculture Department's opposition to the measure was set forth by Ralph S. Trigg, president of the Commodity Credit Corporation and head of the Production and Marketing Administration.

He told a Senate agriculture subcommittee he appeared in behalf of Secretary of Agriculture Brannan, who is attending a West Coast Democratic conference.

FARM NEWS

CUTE CUTTER—A car seat suspended from a homemade support gives little Christine Paul of Ann Arbor, Mich., a chance to make daddy's mowing task lighter. Walter Paul finds the babe's company pleasant, and Christine, age one year, thinks cutting the grass is more fun than a merry-go-round.

'Fear of Abundance,' Brannan Says Could Lead to Full-Scale Depression

SAN FRANCISCO — (AP) — "It could prevent the expansion of industry and labor opportunities. It could make agriculture unprofitable and reverse our progress in farm efficiency and resource conservation."

The author of the Brannan farm aid plan told the Western States Democratic Conference in a prepared speech Monday that the country needed a price support system to lift declining farm purchasing power.

Otherwise, he warned, the result would be a wasteful surplus of farm production, unemployment in the cities, low national income and, finally, full scale depression.

Theme of the conference was "land, water, jobs."

There is a new fear in the land that must be conquered, Secretary of Agriculture Charles F. Brannan said.

It is the fear of abundance. "Unconquered," he said, "it could become a creeping paralysis. It could prevent the further development of the great Western resources of soil, forests and water."

Hairless Calf Gets Sweater

BAR MILLS, Me. — (AP) — Hairless Alice is just that kind of a pure-blooded Hereford heifer. Where there should be white hair, Alice's hide is pink; where brown should grow, it is tan.

The calf is owned by William H. Bruce, editor of the Maine Farm Bureau News. When it was born on May 15, it was protected with a coat and blanket. A neighbor woman says she is going to knit a sweater for Alice. A previous calf born of the same cow was normal.

End Seen to Prairie Dog Menace

Federal rodent control units are taking out after prairie dogs with a new and deadly poison that is reported able to wipe out a colony of 5,000 of the range pests in a week, Life magazine reports this week.

According to the magazine these rodents chew up 80 percent of all the range forage production in the Southwest cattle country; 256 of them, it has been estimated, eat as much as a cow — and their colonies number thousands.

The little rodents, that look something like squirrels, burrow deep into the ground to make their nests, and they spend most of their time around the mound-like openings talking "back and forth incessantly in a yip-like chatter that sounds like the barking of small puppies," the magazine story continues.

They sometimes get rid of rattlesnakes by sealing them in the burrows, and they are usually quick enough to evade attacks by owls and coyotes.

The story is illustrated by an unusual close-up photograph in full color of a 10-and-a-half-inch prairie dog munching contentedly on a dandelion stem.

Lipscomb County Fair to Be Held Thursday, Friday

LIPSCOMB — (Special) — In addition to farm and ranch exhibits at the Lipscomb County fair this week, a full program of entertainment is scheduled.

There will be a doll show, baby show, pet show, fiddler's program, beauty contest, and bicycle races.

A matched race between horses owned by Leslie Webb of Canadian and Art Wynn of Follett will be held the final day. Other matched races may be arranged by contacting Sheriff E. J. Tarbox.

Horseshoe and washer pitching will be held daily.

The fair will be held at Lipscomb Thursday and Friday this week.

All exhibits, except livestock, must be in place by 11 a. m. Thursday and judging, again except livestock, will begin at 1:30 p. m. the same day.

Livestock judging will begin at 10 a. m. Friday.

Among the more than 14 divisions of exhibits are home demonstration clubs, 4-H Club, baking, canned foods, garden vegetables, sewing and other household handwork and flowers.

The livestock exhibits include divisions for beef and dairy cattle, horses, poultry, swine, and rabbits.

All entries must be left at the fair until 5 p. m. Friday.

Free Fair To Include Dairy Cattle

SHAMROCK — (Special) — Residents of Shamrock are ready to welcome thousands of visitors to the second annual State Line Free Fair to be held in the Community Building Sept. 22, 23, and 24.

The dairy cattle show, a part of the program for the final day, is expected to be the best event of its kind ever held here.

Members of the 4-H Club, Future Farmers of America, and veterans vocational agriculture classes will be eligible to enter cattle in one division of the show, while the other class will be open to all breeders.

The show will start at 8 a. m. Saturday, Sept. 24. The judging will begin at 10 a. m. with J. P. Smith of Pantex in charge, assisted by P. L. Leach of Texas Tech, Lubbock.

"Lefty" Thomas, Collingsworth County agent, is in charge of the dairy cattle division of the fair. He will be assisted by H. C. Weatherly, teacher of vocational agriculture in the Shamrock schools.

Headed by Willie Knoll, general chairman, dozens of committees, businessmen, club women, farmers, and ranchers have been working on the three-day fair for the past several months.

The fair will be the second such event to be held here in almost a quarter of a century.

3 Farmers Grassing Waterways

W. D. Allen, Clark Mathers, and Jake Osborne are getting ready now to plant grassed waterways on their land, the Roberts County Wind Erosion District reported.

The waterways will carry off water that will run out of terraces without causing erosion.

The grass that grows naturally in the bottoms of draws and around lakes in this part of the country makes good hay, is good grazing, and forms a tough erosion resistant sod.

Officials of the erosion district said that anyone wishing to terrace land next year should begin planting a grassed waterway now to give it a good start.

The grass should be planted in a firm seed bed at a depth of around an inch or an inch and a half from the surface. It can be planted with an ordinary grain drill. The seeding rates should be about 15 pounds to the acre.

Members of the Greek Orthodox Church do not celebrate Christmas on December 25.

Medical authorities do not advise the application of beefsteak to a black eye.

225 Million Spent for Potatoes

By OVID A. MARTIN
Associated Press Farm Writer
WASHINGTON — (AP) — Uncle Sam is having a much easier time with surplus potatoes this year than last.

The reason is that there are fewer of them and the grower price guarantee is lower.

It cost the government about 225 million dollars to carry out its price promise on the 1948 crop. Agriculture Department officials believe the cost this year will be less than 50 million.

Last year's program, which the department only recently wound up, was costly because the crop was about 136 million bushels more than consumers wanted. This was a record surplus.

Here is how the program operated:

Before the 1948 crop was planted the government announced a planting goal in terms of acres to be planted. This goal was divided among individual growers.

The goal was the acreage which the department deemed necessary to produce the potatoes consumers were expected to take.

Growers did not plant so many acres as the goal, but more potatoes were produced on each acre than had been counted on.

The surplus developed, and the government said in effect to the grower:

"If you can't get the equivalent of the price guarantee in the market we will buy your potatoes at that price."

The price guarantee averaged about \$1.65 a bushel, although it varied by grades and seasons.

The 1949 price support program is designed to assure growers an average of about \$1.20 a bushel, about 45 cents less than last year. The surplus this year may not run over 30 million bushels compared with 136 million bushels used for food and other purposes.

August Water Levels Drop Below Normal

AUSTIN — (AP) — Stream flow and ground water supplies in most of Texas were subnormal in August.

The U. S. Geological Survey's water map for Texas showed the northwestern two-thirds of the state with water supplies ranging from 18 to 39 percent of normal. The southern third below a line ranging roughly from Texarkana to Del Rio had stream flow ranging from normal to 100 percent of normal.

The world's record for sub-freezing temperatures is believed to be 90 degrees below zero, registered by thermometers in Wrangell, Siberia, in February, 1892.

I'M BEGINNIN' TO THINK I'M A GOAT FOR A SHAKE-UP AND THAT HE'S NOT MY UNCLE GEORGE!

Vic Flint

THEY SEEM TO BE HAGGLING OVER SOMETHING, CLEEK. NOW MANTHORP'S GETTING INTO THE DINGHY.

Boots

GOSH, THAT DREAM! THE MERE THOUGHT OF LOSING MY JOB GIVES ME THE COLD SHIVERS!

Bugs Bunny

HI, BUGS! WHERE WOULD I BE GOIN' WITH A FISHIN' ROD?

Tax Austin

GO ON, NONIE—GIT THE CAR STARTED!

Priscilla's Pop

HURRY, PRISCILLA! YOU'LL BE LATE!

Bo

THE POOR LITTLE PUPPY LOST HIS HOME... WELL, DON'T TAKE CARE OF THAT SOME WAY.

OUR BOARDING HOUSE with Major Hoople

I INFORMED YOUR MEAT-HEAD HUSBAND THERE'S A LAW AGAINST KEEPING GOATS, MRS. HOOPLE!—THE AROMA FROM THAT SHIRT-EATER WOULD TURN A MOOSE'S NOSTRILS INSIDE OUT! IF I HAD TO CALL CITY HALL I WILL!

Blondie

OH, STOP ACTING LIKE A COLLEGE GRADUATE!

Wash Tubbs

HE SPOTTED ME LEAVIN' THE COURT-HOUSE, ELSE, I'D GIMME MY TOOLS—I'M GETTIN' OUTA HERE!

Red Rider

HE SPOTTED ME LEAVIN' THE COURT-HOUSE, ELSE, I'D GIMME MY TOOLS—I'M GETTIN' OUTA HERE!

Boots

WHEE—OOO!

Tax Austin

HOLD 'EM, BOYS—I'M GOIN' AFTER RIP!

Bo

WOOOF, WOOOF!

Bo

PLEASE TAKE CARE OF THIS DOG, DADDY IS OUT OF WORK AND MOTHER SAYS WE CAN'T AFFORD TO KEEP HIM ANY LONGER.

Bo

NO, MICKY! PHIL HASN'T SAID A WORD ABOUT MOVIN' OUT OF THIS NEIGHBORHOOD!—WHILE WE WERE AWAY!

OUR BOARDING HOUSE with Major Hoople

IT'S A GREAT SOURCE OF COMFORT TO ME, MR. BAXTER, TO HAVE A FERRER LIKE YOU AROUND!—WE ALL FEEL SAFE FROM CRIME WHEN ONE'S NEIGHBORS ARE SHARPER THAN THE FBI!

Blondie

OH, STOP ACTING LIKE A COLLEGE GRADUATE!

Wash Tubbs

HE SPOTTED ME LEAVIN' THE COURT-HOUSE, ELSE, I'D GIMME MY TOOLS—I'M GETTIN' OUTA HERE!

YOUNG FRIENDS—Barbara Hector (left), 8, and Lena Fowler, 6, meet Dolly Dumbo, 14 months old and 40 inches high, one of the youngest and smallest elephants to arrive in Hollywood.

Woman Probably Not Hurt in Fall

Coming down the steps of the second floor of the J. C. Penney Store, 201 N. Cuyler, at 3:30 p. m. yesterday, Mrs. Ray Chapman slipped and tumbled almost the whole flight of stairs.

She was taken to the Pampa Hospital in a Duenkel-Carmichael ambulance where X-rays were taken to determine the extent of her injuries. By press time today the results of the X-rays were not known, but her attending physician said she appears not to be seriously injured.

DAREDEVILS

(Continued From Page 1)

presented at 6:30 p. m. each day of the fair. McLean High School band will play Thursday; and Canadian High School band, Friday.

The Top o' Texas Chapter of SPEBSQSA will put on a program one night before the bandstand.

Pampa Roping Club will stage a matched rodeo at 8:30 p. m. Thursday, and the supreme quarter horse contest will be held Friday night.

The Southwestern Public Service Company will furnish the PA system throughout the show. Pampa Model Airplane Club will put on flying exhibitions each evening in front of the grandstand. The exhibitions will be free to the public.

Quarter horse races will take place Friday and Saturday afternoon in front of the grandstand in the main arena. Thus far six races have been scheduled each afternoon three purse races and three matched races.

2 Men Enter Guilty Pleas

Two pleas of guilty on two different charges were entered in County Court today before Judge Bruce Parker, both involving traffic violations.

Earl A. Dunn, Canadian, changed his plea of innocence to a plea of guilty on a reckless driving charge and was fined \$100 and costs by Judge Parker.

Dunn was picked up by Highway Patrolmen four miles east of Pampa on Aug. 2. The following morning he pleaded not guilty before Judge Parker and was released on bond.

Judge Parker accepted a plea of guilty by Delmar C. Walsh, also of Canadian, for failing to stop and render assistance following a minor auto crash here Sunday night.

A fine of \$50 and costs was handed down against Walsh by Judge Parker.

The crash occurred in the city limits of Pampa Sunday night, but there were no injuries and damage was moderate.

Force Hears of Chief's Quitting

Official confirmation of the resignation of Chief of Police Louie Allen was made at 3 p. m. yesterday by City Manager Dick Pepin in a short meeting with the Police Department.

Pepin told Acting Chief J. O. Dumas to have the force assembled in the Corporation Court Room for the meeting.

In a few short words the city manager told the policemen: "Louie has resigned and I am appointing J. O. Dumas as acting chief. I hope you will give him the same cooperation as you did Chief Allen."

ATOM

(Continued From Page 1) the manufacture of the atomic bombs used in Japan.

At that time it is set forth in a recent report by President Truman, they shared their information. British scientists participated in the production of bombs at Los Alamos, N. M., in the later part of 1945 and in the operation of some of the principal plants at Oak Ridge, Tenn. British and Canadian scientists consulted American experts of the metallurgical laboratory in Chicago on the design of an atomic energy plant which they later built in Canada.

The elder Williams was born in Dubuque, Iowa, and had lived in and around Wichita for the past 50 years. He is survived by his wife, Alice, and by three sons and two daughters.

G. E. Williams left Pampa today to attend funeral services scheduled for 10 a. m. Thursday in the Wichita Cathedral.

CURRENCY

(Continued From Page 1)

percent, approximately the same as Britain's, today in a Wichita, Kan., hospital after an illness of about a year.

The Labor government in Britain closed its ranks for the fight of its life. Parliament is due to meet next week, on the demand of Winston Churchill and other opposition leaders. Labor unions everywhere, gold was the toast of the day. One reason: the U. S. government buys gold at \$35 an ounce, paying U. S. dollars. That means exporting countries, in getting U. S. dollars, can turn them into more units of their devalued local currencies than they could before. So gold producers stand to get more.

Exchanges in Rome, Milan and South Africa shared the excitement.

In Moscow, economic observers believed the Soviet ruble will retain its present relation to the dollar. That will be Moscow's way of saying that its ruble is as sound as U. S. coin.

The pound's worth was set at \$3.08 in Canadian funds. Thus the effect was to benefit Britain, since the pound would have been worth only \$2.80 if Canadian dollars had remained at par with U. S. dollars.

Over almost all the world, gold was king—and the U. S. dollar grew mightier.

Father of Pampa Man Succumbs

Edward Williams, 86, father of G. E. Williams, 825 N. Wells, died at 4 a. m. today in a Wichita, Kan., hospital after an illness of about a year.

The elder Williams was born in Dubuque, Iowa, and had lived in and around Wichita for the past 50 years. He is survived by his wife, Alice, and by three sons and two daughters.

G. E. Williams left Pampa today to attend funeral services scheduled for 10 a. m. Thursday in the Wichita Cathedral.

Ex-Pampan's Rites Held in California

Funeral services were held yesterday at Douglas City, Calif., for C. W. Bailey, former Pampan, who died Thursday of a heart attack.

He was employed by the City of Pampa 12 years before he moved to Douglas City in 1940.

Survivors include his wife, Maud, Douglas City; four sons, Anthony, Douglas City; Weldon and Clifford, Pampa; and Roy, Boston, Mass.; one daughter, Mrs. Clarise James, Long Beach, Calif.; and nine grandchildren.

Boy Charged With Rape, 4 More Held

BIG SPRING, Tex. — (AP) — Norman King, 18, was charged with the rape of a 16-year-old girl. Four other youths were taken into custody.

County Attorney Elton Gilliland said the charge was filed with Justice of the Peace W. O. Leonard. The girl said she was raped several times near here early yesterday.

STRIKES

will furlough about 15,000 shop and maintenance workers tomorrow; the Chesapeake and Ohio, 8,250; Baltimore and Ohio, 5,758; Reading, 1,000; Illinois Central, 130.

In Washington, government conciliators attempted to bring peace into the steel dispute before the end of the extended truce at midnight Saturday. CIO President Philip Murray said there will be a strike unless the steel industry agrees to accept a pension-insurance plan recommended by a presidential fact-finding board. Steelmen say workers should share the cost of insurance and pensions.

Although the CIO-UAW served Ford with a strike notice, there still was hopes of a peaceful settlement as union and company negotiators renewed bargaining talks in Detroit. Company and union spokesmen said some progress had been made since negotiations started last June 2. Ford was reported attempting to effect a settlement with a tentative offer of a company-financed pension plan.
