Many industry leaders had expected the hard coal mines to continue working since the operators have continued royalty payments. The anthracite pension fund is administered separately from the bituminous fund

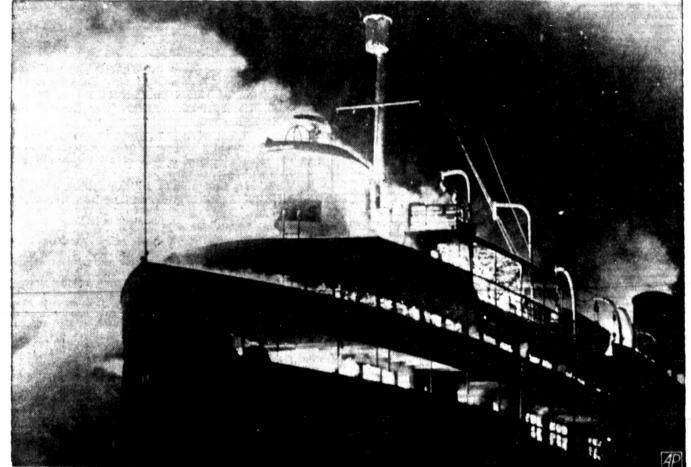

The United States Steel Corporation said all its coal mining operations in Pennsylvania, West Virginia and Kentucky were closed with 16,000 men idle. The steel corporation's mines have a daily production of 90,000 tons.

In Illinois, 145 UMW diggers at Glenridge did not change clothes for work after showing up. Some 1,500 in four major mines of the state's Perry County were not working.

The walkouts following weekend strategy meetings by UMW locals throughout the country began when 8,000 Wyoming and Utah miners marched from the pits. They acted soon after Lewis

A Business Without Advertising ls A

Perfect SET-UP...For Trouble

In times of easy-spending perhaps a business is able to get by without advertising ... although it is not a sound policy. As the public becomes more price-conscious the intelligent merchant steers clear of the rocks of bankruptcy by systematic advertising. It is not necessary for the small merchant to run large ads, in fact that extreme may end as disastrously as a nonadvertising policy; but, bear this in mind if you wish the customers to keep returning to your store, it is a good policy to keep your store name consistently before them - in the form of daily paper advertising.

By GORDON MARTIN He's a roaring, snorting zealot and a raucous bag of wind, and he's always quick to tell you how the rest of us have sinned. On the slightest provocation he will rise and start to talk, and the prize for noise and volume-he can win it in a walk. There's no way you can insult him and no point in getting sore, for nobody else is ever heard when Loudmouth has the floor.

He will give you pearls of wisdom in his brash and brassy way, he's the guy who knows the reason for the current price of hay. He is close to "informed sources" and his ear is to the ground, and you can't escape his yelling, 'cause they wired him for sound. He's an expert on all topics from the factory to the farm, he can point with pride or, often, he can view with much alarm.

A REPORT TO THE CITIZENS OF PAMPA:

With the close of the summer camping season and the beginning of the fall roundup, it is fitting that a report be made to the many hundreds of Pampa citizens who have so generously supported the Boy Scout program during the past year.

As officers and members of the executive board of the Adobe Walls Area Council, we hope this brief presentation will help you share our pride and satisfaction in a program of Scouting that is enjoyed by the largest number of boys in the history of Pampa. The service is made possible because of the unselfish service of the men and women who serve as Scoutmasters, Cubmasters, Explorer Advisors, Den Mothers and Unit Com-

Our sincere thanks to the institutions sponsoring Scout units. By providing leadership and meeting places, they are doing much to insure the success of our Scouting program. They are: First Methodist Church, First Baptist Church, First Presbyterian Church, First Christian Church, McCullough Methodist Church, Hopkins P-TA, Horace Mann P-TA, Lions Club and

Pictures on this page present some of the highlights of the past year. Through the generosity of the citizens of Pampa and other communities of the Adobe Walls Council, the new dining lodge at Camp Ki-O-Wah has been completed. The State Game, Fish and Oyster Commission is now building a 64-acre lake at the camp which will be available for swimming and boating.

More than 600 Boy Scouts and explorers enjoyed at least one week in camp at Ki-O-Wah, at the air encampment at Randolph Field or on the Canadian canoe trip. This will give the Adobe Walls Area Council one of the best camping records in the South-

The final goal of every Cub and Boy Scout is to achieve the Eagle rank. We are proud of the young men who have attained this highest rank in Scouting. We are sure they will be a source of inspiration to the thousands of boys who strive to follow in their To these thousands of boys we owe a real responsibility.

must provide a Scouting program that will challenge the best that is in them and offer the things they want to do. With the opening of the school year, and with the age change which makes it possible for a boy to get into the Scouting pro-

gram sooner, there will be even more boys wanting to enter one of the Scouting programs. It is the aim of your Boy Scout Council to serve every possible boy. From our experience in the past, particularly during the past year, we feel sure that each of you will continue to give your support to a program that teaches the boys of Pampa to join in

'On my honor I will do my best to do my duty to God and my country and to obey the Scout law—to help other people at all times—to keep myself physically strong, mentally awake and

Man Gets Shot To Sustain Him

CANADIAN - A youthful World War II veteran, Bill Kendricks, was taken to the Veterans Hospital at Amarillo Saturday by the Stickley Bros. Funeral Home ambulance for treatment of an undiagnosed malady.

Kendricks was a newcomer to Canadian and his previous residence and trade were unknown. During the trip Kendricks all out died, and the ambulance driver took him to Pampa Hespital where he was given a shot sustain him over until he reached Amarillo.

Dr. Rush Snyder who treated Kendricks said he was suffering from an "undiagnosed case," but said he appeared to have fainting

spells. The ambulance first stopped at the Pampa Fire Station to get directions and an escort to Pampa Hospital. After Kendricks was given the shot the ambulance continued its journey.

LOWER DOLLAR PRICES

NEW YORK — (AP) — Lower dollar prices around the world are looked for today as an early major result of the weekend devaluation of foreign currencies. Still more countries may have to follow the devaluation parade which began last night. The devaluation means the dollar prices of goods produced in these countries could fall a maxi-

Laycock Back From Eight-Day Meeting

Huelyn Laycock, county superintendent of schools and council commissioner of the Adobe Walls Area Council, returned vesterday from the Philmont Scout Ranch near Cimarron, N. M., where he participated in an eight-day Wood-

badge course. Woodbadge courses evolved out of the British Boy Scout Association's Gilwell course, which was 10-day training course given to all Scoutmasters. The courses were started by Lord Baden-Powell. Thirty-three Scouters from Texas, Kansas, Nebraska, New York, Yowa, Wyoming, Oklahoma, Missouri, New Mexico, Montana and Colorado participated in the Woodbadge course by camping out for eight days up the Rayado River. The course was the eighth held

in the United States. After completing a written test on the work accomplished at camp, Laycock will present to the leaders of the Adobe Walls Area Council nfaterial learned at the meet-

Alice Faye Says No More Films By HOWARD C. HEYN

HOLLYWOOD — (P) — Alice Faye, as fetchingly blonde as ever and as slim as a model, says Phil Harris will be the movie star in their family from now on "I'm happy to be doing just exactly what I've been doing for four years," she said at the Fib-ber McGee and Molly cocktail party the other night. What she's been doing since the fall of 1945, when she completed "Fallen Angel," is being Mrs. Harris, housewife and mother. And for the Faye-Harris radio season, she is Mrs. Harris on the air also. "I owe the studio one picture, but I'm never going to make it— or, I think now, any other pic-ture," she said. "Harris is going to be the family's star. He has just finished 'Wabash Avenue,' and he's wonderful. No. I haven't seen it, but I know he's wonder ful. It's in color and, boy, does that wavy hair look good

Cyclops With Two Spines Sets Zoologists Agog

WOOSTER, Ohio - (NEA) -The cyclops experts are all agog over what Andy Weaver found in

A cyclops is a water flea, a microscopic animal that flips through the water on its antennae trying to get away from the

That is what Weaver found, and the reason water-fleaologists are so excited is because the one he discovered is a species that nobody thought existed before outside of North Carolina. What is more, it is a new form

of the species, a matter of little interest to a hungry fish but of great importance to zoologists. Weaver, who is 22 and a senior at the College of Wooster, began dabbling in zoology nine years ago when his uncle gave him an old microscope. His discovery has convinced him he is in the proper and he'll begin graduate

work in entomology next sum-

When he took his cyclops apart under the microscope, it didn't resembly any of the species he'd read about. He sent it to Dr. E. Coker, a cyclops specialist at the University of North Carolina. It was just like a species Dr. Coker previously believed was confined to his state, except that Weaver's water-flea had two spines on its foot, instead of one
