BLOWS AT REDISM **FORECAST**

WASHINGTON - (AP) -New blows against commuism inn Europe and the Far East were forecast by diplomatic authorities today. They viewed these as coming from the cold war strategy talks now building to a climax

The conference which Secretary State Acheson began with British Foreign Minister Bevin Tuesday is being widened today to include French Foreign Minister Robert Schuman.

Top subjesct for discussion on the three-power level were believed to range widely. They include development of the new Western German state, a review of negotiations with Russia for an Austrian treaty, exploitation of the split between Yugoslavia and Russia, and the erection of Far Eastern barriers against the spread of communism outside

On this last point, Schuman said on his arrival at New York last night that military advances by Communists in the Far East are 'very serious for France and the rest of the world." He said it is necessary "that we find a solu-

County Pays Rent On Vacant Office

WACO - (AP) - The county commissioners discovered they have been paying rent on an office which had not been used since April 1, 1944.
They found out when P.

Malone, rental agent, asked the commissioners this week for more rent for the office in a downtown building.

No one told him the office wasn't being used, Malone said.

Do You Really Want to Take Off That Ugly Fat?

Recently there has been a number of new reducing preparations on the market, some of them based on the diet and vitamin "plan." It is obvious that vitamins will not reduce the body weight, so one must depend on diet to reduce. But it is also obvious that one cannot go on a strenuous diet over a protracted period, and any weight lost will be restored

in a different way. Ask any well stocked Texas druggist for four ounces of Barcentrate. Mix with 12 ounces of grapefruit juice and take two tablespoonsful twice a day.

This preparation contains nothing

harmful and the makers agree to refund your money on the very first bottle if it does not show you the way to lose ugly fat and help regain slender, more graceful curves.

Barcentrate is low in cost and is not based on the diet and vitamin "plan." You need never know a hungry moment while reducing with Barcentrate.

member that teachers are so illinformed that I have not been able for a couple of years to find a single solitary teacher who would attempt to harmonize tax supported schools with the Commandments or the Declaration of Independence on the condition that he is required to answer each question without taking up the time with long speeches. The man who believes in the American way-a definite lim ited government,-is always willabout the proper functions of govso confused that they dare not even try. The man who believes in a definite limited government knows that no subdivision of the government like the board of education has a right to initiate force against the kind of education the majority believes in. He can and will answer each question on the subject in a minute's time.

It seems, when one analyzes the unemployment subject, that teachers who are so confused that they are afraid to talk publicly on the subject where they are obliged to answer questions, so cripple and so dwarf the mind of the child that when they grow up they too believe in government interfering with a free market which is the

The Doghouse

By GORDON MARTIN When McGinley built a house for dogs, he had in mind the days when the quail would fly from cover in the golden autumn haze. And he thought a pair of hunting dogs would fill an urgent need, and that shelter should be had for pointers highly pedigreed. So he bought himself some lumber and he set to work with glee, and he never did imagine that his wife might not agree. Now it seems the little woman took a dim and

nasty view, of his plans for building housing for his canine retinue. And she thought 'twas mighty funny that repairs around her house were completely overlooked by her construction minded spouse. She remarked with pointed feeling that the kitchen needed paint, and priority for stupid dogs was more than passing

And to pounding old McGinley it just never did occur, that the little woman thought he thought more of his dogs than her. But at last the builder realized the error of his ways, and he wondered who it was who said the woman always pays. Then McGinley gathered up his tools and put them on the shelf, and he opened up his doghouse and moved right in himself.

NAVY PLANE COMBINES JETS AND PROPS—This is the Navy's new patrol plane, the Martin P4M-1 Mercator, first shown to the public at the Cleveland Air Races. The aircraft has four engines but looks like a twin-engine model. Two standard gasoline engines are used for normal flight and the two jet engines, housed in the same nacelles, are used for extra bursts of speed. The Mercator is capable of speeds over 300 miles per hour and carries a load of 80,000 pounds.

'Mere Male' Says Women's Clothes Should Fit Personal Architecture

By HAL BOYLE
NEW YOUK — (P) — A mere male came up with an answer to what's wrong with the way wo.

Bedcape Time men dress.

The answer is "They are dictated to," said Charles le Maire. "They accept too much dictation as to what they should wear.

Le Maire is in a position to do a little dictating himself. As wardrobe director for Twentieth Century-Fox films, he runs a staff of 200 clothes experts. They have the pleasant chore of fitting lace and fur pretties to girls like Betty Grable, Jeanne Crain, Dorothy McGuire, June Haver and Maureen O'Hara.

But the clothing of film stars is designed to their own personal architecture. This isn't rtue of the average woman.

Le Maire, a designer himself. said the biggest mistake most women make is to follow blindly the dictates of fashion oracles or to try to pour herself into a certain type of dress merely be-cause it looked good on a department store mannequin.

"A girl shouldn't pay any attention to what she hears of Paris styles," he emphasized.

"She should think first of her own shape, and dress to it. If her figure doesn't go with what she wants to wear, then she should change her shape.'

Le Maire has only a weary sympathy for gals who think they can achieve a pencil silhouette with a tight corset.

"The excess flesh has to go somewhere," he sighed. "It has to go either up or down, forward or go either up or down, forward or the budget too! Crochet this charm-

This, he explained, is why there are so many girls around who look like they have either a front or a rear bumper.

Pampa Rotarians yesterday were given about 25 minutes of "skull practice" from Harvester football Coach Tom Tipps covering various plays from the "T" formation.

Tipps, using a blackboard, illustrated several running plays and emphasized the increased head work needed in present day football by the linemen.

The Harvester mentor in his chalk talk brought out the point tha' boys in the line today must sh w just as much brain as brawn on the gridiron. He recalled the days when a lineman was regarded as just a big dumb boy and the backfield man as having to have the brains. He illustrated his point with descriptions on the

Before making his talk, Coach Tipps introduced each of the Harvester players individually who were scattered around different tables with club members. Coach Aubra Nooncaster opened the program with some antering remarks on new rules, especially the one that permits a to use only ten men the field. The following guffaws clearly showed how many Rotarans saw last Friday's game with North Dallas.

Nooncaster also explained that there will be 16 A districts this year instead of the 14 last year that forced two teams to draw into "bye's.

A letter of invitation to the Pampa Rotary from the Lubbock Rotary was read by President Jack Sullivan asking the club to attend a chicken barbeque being held by the Lubbock club as an inter-city and inter-club social. Main speaker will be Gov. Thomas J. Mabry of New Mexico.

It was also announced the club would sponsor a queen at the Top o' Texas Fair beauty contest. Farris Oden reminded the club of the special polio foundation
