

Plans Made for Local Phase Of Campaign for Polio Funds

Hundreds of letters will be going out in the next day or two, announcing to people of this area that a nation-wide emergency fund-raising campaign is being conducted by the National Foundation of Infantile Paralysis.

Gray County general chairman is Ben Ogden, local businessman and Kwanian. The county chapter's Board of Directors announced his appointment.

There is no quota in the drive, but an urgent appeal is being made for funds. National Foundation President Basil O'Connor said in a radio address Wednesday night that the funds were necessary to cope with an expected 40,000 cases this year. If such figure is reached, it would be greater by 10,000 cases than the all-time high epidemic year of 1916, he said.

One hundred seventy-eight Tex-

as counties this year have reported a total of 1,684 cases. Already, 70 state chapters have been advanced \$417,000 by the National Foundation, according to Ed Stewart, Abilene, state March of Dimes chairman.

The national drive lasts through Sept. 15. The national goal is \$14,500,000 and the state goal is \$600,000.

Contributions in Gray County, as in all other counties of the nation, are to be sent to the post office, either here at Pampa or at some other postoffice in the county.

Address contributions: Polio, Post Office, Pampa, Texas.

The Gray County board announced that county funds are just about gone, even though \$110,000 was raised in the March of Dimes drive the first of the year.

The reason for this depletion of funds, Chairman Ogden announced, is that many old cases are still being treated, and must be treated for another year or two in some instances.

This year's incidence has been added to that expense. Eleven diagnosed cases have been reported in this county this year, although not all of them have been treated at the expense of the chapter. But some of last year's cases are still being treated. (See PLANS, Page 10)

Britain Must Sell Goods For Dollars

WASHINGTON — (AP) — Sir Stafford Cripps declared today that the "only satisfactory solution" for Britain's economic plight is to sell enough goods for dollars to become self-supporting.

Britain's chancellor of the exchequer made that statement in a speech prepared for a National Press Club luncheon.

Indicating British acceptance of American advice to streamline selling techniques, he said that "on the question of exports to dollar markets, I believe that there is a most urgent need for more intensive salesmanship."

Sir Stafford pictured the solution of his country's economic crisis as essential for the coordinated political and military strength of the west in its struggle with communism.

He said that Secretary of State Acheson and British Foreign Minister Bevin have made "remarkable progress" toward building the Western political and defense structure but added:

"All this progress will be in vain if we fail to provide a sound economic basis for these combined efforts of the free democracies."

The twin themes of Cripps' address were hard work for the British people in their struggle to live on their income and hope for success in the British-American partnership.

400,000 Less Jobless in Past Month

WASHINGTON — (AP) — Further improvement in the unemployment picture is expected this month. This would reinforce August's 400,000 decline in the number of jobless men and women.

Officials predicted also that the July setback in industrial production will be wiped out completely when the Federal Reserve Board issues its August index.

Government economists were cautiously optimistic in appraising yesterday's report of the Census Bureau. It showed that civilian employment rose to 59,947,000 last month.

That was tops for 1949, although almost 11,300,000 below the record total of a year ago.

The tally of jobless meantime dropped to 3,689,000 at mills, mines, stores and business houses absorbed workers. In July unemployment was 4,095,000, highest since 1942.

One highly placed economist said the significance of this showing should not be exaggerated, but we have certainly pulled away from the downward spiral which has prevailed since last fall.

Secretary of Commerce Sawyer agreed, in guarded language; he saw evidence of a "leveling-off," and declared: "We are in a fundamentally sound economic position, continuing our economic advance."

Democratic and Republican spokesmen in the Senate disagreed with each other. Senator Lucas (D-Ill.) the majority leader, proclaimed there is "now no reason to believe that the recession" the GOP floor leader, Senator Wherry (Neb.), felt that the 400,000 drop in unemployment was "too small to be regarded as a reliable index."

"I think the general situation remains about the same," Wherry told a reporter.

Lucas had no reservations. "The great consumer buying power of the country again is making its way forward," he said.

Vacationists Fight Blaze At Resort

KING CITY, Calif. — (AP) — Forty vacationists, turned fire fighters when trapped at beautiful Tassara hot springs resort, were safe today but still surrounded by uncontrolled flames.

The wind-blown fire last night periled inhabitants of the scenic mountain valley 20 miles west of here and destroyed a two-story stone hotel building and about 15 of the 35 cabins.

Several hours after a caretaker reported the flames yesterday, the fate of the hotel occupants had been in doubt.

Late last night Forest Ranger Henry Branagh and Jack Curran, a U.S. fire control officer, reached the resort. They drove through half a mile of still burning woodland. Stopped at a burn-out bridge, they walked the rest of the way through smoldering brush and reported by radio all were safe.

Curran said Actor Phil Terry, owner of the resort, had organized vacationists into a fire-fighting brigade to fight the flames. He said none was hurt and all were calm.

Curran found Terry's car abandoned on the road leading into the resort. The actor, away when the fire started, apparently walked to some scene in his car.

The vacationists may have to remain at the hot springs until late today. Curran said the kitchen had not burned and could be used to feed them and hummed.

Businessman Mike Doesn't Understand

BALTIMORE — (AP) — Flushed with the success of his week-long "business venture," nine-year-old Mike Pearce today was getting set to go to work in earnest with a newly painted shoeshine box.

Mike disappeared from home a week ago. When he showed up yesterday, he had a pocketful of silver and a present for his mother — a \$2.75 camera.

It seems Mike's mother had been talking all summer about wanting a "really good" camera. So he decided to do something about it.

He went out to the Municipal Airport and, with the backing of some airlines clerks, set himself up in business shining shoes. The money came rolling in. Mike blew himself to some comic books and ice cream.

He made a dollar the first day and decided to sleep in a truck at the airport, which was two miles from home, until he accumulated enough money to surprise his mother with the camera.

What with outlays for such necessary items as more comic books and more ice cream, it was a week before he could buy the camera.

When a policeman finally escorted Mike back home to his worried mother, she broke into tears.

That was something Businessman Mike couldn't understand. She had her camera, didn't she?

L. C. Gomillion Dies at Borger

L. C. Gomillion, prominent Mason and oil company executive of Pampa and Borger, died at 11:54 p. m. yesterday in the North Plains Hospital in Borger.

He was superintendent of the Laurel Oil Company's operations in the Panhandle and had lived in Borger the past several years. He was 49 years old.

Gomillion was a past patron of the Pampa chapter of the Eastern Star, a member of the Royal Arch Masons of Pampa, and a member of Lodge 18, AF&AM, El Dorado, Ark. He was also a member of the Methodist Church.

Funeral services will be held at 2:30 p. m. tomorrow from the First Methodist Church in Borger, and graveside services will be held in Fairview Cemetery, Pampa. Burial is under the direction of the Blackburn-Shaw-Brown Funeral Home of Borger.

All Pampa Masons have been requested to attend the graveside services here at approximately 3:30 p. m.

Gomillion came to Pampa in 1926 and lived on an oil lease west of town for many years. About nine years ago he owned and operated the city bus line. After the war, he lived for a short while in Shamrock and then moved to Borger.

Gomillion is survived by his wife, Lou E.; by one daughter, Miss Celia Ann; and by two brothers, Mac of Wichita Falls, and Davis of Beaumont, Texas.

Election Set on Consolidation

A special election has been called to vote on the consolidation of Webb Common School District No. 21 and Lefors Independent School District. Huey Laycock, county superintendent of schools, said.

The election will be held Saturday, Sept. 17. F. H. Browning will serve as election judge at Webb while Bill Watson will supervise the election at Lefors.

Ministers for Revival Changed

A sudden illness has required a change in ministers for the revival meeting at Harrah Methodist Church that begins next Wednesday, the Rev. E. C. Armstrong, pastor of the church, said at noon today.

The Rev. Martin McBreyer of Dalhart, originally scheduled to conduct the meeting, is in St. Anthony's Hospital in Amarillo, where an operation may be necessary to relieve the sight of one eye, Rev. Armstrong said.

The Rev. L. C. Morrison of Channing will take McBreyer's place.

The services will begin Wednesday and will last until Sept. 25.

Little Hope Held for Averting Scheduled Railroad Stoppage

11 States to Be Affected

WASHINGTON — (AP) — A government official said today "we still have hopes" of averting a strike scheduled for mid-afternoon on the Missouri Pacific Railroad.

Frank Douglas, member of the National (railway) Mediation Board told a reporter: "We have hopes — rather vague hopes I'll admit — that the walk-out can be averted."

Douglas was keeping in close touch with officials of the four railroad unions involved in the dispute.

ST. LOUIS — (AP) — The Missouri Pacific Railroad flashed a red light to all its trains today, preparatory to a strike set for 2 p. m. (CST).

The last passenger train to start a scheduled run on the 7,000-mile system was the Sunflower, which left Kansas City for St. Louis at 1:20 a. m. (CST).

An embargo on freight service has been in effect since Tuesday. About 5,000 operating employees are scheduled to strike.

The railroad serves 11 states. Hundreds of towns and thousands of industries will be affected. Some industries have already been hit by the freight embargo.

Last minute efforts to stop the strike were made in Washington, but there was no indication it could be averted.

President Truman said yesterday he was doing everything he could, but added that the government had exhausted nearly all its authority in such cases.

An embargo on passenger, mail and baggage service became effective early today. Some long-distance trains, however, were not expected to complete their runs until after the strike deadline.

In addition to the 5,000 operating employees, a spokesman for the road estimated that 80 or 90 percent of the Missouri Pacific's non-operating personnel have received layoff notices.

Battling Constable Will Hit City of Houston Again Today

HOUSTON — (AP) — Houston's one-man anti-gambling campaign Constable Dale Richardson of La Porte plans another series of marble machine raids today.

Yesterday, the cowboy-attired peace officer visited numerous Houston taverns and cafes and hauled away 25 one-ball machines to a warehouse. He said he would be back today.

"I did it all to protect the school kids," Richardson said. "I don't want to see them spending their lunch money on these gambling devices. That's what I call marble machine malnutrition."

Richardson got a moral boost from the Rev. J. M. Kemp of Houston's Central Baptist Church.

"I think the constable is doing a fine work," said the minister, who was among the thousands who watched Richardson at work.

After giving operators of the machines until noon yesterday to "put the tables under wraps," Richardson started his performance on schedule. He was accompanied by two deputies, Roy Maux and Gaylor Noble.

A third deputy tagged along as a bodyguard. "Just call me Deputy X," the 200-pounder told reporters.

Police estimated that at least 5,000 spectators snarled downtown traffic while watching Richardson. Police Sgt. W. Boem threatened to give the La Porte constable a ticket for double parking.

Traffic was delayed further when someone took the ignition keys from the cattle truck which Richardson used for transporting the machines. "It took the truck driver half an hour to find another set of keys."

But the confusion did not bother the big blonde raider. He brought his attorney along to see that everything was legal.

"Dale's been well briefed," said Attorney Robert T. Grammer. "There's not a thing wrong with this operation."

Richardson began leaving his

Harvesters Hold Rally

The first Pampa High School pep rally of the 1949-50 school year was held at the Harvester Stadium this morning in preparation for tonight's big game.

Class elected cheerleaders yesterday at home room meetings. The six cheerleaders elected will assist head cheerleader, Peggy Hukill, with the yells and songs at all Harvester games this year.

Elected from the Senior Class were Cherie McDaniel and Bobby Jack Phillips. Junior elected Eulaine Ellis and Bob Allford. The Sophomore and Freshman cheerleaders named were Linda Frazer and Sharon Barton, respectively.

The Harvester Band, the cheerleaders and the entire student body seemed to be full of pep this morning during the rally. They plan to keep the High School's school spirit at its peak during the forthcoming football season.

Mrs. Mabel Torvie again this year will sponsor the cheerleaders.

Salesman Shoots Wife and Self

HOUSTON — (AP) — An auto salesman shot his young wife to death and then took his own life here early today.

Mrs. June Stebbins, 25, was dead when officers arrived at a rooming house.

Her estranged husband, Melvin Stebbins, 32, died a few hours later in a hospital, without regaining consciousness.

Police did not uncover a direct cause for the double shooting, but a close friend of the couple said they separated three days ago.

Investigation In Death Closed

BOSTON — (AP) — An investigation in the death of a Texas draftsman was closed today with a medical examiner's verdict that she was killed accidentally in a stairway fall aboard the liner Excalibur at sea.

Shortly after Dr. William J. Brickley announced his finding, the body of Adrienne Atwell, 20, of Dallas, was placed aboard a plane and accompanied home by her parents, Atty. and Mrs. Webster Atwell.

Robert M. Willard, 21, also of Dallas, who was injured in the draftsmen's fall last Saturday, was reported in "satisfactory" condition at Peter Bent Brigham hospital.

As Atwell died from a fractured skull and intracranial hemorrhage three days later, Willard suffered head injuries.

Miss Top o' Texas to Be Selected Sept. 28

"Miss Top o' Texas," the queen of the Top o' Texas Fair, will be selected in a contest at Recreation Park on the night of Sept. 28.

The Publicity Committee of the Chamber of Commerce has selected Mrs. Dick Pepin, wife of the city manager, to serve as chairman of the contest which is open to unmarried women from 18 through 25 years of age.

Contestants must not have been previously married.

There will also be a Junior (or Princess) Division of the contest, and a queen will be selected in the 16-17 year bracket. The winner of this contest will be awarded a diamond-studded wrist watch.

Both contests will be judged by a three-man panel from a town outside of the competition area. The contests are open to all young women in the Top o' Texas area, which includes all towns in Northeastern Panhandle.

Winner of the Miss Top o' Texas contest, which, along with the other contest, will be held in connection with the Top o' Texas Fair, will be the official queen representative of the Top o' Texas American Royal Livestock and Horse Show at Kansas City in October. Her expenses and those of her chaperon will be paid. American Royal has given official sanction for Pampa to conduct the contest, through the Chamber of Commerce.

A queen of American Royal will be chosen, and the Top o' Texas queen will compete for this honor.

In addition Miss Top o' Texas will be presented with an 18-inch statue, properly engraved to signify her victory. The watch and the statue will be furnished by the Top o' Texas Fair Association and the Chamber of Commerce.

Entry deadline is midnight of Sept. 24.

It was announced that contestants in both the Miss Top o' Texas and Junior (or Princess) Division contests will be sponsored by individuals, organizations, or firms if they so choose. The committee is working on a list of prospective sponsors.

A special stage setting will be built to present the contestants. An orchestra will furnish music, and there will be a nominal admission.

All contestants will be dressed in evening clothes.

The following rule will apply in judging for both local contests, it was announced. The rule says that "the contest is not a beauty contest in the ordinary sense, but one that requires, in addition to beauty, charm, poise, intelligence and personality. The basis of judging in local contests, consequently, shall be as follows: A. 40 percent for charm and personality, consideration being given to education, social attributes, accomplishments and talent."

An entry blank is printed in today's issue of The News. It may be used by both divisions of entries. Further information concerning the contest can be being given to education, social attributes, accomplishments and talent."

SALERNO—SIX YEARS AGO TODAY

By HAL BOYLE

NEW YORK — (AP) — Six years ago today Italy was surprised by the greatest tourist influx in history.

A number of German visitors were already there. And they weren't surprised. They were on the beaches—waiting.

The reaction that followed is known as the battle of Salerno. It is one of the real milestones of the second world war, marking the first joint British-American landing on the continent of Europe.

It opened a disheartening campaign that became a long bleeding wound for the troops who fought in this "forgotten war."

And the keynote was set at the moment of landing. American Navy vessels had withheld their softening fire against land targets, hoping thereby the assault troops would catch the Germans unaware.

But an enemy reconnaissance plane had sighted Allied convoys the day before. When the infantry groups advanced through mine belts the Nazi 16th Panzer Division was in position, all guns firing.

The Germans quickly massed four other divisions around the beachhead. And for five stubborn days of around-the-clock fighting the Allies fought to keep from being thrown back into the sea. And there were many—high officers among them—who thought that would happen. Wise men slept with their clothes on.

I landed with a group of Air Force engineers whose job was to follow quickly after the first infantry groups and build an airstrip for American fighter bombers.

We camped behind a British battery on the beach. That night German counter battery fire landed in our position and killed some men. The next night we bunked in an appli and an airplane German plane found us with flares. (See SALERNO, Page 10)

City Approves Addition Plat

The City Commission yesterday afternoon approved the Parkside addition plat, the same plat approved last week by the County Commissioners' Court.

The Solomon Addition, in the northern part of town, was annexed to the city by ordinance, the ordinance passing as an emergency measure.

This was the same addition the commission refused to approve of three weeks ago because of a short street. The street was removed from the plat and it was passed by the commission.

Mayor C. A. Huff gave the commission a short offhand report on the discussion between Sen. Clinton Anderson (D-N.M.) and officials of Texas Panhandle cities interested in the proposed Canadian River dam. His report was given to education, social attributes, accomplishments and talent."

Monthly bills were approved and ordered paid by the commission before they adjourned at 4:15 p. m.

Boat Case Is Settled

District Judge Lewis M. Goodrich yesterday granted full title and possession of a 1948 Ventnor Motorboat to Bert A. Howell following a cross action by an attorney against W. A. Wallace.

Wallace had originally filed a suit against Howell for possession of the boat but Howell's attorney recently filed a cross action of foreclosure for the balance due on the craft.

Attorneys for both plaintiff and defendant signed the agreed judgment yesterday giving Howell the boat and cancelling all outstanding payments.

This morning the Court granted a divorce to Jackie Barrett from Foy Barrett on charges of cruelty. Mrs. Barrett was awarded custody of her minor daughter and a support order of \$25 per month. They were married in August, 1944 and separated in July, 1949.

Attorneys for both plaintiff and defendant signed the agreed judgment yesterday giving Howell the boat and cancelling all outstanding payments.

Mason Probe Continues

ALICE — A special grand jury investigation into the slaying of crusading Radio Commentator W. H. (Bill) Mason continued here today with no indication when it would end.

Mason was shot July 29 in his last broadcast he charged that Sam Smithwick, 60, then deputy sheriff, owned the property on which the Rancho Alegre, a night spot, was located. Mason charged that loose women frequented the night spot.

Smithwick is charged with murder in the death of Mason and is being held without bond in the Jim Wells County Jail. Smithwick has pleaded innocent in an examining trial.

Yesterday, the grand jury recalled Mrs. Viterbo Flores, who had been heard on Wednesday. She and her husband operate the Rancho Alegre.

The jury also heard seven other witnesses yesterday.

Town to Clean Up Orphanage

ALBUQUERQUE, N. M. — (AP) — Albuquerque will remake St. Anthony's orphanage between dawn and dark tomorrow.

Lands and buildings of the 80-acre farm will get a bright new 1949 facial. For 150 little boys to whom St. Anthony's is home, it will be a big day—a farm in a day.

More than 800 workers are expected to remodel and revitalize the farm lands along 14 state scientific lines. New crops will be planted and new irrigation ditches dug.

For more than a quarter of a century, Roman Catholic nuns have operated the home for waifs of the Southwest.

The remaining den started with farmers along the banks of the Rio Grande where St. Anthony's is located. It spread and became a community project.

Drive backers sought men, money and materials. They got all three. Labor unions, supply houses, contracting firms, individuals, business organizations and civic groups will participate.

Supervisors Keep Foods Plant Going

SHERMAN — (AP) — Supervisory personnel are keeping the Mrs. Tucker's Food Plant operating during the second strike in two weeks yesterday.

The strikers are members of the CIO Oil Workers Union.

The controversy involves seniority, status of trainees and re-transfer of workers. Recently the union accepted a wage raise of 7½ cents an hour.

Church to Begin Spiritual Life Crusade Soon

The Rev. H. A. Longino, pastor of the Higgins First Methodist Church, has announced that his church will begin a spiritual life crusade Wednesday evening, Sept. 21.

The crusade will continue through Oct. 2, with services each day at 8 a.m. and 8 p.m. The Rev. Longino said he has secured the services of Dr. Frank L. Turner, evangelist of St. Worth, Dr. Turner, for 15 years, was a pastor in Central Texas. He served at Hamilton, Ballinger, Cisco and Fort Worth. In 1938, he was elected to the presidency of McMurry College, which he held for nearly four years.

In 1942 he resigned his position to enter the field of evangelism. He was appointed a general evangelist at the following annual conference. During his current work he has held about 125 meetings in five states and nine annual conferences. He has held meetings in both small and large congregations.

The public has been invited to attend the services at Higgins.

Revival Slated for Harrah Methodist

A revival meeting will be held at the Harrah Methodist Church, beginning at 7:30 Wednesday evening, September 14. The Rev. F. M. McBrayer of the Pine Street Methodist Church, Dalhart, will be in the pulpit.

The public has been invited to attend the services and hear the Rev. McBrayer who is much in demand as a revival minister.

The hours for services will be 10:30 a. m. and 7:30 p. m.

The Rev. E. C. Armstrong is pastor in charge.

First Methodist Women's Groups Meet for Luncheon, Study Period

The Women's Society of Christian Service of the First Methodist Church met recently for a 10 o'clock luncheon in Fellowship Hall, with Circle Five in charge of arrangements.

The tables were decorated with garden flowers. Mrs. Charles Shelton presided over the register, which was signed by approximately 85 members and guests.

Mrs. R. J. Epps gave the invocation, and music was furnished by John Branson during the luncheon. Mr. Branson also accompanied his sister, Miss Jamie Branson, as she sang "How Long Will Thou Forget Me."

Mrs. M. E. Cooper, program chairman, spoke briefly of the theme for the year, which will be "Christ Jesus Himself the Cornerstone." The group sang "My Faith Looks up to Thee," and Mrs. R. D. Lane gave an inspiring devotional. Mrs. M. E. Cooper explained "The Meaning of Faith," and Mrs. R. W. Campbell spoke on "The Good of Our Faith." Mrs. Carlton spoke on "The Christian Way," and Mrs. Sam B. Cook on the subject, "Our Faith in Salvation." Mrs. Cooper concluded the discussion on "What Methodism Stands for."

Mrs. E. W. Shotwell, president, presided over a short business session and introduced Mrs. E. L. Campbell, the newly elected secretary of children's work. Members of Circle Six were introduced, and the chairman, Mrs. Raymond Harrah, mentioned that 11 of her 17 members were present for the luncheon.

Circle Five won the attendance count with 15 members present. Year books for the following year were sold to the members present, and after the various secretaries had reported, Mrs. H. H. Boynton dismissed the group with prayer.

Mrs. Hettie Carter of San Gabriel, Calif., and Mrs. Ethel Reynolds of Rosemead, Calif., have been visiting Mr. and Mrs. D. A.

Psalms Reflect Faith of Atomic Age

By WILLIAM E. GILROY, D. D.
Jesus and His disciples were thoroughly versed in the Old Testament Scriptures. The Old Testament was their Bible, and Christ declared that He had not come to destroy, but to fulfill.

The quotations from the Psalms in the New Testament are many and varied, but there is to be found a special interest in tracing and indicating certain parallels, which constitute New Testament enrichments.

Read the 23rd. or Shepherd Psalm, then turn to the 10th chapter of John, and read of the Good Shepherd. Here, the Lord who is the shepherd is personified in the Christ, who actually gave His life for the sheep. The Psalm comes to its richest experience and fulfillment in the gentle, loving Master, who made the supreme sacrifice, in a love that could not fail, or rest, while one sheep was lost, though ninety-nine might be safe. The Parable of the Lost Sheep is a part of the shepherd story.

Next to this, the most striking parallel between the Psalms and the New Testament is in setting alongside the 46th Psalm the closing verses in Paul's eighth chapter of Romans.

The 46th Psalm might be expressive of the faith that we need in this atomic age. Apart from all outward differences the times and situation out of which that Psalm came are remarkably like our own.

In the words of the atomic bomb, and the threat of its use in war, discounting all the worst predictions of what might happen, we know that a peril of dire destruction has settled down on peaceful communities that hitherto had little to fear. Vast cities might be wiped out with little recovery or survival.

That, in a way, was precisely the situation of the man of faith who wrote that Psalm. The idea

WARREN'S BAYLOR GRID ATTACK WILL BE THROUGH AIR, NOT ON GROUND

By Warren Mac... News Sports Editor

QUESTION: What player went to bat only twice in a World Series game and his batting efforts resulted in five putouts against his team?

"THIS YEAR IT'S GUTS!"

So reads a sign in the Pampa Harvesters' dressing room at the High School. It is a daily reminder to the boys that they are going to have to put out all they have to overcome their lack of size and experience. Tonight they get their first opportunity of 1949 to show how much that sign has impressed them as they tackle the big west North Dallas Bulldogs at Harvester Park at 8:30.

The Harvesters are going into that game further handicapped by injuries. One of the first string linemen, Eddie Scheig, has come up with a sprained arm that will keep him out of the game and out of action for some time. Elmer Wilson, little scabback, is slowed down by a charley horse that keeps him from operating at top efficiency.

We wouldn't attempt to predict the outcome of this game. We know all too little about the calibre of material the Bulldogs have, other than that they are big and fast. But it is a Conference school, and strange as it may sound, the City Conference schools are not inclined to be as tough as some AA teams because of the fact they are so split up.

And we also know all too well what a question mark the Harvesters are this season. They undoubtedly will be Green, and they could also be Gold. Time will tell. The team has all kinds of the right spirit. They have two of the best coaches in the area to tutor them. They have as good a plays as any other school, they run from the T formation, as the majority of schools are doing. The rest is up to the boys.

The Harvesters are fortified with three good passers in quarterbacks Carroll Smith, Dick Cook and DeWay Cudney. Smith held down the signal calling job the last half of last season when Lamar Lively was injured. Dick Cook is a capable replacement, with Cudney a good looking but inexperienced Sophomore.

The Harvesters ends a rugged Wilcher, Allison, Parker, Nolan, Martin, McPherson are all boys who don't like to be run around or run over and they should give some uneasy moments to opposing teams this season.

But the center of the line is where the trouble lies. How consistently the opposition will romp over that spot at will, or how often they will be stopped is where the Harvester's big question mark is. If the center of the line, from tackle to tackle, can hold up and offer some sort of a gloomy, things might not be as gloomy as at first suspected.

The backfield shouldn't present any problem. It is well fortified with experienced and speedy backs. But what good is that type of a backfield if there is no line to afford some protection and keep the opposition from spilling the ball carrier before he can get started.

The Harvesters' hopes this season appear to be resting with the green linemen and how well they can perform under fire. If they produce, it will be a good season. If they don't, it will be dark.

Tonight we will get our first indication of which it will be. GOOD LUCK, HARVESTERS!

IT'S TIME THAT Pampa had a Quarterback Club to help support the football team. Attempts have been made before to start one, but have failed. This is probably the only AA school in the state that doesn't have one backing it. So, in order to find out how much interest there would be in such an organization, if the interested persons would drop either a card or a letter to Warmup, or phone me from 11 a. m. to 1 p. m. Saturday afternoon at 666, or see or phone Jim Arndt, perhaps such a club could be organized in time for the second game of the season a week hence.

AND ANOTHER NOTE to get out to the sports fans is that the Golden Gloves boxing season isn't too far distant and the fighters have no place to train. The sportatorium is no longer available so the fighters are in

(This is another in a series discussing Southwest Conference football prospects)

By RALPH V. RATLIFF
WACO — (AP) — You can expect a rain of footballs every time Baylor plays this season.

One of the most dangerous aerial games in the country is brewing as the Golden Bears get ready to plunge into the 1949 Southwest Conference campaign.

Baylor bulges with veterans who will have trouble keeping their jobs before the onslaught of a talented Sophomore class.

The Bears have the guns to swirl to a championship after 25 years, most of them quite lean indeed. Coach Bob Woodruff can't hide his optimism. He expects a good season but, of course, wouldn't dream of predicting a championship.

"The Southwest Conference race is so close one of the best teams in the country could lose four or five games," he warns. "Look at last season. There were three tie games the last week."

Offensively Baylor should be much stronger. Last year the Bears had a great defense but while on the attack were a spluttering machine. "But you can't figure the thing out," Woodruff mused. "Year before last we gained more than 2300 yards and won five while losing five. Last year we couldn't come close to that yet we won six, tied two and lost three."

The bright prospects are the quarterbacks — three Sophomores to augment the regular two of Adrian Burk and Hayden Fry. Larry Isbell of Houston is due to play a lot of football this season despite the presence of Burk and Fry. Isbell is the kind of passer and all-around football player the coaches dream about.

The other Sophomore brights are Marshall Alford of Brownsville and Robert Reid of Houston. Alford has 25 lettersman and 13 touchdowns. There are 22 Seniors in that group of 38.

Baylor has great punting — Burke and Alford; a top goal-

kicker — Henry Dickerson, and an excellent running game built around Dudley Parker, who already has three varsity letters.

Parker played in the first two games of the season last year, then was out the rest of the season with a broken leg.

They think at Baylor that Parker, if he remains sound, will be one of the best running backs in college football.

A Sophomore will be one of the ends because Harold Riley, a veteran wingman, suffered a broken leg playing touch football.

Woodruff doubts he will play any this year. If so, it will be in November. Riley works out daily although he has the leg in a cast, doing whatever exercises he can under the circumstances.

Stanley Williams, who comes from Claco, is due to be at Riley's wing spot when the season starts. J. D. Idson, Senior letterman, will be the other end. There are six letterman ends including Riley.

Three lettermen are back at tackle. They are Wesley Roberts, Clark Heltonius and Rupert Wright. Steve Dowden of Odessa and Ken Casner of Waco are bright Sophomore prospects.

Only two letterman guards return but both are Seniors and both are among the best on the league. They are Don Mouser and Charles Stone.

Three lettermen man the center of the line. Huge Gene Huebner, who thinks Baylor will be much stronger and who was a top contender for all-conference honors last season, heads the line. Danny Cochrane and Hall Attaway are the other two.

Burk, who will be one of the best punters and passers in the section, is the quarterback stand-by. Halbacks will be Parker and Frank McKinney, Senior letterman, with Junior letterman Frank Boydston at fullback. Jerry Mangum, already boasting three varsity letters, will divide time with Boydston.

Aggies' Stiteler One College Grid Coach Unworried Over Job

COLLEGE STATION — (AP) —

Harry Stiteler is a college coach who can go through a season without winning a game and not be seeking other employment.

Stiteler is the fellow who was given a \$1500 raise in salary after the team lost its sixth straight game last year.

Talk to Dick Hervey, executive secretary of the Texas A&M College Association of Former Students, and E. McQuillen, who formerly held that post and still hears from many of the 20,000 exes, and be convinced that Stiteler is sitting mighty solid in Aggieland.

Harry doesn't even have a contract. He didn't ask for one last year when he was picked to succeed Homer Norton as coach of the downtrodden Aggies. All Stiteler wanted was to become a member of the A&M faculty — to teach football.

"The ex-students association is well-pleased with what Stiteler has done," said Hervey. "They know he had no material for a winning team but they also know he gave what he had, a fighting spirit that never could be downed. Those boys came back after every defeat last season to fight like they were winning all the time."

The Aggies lost one game by one point three by six and included in their accomplishments was a great battle with Southern Conference champion Southern Methodist. The Methodists

beat A&M, 20-14, but really had to hump to do it. McQuillen had this observation of Stiteler: "He came to A&M as one of us. He didn't claim to be a big shot. He was the first A&M graduate ever to be head coach. He didn't want to tie us down with a long-term contract. He chose to sink or swim on his merits. Of course, he must win eventually but he has no worry about it now. He could go on for several years without a winning team. So long as the exes know he's doing the best with what he has they'll be satisfied."

Kilgore, Gladewater Win in East Texas

By the Associated Press

Kilgore and Gladewater slugged their way to two game advantages in the east Texas League's Shagnessy Playoff.

Gladewater went two up on Paris last night, winning the second game of the series, 5-1. Kilgore beat Longview for the second straight time, 4-3.

The Drillers and Texans take a night off tonight, but Paris moves to Gladewater for the third game of the best four-of-seven series.

A walk, error and Nick Gregory's single gave Kilgore its winning run in the last of the ninth inning.

Longview had tied the score the top of this frame on a pinch single by Pop Faucett and a triple by Alex Balais.

Lesly Loyko doubled home two runs for Gladewater in the ninth and then moments later L. D. (Little Dutch) Meyer's two bagger scored two more.

Last Man to Beat ND Tells How to Do It

By DALE BURGESS

INDIANAPOLIS — Gather around Paul D. (Tony) Hinkle and he'll tell you how to beat Notre Dame's football team.

Hinkle, athletic director at Butler University, coached the Great Lakes team which inflicted its last defeat on a Frank Leahy-coached eleven, Nov. 27, 1942, by a score of 19-14.

"It's a simple formula," says Hinkle. "All Notre Dame has is a great school. So to beat the great coach, great material and Irish, all you need is the same combination.

"Then get yourself a permanent spot on the Irish schedule. They'll have less years (for them, and they'll have close games. Winning or tying the close ones is what makes Notre Dame teams so great—but they can't win 'em all."

Hinkle, whose Butler teams don't play Notre Dame added as an afterthought that it also would be helpful to have Notre Dame's tradition, "with every kid in the country willing to give his right arm to play on your team," and the university scholarship system that takes care of musicians and superior students as well as athletes.

When it comes to providing the plays needed to beat the Irish, Hinkle is no help at all. He says he would have to put in several months studying the current Notre Dame squad and the squad that was expected to do the beating.

For what it's worth more than five years later, here's how Great Lakes gave Notre Dame its only beating of 1943: The Sailors made two touchdowns on the ground and trailed the Irish by one extra point, 14-13, with one minute and eight seconds to play. Great Lakes started on its 35-yard line and picked up 20 yards on a pass.

Then Steve Lach passed to Paul Anderson for the winning touch-down. Notre Dame tried to pass in the last 30 seconds and Emil (Seven Yards) Sitko intercepted.

Sitko had played freshman ball at Notre Dame and returned there after the war to become a stand-out power runner. That suggests another aid in defeating Notre Dame — raid its squad.

Butler played Notre Dame a couple of times in the 1920's with unfortunate results. Since then Butler has preferred to meet the Irish in basketball, where they compete on even terms.

Hinkle, still lean and fast moving as a halfback, was pasting play diagrams together when a reporter asked if he'd like to play Notre Dame again.

The idea so unnerved the former U. of Chicago athlete that he passed a sheet on backwards.

Aggies to Play Wild Open Brand of Ball

COLLEGE STATION — It's a

rootin'-tootin' wide-open type of football parlor game, you'll be seeing from the Texas Aggies this season.

With only a week of workouts behind his youthful club, head mentor Harry Stiteler is ready to admit the Farmers are not apt to set any defensive records in 1949.

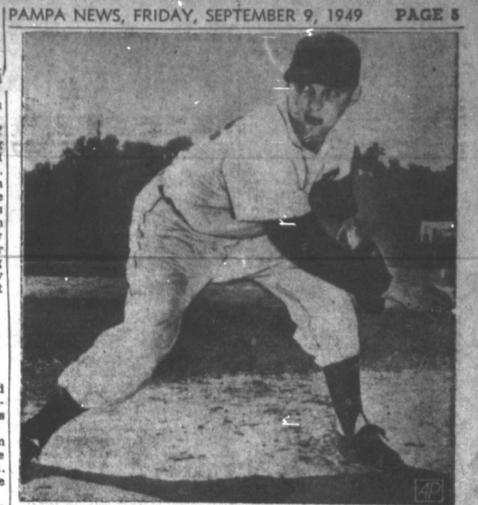

We'll throw caution to the wind," said Stiteler. "Sure we'll gamble—plenty. We'll have to if we expect to win because we certainly aren't figuring on having a stout defensive team."

With swiftness like Gary Anderson of Freeport, Charley Royalty of El Paso ready for backfield duty, Stiteler may do all-right with his "outlast 'em" plans.

The Aggies don't have any passers who are apt to erase the records of Sammy Baugh, Glenn Johnson, Glenn Dobbs, Stan Heath, et al. But in wily little Dick Gardemal of Port Arthur, tall Delmer Sikes of San Antonio, seasoned Jimmy Cashion of College Station and fast improving Don Nicholas of San Angelo, the Farmers have pitchers who may connect on a touchdown toss now and then.

So don't be surprised if you hear the Aggies raved up in a 26-21 victory—or lost a game by a similar score one of these Saturdays. The first "scoring battle" may come here the night of Sept. 17 against the Villanova Wildcats.

Looks like lots of fun ahead!

PITCHES SECOND NO-HITTER—William Wint Connelly, right-hander with Toledo in the American Association, pitched his second no-hitter at Swains Field, Toledo, Tuesday night, Sept. 6, as Toledo beat Louisville 5-0. His first no-hitter was in 1947 when he was playing for Savannah, Ga., in the Sally League. (AP Wirephoto)

Middlecoff Promises to Pick Up Ground in Kansas City Tourney

KANSAS CITY — (AP) — National Champion Cary Middlecoff, trailing 52 players, vowed today he was out to pick up ground in the \$5,000 Kansas City Open Golf Tournament.

Middlecoff, who practices dentistry between his busy schedule of tournaments and exhibitions, found himself eight strokes off the medal pace set by Dick Metz, of Arkansas City, Kan., Dave Douglas, of Newark, Del., and Bill Mathews, of Kansas City. The three turned in first round 68s.

Five others also had 70s. They were Earl Jacobson, Laredo, Texas; E. E. (Bus) Peele, Bethel, Kans.; Bill Nary, Los Angeles; Otto Greiner, Baltimore, Md.; and Tom Talbot, Kansas City, a 11 hilly strip yesterday.

Middlecoff is here on a \$500 guarantee, according to tournament Chairman Bill Sanders. The hot-maker said he was unaware at the start that he had any "sure pay" coming.

He started today eight strokes off the medal pace set by Dick Metz, of Arkansas City, Kan., Dave Douglas, of Newark, Del., and Bill Mathews, of Kansas City. The three turned in first round 68s.

Both Middlecoff and tournament officials declared a misunderstanding was responsible for the U.S. Open titlist's announced intentions of withdrawing after he had failed to conquer the hilly strip yesterday.

Conservation, World Problem

THE STEADY exhaustion of the world's natural resources in the face of mounting population drew a lot of attention last year, largely because two extremely readable books on the subject were published.

How to protect failing resources and develop new ones still does not command, however, the time and thought it deserves in parliaments and cabinets throughout the world.

None of these attempts tried to deny population growth or the dwindling of resources in soil, timber, minerals and the like.

With the staggering potentialities of atomic energy on the horizon, it would be foolish to predict that the world will not be baled out of this tightening dilemma.

YET THE FEAR lingers that lost resources may never quite be matched. Many of the depleted materials were high grade, easy to mine or use, relatively close to population centers where they were needed.

The world will welcome all the benefits science can yield. But meantime lawmakers everywhere

Fair Enough - Pegler

By WESTBROOK PEGLER

NEW YORK — To citizens who desire to face the truth, I recommend frank acknowledgement of the fact that unionism is an enemy of labor and a corruption of government.

The decision that unionism is a menacing fraud calls for moral and intellectual courage. It will be very unpopular.

For all our educational plant, the majority of the American people still cannot see the true character of the union bosses we can easily see that these temptations to the fools are mere bait.

That is what an American does when he joins or is forced into a union. He subjects himself to a set of rules and a rule of brutal, dictatorial whims which very seriously damage the wondrous citizenship which the founding fathers wrought for all.

Anyone must see that this will occur, for otherwise the outlook is dark indeed. Osborne told the UN conferences of scientists that the world's population will soar from the present two billion to three billion in 50 years.

With the staggering potentialities of atomic energy on the horizon, it would be foolish to predict that the world will not be baled out of this tightening dilemma.

YET THE FEAR lingers that lost resources may never quite be matched. Many of the depleted materials were high grade, easy to mine or use, relatively close to population centers where they were needed.

side of the story. The pro-Chiang bloc in Congress and the Chinese embassy lobby in Washington — one of the most effective in town — by the way — will make hay with that.

CONGRESSIONAL arguments over whether to give the Nationalist government more money and more military assistance, along with the North Atlantic Pact countries, must be listened to in full.

Finally, the State Department's new treaty of experts to study the new China policy — Ambassador Philip C. Jessup, Dr. Raymond E. Fosdick of Rockefeller Foundation and Dr. Everett Case of Colgate University — must be heard from.

Controversy over the White Paper has, however, raised one basic question which must be answered soon. Can China or any part of it be saved from the Communists by further financial and military aid?

Senator Knowland of California and others are talking about \$200,000,000 more money and a U. S. military mission of 500 officers to advise the Nationalist army.

Both of these positions may be maintained by citations and direct quotations from the White Paper's documents. Both arguments are supported by taking passages out of context and referring to them alone.

wiped out. My trouble was, and I think the handicap of most people who have not yet seen the light is, that we carelessly assume that the unions are altruistic and beneficial to the so-called common man.

After I had read off the yellow dog clauses and other un-American iniquities straight out of these booklets, the chairman began to squirm.

The House Committee on Labor definitely did not want the record to show that unionism was inherently just the same old yellow dog system.

Rhode Island was the first state in the Union to build its own airport.

COMMUNIST guerrillas out of 80,000 square miles in Greece, how many Americans, how much money and how long a time will it take to clean 2,500,000 Communist soldiers out of more than 1,000,000 square miles of China?

But in the showdown these economic conservatives voted for public generation and distribution. Even Senator McCallister, although chairman of the Appropriations Committee which recommended the compromise, reversed himself in his floor vote.

But here it may be well to pause and give junior a simple little problem in arithmetic. If it takes a U. S. military mission of 450 officers and enlisted men, \$360,000,000 in money and over two years in time to clean 25,000,

Common Ground

By R. C. HOLLES

No Political Economy in Collective Bargaining.

I published a day or so ago a letter from Dr. Robert Sproul, president of the University of California giving the list of speakers the college had invited to discuss the subject of "The Economics of Collective Bargaining."

No man who knows enough about economics to be able to define terms to admit of no further questions would undertake to explain the economics of collective bargaining. The reason they would not is that there is no economics in collective bargaining.

There are trillions upon trillions of economic theories. If the University of California had a million ideas presented they would have to invite millions of speakers and then they would not have all the different fantasies and errors in the name of economic well-being of mankind is imposed.

The basis of economics is morals. Anything that is immoral and out of harmony with the axiom that no man or group of men have a right to initiate force against another man to get part of his property is uneconomic.

Mr. Johnson voted for an Olds confirmation in 1944, but he did so against his better judgment.

The name was up just after Mr. Roosevelt had given Stalin so many concessions at Yalta in the bargain under which Russia agreed to fight Japan three months after Germany's surrender.

Another friendly gesture, the War Department ordered destruction of all files on suspected subversives in the department. That move was blocked by Senator Styles Bridges of New Hampshire.

But if the theory of tax supported schools be right, where the most confused or the most stupid person has the right to be replaced by the selectors to choose the educators as the wisest man, then Dr. Robert Sproul is right in defending his right to employ radical labor leaders and radical New Dealers to teach in the schools.

news behind the news

WASHINGTON — President Truman will suffer another severe rebuke from the Senate unless he yields to strong pressure to withdraw the nomination of Leland Olds of New York.

When he arrived here, he was set to vote in favor of cloture because it was an administration demand. But the smart Southern boys said to him in effect:

Mr. Johnson voted for an Olds confirmation in 1944, but he did so against his better judgment. He responded to FDR's plea that he reject on the ground of the candidate's pro-Russian attitude would jeopardize relations with Moscow.

Another friendly gesture, the War Department ordered destruction of all files on suspected subversives in the department. That move was blocked by Senator Styles Bridges of New Hampshire.

New Cars--Mighty Snifty!

By GORDON MARTIN

There are many kinds of odors which are pleasant to the nose, like the scent of blooming lilacs and the fragrance of the rose. Or it's hard to beat the odor of a sizzling sirlon steak, or the scent of frying chicken and the pastry which we bake.

It's a mighty fulsome moment when your shining car arrives, and the dealer brings it open to show you how that baby drives. Then you open up the driver's door and ease yourself inside, and you're greeted by that brand new smell which spreads your nostrils wide.

And at first you roll the windows up to keep that new car smell, and you think about that awful day when newness says farewell. For the time will come when dust and dirt will make their presence felt, and that new car odor won't be there to lovingly be smelt.

Entries Close Today for Women's Golf Tournament

The Pampa Women's Golf Association met at the Country Club Wednesday morning at 9 o'clock for a regular business meeting.

There were 18 members present when the meeting was called to order on the veranda of the club. Minutes were read and a treasurer's report given, after which the coming tournament and events for the month were discussed.

Entries close today for the Annual Handicap Tournament of the Association. Pairings will be made Saturday and play will begin Monday morning, Sept. 12, and will continue through Wednesday, Sept. 14.

The annual three-day tournament for the Panhandle Association of women golfers will be staged at the Pampa Country Club on Sept. 20, 21 and 22. Golfers will be entered from the six clubs making up the Pan-

handle Association, Amarillo Country Club, Ross Rogers of Amarillo, Huber of Borger, Phillips of Borger, Plainview and Pampa. Many valuable prizes are being donated by local merchants and the local club is expecting a good turnout.

The next business meeting of the Association will be held on October 12, at which time officers for the coming year will be elected, and this year's business closed.

After the meeting adjourned, an approaching contest was held, with Miriam Luedders winning in the first flight and Sally McGinnis winning for the second flight.

Faithful Workers Class Elects

SHAMROCK — (Special) — The Faithful Workers Class of the Shamrock Baptist Church recently elected the following officers for the coming year: Mrs. B. H. Walker, president; Mrs. Guy Lindley, first vice-president; Mrs. Herman Oldham, second vice-president; Mrs. Tom C. Birmingham, third vice-president; Mrs. Elmer Oldham, fourth vice-president; Mrs. Albert Oldham, secretary-treasurer, and Mrs. Claren Garrison, reporter.

Mrs. Harry Jones, outgoing president, presided over the business session, which was opened with a prayer by Mrs. Theo Parker, teacher of the class. The meeting was held at the home of Mrs. Albert Oldham. A picnic lunch was served.

Present were Meses. B. H. Walker, Preston Glasner, Bill Oldham, Harry Jones, O. Cunningham, Ruth Spencer, Tom Cunningham, Elmer Beckman, Elmer Oldham, Guy Lindley, Miriam Luedders, Mrs. E. Bradford, Albert Oldham, Odie Bradley, Robert Oldham, and C. W. Garrison. Special guests were Miss Pauline Rudy and Miss Maude Coffee.

'Substance' to Be Sermon Subject at Christian Science

"Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 11.

The Golden Text is: "Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him. But God hath revealed them unto us by his Spirit" (1 Corinthians 2:9, 10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning" (James 1:17).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God's thoughts are perfect, and eternal, and substance and Life. Material and temporal thoughts are human, involving error, and since God, Spirit, is the only cause, they lack a divine cause" (page 286).

Bridal Shower Is Given in Honor of Miss McCabe

SKELLYTOWN — (Special) — Miss Sheila Dean McCabe, bride-elect of Clotis Collins of Borger, was honored Tuesday evening with a bridal shower.

The fete was in the basement of the First Baptist Church, and was hosted by Mrs. J. L. Burba, Mrs. Clyde Horner, Mrs. J. R. Winkles and Mrs. E. Bradford. The bride's colors of red and white were carried out in decorations.

Addie Fern Lick presided at the bride's book, with Mrs. J. R. Wrinkle presiding at the punch bowl and Mrs. E. Bradford serving cake. Margaret Moran sang "Forever and Ever," accompanied by Billy Joyce Adams at the piano. There were 38 who registered in the bride's book. There were also many gifts received from those who were unable to be present.

Church Group Installs Officers

Mrs. Garvin Elkins and Mrs. R. C. West held installation of new officers for the Women's Missionary Society of the Church of the Brethren Tuesday afternoon in the Church Fellowship Room.

Those installed were: president, Mrs. R. E. Dial; vice-president, Mrs. Ray Burger; secretary-treasurer, Mrs. G. A. Maul; assistant secretary-treasurer, Mrs. Elkins; directors, Mrs. Ralph Byrum, Mrs. Cecil Hubbard, Mrs. Clara Gillis, Mrs. Ruth Hubbard, Mrs. Clyde Carruth and Mrs. Zeke Simpson. A dozen Christmas packages of clothing were prepared to send overseas. At the close of the program the hostess, Mrs. Ray Burger, served refreshments.

Others present were Mrs. Lottie Turcotte, Mrs. Allie Byrum, Mrs. Otis McClelland, Mrs. J. E. Martin, and one visitor, Mrs. Scott of Miami.

Venetian Blinds Long in Fashion

An integral part of modern decor, the Venetian blind is no recent innovation but has graced windows for many centuries. Manufactured in this country as early as 1770, Venetian blinds were the "latest thing" in Independence Hall when the delegates assembled for the "signing" in 1776.

Marco Polo is credited with introducing Venetian blinds. He returned to Venice from the fabulous East with a set of gold-inlaid blinds.

Texas Towns Seek Housing Units

WASHINGTON — (AP) — The Public Housing Administration has approved applications from local housing authorities in Austin, Brownsville and Corpus Christi, Texas, for construction under the new low-rent public housing program.

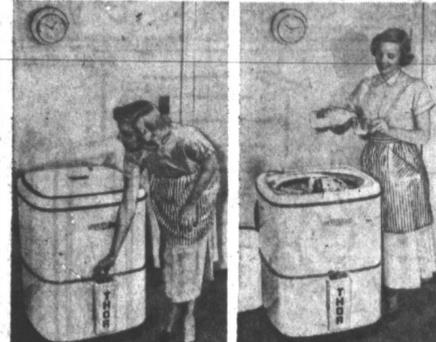

The Austin authority was allotted 825 units, Brownsville, 250, and Corpus Christi, 800. The three authorities have asked the following loans for planning: Austin, \$154,000; Brownsville, \$85,000; and Corpus Christi, \$70,000. The loans must be approved by President Truman.

Take Life Easy; Let Clock and Washing Machine Do the Work

1—Separate clothes according to washing color.

2—Bunch up clothes; put sashes and ties inside garments.

3—Clock watching saves time. Five minutes is average period for washing cottons. A flip of the dial starts rinse cycle.

4—Cottons are starched by pouring one cup of liquid starch into rinse water following 8-minute overflow rinse.

Today's housewife can keep her family's clothes looking fresh as a cool breeze without getting herself all steamed up over a hot wash tub.

Washington by the clock in an "automatic" clothes washer makes cottons and other fabrics come clean with a minimum of time and effort.

Washing time is cut down if the clothes are sorted first. White and fast colors go in one pile, since they require the same washing period, and dark and non-fast colors go together. While sorting, the housewife should shake out dust, take off non-washable trimmings, close zippers and empty pockets.

White cottons should be washed in hot water with soap or detergent for four to six minutes, then rinsed three times or eight minutes in an overflow rinse. The cottons can be lightly starched quickly and easily by pouring a cup of liquid starch into the rinse water following the overflow rinse. They should be dried in the sun if possible.

McKinney on Bridge

By WILLIAM E. MCKINNEY
America's Card Authority
Written for NEA Service

During the war the bridge players of the nation started the project known as War Orphan Scholarships, Inc. Each year the problem of the American war orphan becomes greater. The nice

response that we have received from colleges throughout the country is certainly pleasing to me. Many colleges have offered us scholarships of aid in providing educational opportunities for these children.

Each year the colleges hold their own intercollegiate national bridge tournaments and many of these groups have become interested in the scholarship work.

Geoffrey Mott-Smith, who is the director of the intercollegiate matches, said that today's hand resulted in a tremendous swing, many pairs being "wrecked on the rocks of distribution."

Most of the North players opened the bidding with a pre-emptive three-spade bid, which East doubled. Now East and West took an active part in the bidding until either North or South, thinking that they were taking a sacrifice or that they might make the contract, went to six spades.

The ace of hearts was opened, and then if East shifted to the ace of diamonds, he got the eight-spot from West. So a diamond was continued, won by West, and East was given a heart ruff.

At a few tables East tried to cash the ace of clubs, after the ace of hearts opening. Of course, North ruffed the ace of clubs, then picked up the trumps and all his hearts were good. These players made six spades doubled for a plus score of 1640, or a swing of 2460 points on the hand.

THOUGHT I'D DROP IN TO WATCH THE JITTERBUGS, LIVERMORE!

WELCOME, SIR! BUT I FEAR YOU ARE SOMEWHAT REARWARD OF THE TIMES!

JITTERBUGGING IS NOW GONE WITH THE DODO AND THE DINOSAUR. IN THE WORDS OF MASTER LARD, IT EXTINKS!

DANCING'S SLOWED DOWN, EH?

SLOW IS HARDLY THE WORD! WE NOW HAVE TO EMPLOY A SPECIAL ATTENDANT TO CLEAR THE FLOOR!

WAKE UP! THE MUSICS STOPPED!

Mutt & Jeff

YOU MEAN THERE'S NOBODY EXACTLY LIKE ME?

THAT'S RIGHT! THERE ARE NO TWO PEOPLE ON EARTH WHO ARE EXACTLY ALIKE!

WHAT ABOUT MY TWIN BROTHER JULIUS?

OH, PHYSICALLY HE MAY LOOK LIKE YOU BUT THERE IS SOME DIFFERENCE IN MIND, SPIRIT OR PRINCIPLES!

SO YOU SEE, JEFF, THERE IS NOBODY ELSE ON THIS EARTH WHO IS JUST EXACTLY LIKE YOU!

WELL, THAT'S GOOD!

THAT THERE IS NOBODY ELSE ON EARTH EXACTLY LIKE YOU!

Vic Flint

IF I GET THIS RIGHT, COMMODORE FARNUM, AND YOU WANT ME TO KEEP YOUR DAUGHTER'S BOY FRIEND OUT OF THE CLUTCHES OF A DESIGNING FEMALE, YOU CAME TO THE WRONG MAN.

IT'S REALLY NOT AS CRUDE AS ALL THAT, FLINT. LETTI IS GENUINELY CONVINCED THAT DEVILTRY IS AFOOT.

VISIT HALFWAY HARBOR AS MY GUEST, SEPTEMBER IS DELIGHTFUL THERE, AS FOR MONEY, YOU CAN WRITE YOUR OWN TICKET IF YOU DECIDE THE CASE INTERESTS YOU.

The Farnum home at Halfway Harbor.

AND VIC FLINT'S REALLY COMING? THAT'S WONDERFUL, DADDY-- I'LL MEET HIS PLANE!

Bugs Bunny

GREETIN'S, DOC, HOW'S ABOUT BUYIN' SOME SWELL...

WHATEVER IT IS, I DON'T WANT ANY!

BUT, DOC, THIS IS...

AN' DON'T SHOW ME YOUR JUNK... I AIN'T BUYIN'!

I'VE QUIT TRYIN' T' SELL YA ANYTHIN', DOC!

BUT I WANT YA T' TRY ONE O' MY FREE SAMPLES!

Priscilla's Pop

OH, BOY!! NEXT WEEK WE GO BACK TO SCHOOL!!

NOW THAT'S WHAT A MOTHER LIKES TO HEAR, PRISCILLA!

IT PLEASURES ME TO LEARN YOU'RE SO ANXIOUS FOR SCHOOL TO OPEN!

I SURE AM!

THAT MEANS ONLY IS MORE WEEKS TILL CHRISTMAS VACATION!

IT'S QUITE LATE, JAN, TRY TO—WELL, A CAR IS STOPPING OUT FRONT! THIS MUST BE SARA!

THANKS FOR BRINGING ME HOME, GIG. I HOPE YOU WON'T MENTION THAT I SAW YOU TONIGHT. JAN WOULD BE FURIOUS!

ALL RIGHT, SARA... BUT I STILL THINK YOU'VE GOT HER WRONG.

SHE IS WITH GIG! THERE CAN NO LONGER BE ANY DOUBT THAT SHE'S SEEING HER BEHIND YOUR BACK!

HOW TO PLAY CANASTA: 6

Use Two Decks, Four Jokers

By WILLIAM E. MCKENNEY
America's Card Authority
Written for NEA SERVICE
The laws of four-handed Canasta call for two regular decks of 52 cards each, plus four jokers...

If the up-card is a joker, deuce or red tray, it is removed from the box or tray and slid under the edge of the box or tray so that it is visible to all players...

McLean Enrolls 580 Students

McLEAN (Special)—The McLean schools started the fall term this week with an approximate enrollment of 200 high school students and 380 in the elementary school. Registration day was last Friday.

BRITAIN

(Continued from Page One) can-Canadian financial talks which opened here Wednesday. These talks, Cripps reported, "have opened in an atmosphere of mutual determination to bring some more permanent solution so as to avoid these recurring crises in the dollar-sterling relationship."

PLANS

(Continued from Page One) year's cases are still being treated, it was said. In his national broadcast, O'Connor said that all signs are that the epidemic is just about half over, although the Public Health Service in Washington reported a downturn in incidence of the disease for the second successive week.

FIRE

(Continued from Page One) dreeds of others being brought to battle the flames. Evacuation of some of the guests may be attempted by helicopter today. A helicopter was being trucked from Palo Alto, Calif., to the resort area last night.

City, County Join In Hospital Plans

DALLAS (AP)—The city of Dallas and Dallas County have agreed to join forces to build a 10 million dollar hospital system. The decision was reached last night at a joint meeting of the City Council Commissioners Court, City-County Hospital Board, Southwestern Medical Foundation officials and Chairman Dudley K. Woodward of the University of Texas Board of Regents.
