# New Jelephone Rates for Pampa

COMPANY SEEKS FIRST INCREASE IN 20 YEARS

new schedule of telephone rates, made necessary by high post-war costs of furnishing service and Pampa's rapid growth in recent years, was presented to the Pampa City Commission yesterday.

The proposed increases are:

\*Plus Federal tax of 15%.

Type of Service					sed Increase onthly Rate*
Business telephone.					\$2.00
Business extension .					.50
Residence one-party					.75
Residence two-party					, .75
Residence extension					.50
Rural business					1:00
Rural residence					.50
Rural extension	•	•	•	•	.50

Rural customers more 'han five miles beyond the base rate area also would pay a mileage charge of 25 cents for each five miles, or fraction thereof, beyond the base rate area. The new rates are less than two cents a day higher for residence service.

rivate-line business telephones will cost about 61/2 cents a day more.

The price of various auxiliary telephone services and equipment will be adjusted in relation to today's costs of furnishing them.

Also, a new residence four-party service would be introduced here. The rate would be 25 cents a month less than the new two-party rate.

#### 20-Year-Old Rates Result in Losses Here

The new rates are made necessary by high postwar level of costs of furnishing telephone service in Pampa. We are furnishing service here at less

No business can long survive and charge less for its products or services than it costs to furnish them. We cannot cut costs without seriously impairing the quality of service. The only solution is an adjustment of telephone rates—the first in Pampa in more than 20 years.

#### New Rates Needed to Put Operation of Pampa Exchange on Sound Financial Basis

The new rates will help put our operations here on a sound financial basis to justify the expenditure of additional large sums of money to furnish more and better telephone service for the people of Pampa.

We are glad that we have been able to furnish more and more telephone service in Pampa without increasing rates long ago

We believe our customers will agree that the increases we are seeking are moderate in comparison to higher prices of most other items in the family budget.

By RALPH W. GWINN Distinguished Member of Congress Lecturer and Author

ANOTHER STEP-SOCIALISM. Can employers be forced, by law, to pay higher wages than a man's can be sold for? A majority

of the House of the Lucas Bill that requires cer-

overtime-whether they are worth it or not. If workers can't get that the law compels them to remain idle and live on the taxpayers. That is exploiting the taxpayers to continue socialization.

Some workers, who are young or old, or slow, or beginners, make products that will sell for only 65 cents, some as low as 50 cents. To stop them from working altogether is the labor bosses' way of making more work for the rest, creating scarcity and again forcing up prices and the cost of living to all the people.
Philosophers and economists of

300 years ago had more sense than to enact such laws. John Locke wrote, in 1690, that "it is labor indeed that puts the difference of value on everything. If we will rightly estimate things as they come to our use, and cast up the several expenses about them, we shall find, that in most of them ninety-nine parts out of a hundred are wholly to be put on the account of labor." Sir William Petty, writing in the same era, said that "Labor is the father of Wealth." He realized then that the value of labor is derived from its product. So did Sir Josiah Child, another 17th Century economist, who told his readers that wage regulations (modern O.P.A.'s) were unwise.

A majority of the present House of Representatives think they can pull a rabbit out of the hat. That is, they say—as they did under O.P.A.—that wages and scales of living can be raised or lowered by just passing a law. They don't really think so. If they did, they ouldn't stop at 75 cents an hour. They would boost all wages to a minimum of \$2 or even \$5 an hour, by law. Then, everybody work, so they try to fool certain did when he negotiated the warworkers by telling them that certain employers must not hire anyone for less than 75 cents an hour.

## The Handy Boys

By GORDON MARTIN
There are men extremely handy fixing things that need repair, they can overhaul the plumbing when it goes off on a tear. They can patch up faulty plaster and refurbish aging floors, and they're every bit as handy easing stress on sticky doors. They win praises up and down the block because they never fail, like the clumsy inept. husbands who can't even drive a nail.

Now there's guys who just can't manage to serform a household chore, and most everything they try to fix is worse off than before. Where craftsmen do it easy, these poor bunglers act like bums, and instead of expert fingers they employ a lot of thumbs. They're in awe of concrete sidewalks that the handy boys have poured, for such jobs depress the fellows who can't even saw a board.

They can be the best providers, do their jobs without reproof. but they're helpless as a baby when they have a leaky roof. They may speak their words with grandeur, put their thoughts on paper, too, but a noisy, dripping faucet really puts 'em in a stew. But there's one thing in their favor when they find the house a wreck they can sit and watch the workmen 'cause they still can write a

"50 or 60 acres in Vermont, where I was born." She's been living in Hope, Ark., and making the long trek from Arkansas to Vermont in a wagon. "I've been on the road better than three weeks," said Mrs. Lamear as she stopped near here

for a night's rest. "I've been traveling ever since our farm in Arkansas was sold at a county sale. Arthur, that's my husband, drove me and my children—that's what I call the animals - to Cairo, Ill., in a truck.

"He had to go back to Hope to take care of business. Then he was going to get on a bus and overtake me. I expected to meet him at the Indiana line, but we haven't seen each other

Mrs. Lamear, a 54-year-old woman in a faded blue cotton dress, recalled that she'd made the trip from Vermont to Arkansas in 1947 in another wagon. The one she's using now was a gift from Arkansas neighbors. Just outside of Cleveland, a policeman stopped her at the request of Humane Society representatives, saying that one of her horses looked sick.

"I told the policeman he'd look peaked, too, if he'd been struck by a copperhead, the way Happy was a while back," said Mrs.

Mrs. Lamear finds people-and especially policemen — are kind and hospitable. The officer who stopped her gave her oats for the horses. A blacksmith shod one of them. A housewife gave them bran. And a teenager gave them a supply of carrots.

At her feet, as she drives, are

## NEW LINOLEUM WILL GIVE YOUR KITCHEN A LIFT!

Dear Marge:

You wanted to know the secret of my lovely kitchen, and it IS lovely if I do say so myself.

Of course, I was lucky enough to get the finest linoleum in town at Monarch Hardware Co. I really think a big share of the credit should go to the wonderful linoleum mechanics at Monarch Hardware Co.

The linoleum fitted my color scheme perfectly, and it looks so nice and is so easy to keep clean that you'd hardly believe just how little time it takes to clean it.

My sink and counter tops are another thing. I can't help bragging about Monarch Hardware's fine stock of linoleum, splashback and all. They're so quiet and clean to work on and I hardly ever break or chip my dishes now that I have linoleum.

If I were you, I'd start right now to plan my new kitchen. In Monarch Hardware's Floor Covering Department you will find a grand selection of colors to choose from. Tell you what . . . measure your room and I'll meet you tomorrow at Monarch Hardware Co.

Sincerely,

Jane

THERE'S A PLEASANT SURPRISE IN OUR STORE FOR YOU WHEN YOU VISIT OUR SHOW ROOM. EVERYTHING HAS BEEN PLANNED FOR YOUR CANVENIENCE. CHOOSING NEW LINOLEUM IS A REAL PLEASURE WHEN YOU ARE AIDED BY OUR COURTEOUS AND WELL-INFORMED SALES PEOPLE.

## e as most of the boys are e as most of the boys are srienced. It is the first Senior sam the Coaching Staff has had un opportunity to handle four consecutive years, and we are hoping for a most successful season. A list of the lettermen not returning this season includes Huey Keeney, Nick Lanza, Jack McBride, Ed Parker. Tom Parsons and Manny Braden. The all-time football record of Rice is 180 wins, 144 defeats and 20 ties. NEW YORK - (AP) - It isn't a uestion of how many pitchers the Brooklyn Dodgers have been carrying this year, but a question of how many they have been dragging.

In other words, the Bums are battling the St. Louis Cardinals for the National League pennant not because of pitching, but in

Batting punch, fielding skill and a reckless speed on the bases have offset a mound staff made of straw to date, but whether they can do it in the stretch run is something else again. We are beginning to weaken on the idea the Dodgers will be taking the bows when the season ends.

We picked Brooklyn to win, figuring that if they still were in the race when September rolled around Branch Rickey would bring up some eager-beavers from the farm clubs for the stretch - kids whose zip and dash would discourage rivals weary from the tough campaign.

Now it develops that Rickey plans to do nothing of the sort. The Bums are on their own, he says, and whether they stand on their merits or fall on faces is strictly up to them. It could be an early fall.

At one time we thought it would be the Cardinals who would be looking around for a soft spot to land about now. With a vivid memory of their injuries and assorted ailments and shortage of reserves last year, we had the idea that history might repeat and the old pros would be held together by baling wire come

August.
The old pros, meaning such stellar performers as Enos Slaughter Stan Musial, Marty Marion and Red Schoendienst, not only decline to fall apart, but actually are getting stronger. They aren't so old in years, only in major league playing years. Not only are the Cardinal veterans enjoying excellent health,

TARGET OF PHILLIES' FANS -Umpire George Barr, shown last month as he turned his ire on a heckler, was the target for the day for Philadelphia Phillies fans at Shibe Park, Philadelphia in a rhubarb that caused the for feit of a game to the New York Barr called "a hit" what Philly players and fans insisted was an out. A barrage of pop bottles, over-ripe fruit and paper wads followed. After 15 minutes of this, Umpire-in-Chief Al Barlick gave the Glants But the pitching. Ah, that's where Eddie Dyer's team shines the second game of the double the Dodgers show only a header on a forfeit in the ninth inning. (AP Wirephoto)

SAN ANTONIO — (AP) — The City Council turned down an application for a second city bus company, but left the way clear for a change of heart.

The council denied the application by Sol Katz for a company to compete with the San Antonio Transit Company. But Mayor Jack White said:

Missouri Waltz No Favorite Here

ST. LOUIS - (AP) - Miss Margaret Truman let it be known she doesn't like The Missouri Waltz, recently adopted as the official Missouri state song. While changing trains here enroute from Independence to New York, she confided to reporters the new state song won't be in-cluded in her repertoire for a 25-city concert tour this fall.
'I don't care if I never hear

it again," she said. "It greatly overworked at every whistle stop during the campaign last fall.

#### Louisiana Leads In Tax Increase

WASHINGTON - (AP) - The Census Bureau reported that state tax collections in the last year amounted to \$8,300,000,000, a rise of 7.1 percent over the previous twelve months.

Louisiana led the list in tax increases for the period ending last June 30. Louisiana's state levies jumped 51 percent. Thirtynine other states showed increased collections. Louisiana state levies now are

the highest per capita in the nation, the census report showed.
