FARM NEWS

Cotton Crop Estimate Is More Than Market Requires

WASHINGTON—(AP)—The Agriculture Department forecast this year's cotton crop at 14,805,000 bales of 500 pounds gross weight each as of Aug. 1.

This estimate compares with 14,868,000 bales produced last year, and with a ten-year (1938-47) average of 11,306,000 bales.

Being larger than prospective market requirements, the crop foreshadowed a return to prewar production controls for the 1950 crop.

Supplementing this year's crop is a carryover surplus of about 5,600,000 bales from previous years' crops, a large part of which is held by the department under price support programs.

The yield of lint cotton per acre was indicated at 274.3 pounds, compared with 313.3 pounds last year and 254 for the ten-year average.

The condition of the crop on Aug. 1 was reported at 80 percent of normal compared with 85 a year ago and 75 for the ten-year average.

In an accompanying report, the Census Bureau said 297,843 running bales of this year's crop had been ginned prior to August 1. This compared with 258,972 ginned in the same date last year and 182,828 year before last.

The Aug. 1 condition of the crop, the indicated yield per acre and production, respectively, by cotton-producing states included: Missouri 84 percent of normal; 131 pounds per acre and 18,000 bales; Virginia 79, 337 and 25,000; North Carolina 79, 337 and 25,000; South Carolina 72, 289 and 22,000; Georgia 65, 187 and 20,000; Florida 192 and 18,000; Tennessee 81, 284 and 65,000; Alabama 71, 261 and 960,000; Mississippi 68, 276 and 1,600,000; Louisiana 70, 285 and 625,000; Oklahoma 74, 171 and 410,000; Texas 89, 211 and 4,150,000; New Mexico 80, 169 and 210,000; Arizona 96, 576 and 150,000; California 91, 651 and 1,000,000; Other states 423 and 7,000.

The indicated crop is 0.4 percent less than last year's production despite an increase of 14 percent in acreage. The department said unfavorable weather

Pitchfork and Haywagon Are Fast Disappearing

NEW HOLLAND, Pa.—The pitchfork and the haywagon today are fast disappearing from the American scene.

This year, with farm machinery in better supply than at any time in the nation's history, mechanized haymaking is spreading to every section of America.

Travelers will look far and wide to find an old-time hay scene this season.

According to George C. Delp, president of New Holland Machine Company, farm machinery subsidiaries of the Sperry Corporation, machines like the side delivery rake, automatic baler, forage harvester and field bale loader are being replaced by hand-hauled haymaking.

In 1929 only 14.5 percent of the country's hay crop was baled by machine. Last year it is estimated that upwards of 50 percent was baled mechanically.

Other mechanical methods of making hay forage harvesters and loose hay loaders, for example, are accounted for much of the remaining half of this formerly laborious hand work.

On the basis of recent years, 1949 will see approximately 75,000,000 acres of hay harvested, with a potential 100,000,000 tons produced. According to the U. S. Census of Agriculture for 1945, there were 5,859,169 farms with

Beef Farmer Is Presented Sire Formula

The man who raises beef cattle now can employ a scientific formula to select sires instead of trying to pick the best bull by eye.

With the new method, says Capt. E. F. Farmer, a beef producer can force a bull to prove his value while he is still a calf.

Even the smartest cattleman can't look at a young bull and tell how fast his calves will grow, or whether they will be wasteful or efficient in utilizing feed, points out a story in the farm magazine. A sire's hidden traits are more important than those that are visible.

The new progeny testing system was developed at the Range Livestock Experiment Station at Miles City, Mont. There are the steps necessary to prove a bull's value by the time he is 15 months old.

All calves are marked permanently by brand, and their birth weights are recorded. A second weighing is made when calves are weaned at six months old.

Bull calves go to dry lot immediately after weaning for a 136-day feeding period. Those that make the fastest, most economical gains from birth to close of feeding period are chosen as the ones that will prove the best sires.

Year after year, with surprising regularity, the bull that made the best record in his test, produces the most profitable calves.

One of the bulls at the Miles City Station, LIB Domino 2nd, would have passed unnoticed but for the progeny testing program, the story continues. He probably never would have been selected as a sire by a breeder who looks for show-type bulls. His steers

Mexico-U.S. Commission Ends Cattle Vaccination

MEXICO—(Special)—In a period just short of a year officials of the Mexico-United States Commission for the eradication of foot and mouth disease announced that 13,071,533 cattle, sheep, pigs, and goats, have been vaccinated once, thereby completing the first vaccination of susceptible animals within the infected zone of Mexico, (an area approximately the size of the state of Texas).

Commission plans call for two more vaccinations to be completed by Jan. 1, at which time veterinary scientists will make an evaluation of the program and will announce whether or not the campaign has any chance for success.

Constant inspections are maintained in areas where animals have been vaccinated and will be continued until the completion of the program.

Starting from scratch, with only 45,000 doses of vaccine produced in Mexico by June 30, 1948, production was increased until the present monthly figures are 3,200,000. If necessary 10 million doses can now be made each month.

At the outset of the program to eradicate foot-and-mouth disease in Mexico, the commission met serious opposition and resistance to the all-out slaughter method.

After 953,319 large and small animals had been killed and buried, public opinion on the part of ranchers and farmers was so strong against the only known successful method of eradication, that it had to be abandoned, and something else adopted instead.

This resulted in the Aleman-Ortiz Garza plan, which embodies quarantine, inspection, disinfection, extermination, wherever necessary, and vaccination. This program was announced and put into effect Oct. 12, 1948.

Following this new program, the veterinarians set out to vaccinate every susceptible animal within the infected area every six months. However, experience showed that the Mexican vaccine was producing an immunity for only four months.

Before first vaccination was completed there were 26 outbreaks of infection. As a result of these findings the program was changed to revaccination every four months. Over 55 percent of the area has been vaccinated for the second time, and third vaccination has been underway in some places for more than a month.

No infection has been found to date in second and third vaccinated areas; however, commission officials refuse to take this as an indication that the disease

3-Point Farm Plan Suggested

Production of farm products could be doubled within the next 10 or 20 years.

This is the opinion of Dr. Tober M. Satter, chief of the Department of Agriculture's Bureau of Plant Industry, who outlines in the Country Gentleman his 3-point plan for reaching that goal. He recommends:

1. Establishment of "pilot plant" farms where research results would be tested in combination with all other production factors before being passed on to the farmer. Satter believes farmers are now often confused by the variety and complexity of advice they get from specialists who do not fully understand over-all farm management.
2. Creation of a nationwide network of farmer-operated demonstration farms where research results would be further tested and observed by farmers themselves.
3. Establishment of a farm-management team in every county to assist all farmers in developing production plans.

Worker bees are females in which sex functions have not developed. Approximately 17,000,000 work days were lost in farm accidents in this country in 1948.

A Lesson from the Chinese

THE STORY is told that the Chinese pay the doctor to keep them well, and if they contract illness, the doctor pays them instead. Whether or not this story is true, the general idea is sound.

Serious illness often can be prevented by regular health examinations. Form a habit of visiting your doctor often—at least twice a year. If you do not have a family physician, we will be glad to recommend several from whom you can make your selection.

French New New Look Vs. U.S.'s Old New Look Scene on Fifth Ave.

By ED CREAUGH
NEW YORK — (AP) — Park your coats on that hitching post, gents, and let's amble down Fifth Avenue while the women folk are finishing their marshmallow sundae.

The big stores with the chromium-plated floorwalkers broke out a few million dollars' worth of female fall finery over the weekend, and you might as well see what you're going to get nicked for.

Pay no mind to all that fancy advertising. Here's what it boils down to:

The French New New Look is battling it out for the National Fashion Title with the American Back-To-The-1920's Look.

You should worry which one

wins. Either way, it's going to cost you.

This window here — that bunch of black fluffy stuff on the mannequin with her nose in the air: that's the New New Look.

Well, the hem hangs higher. Thirteen and a half inches from the floor. Remember that! You might be asked about it on a give-away program.

Also, the New New Look has something called a floating panel, not to be confused with floating power. The floating panel is a kind of misplaced bib. It hangs down from the waist, apron-wise.

Now then, in the next block, the New Old Look.

Gad, what memories it brings back—Cal Coolidge, the Charleston, Clara Bow, prohibition.

The tight, or hobble, skirt is back. Short, too—way up what we used to call the limb. And get that waistline, half-way down the hip. To say nothing of the baggy coat, John Held, Jr., style.

The tight, or hobble, skirt is back. Short, too—way up what we used to call the limb. And get that waistline, half-way down the hip. To say nothing of the baggy coat, John Held, Jr., style.

New Old Look or New New Look, you get the plunging neckline. And if it plunges before, it positively plunges now, gents. All the way down to—

Shall we—ah—join the ladies? Who says men can't understand female fashions?

Creamed Meat Dish

MENU

- Creamed Ham and Mushrooms
- Fresh Fruit Salad
- Hot Rolls
- Butter or Margarine
- Caramel Brownies

iced Tea MILK
Creamed cubes of ham and little button mushrooms, a delicious duet for a summer day. It's sensible, too, for besides keeping the family well fed you're using the leftover meat stored in your refrigerator.

It's a fact that leftovers can be of great aid in balancing your kitchen time. Buy a smoked shoulder butt, picnic, half or whole ham with leftovers in mind, and you can easily prepare this main dish with a minimum of time at the range. Just produce a medium white sauce, add the diced meat, a small can of mushrooms, grated onion and diced green pepper, and there's your main fare.

Cold, cooked ham is featured in this recipe, but other leftover meats, cold cuts or canned ready-to-serve meats offer a grand opportunity for flavor variations.

Clever Serving

For enticing the family to the dinner table these warm days try clever ways with serving. For instance, nestle the creamed ham and mushrooms in a bed of Chinese noodles. These noodles can be purchased at most grocery stores tightly sealed in cans. Wait until right before you're ready to serve, open the can and the noodles will be crunchy and a pleasing contrast with the creamed meat. Little noodle nests that come ready to serve are another idea.

Or skillfully serve the creamed meat on snowy white rice, slices of hot toast or in unusual corn meal trays. The servings can be individual style or on one large platter.

With creamed ham and mushrooms as the main dish, you'll need little else. Perhaps a fresh fruit salad, iced tea and for dessert be a bit different with delicious caramel brownies. Add hot rolls for the family that likes a little heartier meal.

Creamed Ham and Mushrooms
1-1/2 cups diced cooked ham
1-3 cup lard or drippings
1-3 cup enriched flour
1-2 teaspoon salt
Pepper
1-1/2 cups milk
1 small can button mushrooms
1 tablespoon grated onion
2 tablespoons diced green pepper
Melt lard or drippings. Add flour, salt and pepper, stirring until smooth. Add milk and cook until thick, stirring constantly. Add ham, mushrooms and juice, onion and green pepper. Heat thoroughly. 6 to 8 servings.

Jupiter, the largest planet moving around the sun, is more than 1300 times bigger than the earth.

Pittsburgh's six mountain-climbing railroads carry more than 2,000,000 fares annually.

Leslie Robertses Give Party Honoring Son and Fiancee

Mr. and Mrs. Les Roberts of Skellytown held open house Sunday, July 24, honoring their son, J. A. now of Ridley Park, Pa., and his fiancee, Miss Gloria Bullock, of Philadelphia, Pa.

Mrs. Roberts, J. A., and Miss Bullock were in the receiving line. Mrs. Walter Lewis Roberts, Pampa, registered the guests.

The refreshment table was laid with an ecru lace cloth and centered with a crystal bowl of white daisies floating in blue water. The names "Gloria and J. A." were inscribed in blue one white napkins, carrying out the bride-elect's chosen colors.

Out-of-town guests included: Mr. C. H. Boaz of Bellflower, Calif.; Mr. and Mrs. I. S. Lankford, Altus, Okla.; Mr. and Mrs. Vernon Boaz, Amarillo; Mr. W. W. Hughes and Barbara Jean, Kellerville; Mrs. B. R. Weaks and Miss Claudia Everly, White Deer; and Pampans, Mr. and Mrs. Ralph Sloan and Jerry, Mr. and Mrs. J. W. Lee, Mr. and Mrs. M. N. Osborn, Mr. and Mrs. Kenneth Lankford, Mr. and Mrs. Walter Lewis Roberts, Mrs. Earl New, Sr., Mr. Earl New, Jr., and Mrs. May Cude.

Others registering were: Messrs. and Mrs. Jess Broome, Frank Genett, R. W. Talley, Jimmy Hodges, T. C. Cofer and Betty Lou, Marshall Coulson, and Mmes. Edith Beighle, J. R. Wrinkle, Willis Denam, J. C. Jarvis and Joan, George Lewis and Rita Jo.

The wild pigs found on some Bahama islands are amphibious; they swim from island to island in search of food or to escape hunters.

As much as 10 tons of ice is required for a single railroad refrigerator car on a coast to coast trip.

To keep legs free of stubble this girl is using a new water-soluble depilatory.

★ WE, THE WOMEN
BY RUTH MILLETT
NEA Staff Writer

A recent magazine poll uncovered some interesting statistics on just how well house-broken the American husband is.

According to the figures thus brought to light 84.8 percent of the 2350 husbands who answered an American Magazine poll do the dishes with some degree of regularity. Fifty-three percent sometimes get their own breakfast; 38.7 percent know how to cook a meal, and 42.8 percent admit they scrub a floor now and then.

Now there's a report American women will probably read with even greater interest than the recent Kinsey report. At least, judging from the mail I get from wives, the number one complaint against husbands hasn't anything to do with sex or morals.

The number one complaint in my mail is that the husband is a no-good, lazy loafer around the house.

GENERALITY IS WEAPON
So I'm afraid the American husbands who don't ever lend a hand around home are going to have some statistics thrown at them.

The statistics will be tempting to women — there's no doubt about it. It's much more shaming to announce that 84.8 percent of husbands help with the dishes than to argue that John Smith always helps Mary. Cause Papa's retort to any specific case is: "Yeah, and look at him. How would you like to be married to HIM?"

But just in case the statistics don't shame a lazy husband into mending his ways, a wife ought not to let them make her feel she is suffering alone when she tackles a sink full of dirty dishes, without any offer of help, or drags herself out of bed to get a helpless husband's breakfast.

Let her take another look at those statistics. It says 84.8 percent of husbands do the dishes with some degree of regularity. Once a year on Mother's Day could be called some degree of regularity.

Fifty-three percent sometimes get their own breakfast. Probably when Mama is in the hospital having another baby.

Thirty-eight percent know how to wash up a plate? But how often do they do it?

As for those husbands who claim they scrub a floor now and then? Well, a floor can get mighty dirty when a husband's now a loafer.

So use the statistics on your husband. But if they don't impress him don't let 'em depress you.

NEW LOW-PRICED DODGE GIVES MORE FOR THE MONEY!

You could pay a thousand dollars more and still not get all the extra roominess... ease of handling... famous dependability of Dodge!

When you see... when you drive the new and exciting WAYFARER, you'll wonder at the comfort, the performance, the honest-to-goodness value that gives more for your money in this new lower-priced Dodge.

DURABLE LUKE APPLING BREAKS THE RECORD—Luke Appling of the Chicago White Sox goes to bat in the first inning of the Chicago-Washington game at Washington as he plays in his 2,154th game as shortstop, breaking the major league record of 2,153 games set by Rabbit Maravalle. Catching for Washington is Al Evans. The umpire is Cal Hubbard. Appling fled out to center-field on this appearance at bat. (AP Wirephoto)

Oilers Fail to Gold Sox Again, 5-4

Game-Tying Run Gets 7/8 Of Way Home in Last Rally

Don't miss tonight's game between the Pampa Oilers and the Amarillo Gold Sox. You don't know what you're going to see next.

Two feet last night meant the difference between winning and losing a ball game to Amarillo. Tooter Harper hit a ball in the last of the ninth that, if it had been two feet to the right or left, would have been a home run with a man aboard. As it was, the ball hit high above the fence, but on a light pole, for Harper's third double of the night.

But the hit appeared to score Dave Rolette with what was the tying run of the ball game. But again two feet made the difference. This time they were two feet belonging to Rolette, who stumbled midway between third and home plate. When he managed to scramble back to his feet he headed back to third base, only to find Harper chugging into that station with the winning run of the game.

Make Charles Favorite in Title Scrap

NEW YORK (AP)—Ezard Charles, heavyweight champion in 47 of 48 states, will try to win over a skeptical New York in his first NBA title defense tomorrow night against battle-scarred Gus Lesnevich at Yankee Stadium.

This is the big one for the lean Negro from Cincinnati. An emphatic triumph over the former light heavyweight titleholder from Cliffside Park, N. J., might change some minds.

While the principals of the heavyweight title clash were going through final rehearsals, the boys in the front offices were trying to grab some clarity from Bruce Woodcock's double talk in England.

Newcombe Hurls Brooks to Win

BROOKLYN (AP)—Big Don Newcombe pitched Brooklyn to a 2-1 victory over Dave Koslo and the New York Giants last night as the Dodgers sought to snap their first place tie with the St. Louis Cardinals. Koslo walked in the winning run in the eighth after Jackie Robinson had homered in the second inning. The Cards engaged the Cincinnati Reds in St. Louis.

Slaughter Leads Cardinal Victory

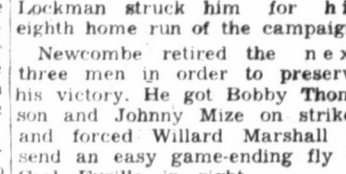

ST. LOUIS (AP)—Enos Slaughter walloped two home runs and drove in six runs as the high-flying St. Louis Cardinals overpowered the Cincinnati Reds last night, 9 to 3. Howard Pollet coasted to his 15th victory as the Birds maintained their first-place tie with the Brooklyn Dodgers, who won from the New York Giants.

Both High and Low Blood Pressure

Successfully treated by taking BOAZ TABLETS three times a day. No dieting or restrictions of any kind. Symptoms: headache, dizziness, pain in back of head and neck, irregular heart action and cramping in legs... and many others.

Mangrum Holds Big Lead in Tam Golf Meet

CHICAGO (AP)—Lloyd Mangrum went after the \$3,333 top prize today with a four-stroke lead over the field.

Most of promoter George S. May's betting money was on Mangrum in today's final round, and it looked as if he had the jackpot.

Mangrum blazed through the humid 95 degree heat and some 2,000 followers for a 37-23-70 third round yesterday and a three-quarters mark of 204, twelve strokes under par.

Sam Sneed, the year's leading money winner with \$23,560, faded to a two-over-par 74 for a total 209 after being only one stroke behind Mangrum at the halfway mark.

Dukes Win Two Games By Shutout Route

ALBUQUERQUE, N. M. (AP)—Southpaw Tom Breisinger and righthander Frank Shone pitched a pair of shutouts for the Albuquerque Dukes against the third place Lamesa Lobos here last night.

Breisinger won the first game 1-0 on three hits and Shone triumphed in the nightcap 13-0 on four hits.

Breisinger outpitched Bob Upton in the opener and won in the fourth inning on a long fly by Dick Gyselman which scored Cliff McClain from third base.

Shone hit a grand-slam home run in the third inning to aid his victory. The win was his 13th since he joined the Dukes at mid-season.

SPORTS

Gassers Drub Hub City Nine, 16 to 1

BORGER (AP)—Jim Cain scattered five hits through eight innings of play here last night, only to see a "double" and two consecutive singles shatter a near shutout over the Lubbock Hubbers as the three hits brought in the lone visiting run of the contest. Borger took the second of the three game series 16-1.

Cain struck out only three men, but near perfect fielding on the part of the Gassers behind him kept him out of trouble more than once. The Gassers infield ripped off three doubleplays, and two near misses.

Colorful Jimmy Demaret pulled up with 219, while 9 were tied at 211. They included Henry Ransom, Herman Keiser, Jim Ferris, Porky Oliver, Johnny Bull, Pete Cooper, Tony Penna, Harry Todd and Jerry Barber.

In the All-American Women's Open field, Louise Suggs, the 115-pound pro from Carrollton, Ga., had a five stroke lead with a 64-hole 227. She added a one-over-par 77 yesterday. Babe Zaharias, the defending champion, made her bid with a 74 but landed in the 232 bracket with another pro, Betty Jameson, who shot a third round 81.

OC Hurler in No-Hit Victory

By The Associated Press

The talk of the Texas Baseball League today is Dick Rozek's no-hit mound victory for the Oklahoma City Indians over San Antonio last night.

Rozek hurled his hitless game in the opener of a doubleheader. The Indians won the game 2-1.

Rozek missed a perfect game on an error by third baseman Ransom Jackson.

The first-place Fort Worth Cats swept a doubleheader from the Beaumont Exporters, 12-2 and 7-4. The nightcap went eleven innings. Fort Worth increased its lead to three and a half games over Tulsa.

Tulsa defeated last-place Houston 4-3. And Shreveport beat Dallas, eleven and a half games behind Fort Worth. Oklahoma City dropped into fifth place, half a game out of the first division.

Jackson's error, depriving Rozek of a no-hit runner, came in the seventh. He tossed wild to second after fielding Pat Seery's bouncer. Seery went to third and Rozek's fly for the Oklahoma City Indians tally Tommy Fine hurled five-hit ball to give San Antonio the nightcap.

Branch Rickey, boss of the Cats and the Brooklyn Dodgers, watched Fort Worth win two from Beaumont. Dick Williams' three-run homer in the fifthiced the opener. The Cats tallied three in the eleventh frame to cop the nightcap.

Eddie Knoblauch tripled in two runs and scored a third in the fifth to give Tulsa the edge over Houston.

Pete Lewis' two-run triple in the eighth gave Shreveport the victory over Dallas.

Tonight, Dallas plays at Shreveport, Fort Worth at Beaumont, Oklahoma City at San Antonio and Tulsa at Houston.

First Game

Fort Worth 100 000 1-12 14-4
Beaumont 100 000 1-2 6-0
Laurand and Hagan; Sterling, Neyel (4) and Knoblauch.

Second Game

Fort Worth 100 000 0-2 15-2
Beaumont 210 00 0-2 1-0
(Chandler, Heringer, Landrum (11) and Staples; Deane and Castles).

WARREN'S WARMUP

By Warren Nassau—News Sports Editor

QUESTION: What player holds the record for the most seasons played in the major leagues?

EVERYWHERE YOU GO the opposing team curses out the fielding ability of Homer Matney, the glue-gloved centerfielder of the Pampa Oilers. Borger especially has had to put up with many sensational catches by the baseball-wise flyhawk with the shotgun throwing arm. All that Larry Gilchrist and Dr. Dyke were able to say was "Robber! Robber!"

On the Oilers last visit to Huber Park in Borger Matney made several sensational grabs to stop the Caseros. Probably the greatest was a one-handed back-hand stab up against the fence of a ball hit to deep centerfield by George Matthews. The catch saved at least one run, and possibly more.

Matney made Gilchrist unhappy on the Oilers' previous trip to Borger when he played Nim Free perfectly. Free is a boy who Gilchrist signed right off the campus and was very high on. Matney saw right away that Free was just a punch hitter who was dropping the ball just over the infield. So Homer played him in short centerfield, giving him the benefit of a hit if he could poke one to the fence. In that series Free was held to 2 hits in 14 times at bat, though he was striking the ball at about a .330 clip.

Sunday afternoon the conversation in the press box at Amarillo got around to who was the greatest defensive outfielder in the league. One claimed that Al Duarte of Lubbock was the best, but most figured Matney could cover more ground and fire that ball better than any other. After a couple of great fielding jobs by Matney early in the game there wasn't too much doubt as to who was the better.

A NEW TWIST:
One little, two little,
Three little Indians,
Four little, five little,
Six little Indians,
Seven little, eight little,
Nine little Indians—
Cleveland's baseball team.

SPEAKING OF INDIANS, the Oilers have considerable native American talent on the club. Dave Rolette, new Oiler outfielder, is a full blooded Shawnee, while Howard Bass, George Payte, Oiler Engel and A. B. Everett all have some Indian blood in their veins. Sure wish they would go on the war path and take the rest of the team with them.

SEVERAL PERSONS HAVE RELIEVE ITCHING With Antiseptic Ointment
For helpful antiseptic and medicinal aid to externally caused skin irritations that itch, such as tetter, rash, simple ringworm, dryness or eczema, use Gray's Ointment as directed. Medication to clear longer for more thoroughly relieving itching.

Sport Shots

By HAROLD V. RATLIFF
Associated Press Sports Editor
DALLAS — (AP) — This business of putting a team on the spot can react two ways. The coaches think it's all one way—the kiss of death. That is, all except at least one coach we know. He's Don Ezell, who heads the gridiron fortunes of Childress High School.

Don says the other coaches in his district of Interscholastic League football put a fast one over on him last year. Anyway, they thought it was a fast one. "The boys got together for a little chin-fest and since I was the only coach who didn't show up they just decided to vote me the championship favorite's spot," Don said at the Texas Coaching School in Beaumont as we inquired about prospects.

"I didn't have that kind of team but the boys circulated it around that I did and it got into the papers. Well, you know we lost some games and the fans got to riding the team they said we were supposed to be good and how come we were losing. You know, it made the boys mad. They said they didn't like being put on the spot like that and they'd just show 'em."

BORGER: Valle Eaves put on the suspended list for rules infraction. Billy Wynns was assigned to Odessa. Clyde Bell optioned to Roswell along with Ernie Faccio.

LAMESA: Optionally assigned Eddie McGillio to Gladewater.

LUBBOCK: Assigned Walt McCullum to Corpus Christi. Returned Lou Colella to Greenville and put Bo Dempsey on the disabled list with a broken toe.

A SCIENTIFIC explanation of the recent earthquake in Ecuador has been attributed to Frank Frisch, fiery manager of the Chicago Cubs. The Cubs had lost seven straight games and were in the middle of losing their eighth straight last week when a Chicago newspaper sent a photographer out to get a picture of the Fordham Flash.

"Give me a sort of downcast expression," the cameraman asked.

"The say the explosion shook the earth."

JACK DEMPSEY tells this one on himself.

On a recent cross-country airplane jaunt, a 10-year-old youngster approached Dempsey in the plane and asked for the former heavyweight champion's autograph.

"You know who this gentleman is, don't you?" the stewardess asked.

"No," said the youngster, "but my daddy says he's the guy who fought Gene Tunney."

ANSWER: Eddie Collins, now vice president of the Boston Red Sox, set a major league mark when he played 25 years in the American League, 1906 to 1930.

Williams Makes Bid For AL Batting Crown

CHICAGO — (AP) — Ted Williams of Boston has caught up with Bob Dillinger of St. Louis. They're tied for the American League batting lead at .345 each. Williams gained four points and Dillinger well one during the last week. Dom DiMaggio, of Boston held third place with .342, a one-point gain. Last week he was second.

Following them in games through Sunday were George Kell, Detroit, .339; Dale Mitchell, Cleveland, and Roy Sievers, St. Louis, .322 each; Cass Michaels, Chicago, .313; Luke Appling, Chicago, .310; Vern Stephens, Boston, .307; and Don Kolloway, Detroit, .305.

Footnotes — The new sports publicity director at Rice is Calvin Clausey, a Houston man who has had considerable experience with newspapers and magazines. The Texas Coaching School is getting too big for its britches. They now are talking about making it a six-day affair instead of five and giving three solid days over to football. . . . Mose Simms, the noted promoter, has sold his baseball interests in Laredo. He says his club couldn't speak English and he couldn't speak Spanish and "Boy! are there headaches in operating a class D ball club anyway. You have to be a Philadelphia lawyer to know how to read the rules in baseball." . . . Mose says football players these days are greatly underpaid but they still get more than he put out when he was coach at St. Mary's at San Antonio. "Curtis Sandig received \$25,000 a month and his noon meal," Mose declares. Sandig was a little all-America.

The New York Yankees have won the American League pennant 15 times under three managers — Miller Huggins (6), Joe McCarthy (8) and Bucky Harris (1).

Hubber Baseball Club Sold for Near \$225,000

LUBBOCK — (AP) — The Lubbock Baseball Club Monday was sold to M. L. Wilkinson, radiator shop owner and small oil interest man, for a reputed \$225,000. Mrs. Sam Rosenthal, who has operated the club since the death of her husband early in 1948, announced the sale through George Schepps, Hubber general manager.

Schepps and Wilkinson said that the purchase price was \$225,000 which would make it the highest price probably ever asked — and received — for a minor league club. The Dallas Rebels of the Class AA Texas League sold for \$506,000.

Wilkinson accepts responsibility for the Hubbers immediately, but retains Schepps as general manager for the remainder of the season. He pledged himself to making every effort to provide Lubbock baseball fans with a first division club.

The new owner, for his expenditure, receives one of the finest parks in organized ball, 10 acres of land, a grandstand seating between four and five thousand fans with an estimated value of \$50,000, 17 baseball players and all other properties connected with the club.

Jackie Sullivan, present manager, will continue in that position.

Robinson Holds Bat Lead in National

NEW YORK — (AP) — At long last Stan Musial is making his belated bid to retain his National League batting crown.

The slashing St. Louis Cardinal outfielder for the first time this season has made his way into the top ten hitters. Including games of Sunday, Aug. 7, Musial owned a .313 mark. While it was good for seventh place, it still left him exactly 49 points behind Jackie Robinson's league leading .362.

Robinson, who went into his 11th consecutive week in the top spot, dropped a couple of points but still managed to maintain a 53-point edge over Enos Slaughter, Slaughter's runnerup figure was .329.

Still another Redbird, Al (Red) Schoendienst, rested in fourth place, his .321 mark only a point back of the .322 figure posted by Willard Marshall of the New York Giants.

The Giants' Whitey Lockman and Bobby Thomson held fifth and sixth places, respectively, with marks of .317 and .316.

Longhorn Grid Ducats Moving Rapidly

AUSTIN — (AP) — All of the University of Texas allotments of tickets were sold out today for three of its coming football engagements.

They were the Oklahoma, SMU and Texas A&M games.

Business Manager Ed Olie said plenty of tickets remain for all other games, but only end zone tickets are available for the Rice and TCU games.

Maurice McDermott, young southpaw of the Boston Red Sox, struck out 20 St. Paul batters while hurling for Louisville on May 24 for an American Association record.

Sports Round-Up

By JOSEPH B. KELLEY
BOSTON — (AP) — Where are the Czechs?

That's what the tennis fathers at Longwood Cricket Club in Brookline would like to know.

"Five days ago we received the informal entries of Jaroslav Droby and Vladimir Cernik for the national doubles which begin Aug. 15," said Longwood President Jim Moss.

"Since then we haven't heard a word. Russell Kingsman (vice president of the U.S. Lawn Tennis Association) told us he had heard from them from Europe. "Presumably they're on their way here but how or who is paying their way we don't know. "We hope they haven't been picked up somewhere by their enemies."

Recently in Switzerland Droby openly said he wasn't going back to his homeland while the present government was in control.

LAST FOR LONGWOOD
The doubles matches at Longwood this year may be the last. "Our contract runs out after next season," Moss explained.

"The way the schedules are being run together and costs are increasing the doubles may go elsewhere. We hope not."

MORE TENNIS

From Newport, R.I., where the 30th Casino Invitational Tournament is in progress, comes word the Davis Cup Selection Committee is pondering whether a singles match between Champion Pancho Gonzalez and Frank B. Parker would be in order. Gonzalez professes to know nothing of the proposal which would determine which of the two would make the team. The report has the pair booked for the special match Sunday after the tournament finals.

CHANGE OF PACE — Some coaches and managers we know might temper their tempers a bit, like Syl Apps, great center ice player for the Toronto Leafs until his retirement a year ago. When Syl, a model father and citizen, gets irked at officials or his players on the Marlboro Juniors his strongest expletive is, "By hum."

Asks Dismissal of Grunt and Groan Suit

HOUSTON — (AP) — Wrestling Promoter Morris F. Sigel Monday sought federal court dismissal of a \$100,000 damage suit filed against him by wrestler Sterling (Dizzy) Davis.

Davis recently was refused a promoter's license by the State Boxing and Labor Commissioner. His suit claims the Sigel promotes wrestling in several major cities in Texas and Louisiana and that his operations have become a matter of interstate commerce.

Wrestling, Sigel replied in a petition filed yesterday, is a matter of "personal effort" and has nothing to do with interstate trade or commerce.

The fact that wrestlers cross state lines and that matches are broadcast, his petition argued, is purely incidental.

As for Davis' claim of triple damages for profits he thinks he would have netted had his promoter license been granted, Sigel said the claim is "silly and absurd."

Bowlers Meeting Tonight at 8

All men in the city interested in bowling in the Industrial League this winter are asked to meet at the city judge's office in City Hall tonight at 8 o'clock. Officers for the league will be elected and a schedule for this season worked out.

Bowling in the Industrial League is expected to get started the last week of this month. The City League expects to start play the first week of September, and the Lone Star Ladies League will begin rolling on Thursday night, August 25.

Also in the making for this coming season is a class A Travelling League. Six teams will be entered in the four-city league. Represented will be Pampa, Borger, Dumas and three teams from Amarillo. A meeting will be held next Sunday afternoon at the Amarillo Bowl at 3:30 to work out a schedule for the league.

Bowling in the Travelling League will begin on Sunday, August 28. Each team will carry a seven-man roster, though only five men will be permitted to bowl.

The way things look now, this will be a banner year for bowling throughout the country. The American Bowling Congress is running far ahead of all previous years for sanctioning teams and their national tournament this season promises to be the largest ever held.

Channel Try Tonight

CAP GRIS-NEZ, France — (AP) — Jose Cortinas, 32-year-old Cuban swimmer, makes his bid to swim the English Channel tonight.

Cortinas has been waiting several days for favorable weather and channel conditions. He planned to start at eight p.m. (1 p.m. CST.)

Woodcock Changes Mind About Fighting

LONDON — (AP) — Bruce Woodcock intends to fight Lee Savold for the British version of the world heavyweight boxing championship if doctors report his condition is favorable, the Daily Mail said Monday.

The statement quoted by the Daily Mail came a few hours after the British heavyweight champion left the hospital and announced he may quit the ring.

"I have no intention of asking promoter (Jack) Solomons to call off my fight with Savold," he was quoted by the Mail. "I won my last fight with him on disqualification and I'm very keen to show I can beat him through a more satisfactory decision."

The fight originally was scheduled for Sept. 6 and then was postponed tentatively until Sept. 20 when Woodcock suffered a slight concussion and a bruised shoulder in a truck accident last Thursday.

The statement quoted by the Daily Mail was contradictory to one made earlier in the day when Woodcock was wheeled out of the hospital with his left arm in a sling.

"I am seriously thinking about packing in the game," the 28-year-old titleholder said then. "I'm all in. I'm pretty certain that the fight with Stavold will not take place."

Rain Halts Clovis-Blue Sox Game

CLOVIS — (AP) — Rain postponed the Abilene-Clovis W vs. Texas New Mexico League game scheduled for last night here.

A doubleheader will be played tonight. Ray Drake and Bill Rosin will pitch for the Pioneers. Valle Eaves and Joe Nakamura are likely starters for the Blue Sox.

The first game of the twin bill will be dedicated to Fort Sumner, N. M., the home of pitcher Drake, while the second contest is billed

Hot Potato

LITTLE ROCK, Ark. — (AP) — Here's one for the anything-can-happen-in-baseball department: With a runner on third in a city league game yesterday, the defensive catcher pulled a potato out of his hip pocket and threw it to third. The third baseman fumbled it and the runner broke for home. He was tagged by the catcher, who was holding the ball all the time.

The plate umpire was confused, too, for awhile. He called the runner out; then reversed the decision, allowing the runner to score.

"Muleshoe, Texas" game. Pioneer centerfielder Wilcy Moore is a native of Muleshoe.

It's Cutting Two Ways

According to Washington reports, Congress is legislation which will cut the minimum wage... (The minimum wage will be cut from 40 cents to 35 cents.)

One suggested law which falls clearly into this category would be the proposed minimum wage... (The minimum wage would be cut from 40 cents to 35 cents.)

This would be particularly noticeable in enterprises such as retailing, which offer many opportunities for beginners and casual workers.

Such legislation that will hurt those who are not well educated is designed to help.

QUICKIES

By Ken Reynolds

"I saw a boat for sale in the News Want Ads - and missed it!"

Washington by Peter Edson

WASHINGTON (N.E.A.) - Tricks that make pikers out of American ballot stuffing experts were used by the Communists to run up their 8,000,000 to 4,000,000 victory in the Russian zone.

"Ballots cast without any marks have to be considered 'yes votes,'" read the instructions to election officials.

"Ballots containing a handwritten remark such as 'for the home,' or 'for freedom,' etc., have to be considered as 'yes votes.'"

RED LOGIC CONFUSING - In the Russian-occupied German province of Brandenburg, Communist officials added another election refinement with this instruction:

"Consider as 'yes' votes all ballots on which 'yes' has been crossed out, while the voter has simultaneously marked the ballot with another explicit, handwritten 'no.'"

Fair Enough - Pegler

By WESTBROOK PEGLER (Copyright, 1949)

NEW YORK - During the Alger Hiss trial, Eleanor Roosevelt indited a column in which she put Whittaker Chambers on trial, although he was not a defendant and the principal accusing witness.

Whittaker Chambers was on trial, although he was not a defendant and the principal accusing witness.

Whittaker Chambers was on trial, although he was not a defendant and the principal accusing witness.

LIBERTY

By F. A. HARPER A Member of the Staff of Foundation for Economic Education

INSTALLMENT VIII DEMOCRACY AND LIBERTY It is generally accepted that a government can enslave the citizens.

But the belief prevails that: "It is impossible for liberty to be lost under a democratic form of government."

Willis Ballinger's study of eight great dictatorships of the past... (The study shows that liberty is lost under a democratic form of government.)

The "democratic" form of government refers to one of the mechanisms by which the scope of government is determined.

Liberty has been defined as the right of a person to do whatever he desires, according to his wisdom and conscience.

Historical enterprises which violate liberty are not democratic. They are authoritarian.

The significance of their attitude is that this is almost the first time that these principles have been agreed on anything.

Suppose an illustration of encroachment on liberty, that I desire to produce some wheat on my land, with which to feed my family.

Suppose that I am prohibited from doing so. The loss of liberty would be the same whether the prohibition was by taking my land, or by prohibiting me from growing wheat on it.

It should be clear from what has been said that the citizens of a democracy have in their hands the tools by which to enslave themselves.

It is a far cry from the common belief that democracy offers any definite and automatic protection of liberty.

One consideration taken with another, the mental condition, the extravagance, the selfish willingness to dodge a debt and throw the loss on others.

Did Someone Call, "Help, Police"?

By ELMER WHEELER

Lately I've been getting circulars telling me how I can make a fortune by investing \$10 in gold mine stocks.

Invest in the goldmine of your troubles. Louis O. Ferrel, a young ex-G.I. with a Masters degree in chemistry.

The zipper, or slide fastener, was invented by W. L. Judson, who had trouble lacing up his boots.

Henry S. Parmelee didn't like the high cost of insurance on his piano factory after the big Chicago fire.

As long as there is something that irks you, bothers you, gets your goat—here will be gold mines of opportunity.

NEW YORK - Now I understand what's holding television back. A lot of people in show business make plans to go on television programs.

Washington and Rome have cooperated closely in the war on Moscow. Myron C. Taylor, our unofficial envoy to the Vatican, has been commuting between the two cities.

Since the Vatican has as fine a diplomatic and intelligence service as any major power today, the White House obtains most of its secret data on economic, political, and military conditions behind the "iron curtain" from Mr. Taylor.

But the President and the Pope have tried to keep their cooperation as secret as possible. The Kremlin's press and radio already knew the U. S. with its Marshall Plan and North Atlantic Pact, as allies of "imperialism" and "fascism."

Should Mr. Truman back the New York prelate by urging enactment of the Senate school bill which permits each state to decide whether it shall provide services to private and parochial schools, Moscow would depict him and the U. S. as an ally of the Catholic enemy.

The President would also be portrayed in Red propaganda as betraying Rooseveltian ideals, which he has already been accused of doing in the field of foreign politics, economics and diplomacy.

Should Mr. Truman back the New York prelate by urging enactment of the Senate school bill which permits each state to decide whether it shall provide services to private and parochial schools, Moscow would depict him and the U. S. as an ally of the Catholic enemy.

National Whirligig

news behind the news

WASHINGTON - President Truman appears to be the only official at the Capital who has a kindly or favorable word for Herbert Hoover's program for reorganization of the government.

In written or verbal statements to Congress, according to a recent checkup, all major proposals for consolidations and transfers of federal units have been condemned and mocked by every Cabinet member and independent office chairman whose organization would be affected.

They have characterized the President's major and minor suggestions as "ill advised," "unrealistic," and "sure to impair efficiency without effecting any savings of public funds."

It includes Secretary Louis A. Johnson, Postmaster General F. B. Ives, Federal Deposit Insurance Commissioner Carl Gray, Social Security Administrator Oscar E. Ewing, Maritime Commission Philip B. Fleming, Federal Reserve Director Maple T. Hart, Selective Service Director Lewis B. Hershey, Federal Power Commission Chairman Nelson L. Lee Smith.

The significance of their attitude is that this is almost the first time that these principles have been agreed on anything. It is interesting that they have "concur" in the Hoover recommendations only when they extend the authority or enlarge the jurisdiction of these executive agencies.

The opposition has not been content with forwarding written or verbal objections to Congress. They have mobilized all the various groups with which they have contacts, including veterans, farmers, postal workers, social workers, organizations, shipbuilders, bankers, etc., to lobby against any changes on Capitol Hill.

INFLUENTIAL - The Cardinal Spellman-Eleanor Roosevelt clash, possibly to the surprise of the controversialists, has become intertwined in the general offensive which the Western world has launched against Moscow under the leadership of the United States and the Vatican.

The Nation's Press

A TEST FOR BAD LAWS

From here on out, if America is to remain the nation of the future, we are going to have to keep a sharp eye for bad legislation.

Our founding fathers came to these shores to escape some of the very things we are heading into. Little by little we have come to adopt many of the same things.

Most of us look with dismay at what is happening in Britain under nationalization, or government management of such basic industries as the railroads and coal mines.

Most of us look with dismay at what is happening in Britain under nationalization, or government management of such basic industries as the railroads and coal mines.

High Blood Pressure Said To Be No Cause for Alarm

Don't be frightened out of your wits if the doctor says you have high blood pressure. You need not fear the condition itself nor dread its result. High blood pressure is not the savage destroyer it is supposed to be, and many who have it may look forward to "decades of life with good health." Such are the re-

assuring conclusions of the hypertension clinic of the Columbia-Presbyterian Medical Center in New York, and of many doctors elsewhere, as reported by Joseph Weitzenkorn in The Reader's Digest.

Dispelling the fears that beset hypertensives — "fears that dominate their lives, close their

businesses, exile them to dietary spas and send them "cringing to bed" — is now the chief concern of the Columbia-Presbyterian Clinic, the author says. Persons with high blood pressure are being told that they have every chance of healthy, happy living and, beyond being advised to "act their age," are having no restrictions placed on their activities.

Though high blood pressure should not be ignored, once you have it you need not be concerned with the degree of pressure. It makes no difference, doctors agree, whether your blood pressure is up a little or a lot. You are no more likely to suffer a stroke or an enlarged heart with a pressure of 250 over 150 than with 200 over 120 or 160 over 100. Arterial walls can withstand pressures twice as high as any ever found in hypertension. There is no evidence whatever that the degree of pressure has anything to do with cardiac hypertrophy, coronary artery disease, arteriosclerosis, strokes or death itself.

Of 2,147 patients observed by the Columbia-Presbyterian Clinic, only 5 percent had "malignant" hypertension, with "serious and rapidly progressive complications." Case histories of 200 individual patients revealed that 184 developed high blood pressure before they were 40 years old, and every one of the 200 had it before the age of 48. The commonly held belief that your blood pressure should be "your age plus 100" is without basis in fact, the author states, since blood pressure does not normally increase with age.

Affirming the medical facts of the article, Dr. Charles A. R. Connor, medical director of the American Heart Assn., urges that insurance companies "reexamine their position" in granting policies to persons with uncomplicated hypertension, and that employers eliminate restrictions on the hiring of such people.

The Metropolitan Life Insurance Co., in a ten-year study of 241 employees with high blood pressure, reported that most of them "remained working" and free of symptoms for 10 to 25 years. Only 82 complained of fatigue, headaches or congestive heart failure, and careful examination showed that many of these symptoms were the results of other organic causes.

When the facts of high blood pressure become common knowledge, the author concludes, "a brooding and paralyzing fear should be lifted from the land."

16 JAPS DROWN
TOKYO (AP)—Sixteen Japanese drowned today when a pleasure craft capsized.

Because they are adopting the Western method for computing ages, every Japanese man, woman and child will become from one to two years younger the end of this year.

The word, meander, comes from the winding Maeander River of western Asia Minor.

FUNNY BUSINESS

BY HERSCHBERGER

"The garden isn't so profitable, but it enables me to collect \$300 disability insurance each year for sunstroke!"

Accidents In 1949 Show Fewer Deaths

NEW YORK — About 600 persons were killed in catastrophes — accidents which take five or more lives — during the first six months of 1949 in the continental United States, according to the record maintained by Metropolitan Life Insurance Co. statisticians. This is slightly lower than the toll for the same period of last year.

Fewer lives were lost in civilian aviation, water transportation, floods, explosions, and railroad

and mine disasters. Scheduled domestic air transport service was entirely free of catastrophic accidents, whereas in the corresponding period of 1948 there were three such disasters claiming a total of 60 lives.

Fires, motor vehicle accidents, tornadoes, blizzards, and earthquakes claimed more victims this year than last. The most costly in lives was the midnight fire in the Effingham, Ill., hospital, which killed 75 persons, considerably more than any accident in 1948. Tornadoes in Arkansas and Louisiana caused 59 deaths, of which 54 were in the town of Warren, Ark., and the blizzard in the mountain states exacted a toll of about 25 lives.

I MEANT TO WAIT TILL YOU FELT SURE I HAD LICKED ALCOHOL FOR GOOD--JAN, BUT I LOVE YOU TOO MUCH--I'VE GOT TO KNOW HOW YOU FEEL!

SURELY, YOU MUST KNOW I DO CARE, GIG. BUT PERHAPS WE SHOULDN'T GET TOO SERIOUS AGAIN TILL YOU'VE HAD MORE TIME...

I KNOW IN MY OWN HEART YOU HAVE LICKED YOUR PROBLEM! BUT MOTHER DOESN'T LET, SO LET'S WAIT A FEW MONTHS!

AFTER WHAT HAPPENED BEFORE, I CAN'T BLAME ANYONE FOR BEING CAUTIOUS. I WON'T URGE YOU, BUT...

CATHY ALSO NEEDS YOU NOW, TERRIBLY!

BUT I CAN HELP HER, WHILE WE'RE WAITING, GIG. LET HER STAY WITH ME TOMORROW-- THERE ARE SO MANY THINGS I WANT TO DO WITH HER!

COPIED, 1949 BY NEA SERVICE, INC. T. M. REG. U. S. PAT. OFF.

Freckles

SAY, IF YOU'RE GONNA PLAY MUSIC IN MY BOAT, I OUGHTA CHARGE YOU AN AMUSEMENT TAX!

LILLY! I GUESS YOU HAVEN'T HEARD US PERFORM!

BOATS FOR RENT!

AT LAST! WE CAN PRACTICE IN PEACE!

NOT A SOUL AROUND TO COMPLAIN!

ALL SET?

COPIED, 1949 BY NEA SERVICE, INC. T. M. REG. U. S. PAT. OFF.

Red Ryder

HOWDY! I'M AUNT DUCHESS! YOU MUST BE SUSIE-JO, RED RYDER'S COLSIN!

YES! I'M SUSIE-JO!

BUT PARDON ME--WHO IS THE FUNNY LOOKING LITTLE ABORIGINE?

YOU CAN'T CALL HIM ME THAT!

THEN I'LL KICK' HEE-HEE--WE'LL HAVE FUN!

COPIED, 1949 BY NEA SERVICE, INC. T. M. REG. U. S. PAT. OFF.

Mutt & Jeff

HEY, JEFF! THIS CLOCK HERE IS FAST! IT'S ONLY ABOUT NINE AND THIS CLOCK SEZ TEN!

YEH! I KNOW! I MADE A MISTAKE AND SET THE CLOCK AHEAD LAST NIGHT!

I'LL FIX IT! I'LL SET IT RIGHT AHEAD SOME MORE!

AHEAD? NO! IT'S FAST! YOU CAN'T SET IT RIGHT THAT WAY!

CAN'T I? NOT EVEN IF I SET IT ELEVEN HOURS AHEAD?

IS NINE O'CLOCK THE EXACT TIME NOW?

OH, I DON'T KNOW! BUT I KNOW IT ISN'T NINE O'CLOCK YET!

BECAUSE I HAVE TO BE TO WORK AT NINE AND I AIN'T AT WORK YET!

COPIED, 1949 BY NEA SERVICE, INC. T. M. REG. U. S. PAT. OFF.

Tex Austin

... DON'T KNOW WHAT COME OVER ME... I-- I MADE A DEAL WITH GIL JED HOLLISTER-- TO SAY NOTHIN' TO YOUR PA 'BOUT THE OIL I-- I'D FOUND...

I-- I THOUGHT HOLLISTER... WAS GONNA TRY AN' BUY THE LAZY--Y--FORE YORE PAW GOT WIND... THERE WAS OIL... I DIDN'T THINK HE'D--HE'D...

... THAT HE'D MURDER MY FATHER?!

OH, TEX... HOW HORRIBLE!

I-- I HAD NOTHIN' TO DO WITH THE SHOOTIN'-- IT WAS RIP RANKIN'-- YUH-- GOTTA BELIEVE THAT!

Vic Flint

MY, MY, LOOK AT THE YOUNG LOVE BIRDS!

IF MY EYES DON'T DECEIVE ME, THAT'S TACKY THOMAS AND HIS NEW GIRL FRIEND.

LAST WEEK A WOMAN WATER-- THIS WEEK A HEART BREAKER!

SO THE NEXT PITCH WAS A BALK, AND EVERYBODY MOVED UP ONE SACK AND THERE WAS A BEAUTIFUL RHUBARB--

TACKY, I KNOW (BASEBALL IS FUN, BUT JUST FOR NOW, LOOK HOW NICE THE STARS ARE!

GEE, LUCY, SOMETIMES YOU'RE SO SMART IT'S LIKE BEING WITH A BOY, BUT YOU'RE BEING A WOMAN AGAIN!

COPIED, 1949 BY NEA SERVICE, INC. T. M. REG. U. S. PAT. OFF.

Bo

BEFORE WE GET TO THE AUTO CAMP, I WANT TO EXPLAIN HOW I WORK MY RACKET.

THERE ARE NEW FOLKS IN ALL THE CABINS EVERY DAY AND MOST OF THEM HAVE KIDS.

THE KIDS MISS THEIR PETS AT HOME N' I ACT AS A SUBSTITUTE. YOU SHOULD SEE HOW THEY FEED ME.

AND THE OLD GUY WHO RUNS THE CAMP THINKS I BELONG TO ONE OF THE TOURISTS SO HE NEVER BOTHERS ME.

COPIED, 1949 BY NEA SERVICE, INC. T. M. REG. U. S. PAT. OFF.

Bugs Bunny

BOY, WHAT A SWELL DAY FOR A SWIM!

OFF WE GO!

IT WON'T BE LONG NOW!

COPIED, 1949 BY NEA SERVICE, INC. T. M. REG. U. S. PAT. OFF.

Mickey Finn

YOU FELLAS ARE FRIENDS OF RED, EH?

YEAH! NOW'S HE GOING?

GREAT! HE'S THE WHOLE TEAM IF YOU ASK ME! I SPORE YOU'RE HERE TO SEE THE GAME WITH EASTROET TONIGHT?

THAT'S RIGHT!

I SURE WISH I COULD SEE IT! I'LL BRING YOU UP SOME ICE WATER --RIGHT AWAY!

OKAY-- AND BRING UP A COPY OF THE LOCAL PAPER TOO, PLEASE!

GEE! A GIRL! I NEVER THOUGHT OF THAT HAPPENIN'-- DID YOU, TOM?

NO! AND IT COULD BE BAD NEWS, MICKEY! VERY BAD!

COPIED, 1949 BY NEA SERVICE, INC. T. M. REG. U. S. PAT. OFF.

110-City Property (cont.)

Two Outstanding Buys - - -

No. 1-A good well built 3 bedroom home located close in on the pavement on North 1st and 31st - front room is carpeted - curtain blinds on the windows - located in back yard - double garage - lots of trees and shrubs - this home needs repainting and painting, owner could well afford to live this home, and still have a mighty big bargain in this town - take \$7500.00 for a quick sale - immediate possession.

No. 2-A nice located home on the pavement at off of Browning - this is a two bedroom brick veneer - the floors are hardwood - large floor plan - plenty of built-in - has a nice fenced in back yard, with a nice car garage - the owner has taken extra good care of this home, and I would say that it doesn't need anything done to it - take \$12500.00 for this good home, and its a bargain.

New Cigarette Is Introduced

C. J. Penry, division manager of R. J. Reynolds Tobacco Company's headquarters in Amarillo, is in Pampa today introducing Cavalier, a new king-size cigarette.

The Reynolds Tobacco Company has manufactured Camels for the past 25 years and has not put out a new kind of cigarette during that time. The new cigarette, in a white package with red and black letters, is being distributed in wholesale and retail stores. Penry is being assisted today by A. E. Hill, Lubbock, J. C. Darnell, Childress, and W. R. Keen, Amarillo.

with a county's valuation increase.

All elected officers except county treasurer have been upped to \$4,887 annually; treasurer was increased to \$5,562; three deputies were upped to \$253 monthly; four to \$225 monthly; six to \$200 monthly one to \$190 monthly and six to \$187 monthly. All justices of the peace and constables were set up at \$2,187.50 annually.

In fixing the raises, the Court granted each elected officer his full 25 percent increase provided by law, but salaries of deputies and clerks were given raises in terms of dollars rather than percent after the Court conferred with the various elected officers.

Judge Parker said that the Court talked the raise matter over with each department head and was guided mostly by their suggestions. The salaries were set on as near a uniform basis as possible, he added.

The tax rate for the county has yet to be set and will be acted upon only after the 1950 budget has been set up and the county's total valuation laid out.

SOMEONE

1947 meeting he heard that the meeting was set up "by some one in the administration, or in the Democratic National Committee, or by someone in Congress." He added:

"I knew it was someone connected with politics."

In connection with the inquiry, Senator Mundt (R-SD) told reporters that he feels developments make it imperative that President Truman's military aide, Maj. Gen. Harry H. Vaughan, be called to be heard in view of the way his name has been mentioned in this case, I will insist that he be called."

DEPORTATION

with Ochoa in Mexico, and "I don't know where he is."

"He was on a ranch in Tamaulipas State, near Nuevo Laredo," said the chief, "but he has moved from the ranch and I don't know where he went. I doubt the report that he has gone to Mexico City or Toluca which is near Mexico City."

"George has a lot more friends here than he has at Mexico City or Toluca and I doubt that he would get that far away from his Laredo friends."

"While he was on the ranch, his Laredo friends were keeping him posted as to everything that was going on."

Chief Gallagher said if Ochoa succeeds in taking out Mexican citizenship "it will be very difficult to ever get him out of there."

District Attorney E. James Kazen announced late yesterday that ballistics experts believe bullets from the same .32 caliber pistol killed both Whittenburg and Lindsay.

The ballistics report came from the Department of Public Safety.

AID

Senate voted \$3,625,380,000—plus \$150,000,000 loan authority—but spread the program over a 12-month period.

(2) German industrial plants: The Senate voted \$25,000 to finance a review of dismantling plans for 968 German plants. A majority of senators feel these plants should be kept in Germany to aid European recovery. The House had no such provision in its bill.

(3) Watchdog committee: The Senate voted \$344,000 for a Congressional committee staff to keep checking on foreign spending. The House had decided this committee had wound up its job in the first year of the Marshall Plan.

(4) Chinese students: The Senate voted to earmark \$4,000,000 in unused China-aid funds for helping some 4,000 Chinese students who are in this country. The students have been cut off from aid because of the civil war. The House bill did not contain this amendment.

Two Are Fined On DWI Charges

Two men who pleaded guilty to driving while intoxicated were fined \$100 and costs each by County Judge Bruce Parker in County Court yesterday. Both men were arrested Saturday night.

Norman Casto Curmuff of Canadian was picked up Saturday night by state highway patrolmen, who said Curmuff was a weaving back and forth on Highway 60 near Recreation Park and forcing rodeo-bound cars off the road.

C. A. Ray of Crescent, Okla., was picked up by the Sheriff's Department.

Both men suffer an automatic suspension of their driver's licenses for six months.

Former Pampa Woman Succumbs

Funeral services for Dorothy McKinney, 38, will be held at 10 a. m. Tuesday at the First Baptist Church. The Rev. E. Douglas Carver will conduct services.

Miss McKinney, born June 28, 1911 in Deadwood, S. D., died yesterday at 421 N. Houston of cerebral hemorrhage. She was ill for only a short time.

She moved to Pampa in 1928, was graduated from Pampa High school in 1929 and she was a member of the First Baptist Church here. At the time of her death, she was a nurse's aide in the Hermann Hospital in Houston.

She is survived by her mother, Mrs. C. L. McKinney of Pampa; two brothers, W. R. of Pampa and C. M. of Houston; two sisters, Mrs. George Vick of New Gulf, Texas, and Mrs. J. W. Graham, Jr., of Pampa.

Burial will be in Iowa Park Thursday afternoon.

The body will lie in state in the home of her mother who lives at 616 N. Frost.

Services are under the direction of Duenkel-Carmichael Funeral Home.

JONES

Continued from Page One

sight of the young man in this case whose life was lost," Stapleton said, referring to Love.

"Not only did Jones take his life, but he sought in the trial to drag his name through mud and mire. He wasn't that kind of a man."

The prosecutor was referring to the written law defense offered in Jones trial.

As Stapleton talked, Mrs. H. C. Love, Sr., sitting in the small, packed room where the pardon board met, wiped tears from her eyes. Also present was Love's father, his sister, Mrs. Lindsay Lackey of Floydada and his brother, James A. Love of Fort Worth.

Stapleton said they had authorized him to declare for them only that they wished to "see the law take its course."

Jones killed Love with a shotgun in front of his Floydada store Sept. 27, 1946.

Records in the Court of Criminal Appeals, which affirmed Jones' death sentence on March 2 this year, showed that Jones' wife had testified to "lascivious conduct" between herself and the slain man.

The state "evidently convinced the jury of its veracity and also of the maliciousness of the act of killing," the appeals court said in confirming Jones' conviction.

MILITARY

here and elsewhere state they are up a tree in fully understanding it. Some Pampa attorneys predict that as many as 150 test cases will be filed over the state before a year is out. As yet no case has reached the Supreme Court to establish Constitutionality of any part or all of the bill.

Witheropon, whose partner is a brother to the bill's co-sponsor, told The News this morning that the Gray County School Board was named as party because the districts were border-line districts, but that naming of the board was no discredit to it.

The suit, he added, can be construed, "assort of" an injunction but mostly as seeking a declaratory judgment since he has no pending suit. Anything done after July 8 is void and ineffective. The action of the Donley County School Board was done three days after the deadline, July 8.

REPUBLICANS

terday in opening debate, is between these two bills:

1. The administration compromise, bearing the name of Labor Chairman Laskinski (D-Mich). It would raise the minimum from 40 cents an hour to 75, and broaden coverage of the 1938 Wage-Hour Act slightly.

2. Lucas' bill, which would keep the minimum to 65, then hook it up with the cost of living and provide for an annual adjustment—up or down—according to living costs. This bill would exclude from the act some workers now covered by the law.

Cone Rites Set For Tomorrow

Funeral services will be held at 2 p. m. tomorrow from the Blackburn - Shaw - Sims Chapel for Homer Milton Cone, who died in a local hospital about 10 a. m. today after a lingering illness.

The Rev. Elbert Labenske, pastor of the Church of the Nazarene, will officiate. The body will then be taken to Winnsboro, Texas, where services and burial will be held Thursday.

Cone, who had lived in Pampa the past 20 years, retired about two years ago after several years service with Cabot. He was born Dec. 21, 1898, at Winnsboro, and lived here at 414 W. Browning.

He is survived by his wife, Elsie B. and a son, Ray, both of Pampa, and two brothers, J. Hill Cone of Baytown, Texas, and Alvin B. Cone of El Dorado, Ark.

This Egg-Layer Is a Drunkard

MIAMI, Fla.—(AP)—There's a middle-aged chick hanging out at one of the local pubs, drinking, smoking and, occasionally, laying an egg.

And that is more than any of the other patrons at Mrs. Loraine Porto's Hialeah Bar can do.

The bird is Booger, a Rhode Island Red hen friend of ex-jockey Ben Jenkins, who says he likes his chick the way she is.

As for Mrs. Porto, she says: "I never served beer to a real chicken before, but I would say she holds her liquor pretty well—for a chicken."

Booger does most of her egg-laying and cackling when sober.

San Angelo Fires Manager

SAN ANGELO—(AP)—City Manager Sam O. Lawhon and City Engineer J. P. Burden were told yesterday by the San Angelo City Commission that they would be "permitted to resign."

"I am, as of right now," Lawhon answered.

Burden was in Austin attending a meeting.

There was no official reason given by the council for its ouster of the two men. One city commissioner said he was trying to arrange a special session of the group to reconsider the action.

Lone Star Steel Closes Furnace

DALLAS—(AP)—The Lone Star Steel Company at Daingerfield banked its blast furnace yesterday and shut down production in order to save money.

A spokesman for the firm said cost studies showed that capacity production and stock piling was more economical than continuous production at a reduced rate.

E. B. Germany, president, said the furnace probably will be closed about 60 days.

Stars Prohibit Mountain Climb

LONDON—(AP)—Plans for a new attempt to climb the world's highest mountain have been shelved because Tibet's Dalai Lama (aged 12) says the stars are against it.

Officials of London's Alpine Club reported today that the Dalai Lama, civil and spiritual ruler of mysterious, mountainous Tibet, has refused permission for a new try at 29,140-foot-high Mt. Everest in the Himalayas.

LUCKIES PAY MORE to give you a finer cigarette!

Yes, at tobacco auctions Lucky Strike pays millions of dollars more than official parity prices for fine tobacco!

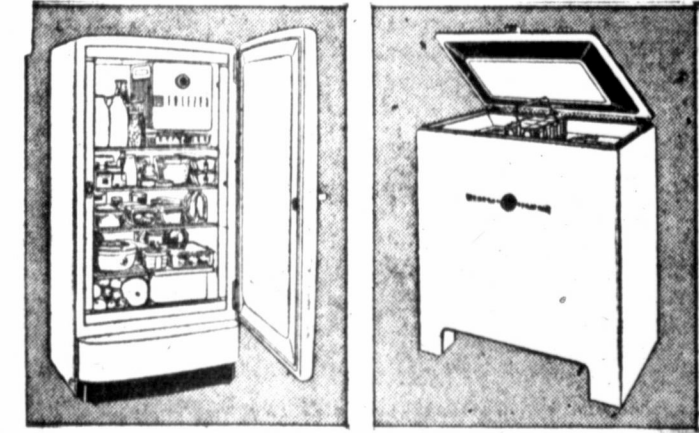

There's no finer cigarette in the world today than Lucky Strike! To bring you this finer cigarette, the makers of Lucky Strike go after fine, light, naturally mild tobacco—and pay millions of dollars more than official parity prices to get it! So buy a carton of Luckies today. See for yourself how much finer and smoother Luckies really are—how much more real deep-down smoking enjoyment they give you. Yes, smoke a Lucky! You'll agree it's a finer, milder, more enjoyable cigarette!

CHARLES "BIG BOY" RANDOLPH, independent tobacco buyer of Kinston, N. C., has smoked Luckies for 25 years. "You see," he says, "I've seen the makers of Luckies buy really fine tobacco—ripe, fragrant leaf that makes a good smoke!" Here's more evidence that Luckies are a finer cigarette!

8-cu-ft G-E Space Maker Refrigerator
4-cu-ft G-E Home Freezer
12-cu-ft total storage space in this complete home refrigeration service!

SPACIOUS, ECONOMICAL 8-CU-FT G-E REFRIGERATOR
This is the big brother of the ideal refrigeration pair. This big G-E gives you 1/2 more refrigerated food storage capacity in the kitchen floor space required for an old-style, 6-cu-ft model. Freezer compartment holds 4 ice trays (80 ice cubes). Fourteen square feet of shelf area. Extra big, 3 1/2-inch-deep drawer for fruit and vegetables. Space for 12 square, quart-size milk bottles, also very tall bottles. Porcelain-on-steel interior.

When our customers ask to see a big refrigerator, we like to show them this one. It gives them less of storage space, plus G-E dependability. When they add a home freezer, they have just the right combination for better living... sufficient storage capacity, variety in menus, and economy in operation and food purchases.

MODEL NB-8, \$229.75

DEPENDABLE, CONVENIENT 4-CU-FT G-E HOME FREEZER
This economical home freezer actually pays for itself over the years, because of the many savings it enables you to make in your food purchases. You buy when prices are lowest and produce is at the peak of flavor. You can freeze practically everything... meat, fruit, vegetables, fish, game, pastries, and many prepared dishes. Yes, even leftovers! If your family is small, you can now afford to buy in such quantities that real dollars-and-cents savings can be made.

The General Electric Home Freezer has the famous General Electric sealed-in refrigerating system (the same type as that used in G-E Refrigerators), and Perfect Seal cabinet construction! It's by far the best buy in home freezers today!
