

'BONIN' UP'-Jerry Doggett, Pampa Soap Box Defby city champion, takes another look at the All-American Soap Box Derby rule book-this time at the section entitled "Rules for National Finals, Akron, Ohio, August 14, 1949." This little book guided bim in winning the race here, and now he will get a few "pointers" on winning at Akron. He will leave this weekend for Akron on an all-expense paid trip by The Pampa Daily News.

Oklahoma City all lost Texas Read The News Classified Ads League games last night. Fort Worth downed fifth-place

Shreveport 8-5. Last-place Houston trounced Tulsa 7-1. Seventhplace Beaumont edged Dallas 11-10. And sixth-place San An-tonio defeated Oklahoma City 6-1.

Fort Worth is four games ir front of Tulsa. Dallas is another two and a half games back. And Oklahoma City is three games behind Dallas. Shreveport climb ed to within two games of the first division

Fort Worth spotted Shreveport three runs in the first inning last night. Then the Cats tallied three runs in the bottom of the first, one in the third, three in the fifth and one in the seventh. Bob Milliken notched his seventh mound victory of the year, allowing seven hits.

Houston won its first game from Tulsa in eleven starts. The Buffs tallied five runs in the sixth inning to clinch the win. Houston's hurler, Pete Mazar, was robbed of a shutout by an unearned run in the first. Dallas' relief hurler, Earl Reid.

let go a wild pitch in the ninth inning to let in the run that gave Beaumont the victory. Dallas scored six runs in the second inning, but five Dallas hurlers failed to stem the barrage of 13 base hits.

San Antonio's John "Hoot Gibson scattered six Oklahoma City hits to hurl the Missions to victory. Don Lenhardt hit a two-run homer for San Antonio in the fourth and the Missions scored three in the sixth. Tonight, Beaumont plays Dallas, Shreveport at Fort Worth, San Antonio at Oklahoma City and Houston at Tulsa. LIBERTY By F. A. HARPER A Member of the Staff of For tion for Economic Education

INSTALLMENT III The method consistent with lib erty, which gives a person the right to the product of his own laborthat and no more-gives everyone the same right so that no person is granted a license to trespass on the rights of others. It should be perfectly clear that if all persons are to have the right to the pro-duct of their own labor, they cannot in addition have claim to any of the product of an ther's labor; otherwise the rights of everyone will have been violated. There is no way to make the whole more equal than its parts. Geographic property rights, similarly, are destroyed whenever each person is allowed to move his legal boundary

wherever he may choose. The three concepts by which to distinguish between mine and thine have been defined in their pure forms, as they would operate wherever they are followed clearly, logically and without the confusion of dilution. Despite the current popularity of the "mixed economy" as a design for society, each person must accept as a principle of justice one or another of these three designs. In advocating and supporting another, either as part mixture or in pure form, he thereby surrenders his principle and engages in what his principles tell him will be economic self-destruction.

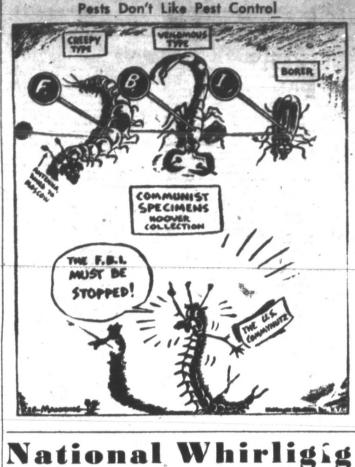

ANYTHING PRODUCED, is property, and the question of the right to own property is automatically a part of the question of rights to whatever is produced.

The terms "immediate consump and "saving" are commonly used in contrast with one another Their difference is one of time only, not of type. That which is kept a little longer than the other is said to have been "saved." The saving may be kept in kind, as wheat stored for winter: it may be sold and the cash saved in a sock or in a bank or by puttinng it into some form of "investment" such as a

The right of choice as to what is to be done with the product of one's labor is the whole purpose of having the right to it in the first place. If one should have the right to the product of his own laborright to do with it as he pleases; he may eat it now or later; he may now or later. To say that he shall is to deny the essence of his basic

Many folks think you have to search for success in far-off pla But success is where you are. The Knox Brothers found their "acres of diamonds in the little country town of Thompson, Ga. And their story proves that it's not the location so much as how hard you dig that counts.

Peter S. Knox. Sr., a wholesale lumber merchant gave his sons Peter, Jr., and Wyck \$1,000 in cash and \$1,000 worth of cull lumber when they were gra-duated from college. By 1936, hard work, ingenious ideas, and efficient management had run the small investment to a business worth \$15,000-about the same as the senior Knox's business.

They merged, took in brothers Robert and Lawrence, and began "Knox Corporation." 'Today the combined worth of the members is something like \$2,000,000. Engaged in many businesses, their "Knox Homes" department filustrates the business philosophy that made them successful, Several years ago Pete: S. Knox, Jr. decided something should be done for the millions of folks "who didn't want the kind of home they could afford, and couldn't afford the kind they wanted." He called in the famous New York architects, Chapma and Evans. They retained the ser-vices of Earle S. Draper, former deputy Administrator of the Federal Housing Administration. The hired John R. H. McDonald, housing expert, and Julian L. But ton, promising young southern ar-chitect. Knox had the lumber. These fellows had the "know how." Together they worked out an idea to make it possible for a person to own a really nice-look-ing high quality house at hou ing, high quality house at low cost. Knox furnishes everything except electric and plumbing fix-tures. All lumber is pre-cut at Knox's mill. By buying everything, in one package from Knox it has been estimated that a home-builder-saves as much as \$3,000. Knox figured a way to solve other people's housing problems. And in the process became perhaps the most successful puilder in the low-cost-home field.

### Settlement Is Made on **City Wells**

A final

tween Taylor, City Manager Dick Pepin and City Engineer Ray

The negotiations bit deeper into the Lane Texas Co,'s pride than just the loss of the \$1,100; they had to take back two straight shaft pumps and motors they sold the city, as successful bidders on the equipment, and purchase a competitor's sub-mersible pumps and motors so the wells could be worked safely — safely from a standpoint of wear and tear on equipment.

The two pumps will roughly, \$9,000 each. cost, Throughout the negotiations Taylor maintained that his pumps

would work in the wells, but the city feared they would run into continual trouble and expense in pulling them, replacing prematurely worn and broken parts in the shaft due to binding in the off holes. The submersible pump has no

rigid shaft such as the standard pump and motor, but has its motor and pump bowl built into one piece — about 16 feet long —and is completely submerged under the water level, the motor running in an oil bath and com-pletely sealed in.

City Manager Dick Pepin said he expected to have the specific the doughnut race galloped from details completed sometime today

one end of the arena to the other and bit into a suspended doughand bit into a suspended dough-nut without using their hands. Girls from Stinneti too: nome all Taylor was penalized \$600 on nut without using their hands. Girls from Stinnett took nome all the honors in the doughnut race. They were Anita Avent, Linda Kelley and Cleta Avent, Linda Blue and red flag wavers in the boys' flag race provided one of the most colorful events of the show. Winners were Jerry Mayo, Miami, and, Jimmie Hopkins and Sam Condo, both of 1-2mpa. Most of the five, six- and seven-year-old boys and girls entered

Most of the five, six- and seven-year-old boys and girls entered in the show got into the bull fight. A roping-size calf with many flags attached to his legs and tail was released and the kiddies went after the flags. Each of the children who got a flag was awarded \$1. Winners were Jean Hopkins, Sam Condo, Earl Cooper, Junice Puiman, Tiorma Dillman, Cleta Avent, Carl Dan-ner, Jay Johnson and Cecil Sanders. Lee Cockrell, P am p a; Ray

### 3 GOOD BUYS

1 3. 48 Sec.

No. 1-Brand new 5 room modern house located on N. Wells St -- never been lived in-immediate possessiontake 6500 for it with 800 down-balance 50.00 per month.

No. 2-Lerge 3 room modern locoted on Brunow St .--this is a good house worth the money—50 ft. frontage-owner is leaving town—will sell for 1750.00—or will take 1000 down and carry the balance at 35.00 per month

No. 3-50 ft lot on N. Cuyler St .- theres a 3 room house on the back of this lot that with a little money spent on it would make someone a good place to live-or would make ideal rent property-take 1800 for this piece of property and would carry 800 of this at so much a month -or would trade it for a good 3 or 4 room house located on the pavement and pay difference.

Do you have a Polio policy on your kids-for 10.00 per year you cant afford to take the risk-come in right now while its on your mind and we'll write up your entire family for a ten dollar bill-thats not much money for 5000 dollars worth of protection on each member of your family

**Faced With** 

port and production.

Speakers at the tenth annua

United States is sick." He suggested the number of cotton farmers be reduced and

mechanized. Domestic cotton prices must not

be maintained, in the long-run, much, if any, higher than world

market prices, he warned. He said this must be done in

order not to penalize the domes-tic textile industry in world mar-

kets and in order not to encour age the substitution of synthetic

speakers. Allin blamed the causes of two

price-support features of the pres-

not whether the government will

more remote future, the program could certainly be changed to meet changed conditions." West reviewed government pro-

grams in relation to cotton. Then

he said, "Our chief difficulty

seems to be finding a program

that will insure profitable pro-

at the same time permit cotton

to be competitive in both domes-

tic and foreign markets. with

### Motorists Are Urged to Watch Road

MUTUAL AFFILIATE 1340 On Your Radio Dial WEDNESDAY AFTERNOON 00-News, Wess Carr.

KPDN

AUSTIN -- (AP) -- Vacationing notorists were urged today to watch the road instead of the

State Police Director Homer Garrison, Jr., said August has become the most dangerous motoring month of the year, displacing December in this category. In August of 1948, 212 persons

scenery.

lost their lives in Texas traffic accidents surpassing the month of December for the first time.

Contributing factors toward August's high death rate, Garrison says. include the fact that this month is a period of many vacation trips during which merous people travel unfamiliar roads and devote too much attention to the scenery rather than their driving. August heat results in fatigue and induces drowsiness. thus making this month the high-

est with vehicle accidents. The Department of Public Safety has set as its goal less than 1,949 traffic deaths in 1949. If not more than 162 persons are killed this month it will mean a saving in human lives of 550 over the same period last year and a reduction of 2 1-2 percent in deaths for the entire year.

Syracuse University will be host on May 14 to the Eastern sprint regatta. Some 30 crews are expected to compete.

Fifteen years must elapse after a horse's death before its name can be reused.

ivilian reserves expected from 33 cities west of the Mississippi for training. They are coming by and, air and sea to study, watch and do the things that make Marines.

For some veterans, it's old stuff. For many others, it's all

schedules here are jam Their packed. Days begin as early as a. m. and problems sometimes continue through the night. They fire the pistol, M1 rifle carbine and Browning Automatic Rifle for record. Private First Class Eugene Clayton of Austin set a new reserve BAR record, scoring 124 points out of a possible 125.

Combat attack and defense tac ics put the reserves to crawling, running, and "hitting the deck" just as did combat Marines of a years ago. They scout and patrol through the camp's rugged hills and valleys. They scramb down cargo nets into landing craft and hit the beach on the run capture objectives. They watch easoned First Marine Division troops demonstrate fire power and assault and defense tactics.

On Saturday afternoon and Sunday they get liberty to visit nearby Los Angeles, Hollywood or Southern California resort other spots.

Why do 1.200 Texans and thousand of others give up vacations and make other sacrifices for that?

Ask them and the answer you most often get sums up to some-thing like: "I want to be ready we ever have to fight again. It's apparently the principal reathis camp's summer schedule shows units arriving or Oklahoma, Texas, Ari-Montana, zona, California, Washington, Oregon and coming by water from the California coastal cities of San Francisco, Oakland, Fresno, San Anseimo and Vallejo,

"Airlifts" will bring here units from Dallas, Fort Worth and Texarkana. The San Antonio's unit came by air. Houston, Galveston, Corpus Christi and Austin units all returned by air. It is the first time that re-

serve ground troops have ever been transported by air for summer training.

After they leave here, the reserves will continue to train and drill at regular night meetings at home after their civilian work day is over. Then they will be back here for another wo-week program next summer

In making muffins, many good ooks like to beat the eggs the batter.

As AUGUST rolls around once more, your Public Service Company rounds out another year of good citizenship in the Panhandle-Plains-Pecos Valley area ... 25 years of steady progress. During that quarter-century we have grown with you .... ever expanding our facilities ... keeping pace with this great, fast-growing territory.

Now, starting our 25th year, we reaffirm out pledge to provide dependable low-cost electric service to more and more families, businesses and industries ... to assure a brighter futureelectrically-for the region we serve.
