

BILL DISSOLVES 7 GRAY CO. SCHOOL DISTRICTS

By HENRY S. GORDON
Pampa News Staff

The controversial Gilmer-Aikin school bill made its weight felt in Gray County when seven of the county's 11 common school districts became only memories.

The law makes it mandatory for them to consolidate with other school districts because they are dormant.

The law defined a dormant school district as one that has had no school for two consecutive years; i.e., during the terms 1947-48 and 1948-49.

None of the county's independent school districts is dormant. The seven dormant districts are: Bell, Schaffer, Farrington, Keplinger, Davis, Laketon, and Huntsman.

The law makes it mandatory for the County Board of Trustees to consolidate each dormant school district with another school district within 30 days after the law becomes effective. Friday was the last day of grace, the law becoming effective June 8.

The County Board of Trustees has the authority to put a dormant district into any other district without the resolving district's consent, or the dissolving district's consent.

Dissolution of the seven districts here will mean an increase in taxes for most of the people residing in them. Also three surrounding counties will be receiving Gray County school children.

Land valuations and tax rates will be set and collected by the districts taking in the dissolved units.

This means that several Gray County residents will be paying school taxes to the above counties and to the Pampa Independent School District.

All of the affected common school districts have been merged with independent school districts. (See HILL, Page 2)

PONDERING IN THE POKEY—Sigmund Engel, aged "Knave of Hearts" who can't remember how many women he married (cop's estimate is 49) appears pensive as he languishes in Cook County Jail, Chicago. He's cooped for want of a mere \$65,000 bail, despite his boast of having bilked scores of women for "may-be five or six million dollars through the years." Held to the Grand Jury on a swindling charge, the Gray Lover's hearing was continued to July 14—Bastille Day.

Committee Sizes Up Employment Picture Without Alarm

WASHINGTON — (AP) — Reports of mounting unemployment were sized up without alarm by a Congressional committee while President Truman finished writing out his national economic message.

The President will send his ideas to Congress tomorrow in an economic report. Business slumps in some fields and the rise in unemployment make it interesting.

Those conditions, a Senate-House economic subcommittee conceded, are shortening the average work-week, forcing acceptance of more part-time jobs, and wiping out most overtime pay.

The subcommittee said the best estimates of government agencies show that while joblessness is increasing, it is "not now at unreasonably high levels for the country as a whole."

The lawmakers added that figures show that, despite the climb of unemployment, more persons are working than in any previous year except 1948.

That national job picture was presented in a preliminary report by the economic subcommittee which soon will start what its chairman, Rep. Hart (D-N.J.), calls

an "intensive investigation of the unemployment problem."

The CIO United Electrical Workers charged meanwhile that the administration is misrepresenting the seriousness of the unemployment situation.

The union sharply disputed Census Bureau figures estimating unemployment last month at 3,800,000. The UE said at least 5,400,000 were jobless.

The Agriculture Department reported American farmers had 10 percent fewer dollars to spend in the first half of 1949 than in 1948. It predicted a further decline of farm prices if production continues large.

Mr. Truman reportedly will tell Congress the economy generally is sound and healthy. He will probably take into account the increase in unemployment. Those who help shape policy say the President will outline a program to boost production and check joblessness.

They are predicting he will set a goal for the output of some 300 billion dollars of goods and services a year—a level 18 percent above the present rate.

Eight Democratic senators are getting set to follow up Mr. Truman's message with a program. They plan to introduce a bill—a proposed "economic expansion act of 1949"—providing for:

Federal loans and grants for production, the planning of a 15 billion dollar public works program, and also for shifting jobs to areas where work is available. The bill has no official administration blessing at present, but the sponsors say it is in line with Mr. Truman's thinking.

Hughes Plans \$10,000,000 Building Job at Wichita Falls

Local Office Project Will Proceed Now

R. G. (Dick) Hughes, local builder told The News last night that he is beginning this week a building program at Wichita Falls that will eventually entail an outlay of \$10,000,000.

At the same time, he said the local program calling for the construction of a 6-story office building at corner of Somerville and Kingsmill will proceed this week. The two programs, he said, "will run simultaneously."

The Wichita Falls housing development program is classified as the largest in the history of the North Texas city.

He contracted Saturday to buy 304 acres of land southwest of Wichita Falls on which to construct 400 houses, a shopping center, and eventually as many as 1,000 houses and 250 apartment accommodations. Preliminary work on the first stage will begin tomorrow.

Mr. Hughes last night had just returned to Pampa from Wichita Falls. He will go today to Bartlesville in connection with Borgert enterprises, he said.

The basement and power plant portion of the local building was begun several months ago, and work had stopped. Mr. Hughes told The News work had halted because structural steel had not arrived.

Part of the steel, he stated, has arrived and work will begin this week. Only a few men will be on the job now, more being put to work gradually. The number of men to work here was not given.

He said he will employ as many as 200 on the Wichita Falls project at this time.

Britain Seeks Soviet Trade

LONDON — (AP) — Britain hopes to do about a billion dollars worth of business with Soviet Russia and three other Communist nations in the next year as it strives to get out of the hole economically.

Officials in Britain's Treasury and Board of Trade agreed yesterday the current dollar crisis gives new significance to trade pact talks now going on with Russia, Yugoslavia, Hungary, and Czechoslovakia.

The billion dollars would be about six percent of Britain's total world trade. Last year her imports and exports totaled \$15,651,466,000, of which \$6,333,314,816 were imports.

The question of why Britain is in trouble financially engaged U. S. Secretary of the Treasury John W. Snyder and British Chancellor of the Exchequer Sir Stafford Cripps for further talks yesterday.

Snyder announced he will complete his talks with British officials today at Prime Minister Attlee's country residence, Chequers, and a joint communique is expected for this afternoon. He originally planned to leave London last night for Belgium.

Both the United States and Britain are worried by the fact the gold and dollar reserves of Britain and the sterling area she leads have fallen more than a billion dollars in the last two and a half years to a total of \$1,624,000,000, despite American loan and Marshall Plan aid.

Cripps has ordered a three-month "standstill" on British buying in dollar markets as a temporary expedient to curb trade losses.

Loss of Agricultural Lands Is Route to Downfall, Says Speaker

One-half of the world's people are hungry, Quentin Williams, Gray County soil conservationist, told the Kiwanis Club Friday, and that is because their lands will not produce enough food.

Although the United States is now easily feeding its population, he said, this may not be true in 10 to 15 years, because "we will have reached the saturation point."

Some U. S. land, he said, is being plowed when it should not be; other land—some in the Panhandle—has been put to crops when it should have been put to grass. Some of the Panhandle land, the speaker said, has been put to some sort of crop since 1880.

It has had no time to build up again.

But all land, he explained, can be kept productive for an indefinite period. It has to be treated right, however.

State Calls for Bids on First Topping of Highway 70

There'll be a 14-mile plus strip of black on the landscape soon. It will be part of Highway 70, in Ochiltree County.

The State Highway Department yesterday called for sealed bids on the project, along with 42.2 miles of other roadwork, to be returnable July 19 at Austin.

The 14.308 stretch of Highway 70 will begin six miles south of Perryton, at a junction with U. S. Highway 83, and run to a point 20.4 miles south of Perryton road.

Construction work calls for the flexible base and double asphalt coating of the road.

However, the paved road, when completed, will be two miles short of reaching the Lips and Harbaugh O. Wells in Roberts County.

Straightening, widening, culvert installation and construction of a concrete bridge over Wolf Creek along the highway were completed months ago.

Recently the state also appropriated money for preliminary work on the project in Pampa and the Canadian River, and plans for the next move along this section of the highway are now being worked out.

Highway 70—bit by bit—is finally beginning to take shape and become a reality after 10 years of dreaming, hearings before the Highway Commission, planning and rights-of-way purchases by officials and businessmen from Pampa through to Perryton.

At the same time the department also advertised for bids on a 13-mile stretch of grading, structures and CR&PR overpass from the east limits of Shamrock to the Oklahoma state line.

Road projects in 34 other counties were advertised with an estimated overall cost of \$13,203,300 to the state when contracts are finally awarded.

Both the United States and Britain are worried by the fact the gold and dollar reserves of Britain and the sterling area she leads have fallen more than a billion dollars in the last two and a half years to a total of \$1,624,000,000, despite American loan and Marshall Plan aid.

Cripps has ordered a three-month "standstill" on British buying in dollar markets as a temporary expedient to curb trade losses.

Pampa Business Building Razed

Another milestone in Pampa's history bit the dust yesterday. The building at 200 N. Culyer, formerly occupied by Johnson's Cafe, saw its last days as the owner, B. V. Blackwell, Amarillo, had it torn down.

Built in about 1926, the building lived through most of Pampa's growth. It was daily becoming more derelict as Blackwell decided to have it razed. It will be replaced with another building, though final arrangements have not been completed for the new building.

He deplored the fact that erosion is taking away the productive topsoil of America's farms. Every minute during flood, figures show 40 acres of topsoil drains out into the Gulf from the Mississippi.

Thus we see our land being abandoned. From 1935 through 1940, the total was 16 million acres, he said. But since the inception of the soil conservation program, the trend has been reversed—more land is being recovered, than is being lost.

Secondary recovery of soil, he explained, can last only a few years; there is no limit to the productivity of soil in terms of time.

Great nations have fallen, he stated, because they have failed to keep productive soils. That could be our downfall too, he asserted.

Borgan Dies In Crash; 1st '49 Fatality

Gray County recorded its first highway fatality for 1949 at 5:45 p. m. Friday when Marion Ray Smith, 20, 711 E. Sixth, Borgan, was pronounced dead on arrival at Pampa Hospital following the rollover of a car 1.2 miles north of Lefors.

Smith was driving his brother's 1939 Plymouth sedan toward Lefors, when he turned over one and a half times killing himself and demolishing the car.

Part of the steel, he stated, has arrived and work will begin this week. Only a few men will be on the job now, more being put to work gradually. The number of men to work here was not given.

He said he will employ as many as 200 on the Wichita Falls project at this time.

Force of the turnover threw the dead man clear of the wreckage about seven feet where he was found by a group of oil field workers driving from Lefors a few seconds after the accident.

A Blackburn-Shaw-Sims ambulance was called by another man driving a few yards ahead of workers.

Smith was pronounced dead by physicians on arrival at Pampa Hospital. His body bore no cuts or bruises except on the left hand. No x-rays were made; physicians said, but they advanced the theory Smith "could have died from a broken neck."

He was born April 15, 1929 and was working for the Phillips Petroleum Company in Phillips at the time of his death.

Besides his wife, Helen Louise Smith of Borgan, he is survived by his parents, Mr. and Mrs. Jesse Lee Smith of Lefors, by five brothers, Roy of McLean, Leslie of Alameda, Junior of Borgan, J. C. of Midland, and Johnnie of Lefors; and by two sisters, Mrs. Elsie Warner and (See BORGAN, Page 2)

Life Saving to Be Taught Here

J. P. Matthews, employee of Standard Oil and Gasoline Co., Borgan, will arrive in Pampa at 9 a. m. Wednesday to instruct Red Cross junior and senior 1176 saving classes.

Matthews, who was graduated from Oklahoma A&M College last year, will instruct classes at the city pool from 9 a. m. until noon each Wednesday and Thursday for the next three weeks.

The classes will be open to both boys and girls. Anyone wishing to take the Red Cross-sponsored course is asked to contact Bert Ishell, life guard at the swimming pool.

Matthews taught water safety here last year. He received his Red Cross life saving certificate while still in college.

Mindszenty Sentence Is Confirmed

BUDAPEST, Hungary — (AP) — Hungary's highest court declared yesterday Josef Cardinal Mindszenty should have been hanged.

But it decided to let his life sentence stand because the case has "lost its original importance."

The tribunal, the National Council of People's Courts, affirmed the prison terms of three of the Roman Catholic primates' associates and reduced sentences of three others.

(United States Army Intelligence sources in Germany disclosed Thursday a report from year old Cardinal Mindszenty moved from prison to a hospital for the insane. The report said the Cardinal has been so mistreated and drugged that his mind gave way and he is now "in a state of delirium.")

The Cardinal was arrested last Dec. 26 and was convicted by a five-man People's Court Feb. 8 of treason, plotting to overthrow the Communist government and illegal trading in American dollars.

The prelate appealed. Prosecutors of Gyula Eplasi urged the high court to exact the supreme penalty death by hanging. That court had the power to reduce the life sentence, let it stand or increase it.

The appeals court took up the case quietly Wednesday night. "There is not the slightest doubt that Mindszenty should have been sentenced to death," said the decision read by the presiding judge, Peter Janko.

\$11,139 TAKEN FROM AMARILLO GROCERY

AMARILLO — (AP) — Two armed bandits robbed a supermarket here yesterday of \$11,139 and were still at large today.

Two men held briefly at Vernon were freed when J. O. Hutto, manager of the robbed store, went to Vernon and said they were not the robbers.

The robbers herded 11 employees into the ladies room of the large store and robbed the store's safe.

More than half the loot was in cash. The rest was in checks. It was conveniently in bags in the safe.

The robbery occurred at McCurt's supermarket about an hour before opening time. The robbers forced J. O. Hutto, the manager, at gunpoint to open the safe. They took the money and made a swift getaway. Entry was through a rear door at which a bakery truck was loading for its early morning delivery run.

While one bandit rounded up the employees and herded them into the restroom, the other made for the front of the market where Hutto and two other employees were working at the vegetable counter.

"This is a stickup," he said, showing a pistol into Hutto's side. "I thought it was a prank," Hutto said, "and kept working."

"I'm not kidding Bud," the gunman declared. "There are some more men in the back of the store covering me so you had better get on back there."

Hutto tried to hide the keys to the safe but was caught in the act. While one of the bandits stood guard over the employees, the other forced Hutto into the store office. He was forced to open the safe and unlock the inner compartment containing the money.

Police had no reports of anyone seeing the men leave the scene.

Armed Forces Study Cut in Number of Civilian Employees

WASHINGTON — (AP) — The armed forces are studying the feasibility of a drastic cut in the number of their civilian employees.

While the survey so far appears to have produced no definite overall figure, it was learned that there is a possibility it may run from 100,000 to 200,000.

This would be the heaviest reduction in civilian employment by the armed forces since the general reduction after the war.

The total employed May 30 both at home and overseas was 897,365.

An official reference to it was tucked away in testimony by Defense Secretary Johnson before a Senate Appropriations Subcommittee considering the money bill for the military for the fiscal year which started July 1.

Johnson told the committee that, without hurting the combat efficiency of the Army, Navy or Air Force, he thought about 51,000,000 could be saved by eliminating wastage and duplication and by cutting down unnecessary civilian employment.

Neither Johnson nor any other official of the national military establishment indicated which of the armed forces might bear the brunt of the civilian lay-offs.

However, there seemed reason to believe the Navy might sustain the largest cutback because of the continued reduction in Naval construction and conversion of warships.

Testimony given Congress shows that about one-third of the Navy's civilian employees are engaged in maintenance work—ship construction, overhaul and repair, conversion and fabrication of parts for Naval vessels. The Navy currently employs about four civilians to each six military personnel.

The latest available totals for civilian workers in the armed forces is for May 30. At that time, the Navy 351,300, the Air Force 167,289 and the national military establishment itself 1,490,000.

Peak civilian employment by the services was reached during the war on March 31, 1945, when the War Department (which then included the Air Force as well as the Army) had 1,881,000 civilian workers, the Navy 753,000. The low point was reached in December, 1947—just before the worsening situation in Europe compelled a rearmament program. At that time, the Army and Air Force had 489,000 workers, the Navy 339,000, a total of 828,000.

Phones Are Knocked Out During Rain

Between 50 and 60 central city phones suddenly went out of service shortly after 5 p. m. Saturday.

The cause: a hole in the lead sheathing covering the cables. Telephone linemen said the cables got wet when heavy rains poured into a hole in the lead sheathing in front of the Phillips 66 Service Station at W. Kingsmill and N. Frost, knocking out the lines.

Most of the phones were back in service by 7:30 p. m. Workmen said they didn't know what caused the hole in the sheathing, but said it could have been caused by a truck hauling a high derrick or some similar tough object.

A lead pipe was fitted over the hole that let part of the .61 inch rainfall pour in on the paper wrapped independent cables. While rain poured over Pampa last night, the tornado family made an unwelcome and belated contact with a small tunnel was reported by the Associated Press to have struck a small area 2 1/2 miles southwest of Lubbock. Residents of that section scurried into storm cellars, but no deaths, injuries or property damage was reported. The twister fell apart near Roper.

The twister was spawned northeast of Lubbock during heavy afternoon thundershowers west and northwest of the Hub City.

In downtown Houston shoppers scattered in every direction when lightning struck the 24-story City National Bank Building. Several shattered bricks came tumbling down and dented the hoods of two autos parked near the building.

Elsewhere in the state, the AP reported, thundershowers and winds were reported. The rains sent the mercury dipping to the low 70s, but most of these shot up again into the high 80s.

The official forecast said thundershowers in East and West Texas would continue, but did not say when.

1 Russian Is Dead Result Of Skirmish

FRANKFURT, Germany — (AP)—A U.S. Army officer on border patrol in the American zone said yesterday he killed a Russian soldier in a rifle duel at 30 feet.

Lt. William C. Linderose, 34, of Port Huron, Mich., said three Russians "began shooting at me so I shot at them."

The incident took place Friday when a border patrol of three Americans and a German policeman were fired upon while checking border markers north of Coburg.

The Soviet-licensed Berlin news agency ADN reported a border incident in the same general area but said there was no shooting.

ADN's version said four American soldiers entered the Soviet zone near Meiningen and "tried to kidnap two German border policemen."

"They did not succeed in taking the men across the border and had to retreat," ADN said. "There was no exchange of gunfire."

There was no immediate comment from American sources on the Soviet-licensed agency's report.

The U. S. Army's contemporary account of the shooting said the American patrol "left their jeep and hit the dirt for protection, when fired upon."

Later, the patrol slipped away and returned with two officers, including Linderose. Again the Americans were fired upon.

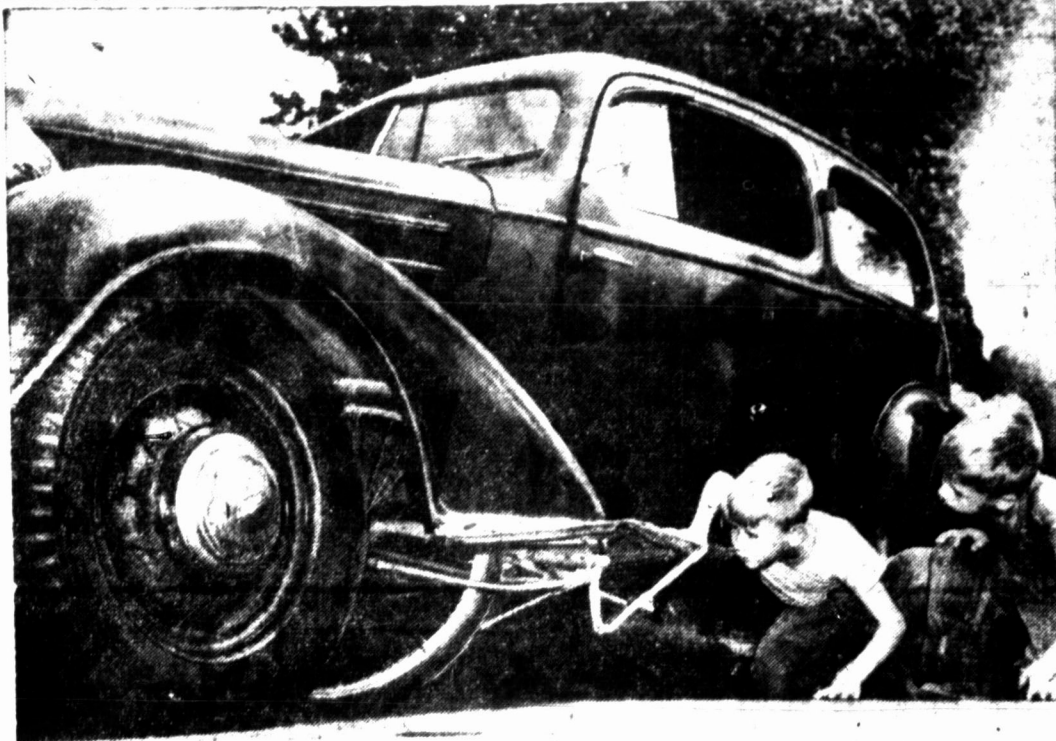

Linderose said he saw four Russians and fired single shots at three of them. One fell. He appeared to be a youth of 18 or 19. Several other Russians were in the vicinity behind trees and other cover exchanging signals by whistles and calls, he added. Altogether the Russians were estimated to have fired about 20 shots.

"We were 250 to 300 yards inside the American zone, and they were still farther inside," Linderose said.

"I was too busy to have any reactions."

When dawn came Saturday morning the body was gone removed by the Russians in the darkness.

The constabulary announced a protest with the Russians against violation of the border and firing on Americans.

While in most cases the tax rates will be lowered, the fund valuations will be increased, county school officials indicated Saturday.

The County Board of Trustees met Friday afternoon in County Superintendent Huey Laycock's office with approximately 25 representatives from the affected areas.

The biggest complaint coming from those affected by the law was the possible increases in taxation.

Taking official action, the board ordered consolidation of the dormant districts with the following districts:

Schaffer with Groom, in Carson County; Bell with White Deer, in Carson County; Farr with Pampa; Kephlinger, divided between Pampa and Miami, in Roberts County; Davis with Pampa; Huntsman with McLellan, Laketon, split three ways, with Pampa, Miami and Mobeetie, the latter in Wheeler County.

Many of the children are now going, and have been going, to the schools into which districts they were placed by the board Friday.

At present the seven dormant districts' tax rates are: \$8.11, Kephlinger, and Davis \$1 each; Schaffer, Farrington, and Laketon, \$1.50 each; Huntsman \$1.25. Those not affected are paying

\$1.50 at Hopkins and Grandview; \$1 at Back and 75 cents at Webb. Webb, when affected by the law, will likely be consolidated with the Lefors Independent School District next year, Laycock said.

All assets now held by the dissolved school districts will be absorbed by the receiving districts as well as will all liabilities. This, too, works the other way. All liabilities now held by the receiving districts will be borne by the incoming districts as well.

In other words, the common school districts of Bell, Schaffer, Kephlinger, Huntsman, Laketon, Davis and Farrington are a no more. All of them are in a new district and will be subject to those districts with which they have been consolidated. All members of those districts' board of school trustees are no longer trustees.

Funeral services will be held at 2 p. m. today from the McLean Baptist Church with the Rev. Ford of Alameda officiating. Burial, under the direction of the Blackburn-Shaw-Sims Funeral Home of Pampa, will be in Borgan.

Government Has Full Employment

WASHINGTON — (AP) — Employment may be declining elsewhere but not in the government, the Byrd Committee on Federal Spending said.

Chairman Byrd (D-Va.) reported that civilian employment in the executive departments climbed to a 12-month peak of 2,120,819 in May.

He said in a statement this was an increase of 9,490 over April and a net gain of 20,303

Three Escape From Lamesa Second Time

LAMESA — (AP) — Three "potentially dangerous" men escaped for the second time in a week from the Dawson County Jail yesterday.

Another prisoner, Sam Burkett, 20, of Levelland, was charged before Justice of the Peace D. M. Campbell with "aiding a felon to escape."

County Attorney Vernon Adcock and Sheriff Roy King said Burkett was held in the same jail on a charge of illegally transporting beer in a dry area. He had not been tried on that charge.

Burkett's bond was set at \$4,500. The maximum penalty on conviction of aiding a felon to escape is 2 to 5 years in the penitentiary.

The escaping prisoners used the same improvised rope of bed sheets down which they slid to the ground three stories below early Thursday. They also pried open the same window as in their previous escape.

They are L. E. Ables, 27; Roy Gene Brown, 23, and Earl Sidney Abbott, 21, all of Ada, Okla. They were under indictment on charges of armed robbery of a Lamesa filling station May 21.

They were still at large late yesterday despite a wide search. Sheriff King earlier had called the last escape an inside job.

"We had them in the tank (a barred enclosure within the jail) for safekeeping," King said. "Someone worked the combination lock in the gate. It's almost a physical impossibility to reach that lock from inside the tank."

LOADS OF GOALS

PROVIDENCE — (AP) — Harvey Fraser, center of the Providence Reds of the American Hockey League, recently scored eight points in a game — three goals and five assists — to tie the league total for a single contest.

Bob Gracie and Bobby Walton both tallied eight points in the same game, on Feb. 24, 1945, while playing for Pittsburgh.

over March.

Figuring average federal pay at \$3,000 yearly, Byrd said the addition of 306 persons daily to the rolls would boost salary outlays by \$918,000 daily.

It's good to hear the economy bloc in the Senate is trying to trim the national budget. We are all for economy and there are probably plenty of rough edges in the nation's spending plans where a little whittling would be an improvement. It seems most legislators advocate economy, but getting down to specific cases is tougher than tracking down a mirage. No representative wants to cut financial corners if he thinks it'll cost him votes at the next election. That's partly the voters' fault, too. If we want economy we'll have to vote for men who have the courage to get five-cent's worth out of a nickel.

Chiang to Philippines

MANILA — (AP) — Chiang Kai-shek, top man of what remains of Nationalist China, is due in the Philippines today for a secret conference with President Elpidio Quirino.

A reliable source said Chiang was flying from Formosa. The meeting is expected to cover two general topics:

An anti-Communist Pacific alliance, such as Quirino several times has publicly proposed; and possible establishment by Chiang of a future home in exile in the Philippines. (This would imply that Chiang anticipates eventual loss of his present redoubt, Formosa, 250 miles north of the Philippines.)

What the meeting could accomplish was doubtful. Chiang has recently vowed to go on fighting the Communists who have overrun all of North and Central China. He has expressed hope for further United States aid.

Quirino last spring suggested an anti-Red alliance of Pacific countries, and reiterated the suggestion on July 4, declaring this would be "our answer to Red imperialism."

The United States has been less than lukewarm to the idea, but a spokesman for Quirino said Friday American leadership is indispensable in achieving results.

There was the possibility Quirino was going ahead with the preliminaries in talks with Chiang. Some observers felt that this would command Washington's attention.

Tito Would Do Business With West

BRIONNE, Yugoslavia — (AP) — Sava Kosanovic, Yugoslav ambassador to the United States, said last night Premier Marshal Tito is willing to do business with the Western powers "on terms of equality."

Kosanovic said Tito had reached his decision on trading with the West after the economic boycott of Yugoslavia by the Cominform countries.

Chinese Reds Brutally Beat U.S. Consul

SHANGHAI — (AP) — U. S. Vice Consul William M. Olive, who was released yesterday by police of this Communist city after three days in jail, "was utterly brutally beaten," Consul General John Cabot declared.

The Communist Liberation Daily published a statement attributed to Olive that "I have not received any ill-treatment during my detention."

"Any statement such as that which appeared in the Liberation Daily was obtained from him as a result of the barbarous treatment he received," Cabot asserted in a press conference late Saturday.

(This dispatch was more than 12 hours in transmission, apparently having been held up by the Communist military censorship.)

Olive, 32, of Ironton, Mo., was arrested last Wednesday when his Consulate jeep got involved in a mass parade in which the Communists were observing the 12th anniversary of the Japanese war and the third anniversary of the civil war.

Cabot, his superior, said Olive was released after being beaten, handcuffed and incarcerated in a cell for three days, and forced to sign several statements, a "confession" and an "apology."

"I have personally seen Olive's injuries," said Cabot. "We had him examined medically, and have taken photographs and will take x-rays."

"There is no doubt whatsoever that Olive was brutally beaten by the police."

The consul general said that, "on the other hand, I am gratified and reassured that higher authorities—when the matter was brought to their attention—arranged for his speedy release."

(The U. S. State Department had directed strong protests to be made to high Communist authorities by both the Consulate and the Nanking Embassy, even though the United States has no diplomatic relations with the Chinese Communists.)

It appeared that a State Department protest had some effect on the police attitude, which appeared to have undergone some change in the past 24 hours.

It was learned that seven charges against Olive were reduced to four: traffic violation, refusing to give his name, beating police, and destroying public property. Punishment was fixed at three days in jail, which was already served.

Man Pays for Fine in Jail

Unable to raise \$50 for his fine, plus costs of court, Weldon McEntire, Pampa, went to jail to "lay it out" Friday after he entered a plea of guilty to charges of disturbing the peace before County Judge Bruce Parker.

McEntire was picked up Thursday night by City Police during a family row that resulted in complaints being filed against him.

Judge Parker assessed the penalty when McEntire entered his guilty plea.

Yesterday morning Judge Parker imposed a \$50 fine plus costs on Robert Leo Munnallee for driving while intoxicated.

Munnallee, who comes from Moberly, Mo., according to his drivers' license, was picked up by City Police at 6:10 p. m. Friday on W. Brown after several motorists phoned in complaints on him charging they were run off the road.

Munnallee pleaded guilty to the charge. The mandatory six-month suspension of driver's license went along with the sentence.

Four Die in Auto Crash

NOME, Texas — (AP) — Joseph Alfred McCormick — his wife — and their two sons were killed early yesterday when their car and a truck crashed head-on.

The accident occurred on the Houston-Beaumont highway, three miles east of Nome.

The McCormick family lived in Meridian. They were on their way to attend funeral services in Beaumont for McCormick's father.

The dead: McCormick, 46, rancher and rice farmer. His wife, Ruth McCarthy McCormick, 41. Their sons—Edmund Earl McCormick, 21, and Joseph Alfred McCormick, Jr., about 5.

The driver of the truck, Joe Devons, 26, of Galveston, received minor cuts and bruises.

Four charges of negligent homicide were filed against Devons. He said he did not know what caused the wreck. K. K. Kennon, Highway Patrol officer, said skidmarks indicated the truck was in the wrong lane when the accident occurred.

Devons is an employee of the Southern Pacific Transport Company. He recently was given a safe-driving award. Charges against him were filed in the court of Liberty County Judge R. E. Pitts.

14 Are Charged in Hooded Hoodlumism

BIRMINGHAM, Ala. — (AP) — A grand jury yesterday charged 14 persons with taking part in hooded hoodlumism in the Birmingham area recently.

The county jury returned 44 indictments after a special session called to investigate night riding activities. It recommended that the inquiry be continued by a new jury to be organized Monday.

Arrests of those indicted will be made.

William Ray Given New Lease on Life

CORSICANA — (AP) — The lawyer for William R. Ray, given the death sentence for rape, said yesterday Ray had a new lease on life.

The statement came after District Judge A. P. Mays granted a motion from the prosecution to correct a technical error in the minutes of Ray's trial.

"This brings us back to where we were a year and a day ago, except that now we're a little ahead," said H. S. Beard of Waco, Ray's lawyer.

Beard filed a motion for a new trial and said he would appeal from Judge Mays's decision.

Drowning Victim Being Returned

The body of Joyce Ellen Wedge, 10, of Santa Fe, N. M., who drowned there Friday afternoon, was enroute to Pampa Saturday night for burial here.

Details of the child's drowning were unavailable here.

The child was born in Pampa on May 6, 1939, and attended school for one year at Skellytown before her parents, Mr. and Mrs. Joseph Howard Wedge, moved to Taos, N. M., where they lived for one year and then moved to Santa Fe.

Surviving besides the parents are one sister, Jeanette Sue, Santa Fe; the maternal grandparents, Mr. and Mrs. Art Imel, the paternal grandparents, Mr. and Mrs. Joe Wedge, all of Skellytown. Funeral arrangements are pending at the Duenkel-Carmichael Funeral Home.

Good Buy—all around

FRIENDS gather, look over that long bonnet and wish they had as much Fireball life as you have here.

They size up the broad windshield and narrow corner posts—and don't have to be told how these things step up "see-power."

They appraise the smart styling, the roomy interiors, the usability of luggage space—and agree you've made a buy.

But don't stop, please, with letting them look. Invite them in and introduce them to some of the special pleasures you'll know as a Buick owner.

Show them, for instance, how completely different Dynaflo Drive is, with every mile cushioned by flowing oil and none of the rigid harshness of direct-drive cars.

Let them sample the matchless Buick ride, with all four wheels cradled on soft, coil springs and low-pressure tires made still easier-riding by extra-wide rims.

†Standard on ROADMASTER, optional at extra cost on SUPER models.

Point out how solid this Buick feels. That's what you get from husky frames, low-sprung weight, and power delivered through a torque-tube instead of the rear springs.

For the truth is, this Buick's a bargain on much, much more than you can see.

It's a big buy on the solid goodness a demonstration quickly makes plain. On increasingly favorable delivery dates. On attractive price. On the kind of "deal" your Buick dealer makes.

That's why we keep saying "Better see your Buick dealer—and get that order in promptly!"

BUICK alone has all these features

Silk-smooth DYNARLOW DRIVE* • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRIFLEX COIL SPRINGING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS • Low-pressure tires on SAFETY-RIDE RIMS • Crater-Line VENTIPORTS • DUREX BEARINGS, main and connecting rods • BODY BY FIRE

So They Say

There is a great difference between reading history and actually living it.

The American investor has seen the handwriting on the wall. He can see a terrible economic collapse in the United States unless administration officials are reformed.

I am sure we will scrap at least half of the Taft-Hartley act. This session, we will just have to keep whittling away at it.

Never in history have such demands been made upon human resources as those which "world conditions" make upon us now.

Fair Enough - Pegler

By WESTBROOK PEGLER (Copyright, 1949)

NEW YORK — For all the money that he spent on publicity for his projects, Harold Ickes somehow seems to have come out about his charming girl friend, Ruth Gruber, the dead-head employe on the payroll of the Alaska Railroad, who got \$6,000 a year and \$7 a day subsistence for composing magazine articles about the scenery and kindred subjects.

After certain meanderings, she went to Moscow and interviewed Prof. Otto Yulievich Schmidt. She told me you may be ashamed to admit that you never heard of the professor, but the late Ralph Barnes, the Moscow correspondent of the New York Herald Tribune, was very alert and like to blow a gasket when she told him the pressor was sending her on a trip through the Arctic.

Maybe Mr. Sam Goldwyn knows what he's doing. But it seems to me there's no telling what will happen when the Hatfields and the McCoy's share an armrest in a movie theater.

Stacy Harris, famous on the air as "Special Agent Jim Taylor" on ABC's top detective show, "This Is Your FBI," just signed a long-term contract with Paramount.

More double-bill confusion: "Ma and Pa Kettle" and "Life of Riley" are being double-billed. Richard Long and Meg Randall provide the love interest in both films.

Articles for this column are preferred to be 300 words or less in length. However, longer articles may be printed.

To the Editor: "The time has come," the walrus said, "to discuss many things: Of shoes and ships and sealing-wax, of ices and of many other things."

There is a wide unused parking space along the south side of Foster east of the intersection of the first curb curving grade and the 12 feet or more of solid parking, leaving necessary wide aisles for the White House properties, thus making additional space available for traffic and parking.

BEA COSGROVE looked down the length of her nose and at the woman's face. She could look beyond, too, to the swirl of dark water.

George Bascombe, Mollie and Agnes Firth met them at the trail. "We didn't have to bury Fred after all," George said.

Success Secrets Common Ground

By ELMER WHEELER By R. C. HOLLES

More and more people have been writing me lately, asking me to write about the success secrets of being a good executive. It seems that more and more people know their jobs thoroughly, work hard, and show great promise.

Justin Dart, president of United Realex, comes close to having all the requirements of a perfect executive. So, instead of talking about a hypothetical case, let's see what makes Mr. Dart tick.

First of all, he knows how to get along with people. And that means that more than just being "pleasant" and not rubbing people the wrong way, it means being able to manage people, to sell them your ideas, your program.

Next, Dart knows the art of delegating authority and responsibility to others. You won't make a good boss if you try to do it all yourself.

Third, Dart has proved himself a forward looking, pioneer thinker. It is his goal to be able to steer a ship if you have no place to go.

So they say. The life of a private (in the U. S. Army) is a happy one, one of the happiest periods of my life.

Instead of clear thinking, we have irresponsible statements whose only result must be to convince the leaders of the Russian state that we welcome a contest of war-mongering with them.

I have observed a number of superficially contented men and women. I and I maintain they are dangerous. I fear the contented man. I fear him because there is no progress unless there is discontent.

I campaigned on the Fair Deal Program, and I will continue to work in the cause of the Fair Deal.

I intend publicly for the first time that American business is conducting a cold war against the American people.

Brannan Must Decide Soon on Wheat Quotas

By OVID A. MARTIN
AP Farm Reporter

WASHINGTON — Secretary of Agriculture Brannan soon must make a decision on future wheat production that could have far-reaching economic and political effects for the nation as well as farmers.

The decision involves this question: "Should the government invoke rigid marketing quotas on the 1950 wheat crop?"

Brannan may give his answer next Tuesday or Wednesday. The time is short because farmers in the Southwest will start planting wheat for 1950 harvest late in August.

Two years ago this country was cutting down on its own use of wheat to keep down starvation abroad. This war-born shortage has been replaced by a postwar surplus.

The decision Brannan must make is whether the surplus is large enough to warrant use of government measures to cut next year's production 20 to 25 percent.

His answer will have great influence over next year's wheat prices, and hence influence over income of wheat farmers and those in business who depend upon them. It could bring a precipitous drop in wheat prices and hence a recession in the broad wheat-producing area of the Southern, Central and Northern Great Plains.

Furthermore, his decision could become a big issue in next year's Congressional elections—elections which already promise a bitter battle for control of the next Congress.

Under farm laws the secretary is directed to proclaim a national marketing quota for wheat when estimated supplies exceed domestic consumption plus exports plus a reasonable reserve. The last official estimate on this year's crop indicated supplies for the marketing year ahead exceed such a level.

A new official estimate will be issued Monday. Unless it shows a sharp drop from the previous forecast, a decision for quotas would appear likely.

But quotas—devices used to curtail production—would have to be approved by at least two-thirds of the farmers voting in a referendum. If Brannan decides for quotas, the matter probably would be submitted to a nationwide grove referendum Aug. 13.

Hundreds of millions of dollars in wheat income would hinge on the outcome of such a vote.

That's because the government's program for supporting farm prices is tied to controls. Under

the law, if growers reject quotas, the level at which the government would support wheat prices would be reduced sharply. Dollar wheat instead of the present farm average of about \$1.90 a bushel could easily result.

The price support level would be at least 90 percent of parity if farmers approved quotas. But it would be 50 percent of parity if they disapproved. (Parity is a standard for measuring farm prices, designed to be equally fair to farmers and consumers.)

Faced as it is with rumblings of economic difficulties ahead, the Truman administration is about as anxious as farmers are to see farm prices maintained. Secretary Brannan's major theme in recent months has been this: "We must

Attorney Willing To Post Bond for Killing Privilege

DALLAS — (AP) — A Dallas attorney offered to pay a Negro's peace bond for the privilege of killing him. The lawyer was arrested but released in a short time.

Justice of the Peace W. E. (Bill) Eichburg has placed Ozzie B. Watson, the Negro, under a \$25,000 peace bond for alleged threats against Attorney Noah Roark and his wife after a traffic accident June 21.

Hearing on the bond was held Friday before County Judge Joe B. Brown. Attorneys were gathered at the judge's desk when Roark told Watson's lawyer, Joe Greathouse of Fort Worth:

"If you want Watson to live, you'd better keep him in jail. I'm going to kill him if I ever get the chance. As a matter of fact, I'll post his bond for the pleasure of doing it."

Greathouse demanded that Judge Brown place Roark under peace bond. The judge ordered Roark arrested and adjourned court.

After much discussion, Judge Brown said he was setting Roark's peace bond at \$10,000 and reducing Watson's to \$10,000.

Then Roark promised not to kill Watson. Greathouse asked the judge to let Roark go. The judge agreed.

They all shook hands and went home to supper.

Meeting to Discuss Planned Amendments

DALLAS — (AP) — A meeting to discuss Constitutional amendments will be held in Fort Worth today by the Texas Social and Legislative Conference Executive Committee.

Chairman Robert Eckhardt of the labor-liberal organization said the committee will discuss which of the state Constitutional amendments it will support in next fall's election. He said it also will prepare an analysis of the voting records of members of the state Legislature.

Senate May Double Cut In Budget

WASHINGTON — (AP) — Senator Elmer Thomas (D-Okla.) said economy-minded senators may double a 760 million dollar savings in military costs which is listed as having White House approval.

Thomas is chairman of a senate appropriations subcommittee that has completed closed-door hearings on the annual funds to the Army, Navy and Air Force. He said the subcommittee cuts may total \$1,500,000,000.

As this largest of annual money bills passed the House it carried \$15,900,000,000 in cash and contract authority for the fiscal year which began July 1. This included diversion to the Air Force of 76 million of the 800 million dollars that President Truman had earmarked last January for Universal Military Training.

Senator Tydings (D-Md.) told reporters after a talk with President Truman Friday that the Chief Executive opposed this

transfer of funds.

Congress has taken no action to carry out Mr. Truman's request for the training program and Tydings said the President, although still strong for UMT, "does not think this 800 million dollars should be used for something else, and should be saved."

Tydings indicated another 124 million dollars in defense spending could be cut from the presidential budget because it carried 500 million dollars for a pay raise for the armed services.

Tydings said a pay boost bill passed by the House and now before the Senate Armed Services Committee, would cost 272 million dollars this fiscal year.

But Thomas told a reported that he expects his subcommittee to which well over a billion dollars and probably \$1,500,000,000 from the House figure.

Pension Rolls Show Increase

AUSTIN — (AP)—Old age pension rolls showed a net increase of 639 persons during June, the Department of Public Welfare reported.
An all-time high of 217,330 persons received \$7,444,345 in old age assistance checks—an average payment of \$34.25, one cent more than last month.
A monthly payment of \$235,823—averaging \$38.26 per person was made to those on the blind assistance rolls.
A total of \$788,978 was distributed to 17,261 families under the aid to dependent children program.

Cotton Choppers Needed in Harvest

AUSTIN — (AP)—The Texas Employment Commission is looking for cotton-choppers to work around Littlefield, Lubbock, Plainview, Ralls, Crosbyton, Levelland and Memphis.
The TEC said there was an urgent demand for farm help in those areas.
At the same time, the TEC reported that the wheat harvest was completed with the exception of a few scattered fields in the North Panhandle. The TEC's wheat harvest control office in Amarillo has been closed.

No Tidelands Legislation Is in Sight

WASHINGTON — (AP)—Chances appear dim for passage of any kind of tidelands bill at this session of Congress.
Conferences between House Speaker Sam Rayburn (D-Tex) and federal and state officials have pointed up how completely the two factions are at odds over ownership of the oil-bearing, offshore lands of Texas, Louisiana and California.
Texas itself, both here and in the state capital, have genuine differences of opinion. All are interested in preserving the revenues which the Texas state school system gets from oil leases in the Gulf. They differ in how to go about it.
Most of them think Texas should stand pat, and believe firmly they can win in the Supreme Court on the basis of the provisions under which the state joined the Union in 1845.
On the other hand, some of them who have been in the thick of the fight are afraid Texas ultimately will lose out in the court fight and end up with total loss of revenues from the submerged oil areas. They think the smart thing to do is to compromise the issue and make sure the Texas school funds always will get an income from such oil.
Even though the controversy isn't settled by Congress this year, it undoubtedly will have another chance to act before the Supreme Court decides the prospective suit of the government for title to the offshore lands of

Fire Chief Leaves For Training School

CANADIAN — (Special)—Fire Chief Carl Zybach left Saturday for College Station to attend the firemen's training school which starts there Monday morning and ends next Friday.

A three percent credit on insurance rate is earned for their towns by fire departments that Texas and Louisiana.
The court has ruled that the Justice Department can file the suit. The actual filing is a formality which probably will take place some time between now and the convening of the court next October.
Consideration of the case, or at least a decision, is unlikely before next spring or early summer. Congress convenes early in January, so that would leave a few weeks for passage of tidelands legislation if the federal and state authorities could come to a meeting of the minds.
The legislators could act without regard to the opinions of the state and government officials, but they won't.

Most Jester Proposals Are Made Into Law

AUSTIN —(AP)— A majority of the legislative proposals sponsored by Gov. Geauroff H. Jester were enacted into law, but there were some prominent failures.

The Governor's office issued what it termed a "partial list of the items he sponsored, more or less directly, and their fate."

This showed legislative approval of 31 of Jester's suggestions, and rejection of 15.

From the administration's viewpoint, important accomplishments of the 51st Legislature were prison reform, Gilmer-Aikin school program; civil rights legislation which included an anti-lynching

law and submission of a proposed Constitutional amendment to repeal the poll tax; a youth development council; expanded rural road program; expansion of state parks; progress in water legislation and a separate board for state hospitals and special schools.

The Governor said prominent failures included the eleemosynary building program; a capital development commission; a higher education study; the old age assistance ceiling; a tax study; and a balanced budget.

Eight Pampa Senior Scouts Are Ready for Canadian Canoe Trip

With knapsacks packed and sun-tans a plenty, eight Pampa Senior Scouts are anxiously awaiting a m. Friday so they can start on their 10-day Canadian canoe trip.

About 35 Scouts and four leaders of the Adobe Walls Area Council plan to attend the annual canoe trip sponsored by Region 10 of the Boy Scouts of America.

Pampa Scouts who have registered for the trip include: Gilbert Berry, Don Burns, Billy Rex Campbell, Post 80; Lonnie Carlton, Troop 80; Richard Adams, G. W. Yeargain, Troop 16; Earl Parks, Troop 18; and Carrol Barath, Troop 14.

Pampa Scouts will meet at 6 a. m. Friday at Phillips Junior College at Borger where they will

be accompanied by the Borger Scouts in their bus journey.

The Scouts will spend Friday night at the Scout camp of Jay Hawk Council at Topeka, Kans., and Saturday night at the Minneapolis, Minn., training center.

Sunday morning will find the Scouts almost to their destination—the canoe base at Moose Lake. They will arrive there in time for their evening meal.

Monday, one week from tomorrow, the Scouts will begin their 200-mile canoe trail. They will spend 10 days canoeing in Quentic National Park in Canada.

Scouts will be divided into crews composed of eight Scouts and one guide, who will be furnished by the Region 10 canoe base. Scouts making the trip should be good swimmers and must have complete physical examinations before setting out on the trip.

Personal equipment for the trip will be furnished by the Scouts while the canoes and other equipment will be provided by Region 10.

The eight Pampa Scouts will return to Pampa July 30.

State Committee Pledges Support

DENTON —(AP)— T. E. Rattan of College Station says the state's Production and Marketing Administration Committee has pledged full support to soil and water conservation in Texas.

Rattan, field officer of the state PMA office, spoke to a 68-county meeting of soil conservation district supervisors and representatives of more than a dozen districts in the area were present.

Paul G. Haines of College Station, Extension Service soil and water conservation specialist, called the announcement "the most significant thing that has happened since the state's soil conservation districts were formed ten years ago."

"This is what we have been waiting for," he said.

The PMA announcement said "state and county committees and personnel of PMA will cooperate with soil conservation district supervisors and the state soil conservation board in carrying out useful soil building programs for the state."

C. M. Caraway of De Leon, member of the state Soil Conservation Board, said the Denton meeting—one of a series throughout the state—had been called by the state board.

Senate to Decide On Pay Raises

WASHINGTON—(AP)—It is up to the Senate now to decide if cabinet officers and 236 other high government officials are to get pay boosts voted them Friday by the House.

The raises, which would up cabinet members by \$10,000 a year, won voice approval in the House.

The raises have the backing of President Truman. He has said it is hard to keep good men at present salary scales.

The bill passed by the House would include these increases: Cabinet, from \$15,000 to \$25,000 a year; undersecretaries in the "little cabinet," from \$10,000 and \$12,000 up to the \$20,000 class; FBI Director J. Edgar Hoover from \$14,000 to \$17,500; civil aeronautics administrator from \$12,000 up to \$15,000; the narcotics commissioner, from \$10,330 up to \$15,000; and the manager of the Federal Crop Insurance Corporation from \$10,000 up to \$15,000.

Farmers Move to Conserve Lands

McLEAN —(Special)— Quentin Williams, district soil conservation agent, said here that a total of 1200 acres of land had been planted to pasture grass by 41 farmers and ranchers in the county. He said the move was in cooperation with the Soil Conservation District work of the county.

Twenty-three of that number are in the McLean area, he said.

'Cowboy' Game Too Realistic

HOUSTON—(AP)—Four little boys playing cowboys and Indians got too realistic.

They used real guns, and Billy Zimmerman, 8, was seriously wounded Friday. A .45 caliber pistol bullet ripped through the child's left arm and penetrated his right side.

Deputy Sheriff W. E. Isbell said Billy and his brother, John, 7, and two friends were using the .45, a 12-gauge shotgun, two .22 caliber rifles, and a .38-56 caliber rifle.

Only the revolver was loaded, the deputy said.

The boy who had been playing with the revolver said he unloaded it when the game started and reloaded it when he thought the game was over.

He forgot it was loaded when the boys started playing again.

AEC Hearing Nears Completion

WASHINGTON —(AP)— The Senate-Atomic Energy Commission today neared the end of its long public inquiry into the Atomic Energy Commission.

Commission officials said they plan to finish their rebuttal to the charges against it tomorrow. End of the hearings will be followed by lengthy closed door sessions into charges by Senator Hickenlooper (R-Iowa) that the commission has been lax in security matters.

Colleges Plan Bond Issue For Buildings

DALLAS — (AP) — Six state colleges will sell \$5,606,000 in bonds to pay for new buildings. The Board of Regents for Texas state teachers colleges fixed the amount and set Oct. 5 to receive the bids.

Bonds will be paid from proceeds of a five-cent state property tax levied annually under a Constitutional amendment adopted in 1947. The board did not act until Friday because of a court suit which claimed the amendment was not Constitutional.

In addition to proceeds from the bonds the six schools will share in about \$782,000 set aside for their benefit from the tax while the amendment was under court attack.

Earlier bonds totaling about \$7 million dollars had been discussed.

Newton L. Harrell of Claude, president of the board, outlined major buildings to be erected from the bond sale:

- East Texas State, library-school buildings; administration building and field house, \$1,405,000.
- Stephen F. Austin, power house-shop building and auditorium-fine arts building, \$790,000.
- West Texas State, gymnasium, library and home for the college president, \$940,000.
- Sam Houston State, music hall, dining room and girls dormitory, \$960,000.
- Sul Ross, fine arts building, \$375,000.
- Southwest Texas State, dining hall, infirmary, fine arts building and library addition, \$1,800,000.

Presidents and representatives of the institutions said the new construction would let them increase enrollments. They now have a combined enrollment of about 11,000.

The board said the bonds would be dated Sept. 15 this year and interest would become due Dec. 15, and thereafter semiannually until the final maturity date Dec. 15, 1957.

It directed a cash reserve of 10 percent be set aside from proceeds of the bond issue. This would go into a fund to guarantee payment of the bonds.

Harrell said the sale will be only the first phase of a long range building program for the six schools. The amendment provides they will get the property tax for three years.

Another bond issue can be voted in about nine years. How much the regents can authorize will be determined by a formula taking into account property valuations, the tax rate, and enrollments.

NEW YORK — (AP) — Mildred Gaine laughs when she hears members of her sex complain about prejudice against women in industry.

The complaints amuse her. Because in two years, starting from nothing, she has built up a \$250,000 business. And she did it in a man's field—the construction industry.

"Being a woman was far from a handicap," she smiled. "It has been a positive help."

She founded her business—Gaine's Construction Newsletter—at the age of 47. Today, headquartered in Boston, she distributes to more than 1,000 customers a 30- to 40-page daily bulletin on building activities throughout New England.

"We serve as a kind of information center for the construction industry," she said. So far as she knows, she is the only woman editor of a construction publication in this country.

"Some people say, 'It's an odd field for a woman to be in,' she said. "But I don't feel that way."

She has been in the field for 31 years. After graduating from high school she went to work in the office of a Boston publication specializing in regional industry news. When it was sold in 1945 to a nation-wide firm, Miss Gaine—in private life Mrs. James William Reardon—decided it was time to retire.

"But I quickly became bored," she said. "I had too much time on my hands. I didn't know what to do with myself. And old customers of the firm I worked for kept phoning and urging me to go into business for myself. So I decided to try."

She began in April, 1947, with a phone, a mimeograph machine, a typewriter and an office cubicle. "I wasn't worried about competing with big business," she said. "I figured my service would sell wider if it were cheaper, so I cut the cost of my newsletter to about one third the price charged by my competitor. And from the start I concentrated on giving my customers personalized service."

Now she has an office staff of 35 fulltime employes and 75 correspondents scattered across the New England states. They keep a day-to-day check on the progress of the region's two billion dollar backlog of building projects.

Special Senate Bill Passed for Texans

WASHINGTON — (AP) — The Senate has passed and sent to the White House a bill for the payment of \$120 to James Fred Girdley and Percy Bridgewater, both of Midland, Tex.

The sum is reimbursement for Social Security taxes erroneously collected between Jan. 1, 1937 and June 30, 1943.

Union Closes Door on Plan For Pensions

PITTSBURGH—(AP)—A nationwide steel strike may begin next Saturday although one segment of the industry is ready to go along partially on the CIO United Steelworkers' demands for a pension.

Inland Steel Corp., of Chicago, which employs about 16,000, opened the door on the pension issue Friday night. The steelworkers promptly closed it.

Philip Murray, president of both the CIO and the steelworkers, didn't comment on Inland's offer. However, another union spokesman said the proposal was "inadequate" and declared it will be rejected tomorrow.

Murray is believed willing to go down the line on his demand for pensions. A spokesman said the union wants \$100-monthly pensions.

Murray has maintained his usual tight-lipped silence on just how much of a wage increase he wants. His men average \$1.65 hourly.

The union's contract talks have been tied in knots by Big Steel's flat refusal to discuss the pension issue.

The situation in a nutshell: The steelworkers' contracts run until next year. A clause permits them to be reopened this year to discuss wages. Murray served notice and wage talks began.

Murray stipulated he wanted to talk about pensions. U. S. Steel Corp. and other leading basic steel producers (some 189 companies employing 500,000) insisted pension discussion was out of the question this year.

And "Big Steel," which usually sets the pattern for the industry, turned down wage increase proposals with a definite "no."

Murray had this answer: steel companies reported large profits in 1948 and in the first quarter of 1949.

Firemen Meet Flaming Boxcar

HOUSTON—(AP)—A flaming freight car holding 100 bales of cotton was rushed 14 miles to a rendezvous with Houston firemen. The Missouri Pacific freight train car caught fire on an overnight trip from the Rio Grande Valley. The train's crew sent an emergency call to Houston, asking that firemen meet the train. By the time the train arrived flames were leaping from the boxcar.

George M. Leach, superintendent of Houston Belt and Terminal Railroad, said the boxcar, valued at over \$2000, was destroyed, and the cotton was a total loss.

State Polio Foundation Filling Up

GONZALES, Tex.—(AP)—Texas' own Warm Springs Polio Foundation is finding it hard to handle the growing number of stricken children sent here. Air shipments of hospital cribs and mattresses from Wisconsin and North Carolina are expected to help.

And the foundation needs more money, foundation officials said. "We are going to have to ask our partners all over the state to help us again," Foundation President Ross Boothe said.

The foundation was built by Texas contributions. There are now children from 41 counties under treatment here.

A C-47 took off from Kelly Air Force Base in San Antonio this week to pick up 20 cribs and mattresses at Milwaukee for the foundation.

Yesterday the military air transport plane flew another 20 children's beds from Charlotte, N. C. And yesterday of planes brought in another load of polio-stricken children from San Angelo, which has been described as the hardest-hit city in the nation this year.

Nineteen children already have been flown here from San Angelo. The new cribs and mattresses will boost the capacity of the foundation to 130. The Executive Committee has authorized an emergency expansion of the foundation, involving housing for medical and nursing personnel as well as facilities for patients.

Boothe said the foundation's directors have decided to campaign in September for funds to expand facilities.

Palaver de Pampa

MAN VERSUS WOMAN—Man: Most men wish they were as smart as they think their wives are ... Time tells on a man—especially a good time ... Many a man is too busy to exercise even discretion ... A pacifist is a man who can't argue for peace without getting in to a fight ... Woman: Every woman has a secret desire to write—check ... Most women are hard losers when it comes to reducing ... When a woman says "You flatter me," it's a good idea to do so ... The girl carrying a torch is usually seeking a match.

WHAT HAVE the Brooklyn Dodgers got that the Pampa Oilers haven't? ... it surely isn't the fiery enthusiasm of the fans ... When a bunch of Pampans get together with but one object in mind, there's no real limit to their zeal ... Typical Pampa fervor was rowdily displayed this past week during the Otter-Gold Sox games ... The players were on their toes, watching the ball; I was on mine—watching the spectators, who are commonly known as fans ... that's the fun for me ... Doc and Clementine Brown looked good with their family of future ball-players ... I'd like to get Clementine off sometime to ask her what psychology books she's been reading lately ... I never saw such a well-behaved group of children ... The Chas. Duenkels and their children were cheering in unison ... Jake and John Garman were side by side as were Roy Bourland and son-in-law Jimmy Lederich, Pat Murfee, and Charles Cook, and Clarence Kennedy and his daughter ... Aubrey Kitchens' jocular jibes during the game were contagious, to be matched only by Harold Wright's and Art Teed's quips ... The Jaycee Board of Directors' meeting apparently adjourned to attend the game, as I saw Floyd Watson, Jim Arnold, Rusty Ward, Jack Nimmo and Frank Pata in a body ... Grover "The Gab" Seitz was noticeably absent ... Men weren't the only enthusiasts present: I watched Betty Finkelstein, Mrs. Roy Webb, Euna Lee Moores enjoy the game ... Fans sans family were Bill Anderson, Dr. Wilder, Pop Wanner, Pinkey Branson, Paul Crouch, Frank Hunt and Frank Stallings ... I'm studying up on my baseball lingo for the next game, (July 14) when I can join the crowd and yell "cry-baby" and "kick 'im in the shins" at the right time.

PANORAMA—W. H. "Bill" Combs and wife, uncle and aunt of J. L. Nance, have recently completed a two-month automobile tour of California and Texas ... nothing so unusual about this except "Bill" is 88 years young ... Oh, well, it must run in the family, as T. R. Nance and wife left Pampa last week ... he's 88 and still a traveler ... Congratulations to Don Forsyth ... hear he recovered lost fishing rod and reel ... makes me real happy ... Frances Jean Gilbert is wearing a beautiful engagement ring ... the Frank Smiths have gone to Balboa Beach (Calif.) for a month's vacation ... they will be joined there later by Mildred's two sisters and families ... Wish I possessed the contagious laugh and keen sense of humor of Harvey's down at Nashville, in Tennessee ... Mrs. Leslie Nance is especially pretty in a light blue linen dress with picture hat ... Sets off her beautiful gray hair ... Maxine Pieratt and children are visiting her parents in California for a month ... like to see Mrs. Frank Kelley swimming with her two daughters ... Katharine and Miss Brown are visiting from L.A. ... Mrs. Kinard's sister, Miss Aileen Walker, from Dallas is a Pampa vacationist (We apologize for the humidity of these days; it's rather unusual) ... Keep hearing how John Studer proudly displayed his 8-pound trout ... Saw a copy of "Stories I Like," a collection of Hans Christian Andersen fairy tales ... the part that caught my eye, however, was "Illustrations of the work of Claudine Cook Vail, talented young artist and illustrator of children's books" ... Claudine is a well-known Pampa gal, and the wife of Bob Vail Cabot ... Saw Bonnie Lee Rose, enroute to California, from Florida with gorgeous sun tan ... The Carl Tripps are vacationing in upper New York ... the John I. Bradleyes are off to Colorado and points west ... old-timers Mr. and Mrs. George Gray are returning to Pampa after a leave of several years ... Mr. Gray is with Cabot.

HOME-STRETCH—The Texas Company will suffer a loss as Kathryn Kelley is leaving to join her husband Willis who has been transferred to Alabama ... saw Gall and Leon Crump enjoying their new green Buick convertible ... I just love those cars with the doughnuts on the side ... also Dee and Gussie Worrell's "younger set" are displaying same ... noticed Reva Mitchell wearing a glittering stone on that certain finger ... Special occasions of the week: Louise McCrery entertained her bridge group at the Country Club Thursday afternoon prior to leaving for Old England ... on the Fourth, Mrs. C. V. Wilkinson entertained friends at CC ... understand new owner of Six's is D. A. Hunt ... new owners of the Sinclair Station on W. Francis are Clyde and Doris Lively ... Gwynn and Bill Grey were visitors in the home of Mr. and Mrs. Fred Glass while enroute to Colorado ... James B. Williams is off to Los Angeles ... Mrs. Sawyer (Emma) to those who know her well is having her hands full with the building of her new home ... P. O. and Lucy Sanders are remodeling their home on Gray Street.

'Polio' Program Topic of Last Jaycee-Ette Meeting

Dr. E. S. Williams spoke and showed films on poliomyelitis at the regular monthly meeting of the Jaycee-Ettes in the City Club Rooms, Wednesday evening.

Dr. Williams explained physiotherapy as it is applied in the treatment of polio and other diseases. He was assisted by Sgt. Allan Brown.

Co-hostesses for the meeting were Mmes. Allan Brown and Arthur Aftergut and Mrs. Bud Johnson, president, conducted the business meeting.

The members voted to hold August and September night meetings outside rather than in the Club Rooms. It was also voted that the next night meeting would be August 10 instead of August 3 because of the rodeo dates.

Hostesses for the August 10 meeting will be Mmes. Bill Fannon and Raymond Johnson in the home of Mrs. Fannon, 1033 Dorrford. Program topic for the meeting will be "Etiquette."

Two guests were present at the Wednesday meeting: Miss Peggy Crisp of Albuquerque, N. M., and Mrs. Adele Wylloge of San Diego, Calif.

In addition to those mentioned above, the following members were present: Mmes. Rusty Ward, Roy Taylor, Zelto Osborn, John King, H. C. Grady, Jr., Elmer Francis, Don Foster, Joe Fischer, Frank Fata, Wilford Boyler, William Ballard, and Jim Arndt. Refreshments were served at the Court House Cafe.

Needs of China and Japan Topic of WMU Program

The Needs of China and Japan was the lesson topic at the Central Baptist Church Wednesday afternoon.

Mrs. Hal Upchurch was hostess. Mrs. Eddie Cox, president, conducted a short business meeting after which the missionary program was given.

Mrs. E. L. Anderson gave the devotional and Mrs. Sam Batters, Mrs. Frank Silcott and Mrs. Bob Buffines discussed the sub-topics.

Mrs. Upchurch and Mrs. J. F. Webb presented a duet selection, "How Long Must We Wait?"

Mrs. Cox and Mrs. G. C. Stark discussed the needs of our old ministers and a love offering was taken.

Mrs. H. A. Overall led the closing prayer.

Beasby-Brown Vows Read Sunday in Darrouzett Methodist Parsonage

DARROUZETT—(Special)—Mrs. Mattie Laycock Beasby and Edwin T. Brown were married Sunday afternoon, July 3, in the Methodist parsonage at Darrouzett.

The Rev. C. T. Jackson officiated in the double ring ceremony.

Mrs. John Roth of Shamrock attended the bride as matron of honor.

The bride was attired in a street length dress of pale blue brocade silk, with white and pink accessories. Her corsage was a single orchid.

Proceeding the ceremony, Mrs. C. T. Jackson sang "I Love You Truly," accompanied at the piano by Mrs. Ed Herber. Mrs. Herber also played nuptial selections

Pampa B and PW Discuss Meeting Of District Nine

The Pampa Business and Professional Women will be hostess to the District Nine Conference Oct. 29 and 30. It was announced at the last meeting of that group that the club met Tuesday evening in the home of Mrs. W. F. Jordan. They also decided that they would continue regular meetings throughout the summer.

The District Nine Conference will have around 600 present. Mrs. Vera Lard was named as General Conference Chairman. She will appoint various committees to make all the arrangements.

Committee chairmen named by their committee members for the coming year and three other special committees were created. Mrs. Gladys Howard was named chairman of the Hospitality and Attendance Committee. Mrs. Lillian McNutt will be Inter-Club Chairman, and Mrs. Mildred Lafferty was chosen General Co-ordinator of Club Activities.

The Pampa Club is invited to an inter-club picnic, it was announced. The picnic will be in Amarillo, August 7, at Elmwood Park from three to six p. m.

Miss Leona Mills Honored At 'Get Together' Sunday

Miss Leona Mills, bride-elect of D. L. Hale, Jr., was complimented with a "Get-Together" Sunday, July 3, in the G. F. Branson home at 1133 Terrace.

Mrs. Lee Moore, Jr., and Miss Janie Branson were hostesses for the event.

The honoree and her mother, Mrs. R. D. Mills, were presented corsages in the bride's chosen colors, pink and green.

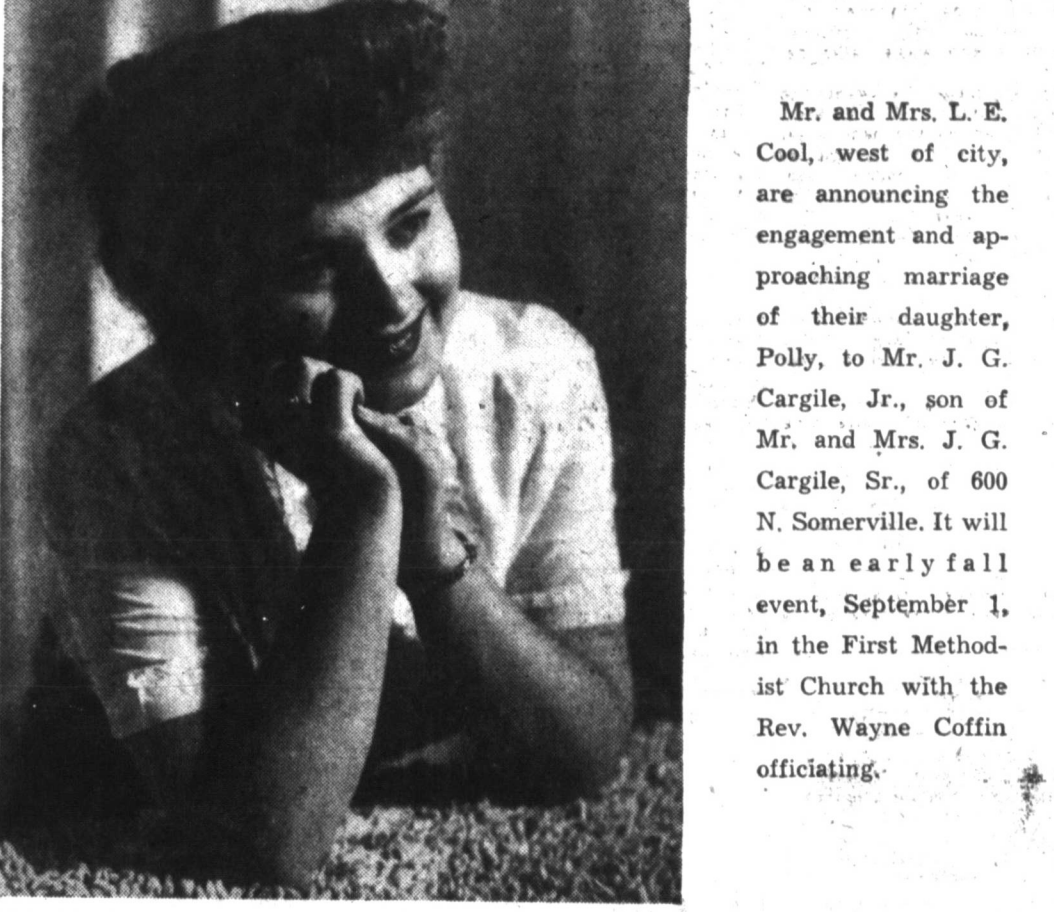

The table was covered with a pale yellow satin damask cloth and centered with an arrangement of garden flowers. Floral arrangements of daisies and sweet peas were placed in the entertaining rooms.

The guest list included: Misses Gerlie Lake, Naneen Campbell,

Highlighting fall events will be the wedding of Miss Frances Jean Gilbert, daughter of Mr. and Mrs. Leon Gilbert of 1309 N. Russell, and Mr. Myers Spector, son of Mr. and Mrs. T. Spector of Amarillo. The engagement is being announced this week. The wedding will be September 4 in Amarillo.

Marjorie Dixon, Barbara Carlson, Margaret Price, Marjorie Walters, Junice Fahne, Carol Sloan, Lela Ward, Carol Perkins, Joan Thompson, and Mmes. Eugene Cooper, Basil Arnold, the honoree and her mother, all of Pampa.

And from Amarillo, Misses Merita Brummett, Sharon Weatherly, Nell McCool, Ruth Starke, Betty Starke, Betty McGee, Phyllis Spears, Pat Donovan, Stephanie Caserta, Billie Johnson, Mary Alice King, Marcella Hall, Sara Westcott, Charlyn Carter, Ann Arnett, Carolyn Parker, Doris - Gale Crownover, and Mmes. Don Christian and Bob Caballero, were included.

Mr. and Mrs. L. E. Cool, west of city, are announcing the engagement and approaching marriage of their daughter, Polly, to Mr. J. G. Cargile, Jr., son of Mr. and Mrs. J. G. Cargile, Sr., of 600 N. Somerville. It will be an early fall event, September 1, in the First Methodist Church with the Rev. Wayne Coffin officiating.

Miss Martha Bissett, Mr. J. W. Myers Married in Catholic Church, June 18

Miss Martha Jeanne Bissett, daughter of Mrs. E. W. Bissett, became the bride of Mr. John William Myers of Port Arthur in the Holy Souls Catholic Church, Saturday, June 18, at 10 a. m.

The Rev. Otto Meyers officiated in the double-ring ceremony. Arrangements of peonies decorated the bridal altar and the church candles lighted the ceremony.

Miss Zita Kennedy of Austin, former Pampian, acted as maid of honor. She wore a white organdy dress, with a pinaflore effect, over a pale green tulle slip. Complementing her ensemble was a large picture hat of white organdy.

The bride, given in marriage by her brother, Edward W., was attired in a white organdy floor length gown, with lace trim, and small train effect. Her veil of tulle cascaded from a white organdy tiara. The bridal bouquet consisted of a single orchid, surrounded by arrangements of white satin lover's knots and pastel flowers.

Roger Alford of Austin attended the bridegroom as best man. Ushers were Thomas Chisholm and John Chisholm.

Mrs. Bissett chose for her daughter's wedding a moss crepe pearl grey dress with pink and black accessories.

A reception in the bride's home, 1332 Charles, followed the wedding. The bride cake, a three tiered one trimmed in green, was served by Miss Colleen Chisholm, and Miss Jean Chisholm presided at the coffee service. In the garden, Miss Ellen Mary Haley poured punch.

Following the reception, the couple went to Colorado for their honeymoon. The bride chose a blue crepe ensemble for traveling.

Mrs. Myers is now a student at Texas University, having completed two years at St. Mary's in Xavier, Kansas.

Mr. Myers will complete his studies at Texas University next spring.

They are now at home at 1610 West Avenue, Austin.

Out-of-town guests included: Mr. and Mrs. Richard Schlegel of San Antonio; Mr. and Mrs. Carl Smith, Amarillo; Mr. Herman Neush, Austin; Mrs. Jack Stroup, Shamrock; Mrs. Raleigh L. Walker, sister of the bridegroom, of Port Arthur; and Mrs. D. C. Kennedy and Mr. and Mrs. R. A. Kennedy, of Austin.

Skellytown Community Church Scene of Boyd-Saxon Marriage

Mr. and Mrs. Emmette B. Saxon

WHITE DEER—(Special)—Before an arch of roses and delphinium flanked by floor baskets of white daisies, palms, and seven-branched candelabra bearing tall white tapers, Miss Gwendolyn Boyd, daughter of Mr. and Mrs. H. C. Boyd of Skellytown, became the bride of Emmette B. Saxon, son of Mr. and Mrs. W. B. Saxon of Hale Center, at 3 p. m., Sunday, June 26, in the Skellytown Community Church.

The Rev. R. E. Boyle, pastor of the Cumberland Presbyterian Church, Petersburg, read the double-ring ceremony.

The candles were lighted by Misses Billy Joyce Adams and Betty Lou Coker.

Proceeding the nuptial vows, Miss Jeannine Conyers, Pampa, sang "O Promise Me" and "A Wedding Prayer," accompanied by Mrs. John Belghe, who also played the traditional wedding marches. At the conclusion of the ceremony, as the couple knelt at the altar, Marshall Gordon, Berger, sang "The Lord's Prayer."

The bride, who was given in marriage by her father, was attired in a white satin gown designed with fitted bodice, off-shoulder neckline with yoke of lace over net, long pointed sleeves, a wide sash tied at the back in a large bow, and a five-gored bouffant skirt extending into a short train. Her two-tiered, fingertip veil fell from a satin bandeau edged with pearls.

On a white Bible which she had used throughout her Rainbow work and as Grand Representative from Vermont, she carried an orchid encircled with Stephanotis. For something old she wore a mother-of-pearl cross which was brought from the Philippines and given to her great-grandmother; for something borrowed, she wore earrings belonging to Mrs. Ray Hawkins; and for luck, a penny in her shoe.

Her attendants wore gowns of organdy over taffeta, in style similar to the bride's, with bandeaus of net and flowers in their hair and carried colonial bouquets of daisies. The maid of honor, Miss Eral Jean Tucker, White Deer, wore yellow with matching flowers, and the bridesmaids, Miss Margaret Brown, Hartley, and Miss Anis Carver, Bonham, wore orchid with white flowers. The flower-girl, little Joan Jarvis, wore a floor-length frock made from the bride's first evening dress.

Henry Davis, Amarillo, a cousin of the bridegroom served as best man; Leroy Johnson, Muleshoe, and Robert Eubanks, Skellytown, as ushers; and Dale and David Hemphill, cousins of the bride, as junior ushers.

For her daughter's wedding, Mrs. Boyd chose a navy blue sheer dress with white accessories; the bridegroom's mother wore a gray and rose print dress with black accessories. Their corsages were of gardenias.

Miss Gwendolyn Hallmark presided at the bride's book at the church; and at the reception held in Fellowship Hall, Mrs. Vernon Day, Canyon; Miss Elizabeth Johnson, Paris, and Mrs. Jimmie Hodges and Miss Helen Thoes, Skellytown, assisted with the refreshments.

For the wedding trip, the bride wore a yellow butcher linen two-piece frock with brown and white accessories.

Mrs. Saxon graduated from White Deer High School in 1947 and attended Texas Technological College for one year. She has been active in Rainbow and Eastern Star work. She is now employed in Pampa.

Mr. Saxon graduated from Frierson High School in 1945, and served in the Army for 21 months. He also attended Texas Tech for a short time. He is now with the Shell Oil Co. at Skellytown.

'China' Study Continued at Meetings Of First Methodist WSCS Five Circles

The five circles of WSCS of the First Methodist church met Wednesday to continue the study on "China."

Mrs. G. F. Branson was in charge of the lesson on Methodism in China for circle one at its meeting in the home of Mrs. Lee Harrah Wednesday.

Mrs. Walter Purdew presented a talk on "Will Communism Destroy Christianity in China?" for the main speech.

During the business session, it was voted to send a box of sewing equipment to Robstown during July.

Ten members, including a new one, Mrs. Charles Wooley, were present.

Circle two met with Mrs. J. E. Kirchner, 432 Hill St.

After a short business meeting, conducted by Mrs. W. R. Campbell, Mrs. Kirchner gave the devotional.

Mrs. Herman VanSick's presented the study on China. The meeting was closed with a prayer, delivered by Mrs. Campbell.

Eight members were present.

Mrs. Irvin Cole, 1106 Charles, was hostess for circle three with fifteen members and two guests present.

Mrs. Orion Carter, the Methodist minister's wife, and Mrs. F. W. Shotwell, WSCS president, were the visitors.

The meeting was opened with a song followed by Mrs. T. B. Barron giving the devotional.

"Christian Voices in China" was presented by Mrs. R. I. Davis, continuing the study on China.

Circle four met in the church parlor with Mrs. E. L. Emerson and Mrs. Henry Jordan as co-hostesses.

Seventeen members and the following guests were present: Mrs. M. Beyer, Mrs. Dean Redus, Mrs. Tribble, and Miss Judy Nance.

Jacquelyn Wilson Weds Mr. Henson By Candlelight in Home Ceremony

Mr. and Mrs. E. H. Henson

In an impressive double-ring ceremony by candlelight, Miss Jacquelyn Wilson, daughter of Mrs. Iva Wilson, became the bride of Mr. E. H. Henson, son of Mr. and Mrs. Charles Henson, in the home of her mother Saturday, June 23, at 7 p. m.

Tall baskets of assorted flowers banked the French doorway. J. P. Crenshaw, minister of the Francis Avenue Church of Christ, officiated.

Miss Doris Wilson attended her sister as maid of honor. She chose a navy blue marquisette redingote over a salmon slip. Her corsage was of pink carnations.

The bride, given in marriage by her uncle, Mr. Floyd McLaughlin of Laketon, was attired in a royal blue sheer dress worn over pink, featuring a low split neckline, and bouffant skirt. Her shoulder length veil was of pink net and she carried an orchid on a white Bible.

Charles Henson, Jr., brother of the bridegroom, served as best man.

For her daughter's wedding, Mrs. Wilson chose a green and pink silk print dress, pink accessories, and a corsage of pink carnations.

Zybach of Pampa; Mr. and Mrs. Carl Zybach, Frieda and Louise of Canadian; Mr. and Mrs. Ernest Beget, Edwin and Linda of Allison; Mr. and Mrs. Ernest Zybach; Mr. and Mrs. Clarence Zybach, Truman and Jean; Mr. and Mrs. R. L. Zybach; Mr. and Mrs. Thomas Pruitt; the honorees; and the hosts, Mr. and Mrs. Elbert Zybach, Bob, Jane Ann and David. Mr. and Mrs. Fred Beget of Allison called in the afternoon.

Industrial Day Held At McLean by WMU

MCLEAN—(Special)—The Women's Missionary Union of the McLean First Baptist Church met last Tuesday afternoon at the church for an industrial day.

Material was cut out to make garments for the children at the Mexican Orphan Home in San Angelo.

Attending were: Mmes. E. L. Price, Clayton Day, R. L. Appleton, Homer Abbott, R. L. McDonald, and Luther Petty.

Family Reunion Held By Richard Sherrods

SHAMROCK—(Special)—Mr. and Mrs. Richard Sherrods had a reunion of their family recently in their Shamrock home.

Fidelis Class Is Hosted Recently By Mrs. Mitchell

Mrs. D. W. Mitchell was hostess recently when the Fidelis Class of the First Baptist Church met in her home for a combined monthly business meeting and Bible study.

Mrs. H. B. Taylor, Jr., class president, conducted the business meeting at which reports of the various projects were heard. An ice cream social was planned for Friday evening, July 15, at the City Park Group two and three get-up well from a satin bandeau edged with pearls.

Mrs. Owen Johnson, class teacher, directed the Bible study from the book of Genesis.

Present other than those mentioned were: Mmes. D. A. Brown, Everett Butler, V. S. Frazier, Mark Fahle, Fred Carver, B. L. Bullard, James Winter, Harold Osborne, Scotty Rockwell, Roy Lewis, M. Beard, and a visitor, Mrs. Golden.

Boulares Celebrate 51 Wed Years

SHAMROCK—(Special)—Mr. and Mrs. J. C. Boulares, who live northeast of Twitty, celebrated their 51st wedding anniversary in Kansas where they were born and married.

"Prepare Garb," Your Cleaners Cry

By ALICIA HART
NEA Staff Writer

The cleaner's-eye view of the dry-cleaning situation is as depressing as any disgruntled woman's view of it. For every garment that you can cite which came back "dirtier than I sent it in," the cleaner can show one, at least, that had been badly "prepared" for cleaning.

There's something to be said for the cleaner's view. Clothes can't be just tossed onto his counters. First, everything that is removable should be removed. Few artificial flowers take nicely to a dunking in cleaning fluid. Belts are apt to react as badly due to pasted-on backings. Metal buttons, buckles and pins are subject to tarnish. Shoulder pads with cotton fillers may get lumpy and white collar and cuffs which have been washed before, often turn yellow.

Although some cleaners will put fancy trimmings and white lingerie touches in a separate bundle to be hand cleaned, it's usually your responsibility to watch out for your finery.

Wardrobe mistresses who handle thousands of precious costumes have found that the scientific approach pays. Their tips are good for you: No more angry words between you and your cleaner if you mark all soil spots with a highly visible chalk circle.

Rust, grass, coffee, grease, paint, nail polish and ink stains require special attention. Identify these, if you can, when you bring in your garments.

Medics' Powder Helps Sunsores

By ALICIA HART
NEA Staff Writer

If you wake up one fine morning with your mouth wreathed with sun sores, resolve to call this first nasty crop your last for the season.

Don't think that you can avert another crop by laving more sun cream on your lips or doubling up on your lipstick coats. What has more likely caused the trouble than insufficient protection was too much sun.

The only way to play safe is to respect your skin's tolerance for the sun. When that tolerance is pushed too far, the all-out protest is apt to issue from your lips as sun blisters. The reason? Lip tissue is the skin's weakest, thinnest spot.

While you're learning this painful lesson, treat lips to coatings of boracic ointment or a dusting of boracic powder. When blisters become dry, use a soothing ointment on lips.

If other skin areas angrily protest too much sun by flaming up or smarting painfully, you can relieve discomfort by applying a bicarbonate of soda pack. Mix soda with just enough water to make a paste and spread over smarting skin. By adding water to the pack as fast as it dries, you can keep the soda moist. That is important in this treatment for sunburn.

Your dress or suit really needs a cleaning. Heat is apt to "set" certain types of soil and make per-

Gloria Stroock, New York actress, takes a tip from the wardrobe mistress and circles with chalk a soil spot on her dress before sending it out to be cleaned.

General Rehearsal Slated Monday For Pampa Piano Symphony Group

The regular general rehearsal of the Pampa Piano Symphony will be held Monday evening in the Tarpley Music Store, from 7 to 9 p. m.

In addition to this rehearsal the following quartets will meet at the Carr Studio, 409 N. Front, for the coming week.

Tuesday evening at 7, Miss Angela Duncan, Miss Carol Culbertson, Miss Hilda Burden, and Miss Kay Wilson will meet, and at 8 will be Mrs. Calvin Whitley, Mrs. Irl Smith, Mrs. Cameron Marsh, and Mrs. Harold Baer.

Thursday evening at 8, Mrs. Betty Brook, Mrs. Burton Reynolds, Mrs. W. H. Mathews and Miss Betty Boynton will rehearse; and meeting at 8 will be Mrs. J. F. Curtis, Mrs. W. L. Rowntree, Mrs. Arthur

Teed and Mrs. H. A. Yoder.

Mrs. Irvin Cole, Miss Juanita Haynes, Mrs. L. D. Fagan, and Mrs. Albert Labenski will meet at 7 Friday evening and Miss Mary Beth Wright, Miss Charlotte Allison, Miss Mary Jo Coffman, and Miss Joyce Harrah will meet at 8 p. m.

Saturday afternoon at 1:30 Miss Joan Lunsford, Miss Elaine Ellis, Miss Rebecca Breining, and Miss Mary Beth Hammond will rehearse.

All members are urged to be present at these rehearsals. Two concerts are being prepared for the late summer. The Kiwanis Club will sponsor the programs. Dates will be announced later.

Baptist Class Is Honored Recently

The T.E.L. Class of the Central Baptist Church was honored at a luncheon Thursday with Mrs. Lillie Long as hostess.

Mrs. Noah Jones presided over the business meeting and Mrs. H. B. Taylor presented the devotional. Mrs. Betty Small, visitor, led the opening prayer.

Members attending were: Mmes. H. B. Knapp, Mae Monroe, S. L. Anderson, R. E. Warren, Wakefield, Noah Jones, J. E. Hilbun, H. A. Overall, Pearl Erwin, H. C. Chandler, R. W. Ragsdale, John R. Gray, Vera Key, G. C. Stark, and the hostess.

Coming Year's Plans Discussed by Group

Plans were discussed for the coming year's work at the group two meeting of the First Christian Church in the home of Mrs.

Lloyd Rinehart. It was decided that the August meeting would be held at the church. At that time Mr. J. B. Townsend will install officers and present the lesson. Seven members and one guest, Mrs. Warmbrodt of Winfield, Kans., were present.

WE, THE WOMEN

BY RUTH MILLETT
NEA Staff Writer

In a recent magazine article Hardy Hurl blasts the theory that women spend 80 percent of the "consumer" dollar. He points out that a housewife is not an independent shopper, that she is in the main nothing more than a purchasing agent for her husband.

Few housewives will argue with him on the score. Most of the buying women do is family buying. And when a woman is shopping for the family she certainly is not an independent shopper.

She buys the brand of breakfast food that Junior insists on because the box top from it plus 15 cents will get him a magic ring or a policeman's badge.

When she shops for her husband's clothes she buys him his old stand-bys, for she knows better than to bring him home "the latest thing," however much it might appeal to her.

When she shops for a teen-age daughter she either takes her along and lets her choose what she wants, or follows definite instructions as to what to buy. If she doesn't, she knows there'll be a scene when she gets home.

FOOD BOUGHT FOR FAMILY
Even when she markets, she is nothing more than a purchasing agent for the family. She may write down her grocery list, but she keeps her family's food preferences in mind. "My family won't eat that," she tells the butcher when he tries to sell her a certain cut of meat.

And when it comes to her own clothes, she still keeps her husband's dictates in mind. "My husband doesn't like me in black," she tells the saleswoman who is trying to sell her a black dress. And that ends the sales talk.

Sure, Mama is just a purchasing agent, rather than an independent shopper. And she has all of a purchasing agent's headaches, too.

When she makes a purchase that satisfies the member of the family it is for, she gets scant praise, if any at all.

But when she makes a bad bargain or a poor selection, she hears about it, plenty.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority
Written for NEA Service

What an interesting evening of bridge I had the other night! It was with Paul Winchell, and he had Jerry Mahoney sitting on his knee. I asked Paul how he happened to become a ventriloquist and how Jerry was created. He said that he attended the School of Industrial Arts in New York and majored in sculpture. The pupils were allowed to take their work home at the end of the year, and Paul, who had made Jerry, took him home and put him in a drawer.

Remember that Jerry kept chatting also throughout the conversation. It was Jerry who told me that Paul forgot him for a year, until one day Paul read an ad in a magazine offering a book on ventriloquism for 10 cents. Jerry

said, "When the book came, they told him to send 25 cents for an advanced course." "And with the advanced course," said Paul, "there was a request to send a dollar for the super-edition." "But that one was leather-bound," said Jerry. Now Paul and Jerry are television stars.

After listening to Winchell manipulate this dummy for a half hour, you begin to look on Jerry as a real person. Jerry was a kibitzer when today's hand came up. Paul refused to win the opening lead of the king of diamonds, but when I continued with the queen, he won it with the ace.

He cashed the ace and king of clubs, and when he started to lead another club, Jerry said, "No! Throw McKenney in with a diamond. All he can do is to cash three more diamond tricks, then he will have to lead either a heart or a spade to you. You don't want to look like a dummy and let that guy McKenney set you, do you?"

Look the hand over and you will find that Jerry was right.

Cavanaugh Named To New London Post

WHEELER (Special)—Allan Cavanaugh, Wheeler school superintendent, has been elected to head the New London school system for the coming year, the Overton Press, a weekly newspaper received in the county superintendent's office, announced this week.

He was chosen from a field of 50 applicants, the paper stated. According to the Press, the New London Independent School District, in the heart of the East Texas oilfield, is the richest school district in the United States. Its assessed valuation is in excess of 27 million dollars. It has 44 teachers, four athletic coaches, and an enrollment of 1,122.

Radiant heating for houses by means of electric elements, concealed within baseboards and door and window frames of aluminum or other metal, has been realized. Systems of selective switches make it possible to cut out parts of the heating elements, while the rest are active, to maintain an even temperature in the room.

Wilson Weds

(Continued From Page 15)

Mrs. Henson, mother of the bridegroom, selected a black silk print, matching accessories, and a corsage of pink carnations.

Following the wedding a small reception was given, with Mrs. Raymond McLaughlin, aunt of the bride, serving the cake. Presiding at the punch bowl was Miss Doris Wilson.

The bride is a graduate of Pampa High School with the class of 1948. She is at present employed by the Southwestern Bell Telephone Co.

Mr. Henson attended Pampa schools and served in the armed forces four years. He is now associated with his father's company, Henson and Sons.

After a short wedding trip, the couple is at home at 517 N. Faulkner.

Guests at the wedding and reception included: Mrs. Raymond McLaughlin and Carolyn, Mrs. Eva Lee Kelley, Mr. and Mrs. Lester Lovell, Mrs. M. E. McLaughlin, Mr. and Mrs. Floyd McLaughlin, Lillian Kelley, H. W. Nippert, Mrs. Charles Henson, Sr., and Charles Henson, Jr.

Wheeler Woman Is Notified of Death

WHEELER (Special)—Mrs. J. J. Heirs received word Tuesday of the death of her nephew, L. C. Donica, 35, of Cordell, Okla. Donica was electrocuted Tuesday morning while working on electrical power lines for the Cordell Power and Light Co. Funeral services were held in Cordell Thursday afternoon.

Bull Fiddle Lost In Telephone Booth

PETTS WOOD, Eng. — (P) — You've seen a bull fiddle? You know how big a telephone booth is?

A man lost a bull fiddle here in a telephone booth.

Stanley Small, manager of the Daylight Inn, found the instrument there the morning after a dance.

Assuming it had been mislaid by a member of the band, he waited for the owner to turn up. That was 10 weeks ago.

"If anything has happened to the owner," Small said, "perhaps his relatives might like to take it off my hands."

Around 60 Boys to Run 'Chugs' in Local Derby Race

Entries and Sponsors Are Listed Below

Two weeks from this afternoon, around 60 boys will speed down a thousand-foot strip of the Old Miami Highway. They will be in Soap Box Derby Racers, and all will have one thought—to be the Pampa City Champion of the All-American Soap Box Derby. The Champ will get an expense-paid trip to the international finals at Akron, Ohio, next month by the Pampa News, one of the sponsors here. The others are Pampa Lions Club and Culbertson Chevrolet. All Derby races in the U. S., Canada, Hawaii and Panama are sponsored by Chevrolet Division of General Motors.

Boys of Pampa, Burger, McLean, and Mobeetie have been aided in the building of their cars by getting financial—as well as moral—support from business concerns.

Following are the names of boys who are building cars, their addresses, and the names of their sponsors:

KEEPS SLEEPER SLEEPING

A sleeper dreams in order to avoid waking, according to the Encyclopedia Britannica. Although not always successful, dreams are devices for allaying disturbances which would interfere with sleep.

Former Pastor To Speak Here

Dr. Gordon C. Bayless, a resident of Pampa from 1927 to 1942, will be guest speaker in the pulpit at the First Baptist Church this morning at 11, it was announced.

Dr. Bayless, well known here, was pastor of that church during that period of time. He and Arthur Nelson, one-time director of music at that church, have formed an evangelistic party, with headquarters at Dallas.

The former local pastor will also appear at Everyman's Bible Class, City Hall, at 10 a.m. today.

Charlie the Chimp Slightly Money-Mad

LOS ANGELES — (AP) Charlie the chimp is no simp. He's just slightly money-mad.

He demonstrated this Friday when, after breaking into a home and helping himself to some children's lunch and smashing a window glass, he sat down to wait for his master to come and pay for the damage.

Trainer Ed Learmont, summoned by a hysterical and indignant neighborhood, explained that although the runaway Simian is only four years old, he shares a \$1,500 weekly paycheck as a movie actor.

"He's just a kid and all that money has made him a little wild," Learmont said.

Women Patrons Thrash Gunman

WARREN, O. — (AP) — Enraged women patrons at the Rancho Villa mobbed and thrashed an escaping young gunman after he and his buddy held up and robbed the night club of more than \$800.

The robber, Clarence C. Waser, 26, of Sharon, Pa., had to be rescued from the clawing women by sheriff's deputies and police. His holdup friend, Edward and the patrons' money was re-Golias, 25, also of Sharon, was turned.

Conductress Is Bothered With Her Passengers

SUNDERLAND, Eng. — (AP) — Susan Ellison, pretty bus conductress, complained in court about the strange antics of one of her passengers.

"He threw a sandwich at me, whistled on a bird warbler and then kicked me on the thigh," she said, and claimed she had a bruise to prove it.

"About this bruise on the young lady's thigh," said defendant Henry Dinney, 47. "I would very much like to see it."

"I'm sure you would," drily commented Judge J. P. Wilson.

He sentenced Dinney to a month in jail for assault and a month for being drunk and disorderly.

Rites Held for Berry Infant

Funeral services were held yesterday afternoon for Cynthia Ann Berry, infant daughter of Mr. and Mrs. Fern D. Berry, 1421 E. Francis.

The child, only six days old, died at 12:20 p. m. Friday in a local hospital.

In addition to her parents, she is survived by her grandparents, Mr. and Mrs. Thomas F. Berry of Pampa, R. H. Goure of Hereford, and Mrs. Ava Culbertson of Pampa.

Services were held at 2 p. m. yesterday in the Duenkel-Carmichael Chapel, with the Rev. E. H. Martin, pastor of the McCullough Methodist Church, officiating.

Burial was in the Baby Garden of Fairview Cemetery.

'Captive' Boy To Start Anew

BOSTON — (AP) — A new and broader life has opened for Boston's once barefooted and "captive" boy.

Mrs. Anna Sullivan, who kept her 12-year-old son, Gerald, hidden from the world most of his life because of the "shame" of his illegitimacy, has agreed to turn him over to the Catholic Charities Bureau of Boston.

The Rev. James H. Doyle, director of the bureau, said the boy will be placed in one of its institutions or a private home where he can lead a normal life.

The story of Gerald's life—most of which was spent in a back room of the Sullivan home—broke last March when he was found,

Cotton Acreage In Texas Large

AUSTIN — (AP) — The largest cotton acreage since 1937—10,400,000 acres—is being cultivated in Texas this year, the U. S. Department of Agriculture reported.

The acreage, estimated as of July 1, is 18 percent greater than that of 8,795,000 acres planted last year and 10 percent above the 10-year (1938-47) average of 7,923,000 acres.

Plantings increased approximately 60,500 acres above the previous record high of last year in the high plains area. This accounts for 41 percent of the 1,600,000-acre increase for the

state. Record high acreages are also indicated for the lower valley counties and for the trans-Pecos area, the USDA said.

Harvest is underway in the lower valley counties and the crop is near maturity in the coastal band. Most areas need continued dry, clear weather for best plant development and for effective control of insect pests.

New Technique in Brain Operations May Free Insane

ST. JOSEPH, Mo. — (AP) — A new technique in brain operations may open asylum doors for a group of Missouri insane.

Dr. Walter Freeman, professor of neuro-surgery at George Washington University, performed the operation on ten patients at State Hospital No. 2 here Friday. The noted specialist completed the operations in three hours.

Some of the patients, he said, should be sufficiently improved to leave the hospital within a few days.

He used a technique in which nerve centers between the centers of imagination and emotions are severed.

The patients were selected on the basis of acute mental distress and violent behavior.

Dumas Child in Plainview Clinic

DUMAS — (AP) — A nine-year-old Dumas child is in the West Texas Polio Clinic at Plainview today.

She is Marilyn Moffatt, whose home is in the same block where Billie Kimbly, 5, who died of polio two weeks ago, lived.

Literally, a capella choir means "in church or chapel style," but also refers to a chorus of voices unaccompanied by music.

Within an hour after the operations the patients were able to sit up and bandages were removed. Dr. Freeman said they were in normal physical condition after the operations, but their mental conditions could not be determined immediately.

21 Prisoners Invade Bank—By Invitation

GRAND PRAIRIE, Tex. — (AP) — Twenty-one inmates of the Huntsville prison entered the First National Bank here Friday night—but they were welcome.

The bank's president, E. A. Stufflebeme, invited them.

The prisoners were members of two bands that played for a Chamber of Commerce banquet. Stufflebeme is a member of the State Prison Board.

He had invited musicians from the prison system to provide the entertainment.

"I took them to the bank because it's air conditioned and they needed some place to dress for the show," he said.

Romeo Tired of Same Old Suit

CHICAGO — (AP) — Sigmund S. Engel, whose handsome tweeds set an impressive background as he wooed women across the country, is tired of wearing the same old suit.

The 73-year-old confidence man has sued to regain clothing and luggage which he claims police impounded.

He has been wearing the same grey suit he had on when arrested on June 24. But when Police Capt. Timothy Lyne offered to let Engel have some of his clothes, he was turned down.

Engel's attorney, William F. Ader, said police took seven suitcases and a trunk belonging to Engel from the Dearborn Street Railroad Station.

The lawyer said the luggage is now at the police custodian's office. He said the city has a right to keep the property cause its not connected with crime with which Engel is charged.

The suit named as defendant, Police Commissioner John P. Prendergast, the City of Chicago and William Doubek, police lieutenant.

But even if the clothing is turned and Engel can get dressed up, he'll have no place to go. He has been unable to raise his \$30,000 bonds and remain in jail until his trial Sept. 6.

Greens Gossip

Oak Allee, (phone 94) Whittle and partner John Friant won the Scotch foursome event held on July 4 at the Pampa Country Club with a net score of 31 for the front nine holes—that's good in anybody's league. Alice Howard and Mark Heath had the low gross score with a smooth 39. Brother! That's plenty good!

Martin Harris, the quiet secretary-treasurer of the Pampa Country Club, scored an eagle 3 on the 66-yard thirteenth hole on July 4 by holing out his third shot from 100 yards out. According to Johnny Austin, club pro, Martin's eagle is the only one on record for No. 13 hole, the meanest golf hole on the face of the earth. I understand that Martin would be one of the toughest competitors in this part of the country if he could get to play a little more.

Members of the Panhandle Ladies Golf Association journeyed to Borger last Wednesday and did all right for themselves by coming in second to Ross Rogers of Amarillo for the second time in as many months. Margie Austin finally overcame the challenge which a game of golf offers by shooting a wonderful round of 88 on the Huber layout. You ladies are doing fine—hope you come in first at your next meet.

The Panhandle Men's Golf Association will meet in Lubbock at the Meadowbrook Golf Club on July 17. All players who can make the trip are asked to please contact Johnny Austin at the Pampa Country Club.

Well, it looks as if Ed Ethridge isn't going to quit the game after all. He finally came through with a 9 on the back nine last week and decided to hold on to his club for a few days longer. Incidentally, if he shoots one more disastrous round someone will be able to buy his entire outfit for not more than \$15.

Frank Micham and his wife were up in Canada visiting their son a short while ago. Frank took his clubs along and got in lots of golfing up there. He comes back with praise for our own layout. He said that none of the millionaire courses up there have greens that could compare to our own. (Take a bow Johnny Austin, you certainly deserve it.)

Here's a little rule that may be of interest to some of the local cow pasture pool artists:

If a player when making a stroke hits the ball twice, he shall count the stroke and a penalty stroke in addition.

See you next week.

Youth Brings New Teeth to Marshall Tigers

By WILBUR MARTIN
Associated Press Staff

Touching all bases:
The Marshall Tigers did change stripes. Between the end of the 1948 baseball and the start of play this year, the Class C club changed everything.

The new Marshall Browns average only 21 years of age for the players, and even the manager, Walter DeFritas, isn't exactly an old man at thirty.

But the Browns have more than youth. They have ability. Witness their position at the top of the East Texas league for a good part of the first half of the season.

Last year, the Tigers' fortunes hit rock bottom when they had to postpone one game because all of their equipment was recalled by the man who owned it.

This year, as a farm club of St. Louis of the American League, the Browns are doing very well. They've averaged 1,000 customers at each home game.

One of the brightest prospects on the club is pitcher Mike Blyzka. He's already at the halfway mark toward 20 victories.

The Class B Big State League can now consider itself one of the "boys." Until Tom Pulling pitched a no-hit, no-run game last week, J. Walter Morris' loop had a blank spot under this heading in the record book.

All the league needs now is a little age. It's only three.

Dente Doubles to Give Senators Win

NEW YORK — (AP) — Sam Dente climaxed a five-run ninth inning rally with a baseful double to give Washington a 7-5 triumph over the New York Yankees Saturday. Dick Kryhoski's error, with two out and none on, started the local club and as many wins, he rally and spoiled Vic Raschi's bid for his 14 victory.

Couldn't Help It

BUFFALO — (AP) — Connie Dion, goaltender of the Buffalo Bisons of the American Hockey League, has had five goals charged against him this season while sitting on the bench. That many pucks have found their way into Buffalo nets after Dion had been removed for a sixth aster in the closing seconds of a tight contest.

Why a Man Buys a Cadillac

If you were to ask the owner of a 1949 Cadillac why he bought his car, he would doubtless find it difficult to put into words the way he feels about "the Standard of the World".

He would probably tell you that he bought his car because it's a Cadillac.

Of course if you wanted to ask him specific questions, he could give you much specific information.

Did he buy his Cadillac for performance?

Why, surely he bought it for performance—for the 1949 Cadillac is powered by a great new V-8 engine, so smooth and effortless that only a demonstration can tell the story of its superiority.

Did he buy it for comfort?

Yes—for a ride so quiet and restful and easy that every mile is a joy and a relaxation.

Did he buy it for safety?

He certainly did! He has such confidence in the steady steering, the quick acceleration and the powerful hydraulic brakes that his peace of mind is worth the purchase price!

Did he buy it for long life and durability?

There can be no doubt of it. For he knows that many individual Cadillacs have covered the highways for over half a million miles and are still in active service.

Did he buy it for...?

Why, of course he did! And he bought it for a lot of other reasons: for beauty, for distinction, for quality, for background, for character, for craftsmanship, as well as for engineering.

He bought it, you see, because it's a... Cadillac.

And that is the reason why you should buy one—for Cadillac's superiority lies not in any one thing but in the whole of its substance. Why not come in for a ride that's a revelation?

WEEKLY OIL Import Cry Grows Louder; Governmental Control Asked

By MAX E. SKELTON

HOUSTON (AP) — Domestic crude production took another tumble last week and the cry against foreign oil imports immediately grew louder.

Demands for governmental control of imports echoed from domestic industry spokesmen, on the floor of Congress, and in congressional committees.

There was not much hope for immediate action — even though American Petroleum Institute reported domestic production dropping to the daily average of 4,319,850 barrels daily, lowest since March 1, 1947.

There was one note of optimism. The Bureau of Mines reported that April's crude imports from the Middle East — object of most anti-import attacks — totaled 535,000 barrels below March.

The Middle East decline, however, was wiped out by increases in oil received from Venezuela. Rep. Charles W. Vorse (R-Ill.) lashed out at crude imports in a strongly worded House speech. He called for immediate limitation of imports through quota system to be made part of the Reciprocal Trade Agreements Act.

Senator Elmer Thomas (D-Okl.) has such an amendment pending in a Senate committee. It would limit imports to five percent of domestic demand. Washington sources, however, say there is little chance the amendment will carry this year.

Turell told his House colleagues entering the United States is "inflicting grave injury on the industry upon which we have relied in peace and war."

Chairman Wright Patman (D-Tex.) of the House Small Business Committee, was nine months for oil companies and asked 38 specific questions about their past, current and future imports. He plans to incorporate the replies in the committee's report later this month. Officials of the importing companies are expected to be the first witnesses when the committee resumes testimony.

Secretary of the Interior J. A. Krug also made it known he opposes imports designed to halt or curtail domestic search for and development of oil.

He made his remarks in a letter to Rep. Lindsey Beckworth (D-Tex.) who had sent the secretary a copy of a Texas State Senate resolution condemning recent trends in import increases.

Krug's remarks are expected, however, that Texas oil well completions this year are 23 percent above the same period in 1948.

The Bureau of Mines report placed April Middle East imports at 2,296,000 barrels, compared to 2,921,000 in March.

These figures included:

- Saudi Arabia — April 939,000, March 1,600,000.
- Iran — no April imports, 11,000 barrels in March.
- Kuwait — April 1,657,000, March 1,210,000.

AID TO MEXICO

Mexico's request for \$300 million in American aid for oil development soon may receive a reply.

Square Dancers All Tanked Up

MONAHANS, Texas (AP) — Like to dance in a million-barrel oil tank? Come to Monahans July 25 for the square dance festival.

The Shell Oil Corporation built the huge concrete tank to hold oil. But not a drop was put in it. The walls cracked before it could be used.

The Boots and Calico Square Dance Club of Monahans arranged to use the huge roofless tank, which resembles a stadium. Club members polished enough floor space for 400 dancers.

Texas Co. Finals 162 Barrel Well

A good productive pay section here in Gray County was tapped by the Texas Co. last week. This is the E. E. Gething lease located about five miles east of Lefors.

The Texas Co. E. E. Gething No. 7 ran commission test for 162 barrels in a 24-hour test. Good production on the lease is localized, however. Best pay is running in sections 13, 14, 47 and 48. The No. 7 is located in Section 13 making the fourth well for the company in the better pay zone.

Another well of note was also brought in by the Texas Co. This is the E. Key No. 8, also in Gray County. The Key showed a potential of 182 barrels on commission test.

There were 13 new oil completions reported by the Railroad Commission last week. Total number of completions was boosted to 18 with the completion of five gas wells.

This gives an increased potential for the Panhandle of 1,018 barrels of oil per day and 28,460 MCF of gas.

Hutchinson County reported nine completions last week for oil wells and one gas well for a total of ten. Carson County filed one well; Gray reported two oil wells and one gas; Wheeler reported one oil well and Moore County reported two gas wells.

One well was reported plugged in Gray County by Continental.

Carson County
Cree Oil & Gas Co. Ware et al. No. 1, located 330 feet from W and N lines of Lease Sec. 104, Block 4, I&GN Survey, potential was 77 barrels of 40 gravity oil at 3,008 feet with total depth at 3,102 feet.

Gray County
The Texas Co. E. Key No. 8, 1,047 feet from N and 1,208 feet from W lines. Sec. 1, E&B Survey, potential 152 barrels of 43 gravity oil, top of pay 2,685 feet and total depth 2,740 feet.

The Texas Co. E. E. Gething No. 7, located 330 feet from W and 990 feet from N lines. Sec. 13, Block 4, H & G Survey, potential 162 barrels of 40 gravity oil at 2,725 feet and total depth 2,770 feet.

Hutchinson County
Shamrock Oil & Gas Corp. Mc Nutt No. 1, located 4,824 feet from N and 330 feet from W lines of lease Sec. 1, D&C Survey, potential was 17 barrels of 37 gravity oil at 3,159 feet with total depth at 3,260 feet.

Shamrock Oil & Gas Co. Johnson Ranch "B" No. 21, located 330 feet from S and W lines of lease Sec. 66, Block 46, H&C Survey, had potential of 80 barrels of 39 gravity oil at 2,681 feet with total depth at 2,739 feet.

Shelby Petroleum Co. J. A. Whitteburg L. No. 28, located 2,671 feet from N and 1,651 feet from E lines of lease, Sec. 21, Block 47, H&C Survey, potential was 101 barrels of 38 gravity oil with top of pay at 2,881 and total depth 2,944 feet.

Kerr-McGee Oil Ind. Whittenburg No. 21, located 990 feet from N and 1,130 feet from E lines of lease Sec. 12, Block X02, H&O Survey tested 48 barrels of 40 gravity oil with top of pay at 3,020 and total depth at 3,090 feet.

Creslenn Oil Co. J. A. Whitteburg "B" No. 7, located 330 feet from S and 3088 feet from E lines of Sec. 9, Block X02, P&L Survey, potential was 119 barrels of 40 gravity oil with top of pay at 3,040 and total depth at 3,113 feet.

Kerr-McGee Oil Ind. Whittenburg No. 24, located 2,370 feet from N and 900 feet from E lines of Sec. 12, Block X02, H&O Survey, potential was 25 barrels of 40 gravity oil with top of pay at 3,025 and total depth at 3,099 feet.

Kerr-McGee Whittenburg No. 28, located 1,450 feet from N and 1,550 feet from E lines of Sec. 12, Block X02, H&O Survey, potential was 70 barrels of 40 gravity oil with top of pay at 3,025 feet and total depth at 3,058 feet.

Wheeler County
Archer & Smith Jackson No. 3, located 330 feet from E and S lines of Sec. 11, Block 27, H&G Survey, test showed a potential of 72 barrels of 39 gravity oil with top of pay at 2,110 and total depth at 2,264 feet.

NEW GAS COMPLETIONS:
Carson County
Cabot Carbon Co. Brown No. 4-A, Sec. 94, Block 4, I&GN Survey, potential 2,800 MCF.

Gray County
W. H. Taylor Taylor Fee No. 12, Sec. 37, Block B2, H&G Survey, potential 2,650 MCF.

Hutchinson County
Shamrock Oil & Gas Corp. Crosby Hatcher No. 1, Sec. 3, Block M24, T&R Survey, potential 2,150 MCF.

Moore County
Canadian River Gas Co. Sneed No. A-3, Sec. 53, Block 6-T, T&N Survey, potential 49,200 MCF.

Shamrock Oil & Gas Corp.
Anderson No. 1, Sec. 406, Block 44, H&C Survey, potential 1,660 MCF.

PLUGGED WELLS
Gray County
Continental Oil Co. Carrie I&GN Survey, total depth 2,989 feet.

Hutchinson County
Tollan Production Co. J. M. Sanford No. 17, Sec. 78, Block 46, H&C Survey, total depth 2,822 feet.

TANK FIRE THREATENS AREA—Dense smoke rises from a storage tank containing thousands of gallons of inflammable fluid after it ignited at the Gulf Refining Co. at Philadelphia. Flames soared more than 50 feet into the air as firemen fought to keep the fire from spreading to adjacent fuel oil tanks. The top of the tank is draped over another tank, at right, and firemen said it apparently was blown off the burning tank in the initial explosion. (AP Wirephoto)

Humble O&G Announces Crude Cut

HOUSTON (AP) — The Humble Oil & Refining Co. announced, effective Friday, June 8, it had decreased by 10 cents a barrel its posted field prices for low cost test crudes produced in the Texas Gulf Coast and for low gravity Miranda Crude.

This adjustment in the posted prices for these grades of crude wipes out a differential in their favor brought about in November, 1948, when the posted prices for such crudes because of a special demand existing at that time were increased by this amount more than the general increase made at that time in prices of low grades of crude.

Today such special demand does not exist and the lower posting is made necessary in line with their value in relation to other crudes, a company statement pointed out.

The statement further said that with the new price bulletin low cold test Texas Gulf Coast is posted at \$2.54 a barrel for crude of below 24 degrees gravity, increasing two cents a degree of gravity to a top price of \$2.68 a barrel for crude of 30 degrees gravity and above.

Low gravity Miranda crude is posted at \$2.51 a barrel for crude of below 24 degrees gravity, increasing two cents a barrel for each degree of gravity to a top price of \$2.63 a barrel for 29 gravity and above.

Humble Official Retires This Month

HOUSTON (AP) — C. W. Delancy is retiring as Gulf Coast Division superintendent for Humble Oil and Refining Co.

Delancy has been with Humble for 25 years. He was formerly director of the Oil and Gas Division for the State Department, she should have been drilling 500 to 1000.

Ball just doesn't believe it would be a good risk. According to his figures it would require two to four billion dollars to develop Mexico's oil adequately and he placed the reserves that might be found at five billion to 15 billion barrels.

Gas Allowables For July Set By Commission

AUSTIN (AP) — The Railroad Commission has set the following allowables for natural gas production during July by fields:

Gottschall Field, 2,500,000. North McFaddin, 17,587,098. South Caesar, 5,258,065. Alief, 6,774,194. Blue Lake, 29,800,000. East Bay City, 1,129,942. McCoy, 8,964,516. Needville, 16,316,129. Panhandle, 1,974,979,000. Texas Hugoton, 191,419,000.

Gas Plants Run 63 Billion Feet

Gasoline plants in the Panhandle processed 63,207,419 MCF of gas during May according to a summary compiled by the Railroad Commission. This was from a report of 76,380,718 MCF of gas disposed of during the month.

Pipelines absorbed 11,764,061 MCF and the carbon black industry contracted for 870,078 MCF of raw sweet gas.

This was the production from East field, Hugoton sweet field, West sweet field, Hugoton sour field and Panhandle sour field. There was a total of 2,542 wells with 2,398 wells under production.

Gasoline plants used 5,972,413 MCF of casinghead gas during the same period according to the report. The remaining 8,076 MCF of casinghead gas was utilized for fuel systems and lease use. The total amount of casinghead gas produced according to the report was 5,990,489 MCF.

Total natural gas vapors for May was 82,714,244 MCF.

Total natural gas vapors for May was 82,714,244 MCF.

Texas Mud School Goes International

AUSTIN — Texas methods of oil well-drilling-mud control, as taught by the University of Texas Industrial and Business Training Bureau, have gone international.

The recent oil boom in Western Canada caught drillers there with a scarcity of trained workers, so the University of Alberta, Edmonton, asked the bureau for help and paid the expenses of a Texas specialist to inaugurate a training program.

James E. Conway, bureau petroleum industry technical instructor, taught four classes for Canadian oil well drilling personnel in drilling-mud control.

Gulf Hits Gas Drilling Ahead In Anadarko;

Gas pay in Ochiltree County was extended three miles north of the Anadarko discovery well last week when Gulf found 4,500,000 cubic feet of gas and a show of distillate on their No. 1 Harbaugh located in Section 142, Block 13.

The tool was open three hours and recovered the gas and fifty feet of drilling mud cut with five percent distillate at a test taken from 8,990 to 8,731 feet.

Gas was located in the Pennsylvania, about 200 feet above the pay produced by the Sinclair Lips No. 1 in the Mississippi at 8,900 to 8,970 feet.

Gulf officials in Amarillo reported that the well was coring ahead at 8,731 feet.

Additional tests were attempted Friday night. Two tries were made but the packer stuck on each trial. Operators today are coring ahead with no definite set for further tests.

J. M. Hubers No. 1 Pasoureck set 10 3/4 inch pipe last week and operators are now waiting on orders to drill ahead. Gulf Stump, also in Ochiltree, is drilling at 9,770 feet while the Gulf-Wamble is drilling at 6,820 feet. Tests taken last week on this well recovered 3,100 feet of salt water and drilling mud. Sinclair's Lips No. 2 is drilling past 7,120 feet. Gulf-Gamertfelder in Hansford County is drilling at 8,490 feet.

Nothing new on the Gulf-Porter in Lipscomb County was reported this week. Fishing is still going on at 13,273 feet.

At the Oklahoma end of the Anadarko Basin, Shell's Tucker No. 1 ran a casing test recovering 150 feet of oil and gas cut mud and 819 feet of oil and gas cut water. Casing was set at 10,220 feet.

Constantine Lambert No. 1, was preparing to squeeze after perforating from 9,920 to 9,940 feet.

Wilcox C. Walter No. 1 is drilling in shale and lime at 9,880. Walter No. 2, is rigging up rotary.

Union Music B-1 is drilling at 9,765 feet while the Music A-1 was waiting on orders to drill ahead to 13,500 feet. Union's Mary 13,212 feet after running electric Nutley No. 1 is drilling ahead at log to 10,518 feet.

Superior's Mary Nutley No. 1 was rigging up rotary in NW 19-10-21W.

Shell's C. Cantrell, G. Slatten, C. Walker and L. Walker are all rigging or moving in rotary tools.

Shell State of Oklahoma B-1 is drilling at 5,272 in lime and the State A-1 was drilling past 4,000 in shale and anhydrite.

Another Oilman Has Been Killed

Former A. Stillwell, oil scout with Staniland O&G Co. at Midland, was shot to death when he went into his yard to see what had excited his dogs. So far, police have no clues.

Another Staniland scout at Midland, a roommate of Stillwell at the time, was wounded about a year ago while sitting near a window in a house he and Stillwell occupied.

New Types of Drilling Usually Always Require Some New Type of Machinery

Oil Well Supply has designed a special dual pump drive motor use in offshore oil well drilling. The pump's width is nearly 30 percent less than that of most dual pumps used in land operations. The piece was designed so that it would fit between the bulkheads of a converted Navy barge.

Mexico's Oil Loan, But She is Going to do Some Talking

Mexico is going to do some talking if she gets it. For the past ten years Mexico has been drilling an average of 35 wells a year. According to Max W. Ball, former director of the Oil and Gas Division for the State Department, she should have been drilling 500 to 1000.

Ball just doesn't believe it would be a good risk. According to his figures it would require two to four billion dollars to develop Mexico's oil adequately and he placed the reserves that might be found at five billion to 15 billion barrels.

PERPLEXING—Officer Roy E. Armstrong couldn't find any city ordinance to cover the situation when he found this horse tied to a parking meter in a downtown Glendale, Calif., business street. The owner had gone shopping without inserting a coin in the meter, but the law was silent on the matter of horses parking overtime. So, Armstrong finally hung a ticket on the horse warning the owner, who returned to the hills before anyone got his name, to desist from using parking meters for hitching posts. (AP Wirephoto)

June Rainfall Very Pleasing To Ranchers

AUSTIN — (AP) — June's above average rainfall gave Texas ranchers generally adequate to abundant range feed, the U. S. Department of Agriculture reported. Summer range feed prospects were improved except in the coastal counties. Drought conditions continued in that area. All range feed was reported at 90 percent of normal condition on July 1. Five points above average. Cows carried very good flesh and calves gained rapidly on the good supply of green feed. Fall delivery feeder calves were expected to be heavier than usual. Cattle and calves were reported at 88 percent of normal condition on July 1, two points above average. Sheep and lambs were in only fair to good flesh as grass was too rank and coarse for best utilization. Heavy culling of ewe flocks last summer and fall may make this year's lamb crop percentage a near record high, the USDA said. Sheep and lambs were reported at 87 percent of normal condition, three points above average.

TU Freshmen Class Increase Is Expected

GALVESTON — (AP) — Officials of the University of Texas School of Medicine here said they expected to admit 162 freshmen students this year. Heretofore the Freshman class has been limited to 150 students. However, the Legislature this year appropriated funds for 62 more at \$3,000 a student. The bill containing the extra funds must be approved by the Governor. In Austin Gov. Beauford H. Jester said he would approve the funds.

Little Butch Dead He Caught the Big One—Day Too Late

GNANZALES, Tex. — (AP) — Little Butch, billed as the smallest elephant in captivity, is dead. He was only three feet high. His favorite diet was baby food. He was owned by Daily Brothers Circus, which has headquarters here. Little Butch died while performing at Victoria, British Columbia, word received here said.

Flying Saucer Convention Set

ALEXANDRIA, La. — (AP) — Have you seen a flying saucer? If so, you are invited to a convention. The Young Men's Business Club announced it is planning a convention for persons all over the nation who have seen the discs. It'll give them a chance to compare notes. Discs were reported here twice last week.

"TEXAS"

"Texas occupies all the continent of North America except the small part set aside for the United States, Mexico and Canada. Texas owns all north of the Rio Grande, the only dusty river in the world; also the only one with possible exception of the Trinity which is navigable for mud cats and pedestrians.

"Texas is bounded on the north by twenty-five or thirty other states, on the East by all the oceans in the world except the Pacific, and on the South by the Gulf of South America, and on the West by the Pacific Ocean, the Milky Way and by the sidereal universe.

"If Texas were chopped loose from the rest of the United States and the Panhandle, it would float out into the ocean, as it rests upon a cast subterranean sea of fresh water.

"Texas is so big that people in Brownsville call the Dallas people Yankees, and the citizens of El Paso sneer at the citizens of Texarkana, Texas, as being snobs from the effete East.

"It is one hundred and fifty miles farther from El Paso, Texas, to Texarkana, Texas, than it is from Chicago to New York, Fort Worth is nearer St. Paul, Minn., than it is of Brownsville, Texas.

"The chief occupation of the People of Texas is trying to keep from making all the money in the world. The chief pursuit of the people of Texas was formerly Mexican, but now it is land buyers, steers and Texas crop records.

"The United States with Texas off would look like a three-legged Boston terrier.

"Texans are so proud of Texas that they cannot sleep at night. If a Texan's head should be opened the map of Texas would be found photographed on his brain. This is also true of his heart. Unless your front gate is eighteen miles from his front door, you do not belong to society as constituted in Texas. One Texan's gate is 150 miles from his front door and he is thinking of moving his house back so that he will not be annoyed by passing automobiles and peddlers.

"Other Texas landlords have whole mountain ranges and rivers on their ranches. One Texan has forty miles of navigable river on his farm. If the proportion of cultivated land in Texas were the same as in Illinois, the value of Texas crops would equal that of forty-seven other states.

"Texas has enough land to supply every man, woman and child in the world with a tract of five feet by twenty and have enough left over for the armies of the world to march around the border five abreast.

"If the alfalfa grown in Texas were baled and built into a stairway it would reach the pearly gates.

"If all the hogs in Texas were one big hog, he would be able to dig up the Panama Canal in three roosts.

"If all the Texas steers were one big steer, he would stand with his front feet in the Gulf of Mexico, one hind foot in Hudson Bay and the other in the Arctic Ocean, and with his tail brush the mist from the Aurora Borealis. Some State !!!

Shetland Pony Sale
JULY 22 & 23

On July 22nd we will sell the greatest lot of all registered Shetland Ponies ever offered at Public Auction at our farm 6 1/2 miles Southwest of Perry, Oklahoma on highway 77.

18 Stallions 40 inches and under, all dapples and sorrels. I think this is the best lot of small type stallions ever gathered by one breeder.

60 mares and fillies equally as good as the stallions. Included will be top brood mares that have been in our breeding herd and would not be offered at any price but for the fact we want to make this America's greatest sale.

All the ponies we have shown the past year will be in this sale.

Then on the following day, July 23rd we will hold a consignment sale. Last year we had 284 ponies. It looks like this year's sale will be even greater.

Come to this great 2-day sale.

Guard Called Nation's First Line of Defense

CANADIAN — (Special) — Importance of the role of the National Guard in national defense was stressed by Lt. Col. Vincent Lockhart in a talk to the Canadian Club Friday noon in the WCTU Building.

The first line of defense against the utmost importance in these days of total warfare, Lockhart said, since we can little expect the time to prepare which has been given us by allies in past wars.

He pointed out that today's National Guard is being kept up to regular Army standards in equipment, personnel and organization.

"We must be prepared to ward off the initial blows of an opponent," he said, "in order to reserve the individual freedom of man. We are the only great nation in the world today capable of reserving that freedom."

"It behooves each citizen to take his part — some actively as citizen soldiers in the Guard or other reserve components, but all the mental attitude of alertness and in a constant demand upon our government that we keep ourselves prepared."

"America must be the policeman to maintain the order and order of the world," he concluded.

Grimes Rites Held in Wheeler

WHEELER — (Special) — Services were held Monday from the Baptist Church in Wheeler for Mrs. Mary A. Grimes, a life-long Texan, who died Sunday after a lingering illness. She was 80 years old.

She was preceded in death by her husband, F. M. Grimes, who died in 1941, and by a daughter, Mrs. Bell Sanders Johnson.

Active pallbearers were her grandsons: Doyle and Marion Grimes, Howard and Darwin Caswell, Delton Sanders, and Horace Willard.

Honorary pallbearers were Frank Caswell, Leo Cook, Walton Sanders, and Jasper Bullard. Lower bearers were: Jewel and Martha Ann Chapman, Mary Deasa, Mildred, Beulah and Anelle Bullard, Beiva Barnes, Jean Sanders, and Marjetta, Annie and Esther Caswell.

The Rev. M. B. Smith, pastor of the Baptist Church, officiated, assisted by Bascom M. Lutton, minister of the Wheeler Church of Christ. Burial was in the Wheeler Cemetery.

Survivors are the following children: J. S. Grimes of Sunset, ex., H. R. Grimes, Mrs. Ellice Aswell, and Mrs. Bertie Bullard of Wheeler, and Mrs. Mamie Cook of Stratford.

have and Haircut -Four Bits

MEXICO CITY — (AP) — Shaves and haircuts have gone up 10 to 40 percent, but the new ceilings still are less than what barbers charge.

A haircut in a first-class shop is boosted from 2 pesos to 2.30 (2 to 26 1/2 cents); a shave from 1.50 (15 to 15 cents).

But for a month barbers have been getting 2.50 pesos (25 cents) for haircuts and 1.50 (15 cents) for shaves. Their union says prices will come down with living costs.

Second- and third-class barber shop charges are 25 and 50 percent less than shops rated first-class.

Wheeler County Legal Notes

Johnny Clayton Thomas and Darlene Fay Albrecht.

Calvin R. Plummer and Norma Lee O'Brien.

J. W. Dumas and Connie Langan.

Jimmie Joe Ivans and Bonnie Jean Williams.

J. D. Browning and Virginia North.

Buddy Burk and Jimmie Stout.

Edwin T. Brown and Mattie Laycock Beasley.

James N. Edward and Jean Mann.

Rites Held for Mrs. M. L. Futch

WHEELER — (Special) — Funeral services were held at the church of God in Mobeetie Tuesday afternoon for Mrs. Maudie L. Futch.

She was born in Little Rock, Ark., June 11, 1891, and died unexpectedly at her home nine miles south of Wheeler last Saturday. She had lived in Wheeler and Mobeetie for the past 25 years.

The Rev. Pennington of Amallo and the Rev. Aubrey Mitchell, officiated at the services and burial was in the Mobeetie cemetery.

Pallbearers were Logan and Lester Owens of Canadian, Jack Oddy of Pampa, Pete Tipton of Canadian, Doug Baird of Mobeetie, and Ray Edward Futch.

In addition to her husband, D. Futch, she is survived by the following children: J. D. Futch, Jr., Mrs. Lois Sanders, Boyd Futch, and Maurine Futch, all of Wheeler; Mr. Olesse A. Futch, Junior Futch, and Virginia Futch of Pampa; Mrs. Ozell Mixon of Stratford, Mrs. Myrtle Futch of Allison, and Mrs. Jessie Lee Baird of Lyford, Tex.; 15 grandchildren; by her brothers, Otis Ratchford of Anderson, and Arthur Ratchford of Pampa; and by five sisters, Mrs. Jimmie Lanier of San Antonio, Mrs. Bertie Moore and Mrs. Carl Harris of California, Mrs. Anita of Big Spring, and Mrs. Iva Collier of Pampa.

Plaintiffs Hope To Clean Up Case

HOUSTON — (AP) — Plaintiffs in the \$200,000 Texas City disaster suits mass trial hope to clean up the "odds and ends" of their case early next week.

Their attorneys so advised Judge T. M. Kennerly Friday. Assistant U. S. Attorney Joseph M. Cash told reporters he does not know what action the government will take once the plaintiffs are through.

He had been asked if the government plans to offer a motion for dismissal of the trial. It was brought by survivors of the disaster at Texas City April 16-17, 1947. More than 500 persons were dead or missing after a series of explosions and fires.

Divorce Granted in District Court

Judge Lewis M. Goodrich in 31st District Court Friday granted a divorce to Minnie Bowman Dunklin from Phinos Marta Dunklin on grounds of cruelty. They were married on April 20, 1946 and separated on Nov. 6, 1946.

One other divorce case was heard, but final judgment was not handed down.

Junior Lawyers Recommend Fee Plan Removal

HOUSTON — (AP) — Texas Junior Bar says heavily populated counties should have the office of coroner.

The lawyers said that in counties surrounding big cities, a justice of the peace doesn't have time to conduct inquests properly and take care of his other duties.

The State Junior Bar made the recommendation in cooperation with the Texas Safety Association.

Other recommendations: The fee system for paying justices of the peace and traffic judges should be abolished and replaced with adequate salaries.

County commissioner courts should be empowered to determine the number of justices of the peace needed in each county.

Serious study should be given to the abolition of the civil and criminal jurisdiction of justices of the peace.

There should be traffic schools for violators, more conferences of justices of the peace, traffic judges and prosecutors.

COME IN AND BE COOLER AND MORE COMFORTABLE

No one will believe it could happen in real life, and no doubt it couldn't, but there's lots of fun to be had in this comedy of the female of the species on the prowl, using a thesis that woman ought to be bolder about capturing her man.
