

Crime and Otherwise

TO TRIAL — Eva Ikuho Toguri D'Aquino, the "Tokyo Rose" of WW II, is pictured at San Francisco, where she has spent the last nine months in jail, and where Tuesday she will go on trial for treason.

BUSHY-HAIRED, white-mustached Dr. Albert Schweitzer, 74, world-famous physician, philosopher, musician and medical missionary, has a benign smile for interviewers as he arrives at New York en route to Aspen, Colo., where he will give the main address at the Goethe Bicentennial Convocation and Music Festival.

CONTROVERSY CENTER—Joan Rankin, 16, Cincinnati, Negro girl recently elected governor of the Ohio Girls State, is center of controversy over a projected trip to Washington, D. C., as Ohio's representative to the American Legion Auxiliary's National Girl's State.

CHIN UP—Although she has artificial limbs, Norma Carothers, 14, walks gingerly from the home of relatives in Long Beach, Calif., where she is vacationing.

For gifts of distinction try Lew's Hardware first.

Way to Cut Expense Is State Job

By DAVE CREAVENS

AUSTIN — (AP) — Indications were growing today that the Governor's veto would be used as a stopgap way out of the state's money muddle.

It was widely believed Gov. Beauford H. Jester would blue-pencil the money voted eleemosynary institutions by the Legislature for the second year of the next fiscal biennium.

Comptroller Robert S. Calvert certified that the Senate has enough money to pay for the judiciary, departmental and eleemosynary appropriations.

Jester said yesterday he would take no action on the money bills sent him by the comptroller's okay until Monday.

There was no quorum in the Senate and it voted to adjourn until Tuesday at 10 a. m. after a brief taken session.

The session — already a record-breaker for duration — will finally adjourn at noon Wednesday.

Chief development Saturday in the Legislature was House action to keep alive a bill seeking to provide some money for building state hospitals.

There was no quorum in the Senate and it voted to adjourn until Tuesday at 10 a. m. after a brief taken session.

Huge U.S. Deficit Is Seen

Pampa News

VOL. 47—NO. 319 (30 PAGES) PAMPA, TEXAS, SUNDAY, JULY 3, 1949

Church-State Fight Causes New Friction

PRAGUE — (AP) — Slovak peasants armed with scythes, pitchforks and clubs stand guard around their Roman Catholic priests to shield them from Communist police.

This was the picture given last night by Slovak sources to church circles and diplomats as this nation, torn by state-church conflict, embarked on a long weekend of religious holidays.

It was difficult, if not impossible, for Westerners to go to the intensely Catholic eastern province to look at the situation.

Police sealed off troubled Slovakia with a little iron curtain.

Sources in Slovakia reported villagers up in arms, however, to prevent a repetition of the riotous scenes of last weekend.

Enraged Slovaks clashed with police at that time when they attempted to intimidate and arrest priests loyal to Archbishop Josef Beran, the nation's primate.

At least two policemen were fatally beaten and an undetermined number of persons were injured.

Every indication was that the uprising in defense of the priests was spontaneous.

Some diplomats cautioned against exaggeration of past incidents, but said they had reports of continuing unrest in Slovakia.

The diplomats would have to get prior permission to travel in Slovakia. Diplomatic travel there, the ministry declared, would be considered an act "against the Czechoslovak government and a gross interference with the internal affairs of Czechoslovakia."

The Foreign Minister rejected the protest of Magr. Gennaro Verolino, the Vatican's chargé d'affaires, at being forcibly accosted by police in Slovakia.

Police forced him to drive to their headquarters in an attempt to question him.

International travel firms are notified of the lifting as a matter of course.

'ARMED ESCORT' FOR JUDITH?—A determined lad carrying an air rifle (right) keeps step as Judith Coplon, convicted and sentenced as a Soviet spy, leaves the courthouse at Washington with her attorney, Archibald Palmer (right), and Meyer Weinstein, (left), a bondsman.

NEW YORK — (AP) — Airlines and other travel outlets have been told Judith Coplon's passport has been lifted.

Overseas airlines officials at first interpreted this as an alert to prevent her from fleeing from the United States.

The suit was filed as a direct result of Kennemer's car being impounded by the city for overtime parking on June 8.

The petition further alleged that Kennemer, styled in the litigation as plaintiff, was told "by parties unknown to him" that the car had been removed by police.

Cotched in legal language, the petition alleged, still further, that Kennemer paid the usual parking fee of one nickel for one hour's time and returned about an hour later to find the car gone.

One of the sounds many Pampans heard every year — via radio — was the discordant sound of the Liberty Bell as some celebrity struck it with a wooden mallet in the rear vestibule of a stately Independence Hall, Philadelphia.

It will not be heard this year — and may never be heard again. Its sig sagging crack was lengthened on VJ Day when it was last sound leading to the decision of silencing it for fear of breaking it altogether.

MEXICO CITY — (AP) — Troops and police throughout Mexico were ordered on continuous duty for the Congressional election today.

About half the 5,000,000 eligible voters are registered. The other half are subject to various penalties for failure to register.

There has been much oratory. Millions of placards have been posted during the campaign. Everyone takes for granted the government party PRI (Partido Revolucionario Institucional) will win nearly all the seats.

Firemen were called to 1008 S. Faulkner at 11:35 a. m. Friday and between Gray and Thut at 12:05 p. m. to put out minor grass fires. No damage resulted.

George, Taft State Need for Thrift

WASHINGTON — (AP) — Senators George (D-Ga) and Taft (R-Ohio) agreed yesterday the government's \$1,811,000,000 deficit makes it essential that Congress crack down on federal spending.

George, chairman of the Senate Finance Committee, told reporters the excess of government outgo over income in the year ending last Thursday puts Congress squarely up against some unpleasant monetary facts.

"If we are not going to be indifferent to fiscal realities this deficit constitutes the strongest possible reason for reductions in the appropriations Congress is making for the new year," George said.

In a separate interview, Taft said the red-inked treasury report "reemphasizes the necessity for economy in government expenditures."

George, who has opposed new taxes, said he favors a 5 percent cut in spending.

He said the best opportunity to get any such result seems to lie in cutting the \$3,865,000,000 voted by the House for the Economic Cooperation Administration and in reducing the \$15,900,000,000 approved for the armed services.

Chairman McKellar (D-Tenn.) of the Senate Appropriations Committee already has proposed that \$800,000,000 be sliced off the ECA funds. The committee has completed hearings on the military bill but has not yet begun its item-by-item check on the measure.

George said the treasury deficit will make it difficult for Congress to vote additional funds for the proposed \$1,450,000,000 foreign arms program.

He said that \$1,130,000,000 of this amount, to be earmarked for aid to North Atlantic Treaty signers, was not covered in President Truman's budget for the new year and thus would increase the prospective deficit for the 12 months ending June 30.

Taft, who has opposed the foreign arms program, indicated that he believes the deficit may kill this proposal, at least for this session of Congress.

George and Taft both said the treasury's drop in revenue could be traced directly to a decline in receipts from withholding taxes. They attributed this to growing unemployment.

LOS ANGELES — (AP) — A 7-year-old boy in Pampa, Tex., a high school senior in Amarillo, Tex., and a college student in Los Angeles, in Jan. 1948 as the man who stole the clothing from him.

Forecast Is More Heat

The weatherman says "Stay away from firecrackers. It will be hot enough this weekend."

Physically and Mentally— Mrs. Heart, Who Was Told She Had Early Date With Death, Is Back

By WILLIAM PEARCE

Well, that was three months ago. Lots has happened to her since then.

To begin with, Mrs. Heart went away from here. She had to get away from all the excitement her request provoked. It brought 25,000 answers.

She decided to see some more doctors. "I'm under medical care again," Mrs. Heart says, "but I can't say what they tell me—not now. But I still say this—maybe my other doctors were wrong about me just having a year to live."

Well, she returned here only last week.

"I'm in a peaceful feeling now," she says, "and feeling peaceful is a wonderful feeling. 'Perhaps peace is what I wanted—what I needed—after all. 'And I have found it. . . ."

County Wheat Harvest 85 Percent Done

Gray County now has between 85 and 90 percent of its wheat harvested.

Yields ranged from practically nothing to 30 bushels per acre he said. The yield has been reported small for a week.

This report seemed to support a survey made by The Associated Press. It revealed that there will not be as big a yield of wheat in the state as had been expected.

Much of the wheat the state does have is not high quality. Some wheat storage space — for which farmers were crying at the harvest began — actually is standing empty.

Those assertions came Saturday in an Associated Press roundup as the big Texas wheat harvest neared an end.

Some were denied, in part, by (See WHEAT, Page 2)

Good Lead Is Uncovered in Murder Case

LOS ANGELES — (AP) — A 7-year-old boy in Pampa, Tex., a high school senior in Amarillo, Tex., and a college student in Los Angeles, in Jan. 1948 as the man who stole the clothing from him.

The Associated Press said forecasters predicted continued warm and humid weather over most of the nation through July 4. It was not hot enough at Pampa. The temperature rose to 93 at 2 p. m. Saturday.

A violent thunderstorm, accompanied by a dust storm, caused two deaths at Galveston late Friday. Winds up to 75 MPH lashed the city, AP said. The storm damage was estimated at \$25,000.

An 18-year-old boy was carried to his death in the Gulf at Galveston, and his uncle suffered a fatal brain hemorrhage at the scene of the drowning, shortly after he learned his nephew was dead.

The coolest spot in the nation Saturday was Big Piney, Wyo., where the mercury read 36.

Police yesterday were beginning an intensive campaign to protect lives and property over the long holiday weekend.

"Because of the heavy traffic over the three-day period," Chief of Police Louis Allen said Saturday, "we are asking everybody to use more than extra precaution to avoid accidents that mean only destruction of lives and property."

One reason for the increase in motor travel, Allen added, is the temptation for many vacationists to use it as the beginning or tail end of their annual vacation.

By press time, last night the four corners of Memphis, Tenn., were still blanketed with rain. Still, the rain was not enough to stop the thousands of cars on their highways.

Suit Will Test City Meters' Legality

Legality of the city's authority to impound cars for overtime parking is headed for a test in the district courts.

The move started Friday when C. W. "Bill" Kennemer filed a \$5,000 damage suit in 31st District Court naming the City of Pampa as defendant.

The suit was filed as a direct result of Kennemer's car being impounded by the city for overtime parking on June 8.

The petition further alleged that Kennemer, styled in the litigation as plaintiff, was told "by parties unknown to him" that the car had been removed by police.

Most of City To Be Quiet Tomorrow

Independence Day — July 4 — will resemble a holiday more than a national holiday for most Pampans.

Stores in the business section will have their doors locked and only one of the two regular daily editions of The News will be published.

Radio Station KPDM will broadcast on its full schedule.

Most of the holidaying will be at Lake McLean, along the highways and in the theaters.

All told, Pampa will take on an all-quiet atmosphere with the possible exception of sporadic firecrackers being detonated over the city.

One of the sounds many Pampans heard every year — via radio — was the discordant sound of the Liberty Bell as some celebrity struck it with a wooden mallet in the rear vestibule of a stately Independence Hall, Philadelphia.

Organized Labor Prepares Black Ball List of Solons

Vandover Rites To Be Tuesday

Funeral services for William Vandover, 86, will be held at 2 p.m. Tuesday from the Trinity Baptist Church. The Rev. Collins Webb and the E. Douglas Carver will officiate, and burial, by the Duenkel-Carmichael Funeral Home, will be in Fairview Cemetery. The noble grands of the Odd Fellows and Rebekahs have requested that the funeral be held at the IOOF Hall at 1 p.m. Tuesday to prepare for the funeral.

The lodge will have charge of the rites. Vandover, who had been ill with the past seven years, came from Pampa to Texas City, Kansas, years ago and operated the Vandover Feed Mill and Store, S. Cuyler, for the past 17 years.

He died unexpectedly at his home, 317 N. Dwight, at 2:45 p.m. Thursday from a heart attack. In addition to his wife, Clara, he is survived by two sons, Willie and Ralph, a grandson, William Boyd, and a niece, Norma, all of Pampa; by a sister, Grace Osborne, and a brother, J. D. Vandover, both of St. Joseph, Mo.

HEAT

(Continued From Page One) Panhandle wheat leader. The federal government's last market placed the Texas wheat crop at 123,216,000 bushels, a 10 per cent increase over the 111,800,000 bushels of last year. The estimate was based on June 10 conditions. The Santa Fe Railroad and some grain experts say the crop is better than the government estimate. The Santa Fe, its monthly summary, estimated the Texas crop at 87,600,000 bushels, or almost 36,000,000 bushels below the government estimate. Dallas and Fort Worth grain men thought the railroad was wrong in thinking the crop had deteriorated, but doubted it had a hurt that bad. The Santa Fe estimate is at line with the views of Texas grain men. G. E. Wetz, veteran Fort Worth grain man, said informed grain men have felt weeks that the government estimate of over 123,000,000 bushels was far out of line. Wetz, who is secretary-treasurer of the Texas Grain and Feeders Association, foretold light wheat, grain yielding under 58 pounds to the bushel, and more amply wheat yielding the 58 to 60 pound range this year than in the last years. Wetz strained a point and said many cars available for a far more than ordinary Panhandle County, for instance, are very out of line. He said the wheat while last year yields of thousands of bushels had been stored no other way. Dallas grain man, Clarence Lee of the J. C. Crouch Co., said grain men believe the wheat has been badly hurt, but he said the Santa Fe prediction that the Texas crop will be 90,000,000 to 100,000,000 bushels, Lee said. The wheat is pretty good in Panhandle though not up to expectations," the Dallas man said. "It's filled out well, and has good test weight."

Below the Cap... The Plains that yields are because the kernels are so small. All those rains, along with stem rust and root rot, prevented kernels from filling out. And that's the Tulsa man said. "Panhandle wheat, especially in the Panhandle, is, however, said most of the deterioration occurred after the 10 government estimate. Panhandle wheat spokesman, Alex Lindley of Tulsa, said no one to believe Texas is not lining up the harvest of a poor crop. Lindley is president of the Panhandle Feed and Grain Dealers Association. The harvest is not complete in Panhandle counties, Lindley said, but production in the South has about lived up to estimates. The Texas harvest is especially true in Briscoe and Castro Counties, said. The estimate of 120,000,000 bushels, six weeks ago may be "down," the Tulsa man said. "I can't say for sure, however, all North Plains wheat is a harvest, meanwhile is finishing in 90 West Texas and Panhandle counties. Operations are being rapidly in the 12 remaining Panhandle counties. The Texas Employment Commission office in Amarillo predicts 90 percent of Texas wheat will be cut the middle of the week."

End Seen to Hawaii Strike

NOLUULU (AP)—Stevedores here have turned down a formula for the 63-day front strike by a 10 to 1 vote, and a settlement seems away. CIO International Longshoremen's Association announced that the final offer against a fact-finding board for a 34-cent hourly raise from \$1.40 to \$1.74. "One had an answer to the 'what next?'"

Infant Ills Show Rise

AUSTIN (AP)—Diarrhea and dysentery cases over the state continued to increase last week, the State Health Department reported yesterday. For the week ending June 25, 761 cases were reported, a 57 percent increase over the seven-week average. The health department said the chief causes of diarrhea in infants include impure milk, water, contaminated foods, overheating, too much sugar or cream in the diet, overfeeding and underfeeding. So far this year 10,934 cases of diarrhea and dysentery have been reported. Incidence of measles was dropping with the coming of summer weather. Measles leads the list of communicable diseases in Texas so far this year with 56,835 reported cases.

Acheson Says Korea Badly Needs Aid

WASHINGTON (AP)—Secretary of State Acheson has told Congress that the Korean republic will fall within two or three months unless it gets prompt American aid. The House Foreign Affairs Committee made the disclosure in a report urging early Congressional action on \$50,000,000 to help Korean recovery.

President of Texas Cowboy Reunion Steps Down

HENRY C. COFFEY, 310 N. Ward, who has been president of the group for the past year, yesterday was sitting at home bemoaning the fact that he is not able to attend the reunion at Stamford this year. Eric Swenson of Swenson's Ranch near Stamford is the new high officer of the organization.

'Old-Timer' Steps Down as President Cowboy Reunion

"I'd rather have been president of the Texas Cowboy Reunion than president of the U. S.," Henry C. Coffey, 310 N. Ward, said yesterday as he stepped down from the office of the cowboy gathering.

Man Admits Fondling

In a short session of County Criminal Court, Judge Bruce Parker pronounced a 90-day jail sentence on Riley Earl Noblett, Pampa, for fondling a little girl in the Crown Theater Friday evening.

Auto Victim Now in Dallas

DALLAS (AP)—Joan Edwards, 24, of Rankin, Tex., remained unconscious 187 days after she received a brain injury in an automobile accident.

Gas Blaze Burns Itself Out

HAWKINS (AP)—Fireman yesterday extinguished a blaze which burned 23 hours following an explosion at the natural gas plant near this East Texas town. The blast injured 50 men.

Panel to Form Health Council

DALLAS (AP)—A temporary ten-member panel to take the lead in completing organization of the new Texas Health Council was completed Thursday.

Warplanes Return To Shanghai Attack

SHANGHAI (AP)—Nationalist warplanes returned to the attack on Shanghai yesterday, dropping two bombs in the southwestern suburbs.

War Correspondent Dies in Ft. Worth

FORT WORTH (AP)—James Thomas Smith, 70, war correspondent with Teddy Roosevelt's Rough Riders, died Friday night. During the 1900 Galveston flood, Smith spent three days in a boat pulling survivors from tops of trees and houses.

PRESIDENT OF TEXAS COWBOY REUNION STEPS DOWN—Henry C. Coffey, 310 N. Ward, who has been president of the group for the past year, yesterday was sitting at home bemoaning the fact that he is not able to attend the reunion at Stamford this year. Eric Swenson of Swenson's Ranch near Stamford is the new high officer of the organization.

Centenarian Evades Age

MARSHALL, Tex. (AP)—Like most ladies over 100, Mrs. Catherine Mulcahy of Marshall graciously accepted her friends' birthday remembrances but sought to be a bit vague about her age. "That's sort of hard to do when you're 100 years old," she said. She still does some reading, without glasses.

Student Sentenced For Shooting Red

ROME (AP)—A Rome court yesterday sentenced a Sicilian student to 13 years and eight months imprisonment for the attempted assassination of Italian Communist leader Palmiro Togliatti.

Du Pont Denies Federal Charges

WILMINGTON, Del. (AP)—Charles H. Greenwell, president of E. I. du Pont de Nemours and Co., today denied government accusations contained in an anti-trust suit filed to break up the du Pont industrial empire.

Diminishing Lens Is the Answer

WASHINGTON (AP)—Looking in one Washington shop's store window you'll think you see a pretty brunette in a perfume bottle.

Grim Disaster Reminders Moved

TEXAS CITY (AP)—Some of the reminders of the 1947 Texas City disaster are being removed. The wreckage of the battered and partially submerged hull of the SS Wilson B. Keene is being pulled from the harbor ship.

Gold Rush Flares Between Rival Stores

JUNEAU, Alaska (AP)—A new gold rush was on today as a price war flared between two grocery stores.

Warplanes Return To Shanghai Attack

SHANGHAI (AP)—Nationalist warplanes returned to the attack on Shanghai yesterday, dropping two bombs in the southwestern suburbs.

TOKYO BALLET SCHOOL.—Mary Jannis, of Seattle, in private life wife of Maj. Frank L. Collum in Japan, puts her ballet students through their paces at her studio in Tokyo.

Camp Sullivan Gets Rejuvenated Water Supply by Pampans' Aid

Water, water everywhere and now it's fit to drink. Thanks to 11 Pampans, Camp Sullivan now is better able to take care of the needs of campers in the Girl Scout Association. A 16-foot redwood tank now has been donated and installed at the camp by various local business people.

Death Starts July 4 Trek

By The Associated Press. At least 88 persons who started out on a carefree Fourth of July weekend will never see another holiday. As vacationers took to the highways and beaches, death followed. Traffic fatalities mounted to 63 Saturday; 18 drownings were reported, and seven persons died in miscellaneous accidents.

Slavs to Make Own Armaments

BELGRADE, Yugoslavia (AP)—Yugoslav Defense Ministry workers were told Premier Marshal Tito's government will make its own arms because both East and West refuse to supply them. It was the first official disclosure that Yugoslavia has been cut off from military aid by Communist countries. However, it had been suspected this would come as part of the Cominform crackdown on Tito.

Tidelands Dispute Settlement Fails

WASHINGTON (AP)—Efforts by Speaker Rayburn (D-Tex.) to settle the tidelands dispute between the federal government and the states were still stalemated today.

Construction Hits Year's Lowest Point

AUSTIN (AP)—Construction awards in Texas last week totaled the lowest for any one week so far this year. The total reported by the Texas contractor for the week ending July 1 was \$5,828,200. This was more than seven million below the \$12,902,599 total for the week before.

1,600 Rebels Killed

ATHENS (AP)—A Greek general staff spokesman said the Communist-led guerrillas suffered 1,600 casualties in the second half of June in a government offensive which has reduced the enemy to groups of disorganized bands.

Recovery of Market Slow

NEW YORK (AP)—The stock market stayed on the recovery trail during the week. The going was rocky.

The market on average ended higher.

The advance was notably lacking in enthusiasm. On two days the volume of business dropped below 600,000 shares.

The satisfaction a rising price curve gave bullish Wall Street was badly marred by the failure of the market to attract general public support. A summer advance is possible, some market analysts say, but it will not get very far unless wider investor support can be whipped up.

The week got off to a poor start, with the market on Tuesday taking the "worst spill" in two weeks. The drop was caused in part by a long decline in the London stock exchange. Late demand picked up, which was attributed to the complete failure of the administration's plans to get the "Tut-Hartley Law" off the books.

For the next three days the market was upward.

Business news was not entirely gloomy.

Chance Vought Completes Move

DALLAS (AP)—Chance Vought aircraft is strictly a Texas outfit now. The Connecticut firm completed its move to Dallas Friday.

For 19 years Chance Vought, a branch of United Aircraft Corporation, had been located at Stratford, Conn. Its new home is the former North American Aviation plant, where it will go on making Navy fighter planes.

Key personnel and 1,000 freight cars of equipment came to Dallas in the move, which began in May, 1948.

Mainly About People

Mr. and Mrs. Quentin Nolle, of the Merten Lease, and children, returned Thursday from Iowa City, Iowa, where they spent 10 days visiting Mr. Nolle's parents, Mr. and Mrs. Theodore Nolle.

Large supply of firecrackers for sale just south of Old Mill Drive on S. Hobart. Always open for business.

Mr. and Mrs. Donald Hampton, 205 N. Ward, are the parents of a baby girl, born Wednesday at Worley Hospital. The child, Gloria Jean, weighed 7 pounds 3 ounces at birth.

Beauty in Venetian blinds. Pampa Tent & Awning, Ph. 1112.

From age 10, a dressmaking class starting Friday, July 8, from 1 to 3 p. m. Special price, 8 lessons for \$8.00. Enroll now. Singer Sewing Center, 214 N. Cuyler.

Mr. and Mrs. Kenneth Kurts and son, Gene, and daughter, Mrs. Kurt's mother, Mrs. H. F. Barnhart, 509 N. Frost.

41 Chevrolet tudor, R. & H. good condition. One owner. See at 312 N. Frost or call 2223W.

Visitors in the home of Mr. and Mrs. Vester Dowell, Pampa, the last week are: Mr. Dowell's mother, Mrs. F. E. Dowell, and brother, Archie Dowell, wife and children, of Eldorado, Kans.; Melvin Dowell and wife and daughters, of Madison, Kans.; and other relatives, Mr. and Mrs. R. D. Dowell, of San Angelo; and Mr. and Mrs. C. D. McDonald and children, of Corpus Christi.

Ice cold melons by slice or whole at Caldwell's Drive Inn.

Mr. and Mrs. T. N. Watson and son arrived home at 500 Christy Friday after spending a month at Dallas and Graham, where they visited his parents, Mr. and Mrs. Carl Watson.

Polio insurance and 8 other diseases covered up to \$5,000. Pays \$500 accidental death. Family group or individuals. Call Frances Carver Agency 614 or 581W. At 1300 N. Russell.

Mrs. Winnie Evers, Lubbock, daughter of Mr. and Mrs. R. W. McPhillips, is spending the weekend visiting with her parents at 420 N. Christy.

The Beaux Arts Dance Studio announces registration for summer classes to begin Tuesday, July 5. Phone 3497.

Al Lawson, local maker of neon signs, yesterday was admitted to the Veterans Hospital at Amarillo. He will undergo an operation, it was said. Mrs. Lawson has gone to Amarillo to be with her husband for a few days.

Large assortment of firecrackers at Adams Gro., Lefors Highway, Texas Guaranty & Loan Co., 218 N. Russell, will be open for business daily 8 a. m. to 6 p. m., and on Saturday to 8 p. m. for your convenience.

Miss Elise Donaldson left last night for New York City where she will take advanced study in piano. She plans to return by way of Washington, D. C., Virginia, Kentucky and Tennessee where she will visit relatives.

We sell Budweiser can beer, \$3.50 per case. Also have Schlitz and Pabst. Southern Club. Open all day Monday.

Dr. and Mrs. T. J. Wagnell, 1328 Mary Ellen, have returned home after a two-week vacation at their cabin at Lake City, Colo.

Long's Cafe, 871 W. Foster, will be closed Tuesday 1:30 to 3:30 for the funeral of Mr. W. B. Vandover.

Mr. and Mrs. J. B. Hilburn, 317 N. Starkweather, have returned home from a two-week vacation visiting friends and relatives in Oklahoma, Fort Worth, Abilene, and Brownfield.

Bill Ellis, formerly with Coonle Sanders used cars, is now salesman for Reeves Oldsmobile, Pampa. Your patronage solicited.

Miss Joan Anderson, Poplar Bluff, Mo., is visiting her aunt, Mrs. J. L. Swindler, and family.

For Sale—Small divan in excellent condition, \$30.00. Phone 9333 or can be seen at 805 N. Somerville.

Mr. and Mrs. J. W. Casteel and children, Route 1, returned yesterday after spending a two-week vacation in California. They visited his parents at San Diego and her sister at Richmond.

10-piece Puritan heavy waterless aluminum set in good condition. Price \$25.00. May be seen at 408 S. Cuyler.

Mr. and Mrs. Paul Oliver, Cheyenne, Wyo., will arrive in Pampa today to spend a week with her mother, Mrs. E. A. Henthorn, 514 N. Warren.

Apts. for rent. Ph. 629 or 32.

A baby daughter was born at noon yesterday to Mr. and Mrs. Fern Berry, 1421 E. Francis, at the Pampa Hospital. The child, who weighed 5 pounds 7 ounces at birth, has been named Cynthia Ann.

Many a youngster goes out to play with his shoes just soled and comes back home with his clothes rented.

Bradley Predicts Tense Period

FT. LEAVENWORTH, Kans.—(AP)—Gen. Omar N. Bradley said this country must "anticipate a long period of tension" in its military planning.

The Army chief of staff, in a talk at graduation exercises at the Command and General Staff College here, said "militarily speaking, the situation is as stable as it is going to be for some time to come."

"In the four years since V-J day," he said, "I think the advantage has swung to our side and that the aggressor, who was once a friend, is now on the defensive."

"Rather than expect a long period of friendly cooperation, however, we must anticipate a long period of tension, with alternating day-to-day improvements or setbacks, which must not be allowed to destabilize the long-range plans for security."

Hard Day for The Workers

SHANGHAI (AP)—Pretty Mrs. Randall Gould, the way the Communist press told it, it is five feet one inch of something like dynamite.

It seems, according to the Chinese newspapers, she got tired of being barricaded in the Gould apartment by workers of her editor-husband's Shanghai Post and Mercury.

The workers had besieged the apartment in an attempt to get Gould to resume publication of the American-owned English language paper. He suspended it a week ago, saying it was apparent he could no longer exercise editorial control under the Red regime.

The Chinese papers didn't see eye to eye on what happened. But the general idea was that she forced her way out of the apartment, leaving some banged-up Chinese workers behind.

The workers had control of the hallway outside the Gould apartment when Mrs. Gould started Operation Exit. She shoved open the kitchen door. In the hallway she encountered resistance.

What happened next wasn't made clear by the papers. One said two of the workers were slightly injured and a third was taken to a hospital.

There was agreement on one thing though: very shortly, Mrs. Gould walked out the front entrance of the apartment house.

And Mr. Gould? Well, he finally got out, too. Communist authorities broke up the ruckus at the apartment because they

Pampa News, Sunday, July 3, 1948 PAGE 9

Speed-Trap Cut As Traffic Hazard

KANSAS CITY (AP)—Police have lost one of their favorite speed-trap hideouts here — parkway shrubbery in a 20-mile-an-hour zone.

"They jumped out from behind it and stopped John Warrington, park maintenance superintendent."

Warrington told them if they didn't stop hiding behind it he was going to have the shrubbery cut down.

Thursday it was uprooted. Park Superintendent J. V. Lewis gave this explanation:

"A traffic hazard.

Heard violence. He and the workers went to his office downtown. They're still arguing there.

Church Group Discusses Youth

McLEAN (Special)—The Brotherhood organization of the First Baptist Church met Monday night to discuss "Investment in Youth."

The program included: Scripture by Luther Petty; "Youth Today," John Cooper; "Time of Interest," the Rev. Clayton Day; "Faith and Patience," M. D. Bentley; "Money and Example," W. J. Hammer.

Cooper, president, held a business session, and R. L. McDonald had charge of the program.

In addition to those on the program, others attending were Howard Williams, Oba Kunko, Amos Baker, R. L. Appling, and Wes Langham.

DESERT'S TOO CROWDED—Bearded Frederick William Foster, self-styled desert rat and hermit, says he is looking for a ship to take him to some lonely Pacific island where he can enjoy the solitude that no longer is his because of the inroads of the public into his California desert sanctuary. (AP Wirephoto)

Dogcatchers Get Girl 'Dogfreer'
BALTIMORE (AP)—Two dogcatchers testified they stopped chasing canines and took out after a pretty 17-year-old girl when she loosed their day's bag. When they caught her, the dogcatchers told Magistrate Herbert Franklin, she proved a handful. One of them said he had some well-kicked shins.

Miss Ruth V. Stewart made no denials. The two SPCA agents, she said, had picked up a dog belonging to a friend of hers. When she opened the cage of the truck to get her friend's dog, six others popped out, too.

The magistrate dismissed charges of interfering with the dogcatchers in the "lawful performance of their duty," disorderly conduct, and assault by kicking.

But if it happened again, he warned, the result might be jail.

Northern All-Stars Win Typical -NM Game

Pampa News, Friday, July 1, 1949

WARREN'S WARMUP

QUESTION: Only two members of the 1940 World Champion Cincinnati Reds are still on the team. Can you name them?

A LOOK AT the statistics paints a fine picture for Oiler fans and shows why the team has played such fine ball the last two weeks. In their last sixteen games the Oilers have been victorious in an even dozen, a 750 percentage. That thing was hung up while the team has been "at home," with the only road games being played at Amarillo and Borger.

The Oilers are now one game ahead the halfway point in league play and are in seventh place, 14 games off the pace being set by Albuquerque Duke. But the Oilers are only 8 games out of the first division. And the way they have been playing the past two weeks they look like a championship team.

During the past week their official batting and fielding marks have both been on the increase. The most important factor in the present rise of the Oilers has been the clutch hitting that is being done from each spot in the batting order. Where the Oilers used to leave 12-14 men on base each game they now only leave 6-8 potential scores dying on the bases.

A. B. Everett has taken over the lead in team individual batting on the Oiler team, with a hefty 379 mark. Stan Surma dropped forty points this week, but still is second with a 361. John Warren is the only other Oiler currently hitting over 300. Roy Parker was up to .305 at the top of the week, but now has fallen back to .287. Two other Oilers have maintained a steady climb toward the .300 mark. They are Ernie Velasquez, currently three points under, and Virg Richardson, who needs only seven more points to hit .300.

Al Matney has also kept a steady climb upward, raising his average almost 20 points the past week. The pitching department is also putting out valiantly. George Payte captured his second straight win. Roy Parker earned his tenth of the season with that double win over Borger. Roy has now won seven straight games. Howard Bass moved up to the .600 mark with the win over Borger Friday night.

The home run streak of the Oilers was stopped Friday night, after they had homered in each of their last 10 ball games, a vast improvement from their record at the start of the season. Roy Parker's personal hitting streak was halted at 15 straight games last week, while A. B. Everett's is currently extended to 8 straight.

Ernie Velasquez leads the team in games played, not having missed a one to date. He also has scored the most runs and garnered the most hits of anyone. Virg Richardson leads in the RBI column, with a one-point lead over Homer Matney, with 45.

Roy Parker holds the league lead in strikeouts, having whiffed 114 opposing batters. He has also pitched the most complete games of any Oiler, 11, and recorded the most wins, 10. Charley Bodine has been in the most games, 22, but Parker has again been the busiest hurler, having worked 139 1/3 innings.

The complete unofficial averages, through the game of Friday, July 1, follow:

BATTING AVERAGES

Parker Hit For Five in First Inning

The Northern All-Stars jumped on Roy Parker for five runs in the first inning last night and then continued their relentless attack on four more Southern pitchers to win the seventh edition of the WT-NM dream game by a final score of 15 to 3.

Paul Halter of Amarillo paced the North attack with three hits, two of them inside-the-park home runs. Allan Maul, Duke's first sacker, contributed three hits, including a triple and a home run. Manager Eddie Carnett of Borger contributed two doubles in two trips.

Roy Parker was the losing pitcher, and Jim Reynolds, of Amarillo, got the victory. Stan Surma, the other Pampa Oiler player to be named to an all-star post, contributed a single and a double in four trips.

Oilers Sweep Borger Series on Blast by Richardson; Open Against Clovis Today

Final Tabulation Names Starting All-Star Teams

CHICAGO, Ill. (AP) — Baseball's armchair strategists—a record 4,687,743 of them from all parts of the nation—have selected by remote control the starting lineups for the 16th annual All-Star Game in Brooklyn's Ebbets Field July 12.

Fans voting in the 20-day poll chose these players for the two rival managers, Cleveland's Lou Boudreau of the American League and Boston's Billy Southworth of the National.

AMERICAN LEAGUE
First base: Mize, New York 1,059,286; Waitkus, Philadelphia 997,683; Hodges, Brooklyn 961,804; Klusazewski, Cincinnati 657,110; V. Jones, St. Louis 526,448.

Second base: J. Robinson, Brooklyn 1,891,212; Schoendienst, St. Louis 1,863,118; Verban, Chicago 862,791; Stanky, Boston 436,358; Bloodworth, Cincinnati 281,181.

Third base: Kazak, St. Louis 1,298,573; S. Gordon, New York 1,259,102; Elliott, Boston 913,947; Gustine, Chicago 516,318; Cox, Brooklyn 299,116.

Shortstop: Reese, Brooklyn 1,379,074; Marion, St. Louis 1,234,518; Dark, Boston 923,633; Stallcup, Cincinnati 529,497; Kerr, New York 278,757.

Catcher: Seminick, Philadelphia 1,201,465; Campanella, Brooklyn 1,004,712; Cooper, Cincinnati 538,401; Salkeld, Boston 372,801; Mueller, New York 313,371.

Outfielders: Kiner, Pittsburgh 1,662,883; Musial, St. Louis 1,644,828; Marshall, New York 1,562,948; Slaughter, St. Louis 1,388,055; Thomson, New York 1,143,132; Patko, Chicago 893,282; Lockman, New York 861,697; Ashburn, Philadelphia 637,124; Westlake, Pittsburgh 448,356; Ennis, Philadelphia 402,708.

AMERICAN LEAGUE
First base: E. Robinson, Washington 803,409; Vernon, Cleveland 762,585; Paine, Philadelphia 689,707; Krynoski, New York 487,381.

Second base: Michaels, Chicago 1,306,108; J. Gordon, Cleveland 1,247,153; Priddy, St. Louis 809,629; Doerr, Boston 557,708; Suder, Philadelphia 249,962.

Third base: Kell, Detroit 1,458,217; Dillinger, St. Louis 974,153; Brown, New York 859,425; Majaski, Philadelphia 598,472; Pesky, Boston 266,398.

Shortstop: Joost, Philadelphia 1,388,902; Stephen, Boston 1,289,724; Boudreau, Cleveland 927,715; Rizzuto, New York 523,104; Appling, Chicago 221,618.

Catcher: Tebbetts, Boston 1,292,715

Fair Enough - Pegler

By WESTBROOK PEGLER (Copyright, 1949) NEW YORK — There are two Communist trials now in progress in the Federal Building down at Foley Square which is named for the old Tammany saloonkeeper who used to keep a good...

'Security,' the Mirage We Seek

The serious trend toward "security" legislation of recent years is pretty well confirmed in a recent poll among college students by Fortune Magazine. Graduating students worried more about old-fashioned security than anything else in their future.

So They Say

An alcoholic is the only person who lives his life backwards. He starts at the top and works down, finally ending up in the gutter.

Washington by Peter Edson

WASHINGTON — (NEA) — End of the Paris conference of Foreign Ministers brings American and allied western policy to another one of those crucial turning points that are always bobbing up.

crazy about epidemics. Commissioner Copeland would have us all breathing through gauze surgical masks except that by now people were blasé about that.

At Pearl and Bowery, a big white cross, reaching from the second story past the third, hangs in front of the premises, once occupied by the saloon of Diamond Dan O'Rourke, who claimed to have been the first New York manager of James Jefferson.

Mr. Davenport, more recently of Collier's, held these eats in private for side bets so the records of Ludwig Consumo, a figure of the imagination of Walter Davenport of the old Sun, Riggs often appeared in the Sun on Monday mornings, two columns wide, with a picture of him, grinning, set into the middle of the piece.

What does this seem to indicate? To us it seems to indicate that we are losing some of the quality of our social and economic fibre. So long as we are "protected" against the whims and fantasies of "laissez faire," just that long we are going to lose something.

Jeff got a badge from the Department of Health and took me around inspecting flops on terrible winter nights. There was one flop filled with Chinese, said to be sailors although I'm not sure that idea with our immigration laws and jumpship regulations.

There were two flops for old women, one of them run by some female relative of the late Stanford White. It would be dramatic to say that they were aged, broken down prostitutes. But they were just homeless old women who worked washing dishes in beereries or scrubbing floors in tall buildings.

Both the refugees and the youth groups are now believed to be violently anti-Communist. But they are also believed to be ripe pickings for any new German nationalist movement that comes along.

On the other hand, this may have been merely an explanatory move, seeking some new opening through which to renege on the drive for consent of Western Germany and Western Europe as a whole.

Nothing Political, Of Course

National Whirligig

WASHINGTON — Franklin D. Roosevelt's known belief that he could preserve his New Deal reforms for generations through packing the Supreme Court with sympathetic figures has been frustrated by that body's record in the 'season which recently recessed for the summer.

It has been a deep disappointment to remaining Rooseveltians, who note somewhat sourly that Mr. Truman's appointees — Chief Justice Vinson and Associate Justice Burton, former GOP senator from Ohio — frequently side with the conservatives, thereby making them a majority.

CONSTITUTION — The liberal faction has been heartened by three high controversial and disturbing decisions involving questions of economic, racial and civil rights importance. But a study of the decisions, as well as the judges' own private comments, indicate that they based their findings on their interpretation of the Constitution rather than on Roosevelt-Truman legislation.

SEGREGATION — The second ruling of not outlawed racial estate segregation laws in an area which stands in the shadow of the Capitol dome. It appears to accord with FDR's views, although he never advocated social equality for the colored people, and it has been used for political vote-getting purposes by the present administration.

SPEECH — The third seemingly New Dealish decision upheld the Charlie Lawlor cried out and grabbed Foley's hands and swung them, but Foley was very busy and he quickly brushed him off and old Charlie Lawlor wept.

Federal Aid Sought For Cotton Seed Oil MERCEDES — (AP) — C. B. Ray, manager of the Rio Grande Valley Farm Bureau Federation, is asking Texas congressmen to get a floor put under cottonseed oil prices.

Before the Dishes Are Done

By BETTY KNOWLES HUNT A silly question? On the contrary, it is one of major importance. You speak for yourself? That's possible, but at the same time, the odds are heavy indeed that you don't!

Remember what Priscilla asked her shy and evasive suitor, John Alden? It is a peculiarly pertinent question, appropriate to ask every American today: "Why don't you speak for yourself, John?"

Lawyers Told To Uphold Free Heritage

PORT WORTH — (AP) — The British-American tradition of "free and equal laws" must be upheld in the fight against communism, Sir Hartley Shawcross told the Texas Bar Thursday night.

Remember what Priscilla asked her shy and evasive suitor, John Alden? It is a peculiarly pertinent question, appropriate to ask every American today: "Why don't you speak for yourself, John?"

Fireplug Will Be Reinstalled

PASADENA, Tex. — (AP) — Pasadena motorists won and then lost a battle for removal of a fireplug. It took a group of businessmen four years to get the City Council to remove a plug which they said interfered with parking.

MAPLE SUGAR TIME—A student at St. Alexandre College, near Ottawa, Canada, hands a bucket of sap to a collector in the harvest that may yield 4,000,000 gallons of maple syrup.

Employees Are Ward Guests

Around 120 Montgomery Ward employees, their friends and members of their families were present at the store's picnic, party, and dance at Lake McClellan Wednesday night. The event was the result of a contest on sales during Ward Week. The local store went over its quota in sales, and the Kansas City office sponsored the party. A picnic was held at the park grounds, then the group afterward danced at the pavilion. It was planned by Chairman Sanderson and Harvey Gilmore, it was stated.

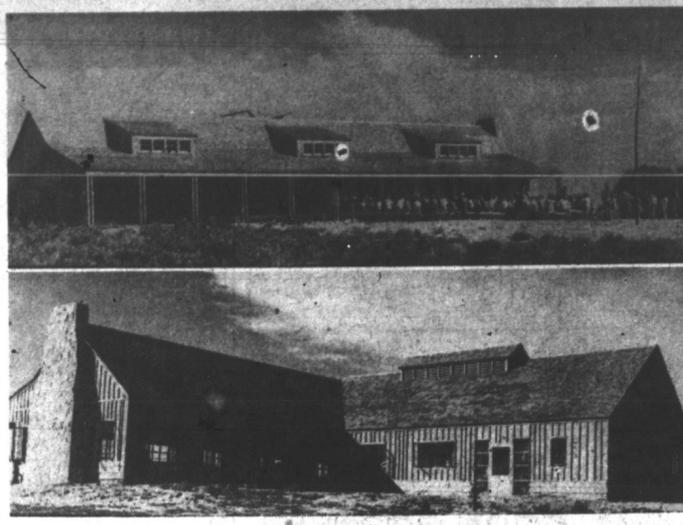

Petticoat Lobby Has Good Year

AUSTIN—(AP)—The petticoat lobby did okay this session. Every piece of legislation these lobbyists in flowered hats wanted was passed. With one exception. The Women's Christian Temperance Union failed in its effort to get some new liquor control laws. It did succeed in killing a sale-by-the-drink proposal. But the rest of the record is perfect. The school teachers—including many women—stayed here until they saw the Gilmer-Alkin school bills passed. The landladies cornered their representatives and senators and jammed the Governor's office to see that the rent decontrol bill wasn't lost. It wasn't. The Texas League of Women Voters successfully ended its 8-year campaign for a more secret ballot. The business women scored a victory when the Legislature approved the proposed Constitutional amendment to allow women to serve on juries. By far the largest lobby was the school teachers. They packed the galleries every time the Gilmer-Alkin bills providing for reorganization of the state's public school system came up. They dressed in their Sunday best and converged on the Capitol from all over the state. Waco teachers came down in buses while members of the parent-teacher organizations back home took over their classes. The League of Women Voters also pushed a juvenile court bill which became the law this session. There are just as many men making their mark today as ever—but a lot of them are using red ink.

No Change Seen Likely In T-H Law

WASHINGTON — (AP)—The Taft-Hartley Labor Act looks certain to stay unchanged for at least another year. The Truman Democrats had vowed to destroy that act. Things have gone so badly for them they'll consider it a kind of victory now to keep it. They lost their last hope of killing T-H Thursday when the Senate passed a new labor bill closely resembling the present law. This was put over by the Republicans and Southern Democrats. The next move is up to the House. So the Trumanites have these moves up to them. Their leaders in the House can try to block any labor bill from being voted on at all. Or, if they couldn't block a vote, they could try to get the House to pass a bill, an anti-T-H bill, completely different from the Senate's. That in itself would prevent any new labor law this session. It wouldn't get past the Senate. Mr. Truman probably would veto a labor bill he doesn't like, and make his veto stick. The Senate vote was 51 to 42, a long way from the two-thirds of the 96 senators necessary to re-pass a bill over a veto. So, in the end, the decision of killing a new labor law or of okaying one that resembles T-H may be up to Mr. Truman. But why would the Trumanites rather let T-H stand as is than let a new law, that looks like T-H but is slightly milder, get on the books? If the present law is allowed to stand instead of a new law much like it—the Trumanites could argue with labor: We promised, but the Republicans and Southern Democrats teamed up against us—we tried to make good. Blame them. We wouldn't settle for anything that looked like T-H. We still want to keep our promises. We'll try it again at our next session in 1950 elections and ask organized labor to help us elect so many Trumanites that we can put a new labor law in.

ONLY DEVELOPED CAMP for Boy Scouts in the Panhandle was completed early this summer for use of the Adobe Walls Area Council Scouts. The top photo shows part of the 350 people who attended the formal dedication of the new dining lodge. The middle photo shows the hall as it appears from the back. Pictured at the microphone is Harold W. Lewman, Region 9 Scout executive, who took part in the ceremonies. Also shown are the Rev. E. Douglas Carver, president of the council and master of ceremonies at the dedication, and M. K. Brown, one of the vice chairmen of the recent finance drive for the improvement of the campsite. A free barbecue was served to all dedication ceremony attendees. Chairmen for the occasion were: Carl Fisher, Phillips; Darrell Wiggins, Canadian; and Farris Oden, Pampa.

Scouts Get 1950 Charter

The Pampa Girl Scout Council yesterday received its 1949-50 charter from the national headquarters at New York City, Mrs. K. E. Thornton, executive, said yesterday. The charter authorizes the Pampa council to function as an official unit for the next year. This year's charter is the first granted to the Pampa council under a new plan whereby charters are issued in recognition of yearly achievement. Volume of membership, volunteer leaders, number of troops and quality of the program provided comprise the basis on which charters are granted. In a letter accompanying the charter, Mrs. C. Vaughan Ferguson, Girl Scout national president, congratulated the Pampa council for its work. Mrs. Ferguson said Girl Scouting is a nation-wide and world-wide youth movement with great potential power for strengthening democracy.

Love Life's All Fussed

NEW YORK — (AP)—The girl was dark-haired and young and pert as a pony. There was a waggle to her body as she stepped into the street and hailed a cab. "Oh, oh! A good looker for a change," said the driver. He halted and opened the door for her. Then he thought, "Oh, hell, why spoil 'em when they're young? Give 'em some attention now, and when they're old and grey they'll still think they deserve it." So the young girl opened the door herself, perched on the back seat, and said: "Welfare Island Ferry." The cab paused at a red light, and the driver asked: "Whatcha goin' all the way to Welfare Island on such a hot day for?" "To see my daughter. She's got a bum heart—really bum. Imagine that! And she's only four years old." "Tch, tch," clicked the driver. She tossed her mane of midnight hair back from her damp forehead. She lit a cigaret and said moodily, "Oh, hell!" "Wattas matter now?" "Oh, my love life's all fussed." "How, little chicken?" "Oh, I've divorced my husband—he's a piano player. And I've been going with a detective. But he's such a perfectionist. I also got a dance instructor boy friend. He's more fun, but I can't depend on him. "And then there's my bus driver boy friend, he's really the sweetest," the girl went on. "And there's the embalmer—he makes more money than any of 'em. Calls me up seventeen times a day." "Marry the embalmer," said the taxi driver. "Follow the dough, kid." "But he gives me the creeps," she shuddered. "He is so proud of his work he wants me to come down and watch him. Afterward I can't touch his hands or bear to let him kiss me." As the driver halted near the ferry terminal, he said: "Honey, I've got it all figured out. Your detective is going to shoot you to death some evening while cleaning his gun. Your embalmer will fix you up pretty. Your dance instructor will dance at the funeral and your first husband will take everybody out to the cemetery for nothing. "And, sister, the whole darn thing won't cost you a nickel. What have you got to worry about?" The girl paid her fare and laughed uneasily. "I know you're only joking," she said, "but you're the second person who has told me the detective will end up by shooting me." The cab driver watched as she walked away. There was a defiant waggle to her body. "If I wasn't married and had three kids—" he said. When grass scale first appeared in this area about seven years ago it seemed to confine its attacks to only about five types of grass. Now 33 types of grass are affected, and the infestation has been found as far north as Comal County to the northwest and Harris County to the northeast, Diaz said.

Cotton Growers To Meet in Dallas

DALLAS — (AP)—E. D. Waite, head of the cotton division of the Economic Cooperation Administration, Washington, will be a speaker at the 10th annual Cotton Research Congress which will be held here July 27-29. Another speaker will be Read Dunn, director of foreign trade for the National Cotton Council, Memphis, Tenn. Burris C. Jackson, chairman of the Statewide Cotton Committee of Texas, said. About 5,000 persons are expected to attend the congress, Jackson stated. The opening session will be devoted to a machinery show in Fair Park here. "With the type of farm program developed by the government the biggest concern in cotton today, nationwide interest is being manifested in the 1949 cotton congress," Jackson said. "Coming soon after the first Department of Agriculture estimate on 1949 acreage, this meeting will afford the industry its first chance to analyze the supply and demand outlook for the current season."

Hawaiian Insects Aid Scale Fight

KINGSVILLE, Tex. —(AP)—Tiny insects have been brought from Hawaii to combat grass scale which invaded South Texas pastures in 1947 and since has become increasingly destructive to all types of grasses. The insects, not much larger than a gnat but shaped like a wasp, are known to entomologists by the four-bit name of Anagrus Antinae. The big King Ranch here financed importation of the first colony of the insects after it was learned they had been a controlling factor in Hawaii's fight against a scale that damaged sugar cane there. The colony was placed in the charge of P. T. Rihard of the Texas A&M College Experimental Station at Weslaco. It may become the foundation swarm for Texas' scale fight in the future. Nick Diaz, in charge of King Ranch pasture grass program, and Rihard expressed hope that the imported scale destroyers would find South Texas grass scale to their liking. The scale, which looks like a tiny legless tick, is Antonino Grominea. According to Diaz, this scale literally sucks the life out of a clump of grass once it attacks. It stays underground in the winter and begins its destruction once the weather is warm. Diaz said.

VFW Members Return From Meet

Seven members of the local VFW and VFW Auxiliary returned Thursday from the state Veterans of Foreign Wars convention at El Paso. They were Tom Kitchens, J. D. Hethcock, M. E. Mahan and T. J. Yeary, VFW; and Mmes. Harry Hoyer, Sr., B. S. Via and V. E. Wagner, auxiliary. Martin Dies, former congressman, and Olin Cuberson, railroad commissioner, were the principal speakers at the men's meetings and Mrs. M. Francis Anderson, past national auxiliary president, was the main speaker at the auxiliary meetings. It was decided that next year's state convention will be held at Houston. This year's national convention, beginning Aug. 21, will be held at Miami, Fla.

Thornton's Horse Parades Riderless
AMARILLO — (AP)—Waddy Week, and a n n u s i Panhandle celebration, opened here Friday, and a riderless horse was in the parade. It was W. A. (Tex) Thornton's roan horse. His boots were over the empty saddle. Thornton, famed oil field fire fighter, was murdered here last Thursday. He was chairman of the Rodeo Committee of Waddy Week and a member of the Range Riders, an organization of business men in this area. The Waddy Week celebration will continue through Monday.

Palaver de Pampa

WE'RE OVER the "hump" now and we start on the down-hill run ... yes, Thursday marked the middle mark, and 1949 now begins really to wane ... time is like age: it slips up on you ... and it's always too late to do anything about it.

I READ somewhere the other day that it is not the lawbooks that give us democracy or dictatorship, bills of rights or secret police—it is the way we bend our twigs ... and the child is the heart of the matter.

HAUL OUT the flags, ye tribunes of the republic! Tomorrow is the day when we celebrate our country's freedom ... but everyday is the day for us to live like free men!

BY THE WAY, the membership of the Country Club Monday morning will start the Fourth with a dance at the club, then there will be luncheon, then games and swimming; and in the evening there will be a display of fireworks ... I suppose most of the businesses will be closed for tomorrow.

CHICK and Joyce Hickman and son Billy, and Harve and Sybil Longren are taking in the sights of the Red River over the Fourth ... the Guy LeMonda and Park Brumleys are pointing their cars toward Old Mexico for two weeks ... Lucile Douglass is off for Albuquerque and points west ... Nadine and Bert Arney will "rough it" in a cabin in the mountains of Colorado during the holidays ... Jean Bolts and Norma Jean Killian are leaving for a dude ranch in Wyoming ... Dr. C. E. High left for Fort Worth where he will join his wife and son for a trip to Mexico City ... One group that's going to have an exciting and cool Fourth are the Cecil Myatts who are going to Turner Falls over the holiday ... guests numbering to 25 are expected to be present ... among those who will be at the cabin as guests of the Myatts are Grover Crocker, Beverly Candler, Alberta Williams, Frank Spearman, and, of course, Mary Myatt ... by the way, the editor reports that Tex DeWeese and Orval, with their baby, will be here this weekend ... "Little Texie" will not be here ... Tex, now on WLW, Cincinnati, is former managing editor of The News ... they have a lot of friends here.

MY GOOD HUMOR ceased when I saw four young blades cruising down Cuyler in a grey Cadillac convertible, amusing themselves by lighting firecrackers inside the car and throwing them out on the streets ... Some people.

RETURNING from hyar and thar: the Huelyn Laycocks and Herman Whatleys just returned from attending the Kiwanis convention, held in the "land of pulchritude," Atlantic City ... the W. A. Thorntons spent a week in the Arizona mountains ... Mr. and Mrs. A. L. Sharps and son have just returned from visiting in Tennessee ... I'm late with this one: just found out that the good-looking straw Roy Parker was wearing after making that sensational run several games ago at Otter Park, belonged to none other than our enthusiastic fan, Harvey Nestel ... it seems Harvey said if Roy made a home-run, the hat would be sailed out in the field ... it was a homer, and a friend of Harvey's hat and sent it out ... speaking of Otter Park, understood something new is being added: Sgt. D. A. Brown is putting on the finishing touches to a barbecue stand there ... the Joe Mitchells have bought the Pitts home at 1116 Charles ... everybody's happy but the baby, who doesn't recognize the new home ... Jack and Louise McCrery have returned from a visit with relatives in Philadelphia to start making preparations for a three-month stay at Liverpool, England, for Cabot ... Brenda and David Parker had the thrill of a lifetime when they flew to visit their grandparents in Lubbock during the past week ... they returned Thursday.

PANORAMA—Rotary Club installation Tuesday night. I hear, was quite a nice affair ... genial Fred Neslage was the spice of the party with taking and dishing out an ample supply of ribbing ... among those we don't see often except in their businesses were Mr. and Mrs. J. W. Miller ... Joe is the friendly man that runs Miller Pharmacy ... then Mr. and Mrs. Wayland Merriman were there ... Betty (Mrs. Merriman) is a newcomer to Pampa, and nice too ... and Mrs. Gribbon brought their daughter Mary Margaret and her husband, who are here from the East visiting ... noticed Clotilde Thompson appeared with the new short hair bob, and most becoming ... (I guess it's new, or maybe I just haven't seen her deal of lately) ... Missy Ledrick seemed to receive a good deal of attention ... I guess, 'cause I understand for his birthday on the following Thursday, he received a present which turned out to be a joke ... the Jay Thompsons, Murray Bodys and John Kellers were also out to the party ... it had to be informal, at least when it came time to eat, because on the menu were fried chicken and corn on the cob.

I don't like to argue;
I don't like to fight;
I just like to hear you
Admit that I am right.
Right.

PEG O' PAMPA

Miss Kelso Weds Mr. Goodwin in Church Sanctuary

Miss Gladys M. Kelso and Mr. Truman O. Goodwin exchanged nuptial vows Friday evening, June 24, at 9 o'clock in the sanctuary of the First Christian Church.

The Rev. H. H. Tyler, Jr., officiated in the single ring ceremony.

Attending the bride as matron of honor was Mrs. Alice Adams. She wore a pale yellow dress, matching accessories, and white carnation corsage.

The bride was attired in a light blue dress, white accessories, and a combination gardenia and carnation corsage.

Mr. Jim Davis served as best man.

Also attending the wedding were Mr. and Mrs. R. E. Goodwin, parents of the bridegroom. The bride was born in Los Angeles, Calif., and had her nurse's training in Chicago, Ill. For the past three years she has been nursing in Pampa hospitals.

The bridegroom has been resident of Pampa since 1933, having moved here from Kansas. He is now employed at Greggton Parts Shop.

The couple is now at home at 804 E. Foster.

The Social Calendar

7:30 p.m. W.C.S.C. Circle 1, meet with Mrs. Lee Harrab, 505 N. West, Wednesday, Circle II, with Mrs. J. E. Kirkwood, 412 N. Hill, Circle III, with Mrs. Irvin Cole, 1184 Charles, Circle IV, in church parlor with Mrs. E. L. Emerson and Mrs. Henry Josselyn, clubhouse, Circle V, with Mrs. W. L. Brown, C. C. Service, production plant west of city.

8:00 p.m. Service-Kites meeting at the C.W. Club Rooms.

9:00 a.m. The Pythian Sisters will have a bake sale at the Boston Superette Market.

Mr. and Mrs. Gene Barber

Kennedy-Barber Vows Read in First Christian Church

Miss Erma Lee Kennedy, daughter of Mrs. Clara Kennedy of 219 E. Atchison, and Mr. Gene Barber, son of Mr. and Mrs. L. A. Barber, 901 E. Francis, were united in holy matrimony Friday evening, June 24, at seven, in the First Christian Church.

The double ring ceremony was performed by C. D. Parker, pastor, and brother-in-law of the bride, of Enid, Okla.

Misses Donna Faye and Clara Mae Washington, dressed in yellow gowns, were candle lighters. The junior ushers were Lee Ledrick and Pete Stevens.

Proceeding the ceremony, Miss Joan Sawyer played nuptial selections. Mr. Dick Randall, baritone, sang "Always" and "I Love You Truly," accompanied by Miss Sawyer.

Mrs. C. D. Parker of Enid served her sister as matron of honor. She was dressed in a pale blue gown, matching headpiece, and carried a colonial nosegay. Misses Gloria Kennedy, niece of the bride, and Jeanine Conyers were bridesmaids. They were attired in identical apple green gowns, copied after the matron of honor's, with the matching head-dresses and bouquets.

Misses Mary Kennedy and Ann Kennedy, as flower girls, nieces of the bride, wore yellow gowns fashioned after the older attendants. They carried baskets of rose petals. The bride, given in marriage by her brother, R. H. Kennedy, wore a white slipper satin gown, trimmed in wide lace. The neckline and waistline featured the white net fell to the waistline. Her bridal bouquet was of white gardenias.

The couple and immediate attendants ascended to the chancel where the marriage vows were exchanged. Attending the bridegroom as best man was his brother, Mr. Jerry Barber. Senior ushers were Mr. James Hart and Mr. Hansel Kennedy, nephew of the bride. Mrs. Kennedy chose a gray dress, with gray accessories and a pink gardenia corsage. The bridegroom's mother chose a gray and pink dress, with gray accessories and a pink gardenia corsage. Immediately following the ceremony, a reception was held in the bridegroom's home. The bride and groom and parents of the couple were in the receiving line. Baskets of gladioli decorated the receiving room. The bride cake was served on a mirror with flowers and fern outlining the edges. Tapers with pink maline bows were at each end. Pink punch, with white flowers frozen in ice, was served. Out of town guests included Mr. and Mrs. C. D. Parker, of Enid; Mr. and Mrs. Evert Kennedy of Dallas; Mr. and Mrs. Dale Atherton, Fort Madison, Iowa; Mr. and Mrs. B. R. Gardner, Amarillo; Mrs. Bob Curl, Miami; Mr. and Mrs. F. S. Parker, Miami; and Mr. Frank Parker of Miami.

Circle One Will Meet With Mrs. L. Harrab

Circle 1 of the W.C.S.C. of the First Methodist Church will meet with Mrs. Lee Harrab, 505 N. West, Wednesday afternoon at 7:30.

Mrs. Louis Grover Sills

Couple Wed in Quanah Ceremony; To Make Residence Here in Pampa

Miss Martha Janice Caskey, daughter of Mr. and Mrs. William Hermon Caskey of Quanah, and Mr. Louis Grover Sills of Pampa, son of Mr. and Mrs. Oscar Sills of Chillicothe, were united in marriage in Quanah, June 18, at the First Baptist Church. The Rev. M. J. Lee performed the double-ring ceremony.

An arch covered with fern and Eather Red daisies flanked by cathedral tapers in branched candelabra and baskets of white gladioli formed the altar setting. Masses of palms were in the background. Candles, decorated with lemon leaves and white satin bows, marked the aisle pews and three candles in bases of lemon leaves were placed in each window. The bride, given in marriage by her father, was attired in a gown of chantilly lace over slipper satin. The elongated bodice was fastened in the front with tiny lace-covered buttons. Seed pearl leaves edged the Peter Pan collar, the cap sleeves, and the petal points of the lace gauntlets. The skirt, shirred to the bodice, fell over boiling, water.

B and PW Installs Officers At Garden Party Tuesday

The Business and Professional Women's Club and guests were entertained Tuesday evening at a garden party in the home of Mrs. E. E. McNitt, 1340 Christie. The initial issue of the B and PW "Scribbles" was distributed as guests entered the garden gate and registered. Japanese lanterns lighted the garden. Mrs. Marguerite Benson, director of the ninth district from Borger, was introduced. Following the reading of the Club Collect by out-going president, Miss Inez French, Mrs. Benson officiated in the installation of new officers.

Farewell Coffee Held Recently For Mrs. Presnell

A farewell coffee honoring Mrs. Max Presnell was given in the home of Mrs. Charles Madara Thursday morning. Mr. and Mrs. Presnell are moving in the near future. Arrangements of garden flowers decorated the entertaining rooms. A centerpiece of roses and daisies was used on the serving table over which Mrs. Lewis Epps presided. Attending guests presented Mrs. Presnell a gift.

Those present were: Mmes. E. Elbert Shultz, Morris Enloe, Oliver Alliston, J. G. Beard, W. E. Noblitt, J. W. Alexander, Epps, Bunny Shultz, the honoree and the hostess.

Group pictures were taken and a past-president's pin was presented to Miss French. Refreshments of ice-cream and cake were served to forty-nine members and guests.

Mrs. Willie Carruth of 510 N. Somerville is announcing the engagement and approaching marriage of her daughter, Thomazine, to Owen D. Handley, son of Mr. and Mrs. Roy Handley of Lockney. They will be married July 23 at 4 p. m. in the First Christian Church.

Piano Symphony To Meet Tuesday For Rehearsals

The Piano Symphony will rehearse Tuesday evening this week at the Tarpley Music store from 7 to 9 o'clock.

The first group will meet at even. This includes: Mrs. Betty Brock, Mrs. Burton Reynolds, Mrs. W. H. Mathews, Miss Betty Jane Boynton, Miss Mary Beth Wright, Miss Charlotte Allston, Miss Mary Jo Coffman, Miss Joyce Harrab, Miss Angela Duncan, Miss Carol Culbertson, Mr. Jack Andrews, Miss Bonnie Nell McEee, Miss Phoebe Osborne, Mr. Wesley Byars, Miss Kay Wilson, Mr. Dan Stallings, Mrs. John Gill, Miss Ruth Fuller, Miss Joyce Elliott, and Miss Joan Lunsford.

At eight, Mrs. J. F. Curtis, Mrs. Art Teed, Mrs. W. L. Rowntree, Mrs. H. A. Yoder, Mrs. C. Whitley, Mrs. Iel Smith, Mrs. Cameron Marsh, Mrs. H. Baer, Mrs. L. D. Fagan, Mrs. Albert Labensky, Mrs. Irvin Cole, Miss Juanita Haynes, Mrs. O. J. Payne, Mr. Bill Haley, Miss Rebecca Breining, Miss Mary Beth Hammond, Miss Angela Duncan, Miss Carol Culbertson, Miss Bonnie Nell McEee, Miss Phoebe Osborne, Mr. Wesley Byars, Miss Kay Wilson and Mr. Dan Stallings will meet.

Other members who are in town are asked to call Mrs. May Foreman Carr for appointment.

WATCH TEMPERATURE
Cheese will be hard and tough if it is cooked too long or at too high a temperature. When a dish containing cheese is baked in the oven it's a good idea to keep the temperature moderate. When a cheese combination is cooked on top of the range it should be put in a heavy saucepan and the heat kept very low, or put in a double boiler over hot, not boiling, water.

Mrs. Vardeman Smith, Jr.

Miss Hodges, Mr. Smith Are Wed in Eldorado, Arkansas

Miss Norma Dell Hodges, daughter of Mr. and Mrs. Roy E. Hodges of Eldorado, Ark., became the bride of Vardeman Smith, Jr., son of Mr. and Mrs. Vardeman Smith, Sr., of Pampa, June 25 at seven p. m.

The double ring ceremony was held in the home of the bride's parents with Dr. David Shepperson officiating. Mrs. David Shepperson played the bridal chorus from Wagner's "Lohengrin" for the processional and recessional. "Evening Star" was softly played during the exchange of vows.

The service was read before the fireplace, which was flanked by tall baskets of white gladioli and woodwardia fern. On the mantel burned white tapers in crystal candelabra.

The bride was attired in a powder blue gabardine suit, shell pink blouse, and matching accessories. Her orchid corsage was encircled with pink sweetheart roses.

The bride's mother wore a dress of grey crepe, matching accessories and a white gardenia corsage.

The bridegroom's mother chose a beige suit of shantung, with white gardenia corsage. Following the ceremony, a reception was held in the home. The bride's table was spread with a medera cut-work cloth, and centered with white carnation arrangements. White tapers flanked the centerpiece.

Mrs. Victor C. Smith, aunt of the bridegroom, presided at the cake service, and the punch was poured by Miss Barbara Burns. Others assisting in the reception were Misses Tommie Jean Hodges, LaNell Brillhart, and Janice Siddens.

Immediately following the reception, the couple went on a honeymoon to the Ozark Mountains. They plan to tour Colorado at a later date.

After September 1, the couple will reside in Norman, Okla., where Mr. Smith will resume his studies in Petroleum Engineering at the University of Oklahoma.

The bride is a graduate of Eldorado schools, and attended Louisiana Polytechnic institute at Ruston, La., for two years. She is a member of the D.E.S. Sorority. Mr. Smith graduated from Pampa High School and attended Texas Tech at Lubbock, and Louisiana Tech. He served eighteen months with the paratroopers in Japan.

Those attending were: Mmes. Frank Culbertson, George Scott, G. F. Branson, H. R. Thompson, W. R. Campbell, Fred Neslage, James Massa, Paul Kasishke, George Vineyard, and the hostess.

Mrs. Kenneth Grantham

Patsy Freeman, Kenneth Grantham Wed in Dallas in Garden Ceremony

In a garden setting in Dallas, Miss Patsy Freeman, daughter of Mr. and Mrs. E. T. Freeman of 3917 Hanover, Dallas, became the bride of Mr. Kenneth T. Grantham, son of Mr. and Mrs. T. C. Grantham of Pampa.

The wedding was in the garden of the bride's home last night at 8 o'clock. The Rev. Lance Webb, pastor of the University Methodist Church, officiated. Dr. Fred Gealy was at the organ and Mr. John Bumpstead sang several nuptial selections.

An improvised altar formed the setting for the wedding. It was set under a Mimosa tree which was entwined with white satin and maline and had a profusion of gardenias in the background. Hurricane lamps tied with white satin formed an aisle for the bridal party. The white satin was looped from candelabra to candelabra.

The bride, given in marriage by her father, was attired in a white magnolia dress with an off-the-shoulder effect, long sleeves, and a high collar. Long gardenias in the background. Hurricane lamps tied with white

When Sun Turns On Heat, Reach for That Sunburn Preventive at Once

★ WE, THE WOMEN

BY SUZIE MILLETT
NEA Staff Writer

What every woman should know about sunburn:

Never trust a woman who tells you something someone else has told her in confidence, even though she makes the flattering statement that she wouldn't tell anyone else in the world, but she knows she can trust you.

A perfectionist housekeeper and a happy-go-lucky one seldom become real friends, for in each one there's a certain amount of disapproval of the other.

A happily married woman rarely causes her women friends any trouble.

Only a woman who is inclined to cattiness herself looks beneath another woman's remarks for a hidden meaning or dirty dig.

THEY DON'T FORGET

In a little while you may forget the quarrel you had with your husband, but the woman you told about it won't forget it in 20 years.

Any woman who refuses to tell her age runs the risk of having her women friends think she is older than she is and wonder if she isn't older than her husband.

If you want to keep your good opinion of women, avoid them in large groups, however noble the avowed aims of the group.

Some women will tell you their troubles for no other reason than to get you to admit that all isn't perfect in your own set-up.

Freeman

sleeves which terminated in pointed and bouffant skirts with ruffles extending from the waistline in the back to a chapel length train. Her veil was of imported illusion. The three tiers fell from a tiara of rose point lace complimented by Lilies of the valley. She carried a bouquet which was a combination of the lilies and white orchids.

Attending the bride as matron of honor was her twin sister, Mrs. Vance L. Hall of Amarillo. She was attired in a white eyelet embroidered organza dress with yellow tulle. Miss Mary Ann Pula, maid of honor, and Mrs. Louis Burres, Miss Tita Merriell, and Miss Sue Eggers, bridesmaids, wore identical costumes. They all carried bouquets of yellow rose buds.

Mr. Frank McDonald of Dallas served as best man and groomsmen were Mr. Carl Wallace, Mr. Billy Weatherford, and Mr. Louis Burres.

Ushers were Messrs. Edwin Freeman, Ben Babson, Don Miller, and Wayne Burnett.

Immediately following the ceremony, a reception was held on the terrace of the garden. The bride's table was laid with flowered white organza, centered with four-tiered wedding cake. The cake was flanked by bouquets and had garlands of gardenias extending from it.

Assisting in the serving were Mrs. W. C. Gouean, at the cake service, Mrs. E. F. Pula at the punch bowl, and Mrs. Edwin Turner presided at the guest book.

The couple went to Colorado on their wedding trip.

For going away, the bride chose a fashion rose suit, rose pumps, a white straw hat, matching bag and gloves, and a white orchid corsage.

They will be at home in Dallas. Mrs. Grantham graduated from Highland Park High School and attended Southern Methodist University where she was a member of the Delta Gamma and Delta Psi Kappa.

Mr. Grantham is a Pampa High graduate and received a degree

When the sun turns on its heat, you reach instinctively for your sunburn preventive. Previous painful sessions with cooked skins are sufficient reminders to most people to take it easy when taking the first sun baths of the season and to take the extra precaution of protecting the skin while it is being conditioned to the sun.

Although it is a common American habit to anoint exposed skin with protective oils, creams or lotions, there may still be some facets to be learned about using these chemical sunscreens in order to obtain the maximum protection.

Did you know, for example, that many an adult's freckles or skin blotches can be directly traced to a long-forgotten childhood burn? This fact is marched out to warn mothers of the need to be particularly careful about anointing their children's skin with some dependable preparation before taking the little tykes out for fun in the sun.

The vigilant Mom will not toss aside the bottle of sunburn preventive after her child's skin takes on a protective tan. The tan is only a protection against further reddening and burning. It is not a protection against the more damaging and more lasting effects of excessive exposure.

Did you know, to cite another fact not commonly known, that profuse perspiration tends to make an anti-sunburn preparation much less effective? Moisture exuded by the skin not only may dilute the preparation, but the lotion may be mopped off with the perspiration. The sun-lover who gallops around during hot weather may need to renew the application of her oil, cream or lotion as often as she mops her perspiring skin.

Are you a swimmer who settles down in the sand after a plunge, believing that your pre-swim coating of oil, cream or lotion will still keep you safe? It's better to be a pessimist on that score, and renew the application after your plunge. If your coating of anti-burn hasn't been washed off by the water, it may have been removed by your towel when you rubbed your skin dry.

Lefors

LEFORS—(Special)—Mr. and Mrs. Emory Johnson and girls of Fairbanks, La., recently visited Mr. and Mrs. Dan Johnson and Mr. and Mrs. Frank Wall. Mrs. Johnson and Mrs. Wall are sisters.

Mr. and Mrs. Wayne Koscheki and son, Nelson, visited the Harold Combs in Levelland last week.

Mrs. W. R. Combs accompanied her daughter, Mrs. Woodie Rossier and girls, home to Houston Thursday and plans to visit about a week.

Miss Martha Jean Boyd of Fairbanks, La., is visiting her brother, Ray, and family at the Collette Gasoline Camp.

Mrs. D. D. Lewis is a patient in the Wheeler Hospital where she underwent a surgery last Thursday. She is reported doing nicely.

Mr. and Mrs. I. F. Peterson are leaving Monday for a few weeks' visit in Oklahoma.

Mr. and Mrs. L. B. Penick, teachers in the public school, have moved to Tulsa to teach there.

Mrs. Herman C. Little who fell two weeks ago in Borger and broke her foot is now up and around on crutches.

from Southern Methodist this year. He was a member of the SMU varsity football squad and Lambda Chi Fraternity.

(Out-of-town guests included Mr. and Mrs. Hall and son of Amarillo, and Mr. Marlin W. Drake, Jr. of Shreveport, La.

Pram Row Sports Tiny Handbags...

Tiny fashion pieces will swing doll-sized handbags this summer. The small traveler (left) fumbles for her fare in a round straw "hat" bag. A spectator sport plastic satchel is the choice of fence-leaner (center). Navy and white leather bag with out-sized rivets (above) was inspired by a pall.

By EPSIE KINARD
NEA Fashion Editor

NEW YORK (NEA)—Nickels, dimes and lollipops will travel this summer in cool little handbags of straw and plastic instead of perspiring little palms.

That's the designing idea behind a collection of snappy little handbags for snappy little fry.

So hard to resist are such charmers as doll-sized satchels of plastic, straw and fabric pouches, leather "palls" and "straw hats"

Do's and Don'ts for Summer Comfort

For a comfortable house in summer, don't help the sun heat up the interior. A heat-filled home is difficult to cool when evening comes, and hot sleepless nights result. There are ways to beat the heat. Here are four easy, effective do's and don'ts:

DON'T cook on open burners any more than necessary. Top-of-stove cooking is like turning on a steam radiator. Plan cold or even-cooked meals instead.

DON'T iron during the hot part of the day. Do this hot work early in the cool morning hours. An iron gives out almost as much heat as some portable electric heaters. (Upper left.)

DO keep out sun heat which concentrates on the roof. Make the house as much as 15 degrees cooler on hottest days by insulating the space between rafters with full-thick batts of mineral wool as shown here. Additional heat is kept from penetrating exterior walls by blowing hollow wall spaces full of loose, ventilated mineral wool. (Lower left.)

DO replace big electric light bulbs with bulbs of lower intensity. Lamps take up heat generation where the sun leaves off. The higher the wattage the greater the heat. (Lower right.)

Couple

(Continued From Page 9)

hoops and extended into a wide formal train. The bride's two-tiered finger tip veil of imported bridal illusion was caught to a Watteau brim of shirred tulle with sprays of French orange blossoms. Her original bouquet featured white orchids framed with stephanotis and caught with white satin ribbon to the base of a white fan bordered with rhinestones. For "something borrowed and old" the bride wore a new maternal great-grandmother's wedding ring and pearls worn by both her mother and maternal grandmother. Completing the bridal tradition, she added a touch of blue to her costume.

Mrs. Robert Siddens of Cedar Falls, Iowa, participated in the wedding as matron of honor while Miss Celeste McAdams, cousin of the bride, served as maid of honor. Other bridal attendants were: Mrs. James Conley and Mrs. Earl Baldon, Lubbock, bridesmaids; Misses Almarie Wall of Plainview, Marion Norton of Bryan, Rebecca Louise Simmons of Dallas, and Miss Dorothea Forsyth, bridesmaids; and Miss Celeste Simmons of Dallas, cousin of the bride, and Miss Michael Jane Stephenson, junior bridesmaid.

Attending the groom as best man was his cousin, Lt. Charles Sims, Jr., of Pensacola, Florida. Ushers and groomsmen were Charles M. Pitt and John B. Burston of Pampa, Donald M. Burris of Fort Worth, Robert Fowler of Memphis, Horace Sims of Odessa, James Hardison of Childress and John Hermon Caskey.

The bride is a graduate of Quannah High School and attended Texas State College for Women, Denton, and Oklahoma University, Norman.

Mr. Sims is a graduate of Chillicothe High School. He attended John Tarleton College, the University of Texas, Austin, and has a degree from Texas A. and M. During the war he served with the Air Force and was stationed

Mobeetie

MOBEETIE—(Special)—Mr. and Mrs. H. L. Flanagan and Mr. and Mrs. L. D. McCauley spent the weekend at Eagle Nest, N.M.

Mr. and Mrs. R. St. John took their daughter, Edith, to Clinton, Okla., Sunday afternoon to meet a party going to Omaha, Neb., where she will visit her sister, Mrs. R. K. Hogan.

N. E. and Earl Willard of Wellington and Capt. A. L. Willard, who will leave soon for duty in Greece, were guests of the V. E. Willards Sunday. Also present were Neva Joy Willard and Herman Judd of Wellington.

Mr. and Mrs. N. Dyaart and children of Amarillo visited the C. A. Dyaart and W. Godwin the past weekend.

The Rev. V. E. Willard left Monday for Dallas where he will attend a 12-day pastor's school.

Mrs. A. L. Leonard is visiting in Oklahoma City.

Linda Sue Wallace of Albuquerque, N.M., and Barbara Goodnight of Pampa are visiting their grandparents, Mr. and Mrs. L. T. Goodnight, Sr.

The condition of Mrs. J. T. Wallace, who has been a patient in the Wheeler Hospital, is much improved.

J. N. Brister, Mrs. J. M. McMillan, and Mrs. Ollie Stockton and children of San Angelo were recent visitors in the O. E. Sims home.

J. K. Ribble is convalescing at his home after being a patient in the Worley Hospital in Pampa.

Mr. and Mrs. J. S. Johnson and children left Saturday for Dumas where they will work in the wheat harvest and plan to follow the harvest northward.

Mr. and Mrs. F. G. Godwin are the parents of a daughter, Linda Kay, born June 24 at the Worley Hospital in Pampa.

Mr. and Mrs. Sid Talley of Miami visited her parents, Mr. and Mrs. Jeff Brewer, Sunday. Maurea Godwin spent the weekend in England. He is now associated with the Standard Oil Co. here where they will make their home.

Choose Sports To Suit Ages

There's something about the combination of summer, sun and sand that makes even oldsters feel like savoring, indulging in strenuous calisthenics, slugging a comeback on the tennis court or having a hearty go at the lawn mower.

This renewed athletic activity sounds like a good health-making idea, but unfortunately sudden, strenuous exercise is potentially dangerous to women who have been out of condition too long.

Year-round, day-in, day-out exercise of one kind or another is excellent for everyone; young, old or middle-age. And women who have kept up this kind of exercise all of their lives can go right ahead with summer athletics, regardless of age. But for most women it's only human to let active sports lose out to spectator sports as family responsibilities get heavier and the body becomes less flexible.

If you're planning to turn over a new leaf this summer—turn it over slowly. At the start it's a wise idea to limit your summer activity to about the same amount as you take during the winter.

You can work up gradually to more muscular activity, but choose your exercises carefully. Swimming and walking are fine for practically everyone. Shuttlecock and bowling are possibilities.

When it comes to extra-strenuous tennis, badminton, or handball, better leave it to the "young things," unless of course you've been just short of champion at those sports all along.

California Top In Highway Cost

WASHINGTON—(AP)—More than one-tenth of the cost of the proposed \$11,268,371,818 express highway system would be in California, a detailed report of the Public Roads Administration showed.

The greatest mileage of construction—3,764 miles—would be in Texas. But because of lower construction and land-acquisition costs there, that state would rank seventh in the overall expenditures.

President Truman recommended the agency's \$7,000-mile program, called "highway needs of the national defense," to Congress Thursday. It calls for a seven-fold increase in the current construction rate and completion of the system within 20 years.

A state-by-state summary of the system, first of its kind to be compiled listing rural and urban mileage and costs, includes:

New Mexico—Rural 989.7 miles, \$83,207,000; urban, 22.8 miles, \$3,853,700.

Oklahoma—Rural 734.4 miles, \$126,767,500; urban, 45.7 miles, \$29,650,000.

Texas—Rural 2,873 miles, \$286,663,400; urban, 191.3 miles, \$149,104,800.

He's Starting Out in Business in Typical American Style

YOUR own newspaperboy is an excellent modern example of the Spirit of 1776 out of which grew the American system of individual initiative and free enterprise, that have done so much to make our nation great and strong.

Although still in his teens, he has started out in business for himself, eager to earn his own money, pay his own way, and learn the American way of doing business. Already he is pointed out as a popular, alert young business man who definitely is on his way up in the world.

A newspaper route is the ideal answer to a boy's natural desire to begin carving out his own career in true American style while attending school. It brings him steady and substantial profits from pleasant spare-time work. It gives him actual business experience to supplement his classroom lessons. It encourages him to develop habits of punctuality, dependability, self-reliance and thrift. It does more than almost any other youthful experience to give him a head start on the road to business success and good citizenship!

Why not see that YOUR teen-age son enjoys the many special benefits and opportunities which come from having a newspaper route?

Your Carrier Boy is One of Uncle Sam's Favorite Sons

Oil & Gas News

Gas Standard Set as Jester Signs Bill

AUSTIN (Special)—With the signing by Governor Beauford H. Jester Thursday of House Bill 129, a long and sometimes bitter struggle to provide Texas with a standard for the measurement of natural gas was successfully concluded.

"I am convinced that Texas takes a step forward with the passage of this Standard Gas Measurement Law," said Governor Jester in signing the bill. "We have reason to hope."

The bill, sponsored by Representative William S. Fly of Victoria, in the House and Senator Warren Lane of Center in the Senate, passed the House by a vote of 68 to 29 on April 22 and the Senate on June 24 by a vote of 29 to 0. A similar bill in the 50th Legislature passed the Senate but was never voted out by the House.

The most bitter opposition to this bill came in the Senate, where it failed three times to get the necessary two-thirds approval to be brought up out of regular order. Unanimous Senate support came after amendments were adopted.

"This bill is as just and fair," said Senator Lane and Representative Fly in a joint statement Thursday, "that sooner or later it had to become the law of our state. It is particularly in the interest of the thousands of small royalty owners, many of whom are not aware of the numerous ways in which purchasers heretofore could manipulate measurement practices to conceal the true volume of gas received. It was clearly the duty of this state to provide this protection as well as to assure itself of its proper tax revenue from this source."

"Much of the credit for this progressive step, however, belongs to the Texas Independent Producers and Royalty Owners Association, whose officers and members have worked so hard for its passage."

U. S. oil companies were under fire last week from the C.I.O. Maritime Commission who accused them of holding gasoline prices high even though the companies' prices had been reduced. Hoyt S. Haddock, executive secretary of the Maritime Commission, maintains that transportation savings alone should enable the oil companies to reduce the prices of gasoline and fuel oil from two to two and a half cents a gallon.

Oil companies insist that their "elasticity of action" such as transferring registration of tankers to other nations, are necessary to meet competition.

Britain and Argentina signed a five-year trade pact last week and as a result major oil companies look for a healthy drop in exported oil. Argentina is one of our most valuable South American markets of oil — which they need badly — and other U.S. commodities.

All arrangements have not been released yet, but this much is known. Argentina has plenty of meat and needs oil. The U. S. has both and needs the markets. The U. S., acting in the middle somewhere, has been cut out and one of the major oil markets has been lost presumably, for at least five years.

FLAMEBORNE TANK MAKES LIKE A SKYROCKET—An asphalt storage tank goes a skyrocketing as it is lifted into the air on a billowing mountain of flame at the Perth Amboy, N. J., plant of the California Refinery Co. Two volunteer firemen were killed in the explosion and flash fire which swept the water-front plant. (AP Wirephoto)

No Vacation for Gasoline; Already Made A Long Trip

By MAX B. SKELTON
HOUSTON (P)—Gasoline has every reason to be traveling weary even before you fill your automobile tank for a vacation trip. Only a few minutes are needed to fill a gas tank but it is quite a distance from an oil well to a conveniently located service station.

The latest edition of "The Humble Way," a bi-monthly publication of Humble Oil & Refining Co., says the average gallon of oil must travel at least 1,000 miles before reaching an automobile tank.

Lynchburg, Va., is used as an example because 40 percent of the nation's petroleum products are consumed in Atlantic Seaboard states.

It takes trucks, barges, tankers and pipe lines to get gasoline to Lynchburg. Crude oil moves from 200 to 600 miles by pipe line from Texas wells to Gulf Coast refineries. For the refined products it is a 1,600-mile trip by tanker to Norfolk. They come 80 miles by barge to Richmond and 115 miles by truck to Lynchburg.

More than twice Humble's estimate of the average well-to-automobile trip. Mileage for Lynchburg gasoline from other producing areas might be lower but since Texas produces approximately 45 percent of the nation's crude oil the nationwide average is affected greatly by the state's operations.

Even in Texas crude oil sometimes is transported several hundred miles to a refinery, with the resulting gasoline being hauled the same distance to be burned in an automobile traveling in the approximate vicinity where the crude was produced.

AP's tax economics bulletin for May-June presents a Public Roads Administration analysis of how state and federal taxes affect automobile owners. Automotive taxes in 1948, the report shows, average \$81 per automobile—59 percent above the \$51 level of 1939. Vehicle registrations in 1948, are placed at an all-time high of over 40,000,000 (M), an increase of 2,250,000 (M) over 1947. Last year's automobile owners are said to have paid \$3,272,000,000 (B) in state-federal taxes, compared to \$2,886,000,000 (B) in 1947 and \$1,586,000,000 (B) in 1949.

A gasoline price survey compiled regularly by The Texas Petroleum Institute and published in the tax bulletin carries the tax picture even closer to the consumer.

Gasoline in May is said to have sold at an average price of 28.81 cents per gallon in 50 representative cities across the nation. This is the highest service station price, including taxes, since 1920 when the 50 city average was 29.83 cents.

Of the average, state and federal taxes account for 6.41 cents, the highest per gallon tax rate since start of the survey in 1919. This leaves the tax-free per gallon service station price at 20.40 cents, highest since 1926. There were two significant oil price developments this week:

1. The small business branch of the Senate Banking and Currency Committee began a Washington investigation of prices on petroleum products.

2. The lower house of the Illinois Legislature defeated a Senate-approved bill designed to boost the state's three-cent gasoline tax to five-cents.

The Texas Company's 50-city gasoline price survey as released by API includes (A-service station price excluding tax, B-gasoline tax, C-service station price, including tax given in cents):

Period	A	B	C
1928	25.41	2.06	27.47
1929	20.97	2.41	23.38
1930	13.31	5.44	18.75
1948	19.54	6.34	25.88
May 1948	19.49	6.32	25.81
May 1949	20.40	6.41	26.81

CRUDE PRODUCTION
Three new state cutbacks became effective Friday and Domestic crude production can be expected to take another tumble in next week's American Petroleum Institute report.

July slashes include: Texas a 125,101 barrels daily, Kansas 30,000 and Oklahoma 20,776. The nation's production for the week ending June 28 showed a daily average of 4,889,400 (M) barrels, an increase of 21,750 from the previous week. It was the first increase in five weeks.

Meanwhile the U. S. Bureau of Mines reports: Imports of foreign crude during the first four months of the year totaled 49,270,000 (M) barrels, an increase of 14,085,000 (M) or 29.5 percent over 1948.

April demand for all petroleum products averaged 5,222,000 (M) barrels daily, a decline of 276,000 from April 1948 and 319,000 below last March.

Domestic demand for lubricating oil the first four months of the year totaled 9,841,000 (M) barrels, a decrease of 2,423,000 (M) barrels or 19.7 percent from the same 1948 period.

Completions in Panhandle Total 17; None for Gray

Completions for the week ending July 2 kept on a par with the total for the week preceding. There were eleven oil and six gas completions reported to the District 10 Railroad Commission last week. The week before saw 16 completions filed, all of which were oil wells. Seventeen oil and four gas completions were reported for the week ending June 18.

Of the 11 oil wells completed last week, ten were drilled in Hutchinson County. Whittier County reported completion of one well. There were no wells reported for Gray County.

Moore County accounted for four gas completions last week and Potter County reported the remaining two.

Hutchinson County
Crescent Oil Co., G. Whitteburg No. 6, 330 feet from N and 2310 feet from E lines of lease Sec. 8 Blk. 102, Pattonville Survey, potential was 108 barrels of 40 gravity oil, top of pay was at 3035 feet and total depth was 3105 feet.

Humble Files Field Hearing

AUSTIN (P)—Humble Oil and Refining Co. filed a direct appeal in Supreme Court today asking a permanent injunction against the Railroad Commission. The oil company wants the Court to stop the commission from ever enforcing a shutdown order for the Tijerina-Canales-Bucher oil field in Jim Wells and Kleberg Counties for alleged illegal drilling of gas wells.

The commission ordered the field shut down last November. A Travis County district court issued a temporary restraining order against the commission but the order was dissolved by the Court of Civil Appeals.

Now the oil company wants the appellate court's judgment reversed. Humble says that the King Ranch gas injection plant, a \$2,000,000 project, was completed March 21, 1949 and handles all gas from the Stratton, Borregas, Seeligson and Tijerina-Canales-Bucher fields.

However, in case of a mechanical failure at the plant the commission is forced to flare some gas, the appeal contends.

Standard Sets New Pay Section With Brown No. 1

DALLAS (P)—Oil pay section in Standard of Texas' Beth Brown No. 1, H. C. Adkinson Survey, new Grayson County wildcat discovery just east of Sherman was stretched today to over 200 feet in thickness on the basis of a new drill stem test. The ninth test to show free oil or oil cut mud, the well tested a new zone from 3,400-17 feet. Testing tool was open one hour and recovery was 600 feet of 30.3 gravity oil and 300 feet of oil cut mud.

Operator prepared to drill ahead following the test and plans to take in the full Strawn section before setting casing for completion test. So far the well has encountered sand showing producing promise at 10 different levels beginning at about 2,900 feet.

Oil Legislation Causes Fuss In Capitol; Eight Bills Pass

By GARTH JONES
AUSTIN (P)—Oil legislation caused lots of fuss among members of the 51st Legislature but only eight bills got final approval during the session.

The number one trouble-raiser was a plan allowing operators within an oil field to make voluntary agreements for cooperative development of the field.

A similar unratified bill fell just short of passage two years ago when a compromise could not be reached in the final days of the 50th session.

This session's bill becomes law 90 days after final adjournment Wednesday. Number two on the whooping, shouting, desk-pounding parade was the Standard Gas Measurement Bill. Backers of the bill said it would stop purchasers of natural gas from juggling measurement practices to conceal the true volume of gas received.

The bill sets up a state-wide measurement of gas — one cubic foot of gas as measured under 14.65 pounds per square inch of pressure at 60 degrees Fahrenheit. With little objection, the Legislature voted to give Attorney General Price Daniel \$100,000 for a legal fight against the federal government taking over Texas tidelands.

A bill calling for occupation taxes on the manufacture of carbon black got quite a kicking around. The Legislature passed a bill levying an occupation tax on all carbon black made from natural gas. Gov. Beauford H. Jester withheld his signature and said the tax should apply to carbon black produced from both oil and gas.

Commission Sets Hearing

AUSTIN (P)—The Railroad Commission today announced the following hearings: July 15 — Application of the Safety Tank Cleaning Co. to construct and operate a treating plant at the Atlantic Pipe Line Co.'s Heart Tank Farm, Refugio County.

July 19 — Application of the Eastland Oil Co. and S. B. Roberts for discovery oil allowable rights and new field designation for their W. L. Chittenden Estate well No. 1, Jones County.

July 19 — Application of the Hogg Oil Co. for exemption from shut-down days, to apply from month to month to its Mike Hogg and others "A" well No. 10, West Columbia (deep) Field, Brazoria County.

July 20 — Application of the Signal Oil and Gas Co., and T. W. and J. M. Loffians Jr. for discovery oil allowable rights and a new field designation to apply to their Daily Unit Well No. 2, Wise County.

July 20 — Discovery allowable, and new field designation, Angus Wynne et al. well No. 1, Kaufman County, R. W. Fair, below last March.

July 21 — Exemption from shut-down days, Bowers Field, Montague County, Shell Oil Co., Inc.

July 21 — Exemption from shut-down days, Lester Field, Jack County, Shell Oil Co., Inc.

Slump Is Holding; Majors Still Shy

The oil production slump over the nation was still manifest in the Panhandle last week, drilling inactivity extended into its sixth week with only 12 intentions to drill filed with the Railroad Commission in District 10. For the week ending June 25 there were 18 intentions filed and for the week ending June 18 there were 18.

Drilling by major companies was almost nonexistent. Only one drill according to Railroad Commission, Skelly Oil Co., intends to mission officials and this is out of Gray County. Shamrock will drill one well this week. Both Shelly and Shamrock wells are in the northwest Panhandle in Sherman County.

There are no wells to be drilled in Gray County this week. Hall County will have one well, Hutchinson County will have eight, Moore will have one and Sherman County will have two.

THE DRILLER'S LOG
By BUD ANDERSON

Some day, the experts predict, the United States will mine its oil. This is shale oil from which research laboratories have been able to extract liquid fuels, an elusive, synthetic, fuel which should keep U. S. motorists driving at only eight cents a gallon.

But, this is yet a "someday" proposition. There is still too much liquid oil in the ground for shale production to be feasible.

Engineers are looking for the day when the U. S. can no longer produce its five and one half million barrels of oil daily and are working ahead developing their shale oil process. On a 30-day mining test more than 100 tons of shale per man per day was brought to the surface and at less than 80 cents a ton.

There is an ample supply of shale. Colorado has "whole mountains" of it, but it is shale that ran out coal can be used with little or no increase in cost of production or extraction. There is supposed to be enough coal to last 2000 years.

U. S. oil companies were under fire last week from the C.I.O. Maritime Commission who accused them of holding gasoline prices high even though the companies' prices had been reduced.

Britain and Argentina signed a five-year trade pact last week and as a result major oil companies look for a healthy drop in exported oil.

The Chinese used a rig more than two thousand years ago that in an astounding replica of our present-day spudder. Barold News Bulletin carries a short feature this week on early methods of drilling that describes the Chinese method of drilling for salt and that used by early colonists. It's interesting and I think, worth a few minutes notice.

Ken Bennett will be leaving Pampa soon. Ken, as you know, edited the oil page for almost two years for The News and was well known by the oil men in this area. He plans to leave a week from today to take over management of the Gladewater radio station KBJ. That's well in the vicinity of the vast East Texas oil fields. Ken has a pretty good background in radio having started in 1937. He was program director at KPDM from 1945-47 and has also put the Tyler radio station in operation. He has been a lot of help to a beginning oil reporter and I certainly hate to see him leave.

The oil industry's gas conservation program took a new lease on life with the announcement that Shell Oil Co. is preparing to build a gasoline plant with gas-handling capacity of 80 million cubic feet of gas daily at Provident City, near Houston. The plant will recover approximately 100,000 gallons of liquid products daily from wet gas from four different fields in the area. The plant is expected to be in full operation by summer 1950.

Gas Allowables For July Set
July gas production schedule for the West Panhandle field was released Friday by the District 10 Railroad Commission. Twenty-one wells were issued allowables for natural gas wells and gas wells producing crude oil.

Total allowable for the West Panhandle has been set at 81,229, 223 MCF. Potential, however, is well under the allowable at 29,044,890 MCF.

Delta Well Sets East Texas Pace

TYLER (P)—A Delta Drilling Company well which passed its Railroad Commission test yesterday is one of the biggest completed in East Texas recently. It's the company's No. 1 Little Lills Hooking in the 8 1/2 x 1 1/2 Tyler Payfield, several miles south of here.

It flowed 800 barrels of 27.1 gravity oil through a 1-4 inch choke from the Paluxy formation through perforations between 7628 and 7658 feet.

Scouting Deep Tests

Graduates Boost Total Of Jobless WASHINGTON (AP)—The June wave of school-age youths seeking jobs boosted unemployment to a seven-year high of 3,778,000.

Reporting that two of the Census Bureau said two out of three of the new job-hunters managed to find work. 80 percent of employed also rose, reaching 59,619,000.

The June total of jobless was the greatest since the 4,000,000 figure in February, 1942.

The statistics looked better than some government experts had anticipated.

Of the 925,000 additional jobs developing in June, 721,000 were on farms and 204,000 elsewhere.

The increase in non-farm jobs was a cheery development. It ended a steady decline that began in December and has been the main point of concern over the labor situation since the decline reflected reduced industrial production and factory worker layoffs.

Farm Prices Show Drop AUSTIN (AP)—The U. S. Department of Agriculture reported that mid-June prices received by Texas farmers averaged the lowest in more than two years.

The USDA also reported that the mid-May to mid-June period showed the sharpest decline in recent months with lower prices for practically all farm commodities contributing to the decline.

The one major exception was hog prices advanced \$2 for the month. Beef cattle were off \$2. Calves dropped \$1.50. Lambs were down 1.00 and sheep were down 20 cents.

Wheat was down 30 cents a bushel from the previous month. Oats were off 21 cents. Grain sorghums declined 18 cents. Cotton dropped one-tenth of a cent. Cottonseed was off 38 cent.

DRIVE CAREFULLY

I didn't sell that Creeds Colo ranch to Ben Lippold—in fact I didn't do nothing while I was up there except build a fire—they're having a late spring up there of account of the rain an snow—I like to of froze to death—Ben said that the river was so high and muddy that mabe they had beer go back up about August and look again, but I dont no—I dont see what the river would have to do with him buying—he caint run no cattle in the river anyway.

Don't anybody have or no where there's a baby bud that want to be in use anymore—i dont have to be too good—the people that need it cant afford to pay very much for one as they already have a house full of kids, and now they've got twins—they're not asking for charity, but they sure ought to have something for these twins to sleep on—if you have one and would sell it cheap enough just call my wife or Mrs. Dick Stuehler, and they will take care of it from there on.

I sure must be getting old—or forgetful—here comes that election for a City commissioner and my name want be on the ballot—it might be a good thing though—id rather be a Sheriff or Congressman.

—had a 2 room house and three fifty ft lots listed with me today—owner wants 1000 for the whole thing—if you want to buy this let me no—I might even talk him down a little as he's an out of town.

—would you like to live on North Somerville—can sell you a big 3 bedroom home out there for about 10,500 and its a dandy—has a big double garage—nice yard with lots of room, and its in A-1 shape.

—if you're going up to Creeds Colo this year on your vacation be sure and stop in at the Creeds Trading Post—Mr. and Mrs. R. D. Turner own and operate this fine business and they'll really treat you swell—there nothing that they wont do for you—and they'll really accomodate with them and they're really going to try—they'll even tell you up late years and they really going to try—they'll even tell you where you can catch fish—speaking of fish, let Ben Lippold talk to me in the mountains to some lakes—the scenery was beautiful, but I didnt get to much of a kick out of catching trout—if I hadnt tied into that big one I probably would of become awfully lored—some of the boys up there seemed to think that I had a landing net, I would have got him, but I never seen a landing net yet that would of held that fish—I thought at the time that he would of weighed around 12 pounds, but since I got home I believe he would be that much.

—Here's a little note to the citizens down at Canadian Texas—somebody buy Oafie Abrahams house—the one with the 100 dollar view—mabe he's not spending enough money advertising it—or mabe he ought to list it with me and Jim—right now Im spending considerable money with that Canadian Record—in fact Im running a big ad every week—if me and Oafie feel in fact im advertising with that paper down there it wont be long before they'll be buying a new press—mabe a new building.

—are you one of the many that has neglected to take out a Poto Insurance policy on your family—I dont see how you can afford to be without it—its only costs ten dollars for your entire family—what what out-break we had last year in August, and you know how its spreading over the state right now—better come in right now and let the boys write you up—I no what Im talking about.

—Folks if your looking for property to buy or sell dont forget us—I think we can fix anybody up with about what they would be wanting—we would like to have some listings especially on residential lots that would sell for around 400 dollars—seems like lots in this price range is a thing of the past here in Pampa—it might pay someone to open up a new add.

—weve got a good wheat and stock farm combined that can be bought with the most—its located about 25 NE of Pampa—its well improved, and they're plowing the wheat land now—can give immediate possession, and the price is right—this farm consists of arroy and also has 160 acres that lays about 4 1/2 miles NW of Pampa that I can sell—there no oil wells on it yet, but it lays just two location from about 20 wells—also have a buyer from Kansas that will buy a one half section wheat farm on the plains—said he would pay cash—have another buyer that wants two sections of grass—this buyer said he would buy the pasture only the owner wanted to hold back his mineral rights—125 head of good red and roan yearlings to be contracted for for delivery—will weigh around 60 lbs when delivered—these cattle would make good wheat pasture stock.

—Two brand new 4 room modern houses—take 3500 for one and 4500 for the other—a good 50 ft lot on N. Cuyler with a 3 room house on the back that I can now sell for around 1800—a brand new house on N. Wells—will take around 6500 for this one—its a five room and bath.

—If your going someplace today or tomorrow folks take your time—the percentage says that so many will be killed and as many will be crippled—and you might be in that percentage—thats Hy-Ways are sure fast now, especially when your making 80 miles an hour—besides Im going to need a lot of votes when election times rolls around again—and dead persons cant vote up here yet.

When you read this, go to Church—You'll feel better the rest of the day.

Land Grant Made to Girlstown

LUBBOCK — (AP) — Gifts of 1,235 acres of land near here and \$20,000 to start on a new home for Girlstown, U. S. A., was announced here.

The gifts were made by T. B. Duggan, a retired oilman and rancher of Lubbock.

"He did it because of his interest in the welfare and understanding of the need of a project for girls who need a home," said Miss Amelia Anthony, founder of Girlstown.

"So much has been done for neglected boys; girls have been cast aside," she continues. "Now we can have a real Girlstown."

Last March Miss Anthony opened Girlstown in Buffalo Gap, near Abilene, in a reconvered Army barracks.

"Mr. Duggan became interested in the newspaper story on our project and has made several trips to Buffalo Gap to see us," Miss Anthony said.

The new home for Girlstown is Ranchland eight miles south of Whiteface, a small community 40 miles west of Lubbock. The land has a number of oil wells on it, but Duggan retained all mineral rights.

"We will see the contractor Monday to start on the first building project," Miss Anthony said.

"And we hope to move to our new home within 90 days."

The first building at Girlstown will be a 28-bedroom dormitory.

"We want to add will keep the original purpose of Girlstown — to provide a home for girls who need one," Miss Anthony said.

Since Girlstown was opened at Buffalo Gap Miss Anthony has received 500 applications from 47 states. However, only 12 girls have entered the home. A water shortage in the West Texas town has prevented any more.

"If you could see the changes in one month in those 12 girls—how those young girls responded to love and the security of a home, you would be proud as I am," Miss Anthony said.

Canadian Masons Install Officers

CANADIAN — (Special) — Canadian Masonic Lodge held installation of officers at a called meeting Tuesday evening in the Masonic Hall.

Erbin Crowell was installed Worshipful Master to succeed R. M. Whaley; Henry L. Owens, senior warden; Carl Peoples, junior warden; Lawrence Teague, senior deacon; M. A. Morgan, junior deacon; R. M. Whaley, tiler; John Wilkinson and Wilbur Killebrew, stewards; Paul Bryant, secretary and H. M. Wood, treasurer.

Housewife Has Bang-Up Success

CEDAR RAPIDS — (AP) — Mrs. Lowell Long of Cedar Rapids made some biscuits and they were a bang-up success.

She lighted the oven, put the biscuits inside and closed the door.

A few minutes later five shots in rapid succession came from the oven. She opened the oven door and removed the pieces of what had been a .22 caliber pistol.

She carried the pistol into the yard, and a neighbor asked her if she planned to shoot anybody with it.

"Bang!" she said facetiously. "Bang!" came from the house. "Bang! Bang! Bang!"

Mrs. Long then recalled that she had hidden two .22 caliber pistols — one in the oven and one in the broiler — when her family went on a two-week vacation.

The biscuits, she said, turned out swell.

Retail Trade Lags Behind Week Ago

NEW YORK — (AP) — Retail trade continued to lag behind a year ago but this week rose slightly above the previous week, Dun & Bradstreet reported.

Total retail volume was estimated at 2 to 5 percent under a year ago. Regional percentage changes include Southwest down 3 to 6.

Work to Begin Soon On Alba Refinery

ALBA, Tex. — (AP) — Work is to begin soon on a refinery that can handle 1,000 barrels of oil a day. It will be run by the Alba Oil and Refining Company.

James B. Dudley, editor and publisher of the Alba Reporter, said yesterday the refinery is to be financed by Houston and other South Texas oilmen. It's expected to boost development of the Alba oil field. Sixteen wells have been drilled in this area.

Dallas Oil Man Dies

DALLAS — (AP) — Harold Richard Delaney, 55, Dallas oil man, died Friday.

He was a partner in the M. J. Delaney Oil Drilling and Contracting Co. here, and also in the D. K. M. Co. He was the son of the late Michael J. Delaney, founder of the M. J. Delaney Drilling Co.

Delaney was a director in the American Association of Oil Well Drilling Contractors. He came here 28 years ago from Tulsa, Okla.

1,000-to-One Odds

LONDON — (AP) — Lloyd's of London is offering Britshers 1000-to-1 odds against catching infantile paralysis, smallpox or typhoid.

The world-famous insurance firm started issuing the new policy Friday.

LONDON SEES FIRST YACHTING IN CENTURY — White sails dot the Thames River, London, as the Ranelagh Sailing Club holds races celebrating its diamond jubilee, the first yachting in London in more than a century.

U. S. WOMEN ON LONDON-COURT — The Duke of Edinburgh chats with Louise Brough and Margaret DuPont (right), U. S. tennis players, before exhibition at London party.

Injured Couple Has Relatives In Kellerville

KELLERVILLE — (Special) — R. B. Kinard and Mrs. Newt Barker who live southwest of here have received word of the serious injury of their sister, Mrs. Carl Carpenter and her husband of Sundown, when their automobile and a California car were in collision near Springerville, Ariz. June 18.

Two occupants of the California car were killed and another seriously injured.

Mrs. Carpenter had her left leg broken in two places and Mr. Carpenter his left arm broken. Both received broken ribs and numerous cuts and bruises. They were both hospitalized at Springerville. Mr. Carpenter has been released, but Mrs. Carpenter will remain there six weeks. They were on a vacation trip when the accident occurred.

The Carpenters lived at McLean for several years before moving to Sundown. Mr. Carpenter is a son of Mrs. E. L. Minix and a brother of Mrs. George Clebank and Mrs. Sidney Kunkel of McLean, and both have many friends in and around McLean. Mrs. Carpenter's parents formerly lived where the Humble plant is.

Texas Crop Prospects Said Good

DALLAS — (AP) — The Federal Reserve Bank of Dallas said Friday Texas crop prospects are good, in spite of wild weather in May and the first three weeks of June.

It went on in its monthly review:

"Reflecting the high per acre yields, an average crop of oats has been harvested from a smaller than usual acreage. Rapid progress is being made on harvesting a near-record wheat crop, and a good crop of grain sorghums has matured in South Texas. Corn and hay crops generally have developed satisfactorily and promise fair to good yields. The cotton crop in most sections is growing rapidly, with unusually heavy yields indicated in the lower Rio Grande Valley and in some other areas of South Texas."

The review said the decrease in department store buying from April to May was smaller than usual.

Dollar sales of reporting stores were only one percent smaller than in April and 5 percent lower than in May, 1948, it said.

Inventories of reporting stores at the end of May were 7 percent smaller than a month earlier and 9 percent lower than a year ago. Outstanding orders showed a further decline of 4 percent in May and at the end of the month were 31 percent smaller than on that date last year.

Furniture store sales showed a sharp gain of 22 percent in May over April and were 5 percent larger than those in May, 1948.

Construction contracts awarded in May were in about the same volume as in April, but were only 62 percent of the postwar record volume reached in May last year.

Daily average production of crude petroleum showed only a moderate decline in May.

Total receipts of reporting member banks in leading cities of the district increased approximately \$33,400,000 between May 11 and June 15, but total loans and investments decreased \$10,600,000.

Atomic Energy Said Water Cure

Atomic energy may end many of the world's water problems, Louisiana water and sewerage plant operators were told here.

Morrison E. Cunningham, regional director of the American Water Works Association, said the time was coming when "we can stop worrying about our dwindling water supply—we will re-use water."

He said atomic energy would make possible distillation of sea water, as sterilization of surface water.

The 55 operators, who have been attending a short course at Louisiana State University, received their certificates Friday.

Hotel Costs Said Too Expensive

DALLAS — (AP) — Hardly any hotels are being built, say leading Texas hotelmen, because: It costs too much to build them. It costs too much to run them. Too few people visit them.

After agreeing on these points Thursday, some 25 members of the Board of Directors and Executive Committee of the Texas Hotel Association called a convention for next May 28-30 in Dallas to discuss their problems some more.

Since the war only two large hotels—the Shamrock at Houston and the Terrace Plaza at Houston—have been built in the United States, the hotel men said.

A. T. Shayne of Galveston, secretary-treasurer of the National Hotel Co., said "the sheer cost of construction from the standpoint of setting up a schedule that will amortize the investment makes hotel building prohibitive."

Pope Receives Twelve Texans

VATICAN CITY — (AP) — Pope Pius XII received 12 Texans in a special audience Friday.

Among those received was Mildred Kathryn Walton of Houston, daughter of R. B. Walton of the American General Investment Company.

Others were Mar Nell Lee, Dallas; Cecile Hagen, Houston; Ann Jackson (2625 Harrison St., Beaumont); Betty Hughes, Dallas; Mary Evelyn Blagg, Denton; Sarah Martha Weldeman, Fort Worth.

Mrs. George Peyton (308 E. Rusk St) Mexia; Mr. and Mrs. H. B. Mobley Dallas; Mrs. W. A. Strain, Dallas, and Mrs. S. J. Churchill Dallas.

The group was received in the Pope's reception rooms in the Vatican. The Pope extended his blessings and greeted the group in audience lasting some 20 minutes.

Women Accepted In Navy Reserve

NEW ORLEANS — The Navy began July 1 taking women into its peacetime reserve enlisted forces direct from civilian life.

Eighth Naval District headquarters here said that women of the ages of 18 and 40 who have no children below 18 years of age will be eligible.

The skirted contingent of Naval reservists are being enlisted at Navy recruiting stations, Naval reserve training centers, Naval air stations and by reserve officers who operate as volunteer recruiters in most cities, it was announced.

Mourner Killed by Graveside Salute

VALPARAISO, Chile — (AP) — A former Chilean Navy captain was buried this week with military honors.

The guard of sailors fired a rifle volley in salute.

One of the bullets struck and killed Ernesto Rodriguez, former Navy employe.

Wheeler

WHEELER — (Special) — Jesse Dyer, superintendent of schools at Allison Wednesday attended a district meeting of school men at Amarillo.

Homer L. Moss, Wheeler County attorney, is attending the annual Texas Bar Association meeting at Ft. Worth this week.

Mr. and Mrs. Luther Dildy, Hamilton, are visiting in the home of their son-in-law and daughter, Mr. and Mrs. George Porter.

Ralph Jones, Stanton, former assistant county agent of Wheeler County, visited here this week.

Mrs. Maude Chaffin, Leveland, is visiting in the Shelley Pettit home.

Mr. and Mrs. Jimmie Swink are visiting in the home of Mrs. Swink's parents, Mr. and Mrs. George Porter.

Mr. and Mrs. K. L. Woods, Baytown, are visiting in the Archie Hibler home.

Mr. and Mrs. Tom Hale, Pampa, spent Sunday at Wheeler.

Miss Nadine Drezos, Santa Rosa, is a guest of Mr. and Mrs. Nelson Porter.

The local Boy Scout troop will meet at 8 p. m. Tuesday in the basement of the American Legion Building to plan an overnight hike. Wendell Meek has been appointed Scoutmaster and B. M. Litton, assistant.
