Sandhill Crane Hunt Begins October 28-29

The Muleshoe Jaycees have scheduled their Tenth Annual Sandhill Crane Hunt to be held October 28, 29; November 4, 5; and November 11 and 12, 1972.

The Jaycees have arranged again for land adjacent to the Muleshoe National Wildlife Refuge. This refuge is the oldest in the State of Texas, and during the winter months, there are as many as 100,000 sandhill crane wintering away from their arctic breeding grounds. The Muleshoe population represents the largest concentration of this species in the United States.

The Jaycees will provide transportation to and from the hunting area. Shells and licenses will be available and the guides will leave the Dinner Bell Restaurant, 2100 West American Blvd., which is hunt headquarters, one and half hours before sunrise each day of the hunt.

The cost for the hunt is \$5.00 a day; \$7.50 per weekend; and \$15.00 for all three weekends.

The hunter who kills the largest bird during the hunt will receive a twelve-gauge Browning automatic shotgun.

James Brown is the chairman of the hunt and he may

be contacted at Route 3, Box 90, Muleshoe, phone 806-965-2375, for more information about this annual hunt

J.K. Adams To Be Honored For Service

Twenty-three retirees of the Texas Agricultural Extension Service, with 697 years of collective service, will be honored at a banquet at 6:30 p.m., November 2, at the Ramada Inn at College Station.

The Extension Service and the Alpha Zeta Chapter of Epsilon Sigma Phi, the national honorary Extension fraternity, annually honor those who have retired from Extension work during the last year.

Dr. John E. Hutchison, Extension Service director, will serve as master of ceremonies at the banquet. The Honorable Robert N. Barnes, Nueces County judge and president of the Texas Association of County Judges and Commissioners, will present a special recognition plaque to each retiree.

Among County Extension Agents to be honored will be J. K. Adams, of Muleshoe, who retired last April as the Bailey County Extension Agent.

Miss Myrtle Garrett, Extension

Economy is evidently looking up over the area as bank deposits in area banks show definite increases over last year. The First National Bank in Muleshoe showed \$9,898,098.74 in deposits on October 10, 1972 and in September 30, 1971 their deposits were \$8,389,375.83 for an increase of \$1,508,998.91. M. D. Gunstream, president of the bank, reported that new business in Muleshoe could possibly contribute part of the increase. Another reason he stated was that the area was in better shape, economically, this year and on the whole, things were looking good.

Total assets for the First National Bank on October 10 were listed as \$11,010,359.80, up \$1,490,612.36 from last year's figure of \$9,519,747.44.

Loans at the bank also increased by \$319,729.98. Last year's figures showed \$4,154,346.84 in loans compared with \$4,474,076.82 this year.

Muleshoe State Bank also experienced a considerable increase in deposits this year. Deposits at that bank were up \$1,557,979.02. Total deposits on September 30 of 1971 were

\$7,969,191.95 as compared with a total as of October 10, 1972 of \$9,527,170.97.

Total assets at Muleshoe State Bank were \$10,817,385.59 this year compared to last year's figures of \$9,654,086.73 for an increase of \$1,663,298.86.

Loans at Muleshoe State Bank were up \$850,380.91 over last year's figures of \$5,151,592.45. Total loans this year were \$6,001,973.36.

In checking with other banks in the Muleshoe area, they also showed marked increases in de-

Farm Bureau Will Honor George Mahon

County Farm Bureaus in the 19th Congressional District will honor veteran legislator, George Mahon, on October 24, 1972 with a dinner at the Fair Park Coliseum in Lubbock. A bronze bust of Mahon will be unveiled at the dinner and presented to the Congressman and his family. It is to be on permanent exhibit at the Texas Tech University Museum.

Although Farm Bureau is hosting the affair, all friends of Congressman Mahon are urged to participate, reports Ernest Ramm, president of the Bailey County Farm Bureau. Tickets, costing \$5.00 each, can be purchased at the county Farm Bureau office and at Harvey Bass Appliance.

Mahon was first elected to the House of Representatives in 1934 and is outranked in length of service by only three of the 435 members of the House and no member of the Senate.

Congressman Mahon has served with distinction as Chairman of the House Committee on Appropriations, the largest and one of the most important committees in Congress since 1964; is Chairman of the Joint Senate-House Committee on Reduction of Federal Expenditures; and has served on the President's Commission on Budget Concepts.

The Congressman is on the Board of Regents of the Smithsonian Institution of Washington, D.C., has received honorary degrees from five colleges and universities, and was presented the Congressional Distinguished Service Award of the American Political Science Association and the George Washing-

Local Schools Will Have Open House

Neal B. Dillman, Superintendent of the Muleshoe Schools, announces that American Education Week will be observed in all the schools during the week of October 22-28.

"Monday night October 23 from 7:00-9:00 p.m. parents and patrons are invited to attend Open Houses in both the Muleshoe High School and Junior High School," announces Fred Mardis and Wayland Ethridge, principals of the two schools respectively.

Bill Taylor, principal of Mary DeShazo Elementary and Milton Oyler, principal of Richard Hills Primary urge the local citizenry to visit the two respective schools on Tuesday evening, October 24, from 7:00 to 9:00 p.m.

No special program is being planned, but parents are encouraged to visit with teachers, principals and other staff members to find out more about the educational program in the Muleshoe Schools.

The theme of American Education Week is "Make Education Top Priority" and as President Nixon says in his Proclamation this theme "carries with it a commitment to provide equal educational opportunity for every individual in this Nation."

The proclamation states: "Daniel Webster said: 'On the diffusion of education among the people rest the preservation and perpetuation of our free institutions.'"

Webster was right. Not only will the quality of our young people's future be determined

by the quality of the education they receive, but a nation of free institutions depends for its greatness on the knowledge and understanding of its people. Therefore, nothing matters more to the future of America than the strength, the vitality and the success of its educational system.

Throughout the Nation, citizens are engaged in a massive effort to maintain and improve the quality of our education, and to ensure that it keeps ahead of the growing challenges it faces in an ever more complex society. Our continued success as a Nation will depend in large measure on the readiness and capacity of our schools to meet their new tasks in new ways, while holding fast to the fundamental virtues of our democracy and the integrity of the learning process.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate the period of October 22 through October 28, 1972, as American Education Week.

Education is the doorway to

opportunity, and the theme of American Education Week, "Make Education Top Priority," carries with it a commitment to provide equal educational opportunity for every individual in this Nation. I urge all citizens to help our schools honor this commitment."

Dumas Slips Past Muleshoe Mules 6-0

A rainy, cold night and a muddy field hampered the Muleshoe Mules Friday night as they dropped their conference opener to Dumas by a close score, 6-0.

The continual rain throughout the ball game caused only one fumble for each team.

The only score of the game was run into the Mule's end zone by Duane Sisson of Dumas. The score came in the

second quarter and from 39 yards out.

The game was a hard fought defensive battle with Dumas holding Muleshoe to only 121 yards gained while they advanced 229 yards.

Muleshoe picked up eight first downs whereas the Demons picked up 14. In the passing game, Dumas completed two of 13 attempts for 28 yards and Muleshoe completed one of eight tries for 12 yards.

This is the second loss of the season for the Muleshoe Mules and only the second win for the Demons. This game was the first conference game for both teams.

In other District 1-AAA games, Canyon beat Levelland 13-0; and Perryton defeated Tucumcari, 27-0.

Next week the Mules will have an open date. On November 3, the Mules will travel to Levelland for a match with the Lobos and their second conference game of the season.

Temperatures Drop To 32° On Friday

The Muleshoe area recorded its first freezing temperature Friday, October 20, when the thermometer dropped to 32 degrees.

There was no ice reported with the freeze here as there was farther north. Friona had ice Thursday evening and more severe ice storms were recorded north of Friona in the panhandle.

Cloud cover both Thursday and Friday kept the temperatures from falling any lower than 32 degrees.

Muleshoe has received quite a bit of rain the last three days, with just over a half inch being recorded by the official weather station here.

Farmers are hoping for the cold, wet weather to move on this week leaving behind some more warm, sunny days in which they can harvest their crops.

LAURA GILBREATH

Services For L. Gilbreath Held Thursday

Long-time Bailey County resident, Laura Jane Gilbreath, 92, died Wednesday morning, October 18, at 10:30 a.m. in the West Plains Memorial Hospital.

Mrs. Gilbreath had been a resident of Muleshoe since 1922, moving from Ranger, Texas. Her home was at 721 West Avenue B.

She was born March 10, 1880 in Corinth, Mississippi. Her husband, J.T. Gilbreath, preceded her in death in 1947. For many years they operated a grocery store and Gilbreath and Son Grain and Seed in Muleshoe and had farming interests.

Mrs. Gilbreath was a member of the Muleshoe Church of Christ, Woodmen of the World and the Half Century Club.

Funeral services were held at 3 p.m. Thursday in the Muleshoe Church of Christ with Royce Clay, minister of the church, and Rev. J.B. Fowler, minister of the First United Methodist Church, officiating. Burial was in Muleshoe Cemetery under the direction of Singleton-Ellis Funeral Home.

Survivors include two sons, Rufus Gilbreath of Muleshoe, and Hubert Gilbreath of Brady; one daughter, Mrs. V.L. Miller of Fort Worth; two sisters, Mrs. Bertha Dalton of Littlefield, and Mrs. Hugh Ruff of Albany, Texas; six grandchildren and 14 great-grandchildren.

Persons who will not be in town November 7 can vote in town November 7 can vote in town November 3, Monday through Friday, 8 to 5 p.m.

Ten persons have already voted absentee since voting opened on Wednesday, October 18. Bailey County Tax Assessor and Collector Jean Lovelady reports that 3,497 voters are registered to vote in the November 7 presidential election.

SHOTGUN TO BE AWARDED . . . James Brown, chairman of the Tenth Annual Jaycee Sandhill Crane Hunt, is shown displaying the new twelve gauge Browning automatic shotgun that will be given to the hunter who kills the largest sandhill crane this year. The hunt begins on October 28 and 29 and runs for three consecutive weekends. Hunt headquarters will be the Dinner Bell Cafe.

State Constitutional Amendments

NO. 7
(Amending Article VIII, Section 1-b, of the Texas Constitution, to provide that the various political subdivisions of the state may exempt not less than \$3,000 of the value of residence homesteads of all persons 65 years of age or older from ad valorem taxes under certain conditions.)

The proposed Amendment No. 6 would add a new subsection to Article VIII, Section 1-b, to allow political subdivisions of the state to exempt not less than \$3,000 of the value of residence homesteads of all persons 65 years of age or older from all ad valorem taxes levied by the political subdivision.

(For full text of the resolution proposing Amendment No. 6, see appendix.)
BACKGROUND:
During the decade of the depression, interest began to develop in the possibility of abolishing the state ad valorem tax as a means of reducing the burden of property tax on Texas citizens. In 1932 the first step in this direction was taken with the adoption of an amendment which added Section 1-a to Article VIII to exempt \$3,000 of the assessed taxable value of all residence homesteads from all taxation for all state purposes. Then in 1948, the present Sections 1-a, 1-b and 1-c were adopted, and effective on January 1, 1951, the state abandoned property tax for its revenue purposes, with a few minor exceptions, although the ad valorem tax remained a major part of the tax structure of the political subdivisions of the state. The amendment in 1948 also provided that the exemption of \$3,000 valuation of the homestead apply to both state and county taxes.

The proposed Amendment No. 6 would extend further the homestead exemption by allowing a county, city, town, school district, or other political subdivision of the state to exempt not less than \$3,000 of the value of residence homesteads of persons at least 65 years of age from all ad valorem taxes levied by the political subdivision. This provision is no mandatory, but stipulates alternative methods of determining the exemption. The governing body of the political subdivision may allow the exemption by its own action, or the voters may determine by majority vote to allow the exemption at an election to be held on receipt of a petition signed by 20 percent of the voters who voted at the subdivision's last preceding election.

(For full text of the resolution proposing Amendment No. 6, see appendix.)
ARGUMENTS:
For:
1. Ad valorem tax is the basic form of taxation which counties, cities, towns, school districts, and other political subdivisions depend upon for revenue, and the largest taxes on real estate are levied for local purposes by local governments. Therefore, the present homestead exemption does not grant any of the relief needed from the most burdensome ad valorem tax existing in Texas today.

2. Texas has a long history of protecting the homestead. The senior citizen who lives on a fixed income is hurt by inflation and needs the protection and relief which the proposed amendment would allow.

3. The proposed amendment protects the local government and its creditors by granting the option of allowing or not allowing the exemption and by authorizing taxing officers of the political subdivision to continue collecting the tax against the homestead if it has been pledged for the payment of a debt and is needed to prevent the impairment of that obligation.
Against:
1. The reduction of tax revenues of city, school, and other taxing districts could handicap the political subdivision in performing essential functions and services.

2. A basic concept in Texas law demands that property taxes shall be equal and uniform, with all property taxed in proportion to its value. Special tax treatment for one age group would be inequitable and discriminatory and result in shifting a greater tax burden to all the age groups which are not granted such exemptions.

3. Social security, retirement, and welfare programs of today so assist those over 65 that the need for further protection of the homestead is consequently diminished.
AMENDMENT NO. 11--H.J.R. NO. 95
(Amending Article IV, Section 17, of the Texas Constitution and adding a new Section 24a to Article III to provide a salary of \$22,500 for the lieutenant governor and the speaker of the house of representatives.)

The proposed amendment deletes from the present Section 17 of Article IV the language which provides that the lieutenant governor shall, "while he acts as President of the Senate, receive for his services the same compensation and mileage which shall be allowed to the members of the Senate, and no more." The new Section 24a, which is added to Article III, provides that the "Lieutenant Governor, while he acts as President of the Senate, and the Speaker of the House of Representatives shall each receive from the public treasury an annual salary of \$22,500." (For full text of the resolution proposing Amendment No. 11, see appendix.)

BACKGROUND:
The office of lieutenant governor is a statewide elective office. The lieutenant governor is the presiding officer of the Texas senate and the first officer in line of succession to the governor. The position is a full-time one and the lieutenant governor maintains an office in the capitol with a staff on a full-time basis.

The speaker of the Texas house of representatives is elected by the members of the body over which he presides at the beginning of each regular legislative session. Until fairly recently years the speaker's major activity was during sessions of the legislature. But today the office has evolved into a full-time position, with the speaker serving both as the presiding officer of the house of representatives during sessions and as the leader of this body during the interims between sessions. This official also maintains an office with a full-time staff in the capitol both during legislative sessions and in legislative interims.

Historically the lieutenant governor and the speaker have received the same compensation as the members of the houses over which they preside and the only increases in salary received have been those same increases provided for members of the legislature. The proposed amendment would recognize these officers as full-time state officials by increasing the salaries of each from \$4,800 per year to \$22,500 per year.

ARGUMENTS:
FOR:
1. The leadership and administrative ability demanded of the presiding officers of the two houses of the legislature places those holding these positions on a level with other full-time state officials. Therefore, they should receive salaries commensurate with their duties and responsibilities.

2. During legislative interims regular members of the legislature have time to return to their homes and to carry on their private businesses and professions. This is not true of the presiding officers of each house of the legislature, and these officials should receive adequate salaries in compensation for losses they must sustain in order to give their full time and effort to the business of the Texas Legislature and state government.

AGAINST:
1. The proposed amendment would authorize identical salaries for both the lieutenant governor and the speaker, although the lieutenant governor serves as a state official elected in a statewide race while the speaker is elected by his fellow members and his strictly a legislative office. Compensation for these officials should not be equal unless a change is made to make both equally responsible to the Texas electorate.

2. The proposed amendment would establish the salary for the presiding officers of the two

houses of the Texas Legislature a \$22,500, a sum which is \$18,000 more than the salary of other members of the legislature. The salary increase which the amendment would grant is disproportionate to the duties performed by these officials in comparison with the \$4,800 salary received by their fellow legislators.

AMENDMENT NO. 12--S.J.R. NO. 29
(Amending Article XVI, Sections 33 and 40, of the Texas Constitution to allow state employees and certain other persons to serve on the governing bodies of school districts, cities, towns, or other governmental districts without forfeiting their state salary, and other wise to revise general the restrictions on dual office-holding and dual compensation.)

The proposed amendment makes several changes in Article XVI, Sections 33 and 40, of the Texas Constitution:

(1) A provision is added allowing state employees or others compensated by state funds, who are not state officers, to serve as members of the governing bodies of school districts, cities, towns, or other governmental districts, while still drawing a state salary, but receiving no salary as a member of the governing body on which they serve.

(2) Reserve and retired members of the air force and coast guard and officers of state soil and water conservation districts are exempted from the prohibition on dual office-holding. Members of the army, navy, marines, and probably the air force, were already exempted by existing provisions.

(3) The existing provision per-

mitting nonelective state officers to hold other nonelective offices is changed by deleting the requirement that the legislature must first permit this dual office-holding and may limit or restrict it.

(4) A provision is added permitting a member of the legislature to be a notary public.

(5) The section on dual compensation is amended by prohibiting the holding of more than one "civil office of emolument" rather than using the present language, "office or position of honor, trust, or profit," which presently covers any paid state job as well as any office.

(6) The wording of the prohibition on dual compensation is changed from "The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury" to "The accounting officers in this State shall neither draw nor warrant or check on funds of the State of Texas, whether in the treasury or otherwise."

(For full text of the resolution proposing Amendment No. 12, see appendix.)

BACKGROUND:
It is an old common law principle that no person may hold two or more public offices if these offices are incompatible. In addition to this common law prohibition the state constitution has, since its adoption in 1876, severely restricted or prohibited dual office holding and dual compensation. In 1926 and 1932 the constitution was amended to exempt national guard, reserve, and retired military personnel. In 1967 the constitution was again amended to authorize the legislature to permit nonelective state officers or employees to hold other state

or federal offices or positions. The proposed amendment would further broaden the exemptions from the prohibition against dual office holding and dual compensation.

ARGUMENTS:
For:

1. In some cities and towns state employees constitute a large percentage of the population. This proposed amendment would allow these persons to serve on city councils and school boards in such communities without sacrificing their state salaries.

2. In particular, the proposed amendment would insure that soil and water conservation districts continue to have qualified management by permitting experts in the field who are already on a state payroll to fill positions as officials of these districts.

3. The proposed amendment would allow communities to utilize the abilities of highly-trained state employees at no additional cost in state salaries should they be permitted to serve in the local offices exempted from the prohibition against dual office-holding.

Against:

1. There are a sufficient number of qualified citizens in any community to fill offices in governing boards of cities and local districts without amending the constitution so that state employees would be allowed to fill these posts.

2. Service in two capacities as authorized by the proposed a-

High Plains Duck Season Oct.-Nov. 26

AUSTIN--Ducks and coots are fair game in the High Plains Management Unit Oct. 15 - Nov. 26.

The Texas Parks and Wildlife Department reminds waterfowl hunters that this unit's season is split into two parts: the Oct. 15 - Nov. 26 season and Dec. 9, 1972 - Jan. 24, 1973.

The High Plains Management Unit is defined as that part of Texas west of a line which runs from the International Bridge at Del Rio, northward on U. S. Highway 277 through San Angelo to Abilene, along State Highway 351 from Abilene to Albany, U.S. Highway 283 from Albany to Vernon and then easterly along U. S. 183 to the state line in Wilbarger County.

In the remainder of the state, duck and goose season opens on

Nov. 4, running through Nov. 26 and reopening Dec. 9 to Jan. 24.

Hunting hours are one-half hour before sunrise to sunset. Bag and possession limits on coots are 15 to 30.

The daily bag limit on ducks is from two to 10 in the aggregate; the specific daily limit depends on the sex and species according to the 100-plus point system.

90-point ducks: Mallard hens, wood ducks, hooded mergansers and New Mexican ducks.

20-point ducks: Black ducks, mallard drakes, mottled ducks, pintail hens and ring-necked ducks.

10-point ducks: All other open species.

The season is closed on canvasbacks, redheads, black-bellied and fulvous tree ducks.

Bula FHA Installs Officers

The Bula FHA Chapter met Monday evening, Oct. 16, for the installation of officers for the coming year. The members also honored their mothers with a foreign dish supper.

Lea Gerik and Beverly Albus from the Pep Chapter were guests and Miss Gerik conducted the installation service, which was a candle light ceremony. As each new officer lighted her candle, she quoted what the purpose of her office was and what it meant to the chapter. Following the installation, Leisa Risinger, new president, spoke in behalf of the chapter and presented Miss Gerik with a gift of appreciation. To serve with Miss Risinger this year will be Gwn Pollard, first vice-president; Kathy Suttler, second vice president; Oralia Davila, third vice president; Jimmy Risinger, secretary; Charlene Pollard, treasurer; Steve Cox, parliamentarian and Kelly Sinclair, historian, Mrs. Alice Kester is the chapter advisor.

Band News

The Fine Arts Boosters are just completing a flea market which was held for the benefit of the Fine Arts department.

The proceeds given to the Muleshoe "Mighty M" Band will be used to help purchase a van type truck to be used to transport band instruments, hats and other equipment to out of town events.

The band members have scraped paint from the truck so that it can be repainted in the Muleshoe colors of black and white.

The band has also just completed their annual fund-raising project of selling magazine subscriptions. The Band reports that the project proved to be very successful with the cooperation of the people of Muleshoe. The members of the Muleshoe "Mighty M" Band hope to show their appreciation for everyone's help by having a musical organization that everyone can be proud of.

Library News

By Anne Camp

"When the Frost is on the pumpkin, and the corn is in the shock, come to the library and browse in our new fall stock!" For instance, try "Limbo", a new novel by Joan Silber and Linda Gottlieb. It is the moving story of the wives of the prisoners of war, in the current conflict. In addition to their loneliness these women are confronted daily by pressures unknown to others. "Limbo" is a poignant, sensitively told story of how war affects lives far from the battlefield. No reader will be indifferent to the plight of these women after reading this book.

You say you don't like fiction? Then how about "The Great Southwest", the story of a land and its people. With exceptional depth, scope, and beauty, this book captures the exciting panorama of the Southwest. Two distinguished authors, Elna Bakker and Richard Lillard, authorities in their respective fields, present this fascinating natural and human history in a carefully researched and entertainingly written text, enriched by a profusion of colorful illustrations, drawings and maps.

And for the increasing number of Gothic mystery buffs, try this new Gothic romance for a change of "Feather in the Fire" by Catherine Cookson, author of "The Glass Virgin" and "The Dwelling Place", both very popular recent books.

The library has just received the new "Representative American Speeches 1971-1972," an H. W. Wilson publication containing speeches on such contemporary issues as Gun Control, Minorities, Women's Lib, and even one made by Shirley Chisholm on "Economic Injustice in America Today."

We have an unusual Memorial Gift that we hope may be helpful to someone who has been a victim of a Stroke—it is a kit — "Aphasia-Rehabilitation and Therapy kit for Stroke Victims." It was given in Memory of Rosemary Barbour and L. L. Clark, her father, and was given by H. L. (Babe) Barbour. It's purpose-to help convalescents regain speech, and brain, speech coordination. An extraordinary gift, and the library is happy to receive it.

The Library is processing about 60 long-playing records this week in a variety, which should contain something for everyone. All the way from "Deep Purple" by the Machine Heads, to Grimm's Fairy Tales; from the Carpenters to Sonny and Cher. You name it, if it's new we hope we have it, whether it's a book, magazine or record.

Library Hours are: weekdays—11 a.m. to 6 p.m.; Saturdays—9 a.m. to 2 p.m.

Long dresses for day or evening seem to be very much in the picture for the coming season. The practical girl will choose a simple garment that can be dressed up for occasions or worn without colorful accessories for casual wear.

Mr., Mrs. Pool To Celebrate Golden Wedding Anniversary

Mr. and Mrs. W. M. Pool have nine grandchildren and five great grandchildren.

Mr. and Mrs. W. M. Pool will be celebrating their Golden Wedding Anniversary on Sunday, October 29, 1972 with an open house hosted by their children.

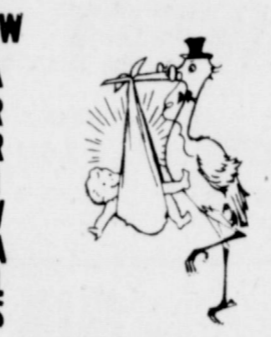

Mrs. Pool is the former Bertha Ellen Anderson. The couple were married October 30, 1922 by Reverend Johnson, pastor of the First Baptist Church of Matador. They lived in Afton before moving to Bailey County in 1925, where they farmed in the Needmore Community for 18 years. In 1942 they moved to Muleshoe and Pool established an insurance agency. He retired in 1969. They are active members of the First Baptist Church.

Mr. and Mrs. Pool are the parents of four children, Mrs. Randy Johnson and W. M. Pool II of Muleshoe, Mrs. Norma Long and Carrol A. Pool of Clovis, New Mexico. They also

Preparations are being made for carnival attractions during the day for all ages. A General Auction will be held at 6:30 p.m. A Dance starting at 9 p.m. will feature music by a Western Band.

Make your plans now to attend the Festival at Pep, Texas on Thanksgiving Day, November 23, 1972, to enjoy the food, fellowship, and fun.

A group of ladies from the First United Methodist Church hosted a birthday party for the three ladies who were having birthdays in October. There was music on the violin, piano and French harp. They served delicious punch and angel food cake. The ladies who were honored are Mrs. Sloan, Mrs. Edith Clark and Mrs. Mary Winslow. The honorees wore pink carnation corsages. The birthday ladies say thanks to each of you who so graciously remembered them.

Mr. Williams of Friona came into the home to live one day last week. He was pleased to find a friend of many years living here, Mr. Blair. They have been visiting a lot.

Mrs. Hawkins isn't feeling so well today. Her daughter, Mrs. Coppedge, has been in to see her at noon.

Ed Almon Whitford came Monday and visited his mother, Mrs. Whitford.

Mrs. Ava Nelle Lenderson visited her mother, Mrs. Moore, Wednesday.

The Pink Ladies of the Auxiliary have been getting ready for a Junk Sale back in the store room. They are raising money to finish paying for our lovely new TV which they bought and put in our Day Room. We are enjoying it so much.

Gary took Mr. Hall to Lubbock Thursday afternoon for an eye check-up. He had cataract surgery a few months back and the doctor found his eyes doing fine.

We are glad to report that Mrs. Marie Chappell is well again and able to be back at work. We missed her. She is Mrs. Epperly's daughter.

Mrs. Hawkins daughter, Mrs. Coppedge, came in Monday bringing her a rocking chair which she will enjoy sitting in, we know.

Mrs. Vivian White came Monday after work to visit her mother, Mrs. Harris.

Connie Barnes and Paula Tarter and their children came Saturday to visit Mrs. Guinn. She enjoyed their being here very much. They live at Lubbock.

Mrs. Steven's daughters, Mrs. Opal Robinson and Mrs. Jewel Griffiths, come each day to see their mother.

Mrs. Stevens hasn't been feeling well lately, but we are glad to report she is better.

Mrs. Pat Carter from Livingston, N.M., came up and spent the weekend with her mother, Mrs. Blackburn.

This cold rainy weather reminds most of us that winter is just "around the corner", and the leaves will be turning their fall colors of gold and red. Truly each season has its wonderful beauty for us to admire and enjoy. I recently saw a field of golden yellow pumpkins which brought back memories of delicious pumpkin pie and of Jack-O-Lanterns. There are so many things in nature to see and enjoy that we are thankful that we have eyes to see.

Jehovah's Witnesses To Attend Seminar

Local and area residents associated with the Muleshoe Congregation of Jehovah's Witnesses are making plans to attend a two day Bible seminar November 18 and 19 in Clovis, N. M., at the Marshall Jr. High School auditorium. According to Warren J. Meeks, presiding minister of the local group, some 1200 people are expected to attend from a 22 congregation circuit bordered by Tucumcari on the North, Lubbock on the East, Carlsbad on the South and Roswell on the West.

Meeks said "Jehovah's Witnesses now number in excess of 1,500,000 world wide and are active in 207 lands around the globe and these semi-annual circuit assemblies are a regular habit in the lives of each faithful Witness." Meeks continued "In addition to meeting twice a year on the circuit level, we gather once a year on a much larger scale for four to eight day national and international conventions."

The program in Clovis is designed to stress the assembly theme, "Let Us Serve Jehovah Whole-souled", and will feature talks, group discussions and demonstrations aimed at showing how this can be done within the congregation, in the field ministry and in every aspect of a Christian's life. A regular portion of each assembly is the ordination of new ministers.

The highlight of the program will come Sunday at 2 p.m., with the delivery of the highly advertised Bible lecture, "Is This Life All There Is?"

The key to happiness in life lies in unselfishness.

Mrs. Harold Layton drove to Lubbock Friday afternoon and her daughter, Freda, came home with her to spend the weekend.

Daughters of Mr. and Mrs. E. N. McCall and their families spent the weekend visiting their parents.

Mrs. Linsey Bates was among the ones in the Morton Hospital last week. Mrs. Dub Elliott, and Mrs. John Van were also patients in the hospital. Mrs. Van got to go home Saturday.

Mrs. J. E. Layton honored her husband, J.E., with a dinner Sunday, Oct. 8, on his birthday. There were 17 guests, including Mr. and Mrs. J. W. Layton, Mr. and Mrs. Earnest Ellison of Lubbock, Mr. and Mrs. Clyde Ellison of Crosbyton, Carl Hall and the Harold

"Next, even if you can shop anytime during any day of the week, wait until 5 p.m. to do your week's shopping -- business people returning from work will just have to wait until you're through.

"And by all means, let the kids race freely all over the store," she added.
"Fourth, if you happen to meet friends and decide to chat, don't move to one side. Stand right in the middle of the aisle.

"Don't bother to move over from in front of a shelf or showcase to let someone else look. After all, you got there first.
"Be sure to leave your cart in the middle of the aisle and run off to get something you need. Let someone else move it out of the way," the Texas A&M University specialist quipped.

"Once the cart is full, don't go to the end of the check-out waiting line--if you're aggressive enough you can push ahead of someone else.
"Eighth and even better, take your overflowing cart to the fast checkout line. Others do it, so why should you be bashful? Just barge right in.

"At the cash register, don't put your cart out of the way of others and don't have your billfold ready. Take it slow and easy and make others wait," Mrs. Clyatt continued.
"Consistently practicing these points is absolutely guaranteed to make a person the most completely objectionable shopper in the store," the specialist concluded.

 posits over the 12 month period.
 At the Citizens State Bank in Earth, the president, Micky McCarty, reported deposits up #980,026.15 over last year's figures. McCarty stated that the cash flow from cattle and sheep in the area accounted for some of the increase at his bank.
 Charles Allen, Vice-President of the Friona State Bank reported that deposits were up \$2,288,000.00 this year. Last year the bank had total deposits of \$12,226,000.00 as compared with \$14,514,000.00 this year. He stated that times were better, the price of cattle was good and the feedlots were full. He also reported that some corn had been cut and sold

at this time to contribute to the increase at the Friona bank.

In Morton at the First State Bank, deposits increased \$244,765.42 over the past year. The bank's president reported that some early grain had been cut in time to go on this bank call, contributing partially to the increase.

The cattle industry was given as the reason for the increase of deposits at the First State Bank in Bovina. The vice-president of the bank reported that the deposits were up about \$700,000.00 this call. The corn crop was also mentioned as a factor.

On a whole, the economy of this area is looking good at this time with some good crops in the making.

4-H Clinic To Be Held In Lubbock

4-H members, adult leaders and County Extension agents from the 20 counties in Extension District 2 will assemble at the South Plains Fairgrounds in Lubbock Saturday, October 28, for an all-day livestock showman's clinic.

County Extension Agent Spencer Tanksley reports that the clinic should be of interest to anyone in the area concerned with the feeding, fitting and showing of livestock animals.

The purpose of the clinic is to provide adult and junior 4-H leaders the opportunity to learn new skills for working with youth toward the expansion of the 4-H livestock program.

The clinic will feature demonstrations on beef cattle, by Floyd Terrell from Hale County; sheep by Buddy and Jay Winter of Idalou and Leland Bartlett of Lamesa and swine, by Dub Chris and A.W. Marshall, Jr., of Lubbock.

The role of the project leader in 4-H will be presented by Ed Garnett, Area 4-H and Youth Specialist for Extension Districts 1 and 2 and coordinator for the clinic.

Dr. Gilbert Hossis, Area Extension Swine Specialist, will work with leaders on health and nutrition of swine projects.

The program is scheduled to begin at 9 a.m. and conclude at 5:30 p.m.

Further information may be obtained by contacting the Bailey County Extension Office, 272-3913.

Chamber Corner

By Glen King

Why invest in the Muleshoe Chamber of Commerce and Agriculture? Here are 10 reasons why:

1. Because I realize that every man owes a debt to his community that cannot be paid in taxes--a debt of personal service.

2. Because the Chamber of Commerce unifies the public spirit of any city and directs it into useful and constructive channels.

3. Because it links the people of the entire community together in a common enterprise and makes possible great public and business-forward movements.

4. Because my business judgment tells me that whatever is best for this city and my neighbors is too valuable an asset for me to pass up.

5. Because as a member of the Chamber of Commerce and Agriculture I am afforded an opportunity to actually work for conditions I have long hoped for.

6. Because membership in the Chamber shows my sympathy with an organized effort to better my city and improve the conditions of life within it.

7. Because it is unfair and unjust for me to derive benefits from a community-serving organization and not give it my active support.

8. Because the Chamber of Commerce and Agriculture is business insurance--an institution that is accomplishing great good for my city at a time when concert action means more than ever before.

9. Because I realize that the attention to my own business is not enough. No individual business will prosper greatly unless general conditions are improved. The Chamber of Commerce and Agriculture is part of a nation-wide business movement working to that end. As an individual, I want to pool my efforts with others for the greatest results.

10. Because this is the proper time for business to present a united front. I have never been a quitter in my own affairs, and I am not going to quit now and let others carry the community load.

Are you helping carry the community load? Support the Chamber of Commerce and Agriculture--it works for you.

Cotton program provisions aimed at increasing the 1973 income of High Plains cotton producers were urged on the U. S. Department of Agriculture by Plains Cotton Growers, Inc. in a statement submitted to the Department October 13.

The Lubbock-based cotton producer organization, representing growers in 25 counties, made its recommendations in response to a September 16 Federal Register announcement that USDA will soon decide on the cotton loan level for 1973, Commodity Credit Corporation sales policies, the percentage of set-aside to be required, bagging and bale tie specifications and other variables under the Agriculture Act of 1970.

"We are asking USDA for a higher loan, for CCC sales policies that don't give government cotton an advantage in the marketplace over grower-owned cotton," said PCG President Ray Joe Riley of Hart, "and we are asking that the 20 percent of base allotments

 solutions to be sent to the state program committee for consideration by the convention body in December. There will be a called meeting in the near future for the county organization to vote on these resolutions. Also, at the same time, the delegates will be chosen to attend the convention in Arlington.

required for cotton set-aside not be changed in 1973."
 The Act of 1970 says the loan level shall be set at 90 percent of the previous two-year average world market price for middling-inch, 3.5 to 4.9 micronaire cotton at average location, except that the Secretary of Agriculture may adjust the loan downward if he deems it necessary to keep the price of U.S. cotton competitive in domestic and foreign markets.

PCG's recommendation to the Secretary for 1973 is "That the loan level for 1973-crop upland cotton be set at the highest level permissible under the language of the 1970 Act...."

Calculations within the industry show that 90 percent of the average world market price for the period August 1, 1970 through July 31, 1972 comes to

around 24.5 cents per pound and certainly no lower than 24 cents. The difficulty in arriving at an exact world market average for middling-inch cotton in the U. S., stems from several things. First, middling-inch cotton is not traded widely enough around the world to establish a meaningful average, therefore the average for strict middling-inch-and-a-sixteenth cotton is used and must be adjusted to a price for middling inch. Also, to convert the world price back to a U. S. price, freight costs, insurance costs, handling charges, currency differentials and a number of other items must be taken into consideration.

Of the loan for 1973 PCG's statement went on to say "There is wide agreement within the industry, including merchants and mill owners, that a market price of 25 cents per pound will not seriously affect cotton's competitive position with substitute fibers."

It was also pointed out that a higher loan is needed to protect producers against the disastrously low prices that appear to be the fate of 1972-crop cotton, and that without

greater price protection producers could be expected to plant minimum acreage to cotton in 1973.

This brings up "the very real prospects for a continuous cycling from short supplies and high prices to long supplies and low prices and back again," which PCG pinpointed as the "greatest single existing threat to the U. S. cotton industry." Current CCC resale policy sets a minimum sales price for middling-inch cotton, then sells other qualities at market-determined premiums or discounts above or below that price, which according to PCG's statement results in unnecessary and undesirable cycling of cotton through the loan.

Under this policy "Some qualities can and do sell from CCC stocks at or below the loan value and below CCC's acquisition cost," PCG said, and "When this happens growers in possession of current-crop cotton of those qualities are forced by CCC competition to use the loan instead of the marketplace."

So PCG's recommendation to the Department is "That the minimum price at which CCC re-sells any quality of cotton

by 115 percent of the loan price for that quality, plus interest and carrying charges."

Riley said the implementation of these two program changes for 1973 would raise the effective "floor" under 1973 cotton prices by some five cents per pound, and added "Not only are we in desperate need of greater price protection, but the changes we recommend are fully justified under the law and by current conditions within the industry."

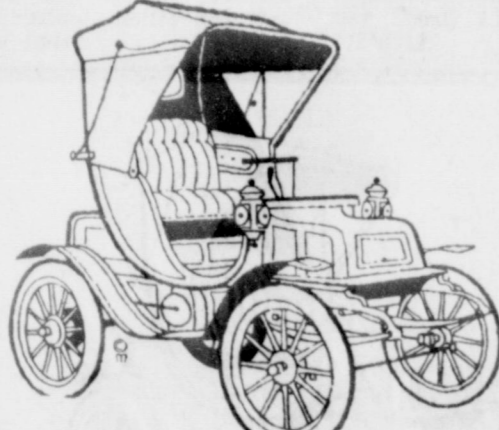

Hard work never kills anyone, they say, but occasionally it wears us down.

Money may not explain everything but it makes clear the motives of many people.

If work-dodging paid dividends we would have a few hundred millionaires in town.

There's nothing like an increased income to make a man, or woman, feel like the world is better.

MHS Open House Set For Monday Night

The Purpose of D.E.

by Rhonda Manasco

Distributive Education was originally conceived as a program for individuals who were already employed in distributive occupations. D. E. in the seventies is vastly different from the program as it was first set up. Today, distributive educators prepare people for entry, adjustment, and advancement in a wide range of distributive occupations. The students who enroll in the program usually know little about the occupational field and in many cases are not employable because they lack the skills and attitudes needed to get a job.

Distributive Education is a plan of instruction in which the school and the employer cooperate in a program to prepare students for distributive occupations and careers. To a student who is willing to give an all out effort, the teacher will be able to train him to be responsible and his employer will give him the chance to prove himself as a worthy employee in the field of distribution.

D.E. began its program when a provision of the George-Deen Act (1936) was passed. By 1937, 19 states had appointed state supervisors for the D.E. program. The first national D. E. Conference was held in Dunwoody Institute, Minneapolis, Minnesota, August, 1939.

The outbreak of World War I brought a great need for the distributive program to bring help to the civilian front. Several programs were set up, the most important being wartime emergency training for new store workers.

In 1961, President Kennedy appointed a panel of consultants to review and evaluate federal vocational education legislation. They proposed the idea that training beyond high school should be a major concern of vocational education.

In the classroom each student has a project or assignment to find out how the business where he is employed gets its merchandise and what the physical distribution process is for the

goods he sells. Work experience gives these student an opportunity to see how the principles taught in the classroom are applied in an actual job situation.

The need for educated people in distribution will determine the future of the American economy. D. E. classes are increasing every day. The ones who are profiting are not actually the students themselves. However, they do gain knowledge and experience of the distributive field; but the world's employee knowledge will continue to grow better and our nation's economy will have a chance to thrive. All is needed is the people who wish to train, the people who will train them, and most of all, someone to give the students a chance and we can turn out better employees. The Distributive Education classes of America could be the answer to one of the world's employability problems; which is inexpensive.

The Mules met the powerful Dumas Demons this week in the opening of District 1AAA. Dumas has one of the most powerful and talented teams in the district. The Mules entered the Dumas contest with a healthy squad although they were beaten by a very physical Morton team on Friday, October 13.

In a losing effort against Morton, the Mules bright spot fell on Junior Quarterback Don Long who scored two touchdowns and threw one TD aerial to Joe Elizarraraz. Long also made two key tackles on Muleshoe kick-offs when it appeared the Indians were going to break for a TD.

Coaches

The Sophomores class meeting was called to order by Mike Bland, President on October 16, 1972.

Mike Bland asked for volunteers to help with their booth, "The Sophomore Silver Spur," at the Halloween Carnival.

Mike Bland encouraged everyone to take part in the Halloween Carnival by bringing popcorn balls, candy apples, sandwiches, and other refreshments.

Some of the jobs the students could sign for were entertainment, cleanup, waitresses, bartenders, and people to take money at the door.

Bankers Speak To HECE Class

by Sherry Wagon

The HECE classes decided that it would be interesting to have bankers and savings and loan speakers to talk to the class and tell the advantages they offer first, Don Harmon from Tri-County Savings and Loan came to the school and told how his business works and the advantages of a savings and loan association.

The following day the classes went to the Muleshoe State Bank where Mr. Bob Finney talked about how important it is to save and some of the advantages.

Mr. Gunstream, President of the First National Bank, spoke about checking accounts and the savings accounts.

These speakers were convincing that saving is definitely a must.

Wednesday morning all of us dragged ourselves out of our cozy little beds to meet at the Corral at 7:15 a.m. for a breakfast meeting.

Thespians Will Present "One-Acts"

Thespians Troupe 714 will open its drama season with "A Night of One Acts" on Tuesday, October 31, at 8:00 p.m. The plays will be presented in the Muleshoe High School Auditorium.

Juniors Discuss Cake Walk

by Kathy Burris

The Juniors met Wednesday during orientation in the cafeteria.

During the meeting the project for the Halloween Carnival was discussed.

Every year the Junior's sponsor the Cake Walk; therefore every Junior will be expected to bring a cake or \$4.00.

Cakes must be taken to the bus barn between 1:00 and 4:00 p.m. on Saturday, October 28.

Committees were also appointed to work that night.

The Juniors would like to encourage everyone to come out and win a cake.

The Thanksgiving Supper which will be held on November 17 was discussed. A committee was appointed to help plan this supper.

Junior mothers met Thursday, October 19, at 5:00 p.m. to complete plans for the supper. Mrs. Robert Hooten has been selected as General Chairman for the supper.

Seniors Have Pictures Made

by Lizan Gunter

The Seniors of '73 had studio pictures made Wednesday, October 11 in the auditorium. This year is the first year the Seniors have had this opportunity. Mr. Bill Anderson and Mr. Bob Korter for White's Studio in Colorado Springs spent the day explaining and photographing the class. These men are professionals, photographing only Senior Classes in High Schools. This company's services are available to ten different states with its local office in Lubbock. This enables them to have discount prices, cutting them as much as 40%.

They offer several different specials, to accommodate each individual. A selection can also be made in any assortment desired.

1972 Halloween Carnival Set

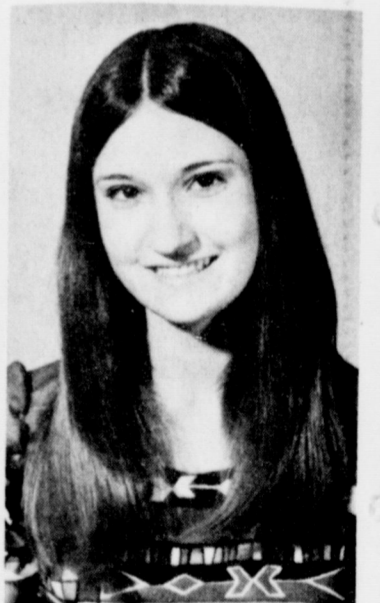

by Rhonda Manasco

The Halloween Carnival will be held on Saturday, October 28, at 7:30 p.m. There will be plenty of excitement going on as almost every organization and student will participate. There should be booths of all sorts. The Juniors will sponsor a cake walk; the Sophomores will entertain in their saloon... and more surprises and barrels of fun await you.

After you've had your laughs the most thrilling moment awaits you, the crowning of the Halloween Queen. The contestants are Rhonda Stevenson, Linda Mason, Sharon Kelton, and Debbie Coleman. Don't miss all the excitement. Everyone's going to be there!

Bula News

By Mrs. John Blackman

EO1 Allan Williams gave his parents, Mr. and Mrs. C. A. Williams, a surprise Friday morning when he came walking into their house.

Williams is with the Seabees and has been stationed at McMurdo Station in Antarctica, "The World's Last Frontier", for a year. He is on a 50 day leave and is to report for work in Puerto Rico on Jan. 11. His wife, Shirley, and children, Melissa and Bradley, have been living in Morton but plan to go to Puerto Rico with him.

Barbara Black and girl friend, Cindi Horn, freshman

students at Hardin Simmons spent the weekend with her parents, the H. M. Blacks.

John Hubbard was in Plainview Tuesday for the monthly meeting of Farmer Union insurance agents. This was held at the Colonial Inn.

Forrest Simmons returned home Saturday morning from a two weeks visit with his brother, A. B. Simmons, and o-

ther relatives at Elgin and Thorndale.

Dusty Gwyn Hubbard of Idalou, daughter of Mr. and Mrs. Bobby Hubbard, spent the weekend with her uncle and aunt, Mr. and Mrs. John Hubbard. She was a lay-witness for the Lay Witness Mission held at the Baptist Church Friday thru Saturday.

Forty-three visitors arrived Friday afternoon for the Lay

Witness Mission Friday thru Sunday at the Bula Baptist Church. These friends stayed in various homes. A much enjoyable association as well as a spiritual up-lift was given the local church congregation. Rev. Ronnie Green, pastor of the church, said it was a "Fantastic Gathering," much fruit came from it and expected even more.

L. E. Pollard was honored on his 75th birthday with a

dineer and get-together with his family at the home of Mr. and Mrs. Harry Pollard. They have two sons, Harry and Enoch and Lloyd of the Bula-Enochs area. Others attending were Mr. and Mrs. Lamar Pollard and son, Wade, of Levelland and Mr. and Mrs. Larry Pollard and children, Tanya and Lynn, of Lamesa, Mrs. L. E. Pollard, Mr. and Mrs. Lloyd Pollard and Mr. and Mrs. Harry Pollard and children.

Mrs. Cecil Jones and Mrs. George Autry attended an Arts and Crafts school held at the Community Building in Morton Sunday afternoon thru Tuesday. Celine Yelverton of Amarillo was the teacher.

Diane Crume and Margaret Richardson, students at WTSU, spent the weekend with home folks, the Ed Crumes and Aschel Richardsons.

Mrs. Pearl Walden recent-

ly accompanied her son, Mr. and Mrs. Lowell Walden of Earth, to Carlsbad to visit a daughter of Mrs. Walden's, Mrs. Marie Aaron.

Mr. and Mrs. W. R. Adams visited Sunday in Lubbock with her sister-in-law, Mrs. Genita Harris.

Several from the community attended the funeral Monday at the Trinity Baptist Church, Muleshoe, for Mrs. Joe Speck and the burial services in the Enochs Cemetery. Mrs. Speck with her late husband, Joe, lived in our community for many years before she moved to Muleshoe after his death.

Mr. and Mrs. A. B. McBee attended the funeral for her sister-in-law, Mrs. Lee Smallwood, at 10 Monday morning at the First Baptist Church in Levelland.

Mrs. Pat Carter of Lovington spent Friday night with Mrs. F. L. Simmons and spent Saturday and Sunday with her mother, Mrs. Nettie Blackman, a resident of the West Plains Nursing Home, Muleshoe.

Mr. and Mrs. Jerry Smith of Lubbock spent Friday night with her parents, Mr. and Mrs. J. C. Withrow.

Mr. and Mrs. Richard Thompson of Muleshoe attended services Sunday morning at the Church of Christ and along with Mr. and Mrs. Mark Short were dinner guests of Mr. and Mrs. Jerry Ray. Short is the minister for the Church of Christ.

Weekend guests in the J. D. Rowland home were Mr. and Mrs. Wilbur Clawson and daughter, Debbie of Lovington.

Guests in the home of Mr. and Mrs. P. R. Pierce this week are her sister and husband, Mr. and Mrs. Linton Brown from Creswell, Oregon.

WMU met Tuesday at 2:30 for their regular study. Mrs. Black gave the lesson taken from their new study book entitled "Europe --- a Mission Field?", with topic for study "Culture, Christianity and Secular Society". Mrs. Richardson read the call to prayer calendar. All present contributed to the lesson discussion.

Attending were Mrs. Rowena Richardson, Miss Vina Tugman, Mrs. E. O. Battle, Mrs. E. W. Black, Mrs. Fred Locker and Mrs. Dewitt Tiller.

The children of Mrs. S. A. Williams honored her with a birthday party on her 90th birthday Tuesday afternoon at the Roberts Nursing Home in Morton, where she is a resident. The group sang songs and helped grandma to open her birthday packages and then served home made ice cream and birthday cake to all the residents of the home.

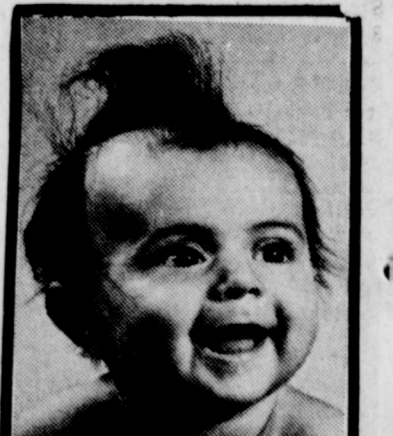

Relatives attending were Mr. and Mrs. Allan Williams and children, Melissa and Bradley, and Donnye Young, Mrs. Darnell Williams, Mr. and Mrs. Sammie Williams, Mr. and Mrs. C. A. Williams, and a friend, Mrs. Carl Burns.

Mr. and Mrs. Joe Price and small son, Timothy, of Olton ate lunch Sunday with her parents, the J. C. Withrows, and attended services Sunday evening at the Church of Christ.

Mr. and Mrs. E. O. Battles spent the weekend in Roswell visiting her uncle and aunt, Mr. and Mrs. M. Philpott.

United States Senate

COMMITTEE ON ARMED SERVICES

**THE EQUAL EDUCATION OP-
PORTUNITIES--**
As the Congress approached
adjournment, there was no sig-
nificant more important measure be-
fore the Senate than the Equal
Educational Opportunities Act.
This measure, already passed
by the House of Representatives,
was significant anti-busing leg-
islation. The bill proposed an
end to busing in the elementary
grades, one through six, and a
limitation of busing in higher
grades only to the next nearest
school.

Seldom in modern times have
our federal courts evoked such
an overwhelming outpouring of
protest as we have witnessed
in the last few years as a re-
sult of the decisions to require
the forced massive cross-town
busing of our nation's school
children.

Ideally, our children should be
attending the public schools
which are closest to their
homes. In this way, they can
progress naturally from their
home environment to their
neighborhood surroundings and
on into the spectrum of the com-
munity.

Nevertheless, our courts have
ignored this educationally and
psychologically sound princi-
ple. In numerous decisions they
have required pairing, zoning,
clustering and massive busing
in search of the illusive goal
of "racial balance" in our na-
tion's school systems. These
requirements are resulting in
a decline in the overall qual-
ity of our educational system.

Certainly I share the desire
of all Texans and all Ameri-
cans to insure a quality educa-
tion for all our children re-
gardless of their race or na-
tional origin. I am, indeed,
appalled by instances in which
children from poor families and
children from minority groups
have been denied their right
to such a quality education. Ne-
vertheless, massive cross-
town busing is not the answer
to their dilemma. This "tool"
of the courts has only contri-
buted to the further deteriora-
tion of our educational system.

I feel, today, that some have
lost sight of our goal of quality
education and are working in-
stead merely to assure that
children from poor families
children of different back-
grounds and heritages share the
same classrooms. It is, indeed,
wasteful of our tax dollars to
buy buses to transport large
numbers of children across town
when our schools so despera-
tely need those dollars to em-
ploy more and better teachers,
to provide the best possible text-
books, and to provide an over-
all environment which contri-
butes to the learning situation
of the child. Massive busing re-
quires the needless expenditure
of millions of dollars which are
then unavailable for other, more
important, programs which con-
tribute to the quality of our
children's education.

Massive busing deprives a
child of the full opportunities
to participate in extracurricular
activities which nourish the de-
velopment of social and psycho-
logical attitudes...

Some years ago, some school
systems assigned pupils to
schools based upon their race.
That was segregation and that
was a contravention of American
principles. Now it is the courts
which are directing that children
attend schools based upon their
race, and this too is a con-
travention of American princi-
ples. Ideally, our nation's
schools should be color-blind in
the matter of student assign-
ments.

The American goal is to pro-
vide the opportunity for ach-
ievement to all, regardless of
race, allowing each individual
to attain stature and to con-
tribute to our society in accord-
ance with his abilities. Educa-
tion is a vital ingredient in af-
fording Americans the opportunity
to achieve this dream.

In the Senate, I have pre-
viously sponsored a Constitu-
tional amendment which, if
passed, would re-direct the Su-
preme Court decisions on the

issue of forced massive cross-
town busing of school children.
The Constitutional amend-
ment, Senate Joint Resolution
112, would specifically state that
children should not be assigned
to public schools on the basis
of race. The amendment would
be wholly within our American
principles and would go a long
way toward re-establishing the
policy that public schools are
primarily the concern of the
local school boards and the pa-
rents of the community. My
resolution would instruct the
Supreme Court to consider more
carefully the disruptive effects
of its rulings on our educa-
tional system and prohibit the
busing of children as a method
of balancing ethnic groups in pub-
lic schools.

The Equal Educational Oppor-
tunities Act was such a bill.
It was clear that a majority
of Senators favored the bill
on the merits, but pro-busing
Senators moved to talk the bill
to death. This action necessi-
tated a two-thirds majority for
passage.

I voted to end debate so that
the Senate could act on the me-
rits of the bill. I shall con-
tinue my efforts to end court-
ordered forced massive busing.

Difficult
Our politicians are per-
fectly familiar with all the
questions of the day. The
difficulty is that they don't
know the answers.

AMERICAN GRAIN AND CATTLE INC.

A NEW CHARTER COOPERATIVE IN GRAIN and CATTLE

IT'S TIME FOR A CHANGE IN AGRICULTURAL MARKETING... in fact it's past time. The present agricultural marketing system has only worked at the local and national level to the advantage of the huge international grain corporations; not for the farmer.

AMERICAN GRAIN AND CATTLE, INC., a new Marketing Association, through its integrated Grain Producer-Cattle Feeding program will feed part of your grain through feedlots for more grain profit. For instance, a two cents (2¢) per pound profit per finished animal should bring you fifty cents (50¢) per cwt. for your milo.

IN ADDITION YOU WILL SHARE IN THE PROFITS of fat cattle, feedlots, and grain handling locations. This is a well rounded program with plenty of capital to producers of grain and cattle... A FARM PROGRAM FOR FARMERS.

DON'T BE LEFT OUT...Join now with you neighbors who have already made membership agreements. Bring you present crop to American Grain. One price for in and out handling and storage - eight cents (8¢) per cwt. Check your storage and handling cost anywhere else. Are their prices competitive? Any grain stored at this rate may be transferred to the new grain and cattle feeding program.

CALL OR COME BY AMERICAN for further details and help make this the greatest program in America for farmers.

Lazbuddie News

By Mrs. C.A. Watson

The Lazbuddie Longhorns had an open date Friday-but they didn't mind. It was Friday the 13th.

The Powder Puff game Tuesday night of last week was very exciting. The score was 28-26 in favor of the freshmen and seniors. The freshman coaches were Jerry Barber and Jerry Wall. Coaching the junior-sophomores were Bart Barnett and David Buentello. Quarterback on the winning team was Debbie Engelking. The losing team's quarterback was Malanie Davison. A good crowd was out to see this annual football game. All the players on both teams were Supers.

Birthday Greetings go to: Robert Pruitt, Cassandra Cargile, Frank Hinkson, Kent Vaughn, Darla Jan Spittler, Opal Graves.

Congratulations to Mr. and Mrs. Leon Smith on their wedding anniversary, Oct. 20.

Mr. and Mrs. Ronald Ivy, Chase, Chris and Sheryl attended the Disney On Parade in Lubbock Sunday.

Mr. and Mrs. Jimmie Dale Seaton visited Sunday with Mr. and Mrs. Bob Blackburn and family at Shallowater. The Blackburns are former Lazbuddie residents.

Congratulations to Mr. and Mrs. Jerry Engelking on the birth of a daughter, Britt LaShell born in the Clovis Memorial Hospital Wednesday, Oct. 4. She weighed 5 lbs 11 ounces. Grandparents are Mr. and Mrs. E. E. Engleking of Route 3, Muleshoe and Mr. and Mrs. J. W. Isham of Plains.

Mr. and Mrs. Mike Stockard had the misfortune of losing their house by fire recently. People in the Lazbuddie community are giving the Stockards a shower Thursday, October 19, in the fellowship hall of the First Baptist Church. The time will be from 3 to 5 p.m. If you are unable to attend the shower but wish to help the couple you may leave gifts at the Lazbuddie store or see the pastor of the church.

Members and friends of the Methodist Church, Lazbuddie, entertained several guests from The Kings Manor Home, Hereford, with a dinner at the church Sunday.

Mr. and Mrs. Finis Jennings have recently returned from Truth or Consequences, N. M., where they were on vacation for 18 days.

Mr. and Mrs. Eugene Houston and children visited in Lubbock Sunday with his aunt, Myrtle McMillion.

Raymond Houston visited the funeral of his brother, Floyd Houston, 78, on October 9 in Port Arthur. Floyd Houston died after a short illness.

Afton and Opal Richards, Ralls were weekend guests in the P. E. Cargile home.

Mrs. Demp Foster Sr. was in the West Texas Hospital, Lubbock, Monday. Several tests were being made as the usual check-up.

Ryan Steinbock has been dismissed the past weekend from the Methodist Hospital, Lubbock. We are glad to report his condition improved.

NINE YEARS AGO

Monday, Oct. 14, at 7:30 p.m., the Lazbuddie FHA Chapter held their monthly meeting in the school auditorium. Mariana Gammon presided, Twila Gallman read the minutes of the last meeting and called the roll. The members answered with the name of a flower. Pat Chitwood gave the financial report. The Chapter agreed to sell dust clothes for the next money raising project. Chapter members then elected grandparents to be honored through the year and at Christmas time. Grandparents chosen were Mr. and Mrs. O. M. Jennings, Mr. Gammon and Mrs. McCurdy. The Christmas card committee elected are: Sherry Robinson, Ana Caston, and Carol Ann Miller. The members also decided to choose a freshman girl each year to be honored who will be working toward her Junior degrees and Chapter degree. Mrs. Ralph Douglas was guest speaker and spoke on Child Welfare. Toni Smith, Carolyn Morris and Marsha Adudell served refreshments of cookies and punch.

Cassandra Cargile was honored in the home of her parents with a party on her 9th birthday. Her grandmothers, Mrs. Dan Cargile and Mrs. Charlie Watson, and Mrs. Don McDonald and children were among those present for the occasion. After Cassandra blew out the nine candles, the group couldn't find out what the wish was she made. After gifts were opened, Mrs. Cargile served refreshments.

Mr. and Mrs. Mike Stockard had the misfortune of losing their house by fire recently. People in the Lazbuddie community are giving the Stockards a shower Thursday, October 19, in the fellowship hall of the First Baptist Church. The time will be from 3 to 5 p.m. If you are unable to attend the shower but wish to help the couple you may leave gifts at the Lazbuddie store or see the pastor of the church.

Open House Scheduled At Cannon

CANNON AFB, N.M.--Open House at Cannon AFB, N.M., celebrating the 25th Anniversary of the U. S. A. Air Force, will kick off at 10 a.m. Thursday Oct. 26 with the opening of Cannon's gates to the general public and the opening of several booths and displays on Cannon's flight line.

The high point of this year's celebration will be a performance by the U. S. Air Force Aerial Demonstration Team, the Thunderbirds, at 3 p.m. The five plane unit will demonstrate the ultimate in close formation flying, through a series of intricate maneuvers designed to show the abilities of Air Force pilots, and the capabilities of the F-4E aircraft in which they perform.

The elite demonstration squadron came into being in 1953 at Lake AFB, Ariz., and have since moved to Nellis AFB, Nev. Their name, Thunderbird, is a legend.

Hundreds of years ago when thunder cracked in the skies over North America, red men would raise their heads and search for the Thunderbird. Stories were told of this god. Whether on a still summer night or during the violence of storms, arms would spread to speak of the width of its wings; they would raise to speak of its great height. Stories were told and retold, from long houses in the Northeast, to the teepees of Middle America and pueblos of the Southwest.

For each time lightning twisted into the ground it was a certainty that the Thunder-

bird was flashing his eyes or shooting flaming arrows from his great talons. The booming thunder was the flapping of its wings.

The Thunderbird was power. He could decide war, grant long life and represented an overwhelming force of good overcoming evil, his belts of light, overcoming darkness.

The Thunderbird was depicted in many ways. To some he was an eagle or hawk. He was a charcoal picture on the walls of caves or a scorched portrait on animal hides. One Southwest tribe portrayed the Thunderbird in red, white and blue.

A jet fighter cracks the sky much like the legendary Thunderbird so thought the team when it was formed, and what is more American than an Indian legend. Thus, the U. S. Air Force Thunderbirds received their name. The roar and the fire from their jets, much like the legend, standing for peace and good-will.
