The High Plains has a new oil field. The Sinclair-Lipps has produced 517 barrels of oil in a 24-hour test, of which 51/2 percent was acid and wash water.

The Sinclair-Lipps well in Roberts County has been the subject of high conjecture and rumor since it was begun, and since the Carruth well failed to produce in volume and quality.

The Mississippi lime formation was perforated from a depth of 8.900 and 8.970 feet with 420 shots, and was acidized with 1,000 gallons of mud acid and 4,000 gallons of regular

The first of last month it was reported that oil in commercial quantities had been found in the Lipps test well. Located in the middle of the Anadarko Basin that lies in Texas, the well was reported at that time to have shown 4.000 feet of oil and 840 feet of salt water after a 75-minute drill stem test of the Mississippian section around 9,000 feet. It flowed at 5-minute intervals during the test. A week earlier, widely accepted

Housing Plan Said Bar to Socialism

WASHINGTON —(P)— The administration told Congress that its multi-billion dollar public housing and slum clearance pro-gram is not socialism but the best way to head it off.

Lashing back at those who have applied "the obnoxious term of socialism" to the program, Housing Administrator Raymond M. Foley in effect turned the accusation back on them.

The plan, he told the House Banking Committee, would be "a most effective bulwark against the inroads of socialism or com-

A little earlier Rep. Wolcott (R-Mich), who fought such legis-lation in the Republican-controlled 80th Congress, had said the new administration bill "still looks like socialism to me."

Foley asked the House committee to stand by President Truman's recommendation that 1,-050,000 low cost public housing units be built in the next seven

The Senate Banking Committee recently approved a housing measure along the lines requested by the President, but it said the goal for federal low cost public housing units should be trimmed down to 810,000 over a six-year

Federal expenditures under the Senate low-cost housing provision might run about 308 million dollars a year. The Senate probably will begin debate on its bill next
